Fairview HD Club Gives \$3 Prize For Poultry Show

"Don't go against the grain." CHDA Mrs. Tom Draper advised members of Fairview Home Demonstration Club at the February 13 meeting in the Daniel Community House.

In cutting, stitching and laying on a pattern, grain of the material is important. Other points brought out by Mrs. Draper were: 1.—Keep before you a picture of the garment you are making; 2.—Have a dress (or garment like the one you are making) close by to compare with the one being made; 3.—Press pattern; 4.—Straighten material; 5.—Watch pattern markings to be sure it is laid on the straight of goods or "with the grain." 6.—Pin pattern on material; 7.—Stay stitch.

Save yourself time and trouble by keeping the grain lines of your material straight.

During the business meeting a council report was read and it was voted that each member pay 25 cents THDA dues. Members also voted to pay one dollar to the THDA secretary for her secretarial expense.

The recommendations made by the various committees of Deaf Smith County Home Demonstration Council were read and accepted.

The club voted to give three dollar prize money to 4-H girl Betty McGaughey for entering the 4-H Poultry Show and designated this money to be used toward buying baby chicks.

Those present were Mrs. Tom Draper, agent, and Mesdames Byron Campbell, Wayne Higgins, E. W. Shugart, E. W. Womble, Sr. and E. W. Womble, Jr.

CARD OF THANKS
To our dear friends who in every way helped to make the passing of our loved one easier, we humbly and gratefully thank you and may God bless you all, is our prayer.
Mrs. Allen Powelson and family.

WAGON WHEEL

189.50

It's new—It's exciting—It's all the romance and color of a wagon train rolling west, yet more comfortable than anything you've ever known, for underneath its beautiful "old west" upholstery you will find the same fine workmanship and famous MAXWELL HOUSE flex-a-se spring construction that goes into every piece of MAXWELL HOUSE furniture. The frame and wood parts of Wagon Wheel furniture are all hardwood, steam bent for lasting and durable beauty, with a lustrous fine oak finish.

Your extra bed problems are solved when you have a Wagon Wheel sofa-bed, constructed with two decks of coil springs just like the most comfortable bed.

Your choice of fabric or plastic covering.

Cub Scouts Entertain Parents At Annual Pot-Luck Supper Party

The annual pot-luck supper held by Cub Scouts to honor parents climaxed a week of celebrations Friday night at an entertainment given at the Christian Church. On Sunday all Scouts and cubs attended their own churches in a group accompanied by their leaders, concluding the observance of Boy Scout Week.

Tables for the supper carried out a blue and gold theme and members of each den provided the centerpiece for the table at which the cubs, their parents and leaders were grouped. American flags and troop flags provided a backdrop for the speaker's table.

The cubs stood at attention while the Star Spangled Banner was played followed by the singing of "America." Rev. Don Davidson gave the invocation.

Urlin Streu, scout commissioner, was the speaker and discussed proper attitudes and

wearing of uniforms. Mrs. Ed Cox conducted a quiz game and adult leaders presented a stunt.

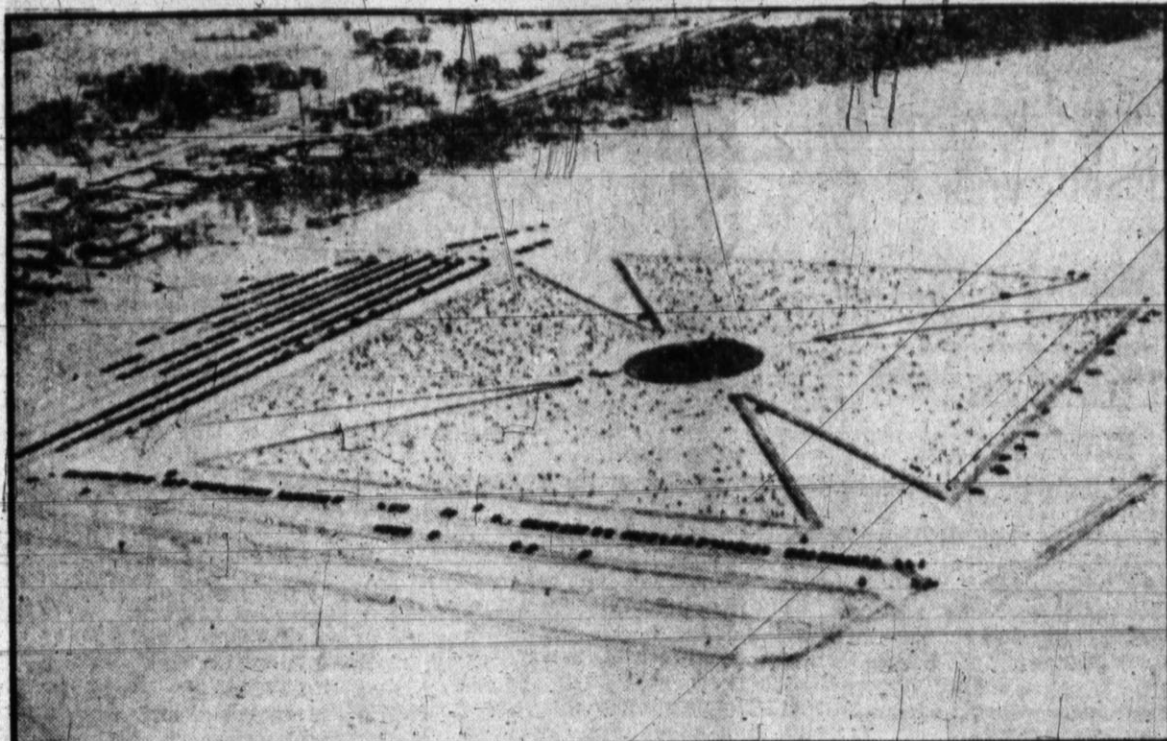

Following the brief program, awards were made as follows: Pack 80—Bob Cat: Douglas Womble, Wolf—Jeff Minton, David Brumley, Steve Slagle, Skeet Collier, Larry Edwards, Lloyd Burks, and Fred Lee Drury, Wolf Gold Arrow Point—Jeff Minton, David Brumley, Carroll Whiteside, Steve Slagle, Larry Edwards, and Skeet Collier, Wolf Silver Arrow Point—Jeff Minton, Jerry Luck, Carroll Whiteside, Steve Slagle, Skeet Collier, Edwin Axe, and Buddy Bob Campbell, Johnny Drye, Archie Scott and Glen Roy Reeves received both the Bear Award and the Bear Gold Arrow Point. Billy Woodford and Archie Scott received the Bear Silver Arrow Point.

Pack 52—Wolf Award: Phillip Roland, Lion Award—Billy Kester and Webelos, Charles Robert Seed and David Adams.

All Wolf Awards and Arrow Points were presented by Lloyd Sharp, Jason Luck, Coy Patton, Walter Seed, Lloyd Sharp and Worth Covington.

At the close of the session John Hicks, cub commissioner announced the Boy Scout Council annual banquet scheduled to be held in Amarillo Thursday, evening, February 16 at the Herwig Hotel, beginning at 6:45.

In making the announcement Hicks stated that Hereford lacked only one point in being able to bring home the attendance plaque last year and urged as many leaders as possible to attend the banquet.

FISHING GROUND HOLDS 2500—Maltess cross outline in dye on ice is the happy fishing ground for 2500 men and women who take part in the annual Veterans of Foreign Wars-sponsored contest at Forest Lake, Minn. Leaving cars parked just outside, they stepped into the pattern and fished to their heart's content.

"My Ironrite helps me keep a young look"

says Mrs. J. J. Morse
30440 Franklin Road
Franklin Village, Michigan

"I have a youthful appearance, and I feel that a lot of the credit for my young look goes to my Ironrite Automatic Ironer. I've had this wonderful machine for several years, and it's the greatest health, labor- and time-saver I own.

"My Ironrite eliminated long, painful standing at an ironing board. It's simply a joy to sit down, just guide the clothes across the forming board and relax while I iron.

"I've told lots of friends how Ironrite has saved me time and energy and helped me keep looking younger. My advice is—look at Ironrite today!"

Low down payment—easy credit terms

Model 85 (shown above) closed-top Ironrite for laundry, kitchen or utility room. Also Model 88 Ironrite Cabinet with warp-proof, hardwood top in brown mahogany or honey blond finish—harmonizes with finest furniture.

2 "My Ironrite does everything quickly and beautifully. I save hours each week on shirts alone. Why, I can do one in 5 minutes where it took 15 by hand.

3 "With its two completely usable open ends, Ironrite will iron everything I can wash, from plain towels and handkerchiefs to frilly wash dresses, curtains and linens.

Model 80. New, improved open-model Ironrite Automatic Ironer for the home laundry.

Applications For Census Work Will Be Taken At TEC

Tom McFarland, Texas Employment Commission manager in Hereford, announced this week that he will start taking applications and giving examinations for Census Enumerators and Crew Leaders Monday, Feb. 20.

He said briefly outlined the nature of duties for the enumerators as the persons who will actually take the 17th Decennial Census between March 27th and 31st. Those selected will attend a short school and then the actual census count will start on April 1. Enumerators will be paid on a piece rate basis for actual census work. They will receive so much a name and so much a

schedule. A good worker will receive around \$5 or \$9 a day. Qualifications are that the person must be a citizen of the United States, have a high school education or furnish evidence of comparable experience, be in good physical health and of excellent character and between the ages of 21 and 65, etc. All applicants must take a written one-hour test. Crew leaders have the same qualifications except that a considerably higher score is required on the written test. They will be paid \$11.92 a day. The Hereford TEC office is on the ground floor of the court house.

New Pharmacist Works For Wayne Edwards

Buck Allam is the new pharmacist with Wayne Edwards. He is married and has a 6-month-old daughter. They are at home at 711 North Main in Hereford.

He graduated from University of Oklahoma last month, January 28, and took the state Pharmacy exams February 7 and 8. He will work at both City Drug and Wayne Edwards' Pharmacy next to the clinic.

His home is Lanarr, Arkansas, but, since arriving in Hereford, he says he "likes the big city just fine."

Youngster Hit With B-B Won't Lose Eye

Bob Bradley, 11-year-old son of Mr. and Mrs. Jack Bradley, has been released from Dea Smith County Hospital after four days confinement following a B-B gun shooting accident in Jaycee Park last Thursday afternoon near the golf course which nearly cost him the sight of his left eye. He was pronounced out of danger of losing his sight Tuesday after consultation with an Amarillo eye specialist.

The boys parents are vacationing in Mexico City.

Young Bradley was down looking at a dead bird when the stray shot struck him in the eye. He doesn't know whose shot it was that hit him. There were several boys in the group. In the boy's opinion the shot must have glanced off something and hit him.

He is in the sixth grade at Shirley School.

Hydrogen Bomb After-Effects Less Than Atom Bomb Says Professor

LUBBOCK — The proposed hydrogen bomb may have more initial destructive force than the atom bomb but probably will not have the deadly after-effects of radiation, Dean Robert C. Goodwin of Texas Tech said.

Dr. Goodwin is dean of the arts and sciences division and head of the chemistry department at Tech. He said uranium decomposition produces harmful, radio-active particles while the conversion of hydrogen into helium (and the subsequent explosion) would leave no lingering effects from radio-active substances.

"Helium is inert," Dr. Goodwin explained, "and I therefore assume that the helium produced artificially from hydrogen would be inert."

From Dr. Goodwin's statement it would follow that persons exposed to a hydrogen bomb blast might escape the temporary sterility and other injuries which followed the A-bomb explosions at Hiroshima and Nagasaki. Other injuries, such as the keloid tumor which was widespread among the exposed Japanese, would probably occur following a hydrogen bomb detonation.

"Theoretically, we have known of hydrogen's possibilities for many years—even before uranium fission was developed," Dr. Goodwin said. "We can speculate that hydrogen is being converted into helium on the sun all of the time, thereby providing the sun's energy."

The Tech scientist said he is more interested in the peacetime possibilities of hydrogen fission than in the destructive aspects.

"I assume that conversion of hydrogen energy could also be used in peacetime since energy is interchangeable. Heat energy can be developed into many other forms, electricity or steam power, for example," he said.

He said a "chain reaction" similar to that in the atomic bomb would have to occur in a hydrogen bomb. In the reaction weight is lost, and the loss in mass is converted into energy. The relative loss in mass in hydrogen which is converted to helium would be greater than when fission in uranium occurs.

What about the helium in West Texas? Could it be used in the development of the H-bomb?

"Probably not, since the problem is one of conversion of hydrogen. The helium stored under the ground in West Texas is the end product and should have little value in the research phase which is now beginning," he said.

Social Security News Of Interest

Q. Does the 50 per cent increase in Social Security taxes automatically increase the benefits?

A. No. The increase in these taxes effective January 1, 1950, has no bearing on the present benefit payments.

Q. Then why were the taxes increased?

A. The original Social Security Law provided for taxes on wages to be raised every three years until a maximum of 3 per cent each for the employer and employee was reached, but this was deferred by Congress each year until 1950. The present tax increase is designed to help build a reserve sufficient to take care

of the evergrowing number of persons over age 65 and the survivors of deceased workers.

Q. Haven't I read in the papers recently about some possible increase in the Social Security payments?

A. Yes. A bill which passed the House of Representatives last year and is now pending before the Senate proposes many changes. If and when Congress completes any action raising benefit rates according to the present wording of the bill, those now receiving monthly payments would receive increases automatically.

A representative of the Social Security Administration will be in Hereford on Thursday, February 23, at the Commissioners Court Room in the Court House, at 9:30 a. m. This is a change from the regular schedule and will be for this trip only.

Washday Clinic Starts At 10 O'Clock Today

Workless-Washday Clinic starts today at Commercial Oil, 131 Main Street, Hugh Hooker reminded local housewives Wednesday.

The first session is scheduled at 10:00 a. m. the second and third at 2 p. m. and 7:30 p. m. Koule Burns, expert Home Laundry consultant, will explain and demonstrate the ease with which laundering may be done at home.

Celebrate Birthdays Of Three At One Time

Mrs. George Benson and Mrs. Hardy Benson were hosts at a party recently in the George Benson home honoring birthdays

of Hardy Benson, A. O. Thompson and Mrs. George Benson. A dinner was served, buffet style and forty-two games were played. Prizes went to Louie LeGrand and Hardy Benson.

Those attending were A. O. Thompson, Mr. and Mrs. O. M. Dickey, Mr. and Mrs. Louie LeGrand, Miss Doris Mahaffey, Mr. and Mrs. F. W. Roberson, Mr. and Mrs. Mal Stewart, Miss Marie

Denton, Miss Ruth Pickens, Mrs. Vivian Major, Hardy Benson, Jr., Mr. and Mrs. Hardy Benson and Mr. and Mrs. George Benson.

Mrs. Jesse C. Hasley was here from Tulsa last week on business. She visited brothers Baker Womble and Bennie Womble at Dawn and also visited the Robert Thompsons in Hereford.

Mr. and Mrs. Cliff Hicks, Hereford, are in Hot Springs for an extended visit taking treatments. Mr. and Mrs. Russell Thomas are staying with the Hicks' son, Bob while his parents are away.

Mrs. Jewell Womble and Mrs. Eula Womble came by Hereford for a short visit with L. L. Womble and family. The former are from Glenrose.

Hale County Teachers Association Hears Bob Wear Talk Monday Night

"We must maintain and preserve the American Public School System in order to maintain and preserve the American way of life. The public school is the bulwark of democracy. I am not unmindful of the importance of the right kind of home life and the place and importance of the church, but I sincerely believe that more than any one thing the public school system stands as the bulwark of democracy."

It is the one and only single unifying force in America.

In order to maintain and preserve the public school system public funds must be guarded with great care. They must not be used to support in whole or in part or in any way assist church schools. By church schools, I mean any and all church schools—the Protestant, the Jew and the Catholic. Church schools exist for the primary purpose of propagating the religion by which they are established. They are, in all cases, an adjunct of some religion, and when tax money is used to assist these schools, it is used to assist in propagating the religions by which the schools have been established," said Bob Wear in his address to the Hale County Teachers Association last Monday evening.

The occasion of the meeting was the annual dinner of the organization. The meeting was in the Hilton Hotel in Plainview.

The speaker continued, "We must do all we can to improve our public schools and better the lot of those who spend their lives teaching. You, who teach, are on the front line in the battle for the survival of the American way of life. You are shaping and molding the citizens of tomorrow and many tomorrows to come. Your task is a great and

noble one, and I believe it is more than time that you be recognized for what you are—Guardians of the American heritage."

Good Management And Planning Is Answer

Lower farm prices and stable or even higher production costs have put a real squeeze on Texas farm and ranch operators. The low acreage allotments for some of the major cash crops have created other problems and one of them is how to maintain farm profits.

Something can be done, says C. H. Bates, extension farm management specialist of Texas A&M College, to cushion or soften the shock of cash crop reductions and declining incomes. He says farmers should set up definite plans for making operations on their individual farms more efficient. This planning will require a close examination of present operations and methods must be found for reducing some of the production costs and thus increase net returns. Farm records, he points out, are a mighty important part of the farm business operations and a close study of these records may reveal "leaks" or "low staves" in the profit barrel.

Among the out-of-town visitors attending the Methodist Sanctuary dedication ceremonies was Mr. and Mrs. Fred Fain of Canon City, Colorado. They spent the night with Baker Womble at Dawn and had dinner with the Jim Blacks.

Hereford People Favored New Tax

Hereford citizens apparently had the right slant on things a few weeks ago when, in the Question of the Week, they said an increase on cigaret taxes should be made in order to better equip and maintain the State Elementary Institutions.

A penny increase in the state tax on each package of cigarets sold in Texas cleared the House Monday with barely a word of debate on the increase itself.

The new tax will be effective until 1957 to furnish \$5,000,000 a year for a permanent building program for mental and tubercular hospitals and special schools for afflicted, dependent and delinquent children.

Mrs. J. C. McCathern evidently had the right idea when she gave her answer to the Question as "Taking cigarets is as good a way as any... the habit is a bad one and it might discourage the practice with a lot of people."

However, the final decision went against that opinion of Mrs. C. C. Neu... cigaret smokers, alone, shouldn't bear the burden.

Others in favor of the cigaret tax from Hereford were Mrs. F. N. Pittman and Mrs. Mackey McDonnold. Partially in favor was Mrs. R. B. Medley.

Hoelsman Club Meets With Mrs. Caldwell

Hoelsman Home Demonstration Club met in the home of Mrs. R. E. Caldwell Thursday afternoon. Mrs. E. L. Brown, president, presided at the meeting with roll call answered by members telling things they had done to improve clothing storage. Mrs. Tom Draper demonstrated the seam gauge and the method of laying patterns on the grain of the material.

After a luncheon served by Mrs. V. E. Lemke, the following were served to Mrs. R. E. Caldwell: Mrs. M. Grubbs, Mrs. G. Richardson, Mrs. E. L. Brown, N. L. Jacobsen, Robert Wingate, Loren Creitz, R. E. Caldwell and Mrs. Tom Draper, CHDA.

The next meeting will be held in the home of Mrs. V. E. Lemke on February 23.

William D. Allen Enlists In Army

Recruiting Sgt. H. M. Riddle said William D. Allen, 18, left Tuesday for 16 weeks basic training at Lackland Army Air Field in San Antonio before assignment to an Air Force Technical school. Allen lived in Hereford.

There is also a vacancy for a WAF-WAC Recruiter for duty with the USA and USAF Recruiting Main Station in Amarillo, Sgt. Riddle said.

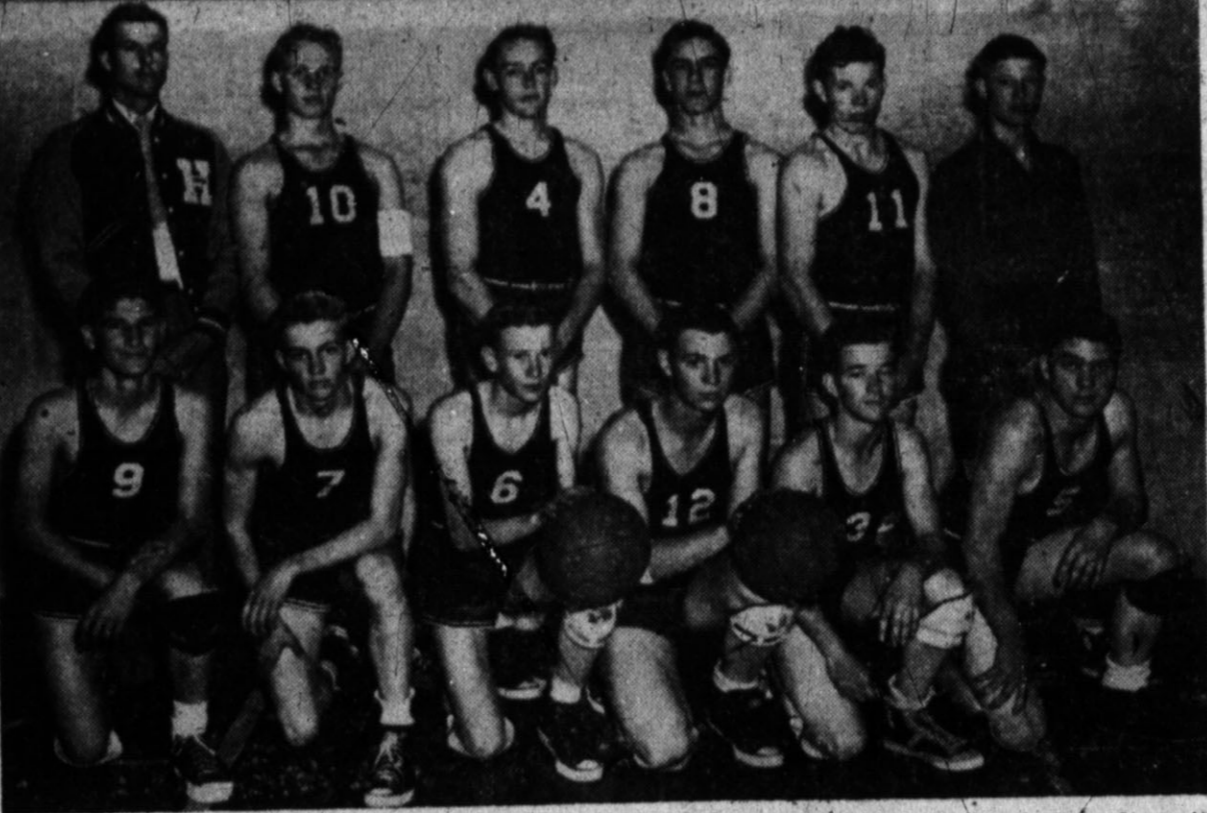

Riddle said the applicant must have had prior service either in the Women's Army Corps or the Women's Air Force. She must be single and must be a high school graduate. Applicant will be processed at Headquarters, USA and USAF Western Recruiting District, El Paso, Texas.

Sgt. Riddle can give further details on the WAC Recruiting opening at his office in the County Courthouse here in Hereford.

Private John W. Rhodes, Hereford boy who enlisted in the Air Forces recently, wrote Sgt. Riddle that he has been working out for the track team at Lackland Field in San Antonio where he is now taking basic training. He said he thought the Air Forces was the best in the world and he was liking it better every day.

Rhodes mentioned the three other Hereford boys who enlisted a couple of weeks ago and are now there at Lackland. He said they liked the Air Force, too.

Mr. and Mrs. Chris Renfro are in Temple for medical check-up at Scott-White Hospital. They will visit relatives in that part of the state before returning to Hereford.

CARRY HOPES WITH THEM—Coach Doug Groom and the 1949-50 Hereford High School varsity basketball team leave for Dumas today and the district 1-A basketball tournament. Back row: (from left) Coach Groom, Bill Kelly, Ted Houston, Bill Engman, Wendell Morton and manager Gerald Shirley. Front row from left, Ray Graham, Bob Mathers, co-captain, Joe Kerr and co-captain Nathan Hopson, Johnny McBroom and Richard Alston.

Neurocalometer examination of the spinal nerves given by Dr. Stapp. It locates defective nerves emitting from the spine on their way to the organs and glands of the body. Here we determine which nerves are defective, when they return to normal and other data.

Dr. C. M. Stapp, Chiropractor, is a graduate of Palmer School of Chiropractic, Davenport, Iowa, where chiropractic was discovered in 1895. Palmer teaches all subjects pertaining to the human body, anatomy, physiology, neurology, etc., as well as the science and art of chiropractic. The minimum course contains 2550 full class hours, or 143 semester hours, which compares favorably with the 2163 to 2400 class hours, or 120 plus semester hours required by the Universities of Texas for a B. A. or B. S. degree. Dr. Stapp holds a Texas State License and a Nevada State License issued by the Texas and Nevada Board of Chiropractic Examiners. You may consult Dr. Stapp with full confidence and the assurance that he is well trained in his profession as a chiropractic specialist.

The Chiropractic Clinic uses the latest scientific instruments for a complete chiropractic analysis and the modern Palmer method of spinal adjustments for the correction of spinal subluxations causing organic distress.

While the wide scope of Chiropractic is amazing to the un-informed, we do NOT recommend chiropractic as a CURE-ALL. Chiropractic is effective in those cases where the cause is found to be defective in organic energization due to spinal misalignment (subluxation). Most all of our cases are those that had previously resisted ordinary methods of treatment. Our examination is designed to eliminate those conditions.

Case histories published here are from the files of Dr. Le Mond Clinic in Austin. They are displayed here to show the extent and scope of Chiropractic.

Chronic Catarrh ASTHMA

CASE NO. 1450

A lady, age 63, complained of feeling tired all the time; pain between shoulders and across hips; legs aching; headaches over eyes; swollen eyes every morning; chronic bronchial catarrh; frequent colds; nervousness growing worse; constipation and indigestion. She had gone to doctors more or less continuously for years until finally she came to the Chiropractic Clinic for examination. Spinal analysis and X-rays located nerve interference and spinal misalignment causing defective nerve control of various organic areas. Adjustments began to correct the cause and in a few months this case was discharged "feeling better than I have in 30 years," to use her own words. All complaints had vanished when normal energization was restored.

Stomach Trouble

CASE NO. 1533: A married lady of 40 years was being treated for the change of life and suffering from indigestion, stomach trouble, nervousness, sinus trouble, headaches, tender bladder and arthritis, none of which had responded to any past treatments. A spinal analysis revealed the cause to be in her spine. Corrective adjustments restored alignment. She was discharged feeling grand, able to eat as she pleased without discomfort, and without a single pain complaint.

Kidney Trouble

CASE NO. 1269: A man, age 32, had been getting treatments for kidney trouble for some time but noticed he was getting no better and nervousness was increasing; was constipated; caught colds easily and just felt low generally when he came to the Chiropractic Clinic for examination and spinal analysis. The cause was found to be nerve interference causing defective energizations of kidneys and digestive tract. Corrective adjustments restored alignment of subluxated spinal bones which removed nerve interference and permitted normal energization. Patient discharged feeling without complaints, in a few months.

Sciatic Rheumatism

CASE NO. 2392: A man, age 55, came to the clinic complaining of pain in left leg, gas in stomach, a drowsy, dizzy-headed feeling, dull headaches backaches, nervous shaking in left side, and low blood pressure. A spinal Neurocalometer analysis and X-rays revealed a nerve interference. Adjustments were begun and in time he reported all symptoms gone and that he was feeling fine.

Psycho-Neurosis

CASE NO. 1484: Case discharged from Army with diagnosis of Psycho-neurosis and arthritis came to the Chiropractic Clinic complaining of constant pain in all his joints, and especially his spine and neck; nervous shaky spells, absent minded, blank spells of forgetfulness, dizziness, blurred vision at times, terrible headaches lasting several days, and a feeling that everything was wrong with his mind. Neurocalometer spinal analysis revealed defective energization and X-rays exposed vertebral subluxation causing the nerve interference and defective energization. After a few months of corrective adjustments the alignment was restored to normal, nerve interference removed, and the case reported feeling well and completely at ease and full of pep and vigor. He said the past was like a bad dream.

An Open Letter To The Stockholders of Jim Hill Hotel

Because of recent publicity which seems to have resulted in general criticism and misunderstanding on part of the public, including many stockholders, the Board of Directors wishes to clarify the price of \$20 per plate for the opening night banquet.

Actual figures submitted by Cecil Mills, operator, show that the deal including favors for ladies, will cost the hotel \$7.60. In addition to this, the orchestra, total cost \$1,750, will figure \$4.00 per person, which affords an actual outlay of \$11.60 per plate. Permanent help will average around \$1.00 per plate, and we estimate that special guests, including the Governor of Texas, the Governor of New Mexico, Texas Highway Commission, etc., will bring the average up another \$2.00 per plate, giving an actual outlay of \$14.60 per plate. There is also the chance that all tickets might not be sold.

At most, however, the hotel could realize more than \$5.40 gross profit per person, and this is not at all probable.

Acting upon the basis that the hotel opening should and will be a "big event", your directors have invited outstanding guests and have arranged to entertain them as they should be entertained. This is in accordance with opinions handed us by various stockholders from time to time.

Of this possible profit, if any, the hotel corporation would retain 85 percent, whereas the operators would receive only 15 percent.

We feel that it is only fair to explain to our stockholders and to the public both sides of this question.

JIM HILL HOTEL CORPORATION

BOARD OF DIRECTORS

P. S. In answer to numerous requests, the \$20.00 plate does entitle the holder of the ticket to the Carmen Cavallero dance which follows.

Nine Attend Messenger HD Club Meeting In Mrs. H. W. Evans Home

By MRS. N. A. BROWN
Brand Correspondent

Messenger Home Demonstration Club met in the home of Mrs. H. W. Evans Friday, Feb. 10 at 2 o'clock, with nine members present, one visitor and the Home Demonstration agent, Mrs. Tom Draper.

Plans were made for a scrap book this year. Each hostess will be responsible for one page in the book.

Mrs. Tom Draper gave an interesting demonstration on clothing construction. How to lay out patterns and straighten material.

Mrs. W. H. Evans received a Birthday Gift from her Secret Pal. It was a small flower dish and a yellow crochet dolly.

Mrs. L. D. Chiles received a Valentine handkerchief from her SP.

Refreshments of coffee, tea and upside down fruit cake were served by hostess to Madams Alta Wyly, Bob Wyly, Bertram Jack, W. H. Clements, Elmo Northcutt, Ray Pruitt, L. D. Chiles, N. A. Brown, E. M. Jack, Tom Draper and several children who were present.

Visitors in the home of Mr. and Mrs. E. M. Jack Sunday were Mr. and Mrs. L. D. Chiles, Jerry and David, Mrs. A. E. Miller, Rebecca and Lon and Mr. and Mrs. Bertram Jack and Dianne.

Mrs. Alta Wyly visited her sister, Mrs. E. M. Jack, Monday.

Mrs. A. E. Miller, Rebecca and Lon who were visiting in the home of Mr. and Mrs. E. M. Jack returned home to Floydada Monday.

Mr. and Mrs. L. E. Beene and children made a business trip to Clovis Saturday.

Mr. and Mrs. Elmer Northcutt and children visited in the Jack Clark home Saturday.

Mrs. W. L. Clements visited in the homes of her children this past week. Mr. and Mrs. W. H. Clements, Mr. and Mrs. T. J. Poindexter.

Mrs. Pearl Pruitt of Capitan, N.M. is visiting in the home of her son and family, Mr. and Mrs. Roy Pruitt and children.

Mr. and Mrs. C. A. Castleberry

and son Montie visited their daughter and son-in-law, Mr. and Mrs. W. H. Clements over the week end.

Misses Ovella, Mary, Dorris Averitt, Wanda Tighe, Frances Jones, also D. L. and Kenneth Averitt from Tucumcari, N. M. were dinner guests of Mrs. Alta Wyly and Dwane.

Mr. and Mrs. W. H. Evans, Larry and Brian were Amarillo visitors recently.

Mr. and Mrs. Roy Pruitt and daughters, Mr. and Mrs. T. J. Poindexter and Joey had dinner with Mr. and Mrs. W. H. Clements Monday night. They played Canasta the rest of the evening.

Mr. and Mrs. Bob Wyly and Gay visited Bob's mother, Mrs. Alta Wyly Sunday evening.

The club supper at the Garcia Community building was attended by 25 families.

Mr. and Mrs. Eldred Brown and Mrs. Charlie King Sunday.

We had several visitors, at the Sunday night singing, Mr. and Mrs. Bonnie Parsons and Bonnie Fay of the Rhea Community and the Westway quartet from Westway. The next singing will be Sunday, Feb. 19.

Mr. and Mrs. L. E. Beene and Wayne and Mary Ann, Mr. and Mrs. N. A. Brown attended the singing Sunday night at Westway.

Floyd and Ernest Brown visited in the Bellview community Sunday.

Mr. and Mrs. L. E. Beene and Wayne and Mary Ann, Mr. and Mrs. N. A. Brown attended the singing Sunday night at Westway.

Floyd and Ernest Brown visited in the Bellview community Sunday.

CHARTER MEMBER

Mrs. J. E. Beyer who is a charter member and past matron of the Mooreland, Oklahoma chapter of the Order of Eastern Star, attended fortieth anniversary celebrations held by that chapter last week. The Beyers family lived in Mooreland for many years prior to coming to Hereford.

While there Mrs. Beyer was honored at other social affairs, attended birthday celebrations for an old friend and also attended a social meeting of the Woman's Missionary Society of the Methodist Church, which she helped organize.

MONDAY ENQUIRY CLASS

An Enquiry Class is being conducted Monday evenings at 8 o'clock in St. Anthony's School Hall with Father Colman Gallagher as instructor. The general public is invited to attend.

A new radio program known as "Faith of Our Father's Hour" is now being heard over KPAN Sunday evenings at 8:15 p. m. The program which is being sponsored by the Hereford Knights of Columbus, is planned to be of general interest to the public.

By Himmie Gilentine

Someone once said, "Experience is the shroud of illusions"—and I am inclined to agree. Most young men and women go into the field of newspaper work due to the glamour and attachment usually attached to reporting. When they learn of the grind, long hours and many other disadvantages, they are often disappointed.

That's how I feel after this trip to New York. My ambition early in life was to be a traveling reporter and to write columns like those on the New York trip. This trip was the first real, honest-to-goodness chance I ever had to give it a real try, and I am completely cured. These traveling reporters don't have near the fun you might think, although the so-called era of "personal journalism" is much more fun than straight reporting. Until Wednesday morning, I never could forget that I had to write the column. You continually wonder if this is the type of thing the folks want back home. It is always hanging over your head. Despite getting up early, you also miss much of the trips due to work. Don't misunderstand, it was a lot of fun for a week—but I just wouldn't want to make a career of this type thing. I am afraid I would develop ulcers. Wonder if Old Tack, who incidentally, is considered tops at this sort of thing the country over, feels this way? I am going to ask him the next time I see him. Looking back, I think that I can read some of the pressure between the lines in his columns.

I figure that most people are

55 90 ON VALENTINE'S DAY—Mrs. S. H. Divine (above), a resident of Tyler for 40 years, celebrates her birthday on Valentine's Day. This year she will be 90 years old. Her neighbors says she doesn't look a day over 65. The rocker in which Mrs. Divine sits is one with which she started housekeeping 69 years ago. (AP Photo)

pretty well fed up with reports on the New York trip, though I could go on for quite a while. For instance, the top joke on one of the radio shows we saw was when a bride asked how to always keep her wedding ring on her finger. The man replied, "Dip it in dish-water three times a day."

All of the snakes in the grass aren't in New York. Homer Fox is a pretty fair example of the Hereford variety. I don't figure

very many people read that stuff of his, but I do resent his waiting until I leave town to jump on me. However, I have to admit that he is really a diplomat.

He got all over me in such a nice way that I was almost flattered. I do mean "almost." I'll get even with him some way. Just walk and see. I'll get even. Here I am, practically starving myself on a strenuous diet for the past month, and he insinuates (rather pointedly, too) that I am getting fat—which is more

than anyone ever said about him. He is the only guy I know who doesn't take enough exercise to get fat. Homer's opinion of the column just proves that Sam is a real artist. I figure the bull is typical of the contents, which is really true portraying.

Here is something in which everyone is interested. The 17th Decennial Census which, according to the man, means the 1950 census. Walter Shaller of Amarillo has this county along with 26 others. He is a fine, capable man. Dropped by the office the other day and soft of explained some of the details. There will be seven enumerators in Deaf Smith County, plus a crew leader who will handle around two counties. These seven enumerators will draw around \$640, plus approximately \$350 in mileage; the crew leader will draw around \$375 for work in this county. This is all sheer guess work, but it might be about right. Actual expenses, on this estimate totals \$1,565. Say there are 12,000 people in the county—just for instance—the total cost will be \$6,860.00 for this county, which \$5,995.00 for district, state and national supervision, planning, recording, etc. Which makes it expensive tape—even if it is red.

Eighty million dollars has been appropriated to enumerate 150,000,000 people, which is just a little over 53 cents per head. Heard of a rancher once who could count cattle fast and when asked how he did it said: "It's easy. I just count their feet and divide by four." Rev. Dick Cagle has an even better version of this story, however.

Also understand that the Rural Telephone Cooperative in Deaf Smith County is near tops in probably. The application from here is one of the first 37 filed in the whole United States, and, better still, it is one of the first filed in this district which is composed of Texas, New Mexico and Arizona. There seems to have been thousands of letters and calls for information, but some of the other areas were slow to file official applications. This is good. Always glad to see this area on the ball. Furthermore, this does not mean we are number 37—probably higher; it says we are "one of the first 37."

Alex Thompson is telling a story about a tramp who approached one of the courthouse gang the other day and asked for a dollar "to buy a cup of coffee."

"Coffee is just a nickle a cup in Hereford," he was told; whereupon, the tramp turned around, glared and said:

"Now if you don't want to give me the dollar, that's OK—but for goodness sake don't try to tell me how to run my business."

Just a short tribute in memory of Allen Powelson. He was operating a shoe shop when I came to this community and, above all things else, he took exceptional pride in doing a good job. His heart, however, was always with the ranching business. He has told me a dozen different times about the early days when he and Ezra Norton were selling vaccine around the country. Allen always stressed the fact that the "latch string was outside the door." Many, many times, he recalled they had come to a place when the people were away; they always went inside,

fixed a meal, ate, cleaned up the place and went on their way. "They would have been mad if we hadn't," Allen said, "that's how things were in the early days." That's also how I shall always remember Allen Powelson.

Mrs. Olive Hinds is attending piano lectures at Canyon this week.

Martin Wins Title From Funk Before Packed House Saturday

Before a blood-thirsty crowd (they could only get 750 in Hereford's sporting arena) at the Bull Barn Saturday night Wayne Martin outslugged defending champion Dory Funk for the Southwestern States Junior Heavyweight Championship. Taking 45 minutes of the allotted 90 minutes to do it.

Funk and Martin gave paying customers a good show. Each got a fall, before going into the last and deciding period.

Funk won the first fall within 16 minutes with a hold only he could name. He didn't get around to naming it to anyone else, not even Guy Lawrence.

Martin won his with an Inside Step-Over Toe Hold. He took 25 minutes to register the second fall.

The bout hit its climax at the beginning of the third fall.

Funk opened this particular chapter with a smashing right to Martin's mouth which Martin never quite got over.

Referee Gust Johnson didn't need glasses to see what was about to unfold. He stepped aside and let them have each other.

Vicious Battle

What followed was something short of slaughter as each fighter traded bare-fisted hammerings which had both reeling within seconds. Funk tried for a quick finish when he gripped Martin's neck in his arm and rammed Martin's head into one of the pipe ring posts. Before Martin could recover Funk delivered four terrific blows to Martin's head and heaved him out of the ring on the floor.

It was five minutes before Martin got back in the ring. While on the floor he was very still on his hands and knees with blood flowing from his head. His female fans were ganged around him like chickens eating corn at feeding time.

He came back to stun Funk long enough to fall on him, pinning his shoulders for the required three-count. Funk didn't know what happened until he was counted out.

Guy Lawrence says he could have told what was going to happen because of bad blood between the two ever since a year and a half ago when Funk put Martin in the hospital for 16 weeks.

Rematch Is Indefinite

None of the fans had any

kicks about the show. Dory Detton bemoaned the fact he could not have had the match in Amarillo where he could have drawn many more paying customers. As to a re-match Martin said he would be a gentleman about the thing and fight for the title again if the thing could be arranged.

Funk's comment: ".... do you think a guy like that would fight again?"

Asked if Martin was tough Funk said yes. Several Boys Ranch youngsters, including Ted Mitehell, said Martin wasn't the

best wrestler. They said Martin was only tougher in the last fall.

In the first bout, 21-year-old George Drake from Catalina Island won, two falls to one, over Gorilla Poggi, aged Albuquerque wrestler, in a bout which featured Poggi resorting to foul tactics frequently to overcome a decided advantage of youth held by Drake.

Poggi's only decision came in the second fall when he pinned Drake's arm to the canvas, inflicting such pain the younger wrestler readily relinquished any further ambitions for that fall.

Second-Guessing

By JERRY STOLTZ

Frank Kimbrough announced a four home game WT football schedule for this fall, the first of the week. The Buffs will meet Arizona State of Flagstaff in the season opener Sept. 16 in Amarillo's new stadium. McMurry's rough tough Indians will be back to Buffalo Stadium, Sept. 30. University of New Mexico will also play the Buffs in Amarillo and Sam Houston State will play the Saturday afternoon, Oct. 21, homecoming game.

The Buffs meet Arizona Univ., Texas Tech, Trinity, Texas Western and Hardin-Simmons on foreign fields.

Hereford Jaycees came away from the Vega tournament convinced that they were either going to have to find a place to practice or give up the game entirely. They've played just about enough to where they can't do anything they want to right, but it is still past the stage of just starting, if you know what I mean.

Golf is taking up the space on Texas sport pages this week with the annual winter tour of the name pros going through the state. It's also getting about the time of the year golfers start wishing spring would get here with long evenings. And what-do-you-know it looks like winter

BONUS BOY—Here comes one of those unpredictable balls from the long arm of Lomita, Calif., high school athlete Paul Pettit. The 18-year-old wonder boy has signed with the Pittsburgh Pirates for \$100,000 bonus, to be paid over a period of 10 years in addition to his salary.

will finally get started around here.

High school trackmen are working the kinks out and getting in shape. General opinion is that Phillips and Dalhart will make it rough at the District

SPORTS

The Hereford Brand

Thursday, February 16, 1950 Section Two

FROM THE GRANDSTAND

By WILBUR MARTIN Associated Press Staff

This and that:

The Border Conference is going to make a determined effort to get out of what it regards as the "Step child" class in the National Collegiate Athletic Association.

It wants the NCAA to pay as much attention to it as the sagebrush circuit thinks the Association pays the Southwest Conference. Both are in the same NCAA region.

Rumor has it the Border Conference this year will ask that its basketball champion be designated the regional representative in the NCAA basketball tournament at Kansas City—without a playoff with the Southwest Conference.

It thinks the Border Conference champion will have a much better won and lost record than the winner of the Southwest Conference.

For the record: Here's the lineup in 1950 for Texas organized baseball: Class AA, Texas league; Class B, Big State; Class C, West Texas-New Mexico, East Texas, Rio Grande, Gulf Coast, Arizona-Texas; Class D, Longhorn.

Meet for all sprinters in particular. Track is a great sport that deserves more backing than it gets in this part of the country. If class AA and B hadn't gone back on the no spring training rule it might have eventually built up and received more recognition.

Had a call from Lubbock Saturday night asking for the results on the Funk-Martin fight. It'll probably be a long time before Hereford is lucky enough to get a fight of the championship calibre that one was. But it won't be any fault of Guy Lawrence's or the rest of the Lions who are devoting so much time to the wrestling. It'll just be because of inadequate seating capacity for big-time wrestling like that was Saturday night.

In short:

First conference football game for the new Big Six Junior College Athletic Conference will be Sept. 28. The Conference season ends Nov. 17. This is the circuit that drew three teams from the old Southwestern Junior College Conference—Tyler, Kilgore, and Paris—and picked up Cameron Junior College of Lawton, Okla.; John McNeese of Lake Charles, La.; and Northeast Junior College of Monroe, La.

Texas high schools with an enrollment of from 75 to 100 students can now choose to participate in either Class B or Six-Man football, without having other members of the district vote on their application. Before, it these schools wanted to play in Class B, the vote was necessary.

Hereford Jaycees Get 4th In Vega Tourney

Dimmitt's Blackwidow basketball team knocked Hereford Jaycees out of the Annual Vega Legion Invitational Tournament Saturday afternoon in an overtime thriller 59-58 and then in turn lost in the finals to the Rangers of Canyon by 18 points.

Hereford lost in the third place play-off game to San Jon 62-54. San Jon dropped their semi-final game to The Rangers 72-68.

Vega won the Consolation trophy in the finals against Adrian. Adrian lost their first game to The Rangers 89-46 and beat the T-Aggies from Canyon to go into Consolation finals.

Other games included: Hereford Jaycees 62, Vega 52; San Jon 71, T-Aggies 31.

Mr. and Mrs. J. M. Simpson and sons, Wesley and Bob, from Amarillo attended the new Methodist Sanctuary dedication ceremonies Sunday.

Tom McFarland returned from a 10-day vacation trip Monday.

HANGING ON FOR DEAR LIFE—This cowhand looks like he's riding side-saddle without the benefit of a horse. Titled "Cowhand Capers," the prize-winning photo was made at the Cloverdale, B. C., rodeo by Jim Chamberlain of Bremerton, Wash.

Hereford Opens District Tourney Against Favored Canyon Tonight

Hereford High School's basketball team opens the District 1-A basketball tournament against the highly vaunted Canyon Eagle quintet tonight on the new Dumas High School basketball court.

The Whiteface aggregation, with little reputation from season's play to lose and a chance at the District championship if they win, could bounce the Eagles if they have a "good" night. Regardless because of the double elimination type tournament the District is playing, they will still be in the running for the title.

If they whip the Eagles they will play Perryton in the second round. The Rangers receive a bye in their first game. If they should win that game they will play the winner coming out of the bottom bracket of Dalhart who has a first round bye, Du-

mas and Phillips. In case they win again there they will move into the finals against possibly any one of the five teams, by virtue of the double elimination.

If Canyon clips the Whiteface squad in the first game they will then play the loser of the Dumas-Phillips game. A win will put them up against the losers of the second round games between first round winners. From there on it becomes quite complicated, but the Whitefaces could bring home the Championship trophy by winning about four games, which they are capable of doing.

12-12 Season Record

The Whitefaces carry a 12 won, 12 lost record for the season to the tourney. They only played three district 1-A opponents during that time and lost to them. Tournament hopes rest on the

rapid improvement the team has shown during the past two weeks—particularly in their hustle and "want to win" spirit.

Four of Coach Doug Groom's current crop of dribblers will be missing next year. Wendell Morton, Joe Kerr and Richard Alston leave via the graduation route and Nathan Hopsion will be too old under the present 18-year-old ruling.

Kerr set the season's individual high scoring record with 22 points against Price College the last day of January.

Coach Groom will leave today with the following players and manager: Gerald Shirley, Bill Kelly, Ted Houston, Bill Engman, Wedell Morton, Bob Mathers, Ray Graham, co-captains Joe Kerr and Nathan Hopsion, Johnny McBroom and Richard Alston.

Long Time Ago

25 Years Ago
Week of February 12, 1925
 A prairie fire, estimated to have covered 400 sections began near the New Mexico line and wasn't curbed until three days later. Its southern boundary was the Harrison Highway, running from Hereford across to Grady, N. M. It crossed the road once. The burned area extended from the New Mexico line about 30 miles west to within 10 miles of Hereford. The C. S. Inman farm, 18 miles northwest, was the heaviest loser. The three room and hall house, car shed, barn, hen house, three stacks of feed besides a wagon loaded with feed was at total loss. C. S. Inman, Jr. and J. T. Green were badly burned and seared about the face and hands. They were brought to Hereford for emergency treatment by Dr. Overton. Walter Spradley and J. B. Elliston took them overland to the home of C. S. Inman, Sr. in Lubbock to recuperate. W. E. Hicks' place lost most heavily on grass. Frank Givan also lost nearly all his grass. Charles Donald's two big headquarter ranches escaped

serious damage. All Hereford turned out to fight the flames as did men from surrounding towns and neighborhoods.

The Cooke County Colony was growing as, in another deal by McDonald and Borden, John Koesler bought 160 acres of land seven miles southeast of Hereford. Koesler brought his wife and two daughters and three sons from Muenster.

Nearly 60 interested business men were interested in gas conservation in Hereford. Chairman Overton brought up the question of proposed establishment of carbon black plants in the Amarillo gas fields at a Chamber of Commerce luncheon in the City Cafe.

The Pep Class of the Christian Church gave a play at the Star Theatre entitled "The Elopement of Ellen." The comedy of the play was supplied by the Rev. Hume, played by Sank Ramey. The financial benefits from the play went to the Texas Missions.

Miss Esther Erikson was the new Red Cross Nutrition worker who would begin work here February 15, 1925.

John Cummins broke his arm as a result of a savage kick from a Fordson tractor crank. J. Frank Potts left for the Golden State of California to look for a suitable place for his health and a business.

Mrs. J. C. Mardis, Friona, died after an operation for appendicitis. Mr. Mardis was the pastor of the Congregational Church in Friona and was left with a 18-month-old baby girl.

Ernest W. Roberts died January 31, 1925 and was buried in the Hereford Cemetery.

SENATE GETS GENERAL'S PORTRAIT—Ceremonies in the Senate at Austin, Tex., Feb. 8, marked presentation of an oil portrait of Lt. Gen. Claude V. Birkhead, former 36th Division commander. Left to right, foreground, are Senator A. M. Aiken, Jr., of Paris, Gen. Birkhead and Gov. Allen Shivers. (AP Wirephoto)

One Sunday morning on arriving home from Church, Mr. and Mrs. R. J. Kibbe found 25 of their neighbors and friends gathered at their home all well supplied with filled baskets. The surprise was in honor of Mrs. Kibbe's birthday and wedding anniversary. Mr. Kibbe was 68 and on the same day, February 6, 1925, boasted of 41 years of married life.

Mrs. J. L. Nash and little daughter, Edity, accompanied by Miss Nannie Walton, returned from Boyd after a several week visit with Mrs. Nash's mother.

L. Pounds, Memphis, arrived to visit his old friend and school mate, L. P. Lookingbill. Mr. and Mrs. Byron Martin motored from Quitaque to visit

in the home of Mr. and Mrs. Abe and E. Martin. The boys of Dimmitt were grateful to Mr. Moss and Rev. Coughran because of the organization of the Boy Scouts. They had a short meeting on a Saturday and a few new members were added to the list. Mrs. Moss was active in organizing a Camp Fire Girls group.

Jolly Girls Elect New Club Officers

Jolly Girls 4-H Club of Deaf Smith County held its last meeting at the home of Miss Mary

Pashel Wednesday, Feb. 8. The meeting was called to order by the president, Thelma Epting. For recreation Mary Pashel gave an interesting report of her trip to Florida and showed pictures to the girls of places she had seen.

Officers for the next term were elected. They are as follows: President, Mary Pashel; vice-president, Peggy Erwin; secretary, Ann Dyer; reporter, Mary Cathryn Cayton. The sponsors for the club are Mrs. Dyer and Mrs. Epting.

Other officers are: song leader, Ann Dyer; Poultry demonstrators, Ann Dyer, and Peggy Erwin.

Refreshments were served to the following: Ann Dyer, Mary Cayton, Peggy Erwin, Thelma Epting, Mary Pashel, Doris Epting, Tern Coursey, Mrs. Dyer, Mrs. Draper, Mrs. Epting, Sue and Mrs. Erwin.

Security your neighbors help to give you

The protection and security you enjoy in a mutual life insurance company come from the millions of other families cooperatively joined with you.

Have you ever thought of it this way?—You and your Equitable neighbors are building an economic structure that stores security. You are working together with a common aim, and with every premium payment you make you add a unit in a continuing building process that has been progressing for 90 years.

Yes, your insurance security seems close to home when you come to think of it—and that security has the soundest of bases . . . the cooperation of your friends and neighbors all over the U. S.

Remember, The Equitable Society is no further from you than your closest neighbor with an Equitable policy.

THE EQUITABLE LIFE ASSURANCE SOCIETY OF THE UNITED STATES

February Famous Even Though It Has Only 28 Days

By EARLENA PHILLIPS
February is a famous month. The fact that it does just have twenty-eight days makes it remarkable but two famous men born in this month also make it remarkable. I speak of Lincoln and Washington.

If you try to decide who was the greatest, who did the most for our country, you would never reach a satisfactory conclusion. Why? Because both were great, one in one field of endeavor, the other in another field.

Washington was great in molding our country into the right shape. He saw what was needed and tried to fill that need. He could be very easily made himself king and ruled by an iron hand. The people were willing to follow and obey, but Washington knew that wasn't the right thing to do. Naturally, the country has changed because the people of the country have changed, too. We are still using some of Washington's methods in our country today.

Lincoln was great in a different manner. He had to try to hold our country together when the reality of a war was apparent. He failed to some degree but that failure only made him stronger. Lincoln realized that the Civil War was not the answer to our need; he knew it would only separate the North and South farther apart; but he couldn't make the people see that. Lincoln was willing to try to help the South get on their feet after the war and if he had lived, things would have been different then and now.

Yes, Lincoln and Washington rank with the highest in leadership. They did their duty to our country. Because of them we have our wonderful land of the free and the brave, where freedom is the most important thing. Let us as young people try to make this country better and to make ourselves better because someday the country will be in our hands. What would you do if you were in a situation like either Lincoln's or Washington's?

McCalls Present Many Interesting Items On The Southern Assembly

By JOYCE MCGEE
The program was presented to us by the McCalls. They were here in Hereford about four years ago.

First on the program was Spangle, the little horse. The horse could smile, bow, say hello and he could recognize his own name.

He stood at ease with his front feet crossed. Did the "Arabian Prayer" by bowing on his knees. He also did the hobbie horse stretch.

He could do the high march, boogie woogie and pick up a hankie by going between his front legs to get it.

To prove to us that the horse had never been punished, Mr. McCall cracked a whip around the horse's neck.

The next part of the program was a show of his sled dogs. The dogs stood at attention, jumped through hoops, and rolled a barrel.

The dogs could balance themselves on one slack rope. Two of the dogs jumped the rope together while another helped turn it by holding it in his teeth.

He then hitched up the dogs as one would do to hitch them to a sled. The lead dog is supposed to be the fastest dog you have and also the smartest. The dogs are guided by command and there is no way to say go; you just give them their heads.

Willie The Peanut
By EMMARIE TURNER
(Part Three)
"You can't go off and leave me out here alone," cried Willie. Tears flowed freely from his little eyes. His head began to throb. He was, oh, so worried.

A field rat heard Willie and thought to himself. "Here is where I have a good meal." So he scampered across the field to the spot where Willie was lying. Before Willie even knew what happened he was snatched up and clamped between the teeth of the vicious rat.

"Help, put me down, help!" But the rat wily ran faster. He reached a big barn and sleepily went through a hole. His eyes darted this way and that. With roughness, he threw Willie into a corner and went to call his pal.

"Now is my chance," said Willie, "now I can escape. If I don't I shall be eaten. But where can I go and how?"

He thought and thought. An idea began to ramble in his brain.

"I've got it! I know how I will escape."

(Read next week's paper and see what happened to Willie the Peanut).

FTA Officers Elected For Second Semester

Mr. Sullivan acted as chairman until the president was elected. The following officers will serve the F. T. A. for the semester:

Bobbie Jane Sisk—president
Patsy Willshire—vice-president
Nancy Cagle—Secretary
Chloe Fortenberry—treasurer
Nan Buckner—historian
Donna Jean Stagner—reporter
Joe Hershey—parliamentarian
Reba Dones—song leader

The President appointed Joe Hershey and Nancy Cagle as a committee for the Constitution and By-Laws. Kenneth Carroll and Patsy Willshire were appointed as the name committee.

Mrs. Thomson told the group that they could use the storage room and the senior furniture as a club room.

The dues were decided to be fifty cents a semester.

Personality Quiz

Has first name of famous horse. Prisoner of love. Owns new maroon jacket. Might be called a "Fish." Came from land of the hornets.

Born 28 days after New Year's Day. Black, top, brown pools. Might be able to insure you. Opposite of name. Somewhat. Free, white and fourteen.

Last week's personalities were Dale Doak and Joyce Potter. The first person to guess one of them was Colline Brown.

Gayle Foster, Clara Jayne West and Mary Ann Beckman were the ones who guessed Naomi and Marshall.

Hospitality

By EARLENA PHILLIPS
Jane was a new girl in high school. She was a Junior, coming here from a big city. We didn't know at first who she was but by being friendly and trying to help her get acquainted we found that she was a very lovely girl with a lively personality. She had been drum majorette in the City High School and active in all organizations.

In our high school if we only gave her a chance and were willing to help her, we would find her willingness to work and ability to work amazing.

In some schools as in ours, little cliques are present and when a new person enters they do nothing to be friendly because they don't know her and don't want her in their little group. It isn't fair to the newcomer or to the school because they may go away hating Hereford High School.

Let's try to always be hospitable to all new students, and let the Golden Rule apply to that as well. "Do unto others as you would have them do unto you."

Wise Or Otherwise

Don: "I invented a device for looking through a brick wall."
Claude: "What's it called?"
Don: "A window."

A newspaper man named Fling Could make "Copy" from any old thing.
But the copy he wrote Of a five-dollar note Was so good he is now in Sing-Sing.

Mr. Sullivan (impatiently): "When you girls in the rear of the class finish flirting with the boys, I hope you will give me a chance."

"Why do you go steady with her?"
"She's different from other girls."
"In what way?"
"She'll go out with me."

He: "Darling, I love you very much. I'm not very rich like Joe Doaks, I may not spend money like Joe Doaks, but I would do anything in the world for you."
She: "Will you introduce me to Joe Doaks?"

Senior Who's Who

By RUBY BARCLAY
Name: Chloe Fortenberry
Ambition: Secretary or Primary teacher
College: Draughton's Business College
Likes: Riding horses, friendly people, dimples
Dislikes: Snobby people, shrimp
Pet Peeve: People who pop their gum.
Organizations: Dramatics, FTA
Office: Treasurer of FTA.

Name: Garland Robinson.
Ambition: Own a floral shop
College: Haven't decided yet—would like New Mexico A&M.
Likes: People, some modern art and food.
Dislikes: Hillbilly music.
Pet Peeve: Showoffs and apple polishers.
Organizations: Dramatics and DeMolay.
Office: Past Master Counselor of De Molay.

Name: Mona Faye Shirley.
Ambition: Dress designer.
College: West Texas.
Likes: Loland, friendly people, chocolate ice cream, dancing.
Dislikes: Shobby people.
Pet Peeve: Go to the show with someone who has already seen the picture and tells you what the movie is about.
Organizations: Pep club, Glee club.

Name: Bob Patterson.
Ambition: To be a success in something.
College: Tech or West Texas State.
Likes: Luau, food, book-keeping.
Dislikes: Show off people, dull classes.
Pet Peeve: People who gripe about someone talking about them and then talking about someone themselves.
Organizations: Hi-Y.

This Means You

By CHLOE FORTENBERRY
Who makes me that way I'd like to know? Not just Sally and Johnny, but almost every student.
Yes, you-and-you-and-you! Please, my-ahem-friends (?)—care won't help me now, but it will help other books. Please take care of your books for their own sake if for no other reason.

Book Week several years ago found us engaged in a war against for who knows, that if truth, beauty, and decency are to be stamped from this earth, they must first be stamped from the minds and heart of youth.
This for, whom we face, began his menace against us by burning books. But, youth taught to appreciate books will be armed with knowledge to oppose such forces of destruction—present and future.

"It was a wonderful year!" They've forgotten all the grudges they may have had in the past. There's only one thing that matters "Seniors at last." Although the year passed too quickly for those who must part, it added more precious memories to be treasured in each heart. Now that we are almost through and our school days are coming to an end We remember every little thing As all seniors do, That happened to bring us these friends. Some of our classmates may go far; Others may be near But no matter where they are We'll always remember them as being here. In the school that we know is best We'll always be a part of good old H.H.S. So from all of us who are leaving To each and everyone of you We have just one more thing to say "There's not another bunch like you."
(Read next week's paper and see what happened to Willie the Peanut).

Do you Remember

Compiled by Earlene Phillips
I'm Proud to Be a Whiteface (I found this poem in a December 3, 1948 Whiteface News. Hope you enjoy it.)
I am proud to be a Whiteface, And to play each Friday night. Everyone will say I will never forget the thrill of each game. To some people this would sound silly, But way down deep, they feel the same. Though it be Jack, Tom or Billy, We never seemed to amount to much. Although we played our best, But some how the people were with us. So we could never let down or rest. I can hear the yells from the stands, As up the field we tried to race; And though most of the time we didn't make it, I am still proud to be a Whiteface.

(Although Valentines is over we thought you might enjoy reading about some couples of long ago. The names were found in a copy of the Whiteface News for February 19, 1948. Do you remember them?)
Namoa Carter and Truman Price.
Betty Cawthon and Bill Goldston.
Pat Longbottom and Claude Melugin.
L. Dene Springer and David Sowell.
Beverly Thomas and Jimmy Jesko.
Leta Glyn Rutter and Olden Hawks.
Georgia Thompson and Bub Sparks.
Jo A. Witherspoon and Leo Hennington.
Bobbie Brownlow and Tommy Carnahan.
Rosen Lane and Conrad Clark.
Emma Jane Brown and Doyle Cox.
Sara Beth Owen and Don Davison.
Doris Hastings and Trigger Carlyle.
Betty Carnahan and Donald Shipley.
Patsy Slagle and Jack Simons.
Mary Jo Mathies and Glenn Hopson.
Martha Thomas and Bill Forbus.
Bobbie Jane Sisk and Jack Reynolds.
Pat Frye and Jesse Clegg.

Hearts And Valentines Passed Around HHS

Ah! 'Tis the time that Sweethearts like best, Valentines and hearts are being exchanged around H.H.S. and everywhere else.

I guess Larry Wilson and Abbie will exchange valentines this year.
Nancy, Reba, and Donna Jean will probably be sending cards back to Abilene.
Nora Jo must have had a special delivery for Gene Walker; she was looking for him everywhere.
Janice Craig is keeping her valentine secret. I bet cupid tells me anyway.
Some of the valentines which attended the Faculty Play were: Kathryn Kester and Larry Slaughter, Claudia Lewis and Glen Wilson, Nancy Cagle and Bill Kelly, Gayle Foster and Bill Engman, Ruth London and Jack

Stanton, Wily Euton and Joyce Rose, Matty Jane and Dick and Eldon, Milton and Dale had a date with each other.
Bobbie Jean Drury and Burt Fish have become a new interesting couple in H.H.S.
Dwaine Walker must have a real valentine wonder where he was Monday, Tuesday and Wednesday.
Has cupid shot Pat Frye with his arrow? She and Ted have been seen together frequently.
CORRECTION: I wish these people would make up their minds. Colline Brown and Dale Doak are just intimate friends—

but they are not going steady. The same goes for Kathryn Davis and Leonard Walterscheid. Raymond Cummings and his new steady would make a darling valentine picture.
A telegram of clouds to a certain boy from Clara Jane West might read Be Mine.
Speaking of clouds, I think Nelda Tomberlin is walking on them since she asked a certain boy to the F.H.A. buffet supper.
Joan Southern was seeing red hearts after her date with Jack Hennen.

Texans in Washington

By TEX EASLEY

jects, he went into his explanation of construction stages. He mentioned Whitney Dam to prove his point that it would be uneconomical to trim appropriations that had been recommended.

Located about 30 miles upstream from Waco, the Whitney Dam when completed will cost an estimated \$40,000,000 (m). The budget bureau has asked that \$15,000,000 (m) be provided for use in the year beginning July 1.

Work has been going on for about four years; the first year Congress provided only \$500,000 (t), the next year about \$1,000,000 (t). Only about \$4,000,000 (m) will be needed after this year's appropriation, and work should be finished during the 1953 fiscal year.

"The first year we can't spend much money," said General Pick.

"We are just getting underway. Detailed plans and specifications are being drawn.

"The next year we need more. Land where the reservoir will be has to be bought and cleared. Highways, railroads, telephone and power lines have to be re-located.

"Then we are getting to the stage where we need big sums. The contractor is on the job. Earth is being moved. The main river has to be diverted. The dam is going up.

"At Whitney they are getting along splendidly, and are reaching the most crucial stage. That's when you make the closure. You have to work fast to complete it, and time the work when you expect the least flow down the river. A big flood at that time could wipe out months work at great financial loss."

When the Whitney closure is made water will start backing up to create one of the largest lakes in the Southwest, reaching out toward Hillsboro and other communities in that part of the state.

A contractor has hundreds of thousands of dollars tied up at the dam site and a large force of employees, Pick said.

If Congress reduced funds drastically and cut down on construction schedules, he added, that might mean loss of money through deterioration of work and equipment and leave the government open for a damage suit from the contractor.

Rep. W. R. Poage of Waco, who has been the leading congressional supporter of the Whitney project, says that declining construction costs have reduced the estimated Whitney outlay.

Around the Capital:

Officialdom put aside its care last week to take part in an amateur show sponsored by the American Heart Association.

Cabinet members, congressmen and others practiced for weeks for their roles in the show, proceeds from which go to research and study of America's No. 1 killer.

Texans were outstanding in the performance. Speaker Sam Rayburn of Bonham acted as a master of ceremonies. Rep. Frank Wilson was one of a southern-southwestern congressional quartet. The others were Reps. Morris (D-Okla.), Harris (D-Ark.) and Priest (D-Tenn.).

One of the highlights were the square and other folk dances done by five Texas congressmen and their wives and two other Texas couples. The Tom Picketts of Palestine, the Ed Gossetts of Wichita Falls, Olin Teagues of College Station, Homer Thornberys of Austin and Lloyd Bent-sens of McAllen, made up the congressional group.

BOTTLE BABY—Film actress Ann Sheridan brings lunch to Andy, the tame baby antelope who is a familiar sight at Sun Valley, Ida. Andy was found in the rugged mountains near the resort.

ably, and adversely for a period of ten years, he may then go into the Courts and have the Courts to declare that he is the owner of the same.

The statutes say that "adverse possession" is an actual and visible appropriation of the land, commenced and continued under a claim of right inconsistent with and hostile to the claim of another. "Peaceable possession" is such as is continuous and not interrupted by an adverse suit to recover the estate.

If your land is some distance away from you, you should go to it occasionally, and inquire among the neighbors, and learn if anyone, other than those you have authorized to use it, are using it, and if they are making any adverse claims to it.

We're proud of the "KNOW HOW"

of our Men and Women . . . who are responsible for your **GOOD GAS SERVICE**

REPRESENTED among West Texas Gas Company's employees are nearly 100 different skills...engineers and draftsmen such as those pictured above, compressor station operators, dispatchers, communications operators, service men, meter men, construction men, repair men, welders, etc.

While you may see few of them, the work of every one of our 300 men and women is important in making your gas service as dependable as the sunrise. Nearly all are specialists—they have that vital "know-how," acquired by training, experience or education.

Yes, we are proud of the "know-how" of our men and women... your friends and neighbors... who are responsible for your **GOOD GAS SERVICE.**

West Texas Gas Company
HELPING BUILD WEST TEXAS SINCE 1927

The other couples were Mr. and Mrs. George Muth and Mr. and Mrs. Ray Wire. Mrs. Muth is the daughter of U. S. Tax Court Judge Eugene Black, one-time East Texas congressman; Mrs. Wire's father was Guinn Williams, once a North Central Texas congressman.

The Law And You

By BOB KIRK
DO YOU KNOW that some one can acquire title to your property without your ever giving them a deed? Under the Texas statutes, if a man goes upon the land of another, and if he holds it peace-

50,000 Miles - No Wear!

1. Driven "Twice Around the World!" For 50,000 killing miles, six brand-new cars raced over the hot desert along the Mexican border . . . testing the wear-fighting qualities of amazing Conoco Super Motor Oil. At the end of 50,000 miles of continuous driving, engines showed no wear of any consequence . . . in fact, an average of less than one one-thousandth of an inch on cylinders and crankshafts. Startling proof—factory finishing marks were still visible on piston rings!

2. New-Car Mileage for 5 Years! This punishing road test—equal to 5 years' normal mileage—proved, as nothing else could, that Conoco Super Motor Oil, with proper crankcase drains and regular care, can keep your new car new. Mileage for the last 5,000 miles of the test was as good as for the first 5,000 miles . . . actually there was an average difference for the fleet of only 4/100 of a mile per gallon!

3. New-Car Power! Quicker Starts! Yes—the extra protection of Conoco Super Motor Oil keeps that factory flash . . . that showroom smoothness . . . year after year after year! Conoco Super Motor Oil's exclusive ability to OIL-PLATE metal surfaces makes your engine last longer, perform better, use less gasoline and oil! Conoco Super Motor Oil virtually stops wear before it starts . . . keeps your engine new and clean. Conoco Super Motor Oil has proved itself to be the great new modern wear-fighter!

NEW CONOCO Super MOTOR OIL

Homer Fox Says: DID YOU KNOW.....

In most of the territory from 50 to 100 miles surrounding Amarillo Wes Izzard is one of the people he doesn't belong to Amarillo alone because all over this territory the people accept Wes as one of them, more or less of an idol in a way. Through the war years, his newscast and radio talks made him friends by the hundreds, his many meetings and after dinner speeches in different communities, and at last his front page column had made Wes Izzard one of the best known and most beloved person that I know of in this part of the country.

There is seldom a day goes by that you don't hear Wes Izzard quoted, just a few days ago, I heard a couple of fellows in a pretty heated argument, and finally one asked the other where he got his information—he said he read it in Wes Izzard's column and the other agreed right then that he was probably right and that settled the argument. You will find this from the forks of the creek to Main Street. It is a wonderful thing to have a following like that.

Very few of these people know Wes, very few would know him if they saw him, but still they follow his broadcast and read his column, because they like him. They believe he is honest and sincere and tells them the things, he himself honestly believes, and even at that Wes Izzard has quite a responsibility and when he slips and makes a mistake according to some of his followers it takes a few days for Wes to catch up again, and here is what I mean.

A short time back, Wes had sorter locked horns with the Sheriff Dept. maybe some comment on the City, and the County Commissioners and last the comments over the Ice Rink at the Bull barn, anyway it wasn't any fight with Wes Izzard, he made his comments in his column, but it was a little different to the easy way he had been broadcasting. Anyway, I ran into an old boy that is an admirer of long standing of Wes and I mean he believes in him from A to Z.

but that morning he was unhappy, and he said—what the H--- is the matter with Wes Izzard, ever since he came back from Europe, he wants to jump on everything. I said he probably got up too much steam and had to pop off some way.

This old boy wasn't mad, he was disappointed in a way, it was a little unusual for Wes. This fellow felt kinder like you would if your favorite hero on your local baseball team struck out with the bases loaded, but you would forget it the next day when he hit everything they threw at him. He wasn't about to be mad at Wes, just disappointed because of a new line in his writings, maybe Wes had too much "Porridge" in England, too many "grapes" in France, too much "sauerkraut" in Germany or too much "spaghetti" in Italy. Anyway Wes Izzard is doing a wonderful job and thousands of people will back up that statement.

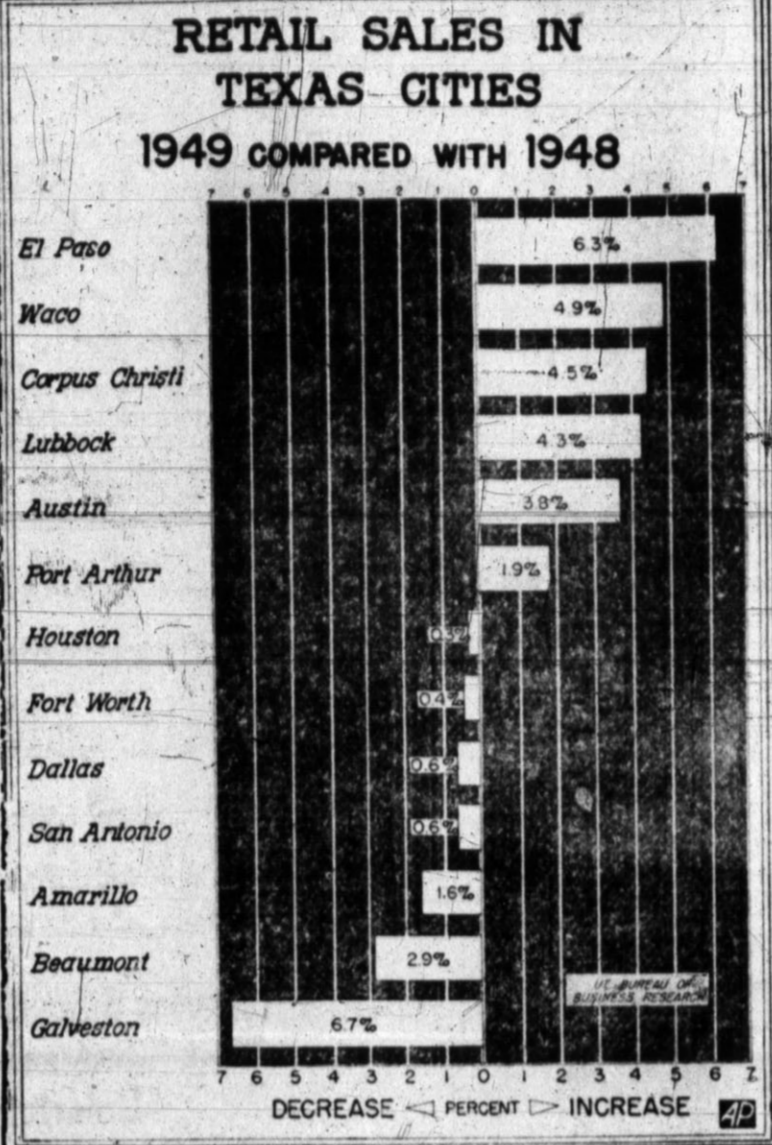

Clips From Our Exchanges

SPUR — Critics of the parking meter plan note: The Texas Spur was telling businessmen to park their cars somewhere besides on Main Street and give the customers a chance to park somewhere close.

LEVELLAND — Members of the Levelland city council appear dubious about the possibility of voting for a place in the Panhandle Water Conservation Authority program of supplying water from the Canadian River dam project says the Buckley County Herald.

MULESHOE — Applications for telephone service in the newly organized Five Area Telephone co-operative are dribbling in slowly to the office of the Bailey County Electric Co-op, reports the Journal. The REA has also approved a loan of \$185,000 for the county electric co-op.

FLOYDADA — Delbert Downing, Midland Chamber of Com-

TEXAS RETAIL SALES—Texas retail sales in 1949 declined 2 per cent from 1948, the University of Texas Bureau of Business Research reports. Durable goods stores registered a 9-per-cent gain over 1948, while nondurable goods stores showed an 8-per-cent decrease. Retailers in El Paso with a 6 per cent increase over 1948 sales, tallied the biggest gain in 1949. Waco and Corpus Christi had 5 per cent advances; Lubbock and Austin, 4 per cent; and Fort Arthur, 2 per cent. A number of Texas cities registered decreases varying from a fractional dip in Houston.

merce manager, will speak at the Floydada C-C annual banquet Friday night, according to the Hesperian. The Floydada High School basketball team also won the North 3-A and will represent that half of the district with Abernathy in a double elimination tournament against Spur and Matador for the District championship. They beat Tulla 34 - 31 to get into the playoff.

DALHART — Presbyterian Minister Clarence N. Wylie gave the dedicatory sermon for the new Dumas Presbyterian church Sunday.

STINETT — Uncle John Rust, Hutchinson County Herald editor, is offering \$50 to whoever burns in the closest guess to what the census taker's total will be in Hutchinson county.

ULVALDE — The Leader-News said, "Al Sledge, managing editor of the San Angelo Standard Times, was a visitor in the L-N office this morning. Al was here to check on the Stock Show and said it was a mighty fine one. He was telling about visiting Snyder, the oil boom town, recently. Said the newspaper there had

STRICTLY FRESH

A MASSACHUSETTS educator says colleges are turning out too many "half-baked" degree-holders. This is going to make a lot of people hot under the collar.

Having failed in their efforts to repeal the Taft-Hartley law, labor leaders are expected to go all-out in the next election to try to repeal Senator Taft.

Finances are college's major problem these days, headline says.

FARM SALE

SATURDAY, FEB. 18, '50

Located 2 Miles North of Hereford on Highway 51

I have sold my farm and am disposing of all my farm machinery and equipment.

Machinery:

- 1 - 1948 Ford Tractor, overhauled with a new tractor guarantee.
- 1 - 1945 Ford Tractor, overhauled with a new tractor guarantee.
- ONE HALF OF THE PRICE OF THESE TRACTORS AND ALL EQUIPMENT PURCHASED WITH THEM MAY BE FINANCED.
- 1 - 7 ft. Mower.
- 1 - 6 ft. Side Mower.
- 1 - 6 ft. Tandem Disc.
- 1 - 2 disc Breaking plow for Ford.
- 1 Ford Dempster Drill, 10 ft.
- 1 New Holland Automatic Baler, completely overhauled. ONE HALF OF PRICE OF BALER MAY BE FINANCED.
- 1 Sargent Side Delivery Rake.
- 1 Ford Cultivator.
- 1 - 1939 MM 12 ft. Combine.
- 1 MM Deheader for Combine.
- 1 MM Pickup attachment for Combine.
- 1 - 10 ft. IHC Binder.
- 1 Fairbanks-Morse Feed Mill.
- 1 - 2 row Lister and Planter with Fertilizer.
- 1 - 1947 Reo Truck with Beet Bed.
- 1 Steel Border Machine for Ford.
- 1 Ford Ditcher.
- 1 Ford Scoop.
- 1 - 2-way Moldboard Plow.

- 1 - 20 x 20 ft. Wood Floor.
- 1 - 6 Section Harrow Hitch.
- 1 Steel Floor.
- 1 Belt Pulley.
- 1 Grinder Belt.
- 1 - 6' Moline Oneway Plow.
- 1 DeLaval Cream Separator.
- 1 DeLaval Electric Cream Separator, almost new.

Household Items:

- 1 - 6 ft. Frigidaire.
- 3 Iron Bed Steads.
- 1 Roper Gas Range.
- 1 Apartment Gas or Butane Range.
- 1 Electric Sweeper, almost new.
- 1 - 50 Gal. double unit Electric Hot Water Heater.

Livestock:

- 3 Red Sows with Pigs.
- 1 Hampshire Sow with Pigs.
- 2 White Sows with Pigs.
- All above pigs are from a Hampshire Male.
- 1 Jersey Cow, 5 years old—a good 5 gal. cow Also Calf. Been fresh about 30 days.
- 4 Red Durham Heifer Calves.
- 1 - 4 year old Dun Saddle Horse, broke to ride and rope.
- Many Small Items Not Mentioned.
- FEED: About 200 bales damaged hay.

Sale Starts Promptly at 11:00 O'Clock So Come Early

Lunch will be served by Cultural Home Demonstration Club.

Terms of Sale: Cash except tractors and equipment bought with them, or hay baler.

Auctioneer: Jack Coultre.

Clerk: Clinton Jackson

OWNER: Roy Crutchfield

WHEN BETTER AUTOMOBILES ARE BUILT
BUICK WILL BUILD THEM

Buick Style is Here Again!

No question now as to who has the ball on automobile styling!
Take a look at almost any blockful of new cars—and you will see once more the sweep and dip of tapering fenders that Buick pioneered—and that the whole country went for with a joyous whoop and holler.
They're a little smoother now, of course, rounded a bit—and are molded right into the body. And they flow sweetly into rear-fender forms that look for all the world like a jet plane's power plant.

Then look how wonderfully they are tapped off in the upperstructure—with wide, curving, one-piece windshields, and with smart, Buick-originated wrap-around back windows!

Yes, Buick style is here again. The sleek, swift-lined style that has put Buick right in the fashion forefront of postwar America.

And you can have it in a choice of many sleek and roomy models, ranging in

price from just above the lowest brackets to the fine-car field.
Come in, to see your Buick dealer—and start traveling in the smartest styling of the times.

Phone your BUICK dealer for a demonstration—Right Now!

Church Notes

CHRISTIAN SCIENCE SERVICES will be held Sunday morning at 11 o'clock in the Star Theatre. Subject of the Lesson-Sermon is "Mind."

The Golden Text is from Isaiah, 33:5-6 and is as follows: "The Lord is exalted; for he dwelleth on high. He hath filled Zion with judgment and righteousness. And wisdom and know-

ledge shall be the stability of thy times and strength of salvation.

All who are interested are cordially invited to attend.

FIRST CHRISTIAN CHURCH cabinet voted to dismiss Sunday Evening Services in order to attend the closing service of the Day of Dedication at the First

BASEBALL OFFICIAL INJURED — J. Walter Morris, president of the Big State and East Texas baseball leagues, lies in a Dallas, Texas hospital, Jan. 19 following a downtown automobile collision. Hospital attendants said the 69-year-old sportsman was in "serious but not critical" condition. They said he had head injuries, including a fracture. Morris has been in baseball 45 years. He has organized 14 leagues and at one time was president of three. (AP Photo)

Methodist Church. Group One, Woman's Council, met Wednesday with Mrs. Earl Phillips. Mrs. J. J. Clark had the devotional and Mrs. F. S. Smith reviewed the first part of the book, Mahatma Ghandi. Group Two met with Mrs. N. E. Gass on the same day. Miss Frances Dameron had the devotional while Mrs. Harry Seed presented the lesson.

About 30 men were present for the February meeting of the

Laymen's League. Following the business meeting, the program consisted of a mock trial where the preacher was tried upon the charge of beating his wife. Bill Bradley played the part of the wife. John Aiken acted as the wife's attorney while Ray Cowser defended the preacher. A pre-trial decision of "guilty" was handed down by a prejudiced jury in the presence of a biased judge, played by Dr. Clyde Rush.

There were 41 present last Sunday night in the three departments of the Sunday Night Youth Fellowship. The Seniors and Intermediates are beginning to make plans for the Youth Meet to be held in Childress March 10 and 11.

IMMANUEL LUTHERAN CHURCH will observe the Lenten season with a series of mid-week services on Wednesday evenings beginning February 22. For the series of meditations, Pastor Lichtsinn will speak on "The Seven Woods Of The Cross."

Sunday services begin at 11:20 a. m. Next Sunday's text is Luke, 18:31-43. The first Lenten Service next Wednesday evening begins at 7:30. The message will be based on Jesus' first word from the cross, "Father, forgive them

for they know not what they do." The weekly radio broadcast may be heard over KPAN at 1:30 p. m. on Wednesday afternoon.

FIRST BAPTIST District-Wide Brotherhood meeting will be held in the First Baptist Church Auditorium in Lubbock, February 21. Dr. Herschel H. Hobbs, pastor, First Baptist Church of Oklahoma City, will be the speaker. Singing will start at 7:30 p. m. with the main program beginning at 8 p. m., according to Rev. R. K. Cagle. Rev. Cagle said a full house is expected at the meeting which is planned to promote the work during the simultaneous revival period April 9-23.

W.M.U. Circles didn't meet this week, because of the Enlargement Campaign. Rev. Cagle believes this is the biggest effort of this type made by any other church in the Panhandle. He

said the faculty for the work is tops and that he expected some good results.

After Sunday Church services Sunday evening the Young Peoples Training Union enjoyed a fellowship in the home of Mr. and Mrs. J. B. Snead, Jr. Those enjoying games and refreshments were Molly Jo Schofield, Ruth Pickens, Arlene Carroll, Doyle and Rhea Cox, Ray Starky, George Brock, Dallas Phillips, Karl Hutchinson, Mr. and Mrs. Clint Jackson and the hostesses.

CHURCH OF NAZARENE will have a guest preacher, Rev. Paul English, of Amarillo for their services next Sunday. Services will be at the regular time.

The Church's WFMS had a social in the home of Mrs. Dan Choats Monday. The Cottage Prayer Meeting will be in the home of Mr. and

Mrs. T. J. Troxell Friday night at 7:30. These Cottage Prayer Meetings meet every Friday night and interest has been growing, according to Mrs. R. L. Bickford, wife of the pastor. Average attendance is 15 or 20 at this time, Mrs. Bickford says.

The regular Wednesday night Prayer Meeting will be held at the regular times.

ST. THOMAS EPISCOPAL Woman's Auxiliary met Wednesday with Mrs. F. L. Alexander.

UNITED COUNCIL OF Church Women will meet at the Presbyterian Church February 24 at 3 p. m. to observe the World Day of Prayer, according to vice-president, Mrs. Joe Smith.

tin. Mr. Joe Beyer presented the Church to the Bishop for dedication.

The Sunday afternoon services were held for old-timers. There was no preaching but just an open reminiscing for the pioneer church members. They talked of the first church in Hereford and of the first members. Several out-of-town guests were present. It was a most interesting service according to church secretary, Betty Stanford.

Rev. Marvin Boyd, Plainview, preached the evening services on Sunday. His subject was "Faith In Love."

The Methodist Stewards met Tuesday night at 7:30 in Ward Hall of the Church. Emma Wheeler Hawkins Circle of WSCS met in the home of Mrs. Lowery Walker Wednesday for a special study. Thursday night choir practice starts at 7:30 at the church.
