

GOLD STAR MOTHERS in the community were honored by the Hereford Lions club at its weekly luncheon meeting on Wednesday. The observance is being carried on nation-wide by the Lions. The ladies and one Gold Star Father, S. O. Wilson, were guests of honor of the club and presented with corsages. They are shown in the above picture, from left: Mrs. A. R. Rogers, whose son, Leo, gave his life in World War II; Mrs. Wood D. Vaughn, mother of J. C. Vaughn; Mrs. G. H. Whitaker, mother of Clyde Whitaker; Mrs. T. S. Robbs, mother of Thomas J. Robbs; Mrs. H. B. Stanfield, mother of Horace B. Stanfield Jr.; Mrs. F. L. Pinckert, mother of Ovid Pinckert; Mr. S. O. Wilson, father of Kermit Wilson; Mrs. Leolia Wolfington, mother of Garland Robert Wolfington; Mrs. Cora Mae Spradley, mother of J. Walter Spradley Jr.; Mrs. Ralph McCullough, mother of Don Ray McCullough; Mrs. Henry Hastings, mother of Ray Hastings; Mrs. H. D. Goldston, mother of Wade C. Goldston; and Mrs. J. L. Davis, mother of Bobbie Davis. The Gold Star Mothers and members of the Lions club heard Bill Gilstrap, division manager of the Southwestern Public Service company, eulogize those who have died for the cause of freedom and express his sincere thanks and appreciation for parents who teach their children that death is better than bondage. "I am glad that our mothers teach their sons that while there are things worth living for, they also teach them there are things worth dying for." The American belief of equality of man in God's own light, he said, has been the motivating force for America's participation in conflicts to preserve that freedom since the Revolutionary War.

Local Residents See Meteor's Fall

Several Hereford residents were among the thousands of persons in Texas, Oklahoma, and Arkansas who had a grandstand seat for the fiery descent of a meteor which streaked across the morning skies at about 7:10 a. m. Tuesday.

The falling meteor was believed to have exploded near the ground in the vicinity of Hinton or Weatherford, Okla. at 7:10 a. m. after being seen falling through the skies in a southeasterly direction as far south as Dallas and as far east as Arkansas.

Several of the persons who saw the meteor thought it was in their own immediate vicinity.

The light emanating from the flaming meteorite was likened to the arc of an electric welder, which would have lightened up the sky had it fallen just a few minutes earlier.

Three local people — Mrs. A. J. Ralston, Mrs. Kathryn Jennings, and Guy Lawrence — reported their observations to The Brand. There were probably countless others here who saw the flaming object fall earthward not knowing what it was.

Mrs. Ralston called The Brand office shortly after 8 a. m. Tuesday morning. She was emptying some trash in the garbage can when she looked up and saw a "ball of fire with a red or greenish tail which emitted sparks." The ball of fire was "really moving," Mrs. Ralston said.

The ball-of-fire was visible for a few seconds, she reported, then became lost behind some trees in the neighborhood. The object moved in a southeasterly direction, heading towards the Dawn area, she said.

Mrs. Jennings was seated before the kitchen window of her residence when she saw the meteor trailing through the skies. She described the object as a silver flash that looked like the sun hitting an aluminum airplane for just an instant. The object was about the size of a small plane, she said, and appeared to be about the same height — through her line of vision — as the Jim Hill Hotel.

The third person questioned by The Brand on the object — Guy Lawrence — saw the flashing object as he was preparing to go to work at 7:10 a. m. He said it was similar to a skyrocket and appeared to be heading towards the earth in a downward arc when he sighted it.

Although the "ball of fire" appeared to be a long distance from here, it still gave off plenty of illumination, Lawrence said.

There have been reports of many other residents of the community spotting the object at the early hour. All descriptions of

the meteor seem to agree as well as the direction of flight, which would tie in with the reports from the northern part of Texas that the object was heading in the southeasterly direction.

That, too, would corroborate the belief that it hit the earth or

exploded near the earth in the vicinity of Hinton, which was reported in earlier dispatches.

In Oklahoma, meanwhile, reports of damage from the tremendous explosion of the meteor continue to come in. In the vicinity of the explosion, windows were shattered by the noise, described as a "clap of thunder."

Reports of the meteor came from points in western Oklahoma northern and southern Texas, and as far as Oklahoma City.

A bus driver, Lloyd Teek, said he saw a rocket or meteor streak across the sky east of Weatherford, Okla., at 7:10 a. m. He said, "There was a deafening explosion and a blinding light. It seemed like it was right above the bus."

Teek was forced to pull off the highway until he was able to see again. When he came to Hinton, his brother told him the blast had broken all the windows in his house.

The Oklahoma highway patrol headquarters at Clinton also reported the light and explosion at the same time given by the others.

Jaycees Complete Plans For Christmas Season Activities

The Jaycees completed plans for their annual Christmas program when they met Tuesday.

A committee comprised of Edgar Skypola, Jim Terry and Dick Lucas was appointed to meet with the retail merchants committee to set a date for the annual Santa Claus day.

Ray Hardy was appointed chairman of the building committee to finish the new Jaycee clubhouse so that the group may meet there.

John Aiken, guest speaker for the day, discussed the five amendments to the constitution which will be voted on November. He urged everyone to vote on these amendments.

The next meeting will be a banquet and formal installation of new members on Tuesday night at Hotel Jim Hill.

There will be a new sweetheart selected by the club to fill the vacancy created when their present sweetheart resigned, according to T. J. Clay, president of the club.

Trio Picked Up Here Charged With Burglary

Three men apprehended in Hereford on October 27 were charged in district court at Claude this week with burglary.

The three — William Cover, Lester Sprabary, and L. C. Sprabary — were charged in connection with a burglary on October 26 of the Corbin Hardware and Frozen Food Locker.

Cover is being held in a Claude jail, Lester Sprabary is in jail at Panhandle, and L. C. Sprabary is in the Deaf Smith county jail where he is serving time in a \$100 fine and 15-day jail sentence on a DWI charge filed against him here.

The apprehension of the trio was made in Hereford by Chief of Police Floyd Reeves which led to DWI charges being filed against L. C. Sprabary, driver of the auto in which they were picked up.

Y. O. Lee Granted One-Year Permit To Operate Taxi

Y. O. Lee, former Hereford insurance agent, was granted a one-year permit to operate a taxi service in Hereford during a meeting of the city commission last week.

Lee intends to open the service on Monday, Nov. 12. His use of operations will be at the Garner Safeway Cab office, located at 115 W. Third street.

The new operator was granted a permit following the vacancy created by the revocation on October 23 of a permit issued to Gene Brownlow.

Present plans outlined by Lee call for the use of two units. He plans to drive one and obtain a second driver for the other unit. Mrs. Lee will handle the office duties.

Lee plans to operate the business under the name of City Cab.

Leitzell Funeral Services Held On Wednesday

Funeral services for R. C. Leitzell, 44-year-old Hereford farmer were held Wednesday afternoon at Boxwell Brothers Ivy Chapel. Leitzell died Saturday morning at the Deaf Smith county hospital from a heart attack.

The deceased had moved to Hereford one year ago from Amarillo. He was born in Altamont, Ill., March 18, 1907 and had lived in Chicago prior to coming to Texas.

Survivors include: his wife, Natalie; two daughters, Mrs. Steve Gay, Amarillo; and Mrs. John Smith, Chicago; two sisters, Mrs. Bruce Ries, Homewood, Ill. and Mrs. Wiley Gurzaus, Hazelcrest Ill.; a brother, Warren Leitzell of Homewood and parents, Mr. and Mrs. George Leitzell of Hazelcrest, Ill.

Sisk Funeral Services Will Be Held Today

Funeral services for Mrs. Lorraine Sisk will be held at 3 o'clock Thursday afternoon, Nov. 8, at the First Baptist church in Hereford. Rev. R. H. Cagle will officiate at the service.

Mrs. Sisk died Wednesday morning in the home of her daughter, Mrs. Jack Reynolds, in Pampa following a long illness.

Born July 8, 1906 in Bonham, Texas, Mrs. Sisk was married in 1930. She moved to Hereford in the spring of 1941. She has been living with her daughter in Pampa since the first week in October.

Survivors include: her daughter, Mrs. Reynolds; her father, A. C. Hays of Hereford; 2 sisters, Mrs. Jim Bookout, Hereford and Mrs. Irving Kimmis of Phillips; four brothers, Clyde Hays, Black; Charlie and Jim Hays, Dimmitt; and Glen Hays of Dallas.

SIGHTS, FACES SEEN Around Town

Ronny Durham, Hereford, is one of 17 students of the Eastern New Mexico university selected for "Who's Who Among Students in American Universities and Colleges."

R. H. Nelson, Brownwood, who has charge of all the Commodity Credit Corporation's castor beans in Texas, was a visitor this week in Hereford while checking the local crop.

A six or seven minute short on the pro football game between the New York Yankees and Chicago Bears will be shown at the Star Theater on Friday and Saturday, according to Francis Hardwick. This is the first in a series of pro football shorts to be exhibited at the Star theater.

George Graham, D. C. Martin, D. T. Martin, H. V. Stanton and Dee Lowry attended a meeting of Panhandle Administrators in Amarillo last Saturday.

Mrs. Arthur Thompson from the Little Fashion shop attended the American Fashion Association Spring and Summer Market this week in Dallas.

The annual membership drive of the American Legion and Auxiliary ends Armistice morning with a sunrise breakfast.

Winter Cover Crop Seedings Increase

Deaf Smith county farmers are going for winter cover crops in a bigger way with this fall's seedings, according to Faust Collier, executive secretary of the county Production and Marketing Association office.

Figures in the PMA office show a substantial increase — almost five times as much — in 1952 practice seedings than in 1951 practice seedings.

Seedings for the 1952 practices (seedings made this fall) exceed

the 1950 PMA program allotments only slightly.

Seedings completed this fall (for the 1952 program payments) show 47 farms participating with a total acreage of 2,564. This earns payments totalling \$4,403.75. A total of 2,129 acres of hairy vetch were planted this fall and 435 acres of winter peas.

Last year's seedings (for 1951 practice payments) were 165 acres of Austrian winter peas

earning payments of \$901.75. Six farmers participated.

As a comparison, the fall, 1949, plantings for the 1950 practice payment totalling \$3004.16 with 27 farms participating. Acreage planted to hairy vetch totalled 648. Austrian winter peas got 780, and 50 acres were planted to ryegrass. Ryegrass planting as winter cover is no longer on the list of PMA-approved seedings in this area.

"Messiah" Rehearsals Draw 58 Area Singers

Approximately 58 singers from Hereford, Dimmitt, Friona and Bovina were present Sunday afternoon for the second rehearsal of the "Messiah."

All people who plan to sing in the Messiah chorus should attend the next rehearsal Sunday afternoon at 3 o'clock in the First Methodist church.

Tryouts for soloists for the Hereford presentation of the Messiah will be held in Amarillo November 17.

Housewife, Young Son Nearly Asphyxiated Tues.

A young Hereford housewife and her five-year-old son narrowly escaped death by asphyxiation in the living room of their home on 827 Texas avenue shortly before 9:45 a. m. Tuesday morning.

Mrs. D. M. Towns, 28, and her son, Robert, were unconscious in their home when found by a friend who chanced to call at that hour on a visit.

Both Mrs. Towns and her son were revived by the Hereford fire department's new resuscitator, part of the equipment on the new emergency unit belonging to the department.

The two were discovered by Mrs. Ed Morris, wife of one of Towns' fellow employees with the Magnolia Seismographic crew stationed in Hereford.

Mrs. Morris summoned aid from the company's office in the Fullwood building where personnel there notified Clay Angelo at the fire department, located across the street.

Angelo took the emergency

unit to the scene, stopping to pick up George Jowell to assist him. Upon arrival at the Towns residence, Angelo found both the mother and her son unconscious. He applied the resuscitator to Mrs. Towns while Dr. Roy Grubbs gave the Towns boy artificial respiration.

When Mrs. Towns started breathing, she was transferred to the Deaf Smith county hospital and the resuscitator was used on the boy.

Angelo said the boy was fully clothed, but had become sick before he passed out. Apparently Mrs. Towns had been caring for her young son when she, too, was overcome. Her body was found at the foot of the divan on which the boy was lying.

Towns, who was working on location eight miles southwest of Dimmitt when the near-tragedy occurred, said later Tuesday that he had left home at about 8:45 a. m. and had lighted the circulating gas heater in their resi-

dence. Towns believed that the oxygen had been burned completely out of the house, causing his wife and son to be overcome. He said the gas company was checking for leaks but had not been able to find any.

When talking to The Brand, Towns said his family and the men of the Magnolia Seismographic crew wished to express their deepest thanks to the City of Hereford and to the Hereford Fire department for their excellent work in saving the lives of Mrs. Towns and their five-year-old son.

This was the first time the resuscitator which belongs to the Hereford fire department, has been called into service to save a life. The unit was purchased this last summer after a drive — spearheaded by the Hereford Kiwanis club — in which the City of Hereford and residents of the community donated funds for the purchase of the unit.

A LIFE-SAVER FOR TWO members of the Darwood M. Towns family — the Hereford fire department's resuscitator — is shown above. Five-year-old Robert Towns is shown watching Fireman Clay Angelo explain the resuscitator. Mrs. Towns, who, with Robert, was revived in the near-tragedy, looks on. At left, is Darwood M. Towns, husband and father of the two near-victims.

Cats Suggest Lillian Moore Dance Routine

Her two Siamese cats, Maopa (Polish for "monkey") and Patsy have suggested some of her most effective dance movements, declares Lillian Moore, dance satirist and former Metropolitan Opera soloist who will appear in Hereford at the high school auditorium Saturday, Nov. 10.

Miss Moore's performance will be the second Hereford Mutual Concert presentation of the season.

The lithe grace, speed, lightning control and delicate precision of the graceful little animals is a constant inspiration, according to Miss Moore. Watching them for hours, she also claims that cats are expert pantomimists, and can express their emotions and desires with utmost clarity, without words. Their example is responsible for some of the vivid mimicry which is a feature of Lillian Moore's famed comic and satirical dances.

But so far, she has never attempted a "cat dance". "It would be a hopeless task", she declares, achievement week, November 3-11 they are infinitely more graceful than humans. But a comedy dance imitating a ballerina imitating a cat — now, that's an idea!"

Notifying Draft Board of Change In Status Is Important Step

The vital importance of notifying the local draft board of ANY change in status was pointed out by a recent release from the state Selective Service headquarters.

A group of 100 men registered with the local board were recently re-classified from various groups into 1A following lifting of the ban on drafting childless husbands.

Several of these men may be ineligible for the draft under existing dependency conditions which have not yet been reported to their local board.

That is the importance of keeping the board informed at all times of any changes in dependency status.

The state release shows what could happen through a registrant's negligence. It follows:

A young, married man at Port Arthur must leave his wife, who is expecting their first child, for service in the armed forces because he didn't notify his draft board at Orange before he was mailed his order to report for induction.

Regulations promulgated under amendments to the draft law, passed last June by Congress, require that a draft registrant with an unborn child be deferred if he files with his board prior to the time his induction order is mailed the certificate of a licensed physician that the child has been conceived.

"This is the first case under this phase of the regulations to come to our attention," Brig. Gen. Paul L. Wakefield, state Selective Service director, commented. "It's just another case where a man has slept on his rights. Congress has made it the personal responsibility of every man to notify his board of changes in his status immediately."

State draft headquarters said that the Port Arthur registrant did not notify his board when he got married and did not furnish the doctor's certificate when his

irrigation district where they raise products similar to those here.

Several families here originally came from Idaho.

wife became pregnant, either before or after being notified that his classification had been changed from III-A to I-A.

He did not act until after he received the induction order of the Orange board, which, under the law, is too late.

"This man would never have been classified from III-A to I-A if he had seen that the doctor's certificate got in his file immediately after his wife was found pregnant by the doctor," General Wakefield declared.

General Wakefield would not disclose the registrant's name, as he said regulations forbade it, and that, further, he wished to cause the man no possible embarrassment by disclosing his name to the public.

"The only reason we are anxious to talk about the case at all is that we hope it will serve as a warning to young men in similar circumstances and cause them

to comply with the law," the state draft director commented. General Wakefield said he was anxious to dispel any notion that young married men with only dependent wives must be re-classified into I-A.

"They have to be removed from III-A if they have no children, born or unborn," he said. "If some other status entitles them to deferment under law and regulations, they get consideration for it before they are considered for I-A," he concluded.

Better Understanding Among World's Farm Youth 4-H Goal

More than 118,000 Texas 4-H club boys and girls will join nearly two million other 4-H members of the country in observing National 4-H Club Achievement week, November 3-11. Volunteer adult 4-H leaders also will share in recognition activities. As part of their 4-H program, Texas 4-H members join hands with farm youth across the sea in promoting better world understanding. Five Texas 4-H boys and one girl have participated in the International Farm Youth Exchange Program since its beginning in 1948. Two Texas boys - Steve Lilly of Nacogdoches county and Roy Whitaker of Panola county - have recently returned from four months visits to Turkey and Ireland. James W. Strode of Nacogdoches county will spend the next few months in Australia. The 4-H Defense Mobilization Program is another activity in which many 4-H club members participate. A 4-H point program is being sponsored by 4-H members to promote the defense of the country and its democratic ideals.

PASTORS WHO GATHERED IN Hereford this week for the Texas District of the Immanuel Lutheran church—Missouri Synod conference are shown above. They are Rev. J. A. Reber, secretary of the conference, seated at the table and Rev. Harold Heckman, chairman of the conference standing. Seated from left, first row are: Louis Pabor, Lubbock; M. L. Koehnke, Austin; A. Burns, Pampa; Paul Heckmann, Wilson. Second row: J. C. Rook, Brownwood; H. F. Peiman, Borger; Major H. Vogel, Amarillo; A. O. Rast, Austin. Third row: C. Kleber, Sprenberg; E. Knippa, Tulia; W. No Draft Delinquents In Local Board's Jurisdiction, Survey

There are no delinquencies on the Deaf Smith county draft board, according to a release on delinquent registrants from the State Selective Service headquarters.

Seventy-seven per cent of the draft delinquents in Texas are registered with local boards in five Texas cities — Dallas, Houston, Edinburg, San Antonio, and Fort Worth.

This was revealed today in a

summary of delinquencies prepared by state Selective Service headquarters. The summary, made in a report to Washington by Brig. Gen. Paul L. Wakefield, state Selective Service director, revealed that state draft boards had 921 delinquents.

This compares with a total of 841 delinquents at the end of June. Texas' 137 boards declared 243 registrants delinquent during

July, August, and September and disposed of 263 cases during the same period.

Of the 921 delinquent registrants as shown by the report, 491 failed to report for induction.

Dallas County has more delinquents than any other county in the state, the Dallas local board delinquent records show. The Edinburg board has more than any single local board. This is partly accounted for by the fact that it has more registrants than any single board in the state.

Dallas County has 233 delinquents; Harris, 145; Hidalgo and Starr, 124; Bexar, 100; Tarrant, 69.

Local boards at the following places have no delinquents:

Fredericksburg, McCamey, Vernon, Canton, Brenham, Mineola, Graham, Lufkin, Fossanton, Angleton, Alpine, Brownwood, Linden, HEREFORD, Coleman, Eastland, Richmond, Fairfield, Pearsall, Longview, Lockhart, Athens, Sulphur Springs, Cleburne, Anson, Jayton, Benjamin, Giddings, Bay City, Sweetwater, Perryton, Livingston, Clarksville and Pecos.

A delinquent is defined by Selective Service regulations as a person required to be regis-

ed under the Selective Service law who fails or neglects to perform any duty required of him under provisions of the Selective Service law.

Only a local board can declare a registrant delinquent. Any delinquent registrant can be classified I-A regardless of other circumstances, except certain veterans, who also may be classified in I-A when authorized by the director of Selective Service.

All delinquents are subject to prosecution, usually upon conviction ranging up to five years in prison and up to \$10,000 fine.

Shirley Students on KGNC "Quizdown"

Nine Shirley school students will appear on KGNC's Quizdown program Saturday, according to Bryan Durham, principal of Shirley school.

This is the second time that Shirley school children have been on the program. They won a Junior Encyclopedia Britannica last year for answering more questions than Sunray school children.

The program will be recorded at 9:30 in the KGNC studios and will be broadcast at 5 p.m.

Students to represent Shirley school will be: Sandra Roberson and Harold Meacham from the 4th grade; Jimmy Bradley and Carolyn Kirby from the 5th grade and Ella Marie Williams and Linda Lee West from the 6th grade. Alternates for the contestants will be: Ronald Anderson, Danny Martin, and Weidon Riley.

Lutherans Hear Report On "Conquest for Christ"

The progress of the "Conquest for Christ" program being put on in the Texas District of the Immanuel Lutheran Church-Missouri Synod, was explained Tuesday morning to assembled pastors and delegates by Rev. Carl Gaertner, Dallas, at a conference meeting held at Immanuel Lutheran church in Hereford.

Rev. Gaertner is first vice-president of the Texas District and is chairman of the "Conquest for Christ" committee.

"Conquest for Christ" is the official name given to the \$10,000,000 expansion program of the Lutheran Church-Missouri Synod. It is for training pastors and teachers and for expanding missions at home and abroad. This program was organized at the suggestion of a group of laymen of the church, and received its impetus at the last general convention of the synod, which met in Milwaukee in June, 1950.

Last night at Immanuel church, the pastors previewed a new stewardship film, "All That I Have" designed to lay the ground work for the program. This film is to be shown to every congregation over the winter. It is planned to have the ingathering of the pledges and the initial contributions done by committees conducting an every-member canvass on the afternoon of March 23, 1952.

Throughout the synod, each congregation has a special committee to guide the local program. Serving on the committee for Immanuel Lutheran church here are Messrs. Welo Groneman, George Tiefel, Richard Frye, Mrs. E. Springer, and the pastor. The committee announces that the film "All That I Have" will be shown to the congregation next Wednesday night, Nov. 14, at 7:30 p.m.

REV. CARL GAERTNER

Rex Lee Moving, Now Engineer With Magnolia

Rex Lee, former biology instructor and athletic coach at Shirley school, and more recently a junior engineer with the Magnolia Seismographic crew in Hereford, has been promoted to an engineer and will leave Saturday for Pecos, Texas.

He will serve with a graphing crew at Pecos.

An employee of the Magnolia company since July of this year, Lee was a member of the Shirley school faculty for the past two years.

A native of Artesia, N. M., Lee is a 1949 graduate of Hardin-Simmons university with a BA degree.

Mrs. Lee, the former Helen Tucker of Hereford, and their 1 1/2-year-old son, Terry Ren, will accompany Lee to Pecos on Saturday.

Landrum Hdwe. Purchased By Clovis Resident

Purchase of Landrum Hardware by R. N. Gragg of Clovis was announced Wednesday by W. E. Landrum. The firm will remain closed Thursday and Friday for inventory — and will reopen Saturday morning in the same location, but under the firm name of Western Hardware. Mr. Landrum will continue to be associated with the firm under the new management.

Mr. Gragg has been employed the past few months by Denton Hardware at Clovis, N. M., and went there after selling his own store in Melrose in 1950. He is a member of the Masonic Lodge

Cultural Home Demonstration Membership Mark is Reached

By Mrs. R. C. Childers

Cultural Home Demonstration club was represented 100% at council Monday. The club has made a record for itself this year by having a 100% in attendance at each of the council meetings for the year. This was the last meeting for the year 1951. It is required that the club have its president and council delegate present at each council meeting. President and Council delegate for the club are Mrs. R. C. Childers and Mrs. Fred Wolfington. Mrs. Wolfington also serves as secretary to Mrs. Franke Wilde, T.H.D.A. chairman. Mrs. Childers served as marketing chairman, and has been asked to serve in that capacity for the year 1952.

Another club member from Cultural who will be in council this coming year is Mrs. Paul S. Corbett, who has been asked to serve on the expansion and education committee. Mrs. Corbett served as Secretary in the club this year and was re-elected for another year. Home Demonstration work was new to Mrs. Corbett but she has taken a great interest in the work and is doing a beautiful job of club work. She has a daughter who works with the Workers 4-H group. Mrs. Corbett has been a great help in the 4-H work of this community also.

A demonstration on putting in hems, zippers, and attaching waist bands was given at the regular meeting of those taking the tailoring course Friday given by Mrs. R. C. Childers. Fitting of skirts, and a demonstration on interfacing was also given by Mrs. Childers. Those in attendance

and Eastern Star, also of the Methodist church.

ATTENTION, DUCK HUNTERS!

Shooting, Bag, License Laws Reviewed Before Opening Day

AUSTIN, — Wishing Texas sportsmen "good hunting" during the waterfowl season opening at noon Thursday, Nov. 9, the Texas Game and Fish Commission lited some reminders for successful shooting.

They are:
Daily shooting hours on ducks and geese are from one-half hour before sunup to one hour before

sundown.
Bag limits are five a day and ten in possession for ducks and five a day and five in possession for geese. The goose bag may not include more than either two Canada geese (or its subspecies Hutchins or cackling geese) or two white-fronted, or one of each.
All waterfowl hunters over 16 years of age must have the Federal stamp costing \$2.

Shotguns may not be larger than ten gauge; rifles may not be used to shoot waterfowl.

Waterfowl may not be shot on any State or Federal refuge or preserve. Also they may not be shot on any public road or highway.

Waterfowl may not be taken from any power driven boat or from a boat under tow or sail.
The Director of Law Enforcement suggested hunters keep these added hunting dates in mind:

Mourning dove, south zone, November 15; general state open season on deer and turkey, November 16, with many local laws taking precedence over the main statute; deer season West of the Pecos, November 20 to 25 inclusive, with one deer limit; general state open season on quail December 1, with many county regulations prevailing.

Double Main Event at Bull Barn Saturday

Local wrestling fans were given two best two-out-of-three fall matches Saturday night at the Bull barn and each one gave the crowd its share of thrills.

Salvadore Flores, Mexico City, won over Pile-driver expert Leo Wallick of Detroit, who became over-zealous and failed to heed Referee Johnny James' order to halt after the fall was over.

Flores bested Wallick in the first fall in 26 minutes with a body press.

Wallick took the second fall in seven minutes with the piledriver, but kept coming after the fall was over. James disqualified the brawny Wallick and heaped a fine on top of the loss.

In the second bout, Jesse James won out over Alex Kasabaski in a quick 12 minutes with a head lock after Jesse gave the fall to Kasabaski.

Jesse came back, however, in 11 minutes to take the second fall with a leg crab. He sealed the match in eight minutes with a weird concoction new to local mat addicts.

Johnny James was the third man in the ring.

PAN-BROWN POTATOES
Pan-Brown Potatoes
A McCall's Magazine Fail-Proof Recipe
That heavenly steak you've been dreaming about calls for potatoes that are cooked to a turn. Whether they're French fried or pan browned, take care they are done perfectly. Here is McCall's favorite pan-browning technique:
Drop rather small unpeeled potatoes (either new or old) into an inch of boiling water, cover the pan tightly and boil until just tender when tested with a fork. Then drain. Spear them with a kitchen fork so you won't burn your fingers and peel, while hot, using a sharp knife to remove just the thinnest outer skin.
Set potatoes on a piece of paper towel and salt them lightly. Turn with your fingers to salt them all over but don't let them stand around and get cold. Next, melt 1/4 cup butter, margarine or drippings in skillet over moderate heat. Cook potatoes 5 minutes; then turn with a broad spatula to brown all over. They taste and look professional.

Question, Answer Period For P.T.A. On New School

A question and answer period on the proposed school bond election was conducted Monday night at the regular meeting of the Hereford P.T.A.

George Graham, superintendent of schools, and A. J. Schroeter, president of the school board, answered questions asked them by Mrs. Elmer Peterson.

Schroeter emphasized that the school board was not trying to sell the proposed bill to the voters. He added that he thought

Canyon Eagles - Herd Meet Second Loop Test

Hereford's Whitefaces journey to Canyon Friday night to meet the Canyon Eagles in the local eleven's second bid for conference grid recognition.

The Whitefaces, who were shut-out by Floydada Friday night, 19-0, will meet the Eagles, who also suffered a similar fate by a 12-0 count at the hands of

Tulia. Hereford came through the game with few if any serious injuries. Harold Morton, Herd half-back, was the only casualty, suffering a minor shoulder injury.

Both teams have identical win-loss records, 3 wins and 5 defeats. Both will be gunning for their second loop win in two tries.

Coach Floyd Murray's eleven runs off a single wing and a "T" formation. They have two very formidable competitors in the persons of Senior Back Red Rattiff and a 6'4" end by the name of Burrus, who gobbles up most of the Eagle aerials.

Burrus is tagged the "Eagle's favorite pass receiver."

Canyon suffered a more disastrous fate at the hands of Phillips than did the Herd when the Eagles met the Blackhaws October 26. The Blackhaws plucked the Eagles 47-13.

Coach Dalton Criswell was himself a casualty during the first two days of the week. He was forced to remain in bed Monday and Tuesday due to a slight touch of the flu.

The Whiteface eleven was given a respite from practice on Monday to give the boys a chance

to rest up after their grueling stint in the bitter cold Friday night.

Friday night, the Herd will expect the Eagles to mix their stuff up pretty much as they are adept on the ground as through the ozone.

Their single wing insures their overpowering drive and their fine passing combination allows

them to keep the defense loosened up enough to inflict real damage.

Friday's starting line-up is expected to be the same for the Herd. Starters will be: Wilson, le; Corbett, lf; White, lg; McCullough, c; Hund, rg; Rose, rt; Dickson, re; Graham, qb; Kelly, lb; Morton, rh; and Dement, fb.

Grandstand Gropings

By Kent Snare

Old Man Winter, by way of thurbs, played a major role in last week's football contests over most of this U. S. and A. (Arkansas again—for details confer with Texas A & M) and that of course includes Texas which had its share of flatterback football in weather of varying sorts, all bad—It's that time of year now that the teams come up to game time with their plans all laid out, the opposition thoroughly scouted and everything under human control then M. N. lays down a playing condition wherein the aforesaid thumbs dominate the situation—if you have ever tried to handle a slick football with muddy, chilled footholds then you'll agree with me that the way to fortune is the discovery of a portable, pocket-size, built-in handle for same—every backfielder would gladly lay out a lummi money or in an extremity some of their own clips for a supply of the non-skids—This last week end's results were exceeded only by the Texas tearup of a fortnight past—UCLA shrilled the Cal alumni cry by sinking the Bears 21-7; Oregon State flummoxed Washington 40-14; TCU kept on their 1951 pattern of consternation to the big ones by rubbing Baylor off the unbeaten list, 20-7; Brigham Young knocked off the Colorado Aggies 21-19 to snarl up the Rocky Mountain clambake and Hardin Simmons forced Cincinnati to the limit in losing 12-13, the unbeaten Bearcats had to call on a 100 yard kick run back and a questionable arbiters decision on pass interference to eke out the

decision—I remarked to a local sage that Arkansas had suffered the loss of several key men recently by operations and he very sagaciously opined, "That they, Arkansas, after being given the pattern, had very successfully operated on Texas A & M last Saturday—power of suggestion, no less. That's the hills and the dale isn't it—Beat Texas one" (Continued on page 8)

Hunt Safely

With hunting season opening November 9, there are many good safety practices the serious nimrod should be aware of. Make this a successful season, but make it injury-free.

Here are some good pointers on WHAT NOT TO DO with a gun:

While hunting be sure that the loaded gun is on safety until ready to fire.

Never shoot without seeing your target clearly. Never crawl through a fence carrying a gun.

If hunting with a companion stay close to him. Do not strike the ground or a wounded animal with the butt of a loaded gun.

Never scuffle while holding a loaded gun or point it as a person "for fun". Always unload a gun before attempting to clean it.

Always unload guns before taking them into camp or houses. All guns should be carefully put away in the home out of reach of small children.

Upsets, Ties Drop Scores Of Grid Contest Leaders

Mr. Upset and three ties put the skids on the top-running entries in The Brand's football forecast this week as all the prizes went to the top six pickers, each of whom slid across the winning line with 15 correct guesses—seven misses out of 23 contests.

The big six for the week were: Sophie Snare, who now leads husband Kent in the long pull, 124-122; Raymond Webb, Janet Hammon, Mrs. Wanda Tinsley, Dr. Milton C. Adams, and Dallas Phillips.

These six will divide evenly the following prizes: \$5 in cash from Phillips and Lawrence Nash, \$3 in cash from The Brand, and a third prize of \$2 in cash from The Brand. Eighteen contestants came up with 14 winners from the week's affray.

The boom fell Saturday when all the contestants came up with an automatic three misses in the

form of three ties—Georgia Tech vs. Duke, Iowa U. vs. Minnesota, and Louisiana State vs. Mississippi U— which no one predicted.

Perhaps the next most potent equalizer on the list was the Hereford-Floydada game which caught all but nine of the entries. Five of the contestants picking Hereford were among the winning six forecasters.

The Arkansas Razorback dump of the Texas Aggies caught a lot of the form guessers. UCLA, in downing California, narrowed the field down still further. Ore-

gon State did the same thing by upsetting Washington U. Wichita over Houston rang the second-or-lower knell for several of the pickers.

With two weeks left in the contest, the Kent Snare family is leading 1-2-3. They could be dislodged with some fancy picking by runners-up I. L. Whitfield (114) and Dallas Phillips (109). If there is another week like the last one, anything CAN happen.

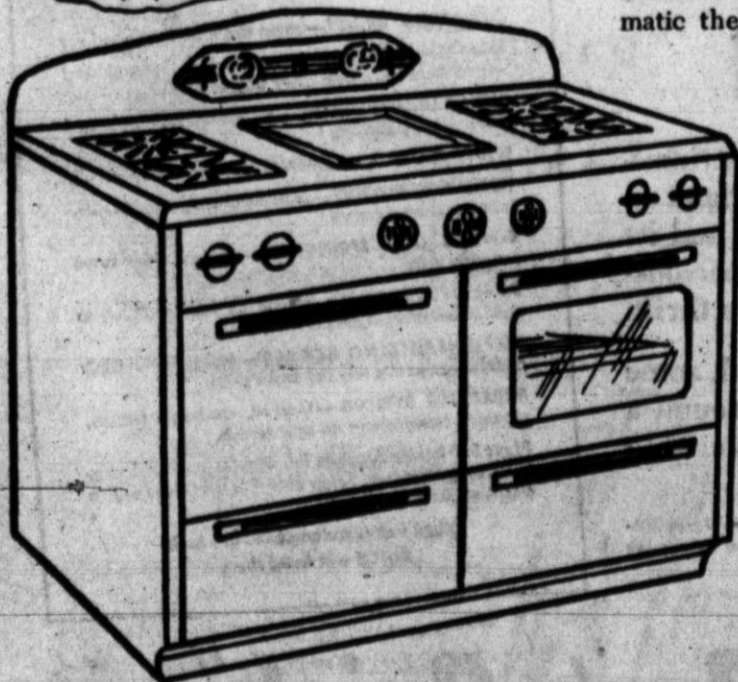

The 10 top contestants are: Sophie Snare, 124; Kent Snare, 122; Katherine Snare, 121; C. L. (Continued on page 2)

1. Road Test a Mercury for proof of performance!

Watch a Mercury show its stuff when the light goes green. No doubt about it, you're the boss when you drive a Mercury. For here's a performer that never wilts when the going gets tough. You just can't beat

its prize-winning combination of performance, value, and economy. Little wonder that Mercury is such a fast-growing star in popularity. Stop around for a road test and find out the facts firsthand!

Standard equipment, accessories, and trim illustrated are subject to change without notice.

2.

Budget Test a Mercury for proof of value!

Does it have a down-to-earth first price? Mercury's price tag you can easily understand—a really big dollar's worth for every dollar invested.

Will upkeep stay low? You save money year after year. Mercury's famous stamina keeps repair bills at a rock-bottom low.

Will trade-in value stay high? Mercurys continue to keep their value; used car market reports consistently prove it.

Is it famous for long life? It is indeed! 92% of all Mercurys ever built for use in this country are still on the road, according to latest annual official registration figures.

3-WAY CHOICE!

For "the drive of your life" Mercury offers a triple choice in dependable transmissions. Mercury's O-Matic Drive, the new simpler, smoother, more efficient automatic transmission—or Thrifty Touch-O-Matic Overdrive are optional at extra cost. There's also silent-ease standard transmission.

Dry Hair Tonic

Make a tonic for dry hair as follows: Mix 3 ounces of coconut oil, 4 1/2 drams tincture of nux vomica, 2 ounces Jamaica bay rum, and 40 drops oil of bergamot. Melt the two oils together over gentle heat, cool and add the nux vomica and then the bay rum, stirring constantly until well mixed.

Avoid Rings
To avoid rings after cleaning with cleaning fluid, rub the spots on washable goods with a strong solution of salt before applying the gasoline.

Linens
When purchasing linens, select the half-bleached. It is stronger than the bleached, and after washing several times it will become perfectly white.

Worn-Out Rubbers
Cut off the heels of worn-out rubbers. Wash the toe parts and hang up in some place as a closet or cellarway. These make nice pockets for holding blacking brushes, cloths or polishers—anything which would soil cloth pockets.

Soap
Soap will last longer if it is well dried out. As soon as the soap is received the wrappers should be removed from the bars and the soap piled loosely in a dry place.

Old Pictures
If the backs of the pictures on the walls are torn and open to dust and soil, take some heavy weight of wrapping paper and glue tightly to the back of the frame. This will keep out dust that is so hard on the picture itself.

Removing Wax
To remove wax from an old self.

floor, use a strong soap or alkali solution. Make sure that all soap is removed before refinishing; otherwise the finish will be spoiled.

Prevent Boiling Over
If the inner rim of the kettle or saucepan is greased to the depth of an inch from the top, the contents will not boil over.

Wet Shoes
If the shoes have become ugly and stiff after being caught in a hard rain, wash them with warm water and then rub castor oil thoroughly into the leather. It will soften them.

The WOMAN and Her BANK

Many years ago, banks were as remote as the moon to most women. Handling financial matters was strictly a job for the man of the house. How times have changed! The modern woman in this day and age is very often the family money manager. As every banker knows, more and more of the banking business in this country is being done by women.

AVOID OVERDRAFTS

An overdraft means that you have asked us to pay out more money than you actually have in your account. You can prevent this embarrassing and annoying situation by keeping accurate records of deposits and withdrawals.

Every time you make a deposit, add it to the previous balance in your checkbook. Before you write a check, be sure to enter on your checkbook stub the date, number, and payee (person or firm to be paid) and deduct the amount from your balance.

Another important habit to establish is to wait until you have notice from the bank that your monthly salary or annuity check, or any other deposit has been received before you start writing checks against it. Sometimes even U. S. mails are slow, and such deposits may be delayed in getting to the bank. By guarding against overdrafts you help maintain your own credit standing. And you won't have to avoid people who have received a check from you and had it "bounce!"

Electric cooking is.

... as fast as a "scat" back going through a hole on a quick-opening play.

High speed electric range elements glow red hot in seconds and transmit all their heat instantly to the cooking utensil, without any heat waste.

Electric cooking's accuracy adds to its speed, too. Each setting on the push buttons or dials of an electric range is pre-set to an exact heat and that exact heat is always delivered when your hand at the control demands it.

Let your electric range dealer show you fast electric cooking soon. Let him show you, too, that electric cooking is accurate, efficient, cool, dependable, economical — and most of all — modern.

It has a Way with Women

SOMETIMES we think that too little attention is given to the fair sex in automobile advertising.

After all, it's the woman of the house who has to do most of the shopping, which involves getting into tight places at the curb. And it's surprising what tight spots a Buick can fit into at a turn of the wheel.

It's the woman who likes complete freedom from things that it takes an engineer to operate—and a complete and utter freedom from

mechanical complications is what makes Dynaflo Drive* such a joy.

It's the woman who has an eye for style and fine fabrics—and a nose for economy. On both counts, a Buick is tops.

But we suspect something else. We suspect that a woman gets just as great a lift as a man from commanding this great-powered and trigger-quick bundle of vitality to bow to her will.

Here's a car to win any woman's

heart — by its level-gaited stride — its willing response to her hand on the wheel — its smart style and its smart performance — its spaciousness and comfort — and its thrift.

How about taking time off, some afternoon soon, to boss around a Buick? It's a date that's bound to thrill you.

Equipment, accessories, trim and models are subject to change without notice. Standard on ROADMASTER, optional at extra cost on other Buicks.

NO OTHER CAR PROVIDES ALL THIS!

- DYNAFLO DRIVE***—saves strain on driver and car
- FIREBALL ENGINE**—high-compression, valve-in-head—gets more miles from every tank of fuel
- PUSH-BAR FOREFRONT**—combines smart style and unsurpassed protection
- WHITE-GLOW INSTRUMENTS**—greater clarity at night
- TORQUE-TUBE DRIVE**—seals the chassis, steadies ride, improves driving control
- 4-WHEEL COIL SPRINGING**—cushions ride, saves servicing costs
- DUAL VENTILATION**—outside air fed separately to right or left of front compartment
- SELF-ENERGIZING BRAKES**—hydraulic—multiply pedal pressure five times at brake drum
- DREAMLINE STYLING**—tapered, car-length fenders, gleaming sweepers on most models

Plus: Self-locking luggage lid, StepOn parking brake, two-way ignition lock, Safety-Ride rims, Hi-Poised engine mounting, Body by Fisher

Invite Area Residents To Air Base Dedication

A special invitation has been issued to residents of this entire tri-county area to the dedication of the new Amarillo Air Force Base on Saturday and Sunday, Nov. 10 and 11.

The two-day series of events officially opening the sprawling new station — the only jet airplane mechanic's school in the nation — is expected to draw more important military and legislative personages than ever before assembled in this area.

Members of the Amarillo Chamber of Commerce, in cooperation with Base Commander Col. Ray H. Clark, are working to make the two-day affair an epoch-making event.

Frank Storm Jr. is overall chairman of the dedication event.

Named by Colonel Clark to handle the military activities in connection with the occasion are: Col. A. J. Mason, commander of the Air Base Group; Lt. Col. John E. Satterstrom, training and operations officer; Maj. Michael Sullivan, executive officer of the Air Base Group; and Capt. Porter L. Oakes, public relations officer.

An imposing list of names is on the invitation list prepared and sent by Amarillo's Mayor Gene Klein. Invitations have been issued personally to:

General Hoyt Vandenberg, youthful chief of staff of the United States Air Force;

General Nathan Twining, deputy chief of staff; Lt. General Robert W. Harper, commanding general of the Air Training Command; Major General Eugene Eubank, commanding general of the Technical Training Air Force of which Amarillo Air Force Base is a part; Major General Warren Carter, commanding general of the Flying Training Air Force; Major General Kenneth McNaughton, chief of staff of the Air Training Command; Major General W. F. McKee, USAF Headquarters, Washington, D.C.; Major General Patrick Timberlake, director of installations, Headquarters USAF; and the commanders of Air Force stations in the Southwest which have missions tied in with that of Amarillo Air Force Base. The invitations to this group, issued by Colonel Clark, include: Major General Caleb V. Haynes, commanding general of Sheppard Air Force Base; Major General Fritz Borum, commanding general of Tinker Air Force Base; Brigadier General Wycliffe Steele, commanding general of Lackland Air Force Base; Col. Thomas L. Mosley, who was deputy commander at Amarillo before recently receiving his own command at Luke Air Force Base, Arizona; Colonel Russell L. Waldron, commanding officer of Van Air Force Base, and Colonel Thomas J. Barrett, commanding officer of Reese Air Force Base, Lubbock.

Top notch Texas statesmen, paced by U. S. Senators Tom Connally and Lyndon Johnson, also are expected to participate in the official opening here. Other Congressional leaders expected are Walter Rogers, Frank Beard, George Mahon and others. Executives of the Atomic En-

ergy Commission plant here, and the United States Corps of Engineers with John Soderberg, who has been resident engineer in charge of building the Amarillo Air Force base, also will take part.

The colorful spectacle opening the dedication program will get under way at 10:30 Saturday morning, Nov. 10, with a military parade rolling down Polk street. The world-famous official United States Air Force Band will participate in the parade in one of its three appearances here in connection with the dedication ceremonies.

Approximately 1500 Amarillo Air Force Base airmen will keep cadence, down Polk from 14th to 3rd street marching past a reviewing stand filled with dignitaries. The Amarillo Air Force Base band, a crack marching and playing unit, will occupy a position of prominence in the line of march, and Major Sullivan has been designated commander of troops for the downtown parade.

At one p.m. on Saturday, a luncheon limited to 350 persons will be held at the Amarillo Country club. Here one of the leading military leaders or a visiting statesman will make the principal address. Amarillo Chamber of Commerce officials will announce the speaker for this occasion upon completion of plans.

A full evening concert at the Municipal Auditorium by the official USAF band is slated for Saturday night at 7:30. Tickets will be made available by Polk street merchants and businessmen. Blocks of tickets also will be furnished residents of area communities. Names of ticket holders will be announced at an early date. The huge Air Force Band also will play Sunday afternoon at ceremonies on the base.

Climaxing the entire dedication observance, an open house has been declared by Colonel Clark at the Air Force Base during Sunday afternoon. Gates will be open to the public from two until five p.m. At 2:30 p.m., visitors may witness the official dedication ceremonies followed by an important address by a top-ranking Air Force general. Then the strength of Amarillo Air Force Base will pass in review on the base's flight line in honor of the occasion.

Static displays, a full array of jet powered aircraft, school buildings, airmen's new dormitories, and dining halls will be open for public inspection.

The Amarillo Unit and Group

I of the Civil Air Patrol headed by Lt. Col. R. L. Nienniken is planning to have open house at its new headquarters on the base in connection with the general open house activities.

The entire celebration has been planned by officials here to coincide with Armistice Day observances over the nation, pointing up the vital link in the chain of preparedness being forged through the establishment and operation of Amarillo Air Force Base.

This base is the only station in the nation devoting its facilities and personnel exclusively to the training of men to keep America's new, sleek and fast jet aircraft in the air.

Jesse Chick, ministerial student at McMurry college, Abilene, spent the week-end here with his parents, Mr. and Mrs. O. L. Chick.

Miss Audrey Hood, student at Texas Technological college, Lubbock, spent the week-end with homefolks. She is the daughter of Mr. and Mrs. Chas Hood.

Harman's 11th Anniversary Celebration Opens Nov. 9

Harman's will celebrate its 11th anniversary with a store-wide sale beginning Friday, Nov. 9, at 9 o'clock, according to Pick Harman, store manager.

Gifts of Hummingbird hose for women and cigars for men will be presented during the opening day of the celebration.

The anniversary sale will continue through Saturday, Nov. 24, when the sale will close with a drawing at 3 p.m. for the door prizes.

Door prizes for the celebration will be: 1st, a Peppercil Electric blanket; 2nd, a pair of U. S. Koy-lon foam rubber pillows; and 3rd, a Textron-Purrey blanket. Everyone over 12 years of age may register for the drawing as many times as they wish during the anniversary celebration.

The store has just been remodeled in preparation for the anniversary celebration. The front has been remodeled to feature larger and better display windows and new type glass doors. The office and alterations department were moved to the balcony floor at the back of the store to provide more floor space on the main floor for the shoe department and dressing rooms. New type fluorescent lighting has been installed throughout the store.

S. L. Harman Sr. opened the Hereford Store company in November 1940.

S. L. (Pick) Harman Jr. became associated with his father in the business in 1947 after being associated with the Penny stores for 12 years.

Regular employees at Harman's are: Mrs. Rachel Kimbrough, Mrs. Grace Little, Mrs. Mary Harman, Mrs. Margarite Newell, Roy Bickford and Delton Cochran.

Harman's carries such lines as Lee workclothes, Clock-wise ready-to-wear, H-Bar C Western wear, Aztec handmade boots and Town Talk coats.

WESTWAY NEWS

Large Crowd Attended Hallowe'en Carnival at Community House

By Mrs. Elmer Combs

The Hallowe'en carnival at the Westway community house was a great success.

There was a large attendance and around \$100 was made. The Westway Home Demonstration club would like to take this means of thanking all the merchants for their contribution of gifts.

The men of the community gathered Monday to finish the shingling job on the community house. The women brought lunch at the noon hour. Those helping were: Robert Boyd, Clarence Morrison, Floyd Henry, G. C. Merritt, Johnny Townsend, Joe Landers, Ernest Hardman, and Lyle Rickman.

Mr. and Mrs. Glen Wilson have been staying at the Q. N. Lewis home while Mr. and Mrs. Lewis are away. Mrs. Wilson is a granddaughter of the Lewises.

There were 61 present at Sunday school. Rev. Bill Thomas filled the pulpit. Mr. and Mrs. Roy Boyd and Royda and Mr. and Mrs. Claude Mos and Nawana of Hereford were visitors.

The Westway Home Demonstration club met last Wednesday at the Community house. Mesdames Joe Wagoner, J. H. Anderson, G. C. Merritt, Mac Jackson, C. M. Phipps, Clarence Saucy, and Paul Rudd were present for lunch. Those attending the business meeting in the afternoon were Mesdames Harold Rudd, Kenneth Rudd, Elmer Combs, P. B. Northcut, Clarence Morrison, B. B. Northcut and the ones at the luncheon.

Mrs. Finis Wright of Amarillo was a guest Tuesday and Wednesday in the home of her sister, Mrs. Elmer Combs.

Mrs. J. E. Wagoner and Victor of Groom and Mrs. Robert Wagoner and Elaine of Hereford were dinner guests in the Joe Wagoner home Sunday. Mr. and Mrs. Van Calthrop and Pamela sue of Hereford and Mr. and Mrs. Art Shaffer and Linda of Clovis were callers in the afternoon.

Mrs. W. B. Nunley, Jackie Lynne, Ronnie and Rickie of Hereford and Jewel Nunley of Dallas were callers in the Elmer Combs home Monday afternoon.

Mr. and Mrs. Floyd Henry are living on the Preach Merritt farm. Floyd is helping Preach through harvest.

Mr. and Mrs. Bert O'Connor of Plainview spent several days the past week in the Elmer Combs home. Mr. O'Connor is Mrs. Combs' father.

There will be a call meeting of the Westway Home Demonstration Club at the community house Thursday afternoon at 2:30. It will be decided whether or not the club will serve pie and coffee at the Caywood Dairy Sale on November 9.

Mrs. Herbert Kerr of Hereford visited Tuesday evening in the Elmer Combs home.

Five Attend Board Meet

Five delegates represented the Hereford Garden club Friday at the District 1 Board meeting of Texas Garden Clubs Inc. in Littlefield. The district includes five counties. Mrs. Leota Wilson, formerly of Hereford and now of Amarillo, who is district counselor, presided for the business discussions.

The Hereford delegates included Mesdames; Harry Lomas, J. P. Slaton who served as parliamentarian, Mrs. A. O. Thompson, elected delegate; Mrs. Ralph McCullough, president of the Hereford Garden Club and treasurer for District 1, and Mrs. A. L. Manjeot.

Mrs. J. P. Slaton was elected district parliamentarian to fill a vacancy. Mrs. A. L. Manjeot displayed a feature arrangement carrying out the Thanksgiving theme.

Achievement Day Held Saturday By Happy Homes

An achievement-day tea was given Saturday afternoon by the Happy Homes 4-H club in the home of Sue and Twyla Springer.

Each girl displayed some article that she had made during the year.

Members of the Home Demonstration club were guests.

Those attending were: Mesdames G. W. Newsom, E. H. Heard, A. E. Jury, and Ira Ott. Girls attending were: Jane Newsom, Barbara Dameron, Jo Scott, Martha Logan, Sharon Flood, Kay Scott, Geneva Logan, Twyla and Sue Springer.

Mrs. Ed Warren left Monday for Tulsa, Okla. where she will visit her mother and sister.

Mr. and Mrs. G. W. Newsom went to Oklahoma City the first part of the week on a business and pleasure trip.

When Mean Colds Stuff You Up

It's so easy to relieve coughs and stuffiness of colds in a hurry this home-proved way... with 2 spoonfuls of Vicks VapoRub in a vaporizer or in a bowl of boiling water as directed in package.

Just breathe in the steam! Every single breath carries VapoRub's soothing medications deep into throat and large bronchial tubes. It medicates irritated membranes, helps restore normal breathing. For coughs or upper bronchial congestion there's nothing like using Vicks VapoRub in steam.

For continued relief always rub it on throat, chest and back.

How Can I?

By Anne Ashley

Q. How can I press suits properly?

A. Try this method: Fold a large piece of newspaper lengthwise, wet one side of it, and fold the dry side over the wet side. Place the wet side against the suit and iron on the dry side. This also prevents shine.

Q. How can I remove wall paper easily?

A. One good method is to add alum to warm water as long as the water will dissolve it, and apply this solution with a white-wash brush. After it has dried, the paper will come off easily.

Q. How can I tighten the blades of scissors which are loose?

A. Try pressing a hot poker on each side of the rivet which holds them. The rivet will expand and fit the hole, which tightens the blades.

Q. How can I care for Venetian blinds properly?

A. The slats of the Venetian blinds should be washed occasionally with a mild soap, as dust accumulates on them very

quickly. After washing, rub the slats with a cloth dampened lightly with linseed oil.

Q. How can I darken brown shoes that are too light?

A. They can be darkened by rubbing them with a solution of milk and ammonia. Then polish with a dry cloth.

Q. How can I treat molasses which has turned to sugar?

A. Set the vessel containing the molasses in a bowl of hot water for a few minutes, and the molasses will soon be returned to its former consistency.

Q. How can I steam velvet more quickly?

A. If the teakettle is used for steaming the velvet, try using a small funnel in the spout of the kettle. A larger surface can be steamed and the work will be done much more quickly.

Q. What can I do if candy I have been making becomes

grainy?

A. If the candy becomes grainy add half a teaspoon of cream of tartar and a creamy texture will result. Also, if a tablespoon of vinegar is added to the sugared candy, and it is reheated, a creamy texture will be acquired.

Q. How can I make a good hair tonic at home?

A. Add a teaspoonful of salt to a quart of sage tea. Apply this to the scalp three times a week.

Q. How can I drive nails into hard wood more easily?

A. Dip the nails in oil of grease or soap the points, and no resistance will be met when driving them into hard wood.

"Straight and Narrow is the Way...."

"Straight is the gate, and narrow is the way, which leadeth unto life, and few there be that find it." Matthew 7:14. A playground does not need a straight path, but the highway to important goals must be straight. Much of the work of the road makers of our day is consumed in straightening out winding roads of yesterday. Trucks loaded with food for hungry people, ambulances carrying the sick and automobiles filled with travelers pointed toward home... all are demanding the straight road.

Great spiritual leaders and teachers have insisted through the centuries that every soul must demand the same sort of "straight and narrow way" along which to move with directness and devotion toward the "good goal." We find goals that are destructive if we tarry too long with the jostling and self-indulgent throng along wide roads which are only midways for State Fairs and playgrounds for immature spirits. The kingdom of God is not reached in such fashion. If you are bent toward the Heavenly goal... choose the "straight and narrow way" that leads to life everlasting.

The "straight and narrow" road begins exactly where you are standing today. If you will but lift your eyes to the hills of God, the path will be seen. The footprints of noble pilgrims, who have gone before, will be shining bright as day. The "straight and narrow way" is the only way.

CONG. WALTER ROGERS SAYS

Word-Picture of Reception For Princess, Duke By Cong. Rogers

THE PRINCESS: Washington laid out the red carpet for Princess Elizabeth and her husband, the Duke of Edinburgh. They were accorded the traditional grand welcome and left a deep impression on the nation's capital. They both repeatedly expressed desires to visit the other sections of this country and hope that they can return with their children for an extended stay in the not too distant future. Their present short stay did not afford them the opportunity of making many appearances.

The highlight of their visit was the reception at the British Embassy on Thursday afternoon. The British embassy is one of the most beautiful in the city and certainly well appointed. It was dressed up in real splendor for this memorable occasion. Everything went off like clock-work from the sound of the trumpets upon the arrival of the Princess and her husband until the last guest had departed. Approximately 2,000 guests attended. The British embassy, as other embassies in the city, is not sufficiently large to accommodate that number of people, and many people wonder how these occasions are handled. It is rather simple. A circus type tent is erected on the grounds of the embassy and connected by canvas-enclosed runways with the doors to the embassy.

The guests, after greeting the important personages, move on through these doors into the large circus tent. Actually you would never know that you were in a tent because it is heated and proper floor covering is provided. At the French embassy party

honoring President Auriol last spring, wooden flooring was provided in the tent. However, this could not be done at the British embassy because the ground is sloping, while that at the French embassy is level enough to support the flooring. At the British embassy, the ground was covered with a hair-like carpet, and it really served just as well as the flooring.

Jean and I were among the first to shake hands with the Princess and the Duke. They are both most gracious. The Princess inquired about Texas, and of course I did not miss the opportunity to extend to her and her husband an invitation to visit us.

My experiences during the day of November 1 made me feel almost like an international traveler. I had spent the early part of the morning with Mr. Ella Shagouri, of Damascus, Syria, discussing the problems of the Middle East. This seemed to be the beginning of a chain of events involving conversations with nationals from Canada, Mexico, France, England, (in addition to the Princess and Duke), Italy, the Philippines, and a final conversation with Madame Pandit, of India, who returns to her native India in the very near future. After this round of events, some of the people in the party at the British Embassy suggested that we go to a Greek or Chinese

(Nationalist, that is) restaurant for something to eat, but Jean and I decided we had enough foreign relations for one day, and went home and ate Southern fried chicken with the children.

VISIT HOME: I will be back home by the time this letter reaches you for a stay of about ten days. I must be back in Washington around the middle of November, as there are many things to do between now and the beginning of the next session including several important matters. I plan to return to the district around the first of December for another stay before Christmas and the beginning of the next session of Congress in January.

TEXAS MOVES FORWARD: Texas bank deposits are up from one billion six hundred million dollars at the end of 1939 to six billion nine hundred million dollars today, an increase of more than 325%.

Among the people from Hereford who attended the ENMU Homecoming at Portales Saturday were: Joan Moore, Gayle Foster, Mr. and Mrs. M. F. Hammon, Mr. and Mrs. Wayne Stark, Mr. and Mrs. Dalton Criswell, Mr. and Mrs. Bryan Durham, Mr. and Mrs. H. J. Engman.

Mrs. Jack Johnson is in Stanford this week with her father who is seriously ill.
