Joan Field, violinist, will appear at the Hereford high school auditorium on Thursday night, March 27. This is the fourth in a series of concerts sponsored by the Hereford Mutual Concert association.

Pfc. Robert Betzen, son of Mr. and Mrs. William Betzen, is home on a furlough before being assigned to overseas duty. Betzen arrived home Friday from Fort Ord, Calif., and will report back to California on April 7.

The first annual Home Demonstration club stunt night will be held Friday night, March 28, at the high school auditorium. The program starts at 8 o'clock. The public is invited to attend.

Earleen Plank will attend a meeting of the FHA State Deeds committee at Plainview Saturday, March 29. This is the first time that Hereford has been represented at one of these committees in several years.

The city commission Monday approved an ordinance naming the 15-person home rule charter commission elected at a mass meeting March 13.

Sheriff J. C. Reese will attend the second annual state-wide conference on organized crime in Dallas on April 16-18.

Lola Pitts of Hereford is a member of the ENMU university choir that will broadcast over the Mutual Broadcasting company Sunday, March 30, from 10 to 10:30.

Word was received this week of the death of Miss Julia Tarver, former Hereford resident. Miss Tarver was the first music teacher in the Hereford public schools. She was buried in Austin last Friday.

Mr. and Mrs. Paul Hagar of Amarillo announce the birth of a son, John Carol on March 17. He is the grandson of Mr. and Mrs. Paul Hoff of Hereford.

A square dance to raise funds for a new wing at the M. D. Anderson Cancer hospital in Houston will be sponsored by the Hereford American Legion Auxiliary at the Veteran's clubhouse east of the city on Thursday night, March 27, at 8 p. m.

Rep. Harold M. LaFont, candidate for state senator from the newly-created 30th district, was guest speaker at the Lions club meeting Wednesday noon. LaFont told the story of the Dr. Roy M. Hunt murder case and the prosecution of the murder.

Grandmother Of Local Man Dies In Plainview

Funeral services for Mrs. Dona Jones of Plainview, grandmother of T. A. Hayhurst of Hereford, were held Tuesday morning at 10 a. m. at the Ninth and Columbus Church of Christ in Plainview.

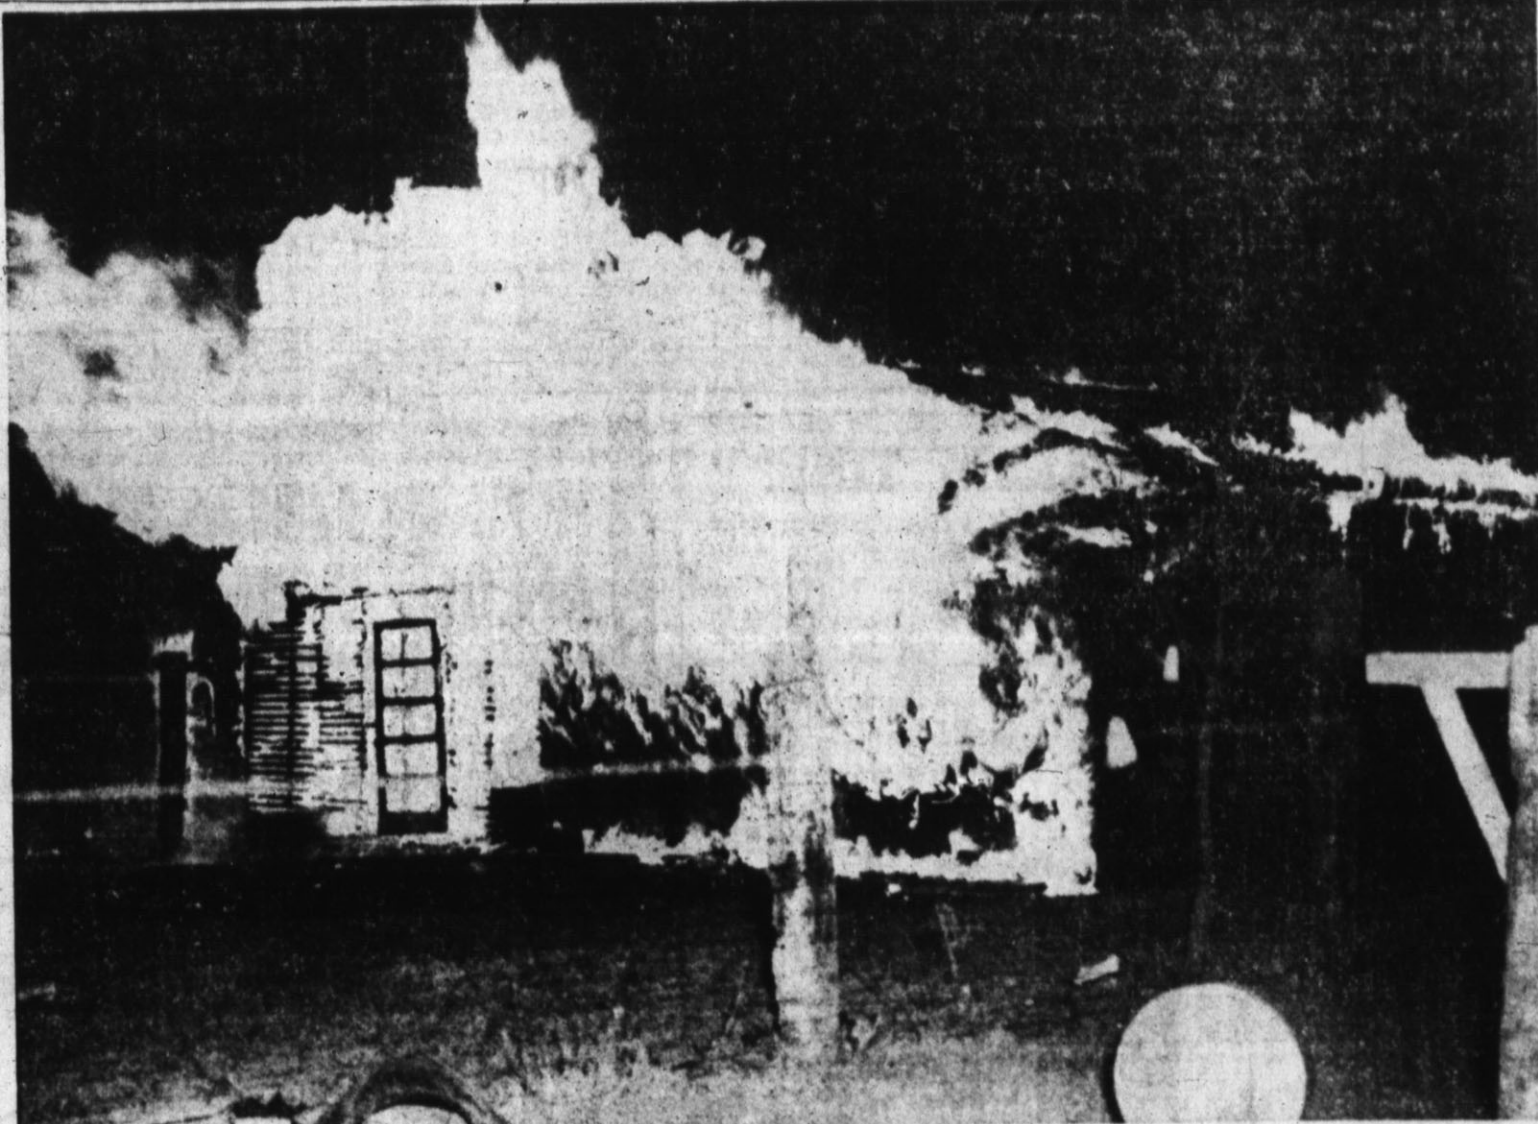

Burial was in Fargo cemetery near Vernon. Mrs. Jones, 67, died Sunday evening at Plainview following a long illness.

Survivors include nine daughters, five sons, 30 grandchildren and five great-grandchildren.

Third Annual Junior High Track Meet Is Thursday Afternoon

The third annual Hereford junior high school track meet will be held Thursday afternoon, March 27, according to Medford Hammon, junior high school coach.

The field events of the meet will begin at 1:30 and the track events will get underway at 2:30. Tullia was the winner of the first two annual meets held here. Schools entered in the meet are: Friona, Vega, Tullia, Canyon and Kress.

Family Of Nine Homeless From Early-Morning Blaze

MRS. JOE A. STAGNER

Nine members of the Robert Hernandez household lost all their possessions when an early-morning fire ravaged their five-room barracks-type home at the Mexican labor camp southwest of town on Monday.

Hernandez estimated his loss at \$2,000. He carried no insurance on his house or on the furnishings and personal belongings, he told The Brand.

The fire was discovered by Hernandez' daughter who was awakened by her baby crying. She went into the kitchen and saw the ceiling aflame with the blaze seemingly right on top of the electric refrigerator. She then awakened the household and called the fire department in Hereford.

Stagner Rites Held Tuesday At Avenue Baptist

Mrs. Joe A. Stagner, pioneer resident of Deaf Smith county, died Saturday, March 22 at 7:10 p. m. in the Deaf Smith county hospital. She was 70 years of age.

Mrs. Stagner, who had been ill for some time, underwent emergency surgery earlier in the day.

Funeral services were held Tuesday afternoon at 2:30 from the Avenue Baptist church in Hereford, of which she was a member. Her nephew, Rev. Kenneth Mullins, pastor of Worth Heights Baptist church in Fort Worth, conducted the services. He was assisted by Rev. H. V. Fields, pastor of the Avenue Baptist church, and Rev. R. H. Cagle, pastor of the First Baptist church in Hereford.

Mrs. Stagner's grandsons served as pallbearers.

Bob Lawrence was in charge of the music. Burial was in the West Park cemetery under the direction of the Gilliland Funeral home.

The deceased was born Jennie Lee Easter in Hill county, Texas, on April 29, 1882. She received her schooling at Itasca, Texas.

On December 17, 1899, she was united in marriage with Joe A. Stagner at Itasca. The couple celebrated their golden wedding anniversary in 1949. Four sons and four daughters were born to this union.

They lived in the Frio and Easter communities from 1905, when they came to Deaf Smith county, until 1929. From 1929 until 1939, they farmed south of Flagg in Castro County. They moved to Hereford in 1939 and have lived here ever since. The Stagner home was at 305 Lawton St.

A Gold Star mother, Mrs. Stagner had a son, Pat, who died as a prisoner of war of the Japanese in the Cabanatuan prison camp in the Philippines.

Survivors include her husband, Joe A. Stagner, and the following sons and daughters:

Mrs. Wayne Lawrence, Mrs. C. P. Owen and Miss Della Stagner of Hereford and Mrs. Earl (Continued on page 7)

ford. Before the local fire department could get on the scene, flames had whipped through the greater part of the Hernandez home. The flames quickly consumed the building, leaving only a shell of the front half of the building standing.

Firemen had difficulty getting sufficient water quick enough to battle the blaze, according to Glenn Witherspoon, assistant fire chief, who directed the fire-fighters' efforts Monday. The labor camp has its own water system and storage tank running from an irrigation well, he said.

The flames had no difficulty spreading quickly through the tar-paper covered building. The most damage from the flames was done within an hour after the firemen arrived, although

they stayed on the job until 5:30 a. m. to make sure the blaze didn't spread elsewhere.

No cause for the blaze had been established. Hernandez and city firemen said.

Hernandez, who is employed on the section crew of the Santa Fe railroad, has been owner of his home there for the past four years.

None of the family was injured in escaping the early-morning flames.

A handful of spectators braved the cold weather and early hours to watch firemen in their vain effort to save the building.

Mr. and Mrs. H. E. Miller and Mr. and Mrs. Jim Black returned recently from a trip through several of the southern states. They took the Azelia trail.

County School Elections Are Set For April 5

Three trustees will be elected for county and Walcott school district posts in elections to be held Saturday, April 5.

Eldred Brown will be on the ballot as trustee for the Walcott school district in elections to be held at the Walcott school building.

In balloting at the county courthouse, Phillip Miller is on the ticket for county trustee for precinct three. Leo Forrest is a candidate for re-election as trustee-at-large for the county board.

Deadline for filing applications was March 25, County Judge Leonard Foster said.

Saturday Deadline For Filing In Hereford School Trustee Race

Saturday noon is the deadline for filing in the Hereford rural high school district trustee election to be held on April 5.

Two trustees' terms expire on that date; those of Howard Gault and Lisle Woodford.

At present, there are four candidates for the two vacancies. Incumbents Gault and Woodford have had their names returned to the ballot and the names of George G. Heard and Troy Moore have also been submitted at the office of Fred Baird, school tax assessor and collector.

Baird said the filing must be accomplished at least five days before the date of the election, excluding the date of the election. Petitions to place a candidate's name on the ballot must be signed by at least five property owners in the district.

The board of trustees will meet at the Hereford high school on Thursday, April 10 — the regular meeting date — for canvassing of the ballots and re-organization of the board, according to Major Schroeter, president of the board.

Bond Issue Excess For Wyche F-M?

Plans which may result in securing as much as 10 miles of additional Farm-To-Market road mileage for the Wyche road were discussed in preliminary stages by the Commissioners Court on Monday with Richard G. Lott in Amarillo. Lott is the district engineer for the Texas Highway Department.

Following its meeting with Lott, the court recessed until Saturday morning at which time it will discuss the state's recommendation of the county's 1952 F-M allotment, 5.2 miles which the state authorized for the Adair road.

County Judge Leonard Foster said the commissioners were of the opinion that the remainder of the county's \$500,000 road bond issue — which was approved by

the voters in 1949 for the Bootleg 37.5-mile road and the 12.2 miles of the Dawn-Wildorado road — could be used for adding to the Wyche road if the state approved the project.

Without state approval for this action, the county would have to maintain any section put in with county funds. Cost of this would be too great a load for the county, Judge Foster commented.

The commissioners estimated that there should be about \$90,000 left from the original bond issue after completion of the two road projects. As soon as the Dawn F-M road is completed and approved by the state, the remainder of the bond issue would be reverted to the county.

If cost of the Wyche extension would be figured at about the same rate per mile, approximately 10 miles could be added there, Judge Foster said.

Of the \$500,000 bond issue, Judge Foster said the county got \$444,100 net plus \$25,000 the state added for the project.

Lott, of course, wasn't in a position to guarantee the department's position on the county adding the extra mileage to the Wyche road, but release of the road bond fund excess will probably not be forthcoming this year, anyhow, he told the court.

Judge Foster said this is the first experience the county has had with using a bond issue excess for road work as the half-million dollar issue was the first such one authorized by voters of the county.

Pioneer Day Event Planning Underway

Preliminary plans for Hereford's annual Pioneer Day celebration, to be held May 30-31 and June 1 this year, were made at a joint meeting Tuesday night of the Hereford Riders, Deaf Smith County Chamber of Commerce and the Hereford Jaycees.

The very first announcement to be made in connection with the celebration is that beads will be given by all male residents of the county, starting immediately.

Shaving permits will be issued by the Jaycees for a fee as will something new for the ladies—a makeup permit. The makeup permit will give the ladies the same spirit of participation in the event as the men. No permit, no makeup. Neither qualification means punishment in the Pioneer Day way.

For violators of both the shaving and makeup permits, Jaycee President T. J. Clay said that a jailhouse will be erected at a busy corner of town and all violators remanded to several minutes' stay in the lock-up.

One of the more spectacular highlights of the three-day celebration will be the rodeo, sponsored by the Hereford Riders club, with over 125 contestants expected for the \$1500 added prize attraction. A professional rodeo troupe will bring this entertainment here, although competition is open to anyone.

The top rodeo comedian in the business, Buddy Heaton and his horse, El Rocco, will entertain throughout the two days of the rodeo.

Hereford's Pioneer Day celebration will be the earliest on the Panhandle and so will the rodeo. Plans are underway now. Riding club officials said Tuesday night, to secure the largest group of mounted riders ever assembled in this area for the gigantic parade on Friday, May 30. A total of 20 riding clubs from the area are expected to be on hand for the affair.

More than 400 riders will be at the Hereford celebration, according to present plans.

A "Rodeo Queen" will be selected for the entire celebration with all clubs entering their respective candidates.

In addition to all the other entertainment features still to be worked out, plans now are made for securing Clyde Miller and his orchestra from Clovis for a

Jaycee-sponsored dance on Friday and the Lightstrut Doughboys for a dance on Saturday.

The 100-piece Amarillo Air Force band will parade during the Pioneer Day celebration also.

There will be a parade on Saturday also, but the record number of mounted horsemen will not be here to participate in other than the Friday parade.

Plans for a caravan to advertise the Pioneer Day will be worked out at a later meeting of the boards represented Tuesday night.

Mr. and Mrs. Jimmy Hendricks of Tullia visited in the home of her parents, Mr. and Mrs. Walter London Saturday.

Collection Of Note Suit Filed In Dist. Court

J. G. Evans of Hereford has filed a suit in district court on March 24 for collection of a note from L. W. Dennis and Dr. E. D. Rice, both of whom reside in Tyler, Texas.

Evans' petition seeks \$8,741.28 in principal and interest plus \$874.12 in attorney's fees on a defaulted 90-day note for \$25,000 executed by the defendants on September 29, 1948.

On December 13, 1948, the plaintiff's petition charges, a total of \$17,500 had been repaid on the note, leaving an unpaid balance of \$7,500 on which no interest has been paid either.

At the time of the execution of the note, the defendants also executed a deed of trust covering 1048 acres of land in Henderson county, Texas.

The plaintiff seeks an order to recover his damages from the land. James W. Witherspoon is the attorney for Evans.

will be submitted to the voters at a special election, at which time they will either accept or reject the proposal as written.

When approved by the full home rule charter commission, the charter proposal will be printed and distributed to EVERY voter in the city at least 30 days prior to the date set by the commission for an election on the issue.

Named to that group were: Cowsert, Mrs. Homer Brunley, Ben Childers, John Aiken, Mrs. O. G. Hill Sr., and J. C. McCracken.

This drafting committee will hold its first meeting in the city hall on Friday, April 4. The committee will, from time to time, call meetings of the 15-man commission.

Purpose of the drafting committee will be to work out provisions of the charter and issue reports to the commission. The full 15-member commission will, however, make all final decisions on the charter provisions.

The charter, when approved finally by the 15-member body,

Cecil Guseman Named President Of Hotel Corp.

Cecil T. Guseman was elected president of the Hereford Community Hotel Corp. at a meeting held last Saturday.

J. T. Evans was named vice-president and Jim Bob Allison is the new secretary-treasurer.

There was no other business completed at the meeting, Guseman said.

Cowsert Chairman Of Charter Group

City Attorney Ray Cowsert was elected chairman of the citizen's 15-member home rule charter commission at the group's organizational meeting held Monday night at city hall.

Jim Bob Allison was named vice-chairman of the group with Bob Wear as secretary.

The commission approved a six-member drafting committee, which will do the work of preparing the charter as work progresses.

Named to that group were: Cowsert, Mrs. Homer Brunley, Ben Childers, John Aiken, Mrs. O. G. Hill Sr., and J. C. McCracken.

This drafting committee will hold its first meeting in the city hall on Friday, April 4. The committee will, from time to time, call meetings of the 15-man commission.

IN CASE YOU HADN'T noticed, there are quite a few new hair stylings to be found at Hereford high school. Probably the most radical departure to be found is the "Cherokee Strip," at top, worn by Joe Streun. He got the cut "just for the heck of it" and now he regrets it. Some one else, he says, could get it if they were "ornery" enough. In the large photo, three of the HHS girls are shown with their "poodle cuts" and "pony tail cut." At left, is Jo Hall who got her poodle cut last Sunday and already regrets it. She doesn't know why she cut it. Nancy Milford, center, has had her pony tail cut for about a month. "It's different and it's cute," she says, "and I don't regret it." Eva Gail Biggers, right, has had her poodle cut for about two months and the more she wears it, the better she likes it, she told The Brand. Alex Thompson Photos

THIS FIVE-LEGGED yearling calf is owned by Hartland Caraway, who purchased the animal from the Kelly Gray estate. Caraway has had the animal for 60 days. The calf gets around quite well in spite of its handicap. The stub right rear foot is disjoined and has two small, but perfectly-formed, hooves as can be seen in the picture. Caraway lives at the north edge of town just off the Airport road.—Staff Photo.

### Oscar Popes In 50th Anniversary Observance Sun.

Approximately 250 people registered at a reception held Sunday in the home of Mr. and Mrs. Oscar Pope near Friona, commemorating their 50th wedding anniversary.

A special program entertained guests throughout the afternoon. Miss Joyce Ann Miller sang "Sweet Sixteen" preceding a second wedding ceremony read by Rev. George E. Meyer of the Congregational church. Mr. Pope presented his wife with a diamond wedding band to wear with the wide gold band which he gave her during their wedding ceremony in 1902, and she

gave him a matching ring. Serving table for the reception was lace-covered and was centered with a three-tiered cake which was iced in white and gold, and featured gold horseshoes on top, with a large "50" completing the theme. Yellow roses were interspersed around the base of the cake.

Family members attending the reception included Mr. and Mrs. Coy Pope and son, Donald of Crane; Mr. and Mrs. A. I. Pope and daughter, Patsy of Grand Falls; Mr. and Mrs. F. R. Strate of Harrisonville, Mo.; Mr. and Mrs. Everette Talbot of Friona; Mr. and Mrs. Lyndon Ritchie of Harrisonville, Mo.; Mr. and Mrs. T. E. Terril Jr., and daughter, Connie, of Lamesa; Mrs. Dan Luttrell and Gary Scott of Friona.

Two grandsons, Billy Ray Pope and family of Robstown; and Dan

Luttrell of Seoul, Korea; were unable to attend the festivities.

Mr. and Mrs. Pope were married in Thomas, Okla., at the Methodist parsonage when she was 16 years old and he was 24.

After their marriage, the Popes traveled by covered wagon to land where Mr. Pope had filed claim in Day County, where they lived for three years.

"Our first home didn't have a floor in it when we arrived," Mr. Pope said. They had brought lumber with them and stayed in the wagon until they could floor the one-room house. The Popes afterwards lived in Eugene, Ore.; Thomas, Okla.; Arapaho, Okla.; and Tipton. The couple then bought syndicate land 9 miles east of Bovina and later moved to their present home near Friona, where they have lived for

the past 22 years, since 1930. "We came to Farmer County on Dec. 26, 1925," Mrs. Pope related.

Six children were born to the Popes, but the eldest daughter Marie, died of diphtheria, when she was 4 years old. Another child, Lloyd, passed away at the age of 35.

Pfc. Herbie Dones, who is stationed at Scott Field, Ill., spent last week in Hereford visiting with relatives and friends. His wife, who has been staying with her parents, Mr. and Mrs. H. E. Miller, returned to Illinois with him Monday.

### CONG. ROGERS SAYS

### Ten Commandments Still Best Code Of Ethics For Americans

**CODE OF ETHICS:** Several members of Congress have from time to time introduced various suggested codes of ethics for public servants. Some of these concerned all public employees, some of them included various groups of employees, and others included everyone. In addition to these, most of the members of Congress have received a great many suggestions from constituents as to the necessity for a code of ethics and what these codes should contain. I have tried to read all of these and analyze them, as they were prompted by the most sincere desire to help this country. Just last week I received one that I think perhaps is the best of all, and I think that you will thoroughly agree with me. It applies to everyone in all walks of life and has been known to all of us from early in our lives. This code of ethics was mailed to me by the First Baptist church at Shreveport, La. and was contain-

ed on one small sheet of paper. It is easily understood, and if followed, it would solve all of our domestic problems, all of our international problems, and all of the world's problems. I am going to pass it on to you, just as it came to me because I am sure you will recognize it:

**"A STANDARD OF ETHICS FOR ALL"**  
I Am Jehovah Thy God:

I  
Thou shalt have no other gods before me.

II  
Thou shalt not make unto thee any graven image.

III  
Thou shalt not take the name of the Lord thy God in vain.

IV  
Remember the Sabbath Day to keep it holy.

V  
Honor thy Father and thy Mother.

VI  
Thou shalt not kill.

VII  
Thou shalt not commit adultery.

VIII  
Thou shalt not steal.

IX  
Thou shalt not bear false witness.

X  
Thou shalt not covet.

Man has made many futile attempts to enlarge upon and restate these Ten Commandments in different ways. If he had spent as much time trying to abide by them, most of our social and political problems would never have arisen. It is not too late to start.

**PRESIDENTIAL PRIMARIES:** Presidential preferential primaries have perhaps received more publicity in the past few weeks than ever before in the history of this country. This is certainly a most encouraging note. The people have long wondered why they could not have a direct voice in the election of the President, or at least in the nomination of their party nominee for president. Much has been said about it in past years, but very little has been done. Perhaps we are now on the road to such a preferential primary that will enable the people to voice their individual opinions as to who they want as the nominee of their party. It is something that should have been started long ago. I have had many heated arguments on the subject because I have always felt that a true democratic form of government demanded an expression from each individual subject to such government. Such preferential primaries, together with proper revision of the electoral college procedure, would actually give the individual voter a true voice in naming the persons to serve as President and Vice-President of this great country.

**FOREIGN AID:** I have received lots of mail against the proposed 7.9 billion dollar foreign aid expenditure. The proponents of this measure are going to have a hard time carrying it through Congress without some sizeable cuts. I noticed that England had approved Churchill's budget for approximately 11 billion dollars. The English budget is about one-eighth of the budget proposal for this country. In fact, the English budget is just a little more than the foreign aid part of the proposed United States budget. This just doesn't make sense.

**UNAMERICAN ACTIVITIES IN FILM AND THEATRICAL FIELDS:** The House Un-American Activities committee had another witness who denies being a communist but refuses to tell whether he ever was one or not. His name is Hyman S. Kraft, a one-time Hollywood screen writer and one of the authors of the Broadway musical hit, "Top Banana." He says that he is not a communist and was not in 1950 or 1951, but refuses to answer as to any other time. This is the same pattern that has been followed by several others from the film and theatrical fields of New York and Hollywood. A house cleaning is needed in both places.

# Canyon Takes First In Five-Way Meet Tuesday

A speedy Canyon track squad rode to victory in high fashion in the five-way track meet held Tuesday afternoon at Whiteface field in Hereford.

Canyon led the pack with 47 1/2 points, followed by the Floydada Whirlwinds, who accumulated 42 1/2 points. Tullia was third with 29 points while the hosting Herd took fourth with 23 1/2. Farwell was fifth with 10 1/2 points.

Hereford took two firsts in the afternoon's events — in the 440-yard run with Tom Woodford clipping it off in 54.2 seconds, and in the high hurdles with Lowery spanning the jumps in 17.2 seconds.

Coach Dalton Criswell's squad will journey Saturday to Farwell for the six-way competition between Hereford, Farwell, Dimmitt, Olton, Friona and Bovina. The squad had previously committed itself to the Farwell meet and will pass up the postponed Panhandle meet at Panhandle.

Results of the meet Tuesday follows:

**120 High Hurdles**  
Time: 17.2 Seconds  
Lowery, Hereford; Middleton, Canyon — 18; Dickson, Hereford and Grimes, Floydada — 18.4.

## Sharon D. Moore Named FHA Area Reporter Sat.

SHARON DEE MOORE

Sharon Dee Moore, daughter of Mr. and Mrs. Troy Moore, was elected reporter of Area I of the Future Homemakers of America for 1952-1953 at a meeting of the group Saturday in Plainview.

Sharon Dee, who is a junior in Hereford high school, is secretary of the local group. She has been in FHA for three years.

Her duties will include publishing two Area newsletters and handling the publicity for the Area to the State and National Newsletters.

A Friona girl, Kay Ann McFarland, was elected president of the Area at the meeting.

Mr. and Mrs. Bob Dille of Amarillo and her parents, Mr. and Mrs. Baus of Baltimore, Md. were dinner guests Monday night in the home of Mr. and Mrs. Sanford Smith.

Art Lewis visited in the home of his parents, Mr. and Mrs. Q. N. Lewis in Carthage, Mo. last week. Mr. and Mrs. Q. N. Lewis have recently moved from Hereford to Missouri.

## Johnson Dairy Herd Tops In Randall DHIA

The Holstein dairy herd of W. H. and W. T. Johnson of Deaf Smith county was among the top four herds in milk and butterfat production for February in the Randall county Dairy Herd Improvement association, figures just released show.

The Johnson herd averaged 980 pounds of milk and 3.7 per

cent of butterfat. This association report covers 13 herds of 448 milking cows. The Randall county DHIA was tops in the state in milk production and the February average of 790 per cow should stand high again.

Included in the list of top 10 cows in milk production are the following from Deaf Smith county herds:

W. H. and W. T. Johnson, Holsteins; Bob Kerschen, Holsteins; Deniz Pullium, Holsteins.

Cows listed as top 10 in butterfat production are those owned by:

W. H. and W. T. Johnson, Bob Kerschen, Deniz Pullium. In the 60-70-pound butterfat class are cows owned by: Deniz Pullium and Bob Kerschen.

The 50-60-pound class includes: W. H. and W. T. Johnson, Harold Krueghauer, George Heard, Bob Kerschen and Deniz Pullium. In the 40-50-pound class are: Bob Kerschen, Deniz Pullium, W. H. and W. T. Johnson, Harold Krueghauer and George Heard.

Eugene Miles, who is a student at Texas Tech, spent the week-end in Hereford with his parents, Mr. and Mrs. E. B. Miles.

## Telephone Company Employees Have Informal Party

The employees of the Southwestern Bell telephone company and their guests were entertained at an informal party in the lounge of the telephone building Thursday night.

Refreshments were served picnic style to the group.

Conversation provided the entertainment for the evening.

Mr. and Mrs. Bill Rush of Dallas visited in the home of his brother-in-law and sister, Mr. and Mrs. Horace Hershey over the week-end.

Mr. and Mrs. Edd Jesko and family visited in the home of Mr. and Mrs. Matt Jesko and family in Muleshoe Sunday.

## Bovina Students Will Tour City Friday, April 25

Seventy Bovina school children are coming to Hereford on April 25 for a tour of the city's commercial and municipal buildings. The students, ranging in age from 8-11 years of age, will be shown flour milling, planing mill, greenhouse, creamery, the library, Hotel Jim Hill, and other spots of interest. At noon, the students will be given lunch by the Chamber of Commerce at one of the school cafeterias.

## Easter Seals Mailed To 2,843 In Past Week

Easter seals were mailed to 2,843 residents of the county during the past week, according to Bob Wear, chairman of the Easter Seal campaign in Deaf Smith county. Wear urged all persons contributing seals to return their contributions as soon as possible. The drive will continue until Easter - April 13. Sixty per cent of all funds raised stays in the community. He also reminded residents of the community that any child needing assistance should contact him or D. C. Kinsey. There are limited funds in the treasury now which are intended for the use of local crippled children cases. The envelopes for the Easter Seals were addressed by members of the Tri-Hi-Y of Hereford.

## Rural Route One Extension Open On April 16

A four-mile extension to rural route one will go into effect on April 16, according to Postmaster Jim Lipscomb. About eight new patrons will be served by the extension, which will extend two miles north and two miles back south at the extreme northeast part of the route. The extension has been approved for more than a year, Lipscomb said. April 16 is the date service will begin if all patrons have their boxes put up, he commented.

MRS. RALPH McCULLOUGH

### Mrs. Ralph McCullough Elected President Hereford Garden Club

Mrs. Ralph McCullough was elected president of the Hereford Garden club at a meeting held Friday afternoon in the home of Mrs. R. A. Tynes.

Named to serve with Mrs. McCullough were:

Mrs. C. D. Kelton, first vice president; Mrs. W. S. Fluit, second vice president; Mrs. J. P. Slaton, third vice president; Mrs. Jim Black, recording secretary; Mrs. John Jacobsen Jr., corresponding secretary; Mrs. O. H. Herring, treasurer; Mrs. O. G. Hill, parliamentarian; and Mrs. E. W. Young, reporter. Officers will be installed at the final meeting of the club in May.

Plans were made to attend the State Garden club convention to be held in Waco April 15-17 with Mrs. John Jacobsen Jr. named as delegate and Mrs. C. D. Kelton, alternate.

Mrs. W. S. Fluit discussed flower show plans which has been set tentatively for May 9. Garden clubs from nearby towns have been invited to enter the show.

Members also planned to attend the district Garden Club meet to be held in Lubbock May 9-10.

The program for the afternoon centered around "Garden Pests and Diseases." Mrs. C. D. Kelton told the story of the praying mantis which is highly beneficial to the garden and the greenhouse. She warned against destroying the mantis or the mass of eggs usually found clinging to shrubs.

Mrs. C. C. Ferguson spoke on "Pests and their Control." She gave a list of different pests and their methods of control. She

warned gardeners to start their war against pests early for the pests are already here.

Members attending were: Mesdames Jim Black, C. C. Ferguson, E. E. Fridley, W. S. Fluit, Jeff Gilbreath, O. H. Herring, O. G. Hill, John Jacobsen Jr., C. D. Kelton, J. H. Lomas, A. L. Manjeot, Ralph McCullough, E. Ramey, J. P. Slaton, A. O. Thompson, E. W. Young, and the hostess.

### Buz Gillentine Feted On Sixth Birthday Monday

Buz Gillentine celebrated his sixth birthday Monday afternoon with a theater party given by his mother, Mrs. Jimmie Gillentine.

After attending the show the group went to the Gillentine home where refreshments were served.

Toy airplanes, paper hats and balloons were given as favors. Those attending were: Nick Milburn, Jerry Don McCastin, Bill Jack Gilliland, Cheryl Edmensen, Judy Knief, John Fowles and the honoree.

Lloyd Snyder, former Hereford resident, spent last week in Hereford visiting with friends and relatives. He is from Bisby, Ariz.

Mrs. Gaston Baer is visiting her mother, Mrs. Lena Berg in Oklahoma City.

# Grandstand Gropings

By Kent Snare

The minion has been flicking my tail feathers in an attempt to expedite this filler but up to now I have had neither the subject matter nor the opportunity to coagulate it . . . I did bend the ears Saturday to gather in bits of the NCAA playoffs and the failure of the Phillips 66ers to rescend the AAU throne . . . Their old nemesis, Howie Williams of Purdue and the Caterpillar Diesels, repeated his here-in commented upon, early season chore against them. He took nine shots in the first half, connected for eight, five of them in a string . . . The hole he put the Oilers in was too deep. They never emerged although they twisted and pushed, losing five men on fouls during the process . . . Incidentally, the penalty stripe provided the margin of their loss; they committed 41 . . . Kentucky, already fancifully fingering the phantom NCAA crown, and indubitably seeing the score of their early season 81:40 trimming of St. Johns' couldn't discern the handwriting on the wall as Zawoluk and mates dropped them 64-57 . . . At Corvallis, at-large Santa Clara pulled the unexpected on Wyoming 56-53 . . . At Kansas City, Kansas propelled by an all-time NCAA tournament scoring spree of 44 points by Clyde Lovellette, had little or no trouble with St. Louis, cantering in, 4-55 . . . Illinois, adhered to the pattern and took down Duquesne without pressure, front-running all the way, 74-68 . . . That puts a neat package of two on the fire at Seattle Tuesday nite in the semi-finals — St. Johns against Illinois and Kansas tackling Santa Clara or mayhap better versa visa

. . . I guess Illinois and Kansas to tangle in the final and a peek around the corner, one finger wag for Kansas to take it . . . By the time this hits the Texas dust, publicly, you will all know how bad those guesses were. I liked the scorehead under Jay Simon's by-line in the writeup of Oklahoma City's triumph over University of California at Los Angeles. It read, "You see, L. A." . . . The Ty Cobb-stirred controversy has wrangled up reams of pro and con, with no end in sight. Both the new and old stars of the game have many gongs to ring and laurels to protrude but one thing stands out to me and that is the will to go, maybe you would say the old boys were the leaner, both in stipend and living. Even the peerless Cobb never had the cash register turning back flips . . . He is rated as being safely ensconced within a wall of negotiables, high enough to discourage the well-known wolf . . . But the work goes on around and about that shrewd dabble in a then, carriage trade nicely, but now the soft drink of all drinks, was what padded his purse and not the pay for diamond darning . . . The fact remains that on the upsurge you go farther 'cause you think you have it made or because in making it, you have acquired the touch of the easy, things and the old hungry flash can't show thru . . . The Hereford Implement company had its annual "Family Party" Monday night, among the stage performers was a limp young lady con-

## International Flavor In Wrestling Card Saturday

Wrestling fans at the Bull barn Saturday night got their money's worth with a ringside seat at every kind of action imaginable.

The Lions club effort assumed the flavor of an international skirmish as grapplers from four nations met in "one world" — the 16-foot square Bull barn ring.

They got their allotment of thrills from the rough and tumble match between Hungary's John Pavich and Rowdy Pat O'Dowdy as well as from the internationally flavored match between Japan's Sesue Oyama and former Russian Alex Kasaboski, now a Canadian.

For the record, Pavich won over O'Dowdy in the hour-long match, two best out of three falls. Kasaboski took a decision over the disqualified Oyama.

There was much more excitement than could be put on the record, however, plus a preview of more to come in the near future, possibly this Saturday.

Oyama has challenged Kasaboski to a Judo, Jacket match and plans are in the mill to make this event the highlight of next Saturday's card. In the event Promoter Dory Detton had other plans set for this duo previously, the match will be held in the very near future.

Kasaboski met Oyama in the second main event match of the bill Saturday night. The bout was a thriller, too, with as much action outside the ropes with the paying faithful as there was on the canvas.

Alex won the first fall in 12 minutes with a one-legged crab. The five minute rest must have done wonders for the Russian morale, for when re-entering the ring, the bearded one proclaimed for one and all to hear that the Russians were going to "take

care of the Japanese tonight." Two minutes later, Kasaboski was flat on his back enjoying an Oyama-induced sleep. The wily Japanese let Alex do the talking and then proceeded to apply a Japanese sleeper hold.

Oyama kept the sleeper on Kasaboski for about three minutes and then brought him out of it.

In the 10 minutes that followed, both grapplers were out of the ring probably more than they were in it. One would knock the other through the ropes and then follow him out and whip it up as fists flew and tempers raged.

On one of these occasions, Kasaboski got back in the ring while Oyama didn't make it within the 20 count and was disqualified.

It was after the bout that Oyama made his challenge to Alex which the Canadian promptly accepted. In the Judo Jacket match, nothing is barred save fistwork and hair-pulling. Both combatants wear canvas jackets halfway down to their knees which jackets are used for leverage. The Judo Jacket match has been seen here before, but it has been quite a while ago, according to Guy Lawrence, matchmaker for the Hereford Lions.

Oyama provided the faithful with a colorful routine before and after the bout with Kasaboski. Prior to combat, Oyama, followed, the custom of his ancestors, sprinkled the ring with salt to chase away the evil spirits. Then he prayed before the bout and also followed the match with a prayer.

In the first half of the double main event, Hungary's John Pavich tangled hooks with Pat O'Dowdy, ruffian from Big Spring. O'Dowdy took the first fall of the bout with an arm stomp in

22 minutes. The Hungarian came back in two minutes for a whirlwind fall showing O'Dowdy he could do the same thing, flattening the Big Springer with an arm stomp.

Pavich climaxed the rough and tough match in eight minutes more, pinning O'Dowdy with a body jackknife.

With O'Dowdy in the ring, plenty of action was guaranteed. Fans saw plenty of it in this bout — all types, too.

Alex Perez refereed the match. A return of the women wrestlers is scheduled in the near future, Guy Lawrence said. The date is not definite, but they will return for another exhibition.

## 655,000 Living Veterans Of Korean Conflict

Veterans Administration today announced for the first time the number of military personnel who have returned to civilian life as veterans since the Korean conflict started June 27, 1950.

As of January 31, 1952, there were 655,000 living veterans with U. S. military service since the Korean conflict began. This is an average discharge rate of nearly 35,000 a month for the 19-month period.

Many of these since - Korea veterans also saw service during World War II.

A total of 135 veterans who were disabled in service since June 27, 1950, were being rehabilitated on January 31, 1952 under the Vocational Rehabilitation Act to overcome the handi-

**-you can't beat a GMC!**

**KNOW** why, more and more, GMC's are becoming first choice of so many cost-watching truck operators in every type of hauling?

One of the big reasons, they will tell you, is they can always get a GMC that's exactly "engine" for their particular kind of work.

There is no need for a GMC owner to strain away with an underpowered truck — or lose profit to a gas eater unsuited to its job.

That's because GMC builds the widest range of truck engines in the industry — valve-in-head gas engines from 100 to 200 H.P. — exclusive 2-cycle Diesels from 110 to 225 H.P.

And it's the kind of power you don't have to pamper!

Each GMC engine is specially lubricated against wear, specially ventilated against acid-forming fumes even when idling — specially designed for truck duty!

Why not let us recommend the GMC truck, tractor or six-wheeler perfectly powered for your job? It will be a real truck all the way — exactly the right combination of engine, axle, transmission and frame blended by the world's largest exclusive manufacturer of commercial vehicles!

## Legal Notice

THE STATE OF TEXAS TO: THOMAS J. ALLEN, and if he be deceased, the heirs, the unknown heirs and legal representatives of the said Thomas J. Allen, deceased, and if he be married, the unknown spouse of the said Thomas J. Allen, GREETING:

You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 5th day of May, A. D., 1952, at or before 10 o'clock A. M., before the Honorable District Court of Deaf Smith County, at the Court House in Hereford, Texas.

Said plaintiff's petition was filed on the 18th day of March, 1952. The file number of said suit being No. 3460. The names of the parties in said suit are:

G. B. Hagar as Plaintiff and Thomas J. Allen, and if he be deceased, the heirs and the unknown heirs and legal representatives of the said Thomas J. Allen, deceased, and if said Thomas J. Allen be married, the unknown spouse of the said Thomas J. Allen, as Defendants.

The nature of said suit being substantially as follows, to wit: Suit in Trespass to Try Title to recover the title and possession to the following described land and premises situated in Deaf Smith County, Texas, to-wit:

Lots Nos. 11 and 12 in Block No. 3 of the Miller and Church-

ill Subdivision of the West one-half (W 1/2) of Block No. 23 of Evans Addition to the Town of Hereford, as shown by the plats of said Subdivision and Addition of record in the Deed Records of Deaf Smith County, Texas; said property being further described as:

The East 107.2 feet of Lots Nos. 19 and 20 and the South 29 feet of the East 107.2 feet of Lot No. 21 of Parker Subdivision of the West one-half (W 1/2) of Block No. 23, Evans Addition to the Town of Hereford;

Wherein the Plaintiff pleads title in the Plaintiff by reason of the Five year and Ten year Statutes of Limitations, and that the claims of the Defendants and each of them cast a cloud upon the title of the above described property, but that the claims of the Defendants and each of them are inferior to the claim of the Plaintiff to said property.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this 18th day of March A. D., 1952.

Given under my hand and seal of said Court, at office in Hereford, Texas, this 18th day of March A. D., 1952.

caps of their disabilities. Of the 135 veterans, 99 were in school training; four in institutional on farm training, and 32, in job training. Institutional on farm training combines class room studies with practical work on the farm.

As of December 31, 1951, a total of 3,988 were drawing compensation for service - connected disabilities or pension for non-service - connected disabilities. VA hospitalization was being

start early enough in the fall of 1952, so that one of the three PMA community committeemen can contact every farm operator before the 1953 program begins. The average committeeman will have between 40 and 50 farms to contact - that is if all three committeemen do their share.

The PMA community committeeman will not pose as an expert, when he contacts the farmers about the 1953 ACP. He will not be expected to furnish the farmer technical advice about conservation work. But the PMA community committeeman can give the farmer much valuable help in planning how to use ACP assistance most effectively in carrying out the needed conservation work on the farm. Of course, the committeeman must be familiar with the program, its provisions and practices, if he is to serve the farmers as he is expected to do. And if he is practicing what he preaches, he will find that what he does on his own farm will do a lot toward influencing his neighbors.

## PMA Community Committeeman's Role In ACP

The PMA community committeeman will have the leading role in the operation of the 1953 Agricultural Conservation Program. He will have a job to do if the farmers in his community are to participate in the 1953 program in every county in every state.

Before the 1953 ACP goes into effect, the PMA community committeemen will contact all farm operators in the community and give them an opportunity to request assistance under the program. Each farmer will be asked to list the practices most needed on his farm. Only those practices that the farmer lists with his committeeman will be eligible for ACP assistance.

The ACP is always open to every farm. That means that every farm operator must be contacted about the 1953 program. The contacts will be made by the people elected by the farmers to run the program - the committeemen - not by "hired help." The contacts will have to

provided on January 31, 1952, for 1,862 veterans with service since Korea.

In addition to living veterans with service since Korea, VA was furnishing benefits to dependents of deceased veterans of the Korean conflict. As of December 31, 1951, 17,061 dependents of 8,895 such deceased veterans were receiving VA death compensation or pension.

On the same date, VA had allowed 4,521 claims for indemn-

nity payments to survivors under Public Law 23, the Servicemen's Indemnity and Insurance Acts of 1951. This is the law that provides a free indemnity of up to \$10,000 less any GI insurance in force, for the immediate family of eligible servicemen and women who die in service or within 120 days of their discharge from service.

How NECESSARY is every cog in the wheel? If the wheels belong in my auto, then I know every single cog must be in its place and working smoothly. If that is important in the mechanics, how much more significant in the human and personal and social realm. *I am a cog in a family, in a neighborhood, in a city, in a church.* I wonder how well I work. What a lesson for each of us! For we all are tempted to go our own way... think of our own concerns, as if each of us was the whole wheel... the only person in the world.

**COGS IN WHEELS!** That is a good figure. *How good a cog are you? Am I?* When heavy loads are to be borne, do I carry my share of the weight? When necessary errands must run, do I gear in smoothly? Or do I insist on breaking out of the groove, that I may be noticed, or escape some of the grinding experience of helpful living? God is master of us all. He calls us to a particular little part in the world's work... each is a cog. *He expects us to work for Him and to His glory.* If we keep in place and function smoothly for the common good of His church and His world we shall know the blessing of work, "Well done, good and faithful servant."

There will be a Christian Women's Fellowship luncheon at the church at 1 o'clock Wednesday, April 2.

The Christian Men's Fellowship will meet for a covered dish supper at the church on Thursday night at 7:30.

Wednesday night prayer service will be held at 7:15 followed by choir practice at 8:15.

### First Presbyterian

Sunday school will be held at the First Presbyterian church at 9:45 on Sunday, March 30.

The morning worship service will be held at 11 a. m. and the evening service will be at 7:30.

The First Presbyterian church is located at 610 Lee.

### St. Anthony's Catholic

Sunday masses will be held at the St. Anthony's Catholic church on Sunday morning at 8 o'clock and 10 o'clock.

There will be a Faith of Our Fathers radio program at 1:30 p. m. Sunday over station KPAN.

Confessions are held Saturday from 5 to 6 p. m. at the church. They are also held from 8 to 9 p. m.

The St. Anthony's church is located at the corner of Highway 51 and Park Avenue.

### Seventh Day Adventist

Two new hospitals will be established in West African countries as a result of a world Sabbath school fund-raising program in which Adventist church members here will participate next Saturday, March 29.

Leaders announce that an "overflow" offering for the first quarter of the year, expected to provide \$45,000, will be expended in Nigeria and Ethiopia.

A small, meagerly equipped clinic in Jengre, Nigeria, now treating 15,000 patients a year, will be greatly enlarged, they say. A British missionary doctor and nurse, with native assistants, are now carrying on there, according to reports given the Sabbath school here.

The other hospital will be in Dessie, Ethiopia, where Adventist have been invited to staff and equip a medical center, for which the empress and crown prince will provide the building. Three other Adventist hospitals are now in successful operation in Ethiopia. One conducted in Dessie before the Italian invasion of the country was confiscated at that time.

Special hospital projects for the quarter have enlivened missionary giving by Sabbath school. Delbert Deiter, Sabbath school superintendent, said. Total offerings for the day for the world will, it is estimated, reach \$275,000, of which the "overflow" of approximately \$45,000 will go for these hospitals.

Adventist, who have found medical missionary work the most effective means of giving practical and spiritual help to people in countries where the Christian religion is unknown, are now operating 163 hospitals and dispensaries around the world.

### Roof Paint

A very satisfactory roof paint can be made by heating six to seven parts of coal tar pitch until thoroughly melted. After removing from the fire, add slowly and with constant stirring three parts of solvent naphtha. If desired that this coal tar paint contain asbestos, mix in one part of asbestos fiber and nine parts of the above paint.

### Yellowed Garments

To whiten yellowed clothes first soak them over night in water containing borax—about 1/4 cup to 1 gallon of water. If not satisfactory, let them freeze in cold weather. This will whiten them wonderfully.

### Cleaner Sink

A piece of common washing soda placed in the outlet of the sink keeps the drain free and prevents unpleasant odors.

### Eliminate Sagging

Knitted suits or sweaters tend to sag at the shoulders, thus spoiling its appearance. To eliminate this attach a bit of ribbon to the length of the shoulder neck to armholes, securing the ribbon at each end of the sweater. This holds the shoulders firmly in place.

### Grease Spots

Grease spots on linoleum or wood floors should not be washed with hot water as this sets the grease. Wash with cold water and soap powder until the spots are removed.

### Easier Cutting

Dip a knife into boiling water until heated, and it will be much easier to cut warm bread or cake, hard-boiled eggs, fudge, or caramel candy.

### Sticky Drawers

Rub a little paste flour wax on the slides and also on the lower edges of the drawers themselves and polish thoroughly. Unless vigorously rubbed, wax forms a sticky coating, but properly polished it forms a hard, smooth finish.

### Sick Headache

The juice of half a lemon in

a cup of black coffee without sugar and cream is an excellent remedy for sick headache.

### Fruit Salads

Individual fruit salads are most attractive and delicious when served with a ball of cream cheese sprinkled with cinnamon.

### Home-Made Cedar Chest

An efficient and inexpensive cedar chest can be made at home very easily. Take a box of any soft wood and fasten the cover on with hinges. Then stain the outside of the box the desired color, brush the inside with oil of cedar, and keep a bag of cedar chips inside to insure its keeping qualities.

## Garden Beautiful Club Has Program

Mrs. Ralph McCullough, president of Hereford Garden club, was guest speaker for the Garden Beautiful club Friday afternoon at a meeting held in the home of Mrs. Helen Pipkin. Mrs. F. P. Lyons was program chairman.

Mrs. McCullough's subject was "Roses Bloom in My Garden" and her talk gave, in detail, her experiences with roses in this area. So complete was her well-rounded discussion of the plants and their care that the amateur rose gardener would have no hesitation in following her directions.

Plans were made for the next meeting which will be held in the home of Mrs. Joe Poindexter with Mrs. Don Paschel of Phillips as guest speaker. She will speak of flower arrangement.

Those attending the meeting were: Mesdames S. L. Easley, Geo. Graham, J. W. Kirby, F. P. Lyons, Carl Perrin, D. B. Roberson, B. E. Roberson, Mary Seigler, J. W. Thomas, J. L. Woodford, Miss Frances Turrentine and the hostess.

Hicks Roberson and Donald Henslee arrived in Hereford Saturday from Yuma, Ariz. They came for Mrs. Donald Henslee.

### George Parkers Make It Pay To Get Straight "A"s In School

By Bertha Frye

Mr. and Mrs. George S. Parker are quite interested in the children of the community and in their school work. The Parkers are offering an award to each child in the Dawn school making straight "A" report cards. Last month the Parkers made four such awards. The award is of interest to the children and no doubt the Parkers will be making several awards at the end of this month.

A birthday dinner honoring Mrs. H. T. Wedel of Hereford on her 77th birthday was given Saturday in the H. H. Miller home. Those present were: Mr. and Mrs. H. T. Wedel, Mrs. R. A. Frye and Richard, Mr. and Mrs. Alfred Smith and children, Miss Bertha Frye and the hosts. Mrs. J. B. Caraway, Mrs. Reece Stewart and Mrs. Ray T. Stewart were hosts of their families, all of whom have birthdays this month.

The dinner was given in the home of Mr. and Mrs. C. R. Gandy in the Wyche community. Those celebrating birthdays were: J. P. Gandy, 80; H. H. Gandy, Mrs. J. B. Caraway, Alice Ann Caraway, Ray T. Stewart, Linda Kay Stewart.

Those present for the dinner were: Mr. and Mrs. J. R. Oglesby of Etter, Mr. and Mrs. C. T. Caraway and family of Tulia, Mr. and Mrs. G. S. Gandy and family of Wheeler, Mr. and Mrs. J. G. Gandy and family of Capulin, N. M.; Mr. and Mrs. Reece Stewart and children, Mr. and Mrs. J. B. Caraway and children, Mr. and Mrs. Ray T. Stewart and Linda.

Mr. and Mrs. J. B. Caraway, Robert Eldon and Alice Ann were dinner guests Wednesday in the Iverson Leake home in Canyon.

Recent visitors in the Baker Womble home were Mr. and Mrs. J. W. Epperson of Cleveland, O., Mrs. Elizabeth Franklin of Mangum, Okla., and F. T. Epperson of Bakersfield, Calif.

Mr. and Mrs. Charles Corder and Mr. and Mrs. Walt Beavers and family attended the senior play at Hereford high school Friday night.

Mr. and Mrs. Bill Carthel and Danny of the Easter community spent Saturday in the home of her parents, Mr. and Mrs. H. V. McCabe.

Carol Miller of A & M College was home over the week-end.

# Tribute to a neighbor

We'd like you to meet a neighbor on whom both of us depend. He's the man who operates the service station in your neighborhood. You depend on him to take care of your car, to supply you with products of high quality at reasonable prices. You expect, and get, from him more free service than from any other merchant with whom you do business: whatever you spend, he cheerfully cleans your windshield, checks your oil and tires, furnishes you with free battery water, and renders special services as you need them.

The oil companies depend on him as the independent merchant who distributes their products. He demands, and receives, continuously improved products with which to compete with his business rivals. He insists on reasonable prices that will move his merchandise in volume. His progressive attitude is one of the chief reasons why the oil industry has supplied you with better products at about the same prices over a long period of years.

It's a pleasure to pay this tribute to a neighbor, to thank him publicly for being such a friendly, dependable contact between the oil industry and its millions of customers. He is not on our payroll, but we couldn't do business without him.

**Q. How can I prevent white silk from turning yellow when washed?**

**A.** This is rather difficult to prevent, but rolling the white silk garments in a Turkish towel as soon as washed will usually prevent their turning yellow. They may be ironed in half an hour, or can be left for twenty-four hours without harm.

**Q. How can I make an effective cement for broken china?**

**A.** Mix plaster of Paris with the white of an egg to the consistency of a cream. Then apply as you would any prepared cement.

**Q. How can I prevent cheese from becoming moldy?**

**A.** Rub the cut part with butter and cover with waxed paper; keep on ice.

**Q. How can I remove soil from a parchment shade?**

**A.** Dip a clean cloth into olive oil and use this for removing all soil from a parchment shade. This treatment at the same time will impart an attractive antique luster to the shade.

**Q. How can I prevent ink from spreading when marking linen?**

**A.** The ink will not spread if the initials are first put on with

**Q. How can I clean the fish bowl?**

**A.** Wipe the stained gold fish bowl with a cloth dampened with vinegar, and it will remove all unpleasant sediment.

**Q. How can I remove grease spots from white and fast-color materials?**

**A.** Saturate the spots with benzine, placing a blotter on both sides of the material, and applying a hot iron to the upper surface for several minutes.

**Q. How can I keep silverware looking bright?**

**A.** Pour a little milk into the water in which the silver is washed, and this will aid greatly in keeping it looking bright. The fat in the milk forms an invisible coating which helps exclude the air.

**Q. How can I soften shoe polish that has become hard?**

**A.** Add a small quantity of turpentine to the shoe polish, and it will soften almost immediately.

**Q. How can I fertilize plants?**

**A.** Cold tea, or ammonia water that has been used for washing, is an excellent fertilizer for plants. Or, add a teaspoon of ammonia to two quarts of lukewarm water and use this to water plants every two weeks. Grapevines and rose bushes thrive well if greasy dishwater is poured at the roots every day.

## Spring Season Critical For Range Plants

COLLEGE STATION — Pasture plants in most sections of the state have taken a beating from the weather during the past several months. Rain and more rain is badly needed before the hard hit range plants can even begin their comeback.

A. H. Walker, range specialist for the Texas Agricultural Extension Service, says even under normal conditions the spring season is the most critical period for range plants.

He says pasture plants need a rest period to regain their vigor and to allow them to produce a seed crop. He encourages livestock producers to graze supplemental pastures, if available, to give ranges a rest for a month or six weeks. This spring rest will give vigor to native drouth stunted and over-grazed plants.

He points out that the usual practice, following a drouth, is to start grazing the range just as soon as the first plants appear and this is not good for the range vegetation.

Such practice may reduce annual forage production by as

much as 40 per cent, says the specialist. Such a reduction means that a ranchman could only run 60 head of cows instead of 100 head on an annual basis if he had used better management during the spring season.

Walker says he realizes that unless weather conditions change very materially in the near future, the spring growing season will just not happen on a lot of the state's range lands. But when the drouth is finally broken, he urges ranchmen to give the range vegetation a chance to become re-established. The drouth has sapped their vigor and stopped root development.

A spring to fall deferralment period may be needed in the most critical areas. Such a practice will give the plants a chance to make a seed crop that will be needed to insure a stand of the desirable species, says Walker.

A rotation plan for deferring different pastures on the ranch should be worked out and at least one pasture should be deferred each year. Walker points out that range demonstrators have proved that deferred grazing is not only an effective aid to a range recovery program but is also one of the best conservation practices that can be used on the range.

Patsy Wiltshire, daughter of Mr. and Mrs. W. B. Wiltshire, spent the week-end at home. She is a student at Texas Tech in Lubbock.

Margaret McDonald visited friends in Amarillo over the week-end.

Visitors in the Maurice Tannahill home Sunday were her brothers, Chester and Herschell Carthel of Lockney.

## Irrigation Well Equipping Cost Is Around \$5000

COLLEGE STATION—It costs between \$4,000 and \$5,000 to develop and equip a new irrigation well on the High Plains of Texas, according to a study just published by the Texas Agricultural Experiment Station.

These averages are based on installation and operation costs reported during 1947, 1948 and 1949 in a study of a yearly average of 176 wells in Lubbock, Hockley, Hale, Floyd and Swisher counties. Present costs may be somewhat higher than during the period of the study.

Installation costs included the drilling, casing and spillway for the well, which averaged \$1,272. Purchase and operating costs are given for four types of power

units used to pump irrigation wells. These were electric engines, small and large automobile engines and industrial engines. Respective initial costs during the period of this study were \$700, \$485, \$782, and \$1,320.

An average of 126 acre-feet of water was pumped per well each year of the study. The cost per acre-foot varied with the type of power used and whether the unit was operated with electricity, butane, gasoline or natural gas. Price ranges are shown for each kind of fuel.

The study, reported in Bulletin 745, briefs the historical de-

velopment of irrigation from wells on the Texas High Plains. About 1,860,000 acres of Plains land were irrigated in 1950 from about 14,000 wells. Most of this development has taken place since 1934.

Cooperating in the study were the Department of Agricultural Economics and Sociology of the Texas Station and the Bureau of Agricultural Economics of the U. S. Department of Agriculture.

Copies of Bulletin 745 may be obtained from the Publications Office, Texas Agricultural Experiment Station, College Station, Texas.

## What's Your Notion of Magnificent Motion?

WE'LL admit that we're taking in a lot of territory when we use a word with the definition shown above.

But no lesser term can do justice to all the things that make a Buick such a joy to drive and to own.

Splendor and sumptuous adornment you'll certainly find in its rich interior—grandeur you'll certainly find in the mighty flow of its power.

But all this is only background for what is accurately termed its Million Dollar Ride.

Yes, sir, magnificent is the word for this majestic beauty in motion.

There's an earth-hugging, mile-skimming feel to it, as it bullets along the highway.

It holds a straight course without weave—seems to snug down to the road on curves.

A massive X-braced frame gives it solidity. A torque-tube firms its keel. End-ways and side-roll are neutralized. The engine is Hi-Poised mounted on rubber pillows—and big, soft-acting coil springs on all four wheels soak up the jars and jolts, float you over road-ripples, "washboard gravel" or weather-pocked macadam as if they weren't there.

Even its Dynaflo Drive\* contributes to the smoothness of its forward motion by cushioning the transmission of its power.

How about taking one of this year's Buicks—SPECIAL, SUPER or ROADMASTER—on a cruise of discovery all your own?

Touch off its Fireball 8 Engine that's a gas-saving high-compression valve-in-head—head it out for the roads you know by past experience—and let it speak for itself. Even the price tag is eloquent proof that this is the car for you.

### Too Early To Evaluate Damage To Onion Crop By Week-nd Chill

By Mrs. R. C. Childers  
It is not known whether the cold weather of Saturday and Sunday will affect the onion crops in this vicinity. Mr. Jack Renfro reports that the tops of the onions have turned yellow. He says that he doesn't know whether the severe cold weather affected the root system or not. "Only time will tell," he says. This will set back the crops, as the onion tops will die and a new growth will replace them.

Mr. Renfro also said that the damage may not show up until almost time for harvest, when the onion tops should die, and instead they make seed. This top growth will ruin the onion for the market.

Jack Renfro reports that a record of onion planting was set on his place Friday when 150 Mexican laborers set out 13 acres of onions, in about seven hours. A total of 1,300,000 plants

were set out.

Mrs. Leona Packard and Leroy attended a birthday party, honoring the three-year-old daughter of Mr. and Mrs. Chas. Packard in the Chas. Packard home in Hereford Sunday.

Mackie Greer of Littlefield was a visitor in the home of his sister, Mrs. Paul Corbett and family, last Monday. Mrs. Paul Corbett is able to be up and is reported to be doing fine. She was released from the hospital Friday.

Mrs. C. S. Barclay is also able to be up and is doing part of her work. Ronald Corbett missed school Monday. Ronald is under the care of a doctor in Amarillo. It is hoped that he will soon be feeling good again.

Mrs. Leona Packard and her son Leroy entertained a group of friends in their home Friday night with a "42" party.

Ple and coffee were served. Guests attending were Mr. and Mrs. Marion Southward, Mr. and Mrs. M. G. Caywood, Mr. and Mrs. Jack Renfro, Mr. and Mrs. Charles Packard, Mr. and Mrs. Jimmy Banks and Jack Payne.

Mr. and Mrs. Earl Johnson of Pampa were visitors in the Wayne Johnson and R. C. Childers homes Friday and Saturday. They returned to their home Saturday morning.

Mr. and Mrs. Wayne Johnson left Saturday evening to join

Mr. and Mrs. Earl Johnson at Pampa for a trip to Harrison, Ark. The two couples plan to be gone several days. They left Sunday morning.

Mr. and Mrs. Thomas Barclay and Mr. and Mrs. C. S. Barclay were in Amarillo on business Saturday.

Patsy Childers attended the FHA district meeting in Plainview Saturday.

Ramon Childers Jr. played for the Toastmasters convention at Hotel Jim Hill Saturday night.

Mrs. N. D. Bartlett and Mrs. F. G. Witherspoon were callers in the R. C. Childers home Friday afternoon.

Two thermometers in the community had the same readings Saturday and Sunday mornings. The readings were 4 degrees above zero between the hours of 6:30 and 7:00 a. m.

Mrs. C. Steven was a visitor in the R. C. Childers home Sunday afternoon. Mrs. Stevens is an agent for a home products firm.

Mrs. R. N. Cooke reports that she has planted her garden. The Cookes recently moved to Nacogdoches, Texas from this community. Mrs. Cooke is also planning her flower garden. The weather is warm there, the grass is green, providing good pasture for cattle and livestock. Mr. Cooke is putting in a lot of permanent pasture on his farm.

Mr. and Mrs. R. M. Cooke of

Canyon are visiting in the Cooke home in Nacogdoches this month. They are the parents of R. N. Cooke.

Mr. and Mrs. F. Seeger of Chicago were visitors in the home of Mr. and Mrs. Jack Renfro Thursday afternoon. Mr. Seeger is an onion grower there. He has a 70 acre tract in the suburbs of Chicago. He thought he had a big farm until he saw the large tracts of onions planted here.

He was amazed at the four-row equipment being used in this part of the country. They had been visiting all the onion-growing parts of the United States. They had been to Phoenix, Ariz., and returned by way of Brownsville and to Hereford. Raymon Higginbotham was in the local hospital last week with the flu. The Higginbothams live on the old Ernest Hardman place.
