T. A. McKinzie of Hugo, Okla., new manager of Furr Food has been in Hereford a week and says he likes it here fine, especially the people. His wife and four sons will come to here as soon as he is able to find a house. Mr. McKinzie replaces Buck Owens, who is moving with his family to Marysville, Calif., near Sacramento where he will operate his own grocery store. The Owens family plans to leave Sunday.

New employees in the E. C. Eubanks office helping out during the income rush season are, Phillip Minear of Midland and Miss Marjorie Tumlinson. Mr. Minear was accompanied here by his wife and at present they are staying in the home of her mother, Mrs. E. P. Drury.

For the third time in the five years which he has been here, C. D. Hardesty says one of the large plate glass windows of Southwestern Public Service blew out Saturday during a strong gust of wind. The glass had been cracked the week before when employees entered the back door which allowed a strong north wind to blow through the office. The Saturday gale did the trick and a new plate glass will have to be installed.

LOST: Two pairs of "rose colored glasses" specs with rose-colored frames, that is, recently by two young girls at different times. They would like the finders to return them but as one of the girls said, "I don't expect to get mine back, as too many disillusioned people are looking for just such glasses to give them a new out-look on life."

The First Baptist Church has just purchased 24 new modern-looking folding tables to be used in the dining room which will facilitate the serving at banquets, big dinners and smaller affairs.

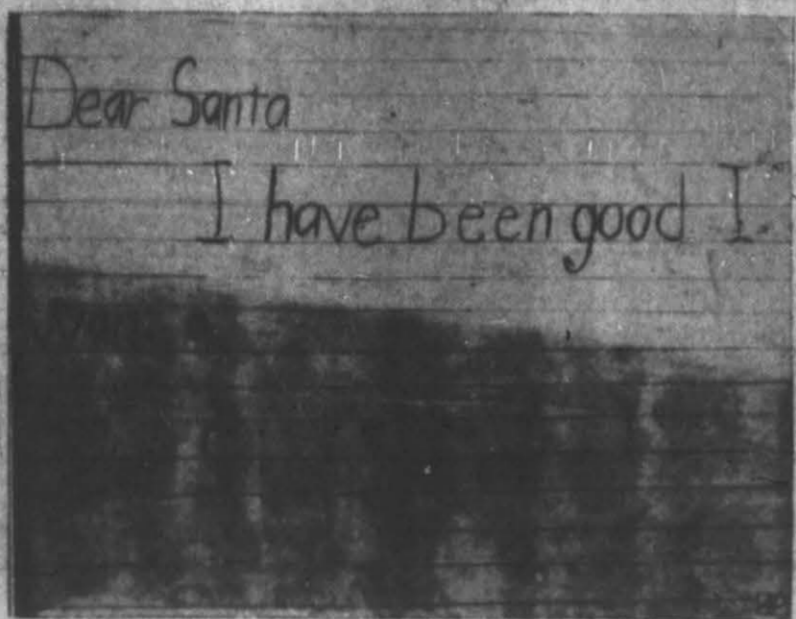

Mrs. Eula Lee Cave has been employed by Carl McCaslin Lumber Co. and will be in charge of the wall paper department. She will offer consultation service in addition to library service as well as complete files for reference. Mrs. Cave has had training in interior decoration and those who know her say she has her heart in her work.

Merchants' windows this year, you will notice have a tendency to turn red and silver or red and gold decorations, warmer colors than the popular frosty blue and silver, which has been so predominant the past years.

When the cab driver called Alec Thompson at 2:30 in the morning things looked mighty lousy for a few minutes. He had a passenger, a Mrs. Roland, whose husband had just come to Hereford and worked for the Brand but he didn't meet her

SANTA WON'T GET LAD'S LETTER

Santa won't get 6-year-old Emilie Landeros' letter. "Dear Santa: I . . . " he wrote on a bus en route home from school in San Antonio. The lad was injured fatally when struck by a truck as he darted from the bus, the unfinished letter clutched in his hand. To the right, two unidentified men carry the lad from the scene of the accident. Above is Emilie's unfinished letter. Associated Press Photo.

High School Issues Financial Statement On Athletic Receipts

The financial statement issued by Hereford High School Monday regarding athletic receipts and expenses for football season showed a cash-on-hand margin of \$303.21.

Superintendent George Graham pointed out, however, that football jackets would be ordered in the spring and paid for from this account and that the athletic department also included track and basketball expenses.

Balances Made Annually Fiscal year balances for the school are made annually Aug. 31 for all receipts and disbursements.

Football expenses this year included payment of a \$1014 note on the football stadium which is the final payment on the new Whiteface Memorial Stadium, built last year at a cost of \$7800. Expenses also included some \$400 spent on the new concessions building and repairs to the field house and playing field.

The gate intake at Whiteface Field is split on a fifty per cent basis with the team they are playing just as Hereford receives half of the gate at out of town games. This is true of every game except Friona and Panhandle, which this year were contracted. Hereford paid Friona \$55 for playing here and received \$50 for playing at Panhandle.

Largest local receipt was at the Perryton game which was \$1,236.55, and included sales of gate tickets, reserved seats, programs and parking fees.

Not Certain Of Jackets' Cost Graham was unable to determine the exact cost of football jackets which annually are awarded to lettermen. He estimated they would cost about \$12.50 apiece and probably would be 15 to buy, which lead to a tentative cost guess of \$187.50 more in expenses.

RECEIPTS	
Balance brought forward	315.71
One half net gate receipts from other schools	1095.26
Contract with Panhandle	50.00
Gross gate receipts home games, including sale of programs, reserved seats, etc.	4924.00

Architect Here On Hospital Business

William R. O'Connell, architect for the State Hospital planning division of the Texas State Health Department, met with local citizens at 1 p. m. Tuesday at the County Hospital to confer on federal aid for the hospital building fund.

With members of the Commissioners' Court, the Hospital Board and Chamber of Commerce present, they discussed federal grants for completion of the new hospital unit, re-decorating the old unit and equipping both.

The board submitted a plan calling for \$59,502 in aid for O'Connell's approval. Chamber of Commerce secretary O. F. Cowart pointed out that this visit does not constitute a grant but is the official starting point in receiving federal aid.

SOLVES QUIZ-DISPUTE

BUENOS AIRES (AP) — Quiz program directors here don't have to rack their brains any more to think up new prizes. And manufacturers won't get any more free publicity out of supplying them, either. The federal government has just come out for same prize giving. Its definition of same is "postal savings bank certificates, postal savings stamps, school books or school equipment" other prizes are banned.

Full Slate of Officers Is Re-elected By Agriculture Conservation Group

In Monday's election the complete slate of officers who served as Agriculture Conservation Committee during 1948 were re-elected to their position. Faust Collier, manager, announced.

In the largest balloting ever held in the local office, N. E. Gass was re-elected chairman, Paul Mathers, vice-chairman, Ed Adams, committeeman and H. H. Caraway and Palmer Norton, first and second alternates.

Officials Form Policies Officials serve an annual term to form the policies and plans of the ACA. They administer farm programs, set up local crop acreage goals, approve payments and spending of funds under the conservation program and in general supervise the local farm program.

This year for the first time the ballots contained two slates of candidates and space for write-in candidates instead of only one suggested name in each office and write-in blanks.

No write-in candidates were nominated on the ballots but well distributed, Collier said, explaining that a voter could mark a straight slate or a split ticket. A big majority of ballots were mailed in although the office was open Monday for polling.

Of the five re-elected, N. E. Gass has served the longest continual term, being elected in 1942. Paul Mathers has served since 1943, being at that time re-elected having worked with the old board. Ed Adams, put in office last year, has been on the board the shortest time.

Majority of Ballots Mailed A big majority of ballots were mailed in although the office was open Monday for polling. Of the five re-elected, N. E. Two Nabbed In Store Burglary

David Hodkins, 26, and Raymond Lewis Baggs, 16, were being held by authorities at Fort Sumner, N. M. Wednesday in connection with the burglary of the Dawn Mercantile Company, occurring sometime Monday night or early Tuesday morning.

Authorities at Fort Sumner said the two admitted the burglary, Sheriff R. S. Reese reported Wednesday morning. Sheriff Reese said Baggs had admitted to New Mexico officers he was an escapee from an Oklahoma reformatory.

Loot included a dozen cartons of cigarettes, about \$15 in a jar and \$2 in pennies taken from a cash register, the sheriff said. Entry was made through a window on the north side of the building. The break-in was discovered Tuesday morning.

Eight Indictments Returned at Session of District Grand Jury

Eight indictments ranging from swindle by worthless check to automobile theft and burglary were returned by the District Grand Jury during a one-day session Monday at the County Court House.

The pair was arrested in Pecos, Texas shortly after a series of burglaries here the night of Nov. 7. That night an automobile also was stolen in Hereford. After being returned here Bigford and Graham admitted the burglaries here and stealing the car, according to Sheriff R. S. Reese, who said the men also told him of having committed

burglaries in New Mexico and Arizona. The burglary indictments were returned in connection with the break-ins of the Baker Gun and Key Shop and the John Wood Equipment Company here Nov. 7.

Childrens' Yule Holidays Will Start When School Is Dismissed Tuesday

Twelve Christmas holidays for the school children will begin when schools are dismissed Tuesday.

George Graham, superintendent, confirmed the dates Monday, and Father Albert Heald, S. A. said St. Anthony's Parochial School would celebrate the same holidays.

The longed-for occasion will be preceded by annual Christmas parties, Tuesday afternoon in classrooms of Central and Junior High Schools.

Central School classrooms have been decorated for days. Primary grades colored Santa Claus pictures, decorated paper Christmas trees and cut out wreaths and candles to put around their blackboards. Christmas trees hung with the traditional baubles, tin foil icicles and candy canes were put up several days ago.

Classroom parties will be the final event before school is dismissed. In former years the Santa Claus parade and party was held the day school was out, but this year the date was moved up.

High School students will not have class parties Tuesday. Their holiday activities are marked by stunt night Monday and special radio broadcasts of Christmas music sponsored by the Glee Club.

Buckalew Issues Traffic Warning

Police Chief F. S. Buckalew announced a traffic-safety crack-down which this week caught two speeding drivers and one reckless driver in the round-up.

Declaring local drivers had become so careless they were a menace to public safety, Buckalew issued a warning to motorists to watch their speed limits and stick to traffic laws, obeying stop lights, stop signs and admitting right-of-way at intersections.

The city ordinance establishes the legal speed limit, within city limits at 20 miles per hour," Buckalew stated. "The state law says it shall not exceed 30 miles per hour, but gives each town the right to lower that maximum speed if it sees fit, and Hereford exercised their priority making 20 miles per hour the legal limit."

Highway travel outside the city limits is 60 miles maximum in daytime and 55 maximum at night, but highway travel within the city limits falls under city jurisdiction and regulation.

Highway travel outside the city limits is 60 miles maximum in daytime and 55 maximum at night, but highway travel within the city limits falls under city jurisdiction and regulation.

VETERINARIAN SAYS—

Good Water For Stock Important

COLLEGE STATION — Cattle need water. That's something people have known and believed for a long time. Certainly cattle need water—and so do all the other animals. People too.

The thing is, says Dr. W. C. Banks, extension veterinarian of Texas A&M College, cattle need water that is clean, fit to drink, and located where the cattle can get to it without much trouble.

During the winter time, when the lakes and ponds freeze over, cattle have a hard time getting any water. And when they do get it, the water's too cold. It's a good idea, when possible, to warm up water for cattle during the cold months. The water doesn't have to be too warm, but the cattle will drink more of it if the water is brought up to 50 or 70 degrees.

Sometimes there just isn't enough water for livestock. That's when trouble really begins. Take this past dry spell during the summer and fall. On a number of farms and ranches, the usual reliable tank went dry. Result: water had to be hauled in, or the cattle were forced to walk long distances to get it.

Water is important in the proper digestion of feed, good milk production and the normal growth of cattle, says Dr. Banks. Many veterinarians give several buckets of water as part of a treatment to ailing animals. Many of the digestive troubles clear up faster when the animal is given plenty of good water.

Ten gallons of water a day is about what cattle normally drink. When they don't get this much, trouble may—and usually does—start. This is especially important during the winter time when cattle are fed only dry feed, says Dr. Banks.

1948 Family Doc

Dr. William L. (Buck) Pressly, of Due West, S. C., is the nation's "Family Doctor of the Year."—A former baseball player who dropped his sports career to become a horse-and-buggy doctor, he was selected at the American Medical Association's meeting in St. Louis. In his 33 years of practice, he has delivered 4,200 babies.

WITNESS CONFIRMS CHARGE

DARMSTADT, Germany (AP)—Witnesses waiting outside a courtroom to testify against a black market meat slaughterer were startled when a prosecution witness offered to sell black market sausage.

When another witness reported this inside the courtroom, the prosecutor rushed out but the black market salesman had left.

Mr. and Mrs. Foster Hill of Higgins, visited here with the O. G. Hills last week and transacted business while here.

JUMBO NEWS

L. E. Edwards, Brother of Mrs. Glen May, Back From Venezuela

By MRS. GLEN MAY
L. E. Edwards returned Monday from a six months stay in Caracas, Venezuela. He is employed by the Texas Petroleum Company. Edwards is a brother of Mrs. Glen May and is here to spend the holidays with the May family.

Several families in the community attended a pot luck supper at the E. L. Adams home in Hereford Friday night. After supper, games of "42" were played and the children in the group attended the show.

PERSONALS

Ruth and Mary Elizabeth Glass of the First Baptist Church will hold the annual Christmas party in the home of Mrs. H. E. Miller Friday night at 7:30 p. m.

Mr. and Mrs. Rufus Dodgen and children of Shamrock were week-end guests of her sister, Mrs. O. P. Cowart and her aunt, Mrs. Seth B. Holman.

Mr. and Mrs. Dodgen were here to attend the christening of Mr. and Mrs. Cowart's little daughter, 4-months old Lou Ann, which was conducted by Rev. Russell Wingert at the Presbyterian Church Sunday morning.

Mr. and Mrs. T. L. Reynolds and daughters Delores and Betty and Mr. and Mrs. C. W. Clark of Tuttle, Oklahoma, spent the past week-end in the home of Mr. and Mrs. Phillip Miller. Mrs. Reynolds and Mrs. Clark are Mr. Miller's sisters.

Mrs. W. M. Wood and three children left Tuesday morning for their home in Portland, Ore.

Mrs. Wood, who was the former Miss Annie Fitzhugh Parker, was accompanied by her mother, Mrs. G. A. F. Parker. Mrs. Parker will make an extended visit with her daughter and family.

Former residents, Mr. and Mrs. Harry Yost visited Mr. and Mrs. J. H. Pitman this week. Mr. Yost was at one time a partner of Pitman's here in the real estate business. They were enroute to Phoenix, Ariz. to visit other friends.

Miss Mettie Lee Roots of Wayland College at Plainview spent the week-end with her parents, Mr. and Mrs. R. T. Roots.

C. W. Reeves, who once attended high school here, and now attends the University of Denver was in town this week on his way home for the holidays.

Mr. and Mrs. Travis Caraway and daughters, and Mr. and Mrs. Jimmie Mercer and daughter plan to leave Saturday morning for California where they will spend the holidays with their sister, Mrs. Arthur Housley and family also their mother, Mrs. Josie Funderberg. Mr. Housley is recovering from an attack of polio which occurred about two months ago. Mrs. Funderberg has been visiting her daughter for some time.

Home for Christmas are Miss Linnea, French and brother, Doyle of the University of Denver, Colo. They will spend the holidays with their parents, Mr. and Mrs. J. M. French. Doyle is junior class president this year at the university and both he and Linnea are quite active in class activities there.

Rotarians from Hereford attending the Charter Night Banquet and program of the Dumas Rotary Club Monday night were Faust Collier, J. M. French, Ben Childres, Bert Neelley, Roy Ford, Ernest Wade, Aubrey Smith and Hugh Bookout.

Mr. and Mrs. Frank Bonesio of Avon, Ky. left this week for California where they will spend the winter. Mr. and Mrs. Bonesio have been visiting their daughter-in-law, Mrs. Elizabeth Bonesio and grandson, Mickey, for the last three weeks.

Mrs. Ira Scott Is Honored on Birthday

Mrs. Ira Scott was honored on her birthday with a chop suey supper party in the home of Mr. and Mrs. V. E. Dodson Saturday evening. Focal point of table interest was the birthday cake which revolved on a musical plate which played "Happy Birthday" throughout the meal.

Games of bingo were enjoyed after the supper with the honoree receiving all the prizes. Guests attending were Messrs. and Mesdames Leon Coffin, D. R. Weaver, Willie, Mac and Vicki Weaver of Canyon, Neal Lauder of Happy, H. V. Lee of Amarillo, St. G. Elliott and Suzanne of Happy, Bert Coffin, Judy and Myrna Lou, Ira Scott and children and the hosts, Mrs. I. W. Scott of Canyon was also a guest.

KEISELBACH ELECTED

CANYON—A. G. Kieselbach, professor of art at West Texas State College, was elected vice-president of the Art Division of the Texas State Teachers' Association during its meeting last week in Dallas.

Old Icelandic, spoken in Iceland and Greenland, is closely akin to Norwegian.

FORD MERCURY

Paris Service,

There's No Place Like "Home" For Ford - Mercury Service

The service you get from your car will be largely determined by the service you give it. To help assure yourself best performance and economy, be sure to bring your car "back home" to us every 1,000 miles, or at least once a month, for lubrication, inspection, wash, and service when necessary. Minor services and adjustments when needed will help you avoid many costly, major repair jobs.

We give you more service for your Ford . . . to help you get more service from it! Our mechanics are Ford Specialists. They are carefully trained to employ factory-approved service methods and work with factory-recommended service tools and facilities.

Around Town... Musical Talent From High School In Review at Lions Club Luncheon

(Continued from Page 1)
bus and she didn't know where she was. Could Alec help?

Miss Mae had rented a house to the Romanas that day, now the cab driver knew to call him. Alec doesn't know, but he says he didn't mind being awakened at 2:30 Tuesday morning, says he had to get up and answer the phone, anyway.

Mrs. Joe Reinauer sent her seven year old son to the Brand office to pick up her Christmas card, and the boy happened to be here when she called. Mrs. Lama Beavers, waiting on the boy, also answered the phone and after the telephone conversation she turned to the child and said, "Is Mrs. Reinauer a relative of ours?"

"Nope," said the boy, "she's just my mother."

Mr. and Mrs. H. Waldron Melton announce the birth of a daughter, Lynne Adair, weight six pounds, born Wednesday, paternal grandparents are Mr. and Mrs. Henry Melton and maternal grandmother, Mrs. E. D. Fox of Amarillo.

Musical talent from high school was presented in a review for the Lions Club at its regular luncheon meeting Wednesday at the Lions-Rotary Hall. Some talented young musicians entertained with songs, and instrumental numbers.

Two band trio numbers which will be given for the public at the band concert tonight were played for the Lions. "Palms in Florida" by Chenette, was the cornet trio by Purris Williams, Bill Kelly, and Clinton Cates. They were accompanied by Jane Welch.

The clarinet trio, consisting of Jane Welch, Doris McGee, and Perry Cates, played variations on "My Bonnie" by Chenette. Their accompanist was Leta Deane Springer.

Young Williams, son of band director F. F. Williams, also played a cornet solo, "Cornet Polka," by Vanderook.

Vocalists presented were freshman Marilyn Barkley and eighth grader Charles Whitehead-Marilyn, a soprano, sang "Lavender Blue" and "Once Upon a Wintertime." Charles sang "Sylvia" and "On the Shore." Both the vocalists were accompanied by Jane Welch.

Christmas Concert Slated For Sunday

Members of the Voco Club of Miss Marie Mae Swisher's Studio of Singing will present a Christmas concert at the First Methodist Church Sunday afternoon December 19, at 3 o'clock. The public is invited to attend.

A Christmas program of songs and ensemble singing, church music and the traditional carols will be featured. Mrs. John Jacobsen Jr., Pat Youts and Mrs. Cliff Estes will be the accompanists.

Those who will participate in the program are Sandra Childers, Donald Witherspoon, Twila Springer, Carol Snead, Franklin Springer, Duane Walker, Wayne Walker, John Benson, Jerry Witherspoon, Irene Witherspoon, Roy Murphy, Bill and Fayawayne Murphy, Don Nelson, David Goldston, Charles Whitehead, Clayton Rutter, Nancy Lee and Carolyn Lee, Louise Simpson and Jane Welch.

Ants, bees, wasps, saw flies, gall-wasps and Ichneumon flies are all members of the same insect family: hymenoptera.

U. S. Participation in European Pact Would Be Far Step From Tradition

By CLARKE BEACH

WASHINGTON—If the United States joins the union of Western European nations in a North Atlantic security pact, it will be taking its farthest step away from traditional American isolationism. Never before has this country joined European countries in a military defense agreement in time of peace. It has religiously followed George Washington's caution in his Farewell Address:

"It must be unwise in us to implicate ourselves by artificial ties in the ordinary vicissitudes of her (Europe's) politics, or the ordinary combinations and collisions of her friendships, or enmities."

It was such a proposal which proved Woodrow Wilson's undoing when he sought to get this country to join the League of Nations. The Senate turnout was based primarily on Article X of the League Covenant, particularly the word "preserve":

"The members of the League undertake to respect and preserve as against external aggression the territorial integrity and existing political independence of all members of the League X X X."

Military And European
We have joined other American republics in defense agreements with European nations in trade and economic pacts. But this Atlantic Union proposal is military and European. It would commit us morally to take part in World War III if it came. Its sponsors in Congress and in the State Department look upon it, however, as a measure to safeguard the peace. A strong commitment like this, followed by the necessary military preparations, would serve to deter an aggressor, they say, while disunion and unpreparedness on the part of the Western democracies might tempt a designing nation to seek a conquest.

George Washington's advice was sound, they say, but only as applied to the problems of his time. We have twice learned that we are inevitably drawn into any world war, they continue, and now we are faced with a new danger—the worldwide threat of Communism. The consequences of our joining the Atlantic Union are freely admitted by its sponsors.

Higher Military Expenditures
It would mean increased military expenditures. Formation of the union would be an empty and dangerous gesture if each country did not strengthen its forces as much as possible. There would be mutual assistance, but most of it would inevitably come from the United States.

Estimates of the cost to us of military supplies for the Western nations in the first year range

from \$1,000,000,000 to \$3,000,000,000.

Our own armed forces, says diplomatic sources, should not be weaker than planned in last year's military program. And some experts now say that the \$15,000,000,000 defense budget which the President is said to contemplate would not provide money enough to make possible the expansion which was planned last year.

2. We would be committed to resist aggression in Europe. This doesn't mean that we would pledge ourselves to go to war, as that would be unconstitutional. We can go to war only when Congress has declared war.

It is likely, according to well informed officials, that the U. S. will agree to a pledge similar to that made with the American republics at Rio de Janeiro on Sept. 2, 1947. That agreement provided that "an armed attack by any state against an American state shall be considered as an attack against all American states." And in case of attack, all the nations would immediately join for consultations as to the next step.

Monroe Message Recalled
The idea of U. S. armed resistance to foreign colonization or invasion of any independent Western Hemisphere nation is not new. It was implicit in the doctrine which President Monroe laid down in his message to Congress in 1823. It was broadened in the Act of Chapultepec in 1945, when the American Republics as a group agreed to look upon an attack against any of them as an attack upon all. It was this act which Sen. Vandenberg (R-Mich.), chairman of the foreign relations committee, sought to preserve when he was helping to draw up the charter of the United Nations. He and others there insisted that the charter include a statement that the United States endorsed regional arrangements.

Such a regional arrangement for the Western Hemisphere was later formalized in the Reciprocal Assistance Treaty at Rio de Janeiro.

If the U. S. joins the Atlantic Union, and if some nation invades one of the member nations within the next two years, the people of this country would have no further chance to ex-

press their opinion as to the issue of peace or war. It would be up to Congress to implement the agreement; and a new Congress will not be elected until 1950.

Diplomatic officials say, however, that the people have expressed widespread approval of such a pact in letters and editorials. They add that public opinion detectors find that the public's chief concern is over the cost in dollars and the effect on taxes. Both major parties included in their platforms in the last campaign an endorsement of the principle of the Atlantic Union.

Legume Planting Reduces Rot Root Losses in Cotton

COLLEGE STATION — Losses from root-rot disease are markedly reduced following rotation of cotton with certain legume crops, according to research results just released by the Texas Agricultural Experiment Station.

Findings of a 5-year study conducted at the Temple sub-station are given in Bulletin 699 entitled "Control of Cotton Root Rot by Sweetclover in Rotation." Sweetclovers best adapted to growing conditions in the central blacklands of Texas are Melilotus indica and hubam. Both were used in the rotation experiments reported in this bulletin as winter and combined winter-summer crops.

Rotation with hubam that is grown to maturity at least once every third or fourth year was found the best means yet known for the control of root rot in the central blacklands.

In addition to a larger yield of cotton through disease control and increased soil fertility, hubam provides additional farm income when used as pasture for livestock or when harvested as hay or seed.

Authors of the bulletin are E. W. Lyle, formerly plant pathologist of the Temple station; A. A. Dunlap, head of Texas A. & M.'s Department of Plant Physiology and Pathology; H. O. Hill, now superintendent of the Station's Bluebonnet Farm, and J. R. Johnston, superintendent of the Temple station.

Coconuts are imported to this country in two forms: whole and shredded. Both are processed in the United States.

Farmers Busy Repairing Fence Damage Done by Severe Winds

By MRS. W. R. MOORE
Farmers of this community have been busy fixing fences following the severe winds of last week.

Mr. and Mrs. R. C. Hardesty of Fort Worth; Mr. and Mrs. Bill Adams and daughter, Sammie Ruth of Amarillo; and Mr. and Mrs. B. M. Hughes of Plainview visited in the home of their sister, Mrs. Belton Finney recently.

Mr. and Mrs. C. M. Gresham of Amarillo visited in the home of their daughter, Mrs. E. T. Allred Sunday.

Mr. and Mrs. F. E. Finney made a business trip to Plainview Saturday.

Mr. and Mrs. E. W. Shugart and daughter, Carolyn, of Canyon visited in the J. T. McClain home Sunday.

Joe Stafford is visiting in Seymour for a few days.

Henry Moore of Seymour visited in the home of his brother, W. R. Moore, Saturday night.

Belton Finney and sons are helping Edd Sharp near Wildorado with the threshing of his row crop.

Mr. and Mrs. Leon Ledfelder and daughter, Myrna Lee of Vega were guests in the W. R. Moore home Sunday night.

Junior Miller of Marlow, Okla. is helping W. R. Moore with the sacking of his feed this week.

Mr. and Mrs. Oscar Hunt attended the stock sales in Amarillo Monday and Tuesday.

Johnnie Lee McBroom, Dick Axe and James Olsen attended the P. F. A. contest meeting in Canyon Saturday.

Billy Moore and Truman Price attended a Pep Club banquet in Hereford Friday night.

LEGAL NOTICE

THE STATE OF TEXAS
To: T. B. Armstrong, the unknown heirs and legal representatives of T. B. Armstrong, deceased; Mrs. T. B. Armstrong; and the unknown heirs and legal representatives of Mrs. T. B. Armstrong, deceased.

GREETING:
You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 31st day of January, A. D. 1949, at or before 10 o'clock A. M. before the Honorable District Court of Deaf Smith County, at the Court House in Hereford, Texas.

Said plaintiff's petition was filed on the 12 day of November, 1948.

The file number of said suit being No. 3109.

The names of the parties in said suit are: Clarence Dixon as Plaintiff, and T. B. Armstrong; and the unknown heirs and legal representatives of T. B. Armstrong, deceased; Mrs. T. B. Armstrong; and the unknown heirs and legal representatives of Mrs. T. B. Armstrong, deceased as Defendant.

The nature of said suit being substantially as follows, to wit:

For the title to and possession of the Northeast 1/4 of Section No. 26, Township 2, Range 1 East of a Capitol Syndicate Subdivision, as shown by plat thereof of record in the Deed Records of Deaf Smith County, Texas; and being located in Deaf Smith County, Texas, and containing 160 acres of land; and for such title of said land under statutory trespass to try title allegations and also under the Ten and Twenty Year Statutes of Adverse Possessions and Limitation of the State of Texas by virtue of the continuous, peaceable, open possession of all of said land for such periods of time under claim and assertion of fee simple title thereto; for general and special relief in law and in equity.

Issued this the 14 day of December, 1948.
Given under my hand and seal of said Court, at office in Hereford, Texas, this the 14 day of December, A. D. 1948.

R. L. THOMPSON, Clerk District Court, Deaf Smith County, Texas.
By LUCILLE POSEY, Deputy.

(SEAL) 51-4c

CARD OF THANKS

Your comforting expressions of sympathy will always be remembered with deep gratitude.
Mr. and Mrs. L. J. Straufus
Carl and Loretta and Hilda Straufus

W. C. Freeman, 92-year-old grandfather of Bob Sullivan, passed away at his home in Levelland last Wednesday. Mr. and Mrs. Sullivan attended the funeral services held in Pampa Friday in the chapel of the Duepl-Carmichael Funeral Home.

Personal

Mr. and Mrs. H. C. Baird returned this week from Waxahatchie where they visited their daughter and family. Dr. and Mrs. John King, Mrs. Baird spent several weeks there before returning home with Mr. Baird who recently went down to bring her home.

Miss Cecelia Guseman arrived this week from Colorado where she attends the University of Denver. She will spend the holidays visiting her father, C. T. Guseman and other relatives here.

Mr. and Mrs. J. R. Overstreet and Mr. and Mrs. Tom Carter attended the Amarillo-Odessa game in Lubbock last Saturday.

Mr. and Mrs. F. Y. Moreman met her sister, Mrs. E. W. Bennett of Hollis, Okla. in Amarillo last week for a brief visit. Visiting in the home of Mr. and Mrs. J. R. Overstreet last week were their friends, Mr. and Mrs. W. E. Culbertson of Delvan, Ill. The Culbertsons who were accompanied by a friend from New York were enroute to California for the winter.

Mrs. Lena Teeter returned to Woodward, Okla. Sunday after spending last week here visiting friends and transacting business.

Deaf Smith County Riders Club Plans Yule Party Saturday Night

Deaf Smith County Riders Club will hold its Christmas party Saturday night at the club house with games and square dancing to entertain the 47 members and their wives.

Plans for the party were made at the regular meeting Thursday night held in the Lions-Rotary Hall at the City Hall with Hugh Clearman in charge.

The party will begin at 7 p. m. and each person is to bring a gift cost not to exceed 75 cents, for distribution at the Christmas Tree Celebration. Each couple is also to bring a pie and half a dozen sandwiches. After the evening's entertainment the remaining pies will be auctioned off for Sunday dessert, to replenish the club's dwindling finances, Mrs. Pat Lawhon explained.

Committee for the entertainment as made up of Mrs. Lawhon, Mrs. Ralph Sears and Joe Kendall.

Committee Reports
At the December business meeting, held regularly on the second Thursday in each month, the Benevolent Committee made its report on the distribution of funds received from the call in November. Chairman Woody Wilson and committee

members Mrs. Lee Hopson and Mrs. Don Webb said a 200-dollar check had been sent to the high school cafeteria and 1000 dollars had been given to the Welfare Association to buy blankets and Christmas packages.

Director Candidates Named
The nominating committee named three candidates to the Board of Directors, to take the place of three retiring directors, Jim Neill, Ky Lawrence and Joe Kendall were chosen unanimously to serve.

The seven-man board was set up on a two-year term basis, to establish a rotating directorship. Next year four new members will be elected. The directors who will serve another year are Miss Nell Spradley, Mrs. Pat Lawhon, Wylie Roberson and Jeff Roberson.

The three retiring directors are Pat Lawhon, W. J. (Bill) Smith, and Hugh Clearman.

The Riders' Club was organized in October of 1947 with Smith as its first president. Shortly thereafter he moved from Hereford and the vice-president, Hugh Clearman, was chosen to succeed him until the end of this term.

New officers will be named at

Warning Against 'Winter Complaints' Sounded By Doctor

AUSTIN, Texas — Every mother is familiar with childhood illnesses known commonly as "summer complaints," but many mothers fail to realize that the winter season brings its quota of "winter complaints" from which young children must be carefully protected.

In stressing this important fact, Dr. George W. Cox, State Health Officer, says: "Certain winter diseases are just as harmful and just as likely to make their appearance as summer ailments, unless children are safeguarded against them."

In the group of winter health hazards, Dr. Cox included influenza, colds, tonsillitis, pneumonia, bronchitis, asthma, and diphtheria when no immunization has been given.

Any such disease affecting a child's respiratory or breathing system is apt to be very serious and in many cases is fatal. Pneumonia often develops from a neglected cold, or may follow a severe case of measles or whooping cough. Bronchial conditions may also prove to be an after effect of these diseases, and certainly these respiratory illnesses are much more difficult to combat than the digestive disturbances commonly called summer complaints.

"These winter diseases are especially dangerous to babies and very young children," Dr. Cox said. "Nearly all of them are spread from the secretions of the nose and mouth. Children not in good health are naturally more susceptible than those who are

stronger, and the first line of defense is to keep the child's resistance built up to the highest possible point; the second is to keep him under competent medical supervision, and the third is to make sure that they avoid contact with persons who have coughs and colds."

The Lions Club furnished equipment for tests and has backed the project for a number of years with this year's program stressing a more intense research in qualities of the vision of school children.

Hereford Students Behind Those From Dawn In Recent Sight Tests

An outstanding contrast in the high rating of the Dawn school compared to Hereford schools in a visual survey just completed, was revealed Dr. Milton C. Adams said this week.

Sponsored by the Hereford PTA the tests were made of pupils from the third grade through high school grades.

Pupils of the Dawn school had a much higher average than did those of Hereford schools, Dr. Adams said and offered the following statistics:

Dawn had 26 satisfactory tests to four borderline cases, which may test satisfactorily when the test is made again in February Dr. Adams said. Three unsatisfactory tests may also test satisfactorily, he added.

Figures for Hereford were grade, 389 satisfactory, 82 borderline and 272 unsatisfactory or deficient; junior high, 155 satisfactory, 87 borderline and 122 unsatisfactory; high school, 132 satisfactory, 64 borderline and 101 unsatisfactory. St. Anthony's school, 51 satisfactory, 17 borderline and 22 unsatisfactory.

Dr. Adams explained many of the borderline and unsatisfactory cases may prove satisfactory when given professional attention or if a weakness was caused by a cold or run down condition it may be cleared by the time another test is made.

The Lions Club furnished equipment for tests and has backed the project for a number

of years with this year's program stressing a more intense research in qualities of the vision of school children.

Miss Helen Ann Snyder, daughter of Mr. and Mrs. Glenn Snyder was slightly injured in a skiing accident recently while skiing on Baker Mountain at Stephen Pass near Seattle, Wash. She is able to be up and about and back at work at the YWCA where she is employed.

Mr. and Mrs. R. G. Blue returned home Monday night from Oklahoma where they attended funeral services for Mr. Blue's step-father.

Mr. and Mrs. E. B. Bradbury of Kansas City were visitors in the home of Mr. and Mrs. J. A. Pitman this week.

Whiteface Band Will Give First Public Concert of Season Tonight

The Hereford Whiteface Band will present its first public concert of the season tonight at the High School Auditorium offering a varied program of musical selections including marches, overtures, and waltzes.

The program begins at 8 p. m. and admission is 25 cents for students and 40 cents for adults.

Bandmaster P. F. Williams will present both his Junior High and High School Bands in concert. The younger group will play first on the program offering two Ed Chenette arrangements, a march, "Promotion," and an overture, "Assembly Hour."

Two trio selections will be the features of the senior band portion. A three clarinet arrangement of "My Bonnie" by Chenette will be played by Jane Welch, first clarinet; Doris Mc-

Gee, second clarinet and Perry Cates, third clarinet.

"Palms of Florida," a cornet trio also arranged by Chenette will present Purris Williams, first cornet; Bill Kelly, second cornet and Clinton Cates, third cornet.

The march, "Colorado" by Holmes opens the Senior Band program followed by Romberg's famous waltz music, "Song of Love." The band will play Yoder's overture, "Mountain Majesty," and a medley of best loved southern melodies arranged by Al Haynes.

In keeping with the Christmas season, the band will conclude its program with what they have called "sacred potpourri," "Joy to the World," by Barnhouse.

'Indigenous Personnel' Now Is Called 'German'

BERLIN (AP)—The U. S. Army says that henceforth Germans in its employ are going to be called Germans and not "indigenous (native) personnel."

A notice in the official "Daily Bulletin" says: "Wherever formerly reference was made to 'indigenous' personnel, reference will now be made to 'German' personnel in future directives. All signs containing the word 'indigenous' will be changed to read 'German.'"

There was no official explanation for the change, but an officer in the division responsible for carrying it out, said:

"That word 'indigenous' has been with us as long as military government existed. Top-side didn't tell us why they were changing, but I suppose that now the term is considered objectionable."

Headline Story of the week: VOTE FOR THE HOSPITAL BONDS AND HUMANITY THURSDAY! They Will Not Increase Tax Rate, County Is In Sound Financial Shape. Owing to Retirement of Some of Old Indebtedness. Present Rate of 75 Cents Will Suffice. PRESENT HOSPITAL NOT INVOLVED.

Weather 25 years ago this week: MORE SNOW TUESDAY -But THINK OF CROP IN 1924; D'y ever see such weather? Tuesday morning the snow began, lightly and deceivably at first, gradually working up strength and vim as the day wore on, and around four o'clock in the afternoon, it was wet, and thick, and with a "stay-with-you" outlook.

"But", said the local optimist, "there's always a silver lining. Just think of the enormous crops bound to follow in 1924." Seriously speaking, though, this continuous snow is putting the farmers and everyone else in a serious predicament. There's lots of good feed in the fields right now... cotton... roads are impassable and farmers are marooned from their Christmas shopping.

Husbands Are Honored at Annual Child Study Club Christmas Party

A combination of frosted greenery and pine cones decorated tables for the Child Study Club annual Christmas dinner party honoring husbands of members Friday night. Miniature red candles lighted at each guest's place, accented the Christmas colors.

The party was given at the City Hall. After the dinner a short program was presented with Mrs. Merlin Kaul, president of the club, in charge. Mrs. Earl Springer welcomed the honor guests and George Heard responded for the husbands.

Mrs. Marshall Formby presented three members of the Chu-De-Nang Camp Fire group in a skit called "The First Christmas." The group included Doris Russell, Nancy Patterson and Jane Houston.

Hostesses for the party were Mesdames J. C. Reese, Edward Roberson, Dale Tinnin, John Robinson, and Edbert Kinsey.

The club will feature a guest night program January 13 when a book review will be heard. The

meeting will be held at the home of Mrs. Earl Springer.

Those attending the party were Messrs. and Mesdames Worth Covington, Frank Daniel, Ira Foster, Marlin Gilliland, George Heard, Clinton Jackson, Merlin Kaul, E. J. Pepper, J. C. Reese, Edward Roberson, John Robinson, Earl Springer, Joe Story, Maurice Tannahill, Dale Tinnin, Carroll Whiteside, J. L. Woodford, Frank Watson and R. P. Coneway.

Mr. and Mrs. Jim Kirby accompanied by Dr. and Mrs. W. F. Graham visited friends and relatives in Lubbock Sunday. The Kirbys spent some time with her sister and family, Mr. and Mrs. Richard Petersen and son, Gary.

Mrs. L. H. Shore and Mrs. Bruce Rose returned Sunday night from Colorado Springs where they spent the last three weeks with relatives prior to Mr. Mack Womble's death there last week.

John Samuel Coombes, son of Mr. and Mrs. Ellis Coombes spent the week-end here with his parents. He is attending Texas Tech at Lubbock.

Mr. and Mrs. S. T. Loerwald and Mr. and Mrs. Gene Loerwald were in Odessa Saturday attending the Amarillo-Odessa football game. They returned home Sunday.

J. B. Spurlin of Sayre, Okla., was a guest in the home of Mrs. Cooper Morgan Sunday.

Mrs. Minnie D. Jones returned to Hereford after several months visiting her two daughters and families, Mrs. Hobby Yantis and Mrs. Jerry Petersen of Minneapolis. Mrs. Jones will be at home at the residence of Mr. and Mrs. C. M. Hicks.

Mrs. Bessie Jennings of Amarillo was in Hereford Sunday for the funeral of Mrs. A. B. Sebals. She remained over Monday to visit with her son, Hobble.

Gushers Bring Gushing Smiles

Mr. and Mrs. Max Peterson, Rochester, N. Y., happily read the letter telling them two gushers, promising to produce about 450 barrels of oil a day, were found on their homestead land in Southern Illinois.

Mr. and Mrs. Leonard Knox of Amarillo visited friends and relatives here Sunday.

Miss Paula Mathers is expected to arrive Saturday from Christian College of Columbia, Mo. for the Christmas holidays which she will spend with her parents, Mr. and Mrs. Paul Mathers.

Mr. and Mrs. Vernon Wederbrook and daughter, Pamela of San Bruno, Calif. arrived Saturday to spend the holidays with their parents, Mr. and Mrs. Pat Wederbrook.

Roy Smith and Onias Carroll were in Lubbock Saturday to see the Phillips-Monahans football game which was the quarter final state game of West Texas, with a score of 13-7 favoring Monahans.

TIGER KILLS COUPLE

KOTA TINGGI, JOHORE, Federation of Malaya (P)—While their three terrified small-sons huddled inside their thatch hut, a Malay and his wife were killed by a tiger in a Malay settlement recently.

The man heard a commotion among his fowls outside the house one night and went to investigate. The tiger jumped on his back. His screams brought his wife, who courageously struck blow after blow at the animal with a parang (Malay knife); but the beast killed both of them.

Neighbors later found the tiger in the jungle, writhing from the wounds inflicted by the woman. They shot it.

Personals

Pat Wederbrook, who was called to Leavenworth, Kansas, two weeks ago by the death of a sister, Mrs. Leonard Rafter, is expected home this week.

Included in the group of Hereford people attending the Amarillo Messiah Sunday were Robert Thompson, Caudolia Brown, Betty Katherine Hodges, Reba Dones, Jane Welch, Mrs. A. O. Thompson, Mrs. A. J. Schroeter, Mrs. Troys Carmichael, Mrs. R. C. McGilvary, Mrs. R. P. Coneway, Mrs. Glenn Snyder, Mr. and Mrs. E. W. Young, Mr. and Mrs. C. E. Leasure Jr., Mrs. Imogene Whitehead, Charles Whitehead, Miss Mattie Mae Swisher, Richard Jowell, Miss Thornton Shirley, Frank Smith, Coline Brown, Carl Johnson and L. E. Gross.

Mrs. Nettie Green, recently called to Garden City, by

the death of a nephew, Basil Keathley, she was accompanied by her son, Jos Green, Mrs. Walter Easter, Mrs. Harry Lomas and son, Dennis, V. A. Keathley and family were early residents here.

J. H. Edwards attended a birthday dinner and family reunion in his honor in Elk City, Okla. Sunday. Mr. Edwards was 81 years old and 37 relatives and friends celebrated the day. The affair was held in the home of a daughter, Mrs. Myrtle Jackson.

Herman Ford of Amarillo, formerly of Hereford, was in town Monday visiting with friends and transacting business. Mr. and Mrs. Garnett-Ellis of Fort Worth were house guests for the week-end in the home of Mrs. Ethel Lewallyn.

Personal

Mrs. T. C. Martin Jr. and daughter, Joanne left this week for Houston to join Mr. Martin who now is employed there by the Coca-Cola Company. The Martins will make Houston their future home.

Duane Tice left Tuesday for his home in California after visiting two of his aunts, Mrs. J. B. Sowell and Mrs. John Turner of Hereford.

Robert Draper returned Friday from South Dakota where he had been on business.

Patricia Waiton, Jane Welch, Sallie Womble, Earline West, Dwight Wilson, Evelyn Ford, Betty Robins.

Portable Pens Developed To Aid in Cutting High Mortality Among Calves

By FRANK CAREY
Associated Press Science Reporter
AUBURN, Ala.—Portable calf pens—providing clean, individual outdoor room service and a change of scenery every week—have been developed here as a means of combating high mortality among the nation's future milk-producers.

Scientists of the U. S. Department of Agriculture say the movable pens—which allow the animals to be moved to "clean" ground periodically—have prevented most of the sickness which be-devils calves in the important few months of life.

Up to now they say, one in every five heifer calves born in the United States dies in babyhood—due to diarrhetic conditions, pneu-

monia, stomach and intestinal worms and a parasitic disease called "coccidiosis" which involves the intestinal wall.

This high death rate they say has been due to the fact that in many cases, calves have been turned loose in large pens with other calves and adult animals—and have been exposed to contamination by disease-laden waste body products.

Even when calves are isolated in individual, stationary pens in a barn, they said, there is still danger because the most thoroughly cleaning of the pens often fails to rid the pens of some disease agents.

The portable pens were developed at the Department of Agriculture's regional animal disease laboratory on the grounds of the Alabama Polytechnic Institute, and directed by Dr. A. H. Groth.

The pens are wire-sided affairs, measuring five by 10 feet. They have an aluminum cover over one end to protect the calf from rain and sun. They can be used in any part of the country in the summer-time. For winter use, they are suitable only in those parts of the country where winters are mild. A burlap bag "door" is provided for the aluminum-covered end for winter use.

When the calves are a day or two old they are placed in individual pens, arranged in rows along the bottom of a wooded hillside. The pens are spaced 13 feet apart so the calves can't get too chummy.

They remain thus for a week, when the pens are moved eight feet to the right or left, to a new ground location. Thereafter the pens are moved gradually up the hillside at weekly intervals. Meanwhile, the scientists say, rain helps wash any accumulated germs down the hillside, away from the animals.

They explained that immediately after birth the calf can pick up a few disease-causing agents from its mother's milk

Gov. Beauford H. Jester (right) and Lt. Gov. Allan Shivers, who have been at odds recently over the advisability of calling a special session of the legislature, get together for a friendly photograph on the Sharp Ranch, Hidalgo County, in south Texas, where they were guests at a program honoring veteran employees of the ranch. (AP Photo)

from contact with the udder. Thus, they say, if a calf remained in one spot, it would be subject to further contamination from such organisms through contact disease organisms present in to desert one spot before the with its own waste body products. The idea of "moving" at weekly intervals in waste products have had an opportunity to develop to dangerous proportions.

Covered feeders in the pens provide the animals with food, and water is placed in buckets hung in corners.

In the station's own experience the incidence of calf diseases has been kept extremely low. The scientists had confirmative reports of the efficiency of the pens from the Florida State Mental Hospital's farm, where mortality among heifer calves was cut from almost 100 per cent to about one per cent following introduction of the portable-pen system.

Working with Dr. Groth on the Auburn research are Doctors L. R. Davis and Dale A. Porter. The portable pens were Davis' idea—based on a tip he got from his mother during his boyhood in Georgia.

"Mother used to keep baby chicks in a portable wire enclosure which she'd move from time to time, to 'give the chicks a change of grass' as she put it," Davis said. "It turned out that these chicks were healthier than some that remained in one spot.

Mother didn't know anything about coccidiosis, which affects poultry as well as calves, but apparently her portable system was preventing that disease among her chicks."

Takes Up Dead Son's Work With Children

INDIANAPOLIS (AP)—At the age of 73, Louis H. Reynolds thought his life's workdays were behind him, until he remembered the work his son left when he died. Thinking back over the things Police Capt. Golden A. Reynolds had told him about the juvenile aid division, the retired railroad man offered his services free to the juvenile court's probation department. Today he's a volunteer worker in the Marion County Juvenile Center.

"I was always so busy rearing a family that I didn't have time to consider the problems of unfortunate children," Reynolds said.

The son had built a reputation as a friend of neglected children while he served as head of the juvenile division. Six weeks after Capt. Reynolds' death, his mother died. Louis Reynolds, left alone, remembered what his son had said:

"There are so many kids who have never had anyone who really and honestly cared about them."

Father Reynolds found he got along fine with the boys at the juvenile center. He'd been a school teacher before he went into railroad work.

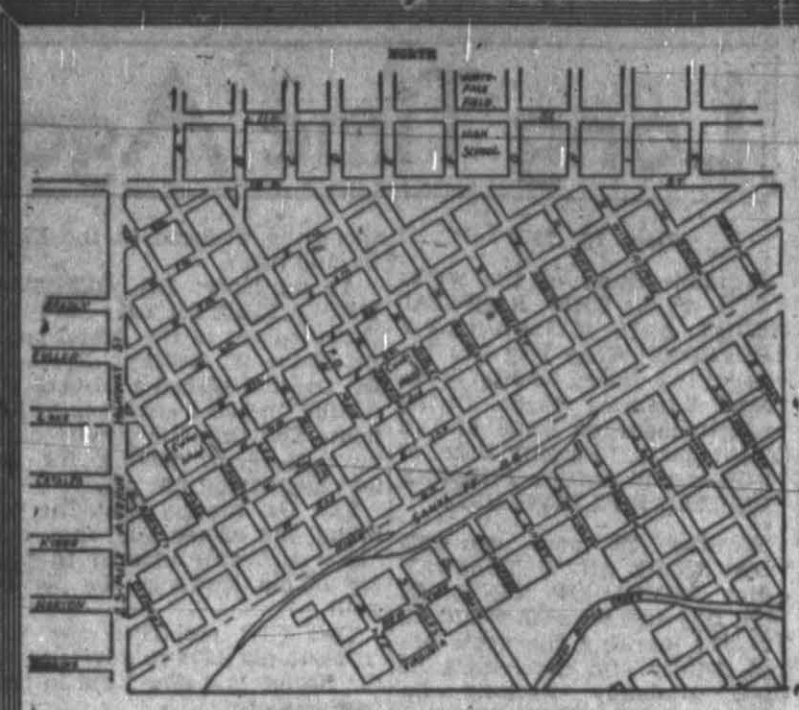

"Maybe I can get them straightened out again," he said. He was given hearty welcome in his new job. Juvenile Court Judge Joseph O. Hoffman and Charles Joseph, chief probation officer for Marion County, issued a joint statement:

"We feel that the more association the delinquent children have with mature persons, the better their chances of getting straightened out." Reynolds is happy just to "carry on for Golden."

Robert Douglas, born in Seone, Scotland, was a student of fruit chemistry and in 1912 was able to extract and prepare commercially the fruit ingredient pectin, which makes fruit pulces jelly.

JAIL INMATE NETS PROFIT
 COLUMBIA, S. C. (P) — The city jail is rid of its most complacent prisoner. He was an aged brown mule that munched city hay for ten weeks.
 Police found the old fellow on a vacant lot and advertised him in a lost and found column but nobody claimed him. So finally on order of Police Chief L. J. Campbell an auction was held in front of the jail.
 Auctioneer E. M. Dupre proclaimed that the mule was "good and strong and would cost \$75 anywhere else." The two bidders examined the animal's teeth and agreed he was more than 14 years old.
 The bidding started at \$5 and ended at \$25. As the mule strolled away with his new owner, a policeman commented:
 "That was \$2.60 profit. He ate up the rest of this price in hay and mule feed."

TAKES MINING COURSE
She's Digging For Her Degree

By THE ASSOCIATED PRESS
 PLATTEVILLE, Wis. — Mary Klitschke wants to be a geologist so she's digging for her degree amidst 236 male students at the Wisconsin Institute of Technology here.
 The 18-year-old, blue-eyed, auburn-haired miss, who enrolled this fall in the three-year mining engineering course, deems it an honor to be the only co-ed at Tech. But she will never forget her first appearance on the campus.
 "There were about 50 fellows standing around as I walked up to the main entrance, but they looked more like 50,000," says Mary.
 "During those first few days they stared at me and I stared at them. But the situation soon got better. They've stopped staring and we all get along fine now," she states.
 Who can blame the fellows for gawking? Mary is the fourth girl to attend Tech since it was established in 1907.

Old Linotype Is In Museum At Canyon

CANYON — Probably the last Model 1 linotype in the Southwest has come to rest in the Panhandle-Plains Historical Museum.
 The old machine was purchased by Clyde Warwick of the Canyon News for the printing exhibit at the Museum. It belonged to A. C. Torres, publisher of the Spanish newspaper, El Defensor Del Pueblo in Socorro, New Mexico.
 Manufactured by the Morganthaler Linotype Co. of Brooklyn, N. Y., it bears the date 1895. The Morganthaler Company aided Warwick in securing the machine as it still services all the machines it makes. The company will send a mechanic here soon to erect the linotype which was dismantled for transportation.
 The printing exhibit in the Museum covers one-fourth of the basement floor in the old annex and includes six cases of material and several old presses.
 Berengaria, after whom a great ship was named, was the wife of Richard the Lion-Hearted, 12th century King of England.

TEACHERS GET HOUSES
 SAN SALVADOR, El Salvador (P) — School teachers in this Central American capital now have one less worry—there is a good roof over their heads.
 President Salvador Castaneda authorized turning over to them 30 houses built by the social welfare department. The teachers will pay for them on a long range basis, according to their salaries. To settle the question of who gets a house first, lots will be drawn.

RAF MILITARY TOYS

VIENNA (AP)—An appeal to the people of Vienna, asking them not to buy "military" toys for their children this Christmas has been made by Lord Mayor Dr. Theodore Koerner and representatives of the three Austrian political parties.

The appeal referred to the misery suffered by the victims of the last war and asked the population not to "plant the seed of future misery in the souls of our children."

Simpson Family, Glen Cruse Leave To Make Their Home In California

By LAMEBLAS BERRYMAN
Mr. and Mrs. R. H. Simpson and family, accompanied by Glen Cruse, left Saturday for California where they will make their home.

Mr. and Mrs. Carl Greeson of Friona visited in the H. E. Lindley home Sunday.

Lyle Robbins of Springlake spent the weekend with her parents, Mr. and Mrs. H. D. Robbins.

Mr. and Mrs. W. C. Lowry spent part of last week in Wellington.

Mr. and Mrs. E. H. Little accompanied by Mrs. H. D. Robbins were Amarillo visitors Friday.

Mr. and Mrs. Raymond Mobley and son, Kent of Dimmitt, were Sunday visitors in the home of Mr. H. M. Mobley.

Miss Faye Smith of Hereford and Steve Shouse of Borger were also visitors.

Mr. and Mrs. Charles King and Jerry King of Amarillo were week-end visitors in the J. E. Andrews home.

H. A. Parris and Mrs. Poin-

dexter of Lubbock are visitors in the Olin Parris home.

Mr. and Mrs. L. A. Leeth and daughters, Sandra and Linda Hance of Dimmitt visited in the home of Rev. R. L. Shannon Sunday.

J. B. Thompson returned Wednesday from a visit to Duncan, Okla.

Mr. and Mrs. T. L. Sparkman Jr. and children, Bonnie and Tommy visited with Mr. and Mrs. T. L. Sparkman Sr. Sunday.

NORWAY BIG GAME IS ON INCREASE

OSLO (AP)—There have been great changes in Norway's fauna in recent years, according to one Norwegian expert, Dr. O. Oistad. While some wild animals have increased rapidly, others are becoming rarer.

Among the wild beasts now becoming more numerous are the bears. The wolves are also increasing and moving towards the southern part of the country. From time to time complaints are heard that the wolves have attacked reindeer herds or sheep flocks in the mountains. In most cases only "lonely wolves" are observed, but in the northern province of Finnmark, where the Laplanders are breeding thousands of reindeer, there is a permanent stock of wolves, Dr. Oistad said in an interview.

Among other animals which have been increasing in number are the elk and the wild reindeer. Also the lynx and the marten are now more frequently seen in the deep forests.

About 85 per cent of the nation's corn crop is fed to livestock; most of the remainder is used as human foods.

It's a bright warm winter for movie star Ella Raines in this quilted caftan jacket trimmed with valveten frogs to match the slim skirt. Credit for this glamorous new use for calico goes to designer Marjorie Laybourn.

THE ANSWER TO— What Is Ahead In Crop Situation

COLLEGE STATION — What's ahead in the crop situation for next year?

This question may be asked by a great many Texas farmers says C. H. Bates, extension farm management specialist of Texas A&M College. And here's his answer.

There's a caution sign out for the wheat and feed grain producers. Prices of these crops will probably drop about a third this winter and early spring. So they will be about a third lower next year than they were in 1948. Exports may still be as large next year, but are being trimmed in places by large demands for durable goods and armament.

Should Have Good Year

Figuring on average weather conditions, cotton farmers should have a good year. The agricultural economists figure twice as much cotton will be exported next year as last. At the same time, the nation here at home won't use quite as much as it. 1948. The support prices will hold at 90 per cent of parity—which means the government loan price will be around 27 cents for middling seven-eighths inches in Texas markets. Merz again, says Bates, an average boost next year might bring production control problems into the 1950 picture.

Peanut growers do not know yet whether marketing quotas will be in effect. Support prices announced for 1949 will average about \$210 per ton. So to get guaranteed prices, the goober growers may have to comply with acreage controls authorized by last year's referendum vote.

Lower Peanut Goal Seen
And the way it looks now, the acreage goal for peanuts next year is likely to be down 10 per cent or more.

That's about the size of things as they look now, says Bates. Two of the big things that will affect these crop outlooks next year are the government spending for European relief and the military preparedness program. Everybody will be watching these, because they'll have a big effect on support prices of crops.

Sailing vessels are classed according to the particular combination of spars, sail and cordage, and the words "cutter," "brig," or "ship," are really abbreviations for "cutter-rigged," and "ship-rigged."

GOVERNMENT FIRMS SET UP BY CZECHS

PRAGUE (AP)—The Czechoslovak nationalization program has extended to the railways, post offices and airlines, which have been operated as state concerns. They're going to have to operate as business concerns, and preferably show a profit.

Bills have been prepared for Parliament to set up the post office and transport organs in business. The employees have approved the proposal. In addition to operating with a board of directors, just like any capitalistic country's industry, the new corporations will be subject to taxes and its board of directors—one third of which is to come from the enterprise's trade union organization—will be answerable to business discipline.

The government will name two-thirds of the board of any new corporation and will contribute financially only to an outlay on productive investment. Further, it will pay for the things only that it proposes and only if the outlay wouldn't otherwise produce sufficient return. The state will not guarantee deficits.

It's An Eiffel

Take a gander at this fancy chapau, sporting a replica of the Eiffel Tower, that won its wearer, Simone Robillard, the title of Queen Catherine during the annual St. Catherine's Day festival in Paris. That's the day when all French spinners pay tribute to their patron saint and hope next year will bring a husband.

The word "calumet" is the name the French gave to the Indian peacepipe offered Pere Marquette when he explored the Chicago territory in 1675—and in that area there remains a river lake and harbor by that name.

EXPERT'S ADVICE Want To Build? —Do It Now!

COLLEGE STATION — Don't wait. Do it now.

That's the information W. S. Allen, extension agricultural buildings engineer of Texas A&M College, has for the folks who are waiting for construction costs to drop back to normal.

There just isn't much chance that will happen, says Allen. Fact is, construction costs have continued to rise slightly in recent months, but appear to be leveling off right now. House building fell off during the late summer but has picked up a little the last month. Farm building, on a national scale, continues at a faster pace than was predicted earlier in the year.

Fewer building costs are just history now. It's not likely that folks will see them again in any period ahead for which they can plan. In short, for those holding off to build, Allen can give little or no encouragement to wait.

There's a reasonably good supply of lumber, both in quantity and quality. Hardware, plumbing and nail supplies vary with different localities. But when a little planning ahead is done, these materials can usually be had. Cement supplies are short right now, but more is expected later on.

There's a need to think in terms of structures for production during 1949. Forecasts believe there will be a shortage of grain storage, and in order to make the most of continued high prices, there's going to be a big need for broiler houses, laying houses, milk sheds, and dairy barns.

The farm home is just a big part—if not the most important—of the farm production plant as the farm buildings, reminds Allen.

So now is as good a time as any to build up the farm production plant.

Prices aren't going down—just yet, anyway.

SCHOOLS GET U. S. SUPPLIES

VIENNA, (AP)—Supplies and equipment valued at more than \$20,000 have been purchased by American Army Headquarters here for Austrian schools in the American occupied zone. Purchases were made from a congressional appropriation for the rehabilitation of education in Austria.

The equipment includes seven film projectors, 15 sewing machines, 10 wood working and 10 metal-working lathes, 97 desk and chair units, and 28 other types of classroom furniture.

In Swim

Gay plaid, set in background of black, makes an appealing swim suit for Miami Model Betty Williams. The two-piece has a ruffled skirt inset beneath its fitted waist band. The bra top is boned for wear with or without halter strap.

Mrs. Coombes Will Present Pianists In Recital Sunday

Heralding the Christmas season, Mrs. Ellis Coombes will present a group of young pianists in recital at the First Christian Church Sunday afternoon December 19 at 2:30 o'clock.

Holiday season music and miscellaneous solo and ensemble numbers will be presented.

Pupils to appear include Glenda Robbins, Nancy Cagle, Milton Moore, Tony Benson, John Benson, Ann Lookingbill, Freddy Lookingbill, Bobbie Jean Drury, Bobbie Jean Walser, Linda Kay Noland, Billy Robinson, Barbara Sue Rogers, Gay Malone, Nancy Story, Barbara Clark, Sandra Wright, Ramon Childers, Reba Dones, Elizabeth Gross, Joan McCee, Marilyn Russell, Claudia Green, Joyce McCee, Caren Conklin, Donna Jean Stagner, Eleanor Jo Aven, Elaine Wagoner, Leaton Clark, Sue Scarth, Margaret Phillips, Dovie Jane Jones, and Evelyn Jean Benson.

The striped hyena, a solitary and cowardly animal, feeds mainly on carrion, but occasionally attacks sheep, goats and dogs.

MOTHERS TOO FICKLE
More Fathers Needed For Ailing
Dolls, Denver Repairman Claims

By ELLIOTT CHAZE
 AP Newsfeature
 DENVER—John McCourt and wife Lucinda opened their doll hospital prior to the advent of the plastic kindy, the magic skin, the lovable skin, and the vulcanized panty.
 Lucinda recalls that 21 years ago when they started the business in the garage of their Denver home, repair work was simply a matter of installing new arms, legs and eyes. Occasionally a doll developed acne or lost a finger, but these were not run-of-the-mill ailments.
 "That, Lucinda emphasizes, was then.
 This year's Christmas rush has flooded the downtown hospital with 2,500 ailing dolls. Many of them require new plumbing peculiar to the biology of the modern product. Mothers of the dolls not only insist that their "babies" drink water and milk; they want them equipped to drink "at the same rate of speed they did

before they became ill," Lucinda says. She adds:
 "The mothers have become as complex as the dolls. They sulk if we don't refer to their Susie as a 'baby.' They demand we hold the babies properly, bracing the spine with the flat of the hand.
 "They phone at all hours with questions and advice: 'Susie all right now? She eating? That baby wouldn't eat a thing at home. Whatever you do don't keep her in the dark. She hates the dark.'"
 Lucinda has found that the doll's hair must be combed gently in the parent's presence. And when a new wig is required the mother has been known to instruct: "When you pull the old hair out, don't pull it out hard."
 John McCourt sniffs audibly when Lucinda gets dreamy over this mother-love business. He says that nowadays many a perfectly good doll is orphaned, replaced by some costlier creature with more advanced bathroom habits. He says the only time he was ever really impressed by a child's affection for a doll, was when he repaired one for a 12-year-old boy.

"The boy's mother had died," John says. "About the only thing she left behind was a big old doll with a cracked plaster head. He brought it to me and when I told him how much it would cost to fix it the big tears began rolling down his cheeks. He said he only had a dollar, offered to do any kind of work for me, if I'd only please fix it.
 "I'll never forget the look on that kid's face when he saw the completed job. He picked it up and danced around the shop with it, hugging it to him. Mind you, he was a big husky boy, and not a sissy. He danced around and around and then he held the doll away from him and started bawling real hard. 'Isn't she beautiful?' he said. 'Isn't she beautiful?' Then he sat down on a bench and held the doll on his knee a long time. He just sat there looking out the window and holding the doll."

John McCourt says more dolls need fathers like that. The mothers are getting too fickle for his taste.

WANT TO RENT SANTA CLAUSE?

ROCKFORD, Ill. (AP)—Grant E. Biddle of Rockford rents Santa Claus to deliver children's toys, with merry bell-ringing and jovial laughter, in their homes Christmas Eve.

Biddle employs 10 St. Nick who in everyday life are lawyers, retired firemen, salesmen, machinists or truck drivers. On Christmas Eve, they shed their prosaic jobs to play Santa in bright red suits and carefully marcelled white whiskers and hair.

Biddle books appointments for his Santa Clauses at any time but the bulk of engagements are made in December. They will visit any home in this city for a fee. All arrangements for Santa's visit are made in advance and kept a secret from the children. The toys and gifts are hidden in a laundry bag outside the house on the porch or in the garage.

The night before Christmas, Santa picks up his bundle. Ringing cowbells, he announces his arrival by stomping on the porch and opens the door with a loud "Merry Christmas, everybody!" Three trips may be necessary to bring in all the gifts which may be anything from a bulky doll house to a kitten that scratches.

The idea of renting Santa came to Biddle two years ago when he wanted his son, Jack, to have a personal visit from the jovial gent. Other parents must feel the same way, Biddle thought.

John McCourt says more dolls need fathers like that. The mothers are getting too fickle for his taste.

Sun Fo, 53, president of the Legislative Assembly, and son of the founder of the Chinese Republic, is the new premier of China. Educated in America, he was authorized to form a war cabinet with broad emergency powers in an attempt to end the government crisis resulting from Communist military advances.

STUDENTS MAY GO TO INDIA
 NEW DELHI (AP)—The government of India has decided to award nine fellowships to French graduates for research work and teaching in Indian universities in 1949. A government press note said that this has been done with a view to strengthening the cultural bonds between India and France, and in response to the interest shown by the French government in cultivating the study of Indian languages and lectures among the French people. The value of the Indian fellowships has been fixed at \$100 per month for two years, plus the cost of second class return passage to France.

Selections For All-District A and B Football Teams Revealed by Stanton

Football Coach H. V. Stanton has announced the All-District A and B teams chosen by coaches at the District Athletic Executive Meeting held in Dumas, Dec. 8. One Hereford boy, Neely Kimbrough, was placed on the second team. Phillips Blackhawks, district champions, had six boys on the first team and Perryton had three. Tulla's two representatives completed the eleven man roster. Dumas, Canyon, and Hereford were represented on the second team with one player each. Dalhart had four, Tulla, two and Perryton had three.

BACKACHE

For quick comforting help for backache, rheumatic pains, getting up stiff, sore, cloudy urine, irritating passages, leg pains, circles under eyes, and swollen or itchy, use the non-organic and non-systemic Kidney and Bladder trouble, try Cyclin. Quick, complete satisfaction or money back guaranteed. Ask your druggist for Cyclin today.

at the meet worked out their spring track and field schedule, and next year's football schedule. Attending the conference were seven coaches representing towns in District 1-A, Canyon, Dumas, Dalhart, Perryton, Phillips, Tulla and Hereford. Tulla will not play in this district next year, but will play the teams south of it, those now in district 3-A. Coach Stanton said. The distance between Tulla and Perryton was a contributing factor in their decision, he added.

The District team named by the coaches does not exactly coincide with the team picked by Globe-News sports editors who this week listed 44 positions on the all regional squad, placing two Hereford players on the all-star squad.

They were L. T. Hawks, end, and Neely Kimbrough, tackle. Honorable mention was made of Tackle Claude Melugin.

Named by the coaches for first team, District 1-A were: Ends: Marvin Smith, Perryton; Bobby Hooper, Tulla. Tackle: Larry Slaughter, Perryton; Billy Boatwright, Tulla. Guards: Don McLallen, Phillips; Winfred Snyder, Phillips. Center: Jim Williams, Phillips. Backs: Billy Hughes, Phillips; Marvin Eldridge, Phillips; Bill Bradon, Phillips; Raymond Powell, Perryton. Second team selections are: Ends: Johnny Mack Newman, Dalhart; Charlie Thomas, Tulla.

Archie Wayne Scott Has Birthday Party

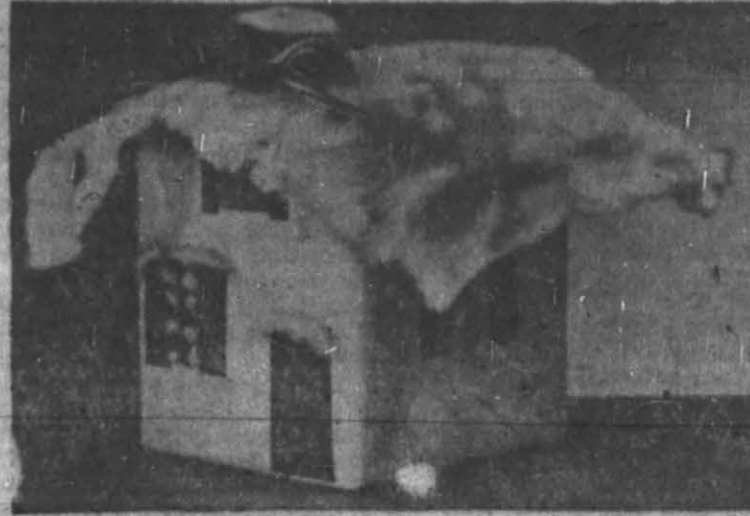

Archie Wayne Scott celebrated his ninth birthday Saturday afternoon when his mother, Mrs. Archie Scott, entertained at a games party. Picture puzzles and bingo games were played with Martha Ann Bookout, Diane Roberson and Linda Sue Phillips winning prizes.

Favors were Christmas baskets filled with candy. Those sharing the celebration festivities with Archie Wayne were David Brumley, Donnie and Dickie Fellers, Martha Ann and Janie Bookout, Ella Marie Williams, Frances Ann Funk, Wade Crist, Eldon Wayne Hudson, Ann Reeves, Jeff Minton, Robert Charles Kinsey, Carroll Leeland Whiteside, Vance and Diane Roberson, Linda Sue Phillips, Sue Channer, Sharon Canfield of Roswell, N. M., Waldon and Linda Scott and the honoree. Other guests were Mrs. Pat Robinson and Marsha Lynn.

The way to decaffeinate coffee was finally discovered in 1903 when a shipment of coffee was deluged with seawater during a storm—and brine soaked beans reacted strangely. The reaction suggested a new process to scientists.

Tackles: White, Dumas, Neely Kimbrough, Hereford. Guards: Wayne Griffin, Canyon; Jim Purcell, Dalhart. Center: Delbert Trew, Perryton. Backs: Billy Cessnum, Dalhart; Jack Ramsey, Tulla; Jerry Key, Perryton; Archie Archuleta, Dalhart.

Novelty Christmas Gift Wrappers

A bulky box wrapped in white and thatched with cotton, plus paper windows, doors and chimney makes a fine snow house.

A bottle wrapped in shiny paper is a make-believe fountain which sparkles just like its contents.

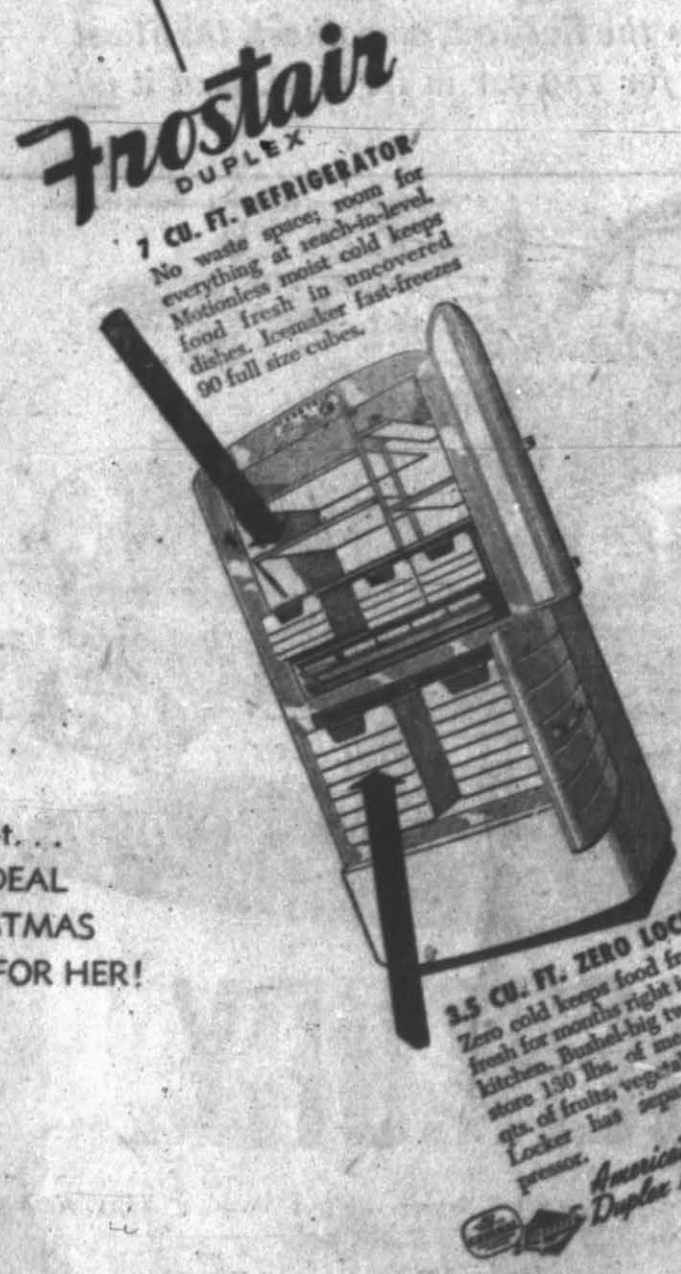

The handle of a sauce pan or pressure-cooker makes the nose of a peaked-cap snow elf who looks merry under your tree.

Get More For Your Money Planning And Not Just Shelling Out That Cash

COLLEGE STATION — It's natural for farmers to want to look ahead and give some careful consideration to planning their farm operations.

But sometimes these same "plan ahead" folks forget about the family expenses and the income that pays these expenses. And that's really a problem that some people don't think much about, says Gladys Darden, assistant extension home management specialist of Texas A&M College. Many families find it hard to stay within the income any year — especially in these recent post-war years of high prices. You can get more for your money by planning ahead, rather than just "shelling out" from time to time, says Miss Darden. Without budgeting the income, many unnecessary things are bought. And some of the needed items are put off until later.

What To Do With Income
Quite a few questions come up about what to do with the income. Some folks wonder whether to buy more land, or get ahead on the mortgage payments. Another family has to decide between sending Johnny to college or buying a new tractor. The whole family should go into a huddle in matters such as these, says Miss Darden. Here is a guide to better spending offered by this specialist. family can figure this pretty

Arthritis Pain

For quick, delightful, comforting help for aches and pains of rheumatism, Arthritis, Neuritis, Lumbago, Sciatica, or Myalgia try Hamid. Works through the blood. First dose usually starts relieving pain so you can work, enjoy life and sleep more comfortably. Get Hamid at druggist today. Quick, complete satisfaction or money back guaranteed.
