

BRITISH TROOPS BOUND FOR KOREA—Troops of the Middlesex Regiment are shown above as they boarded the aircraft carrier Unicorn at Hong Kong as part of Britain's "K-Force" enroute to the Korean battlefield. A spokesman for the British force said the troops had been training for a year in terrain similar to that of Korea. (AP Wirephoto)

Bagpipes Blare As British Troops Land

By HAL BOYLE and DON WHITEHEAD
A SOUTH KOREAN PORT, Aug. 29. (AP)—British ground troops in their jungle green battle dress stepped ashore today to give the British Commonwealth its first fighting force in the United Nations action against North Korean Reds.
Tan and hardy Scotsmen and lean young warriors from the London area disembarked from the Aircraft Carrier Unicorn and the Cruiser Ceylon to the cheers of South Koreans and Americans.
The Carrier Unicorn touched the pier at 12:20 p.m., 19:20 p.m. EST, Monday.
The bagpipes played "The Glen Aul Highlanders" as B. Campbell and the Argyll and Sutherland Highlanders Regiment trotted down the gang plank of the Cruiser Ceylon.
They were cheerful, these men

from Britain who were brought here from their station at Hong Kong. Sgt. Ian Bell of Paisley, Scotland said:
"The lads feel we should have been here sooner."
Company Sgt.-Maj. Robert Murray of Glasgow commented, "We are quite happy. We can handle the mountain fighting. We have always taken it — so we can carry on."
One laughing soldier said: "I am just an immigrant."
And another put an identification tag in his eye, as if it were a monocle, and inspected Korea.
A moustached soldier called to an American on the pier and asked: "Any gum, chum?"
Pvt. Patrick Boyd of Port Glasgow yelled "are there any pubs here where a man can get a drop o' drink?" He looked a bit sad when he was told the staple native drinks were sake and unguaran-

teed apple brandy.
As the carrier slid up to the pier, the U. S. 56th Army band played "God Save the King." It was a moment of high emotion for those watching.
On the decks of the carrier, the British came to attention. They stood at the rail, tall and straight. And then, as the notes died away, they cheered.
A South Korean band also welcomed the British and a chorus of South Korean girls sang the British anthem. Most of the girls had fled Seoul, capital of South Korea, which fell to the Reds early in the invasion.
Then the girls sang the "United Nations Welcome Song," written by a South Korean. They sang, "The United Nations army is coming, holding up the forces of righteousness, to put an end to wickedness."
The first officer ashore from the Unicorn was Maj. R. A. Gwyn of Helensburgh, Scotland.
"Our men want to know what they have got to do—and they are ready to do it," he said briefly.
The Ceylon touched the pier a few minutes after the Unicorn and the wild music of bagpipes swirled across the water. They were playing "The Barren Rocks of Aden."
The bagpipers were resplendent in kilts and sporrans with cocky glengarrys perched on their heads.
As the music ended, a hull-necked sergeant-major waved a stick and shouted at his men: "Get back there Baker Company. Get back to your gear."
And the men began shouldering their packs and weapons to disembark.
An American shouted from the pier, "How's the morale of your men?"
A private turned and grinned broadly across the rail.
"Very good," he said. "Very good indeed. Couldn't be better."
Near him a young soldier stood looking at the green hills rising in the distance — the kind of hills across which he would be fighting soon.
"We can take it," he said. "We can try anything once."
Lance Corp. Charles Bell, a 33-year-old coal miner from Fife, Scotland, said: "We'll have a go at them — sure thing. The mountains were high? They're not. In Scotland they're much higher."
Most of the officers and a large majority of the non-coms are battle veterans of World War II.
The British brought light fighting equipment — mortars, machine-guns, automatic rifles and rifles. The Americans will help them get heavier equipment and artillery. They also will supply them with tank-killing 3.5 inch bazookas.
On the way from Hong Kong, the British trained on deck with the bazooka. Firing at targets in the water. They said they liked it.
"I am glad we are on your side," one soldier said "I wouldn't want up against your bazooka."

HST OFFERS ADVICE

Excess Profit Tax Issue Is In Doubt

WASHINGTON, Aug. 29. (AP)—President Truman's admonition against hasty and premature action failed today to head off the drive in the Senate for an immediate 85 per cent excess profits tax on corporations.
The issue is in doubt. The vote may come late today or tomorrow. Supporters of the profits levy predicted victory.
Sens. O'Mahoney (D-Wyo.) and Connally (D-Tex.) offered what they called an "anti-profiteering" levy. They want to attach it to the tax boosting bill intended to help pay for increased military spending.
Without an excess profits tax, the measure would add about \$2,700,000,000 annually to individual income taxes, another \$1,500,000,000 to corporations, and would gather extra millions by plugging loopholes and making other tax law changes. The House has not yet acted on it.
O'Mahoney estimated the profits amendment would yield about \$4 billion a year beyond the estimated \$4,508,000,000 in the bill. He and Connally want it made effective as of last July 1.
The issue in the Senate is not whether there shall be any less profits levy — it seems almost certain there will be — but how and when it shall be applied.
Mr. Truman again urged congressional leaders at a White House conference yesterday he favors taking profits out of war but he does not favor tacking an excess profits levy on corporations to the "quickie" tax boosting bill.
Chairman George (D-Ga.) of the Senate Finance Committee reassured his colleagues that the present bill will be followed by another later this year or early next year embodying a \$4 billion to \$6 billion excess profits levy effective Jan. 1, 1951.
But it was not clear whether Mr. Truman's new advice and George's

assurances would halt the drive for immediate action.
Sen. Lehman (D-Lib-NY) told the Senate he would support the O'Mahoney-Connally amendment and urged its adoption.
Lehman said that unless Congress passed an excess profits tax, there would be a wave of wage demands by labor that would be "difficult if not impossible to withstand."

40 Cars In Motorcade To Snyder

Some 40 cars and at least 100 persons are expected to make up the motorcade to Snyder today for a celebration of the opening of State highway 350 first all-weather road connecting Big Spring and Snyder, according to chamber of commerce Manager J. H. Greene.
The motorcade is to leave the Settles hotel at 5:30 p. m. Traveling with the Big Spring group, which is to be escorted by a delegation from Snyder, will be Fred A. Wemple, Midland, chairman of the State Highway commission.
Wemple is to preside at a ribbon-cutting ceremony to officially open the road at the Colorado River bridge near Ira District Highway Engineer S. J. Treadaway, Abilene, is also to be on hand. Other highway commission officials have been invited.
Following the bridge ceremony, delegations from Snyder and Big Spring will proceed to the Snyder country club where Big Springers will be guests of the Scurry chamber of commerce at an informal barbecue, scheduled to start at 6:30 p. m.
The new state highway has been open to through traffic for several days. Its completion culminated more than a decade of effort on the part of the local chamber of commerce, other civic leaders, and county officials.

Report Rifle Stolen

A 22 caliber rifle was reported stolen from the D&C Packing company on NE 2nd street Sunday night. Nothing else was taken in the break-in, police said.

Truman Sends MacArthur A Note On Policy

President Also Commends General On Conduct Of War

By The Associated Press
WASHINGTON, Aug. 29.—President Truman today sent Gen. Douglas MacArthur a statement of "American policy on Formosa, and also a commendation of the general's direction on the Korean campaign."

Mr. Truman's move, followed up his week-end order for MacArthur to withdraw a statement on Formosa, appeared to have a two-fold purpose although there was no official comment.
1. To clarify MacArthur's own understanding of the whole situation and give him an implied reminder not to get out of step again.
2. To ease the sting of the incident to the general and also help maintain MacArthur's prestige in the Far East.

Presidential Sec. Charles G. Ross gave out Mr. Truman's message without comment and refused to answer questions as to why Mr. Truman sent it.
The text of Mr. Truman's letter: "I am sending you for your information the text of a letter which I sent to Ambassador Austin dated Aug. 27. I am sure that when you examine this letter, and the letter which Ambassador Austin addressed to Trygve Lie on Aug. 25 (a copy of which I am told was sent your headquarters that night), you will understand why my action of the 26th in directing the withdrawal of your message to the Veterans of Foreign Wars was necessary."
"Gen. Collins and Adm. Sherman have given me a comprehensive report of their conversations with you and of their visit to the United Nations forces now fighting under your command in Korea. Their reports were most satisfactory and highly gratifying to me."
The letters Mr. Truman enclosed were those officially stating American policy toward Formosa as communicated by Austin to Lie, the secretary general of the United Nations.
Gen. J. Lawton Collins, Army chief of staff, and Adm. Forrest P. Sherman, chief of naval operations, recently returned from a visit to Tokyo and Korea.

Canada Set To Act In Rail Tieup

OTTAWA, Aug. 29. (AP)—Canada's parliament assemblies today to act on government legislation intended to start the nation's trains rolling again. There were indications the country's first general railway strike might be over by the week end.
One week ago today 124,000 non-operating rail workers struck for higher wages and shorter hours. Since then a like number of workers have been laid off in industries dependent on rail transport. Some isolated areas in the domain already have been nipped by shortages of fresh food.
Special legislation to end the strike was expected to be passed by tomorrow. Such action, observers said, would permit resumption of rail transport by the end of the week.
Strike leaders were prepared to yield to parliamentary action under certain conditions.
"If a law is passed ordering the men to go back they will obey it but they won't like it," said Frank H. Hall and A. R. Moshier, rail union spokesmen.
"If the law requires the resumption of negotiations, the unions will no doubt comply," they added.
The nature of the government's measures to halt the strike still remained an official secret. The cabinet was called to a morning meeting to complete plans. It was expected that the general terms might be disclosed in the speech from the throne to be read when the special session opens this afternoon.
The extraordinary meeting, to which MPs were brought by air-lift, also is to consider defense measures and Canada's part in the Korean war, but the end of the rail stoppage has No. one priority.

Board No. 71 To Furnish 17 Men In September Call

Selective Service Board No. 71 which serves Howard Martin and Mitchell counties, will be called upon to furnish 17 men for induction into the Armed Forces in September.
Date of induction for selectees to be called by the local board has been set for Sept. 25.
The board here has received instructions to send 60 more men for pre-induction physical examinations next month. One group of 30 will go to Abilene on Sept. 11, and another of the same number is scheduled for pre-induction exams on Sept. 12.
The fourth group to be called here for pre-induction exams went to Abilene today. Calls for pre-induction exams, so far, total 190 men.
The group reporting on Sept. 25 will be the first called for induction since January, 1949.

Cpl. Shaw Missed Death By Fraction Of An Inch

Had the path of a bullet deviated a fraction of an inch in any direction, Cpl. Billy Shaw would likely not be alive today.
As it is, he is convalescing in the Brooke General hospital at Fort Sam Houston from wounds suffered in Korea.
Cpl. Shaw was struck under the eye by a machine gun bullet which creased his nose. It emerged under his ear, fracturing the jaw.
Rep. R. E. (Peppy) Blount, who visited Cpl. Shaw at Brooke, said that "the path of the bullet could have deviated a fraction of an inch in any direction and death would have been instant. But for the grace of God, Billy wouldn't be here."
C. H. Collins, a former Big Spring boy who now resides in San Antonio, visited with Billy. His mother, Mrs. Ruby Smith, 200 Benton, was due to arrive at Brooke today. Rep. Blount suggested that Big Spring people drop a note to Cpl. Shaw at Annex 4, Ward 20, Brooke General Hospital, Fort Sam Houston Texas.
Cpl. Shaw was with a group of men ambushed far behind their own line by infiltrating guerrillas from North Korea. They opened up with a machine gun from a hill-top before Cpl. Shaw's group was aware of their presence.

Bloodiest Battle In South Sector

By The Associated Press
TOKYO, Wednesday, Aug. 30.—Allied troops beat back Red attacks in two wild battles at opposite ends of the curving Korean war front Tuesday.

That apparently ended Communist chances of a quick end-run on Pusan, the Reds' Aug. 31 goal.
But the North Koreans were building up at the center of the line for a major stab at United Nations forces.
The bloodiest battle was on a bald hill at the southern anchor of the line. There American Negroes and South Koreans turned back a North Korean bayonet charge in hand-to-hand combat. One American machinegun nest was wiped out by Red bayonets.

REDS DRIVE BACK RIGHT WING—Double-tipped black arrow indicates the wide area along the northern front where North Koreans drove back the right wing of the Allied defense line Aug. 28. The sawtooth area from Waegwan east to Pohang was aflame, U. S. pilots said. The heaviest fighting was in the area near Pohang on the east coast where ground troops were aided in bombardment from Allied warships (ship symbols) and near Uihung, abandoned earlier by South Korean defenders. Elsewhere in Hyongpung-Changyong sectors and in Masan area at the south pressure continued. (AP Wirephoto Map)

HURRICANE ON WAY Gulf Coast Sets For A Big Blow

NEW ORLEANS, Aug. 29. (AP)—Naval Air Station.
Major oil companies called in drilling crews from off shore installations.
Another hurricane, located about 350 miles southeast of Bermuda, remained fairly stationary.
Highest winds were estimated at 115 miles per hour near the center in the northeast quadrant. Hurricane winds extended 70 miles outward to the north and 45 miles to the south. Gales extended outward about 100 miles.
The Miami Weather Bureau predicted this storm would continue its northwesterly movement at about the same rate of speed until this morning or early afternoon.
The smaller and less forceful Gulf hurricane brought death by drowning to at least 20 persons in western Cuba and did damage estimated at more than \$2 million after hitting there Saturday night.

Falls Four Stories; Suffers Only Cuts

JERSEY CITY, N. J., Aug. 29. (AP)—Two-year-old Lawrence Payton fell four stories to a cement sidewalk from his front window last night.
Doctors at the Jersey City medical center said he suffered only minor cuts.

OVER McDONALD

White Is Finally Named Winner

By The Associated Press
AUSTIN, Aug. 28. (AP)—J. E. McDonald today conceded John C. White's nomination as Commissioner of Agriculture and offered him congratulations and wishes for a successful administration.

He offered White a desk in his office after the general election "Where, if he desires, he may stay and familiarize himself with the work of the Department before he begins his official duties."

Young John C. White of Wichita Falls has defeated 10-term winner J. E. McDonald for the post of Texas commissioner of agriculture.

The 25-year-old White collected 11,074 votes more than the veteran McDonald, according to the Texas Election Bureau's final count on Saturday's Democratic run-off election. White had a total of 351,149 votes to 340,075 votes for McDonald.

The bureau had tabulated votes from 253 of Texas' 254 counties, with 175 complete. Borden was the only county not reported. It cast only 99 votes in the first primary in July and favored McDonald slightly. The bureau estimated 12,000 votes remained uncounted.

White is an agriculture teacher and school executive. He made, among other things, party loyalty a campaign issue.

McDonald was opposed by many Democratic Party regulars. They said he had given too much aid, comfort and support to the Republicans. The party tried to bar him from the ticket, but McDonald got his name on the list by court action.

White had a lead of just under 7,000 votes Sunday night. It grew steadily Monday, reaching 10,564 in the bureau's next-to-last count when Duval County reported its vote. County Judge George Parr already had told Associated Press White had swept Duval County—the bureau's figures gave him 3,598 votes in the county to 45 for McDonald.

Decisions had been reached in all other major state contests by Sunday. The Election Bureau's final tabulation Monday showed:

For lieutenant governor: Ben Ramsey 449,915, Pierce Brooks 274,600.

For U. S. representative, 18th District: Ken Regan 23,272, Paul Moss 18,364.

For U. S. representative, 18th District: Walter Rogers 22,224, Mrs. Allavene Clark, 16,765.

For court of criminal appeals: W. A. Morrison 392,238, R. L. Lattimore 274,220.

For Supreme Court, Place 1: Will Wilson 388,015, Fagan Dickson 294,658.

For Supreme Court, Place 3: Meade F. Griffin 440,807, George Harwood 228,663.

Legislature Gets 63 New Occupants

AUSTIN, Aug. 29. (AP)—Five new senators and 58 new House members will take seats in the 52nd Legislature.

The Texas Legislative Service announcement yesterday of Saturday run-off results in the legislative races showed that turnover, considered above average.

Most of the 22 run-offs in the House and all five of the Senate run-offs brought new members.

New senate members elected Saturday: Rep. S. Fuller of Port Arthur, Joe D. Carter of Sherman, Joe Russell of Rockwall, George E. Parkhouse of Dallas, Wayne W. Wagonseller of Stoneburg.

These house members were named in the Saturday run-off: Denny O. Ingram, Jr. of Kirbyville, Edwin O. Nimitz of Orange, Edgar L. Berlin of Port Neches, Harold Seay of Galveston, Charles Murphy of Houston, J. M. Heflin of Houston, Fraps W. Kelake of Bellville.

Gilbert Spring of Apple Springs, Paul Hill of Tyler, Bill Wood of Tyler, John Warden of McKinney, Clyde E. Manning of Decatur, Ben Atwell of Dallas, F. H. Sherman of Dallas, Maury Maverick, Jr., of San Antonio, Stanley Banks, Jr. of San Antonio.

Lynn Shaw of Moody, Bert Hall of Rio Vista, Miss Virginia Duff of Ferris, W. H. Abington of Fort Worth, L. R. Pearson of Ranger, Morris C. Cobb of Amarillo.

An ordinary paint brush makes a good duster for carved or ornate furniture.

Security Council Set For New Malik Charges Today

LAKE SUCCESS, Aug. 29. (AP)—Russia opens a new propaganda campaign before the Security Council today, charging American aggression against Communist China in Formosa.

Russian Delegate Jakob A. Malik, council president until the end of the month, notified other delegates he would fight to put such charges on the agenda for today's council meeting. Even if he loses his fight, he still has the chance to make another long speech attacking the U. S.

The U. S. already has said that Communist China's charges, taken last week of U. S. aggression in Formosa, are "ridiculous falsehoods" and that the Americans are ready for an on-the-spot inquiry immediately. But while welcoming the inquiry on Formosa, the U. S. still maintains that the council first must take up her own charges of Communist aggression in Korea.

On the Soviet side Malik, since taking the council presidency at the beginning of August, has opposed the U. S. resolution to localize the Korean war and simultaneously has charged the U. S. with aggression in Korea.

Although the U. S. was not expected to oppose Malik's attempt to bring Formosa into his propaganda blasts, other council members were reported ready to combat putting this on the order of business. They insist on clearing up the Korean question which Malik has blockaded.

The Chinese Communists have complained to the UN that the U. S. Seventh Fleet, acting under orders of President Truman to protect the approaches to Formosa, is interfering in China. They claim Formosa is territorially a part of Communist China.

Malik has made no reference however, to a new complaint by Red China's foreign minister, Chou En-Lai, that U. S. planes have bombed Chinese mainland areas. Nor has he referred to news accounts of Chinese Communist charges that British warships have violated Chinese territorial waters near Hongkong.

She Had Reasons But So Did Judge

MIAMI, Fla., Aug. 29. (AP)—Mrs. Virginia Lorna admitted setting fire to a truck belonging to A. A. Anderverg, and gave these reasons in municipal court yesterday.

1. She owned part interest in the vehicle.
2. Anderverg was her boy friend and was using the truck to call on another woman.
3. She burned the truck because

she didn't want to lose both her man and her truck.

Judge Cecil C. Curry, who heard the 30-year-old woman's story, was unimpressed and sent her to jail for 60 days.

The capital of the Dominican Republic, now known as Ciudad Trujillo, was founded in 1496 by Bartholemew Columbus, brother of the famed Christopher.

Mass., Conn. Show Populous States How To Lower Holiday Traffic Toll

BOSTON, Aug. 29. (AP)—Massachusetts and Connecticut, after showing during the July 4 week end that populous states can almost eliminate holiday traffic deaths, are planning to repeat the performance.

Each had only two traffic deaths during that four-day holiday week end.

The National Safety Council says many other states could well profit from studying how Massachusetts

and Connecticut did it.

The council noted that the July 4 week end traffic death total of 491 included heavy tolls in some states—among them Michigan, Texas, New York and South Carolina.

The council also found that 14 states had only one or two deaths during the holidays or none at all.

The states with good records—in addition to Massachusetts and Connecticut—were Arizona, Colorado, Delaware, Maine, Nevada, New Hampshire, North Dakota, Rhode Island, South Dakota, Utah, Vermont, and Wyoming.

Massachusetts and Connecticut are the most populous of the 14.

In Connecticut, preparations for the Labor Day week end are following a master plan evolved for the state after the late Gov. Wilbur L. Cross reported in 1935 that highway traffic was an "appalling problem."

That year the traffic record showed 485 killed and nearly 14,000 injured. Last year, Connecticut's death toll had been reduced to 201.

State Safety Director William M. Greene says the three "e's"—education, engineering and enforcement—are responsible.

"Educational effort in advance of the holiday," says Greene, "is based on the obvious need to re-

mind people of highway hazards— dangers they know about, but about which they need reminding just the same."

Weeks before a holiday, highway users see and hear reminders—in their newspapers, on their radios, on billboards—that "care pays safety dividends."

During those weeks, motor vehicle inspectors spot-check cars to make sure they are in good order. They drop a word to each driver about the need for extra care during the holiday.

The engineering part of the three E's is the state highway department's job.

The highway commissioner, says Greene, has to plan construction work so that it will "interfere as little as possible with smooth, orderly traffic flow."

An example: Order already has been issued that all road oiling operations must be suspended on Aug. 31.

State police will take over enforcement.

They will use traffic control towers, radio, radar to check speed, patrol automobiles with safety signs and airplanes.

In Massachusetts, the combined safety forces will start slowing down holiday traffic on Friday, Sept. 1.

Cars going too fast or trying to cut out of line will be stopped. Inspectors will be on the lookout for cars with lights or brakes out of order.

From the state registry of motor vehicles headquarters in Boston will come reports on progress every 12 hours to be publicized by the press and radio.

Drivers will hear on their radios the recorded voice of Rudolph F. King, state registrar of motor vehicles:

"Keep both hands on the wheel. Wake up. No cat naps. Slow down. Stay in line and get to your destination safely."

More men will be assigned to traffic control and enforcement than ever before in the state's history.

One Man Air Force Grounded For Time Being

By STAN SWINTON
Associated Press Staff

MASAN, Korea, Aug. 28. — Maj. Dean Hess, the "one man air force" of the South Korean war, has been grounded by official order.

But only until he can take the air again leading South Korean fighters against the Reds.

"And that won't be long," the handsome, 32-year-old airman from Marietta, O., said today.

So far as the infantry is concerned, Hess is probably the outstanding air hero of the war. They know him by his radio call sign—"Macintosh One."

That's a sign that an F-51 fighter, with South Korean forces marking, will flash down to tree top level to blast enemy machineguns and troops.

Hess flew 95 missions in less than two months. Sometimes he made six sorties in a day.

Infantry units he has supported have written to his commanders, recommending him for medals ranging up to the Distinguished Service Cross.

But for Hess the greatest reward was that infantrymen down in the flea-infested fox holes thanked him time and again.

Once he saved 25 surrounded American soldiers by strafing within 50 feet of them from an altitude so low the soldiers said the Reds could have hit his plane with rocks.

Hess, a flying scholar who holds a master's degree from Ohio State University in diplomatic history, is officially head of the South Korean Air Force Advisory Group.

The order for him to stop flying came because higher headquarters wanted him on the ground to train 56 South Korean cadets now learning basic flying, and another group of flying Koreans who must convert from AT-6 training planes to P-51 fighters.

When the converted fliers are ready for action, the Air Force said, "Macintosh One" can personally lead them in combat.

200 From HCHBA To Go On Tour

Approximately 200 persons, local business men and members of the Howard county Hereford Breeders association, are expected to go on the organization's annual tour Sept. 7, according to C. A. Walker, association secretary.

The tour is scheduled to start from Walker's Drug at 2nd and Main at 8 a.m. Thursday, Sept. 7. Breeders and Hereford fanciers will visit 12 Hereford farms in the county. On the following day, they will tour the Lamesa-Tahoka area as guests of the South Plains Hereford association.

The group is scheduled to pause for a barbecue dinner at the Leland Wallace farm during the Howard county tour.

Some 120 persons made the tour last year, Walker said. He predicted that nearly twice the number would be on hand for the visits this year.

Leaving Big Spring at 8 a.m., they will visit Hereford farms operated by Charlie Creighton, Loy Acuff, O. H. McAllister, Everett Lomax, Cauble Hereford Farms, Leland Wallace, L. J. Davidson, Ed Simpson, C. A. Walker, C. C. Wolf, R. E. Martin, and Sam Buchanan.

On the South Plains tour, Sept. 8, Hereford breeders will view herds belonging to Alton Youngblood, Tom Estes, Fipps Farm, B. B. Bratcher, Judge Jarrard, J. C. Wells, and May Farms. Dinner will be served at one of the ranches visited on the tour.

Barnes To Open 7th Year As Head Of Knott Schools

KNOTT, Aug. 29 — Preparations for opening of school here on Sept. 4 are about complete. H. E. Barnes, superintendent, announced today. For Barnes, it will be the beginning of the seventh year as head of the Knott school system. Acceptances have been received from all faculty members. O. B. Smith will be high school principal and C. S. Ross elementary principal.

The plant, comparatively new with less than three complete years of use, is in excellent condition. A front sidewalk is being installed as a gift from the class of '50. This year the district will again operate three buses, and contracts have been executed to serve parts of the Valley View and Brown districts in Martin county. Seven new families in the Seaboard camp on the Vealmoor road will be served on one route.

For the first time in four years the home economics department is being re-activated. Completely new equipment in the amount of \$2,500 has been installed, including cabinets, heaters, stoves, refrigerators, etc. The vocational agriculture shop has received about \$500 in new equipment.

Pre-enrollment of high school students had been accomplished and Barnes said that the school would go into regular session on Monday.

In the elementary division, teachers will be Mrs. J. D. McGregor, first grade; Miss Bill Clyburn, second grade; Mrs. George White, third grade; Frances Carr, fourth grade and public school music; Mrs. W. R. Cates, elementary English and reading; Rose Misk, social studies; C. S. Ross, math and spelling.

High school faculty members are: Lena Manning, English; Mrs. Lambert Misk, commercial studies; Carleton Cowan, vocational agriculture; Mary Range Bradley, home economics; O. B. Smith, social science and boys athletics; H. E. Barnes, math and girls athletics.

Lambert Misk will supervise transportation and bus maintenance. Two of the three bus drivers will be Lefty Smith and Clyde Ross. W. M. Alford is to be custodian, and Mrs. Effie Allred, Mrs. Jim Pardue and Mrs. Dick Clay will operate the lunchroom.

The faculty is to meet Friday. On Sept. 8, pupils 15 years and older will be transported to Big Spring for the mass chest x-ray service. That same evening, Knott with only one letterman returning meets Flower Grove on the gridiron.

Ask New High School Students Register Before Classes Open

Prompt registration of high school students who have moved here since last spring was urged today.

So far there have been about 50 such registrations, said Walter L. Reed, high school principal. This he believed meant a substantial high school enrollment increase. In turn, Reed added, it means that the staff will be covered with such a weight of routine details at school opening that it may be a week before those who wait until the first day of school can have their schedules completed.

Administrators were working steadily Tuesday on schedules. Senior, juniors have been completed, and by the end of the week the sophomore and freshmen schedules will be arranged. After that, changes will be most difficult to execute.

Elementary students are to register Friday morning. This will permit the requisitioning of books and supplies so that they will be ready for distribution on Tuesday, the first day of school.

All bus students will report to Central Ward. Seventh grade pupils in the South Ward district will go to Central Ward also. But those in the South Ward district in the fifth and sixth grades will go to College Heights.

Dean Bennett, supervisor of elementary education, reminded parents that all first grade youngsters will be required to present birth certificates and smallpox vaccination certificates upon entrance.

Name Local C-C As Procurement Agency For USDC

The Big Spring chamber of commerce has been designated as a Procurement Cooperating Agency by the U. S. Department of Commerce, J. H. Greene, manager, has announced.

It is to receive daily consolidated reports of all purchasers in excess of \$500 made by the Department of Defense and the General Services Administration. These procurement lists will be available at the chamber office for any manufacturer, wholesaler, retailer, or other interested person.

The lists give full information on items to be purchased by these government agencies as well as instructions regarding the offering of commodities for sale to the two departments. The service is free and all persons wishing to make use of the lists are invited to do so, Greene, said.

Final Rites For Robert A. Elder Are Held Today

Last rites were said at 2 p. m. today in Baird for Robert A. Elder, 63, veteran Texas & Pacific locomotive engineer who died at 7:30 p. m. Sunday after a long illness.

The body was carried Monday night in an Eberly coach to Baird, the former family home. He had joined the T&P in 1913 at Baird and came to Big Spring in 1928. The following year he became a locomotive engineer.

Mr. Elder was a native of Upshur county, and he was a member of the First Christian church and of the B. of L. E. in 1908. He was married to Miss Ida Taylor and of six children born to them, two survive. They are Durward F. Elder, Dallas, and Miss Robbie Elder, Big Spring. Three sisters and three brothers survive.

Following services in charge of the Rev. Lloyd Thompson, Mr. Elder's pastor here, interment was in the Baird cemetery in charge of the B. of L. E.

Two Latin-Americans Jailed Last Night

Two Latin-American men were jailed here last night on charges of creating a disturbance and displaying a deadly weapon.

The act allegedly took place in the northeast section of town. The pair reportedly were waving a pistol in the air and arguing with all who cared to come within earshot.

Police Look For Man Who Fired At Patrolman

Police this morning were searching for a 27-year-old Latin-American man who they said fired two shots at Patrolman I. W. King while he was on a routine assignment last night.

C-C Retail Group Vote Permanent Yuletide Decorations

The chamber of commerce retail committee this morning voted to adopt permanent-type Christmas street decorations similar to the ones now on display on Main street. They could be used for several years.

Members of the group decided to place a tentative order for 34 strings of the decorations while they are available. Gilbert Gibbs was named chairman of a committee to study means of financing the purchase.

Plans call for placing the decorations across downtown streets in order to give the best overall arrangement, disregarding business locations. Purchase of the material is to be a cooperative community endeavor. M. C. Grigsby, retail chairman, announced. Cost of the project was not disclosed.

AREA OIL NEWS

Wildcat Location Announced In Northeast Howard County

A northeastern Howard county wildcat location and a projected drillstem test of the Spraberry section in a northwest Howard wildcat paced oil developments today.

Brinkerhoff No. 2, Jones, et al, 600 from the north and east lines of section 18-34-2n, T&P, prepared to drillstem test at 6,691-6,791 in the Spraberry, topped at 6,627 (datum minus 4,018), a drillstem test from 6,663-91 recovered 100 feet of mud with no shows on a one-hour run. The venture is Knott in the same general area. Stanoind No. 1 Burton drilled at 5,725 feet in lime.

Fred M. Manning, F. O. R. T. Worth, announced location for No. 1 Chester L. Jones, a projected 8,000-foot venture in northeast Howard. It will be in the center of the southwest quarter of the northwest quarter of section 5-25, H&TC, and two miles northeast of Vincent.

The deal for drilling was worked up by W. T. Walsh, Midland, who turned it to Manning. Walsh kept an override on the acreage involved and on the well. Anderson Pritchard, Magnolia, and Coffield & Guthrie, who hold acreage in the area, contributed acreage to the well.

Livermore and T&P No. 1 Currie, drilled to 6,945 in lime and shale. Amer No. 1 Jones, C. S. E. NW section 34-26, H&TC, was below 7,555 in shale.

Lomax & Zonne No. 1 Anderson, drilled to 4,945 in lime and shale. Amran & Southland No. 1 B. Brannon, C. N. W. NW section 19-27, H&TC drilled to 4,790 feet. Amran & Southland No. 1-A. Branon drilled to 5,470 feet. Brown No. 1-A. Branon, C. S. W. SW section 18-27, H&TC, was at 7,038 in lime and shale.

Sunray No. 5 Wilson, C. N. E. SE in the East Vealmoor area, was estimated to have topped the reef at 7,442 feet and was preparing to drillstem test. It was bottomed at 7,446.

Two completions were noted in southeast Borden. Amerada No. 3 Cora E. Weathers, 2,002 from the north and 1,958 from the east lines of section 9-25, H&TC, rated 1,738 barrels of 46.7 gravity oil. It flowed 18 hours through half-inch choke, had zero casing pressure, 250 lb. tubing pressure. Operators treated with 500 gallons of acid. Gas-oil ratio was 943-1. Top of pay was 6,810, the bottom of hole at 6,848 and 7-inch oil string set at 6,905. Production was from perforations from 8,832-48. This is a Von Roeder pool producer.

Magnolia No. 2, Bamba (Holley), 660 from the east and west lines of the northwest quarter of section 52-25, H&TC, was at 4,832 in lime and shale.

Grand Jury Is Still In Session Today

The 118th District Court grand jury was still in session here this morning, as court proceedings came to a temporary lull following trial of eight civil cases on Monday.

In Monday's proceedings Kyle Gray was awarded title and possession of lot No. 9, block No. 26, Cole and Strayhorn addition in a suit to trespass and try title. Defendant in the case was Mrs. A. C. Ramona.

The court removed minority disabilities in a case styled ex parte application of Harold Kent Simpson.

Six divorces were granted Monday. They included the following cases: Dorothy Napper vs. Wylie J. Napper, two minor children awarded to plaintiff and \$50 per month subsistence awarded; Donald R. Hade vs. Ramona G. Hale; Rubie Jewell Daniel vs. Thomas A. Daniel, plaintiff's former name, Halls restored; Doris D. Hays vs. Sue Harryett Hays, defendant's former name, Eppler restored; R. E. McMillan vs. Ruth M. McMillan, two minor children awarded to defendant; Doris Tyler vs. C. T. Tyler, one minor child awarded to plaintiff.

Police Look For Man Who Fired At Patrolman

Police this morning were searching for a 27-year-old Latin-American man who they said fired two shots at Patrolman I. W. King while he was on a routine assignment last night.

The incident occurred at an open-air dance pavilion near the Kate Morrison school about 9 p. m., officers reported. King and another patrolman, J. C. Woodward, had driven up the dance platform in a police patrol car on a route check.

As they stepped out of the machine, it was struck by a thrown beer bottle, King said. He spotted the man and gave chase. He said the fleeing man paused as he rounded the corner of a building and fired two shots which struck the ground in front of King.

The patrolman said he then answered the fire, shooting into the ground at the Latin-American's feet in an attempt to stop him, but he made his escape. Police Chief Pete Green said the identity of the man had been established and that an arrest was expected. No one was injured in the exchange of shots.

hours through a 24-64th-inch choke to complete for 683.82 barrels of 44.5 gravity oil as a Heinecke pool producer. It topped the pay at 6,835, where it set 5 1/2-inch casing, and was bottomed at 6,838. Packer was set and tubing pressure was 1,150. Gas-oil ratio was 1,059-1. The flow was natural and there was no water.

Cosden announced location for its No. 1 Heinecke. It will be 660 from the west and 467 from the south lines of the north half of the northwest quarter of section 53-25, H&TC. Projected depth is 7,000 feet.

Gulf No. 1 Clayton & Johnson northwest of Gail, reamed at 7,614. Vickers No. 1-B Canning a Von Roeder test, drilled to 5,120 feet in lime. Standard No. 1 Heckler drilled to 7,402 feet in shale and lime as a Howard-Borden test. Masnalla No. 1 Conrad, in the northwest corner of section 79-29, LaVaca, southeast Borden, was at 4,355 in sandy lime. Magnolia No. 1 Murphy in the northeast corner of section 69-25 H&TC, was at 4,832 in lime and shale.

In Dawson county, Auld & Brill No. 1 Grassam, southeast of Spraberry production, was bottomed at 3,800, running electric log and gamma ray. It is preparing to set 7 1/2-inch casing at 3,850 feet and deeper. Seaboard No. 1 Jones, C. N. E. NE section 26-35-5n, T&P was below 3,943 in lime. Standard No. 1 Smith, N. W. NE section 34-C4, P&L, drilled to 3,715 in lime and redbeds.

Southeast Martin county's Gulf No. 1 E. B. Glass cored from 12,813-865 with recovery of 50 feet of dolomite and no shows in the Ellenburger. It conditioned hole to continue coring.

In southeastern Lynn, Magnolia No. 1 Caswell, ran a drillstem test for one hour and 15 minutes from 8,665-77, the second Pennsylvania section. Recovery was 970 feet of salty mud, 120 feet of muddy salt water, and 30 feet of salt water. It will deepen

Mrs. Wasson Rites Due To Be Said Today

Funeral services were to be conducted at 2:30 p. m. today for Mrs. A. L. Wasson, one of Howard county's pioneers' and wife of a prominent area rancher.

Mrs. Wasson who had been in failing health for several years, died at her home Sunday afternoon.

In addition to number of out-of-town relatives, representatives of several Baptist institutions that have shared in gifts contributed by Mr. and Mrs. Wasson, were expected here for the rites.

Dr. P. D. O'Brien, pastor, was to officiate at the funeral service. Mrs. Wasson had been a member of the First Baptist Church here for half a century.

Mrs. Wasson is survived by her husband, one son, Cecil L. Wasson of Big Spring, a daughter, Mrs. Albert S. Barnett of Dallas, and two grandchildren, Mrs. George Olufsen of Chicago and Bob Wasson of Washington, D. C.

Two Suspects Picked Up In Garden City Theft

GARDEN CITY, Aug. 29—Two men suspected of being the pair which fled a trapped automobile early Monday at Midland have been picked up in Hobbs, N. M.

Sheriff Walter Teale said that he had questioned them in connection with burglary of the Houston & Cook Hardware store here at 3:15 a. m. Monday.

A third man, from Hobbs, N. M., was being questioned at Sterling City in connection with burglaries there Sunday night. He was taken on a roadblock in Midland early Monday morning on advice from Sheriff Teale. He steadfastly maintained he was enroute to Midland from Big Spring via Garden City. Sheriff Teale said that the 38-year-old man would be brought here today and that charges would be lodged.

Some of the tools in the seized car were taken to Sterling City. One sledge hammer was thought to have been missed by the Joe Emery office after it had been burglarized. The C. H. Apple Food Store in Sterling lost \$200 in change. The Martin C. Reed warehouse also was entered at Sterling City.

Sheriff Teale said that the four guns taken in the Houston & Cook burglary here were badly damaged. Dan Houston estimated the value of the 12 gauge pump shotgun, the pair of .22 pumps, and a 30-30 rifle at \$240. Very little of some stolen ammunition was recovered from along the right-of-way on the Garden City-Midland highway.

Midland police said that two men jumped from the car as it neared a road block at the Midland city limits early Monday. One took off apparently on only one shoe. Sheriff Teale said that the men held at Hobbs denied any knowledge of the burglary.

One of them already is free under bond to report in district court at Odessa on Sept. 6, he said. Both will have to be extradited unless they waive it, according to Sheriff Teale. Mr. and Mrs. Reggie Morgan, who were awakened by falling glass as burglars smashed a door panel at the hardware store, sounded the Garden City alarm.

Around The Rim—The Herald Staff

Milk Can Mean Better Health And Better Grades In School

It isn't Dairy Week or anything like that, but the reminder by Dr. F. E. Sadler, city-county Health unit director, that growing children need at least a quart of milk per day throws some sort of reflection on this country's seventh place position on the world's milk consumption scale.

In 1948 the value of the nation's milk crop was more than \$1,000,000 higher than that of its nearest farm competitor, cattle. It sold for almost four times the amount brought down by cotton lint and seed that year.

Affairs Of The World—DeWitt MacKenzie

Red Chinese Demands On U. S. Seen As Bluff For Propaganda

COMMUNIST CHINA'S DEMAND through the United Nations that American "forces" be withdrawn from Formosa, coupled with the threat that the Reds intend to capture that huge island, is largely a matter of bluff for immediate propaganda purposes.

SO FAR AS CONCERNS THE THREAT of a Red invasion of Formosa, the Communists are up against not only the U. S. Seventh Fleet but there are other very considerable obstacles. Not the least of these is the fact that Chiang has a large army—variously estimated at between 250,000 and 400,000. It would take a lot of doing to land invading forces in face of that. And American air power is available in that general area.

Report Truman May Talk To Nation In "Fireside Chat"

By JOHN CHADWICK Associated Press Staff WASHINGTON, Aug. 29.—President Truman was reported today to be preparing a talk to the nation—possibly late this week—in which he will outline what belittling may be necessary because of the war in Korea.

RETURNS TO FLEET

'Ghost Of Guam' Back In Service

PORTLAND, Ore., Aug. 29.—The Yankee sailor who lived like Robinson Crusoe while surviving on Japanese-occupied Guam in World War II has gone back to the fleet. Burly George Ray Tweed, now 48 and a Navy veteran of 22 years, has been recalled to active duty after two years as a state-side landlubber. He returns as a chief electronics technician.

his wife and two young children. Six weeks ago, Sailor Tweed tied himself closer to the landlubber's life—or so he thought. He bought a 10-acre farm. Then came Uncle Sam's orders—and yesterday Tweed reported here for examination and today is in Seattle for fleet assignment.

Canvass On To Tell About Mass X-Ray Survey

A house-to-house canvass is underway this week to assure that every Latin-American resident knows about the mass chest x-ray survey which starts Friday.

A five-person committee has been appointed and is to visit every Latin-American residence in Big Spring to encourage all-out participation in the anti-tuberculosis campaign.

On the canvassing committee are Mrs. Trinidad Cano, Mrs. Cirila Hank, Aurora Solares, Nasario Rodriguez, and Mrs. J. Saenz.

was reported to be that Congress has not yet acted upon the President's request for legislation which would enable him to impose limited controls on the domestic economy.

A Senate-House Committee today buckled down to the task of compromising a dispute over how much leeway to give the President over wage and price controls.

Conferees agreed in advance to keep at the job until midnight if necessary in an effort to break a deadlock and speed anti-inflation legislation to the White House.

Sen. Maybank (D-S.C.) chairman of the Senate Banking Committee, who heads the Senate conferees, was ready with a compromise he hoped would prove acceptable.

Sen. Ives (R-N.Y.), whose appointment to the conferees committee yesterday puts him in a key spot, also told reporters he may offer a plan to resolve the dispute.

Ives said he hoped "a reasonable, workable compromise" better than the provisions in either of the separate home-front mobilization bills passed by the Senate or the House, would be forthcoming.

The crux of the matter is this: In giving the President standby power to impose price and wage controls, should Congress let him put them into effect bit by bit or require him to slap them on virtually everything if he makes any use of his authority.

The House bill would permit Mr. Truman to apply wage-price controls on a selective basis.

But the Senate adopted an amendment of Sen. Bricker (R-Ohio) that would require the President to invoke price ceilings on nearly everything if he acted at all and to clamp controls on wages at the same time.

Officers were named at the group's convention yesterday.

Zoning Change Recommendation Due On Sept. 12

Recommendation on the proposed zoning change for three lots at 8th and Seury will be made by the City Zoning Board at the next regular City Commission meeting Sept. 12.

The zoning change, to apply to lots 4, 5, and 6 of block 65 original was requested by Worth Peeler to permit construction of a proposed new store for Safeway Inc.

Several appeared in support of the proposed change from "B" two-family residential to "E" business district, while only one protested. The latter withdrew his objections on hearing the arguments of the other group.

George Foster Abiene, representative of Safeway, appeared before the zoning board in support of the change. He said his company planned a new store to cost an estimated \$200,000, on the property.

Vierregge Sets Pace In Motor Club Race

The first course race was won by Charles Vierregge at the meeting of the Big Spring Motor Club Monday night. The second course, stated Vierregge's time was 22.31.

Lester Coyle presided at the meeting. It was announced by D. W. Phelan, program chairman, that a state traffic authority would be contacted to pre-empt a highway safety lecture at the first meeting in September.

The group voted to substitute a bare and hound route for the scheduled rocket run. Refreshments were served between courses to those present.

Missing Canine Mystery Solved

NEW YORK, Aug. 29. (AP)—It was a dark room, and 80 yellow eyes glared at John Stitel.

He backed out, slammed the door and called police. Stitel, an agent for the American Society for the Prevention of Cruelty to Animals, had been summoned to investigate the strange noises that came from a vacant

Brooklyn store. His discovery, made yesterday, solved a mystery that had baffled police and householders for weeks. What had become of all their house cats?

Police said an elderly couple who had rented the store for living quarters apparently had collected the cats and abandoned them when they moved out. Stitel and his partner, John Joule, took the 40 cats to the ASPCA shelter to be held for their owners. Police went to work to find the missing couple.

Don't Be Satisfied With Symptomatic Relief!

HADACOL NOW MAKES IT POSSIBLE TO RELIEVE THE CAUSE OF YOUR SICKNESS

Neuritis Pains, Stomach Disturbances, Indigestion, Gas, Constipation, Certain Nervous Disorders and a General Run-down Condition

When due to lack of Vitamins B1, B2, B6, Iron and Niacin in your system!

Read How These Folks Benefited Who Had Such Deficiencies

Mr. Antonietti, 4731 South 22nd West Ave., Tulsa 7, Oklahoma, suffered from stomach distress for quite some time. He had spent much money trying everything possible for relief, but was in bad health when he started taking HADACOL. He says, "After taking three bottles of the \$3.50 size, I lost about 27 pounds and now I feel like a new man and feel like I can take on anything."

Mrs. Mabel Kitchen, 1650 Amsterdam, Cincinnati, Ohio. "Before I started taking HADACOL I had aches and pains of neuritis in my shoulders, my back and arms. I could hardly move without having those terrible pains. Then I heard about HADACOL. After the second bottle the pains and aches were about gone. I'm now starting my fourth bottle and am on top of the world. I eat well and, best of all, the aches and pains are completely gone."

Mrs. J. Scieszinski, 514 Kruger, Ottumwa, Iowa, writes: "My daughter, Marilyn Sue, is 5 years old and for some time lacked pep, had a poor appetite, was generally run-down. Since giving her HADACOL, we have noticed wonderful results... she has a much better appetite, eats everything on the table and doesn't seem tired like she used to. Incidentally, she likes to take HADACOL, too."

Mr. Henry Angel, RD No. 1, Springfield, Ohio. "I used to suffer great pain from neuritis aches in all parts of my body, especially in my legs, arms and shoulders. I never got any real relief until I tried HADACOL. After taking several bottles, my pain is all gone. And I'm working every day." "Now there's a smart man! Mr. Angel took HADACOL and relieved the real cause of his neuritis pains because they were due to such deficiencies. HADACOL is helping thousands upon thousands of grateful men and women troubled this way. Why don't you give HADACOL a chance to help you? Start taking it today!"

IMPORTANT! Who don't you get that wonderful HADACOL feeling everyone is talking about? In this modern age, wise folks are no longer satisfied with symptomatic relief because now it's possible to relieve the cause of such troubles. HADACOL is that wonderful new HADACOL. HADACOL supplies deficient systems with extra quantities of Vitamins B1, B2, B6, Iron and Niacin but also helpful amounts of precious Calcium, Phosphorus and Magnesium. HADACOL is a fair trial. Many doctors recommend this great new HADACOL. It's sold on a strict money-back guarantee. Trial size, \$1.25. Large family or hospital size, \$3.50. © 1950, The Laffane Corporation

Sox Complicate American Loop Top Spot Fight

By The Associated Press
So you thought those recent two-team dead heats in the American and National Leagues were hot stuff?

Pooh! For those who are looking for real, honest-to-goodness, spine-tingling excitement, how about a four-way deadlock for first place? It could happen. The way the American League race has been moving along it wouldn't cause too much of a surprise should Detroit, New York, Cleveland and Boston wind up all even on the regular season's final day.

Here is the picture: Detroit is on the top with 34 games left to play. New York is second, one game behind, with 32 left to play. Cleveland is third, one game behind New York, with 30 to play. Boston is fourth, one game behind Cleveland, also with 30 to go.

Boston was the only one of the Big Four to win yesterday. The Red Sox came from a mile behind to outlast the Indians, 15-14. Detroit bowed to Philadelphia's oft-beaten Athletics, 4-3.

Singularly, only one homer was among the collection of 30 base hits in the Sox-Indians' affair. But that was the big one. It was hit by Al Zarilla to provide Boston with its Cleveland pitcher, was the loser.

Outfielder Sam Chapman, who batted the A's to victory over the Tigers Sunday, did it again yesterday. His double in the sixth scored Philadelphia's third and fourth runs to give the A's the edge in the rubber of the three-game series.

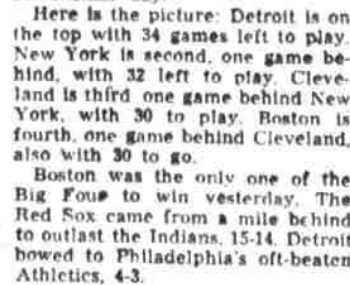

Ray Scarborough's six-hit pitching plus a two-run homer by outfielder Gus Zernial kept the Yankees from a virtual tie for first place. Fred Sanford was the loser.

Philadelphia's Phillies increased their first place margin over Brooklyn in the National League to five-and-a-half games. The Phils split a doubleheader in Chicago while St. Louis' Cardinals were taking the second straight from the Dodgers, 3-1.

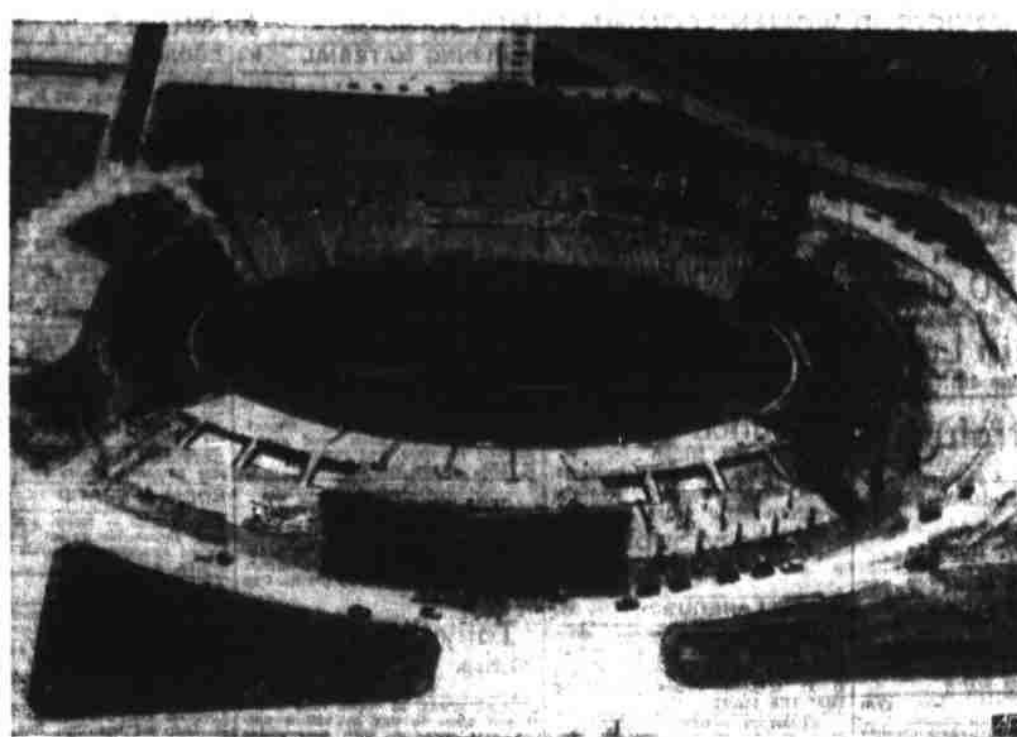

A home run by Homer Howell with two out in the last of the ninth gave Ewell Blackwell and the Cincinnati Reds a 3-2 victory over the New York Giants.

Young Jim Pearce pitched shut-out ball for eight innings as Washington defeated the St. Louis Browns, 9-3 in the only game played at night.

Pittsburgh and the Boston Braves were not scheduled.

Roy Scarborough White Sox

BAYLOR STADIUM NEARING COMPLETION—This recent picture of the new Baylor University Stadium shows the west stands and press box near completion and the east stands about 80 percent complete. Air Force Photo from AP Photos)

WIN BY 4-2 COUNT

Oilers Double Play Big Springers Into Defeat

ODESSA, Aug. 29. — The Big Spring Bronco, who seemed to get an ample number of runners to first base in their 4-2 losing effort with Odessa's Oilers, are still trying to figure out how to push them as far as second.

The Oilers hit into six double plays to practically nullify the nine hits they got off Ray Miller. A good mound effort by Gil Guerra, who set the Oilers down with seven safeties, went for naught.

Al Monchak took part in five of the double plays and handled 17 chances at second base without a bobble.

The Oilers jumped into the lead with a two-run outburst in the first round and the Bronco never caught up. Leo Eastham doubled Les Palmer to third and Monchak singled home both runners.

Successful singles by Jorge Lopez, Manny Junco and Pat Stacey produced the first Big Spring marker in the second.

Palmer drove in Elpy Barrera in the third with a double and Barrera accounted for the final Odessa tally with a single in the eighth while Bert Baez, who collected three hits off Miller, had an RBI for Big Spring in the fifth.

The two teams close out their series here tonight, after which the Big Springers return home to play the rampaging Sweetwater Swatters on Wednesday.

Vernon Returns To Third Place

By The Associated Press
Vernon pushed into a tie for third with Big Spring in the major development of the Longhorn League last night.

The Dusters licked Midland 4-3 while Big Spring was losing to Odessa 4-2.

Roswell swept a double-header with Ballinger to gain a half-game on leading Odessa. But the latter is still 7 1/2 games ahead.

Art Herring tripped in the seventh to drive in the winning tallies as Vernon shaded Midland. The Dusters pounded 14 hits.

Roswell beat Ballinger 8-6 and 7-5 with Tom Jordan, Roswell skipper, getting homers in each game. He now has 39 for the season.

Odessa led all the way to overcome Big Spring with Ray Miller posting his eleventh pitching vic-

tory. Odessa turned in six double plays.

Sweetwater beat San Angelo 11-6 with two big innings—five runs in the first and four in the fifth.

Ex-Fascist Out Of Jail

ROME, Aug. 29. (AP) — Former Marshal Rodolfo Graziani, once slated as Mussolini's successor, was freed today from a 19-year prison term as a traitor and Nazi collaborator.

The 68-year-old former Fascist army commander and victor of a faded African empire had been sentenced May 2 after years of legal maneuvering following his capture just before World War II ended.

His term was reduced to 14 months by Italian government authorities recognizing him as a war hero, and then cut further to seven months when he was in American custody.

Although physically shattered by a heart ailment that once caused a facial paralysis, Graziani was unrepentant. During his trial, he defied his accusers with the declaration that in similar circumstances he would again act the same.

GOP's Set To Make MacArthur 'Gagging' Congressional Issue

WASHINGTON, Aug. 29 — Republicans hoisted as a congressional campaign issue today what they called a presidential "gag" order against Gen. Douglas MacArthur's views on Formosa.

Accepting this as inevitable, Sen. Lucas of Illinois, the Democratic leader, told reporters that while he thinks MacArthur is doing "a wonderful job" as the Pacific military commander "it is my understanding that the President is the commander-in-chief and makes the policies."

While congressional reaction generally followed party lines, some Democrats backed MacArthur and at least one Republican supported Mr. Truman.

The President cancelled a MacArthur message to a Chicago veterans meeting — obviously because the general's views could be interpreted as calling for permanent American defense of the island, now in the hands of the Chinese Nationalists.

This went beyond the administration policy to neutralize the island from Communist attack during the Korean fighting and to leave its eventual disposition to international action, probably through the United Nations.

The MacArthur statement, which has been widely distributed in advance of its scheduled and then cancelled reading a Chicago yesterday, soon became public.

In it, the general said that war is inevitable if Formosa falls into unfriendly hands.

It was obvious that the White House viewed the incident with considerable concern. News items there were briefed for nearly an hour on the sequence of events and on U. S. policy toward Formosa.

A top White House official who asked that he not be named said the affair would, at least prevent any recurrence of such public outbursts of divergent views.

What effect the incident would have on (A) this country's prestige abroad and (B) MacArthur's future remained to be seen.

So far as MacArthur is concerned, the White House said Mr. Truman considers the matter closed. MacArthur remained silent.

Paralleling the reaction in Washington, newspapers across the nation differed sharply. Some criticized the President for what they called a gag on the general. Others said MacArthur had interfered with foreign policy.

Nevel Records 20th Victory

By HAROLD V. RATLIFF
AP Sports Editor

The Texas League race is in its final two weeks but which club will lead over the season route and which will be the fourth place outfit still are very much up in the air.

Fort Worth leads by one-half game over the rushing Beaumont Roughnecks. Tulsa appears to have third place clinched but Dallas and San Antonio are a dead heat for fourth at this writing.

Beaumont pulled out of Fort Worth with two victories out of three in the series. The Roughnecks won last night 6-4 in 11 innings.

Ernie Nevel became the league's first twenty-game winner by hurling a nine-hitter and pitching in to help provide the deciding run in the eleventh. Moose Tollinger's

double and singles by Joe Sabatella and Nevel got the job done.

Nevel is the first to notch a score of victories since 1948. Dallas lost to Shreveport 4-2 while San Antonio was splitting a double-header with Tulsa. Thus the Missions tied Dallas for fourth.

Gerald (Red) Fehr, who leaves tomorrow for military service, pitched steady eight-hit ball to give Shreveport its victory.

San Antonio ruled Jim Blackburn's bid for his twentieth win by taking the first game 10-1 as Louie Steiner limited Tulsa to six hits. In the nightcap Tulsa pushed over six runs in the fifth inning to win 8-5.

Roy McMillan's homer and a two-run double by Russ Burns featured the uprising.

Houston whipped Oklahoma City 8-4, getting five runs in the ninth to do it. Pitcher Bill Garlock drove in three of the Houston runs, getting two of them across with a single in the ninth-inning splurge.

The California giant redwoods are believed to be remnants of great forests which once covered many sections of the earth.

THANK YOU

Although I was not the victor in the race for County Commissioner of Precinct 1, I am most humbly grateful for the fine support that was accorded me. To those who helped me, I express my sincere appreciation. I still will be interested in the affairs of Howard County.

P. O. HUGHES

Cool Supply Full Of Dynamite Load

SPRINGFIELD, Mass., Aug. 29 — Workmen carefully succeeded coal in two public school basements today for explosives.

The move was made after 12 sticks of dynamite and detonating caps were found in a railroad carload of coal consigned to the two schools. Some fuel had been placed in the schools before the explosives were found.

Police said they did not know how the dynamite got in the car.

Gunners And Cotton Buyers To Gather Here On Thursday

Gunners and cotton buyers of the county will gather with J. G. Gabe-Hammock and other PMA officials at the local PMA office at 3:30 o'clock Thursday evening to discuss 1950 marketing quota regulations.

Orienting the growers and buyers on such regulations is imperative at this time because the task of processing the huge Howard county crop is at hand.

TO FRIENDS AND ENEMIES
Foreign Policy Schism Now Apparent To All The World

By ELTON C. CLAY
AP Military Affairs Reporter
WASHINGTON, Aug. 29. — Not since Lincoln's troubles with his Civil War generals and cabinet members has the government been entangled in as bitter a wartime family wrangle as that involving administration and military leaders today.

The schism between military and State Department thinking began to develop obscurely months and even years ago. But the break now, unfortunately, becomes visible to the friends and enemies of the United States when the nation is fighting in Korea what could be a prelude to another world war.

It is, indeed, this possibility of global conflict with Communist Russia that has generated the friction. The intra-government controversy is complex, made more so by the different ideas even within the military camp.

Powerful men and grave domestic and international questions are involved, among them these:

President Truman, caught in the middle of the conflict views of the military and the diplomats. At the Far East policy and the question of neutralizing or fortifying the island of Formosa, held by Generalissimo Chiang Kai-Shek and his Nationalist Government against the menace of Communist on the mainland.

The President decided for neutralization and against the military's proposal for fortification. Aside from international effect, he had to consider the impact of his decision on the forthcoming congressional elections.

Secretary of State Dean Acheson, advocate of a policy aimed at containing Communism within Russia and the satellite states without embarking on new steps that might be seized upon by Moscow as pretext for propaganda or war. He opposes the military's ideas about Formosa—and what the State Department considers intrusion by the military into foreign policy making fields.

Gen. Douglas MacArthur, upon whose shoulders are five stars and legend. For a decade he has operated in and fought wars in the Western Pacific. Alone of all the generals and admirals, he has not returned to the United States—an independent, almost autonomous figure who has conferred with Washington officials and Presidents only when they visited his part of the world.

MacArthur obviously has disagreed with the White House-State Department views about Formosa's strategic position in Far East defense against Communism. He flew to Formosa recently to talk with Chiang, a visit which disturbed the State Department. Then he prepared a message for reading to a convention of the Veterans of Foreign Wars, setting forth his views about Formosa and other things.

At the last minute, he cancelled the message, telling the veterans "I regret to inform you I have been directed to withdraw," the message. The only man who could have issued such direction to a man in his position was President Truman.

Defense Sec. Louis Johnson, who has conducted behind-the-scenes tests of strength with Acheson over military-political policies. Johnson, unlike MacArthur who has been subject to little criticism in Congress, has frequently come under fire from various lawmakers. Moreover, he was involved in a controversy a decade ago when an assistant secretary of war—and lost out. Whatever thoughts and support he has for MacArthur and the defense of Formosa, he has been careful about uttering them publicly at this particular time.

Navy Secy. Francis P. Matthews, newcomer to the military family. Matthews landed in the middle of the military-State Department feud with a speech at Boston in which he raised the question of preventive war. He said that "to have peace we should be willing, and declare our intention to pay any price, even the price of instituting a war to compel co-operation for peace."

The State Department, anguished, rushed out a statement which asserted Matthews' remarks "do not represent United States policy" and that "the United States does not favor instituting a war of any kind." Up to this morning, Matthews was sticking by his statement which he said represented only his own views and was "not intended to be any expression of administration policy."

5 THINGS

you should know about our request for higher telephone rates

1. A new, modern dial system will be installed in Big Spring at a cost of \$1,997,500 if new telephone rates are approved.
The new dial system will provide fast, accurate, dependable service at any hour of the day or night.
2. Telephone rates in Big Spring have not been increased in 22 years.
3. The Big Spring telephone exchange was operated at a loss in 1949.
We spent \$246,394
We collected 191,438
We lost \$ 54,956

Since 1940, telephone revenues have increased 108 per cent because there are more telephones in Big Spring. But costs of furnishing service have gone up 238 per cent. As a result, telephone service is being furnished here at less than cost.

4. Good telephone service depends on good earnings.
The telephone company cannot grow and meet its obligation to furnish a continuously improving service here unless it is financially healthy.
5. Growth of Big Spring brings large demands for more telephones.
We've spent more than \$900,000 improving and expanding the telephone system here since the war to keep pace with Big Spring's growth. We need to spend \$1,997,500 more for a new dial system in Big Spring to improve and expand service. Expenditure of the additional large sums to bring Big Spring the kind of telephone service this city needs cannot be justified without approval of a schedule of rates that will permit operation of the telephone system here on a sound financial basis.

We can't balance our post-war costs with rates that have not been increased in 22 years. We don't like to ask for bigger rates, but if we are to meet the telephone requirements of the people of Big Spring, there is no other choice.

SOUTHWESTERN BELL TELEPHONE COMPANY

Folks May Still Contribute Prizes For First Cotton

Although the official celebration was held Saturday, local business firms and citizens still may be included on the premium list for Howard County's first 1950 bale of cotton, chamber of commerce officials reminded this morning.

In some cases people have indicated that they wished to contribute to the list, but did not receive word of the celebration in time to make their arrangements. Consequently the complete list of contributors, which is being compiled open until late this week, said J. H. Greene, chamber manager.

Those who still wish to contribute should call the chamber of commerce as soon as possible.

Two Waco Youths Get 2nd Degree Murder Jail Terms

PHOENIX, Ariz., Aug. 29. (AP)—A sentence of life imprisonment was imposed yesterday on Ebert Gene Riddell, 20, of Waco, Tex., convicted slayer of a salesman who gave him a ride.

Charles Oplie, 16-years-old, also of Waco, was sentenced to 25 to 40 years in prison. Both were convicted of second degree murder in the slaying of Gustave A. Beauseau, 36, of Los Angeles and Boise, Idaho, near Mesa, Ariz., last March.

KEPT COMING, KEPT SHOOTING

U. S. 25TH DIVISION, Korea, Aug. 29. (AP)—Recruit John B. Cheatham learned to shoot while hunting squirrels with a .22 in the woodlands near Doerun, Ga. It paid off in Korea, the division public information officer said today.

After a recent battle, 55 North Koreans were sprawled around Cheatham's position, dead or wounded. Exactly how many Cheatham shot was not known.

Cheatham looked up from cleaning his automatic rifle and drawled: "They just kept a coming and a coming, and I just kept a shooting and a shooting."

before you go back to school

correct your problem skin

Sing hallelujah. Here's the answer to a problem skin. A wonderful cream to help dry, soothe and medicate the blemished area . . . a just-as-wonderful lotion to be worn as a powder base. Charles of the Ritz puts them together in one compact set and calls it Medicated Duo — perfect to take back to school . . . ideal to begin using right now.

MEDICATED DUO

DIZZINESS
Dizziness that seems to defy everything that has been tried becomes an unpleasant companion. Your Chiropractor may find that a misaligned vertebra is contributing to the cause of this unpleasant condition. Investigate, before you give up entirely, what Chiropractic offers. Remember that while there is life there can be health.
