Around Town

SIGHTS, FACES SEEN

At a speech to the Hereford High School Club yesterday at noon, Mrs. Louise Fargher of Dallas, regional field advisor for the Camp Fire Girls, Inc., complimented the local organization which has 75 to 80 adults active in the work of supervising the town groups, Camp Fire Girls, Boy Scouts and Horizon Club.

Mrs. Fargher met with various "ers" groups, here this week she is meeting with the Adlers Association at the Camp Fire hut. The regular guardian's association meeting this afternoon at 2 o'clock will conclude the leaders meeting. All leaders who are not participating in the entire-day's program are urged to attend this meeting.

Mrs. Bob Wilson, who three or four years ago was awarded one of the 10 medallions given leaders each year for outstanding services, Mrs. Urlin Streu, Mrs. Dick Barnard and Bob Wilson were all mentioned by the regional advisor for outstanding services rendered.

Christmas shopping began in Hereford this week. Store owners reported a large number of out-of-town shoppers, most of them from communities in the county, are doing their Yuletide buying here rather than in the larger cities of Lubbock and Amarillo.

The Jaycee Christmas lighting program is well on its way. Beginning Sunday afternoon the Junior Chamber of Commerce members have almost finished all street decorations and probably will have the lights turned on by week's end.

A reader presented the Brand a letter written from an out-of-town subscriber and containing several items of local interest. Those items are published elsewhere in the paper. However, glancing over the contents of the letter, we could not help observing one paragraph filled with description that, we believe, rates with the best. The letter was written while the correspondent waited in the of-

Question OF THE Week

Have you started your Christmas shopping yet?

Mrs. Raymond Paschel: Yes, I've just now started. I have a pretty good-sized list on the top of which is my daughter, Patricia, who will be a year old Christmas day.

Mrs. Oliver Cummings: Yes, I started today (Monday). I will have a whole lot to do as I have five children, the grandchildren and two sons-in-law on my list.

Mrs. Jesse Stanford: I've just started. I saw the Christmas decorations up, and I thought it was time to start.

Mrs. Lola Blankenship: Yes, I have started. My list isn't too long, but it's quite a bit in the way. I have five children and seven grandchildren to buy for.

Mrs. O. L. Landers: No, I haven't. I'm not going to buy much this year. Of course, Santa will remember my son, John, who will be three in January.

Mrs. Coleman Wright: I'm starting today (Monday). Yes, I have a long list. We have three children. Shopping for teenagers is the biggest job for me.

Mrs. Don Boles: No, I haven't even thought much about it. I will start shopping by the first for my three children, ages six months, three years, and six years.

Mrs. Don Little: I haven't gotten any further than making out my list—it's pretty long. Seems like every year our family increases. This year there are two new ones.

DON MOORE is director of the "Messiah" to be presented Sunday afternoon in the 16th annual performance of the oratorio by the Hereford Civic Chorus. Mr. Moore has directed the presentation of the "Messiah" several different times in other towns. He is in charge of vocal singing at the Hereford High school and in the elementary schools.

Final Messiah Rehearsal Will Be Tomorrow Night

Final dress rehearsals of Handel's "The Messiah" will be held Friday evening at 7:45 o'clock in Ward Hall of the First Methodist Church. The 16th annual performance of the Messiah by the Hereford Civic Chorus will be Sunday afternoon at 5 o'clock.

Miss Mattie Mae Swisher, president of the chorus, urged all singers to be present for the dress rehearsal.

In the presentation of the Messiah, the civic chorus will be assisted by singers from Amarillo, Pampa, Plainview, Dimmitt, Friona, and Portales, N. M.

Mrs. Nellie Erhard of Amarillo will be at the organ, and Mrs. J. C. McCracken will be pianist.

Don Moore, who has conducted many successful performances of the Messiah in other towns, will be conductor for the Hereford presentation. Candle lighters will be Ted Moore and Jeff Minton.

An offering to defray necessary expenses will be received at the doors after the performance. "The presentation this year will be somewhat shorter than in former years," said Miss Swisher. "Three new choruses have been added while a number of solos and some of the choruses formerly presented have been omitted, making the length of the Sunday performance about an hour and 15 minutes."

Martin Undergoes Operation Monday

D. C. Martin, principal of Central Grade School, was reported yesterday to be doing as well as can be expected at Baylor Hospital in Dallas following a major operation Monday morning.

Martin was accompanied to Dallas by his wife and Supt. George Graham and Bob Wear, Church of Christ minister. Graham and Wear returned home Tuesday evening.

Doctors at the hospital termed the operation successful. It was a spinal operation, including the fusing of two vertebrae, re-routing some nerves, and the removal of arthritic deposits.

Mrs. Mattie Mae Swisher, president of the Hereford Civic Chorus, is in charge of arrangements for the presentation of Handel's "Messiah" Sunday afternoon at 5 o'clock. Miss Swisher has directed the "Messiah" 15 years.

Services Set For Mrs. John Scott

Funeral services will be conducted at 10 a. m. today in Vega for Mrs. John W. Scott, 67, who died at Hot Springs, New Mexico, yesterday morning following a long illness.

Mrs. Scott is the mother of Archie Scott, Mrs. L. E. Schneider and Mrs. Dudley Green, all of Hereford. She had lived in Vega from 1898 until a few years ago when she and her husband moved to Hot Springs.

The services will be conducted at the Vega Methodist church with Rev. L. E. Godwin, pastor of the Panhandle Methodist church officiating. Rev. Godwin will be assisted by the pastor of the Vega Methodist church.

Born in Mississippi August 20, 1893, Mrs. Scott, the former Miss Ethel Durham, came to Texas as a child with her parents. In 1898 she married John W. Scott at Rosebud, Texas, and came to Vega the same year. The Scotts were pioneer farmers and ranchers of the Vega area.

When Mr. Scott retired from active farming activities, the family moved to Hot Springs, where they have lived since. Mrs. Scott was a member of the Methodist church at Vega and Hot Springs.

Besides her husband and one son and two daughters of Hereford, Mrs. Scott is survived by two more daughters, Mrs. S. S. Prichard of Friona, and Mrs. P. (Continued on Page 3)

Winners Tie In Final Contest

The final weekly football contest ended Saturday in a four-way tie between Mrs. Lowell Sharp, Cawthorn Bryant, John McClesky, and Mrs. George L. Olson.

Games most commonly missed last week were Purdue and Indiana, Rice and T.C.U., Ohio State and Michigan.

Interest in the contest remained high throughout the entire season, approximately 150 persons attending consistently.

Water Users Charge Board Findings Oust Water Law

Water War Goes On Again

The oft-recurring battle for control of underground water—a battle between High Plains water users and the Texas Water Code Committee—is on again.

Lyle Blanton, member of the High Plains Water Conservation and Users association with headquarters at Plainview, joined Howard Gault, president of the local water association, Ed Adams, secretary, and several others to protest the recently compiled preliminary report of the Water Code Committee.

"This situation should be given the serious consideration of every citizen in Deaf Smith county," Blanton said. "If the group at Austin are successful in having their report and recommendations adopted, the users of underground water, will lose all control of that water."

He pointed out that control would be vested in the state and the "true owners of the life-blood of the Plains" would have no voice in the use of their own resources.

Two Cases Ready For Grand Jury

Two cases were scheduled to come before the grand jury last night or early today. Billy McFadden was to appear on a forgery charge, and W. C. McKinney, a negro, was to appear in connection with an alleged knifing.

McFadden was returned to Hereford Tuesday by the sheriff's department from Clarendon where he had been held on another charge. Sheriff J. C. Reese said McFadden is allegedly the writer of forged checks passed by another man. They were drawn on Jack Renfro.

McKinney was picked up by police Chief Floyd E. Reese about 7:30 o'clock Sunday morning. The 26-year-old negro, it was claimed, had slashed his girl friend's hand.

Members of the grand jury are T. E. Seigler, Jr., foreman; J. H. Landers, Charles Burk-Guy Lawrence, G. S. Solomon, J. V. Perrin, Bruce Woodell, Colby Conkright, C. W. Parker, Lowell Sharp, H. E. Danforth, and Luther Lesley.

Gollehon Uninjured In Mishap Saturday

Elmer Gollehon escaped injury and any serious damage Saturday evening when he was compelled to swerve his 1950 Cadillac off the Dimmitt highway.

Gollehon was going to Dimmitt alone when he pulled up behind another car. He signalled twice to indicate he was starting around the other car. The driver of the other car is reported to have misunderstood the signal and pulled his car into Gollehon's. The cars are not reported to have collided, but Gollehon pulled completely off the highway and hit two trees.

Damage to the car was only slight, including a broken front bumper.

Youth Escapes Crash Auto Is Demolished

R. L. Rickman, 23, Hereford farmer, received no more than a scratched nose when his 1938 Ford Coupe crashed into the rear end of a parked truck and was totally demolished on Park Avenue near 25 Mile Avenue about 7 p. m. Saturday.

The right side and the entire top of the vehicle was sheared away in the crash, and Rickman climbed from the wreckage and went to the home of his brother-in-law, Walter Hodges, immediately after the accident, local police officers reported.

Rickman, who lives in Hereford and works on a farm out of town, said he was driving east on Park Avenue "and, the first thing I knew, that truck was right in front of me."

The truck was unoccupied at the time of the crash. For about an hour after the accident officers did not know the whereabouts of Rickman. He was driven to Hereford by Hodges, officers said.

Mother Is Ill

Mrs. Lee Rogers is in Clovis, N. M., with her mother, Mrs. Frank P. Wilson of Bovina, who underwent an emergency operation early Tuesday morning. Both Mr. and Mrs. Rogers spent Tuesday with Mrs. Wilson.

president of the organization of irrigation farmers and other well users in 14 High Plains counties, said the association would do everything in its power to head off adoption of those portions of the Code Committee's recommendations which will affect underground water use.

The association sent out a call to all of its members to mobilize county organizations "with men and money to protect private ownership of ground water. Members throughout the High Plains were urged to contact their county associations for instructions.

"If we can head off adoption of these recommendations, we may save ourselves a bigger fight later on," Fortenberry said.

Local spokesmen for the water users organization said steps had been taken and a movement already was under way to secure support by water users and numbers from ranchers and farmers in the area for whom the control of water by local forces is vital to agriculture.

The well users' group will be represented, he said, at the Code Committee's public hearing in Austin Dec. 11, which the committee has scheduled before making its final report to the governor and 32nd Legislature.

In Littlefield, Arthur P. Dugan, Jr., chief attorney for the High Plains association, declared "this committee was originally created to study surface water laws and their revision exclusively but their preliminary report issued Nov. 1 deals with all water resources of the State of Texas."

"From start to finish, this report deals with all water resources of the State of Texas—it sets fourth the objectives of conducting an inventory of all water resources, of reorganizing the administrative agency and vesting in it broader powers of regulation and control of all water." Mrs. Lucas' Father Is Killed In Kansas

The Dick Lucas family left yesterday morning for Great Bend, Kans., to attend the funeral of Mrs. Lucas' father, A. E. Jaeka, who was accidentally electrocuted there Tuesday night while investigating an automobile accident.

Mrs. Lucas' father was elected sheriff at Great Bend in the November elections, and at the time of his death was serving as undersheriff of the county.

"The Lucas family in Hereford received a telephone call from Great Bend about 1 a. m. Wednesday, informing them of the tragedy.

Mr. Jaeka is survived by his daughter, one son, Buford of Monroe, Louisiana, two grandsons and one granddaughter.

Funeral Held for Pioneer Farmer, Ludwig Huckert

Ludwig Huckert, who came to the United States from Germany at the age of 34 and enjoyed 42 years of life here, died at Deaf Smith County Hospital at 3 o'clock Sunday afternoon following a long illness.

Funeral services were held Tuesday morning at 9 o'clock at St. Anthony's Catholic Church with Father Dominic Kenny in charge.

Pallbearers were Lee Curry, W. J. Stanford, Layma Beavers, Frank Knabe, Buss Schlab, and Joe Broksman.

Huckert was born on January 1, 1874, in Germany and was married to Josephine Fluck on July 25, 1903. While in Germany Mrs. Huckert worked as a lumberjack and Mrs. Huckert worked as a weaver.

The Huckerts came to the United States in 1908 and lived in Iowa a short while before moving to Castro County. By years of hard work and diligent

Mountains on the plains, mountains of solid grain, not earth, break the landscape at Hereford these days. With most of the piles now complete, grain men are working with probably the biggest row-crop ever known in Deaf Smith County. This year, when graineries were filled and railroad cars became unavailable elevator operators heaped the mlo on the earth rather than sending producers out of the county to market their product.

A few of the piles of grain here are shown in the photos below:

(1) The grain pile at Sears Grain company reaches high upon the elevators. Many acres of mlo were grown to produce the stack of golden ripe grain.

(2) As far as the eye can see a series of small piles of grain extend. The grain in this photo was piled from trucks, rather than from high elevators.

(3) Grain, corn and more grain may be seen stacked near Bradley Grain company east of Hereford. Carl Sundeen at right, an Iowan, says "What has Iowa got that Texas hasn't got." At left a family from the labor camp sorts out husks from the corn pile for use making tamales.

BELOW—The mountain of grain at Pitman Grain company is estimated at 450,000 bushels or almost half a million dollars worth of mlo. Grainmen say rains now would do little damage to the grain stacked on the ground.

A TOTAL WRECK are the words best describing the remains of the 1938 Ford coupe in which R. L. Rickman, 23, was riding when it crashed into the rear end of a parked truck on Park Avenue Saturday night. The youth not injured was reported to have left the scene shortly after it happened and did not return until some time later. The truck was unoccupied and was not greatly damaged in the crash.

 fice of a lawyer. Here, with the permission, but not the name of the author, we publish the paragraph:
 "The lawyer still has not come back from court. And his two clients are still sitting here looking at each other, and trying to avoid looking at each other. Simultaneously. They have not thought of reading some of those interesting magazines on road machinery, county bonds and or Best-Yet Floor cleaners. But I must commend them for not starting one of those "Where-do-you-live, us-huh-Hasn't-it-been-cold-to-day?—Yes, —and-my-husband's-uncle-is-down-from-Dallas-to-visit-us-for-the-holidays." conversations. One of the clients has now decided to go through her purse and read all the old purchase receipts, bills and letters. The other one has feigned drowsiness, and has shielded her eyes in an attempt to avoid staring at the other woman. When this fails, or becomes tiresome, both of them stare at me as I type. And so we wait."

Robert Thompson told the Jaycees Tuesday night about Hereford's newest club: **HADACOLICS ANONYMOUS**.
 A week-end revival will be held at the Avenue Baptist Church with Dr. Roy L. Johnson, pastor of the Canyon Baptist Church, in charge of the services.
 The revival begins Friday night with the opening meeting at 7 p. m., and continues through Sunday night.
 Rev. H. V. Fields, pastor of the church announced the coming revival and stated all who wish to attend are cordially invited.
 With all the excitement of the Whiteface-Shamrock football game and the preparation for a visit with their daughter, Mrs. C. C. Nolen, in Austin, Mayor and Mrs. W. E. Dameron went to Austin Friday and realized when they arrived they were without tickets to the University of Texas-Texas A&M football game which they are planning to see today. A telephone call to a sister-in-law, Mrs. Harry Seed, produced the tickets, with the assistance of Mr. Seed who sent them by air mail in time for the game.

Attend Convention
 J. C. Morrison accompanied M. T. Rutter of Hereford to Austin Sunday to attend the convention for county commissioners and judges.
 Grady Wilson and son, Larry, of Faith, South Dakota, are spending a few days here on business and visiting relatives and friends.
 Lynn Young of Ford spent Monday evening with his sisters, Mrs. Harold Head.
 Mrs. J. C. Morrison and Mary Lynn attended a tea for Bluebird mothers at the Camp Fire hut Tuesday afternoon.
 Several from here ate Thanksgiving dinner at the Catholic Hall at Hereford last Thursday noon.
 Mrs. Merlin Kaul visited her brother, Oren P. Stoner and family at Coffeyville, Kansas, over the holidays. She accompanied Mr. and Mrs. John Jacobson, Jr., and children and Mrs. E. E. Fridley who visited relatives at Wichita and Harper, Kansas.
 Mr. and Mrs. Ralph Durstine of Friona were callers last Friday afternoon in the Merlin Kaul home.

Anniversary Dinner
 A dinner was held at the Robert Boyd home Sunday honoring Mr. and Mrs. Boyd on their 23rd wedding anniversary. After dinner they were presented a number of gifts, including a beautiful table lamp.
 Those present included Mr. and Mrs. F. H. Luck, Mr. and Mrs. G. C. Merritt and son, Mr. and Mrs. Glen Williams and children of Hereford, Merlin Kaul and sons, Larry and Walter, Mr. and Mrs. Elmer Combs and boys, Mr. and Mrs. Kelly Gray, Mr. and Mrs. A. A. Head, Mr. and Mrs. Harold Head and

 A story is going the rounds about a local 20-year-old tractor driver, who was returning from the country last week just after dark when he saw several pair of eyes shining in front of him. When he realized the eyes belonged to Mama fox and a whole pack of little foxes, he stopped his car; jumped out, and ran in pursuit of them. He was going good and gaining fast when—wham—he hit a sturdy barb wire fence. Mama and the pack gained too much ground because of the accident. He scampered over the fence after them, still running fast and watching the foxes by the light of the moon, but a patch of weeds soon hid them from view and capture. He said he planned to overtake them and just gather up as many little foxes as his arms would hold.

the Code Committee's definition of artesian wells is "ambiguous enough to include every windmill and irrigation well on the High Plains." That would bring irrigation wells under the meaning of stringent regulations now on the state law books but not being enforced at the present time.

Value of the High Plains water resources, has been figured at 300 million dollars, from the real estate angle alone. Water suitable for irrigation is found under three million acres of farmland on the Plains and the water rights alone are valued at

an average of \$100 an acre. More than 15,000 wells are scattered over the area.

ter resources; prevention of waste of all water resources, and so on.

The key paragraph cited by Duggan is a proposed constitutional amendment which is a revision of one introduced in the last session of the legislature. The original amendment dealt with surface water only. The revision brings in all water resources.

The newly-added subsection in the amendment reads:

"For the purpose of aiding and providing for the conservation and distribution for beneficial uses of the water resources of the state, including all waters of streams constituting a part of the state's boundaries, the Legislature shall be authorized to provide for the collection of use fees for the diversion or use of flowing water by persons, by corporations both public and private, and by political subdivisions.

Duggan charged it would amount to a tax on ground water use to finance building of river dams and other surface water projects.

"In effect," the attorney declared, "it would destroy all the work we have done in the past three years."

He referred to the successful mobilization of High Plains farmers three years ago when they defeated a bill in the state legislature to give title and control of underground water to the state; and to subsequent passage in 1949 of House Bill 162, "The Underground Water Conservation Law," which incorporated all the farmers' ideas about title and control to the groundwater.

The present law hinges on two points. First, it declares that the water under his land belongs to the individual owner and its use cannot be allocated or taken away.

Second, the law lays the framework for organization of underground water conservation districts, run by locally-elected boards, and assigns districts the powers of conserving, preserving, protecting and re-charging the underground water in reservoirs over which they have jurisdiction.

Some progress has been made towards organization of districts on the High Plains. But since August, when the important first step of designating reservoir boundaries was taken under advisement by the State Board of Water Engineers, no further action has been possible.

"We'd be holding elections to create districts right now if we knew what the boundaries of our districts are," Duggan said. In fairness to the Board, he pointed out that they lack funds to obtain maps needed to complete their survey on ground water resources.

In its report the Code Committee recommended that the jurisdiction for creation of ground water districts be conferred solely on the State Board of Water Engineers, deleting the powers of the county commissioners' courts.

Under the present law, the commissioners courts may call elections creating one-county districts, while the State Board has jurisdiction over elections creating multi-county districts.

"What we really need," Duggan said, "is an amendment to allow us to create districts along county lines instead of following the lines of the underground water reservoirs. If it was a function of the commissioners' court, we'd be holding an election right now."

Duggan also pointed out that

RECIPE OF THE WEEK
By Mary Lee Taylor

Holiday Cookies
Broadcast: December 2, 1950

3 cups sifted, all-purpose flour
4 teaspoons baking powder
1 teaspoon salt
1 cup soft shortening
1 1/2 teaspoons vanilla
1/2 cup sugar
1/2 cup Fat Milk

Turn on oven; set at moderate (375°). Sift flour with baking powder and salt. Put shortening and vanilla into bowl. Add sugar gradually, mixing until light and fluffy. Stir in about 1/2 of flour mixture. Stir in half of milk. Repeat until all flour and milk are used. Turn out on lightly floured board. Roll 1/4 in. thick. Cut into desired shapes with floured cutter. Put on greased baking sheet. Bake on oven shelf slightly above center 10 min., or until brown. Cool before frosting. Garnish, if desired, with colored sugar, silver drages or candy decorations and strips of candied fruits. Makes about 6 doz. 2 1/2-in. cookies.

You Will Need:
Fat Milk, All-Purpose Flour, Baking Powder, Shortening, Vanilla and Sugar.

Public Invited To View Masterpieces

Miss Della Stagner, elementary school coordinator, extends an invitation to the public to attend the art exhibit now open in the music room in the basement of Central School. The exhibit of 150 masterpieces in full color is being shown all week to raise money to buy pictures for the schools. Some will be purchased for each school and several will be bought for the new Shirley School. Tickets are on sale at the door. Admission charge is 35 cents for adults, and 14 cents for children. Pre-school children accompanying adults are admitted free of charge. Adults are especially invited after school hours; however, they will be admitted any time they wish to attend, said Miss Stagner.

THE BRAND

By JIMMIE GILLENTE

Looks as if the Jaycees are doing another good job on Christmas decorations. I heard a newcomer the other day say that he thought the deal was over-stressed. I got to thinking back to years when we had no decorations—and remembered that things were pretty dull. A town without Christmas decorations these days is very much like a home without a single decoration. Christmas tree, or any lights. Maybe Christmas is commercialized too much but, after all, as the saying goes "It comes but once a year." I think that the Jaycees are doing a most worthwhile and an excellent job. They deserve every possible assistance. Things like this make a mediocre town good—and a good town better.

STOP CORN BORER LOSS

Complete Shredding Action For Both Hills & Valleys

The HORN SHREDDER with 16 free swinging shredders and 3 separate Cutting Heads features a center shredding head which operates from 4 to 6 inches below the "over the row" hammers. This feature insures positive shredding on the hills and IN THE VALLEYS! The Horn Shredder eliminates "missed stalks", jammed chutes, windrowing, and "bearing heat". Adjustable from the Tractor Seat, the Horn Shredder has an adjustable height of 7 1/2 inches and the cutting heads are always LEVEL. With Self Aligning Patnr sealed bearings, V-Type sheaves and belts, the Horn Shredder is designed for maximum operation under all conditions.

DON'T SAY CORN SHREDDER, SAY "HORN SHREDDER"

Hereford Implement Co.

Doc and his friends feel that he was acting under orders and, therefore, the government should be responsible. It is a pretty fair size question. Understand that he may file with the Court of Claims to cover expenses. I believe he is entitled to some consideration in that he would not have been on the highway at that time—except for navy orders to report.

Earl Phillips and Dick Jowell were by the other day to say that unless some precautions are taken that the number of grass fires will be tremendous in January and February. They said that a lot of folks would like to burn off vacant lots now, which is also dangerous. Furthermore, they said that any person who has a sizeable tract or in cases where several neighbors get together and set a time, that the fire department will bring a truck to the location and standby to avert spreading of grass fires. The fire boys, like other people, have to work during the day, but they will get a skeleton crew and make these calls—just to prevent disaster next spring.

They figure this is most important, especially where large tracts of grass adjoin buildings. It is a lot of trouble for them, and I think they were mighty thoughtful and generous to make such an offer. How about it? Do you need and want to cooperate with these boys in protecting your property? Just call Earl Phillips and he will give you a definite date.

Had a press release from Walter Rogers, new Congressman-elect from the 18th District. He says that all boys in this district, 18 to 22 years of age, who desire to apply for admittance to the U. S. Naval Academy, Annapolis, should write him at Box 1699, Panpa, not later than December 15. Examinations will be held in January, but the names have to be certified in mid-December.

Once again, surface irrigation on the high plains of Texas faces the threat of regimentation and taxation. This is probably a worse situation than has ever before been faced. It also has some basis in that many Texas cities are actually short of drinking water. However, a state-wide law cannot equitably cover all portions of Texas. Now is the time to act. Understand they are planning a meeting of water users to fight this proposed bill. This is the third or fourth time it has come up—and it is serious. The bureaucrats would like to tell us when to turn our wells off and on. This started back in 1939 and they have been plugging away. Every year it is the same old story. The only way to stamp out such a menace is to get into the organization and speak our minds. Let them know how far they can go. Howard Gault and Lyle Blanton spent a lot of their own money fighting this bill—with very little backing or support.

If you folks want to ask some government hirling when you can irrigate, it is your business—but I don't think most of you want this. So please, please watch the notice for the general meeting—and take time to attend. The American people have let things get into bad shape, simply because they did not have time to look after their business. As a result the 40-hour-clock watchers are telling many people what they can do and cannot do.

I can, without much imagination, hear these old West Texas boys screaming their heads off because their row crop is burning up—and all of the irrigation quota has been used up. They will cuss and snort and rare to no avail—simply because they didn't attend the meetings, find out the score and back up the movement with their opinions and a few dollars to fight the regimentation of water controls. I want the people to have what they need and want—but I sure do hate to see them sit docile in an aura of false security and get straddled with regimentation not paralleled by many of the dictatorships. Personally, I don't believe in state and federal controls of this type. However, I don't know too much about it. The thing I am driving at is "Decide what you want, then fight for it." If you want controls, it's OK by me but, for once, let's make an effort to get what is best for the people.

People are buying "Posted" signs by the dozens. They say that hunters are shooting livestock, tearing up fences, leaving gates down and generally doing damage to everything but the ducks and geese. This is a shame. If you are a sportsman, you will at least have the civility to ask permission to hunt. Most land owners are generous and considerate of those who protect their interests. After all, the owner should have some rights. The least you can do is ask permission.

HEADS UP—Everybody's attention in the photo above was up, except for the two Jaycees atop the tower, who had nothing between them and the sky. The Christmas decorations were expected to be completed over the principal streets of the town by week's end. On the tower are (left to right) Jaycees Ed Young and Jim Roberts. On earth are (left to right) Jim Terry, P. T. Woods and John Aiken.

Victim of Wreck Returned Home

Mrs. C. H. Smith, mother of Mrs. Willard Witherspoon, who was injured in an automobile accident near Amarillo on November 12, with Mr. and Mrs. Witherspoon, was able to leave Saturday to return to her home in Austin.

She went by car with her husband and two daughters, Mrs. L. L. Reed of Austin and Mrs. Floyd Hodges of San Antonio.

Mrs. Witherspoon is able to do some of her work now, but is still hampered by her broken arm and the fact that she is weak.

Mrs. Witherspoon's sister and brother-in-law, Mr. and Mrs. Walter Seth Maker, left Monday for their home in Chicago. They have been here since the accident. Others of the family who have been here recently are Mr. and Mrs. J. W. Stewart of Wichita Falls, L. L. Reed of Austin, Mrs. Kathleen Marsh of Houston, and Mr. and Mrs. Paul Cheney of Tulsa, Okla.

Miss Ethel Womble spent Thanksgiving in Tulsa, Okla.

KITCHEN MEMO BY JEAN CLARK

NO matter how sweet a tooth you have, once in a while your taste buds appreciate tartness. Cranberries are tart but here we supplement them with pineapple for a Cranberry Pineapple Pie. The amount of sugar added isn't enough to make the filling sweet. Combine 1/2 cup sugar, 2 tbsps. flour, 1/4 tsp. salt. Add 1 1-lb. can whole cranberry sauce and 1 9-oz. can (1 cup) crushed pineapple. Mix well. Pour into pastry-lined pie plate, dot with 1 tbsps. butter or margarine. Cover with remaining pastry and don't forget to slit the pastry top. Bake in a hot gas oven (425°F.) for 30 mins. Yield: 1 9-inch pie.

Such laundry as towels, cardigans, bedspreads that don't need ironing when they're dried in the gas dryer, shouldn't be left in the laundry basket to wrinkle. Fold them and put them away as soon as you take them out of the dryer.

Beefs won't lose their gay red if the long taproot leaves and an inch or two of stem are left on.

Recently approved by the American Gas Association's Testing Laboratories are new gas furnaces which may be installed in such confined spaces as closets—especially convenient for the new basement-less homes.

Jaycees Hear Manuel Edquist

Members and wives of members of the Hereford Junior Chamber of Commerce heard Manuel Edquist, manager of the Amarillo Gas Company, tell about the "Care and Feeding of Children," a humour-packed address, at their ladies-night meeting Tuesday at the Jim Hill hotel.

Each sentence spoken by Edquist was loaded, and he kept Jaycees and their wives laughing throughout his address.

Dividing his talk into two parts, Edquist, who is a deputy governor of Toastmasters clubs for this area, told about "self-feeding" and "training."

He suggested the best place to train a child to eat probably

would be in the "geographical center of the vacant lot next door." But since "most of us like to do it in the privacy of our own homes" he described a room with tile walls, tile floor and a large drainage hole as the most desirable type of room.

Another part of the program was presented by two of Hereford's lawyers, Bruce Miller and John Aiken. Robert Thompson, master of ceremonies, introduced "a young lawyer in Hereford—one who had not been with us a great length of time." Both Miller and Aiken rose to deliver their talk. While one spoke one sentence, the other spoke another.

Mr. and Mrs. Ernest Kendall and children have returned from a trip to Oklahoma City.

Car-Truck Crash Causes Damages

A collision Friday at 9 a. m. of a pick-up truck driven by John Gilbert and a parked 1950 Ford in which Horace Gamez was seated on Highway 60 near the junking yard resulted in extensive damage to both vehicles, but no serious injury to either of the men.

Jack Rogers, insurance adjuster from Amarillo, said he estimated the total damage to both vehicles would be "between \$1000 and \$1200."

Gamez was seated alone in his parked automobile at the time of the accident. Gilbert was driving alone when his pickup collided with the parked car.

SAN ANTONIO GUESTS

Here from San Antonio to spend the Thanksgiving week end were Mr. and Mrs. Irvin Lawson and son, Glen Roy; Mrs. Lawson and Mrs. Glenn Weir are sisters and the visit was spent in the Weir home. Mrs. Thelma Jersig and daughter Judy of Amarillo were also recent guests in the Weir home.

H&H Furniture Opens In New Building

Oris Hall and Vern Hilton announced yesterday they are now open for business at both the new and the old H & H Furniture Stores, 147 Main and 423 Main.

Crews were still working yesterday, unpacking and arranging furniture in the big new building next door to the Hereford State Bank.

A formal opening date will be announced later, said the owners.

Mrs. Nell Morgan has moved to Albuquerque, New Mexico where she will be employed by the Fraser Milling Company.

Cotton Harvest Is Now In Progress

With the cotton harvest in its peak for the season, the price has dropped a cent, said John McManis, manager of the local cotton market.

The price still remains usually high—37 to 40 cents a pound, depending upon quality. The high for the week was 41 cents per pound.

Ginning is running processing about 55 bales yield per acre over Deaf County is spotted, said McManis, with some yielding one and a half bales per acre and some running low as half a bale per acre.

Mr. and Mrs. Coleman Wright and family spent Thanksgiving in Muleshoe with relatives.

Mr. and Mrs. Sam Nunnally and daughter spent Thanksgiving in Tulsa, Okla.

Mrs. Zada Howard returned to her home in Denver, Colo., Monday night after having spent several weeks here visiting in the homes of her sons, Tom and Bill.

Mr. and Mrs. Ernest Wade attended a family reunion in Tulla Thanksgiving Day, and Mrs. Wade stayed until Sunday.

Guest in the home of Mr. and Mrs. Ernest Wade is a sister-in-law, Mrs. Jack Avent of Tulla.

Mr. and Mrs. Delton Dye of Claude and Mrs. A. J. Weiser of Panhandle were Sunday guests of Mrs. Eugene Bagwell, sister of Mrs. Dye and Mrs. Weiser.

Sunday guests of Mrs. Bess Henneman were her mother, Mrs. L. M. Middick of Amarillo, her sister and brother-in-law, Mr. and Mrs. Clyde R. Corey of Amarillo, and an uncle, Howard Shannon of Lampasas.

Capt. and Mrs. Bill McQuire of Roswell, N. M., were Thanksgiving day guests of Mr. and Mrs. John Albracht and family.

Mr. and Mrs. C. L. Morris spent Thanksgiving in Memphis visiting his relatives.

Mr. and Mrs. M. C. Horst of Amarillo were week end guests of her parents, Mr. and Mrs. N. W. Livesay.

McBroom and Kelly were Bob Mathers, Devon Thompson, Orin Peed, Ray Graham and Kenneth Brock.

The next game will be played with Friona Tuesday. Another home game, Hereford will be facing a team which has lost one cage contest this year—the one played last week with Muleshoe.

Diggin' Divots

Urlih Streu placed first in the sweepstakes Sunday with a net of 68. His gross was 75 and his handicap seven. His win gave him one golf ball.

Homer Lee Owens came in second with 78 gross, six handicap and 72 net. Next to him was Oscar Lang with 83-10-73.

Weather No Barrier

Weather is no barrier for some of the golfers on Hereford's course. When the weather was way below freezing Thanksgiving day and the wind was blowing through every stitch of their clothes, 20 golfers, including one lady (Norma Amery), were on the course. Some of them played only three, but several went all the way around. Those who did so, of course, really liked their golf. They had to some admitted to get out there in weather like that.

Those who played all 18 holes were Buck Clevenger, and Frank Latimer of Dimmitt; Urlih Streu, J. M. Posey, Stan Barrett, Dr. J. H. Channer and Ted Young.

Mrs. Lucille Posey played nine holes with the men Sunday. She held her own, hitting a neat 45. She is Lady Champion of the city. Her game Sunday was with a group of Hereford's better golfers.

The boys on the high school team are reporting getting "hot" hitting par. Jim Terry, local pro, reports, however, that more teen-agers are needed to round out the team of high school players.

Plans are in the hand of the tournament committee to have an Eskimo open. "Rain, sleet, snow or shine or what-have-you" according to golf association officials, the open will be played.

JOHN PATTON—One of Hereford's Golf course's steady players, and a golfer with long years of experience, John Patton (above) lifts the ball with an iron shot. With a handicap of 15 for 18 holes, Patton normally shoots no more than nine at a time. When he does go all the way around 18, his average is in the low nineties.

The course should blossom out looking like a different place in the springtime. The association has put out 2,000 plants of multi-floral rose, which makes a beautiful hedge, blooming in the spring with a white flower—and in the winter they are covered with red berries, according to Dr. Channer, president of the golf association. Now on hand at the course is a \$45 set of woods which will be awarded to the golfer who brings out the largest number of new beginners before Christmas. The woods will be given away Christmas day.

Hereford Begins Cage Play With Two Farwell Squads

Hereford High school opened cage play here this season with two games Tuesday night—one with the 'B' team and another with the 'A' basketball teams from Farwell.

Hereford basketball coach Wayne Stark's team came from behind in the last three minutes to take the 'A' game, 46-43, but lost 19-15 in the 'B' contest.

Beginning things with an early six-point lead in the opening minutes of the game,

the Hereford team stayed ahead until the half. They lead 24-22 as the second half began, but fell behind a few minutes later.

Underdogs to the tune of 42-37, the Hereford cagers went into the last minutes of play fighting. In the last three minutes they zoomed ahead nine points more to win the match.

High-point man for the Hereford team was Johnnie McBroom, who scored a total of 14

points. Next to his was Bill Kelly with ten points scored.

High scorer for the game was Coburn of Farwell, who basketed 18, or almost half of his team's points.

Fouls in 'B' Game

Basketball coach Wayne Stark said the 'B' game was marked with "more fouls than anything else." Most of the points came from free throws brought on by fouls.

Players on the 'A' squad, be-

sides McBroom and Kelly were Bob Mathers, Devon Thompson, Orin Peed, Ray Graham and Kenneth Brock.

The next game will be played with Friona Tuesday. Another home game, Hereford will be facing a team which has lost one cage contest this year—the one played last week with Muleshoe.

THE "TUMBLEBUG" TWO-WAY TRACTOR PLOWS ... GANG AND SULKY

When you plow with a TK Series two-way MM tractor plow, you are plowing with the most modern plow designed for use in irrigated fields, on hillsides, in tarracing, or wherever it is advisable or necessary to turn all your furrows one way and to eliminate dead furrows. The TK does a superb job of plowing, thereby lightening the other operations that follow.

Because of its unusual design, it is fully patented and is an exclusive MM implement. Years of experience by specialists in plow manufacture have been utilized in building this TK series plow.

TRA DISC PLOWS That Accomplish Excellent Plowing Jobs Where A Moldboard Has Tough Going!

If your soil is sun-baked or so hard that mold-board plow will not scour or penetrate it, try an MM TRA Series Disc Plow on it and you will be surprised at the excellent results. The MM will do a real plowing job under all conditions where plowing is practical from 3 to 14 inches deep. The TRA Series Disc Plow incorporates many of the famous basic ideas of the world's leading seller: MM Wheatland Disc Plow.

TRA Disc Plow has ample weight wheel weights to do excellent work in any firm soil. The construction is such that the entire weight of the plow with the exception of the land wheel is effective in holding the plow to its proper depth. The important requirement of holding the discs to a fixed depth is far more dependent upon construction than on the weight of the plow. The TRA disc plows are available in sizes of 3 to 6 discs with an approximate width of cut ranging from 30 to 60 inches. Width of cut is adjustable by spacing the disc standards and adjusting the rear wheel forward. Plow is also adjustable for plowing from 3 to 14 inches deep.

She holds a bachelor's degree from A and I and has done work on her master's degree at Sul Ross College, Alpine. This is Miss McMaster's fifth year to teach in the Hereford schools.

Mrs. H. C. Welty returned Sunday evening from a family reunion at the home of her sister in Sweetwater.

Mr. and Mrs. O. L. Leaders and son spent Sunday visiting her mother, Mrs. E. L. Pellam, in the Westway community.

Long Time Ago

25 YEARS AGO

A long list of premiums will be awarded winners in the Poultry Show to be held December 10, 11, and 12.

J. P. Wood of Hereford claims to have plowed the longest furrow in the world and he challenges any man to show records where a longer one has been plowed. Back in 1906 he plowed the fire guard for the Santa Fe railroad from Canyon City in Randall county to the sand hills in New Mexico, a distance of 87 1/2 miles. He says he was compelled to take the plow out of the ground only once; and that was when he crossed the Tierra Blanca stream just west of Hereford.

Mr. Wood says there were few fences in those days to be encountered. Between Summerfield in Deaf Smith and Parmerton in Parmer county, the section house at Friona was the only dwelling to be seen. The fire guard that he plowed ran right through the present city of Friona and crossed where the Friona bank building now stands. It was a common thing to see antelope grazing on the plains at that time.

Lois Smith, Syble Smith, Inez Miller, Mignon Greer and Alim Miller were listed as having perfect attendance record at the Dawn Schools.

A wedding of much interest to the people of Dimmitt was solemnized last Thursday afternoon at Canyon when Miss Tennie Hastings became the bride of Mr. Ernest Harman.

45 YEARS AGO

Citizens met Tuesday evening to make plans for grading and macadamizing Dewey Avenue from the Railroad three blocks north, which includes the entire business district to the Ross corner. It was also decided to

grade the four side streets leading out from the business center about one block.

J. Lipscomb, judge Russell, and J. Ray were appointed as a committee to canvass the town for funds for the project.

Among the local enterprises which have been launched in this community lately is a steam power shredding machine. The experiment is under the direction of C. B. Oxendine and thus far has been a splendid success. The purpose of the machine is to thresh kaffir and maize and at the same time

shred the stalk. While in the City Saturday, J. B. Stone who has a well improved ranch north of town informed us that he has 46 acres of wheat sowed, all of which presents a very promising prospect. Mr. Stone has had long experience in wheat growing in Missouri and has no hesitancy in proclaiming his unbounded confidence in its proving a success here. He states that in many places on his farm the wheat covers the ground.

Judge C. T. Word of Canyon City says there is no spot in the United States where so large a tract of good land can be found that in any way will compare with the Panhandle.

Mr. and Mrs. W. Glenn Williams spent Thanksgiving visiting in the home of her sister and brother-in-law, Dr. and Mrs. R. L. Curry, in Clovis, N. M.

Mr. and Mrs. Marvin Harris and daughter, Sheryl, of Slaton were guests of his parents, Mr.

and Mrs. G. E. Harris, on Thanksgiving Day.

LOWER-PRICED HUDSON PACEMAKER for '51

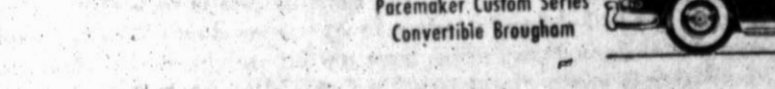

The new Hudson Pacemaker is here! It's a rugged, lightning-like performer... economical to buy and drive... with the high-compression Pacemaker-Six engine that's built to outlast any engine in its class.

And because the Pacemaker has Hudson's famous "step-down" design, it offers the most room in any car, and America's lowest center of gravity for matchless safety and a real big-car ride!

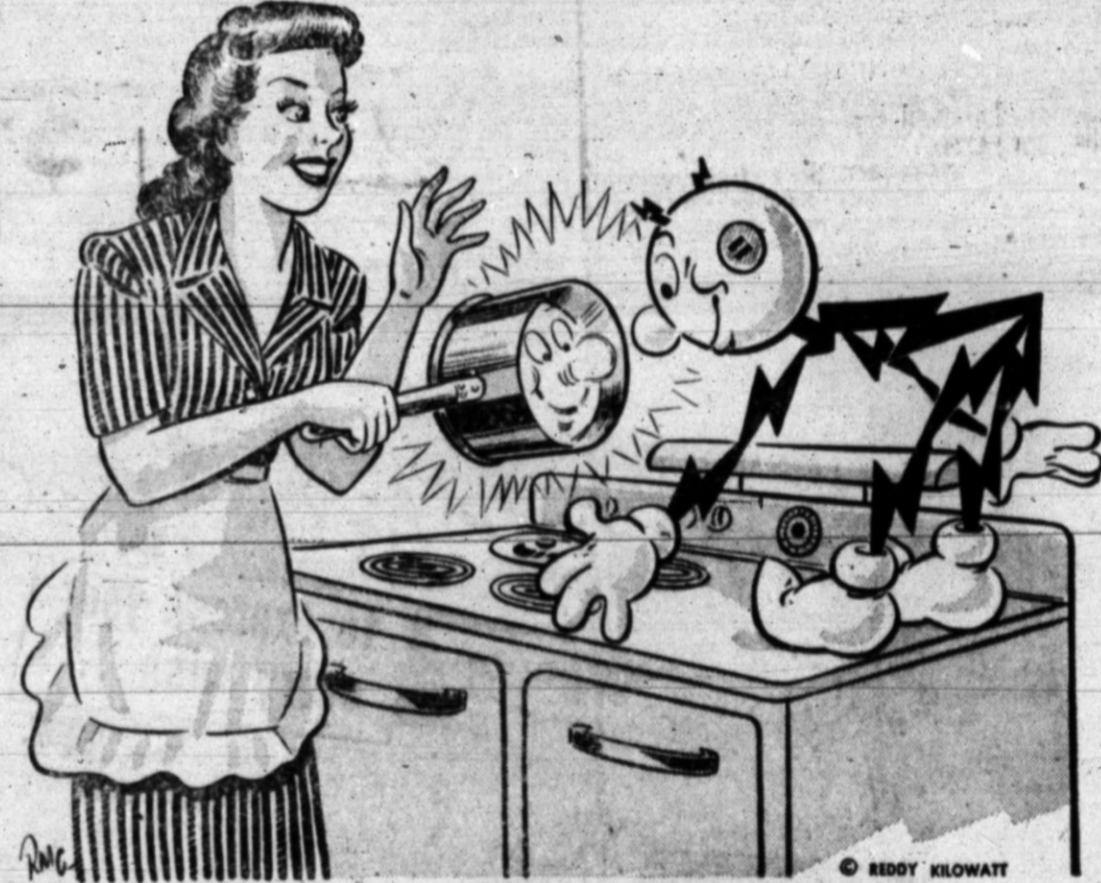

Here's what to expect when you buy the new Pacemaker:

1. High-compression power—economy—performance—on regular gas
2. Most room at any price
3. America's safest car
4. Durability to outlast any other lower-priced car
5. Lowest-priced car with "step-down" design
6. Skyliner Styling... streamlined beauty outside—gorgeous color-harmonized interiors.

We invite you to meet the Hudson Pacemaker for '51 today! With all its big-car advantages it costs less to own and drive than many smaller cars.

Electric Cooking is CLEAN!

... because electricity is clean! Pan bottoms stay bright and shiny because there's nothing to adhere to sides or bottoms of your prized pots and pans. All the cooking heat goes where it is supposed to... into cooking. And, should something you're cooking boil over there's no harm done. Elements are so designed that food particles do not tend to cling. Instead they drop to a convenient drip tray which is quickly removable for easy washing. More and more women of the Southwest are learning the advantages of electric cooking. Why don't you pay a visit to your local electric appliance dealer. Talk to him... ask him to tell you all about electric cooking. Learn how fast elements heat up. Learn how heat is directed INTO the food being cooked. Learn how easy it is to keep your electric range sparkling clean.

Church Notes

Women of the Frist Christian Church are this week compiling a library for the church. The work is sponsored by the Young Matrons Group who have secured books from members. Mrs. John Aiken, telephone 807-J, is accepting calls for books to be picked up.

Mr. and Mrs. A. Petersen, Mrs. C. Ora Cockrell, Mrs. Allen Bell, Rev. and Mrs. Roy Ford, Mr. and Mrs. Carlos Vaughn, Mrs. Ida Mae Vaughn, and Mrs. Harry Kibbe, a guest of the Vaughns, attended the installation service for Dr. Newton J. Robison, pastor of the Frist Christian Church in Amarillo.

In order to make Bible reading more meaningful, the Laymen's League has prepared "A Bible Book of the Month" plan. Sunday services at the Frist Christian Church include church school, 9:45; morning worship, 10:45; C. Y. F., 6:00 evening worship, 7:00.

Earl Craig, director of the Church of Christ Bible Chair at West Texas State College, was a guest speaker for the Sunday evening service at the local Church of Christ.

The daily radio program continues over station KPAN at 9:30 each morning except Sunday when the program is broadcast at 9:15.

Regular services of the church are: Sunday; Bible classes for all ages, 10:00; morning worship, 11:00; young people's class, 6:15; evening worship, 7:00; Wednesday; ladies Bible study, 3:00; mid-week service, 7:00.

Divine worship for the first Sunday in Advent will begin at 11:30 A. M. at Immanuel Lutheran Church. Advent is the season of preparation for the celebration of Christmas. The text for the pastor's sermon is Hebrews 10:19-25. Sunday School and Bible Class begin at 10:30 A. M. under the leadership of George Triefel.

In the afternoon at 3:30 P. M. the voting members of the church will gather for the election of new officers and to adopt the church budget for 1951. Also at 3:30 P. M. the children will assemble in the church for the first practice on their special parts in the Christmas Eve service.

Each Wednesday evening the pastor conducts a church membership class, discussing the chief doctrines of our religion. This is open to the public. The class begins at 8:00 P. M.

Each afternoon the church sponsors a 15 minute radio program over KPAN at 1:30 P. M.

Christian Science Services are held each Sunday in the Star Theatre at 11 o'clock in the morning. All who are interested are welcomed. "God the only Cause and Creator" is the subject of the

Lesson-Sermon which will be read in all Churches of Christ, Scientist, next Sunday.

The Golden Text is: "Lord, thou art God, and earth, and the sea, and all that in them is" (Acts 4:24).

There will be a free lecture on Christian Science entitled "Christian Science: The Word of God Applied to our Human Needs," by Peter B. Biggins, C. S. B., of Seattle, Washington, Member of the Board of Lecturship of The Mother Church of Christ, Scientist, in Boston, Massachusetts in First Presbyterian Church, Corner 8th and Baltimore-Streets, Friday evening, December 1st, at 8:00 o'clock, under the auspices of First Church of Christ, Scientist, Plainview, Texas. All are cordially invited.

Rev. H. V. Fields, pastor, announced the following services for the week:

Sunday: Sunday school, 9:45; morning worship, 11:00; training-union, 6:45; evening worship, 8:00.

W.M.U. meets Tuesday afternoon at 2:30, and prayer meeting is Wednesday evening at 7:30.

 Hereford High School is through with football for another year. Shamrock defeated Hereford last Friday. Hereford played a good game, but Shamrock played a little better. There is no reason for Hereford to wear long faces for Hereford gave a good accounting of themselves.

Basketball season started last Tuesday night for the Herd. It was too late for a report to be turned in to the paper but most of the readers will know the score by now. Hereford was considerably handicapped by the fact that some of the basketball players were still working out for football.

Congratulations to the "B" team players who worked out with the A team. They received little credit for acting the part of cannon fodder for the Varsity football team during the last week of the season.

In season play the "B" team lost a good many games. Few people realize that the "B" team for this year was made up of a great many Freshman while in past years there were more experienced players of the "B" team. Coaches to use, next year Hereford is going to have more experience on the "B" team.

There is no write-up of this weeks game with Shamrock for all the papers in this vicinity have carried the facts of this game anywhere from four to six days ago. Nearly every student in Hereford High School is well acquainted with the facts of this game. Things don't look so bad for next year as Hereford is going

to have a lot of lettermen back. It hurts of course to lose the senior ball players, but there are a lot of teams worse off than Hereford in this department.

The Law And You

THE LAW AND YOU
By Rob't. (Bob) Kirk
County Attorney
Lamb County, Texas

DO YOU KNOW what the effect of a 90 day commitment to a State Hospital is? To gain admittance by Court order to a State Hospital for those mentally ill, there must be one or two types of proceedings. One proceeding is for a "permanent" commitment and requires a jury trial and a finding that the person is of unsound mind, and would be dangerous if left at large.

The other type of order is a "90 day" commitment. One sent to a State Hospital on a 90 day commitment is not adjudged to be of unsound mind. He is sent to the hospital for a period not to exceed 90 days for "observation and treatment." He may be released at any time the Doctors of the hospital deem that his condition justifies the same prior to the 90 days. He loses none of his civil rights, and a new trial to find that he is restored to his right mind is not necessary. He can return to his business, and carry on the same as if he had never been sent to an institution.

For further information on this subject, see your local attorney.

Yule Lights Are Set For Palo Duro Park

Hereford sight-seers this year may again see Palo Duro Canyon lighted with Yuletide lights and decorations.

The lights will go on again this year at Palo Duro Park when Christmas Tree Canyon will have its second annual showing. Last year a score or more of live cedar trees were decorated with Christmas lights and several Christmas scenes were prepared. The interior of El Coronado Lodge was especially decorated for the Christmas Season. The event attracted large crowds and many asked that it be made an annual Christmas attraction.

Business firms or organizations are invited by park officials to have a part in the event again this year. Park employees will aid in setting up any Christmas scene or in lighting any tree that groups care to sponsor. The Christmas decorations which last year extended from the entrance gate to Mesa Moecca below El Coronado lodge may be extended to other areas of the Canyon if cooperative participants desire.

W. F. Smith Takes Honors At N.M. A&M

Among juniors making perfect records at New Mexico A. & M. College is William Francis Smith of Hereford. Other juniors with perfect records are Judith Arnold of Yaleta; and Gordon Deckert, Las Cruces.

Graduate students took honors at the school this semester as seven members of the largest class in the history of the college made perfect scholastic records.

Other students making all A's were two sophomores, two special students, one senior and one freshman.

Caprock Club Meets, Clearman in Charge

Letter To Editor

(Editor's Note: The Brand welcomes letters to the editor and prints those which are publishable. Letters should be signed and if the writer wishes his name withheld, he should so state.)

Mr. Editor: I hope you have a place for publication of reader's letters, so far I haven't noticed one. Who is at fault? Not you, but your readers. Does everything go so smooth in this county without a toothache that not one reader of the Brand has a word of criticism for the public to read, think, and act upon?

It has been my pleasure to spend time in quite a few places of the U. S., and some of its neighbors, and everywhere in which a free thinking, free speaking people live, criticism and competition are responsible for the election of public officers, makes or breaks a business, puts a person at the top or bottom of society. In fact, it is the foundation of our democratic way of life.

So—why do your readers not take advantage of this, their right, and put the community problems before the public? It is after all, the public which is the governing factor in everything! Who may do so? Anyone! We have freedom of speech and freedom of press, that leaves it up to you, the public, to get busy.

In one northern newspaper which I frequently read, nearly all the back page is taken up by letters of the public under the heading, "Give the People the Truth and Freedom to Discuss It, and All Will Go Well!"

Do your civic and social activities function so smoothly that there is no need for criticism, for public interest? Are there no problems at all that require the interest, the thinking, the decision of the public? If that be so, I shall remain forever here in this most Democratic City.

Thanksgiving Program And Supper At Frio Draws Big Crowd Wednesday

By Mrs. Owen Andrews

A house full of people attended the Thanksgiving program and supper at Frio last Wednesday night. Miss Nellie Jo Simpson announced the program which consisted of numbers as follows: a song, led by Wade Thompson followed by the story of a picture of Pilgrims going to church by Clark Andrews. The picture was presented to the Frio High School in 1930 by the Home Demonstration Club. The story was composed and written on the back of the picture by the secretary of the club at that time, Mrs. Lillian Springer.

The next number was an acrostic, using the letters, Thanksgiving, arranged by Mrs. E. H. Little, and given by Doyle Johnson. Glenda Robbins, Keith Lowe, Joe Ed Andrews, Genele Benson, Pat Robbins, Larry Dobbs, Tawana Thompson, Winnie Jo Irwin, Sandra Glenn, Dolores Andrews and Patay Jo Jones. "America the Beautiful" was given in song and musical reading, by the Girl's Auxiliary reading, by the reading "To A T" by Walker Parrus and a play, "Why Be Thankful," by Sonya Lowe, Frances Andrews, Velma Irwin, Keith Lowe and Joe Ed Andrews.

La Von Thompson gave a reading, "My Piece," and Mrs. H. D. Robbins read a poem on "Thanksgiving" based on the 135 Psalm. The Westway quartet composed of Messrs. Preach Merritt, Shirley Coombs and Robert Boyd, sang two numbers, and Rev. R. L. Shannon spoke on "The United Nations." After supper the quartet sang several numbers.

A number of visitors were present, some of whom were Mr. and Mrs. Godman, parents of Mrs. J. B. Thompson, from near Oklahoma City, the quartet from Westway and two of their wives, Mrs. Coombs and Mrs. Merritt. Other out of the community visitors were Mr. Polk, cousin of Mrs. John Simpson, and Mrs. Stone, of near Oklahoma City, mother of Mrs. W. A. Springer.

Have Hayride

After the supper, the young people went to the D. Johnson home where Mr. Johnson took them on a hay ride in a wagon pulled with horses. A delicious supper was served the group by Mrs. Johnson and Mrs. Warren Lowe. Those present were Gladys Thompson, Oma Ruth Thompson, Wade Thompson, Velma Irwin, Don Glenn, Clinton Glenn, Essie White, Betty White, Nellie Jo Simpson, Keith Lowe, Sonya Lowe, Genele Benson, James Dobbs, Clark Dobbs, Virginia Brock, of Hereford, Evelyn Will, Hereford, Wanda Hill, Veradelle Andrews, Frances Andrews, Clark Andrews, Glenn Andrews, Sandra Glenn and Doyle Johnson.

Mrs. Stone, of near Oklahoma City, spent the Thanksgiving holidays with her daughter, Mrs. W. A. Springer, and family. Another daughter, Mrs. John Lee Frances, and her husband brought Mrs. Stone here from their home, at Silverton Wednesday.

Mr. and Mrs. W. A. Springer and Mrs. Elbert Summers and children were in Amarillo shopping on Tuesday.

Mr. and Mrs. Olin Parris and

Walker went to Lubbock, on Wednesday night, to spend the Thanksgiving holidays with their parents.

Thanksgiving Guests

Spending the Thanksgiving holidays with the Herb Schmidts were his parents, Mr. and Mrs. D. P. Schmidt, his sister, Mrs. Ernest Harder and Mr. Harder, all of Clinton, Okla. They were accompanied by Leonard Schmidt, Herbs brother, who will remain here with the Schmidts for a while.

Mr. and Mrs. Bill Starry and sons went to Oklahoma City for a Thanksgiving visit with their relatives.

Mr. and Mrs. E. F. Vogler and sons, accompanied by Mrs. Vogler's mother, Mrs. Drager, went to near Oklahoma City, to visit their brother and son.

Misses Virginia Brock and Evelyn Will of Hereford spent Wednesday night with Misses Frances and Veradelle Andrews. College students visiting their homes for the holidays were Misses Betty Robbins, Wayland and Liya Robbins, W. T. C. Wade Thompson, Tech, and Lee Roy Shannon, Tech.

Taking Thanksgiving dinner with their children, the T. L. Sparkmans, Jr., were Mr. and Mrs. J. E. Andrews and Miss Alma Andrews, and Mr. and Mrs. T. L. Sparkman. Mr. Little Miss Barbara Sparkman has had the measles following a virus infection but was much improved.

Gene Dickson has been at home with mumps this week.

Quite a number from this community attended the Hereford-Shamrock football game at Pampa on Friday.

Mr. and Mrs. Lee Johnson, his mother, Mrs. Jane Johnson, and little sister, Miss Marilyn Johnson, accompanied by Miss Melba Belew, all of Seminole were guests in the home of Mrs. Lee Johnson's mother, Mrs. H. M. Mobley, on Thanksgiving. Others there were the other Mobley children, the Floyd Coles and Raymond Mobley, and Austin, Lanelle and Dan Mobley.

Grandmother Dies

On Thursday night, Grandmother Mobley, died at Richard Springs, Texas. She had been ill about a week. Funeral services were held at Afton, which is near Axtador, on Saturday afternoon. Mrs. H. M. Mobley and all her children attended the services. Grandmother Mobley has visited in the Mobley home here many times. She was 86 years of age.

Mr. and Mrs. Lee Johnson returned here for the week end, with the Mobley children being called at the residence of her grandmother. They had a very good time here from the Thanksgiving visit when the message came.

Mr. and Mrs. Bill Dickson and sons were moving to Hereford on Monday. They will be located on East Fourth Street, two blocks east of the post office.

Mr. and Mrs. Henry Andrews and Doris Jean visited Mrs. Andrews' sister, Mrs. Clara Gordon and husband at Lubbock Sunday.

Miss Lamerlas Berryman visited relatives in Amarillo Sunday. Sam Berryman of Wellington visited Friday and Saturday in the home of his brother, E. B. Berryman. He was here looking for a farm to rent.

Remodeling Home

The D. O. Bensons are doing a major remodeling job on their home. They are adding a more room on the south, partitioning off two bedrooms and bath room. The ceilings are being lowered, new larger windows added, and the front entrance changed, with a small porch added.

Saturday night and Sunday morning at the S. E. Andrews

home were Mr. and Mrs. Charles King and Jerry of Amarillo. The other Andrews children were also there on Sunday.

Mrs. S. J. Glenn entertained her parents, Mr. and Mrs. Bailey of Clovis and her cousins from Pampa on Thanksgiving Day.

Miss Wanda Hill has been sick since Thursday with the mumps.

Thanksgiving guests in the H. Lindley home were Mr. and Mrs. Dick Lindley and sons, of Wellington, Mr. and Mrs. Carl Ridgeway and sons, and Mr. and Mrs. Jack Shirley and children, of Friona.

Mr. and Mrs. T. L. Sparkman, Sr., visited his father, G. W. Sparkman and family, at Amarillo Sunday afternoon. Mr. and Mrs. J. E. Andrews, Miss Alma Andrews and Clark Andrews are visiting relatives in Oklahoma the first of this week. Mr. Andrews' sister, Mrs. Alma Spurrill at Loco, is among those to be visited.

Mr. and Mrs. Louis Martin of Broaduss are visiting this week with their friends, the Luther Ellises.

Thanksgiving guests in the Ellis home were Mr. and Mrs. Ardell Ellis of O'Donnell and Mr. and Mrs. Dick Ellis of the

Ford community. Mr. and Mrs. Robert Simpson, Miss Nellie Jo Simpson, Mr. and Mrs. John Simpson and little Miss Shirley Simpson, went to the Hereford-Shamrock football game at Pampa Friday and then went on from there to Wellington where they visited their relatives. They came home Sunday afternoon. Mrs. Robert Simpson's parents, brothers and sisters and the John Simpson's daughter, Mrs. Leon Roberts and family, were among those visited.

Mr. and Mrs. Sam Lindley were also visiting Mrs. Leon Roberts and other relatives at Wei-

llington on Thanksgiving. Mr. and Mrs. Lee Little of Hereford visited the Bill Dicksons and Mrs. Lowery Sunday afternoon.

Mr. and Mrs. Luther Dowdy and family of Tulla spent

Thanksgiving with the Irwins. The Irwins visited in the Dowdy home during the week end.

Ray Downey spent the first part of the week in Fort Worth attending a Frigidaire meeting.

Thanksgiving Celebration Held in Northwest Hereford Community

By Mrs. R. C. Childers

The Cultural Home Demonstration Club celebrated Thanksgiving with a luncheon at the home of Mrs. Pat Robinson. Mrs. Louie Oleson asked blessing, and the group were led around a table loaded with a plenty of chicken and dressing and all the trimmings. After the luncheon a regular meeting was held with Mrs. Urgett and Mrs. Tom Draper in charge of the program. Mrs. Hargett asked each club member to model the dress she was wearing, a dress she had made or remodeled.

Mrs. Tom Draper gave a demonstration on proper table

setting, using pottery and cloths suited best to pottery and painted pottery. She stressed harmonizing colors.

Those attending this meeting were Mesdames Paul Corbett Grady Parsons, Earl DeHart, A. F. Hargett, R. C. Childers, Fred Wolfington, J. T. Richardson, Louis Oleson, C. S. Barclay, Doris Mahaffey, Tom Draper and the hostess.

Thanksgiving Guests

Guests for Thanksgiving in the A. F. Hargett home were Mrs. Hargett's parents Mr. and Mrs. J. A. Vernon, of Portales, N. M., Mr. and Mrs. Joe H. Pitts and family, and Mr. and Mrs. Oyd Ellerd and family.

Mrs. Vance Robinson, Mrs. O. D. Smith, Jackie, Glenda and Janice and Mr. and Mrs. Bill Hammer and son Billy, all of Panhandle were visitors in the Pat Robinson home Thanksgiving.

Mr. and Mrs. Earl DeHart and Kenneth spent Thanksgiving day with her parents Mr. and Mrs. W. E. Robinson of Claude.

SUMMERFIELD NEWS

Movies Are Shown For Community By B. E. Roberson, J. B. Noland

More than 100 guests gathered at the Summerfield school house Saturday night to witness a series of home movies presented by B. E. Noland.

The entertainment, which lasted for several hours, featured moving pictures taken of Mexico City and other parts of the Mexican Republic. Other scenes featured on the program were from Colorado, Arizona and California.

Branding and de-horning cattle and other ranch scenes on the Ky Lawrence ranch in New Mexico were shown and were followed by home scenes and wedding scenes of Mr. and Mrs. Melvin Rainey and Mr. and Mrs. Bradley Lookingbill.

Hostesses for the occasion were Mrs. C. R. Walser, Mrs. Ray Johnson, Mrs. Charles Noland, and Mrs. D. C. Walser. Coffee, cocoa, do-nuts and cookies were served to those present.

Sympathy Expressed

Members of the community of Summerfield expressed "deep sympathy" for the Lowie Hurcket family at the death of Lowie Hurcket. Mr. Hurcket died Sunday at 3 p. m. in the hospital at Hereford.

The Hurcket family had lived in Summerfield for many years before moving to Hereford, where they were living at the time of Mr. Hurcket's death.

FACTS ABOUT MONEY!

"RICH AS CROESUS"

The very first coins were made by the Greeks about the year 750 B.C. from a gold and silver alloy. Since the values varied considerably King Croesus, 561 B.C., solved the problem by making the coins entirely of either gold or silver. Because of his tremendous wealth the people then used the expression "as rich as Croesus", an expression that is used to this day.
