Around Town

Jane Welch, daughter of Mr. and Mrs. Fred Welch, was some for a few days last week. Jane is a student at Hardin-Simmons university, Abilene, where she will be a senior next fall. Mr. and Mrs. Welch, Jane, and Wendell went to Abilene Saturday and attended baccalaureate on Sunday, from there they went on to south Texas for a short vacation. Jane will work with the Invincibles, under the Baptist Sunday school, this summer in Fisher and Sweetwater Associations. The Invincibles is an organization of seventy college students of Texas who organize and teach Vacation Bible schools and teach and study courses all over Texas.

Howard Gault gave a report on the Lions El Paso convention at the regular meeting of the Hereford Lions club Wednesday. The group voted to let youth organizations handle the concessions at the Lions club wrestling matches each Saturday night. The board of directors will decide which youth organizations will be in charge each week.

Robert Thompson was in charge of the program at the regular Jaycee meeting Tuesday night. He showed colored slides of the 1951 Pioneer Day celebration. The group decided to (Continued on Page 2)

Rev. T. E. Neal New Pastor At First Methodist

Rev. T. Edgar Neal of Levelland is the new pastor of the First Methodist church of Hereford. He will take the place of Rev. Don R. Davidson, who takes Neal's former assignment at Levelland.

Rev. Neal's appointment was announced at the annual conference last week. Rev. Eugene Naulie was named to continue as assistant here.

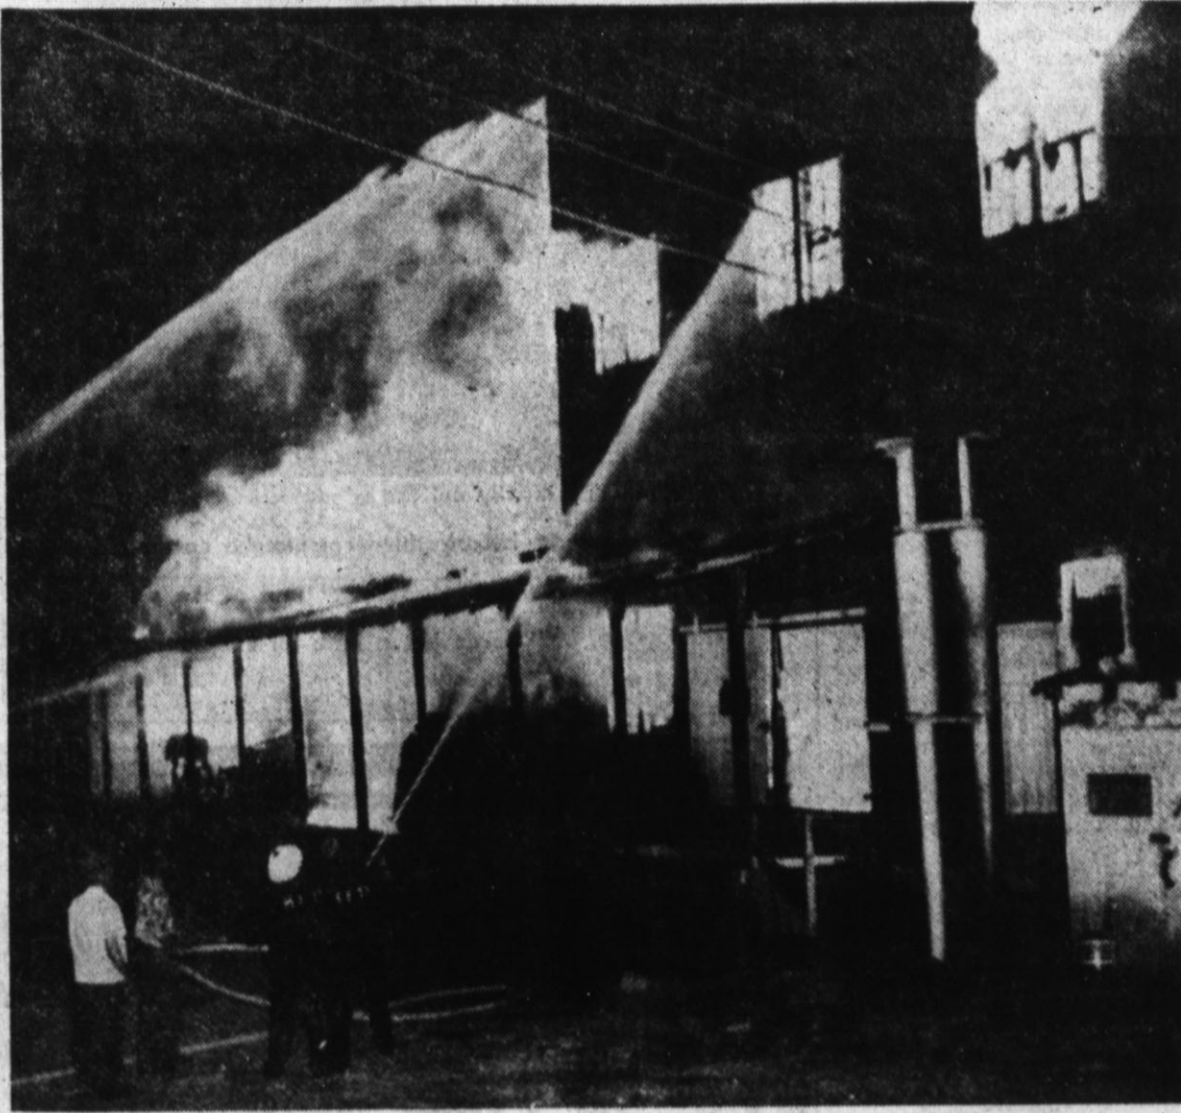

The new pastor was at Levelland for two years before being assigned the Hereford church.

Rev. Neal was at the First Methodist church in Temple for four years; at the First church in Corsicana for four years and he served at the Arlington Heights church in Fort Worth for four years.

He also served at the San Jacinto church in Amarillo for five years. While he was in Amarillo the educational buildings of the San Jacinto church were built.

Rev. Neal was secretary of the Minimum Salary commission in the Central Texas conference and has been president of the board of Missions for four years. He is the newly elected Conference Missionary secretary.

Don Davidson has been in Hereford for four years. The Davidsons left Wednesday for their new post at Levelland.

A WEIRD SCENE is presented by the flame-encompassed Fraser flour mill in this photo taken during the height of the blaze there Monday night. Firemen were vainly pouring streams of water from nine hoses into the fire-ravaged structure, which collapsed about 10 minutes after this picture was taken. Brand and Bill Patton Photo.

10-Day Revival Here At Avenue Baptist Church

Rev. L. B. Edwards, pastor of the Seth Ward Baptist church of Plainview, will lead the 10-day revival at the Avenue Baptist church. The revival will open Friday night, June 6 at 8 p.m.

Milford Grisham will lead the singing.

Services during the revival will be held at 8 p.m. each evening. There will also be morning services but the time has not been announced for the morning services.

The revival will continue through June 15.

Jurors Called Not Used In DWI Cases Tuesday

Two DWI cases, slated for jury trial in county court on Monday, June 2, were disposed of at a hearing in County Judge Leonard Foster's chambers when Mike Huckert and Allen Medlin both pleaded guilty.

Jurors were notified to report for duty on June 2, then notified to postpone their duty to June 3. In the meantime, however, both Medlin and Huckert pled guilty.

Judge Foster fined Huckert \$100 and \$29.30 court costs. Medlin also was given a \$100 fine, assessed \$29.30 in costs.

In another DWI charge filed on June 3, Fred E. Cautrell pled guilty on Tuesday to an offense which occurred on June 2.

He was fined \$200 and costs of \$29.50.

Buck Morris, who was fined \$150 and costs on a DWI case April 29, paid out the remainder of his fine on June 2. He had laid out six days at \$3 per day and paid \$161.39 in cash on Monday.

"Good Neighbor" Winner June 8

The winner of The Brand's Good Neighbor contest will be announced on Sunday, June 8.

There are 29 area people who have been nominated for the contest, which closed June 1.

The winning family will be given an expense free vacation to the Drowsy Water ranch at Granby, Colo. during the week of June 15-21.

A 1952 Buick will be provided the family by Earl Hendricks for the trip to the ranch.

Judging of the contestants is being done this week.

The families who have been nominated in the contest are: the Bob Wilsons, the Nolie Ellistons, the Emmet Days, the U. V. Pierces, the Robert Lemons, the Matt Gillilands, the S. J. Barclays, the L. L. Nortons, the Ralph Smiths, the Roy Lillies, the W. Waters, Mrs. J. P. Slaton, the T. J. Presleys, the Joe G. Evans, the Harold Carpenters, the Sank Rameys, Rev. (Bud) Curtsingars, Mr. and Mrs. Glen Nelson, Mrs. Reber Howton, the Carl Wimberleys, Mr. and Mrs. Walter London Sr., the E. L. Stranges.

Mrs. Ettie Mathis visited last week in the home of Mr. and Mrs. Douglas Edwards of Wichita Falls. She also visited the Elmer Gollehons in Colorado.

Estimate Fraser Blaze Loss As Over \$150,000

A raging fire—out of control by the time it was discovered around 10:45 p. m. Monday night—completely gutted a feed mill, flour mill and a 48x150-foot Quonset-type warehouse at the Fraser Milling company.

Damage from the blaze, one of Hereford's most costly in recent years—was estimated unofficially at about \$150,000 by Fire Chief Earl Phillips.

Cause of the blaze, which was believed to have originated in the small warehouse adjoining the five-story flour mill on the west, was not determined as of Wednesday afternoon.

Lost in the blaze were the flour mill, which had a 500 barrel-per-day capacity, a feed mill with a 50-ton capacity which had been operating night and day recently, the small adjoining warehouse where the fire was believed to have started, and the large warehouse.

All machinery in the structures was lost as well as the power plant for the flour mill, which consisted of two natural gas-powered engines.

All seed stored in the warehouse was damaged—possibly 600 to 800 bags of grain sorghums, valued at from \$6.50 to \$8 per bag; from \$7000 to \$8000 worth of feed concentrate; and about \$9000 worth of empty bags.

Four hundred bags of seed were put into the warehouse a few days before the blaze.

The feed mill was 40x50-feet, the big warehouse was 48x150-feet, and the five-story flour mill was 36x48 feet. All were frame iron-clad buildings.

In addition to the Hereford fire department—26 men strong—the Dimmitt, Friona and Canyon fire departments were also on hand to help.

The Hereford fire department stayed until 6:45 watching the blaze and cleaning up their equipment after their all-night vigil and fight.

Dimmitt's volunteers arrived at 11:45 p. m. and Friona's squad came about five minutes later. The Dimmitt crew left at 4 a. m. and Friona left at 3:45.

The flour mill was used previous to 1949 for milling Fraser's Sunny Boy flour. The mill was currently used to roll milo. It had not been in operation Monday but plans were to use it on Tuesday.

Alton Fraser, owner of the property, said he couldn't estimate his loss. Auditors were working on the figures Wednesday in an effort to determine the monetary loss.

Replacement of the units burned would call for a "size-

able figure," Fraser said. He estimated it as well over \$200,000. He carried partial insurance on the machinery and buildings, but had none on the stock.

Fraser told The Brand that the flour mill was built in 1939 when labor was 30¢ per hour and materials were about 25% of what they are today.

He is undecided on his plans for rebuilding the units. He does hope to rebuild the feed mill, however, and will erect a new warehouse.

The blaze was discovered shortly before the alarm was actually turned in. Chief Phillips said Mrs. Travis Caraway called in to the fire department and reported smelling smoke and said there must be a fire somewhere.

Someone going down the highway reported to Night-watchman Emmett West that there was a fire, which was first discovered in the vicinity of the small warehouse just west of the flour mill.

Mrs. West called the alarm to the fire department.

When the firemen arrived, the fire had a raging head start, and efforts to control the blaze were futile. The fire spread with feverish speed and fire-fighters were powerless to check it.

Fireman Ogle Riddle ran up to the door of the large warehouse and opened the door so they could fight the blaze.

Shortly after the firemen started pouring water into the structure, the first of a series of four explosions tore loose. Bill Howard, who was up near the blaze training one of the

nine hoses on the fire, was jarred by the blast and completely enveloped by flame for an instant. He lost both his shoes in the scuffle to get back to safety.

Another fireman—George Jowell—escaped injury when the flour mill collapsed about 20 minutes after firemen arrived on the scene. Jowell, who was standing near the inferno, was nearly struck by debris as the building toppled and settled within the foundation.

It wasn't too long before the warehouse roof collapsed and that was followed by the mushrooming of the feed mill.

Two supply tanks adjoining the flour mill—each with a 3,000 gallon capacity—were ruined, Fraser said.

None of the stored grain—which was fully insured—was damaged, Fraser told the Brand.

Fraser said Doc Loder, plant superintendent, went through all the buildings just before closing up at 6 p. m., and everything was all right then.

Fire Chief Phillips said the blaze evidently had been "simmering" for some time before it was ever discovered. He estimated that the actual fire had probably started in the evening, quite some time before the fire was reported.

When firemen arrived the insides of the buildings were on fire and those not yet burning caught fire rapidly as the flames licked through the long series of adjoining units.

Fraser, commenting on his rebuilding plans Wednesday morning, said: "Anything we put up

Saturday's rodeo events weren't all finished when the rainstorm halted proceedings. When the rains came Sunday, the events were completed and the prize winners paid off.

Home Rule Vote During Month Of July Seen

Hereford voters will be given the opportunity soon—probably during the month of July—to express their desires at the polls in regard to the Home Rule form of government.

Ray Cowsert, city attorney, is in charge of the drafting committee to draw up the proposed charter for presentation to the full 15-member committee and eventually to the voters of the community.

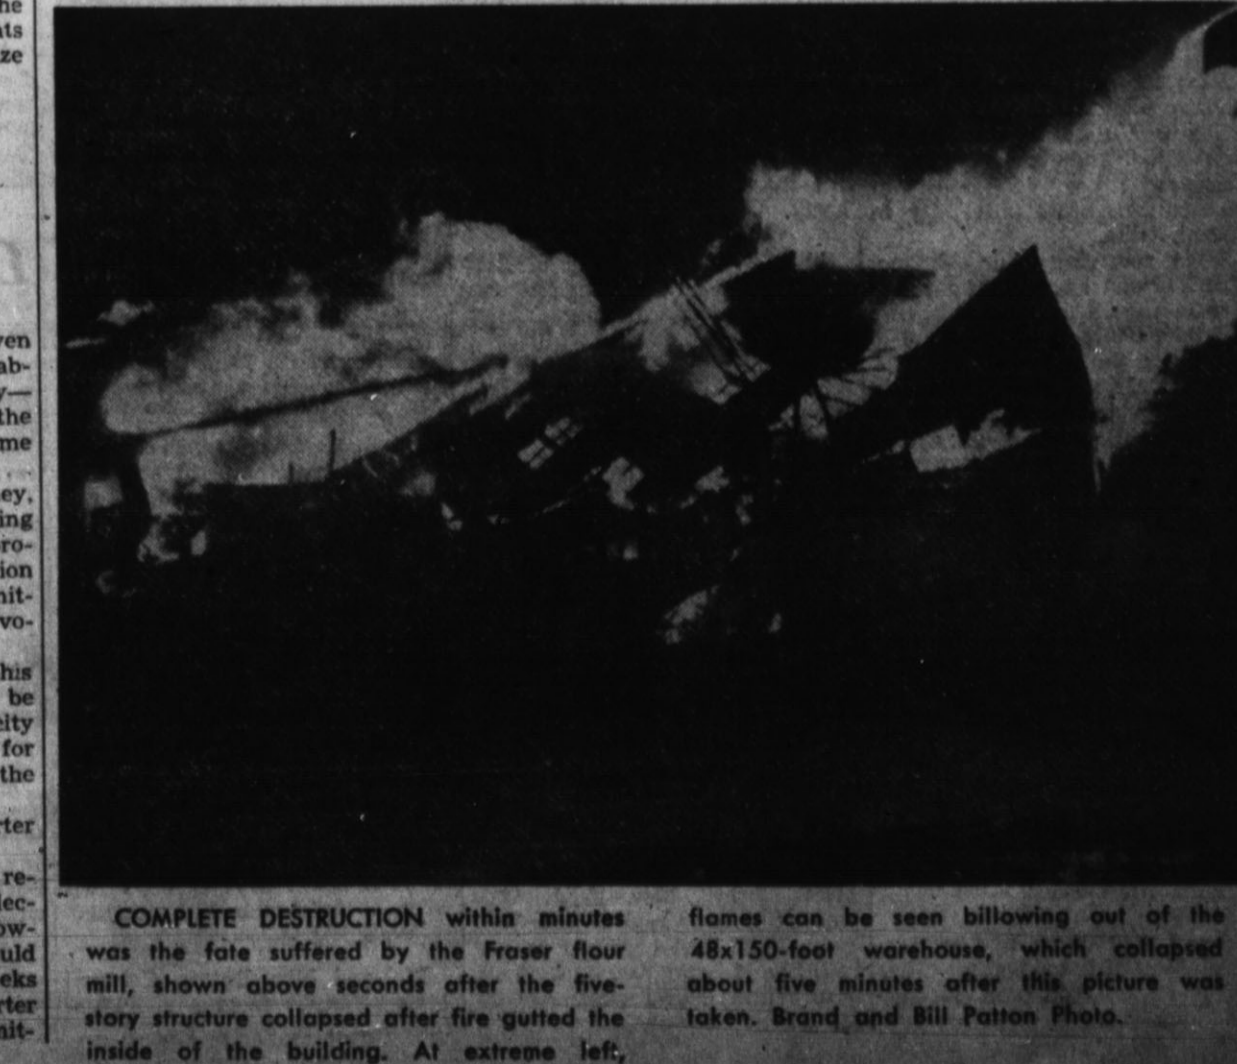

Cowsert told The Brand this week that a meeting will be held Friday night at the city hall starting at 8 p. m. for submitting the charter to the full committee.

Any revisions to the charter will be made at that time.

Speaking unofficially in regards to the date of the election by the city's voters, Cowsert said that the voters would get the issue about two weeks after approval of the charter by the citizen-appointed committee.

FLAMES CREEP up the side of the Fraser flour mill shortly after the firemen arrived on the scene Monday night. The fire spread so rapidly and was so far along when the alarm was turned in that they had no hope of being able to do anything but prevent it from spreading. Brand and Bill Patton Photo.

COMPLETE DESTRUCTION within minutes was the fate suffered by the Fraser flour mill, shown above seconds after the five-story structure collapsed after fire gutted the inside of the building. At extreme left, flames can be seen billowing out of the 48x150-foot warehouse, which collapsed about five minutes after this picture was taken. Brand and Bill Patton Photo.

A DRAMATIC PORTRAIT of hopelessness is reproduced above as two of Hereford's volunteer firemen silhouette themselves against the glaring flames from the Fraser flour mill fire Monday night. This picture was taken in the north side of the mill. Flames spew out across the Santa Fe railroad tracks as the firemen prepare to train their lone hose against the fury of the blaze. IKE SUPPORTERS. Supporters of General Eisenhower wave their signs as they stage a demonstration in the lobby of the Baker Hotel in Mineral Wells, Texas, preliminary to the Republican State Convention to select delegates to the national party convention in Chicago. The State Republican Executive

Committee voted to seat pro-Taft delegations and the Eisenhower people threatened to walk-out of the convention and hold a convention of their own. Such action would mean rival delegations from Texas at the Republican national convention. AP Wirephoto.

Frosting Window Glass

Frost the glass of a window as follows: Dissolve 6 ounces of Epsom salts in about 20 ounces of warm water. To this add 2 ounces of white dextrin, which will act as an adhesive when the mixture is applied to the glass. The salts will crystallize into a covering similar to hoar frost.

Gold Chains

Put the gold chain into a small glass bottle with warm water, some pulverized chalk, and a little grated Castile soap. Cork the bottle and shake vigorously. Rinse in cold water and the polish will be surprising.

Apple Pie

When apple pie is two-thirds baked, sprinkle some grated cheese over the top, and this will add much to the flavor of the pie.

Liquid Toilet Soap

For a sensitive or oily skin, use the following solution: Mix and bottle four quarts of rain water, four ounces of borax, four ounces of baking soda, and two ounces of ammonia; shake before using. This will be found an excellent toilet soap.

Soup Garnish

An excellent garnish for creamed soups is hard-boiled eggs grated across the surface of the soup.

Prevent Yellowing

Sodium bicarbonate in the rinsing water when washing white silks will prevent them from turning yellow.

Paint Brushes

Brushes on which paint has been allowed to harden often prove difficult to clean. Heat vinegar to the boiling point and soak the brushes for twenty minutes. Then boil gently in strong soapuds for a few minutes. The brushes will be like new.

Invisible Hems

If you don't want the new hem to show, place a turkish towel over the ironing board, and iron on the wrong side of the hem. This will make the hem practically invisible.

Season Sparingly

It is wise to season sparingly. Everyone's taste is different when it comes to salt and pepper and more can be added readily by the individual.

Cleaning Glass

A tablespoon of kerosene added to a kettle of very hot water will make mirrors and glass on

pictures shine bright and clear. Apply with a cloth wet in the water and wrung fairly dry. Wipe dry with another cloth. This is a simple but most effective method.

H. M. Benefields Honored Guests At Church Event

When the little Methodist church at Port, Okla., was being built 45 years ago, Mr. and Mrs. H. M. Benefield of Hereford had a big part in its construction. Last Sunday they were honored guests at home-coming day at the church, with friends from miles around gathering for special services and a basket dinner spread picnic fashion on the church lawn.

Rev. Luther Davis of Sayre, who was pastor of the little church 30 years ago, preached the sermon.

The little church served its community just like it was built until a year ago when it was remodeled and added to in order to accommodate the congregation.

"It's remarkable how much you can remember about things that happen so long ago. I remember every load of lumber that was hauled, in fact my teams did most of the hauling," Benefield recalled.

"It was a wonderful experience to go back and see those people we had worked with so long," she said, "I didn't know there were that many left."

Many, like the Benefields, had moved away and they were there from Oklahoma City, Sentinel, Cordell, Hobart and Mineral Wells, Texas.

His sister, Mrs. Mattie Stillwell of Hobart, and her daughter and family and son and his family met them there. Late in the afternoon they visited in the vicinity of his parents old home place.

The Benefields lived in that community 31 years before moving to Hereford in 1920. Here they have also been active in the work of the Methodist church.

They were accompanied to the homecoming Sunday by their sons, Lee and Mark and their wives.

Reception Honors Davidson Family

Rev. and Mrs. Don Davidson and family were honored at a church wide reception held at the Methodist church Sunday evening.

The informal get-together was in the form of a farewell event for the Davidsons, who will move this week to Levelland, where he has been assigned as pastor at the annual Northwest Texas Conference held in Lubbock last week.

Sponsored by the Woman's Society of Christian Service, committees included Mrs. T. M. Seigler, chairman of church activities, assisted by Mrs. Jim Black and Mrs. J. O. Newell. Other committees were headed by Mrs. Ed Warren and Mrs. E. W. Hobson. W. J. Stanford presented the gift to the pastor and his family, which was a lovely silver coffee service.

Peonies and sock were used as a center piece for the refreshment table and informal talks were made. Rev. Davidson expressed his appreciation of the church during his four years of service here and recommended T. Edgar Neal, former pastor of Levelland Methodist Church, to the large group assembled, as a man of ability with a fine record of achievement in his past work in the church.

Wheat Harvest Opening Seen In Late June

Harvesting operations on about 150,000 acres of wheat in Deaf Smith county is expected to get underway the latter part of the month—probably around June 25.

The county's crop is reported to be spotty, with no particular area having the edge on fine fields. Some wheat is good, some bad and some is "sorry," one observer told The Brand.

A crop statistician was in the county last week and indicated it would be hard to make an overall estimate of the crop due to the spottiness of the stands.

Some yields are expected, however, on both dry-land and on irrigated fields. The western part of the county is pretty well blown out, though.

Of an estimated quarter-million acres planted to wheat in the county, about 150,000 acres withstood the drought, wind and hail.

YO-YO CONTESTANTS at the Pioneer Day activities last week-end are shown above. Winners of the contest were: Dale Dickson, first; Donald Renfro, second; and Phyllis Goetsch, third. Alex Thompson Photo.

Wayne Thomas Called To Army Duty July 10

Wayne Thomas, 24-year-old attorney, has received a commission as a 1st Lt. in the Judge Advocate General's office with the Air Force and will report for active duty July 10 at Maxwell Field, Ala.

At Maxwell Field—the Air University—Thomas will take a 10-week course in JAG work. Following this, he will report to his first station, Scott Field, Bellevue, Ill.

Thomas graduated from the University of Texas law school with an LLD on January 31, 1951. He graduated from West Texas at Canyon with a BA in 1947. He was third high in the state when he took his bar examination on March 6, 1951.

Thomas was a note editor for the Texas Law Review. He graduated from the U of Texas with honors and was made a member of the Order of the Coif—most outstanding scholastic honor for law students in the nation.

The son of Mr. and Mrs. Zerrill Thomas, Eads, Colo.—former Hereford residents—Thomas has been a member of the James W. Witherspoon law firm since March 15, 1951.

Mrs. Thomas is the daughter of Mr. and Mrs. R. A. Hodges of Canyon.

Thomas' tour of duty is for an indefinite period.

Survey Work On Adrian Road To Be Done Soon

Survey work will begin in about a month on the 5.3 mile Farm-to-Market road extension authorized by the State Highway Department on the "Adrian" road.
The 5.3 miles, which will be Deaf Smith county's 1952 allotment of F-M work, runs north from the east-west leg of the Bootleg F-M road. The road is 14 miles west of Highway 51.

KARL LOVELADY ANNOUNCES FOR REPRESENTATIVE FROM 96th LEGISLATIVE DISTRICT

I take this means of officially announcing for the office of State Representative, from the 96th Legislative District of Texas, comprising Lamb, Bailey, Castro, and Deaf Smith counties.

In asking the people of this district to elect me to this office, it is with a full realization that the people of this district should have the best representation possible from the person they send to Austin. With this in mind I would like to review my background for you so that you as the voter may arrive at whether I am qualified to serve you.

I am married and have one daughter 11 months of age. Am engaged in the practice of law at Muleshoe in Bailey County. Have been living in the district for three years and before that was assistant city attorney at Lubbock, Texas. Before coming to West Texas, I represented the 21st Senatorial District in the State Senate for four years and before that was County Judge of Bosque County for four years.

While a member of the State Senate I was Chairman of the Committee on Education, and worked for the betterment of our school system. I also worked for more aid to Old Age Assistance, more money for rural roads, and a betterment of our State Institutions.

While County Judge of Bosque County, I served as Secretary-Treasurer of the County Judges and Commissioners Association of Texas, and was also a member of the National Association of County Officials.

I have always worked for soil conservation and will continue to do so if elected by you to the Legislature. This includes the conservation of our water supply; but believe that we should retain control on the local level.

Have never been in favor of high taxes and do not propose to change at this time, and believe that through economy all of our state needs can be met, and would not favor any additional taxes.

I trust that you will consider my qualifications for the job, and I invite any voter of the district to look into my past legislative record to see if I didn't vote for the best interest of the people.

I am not a man with a great deal of money, and have to work every day to support myself and family, and if I am unable to see you personally before the election, I trust that you will consider this announcement a personal invitation for your support and influence. I assure you however, that if you see your way clear to elect me that I will do my best to represent the will of the majority of the people in the district, and will not be negligent in my duty to you.

More 'Good Neighbor' Nominations Are Received

Final nominations for The Brand's "Good Neighbor" contest have come in and the number of contestant families now stands at 29.

Nominations which have not previously appeared in the Brand follow:

E. L. Strange Family
The E. L. Strange family, which has been nominated by Mr. and Mrs. W. N. Hodges, Vina Edmonson, Mr. and Mrs. J. A. Roe, Mr. and Mrs. Fred Long, Mr. and Mrs. A. A. Hare, Mr. and Mrs. Ed Warren, Mrs. and Mrs. Norbert Skypala and Mr. and Mrs. Fred Welch as "Good Neighbors", live northwest of Hereford. They have lived in this area for about eight years.

Their letter of nomination says, "We, the undersigned, feel that the E. L. Strange family is the best neighbor family of this area. They are the type of people who in a hundred ways show their neighborliness. They are the day-to-day, week-to-week, year in year out people we can always know are our neighbors -- ever ready to lend a smile or helping hand. Mrs. Strange and George are practically confined to their home, but it is surprising to learn of the dozens of ways in which they show their love and unselfishness toward others. Mr. Strange is ever watchful of a neighbor who is in need of help -- in doctoring a sick calf, re-

forcing a broken irrigation ditch, fixing a fence, repairing our party-line telephone, lending garden tools, caring for our stock while we are off on short vacations, visiting the sick, and in helping with other innumerable tasks -- all these services Mr. Strange renders cheerfully and would feel insulted if he were offered pay.

"We nominate Mr. and Mrs. Strange and George as our best neighbors."

Mr. and Mrs. Walter London
Mr. and Mrs. Walter London Sr. have been nominated as good neighbors by their daughter-in-law, Mrs. Walter London Jr.

The daughter-in-law has this to say about the Londons: "If the attributes of a 'good neighbor' are kindness, sincerity, complete unselfishness; then the title surely belongs to my father-in-law and mother-in-law, Mr. and Mrs. Walter London Sr. They are not simply 'good neighbors' they are 'good christian neighbors'. They have been faithful church members, and more important to the community, have established a christian home in which they have given their children every advantage possible, but what-

MR. AND MRS. W. H. LONDON are another of the "Good Neighbor" nominees. They were nominated by their daughter-in-law, Mrs. W. H. London Jr. Staff Photo.

ever sacrifice necessary and instilled in them a sense of values which is all too rare in young people today. It is a real joy to be in their home for they offer a hospitality that is so sincere and warm, a visitor is made to feel as much at ease as in his own home. Through their years alone they have been a haven for anyone who needed it. It has been a "home in town" for their children's friends who lived in the country and who, except for the generosity of the Londons, could not have been on the football team or in the glee club or some other extracurricular activities because their parents were away; and for the parents who for any reason needed a "headquarters in town."

"It is often said that it is easy to be nice to one's friends but very hard to be nice to one's relatives. Not so in their case! Big

family dinners have been a wonderful happy occasion for the ones lucky enough to be invited or to have just dropped in. When they were living in the country they made it possible for their brothers and sisters children to have summer vacations in the country once keeping a nephew their home has been a haven for anyone who needed it. It has been a "home in town" for their children's friends who lived in the country and who, except for the generosity of the Londons, could not have been on the football team or in the glee club or some other extracurricular activities because their parents were away; and for the parents who for any reason needed a "headquarters in town."

IT WAS HOT, plenty hot, at the fire Monday night. For proof, notice here one of the firemen has to hold a coat up in front of a fellow volunteer to protect him from the heat of the inferno. Brand and Bill Patton Photo.

IT DIDN'T TAKE long for the flames which ravaged the Fraser flour mill to reach the north side of the building and threaten to spread in that direction. This picture shows how hot the fire was next to the railroad tracks. The photo was taken with the photographer leaning against one of the squat round storage elevators across the track from the flour mill. The object barely discernible at left is one of the cylindrical tanks storing wheat from the elevator into the flour mill. Bill Patton Photo.

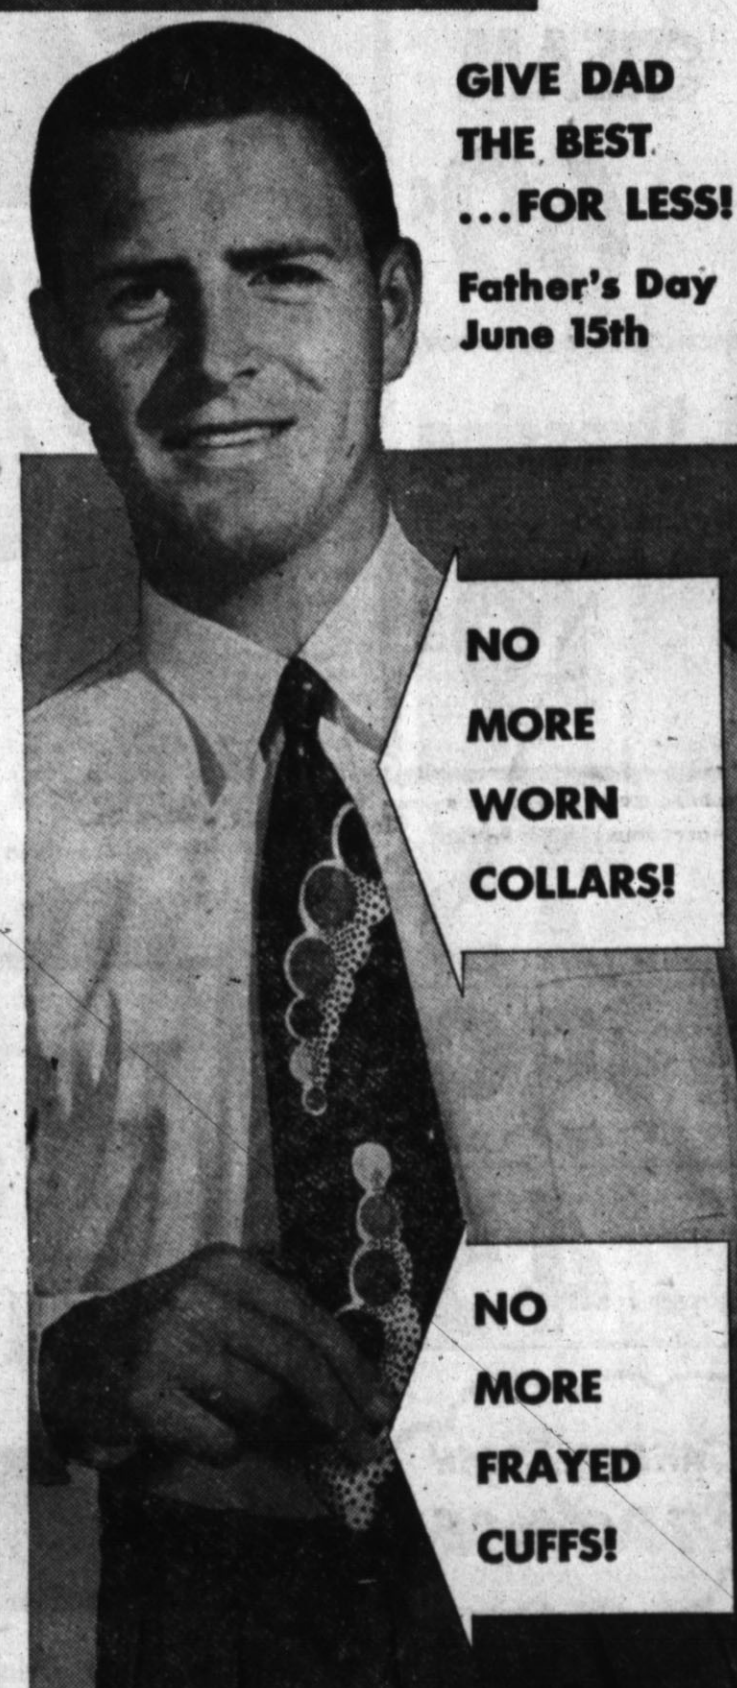

"Mom loves and understands children and has a wonderful faculty for seeing things from a child's point of view and knowing just the right thing to do for a child. The neighborhood children worship her -- and no wonder! She is always arranging little tea parties and picnics and suppers for them and no occasion passes that she doesn't have little gifts for them. They love to play at her house, for she never scolds them and entertains them in countless ways -- reads and sings to them and even fixes things for them to embroider. Children whom she keeps from time to time grow to love her so they cling to her when it's time to leave. On Mother's Day she frequently receives cards from lit-

FRASER'S FEED MILL suffered the same fate as the flour mill—only about 15 minutes later. This picture shows the mill as flames leap high as the structure was undergoing complete destruction. Brand and Bill Patton Photo.

THIS DRAMATIC CLOSE-UP shows firefighters entering the doorway of the flour mill at Fraser's. The firemen didn't get to spend much time this close, however, as the heat and falling debris made work from this distance too hazardous. Bill Patton Photo.

Neighbor...

(Continued from page 6) the children to whom she has been like another mother. Two little Puerto Rican girls who live in the neighborhood and to whom she cannot speak and who cannot understand her, frequently come over to see her. Perhaps because she often bakes "little special pies and breads for the neighborhood children. A child may not understand a strange language, but he understands kindness and love.

"To Mom no child is "bad". Even when our daughters, who adore her, have misbehaved, it's never because they are naughty or badly trained, it's only that they are hungry, sleepy, tired, ill, or bored.

"My in-laws literally have no possession that belongs strictly to them—unless it's the clothes they wear. Everything they have is valuable to them only in that it enables them to help someone else. And they do not wait to be asked to borrow something. They must have a special sixth sense that tells them when someone needs something for many times I have discovered that they offer something almost before a person in need is aware of that need. Recently Mom visited a new neighbor to offer her the use of her telephone and clothes-line until she had these facilities for herself. Their telephone was a community phone for many of her neighbors for many years, when she was the only one who had a phone. She has invited her neighbors to use her washing machine any time or she keeps a neighbors' children while the thankful mothers go to wash or shop. She is a person who would actually give you the shirt off her back. I had not been in the family long before I learned it was unwise for us children to admire too much any gift a grateful or admiring friend had given her for she wants us to have anything within her power to give us, and would insist that we take it. When she gives us gifts, it's never just anything -- it's something her seeing heart has told her we desperately desire. The Londons do all these things for others not with money that in another budget might conceivably be used for luxuries or little extras. They deny themselves not only luxuries but sometimes what is in these days considered a necessity.

"Not only have Mom and Pop given help to others in a material way; they have been a spiritual inspiration to all who have come to know them better or know of them. They have always looked not for the worst in their friends but have tried to discover the best that was in man and to encourage the development of that best. They have served their neighbors for the love of serving and not for any material remuneration. By the same token, they have been humbly grateful and effusively thankful for any kindness shown them and have realized that one does not sincerely help another just for something he might get out of it for himself.

"She and Pop used other of their stamps to get me an item I had admired in the gift store for my birthday.

"It is not only children and young people who love Mom people of all ages do. Our friends love her because she's so cheerful and complimentary and because she's so sincerely interested in their lives -- not to be snooty, she's never that -- but because she cares that another's hopes and dreams be fulfilled. If there is and age who loves her best though it must be the elderly, for she has a patience and tenderness with them that says she has a special understanding of their problems and needs, their frustrating unfulfilled desires or in any way incomplete lives. Typical of this thoughtfulness is this incident: One Mother's Day she asked us to take her out to the cheerless home of a lonely blond man, who had no family. She took him some ice cream, but she gave him more than that, the knowledge that he was not quite forgotten after all.

"There are probably countless other examples of this spirit that only happy old folks could attest to. However, because I have the good fortune to be her daughter-in-law and the bad fortune to be very inquisitive, I have had the opportunity of learning some of her kindnesses. She once made some cool summer nightgowns for the sick mother of one of her customers. Many times I have caught her doing the washing and ironing for an elderly couple who are often unable to do it and once she made over some dresses for the lady also. All of this being done at night because Mom was working in the daytime.

"Mother-in-law not only loves people she has a tender concern

sible for her family to get away now and then. She even seems to get a vicarious pleasure out of seeing them so happy. Many a harried or grateful mother and father have had vacations because they knew their children could be left in her care and receive the same love and tender care they get at home.

"I've always said I could write a volume about my wonderful in-laws and I almost have but this letter was written from the heart of the luckiest and most grateful daughter-in-law in the world, but it could have been written by anyone of the hundreds of friends who love them just as much as I do. In fact this letter was suggested and encouraged by some of their neighbors who agree with me that Mr. and Mrs. Walter London Sr. are daily fulfilling the commandment "thy shall love thy neighbor as thy self."

The Carl T. Wimberleys
The Carl T. Wimberley family has been nominated as "Good Neighbors" by a person who wishes to remain anonymous. The Wimberleys have lived in the Dawn area for about 20 years. The Wimberley's nomination says: "When I first moved to Dawn I was told by a neighbor that "our community life and activities would not be what it is (namely good) were it not for the influence of Mrs. Carl Wimberley". I soon found that this influence is shared by the entire family. There is a closely knit, happy helpful family. People who work for them have told me of their extra ordinary kindness and thoughtfulness. There is a dependable family. Their depend-

ability extending into every phase of community life. Their contribution to church work, music, in school activities and Cub Scouts is monumental in achievement of years of leadership takes its toll in failures, misunderstandings and thwarted aims but their response has been tireless effort and countless, small kind deeds done with an enthusiastic love for helping people. I think they are deserving of and would highly appreciate and enjoy this free weeks vacation.

"A dress made for a needy wide-eyed child, a useful thoughtful gift time with tact, a mornings work sacrificed in helping a neighbor with car trouble-- these are small typical convincing proofs that mak them as the Best neighbor family."

Mr. and Mrs. S. J. Barclay
Mr. and Mrs. S. J. Barclay, who live in Hereford, have been nominated by Irvin L. Henderson as Henderson says of the Barclays: a "Good Neighbor" family. "I wish to nominate Mr. and Mrs. S. J. Barclay as my choice of the outstanding good neighbor that I know of. I lived in their home at one time and worked with Mr. Barclay and received many favors from Mr. Barclay. More than I can ever repay. They have helped and favored many other people.

"I couldn't praise them enough for the good those people are to them."

Mr. and Mrs. Sank Ramey
Mr. and Mrs. Sank Ramey have been nominated again--in the "Good Neighbor" contest. They are nominated this time by Mr.

TAFIT TO THE HILT. The Republican Convention in Mineral Wells looked like this before the Eisenhower backers—a few in number—there walked out to form a rump session with other I Like Ikers. The convention opened after an all-night credentials committee dominated by Taft supporters refused to recognize contested Eisenhower delegations. Ike backers threw the matter to the whole convention which turned them down and the ball resulted. Press tables can be seen in the foreground. (AP Wirephoto)

and Mrs. L. C. Thomas. The nomination says: "Mr. and Mrs. Ramey each lived here prior to their marriage 25 years ago. They have lived in their present home 15 years. Their neighbors do not have to li venex door, but anywhere in town. Many are the families in Hereford whom the Rameys have helped during illness of one of their members. Mrs. Ramey can go into a home, cook and serve a meal, gather up the laundry and have it done, straighten up the house or nurse the sick one as is needed. In addition she can give spiritual comfort and understanding to the sick one.

"The Ramey car has always been ready to run an errand for a neighbor. Many times a lonely neighbor is invited to share a to a nearby town for pleasure or drive into the country or a trip business.

"Mrs. Ramey's cakes are often enjoyed by her many friends. A neighbor's birthday is often the occasion for an impromptu party planned and organized by Mildred with help of a few other friends.

"Mrs. Ramey is so thoughtful of elderly people who are shut in. She is never too busy to run by with a piece of cake or bouquet of flowers or a book to give to an aged shut-in, or to just sit and talk and listen.

"In recent years, even though she has quite a lot of sickness in her own family, and spends eight hours a day teaching school, Mrs. Ramey still takes time to visit a sick friend or one who is shut in and is an example of a very good neighbor."

Picture some old boy sitting out on an iceberg in his BVDs. There is nothing around but an electric fan. How is he going to get into hot water? I'll bet I could. Right now, it feels like I have a wildcat by the tail. Everyone you see is a little bit buffed because the Hereford band was not in the Pioneer Day parade.

Apparently, they were never technically invited. Some folks think this is a shame and disgrace. Others figure the band and the school should be enough a part of the community to deal themselves in, at least, on a special occasion like Pioneer Day. They say the Tucumcari band volunteered without successful invitation. Personally, I can see both sides of the question. I am not going to say that anyone is right or wrong. Both sides are partly right and both sides are partly wrong. (This is not good politics, because it will make both sides mad, but it is what I personally believe to be the honest truth.) The only good thing about the situation is the fact that no one is downright mad at anyone else. Everyone seems to want to do the right thing. All of the trouble seems due to misunderstandings and the whole thing should be straightened out in good shape.

"We are proud of the Hereford band and we always want them in our parades!" This statement comes from the Pioneer Day sponsors, the Riders Club and the Chamber of Commerce. Besides, it is the way folks all over town feel.

Talked with Supt. George Graham. He says the schools and the band are anxious to help with any community-wide event. He even outlined the method in which to secure the band. "First, you should contact Mr. Purris Williams, the director," said Mr. Graham. "Mr. Williams will in turn, check with the superintendent or principal. You will find that they all want to cooperate in community affairs."

This is my nickle's worth. Don't let's impose on them. They can't miss classes on every back and call. Sometimes there will be conflicts and they will have to say "No." Let's all try to be reasonable. On the other hand, parade marching is one of the objects of a band—and it will do our band good to get actual experience and practice. Let's remember that this is a democracy and that the people of the community foot the bills. They are certainly entitled to some consideration.

Furthermore, I understand that the band this year lost three members through graduation; also, that they will have around 28 new members next year—and that they are going to need some more uniforms. In the past these uniforms sometimes have been purchased through donations and sponsors. If this is the case, we want to volunteer. Put The Hereford Brand down for a \$25 donation. We want to help. We are 100 percent for the band—and because it is "our band" it should be 100 percent for the community.

If anyone asks you about the rodeo this year, just hand them this clipping. A Hereford lady

stopped Meredith Ireland Tuesday, handed her three \$1.00 bills and said: "Take this money. We slipped into the rodeo through the fence, but it was so good I feel like we should pay."

Just got a release from the State Fair of Texas about the chili contest which they will sponsor. The main stipulation is "no beans." Joe E. Cooper, author of the book on chili, "With or Without Beans" is chairman of the contest. Anyone can enter who furnishes one quart of chili and the recipe. Joe is out to gain for chili its proper status in Texas. He says: "Real, sure-enough Texas-style chili must have the strength to chin itself and possess the authority of a Marine buck sergeant."

Joe is a cousin of Roberta Campbell, author of the Brand's Sunday "Tater Peelins." At least, I think he is a cousin. I know he is always asking about her. If Roberta can figure out some way to use 'taters in a chili recipe, it should be a good deal. Anyway, it is on the up and up. If you have a good recipe maybe you can collect the \$50 prize money.

If it was hot tamales I would nominate Mrs. O. E. Sherman. She wraps them in real corn shucks and her tamales are truly delicious. Maybe she also has a chili recipe. She cans her own hot peppers, too, but don't ever eat too many at one time.

I thought people in the newspaper business had all of the trouble, but I guess not. Heard this week that KPAN sold a complete broadcast of the parade, got all lined up and ready to go only to discover that their remote telephone lines had not been connected. Since this occurred on Memorial Day, it was impossible to get the connection made—and they lost the program. That is what I call tough luck.

See where the swimming pool will be open by the time this gets on the streets. No fanfare this time. With favorable weather, it should be nice and warm for the week-end.

A bouquet to the JayCees. Their gesture of putting benches out along the sidewalks for Pioneer Day was one of the noblest things seen around here in recent years. It was a good idea, folks definitely appreciated it—and I think they deserve plenty of credit. Also, congratulations on having got the tennis courts in operation. This project has been long, tedious and expensive, but they got the job done. Tennis courts have been needed here for a long, long time. Everyone knew it, a lot of us yelled and giped, but did nothing. The JayCees did. It sure is swell to have a bunch like this around town.

We keep on getting letters wanting to know if Hereford has any excess potatoes, and would we ship them a few sacks. Several of these from Amarillo.

Mrs. Geneviva Meharg of Amarillo is spending a few days in the home of her son and daughter-in-law, Mr. and Mrs. W. C. Meharg. She is also visiting in the home of her son-in-law and daughter, Mr. and Mrs. S. R. Ratcliff.

Emma Jane and Colline Brown visited in the home of their mother, Mrs. C. O. Brown, last week. Colline returned to West Texas State College on Sunday and Emma Jane went to Ceta Glen where she will spend the summer.

Mr. and Mrs. Bob Wear and John left Saturday for a vacation trip.

Mr. and Mrs. Bob Jennings left Sunday for Florida where they plan to make their home.

Ples Baker of Los Angeles spent the Pioneer Day weekend here with relatives. He is a nephew of Mr. and Mrs. Mont Baker. While in Texas, he also visited his mother, Mrs. Omar Baker, who lives in Sunray.

Dorothy and Elizabeth Phillips of Amarillo spent the week-end in the home of their grandparents Mr. and Mrs. W. B. Phillips Sr. Their parents, Mr. and Mrs. W. B. Phillips Jr., came for them Sunday afternoon.

Mrs. Bess Moore and Ettie Mathis attended market in Fort Worth and Dallas last week.

Mr. and Mrs. Glen Boardman spent the week-end in Santa Fe and Las Vegas.

Earlena Phillips spent the week-end in the home of her parents, Mr. and Mrs. W. B. Phillips Sr. She returned to Canyon Sunday where she will attend summer school.

warming the bench

By Wally Knief

Sports activity in the community has increased during the past week. Was one of the thousands who enjoyed the sport of sports in the west -- the rodeo. Talk about competitors, these cowboys really were.

Hats off to the local boys who entered the rodeo events. Also hats off to the Hereford Riders for bringing this area the top-notch show. This old tenderfoot enjoyed it immensely until the rains -- which had top priority -- came Sunday afternoon.

We'll be looking for more of these in the future.

FISH DERBY--
Apparently George Suggs is the first Hereford fisherman to get a prize catch in the current fish derby at Buffalo Lake. He won a \$10 cash award donated by an Amarillo real estate firm.

Any other catches locally will be reported when made if the angler will give us a ring.

BASEBALL EXHIBITION--
The Lubbock Black Hubbers, Negro baseball team, will play the Dimmitt nine on the Vets diamond in Hereford on June 22, a Sunday.

WRESTLING
Dory Funk, who engaged in the bitter rhuabarb Saturday night on the side of Cowboy Carlson against Scotty McFarland and Benny Trudell, gave local fans quite a thrill.

One man who has long been "down" on Funk because he thought he was to ornery and for no good purpose, admitted that the Flying Mare Ranch foreman had finally won him over after the rousing performance Saturday.

Plans are being made to install the exhaust fans in the Bull barn this week or next so the wrestling cards can go on throughout the summer. Every attempt is being made to get several special event matches for these months.

The girl wrestlers are due to come back for a repeat performance either this Saturday or Saturday week. Also, the mid-gets are being lined up for another bow here.

Bob Geigel, former Iowa U. grid star and amateur wrestler, is making quite a reputation for

himself locally. He is assuming the role of a giant killer as he handles some of the old-timers with progressive ease. He handled the crafty George Lopez in a satisfactory manner Saturday, adding to his laurels in the Southwest circles.

His Indian death lock is a dilly, they say.

HUNTING DATES--
Remember that poll of hunters the Texas Game and Fish Commission was conducting? Some of the answers have started rolling in and the season date opinion varies with the number of replies. There have been 700 votes on waterfowl and less than 300 on doves. Primary interest is for opening of mourning dove season and for the duck and goose season.

Votes for waterfowl shooting vary from October 1 to December 31 for opening. Largest vote for any one day -- October 15 -- was 242. One hundred asked for November 1 and 97 wanted November 20. Zoning the state caught the fancy of 109. Largest mourning dove opening date was for October 15 with 119 asking that time.

What do they do when they don't work? Evidently they fish! The game commission noted that commercial fishing license sales jumped in the marine areas just as soon as the big refineries quit operating during the recent strike.

Recent rains have made a great deal of difference for spring nesting of major species of game birds. Field men for the commission now report that spring prospects are "generally good" for game birds.

FOOTBALL--
While you're wiping perspiration off your brow these hot days it's pretty hard to think about football, but the Texas Tech athletic department is tickled with the marked increase in requests for season tickets for Red Raider contests. DeWitt Weaver, athletic director commented, "We plan to reward them (the fans) by playing the best football in the state."

Summerfield In First After Win On Monday

Summerfield slipped into undisputed first place in the Hereford Softball league Monday night by downing Lesly-Vaughn 10-7 in the tail end of a double header.

In the first game of the night, Rocky's knocked Dawn out of a third-place tie 9-8, moving into sole ownership of that slot while losers moved into fourth with a 3-3 record.

David Miles and Johnny Winkler combined efforts on the mound to fashion the extra-inning victory. Miles was relieved by Winkler with the score tied 8-8 in the top of the seventh. Miles had gotten one man--McBroom--on first with a walk when Winkler came in. He pitched to May who pounded into a fielder's choice with McBroom going down on from Winkler to Miles, pitch to second. Walt Lemons, pitcher for Dawn, lifted a high pop-up

out on the outfield grass. Dave Miles camped under it for the second out. Marvin May was put out and called out for leaving first before the ball was caught, that ended the fire in the top of the seventh.

In their half of the seventh, Rocky's went up and down 1-2-3. Dawn failed to score in the top of the eighth as Rocky's tried once again.

Nelson led off with a ground-out, pitch to first. Burdine grounded out third to first. Bub Sparks, whose only other hit for the night was a triple, unloaded another one to keep the side alive. David Miles who pitched fine

ball -- yielding only three hits until replaced by Winkler -- brought in the winning run with a singing single into left field.

Rocky's picked up one in the first, in the second and four in the third, two in the sixth and the clincher in the eighth.

Dawn had one in the third, three in the fourth, four in the sixth and that was it.

The winners had nine runs on 16 hits and they committed eight miscues. Dawn had eight runs on four hits and they committed three bobbles.

In the second game of the night, Summerfield overpowered a rejuvenated and re-shuffled Lesly-Vaughn nine, 10-7.

Summerfield got off to a booming start with one in the first, five in the second, and was never headed even adding four more during the contest.

The winners got their 10 runs on 13 hits and they committed five miscues. Lesly-Vaughn had seven runs on 13 hits--the kids are beginning to smack the apple -- and committed only three errors.

Lesly-Vaughn has made some changes which have aided them tremendously. Jack Stanton and

Summerfield, HH In League Wins Thursday

Summerfield and Hereford Hardware both scored wins in Hereford Softball league play last week Thursday.

Summerfield won the second game 16-5 over the Knights of Columbus and Hereford Hardware won the opener from the L-V nine, 12-5.

The win by the two top-runners continued a tie for first place that was broken Monday by Summerfield's win over L-V. Hereford Hardware took their game on 12 runs, 13 hits and two errors. L-V Motors had five runs, 10 hits and 10 errors.

Summerfield made the grade with 16 runs, 13 hits and nine errors while the KC's had five runs on nine hits. They committed 13 costly errors.

Highlight of the last game Thursday was a triple play -- first of the year -- executed by D. Baize, playing third for Summerfield.

Batteries for Summerfield were Jack Clark and B. Lookingbill.

Funk, Carlson Whoop It Up In Tag Team Match

Two cowboys of the ring--Flying Mare Ranch Foreman Dory Funk and Cowboy Carlson of Ekalaka, Mont., -- staged their own little rodeo at the expenses of Scotty McFarland and Benny Trudell in the Bull Barn Saturday night.

The action, which was the most active seen in the local ring for many months, took place in the tag team half of the Lions double main event Saturday.

In the first half of the card, Bob Geigel of Iowa and Mexico's George Lopez tangled in a three-fall thriller with Geigel coming out on top of the heap. But it was the second match of the night that pleased the Funk fans and made new fans out of the balding Dory's former antagonists. Everything went and Funk and Carlson settled the Scotchman and Trudell for once and forever.

Action went so feverish that they "tore up the ring" -- literally and figuratively -- as the bottom of the three strands of

ring cable broke under the incessant slamming and jumping against them.

Not only did Funk and Carlson tear up the ring, they also tore up their foes, much to the delight of the packed house.

Cowboy Carlson lost the first

fall to McFarland and Trudell on a submission hold when they cornered the Montanan in a corner away from Dory Funk in 20 minutes. They used the tag rope to choke the Cowboy and made him give up. Referee Bill Weidener was unable to break it up and Funk couldn't come to his rescue.

It was during this first fall that the ring rope came loose and the remainder of the match was run off with two top ropes only.

Funk and Carlson came gunning in the second fall and used the ropes to the best advantage on Trudell and McFarland. Funk took one of the lengths and Carlson the other. They each got a side headlock on an opponent and ran their noggins together, almost knocking them out in the middle of the ring. They then tied them together neck and neck -- and Weidener, Funk and Carlson let them get apart as best they could.

After they got separated, Cowboy Carlson got his bulldog hold on McFarland three times before pinning him with a top body press after 10 minutes of crowd-pleasing mayhem.

The third fall went to the popular duo when Funk made Trudell give up after eight minutes with a spinning toe hold.

The match was an hour-long best two out of three fall affair.

In the opener Saturday night,

Seven Golfers "Beat Hogan" On Local Links

Seven local golfers were among the 6,006 across the face of the nation who "Out-Hoganned" Ben Hogan in the "I Beat Ben Hogan" National Golf Day Saturday and Sunday.

Sixteen golfers entered the competition. Linksters who topped Hogan's 71 -- which was carded at Dallas' Northwood Club -- were: Frank Cogdell, 68; Bob Tilson, 66; Grant Fuller, 69; Ray McCullough, 69; Frank Latimer, 70; John McClesky, 70; and Henry Benson, 70.

The 6,006 who beat Hogan -- with handicaps, of course -- were among the first 43,965 entries reported.

Entry fee to "Beat Hogan" was \$1. Proceeds went to the national golf fund and the USO fund.

The nation-wide event was sponsored by the Professional Golfers Association and LIFE magazine.

 up and coming Bob Geigel, not too long off the University of Iowa campus, polished off George Lopez, Tampico, Mexico, sleeper artist and judo expert.
 Geigel spotted Lopez the first fall in 18 minutes after Lopez took a top body press following a twisting side headlock.

The Iowan came back in eight minutes with a submission hold--an Indian death lock--to even up the score. Both wrestlers had to be pried loose from the hold. It was the first time the Indian death lock has been seen in the local ring.

It took six minutes for Geigel to wind up the meet for the third fall with a one-legged crab. Bill Weidener was the third man in the ring and was certainly kept busy during the night.

George Weems Is Awarded DFC

1st. Lt. George Weems, former Hereford football player, has been awarded the Distinguished Flying Cross in recent ceremonies held in Korea.

The award was presented at an advanced Marine air base by Lt. Col. Richard Blume, commander of the First Marine Aircraft Wing. Weems' organization is known as the "Death Rattlers" squadron.

Weems was credited with destruction of enemy artillery position while leading a four-plane flight, disregarding heavy automatic ground fire to obtain his objective.

George was born and raised in

NO SERIOUS injuries were reported when the car shown above overturned two miles west of Black with four passengers early Sunday morning. Driver of the auto, Carole Defray, a nurse at the Amarillo Air Base, was unhurt, as was her three passengers, another nurse and two airmen from the base. The foursome was driving to New Mexico when

the auto hit the rain-softened right shoulder of Highway 60 and swerved to the left side of the highway. There it hit more mud and overturned twice before finally coming to rest right side up as shown above. The car, a 1949 Chevrolet, was a total loss, according to Highway Patrolman J. A. Dumas, who investigated the accident. Staff Photo.

TEXAS HERBICIDE REGULATIONS

Released by The Texas Department of Agriculture

Damage from herbicides is usually easy to recognize. It causes mutations in the plant, sometimes making the leaves grow in odd shapes and to curl at the edges. Unless the accidental dosage is too great, however, the farmer may still make his crop, even though the yield might not be as much as before damage occurred.

One of the duties of the Texas Department of Agriculture is to inspect all ground and air equipment used in application of herbicides to see that it comes up to specifications of Texas Herbicide Regulations. The department also issues permits to those farmers, ranchers and commercial spraying companies who wish to apply herbicides to their crops.

All dealers are required to keep sales records and all spraying companies or individuals must keep records of date and herbicide applications for two years. These regulations apply in cases where more than 20 acres are to be sprayed. A fee of 10 cents per acre is charged for permits. For plots less than 20 and more than 5 acres, no permit is required but written notice must be given the department that chemicals are to be applied. For less than 5 acres, no permit or notice is required.

A few counties in West and South Texas are exempt from Texas Herbicide Regulations. A request for information on exempt counties and regulations should be addressed to John C. Whit, Commissioner, Texas Department of Agriculture, Austin, Texas.

It's easy to protect your garden against pests

Just four easy-to-use pest controls—and you're on your way to lovelier flowers, healthier shrubs, greener lawns!

- Just 2 sprays—ISOTOX Garden Spray and ORTHORIX Spray give your garden full protection against most insects and plant diseases. ISOTOX takes care of the insects that attack annuals, perennials, roses, lawns, shrubs, trees, etc. ORTHORIX protects your garden from mildew, rust spores and other plant diseases. They mix! Put them together and spray both at the same time. Simple! Effective!
- The easy way to apply ISOTOX and ORTHORIX is the SPRAY-ETTE. It attaches to your garden hose, provides automatic correct dilution, is light-weight, easy to handle and helps you protect everything from insects and plant diseases—all at once—fast as you can walk around your garden!
- For the lady-gardener, here's BOTANO deluxe! In its own "pump-action" duster this all-purpose dust provides easy control against both insects and plant diseases. Just carry it around in your garden basket—ready instantly to use wherever pests attack.
- Easiest protection against snails and slugs is BUG-GETA Pellets. Takes only a few minutes to scatter around, protecting your entire garden.

Of course there are times you'll need the special help of other ORTHO "prescription products." VAPOTONE XX Spray controls heavy infestation of red spider. ORTHO Rose Dust combats powdery mildew. VOLCK Oil Spray smotheres scale insects and their eggs. Ask your ORTHO dealer!

THE CHRYSLER IMPERIAL 6-PASSENGER SEDAN

YOU'LL FIND IT EVEN BETTER THAN YOU'VE HEARD!..

It's been many years since a new car has caused as much talk as today's Chrysler Imperial has. What you may not realize is how long it's been since a car gave so many reasons for excited talk as this one.

May we invite you to drive and test the best and most worth-owning engine on the road today? (Chrysler's magnificent new 180 H.P. FirePower V-8.)

May we invite you to handle the easiest and safest steering wheel in existence at the moment? (Chrysler's full-time Power Steering.)

May we invite you to try out brakes which require as little as one-third the usual foot-pressure, and still stop you in many feet less than other cars do? (Chrysler Power Brakes.)

May we invite you to sit on the most comfortable seat cushions, and enjoy the fullest window vision you can find? May we invite you to ride on the rough-road miracle of the Oriflow shock absorbers which only Chrysler-built cars have?

May we invite you to drive a Chrysler Imperial... and learn how much you'd

miss, and deeply regret, if you bought another car today without knowing this one first?

We... and Imperial by Chrysler... are at your service, any time.

Patsy Childers Representative To 4-H Roundup From Local Club

Patsy Childers was chosen as one of the 4-H girls from this county to go to the 4-H Roundup at College Station which is scheduled to be held June 9-10. The group will leave Amarillo Sunday afternoon. Patsy is a member of the Workers 4-H group of this community.

Patsy also attended a called meeting of the County 4-H Council and the 4-H Leaders at the county commissioners room in the court house Monday afternoon.

One and three tenths inches of moisture fell over the weekend in this vicinity. However irrigation wells were still in operation in the potatoe fields. The onion crops are looking good, as well as the corn and other row crops that are up.

Mr. and Mrs. C. S. Barclay were entertained in the Thomas Barclay home Tuesday night with a fish supper.

Mr. and Mrs. R. C. Childers were in Amarillo on business Tuesday afternoon.

Mrs. Argen Draper will meet the Cultural Home Demonstration club at the June 13 meeting instead of her regular scheduled time of June 26. Everyone is urged to attend this demonstration, which will be on foundation garments. This meeting is to be held in the home of Mrs. Grady Parsons.

Sue Cooke spent Monday and Tuesday in the home of Mr. and Mrs. Lynn Kester, visiting their daughter, Kathlyn.

Sue Cooke and Patsy Childers were overnight guests in the Clinton Jackson home Saturday and Sunday. They were visiting their daughter, Patsy. On Sunday the group attended the wedding of Nancy Cagle and Bill Kelley at the Baptist church.

Mr. and Mrs. A. H. Inman of Plainview were visitors in the home of their sister and family, Mr. and Mrs. R. C. Childers.

Mrs. Leona Packard returned Friday from a trip to Huntsville Ark., where she visited her son and his family.

Mrs. Packard's grandmother, who lives at the Harry Dansforth place, fell and broke her hip this week, and is in the local hospital.

Mrs. R. C. Childers attended the regular meeting of Council Monday afternoon at the county court room. Mrs. Fred Wolfington was unable to attend due to the vacation Bible school which is in progress at the Avenue Baptist church.

Mrs. Paul Corbett was also unable to attend, but sent the secretary's book. Mrs. Corbett is recording secretary of Council.

Mr. and Mrs. R. C. Childers were callers in the home of Mrs. Gladys Dixon in Canyon Tuesday morning.

Mr. and Mrs. Jack Renfro are in Altus, Okla., preparing for the potato harvest, which is scheduled to begin there in the near future.

Mr. and Mrs. Charlie Hodges and their son-in-law and daughter, Mr. and Mrs. Robert Hodges and family visited Mr. and Mrs. T. D. Hodges in White Deer recently.

Mr. and Mrs. Charlie Hodges and Charlott attended a reunion of Mrs. Hodges family in Odessa recently.

Patsy Childers spent Monday night in the home of her sister and family, Mr. and Mrs. C. S. Barclay.

Mr. and Mrs. Glen Buck and children of Lubbock have been called here to the bedside of her grandmother, Mrs. Scrapp Johnson, who is seriously ill. Mrs. Wm Johnson of Lubbock and Pvt. 1st. Class Bill Stephens who is stationed at Sheppard Field, Wichita Falls, are also here because of Mrs. Johnson's illness.

Gene Moore, son of Mrs. Beas Moore, arrived home last week after attending Eastern New Mexico university at Portales, the past year.

April DHIA Milk Records Shown

Two Hereford herds -- belonging to W. H. and W. T. Johnson and Denzil Pullium -- are among the top producers in butterfat and milk during the month of April for the Randall County Dairy Herd Improvement Association.

The Johnsons, Harold Kriegshauser, Pullium, George Heard and Herbert Boatman also have cows in the top 10 for milk production for the month. Kriegshauser has three, Pullium two, and the others one each in the select circle.

In high buttfret for top 10, Kriegshauser has four, Pullium and the Johnsons one.

In the 60-70 pound butterfat class, cows owned by the following local dairymen are represented: Heard, Boardman, Pullium, Johnsons.

In the 50 - 60 pound class, there are cows owned by Heard, Boardman Kriegshauser, Pullium and the Johnsons.

For the 40 - 50 pound class, we have the following for the month of April: Johnsons, Boardman, Kriegshauser, Pullium, Kerscher, Heard and Boatman.

Guests in the home of Mr. and Mrs. Jack Roberson for the Pioneer Day celebration Friday and Saturday were their children, Rev. and Mrs. Russell Pogue and children of Friona, and Mr. and Mrs. Billy Roberson and daughter of Amarillo.

Jim Wilkins, son of Mr. and Mrs. Jack Wilkins, returned home from Denton last week where he has been a student at NTSC the past school year.

PITCH and PUTT
By J. M. Posey
Well, our Scotch tournament finally ended last Sunday, with Stan Barrett and Earl Hendricks winning 5 and 3 over KID Patton and Streu. Guess KID Patton's booming drives and Streu's unerring putts fell off quite a bit. However, when they shoot a 38 at you the first nine, and have you down four, it is a little hard to catch up. Understand Dr. Lingenfelter has been a little warm this week, a 35 a day or so ago, Bob Tilson still shooting 37s and 38s, and the venerable Cogdill coming in with 35s and 36s. Don't know how they do it, must borrow Streu's seeing eye putter when he isn't playing. Bud Posey has taken over the Pro job, and really has the course in good shape, every one come on down and get acquainted with him and his wife, Rowena. Think you will like them both. Also give him some ideas on what kind of tournament the club can put on through July 4.

Mr. and Mrs. D. R. Grimes spending this week in Hot and David Monroe Sellers are Springs.

This Week's Calendar at Your Hereford Churches

What a wonderful word is life! More abundant do we want it ever to prove. As we begin to walk a little more slowly up the street the buoyancy of young life impresses us more. The years of maturity, when mental tides are running strong, delivers us at the crossroads where we find ourselves peering anxiously through the *Gateway to Life*. We are more serious then. *The Gateway to Life is the Gateway to God*. It becomes more important then to give more attention to our reading and thinking habits. Our interests in life are more glorious... we are less selfish. *We are more interested in the Life Beyond... more interested in our fellow man.*

We view through the *Gateway to Life* something even more fine than either the physical or mental. *It is life of the spirit, the part that goes on forever.* The *Gateway to Life* will be found by some as they prepare to leave this body for a home in Heaven. Saint John sets before us the *Eternal Life* which a man begins to experience today. We know that we have passed from death to life because we love the brethren... we love people. Today will be for each of us *The Gateway to Life* if we will throw away *hatred, malice and greed and join God in practicing love.* The church points the way to a fuller and more abundant life... the *Eternal Life.*
