William Johnson Dies Tuesday, Rites Wednesday

Funeral services for William A. Johnson of Lubbock, son of Mrs. Scapp Johnson of Hereford were held Wednesday afternoon at 2:30 at the Rix Funeral home in Lubbock.

Johnson died Tuesday about an hour after suffering a stroke on a Lubbock street.

Born on December 23, 1900 in Mount Pleasant, Tex., Johnson lived in Hereford for about two months during the past year.

Survivors include: his wife, Margaret, one daughter, Mrs. W. W. Buck of Lubbock; his mother, Mrs. Scapp Johnson, a sister, Mrs. Seale Stevens and a brother, J. R. Johnson, all of Hereford, and two grandchildren.

Circus Coming To Town On April 17

The circus is coming to town! Under the sponsorship of the Hereford Jaycees, the Walker Brothers circus—billed as an indoor circus—will play Hereford for a one-day stand, two performances, on Thursday, April 17.

Featuring 24 individual acts, the circus will present a show approximately 2½ hours long. Included will be trained animals, clowns, aerialists, acrobats, and everything that goes to make up a really fine small circus.

The Walker Brothers show is playing several Panhandle towns and has been met with enthusiastic acceptance.

THE "FUN NIGHT" sponsored Tuesday night by the Beta Sigma Phi sorority for the benefit of the Deaf Smith county Cancer drive netted a total of \$164. The entire drive pushed past the half-way mark in its \$910 drive, according to Ray Cowser, publicity chairman. Above are some of the people who played cards at the "fun night" for the cancer drive. At left, they are: Harry Caylor, Mrs. Caylor, Mrs. Kenneth

Cowan and Kenneth Cowan. The picture at the right shows R. B. Ford, Mrs. Bob Lamm, Bob Lamm and Mrs. R. B. Ford. All shown were playing bridge. The lower photo shows the ladies serving donuts and coffee at the program Tuesday night. In the foreground is Mrs. Ben Malone and in the background handing a cup of coffee to a fellow sorority sister is Mrs. Eddie Johnson. Staff Photos.

Umbarger Man Killed In Auto Wreck Tuesday

Frank George Klein of Umbarger was killed instantly Tuesday morning when his car overturned north of Umbarger.

Klein was returning to his home about 8:45 a. m. when his car swerved out of control and overturned in the ditch.

A nephew, who was working in a nearby field, saw the dust cloud caused by the accident and found his uncle's body.

Funeral arrangements have not been completed.

Survivors include: his wife, Mrs. Augusta Klein; two sons, John Klein, Lovington, N. M.; and Leo Klein of Amarillo; and a daughter, Mary Jane of Umbarger; three grandchildren and six sisters.

Miller, Brown School Trustees

Phillip Miller was elected trustee to the county school board for Precinct 3 Saturday. Miller received 25 votes.

Eldred Brown was elected trustee for the Walcott independent school district with 29 votes.

Leo Forrest, candidate for county trustee-at-large, received 29 votes from the box at Walcott school.

Dawn Community Church Readies Sunrise Services At Palo Duro

The Dawn Community Baptist church will conduct the annual Easter Sunrise service to be conducted in the Palo Duro Canyon state park beginning at 6 a. m. Sunday morning.

Site for the service is the Number One crossing area which will accommodate several hundred parked cars. Rev. Paul McClung, pastor of the Dawn church, will deliver the sermon from the top of a hill which rises out of the red bluffs of the Prairie Dog Town Fork of the Red river.

A choir will be stationed some 100 feet below and it is estimated that a crowd of 10,000 persons will be able to see and hear the service from their vantage points.

Officials of the Dawn church will have charge of the arrangements and additional employees are being readied to handle the admissions at the gate.

All facilities of the park will be closed until after the service. The usual admission charges will be made and the concessionaire's part will be donated to the building fund of the Dawn church.

Sunrise is at 6:18 a. m. Easter morning, but the light will be good by 6 o'clock. Visitors are urged to time their arrival at the park before 6 a. m. to allow for a leisurely drive down the Goodnight Trail road to the scene of the service.

Two Charged In County Court

Two men were charged with driving while intoxicated this week in county court.

Hiram W. Perry was charged on April 8 with a DWI offense allegedly committed on April 7. The complaint was signed by Chief of Police Floyd Reeves.

R. C. Lemmons was charged on April 7 with an offense allegedly committed on April 6. The complaint against Lemmons was signed by Deputy Sheriff S. B. Berry.

John D. Aiken JC President

AIKEN

John D. Aiken was elected president of the Hereford Junior Chamber of Commerce at the regular meeting of the group Tuesday.

Bill Howard was elected vice-president.

Six new directors were also chosen. They are: Dean Herring, Kenny Wilson, Dr. H. A. Cavness, Jay Sullivan, Dick Lucas, Jimmy Roberts.

Earl Stagner gave a brief history of the JFW.

Cecil Massey, manager of the Deaf Smith County Chamber of Commerce, was a guest at the meeting.

Accident Uncovers Burglary Suspects

A highway accident one mile west of Vega early Sunday morning played a major part in, opening up one of the recent break-ins in Hereford and may well lead to the solving of at least one more, according to Sheriff J. C. Reese.

With the arrest of three men—Robert Samora, John Samora and Jose Martinez Almanza—Reese announced the solving of the Hereford Wrecking yard burglary on Friday night. All three are charged with burglary in the court of Justice of the Peace A. L. Thomas. They were charged on April 7 in JP court because County Judge Leonard Foster is a patient in the Deaf Smith county hospital.

Robert Samora, 19, is in jail at Hereford and his brother, 21-year-old John Samora and 17-year-old Jose Martinez Almanza are both patients in an Amarillo hospital following the accident near Vega Saturday night when their 1940 Chevrolet struck an on-coming vehicle head-on.

Reese said Robert Samora, driver of the vehicle, is charged in Oldham county with driving while intoxicated. It was in Oldham county that Reese first heard of Samora and where he subsequently obtained a confession regarding the Hereford Wrecking break-in in which Robert Samora implicated all three.

Samora was in jail at Vega when Reese received a call to see if some batteries found in the rear of the trio's car were locally-owned. Reese, with a gold set of foot prints from the wrecking yard break-in, asked what kind of shoes Samora was wearing. When they talked with the imprint found at the scene, Reese and Chief of Police Floyd Reeves went to Vega and confronted Samora with their evidence and he wrote the confession.

The men also had a \$2 roll of nickels similar to the one stolen in the Friday break-in here.

Samora's statement said they

left Amarillo at about 10:30 Friday night, arriving in Hereford about midnight. After driving around a while, they parked their car south of the Santa Fe tracks and crossed over to the wrecking yard, climbing the fence on the west side and breaking a window of the office building for entry. The ransacked the place, taking the loot, and left.

It was a stroke of good fortune that the local authorities crossed paths with the trio again. Both John Samora and Almanza are quite seriously injured, Reese said, and he and County Attorney Gib Howard planned to question the two in Amarillo Wednesday.

The break-in at the Palo Duro station and the Hereford wrecking yard were similar, Reese said, and this may be cleared up after further investigation.

Robert Samora is on two-year probation in Potter county and John Samora is under indictment for forgery in Potter county, according to Reese.

All three had lived in Hereford at one time and one of the men still lives at the labor camp according to the sheriff.

Couple Charges Hereford Bank

A suit was filed in federal district court in Amarillo on Tuesday by Frederick C. Klink and Anna B. Klink, his wife, of St. Francis, asking \$12,440.50 in damages from the Hereford State Bank.

In their petition, the Klinks allege that an officer of the bank—identified in the suit as Travis W. Baine, executive vice-president of the bank—cashed Series E U. S. government bonds without proper authority.

Jim Bob Allison, president of the Hereford State bank, told The Brand Wednesday afternoon that no citations had been served and announced that "We don't have anything to say about it as yet." Allison said the board of directors of the bank called in one federal and one state bank examiner and these officers left Hereford Tuesday.

Allison told The Brand that Baine ceased working for the bank on Monday.

In their petition, the Klinks allege the bank cashed the bonds belonging to them and turned the money over to Floyd J. Wilson of Lubbock. The couple further

alleges the bonds were non-transferable and were not properly endorsed by them before the bank officer who cashed the bonds for Wilson.

According to the petition, the Klinks endorsed 30 Series E bonds, in denominations ranging from face value of \$1,000 to \$25, at their home November 1 of last year in the presence of Wilson.

It alleges the bonds were turned over to Wilson with the understanding that he was to deliver "a certain consideration."

It also was understood that the Klinks would appear before an authorized paying agent at the First National Bank of Amarillo some time after January 1 to obtain payment on the bonds provided Wilson made delivery. The suit alleges Wilson did not deliver.

The Klinks allege that on November 19, 1951, November 15, Wilson handed the bonds over to Baine, and that Baine delivered to Wilson an amount of money equivalent to redemption value.

The bonds were not endorsed (Continued on Page 3)

AFTER MORE THAN 40 YEARS

Three Local Residents Plan Visit 'Back Home'

By Nelda Guy Lawrence

Going back to the old homeland for the first time in more than 40 years would be a welcome experience for anyone and that's just what is in store for Mrs. Joe Huckert, her sister-in-law, Mrs. Louie Huckert and their brother-in-law, Anton Huckert.

The home town in this case is

the town of Grendelbruch in the Alsace - Lorraine district of France.

"We don't know what we'll find there. The country has been changed back and forth between France and Germany until the people don't even know what nationality they are," Mrs. Joe Huckert commented.

Alsace - Lorraine was a part of Germany at the time the three

left but now it is a part of France. "They write us and tell us that everything is different now, everything is more modern and more English than it used to be."

Cherries In Bloom "The cherries will be in bloom there now," Mrs. Joe Huckert reminisced. "The country is very rich, the people can raise everything they need to eat. Really, though, Alsace - Lorraine is noted for its industry. There is a clothing factory in our town. Both of us women worked in the factory together for nine years. Some of the materials were shipped to the United States and at that time we never even thought of ever going to the United States."

"I remember we used to get up at 5 o'clock and walk to the factory," Mrs. Louie Huckert added. "We had to be there by 6 o'clock in every kind of weather. We would get off at 7 p. m. and still have to walk home. We generally got there about 8 o'clock as hungry as a sparrow."

"May Be Surprised" "There were hardly any conveniences at all when we left, although most of the people did have water in the houses. It was as modern there, however, as it was in the United States at that time. We may be surprised—they may be better off than we are."

Mrs. Joe Huckert was the first of the three to arrive in the United States. She came here in 1905 as a bride.

Anton Huckert came over the following year with one of Mrs. Joe Huckert's uncles.

The last to arrive was Mrs. Louie Huckert. Four of her children had been born in Germany before she came over. They came in 1908.

Leave April 21

The three will leave Amarillo by plane on Monday night, April 21 and will arrive in Paris right after lunch on Wednesday, April 23—a mode of travel and a speed that will be a far cry from the ships that brought them

Preparation Of Pan For Baking Explained By ES Specialist

COLLEGE STATION — Success in baking depends a great deal on the proper preparation of the pan. Many times we are doubtful about whether to grease the pan, dust it with flour after greasing or line it with paper.

Maeona Cox, foods and nutrition specialist with the Texas Agricultural Extension Service, explains that the preparation of the pan depends on the ingredients in the food to be baked and the temperature of the oven. It is added insurance against sticking, says the specialist, to flour the pan after greasing, but this practice does have the disadvantage of forming a slight crust that many cooks dislike. Greased paper protects bread and cakes from sticking but unless it is pulled off immediately after baking, it may stick to the food. Then too, paper scorches easily and should be used only when baking in a slow oven.

For cakes and cookies that contain both fat and sugar, Miss Cox says either plain greasing or greasing plus dusting with flour may be used. For quick breads, like muffins and quick loaf bread, and for hot rolls that are cooked at a high temperature, greased pans but no paper are recommended. On the other hand, heavy unglazed paper can be used successfully when baking macaroons which are mostly egg whites and are baked at a low heat. Miss Cox says this same type of paper, if greased, may be used for rich mixtures such as fruit cakes, which burn easily and needs a long slow baking period.

Sponges and angel food cakes are something different. These cakes do not contain fat and the leavening agent is beaten in air. Therefore, states Miss Cox, use an ungreased pan. In a greased pan the cake batter cannot cling to the sides of the pan as it bakes and the cake does not reach its full height. Greasing also causes the cake to fall out of the pan when it cools, which makes a flat and soggy product.

Grease only the bottom of the pans when baking cakes. Leave the sides ungreased so the batter can cling as it rises.

Utility Poles Being Replaced

The work of replacing the utility poles in the alleys in the business district will be completed in the next few days, according to W. C. Meharg, assistant manager of the Southwestern Public Service company.

The present 30-foot poles are being replaced with taller poles of 40 and 45 feet. This work is being done jointly with the Southwestern Bell Telephone company and both telephone and electric lines are being placed on the same poles. Alleys between Main and Miles,

Cotton Picker Delivered For Sale, Jury Says

A district court jury Saturday returned answers to three special issues favorable to O. T. Staats and F. M. Woolbright, plaintiffs in a suit against H. E. Miller, doing business as the Miller Oliver Co.

The suit involved sale of a cotton picker by Miller and a sum due Staats and Woolbright after the sale. The jury found that it was agreed between Staats and Miller that Miller would sell the cotton picker for at least \$1000 and deliver to the plaintiffs the proceeds from the sale after deducting a reasonable commission and the \$200 indebtedness plus interest against the machine.

Five per cent would be a reasonable commission for the services of the defendant for sale of the cotton picker, the jurors agreed in answer to special issue number two in the charge of the court.

Staats did not deliver the cotton picking machine to the defendant on September 1, 1949 to settle the indebtedness against the machine, the jurors answered.

District Judge Harry Schultz has not filed his judgment on the case as yet. This case was remanded to the district court for retrial from the state supreme court in an opinion handed down November 14, 1951. The case was first tried in district court here on August 22, 1950 and later appealed by the plaintiffs to the Court of Civil Appeals for the Seventh District in Amarillo. The trial court's judgment was affirmed there on April 16, 1951. It was then appealed to the supreme court.

Jurors for the case were: Ben Childers, foreman; T. J. Parsons, Richard Barnard, Elmer Reinart, Jay Boston, W. O. Witherspoon, E. H. Loerwald, T. D. Stambaugh, Sanford Smith, Lewis West, W. T. Johnson and R. C. Ross.

and Schley and McKinley have already been rebuilt and work on the Sampson-Schley alley will be completed in the next few days.

These three alleys were all that were listed in the budget for this year. Work of this type will be done each year until all the alleys which do not have sufficient clearance are rebuilt, Meharg says.

District Meet

FRIONA — Rev. Russell Pogue went to Seminole, Texas, Tuesday for a Daily Vacation Bible Clinic for District 8. About 60 churches will be represented at the meeting.

Friona Congregationalists Plan Joint, Separate Easter Services

The Congregationalists plan for the usual special services for Easter observance. The usual hour of worship, which is 11 a. m., will include special music, which is in charge of Mrs. Carl C. Maurer. According to the pastor of the church, the Rev. Geo. E. Meyer, members will be received and there will be baptisms for infants, children and young people. The announced sermon subject is "Easter Affirmation."

The church joins the Baptists and the Methodists in a union Sunrise service which is to be held in the Methodist church at 6 a. m. The young people of the Senior Pilgrim Fellowship of the Congregational church will be served an Easter breakfast in the manse following the service with Mrs. George E. Meyer, assisted by Otho Whitefield, Mrs. Pearl Kinsley will be a special guest.

Congregational Church Family Night

The April "Family Night" of the Congregational church was a success. The attendance, which was unusually large, included 10 special guests. The opening "songfest" was conducted by the pastor. Pictures in color of the life of Christ were shown with John Fred White as the operator in charge.

The next church "Family Night" is to be an outstanding one. The date is May 4. The feature will be a vesper organ recital on a Baldwin organ, presented by Dr. Walter Reneker, celebrated organist. Details will be given later.

The Question Forum

The Lenten "Question Forum" of the Congregational church closed with Wednesday night's program of pictures from the great masters of the centuries together with the Scriptural selections. The pictures had to do with the events of Holy Week. The "Question Forum" has proved to be an outstanding feature of the church's Lenten observance. The average attendance and the interest has been even above expectations. Both youngsters and young people as well as the older people have shown a keen interest and participated in every

feature of the forum. Present plans call for a resumption of the Forum at a date after Easter.

Garden Beautiful Club Holds Its Annual Guest Day Tea Program

Mrs. Don Paschel of Phillips was the main speaker at the Garden Beautiful club guest-day tea given Friday afternoon in the home of Mrs. Joe Poindexter. Mrs. George Graham, club president, welcomed the guests and introduced the speaker. Mrs. Paschel began her talk on "Arrangements" by stressing that the love of beauty should be shared with others.

W. Thomas, Gerald Wilson, J. L. Woodford, O. M. Dickey, Miss Frances Turrentine and the hostess.

Nine Car Train Will Carry 125 Boosters Here

"Arrangements of flowers for the home or public buildings are here to stay, for nature does not give way to fads. Rules in general may be disregarded but basic principles should be observed," she said.

Stating that our Chinese friends have taught that arrangements can be made to look lovely in anything that will hold water, she concluded her program with lecture demonstrations of varied flowers in varied containers.

The president announced the annual tour of homes, which has been a club project for several years, will be held May 2.

Special guests were members of the Bud-To-Blossom club and included: Mesdames Robert Veigel, N. D. Bartlett Jr., J. M. Thomson, Maurice Tannahill, F. H. Oberthier, W. E. Dameron, R. A. Daniel Jr., W. H. Patton, E. J. Kirksey, Bill Stanford, Jimmie Allred, J. T. Gilbreath Jr., R. N. Yarbrow, Ben Childers, Herbert Haseloff, John Winkler, Don T. Martin, Gaston Baer and E. R. Kendall.

Club members present were: Mesdames Tom Carter, S. L. Easley, George Graham, J. B. Harlin, E. W. Harrison, V. O. Henne, E. W. Hobson, Frances Houston, J. W. Kirby, F. P. Lyons, G. P. Owen, Carl Perrin, Helen Pipkin, D. B. Roberson, B. E. Roberson, Mary Seliger, E. W. Solomon, W. J. Stanford, J.

Mayor W. E. Dameron will be the official greeter when the nine-car special train bearing approximately 125 goodwill boosters from Amarillo pulls into the Santa Fe depot here Thursday, April 17, it was announced this week by Cecil E. Massey, manager of the Deaf Smith County Chamber of Commerce.

Forming a welcoming group will be the Hereford high school band and possibly the junior high school band, it was reported by Massey. Purris Williams, band director, will be in charge.

The train is scheduled to arrive in Hereford at 1 p. m. As soon as those on board can form a parade, the entire group will march to Hotel Jim Hill, where luncheon will be served to Hereford civic leaders as well as the visitors from Amarillo.

As a part of the program following the meal, Mayor Dameron will speak briefly.

The Amarillo Air Force base band, which will be accompanying the group from Amarillo, will play a short concert in front of the hotel following the meal.

At 3 p. m., the group will leave for a stop in Canyon and will return to Amarillo that night. They plan to visit 25 cities in their three-day tour of the South Plains and Pecos Valley, according to Frank Helvey, chairman of the Amarillo Chamber of Commerce committee in charge of the event.

West Hereford Club Entertains Husbands

West Hereford Home Demonstration club members entertained husbands at a pot-luck supper held in the home of Miss Evelyn Bell Thursday evening.

After the supper games of "42" and dominos were enjoyed. Those attending were: Messrs. and Mesdames Roy Boyd and Royda, Foy Huff, Jack Flowers, P. H. Luck, Ulys Pierce and Shirley, Mesdames A. G. Bell, Ed Cox and Jan Wallace, Carlos

One brother-in-law wrote Mrs. Joe Huckert urging her to come. He told her, "I've been in the family for 42 years and we've never met. It's time you were coming over."

This is the first time any of the three — for one reason or another — has had an opportunity to return to their home since they left.

Of course at first there was a family to raise and then most of the time the country has been in the middle of a war.

Now that their families are grown, the three are looking forward to at least three months in their old homes — and maybe longer — renewing old acquaintances and reliving the day of the early 1900's.

Several Community Residents Sickness Victims This Week

By Mrs. R. C. Childers

There has been much sickness in the community this week. Ronald Corbett underwent major surgery in the Northwest Texas hospital in Amarillo last Monday. He spent six days in the hospital and is at the time of this writing convalescing in the home of a friend, Mrs. C.

E. Bledsoe in Amarillo. Mr. Corbett says that he may be able to come home today or tomorrow. He is reported to be doing just fine now.

Grady Parsons is home after spending several days in the local hospital with a respiratory infection. Mrs. Parsons is reported not at all well. Little Jimmy Childers, grandson of the Parsons, had a tonsil operation last Friday and is sort of under the weather this week. We hope the Parsons will soon be well again.

Mrs. J. T. Richardson left Monday from the Amarillo airport to fly to Chicago to visit her son and family there. She plans to be away from home two weeks or longer.

A farewell dinner for Mr. and Mrs. Earl Johnson of Pampa, who are moving to Harrison, Ark., was held in the Johnson home Sunday. All the children and their

families were present except one daughter who lives at Kermit, Texas, and she was unable to attend. Those attending were Mr. and Mrs. Wayne Johnson, Mr. and Mrs. R. C. Childers, Raymond Jr. and Patsy, and Mrs. C. S. Barclay and sons Larry and David, all of Hereford, and Mr. and Mrs. A. H. Inman of Plainview and Mr. and Mrs. Johnnie Johnson and Mary of Pampa. The Johnsons left Wednesday for Harrison, Ark., where they are to make their home.

Mr. and Mrs. Hulon Richardson and family from San Angelo spent the week end in the homes of Mr. and Mrs. Pat Robinson and Mr. and Mrs. J. T. Richardson.

Mr. and Mrs. R. C. Childers, Raymond Jr. and Patsy, and Mrs. C. S. Barclay and boys attended church at the Church of Christ in White Deer Sunday. The Childers' visited with many of their old acquaintances. White Deer is the former home of the Childers.

Farming operations are going at top speed in this community. Those that have their ground prepared are irrigating it, while others are still preparing it for irrigation. Potatoes are still being planted in a few places and onions are yet to be planted. Most of the onion ground is ready, but is waiting for the plants. Cold weather in the south has hampered the onion growth, making the date for setting out onions a little late here.

Wheat is being irrigated all over the community, and it is really looking good. Cattle are still on the wheat in a number of places, while others have pulled the cattle off over a month ago. So far no damage has been reported in this community from cutworms and other insects. It is hoped that there will not be any insects to damage wheat this year and that a good crop can be harvested.

Mrs. Earl Dyer Gives Talk On Textile Painting

Mrs. Earl Dyer gave a demonstration on Selecting Designs and Cutting Stencils for Textile Painting at the meeting of the Jolly Girls 4-H club.

Ann Dyer led group singing and games.

Those attending were: Linda Cupell, Arlene Cupell, Mary Cayton, Fern Coursey, Ann Dyer, Nancy Browning, Sunny Hill, Betty Jean Newhill, Mrs. Cayton, Mrs. Dyer, Mrs. Browning and the hostess, Peggy Ann Browning.

Scheduled air mail service was first established in the U. S. in 1918.

Hereford Garden Club Lists Its Projects, Adds Flower Show Rules

Reports on activities of the club were presented at the Hereford Garden club meeting held Friday afternoon in the home of Mrs. A. L. Manjeot. Mrs. Ralph McCullough presided.

Mrs. Jim Black reported over 400 gladioli bulbs sold and told of contributions made to the Texas Garden Clubs, Inc., projects — the Goree Prison farm and the Lone Star Garden club for the blind at San Antonio.

Mrs. A. L. Manjeot reported that the club scrap book had been sent to Lubbock for entry in contests at the District 1 convention held there April 9 and 10.

Donate Two Books
Two books have been placed in the local school libraries: "Adventures in Science With Jack and Jill," at Shirley school and "Adventures in Science With Ruth and Jim" at Central school.

Announcement was made that Miss Sara Thompson of the extension service of WTSC, Canyon, will give a program on bird life and its preservation in the Texas Panhandle on April 18 in the educational building of the First Baptist church. The program will be open to the public and the local science classes will be special guests.

Mrs. Lyle Blanton presented the program for the afternoon which dealt with "Judging Artistic Arrangements." Flower arrangements for the day were made by Mrs. C. D. Kelton and Mrs. A. O. Thompson.

Spring Show Schedule.
Mrs. W. S. Fluitt, schedule chairman for the annual Spring

Flower Show to be held on May 9, explained the schedule and advised members to clip the schedule from the April 6 Sunday Brand for reference. Others who are planning entries in the show are requested to use the schedule in The Brand for information.

Wakita Camp Fire Girls Honor Mrs. Bob Wilson Monday

Wakita Camp Fire Girls honored Mrs. Bob Wilson, leader, who has given up Camp Fire

work because of other duties, at a surprise tea given in the home of Mrs. Glenn Witherspoon on Monday afternoon. Mrs. Wilson has been active in Camp Fire work since 1945 and has been leader of the Wakita group for the past year.

The girls planned the program and prepared refreshments. Jane Bookout presented the honoree with a corsage upon her arrival and a silver tray was presented as a gift from the group in appreciation of the leadership Mrs. Wilson has maintained.

Name Mrs. Caraway
Mrs. H. H. Caraway will be the new leader of the group and

Mrs. F. L. Alexander will remain as assistant. Attending were Mrs. Louis Woodford, president of the leaders Association; Mrs. Urlin Streu, Mrs. Caraway, Mrs. Alexander, the honoree and the hostess.

All Wakita members were present including: Dolly Rose Paetzold, Betty Paetzold, Donna Witherspoon, Eugenia Alexander, Virginia Witherspoon, Linda Hair, Virginia Isabel, Ann Caraway, Janice Medlin, Charla Berry, Melba Gay Lawrence, Lawanna Lookingbill, Jo Ann Cupell, Sandra Worley, Jane Bookout, Dolly Joe Prowell, Nona Marie Strange, Linda Kay Noland, Car-

ol Ann Newell, Diana Scott and Mary Lynn Morrison.

Cook-Out Held
Mrs. Wilson's last meeting with the group was in the form of a cookout and slumber party Friday night at the hut. After supper, games were enjoyed and an honor hunt was featured. The girls took charm tests and plans for the next four months activities were discussed.

Officers elected were: Jane Bookout, president; Sandra Worley, vice - president; Mary Lynn Morrison, secretary, Donna Witherspoon, treasurer and Eugenia Alexander, scribe.

Breakfast at the hut Saturday morning concluded the entertainment.

Mr. and Mrs. Sanford Smith had as Sunday dinner guests, their son-in-law and daughter, Mr. and Mrs. Johnny Dowell and two children, Mike and Patty, of Amarillo.

How to have a winning TELEPHONE PERSONALITY by EMILY POST

We're often judged by the way we use telephone service. Good telephone technique and good telephone manners are important to a winning personality... and help you get the most from your telephone service.

A friend of mine who travels a lot tells me she has found a way to improve her telephoning on trips.

"It saves a lot of trouble," she says, "to have a list of the numbers you may want to call with you. I carry mine in a handy little book. And you would be surprised how much faster long distance calls go through when you give the operator the number you want." Incidentally, the telephone business office will be glad to give you a pocket-size book—handy for use at home, office, or when traveling—to list your long distance numbers in, and it's free for the asking.

My mail shows that many people have friends who use an extra-loud voice over the telephone. They ask, "Does shouting over the wire help?"

No, quite the contrary. A loud voice is always unpleasant and does not mean that you can be heard better. A special effort to talk clearly and distinctly into the receiver makes it easier for your friends to understand you, and it brings rewards in the form of a more pleasant telephone personality.

A correspondent who lives in the country on a party line asks, "Should emergency calls be given special priority?"

I think the obvious answer is "Yes, of course." Don't you? After all, it's just plain good manners to let your party line neighbor use the telephone when some special need arises. And then, too, the more consideration you show, the more consideration you will receive.

By JIMMIE GILLENINE

Everyone around The Brand is feeling pretty good these days in view of honors accorded the paper. The prizes, of course, don't mean too much, but it just naturally makes folks feel better when they get an occasional pat on the back. After all, the real test depends upon what the subscribers and the advertisers and other folks around home think. Many, many people have been nice in mentioning the awards and extending congratulations, and this really means more to us than the actual trophies. Anyway, we have the plaque in the window and want anyone who is interested to see it.

Urlin Streu, our "good" neighbor to the south says he never noticed any outstanding qualities as regards the Bull Column—and would certainly hate to have to read some of the ones which didn't win anything.

J.L. McDonald, head of the Journalism Department at T. S. C. W. Denton, and former newspaper man for 20 years, conducted a clinic on several newspapers and, while he criticized several points on typography and make-up, he emphasized "Good Local News, Strong Editorials, Readability, Good Printing" in The Brand. Some of his non-technical remarks follow:

"A nice, well-printed paper. We like the large body type because it is readable. . . . An excellent editorial page. . . . Excellent classified page. . . . Some striking ads. . . . Very good Society page. . . ."

"In fact, The Brand should be 'must' reading for all editors who are searching for ways to improve their publications."

Guess that should hold even Streu for awhile. I left out the bad things, mainly on his account. The Panhandle boasts some of the best small-town papers in the country, however, and placing in these selections is really an honor.

Tony Eden is plenty riled up. His pet peeve is people who leave water sprinklers squirting out on the sidewalks. Tony says he walked to town the other day and had to walk in the street for a total of four blocks, due to the fact that sprinklers were going on sidewalks.

"What," Tony wants to know, "is a sidewalk for, anyway?"

Tony, like most butchers, enjoys griping about most anything and when there is a faint semblance of justice on his side, he can really go to town. However, maybe he has a point. He says the county jail is the very worst place of all. A summer or two ago I was raising heck in this column because the jail grass was being neglected—which puts me between a rock and a hard place. I told Tony he just didn't appreciate the beauties of nature, but he says it's mighty hard to do when you are soaking wet from the waist down. I think the best thing to do is turn Tony over to the Garden Club. Will some of you ladies hand down a decision?

Visited with Cecil Massey, the new Chamber of Commerce manager, for a few minutes the other day—and will predict that he is strictly on the ball. Cecil wants to draw up a program of operation and make plans for a good sound, progressive year. He is a down-to-earth thinker and certainly deserves support in his proposed plans. I believe we are going to be proud of Cecil Massey. Nothing sensational or flashy, but practical, reasonable—and not afraid to work.

Editors are fast gaining a reputation for their inability to predict political races, but the ones who met in Amarillo last week are probably going to bat an excellent average this year. I talked with four of them—and all were predicting Eisenhower to

be our next president. Three voiced the opinion that the Democrats should back off, take a good look—and join the Republicans in nominating Eisenhower at their convention. Wouldn't that be something? It won't happen, but it would be sensational if both parties were to nominate Ike.

J. T. Carroll has about the fanciest hobby I have heard of in a long time. He is taking a course in the transfer of colored nylons and cottons as decorations on lamp shades, radios, trays, etc. It is the same sort of stuff with which the Whiteface heads are

put on the high school sweat shirts, it sticks to cloth, paper, metal, plastics—in fact, to almost anything. He spreads the stuff on with spray guns and has 60 or 65 different colors. He says it is very interesting and he hopes that it will soon be paying its way as a hobby.

Understand that there are several business firms in the process of changing hands—but none of them are yet ready to make official announcements. Around April 15, probably.

The guy who said it was impossible to predict Panhandle

weather sure knew his business. Folks who were running around in sport shirts and open shoes Tuesday were draped out in top coats Wednesday. The temperature, within a period of two days, dropped from 85 degrees to 34 degrees—almost from boiling to freezing. You can't beat that for variation.

Gerald Wilson, genial manager of The Brand office supply department, is leaving Saturday. He plans to attend a special training course and then go into the life insurance business. Gerald is a mighty fine boy, and we will miss him a lot.

Friona Sunrise Services Set

FRIONA — Easter Sunrise services will be held at the Methodist church Sunday morning at 6 a. m. LaVon Rogers of Bovina will bring the morning message.

The Methodist church and Congregational church will furnish the music and the Baptist church will furnish the speaker.

After the Sunrise service, each church will serve breakfast in its own church for the young people of Friona. All are invited.

Friona One-Act Play Wins Area Prize At Littlefield Friday

FRIONA—Friona high school's one-act play entry, "Yours and Mine," won area first in competition at Littlefield on Friday. Cast members will now present their vehicle in Lubbock April 18 for the regional competition. Members of the cast are Mary Joyce Renner, Jimmie Dixon, Joyce Ann Miller and Don Lewis. Jimmie Dixon was voted the best supporting actor and Joyce Ann Miller the best actress.

Friona Captures District 10-B Track Crown Sat.

Friona just slipped by Farwell Saturday at Farwell to cop the District 10-B track title with 59 points to the host team's 57.

Excitement ran rampant in the six-team meet with seven records biting the dust during the day. Friona tracksters smashed three of the old marks and a Vega runner broke another.

Marks fell in the shot put, high jump, discus, 220-yard dash, mile run and mile relay.

Adrian and Vega tied for third in the meet with 13 points each and Bovina and Lazbuddie scored nothing.

Results of the meet were: SHOT PUT — 1. Vernon Willard, Farwell; 2. Wayne Cribbs, Friona; 3. Alvin Jordan, Farwell; 4. Doyce Barnett, Friona; Distance — 28-3 1/4 (New record, 36-9 was old record.)

POLE VAULT — 1. Ben Jordan, Friona; 2. D. O. Robason, Friona; Height — 9-7 (New record, old record 9-6).

120-YARD HIGH HURDLES — 1. Ronnie Dial, Farwell; 2. Ben Jordan, Friona; 3. Joe Dixon, Friona; 4. Marvin Price, Vega. Time — 16.8.

WINNERS OF the Junior High track meet Saturday in Lubbock were the Hereford junior high tracksters, shown above with their coach, Medford Hammon, and the trophy they brought back with them. Squad members, from left, kneeling, are: Norman Bookout, Gwinn Lovel, Walter Kirkland, Ham-

mon, Don Sigle, Tommie Weems, and Lynn Jones. Back row, from left: Don Parsons, Arol Acton, Wayne Smith, Bobby Melugin, Charles Green, G. C. Merritt, Don Janssen and Richard Hollis. Staff Photo.

Junior Tracksters Win Lubbock Meet

Hereford's junior high track team won first place in the annual Junior High track meet in Lubbock on Saturday. The Junior Herdsmen walked off with top honors via 42 1/2 points. J. T. Hutchens of Lubbock was second with 31.

Ten schools entered the competition. Eighth graders and seventh graders ran in separate meets. The Hereford seventh grade team took fourth in its competition.

Hereford's G. C. Merritt Jr.,

ran the 180 lows in record time in the preliminaries (23.6 seconds) but stumbled and fell in the finals, but still finished second.

Coach Medford Hammon's boys took three firsts — two of them by Wayne Smith, the 100 and 50-yard dashes. The third first was in the 880 relay. The remainder of the points were added by second and third placings.

Results of the meet was as follows (All listed not necessarily winning in the point placings):

EIGHTH GRADE

Dimmitt First In District 5-B Track Meet Sat.

It was easy work for the Dimmitt Bobcats Saturday when they copped the District 5-B bunting in the annual track meet at Olton. The victors rode to victory on a 74-point wave. Second place Olton took home 43 1/2 points.

Petersburg took third with 14 points, Happy fourth with 11 and Hale Center was fifth with 8 1/2. Olton's Bob Copeland was high-scoring athlete with 12 1/2 points and Dimmitt's Raymond Crum was second with 12 points.

Dimmitt won the junior high meet with 31 points with Petersburg second with 21. The grade school Bobcats were fifth in that division with 2 1/2 points.

Coach John Blaine's tracksters won nine firsts, eight seconds and four thirds to rack up their 74 points. The Bobcats took firsts in the 120 high hurdles, 100-yard dash, 180-yard low hurdles, 440-yard run, mile run, mile relay, pole vault, high jump, and shot put.

In the preliminaries, Billy Hickson of Knoxville, Tenn., met Amarillo's Alex Perez in a one-fall 20-minute bout. Hickson was the victor in 13 minutes with his newest addition, a reverse face lock and body press.

Sesue Oyama, Japanese Judo sensation, met the newly-crowned Southwestern States Junior Heavyweight champion, New York City's Tony Morelli, in a non-title bout billed as the semi-windup. The best two-out-of-three event had a 45-minute time limit.

In this bout, Morelli was saved by the bell from losing his

Phillips Wins District Track Meet At Canyon, Herd Fourth

The Phillips Blackhawk tracksters whizzed through the field Saturday at the District 1-A track meet held in Canyon's Buffalo stadium, garnering 62 points to edge out Canyon, who settled for second with 53 1/3 points.

Dumas placed third in the competition with 26 points and the Hereford Whitefaces picked up 9 1/3 for a fourth. Perryton was fifth with 2 1/3 and Dalhart held up the bottom with a lone point.

Ray Burrus, Canyon's master-of-all-sports, led the district in scoring with 12 points. In addition, he won the discus throw with a mighty toss, heaving the sphere a whopping 162' 1".

Second high scorer for the day was Phillips' Stanley Alexander with 11 1/2.

Hereford's 9 1/3 points were won with a second and three thirds. Raymond Dement threw the shot for 42 feet and a second place and Jim Lowery took third in the 120 high hurdles and the Hereford 440 relay team and the

mile relay team also got thirds. Winning times, distances and heights ONLY in the various events Saturday are:

100-yard dash — Stanley Alexander, Phillips — 10.5 seconds.
220-yard dash — Stanley Alexander, Phillips — 23.5 seconds.
440-yard dash — Benny Counts, Phillips — 52.3 seconds.
880-yard dash — Keith Wiseman, Dumas — 2:7.7 minutes.
1 mile run — Allen Tipps, Phillips — 4:49.1 minutes.
120 high — Billy McDonald, Phillips — 16.4 seconds.
180 lows — Tom Middleton, Canyon — 22.3 seconds.
440-yard relay — Canyon — 46.9 seconds.
1 mile relay — Phillips — 3:39.7 minutes.
High jump — Ray Burrus, Canyon — 5' 10".
Broad jump — Bob Hardaway, Canyon — 19' 5 3/4".
Shot put — Bryan Ingram, Dumas — 42' 10".
Pole vault — Bob Hardaway, Canyon, 11 feet.
Discus — Ray Burrus, Canyon — 162' 1".
All athletes placing first, second and third will be qualified for the Region 1-A meet in Lubbock Saturday, April 19. Raymond Dement at shot, Jim Lowery at the 120 high hurdles and the Hereford 440 and mile relay teams are qualified.

The Texas relays included a number of Olympic distances in their flat races last week end and that, of course, will aid in the trials to come. One bit of planning that the relay meets overlook is the inclusion of the metric hurdle races. Conference and NCAA events have trouble including them in their repertoire because of the hanging confusions appended thereto. No coach, saying a championship, is going to sacrifice a possible point winner on a no-scoring special event. But there are no team awards at the various relay events and they could, at least, in the Olympiad years, include the two hurdle events. The Olympic distances are 710 and

400 meters. The sole exception to the foregoing is the Penn relays which always includes a 400-meter hurdle go. You'd think that with the prep rattle that mayhap we don't do so good in these events. Tain't so, since the inception of the games we have been out of the top slot only twice in each section. My thinking being if we had a bit more screening we could sweep the things. What brought that on was Harrison Willard's failure to qualify in the 1948 trials and that was one of the rare times the field didn't follow him. The word goes that he had been pursuing a full

MILE RELAY — 1. Friona, (Robbins, Robason, Jordan, Dixon); 2. Farwell. Time 3:49 (New record, old record 3:54.3). First and second place winners will go to the regional meet April 18 and 19 at Lubbock.

Midwest Gals In Rough Bout Sat.

A woman's place is not necessarily always in the kitchen, two female grapplers from the Gopher State showed Hereford wrestling fans Saturday night at the Bull barn.

The way the gals did it, it looked kind of easy, but still a tough way for a woman to make a living. It was rough and tough and neither Therisa Thies, St. Paul, Minn., or Lorraine Johnson of Red Wing, Minn., asked or gave any quarter.

This match was the main event bout of the evening, with the two representatives of the weaker (?) sex battling it out in and out of the ring.

One spectator's lap played an important part in the bout. It provided a soft landing place for Miss Thies on the three occasions she was tossed from the ring.

Therisa won the first fall in

10 minutes with a top body press. Lorraine evened it up in 15 minutes with a double crab and wound up with a whirlwind finish in six minutes, flattening the St. Paulite in six minutes with a top body press.

In the preliminaries, Billy Hickson of Knoxville, Tenn., met Amarillo's Alex Perez in a one-fall 20-minute bout. Hickson was the victor in 13 minutes with his newest addition, a reverse face lock and body press.

Sesue Oyama, Japanese Judo sensation, met the newly-crowned Southwestern States Junior Heavyweight champion, New York City's Tony Morelli, in a non-title bout billed as the semi-windup. The best two-out-of-three event had a 45-minute time limit.

In this bout, Morelli was saved by the bell from losing his

Give the little lady a helping hand

THIS ad is addressed to husbands—husbands who've yearned for the thrill of sitting behind a broad hood packed with horsepower—and the pride of rolling down the street in a car that tells the world, "Here's a man who knows the finest thing on wheels."

But husbands have wives. And wives have been known to say, "No big cars for me. They're too hard to handle."

Well, we have an answer for that one. It's a ROADMASTER with Buick's new Power Steering.† And Power Steering takes over any time the steering gets tough—works like a helping hand—reduces the effort of turning the wheel of a car at a standstill to about the same effort it takes to pick up a mink coat.

BUT out on the open highway—with a clear straight stretch before you—your hands still have command of the wheel—you can feel that sure, firm, easy and eager responsiveness that's a part of the fun of driving.

The rest of the fun is in something else that's new this year — the highest horsepower that a Buick Fireball Engine has ever delivered—and an Airpower carburetor that lets loose an extra reserve of power when needed, and still adds extra miles to your cruising range on each tankful of gas.

So we suggest a family demonstration.

You'll both like the hushed and restful silence of this superbly able traveler. You'll like the harmonious beauty of its interior, and the deep

and luxurious softness of its seats.

You'll like the velvet-gloved grip of its Wide-Band brakes, and the most capacious trunk in Buick history.

You'll like the smooth surge of Dynaflo Drive, and you'll like—but why waste time talking, when you could be finding out more than we can ever tell you? How about making a date to do that right now?

Equipment, accessories, trim and models are subject to change without notice. White wheels optional at extra cost when available. †Optional at extra cost on ROADMASTERS only.

first bout — title or non-title— since he lifted the junior gong off the head of Dory Funk in Amarillo on Thursday last. Oyama had the rugged Morelli asleep but still, inside the ropes as the match ended.

Oyama, of course, went into his usual ritual previous to the match in which he chases the evil spirits out of the ring.

Morelli gained the first fall in 19 minutes via a top body press.

The wily Oyama retaliated in four minutes with a Japanese arm bar to gain the second fall.

Although there was no decision in the bout, the intervening minutes between the second fall and the final bell were well-crammed with wrestling of all sorts. It was rough. It was tough. And it was not all according to the books. Oyama's trickery with his Judo and Morelli's brute strength and steamroller tactics provided the audience with lots of thrills.

THE STATE OF TEXAS TO:
THOMAS J. ALLEN, and if he be deceased, the heirs, the unknown heirs and legal representatives of the said Thomas J. Allen, deceased, and if he be married, the unknown spouse of the said Thomas J. Allen, GREETING:

You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 5th day of May, A. D., 1952, at or before 10 o'clock A. M., before the Honorable District Court of Deaf Smith County, at the Court House in Hereford, Texas.

Said plaintiff's petition was filed on the 18th day of March, 1952. The file number of said suit being No. 3460. The names of the parties in said suit are:

G. B. Hagar as Plaintiff and Thomas J. Allen, and if he be deceased, the heirs and the unknown heirs and legal representatives of the said Thomas J. Allen, deceased, and if said Thomas J. Allen be married, the unknown spouse of the said Thomas J. Allen, as Defendants.

The nature of said suit being substantially as follows, to-wit: Suit in Trespass to Try Title to recover the title and possession to the following described land and premises situated in Deaf Smith County, Texas, to-wit:

Lots Nos. 11 and 12 in Block No. 3 of the Miller and Churchill Subdivision of the West one-half (W 1/2) of Block No. 23 of Events Addition to the Town of Hereford, as shown by the plats of said Subdivision and Addition of record in the Deed Records of Deaf Smith County, Texas; said property being further described as:

The East 107.2 feet of Lots Nos. 19 and 20 and the South 29 feet of the East 107.2 feet of Lot No. 21 of Parker Subdivision of the West one-half (W 1/2) of Block No. 23, Events Addition to the Town of Hereford;

Wherein the Plaintiff pleads title in the Plaintiff by reason of the Five year and Ten year Statutes of Limitations, and that the claims of the Defendants and each of them cast a cloud upon the title of the above described property, but that the claims of the Defendants and each of them are inferior to the claim of the Plaintiff to said property.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this 18th day of March A. D., 1952.

CHRYSLER FirePower is so much more than HORSEPOWER

+ It's worth remembering that today's Chrysler V-8 is not a "warmed-over" engine, but basically brand new . . . the first truly new type engine of modern times. It does, indeed, open new horsepower potentials, but what it can mean to you goes way beyond just that . . .

+ FirePower is also a better-built engine throughout. It doesn't require premium fuel. It runs with less waste, less heat, less wear, less carbon deposit than other type engines can do. More of your gasoline's energy is turned into actual road power, greater reserve for passing and top speeds when needed . . .

+ FirePower gives your gasoline a better place to work . . . the first hemispherical combustion chamber in a stock-car engine. It makes possible more power from every drop of gas. You feel it the minute you open up a Chrysler, in greater accelerating power than you've ever had at your command . . .

Canyon won the first game of the series, 15-9 and came back to take the second game, 15-13. This put Hereford out of the competition for the district title.

Girls on the Hereford line-up for the contest were: Lois Ann Thomas, Helen Hanegan, Novalyn Wiggins, Peggy Tisdale, Ardella Ferlich and Mary Frances Rogers.

Substitutes were: Charlene Lee, Marjie Ford, Margaret Edwards, Doris Stanfield, Betty Culpepper, Kathleen Kester, Dolores Tisdale.

Local Students In Canyon Wins

Two Hereford students took first place honors at the interscholastic league contests in Canyon Saturday.

First place winners were Bruce Bybee in the senior boys declamation contest with "Voice of Democracy"; and Richard Tucker in the number sense division.

Betty Ramey was third in the senior girls declamation and Martha Heard won second place in typing.

LONE STAR Agriculture

Released by The Texas Department of Agriculture

Seed Testing & Certification—Farming today is getting complicated — sometimes it makes a person long for the "40 acres and a mule" of a hundred years ago.

But 100 years ago 85 per cent of the U. S. population was engaged in agriculture. Today only 15 per cent of the people are left on the land, and they have to produce enough for all Americans and some for export.

To get bigger yields, we are planting better seeds. But seed testing and certification, while helping us improve the quality of our seed stock, is one more complication in 20th Century farming. Seed samples submitted to the State laboratories indicate there is some confusion as to procedures. The following notes should help clear things up:

"Certified" seed, bearing a Certified Seed Tag, is seed which meets high quality standards. Certification is not required by law. A grower wanting his seed cer-

tified files an application with the State Department of Agriculture and pays a \$10 annual fee, plus a 5c to 50c fee per acre for most seeds.

"Registered" seed is like certified seed, except that it meets higher quality standards.

More than 1,000,000 bags of high quality registered and certified seed passed into the Texas channels of trade last year.

"Tested" seed is seed tested for purity and germination. It is required by law for field seeds offered for sale.

The State Seed Laboratories in Austin and Lubbock provide free testing for field seeds. Tested Seed Labels cost 1¢ each.

Samples should be identified with kind and variety, name and address of sender, lot No. or other stock identification, year grown, test desired (whether purity or germination or both).

Samples should be 2 oz. for small seed like white or alsike clover; 5 oz. for seed the size of

red or crimson clover, alfalfa ryegrass, bromegrass, millet, flag and rye; 1 lb. for seed like sudan grass, sorghum, proso and hemp, and 2 lbs. for large seed like corn, cotton, cereals and vetches.

The state laboratories tested 14,818 samples last year, and sent out 3,614,080 Tested Seed Labels.

Lillies above the Cross

YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCH GOER and a daily BIBLE READER.

Williams Newspaper Features

"In the beauty of the lilies Christ was born across the sea, With a glory in His bosom that transfigures you and me." The lilies of the earth are the more beautiful because we see them rising out of dark Calvary. Christmas is sanctified in Easter. As the crystal purity of the lily lifts from the muck and the mud of a wayside pond, so the divine glory of the Easter lily comes to birth out of the tragic sorrow of Friday's crucifixion.

The Cross speaks of the muck and mire of human sin and sordidness. The lily tells of divine love that died for us, of the grace that saves us. Even the Cross takes on a radiant beauty when it is seen through the fragrant glory of the Easter lily. Dark Friday becomes Good Friday with its revealing of heavenly Love. Worship then the Redeeming God who has brought life and immortality to us. Then the Easter lily will symbolize our everlasting life.

Need More Acres Of Feed Grains Planted In 1952

COLLEGE STATION — The State Agricultural Mobilization committee last week discussed the problem of getting more acres of feed grains planted.

The situation was pointed up by figures recently released by the Crop Reporting Board of the USDA's Bureau of Agriculture Economics. These figures indicate that farmers' tentative planting plans for the nation will fall about nine million acres short of the 1952 goals for the principal feed grain crops. It was indicated that corn plantings alone would be more than five million acres below the goal level.

B. F. Vance, chairman of the State Committee, pointed out that Texas farmers have indicated they will plant 92% of the state's corn goal and only about 83% of the grain sorghum goal.

In view of the large number of livestock and poultry on the farms and ranches of the state and nation, Vance said such curtailments in feed grain produc-

tion pose a real problem in maintaining these herds and flocks. Information received by the committee on the national situation points out that with current feeding rates and last season's short production, feed grain stocks may be as much as one-third less by harvest time than one year ago. If the presently-indicated corn acreage produces average yields, the reserve above normal working stocks could be virtually exhausted during the next 18 months.

Without plentiful supplies of feed grains, it will not be possible to maintain the production of meat, eggs and milk that will be needed by our increasing population, says the committee. They urge farmers to re-examine their planting schedules and where possible, make every effort to increase materially their plantings of feed grain crops. The committee fully realizes the seriousness of the drought situation in Texas but at the same time suggests that farmers obtain planting seed or at least line up prospective seed supplies of grain crops for immediate planting should rains come.

They also urge farmers to use the best known methods of production in order to save time and

labor. The farm labor situation is expected to be tight, especially during the harvest season. This is an item that farmers should consider before all planting is completed. Crops that can be machine produced and harvested may prove to be more profitable than those requiring lots of hand labor, believe the committee members. And they add, price supports have been announced for corn and grain sorghums.

They urge farmers who live in areas where fertilizers can be used to use them liberally to increase yields. And finally, they point out that local agency representatives are ready to assist farmers in every manner possible to help get more acres of feed grain crops planted.

No Major Hopper Threat In 1952

COLLEGE STATION — Forecasts based on surveys and actual egg bed counts indicate that grasshoppers will not be a threat to crops and pastures in Texas this year. In only a few spots were enough eggs found to rate the areas as threatening, says Allen C. Gunter, entomologist for the Texas Agricultural Extension Service.

The areas are small and are found in the upper northwest Panhandle, in the Trinity bottoms of Ellis and Kaufman counties; in Hill, Falls, Milam, Robertson and Washington counties along the Brazos river. In these areas farmers should watch for the early hatches and if the young hoppers show up in large numbers, they should be controlled before they leave the egg bed areas, says Gunter.

Other counties in these same general areas may expect light infestations and some damage is possible. Serious damage may develop in the fall if the weather is hot and dry.

Gunter advises farmers and ranchmen that control measures, if needed, should be used before the grasshoppers leave the egg beds and scatter. Wiping out this year's hatches will reduce the chances for major outbreaks next year, points out the specialist, and from this standpoint, the use of control measures is justified.

For information on the best insecticides to use, Gunter suggests that farmers contact their local county agents. They can also ad-

vision on whether control measures should be used.

It's Never Too Late To Learn

COLLEGE STATION—Knowledge and skills can be acquired at all ages. People continue to learn when they develop habits of mental alertness and keep up with the times.

Eloise Johnson, specialist in family life education with the Texas Agricultural Extension Service, says investigations show that the ability to learn seems to reach its peak at about the age of 25. Then it drops slowly until at the age of 45 the ability to learn is about the same as it was at 18. After 40 the learning capacity drops slowly, about one per cent or less each year.

Older people do learn and can acquire skills as well as young people, but adults over 40 take longer to acquire new ideas. Mrs. Johnson says skills are learned in later life as easily as in adolescence. Within limits, ability, interest, energy and opportunity are more important factors in learning than age. The ability to solve problems often improves with age. Whenever knowledge of ways to do things is important, then the older person's experience is valuable.

People should be learning continually if they are to grow older gracefully. This means acquiring dignity, patience, unselfishness, tolerance and sympathetic understanding for others. It means building the kind of personality which is a source of strength to others as well as a source of strength to the inner self against stress and strain of living.

Mrs. Johnson says that older people have a contribution to make to society. They must be made to feel useful and to know they do have worthwhile contributions to make. As the world faces more and more serious problems, well adjusted people with experience, knowledge and judgment are needed. People who continue to learn as they become older have these qualities and by example, give courage to others.

Cost Plus Contracts Plague American Taxpayers Needlessly

COST - PLUS CONTRACTS: The need for defense expenditures and the tremendous cost of weapons for our continued strength with which to oppose armed aggression cannot be discounted. Every American is ready, able and willing to step forward on a moment's notice and provide whatever is necessary in order to defend our way of life. However, this does not mean that the military is entitled to a blank check that is to be paid for out of the taxpayers' pockets. The tremendous costs of the preparedness program is all the more reason for the exercise of business principles in carrying out this program.

Unless some of the tactics employed in obtaining the materials and weapons necessary for our defense are changed, our entire economy could be in danger. I have particular reference to the cost-plus contracts that are still

blighting this country. They are of two general types: (1) The cost-plus fixed fee; (2) The cost-plus five percentage fees based on a percentage of cost. No one needs to be advised that such contracts encourage spending. In addition, they actually invite all kinds of trick artifices and schemes of a financial nature.

In recent proceedings before the House of Representatives it was brought out by Congressman Gore of Tennessee that during the hearings concerning some of the appropriations General Thomas Farwell appeared as a witness. He held the position of assistant general manager of the Atomic Energy Commission. His salary was \$17,500 a year. He was hired away from this employment by ARO, a corporation organized under the laws of Tennessee for the purpose of making a contract with the Air Corps and obtaining a fee for operating the aerodynamic wind tunnel facility at Tullahoma, which is now under construction. General Farwell was hired by ARO at a salary of \$30,000 per year. This of course was quite an advance for General Farwell and no doubt from a personal standpoint he was justified in leaving the government and going to work for ARO. However, when we look into the matter we find that under the cost-plus contract under which ARO was operating, the taxpayers of the United States were actually paying the \$30,000 salary of General Farwell, because the government was having to pay the cost of the project and this cost included the salary paid by the ARO Corporation to General Farwell. The committee felt that General Farwell was an able and distinguished man and doing a fine job for the Atomic Energy Commission at his \$17,500 a year salary.

This transaction is a perfect example of the fallacy of cost-plus contracts, and it is like a man and his wife at an auction sale bidding against each other. It doesn't make any difference which one gets the article, the family bank account will pay the bill. Much more has been uncovered, and I wish space would permit me to include it in this letter.

We all understand that there are certain matters that could probably be justified on a cost-plus basis; for example, the contract for construction of weapons that could not be let on competitive bids because of the secrecy of the weapon involved. Another example is the construction of such things as an atomic powered submarine, and other like items, the actual cost of which cannot be anticipated because it is entirely experimental in nature. However, the great bulk of cost-plus contracts can be done away with and much money can be saved the American taxpayer. This is vitally necessary at the present time because it is one method by which military expenditures can be cut without endangering the preparedness program. You can expect to see quite a bit about this when the Armed Services appropriations bills come before the House. This Congress is going to demand the application of business principles in military expenditures and they are going to get it.

APPROPRIATIONS BILLS: The Appropriations Committee has worked out and is bringing the several appropriations bills to the house floor with great speed. As I told you in a previous newsletter, this committee has made drastic cuts in the budget proposals and the bills are being cut again on the house floor. There have been several attempts to increase appropriations in these bills, but they have failed miserably. We have just finished with the appropriations for civil functions administered by the Department of the Army. This includes the work of the Corps of Engineers on rivers and harbors, construction, operation and maintenance, flood control, and other related matters. It was very interesting to note the speed with which amendments seeking to increase appropriations in this bill were knocked down as quick as they were presented.
