## GALBREATH & FOX TRADING CO.'S NEW SPRING GOODS

On next Monday Morning we will open our doors with a brand new spring stock. Having disposed of the largest part of our winter stock in Oklahoma during January, we are now prepared to supply your every want with nothing but new goods. Beginning on next Monday Morning, March 27th, and continuing till April 1st, we will make special prices on every article in our house. Read our argument, consult our price list below and compare our goods. Don't do your buying till you inspect our stock. We ask you to investigate what we offer. We will know by this that you are interested in saving money on your purchase and every investigation places us more firmly in the confidence of the people. We have been quoting high-grade goods and low prices every since we began business and hundreds have found us to be correct. We have no "cheap junks" which are usually selected for a slaughter sale. We carry nothing but bright, new merchandise of recent manufacture. So when you buy your spring bill of us, you will be sure to get absolutely nothing but new goods.

### Our Millinery Department

For five seasons we have been studying to make our Millinery Department a synonym for correct style in Ladies', Misses' and Children's Hats and we believe that this season we will score a greater success than ever before. Miss Leach having spent the last three months in the markets, has returned with one-hundred chick, up-to-date ideas which will go far towards maintaining our reputation for beauty combined with utility and correct prices in Millinery. Our stock of Ready-to-Wears and Tailored Hats is now large and we will be glad to show you through now and every day as new things are being added. It is not necessary to wait till the opening for your Ready-to-Wear. In fact it is better not to, since Easter is so late and your Ready-to-Wear will help brighten your costume until APRIL 10th, on and after which date we invite the ladies of Hereford and surrounding country to our opening of what we do not hesitate to call the most elaborate and least expensive stock of Millinery yet seen in Hereford.

**For the Larger Public School Student**  
There is no good reason why young people anxious to be earning something for themselves should be idle three to five months of the year absorbing all the meanness in the country and growing up like rag weeds. Time is money and opportunity too. He who will study only in cold weather robs himself of his best chance of success by taking twice as long as necessary to get ready and beginning so far behind in the race. It's the fellow with nothing else to do, and not the busy man, that suffers most from heat.  
Taking a business course, shorthand, or telegraphy during this idle season is not half so hard on health or morals as card parties, socials, late hours and bad company. Then, when the literary course is finished, or the busy season opens up your education is not "one-legged". You can earn a handsome salary.  
It may not be out of place to suggest that there's no better place to take such a course than Tyler Commercial College of Tyler, Texas. This is a school with a national reputation and patronage—enrolling 1000 students annually. ad-11

### The News Would Help.

The following is taken from the Canyon City News to show the cooperative spirit which exists between Hereford and Canyon:

Jno. E. Ferguson, L. Gough and S. T. Howard, of Hereford, as a committee for the organized farmers of Deaf Smith and Castro counties, have petitioned Hon. S. W. T. Lanham as governor of the state, soliciting his aid in the establishing of an agricultural experiment station on the plains. This committee asks it not for Deaf Smith or Castro, but requests that it be placed somewhere within a described boundary.

Among the good and sufficient reasons urged for the establishment of a station on the Plains is, that on account of altitude and consequent difference in climate, this section of the state can derive little benefit from stations situated in other parts of the commonwealth.

This is an unselfish move upon the part of our western neighbors which should be and beyond question will be appreciated by all who have the good fortune to reside within the district named. But this is not enough, those concerned should go further; they ought not only to approve, but co-operate with this committee in securing the essential thing asked for—an agricultural experiment station.

We have a grand country all right and in time this fact will be known of all men, but we can reach the "persimmon" much quicker provided we get the aid of the State in this particular—we are entitled to it and all we have to do is to go after it strong enough to land it.

While the news is not authorized to speak for the farmers of Randall county it feels sure that they will join heartily in seconding the efforts, being made in that direction.

### Arbor Day at the College.

On Tuesday afternoon of this week, Hereford citizens turned out in large numbers at the college campus, their purpose being to plant out trees and otherwise beautify the grounds.

The work was superintended by President Zollars and other experts on tree planting and the plans are in substance as follows: There are six rows, extending entirely across the front of the campus, the ground having been previously plowed and prepared for irrigating the trees. In addition to these front rows there will be a single row planted around the whole campus.

This work of beautifying the college property is a commendable one and those who had a part in it will never have cause for regret. Already the fence and trees improve appearances in a many fold ratio, but the improvement will be still far greater when the trees begin to make their growth and thus furnish both shade and protection.

One interesting feature of the day's work was that the different sections of rows were named for the families who planted them.

We feel that a word of commendation should be spoken for the nurseries which made such liberal donations of trees to the College this week. It is gratifying to know that the College Board did not have to purchase a tree, as more were donated than could be used.

Besides what were given by private citizens the following nurseries were exceedingly liberal:

F. T. Ramsey of Austin, John S. Kerr of Sherman, Segwick Nursery, Segwick, Kansas, L. P. Landrum, Hereford.

## WHY KIDNEY DISEASE IS DANGEROUS.

Neglect of the First Warning-Symptoms is the Prime Cause of so Many Deaths from the Dreaded Bright's Disease.

It is Easily Curable in the Early Stages.

Kidney diseases are so destructive to human life because they do not manifest alarming symptoms until the constitution is seriously weakened and the strength exhausted. Then, too often, the remedies employed by many physicians are of indifferent or doubtful value, and the patient rapidly sinks under the disease. The wisest course is to apply a reliable kidney and liver remedy on the first appearance of the symptoms. A little uneasiness in the small of the back, digestive troubles, bowel irregularities and disorder in the urinary organs are matters of small moment in the estimation of strong men and women, yet they have a serious meaning. They show clearly that the kidneys are suffering and need help, which must be forthcoming at once to prevent serious, perhaps fatal consequences. A few doses of Prickly Ash Bitters at this time would prove of incalculable value in restoring the weakened organs to health. An investment of one dollar in a bottle of Prickly Ash Bitters when the disease is yet in the early stage will save hundreds of dollars in doctor's bills, besides the suffering that would surely follow should the disease be allowed to fasten itself in the body. The excellent curative power of Prickly Ash Bitters is not confined to the first stages of kidney disease. It is equally efficacious in severe or chronic cases. Physicians have used it as a last resort, in cases that defied their best efforts, with the most brilliant results, and it has shown its superiority over the many so-called kidney cures, now being loudly advertised, in instances innumerable.

Accept no substitute. Insist on having the genuine Prickly Ash Bitters with the large figure 3 in red on the front label.

## BOARD OF TRADE MEETING.

### Permanent Organization Effected and Officers Chosen.

A second mass meeting was held at the court house on last Tuesday evening for the purpose of hearing the reports of the committees which were appointed at the previous meeting and for the consideration of any other topic which pertained to the perfecting of the permanent organization of a Board of Trade.

In the absence of Temporary Chairman Carl Gilliland, A. J. Lipscomb was called to the chair, who addressed the meeting in a way which tended to make everybody better friends, and cause all to realize more fully the urgent necessity of our entire people working shoulder to shoulder in the advancement of our community's interests.

The reports of the committees were taken up in their order, that on membership being first. This committee made a most excellent report which showed that they had done their part well and faithfully, about ninety members having been secured.

The second committee, which was appointed to report on permanent organization and the recommendation of suitable men for the official board and the executive committee, did not meet with flattering success, as the committee saw fit to give in two reports, a majority report and a minority report. The first of these recommended only for permanent organization, the second making its report in full. Both reports were tabled and the committee discharged.

Work was taken up at this juncture looking towards the effecting of a permanent organization. Judge L. Gough addressed the convention, in which he made timely and wise suggestions, which ultimately resulted in permanent organization and A. J. Lipscomb and C. S. Garrison were unanimously elected president and secretary respectively.

A committee composed of Judge C. G. Witherspoon, C. S. Garrison and Judge W. H. Russell, was appointed by the chair to draft constitution and by-laws.

The meeting adjourned at 9:45 to meet again Tuesday evening, March 28, at which time the above committee's report will be heard and the members of the executive board will be chosen.

### Monday Night's Lecture.

Despite the inclemency of the weather Monday evening, a good sized audience greeted Prof. E. V. Zollars at the Cumberland Presbyterian church.

His subject, "Life's Ideal and How to Reach It" was ably handled, the best compliment which is possible to pay to any speaker being manifest in the unbroken attention which was given through the entire discourse.

Prof. Zollars showed that life's true ideal is not to be rich or powerful or famous, but to imbibe the spirit of Christ in doing good to mankind. Since all goodness is based upon love, it was shown that love to God and man is the highest ideal which a human being can have.

The speaker had his subject well in hand and all present seemed to enjoy to the fullest extent what was said.

### Home Mission Entertainment.

The ladies of the Home Mission Society gave a reception at the hospitable home of Mrs. W. M. Cogdell on last Friday afternoon and evening at which light refreshments, consisting of cake and drink, were served by the members of the society. For those who wished to linger, interesting games were arranged so that amusement was furnished for all.

In the afternoon, the attendance consisted chiefly of married people, while the evening was given over to the young people. The occasion was a most enjoyable one and the contributions swelled the Home Mission fund in the neighborhood of \$10.

## FOR ONION GROWERS.

From the continued reports which continue to go out from the principal onion markets, it would appear that there is a bonanza in store for those sections of the Panhandle country which have engaged in the onion business. It is now claimed that onions are becoming alarmingly scarce and that at the present demand the entire supply will be exhausted before the new crop can be harvested. The farmers of Deaf Smith and Castro counties will perhaps share more extensively in the high price which will result than any other section of the West, as almost every farmer in the two counties have from one to twenty acres planted in onions.

The following from the Packer, a Kansas City journal, shows the condition as it is today:

"The Chicago onion market is now holding onions at \$1.50 per bushel and the indications are that they will advance to \$2.50 later in the season. The markets must now look to Texas for a supply of the product. It is not really believed that there are enough onions in the country to supply the demand for the next thirty days. A few years ago, we sold onions in our market at \$2.50 per bushel and it would not be surprising to see the same thing happen again and this sentiment is shared by many others.

We note with interest that our esteemed contemporary, the Canyon City News, has passed its ninth year and starts out upon the last year of its first decade under flattering prospects. Its editor, Geo. A. Brandon, is one of the pioneer newspaper men of the state and is an able writer as well as a high-standard gentleman. With the new equipment which he has recently purchased, Mr. Brandon will without doubt continue to give his readers a local paper of which they will justly feel proud.

The splendid coat of green which is just now spreading its mantle over the whole face of the Panhandle presents a picture which is unsurpassed in beauty and picturesque grandeur. The scene of the snow-capped mountain fills one with admiration and causes him to wonder at the beautiful arrangement of nature; but nothing in the Rockies nor the Alps can equal in beauty the awe-inspiring Plains in early spring.

When the catalogue comes from your mail order house, draw an easy chair to the table where the light will shine full on the page and put on your glasses that no bargains may escape your eye. What a wonderful book it is to be sure—wonderful in what it does not contain as well as what it does. We miss some things we would be glad to see.

Where is their offer to pay cash or to exchange goods for your wheat, oats, corn, beans, butter, eggs and hay? How much do they pay for cattle and sheep f. o. b. at your depot? What tax will they pay to support your school and educate your children? For improving roads, and bridges, for the support of the poor of the county; for the expense of running the business of the township, county and state?

On what page do they offer to contribute money to support the church? What line of credit will they extend to you when your crops are poor and money gone; when through illness or misfortune you are not able to send "cash with the order" for your groceries, clothing, farm tools and crockery? Where is their offer to your entertainment next fourth of July.

In short will they do anything to provide a market for what you have to sell and thereby keep up the value of your real estate? Will they do anything for social, church, school or government support, or, do they take your dollars out of the community with no returns except the goods you buy?—North East Breeze.

A SPLENDID indication of prosperous times in the Panhandle can be realized in the fact that a large volume of lumber is being daily hauled from the Hereford yards. We have noticed wagon load after wagon load pulling out this week, some going as far south as Running Water. If the present prospects keep up for a few months longer, cheap Panhandle land will be a thing of the past and those who succeeded in securing a few hundred of these fertile acres will be congratulating themselves upon their good fortune.

HEREFORD can now congratulate herself that she has a thorough-going board of trade, backed by men who have an eye single to the development of Hereford and the Panhandle. With such a body of earnest workers, we can but hope for much good to come to our community through this organization. Let everybody manifest his patriotism by working for Hereford and surrounding country.

### More Finished Cattle.

G. W. Roberson on last Saturday shipped a car of cattle, which he had finished at his feed pens near Boom, to Kansas city. This is the second car that Mr. Roberson has finished and shipped this winter and so pleased is he with the result that he is likely to be in the same business several years from now.

Thus far, so far as our knowledge goes, J. O. Lindsey, Capt. H. Trow, and Mr. Roberson are the only ones of our people who have gone into the feeding business with a view to finishing for market and it is not putting it too strong to say that all have been eminently successful and entirely pleased with the results.

We predict that the success of these three men will be a strong incentive for many other stockmen of this section of the Panhandle to engage in the same business. They will then have fat cattle to market whereas some now have only hides to offer.

### Hardley Knew.

The News received a fine lot of black locust trees from the Hereford Nursery Friday and had them set out the same day. They hardly knew they had been pulled up. Buying close to home is a big advantage to the tree.—Canyon City News.

The above comment shows that the News is informed with regard to the requirements of trees. It is a privilege not enjoyed by many western communities to have a well equipped nursery conveniently located, with a thoroughly reliable man to run it. The home nursery is not only in a position to furnish trees, fresh from the earth, but one can always have the happy realization that he gets exactly what he buys.

Hereford can count herself fortunate indeed for being able to procure home-grown trees at a minimum cost.

### For Sale.

I am offering my general mercantile business at Texico, New Mexico, for sale. Have the leading business of the town and a good proposition for anyone wishing a prosperous business. Reason for selling, desire to engage in other business. C. D. STEELE, 3-4t Texico, N. M.

### COLONIZATION SCHEME.

#### Railroads to Take up Work of Developing the Agricultural Possibilities of the Panhandle.

Railroad officials of the Santa Fe, Rock Island, Union Pacific, Burlington, Fort Worth & Denver, with other Western and Southwestern roads, have engaged in a gigantic colonization scheme, one of the most important ever undertaken. They have secured 156,000 acres in the Panhandle of Texas and propose to cut it up into farms of 160 acres each and take in practical farmers and fruit growers, provide them with working capital, when necessary, carrying their implements, seed and everything else necessary at minimum cost, depending upon the future for returns.

Scientific agriculturists will be sent in at the expense of the railroads to bring the land to the highest point of development in the shortest time.—Dallas News.

The above dispatch has puzzled a goodly number of Panhandlers as nothing is said in regard to the scene of action. The BRAND was properly included in the above class, so we began to investigate to ascertain if the location of the 156,000 acres could be found out. The first gentleman whom we made inquiry of was able and willing to give the required information. This man was Prof. H. W. Campbell, soil-culturist of Lincoln, Nebraska, about whom a great deal has already been said. When questioned, Mr. Campbell authorized us to state that the tract of land referred to above is situated in Palmer county, about six miles from Bovina and that he, himself, is representing the companies in demonstrating what can be done along agricultural lines by applying scientific soil-culture methods.

The purpose, as stated above, is to settle a family on every 160-acre tract and show that men who will devote their entire attention to farming can not only make a living, but money as well, on a quarter section.

More will be given later regarding the plans of the undertaking. In the meantime we would suggest that all who can hear Prof. Campbell at the court house at 1:30 o'clock tomorrow afternoon.

### Have Confidence in Country.

Messrs. Graves and Elliston this week purchased a 150-acre tract of land belonging to Mrs. A. J. Wolverton of Ardmore, Innian Territory; and situated just east of the Robert Humphrey place north of town. This is a valuable tract of land and we congratulate the gentlemen upon their securing it. We learn from Mr. Graves that they both contemplate building handsome residences on this property in the near future.

This firm has made several nice purchases recently, which, with their already large holdings, goes to show that they have implicit confidence in the town and country of which they are doing their part towards developing.

The BRAND only wishes it had the where-withal to join them.

### Specialist.

I treat all diseases of the eye, ear, nose and throat, also have glasses and pay special attention to fitting them. Have had twenty-one years experience in practice of medicine, thirteen in this special branch. Reference given if requested. Consultation and examination free. Will be at Hereford March 29th and 30th. 5-2t I. E. SMITH, M. D. Weatherford, Texas.

### BIG HEREFORD SALE

#### To Occur at Time the Panhandle Cattleman's Association Meet.

There will be a sale of thoroughbred Hereford cattle held at Amarillo, Texas, on April 19th and 20th, during the annual meeting of the Panhandle Stockmen's Association. At this sale there will be offered 100 head of bulls of suitable age for service, and 50 head of young cows, either with calf at foot or about to calve. These cattle will be contributed by some of the best breeders in Indiana, Illinois, Iowa, Missouri and Kansas.

The sale will be held under the management of the Western Stock Yards Co., in their new union stock yards, which they will have completed at that time.

A complete list of contributors will be given as soon as catalogue is made.

We have now on hand and for sale 100 head of very choice Hereford bulls in our stock yards at Fort Madison, Iowa.

For particulars or information write O. H. NELSON, Prest., 51st Ft. Madison, Iowa.

People the world over were horrified on learning of the burning of a Chicago theater in which nearly six hundred people lost their lives, yet more than five times this number or over 3,000 people died from pneumonia in Chicago during the same year, with scarcely a passing notice. Every one of these cases of pneumonia resulted from a cold and could have been prevented by the timely use of Chamberlain's Cough Remedy. A great many who had every reason to fear pneumonia have warded it off by the prompt use of this remedy. The following is an instance of this sort: "Too much can not be said in favor of Chamberlain's Cough Remedy, and especially for colds and influenza. I know that it cured my daughter, Laura, of a severe cold, and I believe saved her life when she was threatened with pneumonia." W. D. Wilcox, Logan, New York. For sale by T. M. Coulson & Co.

### Registered Bulls For Sale.

I have ten registered Hereford bulls at my ranch 12 miles northeast of Hereford, which I am offering at reasonable prices. These animals are well bred and marked and classed as the best. Come early and get choice. 51st J. D. BURKETT.

## A LETTER TO THE PUBLIC

It is our desire to get our business more thoroughly established before the people of Hereford and surrounding country and we hope by letters of this kind we may be enabled to reach new customers and to get better acquainted with the people generally. We have put prices down to where they belong since we have been in business, for we believe in treating people right. For this saying to the people, we want and expect your patronage in return. We can make you an article now at 20 per cent less than the old prices. Do we not merit something in return? When we price an article we mean to put only first-class work and material into that article. Competition is fighting us bitterly, and why? Simply because we are trying to do the right thing by the people. Consider our claim carefully and you will certainly feel that we merit your assistance. Command us when we can serve you. Yours very truly, BELL BROS.

The excitement in the oil field has collapsed since the Hereford Mercantile Co. have received their new line of Banner Brand shirt waists and skirts. You ought to see them.

John Estes and family arrived Monday from Twist in Swisher county and will make Hereford their home. They have moved into the DeVaney residence in the east part of town.

Thos. Reilly, while in the city Saturday, gave us three orders for the BRAND to be sent to Floyd Countiss of Prairie Hill, H. W. Williams of Grosebeck, and G. M. Fox of Delia.

Rev. J. G. Brendle and family will leave the last of this week for McClain in the North Panhandle where the former has been called to preach. During their short stay in Hereford, Bro. and Mrs. Brendle have made many friends who will regret to see them leave.

B. F. Stanley this week had the lumber placed on the ground for the erection of a neat four-room cottage on his ranch six miles north of town. Mr. Stanley is preparing to make this his permanent home and as soon as his home is completed, he will move his family thither.

A. H. Elliston this week received a check for fifty dollars from Col. Avery Turner to be placed to the credit of the College fund at this place. Mr. Turner is vice-president and general manager of the Pecos Valley road and his friendly feeling manifested for Hereford enterprises will be fully appreciated by our people.

Teachers, why spend the best years of your life in teaching small schools at \$50 a month for four or five months in the year when you could go to Roberts Business College and in two or three months put yourself in shape to receive \$1200 to \$1400 a year with splendid chances for much more in a year or two? Let your common sense answer. 6-2t

J. T. Ellis of Limestone county arrived Sunday and is spending the week with his old friend, Thos. Reilly. Mr. Ellis is here to locate and informed a BRAND representative before leaving that he felt sure that the deal which is now pending will go through, in which instance both he and his brother will move here with their families. Mr. Ellis is a successful farmer and would make us a good citizen. The BRAND extends a welcome to him in advance.

J. H. Holland, one of Castro's well known ranchmen, transacted business in the city Monday.

G. S. Williams of the North Draw remembered the BRAND in a substantial way while in the city Wednesday.

Ladies, don't fail to see our line of embroideries and laces. You will simply be astonished at the low prices. J. G. Callens. 1t

Newt Reeves, who owns a ranch near Umbarger, was in the city on business Saturday and paid this office a visit, subscribing for the BRAND.

The great number of shoes we are selling is conclusive evidence, that our prices are lower than others. If you need shoes try us. J. G. Callens. 1t

Ross W. Davis returned Tuesday from a visit to his former home at Waxahachie. Mrs. Davis and the children will continue their visit for several days.

If you want to see the sweetest line of men's dress shirts ever brought to Hereford call at the Hereford Mercantile Co.'s store. They have just received them. 1t

Judge L. Gough and Rev. Jesse B. Haston attended the meeting of the board of directors of the Panhandle Christian College which was held in Ft. Worth last Saturday.

H. W. Campbell stopped off in Hereford Monday on his way to Bovina. He will return here Friday and address the citizens at the court house Saturday afternoon on agricultural topics.

A BRAND representative spent Saturday in Bovina and found the citizens there quite enthusiastic over the acquisition of the experiment station and the corresponding prospects for a large immigration.

J. R. Hasting of Nazareth and his brother, W. E. Hasting, who recently moved to the colony from Bovina, were in Hereford Monday after lumber with which to build a five-room residence on the former's ranch.

A. N. Moore and M. M. Worley, both of Guthrie, Kentucky, passed through Hereford Saturday on their return from the Pecos Valley. Both gentlemen ordered the BRAND sent to their addresses and stated that they will likely return here in a few weeks with a view of purchasing a four-section ranch.

E. E. McCrory of Lewisburg, Tennessee, arrived Monday and will make this his home for the present. Mr. McCrory, with other gentlemen at Lewisburg, owns a seventeen-section ranch in the north part of Deaf Smith county and his business here is to stock the ranch and look after the company's interests generally. Mr. McCrory will probably make Hereford his stopping place and go to and from the ranch as the occasion demands.

Now that the public schools are closing, many of their pupils and teachers will enter the Roberts Business College, Bowie, Texas, for the purpose of preparing to stand the Civil Service Examination. They do this for the reason that the government is several thousand short of bookkeepers and stenographers, and the pay ranges from \$840 to \$1400 a year. Don't you want to put yourself in shape for one of these positions? If you do, write Roberts Business College, Bowie, Texas; Chickasha, T., or Shawnee, Oklahoma. 6-2t

Mrs. Sanders and Mrs. Stanley spent Sunday with Mrs. Green. Mrs. Atcheson spent Friday with Mrs. Green. Franklin Hughes has stopped school and is working for Mr. Holland. Everyone is busy farming during this pretty weather. Mr. Stanley and little daughter, Tince, went to Amarillo Friday and returned Sunday. Ira Ricketts and Miss Annie Hughes called on Miss Lindsey Sunday evening. Mrs. W. B. Green and children, Magdolin, R. T., Lena, and Emma took the train Monday evening to visit friends and relatives at Frost. Frost was Mrs. Green's home before they moved to the Plains. We miss the children in school. Friday was the first meeting of the Crescent Society. The program was very interesting and well rendered. The little folks that recited did very well, considering that they have not had much practice in that line. Mr. and Mrs. Terry of near Hereford spent Sunday with the latter's brother, J. O. Lindsey. Joe and Jim Green spent Sunday at Mr. Atcheson's.

Chamberlain's Cough Remedy the Mother's Favorite.

The soothing and healing properties of this remedy, its pleasant taste and prompt and permanent cures have made it a favorite with people everywhere. It is especially prized by mothers of small children, for colds, croup and whooping cough, as it affords quick relief, and as it contains no opium or other harmful drug, it may be given as confidently to a baby as to an adult. For sale by T. M. Coulson & Co.

The Right Way.

The following figures will show that our farmers are doing things on the right scale: To date, there have been sold by our local merchants 100 pounds of onion seed and 250 bushels of sets to be planted near Hereford. This gives outsiders a pretty good understanding of what is being done here as well as showing the enterprise of our people.

Examining Trial Finished.

The examining trial of John Eoff was brought to a close in Justice Turnbow's court on last Friday afternoon, the being bound over in the sum of \$3000 to await the action of the grand jury which convenes the second Monday in August. Mr. Eoff succeeded in making bond.

OUR RECORD

We are making a record as leaders in the Harness and Saddle business. Our store is headquarters for both city and ranch people when they want anything in the way of fine Saddles and Substantial Harness or Fancy Boots and Shoes. In fact our stock in all departments is complete and we are prepared to satisfy the wants of the most exacting.

Educational Column.

"How nice 't would be if knowledge grew On bushes, as the berries do; Then we could plant our spelling seed, And gather all the words we need. The sums from off our slates we'd wipe, And wait for figures to be ripe; And go into the fields and pick Whole bushels of arithmetic. Or if we wished to learn Chinese, We'd just go out and shake the trees, And grammar then, in all the towns, Would grow with proper verbs and nouns And in the gardens there would be Great bunches of geography; And all the passers-by would stop And marvel at the knowledge crops; And I my pen would cease to push, And pluck my verses from a bush."

Mary Ella Cowart entered the third grade as a new pupil on last Monday.

We regret to lose Bessie Sims from our school. She goes with her parents out on a ranch.

Teacher: "Johnny, what's a cape?" Johnny: "A cape is a point of land extending into the water."

Hattie Monroe, one of our bright girls, left this week with her parents for Oklahoma where they will visit several months.

The public school was given a half holiday on Tuesday afternoon, that the teachers and pupils might assist in planting trees on the College Campus.

Teacher: "Christopher, what is a mountain?"

Christopher: "A mountain is dirt extending into the air."

When Josh Billings said, "The time to set a hen, is when the hen is ready," he uttered a truth that if adhered to, will bring success into every life.

Room number five expects to decorate in an elaborate way for Easter. A cordial welcome is extended to every one to come and visit us on "Good Friday" from 2 to 4 p. m.

Sam Marshall, one of our high school boys the first semester, left on Wednesday for Plainview where he has a position with a telephone company. Sam is one of the representative young men of Hereford, and a student in school. We predict and expect from him something great as an electrician or along the line of civil engineering.

"Laugh, and the world laughs with you, Weep, and you weep alone."

So thought little Carl Smith the other day when romping with the little boys, he suddenly fell and hurt himself. Picking himself up as soon as he could, and looking through his tears, he saw the boys off on the other side of the grounds leaving him to nurse his bruised and bleeding cheek alone.

It is gratifying indeed to note the interest that is being manifested in music by many of the pupils of the public school. In our Friday afternoon programs the musical numbers are always among the most interesting. This is, as it should be. Music has an elevating influence; it develops the aesthetic nature and lifts us to higher plains of life. It should have a place in the curriculum of every school.

The three lower rooms of the public school are preparing to give an entertainment soon; the proceeds to be used for the benefit of the school library. The teachers that have this entertainment in charge are spending no pains to make it highly entertaining, and it is hoped that a large number of the parents and others interested in our town will be in attendance. See notice of time in another column of this issue.

"A complete education is preparation for right living." The work of the teacher is not simply the training and developing of the mind, but of the moral and physical part of the child as well. When the boy and girl leaves the schoolroom, they should have an equipment commensurate with the needs and responsibilities of life. Every life should make a contribution to the betterment of the world. The life that does not, is partial, inadequate, unsatisfactory, and in a degree a failure. To refuse to serve by toil and sacrifice in order that other life—the life of friend, neighbor, stranger—may be lifted up and beautified, is to consent to the highest degree of selfishness. The life that is given to bless the world will never end. "When we write 'finished,' the Angels write 'begun.'"

Sick Headache.

This distressing ailment results from a disordered condition of the stomach. All that is needed to effect a cure is a dose or two of Chamberlain's Stomach and Liver Tablets. In fact, the attack may be warded off, or greatly lessened in severity, by taking a dose of these Tablets as soon as the first symptom of an attack appears. For sale by T. M. Coulson & Co.

Add-Ran College Burned.

Mrs. A. Clark received a telegram today from her husband, stating that the Jarvis College building at Thorp Springs (formerly Add-Ran) burned to the ground Tuesday morning at 1 o'clock. The particulars were not learned. This is one of the oldest educational institutions in the state. —Amarillo Herald.

Trustee's Sale.

Whereas, on the 23rd day of December, 1903, N. J. Reeves executed and delivered to A. S. Rollins, as trustee for the benefit of Chas. Grusendorf, a certain deed of trust on the below described land to secure the payment of six (6) notes for two hundred and fifty dollars (\$250.00) each of even date with said deed of trust due on or before January 1st 1908, 1909, 1910, 1911, 1912 and 1913 respectively and one (1) note of same date for nineteen hundred and forty dollars (1940.00) due on or before January 1st 1914, with eight per cent interest on all of said notes from January 1st 1904; said interest payable annually. Each note provides that a failure to pay the same or any installment of interest, when due, may, at the option of the holder mature all of said notes and further provides for ten per cent attorney's fees in case the same is placed in the hands of an attorney for collection, and whereas default has been made in the payment of the first installment of interest on all of said notes and the holder of said notes has declared all of them due as provided in said Deed of Trust: Therefore, I, A. S. Rollins, trustee, will proceed to sell said below described land, at public auction, for cash, at the door of the county court house of Deaf Smith county, Texas, on the first Tuesday in April, 1905, the same being the 4th day of April, 1905. The proceeds of said sale to be applied as provided in said Deed of Trust. The land to be sold under said Deed of Trust, is described as follows:

First tract. Known as survey (281) two hundred eighty one, in Block M6, Certificate 283, Stone Kyle & Kyle land in Randall and Deaf Smith counties, Texas, patented to John E. Corwith, assignee of Stone, Kyle & Kyle by patent No. 487, Vol. No. 28, dated August 30, 1877, containing 640 acres of land.

Second tract. Known as survey (319) three hundred nineteen, in Block M6, Certificate 302, Stone, Kyle & Kyle land in Deaf Smith county, Texas; patented to John E. Corwith, assignee of Stone, Kyle & Kyle by patent No. 507, Vol. No. 28, dated August 31, 1877, containing 640 acres of land.

Both tracts being situated about twelve miles east of Hereford, Texas. 4-3t A. S. ROLLINS, Trustee.

Still Coming.

C. B. Oxendine, who lives at Joplin, Missouri, spent several days in the city last week and the first part of this prospecting for Panhandle lands. Mr. Oxendine succeeded in finding what he wanted which resulted in his purchasing the improved section belonging to D. C. Cashion and situated east of town.

The deal was consummated by W. H. Rayzor.

J. P. Carr, our progressive and successful sheep raiser, while in the city Monday informed a BRAND representative that his flock had passed the winter as well as could have been expected, his loss being less than one per cent.

Luther Williamson and wife of Nebraska are visiting the former's father, Fred D. Williamson, in the north part of the county.
