West Files \$3479 Damage Suit Against Finlan, Digby

A \$3479.83 damage suit against Dan W. Finlan and Charley Digby of Deaf Smith county and D. O. Leftwich of Dimmitt county was filed in district court on Monday, Dec. 10 by C. H. West, Deaf Smith county farmer.

In his petition, West seeks the \$3479.83 plus interest thereon at the rate of 6% per annum from July 10, 1950 plus costs of the action.

West seeks damage from defendants Finlan and Digby or in the alternative from D. O. Leftwich, of Asherton, Texas.

The complaint filed by West resulted from alleged sale of seed onions by the defendants to the plaintiff.

West charges that on March 13, 1950, he had 12 1/2 acres of land ready for planting onions and he told the defendant that he would require 200 crates of White Grano onion plants. West's petition states that the defendants agreed to furnish 200 crates of White Grano onion plants at

\$3.50 per crate.

On March 13, 1950, the plaintiff states in his petition, he executed and delivered to the defendants a check bearing the date March 13, 1950 for \$700 drawn on the Hereford State bank.

The check was cashed on March 14 with the endorsement of "Finlan and Digby", the petition charges.

West charged that on the following Sunday night or Monday morning after the said March 13, the defendants had a large number — in excess of 200 crates — of White Grano onion plants at their warehouse. He further stated in his petition that they refused at first to permit delivery of them to the plaintiff and after two or three days delivered to the plaintiff 40 crates. This planted 2 1/2 acres, West said.

On March 22, the complaint continues, the defendants delivered 160 crates of seed onions which were actually small Span-

ish onion plants.

West's petition states that he would have realized \$6000 from the 10 acres if they were planted with White Grano seed onions. He only got \$2520.17, he said, and was damaged in the sum of \$3,479.83.

The 40 crates of White Grano seed onions yielded 1125 bases of onions with a net to the plaintiff after processing and sales cost of \$1500. If White Grano seed onions had been delivered, he alleges, he would have had a yield of 4 times \$1500 or \$6000.

White Grano mature 3 to 4 weeks earlier than the Spanish type and the plaintiff could and would have harvested all his 200 crates of onions at the same time had they been White Grano.

Because the labor was there, West's petition stated, he could have harvested the 12 1/2 acres all in the same day.

The plaintiff alleges that the defendants purchased onions from D. O. Leftwich "he asked in his petition that he can't recover from Digby and Finlan, he have judgment against D. O. Leftwich.

West's petition alleges that Leftwich "did fraudulently misrepresent the kind and character of said onion plants furnished by him to the said plaintiff" and further alleges that said defendant Leftwich is also liable and obligated to the plaintiff on account of such facts.

The plaintiff asks judgment against defendants Finlan and Digby for his damages in the sum of \$3479.83 together with interest from July 10, 1950 at 6% per annum and costs and in the alternative that the plaintiff have his judgment against the defendant D. O. Leftwich for damages in said amount.

Attorneys for West are Witherspoon, Allen and Thomas.

Elections in Water District January 8

Election of the first permanent board of directors for the 13-county High Plains Water District No. 1 and the county committee for Deaf Smith county will be held Tuesday, Jan. 8.

Five members will be named to the permanent board of directors for the district at this election. They will serve staggered terms of two years each.

Two directors will be named to serve until January, 1953. Three will be selected — as provided in the by-laws of the district — to serve until January, 1954.

Three county committeemen for each of the 13 counties, to be elected for three-year terms, will also serve on a staggered basis,

so only one experienced committeeman will be retired each year.

The district, which covers approximately 5,000,000 acres, is divided into five precincts. Each of the precincts will name its own director to serve on the district board.

Deaf Smith county is in precinct number four. This precinct director is Tom McFarland.

Deaf Smith county's nominees for the county committee are V. E. Dodson of Hereford, Gail Neal of Dawn, and Kenneth Rudd of Hereford.

Precinct director for Castro county and Parmer county, both of which are in precinct three, is Willis A. Hawkins of Hart.

County committeemen candidates for Castro county are Posie Cunningham, Eugene Ivey, and G. I. Hollingsworth, all of Dimmitt.

County committeemen candidates for Parmer county are Raymond Euler and Bruce Parr of Friona and Tom Caldwell of Bovina.

The first nominees for the county committee were selected by county judges, agricultural agents, and men now serving as temporary county committeemen for the water district.

There will also be a space left on the ballot for write-ins, both

for the precinct director and for the county committeemen.

In addition, any man who wishes to appear on the ballot, may have his name placed thereon by presenting to his county committeemen by December 15 a petition which bears the signatures of 25 taxpayers in the county in which the prospective candidate resides.

"We urgently ask that the voters in this district take part in this very important balloting," commented Tom McFarland, Hereford, who is chairman of the district's temporary board of directors.

"Beginning in 1952," he continued, "the High Plains Water District No. 1 will begin functioning as such legally and will be recognized by the State of Texas. The 43 men who will administer the affairs of this district should be — and will be — chosen by you, the people who live in the district."

The High Plains Water District No. 1, which was created September 29, contains 13 counties, 19 incorporated cities, and is approximately 5,000,000 acres in area.

Watch The Brand for the balloting places in Deaf Smith county. The information will be contained in a later news release.

Name "March of Dimes" Workers

Committee chairmen to assist in the bigger 1952 "March of Dimes" from January 2-31 were named this week by Gib Howard, county fund chairman.

The workers will seek to double the 1951 quota of about \$4800, Howard said, because all chapters of the Infantile Paralysis Fund across the nation have been asked to double their 1951 effort in the four-week campaign.

Robert Thompson was named assistant county campaign director; Mrs. Bessie Patterson was named publicity director; Harry Caylor, treasurer; Dave Alexander and Howard Gault, advanced special gifts; Dick Lucas, coin collectors; Dub Reeves, sports events; Bob Wear, speaker's committee.

Howard cited the need for a double effort in this year's campaign. The national foundation, he said, is \$5 million in debt and has pledged itself to see that every man, woman, and child stricken with polio has care.

There are 45,000 carry-over cases from previous years, Howard explained, and an anticipated

30,000 more will be stricken during the whole of 1951.

"The nation has had 130,000 cases during the last four years," Howard told The Brand. "During the last 14 years, the nation has had 250,000 cases of polio. We have had more than half the incidence during the last four years."

Announcement of workers for the coming campaign in each division or on each committee will be made later, Howard said.

CONG. ROGERS REPORTS

Assistant Tells of Communism Observed While Serving in Hungary

(Since I am visiting in the district, the newsletter for this week is being written by Mr. Dee C. Dodson, my administrative assistant. Mr. Dodson was formerly court reporter for the 31st Judicial District. During World War II, as a sergeant in the Army, he was assigned to the United States Military Mission at Budapest, Hungary, and viewed many of the activities of communism at first-hand.—Walter Rogers.)

Washington, D. C., December 7, 1951
I was assigned to the U. S. Military Mission for Hungary from January 1945, the time of its organization, until January of 1946. Lawrence Hagy, of Amarillo, among other capacities, served as our executive officer. We moved from Debrecen, in the eastern part of Hungary, to Bu-

dapest in April of 1945, about six weeks after the Russians had taken the latter city. Just as soon as the Hungarian Provisional Government was formed it began receiving its orders from Moscow. Hungary was to be behind the Iron Curtain. The communists immediately seized control of the police and key positions in the government. Large numbers of people were arrested and held as political prisoners because of their former activities with the Nyilas Keresztes (Arrow Cross), the Hungarian Nazi Party. The new government had been in existence only a short time when people were being arrested and accused of plotting against this same government. Some who had been swinging the axe only a few days before were now getting the axe. The accused were being tried before the "People's Court," and public hangings were being held regularly.

I recall a trial which was conducted by the "People's Court" in November of 1945. The accused was an actor who had been the president of an actors' association in Budapest. He was on trial because of some of his alleged Nyilas connections. The following account of an incident which happened during the trial was given to me by a Hungarian friend who was interpreting for me. After the testimony had been concluded, the defense counsel asked that the Court show mercy for the defendant in assessing the penalty. While making such plea, the attorney stated that his client had been forced to conduct himself as he did in order to help his position. He said that the accused had always shown himself to be a good, honest man. His plea was interrupted at this point by a large volume of hems and haws from the crowd witnessing the trial. Then the speaker, no doubt thinking that he getting a little far out on the limb, shouted into the microphone, "I have known him three days." The accused was given eight years of hard labor.

A certain person who was employed in one of the departments of the Hungarian Government had been visiting our mission regularly for several months. Then suddenly his visits stopped and we did not see him again for about three or four weeks. When finally he again called on us, he was hardly recognizable. One day he was arrested by the "Political Police" and placed in solitary confinement, where he remained for several days, with scarcely any food. Then he was taken before the authorities and handed a sheet of paper on which a "confession" was typed. He was told that he would be released when he signed the paper. The "confession" contained an account of specific acts of conspiracy against the government allegedly committed by the head of the department in which our

friend was employed. He refused to sign the "confession", stating that there was not a word of truth in it. He was sent back to solitary confinement for a few more days and then again brought before the authorities. He again refused to sign the paper. A weight was then fastened on the top of his head and he was forced to stand up and support the weight for several minutes. The weight was removed and he was asked if he would not sign the "confession." He still refused. He was then subjected to the same torture, except this time he was made to support a heavier weight for a longer period. He told us that by now he had begun to do some heavy thinking, and after the procedure had been repeated several times, his pain became so unbearable that his resistance completely broke down, and he signed the "confession." I have often wondered what happened to this fellow, because after two or three more visits to our office, I did not see him again.

Municipal elections were held in Hungary in the first part of October, 1945. The three main parties were the Smallholders, the Social Democrats, and the Communists. The Smallholders won the elections by a large majority. The elections were held on Sunday. The following Monday afternoon a large crowd of Smallholders, proud of their victory, formed a parade in front of our establishment and marched up and down the street chanting in Hungarian, "Budapest will not be Red." By evening the Communists had formed several large parades and were marching all over the city. Their chant was "Budapest will be Red." About a month later the national elections were held. The Smallholders were again victorious. As far as we could observe, these elections were free except for quite a bit of intimidation on the part of the Communists during the campaigns. People familiar with Hungarian history told me that these were the first, and only, free, secret-ballot elections ever held in that country. However, the Communists took over the government by force and nullified those elections only a few months after they were held, and Hungary today is still ruled by a communist dictatorship.—Dee C. Dodson.

OPS Trade Survey Planned Nationwide

The Lubbock District Enforcement branch of the Office of Price Stabilization announced last week that plans were underway to conduct its portion of the nationwide survey in the service trades.

The survey will cover in the main the trades affected by Ceiling Price Regulation 34. Hugh Anderson, enforcement director for the 69-county West Texas district, said. He said, too, that the study of operations of slaughterers of the district continues.

At the same time, he called attention to a case this week in which a Brownsville, Texas, meat company entered pleas of guilty in federal court to charges of violations of OPS regulations. Federal Judge James V. Allred assessed a fine of \$1,000 against the company, a fine of \$500 against the company head and suspended a 90-day jail term against him. The company president had been charged in a criminal information filed by the government in five counts alleging sales and deliveries of beef at prices above OPS ceilings and five counts alleging false invoices covering the beef sales.

The service investigation survey, according to Edward P. Morgan, OPS Enforcement Director, results from non-compliance on the part of firms and individuals selling services of many kinds. While compliance is satisfactory in some areas, he said, non-compliance is quite widespread in others.

Ignorance of the existence of the regulation and its requirements, particularly the filing and posting provisions of Section 18 of CPR 34, can no longer be given as an excuse because the

regulation became effective last May 16, enforcement officials explained.

Morgan pointed out that authorization has been secured from the Department of Justice for the special assistant United States attorney attached to the OPS district offices, and the U. S. attorneys to file injunctive actions in the field immediately in connection with the new compliance drive without securing pre-clearance from Washington. This step should speed up the survey and bring many violators of CPR 34 into compliance without further delay.

Among types of establishments under CPR 34 are power laundries, banks, linen supply and diaper services, hand and self-service laundries, shoe repair and hat cleaning shops, cleaning and dyeing plants, rug cleaning and repairing plants, pressing, altering and garment repair shops, fur repair and storage shops, radio and television service and repair shops, automobile repair shops, refrigerator and other electrical apparatus service and repair shops.

Others include bowling alleys and billiard and pool parlors, parking lots, operators of juke

Clara Jayne West, Mrs. E. W. Young, chairman of the mothers, who arranged the banquet, gave the response.
Clara Jayne West presented the president's message and the Pep Club Triple Trio sang: "Can't Help Loving That Man" and "Old Man River" accompanied by Dixie Young.
A prophecy predicting some of the activities for next year was presented by Betty Hamilton and Sue Smith. Joan McGee announced the newly-elected cheer leaders for next year. They include Betty Hamilton, Sue Smith and Gayle Gault, who demonstrated their ability by leading a

Plainview Beats Herd After Second Overtime, 51-48

It took the visiting Plainview Bulldogs two overtime periods to down the Hereford Whitefaces here Tuesday night in a thrilling basketball game that ended with the Bulldogs seeping over the top of a 51-48 score.

The game was marked with an unusual total number of fouls—68—42 of them committed by the Herd cagers and the remaining 26 by the Bulldogs.

In this second encounter between the two fives, the Whitefaces perked up and gave their guests a battle. They kept coming inside the Plainview man-to-man defense for repeated shots at the bucket.

The Herd lost out with a low over-all game percentage record, however, sinking 27% of the attempts. The Bulldogs, who were kept pretty loose by the White-

face zone, hit an even 331/3% for the affray.

Bob Mathers—who fouled out late in the game—walked off with the high-scoring honors for the game, piling up 19 points. He was high man on both teams, with Plainview's Jordan following close behind with 18.

The Herd made 63 attempts at the bucket, counting with 17 of them. Plainview tried 48 shots, sinking an even 16. Hereford had 31 free throw chances, sinking 14 of them.

For the Whitefaces, Allen, Kelly, Mathers, and Wilson fouled out.

Hereford led at the quarter, 12-9; Plainview led at the half, 21-20; Hereford led at the third quarter, 38-34.

Game Commission Clarifies Quail Bag Limit Rule

AUSTIN — The Texas Game and Fish Commission issued a clarifying statement on quail hunting limits because, he said, the varied regulations "naturally have confused some sportsmen."

He reported a number of Panhandle hunters "were understandably mixed up because of belated action liberalizing limits in the 28-county Panhandle area over which the Commission has regulatory power."

The Commission, pursuant to

Caskey, g	1	0	1	2
Ramsey, g	0	1	3	1
Taylor, g	1	8	4	10
	16	19	26	51

Following a game on Monday here with the Dimmitt Bobcats, the Whitefaces will remain idle until January 1 when they meet Adrian here.

Panhandle reports of a fine bobwhite quail crop, increased the daily bag and possession limits slightly after the regular Game Law Digest had been issued.

The limits in the Panhandle originally were ten quail per day and twenty in possession. The Commission increased the bag limit to twelve quail per day and twenty-four in possession.

The executive secretary of the commission pointed out that, under the general state quail law, the daily bag limit for most of the state is twelve per day and the possession limit 36.

Meanwhile, the Executive Secretary reported "good sportsman response" to an appeal for cooperation with the quail wing project.

The Wildlife Restoration Division needs the wings for studies of the birds in connection with routine game management activity.

Hunters who can help out may obtain instructions and supplies by writing the commission in Austin.

Grandstand Gropings

By Kent Snare

This one will be a mising of miscellany. You might say it will have a lot of motion and no muscle contained therein. The football extravaganza of this periphery, go-round to you, is almost complete and the regular season-skein of Miami of Florida was tattered indeed last Friday night, Pittsburg, which this year has inconvenienced no one, but themselves, larrupped the "Gator Bowl" home team more than rudely, 21-7, and as one scribe scribbled, "The Miami Hurricanes were, laughingly described in advance as a 13 point favorite. I would hazard a personal view that this seasons continuity of upsets, scoring upheavals and ingained unpredictables has set the football handicappers back further than Judge Streit has been able to discommode the basketball tamperers on purpose. . . . There was an unusual happenstance at Tulsa last Saturday when Hardin-Simmons bowed to Tulsa, 14-33. . . . The Tulsas were going for a new national yearly scoring record and at the games inception needed 4 yards to do it. . . . They wound up with a game total of 538 yards, giving them a season's total of 5,282 yards, which according to the Daily Oklahoman was exactly the number, 5,282, of spectators at the fracas. . . . While in the vicinity of Tulsa. . . . I commented earlier on the polygot roster of the Golden Hurricanes and the dearth of names like Jones, Smith, Throtlebottom, et al. . . . Last week I took a sidelong glance at the roster of Maryland University and among many of a like ilk reposed Shemonski, Scarbath, Weidensaul, Colter-yahn, Scioscia, Faloney and not one but two, Modzelewski's. . . . The New-Year broadcasters of their brawl with Tennessee will earn their gruel, for as I recall the Vol's pack some garbled cognomens on their outfit. . . . Saturday night I listened to John Henry's initial broadcast of the Oklahoma Aggies seasonal activities in round ball. . . . They opened with New Mexico Aggies and almost wished they hadn't. It took sweat and tears plus two

extra periods to turn the trick 45-43. . . . In the first extra gasp, with the tally knotted, New Mexico Aggies glommed the agate and controlled it for two minutes calculating to take one shot when time was almost terminated to prevent the Ibas having any more scoring opportunities. The dinged thing clogged 'cause the Okies wouldn't leave them shoot. . . . The Ibas had tried the same thing at the finish of regular playing time and had missed the scoring attempt. . . . In the final extra go the Oklahoma Ag's got the bulge and then hogged the ball as only an Iba tutored team can do. . . . Both clubs sounded good, altho the New Mexico squad had four tilts under their belt and it was the first time out for the Ibas. . . . The Las Cruces five used a shifting zone with sinkers on the post and lead most of the way. . . . Iba, in a vain attempt to circumvent his post ineffectiveness, used a double post in the second half with the Chickasha Kangaroo, Don Johnson, as the second pivot and that didn't operate either, altho Pager finally peeled off a lefthander to jam the score at the finish. . . . In addition to Darcy Pager and Miller, all 6-8 or more, the Aggies showed another biggie, Matick, 6-10 1/2 and reputedly so thin that his shadow has holes in it. . . . Nonetheless they stuck him in when the thing needed doing and they got the ball and that was all that was writ. . . . then and now. . . .

Lloyd Manjoet returned home Tuesday from Fort Lee, Va. where he had completed an advanced course in the officers school. In route home he visited friends in Alabama, stopped in Dallas for a day or so and visited former classmates and his old company at Texas A&M college. Manjoet, who is the son of Mr. and Mrs. A. L. Manjoet, will report to Fort Lawton, Washington January 15 for further orders.

Both Kinds of Wrestling On Double Event Card

Both varieties of wrestling — the clean, scientific type and the slam, bang crowd-thrilling type — were served up to local mat fans Saturday night at the Bull barn.

Tony Angelo and Gory Guerrero provided the fans with plenty of the first variety. The two put on a fine exhibition which failed to increase the blood pressure of the paying customers,

but still provided pleasing action. For the blood-thirsty, Rowdy Dory Funk and Bob Cummings supplied the thrills in the second main event.

More of that later. The first event, a best two out of three fall affair, pitted Mexico's Guerrero against Tony Angelo, a Windy City product, in his first local stand.

After 22 minutes of grappling, Angelo won out with a body press preceded by drop kicks.

Gory came back to even the count in 10 minutes taking the second fall with a body press, which followed some banging tackles.

The end of the match came in a spectacular manner as both grapplers bounded off the ropes and hit at the middle of the ring. Both matmen lay stunned after the collision. Angelo came to first and had presence of mind enough to lay his arm across the chest of Guerrero for the victory.

Old Tascosa's Dory Funk tangled with Bob Cummings in the last match of the evening, an event that proved a thriller.

Funk and Cummings had reason to have blood in their eyes as a result of the free-for-all they

generated the previous Saturday among the spectators at the Bull barn.

Cummings the week before had gone to work on Funk, who walked out of the ring in a tag team match in which the two were mated.

The crowd was built up for the Funk-Cummings tussle. And they weren't too disappointed in what the two combatants threw at them — and at each other.

Local Basketball Loop is Planned

A meeting will be held in the near future to begin organized league basketball play in Hereford with a four-team and possibly a seven-team loop, according to Carl Hutchinson, who will schedule the meetings.

Four of the local teams have each had about eight practice games apiece. Teams in the league so far are: Jaycees, C&R Cleaners, Magnolia, and the players from the 1850 Crystal Sugar team who are unnamed as yet.

Hutchinson said the Adrian Independents, and Friona and Bovina are anxious to become members of any local cage league that may be formed.

Managers of the local teams are planning to meet with school officials to see about using Shirley school gym for the league games.

It is hoped that league play can be carried out three nights a week, Hutchinson told The Brand, with doubleheaders on each night.

All practice games have been played in the Shirley gym so far, but some arrangement will be made for future games and for use of the hardwood there.

Organization of the league is not completed. The primary purpose of the four teams organizing in the first place was for recreation.

More details of the league and the games to be played will be announced after the meeting of managers and school officials.

BAYTOWN BACK Fred Ernst is lifted high in the air in the first quarter by Corpus Christi backs Pat Hoffman (31) and Merle Muckleroy after he picked up five yards through his left guard during game played at Corpus Christi Dec. 8 in the semi-finals of Class AAAA high school football. Dimmitt Last Herd Cage Guest of Year, Adrian Here on January 1

The Hereford cagers will have one more game — with the Dimmitt Bobcats here on December 17 — before the Christmas holidays.

Coach Wayne Stark's Whitefaces will make their first win attempt of the new year January 1 on the home court when they host the Adrian five here. After the Adrian tussle, the Maroon and White will journey to Dalhart where they will compete in a three-day invitational.

over the rowdy Funk, took the first fall in 14 minutes with his

specialty, a knee-action leg binder.

Dory Funk was ready for lively action when he came back into the ring for the second fall. He started getting rough and failed to heed Referee Paul Mitschler's command to break it up. Funk kept pounding Cummings into the corner with turnbuckle smashes after working him over with knee lifts. When the third man tried to halt Funk, he put Mitschler out of the way for a while with a knee lift.

All this action followed some ring fisticuffs between Cummings and Funk. The blonde battler was a little hard to stop even after the decision was awarded to Cummings.

An automatic fane was levied against Dory for hitting the referee.

Dory argued with Mitschler to some great length about the legality of Cummings depositing Funk outside the ring over the top strand of ropes. Mitschler, however, failed to give Funk satisfaction on his protest.

Only 120 Days Following Discharge To Pay Premium

(EDITOR'S NOTE: This is the third of a series of four special articles prepared by Veterans Administration explaining the rights of newly-discharged veterans to government life insurance).
GI TERM POLICIES UNDER WAIVER

Recently-discharged veterans who left active military service with a government term policy in force under waiver of premiums have only 120 days from the date of their separation or release to begin paying the premiums again to Veterans Administration.

Otherwise, they run the risk of not having any government life insurance in force after the 120-day post-service period has expired.

As used in this article, a term policy is one that runs for a specified number of years and then must be renewed or converted while under premium-paying conditions in order to keep the insurance in force.

In the case to be explained in this article, the policy could be a five-year or an eight-year National Service Life Insurance term policy, or it could be a five-year U. S. Government Life Insurance term policy.

The phrase, "under waiver of premiums," applies in this article either to a term NSLI or to a term USGLI policy that the person wanted to keep in force while he was in service without paying premiums and for which he applied and was granted a waiver (under Section 622 of the NSLI Act).

This waiver ordinarily continues for the duration of the person's active service, plus 120 days after separation or release.

If this person wants to keep the policy in force after the 120-day post-service period, he should pay the required premiums to Veterans Administration, Washington 25, D.C., within the 120-day period.

Even though this premium may be paid within the first few days of the 120-day period, it will not be applied on the policy that is under waiver until the first premium falls due after the 210-day period following the person's separation or release from active service.

For these reasons, VA urges these veterans to make their first premium payment as soon after separation or release as possible and thus guard against their policies lapsing after the 120 days have passed.

Two factors affect those whose term NSLI or USGLI policies expired while they were in active service:

1. For those whose period of term insurance expired while they were in active service and while the policies were under waiver of premiums, the law provides for automatic renewal

of their insurance for another five-year period, with premiums waived for the remainder of their active service, plus 120 days thereafter. These veterans will be required to pay a higher premium on their automatically renewed term policies within 120 days of their separation or release than they paid for the policies that expired while they were in service.

2. For those who did not apply for a waiver on their term insurance and whose policies expired while they were in active service after April 25, 1951, the law grants them the right to apply for new insurance in the amount and of the same type as the expired policies. These veterans must apply to VA within 120 days of their discharge and submit evidence of good health through a physical examination. They also must pay the required premium. These applications should be submitted to Veterans Administration, Washington 25, D.C.

For further information, veterans should contact their nearest VA office immediately after separation or release from active service.

tournament on January 3, 4 and 5.

The Whitefaces got off to a disadvantage in the early days of the season, playing their first contest with less than a week's work.

As the season progresses, how-

ever, the local quintet takes on added power and confidence.

January is tournament month in a sense to the Whitefaces as they follow the Dalhart tourney with appearances at Friona on January 10, 11, and 12 and at Tulia January 17, 18, and 19.

At the latter event, the Eagles will get a taste of what they'll run into once loop play gets underway February 1.

THESE SMILING FACES await the arrival of Santa Claus in Hereford. St. Nick visited them December 8, through the courtesy of the Jaycees.—Bill Patton Photo.

Long Time Ago

45 Years Ago
Immigration cars have become quite common to Hereford citizens. Hardly a day passes which does not witness the unloading of one or more cars. Tuesday six families arrived in Hereford and will make their home in either Deaf Smith or Castro county.

These families are: C. F. Adams and family, John Roberts and family, J. C. Roberts and family, O. W. Roberts and family, C. H. Roberts and family and Fred Stull and family.

Hereford has been in the dark this week because there is no coal to operate the light plant. Two carloads of coal have been ordered for some time but have not arrived yet. Until the coal arrives people will have to trim up their oil lamps.

25 Years Ago
James Z. George, Amarillo's industrial engineer, was guest speaker at the weekly luncheon of the Chamber of Commerce. He talked on Chambers of Commerce organization.

There will be a resumption of oil activity in Deaf Smith county right after the first of the year, according to a report by people connected with the oil work around Hereford.

Snow started falling on Monday morning and soon everything was covered. Tuesday sunshine melted the snow and Wednesday it was all gone.

The Hereford News Stand changed hands this week. John Robinson Jr. bought the store from Frank Given and Arthur Manjoet.

Home Demonstration Club Council Holds Annual Christmas Party

The annual Home Demonstration Club Council Christmas party was held in Fellowship hall of the Presbyterian church Saturday afternoon.

Mrs. T. J. Parsons was mistress of ceremonies.

The program was opened by the entire group singing "Joy To The World" followed by a Christmas prayer given by Mrs. R. L. Wilson.

For entertainment a style review was presented with members who had made woolen garments during the fall season as models for the handiwork. Suits, dresses and coats were modeled by Mesdames: Johnny B. Caraway, T. J. Parsons, Abraham Drager, Frank Wilde, R. L. Wilson, Ira Ott, Henry Turner, Palmer Norton, and Mrs. A. O. Thompson who modeled a suit for her daughter, Mrs. W. T. Carmichael. Mrs. J. B. Caraway served as narrator.

Mrs. Walter Galley gave a reading "The Littlest Orphan" and a duet of "Silent Night" was sung by Mrs. Paul Hoff and Mrs. H. E. Pettyjohn with Mrs. Russell Wingert accompanying at the piano.

A playlet was presented entitled "Just What They Wanted", a comedy skit with Mrs. Elmer Combs as the absent minded husband; Mrs. T. J. Parsons, his long suffering wife; Mrs. Clyde Russell, the longer suffering sister; Mrs. Franklin Miller, the neighbor and Mrs. Fred Wofington, as Mrs. Jim Echols. Mrs. Tom Draper, CHDA, was presented with a gift.

Refreshments were served to approximately fifty Home Demonstration Club members.

Class Has Party
Phebean Class of the First Baptist church held its annual Christmas observance in the form of a supper party in the home of Mrs. Frank Craig Thursday evening. After the meal a short business session was held and gifts were exchanged. Mrs. J. B. Harlin, teacher, was presented with a special gift from the class.

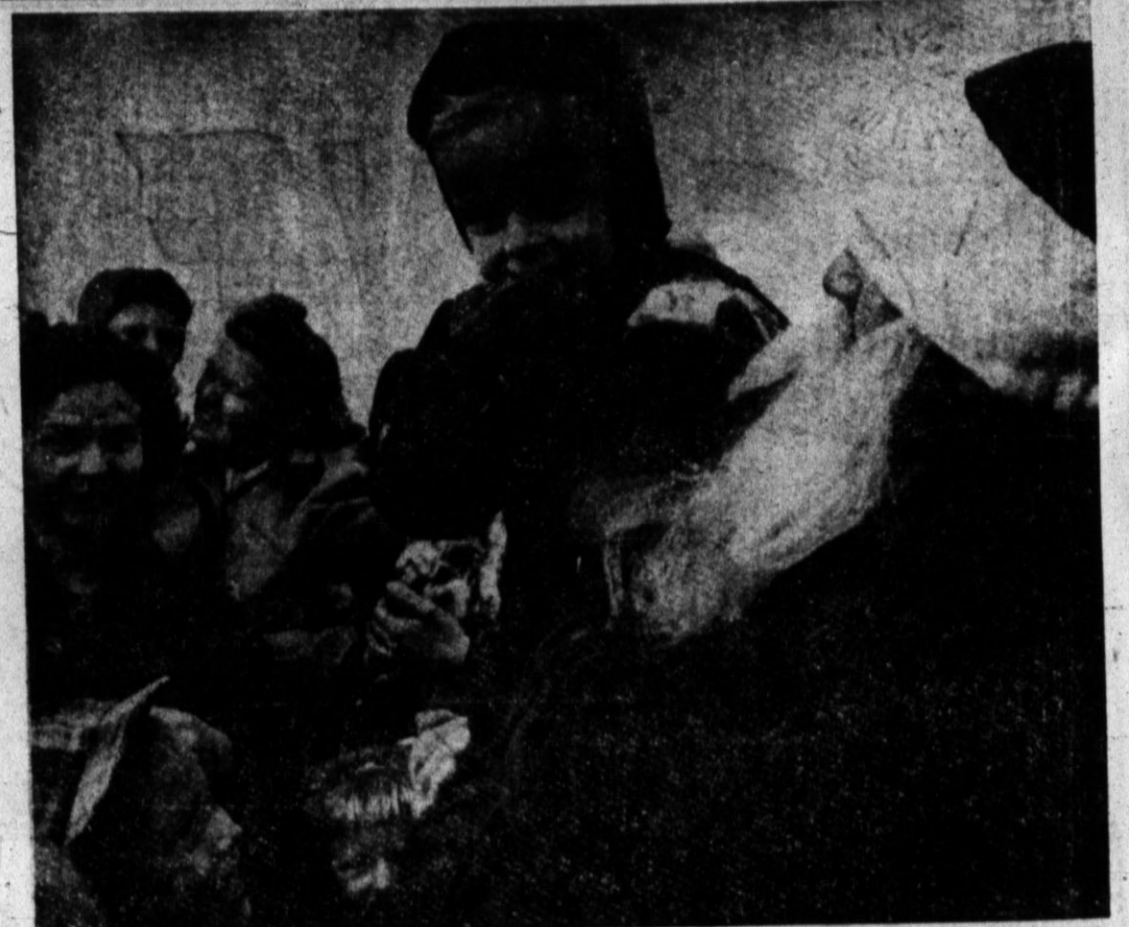

For entertainment a recording of "The Littlest Angel" was presented by the hostess. Yuletide refreshments were served to: Mesdames Goe Cameron, V. O. Roland, Joe Edd Cuppell, Archie Ladshon, J. B. Sheard, J. B. Harlin, Leroy Price, Gerron Wheeler, R. N. Yarbro, Chas. Crowell, Dennis Baker, Ray Downey, Bob Lawrence, Worth Covington, J. T. Wood, Troy Schuder, Tom McFarland, A. A. Dumas, H. L. Recruiting Office Will Be Closed Over Holidays

The local Army and Air Force recruiting office will be closed

from December 15 to January 4, 1952, according to M/Sgt. Vincent Sicola, local recruiter. Young men wishing to enlist for the Air Force or Army can

do so by picking up a police clearance at the sheriff's office and having Sheriff Reese or his deputies fill in and sign the clearance. With the clearance

and birth certificate, if under 21, the enlistee may go to 312 E 5th, Amarillo for enlistment. That is the USA and USAF main recruiting station.

Sticky Leather

It is sometimes almost impossible to remove the stickiness entirely from leather seats which have been improperly varnished. The best thing to do is to clean them carefully with benzine or gasoline and when perfectly dry, revarnish or finish with a better

Ammonia Stains

Ammonia will sometimes change the color of fabric on which it has been used for the removal of spots. The original color often can be restored by applying vinegar and water.

Rubbers

A little glycerin rubbed over the rubber overshoes occasionally will clean the rubber and prevent its drying out.

Dirty Pans

The dirty, black bottoms of aluminum pans can be easily cleaned by placing them in a shallow pan, in which a teaspoon of soda has been dissolved in a little water. Heat the water and let it simmer for a few minutes.

Bed Bugs

One way to combat bed bugs is to heat together some corrosive sublimate and white of egg. Ap-

ply frequently with a feather to both bed and mattress.

Stamp Removal

A stamp can be easily removed from an envelope by placing a piece of wet blotter on it for a few minutes.

Cleaning the Puppy

If the puppy is too young to give a bath and his fur seems in need of cleaning, try rubbing cornmeal gently but thoroughly through his fur, repeating the process several times, but using the same meal. Follow this with a good brushing.

Mustard Plaster

Sometimes a mustard plaster will leave the skin tender. Immediate relief can be given by applying pure olive oil to the affected parts.

Oiling Locks

To oil locks in the doors, dip the keys in oil and turn several times in the locks to make them turn more easily.

Tissue Paper Duster

Ordinary tissue paper makes a good duster. Slightly moistened, it removes dust easily. It is excellent for keeping a brass bed looking bright; also silver toilet articles, mirrors, and windows. It eaves no lint, and does not, of course, need to be washed when the work is done, but simply burned.

The WOMAN and Her BANK

Helpful Hints

Safeguard your blank checks. If any numbered blank checks are stolen, notify us.

Protect cancelled checks, not only

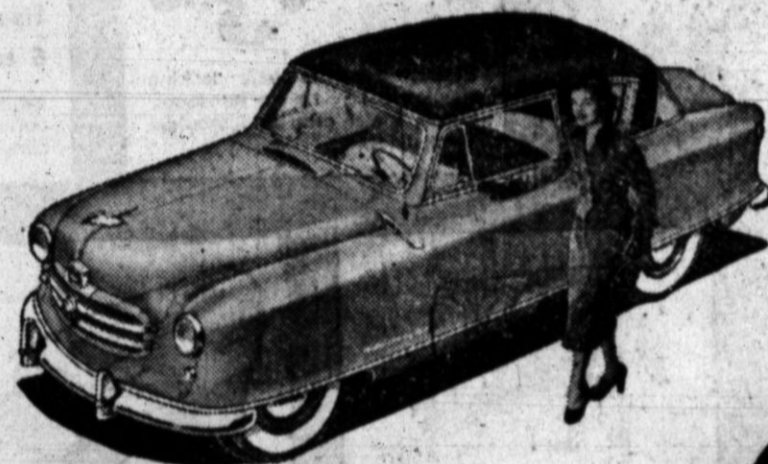

because they are your receipts for payments, but also because a forger could use them to copy your signature.

Give new numbers to new checks that replace lost ones. Stop payment on old checks still not paid.

Present checks you receive for payment without delay. A check held too long may become "stale," and if very old we may find it necessary to refuse to accept it. Therefore, don't accept a check of an "old date" without first consulting the bank on which it is drawn. It's a good rule to present checks for payment on the day received, or the next day whenever possible, as often people close their accounts and move away or similar circumstances may prevent your collecting if you delay.

Christmas Arrangement Exchange Featured at Bud to Blossom Meet

A Christmas program was enjoyed at the annual December meeting of the Bud-to-Blossom club held Friday afternoon in the home of Mrs. Ben Childers.

Mrs. Roy Ford was guest speaker, giving a review of the book "April Snow" by Lillian Budd, an inspiring story about a woman's faith which was responsible for her realization of the good things of life.

A Christmas arrangement exchange was an interesting part of the program with each member presenting an arrangement of her own for exchange. Included were lovely corsages for the holiday season, wreaths for doors and homes and varied table arrangements for use during the holidays.

A short business session was held when Mrs. C. B. Hudson was appointed reporter for the club and members who attended the recent Amarillo Garden Club Christmas Flower Show held at the Children's Home in Amarillo, gave highlights of the show.

Refreshments were served to Mesdames Irving Alexander,

Christmas Sharing Is Theme For Hereford Garden Club

Hereford Garden club held its annual pre-Christmas session in the home of Mrs. Jim Black Friday afternoon with Mrs. Ralph McCullough, president, presiding, Mrs. Jeff Gilbreath led "The Gardener's Prayer."

Roll call was answered by members naming a plant members plan to grow for botanical study the coming year. Mrs. J. P. Slaton led a parliamentary drill and during the business session Mrs. O. H. Herring was appointed to work with the Bluebird Campfire group which is sponsored by the club.

Mrs. Ralph McCullough gave a report of the recent district board meet in Littlefield when Mrs. J. P. Slaton was appointed as district parliamentarian. She told of the Col. Goodnight home in Palo Duro canyon which is to be restored by District 1, as a project for the year. The local club will assist in planting wild flowers and in other restoration plans.

"An emblem for the district was adopted and will be placed in each town of the district at a highway intersection," Mrs. McCullough said.

The program for the afternoon was built around the theme "Christmas Sharing". Demon-

strations were presented of miniature Christmas trees, table and mantel decorations, and one drawing the most comment, a child's birthday table employing both the birthday and Christmas theme, by Mrs. R. A. Tynes.

The mantel was done in pine cones and greenery and red crystal. Mrs. A. O. Thompson demonstrated how to make candles, and how to shape and coat them.

Continuing a program begun early in the year the group will place Christmas arrangements in the mayor's and Chamber of Commerce offices and in the Deaf Smith county hospital. They will also arrange holiday favors for use on hospital trays.

Work in 4-H Dairy Achievement Pays Off for Texas Boy

Bruce S. Card, Jr., 18, of Cuero, is among the 12 sectional champions in the 1951 Dairy Achievement program. His award, a trip

Bruce S. Card, Jr.

to 4-H Club Congress was furnished by Lederle Laboratories. The young farmer has earned a reputation in his community as the youngest successful dairyman in De Witt County.

He began with a Jersey heifer calf given him by his father in return for help in the dairy barn. Shortly afterwards he won a registered Jersey Heifer in a milking contest at the Houston Fat Stock Show. Bruce learned the importance of sanitation, proper feeding and accurate records. When his father became supervisor of the De Witt County Dairy Herd Improvement Association, Bruce took full charge of the dairy on their 80-acre farm. His father offered him 25 per cent of the profits with a promise of full partnership in the future. A many time winner of county dairy achievement awards, Bruce keeps all of the records, and does the milking, feeding, and grooming of stock.

A 4-H member for six years, he has been an outstanding leader and has participated in many other programs.

This activity is conducted under the direction of the Extension Service of the State Agricultural College and USDA cooperating.

Inscribed on the Liberty Bell in Philadelphia are these words "Proclaim Liberty throughout all the land."

How Can I?

By Anne Ashley

Q. How can I remove the dry, roughened skin on the elbows?

A. This may be removed by using cuticle remover from the manicure set. Moisten the elbows thoroughly with the preparation, wash with warm water and pure soap, and rub with a Turkish towel.

Q. How can I cause playing cards to slide easier?

A. If a thin coating of liquid wax is applied to each card, both face and back, they will slide much easier and will also be protected from soil and wear.

Q. How can I make a good cement for broken china?

A. Mix plaster of Paris with the white of an egg until the consistency of cream. Apply and allow to harden before using.

Q. What is one of the biggest factors in the laundering of clothes?

A. One of the biggest factors in the whiteness of white clothes and the clearness of colored clothes is thorough rinsing. Rinse until the water is clear and absolutely free of any suds.

Q. How can I remove an obstinate cork from a bottle?

A. Dip a piece of woolen cloth into boiling water; and wrap tightly about the neck of the bottle. In a few minutes the cork can be removed.

Q. How can I prevent chapped hands?

A. Apply glycerine and rose-water or lemon juice, several times daily and at night before retiring.

Q. How can I lengthen the life of candles?

A. Take each candle by the wick and give it a good coating of white varnish. The varnish will keep the grease from running down and will thus preserve the life of the candle.

Q. What can I do when I have discovered too much salt has been added to cooking food?

A. Stretch a clean cloth tightly over the vessel and sprinkle one tablespoonful of flour over the cloth. Allow it to steam for a few minutes and the flour will absorb the salt.

Q. How can I remove white spots on furniture caused by hot dishes or water?

A. Rub the spots with a mixture of machine oil and soda.

Q. How can I induce sleep?

A. A small dose of soda taken in a glass of warm water before retiring will often induce sleep in restless persons.

Q. How can I remove iodine stains from white linen?

A. Soak the material in a solution consisting of a teaspoon of ammonia and a pint of water.

Francis Hill, who lives three miles north and 1/2 mile west of Hereford, called in at 7:56 a.m. Thursday, Dec. 6, identifying the picture as that of the Lemons farm, 11 miles south of Hereford. The second rural identification was made by Marybeth Lemons, daughter of Robert Lemons. She called in at 8:10 a.m. The lower photo is this week's mystery farm. The first rural and city reader to identify it will each receive two free theater tickets. The second person in each group will receive a free wrestling ticket. Picture of a man making a smart decision

HERE is a man who's been doing a lot of thinking.

Someday, he's told himself, I'm going to turn in my old car and get a new one.

And he said, still talking to himself, when I do that I'm going to size up the field—give 'em all a real going over.

You see him here at the wheel of a Buick. He hasn't bought it—yet. It's a demonstrator, and he's trying it out.

But the more he tries it, the more he knows he's been wasting a lot of time.

From the moment he looked inside, he said: Here's the room—and the comfort—and the style I've been looking for.

Then he nudged its Fireball Engine into

action. It's a high-compression valve-in-head, as you probably know.

He eased out into traffic. Stopped and started for a couple of traffic lights, and said something to the effect that this Dynaflo Drive* is a honey. Why don't they all build 'em this way?

He saw a bump ahead. Place where the pavement had been torn up. Other cars were braking down to a creep to cross it. He held back—rolled right across at regular speed with barely a bobble.

It's hard to believe, he said, but what they say about Buick's ride is right.

Ten minutes later he was out on an open stretch of road. Tried an experi- mental push on the gas treadle.

Boy—what a take-off! You couldn't want more power than that.

Ten minutes more—and he knew something else. You don't really steer a Buick. It just about steers itself. Stays right on the beam on the straightaway. Even straightens itself out after a curve.

To make a long story short—he's found out that nothing else he's tried out can hold a candle—not even a little Christmas candle—to this bonnie beauty.

Back at the Buick showroom, he's going to get one more surprise. The price of a Buick is a lot less than he'd guessed it would be.

Moral: Smart Buy's Buick—right now.

SUNFLOWER RELIGION

BOOKS BOOKS

You In The Church The Church In You
 Form a combination for good. We should attend church regularly. Every man, woman and child needs the influence of the CHURCH. Be Faithful! Be a Churchman.

HAVE you watched the face of the sunflower as it follows the sun through the day? It seems ever so fearful that it will lose one single ray of the sun. It looks ever to God. And in repayment for that devotion the creative power of the sun blesses with abundant beauty and fertility. Straight and tall grows the stalk, strong and sturdy are the fibers which support the sunflower. Little wonder that one of the states delights to call itself "The Sunflower State." For it is a symbol of the rich harvests that fill the grainaries for bird and beast. The sunflower looks to God all day.

How rich and beautiful would our personalities become if we thus basked in the sunshine of God's grace and goodness! You and I can begin the day with our first glance toward the gracious Giver of the blessings which surround us. For the health and the vigor of body and mind. For the opportunity of living with those who love us. For the place of toil where we may lose ourselves in good service. For these and other blessings we ought to look toward the warmth and beauty of divine grace. Perhaps the ordinary job will take a radiant meaning and we shall enter into a fellowship of helpfulness with God if we would but turn our eyes upward. Would it not give every life a larger glory, if all the day long we are mindful of our kinship to deity? The day would come to wonderful climax as we walk in the cool of the evening, to report the good attempted in His Name. Let us ask God to walk with us to church. Let us keep our eyes fixed on Him just as the sunflower does.

largest number as 89. This was the fourth revival for the church during 1951 and was the greatest in the history of the church. From the very start the house was crowded with people and as the revival continued many stood throughout the service. On the closing night, with temperatures below freezing and snow covering the ground, the largest crowd ever to assemble in the auditorium was present to hear the Evangelist speak.

The music of the revival was an unusual feature as Curtis Messer led the great congregations in the crowded and jammed auditorium to spiritual heights as his wife, Ruth Messer, presided at the piano. One of the features of the music was going from one familiar old hymn to another and the duets by the couple that stirred the soul. Rev. Fields stated he had never before enjoyed such gospel music and spiritual blessings in song than he had from this splendid couple that are so talented in the art of music.

Garden Beautiful Club Hosts Annual Christmas Tea-Program

Garden Beautiful club entertained with a Christmas tea given in the home of Mrs. Gerald Wilson Friday afternoon. Special guests were invited for the Christmas program which completed the 1951 year's sessions.

Mrs. George Graham, president, welcomed the guests and read a Christmas poem and Mrs. B. E. Roberson led the group in singing of Christmas carols.

Mrs. Carl Perrin presented the program, reading "A Christmas

Letter", by Gertrude Hanson, which reveals the story of a Christmas in a Norwegian home. As Mrs. Perrin read the story, Mrs. Edward Roberson developed a Christmas scene as a table arrangement, depicting a little home nestled in the woods with Santa and his reindeer poised for flight. When the picture was completed, Mrs. Roberson sprayed the scene with snow mist which glistened realistically in
