Stating that letters have been mailed to every citizen of Deaf Smith County, J. C. Ricketts, war finance chairman, today announced that the Fifth War Loan Drive is expected to get into high gear next week.

"Though no official report on bond sales will be made until next week," Mr. Ricketts said, "We know that sales to date have been good, and we are hoping that the county will not only go over the top, but will do the job long before the July 15 deadline."

"Of the county quota of \$375,000, \$170,000 must be sold in Series 'E' Bonds, the chairman explained, pointing out that meeting all quotas will require the 100 per cent cooperation of every citizen in the county. "When you get your letter from the bond committee," Mr. Ricketts said, "We are urging you to go out immediately and buy every bond you can possibly afford—and then buy that bond you can't afford."

"This bond business is an old story," Mr. Ricketts points out, "And there is really nothing new which can be said about the need for buying bonds; the Invasion tells the story of why we should all buy bonds—and we believe that the people of Deaf Smith County are going to come through with an oversubscribed quota."

Continued Dry Weather Needed For Most Crops

More rain, which right now is becoming a definite hindrance to farm work, fell in the Hereford territory last Friday, Saturday and Sunday to bring a total of 1.41 inches in Hereford and to make the two week's rainfall for most of this area average between three and one-half and four inches.

Despite the fears of farmers, no rust damage to wheat has been reported; though rust is present in some fields. This, farmers say, is a usual condition and unless heavy rainfall continues, rust damage will be negligible.

However, since much projected row crop acreage has not been planted and since re-planting will be necessary in many fields, the continued wet weather has been a serious delaying factor in farming operations and warm, windy days right now would meet the weather demands of the entire territory.

Damaging hail fell last Friday in the Friona territory, but as yet no serious hail damage has been reported in the immediate Hereford vicinity. Several electrical storms were experienced last week and some livestock loss was reported at Westway, where Kelly Gray has lost two cows and two horses, and where damage to rural electric lines was also reported.

## Do You Remember?

JUNE 10, 1944

Just as the managers of an arena, situated on the outside of the fair grounds at St. Louis, were in the act of presenting an actual bull fight on the 5th inst., an officer notified them that their performance would not be allowed to come off, whereupon the disappointed audience, consisting of about 2500 people, began clamoring for their money back; and upon their failure to secure it, they set fire to the building, which is said to have cost \$25,000, and burned it to the ground.

The following presents were received by Miss Carmine Coston on her 12th birthday:

A fan and chain, Joe Carter; a necklace, Miss Sydna Rogers; a small lamp, Mrs. Rogers; a pair of buff cochin chickens, Dr. Rogers; a handkerchief, Miss Nora Walters; a cup and saucer, Mrs. E. M. Vanderburgh; a box of stationery, Edna Kellow; a purse, Sallie Wright, silk handkerchief.

Dimple Gass; cup and saucer, Nellie and Mildred Collins; bottle of perfume, Gladys Newman; Jewelry box, Lottie Hough; pair fancy garters, Mabel Gass; white silk dress and ring, Mr. and Mrs. Coston.

On Thursday night of last week while on his return from J. C. Mauk's in the south part of town, Frank Gamble was held up by two unknown men and ordered to get out of his buggy and hold up his hands, whereupon they went through his pockets, relieving him of about \$118 in cash.

The sheriff has been laying for the miscreants but as yet has no clue as to who the criminals were.

There are a number of small boys roaming the streets and back alleys of Amarillo that need attention and need it bad. The first thing their parents know, these boys will be before our courts for violations of law. The record shows that boys permitted to loaf around town in this manner, without any restraint on the part of their parents, invariably land in the penitentiary. Give these boys something to do and bust the seat of their pants if they fail to do it. It takes employment to make men out of boys.—Amarillo Champion.

A land and residence property trade was made this week whereby W. I. Valentine became owner of the Jones and Dameron 320-acre ranch on the creek about three and a half miles east of Hereford and N. E. Gass gets the Valentine home just across the street west of the Baptist Church.

Paul Wright Barnett and Oliver Ray left Monday morning on bicycles for Amarillo to visit relatives and friends. The boys made it to Canyon about noon.

## Miss Katherine Kirby and C. S. Perrin Are Married Here Sunday Morning

In a setting made fragrant with flowers and with the early morning sun shining through the stained glass windows, Miss Katherine Kirby, daughter of Mrs. J. W. Kirby, became the bride of Mr. Carl S. Perrin at the First Methodist Church Sunday morning at 8 o'clock.

The vows were spoken in the presence of a few close friends and relatives with Rev. Marvin Boyd, pastor, officiating.

Background for the ceremony was formed with banks of greenery pink roses and larkspur and at either side of the altar were tall white baskets filled with pink blossoms. A garland of greenery and pink roses decorated the altar.

Mendelssohn's Wedding March was used as the recessional.

## Calcium Chloride Makes Canned Tomato Firm for Slicing

Tomatoes canned with calcium chloride are firm enough to slice or to quarter and serve in salad, but too much calcium chloride will cause the tomatoes to be tough rather than firm; therefore it is important to add

exactly the right amount of the solution for good canning results.

Miss Sadie Lee Oliver, county home demonstration agent, in discussing the use of calcium chloride in canning tomatoes, also points out that the solution is not a preservative or a canning powder; and it will not take the place of regular processing. The only difference is to add one teaspoon of calcium chloride solution along with the salt. You can usually buy small quantities of anhydrous calcium chloride at any drug store. Miss Oliver states, in submitting the following directions for preparing the solution:

"Dissolve 2 1/4 ounces of Anhydrous Calcium Chloride, U. S. P. CaCl<sub>2</sub> (and not Chlorinated Lime or Chloride of Lime)—CaOCl<sub>2</sub>, which is used for bleaching; in one pint of distilled water or in clean, preferably boiled, tap water.

If Calcium Chloride preparations containing water (of crystallization) are used, corrections in weight should be applied in the amount used to allow for water crystallization. "It is better," Miss Oliver states, "to take a clean jar to the drug store and get the druggist to make up the mixture, one pint of which is sufficient for almost 100 quarts of canned tomatoes."

Our boys must keep on fighting—we must keep on buying WAR BONDS until victory is won. Keep on BACKING THE ATTACK.

## YOUR D-Day

Here's a little something to ponder when you make your decision about how many War Bonds to buy in the Fifth War Loan! Pvt. Michael Desimone, 34, a student at the Army's bakers and cooks school in New York, purchased \$18,000 worth of War Bonds as the big city's drive opened. Private Desimone, who used to operate a restaurant in Syracuse, N. Y., says "just being in the Army isn't enough."

# What news will Gen. Eisenhower get from us?

You know now what we've heard from him.

We've heard that Eisenhower and his Americans have hurled themselves like a thunderbolt against the bristling defenses of Hitler's Wehrmacht!

We've heard that they are battering and smashing at our foe—sparing neither steel nor sweat nor blood in one final, furious assault that marks the supreme military effort of this War!

And what news do Eisenhower and his men expect from us?

Men and women of America—what the Invasion is to our fighting men, the 5th War Loan is to us at home!

For us, as well as for them, this is the crisis—the time for tremendous, overwhelming effort! Make no mistake! The 5th War Loan is the biggest, most vitally important financial effort of this whole War!

If the 5th War Loan is to succeed, each one of us must do more than ever before—must buy double . . . yes, triple . . . the Bonds we bought last time.

Our men expect to hear that we are buying double—that we are matching their sacrifice as best we can—that the American nation, soldiers and civilians together, is making one gigantic effort to win this War!

That's the news our men expect to hear from us. Will you personally see that they get it?

And here are 5 more reasons for buying Extra Bonds in the 5th!

1. War Bonds are the best, the safest investment in the world!
2. War Bonds return you \$4 for every \$3 in 10 years!
3. War Bonds help keep prices down.
4. War Bonds will help win the Peace by increasing purchasing power after the War.
5. War Bonds mean education for your children, security for you, funds for retirement.

## A Father's Thoughts...

Because I am his father, they expect me to put grief away; Because I am a man, and rough, And sometimes short of speech and gruff, The women folks at home believe His absence doesn't make me grieve; But how I felt, they little know, The day I smiled and let him go, They little know the dreams I had Long cherished for my sturdy lad; They little guess the wrench it meant That day when off to war he went; They little know the tears I checked While standing, smiling and erect; They never heard my smothered sigh, When it was time to say good bye, "What does a father think and say?" When neighbors ask from day to day, "Oh, he's a man," they answer then, "And you know how it is with men, But little do they ever say, They do not feel the self-same way; It seems indifferent and grim, And yet he's very proud of him," Indifferent and grim! Oh, heart, Be brave enough to play the part, Let not the grief in you be shown, Keep all your loneliness unknown, To you the women folks must turn For comfort when their sorrows burn, You must not at this time reveal The pain and anguish that you feel, Oh, tongue, be silent through the years, And eyes, keep back always the tears, And let them never see or know My hidden weight of grief and woe, Though every golden dream I had Was centered in my little lad, Alone my sorrow I must bear; They must not know how much I care, Though women folks may talk and weep, A man, unseen, his grief must keep And hide behind his smile and pride The loneliness that dwells inside, And so, from day to day I go, Playing the part of man, although Beneath the rough outside and grim, I think and dream and pray for him; "Oh, make us worthy, God we pray, To do Thy service here today; Endow us with the strength we need For every sacrificial deed." —Exchange

# THIS WEEK... AT THE USO

When the men left for Washington last week there were as many service men and civilians to see them off as there were going. It was a royal send off. We hope that was the last of the good-byes. We would much rather welcome the men than send them off.

The USO has been fortunate this week. Bouquets of roses have been furnished by Mrs. Edelson, Mrs. Lyons and Mrs. Dyer. The men and their wives have appreciated them, and some of them even took a few blossoms to camp with them.

**WANTED**—a pianist. The camp orchestra is desperately in need of a civilian to help them out. Volunteers please step forward! A soldier's wife left a high chair with us and we promised to sell it for her. Come in and see it!

The sweet notes you hear as you pass the USO each morning are coming from a saxophone played by P-Mate 1-c Jack Kelton. He is in Hereford at the home of his brother, Dr. C. D. Kelton. After 15 years of show business, he joined the navy and was wounded in action in the Solomons. The last seven

months were spent in a hospital where he couldn't practice on his sax very well. While recuperating in Hereford he is making up for lost time by practicing three to four hours a day.

The USO did a little better last week. But there is still room for improvement. Let's do our part in the war effort located in our midst!

If the entertainment committee doesn't plan an entertainment of some kind for Friday night, June 16th, there will be a quiz contest at the USO. Watch the bulletin board for particulars. Come and win some of the prizes. The questions aren't hard and we do have fun. If there is an entertainment planned the quiz contest will be held Monday the 19th.

Miss Hertha Baer arrived Saturday from New York where she has been attending school. She will spend several weeks here before returning to complete her school work. She is the daughter of Mr. and Mrs. Gaston Baer.

### Jumbo MRS. SAM HUNTER

This rain-every-night business is getting to be a habit, it seems. For those farmers having row crops up it's fine except that the weeds are getting a good start, but many, who must replant, are hoping for dry weather. People who have business elsewhere are having trouble getting there, some even spending the night on the road. On the whole though we haven't been consulted, most of us are ready for some sunshine. Mr. and Mrs. C. C. Hunter visited Mrs. Hunter's parents,

the Mobleys, at Muleshoe Sunday.

Home from college at Texas Tech is Wilda Bales, daughter of Mr. and Mrs. A. O. Bales.

Jimmie Dyer, son of Mr. and Mrs. P. H. Dyer and a 1944 graduate of Dimmitt High School left Friday for his Marine training base. Jim enlisted in the Marines some time before school closed to be called after graduation. Other high school graduates from this community were Raymond Mobley, who is working on the farm while waiting for his call from Uncle Sam; Mary Gene Dyer, who plans to enroll in W. T. S. C. this fall; and Helen Caison, whose plans are indefinite. Another graduate is Virginia Simpson, who finished her nurses training at St. Anthony's School of Nursing. After two more weeks in the hospital in Amarillo, she will be home for a few weeks rest before going to her work.

An account of the celebration of the first anniversary of the commissioning of his ship, together with a copy of the ship's Log for that day, giving highlights of the year's service, was received here last week from Ens. M. L. Simpson, Jr. The ship has seen a variety of service, covering 55,000 engine miles in her 4000 hours of travel time, and M. L. is quite proud of the Log, of which he is author.

A gift party at the home of Mrs. Louie Olson on Tuesday afternoon, June 6, honored Mrs. Lonnie Wayne Adams, a recent bride. Other hostesses were Mrs. G. W. Duncan and Mrs. Glen May. The guests were entertained with a program consisting of a toast to the bride by Mrs. Addison Hunter, vocal selections by Louise Simpson, and a piano number by Mrs. Finis Hunter after which the honored guest was conducted on a treasure hunt by Mrs. Olson, in the course of which she discovered many lovely gifts. The following guests signed the guest book: Mesdames E. C. Hewitt, E. C. Hewitt, Jr., G. D. Caison, Albert J. Hunsley, Albert May, Anne Hunter, M. L. Simpson, Finis Hunter, J. J. Wilder, S. M. Hunter, H. C. Baird, Addison Hunter, George Robertson, Elvin Wilson, George H. Reeves, Ardeen A. Bowman, Marvin Spencer, W. W. Adams, Doyle Adams, Bill Bowman and Misses Helen Caison and Barbara Anne Hunter.

This community spent Invasion Day in work, in listening to news broadcasts and in earnest prayer for the boys who are carrying on the attack against Hitler's European Fortress. From beside every radio, fervent prayers ascended for the success and safety of our troops, with an especial thought for our own kids in England: Pvt. Billie Dyer of the WAC, and Pfc. Cyrus Andrew and Pvt. John Hardy Wood of the army.

The Fifth War Loan Drive gets underway this week and Mrs. M. L. Simpson, community bond chairman, has asked that we remind you to let her send in your application for bonds or that if you buy your bonds at the post office or bank, you ask that the community be given credit for the purchase. Our community quota is \$5856.00, and it will take all of us, working together, to reach it.

Effective July 1, 1944, we will discontinue the payment of interest on Time Deposits (except those which have not reached maturity dates and these will be discontinued as they do mature.)

In view of the fact that U. S. War Bonds carry a higher rate of interest than Time Deposits, we hardly feel it is practical for us to continue these time deposits with the present shortage of help.

We wish to thank all of you who have favored us in this line in the past, to invite you to see us for your War Bonds — and to assure you that we will be glad to resume Time Deposits when they're again practical and advantageous to our customers.

## What News Will These Kids Get from YOU?

You know what we heard from them on June 6.

We've heard that these American boys have hurled themselves like a thunderbolt against the bristling defenses of Hitler's Wehrmacht!

We've heard that they are battering and smashing at our foe—sparing neither steel nor sweat nor blood in one final, furious attack that marks the supreme military effort of the war!

And what news do these men expect from us?

Men and women of America—what Invasion is to our fighting men, the 5th War Loan is to us at home!

For us, as well as for them, this is the crisis—the time for tremendous, overwhelming effort! Make no mistake! The 5th War Loan is the biggest, most vitally important financial effort of this whole war!

Our men expect to hear that we are matching their sacrifice as best we can—that the American Nation, soldiers and civilians together, is making one gigantic effort to win this war!

That's the News those men are expecting from us! Will you PERSONALLY see that they get it?

**Bowman is Promoted**  
Bill Bowman has been promoted to the rank of tech. sergeant, according to news received last week by his parents, Mr. and Mrs. C. C. Bowman. Sgt. Bowman is a base mechanic in a quartermaster truck company and is stationed in England.

**Takes Instructor Course**  
Lt. Richard Ireland, son of Mr. and Mrs. E. S. Ireland, has arrived at Randolph Field, San Antonio, for training in Central Instructors School.

Central Instructors School, a function of the AAF Central Flying Training Command, is the only one of its kind in the nation. It teaches selected pilots the technique of flying instruction so that they can go to flying fields throughout the country as instructors of aviation cadets.

Come to think of it, R. D. has sent us a couple of Seabee papers and this greeting, so maybe we'd better call this week's column our personal message to Sewell.

**Herefordites Like Argument**  
Cpl. J. T. Carroll is in England—and just can't get used to some of the English ways, judging from a recent letter in which he tells of the difficulties of shopping. "The trick is to get into town before the stores close," writes Cpl. Carroll, "and when one does get to town they may be closed for some sort of holiday. They seem to have one every other day over here. If they aren't closed for a holiday, they are closed for tea."

In fact, Cpl. Carroll states that even the street cars stop when they pass the conductor's house at about five P. M. . . . and go in for a pot of tea.  
Cpl. Carroll encloses a clipping from an English newspaper (maybe Hereford, England) and it seems that the British cousins are having quite a battle of letters over the question of whether red headed persons are deceitful and unreliable. Among claims made is included the alleged fact that Judas Iscariot had red hair and that "the fat of red headed persons used to be in request as an ingredient for

Mrs. J. C. Williams

The revival meeting closed Sunday morning with good attendance throughout the week in spite of muddy roads and threatening weather. We have received very beneficial rains.

Mrs. E. R. Sparkman and Mrs. Ralph Comer were hostesses to a bridal shower Tuesday afternoon honoring Mrs. Glenn James. Many useful and pretty gifts were presented her.

Mr. and Mrs. Ramsey Crow were in Tulla Tuesday.

Miss Dorothy Mae Rhodes of Jumbo spent a few days with her sister, Mrs. Glenn Williams and attended church services while here.

Mr. and Mrs. Jim Bagwell made a business trip to Texline and Dalhart Wednesday and Thursday.

Carolyn and Sue Bagwell attended the birthday party honoring Sharon Rothwell at her home in Dimmitt Thursday afternoon.

Mr. and Mrs. Vern Lust made a business trip to Amherst Thursday afternoon.

Naturally such all-inclusive statements could not go unanswered and two red heads from Hereford answered the letter by terming its writer "a doddering, wizened old crab" and urging him to "come down to Hereford and get the cobwebs out of your ancient eyes."

Which maybe goes to prove that Herefordites the world over are a contentious crew—and anything from prairie dogs to carrot-tops can get them started.

Pfc. Jap W. Dickerson, who is stationed at the Harlingen Army Air Base, passed over Hereford while on a recent flight to Denver. Dickerson said that the old home town looked good and he wished he could have stopped for a few minutes.

### Mrs. Whitehead Buys Charm-Aid Studio From Ruth Houser

Mrs. Imogene Whitehead this morning took over operation of The Charm-Aid Studio, which she purchased from Ruth Houser, who has operated the shop for the past several years.

Mrs. Whitehead, who has owned a shop in Hereford in the past and has also been employed in other shops in the city, is well known to Hereford people and is a thoroughly experienced beauty operator. Miss Katherine Hamm will continue to be employed at the shop.

The same lines of cosmetics and supplies will continue to be handled at the Charm-Aid and the same careful personal service will continue to be given, Mrs. Whitehead states.

Troy Womble left Saturday for Temple for a check-up at Scott-White Hospital at Temple. He was accompanied by his daughter, who will also go through the clinic there.

first time in several months.  
It's going to take action to put Deaf Smith County over the top on the Fifth War Loan—but dreams have had a part in the campaign, according to Grant Fuller, who dreamed the other night of a war bond advertisement—and is running his "dream advertisement" for Kemp Lumber Company this week.  
Until further claims are entered, Cecil Wilkins can put up his sign as the champion "late radio fan" of Hereford. For Cecil was up, twisting the dial for news casts last Tuesday morning when the invasion was announced. Furthermore, he makes a habit of this early morning radioing.  
Mrs. F. B. Crenshaw of Brownwood is in Hereford for a visit with her daughter and son-in-law, Mr. and Mrs. Frank Lucas, and with a grandson, F. L. Lucas who is home on leave from San Diego, Calif., where he is stationed with the U. S. Navy.

### First Aid With Death Singing Close

An American trooper is shown administering to a comrade struck down by Jap bullets while breasting the surf in the initial landing at Wakde, Dutch New Guinea. The casualty was held up and pulled ashore by soldiers around him, who are shown, left and right, flattened to the beach to escape the fusillade. Only the first aid man's head is up. He's risking death to keep the wounded man alive.

Mrs. L. R. Brady returned last week from Missouri where she has spent the last month for medical treatment. Mrs. Brady spent the four weeks in Dr. Nichol's Sanitarium at Savannah where a physical check-up showed her to be in good condition. She was accompanied by her sister, Mrs. M. O. Meeks, of Amarillo.

From here he will report to Lincoln, Nebr., for assignment as a gunner-radio operator on an Army Air Corps combat crew.

**Hereford Boys Meet in India**  
Two Hereford boys in service met by accident in India. They were T-Sgt. Arthur Thompson and Capt. J. M. P. (Mutt) Vaughn. T-Sgt. Thompson has been in Calcutta for the past two years and Capt. Vaughn has just recently arrived there. He stopped at the Calcutta base for information and one was as surprised as the other. Capt. Vaughn, an Army Air Corps flyer, is in the force under the command of Lord Louis Mountbatten.

Sgt. Thompson is the son of Mr. and Mrs. Arthur Thompson, and Capt. Vaughn is the son of Mrs. Al Vaughn.

Benny LeGrand Womble, son of Mr. and Mrs. Troy Womble, will leave Sunday to report for duty in the U. S. Navy.

**Captain Pinckert "Calls"**  
The F. L. Pinckert family had quite a bit of excitement one day not long ago when their son, Capt. Ovid Pinckert, an instructor in the Army Air Corps, paid them a visit by air. Though unable to land, Ovid circled the house and dipped his wings in salute to his parents, who were very happy to "see" him.

Miss Lois Agnes Gilbreath left yesterday for New York for a two weeks visit. She was accompanied by a friend from Dahlart whose home is in New York and with whom she will visit while there.
