## AROUND ATown

Sights and Faces Seen

"It pays to advertise . . . and there are some very honest people in the world."  
That's the conclusion of John Gaetz, who lost two ten dollar bills last Wednesday; put an ad in The Brand classified section and had the money returned to him by Judge F. T. Rolosen, who had found the bills Wednesday afternoon in front of Streu Hardware.

Mrs. Lyle Blanton is a new member on the Red Cross Camp and Hospital Committee, where she takes the place of Mrs. P. H. Gilliland who resigned to take over duties as public information chairman for the Red Cross.

We thought that trick mirrors were confined strictly to carnivals, but Reavis Kerr has one put up in front of his office and says it's one item of stock which is not for sale. He likes to watch the expression on the faces of persons who are suddenly confronted with a "five by five" version of themselves. It's especially disconcerting if you happen to be on the short-stout side anyway.

Alex Thompson says that the Baptists are going to have to "get to work" now that they have a pastor. Our knowledge of theology is hazy but we didn't know that Baptists could get lazy—or "backslide." Officially, that is.

Vera Lea Hoover, who attended the Golden Gloves fights in Amarillo last Thursday night, was displaying some bruised palms on Friday—she had not taken part in the fights either; but her brother did, and won his bout. Vera Lea did not realize till the next day just how strenuous her applause had been.

## Venue Change Asked in Cattle Theft Case

A motion for a change of venue was being heard in District Court yesterday in the case of Herbert Joseph Friemel, who is charged with theft of cattle; and the jury has been called to reconvene this morning.

Judge Joe Montague of Fort Worth is representing the Southwestern Cattle Raisers' Association as special prosecutor in the case and is working with King Fike, district attorney, in the prosecution.

George S. McCarthy and Clem Calhoun of Amarillo are representing Friemel.

## Govt. Agency Outlines Plans for Financing Veteran's Business Loans

The necessary machinery for processing applications by veterans of World War II for business loans under the Service-Related Loan Act is being set up.

(G. I. Bill of Rights) has been set up in the Dallas Loan Agency of the Reconstruction Finance Corporation, L. B. Glidden, manager of the local agency, announced today.

Glidden's statement followed an announcement from Washington, D. C., that the Veterans Administration had designated the Reconstruction Finance Corporation as an agency to review applications to banks by veterans for the guaranty of business loans. Under the program, RFC will recommend to the appropriate office of the Administrator of Veterans' Affairs whether that office should approve or disapprove such applications.

Loans applied for may be used in purchasing any business, supplies, equipment, machinery or tools to be used by the veterans in pursuing a gainful occupation. The Government may guarantee repayment of such loans to the extent of 60 per cent, but not in an amount ex-

## USO Provides Home Atmosphere

The time is Christmas, but it could be almost any date — and a few soldiers could be found in the Hereford USO, lapping up a little home atmosphere.

Pictured above are Cpl. Henry Scaramuzzi, Chicago; Pfc. Dennis Keller, Akron, O.; Pfc. Finis Cook, Newbern, Tenn.; Staff Sgt. Virgil Frye, Red Boiling Springs, Tenn. and Pfc. Wm. Sacks, Newark, N. J.

## USO Will Celebrate Birthday Friday Night

### Ceiling Price Clamped on Live Cattle

The Office of Price Administration Sunday night formally established price ceilings on live cattle, ranging from \$17.25 to \$18.60 a hundredweight; and the new ceilings became effective Monday. Reason for the measure, according to OPA, is to help eliminate black markets and end the price squeeze on wholesale and retail dealers.

The on-the-hoof prices will be cut by 50 cents all along the line on July 2.

The ceilings will be the legal limit for the sale of cattle and calves, regardless of choice, good or commercial grades. Animals sold for breeding or commercial purposes and those sold by members of the 4-H Clubs or other recognized farm youth organizations are exempt.

The ceiling price in Texas has been set at \$17.25—with the exception of the marketing centers of Houston, Dallas, Fort Worth, El Paso and San Antonio, where the price will be \$17.35.

In general the ceiling price established is slightly higher than the prevailing price for cattle in this territory in recent months.

When the Japs are driven out of the Philippines, the Boy Scouts of America will help to reorganize Scouting in the Islands.

Celebration of the fourth anniversary of USO will get underway here tomorrow night with a birthday party at the Firemen's Hall in honor of the volunteers who have worked in cooperation with the local club since it started in July, 1943. The program will begin at 8 o'clock, and an entertaining program has been arranged, according to Robert L. Thompson, USO council chairman.

The program, as announced this week, will be under the direction of Pvt. Tony Calomico as master of ceremonies and will feature music by the "Music Dusters," camp orchestra. Other items on the program include a solo by Pfc. Calvin Welsh, a guitar duet and readings by Mrs. Carl Perrin.

Ray Conaway will present the financial report of the local USO and Robert Thompson will present honor certificates to volunteers who have aided in USO work. Dancing and the serving of refreshments will conclude the evening's entertainment.

In addition to the committees named last week, the following groups will also assist in the USO birthday party:

SERVING: Marjorie Alderson, Virginia Eberle, Seleta Robinson, Mary Martin, Rosie Saltzman, Monica Albracht, Adeline Koelzer and Troyce Stambaugh.

DISTRIBUTION OF AWARDS: Arrie Smith, Gertrude and Lillye London, Juanita Kelley, Frances Young.

REGISTRATION: Ann Cockrell.

Visitors Invited to Center

Mrs. John H. Olson, hostess-secretary, also announced that the public is cordially invited to visit the local USO on Saturday, Sunday or Monday. No special program has been planned, but any persons who have not yet seen the club rooms are invited to come in and visit.

## Hope to Start Nurses Aide Program in County

Miss Elizabeth Kankle, nursing field representative from the Red Cross area office in St. Louis will arrive in Hereford tomorrow to remain two or three days getting information relative to the possibility of offering a nurse's aide course in this county.

Mrs. Bob Wilson, chairman of the nursing committee of the Red Cross County Red Cross Chapter, explains that efforts have been made in the past to get such a course; but that the application has been denied on the grounds of lack of hospital space and lack of doctors to take a supervisory role in the program. These same objections may still apply, Mrs. Wilson states, but the local chapter is nevertheless hopeful that something may be done about starting training in home nursing and nurse's aide work and in spurring the nurse recruiting program.

## Experiments Described to Spud Growers

Of much interest to potato growers of the Hereford territory was information presented to a group here Saturday by W. L. Jones of the Lubbock Experiment Station who described results of recent tests conducted at the station.

Concerning fertilizer, Jones said that excellent results had been achieved at Lubbock with what he termed a "4-8-4" mixture—four parts of nitrogen, eight of phosphate and four of potash. The adding of potash to the fertilizer mixture has resulted in improved yields in the Lubbock territory. Jones stated, pointing out that while both phosphate and potash are present in the soil in this area, they are in an insoluble form.

The speaker also recommended the use of an insecticide which is deadly to potato pests both if taken by mouth or if it comes in contact with the body of the insect. Jones stated that experiments at the Lubbock station showed better results from dusting than from spraying and said that increased yields had resulted from the use of a copper dust insecticide.

The mixture suggested was 32 per cent copper arsenate, 63 per cent (Continued on Page 12)

## Tom's Cafe Opens in Remodeled Quarters

Tom's Cafe, which has been closed for remodeling for the past few weeks, will have its formal opening on Sunday Feb. 4, it was announced today by Tom Sanders, owner.

Improvements at the cafe include installation of a new range, electric dishwasher and other kitchen equipment, in addition to completion of a redecorating job throughout the cafe to give more spacious and attractive quarters.

## Surveyor of Town On Business Here

W. D. Twichell, who surveyed the land for the town of Hereford (which was originally called "Blue Water") was here this week from his home in San Angelo looking after business interests and making arrangements for an irrigation well which is being put down on his farm near here.

Twichell still keeps up a lively interest in Hereford and the county and makes a practice of keeping up with land sales in this territory. He has a map of the county, and using the "Court House Records" published each week in The Brand, he marks off the tracts as they are sold.

## Mortar Shell Fragments Injure Hereford Soldier

Sgt. Donald Gaetz, son of Mr. and Mrs. John Gaetz, suffered wounds in the left arm and leg, minor facial wounds and a severe eye injury when he was trapped in a Jap ambush on Leyte, on Dec. 23, according to a letter received this week here. Donald's family had previously received word that he was wounded, but letters received this week by Mrs. John Gaetz and by Mrs. Donald Gaetz in Wichita Falls contained a complete description of the battle action in which young Gaetz was wounded.

Donald wrote: "We ran into an ambush and a mortar shell went off about 12 feet from me. I got some fragments in my left arm and one piece in my leg . . . some in the left side of my face . . . and it cut my left eye all to pieces."

Three days after the injury, Army doctors removed Donald's left eye to save the sight of the right; and writing on Jan. 3, young Gaetz said "I hardly miss the eye anymore, and Doc says I am going to be O. K."

Gaetz expects to be returned to the States and hopes to be seeing his family within a couple of months.

## Families of POWs To Compare Notes

A meeting of all next-of-kin and families of men listed as prisoners of war will be held in Hereford sometime this month, it was announced today by Mrs. C. H. Dyar, Red Cross P. O. W. chairman.

"I think that by getting together and sharing some of the official Red Cross information and also by sharing our experiences we may learn more of things we can do to help our loved ones who are prisoners," Mrs. Dyar said.

The families of men listed as missing in action are also invited to attend the meeting, as many of these men will probably later be listed as prisoners; and in the meantime there are definite things which families can do to help.

For instance, the POW chairman announced, no letters should be sent to men listed as missing until they are officially reported as prisoners. Such letters may serve as clues to the enemy in tracking down men who are trying to make their way back to friendly territory.

Not only will definite information be presented, but the reasons for various regulations will be explained, Mrs. Dyar states.

The general public is also invited to the meeting, exact date for which will be announced soon.

## Tolleson Wounded In Action, Dec. 19

Sgt. Ott Tolleson formerly of Hereford, received minor wounds in action in Germany on Dec. 19 and is now at an Army hospital in France.

Sgt. Tolleson was employed at the Milburn Service Station here prior to his induction into the army; and his wife is the daughter of Mr. and Mrs. R. T. Adams of Hereford.

## Miss McBride New Old- Age Assistance Worker

Miss Clara A. McBride of Bowie arrived in Hereford this week to take up work as old age assistance worker for the State Welfare Department in this area.

Miss McBride has been employed in welfare work for the past two years and prior to that time had experience as a teacher. She received her B. S. Degree at North Texas Teachers College at Denton and her M. A. at Peabody, and has also done advanced work in social studies at Tulane.

No schedule has yet been worked out for Miss McBride to visit the various towns in the district, but a regular routine will be announced soon.

## New Baptist Pastor

Rev. R. H. Cagle, new pastor of the First Baptist church, who arrived Wednesday with his family to take up his duties here.

Rev. Cagle received his B. A. degree from Baylor University and the Th.M. degree from Southwestern Seminary in Fort Worth. He has been active in many fields of church work and has held pastorates at both Fort Worth and Dallas, having served at the Ervay Street Baptist Church in Dallas immediately before accepting the position with the Hereford Church.

## OPA Sets Expiration Date on Food Stamps

A new policy of definite invalidation dates for food ration stamps, with each series good for about four months, has been established, according to Opal L. Wood, District OPA Food Rationing Officer.

Continuing the present policy, a new series of red stamps for meat and dairy products and blue stamps for processed food will be validated each month. Instead of being good indefinitely, however, they will expire after about 16 weeks.

## War II Vet in Serious Condition at Hospital

Claude D. Goldston, discharged veteran of the present war, is in a critical condition this week at the Amarillo Veteran's Hospital, where he is receiving treatment for an illness believed to have been caused by an injury received in service.

Goldston, 33 years old, is a son of Mr. and Mrs. H. D. Goldston of Hereford. He was overseas for 23 months and took part in the Tunisian campaign, returning to the states on March 5, 1944. He has been in Army hospitals since that time.

One of Goldston's brothers, Staff Sgt. Wade Goldston, was killed in action last fall; and two other brothers are in service. They are Pfc. Marvin A. Goldston, Bakersfield, Calif., and Sgt. Wilborn E. Goldston, Camp Kearns, Calif.

## New Sewing Materials Arrive at Red Cross

New material has arrived for making kit bags, Mrs. Carl Gilliland, chairman of Red Cross sewing production, announced today, adding that the bags will be out and ready to sew on Monday and urging that volunteers come to the sewing rooms and help with the work.

All persons who now have bags checked out to complete at home are also reminded to return them at once, so that the project may be finished as soon as possible.

## Fire Strips Family Of Household Goods

A fire at the old Rudd home, south of Hereford, last Thursday afternoon completely destroyed the household goods belonging to the Cleo Lee family who were living on the place.

Though three quilts, given to the Red Cross by some of the county home demonstration clubs, and a few other goods have been given to the family, there was not enough bedding, dishes and clothing on hand at the Red Cross office to take care of such a disaster, according to Mrs. Dyanthis Brady, executive secretary. She urges that any persons who have

## Court Meets Here Monday

Activities of the new term of 69th District Court started here Monday when the Grand Jury met and returned an indictment charging Roy Lee Cates and Wiley Roach with burglary. No other indictments were returned and the grand jury has adjourned to meet again at ten o'clock next Monday morning, it was announced by District Clerk R. L. Thompson.

District Judge John Aldridge of Farwell was in Dumas Monday, trying a case, and the court elected James W. Witherspoon as special judge to empanel and charge the grand jury.

District Attorney King Fike of Dalhart, arrived Monday morning to prosecute the criminal cases; and Judge Aldridge is now presiding and expects to remain for the week to hear several civil cases. No civil case requiring a jury has yet been set, and the petit jurors for the second week of court have therefore not yet been called.

Members of the Grand Jury are H. E. Danforth, Ed Loerwald, Ira W. Ott, S. J. Barclay, J. T. Gilbreath, Jr., George LeGrand, Mauricé Tannahill, P. B. Sowell, Ernest M. May, H. B. Miller, Charles F. Burk and R. L. Pinnell.

## Rapstine Dies Following Long Illness

Rosary services for Ed Rapstine, local farmer who died Tuesday afternoon at the Deaf Smith County Hospital, were held Tuesday and Wednesday nights at the Rapstine residence in Hereford and high mass was scheduled to be held this morning at White Deer, where burial will take place.

Mr. Rapstine came to this county from White Deer in 1929 and was actively engaged in farming until the past few years. Because of failing health, he moved to Hereford four years ago from his farm northeast of here.

Mr. Rapstine underwent an operation on December 19 at the local hospital and had been in a critical condition since that time.

Survivors, besides his wife, include six children, Edward, Victor, Gary Don, Patricia, Marilyn and Vivian; his mother, Mrs. Jerome Rapstine of White Deer; five sisters, Mrs. Howell Saunders of Pampa, Mrs. Arvin Click and Miss Jewel Rapstine of White Deer, and Mrs. C. E. Hughes and Mrs. Mark Underwald of Hereford; and four brothers, Ben, Henry and Emil Rapstine of White Deer and John Rapstine of Groom.

ding, dishes and other types of household goods bring them to the office, in order that the Red Cross may be able to help families when they suffer losses by fire.

There are eight children in the Lee family and clothing could also be used.

Agencies such as Goodwill Industries, founded in the Methodist Church over 25 years ago, are called upon today to expand their services to the growing number of handicapped people. Annual current budgets of 90 Goodwill operating throughout the country today, according to Superintendent Oliver A. Friedman, total \$7,600,000. Last year these agencies served more than 25,000 persons, employing an average of 6,000 persons daily. "Goodwill Industries are recognized as outstanding in the field of service for the handicapped and because of this recognition have great responsibility now, in the immediate future and in the post-war world so to perfect and extend their service that they may reach and serve every handicapped person who needs their

## H. D. Council Has First Meeting of Year

A large variety of business was attended to when members of the County Home Demonstration Council met Saturday afternoon at the courthouse for their first program of the year.

New council members were introduced and general rules for procedure were discussed and approved, after the meeting had been opened by a short program under the direction of the recreation chairman, Mrs. Merlin Kaul.

Tentative plans for the district meeting were discussed and instructions have gone to each club to name a delegate-in-time for consideration at the February Council meeting.

Mrs. Earl DeHart announced a contest for articles on post war planning and invited all members to participate. The articles would contain approximately 1,000 words, should be typed and should reach Mrs. DeHart not later than March 15.

Mrs. Clarence Hollabaugh, marketing chairman, announced that a shipment of Ponderosa pine trees will be received here on Feb. 6 and that the cost will be low. She pointed out the value of these trees in making a windbreak and some instructions for the care of the trees were presented.

The council also learned of a new type of hybrid tomato developed by the Burpee Company and learned of the method of developing hybrid plants.

Present were Miss Sadie Lee Oliver and Mesdames Manuel Hawks, Roy Lee Wilson, Merlin Kaul, Steve Williams, G. E. Harris, Clarence Hollabaugh, V. P. Walker, R. L. Cocanougher, George Heard, Earl DeHart, Frank Wilde, W. M. Cogdell, V. E. Dodson, Calvin Edwards, Horace Hershey, Roscoe Pinnell, R. L. Campbell and T. B. Cox.

## ITALY: PIN-POINTING A SUPPLY DEPOT

Accuracy of our precision bombing is illustrated here in pictures taken during an attack by B-25 Mitchell mediums on a German supply depot at Tortona, Italy. First, the depot before the attack; second, billowing smoke after the first bomber wave; third, the smoke clears, showing buildings 60 per cent destroyed; fourth, the second wave launches destruction on remaining buildings. Note that no explosions can be seen in area other than the buildings, even during the second bomb run when the target was much smaller. (USAAF photos.)

T. W. Roberson, Irvin Reeves, B. F. Reeves of Belcherville, Orville Houser, Hubert White, Misses Ela Alkman, Ethel Womble, Naomi Brunley, Connie Hopson and the honoree. Many sent gifts who were unable to attend the party.

Buckley's Famous "CANADIOL" Mixture Acts Like a Flash  
Spend a few cents today at any drug store for a bottle of Buckley's CANADIOL Mixture (triple acting). Take a couple of sips at bedtime. Feel its instant powerful effective action spread thru throat, head and bronchial tubes. It starts at once to loosen up thick, choking phlegm, soothe raw membranes and make breathing easier.  
Sufferers from those persistent, nasty irritating coughs or bronchial irritations due to colds find Buckley's brings quick and effective relief. Don't wait—get Buckley's Canadiol today. You get relief instantly.

"How are you?" Last week we received the same answer from nearly everyone, "I'm tired." Sleeping only three or four hours out of 48 didn't help their dispositions either. And there were four dances last week, too, which interfered with sleep. By Sunday we had decided to stick to the old "Hello" so that we wouldn't know how tired everyone is.

Feb. 3—Open House at the USO. Visitors welcome.  
Feb. 5—Doughnut Dunking Contest—Quiz Contest—Dancing—Clubhouse.  
Feb. 12—Lonely Hearts Dance. Club House. "Hearts" will be played in front room.  
Feb. 19—Table Games—USO.  
Feb. 26—Backward Dance.

A large number of the local residents bought tickets to the President's Ball and then turned the tickets in to the USO. The men who received them want to express their appreciation to the people of Hereford for their generosity and thoughtfulness. Have you seen our Victrola? We are very proud of it. Mrs. Troy Stambaugh has loaned it to us to play our good records on. Now we can really enjoy the music of the Masters. Our thanks to Mrs. Stambaugh. Letters came from Mrs. Piwko, Mrs. Shapio, and Mrs. Hosszu last week.

The death of the Rt. Rev. Ved-anayakam Samuel Azariah at Dornakal, South India, takes from the Anglican Church its first native Indian bishop, and from worldwide Christianity one of its most trusted and colorful leaders. As the Bishop of Dornakal he had built and presided over one of the largest dioceses of his communion in the world. Within Dornakal's 21,000 square miles are six million people, of whom more than 200,000 are Christian members of the Anglican faith. The Bishop's fame spread far from India, and he was a welcome visitor and speaker at various times at conferences in the United States, in England, in Switzerland, and in

Australia. A liberal churchman, he was the chairman of the National Christian Council of India, a worker for church unity, and a promoter of the ecumen-

ical church and the World Council of Churches and the International Missionary Council.

### In the Service

**Robbs Has Front Seat**  
**For Invasion of Luzon**  
 S 1-C Dean Robbs had an  
 excellent excuse for getting be-  
 hind with his letter writing. He  
 was on the USS Lunga Point  
 which played an important part  
 in the American landings on Lu-  
 zon by taking part in the in-  
 itial "softening up" of Jap shore  
 batteries and installations.  
 Seaman Robbs' wife this week  
 received a graphic description  
 of the action in Lingayen Gulf  
 in the form of a mimeographed  
 letter which gave the complete  
 story of the part played by the  
 Lunga Point in the invasion.  
 Despite the fact that they  
 ran the gauntlet right through  
 the middle of the Jap-held Phil-  
 ippines to keep their rendezvous  
 at Lingayen Gulf, the ships in  
 Robbs' convoy met relatively  
 light resistance. However, one  
 narrow escape was reported,  
 when a Jap bomber "peeled off"  
 at 7,000 feet and started for  
 Robbs' ship. But the ship's guns  
 got the bomber, which crashed  
 into the water and exploded  
 into a thousand pieces, making  
 —to quote Robbs' letter—"ran-  
 cid hamburger of the Son of  
 Nippon flying it."  
 Arriving off Lingayen Gulf,  
 the men of the Lunga Point did  
 an excellent job, rating the tra-  
 ditional Navy "well done" sev-  
 eral times during the action.  
 They had a first hand picture of  
 the huge 70-mile long Convoy  
 which brought invasion forces  
 into the Gulf, and were happy  
 to know that their work was suc-  
 cessful when the first assault  
 waves went in with light cas-  
 ualties and succeeded in estab-  
 lishing the beachhead for forces  
 which are now rapidly ap-  
 proaching Manila.

### A Bargain is Often An Illusion, too

Strong claims and wild promises mean  
 nothing unless they are backed up by  
 performance. Bargains in Sales Books  
 are largely mythical. The fundamen-

 applies in this business the same as  
 it does in your own.

**W. S. C. S. HONORS FORMER PASTOR AND WIFE WEDNES.**

A former pastor and his wife, Rev. and Mrs. T. C. Willett of Muleshoe, were honored at a luncheon given by members of the Woman's Society of Christian Service of the Methodist Church yesterday at the church.

The occasion was in the form of a celebration honoring Mrs. Willett's birthday and gifts were presented by old friends. Also honored in the celebrations was Mrs. W. B. Anthony, pioneer member of the W. S. C. S. who was also celebrating her birthday.

After the luncheon the regular meeting was held with Mrs. Cawthon Bryant, president, in charge. She announced the Fellowship luncheon to be held next Wednesday at which time Miss Dora Jane Armstrong, returned missionary from Africa, will be the principal speaker.

A playlet along the theme of the program was presented by Mrs. H. D. Reed, Mrs. Frank Terrell, Mrs. J. E. Beyer and Mrs. J. B. Jones.

Rev. Willett gave the devotional lesson and Rev. Marvin Boyd, pastor, talked on the "Crusade For Christ" now being sponsored by the church.

**Industrial Conference Huge Success**

Visitors to the Panhandle Industrial Conference held in Amarillo last week describe the show as a complete success in every way—and the Deaf Smith County exhibit as definitely the outstanding agricultural display at the show.

The Hereford exhibit used four tables and extended 60 feet in one of the most desirable exhibit sections in the show rooms; and a large number of the approximately 12,000 persons who attended the conference saw the complete display of Deaf Smith County soils, water, agricultural and industrial products which were arranged by the Hereford Chamber of Commerce.

Much interest was aroused by A. W. Erickson's talk on Deaf Smith County Soils and Dr. Edward Taylor of the dental division of the state health department reported on the scientific basis for the relatively low tooth decay rate in the county. A. R. Bateman, local county agent,

yielded his time on the program in order that Dr. Taylor might present his topic in full.

A large number of Hereford citizens attended the conference; and much interest in the territory was roused among out-of-state visitors. In fact, one inquiry has already been received at the office of the Hereford Chamber of Commerce as a direct result of the county's successful role at the industrial conference, a large industrial concern having requested complete information on the water and power facilities of the town; and Dr's. C. H. Stone and C. H. Dodge have taken parts of the Hereford exhibit to display at various cities in the Pacific Northwest.

**Brothers Meet in France for First Visit in Four Years**

Lt. Goldman T. Brashear and Staff Sgt. Frank E. Brashear, brothers, met for the first time in four years, in France in December. They had time to visit for half a day before Frank returned to the front during the German drive into Belgium.

Staff Sgt. Frank Brashear, a paratrooper, has been overseas for two years and was on the front for 58 days, straight, just before the German drive started. He celebrated his birthday on Oct. 17 in a foxhole in Germany and reports that Christmas was "just another day"—except that he celebrated by not getting a bite to eat all day. Sgt. Brashear has been wounded twice and decorated twice.

Lt. Goldman Brashear has been overseas since July, 1944. He is adjutant for an M. P. Battalion.

They are sons of Mr. and Mrs. George Brashear, formerly of Hereford and now of Corpus Christi.

Chaplain Robert Clingman urges that people send photographs to the GIs in the Southwest Pacific. Chaplain Clingman, whose father is Bishop of the Protestant Episcopal Diocese of Kentucky, wrote from somewhere in the Pacific: "There was a time in college when I'd shake an envelope to see if there might be a check enclosed. Now we do the same stunt, but don't want money—just hope that a picture will drop out. We spend hours looking at snapshots of each other's wives, kids, families and gal-friends. We probably know more about the other guy's folks whom we have never seen, than if we had lived in the same town. Do send your man photographs!"

**Meet in New Guinea**  
Guyeth Bogle and Todd Herington are stationed only about a mile apart and have been able to get together fairly often, according to a letter received recently by Guyeth's parents, Mr. and Mrs. C. L. Bogle of the Sims community. Guyeth has been in New Guinea for seven months and has now completed a course in airplane mechanics.

Todd, whose home is at Summerfield, has been in New Guinea for more than a year.

## Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

Cpl. Jack Carter, son of Mr. and Mrs. A. R. Carter of Hereford, who is now stationed at Corpus Christi.

Carter, 22, veteran of 19 months' overseas duty in the Pacific, is now stationed here as a member of the Marine guard detachment at the Naval Air Station.

The Marine, son of Mr. and Mrs. Albert R. Carter, Hereford, Tex., was a member of an infantry regiment and served in Samoa and the Wallis Islands. He was a member of an outpost in the Wallis Islands near Jap occupied territory and was alerted many times by naval fire and bombings from Jap planes.

Shortly before his outfit was to move in to the Marshalls, Carter suffered attacks of a tropical ailment and was hospitalized. He was returned to

the states for recovery.

### Brashear Leads Group In Tough Fight on Leyte

WITH THE 112TH CAVALRY ON LEYTE—The weapons platoon of 1st Lt. George E. Brashear of Hereford, Tex., has seen some of the bitterest fighting on Leyte.

Deep in the jungle, Lieutenant Brashear and his troop were called upon to attack a strongly fortified position. The Japs were over head on a steep ridge and the lieutenant and his men were forced to set up their mortars and .50 caliber machine guns on rough, uneven ground. Running into a terrific hand grenade barrage, the troop was fought to a standstill. The heavy weapons platoon again moved up. Hacking their way through the dense jungle, they slowly inched forward until they could again set up their weapons. This time they succeeded in neutralizing the Jap position.

Before entering the Army in January, 1941, Lieutenant Brashear was employed on the farm of Joe Evans of Hereford. He received his training at Fort Clark, Tex., and came overseas in July of 1942.

(Editor's Note: According to information received by his family here, Lieutenant Brashear was wounded in action on Leyte and has now been evacuated to an Army Hospital somewhere in the Pacific area.)

### At Great Lakes

Alvin Kenneth Rettmann, 22, son of Mr. and Mrs. Carl Alfred Rettman, of Hereford, Texas, is receiving his initial Naval indoctrination at the U. S. Naval Training Center, Great Lakes, Ill.

His recruit training consists of instruction in seamanship, military drill and general Naval procedure, and he will also take aptitude tests to determine whether he will be assigned to a Naval Service School, to a shore station or to immediate duty at sea.

When his recruit training is completed, the seaman will receive a period of leave.

### Address Changes

Recent changes and additions to The Brand's serviceman mailing list include the following:

S 1-C Clyde Brock, now stationed at the Corpus Christi Naval Base after returning from sea duty in the Pacific.

S 2-C C. M. Brown, at the San Diego Naval Training Station.

S 2-C John David Dowell, attending a Navy school at Bainbridge, Md.

Pvt. Theodore Bednorz, recently transferred from Camp Mackall N. C., to Ft. George G. Meade, Md.

James Nolan Edmonson, who is now getting his mail care of the New York Fleet Post Office.

Tech. Sgt. Joe A. Huckert, who is stationed somewhere in New Guinea as ground crew chief with a night fighter squadron.

### Jennings Here

Tech Sgt. and Mrs. Ralph Jennings arrived Friday for a visit with his parents, Mr. and Mrs. Carl Jennings. Sgt. Jennings is at present stationed at Liberal, Kans.

**DOTTY LAMOUR**, the sargon-queen is back in the garment that made her famous in "Beyond the Blue Horizon" the week-end feature at the Texas. It's full of catchy tunes and sure-fire comedy in addition to the Lamour torso and an improbable—but beautiful—jungle setting.

### Captain Fullwood Here

Capt. and Mrs. Edward Fullwood left Friday for Miami Beach, Fla., where he will be re-assigned to duty in the Army Signal Corps. Captain and Mrs. Fullwood spent ten days here visiting his parents, Mr. and Mrs. R. A. Fulwood, and his sisters, Mrs. D. C. Walser and Mrs. Chas. Noland and their families.

Fullwood was one of the first Hereford men to see overseas service and he has been in the South Pacific for three years. His wife is the former Miss Helen Watson of Chicago and has been employed as a nurse at the Cook County Hospital there while Captain Fullwood was on foreign duty.

### Mrs. Gilliland Named Information Chairman By Red Cross Chapter

Appointment of Mrs. P. H. Gilliland as public information chairman of the Deaf Smith County Red Cross was announced this week by E. C. Eubanks, chapter chairman.

Mrs. Gilliland takes the place of Geo. V. Stambaugh, who has resigned after more than a year's service in the position; and she will be in charge of exhibits and similar phases of the Red Cross public information program.

In taking the new Red Cross post, Mrs. Gilliland resigned her position as co-chairman of the Red Cross camp and hospital service committee.

### Cooperation of Hereford People Made Possible Success of Exhibit

Declaring that more interest and cooperation was shown toward the recent exhibit and "Hereford Banquet" at the Industrial Conference in Amarillo than at any time in recent years, E. B. Posey, secretary, joined directors in expressing appreciation to the general public and especially to persons and firms who gave assistance in various lines.

"Naturally, there were a few people who were indifferent," the group said, "but we are glad to report that people of this community seem to be realizing the importance of an active and aggressive Chamber of Commerce. The willingness shown in giving their time and in some instances food products indicates a spirit which will do much for the town and community."

"After all, the Chamber of Commerce is the people of the community and it can be no more active or progressive than the people themselves. We certainly appreciate everything which was done for us in preparing the exhibit and if any name has been omitted from the following list we are sorry, because it is our intention to recognize the efforts of those who have been especially cooperative."

Persons and firms cited by the C. of C. for cooperation follow: J. L. Pevley, Virgie Sparks, Margaret Higgins, Mary Lookingbill, Mr. and Mrs. H. A. Close, Mr. and Mrs. Glenn Boardman, D. W. Finlan, Jack Rose, Pitman Grain Co., The Hereford Brand, Packard Milling Co., Fraser Milling Co., Thompson and Dunn, Mr. and Mrs. N. E. Gass, Mr. and Mrs. Henry Kuper, Elmer Patterson, A. O. ## Farm Machine Production to Be Same as '44

During the 1945 crop year it is expected that American farmers will obtain approximately the same amount of new farm machinery and attachments as they did in the previous year and nearly \$20,000,000 more in repair parts. The Office of War Information said today in a report on farm machinery production and distribution. The supply probably will not meet greatly expanded demands.

Data for the comprehensive report were supplied by the War Food Administration, War Production Board, Bureau of Agricultural Economics and the Foreign Economic Administration. Highlights of the report follow:

1. Approximately 90 per cent of the new farm machines (except tractors) rolling off assembly lines in the United States during the 1945 production year (July 1, 1944, to June 30, 1945) will be available to American farmers.

Approximately 10 per cent will go abroad—approximately 7 per cent in commercial exports, and 3 per cent through Lend-Lease, according to the Foreign Economic Administration.

2. For the 1945 production year, farm machinery companies have scheduled slightly more production in dollar value—a total of \$697,000,000—of new machines, repair parts and attachments for domestic and foreign use than they had in 1944, WPB reported.

The 1945 production program is divided as follows:—\$455,000,000 for new machines; \$204,000,000 for repair parts and \$38,000,000 for attachments. This compares with scheduled manufacture in the previous production year (1944) when the total was \$682,000,000. The 1944 total included:—\$465,000,000 for new machines; \$185,000,000 for repair parts and \$32,000,000 for attachments.

3. As long as the war continues, farmers will not be able to buy as much new farm machinery as they will need in order to

Along with slush and mud, cows, too, are hampering our troops in Belgium. Here medics of the 1st Army tug and coax to get a Belgian bossy out of the road leading from Tri-le-Cheslaing to the Grandmenil area so troops and transports can get through.

maintain their facilities at greatest efficiency, the War Food Administration reported.

WFA said that in 1945 supplies of new farm machinery, even if manufacturing schedules are met, will not meet essential demands. No more new tractors, side delivery rakes, combines or other haying and harvesting machinery will be available during the 1945 crop year than were available during the 1944 crop year.

Because emphasis is on military production, no action has been taken on the supplementary farm machinery production program as submitted by WFA to meet farm machinery needs that had developed after the present production schedules were set, WFA reported. Current problems of farm machinery manufacture are indicated by the fact that for the first quarter of the 1945 production year (July, August and September, 1944) production of new farm machinery, exclusive of wheel tractors, repair parts and attachments, was approximately 25 per cent behind schedule, according to the War Production Board.

This lag in production was caused by manpower shortages and the difficulty in obtaining components, chiefly malleable and gray iron castings. In the middle west, where the bulk of the American farm machines are

made, the labor supply is inadequate and is likely to remain so while urgent war production continues, WPB said.

4. Production of new farm machinery units is now at an annual volume that approximates that of 1941, the largest pre-war production year. During the 1943-44 census year (November 1, 1943, to October 31, 1944), however, American manufacturers of farm machinery nearly doubled the dollar value of total production as compared with the 1942-43 census year.

American farmers are making greater use of individual farm machines during the war. The exchange and cooperative use of some machines, such as tractors and combines, has increased markedly.

The custom use (operation for hire) of other farm machinery, especially combines, corn pickers and windrow pick-up balers, also has increased. Many farmers who bought new equipment during 1943 and the first nine months of 1944, agreed to share use of the machines with others as a condition of obtaining purchase certificates.

More intensive use of existing farm machinery is one factor that has helped to increase war-time food production in the United States. The food output reached an all-time high in

1944. More than one-third more food was produced during 1944 than in the pre-war period of 1935-39, although farmers were handicapped by shortages of farm machinery and labor, the War Food Administration reported.

The mechanization of American farms has increased since 1941 despite the curtailed production of farm machines. The number of certain key machines on farms has increased. Among them, however, are machines that have passed their normal period of usefulness and would have been disposed of by farmers except for war time conditions. Approximately 7 per cent of the tractors and a comparable number of other machines on American farms on Jan. 1, 1945, would have been replaced had new machines been available, the Bureau of Agricultural Economics reported.

In 1941, farmers replaced approximately 100,000 tractors. During the war the rate of replacement has been as low as 60,000 a year, the Bureau said.

There were approximately 12 per cent more tractors on farms on January 1, 1945, than there were on the same date in 1942. Percentage increases in the number of tractor cultivators and tractor row crop planters were greater than for farm tractors. But the production of most

# Another Drop in Tire Quotas

For the second consecutive month there has been a drop in the number of passenger car tires available to essential motorists. The national total is 200,000 less for February than were January quotas—400,000 less than the number available in December. There can be no question in your mind that the tire situation is critical. More tires are going to the armed forces. That means fewer tires for civilians. Never was tire conservation more urgent than now.

Certainly there is little chance for even essential "B" and "C" card holders to get sufficient tires. There is only ONE sure way to keep driving—and that is by taking special care of the tires now on your wheels. Have them inspected regularly. Make all repairs promptly. Keep them properly inflated. And by all means RECAP IN TIME—at the FIRST SIGN OF THE TREAD BEING WORN SMOOTH! FURTHER DRIVING IS DANGEROUS AND MAY DAMAGE THE CASING BEYOND THE RECAPPING STAGE. Do your share. We'll do ours.

Truck operators in this area must practice every means of tire conservation to assure continuance of their important services. We offer every possible cooperation to truck owners — to reduce operating costs — to secure all mileage from present tires and assure safe travel. Trucks must run. Owners must realize that tires are scarce and that there is little hope for early improvement.

## Lt. Helen Van Duesen-Capt. Gilliland Are Married on January 20 in Hawaii

Before an improvised altar of greenery and white star jasmine halfway across the world in Hawaii, Capt. James C. Gilliland, son of Mr. and Mrs. Carl Gilliland of Hereford, and Lt. Helen Van Duesen of Chicago, Ill., were married in a simple double ring ceremony on Jan. 20.

The ceremony was performed at the home of American friends, Mr. and Mrs. E. J. Shackleton, on Kaula, one of the Hawaiian Islands with the Army chaplain, a Baptist minister from Texas, officiating. Guests included ap-

proximately 50 Army Air Force personnel and civilian friends.

Traditional wedding music was played on a field organ with violin accompaniment and two vocal solos—"I Love You Truly" and "O Promise Me" preceded the ceremony.

The bride, who is stationed in Hawaii with the Army Nurse Corps, wore the regular nurses dress uniform of light beige with small cap. Her corsage was of white orchids. Her only attendant was a Navy Nurse, also in regulation uniform. Lt. James P. Champion of Georgia served as best man.

An informal reception followed the wedding. The refreshment table was centered with an arrangement of star jasmine and lilies. Martha Barth, close friend of the bride, presided at the punch bowl and the wedding cake was placed at the other end of the table.

After a short honeymoon trip to the Shackleton mountain home the couple returned to their respective bases.

Captain Gilliland graduated from Hereford High School and is a graduate of Virginia Military Institute. He also attended the University of Texas Law School. Before enlisting in the Army Air Forces he was Deaf Smith County Attorney. He has been overseas for the past 34 months.

## Dallas Guest Is Honoree At Bridge Party

Honoring Mrs. L. B. Barnett of Dallas, Mrs. J. E. Kirby entertained with a three-table bridge party at her home Thursday evening.

Mrs. Barnett has been visiting her husband's parents, Mr. and Mrs. R. E. Barnett, of Black, and friends here. She formerly made her home here with her husband, Dr. Barnett, who is now with the Marines in the Pacific War theater.

Contract games, provided entertainment for the get-together with Mrs. Ralph Hastings playing high for the score award.

Those present were Mesdames J. T. Gilbreath Jr., Ralph Hastings, J. R. Allison, Troy Moore, T. E. Seigler, Jr., J. R. Fowkes, Lyle Woodford, Louis Woodford, Chas. Hardwick, Gaylord Newell, Wayne Evans, the honor guest at the hostess.

## Officers' Wives Meet in Canyon

Members of the Officer's Wives Club of the Hereford P. O. W. Camp met last Thursday afternoon in the home of the president, Mrs. B. H. Davis, in Canyon, for a luncheon meeting honoring Mrs. C. M. Harvin and daughter, Frances, of Dallas, who arrived here recently to join Major Harvin, who is stationed at the Hereford Camp.

In addition to the luncheon and social hour, the officers' wives made further plans for Red Cross work and other service activities in which the group is engaged.

The club, which was organized last fall, has been active in sewing for the Red Cross and in other welfare activities. At Christmas they packed gift boxes for distribution to service personnel; and they have also carried out a project for decorating the Officer's Club at the camp.

Present at the meeting last week were Mesdames D. Mastrianni, L. Hood, H. Y. Hoffman, F. Rouso, F. Shappy, D. Davenport, C. M. Cline, the hostess and the honor guests.

Mr. and Mrs. A. T. Layman and sons of Climax, Colo., spent the past week in Hereford visiting relatives and friends.

Alvina Eberling of Exeter, Calif., has spent the past two weeks in the W. H. Goettsch home.

## Mrs. Woodford Discusses Child Psychology

The Child Study Club met in the home of Mrs. Ira Foster Thursday evening with Mrs. O. M. Stewart, president, presiding over a short business session.

The subject for the evening "The Freudian Theory of Child Psychology" was discussed by Mrs. Lisle Woodford. Using two books, "The Human Mind" and "Love Against Hate" both by Dr. Karl Menninger, a foremost American psychiatrist, she quoted his definition of mental health as follows: "The adjustment of human beings to the world and to each other with a maximum of effectiveness and happiness. It is the ability to maintain an even temper, an alert intelligence, socially considerate behavior and a happy disposition."

Mrs. Woodford made the statement that it is an estimated fact that 50 percent of all bodily aches and pains have an emotional rather than a physical basis; and that it is highly important that mothers obtain a knowledge of modern child psychology, as the beginning of all emotional illnesses can be traced to early childhood relationships. Concluding she quoted Dr. Menninger as saying "I would see education beginning at the cradle with encouragement given the child for more freedom of aggressiveness, and with the giving of more affection, interest and attention."

Members of the club present were Mesdames Cawthon Bryant, Worth Covington, Herman Ford, W. F. Harlow, Merlin Kaul, D. C. Kinsey, Carl Oldham, J. C. Reese, John Robinson, Earl Springer, O. M. Stewart, Lisle Woodford and the hostess, Mrs. G. W. Griffith was a guest of the club.

Week end guests in the Glenn Rutter home were Cpl. Henry Straten and Cpl. Walter Kenny of the Amarillo Army Air Base and Pfc. Harold Francis of the Hereford P. O. W. Camp.

Mr. and Mrs. Jack Dean and Millard and Augustine Gregory were guests Sunday in the home of Mr. and Mrs. Glenn Rutter.

Milton Caniff and Roland Coe, popular cartoonists, started drawing in Boy Scout Camps.

Before the Japs occupied the Philippines there were thirty-six thousand two hundred and twelve Boy Scouts in the Islands.

## Ministers Outline Post-War Tasks at Federated Women's Club Meet Friday

Second quarterly meeting of the Deaf Smith County Federation of Women's Clubs was held at the First Christian Church featuring a luncheon-program beginning at one o'clock.

Hostess clubs were Pioneer, Lope Star, B & PW and Dawn Study Clubs. Pastors of the local churches conducted the program in the form of a panel discussion on the subject "The Church in the Post-War World."

Rev. James Aiken, pastor of the Presbyterian Church, opened the program stating that "we must first know the causes of world disorders before we can know how to eradicate them and we know that individual and corporate selfishness is the cause of war."

In discussing "The Rehabilitation of the Church in Foreign Countries" Rev. L. W. Bridges, pastor of the First Christian Church, made the statement that the rehabilitation of the peoples in foreign countries could not be done by government agencies. He gave statistics proving that one month's war expenditures would run all the protestant missionary enterprises for six months.

Rev. Marvin Boyd, pastor of the Methodist Church, told of plans for the task of the church at home in a post-war world. He outlined three phases of progress naming military victory, relief of human suffering and christianization of the world, to prevent another world war. He concluded his talk by saying, "We are in danger of losing the victory here at home where the church group is the minority group."

The regular meeting of the federated group will be held the fourth Friday in April when the annual fine arts program will be presented under the direction of Mrs. H. L. Broadwell.

## LUTHERAN LADIES AID MEETS IN WEDEL HOME

Ten members of the Immanuel Lutheran Ladies' Aid Society met at the H. T. Wedel home Thursday afternoon for their monthly topic discussion and business meeting. Mrs. Anna Selber served as hostess. After the chairman, Mrs. R. A. Frye, called the meeting to order, Mrs. J. E. Springer presented the topic "Anna, the Widow and Missionary" based on Luke 2: 36-40. Rev. Herbert Ries led the discussion on how the Christian woman can be a missionary. The present race problem was also discussed. The ladies decided to serve at the U. S. O. when there is an opening.

Present were Mesdames Adolph Frye, R. A. Frye, H. H. Miller, J. E. Springer, Henry Tiefel, H. T. Wedel, Louie Wedel, Carl Witt and Miss Bertha Frye.

Rev. Herbert H. Ries and the hostess. The next meeting will be in the home of Mrs. J. E. Springer on Feb. 22.

### WMC Distinguishes Between Critical And Essential Work in Draft Guide

The guides set up by the War Manpower Commission for Selective Service in inducting men in the 26 through 29 age group clarify the difference between "essential" industrial employment and that which is considered "critical" to the war production program, according to definitions released this week. Most smaller communities which are closely related to their agricultural areas will find that most of the men in the affected age group fall in the category of "essential" employment when they work in such fields as the following:

Agricultural services — Commercial poultry hatcheries, seed processing, animal breeding, crop disease protection services,

initial processing services of compressing, threshing, cleaning, shelling, curing, etc., irrigation services, custom grist milling and rice harvesting. No "critical" employment is listed by WMC for agricultural services. The production of packaging materials for shipping and preserving essential products is also listed as an essential class of employment.

In the category of "critical" employment, as it may affect the draft status of citizens of non-industrial smaller towns is listed such work as the repair of automobiles, buses, trucks, tractors and farm equipment. However it is intended that the category of repair services, consid-

eration be given only to individuals qualified to render all-round repair services on the types of equipment included in the essential list. Types of repair service other than the above are deemed "essential."

In the field of health and welfare services the "critical" classification is applied to physicians, surgeons, dentists, oculists, osteopaths, sanitary engineers, veterinarians engaged in farm livestock treatment, medical, dental and optical laboratory workers, pharmaceutical services, hospitals, nursing services and institutional care. Into the "essential" class go mortuary services, welfare services to civilians and similar classes of work.

Substantially, the guide system set up by WMC, which is in accordance with the Directive to Selective Service by the Director of War Mobilization and Reconversion, James F. Byrnes, reflects the intensified demands for men and materials to wage the war and the fact that more readily available resources have already been exhausted.

"The requirements of the law are that the veteran must be found qualified by training or experience to engage in the type of business for which he seeks a loan, the property sought to be acquired is reasonable in price and suited to its intended purpose, and that the venture is likely to succeed.

"Since the Act does not provide for loans to run businesses, the lender will want to know whether the veteran has sufficient funds for this purpose, as well as ability, dependability, business experience, and business character, to assume a reasonable likelihood that the contemplated operations will be successful. The lender will also want to know whether the veteran has been in such business before entering the service and the nature of his service experience and training.

"Veterans are well advised to be on guard against fraudulent or absurd propositions and to be careful of exploiters. With the aid of the banker, who is school-

ed in such matters, veterans should investigate very carefully all propositions presented to them. There are many pitfalls, difficulties and hard work in operating one's own business."

"The requirements of the law are that the veteran must be found qualified by training or experience to engage in the type of business for which he seeks a loan, the property sought to be acquired is reasonable in price and suited to its intended purpose, and that the venture is likely to succeed.  
"Since the Act does not provide for loans to run businesses, the lender will want to know whether the veteran has sufficient funds for this purpose, as well as ability, dependability, business experience, and business character, to assume a reasonable likelihood that the contemplated operations will be successful. The lender will also want to know whether the veteran has been in such business before entering the service and the nature of his service experience and training.  
"Veterans are well advised to be on guard against fraudulent or absurd propositions and to be careful of exploiters. With the aid of the banker, who is school-
