SIGHTS, FACES SEEN

Around Town

The Red Cross class which was started by the Jolly Rogers Motorcycle club is a class for everyone, not just teen-agers, according to Dyalitha Bradley. The class is held on Monday and Thursday nights and anyone interested may join at the next two meetings of the group. The class is being taught by Bruce Beene and George Jowell and is held at 7:30 in the county court room.

Mrs. Hazel Sparks has found a tan bolero jacket embroidered in brown, and is looking for the owner, who may get in touch with Mrs. Sparks at 1535W.

A Texas Tech student from Hereford will serve as an official of the 1952 Engineering Show which will be held on the campus April 18-19.

Ralph Fullwood, a senior student in the Division of Arts and Sciences, has been named departmental manager of the physics exhibits.

Approximately 75 persons were at the Farm Bureau meeting held in the Sims school house on Friday night, according to V. E. Dodson, president. Andy Rogers, candidate for state senator from the 30th District, told the audience some of the things the Farm Bureau had done in the way of legislation while he was serving in Austin as a representative. Byrle Elliston's movies of Hereford were also shown to the group.

Don't forget the "fun night" at the Veterans clubhouse to be sponsored by the Beta Sigma Phi sorority Tuesday, April 8. All proceeds go to the Deaf Smith county cancer drive.

Mr. and Mrs. Jack Melott of Albuquerque announce the birth of a daughter, Cheryl Ann on March 31. Mrs. Melott is the former Madelle Beavers of Hereford. Grandparents are Mr. and Mrs. Hall Beavers of Hereford.

Cecil Massey, new manager of the Deaf Smith County Chamber of Commerce, began his official duties on April 1.

Service Station Break-In Was Reported Here

Out-of-town juveniles are believed to have been responsible for a break-in last Wednesday at the Palo Duro service station on Highway 60, according to Sheriff J. C. Reese.

Reese said that entry into the station was gained through a rear window and loot included \$1 in pennies taken from the cash register plus considerable quantities of candy and chewing gum.

Officials investigating the break-in got a good set of foot prints and tire prints, Reese said. The culprits were believed to have been bigger youths.

"It wasn't a local job," Reese commented.

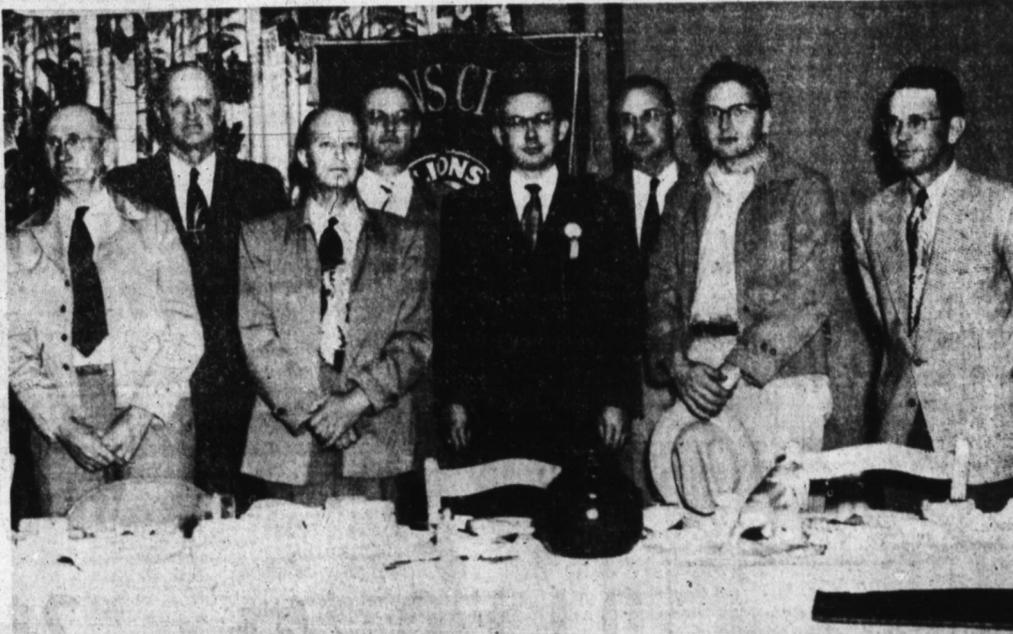

The burglary was believed to have occurred at about 3 a. m.

Lease Contract Payment Ordered By Dist. Court

James W. Witherspoon was granted judgment for \$1,350 plus 6 per cent interest on a lease contract suit against J. C. Braesicke in district court on Monday.

Witherspoon and Braesicke signed a three-year lease on a store building in Dumas on April 1, 1950. Braesicke paid his rent until August 31, 1950. Witherspoon's statement said, and since that time failed to pay and the building had been vacant until the time of the filing of the suit on May 11, 1951, the petition continued.

The suit asked for the rent on the building up until May 11, 1951, a total of \$1,350.

Harold Close Jr. Named Mayor Of Sudan Tuesday

Harold Close Jr., former Hereford resident, was elected mayor of Sudan Tuesday, defeating his opponent 125 to 88.

Close, who is 26 years old, graduated from Hereford high school in 1942. He was a student at the University of Wisconsin before entering the service.

He served in the Air Force two years — 18 months of it in England.

When he was discharged from the service, Close entered the School of Pharmacy at the University of Texas and graduated from there.

Close has been in Sudan since July 1948. He is the son of Mr. and Mrs. H. A. Close of Hereford.

Light Voting In City Tuesday

Extremely light voting marked the city elections in Hereford Tuesday, according to figures released by Tom Alderson, election judge.

A total of only 234 votes were cast in the balloting.

There was only one ticket on the ballot, the petitioned incumbents who are to present the

home rule form of government to the voters at a later date.

Mayor W. E. Dameron received 231 votes as did incumbent Commissioner S. E. Wilson. Commissioner Don Zimmerman received 234 votes.

There were only three write-ins, two for Troy Moore and one for Dub Reeves for Mayor.

Larry Slaughter New Eagle Scout

Hereford's second Eagle Scout presentation within a year was made Tuesday night at a Court of Honor held by Troop 52 in the Scout hut at Lake park.

Advanced to the Eagle Scout rank was Larry Slaughter, son of Mr. and Mrs. Gordon Slaughter.

The award was presented by Dr. M. C. Adams, district advancement chairman and former troop master of Troop 52. Larry, junior assistant Scoutmaster of Troop 52, entered the troop in December, 1946.

The evening was also a charter presentation event with Bill Phillips, district commissioner, making the charter presentation to Colby Conkright, troop committee chairman.

Troop 52 received its 10th annual charter Tuesday night. The troop is sponsored by the Stand Bible class of the First Methodist church. Don Zimmerman is scoutmaster, Cawthon Bryant is assistant and Jed Miller is Explorer advisor.

Registration cards were presented to 20 Scouts and 10 Explorers.

Cost of the Deaf Smith county work will be \$5,000.

Don Zimmerman New President Of Lions Club

Don Zimmerman, local hardware dealer, was named president of the Hereford Lions club Wednesday noon in the annual elections following a spirited and colorful campaign.

He replaces Ray Cowser in the club's top office. Named first vice-president was R. C. McGilvary, who succeeds Deward Roberson.

H. M. Thomas was named second vice-president succeeding Dr. Roy Grubbs. Third vice-president is Kenneth Rudd. Retiring holder of the office is W. C. Meharg.

W. C. Meharg was elected secretary to succeed George McLean. New directors are M. C. Adams and Roger Brumley. Holdover directors are N. D. Bartlett and Gib Howard. D. C. Martin and Don Zimmerman are retiring directors.

Wayne Thomas was named Lion Tamer to succeed Jess Stanford and John Estes is the new Tail Twister replacing Dr. R. R. Wills.

Officers will take over at the first meeting in July.

Frank L. Lucas Dies Tuesday, Rites Wednesday

Funeral services for Frank L. Lucas, retired railroad clerk, were conducted Wednesday afternoon, April 2, at the First Christian church at 1:30 p. m. The services were conducted by Roy Ford, pastor of the church.

Burial will be in a Brownwood cemetery on April 3.

Lucas died at the Deaf Smith county hospital on Tuesday, April 1 following several weeks' illness.

The deceased was born on February 9, 1894 in Coleman county, Texas and was married to Leah Crenshaw in 1917 in Santa Anna, Texas. They moved to Deaf Smith county in the following year and Lucas became freight agent for the Santa Fe railroad. He retired about three years ago because of ill health.

Survivors include: his wife; two brothers — C. C. Lucas of Coleman, Texas, and C. H. Lucas of Abilene; three sisters — Mrs. P. H. Williams of Abilene and Mrs. Will Rogers and Miss Daisy Lucas of Monterey Park, Calif.

Active pallbearers were: Colby Conkright, Faust Collier, Jim Lipscomb, Joe Poindexter, Jack Bradley, Alton Fraser.

Honorary pallbearers were: Elmer Dameron, John Pitman, Henry Sears, Frank Gyles, Earl Phillips, Jack London, Oscar Easley, Cecil Guseman, Joe Beyer, Carl Moutz, Reed Williams, Jim Bob Allison, George Heard, Jimmie Witherspoon, Sank Ramey, Troy Moore, Hugh Bookout, Leo Forrest, F. H. Oberthier, Ernest Wade, Harry Seed, Lee Cocanougher, Miles Roberson, Ed Hedrick, Burl France, Ellis Combs, Dave Alexander, Howard Gault, Lyle Blanton, Claude Ricketts, Joe Evans and Homer Brumley.

School Trustee Elections Sat.

Voters throughout the county will go to the polls on Saturday to elect five members to the board of trustees for the Deaf Smith county school board, the Hereford Rural school district and for the Walcott Independent school district.

There are four candidates for two three-year vacancies on the board of the Hereford rural school district. Howard Gault and Lisle Woodford, retiring directors, are candidates to succeed themselves. Also on the ballot will be George G. Heard and Troy Moore.

Voting for the Hereford rural school district will be in the courthouse between the hours of 8 a. m. and 7 p. m.

Leo Forrest is a candidate to succeed himself as county trustee-at-large for a two-year term. In Commissioners Precinct

three, Phillip Miller's name has been entered on the ballot for the two-year term being vacated by Bertram Jack.

At Walcott, Eldred Brown is listed on the ballot as candidate for the two-year vacancy being vacated by S. N. Thweatt for the Walcott independent district.

There will be three ballot boxes at Walcott, according to County

Judge Leonard H. Foster. They will be the trustee-at-large, precinct three, and Walcott trustees.

A ballot box for the Hereford rural district trustees, and the trustee-at-large for the county will be in the courthouse.

S. O. Wilson is presiding judge for the balloting at the courthouse.

Turnbow Funeral Rites Held In Hereford Wed.

Mrs. Plese Turnbow, 71 years old, died at the Deaf Smith county hospital Monday, March 31, at 3 p. m. following a short illness.

Funeral services were held Wednesday afternoon, April 2, at Rose Chapel, Gilliland Funeral home at 2 p. m. The services were conducted by Rev. Roy Bickford, pastor of the Church of the Nazarene in Hereford.

Interment was in Greenwood cemetery in Phoenix.

Mrs. Turnbow was born September 30, 1880 in Kansas and came to Texas in 1945 from Phoenix. She was married to Plese Turnbow on December 10, 1945 in Clovis.

Survivors include: two sons, Herbert and Gerald Spence of Phoenix, and three brothers, Charles, Harry and George Samuel of Missouri.

Hereford Couple Killed Saturday

Three persons were killed and two injured — one critically — in a two-car collision five miles north of Canyon on Highway 60 early Saturday evening.

Dead are two Hereford residents, Mr. and Mrs. Haskell Henry Runtion, and Mrs. Troy D. Jeter, 43, of Portales. Mrs. Jeter was a passenger in the northbound auto being driven by her husband. The Runtions were returning to Hereford from an Amarillo shopping trip.

Injured are Troy D. Jeter and nine-year-old James Renegar, son of Mrs. E. A. Davis of Dimmitt. The Renegar boy, a passenger in the Runtion auto, is critically ill in Neblett hospital at Canyon with a fractured pelvis, compounded fracture of the right leg, scalp wounds and other injuries.

Jeter suffered chest injuries, cuts about the left eye and cuts and bruises of the knees and left thigh.

Investigating authorities believed that Runtion and Mrs. Jeter were killed instantly. Mrs. Runtion died enroute to the hospital at Canyon.

The accident occurred at about 6 p. m. when the southbound Runtion auto sideswiped another southbound car in passing and went out of control, swerving across the highway into the path

of the Jeter automobile. The Runtion auto was struck on the right side.

All three occupants of the Runtion vehicle were thrown out of the car by the impact.

The Jeters were enroute to Amarillo from Portales to return Mrs. Jeter's mother, Mrs. J. P. Adams, to her home in Portales. She had been staying with another daughter in Amarillo.

Double funeral services were held for the Runtions at 2 p. m. Wednesday in the Memorial Chapel at Amarillo. Burial was in Llano cemetery.

Mr. Runtion is survived by his father, C. Runtion of Heavener, Okla.; four sisters, Mrs. Bertha R. McIntyre of Amarillo, Mrs. Flora Robinson of Hereford, Mrs. Pearl Milam of Marlin and Mrs. Bessie Mae Womack of St. Francis; and two brothers, Wilson Runtion of Monro, Okla., and V. E. Runtion of Spokane, Wash.

Mrs. Runtion is survived by her mother, Mrs. S. G. Minatra, Amarillo; four sisters, Mrs. J. L. Jones, Mrs. U. B. Fleming and Mrs. A. C. Mullins, all of Amarillo, and Mrs. John Jones, who lives in Alaska; and five brothers, H. E. Minatra of Hot Springs, N. M., G. F. Minatra of Folsom, Calif., Cecil Minatra of Amarillo and Jesse and Oran Minatra, both of California.

Local Airman Home After 36-Month Occupation Duty

Occupation duty in Germany is fine, but it's still "nice to be back in the United States," says Cpl. Johnny Anderson, who is spending a 30-day furlough in Hereford in the home of his brother, R. C. Anderson.

Anderson just returned from a 36-month tour of duty with the Air Force in Germany, where he was stationed with a crash res-

cue unit outside Munich. He was attached to the 86th Fighter-Bomber group at Nuiberg.

The 21-year-old Hereford airman has been in the Air Force for the past 4 1/2 years and recently signed up for another six-year enlistment.

The life of an "occupying" airman in Germany is fine, he says.

Especially attractive is the favorable exchange rate between American currency and the German currency.

"Prices," he recalls, "are the hardest thing to get used to in this country." There is little hardship in Germany, he reports, much unlike the situation in England.

"Anything can be bought for a price."

Anderson left Bremerhaven, Germany, aboard a U. S. troop transport and arrived in New York City March 16. Bad weather on the Atlantic delayed their arrival in the United States.

The youthful soldier didn't find occupation duty too boring, for he was able to fill in his 36 months tour with trips to places like Rome, Belgium, Switzerland and Holland. Airmen have the "edge" in continental travel, he explained, because they can just get on a passing bomber and take-off.

While stationed in Germany, Anderson, who didn't play football in high school — for he enlisted before graduation — found his size stood him in good stead and he joined an Air Force football squad at his station.

Through his grid activities, Anderson was able to add quite a bit more travel while serving overseas.

Like all returning service personnel, Anderson also was asked how the German people felt about Americans. Those he had come in contact with, he commented, liked us, although some American soldiers could "sour" the people on all Americans.

Quarters for Americans in Germany were very adequate, sometimes even sumptuous by our standards of troop billeting. German soldiers are reputed to be the best-housed of any in the world and Anderson found that the luxury of "two in a room" while in the Air Force was some-

LITERARY JAM SESSION—Carl Sandburg, America's 74-year-old "poet of the people," exchanged notes on American literary progress in Waco with Dr. A. Joseph Armstrong of Baylor University. The 79-year-old Baylor literature professor was not sure he liked Sandburg's folk tunes and singing, but he did enjoy the poet's talk in which Sandburg deplored the effect of movies, radio and television on the minds of American youth. Hereford Camp Fire Groups Honor Newly Organized Amarillo Group

As a part of the Camp Fire Girls 1952 Birthday theme, "Design For Friendship," Hereford Camp Fire groups honored the newly organized Camp Fire group of Amarillo, "Nokinawa" at an all-day observance at the hut Saturday.

The morning's program was given over to introduction of Camp Fire groups, showing of camp pictures at Las Vegas, N. M., and skits giving descriptions of the Camp Fire work.

Following the lunch hour, folk games were enjoyed and the "Design For Friendship" Council Fire ceremonial was presented. Candles were lighted by Norma Marie Strange, Dorothy Williams and Eddie Lanell Morrison. The group singing of "The More We Get Together" completed the ceremonial.

Awards Are Presented
Mrs. L. E. Moyer presented the honor beads to the Nokinawa group from Amarillo. They were: Kaye Burns, Sue McAway, Susan Slater, Jeannette Miller, Ida Swearingin, Donna Christopher, Jane Weather, Polly Hood and Celia Comillon.

Adults from Amarillo attending were: Mrs. Louise L. Reneker, guardian, Mrs. Carl W. Miller, sponsor, Mrs. Bethel M. Forehand and daughter Jan and Mrs. Moyer.

Betty Culpepper, assistant leader of Wetomachick group, presented the wood gatherers rank to Eddie Lanell Morrison and Mrs. S. S. Williams, guardian, presented awards to the Tanda Camp Fire Girls. They included: Denise Barnard, Martha Ann Hookout, Sue Channer, Joan Bewlkes, Glenna Gault, Phyllis Goetsch, Gladys Lee, Linda Lee West, Ella Marie Williams, Dorothy Williams, Wilena Withermoon, and Donna Wooddell.

Trail Seekers rank was presented to: Carolyn Knox, Peggy June Bumpass, Betty Ford, Linda Cavender and Shirley Shulte. Honor beads for six months perfect attendance were presented to Gladys Lee and Ella Marie Williams.

Mrs. Bob Wilson, guardian, presented the 1952 membership cards to the Wakita group and perfect attendance and honor discs were presented to Melba Gay Lawrence, Mary Lynn Morrison and Betty and Dolly Paetzold. These four girls have not missed a meeting since the group was organized on March 27, 1951. Eugenia Alexander and Carol Ann Newell received a six months perfect attendance disc.

Also a feature of the afternoon's program was the birthday celebration by the Wakita group at the completion of the first year's work. The group was organized March 27, 1951, having flown up from the Loyal Blue Bird group in a ceremonial on March 22, 1951.

The extinguishing ceremony, the friendship circle and the group singing of the Camp Fire song, "Sing Your Way Home," completed the day's program. Approximately 75 guests were registered for the event.

Mrs. Liston Wilson of Amarillo was in Hereford last week looking after garden club interests and visiting with friends. Mrs. Wilson, councilor District 1, Texas Garden Club Inc., is a former Hereford resident.

HONORED GUESTS. The Silver Anniversary Texas Relays, April 4 and 5, will be dedicated to the speedsters who raced the University of Texas to sprint fame in 1935 and 1936. B. Reeves of Pharr, and Jeff Austin of Frank-son. Their records at the Penn. (440) and Texas (880) Relays still stand. (AP Photo)

Littlefield To Be Site Of Rope Contest Sunday

Two outstanding professional ropers, Buddy Fort of Lovington, N. M. and Willard Brock of Levelland, Texas, will be top attractions Sunday when the Littlefield Roping club will sponsor a match roping contest at the Jaycee Rodeo Arena, Littlefield, with activities to start at 2 p. m. According to Gene Williams, president, Buddy Forts and Wil-

lard Brock are both outstanding performers. They will rope eight calves each, he said, and the contest will be hotly disputed. Fort's brother, Troy, held the world championship roping crown seven times, Williams said. Top-calf ropers from Oklahoma, New Mexico and Texas will be entered in jackpot roping competition, and any cowboy is eligible to participate in the contest. Twenty-four, 210 pound Brahma calves have been brought in from south Texas, and Williams said "they're mighty salty." The roping meet will be held regardless of weather conditions.

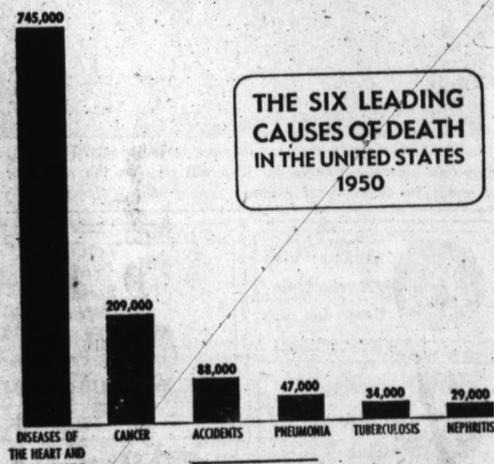

Two Hereford Exhibitors In WT Art Show

CANYON — Two Hereford people are exhibiting art in the West Texas State College Alumni-Student art exhibit, being staged in the Panhandle Plains Historical Museum on the college campus. Mrs. V. E. Dodson of Hereford said Williams, and tickets will be sold at the grounds.

THE SIX LEADING CAUSES OF DEATH IN THE UNITED STATES 1950

National Survey Shows Heart Disease Tops All

According to the American Heart Association, heart and blood vessel diseases are by far the most serious threat to our nation's life and health. Mortality figures compiled by the National Office of Vital Statistics show that heart diseases are responsible for more deaths than the next five leading causes combined. Despite great advances in the prevention of some forms of heart disease and new techniques in the treatment of others, it was pointed out, deaths due to heart and circulation diseases are on the rise—largely because of advances in other fields of medicine that lengthen life span to the ages where heart diseases are most common. However, heart diseases are not respecters of the young. Next to accidents they were responsible for more deaths in the 5 to 19-year age group than any other cause. Only in the 20 to 34-year group does any other cause—tuberculosis—strike down more persons. From 35 to 54, heart diseases cause 36.7 per cent of all deaths, according to latest available fig-

ures. In the 55 to 74-year group, the percentage runs up to 52.1, and above 74 years heart and circulation diseases account for 60 per cent of all deaths. Figures for cause of death in 1950, latest available statistics, were: 745,000 heart and circulation; 209,000 cancer; 88,000 accidents; 47,000 pneumonia; 34,000 tuberculosis; 29,000 nephritis. Heart diseases caused more deaths than the next five leading causes combined—44 per cent of the total for all causes. Nevertheless, there is a bright side to the picture. Recent advances, according to the American Heart Association, in the diagnosis, treatment and prevention of heart diseases are giving new hope for cure. The AHA and its affiliates are attacking the heart diseases with a nationwide program of research, education and community services. The 1952 Heart Fund, conducted throughout the month of February, is seeking the finances needed to carry forward this vital program. In every section of the country, Americans are being asked to join the fight against heart disease by contributing to the 1952 Heart Fund.

FRIO NEWS

Tommy Irwins Are Visitors In Frio Community

By Mrs. Owen Andrews Visiting at church Sunday night were Mr. and Mrs. Tommy Irwin of Oklahoma City. They have been at Tulsa during the critical illness of Tommy's grandfather, Lee Dowdy. Mr. and Mrs. Irwin were married recently at the home of his uncle and aunt, Mr. and Mrs. Howard Dowdy, at Washington, Okla. Mrs. Irwin is the former Miss Wanda Laverne Rose of Purcell, Okla. Tommy lived here and farmed with his uncle, Leonard Irwin, last year and was active in community events. He is now employed in construction work in Oklahoma City, where the couple are living. The Leonard Irwins have been spending most of their time at Tulsa since the first of last week, when Mrs. Irwin's father, Mr. Lee Dowdy, was stricken ill. He is in the Tulsa hospital. The Dowdys were here and at Tulsa visiting their children when the attack came. Mr. Dowdy is 79 years of age. Mrs. H. M. Mobley and her family, the Floyd Coles, and Raymond Mobeys all visited Mr. and Mrs. Lee Johnson at Seminole Saturday and Sunday. The occasion was honoring Mrs. Johnson's birthday, which was on Sunday. Rev. and Mrs. W. O. Wilson, Glenda Robbins and Mr. and Mrs. John Simpson took Sunday dinner with the Robert Simpsons. Mrs. Herb Schmidt's father, who was taken to Oklahoma City for treatment, is reported to be improved. Mrs. W. H. Andrews came home Sunday morning after staying with her mother, who was ill at Lawton, Okla. She reported her mother improved enough to come home from the hospital. Evening church services now begin on Sunday at 7:30 p. m. and on Wednesday at 8 o'clock. The pastor is teaching the Book of Acts at Wednesday evening services. All interested are invited to attend all services at the Frio Baptist church. Several visitors were present Sunday night. After the regular service, the young people sponsored a film showing class prejudice, particularly against migrant working people. The film, a full length one, was shown by Danny McLallen. Tommy and Dale, sons of the Herbert Schmidts, were all the first of this week with a bronchial infection.

David Hill Has Birthday Party

David Hill, 5 years old, was honored Saturday afternoon at a birthday party given by his mother, Mrs. Chas. Hill, at the Hill country home. Outdoor games were enjoyed and refreshments featured a circus theme. The birthday cake, made by his grandmother, Mrs. Henry Hastings, featured a gay array of circus animals in a parade atop the birthday confection. Children attending were: Wayne Hastings, Tim, Sharen and Pam Hoffman, Jerry Don McCaslin, Louis Barnett, Nick Milburn, Mickey, Darlene and Diana Wilson, Royce Glibreath, Sande Winkler, Mary Virginia Luck, Cynthia Seed, Diane Wilson and David and Donna Hill. Others invited to the party were David Grubbs, Stephen Seigler, Robble Lemons, Judy Knief, and Lisa Hitchings.

To Attend Delta Kappa Gamma Meet

Pi chapter, Delta Kappa Gamma, national teachers' sorority, will hold its regular meeting in Amarillo in the high school building at 6:30 on Saturday, April 5. This will be a dinner meeting followed by discussion periods. Hereford chapter members planning to attend the session include: Mrs. Eleanor Hudspeth, Della Stagner, Mrs. Faust Collier, Irma Walker, Mrs. Fred Welch, Madeline Bell, Mrs. Jewell Malone and Mrs. Byron Durham.

How Can I?

- By Arne Ashley
- Q. How can I clean men's clothes efficiently?**
A. Take a soft cloth, dip it into alcohol, and press it lightly over a cake of pure soap; then apply it briskly to the article to be cleaned. After sponging the garment carefully, press it. In cases of obstinate grease spots, rub well with a lather made of pure white soap and lukewarm water; then sponge off with alcohol and proceed as above.
 - Q. How can I remove the disagreeable odor that dish towels and cloths sometimes acquire?**
A. Add a little ammonia to the water when washing them, and they will again become fresh and clean.
 - Q. How can I remove brown stains from the steel fittings of my stove?**
A. Rub with a rag dipped in vinegar. Then polish in the usual manner.
 - Q. How can I make a delicious French dressing?**
A. Mix a solution of 2/3 olive oil and 1/3 lemon juice, salt, pepper, mustard, and paprika to taste; a pinch of thyme, 2 bay leaves, and a bean of garlic. Shake well and allow to stand.
 - Q. How can I restore flannels that have become hard and shrunken to their former softness?**
A. Soak the flannels in gasoline for a few hours. Then wash in soft soapsuds as usual, and

rinse in clear water of the same temperature.

Q. How can I rid the house of spiders?

A. Saturate some cotton or cloth with pennyroyal and place it in the infested places to rid the house of spiders.

Q. How can I make the wall paper less brittle and easier to handle when doing my own wall papering?

A. Before using the paper, lay it on the basement floor for a few days. Enough moisture will be absorbed by the paper to make it less brittle, and it will be much easier to handle.

Q. How can I renew old silks?

A. Unfold the silks and put them into a tub and cover with cold water. Let remain for one hour. Dip them up and down, but do not wring. Hang up to drain, and iron while very damp.

Q. How can I whiten my teeth?

A. Apply a solution of peroxide of hydrogen diluted with one-half water to the dull teeth.

The angry scars of war are fading with the passing years, according to Anderson's account of rebuilding work being done in Germany. Munich hardly shows the effects, and Hannover, once the Allies' favorite target outside the Ruhr Valley, is fast losing all marks of world conflict.

When Anderson returns to duty, he will be stationed at Trucks Air Force base, Madison, Wis., where he will be on duty with a crash rescue unit.

Regardless of how the continental way of life has impressed this young airman, his actions reveal that the simple things that go with "home" are the best. The brightest spot in the entire interview from the writer's standpoint was when we arrived at the R. C. Anderson residence. The mechanical strain of "Chopsticks" floated through the lazy afternoon air. Inside, Anderson—who has seen the world as most have only heard or read about it—was sincerely and thoroughly enjoying a two-fingered "Chopsticks" duet with Miss Peggy Jacobsen, a friend.

Cattle Theft Case Continued, Defendant Ill

The cattle theft case against Texas Joe Lovett and Arthur Miller Morris in district court were continued until a later date in the present term of court by District Judge Harry Schultz.

Morris was unable to appear in court on Monday due to an acute virus infection. His attorney, John Aikin, introduced a motion for continuance supported by two affidavits—one by an Amarillo osteopath and one by Morris' wife—attesting to his illness. Morris had been in bed for seven days, they stated.

Judge Schultz ordered a physician to Morris' home to corroborate the information given the court. Morris was found to be suffering from a virus condition and the trial was continued until another date. Lovett and Morris were indicted by the grand jury for theft of a calf from Alfred May and G. W. Brumley.

Monday Receipts At Tax Office Near \$16,000

Monday—the final day for buying license tags at the office of Tax Collector J. C. Reese before the delinquency period—was the biggest day on record for the office, according to figures given by Homer Henslee, deputy.

A total of \$15,714.74 in receipts was reported. License tag sales zoomed to 751. Last year's total for the same day was \$10,565.56 in receipts. To date, 4,565 license tags of all types have been sold, Henslee said.

Heath Sentenced

Fred Heath pled guilty in district court to a forgery charge Monday and was sentenced to two years in the state penitentiary.

Three Breeders In Tests For PanTech Farms

Three local cattle breeders—E. C. Reinauer, Colby Conkright and Sons and the Eskimo Ranch—have been cooperating in a bull progeny test which will be discussed by L. A. Maddox Jr., Pan Tech animal husbandman, at the second annual field day at the Pan Tech Farms April 11.

Maddox will lead the discussion of the year's feeding results. One hundred thirty one bulls, representing 36 sire groups have been fed uniformly since last November.

The annual field day program will begin at 9 a. m. and continue throughout the day with discussion, groups and tours to test plots.

Dr. H. R. Crookshank, Research Chemist for the Bureau of Animal Industry at Pan Tech Farms, will lead the discussion on the development and results of the wheat pasture grazing studies that have been conducted at the farm.

Several state and national leaders in livestock production and research, will appear on the program during the day. Dr. D. M. Wiggins, President of Texas Tech, will deliver the address of welcome. Dean W. L. Stangel will outline present and future objectives of the Pan Tech Research Farms. Dr. Donald Ashdown will outline the proposed Pan Tech Farms Greenbug Research program. Other leaders that have indicated they will appear on the program include: Dr. R. E. Patterson, Dr. J. C. Miller and John Jones, Texas A & M College, George Ellis, Manager of the Bell Ranch, and Jack Williams, purebred breeder from Paint Rock, Texas.

Beauty at Home

By Lynn Carter

Q. What do you recommend as a good exercise for firm arms, shoulders and bust?

A. Stand in good posture position and hold your arms straight out at sides, shoulder-level. Make ever-widening circles with your out-stretched arms, doing five one way and then reversing for next five.

Q. What is a good astringent for very oily skin?

A. Buttermilk — which also acts as a slight bleach, but without the usual drying effects of most bleaching formulas.

Q. How can I promote more gloss in my hair?

A. If you give your hair a brisk towel-rubbing after the shampoo, and then 10 minutes of good, vigorous brushing, it will work wonders in adding gloss to your tresses.

Q. How can I, through my makeup, minimize the appearance of my forehead, which protrudes and is too prominent?

A. Apply a foundation on the forehead that is darker than the one you use on the rest of your

face. Start at sides of the eyes and carry the darker shade up to the hairline, bringing it across the forehead and over the bridge of the nose. This shading makes the rest of your face look fuller and wider than it really is in proportion to your forehead.

Q. What can I do to correct my too-oily skin?

A. Sponge the face with equal parts of cologne water, witch hazel and rosewater. And eliminate fatty foods from your diet.

Q. How can I make my eyes appear larger or smaller with eyeshadow?

A. If you want the eyes to appear larger, apply a dab of eyeshadow at the outer corner of the eye and blend it in and then sweep it upward toward the temple. If your eyes are unusually prominent, concentrate the shade

at the center of the eyelid and don't fade it far to either side.

Q. How often is it advisable to use a facial mask?

A. About once a month. This is very good for dislodging the tiny flakes of dead skin and accumulation of grime from the pores, and in generally toning up the skin.

Q. How can I train my eyelashes to curl upward?

A. About the only, or best, way is with an eyelash curler. Put eye cream on the lashes, place the rubber bows of the curlers on the lashes, and squeeze the handles together. Hold the curlers on the lashes for about a half-minute, pulling up slightly. The curl will not last indefinitely, but if you do this regularly and often, it will seem to.

Anderson Family Holds Reunion

A family reunion of former Hereford residents was held at the Carlos Anderson home Sunday when 18 members of the family honored Cpl. John H. Anderson, who has been stationed in Munich, Germany, for the past three years. The Anderson family moved to Hereford in 1936. Cpl. Anderson has been visiting his brother Carlos, and sister, Mrs. R. R. Stewart, for the past month and after his leave here he will be stationed in Wisconsin with the Air Force. Members of the family attending the reunion were his mother, Mrs. James Odom of Riverside, Calif.; Mr. and Mrs. Gene Ry Sirkel and children Deborah Hutchinson and Mr. and Mrs. Lar-

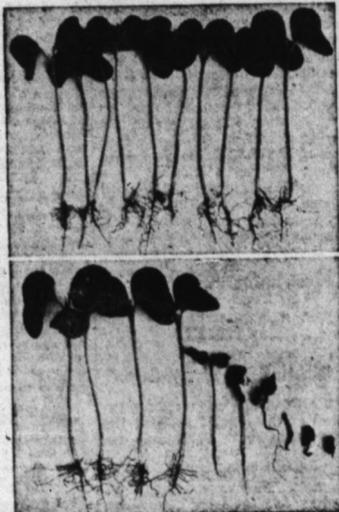

and Dennis of Amarillo; Mr. and Mrs. Harley Anderson and children Glynda and Darrell of Roswell, N. M.; Mr. and Mrs. R. R. Stewart and the hosts and their children.

The geographic center of the U. S. is in Smith County, Kansas.

For a BETTER COTTON CROP

PROPER SEED TREATMENT MAY MAKE THIS DIFFERENCE

The photo above shows ten good cotton seedlings, well on the way to the kind of growth which can produce a good crop of cotton. This is the result you may expect when properly treated cottonseed is planted... seed that has been treated with a recommended seed disinfectant.

Below, the effects of seed decay, sore-shin, and both pre-emergence and post-emergence damping-off are illustrated. This seed was not treated and this is one reason why it is often necessary to replant.

Treated seed can be planted 3 to 5 days earlier — can get off to a good start even in cool weather. Once a good stand is established and growing well your chance for a better cotton crop increases.

Blackboards

The following will renew the surface of blackboards: Dissolve 4 ounces glue in 1 1/2 pints hot water. Add 3 ounces flour of emery and enough lamp black to color. Stir until smooth and apply with the end of a roll of woolen goods. For best results, apply three coats.

Handle for Razor Blade

To make a handle for a razor blade to use in ripping, slip a large slotted cork over one edge of the blade. The cork provides a convenient handle and affords adequate protection for the fingers.

Prevent Discoloration

A piece of lint soaked in vinegar and spread over a fresh bruise will prevent discoloration.

Gasoline Test

The auto driver may use the following method for testing the grade of gasoline he uses: Pour a little gasoline into the palm of the hand; if it evaporates quickly and leaves the hand dry and clean, it is high grade. If it evaporates slowly and leaves a greasy deposit, it is poor grade.

Patching Linoleum

Fill the holes in linoleum with a mixture of finely-chopped cork and liquid glue. When this mixture hardens, smooth down by rubbing with emery paper. Paint with matching color and design.

Ivory Knife Handles

Stains from ivory knife handles can be removed by using cut lemon, dipped into table salt, and

rubbed over the stains.

Watered Milk

Dip a clean knitting needle in the milk for a few seconds. If the milk is pure, it will form in a large drop at the end of the needle; if watered, it will either run down quickly and drop in several small drops, or the point will appear dry and clean.

Frayed Rug

Hem the frayed edges of rugs by folding back and applying adhesive tape on the wrong side. This makes a neat hem without taking a stitch or acquiring painful sores on the fingers.

Stain Remover

An effective remover of grape or grape fruit stains is water at drinking temperature. It should be applied, however, as soon as possible.

Feather Pillows

When filling a pillow with feathers, crush a small piece of camphor and mix in with the feathers. It will preserve them and the pillow will not have a musty odor for a long time.

No April Draft Call For County

There will be no April draft call from the Deaf Smith county Selective Service board, according to Mrs. A. Peterson, clerk. The May draft call for Texas is 1,394 men, Brigadier General Paul L. Wakefield, state Selective Service director, announced today.

Quotas to local boards will be figured and mailed "sometime during the early part of April," the state director said.

The state quota can be filled with men 21 years of age and older, according to current manpower inventories at state Selec-

tive Service headquarters. "The picture may change, though," General Wakefield cautioned, "and we may be forced to dip into our 20-year-old age group. We are not authorized to go any lower than 20-year-olds." The state draft director pointed out one exception to this rule. "Delinquents and volunteers of a younger age can be inducted," he pointed out. The May call of 1,394 compares with a call of 1,184 in April. The May quota in 1951 is 1,332. Under present plans at state headquarters, draft boards will be

called upon in May to forward around 2,500 men for pre-induction physical and mental examinations. No regular examinations are being given in April. A total of 639 4-Fs are being re-examined in April from 63 local boards. Around 150 conscientious objectors also are being examined in April, in compliance with recent regulations governing civilian work which these men will be required to perform. Conscientious objectors who fail these examinations, the same as given to prospective inductees, will not be required to perform this civilian service.

DE Students In Party Monday

Approximately 55 distributive education students, employers and parents were entertained Monday night at a party in the high school gym. Group singing and group games provided entertainment during the evening. Special entertainment was provided by Homer and Jethro, Gerald Wilson and Bob Hess.

Visitors in the H. R. Patterson home Sunday afternoon were Mrs. Mary Chapman of Hot Springs, N. M.; Mrs. Maggie Hopper of Canyon and Mrs. A. D. Godwin of Hereford. The three women were girlhood friends of Mrs. R. R. Patterson. Also visiting in the Patterson home were Mr. and Mrs. R. A. Freeman and Bob Wear.

Mr. and Mrs. Elmer Patterson attended a Camp Fire Workshop in Fort Worth over the week end. Before returning home they stopped in Abilene to visit with their daughter, Gerry.

Radio Speaker For Protestant Hour Sunday

DR. HENLEY

Dr. James W. Henley, pastor, West End Methodist church, Nashville, Tenn., will be the Palm Sunday guest speaker on the 180-station radio network of the Methodist series of The Protestant Hour.

His sermon subject will be, "Thy King Cometh." Palm Sunday music by the Fellowship choir will be the hymns "Ride On—Ride On," "Into the Woods My Master Went," with a special medley of gospel humns.

Dr. Henley is a graduate of Yale and Emory universities and has been pastor of West End Methodist church since 1944. He is a leader of the clerical delegation from the Tennessee conference to the 1952 General conference which meets in San Francisco in April. The Protestant Hour may be heard over Radio Station KGNC at 10:30 a. m.

This broadcast may be heard also over Radio Stations WFAA (Dallas) and WOAS (San Antonio) at 7:30 a. m.

New Agriculture Feature Begins Today In Brand

A new 26-week agriculture feature begins in The Brand this week and will continue in each Thursday's edition.

Entitled "Lone Star Agriculture," the feature, prepared by the Texas Department of Agriculture, deals with the Pink Bellworm. Installments one and two of this topic are combined this week.

Subsequent releases will deal with: seed testing and certification, the bee, pests and pesticides, the Texas citrus industry, Texas' per-acre farm products value, crop goals and support prices, Piney woods, FFA, "scientific" agriculture, herbicides, castor beans—a million-dollar crop?, facts on food prices, Texas needs a new grain warehouse law, the "20 acres and a mule," Market News Service, wheat prospects, and the Texas Rose.

Topics of immediate importance will be covered as they arise.

The first two installments of the feature will be found in Section Two, Page Five, this issue.

Little Singers Will Entertain

Sunday afternoon at 4 o'clock in Ward hall of the Methodist church, the Little Voco club will present an Easter program of singing. The youngsters are the youngest members of the Voco club of Miss Mattie Mae Swisher's studio of singing.

Easter bunnies, flowers and hymns will be featured, and songs of Spring and The Child's World will make up the program. Mrs. John Jacobsen Jr. will assist at the piano.

Those who will participate include: Janice Higgins, Carol Tinsley, Sharon Ann Francis, Judon Fambrough, Terry Lee Caywood, and Marcus Jacobsen. The public is invited.

Dawn Study Club Enjoys Program, Film On Art

Dawn Study club met in the home of Mrs. Baker Womble last week with a program on art as the feature for the day.

Mrs. Carl Wimberley, leader, spoke from Churchill's book, "Painting As A Pastime," and told something of Churchill, who began to paint after he was sixty years of age.

"Painting As A Pastime" is a companion with whom one may hope to walk a great part of life's journey. It makes no undue demands and keeps faithful pace with feeble steps," she said.

Highlights of achievements of Grandma Moses, who took up painting after she was 80 years old, were also reviewed.

Colored slides of great masterpieces of art were shown with a detailed interpretation of the Mona Lisa, and The Last Supper by DaVinci.

During the business session, Mrs. H. V. McCabe, president, named Mesdames Melvin May, Lloyd Airhart and Alfred Smith to serve on the nominating committee.

Those present were: Mesdames Alfred May, Ernest May, Wesley Cox, R. L. McAnnally, Clay Barton, David Rodgers, A. T.

Further Plans For Amarillo CC Stop Here

Further plans for the Amarillo goodwill tour which will stop in Hereford on April 17 have been announced.

Mayor W. E. Dameron will welcome the delegation and the Hereford high school band will perform during the stop.

The Amarillo Air Force band will present a concert following luncheon at Jim Hill Hotel.

The train will arrive in Hereford at 1 p. m. and depart at 3 p. m. according to word received by Cecil E. Massey, C of C Manager.

Training Meet For 4-H Leaders Held Tuesday

A training session for 4-H leaders and junior leaders was held Tuesday afternoon at the REA kitchen. Miss Frances Reasonover, food specialist from A & M was in charge of the meeting.

She demonstrated making cupcakes and simple icings.

4-H programs for May and June will be on these foods.

The cupcakes and icings will be used as entries in the annual bake show in the fall.

Those attending were: Mesdames E. K. Finell, Charlie Burk, C. A. Sauley, J. E. Dyar, Grover Caywood, Ira Ott, T. J. Parsons, Tom Draper, and Martha Heard and Betty Lou McGaughy.

Hulling Center Site Selected

Hereford's new castor bean hulling center will be constructed just east of the Deaf Smith county REA storage grounds, but a definite construction date has not been set, according to Virgil E. Dodson, Baker-Castor Bean Corp. representative here.

Dodson said the site had been agreed upon and the Santa Fe railroad has leased the siding to them, but no bids have been accepted as yet.

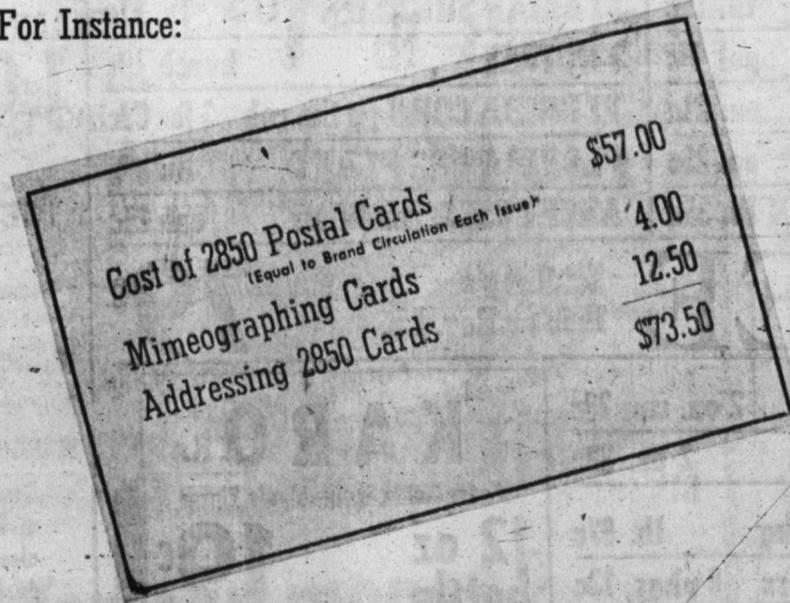

Four firms have submitted bids for the 40 X 80 structure, which will handle approximately 6,000 acres of castor bean production in this area.

The hulling center site, located south of the tracks, is about 200 feet wide by 200 feet deep.

Grandstand Gropings

By Kent Snare

Seemed to me that the angle situation in the sports news was predominant for this Sabbath edition . . . Texas Tech's bid for entry into the Southwest conference gets another airing on May 9 and 10 next . . . Apparently they will be the only bid scrutinized this lap . . . Last time out, in 1948, Hardin-Simmons and Houston were also trying to pry the lid off . . . In that voting tally, which was secret and undisclosed, the feeling was that the audible dissenters included Texas, Rice and Arkansas . . . The latter probably will vote against any other school being admitted, knowing that if the league gets unwieldy in size, they, being geographically, would be the logical drone . . . Sunday's surprising disclosure was that the University of Texas' board of regents approved a resolution directing the school's faculty representative to vote for Tech's admission . . . This directive may or may not unseat some shrewdly-hidden points . . . The backtracking of the Big 7 recently on some of their snipes at Oklahoma university may have reassured the Sooners from withdrawing from that confederacy and bidding for a berth in the Southwest conference . . . The Okies, if they continue to turn out the quality ball clubs of recent years could add much to the SWC football prestige, in fact no less comparably, than their withdrawal would decimate the Big 7 footballwise . . . In other sports, on the record, Oklahoma would enhance the overall SWC picture . . . In basketball and track they have always shown well . . . Last year they were national NCAA baseball champs, in spite of a poorly-conditioned losing start against better-weathered SWC teams . . . History may repeat this year, at least the Okies are setting up their early season losing string to Texas clubs . . . From Tech's vista, last season they lose to Rice,

Baylor, and Texas A & M but they smothered TCU, the eventual conference champ. Altho, after viewing the inept Frogs ineffectual joust with Kentucky, the writer would have to class this as a short work day . . . However, the Techsans, should their bid to the SWC miss, might be interested in a Missouri Valley berth and their success last fall, was not a laurel rewarded . . . They lost both emergencies against Valley members Houston and Tulsa . . . There is little doubt that Tech has outsize the Border conference in the revenue sport, football, and that to fill the stadium will need a string of tough foes . . . The Panhandle and South Plains will turn out for big time grid gamuts and Tech is the one oasis in a vast territorial major football void . . . WSTC showed how the turnstile would rotate when the public could see entertaining basketball in a properly-ensconced setting . . . Next requirements, Tech needs must build a fieldhouse and a bb club . . . I promised no more basketball this semester, but leave me backtrack a bit, Saturday night I pitted my ears against the Scott's squeal and listened to the initial Olympic playoff round in KC . . . Kansas clobbered Southwest Missouri, 92-65, but the apocryph of evening was the Phillips 66's 50-48 squeak past Fibber McGee and Molly's Hollywood quintet . . . The Hollywoods had lost the script, wherein was written six straight losses to the 66's and after trailing 26-38 at the midway, pulled out their manacles and for 29 minutes and 56 seconds, the regular stanza and two extra 5-minute gasps did not allow Phillips a field goal . . . Glasgow canned a 26-footer to allow the Bartlesville boys another hand grapple with Howie Williams et al of the Caterpillars, who hold two decisions over. (Continued on page 8)

Kasaboski Roughs Oyama Up In Judo Jacket Bout

Things got pretty rough Saturday night in the small area roped off for the grunt and groan trade at the Bull barn when Alex Kasaboski, Russia and Canada's gift to the United States cauliflower circuit, started playing havoc with the neck and windpipe of one Sesse Oyama of Tokyo, Japan.

Setting for all this excitement was the Judo Jacket match between Oyama and Kasaboski, the first such event unfolded in the local arena in many a moon.

Kasaboski was loathe, on two distinct occasions, to limit himself to the confines of the knee-length canvas Judo Jacket and

found the belt made a more deadly plaything than the jacket. It was for his extra-curricular use of the belt around the neck of Mr. Oyama that he was booted from the match last Saturday.

But, now into the play-by-play account of the match, which was the curtain-dropper of a double main event card, best two out of three falls.

Without the wild finish, the match would have been colorful with Oyama and his Oriental routine and the belligerent Kasaboski.

As usual, Oyama gave his Su-

mo prayer and sprinkled salt in the ring to chase the evil spirits.

Prepared to do battle in fulfillment of their challenge for a Judo Jacket match made last Saturday, the two donned their frocks and went to work.

Kasaboski was no match for Oyama with the Judo Jacket on. Oyama has a fifth rank judo belt (there are seven ranks in Judo) and Kasaboski had a white one (novice). Kasaboski continually tried to even things up by doffing his jacket and whaling Oyama with his fists throughout the

Dimmett Tops Field In Farwell Meet

Dimmett's tracksters piled up an impressive 46 points in the Farwell invitational track meet Friday to romp home with a handy win over the seven-team field.

While the Bobcats were safely lodged in first place, the second through the fifth runners were closely bunched. Olton took second spot in the meet with 28 1/2 points, Farwell with third with 25, Hereford fourth with 24, Friona fifth with 23 1/2 and Bovina and Vega hit sixth and seventh with four and three points respectively.

Hereford got one undisputed first place event — the shot put — with Raymond Dement winning, and a tie for first in the

120 high hurdles with Lowery tying with Crumm of Dimmitt. The Herd will rest this week, pointing for the week-end tussle at the district meet in Canyon on Saturday.

Canyon, Phillips and Dumas are the heavily-favored outfits to cop most of the district bunting. The teams entering the Canyon district are the old football members of District 1-A. Entering will be Hereford, Canyon, Phillips, Dumas, Perryton and Dalhart.

Coach Dalton Criswell has been working mostly with new trackmen this year as only one regular competitor from last year has returned. He is, however, well pleased with the way the candidates have been working out and with their efforts.

Chances for a stronger track squad next year are very bright and Criswell is elated over the handsome showing made by the freshman tracksters so far this year. Their speed-will come in handy in building the 1953 Herd squad.

Some cutting has been done on the 50-man Whiteface track squad, with about 24 boys out now for workouts. Criswell said the cutting has been done to give the boys with a genuine interest in track competition a better chance to show up their wares.

The results of the Farwell track meet Friday are:

- 220-Yard Dash**
Time: 22.7 Seconds
Dodd, Olton; Alcorn, Olton; Copland, Olton; Wright, Dimmitt.
- Mile Run**
Time: 5:05 Minutes

Dement, Hereford; Janssen, Hereford; Gregory, Dimmitt; and Corbett, Hereford.

Canyon Second In Panhandle Relays Saturday

Canyon took second place in the Panhandle relays Saturday at Panhandle behind first place Wellington with a total of 20 1/2 points. Wellington led the field of 16 squads with 33 points.

Dimmitt, last year's Panhandle winner, was fourth with 13 1/2 points. Friona got a sixth with 11.

Ray Burrus of Canyon was the meet's top pointmaker with 12 1/2 points. He scored first in the discus and shot put and a tie for second in the high jump. He was the only double winner in the event.

Burrus set a new record for the meet, throwing the discus 151' 10", shading his own Panhandle relay record of 125 feet which he racked up in 1950.

Finishes for area teams include:

- HIGH JUMP** — Dennis, Dimmitt, and Ray Burrus, tied for 2nd.
- BROAD JUMP** — Miller, Canyon, 3rd.
- SHOT PUT** — Burrus, Canyon, 1st.
- 120 HIGHS** — Crumm, Dimmitt, 1st; Hardaway, Canyon, 4th.
- DISCUS** — Burrus, Canyon, 1st.
- 440 DASH** — Robbins, Friona, 1st; Burch, Dimmitt, 2nd.
- 180 LOWS** — Barnett, Friona, 2nd; Robason, Friona, 4th.
- MILE RELAY** — Friona, 3rd.
- POLE VAULT** — Hardaway, Canyon, 1st; Warren, Dimmitt, 2nd.

Houlette Auto In Accident With Out-Of-State Car

FRIONA — A car driven by E. E. Houlette was involved in an accident with a coupe containing three out-of-state passengers Friday evening at the driveway of the Farmer County hospital.

Nobody was injured in the accident. Names of the three passengers in the coupe were not learned. An accurate estimate of the damage was not secured, but the out-of-state car was quite badly damaged.

The Houlette auto was pulling out of the hospital driveway at the time of the accident.

Mr. and Mrs. W. T. Gunstensen, Ed Duzick, Horace Vaughn, V. E. Dodson, Anderson and Byrdie D. Fellers were among the people from Hereford who attended a Farm Bureau meeting in Amarillo Saturday.

Want a lot of mileage for your money?

WE'LL admit that the price tags of automobiles—all automobiles—are not what they used to be.

But it's just as true today as ever before that some price tags are lower than others, and some cars cost less to own than others.

So let's see how a Buick SPECIAL fits into the picture.

Take first cost. If you put the price tag of this Buick against price tags of cars that have always been tagged as belonging in "the low-priced field"—you'll find that, in actual dollars, a Buick's surprisingly close to these cars of lesser size and horsepower.

But that's just the beginning.

What you're getting here is Buick quality—this SPECIAL comes down the same assembly line

that produces SUPERS and ROADMASTERS.

Its heft tells you it has extra sturdiness in frame and structure.

Its Fireball Engine delivers extra power. It is an eight, a valve-in-head, with high compression, and the miles you can get from a gallon of gas make it a thrifty performer.

You get Buick's Million Dollar Ride, which protects you—and the car—from jars and jolts.

Even the tires are bigger—which, any tire man will tell you, lengthens their wear.

And if you pay a bit extra for Dynaflo Drive* you're easing the strain on the engine, the rear end, the tires—and eliminating clutch repair bills.

So when we talk about "mileage for your

money" we're talking about the miles you'll get from your car—including the unused miles that are what you have to sell when you trade it in.

Maybe that's why Buick's doing so well in the present market. Why not come in and see what a great car this is for you?

Equipment, accessories, trim and models are subject to change without notice. While desirable optional at extra cost when available. Wheel Covers standard on ROADMASTER, optional at extra cost on other Series. *Standard on ROADMASTER, optional at extra cost on other Series.

Sawdust Useful As Mulch Or For Making Compost

COLLEGE STATION — Sawdust has very little value as a fertilizer. But when used as compost or as a mulch, the gain in mellowness of a heavy textured soil is considerable and the water holding capacity of a sandy soil is increased greatly, says M. K. Thornton, agricultural chemist for the Texas Agricultural Extension Service.

In areas where large quantities of sawdust, chips, shavings and bark are available, at little or no cost, they can be used to advantage, says the specialist. It is better to use the weathered material, he adds, for some sawdust may contain small quantities of substances that retard plant growth. It is unlikely that sawdust is poisonous to plants but the yellowing of plants growing in soils where sawdust or wood wastes have been applied is caused from a shortage of nitrogen.

Sawdusts and other wood wastes are low in nitrogen. Soil bacteria and fungi that cause these wastes to decompose, need nitrogen to carry on their activities and if necessary will rob the soil to get it, thus depressing plant growth and causing a shortage of available nitrogen to the waste to provide that needed for the decomposition process.

Approximately eight-tenths of a pound of ammonium sulphate or a half pound of ammonium nitrate added to each bushel of loose sawdust or other wood

waste is sufficient to prevent a nitrogen shortage. About 115 pounds of ammonium sulphate is needed for each ton of wood waste.

Sawdust and other wood wastes can be combined with barnyard manure and other farm wastes to make a good compost material. Thornton says the cheapest and simplest way to make a compost pile is to put down a layer of the waste then a layer of manure fertilizer and continue the process until the pile is four to six feet high. The edges of the pile should be higher than the center so water will run into the pile and keep it moist. Each layer should be thoroughly wet as the pile is built. Repeating and moistening will give a more uniform product and decomposition will be faster, says Thornton. After four or five months, the compost will be ready for use.

For the home gardener, it is suggested the compost pile be made three or four feet square. For each six inches of material used, such as sawdust, leaves, straw, grass clippings or other wastes, the specialist suggests that one pound of 5-10-5 or 8-8-8 fertilizer be sprinkled uniformly over each layer. Continue building up the pile until it contains the amount of compost needed for the garden or flower beds.

To keep the compost pile from being scattered, Thornton recommends using an enclosure made of pickets or woven wire. Boxes can be built as containers for the compost.

As a final reminder, Thornton says, the best fertilizing materials are farmyard wastes and manures. They are often allowed to wash away or have been neglected because it has been thought they were not worth saving. Manure and composts add organic matter as well as nutrients to the soil and will keep soil alive and productive. The trouble involved in collecting and using composts and manure is more than justified by the results obtained, says Thornton.

Straight Ahead

Opportunity knocks. God is calling. Their eyes are on the future and their ears attuned to the marvelous workings of His great universe. They are the new Adam and Eve; here the race gets a fresh start. *The family, the state, the church will be determined by the "Straight Ahead" way they go.* Our hope is here.

Love and faith conquer the world. Earth and sea, and sky do their bidding as they go forward to possess the earth. Clean of blood, alert of mind, and warm of heart, they "press onward" to the mark of the high calling which is in Christ Jesus. *They learned in church that they would need the Shepherd's staff when they pass through the valley of the shadow.* They know that a profound trust in Almighty God will deliver them to the port of entry to the Kingdom of God, as they march determinedly "Straight Ahead."

CROP**

PLANT PROPERLY TREATED COTTONSEED

The chance for a good stand of cotton with the first planting can be increased greatly when seed that has been treated properly with a recommended seed disinfectant is planted.

The circles in the picture above illustrate the difference seed treating may make. Treated seed and seedlings are less apt to suffer from seed decay, damping-off or sore-shin.

The small cost of treating is unimportant when compared with the expense of soil preparation, fertilizers, labor and equipment needed to produce a good crop. Less than 10c per acre spent for seed protection can often mean many dollars profit when the crop is brought to the gin.

For information about treating your seed and the name of the cottonseed treater nearest you consult your county agricultural agent.

THE PINK BOLLWORM

Two problems in Texas Agriculture come to use cross the Rio Grande—the "wetback" and the cotton Pink Bollworm.

The insect, or Pectinophora Gossypiella, has this in common with the "wetbacks": things look better to it on this side of the border, and it comes across to work in our cotton crops. It will "hitch" a ride across the international bridge on trucks or cars and clothing, or anything else that has been in contact with cotton or cotton products in Mexico. Or, in the moth stage, it will fly across.

The first Pink Bollworm was discovered in Texas near an oil mill in Robinson County in 1917. Since then, it has become, the greatest threat our cotton industry has ever faced, with 193 counties now under quarantine.

The worm comes from an egg laid by the moth on the cotton plant. The larva burrows into the fruit, square or boll and reaches maturity in 10 to 15 days. It pupates, and in about 30 days from the time the egg is laid it has developed into a moth. After mating, the female moth deposits eggs for another generation.

The worm grows to about one-half inch in length. It's made up of segments like the tail of a crayfish. Each segment is ringed by a pink line.

The moth is less than an inch long, brown in color, and shy—hiding from the light of day under stones or brush and flying in the late evening. It can make long distance flights of hundreds of miles, at an altitude of 2,000 or 3,000 feet—for example, from the Laguna district of Mexico to as far away as Arizona, New Mexico, and the Plains of Texas, which is a rather respectable performance.

These little moths live only two or three weeks. But as many as five and six generations appear in one season. That means if every egg laid by one female moth should develop into an adult moth, in five generations one moth would have produced more than 10,000,000,000 hungry Pink Bollworms.

Multiply that by millions of moths on thousands of acres of cotton, and we get a rough idea of what we're up against.

There was near-panic among cotton people and government agencies following the discovery of the first Pink Bollworm in Texas in 1917. "No-cotton zones" were proclaimed excitedly everywhere the insect was found.

The worm had been a serious pest in many parts of the world, including China, Egypt, Brazil, Argentina and Mexico. But still almost nothing was known about its habits and life history. And there was as much confusion among those trying to combat it in the early days in Texas as there was hardship among the growers, who suffered from the "no-cotton zone" proclamations.

Now we know that no cotton zones are futile in Texas as long as there is a plentiful supply of Pink Bollworm across the border in Mexico. We've also learned that since the worm bores its way deep into the cotton boll we can't get at it successfully with insecticides.

We are coping with it effectively, however, by following cultural practices based on the knowledge we've acquired of its life history. The cotton grower can change his procedure—the Pink Bollworm can't change its fixed habits.

We know it propagates in the growing season. So in the warmer areas, with a long growing season, we shorten the breeding time with planting and plow-up deadlines.

We know that in the fall it

goes into hibernation. So we destroy its place for passing the winter by stalk destruction and field cleaning.

At gins and oil mills we have fumigation, sterilization and burning of "gin trash" to prevent spread by way of seed, lint, burrs, cotton products, etc.

Commercial damage from the Pink Bollworm in the past has been as high as 50%—now it is negligible. Our success is due to the almost 100% cooperation of growers, ginners and oil millers in the program for control and eradication under the Texas Pink Bollworm Law.

As long as the moth can make long-distance flights, however, it can invade any part of Texas. And it is important to get at it quickly when it shows up in a new area.

Anyone finding a worm resembling the Pink Bollworm in cotton areas thought to be free of the insect should place it in a bottle of diluted alcohol and send it to the Entomologist for Pink Bollworm Control, Texas Department of Agriculture, Austin, with full information as to date and place of collection.

Mr. and Mrs. Ed Scheid and Lamerlas Berryman spent the week end in Dalhart.

FOODS DON'T DRY OUT IN AN Admiral DUAL-TEMP

These cold meat slices were left uncovered five days in an ordinary refrigerator. Curled edges and discoloring show how they have dried out.

These slices from the same meat were left uncovered five days in an Admiral Dual-Temp. Moist-cold kept them fresh, appetizing, flavorful.

Ordinary refrigerators quickly dry out foods, leaving them tasteless, worthless. But the unique moist-cold climate of the Admiral Dual-Temp keeps all kinds of foods fresh and flavorful for days on end—without lids or wrappings, without any transfer of odors or flavors. Here, too, is the coldest-cold freezer of any refrigerator on the market. You can quick-freeze at temperatures as low as 52° below freezing, store up to 72 pounds of frozen foods. No wonder it's America's most-wanted refrigerator! See it now!

CONG. ROGERS SAYS

Lifting Of Mexican Cattle Ban, Effects Domestically Discussed

THE MEXICAN CATTLE QUARANTINE: The announcement that the quarantine against Mexican cattle will probably be lifted on September 1 has caused a great deal of discussion among the cattle people. Many fear that it will tend to break the cattle market and do untold damage to many small operators. Others are of the opinion that it will cause the cattle market to level off and that it will create a healthy, rather than damaging, situation.

The decision concerning the lifting of the quarantine was prompted by the fact that Mexico presently appears to be free of the Hoof and Mouth Disease. If no new outbreaks occur between now and September 1st, Mexico will be declared free of the disease. This will mean that cattle can be imported under

whatever regulations are decided upon as applicable. The Secretary of Agriculture, under the Tariff Act, makes the declaration. At the present time there are no definite regulations determined. Work is progressing in that field and the proposed regulations are being fully processed. It has been suggested that a period of quarantine at the port of entry should be established in order to permit observation before the cattle are brought in. This procedure was not followed before the outbreak. It seems to be the consensus here that the lifting of the quarantine will not cause any great fluctuations in the cattle market. This opinion is based upon the fact that since the quarantine has been in effect a large meat packing and processing industry has been established in northern Mexico. It is logical to

believe that the Mexican government is not going to let those establishments fail because they cannot obtain cattle. This means that the Mexican government will probably invoke certain restrictions on the exportation of cattle in order to protect this industry that has grown up and means much to the economy of Mexico. The effect of such restrictions could be that only the surplus of certain grades of animals would be allowed to cross the border.

Prior to the outbreak of the disease and the placing of the quarantine, 350,000 to 400,000 Mexican cattle crossed the border into this country each year. Most of those here who are thoroughly familiar with the subject are convinced that importations subsequent to the lifting of the quarantine will be far below that figure. This certainly seems logical. Actually the quarantine has in one respect been of great service to Mexico. It has made possible the building up of the large meat packing and processing industry that will contribute much to the progress of Mexico in the future. In fact it was probably more helpful than one of these foreign aid laws would have been. Mexico was able to wipe out a most serious disease and at the same time build up an industry that will serve the country well.

THE FOREIGN AID PROGRAM: The Senate Committee on Foreign Relations and the House Committee on Foreign Affairs have been going full speed ahead in obtaining information concerning the proposed foreign aid budget request. As you know, General Gruenther has been testifying before these committees in support of the full aid bill, and has made an excellent witness. The full budget request involves expenditures of 7.9 billion dollars. It is going to be interesting to watch what happens on this proposed expenditure in the light of what has been happening to the domestic appropriations bills. These domestic appropriations bills have been cut and sliced from all sides in the committee and the treatment is renewed when they reach the House Floor. During the last few days the House has been considering the appropriations bill for the Department of Interior. Several sizeable cuts were made even though the bill had been whittled down pretty well in the committee. Some of the cuts affected the American Indians, and this of course provoked heated debate. One member observed that you had to live outside the United States in order to be considered in any federal assistance programs. Sometime ago this same member made the observation that the Confederacy was the only nation that the United States ever defeated on the battlefield and then failed to feed afterwards. He is a very able member, and is really hitting the nail on the head. I don't believe that this Congress is going to make the cuts on the domestic front that we have already made and then do a complete economic about-face and write out a blank check for foreign aid.

DONNA KAYE WILLIAMS, Texas 1952 Easter-Seal girl, surveys the more than a million envelopes containing sheets of 1952 Easter Seals which are being sent to homes throughout Texas this week as the annual Easter Seal Campaign to help crippled children gets underway. Donna Kaye was chosen as typical of the states crippled children who are benefiting from treatment received at the cerebral palsy centers financed through Easter Seal funds. A victim of cerebral palsy due to a birth injury, Donna Kaye, two and a half year old daughter of Mr. and Mrs. J. H. Williams, Dallas, is learning to stand alone with the help of braces and physical therapy. Donna Kaye is only one of the thousands of children helped by the Easter Seal Societies. The nationwide Easter Seal Campaign will continue through Easter Sunday, April 13. Contributions can be made to "Crippled Children" care of your local postoffice.

several members from mining districts. One of them pointed out that there were no mines in my district. I admitted this, but told him there were some taxpayers in my district. It seems that the membership is more interested in the taxpayers at the present time than they are in the fact that there are no mines in my district, because the amendment was adopted by the vote of 192 to 164. It is these kind of cuts that are going to pare the budget down. The talk is here that we will be able to knock off 14 billion dollars.

State Seeking Applicants For Job Openings

The Merit System council in Austin announced today that competitive examinations for several positions in state employment will be given over the state on May 10.

Charles Gardiner, director, stated that vacancies in these positions occur in various sections of the state and that qualified applicants are needed. He mentioned opportunities for permanent jobs as one of the attractions.

Examinations will be offered

for clerk, typist, stenographer, key punch operator, tabulating equipment operator, farm placement interviewer, auditor, labor representative and senior child welfare worker.

Information about these examinations may be obtained at the nearest office of the State Department of Public Welfare or of

the Texas Employment Commission or by writing the Merit System council.

Offices of the Department of Public Welfare and the TEC are located on the ground floor of the Deaf Smith county courthouse.

Deadline for accepting applications is April 29.

Mr. and Mrs. E. Ramey were in Amarillo Sunday visiting Mrs. Ramey's sister, Mrs. A. C. Putts. They also visited her nephew, James Stone, who is seriously ill in an Amarillo hospital.

Lee McNeese spent Sunday in Floydada visiting with a friend, Nita Anderson.

ATTENTION

Mr. Business Man:

The W. J. Winters Publications are now compiling the Hereford and 4 county directory. The information shown in the City of Hereford will be as follows:

The man's name, the wife's name, number of children under 16 (over 16 will be shown separately), home ownership, rents, or rents furnished rooms, place of employment and kind of work, correct mailing address, street address, and telephone number.

The rural information will show the man's name, correct mailing address, distance and direction from town, number of acres owned, number of acres rented and owner's address, and what he raises.

The directory will cover completely Deaf Smith County, Castro County, Farmer County, Oldham County and their respective towns.

A supplement of all advertising will be put into rural homes in all four counties.

Brother Of Hereford Men Burned By Gas Explosion In Plainview

By Mrs. R. C. Childers

William Vincent Block, one of the three men seriously burned in a gasoline explosion in Plainview last week, is a brother of B. F. and Ivan Block of Hereford and a cousin of Mrs. R. C. Childers.

His condition is still reported as critical. No one is allowed in the room except special nurses and the doctors. The trio is being treated with the new heat treatment for burns, reports B. F. Block. Block has third degree burns on his back and legs.

Two women and one 4-H boy from this community participated in the "Stunt Night" program Friday night at the high school auditorium. Raymon Childers Jr. furnished music interludes between acts, and before the program. Mrs. John Hunter and Mrs. R. C. Childers were the participants in a little skit called, "The Taxi Ride." Proceeds from the show will go to the council of Home Demonstration clubs to send delegates to the district and state meetings and to send 4-H girls to College Station and 4-H summer camps.

Mrs. R. N. Cooke writes that she has just returned from the Anderson clinic at Houston where she takes Carolyn for periodic check-ups. The physical checkup report was good, but at the time of her writing she had not received word from the X-ray report. She is hopeful that it will be good also.

and sons of Wayside spent Sunday in the home of Mr. and Mrs. R. C. Childers.

Mr. and Mrs. Don Zellner have moved into the garage apartment at the Clinton Jackson home on North Main. Mrs. Zellner is the former Glenda Hargette of this vicinity.

Patsy Childers spent Saturday and Sunday in the Clinton Jackson home visiting their daughter, Patsy.

Patsy Jackson and Patsy Childers, along with more young folks, visited Nancy Milford Sunday afternoon, who is in the Neblett Hospital in Canyon. Nancy underwent major surgery Thursday.

Raymon Childers Jr. played a group of piano selections at a district cabinet luncheon for the Lions club at Hotel Jim Hill ballroom Sunday afternoon at 12:30.

Mr. and Mrs. Kenneth Bain Parrish and Mr. and Mrs. Billy Wayne Clayton and daughter of Springlake spent Sunday in the home of Mr. and Mrs. Jimmy Banks and daughter.

Mrs. Leona Packard spent Sunday afternoon in the Harry Danforth home.

Leroy Packard is working this week at his brother's place south of Hereford.

Mr. and Mrs. Earl Johnson of Pampa spent Monday and Tuesday in the homes of Mr. and Mrs. Wayne Johnson and Mr. and Mrs. R. C. Childers. The Johnsons were returning from a trip to Kermit where they had been visiting their daughter, Mrs. J. H. Babcock and family.

Callers in the Earl DeHart home Saturday were Mrs. John Hunter and Mrs. P. S. Corbett.

Mrs. J. T. Richardson is reported to be getting along just fine. She had a minor operation in Amarillo last week.

Mrs. Leona Packard has been suffering from an infection in the arm.

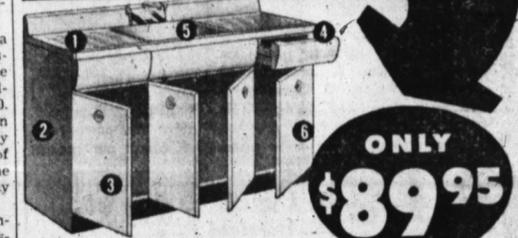

Wilma Ruth Shirley, Earlene West, Mrs. H. V. Fields and Johnny spent Friday night at Wayland college in Plainview.

Mr. and Mrs. W. M. O'Neil of Amarillo visited Saturday night and Sunday in the home of Mrs. G. F. Shirley.

Television is now a part of the American way of life—and the successful homemaker is always on the lookout for new and interesting television room arrangements. This room was especially designed for tele-viewing. The television set has been partially recessed by the flanking bookshelves. The sectional sofa permits convenient viewing arrangement and the low lounge chair mounted on casters gives the room flexibility. The nest of tables is ideal for serving snacks from the hostess cart. The long low coffee table also adds beauty and utility to the room. This room arrangement provides ideal comfort for the entire family.

Roy Campbell and family, Mr. and Mrs. Lee Curry, Mr. and Mrs. Guy Waiser and family, Mr. and Mrs. L. H. Lookingbill and Sandy Winkler; Mr. and Mrs. L. B. Lookingbill and family; Mr. and Mrs. L. L. match. Oyama took the first fall by applying a sleeper with the jacket used as leverage. During the bout, Oyama would add a mystical atmosphere to the goings on by jumping up and down and shouting Japanese battle cries at the bewildered Russian.

Kasaboski entered for the second fall minus his jacket and started powdering Oyama with his fists. Referee Gene Detton made Kasaboski put on his jacket once again and the fun started.

Kasaboski used the ropes as a continual ally in the bout, dodging in and out as suited his convenience when the slippery Judo expert started working him over.

Once again Kasaboski shed his jacket and used his belt to choke Oyama, pounding him with his fists at the same time. Oyama was purpling from this treatment when Detton tried once again to separate the two and put Kasaboski's jacket back on.

The Russian was counted out and disqualified for his lively actions.

In the first bout of the evening, Knoxville's Billy Hickson paired off with Hungary's John Pauch in a two-fall, one hour meet.

Pauch took the first fall in 24 minutes with a body press following a drop kick.

Hickson won the second fall in 13 minutes with a top body press after Pauch had missed an abortive flying shoulder block.

Hickson won the match with a third fall clincher in eight minutes with a reverse face lock and body jackknife.

No matches for next Saturday have been scheduled yet.
