

50th YEAR—Number 17

## District Governor Speaks To Lions

"If all nations would seek to eliminate ignorance and to educate the people of the world, we would have no cold war today," District Lion Governor Curtis A. Cryer told the Lions members Wednesday at their regular luncheon.

The topic of his speech was "Lionism From Where I Stand". A 20-year Lion, Cryer is superintendent of schools at Borger and president of the Borger Junior College. He remarked during his talk that when he came up for the job of Lions Governor of District 271, he thought he just wouldn't have the time to put into the tremendous job. He decided, however, that he owed the Lions Club a year of his time and accepted the job.

Speaking of the world situation, Cryer said "instead of H-bombs and A-bombs as a solution of difficulties, all nations should get together and know each other. Guide by intelligence instead of rule by ignorance. Bring Peace To All. To bring peace, be intelligent and bring people together. Think in terms of love and decency instead of in terms of bombs."

Illustrating his point of teamwork, Cryer cited the example of a visit he once made to a reform school for girls. He said, that as he strolled down one of the corridors of the school, he noticed a young girl in her cell with her hands hanging on the bars of the doors.

"She was just as pretty and clean as one of these girls singing for us today," Miss Thelma McMinn's Sextet from High School also sang on the Lion's program.

"When I asked her what was wrong, she simply said, 'the team I was on didn't click.' Her team was her mother and father. They failed in their job of raising their daughter and she went bad."

Dale Martin is the new employee at H&H Furniture company. Formerly a Hereford resident, Dale moved up to Borger and worked in a furniture store there for about 18 months.

Jim Robinson is the new butcher at Hereford Food Mart.

Mrs. Kenneth Coker, ticket committee chairman for the Joyce-Etze sponsored musical book review Wednesday, May 10, at Hotel Jim Hill, says the tickets are now being sold by all girls in the organization.

Mrs. Dolly Lynch of Amarillo is going to Broadway the book "South Pacific" was taken.

Kiwanis Club boosters and all interested in becoming members met in Hotel Jim Hill Friday noon for a luncheon meeting.

Jim Edmonson, Kiwanis field service representative, from Brownwood, will be present at the meeting. Representatives of the Downtown Kiwanis Club in Amarillo will also attend.

Four of the seven census districts in Hereford have been completed and one of the seven rural sections of the county have been finished, according to Mrs. Ruth Giddens, crew chief for Deaf Smith and Farmer counties. She said they hope to finish by next Wednesday.

All Nino Study Club will have a sale Saturday morning at 10 o'clock at the Piggly Wiggly Grocery Store.

Dr. and Mrs. Carl McCaslin are attending the annual convention of the Lumbermen's Association of Texas in Galveston this week. They went down last week end.

All ladies interested in golf, whether they play or not, are invited to attend a meeting at 8 o'clock at the Golf Club House Friday night. Mrs. H. W. Benson will preside until officers have been elected for the new Ladies Golf Association.

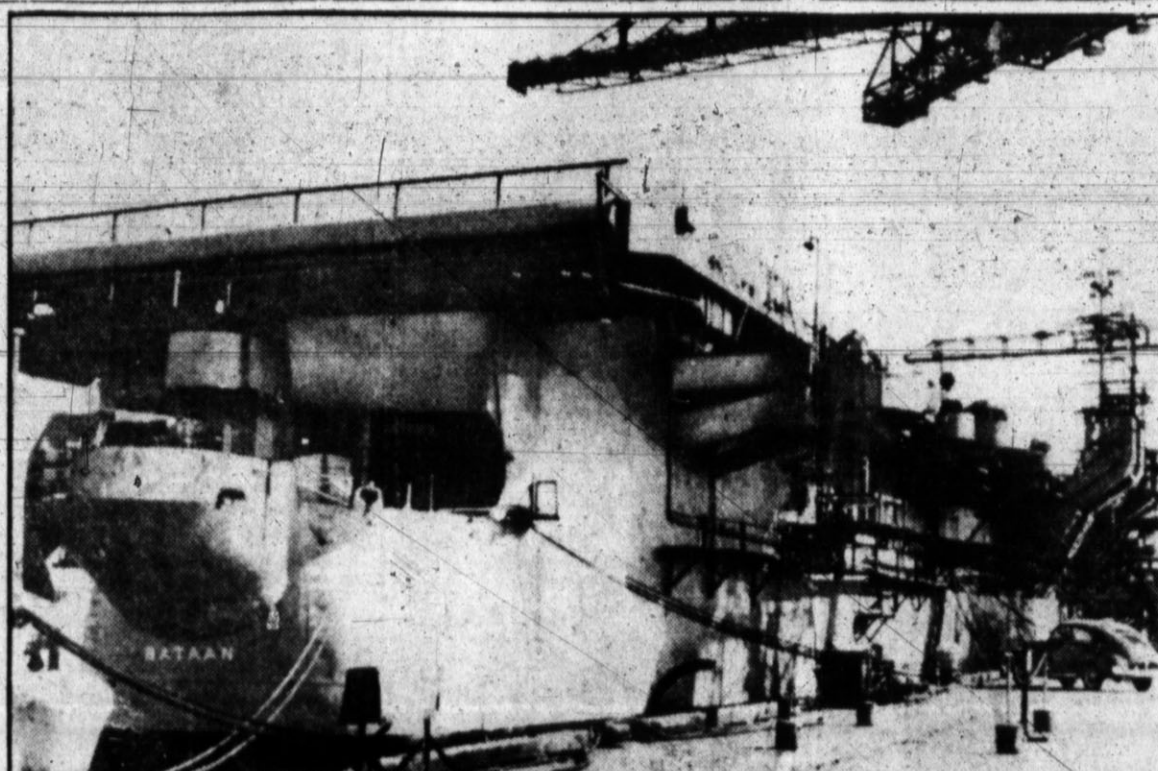

Superintendent George Graham was the Dalhart Junior-Senior Banquet speaker Tuesday night.

Slight damages Sunday night resulted when a fire broke out in the home of Roy Smith, 706 West Fifth.

Fire Chief Earl Phillips said trouble with the water heater caught the wall on fire. The water is in the stairway of the home.

Only one truck made the run.

H Club members will elect new officers and decide whether to take the 4-H club Round-Up trip to College Station, at a meeting Saturday afternoon at 3:30 in the Court House. A moving picture "Sports Highlights of 1948" will be shown. Club boys are urged to bring guests to see it.

**OUT OF THE MOTHBALLS**—The aircraft carrier Bataan, 11,000-ton veteran of the famed Task Force 58, is scheduled for active service again, after being consigned to the "mothball fleet." Above, the famed flattop lies alongside a pier at the Philadelphia Navy Yard while shipfitters ready her for anti-submarine duty this summer with the Pacific fleet.

## High School Band Competes In Interscholastic League Today

Hereford High School Senior Band under the direction of Purris Williams will enter competition this afternoon in the Region 1, Interscholastic League Instrumental Music Competition Festival on the West Texas State College campus.

Seventeen bands are entered in the Class A division, in which Hereford will participate. The Festival will be capped off with marching competition this evening in Buffalo Stadium.

The Hereford band will play as a warm-up number, "Americans We" by Fillmore. Their selected number will be "Alpine Holiday" by Bayns. Required selection will be "Shallmar" by Buchtel.

For the solo ensemble events called for in the following students:

Class I Twirling Solos, John Southall, Drum Major; Bobbie Nell Pflaum, Drum Major; Audrey Hood, Betty Henry and Janet Scott.

Instrumental solos will include Kenneth Carroll on the B flat clarinet; Purris Williams, Jr. playing "Bride of the Waves" on the cornet. Class II will include Bill Rose and Debnay Williams each playing "Valse Melodie" on the alto saxophone.

In Class II, also, is entered a coronet trio, Purris Williams, Jr., Wayne Lady and Keith Savage. They will play "Polka Dots" by Buchtel. A clarinet quartet consisting of Doris Jean McGee, Kenneth Carroll, Neal Lomenick and L. T. Hawks will play "Twilight in Blue." A Class II saxophone quartet will consist of Carolyn Walker, first alto sax; Bill Rose, second alto sax; Randolph Thomas, tenor sax; Debnay Williams, baritone sax. They will play "Songs My Mother Taught Me."

In the marching contest this evening, Hereford will perform at 9:06 o'clock. They will be last in line.

The bands are required to do several movements. They will Forward March, Halt (while playing and while not playing, Column Right and Column Left while playing and Diminish and Increase Front while playing. They have a choice of Right Oblique and Left Oblique (while playing) or Column Half-Left and Column Half-Right (while playing).

Williams said he will be happy to come out as good as last year. Hereford was rated average to (Continued on Page 6)

about 45 representatives from the various clubs and other organizations of Hereford met with the seven-man Chamber of Commerce Retail Merchants committee at dinner in Hotel Jim Hill Tuesday evening.

Purpose of the meeting was to work out a plan coordinating the activities of the various groups and to attempt to avoid as many conflicts as possible in the future and to work it out where the merchants will know what events are coming up.

In the future the Chamber of Commerce will keep a calendar of all club meetings, and events. The merchants in turn plan on helping publicize events and creating more interest in Hereford activities.

Don Zimmerman and Roy Oswald presided. Other retail merchants committee members present were Ernest Wade, Paul Harvey, H. A. Lamm, Irving Alexander and Pete Cowart.

But the records from the Courthouse have a slightly alarming message. Twelve divorce petitions are on the books already. Last year, there were only six divorces asked for up to May. Divorces during the year totaled 38.

Weather Doesn't Matter. If you believe the record books, you can't blame the divorce rate on the weather. During the three hot summer months last year, only six divorces appeared. Four came in July, none in August, and only two in September.

The boom divorce period last year was in November. Thanksgiving, evidently, doesn't have much effect on matrimonial difficulties.

## \$325,000 Ice Plant And Packing Shed Will Be Built Here

Plans were released Wednesday afternoon for construction of a modern \$250,000 commercial ice plant and a \$75,000 packing shed to be located in Hereford. The plant will be constructed by Rip Underwood of Amarillo and Reginald Williams of Idabel, Okla.

## Annual REA Election And Meeting Scheduled Saturday

Deaf Smith County Electric Cooperative, Inc. members will begin their twelfth annual meeting Saturday noon with an old fashioned barbecue with all the trimmings in the High School cafeteria and proceed from there, according to Leo Forrest, project manager.

The business meeting immediately after the barbecue will consist of routine business, President T. E. Sigler, Jr.'s report for

the year and a report from Forrest on future plans and two-way radio.

The H-Y group, commonly known as Bud Forbus' and his Louisiana Mud Hens, will entertain for about 20 minutes, Emerson Roland, line foreman, will follow with a demonstrated lecture concerning line operation, what causes outages and how the consumer may help in cutting down these outages.

Coop Attorney James W. Witherspoon will preside at the election of officers.

The remainder of the program will be conducted by W. M. Rickeltes, Field Representative of REA. It will consist of an open forum on the rural telephone program.

As an added feature this year, Forrest said the electrical appliance dealers of the area are to have a display in the High School Building. This display will open at 9:00 a. m. and it is suggested that all members who can come early, view these exhibits, and register in each booth, as the merchants are giving away some very nice appliances as prizes. The Electrical Appliance Dealers and Suppliers are giving the prizes.

## Two Complaints Filed On Porters

The Sheriff's office filed complaints against two Hotel Jim Hill porters for the sale of intoxicating liquors in a dry area, Monday.

One of the men, Arthur Mitchell, is in jail now on two charges. He plead guilty and was fined a total of \$456.80, including costs. He drew a \$300 and costs fine on the first charge and a \$100 and costs penalty on the other.

James Burleson, who was employed at Hotel Jim Hill but who lived in Amarillo, failed to come to work Monday. He is subject to apprehension on two bootlegging charges, also. Deputy Sheriff S. B. Berry said.

The arrests were made in cooperation with the Liquor Control Board who made two purchases from each of the two men. Both live in Amarillo and commute to work in Hereford.

The offenses were committed Sunday, Berry said.

Jose Sandoval is also in the county jail charged with central assault. Berry said he was arrested Sunday at the Labor Camp. He was fined a total of \$73 including costs.

## The Weather

Sunday—High 57, low 32.  
Monday—High 58, low 48.  
Tuesday—High 72, low 32.  
Wednesday—High 68, low 36.  
Total moisture for April—46. Total for 1950—51.

Contrasting the ten in November of 1948 with 1949, only three divorces were filed during that month two years ago. For all of 1948, 30 divorces were filed in

April. April weather is spring weather.

**GOOD SKATE**—A pair of roller skates isn't usually considered a practical gift for a tot 14 months, but when little Gerald Reising of Valley Stream, N. Y., was given his, he put them to use right away. Now, with an occasional flop, he manages to stay on the skates and keep his older brother and sister company.

## Romance Continues To Offset Divorce Rate

By JOHN SCOTT

What season is best for divorces?

Is it during the savage heat of summer or does the weather have anything to do with emotions and outlook? And is there any certain day like Blue Monday, for instance—that couples choose to break up their lives?

You don't get any answers by checking Courthouse statistics. The only conclusive angle from the records is that divorces are on the decline in Hereford.

County Clerk Robert Thompson believes emotions and times are settling back to normal from the war years and the turbulent post-war period. He thinks when people decide to get married these days most of them mean it and know what they're doing.

Some of these decisions concern divorce and would never be made if the tempers of the individuals weren't riled.

So the conclusions from the lawyers and from the courthouse records are that there is no closed season on divorce. They can come any time and if there is anytime a person should be on guard—it is in the hot summer time.

This opinion can be partly verified by the fact that this month there were six petitions filed—half of 1949's total. We have had some hot days and a warm winter lately.

Anyway, 13 marriage licenses have been issued this year, so far, one for every divorce. Maybe they can stay neck and neck and break even for 1950.

One lawyer had an angle on divorce. He said to watch it when the hot weather came. This is the time tempers are on edge and quick decisions are made.

No Closed Season. One lawyer had an angle on divorce. He said to watch it when the hot weather came. This is the time tempers are on edge and quick decisions are made.

## Comments On Sports

By ED SIMS  
**HUNTING...**

Down in Florida the State Game Commission is concerned over the depletion of wild quail. Feeding stations are to be put out in various places over the state as an experiment, and the quail hunting season will be interested in the results. The feeding station idea is not new. Other experiments have been conducted in Florida and elsewhere, and tentative results indicate the stations do much to increase the wild bird population, under favorable circumstances.

Because hunters from every state in the Union shoot quail in Florida, the hunting season coincides with the winter tourist season, the state is especially interested in maintaining the bobwhite in sufficient number to make hunting enjoyable.

The feeding stations to be used in the Florida experiment cost five dollars to construct. They are nothing more than a garbage can, with a wide-brimmed tin hat, fitted under the top of the can to prevent rain from falling near the grain. The grain comes out of the can at the bottom where openings have been cut about two inches from the ground. In these openings wire is fitted, so that the birds have a constant supply of food, through the wire, and some on the ground.

The cost to operate such a station is estimated at ten dollars a year. But in some experiments a station has increased the number of birds from ten to a hundred. Of course, there is a limit to the number of birds in any area, since quail will not overcrowd.

The Florida Game Commission is now urging sportsmen's clubs and other outdoor groups to sponsor feeding station programs, thus increasing the vacation state's quail population. The feeders, designed by Chief Wildlife Biologist Earl Frye, will stand or fall on the experiment now in progress. If successful, a number of other state game commissions will be interested, and Florida quail hunters may see a return of the good old days when a twelve-bag didn't take but two or three hours.

## Annual Tri-Hi-Y Dinner Given At School Cafeteria

By CHLOE FORTENBERRY  
 The annual dinner given by Tri-Hi-Y girls for their mother or guests was held Tuesday night April 11, in the High School cafeteria.

Bouquets of flowers centered each table with candles on each side of the bouquets. Attractive placecards, programs, and napkins engraved with "Tri-Hi-Y" were at each place. The menu was made up of baked Treet, buttered potatoes, asparagus tips, pineapple slices, English pea salad, hot rolls and butter, iced tea and ice cream and cookies.

The invocation was given by Miss Rigler, the welcome by Earlena Phillips, and the response by Mrs. Roy Ford, club mother. During the meal piano selections were played by Marilyn Backley, Evelyn Benson, Nancy Cagle, Reba Dones, Gayne Foster, Barbara McGee, Shirley Sharp, Bobbie Jane Sisk, Donna Jess Stagner, and Patsy Willshire. Introduction of mothers and guests followed the meal.

Katherine Snare gave the devotional after which the group sang "Living for Jesus" followed by "What is Tri-Hi-Y?" given by Bobbie Jane Sisk. A duet was sung by Reba Dones and Faye Knox followed by "Others" by Nancy Cagle. The benediction was given by Emmarie Turner.

Hereford Girl Elected Chairman At McMurry  
 ABILENE — Cherry Arne Forrest of Hereford was recently elected deputized chairman of the Christian Foundation at McMurry College. She will serve in that office during the ensuing school year.

A junior English major at McMurry, Miss Forrest is president of the Volunteers, women's Christian service group. She is a graduate of Hereford High School, where she was secretary of the junior class, editor of the annual in 1947, a member of the National Honor Society, the dramatics club, pep club, and was elected as the Most Versatile Girl in 1947.

Miss Forrest is the daughter of Leo Forrest, of Hereford.

Expansion Program  
Will Take 20 Years

Texas Technological college's expansion program will permit the college to enroll 12,000 students in 1970, Pres. D. M. Wiggins reports.

Dr. Wiggins says the plans have been worked out by administration authorities with the approval of the Board of Directors. Elio J. Urbanovsky, college landscape architect, has prepared the "master plan" which has been divided into four-year periods. When completed, the program would raise the evaluation of Tech's campus to approximately \$30,000,000.

"This program will expand Tech in line with the needs of this region and the industries which serve it," Dr. Wiggins said. "As the petroleum industry grows, our department of petroleum engineering will grow—and all of our divisions will keep pace with their counterparts in industry, agriculture and the arts."

Federal educational surveys indicate that college enrollment will reach new highs in the 1970 period because of the increased birth rate in the United States during 1940-45.

Husbands Are Guests  
Of Antonian Circle

Husbands were honor guests at a canasta and progressive forty-two party given in St. Anthony's Parish Hall Friday night. Mesdames Edward Paetzold, Mike Betzen and Tony Hoffman were hostesses for the party which included members of the Antonian Circle and their husbands.

High score winners were Alfred Reinart and Mike Betzen and awards for low scores went to Mrs. Elmer Reinart and Jim Clement.

Refreshments were served to Messrs. and Mesdames: Clarence Betzen, Ted Higgins, Jimmy Jes-

ko, Leo Hoffman, Arhart Reinart, Elmer Reinart, Leo Ohlig, Raymond Paetzold, Tony Hoffman, Esidore Reinart, S. L. Loerwald, Edward Paetzold, Alfred Reinart, Mark Koenig and Jim Clement.

New officers of the Circle will be elected at a meeting to be held this afternoon in the home of Mrs. Raymond Paetzold. The new meeting time is 3 o'clock.

Visitors recently in the home of Mrs. Bonnie Martin were her mother, Mrs. Mollie Bailey, and a sister-in-law, Mrs. Fred Bailey. The visitors are from Amarillo and were on a vacation trip when they stopped in Hereford.

Bud-To-Blossom Club  
Entertained Friday

Mrs. Milton Higgins was hostess for Bud-To-Blossom Club members Friday afternoon. Flower arrangements were made by Mrs. J. D. Neill who used iris and tulips and peach blossoms.

Mrs. J. D. Neill, president, conducted the business session which was given over to a discussion of the forthcoming flower show to be sponsored by the Hereford Garden Club Council on May 11. Rules and regulations for entries were explained and the schedule noted. Those attending were Mes-

dames R. A. Daniel, Jr., D. C. McWhorter, W. H. Patton, J. D. Neill, John Winkler, Hilrey Aven, Bruce Aldridge, Glenn Williams, E. Wood and the hostess.

Mrs. Willie Daniels has gone to Lubbock where she is visiting her daughter, Mrs. Lilburn Ray and family.

Personals

Mr. and Mrs. Foy Dodson of Hale Center were looking after business interests in Hereford the past week end.

Mr. and Mrs. Ray Parmer and infant daughter have recently moved to Kress to make their home.

Rules on Texas City Case—Federal District Judge T. M. Kennerly (above) ruled in Houston, Tex., that the U. S. government was at fault in the 1947 Texas City Disaster which took more than 500 lives. Judge Kennerly ruled that 8,485 parties who had sued for \$200,000,000 (M) in damages "are entitled to judgment" as a result of explosion and disaster. (AP Wirephoto)

Mrs. Lowry Walker left Thursday for the Home Demonstration District meeting in Borger. Going with her in her car were Mesdames Franklin Miller, John Draper, S. S. Williams, J. P. Slaton and L. E. Gross.

Wanda Walker, sophomore at West Texas State College, spent last week end visiting with her parents and friends in Hereford. She is the daughter of Mr. and Mrs. Lowry Walker.

BULL DOES THE THROWING—A young Mexican bullfighter, Heel or Palacios, came out the loser in a recent bull fight in the ring at Reynosa, Mexico. A huge wind blew Palacios's cape against his body and the bull followed it, tossing him into the air. But he was unhurt. (AP Photo)

WESTWAY NEWS Basket Dinner Scheduled At Church Sunday Afternoon

There were 70 present at Sunday School last Sunday. Mr. and Mrs. Jack Weaver were new members in the Young Married Couples Class and their daughters enrolled in the Primary Class and Cradle Roll. Mr. and Mrs. J. E. McEachern are new members of the Adult Class. Billy Ladd gave his birthday offering.

Rev. Don Davidson preached at the afternoon service. Rev. J. R. Hale of Cordell, Oklahoma will preach at the 11 o'clock and 8 o'clock services next Sunday. There will be a basket dinner at noon and singing in the afternoon. Preach Merritt will have charge of the singing.

A. A. Head is spending several days in Oklahoma looking after business interests. Clarence Morrison and Merlin Kaul attended an IOOF Association Meeting at Pampa Monday.

The Willing Workers Missionary Society met Wednesday in the home of Mrs. Roy Lee Wilson. A covered dish luncheon was served at 1 o'clock.

During the business session which was conducted by Mrs. Wilson, the group decided to make a cover for the piano which was recently purchased. More spoons will be bought to be added to those recently purchased for the cafeteria.

The opening prayer was given by Mrs. Bernice Northcutt after which a lesson on Miscellaneous teachings of the Bible was participated in by all present.

Those present were Mesdames A. A. Head, Harold Head and Janice, B. B. Northcutt, Joe Landers, Robert Boyd, Elmer Combs, J. C. Morrison, Roy Lee Wilson and Merlin Kaul.

The next meeting will be held at the home of Mrs. Joe Wagoner on Wednesday, May 17.

The Young Couples Class of the Sunday School held the regular class meeting and supper Friday night at the school house. The supper was served in the cafeteria after which the group sang several songs. Billy Jackson read an original poem and explained why it had been written.

Waldron Melton was in charge of the games. The next meeting will be held at the home of Mr. and Mrs. Billy Jackson on Friday night, May 26. Mr. and Mrs. Waldron Melton will have the program.

Two new members of the class, Mr. and Mrs. Jack Weaver were guests. Other members present were Mr. and Mrs. Glen Williams, Mr. and Mrs. Waldron Melton, Mr. and Mrs. W. B. Nunley, Mr. and Mrs. Billy Jackson and daughters, and Mr. and Mrs. Merlin Kaul.

Mr. and Mrs. Bill Rudd and Mr. and Mrs. Ralph Rudd and the Raymond Rudd family all of Springlake, were recent visitors in the Paul Rudd home.

Larry Kaul was honored with a party last Saturday night at the home of his parents, Mr. and Mrs. Merlin Kaul. The occasion was in celebration of his thirtieth birthday.

Larry led the group in playing several games after which the candles on the cake were lighted and the gifts opened.

Refreshments of sandwiches, cake and ice cream were served by Mrs. Kaul to Larry and Walter Kaul, Larry Townsend, Mr. and Mrs. R. M. Gunn, Mary Owens, Frank and Francis Boyd, G. C. Merritt, Ralph and Raymond Morrison, and M. C. Kaul.

Homer Rude of Texas Tech at Lubbock spent the week end with his parents, Mr. and Mrs. Paul Rude.

Miss Vada Melton, a missionary from the Baptist Church to South America, visited last week in the home of her sister, Mrs. Henry Melton; and also in the home of Waldron Melton.

# Hereford Bull

By "MIE GILLENTE"

Remember the discussion of Blue Cross hospitalization several months ago? I just had a letter from W. R. McBee, executive di-

rector, who says that a new type "Standard Service" policy will replace old agreements for members of the Community Group here, effective June 1. However, this situation does not affect the employed groups around Hereford. The new membership agreement has limitations on X-Ray, Drugs, Medicines, Nursery Care, Operating Room, Laboratory Examinations, Dressings and Casts, Cystoscopic Room, and it eliminates Basal Metabolism and Oxygen Therapy, according to Mr. McBee. On the other hand, daily flat rate allowance is increased from \$5.00 to \$6.00 per day for dependent and maternity care in non-member Texas hospitals. It also provides 70 full days of benefits each year instead of 30 days full and 90 days half benefits.

After pointing out that the organization did not favor reduction in benefits, Mr. McBee added: "We are now willing to concede that a reduction in benefits seems to be the only remaining solution to the problem. A new membership agreement, along with a letter of explanation, will be mailed to all members of the Community Group in this area, prior to the change-over of Blue Cross policy on June 1. From this point on, it will be up to the members.

Actually, this is more or less our suggestion back when the occasion first arose. No company can consistently lose money. They either had to increase rates or diminish services. Each member should carefully check both the old and the new membership agreements and make up his mind before making the transfer. If the scope of the Blue Cross policy does not suit your individual needs and you can afford to pay out more money for more protection, there are several other companies which offer hospital and medical policies — but none of them can lose money consistently.

John Roberts came down here from Fort Morgan, Colo., this week, and he was really disappointed. Somehow, he got it through his head that Abe Martin and Homer Fox were going

to wrestle in a special bout. He says any time this bout can be promoted that he will drive all of the way back down here just to see it.

It looks like my wrestling days are over. It looks like I am going to have to take up golf. The wife and kids already want to know when I am going to use the new club and my excuse of not having a ball is out. Urilin Streu (the hell) gave me one. Why can't I just sit around and read or maybe go fishing? Not me! It looks like I am stuck with this golf business. Getting those clubs like getting a loud, loud tie for Christmas. You either wear it — or else!

Boy, those JayCees were really sizzling for a while, and some of them still figure I did them a mighty dirty deal. They say all of the tennis court delay wasn't their fault at all — and maybe they are right. However, some of them are a little bit more rational about the deal. Paul Cone-way, for instance, says he doesn't think it is right for me to warm up the JayCees and forget the other projects around here which have been started, but remain unfinished. Furthermore, he even went so far as to mention a community eye-sore of long standing — namely the courthouse lawn.

Paul is right, too. As a matter of history, the courthouse lawn was in worse shape in 1948 than now. It was so very, very bad that a delegation of garden club ladies, assisted by a few men, went over to the courthouse one morning and met with the commissioners. The commissioners were courteous and agreeable; Mrs. John Slaton and Mrs. O. G. Hill, as I recall, made outstanding speeches and even Mayor W. E. Dameron joined in with his two cents worth. The outcome was the commissioners decided to do something about the lawn — and they did. Following suggestions outlined by the group, the county plowed up the dense crop of dandelions, installed a modern underground sprinkling system and removed the outside row of trees. Today this portion of the improved lawn is a wonderful example of accomplishment and one which all citizens view with pride.

What Paul is objecting to is the border of approximately 15 to 20 feet which was not planted. Originally, this portion of the courthouse lawn was to have been topped and surfaced to provide additional parking space. However, it has never been finished. It is truly an eye-sore, but I am sure that the commissioners will scream about not having sufficient funds to finish the work. Actually, they should find some means of protecting their already heavy investment by finishing up the project. As things stand now, we are much in the same position as a fellow with a brand new, 1950 model automobile — and no tires.

How about it, Mr. Commissioner's court? If the funds are short, can't we take county machinery and do a lot of this work without hurting the general road situation? Furthermore, the Lions Club promised more than 24 months ago to remove the World War II sign on the courthouse lawn. What about this, Mr. Blanton, et al? Seems like the club voted to give the sign to the Legion and VFW to be re-erected near the Veteran's Club House. The county asked that this board be removed as the first step toward completing the lawn project — and that was 24 months or more ago.

Really, I am sincerely sorry that some of these JayCee boys got riled up. These things are a lot like when your wife gives you a letter she wants mailed right away. About a week later you find it in your pocket, mail it — and go around the house with a sheepish grin for a few days. It can happen in the best of families. The JayCees have done a lot for the community, but they are young fellows and maybe a little bit "touchy." No one likes to be criticized. However, their Christmas lighting program offsets any criticism they may ever get. They have done a consistently wonderful job along this line and everyone appreciates it. The JayCee park is another feather in their cap. Either of these projects would more than justify their existence, which is more than you can say about most clubs.

I was over around Tucumcari a few days ago, and was really glad to get back to Hereford. I often wonder how they ever collect enough taxes in New Mexico to get anything done. Even the grass looks bad and you see practically no cattle on the range. There are a few green spots in the Conchas irrigation district, but some of the boys tell me that even the catfish in Conchas Lake are getting thin. It's a bigger town than Hereford, but I sure can't see why. Must be the heavy Mexican population. I don't believe Horace Greeley had ever been to Tucumcari or he would not have advised those young

## "Living In Argentina" Is Discussed At Farm and Ranch Club Luncheon

A South American theme was featured in decorations and appointments for the luncheon meeting held by the Farm and Ranch Club in the home of Mrs. Waldron-Melton Thursday.

The theme was used as a gesture of welcome to Miss Vada Waldron, returned missionary to Argentina, special guest and speaker.

Preceding Miss Melton's discussion of "Living in Argentina," Mrs. P. B. Sowell, president of the club, conducted a short business session when members decided to feature a question box for suggestions on next year's work.

Messdames Ed Thomas, Tom Cotton and Frank Rickels gave the federation reports.

Miss Waldron gave an interesting description of the people of Argentina comparing their customs and way of life with those of America. She described women's clothes as little changed from those of American women and said American patterns were copied.

Miss Waldron is connected with the educational department of the Baptist Church and works, for the most part, with children. Her account of the schools gave an insight of the work being done in South America.

Miss Waldron, who is visiting

her sister, Mrs. Henry Melton, will return to Argentina in November.

Members attending were Messdames A. B. Nunley, Henry Melton, Frank Weaver, Tom Cotton, F. W. Perrin, Jack Weaver, Ed Thomas, P. B. Sowell, Merschel Burris, the honor guest and the hostess.

**WAYNE THOMAS NAMED EDITOR**

AUSTIN — Wayne E. Thomas of Hereford has been selected associate note editor of the Texas Law Review, publication of the University of Texas School of Law.

A law student, Thomas is the son of Mr. and Mrs. Zerrell Thomas.

## Personals

Mr. and Mrs. Don Taylor have returned to their home in Louisiana, Mo. after visiting her parents, Mr. and Mrs. J. H. Pittman.

Charles VanPelt, junior, at West Texas College, spent last Sunday in Hereford as the guest of Norman Walker.

Here this week as guests in the home of Mr. and Mrs. W. F. Gillis are his sister, Mrs. S. E. Fisher of Sparenburg and a niece, Mrs. Boyce McHaney and a niece, Mrs. Sparenburg and a niece, Mrs. Jimmie Little and daughter of Lamesa.

Bob Wilson of Kansas City transacted business in Hereford this week.

# Sitting On Top Of The Phenomenon

By Lester Hamilton  
The Palestine Herald & Press  
Written for the Associated Press  
Palestine, Tex. (AP)—Ever wonder how it feels to sit on top of a phenomenon?

People here, who sponsor Texas Dogwood Trails, are sitting on one. After twelve years of it they still aren't sure what it may lead to.

The phenomenon is a wild flower show that started out as a trial promotion of the Chamber of Commerce and grew into what may be the most heavily attended flower trail in the south.

On one recent Sunday between 35,000 and 38,000 people from all parts of Texas and nearly every other state drove bumper-to-bumper through Davey Dogwood Parks, where the trails are routed. Almost as many others were caught in a huge traffic jam and turned away without ever reaching the Dogwood they drove long distances to see.

The traffic jam blocked highways for miles, and several times

during the day automobiles, two lanes wide, were stopped for five or six miles on both sides of both sides of the park.

The trails originated in 1938. That year out-of-town people were invited to Palestine to drive over Anderson County roads to see Dogwood in bloom. The Chamber of Commerce put up a little money to pay for cardboard signs. Volunteers nailed them to fence posts.

About 20,000 people came that year, driving dusty roads and sometimes bogging down in sand and mud. Many said they would come back—and they did.

Forty-thousand-plus came the next year. In 1940, the third year, there were more than 60,000.

Year-by-year growth of the crowds called for increased preparations. And the trails became a major civic job, involving more than 100 people each year, who acted as hosts to the visitors, aided in traffic control, and made arrangements for new routings.

It was realized by the second year that the show would have to be taken off of country roads. And that same year trails workers "discovered" what state foresters say is the greatest concentration of dogwood in the United States.

The concentration was in a 600-acre forest owned by heirs of the E. W. and H. R. Link estates. It was just north of Palestine, bordering on the city limits, an untouched forest of big timber undergrowth with thousands of dogwood trees. It had never been cleared because the rugged iron ore hills, without a track over which trucks or wagons could move, discouraged timber buyers.

Trails workers set up a non-profit corporation known as Texas Dogwood Trails, Inc., to stage the trails. Then they asked owners of the land for easements for roads across their lands. The easements were granted, but there was no money to build the roads.

So volunteers plowed through underbrush with their automobiles to break out tracks, then followed along with axes and hoes to build a make-shift one-way road. Gullies were filled with dirt shoveled out by hand and hauled on borrowed trucks. And Texas Dogwood Trails in 1941 was routed through the woods.

It was rough and rugged going for the 75,000 visitors who piled the road that year, but the visitors saw a spectacle of Spring in bloom that thousands never forgot. During World War II, when the trails were closed, many came back, parked at the edge of the forest, and walked the route.

But it was during the war years that the trails got their first big windfall. The late M. A. Davey, Palestine oil man, bought one of the tracts over which the trails were routed and gave it to Anderson County for the permanent use of the trails. When trails volunteers returned from the armed services they had a concrete task ahead of them.

Ownership of the land by the county made it possible for county road crews to work in it, and the one way track was replaced by a graded, scenic road. The corporation, until then financed by the Chamber of Commerce, set up the Texas Dogwood Trails Association, with memberships at \$2.50 per year; and local people financed the expenses of the trails through the dues they paid.

Concrete picnic tables were built. Large parking areas were created in a meadow in the center of the property. And the trails workers moved on to other plans. Work is under way on miles of more road through neighboring lands where road rights-of-way have been obtained; and the trails eventually will be connected with Palestine's Community Forest, a 900-acre forest dotted with five lakes.

People have come here from every part of the world to see the trails, dubbed "the poor-man's flower show" because no charge has ever been made to visitors. One woman from Canada is a regular repeat visitor, and others have been here from England, Germany, and a number of other European and South Amer-

**BOARD OF DIRECTORS**—This is a group photo of the Board of Directors of Texas A&M College taken at a recent meeting. Front row (l to r) are John W. Newton, Beaumont; G. R. White, president of the Board, Brady; Rufus R. Peoples, Tehuacana; A. E. Cudlipp, Lufkin. Back row (l to r) Roy C. Potts, Cochran; E. W. Harrison, South Bend; Henry Ree se III, Gonzales; C. C. Krueger, San Antonio; Gibb Gilchrist, chancellor of the A&M system; and Tyree L. Bell, Dallas. (AP Photo)

**NOTHING A GOOD HAIRPIN CAN'T FIX**—President L. H. Hubbard of Texas State College for Women in Denton explains the intricacies of a car, vintage unknown, which these six TSCW students recently purchased. The vehicle was one of the first to appear on the campus following a ruling to allow senior students to keep cars at the college. Corporation owners from left to right are Misses Juanita Nash, Ryan, Oklahoma; Janell Kaderil, San Marcos; Jennie Krudys, Wallington, New Jersey; Jane Richardson, New Orleans, Louisiana; Jonel Rogers, Galena Park, and Norma Lou Jones, Camp Hood.

lean nations. Garden club visitors come in by busloads. So do school children and other interested parties.

And Palestine people, sitting on the phenomenon, take a personal pride in the job; for not one penny of federal or state aid has gone into its creation. Many have a closer interest than that, for as they drive over the hilly route, through hundreds of acres of Dogwood-trees, they can say: "See that? Well, I built that myself, four years ago."

## School Band

(Continued from Page 1) any band in the competition then. He said that during the field marching, each band has only six and a half minutes to go through their act. They have to enter the field and be off in that length of time.

While marching the bands will be graded on playing, cadence, alignment, inspection and special formation. In addition they will be rated on general effect.

The Junior Band participated in the Class E—Elementary competition late Wednesday.

Their band played the usual opening three selections consisting of a warm-up, selected number and a required number. The Junior Band isn't required to sight-read or march.

Their warm-up "Activity March" by Bennett. "Organ Melody" by Ribble was their selected number and "Ambition Overture" by Bennett was their required number. The Junior Band has 40 pieces.

## Excellent Tomatoes Grown in North Texas

Wicita Falls, Texas, (AP)—Now Northwest Texas and southern Oklahoma folk can pick excellent tomatoes from their own gardens.

The Iowa Park extension service has found several varieties that grow well in the area.

In other years, tomato growing almost always was a failure because standard varieties could not withstand the hot, dry summers of this section.

The Iowa Park horticulturists say the varieties produce an abundance of first-quality tomatoes. Besides, they show a higher vitamin C content than the same varieties grown farther

## Mealtime MARVELS

### CODDLED APPLES

There is nothing like a colorful, cool salad to spark appetites in any season. Add this new apple salad to your file of choice recipes.

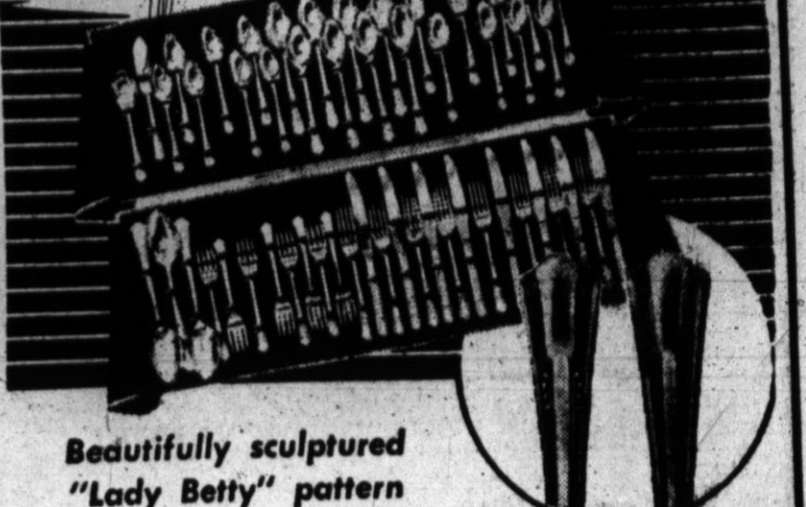

#### Coddled Apples

- 1 1/2 cups sugar
- 1 1/4 cups water
- red food coloring
- 1 small stick cinnamon
- 6-8 small to medium apples, nuts, to garnish
- 1 1/2 ounces cream cheese
- 2-4 tablespoons fortified margarine curly and/or other greens.

Mix the sugar, water, coloring, and cinnamon and boil about 5 minutes. The instructions on the package of coloring should be followed. Some colors are more concentrated than others. If a liquid is used, about one teaspoonful will give a deep rosy color. Peel and core apples and cook in syrup until tender and red in color. Drain and cool. When ready to serve, cream the cheese and margarine together and fill the center of the apple. Top with a blanched almond, pecan, or other nut. Garnish with endive or other greens. Serve with hot muffins and margarine.

For other tempting, nutritious food ideas, send today for your free copy of "Mealtime Marvels with Margarine," a helpful, 32-page recipe booklet in two colors. Write National Cotton Council, Box 76, Memphis, Tenn.

### Cpl. Archie Lee Hill Escapes Drowning; Saves Companion

A Hereford boy, Cpl. Archie Lee Hill, turned hero for a few minutes recently and saved not only his own life but that of his companion when the boat in which they were riding capsized in Pagent Sound off West Point, Washington.

Another companion drowned in an attempt to swim 500 feet to the shore and safety.

Cpl. Hill attributed their lives to their act of clinging to the overturned boat instead of trying to swim for it.

He said the three had borrowed the boat to take Miss Vivian Neer to the Ballard side of Pagent Sound where she lived. When they had traveled about 500 feet from the shore, the motor on the boat went dead. As they attempted to restart it, a sudden swell flipped the craft over.

Vivian and I grabbed the side of the boat but Cpl. Frederick M. Towns, Grand Rapids, Michigan, took off for shore—swimming like mad.

Hill and the girl immediately started calling for help and a Fort Lawton sentry, Pvt. Clinton D. Nelson, heard their cries. A rescue boat was dispatched, but it arrived too late to help Towns. His body was recovered

a few minutes after the mishap. The two soldiers were stationed at Ft. Lawton, Washington.

Hill is the son of Mr. and Mrs. Roy Hill of Hereford.

### Two Recitals Are Scheduled Sunday

Miss Mattie Mae Swisher, teacher of voice, will present a group of students in a musical circus recital Sunday afternoon, April 30, at 3 o'clock in the Methodist Church.

The recital program will be presented in two parts with the opening part presented by the Vocé Class assisted by primary students in a spring circus. The second half of the program will be solos and duets covering the study of the past winter. Mrs. Cliff Estes and Mrs. Robert Kerschman will be accompanists for the varied program.

Those to appear are: Clarence Caywood, David Goldstein, Raymond Wells, Stephen Lingenfelter, Lu Anne Higgins, Sandra Roberson, Gwendolyn Jesko, Nell Walker, Donna Grace Nafzgar, Patricia Lindsey, Mary Nelson, Irene Witherspoon, Louise Simp-

son, Fawayne Murphy, Patricia Ann and Robert Howard, Judith Wofford, Mary Ray Downey and Janice Higgins.

**Monday Evening Program**  
Miss Swisher will present a high school group of students in a program given at the Methodist Church Monday evening, May 1, at 8 o'clock.

Parts of oratorios, opera and classics will be presented as well as art songs and songs of lighter vein.

Included in the program will be: Betty Robbins, Colline Brown, Peggy Messenger, Yvonne Bearden, Dwaine Walker, Bill Murphy, Don Nelson, Jerry Witherspoon, Charles Whitehead and Duane Christian.

All persons interested in the programs are invited to attend.

### HD Club Council Has Monthly Meet

Deaf Smith County Home Demonstration Club Council held a meeting at the court house Saturday afternoon. Mrs. Henry Kinsey, chairman, presided with five clubs registering 100 per cent in attendance. When reports were heard Mrs. C. P. Norton gave the finance report and urged the members to save money making projects now so that funds could be reported at the June Council meeting. Since only two more Council meetings can include programs for 1951 year books, members were urged to get the programs in, and dress review blanks must be filled out and returned to Mrs. Tom Draper, CHDA, the day of the review.

The Dress Review is scheduled for Saturday afternoon, May 6, in the High School Auditorium and committees were named to make final arrangements.

Announcement was made of the "cottage making" session to be held Saturday, April 29 in the court house at 2:30 p. m.

Mrs. Earl DeHart, THDA chairman, announced the District Meet to be held in Borger on April 29. Mrs. James C. P. Norton, V. E. Dodson and R. N. Cooke were named to a nominating committee to select a THDA chairman.

The district report will be given at the next council meeting.

Mr. and Mrs. Guymon Hudson visited Sayre, Oklahoma recently in the home of Mr. Hudson's relatives and friends. They spent from last Friday through last Monday in Oklahoma.

Mr. and Mrs. James W. Throckmorton and children, Carolyn and Mike, from Oklahoma City, were week end guests of Mrs. Throckmorton's parents, Mr. and Mrs. F. S. Smith, of this city.

### Diggin' Divots

Sunday not only provided the finest day for golf so far this year, but produced the greatest number of players as would be expected. But the scores were not as good as the weather with respect to rounds shot in weeks past when the weather wasn't so good.

The fact that even a 75 would win a ball in the sweepstakes, when several weeks ago an even par round was necessary, proves the point. However, Frank Latimer came in with a 68 for low that would rate good anytime.

Frank won two balls with his 88 minus 18 for a 68. Tom Howard in second place with an 88-18, 70 also won two balls. From there on the winners of one ball each were Bill Howard 87-15, 72; Ted Young, 82-9, 73; J. M. Posey, 86-13, 73; Darrell Blanton, 90-13, 73; Dale Timlin 96-23, 73; Urlin Streu 84-9, 75; Jerry Stoltz 79-4, 75.

Other Sweepstakes entrants scores were: Edward Young 108-29, 79; Stan Barrett 87-9, 78; Earl Hendricks 87-16, 81; Earl Stagner 87-10, 77; Wayne Phillips 96-11, 85; Joe Butler 95-17, 78; Junior Rothwell 96-14, 82; John Channer 90-10, 80; Preach Edleman 86-8, 78; Henry Lewis 94-14, 80; O. F. Lange 89-11, 78; Wright Williams 90-14, 76; Lowell Sharp 98-22, 76.

Urlin Streu found the last two holes easy Sunday. The first round he fired a birdie 4 on 8 and birdie 3 on 9. The second time around his drive on nine rolled between the traps and over the east edge of the green. He pitched back on and in for an eagle deuce.

C. C. Dugger, Chevrolet parts and accessories representative out of Oklahoma City had an eagle two on number 1 Monday afternoon. His tee shot was right in front of the green and he rolled it in with a putter. From there on around he shot four over par to come in with a 38 in the strong wind that was blowing. He had a 7 on 8 that hurt

### Dory Funk Returns Saturday To Wrestle Frankie Murdock

Hereford wrestling fans will see Dory Funk wrestle a "worthy opponent" Saturday night in the Bull Barn.

Frankie Murdock snatched the microphone after this announcement last Saturday night and started screaming, "I want Funk. I am a worthy opponent and I will whip him. He is afraid to fight me," according to Guy Lawrence, Lion's Club wrestling committee chairman.

Lawrence said Murdock really raving. He even said an ambulance will be necessary and wanted to have one parked at the front entrance while the Funk-Murdock match is in progress.

Lawrence said the last match between these two was in Amarillo when Funk committed everything but murder. He even splintered a chair over Murdock's head and Murdock retired that evening—quite peaceful.

Dory Detton's brother, Glenn,

will also wrestle here Saturday night in the second event. George Curtis will take him on in a best two out of three fall encounter.

Bob Demarce stumbled through a one-fall match taking Tarzan Zimbe in 16 minutes with a Body - Jack - Knife Saturday night. Frankie Murdock pythoned George Overhuls in 14 minutes in another abbreviated event.

The Tag-Team match drew a few more howls. Zimba took 17 minutes to beat Demarce with a Body Slam followed with a Body Smother.

Overhuls quickly Full - Nelson-ed Overhuls in four minutes to take the second fall.

Murdock put his Python-hold to work and downed Overhuls in 14 minutes to take the final and winning fall. Confusion reigned in this last fall but Murdock retained his decision.

### St. Anthony's Softballers Add Another Win To Streak

Those indestructible baseball players, the St. Anthony's Ramblers softball team, pounded two Central pitchers for a 14-2 win Friday afternoon at Central diamond and rolled along their undefeated merry way through the spring baseball season.

Again it was ace pitcher Ken Walterscheid who came to the rescue in a four and a half inning

and Carroll Whiteside said he fouled Dugger up on two by talking about the distance from one stake while Dugger was talking about another and his approach was short because of that.

A 38 in the wind and on the first time around is plenty good.

He comes through Hereford about once a month and promised Carroll and Dale Timlin who were playing with him that next time he'll go under par.

One more spectacular shot—Ted Young's drive on nine stopped just short of the west trap on nine Sunday afternoon. He

relief job after his brother, Larry, was driven from the mound in the first inning by the top of the Central batting order. The elder Walterscheid allowed only one run and four hits during the one run and four hits during his stay on the mound. When he came on the job, Larry Walterscheid had him behind the eight ball with the bases loaded.

Central's first run came in their half of the first inning. Billy Paul Knox got on when the St. Anthony's third baseman,

(Continued on Page 2)

pitched in, instead of over on his second shot and then made John Channer and J. M. Posey very unhappy by holding out for a birdie 3 from the trap.

The new benches on every tee really camp in handy Sunday in all of that heat.

Jim Terry says they are going to plant Bermuda behind number 5 green this week and on the tee boxes. The aspect to plant all out

### Kelly Wins Third In Regional Meet

Hereford High School finished in a tie with Dumas for 17th place in Lubbock Saturday by virtue of Bill Kelly's winning third place in the Low Hurdles. Kelly was the only Whiteface trackman to garner points for the Herd in the Regional meet.

Pecos won the Class A part of the meet with 25 points, three ahead of second place Phillips with 22 points. Dalhart got seven points, Canyon six and Dumas two to finish District 1-A's scoring.

Dimmitt tied Ropesville with 19 points for third place honors in the Class B division. The Bobcat Mile Relay team placed third and Nelson and Leasure won third and fourth in the Discus throw. Crum captured a second place in the Low Hurdle race, and Douglas won a trip to Austin in winning second in the High Jump. Howell took a fourth in the Pole Vault and Easley and Hutchins won thirds in the 100 and 440 yard dash respectively.

Easley also won a trip to the State Meet with a second in the 220.

Ellison of Bovina won a fourth in the 440-yard dash.

In front of the eighth green next week if the walking sprinkler comes in.

It has been said before, and will probably be repeated again, but everyone is urged to become conscious of the holes their ball digs in the green on approach shots. Fix those holes up when you make them, or there'll be a hole there until the green is top-dressed again.

## VFW Opens Ball Season At Vet's Park Sunday

Glenn Anderson, manager of this season is going to be a little rough on his Hereford team.

They open the season Sunday afternoon with a home game against VFW Park at 2:30 o'clock. VFW Park is the only question mark in the 8-team league. Canyon, Vega, Tulla and Hart are bound to be tough. Anderson said Nazareth and Umberger are good opposition any time, too.

Anderson has only had two good practice days in which to get his team in shape. Even with those two days, the outfielders and infield haven't had a chance to work together enough to polish up any, he said.

Anderson's analysis of the Hereford team as it stands today—two days before play-for-keeps time amounts to:

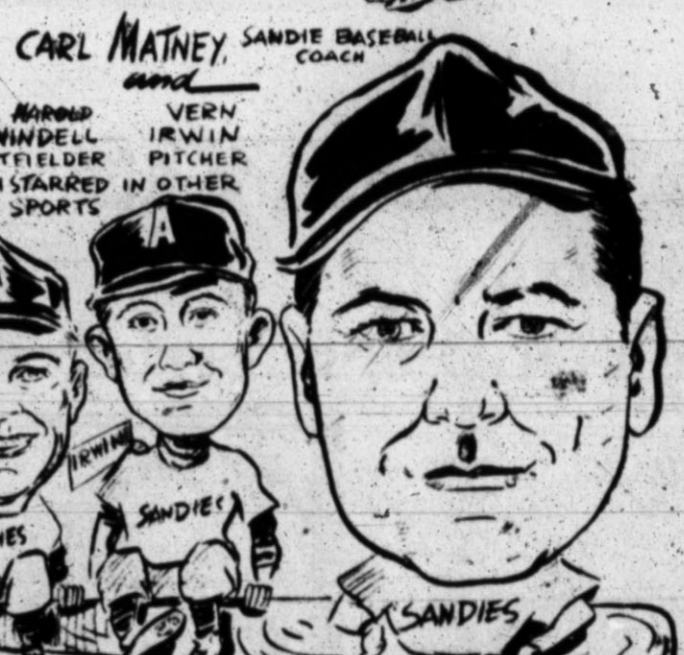

"Our outfield is good and our infield would be better if we had time to work together. So far, we have never been out to practice together. We have some kids which I can't decide on until I've actually seen them in action. We have some reliable ones who need the practice time for polish.

"Pitching is our only weak spot right now. I only hope Neal Quattlebaum will bring us home some pointers from the New York Yankee school he is attending in Oklahoma. We will have Bill Engman and Johnny Winkler on the mound staff, too."

Anderson announced 18 players on the roster now. There is still room for two more, he said.

Outfielders are J. W. Robinson, Onias Carroll, Harold Loerwald, Bill Stengel, Wendel Burdine, and L. J. Clark. Infielders are Buddy Anderson, Stan Barrett, Conrad Clark, Pat Paterson and Rex Lee. Glenn will be available—only when needed—for relief pitching.

The schedule is:  
First Half  
April 30—Vigo Park (H)  
April 7—Umberger (T)  
May 14—Vega (T)  
May 21—Canyon (H)  
May 28—Tulla (T)  
June 4—Hart (H)  
(Continued on Page 2)

# Be Sure To Attend The REA TWELFTH ANNUAL MEETING SATURDAY APRIL 29th. HEREFORD HI SCHOOL AUDITORIUM

As an added feature this year the electrical appliance dealers of the area are to have a display in the High School Building. This display will open at 9:00 A. M. and it is suggested that all members who can possibly do so come early, view these exhibits, and register in each booth, as the merchants are giving away some very nice appliances as prizes. The Electrical Appliance Dealers and Suppliers are giving the following prizes:

- Forty gallon, 2 element Frigidaire Hot Water Heater—Goodhousekeeping Shop, Hereford and Reeves Chev., Friona, Texas
- An Electric Carton Sealer and \$12.50 worth of food Packaging Material—Hereford Implement Co., Hereford

### "Music and Flowers" Is Theme Of Garden Club Guest Day Program

"Music and Flowers" was the theme of Hereford Garden Club's annual guest-day program held at the home of Mrs. Homer Brumley Friday afternoon.

Mrs. W. S. Fluitt, president of the club, held a short business session and welcomed guests.

Mrs. O. G. Hill directed the program assisted by Mrs. T. W. Robertson. Mrs. Hill, as narrator, gave the copy of the flowers as revealed in legends, told of the

meaning of names and described how each got its name. Inter-spersed at intervals piano music played by Mrs. Robertson gave the musical version of the story and many old favorite songs were sang by Mesdames Hill and Robertson as the story progressed from lullabies to the wedding march.

Refreshments were served from a table arranged to carry out the music and flowers theme. Form-

ing the centerpiece was a musical note and rest fashioned of deep red sweet peas rising from a bed of deep red tulips. Mrs. C. C. Ferguson poured.

Guests attending the annual Spring event were Mesdames T. W. Roberson, John McLean, Wallace Cox, Fred Barrett, Edmund Loerwald, J. W. Spradley, B. E. Roberson, Robert Thompson, N. E. Gass, George Hudson, Jack Brown, G. E. Benson, Lynn Kester, Dalton Criswell, R. R. Willis, Roger Corbett, Jay Boston and R. P. Conaway.

Members present were Mesdames A. O. Thompson, John Jacobsen, Jr., Jack Roberson, Dennis Barnard, J. Roy Crutchfield, Edna Lee Collier, Hardy Benson, E. W. Harrison, F. M. Kester, A. L. Manjeot, Lyle Blanton, E. Ramey, J. P. Slatch, O. G. Hill, Glenn Witherspoon, Frank Brinkman, W. S. Fluitt, Jeff Gilbreath, Jim Black, Phillip Barkley, E. E. Fridley, M. T. Rutter, Edward Roberson, Leroy Aven, C. C. Ferguson and the hostess.

The American Cancer Society is financing 285 research grants to study the causes of cancer and find new cures.

Fifty-four fellowships to train research scientists have been awarded this year by the American Cancer Society.

Mrs. J. T. Melver left Wednesday to spend a few weeks in Dallas with her niece, Evelyn Tomkins who is ill.

**HAGEDORN AT HOME**—Mr. and Mrs. William Hagedorn, shown in front of their farm home near Lockhart, received contributions of \$4,583.76 after they lost their life savings of \$2,632.20 in a default court judgment. Action was brought against Hagedorn by an Austin couple who swerved their auto off a road near Lockhart to avoid a mule. Hagedorn later proved he did not own the mule. The contributions came in after the Dallas Morning News reviewed the case in a series of articles. (AP Photo)

### Summerfield Study Club Observes Annual Guest Day With Program

The Summerfield Study Club observed its annual guest-day event with a program given Thursday afternoon in the home of the president, Mrs. B. E. Roberson.

Features of entertainment was a book review given by Mrs. J. B. Noland who delighted her listeners with her version of "The Parson Takes A Wife" by Maria Sheerin. Introducing the author to the group she said, "This is a gay, personal narrative of Maria Sheerin's own experiences as a minister's wife. With careful touch and great humor, the author follows the troubled course of a minister, allowing the reader to see the little and the big things that filled her adventurous life. The interest that comes with a frank account of actual happenings is sustained throughout the story. Maria Sheerin has a keen mind and a sensitive heart for recording actual oc-

currences in an engaging manner."

All departments of the club, the Hobby Club, the Garden department and the Study Club, were represented in a hobby show. Mesdames Lee Curry, Guy Waiser, and C. R. Waiser showed ceramic art objects; Mrs. H. H. Cannon and Mrs. L. H. Lookingbill showed hand-painted china.

Also included were Flower Arrangements, Mrs. Ray Johnson; Needlework, Mrs. Brit Clark and Mrs. L. B. Lookingbill; Table Arrangements, Mrs. Glenn Olson and Antiques, Mrs. B. E. Roberson.

Special guests attending were Mesdames: J. W. Thomas, W. W. Gilbreath, Dimmitt, R. G. Lewis, B. C. Roberson, A. A. Simons, O. B. Roberson, S. L. Waiser, Forrest Minton, Frank Huckert, Ellen Carter, Mildred May, A. O. Thompson, D. C. Kinsey, G. H. DeLozier, Earl Gunther, Owen Stagner, Roy Euler, J. R. Euler, W. L. Jones, F. L. Alexander, A. C. Flowers, A. L. Manjeot, Claude McGowan, J. Winkler, Ivan Block, Joe Story and N. G. Ellison. Misses Mabel Cannon and Bettie Holland.

Members of the club present were Mesdames L. L. Cannon, Brit Clark, Jim Clark, Lee Curry, Ray Johnson, Earl Lance, H. H. Langford, L. B. Lookingbill, L. H. Lookingbill, K. W. Neill, J. B. Noland, Chas. Noland, Mack Noland, Glenn Olson, O. B. Sumner, C. R. Waiser, D. C. Waiser, Guy Waiser, J. M. Wright and the hostess.

### St. Anthony's

(Continued from Page 1) Noggler, tumbled an easy-cut grounder. Don Parsons singled him to second. Tony Esquivel polled a high fly to center which Peters dropped for an error. Parsons, tagging up at first, was doubled off but Knox scored. Arel Acton got on when his grounder was bobbled, filling the bases with only one man down.

That was all for Larry Walterscheid. Ken Walterscheid came in and put out the fire, retiring the next two batters to face him.

Action opened the Central sixth with a double. Richard Hollis lined out, moving Acton to third. Junior Holmes singled him home for the final scoring for Central.

St. Anthony's wasted no time in dominating the game. They scored three in the first, three in the third, one in the fourth and went wild in the sixth when they peared across the plate six times. They added another run in the seventh to end the scoring.

Esquivel started for Central but yielded to Junior Holmes in the sixth after having been nicked for 12 runs and nine hits.

Central coach J. E. Mode said the nine errors Central made was the determining factor. He said his players were trying so hard they just mis-cued the ball game out the window. He said some of those errors were made by players who haven't made a mistake all season.

Martinez pitched the last two innings for the Catholics.

Central plays Vega on Central's home field next Friday. Mode has not decided who will be the starting battery.

**SCORE BY INNINGS:**

**YOU NEED RONALD DAVIS IN CONGRESS**

a YOUNG man OLD in Experience!

IN THE PROBLEMS OF

- AGRICULTURE
- LABOR
- VETERANS
- BUSINESS
- EDUCATION

Send a Man to Congress who is CAPABLE of Representing ALL of YOU ALL of the time

Ronald Davis is a young man, born in Texas in 1911, 39 years old, raised on a farm in the 18th Congressional District of Texas. He worked his way through school at Childress, Texas; worked his way through West Texas State College in Canyon, Texas; received his degree in Agriculture and was president of the Senior class in 1936. He worked on his Master's Degree from Texas Tech and Colorado A&M. Holds the Smith-Hughes Certificate in Agriculture from both Texas Tech and Colorado A&M.

**YOU CAN DEPEND ON DAVIS**

For 12 years Ronald Davis has been a farmer and has taught Agriculture in the principal farming areas of the 18th Congressional District. He is schooled in the problems of this district. He is an active church and civic worker. Has served as Sunday School teacher and superintendent and as school board member. Married a West Texas girl, has two sons, Lindley Ronald 14 and Cagle Dean 9. Both sons are Boy Scouts and Mrs. Davis is a Cub Scout Den Mother and active church worker.

**DAVIS IS EXPERIENCED**

- IN FARMING: Since agriculture has been acclaimed the basic industry of the 18th congressional district, Ronald Davis is the best qualified man to represent the people in agriculture as your representative in Congress. This fact is based on five years college training in agriculture, being raised on a farm, and having spent the past 10 years as an active farmer.
- IN LABOR: Ronald Davis believes in less curtailment of the right of labor to have their share of the income and freedom of the nation, and in more control of labor when and if they take undue advantage of more than their share of the income and freedom of the nation.
- IN VETERANS AFFAIRS: Ronald Davis believes in keeping faith with the Veterans as prescribed by our state and national legislation, keeping their educational program in compliance with the principles of sound education. He is opposed to the red tape that causes many veterans undue hardships, and he believes in the rights of veterans to purchase land under the veterans bill with less favoritism shown in administering the law.
- IN BUSINESS: Ronald Davis is a business man. He has been actively engaged in farming for 10 years. He has bought and sold on the markets. He knows the problems of the smaller businessman and believes there should be less bureaucratic and socialistic encroachment from government and more encouragement of self initiative—which has been the builder of this great nation.
- IN EDUCATION: Ronald Davis believes in a fair and equal investment in education for all the youth of the 18th Congressional District compared with that of any and all other regions of the United States. He firmly believes that education should be controlled on a local and state basis.

## As The Senior Class Goes, So Goes The Whole School

Once upon a time there was a school. It was a beautiful school, kept clean and decent by a staff of diligent school officials. The school's faculty consisted of some of the finest teachers to be had and its curriculum was wide and varied. In fact, this school offered its students much, both mentally and spiritually. There were traditions, too—some to be proud of, others may be not so proudful, but still traditions.

This school produced many fine people, some who were destined to become excellent leaders, others, prodigious followers. Many of the school's graduates served their country in time of war—a few never to return. Yes, this school had a heritage—it had a soul.

On the fields of sport this school has become renowned, also. Teams wearing its colors were known far and wide for their fighting spirit, and for the most part, their good clean sportmanship.

But there was a class—not a stupid and ignorant class, for among its members were many who were highly intelligent. This class, however, cared not for heritages or traditions. It was not moved by the thrill of the football field, of pep rallies, of singing the school song, or of the graduation march. There were no thrills of this sort.

The members of this class enjoyed the frivolous side of life. They were only interested in having a good time even if it had to be at the expense of others. They broke the fine discipline for which the school was famous. Their gleeful joy-making was not confined to the schoolgrounds and halls for they insisted upon carrying it into the classrooms.

## "BUZZ BOX"

This week the paper is running rather short because that senior staff got so excited over their trip, they completely forgot the paper. Maybe the trip is more important anyway. I heard two seniors talking the other day and one asked the other if he had gotten the cigars yet. The other answered no, but he would get them at noon and he did have his pipe ready. I sure hope they do not get sick on that trip. Last Thursday morning Bill and Jack sure looked lost. I wonder why? Perhaps Ruth and Gayle know. Bill Kelly also wondered up to second floor and looked rather sadly at a locker door before going to class Thursday morning. I guess they sort of wish they were seniors, too. Don't worry, boys. Just give them time, they'll tell you all about it.

They tell me Christine has another crush, but then maybe it's just the car that Ernest drives that gets her so excited at times. At any rate it is better than walking to town for dinner, isn't it Chris? Also Pat Townsend seems to have a new crush. Is he cute, Pat?

We have some new steadies in school again. I guess that comes with spring. Good luck Jerry and Janace.

## This Time Of Year Always Bring Memories—Some Bad Past And Future Will Keep America Free From Tyranny

By EARLENA PHILLIPS

How often we have heard that statement! Especially now that the time of graduation draws near. The seniors are remembering everything that has happened to them since they were freshmen. Maybe you have heard several tales—still the person gets a thrill out of telling so why deprive them of that thrill by reminding them you've heard the story before.

Of course all memories aren't pleasant. I'm sure most of us remember the day Japan bombed Pearl Harbor. That day will live in our memory forever. Along with this memory goes the one of a member of our family going to war, maybe that brings back memories we would rather forget.

Always the pleasant memories weigh the unpleasant. We remember our first date, our eighth grade graduation, our first banquet and many other things that we cherish in our

memory. The next time you hear anyone telling of an incident that happened to them, listen and be appreciative, after all you may want to tell that same person one of your dearest memories some day.

## Personality Quiz

## Past And Future Will Keep America Free From Tyranny

Whiteface Staff

Have you ever thought about what a privilege and an honor it is to be an American? Our forefathers came to America to establish a land in which man could be free—free from tyranny and religious oppression, free to fight for their ideals, free to age, loyalty and give to future generations a heritage of which they could be proud.

Democracy is the keynote of the American government. America is from the earliest days of their beginning until the present time, have fought with all their energy and will power. They know the evils of

# Long Time Ago

**25 Years Ago**  
 May Day transformed Hereford into a grown-up town because it was the greatest celebration yet. Just opposite Mother's Park, athletic events were presented by the school boys and girls. Edgar Johnson won first in pole vaulting when he vaulted seven and a half feet. Other winners were: Laverne Posey, girls high jump; Moade Smith and Malcolm Taylor, sack race; Clay won on points over Thomas Robinson, boxing; R. K. Bruner won on points over J. W. Witherspoon, boxing; Russell Whitehead and Charles Newell, high jump; Sherm Morgan and Victor Elliston, high jump; Willie Mae Vin-

**INDEX OF BUSINESS ACTIVITY**—Business activity in Texas rose 2 per cent from January to 200 per cent of the 1935-39 base period in February. After adjustment for seasonal variation, electric power consumption picked up 6 per cent; retail sales, adjusted for price change, 5 per cent; industrial power consumption and miscellaneous freight carloading, one per cent. Crude oil runs to still declined one per cent from January to February; crude petroleum production, 3 per cent; and urban building permits, adjusted for price change, 5 per cent. The composite index was 196 in January and 190 in February, 1949. This index was compiled by the University of Texas Bureau of Business Research. (AP chart)

son and Elsie Ashlock, 50-yard dash; Victor Elliston and Thomas Robinson, broad jump.

A Railroad Committee was appointed by the Chamber of Commerce. D. L. McDonald was chairman with the power to select his own commission. McDonald and Seth B. Holman were in Mineral Wells.

At one of the Chamber of Commerce meetings C. C. Bowman said, "I'm going to rain no more until the Hereford people eat more sunshine bread." The meetings were held in City Cafe.

High and Central schools were getting ready to close up shop for the year. Rev. Haymes acted as Toastmaster at the 1925 Alumni Banquet. Rev. J. O. Haymes delivered the Baccalaureate sermon at the Christian Church. The High School graduation exercises were held in the Christian Church. Congressman Marvin Jones, Amarillo, addressed the group. George Beams was class salutatorian and Mozelle Hill was valedictorian. Superintendent C. H. Dillehay presented the diplomas.

Judge Reese Tatum opened the District Court session. District Attorney was Clifford Braly and the Grand Jury consisted of E. W. Harrison, foreman; E. W. Kinney, A. G. Bell, A. A. Ott, W. J. McLean, G. A. Pillow, J. W. Houston, Vern Witherspoon, H. G. Conkwright, Charles Hodges, and Albert Herbst. Balliffs were E. T. Woodburn, J. B. McCord, Dave Grimes, Ezra Norton and Al Miller.

Joe Hastings, Homer Wilson and B. R. Dixon opened a new feed and seed store in the Garrison warehouse. Name of the store was West Texas Feed and Seed Company and business was strictly cash. The Sunshine Bakery installed a new bread mixer according to C. C. Bowman, one of the owners. Mrs. Percy Welliver, 66, died in her Hereford home. Voters were getting ready to go

to the polls for the second time to decide the school question. Members of the School Board were J. O. Newell, J. W. Houston, J. T. Gilbreath, C. O. Lee, H. G. Conkwright, E. B. Posey and S. Ireland.

William A. Cowan, 71, died in the McCowan home and was buried at Panhandle.

Mattie Mae Swisher, Hereford was chosen by the Woman's Missionary Societies of the North-west Texas Conference of the Methodist Church to work among the students of West Texas State College.

Brand editorial said "If a town does not yell itself hoarse at least three days a week over its home baseball team it is put in the back village class."

A. W. Gregg, accompanied by his two daughters, Ina and Lura, and son, Clyde, and also Mr. and Mrs. W. E. Dameron motored to Silverton to spend a day in a family reunion with Mr. and Mrs. C. D. Wright. Mrs. Wright, Mr. Gregg's daughter.

Several Hereford men attended an "Always Ready" club meeting held in Tierra Blanca School house. G. A. Parker, George Muse, E. B. Black, N. E. Gass, Frank Gyles, L. W. Carlyle, A. O. Thompson, W. E. Dunlap and County Agent R. O. Dunkle went. Rev. R. W. Hill, Baptist Church, was in Memphis, Tennessee, attending an Annual Baptist meeting. A Dawn preacher was pinch-hitting for him in Hereford while he was gone.

Aviation Cadet Carroll F. Newsom, who is due to win his wings as an Army Pilot in December, was in Hereford this week end visiting friends and relatives. He is flying T-6's at San Angelo.

Evelyn Ford and Dewey Nicholson were in Amarillo last week for the Ice Follies.

## Texans in

**Around the Capital:**  
 The Texas State Society of Washington received the following letter:

"I am a member of the ninth grade and am now studying about the state of Texas.

"The reason I am writing this is to ask you a favor. I would like to know if you could possibly send me any information, pictures, booklets and whatever you could send me.

"I would like to have this information as soon as possible as I have only two weeks to study this state. Also could you possibly send me a map showing the chief products of Texas. Thank you very much for your kind attention and kind appreciation."  
 (Signed) Florence A. Adams, 638 Livingston Rd., SE, Washington, D. C.

The request was turned over to a Texas congressman.

Four more Texans have graduated from the FBI National Academy here. All are with municipal police departments. The latest to complete the intensive 12-week course are D. P. Moore, Fort Arthur, Capt. Willie Bauer, Beaumont; Thomas J. Smith, Fort Worth, and Wesley Dodson Hanes, Paris.

The training they received is almost identical with that given regular FBI agents, including a week of target practice at a special range on the Marine Corps base at Quantico, Va.

Whenever G-Men find themselves at work on a tough case, they always turn for aid first to those local authorities who have gone through the FBI Academy. Thousands of such well-trained city and county peace officers are scattered throughout the country.

Among those expected to be enrolled in the next class is Varice Berry of the Orange police department. Mrs. Ken Regan, wife of the Midland congressman, was hostess at a luncheon in the Speaker's dining room in the Capitol given in honor of an El Paso woman who was here with a bal-

let troupe. Honors were paid to Nana Colner, the charming dark-eyed dancer who took up ballet as a girl in El Paso after having been stricken with polio. She is now recognized as one of the leading ballet dancers in the world. After an engagement at Washington's Constitution Hall, the troupe left for New York and soon is to tour Europe. Others in the group from Texas include Shelle Farrell of Dallas and Paul Godkin of Beaumont.

W. R. Armstrong of Route 4, San Angelo, writes in this observation about the possible demotion of Texas to second place in size of states if Alaska is admitted to the Union:

The size of the state matters not. The size of the heart is what counts and real Texans have a heart the size of the good old U.S.A. regardless of the size or the number of states she contains."

It is bad enough when lawyers disagree but nowadays even the judges seem unable to agree.

When you reach the age of forty, it's as time to live more slowly if you want to live more years.

An adroit statesman, when he cannot answer the argument, knows how to switch the subject.

We Predict: Somebody will soon write a song with the words June, moon, love, above, etc. and etc.

## SAFE!!!

Safe! That's a fine word and makes you feel good whether you are playing baseball or the game of life. Nevertheless, it is a much more difficult thing to be safe in your everyday life than it is when the baseball umpire makes his decision. While insurance cannot keep you from being hurt or from having your property stolen or destroyed, it can see that you are safe from monetary loss. The many types of insurance protection available to you today make it imperative that you consult a good insurance agency.

OUR ADVICE COSTS YOU NOTHING

**JOHN McLEAN Agency**

**3 STEPS TO NEW WASHDAY freedom**

Simple as 1-2-3! Wash-day drudgery vanishes completely when you leave it to electricity. No steaming heat, no back-breaking labor, no hours-on-end of energy-robbing soak, scrub and rinse. Just place clothes and linens in your electric washer... set the dial... and leave the hard work to electricity! So convenient, so efficient... so dependable, too. Even the most fragile linens and laces come out fresh as an April dawn... beautifully clean... thanks to this gentle, modern care. Ask to see the new, completely automatic electric washers when you visit your dealer. Remember—only a few cents a day gives you new wash-day freedom.

## J. D. McFarland's Celebrate Their Golden Wedding Anniversary

By MRS. E. R. DAY  
Brand Correspondent

The Friona Women's Club and the Modern Study Club were guests of the Muleshoe Study Club Wednesday at a 1 o'clock luncheon. Those from Friona attending were Mesdames L. B. Allen, C. W. Dixon, Wesley Hadesy, Bill Stewart, Jake Lamb, V. R. Jordan, F. L. Reed, Irving Johnson, Gordon Hough, Ray Landrum, Ray Miller, Don Etheridge, J. L. Gee, Frank Spring, Bert Chitwood, Wesley Foster, Roy Slagle, S. S. Pritchard and Estes Bass.

Mrs. A. S. Block, Mrs. Dick Rocky, Mrs. Ralph Taylor, Mrs. Ray Landrum and Mr. and Mrs. Claude born went to Dumas last Tuesday to a P-TA convention.

Mr. and Mrs. Emmett Day and Tila have returned home from Dallas and El Paso. While in Dallas, Tila took her entrance examinations for entering the Baylor Hospital for Nurses Training next September. While there, they visited with the Edgar Carter family. Mr. Carter and Mr. Day are cousins from Dallas.

They drove to El Paso for the County Judge and Commissioners Meeting held at the Cortez Hotel Thursday and Friday. They also visited Juarez.

Emmett Day, Jr. was home Sunday and Monday from Skellytown. Emmett told of his first plane flight to Chicago where he visited with his aunt and family. ... and Mrs. E. A. Schmidt, Barter Sunday.

Mr. and Mrs. Charley Graham and family, Dalhart, were guests in the Wesley Hadesy home Sunday. Mr. Graham spoke at the Baptist Church Sunday morning and Sunday evening.

The Friona Band Banquet will be held in the American Legion Hall.

Rev. and Mrs. Jimmy Tidwell will leave next week for El Paso where Brother Tidwell will attend a Shriners School. Their daughter, Jacquelyn, is still visiting Rev. Tidwell's mother in Ft. Worth.

Frequent medical examinations are the best safeguard against fatal cancer. Early cancer can be cured says the American Cancer Society.

**FRIEND IN A STRANGE LAND**—W. D. Seals, (left) agriculture agent in Bell County, smiles his approval at Salahattin Eickoglu of Turkey meets old friend on a Central Texas farm. ### WINS TYPING CONTEST

Vera Ann Jones of Friona won the Class B Typing Contest at the Regional Interscholastic Meet at Texas Tech Saturday.

One of every three cancer deaths last year could have been prevented by early detection and prompt treatment, the American Cancer Society says.

An estimated 350,000 cases of cancer will be diagnosed in 1950, the American Cancer Society declares.

In the United States about 550,000 persons this year are under treatment for cancer, the American Cancer Society points out.

More than \$13,000,000 has been spent on research by the American Cancer Society during the past five years.

### Legal Notice

### LAST WEEK'S ACTIVITIES

The picture, Yours Is The Land, will be shown to all Camp Fire and Blue Bird groups, Friday evening, April 28th, at 7:30 p. m. at the Camp Fire Hut. This picture is being sponsored by the National Camp Fire Council to be used in connection with the 1950 Birthday Project, "Discovery Unlimited."

The annual Camp Fire Council Banquet will be held at Hotel Jim Hill Monday, May 1, 1950 at 8:00 p. m. The speaker for the evening will be Mrs. E. N. Jones of Lubbock.

The La-Wan-Ka Camp Fire Girls held their regular meeting at the Camp Fire Hut Thursday afternoon. The girls practiced on two one-act plays, "Culcha," a Negro comedy and "Lady Rosa." Plans were made for a sleep out the night of April 28th. Those attending were Sue Barnard, Evelyn Wilf, Georgia Lewis, Kay Ruth Barnard, Virginia Brock, Helen Wester, Bonnie Lewis, Rita Vinton, Fay Ker-shen, Earleen Plank, Sylvia McCracken, Martha Jean Brown, Barbara Sue Rodgers, Laverne Goetsch, Gracey Bell Brunson, Patsy Jackson. The leaders, Mrs. Earl Plank and Mrs. Art Lewis.

If recent trends continue, the American Cancer Society warns, the annual death toll from cancer will double in the next 50 years.

**MOST ROOM! BEST RIDE! SAFEST!**

## No Wonder Hudson Is A LEADER IN RESALE VALUE

Public acclaim for Hudson's modern design—which provides the most room, best ride and greatest safety—and for Hudson's many high-quality, long-life features reflected in top prices for these great automobiles in the nation's used-car markets!

Before you choose your next new automobile, we invite you to see the new Hudson.

For here is the only car with a recessed floor ("step-down" design) which, right along with full road clearance, provides the most room, the best ride and the greatest safety to be found in any American automobile at any price!

Hudson for 1950 brings you all of these advantages at new, lower prices that make it today's best buy!

And "step-down" designed Hudsons are your best buy for another big reason. These great cars are leaders in resale value, coast to coast.

Most recent reports from National Automobile Dealers Association Official Used Car Guide Books show that 1948 Hudsons are bringing prices which, compared with original cost, are substantially higher than the average for the 18 other makes and models in Hudson's price class!

We invite you to come in, enjoy Hudson's "New Step-Down Ride", get acquainted with the automobile that is so far ahead it is by all odds your best buy now—and for the future!

**NEW HUDSON PRICES LOWERED**

**HEREFORD HUDSON COMPANY**

# Church Notes

**FIRST CHRISTIAN Church** minister Roy Ford will conduct the Morning Devotional over KPAN each morning at 8:45. Everyone is invited to tune in this program each day.

Mrs. Troy Moore has been named chairman of the First Christian Church to canvass for funds for the Ecumenical Movement. All funds are to be sent through the Federal Churches of Christian Women. Anyone desiring to contribute to this fund is requested to see Mr. Moore.

Plans have been completed for the Vacation Bible School to begin May 22 and continue through June 2.

Tonight at 7:30 the Church Board will hold their quarterly meeting. The chairman of each Functional Department is asked to have a written report of the activities of his department during the past three months.

**CHRISTIAN SCIENCE Services** will be held at 11 o'clock Sunday morning at the Star Theatre. All who are interested are invited.

"Everlasting Punishment" is the subject of the Lesson-Sermon which will be read in all

Churches on Sunday, April 23. The Gospel is: "Draw nigh to me, ye that are weary, and your hands, ye shall be purified" (James 4:8).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "If ye keep my commandments, ye shall abide in my love; even as I have kept my Father's commandments, and abide in his love" (John 15:10).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The substance of all devotion is the reflection and demonstration of divine love, healing sickness and destroying sin" (page 241).

**IMMANUEL LUTHERAN** services Sunday morning begin at 11:30. The Sunday School and Bible Class convene at 10:30. The Sunday lesson is based on Jesus' commission to Peter, "Feed my lambs."

The teachers and staff members of the Sunday School will attend a workers' institute at Amarillo on Sunday afternoon to be held in Trinity Lutheran Parish Hall. They will take part in a demonstration by Dr. T. G. Stelzer, professor of Concordia Teacher's College of Seward, Neb.

Tomorrow evening the congregation will hold a fellowship dinner in the church basement beginning at 7:30 P. M. Listen to the weekly radio broadcast over KPAN each Wednesday at 1:30 P. M.

**ASSEMBLY OF GOD** mid-week services this week were dismissed in order to give the congregation the opportunity to attend the Assembly of God District Convention in Amarillo which opened Monday of this week and closes tonight.

Services next Sunday will be at the usual time with the pastor officiating. Rev. Eldredge has been in Amarillo all this week attending the meeting there. The Women's Missionary Council Meeting this morning has been cancelled, also, for the

**HAVE A LIGHT**—Ernest Bray, a ranch hand at the SMS Flat Top spread, holds a red-hot branding iron so Gov. Allan Shivers (right), can light his cigar during a tour of the ranch recently. The SMS Flat Top is located near Stamford, in West Texas. (AP Photo)

### Amarillo Convention.

**FIRST BAPTIST** Revival, which closed Sunday with the formal opening of the Conkright Memorial Educational Building, was reported by Rev. R. H. Cagle to be successful. He said 28 additions were made to the church by the effort.

The offering Sunday, which went to the new building, totaled \$15,000.

Song director Bob Lawrence is spending this week in Friona leading the singing for their revival. He went down Monday and is expected to be away through next Sunday.

The Associational Workers' Conference will meet today in Lubbock. Reports on all the revivals of the area will be presented at that time. Rev. Cagle will attend.

### SEVENTH - DAY ADVENTIST

had as their guest Saturday Elder and Mrs. G. A. LaGrone from Amarillo. Elder LaGrone delivered the sermon at the 11 o'clock hour, using Rev. 2 as the basis for his message: "Christ's message to the churches."

Rev. 2:17—He that heareth an ear, let him hear what the Spirit saith unto the churches—To him that overcometh will I give to eat of the hidden manna.

Regular services are held each Saturday at the Seventh - Day Adventist Church. Sabbath School at 10 o'clock and Church services at 11 o'clock.

The church is located at Third and Lawton.

April 24 through 26 is open house to be held at Southwestern Junior College in Keene, Texas.

### FIRST METHODIST Church

services last Sunday evening were sponsored by the Wesleyan Service Guild with the subject of the sermon being, "Are Some Methodists Deceived?"

Wednesday evening the Carrie Black Circle of the Women's Society of Christian Service sponsored the evening service, with Rev. J. B. Thompson of Tulsa preaching the sermon, "Dear Hearts and Gentle People." Next Sunday evening the service will be sponsored by the Doarcas Circle of the W.S.C.S., and on the following Wednesday evening the service will be sponsored by the Young People of our church. On Sunday evening, May 7th, the Homebuilders Class will be sponsors, and on Wednesday evening, the Men's Fellowship will be sponsors of the service. These are a series of sermons given by the Pastor, called a "Preaching Mission." Let's do not forget to do our part on this program!

On Wednesday evening, the Emma Wheeler Hawkins and Carrie Black Circles met in Ward Hall at 3 o'clock in the afternoon to begin their study on "Christians Nations."

On Monday evening the Wesleyan Service Guild met in Ward Hall at 7 o'clock. Mrs. Charlene Wilder gave a special number and the program was led by Mrs. Caudie Ola Brown, the subject being, "Taking Time to Live." The Nominating Committee reported on their nominations for new officers for the coming year. Tonight will be Choir Practice in the Sanctuary of the church. The time for Choir Practice has been changed from 7:30 to 8 o'clock. Please remember this change in the time.

# Health Dept. Says Call The Doctor

Has chickenpox come your way? If it has, or if it does come your way in the future, the first thing to do is to call your physician, says Dr. Geo. W. Cox, State Health Officer.

Chickenpox is a common communicable disease caused by a virus. It occurs most frequently in the winter and spring among children less than 15 years of age. The virus is present in the discharges from the mouth and nose and from the small blisters which contain a watery fluid. Chickenpox is very contagious and is probably spread by direct contact with the patient.

Chickenpox begins from about 14 to 21 days after exposure, usually with feverishness and loss of appetite. Within about 24 hours, the skin breaks out in small rose-pink spots which change into blisters. The blisters quickly become crusted with scabs which eventually fall off. The scabs are not contagious. Each crop follows its course from rose-pink spots to crust in from two to four days.

Scratching or picking at the blisters may cause serious sores and disfiguring scars. The doctor will probably suggest a remedy to relieve the itching, which may be severe. Usually the child is not very ill and begins to feel better in from one to three days.

Warning—Chickenpox is an entirely different disease from smallpox. But when a person has not been vaccinated, mild smallpox is sometimes mistaken for chickenpox, because the early symptoms are strikingly alike. Smallpox is a serious disease which spreads rapidly among unvaccinated persons.

At the first signs of what appears to be chickenpox, call your physician so that an early diagnosis can be made. If he finds that the patient has smallpox, prompt vaccination may save the other members of the family and outsiders, who have been exposed, from an attack of the disease.

Mr. and Mrs. Carl Mountz are leaving Sunday for California where they will visit friends and relatives in Palm Springs, San Bernardino, Pasadena, and other places. From there they are driving to Richland, Washington to visit her brother who works with the "A" bomb project there.

LeRoy "Pete"

## LA MASTER

OF PERRYTON, OCHILTREE COUNTY, TEXAS IS

### QUALIFIED TO REPRESENT YOU IN CONGRESS

LeRoy "Pete" LaMaster is the LOGICAL candidate for you to support. He is free of political ties and obligations. "Old enough to know something—Young enough to DO something."

## Feather-bedding scheme of Firemen's Union to put an additional fireman on diesel locomotives has been

# CONSIDERED TWICE!

Fact Finding Boards appointed by Presidents Roosevelt and Truman have said these demands were "devoid of merit" and they were

# REJECTED TWICE!

## Now the Firemen's leaders seek to paralyze railroad transportation to compel the railroads to employ a wholly unnecessary additional fireman to ride on diesel locomotives. This scheme is plain

# FEATHER-BEDDING!

LEADERS of the Firemen's union have called a nationwide strike starting with four great railroads on April 26. These railroads are the New York Central, Pennsylvania, Santa Fe, and Southern.

The union claim that a second fireman is needed on grounds of safety is sheer hypocrisy. Safety has been dragged into this dispute only in an unsuccessful effort to give a cloak of respectability to vicious feather-bedding demands.

After a careful study of the first demands of this union, a Presidential Fact Finding Board on May 21, 1943, reported to President Roosevelt that there was no need for an extra fireman on diesel locomotives.

Again, on September 19, 1949, after a second hearing on the union leaders' demands, a second Board reported to President Truman that: "there presently exists no need for an additional fireman... upon either the ground of safety or that of efficiency and economy of operation."

Safety Record of Diesels is Outstandingly Good

Although the railroads accepted the Board findings, the union leaders have brazenly rejected them. They represent that an extra fireman is needed for "safety" reasons. Here's what the Board had to say on that point:

"The safety and on-time performance of diesel electric locomotives operated under current rules have been notably good..."

"Upon careful analysis of the data submitted on safety, we have concluded that no valid reasons have been shown as a support for the Brotherhood proposal under which a fireman would be required to be at all times continuously in the cab of road diesels. The proposal must be rejected."

The real reason behind these demands is that the union leaders are trying to make jobs where there is no work. In other words, a plain case of "feather-bedding."

The railroads have no intention of yielding to these wasteful make-work demands.

**"The Safety Record of Diesels is Outstandingly Good..."**

PRESIDENTIAL FACT FINDING BOARD REPORT

Read these excerpts from official reports of Presidential Fact Finding Boards:

"The safety record of Diesels is outstandingly good, and it follows that the safety rules now applicable have produced good results."

"The safety and on-time performance of Diesel-electric locomotives operated under current rules indicate that Diesel-electric operation has been safer than steam locomotive operation..."

Remember! These are not statements of the railroads. They are just a few of the many similar conclusions reached by President Truman's Fact Finding Board which spent months investigating the claims of the union leaders.

We are publishing this and other advertisements to talk to you at first hand about matters which are important to everybody.

## Wealthy Hermit Sits In Log House in Oil Field And Only Buys Rock Salt

By OLIVE CRANSTON  
Written for the Associated Press  
Winnaboo, Tex. (AP)—One of the world's wealthiest hermits lives in the middle of the Tide-water Oil Fields, a few miles east of here. He is Ledger Gilbert, 51. His 26 acres are worth an estimated \$45,000.  
Yet he lives in a log house he made himself and he buys nothing except rock salt—the kind cattle lick.  
When oil was struck in his neighborhood, oil men needed to lease his small acreage to complete a 40-acre tract for development purposes. Gilbert finally signed a lease when the oil men promised no wells would be drilled on his property.  
And he wouldn't accept any lease money. "Keep it for me," Gilbert told them.  
His home has no gas, plumbing or electricity. Just a fireplace. He won't even buy matches. When his fireplace fire goes out he relights it by beaming sunlight through a magnifying glass.  
He wears only breeches and a cap. He made them from cotton he grew, picked, ginned, carded and spun into thick cord.  
He makes "coffee" from dried okra. Home-grown wheat and corn are ground into meal and flour by mills he built himself. The only sweet in his diet is molasses—he makes it from the juice of sorghum he raises.  
Gilbert lives on vegetables except for peacocks and squirrels he shoots occasionally. He has no hogs, chickens, dog or cat, no cow

and no work animals.  
He tills the rocky soil with a push plow. There's a pool of water near his house. He dammed a little stream to make it.  
Asked why he quit the world, Gilbert said he left the U. S. Army 22 years ago and bought the tract of land on which he lives. It was his intention to sell it at a profit and go back to Dallas where he had lived and worked. Depression years balked that plan. In the interval of waiting for better times, he turned hermit.  
Gilbert is an educated man and reads books on chemistry which he keeps in a cabinet in his shack.  
He never goes anywhere now. His contacts with civilization have not been pleasant, he said. Three or four years ago he bought \$3 worth of groceries and got food poisoning. More recently, he ate a carton of ice cream someone brought him and he said he believed it permanently affected his eyesight. Last winter he wanted some magazines and went to the home of a neighbor where a member of the family was suffering from mumps.  
That was the last straw—for Gilbert came down with mumps.  
Rev. Don Davidson, S. O. Wilson and E. T. Brooks are fishing in Truth or Consequences, N. M. this week. They left Monday afternoon and are expected back Friday.

## Big Things Expected From Little Wasp In Rio Grande Valley

Harlingen, Texas, (AP)—A little black wasp from India may be the knight in shining armor who will protect Rio Grande Valley citrus orchards from the dreaded black fly.  
The wasp is *ectemocerus* seri-us. It attacks the black fly in its native India. Now, reports Stanley Crockett of Harlingen, wasps have been brought to Mexico for experiments.  
The black fly is prevalent in many Mexican citrus groves, but strict control measures have kept it below the Rio Grande.  
Some of the wasps were brought into Mexico previously from Cuba but they could not stand the climate. However, climatic conditions in Mexico and India are similar and it is hoped that the Indian wasps may stop the black fly threat.  
Crockett is chairman of the black fly committee of the Valley Chamber of Commerce and chairman of the research committee for the Texas Citrus Commission.  
Crockett said that if the wasps can survive in Mexico, they may clean up the dread insect before it infests Valley groves.  
The Harlingen man said there was no point in bringing the wasps into the Valley as a preventive measure, since they would starve to death with no black flies for food.  
As a further defense against the black fly, sprays and spraying equipment will be kept on a stand-by basis throughout the Valley in case the fly makes its appearance.

BEARD CURLING—Betty Blackburn of Donna, a coed at Southwestern Texas State Teacher College at San Marcos, applies the curling iron to the beard of ranchman Charlie Davis. They are preparing for the Annual Frontier Festival celebration in San Marcos, April 20-21, when students, from Central Texas high schools will visit the San Marcos campus.

Jolly Workers Meeting Held in Brumley Home  
Jolly Workers Club met Thursday afternoon in the home of Mrs. Bonnie Brumley. Names of favorite flowers were given in answer to roll call. Members voted to limit the summer meetings of the club to one each month and Mrs. Leonard Davis who was welcomed as a new member, won the penny gift.  
Members enjoyed sewing and embroidering and favors of Es-

ther Reed daisy plants were presented to each member.  
Those attending were Mesdames Nell Young, Wes Brady, John Hacker, John Draper, L. J. Matthews, Franklin Miller, Roy Thompson, Leonard Davis, M. H. Wiseman, John Schneider, D. W. Allmon and the hostess.  
Mr. and Mrs. Wayne Cox and baby of Pampa spent the past week end in Hereford with her, Mrs. C. B. Williams.

Mr. and Mrs. J. C. Allred are expected back some time this week from Florida. They are winding up a 2-week trip through the Southern States.  
The American Cancer Society has awarded 102 fellowships to young scientists in the last five years.  
More than 1,000,000 persons have joined the American Cancer Society as volunteer cancer fighters.

## Now Here! Shamrock's New, Higher Octane Motor Fuels with CycloPower

CYCLOPOWER means Higher Octane, Richer Blending and Cleaner Burning in Shamrock's two great gasolines... Trail Master and Cloud Master.

Developed by the miraculous Cycloversion process of refining, CYCLOPOWER makes Shamrock motor fuels the modern answer to mid-century motoring needs.

Shamrock gasoline with CYCLOPOWER sends a smooth surge of action to every cylinder of your motor. It has the qualities for instant starting... flashing get-away... mileage and economy... a quiet, sweet-running car, truck or tractor.

Stop in at the sign of the Shamrock today. CYCLOPOWER gives you what you want in a gasoline!

## The Law-You

By BOB KIRK  
DO YOU KNOW whether or not you may alter the course of surface water running across your land?

The owner or tenant of land may not change the natural flow of water flowing across his land in such a way that it will cause damage to another. Thus one man may not erect any structure that will cause the waters naturally going across his land to be diverted upon another. However, no man is required to receive upon his land any more than the natural flow of water, and should another divert the natural flow of water on the first man, so that he is receiving an excessive amount of water there-by, then he, the first man, may erect such artificial channels or structures as may be necessary to protect himself from the excess of water, and then may also in turn collect damages from the man who diverted the excess of water upon him.

(For further information on this subject, see your local attorney.)

Twenty-five cents of every dollar given the American Cancer Society is spent on cancer research.

## Texas Government Looks For More Economy, Efficiency

By DAVE CHEAVENS  
Associated Press Staff  
Austin, Texas, (AP)—State departments have been called on to take a new searching look at themselves in the interest of money saved and efficiency.

This demand has gone out from the new legislative budget board through its chief executive officer, Vernon A. McGee. It was a memo giving heads of state agencies detailed instructions on how to submit their budget estimates for the fiscal year 1952 and 1953.

The memo is written in polite and reasonably non-technical language, but the undertone of firmness can not be mistaken. It starts by quoting the new law setting up the legislature's exclusive budget-making agency, reminding department heads that the board's agents have a legal right to inspect their operations in great detail.

The board was set up to give the legislature its own agency for preparing the general appropriation bills for each session. Previously the only budget submitted to the legislature came from the governor by way of the board of control.

The legislature said in effect it wanted a more thorough advance study of requests for funds than it had been getting. Future money bills will be a synthesis of the two budgets.

The memo from budget director McGee reminded department heads that increasing governmental costs were far ahead of slight increases in revenue for the first five months of this fiscal year, and that a deficit is in

sight. It called for a critical review on each agency "to determine what improvements can be made, and ways to achieve more efficient and economical operation."

It continued: "Special attention should be given to items you believe can be reduced or eliminated, and to services that may no longer be essential and could be replaced by more essential activities."

"One of the major tests of administrative competence is the ability to improve continually the efficiency of an organization, to make possible each year some increase in work load and improvements in service without adding more people to the state's payroll."

"The board hopes you will make recommendations for improved practices and economies. If you have none, please state in your transmittal of the budget that you have reviewed your operations and have no recommendations to make."

"Since the legislature is the responsible authority for determining the quality of services to be provided by the state government, it will be particularly helpful if you will be prepared to show what economies can be effected by reducing standards of service, and what additional services would be necessary to raise those same standards."

Neither McGee nor the board has thus far shown an inclination to be penny wise and pound foolish. Their attitude was made clear in another section of the memo that had this to say:

"Please bear in mind that the legislature is interested in long-run economy as well as in the more immediate problem of preventing a deficit. You should not hesitate to request new equipment if you can demonstrate it will result in greater efficiency, dollar savings, or both."

The general idea is for each department to review its activities in detail and recommend doing away with those that seem to be obsolete or not needed, and to propose changes that would reduce expenses. Then each department is asked to re-state what it is supposed to do, how big a job it is, how well the agency plans to do the job, and demonstrate this with an easy-to-read chart.

Backing this up, the budget director has asked each department to "justify personnel requests by relating them to measurements of actual work loads," with any new positions separately justified.

All this adds up to several months of detailed and critical self-study in every agency of Texas government, then several months of careful evaluation and back-checking by the new budget agency. It is an innovation and one that most tax-paying citizens will be watching for results.

channel cat moves very much during a day. In fact they figured .02 miles a day for the cat and .208 for the white bass.

One more fact on the baits used in recapture. All white bass were caught on minnows. Channel cat bit 50-50 for minnows and stink-bait. Crappie also went 100 per cent for minnows. The black bass went for artificial lures about a fourth of the time and minnows most of the other times.

Maurer of Friona won a first round match in the Class A boys

Single at the Regional Tennis tournament at Lubbock Saturday. He dropped out in the second round in losing to a Crane entry.

In the Class A and B Girls Singles Miller of Friona lost her first round match.

Notes from the Regional track meet: Coach Dalton Criswell says the boys really put out their best times of the year. The relay team ran the 440 in 47.5, their best of the year. Houston, Shireley, Fields and Kelly ran on that team.

The Low Hurdle race was a bitter pill for 1-A fans. Bill Kelly was leading to the seventh hurdle. After he hit that one Bill Cessmun of Dalhart took the lead momentarily and then he hit a hurdle and let Smith of Andrews win the race. The time of 23.5 was a new record.

Ted Houston ran a 16.1 High Hurdle race to grab fifth place in that event. The winner set a new record at 15.4.

It was a grand meet with six new records set in the 14 events.

The death rate from cancer has risen from 65 per 100,000 population in 1900 to an estimated 140 in 1950.

When investigating reports about flying saucers, the first thing to do is determine whether observers were in their cups.

Archeologists recently uncovered evidence of a murder committed in 1850 B. C. The killers should have known they couldn't get away with it.

## What Are The Keys?

To the first ten (10) persons answering the following questions correctly, each will receive 1 FREE theatre pass. Simply bring your answers to the box office of the Star Theatre before Saturday, April 29th. The answers and winners will be posted in front of Star Theatre not later than Saturday noon.

1. What picture did Clark Gable play in that was based on the growth of a large California City?
2. Did Clark Gable ever win an Academy Award?
3. Which city in the United States was formerly called New Amsterdam?
4. Who is the key Actress in the film "Key to the City"?

### Second-Guessing

By JERRY STOLTZ

Although you seldom see figures concerning fish that mean much the Texas Game and Fish description of the Lake Kemp Fish Rodeo this month shows some enlightening facts.

For instance only 28.2 per cent of all the tagged fish released were caught and most of those were bass and crappie. They only got 4.2 per cent of the channel cat.

Apparent reason for this was the cat that they did catch had moved an average of 3.55 miles from the stocking point, which was almost double any of the others.

But this doesn't mean the
