IT IS A LOT OF MONEY - BUT THAT IS APPROXIMATELY THE AMOUNT SPENT EACH YEAR FOR AUTOMOBILE TIRES BY DEAF SMITH COUNTY AU-TOMOBILE OWNERS!

\$25,680.00

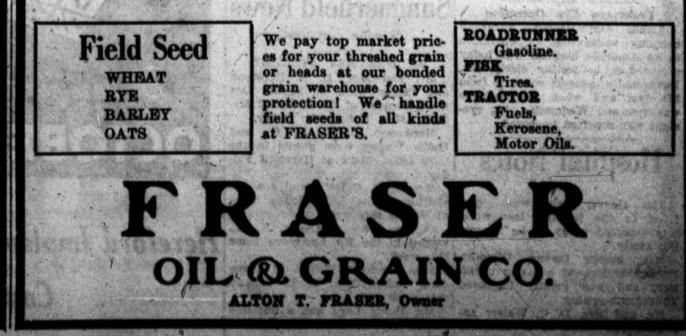

That Sounds Like A Lot Of Money Doesn't It?

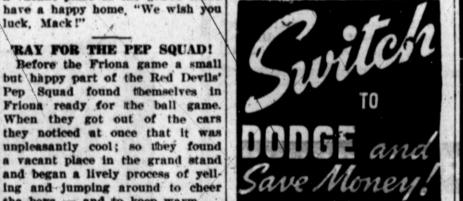

National statistics on the amount of money spent for automobile tires bought in one year show that each passenger car or truck use on the average of \$15.00 worth of tires and tubes. In Deaf Smith County for the year 1937 there were 1231 passenger cars, 126 commercial trucks and 355 farm trucks registered, making a total of 1712 motor vehicles. If each one of these cars or trucks use \$15.00 in tires it would amount to \$25,680.00, not including the thousands and thousands of dollars spent each year for tractor, bicycle, motorcycle and other tires. Of this amount a large percentage has been going to mail-order houses, who do not help the local businesses or the community in the least. Why not check up on your tire needs now and buy them from one of your home tire dealers, whose profits are invested right here at home. Fraser's Oil & Grain Co. is a home-owned institution and will meet or lower mail order tire prices!

We Meet All Mail Order Prices With BARGAINS IN QUALITY TIRES

All you have to do is bring in your mail-order price lists on tires and compare them with Quality FISK Tire prices at Fraser's! Many of these FISK Tire prices are even lower than your mail-order prices and will save you money, besides the extra value, quality and longer mileage you get when you buy FISK Tires! This offer is good until October 10. We have a \$10,000.00 stock of FISK Tires in all sizes and treads. When you buy tires at Fraser's — you have no postage or express to pay and we in-stall them on your car or truck without charge.

Keep Main Street Facing Forward

> A TRIBUTE TO THE RETAIL MERCHANTS OF THIS COMMUNITY

Each of us has an obligation . . . a real debt to the merchants of Hereford. Year in and year out, they bear a fair share of the tax load. Some of them pioneered this town. They've molded it into what it is. On their counters and shelves you find the quality products of the world . . . selling at fair prices.

Let us bear in mind that the dollars we spend with our local merchants stay within the community circle. "Trade at home" is no idle phrase. We urge every citizen to do his or her part in 'Keeping Our Main Street Facing For-ward." And, in the field of printing, keep your jobs in Hereford.
