

Reich Cabinet Hears Report On Russ Visit

BONN, Germany (U.P.)—The West German Cabinet heard a report on the Moscow talks by Chancellor Konrad Adenauer today but took no formal action.

An official announcement said the ministers wanted to study detailed reports from the foreign office on the negotiations between Adenauer and the Russian leaders. This indicated they needed more

time to make up their minds whether to approve the agreement to set up normal diplomatic relations between West Germany and the Soviet Union. Adenauer stipulated the Moscow agreement should be subjected to approval by the Bonn Parliament.

According to Carlo Schmid, vice president of the Bundestag (lower house), the agreement is to be submitted to Parliament a week from today. But this cannot be done until the Cabinet has decided what to recommend to Parliament.

Schmid, a leader of the opposition Socialists and a member of Adenauer's delegation in Moscow, attended today's special Cabinet session. He said in a broadcast earlier that acceptance or rejection of the Moscow agreement would be a tough decision for Parliament to make.

Adenauer discussed the Moscow talks this afternoon with leaders of the political parties, including the Socialists.

While Soviet Premier Bulganin's verbal promise to return German prisoners has naturally been welcomed in Bonn, some politicians voiced doubt about the wisdom of exchanging ambassadors with Moscow.

They argued this would imply acceptance of a division of Germany into rival states.

This feeling was heightened by the sudden Soviet announcement that East Germany's Communist Premier Otto Grotewohl, would arrive in Moscow tomorrow for talks with the Kremlin leaders.

This was seen as a Russian move to reassure the East German Communists they are not being abandoned and to refute Adenauer's claim that only his freely elected government is competent to speak for all Germany.

While Adenauer received a hero's welcome home, many questioned whether his mission to Moscow had brought German unity any nearer.

U.S. Polio Toll Takes Drop In Weekly Report

WASHINGTON (U.P.)—U. S. polio cases last week totaled 2,009, a drop of about two per cent under the corrected total of 2,058 in the week ended Sept. 3, the Public Health Service reported today.

Though some states had increases, a Health Service spokesman said "it appears that on the whole we are on the down grade."

Last week the service said it appeared this year's polio peak was reached during the week ended Aug. 27 at 2,289 cases.

Massachusetts continued to lead in cases reported, but there were only 290 last week compared with 317 the week before.

New York displaced Wisconsin in second place. New York had 245 cases last week, compared with 272 the week before. Wisconsin had 224, compared with 311.

Illinois was the only other state reporting more than 100 cases last week, its total of 112 comparing with 129 the preceding week.

This year through Sept. 11 the states had reported 18,215 cases, 6,220 of them paralytic. These compared with 21,524, of which 7,793 were paralytic, in the similar 1954 span.

The Communicable Disease Center reported that 554 cases of polio had been confirmed in persons who had received Salk antipolio vaccine, 213 of them paralytic.

More than 6 1/2 million persons have been given the vaccine since it was licensed April 12. The health service reiterated that no conclusions as to efficacy of the vaccine can be drawn from the figures since complete information on polio cases in vaccinated and unvaccinated persons is not available.

White Commends Worker Attitude On Russ Visitors

OKLAHOMA CITY (U.P.)—Texas Agriculture Commissioner John C. White today commended attitude of industrial workers who view movement of Russian observers in this country with suspicion and caution.

In a speech prepared for delivery at the annual meeting of the Associated Petroleum Employees, White said the nation could be proud of the rejection by AF of L affiliate members of the Russian proposal for an exchange tour of labor representatives.

"The United States has nothing to gain from studying Russian slave methods. But, we should weigh carefully what we may lose by letting Communists circulate freely in our vital industrial areas," he said.

White cautioned labor, however, against misuse of the power it now holds.

"Such power carries with it a tremendous responsibility," he said. "No organization should become so blinded by its potential that it forgets its fundamental purpose—the welfare of the American people."

"I believe labor recognizes the importance of its role in our social scheme. For, if an organization overrules the will of the people from whom it draws its strength, then it sows the seeds of its own destruction."

'Abortion Tools' Found In Suspect's Apartment

PHILADELPHIA (U.P.)—District Attorney Samuel Dash said today that "instruments used in the performance of abortion" were found Monday in the search of the North Philadelphia apartment where food chain heiress Mrs. Doris Jean Silver Ostericher died last Aug. 24.

The occupants of the apartment, Mr. and Mrs. Milton Schwartz, have been charged with performing the bungled abortion which Medical Examiner J. Melville Aston labeled "a homicide."

The dead girl's mother, Mrs. Gertrude Silver, is accused of conspiring with the Schwartzes to perform the illegal operation. Mrs.

Silver was taken to a psychiatric hospital last night for treatment and is under 24-hour care to prevent any possible suicide attempt.

Dash said that most of the items seized under a search warrant were in an unlocked cardboard chest in a hallway of the apartment.

Meantime, authorities in two states began checking the story of a 27-year-old divorcee who said she underwent an abortion attempt by Mrs. Milton Schwartz.

The divorcee, who uses her maiden name of Sylvia Graitzer, was questioned at length last night by Philadelphia police and Prosec-

Farewell To Moscow

Soviet Premier Nikolai Bulganin, left, escorts West German Chancellor Konrad Adenauer in a review of a Russian honor guard at Moscow's Vnukovo plane before the German statesman left for home. The Luftwaffe plane in the background carried Adenauer back to Bonn and a triumphal welcoming celebration. The 73-year-old West German chief agreed to establish diplomatic relations with Russia and won the Kremlin's promise to return all Germans still held in the Soviet Union.

Russ Talks With East Germany Set

MOSCOW (U.P.)—Moving swiftly to follow up its negotiations with West Germany, the Soviet Union has announced it will open talks tomorrow with leaders of Communist East Germany.

The Soviet news agency Tass said East German Premier Otto Grotewohl would arrive in Moscow for conferences on "questions of interest to all sides."

The announcement came only a few hours after West German Chancellor Konrad Adenauer ended his Moscow conference and left for Bonn.

The Soviet-West German talks resulted in an agreement to establish diplomatic relations. Adenauer also said he obtained a verbal promise from Soviet Premier Nikolai Bulganin that the Soviet Union would release German prisoners held in Russia since World War II.

It was believed the Russian-East German talks will include the prisoner issue and reunification of Germany.

Tass reported that Grotewohl would reach Moscow tomorrow. Berlin sources said he has been staying at a country villa near the Soviet capital all during the five days Adenauer spent here.

The Grotewohl party was seen by some Western observers as a maneuver to pressure Adenauer into negotiating with the East German regime, which he has repeatedly refused to recognize.

The Grotewohl meeting also was regarded as a move to reassure

the East German Communists that the Soviet Union was not selling them out by negotiating with Adenauer.

Adenauer was criticized in the Soviet for what was termed his attempt to speak for all the German people on the subject of reunification.

The Soviet news agency Tass said East German Premier Otto Grotewohl would arrive in Moscow for conferences on "questions of interest to all sides."

The announcement came only a few hours after West German Chancellor Konrad Adenauer ended his Moscow conference and left for Bonn.

It was believed the Russian-East German talks will include the prisoner issue and reunification of Germany.

The Grotewohl meeting also was regarded as a move to reassure

Integration Hearing Scheduled In Austin

School Attorney Ready For Battle

Guilford Jones, Big Spring school board attorney, left today for Austin where he will clash Friday against Attorney General John Ben Shepperd and Ross Carlton, Texas Citizens Council chairman, before the Texas Supreme Court.

Jones will ask the high court to affirm the Aug. 26 decision of Judge Charlie Sullivan of Big Spring permitting racial integration in Texas schools. Both Shepperd and Carlton will urge the court to upset Judge Sullivan's ruling.

The supreme court will hear the arguments in a special session starting at 2 p.m. Friday. The justices ended their summer recess a month early in order to take up the case.

All sides already have filed written briefs with the court, setting forth the various views on Judge Sullivan's ruling declaring invalid the portions of Texas school laws which require segregated school systems.

"The only question before this honorable court is the constitutionality of the constitutional and statutory provisions of the state of Texas (which provide for segregated schools)," Carlton wrote in his brief. Both Carlton and Shepperd contend that Texas segregation laws have never been passed upon by the U. S. Supreme Court and still remain constitutional, valid and binding.

In his reply, Jones said the Texas Supreme Court could look at the matter in this manner: "Is the plan of partial desegregation adopted by the Big Spring Independent School District 'consistent with good faith and compliance' with the decision of the United States Supreme Court," which held that segregation of pupils is in violation of the U. S. Constitution.

"If so," Jones argued, "all state laws which would prohibit that action or make it unworkable are unconstitutional and invalid."

He said that the U. S. Court has clearly stated that segregation is a denial of the equal protection of the law.

"However much we may all wish that the U. S. Supreme Court had acted differently, we cannot subscribe to the philosophy of appellants which would have us defy that ruling by destroying our entire public school program for white and colored children alike," he wrote. "The position of the Big Spring board of trustees and the judgment of the trial court would preserve our school system and permit (not require) each school district to take such steps toward compliance as it may consider appropriate."

Shepperd said that if Texas courts strike out the stated purposes of the Gilmer-Aiken law requiring utilization of minimum foundation school funds in separate schools, "The result is that no such funds remain for any purpose."

Carlton argued in his brief that "the enactment of the legislature assumed the existence of segregated schools, based on apportionment of funds on segregated schools and the entire act, section, paragraph and sentence is endowed and intended with the statement and intent that state funds may only be apportioned and used in separate white and Negro schools."

Carlton's group and four Big Spring men—School Board Secretary R. E. McKimsey, Ted Groehl, Roy Bruce and John Currie—filed the suit which resulted in Judge Sullivan's ruling that segregation portions of state school laws are invalid. They asked injunctions which would have prevented the local school board from carrying out desegregation of elementary schools in Big Spring.

Hearing Amuses Juveniles; Judge Calls It To Halt

Four young Latin Americans were sent to the juvenile ward of the county jail this morning to await a new hearing on burglary charges.

Today's hearing was closed when two of the quartet appeared amused, and then bored, with proceedings. Judge R. H. Weaver decided both he and the boys were in need of a "cooling-off" period.

The four youths, ranging in age from 13 to 15 years, had admitted breaking into the Loftin Service Station on the Lamesa Highway Monday night. Patrolman Jack Shaffer and Juvenile Officer A. E. Long reported. A shotgun, some candy and other items taken from the station have been recovered.

Scientists Continue Probe Of 'Red Tide' Near Padre Island

GALVESTON, Tex. (U.P.)—Two scientists today continued examining the Gulf of Mexico near the south end of Padre Island after determining that fish have been killed in the area by the "red tide," a microorganism.

The head of the U. S. Fish and Wildlife Observatory at Galveston, Albert Collier, received a call from the men, William B. Wilson and Dr. Sammy Ray, yesterday.

They said the gulf off Padre Island north of Brazos-Santiago Pass was infested with Gymnodium Brevif. They continued examining the gulf between that area north to the mouth of the Rio Grande.

U.S. Tax Aide 'Delighted' At Results In Case

WASHINGTON (U.P.)—Harrell T. Vance, assistant commissioner of internal revenue for administration, says he's "delighted" that charges impugning his past conduct have been "all washed out."

He was identified by congressional sources yesterday as the mystery man in Edgar E. Hoppe's suit against the Internal Revenue Service for \$26,823 in back pay.

Hoppe, now a Dallas lawyer, said he was fired for "political considerations" two years ago from his \$14,800-a-year job as head of the revenue service's inspection force which polices the big tax-collecting agency.

Hoppe's attorney said Hoppe was dismissed after 24 years with the service because he refused to "whitewash" a derogatory report on another high revenue official, and that Hoppe would name the man when his suit came to trial in the U. S. Court of Claims.

Secretary of the Treasury Humphrey, denying the statements, said Hoppe was discharged because of incompetence for the high-level job and a "belligerent attitude" toward his superiors.

Congressional and Treasury informants, asking not to be quoted by name, said yesterday Vance had been accused of giving his draft board false information in order to evade military service.

They said selective service, civil service and Treasury investigations had all looked into the charges and found they didn't stand up.

Vance, a 36-year-old career civil servant, said he had been "confident" all the time "the verdict would be in his favor."

He said he learned only yesterday of the basis of the allegations against him. It was a "poison pen letter," he said, written by a shell-shocked and disabled World War I veteran who is now dead.

"And the man who released it throughout the government knew it was a poison pen letter," he added. He did not name either the writer or the distributor of the letter.

Shivers Appoints Atomic Committee

AUSTIN, Tex. (U.P.)—Gov. Allan Shivers has appointed a Texas Advisory Committee on Atomic Energy and said it should help Texas citizens to realize benefits from the controlled release of atomic energy.

The committee, named yesterday, has 17 members selected from major fields.

Appointees, in addition to Norton, included Dr. Frank Counselman, petroleum geologist, engineer, Abilene, and Dr. A. P. Beutel, Dow Chemical Co., Freeport.

Population Of U.S. Put At 165,495,000

WASHINGTON (U.P.)—The Census Bureau estimated today the nation's population on Aug. 1 stood at 165,495,000.

Right Of House Probers In Forcing Testimony Fought

WASHINGTON (U.P.)—The right of the House Committee on Un-American Activities to compel testimony about former Communists already known to it was challenged today in the U. S. Court of Appeals.

Attorneys for John T. Watkins, of Rock Island, Ill., a regional organizer of the United Automobile Workers-CIO, contended the committee has no authority to engage in "exposure for exposure's sake."

They Took The \$64,000

Marine Capt. Richard McCutchen, and his father and adviser, retired Navy Capt. John C. McCutchen, hold a check for \$64,000—the most fabulous prize in the history of radio and television giveaway shows—after the young officer knocked off a complicated question about a state dinner at Buckingham Palace. He had previously advanced through stages answering culinary questions until he earned the opportunity to try for the top pay-off. The show was telecast from New York.

Grunewald Held For Tax Evasion

BALTIMORE (U.P.)—Henry (the Dutchman) Grunewald, 62-year-old Washington influence man, was arrested today on charges of evading more than \$86,000 in federal income taxes.

Grunewald was arrested by U. S. marshals in Washington early today and brought to Baltimore. He was held pending the posting of bail, fixed at \$12,000.

Earlier this year the bald man of mystery, was sentenced to a maximum of 5 years and fined \$10,000 in an alleged \$500,000 tax-fraud conspiracy. He was free on bond at the time of his arrest on the income tax charges.

At his trial on the tax-fraud charges a federal prosecutor contended Grunewald had set up "a hidden government right in our own nation's capital."

The income tax indictments charge him with tax evasion for 1949, 1950 and 1951.

The indictment was returned by a federal grand jury here Tuesday but was kept secret by U. S. Attorney George Cochran Doub until Grunewald's arrest.

For 1949 the three-count indictment charges Grunewald and his wife had given their net income as \$145,808 and the tax as \$75,164 when he knew the joint income was \$232,976 and the tax should have been \$143,330.

For 1950 the indictment charged Grunewald and his wife reported a net income of \$110,674 and a tax of \$54,427 when the net income should have been \$122,242 and the tax \$63,170.

The indictment charged the Grunewalds gave their 1951 net income as \$1,194 and said no tax was due. The government contends the net income was \$50,577 and the tax \$20,298.

The indictment gave Grunewald's address as Chevy Chase, Md.

Like Midsummer In Central U.S.

By The Associated Press

It was like midsummer in wide areas of the central part of the country today.

Southerly winds extending from Texas northward to eastern Montana and the Dakotas brought unseasonably high temperatures to the plains states.

Readings were in the 90s yesterday all the way to the Canadian border. It was 74 at Glasgow, Mont., this morning after yesterday's high of 96, a record for the date. High marks yesterday in the area included 101 at Garden City, Kan., and Guyton, Okla., reported a 100-degree reading for the second straight day.

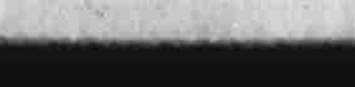

Hot weather also continued in the Far Southwest. The 40s were general in the northern Great Lakes region. Temperatures were in the 60s from the middle Mississippi Valley eastward across the southern Great Lakes and Ohio Valley to the Middle Atlantic coast.

Showers and thunderstorms were general in New York state and northern New England. Buffalo, N.Y., had about an inch.

THE WEATHER

BIG SPRING AND VICINITY: Clear to partly cloudy. Little change in temperature this afternoon. Tonight and Friday, only surface winds from showers and Friday.

High today 88, low tonight 62. High tomorrow 86, low tonight 60. Windiest 10 m.p.h. above this date 100 in 1913; minimum 48 in 1913; maximum 100 in this date 27 in 1918.

Valley Stays In Dither But Skies Clearing

By The Associated Press

The Rio Grande Valley, Texas usually sub-tropic truck and citrus area, stayed in a dither over the weather Thursday, but the U.S. Weather Bureau reported clear skies in the region.

Far to the southeast, Hurricane Hilda churned her rough way through the Caribbean Sea and headed toward Mexico's Yucatan peninsula. A change of course northward might put the hurricane, due over Yucatan Thursday night, much nearer the Texas Gulf Coast.

If Hilda kept her present course, she could bring more misery to flood-ravaged Tampico, Mexican oil port.

To the northwest, Colorado braced for a cold front that forecasts said could bring the first snow flurries into the state's Rocky Mountain areas and bring a quick drop in temperature.

Whether either weather phenomena would reach the confines of Texas was doubtful, weather observers said Thursday, but a drop in temperature was in the forecasts for the Texas Panhandle late Friday.

Scattered showers were expected through Friday in the southern reaches of Texas while the lower Rio Grande region still tried to mop up from torrential rains.

Harlingen bore the brunt of the hit - and - run deluges Wednesday with up to 8 inches of rain reported. The fast rain filled drainage ditches and storm sewers quickly, ran over curbs and into some business houses. Official rain measurements gave Harlingen 4.25 inches.

Although lightning struck the Donna, Tex., police department's radio Wednesday and shook up Officer Vincente Ramirez, the police reported no injuries and no serious property damage in the Rio Grande area.

Raymondville, dogged by the aftermath of a week - long flood, shuddered Wednesday when 12 of an inch fell, but the precipitation stopped there and no additional serious damage was reported.

Other valley rainfall included 1.10 inches at Weslaco, .65 at McAllen, and 1.50 at Mercedes.

Skies were clear over the western half of the state Thursday morning and clear to partly cloudy elsewhere except for spotted cloudiness in extreme South Texas. No rain was falling.

Wednesday's high reading was 99 at Presidio. Most highs were in the 90s. Thursday's lows ranged from 55 at Salt Flat to 79 at Corpus Christi.

Rainfall for the 24 hours ending at 6:30 a.m., other than that in the lower Rio Grande Valley, included Houston .25 of an inch, Galveston .22, Beaumont .20, San Antonio .15 and Austin .03.

Some 5,000 homes were virtually ruined, damage to furnishings was high, and street and sewer damage was still unestimated. Some roads closed by high water in the area opened for the first time in nearly a week Thursday.

A tropical storm, similar to hurricane Hilda, furnished the trigger for Raymondville's rain torrents and residents prayed Hilda would stay away. Clogged sewers and stagnant water still caused a powerful odor.

Meanwhile, to the south, miserable Tampico was due help from Texas Thursday. Rain stopped in Tampico Wednesday for the first time in 10 days, but the death toll had reached four.

Mexican officials promptly accepted an offer from the Texas Good Neighbor Commission in the name of Gov. Allan Shivers. The commission said it would have three or four helicopters in the city to help in rescue operations.

But although the rain had stopped, it seemed that Tampico's trial could only be beginning. Residents feared Hilda would cross the Yucatan Peninsula and strike Tampico as a hurricane did in 1951.

Tampico's 110,000 population was hard hit by the heavy rains. Some 5,000 were affected with half living in public buildings and the others staying atop their flat roofs to protect their belongings.

Soldiers and police manned anti-looting patrols. Two highways and two railroads into the city, its inland transportation system, were closed.

POLIO VICTIM RECOVERING
Rosa Welch, 5, tries to smile for her picture

FAMILY TRAGEDY

Boy Has To Work With Parents Gone

DURAND, Ill. (AP)—A 7-year-old boy told today what it's like — to him, at least — to have eight brothers and sisters stricken with polio.

Little Bernard Walsh said he and five other children in the family who have escaped the disease "have to keep quiet around home now."

"We have to stay out of trouble too. Our house was noisy before all this happened. But now it's awful quiet."

Four of farmer Keron Walsh's children are hospitalized in near-by Rockford, Ill., and four are being cared for at home. One of those hospitalized, David, 17, is in an iron lung and his condition is regarded as critical. Hospital authorities say the condition of Eddie, 16, is "not good."

The father, 53, and the mother, 45, are staying in Rockford to be with the most seriously ill. The children at home, including the six not stricken, are being cared for by the father's sister Miss Daisy Walsh.

Bernard said he and his 6-year-old brother Tom "have to help with the work. We help take care of Molly Lou (1 year old). She can't dress herself yet. We help carry meals on trays to our sisters who are sick in bed."

"We don't know how to milk cows. But we feed the pigs and cows. We do whatever we can. But it sure is quiet around here now."

Neighbors, relatives and friends have prepared food for the family, have taken them gifts and words of encouragement and are helping with chores on the 160-acre farm.

Two Durand churches have been conducting special prayer services for the family.

Fears that tiny Molly Lou might have contracted polio were dispelled yesterday. Dr. Charles Leonard said observation showed she did not have the disease.

Hall, Douglas In Farm Parity Tiff

WASHINGTON (AP)—Republican National Chairman Leonard W. Hall said today Democrats have "dabbled in panaceas and depressive legislation" in dealing with the farm problem. Republicans, he added, never have and will not now.

His statement, saying Sen. Douglas (D-Ill.) "is still dealing in bunk" was in reply to Douglas' comment yesterday that "the people can have no confidence in a party that tries to rewrite history and ignore the real world."

The two have been arguing for a week over whether President Eisenhower, as a candidate in 1952, did or did not promise to continue farm price supports at 90 per cent of parity.

Both quoted from Eisenhower's campaign speeches. Hall said Douglas "is pulling one of his typical political tricks. He only recites part of what the President said."

Hall said the administration "is going to work night and day to get our farm economy out of the depressed state in which we found it, and I think the farmers of America know that is a fact."

Secretary of Agriculture Benson said on his return from Europe yesterday the Eisenhower administration will have some "very specific" recommendations to Congress in January to combat what he called "the farm price squeeze."

Although he declined to go into details, he said one of the proposals under consideration would call for the government to render some land and take it out of cultivation or to pay farmers for doing the same thing.

Sen. Jenner (R-Ind.) commented that such a system may furnish part of the answer he said Republicans must find to regain control of Congress.

Jenner said he didn't know whether the farmers and small business men would vote Democratic, but added: "I am afraid a lot of them who normally support Republican candidates just won't vote unless something is done."

Benson said the administration will offer "something in addition" to the present flexible prices support program, which he said he wants retained. He indicated new proposals would be aimed at supplementing farmers' incomes while efforts are made to adjust production to present day needs.

The secretary said he thought this might be accomplished through the soil conservation payments program.

Union Flood Aid

WASHINGTON (AP)—The CIO said today its affiliated unions and their members have donated about \$300,000 to help rehabilitate six flood-ravaged Northeastern states.

Westinghouse Workers Defy Union Order

PITTSBURGH (AP)—Westinghouse electrical workers in Pittsburgh defied an order from high union officials today and refused to end their strike.

James R. Carey, president of the CIO International Union of Electrical Workers, said he was confident some 33,000 members in 26 other Westinghouse Electric Corp. plants would report to work. He went ahead with plans to start wage negotiations with the company.

Local 601 at the East Pittsburgh plant, which has about 10,000 members, continued picketing. It started the walkout Aug. 8 after 2,300 day workers quit work to protest a company time study of their jobs.

Last Sunday, CIO-IUE locals at the other 26 plants left their jobs in a sympathy strike.

Under a strike-ending agreement announced by Carey last night, the time study question was made a part of the bargaining talks opening today. Previously the talks were to have been confined to wages only under the current two-year contract. The agreement gave the union the right to strike over the time study question if no solution is found.

Carey said the Westinghouse Conference Board, made up of officers in all locals within the Westinghouse organization, approved the agreement to end the walkout by "an overwhelming majority."

This announcement was greeted with cries of derision by the officers of Local 601. They said their representatives on the conference board had "vigorously protested" acceptance.

A spokesman for Local 601 would not say just why the proposal accepted by the conference board was rejected.

Westinghouse officials, expressing surprise that Local 601 would not go along with the pact signed by Carey, declared:

"We have an agreement with the union and it is up to the union to keep its house in order. The agreement was signed by both management and union and one maverick local is not our concern."

'Accident' Death Of Couple Begins To Look Like Murder

EATON, Ohio (AP)—What had appeared to be only an automobile accident in which a man and his wife burned to death apparently had turned today into a mystery that "looks like murder."

Everett Fahrholz, Preble County prosecutor, said Harold C. Bowman, 49, of near West Alexandria did not burn to death in his wrecked automobile early on the morning of Sept. 4 but died of a shotgun wound behind his left eye.

The exact cause of the death of Bowman's wife Maybelle, 47, has not yet been determined definitely by Dr. Robert Siehl, Preble County coroner, said. "There is a possibility of strangulation."

Sheriff Floyd Spittler, who conferred last night with the prosecutor and the coroner on the autopsy report, said "it looks like murder but we are continuing our investigation before we reach a decision. If it is murder, there can be only one suspect."

He did not name the suspect.

The Bowmans' foster son Kenneth, 17, was burned in the fire and still is in a Dayton hospital. He told authorities he crawled from the wrecked automobile after it went over an embankment.

Fahrholz said young Bowman's condition has been such that authorities have been unable to question him fully. Hospital attaches said the youth is being held for observation by a psychiatrist, neurosurgeon and an internal medicine specialist.

Dockers Begin Task Of Moving Logjam

NEW YORK (AP)—Dockers tackled the huge task today of moving the 200 million dollars worth of products that piled up along the New York waterfront during their eight-day strike.

The walkout, which also hit several other East Coast ports, was called off yesterday by the Independent International Longshoremen's Assn.

The IILA hailed as a victory the setting up of a voluntary citizens fact-finding committee to hear its grievances against the New York-New Jersey Waterfront Commission.

Industry sources termed the IILA's acceptance of the committee formula a "face-saving" device adopted after locals in some cities failed to heed the strike call.

Now comes the huge cargo cleanup from more than 150 ships — practically all freighters. Most passenger liners were not seriously delayed by the tieup.

The 170-member New York Shipping Assn. figures the strike cost the employers a million dollars a day.

The back-to-work movement by some 30,000 longshoremen here has failed to halt legal machinery set in motion as a result of the strike.

A contempt citation against the IILA by the employers is scheduled to be heard in the State Supreme Court Sept. 22.

And the shipping association thus far has not deviated from plans to sue the union, its leaders and membership for 10 million dollars in damages for alleged violation of a no-strike pledge.

Justice William C. Hecht Jr., in Supreme Court yesterday, granted two motions for temporary injunctions — barring waterfront stoppages — against the union.

They were sought by the Waterfront Commission and the shipping firms.

The IILA strike was aimed directly at the commission. The union has accused it of harassment, discrimination, and general abuse of its powers. The commission has denied all allegations, calling the IILA "just plain lawless."

Godfrey Schmidt, lecturer on law at Fordham University, issued a statement on behalf of the fact-finding committee, saying:

"The idea was simply to end a strike by providing a forum . . . Nor does it matter if this committee saves someone's face. If we save our port and our country from further serious loss the incidental saving of face is unimportant . . ."

"Finally, this is not an attempt to interfere with an authorized agency."

61 Million Cars

DETROIT (AP)—There are 61 million registered motor vehicles and 72 million licensed drivers in the United States who drive more than 500 billion miles annually, the Automobile Manufacturers Assn. says in its 1955 year book distributed today.

Fire Wrecks Jersey Pier

JERSEY CITY, N.J. (AP)—A spectacular fire that sent up torrents of thick smoke wrecked a huge pier last night and caused damage estimated at more than a million dollars.

Only the shell of the 650-foot pier was left standing today as the blaze — of undetermined origin — burned itself out.

A fleet of fireboats from throughout the New York harbor battled the stubborn flames that rampaged out of control for at least seven hours.

Fifteen firemen were affected by the smoke or suffered other injuries, but they did not require hospitalization.

When the blaze broke out at 3:22 p.m. yesterday, two ships and seven barges scurried away from the vicinity of the pier at the foot of Grand Street.

Flames jumped to one of the barges and to the deck of one of the ships, the freighter Fort Bellanca. Fireboats quickly put out the fire aboard the freighter as it was towed to nearby Weehawken.

Damage to the 50-year-old pier, made of wood and corrugated iron, was estimated at 1 million dollars, Clarke.

Nixon Praises Equality Trend

NEW YORK (AP)—Vice President Nixon claims the nation has made more progress toward equal opportunity for all Americans during the Eisenhower administration than it made in any similar length of time since the Civil War.

He lists the opening of many new job opportunities in industry for Negroes among achievements.

Addressing a dinner sponsored by the Joint Defense Appeal of the American Jewish Committee and the Anti-Defamation League of B'nai B'rith, Nixon also claimed these other achievements last night:

An end to segregation in the armed forces and in veterans hospitals, launching of a "winning campaign" to end segregation in the District of Columbia and significant progress toward racial integration in public schools.

Nixon said some important objectives in the field of civil rights remain to be reached. He said they include a review of national immigration policy, as recommended by President Eisenhower.

Quarles Confers With French Air Officials

PARIS (AP)—U.S. Air Force Secretary Donald A. Quarles, making his first tour of air bases in Europe since his appointment a month ago, conferred today with high officials at the French Air Ministry. He also visited the headquarters near Paris of NATO's European Command for a briefing and lunch with the supreme Allied commander, Gen. Alfred M. Gruenther.

Churchills Leave For French Holiday

LONDON (AP)—Sir Winston and Lady Churchill left London by air today for a holiday in the south of France. They will stay at the Cap d'Ant hill of publisher Lord Beaverbrook, an old friend.

The 83-year-old former Prime Minister and his wife were accompanied by their daughter Mary and her husband, House of Commons Member Christopher Soames.

Nagging Backache Sleepless Nights

Nagging backache, headache, or muscular aches and pains may come on with over-exertion, emotional upset or day to day stress and strain. And Lolly who soothes and relieves over-exertion, emotional upset or day to day stress and strain, sometimes offers mild bladder irritation, with that restless, uncomfortable feeling. If you are miserable and worn out because of these discomforts, Don't's Pills often help by their pain relieving action, by their soothing effect to ease bladder irritation, and by their mild diuretic action through the kidneys — tending to increase the output of the 1 1/2 miles of kidney tubes.

So if nagging backache makes you feel drowsed-out, miserable, with restless sleepless nights...don't wait...try Don't's Pills...get the same happy relief millions have enjoyed for over 10 years. Get Don't's Pills today!

Typhoid Shots For Flood Victims

Members of the Harlingen Air Force Base medical team give typhoid shots to flooded-out residents of Raymondville, left under several feet of water after an eight-inch rain. As many as 4,000 shots were given in one day, offsetting a health hazard created by the polluted water which may not drain off for another four days.

A Bible Thought For Today

For all those things hath mine hand made, and all those things have been, saith the LORD: but to this man will I look, even to him that is poor and of a contrite spirit, and trembleth at my word. (Isaiah 66:2)

Editorial

It Takes Water To Grow Population

This week's U. S. News & World Report makes a test run on U. S. population for the next ten years and comes up with an estimate of a gain of 28 million people between now and 1965. The figure comes out just under 192 million, or 17 per cent above 1955. Population in 1955, not counting armed forces overseas, stands at 164.2 million, almost half a million more than the highest government forecast for the year as made in 1953.

Of States west and south of the Great Lakes, plus Idaho and Montana, Connecticut will gain more. From Louisiana to Texas and on to the Coast, north to Washington, and west of the Great Plains the gain will be above the national average. The net gain for Texas by 1965 is expected to be 1,392,000, which will be a larger gain than any state except California and New York.

Times That Try A Newsman's Soul

We sympathize with the West Virginia contemporary who recently came out with his front page enclosed in a funeral border and a few lines of type centered in its nakedness, explaining that "En route from the make-up stone to the press we pried the whole front page." There hadn't been time to recreate the front page and meet press schedules too, and besides the poor fellow was probably too disgusted to make the effort.

sands, instead of the tens of thousands the oldtime printers dealt with. In the old days a pried page meant the sorting of every piece of type, each according to its size and face. This mess usually went into the helibox, to be attended to by the devil. By the time he got everything straightened out, assorted and distributed, he had the groundwork for the sort of patience a printer requires.

David Lawrence Communism Issue Back Into Politics

WASHINGTON — Out of the oblivion, temporary or otherwise, to which the nomination of Sen. McCarthy has consigned him, the Wisconsin senator may yet emerge vindicated, and the Democratic congressional investigating committees may perform that unintended service for him.

for damaging the reputation of government employees. Sen. Hennings of Missouri, Democrat, who is chairman of the subcommittee, has announced that it will go into the controversial question of "guilt by kinship" at future hearings. He says that branding government workers as security risks either because of association with their parents or with certain groups appears to violate constitutional rights of peaceable assembly.

The Big Spring Herald

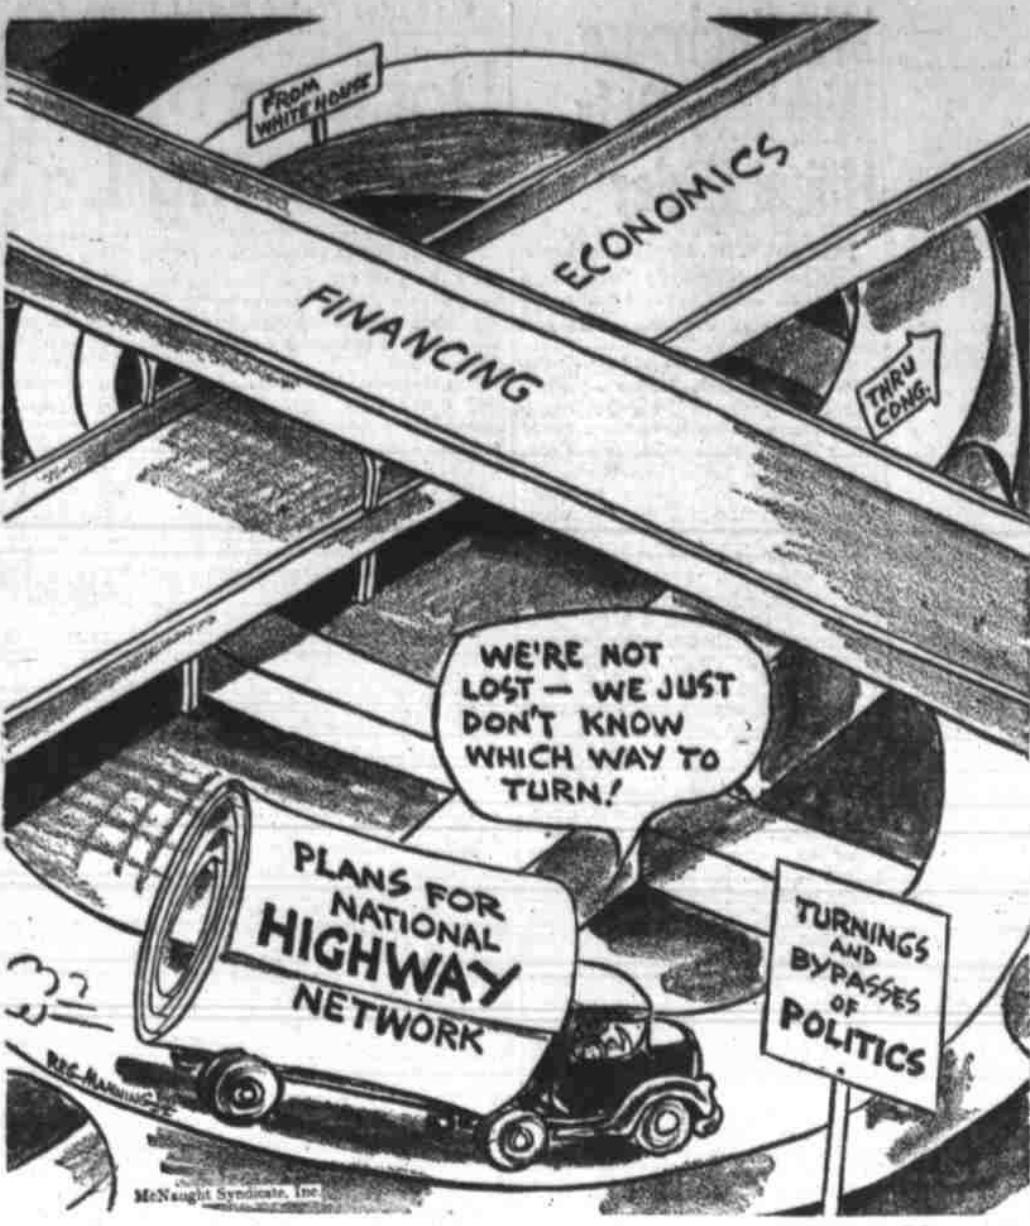

Published Sunday morning and weekday afternoons except holidays by AFFILIATED NEWSPAPERS, Inc. 200 Main St., Box 44319, Big Spring, Texas. Entered as second class matter July 18, 1928, at the Post Office at Big Spring, Texas, under the act of March 3, 1979.

different tune. ROCKFORD, Ill. — Once billed as the singing bartender, Buddy Morris now is a non-singing bartender in a Rockford tavern. Morris wrote filler to his show business career that dates back to 1921. Now 48, he once sang with Wayne King's orchestra and was popular in the 1930's and '40's. Morris says he quit show business because "show business is too rugged. And it isn't show business any more."

What's In A Name

PHILADELPHIA — William A. Spare, an executive with the Provident Mutual Life Insurance Co., has just been promoted, and he shouldn't have any trouble remembering his new title. The company said Spare moved up from Actuary Assistant to Assistant Actuary.

Mr. Breger. NEW YORK — The average American woman wears furs? "Very few know how to handle a fur gracefully," said Le Marie. "They hold it awkwardly in their hand like a football halfback looking for someone they can throw a downfield pass to."

The Cloverleaf

James Marlow Ike Suddenly Gets Tougher

WASHINGTON — The Eisenhower administration—for reasons not explained—has taken a harsher tone toward the Russians than it used in the early weeks after the President met with them in Geneva in July.

WASHINGTON — The Eisenhower administration—for reasons not explained—has taken a harsher tone toward the Russians than it used in the early weeks after the President met with them in Geneva in July.

Vice President Nixon followed this up with a speech along the same line, but even tougher: a demand on the Russians to begin making concessions. The Russians carefully didn't criticize Eisenhower but they denounced Nixon.

Hal Boyle Women Sensible About Clothes

NEW YORK — The average American woman wears furs? "Very few know how to handle a fur gracefully," said Le Marie. "They hold it awkwardly in their hand like a football halfback looking for someone they can throw a downfield pass to."

Lodges Take Love Offering For Rebekahs In Clarksville

When the John A. Kes Rebekah Lodge No. 153 met at Carpenters Hall Tuesday night, a love offering was taken for the Rebekah Lodge at Clarksville, which recently burned.

Sick visits were reported. A special message will be sent to Sovereign Grand Master Telle F. Astor on his retirement.

In a candlelight service, the charter was draped for Mrs. Odie Wise.

Noble grand, Mrs. M. O. Hamby, urged the members to collect clothing for the rummage sale to be held next week and to purchase Christmas cards.

Forty sick visits were reported when the Big Spring Rebekah Lodge No. 284 met Tuesday night at the IOOF Hall with Mrs. E. J. Nibbons, noble grand, presiding.

The group gave a love offering for the Clarksville Rebekah Lodge. Announcement was made of an all-day quilting at the IOOF Hall Thursday at 8 a.m.

Everyone is asked to bring their things for the rummage sale to the Hall or call Mrs. K. J. Nielsen or Mrs. Gordon Gross, and they will pick them up.

About 30 members and one visitor, Mrs. Cora Shipp from the Tal-Tex Rebekah Lodge No. 13 at Dallas, were present.

LUTHER—Mr. and Mrs. Bus Lloyd visited her mother, Mrs. Daisy Graves, in Ballinger last week.

Leaving for Texas Technological College were Connie Crew, Howard Smith and Ted Scott. Ellen Morton of Midland visited Connie recently.

Guests in the home of Mr. and Mrs. Carl Lockhart, have been Mr. and Mrs. Gene Perkins and daughters of Lubbock, Mr. Ora Hamilton of Lubbock, Mr. and Mrs. Bill Barber, Janie and Billy of Big Spring, Mr. and Mrs. J. B. Colough and children of Big Spring, Mrs. J. W. Barber and Mr. and Mrs. Don Lockhart.

The couple are graduates of Big Spring High School. Mrs. Barber is presently employed with the Nabors Paint Store.

Mr. and Mrs. Norvin M. Smith and children of Lubbock have been visiting Mr. and Mrs. W. D. Anderson and Mr. and Mrs. M. Smith.

D. C. Zant has been in a Big Spring hospital.

Recent visitors of Mr. and Mrs. W. E. Hanson were Mr. and Mrs. Bill Hanson of Big Spring and Mrs. Edward Simpson.

Mr. and Mrs. Edd Carpenter, new president of the 1954 Coahoma Study Club was honored with the "President's Luncheon" recently by the outgoing officer, Mrs. Marion Edwards, in her home.

The house was decorated with cut flowers of blue and white, the club colors. Following the luncheon George Oldham, head of Traffic Safety Commission, led a discussion on safety rules in driving.

There were 13 members present.

FORSAN—Members of the Belle Overton and the Willie Mae Kennedy Circles met jointly recently for the Mary Hill Davis Week of Prayer program for state missions.

The responsive devotion was read by Mrs. R. O. Sullivan and Mrs. Wayne Mooroney. Others taking part on the program were Mrs. G. W. Overton, Mrs. J. W. Overton, Mrs. E. E. Everett, Mrs. Frank Thieme, Mrs. R. A. Chambers, Mrs. J. B. Hicks, Mrs. E. E. Blankinship and Mrs. Carl Tippie.

A summary of the history of the schools was given by Mrs. Sullivan. Mrs. W. J. White presided at the business session.

Lakeview WMU Has Bible Study

Lakeview High School P-TA was organized Monday night under the guidance of Mrs. W. N. Norred, district president, and Mrs. Elviss McCarty, city council chairman of the P-TA.

Officers are Mrs. Paulene Banks, president; Mrs. Louella Gibson, secretary; and Mrs. Willie Forman, treasurer.

Committees were appointed of Thomas Mitchell, publicity; Mrs. Edna D. Tillis, radio; Mrs. Ruby Lee Rhynes, program; Mrs. Izell Johnson, Hosea Banks and Mrs. Greatschl Jackson, hospitality.

The next meeting will be Sept. 20.

Knott Co-Eds Leave For College Sunday

Knott—Carol Robinson, Wanda Jean Roman and LaVeda Anderson left Sunday for Abilene where they will enroll in Hardin-Simmons University.

Miss Robinson will be a sophomore, while Miss Roman will join the junior class and Miss Anderson will be a freshman.

Entering Howard County Junior College are Edna Harvell, Rosetta Williams and Richard Parker.

Mrs. and Mrs. Louis Harrel and Glyn visited his parents, Mr. and Mrs. W. H. Harrell in Stanton Sunday afternoon.

Visitors in Taboka Sunday with the Jack Currys were Mr. and Mrs. E. L. Roman.

Mr. and Mrs. Harrison Woods, Brenda and Paula are in Hot Spring, N. M., to be with his stepfather, W. O. Jones, who is seriously ill.

North Ward P-TA Hears Dr. Norman

Each mother and teacher were introduced at the North Ward P-TA meeting Tuesday afternoon at the school. Dr. Loyal Norman, director of elementary education, was guest speaker.

Mrs. Walter Rueckart's room won the attendance count. Tea was served to 50.

Organ Club Postponed

The September meeting of the Organ Club has been postponed until a later date that will be announced in October. There will be an executive meeting this month, but the time has not been set.

Mrs. Julia Bonfield has returned from Fort Worth where she accompanied her daughter to enroll in Texas Christian University.

Her mother, Mrs. H. H. Stevens of Fort Worth, returned with her for a visit here.

Emphasis On Diet

Deborah Kerr believes that all beauty and well-being has its inception in a well-balanced diet. The lovely British star, here relaxing in her Southern California home, tells how this was dramatically demonstrated during the war years in London.

HOLLYWOOD BEAUTY

Proper Diet Important To One's Appearance

By LYDIA LANE

HOLLYWOOD—Deborah Kerr is back in Hollywood after her great stage success in "Tea and Sympathy" which was acclaimed the best play to hit Broadway in many a season.

As we sat in the garden of her seaside home, we reminisced about the last time I had seen her just prior to her departure for New York and the anxiety she had felt for the success of the new play.

"It's so pleasant to be back home again," she said with her gracious smile. "It seems natural to be calling California home. This country of yours has been wonderful to me. The people are so friendly here they've made it possible for me to lose a terrible shyness. You're responsible for what my husband calls 'my blossoming out.'"

"But there have been even more concrete changes," she went on to explain. "I came here after having spent the war years in London where our diet was restricted. We had no citrus at all, very little meat or butter. I had no energy, my skin and hair were not good and my nails were brittle and constantly breaking off."

"The change in my appearance after living here a short while was remarkable and it was all due to eating wonderful things like oranges, all the meat I wanted and lots of fresh vegetables. For the first time I was aware of the relation between diet and well-being."

"I saw my skin slowly take on a new clarity. My eyes were brighter and my nails began to grow long. I was fairly bursting with energy," she exclaimed.

"It's lamentable," I remarked, "how people who can have the advantages of healthy food ignore it."

"I was a perfect example of the damages caused by faulty diet," Deborah said.

"That's why when I see some of my friends abusing their health with drastic reducing diets I wonder how they can be so foolish."

Deborah moved her chair out of the sun. "Freckles, you know," she explained, "that's the trouble with being a redhead. I don't mind freckles, she smiled, "but the cameramen does."

Beauty Culturists See Demonstration

With Mrs. Lillie Pachall as model, Beth Ferguson demonstrated the wonder curl Monday evening at a meeting of the Texas Association of Beauty Culturists. The Settles Beauty Salon staff was hostess for the group.

In an election to replace some of the officers, Mrs. L. B. Smith was elected first vice president, Mrs. Pachall was chosen second vice president, and Mrs. William Bell Jr. was made secretary-treasurer.

Mrs. Oscar Nabors will serve as reporter and historian.

The membership committee is made up of Miss Ferguson and Mrs. Ollie Anderson. Mrs. Fred McGowan was elected as a director. Following the business session, refreshments were served to nine, with a guest, Nora Davidson.

Continental Group Has Annual Picnic

FORSAN—About 200 attended the annual district barbecue of the Continental Oil Company held recently in the Big Spring City Park.

Mr. and Mrs. Les Griffith have been visiting their son, Mr. and Mrs. L. B. Griffith in San Angelo.

On vacation in Evening Shade and Hot Springs, Ark. are Mr. and Mrs. D. D. Anderson and daughter and Mrs. Bettye Anderson.

Mr. and Mrs. B. D. Caldwell of San Angelo have been guests of Mr. and Mrs. O. N. Green. Also from San Angelo was J. R. Saunders, who visited his sister, Mrs. S. C. Crumley.

Mr. and Mrs. E. B. Thorp were recent visitors in Abilene.

Mr. and Mrs. Jack Turner and sons have moved from Brockton, Mass., to make their home in Big Spring. Mrs. Turner is the former Betty Jo Roberson of Forsan.

Mrs. Motley Honored

KNOTT—Mrs. Lala Motley was honored recently in the A. B. Hodnett home with a party on her 77th birthday. Guests were present from Ackerly, Lubbock, Abilene, Hermleigh, Colorado City, Big Spring and Knott.

Beta Sigma Phi Exemplar Chapter Plans Pilgrimage

At their first fall meeting, members of the XI Mu Chapter of Beta Sigma Phi Sorority made plans for the annual Pilgrimage of Beautiful Table Settings. Date was set for Oct. 30.

The group met in the home of Mrs. Clayton Bettie, with Mrs. Charles Tompkins in charge of the meeting. Mrs. Winston Kipatrik and Jenny Miller were made members-at-large. Yearbooks were distributed.

Mrs. Gene Nabors, a former member who has moved here from California, joined the sorority again. Mrs. Jack Murdock attended as a guest.

Mrs. Harold Hall is chairman of the committee for staging of the pilgrimage, and her assistants will be Mrs. Paul Darrow, Mrs. Tom Boyd, and Mrs. George Elliott. Mrs. R. L. Heith will be in charge of the tea arrangements, assisted by Mrs. Nabors.

Music Club Begins Year Study Course

Study course for the year, "Music Throughout the World," was introduced by Elsie Willis when the Music Study Club met Wednesday in the home of Mrs. Nell Frazier, 1801 Owens.

District president, Mrs. H. M. Jarratt, spoke on "What the Federation Collect Means to Me." A trio, composed of Joyce Howard, Mrs. Bill Bonner and Mrs. C. A. Boyd, sang the collect of the National Federation of Music Clubs. They were accompanied by Miss Willis at the piano.

Four new members, Mrs. C. B. Marcum, Mrs. Bobby Robbins, Mrs. Nobel Kennemer and Mrs. J. Y. Butts, were present.

Lees Baptist WMU Has All-Day Meet

Mrs. A. W. White was hostess recently to an all-day meeting of the Lees Baptist Church WMU, and she also taught the Bible study from Judges.

Following the luncheon, served to six, the Mary Hill Davis Week of Prayer program was held with Mrs. L. E. Gandy as leader. It was closed with sentence prayers for the mission work among the Latin-Americans in Texas.

A social meeting is planned for the next meeting, when secret pals will be revealed. Mrs. Era Belcher will be hostess at that time.

Elbow HD Club Has 'Hints On Serving'

Roll call for members of the Elbow Home Demonstration Club was on "Hints On Serving" at the meeting Wednesday afternoon in the school.

Mrs. B. J. Petty, president of the group, was hostess. Officers were elected, with Mrs. Petty re-elected president, Mrs. Ray Shortes was chosen vice president, and Mrs. C. P. Sherman was made secretary-treasurer.

Council delegate is Mrs. J. C. Ray, while Mrs. Pearl Caudle will serve as parliamentarian. Mrs. Ross Hill was elected reporter. The next meeting was announced for Sept. 28, with Mrs. Ray as hostess.

Mrs. Bunch Initiated

Mrs. Joe Bunch was initiated as a new member when the BPODees met Wednesday evening in the Elks Club. Plans were made for a party to be held at the State Hospital on Sept. 22. A party for the Elks, Does and their friends will be given Sept. 24. Twelve attended Wednesday's session.

Bride-To-Be

Mr. and Mrs. J. A. Ritter of McKinney announce the engagement and approaching marriage of their daughter, Luis June, to Helen A. McKinney of Plano, son of Mr. and Mrs. A. A. McKinney, of Big Spring. The wedding will be Oct. 1 at 8 p.m. at the North Baptist Church in McKinney.

S-C To Distribute Activity Cards To Students Friday

When the Senior High School Student Council met Tuesday afternoon, Johnny Jonak reported that the activity cards will be distributed to the students Friday.

Announcement was made that Friday at 4 p.m. was the deadline for filing petitions for class officers. The election will be held Sept. 20.

Mrs. Betty Ratliff, sponsor, announced that a leadership training course will be offered this year for all officers of student council, class, and club, and also for any student who wants to enroll.

A report of the ways and means committee was given by Kenda McGibbin, chairman. She listed the yearly calendar which was accepted, but is subject to change.

Janet Hogan stated that Zale's Jewelry will engrave the sportsmanship plaque, and that Louis Maneely, faculty member, will make wooden plaques.

The traffic and parking problem at school will be investigated by Bennie Compton. Jerry McMahan was chosen to act as parliamentarian for the year.

Correspondence from Kermit concerning the district meeting there Oct. 1 was read. Twelve local students plan to attend.

Twenty members and two sponsors, Mrs. Ratliff and Don Green were present.

Mrs. Wilson Talks To Planters Club

Methods of drying flowers were explained by Mrs. Frank Wilson when the Planters Garden Club met Wednesday afternoon in the home of Mrs. J. W. Dickens, 624 McEwen.

Announcements were made about the clinic to be Oct. 4 and the flower show Nov. 3.

Plans were made for a rummage sale with Mrs. Emis Cochran in charge. Mrs. Dickens won the prize plant.

Ten were present.

The Carlton Edwards Heights Cleaners

Mr. and Mrs. Travis Carlton have purchased and are now operating the Edwards Heights Cleaners, 1905 Gregg Street. The new owners will feature quality cleaning, alterations, repairs and free pick-up and

delivery service. "We invite you to try our service," Carlton declared. "We're sure you'll be pleased." The telephone number is 4-6771.

Farmall '400' 'Workhorse' Ready To Go

A "workhorse" — in fact, 47% of them — ready to go to work on Howard and other area farms is the new Farmall "400" tractor, now on display at the Driver Truck & Implement Company in Big Spring. The "400" and its Farmall companions are adaptable to any farm task imaginable. And they come from a farm equipment manufacturer with such a backlog of experience that the words Farmall and tractor are almost synonymous.

It's Time To Prepare Heating Equipment For Winter Season

This is the time of the year that wise homeowners start getting their heating equipment ready for the winter cold, according to E. A. Fiveash, operator of the Fiveash Plumbing Company.

The veteran plumber made the statement with full realization that it might sound out of place. But he still maintained that heating equipment should be checked now to see if it operates properly.

"Quite a few homeowners are going to need repairs or even new equipment," he said. "If they take this time to have the checks made, they will be just that much ahead of those who wait until the last minute."

Fiveash said that there is always a big rush during the fall months, and everyone wants service at the same time then.

Practically all types of heating equipment are available at the Fiveash Plumbing Company, 821 E. 3rd, and this equipment can be viewed by all interested parties. All types of floor furnaces, panel heaters, wall heaters and regular type heaters are stocked at the concern.

Installation is in record time, and all jobs are guaranteed. "All our installations and repair work are done in a manner to assure high quality," Fiveash

stated. "Immediate repair work is a specialty, and our jobs are not sloppy."

Fiveash, of course, does a type of plumbing work which might be requested. He and his crew are skilled in every phase of the trade, and they have some of the best equipment available for installation.

Among the items handled by the firm is the revolutionary new water softening device — the Mayco Turbo Action Water Softener. Fiveash has the franchise for Big Spring.

This water softener is sold directly to the customers, not rented like most. It has low initial cost, plus a low cost of recharging — about a tenth of many rental fees.

The Mayco has an entirely new and improved design which eliminates back washing, Fiveash said. Also, an amazingly simple turbulent water action, induced over the top of the softening bed, quickly

removes all sediment accumulated there in the filtering process.

Mayco softeners have a simple operation. Usual care only requires dumping a convenient package of salt into the unit when it is time to regenerate, and then rinsing from 25 to 45 minutes, depending on the size and water pressure.

Operating costs are usually low, Fiveash explained, being between 50 cents to \$1 per month for the average family. Purchase prices are also low. The 30,000 grain unit retails for \$79.95, the 500,000 grain softener is \$129.50, and the 83,000 grain unit sells for \$184.50.

Wooten Equipped For Any Type Of Moving Operation

The Harvey Wooten Transfer and Storage Company, 505 E. 2nd, has all the facilities necessary to handle your moving or storage problems. Whether near or far, Wooten and his men are ready to make your move or store your valuables at any time of the day or night, regardless of size.

Wooten has three large trucks for local moves in Big Spring and surrounding area. He is affiliated as exclusive agent in Big Spring for the Rocky Ford Van Lines. The Rocky Ford lines handle moving problems anywhere in the United States and Canada. This affiliation gives Wooten a wide range of services to offer to his customers.

NEW LIQUID KILLS ROACHES and ANTS

Scientists recommend that you control roaches and ants the modern way — with Johnston's NO-ROACH. Brushed just where you want it (not a messy spray) the colorless, odorless coating kills these pests. It's effective for months, sanitary, and so easy to use. 8 oz. pint, quart. Available at Safeway, Furr Food Stores, Piggy Wiggly, Red & White, Cunningham & Phillips, Collins Bros., & your local drug or grocery store. (Adv.)

Shreveport And Houston Battle For TL Crown

By The Associated Press
The third and fourth finishers in the regular Texas League season meet in the final playoffs Friday night when Shreveport plays host to Houston.

Houston, which barely got into the playoffs, dumped Dallas, the regular-season pennant winner, 14-1 Wednesday night at Dallas. The victory gave Houston the first-round series 4-3.

Shreveport, which finished third in the regular season, eliminated San Antonio, the second-place club earlier.

The winner of the Houston-Shreveport best-of-seven series meets the winner of the Southern Assn. playoffs in the Dixie Series. Houston found Dallas' starting pitcher, Charley Fowler, no problem at all and touched him for seven hits in five innings. Four other Dallas hurlers couldn't stem the tide.

The winner was Ralph Beard, a tall right-hander who lost his first game against Dallas in the playoffs. He limited the Eagles to seven hits, keeping them well scattered.

Bill Greason is expected to take the mound for Houston Friday night. He had a 17-11 season record and is 1-0 in the playoffs. Shreveport is expected to use either Ray Knoblaugh (13-16) or Arnie Atkins (12-8).

'Nobodies' Struggle For Amateur Crown

By HUGH FULLERTON JR.
RICHMOND, Va. (AP)—The peculiar pattern of the 25th National Amateur Golf Championship carried down to the last 16 players

with an odd assortment of names and nobodies struggling through two more rounds today for a place in the semifinals. The 16 players who survived yesterday's double round, whose strength of legs counted almost as much as skill and stoutness of heart, included five players—two of them Walker Cup stars—whose names are quite familiar to golf followers, a couple of spring-legged 19-year-old college kids who never seem to tire and an assortment of club golfers, little known outside their own local territory.

It's quite a thing for the weekend golfer to get as far as the fifth round of the National Amateur and only one of the 16 still in there has made it before. The one is portly, cheerful Jimmy McCall, who made it in 1949.

The other surviving "names" are Joe Conrad, the wiry little Texan who won the British Amateur title last spring; favorite Harvey Ward, the 1952 British Amateur champion who never before has passed the fourth round in the American championship; and former intercollegiate champion Hillman Robbins.

Robbins still is a part-time collegian, selling automobiles on the side while completing his courses at Memphis State.

The real kids of the tournament are Joe Campbell of Anderson, Ind., and Purdue, the current intercollegiate champion, and Jake Howard Jr., of Augusta, Ga., and the University of Georgia.

These three as much as anyone, proved that the tough part of 35-35-70 for the rolling, 6,713-yard James River course of the Country Club of Virginia could be had.

After two days when scores of 74 to 78 were usually good enough to win, Robbins shot 1-over-par golf for 25 holes and lost only one of them as he closed out a pair of tiring veterans, George McCallister and Ray Billows. Campbell had his bad round in the morning then regained his putting touch to knock out veteran Ed Meister of Cleveland 4 and 3.

Ward cut loose with a string of four birdies at the start of his afternoon match against 1954 junior champion Rex Baxter of Amarillo, Tex., and won 6 and 4. Earlier he had closed out bulky Gordon Stott of Glen Cove, N.Y., 5 and 2 with a 2-over-par performance.

The others left for today were Bill Hyndman, Philadelphia; John J. Miles, Manhattan, N.Y.; Edwin B. Hopkins, Abilene, Tex.; George Swift, Columbus, Ga.; Charles Kunkle Johnston, Pa.; William Waryan, Minneapolis; Bill Boone, Bridgeport, Conn.; Bob McCall, Youngstown, Ohio; James McCoy West Palm Beach, Fla.; and Robert Jordan, Greensboro, N.C.

Narleski Falters, Cleveland Suffers

By ED WILKS
The Associated Press

Ray Narleski, Cleveland's fireballing fireman, finally made a slip—and with it, the Indians may have lost their footing in the race for the American League pennant.

Washington revived the Indian sign it's had on the Indians for one parting shot last night, handing the 26-year-old right-hander his first defeat of the season while dumping the Tribe 3-2.

That sliced Cleveland's lead to one game over New York, a 6-4 winner against Detroit. More important, it left the two clubs even in the lost column with eight games remaining for Cleveland and 10 for New York.

The White Sox, four games behind, muffed a chance to move closer by splitting a double-header at Baltimore. The last-place Orioles won the opener 8-2 before being stopped by Billy Pierce 6-0.

Boston, filling seven of New York's remaining dates, all but faded away in a 7-3 defeat by Kansas City that left the Red Sox seven games back.

Washington, only club to beat Cleveland over the season (13-9), was stopped cold by Narleski in the seventh after chasing starter Herb Score with three straight singles that tied it 2-0. But in the eighth, the Nats finally got to the guy who had run up nine victories, all but one in relief, and had saved 20 others for the Tribe.

In the second inning, Roy Sievers had become Score's 22nd strikeout victim, a major league record for a rookie. Score working with two days' rest, wound up with nine for a total of 235. Grover Cleveland Alexander held the old mark, whiffing 227 with the Philadelphia Phils in 1911. Alexander set it in 367 innings. Score, a 22-year-old southpaw, broke it in 214.

Detroit scored twice in the first, but New York came back with three off Ned Garver in its half to take charge. Don Larsen, winning his eighth on a five-hitter, then blanked the Tigers 'til the ninth, when Charley Maxwell hit a two-run homer. Gil McDougald

homered in the first and tripled home another run in the second.

Hank Bauer delivered the winning blow, a two-run homer in the eighth off Babe Birrer, third pitcher for the Tigers.

Baltimore raked Chicago's Dick Donovan for 10 of 14 hits while Jim Wilson shut out the Sox until the ninth when Bob Kennedy homered with one on. In the nightcap, a scratch run broke up a duel between Pierce and Bill Wight in the fifth. Three more runs in the eighth wrapped up Pierce's 13th victory and fifth shutout.

Boston was walloped by Gus Zernial, who powered two homers—one a tie-breaking grand-slammer off loser George Susce in the eighth—for six runs batted in.

Colts Go 1-Up Over Roswell

By The Associated Press

San Angelo, champion of the Longhorn League during the regular season, today lugged a 1-0 lead on the best-of-seven final series in the league as the Colts slammed Roswell 6-1 last night.

The teams meet at San Angelo again tonight with Jodie Phillips to work for the Colts and Dean Franks on the mound for Roswell.

Prairie View To Launch Season

PRAIRIE VIEW (AP)—Prairie View opens the football season here Saturday against Morris Brown College with a solid line but questionable backfield.

There are sophomores at most positions and Leon Brooks, who had been expected to step into the shoes of the late Charlie Brackins at quarterback, is on the sidelines with an injury.

Prairie View is defending its Southwestern Conference title, which the Panthers have held for the past five years.

Open Season Here Tonight

The Big Spring "B" football team opens its 1955 season here tonight with a game against Andrews. The squad, shown with Coaches Roy Baird and Harold Bentley, includes (back row, left to right) Billy Johnson, Bobby Suggs, Rick Terry, Mike Hull, Jimmy Tucker, Wesley Grigsby, Ray Adams, Bobby Hudson, Earl Perkington, Marvin Wooten; (second row) Jimmy Campbell, Don Davidson, Frank Powell, Billy Satterwhite, Tommy McAllen, Bobby Lawdermilk, Jimmy Evans; (front row) Pat Fisher, Jerry McMahen, Gerald Davidson, Maxie Cary, Lannie Hamby, Glenn Whittington, Billy Rosser and Gale Kilgore.

B Squad, 7th Graders Will Host Andrews Here This Eve

Four teams square off this evening in the first of two games each this weekend against area competition.

Compensating for the open date by the A team, the B squad entertains Andrews here at 8 p.m. today, following a meeting by the Seventh graders of Andrews and Big Spring on the Steer Stadium turf at 6:30 p.m.

While this is going on, the Big Spring Eighth and Ninth grade juniors will be in Andrews contesting teams on those grade levels.

Saturday evening Lamesa Seventh and Eighth graders come here for games, while the Big Spring B, and possibly the Ninth graders, will go to Odessa.

Roy Baird and Harold Bentley indicated that their B team starting lineup could stack up like this at game time—although so many places are so closely matched that other names might appear:

Reagan Adams, left end; James Tucker, left tackle; Maxie Cary, left guard; Gerald Davidson, cen-

ter; Don Davidson, right guard; Earl Perkington, right tackle; Ricky Terry, right end; Billy Johnson, quarterback; James Campbell, left half; Jerry McMahan, right half; Wesley Grigsby, fullback. About 30 boys may see action in all, the coaches said. In practice, Billy Johnson has looked to advantage with his ball handling and especially as a runner on the keeper plays. His passing has been sharp, too. In the line, Reagan Adams has shown most sparkle, particularly with his blocking.

Charles Caraway, the Eighth grade coach, said his starting lineup looked like Bobby Evans and Donny Everett at ends; James Drake and Mack Alexander at tackles; Marvin Goforth and Gaston Lackey or Jimmy Whitefield, guards; Donald Dorsey, center; Taylor Lewis or Homer Mills, quarterback; Freddy Brown, left halfback; Jerry Hutchens or Gordon Bristow, right halfbacks; James Herrington, fullback.

If things break right, at least this many more lads will break into the lineup before the evening is over.

Seventh graders, who will be sporting new uniforms, probably will have Benny Bond and Jerry Bowerman at ends; Tim Williams and Richard Atkins at tackles; Fred Copelin and Jake Glickman at guards; Ronnie Hamby at center; Tommy Whately at quarterback; Fred Pittman and Carey King at halfbacks; and Jerry Dunlap at fullback.

Due to see almost as much action are All Cobb and Loran Hoard, ends; Gary Pickle and Woodrow Rutledge, tackles; Jerry Napper and Cliff Payne, guards; Mike Worley, center; Gary Walker, quarterback; John Freeman and Jimmy Engle, halfbacks; Tommy Polson, fullback. Also Richard Auld, James Patterson, Jimmy Reagan, Mike Morehead, Charles Wilson, Buddy Newell, James Hildreth, Charles Dunsam, Aulry Moore and others. Jerry Bowerman is the extra point kicker and Cary King the kickoff man. The Seventh graders will have shiny white helmets, thanks to the spraygun and work of S. A. Wilson.

Probable starters for the ninth grade team, on offense, will be Benny McCary, right end; Jim Don Williams, right tackle; Frank Adams, center; Don Payne or Bud Bridges at left guard; Chubby Moser, left tackle; Charles Treas, left end; Scotty Ellison, left half; Bill French, quarterback; Wayne Fields, fullback; and Buddy Barnes, right half.

On defense, Sam Copeland will move in at one of the tackle slots, Jackie Phillips will take over at end position, and Douglas McEvers will go in as line backer.

Others on the ninth grade squad likely to see action in the opening game are Quarterback Terry Stanley, Dennis Holmes at tackle, and Roger Flowers, on defense.

Seven Feature Tilts Listed On Schoolboy Card

By The Associated Press

Seven games stand out in a mighty 232 this week as the Texas schoolboy football campaign reaches its height.

Midland at Corpus Christi Miller, Houston Lamar at Baytown, Breckenridge at Wichita Falls, Harlingen at Weslaco, Childress at Phillips, Jasper at Nederland and Deer Park at LaMarque are spotlighted in the most tremendous schedule of the year.

It will wind up the practice grind for some of the bulky districts which start the work of deciding champions next week.

Midland and Miller, Lamar and Baytown—are among the top teams of Class AAAA and their tests will give indications of sectional strength.

Wichita Falls goes down to Class AA for its opponent and it couldn't have picked a tougher one. Breckenridge may be next to the last in class, but it doesn't ever play like it.

Harlingen, considered among the best of Class AAA, will get a strong test in its battle with Weslaco, a contender in Class AA. Nederland, a power of Class AA, which showed it was the real article in smashing Class AAA Port Neches last week without using its best back, will get a good workout from Jasper, which always is good.

Deer Park, defending champion of Class A, rolls against Class AA for the second time in two weeks. The Deer conquered LaPorte last week. Now Deer Park tries ever powerful LaMarque.

Phillips, kingpin of Class AA, will take on a suddenly ominous Childress in a feature game of the division.

Odessa, which tied Port Arthur last week in the headline battle of the state, plays Dallas Hillcrest this time while AAAA champion Abilene, which crushed Highland Park at Dallas, takes on Class AAA Sweetwater.

Huntsville, which showed alarming weakness last week in taking a 38-6 trimming from Liberty, is in Alaska. The Hornets play Anchorage in an international test Saturday.

After this week there will be only two schools in the state that haven't tasted competition in the young season. They are El Paso Burgess in Class AAAA, which won't open the season until Sept. 30, and Rio Grande City which had to cancel its opener last week with Hebbronville because of illness and has an open date this week.

Amarillo To Meet Pampa In WT-NM

By The Associated Press
Amarillo earned the right to meet Pampa tonight for the championship series of the West Texas-New Mexico League as the Gold Sox last night won the semifinal best-of-seven series 4-2 with a 22-16 victory over Plainview.

Five Southwestern Teams See Action

By The Associated Press

Five Southwestern Conference teams put the finishing touches on their play Thursday with only Southern Methodist and Rice idle this weekend.

But Coach Ed Price of Texas said at Austin he was satisfied with the progress his Longhorns were making, especially on defense. Garland Kennon, sophomore tackle, was waging an impressive fight with letterman Vernon Person and sophomore Wesley Weyman for the starting berth.

The Longhorns open against Texas Tech Saturday night. Defending champion Arkansas

will field an all-letterman lineup when they host the University of Tulsa at Fayetteville Saturday. The backfield will consist of George Walker at quarter, Joe Thomason and Preston Carpenter at the halves and Henry Moore at fullback.

The Texas Aggies leave College Station Thursday for Los Angeles, where they meet mighty UCLA Friday night. Center Herb Wolf and end Dean Meeks will miss the game and back Lloyd Taylor is likely to miss it with a bad knee.

At Fort Worth, the Texas Christian gridmen polished their defense and scoring punch. Coach Abe Martin said the team "looks ready" to open against Kansas Saturday night.

Across the Trinity at Dallas, the Southern Methodists need a passer. Neither John Roach nor Charley Arnold has shown any consistent accuracy. The line, however, looked good and the running game was going well. But Coach Woody Woodard, who still has a week to go before sending his charges into action, said, "We still have a long way to go."

Rice also has another week of practice, but plays its annual Blue-Gray game Friday night. The Owls have dropped their two-workout-a-day practice and will point for the opener against Alabama.

The Baylor Bears, who meet Hardin-Simmons Saturday night, have lost their first-string center, Jimmy Taylor. Taylor chipped a bone in his big toe. But the Waco team is still favored to beat Hardin-Simmons.

Coahoma Pups To Contest Stanton

COAHOMA — The Coahoma Bullpups, showing strength in a smashing 26-0 victory over a Sweetwater team last week, go up against the Stanton Junior High 11 in Stanton tonight. It will be Stanton's first game of the season.

The Bullpups starting lineup probably will be: Robert Cearly, lb; Max Kinnebrew, lb; David Burris, lg; Jimmy Watts, c; Doyle Warren, rg; Randall Reid, rt; Jackie Gaines, re; Marco Westmoreland, qb; Harold Alberg, lb; Tom Hodnett, rb; and Eddie Allen, fb.

Others due to see some action include Charles Lenderman, Gorman Finley, Aubrey Ray Darden, Paul Ray Graves and Robert Taylor.

Light Backfield

LOS ANGELES (AP)—Coach Red Sanders has named his starting backfield for the Texas A&M game tomorrow night, a quartet that averages a comparatively light 186 pounds.

DeMarco Looks For Title Go

BOSTON (AP)—Rugged Tony DeMarco, punching harder than ever, has one burning ambition today—to regain his World Welterweight Boxing Championship from Carmen Basilio.

Basilio was the main topic of conversation in Tony's dressing room last night after his quick, devastating technical knockout triumph over Chico Vejar in 2:40 of the first round at Boston Garden.

The 23-year-old North End brawler, making his first appearance since he lost the welter title June 10, decked Vejar with a right to the body and left hook to the head in the first minute after a savage flurry.

Two ripping rights to the body and head moments later sent Vejar down again and as soon as the Stamford, Conn., boy got up Referee Tommy Rawson called a halt.

First Bowl Game

DENISON, Tex. (AP)—The first bowl game of the football season is the eighth annual Texoma Bowl game in which Austin College meets Southeastern State of Durant, Okla., Saturday night.

A Little Extra Weight Is No Worry To Archie Moore

By MURRAY ROSE

NORTH ADAMS, Mass. (AP)—Archie Moore claims a secret formula for shedding pounds fast without sapping strength but he is outspokenly confident that he won't have to resort to it again.

"Heavyweight champions don't have to make weight," said Archie, "so why worry about that?"

That was the light heavyweight champion's reply to a question of whether he thought he could make 175 pounds once more.

If words were deeds Archie would have to be considered a cinch to dethrone heavyweight champion Rocky Marciano in Yankee Stadium Sept. 20.

Furthermore, the brawny veteran believes he will be speedier at 185 pounds for Marciano than at the 175 he scaled June 22 when he flattened Bobo Olson in the third

round of a light heavyweight title defense.

"I'll be faster with the extra weight because I'll have more in reserve," said Archie.

Moore said he weighed about 180 before Wednesday's two-round boxing session with Jesse (Gorilla) Brown and Johnny Jenkins and expects to pare off about four more pounds. The 35-year-old Moore could wind up a pound or so heavier than Marciano.

Most professional observers believe Moore wants to be heavier so that he can make a do-or-die slugging attempt to stop Rocky within five or six rounds. They feel his legs will cave in after that. Jack (Doc) Kearns doesn't go along with that theory.

The onetime manager of Jack Dempsey and Mickey Walker predicted Archie would win the decision "after 15 tough rounds."

Went Along For The Ride

Joseph Gabby, 21, and his wife, Charlotte, 19, are reunited in Chicago with their three-month-old son, Joseph Jr., who was uninjured in a traffic accident after the family car was stolen. Joe was in a basket in the rear seat when the car was stolen while mom and dad were having dinner in a restaurant. Joseph Sanders, 40, was taken to a police station for questioning a short time later when an off-duty policeman rushed from his home to investigate an accident and discovered the baby in the car.

WEATHER RESEARCH

It's Not A Saucer, Just A Big Balloon

DENVER (AP)—The release order is given and a shimmering, transparent weather balloon slides away from the concrete launching site. Within 60 seconds it is more than 500 feet aloft and on its way to that area of silent nothingness 70,000 to 80,000 feet above earth, bearing a 500-pound load of sensitive electrical equipment. In hours or days, to some unskilled observer, it may be a flying saucer or space ship from Mars and cause all kinds of fantastic reports.

admitted a balloon 14 miles up in space may actually create an optical illusion. Alternately slimmed down by night and mushroomed by day in the heat of the sun, the hydrogen-filled balloons appear at separate times to be red, purple and orange. Their greatest actual speeds are about 200 miles an hour, but basically are dependent on wind velocity. The bags are made of polyethylene, the thin cellophane-like material in which carrots and other vegetables are wrapped. Inflated, they are about 175 feet tall and 120 feet in diameter. They carry sensitive gear which records data on wind velocity and direction. Aloft for three to five days, the balloons lose their burden when an electric liming device cuts loose this gear and floats it to earth by parachute. The balloon, relieved of its weight, rises and explodes. All but a few of more than 1,000 bags launched at Lowry have been recovered.

At Denver's Lowry Air Force Base, the launching of another weather balloon in an 18-month series is an almost daily occurrence. At a demonstration launching yesterday, Air Force spokesmen

Law Chiefs See Ike As Candidate

BRETTON WOODS, N.H. (AP)—A poll of attorneys general from 34 states brought out the opinion today that President Eisenhower would run for a second term and would win the election. The informal poll was conducted by a reporter yesterday at the annual conference of attorneys general. Of the 34 who voted, 29 are Democrats and 14 Republicans. Thirty of the 34 said they thought the President would run again. The vote that he would win the election was 20-9, with 5 expressing no opinion. Six Democrats voted with 14 Republicans that the President would win another term. Twenty-two named Adlai Stevenson as the top Democratic possibility for president. Nine named Gov. Averell Harriman of New York. Gov. Allan Shivers of Texas and Sen. Estes Kefauver (D-Tenn.) received one vote each. One refrained from voting. Atty. Gen. John Ben Shepperd of Texas was chosen president of the Association of Attorneys General for the coming year. Atty. Gen. Louis C. Wyman of New Hampshire was chosen vice president.

Air Force radio stations track the balloons in flight across the country and record their path. Planes also maintain contact to guard against a possible collision of the balloon with aircraft.

Gaston Gets Commission

NEW LONDON, Conn. (AP)—A 22-year-old Coast Guardsman who wasn't commissioned an ensign last April because his mother was a former member of allegedly subversive organizations got his commission yesterday. N. Pierre Gaston graduated from the officer training school at the Coast Guard Academy here four months ago. After simple commissioning ceremonies yesterday, he was assigned to report to the Humboldt, a weather ship at Boston Oct. 5. His mother Mrs. Jeanne Grisez of San Francisco, Calif., said she wasn't aware when she joined the organizations in question that they had any Communist connection.

Newspapermen Deny Hughes Gave Them Data

NEW YORK (AP)—The Washington Post and Times-Herald says it never printed any information obtained from Paul H. Hughes, who was indicted here yesterday on charges of perjury during a federal grand jury investigation of turnabout witness Harvey Matusow. Allegations of falsehoods involving three members of the newspaper's staff were among the counts in the indictment. The three staff members are Managing Editor Alfred Friendly, Executive Editor J. Russell Wiggins and reporter Murray Marder. A statement issued by the newspaper said Hughes went to the staff members in the fall of 1954 and offered certain information about Sen. Joseph R. McCarthy (R-Wis.) and his Senate subcommittee on investigations.

U.S. Atty. Paul Williams' office here described the 35-year-old Hughes as "apparently a volunteer worker" for McCarthy's subcommittee. However, McCarthy said at his Appleton, Wis., home that Hughes' name "doesn't ring a bell with me." "I am sure he never worked for me, nor for the committee while I was chairman," McCarthy added. The Washington Post and Times-Herald said the three staff members had a series of conferences with Hughes, heard his allegations, checked them and concluded that they were not true. The statement added that these conferences did not concern the Matusow case. It also said the three staff members testified before the grand jury and "described the true content of their meetings with Hughes in the investigation which preceded Mr. Hughes' indictment for perjury charges in July. The indictment of Hughes developed from the grand jury's investigation last spring of Matusow's repudiation of his testimony against Communists as a government witness. Among other things, the indictment charged Hughes with lying about incidents and conversations involving Joseph L. Rauh Jr., chairman of Americans for Democratic Action, a pro-New Deal group, and Gen. Telford Taylor, a member of the Advisory Committee for an Effective Congress. The conversations, it was charged, concerned Matusow's switch in testimony and financial aid for him at that time. The indictment said Hughes allegedly false statements to Rauh included "false, derogatory information concerning the activity" of McCarthy and members of his staff. A bench warrant for Hughes was issued by Federal Judge Sylvester Ryan.

Sparkman Ends Tour Of Russia

BERLIN (AP)—Sen. Sparkman (D-Ala.) concluded a 14-day tour behind the Iron Curtain today and announced he favors more American trade with the Soviet bloc. "I don't see how we profit ourselves by having a standoff trade policy," he said. He emphasized, however, that only consumer goods should be involved and not items which might be used to build up a war machine. He said he believed trade restrictions had lost their purpose, since in Russia "there doesn't seem to be any danger of a collapse, short of a catastrophe." Sparkman made these additional observations: Moscow's only Baptist church was "jammed" for a service he attended. Long lines were in front of Soviet food stores and he was told meat was sometimes scarce. But there was no evidence of discontent. People in Poland and Czechoslovakia were better dressed than the Russians. "Again, the people seemed friendly."

Librarian Called At Senate Hearing

WASHINGTON (AP)—Mrs. Mary Knowles, whose employment as a librarian in the small Quaker town of Plymouth Meeting, Pa., has aroused a controversy among the townspeople, was called for questioning today by the Senate Internal Security subcommittee. In May 1953, Mrs. Knowles refused to tell the subcommittee whether she was a Communist. Herbert Philbrick, a former FBI undercover agent, testified he had known her as a member of a Communist cell in Boston. Mrs. Knowles was then dismissed as a librarian in South Norwood, Mass., but for nearly two years she has been employed by the William Jeanes Memorial Library in Plymouth Meeting. The only library in town, it is open to all. The subcommittee said that last June the Fund for the Republic awarded \$5,000 to the library "for its courageous and effective defense of democratic principles" in refusing to discharge Mrs. Knowles on the demand of townspeople.

Mrs. Knowles and her lawyer Henry W. Sawyer III of Philadelphia told newsmen after the closed session that she had not invoked her Fifth Amendment protection against forced self-incrimination to any questions that were asked her. She had invoked the Fifth in her 1953 appearance. They said, however, that she had raised "legal objections" to some questions and declined to answer them. Mrs. Knowles also said she had testified that she had not been connected with any subversive organization for "many, many years." Sawyer said the questions she had declined to answer at the closed hearing related to the period preceding the "many, many years" to which Mrs. Knowles had referred.

Martinez Infant's Rites Held Today

Rites were said at 10 a.m. Thursday at the Sacred Heart Catholic Church for Mike E. Martinez, infant son of Mr. and Mrs. Pat Martinez, 623 NW 14th. The baby was stillborn Tuesday in a local hospital. Burial was in the Catholic section of the City Cemetery under direction of Nalley Funeral Home. Surviving are the parents; one brother, Pat Martinez Jr.; the paternal grandfather, Andrew Martinez, Holland, Mich.; and maternal grandparents, Mr. and Mrs. Fred Everett.

2 Hurricanes Whirl Across Weather Map

MIAMI, Fla. (AP)—Hurricane Hilda and her younger sister Ione whirled across the tropical weather map today some 1,300 miles apart. Hilda passed well to the south of Havana, Cuba, and was due to slam into the Yucatan Peninsula tonight. Ione, about 1,200 miles southeast of Miami, threatened the Virgin Islands and Puerto Rico. Bowling along at 16 m.p.h., Hilda still had winds estimated at 75 m.p.h. near the center and gales extended outward 100 miles in the northeastern semicircle and 50 miles in other directions. It was almost the same with Ione—highest winds over a small area near the center were estimated up to 70 m.p.h. with gales 150 miles to the northeast and 30 miles to the southwest. Hilda, which slogged through the mountains of eastern Cuba Tuesday night, left two dead and heavy property damage. Officials said 80 per cent of the Oriente province coffee crop, ready for harvest, was destroyed and torrential rains caused heavy damage to other crops on the island. Hilda moved into Cuba with top winds estimated at 90 m.p.h. but weakened in the mountains of the island and still had not regained her strength after moving into the open Caribbean Sea. Ione, ninth tropical storm of the season, grew out of a low-pressure system that moved into the Atlantic off the coast of Africa a week ago.

Scientists Probe 100-Year-Old Eggs

CAMP IRWIN, Calif. (AP)—Tiny, shrimplike creatures springing up in a recently flooded dry lake today brought a trio of scientists to this desert outpost to search for eggs that may be 100 years old. The leader of the group, Dr. James P. Welsh, Los Angeles State College zoologist, already has about 40 of the small specimens which thrive only in hot water and look like a throwback to the trilobite, an extinct prehistoric crustacean. Dr. Welsh will be joined by his colleagues Arthur Lockley and John Reardon of Los Angeles State and Army researchers in the investigation of Bicycle Dry Lake and its riddle of the reborn shrimp. Here is Dr. Welsh's story: As far back as anyone can remember, and that's roughly 100 years, the lake was dry until last Aug. 23, when a desert thunderstorm suddenly deposited a foot of water. The Army, which had been using the dry lake bed as a landing field, began noticing the small wrigglers, one to two inches long, in the new wet lake. They called in Dr. Welsh. He found that no other source of water seems to be feeding the lake. There are no wells or underground springs, and the nearest river, the Mojave, flows 800 feet lower. His theory: The crustaceans were lying dormant in eggs beneath the sun-baked surface, and the rains hatched them. The little creatures are either bright pink or white, and have tiny leglike extremities underneath, something like a king crab. Welsh says he has classified them as a

type of fairy shrimp—a branchiopod crustacean of the order Notostroca, genus apus or lepidurus, for the record. If Dr. Welsh can recover some of the eggs, he believes he may have a vital link with past fossil finds, including trilobites.

GOP Leader In Tax Indictment

DENVER (AP)—Charles A. Haskell, Colorado Republican party chairman since 1953, was indicted by a U.S. grand jury yesterday for alleged failure to file a federal tax return on his 1951 income. Haskell, 49, an attorney and accountant, told reporters: "This comes as a great shock. I do not feel that I am guilty of the charge." The grand jury deliberated two hours before returning the indictment, which does not specify Haskell's 1951 income. U.S. Atty. Donald E. Kelley said Haskell was advised of the delinquency by Internal Revenue Service agents and paid the full tax interest and penalties two years ago. The violation is a misdemeanor under the U.S. Internal Revenue Code and is punishable by up to a year in prison and \$10,000 fine. Haskell was a guest with other state Republican leaders last Saturday at a breakfast meeting with President Eisenhower to discuss campaign strategy.

THE INDIFFERENT SHRUG

couldn't care less

The SHRUG is a retailer who shows little concern if manufacturers advertise in newspapers or not. Oh, sure, he believes in newspaper advertising for retailers like himself—but he doesn't realize that he should urge manufacturers to advertise there, too. Fortunately, the shrUG is a rare creature. Most retailers put most of their advertising in their local newspapers—and ask for and welcome manufacturers' ads in the same medium.

Happily, manufacturers are using newspapers more and more. What clearer evidence than in the record amount of linage they placed in newspapers the first six months of 1955? Both retailers and manufacturers used more newspaper advertising in the first six months of 1955 than in any similar period in history. Nowhere else can a manufacturer and a retailer advertise together so effectively as in the newspaper. All business is local...and so are all newspapers!

'Wipe That Smile Off'

An Air Force counter "brainwash" trainee is told by a guard during a demonstration of the course at Stead Air Force Base, Nev., to "wipe that smile off." The course is voluntary and teaches the men survival tactics if captured.

Lawrence Atkins of Lomax is a little worried about the future of irrigation in his community. He says the irrigated crops are not turning out like they should, and yields will probably be less than

Cap Rock Co-Op Sells 19 Million KWH Of Power

Cap Rock Electric Cooperative has sold more than 19 million KWH of power during the first eight months of the year.

During August the system serving rural users in this area sold 4,056,694 KWH, which was slightly under the 4,167,308 for July but which was the second highest month of delivery on record. This pushed the year's power sales to 39,182,042.

Heavy use by irrigation farmers resulted in the big demand for August.

At the end of the month the system had 1,778 miles of line energized, a gain of four for the month. Members connected stood at 3,101 and density of members per mile gained one point to reach 1.74. The average KWH was 1,306, or \$3 under July; and the average bill was \$20.59 or 13 cents less than July. There were 331 minimum bills in the system for the month, four more than for the previous month.

Cap Rock purchased 4,256,130 KWH as compared with 4,690,980 for July.

Spence On Panel For Water Meet

E. V. Spence, general manager of the Colorado River Municipal Water District, will be a member of the concluding panel at a statewide water conference in College Station Sept. 19-20-21.

He is to be on the program for the sectional meeting concerned with the watershed as a unit and will be speaking for water districts and authorities. S. W. Freese, Fort Worth, is moderator for this group, and Gibb Gilchrist, chancellor of the A&M system, is the general chairman.

All phases of the Texas water problem other than legal, which is handled by the University of Texas law school conference, will be discussed. Among subjects on the program are leveling and gauging, underground water, disposition and re-use of water, evaporation and runoff, plant life and use of water, quality of water, finances and basic data as well as watersheds as a unit.

Christian Church Boards Pick New Officers For Year

New officers of the board of the First Christian Church will take over their positions Oct. 1.

G. W. Dabney will become chairman of the board, succeeding H. W. Smith. Wendal Parks will take over as vice chairman, replacing A. V. Karcher.

The other new officers are H. L. Bohannon, treasurer; Leslie Alldredge, financial secretary; and Robert Clark, recording secretary. They were elected by the boards of elders and deacons this week. Other members of the two boards are Lloyd Brooks, Harvey Clay, Justin Holmes, Byron Little, Arch Marchant, A. J. Conrad, Bill Crook, Earl Culppepper, Curtis Driver, Dan Feather, Joe Hedleston, H. O. Hodgins, Vinzel Larsen, Phillip Palmer, John Porter, Brown Rogers, Edison Taylor, H. C. McPherson, Karcher and Smith.

Zack Gray Heads First Baptist Men

Zack Gray has been elected president of the First Baptist Brotherhood for a second term.

The organization this year will embrace laymen of both the College Chapel and the Hillcrest missions. Accordingly, one man from each of the three components will serve as first vice president, and they are Clarence Hinkle, Bob Swift, Billy Smith. The second vice president is to be Lonnie Coker and the third vice Leroy Hollingshead. Secretary is Otis Grafs Jr.; chorister, Akon Underwood, and pianist, J. D. Hagood.

Among current projects of the Brotherhood are planning for laymen's day Oct. 9 and erecting welcome signs on the approaches to the city.

Ackerly Freshmen Elect New Officers

ACKERLY — The freshman class of Ackerly High School named officers this week for the new school year.

Wanda Coleman was elected president and Jerry Batoon was chosen vice president. Freshmen secretary is Bonnie Kunkel; secretary, Jeannine Caudle; treasurer, Joyce Franks; reporter, Buddy Adcock; sergeant-at-arms, and Mrs. Riley Smith. Mrs. Buster Caudle, and Mrs. Ray Adams as room mothers. Class sponsors are Mrs. John Johnson and A. H. Smith.

they were last year. He has watered as often as possible, dusted for insects and used fertilizer, but still the cotton has not grown like it has in other areas. His best cotton is where he turned under a rye crop last spring, and he thinks maybe the soil may lack organic matter.

In order to build a little fertility into land, he has planted a crop of rye and vetch for winter growth. The rye has already come up to a good stand, but the vetch is mighty scarce. In fact, a few days ago none of it had come up. However, he is watering the field now and thinks the moisture might bring it up.

"I don't know what we're doing wrong out here," he said. "Maybe it's in the land, but none of us will make as much as we should. We are rather new at it, though, so maybe in another year or so we can get some big yields."

A walk through some of the irrigated fields at Lomax showed they had the possibility of making anywhere from a half to a bale per acre. It is doubtful if the average will be as much as a bale, though.

The 1.2 inch rain that fell on farmland south of Vealmoor was about 15 days too late, according to Ralph Proctor. He said it might help cotton a little, but most of it was burnt too badly to be helped much. He doesn't think his cotton will make over a quarter bale to the acre. However, T. A. Norman, who lives a mile or so north of him, still has a fair cotton crop and has prospects of a third of a bale or more.

Proctor said most of his feed crop was also too far gone to be helped by the moisture. He has one crop of late feed that still has a possibility of making. And there is a 14-acre field next to some pasture land which caught runoff water from the pasture.

Carl Lockhart, who farms southeast of Vealmoor, had one of the wettest fields in the county in early July. He got 16 inches of rain between May 31 and the last rain in July. But the weather turned dry and hot after that, and the big stalks were so full of sap that they soon started wilting. Now he says the cotton is almost burnt up, and even the half inch shower last week won't help any.

Some of his feed came through the dry weather in better shape. He cut a patch of early feed last week that made about 40,000 pounds of grain, but another 40-acre field won't make 400 pounds to the acre.

Doris Blissard has a 150-acre field of irrigated cotton in Glasscock County that came about almost as an accident. A few years ago when he bought the place he had a Johnson grass meadow and decided to water it instead of trying to grow cotton. His hired hand talked Blissard into letting him irrigate a few acres of cotton. It made so well that Blissard decided he could make more money with cotton than by grazing cattle on the Johnson grass.

This year's crop looks good for a two-bale-to-the-acre average. He has three small wells which put out about 300 gallons piece per minute. He has to do a lot of poisoning, and part of the summer was on a regular five-day poisoning schedule.

He says he likes a shorter staple cotton better than the longer staple, such as the 1517C grown in Martin County. It is easier harvested, makes a smaller stalk and fruits out better on the lower part on the plant.

Blissard's farm at St. Lawrence is perhaps the flattest field in this part of the state. It is part of a 640-acre lake. It rarely catches enough water to drown out crops, though several oldtimers down there say they can remember when the water stood two feet deep in it.

I used to think there were some big ranches in West Texas when making soil surveys on them; but they are pygmies compared to a ranch in New Mexico. Last year I visited one that is bigger than Howard County. It is the huge Diamond A spread lying just east of the Rio Grande River in Sierra County. They don't have many cattle on it, but it sure takes up a lot of space.

I visited the little cattle town of Engle in the middle of the ranch, and was delving into the history of the area. When killings were mentioned, one oldtimer said they never had many, not even in the old days. The one that everyone remembers happened back in 1915 when Elephant Butte Dam was being built. A trainload of workers was sent out from Engle every morning to the dam and they rode in the open top or gondola type train car, with their heads sticking out like birds on a wire fence.

A group of cowboys were sitting idly on their horses one morning, when one fellow shook loose his rope and yelled to his companions: "Watch me rope one of those buzzards!"

He swung his loop; it settled around the shoulders of a worker and the horse reared back. The worker was jerked head first out of the car and fell to the rocks below, breaking his neck. Immediately the cowpoke untied the rope from the saddle, hit a high loop for the ranch and left the county. The law didn't do much about it. Everyone said the cowboy was quite a character, and evidently characters were immune to the law, especially when he did nothing more than kill an immigrant worker. He visited the place several times in later years but the law just forgot about the old warrant. The only thing left to bother him was his conscience, and practical jokers are not usually overburdened with that.

S.S. Independence Favored By Many Ocean Travelers

By HOUSTON HARTE

ON THE SS INDEPENDENCE AT SEA — In deck chairs next to us are Mr. and Mrs. Field Osburn, of Memphis, Tenn.

The Osburns rent rooms by the year in the Tarpon Inn at Aransas Pass, and among their favorite fishing companions at Aransas are the Crit Clarks of Water Valley. Osburn is one of the winners of the Grady Kinsolving Trophy at the Aransas Pass Tarpon Rodeo. Having fished all around the Gulf from the Florida coasts to Point Isabel, he thinks the Corpus area to be the finest fishing grounds in southern waters.

The Osburns are typical of the many S.S. Independence fans who do not compare with the average stateroom on the Independences. The Independence is completely air-conditioned. Every public room, every stateroom, and even the freight areas are air-conditioned. Frederick W. Seckle, a New York tobacco merchant, who is one of the larger buyers of Turkish, Greek and Egyptian tobaccos, said his company ships choice tobacco only on the American Export Line ships because there is no sweating in the hold on the Independence and its sister ships of the American Export Line.

"Everything is unloaded in New York just like it went into the ship in Istanbul," he says. Henry Dreyfuss, America's foremost industrial designer and engineer, created the interior of the Independence and its twin sister, the Constitution. Simon & Schuster has just published a book, "Designing for People," telling about the things Dreyfuss did to make these ships the favorites of passengers everywhere.

Like other elements of our merchant marine, the Independence can be converted into a troop carrier in a few days. All the stateroom walls can be removed, and with the exception of the fire and water walls, banks for literally thousands of troops can be quickly installed.

Every stateroom has its own bath. The deep beds make into comfortable couches in the daytime, a good deal like the long seat in the new Pullman bedrooms. All upper berths pull out of the wall and fold away when not in use. All staterooms are sitting rooms by day.

There are no square corners on the Independence furniture. The tables are small, round, and just an inch or two lower than you would expect. The chair backs and seats are upholstered to save a knock in a rough sea. The depth between floors on the Independence is seven feet, nine inches. In an 80-foot lounge it takes some doing to attain the appearance of height, but lighting, contrasting color combinations, and lower furniture do the job.

There is no feeling of being cramped by the low ceilings in the spacious public rooms of this hospitable ship. Other liners use two decks to give height to their conventionally decorated public rooms. Americans should be proud of their ships. Other nationals travel exclusively on their own ships because of exchange and out of a sense of duty. We should ride our own for comfort, for better food, and because we must have a means of moving troops and supplies in time of emergency. There's plenty of time for old world language and old-fashioned living in any corner of Europe. You'll like the convenience and the courtesy provided by the ships that fly the American flag.

2 Students Arrested In Nazi Uprising Plot

BERLIN (AP)—West Berlin police today announced the arrest of two university students suspected of plotting a neo-Nazi uprising.

The two were identified as Stefan Malek, 31, and Karl Stange, 23. Police said they found a pistol and 26 rounds of ammunition in Malek's home. In his possession was also a written "proclamation of a National Revolution," they added.

New Jewish Year To Start Friday

The beginning of the year 5764 will be observed in special services by those of orthodox and reformed Jewish faith here Friday evening and Saturday.

Rosh Hashanah (the New Year) will be celebrated in rites beginning at sunset Friday and continuing to sunset Saturday. Formal services will be held by Temple Israel in room No. 1 in the Settles Hotel at 8 p.m. Friday and at 10 a.m. Saturday with lay leaders in charge.

Airmen assigned to Webb AFB have been invited by Temple Israel to participate in the service. Under regulations, servicemen may be excused from duty for the observances. Jewish personnel at the base wishing to observe the High Holy Day observances are asked to contact the wing chaplain.

Businesses operated here by those of the Jewish faith will be closed Saturday and again on Yom Kippur, the Day of Atonement, which starts at sunset Sept. 25 and ends at sunset Sept. 26.

Solon Warns Of New 'Recession'

EAST LANSING, Mich. (AP)—Chairman Cooley (D-Mich.) of the House Agriculture Committee said today "a farm recession is creeping again over our land."

Cooley cited Agriculture Department figures showing a 30 per cent drop in farm income since 1947 and farmers now getting 42 cents of the consumer's food dollar compared with 52 cents in 1946. The situation is "a frightening parallel to what happened to agriculture in the years immediately preceding the great depression of the 1930's," he said in a speech prepared for the National Assn. of County Agricultural Agents convention.

Leaves For U.S.

MOSCOW (AP)—U.S. Ambassador Charles E. Bohlen left Moscow by plane today for a vacation in the United States. His family already is in the United States.

Texas Tech Slates Hereford Field Day

Program for a special Hereford field day at Texas Tech has been announced by Charles W. Creighton, Big Spring, president of the Howard County South Plains Hereford Association.

The special day, Sept. 24, is being sponsored jointly by the local association, the Texas Hereford Association and Texas Tech. Various program events will be held in the Aggie auditorium on the Tech campus.

Plans for furnishing transportation from Big Spring to Lubbock for any who might desire to go but who do not have ways will be announced later, said Loy Acuff, secretary of the association.

The field day has been planned to take the place of the customary Hereford breeders tour in this area. Registration for the field day will begin at 8:30 a.m. and at 9

a.m. W. L. Stangel, head of the division of agriculture at Texas Tech, will extend the welcome. Frank A. Newsom Jr., beef cattle herdsman for the Tech veterinary clinic, will give a foot trimming demonstration at 9:15 a.m.

Durward Lewter, former Howard County agent and now a commercial cattle feeder at Lubbock, will give a fitting demonstration at the beef cattle pavilion at 9:45 a.m. This will be followed at 10:30 a.m. by a judging discussion led by Stanley Anderson of the Tech animal husbandry department.

Concluding feature at 11:15 a.m. will be a panel discussion by Cap McNeill, Crosbyton Hereford breeder; D. Burns, manager of the Pitchfork Ranch at Gutherie; Henry Arledge, Seymour, president of the Texas Hereford Breeders Association; Max Cox, Fort Worth, field representative; Henry Elder, Fort Worth, secretary of the Texas Hereford Association; Stant; and R. H. Black, head of the Tech animal husbandry department. Black is serving as chairman for the field day.

In the afternoon, many of the Hereford breeders will attend the Texas Tech-TCU football game.

Surplus Property Up For Sale At Webb

Bids are being asked for purchase of several items of surplus government property at Webb Air Force Base.

The articles may be inspected between 7:30 a.m. and 4:30 p.m. Sept. 19-23 at the base disposal yard. Notification of awards will be made and the successful bidder will be required to pay for and remove the property within 10 days.

School Board To Stay In State Association

Trustees of the Big Spring Independent School District have voted to continue their membership in the State School Board Association.

In the past, the Kellogg Foundation has provided membership dues for the organization, but is discontinuing that practice this year. Trustees said they believe information supplied members by the association would justify the \$100 membership dues.

Preparing For UF Campaign

Initial plans for carrying the United Fund appeal to every member of the Texas & Pacific family were launched at a meeting Tuesday evening in the division offices here. Here Ray Blasingame, general chairman for T&P, checks over one of the United Fund displays with C. A. Boyd, left, representing the American Train Dispatchers; L. C. McDaniel, representing the mechanical department; Joyce Knapp,

representing the Brotherhood of Railway and Steamship Clerks; Dick Sawyer, representing the store department; and T. N. Cuiwell, representing the AFL shop crafts and car department. Subsequent sessions will be held with representatives named by the operating brotherhoods to round out the organization, Blasingame indicated.

Rotarians Slate Annual Assembly

Annual assembly of the Big Spring Rotary Club will be staged Sept. 27 when Dist. Gov. Rigdon Edwards, Sweetwater, pays his official visit. Dan Krausse, president has announced.

Edwards will address the club members and their wives and confer with Krausse, Secretary George Oldham and committee chairmen on Rotary administration and service activities.

Edwards is wholesale distributor for the Magnolia Petroleum Company in the Sweetwater area, having been a Magnolia employe for 24 years. He grew up at Hamlin and Anna, received his B.A. degree from McMurry College, Abilene, and is now on the advisory board for McMurry. He is on the official board of the First Methodist Church; a 32nd-degree Scottish Rite Mason and Shriner; is on the directorate of the Citizens Investment Company and the Sweetwater Federal Savings & Loan Assn.; is a past director of the West Texas Girl Scout Council, and at present is vice president of the Petroleum Marketers of Texas. In 1940 he was made a member of the Sweetwater Rotary Club and has been active in that club except for a period during World War II that he served as a flight instructor in the Air Force. He was president of the Sweetwater Club in 1940-50. He was elected district governor of Rotary International for the 1955-56 fiscal year at Rotary's Golden Anniversary Convention in Chicago last June.

RIGDON EDWARDS

Elephant Given Deadline To Return

CHARLOTTE, N. C. (AP) — Handlers have given Vicki, the wayward elephant, until the end of the week to come home. If she doesn't, they'll go into the woods with guns and get her.

More than a score of men have been trying since Sunday to lure the 8-year-old female out of a wooded area only 500 yards off one of North Carolina's busiest highways.

Handler Carl Tyler said: "We'll have to get her by the weekend or shoot her. She's mean and liable to get meaner."

Crisis At An End

DAMASCUS, Syria (AP)—A presidential decree last night announced the end of Syria's eight-day government crisis with the formation of a new cabinet by 59-year-old independent Saïd Ghazzi. The new Cabinet includes representatives of most political parties.

Johnson 'Gratified' At Oil Import Action

AUSTIN, Tex. (AP) — Senate Democratic Leader Lyndon B. Johnson has expressed gratification that Defense Mobilization Director Arthur S. Flemming is acting to curb oil imports. Flemming yesterday told 18 oil importers that the influx of foreign oil was getting out of hand and asked curtailment after Sept. 21. "It is obviously needed now," Sen. Johnson said, "and I hope he follows through in the event the situation is not resolved when his deadline arrives."

CRITIQUE

By Glenn Coates

There once were very few books in English about "bullfighting." Due to the publicity received by Patricia McCormick and several Hollywood films, an avid reader interest has been built up. I have read about 15 so far and that is only a portion of those available. But chances are, you are planning to see Pat fight the next time she is at Acuna or Juarez, or maybe you have done so already. If you have not yet seen a bullfight, and plan to, I suggest you read a

head low enough for the bullfighter to get the sword in the right spot. In fact, every single movement that is made in the ring is designed to weaken that neck muscle for the final kill. There is nothing necessary to make the bull mad. He is born mad and is perhaps one of the most vicious animals on earth. The fighting bull will charge anything that moves with a definite and strong intent to kill. Once you have a grasp of the

Bette Ford

This month marks Bette Ford's first year anniversary as a "lady bullfighter" in the rings of Mexico. During her tenure against the bulls, she has never been gored. Though lacking in the beautiful capework of Big Spring's Patricia McCormick, Miss Ford is very courageous. She has the honor of having been the first woman to fight on foot in the fabulous Plaza de Toros in Mexico City. She returns Sunday, Sept. 18, to the ring where both she and Pat made their debuts, the "Empresa de Toros" in Juarez, across from El Paso. Miss Ford is a former Broadway model and television star.

comprehensive book on the subject before you do. A bullfight is not very easy to understand. Many persons go to their first fight with so many misconceptions about them, that they cannot enjoy what they see. A good bullfighter can make a "bad bull" look much better than he is. By the same token, a bad bullfighter can ruin an excellent bull without ever being in danger.

The difference between the two instances mentioned above is easily detectable if you know what to look for. Probably the best book for the spectator to read is "Death in The Afternoon" by Ernest Hemingway. Although it is outdated (circa, 1931), Hemingway covers most of the important points to watch for. Tom Lea has out a small manual which sells for 50 cents that describes the various facts about the fight and what you can expect.

For instance, the "corrida" is made up of three parts and the bullfighter and his assistants must follow certain rules. Not that he will be fined or punished, but it is a matter of honor. A misconception about the art is that the "banderillas" (small sticks with colored paper on them) are put into the bull to make him mad. No, they are used to keep the bull from favoring his right side when he books. The pleaders, (admittedly the most unpopular men in the ring), do not "pic" the bull to fatally injure him, but to weaken the neck muscle and make him hold his

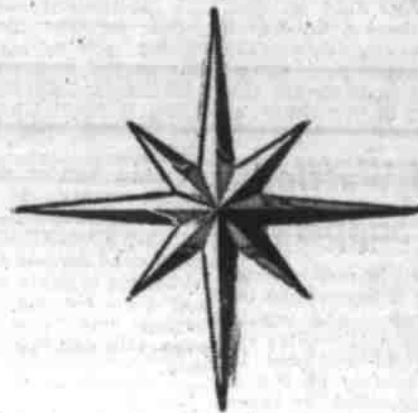

fundamentals of the art, I think you would be interested in how the bullfighters feel about their livelihood. What goes on in their minds, do they know fear, and what is their future, are a few of the questions that you might ask. There are several good books, both fact and fiction, in this field. Pac's book, "Lady Bullfighter," is one. A book which will be released this month gives a very good picture of a bullfighter's day. It is a description of the entire day of a bullfighter (in pictures and text) when he is to meet the bulls. The title is "Torero: A Bullfighter's Day" by Enrique F. Gual.

The only other American bullfighter besides Pat who has written a biography is Sydney Franklin. He tells his story in "Bullfighter From Brooklyn." Franklin became a full-fledged matador in 1946 in the greatest bullring in the world at Madrid.

If you are interested in looking into the field you should enjoy any one of the following books. "Juan Belmonte: Killer of Bulls," by Leslie Charteris and Manuel Chavez Nogales; "Moment of Truth," by Arnold Rodin; "Blood On The Horns," by Gilbert Roland; "Bullfighter's Son," by M. C. Chambers; "The Son Is My Uncle" and "The Bulls Of Parral," by Marguerite Steen; "Matador," and "The Innocent Villa," by Barnaby Conrad; "Blood And Sand," by Vicente Blasco Ibanez; and "The Brave Bulls," by Tom Lea; besides the other ones mentioned.

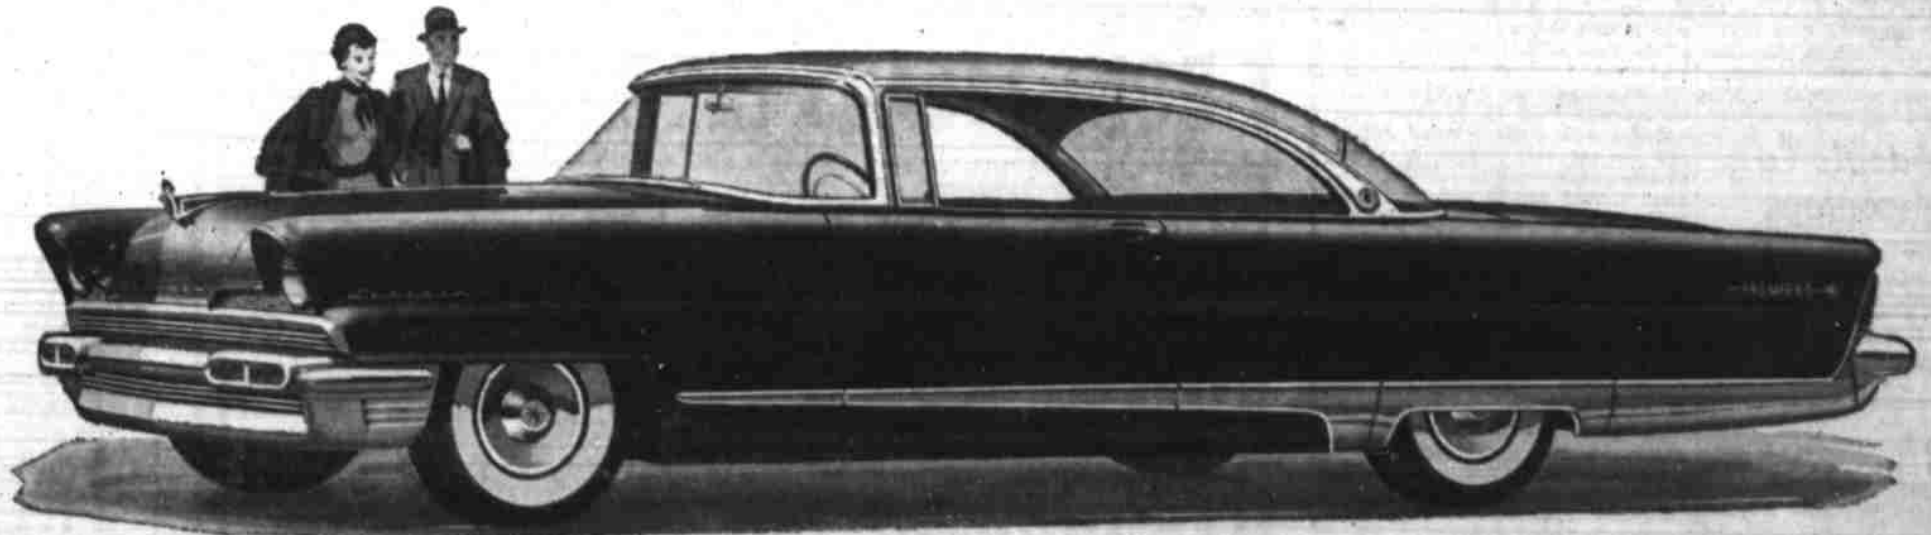

Martial Law Extended

ANKARA, Turkey (AP)—Martial law, imposed after wild anti-Greek riots last week, has been extended for six months in Turkey's three biggest cities—Istanbul, Ankara and Izmir. The extension was voted overwhelmingly by Parliament.

First Showing LINCOLN FOR 1956

Unmistakably . . . the finest in the fine-car field

Unmistakably the finest in design . . .

the longest, lowest, roomiest Lincoln of all time

When you see Lincoln for 1956 you will see for the first time in an automobile . . . sculpture in steel. In these lowest, longest, most spacious Lincolns ever built, every line and plane unite in a clean, harmonious whole — pure as a bird in flight. You will see how Lincoln design joins function with beauty in every detail. You will see that coachwork throughout is in the great Lincoln tradition. In two completely new series: Lincoln CAPRI, and the even more magnificent Lincoln PREMIERE.

Unmistakably the finest in performance . . .

spearheaded by new 285-hp engine with the highest usable power (torque) of any car

Here is the best-performing car on the road. Power? The new 285-hp Lincoln engine with Turbo-Drive delivers instant safety-minded response in every situation. Roadability? The renowned Lincoln suspension system hugs the road with unwavering confidence. Safety? Lincoln brings you, in addition to every known power assist, the retracted steering column with safety-flex steering wheel, triple-strength safety-plus door locks, largest windshield area in the fine-car field, optional safety belts.

Unmistakably the finest in appointments . . .

expressed in 29 exclusive Lincoln interior color combinations

Jewel-like touches throughout . . . decorator fabrics and leathers obtainable in no other fine car. Lincoln for 1956 brings its owner the finest compliment of all — the compliment of having chosen the best. For this Lincoln on every count was built to be the best. You will feel this is the car you belong in, whether you graduate to it from a car of lower price or step up to it from another car of the same price. Your Lincoln dealer awaits the privilege of letting you prove this for yourself.

*Unmistakably . . . LINCOLN

Just One Of Her Hobbies

Shown here with a few of the figurines that she has painted, Mrs. A. L. Wasson also has many other talents. One of them is being an excellent cook.

Lady Of Many Talents Gives Salad Recipes

A perfect recipe to fit this season is Indian Summer Salad given by Mrs. A. L. Wasson. She also has a recipe for a Hungarian Salad.

Mrs. Wasson could be described as a lady of many talents and hobbies. Not only is she an excellent cook, but she paints ceramics and pictures, writes both the words and music of songs, and has studied extensively about Indian tribes.

Although she explained that she had given several of her figurines away, there are still many displayed throughout the spacious five-bedroom ranch home on the old San Angelo Highway.

"Since I lived for many years in Norman, Okla., I became interested in the Indians, and have studied a lot about them," she said.

One of Mrs. Wasson's favorite Indian characters is Sequoyah, who gave the written word to his people.

Mrs. Wasson has had three songs published for which she wrote both the words and music. One was "Where the West Begins," which is a tribute to the city of Fort Worth.

She is the mother of one son, E. L. Palmeyer, who lives in Fort Worth.

Here are the salad recipes that Mrs. Wasson obtained from a Salad Book.

"I have changed them some. On practically all recipes, I try to improve by adding or substituting some of the ingredients," she explained.

INDIAN SUMMER SALAD
Wipe and peel six medium size tomatoes. Scoop out center and sprinkle inside with salt, invert and let stand until thoroughly chilled. Insert in each six to eight short stalks of cold boiled asparagus. Arrange on lettuce leaves. Around the tomatoes, place small halves of cooked beets, alternate with small pieces of canned pimiento. Marinate all vegetables in salad dressing made of one clove of mashed gar-

Potato Adapts To Many Seasonings
The versatile potato adapts to many seasonings beside the over-worked parsley.

CHIVED POTATOES
Cook four or five small potatoes in boiling salted water until just tender. When the potatoes are almost done, melt 1/4 cup of butter or margarine using gentle heat. Add two tablespoons minced chives. Drain the potatoes when done, and over them pour the chive-flavored butter or margarine. Toss the potatoes lightly in the margarine, so each becomes well-seasoned. Serve in a warm bowl.

POTATOES MARGARET
3 tablespoons fine bread crumbs
1 pint light sour cream
2 tablespoons flour
2 tablespoons finely minced chives or onions
6 medium-size cooked potatoes, sliced
3 hard-cooked eggs, sliced
1/4 cup butter
Lightly sprinkle a buttered (12x7 1/2x4 1/2-inch) casserole with 1 tablespoon of the bread crumbs. Combine sour cream, flour and chives or onions. Place a layer of potatoes on bottom of casserole; cover with one-half of the egg slices. Dot with 1 tablespoon of the butter and one-third of the sour cream mixture. Repeating, ending with a third layer of potatoes. Top with remaining sour cream mixture, sprinkle with bread crumbs; dot with remaining butter. Bake in a moderate oven (350 degrees F.) 20 to 25 minutes or until thoroughly heated.

Bay Leaves In Crown
Bay leaves, the spice that does so much for pot roasts, stews, sauces and soups, is the "flavor" once woven into crowns for Greek Olympic heroes.

Baking Ladyfingers Can Be Lots Of Fun

Ladyfingers, fresh from the oven! So tawny-pale, so delicate in flavor, such a graceful shape. We can still see our mother easing them out of their pans, putting them together with homemade preserves, sprinkling them with a drift of powdered sugar.

Then it was our turn to arrange the snowy trifles on a mammoth old-fashioned platter—and nothing ever got more tender loving care.

No use storing those sweet morsels. They were made fresh for four o'clock tea and "afternoon callers"—and small fry always had their share.

Fortunately nostalgia sometimes leads to action! We ferreted out a shop that sells ladyfinger pans and baked a batch of those airy nothings. Then we put them together with fine preserves and a creamy coconut filling. And just for old time's sake we spread them on our wicker-patterned platter when we offered them for dessert.

If you are not in a mood to bake ladyfingers, you can buy them ready-prepared in many bakeries and most supermarkets, and then give them that homemade flavor with our filling. We used grape preserves in the filling, but black raspberry jam or jelly are fine, too; so are apricot preserves with the addition of a little brandy or rum flavoring.

COCONUT LADYFINGERS
Ingredients:
3 eggs (separated), 1/2 cup sugar, 1/2 teaspoon salt, 1/2 teaspoon vanilla, 2-3 cup sifted cake flour, coconut filling.

Method:
Beat whites until stiff but not dry; beat in 1/4 cup of the sugar, a tablespoon at a time. Without washing beater, beat egg yolks until thick and lemon-colored; beat in remaining 1/4 cup of the sugar, a tablespoon at a time. Beat in salt and vanilla; yolks should be very thick and ivory-colored. Fold whites into yolks. Fold in flour gently, sifting about a third of it at a time over the egg mixture. Fill ungreased ladyfinger pans almost to the top; bake in moderate (350 degrees) oven 10 to 15 minutes, or

until tops are a very light tan color. Loosen edges of ladyfingers with tip of small spatula; ease from pans with spatula. Place on cake rack. Put together with Coconut Filling. If shallow ladyfinger pans with wells about 4 inches long and 1 1/2 inches wide are used, recipe will make about 15 filled ladyfingers.

COCONUT FILLING
Ingredients:
3 tablespoons butter or margarine, 1/2 cup sifted confectioners' sugar, 1 tablespoon heavy cream, 1/2 teaspoon vanilla, 1/4 cup lightly-packed shredded coconut (cut in short lengths), jam or jelly (about 1-3 cup), 1/4 cup confectioners' sugar.

Method:
Cream butter and 1/2 cup sugar; blend in cream and vanilla; stir in coconut. Spread bottom side of half the ladyfingers with filling mixture; spread bottom side of the remaining ladyfingers with jam; press together. Roll filled ladyfingers in 1/4 cup sugar.

Homemade Crackers Are Simple To Make
Stew for you, and homemade crackers, too. These sour cream cornmeal crackers are a wonderful quick bread, crisp and crunchy. Two varieties are available from one recipe, one a cheese and caraway, the other plain and sprinkled with poppy seed.

CORNMEAL CRACKERS
1 1/2 cups sifted flour
1/2 cup cornmeal
2 teaspoons baking powder
1 teaspoon salt
2 tablespoons sugar
1 egg
1/2 cup thick sour cream

Toppings:
One 5-ounce jar cheese spread
2 tablespoons caraway seed
Sift together flour, cornmeal, baking powder, salt and sugar. Stir in egg and sour cream until well mixed. Turn the dough out on lightly floured board knead gently a few seconds. Roll out to 1/8 inch thickness.

Spread half of the dough with cheese spread (at room temperature); sprinkle with caraway seed. Cut with a small floured biscuit cutter. Spread the other half with melted butter; sprinkle with poppy seed and then cut out. Place on ungreased cookie sheet bake in a hot oven (400 degrees F.) 8 to 10 minutes.

Cornmeal Waffles Good For Suppers
Sunday suppers in many homes mean something different from the usual meat, potatoes and vegetables routine. Cornmeal waffles are something different and can be served with a variety of things. Try them with leftovers or bacon and ham or any creamed dish.

CORNMEAL WAFFLES
1 cup sifted flour
3 teaspoons baking powder
1 teaspoon salt
1 cup cornmeal
2 eggs, separated
1 1/4 cups milk
3 tablespoons shortening, melted
(if self-rising cornmeal and flour are used, omit baking powder and salt). Mix and sift flour, baking powder and salt. Add cornmeal and blend well. Combine well beaten egg yolks and milk; add to flour mixture, beating until smooth. Add shortening. Fold in stiffly beaten egg whites. Bake in hot waffle iron. Yields 6 to 8 waffles or 3 and 1/2 cups batter. Use 2 cups batter for 1 large double waffle.

GOLDEN WEST RICE
Ingredients:
One and three-fourths cups water, 1-1 1/2 cups (one 5-ounce package) precooked rice, 1/2 teaspoon salt, 1 small onion (grated medium-fine), 2 cups medium-fine grated carrots (lightly packed), 1/2 teaspoon salt, 2 tablespoons butter or margarine, white pepper, 2 tablespoons minced parsley.

Method:
Put water in a saucepan; bring to a boil. Add rice, 1/2 teaspoon salt and grated onion; stir to moisten all the rice. Bring to a full boil over high heat; turn off heat. Put carrots in a layer over the rice; sprinkle carrots with 1/2 teaspoon salt and dot with butter; cover tightly and do not mix. Allow to stand without lifting cover for 20 minutes; if rice has not absorbed all the water, let stand a few minutes longer. With a large spoon or fork, carefully mix carrots and rice, adding more salt if desired and pepper to taste. Serve sprinkled with parsley. Makes 8 servings.

Corn Pone Fried Is 'Hush Puppies'
The legend explaining the name of hush puppies may seem a bit far-fetched, but it's amusing, anyway. It seems that in the early days of the South, the mammy cooks, annoyed by the dogs whining for their supper, tossed a corn pone to the pups and murmured, "Hush, Puppies!" The phrase caught on, and these pone fried in deep fat became known as hush-puppies.

HUSH PUPPIES
1/2 cup sifted flour
2 teaspoons baking powder
1 tablespoon sugar
1/2 teaspoon salt
1 1/4 cups white cornmeal
1 small onion, finely chopped (optional)
1 beaten egg
1/2 cup milk

Sift dry ingredients together. Add onion. Add beaten egg and milk to dry ingredients, stirring lightly. Drop a teaspoon of batter for each hush puppy into hot deep fat, frying only a few at a time. Fry until a golden brown. Drain on absorbent paper. Makes 2 dozen hush puppies.

French Dressings Glorify Almost Any Kind Of Salad

There are nearly 30 different spices, herbs, seeds, and seasoning salts available for tasty dressing combinations. You start with a basic oil, vinegar, or lemon juice mixture, and add whatever the salad demands. It is generally agreed that French dressing is best for leafy and fruit salads; mayonnaise tastes best with molded, main dish or heavier salads; and cooked salad dressings glorify almost any kind of salad.

BASIC FRENCH DRESSING
1/2 teaspoon salt
1/2 teaspoon sugar
1/2 teaspoon paprika
Dash pepper
1/2 teaspoon dry mustard
1/4 cup cider vinegar or lemon juice
1/2 cup salad oil.

Blend the dry ingredients. Add the vinegar or lemon juice and stir or shake thoroughly. Add the oil and shake or stir again. Always shake or stir just before serving. Makes 1/2 cup.

CHILI FRENCH DRESSING
1/2 teaspoon salt
1/2 teaspoon sugar
1/2 teaspoon powdered dry mustard
1/2 teaspoon onion salt
1/2 teaspoon paprika
1/2 teaspoon ground black pepper
1/2 teaspoon chili powder
1/2 cup tarragon vinegar
1 tablespoon lemon juice
1/2 cup salad oil or olive oil.

Mix dry ingredients together and add to vinegar and lemon juice. Add oil slowly to seasoned vinegar and shake vigorously in covered jar or dressing server. Makes 1 cup dressing.

FANCY CHILI DRESSING
1/2 cup basic French dressing
1 hard cooked egg yolk
1 1/2 tablespoons Worcestershire sauce
1/2 teaspoon chili powder
1 green onion or scallion
1 clove garlic

Sieve egg yolk into the French dressing. Blend the Worcestershire sauce and chili powder together and stir into the dressing. Add the finely cut green onion or scallion — top and all. Jab a toothpick through the garlic clove and drop into the dressing. Remove the garlic before serving. This dressing is best made several hours before serving.

MUSTARD FRENCH DRESSING
1/2 teaspoon garlic powder
1/2 teaspoon celery salt
2 teaspoons powdered dry mustard
1/2 teaspoon sugar
1 tablespoon cider vinegar
1 tablespoon wine vinegar
1 tablespoon lemon juice
1 teaspoon Worcestershire sauce
5 tablespoons salad or olive oil.

Mix the dry ingredients together and add to the vinegars, lemon juice and Worcestershire sauce. Beat well with fork and add oil gradually to this mixture. Shake well before serving. Makes 1/2 cup.

NUTMEG FRENCH DRESSING
1/2 teaspoon salt
1/2 teaspoon paprika
1 teaspoon ground nutmeg
1/2 teaspoon ground black pepper
1/2 teaspoon onion salt
1/2 cup sugar
1/2 cup honey
1/2 cup lemon juice
1/2 cup salad oil.

Combine dry ingredients, then add remaining ingredients. Beat or shake well to blend. Makes 1 1/2 cups dressing.

LIMA SOUR CREAM SOUP
1 cup large dry limas
5 cups boiling water
1 1/2 teaspoons salt
1 tablespoon flour
1 cup commercial sour cream
1/2 teaspoon pepper
Dash tabasco sauce
1 tablespoon vinegar

Rinse limas, add water and cook slowly about 2 hours or until very soft, adding salt after first hour. Blend in electric blender. Blend flour into sour cream and stir into limas sauce. Add pepper and tabasco sauce and heat to boiling. Stir in vinegar and serve at once. Makes 4 to 5 servings.

Spoon Bread Takes Place Of Starches

Spoon bread is in a class all to itself — it's a cross between a bread and a soufflé. Soft, moist, and fluffy it is served with a spoon, piping hot from the dish. Spoon bread is eaten with butter or gravy and takes the place of the starchy vegetable and the bread in a meal.

DIXIE SPOON BREAD
2 cups white cornmeal
1 1/2 teaspoons salt
1 teaspoon soda
2 cups boiling water
1 tablespoon drippings or butter
2 beaten egg yolks
2 cups buttermilk
2 stiffly beaten egg whites

Sift together cornmeal salt and soda into mixing bowl. Add boiling water, making a stiff dough. Stir in drippings and beaten egg yolks. Add buttermilk to cornmeal mixture, stirring until smooth. Fold in beaten egg whites. Pour into a greased baking dish (2 quart size) and bake in a moderately hot oven

(400 degrees F.) 40 to 45 minutes. Serve immediately with butter or gravy. Makes 6 servings.

Woman Vice Force Due

ROME (U)—Italy is considering establishment of a national force of policewomen to crack down on delinquent girls and wayward families.

Dr. Maria Pia dal Canton, a 42-year-old Christian Democrat deputy, disclosed today that she and a group of fellow deputies have drafted a bill for such a force.

A series of sex scandals has caused growing concern. First came the mystery death of Wilma Montesi, whose nearly nude body was cast up on the sands of Ostia after a wild party. Then a teenage group was caught indulging in sex orgies with a Rome Communist official and his wife. More recently, police discovered a group of girls who held respectable jobs by day and acted as call girls by night. Teen-age call girls are frequent in Rome, vice police say.

Torrential Rains, Drought Provide Sharp Contrast

AUSTIN (U)—Torrential rains to drought provided sharp contrast for Texas crops last week, the U.S. Department of Agriculture said today.

Along the entire coast, the rains—which tapered off from 50 to 100 miles inland—stopped harvest until fields drain and dry.

Outside of that rain belt, northward to the Red River and westward into the Low Rolling Plains, corn, cotton, sorghum and hay harvest was pushed in the full week of open weather.

Continued lack of moisture in the High Plains was hurting dryland cotton and sorghums. Some additional wheat on the High Plains was dusted in, but most farmers were reported still waiting for rain.

Light to moderate weekend showers from the Southern Plains southeastward into central counties were expected to help pastures and late crops.

Fall and early vegetables were temporarily set back as torrential downpours flooded out some acreage in the eastern end of the lower Valley.

Soaking rains, however, improved the overall outlook for winter vegetables in dryland areas of the Valley and the Coastal Bend. Green fall range and pasture

feed was practically assured in much of barren South Texas by light to flooding rains. Supplemental feeding must continue, however, for several weeks of until grass comes on.

On the western side of that area, where rains tapered off, additional moisture will be needed to make much grass before frost.

In the West and Northwest, cured grass was getting progressively shorter. Weekend showers and rains in the Southern Plains, Cross Timbers and most central counties should green up grass and weeds but much more rain will be needed to keep them coming along.

Marketings from South Texas were sharply curtailed because of storm conditions and revived hopes for fall grass.

Test Turns Sour

PALATKA, Fla. (U)—After demonstrating his driving ability with examiner Earl Gore as a passenger, James R. Clark pulled into a parking lot. That's where his test for a driver's license turned sour. He hit a car. It belonged to Gore. "Clark didn't pass the test," State Trooper Q. A. Fillingim reported yesterday.

'Copter Nears Peak

A helicopter (Cessna) piloted by Jack Zimmerman of Wichita, Kan., whirs over Pike's Peak (in background) before landing atop the 14,110-foot mountain, near Colorado Springs, Colo.—the first time an aircraft had landed there. Maj. Gen. John G. Van Houten, Fort Carson commander, accompanied Zimmerman on the return trip.

Uncle Ray:

Red Sea Provides
Heaps Of Salt

By RAMON COFFMAN

Natives shoveling salt near coast of Red Sea.

Is it true that cakes of salt have been used as money in Africa?

Yes. Some travelers in the heart of Africa have traded salt for ivory and other goods. In places where salt is scarce, the natives value a cake of salt very highly.

In certain parts of Africa, especially near the coasts, salt has little value. In Eritrea, along the shore of the Red Sea, a vast amount of salt is obtained from sea water. The water is drained into reservoirs on the shore. Then the hot sun turns the water into vapor. After the vapor rises in the air, salt is left at the bottom of the reservoir.

At the salt works near the city of Massaua, one million pounds of salt may be obtained in a single day! Hundreds of dark-skinned natives shovel the salt into heaps. One traveler said that these men, seen from a distance, look like black ants running over drifts of snow.

A certain amount of the salt is consumed in Africa, but much of it goes to distant countries. A good deal of Red Sea salt has been pur-

Trouble Shooter Sets Tito Talks

WASHINGTON (U)—Deputy Undersecretary Robert Murphy, one of the State Department's top trouble shooters, will fly to Belgrade within two weeks for talks with Marshal Tito and other high Yugoslav officials.

Murphy will review Yugoslavia's problems with United States economic aid and discuss East-West relations generally in the light of Yugoslav moves to improve ties with Russia.

Diplomatic officials said no crisis was connected with Murphy's trip. It will be simply a high-level exchange of views aimed at better understanding.

Murphy tentatively plans to arrive in the Yugoslav capital the week of Sept. 25 after first attending a meeting in Paris Sept. 18 of American embassy economic officers from 20 West European countries. He also plans to spend a few days in West Germany and Luxembourg looking into problems involving the European coal-steel pool.

Yugoslav-American relations have been jarred within the past few months over Yugoslavia's refusal to allow a U.S. military aid mission to inspect the use of American weapons provided under the foreign aid program.

In discussing Yugoslavia's request for an additional 40 million dollars in economic help, Murphy will undoubtedly seek to find a formula for settling this argument.

Some congressmen have called for a halt to military and economic aid to the Yugoslavs until Marshal Tito's government grants American aid authorities there the same opportunity to look into the use of weapons that other European countries permit.

In addition, top State and Defense department officials have been disturbed by Yugoslavia's backstage hints it will manufacture Russian MIG fighters unless the West allows it to manufacture Western models.

Yugoslavia's three-year, 70-million-dollar trade agreement with the Russians also has caused some disquiet.

Jailer Kills Himself After Prisoners Escape

BENTON, Ky. (U)—A jailer shot himself to death at his home yesterday and, Sheriff Billy Watkins said, it may have been caused by

the escape of two prisoners earlier. Watkins also disclosed that jailer C. C. Edwards, 70, had been ill recently with a heart ailment. One of the escapees, J. W. Turner of Paducah, was recaptured after fleeing Monday. The other, Lawrence Neece of Leitchfield, escaped yesterday while Edwards was investigating the first break.

To Get Coast Guard Commission

N. Pierre Gaston, left, who graduated eighth in his class from the Coast Guard Officer Training School at New London, Conn., poses in Washington with his attorney, Murdagh Stuart Madgen, after the announcement that the Coast Guard had reversed itself and will now give him a commission. He was graduated from the school last April, but a commission was withheld on grounds his mother had been affiliated with subversive organizations. He has been serving as an apprentice seaman in Coast Guard headquarters in Washington.

Those Male 'Looks'

Dear Miss Brandow:

Ugly girls can get fancy hair-dos and the right make-up and transform themselves until they are almost pretty. But what can an ugly boy do?

Girls, even the ugly ones, get crushes on the handsome fellows. Good-looking guys get elected to class offices. Even engineers prefer them.

Ned

It is an asset to be good looking, but it is not the most important asset one can have. Poor looks can be outweighed by many other factors.

If you really want to get to the

Ship Dumps Python 'Curse'

WILMINGTON, N. C. (AP)—The crew of the Isthmian freighter Steel Surveyor heaved a sigh of relief today after ridding the ship of the "curse of the white python."

The rare python was among a load of animals unloaded here yesterday from the Far East.

A near mishap occurred when a cargo boom gave way on the ship and plunged toward a crowd of onlookers watching the unloading. Steel cables in the ship's rigging halted the fall of the boom within a yard of the dock. There were no injuries.

Swiss animal trapper Peter Ryhiner attributed the mishap to the "bad luck" attributed to the white Python. The 7½-foot snake had cast a pall over the entire trip, Ryhiner said.

"In Singapore it was riots; in India it was floods. Our best tiger jumped overboard in the Red Sea. Then we were chased into a strike-bound port by a hurricane. And now the cargo boom breaks. I hardly know what to expect next," the bearded Ryhiner declared.

The unloading continued without further incident, however, and by nightfall the white python was en route to its new home in the Philadelphia Zoo.

2-Tone Highways Next On Docket

ROME (AP)—Talk about your two-tone automobiles. Come next the tinted highways. The Abruzzi Asphalt obtained as a leftover from road of the future could come in selected colors. Its chemists are experimenting with colored asphalt obtained as a leftover from the extraction of aluminum from bauxite rock.

It might come in variations of red, green, white, brown or yellow, the society said. Beside reducing highway glare, it might be good for telling drivers which way to go. For instance, follow the red road to Rome and the beige road to Naples.

House In The Road

CLEBURNE, Tex. (AP)—A routine session of the City Council was startled to attention last night by new homeowner W. T. Keenem. He said he had just built his new house in the middle of a street because somebody had moved the stakes after his homestead was staked off in a new city addition. Mayor Walter Holliday said the problem was new but that undoubtedly the house would have to go.

Godfrey Starts Off Program With Sneer

By CHARLES MERCER

NEW YORK (AP)—A recent issue of a television fan magazine says that this man once was idolized by the American press. Now he is not. The man is Arthur Godfrey.

Godfrey returned to CBS-TV with his Talent Scouts program Monday evening after a long summer vacation. It would be interesting, one viewer decided, to try to look at Godfrey with a fresh eye. View him, if possible, as if he were just beginning in television.

The program began and the man came on. He had, he said, gained 10 pounds. It was, he said, the result of drinking too much tea in cans. (One of his sponsors is a tea company.) He named various makes of beer (which do not sponsor him) as being labeled on the cans from which he drank this "tea with foam on it." He drank this tea, he said, while hunting antelope in the West during vacation.

One began to fidget uneasily. The man displayed no wit as he kept talking. Here was a man back from a long vacation who had the opportunity to start anew with verve. But he had no verve. He seemed bored with his show but not with Arthur Godfrey. Eventually he began to seem contemptuous. The contempt boiled over when he read a commercial for a make of television tube with adolescent cuteness, throwing away the script with a sneer.

"Well, I won't have to read that again till next June," he said.

Henry Morgan, an entertaining

Latin Pastime Packs Dynamite

BOGOTA, Colombia (AP)—Colombians who play the game of tejo literally play with dynamite. To visitors from the United States it's horseshoes with a bang.

Players toss a heavy lead disc—the tejo—60 feet to a sandpit in which four small packets of dynamite have been placed around the edge of a vertically embedded pipe.

Hit the pipe dead center and you not only win the game. You also announce your accuracy with a loud explosion.

Tejo (pronounced tay-ho) is something of a national game, like baseball in the United States. National championships are held every year.

Players say there's no danger of injury from the explosives.
