# MARKETS

(USDA)—Many southwest farm markets developed marked uneasiness during the past week, the Dallas area office of the U. S. Department of Agriculture's Production and Marketing Administration reports.

Spot cotton dropped \$2.25 to \$4 a bale for the week. Middling 15/16 inch closed Monday at \$7.50 cents a pound at Dallas and \$7.45 at Houston and New Orleans.

Wheat harvest got under way in North Central Texas last week, and new wheat sold on the same basis as old wheat. Most grains sold lower, with very marked weakness in Monday's trade. Milo dropped 28 cents a hundred for the week, to sell Monday at \$3.63 to \$3.68 at Texas common points, with wheat at \$2.47 a bushel.

Rice markets held firm last week, as milling of the 1947 crop neared completion. Millfeeds advanced, reflecting increased commercial feed sales. Seed peanuts found good demand at 22 cents per pound treated, with planting in full swing.

Cucumber season neared an end in the Coastal Bend District, but heavy corn movement continued in the Lower Rio Grande Valley. Ear-ear corn was becoming scarce at higher prices, but the plentiful white variety sold lower. Tomato shipments increased, but many were of the smaller sizes which found slow demand. Log boxes of six by seven size brought \$3 to \$3.75 over the weekend on U. S. No. 1's. First Texas cantaloups reached New Orleans, and Texas peppers replaced Florida kinds at Denver.

Cattle showed strength early but later turned unevenly weaker to net some gains and some losses for the week. Common to medium cows sold Monday from \$17.50 to \$21.50 at Houston and San Antonio, \$16.50 to \$21 at Fort Worth, and \$19 to \$22.50 at Kansas City. Medium and good grades brought \$18.50 to \$22.50 at Wichita, and up to \$23 at Denver.

Sheep markets began the week fairly firm, and even set some new records, but later trade dropped prices well below the high time. Spring lambs touched new all time high levels of \$29 at Fort Worth and \$32.50 at Kansas City Tuesday. By Monday this week, medium and good grades sold at \$22 to \$25 at Fort Worth, while bids stopped at \$28 on good and choice at Kansas City. Goats sold firm, but kids fell sharply.

Choice Texas 12-months wools met strong demand at higher prices of 65 to 77 cents per pound grease weight.

Hogs furnished a notable strong spot in southwest markets with gains of \$2 to \$3 around the market circle. Good and choice medium weight hogs topped at \$34.50 at San Antonio, \$26 at Denver, \$25.50 at Kansas City, and around \$25 elsewhere.

Spring chickens strengthened little during the past week, and other poultry held firm. Arkansas growers received mostly 20 cents a pound for fryers and broilers while other markets ranged from 38 to 41. North Texas cities paid 28 cents for heavy hens, and New Orleans 32 to 34. Government support held eggs around 37 cents a dozen.

Bergen, Norway, is so rainy that even babies are provided with raincoats, hats and umbrellas are crossed the international date line. standard equipment for pedestrians.

Greek fire, a form of gunpowder, from the Eastern to Western hemisphere was used in defense of Constantinople in 1452 it celebrated July 4 for two days.

CASTRO RURAL DISTRICT STILL SEEKS SOLUTION

Rance Turns Down Union With Dimmitt in School Election May 15; Problem Unsolved

Guests this week of Mr. and Mrs. Leo Forrest have been his mother, Mrs. J. H. Forrest of Big Springs, and his brother, A. Leland Forrest of Middletown, Ohio. The two met here for a brief visit in the Leo Forrest home before going on to Los Angeles, California where Mr. Forrest will receive his D. D. degree.

Mr. and Mrs. George Brumley returned Monday from Missouri where he had a medical check-up at Excelsior Springs and both visited relatives in Kansas City.

Voters in the Rance School district, almost evenly divided on the question of consolidation with the Hereford Rural High School District a month ago, have turned thumbs down decisively on union with the Dimmitt Independent District.

In an election held on Saturday, May 15, the patrons of the Castro county rural school district voted 12 to 8 against consolidation with Dimmitt.

In the previous election, when the question of consolidation with Hereford schools had been presented, the vote was 11 to 10 against.

Following that election, there had been talk in the district of filing a protest against one of the dissenting votes, but the matter was dropped when it was pointed out that the vote would then be a tie, and the election would still have failed to carry.

Total qualified voting strength in the Rance district is 20, with the 21st vote, not cast in the most recent election, in dispute.

Problem of the Rance district, where to send its students to school, is still unsolved.

Both Dimmitt and Hereford school districts have offered to consolidate with the Rance district, and the proposed consolidation has been approved by voters in each of these districts in the two elections which have now been held.

Dimmitt voters balloted 76 to 0 for consolidation in the May 15 vote.

Consolidation must be approved by a majority vote in both districts affected, however, and Rance school patrons so far have been unable to agree on the consolidation question.

Speculation now is that an effort may be made to divide the Rance school district to the satisfaction of all property owners, with part of the district joining the Hereford school district, and part going to the Dimmitt school district.

Two more elections would be required, in this event.

No school is maintained in the Rance district. Pupils from that district have been attending Hereford schools in the past, with the Rance district furnishing transportation. The rural school district has been unable, however, to meet tuition requirements for the transfers, and consolidation with either Hereford or Dimmitt schools was proposed as a solution to the problem.

**GERMAN GARDEN PLAN MUNICH**—AP—The military government has suggested that Americans and Germans team together to grow vegetable and fruit gardens, sharing the yield fifty-fifty. Governor Murray D. Van Wageningen said the idea would be to utilize land now occupied by Germans. They would provide the seed and fertilizer, obtainable at the PX. The Germans would provide the labor.

His legal staff said there was nothing in Directives to forbid this despite the MG policy against "flinging off the land" of an occupied country. The legal branch emphasized though that Americans are forbidden from "selling" any output of such a garden. The plan contemplates the use of requisitioned land only.

**PLANES SHEPHERD SHEPHERDS MOSCOW**—AP—A group of shepherds and several flocks of sheep were saved from starvation near Mount Elbrus by planes. It was a pleasant warm day when the shepherds went out with their sheep, but the weather changed unexpectedly. The way back to the village was cut off by deep snows. The flocks dropped enough food to save them.

### Miss Marcella Blue Becomes Bride of Wm. L. Bradley In Home Wedding

Miss Marcella Blue, daughter of Mr. and Mrs. R. G. Blue, became the bride of William L. Bradley, son of Mrs. Dyalitha Bradley, in a simple, but beautiful double-ring ceremony conducted yesterday evening at 6:30 o'clock in the home of the bride's parents.

The home was decorated throughout in pink and white spring flowers and vases were spoken before by Rev. Roy Ford, pastor of the First Christian Church, as the couple and their attendants stood at an improvised altar banked with greenery, white peonies and pink roses, and lighted by cathedral tapers in seven branched candelabra.

Mrs. Ellis Coombes played "Ah Sweet Mystery of Life" while John and Zay Gilbreath, cousins of the bridegroom, lighted the candles, and accompanied the bride's sister Mrs. Sam Jolly of Amarillo, who sang "Through the Years" and "Acquaintance." She also played "Indian Love

and white accessories.

At the reception which followed orange blossoms and pink roses decorated the table which was centered with tall tapers in candelabra. Rosemary Phillips served punch and Mrs. J. C. Gilbreath of Dimmitt acted as the bridegroom, served the wedding cake.

The couple left on a short wedding trip and on their return they will go to Canyon where both are students at West Texas State College.

Both are graduates of Hereford High School. The bride, a music major, is a member of Alpha Chi, national honor society for juniors and seniors, member of Kappa Tau Phi and president this year. Mr. Bradley is majoring in agriculture.

Among the close friends and relatives who attended the ceremony were Mr. and Mrs. Don Wyatt, and Mr. and Mrs. Sam Jolly of Amarillo and Mr. and Mrs. J. C. Gilbreath and sons of Dimmitt.

### Mary Kay Hagar Shower Honoree

Mrs. Mary Kay Hagar was the honoree at a "Pink and Blue" shower given May 24 at the home of Mrs. Frank Brinkman, Mrs. Mary Bodkin, Mrs. Fred Saltzman, Mrs. Otto Olson, Mrs. W. H. Russell and Mrs. Pat Robinson were cohostesses.

A program of games was conducted by Mrs. Robinson.

Those attending were Mesdames; George H. Parker, J. I. Finley, Louie Olson, Earl Virden, Earl DeHart, Grady Parsons, M. H. Koelzer, Oscar Vaughn, E. M. Cox, R. E. Barrett, J. T. Richardson, Paul M. Hoff, Harold Petty and the hostesses.

Others sent gifts who were unable to attend.

### Shower Honors Recent Bride

Mrs. Glendon Cole, a recent bride, was complimented with a miscellaneous shower given at the home of Mrs. C. E. Sheppard Tuesday afternoon. Mrs. Sheppard's daughters, Mrs. Danzil Pulliam and Mrs. Billy Wells were assistant hostesses.

Guests were received by Mrs. Opal Dement, the bride, and Mrs. Fletcher Cole, mother of the bridegroom. Approximately fifty guests were registered and refreshments were served from a decorated table carrying out the colors used by the bride at her wedding. For the centerpiece, snapdragons were arranged with carnations and flanked by white tapers in blue crystal holders. Mrs. Wells and Mrs. Pulliam served.

Call as an interlude before paying the traditional wedding march from Lohengrin.

Mrs. Jolly was her sister's matron of honor and Charles Frye was best man. The matron's dress was made identical to that worn by the bride but was fashioned of seashell pink and her nosegay was of orange blossoms and pink roses. A circlet of pink illusion for her hair gave accent to the color harmony.

The bride was given in marriage by her father. She wore sheer dotted swiss in white jade with basque neckline and full length skirt. A wide ruffle edged the sweetheart neckline and extended over the shoulders to form the cap sleeves and yoke effect in the back. Double layers of tulle formed the shoulder length veil and a garland of orange blossoms and white daisies held the veil in place. Her only ornament was a gold lavaller worn by her mother and her sister at their weddings and she carried a colonial nosegay of orange blossoms and white rosebuds, showered with white rosebuds tied to the white satin streamers. Her going away dress was a pink linen suit worn with white straw

## New Studebaker Trucks on Display Here Saturday

The new 1948 model Studebaker trucks will go on display here Saturday, May 29, according to John Wood, local dealer, who says that the new models include new achievements in styling and engineering. "More cab space, head room and more glass" were cited as new features on the new truck by Mr. Wood. The line also includes 12 different wheelbase and several new capacities have been added. Gross weights range from 4,600 pounds to 16,000 pounds.

## Bud-to-Blossom Club Meets With Mrs. Norman Gray

Mrs. Norman Gray was hostess to Bud-to-Blossom Club members Friday when installation of officers was featured. Mrs. J. D. Neill conducted the installation with those taking office including: Mrs. Ben Childers, Mrs. R. A. Daniel and Mrs. Norman Gray, vice-presidents; Mrs. Arthur Tiefel, recording secretary; Mrs. W. H. Patton, corresponding secretary; Mrs. C. W. Parker, treasurer; Mrs. Travis Caraway, parliamentarian; Mrs. Chester Wiggins, representative to the Garden Club Council; Mrs. W. H. Patton, federation delegate and Mrs. W. V. Hull, reporter.

Mrs. Arthur Tiefel led the program for the afternoon and discussed "Appropriate Furniture for the Garden." A social hour was enjoyed after the program and Mrs. Cawthon Bryant served punch from a table decorated with red roses. Yellow iris and honeysuckle were used on the buffet.

Those present were Mesdames: H. H. Caraway, Ben Childers, R. A. Daniel, Paul Harvey, Ernest Kerr, W. H. Patton, George Springer, Arthur Tiefel, J. D. Neill, Chester Wiggins, Norman Gray and William Hull.

Special guests were Mrs. Cawthon Bryant, Mrs. Clyde Hussey of Silverton, Colorado, and Mrs. Luther Weber of Marshall.

### FORMER RESIDENTS VISIT IN HEREFORD

Mrs. Clyde Hussey and little daughter Jo Marie of Silverton, Colorado have been visiting in the home of her brother, Arthur Tiefel. They left Saturday for a visit with relatives in White Deer and will return here before going back to Colorado. Mrs. Hussey is the former Miss Mary Tiefel.

Another sister of Mr. Tiefel has also been visiting in Hereford. She is Mrs. Luther Weber, the former Miss Leona Tiefel. She was accompanied by her small daughter, Mary Elise, and her mother, Mrs. Elvina Tiefel, who will remain in Hereford for the summer.

### To Save Your Life... Drive A Safe Car

"To save your life," said Colonel Homer Garrison, Jr., Director of the Texas Department of Public Safety, "you couldn't think of a more logical traffic safety rule than this: Drive a safe car."

W. J. Elliott, Chief of the Texas Highway Patrol, requests every motorist in the community to "check your car... check accidents." This is the slogan of the May traffic safety program the Texas Highway Patrol is carrying on as part of a nation-wide traffic safety promotion of the National Safety Council.

"When you check your car to check accidents," Captain Polk Ivy of the Amarillo District Office of the Texas Highway Patrol, said, "make sure that the following parts either are in safe operating condition or that needed repairs or replacements are made at once: Headlights, tail and stop lights, brakes, steering assembly, muffler and exhaust system, glass, windshield wipers, rear-view mirror, tires and horns."

The Texas Highway Patrol suggests these questions to check your car's safety score:

1. Are you a one-eyed driver? Is the light cut down by dirty lenses? Do your headlights shoot up in the air to blind oncoming motorists?
2. Are your tail lights clean and bright, and stop lights in good working order?
3. Is your braking power good enough to stop your car in an emergency-for instance, if a child should run into your path? At 20 m. p. h. you should be able to stop in thirty feet. Brakes should be balanced so they take hold evenly on all wheels without "grabbing."
4. How is your steering and wheel alignment? Too much play in the wheel is a danger sign, and running against curbs or driving on rutty roads can get wheels out of alignment before you know it.
5. What about the muffler and exhaust system? Even if the muffler is not getting noisy—a sure sign of wear—the system should be checked frequently to be sure no carbon monoxide gas is leaking in-

6. Are your windshield and windows clean and clear? They're made to see through, you know. So keep them clear of dirt, discoloration and ornamental stickers.
  7. Are your windshield wipers? If they can't always be fair weather. Don't risk having to "drive blind" should a storm catch you with wipers in need of repair.
  8. How about your tires? Are they properly inflated, well mated, with good treads, and without cuts, blisters and exposed fabric? If they're old, and you feel you must use them a little longer, respect their age and hold down your speed.
  9. Is your rear-view mirror clean and clear? Don't let dirt, cracks or discoloration blind the "eyes in the back of your head."
  10. And your horns? Keep it in good working order, so you'll have it when you need it.
- "Don't take your car for granted. Check it for safety's sake—and drive carefully at all times," Captain Polk Ivy of the Amarillo District Office of the Texas Highway Patrol, said. "You'd never forget it, nor forgive yourself if neglected repairs to your car caused a traffic accident or death. Check your Car and Check Accidents."

### Rotary Club On Record Endorsing Hotel Promotion

#### RESOLUTION

BE IT RESOLVED: that the Hereford Rotary Club, realizing the urgent need for better hotel accommodations in Hereford, by unanimous vote of the membership here assembled, does hereby endorse the efforts of the Hereford Chamber of Commerce in sponsoring a campaign to secure a new modern hotel for the city of Hereford.

WHEREAS, this club believes that a new hotel will do more than any other single factor to insure the continued progress of Hereford, and, therefore pledges its earnest cooperation in order that the new hotel for Hereford might be secured as soon as possible.

would be of greater value to our city than to see the golf course recovered and operated by the people who ought to own it," he said, coupling with this project the development of Veterans Memorial Park, the municipal swimming pool (which is now under construction), tennis courts and playgrounds.

The City has already ordered a considerable quantity of playground equipment, including swings, merry-go-rounds, etc., for Lake Park, the Mayor revealed, and is planning to turn that park, where the swimming pool is being built, to a first class recreational park.

"It doesn't matter," he concluded, "how much paving, how many parks, or how many civic improvements we make, if we fail to develop a neighborhood community spirit, we will still be a failure as a community."

The Mayor's talk was made at a dinner meeting of the Junior Chamber of Commerce at City Hall Tuesday night.

Mike Konesky entertained the group with a request program of harmonica music, Sam Nunnally was program chairman.

Cecil Walker and young daughter Cecilia visited his mother, Mrs. Minnie L. Walker over the weekend. He returned to his ranch near Cleveland, N. ## Hereford Nine Beats Nazareth to Stay On Top in Central Plains League Race Sunday

CAN'T TURN LOOSE OF THIS BATON

Art Harnden, anchor man on the Texas Aggie Mile Relay team, created his own baton in the college bowling alley when a bowling ball crushed his finger. Harnden gets a kidding from Ray Holbrook, No. 3 man on the relay team, who's been running laps this spring in 47.6 seconds. The Aggies won the Mile Event in Texas, Kansas and Drake Relays. (AP Photo).

Hereford's Veterans continued their winning streak in the Central Plains Baseball League Sunday with a 6 to 1 victory over Nazareth on the Nazareth diamond.

Johnny Winkler did the elbowing for the Veterans for 8 innings, holding the Nazareth sluggers to four hits and one run. Winkler ran his string to 22 innings for the season and gave up his first earned run. He has allowed only 10 hits so far.

C. Shulte went the route for Nazareth, allowing only ten hits... and was pretty stingy in the clutches but was hampered by some ragged fielding, his team mates making six bobbles.

The Nazareth errors, added to three fast double plays by the Vets, added up to a bad day for Nazareth. With a high wind drifting dusts into home plate in the first inning... making fans remember the good old days of '34... Hereford filled the bases on one hit by D. Robertson; Renner following him to first when he was hit by a pitched ball, and Barrett getting a walk.

Schulte started bearing down at that point, Bud Stengle popped out to second; C. Clark popped to the catcher, and Shulte fired his wrinkle ball at Bill Stengle, who went out on an easy grounder to first to retire the side.

It was three up and three down in the last of the first.

The Vets counted in the second on a single by Carroll, a single by Leub, and three errors on the part of the Nazareth fielders.

Winkler set the Nazareth batters down in order again in the second. In the third inning, the Veterans added two more scores on a double by C. Clark and two singles by Bud Stengle and Raymond Leub.

A Nazareth rally was shut off in the third with a fast double play, Winkler to Barrett to first, with one on and one out. Klemm was the unlucky batter.

The shower over, the ball game was held up for 30 minutes. It was the first time some of the Hereford boys had ever played in the rain.

The shower over, the ball game was resumed, and with two men out in the fourth, Shulte threw a special can of kraut at Stan Barrett and Barrett hung it in a tree about three quarters of a mile over center field. That baby was labelled when it left the bat... and the count stood at 3 to 0.

Nazareth got a man around to third base on an error and a field... (Continued on Page 12)

## City Street Paving Assessments Ordered

PHONE BOOTHS IN TEXAS ARE BIGGER

Guy N. (Tiny) Cherry, 640-pound cowboy and disc-jockey, had to have help from a Hollywood (California) police emergency squad to get out of this telephone booth. Cherry, who hails from Tolar, Texas, says phone booths—and everything else—are bigger in Texas. (AP Photo).

## Installation Payment Plan Outlined; Urge Voluntary Cooperation by Homesteaders

Contractors and engineers are winding up the final legal business in preparation for starting actual construction on Hereford's city-wide street paving project early this summer.

A benefit hearing for property owners was held by the City Commission last Friday at City Hall, and following the hearing, paving assessments were levied at the rates advertised in The Brand during the past three weeks.

Only half a dozen property owners attended the hearing, Mayor W. E. Dameron reports, and no protests were heard. Those present for the hearing were there principally to obtain additional information, and made no objection to the proposed assessments.

Assessments may be paid in cash, or in five equal installments, the first payable twenty days after completion and acceptance of the paving, and the others annually after that date. Interest rates will be carried at six per cent on unpaid balances.

The total amount or balance can be paid off at any time with payment of accrued interest only.

For non-homestead property, the assessments are automatic.

On the part of owners of homesteads, acceptance of the assessments is strictly voluntary.

Homesteaders who want paving in front of their property will, however, be required to sign mechanic's liens payable to the contractor.

A big break for owners of corner property was voted by the City Commission at the hearing. On corner property, assessments on the longer side will be reduced by 25 per cent.

To ease the burden of corner lots, City Commissioners agreed to up the city's portion of the paving costs from 10 per cent to 25 per cent, the extra reduction to be applied to the longer side of the property affected.

In cases where one side of a corner lot is already paved, the 25 per cent reduction may be applied to paving of the other side of the property.

City Commissioners ruled, on the theory that the property owner had already been assessed the full amount for the original paving.

The city will pay for the paving of intersections. Owners of abutting property on streets to be paved will split the cost of paving the street, with the city contributing an initial 10 per cent.

The first section of the paving program is ready to go, as soon as the necessary liens and releases can be secured from owners of homestead

## Police to Crack Down on Fire Truck Followers

"When you hear a fire siren, immediately pull up to the near-curb and wait until the fire department equipment is well past," is the warning issued this week by City Police Department of Hereford.

The announcement was followed by definite promise of tickets to all who fail to obey. In addition, F. S. Bucklew, Police Chief, said that the city will start enforcing the ordinance which prevents the public from rushing to the scene of fires.

"As you know, this is a dangerous practice which also handicaps the fire department. We expect to enforce the ordinance—and to pass out tickets on violations on all future alarms. We realize the difficulties involved, but the situation has become so bad that we have no other choice," he said.

## CONDUCTED JAYWALKING

JOLIET, Ill.—AP—Two Joliet patrolmen are shaming jaywalkers into crossing streets at intersections. When Laurence Ruddy or Michael Bolos see a pedestrian crossing in the middle of a block, he blows his whistle and asks the pedestrian to go to a corner. If the person insists on jaywalking, the patrolmen stop traffic and escort him across the street.

### PROCLAMATION

Whereas, citizens of the City of Hereford served gallantly in the defense of the United States of America in two world wars and many sacrificed their lives in that service, and

Whereas, the memory of those who died will always be held in highest honor in this city, and will always be a source of patriotic inspiration for us all, and

Whereas, this memory is brightened each year and honored paid to the war dead by the wearing of the Memorial Poppy on the Saturday before Memorial Day, now

Therefore, I, W. E. Dameron, Mayor of the City of Hereford, do hereby proclaim Saturday, the twenty-ninth of May, to be Poppy Day in the City of Hereford, and urge all citizens to observe the day by wearing the Memorial Poppy.

## Mayor Asks Cooperation From Owners of Homestead Property

Cooperation of owners of homestead property is the only remaining hurdle in the way of starting Hereford's extensive street paving program within the next few weeks, Mayor W. E. Dameron announced this week.

Property owners will be contacted by representatives of the paving contractor, C. Hunter Strain of San Angelo, within the next two weeks

to sign the necessary liens. In a statement to the public this week, Mayor Dameron urged the cooperation of every property owner to carry through the big paving program in schedule.

"We have the funds to do the job now," Mayor Dameron said, "and if this opportunity is passed, it may be a long time before another paving program is scheduled." (Continued on page 12)

### Catherine Hicks Gets Scholarship To Baylor University

Out of 430 graduates, Catherine Hicks, daughter of Rev. and Mrs. W. H. Hicks of Little Rock, Arkansas formerly of Hereford, was the ranking member of the senior class at Little Rock High School and has been awarded a scholarship to Baylor University, Waco, Texas, given annually to the ranking senior girl. Miss Hicks, who plans to specialize in journalism, is a member of the National Honor Society, Quill and Scroll and honor journalism society, member of a Capella Choir and a candidate for cum laude honors. She has been ping pong singles champion for three years, was school reporter for the Gazette last term, and has been president and vice-president of her home room during her high school years. She was Girls Council representative for two years, won essay contests sponsored by the Veterans of Foreign Wars and the Advertising Federation of America, and was a member of the committee to prepare the class will for Pix. She was also voted the most intellectual girl in the class and will be valedictorian at graduation exercises held on May 28.

Miss Hicks is the granddaughter of Mr. and Mrs. J. E. Beyer of Hereford who have gone to Little Rock to attend the graduation activities.

**HE LEARNS FOOT BY FOOT**  
SYCAMORE, Ill. —AP—George White, Sycamore trucker, had a nightmare and visioned a stranger standing at the foot of his bed. White pulled his gun from under his pillow and fired. Only George's foot was there; he told attendants while in the hospital. White added it was the second time he had had such a mishap. Hospital authorities told him to keep his gun elsewhere than under his pillow.

George J. Schoeneman, Commissioner of Internal Revenue, today reminded taxpayers of the termination, effective June 15, of the wartime provisions which allowed general postponement of income tax returns of persons who were out of the country.

The general postponement provisions were of particular benefit to members of the armed forces, but most of these men and women have long since returned home and have filed whatever returns were necessary. Public Law 384, enacted on August 8, 1947, accordingly terminated the wartime postponements as of December 31, 1947, but authorized the Commissioner to make other provisions to avoid hardships. Under this authority, Commissioner Schoeneman set the termination date at June 15, 1948, for persons still abroad at the beginning of the year, and fixed slightly earlier dates for persons who came back earlier.

Further extensions will be allowed only when necessary to avoid hardship in individual cases. An individual needing additional time should write a letter to the office of the Collector of Internal Revenue for the district where he maintains his legal residence or where he normally files his returns.

The June 15 deadline is primarily for the filing of returns for those years from 1943 to 1947, inclusive, during which the individual's income was sufficient to require a return. In the case of the armed services, the income of officers was usually sufficient to require a return, but enlisted men's active service pay was exempt. A twelve-quarterly installment plan for paying the tax is available to servicemen.

Civilians who have been working abroad also are affected by the deadline. Commissioner Schoeneman also reminded families of deceased service men that December 31, 1948, will be the deadline for filing claims for the refund of 1941-44 taxes paid by men who died while in active service in the armed forces between December 7, 1941, and December 31, 1947, inclusive. Claims for later years may be made within three years after the return was filed, or two years after the tax was paid, whichever is later. Claims should be filed on Form 943 with the Collector of Internal Revenue to whom the tax was paid. The collector's office will be glad to help next-of-kin relatives prepare these claims.

You Name it...  
the 'Jeep' does it  
THE UNIVERSAL 'Jeep' DOES MORE FOR THE FARMER THAN ANY OTHER VEHICLE

• With 4-wheel drive for traction and steady pulling power in the field, the "Jeep" has a drawbar pull of 1200 lbs., operates almost any standard tilling or harvesting implement. Rear power-take-off runs power-driven implements from standard spline shaft drive.

• The "Jeep" can be used with the latest development in modern farming—a new hydraulic lift that raises, lowers or adjusts depth of implement while the operator remains comfortably seated. And of course it handles conventional pull-type implements, too.

• The Universal "Jeep" is for hauling and towing on or off the road in all kinds of weather. It carries up to 1200 pounds, pulls a braked load of 2½ tons at highway speeds.

• It provides mobile power anywhere on the farm, for operating many types of power-driven equipment such as separators, feed grinders, buzz saws, hammer mills, ensilage cutters and numerous others.

This message gives but a glimpse of the all-around, year-round usefulness of the Universal Jeep. To see this versatile vehicle in action and to see how it does more different jobs than any other vehicle, come to a demonstration.

### Garden Beautiful Club Features Installation Rites at Luncheon

Garden Beautiful Club was entertained at a luncheon Friday in the home of Mrs. J. W. Kirby. Decorations for the serving table featured a Sunday dinner table arrangement done by Mrs. Louise LeGrand. Pink roses shading into deep rose in a low crystal bowl flanked by white tapers in crystal holders formed an attractive and graceful centerpiece.

After the luncheon Mrs. LeGrand presided in the absence of the president, Mrs. Carroll Whiteside. Mrs. Lyle Blanton conducted installation rites for recently elected officers in an impressive service using a landscaping story as she called to

mind the duties of officers and their importance in the welfare of the club.

The next meeting will be held on June 4, in the home of Mrs. Mary Seigler.

Those present were Mesdames; N. D. Bartlett Jr., S. L. Easley, J. R. Fowkes, J. M. French, George Graham, Frances Houston, Louise LeGrand, Dick Miller, Forrest Mizion, Lisle Woodford, F. P. Lyons, Mary Seigler, Maurice Tannahill and the hostess.

When Costa Rica declared war on Japan in World War II, its army contained only about 500 soldiers.

#### INFLATION IN SHOES

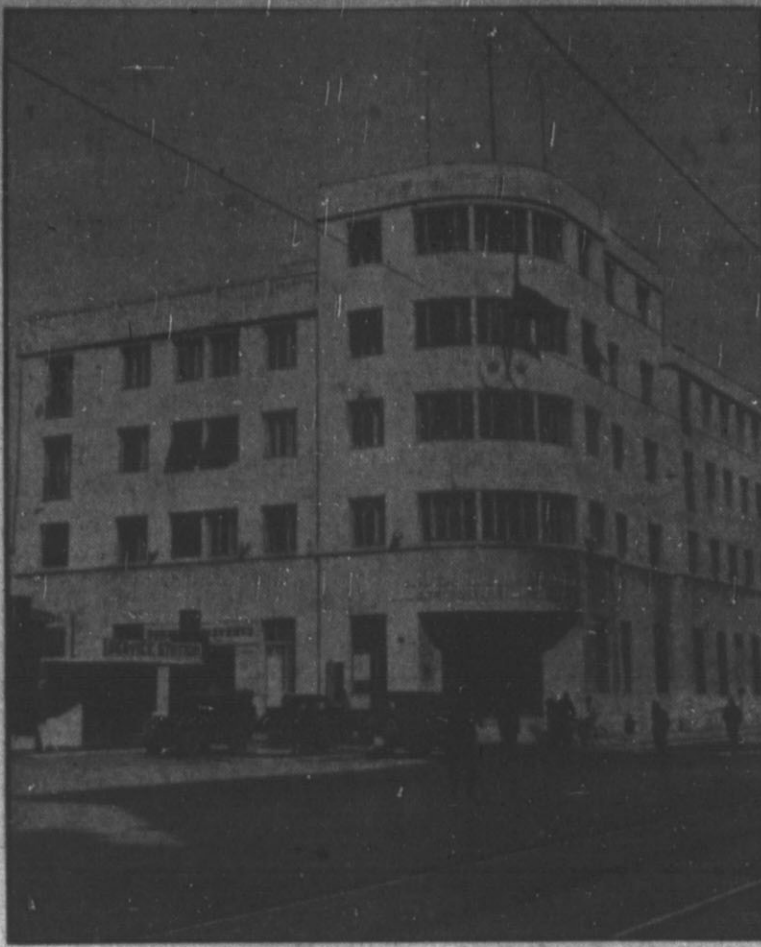

BALTIMORE—AP—Mrs. Delma Darburton acquired, involuntarily, what is probably the most expensive pair of old shoes in Baltimore. They cost her \$200. The Baltimore housewife reported to police that she surprised a burglar in her kitchen. He fled in such haste that he left his shoes behind. He didn't forget the \$200 he had taken from Mrs. Darburton's purse, though.

#### WILD WEST ON THE RANGE

BUTTE, Mont.—AP—Polks still like to unlimber the family shooting irons out here in the west, but apparently their enthusiasm exceeds their accuracy. Police recently issued an order forbidding target practice inside the city limits.

Officers said too many bum shots had converted their back yard into firing ranges with serious damage to surrounding properties.

### Red HQ in Trieste

This roomy, modern building located next to the U. S. Army Auto Service Station is Communist Headquarters in Trieste. It is from here that directions for those violent demonstrations you read about come. Recently Trieste Communists announced they would cease to co-operate with AMG because of its anti-Russian attitude.

### Dawn Music Study Club Presents Interesting Program At Meeting

The Dawn Music Study Club met recently in the home of Mrs. William Wimberly. The Polyphonic Element in Music was the theme for the program with Mrs. Roy Kerschen as leader.

After a short discussion of the lesson subject a program featuring American composers was presented. Selections included: "Night School March" piano, Mrs. William Wimberly; "Songs of Stephen Foster" by the club; "O Bury Me Not On The Lone Prairie" sung by Mrs. R. T. Stewart with Mrs. Melvin May giving guitar accompaniment; "The Moonlight Song" (Cushman) sung by a trio composed of Mrs. R. T. Stewart, Mrs. Carl Wimberly and Mrs. N. R. Miller; "The Gypsy Love Song" piano, a duet played by Mrs. R. B. Latham and Mrs. Carl Wimberly; and the concluding numbers, "Cradle Song" (Mac Phayen) and "Prayer For a Mother" (Wells) sung by Mrs. N. R. Miller.

Special guests attending were Mesdames; Zed Stewart, Palmer

Norton and Gayle Neal. Members present were; Mesdames Lloyd Althart, Roy Kerschen, R. B. Latham, R. T. Stewart, N. R. Miller, Melvin May, Carl Wimberly, and the hostess.

#### Carnival Party Given

Friends of Norma Grace Gray were entertained at a carnival party when her mother, Mrs. Norman Gray complimented her on Wednesday afternoon May 19.

The children went home with Norma Grace from school and after a back yard weiner roast the group went to the carnival for fun and frolic.

Those attending the party were; Norman Bartlett, Earleen Plank, Eleanor Jo Aven, Cynthia Hull, Jay Roy Crutchfield, John David Bryant, the honoree, Mr. and Mrs. Cawthon Bryant and Mr. and Mrs. Gray.

#### AVALON HOTEL, WAUKESHA, WISCONSIN

"The present Avalon Hotel in our city was a community project. It was sponsored by the Waukesha Association of Commerce, financed locally and over a period of years it has meant much to our city. The hotel has been of tremendous service to our community. It is a meeting place for our service clubs. It has contributed considerably to the social life of our community. It is a meeting place for our service clubs. It is a meeting place for our service clubs. It is a meeting place for our service clubs. We can definitely say that no community should be without good hotel accommodations."

—T. E. Ryan, Secretary, Waukesha Association of Commerce.

#### THE GREYSTONE HOTEL, BEDFORD, INDIANA

"The hotel stock is still owned by a large majority of the original stockholders, of whom there are about four hundred and twenty-six. We have paid dividends ever since the hotel was first opened twenty years ago."

—Victor A. T. Albright, Treasurer.

#### ARROW HOTEL, BROKEN BOW, NEBRASKA

"The Arrow Hotel building is still owned by the Broken Bow Community Hotel Corporation. There have been some changes in stock ownership, but a great number of citizens still own their stock. In my estimation the financial status of the Broken Bow Community Hotel Corporation is very good, having paid dividends through the lean years of the '30's as well as the present time of about 6%."

—Dr. C. C. Talbot, President.

#### GENERAL WAYNE HOTEL, WAYNESBORO, VA.

"Our hotel has established an excellent reputation throughout the East, and has not only been profitable to the stockholders, but a credit to the community. We are delighted with its operation."

—S. H. Hall, President.

#### HOTEL BAXTER, BOZEMAN, MONTANA

"The Baxter Hotel has enjoyed a tremendous volume since 1936—and out of all proportion to what was anticipated in 1929 at the time of construction. To the community of Bozeman, Montana and to Gallatin County the erection of the Baxter Hotel has been of signal importance. The building of this institution has meant more to the growth and the general welfare of this community than any other single factor."

"The Community has grown with the hotel; may, in fact, have outgrown it—so that it is quite possible that the Baxter Hotel may, in time, anticipate such additions as will allow it to keep proper pace with the community it so materially helped to stimulate."

—Robin B. Mac Nab, President.

#### MONTICELLO HOTEL, CHARLOTTESVILLE, VIRGINIA

"I wish to state that the Monticello Hotel has been very successful up to this time. As you will recall, at the time the hotel was completed the property was bonded for \$250,000. I am glad to report that all bonds were paid off several years ago and the company has acquired several pieces of property, an office building adjoining the hotel on 5th street, a twelve-acre site for location of a new hotel when conditions will allow us to build; also we built a garage, at the rear of the Monticello Hotel property, and have recently purchased a residence on the corner of Park and High streets, just one block from the hotel which we will use as additional rooms for the overflow from the hotel. During the life of the hotel we have been able to pay the stockholders an average of approximately 5% on the stock. In addition to the above, we have accumulated a very nice surplus."

—John R. Morris, President.

#### ISLE ROYALE HOTEL, SYDNEY, N. S.

"The 'Isle Royale' is going strong, and is one of the busiest places in Sydney, and has been ever since it opened its doors to the public, and there is no doubt it has been largely instrumental in putting Sydney on the map; our only regret is that it is not larger. Our average room occupancy is 92% year round."

"Until a few years ago we paid a yearly dividend of 7% and are now paying 5%, which after all is a really good dividend and makes the stock worthwhile. As to Liabilities, we haven't any except Capital Stock held by shareholders."

—Wm. Snow, Manager.

#### LA GONDA HOTEL, WINFIELD, KANSAS

"I have been connected with this hotel since the Hockenbury System developed its first hotel program here in Winfield in 1917. Our mortgage has long since been paid off. It is very difficult to find anyone who is willing to sell his stock in the hotel."

—Josh Wallace, President.

#### THE GEORGE WYTHE HOTEL, WYTHEVILLE, VIRGINIA

"Our hotel was a community enterprise and we went into it without the expectation of any profit from the venture. The Hockenbury System, Inc. was of the opinion that a profit would be made, but I, and many others believed that it was too optimistic. I am glad to say that the operation, taken over a period of twenty years, has been successful, not only from the standpoint of furnishing adequate hotel facilities for the community but also from the standpoint of the private investor who put his money into hotel stock."

—Stewart B. Campbell, President.

Last Rites for Mrs. Johanna Klein at Adrian

Funeral services for Mrs. Johanna Klein, resident of Adrian for 38 years, were held Friday afternoon at 7:30 o'clock at the First Methodist Church in Adrian.

Rev. J. C. Arnold, pastor of the Vega Methodist Church, officiated at the rites. Pall bearers were John Skaags, Henry Critz, E. N. Jacobsen, V. E. Lemke, Earl Croft, and Charles Ingram.

Mrs. Klein, a native of Germany, died on Wednesday afternoon of last week in the Amarillo Osteopathic Hospital.

Born in Germany, she came to America as a small child. She was a member of the Methodist Church.

Surviving her are three sons, three daughters, 10 grandchildren and seven great grandchildren. Interment was in the Vega cemetery.

Hereford Firm to Exhibit at Fort Worth Industrial Show

FORT WORTH, Texas, May 22. The close bond between southwestern industry and agriculture will be apparent at the First Annual Southwestern Industrial Exposition where farm implement manufacturers will have exhibits showing the farm machinery made in the Southwest. The Graham-Hoeme Plow Co., Amarillo, has taken four indoor exhibit booths to display two plows, one of them 11-feet and the other 13-feet long, and has reserved an outdoor booth to show a 24-foot plow.

Rice, economically important in some parts of the Southwest, will be tied in with the industrial exposition through the exhibit of the Forrest City Machine Works Inc., Forrest City, Ark., which manufactures rice carts, refit pumps and section harrows.

The Arkansas firm says the type of construction in its implements is brand-new and patents have been applied for, although the general type of equipment itself is not a new product.

Cotton, too, will have a direct tie-in through the industrial exhibits. For one of the exhibitors is Carl A. Johnson & Sons, Thrall, who manufacture tow-type dusters and a cotton hill-dropper attachment.

Fertilizer equipment will be viewed in the booth of Armstrong Prescription Fertilizer of Hereford which manufactures fertilizer attachments. These attachments force the fertilizer beneath the surface where it can feed the plant roots.

Aside from the equipment and manufacturing angle, nurseries—as an industry—will be represented by Breedlove Nurseries, Tyler; Baker Bros. Nursery, Lige Green Floral Co., and Mitchell Nursery Co., all of Fort Worth.

### Mrs. Dowell Heads L'Allegra Club

L'Allegra Club met for the final regular session of the year in the home of Mrs. Albert Balmun Thursday with Mrs. B. R. Waldrip as hostesses.

Officers elected, who will take over duties at the beginning of the fall and winter season, were Mrs. Bartley Dowell, president; Mrs. Lee Kent, vice-president; Mrs. W. L. Davis Jr., recording secretary and reporter; Mrs. Earl Stagner, corresponding secretary; Mrs. H. R. Waldrip, treasurer; Mrs. Otho No-

land, parliamentarian; Mrs. Walter London Jr., historian.

Amendments to the constitution were adopted and members decided to meet once each month during the summer featuring a supervised play period for their children.

Members present were Mesdames: It is estimated that the deep sea abyss of Mindanao is 20 times greater than the Grand Canyon of the Colorado.

### COUNTY LIBRARY IS POPULAR WITH YOUNG READERS

## New Children's Books at County Library Offer Selections for All Age Groups

Youngsters who find time hanging heavily on hand this summer after the first glory of release from school wears off may find a way to spend some pleasant . . . and profitable . . . hours among the new new books now on the shelves at the Deaf Smith County Library.

Recent purchases have been made by Mrs. Clara McLean, county librarian, with a particularly sharp eye on the needs of the small fry . . . the youngsters of Central School age.

A whole new treasure chest for young readers has been acquired in the "Childhood of Famous Americans" series, published by Bobbs-Merrill. Operating on a limited budget always, Mrs. McLean remarked, in showing the new series which has just arrived and was being catalogued the other day, that it was quite unusual for the library to purchase a complete series of books such as these.

"In this case, however," she added, "We found these the best thing of their type on the market, and bought the entire group."

Included in the set are the childhood stories of such famous Americans as Daniel Boone, Jane Adams, Kit Carson, Sam Houston, Tom Jefferson, James Audubon, Robert Fulton, Stephen Foster, Meriwether Lewis (of Lewis and Clark, explorers fame), Paul Revere, Alexander Hamilton;

Alexander Graham Bell, Andrew Jackson, George Washington Carver.

Another new addition to the preschool bag is "The Treasure Bag," a collection of stories and poems, attractively illustrated, selected by Lena Barkdale. The colored illustrations are gaudy enough to please the color-consciousness of the very young, and so well-done that they won't offend a more practiced eye. The collection includes dozens of favorites from the Three Billy Goats Gruff to Riley's ever-popular "Little

Clara Barton, Ben Franklin, Robert E. Lee, Dolly Madison, Stonewall Jackson, Henry Clay, John Quincy Adams, Mark Twain, Louisa Mae Alcott, Martha Washington, Tom Edison, Pocahontas, Franklin Delano Roosevelt, David Livingstone, and Henry Ford.

The books are written for, and designed to be read by young readers, but might prove fascinating historical reading for oldersters as well.

More than 100 new juvenile selections for all ages of youngsters had been checked out from the library early this week, which gives a fair indication of the demand for this type of material.

Among other selections in this class which were still on the shelves Monday were "Legends of Paul Bunyan" by Felton, a complete collection of the fascinating stories of the legendary lumberman and his "Big Blue Ox Babe."

There's fiction for older youngsters too, among the titles are "Roberta, Interior Decorator"; "Copy Kate"; and "Touchdown Twins."

And the very young haven't been forgotten. A beautifully illustrated "Picture Book of Animal Babies" will fascinate the pre-school group; and "Chin Ling, the Chinese Cricket" by Alison Stilwell, also attractively illustrated, will entertain Junior and Baby Sister no end, but will probably require some bedtime reading for Mother and Dad.

Lilye London, Frances Young, Pauline Loerwald, Marie Denton, Wanda Ward, Marian Plummer, Juanita Kelly, Bess Hager, Josie Plunk, Velma Harper, Jessie Ann Buckner, the honoree and the hostess.

Mrs. Nollie Elliston gave a talk on "Organization of Extension Service" and Mrs. Ira Ott told of the life of Mrs. Maggie Barry. Mrs. H. H. Caraway gave highlights in the life of Dr. Seaman A. Knapp. The program was prepared to acquaint the club members with the people responsible for Home Demonstration Club work in Texas. Mrs. N. G. Elliston will be hostess for the next regular meeting on June 3. An all-day meeting is planned and members are requested to bring a dish for the noon meal.

Members present were Mesdames: Gen. Clinean, R. W. Elliston, Jack Williams, R. L. Oocougher, J. E. Jury, George L. Olson, Ernest Kerr, H. H. Caraway, Ruby Minshall, E. C. Hewitt Jr., Ira Ott, Jim Cross, Ira Scott, N. G. Elliston and hostess.

Orphan Annie." Poems and stories by Robert Louis Stevenson, Christine Rosetti, Riley, and Rachel Field, among others, are included.

And there's a special number for the youngsters, and maybe their parents, who are planning to acquire a new pet this summer. It's "So You're Going to Get a Puppy" by N. S. Meek, and is a complete hand-book for dog lovers written in language that the youngsters can understand.

### Anniversary Party Given

Mr. and Mrs. Louis Olson celebrated their 25th wedding anniversary at a dinner and party given at their home Friday night.

Their children, Mr. and Mrs. G. W. Duncan, and Mr. and Mrs. George L. Olson were hosts at the dinner which carried out the anniversary theme in flowers and the wedding cake, and for the surprise party which followed.

Party two provided the party entertainment and moving pictures taken recently of the couple and their family, were shown by Vic Lempe of Vega. Pictures of scenic spots in other states were also shown.

Mr. and Mrs. Olson were married on May 21 1923 at the county home of her parents, Mr. and Mrs. George Brumley. Rev. L. N. Lips-

comb who was pastor of the Methodist Church, performed the ceremony. The license was issued by Berry Orr, long time resident of Hereford who was county clerk.

The day was also marked the second birthday for the Olson's first grandson, Ronnie Rush Duncan.

After the games wedding cake and ice cream was served to the dinner guests and the party guests who included; Mrs. J. T. Richardson, Mr. and Mrs. Pat Robinson and children, Mr. and Mrs. Otto Olson, Mr. and Mrs. Harold Pettyjohn, Mr. and Mrs. Everett Doak, Mr. and Mrs. Vic Lempe of Vega the honorees and the hosts.

By JIMMIE GILLENTINE

Congratulations to Wm. H. Patton. His photograph (No. 21) took first prize in the Pioneer Day picture contest conducted by The Brand. The picture, you may recall, was a shot of the square dance couples. If Bill will call by The Brand office we will have his \$10 check ready.

The judges had quite a hard time. Elmer Patterson's picture of Nester Gass, Bob Higgins, George Muse and C. R. Smith burying the time capsule (No. 2) was cited as second, and third place went to J. W. Dickerson on his barber's picture of Mr. and Mrs. C. R. McGee. The judges were not camera experts, but they spent a lot of time. We promised to withhold their names. Just for good measure, we are going to throw in \$2.50 each for the second and third place winners. I personally think the judges took these three pictures and drew the winning one from a hat. Anyway, some wonderful pictures were included in the display—and we thank everyone who entered a picture. We are holding all prints for you at The Brand office.

Last week I promised a column by Homer Fox. Here it is, but the first paragraph sounds like the Bootleg Philosopher.

BY HOMER FOX

In the first place I didn't agree to write this column. If you would go look at Jim Gilentine's desk, you would know why he destroyed the little book he had on "How To Take Care of Your Desk." That is about the latest one guy I ever knew; he is the only man I ever heard of that is glad he is bald headed. He is too lazy to comb his own hair—if he had any hair.

In the second place I don't associate with Abe Martin, Charlie Cogdell, Lige Cawthon or Monte Baker. Those four meat-heads are doing something and I haven't found out just what it is, but they are doing something that is keeping the rain away and I don't want no truck with a bunch like that.

Don't think for a minute that Scotty Buckner couldn't write this column. Scotty was the bright star in the 1911 graduation class. Back in 1914 I had a picture show in the old Opera House and Scotty was my operator—and any guy that could run a moving picture machine in those days and still have sense enough to go home after work, had to be smart—and this Scotty could do just that. Pretty blamed smart cookie, and you can find it out if you start pitching to him.

This whole thing started when I told Jimmie a little about a conversation I had with Bill Harris. The Sage of Gonthead Prairie. Bill came in after our big 50 year celebration and we were bragging about what a nice parade and the big crowd of old timers that were here, and I was griping about having it on Saturday. Everything we have in on Saturday and a guy on Main street never gets out to see anything or kick up his heels. Bill says, "Well, I'll tell you what we will do: When they celebrate the 100th anniversary, we will have it on Tuesday in 1968."

We agreed on everything and Bill is going to ride his little gray pony that he used to ride and cowboy on back in 1908 and lead the parade. Of course we have got to see a lot of the old timers yet, and we have plenty of time; anyway, Bob Higgins is going to drive a herd of the finest sheep he owns in the parade. Walk Bradley is going to shave his whiskers off. Joe Pitman very reluctantly agreed to get some teeth for the occasion, and Kelly

Gray is going to ride a bicycle in a pair of Bill Knox pants and sing "Baldy and Pink and leading old Baldy." Kelly has a wife like a "turnip" and can really sing.

One thing we sure want that much hasn't been said about, and I thought was about the keenest outfit that ever marched down the Main streets of Hereford or any other place, and that was our High School Band. You can travel around a lot and not see as many good looking kids in those snappy band suits as our School Band was that day, so its a cinch they are in for a big celebration in 1968.

No one is going to be slighted, so don't get excited and think you are to be left out, 'cause we will get around to you in plenty of time. No one gets a ribbon under '75 years and if you have been here a hundred we give you the Courthouse and the Commissioner's Court. We won't want them any more anyway.

Going back to Scotty and his 1911 class, there were 9 in his class and Scotty is the only one around here now. Jump a couple of years to the 1913 class and you will find Jim Lipscomb in a class of 12 and I think he is the only one around here now. Who ever thought in "them there" old days that this flat-head would be Post Master. However, I understand though that Jim's favorite game was "Post Office" in those days, and maybe this P. M. was his ambition.

Jump to 1916 with a class of 19. Miles Roberson with the ambition to be friendly, and Miles has done a fair job. Jim Black with the ambition to ride around, guess Jim is okay with his 'cause he never walks any place. Mac Pitman's ambition was to grow tall. His brother came along and stole his thunder, but Mac did grow a little taller after 16. He used to stand on a box to tie his tie back then. Guess they are the only three boys around here from the 16 class.

The year of 1917 showed up with 24. Wallace Cox, Bob Wilson, and Glenn Boardman are about the only three boys around here from this class. Not hard to figure that we have got to add another story to the little "Red School House" when you look over this 1948 class with 64 youngsters graduating.

**CHILE HUNTS JOBS**  
SANTIAGO, Chile—AP—Chile is setting up a central office to find jobs for 700 immigrants from Austria. The immigrants were chosen by a Chilean diplomatic agent in Austria from among the displaced persons skilled in industry. The Government announced plans to lodge and feed them until jobs are found where they can fit into the country's industrialization program.

### Texans in Washington

By TEX HASLEY

Washington, May 22--(AP)--The original manuscript of "Alice in Wonderland" is to be returned to England as a gift from America to the British people. Back of the idea is a Texan, Dr. Luther H. Evans, 46-year-old head of the Congressional Library.

With the help of contributions from various individuals, Dr. Evans engineered the drive for purchase of the manuscript for \$50,000 at a New York auction.

The volume is to be returned to England by British Ambassador Inverchapel in appreciation of his people's valiant efforts in holding back the Germans until this country was ready to fight.

The way he feels about it, Dr. Evans says, is that "things which have a peculiar relation to a given people--like the original manuscript--ought to be returned to these people."

Born on a farm near Sayers, Dr. Evans received his B. A. and M. A. degrees from the University of Texas. Before coming here he taught at Leland Stanford, New York, Dartmouth and Princeton Universities.

The husky, black-haired, square-faced Texan is the first head of the Library of Congress to be appointed from the ranks of the institution's staff since the Civil War. He was director of the Library's legislative reference service from 1938 until named to his present post in 1945.

#### Around the Capitol:

North Dakota's vinegar-tongued Senator William Langer (R) has been at odds the past year with both Texas Senators Tom Connally and W. Lee O'Daniel.

But the other day in the Senate he was lavish in praising another Texan--Attorney General Tom Clark. Speaking of the former Dallas lawyer, Langer said:

"Mr. President, I only hope that the time will soon come when the new method of law enforcement instituted by Tom Clark will be accepted all over the country."

"Until the time he became Attorney General of the United States the Sherman antitrust law had never been enforced by means of criminal prosecution. Not a single individual had ever been sent to jail for violating the Sherman antitrust Act."

"If a G. I. stole a loaf of bread, if a small merchant violated the OPA regulations by selling a loaf of bread for a penny more than the price fixed by the OPA, he would be put in jail."

"But those representing the great, rich, powerful corporations, who would manipulate and connive so that they could have control of the milk and bread of the country, and raise the price of milk and bread so that they would be almost prohibitive to the little children and mothers who needed them, such men never were arrested until Tom Clark became Attorney General of the United States."

The Reciprocal Trade Agreements act, which gives the administration authority to enter into specific import-export agreements with other nations, expires June 12.

Pending in Congress is a measure to continue that authority. Undersecretary of State Will Clayton, the Houston financier and former cotton exporter, spearheads the administration's fight to keep the act.

Small groups of congressmen are called to the State department, in turns, so that they can get an informal presentation by Clayton of the complex problems involved.

### Looks Downright Human

You probably looked just as happy as Pandora, the Philadelphia Zoo's chimpanzee, when you got your first birthday cake. Head keeper John Regan also admires the cake and its lone candle.

He made an unsuccessful attempt to do something about the situation when the House passed a measure to continue urban home construction benefits for veterans.

He offered an amendment to restore to the RFC the privilege it had up to a year ago of rediscounting G. I. loans made by banks. The amendment was defeated, but not until Republican leaders had promised to consider the matter later as separate legislation.

"When we took away the rediscount privilege," Combs told his colleagues, "these institutions making loans said: 'We cannot take our depositor's money with our limited financial backing and resources and put large amounts of it into these long time loans that we cannot quickly convert into cash in case of need.'"

Excerpts from recent Agriculture Department bulletins:

Foot and Mouth Disease Program --A sector of the northern quarantine line maintained across Mexico is being moved farther southward.

The action reduces the size of the quarantined area by more than 1,000 square miles and increases the distance between that sector of the line and the U. S. border as much as 40 miles in some places. The action taken is the second of its kind in about 6 weeks.

The new area freed from quarantine is triangular in shape, and is bounded approximately by lines between three cities--San Luis Potosi, Aguascalientes, and Zacatecas.

Extensive veterinary inspections of susceptible livestock within that area uncovered no signs of foot and

# "No one can call you either"

said Dad...

JUDY WALLINGTON, seventeen, cute, and popular, hung up the receiver from a 27½-minute telephone chitchat.

"Look," said Dad, pinching her on the chin, "we have a party line. Remember?"

"But I didn't hear any 'clicks,'" said Judy. "No one tried to use the line."

"Could be," said Dad, "but someone might have been trying to call *them*; and," he continued, "did you ever stop to think: no one can call YOU while you're using the line!"

"Jeepers, you're right!" said Judy. "I'd tell the gang there's a five-minute limit," suggested Dad. "Self-preservation, you know. Ought to make everyone happy." (And it did!)

# "You just can't beat Electric Cooking"

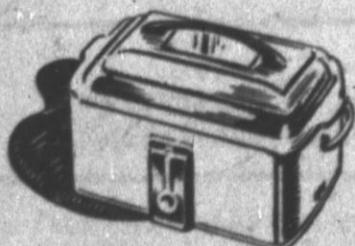

For good cooking, and cooler cooking, you just can't beat an electric range...it's the easy and low cost way to prepare better meals with less effort.

Electric cooking is best because you can control the heat you're using exactly, make sure that every dish gets just the right amount of heat for the right amount of time.

Better still, you'll have more time to "get out," for the new electric ranges require no watching...cooking is practically automatic.

Plan now on doing better cooking...electrically...You'll get more and more enjoyment from cheap electricity in the Panhandle Plains, Pecos Valley Area.

We have nothing to sell but good electric service. You'll find a choice of electric ranges, and other electric cooking equipment at a nearby appliance dealer's.

## The Importance of "Stepping Down"

Here is the story of a new principle of design that has rocked the industry and given Hudson unique beauty not possible in any other type of car.

Hudson has a new, all steel Monobilt body-and-frame\*, part of which is a rugged base structure that permits lowering floors and seats down within the frame. The sketches below illustrate this design problem and show how Hudson's recessed floor provides a low, streamlined silhouette, yet preserves head room.

NEW HUDSON

Here is the long, low, gracefully streamlined Hudson--only five feet from ground to top. You see how the streamlined roof comes down sharply over the rear-seat portion of the car, as compared to the other types of roof lines shown in sketches to the left. But Hudson floors are recessed down within the frame, seats are lowered, so you get more than ample head room.

The "step-down" principle requires years of engineering work, the development of new production techniques and equipment, and millions of dollars of highly specialized new plant investment. Perhaps this explains why Hudson alone offers this vital new design principle today.

You'll probably expect the motor car that is the talk of the nation to offer you even more than beauty and comfort. And it does! Your nearby Hudson dealer will show you The Importance of "Stepping Down"--also its results in riding and driving ease, performance and safety. Hudson Motor Car Company, Detroit 14.

\*Trade-mark and patent pending

OTHER CARS

The car above cannot be streamlined because the need for head room above the rear seat (which is built on top of a frame) makes it impossible to lower the roof.

OTHER CARS

Of course, it is possible to adopt free-flowing lines without recessing the floor, as sketched in the car above, but overall height must be raised, and this destroys the possibility of a low silhouette, which is the mark of the modern motor car.

THE recessed floor in the new Hudson --now widely known as the "step-down" feature--is the talk of the automobile world. And rightly so! This interesting development is the key to a new kind of motor-car beauty never before obtainable.

People everywhere are attracted by Hudson's low, streamlined silhouette and free-flowing lines.

Only Hudson, because of its exclusive recessed floor that you step down onto, is able to offer streamlined, low-built beauty without asking you to give up interior head room.

Let's take a frank look at the motor-car designer's problem. Since streamlining an automobile reduces available head room for rear-seat passengers, to achieve a low silhouette and maintain adequate head room, both floor and seats must be lowered to compensate for the lowered roof. The recessed floor is a necessity.

But it is difficult to lower floors and seats, because in all cars, except Hudson, they are built on top of a frame. Only

### Pioneer Air Lines to Start Daily Service to Clovis, N. M.

Pioneer Air Lines will inaugurate daily scheduled service from Amarillo to El Paso via Clovis and Roswell on June 1, Harold B. Seifert, Vice-president of operations announced today.

The service will feature early morning and mid-afternoon round trip flights over the route. Seifert pointed out.

The inauguration of service over this route will complete the activation of the system granted Pioneer by the Civil Aeronautics Board in late February.

Service over the Lubbock to Albuquerque via Tucuman, Santa Fe, Clovis and Las Vegas segment was started on May 1, Seifert said. Pioneer, the nation's first community airline operates in 17 Texas cities and the new service will bring the totals to 24 cities and 2,200 route miles, the official added.

The addition of this operation will give Clovis four round trip flights daily; Amarillo, four round trip flights; Roswell, two; and El Paso, two.

"This route also gives excellent service to El Paso, Roswell and Clovis desiring transportation to Kansas City, St. Louis, Chicago and other Midwestern cities," Seifert said.

"We will, in effect, breach the gap between transcontinental American Airlines and Trans-World Airways, providing excellent connections at both places."

Seifert pointed out that Clovis would become a hub of operations on June 1 with eight flights daily landing in that city.

Flying time from Amarillo to El Paso is two hours and forty-two minutes, from Clovis to El Paso requires an hour and fifty-two minutes and from Roswell to El Paso requires an hour and five minutes.

"We trust that this service will draw these communities closer, socially and economically, and will benefit all concerned," Seifert said.

The Pioneer official added that full and complete air mail, air freight and air express service would also be available with the June 1 operations inauguration.

Pioneer, which started operations in August, 1945, now has flown more than 110,000 passengers, who have traveled over 30,000,000 scheduled passenger miles.

### Loss of Social Security Cards Is Big Headache

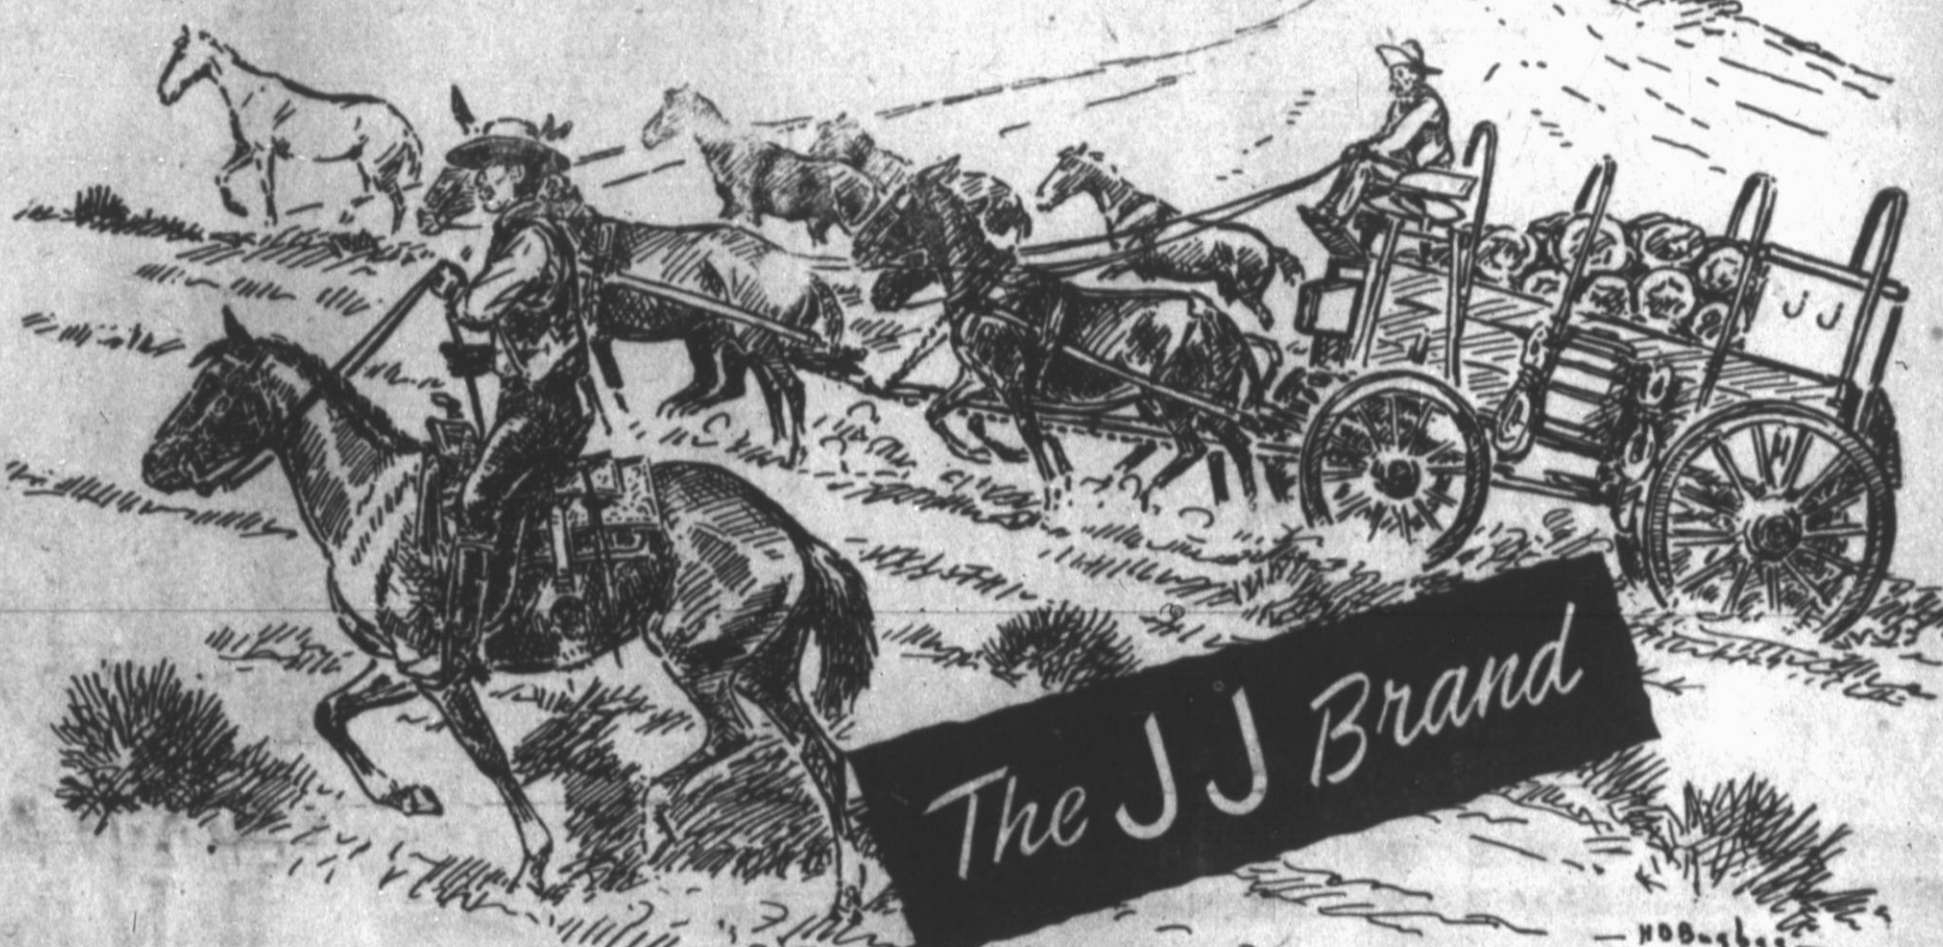

In 1947 the Amarillo office issued almost as many duplicate social security cards as originals in the 26 counties of the Panhandle. Last year, 5978 duplicate cards were issued to persons who reported the originals lost or destroyed, John R. Sanderson, manager of the Amarillo Field Office said.

During the same period, 7305 original cards were issued to persons added to the labor force of the Panhandle area.

Out of 5978 people filing for duplicate social security account numbers, there were doubtless several hundred employees who were delayed from going to work on new jobs because of having lost their account number card.

The only time a person needs to have his social security card with him is when he is going to work on a new job. "After the employer has a record of the name and account number on his card, the employee should put his account number card away in a safe place," Mr. Sanderson said.

Spending Sunday in the Palo Duro Canyon on a picnic were Mr. and Mrs. Walter London Jr., Mr. and Mrs. Hilton Higgins, Juanita Kelly, Warren Owen, Lilly London, Jimmy Hendrick, Mr. and Mrs. Kenneth Taylor and Mr. and Mrs. Ted Myers of Amarillo.

The JJ Brand

HOW THE JJ OUTFIT—proud symbol of the greatest Colorado range—battled the multiple hazards of the cow business, and won.

By J. EVETTS HALEY  
ILLUSTRATED BY H. D. BUGBEE

Not even casual consideration of the story of cows can pass up that empire of grass in southern Colorado that was dominated by the JJ brand. In the generous if not precise language of the West, it "covered all out-doors." Its herds grazed from the headsprings of the Apishapa, in the cool evening shade of the Greenhorns, clear down the southern drainage of the Arkansas into Kansas. From the parallel and grass-grown ruts of the Santa Fe Trail, their cattle nosed their way south in search of the best grasses beyond the Raton Range, to mingle at last with the Cross I cattle in the same ownership along the Cimarron, below the New Mexico line. To say the least their land was ample.

More important for them than herds and grass however—vitality important as they may be—were the traditions of fortitude that sustain a race of men and a way of life through the many vicissitudes that naturally beset those who tear their living from the soil. Despite a popular impression, there are tougher sides to ranching than gaily sitting on a horse.

In the ebb and flow of the seasons, lush years come and go and good times give way to bad. The waters dry up and the grasses fail and unusual booms are offset by deficits and depressions. But the spirit that animates the souls of hardy men devoted to the soil strives and struggles on. Thus it

head of cattle, and all of Colorado that they could claim and hold. Thus the "Mother of the British Companies" came to Colorado.

There is a persistent story on the ranges of this region that the Prairie had bought so cheaply that they paid off their original investment during the first two years, and still had plenty of cattle left to stock their country. The balance sheets of the business hardly support this optimistic account, for, upon reappraisal of their position in 1899, the Company found that they had only 22,000 cattle on this, their Arkansas Division, and instead of their boasted 150,000 cattle of a few years before, their total on all their ranges was only 56,000 head.

The multiple hazards of the range had taken a heavy toll. Old-timers still like to recall that during the winter of 1885, a short-gaited cowpuncher could have walked for twenty-five miles down the river on dead cattle, from the ranch into Las Animas, "without putting a foot on the ground." That experience almost put the JJs out of the cow business.

But there was one saving grace. After the snows were gone, the land, responsive to sun and rain, was still there. And the lasting return of honest struggle with the soil is a goodly profit in human character, if not in a heavy bal-

ance at the bank. So for years the three JJ chuckwagons regularly rolled out from their headquarters on the Picket Wire for the spring work, and swept the country clean for their drifting cattle down through the corner of Kansas and back into New Mexico. At last the heavens smiled a little, their returns fell well on the profit side of the ledger, and, with success achieved, they could afford to quit. They sold out the last of their cattle in 1917, and the most fantastic of all the foreign range ventures faded into forgetfulness.

Not so, however, the significant symbolism of the JJ brand! It is still recalled with wonder and awe on the high lands of Colorado, though the capital, care and courage it once entailed and provoked are now channeled into other pursuits. Times have changed. The great cattle ranches that brought color and character to the Southwest are largely gone. Fortunes were lost and made. Vigorous men toiled out their time and died.

But their real heritage remains a thing of the spirit. It persists today in an expansive and generous attitude toward life, a zestful and courageous point of view, and a high regard for honorable tradition. It hovers over these vanished grasslands as a sort of aura of gentility—the mark and brand of indestructible character—the genuine heraldry of the open range.

### Bridal Shower Compliments Westway Newlyweds at Head Home Tuesday

WESTWAY, May 25—An informal wedding shower which complimented Mr. and Mrs. Harold Head was held Tuesday night at the home of his parents Mr. and Mrs. A. A. Head.

A wedding cake topped by a miniature bride and groom and circled with pink rosebuds centered the serving table. Arrangements of roses and iris were used in the living room.

Entertainment included group singing and visiting after which Mrs. Roscoe Finner presented the gifts to the honorees. The bride and groom cut the cake which was served with punch, sandwiches, and coffee to the guests. Mrs. Glen Rut-

ter, Mrs. J. C. McCracken, and Mrs. Grace Little assisted in the serving.

The bridal couple last week announced their marriage which was solemnized in the Baptist Church at Clovis, with the pastor officiating in the single ring ceremony.

The bride was attractively attired in navy blue with white accessories. She wore a single strand of pearls. The gift of the groom, Mr. and Mrs. Grady Wilson Jr., were attendants. Others present included his parents, Mr. and Mrs. A. A. Head, her father, John Young, Dorothy, Mozelle, and Lynn Young and Leroy Foster of Hereford. Harold has been associ-

 cr's choice and a sacrifice in the fourth, but couldn't quite make the grade to home base.

Hereford scratched in the fifth, and after one out in their half of the inning, Nazareth started another rally. Gerber singled, and Hoelting hit into another double play, short to second to first, and that was all of that.

The Veterans added another run in the sixth on a single by Leub and Winkler, a sacrifice and an error, and the count was six to 0.

Nazareth's half of the sixth was blank, and the Vets went down in order in the first of the seventh.

Nazareth's only run was scored in the seventh inning, in a steady drizzle of rain. Venhouse led off with a single, and went to second on a passed ball. C. Shulte was out to center field, and Schmucker was out second to first. Venhouse scored on a single by Gerber.

Leub doubled in the eighth for his fourth straight hit of the game, stole third, and died there.

Winkler walked a pair in the eighth, but managed to retire the side with no damage done.

The Veterans went scoreless in the ninth, Shulte fanning the last two men at bat. Bill Stengle relieved Winkler in the last of the ninth, and retired the Nazareth batters in order.

Next Sunday's game will bring the Hart Harvesters to Hereford for a League game.

### Mayor Asks...

(continued from page 1)  
 project can be carried through."

"Citizens of Hereford voted overwhelmingly for the voting bond issue," he continued. "We now need the same cooperation to get the actual paving done."

"Increase in the value of property on paved streets will more than offset the cost of the paving," the Mayor believes. "When the present 120-block project is completed, by far the greater part of Hereford's residential property will be on pavement. Only 18 blocks in the original town section have been left out, and some of these may be added to the program. Property not on pavement is going to be reduced considerably in market value under these circumstances."

"Every effort will be made to have paving done in complete blocks without gaps in otherwise paved streets. For this reason, property owners are urged to consider their neighbors, as well as themselves, in making their decision."

"The City Commissioners join in urging every property owner in the city to give serious consideration to these facts," the Mayor said. "This is our big chance to make Hereford a clean, modern, up-to-date city of paved streets and well kept lawns. Let's not miff it now."

Exact figures on the cost of paving of any piece of property in the

first section of the paving project, the part which has been advertised... can now be obtained at the City Hall. This first section includes all but five blocks of the proposed paving in the original town section.

The remainder of the city paving, including the five blocks omitted in the original town section and the extensive paving projects in the Hereford additions, will be advertised as soon as engineering specifications can be completed.
