HAMILTON, Bermuda, Nov. 17. (AP)—The biggest peacetime air rescue search in history was underway for a lost B-29 bomber which ran out of fuel and crashed-landed in the sea somewhere near Bermuda yesterday.

RESCUED AFTER WILD CHASE—Seven-year-old Karen Chasenmeister (above), was snatched from the living room of her home in Detroit, Mich., as she played with her sister and brother.

Nearly 100 Air Force, Navy and Coast Guard planes from bases all along the Atlantic seaboard criss-crossed above Bermuda's surrounding waters hoping for a sight of the stricken bomber or bobbing life rafts.

The last word from the superfortress, whose navigation instruments failed on a flight to England, was a radio message: Going to ditch in five minutes. After that message yesterday morning a U. S. Coast Guard vessel heard weak SOS signals—spurring hopes that the crewmen had taken to rubber life rafts equipped with automatic wireless distress signalers.

Guam Battered By High Winds

TOKYO, Nov. 17. (AP)—The Air Force weather bureau reported winds approaching 145 miles an hour battered the island of Guam late today.

The typhoon, one of the worst in years in the Pacific, was centered 45 miles south of Guam and moving west northwest at about 17 miles an hour.

Weather observers here predicted the typhoon would be 300 miles northwest of Guam tomorrow afternoon. The storm covers a 360 mile radius.

7 Dead, 11 Missing As B-29's Collide

Fog Is Blamed For Superfort Disaster

STOCKTON, Calif., Nov. 17. (AP)—Two Air Force superforts collided 20,000 feet above Stockton at midnight. One fell in flames. The tail of the other fell off and it crashed in the mud.

Four of the 22 men aboard were saved. Seven were found dead in the wreckage. Eleven are missing.

Detailed checking eliminated one survivor reports by Lodi, Calif. police. The four survivors—all at the Navy annex of the Stockton Supply depot after treatment for minor injuries are:

Lt. Warren F. Sharrack, whose home, ironically, is only 26 miles east of Stockton in the Sierra foothills.

Pvt. Keith R. Burns, 19, Boise, Idaho, apparently the only survivor of the burning plane.

T-Sgt. B. Schmidt, Megley, Ohio. Sgt. Robert S. Kluge, 26, Spokane.

The sheriff's office field party radioed three bodies had been taken from the plane that burned on a McDonald Island levee on the San Joaquin River in the delta nine miles west of here.

State Highway Patrolman Bill Alott said four bodies were taken from the plane that crashed six feet deep into the mud on the ridge tract two miles north and across the San Joaquin.

The wings of this plane were intact, but the tail assembly had collapsed.

A radio from the field party at this plane ordered all spectators cleared from the area because of high octane gasoline fumes.

Hamilton Field, 25 miles north of San Francisco, said the plane that burned was from the 320th Squadron. The other was from the 92nd Bombardment Group at Spokane, Wash.

First gunfire words of the crash, in a fog, came from one of the survivors, Lt. Warren F. Sharrack, whose home is only 26 miles from Stockton.

Judy's Arrest Ruled Legal

NEW YORK, Nov. 17. (AP)—Federal Judge Sylvester J. Ryan ruled today that Judith Coplon's arrest was legal and that papers taken from her purse by the FBI can be used as spy trial evidence against her.

The former government girl's attorney, Archibald Palmer, had contended her arrest was illegal because FBI men had no warrant when they took her and Soviet Engineer Valentin Gubichev into custody last March 4.

The government charges that the papers found in her purse were abstracts from secret government papers and that she planned to give them to Gubichev for passing on to the Russians.

# State Asks Clemency For Crack Gem Thief

By ARTHUR EVERETT  
AP Staff  
MINNEOLA, N. Y., Nov. 17. — Master Jewel Thief Arthur Barry, his youth, his money and his arrogant gait, has a friend at last on the right side of the law.

As a result, he may never return to prison.

"Barry is a changed man," Nassau County Dist. Atty. Frank Gulotta said yesterday, indicating that Barry has paid his debt to society during 10 years behind bars.

"I feel that if a man hasn't learned his lesson by now, he never will," Gulotta told Judge Henry J. A. Collins. "I believe the humane thing to do would be to give him an opportunity."

"It will be our recommendation that sentence be suspended or, if imposed, that execution be suspended."

Judge Collins held Barry for sentencing Nov. 22.

Barry, jewel-thieving scourge of Long Island's wealthy in the 1920s, pleaded guilty to six 20-year-old incidents. They grew out of some

of the thefts that reportedly netted him from \$4 million to \$10 million. The bulk of the loot never was recovered, but Barry says it is gone.

Gulotta quoted the 36-year-old thief as telling him:

"In those days, it was easy come, easy go. There isn't anything left. If there was—even a cufflink—I'd tell you about it."

Barry was released Tuesday from Attica State Prison after serving 10 years for a \$60,000 jewel robbery. He immediately was arrested on the old charges which were held in abeyance during his years in prison.

Gulotta said Barry wants to go to Massachusetts to live with relatives if he is freed.

However, even if he is released without a new prison term, Gulotta said Barry would be under supervision of probation authorities for the rest of his life.

# Young Girl Shoots Herself To Death

WATERTOWN, N. Y., Nov. 17. — The note said only "good-bye."

It had been written by 10-year-old Betty Harten. Her body was in a chair nearby.

Police said the sixth-grade pupil shot herself in the chest with her father's .30 caliber carbine rifle yesterday.

The parents, Mr. and Mrs. Gordon H. Harten, found Betty's body. The gun lay in her lap and the note was on a table nearby. Betty had been alone only 20 minutes.

Harten said his daughter, an only child, had been suffering severe headaches. But he said she appeared in good spirits when he left to pick up his wife at a physician's office in this northern New York city.

# West German Reds Quitting Party

FRANKFURT, Germany, Nov. 17. — Western allied officials say the West German Communist Party has lost most of its old-time members, either by expulsion or resignation, because they "can't swallow" Russian imperialism.

Private reports reaching the officials from several reliable sources indicate, they said last night, that the party is undergoing a sweeping purge of "Trotskyists and defeatist elements" similar to those going on in the Cominform satellites of Russia.

Indications were that most of the old pre-war German Communists were throwing their support to the independent Communist ideas of Yugoslav Premier Marshal Tito.

"Russian imperialism was unknown to them in the period before Hitler," one official said. "Now they can't swallow it."

Soviet estimates have put the West German Communist Party's strength at 450,000—10 per cent of western Germany's population—while allied sources say there are only 250,000 to 275,000 members.

# Girl's Body Is Found In Lake

LITTLE FERRY, N. J., Nov. 17. — The drowned body of three-year-old Cecile Bird was found in Willow Lake early this morning. The child's cousin drowned in the same lake two years ago.

About 100 police and firemen searched for the little girl last night. Her body was found about 1 o'clock this morning in four feet of water at the foot of an eight-foot bank.

Police said she apparently had gone around a fence erected along the lake front to protect school children. There was no evidence of foul play.

The fence was put up two years ago, after Cecile's young cousin, Frank Trinka, drowned at nearly the same spot.

Cecile probably got through the fence where an unused road leads to an abandoned claypit on the shore, police said.

# Rabbit Carries \$15 Inside Himself

WHITE SULPHUR SPRINGS, Mont., Nov. 17. — Kenneth Fallang says there's a snowshoe rabbit hereabouts. "With about \$15 in U. S. currency inside him." The rabbit also contains a Masonic Lodge card if Fallang figures correctly.

Fallang, deputy game warden, says he was dressing an Elk when his wallet fell to the snow from his hip pocket. He went home without it, later returned to the scene of his loss.

There were rabbit tracks leading to the wallet and other identical tracks where the rabbit had departed. The leather wallet was chewed into strips. A five dollar bill and two-thirds of a \$20 bill were missing, along with the membership card.

PICK THE COTTON—W. E. Ramsey, Martin county cotton producer, stands beside a mechanical cotton picker he conceived and had manufactured here. From experiments five years ago, he has perfected an instrument which has been gathering two and a half bales a day. It picks instead of pulls cotton by suction principle. A total of five have been or are being produced. Ramsey has the machine at work on his farm eight miles west of Knott. (Mathis Photo)

## GATHERS 2½ BALES PER DAY

# Mechanized Cotton Picker Is Invented By Martin Producer

Five years of planning and re-designing have borne fruit in two and a half bales of cotton per day gathered by a mechanized picker.

That is what one of the models of a picker invented by W. E. Ramsey, Martin county cotton producer, is doing these days. Ramsey has the machine at work on his farm eight miles west of Knott.

Ramsey's machine is a picker and not to be confused with strippers, sifts and similar mechanical harvesters. Basic principle is strong suction, applied in such a manner as to gather the open cotton and leave undisturbed the green bolls.

He has in operation or on production lines a total of five machines. Most of them have been or are being fabricated here by the Henley Machine shop and the Williams Sheet Metal shop. Grady Burnett is turning out one currently.

The Ramsey picker is mounted on an independently powered unit which trails a tractor. The motor, mounted on durable and rigid steel frame, sets up a suction in an adjustable gathering box. This part of the machine straddles the cot-

ton row. In early season, when cotton is partly opened, revolving prongs or agitators stir the cotton to help loosen the open locks. At this particular time, however, only the suction is used.

As the open cotton is drawn from the bur, it is sucked up big conduits and past the fans into a green hopper. Vibrations set up as the machine rolls along tend to shake out dirt that might have been drawn into the stream of cotton.

Cotton gathered by the picker grades average with that pulled by hand, said Ramsey. He is working on an idea which would permit grading or selective gathering. If it materializes, this would call for two hoppers, one for the top grade, a second for the lesser quality.

Ramsey also has developed an attachment which serves as a stalk cutter the last time the machine makes its rounds over the field. This reduces the stalk to protective litter, or to small pieces easily turned under.

In season, the machine also may be used as an insect catcher, Ramsey explained. Of course, it catches insects incidentally at time of harvest, but before bolls ripen, it could gather insects much the same as it gathers cotton.

Although he is confident that he now has it on a practical and economical basis, Ramsey feels that he can make adjustments which will add to the efficiency of the unit.

He said he had received several attractive offers on his machine, now protected by a pending patent. He had one nibble for manufacture of the units in California, where cotton production has suddenly become a considerable item.

"I'd much rather see a factory put in one of the four counties in this area," he said, "such as Howard, Martin, Dawson or Midland." If sufficient support were forthcoming, he said models could be stockpiled locally during winter and early summer months to meet the demand at harvest time. Lack of reserves has hampered efforts to market it this season, he thought.

H. C. Hoover, Ozona, early interested in the possibilities of the picker, was here Wednesday and said that producers in the Fort Stockton area were interested in a demonstration. In this area, a number have gone to watch the Ramsey machine in operation.

Even on a custom-but basis, it is being built and marketed at

# Personal Chair Is Needed For Brain Work, Says Man

By HOWARD W. BLAKESLEE  
Associated Press Science Editor  
CINCINNATI, Nov. 17. — This is about sitting down while you work.

If you want your brain to stay clear, you need a personal chair, the Southern Medical Assn. was told today.

"Chairs," said Dr. J. R. Garner, Atlanta, "should be as personal as your clothing."

They fit for proper sitting. And if you don't sit right, Dr. Garner said, some surprising things—mental, physical and psychological—happen.

In this personal chair your rear will extend out back a bit, to prevent coxycrosis. This refers to your coccyx, a pair of bones, like stubby stiles, just at the base of your spine. They aren't real sitting bones, but lots of people use them for that, said Dr. Garner. This puts an extra strain on the end of the spine. A properly designed chair bottom will also do the work of the rear overhang.

The chair back needs a slightly curving area to press forward into the curve of your spine. Keeping that curve in position tends to reduce pot-shaped corpulence.

The chair seat should not be long enough to press against the fold-back of your knees. That puts the feet to sleep.

Everybody talks about PLEASURE, but only ONE cigarette has really done something about it.

DOES RUSSIA REALLY WANT PEACE?

Vishinsky Speech Stirs Much Speculation In UN Assembly

LAKE SUCCESS, Nov. 17. (U.S. Associated Press)—United Nations delegates were trying to figure out today whether Soviet Foreign Minister Andrei Y. Vishinsky has offered to ease East-West tensions.

The evidence before them was not too clear. Vishinsky made a speech yesterday before the assembly's session political committee that could be viewed in two lights.

added: "To this crowd we shall not open our doors or windows or even our pane."

He ridiculed any idea that the Soviet Union would want to bomb the British Isles and said "there can be no thought" of an attack on the United States.

Search For Missing Girl In Tennessee

CINCINNATI, Nov. 17. (U.S. Associated Press)—Search for missing, 16-year-old Dorothy Jennings, daughter of a Cincinnati business executive, centered in the Chattanooga, Tenn., area today after a hotel clerk reported her presence there yesterday.

Remorseful Man Faces Trial In Girl's Abduction

DETROIT, Nov. 17. (U.S. Associated Press)—A remorseful father who gets "mean and wicked" when drinking was held for prosecution today in Karen Kuechenmeister's abduction.

The girl's parents, Mr. and Mrs. Ralph H. Jennings, although still worried, expressed relief last night upon learning their daughter apparently was safe.

Fear Young Girl Is Kidnap Victim

BURLEY, Idaho, Nov. 17. (U.S. Associated Press)—Officers expressed fear today that a seven-year-old girl, missing since late yesterday, may have been kidnaped.

Glenda Joyce Brisbough, daughter of a transport company driver, reportedly entered an automobile driven by a man at 5:30 o'clock yesterday afternoon.

Three Jailed In Plot Against Turkish Head

ANKARA, Turkey, Nov. 17. (U.S. Associated Press)—The government announced last night three opposition politicians had been jailed on charges of plotting to assassinate 65-year-old President Ismet Inonu.

Coffee Dispute Is Getting Exciting

NEW YORK, Nov. 17. (U.S. Associated Press)—Can a man get rich selling a cup of coffee for a nickel?

A great number of restaurants also only get 40 cents to the pound and are paying up to 75 cents a pound for coffee.

# Business Might Find It Good Business To Master Spanish

One of the most interesting spectacles of the moment is to be found in the stores of Big Spring and Howard county where Latin-American domestics and Mexican nationals seek to do business. Relating an incident in a business house here during the weekend, a man said, "I didn't understand a word they said, and I don't think the clerk did either."

# Apathy Among Younger Voters Points To A Serious Problem

This thought is not ours, but when someone has something constructive to add to the matter of apathy at the polls, it's worth passing on. Here's what one man, who has helped hold several elections this year, observed: While apathy is apparent in all age levels, it is alarming among the young voters.

# James Roosevelt Shining In California Politics Despite Famous Name Handicap

LOS ANGELES. — It looks like Jimmy Roosevelt is definitely coming into his own. Once a callow youth, floundering under the weight of a famous name, Jimmy dealt with almost anybody who came along. At one time he was the political pal of Mayor James Curley of Boston. Another time his life insurance sales to George Washington Hill of the American Tobacco Company didn't help the Roosevelt family.

back to the armed forces. NOTE: Adm. Sherman decided upon a naval career at the age of six when he first set foot on a battleship, the USS Kentucky. As early as 12 he showed his seamanship and spunk while sailing off the New England coast in a whaleboat when his grandfather, died at the helm, and young Sherman brought the boat home safely through choppy water.

undertake anything they couldn't do on their own. Lee's little speech didn't go over with the mining industry, however, which happens to be the principal industry in Utah and which does not agree with the GOP cry of "welfare state"—at least when it comes to mining. NOTE: Lee also opposed federal aid to education, which has been sponsored in Congress by Utah's Sen. Elbert Thomas. In fact, Lee was against everything that emanated from Washington—even tangled with California's Gov. Earl Warren over rent control. Warren maintained that rent control was still necessary in some California cities—no matter what the situation was in Utah.

# Sleeping In Raw Is Latest Film Realism

HOLLYWOOD, Nov. 17 (UP)—The good old American custom of sleeping in the raw finally will be depicted on the screen. I guess it was inevitable. Movies have trodden down the road to realism for some time. Actresses have been shown without makeup, without fancy hair-dos. And now without clothes.

A newspaper acquaintance of mine was the freest spender I ever have known. Although he drew a whopping salary, he never bothered to bank a dollar of it, and generally was flat broke the day before pay day. However, he rarely borrowed from friends, for he had a wholesome horror of debt. In short, he followed A. M. Micawber's advice to the letter. That advice, in the event you have forgotten, was to spend neither more nor less than your annual income.

# Truman, Party Chiefs To Talk Congress Strategy At Key West

WASHINGTON — President Truman will leave the capital for a "real vacation" at his favorite resort, Key West, Fla., November 28. He can't go before that, being a proud parent desirous of attending the National Symphony Orchestra concert, Sunday afternoon, November 27, at which daughter Margaret will be the soloist. Miss Truman's appearance will be her first here since she acquired a new teacher and went to New York to live in her own apartment so as to devote herself seriously to studying for grand opera.

also to drop in for a few days. However, the leisurely Key West days will afford that charmed circle its chance to consider how best to handle the oncoming Congress which will convene only about three weeks after the President's return. The remaining time in December is broken by the holidays and it is the period also when final decisions regarding the budget must be made. The post-election Key West Jubilee this year saw Chief Justice Vinson in the forefront and to his influence is attributed the policy of moderation the President followed with the new Congress. On the domestic side that policy had its drawbacks since it surrendered a large measure of control to southern conservatives. Twelve of the 20 House committees went to southern chairmen, nine to conservative Democrats from southern and border states. Notably in the civil-rights fight the initiative was seized by a coalition of these southerners with the Republicans so that a stiffened cloture rule confronts civil-rights advocates next year. About a score of the Fair Deal measures also found the going too tough. These are underlying difficulties but they can be ameliorated by getting Congressional planning and staff work. Already a New Deal southerner, Sen. John Sparkman of Alabama, has warned that if another civil-rights fight breaks out, the Fair Deal will be jeopardized. Republicans admit they are planning to push civil rights. It is, they hope, one way of embarrassing the President. Many influential New Dealers in Congress, including Senate Majority Leader Scott Lucas, believe that the social and economic measures which profit masses of people afford a guarantee also to the Negro that his wants are considered; they therefore will put them first if permitted. This group will watch the Key West Who's Who closely for a clue to whose thinking seems likely to prevail.

# Shah's Visit Points Up Need Of Keeping Iran's Friendship

WASHINGTON, UP—THE 30-YEAR OLD king of ancient Persia, Mohammed Reza Pahlavi, Shah of Iran, arrived here Wednesday for a 23-day look around. This is the first visit to this country of the young Shah, who has his own publicity man, speaks English, has a brother now at the University of Michigan and another who was graduated from Harvard. The Shah will be well cared taken of while he's here. He was flown over on President Truman's plane, the Independence. And Secretary of State Acheson flew back from Europe so he could be here to meet and help entertain the royal guest.

Iran, the United Nations rapped Russia's knuckles, and the republic folded. Americans have been busy in Iran for five years, advising the Shah's army. When Congress this fall voted \$1,314,000,000 military assistance for western European and other non-Communist countries, \$27,640,000 was earmarked for Iran, Korea, and the Philippines. Iran also has been supplied with substantial quantities of American war surplus equipment. And Iran may make requests for loans from the World Bank and the American Export-Import Bank. The king, who likes tennis, skiing, and flying his own plane, has about 20 palaces and a treasury of jewels and heirlooms. He's a rich young man. But Iran itself, except for the royalties it gets from its great oil supplies, is not rich. It has a population of around 15 million people. IN FACT JOHN RODERICK, ASSOCIATED Press reporter in Iran, wrote last May that "in Iran there are only two classes: The very rich and the very poor. . . . Tehran, the capital, is a city of nearly a million people. Yet it does not have a modern water or waste disposal system. The water which goes into most people's homes flows in muddy, polluted streams in open sewers on both sides of each street. The population is a prey to many diseases. Skin rashes are common. Most foreigners avoid even the drinking water, rarely eat raw vegetables, whole milk or ice cream. . . . in the rural areas malaria is widespread, only through extreme frugality are the peasants able to keep alive." But the Iranians have a plan or are working on it, a seven-year plan costing \$650 million, to raise the country's living standards. Royalties from the British controlled oil fields are expected to pay the bill. The Iranians consider themselves Aryans, not Arabs, and although the Shah is a Muslim his country was not in the recent Arab war against the Jews of Palestine.

# Bovine-Eagle Game Set For 8 Friday

## Starting Time Is Moved Back

The District 5AA football game between Big Spring and Abilene, which will be played in Abilene, will be a nocturnal arrangement. Originally booked to begin at 7:15 p. m., school officials here need Wednesday that the contest had been set back until 8 p. m. The weather, which apparently will continue good through that time, influenced the change.

Reserve seat duets for the contest can be obtained at the school tax office and Dibrells Sporting Goods through today.

Abilene can earn the right to represent the district in bidistrict play by defeating the Longhorns, and they are favored to do just that.

The Eagles will still have San Angelo to play before they can be declared undisputed champions. However, they've already felled Sweetwater, the only team with a chance to tie them other than Big Spring, and precedent dictates that, in event of a tie in the standings, the team that has defeated the co-leader will represent the district in championship play.

The Longhorns spent more time working on their defense yesterday, hoping to slow if not stop the high-scoring Abilene outfit. Back Carroll Cannon has been moved into the line on defense, replacing J. W. Drake. It will be Drake's job at Cannon's old post, to try and knock down enemy passes.

The change works well, at least in practice, for Cannon seems right at home up front and Drake looks to better advantage in the defensive setup.

## Coyotes Could Meet Spirited Enemy Friday

By The Associated Press  
There is no indication that undefeated, untied Wichita Falls and Corsicana have walkaways in district championship battles this week that headline the Texas schoolboy football campaign.

Wichita Falls clashes with Vernon for the title of District 2 in Class AA. Corsicana meets Temple in the big one of District 13, also Class AA.

Comparative records show Wichita Falls boasting an edge but not a big one over Vernon. Wichita Falls beat Pampa 14-0 and that team edged Vernon 8-7. Wichita Falls crushed Quanah 59-0. Vernon licked Quanah 45-0.

Corsicana and Temple stack up almost even. Against common foes they look pretty much alike. Corsicana clubbed Hillsboro 41-0 and Temple beat the Eagles 26-0. Corsicana downed Waxahachie 47-13 and Temple beat Waxahachie 33-13.

Those would indicate a margin for Corsicana. But Corsicana only defeated weak Ennis 14-0 and Temple crushed Ennis 40-14.

Other features include the clash of Austin and Corpus Christi for the District 14 championship of Class AA. Austin appears a thin choice.

## LOOKING 'EM OVER

With Tommy Hart

Think this football season isn't hurrying along? The following teams are among those playing their last regular season game this weekend:

Boston university, Bucknell, California, Carnegie Tech, Columbia, Dartmouth, Delaware, Duke, Georgetown, George Washington, Illinois, Iowa, Indiana, Lafayette, Lehigh, Marquette, Michigan, Michigan State, Minnesota, Montana, Nebraska, Nevada, Ohio State, Oregon, Oregon State, Pitt, Princeton, Purdue, Rutgers, St. Bonaventure, St. Mary's, San Francisco, Santa Clara, Stanford, Syracuse, Temple, UCLA, Villanova, Yale, Wisconsin, Washington State and Washington.

Only five college games of any consequence are booked after Thanksgiving weekend, which arrives next week. Before you know it, they'll be throwing the old horsehide around again.

Reports that Del Morgan, head mentor at Texas Tech, is going to get bounced from his post at the Lubbock school have crapped out again.

The Raiders haven't fared so well especially against Southwest conference clubs.

On the subject of coaches, Oklahoma A & M is supposed to be looking for a fellow between 35 and 40 years of age who isn't an Aggie or Oklahoma university graduate to take over Jim Lookabaugh's job.

**BERRY'S CASE TO BE REVIEWED IN DECEMBER**  
The Southwest conference's final decision on the eligibility of Harold Berry, who quarterbacked the Big Spring high school Steers a couple of seasons ago, is due to come up in December.

Berry enrolled at Texas A & M in September, 1948, but attended San Angelo Junior college the spring term. Now he's in TCU and will probably play basketball, if the conference duds will let him.

He's majoring in business administration, minoring in PE in college, may become a coach when he graduates.

**LONGHORN'S DRAW IN 1948 MOST CREDITABLE**  
Only five of the 25 Class D baseball leagues in the United States outdrew the Longhorn circuit last season, and those circuits are situated in more thickly populated areas than President Hal Sayles' organization.

The five which had a bigger turnout than the Longhorn's draw of 426,865 were the Wisconsin State (623,506), Pony (602,273), Ohio (430,790), Florida State (433,707) and Coastal Plain (398,873).

The Longhorn league also accepted more business than two Class B circuits (Colonial and New England) and three C loops (Border, Central Association and East Texas).

Seven D clubs in the country played to more customers over the season than San Angelo, which led the Longhorn league with a turnout of 83,245. Of that group, three were in the Pony league.

## Big Spring Hi School Returned To 3AA By Interscholastic Body

After a one year's association with District 5AA, Big Spring high school is being transferred back to District 3AA, the Texas interscholastic league has announced.

The change came about after Brownfield, a member of 3AA, announced intentions to return to Class A athletics because it did not have the student body necessary to compete against AA schools.

District 3AA has as other members Odessa, Midland, Lamesa and Lubbock.

Local school lauded the announcement, since it will call for less traveling on the part of the local teams.

A request was made by local officials for entry into 3AA last year after it was announced Big Spring was being moved into SAA but the application was denied.

## Bedding Destroyed By Court Fire Here

Police discovered some blankets, quilts and linens burning just outside a cabin at the Phillip Tourist courts, 704 E. 3rd, about 2:30 a. m. today.

Cause of the fire was not known. Earl Phillips, operator of the courts, said value of the destroyed articles was about \$125. He said the cabin had been rented by two boys, believed to be from Snyder, for a week, according to police.

Only three favorites out of the last 15 have emerged as football champions of the Southwest Conference.

Art Prochaska, Syracuse University's new tennis coach is a former New England net champion.

## 275 Register For Series Of Sales Lectures In City

A total of 275 sales persons, representing 40 local firms, had registered for the series of sales lectures to be given here by E. C. House, New York sales expert, next week.

Latest businesses to register personnel for the three talks are the State National bank and Hemphill-Wells company, House said. Additional registration was reported for firms which were already represented.

House urged that all other interested firms register sales personnel early so that identification cards could be issued before the series of talks is opened. The local chamber of commerce is handling registrations.

**END OF LINE**—Paul Campbell (above) winds up his college football career Thanksgiving Day when his University of Texas Longhorns clash with Texas A & M Aggies at College Station. Campbell is the leading passer in the Southwest Conference at the present time.

## Sterling City Bids For Crown Friday Night

STERLING CITY, Nov. 17—A victory over the Garden City Bearcats Friday night would give the Sterling City Eagles the 1949 championship of the District No. 8 six-man football loop.

The Eagles and Bearcats are scheduled to tangle on the Sterling City gridiron.

Special festivities have been planned, and a band from San Angelo may be on hand to furnish music for the occasion. The Sterling City football queen will be crowned during half-time ceremonies.

The Eagles have won seven loop games in as many starts. If they can hurdle the Bearcats, the War Birds will challenge Flower Grove, District No. 7 winner, in a bidistrict game next week at a site to be selected.

## Bracero Contract Handling in Martin County Is Lauded

STANTON, Nov. 17.—Manner in which bracero contracts in Martin county are being handled has drawn commendation from a representative of the Mexican consulate in El Paso.

After an inspection here Tuesday, a Mr. Chaves, an aide to Gen. Paul Michael, expressed approval with the manner in which Mexican nationals had been placed and were being employed in cotton fields.

At the same time, the prevailing rate in Martin county was ascertained to be \$1.30, the figure on which the contracts were based originally.

The Tarzan Marketing association is prime contractor for 1,340 braceros at work in Martin county. In addition, approximately 400 have been secured through the Howard county chapter of the Farm Bur. This brings to more than 2,000 the total Mexican nationals now engaged in the harvest in Martin county.

Judge James McMorris, who has been active in securing braceros on behalf of the Tarzan Marketing association, estimated that the number of domestics in Martin county fields equals or exceeds that of the braceros.

As a result, rapid progress has been made. A rough estimate on the number of bales turned by all the gins operating in the county is somewhere above 35,000.

## Stanton Woman Succumbs Today

Funeral arrangements are pending at Eberley Funeral home in Big Spring for Mrs. Laura Estelle Munn of Stanton.

Mrs. Munn, 60, died at 9:56 a. m. today at the Martin County Memorial hospital.

Immediate survivors are the husband, William H. Munn, five sons, Jack and W. H. Munn, both of Odessa, G. W. Munn of Fresno, Calif., Merilee Munn of Colorado City, and John Ralph Munn of Stanton; three daughters, Mrs. Wanda Teal, Patricia (Tex), and Mrs. Evelyn Teal, Sparenberg, and Mrs. Ava Lou Brownlee, Odessa.

Other survivors who are expected here for the funeral service include five brothers, L. C. Stovall, Stanton, Cleo Stovall of Houston; Hobson Stovall of Dallas, and Ray Stovall of Weslaco; two sisters, Mrs. Maud Drake and Mrs. Iva Stoneham, both of Dallas; and the mother, Mrs. Lucindia Stovall of Dallas.

Eighteen grandchildren also survive.

## City Man Named to Presbyterian Post

MIDLAND, Nov. 17.—Phillip Sterrett of Clovis, N. M., is the new president of the Men of the Church of the El Paso Presbytery. Sterrett was elected at the group's annual meeting here last night. He will succeed Shelby Reed of Big Spring.

C. P. Sampson of Lubbock, L. E. Milling of Big Spring, Pat H. Cooper of Fort Stockton and Luther Price of El Paso were named vice presidents.

## Manholes Completed For City Extension

Construction of manholes for a 1,300-foot extension of city sewer lines to the labor camp in the northwest section of town was completed Wednesday, City Manager H. W. Whitney said today.

Line for the extension had been completed several days ago, but was not ready for use before manholes were installed. Work on extensions in other sections is underway, the city manager said. A report on progress is expected Friday from the city engineering department.

## City Residents Will Attend Kin's Rites

Mr. and Mrs. A. C. (Gus) Hart plan to leave for Pioneer Friday morning where they will attend funeral rites for his brother-in-law, John Fore.

Fore died in a Rising Star hospital last night of a heart ailment. He has been operating a store and filling station in Pioneer for several years.

Funeral rites are to be Friday afternoon.

## Jailed in Theft

Frank Goodrich has been lodged in the county jail on a charge of felony theft. Goodrich is accused of stealing several motors and allied equipment.

## Escandon Fined \$100

Pablo Escandon, arrested earlier in the week by the constable at Coahoma, entered a plea of guilty in county court here Wednesday to the charge of driving while under the influence of intoxicants and was fined \$100 and costs. Escandon's driving privileges were also suspended for six months.

## Makes Recovery

Mrs. Lucille Merrick, who recently underwent major surgery in a local hospital, is up and about now.

## Local Firms Will Get Christmas Treasure Cards

Treasure hunt cards for the program opening the Christmas season here Dec. 2 are to be distributed to businesses today and Friday, Faya Coltrarp, chairman of the treasure hunt committee, has announced.

Firms which participate in the program will be asked to display prizes in show windows until after the treasure hunt. Those who are not contacted by the canvassers have been asked to secure cards at the chamber of commerce office or at Faye's Flower shop.

Miss Coltrarp is making arrangements for downtown window space for those firms in outlying districts. The treasure hunt is to be staged in both community business centers and downtown area this year, she said.

Members of the committee distributing the cards are Vernon Smith, Oms Buchanan, Eugene Sonnenschein, Sam Mellinger, Bud Lilly, Bull Duggan, H. J. Morrison, Pete Kling, Cecil Thibout, Lonnie Coker, C. Y. Clinkscales, G. G. Morehead and Doc Wilkerson. The treasure hunt will be held at 6 p. m., following the Christmas parade, on Dec. 2.

## Open Storage Plan Used For Cottonseed Unloaded in City

Cottonseed, as well as cotton, is requiring vast storage areas in open yards here, as the county's largest cotton crop in history moves from the fields.

An open storage plan is being used for cottonseed purchased by the Commodity Credit Corporation, and huge stacks already have been unloaded at two sites.

J. G. Hammock, administrative assistant for the county Production and Marketing Association, which handles the CCC purchases locally, said approximately 4,500-tons of cottonseed have been ricked in open storage and the volume is mounting daily.

The CCC pays \$48.50 per ton for cottonseed.

One cottonseed yard located west of the oil mill has been filled to capacity and another yard has been opened at the former Army Air Field.

## Two Officers Say Petersen Sane

DALLAS, Nov. 17.—Two members of the Dallas police department testified today they believe Keith Petersen, 21, was sane when he killed his girl friend here last Sept. 2.

They were L. G. Deik, city detective, and P. B. Leach of the homicide and robbery squad. They testified for the state at a sanity hearing for Petersen.

Petersen, former Southern Methodist University student fatally shot Carolyn Schofield, 20, in a downtown office building. The slaying occurred in the office of a geologist for whom Miss Schofield worked. Petersen said later he killed the girl because he was in love with her and had learned she intended to marry another man.

Leach said he reached the scene of the crime a few minutes after the victim had been shot. A pistol was on a table, he said. The body was on the floor near the table. Young Petersen was sitting on a couch in the room and volunteered to answer any questions.

"In my opinion," said Leach, "he was sane."

Deik took a statement from Petersen following the slaying.

"Do you think he (Petersen) knew it was wrong to kill that girl?" Dist. Atty. Will Wilson asked.

"Yes," Deik replied.

"In my opinion he was sane," he added.

## New Demonstration Agent Coming Dec. 1

Eugenia Butler, newly named home demonstration agent for Howard county, will arrive here about Dec. 1 to assume her duties, the county commissioners court has been informed.

Miss Butler has been serving in a similar capacity in Knox county and wanted time to complete her annual report in Benjamin before checking in here.

She has been serving as home demonstration agent in Knox county since March, 1947. Miss Butler succeeds Margaret Christie as the agent here.

## PRIZE TAKEN BY STUDENTS

KENTFIELD, Calif., Nov. 17.—Miss California was kidnapped last night—in a college prank.

College of Maria students jubilantly announced "We have absconded with your (Santa Rosa J. C.'s) prize possession" "Jones Federation."

The ransom: "2,000 rooters Friday night."

That's when Marin and Santa Rosa meet in their annual football game.

## Mitchell Deep Wildcat Logs More Oil Shows

More shows were logged and the water table apparently established in a southwestern Mitchell county deep wildcat Wednesday.

Gulf No. 1 E. A. O. D. Dillingham, half a mile northeast of the discovery Ellenburger test Superior No. 1 Dockery (170 barrels from 7,980-8,004), ran a drillstem test from two hours from 7,980-8,005 feet. Gas was to surface in one hour. Recovery was 90 feet of oil and gas-cut mud (50 per cent oil), 728 feet of oil and 303 feet of water in the bottom of the tool.

Previously a two hour and 15 minute test from 7,980-7,925 feet had resulted in recovery of 450 feet of oil and gas-cut mud (50 per cent oil). A 30-minute test from 7,925-50 returned 250 feet of drilling mud. Location is in the C. S. E. SW section 9-29-15, T&P.

R. C. Lippcomb staked location for an Ellenburger wildcat 13 miles from Snyder. It will be the No. 1 Von Roeder, 487 feet from the south and west lines of the east half of section 75-25, H&T and will start Nov. 25. Projected depth is 8,000 feet.

R. S. Brennan No. 1 W. D. Everett, south-central Borden wildcat projected to 9,500 feet, cemented 8 1/2 inch casing at 3,052 feet. It is located 660 feet from the north and west lines of section 7-31-4a, T&P.

Carraway No. 1 T. A. Lee, eight miles northwest of Lamesa, was reported to have topped the Spryberry at 7,404 feet. It had a good color, fluorescence and soft formation at 7,454 where a drillstem test was scheduled. It is in tract 12, league 3, Taylor county school land.

## Say One Atom Bomb Could Smash Capital

WASHINGTON, Nov. 17.—A single, well-placed atom bomb could smash the heart of the nation's capital, the experts believe.

Every building within a half mile radius of a bomb burst would be damaged and made unusable. Fires would sweep an area of many square miles.

This picture of what might happen is drawn in a report prepared by the staff of the Atomic Energy Commission. It is the first government study of the probable effects of an atom bomb explosion over an American city.

A possible answer, the report says, would be the creation of an adequate radar warning system and bomb-proof shelters. That would help keep down casualties.

To minimize destruction, the report suggests dispersing government buildings within the city and its outskirts. It advises spreading departments at least two miles apart.

These estimates are based on the assumption that the old-type bomb, similar to those dropped on Japan during the war, would be used. Newer, more powerful bombs now available presumably would cause far more damage.

## School Board Needs "Mom," Clubs Advised

AUSTIN, Nov. 17.—Texas clubwomen Wednesday night were urged to put "Mom" on the school board, to see that politics was taken out of schools and to get rid of racial intolerance and biases.

The speaker was Mrs. Hiram C. Houghton of Red Oak, Iowa, first vice president of the General Federation of Women's clubs. She addressed the Texas Federation convention at the Federation headquarters. The convention opened Wednesday afternoon and will continue through Friday.

Mrs. Houghton, whose subject was "Today's Challenge," is a member of the Iowa State Board of Education.

"Our main challenge today is to set a pattern of international living that will bring all people of the world close together and to enjoy that closeness," she said.

"The challenge means doing better than ever our daily tasks and at the same time helping to settle the angry differences of the world; keeping our homes centers of strength and inspiration and keeping the ship of state on an even keel."

## Market Is Steady in Livestock Auction Sale Here Wednesday

The market remained steady with last week at the Big Spring Livestock Auction company's sale Wednesday.

Bulls sold for 14.00 to 17.00, fat cows from 14.00 to 16.50 and butcher cows from 12.25 to 14.00.

Fat calves got bids from 21.00 to 24.00, medium calves from 18.00 to 21.00 and stocker steer calves from 22.00 to 24.00. Stocker steel yearlings brought from 20.00 to 23.00. Cows beside calves exchanged hands for 15.00 up to 185.00 while hogs sold for 16.75 to 17.50.

A. L. Cooper, owner of the barn, estimated 900 cattle and 25 hogs were handled during the sale.

## Mrs. J. Cormas Entertains With Holiday Dinner

Mrs. J. R. Cormas entertained the members of the T. E. L. class of the First Baptist church with a Thanksgiving dinner in her home, 1022 Bluebonnet, Wednesday evening.

Fall flowers comprised the decorations in the reception room. The dinner table was laid with a white linen cloth and centered with an arrangement of dark wine mums shaped as a turkey. Lighted white tapers in candleabra surrounded with chrysanthemums flanked the center arrangement.

China and silver appointments completed the table setting.

J. B. Langston brought the devotional from the 107th Psalm. His subject was "Thanksgiving and Peace." Mrs. R. D. Ulrey pronounced the benediction.

Attending were Mrs. C. E. Read, Mrs. Inez Lewis, Mrs. Delphia Gordon, Mrs. Eula Lee, Mrs. R. L. Wolf, Dr. and Mrs. P. D. O'Brien, Mrs. Velma Cain, Mrs. G. E. Barnell, Mrs. J. E. Brown, Mrs. L. E. Coleman, Mrs. Beatrice Hill, Mrs. C. E. Richardson, Mrs. W. E. Mann, Mrs. R. D. Ulrey, Mr. and Mrs. J. B. Langston, Mrs. Osa O'Connor, Mrs. Beatrice Veir, Mrs. Mattie D. Bodine, Mrs. J. E. Patton, Mrs. G. L. Martin, Mrs. W. J. Alexander, Mrs. A. H. Baker, Mrs. Stewart Womack and the hostess, Mrs. J. J. Cormas.

## U. S. Action In Coal Row Looms

WASHINGTON, Nov. 17.—All signs pointed to presidential action today to stop a new coal strike from starting in two weeks.

President Truman was reported ready to ask Union Leader John L. Lewis and coal operators to submit their contract dispute to a special fact-finding board for a peace pact.

In lieu of this method, Mr. Truman could invoke the Taft-Hartley Labor Law. This calls for naming a fact-finding board to hold hearings and report the issues in dispute after which a strike-banning court injunction could be sought.

Mr. Truman may make his decision known at a late afternoon news conference. Officials indicated that he may propose the special fact board first, and if Lewis rejects that idea, invoke the Taft-Hartley emergency provisions by Monday.

The six-month-old coal dispute was put in the President's hands yesterday. Cyrus S. Ching, federal mediation service chief, reported to the White House there seemed to be little use in trying further to get Lewis and the operators to agree on a compromise.

## Episcopal Women To Have Bazaar

Decorative Christmas gifts including handwork, aprons and various other articles will be featured at the annual bazaar sponsored by the Woman's Auxiliary of St. Mary's Episcopal church at the Parish house Friday afternoon at 4 o'clock.

A white elephant sale and a cooked food booth will also be conducted. Mrs. Shine Phillips and Mrs. Lee Hanson will preside at the white elephant booth. Mrs. D. M. McKinney, Mrs. M. H. Bennett, Mrs. B. O. Jones and Mrs. Jake Johnson will be responsible for the cooked food booth. This booth will feature home-made pies, cakes and candies. Mrs. R. L. Tollett will preside at the miscellaneous booth.

Door prizes will be presented by Mrs. Charles Koberg and Mrs. Vard VanGieson.

Also, featured will be a Christmas decoration table, attended by Mrs. William Dykes and a refreshment table, presided over by Mrs. E. B. McCormack, Mrs. Obie Brissett, Mrs. P. M. Penn and Mrs. C. A. Jones. Foods served will include chili, pie and hot coffee.

Mrs. W. K. Edwards, Jr. and Mrs. Fritz Wehner will be in charge of prizes.

## McCamey Club Sponsors District Candidate

MCCAMEY, Nov. 17.—Members of the McCamey Business and Professional Women's clubs are supporting Mrs. Ruby Braly for the office of district director. The election will be held at the district conference to be held Saturday and Sunday in Pecos.

Mrs. Braly was a telegraph worker for the Texas and Pacific Railroad for several years, and later, secretary for the Southern Union Gas Co. She is now co-manager with her husband of the Braly Hotel.

She is a Past Matron of the Order of Eastern Star, a past president of the P-TA and has taught a young married women's Sunday school class for several years.

The McCamey club plans to invite the 1950 district conference to McCamey.

## To Have Bake Sale

Members of the Omicron chapter of the Beta Sigma Phi will have a bake sale at the Travis Reed Grocery Saturday morning at 9:30 o'clock.

## Is Recovering

Bobby Quindlen, son of Mr. and Mrs. O. D. Quindlen, 365 W. 5th, underwent surgery at the Scottish Rite hospital in Dallas Monday. He is reported to be "recovering nicely."

## RIBBON RAMBLINGS By Mildred Young

You can't keep a good Texan down, especially a West Texan! Mrs. John J. Perry of Sweetwater, Texas Federation of Women's club president, sprained her ankle in a fall at the state clubhouse where she had arrived in preparation for the meeting. Although she has been advised not to stand, she is presiding at the sessions, which continue through Friday.

She is receiving with Mrs. Allan Shivers, wife of the Governor, at a tea at the Governor's Mansion this afternoon.

During Mrs. Perry's administration of two and a half years, 137 new clubs have been taken into the organization, making the total club list about 1,200. The 25 new junior clubs bring the total to 110 junior groups, with more than 6,000 young women members in the federation.

Mrs. Perry has traveled 75,000 miles doing federation work since accepting the state federation presidency. She has visited in all but five of the states in this country and has been to Canada, Mexico and Cuba. She has spent 173 days in the federation headquarters on federation business.

She announced Tuesday that Texas clubwomen have contributed \$35,582 worth of school supplies, clothing, food and medicine to the needy in foreign lands. In the interest of good will they have responded with 2,587 women in foreign countries. They have donated \$1,065 toward a new clubhouse for the clubwomen of Manila, Philippine Islands.

The Texas Federation has also received a citation for its work in cancer education.

Sounds like the clubwomen of Texas have made a pretty good contribution to their communities and their world during the past year. This record is a good challenge for the future.

## Eight Local Girls Are Given Permanents

Eight local girls were given permanents at a regular meeting of Unit 24, Texas Association of Accredited Beauty Culturists held Monday night. During the business session, plans were made for a rummage sale to be held Saturday. It was announced that the Christmas party will be held at the Settles Beauty Shop.

Attending were Oma Buchanan, Gertrude Nelson and Elizabeth Maxwell of Art Beauty Shop; Ruth Dyer of Ruth Dyer's Beauty Shop; Ina McGowan, Dora Jones, Ellie Gilkerson, Madge Reinhardt, Opal Osborne, Beth McRorey, and Fern Bedell of Settles Beauty Shop; Lois Eason, Odie Thompson and Lillie Pachall of Youth Beauty Shop; Edna Womack, Inez George and Idell Wrd of Colonial; and Alma McLaurin, Mary Hudman and Marcelle Bell of the Crawford.

## Compensation For Some School Districts Is Made Available

WASHINGTON, Nov. 17.—School districts in which federal government activities may have become a burden or an expense now have a chance to split up \$7.2 million in government money to help square things.

The General Services Administration said the money is available to aid school districts which:

1. Serv. children living on federal reservations or other federal-owned property.
2. Have been overburdened financially by defense-incurred enrollments.
3. Have suffered reductions in school revenues because of the removal of taxable resources through U. S. acquisition or ownership of land.

Jess Larson, general services administrator, said in a news release that the aid will be restricted to: School districts which received help during the last school year and are still in need; Additional schools seriously in need as a result of federal activities, and not eligible for federal assistance from any other source. The money will be used for maintenance and operation costs. None of it may be used for school construction.

During the past school year 147 school districts received federal contributions to meet deficits. The appropriation for such aid was \$3 million.

Applications for aid will be handled by the agency's bureau of community facilities, through field offices at New York City, Washington, Atlanta, Chicago, Kansas City, Mo., Fort Worth, Denver, San Francisco and Seattle.

## O. H. McAlisters Entertain Club

Mrs. O. H. McAlister entertained the Couples Bridge club in her home, 1609 Scurry, Tuesday evening.

High score was won by Mrs. O. L. Nabors, and Mrs. W. M. Gage. Refreshments were served to Mr. and Mrs. E. J. Brooks, Mr. and Mrs. O. L. Nabors, Mr. and Mrs. W. M. Gage and Mr. and Mrs. O. H. McAlister.

The next club meeting will be held in the home of Mr. and Mrs. W. M. Gage, 1200 Nolan.

## Farm Bureau Meeting Will Be Held Today

Annual convention of the Howard County Farm Bureau will be held at 7:30 p. m. tonight in the district court room.

The bureau organization elects its officers, chooses delegates, etc., to the state convention at its annual county meetings.

All farmers affiliated with the organization have been urged to attend the session tonight.

## Sen. McKellar Gets Treatment for Burns

MEMPHIS, Nov. 17.—Sen. K. D. McKellar (D-Tenn), 80-year-old dean of the upper house, says he's good as new. He expects to leave his hospital bed today or tomorrow.

McKellar was admitted to Baptist Hospital here Tuesday for treatment of minor burns on his shoulder, arm and hip. He said he fell into a tub of hot water at his hotel bathroom.

The chairman of the Senate Appropriations Committee kept his mishap quiet as long as possible. "After all," he said, "it doesn't amount to much. Doctors tell me it is more painful than serious."

McKellar said he intends to return to Washington late this month.

## Presbyterian Class Has Supper Meeting

First Presbyterian Alliance Read class members held a covered dish supper in the church parlor Tuesday evening. Hostesses for the occasion were Mrs. Sam Munschke, Mrs. Clifford Brownell and Mrs. W. E. Greenlee.

Thanksgiving decorations were used.

Two solos were presented by Mrs. B. E. Freeman, class president, who was in charge of the business meeting.

Announcement was made concerning the next meeting which will be a Christmas party in the home of Mrs. L. G. Talley on December 13.

Those present were three guests, Gage Lloyd and Penny Rummans, and the following members: Mrs. Pat Bostler, T. T. Bostler, Mrs. Albert Davis, Mrs. L. E. Milling, Mrs. Frank Medley, Mrs. J. Alexander, Mrs. A. D. Albin, Mrs. Ray Griffin, Mrs. Ben Hawkins, Mrs. Tommy Jordan, Mrs. Olen Puckett, Mrs. Shelby Reed, Mrs. Frank Taylor, Mrs. L. G. Talley, Mrs. Helen Williams and the hostess.

# New Drugs Knock Out Diseases In A Hurry

By ALTON L. BLAKESLEE  
Associated Press Science Reporter  
NEW YORK, Nov. 17 (AP)—Do you remember when?

You got a three-week vacation from school because your sister or brother came down with the measles?

If you picked up whooping cough, you had to stay home for six to eight weeks?

And chicken pox kept you home for two to three weeks?

And someone came around and tacked that placard, "quarantined," on your door?

States and cities varied in the past, and still do, in quarantine or isolation rules on these and other communicable diseases.

But everywhere there have been radical changes, even in the last few years, on these rules. The time for isolation of children with these diseases has been cut down. In most of them, the family or other children aren't quarantined any more. Most cities don't bother with sticking the quarantine signs on the door.

One reason for the changes is that medical men have learned more about the diseases, and found that the old rules weren't necessary, says Dr. Morris Greenberg, director of the bureau of preventable diseases and New York City Health Department. Another reason is that newer drugs often knock out these diseases in a hurry.

Here's the picture, past and present, in New York City for example. The rules are much like the rules recommended for all cities and states by a special committee of the American Public Health Assn.

Scarlet fever: Years ago, the sick child was isolated for as long as two months. Only five years ago, the isolation was for three weeks. Other children in the home were kept out of school for that time, too.

Now, the isolation is for one week, or as long as the symptoms last. Other children exposed to the sick one are not kept out of school.

The rule was changed when doctors discovered that the germ that causes scarlet fever is the same germ that also causes tonsillitis, strep sore throat, and childbirth fever. In scarlet fever you get a rash, in tonsillitis you don't. It wasn't logical to impose isolation or quarantine for one form of illness from the bug, and not for another.

The sulfa drugs and antibiotics act quickly against all these diseases. Lots of people carry the germs, called hemolytic streptococci. The children exposed to the sick one are given sulfa pills, and then sent back to school.

Diphtheria: Not much change in isolation, still about five days. A modified quarantine is used. It's easy to learn whether any contacts are carrying the disease. If they stay at home, they aren't allowed to go to school until the sick child is well. But if they aren't carrying the germ, they can live with relatives and go to school.

Epidemic meningitis: This is an inflammation of the covering of the brain and spinal cord. It was once a very serious disease, and up to 25 per cent of children getting it would die. Sick youngsters were isolated for two weeks. Now they are isolated only as long as they have fever, and new drugs knock out the disease in a few days. Quarantine isn't necessary. Contacts can be treated with sulfa drugs and made perfectly safe in 24 to 48 hours.

Infantile paralysis: The patient is isolated as long as he has a fever, which is usually about a week. For everyone who gets sick, 20 to 100 people may be carrying the virus. It is not known how the virus spreads, so there's no point in trying to quarantine anybody.

Measles: The sick child is isolated for five days from the start of the rash. In 1941, this city didn't let any contacts go to school for two weeks after the sick child recovered. It takes two weeks for the measles virus to incubate once you get it.

Despite this long quarantine of contacts, measles outbreaks went merrily on their way. Dr. Greenberg said. The year 1941 saw the worst outbreak in New York City schools. The quarantine rule was not doing any good, and was abolished. The measles cycle has been about the same since then. The disease is most infectious in the two or three days before a child becomes obviously sick with it.

Chicken pox: Children used to be isolated until all the scabs fell off. This took two to three weeks. Now they are isolated for seven days after the blisters start. The

dried scabs don't contain any virus, and the child can go back to school before they have all fallen off. Contacts can go to school, because you can't carry this disease and give it to others unless you are sick yourself.

Whooping cough: In the old days, the sick child was isolated for six to eight weeks, sometimes longer. Now he's isolated for two weeks after the whoops start. By that time the infection is pretty well

over. The whooping may go on for weeks longer, but the child can't spread the disease. Contacts should be watched, but not kept out of special communicable disease hospital unless they show signs of getting a cold.

All these diseases, except polio, are far less common now, and usually far less severe, Dr. Greenberg said. Vaccines protect against some of them. The trend is away from having

It's the quiet of new super-fitted pistons, new "hushed" timing gear, new fan designed for better cooling at slower, quieter speeds. And what power! It's a full 100 horsepower wrapped up in V-8 design that makes you master of any road. It delivers more power than any other car anywhere near Ford's low price and sells for less than most conventional "sixes." And Ford offers a Six, too—an advanced Six with 95 horsepower.

### NEW SOUND CONDITIONING

New "sound conditioning" in floor, doors and body panels insulates Ford's "Lifeguard" Body against road noise. More extensive body insulation and sealing in 41 areas give additional interior quietness and protection. Eleven new body colors are baked on.

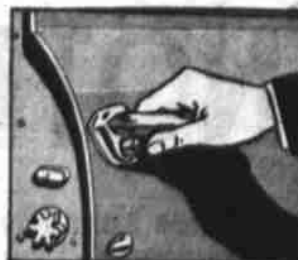

There's a Ford in your future

### NEW "HUSHED" RIDE

Ford's famous "Mid Ship" Ride is now so quiet you can talk in whispers at highway speeds. So smooth (with its great team of "Hydra-Coil" and "Para-Flex" Springs) that it virtually erases every bump. So safe with its 35% easier-acting Safety-Sealed King-Size Brakes.

### NEW QUALITY FEATURES

New quality is easy to find in this 50-way-new Ford. You find it in the new push-button door handles, in the new rotary door latch that needs only a feather-touch to open and close securely. You find it in new sparkling upholstery colors in your choice of broadcloth or mohair.

### NEW DRIVING COMFORT

Not only does the 1950 Ford offer you more hip and shoulder room than any other car in its field—but offers you the long-lived driving comfort of a new foam rubber front seat cushion over new non-sag seat springs. It makes your long trip a short Sunday drive.

But see it for yourself. Drive it so you can feel and hear the difference. And price it and see how much less it costs than any other really fine car.

## 'MULE TRAIN' HAS FILMDOM WHIPPED

By BILL BECKER  
AP Staff  
HOLLYWOOD, Nov. 17 (AP)—"Mule Train" has Hollywood-bull-whipped.

And judging from early returns the rest of the nation is taking to this raucous song of the burro driver in a way that stamps it as the biggest overnight smash since "Buttons and Bows."

No song has created such a fuss along record row in recent years. The major companies sell all over themselves rushing into "print" after the number—actually seven years old—came to notice in Vaughn Monroe's forthcoming film, "Singing Guns." Capitol, in fact, came out with two versions—one by Tennessee Ernie in its western series, the other by Gordon MacRae.

Decca pushed through a Bing Crosby quickie version that sounded like it. Bing reportedly was routed out of bed to cut this one; it's certain that his mule-taming tones lack authority.

Of the five cuttings heard to date, the "Mule Train" derby shapes up this way:

1. Frankie Laine (Mercury). Sur-

prisingly, Laine's gravel baritone comes out good and tough; sound effects also best. The reverse, "Carry Me Back To Old Virginia," also has its moments.

2. Tennessee Ernie (Capitol). Flexible vocal that may be preferred by some over Laine's faster tempo. Equally realistic.

3. Vaughn Monroe (Victor). Pleasing, but not as exciting as the top two.

4. MacRae (Capitol). Adequate singing, but not convincing.

5. Crosby (Decca). See above. Of the distaff: While all the noise has centered on hoofbeats and whipcracks, along comes Dinah Shore with a sleeper for Columbia. "Speak a Word Of Love," with Harry Zimmerman providing a music box minuet-like background has all the earmarks of a winner. Dinah's backers are betting the reverse "Dear Hearts and Gentle People" will be the bigger hit.

"Speak a Word" is a far better song. (Incidentally, "Dear Hearts" gets the benefit of plugs from Crosby and MacRae as "Mule Train" back-ups.)

Victor's Mindy Carson finally comes out as strong on wax as she is on the night club circuit. "Lonely Girl" and "You're Different" make a nice showcase for the Carson voice and technique, perhaps best described as a vitaminized Dinah Shore.

Bluesy Emma-Lou Welch does some effective emoting on "Specially When I'm In a Lovin' Mood," (Discovery) with Johnny Richards providing a fine orchestration. "Tis Autumn" backs it up.

# More Money Needed For State Hospitals, Special Schools

An Associated Press staff writer recently had a firsthand look at seven of the institutions where wards of the state are cared for. He wrote on the spot stories of what he saw. This story sums up his findings on their conditions, accomplishments and needs.

The A.P.  
By DAVE CHEAVENS  
AUSTIN, Nov. 17 (AP)—You can head the list of needs of Texas' state hospitals and special schools with the key phrase: "More money."

It would be easy to end the list right there, but that would oversimplify a problem on which hundreds of minds in Texas are now concentrating. There are many factors not apparent to a layman making an admittedly sketchy inspection.

Anybody with eyes can see cracked walls and falling bricks, fire traps and shocks, patients crowded like cattle into wards and overflowing halls and recreation rooms. Not so apparent are answers to the questions of whether available buildings are as adequately used as they might be, how efficient the available personnel is, whether or not the most possible is being done with means at hand to restore such individuals as the mentally ill to places of usefulness in society.

At this moment, teams of experts from the United States Public Health Service are studying these technical problems, along with the more obvious physical needs. Their report, and the final recommendations of the newly-created Board for Texas State Hospitals and Special Schools, will be ready before the legislature goes into special session in January to grapple with the problem.

After a look at seven of the 34 institutions this is my overall impression of their immediate and obvious needs:

1. Additional living space for patients—enough to conform to nationally-recognized hospital standards.

(At the San Antonio State Hospital for example 813 patients were housed in one group of wards which by such national standards should have only 400.)

More doctors nurses and trained attendants specialists in the field of psychiatry and related subjects in proportions more nearly approaching national standards.

(At the Terrell State Hospital there are no graduate nurses for the 2000 patients. There are seven doctors several of them aged and 18 was given as the minimum need 20 the ideal.)

3. Higher pay and better living quarters for all classes of personnel but especially for doctors and nurses who can now make two or three times as much in private practice as the state pays.

(In many instances appropriations are available for doctors and nurses but there are no applicants for the jobs largely because of the relatively low rate of pay and inadequate living quarters.)

4. More space equipment and trained personnel and occupational therapy.

Occupational therapy means helping cure patients by giving them something to do; helping to channel them back to society by teaching them skills they can learn. In many institutions only a few patients get this training because of limits of space and personnel.)

5. Complete elimination of buildings condemned as fire traps or branded as structurally unsafe for occupancy.

(More than 300 epileptic patients at the Abilene State Hospital for instance are living in buildings with unsafe exits; 77 at Terrell are housed in an old building that

shows many signs it is about to tumble down. At the Mexia State School wooden prisoner of war barracks are used as dormitories for senile patients and feeble-minded children because the people had to be put somewhere when other institutions overflowed.)

6. Remodeling or redecorating many buildings that are basically sound but in need of repair or freshening.

(The Rusk State Hospital's main buildings date back to the last century, but an effort has been made

to modernize them for mental hospital use. Buildings at the Waco State Home are old, but bright paint has been liberally used, curtains hung and floors polished to brighten up the atmosphere for dependent children housed there.)

7. A unified effort to educate the public on what the functions of the institutions are, how the institutions can serve the state and the local community, and how citizens can help.

(The administration of the Rusk Hospital has recently undertaken an area-wide public relations program along this line. Citizens of Mexia point with pride at the working relationship between the community and the nearby state school. Management of the eleemosynary system as a whole in the past has made little effort to carry the story of shortcomings, accomplishments and needs to the people of the state.)

Newsman inspecting the seven

institutions did not see the new and modern State Mental Hospital at Big Spring. It is quite likely they actually saw only the worst. My own impression was that the greatest need, if it can be so simply stated, is for a real and thorough study of qualified, unbiased experts of each institution on an individual basis. That is what the board believes it is doing, and it will pass the solution along to the legislature.

## NEW MODEL CARS ARE QUIET, HAVE BETTER BRAKING, DRIVING CONTROL

By DAVID J. WILKIE  
Associated Press Automotive Editor

DETROIT, Nov. 17 (AP)—A dozen new model autos will appear in the next few weeks.

Note will have drastic new features, but they will have some very desirable engineering and styling

advances. There will be quieter operation, better braking and easier driving control all around.

All the auto maker are using considerably more insulation to rid their cars of body noises. Engines also have been silenced to a noteworthy extent.

First of the new models to reach the dealers will be the 1950 line of Fords. They have been in production for nearly two weeks and will be shown to the public very shortly.

Dealers and industry reports already have seen and driven the new Fords. Next to be shown will be Pontiac's new 1950 cars. They, too, may be ready for public announcement before the end of November. Following these will come Chevrolet, reportedly with its new torque converter transmission ready at the same time. The other general motors cars, Ford's new Lincoln and Mercury models and Chrysler's new units will about complete the new model procession of the next months.

Hudson and Nash have supplemental lower priced models to introduce but have not indicated when they will go on sale.

Farther in the future are Kaiser-Frazer's new models including a low priced car designed to compete with Chevrolet, Ford and Plymouth.

**NEW FORD TO BE SHOWN HERE**—The 1950 Ford De Luxe sedan shown here combines the modern styling already made popular by Ford with new comfort and economy features. Grille and parking lights have a new treatment, and comfort features include new non-sag front seat springs covered with a new foam rubber cushion, additional head room, and smoother, quieter V-8 and six cylinder engines. The new line will be displayed Friday at the Big Spring Motor company.

**WITH NEW FEATURES**

**Ford To Display Models For 1950**

The 1950 Ford line of passenger cars, with numerous refinements, is being made public, and first formal showing in Big Spring will be Friday at the Big Spring Motor company.

The new features embody improvements throughout the entire car—in the engine, the body, the seats, doors, frame, trunk, fabrics, instrument panel, brakes, floors and elsewhere.

The '50 Fords will be offered in two lines—the Custom Deluxe and the lower-priced Deluxe series. A full range of body styles will be available, including station wagons and convertibles. Ford will continue to offer the choice of two engines—the 100-horsepower V-8 and the 95-horsepower Six.

Styling of the 1950 car, although not radically changed because of the wide public acceptance of the modern design of the Fords, nevertheless includes several distinctive features to enrich the appearance.

Engine improvements include the latest developments in engine design to give 1950 Ford cars the quietest and smoothest running V-8s and 6-cylinder engines ever produced by the Company.

Some of the engine features are a new timing gear, auto-thermic type pistons, new design cam shaft lobes, new fan and reduction of fan speed on the V-8s and many other improvements adding to the life and quietness of the engine.

Economy is keynoted through all of the many engine changes

highlighted by still greater economy of oil consumption. The enhanced oil economy results from an addition of an oil squirt hole in the connecting rods, new cylinder wall finish and a rubber seal ring on the intake valve stem guide of the V-8 engine.

Comfort features offer a new non-sag front seat spring, new sponge rubber front seat cushion, improved front-end suspension, additional headroom and increased areas of sound conditioning for quieter operation.

Safety factors include the strengthening of Ford's famed "Lifeguard" body, new bumper guards, a ribbed rear bumper and bumper supports for added strength, easier operating hand brake, wider sun visors and improved steering linkage for easier control.

DOWNEY, Calif. (AP) — Gail Garland came home from school on her seventh birthday and found a circus, clowns and everything, in her own backyard.

Gail's daddy, Jack Garland, had worked nights for three months to plan the surprise. Inside the bigtop made of sheets and mattress covers, Gail gazed starry-eyed at life-size cardboard cutouts of lions, trained seals, a ringmaster and bareback riders on white horses. There were even concessions. All her neighborhood playmates were there.

Daddy and Mommy were there, too. But Gail didn't know them at first. They were dolled up as clowns. As a final touch of realism Garland played recordings made at a genuine circus.

They show antelope, and possibly zebra. They are the first of their kind found in northern Rhodesia.

# Festive Touches For Thanksgiving Fare Make Menus More Flavorful

By CECILY BROWNSTONE  
Associated Press Food Editor

Your Thanksgiving turkey will taste even better than usual if you serve it with a festive fruit platter. To make this sweet accompaniment drain canned cling peach halves from their syrup and fill with the following:

**Spicy Whole Cranberry Sauce**  
Ingredients: 2 cups water, 1 one-inch stick cinnamon, 1/4 teaspoon whole cloves, juice of 1/2 lemon, 4 cups fresh cranberries, 2 cups sugar.

**Method:** Put the water, cinnamon, cloves, and lemon juice in a large saucepan and bring to a boil. Add the cranberries and cook until all the skins pop open. Add the sugar and stir until dissolved; cook rapidly for 2 or 3 minutes. Cool before serving. Makes 1 quart.

If young people are going to drop in for a Thanksgiving snack, you might set up card-tables with individual Pumpkin Chiffon Tarts and marshmallow-topped cocoa. You can use inexpensive and convenient orange and green paper place mats and favors.

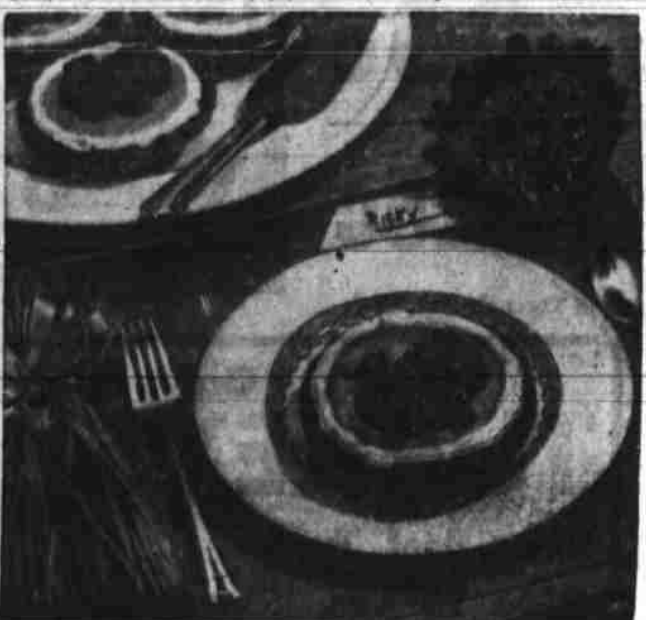

**Pumpkin Chiffon Tarts**  
Ginger Snap Tart Crust—Ingredients: 33 large old-fashioned ginger snaps, 6 tablespoons softened butter or margarine, 6 tablespoons sugar.

**Method:** Roll ginger snaps into fine crumbs and put into a bowl; add the butter or margarine and the sugar. Mix well. Divide mixture evenly into 8 individual metal or cardboard tart shell pans. Using the same size pen or back of spoon, press mixture firmly into an even layer against bottom and sides of each pan. Chill in refrigerator before filling.

**Pumpkin Chiffon Tart Filling**—Ingredients: 1 cup canned pumpkin, 3 eggs (separated), 1 cup milk, 1

SPICY CRANBERRIES . . . Delicious in peaches with turkey.

cup sugar, 1/4 teaspoon salt, 1 teaspoon cinnamon, 1/4 teaspoon ginger, 1/4 teaspoon nutmeg, 2 tablespoons melted butter or margarine, 1 envelope unflavored gelatin, 1/4 cup cold water.

**Method:** Cook pumpkin in top of double boiler over boiling water for 10 minutes, stirring occasionally. Beat the egg yolks, milk, and 1/4 cup of the sugar together; add to pumpkin with salt, cinnamon, ginger, nutmeg, and melted butter or margarine. Cook, stirring constantly, until of custard consistency, about 15 minutes. Remove from heat. Soften gelatin in cold water and add to hot mixture, stirring until dissolved. Chill until

mixture begins to soften. Beat egg whites stiff, gradually beating in remaining 1/4 cup of sugar; fold into pumpkin mixture. Pour into ginger snap crumb crust. Garnish with sweetened whipped cream. Chill until firm.

**Cranberry Sauce Increases Appetite**  
Serve cranberry sauce occasionally to increase appetite appeal of other foods, suggests U. S. Department of Agriculture's Bureau of Human Nutrition and Home Economics.

New proportions for cranberry sauce include 1 quart cranberries, 3/4 cup water, 1 1/2 to 2 cups sugar. Wash and pick over cranberries. Combine water and sugar and bring to a boil. Drop cranberries into boiling sirup and stir to coat each berry. Boil quickly and continue stirring lightly while cooking for 2 or 3 minutes. Remove from heat, cover and let stand until cool. Chill.

This bright colored sauce with its distinctive tart flavor is a delightful addition to any meal.

The neck of a giraffe, although exceedingly long, contains only seven bones—the same number as are in the necks of most other mammals.

## Cranberries—All-American Fruit—Is Season's Choice

Cranberries—native American fruit—have been served at holiday time ever since the Puritan housewives made them into a tart sauce. To make ruby red cranberry sauce, choose cranberries that are fully developed, clean, hard, dry and of good flavor. For cranberry muffins and other treats, try the following recipes.

**Cranberry Top Bran Muffins**  
2 tablespoons shortening  
1/4 cup sugar

1 egg  
1 cup ready-to-eat bran  
1/4 cup milk  
1 cup sifted flour  
2 1/2 teaspoons baking powder  
1/2 teaspoon salt  
6 tablespoons whole cranberry sauce

Blend shortening and sugar thoroughly; add egg and beat well. Stir in bran and milk and let stand until most of mixture is taken up. Sift flour with baking powder and salt; add to first mixture; stir only until flour disappears. Fill greased muffin pans 2/3 full. Press 2 teaspoons cranberry sauce into the top of each muffin. Bake in moderate hot oven

(400 F. 25 to 30 minutes. Yield: 9 muffins (2 1/2 inches in diameter).

**Cranberry Tarts**  
1 recipe bran pastry  
3 cups cranberries  
1 1/2 cup sugar  
1 cup water  
3 tablespoons flour  
Line 8 tart pans with bran pastry. Combine sugar and flour and mix with cranberries and water. Cook 10 minutes; cool. Pour into tart shells and cover with strips of pastry in criss cross fashion. Bake in a moderately hot oven (425 F.) about 25 minutes. Note: 1/4 cup corn syrup and 1/4 cup sugar may be substituted for

the 1 1/2 cups sugar. Yield: 8 3-inch tarts.

**Bran Pastry**  
1/4 cup ready-to-eat bran  
1 1/2 cups sifted flour  
1/2 teaspoon salt  
1/4 cup shortening  
4 tablespoons cold water  
Crush bran into fine crumbs, combine with flour and salt. Cut in shortening. Add water, a little at a time, until dough is moist enough to hold together. Divide dough in 8 parts. Roll out on lightly floured board to about 1/4-inch in thickness. Fit loosely into pie pan; trim edges. Use scraps to make strips of pastry for criss cross top crusts.

**Food Forecast For 1950 Is Good**

Good and wholesome foods in the months ahead is the current forecast of U. S. Department of Agriculture.

During the latter part of this year and in early 1950 total food supplies will be slightly larger than a year ago. Large grain crops are accounting for more of the foods needed for balanced diets—cereals, pork, lard, milk, butter, poultry and eggs. Also, there will be adequate supplies of cheese, canned fish, frozen foods and dry beans.

Vegetable oils are in plentiful supply, as are most deciduous fruits, particularly apples. Output of fresh vegetables is lower than it was last year but a wide selection continues to come to market. Eating more fats, particularly butter and lard, means more body energy. More green and yellow vegetables, eggs and butter mean more vitamin A. More protein will come from eggs and meat.

Although freeze damage means a smaller citrus crop, ascorbic acid should not be lacking in the 1950 diet, since there will be larger crops of leafy, green and yellow vegetables and tomatoes.

 (Recipe for Starred Dish Follows)  
**Veal Parmesan**

Ingredients: 2 1/2 pounds veal cutlets, 1 1/4 cup fine dry bread crumbs, 5 tablespoons grated Parmesan cheese, 1 teaspoon salt, 1/2 teaspoon pepper, 3 medium-sized eggs, 1/2 cup olive or salad oil, 1 to 1 1/2 cups tomato sauce, 1/2 to 1 pound Mozzarella cheese (sliced thin).

Method: Have butcher prepare cutlets by pounding them very thin and cutting in serving-size pieces. Mix the bread crumbs with the grated Parmesan cheese, salt, and pepper. Beat the eggs in a bowl, just until the whites and yolks are mixed. Dip a cutlet in egg, so both sides are covered, then turn over in crumb mixture so each side is coated; put aside on waxed paper. Put about 1-3 of the oil in a large skillet and allow to stand over moderate heat until very hot but not smoking; place as many pieces of veal as the skillet will hold without crowding in the hot fat and brown carefully, cooking about 5 minutes on each side. Cook the remaining cutlets in the same way. Place cutlets on large cooky sheet as they are done. Spread each with a tablespoon or two of the tomato sauce and lay strips of the Mozzarella cheese across each. Place in moderate (325 F.) oven until sauce and cheese are hot—about 10 minutes. Serve immediately. Makes 6 to 8 servings.

**"Brown 'n Serve" Rolls Are New Thing**

Any day now you'll be buying a new type of roll and bread from your neighborhood baker or grocer.

Instead of the finished bakery product so familiar to all of us, the new rolls called "brown 'n serve" will be baked on the inside only, ready for browning in the home. The pale, different looking rolls—known as "blondies"—to the bakers—will be sold complete with directions on how to finish them in your own oven.

This amazing new development means that now you can serve your family piping hot, fresh rolls from your own oven in just seven minutes, without the fuss of mixing, kneading and rising.

Flavor and freshness have long been the two most important factors in baked goods, and this new process answers this need with a minimum of effort in the home. You won't have to worry about staleness, for with the new "brown 'n serve" rolls you'll prepare only what you wish to serve at each meal.

The pre-baked rolls will keep for several days on your pantry shelves, up to three weeks in a refrigerator and for months in a freezer.

**Variety Is Spice Of Breakfast Table**

Variety is the spice of the breakfast table. Nearly every housewife is familiar with the problem of finding different ways to serve that all-important breakfast dish—hot cereal—which she knows is so wonderfully nutritious for her family.

To solve this breakfast problem, the makers now combine two family favorites—the versatile, ever-popular raisin and delicious rolled oats—in a delightfully new and different hot cereal treat, wherein raisins reach their maximum in plumpness and flavor. Children love this combination cereal—they even ask for "seconds." And the cereal is so good for them. It's packed with extra nourishment, for it contains the valuable substances of not one, but two body-building foods. This new cereal is rich in vitamin B1, for protein, iron and fruit sugar.

Try this new combination cereal to perk up your breakfast table. Use it too for cookies, puddings, muffins and other delightful oat recipes.

**Don't Implode**

NEW YORK, (P)—An "implosion" is just the reverse of an explosion. It occurs where something bursts inward instead of outward, such as the breaking of a highly evacuated device like a large electronic tube.

Ingredients: 2 cups sliced fresh mushrooms, 2 tablespoons butter or margarine, 1 1/4 tablespoons flour, 1 cup less 1 tablespoon milk, salt and pepper (to taste), 4 hot baked potatoes.

Method: Wash and dry mushrooms before slicing both caps and stems. Heat butter or margarine in an 8-inch skillet; add mushrooms and cook over low heat, stirring frequently, for 5 to 10 minutes. Sprinkle with the flour stirring to coat mushrooms with it. Add the milk gradually, stirring well as you do so. Continue to cook over low heat, stirring constantly, until sauce is thickened and bubbly; allow to bubble for 1 or 2 minutes. Remove

**Fresh Shrimp with Tomato Sauce**

Ingredients: 1 pound fresh large shrimp (cooked), 2 tablespoons butter or margarine, 2-3 to 4 cup finely diced onion (1 medium-sized) 1/2 cup finely diced celery (1 to 2 stalks), 1 teaspoon salt, 1 small clove garlic, 2 tablespoons flour, 1 No. 2 can tomatoes (1 pound and 2 to 4 ounces or 2 1/2 to 2 3/4 cups), 1/2 teaspoon chili powder, 1/2 teaspoon finely crushed dried thyme, freshly-ground pepper (to taste).

Method: Shell and clean shrimp; cut in two lengthwise. Melt butter or margarine in a medium-sized skillet (about 10-inch) over low heat; add onion and celery and cook, stirring frequently, for about 10 minutes. Meanwhile, put salt and peeled garlic clove together and crush with a mortar and pestle or use a wide-blade heavy knife on waxed paper; add to onion. Sprinkle with flour, stirring to coat vegetable with it. Add tomatoes, chili powder, thyme and pepper. Cook, stirring constantly over moderate heat until thickened and bubbly. Add shrimp and cook a few minutes longer or until thoroughly hot. Makes 4 servings.

# Taxes, Spending Are Top Congress Issues

By JACK BELL AP Staff

WASHINGTON, Nov. 17. (AP)—Presidential proposals for tax increases—linked with the battle overshadow a score of other fighting issues in the next session of Congress.

Even without any new suggestions Truman may make in his State Of the Union message in January, the 1950 election year. Congress has enough red hot problems on its hands to keep it boiling for months.

On foreign affairs, there is apparent trouble ahead for the administration on four issues: (1) Continuation of high level European recovery spending, (2) the proposed exchange of atomic weapons information with Great Britain and Canada, (3) the President's "Point Four" program for the world's backward areas, (4) additional funds to help re-arm western Europe.

Depending on State Department action in the meantime, possible recognition of the Communist regime in China may be added to this list.

But with primaries beginning early in the year, the legislators are likely to be more vitally interested in domestic policies.

Mr. Truman has said there has to be an increase in taxes. He has estimated government spending this fiscal year at \$43,500,000,000 or tax revenues at \$38,000,000,000 or thereabouts. That means a red ink entry of \$5,500,000,000 on the Treasury's books for the year ending June 30, 1950.

Best bet at this point is that Congress won't boost taxes in an election year and won't cut spending much.

That means the Republicans will be able to carry the deficit spending issue into the November election campaign.

Plenty of other issues will be available before the two houses, back in their re-roofed chambers for the first time since last July, adjourns next year. Here's how these other issues seem to line up now.

European recovery — Some reduction in funds expected but continuation of program for another year seems assured.

Atomic co-operation—tough fight sure on this one. Many members still don't want to share production secrets despite Russian atomic blast, but broader partnership with Britain and Canada is possible.

Point four—Republicans generally will fight against broad guar-

antees on American investments abroad but limited program may win approval.

European arms—Fund total may depend on cuts made in economic recovery outlay; attitude could be influenced greatly by world conditions.

Taft-Hartley repeal — Unlikely under present conditions.

Civil rights—Passage of any bills now doubtful. Anti-poll tax and a lynching have best chance.

Health insurance — Even the President's best friends are likely to talk more than they act on this one.

Brannan plan — President may urge it but Congress now seems unlikely to go along.

Aid to education—Approved by Senate but stymied in House over religious issue; might be passed in compromise form.

Social security expansion—Good bet for passage by Senate in an election year since it would add 11 million to benefit rolls. House already has passed it.

Oleo tax repealer—Approved by House. Senate might pass it but not until bitter state members have talked themselves hoarse. It's first on the Senate's list for action.

Displaced persons — House approved bill likely to get through Senate eventually, in somewhat modified form. Senate judiciary committee ordered to bring to floor by Jan. 25.

Basing point—House approved bill to permit absorption of freight rates in pricing set for argument in Senate Jan. 26. Probably will go through after small-business and anti-monopoly bloc has exhausted arguments.

Military unification — Probably no major changes in present law. Rent control—Best guess is that controls will be continued in some form.

Veterans' pensions — Already passed by House. There will be pressure to bring it out of cold storage in Senate, especially if employment should slump.

New \$1,400,000,000 waterway projects—passed by House and likely to go whooping through Senate. The kind of bill lawmakers like to pass when running for re-election.

Long range housing — present stop-gap expires March 1, and some bill is likely to be passed, possibly without the high controversial section authorizing big loans for co-operative developments.

RFC loans—Still plenty of fight left over this proposal to boost RFC lending by \$5 billion and permit

## This Policeman Knows Business

DENVER, (AP)—Motorcycle Policeman Robert Neal's gasoline steed went on the blitz the other day. A mechanic at the police department garage found the motorcycle with this note pinned to the seat:

1. Carburetor air cleaner gone.
2. Cuts out at about 45 miles per hour.
3. Switch-tires.
4. Do anything else that needs doing.
5. Do it right!
6. Do it now!
7. Have it ready by 3 p.m.!
8. No, I'm not either!
