Three indictments were returned by Grand Jurors of the Deaf Smith County Grand Jury Monday morning. The indictments were returned against J. A. ... (text continues with names and details of the cases).

## Fire Destroyed Jackson Electric Company Building Wednesday Noon

**FIREMEN ARE** shown above battling the blaze which completely destroyed the Jackson Electric company shortly after noon Wednesday. The fire gutted the interior of the aluminum skinned building.

The Jackson Electric building is located near the Hereford Ice plant. The building was destroyed by a fire that started in the afternoon and burned through the night. The fire gutted the interior of the aluminum skinned building. The fire was caused by a short-circuit in the wiring. The fire department was called at 12:30 p.m. and arrived at the scene at 1:00 p.m. The fire was completely extinguished by 2:00 p.m. The building was completely destroyed and the contents were lost. The fire department is investigating the cause of the fire.

## Around Town

SIGHTS, FACES SEEN

In three days the weather has varied 79 degrees, dropping from a high Saturday afternoon of 78 degrees to the low for the week Monday night of 1 degree below. Only 10 of an inch of moisture had fallen by 8 o'clock yesterday morning, however a little more fell during the day. Comment on the weather topped the conversation list this week with opinions varying from "how awful cold" to "isn't this wonderful".

Seems the group of boys who recently were inducted from Hereford and vicinity are getting plenty of saluting in their new army life. For several days before they left, several of them spent a lot of time on Main Street saluting and discussing the coming adventure.

Raymond Lueb writes from Camp Chaffey, Ark. that he has had his hair mowed off and the food gets worse instead of better, but his first impression of the camp was that the food was good. He mentions Eugene Fangman in his letter.

As local stores started displaying new fashions for spring and summer, the thermometer dropped lower and lower, but clerks still report the sale of summer items is "going good".

Members of the Hereford Ceramics Arts club remember that Saturday is their regular meeting day. The meeting will be at the home of Mrs. John Robinson with Mrs. Vivian Majors in charge of the program. All members are urged to attend as

## See Election on New High School Within 60 Days

A special election on the million-dollar bond issue to build a new high school for the Hereford Independent school district will be held within 60 days, according to A. J. Schroeter, school board president.

Schroeter said this week that the two bonding companies who have purchased the bonds pending approval of the question by the voters: W. N. Edwards and company of Ft. Worth and the Central Investment company, whose representative is Charles Smith of Plainfield, are making arrangements for the legal proceedings necessary to hold the special election.

Legal advisors for the two firms are now making boundaries so that the district may be properly described due to the fact that several additions have been made to the school district territory since the last bond election in the early part of 1948.

James H. "Jack" Bradley, president of the Bradley Grain company of Hereford, was the subject of Hut Hutson's "Your Neighbor" cartoon in the January 28 issue of the Amarillo News-Globe.

Mr. and Mrs. Crandell of Bellview, Illinois, were treated at the Hereford Clinic yesterday.

**A. M. REGENT**—Jas. W. Witherspoon, Hereford attorney and former District Judge, was Tuesday appointed on the Board of Directors of Texas A. and M. College. The appointment was made by Gov. Allen Shivers and covers a six-year period. Appointed at the same time were H. L. Winfield, Ft. Stockton rancher, banker and former State Senator, and Bob Allen, Raymondville vegetable grower and shipper.

## Thirteen Men Enlist In U. S. Services

The local selective service board recently received cards from 13 men registered in this area under selective service, who have enlisted in some branch of the U. S. service, including seven in the air force, three in the navy, two in the army, and one in the marine corps.

Enlistees are marine corps, Loyd Arthur Jones of Friona, Army Billy Burke Sanders of Friona and Jimmie Holder Kuykendall of Friona.

Navy Darrell Dees LaRue of Amarillo, Hugh Lee Ritch of Hereford, and Sherman Eugene

## Plan Meetings, Film to Start Bicycle Safety

Meetings to organize bicycle safety clubs among Hereford school-age children will be held Friday at Shirley, Central and the junior high schools, according to Bob Wear, president of the newly formed Hereford Safety Council.

The meetings, which will be open to the children as well as their parents, will feature a movie on bicycle safety which will be shown by Patrolman Wells of the Texas State Department of Public Safety, in cooperation with the local safety council.

Friday's schedule for the film and meeting is as follows: 10 a. m. Shirley school, 1:30 p. m. Central school, 3:30 p. m. Junior high school, in high school auditorium.

In announcing the preliminary steps for organization of a safety club in each of these three Hereford schools, Wear said, "The school officials have manifested a very good spirit of cooperation and are eager for this bicycle safety program to be inaugurated."

## Wreck Monday Caused About \$650 Damage To Two Automobiles

About \$650 damage was done to two automobiles Monday afternoon at about 12:50 at the corner of Third Avenue and Schley street, city police reported Monday.

A southbound auto driven by Mrs. Minnie McGowan, who lives north of Hereford, collided with an eastbound auto driven by Roy Campbell of Hereford.

Damage to the McGowan car, a 1940 Plymouth, was estimated at about \$250 by investigating officers. The front and rear fenders on the right side of the vehicle were damaged.

The Campbell auto, a 1948 Mercury, was damaged to the extent of about \$400. Damage was inflicted on the front end, fenders, hood, grill, and radiator.

There were no injuries reported in the mishap.

## Label for Hereford Foods Is Discussed at Meeting

Possibilities of a label for Hereford water and foods grown and processed in Deaf Smith county were discussed by a group of local men and representatives of the Federal Pure Food and Drug Agency in Denver, Colo., Friday and Saturday of last week.

Representing the area were David Rodgers of Dawn, Ray Cowsett, Tom McFarland and Wayne Edwards.

The agency recommended that "at the present time" the label read, "Grown and Milled in Deaf Smith county".

A plan is underway for standardizing a label to be attached to food products from Deaf Smith county. McFarland, secretary-manager of the Hereford Chamber of Commerce, said at the same time, he pointed out an effort is being made by the Chamber of Commerce to help the local business men meet the demand being made for Deaf Smith county foods from interested persons all over the United States who have read in newspapers and magazines about the extraordinary mineral content of local grown foods.

The demand for local foods is "terrific," McFarland said. The Chamber of Commerce receives on average of 20 letters per week from people asking to buy wheat, whole wheat flour, butter, and other items. A letter was received this week from a vegetable farmer in Iowa who wants to buy ground limestone from Deaf Smith county for use as a fertilizer.

McFarland said the demand for local products is being supplied as fast as possible through Deaf Smith county business men.

The Chamber of Commerce and David Rodgers are planning to send 500 two-lb. bags of whole wheat flour with attractive Hereford, Texas, labels to the National Education convention in Atlantic City during the month of February. Supt. George Graham will be in charge of giving the flour as favors at a Texas reception. With the flour will be a pamphlet explaining the value of foods grown in this area, pointing out the high mineral content of such products.

## Two Plead Guilty on Check Charge, One DWI in County Court

Three persons—one charged with driving while intoxicated and two charged with passing bad checks—pleaded guilty in county court Monday before Temporary Judge A. T. Schroeter.

Harold LeRoy Guthrie of Lubbock pled guilty and was fined \$150 and costs of \$30.80 on a charge of DWI. Guthrie was picked up Saturday west of town by Leland Alderson, city patrolman.

Guthrie was remanded to the county jail when he was unable to pay his fine and costs.

H. L. Presley of Hereford pled guilty to a charge of passing a worthless check Monday and was fined \$1 plus \$29.80 costs. He was released after paying his fine, costs, and making restitution of \$10 to George Beach.

R. G. Conley pled guilty also to passing a worthless check to the J. C. Penney company in Hereford in 1949.

Conley was fined \$60 and costs of \$29.80. He was unable to pay, so was remanded to the county jail until such time as payment could be made.

## Four Cases Are Set For March 5 Jury

Four civil jury cases were set for March 5 by District Judge Schultz on Monday. Pre-trials of the cases will be held on February 17.

Cases on the docket are: Peter Gomez vs. Alton Fraser, contract; Frances Maxfield vs. Sydney Maxfield, property settlement; Norman Gray vs. D. E. Harris, land deal; and Jack Boone vs. N. W. Boone, contract.

Judge Schultz dismissed four cases Monday for want of evidence.

Ray Terry of Lubbock accompanied Oliver Streu to Hereford to spend the between-semester holidays, Friday to Monday, with Oliver's parents, Mr. and Mrs. Urlin Streu.

## Fire Department Called Sunday

The local fire department received a call Sunday afternoon to the corner of Third and Main where a 1940 Ford developed what apparently was a short. The department put the fire out. Not much damage was reported.

**A. J. SCHROETER**

## A. J. Schroeter Is Temporary County Judge

A. J. Schroeter was named temporary county judge Saturday to take the place of Judge L. H. Foster, who is confined to his home by illness.

Judge Foster will be unable to preside at court sessions for about four to six weeks, according to a report from his physician.

## Polio Drive Reaches \$2500

From two special drives this week the radio campaign and the Mother's March on Polio, more than \$2000 was raised for the polio campaign, which closed with the March of Dimes dances last night. Total amount raised for the campaign is not yet available.

John ... campaign chairman, said that anyone refused to give a donation to the women who canvassed the town for the Mother's March from 7 to 8 o'clock Tuesday evening. There were very few large donations, but the combined efforts of nearly every Hereford citizen totalled more than \$800 for the Mother's March. Mrs. Maurice Tannahill served as chairman of the march which was sponsored by the Hereford Child Study Club.

Receipts from the radio polio campaign Sunday afternoon were \$1250, the largest sum ever raised here through a radio drive. Interest was high in the program during the afternoon with donations received running from \$1 to \$50. Jaycees were stationed in every section of town to facilitate rapid collection.

## Missouri Residents Are Injured

Two Missouri residents are in Deaf Smith county hospital being treated for injuries received in an automobile accident Wednesday at 10:45 a. m. west of Hereford on Highway 60.

Mr. and Mrs. G. H. Frame of Springfield, Mo., were admitted to the hospital after their 1941 Studebaker crashed into the right side of the Tierra Blanca bridge west of town.

Frame, 74, suffered a brain concussion, multiple bruises, and abrasions. Mrs. Frame suffered a contusion of her chest, a fracture of her right elbow and shock. Their daughter, Donna, about 9 years old, received bruises, but was not hospitalized. Dr. Clyde Rush, attending physician, said condition of the victims is not serious.

The family, which was moving to California, was following a truck carrying their furniture to their new home in Los Angeles, Cal. When they came to the

By JIMMIE GILLENTE

I had expected to write this column about the Texas Legislature in session. So many stories have drifted my way regarding legislative antics that I made definite plans to attend the Texas Press Association in Austin Saturday and to remain Monday for the legislative session. I was going to see Bill McLean, who is practicing medicine in Austin and then call John Alkin's brother, A. M., who is a senator, and talk him into showing me the ropes.

Everything was running along nicely until Saturday night—when I got a telegram about the death of Homer Fox. I just dropped everything in order to get home in time for the funeral.

In addition to the loss of a personal friend, I also feel that Hereford mourns the passing of one of the most valuable citizens in the history of the town. During the 14 years I have been privileged to know Homer I have never heard a reflection cast upon his integrity or on his willingness to serve in behalf of his community. Away back in the days when Seth Holman published The Brand, Homer started writing articles for the paper. During the succeeding years, Homer has contributed literally thousands of words through the columns of the Brand. I always told Homer that he should write up the world series in his style and let me submit it to Associated Press or some big syndicate. He was never interested. Homer was, unquestionably, one of the few talented writers who has written for The Brand during its fifty years of publication.

Hereford and the whole territory will certainly miss Homer in this respect. Homer will be missed most, however, in ways which we do not realize. He was always promoting something on the quiet—and he never liked for anyone to know about his activities.

Ever interested in sports, Homer sponsored baseball teams and became the steadfast friend of the boys who played for him. He almost "fathered" these kids and anyone of them would have fought for him. It was good clean association and helped to make good, substantial citizens of them. No one, probably even Mrs. Fox, could tell you how many boys Homer helped through school. He was the fellow who would lend a boy a little money when he was in a jam. Homer never mentioned these things, but once in a while one of the boys would let the cat out of the bag. Yes, Homer was always good for a "touch", but folks loved him so much that they generally all ways paid him back.

Like everyone else, Homer Fox had his peculiarities. He seldom went out from his store to see anyone—even if he wanted to ask them to do him a favor. Nor did he often call people on the telephone. There were usually a bunch of kids hanging around and he would send one of them with the following message: "Homer says when you aren't busy, why don't you drop in and visit him." This was Pat Corbett's job until he got promoted to sweeping. I remember once when Son Wood was working there and Homer sent him over with such a message. Son was a little peeved over the deal, so he added, "I've already told him it wasn't any further from there over here than it was from here over there." All in all, I can remember only three times Homer Fox was in The Brand office during the 14 years I have been with the paper.

Funny thing about Homer's messages, too. You could never tell what he might have in mind. Sometimes it was a story he had written for the paper, or it might be a criticism he had heard; he might want you

to write a letter to someone for him, he might have a news tip, or he might have an idea he wanted passed along to the Chamber of Commerce or some organization.

I always got a bang out of Homer when he finished his "piece" for the paper. He would run it down completely and swear he just couldn't write anymore. Ask Roger Corbett if you don't believe this. He meant every word, too. More than once, I have seen him rave and rant for five minutes and wind up crumpling the article and throwing it in the waste basket. When this happened, I would fish it out—and they invariably turned out to be the best stuff he ever did. When he turned in an article and failed to criticize it more than five minutes, Roger and I knew it wasn't up to par.

Homer Fox was the man who started the drive to populate this county with pheasant. He also kept in close contact with the State Hatcheries and when everyone else was busy, Homer would have them slip in and stock Tierra Blanca with fish.

Next to his wife and to the one or more youngsters who were always about his store, I think Homer held in esteem their fox terrier, "Skipper". One summer, I happened to be in Colorado when Homer and Tess were there. Skipper got sick and Homer loaded up, tore out for a city where there was a veterinarian. It ruined the whole trip—but they just couldn't be happy while Skipper was feeling bad. The only time I ever saw him really mad was one day when Homer finished reading about someone having poisoned a bunch of dogs. He threw the paper on the floor, walked off and sat down by himself.

I guess about the most fun I ever remember Homer having was when that deal started about whether Prairie Dogs drink water or not. It was back six or seven years ago and he really got a kick out of the stories. He especially enjoyed riding Kelley Gray on the subject.

Unknown to most people, Homer always carried on a prolific correspondence. The letters were mostly to and from men and women Homer had known, influenced or helped when they were youngsters around Hereford. I believe it is safe to say that Homer Fox received as high as 500 letters during the war—letters from boys all over the world who would happen to think of him and just "feel like writing you". They poured in from England, Germany, Tokyo—and Homer answered each of them with painstaking care. He got a real kick out of them too.

Homer Fox was one of those old boys who are always willing to do their part when it means the welfare of the community. In addition to generous contributions, he could confidentially talk to enough people to put over about any worthwhile movement, which came along—although he never wanted to be out in front. It was a lot like this when the town needed a new school building or to put over a civic drive. The new Presbyterian Church stands, in part, as a tribute to his willingness and efforts. The tougher things got the more Homer tightened his belt and the harder he worked. I think one of the funniest things he ever wrote was on completion of the swimming pool when he pointed out that the mamas who started the drive to build the pool could watch their grandchildren go wading.

Homer always believed in keeping up with the times in his thoughts as well as physical changes. He once told me this was one of the reasons he liked to have youngsters around the store, but I figured it was just an excuse. He never did contract the coffee drinking habit, however. A Coke once in awhile, but I never did see him order coffee during the day. Confidentially, Homer told me once that

two things he could do without were juke boxes and bridge games. This was about the time that Richardson operated a restaurant in the location now occupied by Lamm Jewelry—and the juke box was playing 12 or 13 hours a day.

Next to baseball, football, fishing and hunting, Homer liked to talk about old times and things that happened in the early days. Many, many times I have heard him re-live the games when his boys played through to the bi-district title. Ralph Clennin, L. B. Russell and "Nasty" Clayton are names I have heard him recall often. He also liked to tell how mad Onias Carroll got when Roger Corbett batted one time during the season and topped the city league batting average. Homer never worried too much about his display windows, but he was mighty proud of a window which he put in on the first Pioneer Day sponsored in the community. The window depicted a farm following the "dust bowl" period in the '30s, and was complete with a broken down windmill, cow chips and all.

Living is an art within itself. I always felt that Homer Fox and Alex Thompson got more sheer enjoyment out of life than

any two people I ever knew. There are not too many things in a man's life when his heart swells with such pride that he really wants to cry. That's how I felt at Homer Fox's funeral Monday afternoon.

I was really and truly proud of the fact that it had been my privilege to know, to visit with, to swap stories with—even to argue with—a regular guy like Homer Fox. I believe that the greatest tribute which can be paid to a man is not the number of people who attended his funeral—but the variety of friends from all walks of life. In Homer's instance there were both. To me, Homer Fox still represents the Old West and the things for which it stood. If my little four-year-old son grows up with ideals of honesty, integrity, the sense of humor and the love of his fellow man which Homer Fox possessed, I shall indeed be gratified.

morning for injuries sustained in an automobile accident near Hereford. Mrs. Crandell suffered a broken collar bone, but the pair were able to continue their trip yesterday afternoon.

Men interested in growing Iris are given a special invitation to attend the Hereford Garden club program at the First Methodist Church, old auditorium, Friday evening, February 2, at 7:30. All garden club members of Hereford are invited and may bring guests. Francis Rose of Amarillo, a member of the American Iris Society, will lecture on the growing of Iris and will illustrate with color slides.

Someone discussing the prospects of a new high school building recalled the overcrowded conditions which existed in the elementary schools before the erection of Shirley school. A story is going the rounds about R. D. Ford, former principal of Central school, who was caught peering his office (several years ago), looking at the number of births for the month as listed in the Brand, and exclaiming, "What will we do with them?"

The girl on the calendar on T. E. Seigler's desk at the hospital was originally wearing a bathing suit. The second day the calendar was in use, Seigler found a neat red bow and arrangement of greenery attached to her costume, and on the third day, she was attired in a complete new red formal.

Alex Thompson says he is on the Brand payroll now—seems he took the picture of the four men of the year, which the Brand used just before the C of C. banquet and inscribed "Brand Staff Photo."

Members of Ye Ole Fashioned Dance Club of Hereford will have charge of the square dance program from the Folk Studio in Amarillo Saturday night over station KAMQ, 1010, from 10:15 until 11:00. Callers on the program will include Blue Turpin, Pat Lawhon, Ralph Smith, Wayne Dyer, Bill Flippin of Friona,

bridge. Frame, who was driving, attempted to slow down. The right side of the car responded to the brakes, but, authorities stated, the left side wheels slid on the pavement, turning the car completely around. The left front side of the Frame auto crashed into the cement guard rail of the bridge. City policemen Leland Alderson and Hollis Rainey investigated the accident.

## Park Ave. Merchants "Shopping Night" Begins Thursday

Tonight is the first "Park Avenue Shopping Night." Six merchants on Park Avenue are staging this weekly shopping event by giving a jackpot of merchandise worth \$40.

The six—Thomas Food, Wonderland, Community Cleaners, Hereford Automatic Washeteria, Home Beautiful Shop, and Park Avenue Drug—will remain open until 9 p. m. for the convenience of shoppers.

Rules of the weekly merchandise presentation are shown in the full page ad on the back page of this section. Gifts donated by merchants include: Wonderland, \$5 dress; Community Cleaners, \$5 in trade; Home Beautiful Shop, \$5 in trade; Park Avenue Drug, \$5 in trade; and Thomas Food, \$15 in trade.

and singing callers will be De-ward Robinson and Mrs. Pat Lawhon. Lawhon, president of the local club, will serve as master of ceremonies.

Mrs. Earl Springer PTA president, announced today that the regular PTA meeting Monday night at 8 o'clock will be held at Shirley school rather than the high school auditorium, usual meeting place. The Monday night meeting will especially honor new residents of Hereford.

The Deaf Smith County Federation of Women's Clubs will have a board meeting Saturday afternoon at 2:30 in the county court room. Mrs. Elmer Patterson, president, urges the presence and representative from each club, in addition to officers and committee chairmen of the federation, to attend.

lections. Harry Cayler, who is serving as treasurer for the drive, said yesterday that more than \$600 has been received through the mail campaign and the club scrolls. Also included in the sum is about \$75 from the Iron lungs at the Hereford News Stand where the manager and waitresses have had to have their collector emptied twice.

In addition to the sums already totalled, the iron lung containers from all the cafes and business houses, additional scrolls, and money from the dances are yet to be included.

The male natives of the Belgian Congo actually exchange copper coins for wives. This custom dates back to their early tribal days and, strangely enough, they still stick to this early practice when bargaining for a wife. This copper cross will buy a wife of indeterminate weight, height and good looks.

### Teacher's Who's Who

La Profesora de español es Mrs. Charlotte N. Calvert. She also teaches science and physical education. Nearly all the teachers like to work in a garden or be out-of-doors. Mrs. Calvert is no exception for her hobbies are growing plants, camping, fishing, and outdoors sports. Lemon pie and fresh

fruits are her favorite foods. Industrial School of Technology, Weatherford, Oklahoma, and West Texas State College, Canyon, are the colleges she has attended. She taught in schools at Lefors and Frio before coming to HHS, where she not only teaches classes but is one of the sponsors of the Freshman class.

When she retires from teaching she wants to do anything possible to help young people seek a higher plane of living. Mrs. Calvert's pet peeve is people who gossip and who do not smile. To be an under-

standing teacher and to some day look through a powerful microscope at our universe is her secret ambition. Mrs. Calvert thinks one has to visit other schools to appreciate the cleanliness and wholesomeness which exists in HHS. She also thinks Hereford is the best place in the world to live.

### It's News To Me...

Hi Everyone!  
The other day I overheard Claudia Lewis say she really did like to have fire drills second period. Are you sure you just wanted to get out of shorthand, Claudia?

Well, mid-term exams are over now and everyone can breathe a little easier—for a while. Then we've all got to buckle down and work real hard because after all it will only be six-short weeks until six weeks tests.

Now that the seniors have ordered their rings the cry has changed from "Will that ring man ever come?" to "Will that ring ever come?" Seems like if a person wants something and gets it he just wants something else instead of being satisfied. Oh well, that's just life, I guess.

What's the matter K. K. did he twist your arm? He practically resorted to that with the other girls he asked to go steady! They didn't accept. Eh Mavis and Abbie?

Mavis, who is that real cute Dimmitt boy with the crew cut I saw you with the other Friday night? C'mon don't keep us in the dark!

Hey you guys, what's the matter? Are you losing your charm? Seems like some of the H.S. girls are looking to Dimmitt for their dates. What about it, Marco?

Anyone going to Pampa in the next few days? Gerry wants to go.

Has anyone noticed how much Nelda Guy has been staying at home? During the first weeks of school her social calendar was full of three initials which were familiar with. She says this lonesome isn't like the one in Advanced Civics. It seems like when James H. decided not to take Advanced Civics, Nelda, Guy said it was sweet lonesome. "Four score and seven years

By Gayle Gault  
On January 22, the eight grade basketball boys played Canyon and were defeated. The score was 13 to 47. The seventh grade played also and defeated Canyon-13 to 14.  
We have a new eighth grader. Her name is Mozelle Telchik and she comes from O'Donnell, Texas. Dan Turner, one of our eighth graders has moved to Snyder, Texas.

### Tri-Hi-Y News...

A joint meeting of the Hereford Hi-Y and Tri-Hi-Y clubs was held on Tuesday, January 23. The program was opened with a prelude by Marilyn Barkley. Following this a special musical selection, "Beautiful Garden of Prayer", was sung by Shirley Sharp, Wanda Gunstenson, Dona Airhart, and Betty Hamilton. Jerry Reese then gave a devotional.

Clyde Seelye, Area Councilman, for the clubs was the guest speaker. His topic was better relationships between the local clubs and the area and national organization.

Sharon Moore, Tri-Hi-Y representative, will go to Plainview on Saturday, the twenty-seventh, to attend an area meeting. She will be accompanied by Joan Moore.

### Seniors Who's Who

One of the many senior boys who is always going around smiling and who has a friendly hello is Orlin Ted. Orlin is one of those people who likes everything and who dislikes nothing. Orlin dislikes silly girls so much though that he calls that his pet peeve. About 17 years ago, almost 18, on February 24, 1933, in Amarillo, Texas Orlin made his first appearance. His favorite food is bread and mayonnaise. After Orlin finishes high school he plans to attend Amarillo Junior College and after that he doesn't know. His ambition is to be an architect. Of H.H.S. Orlin says, "I think there isn't a better school anywhere. It's swell."

There seems to always be a mix-up on the Smith twins. Everyone goes around, "Are you Willie Mae or Lela Faye?" This week we have Willie Mae. She likes pecan pie, chicken, Hereford High and people. Willie Mae dislikes liver, people who ask how to tell myself from Lela. She has a pet peeve, which is Shorthand. Her favorite food is pecan pie. Willie Mae's hobby is

horseback riding and sports of all kinds. After finishing H.H.S. she plans to attend W. T. "maybe." Her ambition is to be a high school Girls P. E. teacher. Willie Mae began her life on November 8 in Floydada, Texas. Of H.H.S. she said, "Only school of there is." With a student body and a faculty as we have how can it be anything else?

Another senior boy who is always smiling is Rayburn Strange. Rayburn really likes friendly people and he also dislikes unfriendly people, and mid-term exams. His pet peeve is cars that won't run. He likes to eat coconut pie. Rayburn is a member of Hi-Y, Dramatics, F. T. A., and DeMolay. He holds the offices of secretary in Hi-Y, and is P. M. C. in DeMolay. On July 8, 1934 in Hereford, Texas, Rayburn first became known. He thinks H.H.S. is a swell school.

In Education • 1876-1951  
Our first state college—Texas A. and M. is now  
in its seventy-fifth year

Governor Richard Coke, first Democrat to hold the Governor's office in Texas after Reconstruction days, was more responsible than any other man for the founding of the A. and M. College of Texas. A well-educated (William & Mary) strong-willed man of vision, he pushed through the Legislature the acts which established the college as a college of the state and served as chairman of the college's first board of directors. In his speech dedicating the new institution, on opening day, October 4, 1876, Richard Coke laid the foundation stone for the educational philosophy on which A. and M. has grown. "The aim and mission of the Agricultural and Mechanical College of Texas," he said, "is, while preparing the young men of Texas for the high duties of American citizenship, at the same time to train their intelligence in the methods and appliances of science, and their hands in the skill which shall utilize them in the everyday pursuits of life... It has been the constant aim of the board to bring down to the lowest possible figure the cost of an education which shall be at the same time thorough, liberal and practical." On this foundation, the A. and M. College of Texas has been built, in its first 75 years, into one of the outstanding technical schools for men in the nation.

Mumps Invade B.F. Block Home; Two Residents Here Now in Hospital

By Mrs. R. C. Childers  
Mr. and Mrs. Jack Renfro returned from an extended business trip to central and south Texas and Louisiana. They spent several weeks in New Orleans. They have been gone since before Christmas.

The mumps have invaded the B. F. Block home and Mrs. Block has sought refuge in the home of Mr. and Mrs. Wayne Johnson of this vicinity. Wanda, their teen-age daughter, came home with them Friday from school, so Mr. Block not ever having them, decided to leave home until the danger of taking them was over.

Mrs. R. N. Cooke, Sue Jan and Colleen took their car and a load of girls, from the young folks class of the Baptist church to Amarillo skating Friday night.

Mrs. J. M. Malone was not released from the local hospital as was thought but will be released this week if it is hoped. She is doing as well as can be expected. Upon her release she will be taken to the home of her daughter, Mrs. Raymond Palmer.

Densil Pulliam, who lives south of town, has been seriously ill in the local hospital, but it is hoped that he can be released the early part of this week.

Patsy Childers, teen-age daughter of Mr. and Mrs. R. C. Childers, was a guest in the Glen Walsler home in Summerfield over the week end. She was visiting Bobby Walsler, who is one of the Brand correspondents.

Mr. and Mrs. Wayne Johnson returned Friday from a weeks fishing and vacationing at Possum Kingdom. Mr. Johnson said they did more vacationing than fishing, as the fish just were not biting. He says that, when the wind is in the east the fish

bite the least. He said that they only had one pretty warm day the whole time they were there. Mr. Johnson fishes a lot and is a good fisherman.

Mr. and Mrs. Earl Johnson of Pampa stayed in the Johnson home while Mr. and Mrs. Johnson were gone, and did the chores and took care of things while they were away.

CONGRESSMAN ROGERS REPORTS

U. S. Must Safeguard Liberty While Suppressing Communist Aggression

The threat of Communist aggression hangs over the head of every American today. Not only faced with attack from without, but the threat of Communist infiltration within the United States also, concerns us. And, the vicious experiences of other nations justify our concerns. In these days of global turmoil we have to be ever vigilant to guard against possible infiltration in the government or outside the government by persons concealing whom there is any doubt whatsoever of their loyalty to the U. S. The Soviet Union is ruthlessly expansive and aggressive and the Communist party in the U. S. is an instrument of Russian foreign policy. But, too, we must be careful and safeguard the power of our own liberty. For, it is here in America that the citizens have the right to discuss their problems honestly with their government, and should do so. Fleet Admiral Chester Nimitz has been named Chairman of a Commission on Internal Security and Individual Rights to protect our American way of life.

The House and Senate has taken the unusual step of calling upon the United Nations to stop dilly-dallying and to brand Red China as an aggressor. The unanimity of the roll call left no doubt as to their position and the strength of their decision. Many of the law makers indicated that such action might be equivalent to a declaration of war. However, the great majority are of the same opinion as the American public, that the time for a firm and definite stand has long since passed and further delay would only contribute to the satisfaction of Russia and her satellites. The world should know how the Congress of this nation feels about this situation and there should be no doubts in the minds of the people of the world now.

General Eisenhower is expected to report soon to the Senators and Representatives on the picture in Europe today. His press statements have been full of confidence. There will probably be several 64 dollar questions asked him. Our lawmakers know the defense of Europe is more than economic resources—more than coal, iron ore, steel, as vital as these are. It is a defense of a system, a way of living similar to ours, and built up over the centuries. The loss of this system, plus loss of those resources, would be irretrievable. One question likely will be how are the Atlantic Pact countries reacting to the idea of European rearmament—willingly or unwillingly?

Chief Mobilizer, Charles E. Wilson, when he took this job, told the president all he wanted was power equal to his responsibilities. No president has ever delegated to another such power over the nation's economic life. Certainly, Mr. Wilson alone will rest the blame or praise. In his office and that of his top staff is this sign: "When the Devil Wanted Nothing to be Accomplished, He Named His First Committee." This is proof that Mobilizer Wilson has no intention of naming a commission to study problems which he himself will have to solve in the long run.

The list of federal agencies to be decentralized and dispersed may be made public this week. The cause for delay in announcing the permanent removal of some of these agencies

from Washington is due to the fact that the Defense Department and the Army and Navy Air Forces have been slow in deciding which of their activities should be transferred. It would remove some 40,000 workers from the Capital. Also, it might make Washington a less vulnerable an enemy target.

All prisoners of War of World War II, their widows, children, parents: The deadline for filing claims for the \$1-a-day payments to prisoners of war or their survivors is March 1, 1951. The final date, March, was fixed by law and cannot be changed by the War Claims commission. If you or a member of your family were held a prisoner of war during World War II, you may be entitled to these special POW payments. For official claims forms and further information, call or see your local office, VETERANS' ADMINISTRATION or write the War Claims Commission, Washington 25, D. C. Don't delay—March 1 is not far away.

Several bills have been introduced that would result in subjecting the expense accounts of the president, vice-president, the Speaker of the House and the members of Congress to taxation. Congressman Rogers has gone over these bills but has some doubt as to whether or not

they will fully accomplish their purpose. He has prepared a bill that simply strikes out of the law the tax exemption on these expense accounts, and unless the opinions that he has requested as to the effectiveness of the bills that have been introduced are favorable, he will introduce his bill sometime this week. He feels that if further taxation is necessary, it is the duty of Congress to lead the way.

Consumers added substantially to inflation and did themselves a great disservice by rushing into the market after Korea. The scramble for goods shot prices up and they have stayed up despite the let-down in demand. While the buying spree was short-lived, it was the most spectacular in the history of American business. A nationwide study was made in an effort to analyze this unusual movement. It will probably show that excessive private expenditures since Korea have contributed measurably to inflation. Retail sales jumped 20 percent over the comparable two-months period in 1949. Sales of building materials increased 40 percent, and industrial production as a whole in August 1950 was 37 points above August 1949. This buying spree was less pronounced in the north and east. It was most noticeable in the

Kansas City area. Why should people in the Kansas City area have been more jittery than the people exposed in Boston and New York? Maybe they just had more of what it takes to buy.

Whether or not the American people are subjected to rationing is going to depend upon the actions of the people. If they will confine purchases to their needs, rationing can be avoided, but if they indulge in a hoarding spree, rationing procedures will be necessary to protect those not able financially to buy up supplies.

MEMORANDUM OF AGREEMENT

Washington, D. C. December 21, 1950

1. Establish 40 hour week for yardmen from October 1, 1950, and additional 2 cents effective January 1, 1951.
2. Set aside 40 hour week agreement until January 1, 1952, and establish 6 day work week for yardmen. Effective with the first pay roll period after 30 days from the date of execution of the formal agreement, yardmen required by the carrier to work on the 7th day to be men required by the carrier to work on the 7th day to be paid overtime rates for the 7th day. This does not create straight time rates for the 7th day. On and after guarantees where they do not now exist, to be given of desire to go on 40 hour week. Provide for consideration of availability of manpower and 4 cents per hour if and when the 40 hour week actually becomes effective.
3. Settle rules for 40 hour week and 6 day week.
4. Grant yard conductors and brakemen other rules such as daily earnings minimum, car retarder operators and footboard yardmasters as recommended by Emergency Board No. 81.
5. Settle following rules: Initial Terminal Delay (Conductors and Trainmen) Interdivisional Runs Pooling Caboose (Conductors and Trainmen) Reporting for Duty More than One Class of Service Switching Limits Air Hoses (Conductors and Trainmen) Western Differential and Double Header and Tonnage Limitation (Conductors and Trainmen, all Territories)
6. Road men to receive 5 cents per hour increase effective October 1, 1950 and additional 5 cents per hour increase effective January 1, 1951.
7. Quarterly adjustment of wages on basis of cost

of living index (1 point to equal 1¢ per hour. First adjustment April 1, 1951. Base to be 176).

8. Agreement embodying principles applicable to yardmasters to be entered into for benefit of yardmasters.

9. Effective October 1, 1950, the basic hours of dining car stewards shall be reduced from 225 to 205 hours per month; no penalty overtime to accrue until 240 hours have been worked, the hours between 205 and 240 to be paid for at the pro rata rate.

Effective February 1, 1951, overtime at time and one-half shall accrue after 220 hours have been worked. The basic monthly salary to be paid for the 205-hour month shall be the same as that now paid for the 225-hour month. Except that four dollars and ten cents (\$4.10) shall be added to the present monthly rate effective January 1, 1951.

10. In consideration of above, this agreement to be effective until October 1, 1953, and thereafter until changed or modified under provisions of Railway Labor Act. Moratorium on proposals for changes in wages or rules until October 1, 1953, as follows:

No proposals for changes in rates of pay, rules or working conditions will be initiated or progressed by the employees against any carrier or by any carrier against its employees, parties hereto, within a period of three years from October 1, 1950, except such proposals for changes in rules or working conditions which may have been initiated prior to June 1, 1950. Provided, however, that if as the result of government wage stabilization policy, workers generally have been permitted to receive so-called annual improvement increases, the parties may meet with Doctor Steelman on or after July 1, 1952, to discuss whether or not further wage adjustments for employees covered by this agreement are justified, in addition to increases received under the cost of living formula. At the request of either party for such a meeting Doctor Steelman shall fix the time and place for such meeting. Doctor Steelman and the parties may secure information from the wage stabilization authorities or other government agencies. If

the parties are unable to agree at such conferences whether or not further wage adjustments are justified they shall ask the President of the United States to appoint a referee who shall sit with them and consider all pertinent information, and decide promptly whether further wage increases are justified and, if so, what such increases should be, and the effective date thereof. The carrier representatives shall have one vote, the employee representatives shall have one vote and the referee shall have one vote.

11. If the parties cannot agree on details of agreement or rules they shall be submitted to John R. Steelman for final decision.

The usual protections for arbitrators, miscellaneous rates, special allowances, and existing money differentials above existing standard daily rates will be included in the formal agreement.

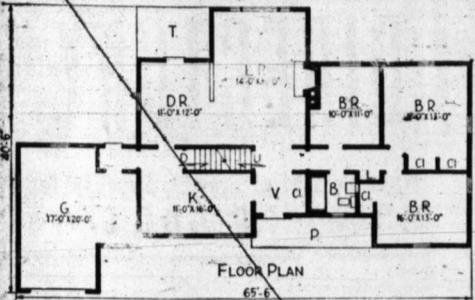

\*\* The foregoing will not debar management and committees on individual railroads from mutually agreeing upon changes in rates, rules and working conditions of employees covered by this agreement.

**Planned for Corner Lot**

Containing six rooms with an attached garage, this house is well adapted to a corner lot site. The plan features excellent circulation with all rooms accessible from the front entrance hall. It has been selected as Plan No. 205 by American Builder magazine, 30 Church St., New York.

Service rooms, such as the kitchen and garage, face the street front with the living room and dining room toward the rear. Storage area is provided in the attic, and a full basement contains space for all utilities and recreation.

Separating the living room and dining space is a free-standing bookcase and china cabinet four feet high. If desired, this unit can be placed against the wall, making one large V-shaped area of the two rooms.

Overall dimensions of the house are 56 feet six inches by 40 feet six inches, including the garage. The roof of fire-resistant asphalt shingles is the key to a pleasing color scheme, in a blend harmonizing with the white clapboard siding and with fixed blinds on each side of the windows in a suitable accent color.

(Detailed building plans for this house are available from American Builder, 30 Church St., New York 7, N. Y. Refer to Plan No. 205.)

**HAPPENINGS FROM DAWN**  
**Friday Night Was Community Night In Dawn for March of Dimes Drive**

By Bertha Frye

Friday night was Community Night at the Dawn school house. A benefit pie supper was held. The entire proceeds went to the "March of Dimes." L. L. Airhart acted as auctioneer. Coffee was served. The Dawn Mercantile donated paper plates and napkins for the occasion. The evening was spent playing games and just visiting.

Coffee sold for 10 cents at the Dawn cafe all day Friday and was donated to the "March of Dimes." Mrs. H. H. Millard is the operator of the cafe.

Mr. and Mrs. W. D. Carathers and Billie of Amarillo were week end visitors in the Johnnie Carothers home.

Mr. and Mrs. L. L. Airhart and family spent Sunday with the L. G. Airharts in Happy.

Mrs. S. F. Lowe of Borger spent several days last week in the home of her daughter, Mr. and Mrs. Bruce Brown and family.

Mrs. I. R. Atkinson of Amarillo, and Mr. and Mrs. C. V. Atkinson of Pampa were visitors in the Johnnie Carothers home last Wednesday.

Miss Annie Mae Caster of Hereford spent the week end with Dona Airhart.

Mr. and Mrs. Boyd Stewart and children of Littlefield spent Saturday night and Sunday with Mr. and Mrs. Zed Stewart.

Attending the Home Demonstration clubs council at Hereford on last Saturday were: Mrs. Palmer Norton, Mrs. Johnnie Carothers, and Mrs. Zed Stewart.

**J. A. McWhorter**  
**New President of Texas Tech Exes**

J. A. McWhorter was elected president of the Hereford chapter of the Texas Tech Exes association at a meeting held Monday night at the home of Mrs. Homer Brumley, retiring president.

Other officers named for the coming year are: John Jacobson, Jr., vice-president; Mrs. A. J. Schroeter, secretary-treasurer; and Mrs. Paul Dishman, reporter.

Retiring officers of the group are: Mrs. Homer Brumley, president; J. A. McWhorter, vice-president; Mrs. Faust Collier, secretary-treasurer.

The quarterly meetings of the club are usually held on the fifth Monday, but since the next fifth Monday falls on April 30—which conflicts with the Lion's convention—the next quarterly meeting will be held on April 24.

A special meeting with a speaker from Texas Tech has been arranged for April 24.

Monday night's meeting was a combination business and social meeting. Those attending were: Mr. and Mrs. A. J. Schroeter, Mr. and Mrs. Bill Waldrep, Mr. and Mrs. John Jacobson, Mr. and Mrs. Paul Dishman, Mr. and Mrs. Homer Brumley, Ivan Block, Paul Conaway, and J. A. McWhorter.

Mr. Charles Corder spent last week in Chickasha, Okla.

Sunday dinner guests in the Zed Stewart home were Mr. and Mrs. Cecil Payne and children of Hereford.

Carol Miller was home from A. & W. College last week for midterm holidays.

Burton Olsen of Gruver spent Wednesday evening in the H. H. Miller home.

Mrs. Bill McCabe of Canyon who recently underwent an operation was convalescing at the home of Mr. and Mrs. H. V. wondering if they are interested in our welfare. From most peoples opinion they say "time will tell." We are all for the cop-telephones out Garcia way.

Mr. and Mrs. C. F. Riekels of Bippus were guests Thursday night of Mr. and Mrs. Roy Pruitt and daughters.

Mr. and Mrs. Francis Decker and daughters of Broadview visited Mr. and Mrs. Eldred Brown Saturday night.

Guest of Mr. and Mrs. Wayne Lee Thursday night were Mr. Lee's parents, Mr. and Mrs. Carl Lee and family.

Regular Sunday services of the church include: Sunday school, 10 o'clock; morning worship, 11 o'clock; young people's meeting, 6:15 and evening worship, 7 o'clock.

On Wednesday the ladies meet for Bible class at the church at 3 in the afternoon and mid-week Bible study and singing is held at 7 o'clock.

A goal of \$500 has been set for the Week of Compassion, February 18 to 25, offering at the First Christian Church.

Youth week is being observed at the church this week with the young people taking the lead in much of the activity for the week.

The monthly meeting of the Layman's League will be held Friday, February 1, at 7:30 when Dr. Travis White of Lubbock will be guest speaker. Each man will bring a covered dish, and the men will serve their own meal.

The youth banquet for the First Christian Church will be held Friday evening at 7:30. "Christian Convictions for a Chaotic Century" is the general theme for the morning devotions being conducted at 8:45 over KPAN by Rev. Roy Ford.

Mid-week service of the church is held at 7:15 each Wednesday evening, followed by choir rehearsal at 8 o'clock. Regular Sunday services include church school, 9:45; morning worship, 10:50; youth groups, 6:00; evening worship, 7:00.

Regular services of the Church of the Nazarene, Fourth and Jackson, as announced by Rev. Roy Bickford include: Sunday school, 10 o'clock; morning worship, 11 o'clock; evening service, 7:30. Mid-week service at 7:30 on Wednesday evening. Rev. Roy Bickford is pastor.

Holy Communion will be celebrated Sunday during the morning worship service at Immanuel Lutheran Church. The service begins at 11:30 A. M. preceded by Sunday School and Bible Class at 10:30 A. M. The Sunday School story is "Jesus' Entry into Jerusalem."

Beginning February 11, a series of six Sunday evening services will be held during the Lenten season. Special messages on the story of the suffering and death of Jesus will be presented at these Sunday evening devotions. All services will begin at 7:00 P. M.

Religious instruction classes for children and adults are held regularly at the church and are conducted by the pastor.

A Youth Mission has been held this week for the youth of the intermediate and senior groups. They have been meeting each night, Monday through Thursday at 7:30 to study and better themselves as officers and members of their group. Teachers, as well as members have been attending this mission, led by Rev. W. A. Appling of Denver City. Churches were invited to attend from Vega, Dimmitt, and Friona.

Choir practice will be held Thursday evening at 7:45.

On Monday and Tuesday, February 12th and 13th, a District Retreat will be held for the Pastors of the Amarillo District in the First Methodist Church in Hereford. The meeting will begin at 2:30 Monday afternoon and will be adjourned at 3 o'clock Tuesday afternoon.

The regular Sunday morning service will be held at 10:55 with Sunday School at 9:45. Evening services are held at 7:00 with the Adult Fellowship meeting at 8 o'clock in Ward Hall. Intermediate and Senior M. Y. F.'s are at 6:15, and the Junior Choir meets at 6 o'clock on Sunday evenings.

## Wind Erosion Damage Reported in Many Parts of Texas and Oklahoma

Although in many parts of Texas and Oklahoma considerable damage is being done by wind erosion, none is reported in the Deaf Smith County area. Field men of the Soil Conservation Service say that where stubble has been properly managed there is no reportable damage to sorghum lands.

Wind erosion conditions in the blow areas of Texas and Oklahoma have undergone little change in the past two weeks, although recent rains on Oklahoma wheat lands may soon reduce exposed acreages in that state, Regional Director Louis P. Merrill of the U. S. Soil Conservation Service reported.

Moderate increases in acreages without enough plant or residue cover to prevent blowing have been balanced for the most part by reductions elsewhere in the vulnerable areas, Merrill said. Lands without sufficient plant or residue cover now stands at 2,708,000 acres in the two states. Acreage damaged by winds in the two-week period totaled 141,800, most of it in the Cross Timbers of Texas where many fields of sandy peanut lands are without plant cover or protective strips of stubble.

Sorghum strips on peanut lands are proving effective, and winter cover crops, where they have made a stand, also are holding erosion in check.

Helpful rains were reported by Oklahoma field men as follows: Clinton 1.23 inches; Woodward 1.00; Anadarko, 1.10 and Chickasha 1.96. Altus, Enid, Guymon and Watonga reported lesser amounts. Throughout the area wheat was showing new vigor and late planted seed was sprouting.

In Texas, Dushart received the greatest amount of rain reported in the state's wind erosion area in the interval with .68 inch. Other field headquarters in the Texas Panhandle area reported rainfall which for the most part will give help.

In the South Plains and sandy Cross Timbers portion of Texas, large acreages remain in condition to yield dust and sand when the wind is high. At San Saba District Conservationist L. F. Stewart reported three sand storms in the two-week period with 25,000 acres in that area undergoing moderate to severe erosion.

At Pecos District Conservationist Z. C. Dameron reported 10,000 acres of grass sod have been broken out for cultivation. This land will be damaged, he said, unless owners can irrigate before strong winds blow.

Mr. and Mrs. W. F. Smith, of Melrose, N. M., former Hereford residents, attended to business here Saturday.

## A prayer for our Soldiers

BY MAJOR GENERAL ROY H. PARKER  
Chief of Chaplains, United States Army

Almighty God, the Creator and Preserver of all mankind, we commend to Thy special care and keeping those serving in our Army. Though they be in the midst of dangers, do Thou send Thy guardian angels for their protection. Walk beside them as they go through the valley of the shadow of death.

Knowing that all good things come from Thee, grant them courage and loyalty, through a firm faith in freedom's cause, in the present conflict. When sacrifices are called for, let them be made in the knowledge that Thou art the rewarder of Thy servants. Enable them to live valiantly and serve nobly, in the full realization that no man liveth unto himself. Grant them clear minds, strong bodies, resolute wills, and pure hearts free from hatred and bitterness, renewing them each and every day with strength, like strong men of old, who against enthroned wrong stood with confidence and courage.

Awaken in them a lively faith that will keep them close to Thee. Enable them to rest their cause upon Thy Word that though the foe be strong, yet knowing the cause as they battle for the right, they can never fail. Fill their hearts with the assurance that with Thee nothing is impossible and that all things work together for good to them that love Thee.

If it be Thy will that injuries be sustained, let them experience the touch of Thy healing hand and do Thou bless the means and the ministries employed for the restoration of their health.

In these difficult times, when the forces of evil are running rampant and many hopes seem about to be crushed, fill their hearts with an abiding sense of Thy reality and the certainty of Thy continual presence. Enable them to look to Thee when loneliness and longing overtake them; fulfill their yearnings by granting them Thine own companionship and fellowship. Enable them to realize the full meaning of Thy promise, "Lo, I am with you always."

Thou who are the Protector and Helper as well as the Giver of victory, grant unto them every good gift of body and soul and unite us with them in faith and love unceasing. Amen.

Mr. and Mrs. Norman Moore and Mr. and Mrs. Ocean Nixon visited in Littlefield Sunday in the home of the Moore's daughter.

## MORRIS G. COBB REPORTS

### Panhandle To Get More Voice in Legislature Under Re-Districting

At the end of the third week of the 52nd Legislature, the issues to be decided by this representative body have become in large measures crystallized. And the opposing factions have begun accordingly to draw their respective lines of defense and offense. Almost 200 different bills have already been introduced in the House of Representatives, most of which are in appropriate committee for study. The Senate has been presented with 100 bills.

The early appointment of the standing committees by the Lieutenant Governor and the Speaker of the House greatly facilitated the progress represented by the large number of bills that have already been introduced. Next week it is expected that the various standing committees will be reporting many bills back to the floor of the House.

On Tuesday a Judiciary subcommittee reported out favorably H. B. 67, which provides in effect that a tax certificate duly issued by any taxing agency—state, county, city, or other political subdivision—will have the effect of being conclusive evidence of the payment of all back taxes as evidenced by the certificate. H. B. 3, which was introduced January 18 by Rep. Morris Cobb and co-sponsored by Rep. Harley Sadler of Abilene, was given the prompt attention of the Congressional and Legislative Redistricting Committee. This Bill is the only redistricting measure that has been presented in the House of Representatives, and it is expected that if any redistricting bill is passed this session, it will be this bill as amended through the legislative processes. The effect of this bill would be to give the Panhandle area more than double its present representation in the Legisla-

ture. The Canadian River compact was presented in the Legislature for ratification officially labeled as S. B. 50 in the Senate and H. B. 63 in the House. This compact must be ratified by the legislatures of New Mexico, Oklahoma, and Texas in order to become effective.

A resolution is now before the committee on Constitutional amendments for the ratification by Texas of the amendment to the federal Constitution limiting the term of the President of the United States to two four-year terms. Eighty-five members of the House of Representatives are co-signers of this resolution, and a two-thirds majority will be required in each of the House and Senate for ratification. Its passage in the lower house seems a certainty.

An early bill introduced during this session of particular interest to Panhandle veterans of World War II would provide for an increase in the maximum amount of a loan to a veteran for the purchase of farm land to \$10,000. Veterans in many parts of Texas have been handicapped in receiving benefits of this law due to the fact that farm land in their respective areas sold at a premium, and the coverage of the original veterans' land law was not adequate to fill the needs of these veterans.

## H. D. Club Council Holds Session

Deaf Smith County Home Demonstration Club council held its regular monthly meeting at the courthouse Saturday afternoon with 13 out of 12 clubs being represented and 14 answering roll call 100 per cent.

Mrs. C. P. Norton, chairman, presided and Mrs. T. J. Parsons conducted recreation. The chairman appointed Mrs. Parsons to have charge of recreation at each meeting. Miss Davis Leggett, district agent, of Amarillo was introduced and Mrs. Tom Draper, CHDA, gave helps of interest to new delegates. Mrs. T. J. Parsons announced the 4-H Club Calf show which is scheduled for February 15-16 and asked the clubs to donate prizes.

Committee chairman reading reports included: Mrs. Joe Waggoner, finance; Mrs. J. E. Dyer, year books; Mrs. Ira Ricketts, expansion and education; Mrs. Ed Cox, reporters; Mrs. R. C. Childers, marketing; Mrs. T. J. Parsons, recreation; Mrs. E. L. Brown, commissioners, meet; and the standing rules of the council were read by Mrs. George Epling. Scrap books will be on display in the agent's office until the time of the next meeting, which was announced for February 24.

THDA Session Following the council meeting a THDA session was held with

Miss Leggett as the main speaker. She told the club women that the Home Demonstration clubs will be asked soon to take part in the defense program and urged members to give their best in their homes and to their communities.

Mrs. Frank Wilde, chairman, presided and letters were read from Vernon and Big Springs institutions in thanks for the 31 gifts sent at Christmas time. It was also announced that the Hereford clubs received special recognition in the state magazine showing pictures of the groups canning vegetables for Boy's Ranch. Twenty three women canned 23 bushels of tomatoes making a total of 116 gallons of the canned product.

# Long Time Ago

**25 YEARS AGO**  
Hereford citizens again demonstrated to the world Tuesday that they are united on measures of progressiveness when they gave the paving and waterworks bond issue a clean majority of about six to one. The actual figures were: for the paving 218, against 40; for the waterworks improvements 229, against 30.

A. W. Gregg is the proudest man in Hereford this week. And he will show you the reason for his elation if you will call around at his residence.

The reason is a magnificent specimen of Goose, beautifully mounted and looking quite life-like, which Mr. Gregg killed with his own gun recently. And there hangs another story:

The hunting party consisted of Mr. Gregg, E. W. Kinney, Vern Witherspoon, John Harberer, Bob Fullwood and Milt Dunn. Mr. Gregg bagged a goose. Whereupon the other fellows "framed" him. They borrowed the goose, telling him they intended to feed the preacher with it the following Sunday. Mr. Gregg gladly surrendered it for such a worthy purpose. Instead the bunch sent the goose off and had it mounted. They then had a card printed, with the compliments and names, and hung it about the goose's neck and presented the gift to Mr. Gregg.

Tax payments were very good, preliminary figures would indicate, said Deputy Al Miller. There were 1440 polls assessed on the rools and 1325 polls were

actually paid.  
E. W. Harrison of Hereford was re-elected president of the Canadian-Clovis division of the South West Trail Association at the annual meeting held in Canyon January 28.

The splendid new drive-in garage building of the South West Trail Garage, across Third street from the courthouse, just completed by G. W. Brumley is now occupied and doing business.

**45 YEARS AGO**  
Last week Henry Farmer sold his ranch, through the Hereford Realty Company, at a price which lacked only 11 cents per acre being double what he paid for it only 11 months ago. . . . He purchased a three-section ranch about 20 miles north of town, which he will make his home.

Few people, who have not had experience in growing alfalfa, fully realize the enormous income which may be had from a small field of this crop, one year with another. Those of our farmers who have had the courage to try it have reaped a harvest each year which cannot fail to be convincing that the acreage in this popular forage should be multiplied in a many fold ration within the next year or so. . . . special mention should be made of Mrs. J. C.

## Barnett Spoke At Black Polio Drive Recently

Dr. L. B. Barnett was guest speaker at the Black Community meeting at the school house when a special drive for the March of Dimes funds was made.

Dr. Barnett used polio as his topic and explained the distribution of the March of Dimes funds.

A Walt Disney film was shown by the Dalton Coffee of Friona.

Mrs. J. C. McLean of Black said the drive was successful and the committee in charge wishes to thank all who cooperated.

Cox who has 30 acres planted five miles east of town. From this thirty acres, there has been harvested the past year 90 tons which sold at an average price of \$12 per ton or the entire 30 acres bringing the producer the handsome sum of \$7080.

B. B. Curtis, manager of the Lone Star Ranch south of Bovina, was in the city Wednesday and informs us that the necessary funds have been subscribed and collected to pay for the new public school building at the place and furnished us with the following list of subscribers which covers the entire cost of the building, including fixtures, desks, painting, etc. Total \$832.50.

H. R. Duff, who has a valuable sheep ranch west of Hereford, was among our business callers Wednesday. . . . He now has 1800 head of sheep on his ranch, from which, he informs us, his income is a very satisfactory one.

Goldston received his degree in agricultural administration.

## Air Force Seeking Nurse Candidates

A graduate nurse diploma is going to mean a great deal to a large number of American women during the years ahead. Evidence of this is contained in a comprehensive building program due for the United States Air Force Nurse corps.

Starting with over \$300 monthly pay, career nurses select from every specialty field in medicine for further training and experience. Assignments in clude: staff nurse, preventive medicine, training consultant flight nurse, head nurse, communicable diseases, pediatric nurse, operating room, obstetrics, neuropsychiatry, and an esthesia.

Due to the relative negness of the corps, a considerable number of vacancies exist and make it an easy matter for qualified nurses to obtain their appointments as commissioned officers. Initial appointments are made in the Air Force Reserve through the following procedure: Graduates of a nursing school acceptable to the Air Force Surgeon General, actively registered in any state or territory between the ages of 21 and 41, married or single, who are citizens of the United States, meet the initial requirements. These individuals must undergo a physical examination (without cost) at any military installation. Applicable forms, obtained from the Commanding General Continental Air Command, Mitchell Air Force Base, New York; Attention: Surgeon, are filled out in duplicate and mailed to the same address, together with a 3 by 5 recent photograph, and documentary evidence of marriage, divorce, or naturalization.

Upon completion of six months active duty as a reserve officer, nurses may apply for a regular commission and the lifetime career which it insures.

## Nothing Better Than Good Food, Says Ohio Man

If a man isn't able to eat the foods he likes he's in mighty sorry shape—imagine going through life without being able to enjoy a fine big platter of bacon and eggs. That is the way Joseph N. Damillot, 3414 E. 5th Street, Dayton, Ohio, used to be, but since he has been taking HADACOL, he says he feels just fine and is able to enjoy lots and lots of fine foods. Mr. Damillot found that taking HADACOL helped his system overcome a deficiency of Vitamins B, B<sub>12</sub>, Niacin and Iron.  
Here is Mr. Damillot's statement: "My first bottle of HADACOL convinced me that HADACOL was what I needed for the gas on my stomach at nights. I could not keep food on my stomach, but after the first bottle I was going great. Now I eat bacon and eggs, and other foods that never would stay with me. I also can sleep well at nights. Thanks to HADACOL, I will never be without it, and can recommend it to all who suffer with the above ailments that I had. I know because I have suffered for quite some time."
