## Around Town

SIGHTS, FACES SEEN

Football and hunting have still spotlighted the talk on Main Street for the week. Friday the town was so vacant because of the game at Pampa that even the parking meters looked a little foolish.

Bill Hembree and his son, Ronnie, went duck hunting early Thanksgiving morning. Bill says Ronnie didn't really believe he would get up early enough to go, but he did, and someone bagged a good size duck, but Bill refuses to say who shot it.

Early last Sunday morning Ray Downey received a telephone call from a customer wanting him to come check her electric range. She had just finished baking pies and couldn't understand why her oven wouldn't come on to finish baking her chicken and dressing. Just as Ray walked in the door, the housewife, Bessie Patterson, caught her breath and blushed as she explained she had forgot the automatic timer had cut the oven off.

Women have had the rib for a long time about having to put on another coat of lipstick or comb their hair before they could do anything, but it seems the men around Hereford are just about as vain—maybe that's a compliment in a round about way. Worth Covington was overheard discussing his mustard yellow corduroy jacket the other day that he is thinking about tinting green. Two men, Gary and Jerry Stoltz, winners in the football contest, refused this week to have their pictures made until they had a chance to fix up a bit. As we said before, maybe this is a compliment.

Postmaster Jim Lipscomb says those were the best kids he ever saw on the bus in which he rode to Pampa for the game. He and Mrs. Lipscomb and Mr. and Mrs. Orpha Click, the only adults on the bus, were always the last ones on and they say they were never late. Lipscomb says the ride with the youngsters was lots of fun. A time for returning to the bus was always set and the kids beat the adults there every time.

The football season came to an end for Hereford when the last second of the game with Shamrock ticked away Friday at Pampa.

Reporting the games has occupied a great part of the Brand's time since the season began. But no person connected with the coverage of the games has reported a dull moment.

The coverage given the Whitefaces was made possible through the cooperation of photographers Bill Patton and Kenneth Coker aided at times by Elmer says those were the best kids Joe Smith; and through the accurate note-taking of Dick Lucas and the eagle-eye spotter and forecaster of the press crew, Bruce Bybee.

### First Prize Goes To Kent Snare

The Jaycees will string lights today, beginning at 2 p. m. The Christmas decorations may not be completed tonight but most Jaycees are expected to be present at the Bull Barn for the work.

Santa Claus comes Thursday, November 30, on his first trip to Hereford. He and reindeer will arrive here and will lead a parade which will be climaxed with candy and goodies for the children at Central school.

Troy Carmichael advised another farmer this week that leaving grain uncut and unbound in the open would make duck soup for the ducks. He said the ducks could clean out an entire field of grain in two nights.

In the event some Hereford hunters have begun losing hope, they may now take heart again in view of the information provided by Mr. Carmichael. Of course, the one disadvantage might be staying up in the grain fields all night, shooting ducks by the light of the moon.

**FIRST PRIZE WINNER**, Kent Snare, with his registered English setter, Ginger, stopped by the Brand office Friday to inquire about the two Cotton Bowl tickets he won in the football contest in which interest was high, and competition keen throughout the several weeks it lasted. Ginger paid little attention to the contest, but wagged her tail and licked her chops when Snare said, "Come on, Ginger, I just brought you to town to buy yourself something to eat."

**RE-CHECKING HIS ENTRY BLANK**—Cawthorn Bryant takes a last look before turning in his choice for the final football contest. Bryant tied with Jerry Stoltz for second and third; thus receiving one ticket to the Cotton Bowl game. Bryant says he "hopes to" go to the game.

**GOING TO DALLAS FOR NEW YEAR'S**—Jerry Stoltz, who receives one of the Cotton Bowl tickets for the January 1 game, says "I'm going to Dallas for New Year's—that's for sure." He is shown with his son, Jeff, as he stopped by the Brand office to talk over results of the contest.

### First Prize Goes To Kent Snare

Kent Snare is the winner of the two Cotton Bowl tickets given in the merchant-sponsored football contest which closed last week. Tying for second and third places were Cawthorn

Bryant and Jerry Stoltz. Competition was keen throughout the contest with the weekly winners showing ties consistently. Yesterday ended the weekly contests. About 150 persons participated each week in the contest for

### Parents of School Children Are to Eat at Cafeteria, Beginning Monday

Parents of first and second grade students and Junior high students are invited to eat lunch with their children at the school cafeteria any day this week, November 27 through December 1, announced Mrs. Evelyn Frances, dietician for all three cafeterias.

In an effort to let parents inspect the cafeterias, the schools are inviting all the parents within the next few weeks, beginning with those mentioned.

At Central school serving begins at 11:15; at Shirley, 11:20; and at the high school, 11:45. Cost for eating at the school and Shirley, and 25 cents at the high school.

A balanced diet is served every day at all three cafeterias. The high school cafeteria serves both junior high and high school.

Menus for November 27 to December 1 are as follows: Monday: tuna and salmon salad, potatoes with cheese sauce, buttered English peas, hot

### Dry Weather Causes Great Fire Hazards

County Agent Hugh Clearman yesterday warned farmers and motorists to help prevent fires in Deaf Smith County. The hazard is great, he said, due to the very dry condition of the pasturelands and the stalks remaining in the fields.

Clearman said the grass has become so dry that cattle are not eating much of it. Farmers will not be able to pasture their wheat very much longer without rain as the stock will pull it up by the roots.

The same warning would apply to townspeople, as well, due to the dryness of the grass on vacant lots and on the edge of town.

### Post Office Extends Exam Closing Date

Closing date for applications for the clerk-carrier examination at the Hereford Post Office has been extended to December 18, said Post Master Jim Lipscomb yesterday.

Entrance salary will be \$1.31 1/2 per hour. No experience is necessary. Training is received on the job. The postmaster said the job is in line for appointment under a 40 hour week.

### Two Businesses Open On Park Avenue Soon

Two new businesses will be open this week in the new Park Avenue Shopping Center. The Thomas Food Store will be open for business Monday morning and the Community Cleaners will be open Wednesday.

Owners of the food store, J. W. Thomas and L. C. Thomas, will announce a formal opening date later. They are the former owners of City Food numbers 1 and 2. Stock from City Food Number 1 was moved to the new store.

Gwynne Owen is owner of the new Community Cleaners, which also will have a formal opening later. He has had five years' experience in the cleaning business.

### Santa Claus Letters Should Be Mailed Soon

Letters to Santa Claus written by children all over the area will be published by the Brand during the month of December and in plenty of time for Santa to complete his lists.

Every child in the area is invited to write a letter to Santa and address it to Santa Claus, care of the Brand.

Little Miss Katherine Nell Barnard was the first to write a letter to Santa this year, in care of the Brand. Her letter, asking a little for herself and several things for Charlie, her mother and her daddy, will be published with the others in December.

## Freezes, High Winds Put Much Of Grain On Ground

Farmers are estimating that 30 per cent of the maize still used in some parts of Deaf Smith County has blown down because of the severe winds and very dry condition of the stalks caused by the hard freezes.

Hugh Clearman, county agent, said the farmers are near-

ly through with the harvest. The picture in town is still one of higher and higher piles of grain on the ground as the storage situation has not been relieved.

As a whole, Clearman said the yield this year is pretty good. He estimated the approximate 135,000 acres planted in the county will yield an average of

25 bushels per acre with some running 100 bushels and some under 15.

Luther Leslie averaged nearly 92 bushels per acre on a 100 acre field of Westland maize, planted in 28 inch rows and irrigated twice. His yield on dry-land acreage was also good, averaging 33.1 lbs. per acre on a 190 acre field planted on 38 inch rows. Part of this field was Westland and part Martin. Both varieties yielded about the same and matured at about the same time. The Martin variety was raised on the Wilbur Axe place.

Leslie brought one load of corn to town which made 99.41 bushels per acre. The remainder of his field should run about the same, he said.

### Seven Soloists Are Named for Messiah

Announcement of soloists for the December 3 presentation of Handel's Messiah by the Hereford Civic Chorus was made recently by Miss Mattie Mae Swisher, president of the organization.

Two regular rehearsals, one this afternoon at 3 o'clock and the other Monday evening at 7:45, remain. In addition, a dress rehearsal will be held.

Soloists will include soprano, Mrs. Edd Earl Luttrell of Friona and Mrs. C. W. Parker of Hereford; tenor, Glenn Cunningham of Friona; contralto, Miss Elizabeth Cope of Plainview; bass, Bill Swesney of Plainview, Don Nelson of Dimmitt and Charles Whitehead of Hereford.

Don Moore, director of rehearsals, will also direct the presentation.

### Area Reports No Holiday Mishaps

No accident of any importance was reported in this area yesterday afternoon, despite the Thanksgiving Day visiting and the big amount of traffic to the football game in Pampa, according to city police, county officers, the highway patrolmen, and Gilliland Funeral home.

"We're mighty fortunate in this area," said Highway Patrolman Bob Marstrand who said no accidents had been reported to him yesterday. The sheriff's office reported no accidents at all, and the city police said they heard of none of importance. Gillilands had no ambulance calls or accidents during Thanksgiving.

### Services Today For Mrs. Cobb

Funeral services will be held this afternoon at 2 o'clock at the First Methodist Church in Friona for Mrs. Minnie Margaret Cobb, 72, who died at 4 o'clock yesterday morning at her home in Friona. She had been ill several weeks.

In charge of the services will be three Friona ministers, Rev. James Tidwell of the Methodist Church, Rev. Tommy Allen of the Baptist Church, and Stanley Lockhart of the Church of Christ.

Mrs. Cobb was born April 19, 1878, in Fannin County. She married J. W. Cobb on May 15, 1898, at Leonard. They came to Pampa County from Denton in 1929. Mr. Cobb is a retired farmer.

Survivors include the husband, one son, T. G. Cobb of Friona; a daughter, Mrs. Una Gibbins of Denton; 10 grandchildren and four great-grandchildren. Interment was in the Friona Cemetery under the direction of Gilliland Funeral home.

## Santa Claus Is Coming To Town

Santa Claus, emperor of the frozen northland and driver of the reindeer-drawn sled full of toys and good things, is scheduled to arrive in Hereford for a pre-Christmas visit November 30. It was announced by the Hereford Junior Chamber of Commerce, sponsors of Santa's daytime visits here.

George Graham, superintendent of schools said Dawn, Shirley and Central school children will be released from their classes at 10:30 a. m. Thursday and will be transported by bus to Central school where they will hold a meeting with Santa Claus. (Continued on Page 5)

## Irish Areal War Wallops Dirt-Pounding Herd 20-6

The Hereford Whitefaces marched 154 yards on the ground to Shamrock's 137 and made 10 first downs to Shamrock's 12, but lost their last game 20-6 at Pampa Friday when they were unable to wear down the Irish line to stop their passing attacks and when they lost possession of the ball five times on fumbles.

Facing three Shamrock Irish linemen who weighed more than 215 pounds apiece, the Whitefaces were unable to do enough damage to be able to invade the Irish backfield and snip the gains made passing in the play-off for the Bi-District championship.

The outcome of the game might have been different, too, had the Whitefaces not fumbled six times and lost the ball five times. Four of the fumbles came after the Herd had penetrated Irish territory on long sustained drives and brilliant runs by Hereford backfield men.

The Irish were able to stack up two more touchdowns and boost the score to 20 to 6.

In the middle-minutes of the

first period the Herd moved to their opponents' 20-yard line, Quarterback Jack Stanton shot (Continued on Page 2)

**DINNER AT PAMPA**—Hereford citizens who attended the game Friday at Pampa stopped at a restaurant for dinner before the game. Although meals came, they came late for the group above, who waited several minutes with others who came on the same bus. Shown above facing the camera are (left to right) Jiggs Hartman, Darrell Blanton, J. W. Robinson, Mrs. Robinson and Mrs. Hartman.

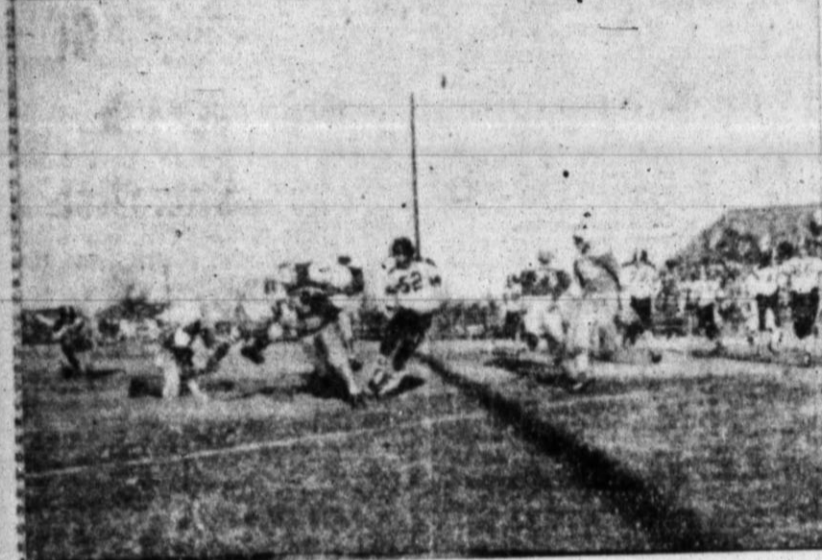

**GOING PLACES**—A group of Hereford citizens were smiling as the bus on which they were riding rolled toward Pampa for the Hereford-Shamrock football clash. Even though "their" team lost, the smiles continued all the way back to Hereford, and more often than not, those smiles broke into outright laughter as wits cracked humorous remarks. Most of the people in the photo above are Jaycees or Jayceettes. (Photo by Bill Patton)

**DOWN** — Harrol Lea, (33) Irish fullback, is very definitely down in the photo above. Buryl Fish, Whiteface tackle, dropped him a yard behind scrimmage. Harold Morton (23) and Kenneth Brock (82) are still covering ground just to make sure. Vernon Tarbet (10), Irish right half-back, catches up with the play. Photo by Bill Patton

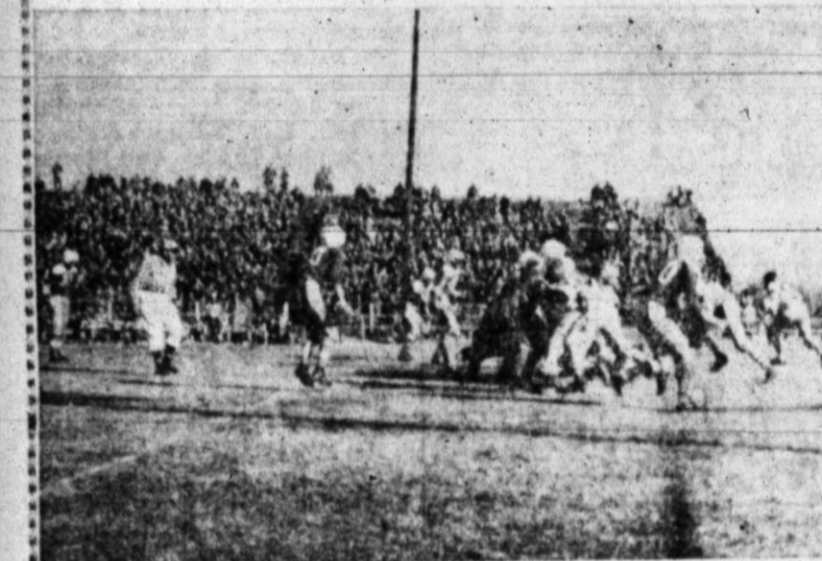

**ON HIS WAY** — Dwaine Walker (24) is on his way after receiving a pass from Jack Stanton (22). Donald Lea (33), Shamrock fullback moves over to make the tackle. The play was good for 12 yards in the first quarter. Photo by Kenneth Coker

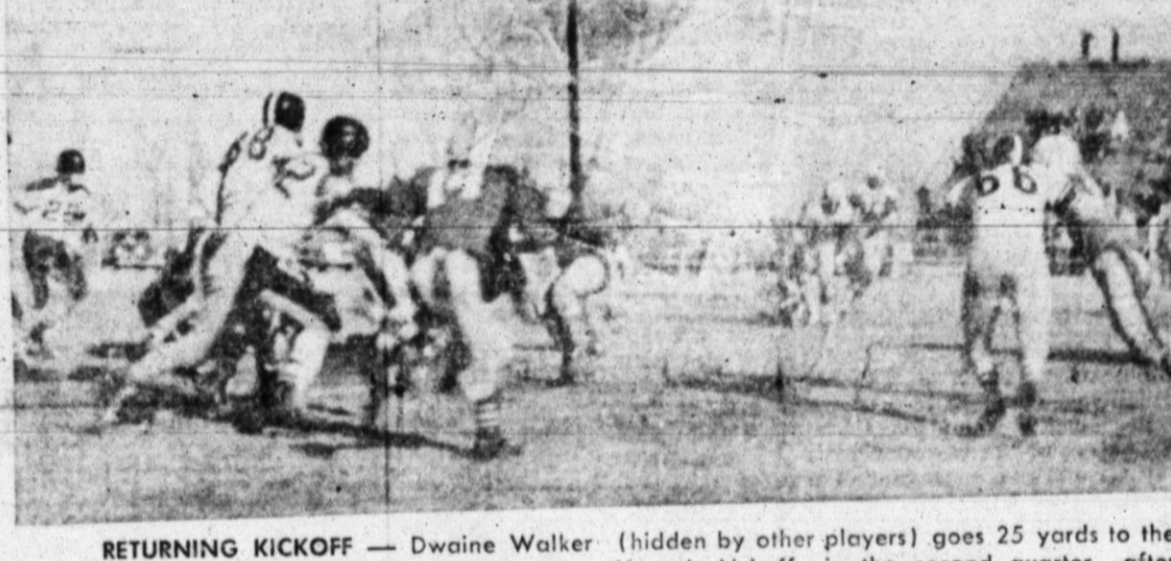

**OOFF** — A Shamrock Irishman picks up Bill Kelly and throws him hard on the ground—but not until Kelly had made a five-yard gain on a pitchout from Stanton. The play set up another in a series of first downs in the second half which terminated on the Hereford 42-yard line when the ball was fumbled and an Irishman recovered. Photo by Bill Patton

**STEPPING HIGH** — The band from Shamrock steps high at half time in the photo above. More than 100 members of the Hereford band and pep squad attended the game. Photo by Bill Patton

**FIRST DOWN** — Dwaine Walker (far right) takes off around right and goes over for a yard gain and a first down. Vernon Tarbet (10) at left jumps up to see what's going on. The Whiteface line smashes into Shamrock's heavy forward wall, stopping it momentarily and giving Walker time to put across the first down. Photo by Bill Patton

**RETURNING KICKOFF** — Dwaine Walker (hidden by other players) goes 25 yards to the Hereford 32-yard line after receiving Dwayne Hagar's kickoff in the second quarter after Shamrock's second touchdown. a pass to Bill Kelly, who steamed over for the only Whiteface score of the game.

The Irish bit into paydirt the second time with a pass from Quarterback Harrol Dunham to Left End Van Pennington in the second play of the second quarter. The kick went wild.

They did it again in the waning minutes of the quarter by ground gaining to the Hereford one-yard marker where Fullback Don Lea broke over. Lea passed to Right End Vaughn Terry for the extra point.

The Whitefaces knuckled down in the last two periods and made it a scoreless half for the Irish. Although they threatened three times in the two periods, the Whitefaces made no new score.

#### Play-By-Play

Hereford defended the west goal and made the initial kickoff of the game. Raymond Dement did the kicking, and Vernon Tarbet took it on his own five-yard line to lope 95 yards and score. The kick for point was good, and it became Shamrock's turn to kick off.

Dwaine Walker ran the kick back from his own five to the Hereford 30. On the first play from scrimmage Walker went six yards on a hand-off play. Kelly picked up three more, and Leonard Walterscheid made the first down, with four yards gained off tackle.

Walker was held momentarily a yard behind the line of scrimmage, and the whistle blew before he could gain ground. Kelly made up the lost yard. Stanton tried a pass to Boyd, but it fell incomplete. Kelly picked up ball 48 yards to the Shamrock 38, where it went out of bounds.

A five-yard penalty against the Herd, and another against the Irishmen nullified one another. Lea took the ball from Dunham, but fumbled when he was smashed by K. Brock, and Walterscheid recovered.

Kelly gained four off tackle, and Stanton was thrown back four when he tried a quarter-

back sneak. Stanton passed to Boyd for a gain of 15 yards and another first down.

Now on their opponents 20-yard line, Stanton handed the ball to Walterscheid, who went a yard. Then Stanton shot the pass to Kelly that was good for 19 yards and the Hereford score. Kelly's kick went to the left and the score stood 7-6 in favor of Shamrock.

Dement kicked off, sending the ball 21 yards downfield to Joe Douglas, who was dropped in his tracks. Tarbet carried three yards before Corbett stopped him cold. The Irish were penalized five yards for backfield in motion on the next play. Signal-caller Dunham tried passing, shot two no-goods to Tarbet. Then Lea got away a 50-yard kick to the Hereford 21, where Walker took it and went down.

Stanton passed to Walker for three yards, then shot an incomplete aerial to Walker. Stanton ran on the next play for six yards. Walker made the yard necessary for the first down.

A 15-yard penalty for clipping on the first play sent the ball back to the Hereford 16. Walterscheid made three. Walker got through scrimmage on the next play, but fumbled, and Tim Corbett recovered, netting a gain of two yards. Stanton pitched out to Kelly, who made four yards. Then Kelly kicked from his 30 to the Irish 25.

Frances picked up the ball, but Brock stopped him before he made an inch. Once more Brock broke through, this time dropping Skaggs at scrimmage. Tarbet made two yards before K. Brock stopped him again. Dunham shot a pass to Tarbet, and completed a 40-ten yards. Walterscheid tackled Tarbet.

A 15-yard penalty for illegal use of the hands was assessed against the Irishmen on the next play. Brock and Janssep knocked Lea down on the last play of the first quarter.

**Second Quarter** Dunham passed to Skaggs, but failed to connect. He had better luck next time, when he hit Van Pennington, who went all the

way. The kick was no good.

Hagar kicked for the Irish. Walker took it on his own seven yard line and made it up to the 32 before he was stopped. Tarbet got through the line on the next play and retarded progress three yards. Kelly and Stanton accounted for three yards, then Kelly kicked out of bounds on the Shamrock 47.

Dement and Alton Brock hit Tarbet with such force on the first play, he fumbled, but an Irishman recovered. Lea made a half-yard before Walterscheid and Corbett brought him to the ground. Lea's pass to Tarbet was intercepted by Walker, who wiggled up to the Hereford 35.

Walterscheid made two yards. Then Walker fumbled, and Frances of the Irish recovered. Dunham made five yards before Walterscheid stopped him. Walterscheid and Corbett dropped Tarbet one yard ahead of scrimmage. A pass from Lea to Skaggs and another from Dunham to Tarbet fell incomplete, and the Whitefaces took possession on number of downs.

Walker made a yard, but was injured on the play. He lay prone on the field for several minutes after being kicked in the head. Kelly made seven yards, but the play was called back and the Herd was penalized 15 yards for clipping. Kelly made one. Stanton took a hand-off, but was thrown down two yards behind scrimmage. Kelly kicked.

The ball was killed on the 15. Kidwell made five before Morton stopped him. Lea made ten before he was brought down by Kelly.

The Irish were on their way again. Dunham made three. Kidwell picked up 15. Tarbet made one. Stanton took a hand-off four more before Slagle tackled him. Alton Brock wouldn't let Tarbet through scrimmage. But Lea broke over the necessary yard and made the score. Perry ran to the right and took a pass from Lea for the extra point.

Hagar sent the ball 60 yards downfield on the kickoff. Stanton took it and made four yards. Then Kelly scooted away and galloped 52 yards around left end. He was finally downed by

Frances.

Morton made two yards. But bad luck began for the Herd on the next play when Stanton fumbled as he faded to pass, and the Irish recovered. Carlton ran on the first play from scrimmage, but a five-yard penalty put the ball on the Irish 38. Lea fumbled, and Kelly recovered, but time ran out, and the half ended.

#### Second Half

Stanton took Hagar's kickoff and ran it back 30 yards. He fumbled on the next play, however, and a Shamrock Irishman recovered it.

Dunham, Tarbet, Lea and Tidwell and a penalty gave the Irish a first down on the Hereford 22. Tarbet, Dunham and Tidwell stayed on the ground and made another first down.

Stanton stopped Lea after two yards, and Slagle brought Dunham down after he made four yards on a handoff. Fish and Kelly stepped in to drop Lea one yard behind scrimmage. Stanton reached out to knock down a pass from Dunham to Lea and give the Whitefaces possession on number of downs.

Taking over on their own five-yard marker, the Herd began a long drive. Kelly went five. Morton two, then Kelly three more. Stanton got away for three yards, then took off on a quarterback sneak for 18 more. Dement was injured on the next play.

Kelly made five yards, then took a pitch-out from Stanton and made five more. Now on the Hereford 42, Stanton failed to connect with a pass to Boyd. Walker took a handoff, was away, but fumbled on the Irish 48, and the drive ended there.

Tidwell made three before Fish stopped him. Jerry Reese came through to throw Lea three yards backwards. Slagle knocked down a Lea-Dunham pass. Then Lea kicked to the Hereford seven-yard line, where Kelly picked it up and made it back to the 15.

Stanton made four. Morton made three and Kelly picked up two more. Deciding to run rather than kick, Stanton made a half-yard, but not enough for a

first down.

Tarbet took over on the Hereford 24, and ran two yards before Slagle got to him. Slagle hit Lea after he had made a six yard gain. Lea fumbled, but recovered on the next play and gained a yard. He made another yard and another first down.

Corbett put a stop to Tidwell's run a yard behind scrimmage. Dunham passed to Terry for eight. Slagle nailed him. A five-yard penalty against the Irish in the next play put the ball on the Hereford 17, where Lea tried a pass to Dunham. Walker dashed in, intercepted it and went all the way back to the Hereford 25.

Stanton's pass to Brock was incomplete. Kelly made three on the ground. Stanton shot an aerial to Walker, who made ten yards.

They seemed on their way again. Kelly made four. Stanton tried a pass to Slagle, but it fell incomplete. A 15-yard penalty against the Irish put the ball on the Irish 40, where Stanton passed to Kelly. Kelly fumbled and the Irish took over on their own 30. Carlton made 13 yards. Dunham made four, repeated for two more and Lea picked up a little more than three yards. Dunham made two yards.

With first down on Hereford's 44, Tarbet made five yards. Lea got away for 15 before Aubrey Self brought him down.

Tarbet made five yards. Lea made ten more. Then Fish lammed the next Irish runner so hard he fumbled, and Brock recovered for the Whitefaces.

Stanton tried a pass to Kelly, but it fell incomplete. Then he tried another. It was complete for 50 yards. But the gain came in the last play of the game.

It was the last play of the season, too, for the Whitefaces, who had lost 20-6.

### Versatile Ground Beef Finds Favor With Housewives For Wintry Days

Indicative of the greater importance of ground beef has assumed now—as always when meat prices are high—the housewife is much more likely to choose ground beef than steak. The versatility is a big point in its favor. Nothing has been able to take the place of the hamburger with all its trimmings and the juicy well flavored meat loaf is high among favorites of the American people.

Mrs. Joe Story gives you a delectable meat loaf which is good served cold in very thin slices. The recipe is offered in this column with a vegetable she likes to serve with it.

Let's Cook Something

**Meat Loaf**

- 1 cup bread crumbs
- 1 1/2 cups milk
- 1 egg
- 1 lb ground beef
- 1/2 lb. fresh pork
- 1 tablespoon grated onion
- 1 tablespoon green pepper
- dash of nutmeg
- 1 1/2 teaspoons salt
- pepper to taste

Soak bread crumbs in 1/2 cup milk, add beaten egg and blend well. Combine with all the rest of the ingredients and mix well, pressing together firmly into a loaf. Place in well greased baking dish and bake in 400-F oven 15 minutes or until well browned. When ready to serve this may be garnished with tiny buttered beets or potatoes sprinkled with parsley.

**Mushroomed Beans**

Take your favorite brand of whole green beans and drain off half the liquid. Pour the rest of liquid and the beans in small pan. Add a pinch of salt and 1-4 teaspoon sugar and allow to boil a few minutes. Pour a can of Mushroom Soup undiluted over the beans and place over low heat. Allow to simmer until soup is blended with the beans.

If you desire to dress up the dish, pour the beans in a casserole after simmering, top with a cup of grated cheese and set in 350-F oven until cheese is browned. Serve at once.

### Miss Meyers Is Bride Of Jack Hayden Luck

In an informal ceremony Saturday morning, November 18, Miss Frances Norene Meyers, daughter of Mr. and Mrs. E. W. Meyers of 2109 South Cleveland, became the bride of Pfc. Jack Hayden Luck, son of Mr. and Mrs. P. H. Luck of Hereford.

Rev. W. C. Bryant, pastor, read the double-ring ceremony at 10 o'clock in the Temple Baptist Church. Vows were exchanged before an improvised altar formed by a central arrangement of white chrysanthemums tied with silver ribbons.

A program of nuptial selections including "I Love You Truly" was played by Mrs. Hudson Holmes, organist, and Miss Jimmie May Pace, soloist, sang "Because."

Attending her sister as matron-of-honor, Mrs. Harold B. Ivener, of Amarillo, wore a blue gary suit with black velvet accessories styled identically to the bride's. Her corsage was of pink

carinations. W. L. Meyers of Amarillo, brother of the bride, was best man and Harold B. Ivener served as usher.

The bride's dress was fashioned of cameo pink wool jersey, with fitted bodice, high neckline and flared skirt. The dress had a matching bolero. Her hat was balenciago brown with a tiara of seed pearls on the sides. She carried a white bible marked with an orchid and showered with white satin ribbons.

Mrs. Myers, mother of the bride, wore a black tailored suit with an amapolla pink blouse. Mrs. Luck, mother of the bridegroom, wore a black faille suit with snow pink accessories.

Following the ceremony, the bridal party was feted at a reception in the home of the bride's parents. The lace covered table was centered with a tiered wedding cake flanked by a bouquet of chrysanthemums. Mrs. W. L. Meyers and Mrs. Louie Sarrett presided at the silver coffee service. Miss Colleen Belcher secured names for the bride's guest book.

For their wedding trip to Oklahoma City, the bride traveled in a black faille suit with a white blouse and an orchid corsage. After their honeymoon the couple is to be at home in McAllister, Okla.

Mrs. Luck was graduated from Amarillo High School and attended Amarillo Junior College.

### Dinner and Bizarre Termed Successful

Despite the cold and windy weather, those in charge of the Thanksgiving dinner and bizarre at St. Anthony's Catholic Church on Thanksgiving Day termed the affair very successful. Dinner was served to approximately 500 persons.

Fishing in the pond, dart boards, bingo, post office, and penny pitching were many features of the carnival sponsored by the Knights of Columbus. Many pieces of fancy needlework were sold.

The door prize, a sack of potatoes was won by Mr. Tyler. The silverware went to Mrs. Irene Allbracht, and the quilt to Mr. McDonald of Summerfield.

The ham was won by Miss Gertrude Rotherwick of St. Charles, Mo.

Proceeds from the affair go to the building fund for the new Catholic Church.

### Judging School Will Be Held at Littlefield

The Littlefield Garden Club is sponsoring Judging School No. 2 on December 5 and 6 at the Youth Center in Littlefield. Registration begins at 9 o'clock on December 5.

Mrs. Charles Steinger of Dallas will be one of the instructors.

Mr. and Mrs. Glenn Boardman spent Thanksgiving Day in Lubbock visiting in the home of Mr. and Mrs. K. W. Keeton where they were met by Mrs. Boardman's parents, Mr. and Mrs. Keeton of Hollis, Okla.

Before her marriage, she was employed by the Great American Reserve Ins. Co.

Pfc. Luck attended Hereford High School where he was a member of the a capella choir, the boys' quartet, and the Whiteface football team. He was also active in other school activities. Luck is now serving with the Marine Corps, stationed at the Naval Ammunition Depot in McAllister.

Out-of-town guests attending the wedding were Louis Stultz of Dallas, Mr. and Mrs. P. H. Luck, Mrs. Jason Luck, Miss Bobbie Boyd, and Miss Mary Katherine Boyd, all of Hereford.

Stated meeting second Monday in each month. School of instruction each Thursday night.

## Quail...

(Continued from Page 1)

Wildlife biologists of the Game Departments are conducting studies of quail populations through examination of quail wings again this year. The Executive Secretary requests hunters to cooperate in this work by sending one wing from each bird they kill to the Game, Fish and Oyster Commission in Austin. A study of quail wings will show the percent of young birds and indicate the production and survival for the year. To facilitate mailing of wing collections, the Game Commission will supply special business reply envelopes on request. These provide space for recording pertinent data and require no postage from the hunter. The active help of hunting clubs and other groups is being solicited.

It is essential that wings from cocks and hens be placed in separate envelopes but any number of wings from birds of the same sex may be placed together. Only one wing from each bird should be saved. Date and county of collection are also necessary. If official envelopes are not at hand, any kind of paper sack will suffice if properly labeled.

One further bit of information is requested. In order to compare quail populations in different parts of the state, a place on the wing envelopes will be shown for recording the number of coveys found per day of hunting. The Executive Secretary states that this will also add to the picture of the state quail situation.

"Smart Clothes for Smart Women"

# Louisa's Letter

Dear Louisa:—  
I have been going with a girl about five years but we have never been anything to each other but good friends. We are neighbors and I never thought of her in any other way but found her to be good company.  
A new girl has come to town and I am very much attracted to her but this old friend of mine gets very angry when I talk about having a date with this newcomer. She acts like I belong to her but I have never had any idea of marrying her, as I am not in love with her.  
I don't know what to do. I hate to lose my good friend, but I would like to date this other girl.

love with your first friend.  
LOUISA.

One reader from North Carolina writes that she has been living with her aunt since she was eight years old. She is now twenty-one but her aunt will not allow her to go out on a date with any man and she thinks that the idea is to keep her from ever getting married.

Of course, such a situation is absurd unless the girl is feeble-minded and hasn't sense enough to take care of herself. If she is normal, she would tell her aunt that she will go to the movies or church with decent young men and unless her aunt can prove that her companions are bad characters, she will be within her rights to do as she pleases.

She asks if she should run away and get married. My answer is no because she evidently hasn't had the opportunity to know enough about any man to marry him. She should wait until she knows him better and is sure that he is the one she wishes to spend the rest of her life with.

LOUISA

Don Heitzberghe of Oklahoma City stopped here Monday for a brief stay with his cousin, A. L. Manjeq, enroute to Phoenix, Ariz., to spend the holidays with his mother.

Mrs. Bob Higgins led the program on "Our Pressing Need Today" which she said is "th understanding of one another." She read, discussed and explained the true meaning of the Club Collect, recommending its precepts as a pattern for every day living.

Mrs. Jim Whelan told of "Uniform State Laws" discussing state assistance for the needy. She explained how applications for assistance are made and told how funds are distributed.

Members present were Mesdames N. D. Bartlett, Jr., George Benson, Altus Higgins, Bill Jones, Bob Higgins, Boyd Knox, Sanford Smith, George Suggs, Robert Wagoner, Jim Whelan and the hostess, Mrs. C. E. Beauford was a guest.

### Answer:

It seems rather selfish to take five years of a girl's time when you are not in love with her. The girl herself is really at fault for letting you monopolize her time when you let her know you had no serious intentions.

If you are sure that you are not in love with No. 1 you had better break off at once or the next thing you know you will be married to a girl you had no idea of asking to become your wife. Go on and ask the new girl for a date. If No. 1 is wise, she will let you go gracefully. You may find out, when you are allowed to roam, that you really are in

## Church Rites Are Read For Miss Bell, A. E. Hodges

Following a wedding trip to Mexico City, Mr. and Mrs. Aubyn Earl Hodges will be at home in Hereford.

The couple exchanged vows Sunday evening in San Jacinto Methodist church in Amarillo. She was Miss Nell Bell, daughter of Mr. and Mrs. M. H. Bell, 4801 Plains, Amarillo, and he is the son of Mr. and Mrs. W. N. Hodges of Hereford.

Rev. Hubert Thompson, pastor, read the double-ring service at 5 o'clock Sunday evening with Miss Lily Larsen, organist, playing a prelude of wedding music. A. R. A. Swenson sang "The Lord's Prayer" Malotte, and "Beuase" by D'Dardelot.

The traditional wedding marches were used for the processional and recessional.

Palms and ferns were used as background decoration for an arch entwined with chrysanthemums and fernery flanked by baskets of chrysanthemums and gladioli with candelabra bearing white tapers for illumination.

Miss Totsy Williams was maid of honor and Mrs. Wiley E. Davis and Mrs. Glenn Kopp were bridesmaids. They wore gowns of ice green, blue and orchid satin respectively, styled with basque bodice and full skirts. They wore bandeaux of orchid.

MISS MADELLE BEAVERS

## Miss Beavers To Wed Soon

Announcement of the engagement and approaching marriage of Madelle Beavers to Jack D. Mellott of Albuquerque, N. M., was announced at a seated tea given by Mrs. David Neal Beavers at the home of the bride-elect's parents Tuesday afternoon.

The wedding will take place in the First Methodist Church on December 17 with Rev. Don Davidson, pastor, officiating.

Flowers and appointments carried out the gold and white theme of the party. White chrysanthemums and candytuft were arranged on a reflector for the table centerpiece with ruffles of gold lace encircling the reflector. White tapers in crystal holders also featured the gold lace accent. Refreshments were served in gold plates to complete the color theme.

Soft music provided entertainment and the wedding news was revealed when a radio program of music was interrupted for a special announcement from Dan Cupid. The names of the couple and the wedding date were given in the announcement.

Mrs. David Neal Beavers will serve as matron of honor and David Neal Beavers will be best man. Ushers will be Morris G. Beavers, Lubbock, uncle of the bride-elect, and Wm. S. Dameron.

The guest list included Mesdames; Phil Radovich, A. C. Thompson, B. B. Wiltshire, Henry Williamson, R. P. Coney, T. W. Roberson, J. A. Pittman, Don Davidson, Gerald Gollehon, Miss Thelma McMinna, Miss Phyllis Radovich and R. H. Beavers.

Miss Beavers is a 1950 graduate of West Texas State College, Canyon; and Mr. Mellott is a student at the University of New Mexico at Albuquerque.

## Wedding Of Miss Burney Dr. Goodall Solemnized

Nuptial vows recited at 5 o'clock Sunday evening united Miss Barbara Burney, sweetheart of the Hereford Lion's Club, and Dr. Edwin Goodall of Gatesville. The wedding took place in the First Methodist Church with the pastor, Rev. Don Davidson, directing the impressive single-ring ceremony. Miss Burney is the daughter of

Mrs. Henry Jonti of Chicago and J. W. Burney, Jr., of Fort Worth. Dr. Goodall is the son of Mrs. Eula Goodall of Valley Mills. The bride has made her home here with an uncle and aunt, Mr. and Mrs. R. P. Coney, since early childhood. The stained glass windows in the western extremity of the

sanctuary provided a beautiful background for the decorative arrangements which combined tall Emerald Palms with large fan shaped bouquets of white stock and chrysanthemums. Twin clusters of the blossoms and tiny white satin wedding bells entwined the white wrought-iron grill work at the main altar before which the couple knelt for the vows. Lower arrangements of the flowers topped the pedestal holding the gold cross and candles in branched candelabra completed the setting. White satin bows

MISS PHYLLIS RADOVICH

## Hereford Couple Celebrate 50th Wedding Anniversary

Four generations were represented at the golden wedding anniversary celebration held Sunday by Mr. and Mrs. John Geer at the home of their daughter, Mrs. Herman Buss, South Main Street.

Mrs. Geer who was Miss Cora Mose, was born in Shelbyville, Illinois. He moved to Shelbyville with his parents from Ohio when he was nine and it was at his parents home that the couple met. Her brother took her with him when he was courting Mr. Geer's sister and the romance was begun. Two years after her brother married his sister, Mr. and Mrs. Geer were married and moved to a farm where they set up housekeeping.

Later, the couple moved to a farm near Peabody, Kansas and they lived on one farm for 25 years. Three years ago when poor health prevented them from carrying on the activities of farm life, they came to Hereford to make their home with their daughter.

Before they were married

Mrs. Geer was a dress-maker, but he stopped that before it got started, after they married. "If you are a good cook, a good housekeeper and a good mother, you'll have all you can do," he told her, and she decided he was right. "We had smooth sailing all along the way" she said, and her advice to young married folks is "Don't fly off the handle too quick—consider things awhile before you let your temper get the best of you."

Looking back over the years she recalled the inconveniences and struggles of those early days and remarked that both considered this a wonderful age to live in. There are still many, many things we want to do. They keep up with their reading and get the gist of world events over the radio. She likes to keep her fingers busy and quilts, sews and crochets, almost as much as she ever did. He says that he will be happy as long as he can farm and fish.

## Engagement Is Announced

Announcement has been made of the engagement of Miss Phyllis Radovich and Paul Lake Dishman, Jr.

Formal announcement of the betrothal will be made at a tea given this afternoon from 4 to 6 p. m. by the bride-elect's mother, Mrs. Phil Radovich.

Floral arrangements throughout the home will be in white and silver, the bride-elect's chosen colors. On the dining table, laid with an imported linen cloth which has been used by all the members of the family at wedding parties, will be a star-cream Christmas package tied with silver ribbon with the names of the engaged couple and the wedding date, December 24, on the Christmas tags. An arrangement of white blossoms combined with white and silver malle flanked with white tapers tied with silver ribbon will also mark the refreshment table. Individual reminders for guests will be miniature Christmas packages with the names and

Mrs. Glenn Snyder, organist, gave a brief pre-nuptial concert including selections from "Woodland Sketches" (McDowell), "Serenade" (Drigo), "I Love Thee" (Grieg), "Because" (D'Hardelet), "Thine Alone" (Victor Herbert), "Clair De Lune" (Debussy) and "Romance" (Rubinstein).

"All For You" and "At Dawning" were the vocal solo offerings of Mrs. B. F. Cain who also sang "Wedding Prayer" at the conclusion of the ceremony, accompanied by Mrs. W. J. Stanford at the organ. Mrs. Stanford played the traditional march from Wagner's "Lohengrin" as the bridal party entered the church and Mendelssohn's wedding march as the recessional.

Miss Jo Claire Welch of Breckenridge, niece of the bridegroom, was junior bridesmaid and Misses Cherry Anne Forrest, Helen Ann Pitman and Cecelia Guseman were bridesmaids. They carried cascade arrangements of green and pink Croton leaves tufted with green maline.

The long sleeves of the lace came to petal points at the wrists and the voluminous skirt, which was attached to the scalloped bodice, extended into an elaborate full length train. Insets of the lace dramatized the skirt from the waist line. Her three-tiered veil of illusion repeated the scallop trim and was held in place by folds of illusion embellished with seed pearls. She carried a colonial cascade of white Finch rosebuds and white satin leaves combined with Amazon lilies, Fleur D'Amour and stephanotis.

Mrs. Coneway, aunt of the bride, wore a royal blue afternoon dress with matching hat and corsage of white gardenias. Mrs. Goodall, mother of the bridegroom, wore a gray dress with bead trim and matching accessories. Her corsage was of pink gardenias.

**Reception in Hotel Jim Hill**

The ball room at Hotel Jim Hill was the scene for a reception following the ceremony. The bride's table was laid with a linen cloth garlanded with white satin ribbon caught with clusters of button chrysanthemums. White roses and chrysanthemums were combined with white candytuft for the center bouquet and the bride's bouquet formed an added attraction for the table. Miss Genevieve Eberle, Mrs. Hilton Higgins, Mrs. John C. A. Lynn, Friona; Mrs. O. W. Lowry, Gatesville and Mrs. V. D. Goodall, Clifton; presided at the refreshment table. Also assisting were Mesdames W. R. White, Clovis, W. J. Stanford, Glenn Snyder, Lyle Blanton and O. L. Click. Mrs. Ralph Jones of Liberal, Kansas was in charge of the guest register. The bride's going away ensemble was a cape-costume suit in gold colored tweed with brown lizard accessories, worn with a lime-green velvet-velour hat and a winter coat of bitter-sweet tweed featuring beaver trim. Her lapel corsage was a brown orchid.

## Does U. N. Control U. S. Laws?

An interesting question has come up between the United Nations and the United States since the passage of the Internal Security Law, designed to make it impossible for subversive individuals to enter the United States.

The United Nations, being an international organization, asserts the opinion that it is fully authorized to invite representatives of non-governmental organizations to have a consultative relationship with its economic and social councils and that such individuals are entitled to receive visas that will enable them to reach the headquarters of the organization, attend meetings of the General Assembly and to consult with the Secretariat.

The opinion of the United Nations officials is that, despite the Internal Security Law, Congress has authorized an executive agreement which provides for the admission of such individuals and that, since it has the same binding effect as a treaty, it cannot be defeated by internal legislation in the United States.

The reasoning of the officials of the international organization is hard set aside. Certainly, if the United States wishes to be the domicile of the headquarters of the United Nations, it must be prepared to admit visitors from all parts of the world who happen to have business with the United Nations. Obviously, the international body cannot function if access to its headquarters can be denied by a single nation, even if the nation happens to be the United States.

Another grave question arises, however, in the contention that the United States Congress is powerless to pass legislation which in any way abridges the rights of the United Nations as interpreted and upheld by officials of that organization. While the present issue is not of supreme importance, it is conceivable that the matter might present itself in a more serious form.

Already, several Federal district courts have implied that the state legislation is invalid because it contravenes the purposes and principles of the United Nations, which had the approval of the United States. This line of reasoning can go far afield and thoughtful Americans will watch the trend with some apprehension.

## TEXANS In Washington

By Tex Easley  
AP Special Washington Service  
WASHINGTON, (AP)—Test flights soon will be underway at Texas A. and M. College with a new airplane designed specifically for farm operation.

Dr. R. D. Lewis of the Experiment Station, here with President Thomas Harrington and other A. and M. officials to attend a Land Grant College conference, described progress of the government-backed project to develop the world's first strictly agricultural plane.

The single-engine, all-metal, one-wing craft will have a low landing speed and can come almost to a stall and yet keep in flight. In that respect it can't compete with a helicopter, but its initial and operating cost is expected to be far less than the windmill types flying machine.

Other planned features are great visibility and such sturdy construction that it can safely chop through telephone lines or fences it might accidentally encounter.

Dean H. W. Barlow, director of the Engineering Experiment Station at A. and M., and Civil Aeronautics Administration experts have worked together on it. When they have seen it through the flying tests, Dr. Lewis' staff will finish development of special devices for insect dusting and other farm operations.

Also in the A. and M. faculty group here were: Dean C. C. French, Dean Charles G. Shearson, Dean Ida P. Trotter, Clee Chancellor D. W. Williams, Dean I. B. Broughton, Dean G. G. Gibson, Dean J. P. Abbott, Bonnie Cox of the Department of Rural Home Research and Maurine Hearne, State Planning Director for Home Economics.

While here the Aggie officials were honor guests at a dinner given by the National Capital A. and M. Club at the Army-Navy Country Club.

President of the local Aggie ex-student organization is Earl McChesney of College Station, secretary to Rep. Olin E. (Tiger) Teague of the Bryan-Corsicana-Hillsboro district.

Around the Capital: Cautious lawyers in the Justice Department won't speak for publication about the pending charges against Texas Agriculture Commissioner J. E. McDonald and others accused of violating the lobby law.

The charges were filed Aug. 31, 1949, in the U. S. District Court for the District of Columbia. The many delays in the proceedings, six in all, have been ordered with mutual consent of attorneys for both the government and the defendants.

It is understood that the latest delay, postponing the case to Dec. 8, was agreed upon to some extent because of the pending fight of the National Association of Manufacturers against the lobby act. The NAM two years ago filed proceedings seeking to have the law declared unconstitutional. A three-judge court may act on the issues later this month, and their decision may have an important bearing on the charges against McDonald.

Other charged with him are: Georgia Commissioner of Agriculture Tom Linder, and Ralph Moore of Washington, D. C., who several years ago was a leader in the Texas Grange.

The American Legion's National Commander, Erle (CQ) Cockey, Jr., of Atlanta, Ga., has just learned a basic political trick from one of his rank and file members—Harry S. Truman of 1600 Pennsylvania Ave.

He picked up the point as a result of a trip to Houston and other Texas cities.

In a recent meeting with President Truman, Cockey referred to one of the trials of his new job—hand-shaking. He said he gets a thrill out of it, but that it's sometimes hazardous.

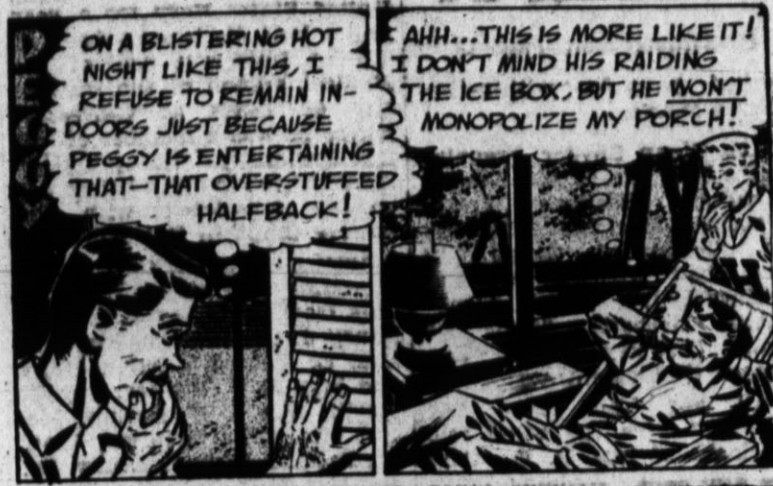

"Down in Texas I got caught in so many of those Texan iron grips that I could hardly straighten out my fingers," he complained.

The President grinned sympathetically, then proceeded to show the Georgian a safety practice.

You bring your hand forward relaxed, the President told him, and then you make contact. A split second ahead of the person you are greeting you let go with a real squeeze, beating him to the punch.

Rep. Clark Fisher of San Angelo, recently returned from an extended tour of Europe and the Middle East, said he was surprised to find a colony of about 40 Texans in Tehran.

P. L. Hicks, a steamship company representative, is called the "Ambassador" of the Texas (Continued on Page 5)

## The BOOTLEG Philosopher

Editor's note: The Bootleg philosopher on his farm near Bootleg is doubt is misinterpreting again in his letter this week, but that never seems to deter him.

Dear editor: I read in a newspaper which fell out of an airplane which passed over my farm yesterday, it's about time I was getting something for the use of the air above my place. I know I didn't put the air there but I came about as close to do it as oilmen did puttin oil under the ground or deer hunters did puttin deer in the woods and if any in our cash in on such things I'm in favor of it, where Louis Bromfield, the celebrated writer who farms, said the other day

that higher efficiency in farming will solve all our agricultural ills.

Been a farmer who writes instead of a writer who farms, I don't like to disagree with such an expert, but as far as I'm concerned higher efficiency is one of the worst ways on earth of solving farming problems.

You take the average efficient man, don't make no difference whether he's a farmer or a banker or a business man, and put him in charge and turn him loose out here on my farm and he'd improve it or make a physical wreck out of me tryin. When most people talk about efficiency, they mean a lot of hard work for somebody else. (Continued on Page 5)

## 'Tater Peelin's

By Roberta Campbell

The turkey dinner we shared with our sister and her family in Amarillo was such a good one that we are willin' to settle for only one Thanksgiving but were we to count all the nice things that have come our way we would really need a couple.

The Hereford Whitefaces have added so much spice to this holiday week-end that football fans have likely paid little attention to what was on the menu other than, the game Friday afternoon.

Looks as if movin' day has overtaken the H & H Furniture force but with such a big new building they won't have to worry about what to keep and what to throw away or whether it is bad luck to move the cat and the broom.

We would like to think that every child has a wise and sympathetic mother and for that reason it is hard to understand why a woman will take a little feller to the laundry and expect him to sit for an hour on a table or in a tub or box without any sort of a toy for entertainment.

At least Mr. and Mrs. Irving Willoughby who own and operate the Bluebonnet Laundry can tustle up something to bring smiles to a tearful little face as proof that they have understandin' hearts.

Plate glass windows need plenty of strength since they are makin' pug noses out of the six-footers as well as the youngsters who can barely see over the sill; as passersby take a closer look at the train display set up in the yard limit at Streu's Hardware.

## SUNDAY CURRENT QUESTION

### New Social Security Regulations Are Favored in Reply to Question

What is your opinion of the new social security regulations affecting farm workers and household help?  
O. Ejahebo — I think it's pretty good if they don't take unfair advantage like some of the other workers have done. Basically, it is a good plan.

Mrs. J. D. Dodson — I think it is a good plan. If one is disabled, he can draw on social security. It is a good thing for this group just as the others now under social security.

Mrs. Victor Elliston — I believe it is a good thing. I think they are entitled to old age security the same as any other group of workers.

Walter Johnson — It sounds like it might be a pretty good thing for the working people. It will make more book-keeping for the farmers, but I think social security is a good thing.

Mrs. E. E. Holman — I think it's a wonderful thing, myself. I pay my house rent by doing house work, and I really need social security. I've been reading about the new regulations and hearing about them over the radio, and I like the plan.

Mrs. W. A. Dorsey — I think it's all right. I think social security for everybody is a fine thing. If I were working out, I would want a social security card.

Mrs. Edd Jesko — That looks like to me it will be a good idea.

## Panhandle Paragraphs

### Eats Cartoon

(Editor's Note: Hutson is author of the sports cartoons appearing in the Brand).  
Hut Huston, Amarillo cartoonist, Tuesday night was joined here by 25 Memphis Cyclone Boosters in eating one of Hutson's cartoons depicting the Wellington Skyrockets beating the Cyclones.

The cartoon appeared in the Amarillo News on Friday, Oct. 20. Hutson was in Memphis on Wednesday, October 18 after drawing the cartoon. When he was at the Memphis Lions Club and heard the speeches of the Cyclone backers, Hutson said he would eat the cartoon if the Cyclones won.

The Cyclones had not beaten Wellington since 1935 and the local fans considered the game jinxed against the Memphians. The Cyclones broke the jinx by one penetration when they tied the Skyrockets 13-13 on the score board, but won the game four to three on penetrations.

When several Memphis business men heard the statement they stated that they would help him eat the cartoon if their Cyclones could beat the Rockets.

After the game the boosters began making plans for this big cartoon feast. The fans wanted some way to make the cartoon more palatable.  
This problem was solved when Bill Dunn, one of the boosters and owner of the Pounds Cafe, got his wife, Alesia, to bake a cartoon in a cake.

### Law Suit

The City of Truth or Consequences or Hot Springs faced another law suit today on the name change election held Nov. 7. R. A. Crawford, a retired mayor and members of the city council were named defendants.

The suit pointed out that the name change election was illegal since the city was divided into four wards and that the city council provided for only five voting places without designating the territorial boundaries of the five divisions and that there were no wards known as 1-A etc. thru 6-F.

### Women Drivers

Teen-age school girls who drive buses in New Mexico have the best record of accident-free operation of any category of drivers. Over school ladies are next in line, followed by school age boys, and lastly by over school age men.

What was that remark about women drivers?

### Slows Harvest

Harvesting of the feed-crop over this region, which has begun to reach the final stage, was slowed down to a snail's pace the first of the week following an unseasonable wind storm that laced this section on Sunday.

While operations were complete in many fields, there are many farmers who yet have much grain to be gathered. Most unharvested fields were laid low by the wind blast, resulting in a difficult task to gather the grain by combines.

Farmers were reported to be rigging up their combines with "fingers" the first of the week, making a valiant effort to salvage much of the fallen feed crop.

### P. U. Skunk

The mystery of P. U. skunk is yet unsolved. Mr. Skunk was found hanged by his neck on the doorknob of Miss Adele Looper's front door.

When Mr. Skunk was found, a party was in progress at Miss Looper's house and everybody was so horrified that the party was broken up.

The best detectives in MHS are on the trail of the murderer and they think he will soon be found.

### Pioneer Dies

A bit of the Old West died in Clayton, N. M., late yesterday.

Col. Jack M. Potter at 5 p. m. stepped behind the golden sunset into the Land of Tomorrow from which no traveler ever returns.

His massive form, big Stetson and great heart will embellish this mortal scene no longer.

He was the perfect exception to the rule that the smaller your waistline the longer your lifetime. He was a big man with a big stomach and he lived till he was 86. He also enjoyed tobacco and other indulgences.

This colorful old pioneer was equally well-known by two titles—either Col. Potter or Uncle Jack. Years ago scores of youngsters—who are now in their 40s or above and among whom this (Continued on Page 5)

## Death On Highway Guided Missiles

We all know about the terrific toll of human lives each year on our highways, but seldom hear about the inroads modern automobiles make on our animal and feathered life. Sometimes, just for your own information, make a count of the animals' carcasses on the road to Freeport or Galveston, or on any other main highway, early in the morning. Rabbits, coons, possums, skunks, quail, larks, armadillos, you can find them all.

Of course, no one expects the driver to swerve his fast traveling automobile to miss a rabbit, and take a chance on losing control and landing in a ditch. So that means the game animal or varmit must take his chances. That's progress, and we have to go along with it in spite of our personal feelings. Maybe some day the animals and birds will learn to avoid our highways, and live until a hunter gets them in his sights.

"Guided missiles are in limited production" and the Navy announces that a cruiser is being converted to permit their use against high-flying jet planes.

While no one knows exactly what this disclosure means, the weapon is designed for use with other anti-aircraft defenses, Secretary of the Navy, Francis P. Matthews, says that the converted cruiser will "carry" the missile as its primary anti-aircraft armament.

It may be presumed, that other countries are also at work on the development of guided missiles, with the larger type being long-range, ground-to-ground types. This weapon may prove to be more destructive than conventional aerial bombing.

Obviously, the whole story of the range and scope of our work on guided missiles cannot be publicly detailed. Neither do other countries give out the progress that they are making. Consequently, we must rely upon the intelligence, ingenuity and skill of those who work for the United States to keep up with, or surpass, the development in other, and possibly, hostile countries.

## Army Stripped

The Army has been so stripped of fighting men to support the campaign in Korea that it will be "seven to eight months" before it will have divisions ready to fight anywhere else in the world, declares General Mark W. Clark, Commander of the Army's field forces.

At first blush, there will be people to suggest that General Clark was indiscreet in making this statement. Nevertheless, the fact is probably well known to all other countries, including Soviet Russia and, consequently, no harm can be done by the statement of the General.

Some good may come from a frank statement of the position in which the nation finds itself. With Congress facing the need of passing a Universal Military Service law, it is well for the people of this country to know how it stands from a military standpoint. Obviously, if the relatively small exertions of a Korean campaign render the nation practically impotent, it is high time for Congress to take steps to prepare the nation's defense for a more serious crisis.

Labor and capital are beginning to work together; the consumer can feel the pressure.

We have reached the stage of life when we are quite willing to have only one birthday a year.

## Russia - Alaska

We do not pose as an expert on the defense of Alaska but we have taken notice of the fear expressed by some people that the United States is not adequately preparing to defend Alaska against enemy attack.

The Rev. Bernard R. Hubbard, 62-year-old Catholic priest, now in this country, says that Alaska cannot be invaded successfully "by the Soviets or any other enemy." He adds that the Alaskan bases, abandoned by the United States, were built for a wartime attack on Japan and now serve no useful purpose. He expresses the opinion that our military preparedness in Alaska is far "ahead of what it was in past years."

The priest thinks that Alaska's "vastness is its own defense." He does not think that the Russians, for example, could do more than drop a few thousand paratroopers on bases at Fairbanks, or Anchorage and that, once there, "they could no more destroy them and could never proceed on to the United States."

An interesting sidelight is the priest's observation about reports that Russia was fortifying big Diomed Island, only two miles from our territory in the Bering Straits. Construction of a 5,000-foot runway was reported. To check up on it, he went to the island and looked across the strait.

"All the Russians had were two dozen observers at a weather station," he declares, and adds that he "found out what was identified as an airfield was a light-streak across a piece of film."

## Flying Sausages

The "flying saucers" that fascinated the American public at various times in the past few years have been succeeded by the "flying sausages" which has been reported over the Northwest coast of England.

Two British men say they saw the object which was "something like a submarine" at a distance of 150 to 200 feet long. There was no sound of motors reported.

The mystery of the flying saucers in this country has never been satisfactorily explained. Despite repeated denials of officials that there could be anything to the reports of observers, who were convinced that they saw something strange in the sky, the public harbors a lurking suspicion that there is something to these reports.

At first, we were frankly skeptical about reports of saucer-like objects in the sky. Subsequently, the reports of entirely competent and honest individuals convinced us that they, at least, were convinced that they saw something unusual. Many such reports have come to light in the United States. Nevertheless, there is, as yet, no definite confirmation of the reports which, if false, represent a striking illustration of hallucination.

Fond parents who seek to live their children's lives usually manage to mess up everything.

### Bootleg...

(Continued from Page 4)  
I know without being told that Johnson grass in a crop of cotton or corn ain't no efficient way to grow cotton or corn, but I know what it would take to get rid of the grass and that's where me and efficiency lose interest in each other. Gettin rid of Johnson grass is efficiency, all right, but it blame sure don't solve no ills, as far as I'm concerned.

Likewise, an efficient farmer wouldn't have no broken down, patched up fences, but since I'm aware of what it takes to get a new fence out here, you don't just go to the back door and order one and go back to your newspaper feelin efficient, I got sense enough to see an efficient fence just means a lot of more work on me.

I could get more than two quarts of milk a day from my milk cow if I fed her more, but to do that I'd have to work more, and after a long period of study I have concluded it's easier to just get along on two quarts a day, don't make no difference how inefficient it is. It suits me, and it seems to suit the cow, and beyond that it ain't nobody else's business.

Efficiency is a fine thing, but you can sure run it in the ground. It might solve some farm problems, but the new ones it would bring on might be even worse. When I get use to a set of problems, I don't see any sense in swappin em off for some different ones.

Yours faithfully,  
J. A.

### Corder Awarded Silver Star

DAWN (Special)—Capt. Willis C. Corder, son of Charles C. Corder, principal of the Dawn Schools, has been awarded the silver star for "Gallantry in action" early in the Korean War. It was announced recently.

The Silver Star is the fourth highest award given by the U. S. government, and the third highest combat award, ranking behind only the Congressional Medal of Honor and the Distinguished Service Cross.

The official order, as recorded in the Carthage Evening Press, reads, "By direction of the President, under the Act of Congress, approved 9 July 1918, the Silver Star for gallantry in action is awarded to:

"Captain Willis C. Corder, Corps of Engineers, United States Army, a member of the United States Military Advisory Group to the Republic of Korea, displayed gallantry in action against an armed enemy at Osan, Korea, on 6 July 1950. Captain Corder, as advisor of the Chief of Engineers, volunteered to remain in the forward combat area in order to give technical advice on the employment of the Korean Army Engineer troops in delaying actions against the enemy.

"The enemy launched an assault against the position employing numerically superior forces supported by heavy armor which overran the position and Republic of Korea forces withdrew. During the withdrawal, Captain Corder learned that an American enlisted man had fallen 'out, unable' to keep up with the withdrawing troops. In the face of fire from the advancing enemy, Captain Corder returned and found the enlisted man and assisted him to a defiladed area.

"Finding that the enlisted man was seriously ill and unable to walk, Captain Corder refused to abandon him, but with the assistance of another enlisted man and without rest, food or water during the next forty-eight hours, carried the sick man a distance of 40 miles over rugged mountainous terrain into friendly hands. This gallant action by Captain Corder reflects great credit on himself and the military service."

The 1951 Heart Fund campaign will be conducted next February to raise the necessary funds to support the greatest effort ever made in medical history to find the answers to unsolved problems of heart disease."

Mr. Sheppard, a past national president of the Junior Chamber of Commerce, said, "I accept the Chairmanship because of my deep concern over the fact that heart disease robs us prematurely of too many of our most irreplaceable leaders in industry, government, science and other vital fields of endeavor."

Governor Allan Shivers will again serve as Honorary State Chairman of the 1951 Heart Fund. Bruce Barton is National Campaign Chairman.

A program on the "Modern Period" was presented at the Music Study Club meeting held Monday afternoon in the home of Mrs. Jeff Gilbreath.

Mrs. C. H. Dyar was director of the program and in her dissertation on the modern period in music, stated "The modern period which began shortly before the turn of the century, is slowly evolving new standards by which the music of our age will be judged. There are new and important influences in the music of today which are apparent to every thoughtful person, but the conservative musician usually dismisses them as eccentricities rather than an indicated path of the future."

ing; "The Children" (Rachmaninoff) vocal, Mrs. C. J. Mountz; and "Song of India" (Rimsky-Karsakow), piano, Mrs. Bob Lawrence. In conclusion the Hymn of the Month "We Plough the Fields and Scatter" was sung by the club.

# RUSTY RILEY by FRANK GODWIN

HERE IT COMES, RUSTY... I THOUGHT IT WAS A LOG AT FIRST, BUT IT LOOKS LIKE A PIECE OF PIPE!

PROB'LY BEEN USED TO ANCHOR A BOAT!

THERE SHE IS!.. AN' I THINK YOU'RE RIGHT, LAD... A METAL CYLINDER, CAPPED AT BOTH ENDS... MOST LIKELY GOT ROCKS OR CONCRETE INSIDE!

LET'S KEEP IT FOR AN ANCHOR... FOR WHEN WE GO FISHIN' AGAIN!

I GUESS IT'S BEEN LYING ON THE BOTTOM FOR YEARS!

I DON'T THINK SO, RUSTY... THIS ROPE IS FAIRLY NEW!

MEANWHILE, AT THE HOUSE...

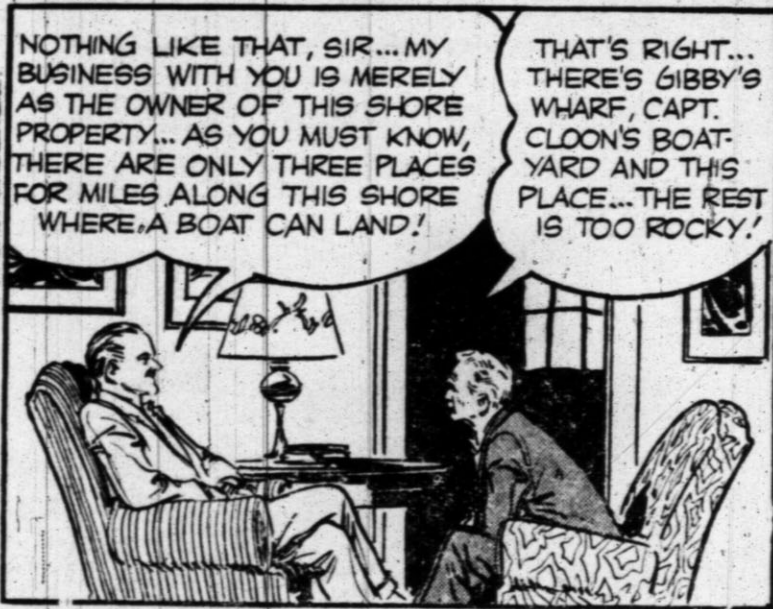

MY NAME IS KILGORE, MR. MILES... I CALLED BEFORE, BUT YOU HADN'T ARRIVED HERE YET.

OH, YES, MY DAUGHTER PATTY TOLD ME. I BELIEVE SHE SAID YOU'RE FROM THE TREASURY DEPT.

THAT'S RIGHT, MR. MILES... I'M A TREASURY AGENT... AND THIS IS AN OFFICIAL VISIT-- TREASURY BUSINESS.

OH?... I HOPE THERE'S NO MISTAKE IN MY INCOME TAX!

NOTHING LIKE THAT, SIR... MY BUSINESS WITH YOU IS MERELY AS THE OWNER OF THIS SHORE PROPERTY... AS YOU MUST KNOW, THERE ARE ONLY THREE PLACES FOR MILES ALONG THIS SHORE WHERE A BOAT CAN LAND!

THAT'S RIGHT... THERE'S GIBBY'S WHARF, CAPT. CLOON'S BOATYARD AND THIS PLACE... THE REST IS TOO ROCKY!

THE FACT IS, MR. MILES... WE'VE BEEN TROUBLED FOR SOME TIME BY SOME EXTREMELY ELUSIVE SMUGGLERS... WE'VE FINALLY NARROWED THEIR OPERATIONS DOWN TO THIS SECTION OF COAST... NOW WE SUSPECT...

GOOD HEAVENS! DO YOU SUGGEST THAT I... OH, PARDON ME! THIS IS SQUIRE BOGGS, WHOSE OFFICE LOOKS AFTER MY PROPERTY IN MY ABSENCE!

GRACIOUS SAKES! I COULDN'T HELP OVERHEARING!... DO YOU ACTUALLY MEAN THAT CRIMINALS ARE DEFYING OUR FEDERAL LAWS RIGHT HERE IN SHARK'S NECK? OH, MERCY! HOW DREADFUL!

I'M AFRAID SO, SQUIRE... BY THE WAY, I BELIEVE YOU AND CAPT. CLOON DO A LITTLE LOBSTER FISHING AROUND HERE... PERHAPS YOU CAN HELP US!

LATER, AT CAPT. CLOON'S BOATYARD...

CLOON! I'M SCARED! THERE'S A "T" MAN TALKING TO MILES... THEY'RE CLOSING IN ON US!

KEEP Y'R SHIRT ON, SQUIRE... WITH OUR SYSTEM, THEY CAN'T CATCH US!

PRISONER  
BACK,  
KING!

LAST YEAR THIS SEASON  
I WOULD HAVE DELAYED  
HIS TRIAL BECAUSE...

DELAYED BY LEGAL DUTIES, KING COULD NOT  
LEAVE WHITE MOOSE AND WARM YOUNG  
MRS. CAPE OF HER HUSBAND'S ABSENCE!

MISTAKE WHEN HE SENT  
THAT SHIFTY SOOKUDLAH  
TO GUIDE TIM CAPE'S CITY  
BRIDE? NOW I'VE GOT TO  
PICK UP THEIR TRAIL AND  
MAKE SURE NO HARM  
COMES TO HER!

MUSH,  
BLAZE!  
MUSH!

WE HAVE TO OVERTAKE THAT  
GIRL AND TELL HER TIM IS OUT  
ON HIS TRAP LINE... A NIGHT  
IN THAT LONELY CABIN MIGHT  
FRIGHTEN HER TO DEATH... EVEN  
IF SOOKUDLAH DOESN'T CHOOSE  
TO ROB AND MURDER HER!

OOOO--I-I'M MOST  
FROZEN! IS IT  
MUCH FARTHER TO  
MY HUSBAND'S  
CABIN, GUIDE?

WE GET THERE 'BOUT DARK...  
WE STOP NOW... I MAKE  
TEA... IT WARM YOU?... OH!  
WHAT IS THAT FIRE FLASH-  
ING ON YOUR HAND?

SEVERAL HOURS LATER ON THE SNOW-SWEPT TRAIL!

THIS? WHY IT'S MY  
DIAMOND RING... DON'T  
YOU PEOPLE GIVE  
ENGAGEMENT AND  
WEDDING RINGS?

A DIAMOND! A  
DIAMOND IS VERY  
VALUABLE, NO?

HMM! SOOKUDLAH  
COULD GET MUCH  
MONEY FOR THAT!

# Prince Valiant

IN THE DAYS OF KING ARTHUR  
BY HAROLD R. FOSTER

**Synopsis:** PRINCE VALIANT, RUFUS, EGIL AND YOUNG ARF SEARCH AMONG THE VILLAS FOR A MAID WITH FLAMING HAIR AND EYES OF BLUE. ARF FINDS HER IN A GARDEN!

BUT VAL SEES HER LOOKING FROM HER WINDOW AND WHISPERS: "COME WITH ME--YOUR TRUE LOVE WAITS!"

HE DOES NOT QUITE CATCH WHAT SHE SAYS BUT IT SOUNDS LIKE: "HOW EXCITING! I WONDER WHICH ONE IT IS!"

EGIL MAKES SURE HE HAS FOUND THE MAID WITH SEA-BLUE EYES AND HAIR OF FLAME.....

... WITHOUT A WORD, HE SWINGS HER TO HIS SADDLE AND CLATTERS OFF AMID ANGRY SHOUTS.

FOR HOURS BOLD RUFUS SEARCHES FOR A HEAD OF FLAME AND EYES OF BLUE.... THEN.....

SEIZING THE BRIDLE OF HER PALFREY AND BEATING OFF HER UNARMED ABDUCTOR WITH HIS SWORD, HE HEADS FOR THE HILLS.

MEANWHILE HIS FRIENDS HAVE RETURNED IN TRIUMPH TO THE HEARTBROKEN TROUBADOUR, EACH WITH A RED AND BLUE MAID. THE TROUBADOUR IS TUNING HIS INSTRUMENT AND LOOKS UP ONLY LONG ENOUGH TO SAY: "FOOLS! YOU HAVE NOT BROUGHT ME THE RIGHT MAID!"

NEXT WEEK- The Right Maid.
