SIGHTS, FACES SEEN

Sale of marriage licenses in the county is still away off, but it isn't the fault of cupid. Bob Thompson says couples are still going to Clovis for licenses. The only difference in the Texas and New Mexico laws now is the fact that Texas requires each couple to have blood tests. There has not been a three-day waiting period between issuance of the marriage license and marriage in Texas since 1934.

Several members and wives of the local Scottish Rite Club are attending the 90th semi-annual reunion of the El Paso Scottish Rite Bodies this week. They will return tomorrow. Among the candidates for degrees from Hereford are: D. C. Kinsey, Bob Lawrence, George Graham, Sam McLellan, Jimmy Allred, Bill Jones, Tom McFarland, and Don Davidson. Jim Black, not a degree candidate, is also attending the meeting.

Hereford really is dry! Jack Gilliland, local veterinarian, prescribed a mixture containing molasses for a sick cow to be administered in a whiskey bottle. The farmer drove several miles around town before he found a bottle along the road. Whether or not the remedy was adequate or whether the cow thought the bottle contained what the label indicated is not known. Anyway, as soon as she had killed the last drop, she sprang to her feet and kicked the whey out of her owner.

The game is here, but there's no season on it. One farmer reported this week seeing six pheasant hens, one pheasant rooster, a covey of quail and three cranes on his 80-acre farm.

Chamber of Commerce manager Tom McFarland not long ago received that check promised all ex-prisoners of war. The check included \$1.00 per day for each day Tom was imprisoned. Undoubtedly it made it easier to remember each of the days in the more than 43 months he served as a prisoner of the Japanese. Of course, during the time he was a prisoner (Continued on page six)

New Dating Machine Speeds Library Work

With no more than the flick of the wrist Librarian, Mrs. J. J. Boydston, and Assistant Librarian, Mrs. Corinne Jennings, can now mark book cards of borrowers. A machine, no larger than a typewriter, prints the date due and the borrower's library number on the book card in a split second. The machine, now on loan from a manufacturing company, was recently installed in the library to speed the work of the librarians and provide better service for persons using the library.

FREEDOM BELLS were the topic of discussion of this group of youngsters pictured as they looked at the bell that had just finished ringing on top of St. Anthony's Catholic Church. From left to right, they are: Frances Gose, 9 years old, holding a rat terrier pup; Patricia Elaine Loerwald, 7 years old; George Kollmanberger, 7 years old; Dennis Peters (barely visible behind George), 8 years old; and Kenneth Eugene Loerwald, 7 years old. Freedom Bells Ring Out To Commemorate UN Day

As freedom bells rang out over Hereford Tuesday morning, United Nations flags were unfurled at public buildings in commemoration of UN Day.

There was actually a lack of large bells in Hereford, most of the big bells having long since been replaced by other types of signal systems.

Most predominant of the bells ringing here were the chimes at the First Methodist Church and the bell atop the St. Anthony's Catholic Church, both reminders of another freedom-freedom of religion.

Don Martin, principal of Hereford High School, said the United Nations program has been

stressed in social science classes recently although there was no formal UN program held by the schools on UN Day.

Postal Receipts For Fall, 1950 Are Above 1949

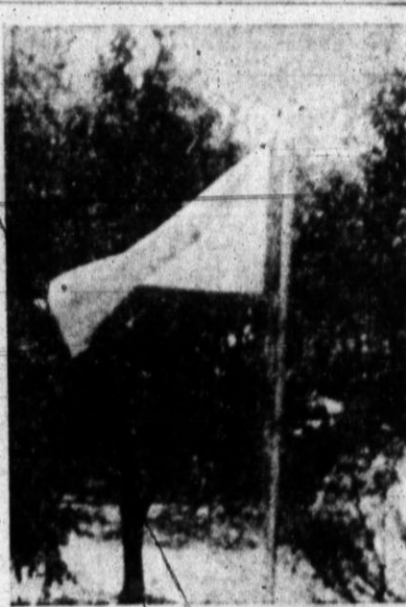

Postal receipts continue to reflect the trend of farming conditions in Deaf Smith County states Elmer Patterson, assistant postmaster.

During the month of July receipts were off \$250 as compared to receipts for the same month last year. In August receipts were \$260 less than the 1949 report, but in the month of September they jumped to \$778 more than the previous year. For the month of October thus far they ran very similar to those of 1949.

Comparing these receipts with the farming conditions, in July business was slow as a result of the short wheat harvest, and laborers had less to spend in July and August because of unfavorable weather conditions for outdoor work. In September and October, business picked up due to the vast amount of farm activity and the beginning of harvest in many fields.

Following are the receipts for the three months ending September 30:

Clovis Men Censure Town, Deputy Says

Edward James Fitzpatrick, newspaperman from Portales, N. Mexico, was arrested here by City Police officers Sunday night and charged with driving while intoxicated, and Hereford was "cussed for everything in the world," by two of Fitzpatrick's friends from Clovis, N. M., according to Deputy Sheriff S. B. Berry.

Deputy Berry said he had "never been so mad" since he had been in Hereford. Fitzpatrick, who pled guilty of the charges brought against him in County Judge L. H. Foster's court Monday, was assessed a fine of \$100 and costs.

He was released Monday night when Fred Brookshier, secretary manager of the Clovis Chamber of Commerce, and Arlie Nation, filling station operator at Clovis, came to Hereford and paid his fine, Berry said.

The deputy said he almost "threw them in, too." They called Hereford a bad name and said it was the worst town in the state, Berry continued. The deputy said he replied that the real bad named town lay about fifty miles due west of here.

He said he had been awakened in the night and had made several long distance telephone calls "to help out the guy" who had been jailed.

"I tried to help the guy get his fine paid," the deputy said. "And these two came to Hereford to take over. That's it. They were going to take over."

Albert Gregory also was arrested on a charge of driving while intoxicated and was fined \$100 and costs in county court after he pled guilty to the charges.

Ira Edgar Townsend was arrested on the same charges, pled guilty and was fined \$100 and costs.

Scouts To Mend Old Toys For Underprivileged

If underprivileged children in Hereford don't have a happy Christmas, it won't be the fault of Boy Scout Troop No. 52.

The troop has made plans to mend old toys, paint them, put them in shape like new and distribute them among deserving children, according to an announcement this week by Scoutmaster C. W. Covington and Assistant Scoutmaster Walter Seed.

All citizens who wish to participate in the gesture of good will toward men have been urged to bring old—but not demolished—toys to the Red Cross supply office in the basement of the Courthouse, or contact Mrs. Dyalitha Brady, county welfare officer and Red Cross officer.

Mrs. Brady will store the old toys in her supply room and pass them on for mending by the Scouts. When they are repaired once more, the toys will be returned to Mrs. Brady, who will then distribute them to underprivileged children.

Man Arrested Here On Liquor Charges

Roy Davison was arrested by City officers Sunday and charged with possession of liquor for the purpose of sale.

He entered a plea of not guilty and bond was set at \$1,000. The case is scheduled for the November term of court.

Services Held For Mrs. Minear

Tragic death this week came to Mrs. Rubye C. Minear, 24-year old daughter of Mr. and Mrs. E. F. Drury, and former Hereford resident.

Mrs. Minear died late Saturday night in Lubbock Memorial Hospital of injuries sustained about three hours earlier in a motorcycle-car collision four miles north of Lubbock.

Funeral services were held Tuesday afternoon at the First Methodist Church.

The motorcycle, on which Mrs. Minear was riding with her brother and sister-in-law, Mr. and Mrs. Thurman Drury of Hereford, was involved in a collision with an automobile driven by Willis Partin, 52, of Lubbock.

Relatives reported that the condition of both Mr. and Mrs. Drury has improved. Drury, 30, was able to be brought to Hereford for the funeral. His injuries were a broken rib, broken ankle, cuts on his chin and lip, and a back injury.

Mrs. Drury's ankle was crushed and ligaments of her right leg were torn loose. She suffered severe bruises on the chin and neck. After examination of x-rays, the attending doctors reported her chest injuries were not serious.

Mrs. Minear was born on June 21, 1926, at Brownfield.

In 1940 she was married at Odessa to Philip Minear, who is now serving with the U. S. Navy off the shoreline of Korea.

At the time of the funeral, the Red Cross had not been able to contact Minear.

The couple lived in Amarillo where he was employed with the Plains Chevrolet Company until August when he went into active duty with the Navy. He was sent overseas in less than a month. During World War II the couple lived on the west coast where he served with the Navy all during the war.

Mrs. Minear lived all her life in West Texas. The family has lived here several years. Mrs. Minear had been employed by Southwestern Public Service in Amarillo for the past several months.

Rev. Don Davidson officiated at the funeral services. Burial was in West Park Cemetery under the direction of the Gilliland Funeral Home.

Palbearers were: Fred W. Beall, Buford Lowe, Ed Taylor, E. L. Potter, J. A. Caldwell, and Jimmy Knittel.

Survivors of Mrs. Minear are two brothers, Thurman of Hereford and Cloyce Drury of Fort Worth; two sisters, Mrs. I. F. White of Temple City, Calif., and Bobbie Jean Drury of Hereford.

A large number of Mrs. Minear's relatives were here for the funeral, including two brothers and their families, Mr. and Mrs. Roy Minear of Midland and Mr. and Mrs. Dawson Minear of Gonzales; two sisters, and their families, Mr. and Mrs. Firman Lepori and Mrs. Eunice Cleveland and his wife, Mr. and Mrs. Percy Minear of Ft. Stockton.

Minear's father, E. A. Minear, of Gonzales, was in ill health and unable to attend.

E. F. Drury and the son, Thurman, are in the contracting business here.

Predict Record Harvest of Corn

County Agent Hugh Clearman and Deaf Smith County farmers are predicting a record harvest from an estimated 4,000 acres of corn planted in the area this year.

The corn, most of which was planted in May, is averaging from 50 in some fields to over 100 in others. No fertilizer has been used.

The majority of 30 or more farmers who planted the 4,000 acres of corn have already finished or are now in the process of harvesting their crops.

The estimated total of 4,000 acres is the most ever planted in the county. County Agent Clearman said.

Almost all the corn in the county is of four varieties—Texas 20, Texas 26, Texas 28, a variety of Funk and another of DeKalb.

The majority of the harvests are being shipped through local grain companies. Some is being sold locally.

The county agent pointed out that two years ago corn in the county held little interest (Continued on Page 6)

Farm Labor Still Reported Adequate

There are no shortages yet in the supply of farm labor for harvesting Deaf Smith County crops, it was reported this week by Tom Bourland, farm labor representative of the Texas Employment Commission.

Although shortages may occur later as the grain harvest moves into full swing, Bourland said harvest hands at present are adequate.

The full blow on employment supply is not expected to come until after the first frost and the harvesting of major grain sorghum crops.

There are still a few openings for year-round farm and ranch hands, Bourland said.

Infant Dies of Unusual Malady

Funeral services were held Monday afternoon at the First Baptist Church for little Lillian Catherine Winkler, 18-day-old daughter of Mr. and Mrs. Johnnie H. Winkler, who died Sunday morning at Deaf Smith County Hospital as a result of a rare intestinal disorder.

The baby was born October 4. In her short lifetime she underwent two major operations in an effort to make her small intestines and stomach function properly.

Rev. R. H. Cagle officiated at the services. Interment followed immediately in West Park Cemetery under the direction of the Gilliland Funeral Home. There were two pallbearers, Gerald Wilson and Walter Seeds.

Other than the parents, the baby is survived by one sister, Sandra Rae, age 3.

The maternal grandparents are Mr. and Mrs. L. H. Lookingbill, Sr., of Hereford. The paternal grandparents live in Detroit.

Mr. and Mrs. W. J. Lueb and son, Neal, left yesterday for week's vacation in Hot Springs, N. M., and El Paso.

City Sanitarian Will Be Employed When Available

As soon as a desirable man, recommended by the State Health Department, may be found he will be employed as city sanitarian for Hereford, it was announced Wednesday by Mayor W. E. Dameron.

The mayor thumbed, through a stack of cards and letters from Hereford citizens.

A meeting of the commission was set for Wednesday afternoon for the purpose of reviewing the applications of two trained sanitarians, recommended to Hereford by the State Health Department, Mayor Dameron said.

At least one of the technicians was expected to be on hand for the meeting Wednesday afternoon.

If one of the two applicants is accepted for the position, it will bring to a close a series of attempts to secure a sanitarian for the town.

Cards and Letters Wednesday morning the mayor thumbed through a stack of cards and letters from Hereford citizens urging the city to appoint a sanitarian as soon as possible.

Mayor Dameron said he and the commission appreciated the letters and the interest very much and added that the city has been working since last July to secure a trained sanitarian. On July 5 a comprehensive health ordinance was passed by the city, and on that same day the commission authorized the mayor to contact the State Health department to have the department recommend a trained sanitarian for the town. On August 8, in response to the mayor's request, the department sent a sanitarian from Gilmer, Texas, and a definite agreement was made for the technician to begin work within two weeks. The sanitarian inspected the town, but said later he would not be able to accept the position because he was unable to find a suitable home in which to live.

Application for another recommendation was made to the health department and another sanitarian was sent to Hereford. From Brownfield, the new applicant accepted the position, but declined it October 11.

Once more a recommended sanitarian was requested from the health department and the two applicants to be considered Wednesday were the results of that request.

Mayor Dameron pointed out that the sanitarian chosen must be technically trained before he would be acceptable. Such men, he said, are not plentiful.

The ordinance granting the raise in rates came after the telephone company agreed to extend the telephone building all the way to the alley behind it and to install four new switchboards, Mayor Dameron said. The new switchboards will mean more operators and more telephones for persons needing them, the Mayor pointed out.

The raise is the first in 18 years. The ordinance stated that whereas the labor and materials necessary for telephone service had increased very much since the last rates were set, and since the amount of the raise was considered "reasonable and just" the new adjustment was approved. It said further that the company had a right to a fair return for its money invested.

Mayor Dameron said the "only way for the people of Hereford to secure better service from corporations is to assure the corporations a proper return for the money invested in the town."

He pointed out the company has spent a great amount of money in Hereford and that new equipment now costs more than ever before.

The dial system, Mayor Dameron said, is out of the question for the immediate future because equipment necessary for such a project is absolutely unobtainable.

Better service is now assured, the mayor said, and the city commission has approved the raise in rates in accordance with the improved service.

The new rates are as follows: One party business service, \$6.50; business extension station, \$1.50; (Continued on Page 6)

Two Are Held On Forgery Charge

Melvin Embry from Altus, Oklahoma, was returned to Hereford Monday in the custody of Sheriff J. C. Reese, and is being held in the county jail on a charge of passing forged checks Thursday, October 12.

Embry, who is charged with passing checks with the forged signature of Jack Renfro, local farmer, was arrested by the Sheriff's department at Altus and turned over to Sheriff Reese. Benny McFadden of Clarendon, Texas, is being held in jail at Clarendon, and is charged with writing and forging the checks passed by Embry. Sheriff Reese said he will be returned to Hereford as soon as he is released by the sheriff at Clarendon.

The corn is of five varieties and was grown on 80 acres of irrigated but unfertilized land on the Chick farm. Chick, who averaged 11.5 bushels per acre on corn grown last year, expects his present crop to yield to 100 bushels per acre.

## FRIO NEWS

### Miss Oma Ruth Thompson Is Elected Prettiest Girl at Frio Box Supper

By MRS. OWEN ANDREWS  
*Brand Correspondent*

The Box Supper at Frio on Saturday night was enjoyed by quite a number of people. Mr. Wortham, of Easter community, was the auctioneer. After boxes were all sold, a popularity contest was held with Miss Oma Ruth Thompson elected the prettiest girl, Clark Andrews, "prettiest" boy, and Buck Berryman, "ugliest" man. A cake was given to each. About \$300.00 was given to pay for recent improvements in the building.

Mr. and Mrs. C. N. McClure were visiting his sister, who is ill at Fort Worth last week. They attended the Dallas Fair, too, while in the vicinity. On Friday, Mrs. McClure's sister, Mrs. Doughty, of Morton, was here visiting the McClures.

Mrs. Hill and Clifton have had the flu. Mrs. Hill is better but Clifton is still under the doctor's care. The Hills have two sons in Korea and a son in Alaska. On Sunday they were pleasantly surprised with a phone call from the son in Alaska. It seems that he had won the ball game in a game. The parents were notified before time for the call so they were on hand at Little's home in Hereford where the call came through. Mrs. Hill says it was certainly good to hear his voice again. They received a letter postmarked Oct. 18th from son, Buford, in Korea on Monday, so now if only comes through from the other boy in Korea, all will be well with the Hills. Eighteen year old Buford was interviewed by David Rasco, in Korea, with his picture and write-up in the Amarillo Daily. The Hills live on the C. N. McClure place where he has been helping the farm work this year. Two daughters and the young sor live at home here.

Mr. and Mrs. F. J. Springer, Kress, and Phillip Parrish, Carey, were visiting relatives here the last of the week. They visited the Warricks Wednesday. The F. J. Springers spent Wednesday night with the W. A. Springers and Thursday night with the T. L. Sparkmans, Sr. They and the Sparkmans were dinner guests Friday of the Earl Springers near Hereford.

Mrs. S. J. Glenn and children visited last week with Mrs. Glenn's parents, the Jim Balleys, near Clovis.

Miss Lyla Robbins came home from WTSC on Friday. On Saturday Mr. and Mrs. Travis Scott of Earth, came by for her, and they went to Canyon for the Homecoming celebration. The Scotts took Saturday night supper in the Robbins home. They are friends of Lyla's from her teaching days in the school at Springlake.

Wade Thompson, Lubbock, Tech, was home for the first time since school started last week end.

Mr. and Mrs. William Hall, of Wellington, have been visiting their son, Leo Hall, and family.

Mr. and Mrs. W. A. Springer and Charles Ralph and Mr. and Mrs. Elbert Summers, Donna Gall and Clint were among "Uncle Jay's" radio audience Sunday morning. Clint was one of those getting special recognition as he was celebrating his fifth birthday.

Mr. and Mrs. H. D. Robbins, Mr. and Mrs. E. H. Little and Peggy were in Clovis one day last week attending a cattle show.

Rev. R. L. Shannon was guest speaker Thursday at the Canadian Baptist Association

Hostess for the Farm and Ranch Club meeting last Thursday was Mrs. Waldron Melton. Halloween designs were used as the centerpiece of the luncheon table and for decorations in the entertaining rooms. With Mrs. E. M. Thomas, vice president presiding, roll call was answered by "A Book I've Enjoyed." Mrs. T. W. Perrin was the floating prize. Mrs. W. B. Nunley, who had charge of the program, showed many beautiful pictures of famous places to illustrate her talk on "Homes of Famous Americans." She stressed the fact that most American homes are copied from other countries, but more and more are becoming original in design. Present were: Mesdames G. S. Solomon, Jack Weaver, E. M. Thomas, T. W. Perrin, Roy Pruitt, Frank Rickles, Tom Cotton, W. B. Nunley, Henry Melton, and the hostess. The only season of the year that cattle grubs can be controlled is from September to December of each season. Cattle grubs are emerging from the backs of infested animals. In gaily decorated rooms in keeping with the Halloween spirit, games of '42' and Canasta were played. Refreshments of sandwiches with all the trimmings, pumpkin pie, and coffee were served to: Mr. and Mrs. Henry Melton, Mr. and Mrs. Waldron Melton and Adaine, Mr. and Mrs. G. S. Solomon and Stanley, Miss Jean McCasick, the hosts and their families.

### Twenty Three Men Pass Draft Test

Twenty-three Deaf Smith County men have passed their physical examinations and are now waiting their induction, states Mrs. A. Peterson, secretary of the Selective Service Board. These men went to Amarillo for physical examination on October 16 with the largest group ever to leave Hereford under selective service. The original call was for 52 men. Many of them were transferred elsewhere, some failed to report, and a few did not pass the physical examinations.

Accepted were: Benjamin R. Plummer, Bob Z. Axe, Max W. Ford, Bill R. Byers, Raymond C. Williams, William H. Clark, Billy R. Smith, Lloyd E. East, Lloyd E. Oswald, John C. Henderson, John W. Collier, Duane B. Williams, James D. Delashaw, Joseph C. Robertson, Jr., Virgil G. LaPlant, Henry R. Lueb, Noelle G. Elliston, Delbert G. McBroom, James D. Hutson, Carl D. Kleman, Kenneth H. Finck, Cecil M. Hamm, and James P. Lowrie.

Billy Jo Cox was listed in the call, but he has now been released to the National Guard. John C. Duncan enlisted in the cadets, and Stanton L. Nelson reported to the Navy.

**ATTEND FUNERAL**  
Mr. and Mrs. Elmer Mathis and son, Tommy, returned this week from San Angelo where they attended the funeral of her sister's husband, Rev. Calvin Murhen, a minister of the First Baptist Church.

### Chorus Meeting Set For Sunday

Miss Mattie Mae Swisher is calling an important meeting of the Hereford Civic Chorus Sunday afternoon at 3 o'clock in Ward Hall at the First Methodist Church.

All former members of the chorus who have during the last 15 years participated in Handel's "Messiah" are urged to be present.

"In addition to those who have sung, a cordial invitation is extended to all singers in and around Hereford who would like to participate in the Messiah or in any other Christian oratorio the singers would like to decide upon," said Miss Swisher. The presentation of the "Messiah" has become a tradition here having been given for the past 15 years. The singers have also participated each year in presentation of the same oratorio in Amarillo.

Members of all the church choirs are urged to be present Sunday afternoon. Miss Swisher said very important business will be taken care of at that time.

Last year 150 singers participated in the civic chorus, including many from the surrounding towns.

Mr. and Mrs. Wix Price of Lovington, N. M., were week end visitors of her parents, Mr. and Mrs. W. E. Landrum.

### Around Town

He didn't know the check was coming to him, and even if he had, the days would probably have dragged by just as slowly. Gale Neal, made prisoner at Bataan, still is waiting for his check.

Of all the anniversaries we recognize, perhaps one of the most pleasant is the one observed at the end of the first year in Hereford. Bruce Miller, local attorney, celebrated that day Wednesday. After a full 12 months here, Bruce says Hereford is a "good town," and he has enjoyed every month of it.

Business people and housewives alike have been complaining about the flies who are seeking refuge from the cool fall evenings. Bob Wear says

**RICH HARVEST**—A rich harvest of corn is in prospect for O. L. Click on his farm northwest of Hereford. Standing beneath the tall stalks, Click took a few minutes from his work harvesting to pose for this picture. Corn on his farm is producing up to 100 bushels per acre. BRAND STAFF PHOTO

flies just bother the sweet things and the spoiled things, so maybe there will be a little less worrying on the matter.

### Taxes

(Continued from page one)  
During the entire tax-paying period last year a total of 2,505 poll taxes were paid. So far in 1950 not more than 100 have been paid, the collector said. Covington pointed out, however, that the majority of voters wait until a few days before the deadline — January 31 — before paying the poll tax.

**Wills Speaks At Ford**  
Speaker at the program in the Ford Community was Dr. R. R. Wills of Hereford who discussed the United Nations and communism. He revealed many activities going on in the national government and discussed the effect communism is having on our government. "It seems to me like the United

Nations is mostly United States," he said. "That's the way it looks to me from where I stand."

### Record

for grain companies or other shippers. Today, farmers over the county are considering it a one of their regular crops.

The market this week stood at \$1.45 per bushel and was expected to continue rising. A freeze reported on northern corn may result on much higher prices for corn this year than last.

The majority of the corn is being grown on irrigated fields. Worms this year are more plentiful than usual, as a result of the mild winter last year and the late, heavy rainfall during

the summer. Farmers harvesting corn this year include O. L. Click, Fred Barrett, John Woods, Luther Leslie, Marvin and C. J. Diller, Fred Pitner, Brozman, Frank Knabe, Grant Hanna, John Gallagher, O. G. Hill, Calvert, Bud Minor, George Warren, Eddie Reinauer, Clark, Ed Adams, Jim Brown, Jack Brady, Liston Wilson and Price Prather.

### Too Much Sun Not Good For Hi-Life

A certain amount of sun, doctors say, is essential for a healthy life. But too much sun on a gallon jug of hi-life can be extremely destructive. At any rate, that is the opinion formed this week by George LeGrand, farmer who lives about eight miles northwest of Hereford.

George returned in his pickup from town about 3 p. m. and went directly to his field to inspect his grain crop. He had left his larger truck parked with a gallon jug of hi-life in the seat. He became aware of a haze near where the truck was parked, but decided it was a group of hunters or another car. Gradually he grew more conscious of the haze, which soon took the appearance of smoke.

When finally he drove over to investigate he found his truck burned to the ground. The sky was clear, he said later, it couldn't have been lightning. The hi-life got the blame. One wheel remained unburned—that was all.

## Senior... Who's Who

By BARBARA SMITH  
Nan Buckner has no dislikes and among her likes are: people, school, music, animals, books, football games, to march, and just about everything. She is in the Pep Club, F. T. A., Y. W. A. and Tri-Hi-Y. She is past president of Y. W. A. and past vice-president of Tri-Hi-Y. Nan likes to eat chocolate cake and her hobbies are reading, and playing the piano. She plans to go to North Texas State Teachers' College at Denton to be a high school algebra teacher. Nan is always smiling and she said about H.H.S., "I love it."

Kenneth Carroll is the Senior boy for this week. It seems he likes almost everything and dislikes almost everything. His pet peeve are loud-mouthed people. He is a member of DeMolay and the Band. He likes to eat chocolate cake and whipped cream after he works on his hobbies which are playing the clarinet and working on cars to make them run better. He has a long opinion of H.H.S. here it is, "H.H.S. is one of the best schools in Texas. The administration is willing to take suggestions for improvement and it has one of the best school spirits anywhere. I am proud to have the opportunity to graduate from H.H.S."

Rosene Lancel is the last but not the least for this week. Rosene dislikes cancelled people and likes almost everything. Her pet peeve is nervous people. She belongs to Pep Club and likes to eat pecan pie. Her ambition is to

see the Statue of Liberty and her hobby is riding horses. She thinks H.H.S. is "the best high school in Texas."

## News Corner

My but there were a lot of people at the Perryton game. We just couldn't attempt to name them. We hope that there will be as many at the Dalhart game, even more.

We finally elected our Student Body officers. They are: Jack Stanton, President; Dale Winget, vice-president. It was really a close race. The election was held Wednesday, October 18. The Seniors entered the auditorium last with a grand march, parading around the auditorium and then weaving in and out of the Senior section seats. It was quite a spectacle. There were three speeches made for each candidate. Candidates for the presidency were: Jack Stanton, Senior; and Bill Kelly, Junior. Candidates for the vice-presidency were: Dale Winget, sophomore, and Ray Graham, Junior.

The Dramatics Club had their first meeting, Thursday, October 19 at 12:30 noon. The meeting was called to order and the Constitution was read and accepted. Nine students presented applications to join. All nine were accepted. There are now 30 members. At their next meeting they will elect officers. Mrs. Charlene Wilber is the sponsor of the club.

It seems the Seniors are having a tough time reading poetry and giving talks on their vocations.

That's all for this week, we leave you with these parting

words, "Tomorrow, and tomorrow, Creeps in this petty pace from day to day To the last syllable of recorded time, and all our yesterdays have lighted fools the way to dusty death. Out, out, brief candle! Life's but a walking shadow, a poor player That struts and frets his hour upon the stage, and then is heard no more. It is a tale told by an idiot, full of sound and fury, Signifying nothing."

### American History

(Second in a series of articles to acquaint readers with courses of study in Hereford High School.—Joe Smith, Sponsor.)

By LINDA BETZEN

American History is one of the required subjects in Hereford High School and is usually considered a junior year subject. Teaching American History in Hereford High is Mr. Quattlebaum who is teaching for the second year in Hereford schools. American History is perhaps more important now than ever

before. Every student will soon be an adult with the right to vote and help to govern our great nation. They are expected to do this in an intelligent way which is certainly impossible if the person knows nothing about what it is and why it is. Therefore, it is the duty of every citizen to be educated in government, how it was made, the mistakes that were made and the things that were done right. What would be a better time than during high school when they are old enough to understand and young enough to have their whole lives ahead of them and can either start off right or start off wrong.

With all the "isms" in the world today that are trying to undermine democracy the only way to combat them is to give the student thorough knowledge of Americanism and what it stands for.

This year in American History the issues given the most attention will be the Constitution, how and where it came from and what it stands for now, and the United Nations and its part in world peace.

### Junior High

The Hereford-Vega football game really turned out good. The score was 28-7 in favor of Hereford. Mr. Whitfield helped referee.

Mrs. Garner has been out of school because of illness. We certainly hope she is feeling better.

Mr. Stanton has been to a principal's meeting at Mineral Wells.

Junior High has had one student to drop so far, which was Lamona Neff.

By DELLA STAGNER

Today I visited Mrs. J. J. Durham's fifth grade science class. The pupils were studying the seasons, causes for seasons, and some of the characteristics of the seasons. Leaves were being studied specifically. Each child had a collection of leaves that he was imprinting on paper with indelible ink. Some very clever artistic designs were being made by holding the underneath part of a leaf under paper and coloring over it with crayola thus making a lovely imprint.

A lively discussion prevailed as Kenneth, Willie, Peggy, and Barbara led out in telling us that leaves do not turn brown, gold, and yellow, but that these colors are already there and do not show until the green fades because the chlorophyll has become inactive. Did you know that?

The interest and enthusiasm these boys and girls have for science is stimulating because it gives them a motive for doing the reading and writing that we consider fundamental in the

grades, and at the same time adds to their general knowledge. The third grade in Mrs. Shaw's room is busy as bees working in their social studies on "our clothing" and where it comes from.

After some discussion on cotton cloth, furs, linen, rayon and nylon, they decided they needed to read some more to find out just why and how these things came to be used for clothing. A wholesome spirit of cooperation and worthwhile work prevailed in this classroom as detailed attention was given by the teacher to sentence building, proper formation of letters in writing, and the use of capital letters and periods.

I especially liked the way the boys and girls answered each other's questions which shows that learning is taking place, and that children respect each other's rights and viewpoints.

Jimmie liked to ask questions just to see if the other fellow knew, but Cormeda and John, and Millie Jo, and Douglas, and Theresa and many others were alert and knew the answers to Jimmie's questions, too.

You'd enjoy a visit here any day for this group is going places.

## Long Time Ago

### 25 Years Ago

Jess Russell, Barrett, Sharp, and Witherspoon, ably aided and abetted by Captain Artie Russell at end, galloped through around and over the good looking Tulla eleven here last Friday afternoon, and sent the visitors home with the short end of a 39 to 6 score.

The lineup for Hereford—Sharp, fullback; J. Russell, left half; Barrett, right half; Witherspoon, quarterback; Posey, left end; Thompson, left tackle; Harris, left guard; Axe, center; Burkett, right guard; Glibreath, right tackle; A. Russell (captain), right end.

John C. Burns, secretary of the Texas Hereford Association, made a lengthy report concerning feeding of native grains in the Panhandle. He said, "I think with milo maize and kafir corn selling at \$15 per ton in the heads it would be profitable for farmers to put these feeds into calves. They would need to buy only enough cotton seed meal to balance the ration."

Foundation work for the new F. H. Oberthier business building on West Third Street, between the Harry Rice and Service-U-Like buildings, began this week.

Supt. C. H. Dillehay announced the seniors will publish one or more numbers of a school paper, "The Senior Pow Wow."

J. B. Ellison, secretary of the

Deaf Smith County fair association, has just returned from Dallas where he has been in charge of the exhibit from this place for the past two weeks. The county made an excellent showing there.

One of the Deaf Smith County farmers at the county fair exhibited 133 varieties of field crops raised on his half section. The unusual amount of interest is probably due to the fact that West Texas counties carried away so many prizes at Dallas, and because the stream of immigrants is flowing westward. Deaf Smith County won eight ribbons with 11 entries at Dallas in addition to winning tenth place in the county division.

Eight churches made announcements for the week on the religious page.

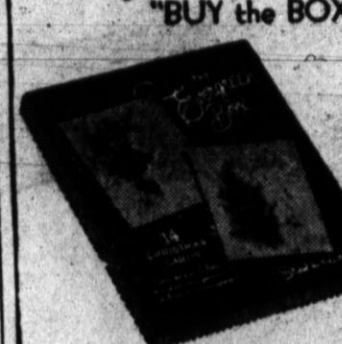

Hereford was the first town on the Kansas City grain market with a car of kafir. The grain was No. 3, yellow milo, 56.3 pounds, 16 per cent moisture and 7 per cent broken. The grain was discolored but drew a bid of \$1.75. It was held for more.

From the Joel news, "The latest invention in this neighborhood is the radio owned and installed by Howard Hershey at the home of his brother-in-law, Arch Conklin. The second night they had it, Howard and Walter Galley "listened in" until the wee small hours of the morning.

Mr. and Mrs. Fern Berry and baby daughter, Sheila, of Panama were in Hereford last week end visiting Mrs. Berry's father, Homer Gore and other relatives, including I. O. Gore (her grandfather), Mr. and Mrs. Jack Flowers and son, and Mr. and Mrs. Howard Gore and son.

Section Two

**WHITEFACE END**—Ray Graham, 138-pound junior, fills one wing slot for the Hereford Whitefaces. Son of Mr. and Mrs. George Graham, Ray is 16 years old and has lived in Hereford four years. He has been interested in football that same length of time, likes baseball and plays all sports. With 'B' team experience behind him, his favorite team is the Whitefaces, and his favorite player is Doak Walker of SMU. He plans to attend college at Hardin Simmons, but does not intend to play football.

**WHITEFACE TACKLE**—Buryl Fish, 15-year-old, 194-pound sophomore, plays offensive tackle and defensive guard for the Herd. He is the son of Mr. and Mrs. J. H. Fish and has lived in Hereford four years. He came from Pampa. A football enthusiast all his life, he played on the sophomore 'B' team last year. Charlie Bowles, all state of Pampa, is his favorite football player, and his favorite team is Texas University. Although he plans to attend Rice University, he does not intend to play football there.

## Diggin' Divots

Ted Young cracked the low gross score in Sunday's matches with 71, and won a golf ball. He won another with his low net of 66. Jim Terry said there was one extra ball to be awarded, and Ted won that.

First place in the week end sweepstakes split two ways. Jim Kirby, who shot a low gross of 88 and a net of 62, shared the honors with Homer Lee Owens, whose gross was 76, and whose handicap of 14 brought the net down to 62.

Second place winner Punk (W. W.) Gilbreath hit a gross of 77. His handicap of 11 made the net 66. Joe Butler came in third with 81 gross, minus 13 handicap, resulting in a net of 68. Blue Turpin, Wright Williams and Edward Young sliced the fourth prize three ways. Blue's 88 gross and 18 handicap brought his net to 70. Wright's net also was 70, his gross 79. Edward Young shot Blue's game identically, hitting 88 minus 18 for a net of 70.

Others who played, but did not win balls were J. M. Posey, 81-7-74; Urlin Streu, 82-5-77; Darrell Blanton, 92-14-78; Dick Lucas, 97-23-74; Bill Howard, 80-8-72; John Renner, 90-10-80; Henry Lewis, 85-10-75; Dr. Will Graham, 93-20-73; and Stan Barrett, 78-6-72.

There are still three or four tournament matches to be played which should be completed by week's end. In a match Sunday, Rayland Evans won the championship of the Third flight two and one over Edward Young.

The High School golf team is still forming. Boys are reporting daily for positions. Jim Terry, local pro, this week urged all who wish to play but do not know how to drive out Wednesday afternoon at 4:30 and begin their free lessons.

In case you might be inter-

ested, here are a few facts about golf not too widely known: Originally golf balls were little leather bags stuffed with feathers. They didn't change until 1834. Golf is called "The Royal and Ancient Game" because it was played and patronized by Scottish kings. It originated in Holland in 1400 and was first played on a course which had no plan or pattern nor any definite number of holes. Par used to be called bogey, and a caddy was a cadet.

## Center School Plays Four And Wins Four

Central School's batting nine belted four wins out of four games played in their early fall series in Hereford this year.

Their last game recently, a seven-inning affair, which waxed hot until the first half of the seventh, ended in a 7-6 victory for Central over Shirley.

Playing a losing match throughout the first five innings, Central school pulled out of it in the sixth, brought in six runs and climbed above the hard-playing Shirley team.

Shirley put over three runs to Central's one in the first five and dropped to none in the sixth. In the seventh, they brought in three more, but not enough to match the gain made by Central in the sixth.

Hollis led scoring for the day with a homer in the sixth and a two-bagger in the fourth. Lookingbill also brought in two runs, one from a single and the other from an error. Other scorers were Knox, Elliston, Weemes and Drye.

Billington of Shirley hit two singles, each good for a run, and Drake brought in two more. Morrison and Rettman accounted for the other two scores.

Combs pitched Central's victory and Dement pitched for Shirley until the seventh when Jowell came in.

Regardless of what clothing a man is purchasing, he should select each item with the idea of building a wardrobe that is right for his build, his type and his needs.

**MAC PITMAN**—One of the best sports on the course, according to golfers who have played with him. Mac Pitman hits up in the high ninety average. His handicap is 27, and he seems to derive as much fun as he does exercise from the game.

## Whitefaces Meet Rugged Dalhart Wolves Tomorrow

Hereford's herd of Whitefaces will take the road to Dalhart Friday night to meet the Dalhart Wolves, rated by sportscasters as the Number Five team of Class A football for this area.

Wolves in past games have featured a variation of plays including some run from the double wing, single T and Box T.

Bill Cessman, flashing Dalhart fullback, has accounted for 250 points for the Wolves in his

freshman and sophomore years of football. A junior now, he weighs 180 pounds, and is expected to sparkplug the Wolves' attacks.

Another outstanding back, B. Ritter, gave the Whiteface

trouble last year with his accurate bullet passes. His weight is listed at 150 pounds.

The Whitefaces, listed in the Class A ratings as the Number Ten team for the area, and called fast-improving, have won four games, and lost two, as compared to one won by the Wolves, three lost and two tied. The Herd fell from the number six spot to the number ten after last week's game after having won it 26-0.

# Maggie, Mammy Yokum, Iodine, And Mopsy Flapper Visit Hereford

When Mammy Yokum, Ma Kettle, Iodine, Mopsy Flapper and a few others get together, anything can happen—and it usually does.

In fact, it did happen at the First Baptist Church Thursday evening when the King's Daughters Class entertained the Gleamers Class and Fidells Matrons in the banquet hall with a dinner for old time's sake.

Comic strip characters, members of the hostess class, formed the receiving line. They were brought to the dining room by Mrs. Carol Whiteside and Mrs. Cecil Gunter who welcomed them.

Tin cans, still bearing their

original labels, held beautiful arrangements of zinnias to decorate the entertaining rooms which were dimly lighted by kerosene lamps.

Mammy Yokum, Mrs. Lynn Kester, explained that the water line broke and the ladies just couldn't cook, but they would serve the guests some cornbread and beans, and that's just what they did. Later the ladies added servings of vegetable salad, coffee and pie.

Mopsy Flapper, Mrs. G. T. Slaughter, created quite a sensation with her pink mop wig. She really wanted red hair, and had a henna pack on her head

when she was invited to the party, so there was nothing to do but take it off—hence her beautiful pink hair.

Poor Ma Kettle, Mrs. W. S. Rice, told an awful story about her roof leaking. The lights went off the other night when it was raining. She finished her soup three times before she realized the roof was leaking.

Other members of the hostess class and receiving line were Maggie I. Mrs. Malcolm Cassels; Maggie II. Mrs. McReynolds; Fritz, Mrs. H. B. Coffin; Dandelion, Mrs. Ovril Smith; Dandelion's Pa, Mrs. M. T. Rutter; Dandelion's Pa, Mrs. Charles Calloway; Miss America of 1900, Mrs. Ben Childers; Iodine, Mrs. Paul Harvey; and Emmie, Mrs. George Suggs.

Two guests, Mrs. J. B. Harlid, the chef, and Mrs. G. P. Owen, Aunt Jimima, were in charge of the serving.

Guests from the invited clubs were Mesdames Charles Dones, Mrs. A. L. Manjeot, Mrs. R. W. Barnhart, Mrs. Wayne Evans, Mrs. Herbert Haseloff, Mrs. E. R. Kendall, Mrs. G. F. Muller, Mrs. W. H. Patton, Mrs. W. J. Reeves, Mrs. Joe Rogers, Mrs. Edgar Skypala, J. W. Witherpoon, Wilda Wombie, J. M. Wood, Frank Watson, Jimmy Allred, B. A. Reddell, Hollis Rainey, Owen Stagner, J. R. Allison, R. N. Cooke, J. R. Johnson, J. O. Clark,

Bruce Miller was the speaker for the evening service on Sunday evening at the First Methodist Church. His subject was, "Are our Children Safe?" A film, "The Power of God" was shown following Mr. Miller's brief message.

The Wesleyan Guild met on Monday evening to observe its Week of Prayer program. L. E. Gross, led the Wednesday evening prayer service, which was held in Ward Hall at 7:30.

Choir practice will be held Thursday evening at 8 o'clock in the Sanctuary of the Church. All members are urged to attend.

The pastor will be in the pulpit Sunday morning and Sunday evening. "If you have not been attending Church—start Sunday—and go regularly, and you will be surprised how much you will enjoy being in fellowship with other people in the Church," admonished the leaders of the church this week.

Joining millions of Protestants the world over, the Lutheran Church in Hereford next Sunday will observe the 433rd anniversary of the beginning of the Reformation. In the morning worship hour which begins at 11:30 A. M., Rev. Lichtsinn will preach on the text found in Matthew 16:15-19, "The Church is Built on Christ."

Sunday School and Bible class will begin at 10:30 a. m. In this weekly radio program over KPAN, Wednesday at 1:30 p. m., the pastor will tell the story of the great hymn of the Reformation by Martin Luther, "A Mighty Fortress is our God." Christian Science Services are held each Sunday morning at 11 o'clock in the Star Theatre. All who are interested are cordially invited to attend.

"Everlasting Punishment" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, next Sunday.

The Golden Text is: "The way of the Lord is strength to the upright; but destruction shall be to the workers of iniquity." (Proverbs 10:29).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The way to escape the misery of sin is to cease sinning. There is no other way" (page 327).

Several members of the Hereford Church of Christ will go to Amarillo tomorrow night to hear Otis Gatewood of Frankfurt, Germany, speak at the municipal auditorium at 8 o'clock. He will also show pictures. Gatewood has worked in Germany as a missionary since the close of World War II. The meeting is open to the public.

The regular work of the Hereford church of Christ continues with very good interest. The attendance for most meetings is the best in the history of the church, states Bob Wear.

The meetings of the church are open to the public. Sunday morning Bible study is at 10 o'clock. The Sunday morning worship service will be at 11 o'clock, the young people of the church meet each Sunday evening at 7:15 for singing and Bible study, and the evening worship service will be at 8:00 o'clock.

Each Wednesday afternoon at 3 o'clock the ladies of the church meet for Bible study. Each Wednesday evening at 8 o'clock the church assemblies for singing and Bible study.

The daily radio broadcast over station KPAN continues at 9:30 a. m. each week day and 9:15 on Sunday morning. This program will soon have been on the air two years.

R. E. Reiger, district pastor of the Seventh Day Adventist Church, spoke at the 11 o'clock hour on Acts 2:38. "Repent and be baptized everyone of you in the name of Jesus Christ for the remission of sins, and ye shall receive the gift of the Holy Ghost." Assisting elders were B.

D. Fortner and F. W. Fortner. "We should improve every opportunity to perfect our lines, mold and shape them in accordance to God's plan so that He can impart to us the Holy Spirit as we in our Christian development are able to receive it," said Pastor Reiger.

"Though diligently searching, asking, and knocking we shall find the way to salvation through Jesus Christ our Lord and can be as instruments of light in the Father's business."

The members brought and spread lunch together. After lunch missionary activities were carried on. Two and two went together in visitations of homes. Later old hymns were reviewed in song by the congregation.

On Sabbath, October 26, Mrs. C. P. Grimes will present a program at 11 o'clock entitled, "Temperance," taken from the "Listen Magazine, a Journal of Better Living."

The Hardin-Simmons Cowgirl Band will be here for two concerts next week. The first will be at the high school in the afternoon—and the second will be at the First Baptist Church after the regular mid-week services of the church. The girls will provide special music at the prayer service.

By ROBT (Bob) KIRK

DO YOU KNOW what "garnishment" is?  
Garnishment is a proceeding to determine whether a third party has property, money, or credits in his possession belonging to second party, which might be impounded to pay to the first party what the second

party owes the first party. Garnishment also ties up such property so that, if in a case being tried, it is found that the second party is indebted to first party, that the first party can have the funds in the hands of the third party applied on this indebtedness.

The most usual use of garnishment is in regard to funds on deposit in a bank. However, just because a person has funds in a bank, does not always mean that they can be garnished. There are certain legal requisites which must be met. The proceeding should be used very carefully and sparingly. Should

### Virgil Walker Has Record Maize Crop

Virgil Walker, last week, completed harvesting a six and one half acre patch of Martin maize, which produced 5,527 pounds per acre.

The patch, harvested last Thursday afternoon, formerly was occupied by alfalfa. The production represents 110 and one half bushels to the acre, if a bushel is composed of 50 pounds.

Although still more maize remains on his farm, Walker says

none of it compares with the quality on the six and one half acres already harvested.

If the Whitefaces overcome Dalhart, predictions are they they will climb high in conference ratings.

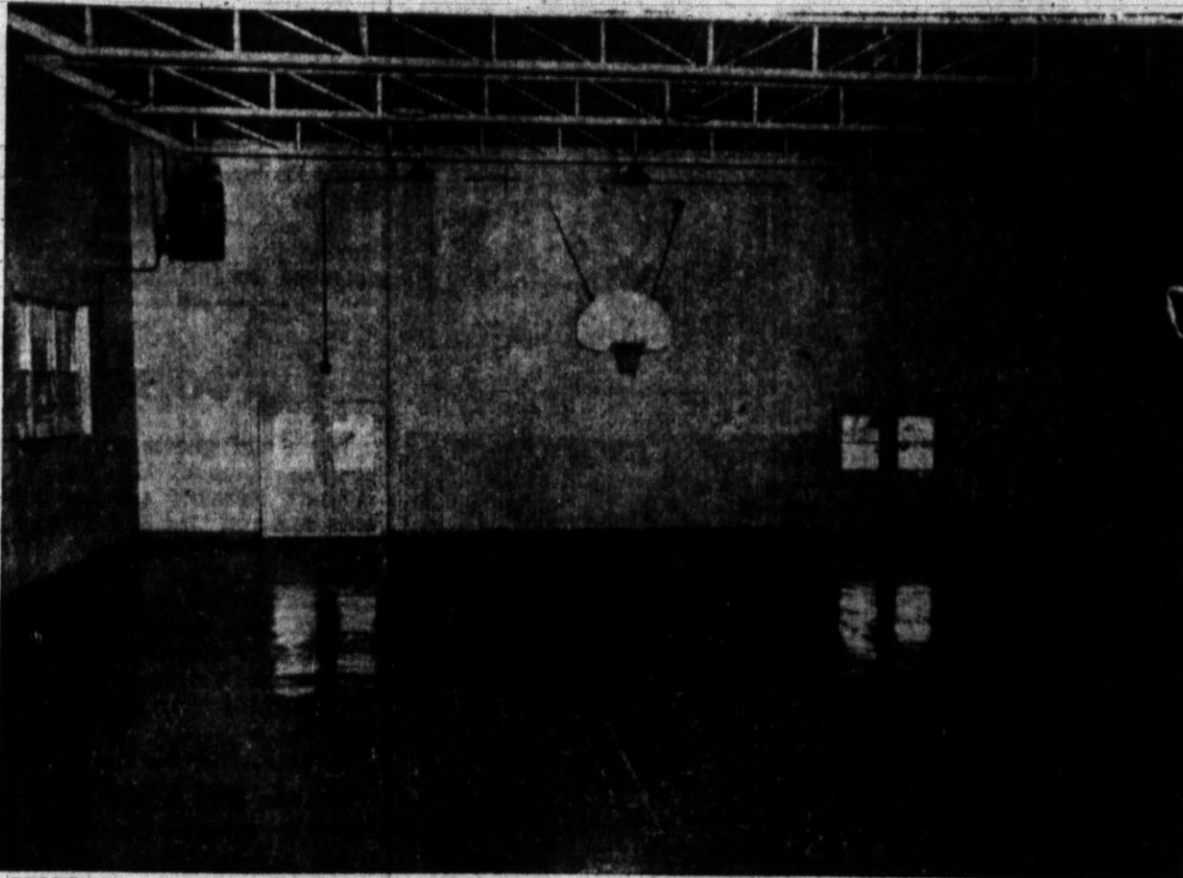

For the past three years the Wolves have been slated to win over Hereford but have lost each year.

Geared this week, to hit the field at full strength, Friday game will be the first in almost a month in which the Whitefaces have been able to play all their first-string men. Bill Kelley, Whiteface back, has been out since the Friona game, when an old charlie-horse injury was re-injured. He is working out this week and is slated for play, if no new injuries occur.

Coach Dalton Criswell said the squad is "expecting anything and everything" from the Wolves. "They've got several tricks up their sleeves," the coach said. "They always do."

The game is slated to begin at 8:15 p. m. instead of the customary 8:00 p. m.

## Concert Artists Given Ovation

Helen Clayton, soprano, and Howard Jarratt, tenor, were given an ovation at the close of their concert at the Hereford High School auditorium Monday evening.

Applauded back for three curtain calls, they finally responded with two encores before the more than 300 people in the audience were satisfied.

No less popular was Miss Moreland Kortkamp, accompanist and soloist, who played two encores following her presentation of Chopin's "Ballade in F Flat, Op. 47."

The evening's program was the first fall presentation of the Hereford Mutual Concert Association, through arrangement with Pryor-Menz Concert Service of Council Bluffs, Iowa.

Miss Clayton and Mr. Jarratt made their first appearance in selection from opera, singing in English "Madrigal" from "Romeo and Juliet" (Gounod) and "Czardas" from "The Bartered Bride" (Smetana). Mr. Jarratt then presented a group of tenor solos, including "Silent Worship" (Handel), "Zueignung" (Strauss), and "En Svane" and "A Dream" both by Greig.

Following "Rhapsodie" (Brahms) and "Waldrauschen" (Liszt) by Miss Kortkamp, Miss Clayton and Mr. Jarratt presented in costume a scene from "La Boheme." Miss Clayton responded with "Think of Me" as an encore following her presentation of a group of soprano solos, "Tu Lo Sai" (Torelli), "Les Chemins De L'Amour" (Poulenc), "Steal Me" (Monetti), and "Kerry Dance" (Molloy).

The popular New York singing team reached their height of popularity with the audience in their concluding presentation of songs from "The Merry Widow" in costume.

## Bay View Club Hears Review

Bay View Study Club met with Mrs. John P. Slaton last Thursday afternoon. Mrs. Paul Mathers, president, conducted a business meeting preceding the program when announcement was made that Texas will be the hostess state for the annual General Federation Convention next May. The convention city is Houston.

Mrs. George Heard gave the program presenting a review of the book "The Road Ahead" by John T. Flynn. She said the author's reason for writing the book is to answer the question, "Where are we going?" He speaks of America's creeping revolution in his attempt to show that America is on the road to socialism.

Quoting from the book she said in part, "We can't go on as we are. We fight communism, but socialism is our real enemy, and unless we call a halt we will be a socialist nation before we know it." Mrs. Heard outlined the author's viewpoint of socialism in England and described in detail how Britain's economic structure is being wrecked by socialism.

She described his version of a rapidly moving movement toward socialism in the United States, of the skill of the propaganda machine in the nation today and quoted the author who says, "Communists ruin by slugging over the head and the socialists ruin by slow poison."

A round table discussion of the question and of the race problem was conducted in conclusion of the program.

Members present were Mesdames: D. H. Alexander, J. R. Allison, Phillip Barkley, H. L. Benefield, H. G. Conkright, Roy Ford, Wayne Evans, Howard Gault, Francis Hardwick, E. W. Harrison, George Heard, E. M. Jones, W. S. Kerr, J. W. Kirby, Paul Mathers, John McLean, J. W. Spradley, Bob Wilson and the hostess.

From the basement of their Maplewood, Mo., home, the Rosses run a rapidly expanding chicken hatchery. In six years, they've built up a thriving business, depending a lot on their business telephone.

Says Mr. Ross: "Never realized how our telephone helps us save and make money, though, until we kept a five-day record of our telephone calls recently. Now I can see that we depend on our phone to make sales for us, run errands, deliver messages, do a great many important jobs. It's a friend indeed!"

Each year brings greater progress in your telephone service. New telephones added—greater improvements made! The result: quicker, more trouble-free service for more people. It's a real budget value—that grows in value every year! Southwestern Bell Telephone Co.

A few of the calls we made and received...  
Monday—Sudden thunderstorm—had to call for emergency electric power. Ventilators go back on—200 baby chicks saved!

Tuesday—One of our customers calls for shipment of baby chicks. Mrs. Ross is hard of hearing, uses a special amplifier. Hears easily.

Wednesday—Sister-in-law asks about son who works for us. To save time, Mrs. Ross takes call over extension in our basement.

Friday—Feed supplies low—so our helper orders more. Business telephone means low-cost way to carry on all phases of our business.

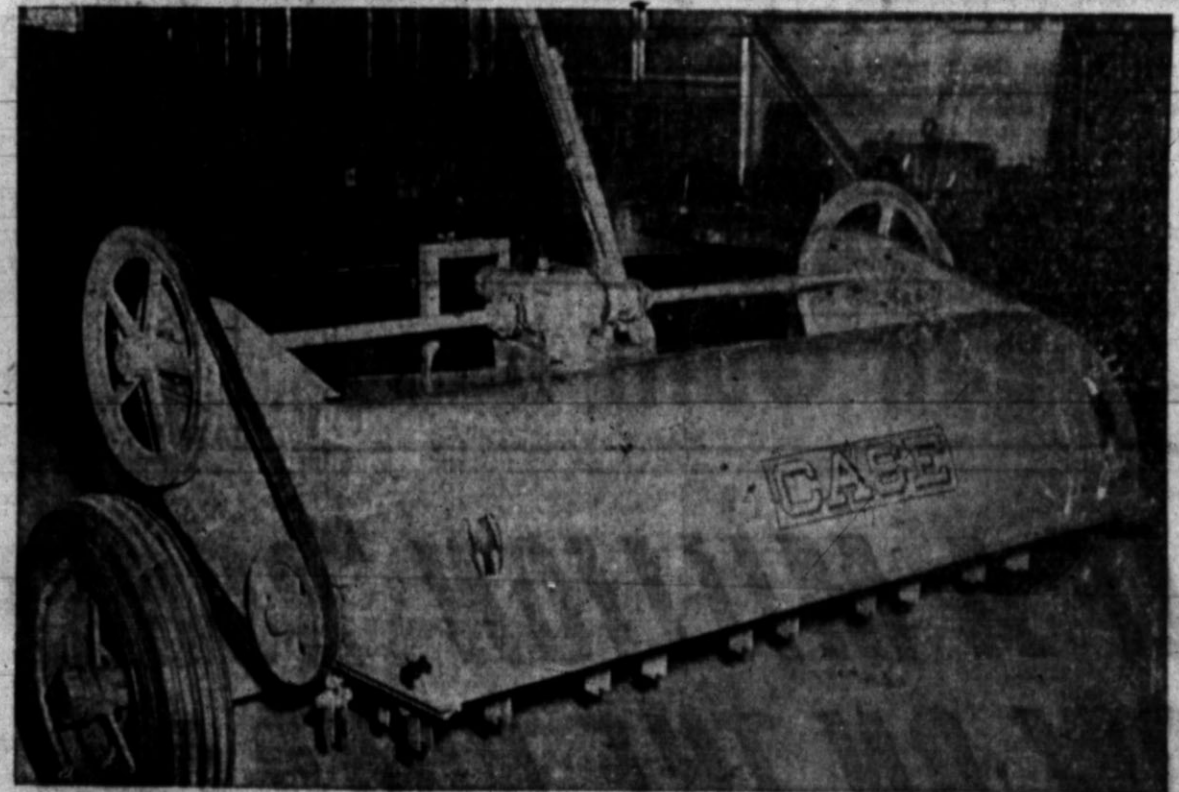

Thursday—Prospect calls about chick prices and deliveries. Our ad in yellow pages of directory helps build our sales.

### Letter To Editor

Hereford, Texas  
October 16, 1950  
Editor of the Brand  
Hereford, Texas  
Dear Editor:  
Major W. E. Culbertson and wife from Delavan, Illinois, have been in Hereford for several days, inspecting their two fine farms in Deaf Smith county. They left Sunday morning for California where they go annually to spend some time with friends. During the early days down on the border of Texas, Major Culbertson and General Eisenhower bunked together, and being about the same size often wore each others clothes.  
It is very interesting to hear Culbertson tell of the many happenings down there on the Texas border when they worked and bunked together. The Major owns several fine farms in Illinois, and for more than twenty years was secretary of the Illinois Grain Dealers Association. He spent much time

Very truly yours,

## Let's Re-elect Ben Guill

The Congressman Who Can Get BOTH Parties to Work For THE PANHANDLE OF TEXAS

THE PICTURE OF INTER-PARTY CO-OPERATION

Ben Guill, Congressman from the 18th District of Texas, is pictured above in a candid camera shot talking with Democrat Sam Rayburn, Texas, Speaker of the House, and Republican Joe Martin, of Massachusetts, Minority Leader, the two most powerful figures in Congress. Because of inter-party co-operation like this, Ben Guill is a member of the powerful House Agriculture Committee. Because of inter-party co-operation, Ben Guill got top Department leaders to travel to Amarillo from Washington for the only small business clinic ever to be held in Texas. Because of inter-party co-operation, Ben Guill has been able to get more attention for the Panhandle than any other Congressman could have got in a full term.

**BEN GUILL**—through his honesty and ability—is doing an outstanding job as our Congressman... He deserves a full term of his own. Let's re-elect the man who has proved he can do something for the Panhandle.
