AROUND TOWN SIGHTS, FACES SEEN

If we heard the story right, there's a Texas-bred mockingbird out at the Earl Springer place that has the entire family in a state of confusion. It seems that Franklin, a high school freshman this year, has a pet horse which is just as ornery as a mackerel, but not as ornery as a mockingbird can get. Franklin used to pile his pockets with lump sugar to feed his horse, and said horse would nuzzle Franklin and any newcomers fondly hunting sugar. Every morning when the horse heard the screen door slam, he'd come around neighing, expectantly looking for sugar. Well, the mockingbird flew into town, sat around a few mornings and watched proceedings. Now he's taking up neighing and sounds so realistic that it even has Franklin confused at times. We know it must be a Texas-bred bird because where else could you find a mockingbird that sounds like a horse?

The animated bicycle rider at Western Auto Store has certainly been causing a lot of comment. Now the \$64 question is "How many miles will he travel in the next three weeks, if he keeps right on riding?"

B. H. Tate, who will be in charge of the Texas Employment office at the intersection of Highways 51 and 60, has arrived in Hereford and taken over his duties. Mrs. Tate will join her husband about the first of July. Their permanent home is in San Antonio.

The United States army and Air Force will have a recruiting representative in the Post Office building lobby every Monday morning from 10 to 2 o'clock, according to information from the Amarillo office.

Raymond Childers, talented young pianist, was one of the performers on the Talent Hour Show held at the 4-H Roundup at College Station last week, and was such a top notch hit he was the only single performer called back for an encore. Robert, son of Mr. and Mrs. Raymond Childers, who live northwest of Hereford, will be a freshman at Hereford High next year. He has been playing the piano for several years, and won first place at the Amateur Hour held in Hereford last year. He and young Howard Hill were selected as delegates to the Round-Up from the local chapter and when they arrived at College Station, Raymond happened into the audition room quite by accident. He made such a hit, however, the audience of kids kept calling him back to play for their own entertainment, and Raymond easily won a place on the Talent Hour Show, capturing that audience as easily as he had the first.

Sylvester Slagle and his son, Stanley, are telling weird tales about their run in with the lightning Friday afternoon. When the electric storm blew up Sylvester and Stanley hopped in their pick-up and drove out to the pasture to see about some of their cattle. They were standing beside the truck, one on each side and the lightning played around the field. Suddenly, a sharp bolt of lightning hit near there. It knocked Stanley to the ground and Sylvester swears that electricity shot out of his fingers. Well, the Slagles left the field hurriedly, leaving the cows to their own devices. About 20 feet away they discovered a dead cow and calf, killed by the bolt.

Well, in case you hadn't noticed, we had. According to the Thursday Brand the Baptist Church is going to build a new addition and it will be equipped with a fellowship hall. It was just a typographical error and we apologize.

School Trustees Delay Action On Assigning School Districts

County school trustee board members have been meeting this week to discuss arrangements for the Sims, Messenger and Wallcott school districts, which as dormant districts, must be assigned to one of the adjacent school districts before the beginning of the 1949-50 term. Tuesday night Hereford Rural School officials and trustees met with county trustees but the group postponed making any decision until the state meeting which will be held in Amarillo June 23 and 30, at the High School. State Board of Education officials at that time will explain the new Gilmer Aiken plan and answer individual questions regarding how various parts of the plan affect separate districts. Ezra Norton, president of the

Jointly school board, said the board planned to attend the meeting and the local board of trustees will also be at the meeting.

On Monday night representatives of the three districts under consideration met at the Phillip Miller home to discuss what arrangements they would recommend for their separate districts.

Under the provisions of the Gilmer Aiken law any dormant school district must send its scholastics to some adjoining district, and all scholastics must attend the same school. The county board of trustees is given the power of decision, but Ezra Norton had announced that the local board would not make any binding decisions until they had conferred with representatives of the districts under consideration regarding their personal recommendations in the matter.

Try To Cap This One And It's The Truth

Some people brag about the fish they catch; not Doc Kirby; he's got to be different. This week Doc is bragging about the rattlesnake he hooked out at Buffalo Lake.

Sunday, Mr. and Mrs. Kirby their two sons, Terry and Jeffrey and Jackie Ailman were sliding over Buffalo Lake doing piecemeal fishing when Doc looked down and saw the rattlesnake slithering through the water.

They gave chase in the motor boat and Doc cast after the snake, hooking him right in the middle. He pulled him in. When they got his all stretched out, he measured about four feet long and was well equipped with five rattles and a basket.

Yes, Doc's bragging about his haul, but he's kind of worried, too, about the sportsmanship involved. You see, the snake's rattlers were water logged.

Locate Land Public Designated for Sale

Deaf Smith County's 126 acres of public land, designated for sale, has finally been located.

According to the General Land Office representative, Field man Richie, who was in Hereford this week, the 126 acre strip runs through Castro and Deaf Smith Counties out by Summerfield, with most of the strip lapping over into Castro.

The strip grows narrower as it stretches north and there is a farm road bisecting it.

A release from Escom Giles, state land commissioner, stated several months ago that the land was for sale, but no definite location was given and there were no records of land so designated in the County Clerk's office.

Drunk Driver Plows Through Show Window

Charges of driving while intoxicated were filed against Lawrence Joseph Erdman Monday morning in County Court after Erdman had been picked up early Sunday morning on Main Street when he lost control of his car, while making a left turn at the intersection of Main and Second Street.

Erdman's car jumped the curb by Black's Furniture Company, running over a parking meter and into the south window of the furniture store.

After paying for the damages, Erdman was assessed a fine of \$74.35 by County Judge Leonard Foster.

Stove Is Destroyed In Wednesday Fire

Firemen were called out about 6:30 a. m. Wednesday morning to investigate a blaze at the Hiram Jones residence on Twenty-Five Mile Avenue.

The fire apparently started when Oren Jones was lighting a fire in the kitchen range. Jones said the fire blazed up all over the stove. Volunteer firemen were called and then Jones ran outdoors to turn off the gas connection at the gas main.

By the time the fire department arrived Jones had put out the fire. Little damage resulted except the loss of the stove.

The Suit Is What Worried Billy

Three-year-old Billy Belew of Abilene, Texas, didn't understand that it was alright to get his suit wet when he went for his first dip in a wading pool. So he calmly took off the suit and squeezed out the water before he went home. (AP Photo)

QUESTION of the WEEK

"What are your hints for keeping cool during this hot weather?"

Mrs. Marlin Pierce: "I have none, I just suffer with it. However, a nice float in the tub certainly helps. And, I generally keep tea or lemonade in the refrigerator to help us cool off. If you find any other hints, let me know."

Mrs. Millard Noolen: "I have come to the conclusion that the least one can do and the nearer one can stay to the air conditioner, the better it works."

Mrs. E. B. Posey: "Well, I don't want to express myself, but thanks for calling anyway."

Mrs. Bill Wolfe: "I put the children in sunsuits and they go carefree. We eat lots of salads, drink ice tea and other cool drinks. We keep the air conditioner on all day, but turn it off at night and open up all the windows to let in that cool Hereford breeze. Even if the days are hot, the nights here are certainly wonderful. I do my hair up on top of my head, because it's cooler that way. We stick to informal living, because in the summer it's the only way to be comfortable."

Mrs. Ivan Woolsey: "The only thing that helps is an air conditioner. Maybe a warm shower would help some. I don't really know of anything that helps much."

Mrs. Doug Groom: "It helps to do all the housecleaning, shopping and errands in the morning before it gets hot. I also like to cook the hot meal at dinner and then serve sandwiches and other cool foods in the evening so I don't have to heat my kitchen in the afternoon. Then when it's hot I just like to stay home beside the air conditioner. I also wear as few clothes as I can decently get away with, which is another reason why I stay home, beside the air conditioner."

Mildred Morehead: "I don't know of anything that helps much. Let me read the column and then I'll know. Of course I wear cotton dresses with short sleeves and comfortable necklines, and eat light foods, and wear my hair short. That helps."

Mrs. Joe Story: "I have four children asleep before the air conditioner right now. That's the best thing I can think of. Of course we eat lots of salads, especially congealed salads, and we drink lots of fruit juice, and lemonades. The children wear sun suits and everybody else wears as little as the law allows. Colognes and talcs help keep you cool, too. One of the best things is just to relax—if you can."

Mrs. Earl Nipper: "Oh my goodness. Best thing I can think of is to stay in the house and turn on the air conditioner. I don't like to cook hot meals, and I do like to wear thin, cool dresses. Also, I like to get all the hot jobs like baking and ironing done as soon as possible in the morning."

Sanford To Get Canadian Dam

Sanford was the lucky recipient of the Canadian-River dam which Hereford people hoped would be placed at Tascosa. An \$5 million dollar plan has also been unveiled which may solve surface water requirements of 12 Panhandle and South Plains cities according to the Bureau of Reclamation in Austin.

Harry P. Burreigh, engineer for the Bureau in Austin, revealed the plan at a meeting of the Panhandle Water Conservation Authority at Plainview last week.

The plan centers on the dam which will be on the Canadian near Sanford, in Hutchinson County. From there a 277-mile aqueduct system would funnel out to Borger, Amarillo, O'Donnell, Plainview, Lubbock, Pampa, Tahoka, Lamesa, Littlefield, Levelland, Canyon and Slaton.

Burreigh estimated the total cost at some \$95 million, of which the cities would repay all but some \$4 million over a period of 50 years.

The dam is to be about 20 miles north of Amarillo.

Goodwill Trippers Stop In Hereford

Amarillo range rider boosters whirled into Hereford Tuesday afternoon as one of their stops in the good will tours they are making throughout the Texas Panhandle and surrounding New Mexico towns to remind people of the annual range riders rodeo which will be held during Waddy Week again this year in Amarillo.

In a six car caravan boasting microphones and sirens they drove down Main Street and ended up in the second block on Main where the members of the Amarillo Barn Dance club entertained with a square dance for Main Street visitors.

Waddy Week begins June 30 and the rodeo begins July 1 through July 4. In addition to the rodeo, which the Range Riders are sponsoring, they are featuring a John Snider barbecue in San Jacinto park serving from 11 a. m. to 8 p. m. Proceeds will go to finance the Kiwanis Youth Center at San Jacinto.

Tour Plans For Foreign Farmers Altered For Grand Canyon Trip

Hereford's plans for entertaining the international farm group underwent a change this week for the third time, and plans are still tentative, pending arrival of the representatives from Europe and Asia who have agreed to see big scale wheat and ranching activities in the Texas Panhandle.

This week local Farm Bureau

and Rotary Club members who had planned to play host to the organization, were notified that the breakfast, originally scheduled for Hereford would be cancelled, to allow the members several extra hours in Arizona, so they can visit the Grand Canyon.

The tour will still be conducted, however, and America's for-

sign guests will be shown the stories of mechanized wheat harvest and modern ranching operations in Deaf Smith County.

First Plans

When the first plans were made, the group was expected to arrive here by special train early Sunday morning, and to be entertained at breakfast by members of the Rotary Club. Now, however, the train is scheduled to arrive about nine o'clock Sunday morning, and the visitors will have breakfast before they reach Hereford.

Art Bralkey, county agent from Potter County and Hugh Clearman, county agent from Deaf Smith County, had a meeting Tuesday afternoon to discuss the change in plans.

Clearman said the group would be met at the depot, where a short program would be held. It will feature a welcome address and introduction of the guests.

Following this get acquainted program, the guests will be taken out to watch harvesting procedure and then out to Colby Conkright's ranch for a first hand account of cattle ranching. Clearman said they could not schedule a wheat harvest stop yet, but would have to wait and see just where operations were in progress.

"We aren't planning to take them on a tour of diversified farming areas, because they will see a great deal of those procedures in California where they have similar irrigation areas. We are fulfilling their request to see these two particular types of farming," said Clearman.

Final arrangements will be worked out today and tomorrow for the guests, who will be taken from here to Potter County where they will be entertained with a barbecue lunch at Jay Taylor's ranch out of Amarillo.

Few Farmers Turnout For 2-4-D Discussion

Fewer than a dozen farmers showed up at the County Court Room, Monday night to discuss the use of 2-4-D spray, a weed killer which some growers believe to be highly injurious to their crops.

The 2-4-D solution, which actually is a fertilizer and kills weeds by "growing them to death," has been the subject of some highly controversial discussions throughout the state.

Farmers present discussed their experience with the solution, pointing out how they thought many of their broad-leaved crops had been ruined when grain fields nearby had been sprayed with the fertilizer.

County Agent Hugh Clearman read reports from government bulletins pointing out that 2-4-D was not recommended for use in dusting fields, and that the poison would travel 8 to 10 miles downwind with a 10 mile wind and 2 miles upwind.

Attending the meeting were C. N. McClure, John McClesky, Hugh Clearman, Frank Wilde, Curtis Traweck, Lowrie, Lindley, and Berryman.

Lions Review Projects And Progress Of Local Club In Past Twelve Months

At the final meeting of the Lions Club yesterday, committee chairman reported on the progress and projects of the club since July 1, 1948.

W. J. Reeves, secretary of the club, presented a financial report showing what the year's expenditures had been, and Wayne Evans, president, gave a brief resume of the major projects accomplished.

A contribution of slightly over \$1,000 was presented to the Llano Estacado Boy Scout Council, which aided in the erection of a recreational building at Camp Don Herrington on the Palo Duro Creek. A check for \$600 went to pay off the note on the High School football stadium.

Nearly \$100 from the general fund, plus net receipts of about \$500 from the newly inaugurated "Be Thankful You Can See" seal campaign was used to finance the Sight Conservation program, which is a project of all Lions clubs. According to the report of Dr. M. C. Adams, chairman of the sight conservation committee, glasses were provided for fourteen needy students, and the Lions Club, in conjunction with the PTA, assisted in giving 1,412 visual skill tests.

Next Thursday night, members of the club and their ladies will meet for a social at the Lions-Rotary Hall, and officers-elect for the ensuing year will be installed.

Mrs. W. B. Green In Amarillo Hospital

Mrs. W. B. Green is in an osteopathic hospital at 801 W. Tenth St. Amarillo following a heart attack here last Friday.

She was taken to the Amarillo hospital Tuesday where, although her condition is serious, attendants say she is doing as well as could be expected. Her daughters, Mrs. Harry Lomas and Mrs. Walter Easter of Hereford were joined by another daughter, Mrs. B. R. Dixon of Lubbock yesterday.

Gas-Bag Granaries Eliminate Surpluses

Too many barrage balloons posed a headache for Jack Berger of Cleveland, O. The nation's farmers are wondering what to do with bumper wheat crop which they can't find storage space. But Jack has a bright idea. He figures the 3000 surplus gas-bags he bought from the government (and couldn't find a use for) two and a half years ago would be ideal to hold the overflowing grain. At the left, workmen at a Fairport, O., grain elevator pour wheat into one of Berger's balloons. At the right is the bag fully "inflated" with 2400 bushels of wheat. Berger now plans to sell his balloons to western wheat farmers on a "first-come, first-serve" basis. Authorities admit his idea is feasible.

First Baptist Youth Revival Is Led By Wayland Students

Five students from Wayland College, Sam Choy, Glenn Roenfeldt, Jack Albright, Autrey Bar-

Sponsored by Wayland College, the students will tour this area throughout the summer months leading youth revivals, after which they will assist Dr. Bill Marshall, president of Wayland College, in revivals in Temple, Phoenix, Arizona, and Clayton, New Mexico.

Sam Choy, 23-year-old Korean from Wahiawa, Hawaii, has been in America two and a half years. He attended the University of Hawaii one year, and has been at Wayland two years majoring in English. While serving in the army during the war, he made his first trip to America. As Wayland he has served as Baptist Student Union president, and will serve next year as vice-president of the State Executive B. S. U. Council. Recently he accompanied Dr. Bill Marshall and other Wayland students to Hawaii to hold a revival. After his graduation from college, Choy will return to his own people as a missionary.

A senior student next year at Wayland, Glenn Roenfeldt, 21, is a native of Pampa. He is majoring in speech and minoring in Bible and English. Next year he will serve as vice-president of the B.S.U. and upon completing his training, he will be a Baptist minister.

Jack Albright, 21, is a speech major at Wayland. Next year, his senior year, he will serve as president of the Wayland Voluntary Mission Band. A native of Plainview, Albright plans to be a preacher.

To be secretary of the B.S.U. Council next year is Miss Autrey Barton, 20, who is majoring in education at Wayland. She is a member of the Wayland Girls' Trio, and plans to be a teacher when she completes her college course.

Youngest of the young evangelists is Miss Faye Cupp, who is 18 years old. She plays the piano and is a special service volunteer. Her home is in Plainview, and she is a sophomore at Wayland, majoring in religious education and Bible.

The Youth Revival here began the first of the week, and will close Sunday. Morning services begin at 7:30 a. m. with breakfast and morning watch (except Saturday), and evening services begin at 8:30. Special guests tonight will be the young people from all the Baptist churches in this association. Everyone is invited to attend the services.

TO RECEIVE DEGREE

Daniel B. Turrentine, son of Mrs. Bess Werner, is one of the 322 students who will receive A B or B S degrees at the annual commencement exercises of San Jose State College on Friday, June 24, or at the end of the summer session.

Turrentine will receive an A. B. degree in commerce at the California College. He is a graduate of Hereford High School, and received part of his college training at Texas Tech. During the war he served in the U. S. Navy.

Wheat Harvest Bulletin

June 20, 1949

With good harvest weather prevailing today throughout the wide section of Texas, where wheat was ready and pending cutting, reports to the Control Office here indicate considerable progress in all areas and wide spread shortages of equipment.

Childress, Hall, Cottle, Collingsworth Counties — Progressing rapidly in these four counties which range from 25 per cent complete in Collingsworth to 65 per cent complete in Cottle. Childress County reported harvest slightly over 35 per cent complete with a shortage remaining the second day for 15 combines and 15 trucks. No need in this area for any kind of harvest labor.

Floyd and Hale Counties — Weather clear and hot. Harvest in full swing throughout the two counties. Floyd County 60 per cent complete and short 25 combines. Hale County 20 per cent complete and short 20 combines.

Briscoe and Swisher Counties — Lot of wheat being cut in these two counties. Elevators very busy. Swisher County is short 30 combines.

Castro and Parmer Counties — Harvest progressing nicely, weather clear. No shortages indicated.

Carson and Armstrong Counties — Armstrong County 5 to 8 per cent complete. Good progress being made, no shortages. Carson just getting started, expect to be in operation throughout the county by June 23.

Potter and Oldham Counties — Harvest getting well underway in Potter County. No critical shortage developed as yet. Oldham just beginning. Some hail damage over week end. No shortage indicated.

Deaf Smith and Randall Counties — Harvest just beginning in Deaf Smith. Weather clear. Operations will be in full swing over county Wednesday or Thursday. Randall County 1 to 3 per cent of crop harvested. Wide spread activity expected by Wednesday. No idle equipment in the County. Shortage at this time of 7 combines and one truck.

Note: TEC Office in Hereford located at Intersection Highways 60 and 51.

Gray, Hemphill, Roberts Counties — Gray County fields dry, combines running throughout area. 20 combines needed around Pampa. Roberts County continues about the same with a shortage of about 15 combines reported. Hemphill County 25 per cent complete. Weather fair and warm, no shortages.

Wheeler County — This county estimated 40 per cent complete. Harvest progressing rapidly and no delay of any kind.

Moore and Hartley Counties — Harvest just beginning in these two counties. Harvest will not reach wide spread activity before mid-week. No equipment standing by. 10 combines needed at Dumas immediately.

this summer while she continues work on her master's degree, will participate in the college production of "The Man Who Came To Dinner," tonight at the college auditorium. The two day run began yesterday. Attending the production from Hereford were her parents, Mr. and Mrs. H. E. Henslee, Mr. and Mrs. Donald Henslee and Mrs. Mattie Hitchings.

Mrs. Robert Waggoner and daughter, Elaine, were in Groom this week end to visit with Mrs. Waggoner's mother, Mrs. Betty Fields.

Houseguests of Mr. and Mrs. Ralph Hastings last week end were her sister and family of Panhandle. Mr. and Mrs. James R. Sterling and young son, Dan, spent Saturday and Sunday in the Hastings home.

FIRST BIRTHDAY

One year old Bobby Glenn Watts was entertained at a birthday party Thursday afternoon at his home, when his mother, Mrs. Glenn Watts, was a guest to some of his young friends.

Four small guests were invited to play games. Tiny plastic dolls were given as favors. Refreshments were served on the lawn.

with iced cup cakes, candle decorated, serving as individual cakes.

Attending the party were Jo Ellen Hamilton, Mike and Bill Watts and Evanita Hayes, of Tucumcari. Assisting the hostess were her mother, Mrs. R. D. Seevey, and Mrs. Evanita Hayes, both of Tucumcari.

Clifford Strom of Racine, Wisconsin, arrived last week for a visit with Dr. G. W. Heard. Strom, who became interested in Deaf Smith County through its nationwide publicity before the war, met Dr. Heard last year and has arrived this summer to visit in this area.

Mr. and Mrs. R. L. Dowell, Jr., are planning to move to Amarillo the latter part of this month, where Mr. Dowell was accepted a position with the Cornell Company, a national accounting firm with Panhandle headquarters in Amarillo. Dowell was graduated from the University of Texas this spring with a bachelor degree in business administration. Mr. and Mrs. Dowell have one daughter, Lindsey Rose.

Mr. and Mrs. Gene Prickett and Mr. and Mrs. Ed Pirtle were in Amarillo Monday night to have dinner and to celebrate Mr. and

Mrs. Prickett's eighth wedding anniversary.

Mr. and Mrs. Lan Shore, left last Thursday for several weeks trip through Texas, stopping to visit their daughters at Kilgore and Silver. In Silver they will visit Mr. and Mrs. Aaron Rose, and daughter, Sybil, and in Kilgore they will be the houseguests of Mr. and Mrs. D. C. Laird, Jr., and their daughter, Carol.

Mr. and Mrs. James Barnard Hicks will be in Hereford this week to visit with Miss Vida Hicks and Mr. and Mrs. George L. LeGrand. They are en route to Dallas where Hicks plans to enroll in Southern Methodist University next fall.

Mrs. Marlin Pierce and daughter, Debby, returned Saturday from a week's visit in Knox City, Texas. They were the guests of Mrs. Elmo Stevens, who had been a former roommate of Mrs. Pierce.

Mr. and Mrs. Jiggs Hartman spent the week-end in Clovis with Mr. and Mrs. C. M. Robbins. Mrs. Robbins and Mrs. Hartman were student nurses at St. Anthony's.

Flower Garden Theme Used At Coffee In Honor Of Visitor From Louisiana

Using a June flower-garden theme in decorations, Miss Frances Dameron hosted an informal party on Wednesday morning, June 15, honoring her niece, Mrs. Charles Wilson of Alexandria, La., who is visiting her mother, Mrs. A. M. Jones and other relatives here.

Garden flowers blossomed all about the house in a gay parade of color and the table from which coffee and other appetizing dainties were served, featured Dorothy Perkins rose clusters. Appointments were in silver with Mrs. W. E. Dameron presiding assisted by her daughter, June. Others in the house party were Mrs. Claude Witherspoon, Mrs. A. M. Jones, the hostess and the honoree.

Guests who included school-mates and close friends of the honoree, were Mesdames Roy Ford, Roy Smith, B. F. Cain, J. E. Kirby, John Robinson, Troy Moore, Robert Veigel, Clyde Russell, Elizabeth Womble, Elizabeth Boneso, Frank Cogdell, Pete Cowart, Charles Hays of Dimmitt, J. R. Allison, Wayne Evans, Gaylord Newell, Orland Newell, L. B. Barnett; Paul Conaway, Walter Seed, Roger Brumley, Frances Houston, Jack Gilliland, Woodrow Ireland, Jack Knox, Millard Nobles, W. J. Wilson, the honoree and members of the house party.

SUMMERFIELD NEWS

Wayne And Charlene Lee Are Hosts To Young People At "Hobo" Party

New Coastal Waterway Nears Completion

The dredges Miami and Caribbean are some 900 feet apart as they bring to an end work on a 112-mile section of the Gulf Intracoastal Waterway that has been under construction since January, 1946. They met about 7 miles south of Corpus Christi, Tex. Ceremonies marking the opening of the waterway connecting Corpus Christi and Brownsville, Tex., were held May 18. The intercoastal system links the Great Lakes area with the Mexican border. (AP Photo)

Technician Moves To Canadian; New Hospital Wing Opens This Week End

Henry Stahl, technician at Deaf Smith County Hospital, will leave July 1 to assume his new duties as manager of the new Hemphill County Hospital in Canadian.

Elmer Mathis, manager of the local hospital, said no one had been named yet to replace the technician.

Staff attendants hope to be able to move into the new wing of the hospital sometime this week end. The opening was delayed because of construction difficulties.

Current organizational plans call for the new wing to be opened this week and facilities in the first floor to be transferred to the new wing until the first floor can be remodeled. Then the

second floor facilities will be moved into first floor and new wing until it can be remodeled.

No completion date is set on this work, but when opened, the wing will provide additional 18 beds, and will house the new x-ray room, operating rooms, lounges, kitchen and reception room.

Dr. Clyde E. Russ, new physician and general practitioner who will join the staff at the Hereford Clinic is scheduled to arrive in Hereford about the first of July.

Dr. and Mrs. Russ and their two young daughters have rented the Travis Dameron home.

275 Attend Benefit Tour Of City Homes

Approximately 275 people took advantage of the new homes tour sponsored by the Garden Beautiful Club Friday afternoon, with out-of-town visitors from eleven neighboring towns and cities, one from Long Beach, Calif. and one from Louisiana. Five were registered from Amarillo, six from Friona, one from Kermit, one from Dawn, fourteen from Vega, four from Tulsa, Okla., one from Gould, Okla., one from Canyon, one from Littlefield, twenty eight from Dimmitt, and three from Plainview.

So much interest in viewing the new homes was shown by those who could not make the tour during the hours designated, that members of the committee decided that if and when another such tour was planned, the hours for seeing the homes would extend into the evening.

Mrs. Carroll Whiteside, chairman, said.

A group of Hereford people were in Colorado last week end to visit their former neighbors, Mr. and Mrs. Fred Fain and children, Wynell and Ted. The Fains moved from Dawn to Canyon City, Colo. last January. Attending the house party were Mr. and Mrs. J. M. Thompson, Mr. and Mrs. Jim Black, and Mrs. Baker Womble. The group went up Saturday and returned on Sunday.

'The Best Is Yet To Be' Says Rev. Beavers As He Celebrates 76th Birthday With Family

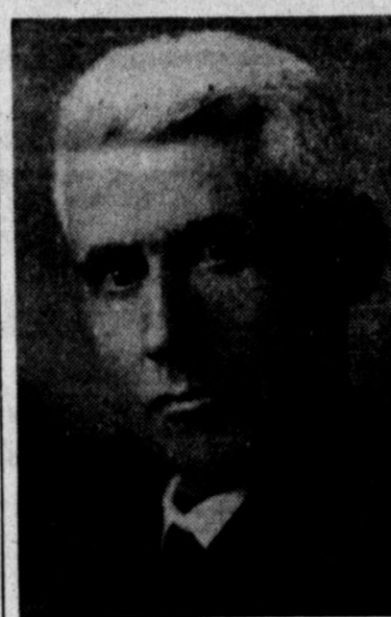

"Grow Old Along With Me—The Best Is Yet To Be" has been Mark Beavers' attitude toward the future since he retired from the ministry in 1939 after 34 years of active service. Now as memories crowd the days they are pushed aside one by one into the category of things of the past, and he smiles as he apprehends the future.

Sunday he celebrated his 76th birthday, which occurs on June 26, with his children and grandchildren gathered about him at the family home in observance of Father's Day.

The life of an early day Methodist preacher wasn't an easy one and sometimes the going was pretty steep. But he made every stride as the years went by filled with a succession of assignments from one charge to another, at the discretion of the conference.

To begin with, Beavers was a farmer and expected to stay a farmer, but an insistent urge that finally became a loud call led him into the ministry after the second attempt to leave the farm. Born in Arkansas he moved to Texas with his parents when a small boy and located on a farm near Cisco. He married Miss Alma Munn in 1899 and not for several years after his marriage did he become a "horse and buggy" preacher who rode the circuit regularly day after day. It was with her encouragement that he burned all his bridges behind him, sold the farm and entered his mission of service. He moved with his wife and five children to his first charge at Haskell mission in 1905, and because he didn't have time to go to college, began a four year correspondence course in theology.

During the years of his ministry, Reverend Beavers served in fourteen different churches scattered over West and North-west Texas. Two of these churches were built under his pastorate and he recalled that he

REV. MARK BEAVERS

sawed and nailed some of the benches, the first at Rule in 1908 and the other at Canyon during the four years he was there from 1923-27.

His charges and the number of years served at each are as follows: Haskell Mission, 2 years; Pinkerton, 1 year; Rule, 2 years; Avoca, 2 years; Aspermont, 4 years; (where he bought his first automobile) Chillicothe, 3 years; Canadian, 2 years; Hereford for the first time, 2 years; Canyon, 4 years; Clarendon, 3 years; Sweetwater, 1 year; then Hereford again for the concluding two years of his ministerial work.

Seven years were spent as a presiding elder. Four years at Plainview and the three following at Clarendon.

The couple's eight children include: Hall and Lama of Hereford, Morris and Lovey of Lubbock, Mrs. Hubert Freeman,

Abilene, Milton who is in Alaska, Zoe of Dalhart and Mrs. J. W. Hendricks of Hereford. There are four grandchildren.

FLY TO HOUSTON

Mrs. Byrdie Fellers and sons, Donnie and Dickie, left this week for Houston where they will spend a week with Ernest Scheigan and family, Mrs. Feller's brother. Mr. Scheigan is a captain on Pioneer Airlines instead of the Air Corps as previously mentioned. After visiting in Houston, the three will return by way of Clovis, where Donnie and Dickie will be met by their grandparents, Mr. and Mrs. Scheigan, Sr., and will return home.

Mrs. Fellers will continue the trip to Chacon, N. M. where she will visit another brother, W. B. Scheigan, Jr., and family for a week. The trip was made by plane.

Post Office Box Rent Rates Go Up Now That Hereford Is In First Class

Sometimes progress brings its penalties.

The Hereford Post Office, by virtue of town growth, an influx of migrant workers during harvest season, and enthusiastic Christmas mailing stretched itself into the first class post office class when 1948's receipts topped \$40,000, division point between first and second class post offices.

Now the box renters have to dig deeper in their pockets and fork over more cash for the privilege of having their mail packed daily into post office boxes, warns postmaster Jim Lipscomb.

The first class rating goes into effect July 1; as of July 1, box renters must pay their money for the ensuing quarter, which ends Sept. 1.

Now the 60 cent boxes will cost 75 cents; the 75 cent boxes cost \$1; the \$1 cost \$1.50; and the \$1.50 boxes will cost \$2.

This is the first time a price-rise has hit the renters in approximately 26 years, according

to Elmer Patterson, assistant Postmaster.

When the post office shifted from a third class to a second class post office, rents went up. In those days the scale ranged from 45 cents for the smallest boxes to \$1 for the largest boxes.

Twenty-six years ago the post office graduated from its third class position when annual receipts reached \$8,000. Since 1923 it has inched up each year until it has reached first class rating, and the new rank meant additional changes in bookkeeping systems, box rentals, etc.

It's interesting to note that the total annual receipts of a quarter century ago were only about \$1800 more than the receipts for the month of December last year, which reached \$6,247.02.

A quipster claims that Barnum didn't tell the whole truth. He didn't mention that suckers sometimes are born twins.

Mr. and Mrs. W. H. Cromer and his son and family of Lubbock returned recently from an automobile trip to the City of Mexico. The Cromers went via Laredo, taking the Pan-American Highway through Monterey and into the city. In the City of Mexico they visited the floating gardens, the canals, and the Church of Mexico, built in 1631. They also attended a bullfight at which 25,000 people were present, and took a trip up a mountain trail to an Indian village. Other sight-seeing included a tour through the desert of the Lions fortress, the Pyramids of Mexico, the International building and the museum.

The George B. Pace family enjoyed a reunion on Father's Day when members of the clan gathered at the Pace home to honor Mr. Pace.

During the morning the group made snapshots of the family and presented gifts to their father. A chicken dinner was the highlight of the day and in the afternoon the group enjoyed conversation. A watermelon feast was held in the evening.

Attending the celebration were Mr. and Mrs. Terry O. Walker of Amarillo, Mrs. Estelle Parker and children, Jetty and Clyde of El Paso, Mr. and Mrs. George B. Pace, Jr., and son, Cliff of Borger.

That afternoon, Mr. Pace's sister and her husband, Mr. and Mrs. Levie McCauley and daughter, Pat, of Mobeetie, arrived to visit with their relatives and to complete the reunion party.

Mr. and Mrs. Leonard Hicks and three daughters, of Austin, have arrived to spend the summer with her parents, Mr. and Mrs. R. R. Jackson. Mrs. Hicks is the former Edith Jackson.

Texas Veterans Can Now Buy \$7,500 Worth Of Farm - Ranch By New Law

Texas veterans received a heartening note last week as Governor Jester signed the Veterans land program. They can now obtain the farm or ranch that they have dreamed of so long with State aid.

Here briefly are some of the outstanding provisions of the new law:

Land may be purchased from an individual, from the State, or Corporations for re-sale to veterans at cost.

Veteran may select land which he desires to purchase subject to the approval of the Board.

The maximum purchase by each veteran shall not exceed \$7,500 to be financed by the State.

Veterans disabled by combat service connected disability have 90 days preference right to purchase.

Lands may be purchased for a minimum of 5 per cent down payment with 40 years to pay the balance at 3 per cent interest. (This indebtedness may be retired sooner if the veteran wishes.)

All money received during the six remaining years of operation shall be used to pay interest on bonds and to purchase additional land for re-sale to veteran. The purchaser shall not transfer or sell lands purchased for a period of 3 years from the date of purchase. The veteran will not be permitted to make more than one

purchase. The veteran is not required to reside upon the property.

Proof of the applicant's eligibility can be established by submitting a certified copy of his honorable discharge plus substantiation that the applicant was a resident of Texas at the time he entered military service and is still a legal resident at the time of application for land program benefits. For those taking advantage of the 90 day priority offered those who have a service-connected disability sustained in combat, certification of such must accompany the application.

Should a purchaser desire to acquire a tract of land costing NOT more than \$10,000 he will be required to pay the difference between \$7,500 and the purchase price plus the five per cent down payment on the \$7,500 loan. He shall have served not less

than 90 days on active duty in some branch of the armed service between September 16, 1940 and December 31, 1946, unless discharged sooner for service-connected disabilities. A certified copy of the applicant's honorable discharge will be required to be filed with application. In addition, a veteran who leases his land for oil or gas must apply one half of all bonus and rentals to the retirement of his debt.

The veterans will NOT be required to live upon the property but he will NOT be permitted to dispose of it for a period of three years.

Failure to make payments when due, permits the Board to revoke the contract of purchase and to forfeit the land which can then be offered for resale to other veterans.

A veteran may reinstate his land which has been forfeited,

up to the announced date of resale by payment of a penalty and placing account in good standing.

For additional information or proper application forms, write the Veterans' Land Board, Bascom Giles, Chairman, General Land Office, Austin, Texas.

FRIO NEWS

Frio Church Gets New Desk As Gift From J.E. Andrews For Secretary

By MRS. OWEN ANDREWS
Baptismal services were held by the Frio Baptist Church at the First Baptist Church of Hereford on Sunday. Those uniting with the church by baptism were Glenda Robbins, Patsy Jo Jones, Doyle Hartman, Don Mobley and Joe Ed Andrews.

Miss Virginia Brock of Hereford spent the week end with her school friend, Veradelle Andrews.

Mr. and Mrs. Estol Green recently took their daughter, Patsy to Dallas for a check-up at a hospital there. She was dismissed this time, as she is so much improved.

Mr. J. E. Parker of Lubbock visited his grand daughters, Mrs. Yandell and Mrs. Parris, last week.

Mr. J. F. Warrick was ill most of last week and on Saturday evening was taken to the hospital at Hereford. He was still there on Monday.

Mr. and Mrs. J. E. Andrews, Clark Andrews and Glenn Andrews went to Amarillo Sunday afternoon to visit in the Charles King home and bring Jerry King home with them. Jerry plans to stay with his grand parents a while and help with the work.

Spending the week end in the Mobley home were Mr. and Mrs. J. W. Taylor and daughters of Lamesa. Mr. Taylor is Mrs. Mobley's brother. The Taylors formerly lived in Louisiana, but are learning to like the plains especially since the family is enjoying much better health since moving here. Miss Dorothy Mobley of Amarillo, also spent Sunday with her folks here.

Patsy Jo Jones spent Saturday night with Glenda Robbins at the H. D. Robbins home.

Olin Parris had his parents of Lubbock, spending the week end in his home.

A new desk for the church is being appreciated by the folk. It was delivered Saturday by E. B. Black Co., which gave a nice discount on it. J. E. Andrews being used for a secretary's desk for Sunday School and Training Union.

There were 89 present for Sunday School and 103 at the church service Sunday morning. Sunday school starts at 10 o'clock and Training Union at 8:00 p. m.

Mr. and Mrs. W. H. Andrews and children spent the week end visiting friends at Borger.

Several young people enjoyed a wiener roast at the H. F. Benson home on Tuesday night of last week.

Mr. and Mrs. Dick Irwin and family, who have been visiting the Leonard Irwins, have returned to their home in California. The Dick Raz and Leonard Irwin families recently returned from a visit in Oklahoma. Tommy Irwin, who accompanied them, remained there to help Luther Dowdy replant his crop, which was washed away by a flood down the river. The Raz Irwin family plans to remain here until after harvest.

VFW Drops Game To Vega, 4-1. Take On Canyon Here Sunday

Hereford VFW locked up with Vega in a tight pitcher's battle Sunday afternoon, but came out on the short end of a 4-1 count. Both Anderson of Hereford and Mathews of Vega pitched two-hit ball.

Hereford got their run quick. Burdine walked, stole second and scored on Calias Carroll's single in the first inning.

Vega tied it up with one in the fifth. The runner walked to first and went to third on a wild pitch. Lloyd's low line drive triple in the sixth drove in two more runs. He scored on a bad throw from catcher to pitcher.

VFW plays Canyon here Sunday afternoon at 2:30 in a crucial tilt. The Shaughnessy pay-

off of the top four teams at the end of the season pits one and three, and two and four against each other in the first round. By defeating Canyon two games, Hereford can assure itself of second place and an easier time into the finals since Vega has clinched the regular season title to all appearances.

Golf Course Is Shaping Up

Mark the last week in July as the time to get out those golf clubs and polish the rust off, because it is beginning to look like Hereford golfers will be hitting shots on the banks of the Tierra Blanca by then, according to Jim Terry, club pro.

"All of the washed out spots have been reseeded. About nine pounds of seed was used to the green, going heavy on the spots and lightly all over." He also said they still need tow sacks to cover greens with. They grow faster under cover like that, Terry said.

The greens are being mowed regularly and the hardest job down there is trying to keep the tee boxes and fairways cut.

Terry also tabbed a few golfers as championship flight calibre for the City Tournament in October. He said Pete Black, Earl Stagner, J. M. Posey, Bill Davis and Wayne Phillips have all been playing pretty regularly on week ends in Clovis, Amarillo or Plainview, as well as hitting balls at the driving range, and will be hard to beat.

A list of those who have hit the target at the driving range, with no relation as to whether it was luck or skill, follows:

Pete Black, 2; Bill Howard, 3; Harold Loerwald, 1; Dub Reeves, 1; Mrs. Bill Howard, 2; Ruth Loerwald, 1; Wendell Burdine, 2; Tommy Wyrick, 1; Paul Coneway, 1; Gerald Wilson, 1; Don L. Martin, 1; L. T. Hawks, 1; Earl Stagner, 4; Urlin Streu, 1; Jack Knox, 1; Sam Nelson, 2.

New Tech Coach

Allie White (above), for the past three years line coach at Lehigh University and former Texas Christian University tackle, has been appointed freshman football coach at Texas Tech, according to a Tech Athletic council announcement. He will assume his new duties July 1.

Second Guessing

By JERRY STOLTZ

You probably couldn't miss seeing the coupons in both Amarillo newspapers Sunday morning concerning trotlines on Buffalo Lake. But just in case you did miss and aren't acquainted with what's going on, The Panhandle Sportsmen's club seems to want to do something about something — as Dick Brooks put it the problem seems to be:

The trot line fishermen are unhappy with the pole and line fishermen because the pole and liners are cutting and stealing the trot lines.

The pole and line fishermen are unhappy because the trot lines are stringing their lines bankwise, thereby taking up sometimes several hundred feet of bank.

The boaters are unhappy because the trotlines leave their stakes sticking up in the water and they foul up a prop on them or snag a boat bottom on them.

The pole and liners are a little jealous of the trot line fishermen who take large numbers of fish and start shouting things like "we need more conservation, etc."

The lake concessionaires are unhappy because trotlines in some cases are using lines longer than the specified length and with an excess number of hooks.

The state and federal governments are unhappy because trotlines and pole fishermen alike are breaking too many regulations.

Second Guessing

Before continuing the two bits worth I want to get in is that Buffalo Lake is closer to Hereford than to Amarillo, and that within seven years I feel certain you won't find a tenth as many Amarilloans fishing that lake as you do now because the big lake on the Canadian at Sanford will be completed in five years according to present plans. Any far-reaching decisions should have the weight of local sportsmen behind them. They are the ones who will be fishing there from now on.

I believe the Department of In-

terior would have to make the decision to bar trot-lines after proper petition, etc. If they once make a regulation it will take lots to undo it.

One argument, according to

Brooks is, they (the trotliners) take too many fish, making the fishing bad. Yet Phillip Allen, Soil conservation fishing expert from Fort Worth, says that the more fish you take from a lake, the better fishing will be.

To prove his point, he shows this. Fishing at Buffalo has definitely increased since trot lines were permitted several years ago. And more than that, huge numbers of mud cat were seined from the lake, and more people

Legion Jrs. Take Rubber Game In Series With Plainview 8-7

Jack Stanton banged a triple into left in the last of the ninth to bring in the tying run and scored the winning run on an error by the Plainview catcher as Hereford American Legion Juniors won their second game of a three game series with

Plainview American Legion Juniors Monday night. Plainview took a five run lead in the third when they scored five runs on two singles, some walks and errors. They held the lead into the ninth with the help of a run in the seventh. McGinnis got on an error and scored on a triple to right field. They scored their seventh run in the ninth on a double and a single.

Hereford whittled at the lead with runs in five separate innings. Hawks scored in the third after being hit by the pitcher to get to first. He went to second on Kenneth Brock's infield out, and scored on Pat Corbett's single.

Stanton scored the first of his two runs in the fifth, getting on with a fielder's choice. Advancing to second and then third on two errors and scoring on a passed ball. Culpepper singled to get to first in the sixth. He went to second on Alton Brock's single and went the rest of the way on walks.

Tom Corbett scored in the seventh without benefits of any hits and Bill Engman who relieved Kenneth Brock of the pitching duties in the eighth hit a home run in left field in his first time at bat in the eighth.

Legion Starts District Play With Stratford

Hereford American Legion Juniors play the first game of a three game series with Stratford American Legion Juniors at Veteran's Park Friday night for the district championship.

The second game will be played in Stratford, probably a week later according to Joe Smith, manager and coach of the team. The winner will represent the district in the regional tournament, which may possibly be played in Hereford according to Smith. It will be around July 25.

Teams from Lubbock, Amarillo, Levelland and most of the Panhandle make up the region. Games will be played in Clovis and Portales, both away from home next week.

The Hereford nine tromped on Portales to the tune of 17-2 in a game here Friday night. Bill Engman was the winning pitcher with the entire team pitching in runs and hits.

fished with pole and line. In fact, the fish license permits issued in May at Buffalo are approximately three times those issued FOR THE ENTIRE YEAR OF 1941!

That's proof that Allen must be somewhat right in saying that the fishing gets better when more fish are taken out of the lake.

The theory works like this. If you have a wheat crop and do not harvest it for a year, then

Fairview HD Club Meets All Day

Fairview Home Demonstration Club met for an all-day meeting in the home of Mrs. Wayne Higgins last week. The outstanding feature of the program was a demonstration on the use of sewing machine attachments, which was given by Mrs. Wayne Higgins.

Following a demonstration on broiling various kinds of meats, including fish, ham, loin tips, and hamburger patties, Mrs. Higgins served the meats she had prepared along with the luncheon.

Mrs. Byron Campbell, president of the club, called the business meeting to order following the luncheon, and club members voted to accept a work simplification program in 1950. It was decided that members would take turns serving as hostesses for

Daughter Drives Car First Time To Save Father

Don Holman, who escaped serious injury when his new car was demolished by a streamliner on Santa Fe lines near here June 9, is in the hospital at Springfield, Mo. recovering from an emergency appendectomy.

He suffered the attack Monday night while driving from St. Louis where he and his daughter Jeanne had gone to purchase a new car.

Mrs. Holman and her father and mother, Mr. and Mrs. W. B. Richardson left Tuesday for Springfield, and reported Friday that Holman's condition was better, although still serious. They plan to remain about two weeks before bringing him back to Hereford.

Holman and his daughter left here Saturday by train. He had intended to make the trip alone and return in a couple of days but Jeanne begged to be taken along and he consented.

They bought the car, an Oldsmobile like the one that was wrecked, on Monday, and planned to drive all night. Don was doing all the driving for Jeanne, a high school sophomore, had never done any driving, except for one attempt several years ago.

Holman began to get ill Monday evening, but continued to drive, until finally he was so sick Jeanne had to take the wheel. She drove into Springfield, the nearest town and took him to the hospital. They operated immediately.

A guest in the Lowell Sharp home is six-months old Norman Dowlen, the son of Mr. and Mrs. Hayden Dowlen of Panhandle. Little Norman will visit the Sharps for two or three weeks while his parents are harvesting. He is Mrs. Sharp's nephew.

HOUSE JOINT RESOLUTION NO. 38

proposing an Amendment to the Constitution of Texas by adding to Article XVI thereof a new Section to be numbered 63 and authorizing the Legislature to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the several counties of this State; providing that participation therein by counties shall be voluntary, and authorized by the qualified voters of such county; and providing that administration of said system may be committed to the same body set up to administer the statewide municipal retirement system authorized under Section 51f of Article III.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article XVI of the Constitution of the State of Texas be amended by adding thereto a new Section, to be numbered Section 63, which shall read as follows:

"Section 63. The Legislature shall have the authority to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the counties of this State under such a plan and program as the Legislature shall authorize; provided, that participation therein by counties shall be voluntary, and shall first be authorized by vote of the qualified voters of such county. Administration of such system may be committed to the same body as may be set up to administer the municipal retirement system provided for by Section 51f of Article III."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors for members of the Legislature at an election to be held throughout this State on the fourth Saturday in September, 1949, and at said election the ballots shall have printed thereon the words "FOR the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees," and "AGAINST the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees." Each voter shall strike out one of said clauses on his ballot, leaving the one unmarked which expresses his vote upon the proposed amendment.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the foregoing proposed amendment published as required by the Constitution for proposed amendments thereto.

Section 4. If at said election, a majority of the votes cast are "FOR the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees," the foregoing proposed amendment shall become Section 63 of Article XVI of the Constitution of Texas, and proclamation shall be made by the Governor thereof.

Section 5. The sum of Five Thousand Dollars (\$5,000) or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated, to pay expenses of such proclamation, notice and election.

amendment to a vote of the people of Texas; providing the time, means and manner thereof; and making an appropriation for such purpose.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 19 of Article 16 of the Constitution of Texas be amended so as to hereafter read as follows:

"Section 19. The Legislature shall prescribe by law the qualification of grand petit jurors; provided that the qualification of no person for service on grand juries or on petit juries shall be denied or abridged on account of sex, and no person shall be exempt from service on grand juries or petit juries on account of sex."

Section 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the fourth Saturday in September, 1949, at which all ballots shall have printed thereon:

"FOR the amendment to the State Constitution, qualifying women as grand and petit jurors."

"AGAINST the amendment to the State Constitution, qualifying women as grand and petit jurors."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment.

Section 3. The Governor shall issue his proclamation calling said election and have same published and said election held in accordance with this Resolution and the Constitutional Laws of this State, and return shall be made and the votes canvassed and counted as provided by law; and if said amendment is adopted by the vote of the qualified electors of this State, the Governor shall issue his proclamation as required by law.

Hereford Girl Commissioned A Missionary

Miss Naomi M. Hare, of Hereford, Texas, was among the fifty-five young people of the Methodist Church commissioned as missionaries for foreign or home service by the board of Missions and Church Extension of the Methodist Church on June 15. The commissioning service was held in the famous old Washington Square Methodist Church, New York City, of which Dr. Lewis Christian is pastor. Bishop Herbert Welch, formerly of China and Korea, delivered the commissioning address; Bishop Walter W. Peele, of Richmond, Va., conducted the commissioning ritual; and Bishop A. Frank Smith, of Houston, Texas, presided. Delegations were present from most of the Methodist churches of New York City. This new group of missionaries are part of the 1,000 or more which the Methodist Church plans to send into home and foreign service by 1953. Of the class commissioned, forty-three

You are hereby commanded to appear before the Honorable District Court of Deaf Smith County at the Court House thereof, in Hereford, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 18th day of July A. D. 1949, then and there to answer Plaintiff's Petition filed in said Court, on the 30th day of May A. D. 1949, in this cause, numbered 3157 on the docket of said court and styled Meredith Ireland, et vir Plaintiffs, vs. L. A. Hough, et al Defendants.

A brief statement of the nature of this suit is as follows, to wit: Trespass to try title suit; for the title to and possession of the following described land, to-wit: West 1/2 of Block 35, Evans Addition to Town of Hereford, Deaf Smith County, Texas, including all the W 1/2 of

Hamilton street, running north and south thru the center of said block, and all of the W 1/2 of Carter street, running e. and w. thru said block, and described by metes and bounds as follows, to-wit: Beginning at the south west corner of said Block 35, Evans Addition to the town of Hereford, Deaf Smith County, Texas, and running thence east with the south line of said block, a distance of 208.71 feet to the center of Hamilton street; thence north parallel with the west line of said block 35, a distance of 1,043.55 feet to a point in the north line of said block, being the center of Hamilton street; thence west with the north line of said block 35, a distance of 208.71 feet, to the northwest corner of said Block 35; thence south with the west line of said Block 35, being also the east line of A street, a distance of 1,043.55 feet, to the southwest corner of said block 35, and the place of beginning based upon the 10 year statute of adverse possession and limitation, by reason of the continuous, peaceable open adverse possession of all of said land, for over a period of 10 years and under claim and assertion of fee simple title thereto by plaintiff and her immediate grantor, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Hereford, Texas this 30 day of May A. D. 1949.

HOUSE JOINT RESOLUTION NO. 22

proposing an Amendment to Article V, Section 7 of the Constitution of the State of Texas to provide that the Judge of the District Court shall conduct its proceedings at the county seat of the county in which the case is pending, except as otherwise provided by law; providing for election proclamation and submission to qualified electors of the State.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 7 of Article V of the Constitution of the State of Texas be amended so as hereafter to read as follows:

"Sec. 7. The State shall be divided

into as many judicial districts as may now or hereafter be provided by law, which may be increased or diminished by law. For each district there shall be elected by the qualified voters thereof, at a General Election, a Judge, who shall be a citizen of the United States and of this State, who shall be licensed to practice law in this State and shall have been a practicing lawyer or a Judge of a Court in this State, or both combined, for four (4) years next preceding his election, who shall have resided in the district in which he was elected for two (2) years next preceding his election, who shall reside in his district during his term of office, who shall hold his office for the period of four (4) years, and shall receive for his services an annual salary to be fixed by the legislature. The court shall conduct its proceedings at the county seat of the county in which the case is pending, except as otherwise provided by law. He shall hold the regular terms of his Court at the County Seat of each County in his district at least as may be prescribed by law. The Legislature shall have power by General or Special Laws to make such provisions concerning the terms of sessions of each Court as it may deem necessary.

"The Legislature shall also provide for the holding of District Court when the Judge thereof is absent, or is from any cause disabled or disqualified from presiding.

"The District Judges who may be in office when this Amendment takes effect shall hold their offices until their respective terms shall expire under their present election or appointment."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on September 24, 1949, at which time all ballots shall have printed thereon:

"FOR the Constitutional Amendment providing that the District Court shall conduct its proceedings at the county seat of the county in which the case is pending, except as otherwise provided by law."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment. In counties or

proposing an amendment to the Constitution of the State of Texas authorizing the Legislature to provide for Civil Service in certain counties upon a vote of the people therein.

BE IT RESOLVED BY THE LE-

LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article XVI of the Constitution of the State of Texas be and the same is hereby amended by adding to said Article a new Section, to be known and designated as Section 62-c, reading as follows:

"Section 62-c. The Legislature is authorized to provide for the creation of Civil Service Systems for county employees in the respective counties of this State, but any system so authorized and established shall be approved by a vote of the people in said county. Any Civil Service System established by virtue of this Section shall apply to appointive offices only, and the limitations on term of office heretofore provided by Section 30 of this Article shall not apply, but the duration of such offices shall be governed by the provisions of such Civil Service System. This Section shall not apply to counties having a population less

than seventy-five thousand (75,000) people."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electorate of the State at an election to be held on the fourth Saturday in September, 1949, at which election all ballots shall have printed or written thereon (or in counties using voting machines the said machines shall provide for) the following:

"FOR The Constitutional Amendment authorizing the Legislature to provide for Civil Service in counties upon a vote of the people therein"; and

"AGAINST The Constitutional Amendment authorizing the Legislature to provide for Civil Service in counties upon a vote of the people therein."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment, and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

Tip about that trip..

For fun-on-the-run, as you've already discovered, there's no travel mate like that Buick of yours—especially if it's really in the pink. So while you're readying yourself for vacation tours, how about doing the same for your car—with a little of that special Buick care that does so much to make trips top-notch? For instance—

Got plenty of pep? Our engine tune-up is just the ticket to bring back flashing, new-car liveliness on hills and straight-aways.

Can you "stop on a dime"? The answer's yes—when our experts get through truing up worn drums, mounting new linings to replace old worn ones.

How's your view? It'll be good, night and day, when you let our experts check your lights, windshield wipers, and windows.

Want a good steer? That's just what you've got, after our front-end experts get through adjusting your steering mechanism to give it new-car lightness.

Chassis sassy?

Does it ride roughly—squeak and squeak at you?

Drive in—we'll "shoot the works" with our grease guns and oilcans to take the noise and stiffness out of your ride—give you easier steering.

And a Buick-trained mechanic will give your car a conscientious trouble-preventing inspection as well—without charge!

In short, start your trip in our shop and you'll find it free of car worries all the way. Drop in—see our facilities—talk to our experts—and see for yourself it's the best insurance of a good time that you can buy.

Second Guessing

(Continued from page 1)
millions of seeds drop on the ground.
The next year, when the new

crop comes up, it will be thick and heavy, but the heads will be small and the wheat will have little value.

The same thing is true with fish. They must be harvested like any other crop. If they aren't, then the older fish never grow large, and the new fish will always stay small.

Tests show that little fish not more than three inches long will spawn if the food doesn't let them grow any larger. They will only do that once, and many of them not at all. The result is over-population, with lots of fish. But all the fish are small and the longer it is allowed to continue, the longer the fishing will be bad and conditions grow worse.

As for "out-fishing a lake," tests by H. S. Swingle, Alabama expert who is one of the leading fish culturists in America, show that seems to be impossible.

Using shifts of men who fished 24 hours a day for one complete year Swingle found that not more than 50 per cent of the fish can possibly be removed by fishing, and by keeping the numbers from becoming too great, all the fish will be bigger and healthier.

Thus they produce more young and bigger young. When the fish are not too numerous and there is plenty of food, a bass will grow to one pound and other fish to proportionate sizes in less than one year.

When there are too many fish, the fish may never reach one pound, as is seen by many tests and proved even forcefully by several Panhandle lakes.

There probably isn't a man in West Texas who would feel imposed on if a reasonable limit was set up, and 99 out of every 100 you can't fish a lake out, but if you would stick to the regulation. In other words I'm getting at this: seeing so many fish going out of the lake makes people unhappy, don't ban trotlines, just put on a limit.

The Federal government started the lakes project on the assumption that fishing is recreation. If some guys get recreation from running a trotline, and some from pole fishing, then what right has one group to tell the other it must stop? The true sportsmen will give you honest opinions on which type of fishing they enjoy and why, but you'll look a long time before you'll find one who would take away the other fellow's fun.

Tulia sportsmen are forming a Sportsman Club that will become a member of the Panhandle Outdoor Sportsmen's Club. These clubs devote their time to better hunting, fishing and Wildlife conservation. They also strive to better relationships between hunters, fishermen and land owners. Seems like there might be plenty of room for such a group in Deaf Smith doesn't it?

Just in case you haven't seen one, here's the West Texas State home football schedule this fall. Sept. 17, East Texas State; Sept.

24. McMurry College; Oct. 8, Texas Western (Mines); Oct. 15, Houston University; Nov. 12, Hardin-Simmons. The first three are at night and the last two afternoon games. They also have their reserved seats on sale now.

They say you can get a firmer grip on that slippery fish you caught to clean it if you will dip damp fingers in dry salt. But if your luck was poor and you still want to eat fish here's a guide for buying fish steak or fillet; allow one-third pound for each serving; when buying whole fish allow one pound.

Long Time Ago

25 Years Ago

Since there was no scheduled program for the Chamber of Commerce meeting the week of June 24, 1924, Dr. Overton and G. A. F. Parker were called upon for extemporaneous speeches. Parker told about the remarkable development of Hereford during his residence here since '902, pointing out particularly the progress in farming and the religious and moral growth of the people. Attending the meeting, which was presided over by Homer Wilkinson in the absence of president D. L. McDonald and vice-president E. W. Harrison, were Dr. J. W. Overton, G. A. F. Parker, John Moseley, L. Baskin, A. H. Streu, W. E. Dameron, F. H. Oberthier, W. R. Steckman, C. C. Rockwell, W. E. Dunlap, Miss Virginia Barnett, Ralph Barnett, N. C. Vogele, George Cloyd, Dr. J. M. Ferrell, George Overton, O. J. Beene, E. S. Ireland, W. Ashbrook, D. E. Ashbrook and French Thurmond.

Miss Dorothy Boardman, a Junior-Senior student at Trinity University, received a cash prize of \$25.00 for the best essay, offered by one of the leading educators of the state. Here subject was "Divorce." Several students participated in this contest, this issue of the Brand announced.

A grasshopper story re-printed from the Electra News reads: "This story is vouched for by the County Agent Guy R. Onza. Three men from Iowa went on a fishing trip on the Wichita River. In seeing for minnows a change into old clothes were made. After return-

ing to the bank where they had left their clothes one man discovered that three large holes had been eaten in a new \$7.00 Panama hat by the grasshoppers. Another found that the entire sweat band of his hat had been devoured and the third found that the knees of his trousers, as well as the pockets had been partly eaten and a fabricated rubber belt which he wore was trayed around the edges. All returned home fully convinced of the grasshopper menace."

The exterior woodwork on the Court House got a "much-needed coat of paint" that week, the Brand said. Some interior work was to be done, in the rooms on the east end of the building which were damaged by water the last winter.

And Mrs. James Black, Misses Ona Hamner and Mable Gass entertained with a "delightful party and shower" complimenting Mrs. Wallace C. Cox, formerly Miss Bobbie Aston. "The bride arrived at about 5:30 and was entertained for a few moments with a good old church song. The bride was entertained with two instrumental numbers on the piano by Misses Alice Johnson and Elizabeth Black and a reading by Earl Marie Foster. The bride was swamped with beautiful presents of every description."

E. B. Tillotson, manager of the Hereford Cotton Gin, closed up his office Friday and went to Guthrie, Oklahoma, the Company's headquarters, where he will remain and prepare for the coming season. Mr. Tillotson is not at all discouraged over the local cotton outlook and believes there will be plenty of cotton here to gin the coming fall, said a short page 1 story.

Local items included: "Sank Ramey and Miss Mabel Gass motored to Canyon Sunday afternoon"; "O. G. Hill made a business trip to Amarillo Friday morning"; "Mrs. Earl W. Wilson and little daughter left Saturday morning for Sweetwater. Mrs. Wilson is there to visit her parents"; "Mrs. John Knight left for her home in Amarillo Saturday morning. Mrs. Knight was here a few days visiting in the home of her daughter, Mrs. Pat Wederbrook"; "Mr. and Mrs. Geo. Jarrar and son Duffy and Roscoe Davidson and two sons, Milton and Earl Gray, all of Clovis, arrived here Sunday to spend the day in the home of relatives, Mr. and Mrs. W. B. Anthony"; "Mrs. B. L. Branson and daughter, Mrs. H. T. Brotherton and children arrived home Saturday. Mrs. Brotherton is a daughter of Mr. and Mrs. Branson."

Mrs. J. T. Gilbreath, Jr., Mrs. J. M. Posey, Mrs. Richard Petersen and Mrs. Jim Kirby were in Abilene this week end to attend the Golden Wedding Anniversary of one of their aunts.

Seeing Snakes?

Don't worry about it, they're really there. This barrelful of rattlesnakes is awaiting execution at the Pole Creek ranch near Chynenne, Wyo. When the ranch became dangerously infested with the reptiles, a simple trap consisting of a length of stovepipe and a steel drum was devised to cut down their numbers. One end of the pipe is shoved into a suspected den, the other end leading into the drum. Heat of the pipe attracts the snakes, which crawl through and tumble into the barrel, where they are killed by carbon monoxide gas pumped from an auto exhaust.

If you want to get rid of a man who tries to borrow some money, lend it to him. Make tolerance a part of your life, not just a matter of conversation.

I have just purchased an expensive movie camera, and intend to use it a good deal on fishing trips this summer. If the camera is dropped in water and recovered, would my personal Property Float-er pay for the cost of repairing the water damage?

Saving your own Massey-Harris Self-propelled is putting your harvest on a production line basis. And just like the modern method for factory production line, you get savings in time, labor—and for a bonus, Savings in grain and fuel.

important, too, you get all your grain because the self-propelled doesn't trample down your crop on the opening cut. Or you can bypass a green spot and pick it up later. Fuel costs take a licking too. There is just one economical engine to run the threshing mechanism and to propel the combine.

those years. Wet, muddy field, down tangled grain, weeds, characterized the harvest. Still the Massey Harris 21-A went in and proved the 4-Way savings of self propelled... getting grain that was often given up as hopeless.

You go into harvest production the moment your grain is ready. There is no costly or unnecessary delay. You are your own boss... Not depending on anyone for help. Mighty

There's plenty of field experience under tough conditions behind a Model 21-A. The harvest-brigades of '44 and '45 show that harvesting conditions were far from ideal in

(First Published June 23, 1949) HOUSE JOINT RESOLUTION NO. 5

proposing an Amendment to Section 5 of Article III of the Constitution relating to sessions of the Legislature and what may be considered thereat and an Amendment to Section 24 of Article III relating to compensation of Members of the Legislature; specifying the time when the Amendment shall take effect if ratified; and providing for the submission of the proposed Amendment to a vote of the people.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 24 of Article III of the State Constitution be amended to read as follows:

"Sec. 24. Members of the State Senate and House of Representatives shall receive from the State Treasury an annual salary of Three Thousand Six Hundred Dollars (\$3600), to be paid in monthly installments on the first of each month.

"They shall also be entitled to mileage in going to the seat of government for each session of the Legislature and returning therefrom, which mileage shall not exceed Two Dollars and Fifty cents (\$2.50), for every twenty-five (25) miles; the distance to be computed by the nearest and most direct route of travel from a table of distances to each county/seat prepared by the State Comptroller.

Sec. 2. That Section 5 of Article III of the Constitution be amended to read as follows:

"Sec. 5. Two (2) regular sessions of each Legislature shall be held; and until otherwise provided by law, the time of the convening of the first regular session shall be at noon on the second Tuesday in January of

each odd-numbered year, and of the second regular session, at noon on the second Tuesday in January of each even-numbered year.

"At other times, when called by the Governor, the Legislature shall convene in special session.

"Appropriations for monthly recurring expenses and salaries paid by the State shall be made for a period of not more than twelve (12) months.

"At the second regular session of each Legislature, only proposals to amend the Constitution and to make appropriations to pay monthly recurring expenses and salaries and such other measures only as four-fifths (4-5) of the Membership of each House may determine shall be considered."

Sec. 3. The Amendments proposed herein, if ratified by the people, shall become effective January first, A. D. 1950.

Sec. 4. The foregoing Constitutional Amendments shall be submitted to a vote of the qualified voters of this State at a General Election to be held throughout this State on the fourth Saturday in September, 1949, same being September 24, 1949, at which election all ballots shall have printed thereon:

"FOR the Constitutional Amendments relative to sessions of the Legislature and to compensation of its members."

"AGAINST the Constitutional Amendments relative to sessions of the Legislature and to compensation of its members."

Each voter shall express his vote on the proposed Amendment in the manner provided by law.

Sec. 5. The Governor of this State shall issue the necessary proclamation for said election and shall have same published as required by the Constitution and laws of this State.
