MORE BOYS THAN GIRLS IN SCHOOLS

USUAL DOPE UPSET BY THE SCHOLASTIC CENSUS

55 BOYS AGED 7 Average Broken in Year 1915. Decrease From 1920

Statistics figure that the female portion of the world's population, especially since the World War, is rapidly increasing the male quota in point of numbers. In England the question of what to do with the surplus females has become a national question.

But figures on the scholastics in the Hereford Independent School District, just being completed by H. B. Webb, as field man, and County Judge Megett, upsets the dope bucket and shows that the boys still have the edge on the girls in this territory in point of numbers. The District is about four or five miles in extent but includes only the Hereford city schools. County rural school figures are not yet available.

The year 1915 was out of all proportion in the number of boy babies born in this district, according to these figures. For the average of boys by years since that time has been only slightly over twenty-five per year while in 1915 no less than fifty-five made their appearance. Make some psychologist can explain this phenomenon.

Scholastic figures obtained by Mr. Webb show that at present there are 55 boys of scholastic age of 7; 30 aged 8; 33 aged 9; 28 aged 10; 34 aged 11; 25 aged 12; 22 aged 13; 32 aged 14; 18 aged 15; 22 aged 16; 15 aged 17; total boys, 314. The girls show 32 aged 7; 30 aged 8; 28 aged 9; 34 aged 10; 27 aged 11; 28 aged 12; 34 aged 13; 24 aged 14; 33 aged 15; 21 aged 16; 13 aged 17; total girls, 304. Grand total, 618. This is a decrease of 21 from the preceding census.

A FRIENDLY CALL

Howdy, General! Come right in an' set awhile with us. I reckon you ain't anxious now, to stop another fuss—so, come on in an' have a cheer, an' pass the time of day. An' tell a feller what you know of happenin's, by the way.

I hobbles in days gone by, we need to call you "John"—you know. I'm half-way sorry that them good old days is gone! An' I ketch myself a-wishin' in spite of all yer fame, that there hadn't been no bloody war—an' John was still yer name.

Yes—he was mine. That fair-haired boy, with eyes of deepest blue. I reckon, General, he was mighty nigh as tall as you. I'm glad to hear ya say it, though I grieve about it some. He led a charge—at Argonne. John—I'm mighty glad you've come!

Uncle John.

LONE SOW HAS 75 PIGS IN ONLY 2 YEARS

STUDY IN HOG STATISTICS FINE FOR A DREAMER

What just one good sow can do in the way of reproduction of her kind and in adding to the family bank roll has been demonstrated by a registered Duroc Jersey owned by T. T. McDermott, one of Deaf Smith county's progressive farmers.

This sow is three years old and has borne no less than seventy-five pigs in the last two years. During her first year she brought in thirty and in the past eleven months forty-five. She has raised twenty-nine of the last forty-five pigs.

A man given to statistics can do some fancy castle-building with this sow as a ground-work for his figuring.

Night Watchman's Promptness Saves Hereford Hotel

Hereford's Night Watchman again demonstrated the value of such protection to the town Thursday morning, about one o'clock, when he saved the Hereford Hotel, formerly the old-Northern Hotel, from destruction by fire, practically unaided.

Mr. Baker was passing near the depot when he observed the flames through the windows of the upper story of the old frame building. He emptied a clip of cartridges into the night air as his first move, hurried into the depot and asked the night man to have central sound the alarm, and then woke up the hotel people.

The blaze had started in the toilet on the second floor of the building, on a shelf containing several bottles of medicine, disinfectants, etc., and the fire had burned through the wall and was just in the act of spreading upwards, after which nothing in the world could have saved the ancient structure. A few bucketfuls of water stopped the fire at that time where the contents of the city tanks would have availed nothing a few moments later.

The fire department was on the job immediately but were not really needed. Mr. Baker's timely work and prompt action had done the work. The origin of the fire is a mystery.

It is Lawful to Fish the Tierra Blanco, Provided You Obtain Owner's Consent, Says Official

It was all a mistake—that fishing story about local fishermen being prohibited from their favorite pastime during the month of April. Somebody "higher up" got their wires crossed and issued conflicting instructions to our local guardian of the fish and game, Andy Godwin.

When the story that fishing would not be allowed in April appeared C. A. Skelton took up the matter with his wholesalers and they told him the fishing laws of Texas did not prohibit the sport as stated. Mr. Godwin then asked for further instructions, and here's the reply from B. D. Garmon, Panhandle Deputy, which quotes a letter from the State Game, Fish and Oyster Commission of Texas, the court of last resort in such matters.

This ruling, as interpreted locally, means that the Tierra Blanco is an "open stream," not subject to the restrictions of public waters, and all you have to do is secure the consent of property owners and refrain from selling, dynamite, etc. Straight fishing with poles is allowed, it seems, where the land owner does not object.

So get out your tackle, fishermen, and go to it. Here's Mr. Garmon's letter to Mr. Godwin:

"Again referring to your letter of recent date with reference to the fish laws, will say that I have taken this up with Mr. Boyd and I am quoting his letter below with reference to same as it applies to this part of the state.

"It seems from his letter that all of your waters are considered private waters, and unless you people would like them made public waters you streams would come under private-owned water, wherein you can prohibit fishing at all times of the year unless parties obtain consent of the owners.

"You will note that with the exceptions of poisoning and dynamiting and the sale of fish, that with the consent of owners fish can be taken from the waters at any time of the year, but if I owned fish waters, I don't think that I would allow them to be fished in during the months of March and April, ac-

count of this being the spawning season, which if allowed, will decrease the fish in the waters.

"I am of the opinion that this should be extended to include the month of May or at least the first half, in this District, as the fish do not begin to spawn until the waters become warm.

"Replying to your letter of recent date, will say that our fish laws, with the exception of poisoning and dynamiting and the sale of fish, apply only to the public streams of this state.

"On looking at our records we find the only public stream in your section of the state are the Canadian River in Potter, Hutchinson and Roberts Counties, and the Red river in Hall and Childress Counties.

"In the public waters of this state, it is unlawful to take fish with a net, seine, or with artificial-bait during the months of March and April. It is unlawful to take fish with a net or seine in private waters at any time of the year provided the consent of the owner of such water has been obtained.

"Signed, W. W. Boyd, Com'r."

"If you cared to, you might ask your local paper to publish this in his paper. "Any time that I can aid you in any way call on me."

Long Hits Decide Game Thursday With Summerfield

Hereford again took the Summerfield ball squad to a cleaning in a snappy game at Hereford Thursday afternoon. Score, 12 to 10. Ceell Lookinbill of Summerfield, whiffed ten men to Robinson's five, and the visitors outthit the locals, but timely swats and lousy extra-base hits when they counted tell the tale of victory. Hartson hit a homer with the sacks occupied in the second and London cleaned them again in the eighth with a triple. A visiting rally was cut short in the ninth by a lightning double play, Alban to Alban to London.

Score by innings: Summerfield—6 0 0 0 0 1 3 0—10 9 7 Hereford 1 4 0 0 0 4 3 x—12 7 9 Batteries: Summerfield, Ceell Lookinbill and Craig; Hereford: Robinson and Morris. Umpire, Red Smith. The lineup: Summerfield—Cannon, ss; Lloyd Lookinbill, cf; Stanley, 3b; Johnson, lb; Ceell Lookinbill, p; Lawhorn, 2b; Loys Lookinbill, rf; Hawkins, lf; Craig, c. Hereford: London, 1b; Carter, cf; Curtisinger, ss; Robinson, p; R. Alban, 2b; C. Alban, 3b; Morris, c; Bailey, rf; Hartson, lf.

SCHOOL FAIR OPENED WITH LARGE CROWD

PARADE FEATURES THE FIRST DAY LOCAL EXHIBITS

DISPLAYS AMAZE

Completeness and Beauty Of Booths Astonish The Visitors

Deaf Smith county's Second School Fair opened Friday morning and will continue through Saturday. Crowds thronged the basement of the courthouse all day long, marveling at the comprehensive and beautiful booth displays of the various rural schools and city grades. The commodious basement is chock full of splendid samples of the effectiveness of the school work of the county, tastefully arranged and decorated in colors. Many out of town visitors attended the Fair Friday and were sympathetic in their surprise and admiration of the displays.

At 1:30 o'clock Friday a big parade was watched on Main street by thronged sidewalks. The Hereford Band led two floats, followed by an apparently endless line of small folks. A program as rendered at the intersection of Main and Third streets. Afterwards the program already given in these columns was taken up at the courthouse, the principle speaker being President J. A. Hill, of the West Texas State Normal.

The Fair is a dandy and worthy the patronage and examination of every citizen of Deaf Smith county. A detailed account will be given in Tuesday's Brand.

WATCH YOUR STEP

This wireless business has set the world to wondering if, after all, the judgment day may not be more embarrassing than anyone may think. Imagine what will happen if all the conversation of the world now stored in the air is tabulated, checked up and made a matter of public record. Oh, boy! Waves of force once started never cease. Even the whisper in the secret closet makes an imprint lasting perhaps into eternity. In short, we have just learned we cannot keep a conversation really secret, though we may do so for a little time. Perhaps the waves of thought are recorded, too. It may be best to watch our step and talk right and think right, after all. The writing already is on the wall for the slanderer and the mental crook.

DIMMITT SOCIETY

Purples Entertain the Blues
During the recent revival services, conducted by Rev. Lindley and Rev. Fort, there was a contest among the young people to help get better attendance at the services.

Captains were chosen for each side, with the understanding that the winning side was to be entertained by the losers.

Miss Mildred Woodlee and Joe Hastings were chosen captains for one side and chose the blue ribbon for their color. Miss Tennie Hastings and Joe Howard were chosen captains for the other side and chose purple as their color.

There was a lively contest between the sides all during the meeting and it helped make the attendance much better, but the blues were victorious and it fell to the purples to entertain which they did at the home of Mr. and Mrs. R. R. Glibreath Thursday evening March 30th, in the most pleasing way—with lots of cake, fruit salad and chocolate and a fine program of contests, singing and music.

All departed at a late hour expressing themselves as having a most enjoyable time and hoping it would fall to the purples to entertain again sometime.

After the devotional service, Mrs. Mayes Miller, President of the Society, and Mrs. R. R. Glibreath, Vice-president, with the aid of Mrs. Stegall, conducted the business meeting.

Some good songs and prayers were rendered throughout the afternoon, which was appropriate for the occasion.

So many of our Sunday School were sick and absent last Sunday that it was decided to postpone the awarding of the prize offered at the beginning of the quarter for the one who could most readily give the topics and golden texts of the lessons for the quarter just finished, until Sunday, April 9, so as to give all a fair chance in the contest.

Bro. Beavers filed his regular appointment on first Sunday and gave us points to study over. Subject, "Holy Ground," or in other words, "Are we filling God's purpose in our lives?"

Much volunteer winter wheat is coming up since we have had moisture, but not much hopes of it making any wheat without heavy frosting soon.

The rain Sunday night was splendid. About one inch fell, and so gently it was all absorbed and the grass begins to show up nicely, and we are thankful.

BETHEL

A splendid rain fell in the Bethel community Sunday night. The cloud moved from the west in the early part of the evening. Heavy thunder and lightning accompanied the rain. This moisture will bring up the newly sown grain and aid the fall sown crops wonderfully.

We regret to lose the outgoing member, but welcome the new one.

Mrs. J. T. Smith received a shipment of pure bred White Leghorn chicks last week. This is only an addition to her already standard flock. She has a 150 egg incubator busy and she also expects another delivery of chicks about the middle of April. Mrs. Smith is making her poultry business pay.

There were 38 members of our Sunday School present Sunday—a 61 per cent community. The offering was very good and lessons had been studied. It is expected that Easter Sunday will be a rally day with a good collection of both money and people.

SUMMERFIELD

Farmers are happy over the fine rain which fell slowly, but continually, for nearly three hours Sunday night. It will be of untold value to the spring wheat which is just getting up. There are quite a number who have sown both wheat and oats.

Otto Smith and family, also Miss Harris of Paladuro, spent Saturday night and Sunday with Mr. Smith's sister, Mrs. Hubert Odell, and attended Church and Sunday School at Summerfield Sunday morning.

J. E. Roberson motored to Canyon Saturday to visit with his family who are there for the benefit of school. Mrs. Roberson accompanied him home Sunday and visited her daughter, Mrs. George Storey and family, also her father, W. P. McMinn.

Saturday being regular time for election of school trustees, the voters quietly made their way to the polls and voted, Mr. Cannon being selected to serve the coming year.

The prayer meeting and choir practice was well attended Wednesday night. Scripture read and commented on was Psalms 1, by W. J. McMinn, with a goodly number quoting favorite passages. Will meet each Wednesday night. Come, those who love to sing and pray. We welcome you all.

Miss Turner, of Dimmitt, who is teaching the Odell school this term, spent Saturday night with at the home of Mr. Odell and attended church at Summerfield. Glad to have you come again.

A large number of Summerfield people went in to Hereford Baptist Church at 3:30 Sunday for a baptismal service, using their baptistry as there was not a suitable place near Summerfield for the ordinance. Mrs. Charlie Waiser was the candidate for baptism.

Mr. and Mrs. Earl Laise and Mr. and Mrs. Joe Kedall were dinner guests of Mr. and Mrs. E. C. Roberson Sunday.

Mrs. Jessie McMinn's home rang with the happy voices of her Sunday School class of intermediate boys and girls Friday night. The only regret was that not all of them were there. They almost stayed to welcome April Fools' Day, the only reason being that a number of the parents had accompanied them and the fact that April Fool has no charm for them.

Mrs. Jacobs, of the Rice neighborhood, has been seriously ill with pneumonia, but is much better now, for which we are glad. She is the mother of Frank Jacobs and is in his home.

Summerfield teachers are getting their pupils ready to make a good showing at the School Fair to be held in Hereford Friday and Saturday.

The Castro County Singing Convention, which met at Summerfield March 26, was very inspiring and helpful. Many visitors were present from the following places: Arney—the President of the Convention, Mr. Taylor, and

family, who rendered some good music; also the school professor and wife and others; Dimmitt—Mr. and Mrs. Turner, Judge Woodlee and family, with other music lovers of their town; a number from Sunnyside, Cleo, Jumbo, Frio and Hereford; also a goodly number from Farwell and the Curry Co. Convention in New Mexico, among those being a splendid male quartet composed of the Welsh Brothers, Mr. Taylor and Mr. Landsford. We know everyone enjoyed and was inspired by their singing, as well as many of the other classes over the county. Bro. Lindley, Associational Missionary, who was on his way to Bovina to teach a mission study class, was also present and gave the welcome address, as only one could who had lived among the people of Summerfield as pastor for four years.

Mr. Lookingbill and family and Mr. Odell spent Sunday afternoon with J. A. Nolan.

G. J. New and Fate Waiser had a crew building new windmill towers, each putting up a new Dempster mill.

B. A. Atchley made a business trip to Hereford Tuesday.

Many hearts were made sad when it was learned that our splendid young men of Hereford and Summerfield had matched a baseball game at Summerfield Sunday evening. We rejoice to know of them having a good ball game, but not on Sunday.

Miss Lillian Johnson, of Black, spent the week end with Miss Truda Garrison.

FRIO

We had our first real rain on last Sunday night, April 5. Several light rains and snows that came along about the first of March put the ground in fine shape for plowing and our farmers were making good use of it by preparing for another crop, but the moisture was not sufficient to do the grass very much good. However, with the late rains of about 2 inches of moisture, our grass, gardens and early planting ought to come along nicely.

The Castro County Singing Convention, which held its first session for 1922 at Summerfield Sunday, March 26, was well attended by the Castro Co. singers and visitors from other places. The talks made by our President, S. J. Taylor, were good. Also the address of welcome delivered by Bro. J. A. Lindley was greatly enjoyed by the writer and I am sure all others present. And those two beautiful, uplifting, soul-inspiring quartets sang by Professors J. F. Taylor, Williams, Lundford and Welsh of Eastern New Mexico, just before noon, were simply great and make one wish

he could attend every convention within one hundred miles of him. I want those people to make a special effort to attend the meeting at Frio the fourth Sunday in May, 1922. I say the dinner was fine, would be praiseworthy if very mild. The crowd was big, but the dinner was bigger.

H. Babb, of Atchison, Kans., was Castro County, the first of the week looking after some cattle he has and visiting old friends.

Miss Della Stagner of this community is sick this week with pneumonia.

C. W. Dixon, of Rhea, while traveling business in Hereford the first of the week, came out and spent the night with his parents, W. S. Dixon and wife.

Robt. Knox has the best wheat prospect the writer has seen in Frio community. He is also breaking more Hurrah for Bob.

Not at all. No mystery as to the appearance of your suit after we clean and press it. Our work is guaranteed. It has always been satisfactory.

**BUILDING
CREDIT**

When you borrow money from a bank you give a note which is your promise to return the money at maturity. If you do not make payment as agreed and fail to advise your banker why you cannot, you have not kept your promise, and quite likely disappointed your banker friend.

The man who promptly meets his maturing obligations, or explains why he cannot, is not only showing a proper regard for his "Promise" but is building himself additional credit. One who does otherwise is destroying what credit he has.
