SIGHTS, FACES SEEN

Saturday, Oct. 14, will be the final day of operation for the Tower Drive-In Theatre during the 1950 season, Francis Hardwick, manager, said today. Cold weather, plus the fact that many people are busy getting ready for grain harvest, were cited as reasons for closing in mid-October. Mr. Hardwick said that ramps will be improved and that a playground for children will be added to the drive-in before it re-opens next Spring. The 1951 opening date will be around Easter.

Mr. and Mrs. Eugene Robertson were in Pampa Saturday night to attend a meeting of the SPEBQA, barber shop quartet club with the alphabet title. Several famous quartets appeared on the program, including the Beau-Jesters of Dallas, and the Kernels of Omaha, Neb., along with Panhandle quartets.

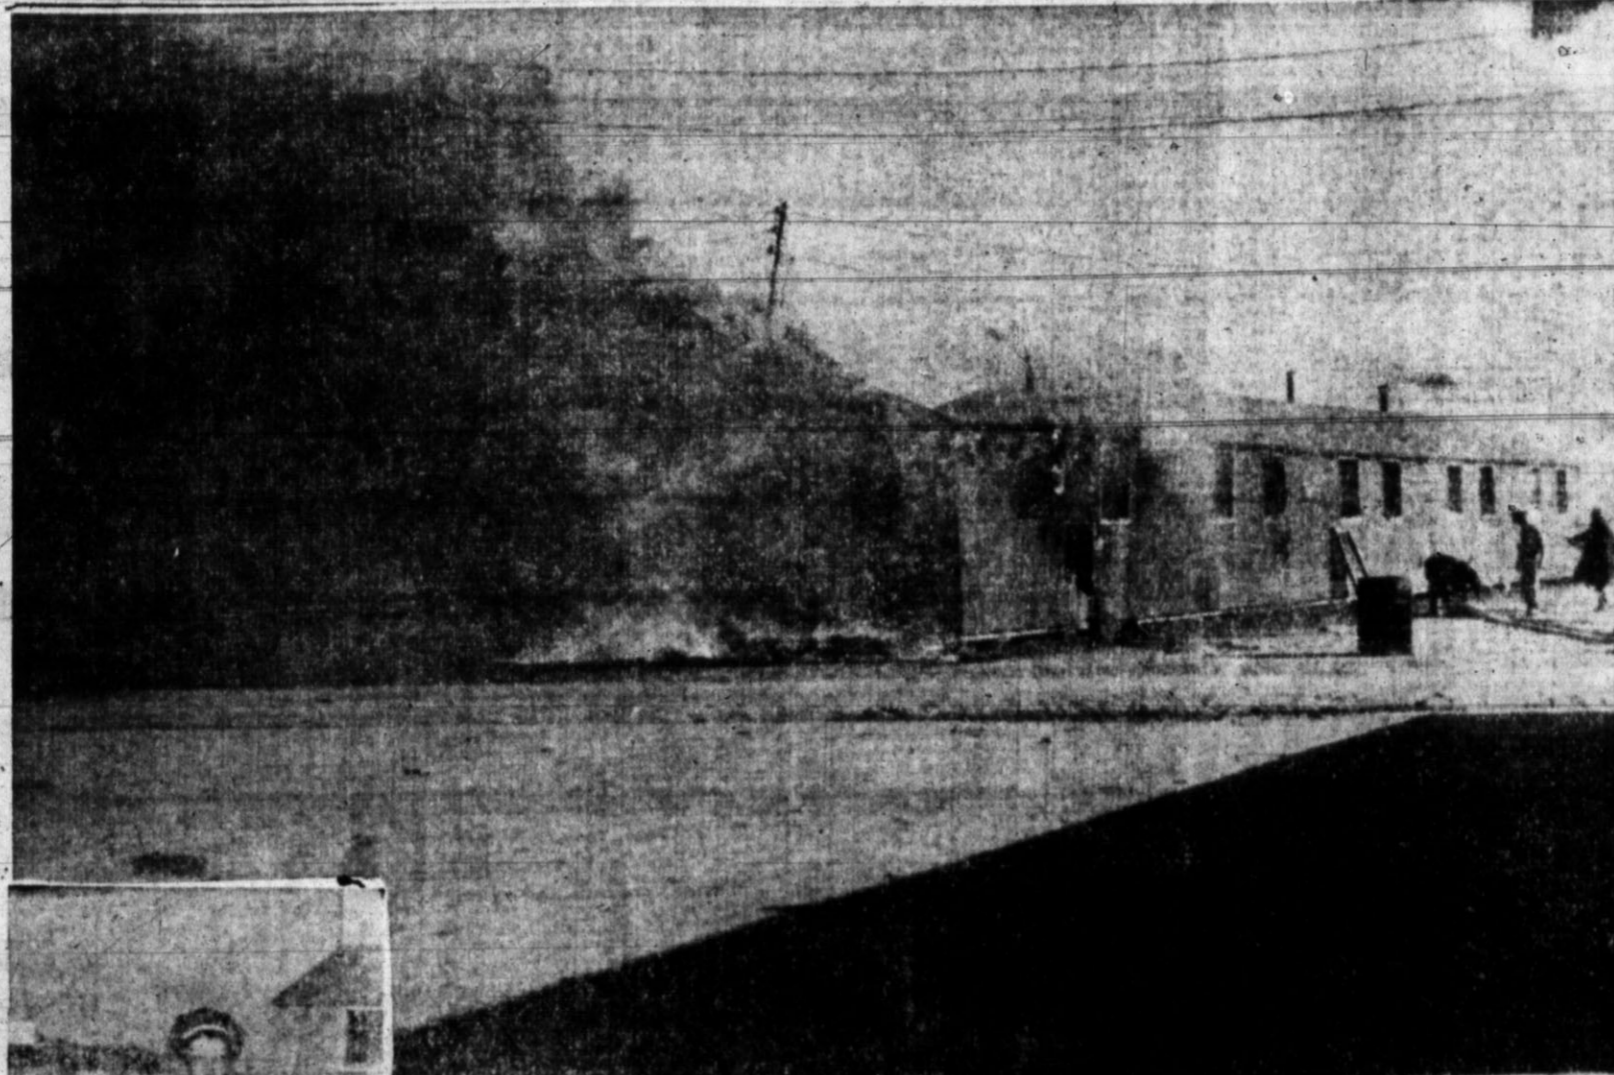

Dr. M. C. Adams is "getting along fine," according to Mrs. Adams, who visited him Sunday. "Doc" underwent a minor operation on his leg following an accident which occurred while en route to the naval induction center. Mrs. Adams said that he is expected to be in a wheel chair within a few days. Dr. Adams was in the Veterans Hospital at Albuquerque, N. M., but was carried out by plane Wednesday night to a naval hospital—destination not disclosed.

A big formal opening with pomp and prizes is planned for Saturday, Oct. 14, by Mr. and Mrs. Ray Downey for their Good Housekeeping Shop, which recently moved to Main Street. Third in the location formerly occupied by Rutherford's. In addition to a complete line of Frigidaire products, Mr. Downey will also have on display many small appliances which have been added to the Good Housekeeping line. Registration will continue all day Saturday.

Archie Scott is sitting around the house these days—dreaming of fried chicken. It all happened Monday afternoon when Archie tried to round-up a flock of chickens at his place. One of the chickens darted away. Archie chased after it, leaped over a low fence—and broke his ankle. He is confined to his home for several days, but hopes to be out on crutches the latter part of the week.

Bill Davis, Jr., helped supervise the Bingo games Tuesday night and won for himself quite a reputation as "high card cutter." Ties occurred on practically every game, following which bingo holders cut high cards for the prize. Bill's protégé won almost every time.

Alex Thompson upset coffee circles this week by adapting four protruding teeth. See page (Continued on Page 3)

**BLAZING BARRACKS** at the Hereford Labor Camp Monday partially demolished the barracks in the above picture. Prompt work and good equipment, on behalf of the Hereford Fire Department saved most of the unit, however. High winds threatened three complete barracks units. **LEFT**—One of the tenants searches among the ruins for clothes and "folding money" lost in the blaze. **RIGHT**—Part of the group made homeless by the fire. Housing was possible in another barracks, the women and children escaped with only the clothes which they are wearing.

## Markham, Olson, Loerwald Tie In Football Contest

Ties galore again confronted entries in the merchant sponsored football contest of last week. Three ties for first place, eliminated the next series of 14 ties, and judges decided to add all three prizes together awarding one-third of the total to each of the three who tied for first place.

The three who tied for top honors, 15-winners each, were Frank Markham, George L. Olson and Harold R. Loerwald. All three winners lost a choice of the Notre Dame upset, and all three winners lost a choice on selecting Muleshoe over Hereford. Olson and Markham, however, picked West Texas State over Texas Tech, another upset game.

Additional games were placed on the schedule last Sunday in an effort to eliminate ties. Entries on games for this week, published in the Sunday, Oct. 8, Brand, must be in by noon Friday—and will mark the first of a series of contests to determine winners of four Cotton Bowl tickets.

## Blaze Destroys Section Of Labor Camp Barracks

Mr. and Mrs. T. F. Garcia, Felipe Benegiz and Joe Chavez lost all of their possessions when the northwest apartment of the barracks at the Labor Camp in which they were living was destroyed by fire between 4 and 5 p. m. Monday.

The Hereford Volunteer Fire department sped to the scene upon receiving the alarm at approximately 4 p. m., and had the fire under control within 45 minutes.

Although flames lapped at two other buildings, the blaze was brought under control before further damage was done.

The cause of the fire has not been determined, Earl Phillips, Fire Chief, said. Mrs. Garcia, the only occupant present at the time of the fire, said she noticed smoke billowing from the north windows of the barracks while she was hanging clothes to dry.

She said she rushed back, discovered the fire and ran to telephone for the fire department. When she returned later with

neighbors, smoke and flame had already enveloped the entire interior of the apartment and no one could enter.

"I then fainter in the door," she continued. "And that's all I remember."

Among their belongings, the four persons lost all their clothing, household articles and a few bills in currency. Mrs. Garcia said they probably would move into one of the empty apartments in another barracks.

The woman said her husband was a laborer employed in Hereford on a construction job. The occupations of the other two

men were not given. The four had occupied the apartment for about a month, Mrs. Garcia said. She and her husband are natives of Tujumcar, New Mexico, and came to the Labor camp as itinerant workers.

Damage, besides that done to the barracks and possessions within it, included an electric power line running to the building.

Most of the fire-fighting was done with water. A small quantity of wet water was used during the last part of the fight, Chief Phillips said.

It, and on that particular United Nations day I can see no reason why preference should not be given.

R. P. Parker (member of local post of American Legion)—I have no objection to the Home Demonstration program, but I believe the United States flag should be flown above all others. I do believe the criticism was (Continued on Page 3)

## 'Mutt' Wheeler Not Charged In Murder

A No Bill was returned to District Judge Harry Schultz by the Deaf Smith County Grand Jury Wednesday afternoon in the case of Geron S. (Mutt) Wheeler, charged at a preliminary hearing October 3 in connection with his brother, Tony's, murder.

The Grand Jury report stated the homicide had been found justifiable "as defined by the laws of the State" and that the murder had been committed in self defense and "in defense of the mother of the said Geron S. Wheeler."

## Store Manager Indicted On Forgery Counts

Three indictments were returned against S. L. Powell, Jr., charged with forgery in an examining trial before Judge L. H. Foster August 30. Bail was set at \$2,000 on each count.

Two of the indictments charged Powell had "willfully and fraudulently" altered instruments in writing then existent. The third charged he had written an instrument and signed it with the name of another person other than his own.

All three indictments charged the forgeries had been done at Furr Food Stores in Hereford while Powell worked there as store manager. The two indictments returned for changing written instruments charged he had altered the number of dozens of eggs and the amount of money paid for them allegedly purchased by the store on or about July 10 and July 12.

One of the indictments alleged he had changed the number of dozens of eggs on one instrument from eight to 168 and the amount paid for the eggs from \$2.40 to \$50.40.

The indictment charging he forged an instrument, alleged the instrument showed several dozen eggs bought at a certain price.

At the examining trial Powell had been charged on two counts of altering instruments, and bond had been set at \$3,000 on each count. He is free on the \$3,000 bonds, pending the making of the bonds of \$2,000 on each count named after the indictments were returned Wednesday.

## Two Charged In County Court

Harry Virgil Erick pled guilty Monday to a charge of aggravated assault brought against him in the county court October 8, and Elias Flores Garcia was charged and pled guilty Monday in county court to a charge of possessing liquor for the purpose of sale.

Erick was fined \$29.30. He paid the fine and has been released. Garcia was fined \$250 and court costs, or a total of \$279.30. He is being held in the county jail pending the payment of his fine.

has not been set, the tentative date for trial is November 13.

The indictments showed the names of Mrs. J. K. Baker, Mrs. R. C. Childers and C. R. Hollabaugh as having received payment for the eggs.

The indictments and the No Bill returned by the Grand Jury were signed by T. E. Seigler, foreman.

## Lt. Allen L. Hallum Is Listed Missing In Korea

First Lieutenant Allen L. Hallum, 29, native of Hereford and son of Mrs. F. S. Smith of 503 Miles, has been reported missing since October 3 in the Korean theatre of operations by the U. S. Department of the Air Force. It was revealed this week by his mother.

Lt. Hallum, a graduate of Hereford High school and a veteran of World War II, was first reported missing in a telegram from Washington to his mother, Mrs. Smith, last Thursday. An explanatory letter, confirming the earlier report was received Monday.

The letter stated the officer had been missing since October 3 as a result of his participation in the Korean operation. It was explained in the letter that Lt.

Hallum had been serving as navigator on a B-26 Invader, light bomber-type aircraft, which failed to return from a night intruder mission over Korea.

D. C. Strother, Major General of the U. S. Air Force, who signed the letter, said Lt. Hallum will be held in a missing status until results of the intensive search now underway are known. He wrote that Mrs. Smith would be advised of any additional information received.

The airman's wife, Mrs. Hallum, is residing at the present time at Compton, California. She returned in September from Japan, where her husband had been stationed for the past two years. He had been on active duty three months.

## "Red Hots" Turn Out To Be Worm Killer; No Reactions

The Shirley School "poison scare," which created general excitement in Hereford Tuesday afternoon, turned out to be a false alarm, Byron Durham, principal, reported Wednesday morning.

The excitement resulted after several children, first and second graders, found some red pills in the street by the school and, thinking them to be "red hots," tasted them. An extremely bitter taste appeared as soon as the outer red coat came off

the pills. The children spit them out and several started crying. Teachers reported the incident to Mrs. Durham, who had the pills tested by Dr. Rush and Kenneth Coker. The pills were found to be a commercial worm killer preparation for animals and were cited as "Tian Violet."

No serious reactions were noted, Mr. Durham said, and all of the children were back in school Wednesday.

## All-Time Peak Load Seen In Office Of County Clerk

Robert L. Thompson, Deaf Smith County clerk, and his entire office force in the court house this week and next are making preparations for the work increase which has been growing for the last two or three months.

Thompson said business began to increase in May and had grown gradually until last month.

The four ladies who compose the office staff are Mrs. Lucille Posey, Mrs. Evelyn Dye, Mrs. Juanita Owen and Mrs. Lonidene Edmunsun. Mrs. Edmunsun has been working part-time on deed records and accounts receivable.

Plans are under consideration for the enlarging of the office, the county clerk said. There is sufficient room for employees, he said, but the office becomes crowded when a large number of persons gather to examine records. Most of the increase in business has been caused by the public's growing interest in the contents of the records, and by their asking questions about all sorts of topics concerning the records.

The enlarging operation probably would entail minor remodeling, installation of lighting and possibly other office furniture, Thompson said.

The county clerk is also considering re-organizing office procedure. "There will be no set rules," he said, "but we hope to be able to departmentalize so the work will go faster, and we may better serve the public."

Receipts of money paid into the office for fees have not increased noticeably, he said.

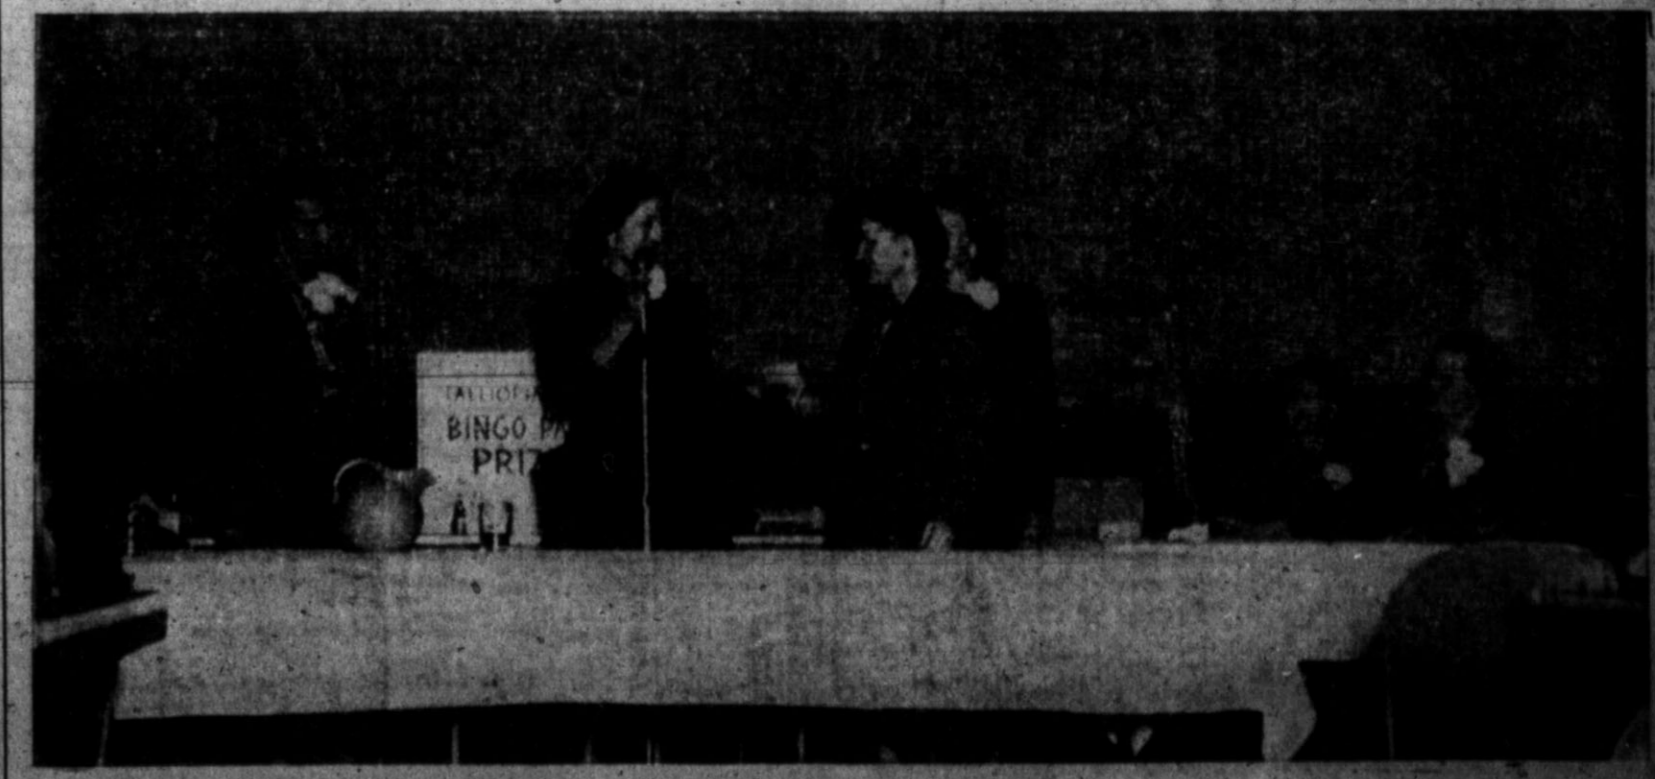

Some of the additional work has been caused by the large number of mineral deed transfers and other instruments associated with the increase in oil development in the area.

## Question OF THE Week

Do you believe the national VFW's criticism that the widespread Home Demonstration club program for sewing and displaying the United Nations flag instead of the Stars and Stripes on United Nations Day, Oct. 24, was justified? How do you think the flags should be arranged?

Ben Childers (past commander of the local VFW)—I believe if flags are used in any particular operation under the direction of the UN, the UN flag should be given preference, but it should never replace the American flag in the United States. In other words I believe the UN flag should be flown above all in the Korean conflict or at the United Nations building, but that the American flag should be given preference at all American institutions like the Post Office and schools. America must always come first.

Billy Miller (Senior vice commander of the local VFW)—It is my personal opinion (not my club's) that the criticism is not entirely justified. The United Nations should be given all the support we may be able to give

More than 400 tickets were sold for the big Bingo party, which was held in Hotel Jim Hill. More pictures on page five.

**Mrs. Holman Moves**

**To Amarillo Home**  
Mrs. Ann Holman, former Brand publisher, and long-time resident of Hereford, Tuesday completed arrangements for moving to Amarillo, where she will make her future home at 1205 West Eleventh Street.

Having sold her interest in the Brand in 1949, Mrs. Holman sold her home recently to Fred and Mike Baird, and, Oct. 1, sold her interest in the Buckner Building to J. A. Buckner. She has purchased a tri-plex apartment in Amarillo and will rent two of the apartments, occupying the third.

"I am not saying 'Goodbye,'" Mrs. Holman declared, "because I still think a lot of Hereford and plan to visit here often."

Fred Baird is moving into the 134 Ave. B location this week as a permanent resident. Mr. and Mrs. Mike Baird expect to continue to make their home in the

Jumbo area, but will spend considerable time in the Hereford home when occasion and convenience merit.

**Draft Total For Section To Reach 36 November 4**

When 18 men are inducted for active duty November 4, the total of men inducted so far in the area will have reached 36 since the police action began in Korea last summer. It was revealed this week by Mrs. A. Peterson, secretary of the board. Since August, 168 draft-age men have been called up for physical and mental examination. A total of 65 percent of those called have passed their examinations and been declared eligible for active duty. In August, 80 men were examined, in September, 40 more, and so far in October, 48 men have been called for examination. Those included in the last figure, will not report until October 16. Eight of the men inducted for active duty left the area September 8. Ten more left last month. A list of the men who will be inducted November 4 will be released immediately following a meeting of the board Friday, October 11.

Mrs. Petersen said some of the men who had passed their physicals wore glasses, others had false teeth and still others had burst ear drums. On October 4 the State Selective Service headquarters placed in the mails calls on Texas draft boards for 3,453 men to be inducted into the army during November, and the 18 from this area will make up part of that number. A total of 8,480 men have been called for induction in Texas since the beginning of the conflict in Korea, Brigadier General Paul L. Wakefield, State Director of Selective Service said. First inductions of a quota of 2,513 were made in September and inductions of 2,514 in October were announced a month ago. The State Director of Selective Service said State headquarters had received no quota for December.

(Continued from Page 1)  
justified if the program's intent was to give the United Nations flag preference over ours. If they fly any flags on that day they should fly both. If possible they should be flown on separate poles. That would be fair. But if they are both flown on the same pole, the United States flag should be on top.  
Don Zimmerman (Major, U. S. A. R.)—I believe the entire thing is the result of a lack of understanding of the purpose and intent of the program. I don't believe anybody has the intention of giving any flag preference over ours. The UN flag should have a definite place, and it certainly merits respect and recognition as the flag of all nations. That's what it is.  
George Graham (Superintendent of Hereford schools)—I doubt that we are ready to recognize the UN flag to the extent we would want our flag

flown beneath it. If flying the UN flag on a special day of the year would implement the United Nations cause, I can see no particular objection. Perhaps the suggested idea of two flag poles, each flying one of the two flags at equal heights is a suitable compromise.  
James Witherspoon (president of Hereford Rotary Club)—I do not favor putting any flag above our own, but I don't see how we would be doing that in the program outlined by the Home Demonstration organizations. The United Nations as an organization is certainly justified, and its flag should be a symbol of its purpose, which is the maintaining of peace in the world. But the American flag should be given preference over all others.

**Quick Scene-Changer for Fall**

Here's a functional ensemble that can head your fall fashion list. The straight, slim skirt is definitely new. Wear the reversible coat-jacket with checked side out during the afternoon, change to the solid side, add a gay hat and fur and you're off to dinner. The fashion editors of Cosmopolitan Magazine recommend this versatile ensemble for your fall wardrobe. A truly special suit, it's made by Lolabbe and retails for about \$85.

**Remodels Building**  
Several men of the community worked Thursday and Friday, moving seats from the old Rio theatre at Dimmitt to the Frio building. They are of the folding type. 120 seats were bought, repaired and fastened down. The floor was sanded, too. A few of the old benches will be used in the back of the auditorium.

The women plan to work Wednesday and Thursday, of this week, cleaning, refinishing the seats and finishing the floor. It is hoped the auditorium will

### Letter To Editor

Hereford, Texas  
October 10, 1950  
Editor The Brand  
Hereford, Texas.  
Dear editor:

Hereford was visited the past few days by a man out of the ordinary; he is a person of limited education, but in his extensive travels and close observations he has become what might be called "Self educated," and now he lectures throughout the west with the gift of oratory that holds an audience almost spell bound for at least an hour at a time.

His language is that of a Harvard graduate and he never hesitates for words that seem to fit in perfectly with the subject he is talking about.

All this, it seems, is a gift of nature with him; and, consid-

ering the fact that his early education was so limited, makes it all the more wonderful. This man is a younger brother of L. Baskin, and his name is Geo. W. Baskin, with a residence wherever he happens to hang his hat. Several Hereford people who heard one of his lectures were thrilled with his eloquence and almost perfect diction.

Very truly yours,  
L. Baskin.

Just gobs and gobs of people game and it seems the ex-students increase at every game. Some of the "exes" were: Bob (Ham) Hamilton, Gayle Robertson, Gayle Foster, June (Reynolds) Caraway, Joyce McGee, Mettie Lee Roots, Mary Louise Buse, Dorrell Janssen, Glenna Finley, Mary Jo Mathis, Louise Green, Jolene Cursinger, Doyle Cox, James Grimes, Johnny Cockerham, Clark Andrews, Earnest Hardman, Jack Ramey, L. T. Hawks, Bob Patterson, and just a jillion others, but we couldn't remember everyone. We certainly are glad that they are backing our team!

We are glad to welcome to the halls of HHS two new girls! Both named Jean. Jean Kirby, a Junior, from Idalou, Texas, and Jean Stevens, a sophomore, from Clovis, N. M. We hope that both of you will like HHS and the people it in!

Parris Williams seems to be having fun writing love notes to a certain girl and signing Wayne's name to them! Isn't that right, Parris?

We were glad to have Bob (Ham) Hamilton back among our mids! Welcome home, Bob. We wish you were here to stay.

It seems Byrl Fish was very much surprised on Tuesday, October 3. It was his birthday and Bobbie Jean Drury gave him a surprise party. Those who joined in the fun were: Emmitt Brown, Dale Winget, Richard Tucker, Jerry Witherspoon, Sammy Albright, Gerald Diller, Janice Craig, William Pittner, Junanne Smith, Mary Frances Pittner, Joan Knabe, Marjion Jo Wilson, Barbara Winget, Bobbie and Byrl. Everyone had a wonderful time.

Come on and let's really support our team during these next five games. They are the hardest and the team really needs the spirit that you can give it.

## Calves

The Hereford "B" team lacked the goal line punch to score against Happy. The Calves played a fine defensive game throughout the game. In fact at one time Hereford had Happy back on their 6-inch line. This resulted from a wild pass by the Happy center. A Happy back

rushed into the end zone and scooped up the ball. He then ran it back to the 6-inch line. Happy then punted out of danger.

Aubrey Self made several long end sweeps for the Calves. The entire "B" team line played heads-up defensive ball. It proved a rare thing for one man to make a tackle, usually any where from three to five men were in every play for the Calves.

The Calves tossed a lot of passes but most of them fell incomplete. Happy chose to stick mostly to a ground game, but could not penetrate the Calves' line.

## Buzz Box

Does anyone know why Pat Frye is considering joining the air force?

Jack S. and his date from Canyon after the Hereford-Friona game certainly seemed to have a good time.

Dwaine W. seems quite interested in Sue. We wonder why? Just who is the boy Lee McNeese has a crush on? Come on Lee, let us in on the secret!

Hey! Girls! Pat McCullough sure is cute ---- how come someone hasn't grabbed him yet?

And ---- boys ---- I suppose you have noticed the cute new girls who are in H. H. S. or have you?

L. V. don't you know that you aren't supposed to talk during Study Hall ---- Who is she anyway?

Is it or is it not true that the reason Doris Russell walks so slow up the stairs is because her feet hurt?

Well, youall, I gotta go! See ya' next week!

## HOMEMAKING

(This is first in a series of articles to acquaint readers with courses offered in Hereford High School. — Joe Smith, Sponsor).

Hereford High School has a Home Making course of which it should be very proud. By the time a girl has completed the three-year course she should be well prepared to make a good home of her own which is the purpose of Home Making. A girl starts out in Home Mak-

ing I, in most cases, without any knowledge whatsoever about cooking and sewing and the many other important things a good homemaker should know.

The first thing Mrs. Don Little, our efficient Home Making teacher, does is give the girls a brief outline on what she plans to teach them in the next three years. The girls learn the fundamentals of sewing which they put into practice by making a simple cotton dress.

They also learn to plan, prepare and serve a complete breakfast which is very important, since breakfast is considered the most important meal of the day. They have, in addition to the courses mentioned, units on grooming, citizenship, arranging an efficient kitchen, and etiquette.

In her second year, the girl will learn how to plan, prepare and serve a complete meal for every occasion. This includes making the meal attractive as well as delicious. The girls will be able to do this on a limited budget as budgeting is a main item in this course. If you were to sit down to a meal in this girl's home, you could feel sure that you were getting the proper amount of vitamins, minerals, and calories, for this course is also included in her second year.

More than likely some of the food for her meal would be home-canned or frozen, as the girls learn to preserve all types of food properly this year. The second year study, by no means stops in the kitchen, for the girl also learns how to do fancy sew-

ing and makes a dressy date dress. Then, too, is the course in home nursing which every home maker should have.

In her third year the girl will learn how to make her own tailored suits and coats; and while she is learning she will be making either a suit or coat. The cooking this year will be special dishes and foreign foods. This year the girl learns how to make her home as well as herself and her meals attractive.

This particular year in connection with the interior decoration the girls plan to redecorate the sewing room. Along with home management, the girls have marriage and family relationships and prenatal and infant care.

The girls again gain good experience in house keeping by taking care of the entire department.

The Home Making Department consists of five rooms: cooking lab, fitting room, dining room, sewing closet and sewing lab which also doubles as a classroom. The sewing lab is

equipped with three treadle machines and four electric machines. The cooking lab has three stoves, a refrigerator and a deep freeze.

Each semester every girl in all three years of Home Making has to have a thirty-hour project. The whole department operates on a budget of \$35 a month which takes care of food, laundry, repairs, etc.

Every girl should consider Home Making a "must" on her list of high school subjects.

## Teacher's Who's Who

By EVELYNE TUCKER  
Mrs. H. V. Stanton, a teacher in Junior High, says her hobbies are sewing and gardening. Another hobby could be eating fried chicken, her favorite food, for she just "loves" it.

The seventh grade science classes which she teaches are enjoyed by Mrs. Stanton but she still considers home economics her favorite subject. The reason for this could be that it was one of the first subjects she taught after graduating from TSCW. This may seem extra ordinary for a school teacher, but Mrs. Stanton has NO PET PEEVE!

There are two children in the Stanton family. David is a freshman and Jack is a senior. An interesting fact that should be mentioned here is that after retiring Mrs. Stanton plans to take care of her grandchildren. She hopes the boys aren't planning to be bachelors. It would be unadvisable for her to relax completely after having taught school for 11 years in Denton and two in Hereford.

Alton Brock is one of those senior boys who likes all kinds of sports. He dislikes noisy people. Alton is one of the many Boy Scouts of America, and a good one I'm sure. He likes cherry pie and plans to attend Texas Tech. He wants to be a teacher but he doesn't know what he wants to teach. His opinion of HHS is: "HHS is the best organized school in this part of the country and the student body has the best support."

Junior High lost its game with Happy, October 3. The score was 31-7.

The band will play at the next football game.

## Senior... Who's Who

By BARBARA SMITH  
Another one of our bouncing senior girls is Mary Kathryn Boyd. She likes horses, all outdoor sports, especially football, pep rallies and most of all being a senior.

Among her dislikes are riding a school bus, concealed people, and asparagus. She is a member of Glee Club. Along with Mary Kathryn's dislike of concealed

people is her pet peeve, "snobby people." She has no hobby but her favorite food is fried chicken. Mary Kathryn plans to attend Amarillo Junior College and WTSC at Canyon. Her ambition is to be an air-hostess.

When asked of her opinion of HHS she said, "I don't think you could find a better school anywhere. I just hope that all the other students enjoy HHS as much as I do."

Alton also plays on the Whiteface football team as number 52.

One of the Seniors who likes friendly people and who dislikes unfriendly people is Lucille Jones. Her pet peeve is people who drag their heels when they walk. Lucille belongs to F.H.A. She likes to eat anything chocolate.

She said, "I think HHS is the most wonderful place I have ever gone to school. There is more than one thing outstanding about it, but I like the courtesy best of all. I think the students as well as the teachers, are the friendliest people I have ever seen."

After finishing HHS Lucille plans to become a student at Amarillo Business College to become a secretary. Her hobby is reading.

 by injuries the entire season. This has worked a decided handicap in several games. This

fact was especially true in the McLean game when Hereford was without their fine quarterback, Jack Stanton, who had a back injury. This is meant as no sour grapes to Bill Engman who played a fine game at the unfamiliar position. Until this year, Engman has always played half-back or full-back.

Next week the Whitefaces open district play with the Perryton Rangers. The Rangers are not rated as a strong power this year, but they are capable of giving any team a rough time for two or three quarters. One thing is for sure—the Whitefaces will not be able to romp over the Perryton team as they did over Friona the first half.

Speaking of Friona, they were a changed ball club the second half of their contest with the Herd. It is not easy to fight a team to a standstill when you are behind 27 points at the half. I do believe that the Whitefaces could have piled up a few more touchdowns if they had been needed.

The Whitefaces came through in grand style with their flashy victory over Muleshoe last Friday. Coach Dalton Criswell's charges did not seem to be hampered in the least by injuries to two key men. It is doubtful if the regulars could have played better ball than Stanley Slagle and Franklin Boyd did.

A supercharged Hereford football team smacked the vaunted Muleshoe "Mules" 22-6 in a magnificent display of football. The Whitefaces sparked by the fleetness of Dwayne Walker and the flashy quarterbacking of Jack Stanton gave the Muleshoe "Mules" an experience that they will long remember.

The frightening power displayed in the Tech victory has also been unleashed successfully this season against Arizona State, Arizona University and McMurry to leave the Thundering Herd one of the few undefeated colleges in Texas and the highest scoring machine in the Southwest.

Directing the Buffs surprise win over Tech was Gene Mayfield, superb passing and running star from Quitaque. Mayfield kept the Raiders completely puzzled in the thrilling contest by completing 6 out of 10 tosses for 64 yards and 1 TD

By ROBT. (Bob) KIRK

**DO YOU KNOW** whether you may employ children under sixteen years of age in pulling cotton?

In October 1949, Congress amended the Federal Fair Labor Standards Act and placed in it some provisions which will have a far reaching effect upon the economy of the South Plains

and many other parts of the country.

Those portions of this act which are of greatest concern at this time and in this area are not the minimum wages and maximum hour regulations, but are the regulations governing laborers under the age of sixteen years.

These regulations make it illegal to employ children under 16 years of age in agricultural labor during the time school is being held. This applies to local residents and transient labor alike, but does not apply to a farmer's own children working on their parent's farm.

"School hours" means the hours when school is in session for the district where the child is then living or working. They may work before and after school hours, or at any time when school is not in session.

The farmer hiring laborers,

either individually or as part of a family group by labor contractors, processors or the like, is responsible for every under age child working on his farm. It is his responsibility to ascertain that all those working during school hours on his farm are over 16 years of age.

The penalties for willfully permitting an under-age person to work on his farm are a fine up to \$10,000.00 for the first offense, and for the second offense, a fine up to \$10,000.00 or imprisonment of not more than six (6) months, or both such fine and imprisonment.

# Long Time Ago

**25 Years Ago**  
 Back in 1925 farmers faced a situation highly similar to that of today. A bumper grain crop was in the making and The Brand of Oct. 15 reported foggy mornings, plus spasmodic showers. A heavy hail fell on Oct. 14, all of which kept them out of the fields. Labor also presented a problem 25 years ago, when Mexicans were imported over the border to help harvest the crop. Dr. John W. Overton was handling the labor situation and New Mexico had promised 150 to 200 Mexicans. The following wage scale was reported: heading feed, \$2 an acre with house and coal furnished; shocking was 50 cents per acre, house and coal furnished.

Also similar with 1950 was the announcement that the Community Lyceum Course had been completed. Chief difference was the use of local talent instead of imported entertainers. Five numbers were planned with the Music Study Club and the Pep and Fellowship classes of the

Christian Church in charge. Others were to be announced.  
 The Brand also reported on the World Series in this issue. The Pittsburgh Pirates of the National League defeated the Washington team for the title. Loss of the seventh and deciding game by the famous Walter Johnson seemed to have made more history than the series. The Brand further reported: "Big crowds have attended each of the games of the series at the Corner Drug Store, where the games were received play-by-play over the radio."

Always sports-minded, Hereford merchants announced that they would close for the Tullia game Oct. 23, 1935.

A tragic accident took the life of a 20-year-old Dimmitt man, Lois Gray, who struck at a wounded crane with his gun which discharged into his lung. Gray died before help could be secured.

Renfro Bros. were advertising the ESSEX, famous six, for \$795. Brumley Motor listed a Chevrolet at \$695. Boy, those pictures!

Wyche and Jumbo correspondents reported farmers were working over Sunday in an effort to harvest crops.

Society news recorded marriage of Robert Wilson and Miss Mabel Faulkner. Rev. Lipscomb

of Plainview performed the ceremony.  
 "Sallie's Temptations" was the title of a continued story in The Brand this week, a feature which has long since given away to the soap operas.

This week also marked publication of bank statements. The Western National showed \$80,117.42 in individual deposits; The First National had \$134,325.14 in individual deposits; the First State, \$289,103.11 in individual deposits.

And just to wind things up, George Stambaugh's ad said, "A \$1 bill Free" with each \$5 purchase (cash) in the dry goods department.

# Who Runs America?

the Congress? the President?  
**OR YOU AND THE MAN NEXT DOOR?**

**RUNNING AMERICA is the joint job of 150,000,000 people. It's the biggest job in the world today —keeping it running for liberty and for freedom. And the whole world's watching to see whether Americans can do it!**

**IN MUCH OF THE WORLD today, the people have resigned from running their own countries. Others have been quick to step in—first with promises of "security"—and then with whips and guns—to run things their way. The evidence is on every front page in the world, every day.**

**FREEDOM COMES UNDER ATTACK.** The reality of war has made every American think hard about the things he's willing to work and fight for—and freedom leads the list.

**But that freedom has been attacked here recently—just as it has been attacked in other parts of the world. One of the most serious threats to individual freedom has been the threat of Government-dominated Compulsory Health Insurance, falsely presented as a new guarantee of health "security" for everybody.**

**THE PEOPLE WEIGH THE FACTS.** In the American manner, the people studied the case for Socialized Medicine—and the case against it.

They found that Government domination of the people's medical affairs under Compulsory Health Insurance means lower standards of medical care, higher payroll taxes, loss of incentive, damage to research, penalties for the provident, rewards for the improvident.

**They found that no country on earth can surpass America's leadership in medical care and progress. They found that able doctors, teachers, nurses and scientists—working in laboratories where Science, not Politics, is master—are blazing dramatic new trails to health for Americans—and for the world.**

**THE "GRASS ROOTS" SIGNALS CONGRESS.** In every community in the Nation, people stood up to be counted on this important issue. Thousands of local women's clubs, civic groups, farm, business, religious, taxpayer, medical, educational and patriotic organizations spoke out—giving the great United States Congress its unmistakable Grass Roots signal from home!

**And ever watchful, ever sensitive to an alert people, The Congress saw that signal, and heard the people speak out, loud and plain. That's democracy in action. That's the American way!**

**Today** among the 10,000 great organizations, on militant public record against "Compulsory Health Insurance" are:

General Federation of Women's Clubs	American Legion
American Farm Bureau Federation	National Association of Small Business Men
National Grange	United States Chamber of Commerce
Veterans of Foreign Wars	National Association of Retail Grocers
National Conference of Catholic Charities	National Retail Dry Goods Association
American Protestant Hospital Association	American Bar Association

• Doctors of this Nation are grateful that the people refused to be wooed by the fantastic promises of this un-American excursion into State Socialism. • Doctors of America are dedicated to serve their fellow citizens at home and their comrades in uniform, wherever service to this Nation may take them. • And the thing they stand ready to fight for—to sacrifice for—to die for—is not the alien way of life of Socialism, but the proudfest security of a free and self-reliant people!

**THE VOLUNTARY WAY IS THE AMERICAN WAY!**

• Throughout the Nation, free men and women, working and planning together, are finding the American answer to every question of medical service, care and cost. Hundreds of Voluntary Health Insurance Plans are in healthy competition—sponsored by doctors, insurance companies, hospitals, fraternal organizations—by industry, agriculture and labor. • Today in America—70 million people are protected by Voluntary Health Insurance! • Throughout the Nation, families are insuring themselves against the major costs of illness—at reasonable, budget-basis prices. Voluntary Health Insurance takes the economic shock out of illness. Protect your family now. • For information, ask your doctor—or your insurance man.

An American's greatest heritage is the right to learn the facts—and to speak his mind. Maintained with honor and used with sincerity—that right will guarantee forever that

# Whiteface Rating Takes Jump; Hereford Has Open Date Friday

Joining three other District 1-A teams, the Hereford Whiteface eleven will observe their only open date of the season Friday. Phillips, Dalhart and Dumas also have open dates; Canyon meets Clarendon at Canyon and Perryton plays Spearman at Perryton.

Glad for the breather, Coach Dalton Criswell said Friday that he hoped to swing into the remaining five straight conference games with a full strength squad. Kelly, who was out of the Muleshoe tangle, is improving nicely and hopes to be back in the

## line-up when Hereford meets Perryton here on Oct. 20.

The Hereford boys, still showing constant improvement as the line of new recruits gained seasoning, this week moved from 15th place to 10th place in Class A ratings for the Panhandle.

The Whitefaces last week achieved the bottom rung of the rating ladder for the first time and their win over Muleshoe boosted the standing. Phillips, rated as third place, was the only 1-A team above Hereford. Tulla, already defeated by

the Hereford boys, ranked No. 11, and Dalhart barely got mention in 15th place.

Shamrock, District 2-A, and Littlefield, 4-A, were the two top ranking squads of the Panhandle. Littlefield is still undefeated while Shamrock has one tie game.

Although anything could happen between now and Nov. 10, when Hereford meets Phillips, the Blackhaws present the most difficult team Hereford will meet in District 1-A. Littlefield, on the other hand, seems to be making football history and has every Class A team in Texas on the jittery side.

## Diggin' Divots

First-place winner in the sweepstakes was J. M. Posey, who hit a gross of 71 and a net of 67 after the handicap of four, had been subtracted.

Other winners, their gross scores, handicaps and net scores (in that order) are: Dale Timmin, 87-18, 69; Ted Young, 75-5, 70; Urllin Streu, 76-5, 71; Wayne

**HOLING OUT**—Jim Kirby looks on as Punk Gilbert of Dimmitt sinks a put. Frank Latimer is holding the flag. Grass greens on the Hereford course have drawn praise from visiting golfers during the past season, and have made the game interesting for local fans. The Hereford greens are kept in excellent repair and are considered outstanding for a community of this size.

**WHITEFACE END**—Number 88 on the Herd is Leonard Walterscheid, 156-pound end, who lettered last year. He is 18 years old, stands five feet nine inches and is a senior. Out of play for a while as a result of an injury, he is slated to be back in the games very soon.

**WHITEFACE CENTER**—Alton Brock, son of Mr. and Mrs. Arthur Brock, is a 151-pound one-year letterman who fills the center slot on the Whiteface squad. Seventeen years old, he stands five feet seven inches tall and is another one of the Herd who uses his weight to make Hereford's forward wall tough to break. His jersey number is 52.

Phillips, 77-6, 71; J. A. Pitman, 82-11, 71; Stan Barrett, 77-5, 72; Henry Lewis (of Friona), 81-9, 72.

Others who participated in the match are Frank Cogdell,

Tom Howard, Bruce Woodcell, O. L. Lange of Friona, Wright Williams of Friona, Carl Stagner,

Frank Latimer of Dimmitt and Ed Young.

The tourney, scheduled for Sunday with Littlefield was called off by Littlefield.

Jim Terry, local golf pro-amateur, won fourth place in his

class at the tournament at Hobbs last week. One pro, formerly of Tucumcari, took first money with the three amateur matches.

### Mrs. P. M. Kester Is Club Hostess

Mrs. P. M. Kester was hostess to the Hereford Ceramic Art Club Saturday, Oct. 5. Mrs. A. Peterson, President of the Club called the meeting to order. After a short business session, Mrs. Ed Cox gave a review of character designs on Ceramic Pottery, of Chinese artists who put their legends and greetings on pottery and plaques. Each design has a great meaning. Mrs. Cox said that the star shape that appears on lots of Chinese Pottery means Long Life and Happiness. She also gave the story of the Willow Ware.

Mrs. John Lingenfelter told of a Chinese boy who had been adopted by some friends of hers, and of some of the treasures that he brought from China with him. She said since becoming an American citizen he had been converted to Christianity and is now a Missionary in China. Those attending the meeting were Mesdames Carlus Vaughn, R. E. ## One Clean, One Rough Event At Bull Barn

Fans described the first wrestling event at the Bull Barn Saturday night as "beautiful—loaded with scientific holds and clean scraps," but the second event was called "Rough and dirty."

Guy Lawrence, fight promoter, said part of the second event was fought in the ring, part outside.

Alec Kasivoski, the "Mad Russian" from Hamilton, Ontario, Canada, took the first "knock-down drag-out" fall of the second event in 18 minutes with a half crab over Dory Funk of Old Tascosa.

The first event, a two-best-out-of-three event with a one-hour time limit, saw George Drake of Catalina Island, California, win the first fall in 21 minutes with a Swedish Swivel over Billy Weldner of Amarillo. Weldner won the second fall in 31 minutes, however, with a full Nelson. He also won the third with the same hold in four minutes.

Funk took the second fall of the second event in 10 minutes over the Mad Russian with a reverse body jackknife. Resorting in the third to his favorite—the spinning toe hold—Funk won over Kasivoski in four minutes.

Dory Detton served as referee.

### Ford HD Discusses Flower Arrangement

During the business session Mrs. George Epting was in charge of the meeting. Plans were made for a meeting to be held in the Community building Monday night, October 16, with Dr. Wills of Hereford as guest speaker.

The next regular meeting of the club will be in the home of Miss Hilda Stratfus, Wednesday, October 18.

of St. Mark. The worship hour begins at 11:30 a. m. Rev. Lichtsinn will preach on the story of "The Man Sick of the Palsy," Matthew 9:1-8. The class which has been meeting on Wednesday evenings

for "Discussion of Christian Doctrine" will be shifted to Monday for next week only, because the pastor will be attending conference at Lubbock the middle of the week. The class will meet then on Monday night, October 16, at 8:00 p. m. Mrs. E. Springer will preside at the monthly meeting of the Ladies Aid, to be held at the church on Wednesday afternoon, October 18, at 2:30 p. m. Listen to our weekly radio broadcast over KPAN, each Wednesday at 1:30 p. m.

"Doctrine of Atonement" is the subject of the Lesson - Sermon which will be read in the Church of Christ, Scientist, on Sunday, October 15.

The Golden Text is "Herein is love, not that we loved God, but that he loved us, and sent his Son to be the propitiation for our sins" (1 John 4:10).

Among the citations which comprise the Lesson - Sermon is the following from the Bible: "For sin shall not have dominion over you, for ye are not under the law, but under grace" (Romans 6:14).

The Lesson - Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Atonement is the exemplification of man's unity with God, whereby man reflects divine Truth, Life and Love" (page 18).

Christian Science Services are held each Sunday morning at eleven o'clock in the Star Theatre. All who are interested have been invited to attend.

There is a Christian Science radio program broadcast each Sunday Morning at 9:45 a. m. over Radio Station KAMQ, Amarillo, Texas.

McKinney of Perryton for president, and voted to take the convention to Claude in 1951.

Four ladies of St. Thomas Episcopal Church attended the Annual Meeting of Region 2 of the North Texas District of Women's Auxiliaries of the Protestant Episcopal Church at Lubbock Monday. Mrs. John Bristow regional president, and Mrs. Arthur Ware, district president, presided at the meeting.

The Seventh - Day Adventist congregation heard Elder G. A. LaGrone of Amarillo as presiding minister at the 11 a. m. service. Using Proverbs 23:26 as the basic text, "My son, give me thine heart and let thine eyes observe my ways," LaGrone said.

"The Lord pleads for his people to keep their hearts soft and responsive to him and his work. To hear when he calls—Blessings will be theirs on this earth and Heaven at last," from Revelations 22:14.

"But to those who do not hear and accept God's call the day will come when He will turn a deaf ear." Proverbs 1:28: "They shall call upon me, but I will not answer. They shall seek me early, but they shall not find me."
