

Buying Power Falls More with Newest Increase

WASHINGTON (AP) — Consumer prices rose a steep 1.4 percent for the third consecutive month in March, eroding the buying power of all Americans but insuring a higher "catch-up" raise for Social Security recipients, the government reported today.

Although gasoline and fuel oil price increases slowed

somewhat last month, food and clothing prices surged and home ownership costs continued to rise sharply, the Labor Department said.

As a result, prices in the first three months of the year rose at a near-record annual rate of 18 percent. Carter administration officials have said they do not expect inflation to slow much below

this double-digit pace before mid-year.

Prices last year went up 13.3 percent. The latest inflation report means that the nation's 35 million Social Security recipients will get a hefty 14.3 percent increase in their benefit checks starting in July to make up for the dent inflation has made in their

buying power.

The benefit increase, based on the rise in prices in the first quarter this year compared with the first quarter of 1979, will boost the average retiree's check \$41 to \$330 a month, the Department of Health, Education and Welfare said.

Benefits also will be adjusted for the 4.1 million

aged, blind and disabled people who receive Supplemental Security Income.

In a companion report released today, the Labor Department said inflation continued to cut deeply into the earnings of the nation's workers.

A 0.9 percent increase in average weekly earnings in March was more than offset

by inflation and a drop in the hours worked, leaving workers with inflation-adjusted weekly earnings 0.7 percent below the February level.

At the same time, spendable earnings — what a married worker with three dependents has left after Social Security and federal income taxes — dropped 0.8

percent last month. It was the 10th consecutive decline, pushing workers' buying power nearly 8 percent below the level of March 1979.

Patrick Jackman, a Labor Department economist, said that although overall prices went up in March as much as in January and February, the underlying causes were different.

"There were still substantial increases in energy products last month, but there was some deceleration," he told a reporter. "The 'problem areas' were food, which went up 1 percent, and mortgage interest rates."

Fuel oil prices rose 2.8 percent last month.

Moon Pleads Guilty, Earns Life Term

Europe Plans Iranian Boycott

By The Associated Press

Iranian officials today threatened to bar oil exports "forever" to countries that join the U.S. sanctions against Iran, and urged the second expulsion this year of American reporters in Tehran.

The oil threat came as America's European allies were reported preparing to take their first significant action against Iran's revolutionary regime, a boycott of its oil and other economic and diplomatic sanctions, to put teeth in their demands for release of the U.S. hostages.

Iran's official Pars news agency quoted Oil Minister Ali Akbar Moinefar as saying that if "certain countries joined in the U.S. economic sanctions, Iran would not sell them oil. They would be blacklisted forever and would never get Iran's oil."

Iran would produce less oil "to the benefit of future generations," Moinefar was quoted as saying.

According to Pars, Moinefar said Iranian foreign currency reserves had climbed from \$10 billion to \$15 billion in the last year so there was "no need to export oil."

Meanwhile, Iran's foreign press chief, Abolhassem Sadegh, accused U.S. news organizations of distorting the news and said he will recommend the government expel American reporters. He suggested that one U.S. news agency remain to "provide the direct link with the United States." Iran last expelled all U.S. reporters on Jan. 18, but most were allowed to return about six weeks later.

Sources said the boycott may be announced today at the end of a two-day meeting of the foreign ministers of the nine Common Market countries in Luxembourg. They said in addition to the oil ban, the allies would agree to an arms embargo and reductions in their diplomatic staffs in Tehran and Iran's diplomatic staffs in Europe.

A total trade embargo and break in diplomatic relations, would follow on May 15 if the Iranian government did not take steps to free the 53 Americans held captive in the Iranian capital since Nov. 4, the sources said.

"These things are the least we can do for a friend in need," a British official said. "America is our ally and we want to help. This is something that has to be done even if it doesn't work."

Similar action was expected from Japan, whose foreign minister, Saburo Okita, was on the sidelines in Luxembourg and told reporters: "Our policy is very close to the EEC (European Economic Community) and it's very important to maintain solidarity with the U.S."

With the world oil market glutted by over-production of about a million barrels a day and oil the Iranian revolutionary regime's only source of income, an embargo by its major customers should be devastating for Iran.

Europe currently imports about 650,000 barrels of Iranian oil daily; President Carter banned imports of about a million barrels daily by the United States on Nov. 21, and Japanese imports of about 530,000 barrels daily were suspended Monday because the Japanese refused to meet Iran's demand for an increase of \$2.50 raising the price to \$35 per barrel.

The United States is expected to help the Japanese and

City Approves Bid on Well Lines

Hereford city commissioners Monday night accepted a \$66,189 bid from an Amarillo company for the construction of supply lines connecting four wells at Holly Sugar to the city's southwest water field.

The bid, the lowest of six submitted to commissioners, was approximately \$14,000 less than City Manager Dudley Bayne's original estimate of the cost of the project.

Construction of the supply lines was part of the city's recent \$1.255 million bond issue approved by voters.

The wells will not be used by the city in the immediate future but will be for future water expansion, if it becomes necessary.

H.B. Jordan and Company of Amarillo submitted the low bid.

Commissioner Ed Coplen was re-appointed mayor pro-tem. He will continue to act in the absence of Mayor Bartley Dowell in commission meetings and public functions.

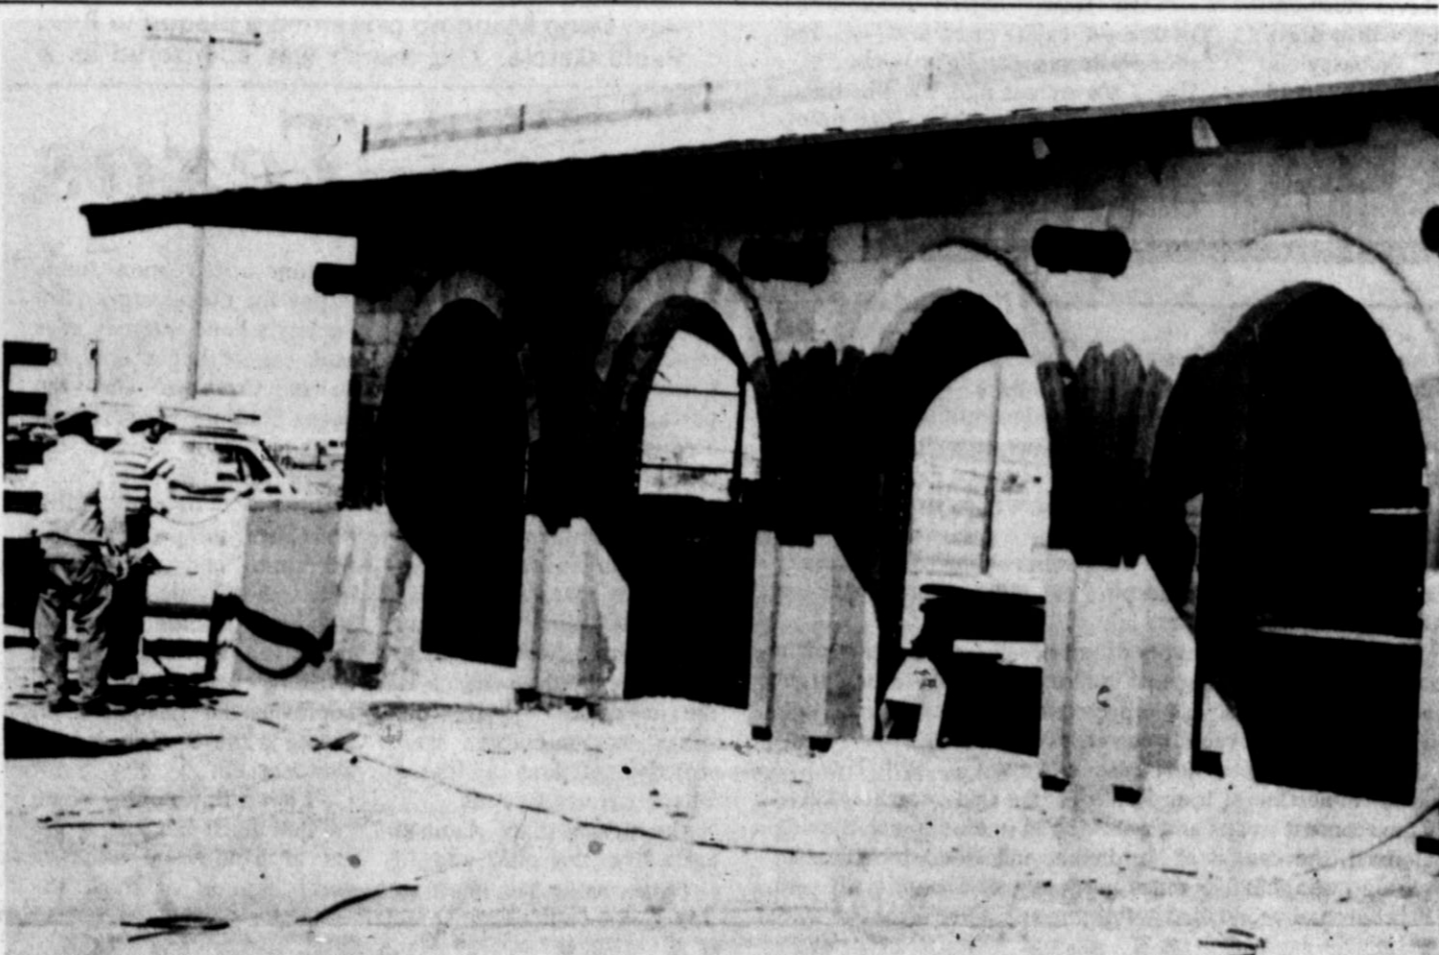

The commission also re-appointed Dr. Howard Johnson as city health officer.

Commissioners adopted a resolution correcting approximately 30 errors in the city tax roll. The resolution is a routine and annual matter.

The commission authorized the purchase of carpeting for the old portion of the Community Center and a dishwasher and dishes for the new banquet area of the building.

Hallways, the large meeting room and two smaller rooms will be carpeted after commissioners open bids.

Commissioners will attend a meeting of the regional league of cities Thursday night in Amarillo.

Restaurant Going Up

Although new construction is experiencing a slump in Hereford due to the nation's tight money supply and scaring interest rates, there are new businesses going up in the city,

including a Taco Villa fast-food restaurant. The restaurant, which is being constructed at a cost of \$80,000, is scheduled for completion in the next few weeks. [Brand photo by Paul Sims]

By PAUL SIMS

Millard Lenore Moon of Hereford received a life prison sentence Monday after he pleaded guilty to the New Year's Day murder of a 50-year-old woman.

District Judge Wesley Gulley announced the sentence, agreed upon by Moon, his court-appointed attorney and District Atty. Roland Saul.

Moon, 41, was charged with the brutal murder of Lillie Mae Walker, of 725 Ave. H. He also had been charged with unauthorized use of a motor vehicle after he drove Mrs. Walker's

Building Slump Continues

The city's construction slump of recent months continued in March, according to building-permit records.

There were 13 building permits issued in March for a total value of \$127,150. Permits for the first quarter of the year total \$488,700, which is better than the same three-month period last year but still well off the 1978 pace.

Last year, there were permits representing \$379, 125 in new construction issued in the first three months. In 1977, the building total for the quarter was almost \$1.6 million.

January and February, 1980, totals were \$74,000 and \$287,550, respectively.

Builders attribute soaring interest rates and the tight supply of money to a nationwide slowdown in construction.

Receiving building permits last month were Sid Shaw, single-family residence, \$90,000; Luis Salas, Jose Leal, move in mobile home, \$21,000; Justo Cepeda, garage, \$2,000; E.A. Hartley, add on garage, \$2,500; Carlos Charles, Mrs. Dave Grimes, convert garage, \$1,000; Santos Gonzales, enclose porch, \$1,500; William Ray Carter, cellar, \$200; Jose Rueda, garage, \$1,000; N.R. Jones, patio, \$1,100; Jose Arroyos, garage, \$800; Stanley Fox Photo Products, construct photo island, \$4,500; Leo Hellman, move in storage, \$900; and Ramon Garcia, move in storage, \$650.

automobile to Eugene, Ore., where he was later arrested.

"I dismissed the unauthorized-use case on the grounds that he had already received a life sentence in the murder case," Saul said.

Moon was living with the widowed Mrs. Walker before she was found lying in a pool of blood on a bed inside her mobile home.

According to police, she had been beaten in the head with a hammer. An electrical cord was found around her neck, and an autopsy showed death was the result of strangulation.

Moon, in signing papers admitting his guilt, said he "knowingly and intentionally" murdered Mrs. Walker, whose body was found by grandchildren living in the mobile home.

Moon, who was represented by Hereford attorney Rex Easterwood, had been sentenced in 1974 to seven years in prison after he was convicted of burglary in Lampasas County. He was paroled in 1977 but was sent back to prison later that year for violating the terms of his release.

After he killed Mrs. Walker, Moon fled Hereford in the victim's 1974 Plymouth station wagon. He was located two months later in Oregon and was extradited to Hereford.

Joe Ballego was given a six-year probation sentence and fined \$1,500 Monday for theft over \$200.

Lou Ann Merino pleaded guilty to unauthorized use of a motor vehicle and received a three-year probation sentence and \$500 fine.

Jury trials are scheduled for next week in Judge Gulley's 222nd District Court.

392 Pints Sought In Hereford

A staggering 392 pints of blood are owned to Coffee Memorial Blood Bank by more than 30 local accounts.

Hereford residents are urged to defray this amount by giving blood on Wednesday afternoon at the Community Center from 3-6 p.m. Pat Clark, chairman of the local blood drive, explained that in addition to the current blood debts, there are several older accounts which still owe

(See BLOOD, Page 2)

Crucial Penn Vote Set

PHILADELPHIA (AP) — Pennsylvanians chose their presidential candidates today in a primary election that could mark the beginning of rallies or the virtual end of the line for Sen. Edward M. Kennedy and Republican George Bush.

Both down, but both vowing they wouldn't get out, Kennedy and Bush

campaigning into election eve in the battle to stall the leaders, President Carter and former California Gov. Ronald Reagan.

Kennedy said he hoped to run strong, although "I think it's an uphill battle." White House Press Secretary Jody Powell said the Pennsylvania primary was "pretty tight and tough."

Bush said he expected to win the Republican presidential preference vote.

"Here I am fighting like hell to do something...and I think I can do it, too," he said.

But Reagan said he was confident of capturing a majority of Pennsylvania's 83 delegate votes at the Republican National Convention. The delegates were

chosen separately and were not bound by the popular vote.

The polls opened at 7 a.m. EST and closed at 8 p.m.

Party officials forecast a big turnout, perhaps as high as 50 percent of the voters. There are more than 2.9 million registered Democrats, about 2.2 million Republicans in Pennsylvania.

The Democratic primary apportioned 185 delegate votes in line with the popular vote in the 25 congressional districts.

Carter already has 947 of the 1,666 delegates it will take to win the Democratic nomination. Kennedy has 475.

While aides to the Massachusetts senator acknowledged that victory was a must to keep alive his mathematical chance of overtaking Carter, Kennedy himself said he would campaign on in any event.

He said he would "absolutely not" withdraw

WISD Superintendent Exonerated in Probe

By PAUL SIMS
Managing Editor

Walcott Independent School District Board members Monday night approved a letter clearing Superintendent Eddie Derr from any wrongdoing in connection with using school funds for two personal purchases.

One of the purchases

Lifetime Resident

Dies Today

A lifetime resident of Deaf Smith County, Frank S. Carl died today in Midland Memorial Hospital at Midland at the age of 79. Mr. Carl was visiting his daughter in Midland when he died of sudden illness.

Graveside services will be conducted at 4 p.m. Wednesday in West Park cemetery. Arrangements are under direction of Gilliland-Watson Funeral Home.

Born Jan. 4, 1901 in Deaf

(See SERVICES, Page 2)

involved a set of tires. Board members, who have been meeting in closed session for the last few weeks over Derr's alleged mishandling of school funds, would not reveal what the other purchase involved.

Board president Dan Hall signed the letter, dated April 17. It was approved unanimously by the seven WISD trustees—Hall, Ernest Brown, Buel Monroe, Galen Jack, Jerry Teel, Bill Page and Gene Bradley.

In spite of the unanimous vote exonerating Derr, the letter states in a conclusion:

"In all fairness and candor, it is acknowledged that not the actions outlined above have received the unanimous support of members of our board. I (Hall) am sure that any board member, of course, would feel free to voice his areas of disagreement with the views stated here, which are believed to be the majority view of the board."

According to the letter, a member of the Walcott

School staff presented photocopies of checks and invoices revealing Derr's purchase to a member of the school board.

"These documents reflected some purchases through the school district for Mr. Derr's own private use," the letter stated.

The letter added that an

Sims Elected President of PPA

AMARILLO -- Hereford Brand managing editor Paul Sims was named 1980-81 president of the Panhandle Press Association during the annual PPA business Session Saturday morning in the Hilton Inn.

The business session was part of the press association's yearly two-day convention.

Besides Sims, 1980-81 PPA officers include Wendell Tooley, publisher of The Tulia Herald, vice president; and Lisa Patman, associate editor for The McLean News, secretary.

Sims has been managing editor of The Brand for three years. Prior to that position, he was a sports writer for the Amarillo Globe - News and Plainview Daily Herald and was sports editor of The Pampa News from 1973-77.

During the association's awards breakfast Saturday morning, Sims handed out plaques and certificates to newspaper representatives for excellence in writing.

General-excellence plaque winners were Plainview Daily Herald, newspaper over 1,500 circulation; and State

Line Tribune (Farwell), under 1,500 circulation.

The Brand was ineligible for the contest because of a rule which does not allow the contest chairman's newspaper to enter. Sims, 1979-80 vice president, served as contest chairman.

Convention programs Friday included a discussion of the Cullen Davis murder and murder solicitation trials by Mike Cochran of The Associated Press and a talk concerning Texas Rural Legal Aid activities in Texas by TRLA executive director

David Hall of Weslaco.

Saturday, Larry Crabtree of The Vernon Record discussed using computers in circulation departments and Deaf Smith County Sheriff Travis McPherson presented a program on forensic hypnosis.

Accompanying McPherson was Amarillo Police Department Detective Jim Lafavers.

Doug Manning, pastor of First Baptist Church in Hereford, gave the after-dinner speech at the convention's noon luncheon Saturday.

update tuesday

Carter: Hostages In Growing Jeopardy

WASHINGTON (AP) - President Carter says a rapidly deteriorating political situation in Iran is jeopardizing the safety of the American hostages and may influence the timing of new U.S. moves to free them.

"I don't know how much longer we can sit here and see them kept captive while the situation around them does deteriorate," Carter said Monday night in an interview with CBS.

As Carter spoke, several Iranian campuses, for the fourth straight day, were scenes of disturbances touched off by an official order closing political party headquarters and purging anti-Islamic elements.

Carter was asked by newsmen Walter Cronkite whether any military move toward Iran might not jeopardize the hostages, held at the American Embassy.

"I consider them in jeopardy now," the president answers.

Embargo Beginning To Affect Soviets

WASHINGTON (AP) - The U.S. embargo on grain shipments to the

Soviet Union is beginning to have an effect on the Russians, the Agriculture Department said today.

A department study predicted that the Russians will have to reduce livestock herds because of a shortage of feed grain and said another poor Soviet harvest would mean a sharp reduction in meat production. The study also said the Russians will have to pay more to try to make up for lost American grain.

"Feed supplies, already tight because of a poor Soviet harvest in 1979, are stretched even thinner now as a result of the suspension," said the department's chief economist, Howard W. Hjort.

"The net effect of the U.S. action is that the Soviets will import a third less grain than they had expected for the first half of 1980," he said.

Hostage's Mother Pleased over Health

By The Associated Press

The first relative to visit one of the American hostages in Tehran reports her Marine son, the youngest of the captives, is two pounds heavier, in excellent health and says he is "a stronger person" because of his 170 days in captivity.

Barbara Timm of Oak Creek, Wis., spent 45 minutes Monday with her 20-year-old son, Sgt. Kevin Hermening, in a room plastered with posters at the occupied U.S. Embassy in Tehran. Most of the time they held hands, hugged and talked of home, she reported.

"There were no tears," Mrs. Timm told a news conference in Tehran.

"I kept telling him how strong he was and he kept telling me how strong I was.

"He was surprised and overjoyed that I had traveled across the globe in order to be with him."

Post Office Plans 1st-Class Increase

WASHINGTON (AP) - The Postal Service, citing rapidly rising labor and energy costs, wants to increase the cost of sending a First Class letter 5 cents - the biggest jump in history.

But it could be next year before the 20-cent First Class rate takes effect.

Postmaster General William F. Bolger announced Monday that the request to raise rates would go before the independent Postal Rate Commission, which can hold hearings on the proposal for up to 10 months.

If the commission approves, as expected, the Postal Service then would have to formally approve the increase.

The 15-cent rate has stood since May 1978. Until now, the biggest First Class jump was a 3-cent hike from 10 to 13 cents in 1975.

Weather

West Texas - Partly cloudy with scattered showers and a few thunderstorms through Wednesday. Highs 80s except mid 90s Big Bend. Lows upper 40s north to near 60 south. Highs Wednesday lower 70s north to mid 80s south and near 90 along Rio Grande.

Thompsons Memorialized

A special service to memorialize the names of A.O. and Audrey Thompson was held at First Mexican Baptist Church Sunday night when Rev. Doug Manning presented a plaque to Rev. Pablo Garcia. The church was sponsored as a

mission of First Baptist Church and known as the Thompson Memorial for many years. The mission recently became an independent church and members of First Baptist presented the plaque to memorialize the Thompsons.

Texas Briefs

Iran

Europeans make up any shortages caused by the boycott. But U.S. officials say the industrialized world has 500 million barrels of oil stockpiled, equivalent to 18 months of Iranian exports.

The British official said his government would be willing to discuss the possibility of increasing production of North Sea oil to replace Iranian crude. Japan is reported to have made deals to get 200,000 barrels additional daily from Qatar and Mexico.

Barbara Timm of Oak Creek, Wis., became the first relative to visit one of the hostages in Tehran, meeting inside the embassy Monday with her son, 20-year-old Marine Sgt. Kevin Hermening, the youngest of the captives. She said he was two pounds heavier, in excellent health and a "stronger person" because of his 170 days in captivity.

"I achieved a small miracle...They said it couldn't be done," Mrs. Timm said of the 45 minutes she spent with Kevin. "There was a lot of hugging, a lot of touching. There were no tears."

She said her son talked about sports, the Oak Creek basketball team, the car he wants to buy, his girl friend and his family, and that she gave him a silver good luck charm.

Meanwhile, street fighting raged around Tehran University Monday for the fourth day, with Tehran Radio reporting at least three persons killed and more than 400 injured. But Japan's Kyodo news service reported that on its own count at

from page 1

hospitals and other places showed at least 21 killed and more than 500 injured by rocks, clubs and bullets.

The fighting is between Islamic fundamentalists and others loyal to Ayatollah Ruhollah Khomeini, the leader of the Iranian revolution, and leftist groups opposed to the regime's decision to purge the Iranian university system of "anti-Islamic" ideology.

Kyodo said 50,000 people were still mobbing the university campus Monday night despite an appeal from President Abolhassan Bani-Sadr for calm.

An undetermined number of injuries also were reported in clashes at the medical school in Shiraz, in south-central Iran, and a confrontation was reported brewing at the medical school in Tabriz, in rebellious northwestern Iran.

Khomeini's forces were also still battling with Kurdish rebels in northwest Iran. Radio Tehran said guerrillas killed 20 government troops and wounded 36 in an ambush outside Sanandaj, the capital of Kurdistan, and killed 16 others in fighting in Saghez, 75 miles northwest of Sanandaj. It said 320 rebels had been killed in fighting at Saghez since Friday.

The government radio also reported one person killed and 20 injured in a bomb explosion in the southern oil refining city of Abadan, and said a post on the Iraqi border in Kermanshah came under fire for 30 minutes from "armed raiders," presumably Iraqis. It said the Iranians returned fire.

Primary

before the Democratic convention in New York chooses the party nominee in August.

Reagan said if he were in Bush's position, he'd have to consider withdrawing now. But the former U.N. ambassador said, "I'm going to fight right to the end...I'm just not going to quit."

Reagan now has 411 delegate votes, with 998 needed to win the GOP nomination. His aides said they would add at least 50 in Pennsylvania. Bush has 96 delegates, and Rep. John B. Anderson 57.

The Republican system left open the possibility of a split decision: Bush could win the preference vote and lose the delegation to Reagan.

The Democratic ballot listed Kennedy, Carter, an uncommitted line and former California Gov. Edmund G. Brown Jr., who withdrew from the race too late for his name to be dropped.

On the Republican ballot are Reagan, Bush, campaign dropouts John B. Connally and Howard H. Baker Jr., and three minor candidates.

Baker, the Senate Republican leader, came to Pennsylvania to endorse Reagan and campaigned with him through election eve.

Kennedy campaigned from Philadelphia to Pittsburgh on Monday, urging Democrats to "give Jimmy Carter a surprise on primary day."

He told a lunch-hour rally that filled a downtown Philadelphia intersection a Pennsylvania defeat would force Carter to abandon his stay-at-home campaign strategy and come "out of the Rose Garden."

Carter has said he won't take the road politically while the American hostages remain captive in Tehran. He said the outcome in Pennsylvania wouldn't change that.

"I say it's time to say to

every citizen of Philadelphia, to every citizen of Pennsylvania — no more American hostages, no more high interest rates, no more high inflation, no more Jimmy Carter," Kennedy cried, in a voice hoarse after 13 days of Pennsylvania campaigning.

Vice President Walter F. Mondale, Carter's stand-in campaigner, said the administration has been trying to offer Iran "an honorable way out" of the hostage crisis but now is trying to get the allies to disrupt Iran's commerce "to really turn the screws in a peaceful way."

Bush spent 14 days and nearly \$1 million in campaign funds in, his quest for a Pennsylvania comeback. He was still at it on election day, appearing in Philadelphia and in Pittsburgh.

Anderson failed to file his name for the Pennsylvania GOP ballot. But he is on the verge of declaring himself an

from page 1

independent presidential candidate, anyhow.

Mondale said "the history of third parties in this country has been a 200-year history of failure." He acknowledged that an independent race by Anderson would hurt the Democratic ticket in the fall.

Reagan said the intensive Bush campaign is likely to take its toll on him. His Pennsylvania campaign cost about \$150,000 and brought him to the state for four days.

"I never expected an easy time, here," he said.

But he also said that were he in Bush's shoes, he would "give serious thought" to dropping from the race.

"The odds are very much against him, but I'll leave that decision to him," Reagan said.

"I believe 1980 belongs to Ronald Reagan," said Baker, the fourth Republican to endorse Reagan after trying, and failing, to overtake him.

Blood

Persons giving blood may designate their donation for the Hereford Club, an existing account, personal credit or blood insurance.

Current accounts with Coffee Memorial are as follows:

Florence Henson, owing 16

pints; Mary Whiteside, 12 pints; Natalina Valdez, 12 pints; Elosa Barrentex, 28 pints; John Garth, 12 pints; Angelina Neal, 8 pints; Laura Lewis, 32 pints; Anna Cummings, 8 pints; Antonio Garcia, 16 pints; Joe Bradley, 8 pints; Thelma Daniels, 8 pints; Weldon Lindsey, 20

pints; Nona Voyles, 8 pints; George Brown, 12 pints.

Rosa Garza, 8 pints; Frances Arrendoe, 8 pints; Rosa Hernandez, 8 pints; Charles Hefley, 16 pints; Carel A. Gilbert, 8 pints; John Moody, 4 pints; Kenneth Jeter, 4 pints; David

from page 1

Aguilar, 36 pints; Arlie Dean, 4 pints; Nora Gillmore, 8 pints; Pasquala Rodriguez, 36 pints; Sexto Ulibarri, 16 pints; Shirley Wilson, 4 pints; William Linville, 8 pints; Freda Sherman, 8 pints; Baby girl Andrews, 8 pints; and Diana Gomez, 8 pints.

Firemen were called to the city incinerator on N. Progressive Rd. early Monday morning. It took four units of the fire department almost five hours to put out the fire, which started in the trash pit.

At 7:55 p.m., two units of the fire department responded to a grass fire at the labor camp. Firemen had the blaze out in 20 minutes.

Firemen were called at 11:54 p.m. to the intersection of Park Ave. and U.S. Highway 385 where 568 bales of hay on a truck trailer had caught fire. It took four hours to put out the fire, which did not damage the truck.

A garage fire at 601 Grand kept firemen busy for nearly an hour early this morning. Six units responded to the fire, which destroyed the garage. The building was owned by Gerald Banner, 601 Grand.

The possible cause of the garage fire is still under investigation.

Walcott

investigation into the purchases resulted in the following conclusions:

-Derr had "fully reimbursed" the district for the amount of the purchases.

-Derr had turned the tires over to the school district "and thus has gained no financial benefit" from the purchase.

-Both the Texas Education

Agency and Deaf Smith County District Attorney's Office were satisfied with the board's handling of the matter.

-The purchases resulted from "error of judgment and perhaps some lack of discretion on the part of Mr. Derr."

-Derr had no "evil motive

or criminal intent."

The letter stated that the purchases were fully documented in writing and openly displayed in school accounting records "which were at all times available to the board. Mr. Derr made no effort to conceal his actions and we feel that this reflected his good faith."

construction worker.

He is survived by two daughters, Mrs. Betty Randall of Midland and Mrs. Nancy Albright of Arnett,

Services

Smith County, he was the son of pioneer residents, Mr. and Mrs. C.H. Carl, who settled here in 1900. The Carls farmed 6½ miles southeast

of Hereford and later built the frame house at the corner of West Second and Miles, as well as the Savoy Hotel.

Mr. Carl was a retired

IRVING, Texas (AP) - Three years after the City of Irving recommended structural changes to insure better fire protection for the private suites in Texas Stadium, nothing has been changed.

In 1977, a special task force recommended structural changes for the 172 expensive boxes that encircle the stadium. Stadium management was asked to install 16 fire hose boxes in the corridors outside the suites and suggested construction of four additional outside exits to the area.

The Irving City Council agreed to the plan and in 1978, set aside \$60,000 from stadium construction funds to pay for the changes. But the city's bond attorney says work cannot begin until the Dallas Cowboys and the Texas Stadium Management Corp. agreed to the expenditure.

Cowboy owner Clint Murchison and president Tex Schramm said they knew little about the proposed changes. Stadium manager Joe Cavanaugh said he can do nothing until Murchison approves the changes, but contends the stadium is safe without them.

"I don't think a fire would get that much of a start to get out of hand," he said. "I don't happen to think the

stadium is not safe."

DALLAS (AP) - A rookie police officer shot and killed a 23-year-old man who allegedly attempted to rape a 35-year-old South Dallas woman early Monday, police said.

Officers identified the victim through a rent receipt in his pocket as Clifford Ray Martin. He was pronounced dead at the scene with gunshot wounds to the head and legs, police said.

Investigators said the woman Martin allegedly was assaulting received flesh wounds in the buttocks, and

was in good condition at Parkland Memorial Hospital. The wounds apparently came from police gunfire, authorities said.

Officers Cloyce Shannon, 21, and James Kent, 28, answered a disturbance call about 2:30 a.m. and heard broken glass and screaming, said police spokesman Ed Spencer. They then saw a woman and an armed man struggling and ordered the man to drop his pistol, Spencer said.

The man refused, instead pointing the gun to the woman's head, Spencer said. When she struggled away from him, Shannon fired four times at the man, the spokesman said.

Shannon graduated from the police academy one month ago, records indicate.

AUSTIN, Texas (AP) - A Houston-area group has applied for a charter to open a state bank in Cypress, the State Banking Department said Monday.

The proposed First State Bank would have \$1.5 million in assets.

Its president would be John E. Faris of Magnolia; vice-president Jim Hurst of Houston; and cashier Ralph E. Burda, whose home town was not given.

Police Arrest Several In Saturday Incidents

Hereford police Saturday night arrested four persons for public intoxication, two for driving while intoxicated and another for assault on a juvenile.

One of those arrested for intoxication was picked up during a fight in the parking lot of Blue Water Garden Apts.

Police were called to assist in searching for a 76-year-old woman who reportedly walked out of Westgate Nursing Home, where she was a resident, Saturday afternoon. She was found in the alley behind the 500 block of Sycamore about four hours later.

The woman left the nursing home again Sunday and was found walking on N. Highway 385.

Police investigated reports of assault Saturday in the 400 block of Ave. H, 100 block of S. Texas, 300 block of Witherspoon and 400 block of Paloma Lane.

Petra Villarreal, 303 Witherspoon, complained that a man struck her in the ankle with a broom handle during an argument. Police plan to make an arrest in connection with the aggravated assault.

Rudy Warden, 733 Country Club Dr., reported that someone entered his residence and stole a diamond ring valued between \$1,200 and \$1,500.

Antonia Zuniga, 217 Aspen, reported that someone

struck her car and fled the scene at Deaf Smith General Hospital Monday night.

Police located a 12-year-old female runaway Monday and returned her to her parents.

Ronnie Manning, 328 Ave. A, told police that his black and orange bicycle was stolen at the Community Center.

Hereford Car Wash, 107 Ave. A, notified police that someone stole a back-and-white television set, two boxes of wax and three tubes of grease Saturday.

Someone broke into Hereford Camp Fire Lodge, 903 E. 14th, Saturday and stole \$30 from a desk drawer.

Larry Jones, 201 Juniper, reported that two magnetic signs were removed from the sides of his pickup.

Police investigated a report of harassing telephone calls Saturday.

Three persons were arrested Sunday after a crowd of about 150 persons at Zilker Park threw rocks and bottles at police trying to break up a fight.

One police officer was treated for head injuries from flying bottles and released.

Police Lt. Glenn Garrett said the fight started near the Barton Springs swimming pool after a park ranger called for help. Between 20 and 30 police cars responded. The three men were arrested for drunkenness.

Witnesses said the fight started when several men, using chains, sticks and pipes, jumped a man who bumped another car while trying to squeeze in a parking space.

Firemen Respond 4 Times

Hereford volunteer firemen were kept busy Monday and early this morning, responding to a total of four fire reports.

Firemen were called to the city incinerator on N. Progressive Rd. early Monday morning. It took four units of the fire department almost five hours to put out the fire, which started in the trash pit.

At 7:55 p.m., two units of the fire department responded to a grass fire at the labor camp. Firemen had the blaze out in 20 minutes.

Firemen were called at 11:54 p.m. to the intersection of Park Ave. and U.S. Highway 385 where 568 bales of hay on a truck trailer had caught fire. It took four hours to put out the fire, which did not damage the truck.

A garage fire at 601 Grand kept firemen busy for nearly an hour early this morning. Six units responded to the fire, which destroyed the garage. The building was owned by Gerald Banner, 601 Grand.

The possible cause of the garage fire is still under investigation.

DOROTHY K. BUCK

Mrs. Dorothy K. Buck, 63, of Berlin, Md. died April 10 at the National Institute of Health in Bethesda, Md. She was a former resident of Hereford.

Born in Scranton, Pa., June 30, 1916, Mrs. Buck was the daughter of the late Edward F. and Kathryn Gleason Kelly. She was preceded in death by her husband, Maynard R. Buck.

Funeral services were held April 11 at 9:30 a.m. in St. Johns Roman Catholic Church in Frederick, Md. Interment was held in Gate of Heaven Cemetery in Silver Spring, Md. Under direction of Smith, Fadeley, Kenney and Basford Funeral Home in Frederick, Md.

Surviving Mrs. Buck are a son, John Buck of Winnetka, Ill.; a daughter, Mrs. Delouries Marshall of Salisbury, Md.; a brother, Ned Kelly of Frederick, Md.; and six grandchildren.

JAMES GARNER

James Ronnie Garner, 29, died Sunday in Nacogdoches following a lengthy illness.

Funeral services will be at 10:30 a.m. Wednesday in Rose Chapel of Gililand-Watson Funeral Home with the Rev. Warren McKibben, pastor of United Pentecostal Church, officiating. Interment will be in Rest Lawn Cemetery.

Born Dec. 13, 1950 in Bearden, Ark., Mr. Garner was employed as a dispatcher by United Cab Company in Houston. He was a Baptist.

His survivors include his parents, Mr. and Mrs. Weldon Toews of Hereford; a brother, Jimmy Moore of Hereford; three sisters, Teresa Mendez, Debbie of Tulsa, Okla., an Connie Ho-Gland of Plainview; and his grandparents, Mr. and Mrs. A.C. Garner of Bearden, Ark.

Musical Notes

CCA Entertained By NY Ensemble

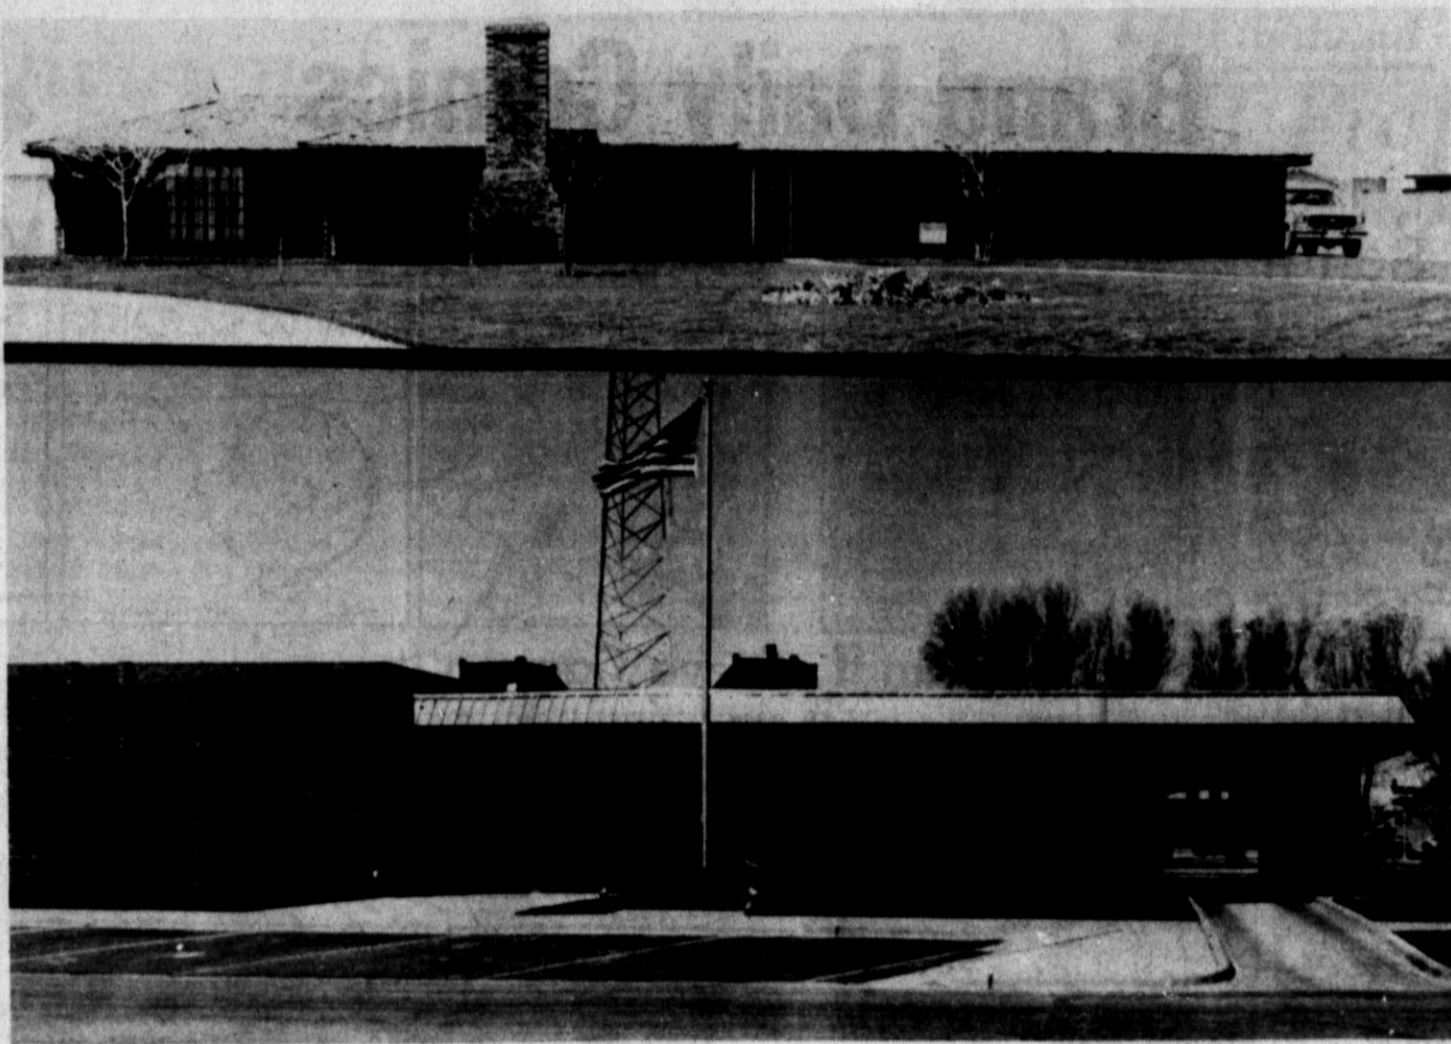

By JANE GULLEY
Guest Music Critic
Members of the Hereford Community Concert Association received a beautiful musical treat Saturday evening when they were present to hear the artistry of the New York Vocal Arts Ensemble.

The New York group, under the direction of pianist Raymond Beegle, delivered a program of charming, multi-faceted nineteenth century music ranging from the lieder of Franz Schubert through a varied array of French, Russian and nostalgic American favorites of the 1880's. Director Beegle's sparkling accompaniment guided the singing group through an evening of exquisite musical pleasure that kept a rapt audience applauding and ended with an enthusiastic standing ovation.

The Community Concert Association is to be praised for bringing such an excellent group of performers to Hereford -- their return would be welcome.

Featured on Saturday evening's program were "Abendlied zu Gott" by Haydn, "Das Bandel" by Mozart, "Grazie agl'inganni tuoi" by Mozart, "The Vault of Heaven" by Cui, "When the Day Reigns" by Tchaikovsky, "Gypsy Song" by Glinka, "Vieni!" by Denza, "La Regata" by Rossini and "Quartettino: 'La Passaggiata'" by Rossini.

All-American pieces from First Editions were featured in the second part of Saturday's program: "Bright Morning Stars," traditional; "Bonny Eloise" by J.R. Thomas, "Aura Lee" by Poulton, "I Took Her to the Ball" by Hays, "Darling Nelly Gray" by H.R. Hanby, "Some Folks" by Stephen F. Foster, and "Goodbye My Lady Love" by Joseph E. Howard. Concluding the concert were three Russian cabaret songs, arranged by Raymond Beegle. They were "Cranes Are Flying," "Across the Meadows" and "Kalinka."

C of C Beauty Spots

The Chamber of Commerce Women's Division recently announced their beauty spots for the month of April. Pictured above as the residential beauty spot was the home of Mr. and

Mrs. Melvin Cordray of 126 Pecan. Selected as the non-residential beauty spot was the newly-built Hereford City Hall, pictured below. [Brand Photos by Denise Smith]

Pegasus To Host Open House Here

Project Pegasus will host an Open House at Bluebonnet Elementary School tonight from 7-8:30 p.m.

Project Pegasus is a class for students with outstanding intellectual ability.

A highlight of the open house this evening will be a display of reconstructed "artifacts" excavated during a simulated archaeological dig. Competing teams created secret cultures and artifacts which reflected these cultures. Each team buried its artifacts four feet underground for the other team to excavate and reconstruct.

Students involved in the program and their parents

are urged to attend the open house with interested guests.

Sewing Class To Be Offered

Persons interested in taking the Stretch and Sew basic eight classes, which will begin here Thursday, are invited to call 364-4914 after 6 p.m. or on weekends for more details.

The series of four two-hour classes will be offered in the REC Medallion Room.

Mount McKinley National Park in Alaska includes 1,939,493 acres, second only to Yellowstone in area.

Happy 18th Birthday GILBERT Mom & Dad

Huntington's Chorea

Oasis Shriners To Host Clinic

Saturday at Hereford Medical and Surgical Clinic, Oasis Shrine Club will hold their 24th annual Hereford Children's Clinic.

Specialists who will be available to make examinations will include physicians in the fields of orthopedics, speech and hearing, radiology, cardiology, pediatrics, plastic surgery, otolaryngology, oral surgery and neurology.

The day's activities will get underway at 6:30 a.m. on the 26th as Shrine Nobles and their wives register at Cason's Barbecue restaurant. At 8 a.m. registration of children will commence in Southwestern Public Service Reddy Room, located at 4th

and Lee St.

All children must pre-register with their family doctor prior to attending the Shrine Clinic. Pre-registration forms are available from private physicians, any Shriner or from Dr. A.T. Mims at the Medical and Surgical Clinic.

Clinic participants will be invited to a luncheon that day in the high school cafeteria, where the meal will be served by Hereford Noon Lions Club. At the conclusion of the clinic, the doctors and Shriners will assemble in the Knights of Columbus Hall where they will hear reports of the children's clinic prior to an evening of dining and dancing.

DEAR ANN LANDERS: We just lost a third member of our family to a terrible disease. I have tried to learn more about this illness, but no one -- including the doctors -- has been able to give me much information. I am turning to you because you seem to have superb medical connections. The disease is called Huntington's chorea.

One reads a great deal about crusades against cancer, multiple sclerosis, muscular dystrophy and heart and lung disease -- but nothing about Huntington's chorea. I respect all efforts to conquer illness, but because my own family is a victim of this horrible, incurable, little-known affliction, I am eager to learn all I can about it. Please help me. -- Desperate In Oregon

DEAR DESPERATE: Huntington's chorea is an incurable hereditary disease that attacks the nervous system. Any child who has one parent with this disease is 50 percent at risk. Since the symptoms rarely appear until the person is about 40 years old, the uncertainty can be agony.

I first became aware of this illness through my friend

Jennifer Jones Simon, who you will remember, is a beautiful and talented movie actress. She has done a remarkable job in this area, and I have taken the liberty of turning your letter over to her. Here is Jennifer's response:

DEAR ANN: "Desperate's" letter touched me. Since I served on the Federal Commission for the Control of Huntington's Disease, I have become vitally interested in this illness -- which destroys the mind, ravages the body and often devastates whole families. "Desperate" should know there is now hope. The Hereditary Disease Foundation, 9701 Wilshire Blvd., Beverly Hills, Calif. 90212, is involved in extensive research. Further knowledge may lead to additional clues on Parkinson's disease, epilepsy and sickle cell anemia. Other organizations working to solve the Huntington's problem are the Committee to Combat Huntington's Disease (250 West 57th St., Suite 2016, New York, N.Y. 10019), and the National Huntington's Disease Assn. (1441 Broadway, Suite 501, New York, N.Y. 10018). Please pass the word. -- Your friend, Jennifer

I REPLIED: JENNIFER, DEAR: Again my thanks for all the good you do in this world. I know of your tireless efforts in Washington to get federal funding and how difficult it is. Competition for government money is horrendous. The red tape, committee work and delays can make you crazy. It's up to the private sector, working through the organizations you have named, to make the difference. Bless you for your persistence.

DEAR ANN LANDERS: I have a suggestion for all those loony women who resent taking their husband's name when they marry. They should go to Meghalaya and join the Khasi tribe. There the newlyweds move into the home of the wife's parents and he takes HER name.

The line of inheritance through the female is so firmly entrenched, a husband cannot feel secure in his marriage until his wife gives birth to a female child. Please pass on this vital information, Ann. If he fathers only male children, the Khasi wife can ask him to leave. -- Student Of Anthropology

DEAR STUDENT: I don't think the world is ready for this. What's more, I looked for Meghalaya in a large unabridged dictionary and couldn't find it. It must be a very small country. I can understand why.

Discover how to be date bait without falling hook, line and sinker. Ann Landers' booklet, "Dating Do's and Don'ts," will help you be more poised and sure of yourself on dates. Send 50 cents along with a long, stamped, self-addressed envelope with your request to Ann Landers, P.O. Box 11955 Chicago, Illinois 60611.

C of C Women's Division Announces Tennis Winners

The Chamber of Commerce Women's Division announced the winners of their tennis tournament held this weekend. Winners were as follows:

"A" division singles: Gloria Easley, first place; Jenny Cassels, second place; and Sondra Reinauer, third place.

"A" division doubles: Jenny Cassels and Cindy Baker, first place; Gloria

Easley and Sondra Reinauer, second place; and Cindy McWhorter and Kathy Allison, third place.

"B" division singles: Linda Block, first place; Millie Barrett, second place; and Janice Coulter, third place.

"B" division doubles: Linda Block and Millie Barrett, first place; Helen Ann McWhorter and Nelda Lowder, second place; Claudia McBrayer and Darellynn Sauter, third place.

High school singles: Claire Montemayor, first place; Kim Sims, second place; and Marta Jorde, third place.

High school doubles: Lisa Snyder and Beth Frye, first place; Kim Sims and Vanessa Sims, second place; Marta Jorde and Claire Montemayor, third place.

Ninth grade singles: Vanessa Sims, first place; Shelly Gentry, second place; and Whitney Parris, third place.

Seventh grade singles: Robin Hooper, first place; Kim Fischbacher, second place; and Tammy Geries, third place.

Seventh grade doubles: Robin Hooper and Andrea Jorde, first place; and Tammy Geries and Kim Fischbacher, second place.

Trophies were awarded to all the above and approximately 50 persons competed in the tournament.

At Wits End

By ERMA BOMBECK

A reporter the other day was impressed by the fact that a 1959 Barbie doll in mint condition was sold at auction two years ago for a staggering \$501.59.

Those naive little fools. They were looking at one of the treasures of the 20th century and let it go for a mere \$501.59. Do you have any idea what the odds are against a 20-year-old doll having both eyes?

If collectors knew children at all, they'd cancel tours of the Mona Lisa, Cleopatra's jewels and the riches of Tutankhamen and in their place shroud Barbie in a display of glass and security and send her around the world for all to marvel at.

We bought our first Barbie in 1959, the first Christmas they came out. Our daughter was passing through the toy department when she said, "Mommy! Mommy! There's a doll just like you." I picked up this doll with the two-inch bust, spaghetti legs and removable head who looked like she whipped through puberty in about 15 minutes and said, "Well, there are similarities." I followed this with the second dumbest remark I have made in my entire life, "Where are her clothes?"

Twenty years and \$12,000 worth of wardrobe later, Barbie had turned into a senior citizen.

Her left knee was chipped. Her blonde ponytail had been cut with pink shears. One arm hung about 1/4 inch out of the socket. Her live-in, anatomically weird boyfriend didn't look any better. His teeth had lipstick on them. A foot was gone and someone had painted a permanent "S" on his chest with black paint.

Considering what they survived, neither of them looked bad. They had been stuffed in a trunk and dragged on a camping trip where they were left all night buried in the sand. They had been run over with a lawn mower when they were abandoned in high grass. They had fallen between the car cushions and been lost for a month. Barbie's head was found in a beer cooler in the garage. Ken's teeth melted in the sun. Their cardboard house had been crayed on and all their friends were under the bed naked.

Children's dolls take a beating -- literally. You wonder how any of them survive. Oatmeal is forced into their rigid lips. Combs pull their hair until they're bald. Their eyes are closed manually. They're spanked, shaken, and tied into knots.

And when one of them appears 21 years later in mint condition, there is only one explanation -- one of them fought back!

4-H Firsthand 4-H Projects Encompass Exotic to Commonplace

By AGNES TAYLOR
Assistant County Extension Agent

Texas 4-H members are involved in more than 60 different projects ranging from aerospace to wildlife science that vary in complexity as much as their names imply.

The 4-H project forms the basis for educational programs conducted through the Texas Agricultural Extension Service 4-H youth development programs.

Members meet in small groups under the direction of a trained volunteer to study and experience various aspects related to the project of their choosing.

Some of the more popular 4-H projects among Texas 4-H'ers are foods and nutrition, clothing, horses, safety, gardening and livestock. These projects help 4-H members understand and appreciate the skills involved and to actually learn and practice many of them.

For example, in the foods and nutrition project members learn not only how to prepare certain foods but how to plan complete and nutritious meals. They also learn how foods affect their health and to develop good eating habits.

Clothing projects teach members skills in fabric selection, pattern adaptation and sewing skills. They also learn how to coordinate clothing and how to look their best for the least amount of money.

4-H'ers in the horse project learn about the physical makeup of the horse, riding skills, showmanship and a variety of related skills.

The safety project is popular in that it can be related to any other 4-H project and teaches members to practice safety in their

everyday lives. Gardening and livestock projects are among the more traditional 4-H projects and their popularity remains high. Both rural and urban youth raise vegetables and flowers, rabbits and sheep. Many of the larger animals requiring more space are most often found in rural or suburban areas.

Youth between the ages of 9 and 19 who would like more information on how to learn and grow in the 4-H program, should contact the county Extension office.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic levels, race, color, sex, religion or national origin.

Grand Exalted Ruler Named Elk of Year

Jerry Johnson, Grand Exalted Ruler of the local Elks Club was awarded the title of District Elk of the Year in Borger this weekend during their District Deputy meeting.

Johnson will plan to attend state convention later this spring at San Angelo.

Johnson was awarded with a trophy during the district meeting.

Unlucky discovery
Ammonia gas was first noticed scientifically in 1315 by Majorcan philosopher Raymond Lully (1232-1315), who was stoned to death by the townsfolk of Parma for his discovery.

Study Club To View Drama Rehearsals

Hereford Study Club will attend the high school drama club's rehearsal of "Arsenic and Old Lace," May 1 at 7 p.m. at the High School auditorium. This was announced recently during their meeting in the home of Mrs. J.D. Gilbert.

Co-hostess was Mrs. George DeBoer. Presiding over the monthly meeting was Mrs. Cawthon Bryant. Plans were made to invite the high school drama cast for a social after rehearsals May 1.

The program was given by Louise Walker, Deaf Smith County Extension agent. She presented the program, "Color Your World." Each member was presented with a brochure on design trends and using this booklet as a

guide discussed principals in home decorating.

Suggestions were made on using the natural look with wicker, open shelves, warm and cool colors, fabric and wall papers for the walls, ceiling fans which are now being used to fight the energy crunch and fashion and the use of mirrors.

Members were told they could add color to their homes by using pillows, wall hangings, mirror art and etc.

Those present were Mmes. Labry Ballard, Tommy Brady, Cawthon Bryant, B.F. Cain, George DeBoer, S.L. Garrison, J.D. Gilbert Sr., Sam Long, Don Robinson, Louie Spinks, Joe Story, Art Stoy, Maurice Tannahill, Ed Wilson, and C.R. Winget.

Alexander Initiated Into Honor Society

Rowan B. Alexander, a junior at West Texas State University from Hereford, has become a member of Alpha Chi, national honor society.

To be eligible, a student must have a 3.5 grade point average on a 4.0 scale. Membership also is based on invitation.

About 40 juniors and seniors have been initiated into Alpha Chi for the spring semester.

Alexander, the son of Mr. and Mrs. Dempsey Alexander, is a member of Epsilon Delta Pi, honorary fraternity in computer science; Computing Club; and is pledge class president of Alpha Kappa Psi, professional business fraternity.

Televised Trials Becomes Issue

WASHINGTON (AP) — The Supreme Court said Monday it will decide whether television and still-photography coverage of trials is constitutional.

The justices said they will review Florida court rulings that such news coverage does not automatically ruin a fair trial.

The court's eventual decision is not likely before 1981.

It was 15 years ago when the Supreme Court overturned the swindling conviction of Texas financier Billy Sol Estes, ruling that television's techniques as they then existed inherently interfered with a fair trial.

But in writing for the court in that 1965 decision, the late Justice Tom Clark said, "When the advances in these arts permit reporting ... by television without their present hazard to a fair trial we will have another case."

Since then, many states have allowed television and still-camera coverage of court proceedings even though the American Bar Association has refused to back down from its longtime opposition.

The ABA's ethical standards imposing an absolute

ban on electronic media and photographic coverage of courts still serve as a model for half the states and the federal judiciary.

Of those states permitting some form of camera coverage, only Florida and New Hampshire have adopted permanent policies not requiring consent from persons directly involved.

The two states leave the coverage decision up to the presiding judge. In other states, criminal defendants can squelch such coverage by merely objecting to it.

Florida's policy was challenged by two Miami Beach policemen convicted in the 1977 burglary of a restaurant, Picciolo's.

Names in the News

SAN JOSE, Calif. (AP) — New medical tests have delayed the start of the federal conspiracy trial of reputed Mafia chieftain Joseph Bonanno Sr.

Federal Judge William Ingram on Monday delayed the trial to Thursday so tests could determine whether the 75-year-old defendant is able to withstand the rigors of a trial schedule.

Bonanno, a reputed "godfather" for nearly 40 years, and his nephew, 54-year-old Jack DiFilippi, are charged with conspiring to obstruct justice. The charge involves an alleged plot to interfere with a federal grand jury investigation of California businesses Bonanno reputedly used to launder money obtained from organized crime.

HOUSTON (AP) — Leon Jaworski says he is about convinced the president of the United States should have only one 4-year term.

"By the time the second term rolls around, the president has drunk too much of the nectar of power, it seems," the former Watergate prosecutor says.

"There is another disadvantage to the nation in the vast amount of time the president devotes during the second half of his first term to re-election endeavors. One must wonder just how many of his actions during the last of the first term are dictated by sheer politics to aid in his re-election to a second term." Jaworski mentioned no president by name while

making the remarks Monday at the annual conference of the Financial Analysts Federation.

LONDON (AP) — Lord Snowdon, globe-trotting photographer and former husband of Britain's Princess Margaret, has been quoted as saying his 18-year royal marriage hurt his career.

Herd Track Team 4th In 4-4A District Meet

PLAINVIEW — The Hereford varsity boys track team compiled 88 total team points in order to grasp a fourth place finish here in the district 4-AAAA track meet Saturday.

The Plainview Bulldog thincad team won the meet, after it piled up 130 points while Lubbock Coronado took the second hitch with 127. Monterey outpaced the HHS team at 126 for the day, and Lubbock High accumulated only 25 team points in the affair as the tail-end finisher.

The Whitefaces racked up six second place finishes which will all qualify for the regional competition Friday and Saturday in Lubbock and two third place berths as the other finishes netted in the contest.

The HHS 440-relay team

narrowly missed honors for first place in the event after clocking a 42.9 (four-tenths of a second) Plainview's winning time of 42.5 and ahead of Lubbock Coronado's 43.3.

Felix Soliz capped a second in the 880-meter run (in what is continuing to be a legacy for the HHS barrier) with a time of 2:00.6. David Howard of Monterey out-distanced Soliz in the event with a first place finishing time of 1:59.4 while Monterey's Al Rodriguez landed third at 2:00.7.

In the 400-meter race, Norman Brown continued to upset his competition after he clocked a second with a time of 49.7. Harold Terry took second in the 200-meter after he ran a 22.1. The Whiteface 1600-meter relay team grasped second in that event with an ET of 3:23.3, and Joe

Mitchum garnered second in the field event segment of the meet after he hurled the discus for 163 feet and three inches.

Other high finishes for the Herd, but places that didn't

440 RELAY — 1. Plainview (Pat Brown, Kenneth Storey, T.W. Thompson and Jerry Cargill), 42.5; 2. Hereford, 42.9; 3. Coronado 43.3.

Relay Team Gets 3rd

HHS Girls Miss State Berths

By MAURI MONTGOMERY
Brand Sports Editor

LUBBOCK — The conclusion of another successful track campaign came for the Hereford varsity girls track team here Saturday in the Region I Girls Track Qualifier Meet (it was recorded as the young squad's second appearance to the event in as many years), but in view of the Herd's season performance—the finale could have ended on a happier note.

As it turned out, the Whiteface squad (which had virtually overridden all district 4-4A competitors in the

district meet a week past with the exception of the Monterey Plainswomen) fueled all its efforts toward qualifying its highly touted 1600 meter relay crew for state qualification and those efforts fell short.

The mile-relay team missed that state bid by one place and just over two-tenths of a second after it clocked a new HHS school record of 3:57.10 in the event.

The squad, composed of tracksters Darlene Sanders, Linda Walterscheid, Deborah Rogers and Louise Mays' outdistanced the former 4:01.0 record set last year in regional qualification, and marked the first time the team had pushed its time under four minutes.

"We elected to pull Darlene out of the 100-meter dash and 220-meter dash events because she only had the 8th and 3th best regional times in those events and we did the same thing with Louise in the 440 so that we

might save them for the mile-relay team's chance of qualifying for state," related head coach Martha Emerson. "And it almost worked for us, but not quite."

"I really don't think I could honestly say we were disappointed with our outcome in the meet because the girls ran their best race and it just wasn't good enough to qualify," said Emerson. "Anytime a team gives all its worth, then it's hard to ask any more of them than that, and they gave it all they had here."

"We've had another good year after winning the district race again and we'll only be losing two of the seniors we had on this year's district squad in Darlene and Jennifer Griffin so we should

be right up at the top next year too," she added.

The third place garnered by the relay team puts the squad in an alternate position and will enable it to compete in the state meet should either of the respective first and second place finishers not be able to show for the event.

Irvin grasped first place in the competition after jaunting for a time of 3:54.79 while El Paso Andres took the other qualifying niche with a 3:55.15.

The only other respectively high finishes from the district 4-4A pack entrants came from Lubbock Coronado's Pat Jefferson who landed second in the discus event with a throw of 138 feet, 5 1/2 inches (that toss beat the new 118-4 district record she set in Lubbock) and Monterey's

April Graves after she grabbed a third place finish in the 400-meter dash with a time of 58.31.

REGION I GIRLS' TRACK QUALIFIERS (Top two in each event automatically qualify; third-place acts as alternate).

CLASS AAAA

TEAM RESULTS — Bryan 88, Temple 66, Tascosa 46, Big Spring 34; Andres 33; Irvin 28, Palo Duro 27, El Paso Coronado 24; San Angelo Central 20; Round Rock 17; El Paso High 16; Monterey 14; Amarillo High 13; El Paso Riverside 12; Hereford 12; El Paso Bel Air 10; Waco University 10; Coronado 9; Killeen Ellison 9; Plainview 8; Caprock 6; Killeen 6; El Paso Austin 5; Pampa 4; El Paso Hanks 2; Lubbock High 2; Odessa High 2; El Paso Parkland 1.

1600 RELAY — Irvin (Laura Velez, Erica Robertson, Deanne Liman, Barbara Fleming), 3:54.79; Andres (Burnetta Tate, Yolanda Croel, Liane Brison, Deanne Childress), 3:55.15; Hereford (Darlene Sanders, Linda Walterscheid, Deborah Rogers, Louise Mays) 3:57.10.

PHS Defeats Herd 9-2 PHS Defeats Herd 9-2, 6-0

Whitefaces Lose Twinbill To 'Dogs

PLAINVIEW — The Hereford Whiteface varsity baseball team took two punches here Saturday and just for the record they were technical knockouts as the Herd dropped both games of a twinbill with the Plainview Bulldogs 9-2 and 6-0.

The losses brought the Whitefaces diamond crew to 0-2 in second-half district play and to 13-11 ledger on

the year while Plainview (who came in dead last in the first-half race with a winless district record) extended its second-half rating to 2-0.

The Herd had previously defeated the Bulldogs 6-2, 8-7 in the earlier double-header between the two teams, but his time had trouble establishing its pitching game due to a weary three game streak in one week's time.

"We played all right overall against Plainview, but our pitching staff was a little tired after playing all those games during the week and their arms were just sore," said head coach David Ashby. "And on offense we were getting the hits off,

but it was just one of those days where everytime you hit—you hit it right at them."

In the opener, the Whitefaces went scoreless until the fourth frame rolled around as Ernie Suarez chipped off a single, stole second and was later driven in by Ken Cospers' single to right center field. And the final HHS score came in much the same fashion in the sixth stanza as Suarez once again clipped a single only to be driven in by a Ken Cospers sacrifice fly.

The Bulldogs in return, riddled the Herd for three runs in the second, one in the third, one in the fourth and four more in the final inning to win the first contest 9-2.

And the Whiteface's had about the same rapport with Lady Luck in the nightcap as the Bulldogs blitzed the HHS crew for three singles (all good for runs) in the first, capped a double in the third for a run, and brought in two final scores in the fourth and fifth to win that affair 6-0.

"You have to look for something good that came out of these two losses and it was the experience factor we gained on our pitching staff as well as the whole team," said Ashby. "Matt Collier and Mike Mason are both young pitchers, and they got a lot of playing time in these games even though they were both tired from last week's games.

"Both of them went the distance in each ballgame which was good from an experience standpoint, but that's about all we got out of these games—yeah that's all the experience," he added.

The Whitefaces will take a badly needed layoff Tuesday and then are slated to pair off against the Monterey Plainsmen here Saturday at 1 p.m. for their second doubleheader of the second-half.

Gervin Refuses Offer

SAN ANTONIO, Texas (AP) — The San Antonio Spurs have offered unhappy George Gervin a new lifetime contract worth \$5.1 million. But Gervin's agent says Gervin will demand to be traded if the Spurs don't drastically increase their offer.

Officials of the National Basketball Association team, stung by a "poor boy" image in the national media, revealed Monday that they had offered the three-time scoring champion the choice of the \$5.1 million pact over 35 years or a 5-year deal worth \$2.85 million.

"We have made what we consider to be our best offer," said Spurs President Angelo Drossos.

"They're not even close," Gervin's agent, Pat Healy, said by phone from Tacoma, Wash., adding that Gervin seeks a minimum of \$1 million per year for seven years.

"George wants to play out his career in San Antonio. But if their offer is irrevocable, George has no choice but to ask to be traded," added Healy. "He is the most consistent and proficient player in the NBA today. He is the best, so he should be the highest paid."

Healy said Gervin had rejected both of the team's offers 10 days earlier when talks broke down between Healy and Drossos.

Gervin, 27, currently has a \$350,000-per-year, non-guaranteed contract, which has three years remaining and pays him only a third of what at least four other NBA stars earn.

Drossos agreed to renegotiate the contract after the season ended. But there was widespread speculation in the national media that San Antonio and the Spurs could not afford to keep a superstar like Gervin.

Drossos then broke his own rules against revealing

salaries by calling the unprecedented Monday news conference and outlining the team's two offers.

"For too many weeks, we have heard our franchise — and our city — chastised as some kind of poor boy operation," Drossos said.

"This may not be the greatest offer made to an athlete, but it is one of the greatest offers ever made to an athlete who has three years remaining on a binding contract at considerably less compensation," he added.

Drossos said he went public to erase the "poor boy" image and assure Spurs fans that the team is serious

about competing for an NBA title.

But Healy denounced the revelations as "unprofessional" and said it would hurt the negotiations. Gervin also said he was upset by Drossos' actions.

Healy said he and Gervin were "shocked" when they heard what Drossos had done.

Drossos said the \$5.1 million offer would be guaranteed for five playing seasons at \$400,000 per year and 30 years at \$100,000 per year beginning in 1990.

The \$2.85 million offer, he added, would be guaranteed just for five playing seasons. Both offers include \$100,000 signing bonuses.

HHS Rodeo Club Adds More Points

Hard-riding members of the Hereford High School Rodeo Club picked up more points in an outing to the Dalhart Tri-State Rodeo over the weekend.

Only five rodeos remain for team members to qualify for Tri-State finals in June.

Brett Cunningham paced the performance by the HHS boys' team last weekend with a first place time of 14.278 in calf roping, good for six points.

Sid Howard picked up four points with a time of 17.52 in steer wrestling, and finished third in that event.

Scott Wilcox tied for third and fourth places in bareback bronc riding with a score of 56 and garnered 3 1/2 points for his performance.

Steve McConnell picked up two points in steer wrestling with a fifth place time of 24.011.

In girls' competition Rita Ward finished first in pole bending with a time of 21.023 and was fourth in barrels with a time of 19.154, for a total of nine points.

Tania Wilson took fifth in goat tying with a time of 14.090 for two points.

Other members of the HHS rodeo team competing at Dalhart included Mike Ferguson, Cathy Trolander, Lee Washington, Mark Urbanczyk, Brent Self, Harold Murray, Rusty Lindsey, Tony Wilcox, Robert Esqueda and Terry Lewis.

The next event for the HHS rodeo team will be a Tri-State rodeo at Claude this weekend.

Briefs

TRACK AND FIELD
BOSTON (AP) — Record-holder Bill Rodgers took the lead at the halfway mark en route to his third straight and fourth overall Boston Marathon.

Rodgers finished in two hours, 12 minutes and 11 seconds, well off his record of last year, which was 2:09:27. Mario Marachei of Italy was second in 2:13:20 and Houston's Ron Tabb at 2:14:48.

Rosie Ruiz, a New York office worker, who claimed to have run in only one previous marathon, was declared the record-setting winner in the women's division of the race. Suspicion later arose regarding her credibility but Ruiz tearfully denied she cheated and said she was upset at the suggestions being made.

TENNIS
LAS VEGAS, Nev. (AP) — Vitas Gerulaitis, Harold Solomon and Ivan Lendl won their opening matches in the first-round of a \$300,000 men's Grand Prix of Tennis event.

The third-seeded Gerulaitis downed Adriano Panatta of Italy 6-2, 6-4; No. 6 Solomon defeated John Alexander 6-3, 4-6, 7-6, and Lendl of Czechoslovakia topped South African Kevin Curran 7-6, 3-6, 6-2.

HELP SAVE BUFFALO LAKE!

Attend a public session Tuesday, April 22, when the area citizen committee presents arguments for the development and maintenance of Buffalo Lake to officials of the U.S. Fish & Wildlife Service.

We need a nearby area for recreational purposes such as fishing, boating, camping and hiking. With the energy problem, more short-distance recreational sites are important.

Aside from the recreational aspects, the lake is important to this area for water conservation, flood control down stream, and could be of general economic value.

The lake has been neglected, but money could be spent to develop the area rather than spending it to eliminate a potential resource.

Your attendance as an interested citizen could be a factor in the final decision. The public meeting will be held

TUESDAY, APRIL 22, 7 p.m.
Room 101, Science Building
West Texas State University campus

If you need a ride, or would like to take passengers to the meeting, call the Chamber office—364-3333.

YOU AUTO KNOW

By Don Henslie

Q. I just finished a complete brake job on my 1972 Pontiac Catalina - new linings and wheel cylinder kits all the way around. The brake pedal is firm, but I'm still losing fluid somewhere. I bled the brakes properly, but they still feel spongy.

First, be sure the vent in the fluid reservoir is not clogged. Then check the hoses for cracks or brittleness. If the hose feels soft, have a helper press hard on the brakes. If the hose swells, replace it and bleed the brakes again. If hoses are O.K., check the vacuum booster. A leak inside the vacuum booster can pull fluid into the engine with no external sign. To check, remove the vacuum hose at the booster and insert a pipe cleaner. If it comes out wet, rebuild or replace the booster.

Foster Hits Homer To Give Reds Win Over Astros

By KEN RAPPOPORT
AP Sports Writer

No park can hold strongman George Foster — not even the Houston Astrodome.

Playing in one of baseball's toughest stadiums for the long ball Monday night, the Cincinnati slugger muscled a pitch into the left field bleachers to help the Reds beat the Houston Astros 6-5.

"I'm different from a lot of people," said Foster after his towering shot in the windless

park. "When I get hold of the ball, it's going out."

The home run was the fourth of the young season for Foster, who has hit more home runs (155) during the last four years than any other player in the majors.

Elsewhere in the National League, Los Angeles edged San Francisco 4-3; Pittsburgh whipped Montreal 7-1 and the New York Mets blanked Philadelphia 3-0.

The Reds led 6-1 in the sixth inning before putting down a pair of late-inning

rallies by the Astros, who scored two runs apiece in the sixth and seventh.

Dodgers 4, Giants 3
Reggie Smith and Ron Cey hit two-run homers in the first inning and Smith contributed a key defensive play in the seventh to lead Los Angeles past San Francisco behind the combined seven-hit pitching of Burt Hooton and Steve Howe.

Hooton left the game after seven innings when his arm tightened, and Howe was

greeted by Darrell Evans' base hit. Evans was sacrificed to second, and Larry Herndon stroked a base hit to right, but Smith's throw to the plate prevented Evans from scoring the tying run, and Evans was cut down at second.

Pirates 7, Expos 1
John Candelaria pitched a six-hitter and Dave Parker and Lee Lacy each knocked in two runs to lead Pittsburgh past Montreal. Candelaria drove in Pittsburgh's first run with a sacrifice fly in the second inning and the Pirates broke open the game in the sixth with three runs, one of them doubled home by Lacy.

The Pirates extended their lead to 7-0 with three runs in the seventh on Parker's two-run triple and Lacy's RBI single.

Lightfoot Fired
CANYON, Texas (AP) — West Texas State University track coach Randy Lightfoot will not be back next year, athletic officials announced Monday.

Athletic Director Dr. Myron Dees said Lightfoot will be relieved of his duties and his contract will not be renewed at the conclusion of the current track and field season.

Dees said he had discussed the decision with Lightfoot. "He and I agreed he was stepping into hard situation following on the heels of Bob Kitchens, who built and developed the program," Dees said.

A class-action discrimination suit was filed by six female WTSU athletes last week, but officials declined to say if the suit played any part in Lightfoot's dismissal.

Rangers Cap Double for Win Tigers Teased With 3-2 Loss

ARLINGTON, Texas (AP) — Is it unfair, one writer asked Detroit manager Sparky Anderson, that the Tigers should be "teased" yet again, only to be turned away with another loss?

"Nobody cares about unfairness in this game," Anderson said after his team fell 3-2 to the Texas Rangers Monday night on a double play with the bases loaded in the ninth inning.

The loss dropped Detroit to 2-9 and kept the Tigers in the cellar of the American League East while Texas raised its mark to 8-3 in the AL West.

Things will continue to go sour, Anderson said, "until

we can get a big base hit or stop making errors."

The Tigers didn't make any errors, but they couldn't deliver the timely hit, either.

Detroit hurler Milt Wilcox, 0-1, matched Texas pitcher Jon Matlack, 2-0, in giving up only six hits. But Al Oliver and Bump Wills stole bases to get into scoring position and race home with key runs that gave the Rangers an early lead they never lost.

Jim Sundberg followed with a seventh-inning homer that proved to be the decisive run.

A's 4, Mariners 2
Pinch hitter Jeff Newman's tie-breaking two-run double in the ninth inning lifted the streaking A's to their seventh consecutive victory. Newman doubled off reliever Dave Heaverlo, who was sold to Seattle by Oakland just before the start of the season. Heaverlo had replaced Shane Rawley after a pair of two-out hits. The Mariners went ahead 2-1 in the third on Leon Roberts' two-run homer. The A's tied it in the eighth on Dave Revering's homer.

Yankees 3, Orioles 2
Ruppert Jones singled home Rick Cerone with two out in the bottom of the eighth while Tommy John held Baltimore to three hits before needing last-out relief from Rich Gossage. Graig Nettles' first home run of the season gave the Yankees a 1-0 lead in the third inning off Mike Flanagan.

Red Sox 9, White Sox 8
Dwight Evans doubled home the winning run to cap a three-run rally in the bottom of the eighth inning against Randy Scarbery. Jack Brohamer drove in the first two runs of the inning with a game-tying single. Rick Burleson, Jim Rice and Carlton Fisk homered for Boston while Wayne Nohagen and Harold Baines connected for Chicago.

Blue Jays 7, Royals 1
Dave Stieb hurled a five-hitter and blanked Kansas City until Pete LaCock's RBI double with two out in the ninth. Toronto scored three runs in the fourth inning with the help of a throwing error by shortstop U.L. Washington and an RBI double by Damaso Garcia. John Mayberry, a former Royal, hit a two-run double to cap Toronto's four-run ninth inning.

Boycott Debate Continues

LAUSANNE, Switzerland (AP) — The international federations that run the sports in the Olympic Games were giving a message to Olympic leaders Tuesday — the Games must go on in Moscow, no matter how many countries boycott them.

The 26 federations were holding a day-long conference with the executive board of the International Olympic Committee (IOC) on the growing boycott of the

Moscow Games started by President Jimmy Carter.

A resolution drawn up by Sven Thofelt, Swedish president of the International Federation of Modern Pentathlon and Biathlon, was being revised and finalized at an early morning session of the federations before they met Olympic leaders.

Two controversial points were to be discussed at the meeting: the possibility of dropping national flags and anthems from the Games,

and the plan to allow athletes, to enter as individuals if their countries join the United States in the boycott.

Most delegates here — including leaders of some Western European national Olympic committees who asked to meet the IOC executive board Monday — agree there is too much nationalism in the Games.

In Western Europe, Britain, Ireland, Sweden and Finland have committed their athletes to going to Moscow.

Arkansas Beats Tulsa

By The Associated Press

Mike Calise had two home runs, including a grand slam, and two doubles to lead the Arkansas Travelers to a 15-2 Texas League baseball victory over the Tulsa Drillers Monday night.

In other Texas League games, Amarillo beat Midland, 9-6, and San Antonio edged El Paso, 2-1.

Calise's grand slam homer in the fifth allowed Arkansas to score 5 runs in that inning and his second homer of the night came in a six-run ninth inning outburst.

Andy Rincon, 1-0, was the winning pitcher. Drillers

pitcher Jim Farr, 0-2, was the loser.

A home run by John Alvarez and a 2-run triple by Gary Ashby helped the Amarillo Gold Sox take a 9-6 victory over the Midland Cubs.

Joe Hicks had a 2-run homer for Midland and Dave Owens had a solo homer for the Cubs in the ninth inning.

Gary Pickert, pitching in relief, picked up the victory to boost his season record to 3-0.

A sacrifice fly by Leo Hernandez drove in the winning run in the eighth inning to give the San Antonio Dodgers a 2-1 victory over the El Paso Diablos.

The Olympic charter is contradictory on the subject.

Rule 9 says: "The Games are contests between individuals and not between countries."

But Rule 64, dealing with the opening ceremony, says each national team must be accompanied by its flag.

Hendrick Gets Player of Week

NEW YORK (AP) — Outfielder George Hendrick of the St. Louis Cardinals was named Player of the Week in the National League, the league said.

Hendrick batted .440 for the week with 11 hits in 25 at bats, including one double, one triple and one home run. He drove in nine runs, six of them in one game.

NEW YORK (AP) — Bruce Bochte of the Seattle Mariners, who hit .423 last week, was named American League Player of the Week.

Bochte was 11-for-26 with 22 total bases, three doubles, a triple and two home runs. He scored seven runs and drove in six.

Pair Named To Golf HOF

PINEHURST, N.C. (AP) — The late Lawson Little, one of the game's great match players, and England's Henry Cotton, a three-time winner of the British Open, have been elected to the World Golf Hall of Fame by a panel representing the Golf Writers Association of America.

Paul Harvey News The Next Painful Pinch

When the price of copper goes to a dollar and a half your penny will be worth more melted.

While world attention has been focused on the soaring prices of petroleum and gold and silver the Soviets have quietly been stockpiling some other essentials.

So you won't run out of things to worry about -- the next painful pinch you feel will come when our foreign mineral supplies are squeezed.

It will hurt less if we anticipate it.

The United States economy is inextricably intertwined with the resources of other nations. However much we might sometimes prefer to turn our back on the world, it's no longer possible to do so and maintain our economic equilibrium.

We import 98 percent of our manganese, 97 percent of our cobalt, 93 percent of our aluminum, 91 percent of our chromium.

And we import much or most of our copper and lead

and zinc and molybdenum.

Harry Gray of United Technologies says, "The United States is a have-not nation when it comes to certain critical metals."

Russia is some better off in this respect than are we.

Where the United States must import all key metals with the exception of seven, the Soviet Union is entirely self-sufficient in all metals except five.

And even those metals of which the Soviets have more than enough, they continue to stockpile.

Chromium and manganese are indispensable to our steel industry -- but are produced mostly in Russia, Rhodesia and South Africa.

We also rely on Russia and African nations for most of our cobalt, titanium and platinum.

Any global conflict better be over with in a hurry or Russia would have us by the throat.

Simon Strauss of Asarco says, "The presence of the Soviets and the Cubans in Angola was not based on concern for the downtrodden blacks of those countries; it was and is intended to fuel political unrest in South Africa -- thus eventually to cut off our metals sources in that and other African nations."

Indeed, says Mrs. Strauss, "Should the Soviets gain a strong foothold in Africa, their control over the markets of critical metals would make

OPEC appear generous."

Meanwhile, here at home, an effort to expand cobalt production in Idaho has been stalemated by environmentalists. An effort to stockpile supplies and stimulate research in alternatives is stalled in the Senate.

Tardily we are seeking substitutes for petroleum.

More promptly we should seek and find substitutes for strategic metals.

And another thing, while the map of Africa has become a game board on which the superpowers maneuver for strategic supremacy we'd all better stop mean-mouthing the few friends we have there.

Business Mirror

New Flow into U.S. Cities Brings in More Expenses

By JOHN CUNNIFF
AP Business Analyst

NEW YORK (AP) — A generally welcome effect of inflation and gasoline uncertainties has been to force buyers back into some of the city's inner regions, where sound housing had been neglected or abandoned.

The result is badly needed aid for city taxes bases, new support for city institutions and a spread of cultural and academic activities. Most of those who have been buying are young. Some are single.

For those who began their search early, when nobody was certain the cities would come back and therefore the risk was still great, the reward has been an in-

credible appreciation in values.

During the past 5 years to 8 years, prices in typical rebuilt neighborhoods in almost every city have tripled, and in some areas the gains have been far greater. One national survey revealed these astounding gains:

— In Houston's Heights area, houses that were \$5,000 in the early 1970s are now selling for \$55,000 to \$80,000 in their unimproved state, and between \$100,000 and \$120,000 after modernization and improvements.

— In Denver's Capitol Hill, old rooming houses have risen from \$15,000 to \$18,000 in 1972 to \$100,000

in 1979. Restored, they bring \$200,000 to \$250,000.

— In Chicago's Lincoln Park, single-family homes with up to 16 rooms sell for \$500,000 or more. In 1972, when operated as rooming houses, they sold for \$72,000 to \$90,000.

— On Seattle's Capitol Hill, extremely large homes in need of repairs sold for \$50,000 at late as 1975. Now, after renovations, they sometimes command prices of \$300,000 or more.

— In Philadelphia's Queen Village neighborhood, 100-year-old former servant quarters whose value was zero or just a few hundred dollars in the early 1970s, now sell for \$75,000 to \$85,000, and sometimes more.

The examples are nearly endless, and cover not just large cities but some older suburbs too, says Advance Mortgage Corp., which provided the illustrations used above. Advance is a large national mortgage banker.

Advance Mortgage found the trend of middle-class people returning to rundown neighborhoods and houses has been gained in the past decade. And despite financing problems, it said the trend might continue.

The process is well known. It happens in waves, said the mortgage banker. First come the pioneers. Prices rise slowly. Then come the doctors and lawyers. Prices rise more sharply.

The trend isn't wholly praised, mainly because it can displace older and poorer residents, and sometimes break up established minority neighborhoods. But these residents sometimes benefit too by finding a suddenly active market for their properties where none existed before.

American broadcasts, with the next-to-last chapter shown on April 12. Then the BBC delayed the final episode until next month, but word of the shooting of J.R. spanned the ocean.

The BBC figures that one out of every three Britons is glued to the tube watching "Dallas" during its Saturday night time slot.

The Tewksbury Chamber of Commerce cancelled its annual bash after many couples said they had a "prior engagement."

"We needed a full house for our annual dinner and dance," complained chairman Michael Hayward, "but the biggest excuse for not buying a ticket was this program — which can only be described as compulsory rubbish."

"I Hate J.R." T-shirts are selling in the stores. A British comedy group, The Wurzels, has a new record with the song "I Hate J.R." on one side and "I Love J.R." on the other.

Even that institution Punch and Judy has been infiltrated. In the seaside resort of Brighton, puppeteer Greg Wiggins has Punch doing battle against a Western-hatted J.R.

The hero-villain was as big a hit in the flesh as he is on the screen during a recent visit by actor Larry Hagman; the fans would hardly let him out of their sight. And Mary Crosby, Bing's little girl, is now making a movie in Britain because of her "Dallas" debut.

Britons Anxiously Await New Season of TV's 'Dallas'

LONDON (AP) — More than 18 million Britons are anxiously waiting with their American cousins for the fall to bring them the answers to two burning questions.

Who shot J.R. and was he killed?

The British Broadcasting Corp., which sent American TV audiences "The Forsyte Saga" and "Upstairs Downstairs," is reeling from the success of "Dallas," America's chief contribution to the British cultural scene during the 1979-80 season.

"It is undoubtedly the most popular American TV series ever shown in Britain," said BBC-TV spokesman Keith Samuel. "I would say we now have a nation of 'Dallas' addicts on our hands."

Said the The Daily Express in a tongue-in-cheek editorial: "Withdrawal symptoms are bound to set in to such an extent that Britain could clearly be facing its darkest hour."

"Clearly the Cabinet should now convene in emergency session, forget

about budgets and inflation, and debate the crucial matter of the moment — how are they going to get us all through the summer months without ... the man we love to hate, J.R. Himself?"

Britons are not alone on this side of the Atlantic in their devotion to J.R., Miss Ellie and the rest of the Ewing clan.

"Dallas" didn't catch on in Belgium and Spain, but tavern owners in Athens complained that business was bad after 11 p.m. Thursdays when the South Fork phenomenon took over Greece. In Istanbul, the Turks found "Dallas" at home welcome escape from terrorism in the streets.

The Texas series has a faithful following in Zambia, Kenya and Zimbabwe. It's so big in racially-troubled South Africa that Johannesburg movie theaters closed early on Tuesday nights rather than risk competing with the Ewings.

Each week's episode has been shown in Britain about five weeks behind the

The Newspaper Bible

WHY WON'T YOU BELIEVE IT?

And the Father Himself has also testified about Me, though not appearing to you personally, or speaking to you directly.

But you are not listening to Him, for you refuse to believe Me — the one sent to you with God's message.

You search the Scriptures, for you believe they give you eternal life. And the Scriptures point to Me!

Yet you won't come to Me so that I can give you this life eternal!

Your approval or disapproval means nothing to Me, for as I know so well, you don't have God's love within you.

I know, because I have come to you representing My Father and you refuse to welcome Me, though you readily enough receive those who aren't sent from Him, but represent only themselves!

No wonder you can't believe! For you gladly honor each other, but you don't care about the honor that comes from the only God!

Yet it is not I who will accuse you of this to the Father — Moses will! Moses, on whose laws you set your hopes of heaven.

For you have refused to believe Moses. He wrote about Me, but you refuse to believe him, so you refuse to believe in Me.

And since you don't believe what he wrote, no wonder you don't believe Me either."

John 5:37-47

STATE CAPITAL HIGHLIGHTS
By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN — One of the toughest issues the Texas Legislature will face next spring is the permitting of wiretapping by law enforcement officers investigating narcotics trafficking.

Lawmakers failed last session to approve a wiretapping measure pushed by then newly-elected Gov. Bill Clements, but the issue will certainly re-appear for a second turn at bat.

This time Clements and his team will be better prepared.

He has vowed to make anti-drug trafficking legislation a perennial issue of his administration—and included it as one of his "Super Issues" for the promised special session, now called off, in August-September.

He has appointed a Texas War on Drugs Committee and named H. Ross Perot, Dallas multimillionaire, as chairman. Perot, mastermind of the heroic mission which rescued several Americans from Iranian jails last year, lends the committee his expertise and get-fought charisma.

Why the wiretapping bill failed last session is a matter of controversy.

Clements pushed the bill hard, but many legislators who voted against it were unsure of the "safeguards" against abuses which he said it contained.

Safeguards: The Crux

More than one lawmaker explained to the press then that he or she was not going to vote for a wiretapping bill which might lead to the invasion of privacy of law-abiding citizens. It's a tough issue to buck, because to the voters back home, it looks like their legislator is not getting tough on drug crimes.

Clements knows that, and he's going to put them on the spot again: vote for the bill

He was appointed to the federal bench in 1968 by President Lyndon Johnson.

Texas in Energy Post

An assistant attorney general in Texas has been chosen by President Carter to a post on the Federal Energy Regulatory Commission which regulates natural gas.

The appointment of David Hughes, though not official, was announced last week by U.S. Sen. Lloyd Bentsen.

Hughes is currently chief of the energy affairs division and has in the past year directed a lawsuit challenging the constitutionality of the Natural Gas Policy Act of 1978, a key law for the commission he will join.

He may face a tough confirmation fight in the Senate.

Group Auto Insurance

The Texas Insurance Board agreed to let insurance companies sell group auto insurance policies to persons 55 or older starting June 1.

The way for the new policy was cleared by a law passed by the last Legislature, which specified the groups had to be created for a purpose other than getting insurance.
