

NEW SCIENTIFIC GADGET IS BIG AID TO CANCER RESEARCH

Electronic Engineer Irving Sucker poses with the mass spectrometer he developed under an American Cancer Society Grant.

AROUND TOWN SIGHTS, FACES SEEN

Charlie Johnston has asked us to tell the town in general, and the merchants who've bought advertising in it in particular, that the delay in publishing the new Hereford City Directory is to give the City Fathers a chance to get their projected street-marking and house numbering programs worked out.

Mayor Dameron advises us that the street marking and house numbering projects haven't been abandoned, but have run into all sorts of complications.

From Lubbock comes word that Mrs. J. J. Clayton was operated on at a Lubbock hospital last Saturday morning for removal of gallstones.

Debs Knox, who rides herd on the Hereford Softball League, has called a meeting of all persons, organizations, etc., interested in having a team in the league, to be held Friday night at 8 o'clock at City Hall.

NEW ARRIVALS IN TOWN: Laurice Lucille Deaton, new daughter of Mr. and Mrs. Leslie Deaton, on April 19; and Penny Tona Jones, new son of Mr. and Mrs. George T. Jones, on April 20.

Western Dress Decree For 50th Anniversary

Western Dress for all Hereford citizens has been decreed by the Golden Anniversary Celebration Committee.

SHOOTING OF INSULATORS MUST STOP, SAYS SHERIFF REESE

Young Marksmen Disrupt Service on REA Lines in Hereford Area, Reports Forrest

Youngsters who are using insulators on REA and Public Service power lines as targets for .22 caliber and air rifles are heading for serious trouble, Sheriff J. C. Reese warned this week.

Broken insulators on power lines, particularly in the area north of town and along Highway 51, have resulted in many lost hours of service for consumers and a lot of extra work for maintenance crews on REA lines.

Cancer Fund Drive Is Moving Slowly in Deaf Smith County

Deaf Smith's first Cancer Fund drive is moving slowly, although contributions toward the county's \$448 quota are beginning to come in.

Local churches will feature the Cancer Fund appeal on Sunday.

The drive is a part of an annual solicitation by the American Cancer Society for funds to continue research and treatment of cancer, which is described as America's No. 1 killer.

The State goal in the drive this year is \$447,490. Part of these funds are used to support research and treatment centers in the state.

Houston Firm Is Low Bidder On Sewer Project

Contracts for extension of Hereford's sewer system and construction of a new sewage disposal plant were let Tuesday by the City Commission to the Enix Construction Company of Houston on a low bid of \$70,552.25.

Six bids were submitted on the project to the City Commission Tuesday morning. The Houston firm was low bidder by nearly \$7,000.

Other bids were \$77,746.05 by the George W. Tucker Pipe Line Co. of Odessa; \$82,920.75 by Oliver and Bellamy of Tyler; \$89,897.49 by Coleman-McKinnon Co. of San Antonio; \$89,938.95 by Sherman Machine and Iron Works of Oklahoma City; and \$108,168.50 by Wilks, Dake and Steed of Tyler.

Insulator Broken by Sharpshooter Causes Death of REA Line Worker

Insulator broken by sharpshooter caused death of REA line worker.

Broken insulators on power lines, particularly in the area north of town and along Highway 51, have resulted in many lost hours of service for consumers and a lot of extra work for maintenance crews on REA lines.

IOOF-Rebekah Convention To Be Held Here

Three hundred out-of-town guests are expected in Hereford Sunday for the annual Panhandle Association convention of the IOOF and Rebekah Lodges.

The forty-fifth annual session of the Panhandle Association will convene here Sunday morning for a three-day session.

Guests will attend services at local churches Sunday morning, and will register for the convention at the Hereford City Hall at 1:30 o'clock Sunday afternoon.

At 2:30 o'clock Sunday afternoon, Theta Rho Girls Club work will be conducted at City Hall, and Junior IOOF at the Odd Fellows Hall. Tea will be served at four o'clock at City Hall, with Dimmitt and Hereford Rebekah Lodges as hostesses.

At 7:30 o'clock Sunday evening, Memorial Services will be conducted by members of the Pampa Lodge at the First Christian Church, and at 10 o'clock Sunday night, supper for the Canton and Auxiliary will be served at the Odd Fellows Hall.

Monday's program will open with registration at 8:30 at City Hall, followed at 10 o'clock by a Joint Opening meeting at the First Christian Church.

A. J. Schroeter will deliver the welcome address from the Odd Fellows, and the response will be by V. J. Casika, association president.

The High School Boys Ensemble will entertain with songs, and Mayor W. E. Dameron will deliver a welcome address from the city.

Monday afternoon there will be a joint business session of the Rebekahs and Odd Fellows at the First Christian Church, and at 2:30, individual meetings will be held by the Rebekahs at the church, and the Odd Fellows at IOOF Hall.

At 6 o'clock Monday evening, there will be a banquet at the First Christian Church, Owen Stagers will be toastmaster.

Beginning at 8 o'clock Monday night, there will be Competitive Degree work for the Odd Fellows at the High School Gymnasium, and for the Rebekahs at City Hall.

Tuesday morning, beginning at 8:30 a. m., there will be an Encampment at IOOF Hall, and at 10 o'clock, a school of instruction.

The final business session for the Rebekahs will be held at 10 o'clock at the First Christian Church.

New Hospital Building Bid To Be Accepted

Rance Votes Down Union With Hereford

Rance school district turned down union with the Hereford Rural High School District Saturday by a vote of 11 to 10.

The Castro County Common School District voters turned out 100 per cent to ballot in the closely contested election.

Voters of the Hereford Rural High School District showed little interest in, and no opposition to the issue. The vote here Saturday was 22 to 0 for consolidation.

While the election settled one question for the Rance district, it left another important one settled: where to send their children to school.

Students from the Castro rural district are now attending Hereford schools, but the district has been unable to pay the required tuition here. To solve the problem, patrons of the Rance district had petitioned for the election to vote on consolidation with the Hereford Rural High School District.

Castro County Judge E. L. Ivey of Dimmitt reported to The Brand yesterday that he had received a petition from patrons of the Rance District requesting him to call an election to vote on the question of consolidating with the Dimmitt Rural High School district instead.

Judge Ivey said that he had not ordered the election, but probably would do so in a few days.

Castro County Commissioners convened Monday and canvassed the election returns, declaring the official results to be 10 for consolidation, 11 against. Rumored protests against the validity of one vote cast in the election failed to materialize.

Judge Ivey had indicated Tuesday that patrons of the Rance district might either ask another election vote on consolidation with Dimmitt, or might turn the entire issue over to the Castro County Board of School Trustees.

Wednesday afternoon he informed The Brand by telephone that he was preparing to act on the petition to call an election for a vote on union with the Dimmitt school.

Dr. I. Q. Show to Benefit Hereford Church Building

Jimmie McClain (above) the original Dr. I. Q. of radio fame, will stage a show in Amarillo April 28 to benefit the Hereford Episcopal Church. (See story below.)

Dr. I. Q. Show to Benefit Hereford Church Building. Jimmie McClain, the original "Dr. I. Q." of radio fame, will conduct an I. Q. Quiz Show at the Amarillo Municipal Auditorium Friday night, April 30, for the benefit of a building fund for an Episcopal Church in Hereford.

McClain is now an Episcopal rector at Breckinridge and Eastland. He will come to Amarillo on April 30 to conduct the show for the benefit of the Hereford church building fund. Local Episcopalians, under the direction of Mrs. Joe H. Smith, are handling ticket sales for the show.

The quiz show will be conducted along the lines of the famous "Dr. I. Q." radio program originated by McClain for the Mars Company years ago. Instead of the familiar chant, "five dollars for the gentleman in the center balcony," Jimmie will substitute merchandise prizes donated by Hereford, Clovis, and Amarillo merchants.

And instead of the old familiar "a box of Mars bars for the gentleman" (Continued on page 7)

Commissioners Will Issue Time Warrants To Cover Deficit; Revised Bid Is Offered

Construction of the proposed new additions to the Deaf Smith County Hospital seemed assured this week as the Deaf Smith County Commissioners Court moved to issue \$36,000 in time warrants to make up the difference between the \$150,000 bond issue voted last fall and the lowest bid submitted by contractors last week.

A solution to the financing problem was agreed upon at a meeting of the county commissioners, members of the Hospital Board, architects and contractors last Friday night.

Forrest Hill, representing the contracting firm of Little-Hill, low bidders on the project, pared approximately \$8,000 from his initial bid in an effort to aid the hard-pressed County Commission in bringing the financial ends together.

The original Little-Hill bid, the lowest submitted on the proposal at the official opening of bids last week, was \$179,982, and did not include some \$3,000 for electrical work in the proposed remodeling of the present building, nor did it cover nearly \$10,000 in architect's fees.

Bonds voted for the project had totaled only \$150,000, and of this nearly \$2,000 had already been on repairs to the present hospital building, leaving a net operating fund of approximately \$148,000 for the new construction and remainder of the remodeling.

An emergency meeting of the hospital board, county commissioners, contractors, Architect Guy A. Carlander, and local doctors was called for last Friday night to decide what action should be taken.

To help close the gap between the \$148,000 in funds available for the job and the \$183,000 estimated cost, contractor Forrest Hill submitted two alternate plans at the Friday night meeting.

Plan "A" reduced the original estimate by \$8,680 by cutting out a few of the "frills," such as an air conditioning system, marble window ledges, and glass brick panels, without interfering with the basic plan for the new addition.

Plan "B" reduced the construction cost to within the \$148,000 available budget by slashing away at the original plan, eliminating all re-modeling in the present building and cutting off the entire surgical wing from the new addition.

The second plan met almost unanimous opposition from the Hospital Board members and local doctors, who argued that the addition of eleven more rooms at the hospital, without providing additional operating space, would be of little or no help to the present situation.

Four Cent Boost In Tax Rate

A four-cent increase in the Deaf Smith County tax rate will be necessary to finance the \$36,000 worth of time-warrants which County Commissioners Court will issue to make up a deficit in the hospital building program.

Four cents will be added to the County's General Improvement Fund to retire the warrants.

Commissioners figured that the warrants could be retired in 15 years with no further increase in property valuations.

Members of the Court, at first divided on the proposal to issue warrants in lieu of another bond issue, finally agreed unanimously on the issue after a four-hour session Friday night with members of the hospital board, local doctors, architects and contractors.

The thorny question facing county commissioners was whether or not public demand for the new hospital was sufficient to support a slight increase in tax rate in order to finance the complete building program.

Further complicating their decision was the fact that the time-lapse required to submit the question to the voters in the form of an additional bond election would, in all probability, considerably increase the cost to the county of the construction.

Contractor Forrest Hill frankly warned commissioners that bids for the work would probably be substantially higher in sixty days than they were last week.

Commissioner John I. Morris has voiced the opinion that a bond issue would not carry. "There's just as much opposition in Hereford as there is in my precinct," Morris said.

Commissioner Trey Moore said that his own survey of public opinion since the preceding Monday had indicated to him that "thirty per cent of the people are kinda against it, and the other 70 per cent are all out for it."

Commissioner J. T. Quinn agreed with Moore that "a bond issue probably would carry now."

Commissioner Jeff Roberson, who told the Commissioners that he had been literally "chewed out" that afternoon by an outraged voter because, the citizen charged, "the commissioners were blocking the hospital building," said he thought public opinion supported the building program.

Dr. R. R. Willis, supported by Drs. Millard Nobles and L. B. Barnett, led the argument from the hospital board for the time-lapse proposal. "When we voted bonds to build a hospital," Willis said, "the manner in which it carried was an expression from the public that they wanted a hospital. I am of the opinion that anything short of that won't be quite satisfactory to them."

All members of the hospital board were generally opposed to acceptance of an alternate bid offered by Little-Hill to omit the surgery wing and most of the remodeling in the present hospital and bring the construction cost within the limits of the \$150,000 bond issue.

Dr. Barnett warned commissioners that the addition of 11 rooms to the present hospital, without any increase in operating facilities, would be little improvement, and finally said that he considered the price (\$148,000) (Continued on page 12).

SANTA FE'S MINIATURE TRAIN WILL FEATURE ANNIVERSARY PARADE IN HEREFORD

The Santa Fe Railway miniature freight train, pictured above, will be featured in the Golden Anniversary Parade down Hereford's Main street on May 8. The train is 68 feet long. The locomotive derives its power from an automobile, motor and the whole thing rolls on rubber tires.

FULL PROGRAM OF ENTERTAINMENT PLANNED FOR GOLDEN ANNIVERSARY FETE

Top Carnival Rides Secured for Pioneer Day

Merry-go-round, Ferris wheel, and Kiddie-car rides will be outstanding features of the Pioneer Day Street Carnival, which will be a part of Hereford's Golden Anniversary Celebration here on May 8.

Mrs. Cecil Williams, chairman of the Anniversary Celebration committee, announced this week that these concessions had been secured for the carnival, and will be operated jointly by the B&P Club and the Hereford Lions Club.

S. B. Rhodes of Amarillo, owner of the rides, will set up his equipment here on Wednesday, May 5, and will have them in operation on Wednesday, Thursday and Friday nights, and all day on Saturday—the celebration day.

The rides will be located at the corner of Third and Sampson streets, where the Carnival Midway will be set up.

The big street carnival, at which all booths and concessions will be operated by local clubs and organizations, will be just one feature of the big program planned for the Golden Anniversary Celebration.

One of the most colorful parades ever staged in the Panhandle is being arranged for May 8 in Hereford. Mrs. Williams said. Arrangements for the parade, which will feature floats depicting scenes from Deaf Smith county history, are in charge of the Hereford B. & P. W. Club.

Many floats have already been entered, and dozens more are expected before the May 1 deadline. Entry blanks have been mailed to 71 local clubs and organizations, according to Mary Koeler, chairman of the parade committee.

Booster Trips Will Advertise Celebration

Booster trip, advertising Hereford's Golden Anniversary Celebration, will begin next Tuesday, April 27, Chamber of Commerce Manager Fete Cowart has announced.

The first trip, on Tuesday, will send the caravan to Vega, Adrian, San Jon, Grady, Bellvue, and Broadview.

On Wednesday the trippers will journey to Friona, Bovina, Farwell, Texico, and Clovis.

On Thursday, the route will include Dimmitt, Rosarath, Tulla, Hasty, Canyon, Umbarger and Daws.

At least 50 cars are wanted for each trip, Cowart said. Over \$400 worth of free souvenir gifts will be provided by the Chamber of Commerce, and local merchants are invited to add any items which they want to the list.

The Hereford High School Band will accompany the trippers, Cowart said.

County officials are planning a float depicting the first court trial brought to Hereford to take part in the parade.

Charlie C. Gibson of Amarillo Heads 18th District Legion

Charlie C. Gibson of Amarillo was elected District Commander of the 18th District, American Legion, at the district convention in Pampa last Saturday and Sunday.

Gibson succeeds G. F. Sanders of Childress as district commander.

A past-Commander of the Amarillo Post, and Past Grand Correspondent of the Legions 40 & 8 Order of Texas, he is a World War I veteran and has been active in Legion affairs for 25 years.

Victor Kern of Nazareth was elected Vice-Commander of the 18th District organization.

Attending the convention from Hereford were Mr. and Mrs. Ralph Smith, Mr. and Mrs. C. R. McGehe, Arch Dobbins, and Mr. and Mrs. Carlos A. Vaughn.

The convention opened at noon Saturday in the Schneder Hotel in Pampa, and closed with the business session Sunday afternoon.

Chaplain Olan Harvey-Brooks, Chaplain of the Legions Department of Texas, conducted a memorial service, and Dr. George Pratt, manager of the Amarillo Veterans' Hospital, delivered the principal address of the convention, speaking on the need for a larger Veterans Hospital at Amarillo.

Dances and dinners featured the social entertainment of the convention for both Legionnaires and members of the Legion Auxiliaries at the annual convention.

Commander Gibson was elected to serve as District chief for a two year term.

Posy Arrested On DWI Charge; Malone For Having Liquor

J. M. Posy pleaded guilty Monday in county court to charges of driving while intoxicated and paid a fine of \$100 and costs.

Posy was arrested Saturday night by Sheriff J. C. Reese, Deputy Neal Young, and City Marshal Buck Buckler, who took time out while on the way to make a liquor raid to nab the drunk driver after their car had been forced from the road by his careening vehicle.

After placing Posy under arrest, the officers returned to exercise a search warrant at the R. F. Malone home, and arrested Malone on a charge of possession of whiskey for sale, after contacting a friend of Malone, Sheriff Reese reported.

Charlie Gibson, of Amarillo, is the new 18th District American Legion Commander. Gibson succeeds G. F. Sanders of Childress as District Chief.

# Texans in Washington

By TEX EASLEY

WASHINGTON, April 3—(AP)—A Texas political calendar has been prepared by Rep. Wright Patman of Texas.

It highlights these dates:

May 1—Precinct conventions meet and elect delegates to county conventions. May 4 county conventions meet to elect delegates to state convention. May 17 last day for candidate for judge of the court of civil appeals or for representative in congress, or for state legislature, district judge or district attorney in districts of more than one county, to file application for place on ballot. May 25—state convention meets to elect delegates to national convention.

June 7—Last day for candidates for U. S. senate and for state offices to file application for place on ballot. June 19—Last day for candidates for county and precinct offices to file for places on ballot.

June 21—Republican national convention meets in Philadelphia.

June 26—Last day for candidates to pay ballot fees.

July 4—(Sunday) First day for absentee voting.

July 12—Democratic national convention meets at Philadelphia.

July 20—Last day for absentee voting in first primary.

July 24—First PRIMARY ELECTION DAY; Also, precinct conventions meet to elect delegates to county convention.

July 31—County convention meets to elect delegates to state convention.

Aug. 6—First day for absentee voting in second primary.

Aug. 24—Last day for absentee voting in second primary.

Aug. 28—SECOND PRIMARY ELECTION DAY.

Sept. 14—State convention meets to declare party nominees and adopt party platform.

Nov. 2—GENERAL ELECTION.

**AROUND THE CAPITAL**

Speaking of politics, this story still crops up even though the incident occurred before the 1946 election.

It involves Rep. Milton West of Brownsville, who is not seeking

relection this year, and Rep. Marcantonio (ALP) of New York.

The Texas was leaning against the rail in the back of the House Chamber, Marcantonio snarled up and remarked that he was considering visiting the Rio Grande Valley and making speeches. Implication was that they would be in opposition to West.

"Well, that would be just fine," chuckled the tall ex-Texas manager. "I don't know of anything that would get me more votes than to have you and the crowd you represent come down there and oppose me."

With that the swartly little New Yorker replied:

"Oh, you've got me wrong. I'd speak for you."

Notes from recent official Agriculture Department bulletins:

An insulating board, nearly one inch thick and in 4-by-4 foot panels, has been made by compressing wheat straw.

Hunting and fishing on the 152 national forests in the nation has increased so much since the war that for the first time in many years the rate at which game is taken from the forests is rising faster than the rate of increase of the game animals.

Farmers over the country expect to plant a larger total acreage of principal crops in 1948 than any of the past three years. It is expected to exceed 361,000,000 (million) acres, which is 3,300,000 greater than in 1947. The all-time high was 375,500,000 acres in 1932.

Europe's 1948 harvest of breadgrains (wheat and rye), assuming normal weather, will exceed the unfavorable 1947 production but will be considerably below average prewar yields. The average 1935-39 production of breadgrains, not counting Russian harvests, was 61,600,000 (million) long tons; the 1947 harvest was only 39,600,000. The 1948 yield was 47,800,000.

### Jimmie Jones Weds California Girl

Announcement has been made here of the marriage of Miss Dora Jean Ramey of Los Angeles, Calif., to Jimmie Jones, son of Mrs. Dora Jones of this city.

The wedding took place in Los Angeles on April 10, and after a trip to San Francisco and Monterey, Mexico, the couple now make their home in Los Angeles. Mr. Jones attended school in Hereford and spent three years in Army service.

### POLICE GET HIS GOAT

ROME—(AP)—A Rome Province goat rustler who knew his Homer got caught all the same. Thieves rustled 700 goats last month, south of Rome. Police caught them trying to run off 300 more.

Seven men surrendered. The eighth sought to emulate Ulysses' escape from the cave of the one-eyed Cyclops he had blinded. He picked up the sturdiest goat he could find, wound his fingers in its long hair, and appended himself to the animal's underside.

However, the goat collapsed under the man's weight and the police discovered him.

### GREEN BELT FOR STALINGRAD

MOSCOW—(AP)—A green belt around Stalingrad, including forest belts, parks and orchards, is being laid out to protect the city from sand storms. The green belt will straddle the Volga industrial city in a broad arc with both ends reaching the waterfront. Hydroelectric engineering projects involving the construction of a system of reservoirs also have been started. Hot winds blowing from the vicinity of the Caspian, where there are deserts, have long prevailed as far north as Stalingrad. If the green belt is successful there will be a radical change in the city's climate, it is stated.

### Honored On Birthday

Hubert White was given a surprise when Mrs. White entertained with a buffet supper honoring his birthday on Wednesday April 14. Forty-two guests provided entertainment after the supper.

Those attending were Messrs. and Mesdames; O. L. McKee, Russell Hunter, Rube Adams, Harold Avery of Hot Springs, Ark., Billy Wells, J. W. Thomas and Randy, Redwine, Mattison, Neil Gallagher the honoree and the hostess.

# HEREFORD Bull

By JIMMIE GILLETTE

This issue of The Brand comes to you through the grace of God, and The Spearman Reporter. Furthermore, if our newsprint, slated to arrive April 17, doesn't get here pretty soon you may not even get a Brand next week.

Due to the size of print used, Tucumcari and Spearman are the two nearest places which have newsprint we can use on The Brand. Just as I was getting ready to call Tucumcari, they called me about borrowing some newsprint. In turn, I grabbed the phone and beat them to Spearman -- and was able to borrow barely enough newsprint for this edition. Incidentally, it is quite a drive to Spearman, but it was an interesting trip in view of the fact that it was my first visit to the North Plains. Wheat in that section looks a lot better than around Hereford. They seem to have had more rain and will probably whip our ears down on yields. Berger, Stinnett, Spearman and Perryton are growing by leaps and bounds. All of them will make outstanding towns.

Spearman has a whale of a celebration coming up April 23-24. Bill Miller, ramrod of the Spearman Reporter who was kind enough to let us borrow the newsprint, was really in a dither. Two of his staff were out with "flu".

The Ochiltree County Herald at Perryton has the justly deserved reputation of being the most attractive, best equipped and operated weekly newspaper in the Southwest, so I decided to drive on to Perryton and spend a few minutes with Van Stewart and the gang at Perryton. Here is another town where the store fronts have been remodeled and look up to the minute. Many of them compare favorably with fronts in Amarillo, Ft. Worth and Dallas. Van said he guessed it was due to the fact that they had so many young merchants in business in Perryton. On the other hand, the town is behind Hereford on the installation of traffic lights and parking meters. It sure seemed funny to see people making "U-Turns" on Main Street.

The Lions Club is sponsoring a road show here at the High School Auditorium Tuesday night, April 27, and since the show people are running an ad in The Brand, I feel that it definitely needs clarification on a few points.

Billed as the "National Jamboree Barn Dance", the advertising uses quite a few names which could easily be misleading. "Mamie Peri", for instance, could easily be confused with "Minnie Pearl" and some people might unthinkingly read "Carroll Acuff" and think of "Roy Acuff" etc. Please understand that we are not running down the show. It is probably excellent entertainment, but when we publish an advertisement of this type, we do feel that it should be clarified--just in case someone might fail to carefully read the billing.

Noticed recently in an Associated Press release where the welcome address at the McGregor Democratic gathering was delivered by Prof. A. P. Cagle, McLennan County Democratic chairman and a professor at Baylor University. Incidentally, A. P. Cagle is a brother of Rev. Dick Cagle of the First Baptist Church in Hereford.

Last week we had a piece in the paper about Arthur Thompson being fined years ago for driving without lights. The same can truthfully be said about Rex Tynes -- only Rex was riding a bicycle without lights. This happened away back when. Rex says he came down to fill an emergency prescription and was picked up; his boss paid the fine.

One of the nicer things about the newspaper business is the fact that it affords quite a bit of consolation as you grow older and watch the former delivery boys become successful. Jesse Jones used to deliver papers in Houston, but I am sure that his former employers have no greater feeling of pride than The Brand holds for some of its former newboys. In particular, I have Clifford Estes in mind. I noticed in the paper last week where Clifford had married a girl in Washington, D. C. Clifford was once one of our star carriers. John Estes, his younger brother, was a little fellow then--but insisted in trailing along behind Clifford on the route. John finally wrote to Orphan Annie, or some radio program, and got a Speedometer to fasten on his leg to measure mileage. They were a swell pair of kids and both of them are doing well. Sincere congratulations to Mr. and Mrs. Clifford Estes. We are entering your name on our subscription list for six months with our compliments, ; just so the new Mrs. Estes can learn a little about the country where Clifford has so many friends.

Ray Conaway is still carrying the torch in a one-man campaign for installation of an overpass on Main Street. Every time I see Ray he wants to know why the Brand doesn't go to bat for the project. Maybe Ray has something. An overpass somewhere along the line is certainly needed. Ray says now that he will even settle for an overpass.

Also hear quite a few complaints about sanitary conditions within the city limits. Once a week, it seems, is far from adequate to pick up the trash and garbage. Since the city has an ordinance against burning your own trash in the alleys, it is certainly justified for all residents to expect adequate removal service. Besides the sanitation set-up was installed to prevent epidemics and gaping garbage barrels are certainly not in keeping with good health measures. All in all, prompted by casual observation on Fridays, Saturdays and Sundays, I would say the complaints are justified. Why not have garbage pick-ups twice each week?

# Deaf Smith Electric Co-operative to Celebrate Tenth Anniversary

## Co-op Shows Rapid Growth Since 1938

The Deaf Smith County Electric Cooperative, which will celebrate its tenth anniversary this year, was actually organized in 1937, but began its first actual service to rural members in 1938.

The cooperative was incorporated on April 17, 1937, by J. C. Ricketts, S. O. Wilson and H. V. Hennen, who became its first charter members.

The first lines built for the cooperative were energized, however, on September 24, 1938.

The "A" section consisted of approximately 80 miles of line, most of it in Deaf Smith county, and served 128 residential consumers and 26 irrigation wells.

The initial loan to the cooperative by the Rural Electrification Administration was \$185,000.

The 30-mile "A" section was serviced by a single 300 KVA station, located east of Hereford where the present 3,000 KVA station now stands.

From that small beginning, the cooperative has grown rapidly to spread a network of lines over three counties, Deaf Smith, Castro and Farmer, bringing electricity to nearly 1400 farm homes and serving over 200 irrigation wells over an 867 mile network.

It now has four substations, with a total KVA capacity of 6900 . . . and its growing larger daily.

The figures quoted were those shown on the coop's books on March 31 of this year. New members are being added daily, construction on additional sections is being pushed ahead.

The "N" section, which is under construction now and partially energized, consists of 213 miles of line, about half of which is already in service, and the "P" section is already under contract, with work slated to start in June and to be completed this year.

With the completion of these sections, the Deaf Smith Cooperative will be serving 1922 members on 1183 miles of line stretching over the three-county area, and its total investment will have reached \$1,532,000.

First officers of the cooperative were J. C. Ricketts, president; J. W. Hendrix, vice-president; H. V. Hennen, secretary-treasurer; and J. W. Witherspoon, attorney.

Hennen became the first manager of the cooperative. Initially, his title was "coordinator," but some-

## Annual Meeting of Members to Be Held in Hereford May 1st

A Tenth Anniversary celebration will feature the annual meeting of members of the Deaf Smith County Electric Cooperative to be held in Hereford on Saturday, May 1, Leo Forrest, project manager, announced this week.

The annual meeting will be held at the county Bull Barn in Hereford, opening at 10:30 o'clock Saturday-morning, May 1.

The program will open with a welcome address by Pete Cowart, Secretary-manager of the Hereford Chamber of Commerce. The Hereford High School Boys Octette, under the direction of Miss Thelma McMillin, will entertain with musical numbers, and Tom Dunphy of Clovis, N. M., representing the management division of Rural Electrification Administration, will deliver the principal speech of the meeting on the subject of "Capital Credits."

An old-fashioned barbecue will be served at noon to members of the cooperative, their families and guests.

The annual business session and election of officers and directors will be held during the afternoon session.

Present officers of the cooperative are T. W. Robertson, Hereford, president; Elean H. Osborn, Friona, vice-president; and T. E. Seizler Jr., Hereford, secretary-treasurer. Directors are Tom Annen and Joe Birkenfeld, Nazareth; H. H. Miller of Dawn; and G. T. Watkins of Farwell.

A nominating committee has submitted the names of all of the present members of the board, with the exception of Annen, for re-election. Other nominations may be made from the floor.

Annen had requested that his name be omitted from the list of nominees this year, according to manager Forrest, and the nominating committee has nominated Dewey Wright of Dimmitt to fill the seventh position on the board.

time during the early months of the project, it was changed to project manager.

He remained in that position until December, 1944. C. R. Woodruff served briefly in 1945 . . . for about three months . . . as project manager; and Leo Forrest took over the duties of the office on June 15, 1945 . . . a position which he still holds.

During the interim periods when there was no manager for the project, Finis Owen, who is book-keeper for the cooperative, served as acting manager.

## It IS the Waldorf

After moving his family from a \$16-a-month bathless flat to a \$12.50-a-day room in New York's swank Waldorf-Astoria Hotel, Navy veteran Richard E. Cox buckles down to helping his wife with diaper laundering. Cox said he would pay \$40 a month of the Waldorf's bill and send the balance to Mayor William O'Dwyer because the city failed to provide suitable housing for veterans. Jimmy, 1 1/2, and Richard, Jr., 2 1/2, seem to like the place—Richard tries to stand on his head.

Anthracite is hard coal.

## J. F. Alexander Is Buried Friday at Dimmitt Cemetery

Funeral services for J. F. Alexander, 77 years old, were conducted by Rev. H. D. Seago at the Methodist Chapel in Dimmitt Friday April 16, and he was buried there.

Mr. Alexander, a bachelor, had made his home with C. L. Mercer of Friona for a number of years

since the death of another brother. They came to Friona from Sweetwater, Oklahoma, in 1928.

Survivors include one brother, E. D. Alexander of Erick, Oklahoma and one sister Mrs. Maude Henry of Mt. Vernon, Arkansas.

## Progressive H. D. Club Has All-Day Meeting Tuesday

The Progressive H. D. Club met Tuesday in the home of Mrs. Herman Drake for an all day meeting. A quilt was quilted during the day. In the afternoon a business meeting was held. Roll call was answered by each member telling of their way for saving steps in cleaning floors. Mrs. Ira Ricketts told how to prepare and finish walls. Mrs. T. J.

Parsons discussed hardwood and softwood floor finishes while the caring for varnished and prepared flooring was discussed by Mrs. V. E. Dodson.

Members and visitors present were, Mesdames, S. P. Stagers, W. H. Flowers, Horace Herney, F. L. Carmichael, Ira Ricketts, V. E. Dodson, Marvin Stephenson, D. Y. Edwards, C. C. Bowman, C. V. Burges, F. J. Walterscheid, T. J. Parsons, Clois Kemp, C. E. Watts, E. O. Parsons, Willoughby, the hostess and Misses Augustine Gregory and Norma Edwards.

## Williams Infant Is Buried at Dimmitt

Gravestone services were held for Edward Lee Williams, infant son of Mr. and Mrs. Robert Williams, who died in the Deaf Smith County Hospital April 19. Interment was in the Dimmitt cemetery. The Williams family was originally from Oklahoma before coming to Dimmitt.

Woodrow Wilson was president when the Federal Reserve System was inaugurated.

EVERY DAY IS BARGAIN DAY AT PENNEY'S

# Taxes

It is surprising how many people think that Catholics must pay to have their sins forgiven by a priest. The strange notion even creeps into print! One anti-Catholic publication made this statement: "Commit all the sins you wish, tell them to the priest, give him a part of the loot—and he'll fix it up for you with the Recording Angel!"

Another prejudiced periodical went so far as to publish a kind of price list for the pardon of different classes of sin: so much for cursing, so much for lying, so much for theft, so much for murder, and so forth! The accusation is, of course, utterly untrue. But unfortunately many sincere persons have been deceived by these false charges so often repeated.

The queer idea that payment is necessary for pardon has even impressed itself on the minds of children. One youngster, on being asked in school what syntax was, replied without hesitation: "Syntax is the money that Catholics pay the priest to get rid of their sins!"

It would all be very funny, if it were not so unfair! But actually this is but one of many points on which Catholic doctrine is either misrepresented or misunderstood. That is why we offer to anyone interested in learning the facts a complete course in the Catholic Religion—absolutely free! The course is given entirely by mail. It imposes no obligations. All you need do is send your name and address to

## PEOPLE'S PULPIT

WHO ARE ROSICRUCIANS?  
DEAR EDITOR:  
Please tell me what information you have on the Rosicrucians. Will you please clarify whether it is a school dealing with philosophy... is it a fraternity... or is it a religious movement?

SUSAN ROBERTS  
Hereford, Texas  
EDITOR'S NOTE: Will some member of the Rosicrucian order in the Hereford area please supply Miss Roberts with the required information?  
PEOPLE'S PULPIT CLOSED:

DEAR EDITOR:  
It is quite a while since I have written any letter to your paper or made any remark through any of your columns, but the last time I did write, my letter was put in a column headed "The People's Pulpit."

But I have never noticed the see or hear of a church where the doors are closed because the people are not interested enough in God's house in God's Kingdom to carry on his work.

I dread to see or think of a pulpit standing empty because there is no one to fill that place and preach God's word (the words of life).

So I have decided that if you could see fit to grant me the privilege of using that column, I am going to try with God's help to write a few words with the hope that it might help some poor lost sinner to realize his or her condition and turn to Jesus. Jesus came and died on the Cross that we might all be saved, that we might live for him and do his blessed will and escape the fires of hell. But so many stay away from the church, they neglect the most valuable privileges they have in this life, they are concerned about the pleasures and making of money. They seem to think they will live here forever. But there is a time coming when we will all have to leave this world with its pleasures and riches, then where will we go? Where will we spend eternity? Jesus said on earth where moths and rust doth corrupt and where thieves break through and steal. But rather lay up for yourselves treasures in Heaven where moth and rust doth not corrupt nor thieves break through and steal. For where your treasures are, there will your heart be also. He said, I came that they might have life and have it more abundantly. How shall we escape if we neglect so great a salvation. Believe on the Lord Jesus Christ and thou shalt be saved. Oh Lord, touch the heart of some poor lost man or woman or some boy or girl that they might realize their condition and turn to thee, we ask it in Jesus name and for his sake, Amen.

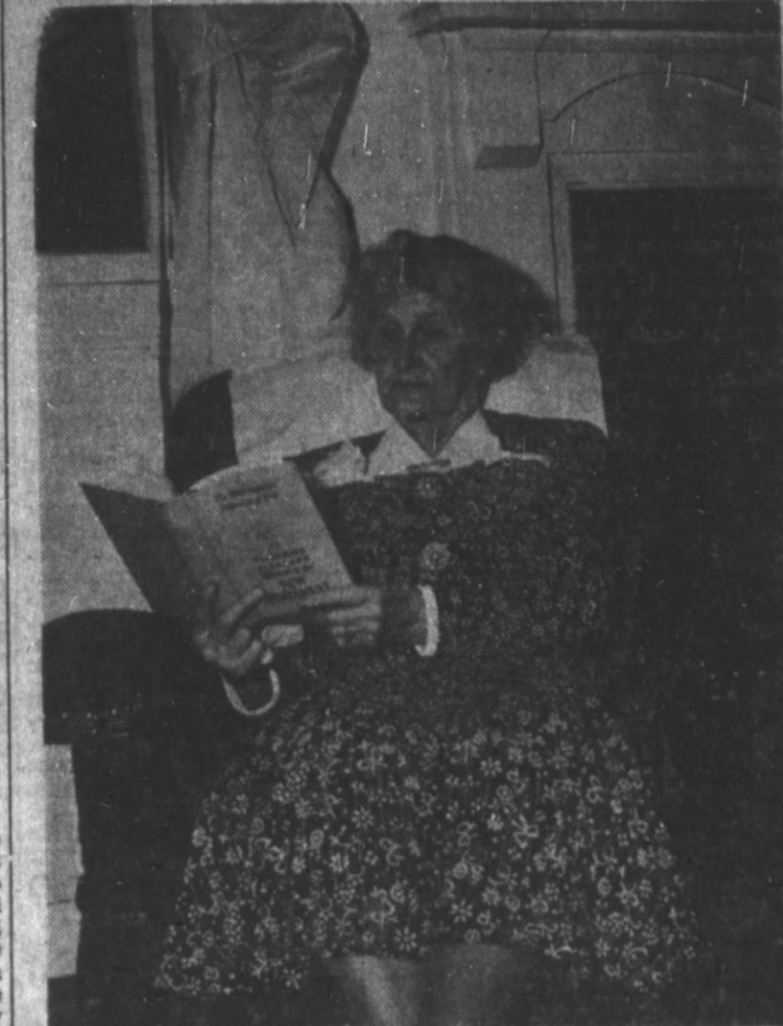

Yours Truly,  
Ole T. Larson  
Editor's Note: The "People's Pulpit" is always open to letters from readers of The Brand. The only requirements are that letters must conform to the laws of libel and the rules of good taste... and they must be signed. Anonymous letters will not be published. Correspondents are requested to be brief, since space and newsprint is a problem.

Tri-Hi-Y Elects New Officers  
New officers were elected at the Tri-Hi-Y meeting held at the high school recently. Those named were Inez Tucker, president; Earline Phillips, 1st vice-president; Martha Thomas, 2nd vice-president; Bobbie Jane Blak, secretary-treasurer; Gayle Foster, reporter; Donna Jean Stagner, pianist and Jane Welch, song leader. Miss Sadye Rigler is sponsor.

Tentative plans were made for the annual Mother-Daughter tea and also for a "Little Sister" night. Other programs and activities for the group were also discussed. A sack lunch was enjoyed after the program.

## Mrs. S. F. Flores, Pioneer Tulian, Gives \$50,000 to Wayland College at Plainview

From a pioneer plains family has come a \$50,000 gift to the Pioneers of Wayland College, Ivy Boggs, economic advisor for the college, has revealed.

The life-long interest of Mrs. S. F. Flores, Tulia, in "the preachers down at Wayland," and the unselfishness of her pastor, Rev. C. G. Seawall, who contacted Boggs to arrange for the gift to go to Wayland, were responsible for the generous donation. The \$50,000 is from the personal estate of Mrs. Flores.

"I've wanted for a long time to do something for Wayland, and it looks like the Lord brought this opportunity," Mrs. Flores said to Wayland president J. W. Bill Marshall, when making the gift.

Mr. and Mrs. Flores both came to the plains in the late 1880's and have lived in this area for 60 years. A prominent ranchman and former president of the Tulia bank, Flores started his first ranch with \$100 and 30 head of cattle earned while homesteading near Dimmitt.

Active workers in First Baptist Church, Tulia, Mr. and Mrs. Flores have made several substantial gifts to the church. These include a baptistry painting, a public address system with seven loudspeakers, and a receiver set for the hard-of-hearing in the congregation.

Mrs. Flores also gave a carillon bell system costing \$3800, and an organ. Flores has made a large contribution for a \$110,000 educational building being erected by the church.

Clyde Cave, Pete Cowart, J. R. Johnson, Charles Newell, A. J. Schroeter, Urline Streu, Liston Wilson, Bill Wolfe, Harry Cayler and the hostess.

Mr. and Mrs. W. A. Teter accompanied by Mrs. Lee Benefield left Friday for Oklahoma City where they visited a few days with friends and relatives. Mrs. Benefield returned Sunday by train and the Teters were expected back Wednesday.

## LaPlata Club Stages "Hobby Show"

One of the most interesting programs of the year was presented by members of LaPlata Club Tuesday night when a meeting was held in the home of Mrs. Homer Brunley.

The program featured a "Hobby Show" an art gallery arrangement of exhibits revealing known and secret interests of members of the club ranging from rare collection pieces to paintings and sculpture. Mrs. J. R. Johnson, director of the show, presided and gave an introductory talk. The exhibits included: a flower arrangement by Mrs. Liston Wilson, a scrap book of high school memories done in water color by Mrs. Charles Newell who also displayed the Nativity Scene carved out of soap. Mrs. Urline Streu's pitcher collection in china and glass including two interesting miniatures, and rare glass ware shown in the pattern Abraham Lincoln used in the White House, shown by Mrs. Harry Cayler. Mrs. J. R. Johnson showed her glass collection of foreign ware and Mrs. Bill Wolfe displayed a pastel painting. A part of a collection of antique plates was shown by Mrs. M. C. Adams and Mrs. Homer Brunley displayed family heirloom demitasse cups and a lovely little dish garden.

A dress designed and made by Mrs. Clyde Cave was shown as she modeled the dress and a child's garment was exhibited by Mrs. Bill Blood. Mrs. Pete Cowart's coin collection attracted interest as did also the Camp Fire handcraft arranged by Mrs. Urline Streu and Mrs. M. C. Adams, both of whom work with the Camp Fire Girls. In conclusion Mrs. A. J. Schroeter played a piano solo, illustrative of her lifetime interest in music.

Special guest for the show was Mrs. Wayne Evans, a former president of the club and members attending were Mesdames: C. W. Spurlock, Clarence Hamilton, M.

## IRRIGATED FARM ON CANYON-AMARILLO PAVEMENT

160-acre irrigated farm on Amarillo-Canyon pavement. All weather caliche road from pavement to residence and barns. 45 acres of irrigated wheat and 10 acres alfalfa. Every foot of this farm can be irrigated. Has more than \$130 per acre of improvements; most of which are new. Will sell as is for \$215 per acre. Or will reserve one barn and sell for \$200 per acre, or will divide improvements on an acreage basis of 1-3 and 2-3, and sell the South 1/3 acres, including residence, for \$185 per acre. Under the last proposition there still will be \$125 per acre of improvements. Residence has complete indoor plumbing, including water, electricity, and gas. All outbuildings have electric lights. It is five miles from West Texas State College and Canyon, and 11 miles from Amarillo with its Junior College and other educational and market facilities. It is ideally located for a home, and perfectly situated for a dairy or stock farm. Soil is 4 to 5 feet in depth and well is 1000 gallon per minute. Might give terms on first two propositions. Write or phone Grady Easleywood, Box 2570, Amarillo, Texas. Phone 2-5585 during office hours. 4-303-17-2c

Ralph Smith, County Veterans Service Officer, urges all Veterans, insurance agents and any one interested in government insurance to hear George Sessums of the Veter-

ans Insurance Dept. from Lubbock who will speak at the District Court room Friday April 23.

FISHING TRIP

Jim Lipscomb, R. C. McGilvray and Bob Wilson returned Saturday night from Del Rio where they spent a week fishing at Devil's River.

Larry Kaul Is Honor Guest At Birthday Dinner

Larry Carroll Kaul was honor guest at a dinner Sunday in honor of his birthday. His guests were members of his Sunday School class and his teacher, Mrs. Grace Little. A surprise guest was his great uncle Melvin D. Stoner of Seattle, Washington.

A decorated birthday cake was the centerpiece for the table.

Mrs. Kaul, the honoree's mother, was assisted in serving by Mesdames J. C. Morrison, Jimmy Thomas, Joe Landers and Grace Little.

Those present were Ross Joe Landers, Lee Jr. and Ronnie McMurray, Raymond, Ralph and Mary Lynn Morrison, Delora and Danny Thomas, Eugene and Billy Don Combes, G. C. Merritt, Norma Sue Wilson, Fatsy Townsend, Rhoda Boyd, Lynn Young, Nathan Wilson, M. D. Stoner, Mr. and Mrs. Joe Landers, Mrs. Grace Little, Mr. and Mrs. J. C. Morrison, Mr. and Mrs. Jimmy Thomas, Mr. and Mrs. Merlin Kaul, Walter Lynn and the honoree, Larry Kaul.

Mr. and Mrs. Grady Wilson were afternoon callers.

From Hereford, there'll be a Schick Electric razor from Fraser Mill; 10 sacks of flour from Packard Mill; a Betty Crocker Electric Iron from E. B. Black; a gift from Close Pharmacy; a Zenith table radio from Pullwood Battery and Electric; and, topping the list, a 17-Jewel Men's wristwatch from Burns Jewelry.

From Clovis, there'll be a Pettipoint electric iron from Barry Hardware and a Table Lamp from Bryson-Tanner Furniture Co.

And from Amarillo, a \$25 merchandise gift certificate from White and Kirk, a \$15 dress from Blackburn, luggage from Harry Hollands, a gift from Amarillo Hardware, and a lady's wrist watch from Zale's Jewelry.

Tickets for the show will be placed on sale Saturday at the Barclay, Fuller, Phipps Hardware store. All seats are reserved, and tickets are \$2.40 for the orchestra seats, \$1.20 for all others.

Proceeds from the show will be used to start a building fund for the recently-organized Episcopal Church congregation in Hereford.

Win-One Class Meets on Tuesday

The Win One Class of the First Methodist Church met in the home of Mrs. E. J. Hudson Tuesday for a regular meeting. Mrs. T. M. Coursey and Mrs. William McGhee were cohostesses.

President Mrs. McGhee called the meeting to order and Mrs. C. M. Hicks gave the devotional.

The program was a picture show, each member had brought old time photographs which had been made when they were very young.

Those present were, Mesdames, J. P. Ward, Jose Fundeberg, E. J. Byer, J. B. Jones, Clara Freeman, J. B. Hammer, Andy Thomas, J. L. Pevely, D. H. Bryant, John Jacobson Sr., Cooper Morgan, I. H. Spratt, C. A. Rettman, A. C. Thompson, C. B. Williams, Fred Millard and the hostesses.

Lewis Nordyke Is Guest Speaker at B&PW Dinner

Lewis Nordyke, Amarillo Daily News columnist, was guest speaker Monday night at the City Hall for the B & P W Club dinner meeting.

Following the invocation by Bob Wear, Mrs. Weldon Poff introduced Mary Kate Brotherton, a former Hereford B & P W member, now of the Amarillo Daily News staff. She in turn introduced the speaker of the evening.

Sixty-five members and guests were present.

The theme of Nordyke's talk was politics and he stressed the fact that it is every citizen's duty and privilege to vote.

He discussed at length the importance of voting and of the voters duty to inform himself before voting. Some insights of things that go on behind the scenes were given. He told of high pressure groups and the way they work.

In conclusion he said, "I hope every one eligible to vote will vote for the man you think will stand for high ideals and for the benefit of the whole and not just for groups that are forcing things their way."

Dr. I. Q. Show Has Fat Prize List for Fans

(Continued from page 1)

man" as a consolation for the unlucky ones who fail to answer his diabolical questions correctly, he will substitute "a pair of passes" to Amarillo theaters.

On the list of fifteen prizes are some impressive items.

From Hereford, there'll be a Schick Electric razor from Fraser Mill; 10 sacks of flour from Packard Mill; a Betty Crocker Electric Iron from E. B. Black; a gift from Close Pharmacy; a Zenith table radio from Pullwood Battery and Electric; and, topping the list, a 17-Jewel Men's wristwatch from Burns Jewelry.

From Clovis, there'll be a Pettipoint electric iron from Barry Hardware and a Table Lamp from Bryson-Tanner Furniture Co.

Proceeds from the show will be used to start a building fund for the recently-organized Episcopal Church congregation in Hereford.

Wayne Evans Elected to Head Local Lions Club

Wayne Evans was elected yesterday by the Hereford Lions Club to succeed D. C. Kinsey as Lion President.

Robert Thompson was elected as incoming vice-president to succeed O. L. Bybee; and Dub Reeves was named to his first elective term as secretary. Reeves was appointed club secretary several months ago after the resignation of Bill Phillips.

Supt. George Graham and Dr. Will Graham were elected to fill two places on the Board of Directors.

Homer Brunley was elected Lion Tamer, and Pete Covart was named to succeed Guy Lawrence as Tail Twister.

The new officers will be officially installed in office in July.

Election of officers was conducted by the club at the regular noon luncheon Wednesday at the City Hall. The election date had been moved up so that the Club could send the incoming president and secretary to the Lions International Convention in New York City in June.

Quarter Inch Rain Falls in Hereford

Scattered thunder showers yesterday brought some relief from the drought to the parched Panhandle.

Hereford received slightly less than a quarter of an inch of moisture from the light showers here.

Amarillo reported .66 inch of moisture in a heavy downpour. Other Panhandle points reported showers ranging from a tenth to half an inch.

Scattered Thunder Shows Relief to Parched Panhandle

Hereford received slightly less than a quarter of an inch of moisture from the light showers here.

Amarillo reported .66 inch of moisture in a heavy downpour. Other Panhandle points reported showers ranging from a tenth to half an inch.

KIWANIS MINISTERS HERE

The Amarillo Kiwanis Club Minister Show will be staged in Hereford, under auspices of the Hereford Rotary Club, on May 7, Faust Collier announced this morning.

Proceeds from the show will go to the Hereford Camp Fire Girls. The Kiwanis Ministerial Show has been successfully presented at a number of Panhandle cities this spring.

CARD OF THANKS

We wish to express our sincere appreciation to everyone who remembered us with cards, letters and gifts for our Golden Wedding Anniversary.

Mr. and Mrs. Otto Lynch

Our present system of arithmetical notation came from Arabia.

Sailors of China have used the mariner's compass for over 3,000 years.

Prague's UN Man

Vladimir Houdek, formerly of the Czech Embassy in Washington, is the Communist Prague government's new representative to the United Nations. He replaces defiant anti-Communist Dr. Jan Papanek, who denounced the new regime.

Sage's Descendant

The 77th lineal descendant of Confucius, Chinese sage, is in the U. S. for a year's study and travel. He is Kung Teh-cheng, 28, shown on arrival in New York. He will return to China to teach in a university.

Around Town

(Continued from page one)

Dear Smith County Hospital.

Judge E. L. Ivey of Dimmitt reports that the Castro County Singing Convention will meet Sunday afternoon at 3:30 at the Bethel Community Building, which is located 10 miles west of Dimmitt and one mile south of Highway 86. Everybody who likes community singing is invited.

Packard Mill's sporting some flashy new signs on their flour vans. Advertising Packard's Best, of course, the signs are lettered in white on a blue ribbon, with a light blue border, running the length of the van.

ANOTHER 'SOMETHING BLUE' - The Blue Bonnet Helpy Helpy Laundry, operated by Mr. and Mrs. B. M. Sudduth, has just opened on east 11th street. The building's new and modern, with 10 machines in operation, the Sudduth's report.

Will Harris, the sage of Goathhead Plains out Summerfield way, reports that he's let a couple of city slickers from down at Spur talk him into what he thinks is a pretty good deal. Anyhow, George S. Link Jr. and J. R. McNeil of Spur have planted 287 acres of certified grain sorghums on the Harris place, and were slated to start irrigating it last week. The crop will be sweet sudan and red-top cane.

Win-One Class Meets on Tuesday

The Win One Class of the First Methodist Church met in the home of Mrs. E. J. Hudson Tuesday for a regular meeting. Mrs. T. M. Coursey and Mrs. William McGhee were cohostesses.

President Mrs. McGhee called the meeting to order and Mrs. C. M. Hicks gave the devotional.

The program was a picture show, each member had brought old time photographs which had been made when they were very young.

Those present were, Mesdames, J. P. Ward, Jose Fundeberg, E. J. Byer, J. B. Jones, Clara Freeman, J. B. Hammer, Andy Thomas, J. L. Pevely, D. H. Bryant, John Jacobson Sr., Cooper Morgan, I. H. Spratt, C. A. Rettman, A. C. Thompson, C. B. Williams, Fred Millard and the hostesses.

Lewis Nordyke Is Guest Speaker at B&PW Dinner

Lewis Nordyke, Amarillo Daily News columnist, was guest speaker Monday night at the City Hall for the B & P W Club dinner meeting.

Following the invocation by Bob Wear, Mrs. Weldon Poff introduced Mary Kate Brotherton, a former Hereford B & P W member, now of the Amarillo Daily News staff. She in turn introduced the speaker of the evening.

Sixty-five members and guests were present.

The theme of Nordyke's talk was politics and he stressed the fact that it is every citizen's duty and privilege to vote.

He discussed at length the importance of voting and of the voters duty to inform himself before voting. Some insights of things that go on behind the scenes were given. He told of high pressure groups and the way they work.

In conclusion he said, "I hope every one eligible to vote will vote for the man you think will stand for high ideals and for the benefit of the whole and not just for groups that are forcing things their way."

Wayne Evans Elected to Head Local Lions Club

Wayne Evans was elected yesterday by the Hereford Lions Club to succeed D. C. Kinsey as Lion President.

Robert Thompson was elected as incoming vice-president to succeed O. L. Bybee; and Dub Reeves was named to his first elective term as secretary. Reeves was appointed club secretary several months ago after the resignation of Bill Phillips.

Supt. George Graham and Dr. Will Graham were elected to fill two places on the Board of Directors.

Homer Brunley was elected Lion Tamer, and Pete Covart was named to succeed Guy Lawrence as Tail Twister.

Quarter Inch Rain Falls in Hereford

Scattered thunder showers yesterday brought some relief from the drought to the parched Panhandle.

Hereford received slightly less than a quarter of an inch of moisture from the light showers here.

Amarillo reported .66 inch of moisture in a heavy downpour. Other Panhandle points reported showers ranging from a tenth to half an inch.

KIWANIS MINISTERS HERE

The Amarillo Kiwanis Club Minister Show will be staged in Hereford, under auspices of the Hereford Rotary Club, on May 7, Faust Collier announced this morning.

Proceeds from the show will go to the Hereford Camp Fire Girls. The Kiwanis Ministerial Show has been successfully presented at a number of Panhandle cities this spring.

CARD OF THANKS

We wish to express our sincere appreciation to everyone who remembered us with cards, letters and gifts for our Golden Wedding Anniversary.

Mr. and Mrs. Otto Lynch

HERE'S THE NEW *Farmall Cub!*

All-purpose tractor power combined with matched implements for the small farm

Three specially-designed cultivators adapt the Farmall Cub for working one to four rows. This is the Cub-144 one-row unit for 36 to 56-inch rows.

It's the biggest news in the small tractor field today, this new Farmall Cub! That's because it's been built right and priced right for farms of 40 crop acres or less, and truck gardens. And it's just right as a utility tractor on large farms.

All the quality features of the famous all-purpose Farmalls are included in the Cub—plus a full line of implements, specially designed for this powerful little Farmall.

You'll ride comfortably in the Cub's roomy seat, on rubber tires. You'll work at three forward speeds, controlled by a variable speed governor, and you'll use considerably less than a gallon of gasoline an hour.

Drop in and meet the Farmall Cub right here! See how easily it handles by getting on the seat and driving it.

Hereford Radio Station To Be Located Mile and Half West

Studios for Hereford's new radio station KPAN will be located on the north side of Highway 60 a little more than a mile and a half west of the city, Marshall Formby, owner-manager, announced here this week. Formby has purchased the site for the station from Joe Kendall. The station will be located across the highway north from the canning plant.

Construction on the station is waiting on materials, Formby said. KPAN, to be known as "the Path-handle Station" will broadcast on power, A 270-foot broadcast tower will be erected at the site.

Formby plans to move buildings to the station site to serve as offices, studios, and living quarters.

He could not say this week when the new station would get into operation, but hoped to have it on the air this summer.

Formby is a former state legislator from the Plainview district, and was formerly publisher of the Plainview Tribune. He will own the Hereford radio station in partnership with John Blake of Brownwood. Blake operates a printing business in Brownwood and will not be actively engaged in the radio operation here.

Formby is a graduate of Texas Tech with a master of journalism degree from the University of Texas. He has served as county judge in Dickens county, and as state senator from the 90th district.

An ex-serviceman, he spent four years with the army engineers during World War II, serving 20 months in Europe.

Formby and Blake originally obtained a permit from FCC to operate a radio station at Canyon, but later requested and got permission to change the location of the proposed station to Hereford.

Mary K. Edwards And J. D. Poarch Married April 19

Miss Mary Katherine Edwards, daughter of Mr. and Mrs. D. Y. Edwards, and J. D. Poarch were married Monday, April 19 in Clovis, N. M. Mr. Poarch is the son of Mrs. Mary Poarch.

The bride was born and reared in Hereford and is a graduate of Hereford High School. Mr. Poarch is employed with the Walker Refrigerator Company and the couple plan to make their home in Hereford.

Wesleyan Guild Meets

Wesleyan Service Guild of the Methodist Church was entertained in the home of Mrs. Clyde Cave Monday night.

After reading of scripture by Miss Mattie Mae Swisher, a general discussion of a Guild project was held.

Audine Dettman conducted the lesson on "Faces of Women in the Bible" and Ella Aikman gave the prayer.

Mrs. Ed Warren was welcomed as coordinator and she told of a recent meeting of coordinators in Plainview. The next meeting will be held with Audine Dettman on May 17.

Those present were Miss Swisher, Audine Dettman, Eunice Mathies, Betty Whisenand, Ella Aikman, Ellen Bryant, Sadye Rigler, Mrs. Ed Warren and the hostess.

MARSHALL FORMBY

Mrs. Reid Williams met her brother, Newt, in Amarillo last week for a short visit. Newt works out of Dallas and happened to be in Amarillo for a short time.

Westway

MRS. CARL SCHROEDER

Mrs. Earl Scott has returned home after spending ten days in the hospital.

Mr. and Mrs. Elmer Combs and Mr. and Mrs. W. E. Nunley were Sunday dinner guests in the G. C. Merritt home.

Ermon Campbell visited in the Joe Landers home over the week end.

Mr. and Mrs. Carl Schroeder and family were dinner guests Sunday in the A. A. McMillan home in Hereford.

Mrs. Tom Clay was called to Lubbock last week because of the illness of a grand-daughter.

Rev. Wayne Wilcoxon and wife of Plainview were Sunday guests in the home of B. E. Northcutt.

Jimmy Thomas of Post spent the week-end with his wife and children, who are visiting the Clarence Morrisons.

There were 71 present at Sunday School. Visitors were Mr. and Mrs. Jimmy Thomas of Post; Mr. and Mrs. Amos Torbett and son, Melvin D. Stoner of Seattle, Washington; and Nelda Guy Lawrence.

Mrs. Y. D. Colthays and daughter of Amarillo have been visiting her sister, Mrs. Joe Wagener.

Mr. and Mrs. Everett Talbot visited with the Merritts Sunday afternoon.

Mr. and Mrs. Albert Mayfield of Lasbuddy visited Sunday in the John Young home.

Mr. and Mrs. R. L. Wilson visited in the Buck Parson home last week.

Nelda Guy Lawrence and Mozelle Young spent Saturday night with Katherine Boyd.

Mr. and Mrs. Edwin Morrison and children visited in the Clarence Morrison home last week.

Melvin D. Stoner of Seattle, Washington was a guest Saturday and Sunday in the Merritt Kaul home.

Mr. Stoner is an uncle of Mrs. Kaul's whom she had not seen in 17 years.

F. H. Gilliland was painfully, but not seriously hurt Monday afternoon when he undertook to start an electric motor on his windmill. The motor gave a sudden start and Mr. Gilliland's right hand, which had been caught beneath the belt, was crushed.

AMERICAN HOMES LACK PLUMBING

NEW YORK—(AP)—America's "age of sanitation," popularly supposed to have arrived 20 years ago, is still a long way off, according to A. R. McMannis, new chairman of the Tile Council of America.

Only 65 percent of the nation's dwelling units have private baths and 9,000,000 are without running water, he disclosed. Complacency about living standards is premature while there are 14,000,000 bathless homes, he said, and only since 1930 has the number of homes with baths exceeded those without them.

## Hereford Is Convention City For 1949 Garden Club Meeting

The third annual convention of District 1, Texas Garden Clubs, will be held in Hereford next year.

Hereford was selected as the 1949 Convention City at the District 1 Convention in Odessa last Friday and Saturday.

Mrs. A. L. Manjeot of the Hereford Garden Club, the district's first vice-counselor, presided at the convention sessions in the absence of Mrs. Lyle Blanton, also of Hereford, who is the District Counselor.

Mrs. Ernest Kerr of Hereford is district secretary.

Mrs. F. R. Huxweller, state district supervisor, was the featured speaker at the Convention. Mrs. Huxweller paid high tribute to the two-year old district organization, and according to Mrs. Manjeot, cited the Hereford Clubs as among the outstanding garden clubs in the state.

The Hereford Garden Club was awarded first place at the convention in the scrap-book contest.

Members from the Hereford clubs attending the convention were Mrs. O. G. Hill, president, Mrs. W. S. Pruitt, Mrs. John Jacobsen Jr. and Mrs. A. L. Manjeot of the Hereford Garden Club; Mrs. Carroll Whiteside, president; Mrs. N. D. Bartlett, Mrs. Berry Jacobsen, and Mrs. J. R. Fowlkes of the Garden Beautiful Club; and Mrs. H. H. Caraway, incoming president and Mrs. Jim Nell of the Bud-to-Blossom Club.

The 1949 convention will be held in Hereford in honor of Mrs. Blanton, whose term as District Counselor will expire at that time, Mrs. Manjeot said. Definite date for the convention has not been set.

### BLACK MARKET BOOM

EMDEN—(AP)—Police here said they had confiscated enough black-market food from travelers in the past few weeks to fill 75 railway wagons. Fire brigades and trade union officials have been called out to help police control the hordes of people carrying personal belongings to barter with the farmers.

### Prize Photo

This photo of a viceroy butterfly won honorable mention in the animal life division of the Third Chicago International Exhibit of Nature Photography at Chicago Museum of Natural History. Rodger E. Richard of Dearborn, Mich., took it, one of more than 1600 entries.

### Kinsey Employee At Training School

R. R. Stewart is next week scheduled to return to Hereford after completing a one month training course in the Bear factory at Rock Island, Illinois, where he is representing Kinsey Motor Company. Following Mr. Stewart's return, Kinsey Motor will install a complete front end alignment, frame straightening and wheel balancing department, according to D. C. Kinsey, who says the Hereford firm will offer a service parallel to that of the larger cities in the United States.

Equipment for the new department is already on hand and ready for installation, Mr. Kinsey said. Present plans are to begin operation early in May, featuring Mr. Stewart as factory trained mechanic.

### Highway 51 Group To Meet May 1 At Seminole

A meeting of members of the International Parks (Highway 51) Highway Association will be held at the Gaines County Courthouse in Seminole Saturday, May 1. The meeting has been called by Dr. Andrew S. Tomb, chairman of the Seminole Chamber of Commerce Highway and Traffic Committee.

Jim Hill and Robert Veigel, members of the Hereford Chamber of Commerce Highway 51 committee, are expected to attend the meeting.

Members of the Association are planning a renewed effort to secure construction of a bridge across the Canadian River.

**SNAKES STAGE BATTLE**  
**BALIK PULAU, Malaya—(AP)—**A fight to the death took place between two giant snakes here—king cobra and a python, both more than 15 feet long. The python (sometimes called boa constrictor), although bitten by the deadly cobra, managed to twist itself around its enemy and crush the cobra to death. Then it died from the cobra's poison. A government official said that it was the first time such a clash between a king cobra and a python ever had been reported in Malaya.

JUNI HAYES, MARK STEVENS

# Streu's Diary

April 21, 1948

DEAR DIARY:

I started out to be very angry this week—after the editor of a certain local newspaper inferred that the "Turtle Log" in our north window was electrified, but the turtles turned the tables on said editor. It was like this—(according to reliable witnesses)—This editor, desiring to own a nice Apex Hand Cleaner at no expense, decided to work on the turtles—by dint of much window tapping, face contorting, etc., he managed to get turtles "A", "P", and "E" lined up in proper sequence—but turtle "X" crossed him up and refused to be herded. It is said that the editor departed highly insulted. It is a smart bunch of men or turtles that can make a monkey out of that guy!

Now I have to get rid of the turtles and that Apex Hand Cleaner, and since the turtles won't cooperate, here's the way we'll do it—Starting Friday morning, the first kid to catch the "A" turtle on the log—gets the turtle free. Then the first one to catch "P" on the log gets him, and so on until the unlettered turtle is left—then then first adult to catch this turtle on the log (during business hours) gets the turtle and the Apex Hand Cleaner—and we'll fight it

out on this line if it takes all summer.

Walter and Leo are cooking up a window display showing fishing tackle and sporting goods of all kinds—might be something special to see. Our line of such merchandise is something to see—more things and stuff.

I believe that we still have the widest selection of garden needs to be found locally—including 50 ft. length of hose priced from \$5.95 to \$9.75—sprinklers from 30c up and all kinds of hose repairs. Oh, yes, flower and garden seed, too.

We have a wide selection of classical RCA records—music by Bach, Bartok, Beethoven, Brahms, Chopin, Gershwin, Haydn, Ravel, Liszt, Rossini, Schubert, Rachmaninoff, Tchaikovsky, Wagner, and others. In addition, we have many albums of popular music. We are always glad to help you in making your selections.

It is high time to think of air-conditioning—we will have air-conditioners soon—the heavy duty ones, with the blower instead of a noisy fan. See them before you buy.

STREU.

# CUTWORMS INVADE WHEAT FIELDS ON LARGE SCALE Cutworms and Drought Pose Serious Twin Threats to Deaf Smith County Wheat Crop

## Empties Tell the Story

A mile-long line of empty coal cars at Valley Camp Coal Mine No. 1 near Wheeling, W. Va., tells the story of industry pinched for fuel by the United Mine Workers walkout in support of John L. Lewis's pension demand.

Twin dangers... drought and cutworms... are posing a serious threat to the wheat crop in this area, local farm observers report.

Wheat over the entire area, with the exception of the irrigated district, is suffering heavily now for lack of moisture. Planted late and poorly rooted, the young crop is having hard going with the hot weather.

But a threat new to the wheat fields is reaping hundreds of acres in this and adjoining counties. It is the old-fashioned garden-variety of cutworm.

How extensive the cut-worm damage is cannot be estimated immediately. Reports from Eastern New Mexico indicate that heavy damage has been sustained in that state. Cutworms are turning up in fields all over Deaf Smith and in parts of Castro county, but the heaviest concentration appears to be in the northwest section of this county. Scattered reports pouring in to local agriculture agencies this week indicate that the blight is widespread and doing a great deal of damage.

The cutworm is something new to wheat fields in this area.

It is not affecting the irrigated district, and County Agent Hugh Clearman says that a general rain would end the trouble in all sections.

Hundreds of acres of dry-land wheat have been destroyed, however, reports indicate.

Among the Deaf Smith county farmers reporting damage from cutworms are the Solomon Brothers, northwest of Hereford, who have lost over 600 acres; Clarence Storey, near Vega, who has reported the loss of 185 acres; Phillip Miller, 300 acres; J. M. Bronlow; J. H. Waggon, over 200 acres; Cecil Gunter; Louie and George LeGrand; Orville Groneman near Adrian, 600 acres or more; B. B. Northcut in the Wolcott community; William Ohlig, and Mrs. Ruth F. Coleman, south of Bootleg; D. C. Banks, and Jack Fortenberry.

Some damage has been reported from Castro county.

Some farmers appear to be uncertain as to whether to blame cutworms or drought for the sudden shriveling of young wheat, but many who have found heavy infestation of cutworms in their fields, are certain that the worms are doing the damage.

Most observers agree, however, that worms or no worms, only general rains within the next few days can salvage much of the dry-land wheat.

Mrs. Gwynne Owen and son of Littlefield visited friends and relatives in Hereford last week.

## Making Friends

Ex-King Michael of Romania pauses in New York to sign his autograph for a young admirer, Sylvia Alvarez, 4.

## Rifle Club Will Hold Organization Meeting Friday

C. B. Service, newly elected president of the Hereford Rifle Club, has announced an organization meeting to be held Tuesday night, April 27, at eight o'clock at the County Courtroom.

A Mr. Whitaker, regional representative of the National Rifle Association, of Tulsa, Oklahoma, will be in Hereford at that time to assist in the final details of the organization, Service said.

As the initial meeting of the group on April 13, thirty-five prospective members were present, and Service has set the membership goal for the organization at 100 by the time the National Charter is issued.

"Every man who was present at the first meeting is urged to attend next week and bring a friend," he said.

Any other local men interested in becoming members of the club are invited. To be eligible for membership, a person must be 18 years of age or over, and an American citizen. "We hope to be able to organize a Junior Rifle Club at a later date to take care of those under 18 years of age," Service reports.

An indoor range in the warehouse at Packard Mill is planned by the group, in addition to an outdoor range which will probably be established in Veterans Memorial Park in cooperation with the Hereford National Guard company.

## Mrs. Iverson Leake Is Hostess Tuesday To Dawn Study Club

Mrs. Iverson Leake of Canyon was hostess to the Dawn Study Club April 20.

The program for the afternoon was given by Mrs. Zed Stuart, who gave "Memory Land and Poetry Page".

Entertainment was in the form of cross word puzzles, in which members used their given name.

Visitors present were Mrs. E. E. Latham of Amarillo; Mrs. Floyd Tomlinson of Canyon; Mrs. J. B. Occanougher of Hereford.

Members attending were Mesdames, Lloyd Althart, Lloyd Bentley, J. B. Casaway, Fred Fain, Alfred May, H. V. McCabe, J. D. Pruitt, Eddie Reineaur, Zed Stuart, Floyd Walton, Carl Wimberley, Mary Bird, R. G. Lewis and the hostess, Iverson Leake.

## CHURCH, TORONTO LEFTY, HAS 'CAN'T MISS' TAG

WEST PALM BEACH, Fla. (AP)—Ben Chapman, Phillie manager, greeted 85-year-old Connie Mack, manager of the Athletics, with the usual handshakes and "Good to see you" greeting.

But Ben's first question was: "How did Church look when he pitched for Toronto the other day?"

Church is Emory Church who won 21 games and lost nine for Salina, Mo., pennant winner of the Class C Western Association.

Frank Shaughnessy, International League president, saw Church beat the A's here and is "very high on him." Shag says the 22-year-old right hander from Birmingham, Ala., "can't miss" and that "he is doing things now that take five and six years to do on the pitching mound."

Church had a very impressive record at Salina. He pitched 27 complete games, had 219 strikeouts and a 2.99 earned run average. He stands one inch under six feet and weighs 180 pounds.

## SELECT BRITAIN'S DIVING WATER POLO OLYMPIC SQUADS

LONDON (AP)—Britain's water polo team for the Olympic Games will be selected from a squad of 16 picked at the Olympic trials in Blackpool.

The ultimate team will number seven with three reserves. Those with the best chance appear to be Reg Potter and Roy Garforth, who were nominated as joint captains.

The diving squads were cut to save training funds. Eight women, headed by national springboard champion Peggy Winterton and highboard list Edna Child, will continue training. The men also number eight headed by national champion Louis Kern.

Mr. and Mrs. Earl A. Fox of Amarillo visited in the home of Mr. and Mrs. E. Ward Saturday. Mr. Fox is employed by the TWA Airlines in Amarillo.

## Mr. and Mrs. Otto Lynch Celebrate Golden Wedding Anniversary

Relatives gathered in the home of Mr. and Mrs. Otto Lynch Tuesday, April 20 to help them celebrate their Golden Wedding Anniversary.

Gifts of the traditional gold, cards, telegrams and letters were received by the couple throughout the day from friends and relatives.

Those who gathered around the flower decorated table for dinner were Mr. and Mrs. George Lynch, a son from Mason, Nebraska; Mrs. Eglorin Trambly, a daughter from Franklin, Nebraska; Mr. and Mrs.

Dan Sanger, Mr. and Mrs. Percy Shepard, Haitan Anderson, Mr. and Mrs. Clarence C. Williams and Kaye, Mr. and Mrs. Frank Shepard, Mr. and Mrs. Clyde Shepard, all of Dimmitt.

Mrs. Lynch's father, George E. Shepard, 91 years old, who lives with them also attended.

Sam Allen of Wayland College, Plainview, was a visitor in the Baptist Church Sunday where he conducted song services for both the morning and evening services.

### Summerfield Study Club Observes Panhandle Day At Guest Day Affair

Summerfield Study Club held its annual guest day program in the home of Mrs. Ky Lawrence Thursday afternoon.

The theme for the program was "Panhandle Day" and Panhandle writers were discussed. Mrs. L. L. Cannon told of Lewis Nardye mentioning his "Random Thoughts" which appear in the Amarillo News-Globe, of John McCarty who began his career as a reporter on the Amarillo Tribune in 1923, mentioning his book "Maverick Town" and told of J. Everett Haley who wrote of the XIT Ranch and Charles Goodnight. She also mentioned Lorraine Carr who wrote "Mother of the Smiths." Vance Johnson, Louis Grace Erdman of Canyon whose book recently won the Red Book \$10,000 award, Miss Laura Hamner and her radio program, Mrs. Aubrey Wimberley (Mrs. Pokes Bonnet) and W. G. Harris of Summerfield who recently wrote an informative article on the Panhandle.

Mrs. Ray Johnson reviewed the book "Mother of the Smiths" by Lorraine Carr who once lived in Amarillo. "The story deals with the adventure of life itself and is told with warmth and humor," Mrs. Johnson said.

Decorations carried out the Panhandle theme. Especially attractive was the refreshment table in the dining room which was centered with a cowboy scene. Cake squares were topped with different cattle brands familiar in the Summerfield community. Plate favors were miniature saddles.

Guests attending were Mesdames; J. A. Noland, Roy Euler, Glen Olson, B. F. Black, Bob Brooks, Otho Noland, Jeff Roberson, Lynn Powell, Chloe Grabbe, J. M. Wright, R. A. Pratt, Harold Clark, D. C. Walsey, Carl Eze, Joe Kendall and Miss Mabel Cannon.

Members of the club present were Mesdames; Ray Johnson, Lloyd Lookingbill, Ivan Black, O. B. Sumner, Britt Clark, C. R. Walsey, Jim Clark, B. E. Roberson, Lee Curry, L. L. Cannon, Charlie Noland, Mack Noland, J. B. Noland, J. E. Larrick, Guy Walsey and Earl Lance. The Summerfield Club won first

### Westway H. D. Club Meets Wednesday At Morrison Home

WESTWAY, April 20—The Westway Home Demonstration Club met in the Clarence Morrison home on Wednesday, April 14, for their regular session.

Mrs. R. L. Wilson presided in the absence of the chairman. Mrs. Tom Draper, County Home Demonstration Agent, demonstrated the care and cleaning of a sewing machine.

Attending the meeting were Mrs. Shorty Reece of Sims, Mrs. U. D. Colthays and Mrs. Jimmy Thomas, visitors; and the following members: Mesdames G. C. Merritt, M. S. Roe, R. L. Wilson, Grady Wilson, Hughes Millard, Paul Rudd, Elmer Combs, Grace Little, A. C. Pierce, Bess Werner, Carl Schroeder, Manuel Hawks, Joe Wagoner, Johnny Townsend, Joe Landers, and Mrs. Morrison.

The next meeting will be held on April 28 in the home of Mrs. Hughes Millard with a program on Wall and Floor Finishes.

### Irene Jones Weds Valton Lee Fowler

Mrs. Doris Jones of this city has announced the February 2, marriage of her daughter, Irene, and Valton Lee Fowler of Chillicothe. The couple was married in Tucumcari, New Mexico.

Mrs. Fowler graduated from Canyon High School and before her marriage was employed by the Bell Telephone Co. in Amarillo.

After visiting relatives in Texas and New Mexico they are living in Lamont, California.

place with their 1947-48 year book at the Seventh District, Texas Federation of Women's Clubs convention held recently in Pampa.

### Guests Entertain At L. A. E. Club

Guest entertainers provided the program for L. A. E. Club at the meeting held in the home of Mrs. Robert Wagoner Tuesday afternoon. The program completed the study course on "The Modern Woman" for the year with the theme for the program centering around "Music."

Mrs. T. W. Roberson was in charge for the afternoon and after giving a brief talk on modern music, introduced the guests who included Mrs. A. C. Thompson, violinist, and a girl's sextet from the high school. Those making up the sextet were Pat Longbottom, Alma Faye Knox, Martha Thomas, Mary Katherine Carroll, Doris Jean Smith and Reba Dones.

Mrs. Thompson opened the program with a violin solo, "Home on the Range" with Mrs. T. W. Roberson giving guitar accompaniment. Mary Katherine Carroll played "Für Elise" (Beethoven) and Mrs. Thompson entertained again with her violin with "Mexicala Rose," "The Wheel on the Wagon is Broken" and "Serenade of the Bells" with the sextet giving the vocal on the Serenade of the Bells.

Numbers presented by the sextet were "Moonlight and Roses," and "Tell Me Why."

The next meeting of the club will be the final one of the year and will be in the form of a luncheon in the home of Mrs. T. W. Roberson.

Members of the club present were Mesdames; George Benson, W. R. Black, Hugh Bookout, Altus Higgins, Bill Jones, Boyd Knox, Luther Lesly, T. W. Roberson, George Suggs, Bob Higgins and the hostess, Mrs. Wagoner's mother, Mrs. C. L. Fields of Oroon was a special guest.

### Piano Students Give Recital

Miss Jo Anne Jett presented a group of music students in a spring recital at the High School Auditorium Sunday afternoon.

Those appearing were between the ages of 8 and 13 and the program consisted of beginners music in solos and duets.

Those taking part on the program were; Jacqueline Brown, June Marian Smith, Bryce Kelly, Karen Sue Smith, Alan Neff, Doris Nell Walker, Ella Marie Williams, Sybil Ann Davis, Linda Joan Brown, Jeannette Kopp, Janet Lindley, Lamona Neff and Marilyn Lewis.

Stanley Phillip, George Loerwald and Billy Craig were Amarillo visitors Saturday on business.

Phil Radovich has just returned from Colorado where he has been on a vacation for the last six months.

### South Hereford Club

South Hereford Home Demonstration Club met Tuesday afternoon with Mrs. J. P. Stason. Roll call was on fitting clothes to flatter the wearer. Mrs. Tom Draper, CHDA, gave a talk and demonstration on fitting garments.

Refreshments were served to Mesdames; Herman Fletcher, Ethel Layman, W. A. Goetsch, Clarence Hollabaugh, Noah Shockley, Julia Sowell, Adam Flowers, John Draper, Neal Worley, Ronald Matthew, Chris Russell, Wm. Woolery Jr., S. S. Williams, Tom Draper and the hostess.

### Helen Ann Pitman Makes Solo Flight From Columbia, Mo.

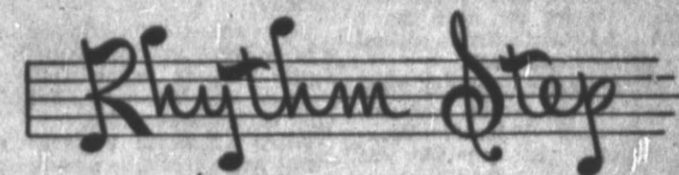

Helen Ann Pitman, daughter of Mr. and Mrs. J. A. Pitman who is a student of Stephens College in Columbia, Mo., recently made her first cross-country flight since receiving her private pilot's license. She flew to Hereford and visited a short time with her parents. Miss Phyllis Moore of the school acted as navigator of the Cessna plane which belongs to the school.

They had a little difficulty facing a head wind in coming in but on their return trip with a tail wind made good time. They left Hereford at 9 A. M., reached Wichita, Kansas for lunch at noon and were back at school by 3 P. M.

# New Veterans Vocational Class in Tractor Mechanics Will Be Organized in Hereford

A new class in tractor-mechanics will be opened in Hereford as a part of the Deaf Smith County Veterans Vocational School on April 30, a Veterans Administration official announced here this week.

Fred H. Brownlee, regional State Supervisor of the Trade and Industrial Division, Veterans Vocational Training, from Amarillo, was in Hereford this week making plans for opening the new class to local veterans.

A meeting for the new class will be held at 8 o'clock Friday night, Brownlee said.

Twenty-five veterans in the class, and if qualified, receive subsistence pay under the GI Bill of Rights on the same basis as veterans enrolled in colleges and other schools.

A modern shop will be set up here, Brownlee said, and all necessary equipment will be furnished.

A competent man will be employed as instructor, he said.

The Veterans Administration will furnish a complete set of tools to veterans enrolling, and these will become the property of the veteran

on completion of the course.

The course will cover a 24-month period. There are now 29 trade and industrial classes in operation in the North Lubbock region under auspices of the Veterans Administration, Brownlee reported.

Three classes in Veterans Vocational Agriculture are now in operation in Hereford.

Further details regarding the projected tractor-mechanics class may be obtained from Ralph Smith, county Veterans Service Officer, whose offices are on the third floor of the county courthouse.

## Hospital Bid . . .

(Continued from page one)

costs prompted the Commission to agree on the issuance of time warrants.

No date for starting construction has been officially set, but indications were that construction would get underway speedily after the contracts were signed and approved.

## Lineman Killed . . .

(Continued from page 1)

ed him that the primary conductor on this pole was dead, but he was a normal human individual, subject to making mistakes as are all of us.

The line was not dead, and as he reached out his hand to change the insulator, the shock he received threw him to the ground, maimed and broken in body and severely burned in several places. A week after the accident the door of his hospital room bore the sign, "No Visitors."

Perhaps the person who fired the shot that broke this particular insulator will never know just what havoc he wrought, or what serious results were to follow. Yet, he is just as much responsible for the condition this lineman is in today as though he had pushed him against a live switchboard or off a thirty foot cliff.

Shooting at insulators is a serious problem in many rural areas. The least that could happen is to make additional work, dangerous work for the linemen on the maintenance crews. At times hundreds of dollars of damage result; fires raging out of control because of lack of water pressure, loss of baby chicks, turkeys and pigs in brooders and hovers, spillage of milk and cream in cheese factories and creameries, spillage of produce stored in home freezers and refrigerators, to say nothing about the varied types of accidents that are likely to occur about the farm and home because of lack of sufficient illumination.

## Houston Firm . . .

(Continued from page 1)

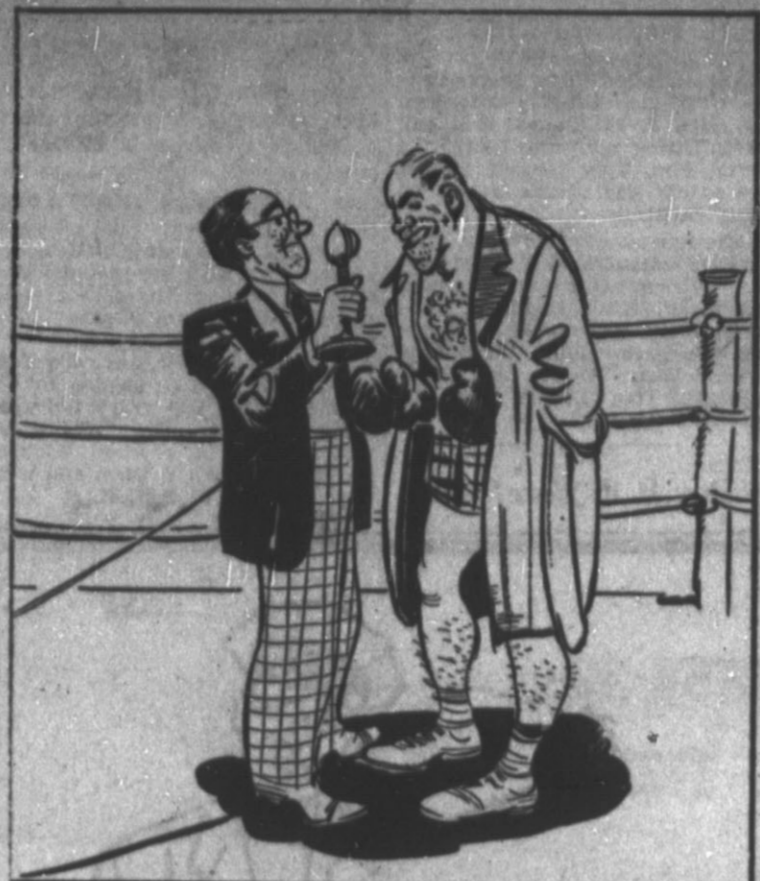

major bond issues. Contracts on street paving, swimming pool, and water works extensions have already been let, and the work is already in progress on all of these except the street paving. Contractors are preparing abstracts and completing the preliminary legal steps now toward starting the street paving work, which is slated to get underway this summer.

Contract on the sewer plant and extension call for completion of the work within 150 days, Mayor Dameron reported.

M-Sgt. A. L. Hallam, son of Mr. and Mrs. Frank Smith is now on the high seas bound for Tokyo, Japan. His parents had a letter from him saying he had been in dock for a few days at Guam after leaving San Francisco and that they had passed Hawaii without stopping. He has been in the air service for five years.

## Ticklers

By George

"Would ya please tell 'em to stop booin'? Dis is de first time m'mudder ever listened when I'm fightin'."

## Hereford's Pioneer Day Will Feature Tops in Entertainment

(Continued from page one)

in Deaf Smith county. ESA Soror-

however. Plans to exhibit "Miss Hereford of 1898"; and the JayCees will enter a float showing a branding scene. The CYC club plans to feature an old-fashioned Virginia Reel. In the commercial division, Fulwood Battery and Electric will enter a float depicting a necktie party for cattle rustlers.

Many other entries have already been received.

One of the big features of the day will be a Rodeo staged by Boys Fanch at the High School Stadium on the afternoon of the Celebration Day.

A basket lunch for all visitors will be held at Lake Park at noon. Arrangements are in charge of the Rotary Club.

An old-fashioned Chuck-Wagon supper will be served by the County Home Demonstration Clubs at the Fulwood building on Saturday night, and dances, old-fashioned and modern, will follow.

The Cogdell Motor Company building will be headquarters for the Pioneer Settlers on the Celebration Day. Registration will begin there at nine o'clock in the morning, and ribbons and badges will be presented to all old-settlers who have lived in the county 30, 40 and 50 years.

A burial ceremony will be conducted immediately after the parade, when a time-vault containing pictures, historical documents, and other information will be buried on the courthouse grounds . . . to be opened on the occasion of Hereford's 100th Anniversary. Persons having pictures or other

articles to be included in the vault are requested to bring them to the offices of the Hereford Chamber of Commerce, or to contact Bob Wilson, chairman of that committee.

Following the rodeo, there will be a program sponsored by the American Legion Auxiliary, featuring historical skits and yarns by the pioneers. The program will be held at the district courtroom. Stories by old-timers will be recorded and preserved, and souvenirs will be given to all participants.

## Shooting Of . . .

(Continued from page 1)

consumers to keep a sharp lookout for target shooters operating on insulators.

A few parents have already solved the problem, Reese reports, by turning over 22 rifles and air-guns belonging to their youngsters to the Sheriff's office for safe-keeping. Two state laws covering the offenses may be enforced. One prohibits shooting off, across, or on a public road, and provides a fine of up to \$100. The other prohibits destruction of private property, and provides stiff fines for violations.

Swift and drastic action against violators may become necessary if the destruction continues, Reese warned.

Mrs. M. H. Koelzer, Mrs. John Koelzer and Theresa left last week end for a visit with friends and relatives in Munster, Texas. Werner Koelzer and Reynold Herr accompanied them and will return Wednesday.

## Four Cent Tax . . .

(Continued from page one)

far too high to pay for eleven hospital rooms.

At the end of a three-hour discussion, Hospital Board members, on a motion by attorney James Witherspoon, voted a recommendation to the County Commission that warrants be sold and the revised bid by Little-Hill (approximately \$161,000) be accepted if possible; and recommended that the lower bid (omitting surgical wing and remodeling) be accepted only if the other alternative could not be accomplished.

The Commissioners Court went into executive session immediately following the meeting, and voted to issue the three-warrants provided their legality was assured.

After conferring with official sources Saturday morning, Attorney Witherspoon advised the commissioners that issuance of warrants would be legal, and agreement was made to accept the Little-Hill bid.

Sylvester Slagle, president of the hospital board, presided at the meeting.

Eddy Roberson has accepted the management of the Morgan Record Shop in Littlefield and will leave this week to assume his duties there. He has a number of nickelodeon routes as well.

## Janitors Brush-Up On Brushing-Up

DENTON, Apr. 20—There's a better way to swing a mop.

And building custodians at North Texas State College, through a program of group and individual instruction, are learning how to put the necessary "swing" into their mopping to do a better job of maintenance.

College officials, who believe that good maintenance can decrease the cost of building upkeep, have inaugurated the instruction program to teach the janitors and maintenance men the best cleaning procedures.

"Custodians are like everyone else connected with an educational institution," Domsy points out. "Every so often they need to take time out to learn new methods."

With the custodians, it's just a case of brushing up on the brushing up.

Among the number of Scottish Rite visitors from Hereford in El Paso this week are Mr. and Mrs. Doc Kirby and Jim Kirby, Henry Sears, Herman Ford, James Black, Mr. and Mrs. Dubba Reeves and W. C. Thomas. They left Sunday and expect to be back by Friday night.

## BARBED-WIRE BARRICADE AGAINST HOOF-AND-MOUTH INVASION

Bulldozers are cutting a path through the Mexican jungle to form a barrier against further northward advance of the dreaded hoof-and-mouth disease. Shown above is a section of the 8-wire high barbed wire fence along the path. Soldiers afoot, on horseback, and in jeeps will patrol the line, which extends 116 miles from the Gulf coast to the Pan American Highway. (Associated Press photo).

## CATTLE THRIVE ON POTATO SILAGE, REPORTS INDICATE

### New Markets for Low Grade Spuds Is Seen In Reports on Experimental Dairy Feeding

A new and important market for the lower grades of Irish potatoes may be opening up as an indirect result of heavy government "support" buying of surplus spuds in Deaf Smith county and other potato-growing areas last year. Hundreds of tons of surplus spuds bought by the government under the price support program last year, were used experimentally in making ensilage for feeding cattle. The results are now beginning to be reported, and the reports

are generally enthusiastic. E. A. McBryde, executive officer of the Texas division, Production and Marketing Administration, of College Station, tells the story in a letter to county ACA committeemen. "Reports from these (feeding) experiments," McBryde writes, "indicate that ensilage made from our Irish potatoes has a value equal to or superior to almost any other type of ensilage. Also many livestock feeders, especially in the western part of Texas, in New Mexico and Oklahoma, feed potatoes in raw

"Due to the fact that we have farm, without chopping, and received a marked increase in weight during the period when potatoes were fed." A surplus of spuds again this year is expected. It is anticipated that Irish potatoes will be available through this office as a result of price support operations during the summer months," McBryde reported. Several standing orders for the purchase of potatoes are now in effect. (Continued on page 7)

# New Federal Crop Insurance Plan Adopted

## Deaf Smith County Is One of Thirteen In Texas to Test New Plan on 1949 Wheat

A new type of Federal Crop Insurance program will be made available in Deaf Smith county to cover the 1949 wheat crop, County ACA committeemen agreed Monday morning.

The "dollar coverage" plan, which will be offered by the Federal Crop Insurance Corporation for the first time next year, was unanimously adopted by members of the county committee.

Described as "investment insurance" by the FCIC representative, Nelson Little, district supervisor, who presented the plans to the county committee Monday, the "dollar coverage" plan is designed to provide low-cost crop insurance on wheat at a definite figure.

Under the plan, farmers on irrigated land are guaranteed \$9.60 per acre at a base cost of 80 cents per acre. On dry-land acreage, two scales apply. For summer-fallow acreage, the guaranteed harvested yield is \$7.60 per acre at a base cost of \$1.10, and on continuous-cropped land, the guaranteed harvested yield is \$5.60 per acre at \$1.10.

Two important reductions are available from the base cost.

First is a reduction of 2 percent for each 100 acres planted by a single producer . . . up to 1,000 acres. In other words, a farmer planting 1,000 acres or more of wheat could take advantage of a maximum reduction of 20 percent, making his cost for insurance 64 cents on irrigated land, 88 cents on summer-fallow or continuous-crop acreage.

The other reduction is a 5 percent reduction for payment of the insurance premium, which becomes due on June 1, before February 15.

Two alternate plans were presented to the county committee Monday morning by Little. In addition to the "dollar coverage" plan, the FCIC is also offering "yield insurance."

In dollars and cents, the "yield insurance" plan offers about one-third more insurance at approximately twice the cost as "dollar coverage."

The county committee, after considering both plans, voted unanimously to set up the "dollar coverage" plan, instead of "yield in-

urance," in this county for 1949. A minimum of 200 cooperating farms is required to put the plan in operation.

These insurance plans, which are radical departures from the old Federal Crop Insurance Program, are designed as an answer to the farmers' own request for crop coverage, the FCIC man said.

A similar plan has been put into effect on corn crops, and has proved successful.

In general, the complaint against the old Federal Crop Insurance plans has been that it was too expensive. The new "low cost" plans are designed to reduce the cost of insurance, and to give the maximum possible insurance for the cost.

ALTERNATE PAY POLICIES

Under the "dollar coverage" adopted for this county, there are two alternate payment policies set up for each of the three types of land covered, irrigated, summer-fallow, and continuous-cropped.

For irrigated land on which 100 percent loss has been sustained, the farmer can have the land released

by the adjuster for planting to another crop, and collect 50 percent of his total insurance, or \$4.80 per acre. On land which is not to be re-planted to another crop, he can collect 90 percent of the total insurance, or \$8 per acre. If the land is harvested, he is guaranteed a return of \$9.60 per acre.

On summer fallowed land under the same conditions, the payment is \$3.50 per acre if the land is released for re-planting; \$6.00 per acre if the loss is total and the crop not harvested; or \$7.60 per acre is guaranteed if the crop is harvested.

On continuous cropped land, the payment is \$2.80 per acre if the land is re-planted; \$4.00 per acre if it is not re-planted; and \$5.60 per acre guaranteed if it is harvested.

CONTINUOUS COVERAGE OPTIONAL

The insurance plan provides for continuous coverage, but a producer is not required to continue the insurance for more than one year if he gives notice of cancellation at a specified date. One of the chief complaints about the old plan was its requirement that the grower keep the insurance in force for three years. Under the new plan, it can be cancelled for any year, if notice is given in advance.

OFFERED IN COUNTIES

Only 13 counties in Texas, and only 200 in the entire U. S. wheat belt, are being offered this new form of crop insurance for the 1949 crop. It is strictly experimental, and if it proves successful in these test counties, will probably be extended to

## "EL PRESIDENTE" BOOTS FOR TRUMAN

President Truman gets a lesson (above) in the use of boot hooks along with a pair of hand-made Texas cowboy boots—"el presidente style". Rep. George Mahon of Lubbock shows Mr. Truman how to manipulate the hooks while Rep. Wingate H. Lucas (Texas-Democrat) looks on. (Associated Press photo).

the rest of the wheat belt. In the Panhandle-Plains wheat growing area, only Deaf Smith, Castro, Hale, Swisher and Floyd counties are being offered this form of crop insurance.

A celebrated whirpool in the Arctic Ocean near the western coast of Norway is called the maelstrom.

Robinson Crusoe named the man who became his famous helper after the day on which he found him, Friday.

# Tech Engineering Students Promise Big Show Of Scientific Wonders-to-Come This Week-end

LUBBOCK, April 19—Senior engineering students at Texas Technological College promise spectators a look at "what has never been before" during their visit to the campus April 23 and 24 for the sixteenth annual Engineers' Show. A show geared to the signs of the time is the stock in trade in each of the 10 departments, architecture, chemical, civil, electrical, industrial, mechanical, military science and tactics, petroleum, physics and textiles, interested actively in the success of the 1948 exposition.

In keeping with its own development and the increased attention in West Texas in the oil industry, the petroleum and geology departments will exhibit the latest in oil field equipment. These groups will demonstrate a typical oil field structure with a miniature operating pump along with revolutionary machinery, and they are prepared to answer all questions concerning the petroleum industry.

Magic and mystery ever present in the field of science and mechanics will be harnessed by the physics, chemical, mechanical and electrical departments. These groups have listed among their exhibits "miniature fog and rain," a "Lena the Kyena box," radio controlled car, a "magic stream."

Familiar to veterans will be the vast array of arms and munitions, mine detectors, sound power phones, and captured enemy equipment that will be shown with the modern equipment used in training Texas Tech military engineers.

Mechanical engineers have arranged a demonstration of water injection in an automotive engine. Shown for the first time this year also will be natural gas engines and a model of Her's Turbine, the first heat engine.

Textile engineers, recognized as the only textile students west of the Mississippi, have arranged a complete demonstration of cloth making from the raw cotton, moving through the dyeing process and turning out the finished product. The advancement in this industry from the day of the hand loom to the modern fly loom is to be a part of the textile exhibit.

Models of bridges, concrete and suspension, highway engineering methods at other model exhibits will be provided by the civil engineers along with their demonstrations. Free hand drawings, water color paintings, pottery and clay modeling are to brighten the upper floors of the Engineering building during the show. Among the drawings there will be displayed by architecture students designs for an outdoor theater for Mackenzie State Park in Lubbock.

Every exhibit is to be complete. Each building will be equipped with official programs to aid visitors in moving about the show. The doors will open at 2 p. m. Friday, and a continuous show will run through Saturday night.

Page 441. Deed Records of Deaf Smith County, Texas, executed by W. O'Brien to George F. Crow as trustee for The First State Bank of Panhandle, Texas, on the ground that said note and lien has been satisfied and discharged; and also that said note and lien is barred by limitation in that more than ten years have elapsed since the maturity date of said note described in said deed of trust and the record thereof; as is more fully shown by Plaintiff's Petition on file in this suit.

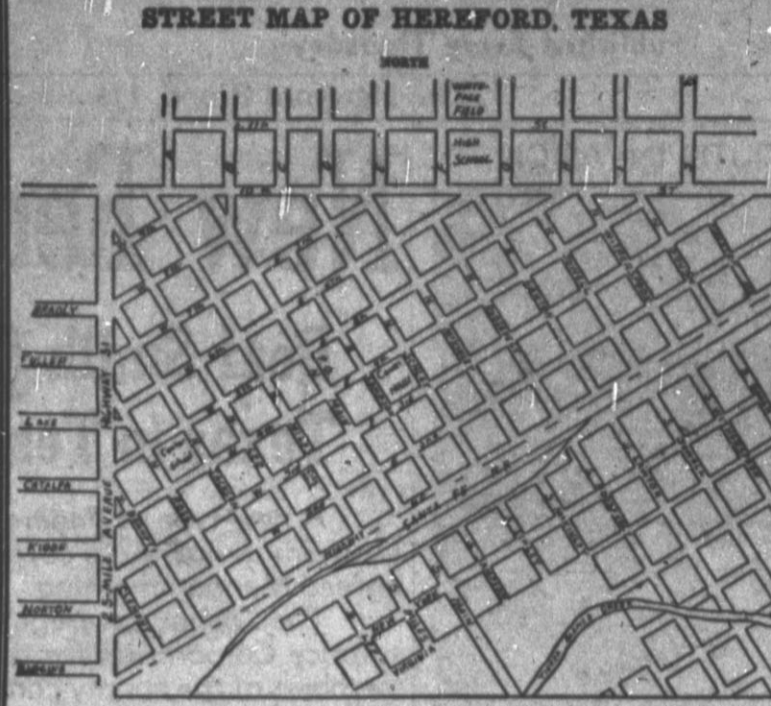

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Hereford, Texas this 1st day of April A. D. 1948.

## Buffalo Stadium at Canyon To Have Plenty of Parking Space

CANYON, April 26—(Special)—West Texas State College recently purchased 17 and one-half acres of land adjoining the north boundary of the present athletic plant and football stadium.

Dr. J. A. Hill, president, said the land was acquired to allow for "expansion of athletic facilities which may be blamed in the future and to immediately provide more parking areas for football and basketball patrons."

Fanhandle football fans in general and those in Amarillo (17 miles from the West Texas State campus) in particular heralded the plan to increase the parking facilities.

The West Texas State College Buffaloes draw a major portion of their support from Amarillo citizens.

Last fall the popularity of the Buffs reached a new high under the tutelage of Frank Kimbrough, former Baylor University and Hardin-Simmons coach, and the parking space around Buffalo Stadium was not at all adequate.

In the taking stage at present are plans for a new gymnasium and another addition to Buffalo Stadium to increase the seating capacity.

During the past basketball season when the Buffalo cagers were not up to par in comparison with previous records, Burton Gym with its 2,000 seating capacity was far from adequate. It was built in the 20s, and later named Burton Gym in honor of Sam D. Burton whose death in the early 30s came at the height of a great basketball coaching career at West Texas.

**LOST HEIR - LOST TOWN**

LONDON—(AP)—The ghost town of "Anstruther, Canada West," may yield the heir to an old Irish baronetcy—if anyone can find it. At stake is the Lynch-Blosse title, created in 1622, and dormant since 1943 when Sir Robert Lynch-Blosse, twelfth baronet, died. The title is claimed by Robert Cyril Lynch-Blosse, a distant cousin, but the home office declined to make it official on the ground that lineage was in doubt. Someone with a better claim to the title is thought to be alive.

C. F. J. Hankinson, editor of De-Bret's Fezage, who is helping to run down both heir and town, said: "All that can be gathered from the family records is that Francis, second son of the tenth baronet, who may have married and had children died in this peculiar 'Anstruther, Canada West,' July 28, 1864. Maybe the town name was changed years ago. Maybe it was some fleeting settlement in North America in the early days; maybe it never existed and the records are all wrong. If anyone knows anything about Anstruther we haven't been able to find him."

John Hancock's signature on the Declaration of Independence was so large that his name has become synonymous with signatures ever since.

Apocalypse is the name sometimes given to the last book of the New Testament, the Book of Revelations.

## Over 200,000 School Children Served Lunches

COLLEGE STATION, Apr. 21—Seventy percent of the 275,000 Texas school children eating in community school lunchrooms are served Type A lunch with milk.

This is a balanced lunch providing about one-third of the child's daily nutritive needs. John J. Slaughter, southwest area supervisor, food distribution programs branch, USDA, Production and Marketing Administration, Dallas, said.

Twenty-five percent of the other schools serve Type A lunch without milk and the remainder serve Type C which is milk only.

Under the School Lunch Act, USDA furnishes State Department of Education, the state sponsoring agency, with funds to help pay part of the cost of the foods served. Current rate for Type A with milk is nine cents and for Type A without milk, seven cents. Schools serving only milk receive two cents.

This reduces the cost of the foods served, making it possible for more children to take part in the program, Slaughter explained.

In addition to federal funds USDA bought under price support programs, those bought to relieve local surpluses and certain foods needed to round out wholesome lunches. So far this year these include Irish potatoes and grapefruit juice from Texas, fresh pears, fresh apples, dried fruits, dried eggs, green beans, cheese, canned tomatoes tomato juice, dry milk, orange juice and peanut butter.

Total number of schools taking part in the program is 2,448 of which 45 percent are rural.

Feast of the Passover commemorates the time the Angel of Death took the first born of every family in the Nile Valley, save those which had the mark of a lamb's blood over the door sill. The Jews had so marked their houses so the Angel might pass over.

## Mrs. Ed Thomas Is Club Hostess

Mrs. Ed Thomas was hostess at a luncheon meeting for the Farm and Ranch Club Thursday. Attractive table decorations gave the

spring accent to the party. Mrs. Henry Melton, president, led a short business session after the luncheon and a "Texas Day" program was featured.

Highlights in the early day history of Texas and the meaning of special observance days were given by the president, Mrs. Waldron Melton won

the club prize. Those present were Mesdames: Roy Pruitt, Garland Solomon, Henry Melton, Phillip Miller, Frank Richels, Chas. Burk, Waldron Melton, Zerrell Thomas and the hostess.

**MARKET**  
 (USDA)—Lower hogs and feed grains furnished notable exceptions to otherwise generally steady to stronger farm markets during the past week, the U. S. Department of Agriculture's Production and Marketing Administration reports.  
 Wheat closed Monday little changed from a week earlier, but corn fell 9 to 13 cents a bushel, oats and barley two to three cents, and milo eight cents a hundred pounds. Monday's close on No. 2 grades found white corn \$2.75 to \$2.78, yellow corn \$2.68 1/2 to \$2.70 1/2, oats \$1.41 to \$1.45, and milo \$2.57 to \$2.59.  
 Active Cuban inquiry for rice contrasted with dull domestic markets. Wheat millfeeds rose sharply, while meatscraps and tankage fell \$15 to \$20 a ton. Alfalfa hay weakened and prairie hay remained dull as spring pastures improved. Peanuts held steady to firm. Wool contracting continued in Texas.  
 Hogs and sows lost 50 cents to \$1.50 for the week at most southwest markets. Texas and Oklahoma terminals took good and choice medium weight butchers Monday at \$20.50 to \$21, while Wichita, Denver and Kansas City paid \$19.50 to \$20.50. Sows brought \$14 to \$15 at Fort Worth and Oklahoma City and \$13 to \$14 at Wichita and Denver. Cattle brought generally 50 cents

to \$1 more than a week earlier. Stocker and feeder classes showed less strength than other kinds at Houston and San Antonio. Medium and good stocker calves sold around \$21 to \$25 at Houston, \$24 to \$26.50 at San Antonio, and \$23 to \$28 at Fort Worth. Oklahoma City medium yearlings and stocker steers largely from \$23 to \$28.55, while Wichita took medium and good light weights from \$23 to \$28. Denver paid \$27.35 for fleshy feeder steers.  
 Lambs gained around \$1 to \$2 at Texas markets during the past week, and even more at other southwest terminals. Ewes sold steady to \$1 lower. Good and choice spring lambs brought \$21.50 to \$23.50 at San Antonio Monday, and \$22 to \$24 at Fort Worth. Kansas City bought medium and good woolled lambs at \$24.75.  
 Egg markets held about steady despite slight weakness here and there. Current receipts brought 37 to 40 cents at Dallas, Fort Worth and Denver, and 40 to 45 at New Orleans. Hens and fryers held firm, with supplies about equal to demand. Roosters sold lower as the spring hatching season neared a close.  
 Cotton fluctuated widely, but closed Monday around \$3.75 a bale higher than a week before. Spot middling 15/16 inch reached 38 cents per pound at Dallas.  
 Texas strawberries started moving in carlots from the Poteet district this week and sold about a dollar a crate under Louisiana shipments. Hammond auctions averaged around \$6.15 to \$6.55 over the weekend. Beets and carrots strengthened in the lower Rio Grande Valley, and onions sold higher both at the Valley and

in the Laredo section. Valley potatoes and Louisiana sweet potatoes remained dull.  
**ATTEND DISTRICT GARDEN CLUB MEET**  
 Ten Hereford Women attended a two-day session of District 1, Texas Garden Clubs Inc. held in Odessa Friday and Saturday. They included Mrs. O. G. Hill, president, Mrs. John Jacobson Jr., Mrs. W. S. Fluit and Mrs. A. L. Manfoot from the Hereford Garden Club, Mrs. Carroll Whiteside, president, Mrs. Berry Jacobsen, Mrs. N. D. Bartlett Jr., and Mrs. J. R. Fowkes from the Garden Beautiful Club, and Mrs. F. H. Caraway, incoming president, and Mrs. J. D. Neill from the Bud-to-Blossom Club.  
 The Hereford Garden Club's scrap book won first place.  
 Louis XIV was a member of the Bourbon family.

5.75 ml.; Fr. US \$7. 4 ml. N. of Happy to Armstrong C. L.; Fr. Randall C. L. to Wayside; Fr. Texline east 7. 658 ml.

## J. C. RICKETTS, Realtor

Tom Hindman (right) and Press Dyer are shown in the above photo after a hard day's work on telephone lines. The picture was made in 1908.

## Long Time Ago

**45 YEARS AGO**  
 News Items—To Advertise the Great Southwest. Farmers, their wives, daughters, teachers, doctors, clergymen, and merchants of the small towns who have something to say are invited to write letters and longer articles about the locality in which they live in the Southwest. The territory includes Arkansas, Arizona, Indian Territory, New Mexico, Oklahoma and Texas.

Fremonts are offered for each state. J. W. Steele, Commissioner, Colonization, Southwestern Lines. (The following was in the same newspaper—an old tall Texas tale which may be new to some.)

Great is Texas—Rice fields whose area equals that of Connecticut, cane patches as big as New Hampshire, melon patches bigger than Rhode Island, cotton fields greater than the whole area of New England.

Here where we have snow covered plains in the northern part of the state while we eat fresh vegetables at Christmas in south Texas.

Where the hum of the saw mills in the east vie with the howling of fat cattle in the west 600 miles away and where peace, plenty and prosperity gently slumber beneath the sod awaiting the plowshare of enterprise, energy and push.

**25 YEARS AGO**

Front page news—W. H. Gilbreath sells two quarter sections of land to Frank Axe and Press Dyer. G. A. F. Parker acts as judge at Normal contest.

Excellent showing made by girl pianists—Amahlillo Musical Festival—Miss Mary McDonald takes second prize against whole Panhandle area.

Invite Marvin Jones for address April 23rd—at Chamber of Commerce—Pres. Homer Wilkinson announced National Guard committee would consist of Ralph Barnett, Dr. W. F. Galbreath and C. S. Purcell. E. W. Harrison reported on trip made to Plainview by him and Star Williams to attend Panhandle Swine Breeders Association. L. Baskin gave a report and read a letter from B. R. Commissioner Col. Powell. Secretary reported three names of canning factories received from A & M College.

Jury Settles Quannah Parker Paternity Case—Joe Elliott of Castro Co. brought The Brand a book on famous Indian chiefs by an author of unimpeachable integrity. Jury room in Jones & Barnett Office where Col. E. T. Woodburn, W. B. Farmer, Uncle Sammy Higgins, T. M. Palmer, J. O. Wood and other interested were assembled. The book says that Quannah Parker's father was one Peta Nocoma, a fierce Indian chief.

Although liquid in which vegetables are cooked should be saved for use in sauces, soups and gravies, they should not be held over more than a few days. They should be stored in covered containers in the refrigerator.

### Virginia Lyons Is Named Senior Sister At Stephens College

COLUMBIA, Mo. April 13—Announcement was made this week of the appointment of Miss Virginia Ruth Lyons of Hereford, Texas as a student at Stephens College here, as a Senior Sister for the 1948-49 school year in North Hall, one of the 25 residence halls on the college campus.

As a member of the Senior Sister Organization, Miss Lyons is one of a group of outstanding students who will assist in a program acquainting new students with Stephens traditions before their arrival on the campus.

Senior Sisters are chosen for their outstanding interest, ability, and personality, and continue to aid new students during the opening months of school.

Miss Lyons is the daughter of Mr. and Mrs. Frank P. Lyons of 511 Jackson, Hereford.

Serve a hot macaroni salad for a luncheon dish. A little like the popular German hot potato salad, it is made from cooked elbow macaroni, crisp bacon bits, onion, sweet pickle, celery, green pepper and salad dressing.

Spinach is always well-liked when it is served creamed and topped with browned buttered crumbs and crisp bits of bacon.

As a rinse after a shampoo, witch hazel removes traces of soap and leaves the hair soft, clean and sweet smelling.

To keep frames of pictures protected, see that the frames are waxed frequently. Several thin layers of buffing will do the trick.

When vacuum bottle containers are not in use, leave them open. Fresh air keeps bottles and corks fresh, but if they are closed, mold or stale odors may develop.

The experts go overboard

"This time it's Hudson"

the only car you step down into!

SEE THIS AUTOMOTIVE TRIUMPH AT THE HUDSON DEALER NEAREST YOU!

HEREFORD HUDSON COMPANY

1220 East 1st

AN auto-wise Detroit editor writes, "Hudson... will still be in a seller's market after the buyers' market returns." A Cleveland motor-car writer, "The public is in for a thrill!" From a San Francisco auto editor's column, "Hudson has really hit the jackpot!"

And so it goes—right around the nation! Men who have "seen everything" in automobiles go for the New Hudson.

It is the only American-built motor car you step down into when entering, not up on! This new development brings you sensational advantages—among them, newly streamlined beauty that would otherwise be impractical.

This kind of motor car is only five feet from ground to top, yet by stepping down, you get more head room and roomier seats than in any other mass-produced car built today—and there's good road clearance, too!

Because you step down, Hudson's new, all steel Monobilt body-and-frame\* completely encircles you, even outside the rear wheels, with a rugged, box-steel foundation frame—and this brings you a new measure of added safety.

You ride within this frame—cradled between axles—not on top of a frame as in the past. Hudson's new, lower center of gravity and rugged basic structure give this car delightful roadability—a lug-the-road way of going, especially on curves, that is so safe, so serene, so smooth, it is unlike anything you've known before!

See the new motor car the experts cheer. The nearest Hudson dealer will show it to you now! Hudson Motor Car Company, Detroit 14.

\*Trade-mark and patents pending

### Oriental Theme Marks Bay View Club Annual Guest-Day Tea and Program

An oriental theme was carried out in decorations for the Bay View Club annual guest-day tea held in the home of Mrs. Lee Benefield Thursday afternoon. A series of flower pictures in the dining room were arranged of double jonquils, narcissus and apple blossoms to give eye-catching appeal in Chinese yellows, jade green and oriental pastels. Tea gaieties and other table appointments repeated the colors of the flowers. Mrs. Colby Conkright, president of the club, presided at the silver tea service.

The program for the afternoon climaxed a study of China and was directed by Rev. Roy Ford who showed an educational sound film of China on her industries, her people and their customs and traditions. Musical background accompanying the film added to the oriental atmosphere for the film.

The program was arranged by the year book committee for the past year's work, consisting of Mrs. Roy Ford, Mrs. F. T. Roloson and Mrs. Geo. Heard. Mrs. Ford ex-

plained why the film was chosen and told guests something of the work of the past year.

Arrangements for the affair were handled by the social committee and included Mesdames: J. P. Slaton, Bob Wilson, Phillip Barkley, J. H. Sears, and Henry Benson.

Special guests attending were Mesdames: Joe Hudson of Seagraves, Norman Harris, J. M. French, Mark Benefield, Clyde Cave, Carl Ferrin, George Graham, O. M. Dinkley, A. Peterson, C. H. Dyer, Ida Hiestita, H. M. Thomas, Frances Houston, Francis Hardwick, Mary Seigler, Henry Melton, J. E. Beyer, Richard Bernard, J. B. Jones, Urilin Streu and Rev. Ford.

Members present were Mesdames: J. R. Allison, Phillip Barkley, Henry Benson, Essie Cardwell, Colby Conkright, H. G. Conkright, Herman Ford, Roy Ford, E. W. Harrison, George Heard, A. M. Jones, J. W. Kirby, Paul Mathers, John McLean, G. A. F. Parker, J. H. Sears, J. P. Slaton, J. W. Spradley, Bob Wilson, R. B. Miller and the hostess.

### First Industrial Exposition Slated At Fort Worth

The First Annual Southwestern Industrial Exposition will be held in Fort Worth from May 30 to June 6 to emphasize the wide range of manufactured products turned out in the plants which have sprung up in Arkansas, Louisiana, New Mexico, Oklahoma and Texas.

So important is the Southwest's industrial awakening that the region has been classed as one of the fastest growing industrial areas of the nation.

Behind the exposition is the intent to acquaint buyers and consumers from all parts of the United States with the important place Southwestern industry occupies, and to open new trade channels.

The exposition will be held in four of the six new concrete buildings erected behind the Will Rogers Memorial Coliseum and Auditorium. It gives Southwestern industrialists their first opportunity to concentrate the manifold outpourings of their machines in one public exhibition.

The exposition is sponsored by 11 Chambers of Commerce and manufacturer's organizations in the five state Southwestern area.

## HEREFORD'S PIONEER DAY CELEBRATION, MAY 8th

MAY 8, 1948, HAS BEEN SET ASIDE to honor the pioneers and developers of our home town and community. May 8 is the 50th Anniversary of Hereford.

WE ARE STAGING A CELEBRATION to give fitting tribute to that group of people who: Pioneered a virgin territory, established homes from which we came, have kept this community in the foreground, developed the community's every interest, promoted our growing retail and wholesale businesses, and who are still planning for the expansion of Hereford.

PIONEER DAY IN HEREFORD IS YOURS! LET'S CELEBRATE! Lay aside your daily routine and join in this fun. It's always a grand time when old friends get together; shall we make this the grandest time of them all? SURE!

CONSIDER THIS A PERSONAL INVITATION to come to Hereford May 8—everything has been done to make the welcome warm, the occasion gala, and the fun terrific. IT'S MAY 8th IN HEREFORD!

"WHEN A DEAF SMITH COUNTY WHEAT FARMER THINKS OF HAIL THESE DAYS, HE SAYS SOMETHING THAT SOUNDS ALMOST EXACTLY LIKE IT"

We are in position to take care of this kind of trouble

# HENRY'S NAME TO APPEAR ON TEXAS GENERAL ELECTION BALLOT, BUT Texas Wallace Backers Steer Clear of Demo Party Caucuses in State, County, Precincts

Wallaces flatly deny they have any designs to meddle in Democratic party affairs this year. They don't want to have anything to do with the democratic precinct, county or state conventions. That makes it mutual, because the democratic leadership doesn't want the name of Wallace at their conventions, either.

Gov. Beauford H. Jester made this clear here recently when he revealed the party leadership is raising a "red chest" to fight what he calls "leftist" elements who are trying to take control. He was asked if the wallaces are going to try to infiltrate the democratic party, and replied:

"We will know more about that after the meeting here Sunday." Jester was referring to the state gathering at which a Texas Wallace Party President club was organized and plans were made for a state con-

vention April 25 to form a new political party. It will probably be called the Texas Progressive Party, and it is being organized to make certain Henry Wallace's name is printed on the general election ballot in November in compliance with Texas' complicated election statutes.

Herman Wright of Houston, chairman of the committee, reminded the delegates attending the pre-convention session here that they would disqualify themselves as members of the Wallace party if they attended democratic party sessions. No one argued the point.

Wright and other leaders of the Wallace movement have never been prominently identified in democratic party affairs in Texas, although most of the people questioned by this correspondence at the meeting here said they had been Democrats.

Notably absent from the Wallace movement are any of the topflight leaders of the pro-Roosevelt faction of the Democratic Party that won control of the party machinery in Texas in September, 1944. Many of them are active now as pro-Truman Democrats.

Wright is a Houston Labor Lawyer. Ben Ramey of Houston and Joe Bailey Irwin of Dallas have been active in young Democratic affairs, but not since the middle-of-the-road group won control. Arthur Mandell of Houston is Labor Law lawyer.

The Wallace meeting was opened with prayer by a negro minister. The Rev. Stacy Adams, who has been a democratic precinct committeeman in Dallas. He said he would resign since he has identified himself with the Wallace Party.

There was a great deal of talk against racial discrimination at the Wallace meeting, which was held at a dinner club where no objection was raised to admitting negroes or Latin Americans. They sat down with the Anglo-Americans in the business sessions, and at lunch, except in one instance, and this did not involve a negro.

### Shrubs Injured by Freeze Should Be Pruned in April

COLLEGE STATION, Apr. 20.—Early flowering shrubs which were injured recently by the late freeze should get their annual pruning at this time, says Miss Sadie Hatfield, extension landscape gardening expert of Texas A. & M. College.

If the roses, jasmine and other shrubs injured by the frost March 10 and 11 have not been pruned back yet, take comfort in knowing that the injury has not been increased through neglect. Most injury in Texas takes two forms: killing of the outer twigs and frost cracks along the larger limbs and sprouts.

Twig injury is easily removed on roses, other shrubs and trees. By this time it is easy to decide how far back the twig needs to be cut in order to remove the dead part. Choose a healthy bud and make a slanting cut about one-half inch above the bud. It is important that the cut be made in the right place. If the cut is made too far above the bud, a dead stub will be left. This may cause a dead streak of "black heart." On the other hand,

### SKATE IS SNOW FLOW

LONDON. A scientist has a new explanation of ice-skating.

A skate is a snow flow that cuts its way through the ice.

The old theory was that the skate blade warmed up due to friction and melted its way along. This was known as the phenomenon of "regelation"—the melting and refreezing of ice under pressure.

The scientist, A. E. Bell, in a letter to Nature magazine, said that regelation couldn't be the last word. According to his formula melting accounts for only one eighth of the amount of ice actually displaced. The rest must give way somehow.

"It looks," he concluded, "very much more likely that the skate makes its track in the ice through plastic deformation of the solid rather than that melting away plays any great part."

### Political Announcements

The following have authorized the Brand to announce their candidacies for office, subject to action of the Democratic Primary on July 24, 1948.

For Sheriff, Tax Assessor, and Collector: J. C. REESE (Re-election)

For County Treasurer: MRS. VELMA HODGES (Re-election)

For County and District Clerk: ROBERT THOMPSON (Re-election)

For County Attorney: OWEN L. BYBEE

For County Commissioner, Precinct Number One: TROY MOORE (Re-election) J. E. (EARL) SPRINGER

For County Commissioner, Precinct Number Two: J. C. (CLARENCE) MORRISON G. T. HIGGINS

For County Commissioner, Precinct Number Three: J. T. GUINN (Re-election) VACHEREL (V.) RIDLEY

For County Commissioner, Precinct Number Four: JOHN I. MORRIS (Re-election)

For County Judge and Ex-Officio School Superintendent: LEONARD H. FOSTER (Re-election)

For Justice of Peace: ANDY THOMAS

his cows increased 50 percent in milk production on potato ensilage over previous dry feeding. Hackney mixed potatoes with grain sorghum at the rate of 300 tons of spuds to 80 tons of grain sorghum.

C. L. Wyrick of Tulsa who mixed potatoes with grain sorghums and millet in a ratio of approximately five to one, reports that "potato silage did not seem to increase the milk flow too much, but saved on other feed with the exception of protein." He added that the potato silage was good fattening feed, and probably saved him a thousand dollars above other feeds he would have had to buy to take its place.

Almost all feeders who used the potato silage in experimental feeding last year indicated in their reports that they would buy potatoes for feeding purposes if they are available again.

## The "Stop-at-Nothing" Vehicle the Whole Country Needed—4-WHEEL-DRIVE UNIVERSAL 'Jeep'

THE UNIVERSAL 'JEEP' is the kind of vehicle this country has needed for forty years. It is a tough, rugged vehicle that can always be depended on to take men and supplies where they are needed.

With selective 2- and 4-wheel drive, the Universal "Jeep" gives speed on hard roads and ability to get over bad roads or travel cross-country. With all four wheels pulling, you go through mud, sand and snow that stops ordinary vehicles. The "Jeep" will climb a 60-per-cent grade and maneuver its way through dense growth.

For every kind of work—on or off the road, in any weather—the Universal "Jeep" measures up to every need. We invite you to drive the "Jeep" fifty miles and see for yourself.

New little guards of plastic will protect the fingertips while nail polish is drying. The little guards are slipped over the fingertips before applying polish. After the polish is applied, the top cover, which has been folded back, is clipped into place to cover the wet nail.

Metallic paints, such as shiny white paint used on radiator, may cut down the amount of heat given off, points out the Department of Agriculture. The darker the paint, the more heat given off the radiator, it says.

### Survivors of World War II Veterans Eligible for Social Security Pay

Many people still do not know that old-age and survivors payments under the social security act may be payable to survivors of World War II veterans.

John R. Sanderson, manager of the Social Security Administration Field Office at Amarillo, pointed out that since this protection is based entirely on military service, it is not necessary for the veteran to have held a social security card or to have normally been covered by the Social Security Act. Among the groups which normally are not covered by social security but who are protected by this amendment are agricultural workers, professional men, and the self-employed.

In general, this legislation provides protection to survivors if the

veteran served in the armed forces at least 90 days, was honorably discharged, and death occurred within three years of the date of his discharge. The amendment does not provide for benefits to survivors of servicemen who died while on active duty. However, the survivors of the servicemen who died while on active duty and who had worked in employment covered by the Social Security Administration long enough to be insured may still be eligible for benefits under the regular provisions of the Social Security Act.

Sanderson said that since these benefits are not automatic, claims must be filed at the nearest Social Security Administration field office.

C. R. Hughes, Bob Ase, a guest, Mrs. Peterson and the demonstrator, Mrs. Draper.

The next meeting scheduled for April 27 is at the home of Mrs. J. D. Hill.

### Escapes from Behind Iron Curtain To Attend Wayland College This Year

A family who escaped from the Russian Iron Curtain will attend Wayland College this summer.

Two Latvian refugees, George Lambert, who escaped Russian-occupied Latvia in a fishing boat, and his wife, who fled with other destitute countrymen, are presently in the United States. They are participating in Baptist meetings in various Texas churches.

Dr. J. W. Bill Marshall, Wayland College president, met with the couple at the Baptist World Alliance in Copenhagen, Denmark, last summer, where Lambert directed a choir of Latvian refugees. According to Dr. Marshall, both Mr. and Mrs. Lambert are excellent singers.

A Lubbock physician, who asked that his name be withheld, has given \$750 to defray tuition and other expenses for Rev. Lambert during his first year of residence at the college.

The Lamberts have a son, Andria, who will arrive in the United States in April, and will also attend Wayland. The family has applied for citizenship in this country.

George Lambert petitioned the U. S. Attorney General for entrance to Wayland, and the Department of Immigration and Naturalization has granted the college approval as acceptable for nonquota immigrant students.

Spring appetites call for fresh rhubarb. To store it by the double boiler method cut the rhubarb in one-inch pieces; place it with sugar in top of double boiler and cook, covered, over hot water until it is tender. It should be soft but still hold its shape. Cooking it this way without added water gives it a delectable flavor and color. About one cup of sugar may be used to 2 pounds (5 to 6 cups) of diced rhubarb.

### William Mitchell Is With Eighth Army in Japan

WITH THE EIGHTH ARMY IN YOKOHAMA, JAPAN, April 9—Private First Class William E. Mitchell of Hereford, Texas, recently qualified as expert in the annual carbine marksmanship training and range firing program being conducted at Aitugi, Japan, where each year Eighth Army men take approximately one week from their occupation duties to review the fundamentals of marksmanship.

Now stationed at Yokohama, Japan, Mitchell is assigned to Headquarters Company of Headquarters, Eighth Army, the occupation army in Japan commanded by Lieutenant General Robert L. Eichelberger.

Pfc Mitchell is the son of Mr. and Mrs. John G. Mitchell of Redwood City, California. He enlisted in the Regular Army on December 27, 1946 and has been serving in Japan with the occupation forces since April 18, 1947.

### Fairview Club Has Meeting April 13 In P. Rush Home

Members of the Fairview Home Demonstration Club met with Mrs. P. Rush April 13.

Mrs. Tom Draper, CHDA, demonstrated the cleaning, oiling, and caring of a sewing machine.

Members attending the meeting were, Mesdames, P. Finney, J. D. Hill, E. W. Womble, E. W. Womble Jr., Byron Campbell, Jack Higgins,

## VA Relieves Training Officers Of Most of G. I. Job-Training

The Veterans Administration Regional Office at Lubbock today relieved its training officers of all responsibility for the direct supervision of 14,284 non-disabled World War II veterans in training under the GI Bill in the West Texas Region, Robert W. Sisson VA Manager, announced.

He said that the change will permit VA's training officers to devote more time to the needs of the 2,242 disabled veterans in training under the Vocational Rehabilitation Act (Public Law 16) in this region. The law gives VA full responsibility for the training and rehabilitation of these veterans.

In suspending supervision of GI Bill trainees by direct contact, VA

called on all schools and business firms conducting on-the-job training to meet fully their obligations under the GI Bill. VA will look, with an increased extent, to the State Approving Agency to carry out its obligation to approve only schools and establishments that are fully qualified and equipped to give good courses of instruction and that are otherwise satisfactory on the basis of current inspections.

Schools and job training establishments are obliged to furnish effective education and training to each veteran they enroll and to promptly notify the regional office when a veteran stops his training, VA said.

The institutions must not keep a veteran in training any longer than his conduct and progress warrant. They must provide VA with reports of the veterans' attendance and progress. VA will use these reports, along with spot checks of veterans in GI Bill programs, to safeguard the veterans' rights to adequate training and to prevent possible fraud against the government.

The new supervision policy varies among the different types of training institutions. No change was made among colleges and universities which already have the responsibility to supervise all veteran students they enroll. VA will use periodic conduct and progress reports and spot checks to supervise ex-servicemen and women in other schools and in job training establishments. Spot checks will be used in supervising veterans taking institutional on-farm training.

Siberia is separated from European Russia by the Ural Mountains.

## HOWELL FAMILY SWEEPS BLUE RIBBON CLASSES Dimmitt FFA Youth Wins Top Honors at Plainview Show

Herbert Howell, 18 year old FFA youth, walked away with most of the top honors at the Panhandle-Plains Dairy Show in Plainview last Friday.

Despite the fact that only four of his small string of six Milking Shorthorn heifers were old enough to classify for the show, young Howell walked away with more ribbons than any other breeder at the show.

Among his honors were:  
 Junior Champion, milking shorthorn cow.  
 First place in the best trio of cows in milk.  
 First place in the best pair of cows in milk.

Second place in the 2-year old female class.  
 Second place in the senior yearling class.

And he just missed the Grand Championship in the Milking Shorthorn female class. His junior champion was outpointed in the final judging only by a cow acclaimed by the judges as the best ever to win the grand champion laurels at Plainview.

Herbert is the son of Mr. and Mrs. Mose Howell, who live 9 miles west of Dimmitt, but give Hereford as their mail address.  
 Mr. Howell, himself, won a few

honors just to keep the lion's share of the ribbons in the family. His champion herd bull, Roth Acres Roan Lad, who was shown by son Herbert, topped his own class (bulls calved before March 1, 1945) and went on to win the Senior and Grand Championships of the show. W. F. Caraway and Son of Hereford placed second in the class of bulls calved between March 1, 1946 and August 31, 1946, and seventh in the class of bulls calved between March 1, 1947 and December 31, 1947.

Harry Rothwell of Dimmitt took blue ribbons for the best yearling herd, the top Graded Herd, the first place Get-of-Sire, and the best pair of calves.

Castro County was awarded the County Herd prize.  
 Mrs. Maud Monifort went to Carlsbad Caverns Sunday and was accompanied by her daughter, husband and young son, Mr. and Mrs. Tommie L. Pope of Amarillo, Texas.

## Dr. Norman Harris Plans to Move to Amarillo Soon

Dr. and Mrs. Norman Harris and son have bought a home in Amarillo on Bryant St. and will soon move there. Dr. Harris some time ago bought an interest in the Washington Center Clinic where he will continue his work.

He will still hold an interest in the clinic here also but Dr. R. E. Lingenfelter will be in charge. Dr. Lingenfelter and his family have recently bought Dr. Harris' home and will live there as soon as the Harris family leave.

Opium is derived from the white poppy.

Miss Christine Fortenberry was hostess to the Bippus Home Demonstration Club which met Wednesday at the Bippus Community House. After a short business session the afternoon was spent cleaning the Community House.

Members present were Mesdames J. V. Perrin, Richard Evans, D. C. Banks, C. F. Homfeld, Herman Sanford, and the hostess.

Mrs. R. K. Pinnell will be hostess for the next meeting.

Dick Randall, son of Mr. and Mrs. Forest Randall, one time residents of Hereford, arrived last week end to spend some time in the home of his grandmother, Mrs. G. R. Jowell.

Asia occupies one third of the total land area of the earth.

Victoria Falls are in British Equatorial Africa.

### Spring Luncheon Entertains Club

Bud-To-Blossom Club held its annual spring luncheon Friday in the home of Mrs. George Springer with Mrs. Marvin Knox as co-hostess.

Individual favors were arranged as table decorations with pansies and sweet peas.

A short business session followed the luncheon when members planned to prepare a float for Hereford's Pioneer Jubilee celebration on May 8. Mrs. Lee Kent was named chairman of the arrangements committee. Garden seeds were collected in cooperation with the national organization of garden clubs which sponsors sending the seeds to European countries.

Those attending the meeting were Mesdames: R. A. Daniel, Paul Harvey, Lee Kent, Ernest Kerr, Marvin

Knox, C. W. Parker, W. H. Patton, Arthur Tiersel, Chester Wiggins, Richard Winget, Norman Gray, Tom Howard, William Hull and the hostess.

### Doris Lee Singer To Give Recital

Doris Lee Singer, daughter of Mr. and Mrs. Robert Stinger, formerly of Hereford and now of Dimmitt, will be presented in a song recital at the First Baptist Church in Dimmitt Sunday afternoon. Mary Helen McElvay will be accompanist.

Doris Lee is a student of Miss Mattie Mae Sisher and a member of the Hereford Voco Club. She will present a program of songs from "The Child's World." Interested friends are invited to attend the recital.

Hugh A. White from Dallas where he attends S. M. U. visited friends and relatives in Hereford Saturday and Sunday.

### Home Demonstration Club Activities

#### WYCHE CLUB PLANS GUEST-DAY

Wyché Home Demonstration Club made plans for guest day program at a meeting held Thursday afternoon in the home of Mrs. W. T. Kelly in Hereford. The guest-day affair will be held on May 6 in the home of Mrs. Curtis Trawek.

During the business session plans were also made for the club float which will be entered in the Pioneer Jubilee celebration on May 8. The float will feature a comparison between wash day when mother was a girl and the modern wash day.

The program consisted of a talk on preparing and finishing walls by Mrs. W. T. Carmichael, and a discussion of floors by Mrs. Ira Ott. Moving pictures were shown by Curtis Trawek.

Those present were Mesdames: H. F. Hume, V. P. Walker, A. E. Jury, Ira Ott, W. T. Carmichael, N. G. Elliston, Ira Scott, George Clingen, Florence Curtis Trawek and the hostess.

#### FORD H. D. CLUB

Ford Home Demonstration Club met recently in the home of Mrs. Chris Wegner for a program on walls and floor finishings. Mrs. George Epling, Mrs. N. D. Ferguson and Mrs. Luther Lesley gave talks and group singing was enjoyed.

Mrs. Hardy Benson gave a demonstration of a Betty Crocker cake icing. The next meeting will be held with Mrs. Maxey Dowd.

### Two-Day Show Is Planned By Garden Club

An unusually elaborate spectacle has been planned for the Hereford Garden Club's two-day spring flower show to be held Saturday and Sunday at the Camp Fire Hut.

A musical theme will be carried out in the show emphasizing an over-all effect of a "spring symphony" with members of the four Gay C. C.'s staging a musical style revue.

Flowers exhibited will come from homes of members who have planned many months ahead in order for them to be good enough to share with the public. There will be an admission charge of 12 cents for children and 40 cents for adults.

The show will be open to the public from 2:00 p. m. to 10:00 p. m. Saturday and from 2:30 to 6:30 p. m. on Sunday.

A community flower show is one of the greatest assets. It knows no class nor creed. It is of, for and by the people, binding the interest of all who share in its artistic beauty.

#### Sewing Club Meets

Jolly Workers Sewing Club met with Mrs. Travis Caraway Thursday afternoon with an exchange of recipes given in answer to roll call. The afternoon was spent in sewing for the hostess, after which refreshments were served to Mesdames: Roy Boyd, who won the penny gift, Barney Boock, Jimmie Mercer, Ray Suit, S. S. Williams, Chas. Calloway, and the hostess.

### Frio

BY LAMERLAS BERRYMAN

Mr. and Mrs. Lee Little of Hereford and Mrs. Dulaney of Borger visited in the Earl Cole home Sunday morning.

Mr. and Mrs. W. H. Thompson Wade and Lavon, and Larry Dobbs were Sunday dinner guests of Mr. and Mrs. A. E. Barnett and family.

Mr. and Mrs. David Yandell were Sunday dinner guests of Mr. and Mrs. L. D. Irwin.

The G. A. Girls honored Mrs. Truett Allen with a surprise dinner in her home Sunday. Those attending were Rose Yandell, Velma Irwin, Betty Robbins, Oma Ruth and Gladys Thompson, Lanella Mobley, Verdelle and Frances Andrews, Sue Berryman, Genelle Sherry and Evelyn Jean Benson, three Chester girls, and the honoree and family.

Mr. and Mrs. O. W. Farris and Walker attended a reunion of the Poindexter family in Lubbock Sunday.

Mr. and Mrs. E. H. Little and Lydia Robbins were Sunday dinner guests of Mr. and Mrs. Nate Thomas near Hereford.

Miss Lamerlas Berryman accompanied the Seniors of Hereford High School on a four-day trip to Craterville, Okla.

Floyd Cole was honored with a birthday party in his home Sunday. Those present were Mr. and Mrs. Earl Cole, Ray and Donna.

Mrs. H. M. Mobley and family, Mrs. Tom Taylor, Mr. and Mrs. Raymond Mobley, Denny Kent, and the honoree and hostess.

Mr. and Mrs. George Parker, J. E. and George Jr., of Lubbock spent part of last week in the Yandell and Farris homes.

Betty Robbins who is a member of the Hereford High School Glee Club, accompanied the Glee Club to Dimmitt Thursday, where they presented an assembly program.

Mrs. H. M. Mobley, Mrs. Tom Taylor, and Mrs. Floyd Cole were Clovis visitors Friday. Mrs. Earl Cole returned home with them after a week's visit there.

Mr. and Mrs. H. E. Lindley were Sunday dinner guests of Mr. and Mrs. J. H. Simpson.

Mrs. Grace Little, Leland McMurray, and Gladys Gore visited in the E. H. Little home Saturday night.

Mrs. Dorothy Mobley spent the week-end in Gallup, N. M.

Mr. and Mrs. Frank Robbins spent Sunday with Mr. and Mrs. Fred Moreman.

Mrs. R. S. Scott was in Hereford this week and made preparations for the Scott family's move to Lubbock where they will live. The Herman Gray family have bought the Scott home.

A dauphin was the eldest son of the King of France.

### Lillard Painting Is Prize-Winner at Tri-State Show

Wilton Lillard of Frio was awarded first prize in the Student's Division of the Tri-State Art Exhibit, sponsored by the Texas Federation of Women's Clubs, at Pampa recently.

Lillard's prize-winning work was an oil painting which will be entered in the State Exhibit at Abilene Saturday.

The youthful Frio artist has painted several murals for Hereford business firms in recent months, among them the murals at the Hereford State Bank, Triple E Cafe, Green Hedge Cafe, and the out-door advertising sign on the J. G. Weir Building which is seen from Highway 60 at Main.

He is the son of Mrs. Carrie Lillard of Frio, and a brother of Mrs. Lewis Woodford of Hereford.

Mrs. J. J. Clayton underwent an operation at the Memorial Hospital in Lubbock last week. She is the mother of Mrs. M. T. Ruster of Hereford.

John Cabot, a Venetian, was the first man to cross the Atlantic under the English flag.

### TELEPHONE "CAPITALISTS"

250,000 Telephone Employees Are Buying Telephone Stock

They work for the telephone company and they are buying American Telephone and Telegraph Company stock through regular payments out of wages—in accordance with a special company offer.

All regular Bell System employees who had six months' service on August 31 were eligible to participate, except officers of A. T. and T.

More than 15,000 of these tele-

phone men and women work for the Southwestern Bell Telephone Company.

They have a stake in the business beyond their jobs. They are partners as well as employees.

These are the "capitalists"—hundreds of thousands of them throughout the United States—who help to make the telephone company a good company and America a great country. "It could only happen here."

Another Letter to the Editor from . . .

**The Bootleg Philosopher**

Dear Editor:

I was readin in a newspaper the other day which I picked up off the counter in Ike's Cafe where some scientists in Chicago are studyin different ways of livin in order to avoid high blood pressure, and one of 'em claims farmin is the way to live and be healthy.

Course he ain't farmin himself, but for once I will agree with a city man, providin he understands what kind of a farmer he's talkin about.

Now you take a man like this fellow Robertson which you published a letter from last week. (Ed. Note: See The Brand, April 15) . . . there's a feller who has really learned to avoid high blood pressure, only I can go him one better because if I can't get my work done without no tractor at all I'll do just like he done and go back to Pennsylvania where a one-horse farm is still what it used to be.

Trouble with these tractors is that they never know when to stop

unless they run out of gas or have a mechanical breakdown, and no-body ever heard of a horse being afflicted with either one of these defects, but a good horse has got sense enough to get tired and want to rest occasionally, which is the best guarantee I know against high blood pressure. Take my team for example, they ain't the fastest plow-horses in the country, and some folks might think they are slowest, but I figger they're geared just about to my speed and I ain't complainin and wouldn't trade 'em in on any confounded tractor.

Now you take a farmer like my neighbor from across the road. If you want to get high blood pressure, just practice farmin like he does. He plans his work.

For example, maybe Sunday he will decide he will start plowin first thing Monday morning. That ruins his day Sunday, as he comes outside every few minutes peerin at the sky and speculatin on the chances of rain.

Monday morning he's up after a restless night and after worryin over the air pressure in his tractor tires and wonderin how the gas in his storage tank ever gettin up it seems like he filled it up only last week, he starts plowin and worryin, worryin over the wind blowin, over the ground dryin out, over whether he'll get through before it rains. After three days of this, when he's about through with the field, he begins worryin over the fact it ain't rained yet.

This goes on all the time, from field to field, rain to rain, drought to drought, week to week, month to month.

If he makes a crop, he worries over whether to sell it or hold it, if he sells it he wishes he'd held it, if he holds it he wishes he'd sold it.

Why, in all the time I've known that neighbor, ain't been over four or five times that everthin was about right and things suited him, and he ain't by himself, as half the farmers right now is worried over the drought, providin it don't rain by the time the mail man gets this in to you, in which case they're worryin over the wet spell.

Now I don't know how they stand up to it, but these farmers get their farmin done and produce enough for the world, but personally it would give me high blood pressure.

If you want to live a long time, don't ever plan your work. Don't let yourself or your mule or your wife or your banker know what you are gonna do tomorrow, and if the notion strikes you when you get up, don't do nothin. I ain't callin no names, but I know several people in town who uses the same philosophy, which works the same, town or country.

Yours faithfully  
J. A.

Green cabbage is a crisp and delicious addition to spring meals. Quarter it, place it in enough boiling water to cover and cook uncovered just until tender; this will take no more than 7 to 12 minutes. Leaving the saucepan uncovered will help dissipate any strong odor.

**Tech Is Host To Regional Track And Field Events**

LUBBOCK, April 19—Texas Tech College will be the center of the championship play-offs in the Region One Interscholastic League meet on April 24.

Director General Ernest Wallace said that this year three champions will be recognized in each interscholastic district, AA, A and B competing within their respective conferences. Prior to this year's meet, the winners in each of the conferences have competed against each other.

Other changes which affect the league this year include an extended boundary and additional membership in Region One. The Texas

Tech campus will be host to teams from schools east of Lubbock through Wichita Falls; to the south through Monahans and El Paso; north through Amarillo and Dalhart and west to El Paso. The Junior high schools only from the cities will be included in the Region One meet here, Wallace explained. Senior high schools will compete in a similar meet in Abilene.

Three times the number of contests will be underway during the day-long competition this year with three distinct meets. It probably will be necessary to begin the tennis matches on Friday afternoon, April 23, Wallace said.

Full sunshine and long periods of light, cool nights and moderately warm but not too hot days give strawberries both their best flavor and their highest value in ascorbic acid (vitamin C), says the Department of Agriculture.

### Marriage of Lucy Marie Welty And James A. Derryberry Here Friday

At 7:29 in the evening, Friday in the First Methodist Church, Miss Lucy Marie Welty became the bride of James A. Derryberry, son of Mr. and Mrs. J. E. Derryberry of Mountain View, Okla. She is the daughter of Mr. and Mrs. H. C. Welty of this city.

The vows were read by Rev. O. B. Herring, pastor, in the presence of close friends and relatives before an altar background of all-white flowers and greenery. White gladioli and stock in basket arrangements were combined with white tapers in seven-branched candelabra to form the effective setting. Pews were tied with white satin ribbon bows.

Mrs. W. J. Stanford, organist, played a medley of wedding music as

a prelude to the ceremony, playing "Ah Sweet Mystery of Life" as Guiletta Gunstenson and Sallie Wombie lighted the candles and "Ave Maria" as the mothers were seated. She accompanied Bettye Katherine Hodges who sang, "I Love You Truly" and "Decease" and played "The Lord's Prayer" as soft musical background for the ceremony. Mrs. Stanford also played the traditional wedding marches.

Mrs. Lyndall Murray attended the bride as matron of honor, wearing a pale aqua dress trimmed in white and carrying a bouquet of red and white split carnations. Mr. Lyndall Murray served as best man and J. B. Sowell, Arton Williams, Junior Lel-

sure and Donald Shipley were ushers.

The bride chose an all-white ensemble. Her frock was of crepe, made two-piece with corded ballerina skirt with fitted waist and cape sleeves. Tiny self covered buttons extended from the neckline to the waistline in the back. She carried an arm bouquet of American Beauty roses showered with lily of the valley and tied with white satin streamers. The traditional custom of something old, something new, something borrowed and something blue was carried out by the bride and she carried her handkerchief tucked in a gold band which adorned her great-grandfather's walking cane, a gift from his bride more than a century ago.

The reception which followed the ceremony, was held at the home of Mr. and Mrs. D. L. Welty. White lace, white candles and the three-tiered wedding cake, encircled with corsages of red and white roses, made lovely adornment for the bride's table. Appointments were in crystal and silver and Miss Alice Morgan served punch with Mrs. D. L. Welty serving cake. Minnie Alice Wells presided as guests registered.

When the couple left for a short wedding trip the bride wore a powder blue dress with short red coat. Her white rosebud corsage matched white accessories. They will make their home at 300 E. 6th St.

Mrs. Derryberry is a senior in Hereford High School and will graduate with the 1948 class next month. Mr. Derryberry is a graduate of Cowden, Oklahoma, High School. He is employed at Suits Auto Supply Co.

#### Armstrong Reserves Exposition Exhibit

The Armstrong Prescription Fertilizer Co., of Hereford has reserved an exhibit booth at the First Annual Southwestern Industrial Exposition, C. W. Wofford, president of the exposition, announced today.

**SPRING, AND TOWN LARAMIE, WYO.**—(AP)—It was a long, hard winter for Mrs. Muri Robbins.

Snowbound at her ranch home 87 miles northwest of Laramie nearly five months, she finally made the long-awaited trip to town. It only took two days—by horse-drawn-sleigh.

Mercator's projection is a map in which the points of the compass preserve the same direction all over the map.
