## SIGHTS, FACES SEEN Around Town

Bob Wear was guest speaker at a meeting of the Beta Sigma Phi sorority Tuesday night.

The first regular board meeting of the Deaf Smith County Federation of Women's clubs will be held in the county court room Saturday afternoon, Sept. 8, at 2:30.

A report given The Brand on the presentation of awards at the Boy Scout watermelon feed last Friday night erroneously listed Bruce L. Miller as the person presenting the awards. Stuart Condon was the person giving out the Scout advancement awards.

J. O. Miller, owner of the Culligan Soft Water Service in Hereford, attended a recent meeting of Culligan dealers in Chicago.

## Leslie R. Daubs Rites Wednesday In Hereford

Funeral services for Leslie R. Daubs were held Wednesday morning at 10 o'clock at the First Christian church with Rev. Roy Ford officiating.

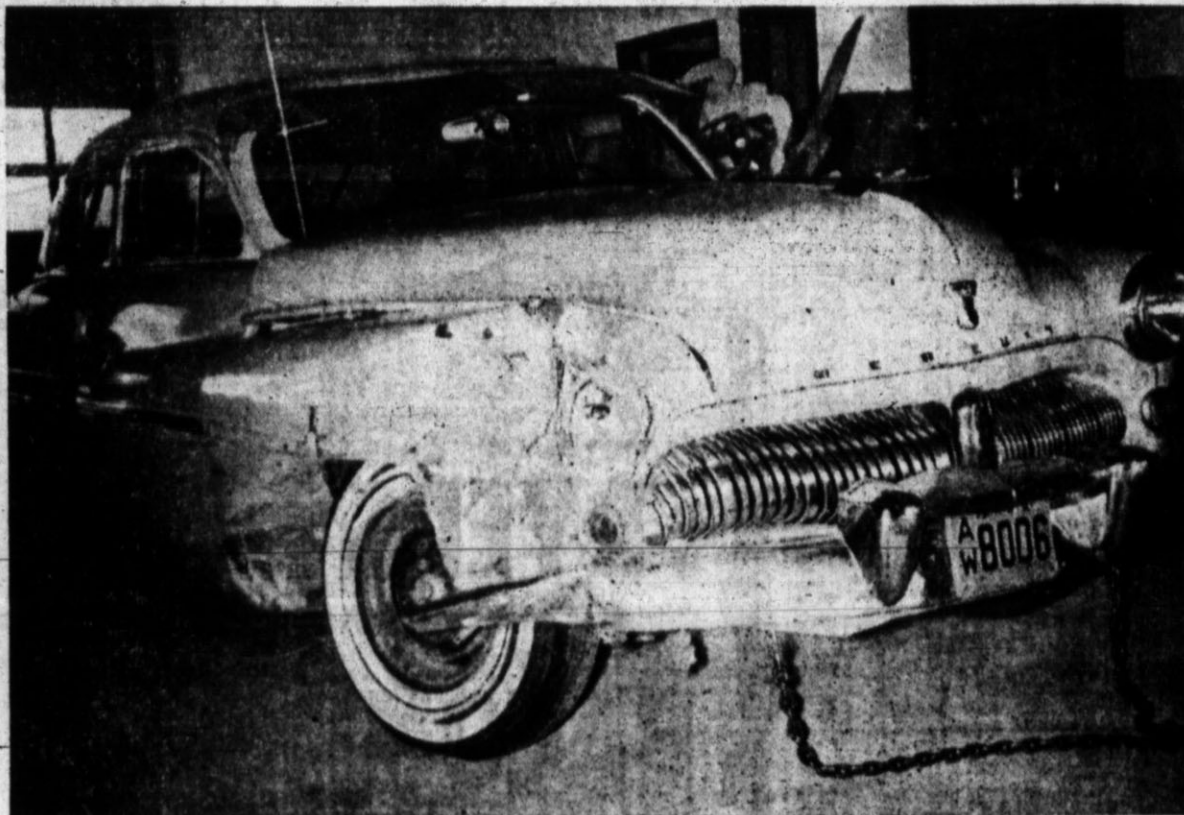

Burial was in West Park cemetery under the direction of Gilliland Funeral home.

Daubs who was born June 10, 1906 in North Dakota died Saturday, Sept. 1 in the McKinney Vetran's hospital at McKinney after a prolonged illness.

After moving to Texas in 1941 from Minnesota, Daubs moved to Hereford in 1942 from Abilene. In 1944 he married Mrs. Ruby Hagar of Hereford.

Survivors include: Mrs. Ruby Daubs, Hereford; his mother, Mrs. Jennette Daubs of Black Dutch, Minn.; and two sisters, Mrs. Wilson Riechert of Capitan, Canada and Mrs. Lorraine Allen of Regina, Canada.

Mr. and Mrs. W. B. Phillips and Earlene returned Wednesday from a two-week trip to Hilltown, Penn. where they visited in the home of a son-in-law and daughter, Mr. and Mrs. John Rockel.

## Hit-Run Driver Charged Here, Bond at \$1000

Henry Day Vaughn of Amarillo, is being held in the Deaf Smith county jail under \$1000 bond after being charged in examiner's court with failure to stop and render aid after a traffic accident last Saturday night five miles west of Hereford on Highway 60.

Vaughn's auto, a 1934 Mercury, hit the rear of a 1934 Ford being driven west by Ora Cavett, Konawa, Okla. Cavett and his four daughters were passengers in the Ford.

Following the collision, investigating officers said, the Vaughn auto proceeded west on Highway 60 without stopping. Later, he was reported to have passed the Cavett auto as he was heading back to Hereford.

City Patrolman Leland Alderson said Vaughn abandoned his auto at the west edge of the city and walked into town to summon (Continued on page 6)

## School Enrollment Down 69 This Year

Public school enrollment in Hereford has decreased by 69 over the 1950-51 school year totals, according to figures obtained by The Brand on Wednesday.

Enrollment totals for St. Anthony's parochial school will not

be available for a few days, school officials there said.

Total enrollment for this term is 1641 students as compared with 1710 at the end of the last school term in May.

Central school enrollment dropped 45 from last year's total of 441 with 396 enrolled at the present time.

Shirley school increased by four students with a 546 enrollment this year against a 542 enrollment the last semester.

Enrollment at the junior high school is only two off last year's mark of 294, with 292 students signing up.

In the senior high school, there are 26 less students this year than there were at the close of last year. A total of 407 students have enrolled at the present time while there were 433 last year.

Grade-by-grade, the enrollment is as follows:

**CENTRAL SCHOOL**  
First, 78; Second, 80; third, 70; fourth, 70; fifth, 48; and sixth, 48.

Mrs. Wiley Roberson and her grandson Douglas Roberson accompanied her sister, Mrs. W. V. Gearhart, to Littlefield Sunday where they were guests in the home of Rev. and Mrs. Frank Beauchamp. Mrs. Gearhart returned to her home in Lamesa from there and Mrs. Roberson and her grandson returned to Hereford.

50. Total 396.

**SHIRLEY SCHOOL**  
First, 92; second, 96; third, 99; fourth, 87; fifth, 84; sixth, 88; Total 546.

**JUNIOR HIGH**  
Seventh, 141; eighth, 151. Total 292.

**SENIOR HIGH**  
Ninth, 119; 10th, 127; 11th, 107; 12th, Total 544.

A total of 14 students have registered in a special kindergarten conducted by Mrs. J. R. Fowlkes as compared with 10 children last year.

## Vera Byrnes Resigns NFLA Post Sept. 1

Miss Vera Byrnes, assistant secretary-treasurer of the Hereford office of the National Farm Loan association for the past 13 years, resigned her position here on September 1.

Miss Byrnes will be replaced by Zula Gilliam, who was formerly employed in the city offices. Miss Byrnes has not announced her future plans as yet but she is instructing the new assistant in her office duties.

Mrs. Gilliam's appointment was approved Tuesday night by the association's board of directors.

## HHS GRADUATE OF THE 1930's?

# Ten-Year Analysis Shows How Success Follows Graduates

How does the average Hereford high school graduate compare financially in the world today with relation to his academic preparation, civic accomplishments, military service, and his choice of vocation?

These and many other questions regarding Hereford male graduates between the years of 1931 and 1939 will be found in an analysis of Hereford graduates prepared by Pat Sullivan, assistant high school principal.

Sullivan prepared the study as partial fulfillment of the requirements for his Master of Education degree which he received from Texas Technological college this summer.

The 22-page report is important, Sullivan states, because, "The public schools are extremely negligent about evaluating carefully the product which they send out into adult society. Business firms would not think of marketing products without checking on how well they performed and how successful they were."

"In no other area," Sullivan writes, "have our schools assumed so little responsibility and shown so little interest as they have in studying the product of their efforts."

The study lists 12 tables comparing how students in the four grade quartiles have fared financially under different conditions.

## P-TA Committee Chairmen Named

Approximately 350 members and guests attended the first meeting of the Hereford P-TA Tuesday night in the Shirley school gym.

The get-acquainted meeting, which was sponsored by the Hereford Chamber of Commerce, opened with a business meeting conducted by Robert Thompson, P-TA president.

Committee chairmen for the year are: Mrs. Homer Brumley, year book; Jimmie Allred, membership; Mrs. Wayne Edwards, hospitality; Mrs. Jimmie Allred, health; D. C. Kinsey, legislative; Mrs. Elmer Patterson, home and family life; Mrs. Henry Benson, publicity; D. C. Martin, radio;

Sullivan's thought-provoking revelations are the outcome of an actual survey conducted among 180 male graduates of Hereford high school between the dates

mentioned. Up-to-date addresses for 120 of the grads were found and 61 of them returned the questionnaires.

This represents a poll of 59.8% of those questioned or 33.9% of the class of male graduates.

Under the classification headed "School Marks and Financial Success," Sullivan's study showed that the average income of the upper fourth of the class was \$8,000, the income average of the second quartile was \$10,000, \$5,584 for the third quarter and \$5693 was the average income for the students in the bottom fourth of the study academically.

Sullivan notes, "Table I indicates that the second quartile of the graduating classes were most successful in achieving financial success. They are the ones who usually maintain a sane balance between their co-curricular activities and their scholastic efforts."

The relationship between acquiring a college degree and financial success revealed that the average income of the 29 college graduates was \$6,510 while the average of the non-graduates was \$7,352. Sullivan pointed out (Continued on page 6)

# Feed Crop Hurt By Lack Of Moisture

Deaf Smith county's dryland feed crop needs moisture and needs it soon for a good year, according to a cross-section of farmer opinion secured Wednesday by The Brand.

Farmers from all four sections of the county were contacted on prospects of the crop in dryland areas. The picture didn't look too bright.

Moisture within the next two days will help fill some of the crop out, but it is too late in the season and the crop is burned too much to make a heavy production.

Harvesting of the crop is expected to start about October 1, farmers say.

The western part of the county seems to be hit the hardest from the lack of moisture, but a crop will be harvested, even if there is no more appreciable moisture. A rain now will help fill out the maize.

A feed crop will be made this year on irrigated land, but it's still tough and go for the dryland crop.

The lack of rain is not only hurting the row crops, it is hard on the grasses and is slowing down wheat planting in some places. It is no serious threat to wheat planting yet.

On the Tom Robinson farm 42 miles northwest of Hereford, the 1500 acres of dryland maize is

in good condition. Robinson expects to harvest about 1400 acres.

The Robinson crop is on summer-fallowed land.

Many farmers contacted by The Brand conceded that dryland maize planted on wheat land burned more readily than dryland maize planted on summer-fallowed land.

Some of the maize east of Hereford is beginning to burn and show signs of needing moisture.

Most farmers contacted agreed that any rain now could come too late for a lot of their dryland maize, but a rain within a week or 10 days would help fill out their crop.

## Football Mothers Re-Elect Mrs. W. T. Kelly on Tuesday

Plans were made to serve the high school football boys, their dates and their Dads following the game with McLean at the first meeting of Football Mothers held Tuesday afternoon in the high school study hall.

Mrs. W. T. Kelly was re-elected president of the group and Mrs. N. D. Bartlett was elected secretary-treasurer. Six telephone chairmen were appointed by the president.

Preceding the next meeting of the Football Mothers which will be held Monday, Sept. 10, there will be a tea in the home economics lab at 2 o'clock.

All mothers of high school football players are invited to attend the tea and the meeting which will follow at 4 o'clock in the high school study hall.

Each Monday afternoon preceding a home game there will be a meeting of the Football Mothers at 4 o'clock in the study hall.

A re-built Whiteface grid machine, minus eight players in vital spots through graduation, will meet its first test of the season in Whiteface field Friday night at 8 p.m. when they clash with the McLean Tigers.

Coach Dalton Criswell will field a team with a few of the vital spots filled by graders who played in different positions last year, and a few by boys moved up from the "B" squad. Seven lettermen are in the tentative starting lineup.

Ray Graham, 138-pound senior, will do the ball-handling in place of Jack Stanton, pivot man for the 1950 Whitefaces. Graham filled an end slot last year.

Herman Hund, 160-pounder, will fill the right guard spot. Hund, who looked particularly good in practice, clinched opening chance at the right guard position during the past few days.

Hereford's 164-pound line will be about the same in size as last year.

Criswell has good words for the work of his backfield prospects. Graham is doing good work at quarter and Dement, who came to fullback slot from his guard position last year, is looking good, Criswell said.

Kelly and Morton are filling the half-back posts at the start but Winget and Self will see action in tomorrow night's game in the backfield, according to the Herd mentor.

To date, the squad is below its expected form, Coach Criswell told The Brand. The best work-out for the squad was on Tuesday night.

Not much is known about Mc-

Lean except from the individual statistical standpoint. The Tigers have a new coach this year, Don Leach, who served as assistant last season to Al Duncan, who was killed in an auto accident.

The Tigers have a 155-pound line, with a couple of 200-pound tackles.

They don't have too much experience, but on the first game of the season, anything can happen.

Others on the Hereford squad in addition to the starting eleven are:

Left Ends—Wilson, Brooks  
Left Tackles—Jones, Kirby, Slaughter.

Left Guards—Rose, Higgins, Tucker.

Centers—London.  
Right Guards—Rettman, Sanders, Bookout, Sharp.

Right Tackles—Janssen.  
Right Ends—Boyd, Dickson.  
Right Half—Winget, Self, Layman, Whitehead.

Left Half—P. Wilson.  
Additional prospects are:

Allman, Terry Wilson, Jury, Dawson, Francis Boyd, Easley, Yates, Airhart, Godfrey, Matthews, Hicks, Quattlebaum, Cowart, Streun, Hager, Burkett, Caywood, Southern, Jarmon, Drake, Hodges, Jackie Burrus, Kaul, Tilson.

Mr. and Mrs. Cecil Wilson and son George and Mrs. Pete Jenkins of Hot Springs, N. M. came by private plane Saturday for a week-end stay in the home of their uncle, Vern Witherspoon. They also attended the Summerfield Homecoming Day celebrations. They returned to their homes Monday.

HEREFORD'S FOOTBALL SQUAD members are shown above before their Tuesday night practice in preparation for the game with McLean Friday night at Whiteface field. They are, bottom row, from left: Tilson, Sanders, London, P. Wilson, J. Burrus; Second row: White, Whitehead, Hund, Bookout, B. Dickson, Rose; Third row: Dement, Layman, G. Dickson, Franklin Boyd, Winget, Kirby, Allman; Fourth row: McCullough, Tucker, Sharp, Easley, Fish, Slaughter, Godfrey; Fifth row: Quattlebaum, Self, Corbett, Morton, Graham, Kelly, Thomas; Sixth row: Caywood, Airhart, Jury, W. J. Wilson, Hicks, Higgins, M. Wilson; Back row: Coach Dalton Criswell and Assistant Coach Wayne Stark. —Brand Staff Photo.

### Library Reports on Receipt of Several New Additions to List

Several new books, both fiction and non-fiction, arrived at the Deaf Smith county library this week, according to Mrs. J. J. Boydston, librarian.

Heading the list of non-fiction books are "Nobody's Child" by Phyllis Hamilton and "A Certain Woman" by Victor MacClure.

"Nobody's Child", a story about children from homes broken by divorce, will be used by the Summerfield-Study club in their program this year.

"A Certain Woman", a story of Miss Magdalene is recommended by Mrs. Boydston as one of the best books among the new non-fiction books.

Other non-fiction books received this week by the library are: "Blaze of Glory" by Agatha Young, "The Cistern and the Fountain" by Jean Matheson, "The Limit" by Ada Loverson, "The Cruel Seas" by Nicholas Mansarrat, "Brides Island" by Margaret Bell Houston, "Horns For the Devil" by Louis Malley, "The Reckless Heart" by Catherine Severn, "The Golden Hammock" by Laetitia Irwin, "White Man Returns" by Agnes Newton Keith, author of "Three Come Home", "Yangtze Incident" by Lawrence Earl, "Alone—He Went" a story of World War II by Anthony Richardson, "Quest for the Lost City" by Dana and Ginger Lamb, "The Provinces of France" one in a series of "The

World in Color" by Dore Ovi-zek, "The Anatomy of Happiness" by Martin Gumpert, M. D., and "The Dark and Damp" an autobiography of Jack Wilson.

Mrs. Boydston recommends two novels from the fiction list for good reading. For the reader who likes something "light" she recommends "Doctor in a Buckskin" by T. D. Allen. It is a story of the most daring of America's pioneer doctors.

For heavier reading is "The Road to Bithynia", a novel of Luke the beloved physician, by Frank G. Slaughter.

Other fiction books on the new list are: "Mr. Smith" by Louis Bromfield, "O, The Brave Music" by Dorothy E. Smith and "Interruption", a novel of World War II, by Calvin Tomkins.

All of these new books are available to readers at the Deaf Smith county library, according to Mrs. Boydston.

### FRIO NEWS

#### Fire Monday Destroyed House on Potter Place Near Frio Draw

By Mrs. Owen Andrews

Fire Monday night destroyed the house on the "Potter place", which is located on the county line and Frio draw. Mr. Sargent, who is living on the place, was away at the time of the blaze, which was estimated to have started after 9 p.m.

Everything in the house was lost, including a refrigerator and some furniture owned by Mr. Sargent's son and daughter-in-law, Mr. and Mrs. Raymond Sargent of Hereford.

The place was the family home of the Emmet Potters for many years. Potters built the place in the early 1930's.

Mr. and Mrs. Glen Cruse and children returned the last of the week from a visit with Glenn's parents, and other relatives in South Dakota. They report the country is looking very good with grass good and green from plentiful rainfall this year.

Miss Lyla Robbins left for Abernathy Saturday where she will teach in the primary department of the public school system. She was to spend Saturday night at the home of Valerie Holley, near Plainview. The two are to meet and teach together. Miss Holley has been a teacher there for four years. She was in school at Wayland with Miss Robbins' sister, Mrs. E. H. Little.

Lee Roy Shannon was here visiting with his folks, the R. L. Shannons, last week. He will be a teacher in high school at Welch near Lamesa.

Mr. and Mrs. Jimmy Singer of Dalhart are announcing the birth of a son, Gary Lee, on Sunday, Aug. 26. Grandparents are the A. H. Browns.

Mr. and Mrs. Earl Cole and Mrs. Thurman Cole were in Oklahoma City last week where Mrs. Earl Cole received a medical check-up.

Miss Betty Robbins and the H. F. Bensons were shopping in Amarillo Wednesday.

Miss Lyla Robbins was visiting Mrs. W. S. ... her home in Dimmitt recently.

Mrs. Rhea Robbins and Mr. and Mrs. Bob Brotherton of Can-

yon took supper with the Frank Robbins' Tuesday night.

Visiting Lamerlas Berryman on Sunday was Dot Hamilton of Dalhart.

Mr. and Mrs. France Holley of Wellington were visiting her brother, Buck Berryman and family, last week Tuesday.

Mr. and Mrs. T. L. Sparkman Sr. and Mr. and Mrs. T. K. Sparkman Jr. and children were vacationing in Colorado from Thursday until Monday.

D. Johnson took Sunday dinner with the H. D. Robbins'. Mrs. Johnson and children went to Pampa Thursday and took Mrs. Johnson's niece, Miss Christine Wallace, to her home. They then went to McLean to spend the week-end visiting her mother, Mrs. Kunkle, and other relatives.

Visiting the Robert Simpsons on Saturday were Mr. and Mrs. Hudson and family of Dumas and Mr. and Mrs. Verril Roberts of Littlefield. Mrs. Simpson is a sister of Mrs. Hudson and Mr. Roberts.

Wednesday night guests of the Robert Simpsons were Mrs. Simpson's parents, Mr. and Mrs. C. E. Roberts, and her grandpa, Mr. and Mrs. C. W. Roberts, all of Wellington.

Miss Oma Ruth Thompson spent from Thursday until Sunday at the Hiram Odum home south of Dimmitt. The Odoms brought her home on Sunday. Mrs. Eva Odum, who had been visiting her daughter, Mrs. W. H. Thompson, returned home with them. Kenneth and Mareta Odum were also week-end visitors at the Thompson home. The M. B. Raymond and Hiram Odum families were visiting the Thompsons on Sunday. Others there were the J. B. Thompsons and Lester and Winnie Jo Irwin.

Tommy and Lester Irwin spent Friday night with Wade Thompson.

Lee Roy Dowdy, who is stationed with the army in Arizona, spent a week-end leave with the ... here and with ... Dowdys at Tulia.

Mr. and Mrs. H. E. Lindley and Mr. and Mrs. Ted Bush were va-

tioning near Grand Junction, Colo. last week.

Mr. and Mrs. A. T. Jones returned last week from Savannah, Mo., where Mrs. Jones received medical treatment for about two weeks. She was doing fine when they returned. Mr. and Mrs. Joe Benson of Dimmitt stayed at the Jones place and did some irrigating some of the time the Joneses were away.

Mr. and Mrs. Leeth and Sandra and Mr. and Mrs. Vestal of Dimmitt were Tuesday night callers at the R. L. Shannon home. Tuesday afternoon callers at the Shannons were Mr. and Mrs. T. L. Sparkman Jr. and family and Doris Jean Andrews.

Joe Hacker of Hereford was guest of honor at a surprise birthday party at the H. F. Benson home Thursday night. Others present besides the Bensons were Joe's parents and other relatives from Hereford.

Visiting Mrs. W. A. Springer on Tuesday was her uncle, C. L. Attaway of Dumas, and a cousin, Mrs. Charles Ray Hillier of Canyon.

Among those attending the Boys' Ranch rodeo on Sunday were Mr. and Mrs. W. A. Springer, Charles Ralph and Franklin Springer, and Mr. and Mrs. E. M. Green and Patsy.

Mr. and Mrs. J. H. Stone of Tonkawa, Okla., and Mr. and Mrs. Elbert Summers and children of near Hart were Sunday visitors in the George A. Springer home.

Home Maker club members are reminded that September 12 is the date for the next meeting which will be held at the Floyd Cole home. Members are to bring samples of handicraft for a program on hobbies.

#### Family Reunion

Members of the late J. P. Roberson family gathered for a reunion at the home of Mr. and Mrs. Jeff Roberson Saturday night. The get-together was in the form of a picnic on the lawn.

The first person to identify the middle farm as the Jack Fortenberry place was Mrs. C. R. Higgins, who made the correct identification at 7:35 a.m. Thursday, Aug. 30. The lower photo is another new farm awaiting identification. Two free theater tickets will be given to the first city reader making the correct identification of the lower photo.—Brand Staff Photo.

## Livestock Suffer From Heat Also

COLLEGE STATION — Livestock, like humans, are suffering from the effects of the dry weather and intense heat that has gripped most of the state this summer. The effects may be both current and longtime, says J. D. Thompson, assistant extension animal husbandman of Texas A. & M. college, unless livestock producers supply their animals with supplemental feed.

It is Thompson's opinion that next year's crop of beef calves may be reduced in numbers as well as quality for the mother cows are not getting enough feed now to produce a high percentage of calves next year. He says cows are not only going hungry but that they are not getting the rest they need to maintain their own bodies and deliver a calf next spring. The pay-off in the cattle business depends largely on the calf crop and no crop at all simply means no pay-off and no meat for the American table. To help this situation, Thompson recommends that livestock producers feed their cows a daily ration of one and one-half to two pounds of 41 per cent protein silage; two to five pounds of green alfalfa hay and keep bone meal available at all times along with granular stock salt. Where pasture or range grass is short, sorghum partridge hay or other roughage should be fed at least once a day. It is not necessary to feed the cake and alfalfa if sufficient green grazing is available. However, when the pasture or range starts turning brown, the above named feeds could be given to the cattle.

Silage, sudan or Johnson grass, other temporary grazing will aid in supplying the cheapest source of protein, mineral and vitamin A, says Thompson. Cows are able to draw for a time from the fat of the bodies and their livers, vitamin A. When this supply is exhausted, there is trouble ahead, says Thompson unless other sources of vitamin A are applied. Since cottonseed cake contains no vitamin A, such feeds green alfalfa hay or yellow corn are needed in the cow's ration to help prevent blindness.

## Late Summer Care of Fruit Orchard Vital

COLLEGE STATION — The heavy end of the peach season in most sections of the state is about over but there are jobs in the orchard that shouldn't be neglected. According to John Hutchinson, extension horticulturist of Texas A. & M. college, now is the time to check each tree for San Jose scale. This tiny sucking insect often spreads throughout the orchard during the late summer and early fall. It may be carried from tree to tree by the wind, on the feet of birds or the insects may move about on their own. It soon becomes established and may do serious damage to the trees. The scale is first noticed as a gray ashy surface on the bark of the tree. Hutchinson says if it is found, steps should be taken to control it or else check its spread until effective control measures can be applied. He recommends the use of a solution made by mixing one pound of dry lime sulphur in three gallons of water. The solution should be applied to the trunk and framework branches of the tree and he adds, an old paint brush makes a good applicator. He cautions against allowing the solution to come in contact with the foliage because it will burn the leaves.

This is only a stop-gap remedy but will help hold the scale down. Effective control can be obtained by spraying the trees with a three per cent oil spray during the winter season when and many calving problems.

the trees are dormant. The situation is a tough one, he adds but good herd management, in times such as now exists, will not only keep the herd in good condition but will also mean a better and bigger calf crop next year. The expense will be high but the results will offset the costs.

## Personals

### GET-TO-GETHER

A get-together of relatives to view movie films taken on a recent trip to California was held in the home of Mr. and Mrs. Louie Olson Thursday night. Out-of-town guests included Mr. Olson's sister, Mrs. Jake Kvinlaug and her husband of Gilman, Ia., and a niece, Mrs. H. W. Conkey and Mr. Conkey of Des Moines, Ia. and two sisters of Mrs. Olson, Mrs. George Robertson of Hot Springs, S. D. and Mrs. J. O. Baker and children of Dallas.

Others attending were Mr. and Mrs. Roger Brumley and children, Mr. and Mrs. Homer Brumley and children, Mrs. Liburn Hamilton and children, Mr. and Mrs. Bonnie Brumley, Mr. and Mrs. Otto Olson, Mr. and Mrs. Harold Pettyjohn and children, Mrs. Elvin Wilson and children, Mr. and Mrs. G. W. Duncan and children, Mr. and Mrs. Geo. L. ... daughter, and the hosts.

Mr. and Mrs. Claude Taylor of Winchester, Ky. are visiting this week in the home of Mr. and Mrs. John Patton.

Mrs. Loyd Sharp and Mr. Lowell Sharp spent Saturday in Amarillo shopping.

Weeds should not be permitted to take over the orchard. Shallow cultivation will take care of them even though the soil may be very dry. Trees need all the moisture and plant food that is available, says Hutchinson. During this period, the fruit buds that will produce next year's fruit crop are being differentiated. Plant food is being stored in the tissues of the plants which will help keep the tree healthy and insure a good fruit crop next year.

The dry, hot weather, points out Hutchinson is all the more reason why the best of care should now be given to the peach orchard. All fruits that are still on the ground should be collected and removed from the orchard for the mummies or dried fruit may contain both insects and diseases that could cause lots of trouble later on. The care given orchards at this season may well determine the productive life of the trees and with it success or failure for the orchardist.

that six of the non-graduates did not reply and their incomes might have been in the lower bracket, which would have altered the findings.

Also, he declared, many of the college graduates became teachers and ministers, callings which are in service but comparatively poor in monetary rewards.

Men with a family of three children had an average income of nearly three times as large as the next classification, according to the analysis.

Another phase of the study revealed that men with no college degree have families approximately 26% larger than college graduates.

"One reason for the smaller families of college graduates," Sullivan opined, "could easily be that men who spend four years in college usually marry several years later than those who go directly from high school into vocations."

Ninety-two percent of Hereford high school's graduates belong to a church of some kind, Sullivan's study shows. The upper half of the class showed 100% church membership.

Church leadership among members of the second grade quartile was the largest, with 36% of their members in positions of leadership of one sort or another in their respective church groups. The first quarter of the class was next highest with 33%. Next came fourth with 27% and third with 26%.

Church leadership among the subjects of the study is closely correlated with financial success. The 18 in the lead had an average income of \$8,738 and the 36 who did not lead have an average income of \$6,004.

The group of high school graduates who served in the armed forces reported an average income of \$5,325 while the segment of the survey that did not serve in the armed forces reported an average income of \$9,635.

As to relationship between school marks and vocational choice, the following results were evident:

The first quartile had the highest percentage of its members in professional work. The third quartile had a surprisingly large number of professional men, with agriculture a close second.

Of the entire group, 43% were professional men and 23% were engaged in agricultural activities. Approximately 10% were members of the armed forces, laborers, and mechanics.

Those graduates in business reported an average annual income of \$19,700, while professional men came second with \$6,076. Graduates engaged in agriculture reported average incomes of \$5,470 and clerical and sales averaged \$5,367. Other vocations averaged \$4,350 annually.

Math and English were considered to be the most important subjects studied while in school by the majority of graduates.

Hereford students remained pretty much in their home state after they entered the business or professional world, the study shows. A total of 72.13% still call the Lone Star state home. New Mexico is second with 8.20% of the Hereford grads, followed by California, Arizona, and Iowa in that order.

## Ask Aid in Mourning Dove Banding Plan

AUSTIN—Game management folks are counting on Texas sportsmen to help give their dove banding program a needed boost this fall.

The Director of Wildlife Restoration for the Texas Game & Fish Commission said hunters can help mightily by sending in bands taken from the legs of banded mourning doves.

These bands, which are placed on the young doves before they leave their nests, provide game departments with vital data about the habits of this popular game-bird.

When a hunter shoots a banded dove and sends in the band along with the date and place the bird was taken, the biologists refer to the original record showing where and when the bird was banded. In this way they determine valuable information about travel and other habits of the birds which is needed in setting hunting seasons and for other routine purposes.

The Director of Wildlife Restoration said he believed more hunters would cooperate if they understood the importance of the banding program. That comparatively few do realize, this need was reflected in the records for the 1950 mourning dove season when only 125 bands were reported.

In that year, approximately 3,000 doves were banded and it

was estimated that hundreds of these were harvested, along with birds banded in other seasons.

The bands used this year in marking doves bear the mark: "F & W Svc., Washington, D.C."

The Director of Wildlife Restoration said hunters find the bands may send them either to Washington or to the Game Department in Austin. He reminded sportsmen that the place and time the birds were shot is important.

## Community Women Elected to Home Demonstration Council

By Mrs. B. C. Childers

Mrs. Fred Wolfington of this community was elected corresponding secretary of Council of Home Demonstration clubs of the county at the regular session of the council meeting held in the county courtroom Saturday afternoon.

Mrs. R. C. Childers was appointed chairman of the arrangements committee for the dress review that is to be held in connection with the Home Demonstration work. Others appointed to the committee were Mrs. Wayne Higgins of Wildorado and Mrs. Paul Rudd of the Westway community.

New residents in the community are Mr. and Mrs. J. C. Stanton and daughter from Crosbyton. They have moved into one of the houses on the Paul Corbett place and is employed by Mr. Corbett.

Larry Curtis Barclay, son of Mr. and Mrs. C. S. Barclay, was in the local hospital, after having a convulsion Saturday night about 10 o'clock. He was released from the hospital Monday night.

Another new resident in the community is the young son of Mr. and Mrs. Stan Nelson born Saturday night in the local hospital.

Raymond Childers returned Saturday, by bus, from Canyon after spending several days in the home of his great aunt, Mrs. Allie McNeill, who lives in the country there.

Mrs. R. N. Cooke, Mrs. Herbert Hoover, and Mrs. Frank Wilde returned Saturday afternoon from College Station at Bryan, where they attended a three-day convention of the Texas Home Demonstration Association. The group were gone five days, and report they had a wonderful time, but it was so hot they could hardly stand it.

Colleen Cooke returned home Sunday night by Greyhound bus, after a weeks visit in the home of Mr. and Mrs. Loyd Watkins in Hobart, Okla. Colleen reports that several parties were given in her honor while she was there, and that she really had a wonderful time. Mr. Cooke taught school at Hobart several years, so the Cookes have lots of friends there.

Mr. and Mrs. A. C. Hershey have moved to the A. F. Hargett place, north of Shirley school.

Raymond Palmer of House, N. M. was in Hereford Friday. He called in the Floyd West home and looked at the crops in this vicinity. The Palmers are formerly of this vicinity.

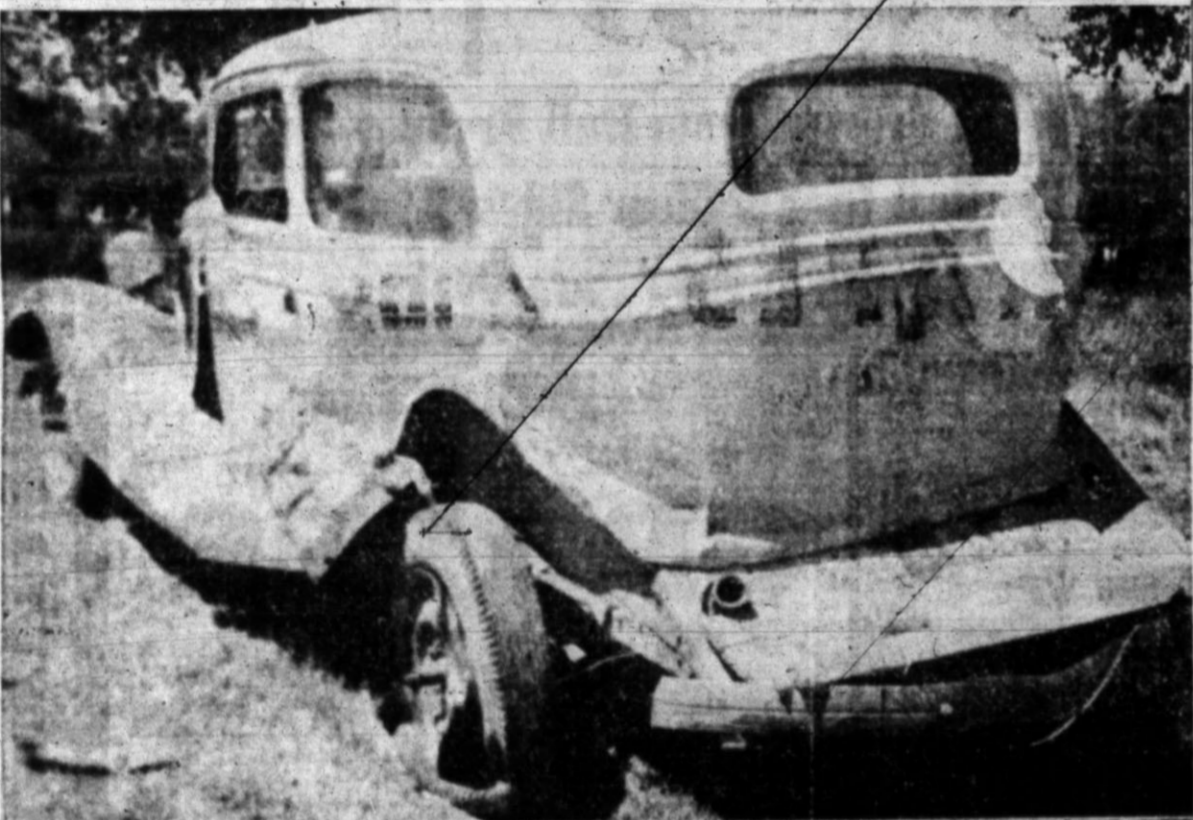

Sue Cooke and Patsy Childers attended the F.H.A. watermelon feast at the Veterans park Friday honoring the new F. H. A. members.

Mr. and Mrs. G. F. Witherpoon, and Mrs. Leo Hennington and daughter, Sueane, were

guests in the R. C. Childers home, Friday night.

Mr. and Mrs. Earl Johnson of Pampa left Saturday after spending several days visiting in the Wayne Johnson and R. C. Childers homes.

Miss Jennice Corbett of Nanticoke, Ill. is visiting her nephew Paul Corbett and family.

a wrecker to bring his damaged vehicle into Hereford.

Vaughn was apprehended early Sunday morning by Alderson and Constable Ed Curtsinger as he was checking in at a Hereford hotel.

The Amarillo man waived examining trial and was bound over to the grand jury with bond set at \$1000.

Highway Patrolmen J. A. Dumas made the investigation of the accident. Dumas signed the information setting out the charge against Vaughn.

Cavett's daughter, Mrs. Vonnie Marie Reed, was given emer-

gency treatment at the Deaf Smith county hospital and later released.

Mrs. C. P. Grimes and Mrs. George Cantrell have returned from Keene, Tex. where they took Betty Mae Grimes who will attend Southwestern Junior college this year.

# Grand Opening Saturday for Kinsey Building

D. C. KINSEY

BRUCE WOODDELL

Saturday, Sept. 8 will be the grand opening of the new Kinsey Motor company building at corner of Second and Schley streets.

D. C. Kinsey, owner, said the opening event will feature flow for the ladies, cigars for the men, and favors for the kiddies. Eldon Bright, KGNC artist, will entertain on the organ from 4 to 5 p.m.

The new Kinsey motor company home was completed about three weeks ago. Work on the new building was begun during the week of 1950.

General contractor for the building was N. D. Bartlett of Hereford.

Featured in the new L-shaped building is cantilever construction with the resultant elimination of floor supports, thus freeing the entire floor area as space.

The new building's main part is 65 feet and the "L" of the building is 125x32 feet.

This construction will give the new building about 35% more space in their former home at the corner of Third and Sampson, block north.

The enlarged parts stock is one of the many new features of the Kinseys. In the new service department, there is room for 20 automobiles at one time.

The 22x63-foot showroom has room for five automobiles.

Another of the new features is the special room for front-end and wheel alignment which was constructed with the entire floor at a lower level than the rest of the shop.

Cleaning of the new building is facilitated by a floor drain in the center of the workshop.

Kinseys will maintain its used car lot directly across Sampson street, according to D. C. Kinsey, owner.

Fifteen persons are employed at the Kinsey Motor company, which celebrated its 10th anniversary in Hereford in March of this year.

D. C. Kinsey of Hereford and J. A. Rogers of Amarillo are co-owners of the firm.

Supervisory personnel of Kinsey Motor company includes: Bruce Wooddell, general manager; Carroll Whitesides, parts manager; Lloyd Neill, service manager; Earl Prather, used car manager; and Miss Frances Young, office manager.

Kinsey this week urged all residents of this entire area to visit with them and inspect their new home. "Our new quarters were made possible, after all, by the loyal patronage of people in this community," Mr. Kinsey commented.

### Muleshoe Hits Local Diamond Nine, 12-9

Hereford's baseball team dropped its last game of the year to Muleshoe here Tuesday night by a 12-9 count.

A box score of the game kept by the Muleshoe manager was not available following the game.

Winkler and Barrett shared the mound chores for Hereford while Corbett handled the back-stopping.

J. Eddings hurled and B. Edding caught for the visitors.

Manager Earl Stagner said this would be the last game of the year unless Muleshoe wanted a return game.

Muleshoe and the locals gave the fans a good game. Muleshoe, who won the playoffs in their league, played a fast game.

### Car Collides With Truck on Highway 60

Charges of illegal parking without signal flags were filed on a Bovina man as a result of an accident which occurred Sunday in the 500 block of Highway 60.

Henry L. Wilkerson, whose 1 1/2 ton Chevrolet truck was parked on the north side of Highway 60 while heading east, was the man charged by City Patrolman Leland Alderson after his truck was hit by a 1941 Ford driven by Neil Crist, Route 1, Hereford.

Crist hit the back of the truck, which, Alderson said, was about nine feet from the curb.

Damages to the Ford were estimated at about \$500 and at \$50 to the truck.

There were no injuries reported from the accident.

Wilkerson was fined \$16 in city traffic court for the violation.

Mrs. Clara McLean of Big Spring spent the Labor Day week-end in Amarillo with her sisters Mrs. Luther Hough and Mrs. Mary Garrett, and in Hereford with her brother, Walter Dunlap, and family.

# Waterfowl Season Opens November 9

AUSTIN — The executive secretary of the Game & Fish Commission noted that the new federal restrictions against baiting waterfowl is in keeping with long standing Texas curbs.

The Federal Fish & Wildlife Service, in announcing a 50-day duck and goose season for Texas beginning November 9, stated that shooting over baited places may NOT be done during or within two weeks of the season opener.

The executive secretary pointed out that Texas has outlawed baiting waterfowl for hunting purposes before, during and after the shooting season.

Under the 1951 federal regulations, ducks or geese may NOT be taken within a half mile of any place where corn or similar feed is placed or exposed "during or within two weeks prior to

the open season." Federal authorities said the two-week overlap will help prevent the luring of waterfowl to an area even after the bait may be consumed.

The executive secretary re-stated the commission's baiting policy in issuing the proclamation formally setting the waterfowl season from November 9 to December 28 inclusive.

The general waterfowl regulations, besides the dates, will be the same as last year. The daily duck limit will be five and the possession limit 10. The limit will be five geese in the aggregate per day and five in possession. Shooting hours will be from half an hour before sunrise to one hour before sunset except on opening day when the legal shoot will be from noon until one hour before sunset.

# Draw, Free-For-All On Local Mat Sat.

Wrestling came back for a fall and winter stay in Hereford on Saturday night as a double main event program was staged by the Lions club.

Dory Funk was unable to meet Ace Freeman as was advertised, because of heavy duties at Boy's Ranch preparing for their Labor Day week-end rodeo.

Billy Weidner filled Funk's assignment and did it admirably, holding the Bronx Bouncer to a draw in one of the best wrestling matches ever presented in the local ring.

Weidner and Freeman put on a clean exhibition for a capacity house which braved the heat and humidity to see the season's opener.

In the second main event of the evening, George Drake, Catalina Island nifty, won over Ray Duran of Mexico City via disqualification.

In the first bout, Weidner took the edge over Freeman with a fall nelson after 36 minutes of bang-up wrestling. Freeman

took a quick second fall in eight minutes with a jack-knife.

The match used up the hour time limit without either grappler getting the second fall. Freeman and Weidner won the applause of the house for their brand of wrestling and their sportsmanship during the match.

But the second match was different, as wrestling fans who have heard of Ray Duran would imagine. The burly matman from south of the border gave Drake a rough time, but the lighter Californian gave an excellent account of himself.

Drake took the first fall in 19 minutes with a reverse jack-knife. Drake knocked Duran on the ropes head-on and let Duran stumble over him on the rebound. It was then that Drake gave the Mexican the clincher.

Duran came back in the second fall with a vengeance. He began his indiscriminate use of illegal tactics and had Drake reeling on the ropes when Bill Sledge, the referee, called the match off with

"Every car that leaves my showroom is lubricated with Conoco Super Motor Oil," reports Mr. Dobson. "A man can get top performance with Conoco Super."

**"50,000 Miles-No Wear!" Proved Here:**

After a punishing 50,000-mile road test, with proper drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence: in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. AND gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000!

**ASS'T FIRE CHIEF**  
"Our engines sit idle for many hours and then are driven at high speed," says Alex Barnes, Ass't Chief, Volunteer Fire Department, Santa Fe, N. M. "That's why we use Conoco Super. Any oil that takes that kind of punishment must be 'super'."

**TRAVELING SALESMAN**  
"I've put 26,000 miles on my DeSoto," says Jim McCabe, Traveling Salesman, Idaho Falls, Idaho. "I've used Conoco Super since the car was new, and I still enjoy new-car performance, and no oil consumption between drains."

# TRAIL BLAZER—

with plenty on the ball

**How long since you lifted the hood of a car, and took a good look at what's beneath?**

We like to have folks do that with a Buick.

You'll find that broad bonnet isn't put there for show. It's packed with horsepower—high, wide and handsome—more horsepower than normal drivers will ever use in full.

And—if you're up to date on modern features—you'll find that this bonnet is packed with these too.

Do you know, for example, that every new engine introduced or previewed in recent years is built on the valve-in-head principle?

Score one for Buick. No Buick engine has ever been built in any other way.

Do you know what it takes to make full use of high compression? A valve-in-head engine!

Score two: Buick has been stepping up compression ratios for years.

But Buick has blazed one trail which other engines still haven't followed—don't ask us why.

Every Buick has a Fireball Engine which, as we've said before, is like having a string of comets by the tail.

Fact is, in every flame-packed cylinder there is a comet—rolled into a swirling ball by a special turbo-top piston—touched off by a flashing spark every 5 inches you travel in a Buick.

That's why we're proud to show folks that Buicks have a Fireball Engine—and prouder still to have them take one of these thrilling performers out on the road.

Want to try it? Come in and see us soon.

Equipment, accessories, trim and models are subject to change without notice.

## SCHOOL DAYS AGAIN

## This Week's Calendar at Your Hereford Churches

The time has again come for all Teachers and all true Americans to come to the aid of God and Country. *School days are here!* Young and open minds assemble on playgrounds and in class rooms... men and women are in the making. Dear Teacher, your responsibility is terrifying. You have God to honor and your country to save through your own class room. "A word fitly spoken is like apples of gold in pictures of silver." (Proverbs 25:11)

Eager and learning minds must be properly directed. In the Book of Books the "Great Teacher" gives direction toward the life of goodness and wisdom. The stories of Joseph, the birth of Jesus and the never-to-be-forgotten parables are rich in lessons of wisdom and morality. Let them reflect on the Proverbs of Solomon, and let them sing the songs of David. The lessons of Isaiah, Jeremiah and Paul, and the Sermon on the Mount offer a moral and spiritual constitution for living. Along with lessons in "reading and writing and arithmetic," they need lessons in how to live God's way... it's School Days Again.

**YOU IN THE CHURCH**  
**THE CHURCH IN YOU**

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial and molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCH GOER and a daily BIBLE READER.

### Christian Science

Each Sunday morning at eleven o'clock, Christian Science services are held in the Star Theatre. All who are interested are cordially invited to attend.

Man is as indispensable to God as God is to man, declares the Christian Science Lesson-Sermon titled "Man" to be read in all Churches of Christ, Scientist, on Sunday, September 9. "Ye are my witnesses, saith the Lord, and my servant whom I have chosen: that ye may know and believe me, and understand that I am he: before me there was no God formed, neither shall there be after me" (Isaiah 43:10). Mary Baker Eddy brings out the point in these words from the Christian Science textbook, "Science and Health with Key to the Scriptures," which will be included in the Lesson-Sermon: "God, without the image and likeness of Himself, would be a nonentity or Mind unexpressed. He would be without a witness or proof of His own nature. Spiritual man is the image or idea of God, an idea which cannot be lost nor separated from its divine Principle."

The Golden Text is from Romans, and reads, "As many as are led by the Spirit of God, they are the sons of God."

### Church of Christ

The Church of Christ has the following regular meetings scheduled for this Sunday: Bible study

10 o'clock; morning worship, 11 o'clock; young peoples, 6:45; and evening worship, 8 o'clock. Wednesday night prayer service will be at 8 o'clock.

### First Christian

Regular services for the First Christian church for this week are: Sunday school, 9:45; worship services, 10:55 and 7:30; youth groups, 8:30.

### First Methodist

The message for the morning worship at the First Methodist church will be brought by Rev. Ellis Todd of Hale Center. Rev. Eugene L. Naugle, associate pastor of the church, will preach at the evening hour.

The reports from the National Convention of Youth at Perdue university were postponed last week. They will be given by Jesse Click and Virginia Sigle at the regular service Sunday evening.

The monthly meeting of the Board of Stewards will be held Tuesday evening at 8 in Ward hall.

The WSCS will meet in groups Wednesday Sept. 12 as follows: The Emma Wheeler Hawkins circle will meet with Mrs. Mary E. Seigler, 500 East 5th at 3:00 p.m. The Dorcas circle will meet in Ward Hall at 9:30 a.m. The Carrie Black circle will meet at 3:00 p.m. in Ward hall.

Beginning Sept. 6, the choir will resume regular practice each

Thursday evening at eight o'clock.

The time of meeting for the Prayer Group on Wednesday evening has been changed to 7:30

The Korean Prayer Band will meet in the Sanctuary at 3:30 Sunday afternoon.

The Senior and Intermediate groups of the MYF will hold their regular meetings at 6:30 Sunday evening.

### First Presbyterian

Regular services for the First Presbyterian church are: Sunday school, 9:45; morning worship, 11 o'clock; evening services, 7:30.

### Immanuel Lutheran

The Sunday schedule at the Immanuel Lutheran church is: Sunday school and Bible class at 10:30 A. M. Worship service at 11:30 A. M.

Each Saturday morning the church presents the devotional over KPAN at 8:45 a.m. The Lutheran Hour is heard on Sunday evening at 6:00 p.m.

On Wednesday evening the Sunday school teachers will meet for lesson study.

On September 16 the congregation will observe its annual Mission Festival, with Rev. J. Birnbaum from Vernon bringing the two mission messages. This date will also mark the second anniversary of the church dedication.

### Seventh Day Adventist

The Seventh Day Adventist will hear Elder G. A. LaGrone on Saturday, Sept. 8. He will talk on animal life, Psalms 50:10-11. Sabbath school services will be held at 10 a.m. and worship will be at 11 a.m.

The Seventh Day Adventist church is located at Third and Lawton streets.

The fifth annual session of the Panhandle Christian college opened Tuesday morning. Seventy pupils have already enrolled and before next week the enrollment is expected to climb to 100. This figure will be better than 50% higher than last year's enrollment.

The public schools will open Monday, Sept. 10. The new seats have not arrived yet, but classes will start anyway and the pupils will be taken care of until the seats do arrive.

S. H. Mount sold his residence in west Hereford to J. L. Wilson this week.

Hereford celebrated her seventh anniversary last Saturday in the very best of style. The attendance was not as large as in previous years. No public speaking or other attractions were provided but the people mingled together and enjoyed conversation.

**25 Years Ago**  
Final preparations are being made for the Deaf Smith County Free fair which will be held here Thursday, Friday, and Saturday of next week.

Prospects are bright for a winning Hereford football team this year. Twelve lettermen returning this year are: Jess Russell, captain, J. T. Gilbreath, J. C. ...

## 1951 Banner Year For Certified Seed Planting Throughout Texas

The year 1951 is the banner year in number of acres of certified planting seed in Texas.

The acres certified are in excess of 300,000 according to the actual records of the State Department of Agriculture. This is the highest on record for any one year in the entire history of the department. The largest previous year was in 1949; when 225,000 acres were certified for producers.

This record breaker involves 28 different crops, and 106 various strains and varieties in these 28 different crops. The principal increase comes from cotton acres being certified for planting.

At the completion of all field inspections by the Seed Division of the State Department of Agriculture about the last of September, a list of all producers of these registered and of certified seed in Texas will be available in printed form upon request to the Commissioner of Agriculture, Austin.

The seed laboratory of the Texas State Department of Agriculture has also had a record year in testing seed samples for germination and purity sent by growers from every community in Texas. More than 6,000 samples in field seeds, and approximately 1,000 samples of vegetable seeds have been tested for producers. With the exception of wheat, which was held down by dry weather, the quality of these samples sent in by farmers for testing, showed a distinct gain over previous years. The purity and germination tested an average of 90 per cent.

Official inspections made out in the field in 1951 to check on seed being sold under the department's labels show a big increase over the previous year; 427 in 1951 as compared to 194 in 1950.

The commissioner gives this

warning to planters interested in buying seed oats this year. The supply of Texas seed oats is very limited this time on account of the very short oat crop in 1951.

An abundance of good seed oats will be brought into Texas by responsible people, but in the wake of a big importation of this kind, there is always danger of some irresponsible dealers. In fairness to planters and to reliable dealers, any "bootlegger" of bad seed should be reported to the State Department of Agriculture. Good seed should show their true analysis on the tag or label.

R. T. Nunn, who lived in Hereford from 1918 to 1944, was visiting in Hereford with his sister, Mrs. W. A. Hunter, and family this last week. Nunn lives at Mt. Vernon, Mo. now.

## Order of Rainbow Elects New Officers for Four Months Term

Hereford assembly of the Order of Rainbow for Girls met Monday night at the Masonic hall in a business session. New officers for the next four months were elected.

Officers include: Sharon Dee Moore, worthy advisor; Katherine Snare, associate worthy advisor; Joan Moore, Charity; Kathryn Kester, Hope, and Marilyn Barkley, Faith.

Appointive officers included: Sylvia McCracken, Love; Jane Houston, Religion; Norma Grace Gray, Nature; Dixie Young, immortality; Lu Durham, patriotism; Martha Heard, service; Sue Barnard, chaplain; Sue Smith, drill leader; Donnie Johnson, outer observer; Frankie Dee Culpepper, confidential observer; Barbara Rogers, musician and Carolyn Kester, choir director.

Members of the choir are: Martha Jean Brown, Betty Hamilton, Retha Jo Godfrey, Georgia

Lewis, Bonnie Lewis, Dalene Tinnin, Barbara Winget and Melrose Whitfield.

Plans were made for members of the group to attend a district school of instruction to be held in Lubbock on September 8. It was announced that Bobbie Jane Sisk, grand Hope, and Gayle Roberson, grand representative from Oklahoma to Texas, will assist in the ceremony of the institution of new assembly in Canyon on September 10. They will also assist in the installation rites held for the new officers. Members of the local assembly will attend the institution ceremonies.

Recent guests in the home of Mr. and Mrs. Roy Calvert have been Mr. and Mrs. Frank Calvert and daughter, Doris Jean, of Cheyenne, Okla. and Mr. and Mrs. Randell Calvert of Crawford, Okla.

### Sticking Windows

If windows are sticky, melt some paraffin and apply to the frames with a small brush, doing it at a time when the weather is dry. The paraffin acts as a lubricant and prevents moisture from entering the fibers of the wood which causes the window to swell and stick.

### Mildew

To remove mildew from clothes apply lemon juice and salt to the spots and place the garment in the sun to bleach. Or try a solution of oxalic acid, being sure to rinse the material well after the treatment.

### Brushes and Combs

To remove grease and dirt from hair brushes and combs, wash in a quart of water to which a teaspoon of ammonia has been added.

## Penalty on Farm Marketing Excess of 1950 Cotton Told

The penalty provisions of farm marketing excess of 1950 cotton were explained by Faust Collier, county PMA administrative officer, this week.

Collier released the following information received from the U. S. Department of Agriculture. In accordance with Section 346 of the Agricultural Adjustment Act of 1938, as amended (7 U.S.C. 1346), and the regulations issued thereunder by the Secretary of Agriculture (15 F.R. 4162), cotton produced in 1950 on a farm for which the penalty on the farm marketing excess of cotton has not been paid is, subject to the penalty of 15.5 cents a pound and until the penalty on the farm marketing excess is paid, the entire crop of cotton produced on the farm in 1950 is subject to a lien in favor of the United States.

Cotton marketing cards issued with respect to the 1950 crop of cotton became void after July 31, 1951. After that date, a person buying cotton which was produced in 1950 should take proper precautionary measures to assure himself that such cotton is not subject to penalty and the

lien thereon. He should ascertain from the Production and Marketing Administration County Committee for the county in which the cotton was produced whether the cotton is subject to penalty and, if so, the amounts of the penalty and interest which are required to be collected and remitted. A person buying cotton which was produced in 1950 may relieve himself of liability for any penalty due with respect to such cotton only by collecting the penalty from the producer on each pound purchased and remitting the amount collected to the appropriate PMA county committee.

### To Purify a Cistern

In a cistern where the water has an unpleasant odor, suspend in the water a muslin cloth containing one or more pounds of charcoal.

### Frying Hint

Remember never to use cracker crumbs when covering food for frying. They will absorb grease, which bread crumbs will not do.

### Furniture Polish

To make furniture polish take four ounces alcohol, four ounces boiled oil, one ounce Japan dryer, and one ounce benzine. Mix and shake well while using. This will remove all foreign substances, at the same time giving a fine polish. Rub dry with a woolen cloth.

### Blistering Paint

Usually dampness cause blistering of paint, although sometimes it results from excessive painting and may also be due to sappy or resinous wood and the hot sun shining on it. If dampness is the cause it must be removed before satisfactory repainting can be done.

### Equal Yields Given in Planting Cotton By Skipping Third Row

COLLEGE STATION—Approximately equal yields of cotton were obtained under irrigation by planting two rows and skipping one and by planting each row, according to D. L. Jones, superintendent of the Lubbock Experiment Station.

Little difference in yields were observed between the two practices in tests conducted under irrigation at Lubbock during the three years 1948-50. Where each row was planted, an average of 382 pounds of lint per acre was obtained, while 370 pounds of lint was obtained from planting two rows and skipping one. During the two dry years of 1948 and 1950, the practice of allowing every third row to remain blank returned greater yields.

In tests conducted under dryland conditions during the four years 1929-32, the practice of planting each row gave an average of 23 percent higher yields. These results were obtained where the "plant two-skip one plots" had two-thirds as many plants as where each row was planted. Jones points out that planting each row hastens maturity as compared to planting two and skipping one.

The practice of allowing each third row to remain unplanted, on the average, retards maturity except where the number of plants are equal on an acre basis, reduces harvest time, presents a weed-management problem in the blank row, and is not easily adapted to four-row equipment.

Freezer Odor Removal Told By Specialist

COLLEGE STATION—If your home freezer accumulates unpleasant odors from spoiled food, you may have difficulty removing them.

with a party at the school house on Friday night.

Mr. and Mrs. W. J. Stewart of Canyon were callers in the Zed Stewart home Saturday evening.

Mr. and Mrs. Wesley Cox and children attended the Boys Ranch rodeo on Sunday afternoon.

Walter Galley was able to leave the hospital last Saturday.

Mr. and Mrs. Henry Miller and family returned from a recent trip to Oklahoma and Arkansas.

Mr. and Mrs. F. E. Lowe of Borger were visitors in the home of their son-in-law and daughter, Mr. and Mrs. Bruce Brown over the week-end.

Sarah Martinez and Fortunato Cordova of Dawn were married at Hereford on Friday. A reception followed at the Martinez home. After a wedding trip to Santa Fe the couple will make their home at Dawn.

Mrs. Bernice Clayton, home management specialist for the extension service of Texas A. & M. college suggests several methods of dispelling the odor from the freezer. First, try washing all the interior surfaces of the freezer with plenty of soap and water. Then go over them with a cloth wrung from clear water. Wipe dry. If this doesn't dispel the odor, wash the freezer with soda water, using 1 teaspoon baking soda to each quart of warm water. Then, if the odor persists, try vinegar, using about 1 cup to a gallon of water, or household ammonia in the same proportions.

But if none of these suggestions prove effective, don't give up. Try using heat to bring out the odor particles and get them into the air. Put something like a toaster or electric heater inside the freezer to heat. Then use an electric fan for about 2 hours to blow the air out.

The specialist says activated charcoal in the warm freezer will absorb odors released by the heat, or a commercial, wick-type air freshener may be used.

When the odor has been removed or reduced to where it is of no consequence, the specialist suggests a final washing of the inside surfaces of the freezer with soda water. Activated char-

CONG. ROGERS SAYS

Russians Requisition Children, Educate Them in Communism

This week I give you the following from the Hungarian Observer, published by the Hungarian National Council, 339 East 52nd street, New York, 22, N. Y. THE RUSSIANS REQUISITION CHILDREN IN HUNGARY: In olden time the Ottoman Empire used to kidnap children from occupied countries, take them to Turkey, and there train them as Janissaries in the service of world conquest. These boys, trained as ruthless warriors, gradually forgot their mother tongue, their nationality and even their names. By the time

they grew up, they would not have recognized their own parents, so completely were they changed and Mohammedanized.

This is what Communists are doing on Soviet-occupied territory in Eastern and Central Europe. They first tried the system in Greece. There Communist bands abducted Greek children to Communist states, seeking to make them forget their origin and train them to become fanatic Communists.

THE "SOCIALIZATION" OF CHILDREN: According to latest reports, this method has been extended to Hungary. The Times of London was first to report that in the course of the Budapest deportations.

"In many cases children are taken from their parents in order that they shall receive a thorough education in Communist principles."

Then Hungaria (Hungarian paper of Munich) reported that children snatched from deportees are taken to state run orphan asylums and apprentice homes, which are simply institutions for the training of Janissaries. People who try to flee the country with their children are arrested. Their children are taken from them and "socialized."

THE WEEKLY DIGEST OF NEWS FROM HUNGARY (issued by the Hungarian Research Division of the National Com-

mittee for a Free Europe) further informs us that: "In mid-June new rumors spread like wildfire among the evictees: the segregation of children under 14 years of age, and the transporting of certain groups to the Soviet Union. It is a fact that children who cannot be used for factory work are mostly separated from their parents and put into lower grade technical training schools controlled by the Communist authorities—the conception of the family will become a thing unknown."

Service, a Paris news agency run by Hungarian emigres) to the effect that passersby have come across a 2 and a 4 year-old child wandering in the streets of Budapest. They had tags around their necks with texts like the following: "I shall never see these children again. I have just packed my bundle and am waiting for them to take me away." Signed: "The grandmother of these two little ones."

LITTLE LOUIS IS BOUGHT FOR 2000 FORINTS: This is the background of the tale of horrors imparted by Samedi-Soir of Paris, in whose columns Mrs. Stephen Nagy, nee Julia Kovacs, a 48-year-old woman who fled

from Hungary, relates the following: She lived at Ujpest, an industrial suburb of Budapest. Her husband having died two years ago, she supported her two-year old son, Louis, on her factory earnings.

Recently, Soviet-style women's divisions were set up in the Army. And it was decreed that the children of drafted women would be "bought" by the state. The factory where this woman worked was ordered to designate 15 women workers for army service. Since she had not surpassed the notorious "norms," the Communist factory manager put her on the list. Mrs. Nagy, informed she was to serve in the first women's regiment of the third battalion, was ordered to report before induction to the Rakosi Children's Home with her two-year-old son. Here they told her she must surrender the child to the state that he might be "suitably educated." The state would "redeem" her child for 2000 forint (at the official rate this would be two hundred dollars; in the black market, forty dollars). They handed her an official transcript of the transaction, tearing her child forcibly from her arms despite her desperate appeals. The woman fled to Austria, bearing with her the official "receipt" which is published by the Paris paper in facsimile. This is the English translation: (The published photo shows a tryewritten form on which the data in italics was filled in by hand.) RECEIPT — "The Rakosi Children's Home hereby certifies that Mrs. Stephen Nagy, nee Julia Kovacs, a volunteer of the First Women's Brigade of the People's Army, has this day relinquished to the state her two year old son, Louis, for the sum of 2000 forint. She thereby gives up all parental rights, transferring the latter to the Rakosi Children's Home. May 31, 1951, Csepel, The Rakosi Children's Home, Superintendent's Office, (Illegible Signature)"

The woman also relates that Communist authorities seek, through their "redemption" plan to encourage young women to bear children out of wedlock and then "sell" them to the state. This, too, is in the interest of increased production, specifically "child production." Washington visitors this week were: Lt. R. L. Rainey, Dalhart (now stationed in Washington, D. C.); N. R. Batten, Childress, Texas; Jay Taylor and Lawrence Hagy of Amarillo.

**How Can I?**  
By Anna Ashley

Q. How can I renovate small black leather articles such as belts, bags, portfolios, etc?  
A. Beat the yolks of two eggs and the white of one egg with one tablespoon of alcohol and one teaspoon of sugar. Stir in enough powdered ivory black to make a thick paste. Rub well into the surface of the article.

Q. How can I prepare a solution for dandruff?  
A. Dissolve one ounce of flour of sulphur in one quart of soft water. Do not use it until it is thoroughly mixed and settled. Apply it at night.

Q. How can I remove peach stains from linen?  
A. Soak the spots in a weak solution of chloride of lime. Apply cream of tartar and place in the sun to dry. Then launder.

Q. How can I impart a high polish to furniture?  
A. Use equal parts of lemon oil and turpentine; saturate a cloth and go over the entire surface; then dampen another cloth, wring almost dry and wipe off excess oil; polish with a dry woolen cloth.

Q. How can I relieve excessive perspiration?  
A. Sponge the affected area with one teaspoon of powdered alum to a quart of water. Allow to dry, afterward rinsing and dusting with talcum.

Q. How can I prevent butter from becoming rancid?  
A. Keep the container covered with a cloth wrung out of cold water.

Q. How can I remove water-bugs from my sink?  
A. Try pouring a cup of kerosene down the drain once a week and do not run the water until about a half hour afterwards. The bugs will disappear very quickly.

Q. How can I clean aluminum ware?  
A. Apply a mixture of ammonia, borax and water with a soft cloth. Or, wash in warm, soapy water, then dry and polish with whiting.

Q. How can I impart a better flavor to blackberries when can-

**Teachers Are Feted**  
Members of the faculties of Hereford Public Schools were entertained at an informal tea Sunday afternoon in the home of Supt. and Mrs. George Graham. New teachers were honor guests.

Approximately 100 guests registered for the get-acquainted affair which included all faculty members and their wives or husbands, and members of the board and their wives.

The hostess was assisted in serving by school principal's wives including, Mrs. Don T. Martin, Mrs. Don C. Martin, Mrs. Byron Durham, and Mrs. H. V. Stanton.

An autumn theme was carried out in decorations and appointments with a basket arrangement them?

A. Spice the berries when canning them. Use brown sugar, vinegar, and mixed spices.

Q. How can I freshen a stale cake?  
A. Dip the stale cake for a moment in cold sweet milk, and then rebake in a moderate oven. Placing a freshly-cut piece of apple in the cake tin will help keep the cake moist and fresh.
