Our Slogan: "More People—More Farms"

Hereford, Deaf Smith County, Texas Thursday, April 6, 1950

Price 5c Per Copy

50th Year—Number 14

A Candlelight Communion Service will be held this evening at 7:30 in the First Christian Church. Rev. Roy Ford has announced. An invitation is extended to all to attend this service.

Surprising how many people have walked into the Brand this week and wanted to buy a loaf of bread or something similar. Seems like a window display brings them in whether you have a sign or not.

Fox Man's Shop gave Eric Geiger, the Austrian boy who visited the Jaycees and Hereford Tuesday, a tie and cowboy hat. He had his choice between a red and green tie and finally took the green one although he wanted the red one so had he would take it. But he said if he were to wear the red tie in Austria, people would consider him a "Red" or in other words a Communist.

The Federation of churches in Clovis is putting on the Messiah at 8:15 Friday night at the First Methodist Church in Clovis. Harry Barton is director, and Mrs. Wes Quinn, sister of Mrs. Kent Spare is accompanist.

Mrs. Sam Nelson played several numbers on her marimba Wednesday at the weekly Lions Club Luncheon. Lions also voted Dr. George Heard a lifetime honorary membership in the Hereford club.

Driver's license examiners Highway Patrolmen will be around Hereford every second and fourth Wednesdays in addition to every Tuesday from now on. This is possible now that Panhandle has been taken off their schedule and given to

## Postal Receipts Show Gain In First Quarter

First quarter postal receipts at the Hereford Post Office showed over 30 per cent gain during the same period of last year. For the first three months of 1950, receipts totaled \$1,628.41 as compared to \$1,268.12 for the first three months of 1949. This represents an exact gain of \$360.29 over last year.

A three month breakdown of postal receipts shows February the highest month.

Totals \$1167.41 \$1268.12

## Volunteers Needed For Cancer Drive Crusade In County

Volunteers are needed to help launch the 1950 Deaf Smith County Cancer Crusade. Mrs. Bob Lindsey, District Commander of Women's Field Army of the Cancer Crusade announced Wednesday Mrs. Lindsey is from Borger and Hereford.

Cancer control workers of Deaf Smith County joined with members of the American Cancer Society all over Texas and the nation for an intensive educational, membership and fund-raising drive, starting April 1. Mrs. Lindsey said.

Cancer is a disease that can be cured early and promptly through treatment, the county chairman continued. "Our first reason for needing volunteers is that we must get the facts about cancer to every person in Deaf Smith County. If everyone knows and remembers the seven danger signs of cancer and will see his doctor at the first warning sign, we will have gone a long way toward ridding Deaf Smith County of this ancient enemy. It takes plenty of doublet writing, letter writing and speech making to get this message across.

Second need for volunteers is to solicit funds to fight cancer. Money is needed for research and to carry out a year-round program of service and education.

## Man Of The Year Award Will Be Made At Banquet Tonight

Three names were nominated for the Thursday night annual Chamber of Commerce award by Secretary-Manager Pete Cowart Wednesday.

Proterata plans have been completed with President O. T. Bybee as Master of Ceremonies.

Highlights of the evening will be the annual Lion's Club presentation of the Man of the Year award by Lyle Blanton and a talk by Dr. D. M. Wiggins, president of Texas Technological college.

Deadline on selling tickets was set for 4 o'clock this evening. They are being sold at the Chamber of Commerce office, and the three downtown drug stores, for \$3 a person.

The Banquet will start at 8 o'clock.

DR. D. M. WIGGINS

## Hereford Couple Raise Hampsters As A Hobby

Here is one family where the female is definitely boss.

The male hamster is the meek, brownish individual who makes no effort to be the man around the house.

Imported to America in 1938 the first hamsters were found in an 8-foot deep burrow near Aleppo, Syria in 1930. Since they came to America, they have been used for everything from pets to laboratory instruments.

Resembling "toy bears," hamsters are stout little animals with friendly and inquisitive dispositions. Full grown, they are five or six inches long and weigh a little over a quarter of a pound.

Why all the talk about hamsters? They have invaded our Hereford and, at least two are living with Bill and Betty Stuart at 307 Park and they would part with "Corky," "Corky" is a pet female hamster the Stuarts have as half their clan. They have a pair, the other male.

Harmless But Fun Bill says hamsters are, as hobbies go, a lot of fun and very inexpensive. If you keep them a hobby. That is hard because of their rate of "turn-over." They are harmless and seldom try to bite.

Bill also says they grow on a person. Corky is one of the most important members of the Stuart family. When you see Bill and Betty and V. O. Hemmer.

# Dameron Is Re-Elected As Record Number Go To Polls

The governing body of the City of Hereford for the next two years will be headed by Mayor W. E. Dameron. The new commissioners are Don Zimmerman and S. O. Wilson.

## Austrian Jaycee Speaks To Local Club Tuesday

Eric Geiger, Jaycee from Salsburg, Austria spoke to Hereford Junior Chamber of Commerce members and guests Tuesday at the organization's first luncheon meeting in Hotel Jim Hill.

Geiger is the guest of the Amarillo club in his universal understanding program. The young Austrian told Hereford Jaycees that the people of this country do not fully appreciate the wonders and freedoms they enjoy. "They don't even realize they have some of them."

## District Attorney Richards Announces As Candidate Again

F. H. Richards authorized the Brand to announce his candidacy this week for District Attorney of the 69th Judicial District subject to action in the Democratic Primary.

In announcing Mr. Richards said.

It seems only fair that the people of the 69th Judicial District should have a report on how your District Attorney has conducted that office during the past three years.

The following figures show by counties, the total number of criminal cases I have prosecuted for you since January 1, 1947, number of acquittals, number of convictions, and the different kinds and types of cases:

County	Total Cases	Acquittals	Convictions
Dallam	50	2	48
Deaf Smith	34	1	33
Hartley	19	0	19
Moore	54	2	52
Oldham	10	0	10
Sherman	15	1	14

Total for 69th Judicial Dis 183 6 177

Totals of kinds and types of cases tried: Theft—48; Driving while intoxicated—6; Forgery—70; False Swearing—1; Rape—10; Burglary—20; Assault with intent to murder—3; Murder with malice—2; Murder without malice, (homicide by reason of driving while intoxicated)—1; Robbery with firearms—5; Child desertion—4; Attempt to poison—2; Removing mortgaged property—2; Swindling—6; Bigamy—1; Breaking jail—1; Receiving and concealing stolen property—1.

These cases are on file in the offices of the District Clerks of the respective counties, and may be inspected there.

It has been my policy to give you strict enforcement of the criminal laws of this state, during my tenure of office as District Attorney.

The Adult Probation Act of Texas was passed by the legislature in 1947, and I have in proper cases, recommended to the court that this law be invoked and the defendant placed on probation; not to lessen the punishment, but because it appeared that the interests of society would be best served by this action.

K often happens that a young boy or girl who has no previous criminal record, can be helped to become a good citizen by being placed on probation. On the other hand, if sent to the penitentiary, they would probably come out a hardened criminal.

I want to thank all of the people of this judicial district who have helped me to enforce the law during this term of office, particularly those who have served on the grand juries and petit juries throughout the district.

I am a candidate for re-election to the office of District Attorney of the 69th Judicial District, subject to the action of the Democratic primaries July 22, 1950. If re-elected, I will try to give you the same impartial, strict enforcement of the criminal law.

He also said his average 69th countyman has lost the ambition gained from being able to say "I worked hard in five years I will have advanced to another position," because they believe that within that period another war will have started.

Austria is suffering a serious housing shortage yet everyone is afraid to build because they fear another war will tear down what they have just built," Geiger said.

He also said there is no anti-American sentiment within Austria because of American bombing of their cities during the war. The people realized the necessity this under the circumstances.

In Salsburg, Geiger is employed in the Utility Section of the U. S. Occupation Forces as assistant personnel manager. The Amarillo club is paying all of Geiger's expenses, including air transportation to and from Austria. Sam Nunnally went to Amarillo to get Geiger, and Paul Conaway and Robert Thompson took him back.

Dameron drew 482 votes for mayor as compared to 373 for Troy Moore and 155 tabulated for William McGehee. There were no write-in votes for mayor.

Counted Until 9 O'clock Zimmerman received 831 votes and Wilson had 906 for the offices of City Commissioner. C. S. Gunter got a write-in vote for commissioner. There were two write-in votes for commissioner.

Mrs. Earl Phillips and Mrs. Vern Witherspoon and Alexander finally got the votes counted at 9 o'clock Tuesday night. The polls closed out at 7 o'clock but there was no chance to keep a count through the day because of a constant stream of voters coming through. It was almost 11 o'clock before the election workers finished.

Additional ballots had to be printed by Mabel Barnhart and Zula Gilfillan in the City Office. The ballot supply was exhausted just at the close of the voting around 7 o'clock.

If the turnout of voters isn't enough evidence of the keen interest in this election, the people who called for results all Tuesday evening was there was

also a group waiting in the courthouse all Tuesday evening.

Mayor Was At Wedding Both mayor candidates, Moore and McGehee, were at the City Hall Tuesday night for brief visits but were not present when the final count was made known by Alexander. Moore came shortly afterwards, though.

Mayor Dameron was out of town in Ft. Worth attending the wedding of his son.

There is no way of determining just how many of the potential voters voted Tuesday. Deputy Tax Collector Worth Covington says 2,505 persons paid poll taxes this year. Over half of this number lives in the City limits. But, Covington says, many people over 60 years of age are exempt and no record of the number of this exempt group is known or can be known.

# Popular High School Sextet Sings For Pleasure And Not For Judges

By JOHN SCOTT

Miss Thelma McMinn is already re-building for next year.

Her Girls Sextet, popular singing group which has given at least 36 performances this year is losing four seniors by graduation and unless some talented replacements are found, it will be hard to enjoy such a successful season next fall and the spring of 1951.

The four who are graduating all plans to go to college. Faye Knox plans to attend Eastern New Mexico University; Audrey

Hood isn't sure yet but will probably go to Hardin-Simmons University with Reba Dones, another graduate. Colline Brown plans her college career at West Texas State.

So that leaves Shirley Sharp and Patsy Wilshire to form the nucleus of a new sextet.

Miss McMinn started the sextet in 1948. Then it was an 8-girl singing group. She found this too large a group to work with satisfactorily, and whittled it down to six. Reba Dones and Faye Knox were in this first

organization.

One week this year, the sextet was so rushed it sang every day except the Monday they made up for this by singing twice on Tuesday, Miss McMinn said.

Most of the girls work downtown semiplace in Hereford. They have to put in an enormous amount of practice hours—all on their own time. They have managed to make good grades in school, hold their jobs, and practice enough to blend their voices perfectly, though.

If they can't get together on their hours they usually trade off with other workers at their jobs and work things out.

But this singing is all on their own time. What time they have left after everything else in their active school career is attended.

They are not entering the singing contest in Canyon this month because Miss McMinn "doesn't want them to work all year on just a couple of songs which they will sing only one time," Miss McMinn figures they are good enough that everybody likes to listen to them and their talents shouldn't be held back from the public.

"I would rather have them singing several songs and for more people during the year than practicing away at just a few that only the judges will hear once," she said.

There is a singing group within a singing group. Faye Knox, Audrey Hood and Colline Brown form a trio which performs on their own. They're almost as busy with this job as the larger group is.

Miss McMinn says she thinks there is enough talent in High School to form another good sextet next year, though. So we can look forward to some more of the same.

their hours they usually trade off with other workers at their jobs and work things out.

Mexico City Guests Expected  
Mr. and Mrs. G. S. McLaughlin of Mexico City are expected to arrive Friday for a ten days or two weeks visit with her parents, Mr. and Mrs. H. M. Bene-

field. They will also visit with her brothers, Mark and Lee and their families and family get-togethers with out-of-town relatives attending have been planned.

### Homer Fox Says: DID YOU KNOW.....

Drove down to Number 4 green on the Hereford Golf course the other afternoon, this green lies in the southwest corner right against the fence on Hwy 51 and is a perfect ringside seat for this 133, par 3 hole, was about 5 and a beautiful afternoon and a lot of golfers were out there. The first suad we saw Tee Off for this green, was a couple of guys from Ft. Worth, and Gerald Wilson and John Winkler. Gerald was close to the green with his tee shot, but got lost with his putter. It was about John Winkler's second round that he ever shot, but he did as good as any and better than some.

Then came Frank and Marie Cosdill, and Carl McCaslin, and his wife Clarice, the boys were spotting the gals two strokes a hole, and the boys needed those two strokes themselves before that hole was finished. don't know how they came out on the nine, but imagine that Carl and Frank won, because Frank was keeping score.

Wendell Burdine and Raymond Lueb were next. Burdine paled but Lueb got lost with his putter, but this was the first par. Then came some big guns, J. M. Posey, Dr. John Channer and Punk Gilbreath. Posey was way wide on his Tee shot and out in the cockie burrs; Punk was close to the green and Dr. Channer was on the green with his Tee shot. Posey's second shot was across the green into the sun flowers, on the green in three and two putted for a five. We wondered what the trouble was, 133 yards and par 3, looked like any one should par that hole with a croquet mallet.

Anyway, we found out later that they were shooting straight into the sun, through a haze of flying green bugs, none of them had wind shield wipers on their specs and the ones that didn't have specs on, had to close their eyes half the time. We felt better about those boys after that, but we still think some of them could do better with a croquet mallet and use a half bushel for a cup.

Just wonder why a bunch of these smart guys that are spending all of their time building Bombs to kill all the people at one shot (never did like "pot shooters") don't take a little time out and build a bomb that will kill these durned green bugs and help our wheat farmers keep the world supplied in bread. These green bugs have been increasing in numbers for ten or 12 years, some years not so bad until this year, and it is the tops. The only sure way they have found so far, is use a hammer, that's too slow, the bugs just won't wait for you to catch up.

We have a lot of old boys that are just as smart in "Bugology" as those Bomb builders are in their line, and we also know that we have a natural enemy of the green bug and a natural friend of the wheat farmer in the "Lady Bug," but the lady bug, as nice and sweet as she is, needs a talking to. Just like most gals, she is getting her 30 or 40 days late. She is just now getting here, and it will hardly be worth her time to unpack her bags. She gets here at sundown and she should be here at sunup.

If some of these smart guys in "Bugology" can make some kind of deal with these "Ladybugs" to get in here about 40 days earlier, they may be pretty cold for them, but they can agree to furnish the girls with "red flannels" if they need them—then import a flock of "Lightning Bugs" and these gals can work in shifts 24 hours a day.

If the greenbugs are as thick next year as they are this year, this "Bugologist" had better deal for quite a few real fat "Ladybugs" cause they are going to have to do a lot of eating and really should be about the size of a jack rabbit, anyway, the guy that can work this out, can go into Congress on a collapsible platform, wearing a rubber collar and smoking a two-bit cigar, without switching to anything.

These smart guys that are spending all of their time building Bombs to kill all the people at one shot (never did like "pot shooters") don't take a little time out and build a bomb that will kill these durned green bugs and help our wheat farmers keep the world supplied in bread. Just like most gals, she is getting her 30 or 40 days late. She is just now getting here, and it will hardly be worth her time to unpack her bags. She gets here at sundown and she should be here at sunup.

If some of these smart guys in "Bugology" can make some kind of deal with these "Ladybugs" to get in here about 40 days earlier, they may be pretty cold for them, but they can agree to furnish the girls with "red flannels" if they need them—then import a flock of "Lightning Bugs" and these gals can work in shifts 24 hours a day.

If the greenbugs are as thick next year as they are this year, this "Bugologist" had better deal for quite a few real fat "Ladybugs" cause they are going to have to do a lot of eating and really should be about the size of a jack rabbit, anyway, the guy that can work this out, can go into Congress on a collapsible platform, wearing a rubber collar and smoking a two-bit cigar, without switching to anything.

### Toastmaster's Club Organizers Meet In Court House Tuesday

Hereford has received a provisional charter to organize a Toastmaster's club. Organizing Chairman Robert Thompson revealed Wednesday. Thompson said the group will meet Tuesday evening at 7 o'clock in the County Court Room of the Court House.

He also said the Amarillo Toastmaster's will be down Friday, March 21, to meet with the Hereford group at probably a dinner meeting.

In describing a Toastmaster's Club, Thompson said its fundamental purposes are to aid its members to master the difficult art of public speaking; to teach them to appear effectively before any audience; to train them for leadership and for chairmanship in meetings of all kinds. He said these purposes are accomplished through the standard club procedure which includes speech practice, speech evaluation and parliamentary training. Thompson said.

Plans for the Toastmaster's Club here is to meet twice monthly. During the meeting, prior to the beginning of the formal speech program, every member except those scheduled to make speeches has an opportunity to be on his feet. This is insured in connection with the business to be transacted, plus the regular program feature, "Table Topics" in which may be given on topics of general interest.

Initiation fees and monthly club dues are set by each club. The initiation fee is generally \$5 to \$10. Annual dues are set by the club, depending on needs and activities.

### Gillentine's Attend Final Rites In Hice

Mr. and Mrs. Jimmie Gillentine and children left for Hice, Texas Wednesday afternoon to attend funeral services for Mr. Gillentine's step-mother, Mrs. R. L. Gillentine.

She died Wednesday morning at 4 a. m. and services will be conducted Thursday afternoon.

The Gillentines expect to be back in Hereford Saturday.

### AVIATION CADET TRAINING

Major George H. Carpenter, Aviation Cadet project officer for Western Recruiting District, will be the U. S. Army and U. S. Air Force Recruiting Station, 312 East 5th Avenue, Amarillo, on April 12 at 1:00. He will be there to interview applicants for Aviation Cadet Pilot and Navigator training. Anyone interested in Aviation Cadet training and between the ages of 20 and 26, single, and with two years college, should contact Major Car-

QUEEN OF TSCW'S REDBUD FESTIVAL—Miss Evelyn Balcar, blonde Texas State College for Women, Denton, senior from Beaumont, was recently crowned Queen of the 12th annual Redbud Festival. The coronation climaxed a week of self development and special events on the campus.

C. P. Grimes and Paul Norvik left Monday for Circle, Montana where C. P. will put in his spring wheat.

Mr. and Mrs. Billy Wall and son, and Mrs. D. R. Grimes are vacationing at Hot Springs, Las Cruces and other New Mexico cities this week.

COFFEE, conversation and canasta is a popular combination these spring evenings. But when the score has been added, it's time to add a bit of food, too. Lemon Angel Pie is a delectable party dessert. Light and delicious, yet with a toney flavor that provides a real lift. Besides that, it is a make-it-a-day-in-advance dessert so that it involves no last-minute preparation.

When you serve this angel pie, you'll want to add the heavenly touch of fresh, fragrant coffee, piping hot and plentiful. What an ending to a perfect evening—a delicious dessert with delicious hot coffee to match! Even if you lose, you win!

**Lemon Angel Pie**  
4 eggs, separated  
1/2 teaspoon cream of tartar  
1 1/2 cups sugar  
1 lemon, juice and grated peel  
3/4 cup water  
1 cup heavy cream, whipped

Beat egg whites until frothy; add cream of tartar; beat until stiff. Add 1 cup sugar gradually, beating constantly. Beat until glossy. Line bottom and sides of 9-inch pie pan with this meringue. Bake in very slow oven, 275°F., 1 hour; cool. Beat egg yolks until thick and light. Add remaining 1/2 cup sugar, lemon juice and peel and water. Cook over hot water, stirring constantly, until thick; cool. Spread half the whipped cream in meringue shell; add lemon filling, spreading evenly; top with remaining whipped cream. Chill 24 hours.

John Kapral, 85, of Panhandle, who is the father of Mrs. Leo Gallagher, is seriously ill in St. Anthony Hospital at Amarillo.

Ann Gallagher, music student at OLV College of Ft. Worth, is spending the Easter holidays with her parents, Mr. and Mrs. Leo Gallagher.

MRS. C. R. SMITH

### Gold Angel Food Cake For Easter Is An Old Favorite Dressed Up

By mistake a part of the recipe for Gold Angel Food Cake was omitted in this column in the Sunday Brand for April 2. Mrs. C. R. Smith, who contributed the recipe, has received many telephone calls requesting a complete recipe and with sincere apologies to the readers she reprints the recipe with instructions for making the cake.

juice, folding in gently. Add flavoring and pour into an angle food cake pan and bake 65 minutes in a 350° oven. When done

remove from oven and turn upside down to cool as with angel food.

For variety Mrs. Smith uses one-half cup milk and one-half cup orange juice with grated rind of the orange added in place of the cup of milk or juice.

#### Colored Icing

A powdered sugar icing made smooth with butter and orange juice makes a lovely topping for the cake and for Easter it would be lovely decorated with tiny sugar-spun flowers in white with dainty green leaves.

After gifts were presented refreshments were served to Mesdames Freeman Melton, Bill Brady, Billy Jackson, Jim Suttie, Misses Ruth Pickens, Marie Denton, Evelyn Ford, the honoree, and the hostesses.

Personal gifts were featured at a recent party given to honor Bettye Jane Robinson at the home of Mrs. J. P. Jones with Mrs. J. R. Euler as cohostess. Miss Robinson became the bride of Howard Glenn Allen in McKinney on Saturday, April 1.

**77 YEARS OF HISTORY**—The story of Texas Christian University from its founding to the present is symbolized on the cover of the new album of records of Don Gillis' "Symphony No. 7, Saga of a prairie school." The small building at lower left is a drawing of the building in which TCU was founded in 1873 in Thayer Springs, while the columned portico is an abstraction of the University's Administration Building in Fort Worth. The album cover is in purple, black and white. First in a series of six Gillis works to be recorded under the label of the composer's alma mater, "Saga" was written by Gillis in honor of TCU's 75th anniversary in 1948. The records are now ready for release and may be ordered from the TCU School of Fine Arts. Proceeds will be used to provide music scholarships and to commission new musical works.

### Student Council Has PTA Program

The Central School Choir under the direction of Carl Johnson will sing at the Parent-Teachers Association meeting this evening in the High School Auditorium according to Mrs. H. H. Caraway. The meeting is at 8 o'clock and the public is invited.

The High School Student Council will have the program and Council president Duane Christian will be in charge. Various organization representatives will give brief, 3-minute descriptions of the work and activities of their clubs. Christian will introduce High School principal Don Martin who will describe the academic work and requirements of students who attend Hereford High School.

Milton Newell will review the Student Council; Claudia Lewis will tell of Future Homemakers of America work; Joe Hershey will have Future Farmers of America; Nancy Cagle will describe Future Teachers of America; Earlene Phillips will represent Tri-Hi-Y; Jack Reynolds will represent Hi-Y; Bobby Jane Sisk will tell of the Annual; Kathryn Davis will represent the Pep Club; John Southall will be a Capella's representative; L. T. Hawks will tell of the band.

**PART TIME CLOWN**—Texas Ranger Lewis Rigler (right) will doff his ten-gallon hat and lay aside his pistols to tour with the Gainesville, Texas, Community Circus this season. Old-timer Benny Saylor, who has been with the troupe 21 years, shows Rigler how to apply his grease paint at the circus' annual picture-making day—March 26 at the Gainesville Rodeo Arena. (AP Photo)

### Rogers' Backers Plan All Out Push

**PAMPA**—Pampa and Gray county were getting set this week to give their fellow townsman an "all out" push in his race for congress.

He is Walter Rogers, former city attorney; district attorney for two terms and who has been an active leader in civic and community affairs during his 15 year's residence in Pampa.

First official event in the campaign is a barbecue in Pampa for Thursday afternoon at 5 o'clock with Sheriff Skinner Kyle as host and with peace officers of the district as special guests.

Pampa business men in a series of meetings have organized into a city-wide "Rogers for Congress" club, and plan a tour of the entire district on a campaign to "sell" the Pampa candidate as the best qualified entrant in the race.

In groups of 4 to the car, the Pampa workers plan to visit every town and community in the district and pass out literature, distribute placards and tell the voters of the other counties about the Gray County candidate.

Mr. Rogers, who enjoys a large law practice, has arranged his affairs so that he can devote all of his time to the campaign. He

plans a whirl-wind trip over the district and will speak in all towns.

Stressing stability for agriculture, economy in government and the need for curtailing federal encroachment in local affairs, Mr. Rogers plans to outline his views to the voters of the area. He is opposed to federal aid to education, saying if Texas retains its tide-lands it has no need for federal school aid, and is outspoken against socialized medicine. He believes that capital and labor should settle their own disputes with the government in the role only of an arbitrator.

In planning the kick-off barbecue, Sheriff Kyle said this event "is to be my treat." As a peace officer when Mr. Rogers was district attorney, Sheriff Kyle is an ardent admirer of the congressional candidate.

"I've seen him on the job, know what he can do," said the sheriff. "Only 3 acquittals during two terms as district attorney is something in my books; I want the other peace officers to know Walter Rogers. That's why I'm giving the barbecue at his campaign opening."

Mr. and Mrs. Rogers were married in 1936, shortly after he moved to Pampa from East Texas. They have 6 children, 3 of whom are in the Scouts. Mr. Rogers is 41 years old.

### Earl Phillips Attends Nash Rambler Preview

Earl Phillips, co-owner of Phillips-Lawrence Nash dealers in Hereford left last night to join other dealers from this area at a private preview of the new Nash "Rambler" to compete in the low-priced automobile field. The new car will be an addition to the Nash line of cars and does not replace current Ambassador or Statesman models. The preview will be held in Dallas April 6.

According to Phillips, the first public showing of the new "Ram-

bler" will take place in mid-April when it will be unveiled by dealers across the nation.

Phillips said that while he had "no idea" of the details of the car, he had been advised to expect a new concept of automotive quality in a compact package with unique features.

Elaine Thompson, sophomore at Phillips University at Enid, Oklahoma, is spending the Easter holidays with her parents, Mr. and Mrs. Robert L. Thompson.

### Personals

Mr. and Mrs. Paul Coneway and Mr. and Mrs. Robert Thompson attended the Ladies Night Banquet of the Amarillo Toastmasters Club Tuesday night.

Mr. and Mrs. Bernard Sherman, Dodge City, Kansas, visited Mr. and Mrs. Robert Kershen last week. Mrs. Sherman is Mr. Kershen's sister.

FOR District Attorney 69th Judicial District F. H. RICHARDS

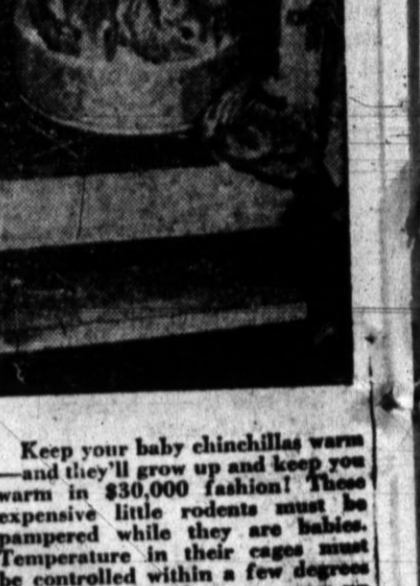

The coat worn by this young lady is as amazing as a magician's cloak. Designed by a U. S. Department of Agriculture clothing specialist from cotton, the coat is heavy-resistant waterproof and wrinkle resistant cotton, the coat is heavy-resistant for the feminine shopper. It has hidden pockets in the sleeves, skirt, and top for hush tokens, shopping lists, pencils, wallets, and other items needed by a shopper. The carry-all bag to accompany the cotton coat holds the largest size grocery bag and has a waterproof cover for rainy days.

## BEAUTY AT EASE

Beautiful Virginia Mayo relaxes in a royal hostess pajama outfit designed in cotton satin by Margaret Newman. A detachable skirt ties over the one-piece cotton hostess pajama. The blonde movie star chooses a delectable shade of par-fall pink for her easy-time ensemble.

Keep your baby chinchillas warm—and they'll grow up and keep you warm in \$30,000 fashion! These expensive little rodents must be pampered while they are babies. If the tiny animals are to grow up into \$30,000 fur coats, a new type of heating system made of cotton and rubber is used in this chinchilla home. Called 'Uskon', the radiant heating system provides uniform temperature with panels of cotton fabric and conductive rubber.

## A WORD — They say the French have a word for it, and the word is "terrific," when applied to Corinne Calvet, Franca's answer to the Marshall Plan. This delightful export is shown on location at Las Vegas, Nev.

**GIRL MEETS BOYS**—Little Mary Beth Bryant, four-year-old daughter of a Baylor University employee, makes friends with two new boys on the Wa co. Texas, campus. The boys are the 10-week-old male cubs of Josephine, one of Baylor's three adult bear mascots. The cubs were born January 17 and got their first trip to the big outdoors when they were taken from their cage for this picture last week. (AP Photo)

**Western Readers Put Grey At Top Of Such Novelist**

By CORINNE JENNINGS  
Readers of westerns place Zane Grey as top writer of America's beloved western novel. His biography by Jean Karr titled "Zane Grey, Man of the West," gives his background which is as exciting as any of his own books.

Not only was he a man of action but he was capable of putting action into words in such a vivid manner that he carried his readers right along with him in any adventure upon which his characters set out.

Born in Zanesville, Ohio, a city named for his maternal ancestors, he gained fame at an early age for being a "Whiz" at baseball and the "Peck's Bad Boy" of his community.

It is hard to imagine him as a dentist which was his profession when he was a young man living in New York City. He became bored early with the practice and set out on a trip west, with Buffalo Jones. Later he wrote a story about Jones in "The Last of the Plainsmen."

The two hunted buffalo, deer, bear and other animals and even lassoed mountain lions and brought them back to camp alive, a feat that amazed not only the Easterners but Westerners and Navajo Indians as well. Arizona was one of his favorite stumping grounds.

Time and again he returned west and made dangerous trips, with a Navajo guide, covering trackless Piute Canyon, and the hazardous trail to the Rainbow Bridge. Later in the company of a Norwegian sailor he made a trip into Death Valley. And still later in the Mexican jungles he traced the mysterious source of the Santa Rosa River.

He became quite skilled in hunting, as a woodsman, explorer and fisherman, losing his early title of "Tenderfoot."

Grey continued to travel extensively. He tried big game fishing off Florida Keys through the Caribbean waters and in the unknown fishing grounds of the South Pacific ending the journey in Australia. He remained there long enough to become well known as a sportsman and writer as well as in his own country.

The American westerns through the movies have carried the atmosphere and spirit of this section of the United States and early day history of the west, throughout the world but the west and southwest today are the heaviest readers of the western story. It is pretty generally read throughout the nation.

The reading of "shoot 'em up" is not limited to men and boys, though they form the main group of readers. There are many women and girls who read them also if Deaf Smith County Library can be called a cross-cut indication of the country.

There are a few readers who come to the library who read westerns most altogether, among these are W. M. Bonner, Luther Griffin, Curtis Barclay, Mr. and Mrs. M. T. Hawks, Edward R. Roberson and Floyd Walton. The majority of them express a preference for Grey.

Bill McIver, who mixes his westerns with mysteries read all in both classes that arrive at the library.

Mr. and Mrs. Eldon Craig read favorite authors of westerns but choose those by Grey first. Mrs. Craig reads historical and biographical books of the southwest, also, especially those of Texas and New Mexico. Mrs. R. H. Parker has chosen about the same type of western novels and non-fiction books for her reading.

The L. B. Rickmans, both male and female, read westerns with Grey as a favorite but they

read as much in modern fiction as well. Mrs. George Thompson chooses the same type of reading.

Many others add an occasional western to their selections. Some of the high school boys and girls read them in spite of the discouragement from teachers and librarians, who advise them to wait until they are out of school. Zane Grey is the recommended author if they insist on this type of reading.

Mrs. J. J. Boydstein in checking the files found that at the first of the week there were 83 volumes of strictly western novels in circulation but winter or bad weather finds much more than this. Books by Grey circulate as much as all other westerns combined, she says.

**Progressive HD Club Meets in Dodson Home**

Progressive Home Demonstration Club met in the home of Mrs. V. E. Dodson Tuesday for its regular meeting.

Mrs. Argen Draper gave a very interesting demonstration on pattern alteration. She says that sometimes it is better to buy two patterns than to alter one. She also stressed getting the grain line straight with the material.

Mrs. Ricketts, club treasurer, reported \$111.14 was raised at the pie supper. This money is to be used toward repairing the roof of the school house.

Those present were Mrs. Tom Draper, Mrs. Lemons, Mrs. Leon Coffin, Mrs. Ricketts, Mrs. Bert Coffin, Mrs. Weathers, Mrs. Carmichael, Mrs. Clark, Mrs. Billingslea, Mrs. Gregory, Mrs. Floyd McGee, Mrs. Burgess, Mrs. Waltersehield, Mrs. D. Y. Edwards, Mrs. Calvin Edwards, Mrs. Emma Dodson and Mrs. Clyde Russell.

**Tag Team Match Heads Saturday Wrestling**

There will be wrestling galore at the Bull Barn Saturday, according to Guy Lawrence, Lions Club Committee Chairman.

The main event will be a two-out-of-three fall, one hour Tag Team Match between George Overhuls and Whitey Walbergh against Alex Kasaboski and Tarzan Zimba.

The second event will pit George Overhuls against Alex Kasaboski. The first event is between Whitey Walbergh and Tarzan Zimba.

Due to the high fatality rate of referees, TWO referees will work Saturday night. Roy DeMarce and Pat O'Dowdy will be the judges. Time is 8:30, Saturday night.

**Rev. Armstrong Gives Talks To Rotary Club**

Rev. H. Parr Armstrong, of Ft. Worth, spoke to the Heretford Rotary Club on the "purpose of life" at the regular weekly luncheon Friday.

Club member's wives present for the monthly observance of wedding anniversaries were Mrs. D. C. McWhorter, Mrs. Bill Wolfe and Mrs. Hugh Bookout. They were introduced by Leo Forrest and presented corsages by Dub Hair, of the fellowship committee.

Rev. Armstrong, who was introduced by Rev. Roy Ford, stated the purpose of life is "to build a Kingdom of God on Earth." He also stressed cooperation.

President J. C. McCracken adjourned the meeting by reminding members of their obligation and privilege to vote in the school election Saturday and City election Tuesday.

**Texan Honored**

**TOP RETAILER**—James H. Calvert, president of Joske's of Texas, San Antonio department store, has been named America's "Retailer of the Year" by the Brand Names Foundation in recognition of outstanding coordinated promotion of manufacturers' brand names.

**Shower Honors Newly Married Friona Couple**

FRIONA — A shower honoring Mr. and Mrs. Bill Buchanan who were recently married, was held this week.

In the receiving line were Mr. and Mrs. Bill Buchanan, Mr. and Mrs. Belv Buchanan, and Mrs. F. N. Welch. Each guest registered in the Bride Book, of which Mrs. Doyd Cummings was in charge. Rev. Tidwell had charge of the program, first on the program was a duet, "Let Me Call You Sweetheart," by June Moody and Marilee London. A reading, "Three Stages of Married Life" by Vera Ann Jones; a solo by Mrs. Tidwell, "Because," a reading by Ray Nell Foster, "Little Mary Essays on Husbands"; an essay, "I am Your Wife" by Mrs. Bill Buchanan. Mr. Buchanan answered "I Am Your Husband." This was in the form of a contest, each contestant voted on by the applause from the audience which gave the prize to Mr. and Mrs. Buchanan. This gift was gifts brought by their many friends to wish them much happiness through married life.

The gifts were opened and passed around for each to see after which refreshments of white cake and green punch were served. On each square served was the name Joe and Bill. Mrs. Dalton Caffey served cake and Mrs. Alho Whitefield served the punch.

Out-of-town guests were Mr. and Mrs. Bud Buchanan and family, Mr. and Mrs. J. D. Buchanan and Beatrice of Plainview; Mr. and Mrs. Edgar Ramey of Dimmitt. Others attending included Mr. and Mrs. Giles Cobb, E. B. Whitefield, E. H. Cummings, Claude Osborn, J. T. Gee, Forrest Osborn, Wayne B. Stark, Cecil Robinson, Dilly Kelly, Lloyd Batty, Nelson Welch, George Jones, Dan Dunn, J. E. Tidwell, Spencer Hough, John Benger, Mrs. D. O. Robinson, Calvin Tally, Emmett Day, S. H. Osborn, F. L. Reed, Charlie Bannin, and Mrs. Benton Luttrell.

CELEBRATES AT 83  
D. H. Bryant celebrated his 83rd birthday last week at a family reunion with children and grand children sharing in a dinner in honor of the occasion.

Those present were Rev. and Mrs. Noel Bryant and son of Berger, Rev. and Mrs. L. B. Taylor and children of Jaylon and Mr. and Mrs. Carthon Bryant and son of Hotsford, the honoree and Mrs. Bryant.

adequately carry on a year-round program. Organization such as this has overcome many other diseases. It's time cancer was licked the same way."

### Hereford Couple

(Continued from Page 1)  
on the street it is a sure bet Corky is under his shirt. He rides there every time Bill will let him. One of the remarkable things about hamsters is their rate of

reproduction. Start with a pair of hamsters. Within 43 days from birth both the male and female can breed. After from four to six days rest, the female can breed again. Within 16 days of the breeding date, the females produce litters ranging in number from eight to 15. Usually is it eight.

**Lives About Five Years**  
Of course, if you keep up this rate, hamsters are no good after a year. Normally, a hamster

can expect from four to five years of life.  
Stuart vows a hamster can travel 5,000 miles on a potato. "Just put it in a cigar box and punch some holes in the box. Drop in a potato and seal it up. Bill guarantees it will get there. They get their food and water, both, from the potato."

At home hamsters can get along on table scraps, Stuart says.  
Proof of their popularity, Stuart says, is the fact that he

has been approached by at least 50 people in Hereford who want one. He says he can just walk down the street and people stop for a look and to pet them.

**Pedigree Stock**  
"One other lady around here raises them," Stuart said, "I don't know her and haven't been able to get in contact with her."

He has a couple of ROP pedigrees on order—how and they should be here soon. He thinks probably if he can locate the other hamster raiser she might

want to improve her hamster stock with this better strain.

Stuart doesn't fool with hamsters strictly for business reasons but sometimes he can't help himself. Sometimes he gets a little too much hobby on his hands. Just a few days ago he shipped 34 off to an experimental station. He has sold them to several universities in Texas. They serve better than guinea pigs for experiments, according to Stuart. He says he has made about \$500 on his hobby, so far.

If you've never seen a hamster be on the lookout for Bill and the next time you see him, stop him and just wait a few seconds.  
Corky will stick his nose out of Bill's shirt and get his bearings. If you get a chance to hold Corky and pet him you'll be another hamster fan.

So far, everybody who has had a chance to play with them for just a few minutes, wants to own one. Nobody has gone away unimpressed.

**SURPLUS POTATO "BLUES"**—Tons of surplus potatoes bought by the government under the price support program are being treated at storage depots to prevent their being smuggled back into the commercial market. Above, workman Roy Gibson "injects" a harmless blue dye through a perforated steel rod into sacks of potatoes at the government's storage plant, Cohocton, N. Y.

**"N-I-I-CE KITTY!"**—Television announcer Jim Hurlbut satisfies a lifelong—though uncommon—ambition by scratching a lion's back. The lion in this case is "Dillinger," a star boarder at the Lincoln Park Zoo in Chicago. Hurlbut, who "interviews" zoo inmates on a weekly TV broadcast, was assured in advance that "Dillinger" is just a lovable character at heart.

## THE Washington Merry-Go-Round

By Drew Pearson

### Longtime Effort

**FRED OSBORN**, former U.S. representative on the U. N. atomic energy commission, recently predicted that it might take 100 years of prodigious effort by the American people to work out a permanent peace.

In view of the fact that the world fought for a solid century during the Hundred Years' War and in the 17th century went through the spasms of the Thirty Years' War, Osborn's estimate may not be too pessimistic.

But, being a perennial optimist, I have scaled the time down to 25-50 years. I agree with Osborn, however, that it will require the same kind of hard work our forefathers put in when they built this country to win the peace against a country which is determined the free world must disappear.

As stated before, my own ideas on winning the peace are only "Gropings," and I make no claim of originality or copyright. They are put forward after talking with a great many people, including Sumner Welles and Sen. Brien McMahon, who has done more solid thinking about the Russian problem than anyone along Pennsylvania avenue.

At any rate here is my program:

### GOP Coalition

**1. BRING** about greater unity among the American people. We cannot fight a prolonged war of nerves entailing great sacrifices, unless we have just as much national unity as during the recent war. Greater unity can be achieved by:

A. Bringing outstanding Republicans into positions of leadership inside the administration.  
B. Keeping the American people better informed. Instead of abrupt handouts from the White House or hasty statements made at presidential press conferences, Mr. Truman should go on the air every month with a frank and personal report to the American people.

### 2. GOAD

maneuver and manipulate Moscow into calling an international conference on atomic energy or anything else—even if we know in advance it will fail. We shouldn't get up any false hopes, because Russia isn't going to let any conferences succeed—unless

he writes the ticket. And we should attend any conference, no matter who calls it, because we cannot leave unturned any stone that might bring peace.

### The World Forgets

But it would be extremely healthy if we could force Russia into calling a conference. We should remind the world that we have called conference after conference. Time after time we have gone to Moscow, while Russia has taken almost no initiative for peace. But the world has forgotten this. We need to remind people of this fact—over and over again. We have been called warmongers so often that the world is beginning to believe it. And we have been either lazy or bumbler or both in showing that just the opposite is true.

**3. HOLD** the next session of the United Nations assembly in Moscow. This is Sen. Brien McMahon's idea, and an excellent one. Most of the Russian people have a distorted notion that the U. N. is not a free and democratic assemblage, that Soviet delegates get no breaks, that the cards are stacked in favor of imperialism.

If the United Nations went to Moscow, especially for a debate on controlling atomic energy, the Russian people would get some conception of the U. N.'s truly democratic form, where any nation can speak its piece.

### Series of Talks

**4. IF MOSCOW** will not call an international conference, then we have the excuse of holding a whole series of conferences under the North Atlantic pact. As Senator McMahon once again has pointed out, the North Atlantic pact provides not merely for military assistance, but an Atlantic council to handle political problems.

We have neglected this. We have concentrated on the military phases of the pact, ignoring the Atlantic council which could mobilize the free world in order to create, as McMahon says, "A climate for peace."

### 5. BUT MOST

important of all we must reach Moscow's Achilles' heel. This heel is friendship with the Russian people.

Most of us forget that the real reason for the iron curtain is to protect the weakest point in the Russian armor—her people. For what the Kremlin fears most is contact of the Russian people with the outside world.

All this indicates that friendship with the Russian people is the real way to win the peace. But despite this it is also the point we have most neglected.

What we need to remember is that, if we can influence the Russian people, we need not build great armament.

## Volunteers

(Continued from Page 1)  
Third reason is that we must increase the membership of the Deaf Smith County Unit of the Cancer Society, so that we can

A TIP ON AVOCADOS

BY THE FOOD EDITORS OF NUTRITION MAGAZINE

It is really easy to retain the delicate pale green color of avocados after they have been once cut... just dip the cut surface in any citrus fruit juice—either grapefruit, lemon or orange—and you'll be surprised how long and well they'll keep.

## Directors Approve Several Golf Course Improvements

Hereford Golf Course directors put in a long evening Wednesday and came up with several additions and improvements to the course, according to Dr. John Channer, president.

Plans call for grassing behind the fifth green and in front of the eighth green.

Traps will be built on the second and ninth holes. The trap on two will probably be on the southeast corner of the green and the two on nine which will

be five feet deep, will be out in front of the green to catch short tee shots on the fly and to stop those that are rolling. This will also help protect the green from washing in years when excessive rainfall endangers it.

A ball washer will be installed on number five tee.

A drinking fountain will be put in at the 7th tee.

The creek will be bridged with a concrete bridge on the 3rd hole.

An electric fence will be put in across the creek on one to keep cattle out of the course.

A screen will be built beside number 3 teebox to protect golfers from tee shots from number 3. Benches will be placed on all tees, and the one on 8 will be beside the screen.

Pro Jim Terry reported he will finish top dressing of greens by this week end.

Any members interested in buying a locker for the locker room should contact Edward Roberson or Dub Hare.

Directors present included president Channer, Roberson, Dub Reeves, C. C. Acker, John Pitman and Pro Jim Terry.

Somebody can get their 9-iron back if they'll call for it at the pro shop.

TIPS: There's no penalty for one putt with the wrong ball, but two strokes penalty if you putt it two or more times.

According to the PGA there's only one way to mark your ball on the green while someone else shoots. Place a coin on the turf directly behind the ball and pick the ball up. When you put your ball back in place it naturally goes in front of the coin, this will keep anyone from moving their ball closer to the hole.

Don't step or let your caddy step on a putt-line, in other words between someone's ball and cup on the green.

Mrs. Jesse Bennett has returned to her Arnett, Oklahoma home after spending 10 days visiting in Hereford with her sister, Mrs. E. E. Fridley.

UNUSUAL CATCH—This alligator-garfish was hauled out of the Rio Grande River off Laredo, Texas, this week. Oscar Cavazos (right) hooked the 93-pound, 6-foot, 4-inch fish on a trot line. It is unusual to land such a fish in the river off Laredo. At left is

## Comments On Sports—

### BASEBALL...

WASHINGTON, D. C. — There have been a few displays of surprise strength in the Grapefruit League thus far which might well be worth noting at this stage. Of course, teams starting slowly, like the Cardinals and Yankees in this year, have a habit of bouncing back. The Cards always seem to creep off at the beginning of the season.

Teams showing unusual strength in the Grapefruit circuit may collapse before the September stretch, but occasionally the tip-off on a dark horse is previewed in the training camps. Whether we have seen previews

of greater things to come or just hot flashes, no one can say, but these things stand out in early April.

In the National League, the Philadelphia Phillies are kicking up a lot of dust, and the top teams are usually back there in the dust, when the Phillies aren't a complete surprise. They finished in the first division last year, and everyone knows they are a scrapping club. But they have demonstrated surprising strength so far, which if carried into the season—could win them the flag.

## Kasaboski Plays Ball With Walberg But Loses Match

It would have been alright Saturday night at the Bull Barn if Alex Kasaboski had kept his temper and had gone along following the rules of wrestling life and let Whitey Walberg in the ring. But no, Alex had to get rough. As a result he was eating soup after the matches instead of the T-bone he could have had.

It was the main event. Kasaboski was slated to go against Walberg in what would have been one of the best matches on the Bull Barn's slate. Alex canned Whitey in 20 minutes with a Full Nelson to take the first fall. Whitey came back to take his share in 16 minutes to tie up the match at one-all with the pay-off effort coming up.

Alex started off like a Hereford Bull. He side-armed Whitey between the first and second ropes for a called strike up against the stands. Whitey came back. Alex wound up again and threw again. This time the curve broke Whitey barely over the top rope, out on his ear again. Alex threw Whitey out again and the referee made his first mistake of the evening. He tried to hold Kasaboski while Walberg got back in the ring.

Alex took a free wind-up and fast-balled the referee whistling through the ropes at a speed clocked by Guy Lawrence at 87 miles per hour. So there Alex was—all by himself in the ring.

And he stayed there because the referee picked up Walberg and raised his hand in a winner fashion and the two forlornly tramped off to the dressing room. Walberg won on disqualification. Walberg also had steak after the fight.

George Curtis won the first bout from Tarzan Zimba with an Abdominal Stretch and a re-

Meyer's twirling, and Sisler's hitting are the key spots in the Phillies' hopes.

The Giants haven't looked good. They will have to get into it if Leo Durocher is to make a showing. The Braves looked pretty weak at the outset of training, but they have snapped out. (Continued on Page 4)

Section Three

COYOTE HUNTERS AND THEIR KILL—Texas hunters troubled with coyotes should call on these Fairfax, Mo., hunters. During the winter seven Missouri dog owners killed these 216 coyotes that hang on a rack at the Ralph Seymour farm near Fairfax. Two of Seymour's sons, Blaine (left), and Dale pose with three of the dogs used in the chases. The coyotes fell prey to the powerful jaws of 30 grey hounds and staghounds. (AP Wirephoto)

## Second— -Guessing By JERRY STOLTZ

to see the stars perform maybe once or twice a year or more in regular schedule play and none of this spring exhibition stuff.

And while we're on the favorite national pastime let's run down how they'll finish next October and who will represent the National League in the Series.

Brocklyn... the Bums are stronger than ever and should win by a much larger margin than last year.

St. Louis... The Cards have been so good for so long that until they actually falter nobody will go against them too strong.

Boston... The Braves are a question mark in some respects. One thing is sure they won't have the same lineup starting this year that caused Southworth trouble last year.

Philadelphia... The Phillies should finish out the top division. They finished third last year

and could do better this time. Pittsburg... Kiner hasn't been up to par so far in Spring training games. He hurt a wrist. But if he hits his stride early the Pirates should shade the Gaints.

New York... Durocher improved his infield and sacrificed a lot of power at the plate.

Cincinnati... The Reds will ride with Blackwell.

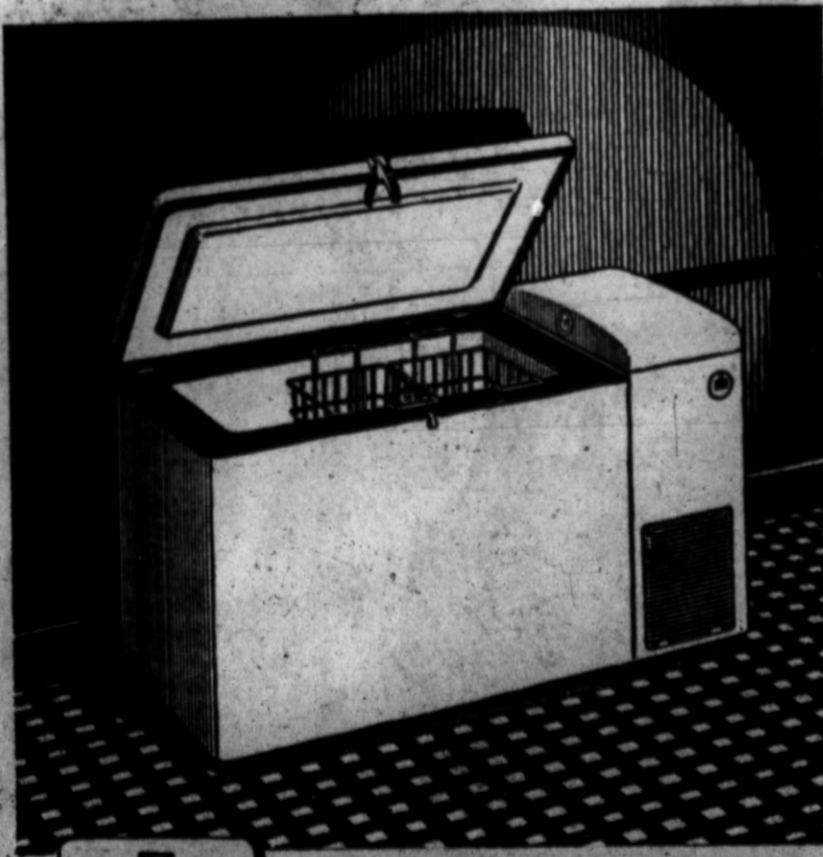

Chicago... my favorite team will probably still be dwelling in the cellar when the season ends. But they are building towards a stronger future.

So much for the National League; next week we'll run down the American. If by chance anyone has a selection such as this that they are particularly proud of, holler and we'll run it.

Understand you couldn't get a boat at Buffalo Sunday. But apparently that's about all anybody got out of it, just the boating, cause the fish weren't biting.

You're invited!

FREE FROZEN FOOD DEMONSTRATION

SAVE FOOD!  
SAVE TIME!  
SAVE WORK!  
SAVE MONEY!

Yes, you can SAVE—and enjoy better, more easily prepared meals at the same time! Learn how by watching a professional home economist, who will answer all your questions. Watch her use the most modern processes—processes which you too can use, and which make it possible for you to SAVE food, time, work and money. Would you like to enjoy many hours of new leisure time, saved by eliminating kitchen drudgery? Would you like to enjoy your favorite dishes all year around, saved by modern food preservation? Would you like extra money, saved by buying fresh foods in season when they cost less? Don't miss this amazing demonstration of the modern way to preserve foods at home.

# Church Notes

A long-time dream of American Protestantism seems moving nearer realization with the announcement that before the end of 1950 it is expected that the Protestant World, a national religious weekly edited "on a professional basis," and reaching ultimately close to 10,000,000 families in every part of the United

States, will be launched. Plans have been in the making for the past couple of years, but now a fund of \$2,000,000 for launching seems assured, and a veteran newspaperman, James E. Craig of Kansas City and New York, has been chosen as managing editor. He was recently chief editorial writer on the merged N. Y. Sun. A group of editors, religious and civic leaders have formed the publishing corporation; editorial offices will be in New York, publication office in the Midwest. According to Dr. Robert W. Searle, executive of the new corporation, the paper will have "the integrity of the Christian Science Monitor and the vocabulary of the New York News; it will be pro-Protestant but not anti-Catholic; it will strive for Protestant unity, and for the spiritual values and freedoms not found in communism. Liquor, tobacco, and patent medicine advertisement will not be accepted."

**FIRST CHRISTIAN** Candlelight Communion Service will be tonight at 7:30. This is Annual Thursday Communion Service which is observed each year during Holy Week. The service is open to everybody. The scheduled Laymen's League meeting has been postponed until next Thursday, April 13. At this meeting, the League will act as host for all women of the Church. They have

employed a Home Demonstration Club to cook and serve the meal and Wes Izzard will be guest speaker.

There will be an Easter Sunrise Service conducted by the CYP of the Christian Church and the MYF of the Methodist Church. The service will be held at the new Tower Drive-In Theatre which is being contributed by Francis Hardwick. Time of the service will be announced.

Last Sunday was Palm Sunday and Decision Day. A Baptismal Service was held Sunday night in the church.

There was no mid-week service in the church last night. The public is invited to attend a Pre-Easter prayer service Friday afternoon at 3 o'clock.

**IMMANUEL LUTHERAN** will celebrate Holy Communion in the final Lenten service this evening beginning at 7:45.

Pastor Lichtsinn will speak on the last word from the cross, "Father, into Thy hands I commend My Spirit." Special music will be furnished by the Junior and Senior choirs, and the service will be preceded by 15 minutes of devotional organ music.

Easter will be observed with a sunrise service at the church at 6:30 A. M. The sermon topic based on Mark 16:1-8 is "He Arose, Hallelujah!" The service will open with the aria from "The Messiah," by G. F. Handel, "I Know that my Redeemer Liveth."

Wednesday afternoon, April 12, the Ladies' Aid Society meets at the church at 2:30 P. M.

Listen to the pastor's broadcast every Wednesday afternoon at 1:30 over K P A N.

**SEVENTH-DAY ADVENTIST** had as their guest speaker, Elder N. R. Dower, president of the Texico Conference of SDA Headquarters in Amarillo. He was accompanied by Elder G. A. Lagrone.

The world-wide Seventh-Day Adventist membership has a tremendous challenge this quarter in the call for medical help for the many thousands who are afflicted with malaria, the dread leprosy, sleeping sickness, tropical ulcers and many other diseases in the French West and Equatorial Africa. The overflow of the Thirteenth Sabbath Offering this quarter is dedicated to at least one regular hospital in this vast territory.

**CHURCH OF THE NAZARENE** will have a special Easter Service next Sunday at their church located at Fourth and Lawton. Rev. R. L. Bickford will bring the crowd.

The W.F.M.S. will have a missionary meeting this afternoon at 2:30 in the church.

Cottage Prayer meeting will be in the home of Mr. and Mrs. F. M. Murphy Friday night. They live on Highway 51, about six miles north of Hereford.

Regular Wednesday evening prayer meeting was in the church.

**AVENUE BAPTIST** closed their Revival Sunday with a record 290 attending Sunday School. Regular Wednesday night Prayer Meetings will continue.

There will be Sunrise Services next Sunday morning for the Young People of the church. The group will meet at the church.

Regular Sunday services at Avenue Baptist begin at 9:45 and preaching services are at 11:00.

**EPISCOPAL** Maundy Thursday services will be this evening at 7 o'clock in the church. It will be a Communion service.

Good Friday services will be tomorrow evening in the Canyon church at 7 o'clock.

Easter services in the Episcopal Church will be at 8:30 Sunday morning. This is also a Communion Service.

The Church Auxiliary met last week in the home of Mrs. Bob Brummel.

**DISCOVERY UNLIMITED**—Mrs. H. M. Benefield, Elizabeth Cocanougher, and Beverly Barkley in front of the plaque Cecilia Wilkins is showing from the Sy Bouzer wood carving display recently at the Camp Fire Girls "Discovery Unlimited" Show.

**FIRST METHODIST** will have two services Sunday morning.

The first service will be at 9 o'clock with the Young People in charge of the music in the choir.

Church School will be at 10 o'clock and, at 11 o'clock, the Senior Choir will have charge of the second service. During this service the Babies will be dedicated.

Sunday evening services will be at 7:30.

**FIRST BAPTIST** Revival will start next Sunday and will last through the 23rd. This Revival is just as home folks so that means all of us will have to work and do our part to make this meeting what it could be and ought to be. The response to the two Visitation Services last Tuesday and Monday determined whether a Revival will be held.

There will be an Associational Brotherhood Rally Tuesday night in the church. Chester Watts spoke on "Man's Place in the Revival."

There will be a special Baptist Hour Broadcast April 23 at 2:30 P. M. This program will be a message in connection with the Simultaneous Revival effort. Every Baptist Church west of the Mississippi is having revival at this season of the year. Every Baptist Church is urged to get together at the church for this broadcast.

Next Saturday, April 8, the men are going to the camp to do some work on the cabin. It was decided to cover it with asbestos shingles and to put in showers and rest rooms. If enough men go out Saturday, it will be possible to do the job

then.

**CHRISTIAN SCIENCE** Services Sunday will be "Are Sin, Disease and Death Real?" which is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, April 9.

The Golden Text is: "In the way of righteousness is life; and in the pathway thereof there is no death" (Proverbs 12:28).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And Jesus said unto the centurion, Go thy way, and as thou hast believed, so be it done unto thee. And his servant was healed in the selfsame hour" (Matthew 8:13).

The Lesson-Sermon also includes the following passage from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Christ as the spiritual or true idea of God, comes now as of old, preaching the gospel to the poor, healing the sick, and casting out evils" (Page 347).

Each Monday Night  
REBEKAHS  
Each Tuesday Night

o'clock at the Star Theatre. All who are interested are cordially invited.

### The Law-You

**DO YOU KNOW** whether or not a will written in your own handwriting is legal?

The statutes provide for two types of written wills. If the will is wholly written in his own handwriting by the man making the same, it need not have any witnesses. If any portion of the will is not in the handwriting of the man making the will, it must be witnessed by two persons in the presence of the man making the will.

There are certain formalities that should be in the will, that make it advisable that one contemplating making a will should be familiar with. These formalities will save the heirs much red tape and expense in the probating of a will.

The Courts will in all cases, attempt to give full effect to the intentions of the man making a will, but if the same is vague or indefinite, and not following the formalities of the law, it may not be possible to do so.

Therefore, it is advisable to consult your local attorney, rather than to attempt to draw the same yourself.

**help run a GENERATOR?**

That's not so far-fetched as it sounds! Behind every generator—and every other piece of equipment in your Public Service Company—are the investments of our "owners," the stockholders. These are the investments that run our company. You, or someone you know, may be a stockholder. Lots of folks are... doctors, teachers, housewives, ministers, and many others... and no one of them owns more than 2% of the total stock.

If you have a savings account at the bank, or life insurance policies, it is likely that some of that money has been re-invested in your Public Service Company. This is the way the company really belongs to the people. It's a case history of free-enterprise... the system that has made America great and strong.

HEREFORD, TEXAS

# Busy Texan Ranches, Writes And National Authority On Jazz

By WILLIAM C. BARNARD  
Associated Press Staff  
Kingsville, Tex. (AP) — No list of busy Texans would be complete without the name of Jake Trussell, a hefty human rocket from the ranch country.

The alert, friendly Trussell is arts editor, feature writer, reporter, columnist and assistant advertising manager for the daily Kingsville Record.

In addition he:

1. Manages his own stock farm.
2. Writes, produces and takes leading part in a sports radio show, three times a week.
3. Conducts a weekly radio

jazz program. The show is so popular it has 15 sponsors.

4. Corresponds for several newspapers and the Associated Press.
5. Writes articles regularly for national jazz magazines.

Trussell, who wears boots and a mustache, travels at high speed whether walking, driving or playing a typewriter. Ed Erard, editor of the Kingsville Record, says of him: "I never in my life saw a man who could turn out more words in less time than Jake. When our day of publication gets close, Jake asks me: 'Well, Ed, how much space do I have this week?'"

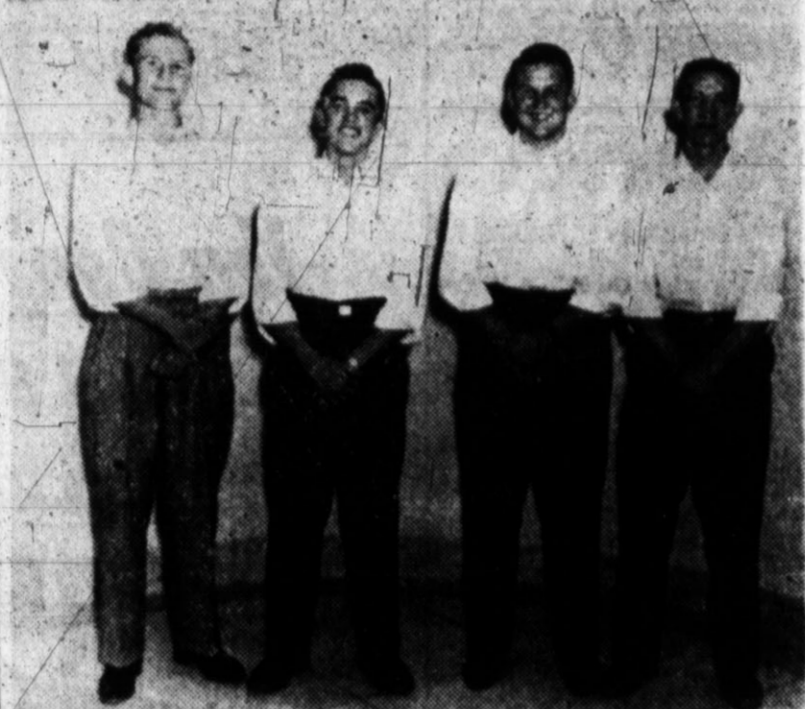

"When I tell him, he sits down at the typewriter and starts rattling out the words and doesn't stop until his allotted space is filled. He can turn out five or six columns as easily as some newspapermen can fill one. And it's always good reading. I think if I told him to go ahead and write the whole newspaper he might do it."

Erard, who has won fame in the Southwest with his own column of spicy satire, "Building Blox," added: "Jake knows everyone in this part of the country and doesn't miss any tricks. When something is going on, he hears about it."

Trussell, in his mid-thirties, is a graduate of the Texas College of Arts and Industries and settled down to his frantic pace at Kingsville after a hobo trip across the country during the depression.

"Got stranded in the California desert," he remembers, "and that cured me of traveling."

Nowadays Jake confines his trips to places like New Orleans

**BOBCAT QUARTET MEMBERS**—Dimmitt High School students (from left) Bill Murphy, Jess Burch, Don Nelson and Gene Easley gave the crowd at Hotel Jim Hill and Encampment No. 56's Ladies Night something to remember as a high spot in an evening of fine entertainment.

for interviews with the leading lights of jazz. He seems to know them all and is a recognized authority on all forms of jazz from BeBop to the original Dixieland variety. He has more than 2,000 records in his personal collection of jazz at his ranch home.

In his breezy column "Brahma Bull" Jake presents interviews with everyone from fan dancers to preachers and notes on feuds with fellow columnists all over the region.

He will aggressively discuss almost everything in the column. Here are his alarming views on the card game, Canasta:

"There is nothing good about the game. It irritates the nervous, maddens the sane, drives

the unlucky to suicide and the lucky to extreme bragadocio and bullying seldom if ever tolerated in any other form of alleged civilized entertainment.

"It is the first game in human history that combines all the worst features of bridge, poker, rummy, dice, old maid, spit-in-the-ocean, dominoes, pool, down-the-river, bridge, washers, monopoly, horse shoes, shuffleboard, boxing, wrestling, j u d o, and bridge.

"Just before he was shot to death, Dr. Luscious Braindimple said any six-year-old child can master the game. I am looking for a six-year-old child to sit for me at my next canasta session."

The principal items of construction are:

- Finishing Subgrade—Approx. 21,200 sq. yds.
- 6" Caliche Base—Approx. 21,200 sq. yds.
- Double Asphalt Surface Treatment—Approx. 19,100 sq. yds.

Bidders must submit a Cashier's or Certified Check issued by a bank satisfactory to the Owner, or a Proposal Bond from a reliable Surety Company, payable without recourse to the order of L. H. Foster, County Judge, in an amount not less than five per cent (5%) of the largest possible bid submitted as a guaranty that the Bidder will enter into a contract and execute bond and guaranty in the forms provided within ten (10) days after notice of award of contract to him. Bids without the required Check or Proposal Bond will not be considered.

The Successful Bidder must furnish bond on the form provided in the amount of 100% of the total contract price from a Surety Company holding a permit from the State of Texas to act as Surety, or other Sureties acceptable to the Owner.

All lump sum and unit prices must be stated in both script and figures. In case of ambiguity or lack of clearness in stating the prices in the bids, the Owner reserves the right to consider the most advantageous construction thereof, or to reject the bid. Unreasonable (or "unbalanced") unit prices will authorize the Owner to reject the bid. The Owner reserves the right to reject any or all bids, to waive formalities, and to accept the bid which seems most advantageous to the County's interest.

Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions under which the work is to be done.

Attention is called to the provisions of the Acts of the 43rd Legislature of the State of Texas, page 91, Chapter 45, (Article No. 5159A Civil Statutes 1925) concerning the wage scale and payment of prevailing rates of wages as established by the Owner. Said scale of prevailing mini-

Taking a cue from old-fashioned patchwork quilting, fashion designer Rose Marie Reid whipped up an up-to-the-minute, eye-catching cotton patchwork swim suit.

Literary Society Takes Hereford Girl As Member

BELTON—Miss Florence Goldston of Hereford has been accepted for membership in Historical-Rhia Literary society at Mary Hardin-Baylor college.

Membership in the two senior societies, Historical - Phila and Royal Academics is limited to those students who have attained at least sophomore standing and who had 24 grade points for the previous semester.

Miss Goldston, a junior, is the daughter of Mr. and Mrs. H. D. Goldston of Hereford.

Mock initiation for the pledges began Friday night and continued through Saturday night. Monday evening the new members are formally initiated.

### Agriculture Census Provides Inventory Of Farm Resources

Texas farmers and ranchmen will soon be receiving a copy of the 1950 agricultural census questionnaire and each is requested to fill it out and have it ready for the census taker when he calls next month. The questionnaire is being sent to all rural route boxholders and to boxholders in small towns where there are a considerable number of farmers. The copy should

not be discarded, says Tyrus R. Timm, extension economist of Texas A&M College, but should be studied carefully and completely filled in with accurate information. Here's why.

The Census of Agriculture provides an inventory of our farms and farm resources. It gives facts indispensable in dealing with current farm problems. It benefits everybody, says Timm because it gives a picture of what is happening in the rural areas of the state and nation and includes facts on land use, crop and livestock production, how many people live on farms, kinds of machinery used, farm home facilities and a large number of other equally important items.

In most states, it provides the major source of county figures on agriculture as well as the basic information on the changes, growth and improvements in agriculture in each county. Timm points out that the information taken from the census often is used in planning programs designed to improve farming and rural life and farm organizations likewise base many of their decisions on this information. The annual estimates of the produc-

**SWAMP WELL**—This is an airview of a newly-completed oil well in the swamps, about two miles from Beaumont on the Orange County side of the Neches River. It is the East Beaumont Township No. 1, drilled by John Mecom, Houston oil operator. All equipment and drilling crews were transported to the site by water. Closest production is famed Spindletop, about five miles west. (AP Photo)

The accuracy of the farm census will depend upon the operation of every farmer and ranchman. The accuracy of the county totals depend upon accurate returns from each individual for county totals are obtained by adding the individual reports together.

Timm says the information you give the census enumerators is confidential and cannot be used for taxation, investigation or regulation. An Act of Congress provides the protection. Every person who fills out a census form or answers the questions asked by an enumerator are likewise required to give accurate and truthful information.

When you get the agricultural census questionnaire, don't throw it away, but answer every question asked completely and accurately for as Timm points out, the farm census is mighty important to agriculture.

### Sports Quiz—

1. What is Joe Louis' latest on a comeback?
2. What did Joe say was the main obstacle on the comeback trail?
3. Who manages the Philadelphia Phillies?
4. From what team did Brave Dick Sisler come, to join the Phils.
5. Who won the indoor singles championship (tennis) recently?

### COMMENT

(Continued from Page 1)

of it presently. The Cardinals have been having their usual doldrums.

Over in The American League, The Yankees are running into tough sailing. The Tigers, who are showing some twirling weakness after the big four (Houtteman, Newhouse, Trucks, Hutchinson), knocked them off three in a row to start the Tiger-Yank series. The Sox are strong—were expected to be just that. The Athletics don't have the strength some thought they might, but could well be a first division outfit. Pennant chances for them seem dimmer, however.

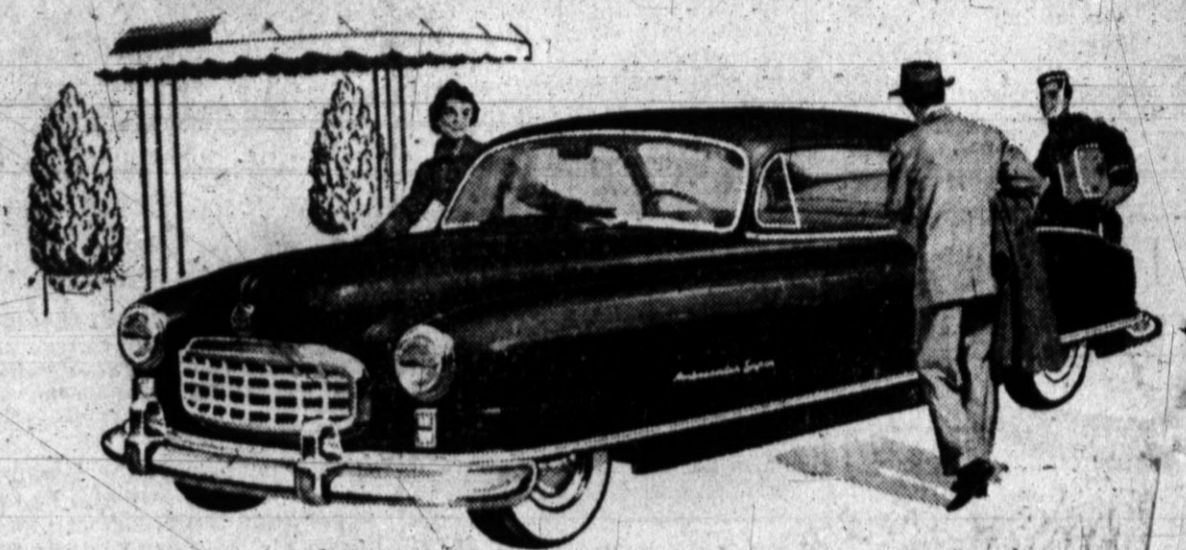

About Cleveland, it is hard to say. The Indians haven't met a variety of opposition as yet. One thing is certain. The Tribe will have to move to beat out Detroit, Boston and New York.

Eddie Waitkus, Phillie first baseman who was shot last spring in an unfortunate affair, is back at first in Spring training. This has apparently put Dick Sisler, who moved into the gap as a sub, into left field. He's clubbing the ball in a robust fashion.

**FOR ATHLETES FOOT USE T-4-L BECAUSE— IN ONE HOUR**

## You Can't Buy a Better Car Than a Nash Ambassador!

Not in any other fine car at any price can you get what a 1950 Nash Ambassador offers!

You can see it's big, but look inside! The Nash Sky-Lounge interior alone has Twin Bed room . . . and there is luggage capacity double that of some fine cars!

Nash alone has Airlyte Construction—double-rigid, unitized body-and-frame.

No other—only Nash—offers top High-Compression performance in a valve-in-head engine that uses regular gasoline.\*

No other—only Nash—has the streamlined design that ends wind roar. . . Air-liner Reclining Seat . . . Weather Eye Conditioned Air . . . and Hydra-Matic Drive with Selecto-Lift Starting at extra cost.

Yet with all this, you will find that America's Most Modern Fine Car, even in its most luxurious custom model, costs as much as a thousand dollars less than others. See your Nash dealer.

\*In the recent Grand Canyon Economy Run, the 1950 Nash Ambassador averaged 26.4 miles a gallon, using regular gasoline.

## Nash Ambassador

# Have you tried Hudson's "New Step-Down Ride"?

It's the basic new automobile idea for 1950!

**Most Room! Best Ride! Safest!**

It's here for you now . . . a delightful, new way of motoring . . . the direct result of Hudson's exclusive recessed floor ("step-down" design).

Low-built design instantly telegraphs the fact that Hudson has the lowest center of gravity in any American automobile. You quickly see, too, that Hudson has full road clearance and more seating room and head room than in any other car—thanks to "step-down" design with its recessed floor. You know instinctively, as you view this low-built beauty, that

it hugs the road more tenaciously and is therefore America's best-riding, safest car.

You command your choice of three great Hudson high-compression engines. . . the economical Pacemaker Six . . . the Super-Six, America's most powerful Six . . . or the even more powerful Super-Eight!

There are many other Hudson features that combine to make this car of such outstanding quality that it is a leader in resale value, as shown by Official Used Car Guide Book! Come in, try "The New Step-Down Ride"!

**PRICES LOWERED**  
AS MUCH AS  
**\$166.50**

## HUDSON

NOW . . . 3 GREAT SERIES  
LOWER-PRICED PACEMAKER • FAMOUS SUPER • CUSTOM COMMODORE

If you're going to buy a car in the low-price field, see the  
**New, Lower-Priced Pacemaker**  
which, for just a few dollars more, brings you all of Hudson's exclusive advantages.

Attention Mr. and Mrs. VOTER  
Here's the man  
you've been waiting for!

## Walter Rogers

for Congress

☆☆☆

Typical self-made, successful citizen.  
Born in Texarkana, Ark., July 19, 1908—41 years old.  
Attended elementary schools McKinney, Texas.  
Worked on farm while attending Austin College, Sherman.  
Worked way through University of Texas law school, employed in state comptroller's office.  
Graduated with high honors, now licensed to practice before United States Supreme court and all courts of our state.  
Moved to Pampa in 1935, began practice of law. Opened own law office 1937, which he has maintained since, except for 4 years when he served as District attorney.  
Made outstanding record as district attorney, refers voters to any member of grand jury or law enforcement officer in district he served. Has built large practice among his neighbors, friends and acquaintances. Represented many clients before highest courts of land, Railroad, Banking and other state commissions.  
Member Gray County and State Bar Associations.  
Served as first War Bond chairman, Gray County.  
Married Jean Daly of Pampa in November, 1936.  
They have family of 8 children, ranging in age from 18 months to 11 years.  
Two sons and daughter are Scouts.  
Former member of Jaycees.  
Past president Pampa Rotary club.  
Active in all civic and community affairs.  
Life-long member Protestant Episcopal Church.

### HE BELIEVES

Walter Rogers believes future of our country depends upon the homes and small communities. Believes in home rule and home responsibility. Believes encroachments have been made upon individual rights which must be checked or rights will be lost to the people.  
Believes a balanced economy must depend upon private competitive enterprise, free of Government control except for adjustment of wrongs brought about by bad faith. Believes capital and labor should settle own disputes with government only in role as arbiter.  
Believes economy of this region based primarily on agriculture, believes farmers of this section capable, sound-thinking Americans; favors stabilized farm economy but believes many features of farm program should be at option of the farmer and not the whim or caprice of bureaucrats. Problem can not be solved overnight, but is being solved and that farmer's suggestions and advice should be followed and used. Pledges full assistance to Canadian Dam and all other water conservation projects in district; sees such projects as sound investment and essential to economy of district and also vital to national defense.  
Believes federal aid to education is double taxation; believes if government will attend to own affairs, leave our children alone and conduct itself in accordance with Constitution, Texas won't have to worry about federal aid to our schools.  
Believes Civil Rights is a mis-nomer, is purely political and will not aid any of the peoples involved; if Constitution is followed there is no necessity for a Civil Rights program by Congress. Constitution provides that program fairly and honestly.  
Believes the old people are not getting their just dues, too much of

the money set aside for them going into overhead costs, that they are entitled to more courtesy in their claims and requests.  
Believes in soundness of depletion allowance for oil and gas business.  
Believes that soft treatment of traitors should cease.  
Believes in drastic reductions in government costs, abolition of overlapping bureaus, cleaning out of overstuffed departments, stream-lining red tape, demands full and fair day's work on part of every government employee, and courtesy to the taxpayers as they go along.  
Believes in proper preparedness and defense of this country first; do the cutting where it will not weaken the strength of the nation.  
Believes income taxes too high, that proper economy can bring about reductions.  
Believes rights of Veterans to purchase land under Veterans bill should be immediately stream-lined, completely freed of red tape and all political favoritism should be abolished.  
Summed up, Walter Rogers believes in our American way of life, is for efficiency and economy in government, and pledges the people of this district to work for these ideals.  
He is widely-known and respected as an able and courageous lawyer and a conscientious and patriotic citizen.  
He offers to the people of the district experience and training.  
He is successful in his own profession.

Walter Rogers has as much at stake in the future of this country as any of the rest of us. Here is the Rogers family. Standing, left to right, are John, Walter and Tommy. Seated, left to right, are Mary Catherine, Mrs. Jean Rogers, Robert and Susan. "We're one family with never a dull moment," he tells friends.

### Juniors Have Party

#### For Purris Williams

The Junior High Band gave their director, Mr. Purris Williams a surprise birthday party on March 27. The members of the band gave him a hassock. Homemade ice cream and cake were served.

The basketball tournaments at junior high are coming to an end. The team of Everett Allen's won the intramural by a margin of 12-5. An all star game was held Friday at noon.

### WHY?

## Parents Say School Days Are Best Years Of Our Life

By EARLENA PHILLIPS

Different people have different ideas about school. A very wise man once said that school is a very noble place for those who care for nobleness. And today our fathers sigh and tell us that school days are the best days of our lives, but do they ever explain why? No.

They are the "best days" if we try to make them so.

Everyday living can be a joy if each of us wants it to be. We study before taking a test and hope we make a good grade. If it happens to be the best in the class, that's wonderful; but, if we happen to fail, we say the test was too hard and we are in the dumps for days following. Then old man competition comes

along and stirs us onward and once again we feel alive.

Attending school for twelve or fourteen years may not give us a material gain. We may not become rich or famous because of spending those long years in a brick building behind a desk, but we will certainly be richly rewarded in the later years.

We may also learn things that will never be any use to us. Rules of science and equations or formulas that will soon be forgotten. But learning them has made our mind more eager for knowledge and this leads to durability, which is a necessity in everyone's life.

The knowledge we consume today is tomorrow's key to happiness and success.

### BEST TAKE CARE

## Some Of The 'Rights' Of Teen-Agers Only Customs

By EARLENA PHILLIPS

What are our rights? Has anyone attempted to record them? Many of us think our rights are just the privileges we are granted—but really they consist of more than that. Many of our rights are privileges; some of them are laws; laws which have been made by us, our elders and society. Then, too, some of our rights are customs.

The privileges that have been granted us help make up a great part of our rights. Our parents grant us these privileges as do the schools, states, and even America grants us teenagers privileges.

Our rights contain customs which have been in practice since our forefathers were teenagers. Also there are customs that have been begun by our generation that will live into the future as teenage rights for future generations.

There are laws which restrain our rights. These laws have been made by our elders who realize we must have some laws to restrain some of the privileges they grant us. There are the laws society has made for us that we all must follow. Also there are the laws which we have made for ourselves.

These laws are most important because we have made them, therefore should not violate them.

It is for us to preserve our teenage rights and practice them so the future generations will be able to enjoy the same rights as we now have.

ourselves. These laws are most important because we have made them, therefore should not violate them.

It is for us to preserve our teenage rights and practice them so the future generations will be able to enjoy the same rights as we now have.

### Students Listen To Indian Band

The McMurry Indian Band entertained students and faculty last week during an assembly program in the high school auditorium.

The McMurry Band opened its concert with "His Honor" The next was a solo "Italian Street" song by Norma Sechrist. Then she and James Pollard sang "Indian Love Call." Jimmy Aldridge played as a cornet solo "Carnival of Venice." A quartet consisting of Bill Finneash, James Pollard, and Jimmy Aldridge played "Three Jacks." Bill Campbell played as a marimba solo "12 Street Rag" and Johnson Rag. Three snare drums and a bass drum played "Downfall of Paris." One of the novelty tunes was "Rhumbaba," another was "Coming Around the Mountain."

Mr. Williams, our director, directed the Indian Band in "Stars and Stripes."

Part of the band formed a chorus and sang "Battle Hymn of the Republic," while the rest played accompaniment.

The program ended with the audience singing "The Star Spangled Banner."

### Jokes

During the recent election campaign, Lady Astor was speaking in a district which wasn't too friendly to her Conservative party.

"Isn't it true that Lord Astor is a millionaire?" shouted a member of the crowd.

"I hope so, that's why I married him," came the answer.

A bored cat and an interested cat were watching a tennis game.

Bored cat: "You seem to be interested in tennis?"

Interested cat: "It's not that. My old man is in the racket."

Patricia: "You remind me of the sea."

Ray: "Because I'm so wild, reckless and romantic?"

Patricia: "No, because you make me sick!"

Patricia: "Stop acting like a fool!"

Ray: "I'm not acting."

A little rouge, a little curl. A box of powder, a pretty girl. A little rain, away she goes. A homely girl, with a freckled nose.

Mr. Sullivan: "Before we begin this final exam, are there any questions?"

Student: "What's the name of this course?"

Couple of the week: Honorable mention to a couple who have signed a peace treaty. Joyce and Wiley.

### Personality Quiz

Might be a farmer someday. Born 16th day of school opening.

Popular Senior of '51. Opposite of name is "None Pound."

Has been in Hereford Schools two years.

Opposite of last name is "Sizable."

Seen with a boy named for a city.

Came to town without toothache from town of the same name.

Might be called "Slap."

Assists a man of distinction.

The personalities for last week were John Southall and Alma Faye Knox. Bobbie Jane Sisk has just guessed them. Gayle Foster guessed them a' s.

## Great People And Nations Don't Mind Telling Why

By CHLOE FORTENBERRY

Strange as it may seem one of the most important words in our vocabulary is "why." Because the strongest point of our democracy is the fact that we don't mind having people question us "Why" about our way of life and government, because our ideals are steadfast and reasonable. We can show people and nations how our way of self government has succeeded in making us the finest and most respected country in the world.

You figure in this because anything that concerns our American way of life concerns you and the future. Our generation is the future of America and the citizens of this nation are depending on us to carry on the traditions and continue their work for a better and more wholesome world.

In order to accept the respon-

sibilities which will eventually be ours, we must be prepared mentally as well as emotionally. These things, or the greater portion of them, may be obtained in school. Therefore think twice and make the most of your education while you have a chance. You won't regret it.

### "BUZZ BOX"

I hope you survived from all those April Fool's pranks. I hear some of you had a pretty hard time.

I bet Nan-Buckner had a good time on her date last week. She seemed to have the world by the ear.

The Three Musketeers of HHS—Dona, Nora Jo, and Gayle reported to have special dates soon. Who do you suppose they are?

Flash! There are 46 steps from first to third floor on both sides of the building.

I've got a new scoop. A certain red-head in HHS has developed a terrific crush on that cute Ern-ek Hardman.

John Dale Kelly has something in common with Van Johnson. Where ever you see him going you can always rely on the fact that a bunch of girls are after him!

Hey gals! Maybe we had better watch these guys. Eldon and Milton tell me the fellows have two reasons they go with girls. You ask them what they are.

Marlyn, Sue and Shirley seem to like the Berger boys. But girls do you think you should whistle?

Did you hear the Telephone Request Program some time back when John Southall requested for Jumann Smith, "You Call Everybody Darling." I wonder—

## When You Sight The Aim In Life... Pull The Trigger

The Senior's motto this year is, "When you sight the aim in life pull the trigger." This is not only a good class motto but also a good motto for everyone.

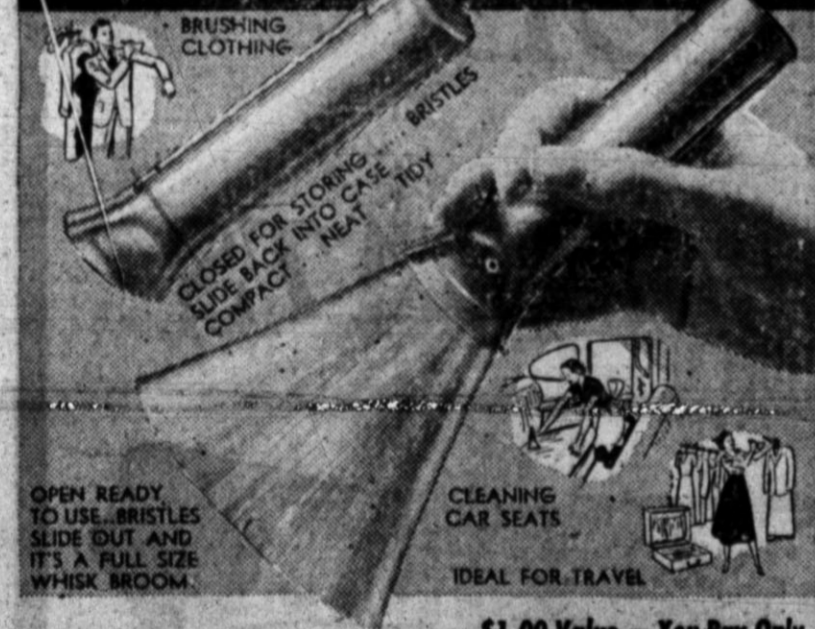

Men do not work for pennies or dollars. Neither do they work for power nor fame, but they work for accomplishment of their ideals. The man who counts his life in pennies is a poor man. However the man who has accomplished his most wanted prize has accomplished something.

The greatest thing a man can boast is the fact that he had a goal and that he has accomplished it. Men without certain goals are lost souls. They wander here and there. His life stands for nothing since there is no true power behind his living. These people have missed the sweetest part of living.

Every high school student should look over his future. He should pace faith courage, and hope in them. He should set a goal to obtain. He then should try to do his best to obtain it. If he does this he can always have

**PROVED CERTI-SAFE HYDRAULIC BRAKES** Giving swifter, safer, straight-line stops and embodying new Dobl-Life rivetless brake linings that last up to twice as long.

### Why The Farmers Will Have Census In Agriculture

The 1950 Census of Agriculture means several things to the farmers of Deaf Smith County who will participate with others over the United States in a nation-wide inventory of farms and farm production. In March the rural carrier will deliver to all rural route box-holders a copy of the Agriculture questionnaire to be used in the 1950 Census of Agriculture. With it will come a request from the United States Bureau of the Census asking the farmer to fill in the questionnaire and have it ready for the Census enumerator who will call at the farm in April during the Seventeenth Decennial Census of the United States. The average farmer can complete the Agriculture questionnaire easily. Many of the inquiries may be answered merely by checking a "Yes" or a "No" box and most of the other inquiries can be answered without reference to records. However, some questions will require a little more time, namely inquiries on crop yields and receipts from crop sales, on the production of livestock and livestock products

and income from their sale, on farm expenditures for selected items, and on other inquiries about the farm business which cover the 1949 calendar year. But the significance of the 1950 Census of Agriculture to the farmer is not limited to his work on the questionnaire. The results of the census, when compiled by the Census Bureau, will bring up to date the statistical information about the Nation's farms and farm people. It may be a little difficult for the individual operator of a small farm to understand that census statistics are important in his life. However, the farmer conducts a census of his own quite frequently. He counts his chickens, he keeps track of his crop yield, he takes accounts of his receipts from sale of farm products and of his expenditures for things he needs to conduct his farm business. On a small scale, the farmer does for himself what the Bureau of the Census, with the assistance of all farmers in the United States, does for the Nation when it takes a national agriculture census. The 1950 Census of Agriculture is a cooperative undertaking that depends on the individual farmer to furnish complete and accurate answers to the inquiries on the Agriculture questionnaire which they take from their mail boxes in March. Farm census statistics are the

basis for studying farm problems and for developing and applying methods to solve these problems. The Census of Agriculture statistics are used as benchmarks for annual crop and livestock estimates. Manufacturers of machines and equipment and other products needed by the farmer use the Census data as aid in distributing their products. Retailers of goods intended for the farm market use the Census information to measure that market. Congress uses the Census statistical information when considering farm legislation; the United States Department of Agriculture uses Census data to study problems in agriculture.

**U.S. LAND AREA**  
There are more than 1,905,000,000 acres of land area in the United States.

### Legal Notice

THE STATE OF TEXAS  
TO: James H. Pate Defendant,  
Greeting:

You are hereby commanded to appear before the Honorable District Court of Deaf Smith County at the Court House thereof, in Herford, Texas at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 15th day of May A. D. 1950, then and there to answer Plaintiff's Petition filed in said Court, on the 15th day of March A. ## SCS NEWS

### March Soil Conservation Work In Hereford Sets All-Time SCS High

At the last regular meeting of the Deaf Smith County Wind Erosion District Supervisors, Mel Stewart, Chairman of the Board, reports that mere actual conservation work was done in March, 1950 than in any similar month since the beginning of the District. Similar conditions also exist in Castro and Parmer Counties, which are supervised out of the Hereford office. The continued dry weather accounts for much of the excessive demands for technical assistance in irrigation planning and operation.

During March contour farming lines were run on 870 acres; legumes for cover crops to turn under were seeded on 580 acres; 12 acres were seeded to permanent pastures; 5 tree plantings were established; 12 miles of terraces and 2 1/2 miles of diversions were checked; 317 acres of land were prepared for irrigation by leveling and floating; improved water application systems were laid out on 1079 acres. 1993 acres of farm lands were mapped for elevations in preparation for irrigation lay-outs; 70,800 linear feet of irrigation ditches were run; and 11 new irrigation well locations were made. Three applications for fish for stocking ponds; 10 new applications for conservation planning involving 8864 acres of land, and 51 applications from

cooperating farmers for actual technical assistance in doing conservation work were received in March.

In addition 10 applications were received for various kinds of dirt-moving work which is done with the use of the District's heavy equipment. This equipment is now finishing some diversions for Mark Benefield after which it will move to Thurman, Atcheley's and thence to Lee Benefield's place.

At the supervisor's meeting new applications for conservation work were approved for: Leo V. Gallagher, Jack Bradley, Troy D. Stambaugh, F. E. Walton, Paul Mathers, Delmar Sigle, S. A. McCathern, Vera Byrnes, Henry Sears, and M. A. Powers of Adrian. Gallagher, Bradley, Powers, and Miss Byrnes all want some terracing and diversion work. Mr. Stambaugh wishes to get his entire farm on the contour cultivation system; while the others want assistance in the planning and application of various kinds of irrigation work.

Completed conservation agreements were approved for: Glenn Ailred, F. E. Walton, T. D. Stambaugh; S. A. McCathern, C. C. and Luther Ellis, Paul Mathers and V. O. Hennen.

Recent irrigation well locations have been made for: Albert Zinser, Henry Sears, Palmer Norton, Clint Jackson and Kelley Gray, R. R. Jackson, Bob Lindsey, Dr. J. L. Johnson of Amarillo, George E. Benson, O. G. Hill and Kenneth Rudd.

**TAYLOR MAID** — Screen star Elizabeth Taylor models one of a number of dresses she picked during a trousseau-hunting tour of New York's dress salons. The 18-year-old actress is engaged to marry Conrad Hilton, Jr., son of the prominent hotel chain owner. Dress above is of black and gold organdy, suitable for late afternoon and cocktail hour.

the command of Maj. Gen. John E. Dahlquist. It has become one of the Army's foremost mediums for training American soldiers in vital combat techniques under simulated battle conditions.

### Beta Sigma Phi's Have Two Ceremonies

Texas Kappa Iota Chapter, Beta Sigma Phi Sorority held ceremonies of the "Ritual of Jewels" and "Pledge Ritual" recently at a meeting held in the home of Catharine Moore.

In the impressive jewel ceremony gold and black pins inscribed with the Greek letters, Beta and Sigma, inset with pearls and with gold torch guard attached, were presented to: Nadine Wade, Phyllis Channer, Mildred Moorehead, Celestine Pittner, Mary Anna Whitaker and Catharine Moore.

Those participating in the pledge ritual were Birdie Fellers, Grace Hegnen, Jewel Malone, Betty Whisenand and Donna Sue Gooch.

Following the ceremonies refreshments were served and announcement of the regular business session on April 12 was made.

Others attending were Loraine Jones, president; Bessie Prickett, secretary; Margaret Johnson and Bettye Goodin.

### Happy Homes 4-H Club Meets In Newsom Home

A meeting of the Happy Homes 4-H Club was held at 2:30 Saturday with Jane Newsom.

Members showed a picture of their dress, skirt or blouse which they will show for the County Dress Revue. This was used for Roll Call.

Miss oris MDahaffey gave a demonstration on the finishing of a dress such as sewing on buttons, snaps and putting in a hem.

The next meeting will be with Grace Fotheringham April 15.

Frosted cakes were served Yvonne Axe, Carolyn Shirley, Linda Grimes, Earnestine Garrison, Grace Fotheringham, Margaret Edwards, Martha Heard, Twila Springer, Nell Walker, Doris Wilhelm, Jane Newsom, Miss Doris Mahaffey, Mrs. V. P. Walker, Mrs. Bob Fotheringham and Mrs. Newsom.

### Douglas Beene Will Get Army Discharge

**BAD TOLEZ, Germany.** — Corporal Douglas W. Beene, grandson of Mrs. J. W. Beene of 809 Lee Ave., Hereford, will be released from the Army next month and return to civilian life. Headquarters, 1st Infantry Division announced. Previously Cpl. Beene served with the Division's Public Information Section.

The Hereford soldier has been a member of the oldest active combat division in the Army today. The "Fighting First" is currently carrying on a proud tradition in an extremely important postwar role in the European Command. Its famed regiments—the 16th, 18th, the 26th—division artillery and other units are located in a wide-ranging pattern that nearly covers the U. S. Zone of Germany. Under

### High School Students Win Honors In District Meet

By MRS. E. R. DAY  
Brand Correspondent

Mrs. Jiles Cobb and Mrs. E. R. Day sponsored a Western Dance Saturday night at the Friona Club House. The fifty boys and girls attending wore western suits and all western music was played.

Robert Lloyd who is employed in Abilene was home visiting his parents, Mr. and Mrs. Fred Lloyd over the week end.

Mr. and Mrs. Dilly Kelly were in Lubbock Saturday shopping.

John Smith, Roy V. Miller were home visiting this week from Texas Teah. Also Wanda Robertson and Peggy Mayfield from West Texas State in Canyon.

Mr. and Mrs. Harry Hamilton and children from Spade spent Sunday in the home of Mr. and Mrs. Opal Jones. Mrs. Hamilton and Mrs. Jones are sisters.

Darrell Anthony and Judy Crume celebrated their third birthday Saturday evening at the home of Mr. and Mrs. Vance Crume with a birthday dinner. Present were Mr. and Mrs. Gene Anthony and Mr. and Mrs. Vance Crume.

Mrs. Gene Anthony and son, Darrell left Monday for Hobart, Oklahoma to visit with her parents and to be with her sister who has just returned home from the hospital with her new son.

Emmett Day, Jr. of Skellytown spent the week end in the home of his parents, Mr. and Mrs. E. R. Day. Emmett is working in Skellytown.

### High School Tournament

The District tournament was held in Bovina March 31 and April 1 saw many boys and girls playing their parents for their school. Friona had several first place winners: Typing—first place, Vera Ann Jones; Spelling—first place, Joyce Ann and Mary Lou Miller; Slide Rule—first place, Joe Osborn; Number Sense—third place, Edmon Schiabs; One Act Play—first place, Story telling—second place, Pat Cranfill; Volley ball, girls—second place.

Vera Ann Jones was given a blue ribbon and placed on the all

### Personal

#### ATTEND FAMILY REUNION

Mr. and Mrs. Hardy Benson and son, Hardy, Jr. attended a family reunion held Sunday in the home of Mrs. Floyd Benson of Quitaque. Six of the seven brothers and sisters were present and an aunt and uncle, Mr. and Mrs. Henry Youngblood of Brice, were also present.

Others present were Mrs. Vivian Major, also of Hereford; Mr. and Mrs. Jimmie Miller and Glenda of Amarillo, Mrs. Leonard Parker and son Leroy, Mr. and Mrs. Cecil Chesser and Tommy of Wichita Falls, Mr. and Mrs. Bernice Lammon and children of Quitaque, and Mrs. Lemode Goldston of Houston who has been visiting in the Panhandle for a couple of weeks.

Mrs. Lemode Goldston of Houston has returned to her home in Houston after visiting her brothers, Hardy and George Benson, and a sister, Mrs. Vivian Major.

Mr. and Mrs. Adolph Anderson of Circle, Montana were weekend visitors of C. P. Grimes.

**SUPER MARKET SELLS ART**—With drug stores selling roller skates and hardware stores installing soda fountains, it was only natural that sooner or later the grocery store would stock the oil paintings. That's exactly what happened at this super market in Caldwell, N. J., where the oil paintings. That's exactly what happened at this super market in Caldwell, N. J., where the customer can buy a hunk of surrealism on canvas with his canned goods, if it strikes his fancy. Paintings, ranging in price from \$10 to \$100, are sold on a "self-service" basis, with all the proceeds going to the artist.

### Hereford Students Fairview HD Club Has Attend Press Meet Informative Program

By EARLENA PHILLIPS

Vincent Lockhart, business editor of the Amarillo Times was one of the speakers at the Panhandle High School Press Association last week at Canyon. Five representatives from Hereford High School attended the meeting.

Lockhart, speaking at the newspaper section, advanced the idea of interesting the reader, informing the reader and making the reader continue to read. At the conclusion of his speech he answered general questions from the audience.

At a general session, Loula Grace Erdman spoke on the "Three Rs of Writing." She is creative writing instructor at West Texas State College and named the "Three Rs" as Reading, Riting and Riginality.

In the annual meeting, Mrs. Dick Cosby, sponsor of Lubbock Publications, spoke on "Advertising in the Annual" and "Following the Theme of An Annual To The Letter."

Attending from Hereford were Mrs. Dalton Criswell, Patsy Wilshire, Ray Graham, Gene Walker and Earlena Phillips.

The group also went to the Publications Building to see the contest material of high school newspapers and annuals.

Mr. and Mrs. Richard Simpson and children, Floydada, spent Sunday with Mrs. Simpson's parents, the D. O. Bensons.

Mrs. H. M. Mobley spent last week visiting with her sisters, Mrs. Claud Price at Floydada, Mrs. George Bentley at Grand Falls, her brother, J. W. Taylor at Lamesa, another brother at Throckmorton and their mother, Mrs. Leila Taylor of Throckmorton. Mrs. Taylor accompanied her home to spend a few days here.

Mrs. D. E. Chisholm and Mrs. W. A. Springer were shopping in Amarillo Saturday.

Mr. and Mrs. Frank Robbins kept Carol at home this week as

should not be able to see the outline of the light bulb through a lamp shade.

Mrs. Higgins also gave figures for the amount of material required for various sizes of lamp shades and showed pictures to illustrate the things she had said. During the business meeting Mrs. La Noy Tolley gave a marketing report and the council delegate gave the council report. Members voted to have a guest day May 9, 1950.

Those present were Mesdames Joe Gill, La Noy Tooley, E. W. Womble, Sr., E. W. Womble, Jr. and Wayne Higgins, hostess.

### -Frio News-

By MRS. OWEN ANDREWS

Mr. W. C. Lowery underwent surgery in the Deaf Smith hospital on Saturday morning. He was doing fine on Monday. Relatives here over the week end to be with him and his family were Mr. and Mrs. Howard Lowery and girls, Mrs. G. E. Jones, Mrs. H. Barnard, Mr. and Mrs. C. R. Higgins, Mrs. Lee Newton, all of Amarillo; Mr. and Mrs. V. L. Long, Borger, Mr. and Mrs. Claud Smith, Hammond, Okla., Mr. and Mrs. A. L. Sorrels, Wellington, Mrs. H. J. Holcomb, Amarillo, and Mrs. S. J. Owens of Wellington. Mrs. Owens is the mother of W. C. Lowery. The Lowery children, all of whom live in this vicinity, were with their parents, also.

AMARILLO GOLD SOX vs BORGER GASSERS in BORGER

The great protection against cancer is early diagnosis. Every case is an emergency and it is unfortunate that the majority of those with cancer do not seek medical advice early in the first stages of the disease. No hope should be placed in fake cures or treatments. Rather, the annual physical examination and an immediate reporting to your physician of any symptoms which may be suspected to be the beginning of cancer should be relied upon. These symptoms are: any unusual bleeding from any body opening, any lump in the breast or other part of the body, any persistent sore, particularly on the face or mouth, and chronic indigestion. These conditions may not be cancer, but sometimes they are forerunners of the more common

types of this disease. Where can lay, but consult your physician at once.

**First Christian Church Members Pass Goal of 65**

The First Christian Church completed their week of Visitation Friday night topping an "impossible" goal set up by the workers.

A new member goal of 65 was named but when work ended, 70 were added as new members, Roy Ford said Saturday. He said this was the first intensive campaign for new members ever carried out by the First Christian Church under the Visitation plan. The 18 workers were working every night, Monday through Friday, and supper was served at

the church by church women each evening.

Rev. Ford said 45 were expected to be baptised Sunday evening.

**Herbert Perkins Enlists As Corporal In U. S. Army**

Mrs. "Jitter" Nolan, formerly June Dameron, is spending a few days with her parents while her husband is traveling in the interest of his boy's camp in Colorado.

Mr. and Mrs. R. A. Petersen and son, Gary, visited with his parents, Mr. and Mrs. A. Petersen, and other relatives in Hereford last week end.

**48 Attend Area Meeting in Barger**

Forty-five girls and three adults went to Barger for the annual area meeting recently. Over 1,500 girls registered before 10:00. We toured their new high school building. The morning program consisted of roll call of chapters, the welcome given by J. C. Knowles, the principal of Barger High School and the Greeting was given by C. A. Cryer, Barger Superintendent. The afternoon program started with group singing till the House of Delegates adjourned. We ran Claudia Lewis for area vice president, but we did win. Three Hereford girls took part in the

style show. They were Wanda Gunstenson, Joyce McGee, and Emmarie Turner.

The new officers were installed and the meeting adjourned.

**CARD OF THANKS**

May we express our deepest thanks to each of you who have been so kind and thoughtful after the death of our beloved baby girl. The food and flowers and other tokens of sympathy were gratefully appreciated.

Mr. and Mrs. Joseph Brock and son,  
Mr. and Mrs. Arthur Brock and family,  
Mrs. Cathleen Kuhnell  
Mrs. Betty Ellis

Ellen Bowsher, Amarillo, spent Saturday visiting friends in Hereford.

**Amarillo Lawyer Speaks To Baptist Class Party**

Sixty-five were entertained with a program and banquet Thursday evening in the Banquet room of the First Baptist Church when the Young Unmarried People's Group under superintendent Mrs. A. O. Thompson had their annual get-together.

The tables were arranged to form a cross and pastel-colored crepe paper was used by Mrs. Thompson in the decorations. Green nests containing eggs were set at each plate. Between the nests were Easter bunnies and chickens. Yellow candles were lighted throughout the room to add to the Easter atmosphere.

The table centerpiece was white and a white cross rose out of the flower arrangement. Baskets of acacia, daffodils and bird of paradise and gladiolas were placed over the room.

Toastmaster was George

Graham and Rev. R. H. Cagle gave the invocation. Hershel Miller gave a vocal solo and Thelma McMinn played a solo on the piano. Mettie Roots and Ann Morgan presented a duet.

Principle speaker was C. J. Humphrey, Amarillo lawyer, who was introduced by E. O. Jordan, Alex Thompson, Hereford, gave the benediction.

The menu consisted of fruit juice cocktail, baked ham, candied yams, English peas, fruit salad, olives, pickles, hot rolls, ice cream and cookies and iced tea. Cookies standing on toothpicks standing out of the ice cream represented blooming flowers.

Thelma McMinn played Easter Parade.

Mr. and Mrs. Scott Hogg, Barger, will arrive Friday in Hereford to visit with Mr. and Mrs. Jimmie Allred.

**Early Diagnosis Can Stop Cancer**

Deaths from cancer in Texas reached a total of 2,771 during the past year, indicating that a warning against cancer quacks and so-called cancer cures is justified by the State Health Department. Early diagnosis and competent treatment could have prevented many of these deaths, states Dr. Geo. W. Cox, State Health Officer.

"There are but two ways of treating cancer. First, by surgery and second, by the use of radium or x-ray. Treatment must be started early and in the hands of a competent surgeon. Surgery is relied upon to remove cancerous tumors and is used in nearly two-thirds of the cases. X-ray or radium is used to advantage for the remaining group. Frequently, the two methods are combined. Self-medication, serums, colored lights, pastes, salves, and diets are valueless.

By NIMIE GILLENTE

How many people live in Hereford? How many in Deaf Smith County? This is a question which has been under fire for several years. Estimates vary from 6,500 up to 12,000 people in Hereford. Everybody has a definite idea—and one is just as likely to be right as the other. So here's a chance to win 50 bucks.

Take a post card or sheet of paper, write down Hereford—and what you estimate the population; next, write Deaf Smith County—and your population estimate. Last and most important, write your name and correct mailing address, then mail or bring the card to The Brand Office, Box 673, Hereford, Texas. We will give \$25 to the person who comes closest to the correct population of Hereford, and another \$25 to the person who comes nearest the correct population of Deaf Smith County.

Here are the only rules and regulations. No estimates will be accepted after April 15, 1950. Award of prizes absolutely will not be made until the official census figures are released. This stipulation is made in view of possible unofficial estimates by the census bureau. In case of ties, the estimate which gets into The Brand office first will be awarded the prize money. The printers just came up and want to know if Brand employees are eligible. They absolutely are eligible. Anyone can participate in this contest, except the people who are employed in taking the census. I would be proud to have someone from this office win. Estimates will be printed before

the returns are complete and there will be absolutely no chance of flim-flamming the deal.

But remember, no awards will be made until the official returns are announced by the government. This goes for sure—even if we have to wait until January 1, 1951, or later. My wife just came in and wants to know if she is eligible to enter and I told her "Yes." I may even enter myself.

One reason this is creating such a stir is due to the fact that newspaper people are so often barred from entering contests due to the fact that they might have advance information, but on this deal, I figure everyone is free and equal. Remember, the deadline for entering is April 15.

Guess what? Henry Sear's has had the 3-day measles. Who ever heard of an old bald-headed boy like Henry with the measles? Anyway, he is up again and in circulation—and he thinks that it is a secret. He is just a little bit touchy about the whole thing, so if you happen to mention measles to him don't tell Henry where you got the information.

Marlin Gilliland is waging a sabotage campaign against me and he is being aided and abetted by Homer Fox who, likewise, is not above a slight bit of underhand work. It's about this wrestling match. Marlin says that he officially challenges me and says he will be there this time or "furnish a substitute." This substitute business is what has me

This new quester but may not be the answer to the housing shortage, but to American almsmen stranded in the Arctic, it will be a real dream house. This pneumatic shelter, which can be blown up with a hand pump, is draft-proof, snow-proof, water-proof and easy to transport. Constructed from cotton fabric impregnated with rubber, the shelter is designed to withstand up to 100-mile-an-hour gales, according to the National Cotton Council.

worried, and is why I refuse to accept the challenge. The real truth is that Marlin doesn't intend to be there at all, but plans to send the substitute instead, and I happen to know who the substitute will be. None other than our old friend Abe Martin. I wouldn't mind wrestling Marlin at all, but wrestling Abe is another story.

If Marlin gets to make a substitution, so should I. And since all of this stuff came up, I am going to tell the truth about the whole thing. As you know, they have been telling me that you have to have a license to wrestle and that is why the original match was called off. The real truth is that the wrestling commissioner took one look at old Marlin, yelled for a doctor and gave him a blood transfusion and told him to try and make it home. That's the honest-to-goodness lowdown on the situation. Homer Fox is just trying to stir up some trouble and may be get old Marlin really hurt.

My substitute is Leo Forrest, the new county school board member. Did you know that Leo used to be a big-shot college wrestler? Well, he did, and he

was plenty, plenty good. He knows all of the tricks and holds—and has used them. He may be a little bit flabby around the middle, but I still believe he can handle Abe Martin.

Hardy Benson dropped into the office early this week with a picture of greenbugs at work. We are going to try to reproduce it in the paper, probably Sunday. A little while back Tom Carter reported that the ladybugs are eating up the greenbugs, and Hardy says this is absolutely the truth—except he is afraid there are so many greenbugs that the ladybugs will not be able to consume them all. But he says the ladybugs are really doing their best for us. This reminds me of the old story about the grasshoppers eating the first crop which the Mormons planted at Salt Lake City. The grasshoppers were about to destroy the crop and on the horizon appeared thousands of sea gulls. The gulls ate the hoppers in short order, and have never again appeared on the scene. The coyotes also seem to keep our rabbit crop in balance. Nature takes care of lots of things. Maybe these ladybugs are the answer to our troubles, after all.

DANIEL NEWS

**Green Bugs Get Majority Of Wheat In Community**

By MRS. W. R. MOORE  
Brand Correspondent

The majority of the wheat in this community is ruined by green bugs and lack of rain. There are only a few green fields of wheat.

Visitors in the Mrs. Bob Axehome Sunday were the J. T. McClain and McBroom families. Donald Clark has returned to his home in Vernon after a two-week visit in the home of his aunt, Mrs. J. F. Mathew.

Mrs. O. L. Carter and daughters, Patsy and Wilma, from Hedley were last week end visitors in the Boyd Scully home. Mrs. F. E. Finney from Amarillo visited in the W. R. Moore home Tuesday morning.

Mr. and Mrs. Everett Macintosh from Hereford visited in the Boyd Scully home Sunday.

Those on the sick list last week end were Mr. J. T. McClain, Mrs. Ed Peacock and little Janice Scully.

Gordon Whitaker from Plainview is staying in the home of his sister, Mrs. W. R. Moore.

Mr. and Mrs. Charlie Cogdell, Hereford, were in this community Tuesday looking over his farm.

A revival meeting will begin at the Palo Duro Baptist Church Sunday, May 9. A study course has just been completed at the Palo Duro Church with a good attendance reported.

Mr. and Mrs. Ky Higgins have returned home from South Texas where they spent the winter for Mr. Higgins' health.

Johnnie McBroom attended a ball game in Frio Sunday afternoon.

**Letters To The Editor**

Dear Editor:  
If you care to print this, please do. I thought it would be appropriate at this time.

Many are the explanations of how the Easter Bunny came to be a major symbol of one of the greatest festivities of the Christian Religion, but certainly none is more appropriate than a beautiful old northern legend.

In times gone by the folks used to celebrate Easter in much the same fashion that we celebrate Christmas with an Easter egg tree, and with an Easter Bunny under the tree. The story about the Bunny is that one sunshiny day a rabbit went on a quiet walk in the woods, and he came upon a nest filled with eggs. The rabbit looked around carefully in all directions and could not see any traces of a hen. A long time he hunted through the woods for the hen.

But at last he was forced to the unhappy conclusion that the fox had made a meal of the poor old mother hen. The rabbit was about to go on his way when he began to think of how the good hen must have worked over her eggs. It struck him that her very last thought must have been for the unattended eggs.

Filled with compassion the rabbit turned back, he decided he would play the part of good old samaritan, and keep the eggs warm. The next day was Easter and when the rabbit awoke he discovered that the nest was filled with fluffy yellow chicks. He did not desert them but stayed with them and found food for them.

Mythical though it may be, the fable teaches us kindness, tolerance, trust and unselfishness, as well as the natural love that should exist among all God's creatures. And if by chance the rabbit used in our celebration of Easter has had no meaning to us before, we would make no mistake in linking it to that old legend, for surely the qualities depicted therein would do credit to all of us. Christ the risen Saviour walked among men to teach us kindness, tolerance, compassion and love of our neighbor and died on the cross for us on Calvary.

Thanks,  
Mrs. John S. Albracht

**Baptist Junior Depts. Have Parent's Night**

First Baptist Junior Departments 1 and 2 were present with their parents Monday evening at a Parent - Children night in the Janquet Room.

Speaker was Bob Lawrence and Rev. R. H. Cagle gave an inspirational message to close the meeting. Refreshments of punch and cookies were served the guests.

Mrs. Jimmie Allred, sponsor of Department 1 and Mrs. Clarence Schulz was sponsor of Department 2. They were assisted by the teachers.

**Attend Lubbock Demonstration**  
Mr. and Mrs. William Warren attended a frozen food package demonstration in Lubbock Tuesday evening. The demonstration was given by the Carpenter Paper Company. Featured was a vacuum plastic package system which was a complete surprise to all present. The group enjoyed a buffet supper following the demonstration.

**Burk Approves Election Date**

E. T. Burk, Amarillo businessman who is a candidate for Congress in the 18th District, says he is glad the special election was set for May 6.

"I think a month of campaigning is about all the voters can stand," he said. "With the census enumerators out counting noses and candidates seeking votes, the people of this district will have a lot of callers and hear a lot of pleas. This shows who is really important - the people."

Burk said he would press his campaign to the limit, visiting every community possible.

"The response to my campaign has been tremendous," he said. "I have never seen so many letters. I believe people like the idea of common, practical horse sense, and scores and scores of them have told me they like the idea of a man paying his own expenses and not permitting himself to be shackled."

"I am convinced that we have no government problem that can't be solved by common sense."

**E. Ramey Attend Meet Of Rural Mail Carriers**

E. Ramey, rural carrier on Rt. 3, and secretary of the Palo Duro Association composed of rural carriers in Armstrong, Potter, Randall, Farmer and Deaf Smith counties, attended a meeting of the organization Saturday evening in Claude.

The next meeting will be in Amarillo. Mrs. Ramey is a patient in Deaf Smith County hospital and was unable to attend this meeting.

Mr. and Mrs. Ramey were chosen as delegates to the State Convention to convene in Dallas July 20-22.

**KNOT VERY HAPPY**—"I'm fit to be tied," mutters "Skipper," literally at the end of his rope on his arrival at LaGuardia Field in New York. The pup, being shipped by air from Trinidad to Washington, D. C., chewed his way through a leash en route, and was anchored by a more secure mooring for the duration of the flight.

# Long Time Ago

**25 Years Ago**  
 The \$125,000 bond issue for the erection of a new high school building in the Hereford Independent School District had to be voted on a second time because the Attorney General's office (State) found flaws in the original petition.  
 The Hereford High School baseball team had two games on their schedule, one with Dimmitt, and one with Vega. Vega, as usual, was still beating Hereford in baseball. Games were played in Harrison Park.  
 The rural schools made a great display of work and interest in a School Fair in Hereford. The basement of the courthouse held booth displays which drew big crowds. The schools represented by booths were Walcott, Higgins, Bippus, Westway, Piles, Progressive, Tierra Blanco and the Red Cross. One Dawn booth displayed school work and the other served cold drinks.  
 Three of Hereford's well known people returned from wintering in California. Grandmother Wilkinson, Mrs. W. H. Edwards and Miss Lula Edwards came back from Oakland and Pasadena.  
 The Commissioners Court went to Plainview in an effort to secure something new on a new highway. The Castro delegation consisted of Judge Ray Sheffy and commissioners Allen, Hardy, Burton and Thornton.  
 B. F. Gunn, House, N. M., bought the W. A. Cowan home consisting of 32 acres in western part of the county. The place was known as the old Captain H. Trow homestead.  
 A number of queer things, described as "mud dogs" were brought in from a pond on the Mrs. Ora Renfro place. The pond was drying up and the dogs were thick and easy to catch. They had the body of a cat fish about eight or 10 inches long. They had feet like a small crocodile and crowns or ear-flaps which were fringed. They were odd looking animals and were attracting attention.  
 The City Drug Store laid some new linoleum and new fixtures for their soda fountain and installed other new equipment in an effort to dress the place up.  
 Postmaster J. A. Wear announced some changes in Postal Laws to take effect April 15, 1925.  
 Amarillo's Hillcrest Golf Team was humbled by the Hereford team 8-3, in a match played on the Hillcrest course. In fairness to the Hillcrest team it must be said that several of their best men were unable to make the trip. A surprising feature of the match was the close game Homer Fox played against Woolsey, Panhandle Champ. On the first nine, Woolsey shot a 36 followed by Fox's 38. On the last nine, Woolsey got par and Fox was again two strokes behind with 37.  
 Stork specials were to Mr. and Mrs. F. N. Cleavinger, Mr. and Mrs. C. C. Coleman, Mr. and Mrs. W. H. Nunn, Mr. and Mrs. R. L. Chiles and Mr. and Mrs. V. E. Hart.  
 Prospects for the heaviest building program in Hereford were seen which only proved the saying, "Hereford keeps pace with progress." After several years of no building, some num-

erous building was sprouting up. The \$40,000 ice plant was nearing completion by Texas Utilities Company. Gaston Baer was starting a new house. Mrs. R. N. Mounts was planning a new house.  
 The Purcell & Cox Grocery put in some huge ice boxes to provide suitable place to preserve their perishable stock. It would do credit to any store.  
 A large percentage of Hereford's music loving population either spent the week or went nightly to Amarillo to hear various numbers offered at the Music Festival.  
 Miss Esther Erickson, nutrition expert, had an attractive booth at the School Fair.  
 Jones & McLean coal and grain dealers had telephone number one in Hereford at that time.

**SCENE OF SLAYINGS**— Sheriff Burt Bunnell, (right) and Deputy Sheriff John Edwards examine the calibre 22 rifle used in the slaying of three persons at Newcastle, Texas, March 23. Officers are in the room where bodies of Gene Buchanan, 54, his wife Frances, 45, and his mother, Mrs. S. R. Buchanan, 83, were found. (AP Photo)
