County Chiseling Program Announced By ASC Group

An emergency chiseling practice program will go into effect immediately in Deaf Smith County...

quoted members as saying, "and the practice will be continued until we get some rain..."

Furrows must be at least six inches deep and not less than 30 inches or more than 40 inches apart...

Applicants will be given rules for the practice at that time. Fifty cents an acre will be paid for chiseling at least six inches deep...

Around Town

It's looking like Christmas now Around Town. Jaycees have completed putting up their decorations...

Ten cooperating merchants have announced plans for a Christmas Toy Parade, which will be sponsored by the La Madre Mia Study Club...

A guest of the Lions Club this week was Supt. Fred J. Cunningham.

The Light Crust Doughboys will be in Hereford next Wednesday. From 10 until 11 the group will precede the regular meeting.

Teachers To Be Honored At P-TA Meeting Monday

Several Hereford teachers will receive special recognition by the School Board Monday night at the regular Parent-Teachers Association meeting...

The meeting, which will begin at 7:30 p.m., will also feature a panel discussion on "The Family Sustains the School."

Members of the panel, which will be headed by Mrs. Elmer Patterson, will be Pat Sullivan, High School principal; Mrs. Carol Whiteside, Shirley School teacher; Jim Kirby, second vice president of the P-TA; Mrs. Maurice Tannahill, third vice president of the P-TA; Robert Davis, High School senior; and LaVera Head, junior.

Kenneth Coker, president, urged all parents and others who are interested, to attend the meeting. He said a Board meeting would precede the regular meeting.

Two Rows To Bed Pay Off For County Cotton Farmer

What County Agent Hugh Clearman terms the "best per acre yield I've seen since I've been in the county" has been harvested by J. H. Burrell.

Burrell, who farms about four miles east of here, harvested 24 bales of cotton from 10 acres. That's just almost 2 1/2 bales to the acre.

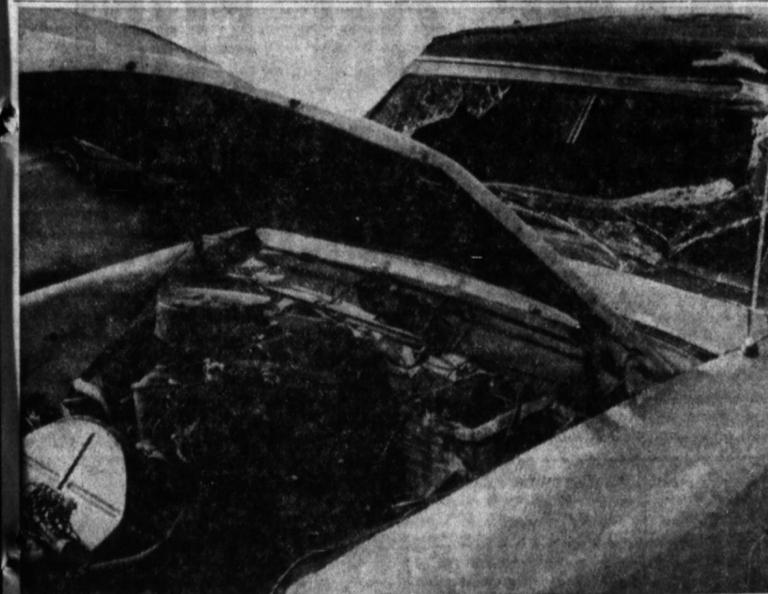

The amazing yield has caused considerable comment. Burrell did it by planting two rows of Paymaster seed to the bed. He said he got the idea from his wife, who read about a farmer somewhere doing it and getting two bales to the acre.

"We just had a 10 acre allotment, so I thought I'd give it a try," he said, Burrell planted his crop just like you would lettuce. He said he planted it with a wheat drill with some of the holes stopped up.

There was one bad point, however. The cotton was so thick that it couldn't be pulled with a puller. Burrell tried to harvest his crop mechanically, but the puller just couldn't make it. He then had the cotton hand pulled.

Burrell said he watered part of the cotton three times and part of it four times, and got a heavier yield on the part he watered the fourth time.

Will he try the same technique next year? "Yes Sir," he said, "if I still have an allotment."

NOT THANKFUL — Pictured above is the late model Studebaker which ran under the back of a truck about four miles west of Hereford Thanksgiving Day. The car was driven by

William Armstrong of Roswell, N.M. and the truck by Carlos Trivino of Hereford. Neither were hurt, but the car was badly damaged. (Staff Photo)

GAY REMINDER — Thanksgiving is over and forgotten, and it's time now to start thinking about Christmas, Wanda Kimbrough points out with her appropriate sign. Wanda is a Hereford High School senior, and the 17-year-old daughter of Mr. and Mrs. M. R. Kimbrough. The decoration she is standing under is one of the lighted displays put out by the Jaycees along Main Street. (Staff Photo)

Money Troubles Bother Family

So far it's all in the family, but the neighbors are worried about it being catching.

The other day Mrs. J. C. Morrison washed her husband's billfold which was almost the last straw. The money wasn't hurt but the billfold was a total loss. This incident climaxed (they hope) a series of billfold and purse losses in the Morrison family this fall.

Mrs. T. B. Thomas, their daughter, was the first to mislay her purse. A few days later

Junior Red Cross Enrollment Goes Over The Top In Hereford Schools

Junior Red Cross enrollment was completed this week with all the schools participating and reporting 100 percent membership. Mrs. Millard Nobles, Junior Red Cross chairman, announced Saturday.

Mrs. Nobles said a total of \$190.44 was turned in, and said a total of 2593 students contributed.

A breakdown showed that 600 students at High School contributed \$49.75, 532 students at Junior High gave \$41.50, 450 students at Central gave \$38.50, 517 students at Shirley contributed \$31.15, 175 Fifth Graders gave \$13.62, 53 pupils at Walcott contributed \$5.53, 57 students at Dawn gave \$2.65, 178 at St. Anthony's Parochial School gave \$5.77, and 31 at Parkview contributed \$2.

The Adult Committee working with Mrs. W. W. Buck, teacher-sponsor, was composed of Mrs. M. R. Latfiar, High School; Mrs. Kenneth Coker, Junior High; Mrs. Townsend Douglas, Central; Mrs. W. J. Messick, Shirley; Mrs. A. T. Mirns, fifth grade; Tom Collins, Walcott; Mrs. Reese Stewart, Dawn; Mrs. J. E. Pavleek, St. Anthony's; and Mrs. Willie Mathis, Parkview.

Local activities of Junior Red Cross during the past year included sending a representative to summer training camp in Arkansas, contribution of \$25 to the Eastern States Disaster Fund, contrib-

Christmas Lights To Shine Sunday

Christmas lights are scheduled to be turned on for the first time this year Sunday.

Hereford Jaycees, who each year put up the lights, have completed their work. The lights are in the usual places — along Main Street and Highway 60.

Jaycees said that as usual they expect some of the lights to fall during high winds. Anyone spotting a string down is urged to contact a member of the club.

Dedication Day At Summerfield Church Sunday

Summerfield Baptist Church will have its dedication day Sunday. There will be an all day service at the church starting with Sunday School at 10 a.m. They will also serve dinner at the church.

Dedication services will begin at 2 p.m. with an organ and piano concert. Miss Ann Lookingbill is the organist and the pianist is Mrs. K. W. Neill. At 2:30, song service, led by Gene Streun, will be held and at 2:55 there will be special music.

Dr. Franklin Swanner, district secretary, will bring the dedication message at 3 p.m. and they will adjourn at 4 p.m.

Training Union will be held at 6:30 p.m. and at 7:30 there will be a showing of movies and slides of the building of the church. After the showing there will be special music and evening worship. Rev. Don Larkin is pastor.

Lions District Governor Visits

District Governor W. T. (Dub) Nelson will be guest speaker Wednesday at the regular weekly luncheon meeting of the Lions Club, president W. J. (Dub) Reeves announced this week.

Nelson is a member of the Childress Lions Club.

Marshall Formby Is Speaker At Kiwanis Club Ladies Night

Marshall Formby, Plainview attorney and State highway commissioner, told the Hereford Kiwanis Club at a ladies' night banquet at the Jim Wells Hotel Friday night that people are going to church more in Russia than for the last two generations. This was one of his sidelight observations of life behind the Iron Curtain in summing up some of the things he and other newspapermen saw on a tour last spring.

Formby got a chance to see the bodies of Stalin and Lenin, and Russians were lined up for blocks to get the same opportunity. This goes on day after day, he observed.

He said the 200 million persons in the Soviet Union are ruled by a nine-man committee and the people themselves have little to say about the way the government is run.

Formby returned from a trip to 20 European countries with a group of 28 other radio and newspaper men only a few months ago. The editors interviewed prime ministers, presidents, the pope, king and queen of Greece and other high government officials on this trip. Most of their traveling was by plane.

They found the people "extremely friendly toward Americans and very appreciative of the financial aid given to them by the United States." Formby said that most countries had made substantial recovery in their economic conditions since the end of World War II. He said Western Germany had made rapid strides in rebuilding. The former Hereford resident said the Berlin airlift in 1948 was the best gesture the United States has made since World War II.

"It put the United States in solid with the rank and file of the German people. It brought home to the average German the fact that Moscow was willing to let him sit and starve, whereas the United States went to a maximum effort to bring him food and circumvent the purposes of the Russians," he said.

The Plainview attorney said Berlin offers the best contrast between our way of doing things and the Russians' way. In East Berlin where the Russians are in

control, little if any of the bomb damage has been erased, there are few new buildings, wages are meager, and the Germans in East Berlin wear a worn and defeated look. Just a few hundred feet make a dramatic contrast. In West Berlin, employment is high, thousands of homes, commercial buildings, and churches have been rebuilt, and streets are teeming with small German-built cars.

"The editors concluded that the average Russian does not want war but is a believer in peace," Formby said. "But unfortunately the policies of Russia are deter-

mined not by the people but by the nine ruthless rulers who sit in a yellow building behind the wall of the Red building."

The speaker said among other things that English is becoming the world's second language; the Turks are unafraid of Russia, having fought that country to a standstill several times; Charles (Chip) Bohlen is doing a good job in Russia as U. S. ambassador; Yugoslavia, wooed by the Reds and the West alike, borders seven countries and therefore would be a strategic place in the event of another war; Cyprus is the hottest spot in Europe today; Russia has 400 divisions ready for any emergency and has 20,000 serviceable planes at the front.

March of Dimes Drive Is Planned

The future of the continuing fight against polio will depend in large degree on the success of next January's March of Dimes, Mrs. Maurice Tannahill, County Campaign Chairman said today.

Mrs. Tannahill has just returned from a March of Dimes planning meeting in Dallas with Basil O'Connor, president of the National Foundation for Infantile Paralysis, which was attended by 50 volunteer leaders from Texas, Oklahoma and South Arkansas.

"The Salk polio vaccine marks a great step forward, but polio isn't licked yet," Mrs. Tannahill said. "It won't be until polio crippling is a thing of the past. That can happen only when everybody who is susceptible has been given the protection vaccine affords, and we have rebuilt the lives of tens of thousands for whom the vaccine came too late."

Preparations for the 1956 March of Dimes will start immediately in Deaf Smith County, Mrs. Tannahill said.

Christian Church Given Large Gift

A \$25,000 gift from the Jim Hill estate was presented to the First Christian Church here Tuesday night, the money to be used to help pay the cost of a new building for the church.

The gift came as a surprise climax to a victory dinner held in the church basement in which it was announced that \$56,301 has been donated or pledged toward the building. Before the \$25,000 check was presented to Robert Veigel by Robert Thompson, plans were to start building when the fund reached \$65,000. The \$25,000 gift pushed the money on hand to \$81,301.

Thompson, one of three trustees of the estate, said that Mr. Hill's estate had exceeded his expectations and that therefore there was money left over after all of his bequest had been made. Mr. Hill

left a large donation to the church in his will and Thompson said he and the other two trustees, J. S. Bridwell of Wichita Falls and O.L. Bybee of Hereford, felt that he would have wanted to give more if he had realized the true value of his estate.

Virgil Dodson served as master of ceremonies during the dinner. Bob Caple gave the invocation, and team captains made their reports. The White team, headed by H. M. Thomas, won the contest, so the Blue team, headed by Bob Blake, will have to treat them to a dinner.

Following the announcement of the gift, Rev. Don Root, pastor, led in prayer.

Mr. Hill moved to Deaf Smith County in 1917 and to Hereford in 1920. He was a prominent wheat farmer, rancher and realtor and operated a successful insurance loan business.

He was a member of the Christian Church.

4-H Achievement Day Is Tuesday

Achievement Day for County 4-H clubbers will be held Tuesday, beginning at 7:30 p.m. in Shirley School auditorium.

Awards for outstanding work done by 4-H boys and girls during the year will be made during the day. Carlynn Williams, president of the Happy Homes Club will serve as mistress of ceremonies and W. H. McCurdy, field representative of Sears, Roebuck and Co., will be principal speaker.

USO Drive Set For Wednesday

A door to door canvass is scheduled for Wednesday to raise funds for the USO, Ben Childers announced Saturday.

Childers said that Veterans of Foreign Wars would make the drive. They will canvass both the downtown and residential areas.

A meeting of VFW members will be held at 8 p.m. Tuesday night in the VFW hall to make plans for the drive.

Childers said the drive would be completed in one day.

## What's This

—By Chris

Salutations good patrons: may you have a very pleasant day this Sabbath, November twenty-seventh, one thousand, nine hundred and fifty five A. D., as you sit around the TV set and expostulate over who dispensed with the most Thanksgiving turkey. I suppose you are also still hashing over all the things you have to be thankful for, and dashing in a few little details you are hopeful of. For instance: The students are hopeful (although not very) that we passed those Six Weeks' walling sheets (tests to you), and we are thankful that they are over and we won't have to exert ourselves mentally again for six hussid weeks. Then there is Bill W. who is hopeful that not many people heard his little "blooper" on Friday on Records Past and Review, when he was announcing "Cherry Pink and apple Blossom White," and thankful that it wasn't any worse. You get my message don't you?

You really should have been along with us on our little jaunt to Texas T. I mentioned it last week, but I left out the best part. We had a real honest to goodness convention. Just ask Robert Davis. Everybody on the bus got in a few opinionated opinions before it mercifully came to a close. That is, all but yours truly. I just pushed my poor bruised ears farther under my pillow, and pretending I was listening to the sweet and soothing strains of Spike Jones and his city Slickers, tried in vain to grab a few winks.

I was just wondering what was with all the hokus-pokus Wednesday p.m. Is someone planning to set fire to our haven of refuge? And I do mean refuge! I never can seem to get out of the house at 8:30 a.m. before I get the pre-histories (parents) all "riled" up about something. Well, if the present plan doesn't call for a flaming torch, maybe the old gal's going to get her plaster lifted. Beats me! Incidentally, I'm speaking of the "halls of higher learning." We had to play Ala-kazan with the desks before they would let us out of the joint for the holidays.

You know, there is a certain person these days who is treading on dangerous ground, and since I hate blood-shed, I'd be the first to suggest that he carry some measure of self defense at all times, and avoid going anyplace alone. Norma and Joe know what I mean, don't you?

Old "Putt" really appreciates the finer things of life you know. Especially hula-maids with a Tennessee drawl. Is that about the size of it Bill?

Say Carroll, do you know if C. I. ever found her "cheese cake"? If anybody gets a clue, don't fail to let me know. If you find it, you'll

## At The Movies

"Man With A Gun"

"Man With the Gun," which will show Sunday, Monday and Tuesday at the Star, begins at an appropriately leisurely pace, as the citizens of Sheridan City, grown desperate over the abuses of a tyrannical landowner who has hired professional gunmen to enforce his own particular laws, decide to adopt the enemy's tactics. With some misgivings they hire a gun-fighter of their own.

Some of the stars are Robert Mitchum, the town tamer who takes pleasure in his deadly job; Jan Sterling, his wife, who runs away from him because of his profession; Emile Meyer, the leading citizen who advocates hiring the gunfighter and then regrets it; Karen Sharpe, his daughter who falls in love with the gunfighter; and John Lupton is her fiancée who wants to do the clean-up job all by himself.

"Top of the World"

The thrilling story of the courageous work done by the Alaskan Air Command is given its overdue and just laudatory treatment in "Top of the World," which will show Wednesday and Thursday at the Star. Starring Dale Robertson, Evelyn Keyes and Frank Lovejoy, the film is a wonderful combination of high adventure and sizzling romance.

A daring rescue of a group of airmen marooned on an ice floe in the polar seas is shown in all its inherent suspense-filled dramatic quality. Robertson is the chief of a weather observation mission, stranded on the floe who desperately keep in contact with the home base and rescue patrol. Lovejoy, in charge of the rescue patrol of the Alaskan Air Command, conveys the tension and excitement that every minute holds as the ice floe starts to disintegrate.

Evelyn Keyes lends charm and romance to the film as a night club entertainer who doesn't realize her love for her husband, Robertson, until it is almost too late.

Mr. and Mrs. Jack Williams visited relatives in Amarillo for the Thanksgiving holidays.

Mr. and Mrs. James Dobbs of Frío; Mr. and Mrs. Danny McLallen, and Sammie had a family Thanksgiving dinner with their parents, Mr. and Mrs. S. B. McLallen.

## Dimmitt Student On Tech's Champ Judging Team

LUBBOCK (Sp) — Texas Tech's crops judging team has won the national intercollegiate championship for the fifth consecutive year.

The four-man team, coached by Assoc. Prof. Cecil Ayres, finished with 5,133.8 points out of a possible 5400 in the recent Kansas City meet.

Team members are Jim Gaede, Muleshoe; Ellis Huddleston, from Knapp, and Ray Joe Riley, Dimmitt, with Richard Ridgeway, of Brownfield, as alternate.

Gaede was first in individual point totals with 1733.8 out of a possible 1800. Huddleston was runner-up with 1717. Riley finished seventh with 1684.

There were nine teams entered in the contest. Competition was divided into three phases: identification, seed judging, and commercial grading.

Tech finished first in identification and seed judging and second behind Kansas State in commercial grading. Gaede was first in seed judging and third in identification. He tied for fifth in grading.

Huddleston was third in seed judging, tied for fifth in grading, and was sixth in identification. Riley finished second in identification, 11th in seed judging and 15th in grading.

Mr. and Mrs. W. W. Slaton and family from Denver are spending the weekend with her father, S. O. Wilson. They also are visiting the Liston Wilsons and Woody Wilsons while in Hereford.

## Young - Bridges Rites Read At Assembly Of God Church

Christine Carroll Young, daughter of Mr. and Mrs. R. Young of Dimmitt, became the bride of Edwin L. Bridges, son of Mr. and Mrs. E. Bridges, 220 Brevard Street, Nov. 19 in a double ring ceremony held at the Assembly of God Church.

Rev. V. W. Marcontell, pastor of the church, read the ceremony in the presence of close friends and relatives.

The improvised altar was arranged before a background of pink and white gladioli flanked by seven-branched candelabra holding wedding tapers. An arch of greenery topped with white gladioli furnished a background for the ceremony. Candles were lighted by brother of the groom.

Mrs. Thomas Botsford, organist, played wedding selections as the guests assembled. As candles were being lighted she played "Blest Be the Tie that Binds." Preceding the ceremony, Thomas Botsford sang "Because" and as the bridal party entered the organist played "Here Comes the Bride." After the bride was given away by her father, the groom sang "I Love You Truly."

As the couple knelt at the altar Thomas Botsford sang "The Lord's Prayer," after which Rev. Marcontell offered prayer.

**Attendants of the Bride**  
Dolores Hernandez, maid of honor, Geneva Ensey, bride's maid, and Carroll Gean Mitchell, niece of the bride and flower girl, were the bride's three attendants. All wore identical ballerina length dresses of pink taffeta. Bouquets of pink and white carnations were carried by each attendant.

Danny Janssen was best man and Ronnie Bradley was ring bearer. Ushers were Herb Thomas, Merl Bridges and Billy Miles.

The bride, given in marriage by her father, chose a white ballerina length dress, with lace top and stail skirt covered with layers of net, for her wedding. She carried a white Bible topped with a bouquet of white roses. She wore a white net veil attached to a headpiece of tiny seed pearls.

Her something old was a silk United States flag handkerchief; something new was a white linen handkerchief, something borrowed was her mother's pearls and her something blue was the satin ribbon anchoring the roses to her Bible.

The bride's mother, Mrs. R.

Young, wore a navy dress with a white stole and pink hat. Her shoulder corsage was of white carnations and her necklace was a double strand of pearls.

The groom's mother, Mrs. E. Bridges, wore a green dress with a corsage of white carnations.

**Reception Is Held**  
Following the wedding, a reception was given in the basement of the church. The three tiered wedding cake, baked by the bride's mother, was topped with a bride and groom, behind which were lace hearts, the lace matching that on the bride's gown. Serving pink punch and cake were Mrs. Loyd Bridges, Mrs. Hobby Will-

iams and Mrs. Less Thompson. The bride was attired in a charcoal grey suit with pink blouse and accessories, black suede pumps and a shoulder corsage, taken from her Bible bouquet. After a short trip they will be at home at 304 Avenue I.

The bride is a 1954 graduate of Dimmitt High School and is now employed at the C. R. Anthony Company here.

Mr. Bridges attended schools in Hereford and is now employed at Reddell and Suggs Drilling Company.

Mr. and Mrs. Glen Campbell were visitors in the John Hamby home Thursday evening.

### Nancy Crawford Is Member Of Choral Group At McMurry

ABILENE (Sp) — Nancy Crawford, former Hereford High School student, will leave Abilene Dec. 4 with the McMurry College Chanters on the annual fall tour.

The 42-member mixed choral group will journey to communities in West Central Texas, singing in churches and high school assemblies. They will be accompanied by Dr. Richard C. von Ende, director.

The group will sing in Winters, Ballinger, Paint Rock, San Saba, Goldthwaite, Comanche, De Leon, Ranger and Eastland. The final performance will be in the First Methodist Church in Eastland on Wednesday evening, after which they will return to Abilene.

Miss Crawford, daughter of Mr. and Mrs. H. V. Crawford, was a member of the Hereford High School choral group. At McMurry she is librarian for the Chanters. She is majoring in music, and after graduation in 1958, she plans to teach.

### Young Mothers Meeting Held

The Young Mothers Study Club met Tuesday night in the home of Mrs. Gid Brown. Mrs. Gwynne Owen presented the program on "Take Time to Listen." Mrs. Owen stated that in these busy times each mother should find time when she can be alone with one of her children each day and should have a receptive ear so her child will feel free to confide in her.

A short business meeting was conducted and gifts were shown that have been made for the Christmas Bazaar.

Refreshments were served to Mrs. Floyd Walton Jr., Mrs. Bill Lawrence, Mrs. Craig Johnson, Mrs. Rex Lee, Mrs. L. H. Lookingbill, Mrs. Bill Stamford, Mrs. Bill Bradley, Mrs. Arthur Dean, Mrs. Gerald Hale, Mrs. H. A. Cavness, Mrs. A. L. Jones, Mrs. Clinton Massie, Mrs. Gwynne Owen, Mrs. Hugh Clearman, Mrs. Sam Albright, Mrs. Harold Banks and the hostess.

Mrs. E. C. Eubanks, Mrs. L. H. Lookingbill, Mrs. H. M. Cogswell, Mrs. W. C. Hromas, Mrs. O. M. Diekey, Mrs. O. H. Culpepper, Mrs. E. W. Harrison, Miss Francis Turrentine, Mrs. Bonnie Brumley, Mrs. Chas. E. Hood, Mrs. S. L. Walser, Mrs. Marion Rutter, Mrs. George Muse, Mrs. A. C. Thompson, Mrs. Lynn Kester, Mrs. Robert L. Thompson, Mrs. D. C. Kinsey and Mrs. Phil Radovich.

Members present were Mrs. Fred Barrett, Mrs. A. G. Bell, Mrs. J. E. Beyers, Mrs. A. L. Manjeot, Mrs. H. E. Miller, Mrs. Ray Johnson, Mrs. O. H. Herring, Mrs. O. G. Hill, Mrs. Buri France, Mrs. Delmar Sigle, Mrs. F. L. Terrell, Mrs. Bess Werner, Mrs. Mary Seigler, Mrs. Charlie Walser, Mrs. Carl Gilliland and the hostesses.

### 'Moral Standards' Topic At Pioneer Study Club

"Moral Standards Around the World" was the subject used by Rev. Howard Scott, pastor of the First Baptist Church, in a talk to members and guests of the Pioneer Study Club, who met in the home of Mrs. Ralph McCullough recently with Mrs. F. M. Kester, Mrs. Wirt Phillips and Mrs. Ray

Johnson as co-hostesses. Each member answered roll call by introducing her guest. Mrs. A. L. Manjeot introduced Rev. and Mrs. Howard Scott. In Rev. Scott's talk on moral standards, he stressed it as being a vital subject and that Christianity was the factor that determined the morality of a people.

He stated that all people are products of three institutions, the home, school and church. Each independent of the other, yet they do supplement and compliment each other.

"Marriage and home was God's plan. When we make God central in our lives and plans, the home is usually successful," the minister said.

School depends much on the home. All teaching in the school is the outgrowth of moral teaching, a lowering of present day school standards could be caused by several factors. The change in standards of text books, more religious denominations change concept of education; dress standards have declined; these and many more perhaps have had their influence. The church should lead in raising standards.

The solution, change the nature of people and our moral standards will be lifted up.

Mrs. Scott rendered two lovely musical numbers on the piano: Berceuse by Amadori and Fantaches by Hendricks.

Mrs. A. L. Manjeot presented the Scotts with a gift from the club. Members brought food packages to be carried to a needy family for Thanksgiving.

Delicious refreshments were served to the following guests and members. The guests present were

Home for the Thanksgiving holidays from Cisco Junior College. Keith Hodges, Jack Walker, Kenneth Mathews.

Mr. and Mrs. B. F. Block and daughters of Sunray visited in the J. O. Clark home Thursday evening.

actly please the fans or the referees either.  
"Especially didn't please the Phillips players. They didn't  
do anything but score another touchdown and have two called

# Sue Osburn And Marvin Nussbaum Exchange Vows

MR. AND MRS. MARVIN NUSSBAUM

(Photo By Cole)

St. Anthony's Catholic Church was the scene last Saturday morning of the marriage of Sue Osburn daughter of Mr. and Mrs. W. C. Osburn of Plainview, and Marvin Nussbaum, son of Mr. and Mrs. M. P. Nussbaum of Amarillo.

Rev. Cletus McGorry, assistant pastor, read the double-ring service. Bouquets of yellow chrysanthemums and lighted candles were used at the altar where the vows were exchanged.

Miss Katherine Nussbaum, sister of the groom, played the processional and recessional and the wedding music through the ceremony.

Attending the bride was her sister, Miss Patsy Osburn of Plainview, and the groom's sister, Miss Lucille Nussbaum of Amarillo. Both wore identical dresses of yellow taffeta with the bouffant skirts overlaid with yellow and brown net. They wore brown necklaces and bracelets and half-hats of yellow net. Both carried nosegays of bronze chrysanthemums surrounded by bronze satin ribbon streamers.

Tommy Bush of Amarillo and Clois Osburn of Plainview were the groom's attendants. Arnold and Leonard Nussbaum of Amarillo, brothers of the groom, served as ushers and Tommy Nussbaum and Wayne Gruber of Amarillo served as altar bearers.

Escorted to the altar by her father and given in marriage by her father, the bride was attired in a ballerina length gown of white slipper satin and Chantilly lace, designed with rounded neckline, fitted bodice of lace adorned with a row of satin buttons in the back and long tapered sleeves. The satin bouffant skirt was overlaid with ruffles of nylon net and lace. Her finger tip veil of illusion was held in place by a halo of seed pearls and she carried a white satin prayer book on which rested a white orchid circled by lilies of the valley and white satin streamers. For something old and borrowed she wore a necklace of pearls belonging to the groom's mother.

Mrs. Osburn, mother of the bride wore a royal blue gabardine dress with a red rose corsage and the bridegroom's mother wore a dress

of plum wool with a corsage of yellow roses.

Immediately following the ceremony, a reception was held in the dining room at St. Anthony's School. The bride's table was covered with a white linen cloth centered with the wedding cake which was flanked with the corsages carried by the bridesmaids. Mrs. C.A. Saulcy, Mrs. Cryder, and Mrs. T. B. Thomas Jr., assisted in serving and Miss Mary Lynn Morrison secured names for the guest register.

For the wedding trip to points in South Texas, Mrs. Nussbaum traveled in a brown faille suit with brown accessories. Her corsage was the orchid lifted from her wedding bouquet. The couple will be at home at their farm in the Westway community after their return.

Mrs. Nussbaum was graduated from Hereford High School and attended Draughon's Business College in Amarillo. For the past six months she has been employed in the offices of Jack Renfro. The bridegroom is a graduate of Price College in Amarillo and for the past year has been engaged in farming.

Out-of-town guests attending the wedding included Mr. and Mrs. An-

drew Stump and Rosalyn, Mr. and Mrs. John Gulde, Mr. and Mrs. Jake Gruber and Wayne, Mr. and Mrs. M. P. Nussbaum, Lucille and Katherine, Mr. and Mrs. George Nussbaum, Mr. and Mrs. John Englebrecht, Mr. and Mrs. Leonard Nussbaum and sons, Mr. and Mrs. Arnold Nussbaum, Karen and Carol, Mrs. Jack Bush and Tommy, Mrs. Henry J. Rahn, Ben Diersing, Lawrence Hermesmyer, Mr. and Mrs. Clarence Nussbaum, Tommy, Jimmy and Teresa all of Amarillo, Mr. and Mrs. Wendell Darr and children of Dumas, Mr. and Mrs. W. C. Osburn, Patsy, Clois and Wendell of Plainview.

A rehearsal dinner attended by the bridal party was held Friday night at the Western Wheel Inn.

A family Thanksgiving dinner was held Thursday in the R. B. Hutson home. Those attending the dinner were Mr. and Mrs. Keith Hutson of Lubbock, Mr. and Mrs. Billy D. Hutson of Hereford and the R. B. Hutsons.

Barbara Rogers is home with her parents, Mr. and Mrs. Grady Rogers, this weekend. Barbara, a student at Texas Tech, will return to Lubbock Monday.

Mr. and Mrs. Bill Kiggs and Kim of Oklahoma City are guests in the Charles Newell home this weekend. Mrs. Kiggs is the daughter of the Newells.

Mr. and Mrs. James Killian of Amarillo and Pat McCullough from Tech, were home for the Thanksgiving holidays with their parents, Mr. and Mrs. Ralph McCullough.

## Fifth Graders Give Two Plays

Two plays were presented recently by Mrs. Rubye Crawford's and Mrs. Fae Holt's rooms, which

were the first assembly programs to be presented by the fifth grade this year.

Thanksgiving Eve in the Cornfield, was a short play given by students of Mrs. Crawford's room. Students participating in the program were Gerry Bebee, Jerry Root, Clayton Corley, who were the

"cornstalks." The "searcrows" in the play were Jackie Lee, Dale Lindsey, Rondal Long, and David Dowell. Jane Heard, Jimmie Bridges, Eula Holmes, Jose Tijerina, Aurora Dele Cerda, and Gale Hall were "pumpkins." "Moonbeams" were Shair Jo Carmichael, Sheri Dameron, Sue Lutz, Cheryl Walker, Nelda Botkin, and Janis Allison. Pattie Skypala, Larry Hair, and Edwin Boyd also acted in the Thanksgiving play.

The second play, "Our Pilgrim Fathers," was given by students of Mrs. Holt's room. The characters in the play were portrayed by Royce Lee Turner, Jackie Nichols, Ann Gentry, Caroline Brumley, Dianna Robinson, Elvis Sluder, Dwight McGee, Dwayne Greham, Warren Sparks, Jim Grubbs, Viola Encinas, Barbara Woody, Virginia Holt, Becky Jackson, Kenneth Presley, and Terry Watson. Also in the play were Billy Fitz-

### KNOX'S KNOTHINGS

By BILL KNOX

#### Teams Want To Play Here

Has been considerable talk about next year's football schedule which was published recently in this column.

Most of it is centered around the fact that Hereford plays Portales in Hereford again and also plays Canyon at Canyon. After talking to L. B. Russell we think we've got the matter straightened out.

The truth about the matter is that everybody wants to play in Hereford. Hereford packs their stadium every time; and even if Whiteface Stadium is one of the smaller in the district, other teams make plenty of money. Non-conference teams love to play here because they clean up too.

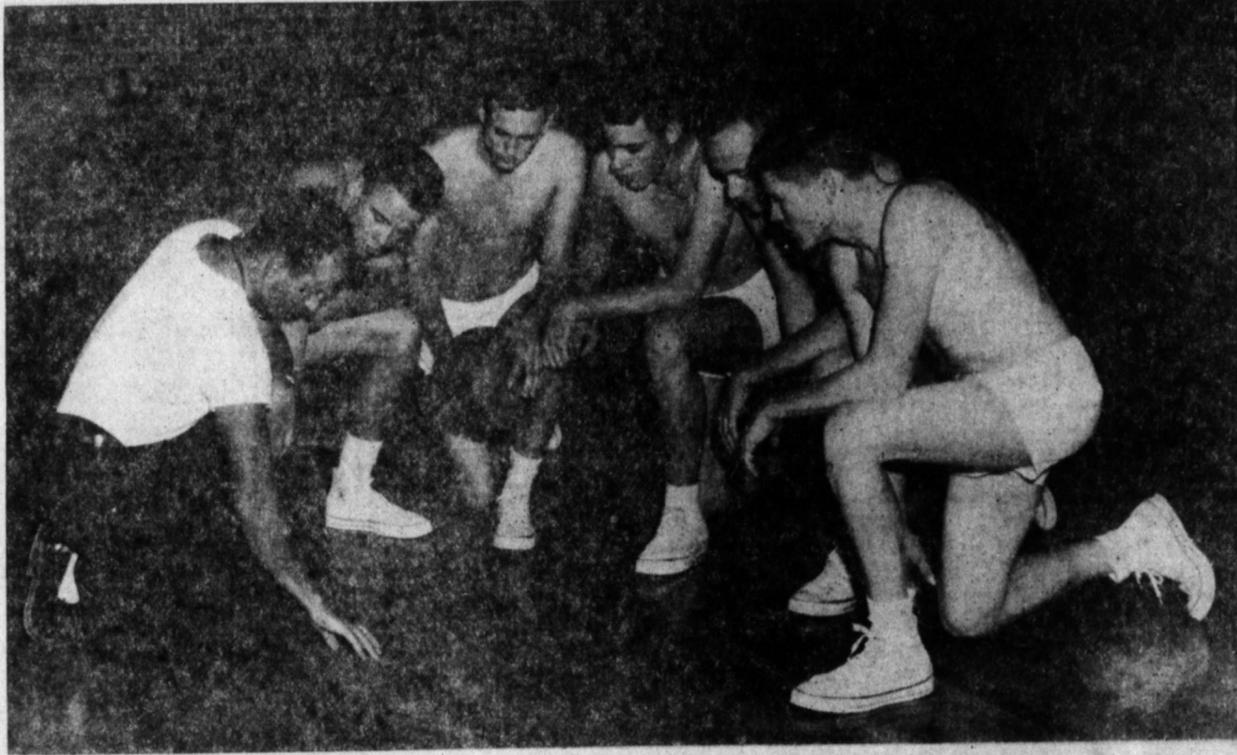

Portales wanted to play in Hereford again next year. And, naturally, Hereford didn't object. Hereford plays Canyon again in Canyon next year because games in recent years have been conference and district officials tell you where to play them. It was one of those things you just couldn't help.

Canyon probably didn't want to help it. They are the only one in the old District 1AA that has a large stadium, Buffalo Stadium, and they are probably one of the few who make more money at home than they do at Hereford.

#### Meet Plainview On Home Court; Kitchens' Debut

The Hereford Whitefaces will open their 1955 cage season Tuesday night in Whiteface gymnasium against the tough Plainview Bulldogs.

Cubby Kitchens, faced with building a team around only one returning starter, continued to express a pessimistic viewpoint of this year's outlook. Today he released the complete schedule that includes the fast Odessa Tournament and also the Happy Tournament. The district tourney has been scheduled for Tuesday, Wednesday, Thursday, and Friday, February 14-17.

Kitchens is undecided about his starters. "I've got about eight boys who'll play a lot of basketball for us, the coach said. "We're young, and we do have some possibilities, but we'll find it rugged this year and maybe next year."

Danny Elliston, Bill Callaway, Norman Bookout, Glenn Mutter, Fred Lookingbill are the five players given the nod for starting positions. Cage drills started Monday, Nov. 21.

The complete schedule is as follows:

- Nov. 29—Plainview, Here
- Dec. 5—Olton, Here
- Dec. 6—Bovina, Here
- Dec. 8, 9, 10—Happy Tour.
- Dec. 9—Dalhart, Here
- Dec. 13—Forrest, N. M., There
- Dec. 16, 17—Dumas Doubleheader, There
- Dec. 22—Tulia, There
- Jan. 2—Olton, There
- Jan. 3—Tulia, Here
- Jan. 5—Phillips, There
- Jan. 6—Clovis, There
- Jan. 10—Forrest, N. M., Here
- Jan. 12, 13, 14—Odessa Tournament
- Jan. 17—Plainview, There
- Jan. 20—Dumas, There
- Jan. 24—Phillips, Here
- Jan. 31—Canyon, Here
- Feb. 3—Dumas, Here
- Feb. 7—Canyon, There

# HAWKS ROLL

By BILL KNOX

The Phillips Blackhawks and Jackie Webb scored at will Friday at Plainview, as the disappointing Olton Mustangs fell prey to the murderous Walkermen from the Oil City, 52-7, before 4000 fans.

The victory set the Hawks up for the tough clash with the also mighty Stamford Bulldogs, 34-7 winners over Burk Burnett in their bi-district clash.

A shirt-sleeve crowd watched the Hawks have no trouble with the Mustangs, who were undefeated in district 2AA play. Jackie Webb, being heralded as Phillips' second all-state back in two years, powered his way to five of the eight touchdowns scored by the Blackhawks. That ran his point string to 208.

The Mustangs never were in the game. Phillips opened up their lead with a single touchdown in the first quarter; then let out full steam with three more touchdowns in the second

quarter and four TD's in the third canto. They didn't score in the fourth quarter, while Olton's only score came in that period. The first score was set up when bruising Gene Packebush recovered a fumble on the Olton 22. Five plays later Jackie Webb sliced two yards for a touchdown. Stan Wilder kicked the extra point to give the Hawks a 7-0 lead.

They got to work quickly in the second quarter. In the opening seconds of the stanza, Tommy Newman, also a standout back, raced through a gaping hole in the Mustang line for 50 yards and the second Phillips touchdown.

The Hawks almost got a safety in the onsewing kicking when Jackie Gray was stopped on the Olton one-foot line. Price let loose with the first of three quick kicks to the Phillips 45 and the Blackhawks rolled.

It took them only seven plays to score again. Webb climaxed the drive by going nine yards up the

gut. The score was set up by a 20-yard pass play from Wilder to Orr. The extra point was no good again. They were good for another touchdown the next time they got the ball. Behind superb blocking, Webb raced 35 yards down the left sideline and went over with a key block from Gene Packebush. The kick was blocked. The half ended with the score 25-0.

But the fury had just started. Upon receiving the kickoff opening the second half the Blackhawks began a march but had it halted when ex-Hereford product Clinton Billingsley intercepted a pass on the Hawk 45. But Gray turned the same trick for Phillips and Webb marched again, scoring on a 12 yard plunge.

Jackie Gray fumbled on the Olton 38 to set up the next Phillips touchdown. Despite stiffening penalties, the Hawks marched again, sending Webb unmolested over the right tackle for 30 yards and the touchdown.

Tommy Newman was good for the next touchdown seconds later when he raced 39 yards. Wilder kicked the point. A short while later the Hawks scored their final touchdown. Jimmy Gray set it up with a fine pass interception. Ted Jolly caught a touchdown pass from Tommy Newman for the touchdown.

Olton's only touchdown came late in the fourth quarter. Price went the final yard for the score with Straw kicking the point. The game ended with Phillips near the Olton goal line.

Webb raced for 163 yards while scoring five touchdowns. Tommy Newman racked up 106 yards, while Jimmy Gray was the defensive gem for the Hawks.

North Carolina State College experts estimate it would cost 42 cents today to buy almost any other foods that would give the same nourishment as a quart of milk.

JARRIN' JAKIE ROLLS — Jackie Webb, Phillips star backfield man, rips through the Olton line for eight yards before being stopped on the Olton five by a whole host of Mustangs. Phillips won the game, 52-7 before 4000 fans in Bulldog Stadium at Plainview. The Blackhawks meet Stamford next Saturday at Childress. (Staff Photo)

## Radiant Glassheat Portable Units

As low As \$59.50 UP

Glassheat, a method of heating by radiant glass panels in which electrical elements are embedded, was developed by French engineers when scientists were faced with the problems of heating the vast underground network of the Maginot line. The heat had to be clean, odorless and without the usual evidence of smoke. It had to be a heat that did not burn the oxygen or endanger explosives, but actually provided life-giving rays to the atmosphere. The Glassheat type of panel was developed as the most efficient method of providing such heat.

By controlling each panel individually, only the part of the house in actual use need be heated. This "zone control" can cut heating costs, as well as provide special warmth for any member of the family whose room might need to be warmer than others.

Yes, and these Fairbanks-Morse Turbine Pumps talk it at its most economical and efficient level. You see, Fairbanks-Morse Turbine Pumps... the Pomona line... have many advantages... whether you need oil or water-lubricated pumps. You can readily adjust capacities on these pumps by merely turning a nut in the top of the motor head -- this means savings for you through no wasteful throttling!

And remember that all steel parts subject to corrosion in Fairbanks-Morse Pumps are protected by "Fairmortecting," a rust-repellent process that means longer life and better service from your pumps. Drop in and let's talk soon.

# CLOWE & COWAN, INC.

One of the most fascinating things about the newspaper business is the consistently surprising developments which occur from time to time. This week, for instance, several dozen people have mentioned to me a little squib which appeared in the "Long Time Ago" column Thursday. The item, only a paragraph, concerned a football game between the Hereford Collegians and the Canyon team 45 years ago.

Very few people can even remember when Hereford boasted a college—and it is even more surprising to learn that four of the boys who played football on that team back in 1910 are still residents of Hereford. They are Fred Baird, left guard; Mike Baird, center; Claude Ricketts, fullback and John Patton, halfback. The boys really had their best year in 1909, however, when they beat Amarillo twice and took everyone else in the country—except the Military Institute at Roswell. They dropped the Roswell game to the tune of 60-0, but felt a little better when Roswell turned around the next week and took New Mexico Mines by 78-0. Back in those days, Canyon was apparently known as "Canyon City." Football was a pretty rugged game, too. Definitely no soft grass—and folks most generally ran up and down the

sidelines if they wanted to watch the game.

People are beginning to get a little bit worked up about the railroad crossing situation. There seems to be considerable argument against "gates," chiefly because of the long, long waits—and the fact that motorists violate the gates and cross illegally. In Canyon and Amarillo the situations are reported as exceptionally bad. Add to this, the fact that all of the Highway 51 traffic will probably be diverted across the Main Street crossing in Hereford during the several months while the Highway 51 underpass is under construction—and you really have a man-size problem on your hands.

Otis Hall was down visiting his sister in Hollis, Okla., on Thanksgiving, and he tells me that they are having quite an irrigation boom in that country. The same is true around Wellington, only on a little more limited scale. Most of us are familiar, of course, with the deep-well projects in the Dumas, Stratford, Perryton areas. Temporarily, at least, new developments in the Hollis-Wellington area will be devoted to cotton, due to good acreage allotments, and they will compete with the Lubbock country. Sooner or later, though, they will probably be competing on potatoes, lettuce, cab-

bage and carrots. They are mostly using sprinkler systems, due to soil types and to more rugged terrain than you find on the Plains.

The biggest thing right now lies in the fact that the people are beginning to take heart again. They can see some real future for their country, which has lost heavily in population during the past 20 years.

Worth Covington was visiting here Friday. He says they like Plainview, but hastily added that it will never be like Hereford. It's just a matter of opinion, but I sure wouldn't be surprised to see the Covingtons move back some day.

Thanksgiving accomplished a wonderful thing in 1955. It put the damper on these Texas A. and M. boys. Some of them were getting pretty rambunctious. This was especially true of John Estes and J. W. Robinson. Even a few old timers like Jack Gilliland and Bill Davis were beginning to take quite a renewed interest in the game of football. Friday and Saturday, however, they had suddenly discovered that there are other topics of conversation. Bill Patton was by the office and did not mention football one single time. When someone else brought up the subject, he even found that he had to leave on some urgent business.

I'll say one thing, though, there is no other school in the Southwest which turns out boys with as much prolonged school spirit as A. and M. College—especially when the Aggies are winning.

Times are changing. There was a time when a fellow could run out of gasoline on the road and not feel that he had committed a major crime. Everyone used to run out of gas once in a while, and folks pretty well understood

**MEET THE TEACHER** — Mrs. Ova G. Felton has been teaching a first grade class in Central School since the school year started this year. She received her B.A. degree at Ada, Okla. at East Central College and is now working for her Master Degree at West Texas. (Staff Photo)

the predicament. Nowadays, however, you just don't run out of gas, as my wife phrases it, "unless they are pretty stupid." Anyway, that's how I felt when I ran out about 10 miles this side of Clarendon last Wednesday. Cars were whizzing by at 60 and 70 miles an hour, so I finally walked a quarter of a mile up the road to a farm house, where I inquired about some gasoline. In knocking on the door, I unfortunately awakened the baby and, consequently, was encountered with an overweight, but unhappy farm wife who informed me that they used butane in their tractors. She said the neighbors also used butane, but finally grudgingly admitted that there was a small service station down the road some three miles.

One thing about farms that hasn't changed, though, is the dogs. This black mongrel kept nibbling away at my trousers leg all of the time—and it was with a comparatively light heart that I set out on the three-mile hike. After a half mile or so, a kindhearted trucker pulled out of the traffic and gave me a lift.

I couldn't help but think that this was really the only one in the thousands of vehicles who could ill-afford to have stopped. The old boy had left Denver at 4 o'clock that morning, loaded with several tons of Pinto Beans. He was bound for the Valley, but was trying to make Temple, where he hoped to spend Thanksgiving with his family. He said that he had been to bed only one night in the past 10. He and his helper, it seemed, did most of their sleeping in the truck cab as they took turns driving. He classified himself as a "gypsy trucker" and said that he did pretty well. He even offered to wait at the station and take me back, but I wouldn't hear of it.

The little store was crowded with customers and when the owner's wife asked what I needed, I sheepishly admitted that I had run out of gas. Everyone stopped what they were doing and stared at me for what seemed several minutes.

The owner finally finished filling his grocery order, however, and went out to get a can. He insisted on being paid for the gasoline, plus a deposit for the dilapidated can and, for good measure, threw in a king-size frown when the kindly lady who had bought the groceries offered to let me ride back up the road as far as her home, which was some two miles.

From this point on things went pretty well. The lady, it turned out, was a friend of Mr. and Mrs. F. M. Kester, and knew Mrs. Francis Hill. She even took me on back to the stranded car—and waited to see if it would start. Honestly, after it was over, it became an incident which I shall long remember. She said that she ran out of gas herself some months ago, and that she recalled what a bad time she had. In her case, it was the truck drivers who came to her rescue—and she felt that maybe she was returning some of the kindness which was shown her. Fact is, she even had the family in a halfway decent mood by the time I got the can emptied.

Most people are like the truck driver and the kind lady. I think—except for two things: they are in a big hurry, or else they are downright afraid to stop. They have heard and read about so many atrocities on the highways that they hesitate to take a chance to do a fellow man a good turn. What's more, you can't blame them, especially when they have their families along. This is one reason the truck driver has become the motorist's friend. He feels like he can take care of himself in case of trouble. If they knew you, along with the true circumstances, I am sure that 97 out of every 100 would stop.

Meanwhile, I am indebted. I feel rather like the kindly woman who, because she was befriended, felt obligated to pass along a helping hand to an unfortunate stranger, stupid though he may be. Anyway it will have to be a tough looking bunch, next time, if I pass by without offering assistance.

### Notice to Long Distance Telephone Users

The following changes in the charges for long distance calls within the State of Texas will be made effective December 27, 1955:

Rates for night and Sunday calls between points more than 82 miles apart will be increased 5¢ in some cases, 10¢ in other cases.

Rates for person-to-person calls between points less than 23 miles apart will be increased 5¢.

Eighty per cent of the long distance calls in Texas are not affected by this rate adjustment. There will be no changes in any of the day station-to-station rates. Likewise, there will be no changes in the night and Sunday station rates on calls under 83 miles. There will be no changes on day person-to-person rates on calls over 22 miles.

# A Gift Bazaar Is Just The Thing . . . To Begin The Christmas Spirit Swing

**VARIED PREPARATIONS** — Enjoying the varied preparations for the event are these Auxiliary members, Mrs. Roy Smith, working on felt socks, and Mrs. Jack Bradley wearing one of the aprons that will be offered for sale. They are admiring the wardrobe of the Terry Lee doll that will be given as a

door prize. Mrs. Terry Kirby shows her hand made decorated candles, some made into beautiful table arrangements. Mrs. Lester Jones concentrates on a felt Santa to be used for a cloth decoration.

**LOVELY ANTIQUES** — Mrs. Marcus Bell and Mrs. Bob Pipkin discuss some of the lovely antique pieces included in the sale. The outstanding vase Mrs. Bell is holding is imported from France. A silver soup tureen, made in New Haven in

1835 and the silver basket held by Mrs. Pipkin will also be for sale. The basket has been owned by Mrs. Pipkin for many years.

"Just in Time for Christmas" will be the theme of the benefit gift bazaar and silver tea which will be sponsored by St. Thomas Episcopal Auxiliary on Dec. 2 and 3.

The holiday sale will be held in the home of Mrs. Frances Houston, 703 N. Lee, and will be featured two full days from 9 a.m. to 5 p.m.

For a whole year members of the Auxiliary have been collecting beautiful things and making lovely gifts in preparation for the bazaar, and have assembled an imposing array of gifts suitable for any and every occasion, for the family or the individual.

Collectors will find many items of unusual interest such as cut glass, picture frames, rare books and lamps and many other antique pieces from different parts of the world. There will be silver jewelry from Old Mexico, unusual pieces from France and antique pieces in mahogany from Hawaii.

## Women's Activities

Hereford, Texas, Sunday, November 27, 1955 Section 2

Lovely Christmas gifts for the children will be on display as well as handmade items, beautifully made, all different and unusual. Many people not members of the church have already manifested the Christmas spirit in donating fine gifts for the sale.

Mrs. Bill Waldrep is president of the Auxiliary and Mrs. B. H. Kirby is general chairman of the bazaar. Others, besides those in the pictures, assisting are Mesdames Bruce Miller, Joe Smith, Jess Carter, Hershel Trimmer, Zephia Lloyd, Jack Winget and Mayes Miller of Dimmitt.

Money derived from the bazaar-tea and antique sale will be used in the building fund for the new church.

**DISCUSS DETAILS** — Details of the bazaar are discussed by this group. Standing is Mrs. B. H. Kirby, general chairman. Mrs. Bill Waldrep is president of the Auxiliary and Mrs. F.

L. Alexander is refreshment chairman for the silver tea affair. The two-day Christmas bazaar and antique sale will be held in the home of Mrs. Frances Houston, 703 North Lee.

**MORE ANTIQUES** — Mrs. Alton Fraser is admiring a copper and brass tea pot donated by Rev. Lester Jones, vicar of St. Thomas Church. The hand-carved teak-wood desk comes from Honolulu. Mrs. Fraser brought the desk and a number of other articles from Hawaii for this sale after attending the

Fifty-Eighth General Convention of the Episcopal Church as a delegate from North Texas in September. The desk is unusual in that it is bleached and may be used appropriately with any type of furniture, both period and modern.

## Your Congressman Reports

The crack train from Leningrad to Moscow is the "Red Arrow." We were to depart Leningrad at 8:15 p.m., but due to the fact that the Canadian group was going to Moscow the entire group, both Canadian and American, were set up for departure at 11:15 p.m.

We got to the station at about 11 o'clock. It is a huge place with many pictures of Lenin and Stalin. I was amazed at the number of people on the sidewalks out in front of the station as we drove up. We entered the station and I was again amazed at the total lack of people inside the station. It turned out that the station had been cleared of all people except a few employees. I had noticed that some people tried to follow us in the door and were physically barred by several men in plain clothes. Why this action took place I do not know, but we passed very swiftly out to the station and on the platform to go to the trains. There is a tremendous statue of Lenin looking in the direction of the incoming trains. As soon as we were on the train, I went to bed because I wanted to get up as early as possible the next morning to see the countryside.

Daylight began to peek through at about 5:30 a.m., and I was at the window to see the Russian countryside and anything else that was visible. The area seemed very sparsely settled. The land appeared much like many sections of this country, especially portions of the Midwest. There were isolated farm houses that, of course, appeared unusual in that the architecture was somewhat different from our country. Looking at the land, however, the thought occurred to me how strange it is the surface of the earth is so similar everywhere but the people are so very different. One thing that interested me very much was a foot path that ran along by the side of the railroad track. This path was in constant use. No matter how barren the land seemed to be or how absent housing facilities, there always seemed to be someone out walking along this path. As we got closer to Moscow the number of houses increased and we came to small villages. These were very interesting because many people were up and waiting on the train. Their general dress, both men and women was, of course, interesting to an American eye. In one village we saw a town pump. Many people were gathered around it getting water. In the other small villages and across the countryside, we saw many people carrying water in containers that seemed to be about five to 10 gallons. Many children were doing this. There were quite a number of horses and cows to be seen. The cows were all milk cows.

Although much of the land appeared to be grass land, there was very little evidence of beef cattle or any herds of cattle at all, other than what appeared to be small dairy herds. Sheep and goats were up and waiting on the train. This may be the reason that there were not larger herds of cattle.

The sheep and goats probably ate up all the grass. There are many ducks and geese. The chickens and turkeys are so few that they are very noticeable.

Incidentally, we did not get any breakfast on the train. The porter served hot tea (chi, in Russian), with some cakes that looked like our Nabiscoes. The language barrier almost defeated our getting any tea. As we neared Moscow there was a marked increase in building, especially industrial building. The Russians use tremendous cranes in nearly all of their building. You can see eight or 10 in operation around one project. It appears that they lift most of their building materials by use of the crane rather than the elevators that we use in this country. We saw several huge factories being built but did not know what they were to produce. As the train would stop we had the opportunity of seeing the railroad workers. I don't know what the average ratio of men and women in railroad work is, but I can testify that just about 40 to 50 percent of the workers we saw in the railroad yards as we rode along were women who appeared to be doing the same identical work as the men. They were working along side each other. At one point in a railroad yard we passed a group of box cars that were standing on a siding. All of these cars were filled with women. About 10 or 12 of them had gotten out of the cars and were on the ground walking around. Their appearance would indicate that they had been doing some very hard manual labor. Where they were going or what their mission was I do not know, but I do know that they were stacked in these box cars in large numbers. The doors to the box cars were open and there was a board across the door about midway between the top and bottom of the car. Just whether they were going to a labor camp or to take part in the opening of new lands that Russia is opening in the north, or being returned to their homes from some place I do not know, but the sight was something that I have never seen in this country and never expect to see. As I recall, we were due in Moscow about 10 o'clock and made it on time.

Next week I will tell you some of the things that happened in Moscow.

**CENTURY MEMORIAL BEMENT, III.**—This town was founded a century ago. Three young men, Joseph Bodman, L. B. Wing and Henry P. Little paid the government \$125 an acre and donated the land.

Bement's first real house was built for Bodman in 1855 and it still stands on its original site.

F. E. Bryant, first cousin of poet William Cullen Bryant, moved to Bement in 1856 and became a leading merchant, establishing the first bank and serving two terms in the Illinois General Assembly. It was at his home, now preserved as a memorial by the state, that Lincoln and Douglas met in 1858 to plan their debates.

There were many relics for the centennial celebration. Among the relics was Bodman's bath tub and a chain used by Steve Hawks in switching freight cars with a yoke of oxen a century ago.

Israel's population has approximately tripled since 1948 to more than 1,700,000.

Japan produces almost eight million dollars worth of imitation pearls a year.

## Describing Freedom Is A Difficult Assignment

By QUIMBY MELTON JR.  
Editor, Griffin (Ga.) Daily News

IN THE WORLD fight of the free against the slave, America is attempting to tell what freedom is, and it is a difficult task.

How can you describe vision to a person blind from birth? How describe a symphony to one who has never heard? How describe God to an atheist?

Words are feeble when applied to a thing as glorious and as basic to Americans as our freedoms. We sense them, we realize them, we know they are ours. It is impossible for us to imagine life without them because they have been ours since birth—our priceless heritage since the 18th century when Americans declared themselves to be free men whose freedom stemmed from the Lord God Almighty who created them and whose freedom could not be abridged by mere man, though he called himself emperor, potentate or king.

This belief that man was created free by the Almighty God is the basic foundation of all Americans' freedoms and from this belief stems all the other beliefs which by right are ours.

Since God created man and endowed him with freedom, it follows without question that man has the right to worship his Creator as he pleases, a basic right of all Americans.

Here in Spalding county, for example, there are dozens of denominations and religious sects, all seeking to persuade people to worship God as they are convinced He should be worshipped.

But note that they seek to persuade, not to force, because no denomination regardless of its zeal can force anyone to follow its beliefs. Nor can any individual or group prevent any person from worshipping as he pleases, be it in the church, the synagogue, the cathedral or in the stillness of his heart in his own home or in a field.

Pursuing the basic principle of freedom further, it is apparent that since God created man and endowed him with freedom; and man and not God created government, a government exists solely to serve the people under its jurisdiction.

It was created by them and for them and they were not created by or for it. Thus it is their servant and not their master. Furthermore, since God created all men and men created governments, no man has the right to set himself above his fellowmen and to proclaim himself their master. Hence the theory of dictator nations is incorrect at the very beginning and dictatorships are built upon a theory as flimsy as a bubble of soap.

The fact that government is a servant of the people makes it obvious that the people by right should choose those who govern them and that the twin rights of free elections and secret ballots are theirs. And since a people cannot choose wisely unless they are informed, the rights of a free press and speech, the right to assemble, the right to petition for a redress of grievances are theirs.

Again since the government is a servant and not a master, the people are entitled to the services of the government as a protector against infringements of our individual rights, protection against nations and individuals which would take them from us. This, of course, entails responsibility as well as privilege because the protection can come only from collective action and requires such things as military service.

In Communistic nations, the people serve the state instead of the state serving the people. So there is no right to own private property which is basic with us. There is no right to move about freely at home and abroad as we do. There are none of the legal protection which are ours such as the right to prompt trial by jury, habeas corpus, freedom from arbitrary government regulation and control and the right to contract about our affairs. There are none of the personal rights and privileges such as privacy of homes and person, choosing our own callings and the place we wish to follow

them, bargaining with employers and employees, engaging in business, competing for a profit and bargaining for goods and services in a free market.

These things are so fundamentally ours that we think of them little more than we think of the air we breathe. But to Americans, life is just as inconceivable without freedom as it is without air.

What, then, is freedom? It is a fundamental part of people who realize that God created them and that they in turn created government as their servant, not as their master. It is as much a part of us and just as intangible as the souls which set us apart from the mechanical men and women with lusterless eyes and no hope in their hearts and whose sole purpose in a mechanical sort of life is to serve the state which is their master and which owns them body and soul.

## Water Survey In Line With Growth

Water always has been and will probably continue to be one of man's basic needs.

This fact, coupled with an announcement this week that an engineer has been employed to carefully survey Hereford's water supply, is therefore a step to be expected in view of the town's surprising growth since the last census in 1950.

The findings of the survey will, in all likelihood, result in pointing out a definite need for additional water improvements and facilities. When the population of a town increases 50 percent in five years, it is only natural that expansion will be required along this, and other lines.

The surprising thing, in fact, is that the step has not been required before this time. Water expansion will, in all likelihood, require another bond issue as the City of Hereford keeps pace with its growth. Meanwhile, most of us can be thankful that the community is going uphill, rather than down, which is the case with most small towns in the Southwest.

## How About An HHS Reunion?

Tulia this week announced formation of a high school ex-students association, automatically joining a half dozen other West Texas towns which are stressing this activity as an annual event.

It may be impossible to pull the "old grads" back to their home town once a year, but the idea does have considerable merit—and even those who do not manage to get back each year will get pleasure from reflecting over their school days and childhood in the various communities when stimulated by memographed bulletins.

Along this line, Hereford has sponsored a few class reunions from time to time, but no serious effort has been made to stage a real ex-student reunion. It would take a lot of work, naturally, but it would also provide an excellent project for some club or some group of interested graduates.

Recently the community "de-emphasized" its annual Pioneer Day with plans to come back on five-year and 10-year periods with a "super-celebration". The plan, it seems to us, would work out exceedingly well for high school reunions spaced at the same intervals, and held in conjunction with the Pioneer Day celebrations.

Most former residents could find time to re-visit the old home town at least once each 10 years—and they would make an effort to do just that if they could gather and shoot the breeze with their former classmates. To say the least, the idea is worthy of serious consideration. What it needs most is an interested sponsor who will assemble the ex-students into an active, working organization.

"OH, WE GET ALL KINDS OF CUSTOMERS ON THIS MOUNTAIN RUN."

## QUESTION OF THE WEEK

### How Does Thanksgiving Of 1955 Compare To Others?

Do you enjoy Thanksgiving more now than you did 10 or 15 years ago? Why?

#### MRS. H. B. WHITTEN

I truthfully say I enjoy Thanksgiving, but it isn't as sacred as it used to be.

#### MRS. HARRY COFFIN JR.

I think so. It seems like old friends get together more than they used to and it seems like people take more interest in planning their meals.

#### CHARLES DIGBY

I think it would be about the same. I don't enjoy it any more now than I did then.

#### MRS. A. J. JONES

I can't say as I do. It's just the same as it was then. I believe we have more to be thankful for, but the celebration is about the same.

#### MRS. C. R. LADY

I wouldn't say I enjoy it anymore than I did then. I think the older we get we realize more we have to be thankful for.

#### MRS. PRICE MOSS

No, I don't think so. I think I enjoyed it as much then as I do now.

#### MRS. JOHN H. PATTON

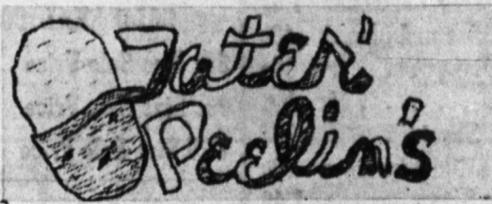

I guess I do, because I have my children and my grandchildren with me and we have so many, many things to be thankful for.

#### MRS. C. M. WADE

Yes, I do. We have more things to be thankful for.

#### MRS. V. C. WOOLERY

No, I don't think I do, because most of my children are away from home and can't be home for Thanksgiving.

By ROBERTA CAMPBELL

It's easy to see what a little guidance in the right direction can do. Crossing Park Ave. before school took up in the morning used to be a major operation, with questionable results, until the city police decided to lend a hand.

—tp—

Sissy has another little family—her own this time, and Flea Bait, the last of the litter she raised for the mother dog that died, can't understand why she seems to have lost interest in him lately.

All the other puppies went like hotcakes, but we didn't give him away because his little hind legs seemed to be partially paralyzed. All summer Sissy has spent her spare-time biting the fleas off him and playing with him and now he keeps trying to get close enough to her new center of interest to see what is behind the pile of wire.

—tp—

Every time we have pups to give away we always think how nice it would be if all mothers had the same consideration for little things that Mrs. W. J. Krumbein has.

We were so impressed with her observation when she came with her family to get a pup several years back, and remarked that they would have liked to have had one earlier but small children are so hard on little things that they had waited until Virginia was old enough to understand how to play with a pet.

## Community Builders

By JIMMIE LEE

"I just think it's the grandest place in the world," replied Mrs. W. H. Russell, this week's community builder, when asked what she thought of Hereford. There is nothing she dislikes about it.

Mrs. Russell was born in Era, Cook County, Jan. 5, 1883. She was reared in Era and also attended school there. In 1902 she moved to Hereford with her mother, Mrs. M. B. Daniel, two brothers and one sister. Her mother ran the Hereford Hotel here for several years. Mrs. Russell went to Panhandle Christian College here in 1903. She took china painting and voice. March 1, 1905 she married W. H. Russell, who at that time was the County Judge, and they raised six boys and two girls. All their children graduated from Hereford High School.

She has been a member of the First Christian Church since she was 13 years old. Mrs. Russell is a charter member of the Eastern Star and also a member of North Hereford Home Demonstration Club. She belongs to the Business and Professional Women's Club.

Mrs. Russell's hobby is raising flowers. She also loves to play bridge and canasta.

"I never miss a game," she said, when speaking of her favorite sport, which is football.

She says Hereford needs a good many things, like another swimming pool and a community center.

"And the best way to get the things Hereford needs is through the Chamber of Commerce, since they have done lots for Hereford," she said.

When asked what she liked the most about Hereford, Mrs. Russell said, "I just love the people and my neighbors."

## Humor From Other Columnists

"At age 20 we don't care what the world thinks of us; at 30 we begin to worry what it thinks of us; at 50 we find it wasn't thinking of us at all." Harold Hudson says in his "From the Sideline" column in the Ochiltree County Herald.

Orlan Jones fills us in on this one in his "The Horse Told Me" column in The Liberty Vindicator: "The horse is conducting a thorough investigation, but he has it on a pretty reliable source that the U. S. Post Office Department thinks that John Q. Public is pretty dumb. A man who has been behind the cage at the post office before tells the horse that those little slots for 'In Town' and 'Out of Town' are just a hoax, because the mail all drops into one basket anyway."

Boyce House, in his "I Give You Texas" column, tells about the cub reporter who turned in a writeup which said, "The man was shot between the stove and the kitchen sink." That is a bad spot to get shot," the noted humorist reasoned.

"V. L. Harman found himself in hot water the other day when his wife intercepted a letter addressed to him and signed Mamie." H. M. Baggarly relates in The Tulia Herald. "But before physical violence or divorce proceedings began, it was discovered the letter was from Mamie Eisenhower acknowledging receipt of a letter written to the President expressing wishes for a quick recovery."

## Panhandle Paragraphs

### NEW GUAR MARKET

A new market for guar beans not acceptable on the commercial market and in excess of those needed for seed is opening up to absorb the available Collingsworth County crop. A number of cattlemen already are making plans to buy beans, have them rolled to break the hard hull, and feed them as high protein supplement with roughage or pasture this winter, instead of cottonseed or soybean meal, cake or pellets.

—WELLINGTON LEADER

### NEW HIGHWAY OPENED

The years-old dream of many Kent and Dickens counties became a reality officially Nov. 18 with the opening of the new Spur-to-Clairemont highway.

—THE TEXAS SPUR

### FRIONA SETS MORE PAVING

Contract was let Nov. 18 to the West Texas Construction Company of Lubbock, for the paving of some 59 blocks of paving in Friona.

—THE FRIONA STAR

### OLTON GINS PROCESS 12,412 BALES

Harvest of Olton's cotton crop moved ahead at a good clip this week as farmers pressed stripping machines into use and good weather permitted uninterrupted field operations. A Wednesday afternoon survey showed that Olton gins have processed a total of 12,412 bales. That compares with the 8,642 bales reported a week ago.

—THE OLTON ENTERPRISE

### SWISHER COUNTY GRAIN GROWERS REVERSE STAND

A representative group of Swisher County Grain Sorghum Producers met Tuesday night in Tulia to elect officers, collect dues, and to transact other business which they hope will lead to a solution to the current desperate maize situation. Acting on the basis of information not available when the group met last month, the previous request that maize be declared a basic commodity was reversed. It was the belief of the group that other approaches to the problem would be more desirable and that acreage allotments would not be the answer. Two motions which carried were: 1. That High Plains Grain Sorghum Growers association strive to make grain sorghum ineligible to be planted on acres diverted from basic crops and (2.) that-milo be priced either by the bushel or by the hundred as corn is priced.

## The BOOTLEG Philosopher

(Editor's note: The Bootleg Philosopher on his Johnson grass farm discusses politics this week, without making much headway.)

Dear editor:

It's not my job to advise the politicians, the way I see it, there's too much advice in the world already, especially farm advice, but it seems to me the politicians are starting in so early on the next election which won't happen till a year from now that by the time voting day rolls around everybody will be tired of the subject.

In fact, if farmers started working on next year's crops as early as politicians do on next year's election, no telling how big the surplus would be.

I sort of like the way President Eisenhower is handling the situation. He doesn't even discuss the matter.

I know there are a lot of people who wish he would say what he plans to do about running again, some Republicans want him to say so they can get in the race if he doesn't, others don't want him to say anything unless he can say yes, and some Democrats want him to stay quiet so it'll confuse the other Republican candidates, other Democrats want him to say something, provided it's no.

Personally, I prefer silence, for this reason. The other day I read an article about a big industrialist who said his plans for expanding his business were being held up until he found out what President Eisenhower is going to do, and that's the policy I use out here on my Johnson grass farm.

There are a few preparations I could be making now toward next year's farming activities, but I hesitate to do anything until I find out what the President is gonna do.

This is a sound policy, provided you don't carry it too far. For example, it wouldn't be a good idea to hold up all your efforts until you find out what Congress is gonna do. I tried this once and it was three years before I found out and even then I wasn't sure.

People ought to be content to let the President take six months or so to make up his mind, when it takes Congress years.

Yours faithfully,  
J. A.

The 1956 Buick ROADMASTER Riviera

## Wonderful New Ride with a "Sense of Direction"

OVER the years—as any owner will tell you—Buick has always had a great ride. But each year, Buick engineers find new ways to better it. And in the 1956 Buick comes a ride well beyond anything that has gone before — the sweetest ride, by far, in all Buick history. We could tell you the why of it... About a brilliantly engineered new chassis of extra brawn and heft and precision balance... About new direct-action, deep-oil shock absorbers that snub jars and jolts with full, firm authority — and add new levelness to the car's all-coil springing... About new V-bracing and new housing rigidity

that bulwark the full-length torque-tube drive — bringing new swerve-free steadiness... Even about a whole new magic of angles and linkage in the front-end geometry to gift you with a new surety of control and impart a track-true "sense of direction" to the front wheels. But that's just a telling of it. Only in the driver's seat can you get the feel of it. Only there, too, can you sense the mighty sweep of Buick's great new 322-cubic-inch V8 engine, now stepped up to an all-time high in power and compression.

And only there can you really know the thrilling double-action take-off of today's new Variable Pitch Dynaflo\* — the spirited action that gives you instant getaway response at merely part throttle, plus utter smoothness through every inch of travel. Come in for a visit, this week — just to sample at firsthand the sizzle and thrill and ride sweetness in the best Buick yet.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century — optional at modest extra cost on the Special.

# Streu's Diary

November 25, 1955

DEAR DIARY:

Thanksgiving has come and gone — and no doubt all of us can think of many, many things for which to be thankful — we still live in the finest community in the best country in the world.

Next comes Christmas, and while I would like only to contemplate the spiritual aspects of the season, business survival indicates that I should do a spot of advertising for Xmas gifts. Christmas shopping has been made so easy here at Streu's — merchandise in profusion is displayed so that you may easily make your selection — your purchase may be put on Lay-Away and can be paid in easy installments — then your gift is beautifully gift wrapped. Many shoppers have also found that our clerks can be very helpful in suggesting just the right gift for that particular person on your list. Streu's has done everything humanly possible to make your Xmas shopping a pleasant experience. We have the finest assortment of lovely gifts ever assembled in Hereford — including glassware, china, milk glass, pottery, baskets, woodenware, copper and brass items — and of course, all kinds of cutlery, cooking utensils, electrical appliances, kitchen stools and so on. Jean said to mention Christmas candles and pink and white poinsettias.

Gift suggestions for men include tools, sporting goods and many other items. For the whole family we suggest RCA Victor Television — radios, records, Hi-Fi record players, clock radios and various combinations. With RCA Victor,

you just can't miss.

Hereford suffered a great loss yesterday — I understand that all Texas A&M Exes are still in a state of deep shock. Our condolences are offered.

"Be Thrifty, Be Wise — Buy In Hereford." This slogan will be seen a lot from now on in Hereford — I could write an essay on the advantages of making all of your purchases from your neighbors, the merchants of Hereford — but when all is said and done, it all boils down to just that — "Be Thrifty, Be Wise — Buy in Hereford."

Hear lots of unfavorable comment on telephone service locally. Don't raise thunder with the operators — they are doing the best they can with what they have to work with — besides, everyone needs a minute or two breather once in a while. Take it easy and live longer.

*"The range I use has to be fast—that's why it's ELECTRIC!"*

says **MRS. J. B. RILEY**  
1501 SOUTH ADAMS  
ROSWELL, NEW MEXICO

"J. B. is a building contractor, and has a very busy schedule. I never know when he'll be in for meals, so I start preparing when I see him drive in. My fast surface units allow me to fix whole meals in record time."

"The oven is so well insulated that it will retain heat—inside—for about an hour after it is turned off. Another nice thing about a built-in electric range is the fact that there is no stooping when you bake or broil."

"My built-in electric range is so convenient and easy to clean. My pans always stay bright and clean." The majority of American homemakers say their next range will be electric because electric cooking is clean.

"Separating the oven and surface units lets me utilize more space, and I have more room for other time saving electric appliances." Eventually you'll live electrically, as Mrs. Riley does. Why not now?

### Quattlebaum Is Candidate For 'Most Handsome'

CANYON (Sp.) Charles Quattlebaum, sophomore from Hereford, is one of six boys nominated for the honor of "Most Handsome" at West Texas State College.

Titles of "Most Beautiful" and "Most Handsome" will go to the coed and man receiving largest number of votes in a student body election. They, along with runners-up, will be presented Dec. 3 at the annual Beauty Dance.

Quattlebaum, a pre-dental major, has been a member of the Advisory Council, freshman representative of student senate, and was Personality King. He is the son of Mr. and Mrs. W. C. Quattlebaum of Hereford.

The candidates will be featured in the 1956 Le Mirage, WT yearbook which sponsors the election, and Beauty Dance.

### Faithful Workers Meeting Is Held

The Faithful Workers Sunday School class of the First Baptist Church met in the home of Mrs. Roy Thompson Monday evening. Mrs. G. E. Harris was co-hostess.

The meeting was opened with a prayer by Mrs. G. P. Owen. Mrs. O. H. Herring gave a devotional on Thanksgiving, using 100 Psalms as her text. Mrs. Ralph McCullough presided over the business. Mrs. Jeff Roberson had charge of the social hour.

Those attending were Mesdames Roy Calvert, R. L. Crisswell, O. H. Herring, Grady Parsons, C. E. Beauford, Joe Kendall, Ralph McCullough, R. L. Hamilton, Zephia Lloyd, Jeff Roberson, G. P. Owen and hostesses, Mrs. Roy Thompson and G. E. Harris.

YARD OF THE MONTH — Pictured is the home of Mr. and Mrs. F. H. Oberthier, 127 Avenue F, which has been selected as the November Yard of the Month. The Oberthier home

grounds feature large trees of many varieties, and the committee making the selection praised the dignified and stately framing the trees give the house. (Staff Photo)

## Oberthier Yard Is Selected November Yard Of The Month

I think that I shall never see  
A poem lovely as a tree,  
A tree whose hungry mouth is  
prest  
Against the earth's sweet, flowing  
breast;

And lifts her leafy arms to pray,  
A tree that may in summer  
wear  
A nest of robins in her hair;  
Upon whose bosom snow has  
lain,  
Poems are made by fools like me,

But only God can make a tree.  
At no time of the year does  
Joyce Kilmer's famous poem have  
so much meaning as in the early  
autumn when nature splashes her  
trees with brilliant colors across  
the landscape. Fortunate indeed is

the gardener who grows them, but all who desire have only to raise their eyes in passing by, to get inspiration from such gorgeous arrays of color.

The golden, brilliant silver leafed maple trees, the rich, red-hued pear trees and the glowing green firs in the yard at the F. H. Oberthier home led the Hereford Garden Club committee, which sponsors the "Yard of the Month" series, to select theirs as the November Yard of the Month.

Note the dignified and stately framing the trees give the house, not only when fully leafed, but also when the leaves have fallen. The silhouette of the branches and sturdy trunks enhance the winter scene.

Just as the work of the artist is set off when the picture is appropriately framed, so is the home set off to an advantage if good landscaping has been exercised.

When passing the Oberthier home notice how the trees and other plantings emphasize the great care given the premises. The trees have been given proper care and have lived long and useful lives over a period of years. One can see that the yard has been carefully and fondly cared for, and one of the most important phases of gardening "conservation" has not been neglected, for they have made provision for the birds (note the bird sanctuary in the picture). They have planted fruit trees to help furnish food for the birds and have used vines and other plant material for screening. This plant material, trees and shrubs make the yard attractive even in the dead of winter, particularly in the snow.

The service areas are well planned to meet the needs of the family, both when their children were at home, and now when they are just the two of them at home.

The Oberthier place is one of the older landscaped spots in Hereford but good design in landscaping never changes, and the careful planning has enhanced the property value down through the years, and brought contentment and joy to the owners.
