Sights and Faces Seen

Mrs. Berry Orr is absolutely sure that the quality of honesty is not dead; for last week she received a letter from her son Brooks, who is in the Navy in the Pacific; and the letter was water-soaked and the envelope so torn that a five-dollar bill Brooks was sending home was sticking out of one corner—but the money got here.

And Pink Gilliland says "Amen" to Mrs. Orr's opinions about honesty. He sent a shirt to the laundry and remembered, after the bundle was gone, that there was a \$5 bill in the pocket. He didn't mention the loss to anybody and was a very surprised man when the shirt came back with a well laundered and ironed bill still in the pocket.

Mary Frances Autry, who has been working in California, is returning to Hereford to be associated with her mother, Mrs. Owen Finlan, in the operation of the new Health Spot Cafeteria.

Maybe she always had an ambition to be a newsboy, anyway Mrs. H. E. Miller is just about the best salesman The Brand ever had, according to friends who say that she sold Brands all over El Paso and on the international bridge to Juarez when she accompanied her husband, a shrine candidate to El Paso a couple of weeks ago.

Miss Braden Supt. Of County Hospital

Miss Evie L. Braden of Paris, Tex., is the new superintendent of the Deaf Smith County Hospital, where she takes the place of Mrs. Lois Whitaker. Mrs. Whitaker has resigned because of the expected return of her husband from overseas duty with the Army.

In announcing the appointment of Miss Braden, Bob Wilson, business manager, states that the hospital is fortunate in being able to secure so well-trained and highly recommended a nurse for the superintendent's position.

Miss Braden has served in the Army Nurse Corps and for three years was night superintendent of All Saints Hospital in Fort Worth.

Whitface-Blackhawk Tilt Becomes Tradition But Herd Yearns to Break Traditional Result

Already the sportscribes are giving the Phillips Blackhawks the edge in their coming bi-district battle with the Hereford Whitefaces, but on the basis of the season's record the Whitefaces will enter the fray on Dec. 7 with their best chance of tilting the mighty Blackhawks since 1942. And a crew of determined kids in maroon and white jerseys will be out to avenge the defeats suffered by Whitefaces in 1940, 1941 and 1944 at the hands of the mighty Blackhawks.

To even past scoring records the Herd would have to roll up a staggering 94 points—which looks a little high even to the most enthusiastic Whiteface fans; but nevertheless the 1945 Herefords will be out to turn in a more decisive win than the 7-7 tie which they won on first downs in 1942—the best Whiteface year to date.

Herd Atomized in 1940
A glance at past grid history shows that the Whitefaces bowed to Phillips by a top heavy 40 to 0 score in 1940. And the score would undoubtedly have been worse for Hereford if the Phillips coach had not used his second and third strings beginning in the second quarter. The Whitefaces made eight first downs to 14 for their opponents.

Thanksgiving Program Meets With Approval

Hereford's Thanksgiving programs honoring local servicemen and returned veterans went off smoothly last Thursday and the committee in charge expressed pleasure in the great degree of interest shown in the program.

A good crowd attended services at the Christian Church, where music was presented by the Music Study Club and Col. E. A. Simpson of Amarillo was the principal speaker. In paying tribute to the men who have fought the war, Colonel Simpson urged support of universal, compulsory military training as a safeguard against future war.

Approximately 140 veterans and servicemen attended the dance at the recreational hall of the P. O. W. camp on Thursday night.

"Every committee in charge of the program did its job well and on schedule," said Bob Wilson, expressing the appreciation of the general committee to every individual who helped in planning and carrying out the program.

County to Employ Vet Service Officer

Deaf Smith County Commissioners have voted to employ a special veterans service officer, County Judge Fred W. Baird announced this week, stating that the office is being created in response to local demand and in accordance with a law revised by the last session of the state legislature.

Most counties now employ a veteran's advisor, Judge Baird said, pointing out that anyone chosen for the job must undertake special training which will make him an expert on every phase of veteran's benefits and rights. No advisor has yet been employed by the county, Judge Baird said.

Function of the Veteran Officer is to advise veterans (of World War II or any other war) as to their claims, pensions, educational and loan programs, hospitalization or any other benefits under the GI Bill of Rights or other programs for veterans.

While good stands of wheat are reported all over the county, the situation right now is characterized by need of moisture to get a good cover on the ground and also to provide grazing, according to County Agent A. R. Bateman.

Although rain is needed, states Bateman, very few farmers with irrigation wells have turned water into the wheat fields; and he advises that irrigation.

Approved Conservation Practices Listed by Deaf Smith AAA Committee

Conservation practices for which payments will be made in 1946 were listed this week by the County AAA Committee, which decided on the list of approved practices with the assistance of Bill Clutter of the Soil Conservation Office and County Agent A. R. Bateman.

A total of \$162,082.78 has been allotted to Deaf Smith County for conservation payments in the coming year, and practices approved are those which the committeemen and government farm specialists chose as being most useful and most popular in this territory, with the biggest allotments going to payments for various types of summer fallowing and contour cultivation.

The following is a list of the approved practices, together with the rate of payment and total allotment for each practice.

Building of earthen dams, paid for at a rate of 10 cents per cubic yard for a total of 20,180 cubic yards; total allotment, \$2,018.

Reservoirs, 38,557 cu. yds, eight cents, \$3,484.76.

Bond sales in Deaf Smith County were limping this week as only a little more than a week remained in which to meet a total quota of \$250,000, including \$50,000 in Series E Bonds.

Sales of E bonds amounted to \$49,218.75 and total bond sales in the county amounted to only \$103,247.25 early this week, according to T. E. Seigler, chairman of the drive, who urged Deaf Smith County citizens to dig into their pockets and make the campaign a "Victory Drive" in fact as well as in name.

Deaf Smith County, which has far exceeded its quota on every previous bond drive, has no less serious a responsibility in the Victory Drive.

As pointed out by the Treasury Department, the flow of war expenditures cannot be turned off like a spigot with the arrival of victory. Men cannot be left stranded overseas. The nation has an obligation to help restore its wounded veterans to health and security; it must provide educational benefits for veterans who desire such training. Pensions must care for those widowed and orphaned by war. The government must settle war contracts, help industry return to a peacetime economy.

These are the bills of victory. They will be paid—but only if (Continued on Page 12)

DECEMBER 1, 1905

Responsive to a previous call an enthusiastic citizens' meeting was held at the court house on Tuesday evening. . . By unanimous consent Jno. P. Slaton was elected chairman, to outline purposes of the meeting, which were in substance as follows: To devise ways and means of grading and macadamizing Dewey Avenue from the Railroad three blocks north, which includes the entire business district.

EDUCATIONAL COLUMN: In the recent balloting of the Hall of Fame judges, Whittier was chosen and Poe was rejected. . . This decision leads the Spectator of London to say that the preference is remarkable if literary genius is to be taken as a test of merit. The decision seems to indicate that not genius alone but character also is an indispensable passport to the Hall of Fame.

W. A. Ricketts who ranches south of town, was a welcomed caller at this office Monday. Mr. Ricketts . . . is devoting a goodly number of acres to wheat this year. He already has 25 acres which is in a promising condition.

THE CAR THAT'S REALLY NEW!

1946 OLDSMOBILE

OFFERING THE NEW GENERAL MOTORS HYDRA-MATIC DRIVE

NO CLUTCH PEDAL

Hydra-Matic Drive is a combination of a fluid coupling and a fully automatic transmission. Gears shift automatically through all four forward speeds, and there's not even a clutch pedal in the car!

WITH MANY NEW ADVANCEMENTS

"Look to Olds For All That's New!" Look to America's oldest motor car manufacturer for the newest, smartest thing in 1946 models—and the newest, simplest way to drive. The 1946 Oldsmobile, with General Motors' new and finer Hydra-Matic Drive, is here now—for all to come and see!

And it's truly NEW in every sense of the word. The appearance is different from any previous Oldsmobile—with newly tailored lines, smart new front-end design, and newly appointed Bodies by Fisher. The performance is new, due to smoother and livelier "Fire-Power" engines. There are many new advancements throughout

the chassis to provide greater ruggedness and reliability.

Hydra-Matic Drive is new, too. First introduced by Oldsmobile in 1939, and thoroughly battle-proved in fast Army tanks during the war, this great General Motors development has now been made even finer, smoother, and longer lasting than ever . . . for the new 1946 Oldsmobile.

Miss Saltzman Weds Mr. Fangman

In a simple ceremony in the St. Anthony's Parish Rectory, at 10 o'clock Tuesday morning, Nov. 20, Miss Rosie Mae Saltzman, daughter of Mr. and Mrs. Fred Saltzman, became the bride of Sylvester Fangman, son of Mr. and Mrs. H. F. Fangman. Father Albert Heald, S. A., performed the marriage ceremony. After the nuptial vows were exchanged, the entire bridal party attended a High Mass in their honor with Father Albert as celebrant. Father James Salvi, S. A., played and sang a Gregorian Mass and "Sonnod's" Ave Maria.

In her hair she wore a halo of blue roses with a shoulder length matching veil. Her corsage was of white carnations. Mike Betzen was best man.

The bride was attired in a white net gown with a silk spider web lace bodice, a full gathered skirt, and short puff sleeves. Her double finger tip veil was held in place with an orange blossom halo. She carried a bouquet of pink Sweetheart rose buds on a white prayer book. Her only ornament was a string of pearls, a gift of her father.

After the wedding a reception was held at the country home of the bride's parents where a three-tiered wedding cake was served to the bridal party and friends. A dance at the club house complimented the couple that evening.

Roberts-Baize Nuptials Solemnized

On Thanksgiving Day at 3 o'clock at the Baptist Church in Summerfield, Miss Dorothy Roberts, daughter of Mr. and Mrs. Perry Roberts, became the bride of Horace Baize, son of Mr. and Mrs. A. E. Baize of Fayetteville, Ark., with Rev. C. T. Jordan officiating at the ceremony.

Mrs. L. B. Lookingbill played the wedding music. Tall floor baskets filled with white chrysanthemums and pastel shaded asters against a background of greenery and autumn leaves decorated the church.

Miss Roberts wore a winter-white suit with matching hat veiled in brown and brown accessories. She carried an orchid on a white Bible and to carry out the something borrowed and blue tradition, the borrowed Bible held a blue ribbon marker autographed by her grandmothers. Her grandmother's gold necklace was her something old.

Miss Doris Roberts was her sister's maid of honor. She wore a gold colored suit and a single white chrysanthemum as a shoulder bouquet. Harold Baize served his brother a best man.

The table at the home of Mr. and Mrs. Ray Johnson where a reception was held following the ceremony, was laid with a Quaker lace cloth and centered with an arrangement of white chrysanthemums and white tapers. Misses Billee Ray Johnson, Jewell Clark and Christine Merrill served the three tiered wedding cake.

After the reception the bride donned a misty-red woolen suit for traveling and the couple left for Oklahoma and Arkansas to visit his people. They plan to live in Hereford, and upon their return he will be employed in the post office.

Mrs. Baize is a graduate of Crosbyton High School and he is a graduate of the Littlefield High School. At the time he entered service he was attending Texas Technological College. At the time of his discharge he was a sergeant in the Army, having spent five years in service with part-time overseas duty.

Out-of-town guests at the wedding included the bride's grandparents, Mr. and Mrs. J. W. McDonald of Crosbyton, Mr. and Mrs. J. F. Roberts and Mrs. Hubert Curry and daughter Kay, also of Crosbyton; Tom B. Smith of Pampa and the bridegroom's grandparents, Mr. and Mrs. A. J. Wiggins of Hereford.

Yellow flowers were featured in all appointments. The tea table was centered with an arrangement of yellow and white chrysanthemums and decorated in yellow tapers in crystal holders. Mrs. H. R. Close and Mrs. Donald Henslee presided at the silvery tea service and Mrs. Blanton was in charge of the bride's book.

Receiving the guests were Mrs. Hastings, the bride and her mother, Mrs. L. H. Lookingbill; Mrs. Frank Lookingbill and Mrs. L. H. Lookingbill, Jr. The invited guest list included 100 friends and relatives of the newly wedded couple.

Our greatest ambition as a youngster was to wear long pants. Now, if there is anyone who wears them any longer we'd like to see him.

Miss Avis Matthews-J. B. Harlin Wed

Miss Avis Matthews, granddaughter of Mrs. W. R. Matthews, was married to John B. Harlin, son of Mr. and Mrs. J. B. Harlin, in the First Baptist Church on Thanksgiving morning at nine o'clock. Rev. R. H. Cagle, pastor, officiated.

Hemlock and ivy formed the background for white gladiol and chrysanthemums at the altar. White tapers burned in seven branched candelabra. Tapers were lighted by Miss Arrie Smith of Amarillo and Miss Frances Young.

Miss Thelma McMinn played a short pre-nuptial prelude and accompanied Mrs. Billie Roberson who gave "Indian Love Call" on the violin, and also accompanied Mrs. C. J. Mountz who sang "I Love You". The traditional wedding marches were played by Miss McMinn and "I Love You Truly" was played softly during the ceremony.

Miss Glennis Cockrell of Amarillo was the bride's only attendant. She wore a blue dress with a pink split carnation bouquet. Gwynne Owen, cousin of the bride-groom, served as best man. Ushers were Eugene Matthews and Gerald Wilson.

The bride, who was escorted by her uncle Ted Matthews, wore a dress of aerol cloth in ivory-white fashioned princess style with sweetheart neckline and long sleeves. She wore a single orchid as a corsage and her only ornament was a strand of pearls which provided her something old and borrowed.

A reception was held afterward in the home of her grandmother. The table was laid with a cut-work and lace cloth brought home from Africa by the bride-groom's brother, Harold Harlin. The tiered cake was banked with white chrysanthemums, and completing the centerpiece of the table were blue candles in crystal holders.

Mrs. Jack Roberson served the cake and Mrs. Gerald Wilson and Marie Williams presided at the silver service. Mrs. L. J. Matthews and Mrs. Travis Matthews assisted in serving. Thornton Shirley was in charge.

It's Big-It's Beautiful-It's BUICK

THIS, we reasoned, is no time to offer folks a car that stops with artful face-lifting. It has been nearly four years since our last new Buick was built — it wouldn't be shooting square now to give you less than our honor-bright best. So we overhauled our whole factory to advantage it with the latest in war-developed machines and processes. We scoured the country for the stoutest metals anyone can buy today. We set ourselves precisions that in some cases exceed those of aircraft engine production. And we eagle-eyed every one of this Buick's 12,000 parts to see if it could be bettered in any way, big or little. The result is that through every stunning inch of this bright new honey runs solid, dependable Buick character, honest and uncompromised. It's in swift clean lines. In seats that are three-persons wide. In stout, time-defying frames and underpinning. Above all — in the lift and life of a Fireball straight-eight that's even livelier than in 1942. The cars your Buick dealer will have are big. They're beautiful. They're Buicks. In fact — the best Buicks yet!

Willoughby's Ship Claims Firsts
 Ens. John I. Willoughby, 210 East 4th St., Hereford, Tex., had the distinction of serving on the miscellaneous vessel USS CITY OF DALHART which has a number of "firsts" to her credit through her operations in the Pacific.

The CITY OF DALHART was the only Naval vessel to serve as headquarters for a Seabee outfit. Her crew and Seabee passengers also constructed the first recreational area at Guam.

Another "first" for the vessel was when her officers and crew turned her into the first "boxing arena" at Guam, staging championship bouts between sailors, Marines and Army personnel.

In her role of miscellaneous vessel, the CITY OF DALHART served as a headquarters ship, wholesale grocery, communications center, movie theater, shuttle boat terminal, hospital, dental office, drug store, bakery, shoe store, restaurant, ice cream parlor, barber shop, and "grand hotel" for many a Pacific fighting man enroute from one duty station to another.

In addition to all this, she carried out her regular role as a fueling ship, taking care of 500 ships in a year.

FACTS . . . for the VETERANS

(AMERICAN RED CROSS NEWS SERVICE)

(Bernard L., World War II veteran, enlisted in the Navy on his 18th birthday. During the time of his active service in the Pacific, he was seriously injured when a Japanese flying bomb struck his ship. He married about a year ago and his first child was born a short time ago.

Seaman first class Bernard, hospitalized for four months, expects to be discharged in the very near future. At the time of induction, he made application for \$10,000 National Service Life Insurance, naming his mother as beneficiary. Recently his

wife received a letter from him in which he said he might not be able to carry so much insurance after discharge. On receipt of the letter, his wife called on the home service chairman of her local Red Cross chapter, asking for counsel in the matter.)

This insurance problem is characteristic of those facing young veterans who had little employment experience prior to their entry into service. These men are concerned with their employment future and their ability to carry what seems to them a large amount of insurance. A veteran should not attempt to convert his insurance until he can decide what amount monthly he can meet from his income.

In the present case, the home service chairman of the local Red Cross chapter advised the wife to write her husband asking him to continue his insurance for the time being; make

the necessary change in beneficiary, if he so desires; and not to worry about his employment future or his ability to carry the insurance until he comes home.

The American Red Cross is prepared to assist the disabled veteran financially to carry his government insurance pending the settlement of his claims. Other benefits obtainable through the Veterans Administration, including vocational rehabilitation, pensions, and employment service, also are available to this veteran to help him solve problems that are of deep concern to him.

Your local Red Cross chapter, with offices in the courthouse, Hereford, is prepared to give you counsel and assistance with reference to benefits available to veterans and their dependents.

What's Back of My Gas Burners?

A thousand years ago, the Chinese used natural gas fuel for evaporating salt brine. They transported the gas in bamboo tubes. Thus, in those days, the gas business was simple. Now, however, it has become complicated and technical, utilizing many scientific devices and processes.

Since natural gas service so vitally affects your daily life, we believe you would enjoy knowing more about it. Therefore, we plan to publish a series of four advertisements which will attempt to explain how natural gas is brought from its deep-underground reservoir to the burners of your gas appliances. Due to space limitation, the story must be brief and over-simplified. The drawing at the left will help you follow the gas on its travels.

Most of our gas comes from Hutchinson, Moore, Carson and Potter Counties in the Panhandle Gas Field, one of the largest in the world. We purchase some gas in Ector County for use in the southern portion of our system. In the Panhandle Field gas wells are generally drilled by the "rotary" method, so named because of the rotating motion of the drill bit. A modern rotary drilling outfit costs from \$100,000 to \$200,000.

The hard steel drill bit is the cutting tool which drills down through successive strata of shale and rock. Screwed to the top of the bit is a string of hollow, round drill pipe which in turn is screwed into the bottom of a hollow, square pipe known as a "Kelly." The Kelly works through a square hole in the rotary turntable. Thus, when the engines spin the turntable, the Kelly, the drill pipe and the bit also spin, and the bit cuts its way downward. Heavy pumps force drilling mud down through the hollow Kelly and drill pipe, through perforations in the bit, then outside the pipe and back to the surface, carrying with it the cuttings from the bit.

As the bit moves downward, additional joints of drill pipe are added below the Kelly.

When the gas producing horizon is reached, a string of steel pipe, known as casing, is inserted in the hole from the surface of the ground to the top of the producing horizon. After running the casing, cement is run through the casing and forced out around the bottom in order to prevent the gas from escaping around the outside of the pipe. Then the well is drilled into the gas-producing horizon.

A steel derrick, capable of supporting weights of 200 tons or more, is used to support the drill pipe during drilling and the casing when casing is being installed. When the well is completed, the derrick is removed. In its place is installed a "Christmas Tree," an odd-looking assembly of valves and fittings necessary in producing, testing and maintaining the well.

EXPLANATION: 1—Drilling derrick. 2—Christmas tree. 3—Meter House. 4—Field gathering line. 5—Field compressor station. 6—Absorption tower of gasoline plant. 7—High-pressure main transmission line. 8—Town border station. 9—Intermediate pressure line. 10—District regulator station. 11—Low-pressure line. 12—Gas meter. 13—Your yard and house piping.

THIS WEEK ... AT THE USO

Our USO, was honored this week by an official visit from Donald H. Hogan, Regional Di-rector of USO, Mrs. Hogan ac-companied him, and it was nice having them.

Pvt. Walker, who was former-ly stationed at the POW Camp, came in for a brief visit. He had with him his wife, and they were enroute from points in California to their home in Tennessee. While here he made inquiry about a number of the men who had been at the camp, and especially asked about Cap-tain Davis, who was his com-manding officer.

S-Sgt. Glen Dunlap, brother of Mrs. Walt Plonski, was a vis-itor this past week, he was on his way to his home, which is Bakersfield, Calif. He had re-cently returned from 38 months service in the Pacific War theatre.

We are glad to report that Don, the son of Lieutenant and Mrs. Lindley, is making a speedy recovery, from his recent ill-ness and is gaining in weight. He is in the hospital at the POW Camp.

Sgt. Garnett, returned from Fort Bliss, the latter part of the week, proudly wearing on the right of his blouse the 'Homing Pigeon'. The Garnetts left Tues-day for their home in Kentucky. Mrs. Garnett, did secretarial work at the POW Camp, and he was connected with the Quar-ter-master Dept. We are really glad to miss the Garnetts but every good wish follows, as they return to their home and to civilian life.

Pfc. Stone returned Saturday, from a furlough. Reports are that the wife and family are well and happy, and that soon he hopes to return to his home in Kentucky for Good.

Pvt. Bill Legliter, one of the fellows that drives the bus, has been in the hospital with a very bad throat condition. We are happy to report that he is much improved, and that within a few days he should be back on duty. Cpl. Jim McDaniel, has been 'pinch-hitting' for Bill, on the bus.

Major and Mrs. Mattie have returned from a trip to Big Spring, and Lubbock. Mrs. Mat-tice reports a most enjoyable trip.

Captain and Mrs. Bredberg, made a week end trip to El Paso, to attend to business. They were happy upon their return to be informed that the Captain's German-police dog had been found. The dog had been miss-ing from his quarters for about a week.

We welcome Mrs. Montague and Mrs. Brannon, to our shell-craft classes, and luncheon hours. They have each made some pretty articles.

Sgt. Bill Phipps, made the trip to El Paso, with the large group of Masons which went from the local Masonic lodge. Bill, really did himself and his associates proud, as he was se-lected to be the candidate for the 14th Degree. He and Art Manjeot really have some in-teresting stories to tell.

Cpl. Kirt Meacham, returned Saturday from his furlough. Mrs. Meacham and the child-ren did not return and we are certainly going to miss them in the USO. Mrs. Meacham, was one of our most faithful attend-ants at shell classes, and to any other USO activity. Especially will we miss our USO baby Meacham. Truly she was the light of the Hereford USO.

Mrs. Mattie did a splendid job as general chairman of the Shell-craft Exhibit. She was assisted by Mrs. Williams, who served as secretary. A large number of lovely and attractive articles were displayed. The following is the list of ribbon awards;

M-Sgt. and Mrs. Avery have left the POW camp for vacation, after which he will re-enlist in the armed services.

We were happy to make the acquaintance of Master David Eugene Halstead. He is a fine baby, and it was nice having him and his mother for a visit.

A scenic folder of Pennsyl-vania, reached us this week, mailed by Mr. Dunn, (ex Pfc Dunn) while enroute to his home in New York City.

Congratulations to Mr. and Mrs. Allen upon the arrival of their son. The proud father is now wearing the Homing Pigeon pin, and is at the present time doing secretarial work in the office of the Colonel.

Expressions coming from the men at the POW camp on the Thanksgiving service, and en-tertainments for the day are praise-worthy. Many said they had the best time that they have had at any time or any thing while in Hereford. Thanks fellows, we wanted all to en-joy the day with all its signifi-cance. Also thanks to the POW Camp officers for their hearty co-operation.
