G. W. Brumley recently had an experience which he is reluctant to relate, because he says that he can hardly believe it himself. On the floor of his car, sitting just against the back seat is a one-gallon glass jug filled with water. The other day, Mr. Brumley parked his car in the driveway, left the car door open, and went into his house for a few minutes. Returning, he got into the car and started to town. Suddenly, he smelled smoke, stopped the car, inspected the engine — and finally discovered that the rear seat of the car was on fire.

After putting out the fire, Mr. Brumley started searching for the cause and finally discovered that sunlight passing through the waer-filled jug was equivalent to sunlight passing through a magnifying glass. The burned hole was in exactly the right spot to prove the theory, and Mr. Brumley became firmly convinced. However, he still grins and hangs his head to one side when he tells the story.

Henslees Move

To Arkansas

Mr. and Mrs. H. E. Henslee and daughter Mary Ellen left Monday for Bentonville, Arkansas where they will make their future home. Mr. Henslee will turn gentleman farmer and operate a stock farm which he has purchased near Bentonville.

The Henslees came to Hereford in 1925 when he was employed by the Streu Hardware Company. In 1940 he became part owner of the store but sold his interest in the store in 1945 to Urlin Streu, now sole owner of the store.

In 1946 he established the Henslee Hardware Store at 209 North Main,

Belling the business to D. D. Zimmerman in 1947.

The family has been active in civic and church circles and the Chamber of Commerce and was a member of the board of stewards of the Methodist Church. Mrs. Henslee was active in club circles and in the work of the Methodist Church. For the past two years Mary Ellem has been a member of Hereford High School faculty.

the ball away and Lueb crossed the plate with the tying run.

Winkler relieved Anderson in the sixth and cut em down one, two,

Bud Stengel was injured in the fifth, sliding into second, and Cara michael took over the catching job in the sixth, and did a good job. After one out in their half of the sixth, Hereford broke lose. Bill Sten-gel walked, Con Clark singled; ever-

dy was safe on Renner's F C. Donald Roberson poled a long hard one to left center for three bases and was out at home plate, trying to stretch it into a home run - bu it was well worth the effort and w had three more eyes. Winkler walked, then Three-Lick Carroll came up and blasted one far and wide for three bases (now Four-Lick). It that flat head could run fast enough to get hot, it would have been an easy home run; anyway, we had en 5 to 1.

No soap in the seventh for eithe side.

Hectic Eighth Frame Then came the eighth. Almos everything you ever saw in a ball game happened. Smith, first man up for Hart, singled, stole second Smoot hit a sizzling line drive right over second; Lueb jumped high into over second; Lues Jumped high into the air and made a back handed catch that was a lulu, stepped on second for a double play unassisted. With two men out Winkler had trouble getting em over. Futrell walked Hawkins with a bean ball, Sanders was hit by a pitched ball, with the bases loaded and two outs. Aven, the new pitcher for Hart, lined one down third base line, Renner could not Hart make a play on the ball, but he made

first or some place; finally woke up a beautiful stop and only one man and the catcher threw the ball away accord. Boyd was out short to first and Andy stole second, Lueb was and the accore was 5 to 2 Hereford. and the catcher threw the ball away and Andy stole second Lueb was safe on a PC and Andy was caught off second and run down. Lueb stole second, stole third, stole the umpires shirt and the catcher threw ends with his bat and singled (Pivelland and the catcher threw the ball away and the catcher threw ends with his bat and singled (Pivelland and the catcher threw the ball away are the ball away and the catcher threw two outs in the eighth; Winkler walked. # Vows for Miss Gunstenson-Mr. Noel Spoken Tuesday In Baptist Church

Miss Romona Gunstenson, daughter of Mr. and Mrs. W. T. Gunstenson, became the bride of Eugene Noel, son of Mr. and Mrs. M. J. Noel, ay at 6 o'clock in the First

Baptist Church.

Nuptial vows were spoken in an all-white setting with background for the double-ring ceremony formed of spring flowers augmented by baskets of white gladiola at the altar. Rev. R. H. Cagle, pastor, officiented

ciated.

Wedding music played by Miss
Thelma McMinn, included "Indian
Love Call" and "Sweethearts" and
"Because" sung by Miss Ludie Turner, and "The Bridal Chorus" from
Wagner's "Lohengrin", Miss McMinn
also played "I Love You Truly" during the extension

Guiletta Gunstenson, sister of the bride, as maid of honor, and Bill Emery of Claude as best man. The maid wore a pastel blue mesh frock with white accessories and she carried a nosegay of white carnations.

The bride, who was given in marriage by her father, wore a white iage by her father, wore a white wool costume suit made with scal-loped jacket and full gored skirt and trimmed in silver buttons. She wore a white blouse trimmed in lace and an open-crown white straw hat. She carried a bouquet of white carnations and sweet peas tied with satin streamers.

RECEPTION FOLLOWS After the ceremony an infomal ceremony was held in the church parlors. The refreshment table was centered with candelabra holding ite tapers and adorned with arrangements of spring flowers. The bride cut the three tiered wedding cake, Miss Guiletta Gunstenson served punch and Miss Ludie Turner

served the cake.

After a short wedding trip the couple will make their home on a farm near Hereford for the summer. In the fall they will both return to West Texas State College, Canyon

where she is a business major and he is majoring in agriculture.

The bride is a graduate of Hereford High School and Mr. Noel who made his home in Claude until recently, was graduated from the Claude High School.

# Fertilizer Talks

The following reprint of fertilizer results on grain sorghum taken from an experiment conducted by County Agent Hugh Clearman has plenty of significance for all growers of row crop in the irrigated district of the high plains area.

Soluble 16-20-0 is available for immediate delivery, it is one of the best and most flexible fertilizer mixtures we know. It can be used in a fertilizer drill for broadcast application or used as a side dressing on growing crops, most important is its solubility which permits it to be used in the irrigation water. This method does eliminate fertilizer equipment, time, gasoline, use of a tractor and is very effective.

### REPRINT

"Increased yields of more than 50% on grain sorghums were reported in fertilizer tests made here by County Agent Hugh Clearman. The tests were all made in the same field on the Colby Conkwright place, 15 miles north of Hereford."

"A test was made using 16-20-0 fertilizer at 100 lbs. per acre. The unfertilized land produced 24,580 pounds against 33,600 pounds on that which was treated."

These figures represent the green weight. Tests on threshed grain show 2391 pounds for unfertilized against 3605 pounds for fertilized.

For alfalfa growers we have Phosphate, which can easily be applied following the first cutting of hay. If you do not have a phosphate spreader, we'll furnish one for your use. In addition to growing a heavier crop of hay, you can also participate in soil conservation payments through the Triple A Office.

We also have available a limited supply of 33.5% Ammonium Nitrate.

DEAR DIARY:

School is out-and the Seniors are Seniors no longer. Now comes vacation time—for school kids and families.

We have lots of gadgets and things for the vacation-including charcoal for grills, fishing equipment, golf balls and tees, tennis and baseball and softball equipment, water bags and thermo jugs and bottles, dutch ovens and skillets, sleeping bags and air

mattresses . . . so on . . . .

Just received—another shipment of Delta Homecraft Tools, including a beautiful lathe—there is no hobby as completely satisfying as wood working—and no line of wood working tools more complete than Delta than Delta.

Also just in—air rifles, 22's, shotguns in several models and gauges-nice shipment-won't last long. It just so happens that we have bronze house numbers in stock—the size approved by the Postal Authorities.

It also just happens that we need some cash—so from June 5th to June 15th, we will allow 10% discount on all cash deals for radios or radio-record player com-binations!! This applies to any radios in the house—no restric-

And tarps—we have heavy weight tarps in most all sizes—with loops every three feet around the edge.
No more trying to thread a rope through a little grommet—no more grommets pulling out, and no more having to take a new tarp to have loops sewed on before you ase it. Prices are right.

Hereford is now the busiest town anywhere—what with transient labor working in the pota-toes and beets, construction going forward on swimming pool and hospital, water and sewer extensions, curb and gutter crews worksions, curb and gutter crews working, oil exploration crews all over the country, it is seldom that you meet anyone you know on the street any more. Hereford is no longer a sleepy little cow town, and it is time that more people should see that it is well on the way to becoming a small city. way to becoming a small city. There are, however, those who still live in the past—who deplore the "expensive" (1) progress being made. Just as well give up—and progress—the town has outgrown its rompers. And I like it!

## Varian J. Fuller Follows Brother In Scholastic Frat

Beta Gamma Sigma, business ad-ninistration scholastic fraternity at the University of Texas this week announced selection of 72 ex-stu-dents and students for membership.

Listed among the students was
Varian Jay Fuller of Hereford, son
of Mr. and Mrs. Grant Fuller.

The honor, a coveted one, was all
the more prized by Mr. and Mrs.
Fuller, due to the fact that another son, Grant Fuller, Jr., had been pre-viously selected for membership in

# Iowa Wedding Of Interest Hereford

A wedding of interest here is that of Miss Janet Schneider, daughter of Mr. and Mrs. Albert Schneider of Luverne, Iowa, and Sanford J. Reed, son of Mrs. Hattle Reed of Rossie.
She is the daughter of the former
Miss Ann Wedel of Hereford and
the granddaughter of Mr. and Mrs.
H. T. Wedel of this city. She is the
niece of Mrs. Clara Wedel Richardson of Slater Inwa and has visited son of Slater, Iowa and has visited often in the Wedel home here.

The wedding took place recently in the Zion Lutheran Church where the double ring ceremony was per-formed by the pastor, Rev. L. Wit-tenburg in the presence of relatives and friends of the couple.

Teacher Leuhman presiding at the organ, played a prelude of wed-ding music including the process-ional and recessional marches. John Dumkieger sang "O Perfect Love" and "The Lord's Prayer" accomp-anied by Rev. Martin A Huber of

Hereford has GROWING PAINS ... as all of us know ... and these pains apply to the newspaper business as well as to our schools and other community problems. For a long time, now, we have realized the need for another edition of The Brand each week, but the factors of adequate help and newsprint have made the additional publication impossible. We definitely did not want to start in the face of failure. It is now our belief that we can publish - and continue to publish - another edition. Therefore, it gives us great pleasure to announce publication of THE SUNDAY BRAND, beginning JULY 4th!

Ever alert to give you the Best Newspaper Possible, it is our hope to make your Sunday Brand a continuation of your Hereford Brand ... PLUS! We feel that the Sunday Brand will answer a definite need in a growing community. As in The Hereford Brand, your Sunday Brand will concentrate on happenings of interest in your hometown and the surrounding territory. In addition, you will find numerous features, including eight pages of popular comics, messages of value and and interest from your fellow townsmen and merchants. Your suggestions and criticism will be appreciated - and we know that we can count, as always, upon your cooperation.

Dallas and Houston quoted spot middling 15/16 inch Priday at 37.90 cents a pound, with Galveston at 37.65, and New Orleans 37.95.

Grains dropped early but climbed back to mostly higher levels than last Friday. Wheat netted three cents loss, however, and barley eight cents. No. 1 hard wheat closed Friday at \$2.49% cents a bushel in bulk carlots at Texas common points. No. 2 white oats brought \$1.28 to \$1.32, and mile \$3.83 to \$3.88 a hundred.

Rice strengthened last week un-der active domestic demand and light mill offerings. Wheat millfeeds eased, with bran sharply lower, as rains slowed demand. Hay trading moved to the new crop basis, and Kansas City quoted No. 1 alfalfa at \$25 a ton. Seed peanuts sold lower at mostly 20 cents despite active plant-

slightly, but other poultry and eggs held about unchanged for the week. Current egg receipts stayed close to the support price of 37 cents a dozen at Dallas and Fort Worth, while Denver paid 36 to 37% and New Or-leans 39 to 41. Fryers ranged mostly from 40 to 41 cents but New Orleans paid 43.

It has been my opinion for a long time that one of the troubles with this country is that too many un-instructed men is in charge of things, but if the Democrats is gonna come out flatfootedly for more of 'em, where's that gonna

leave the country?

It used to be that if a man couldn't do much of anything else, he'd run for office, and the custom ain't exactly passed out of use yet, but in these days of airplanes goin 600 miles a hour and atomic bombs guided by radio waves, do you figure it's the right time to be goin out of our way to hunt up un men to run this country? Looks to me like we could get enough of that kind just by natural hard luck in the normal course of events, always have, from the court house to Wash-

However, if the Democrats insist on it, and they run short of material, I would like to remind you that I'm still out here and when it comes to bein ignorant and uninstructed I don't want to brag but I can hold my own with anybody.
Yours faithfully,

# FIRST OF ALL.. A NEW HOTEL

# The Building of Hereford's New 40-Room Modern Hotel Marks the Beginning of a New Community Effort in This City

With the sucessful conclusion of the hotel financing campaign, will come renewed vision and aspirations. This community will realize more than ever its own tremendous power and ability for accomplishment. Much has been said about community cooperation and civic spirit. This spirit and cooperation is abroad in Hereford-it is a continuous enthusiastic belief in our city and its surrounding community; in our fellowmen and our neighbors; in our churches, schools, public institutions and business houses, and finally in ourselves —if we develop a firm belief in ourselves and in each other, mould our problems to fit the need of the greatest number and direct our efforts toward the future city, our success is assured.

Believing in the future of our city, and in the need of a new modern hotel, only one thing remains to be done-ALL must join in getting this new modern hotel. The people of this community are challenged, we are challenged by the future growth and prosperity of Hereford. We are challenged by our business investments and by the guests who come to us asking for accustomed hospitality. And we are challenged by other cities which have already caught the vision.

We have accepted the challenge and the game is on. We are facing the test-and, having never failed as a community, even the remotest doubt must be eliminated.

The new hotel will be strictly fireproof and modern, with approximately forty light well-ventilated and properly appointed guest rooms, maintained at reasonable rates and with attractive service. Adequate public space, spacious lounge and dining room and ball room will serve as a most attractive community center.

The new hotel will be owned by the local investors. It will be operated by a skilled and experienced operator, which insures able and economical operation and the maximum profit to those who buy the new hotel securities.

Purchase of securities in the new hotel under the plan approved by the hotel committee is offered as a sound investment.

The earning experience of modern hotels show that the investor should receive a satisfactory return on the investment in addition to those unmeasured and incomputible business benefits and property accruements which naturally come with the erection of a new modern building, and the establishment of another active and thriving business.

Our proposed new modern hotel is very definitely another business house—a community advertising medium, carrying into the home of every guest, both at home and abroad, a reflection of the hospitality extended the stranger who comes into our midst.

Let us unite as one person for Hereford and the community; united in making Hereford a better place in which to live, a more attractive business center and a real meeca for the tourist, the commercial and business visitor. Let us unite and take our place in the front rank of those cities that are ready to do their part in developing their communities and home cities, and in the reception of the many people who desire to visit this section. In thus uniting we join in raising our community to the highest business, social and civic

Our opportunity of accomplishment is here. We will do our part-every one of us-and we will do it when the call comes to buy stock in this new modern hotel. We will do it for our city, for our community and for ourselves.

# New Supply Sources Found In West Coast Pipe Line

An end to gas shortages next winter was predicted this week R. F. Hinchey, president of West Texas Gas Company.

Seeking a solution to supply problems which caused tem-porary fuel shut-downs in 44 West Texas cities served by the West Texas Gas Company last winter, Hinchey announced this week that his company has contracted for additional natural gas supplies which should guarantee fuel supplies throughout the company area next winter.

Hinchey announced this week that his company has entered an agreement with the El Paso Natural Gas Company to purchase natural gas from that company at two points

The new supply of gas, he pointed out, should be available before next winter, and will enable the West Texas Gas Company to meet winter peak-day needs of its customers throughout the area.

After these two connections are made, West Texas Gas Company will be drawing gas from five sources of supply Multiple sources of supply minimize the incidence of temporary gas shortages which may occur when pipe lines break or when there

El Paso Natural Gas Company last year built a gas transmission line from Eunice, New Mexico, to California, and this year is extending a 24-inch line from Eunice northeastward to the Panhandle Gas Field. The new extension cross-es West Texas Gas Company transnission lines at two points; between Hereford and Umbarger, and between Amherst and Sudan.

At these two points, Gas will be purchased by West Texas to feed The gas supply is expected to be available by November 1, subject to coal or steel strikes or other events which might delay com-

The toughest obstacle to be overcome by the gas company's organof sufficient steel pipe, even at premium prices. Hinchey said, however, that his people are combing the markets throughout the Southwest and almost daily are buying pipe at widely scattered points. These purchases consist mostly of small stocks of assorted sizes, but occasionally a really substantial fourchase is made. For instance, a company crew is now at Camp Bowie removing some 45,000 feet of pipe purchased there from War Assets Administration. Sufficient progress has been made in this manner that company officials are encouraged to believe enough pipe will be secured to extend service this year to a great many new customers who want gas service, and to remedy the local bottlenecks mentioned.
