SIGHTS, FACES SEEN

Around Town

Highway Patrolman J. A. Dumas is attending a highway patrol retraining school in Austin this week.

Sheriff J. C. Reese and County Attorney Gib Howard left Wednesday by air from Amarillo for Dallas where they will attend the statewide crime conference.

Wayne Evans will represent the ex-students association of Hardin-Simmons at the annual Founders Day observance at Hardin-Simmons university Thursday.

The Hereford fire department was called to the J. K. Baker farm Tuesday night to extinguish a fire in a small building.

The Texas Star Square Dance club will meet at the clubhouse this evening.

Mrs. Ben Malone, Mrs. F. E. Walton Jr. and George Graham are in Dalhart this week helping evaluate the schools there.

The annual meeting of members of the Hereford Housing project will be held Saturday, April 19 at 2 p. m. in the county court room.

The fire Wednesday afternoon was a short circuit in the telephone line in the alley by Hereford Creamery.

The regular board meeting of the Deaf Smith county Federation of Women's clubs will be held in the county commissioners court room on Saturday afternoon at 2:30.

Mrs. Mary Woolry, Mrs. V. R. Gardner and Mr. and Mrs. Clayton Woolry will attend the funeral of Hoyt Hill on Thursday afternoon at Childress.

The Commissioners Court met Monday and canvassed the ballots of the April 5 school trustees.

Oscar L. Hunt Funeral Held Here Monday

Funeral services for Oscar L. Hunt, retired Deaf Smith county farmer, were conducted Monday afternoon at 3 p. m. at the Avenue Baptist church.

Hunt died in Neblett hospital in Canyon on Friday, April 11, following a short illness.

Born on February 18, 1893 in Cook county, Hunt was married to Viola Loreina Reitz on November 18, 1913 in Kansas City, Kans.

He came to Deaf Smith county in 1902 from Dexter.

Hunt was a member of the Avenue Baptist church. Survivors include: his wife; two sons, George of Amarillo; and Thomas of Los Angeles; three sisters, Mrs. Estell Barker, Fresno, Calif.; Mrs. Clovis Hedge of Clovis, Calif.; and Mrs. Carroll Staylor of Abilene; and four grandchildren.

Funeralbearers were: Lee Little, Buck Barnett, Harvey Hudson, Marion Consky, George Hudson, Homer Thomas.

Pioneer Day Committees Are Selected

Chairmen of 18 committees to plan and execute the Pioneer Day events and "housekeeping" chores were announced this week by Cecil Massey, Chamber of Commerce manager.

The Hereford Riders club is in complete charge of the rodeo events tickets and admission. Robert Thompson is in charge of the parades.

Advertising and publicity will be handled by the Chamber of Commerce and the Hereford Riders. As was the case last year, the Business and Professional Women's club will be in charge of registration.

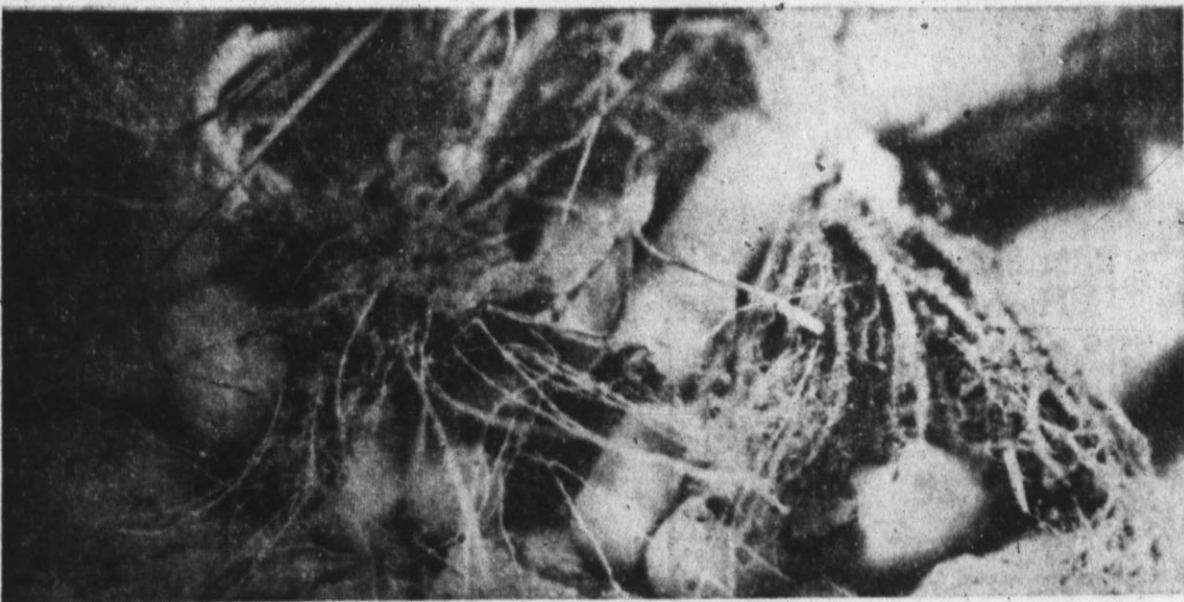

Entertainment and housing will be spearheaded by the Chamber of Commerce with the Jaycees in charge of the dances both on Friday and on Saturday.

Other committees and persons or groups in charge are: Legal — James Witherspoon; police — J. C. Reese; parking — Homer Brumley; programs — Mrs. Woodrow Ireland; lighting — Ed Johnson; sponsors — Chamber of Commerce; first aid — Ralph Sears; gates, grounds and grandstands — Woodrow Ireland.

Decorations are being handled by the Harbin Company and concessions are under the supervision of the Naylor Concession company.

Mr. and Mrs. John Jacobsen left Hereford Monday for Waco to attend a state meeting of garden clubs.

Mr. and Mrs. Tom Young of Wellington are visiting with their son and daughter-in-law, Mr. and Mrs. Melvin Young. They just returned from a three-week trip to California.

A THREAT to wheat in the county and in the entire Panhandle is described by insurance supervisors as "wheat mosaic" or "mosaic virus," a disease which is believed to be an aftermath of greenbug infestation.

At right above. On the left is a healthy plant and the soil readily falls off these roots. The virus can be detected when examining the wheat by the breaking of the weakened stalks as shown in the lower photo. These pictures were taken on a tour of several Hereford wheat fields Tuesday afternoon.

Claims \$393.75 Commission Due

N. L. Wesson of Hereford filed suit this week in county court against W. R. Metcalf and W. L. Braly, Hereford realtors, asking \$393.75 allegedly due him in commissions for services rendered in helping secure a loan for a client of the defendants.

Wesson's petition alleges that he was contacted by the defendants who requested his help in securing a \$65,000 loan from Mutual Life Insurance Co. of New York.

The petition claims that an agreement was made whereby Wesson would receive one-half of \$787.50 commission for his aid. Wesson charges that the loan was consummated, the \$787.50 commission paid but the defendants have not paid him his commission to date.

He asks judgement against the defendants for \$393.75 and costs of the suit.

Attorneys for Wesson are Witherthorpe, Alkin, Thomas and Langley.

Mr. and Mrs. C. E. Farris and Mrs. J. W. Farris of Oklahoma City visited over the week-end in the home of Mr. and Mrs. Jack Standifer.

Floyd Richards Candidate For Dist. Attorney

Floyd Richards, district attorney for the 69th Judicial District, today announced his candidacy for re-election.

In a statement prepared for publication, Richards said: "I herewith announce my candidacy for re-election for the office of district attorney for the 69th Judicial District of Texas, subject to the Democratic primary July 26, 1952."

"In doing so I would like to publicly express my appreciation to the citizens of this district who have cooperated with me and assisted me in trying the numerous criminal cases in this district. I also appreciate the cooperation and work of the peace officers and other officials within the district who have worked with me in this regard."

"Your consideration, vote and support will be sincerely appreciated."

Respectfully, FLOYD H. RICHARDS

Mr. and Mrs. Gene Cottrell and daughter of Olton visited in the home of his brother-in-law and sister, Mr. and Mrs. R. G. Arrington, over the week-end.

Earlena Phillips from West Texas State college spent the Easter vacation in the home of her parents, Mr. and Mrs. W. B. Phillips Sr.

Goodwill Tour Arrives Today

Amarillo's goodwill boosters roll into town today at 1 p. m. and the Deaf Smith County Chamber of Commerce is asking for a big turnout when the visitors arrive at Santa Fe depot.

After the luncheon, the 100-piece Air Force band will present a short concert in front of the hotel.

Charge Cordova With Possession

Carlos Cordova was charged in county court on April 15 with possessing liquor for sale in a dry area.

Mr. and Mrs. W. D. Cleshire of Amarillo visited with her parents, Mr. and Mrs. Onias Carroll over the week-end.

Red Conspiracy In America Outlined

The "cold, sober facts" on the Communist menace to America—internally and internationally—were laid bare before an audience of more than 350 Hereford residents Wednesday noon by Matt Cvetic, who spent nine years as a trusted member of the American Communist party while working for the Federal Bureau of Investigation.

Author and originator of "I Was a Communist For the FBI," Cvetic brought his dramatic appeal before a joint meeting of Hereford's civic clubs in the Hotel Jim Hill ballroom in another stop on his nation-wide tour to tell the American people—in person—what the Communists are planning to do to our precious freedoms.

During his nine years in the party, Cvetic turned over to the FBI the names of 400 Communist agents operating in the U. S. and out of the embassies and consulates of Far Eastern nations. He turned over the names of thousands of members of the American Communist party, 20,000 pages of reports of the party's work and 50,000 pages of documents. While working in the Communist Party's central office in Western Pennsylvania, he had the opportunity to take many documents which openly plotted the overthrow of the American government.

MATT CVETIC

Gridiron Charmer Means Lot To Colleges, Too

It isn't only the "football hero" who catches the fancy of the "powers that be" on American college campuses. The value of that other gridiron darling—the dazzling drum majorette—is fast becoming recognized by the nation's institutions of higher learning.

The national VFW honor came to Miss Zarbach following twirling contests held in the Windy City's Grant park. In addition to her 1951 national recognition, the H-SU majorette won the Winter Carnival contest in St. Paul, Minn., in 1951; the University of Michigan contest in 1951 (which

ommended the university. is no small feat); the Oil City, Pa., championship in 1950. She also swept—for four years running—district and state high school championships in Illinois. Naomi intends to major in sociology at Hardin-Simmons where she is receiving a twirling scholarship which includes tuitions and

American Communist party-ites are being used as "dupes" by the Soviets, he explained. One of the higher officials in the party said that when the Soviets took over America, 90 per cent of the American Communists would be destroyed. "They are no good. If America can't trust them, how can we?" The same "liquidation" would apply to key spokesmen for the American Communist party. The Communist plan for conquest of America would result

(Continued on page 7)

Hereford Has Best Fire Record In Size Bracket

One of the many things Hereford residents can take justifiable pride in is the community's volunteer fire department, which is—in the light of actual comparison—second to none in this population bracket in the State of Texas.

This statement is not just flowery public relations designed solely for local consumption. It is a fact, set down in black on white. It is, moreover, a badge of honor in recognition of outstanding work by our volunteer firemen.

It wasn't won easily, either. Consider the number of towns in the state—more than 700. There are only 26 towns in the state with a BETTER fire rating structure than Hereford has! Only EIGHT of these 26 towns are under 10,000 population according to the 1950 census.

In the list of towns with better ratings than Hereford are: Abilene, Amarillo, Austin, Beaumont, Brady, Brenham, Brown-

ville, Corpus Christi, Cuero, Dallas, Denison, Fort Worth, Galveston, Gonzalez, Henderson, Laredo, Lockhart, Mexia, New Braunfels, Palestine, San Angelo, San Antonio, Taylor, Temple, Tyler and Victoria.

How is your fire rating set-up? Towns are given "key rates" by the state board of insurance commissioners and towns are further given fire record "credits" or "charges" based on the ratio of premiums paid in to the fire claims paid out. The fire history of a city for the past five years determines the "credit" or "charge" which makes the premium fluctuate from year to year.

The "key rate" is determined by many things—fire equipment, condition of the city's buildings, number of paid firemen, their proficiency, zoning, etc.

Most of the cities in the list above have many paid firemen—ranging from Dallas' 518 men to Brady and Lockhart's one-

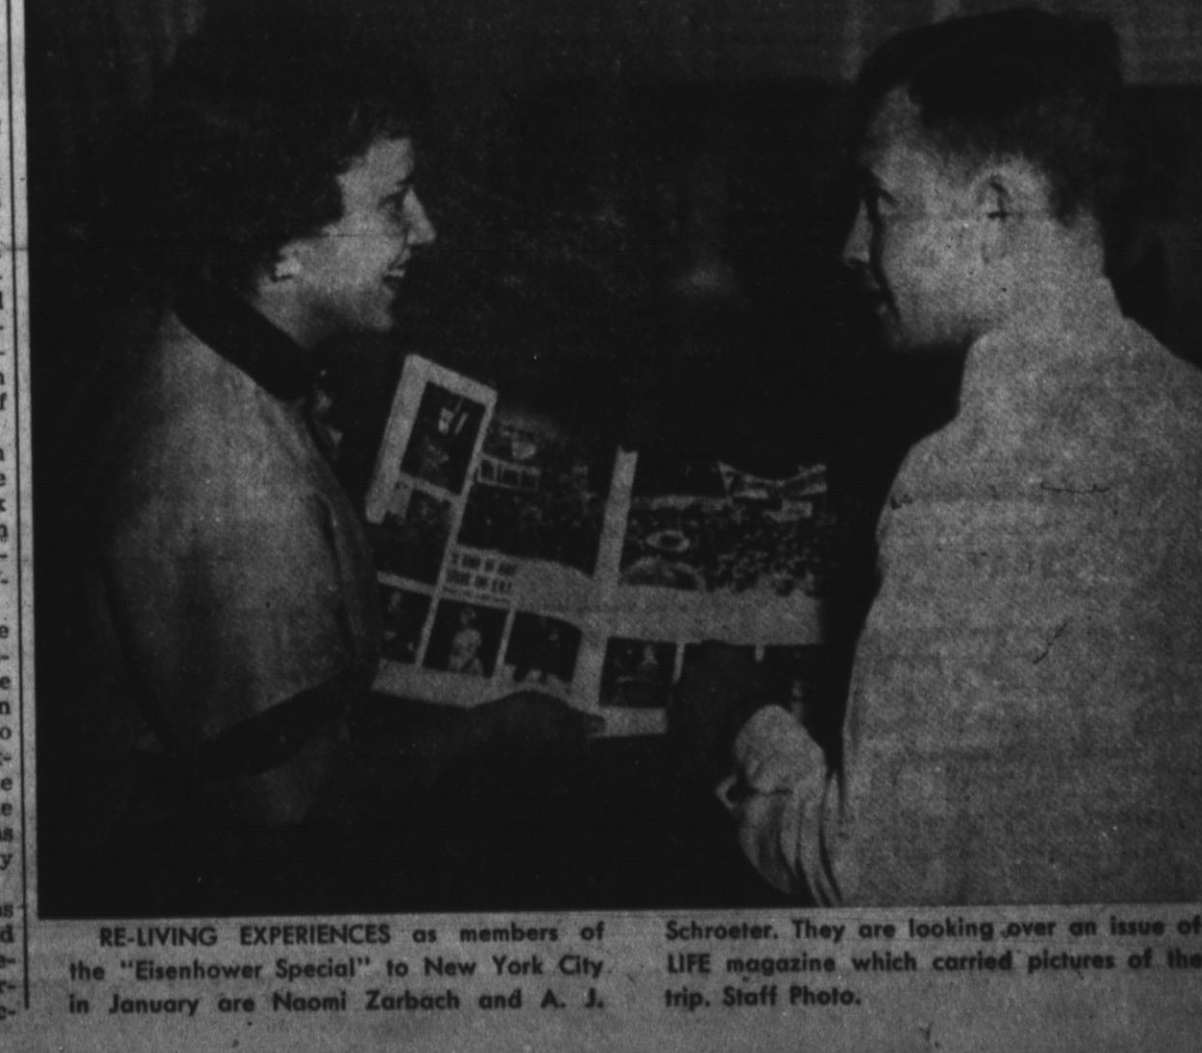

and the number of paid employees also aid in determining "key rate."

Equipment which a town the size of Hereford would have no use for in any instance also is one of the factors determining key rates. A more equitable rating in this classification is being sought by firemen in smaller communities.

All right, you say, what about the local picture? Hereford has a "key rate" of 23c with a good fire record credit of 15 per cent. In other words, because the past five year history of losses to premiums paid for fire insurance is favorable, insurance can be bought more cheaply this year than last.

Hereford's fire rates are still "bearing" the cost of the Pitman elevator fire in 1948. The loss for the Fraser elevator fire in 1947 ceased to be counted in the rate structure last year.

In dollars-and-cents figures, (Continued on page 2)

RE-LIVING EXPERIENCES as members of the "Eisenhower Special" to New York City in January are Naomi Zarbach and A. J. Schroeter. They are looking over an issue of LIFE magazine which carried pictures of the trip. Staff Photo.

That's the time to prepare this handsome dessert for your St. Patrick's Day party in the evening; and, sure, folks will flock to the table for this festive and delicious fruit-flavored gelatin shamrock. Moreover, they are in for a wonderful taste surprise because oranges, dates and coconut combine in this dessert to put it in the "special" class.

One of the neatest things about this party gelatin mold is that you can prepare it ahead of time—all except the whipped cream and coconut topping.

Undoubtedly, on such a gala day, the flavor of this dessert is enhanced by the shamrock shape. So, if you do not have this kind of a mold, just use a cardboard pattern to cut out the shamrock. The trimmings won't be wasted—they can be piled lightly into sherbet glasses and served at another meal.

**Jellied Coconut Fruit Mold**

- 1 package raspberry-flavored gelatin
- 1 cup hot water
- 1/2 cup cold water
- 1/2 cup orange juice
- 1 orange, sectioned and diced
- 10 cut dates
- 3/4 cup shredded coconut

Dissolve gelatin in hot water. Add cold water and orange juice. Chill until slightly thickened. Fold in orange, dates and coconut. Turn into mold. Chill until firm. Unmold. Using pastry tube, make an outline of a shamrock on the mold with whipped cream. Makes 6 servings.

Note: For a larger mold, double this recipe.

**Hereford...**

(Continued from page 1)

what was Hereford's fire record in 1951?

During 1951, Hereford had a total loss chargeable to the fire insurance premium of \$8,450.08. Of this, \$2,345.70 was not fire, but damage caused when the lightning struck the St. Anthony church steeple. For informative purposes only, actual fire loss in Hereford in 1951 was \$6,104.38.

Fire insurance premiums paid out by Hereford residents in 1950 amounted to \$85,390. In 1950, fire losses in Hereford were \$8,674.

Hereford's enviable fire record has not come about by chance. Neither has Hereford always been able to boast such a fine record in the light of statistics, our population bracket," Chief Earl Phillips commented.

The fire-fighters have, in the past four years, become more and more adept at using what they have. Now the firemen have the opportunity to study and learn new "wrinkles" in the fire-fighting business. Special schools, once unheard of, now are patronized by representatives of the local fire volunteers. Those attending return and give their training information to the rest of the department in regular practice sessions.

All the credit for the excellent record of the Hereford volunteer fire department, Mayor W. E. Dameron stressed in a recent interview, goes to the firemen themselves — and in particular to Chief Earl Phillips and Assistant Chief Glenn Witherspoon.

Equipment, too, plays a vital part in the story, but the men have to know how to use the equipment they have. Since 1949, the city has added \$20,000 in new equipment to the fire department. This includes 3,000 feet of new hose and the new La-France pumper and other incidental equipment.

"Hereford now has as good equipment or better equipment than any town in the state in Hereford's firemen will be

**Compact Ranch Home For Budget Minded From Small Homes Guide**

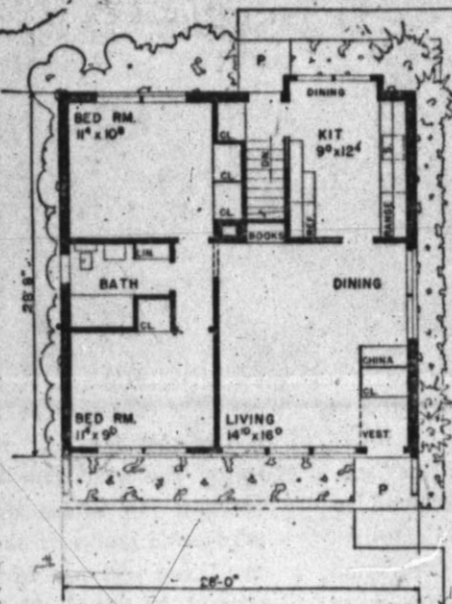

© Small Homes Guide.

**Square Plan 2-Bedroom Home**

This is a small two-bedroom home for the small family with a limited budget. Floor area is only 800 sq. ft. The plan is virtually square and includes a basement, a combination that assures the family of the most for its money. Fireplace has been omitted for further savings in cost. Even though the house is small, it has a maximum architectural appeal, with its large front picture window and wide roof overhang.

Combination living and dining area gives a wide-open spacious feeling to this part of the house. A space-saving sliding door separates the kitchen from the dining room. An additional dining nook is provided in the kitchen.

The plan is the creation of Designer Richard B. Pollman. Information on blueprints and their cost can be obtained by writing to Small Homes Guide, 82 W. Washington, Chicago 2, Illinois.

breaking out in new uniforms before too long, according to Chief Phillips. The fire-fighters will be seen in gray shirts, blue trousers and dark caps.

When it all boils down—after the records are produced and discussed — we in Hereford are extremely fortunate in having an interested and efficient volunteer fire department.

As an objective observer, we think we are qualified to tell how the local boys are performing. We've recorded most of their "calls" on film and have seen what goes on.

There isn't much glory in rolling out of a nice comfortable bed in the wee hours of the morning, but the fire boys have to do it. Or there isn't much enjoyment in fighting a fire when you're numbed from the cold. But that's what the Hereford volunteer fire department does — not once, but whenever they're called.

The fact that they are dogged in their determination to make Hereford safer goes a long way in explaining the faithfulness of these citizen-firemen.

Proof that their efforts are bearing actual fruit can be found in the rate tables of the state insurance commissioners. They get nothing save the satisfaction of knowing they have been of service to you and to me. But they deserve all the thanks a grateful community can bestow upon them.

A foster of the fire department includes: Earl Phillips, chief; Glenn W. Witherspoon, assistant chief; Blue Turpin, treasurer; S. M. Easley, secretary; Clay Angelo, paid fireman; and Arthur Tiele, Roger Corbett, Onias Carroll, Willard Witherspoon, Buddy Witherspoon, Orland Newell, George Jowell, Jiggs Hartman, Richard Jowell, S. T. Loerwald, Debs Knox, Dub Reeves, Kenny Wilson, Ogie Riddle, Bill Bradley, Chuck Laing, Bill Howard, Clarence Strange, James W. Robinson, Glen Nelson, Frank A. Gyles and V. C. Hopson.

**Five Cases Filed In County Court During Past Week**

County court had a busy week last week as five cases were entered on the docket during the last two days of the week. Three of the cases were for driving while intoxicated, one for intoxication in an auto and one for driving while license was suspended due to previous DWI conviction.

M. S. Roe was charged in county court on April 10 with intoxication. The offense occurred on April 7, the complaint alleges. S. B. Berry filed the complaint. Otho L. Nolan was charged on April 9 with operating a motor vehicle without a license. His driver's permit was suspended for a six-month period on November 19, 1951, following a conviction in Potter county on a charge of driving while intoxicated.

The charge against Nolan followed a complaint by Highway Patrolman J. A. Dumas. Burl Leonard Pottorff was charged in county court on April 11 with driving while intoxicated. The offense covered by the complaint occurred on April 10.

Deputy Sheriff S. B. Berry filed the complaint. Pete P. Veitenheimer, Jr. was also charged on a DWI count for an offense allegedly committed on April 11. The charge was filed April 11.

The third DWI charge filed in county court last week was on April 11 when Mike Huckert was charged with an offense which allegedly occurred on April 10. Huckert was charged following a complaint by S. B. Berry.

**Mrs. Dale Coleman Demonstrator For South Hereford HD**

"Plaids and Stripes" was the subject of the demonstration at the meeting of the South Hereford Home Demonstration club on Tuesday afternoon. Mrs. Dale Coleman gave the demonstration.

Mrs. Franklin Miller conducted a recreation period.

Mrs. W. H. Goetsch gave a council report.

The next meeting will be held May 6 with Mrs. Ray Hershey.

Those attending the meeting were: Mesdames John Draper, Ethel Layman, Dale Coleman, W. J. Hacker, A. C. Flowers, Franklin Miller, W. H. Goetsch, Ronald Matthews, D. H. Bryant, Steve Williams, Julia Sowell and Miss Evelyn Bell. Mrs. Sairy Cuipepper, mother of Mrs. W. J. Hacker, was a guest.

Mr. and Mrs. Alvin Carroll and daughter and Mr. and Mrs. M. B. Houser and children visited in the P. M. Houser home Sunday.

Bill Amrey spent the Easter holiday in the home of his parents, Mr. and Mrs. Bud Amrey.

A dot of butter adds a world of flavor to a broiler meal. When it comes to that mellow flavor which broiler browning gives, nothing comes close to fresh, wholesome, unadorned butter. As you know, the paraffined carton is what protects butter from the outside influence of strong odors and off-flavors. From childhood we learn to savor the rich good taste of foods made with butter. A favorite butter spread for broiler meals is made as follows: Blend 1 tablespoon softened butter with 1 tablespoon mayonnaise, 1 mashed hard cooked egg yolk, 1 teaspoon lime juice and a dash of salt. It's delicious for tomatoes, hot cooked peas, celery, asparagus, green beans, broccoli, and used as a sandwich spread.

### TEXAS NATURAL GAS PRODUCTION & RESERVES

**TEXAS GAS GAINS.** Texas reserves of natural gas, largest in the United States, now total 105.7 trillion cubic feet, a record high, according to recent estimates made by the American Gas Association. The survey shows the state's growing supply of gas continues to dwarf, by comparison, the amount needed to supply present markets. (AP Photo)

**FIRST METAL Poured.** The first metal produced in the new aluminum smelting unit at the Point Comfort works of the Aluminum Company of America near Port Lavaca is poured by two top men in the nation's metal-production program. Samuel W. Anderson, left, deputy administrator of the Defense Production Administration, and Frank L. Magee of Pittsburgh, Alcoa's vice president and general operations manager start the operations that are expected to produce 35,000,000 pounds of aluminum annually. (AP Photo)

Joel Newman spent the Easter vacation visiting relatives in New Mexico.

Mrs. Louise Ferguson spent Sunday in Lubbock with relatives.

Visitors in the John D. Phillip home over the week end were their son-in-law and daughter, Mr. and Mrs. Louis Beckman of Amarillo, and son, and daughter-in-law, Mr. and Mrs. Stanley Phillip of Friona.

A. E. WRIGHT takes an order over the phone at the Miller Auto supply company. Wright is a new employee of the company. He has been working there for about five weeks. Staff Photo

By JIMMIE GILLENTE

It seems that Hereford is in the peculiar position of making up with a surprise television station. No one seems to know anything about the deal, except that the all-powerful Federal Communications System says that a station will be located and built here.

Just to complicate things, it seems that the new station will be of the Ultra High Frequency class and that it will be established solely for educational purposes — on a non-commercial basis. To the layman, at least, UHF is something fairly new. On the surface it would seem that the government is sponsoring the plan chiefly as a portion of a proposed nation-wide educational set-up. George Graham says he knows absolutely nothing about the station, except that several months ago he filled in a questionnaire sent out to him by FCC. Can someone help us on this problem? Just what is proposed with this new UHF television? Why was Hereford selected as one of the 173 towns in Texas? The list, incidentally, includes towns like Dallas, Fort Worth, Houston, San Antonio, Amarillo and Lubbock. Hereford, Dalhart and Tulla seem to be on the borderline in size; none smaller included, and most of them much larger.

Mr. Graham says he is not familiar with any nation-wide educational plan through television, but says the educators have discussed possibilities of such a plan at national conventions, and that they feel the method has unlimited possibilities. Meanwhile, it looks as if we will just have to wait until something develops.

If you were surprised at Tom Connally's decision not to run for re-election, you are indeed no exception. Furthermore, it marks Mr. Connally several notches higher in public esteem. It is most, most difficult for a man of his standing and prestige to realize that he could actually lose a political race. As Mr. Connally said, his age was against his making a strenuous campaign. Following the example set by Mr. Truman, the Connally decision did much to strengthen the Democratic Party in the South. If Mr. Truman now decides to sign the bill returning the Tidelands to the states, the Democratic Party will again gain prestige in the South. If he vetoes the bill, the Democrats will continue badly split.

An elderly lady, self-appointed supervisor of town morals, publicly accused a workman of having reverted to drink because "with her own eyes" she had seen his wheelbarrow standing outside a beer tavern. The workman made no defense, but that evening placed his wheelbarrow outside her door and left it all night.

A sign in front of a shoe repair shop pictured several styles of rubber heels and a beautiful girl who was saying, "I'm in love with America's No. 1 heel." Un-

derneath in small feminine handwriting someone had added, "Too bad, Sister! I married him."

A distinguished Bostonian, stopping off in Salt Lake City on his way from the Pacific Coast, made the acquaintance of a small Mormon girl. "I am from Boston," he said to her. "I suppose you do not know where Boston is?"

"Oh, yes, I do," replied the little girl eagerly. "Our Sunday school has a missionary there."

A word of good advice. If you ever get in the newspaper business, don't print anything about Spanish Americans and barber shops. Advocates on both sides have literally been scorching me, but plenty. However, Cecil Massey and the C of C are working toward the opening of a genuine Spanish-American shop — and that looks like the practical answer. Maybe a restaurant, too. Here's hoping something works out.

Understand Saturday, April 26, has been scheduled as official "Straw Hat Day" in Hereford. Sounds reasonable, too. With the continuously changing weather it would be a little rough on some of these baldheaded old boys to wear open mesh straws any earlier.

Kent Snare seems to be against the Yankees this year and I guess he knows what he is talking about, but I hope he is wrong. I like the Yankees — except when they play Brooklyn. Kent has all of the sound logic and reasoning on his side, but I just say, "Be careful, Kent, don't count those Yankees out until the final ball is tossed."

Whether you agree with him or not, Major Schroeter has worked long and hard at the job of being president of the Board of Trustees in Hereford. He has done his best at a job which is "payless" and "thankless" — and he has rendered a community service well worthy of recognition. The Trustee President usually carries the big burden. Some people get pretty sore at him, and very few are ready to express endorsement of the board policies. Actually, being on the school board can be more difficult than being a county commissioner, and it entails the spending of more actual money. Congratulations to Mr. Schroeter: first, on a difficult job in trying times; second, on getting out of the job. Robert Vegiel is a good man and to him

goes our expression of whole-hearted cooperation and our deepest sympathies. His job will be a trying one. Let's all pitch in and do our bit when the time comes.

"A pat on the back develops character, if administered young enough, often enough, and low enough."

**Time For Caution Dairymen Told**

COLLEGE STATION — The coming of warm weather will bring with it new problems for the dairymen. Higher bacteria counts are sure to show up in the milk unless precautions are

taken. High counts can be caused, says R. E. Bursleson, dairy husbandman for the Texas Agricultural Extension Service, from flaws in the milking procedure, milking unclean and unhealthy cows; using improperly cleaned utensils and milk cans and unclean attendants.

Be sure, warns the specialist,

that cooling facilities are adequate for doing a rapid job of cooling the milk.

He says it is not too early to start a fly control program. The elimination of breeding places is of great importance in keeping flies under control. Manure should be spread on fields and all lots should be well drained as

a part of the program.

To control hornflies, dairy cattle should be treated with sprays or washes containing five-tenths per cent methoxychlor. Such applications are usually effective for two to four weeks and in most areas of the state, two or three treatments in the spring and one in the fall is sufficient.

As an aid to controlling houseflies, Bursleson suggests spraying the inside of the barn and around the entrances with a mixture of two and one-half per cent DDT and two per cent chlordane prepared from an emulsion concentrate. Washing the walls occasionally before spraying is also an aid to sanitation.

"CALIFORNIA OR BUST" on horseback from Spencerville, Okla. in 106 days J. R. Hearn Jr. set out from Spencerville on March 1, riding his horse Turgar, and came through Hereford on Tuesday afternoon. Hearn stopped in Hereford long enough to water his two horses—one which was given to him in Amarillo. The reason for making the

horseback trek? He wanted his horse in California and the only way he had of getting it there was to ride it. Hearn was formerly employed by Republic studios as a trick rider but the job only lasted a few months. He hopes that his second trip to Hollywood will be more fruitful. Staff Photo.

THERE'LL BE CLOWNS, trained animals and fun galore at the two showings of Walker Bros. circus in Hereford today. Performances will be given at 2:30 and 8 p.m. in Veterans park. Above is one of the clowns, Reo, and a trained dog.

**Gridiron...**  
(Continued from page 1)

fees. "Practice," Miss Zurbach says, "is the only way to gain ability in twirling." Her favorite baton exercises are her rolls, propelling the baton all around her arms and neck. It takes skill. Plenty of it. And "just practice."

Both Naomi and Alex were enthusiastic when telling of their trip to the rally for Eisenhower. It was the first time Alex had been to New York City. Miss Zurbach had been there previously on competition.

The youths were members of the celebrated "Eisenhower Special" which left Texas February 6 and made several stop concerts enroute to the rally, which was sponsored by Television Stars Tex McCrary and Jinx Falkenburg as well as other entertainment stars.

Alex served as Brand "correspondent" for the trip to Gotham, but explained Sunday that he didn't have time to write nearly all of what happened.

Greatest thrill for the two—as well as most of the Cowboy band members, no doubt—was the excursions to New York's many famed buildings and sights. Included were the U. N. building, Chrysler building, Radio City, Times Square and others.

They saw Ethel Merman's play, "Call Me Madam" and played a concert in Madison Square Garden during the rally. Naomi, and college personnel were interviewed on Tex and Jinx' TV program.

"Everybody was pretty excited," A. J. recalls.

They arrived at New York's Pennsylvania station on Friday and were through with their part of the rally on Saturday at 1:30 a. m. The rest of the time was spent sight-seeing until they left New York and their once-in-a-lifetime experiences Saturday night at 11 p. m.

A. J. plays drums in the Cowboy band. Another Hereford boy, Bill Forbus, is a member of the band and was also on the New York trip.

Naomi and A. J. were spending some happy moments thumbing through the pages of a LIFE magazine which carried a picture story of the Eisenhower rally. Both Naomi and A. J. were shown in a large picture of the Cowboy band.

By the time the writer finished interviewing the former VFW champion, the conversation had drifted far from the original twirling as the two Hardin-Simmons students recounted experiences of their trip to the Big City.

But twirling brought it all about for Miss Zurbach. It was her ability in front of the marching band that brought her to Texas for her education, the trip to New York and the Easter visit to Hereford.

And it leaves a lesson: The next time you see "big time" football, remember that the drum majorette is a vital part of the day's activities, too!

Mr. and Mrs. Hal Kester and two children of Seattle, arrived Wednesday for a two-week visit with F. M. Kester and other relatives in Hereford. Mrs. Kester is the former Louisa Borden of Hereford.

**Kershen, Fulcher Win At Plainview**

NW HEREFORD — Three local Brown Swiss breeders entering competition in the Panhandle Plains Dairy Show at Plainview on Monday walked off with awards.

Robert Kershen exhibited the Grand Champion bull, Ranger Lurinas Boy, who is jointly owned by Kershen and Witherspoon. Martin Fulcher of Black exhibited the Grand Champion Cow, Hazel Mar Daybreaks Carlotta.

There were 10 breeders entering the show. They exhibited 54 head of Brown Swiss cattle from all over the north and south Plains and Eastern New Mexico.

This is Kershen's second year to enter the dairy show at Plainview. Last year he entered four head and exhibited the Junior Champion Bull of the show. This year, he entered three head, two bulls and one cow. These bulls were both senior yearlings, one of which was chosen grand champion of the show.

Martin Fulcher entered 18 head of various types of Brown Swiss cattle, with one cow being chosen as the Grand Champion Cow of the show.

Robert Kershen was elected

president of Canton No. 1 of the Texas Brown Swiss association, following a banquet held in honor of the 41 Brown Swiss breeders attending the Panhandle Plains Dairy show at the Hilton hotel in Plainview Monday night. Floyd Stanford of Plainview, vice-president; and Mrs. M. B. Mahon of Tolar, N. M., secretary-treasurer.

Canton No. 1 covers the Panhandle, South Plains to El Paso, and eastern New Mexico.

**Home-Owners Spend Billions Remodeling**

Estimates of the U. S. Department of Commerce show that more than \$3,000,000,000 a year is being spent for home repair and remodeling.

Further indication of the boom in remodeling work comes from the Federal Housing Administration, which says that Title I maintenance and repair loans in 1951 amounted to \$706,962,734, a new high.

One of the principal categories of maintenance work is reroofing. Remodeling and maintenance take about half of the total production of asphalt roofing, the kind of material that meets about 90 percent of the United States' roofing requirements.

The volume of reroofing is high because the roof is one of the most important shelter-providing parts of a house. The roof takes the heaviest beating from weather, and when a roof begins to leak prompt reroofing or repair is necessary to protect the building and its contents.

When used for a new roof on an existing structure, fire-resistant asphalt shingles can be applied on top of most worn materials. This saves the expense of taking the old material off and gives a thicker overall roof covering.

**Annual Eighth Grade Banquet Friday Night**

The annual eighth grade banquet will be held at the Shirley school gym on Friday night. The theme of this year's banquet will be Spanish with emphasis on the good neighbor policy.

Superintendent George Graham will be the principle speaker and will talk on "South of the Border." Music will be provided by the junior high school band and chorus.

**SNAKE HUNTERS**—Homer Starkey, left, of Matador, a filling station operator, holds a live rattlesnake he and Bill Slover, a farmer, captured during a recent hunt on the Gerald Wayburn ranch, about 12 miles north of Matador. The two killed or captured 68 rattlesnakes taken from one den. In the background are some of the 54 snakes they killed and brought home. Slover, who during a recent 10-day hunt killed 160 snakes, uses a rag saturated with gasoline which he sets on fire and shoves into a den. Fumes force the rattlers out and they are shot. (AP Photo)

**School Personnel To Certification Hearing April 26**

School teachers and administrators of Hereford and the surrounding area will have a chance on April 26 to voice their opinions on proposed new certification standards for Texas school personnel.

An all-day hearing panel on the teacher standards will be held at the Amarillo high school at 9 a. m. on April 26 under direction of R. A. Selby of Am-

arillo public schools and Miss Mary Foreman, Hall county superintendent.

Members of the Hearing Panel on Certification from Hereford are Pat Sullivan and George Graham.

In order that teachers throughout the state will have a chance to present their ideas on the proposed new certification standards, similar panels will be held during April in Houston, Denton, San Antonio, McAllen, Lubbock, El Paso, Abilene, Amarillo, Tyler and Brownwood.

The panel discussions are open to the public. Elementary and

secondary teachers and administrators, college officials, and others interested in public education are especially invited to attend.

Basic principles upon which the new certification program is based include:

(1) Minimum requirements for initial teacher certification should be based on four college years of professional preparation.

(2) For continuing certification a teacher should have five years of preparation, plus teaching experience.

(3) School administrators and supervisors should have addition-

al preparation beyond the five-year level, plus teaching experience.

(4) Colleges which prepare teachers should be approved for this specific type of work.

(5) The Texas Legislature should delegate authority to establish regulations governing the professional aspects of teacher certification to the State Board of Education and an advisory committee composed of people from all levels of education. At present, this authority rests with the Legislature itself, and present certification requirements are part of the school laws of Texas.

Mr. and Mrs. Dalton Criswell and daughter spent the week end in Throckmorton visiting with relatives.

Mr. and Mrs. C. U. Allen, Mr. and Mrs. J. M. Townsend and children went to Buffalo lake Sunday afternoon.

**TERRY LYNN WILSON**, daughter of Mr. and Mrs. Elroy Wilson, celebrated her third birthday Sunday. Her cake was green with pink rose buds around it. The three candles were pink. Those helping her to enjoy the day were her Grandmother Wilson and her uncles and aunts: Mr. and Mrs. Bob Rutherford, Mr. and Mrs. Ray Singletary, Mr. and Mrs. Glenn Singletary and boys, Mr. and Mrs. Pearl Singletary, Mr. and Mrs. Mack McDonald, all of Clovis and Pleasant Hill, N. M.; Mr. and Mrs. Ralph Cox and family of Dimmitt; her cousin and family, Mr. and Mrs. Pat Sasser of Clovis. Terry Lynn received many gifts and her aunt called from Florida to wish her a happy birthday.

Mrs. Lola Owens visited friends in Amarillo Sunday.

**No Information Here On Freight Rate Increase**

No information on the newly-approved 15 per cent freight rate increase has been received as yet in Hereford, according to G. T. Slaughter, freight agent.

An order from the Interstate Commerce Commission Monday increased water and rail freight rates 15 per cent above levels of a year ago.

Exceptions to this rate include a 12 per cent maximum on grains and grain products, sand, gravel and others.

Other exceptions include: Fresh fruit, vegetables, melons, edible nuts, lumber, canned preserved food products, copper, lead and zinc — maximum increase 12c a 100 pounds.

Building woodwork and mill work, maximum increase 14c for 100 pounds.

Phosphate rock, clay and salt, maximum increase 60c a ton.

Potash, maximum increase \$1 a ton.

Lignite, a 6 per cent increase, but not to exceed 20c a net ton. Increases may be placed in effect upon 15 days notice to the public, except in the case of grain, on which a 30-day notice is required.

This increase will automatically expire on February 28, 1954, unless the commission makes them permanent in the future.

Any temporary increases granted are deductible from this general increase.

Mrs. Don Conklin and Charlotte Klienfelder of Lubbock visited with Mr. and Mrs. Ray Hershey Sunday.

# Grandstand Gropings

By Kent Snare

A Reuters dispatch states that England beat Scotland 2-1 at Hampton Park stadium in an International soccer match. Now that tidbit won't ripple the American surface serenely but further delving elicits the info that 134,000 saw the match in Hampton Park stadium. Ordinarily the money bags US and A are accorded the accolade for sports crowds and stadia. At the nonce I cannot recall such a multitudinous assemblage here or of a stadium of ours that could accommodate such a horde. And the man said naught of it being a record or even resembling same. You know what soccer is, ken ye not? That's mayhem without blocking where they employ the noggin, physically, as well as knees, elbows and feet. A UP dispatch predicting on the '52 major league pennant peripheries. Brooklyn was fingered in the older circuit and as the scribe put it, in spite of the exclusion of Newcombe. He named nine pitchers but I thought he overlooked the one tosser who might fill the void and that was Clem Labine. What's that old saw, difference of opinion makes wars, moves mountains, creates broken noses and erects fences betwixt neighbors. You don't suppose the Lip is pulling another miracle out of the muddle in the tangible form of undiligent Dick Wakefield. Right when his outer picket line has been reduced to one Don Mueller, by the Army call of Mays and the frayed ankle of Monte Irvin. It looks like Wakefield will, maybe, plug the gap in left with Thomson in the slot and Bob Elliott on the hot corner. Last year by force of circumstance he wrung out his outfield and put Leskanen on first, with Thomson on third and the thing jelled, completely, in fact. Wakefield may paste the fences, he has never fulfilled his great promise but, at least, he's huffing and puffing on what may be his last major league try. The Yanks had a conglomerate assortment of first base prospects and after all the guff has been dispersed, who is on first but the old Georgia Cracker, Jawn Mize, when Joe Collins, who figured first last year, got clobbered. The old pro can still hit enough to fore-

stall the fielding fragilities of 39 or so winters with summers appended also. I broke this one open with a stadium and did you know the two New York clubs have stadia with the biggest seating capacity in baseball outside Cleveland of course. The Yanks' stadium caps 70,000 and the Polo Grounds 56,000 but the Bums can cram into 31,902 in Ebbets Field, looks like they could pay for another story and a penthouse. They pried the lid off on the majors Tuesday and a lot of the old faces were missing. The Pacific Coast league, which has already hit the deck, harbors a lot of the familiar names such as: Joe Gordon, Max West, Sam Chapman, Lou Klein, Bob Dillinger, Eddie Lake, Danny Litwhiler, Jim Tabor and son on. Maybe they mean to make it the third major league for sure. Since the season is really underway, maybe you will stand for a small "beisbol" anecdote, told on himself by Red Jones, the old empire. Red, as he tells it, was umpiring a game in the minors one day and the contest wrangled into extra innings. As the clubs went into the 19th canto, and the fifth hour of labor, Red tired a bit, to the extent of calling a pitch that was a wee bit high, a strike. Simultaneous, one of the Simon Legrees stormed out of the hole, "None of that now, Red," he screamed, "what are you trying to do, get this game over in a hurry?"

Stanley Slagle visited in the home of his parents, Mr. and Mrs. Sylvester Slagle, over the Easter holidays. He is a student at Texas Tech in Lubbock.

Mr. and Mrs. William F. Smith and family of Los Cruces, N. M., visited in the home of her parents, Mr. and Mrs. C. O. Wilkins over the week-end.

Jack Ramey from West Texas State college spent the week-end in the home of his parents, Mr. and Mrs. Sank Ramey.

Mr. and Mrs. F. E. Walton Jr. spent the week-end in McLean visiting her parents, Mr. and Mrs. E. T. Eustace.

# Softball League Opens Play May 1

Softball, 1952, gets underway in Hereford as the eight-team Hereford Softball league opens play at Veterans Memorial park on Thursday, May 1.

Games will be played under the arcs beginning at 8 p. m. Present plans call for play on two nights of the week - Mondays and Thursdays, but attempts are being made to add one night more to the weekly schedule.

Two new teams will make their appearance in loop war this year - Southern Geophysical and a team of Mexican softballers sponsored by Jiggs Service station and C & R Cleaners.

A complete schedule for the summer will be released in the next issue of The Brand. Plans now call for a split season with an All-Star game at the midway point and playoffs between the

Names of the eight teams in the league are: Southern Geophysical, Jiggs-C & R, Hereford Hardware, Rocky's Service station, Magnolia, Dawn, Summerfield and Knights of Columbus.

All of the games played in the softball league will be double-headers as was the practice last season.

Entry fee for the eight teams will be \$5 per team. Admission will be charged at the gate for all games, 20c per person. This year the league will reap the field from the Veterans organization for \$20 per night.

Each team will be allowed 15 players and rosters must be turned in to Bill Howard by May 15.

There is still a need for league umpires, either full or part time.

The first practice game of the season was played Monday night on the Veterans field between Rocky's Service station and Hereford Hardware. Hereford Hardware, last year's league champs, took the abbreviated contest, 5-4.

Hereford, Texas, Thursday, April 17, 1952 Section Two

### Judo Experts In Jacket Match Sat.

Two Judo experts - Japan's Sesue Oyama and Mexico's Geo. Lopez - tangled Saturday at the Bull barn in the weekly Lions mat card. The bout Saturday was the second Judo Jacket match for local fans within the space of a few weeks.

The two met in the main event of the evening, with the supporting bout featuring Knoxville's Billy Hickson and Ace Abbot in a two-out-of-three-fall, hour time limit go.

There was action aplenty in both contests as local mat fans got peeks at some new holds, including Hickson's reverse face lock and body jackknife, his reverse head lock with neck breaker and Abbot's Texas stretch.

Hickson did away with Abbot in the first fall of the preliminary event in 23 minutes with a reverse face lock and body jackknife.

Ace switched back for the second fall and copped it in 17 minutes when a combination hammer lock reverse head lock and a neck breaker.

Abbot put a whirlwind finish to the bout in two minutes of the third fall with a Texas stretch.

Sesue Oyama lost the main event of the night to George Lopez because he balked at the referee's order to awaken Lopez following a final Japanese sleeper to take the match.

The last bout was a fine exhibition between two experienced Judo men.

Oyama took the first fall with a Japanese sleeper in 10 minutes and Lopez came back in six minutes to even up the score with a Japanese arm bar.

This set the stage for the thrilling climax as Oyama put Lopez to sleep after four minutes of the third fall. The Japanese grappler failed to bring Lopez out of it, however, and the decision was reversed with Oyama losing the nod.

### Less Farms But More People In U. S. Since '32

In the past 20 years, farm population in the United States has gone down nearly 7 million - from 31 million to 24 million. In that period the total population of the country has increased 31 million - from 124 million to 155 million. During that same period the acreage of harvest cropland actually has decreased.

The 1931 crop was harvested from 365 million acres; the 1951 crop came from less than 350 million acres.

The figures have a significance for every consumer, says Faust Collier, secretary of the Deaf Smith county PMA committee.

"Thirty years ago there were 3 1/2 harvested acres of cropland for each person. Today there are about 2 1/4 acres."

As he sees it, the situation boils down to this: "Fewer farmers and more and more people depending on each farmer and each acre. Either our efforts to protect our land against erosion and depletion and to build up the soil will have to be stepped up or one of these days there won't be enough to go 'round."

### Rotary Club's Ladies Night Next Friday

A Rotary club ladies night banquet will be held on Friday night, April 18, it was announced at the Friday meeting of the club.

The losing team in the recent attendance contest will pay for the banquet and the winning team will provide the program.

Earl Phillips talked on fire fighting at the meeting Friday.

Dr. Oundiff of Canyon was the visiting Rotarian. Other visitors were John Benson and Jack McCracken.

## Spring Football Practice Begins This Afternoon

Spring football training for Coach Dalton Criswell's Herd hopefuls begins this afternoon at 3:30 p. m.

Workouts - 30 days in length by interscholastic regulation - will end on May 16.

No inter-school games may be slated during the sessions, but three intra-school contests will be played with the senior gridgers suiting up, Criswell said.

For the most part, the estimated 40 gridgers who will be at the sessions will engage in drills teaching the football fundamentals.

Both A and B squads will be working out as separate units this spring if enough boys report with

Criswell and Wayne Stark in charge of the varsity and Medford Hammon handling the B boys.

One of Criswell's chief concerns in working with his footballers during the 30-day period will be to find fill-ins for his backfield, most of which is being lost through graduation. Bill Kelly, Ray Graham and Harold Morton are leaving the Herd. Duwayne Janssen will be lost in the line, too.

The backfield spots will be hard to fill, Criswell conceded, and he is planning to work four boys in the pivot slot - Dale Winget and last year B stringers Buddy Godfrey, Shelby Whitfield

and Jackie Burrus, fighting it out for Ray Graham's quarterback post.

Speed will still be a problem for the Whitefaces as they prepare to face strong teams - bolstered by rosters heavy with seniors - in district competition this fall.

Hereford's line will be predominantly seniors unless some of the forward wall has to be brought into the backfield and underclassmen used to fill the vacancies.

Major rule change for this year, the Herd mentor said, was the clipping designation, with ANY contact from the back being called as clipping.

## It makes you comfortable all over

**B**UICK engineers have a habit of getting at the bottom of things. So they're not content to stop with putting beneath you cushions that are luxuriously soft and deep.

They also put big, soft, deep coil springs between you and all four wheels - and big, soft tires between the wheels and the road.

But real riding comfort calls for more than cushioning up-and-down jolts and jars.

There's end-sway and side-roll and "wander" to be controlled. There's

sure-footed balance on curves. Not to mention the importance of having a frame stout and husky enough to make the whole car feel safely solid.

So Buick engineers have gone through the list - come up with a ride that cost a cool million dollars and more for special engineering, tooling and components.

Does that cover Buick's comfort story? It certainly does not.

There's the comfort of driving a car that instinctively holds the road -

the comfort of ample room and a wide-open view of the world around you - the comfort of fabric colors that please the eye and fabric textures that please the touch - and the effortless smoothness of Dynaflow Drive.\*

Then there's the mental comfort of bossing power mighty enough to meet any demand you make upon it in emergency - 8-cylinder power - high-compression power - valve-in-head power - Fireball power, that makes you proud of the miles you get from a gallon of gas.

And maybe you'll also find comfort in knowing that this great automobile can be yours at a price that is still just a small step above what's known as "the low-priced three."

On top of all this, driving a Buick's a barrel of fun. Why not drop in tomorrow and ask us to prove it?

Equipment, accessories, trim and models are subject to change without notice. Wheel Crests standard on ROADMASTER, optional at extra cost on other Series. White sidewalls optional at extra cost when available. \*Standard on ROADMASTER, optional at extra cost on other Series.

**Sure is true for '52**

When better automobiles are built

# Record Entries In Parmer County Livestock Show

FRIONA — A record-breaking number of livestock — 376 head — were entered in the Parmer County Junior Livestock show at Friona April 11 and 12. The fair barn was filled to overflowing with an unusual number of entries, and pens were installed outside the exhibition buildings to accommodate the overflow.

Some of the best fat calves, breeding cattle, dairy cattle, and swine in the area were entered in competition for the \$400 in prizes offered by Friona merchants.

Grand champion fat calf of the show was a 1,060-pound Hereford shown by Ben Jordan, a Friona FFA member. The reserve champion honors went to the 1,190 pound Aberdeen Angus shown

by M. C. Osborn, also a member of the Friona FFA.

In the dairy division, the Friona FFA chapter entered the grand champion bull and D. O. Robason of the Friona FFA chapter showed the grand champion female in the Milking Shorthorn division.

Dale Hart, Friona FFA member, showed the grand champion bull and the grand champion cow was exhibited by Darrell Thompson, Friona 4-H club member.

Gary Sherrif, Friona 4-H club member, had the top Holstein and Lester Burnett topped the Brown Swiss division. Lester is a Friona FFA member.

Bob Geries of the Farwell FFA chapter showed the grand champion barrow of the show with Vernon Petty, Friona 4-H boy, showing the reserve.

The champion gilt was entered by Jerry Zachary, Friona FFA, and Dale Bergren of Bovina FFA had the grand champion boar.

The 176 fat calves set an average of 135 cents per pound in the auction ring Saturday afternoon. Ben Jordan's grand champion Hereford went to Bert Chitwood of Friona for 35½ cents per pound, a total of \$373.40. The Aberdeen Angus reserve sold for 34½ cents per pound to Red McFarland of Friona. M. C. Osborn, reserve exhibitor, netted \$399.93 for his Angus.

Stanley Anderson, of the animal husbandry department at Texas Tech, judged the livestock. Assisting him were Homer Brumley of Hereford, Dick Gardner of Plainview, Pete Buske of Friona and Bill Rippling and

Dick Doshier of Clovis. Other buyers in the auction ring Saturday were:

Dick Wright of Oklahoma City; Pete Caviness, Roswell; Dick Garner, Plainview; Art Crawford, Amarillo; Frank Fuller, Ben Davidson, Clyde Royal and Vernon Bradley of Clovis, and Pete Buske of Friona.

## Injured Starting Truck On Monday

FRIONA — Mrs. P. L. London, who lives near Friona, suffered minor injuries Monday morning when caught between the granary on the London farm and a truck she was helping to start. Mrs. London was brought to the Parmer county hospital suffering from bruises on her right arm and leg but X-rays failed to show any broken bones.

She was helping start the truck. When it did start, she stepped in front of it and her son, Richard London, could not stop it as the brakes failed to hold and pinned her up against the granary. She was released from the hospital this week.

Mr. and Mrs. Hershel E. Miller have returned from a honeymoon trip and will visit a few days with their parents before going to Sherman where he is stationed at Perrin Air Base.

Homer Brumley served as judge at the F. F. A. Livestock show held in Friona last week.

PURRIS WILLIAMS

## Annual Spring Band Concert Tonight At 7:30

The annual spring band concert will be held at the high school auditorium on Thursday night, April 17, at 7:30, according to Purris F. Williams, band instructor.

The three bands — elementary, junior high and senior high — will perform separately during the concert.

Included in the program will be numbers which the bands will play in contests during the next few weeks.

The program will be varied and will be presented for the entertainment of the audience. There will be no admission charged.

## Frank Jones Is Essay Winner

JONES

Frank Jones was named winner in a Spanish essay contest this week.

Jones' essay, "La Ropa de Mexico," or "The Clothing of Mexico," was one of the six entries selected to be judged by Dr. Piez Harper of the Foreign language department at West Texas State college.

A medal will be presented to Jones at a Spanish Fiesta to be held at the Amarillo high school on April 26.

Winners were selected from each school rather than one from the entire district.

## Infant Dies

FRIONA — Sylvia Sharlene, the infant daughter of Mr. and Mrs. Clayton Taylor, died in the Parmer county hospital April 12 at the age of four days. She was born April 9.

Funeral services were held at the First Baptist church in Friona Sunday afternoon, April 13, at 3 p. m. Burial was in the Friona cemetery.

Survivors, in addition to the parents, include: a brother and sister and the grandparents: Mr. and Mrs. Ersel Taylor and Mr. and Mrs. Kurkendall, all of Friona.

## Burleson Files Suit For Note

S. E. Burleson, doing business as Burleson Cold Storage, filed a suit for collection of a note from W. H. Walsler in county court on April 14.

Burleson seeks \$127.26 on a defaulted nine-month note executed March 7, 1951 and \$12.52 for services rendered by Burleson, plus 6 per cent interest on both amounts.

Attorneys for Burleson are Witherspoon, Aikin, Thomas and Langley.

Jay Lynn Shaw, son of Mr. and Mrs. Jay Shaw, was home from West Texas State college for the Easter holidays.

Billie LeGrand left Monday for Tahoka, Okla., to visit with Mr. and Mrs. J. W. Sexton.

## IF Your Child IS COUGHING

For coughs and bronchitis due to colds you can now get Creomulsion specially prepared for Children in a new pink and blue package and be sure:

- (1) Your child will like it.
- (2) It contains only safe, proven ingredients.
- (3) It contains no narcotics to disturb nature's processes.
- (4) It will aid nature to soothe and heal raw, tender, inflamed throat and bronchial membranes, thus relieving the cough and promoting rest and sleep. Ask for Creomulsion for Children in the pink and blue package.

**CREOMULSION FOR CHILDREN**  
relieves Coughs, Chest Colds, Acute Bronchitis

## Don Winget Is Birthday Honoree

Don Winget was favored on his ninth birthday Thursday afternoon at a party given by his mother, Mrs. W. L. Winget.

Outdoor games were played and candle-topped birthday cake and punch were served to the guests. Favor were in the form of thank you notes for gifts, written on balloons.

Those present were: Nacia Gilliland, Mary Downey, Craig Griffith, Troy Don Moore, Billy McDaniel, Gene Scott, Freddie Martin, Douglas Elley, Johnnie Elley, Dickie Plank and the honoree.

## Caroline Brumley Has Picnic-Party

Caroline Brumley celebrated her seventh birthday Saturday at a picnic party held at the noon hour at the home of her parents, Mr. and Mrs. Homer Brumley. The children arrived at 11 o'clock and spent the rest of the morning getting ready for the picnic and after the lunch games were enjoyed.

Attending the party were: Martha Sue Wiltshire, Cynthia Seed, Sandra Brumley, Sheryl Patterson, Diana Robinson, Judy Knief, Laura Beth Rockwell, Nacia Gilliland, Royce Gilbreath, Sallie Whiteside and the honoree.

Mrs. John Jacobsen Jr. left Monday for Waco where she will serve as a delegate from the Hereford Garden club at the Texas Garden Clubs Inc. annual convention.

Mr. and Mrs. J. Kizer of Sentinel, Okla., have been guests here in the home of their daughter, Mrs. Ray McCullough.

## Samora Freed On \$2,000 Bond In Break-In Case

Robert Samora, who signed a confession admitting the break-in at Hereford Wrecking company on April 4, has been released from the Deaf Smith county jail on \$2,000 bond, according to Sheriff J. C. Reese.

Samora was released last Friday to the sheriff at Vega where he pled guilty to a charge of driving while intoxicated. He paid his fine and was released.

Reese said the episode of Samora and his two companions would be submitted to the county grand jury when they convene.

The charges against Samora and the other two men with him were filed in justice of the peace court.

Usual distance of a Marathon race is 26 miles.

# Not "warmed over" but strictly brand new!

YOU owe it to your pocketbook to drive this Chrysler engine before you buy any fine car today.

It's not a "warmed-over" engine, but a basically brand-new one!

It gives a new kind of performance that means new value for every dollar you pay out for purchase, upkeep, or operation.

It was built brand-new around a hemispherical combustion chamber which makes better use of gasoline, and also permits sounder all-round engine structure, than any American motor car engine has had before.

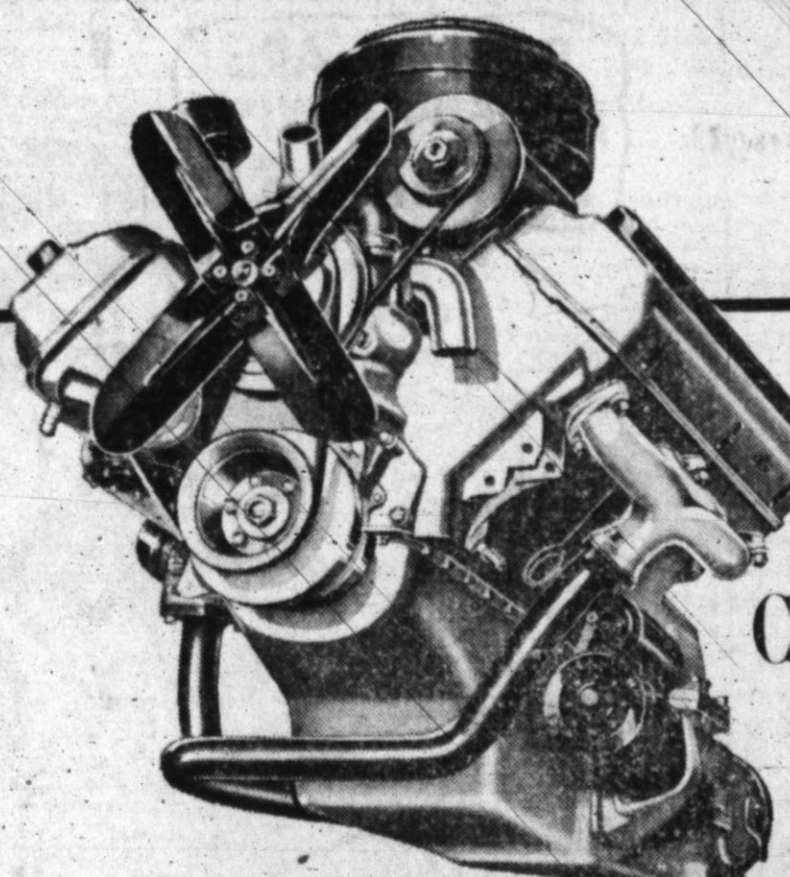

It delivers 180 horsepower . . . without requiring you to buy premium gasoline. It runs with less waste, less heat, less friction and less wear than previous designs can

equal. Its combustion is so clean it literally develops almost no carbon deposit at all.

It will last longer than any engine you've ever known. It will cost you less along the way. It will stay "young" in performance thousands of miles past the point where an ordinary engine shows old age.

And on top of all that, it makes driving a lot more pleasure! Its smooth response . . . its safety-power, in reserve for emergencies . . . its easy score for distance or hills . . . make you just plain feel good at the wheel as you've never felt before.

For the good of your purse and your pleasure too . . . we invite you to drive it, soon!

SUMMERFIELD NEWS

**Mrs. H. J. Winkle Honored On 80th Birthday By Daughter**

By Bobbie Walsler

Mrs. H. J. Winkle of Dimmitt was honored on her 80th birthday with a dinner in the home of her daughter, Mrs. J. M. Wright of Summerfield. 43 of Mrs. Winkle's children, grandchildren and great-grandchildren were present for the dinner. Those attending were: Mr. and Mrs. H. A. Winkle, Beverley and Jerry of Odessa, Mr. and Mrs. Roy Winkle, Mrs. Junior Vest and Allen of Norman, Okla., Mr. and Mrs. O. B. Winkle and Gary Lynn of Pecos; Mr. and Mrs. W. A. Cook and Marilyn of Purcell, Okla., Mr. and Mrs. Ned Smith and Tommy and Edward of Littlefield, Mr. and Mrs. L. J. Cook, Dickie and Janet of Borger, Mrs. Ruby Cook, Donald, Ronald and Howard, Mr. and Mrs. W. W. Gilbert and Peggy, Mrs. Willie Wagner, Mr. and Mrs. J. R. Rothwell, Carolyn and Sharon of Dimmitt; Johnny Fields, Ralph Thomas, Donnie Johnson, all of Hereford and Mr. and Mrs. J. M. Wright, Sandra and Jessie Joe.

Mrs. Winkle went with her son Roy, to Norman, Okla., for a short visit.

Mr. and Mrs. George DeLozier entertained with a dinner in their home Sunday. Those enjoying the dinner were Mr. and Mrs. Jack Streun, Gene and Joe of Summerfield, Mr. and Mrs. Elbert DeLozier and family of Dimmitt, Mr. and Mrs. Sam Ratcliff, Mr. and Mrs. R. D. Lance, Mrs. Bob Lance, M. H. Lackey of Hereford, Mr. and Mrs. George DeLozier, Wayne, Willis, Shirley, and Lee.

Mr. and Mrs. Ray Johnson attended the sunrise service at Palo Duro canyon Sunday.

Mr. and Mrs. L. H. Lookingbill are the grandparents of a baby girl born Sunday night.

Mr. and Mrs. R. A. Baker of Amarillo were guests in the Lee Curry home Sunday. Mrs. Baker and Mrs. Curry are sisters.

Mr. and Mrs. J. B. Noland and family spent the Easter holidays in Hot Springs with Mr. and Mrs. Ky Lawrence.

Wayne and Willis DeLozier of Lubbock spent the Easter holidays in the home of their parents, Mr. and Mrs. George DeLozier. Willis is a student at Texas Tech.

Mrs. Weldon Webb of Lubbock is spending a few weeks with her parents, Mr. and Mrs. Earl Lance. Mrs. Webb has been ill and is unable to return to work for about three weeks.

Greg and Gwendolyn Bowin, children of Mr. and Mrs. Delbert Bowin and Terry Rainey, son of Mr. and Mrs. Melvin Rainey have the chicken pox.

Newcomers to this community are Mr. and Mrs. Jack Clark and family. They have moved onto the Earl Lance place north of Summerfield. He will work for Earl Lance.

Mr. and Mrs. C. W. Hackelmann left Tuesday for Hot Springs, N. M., where they will spend a week.

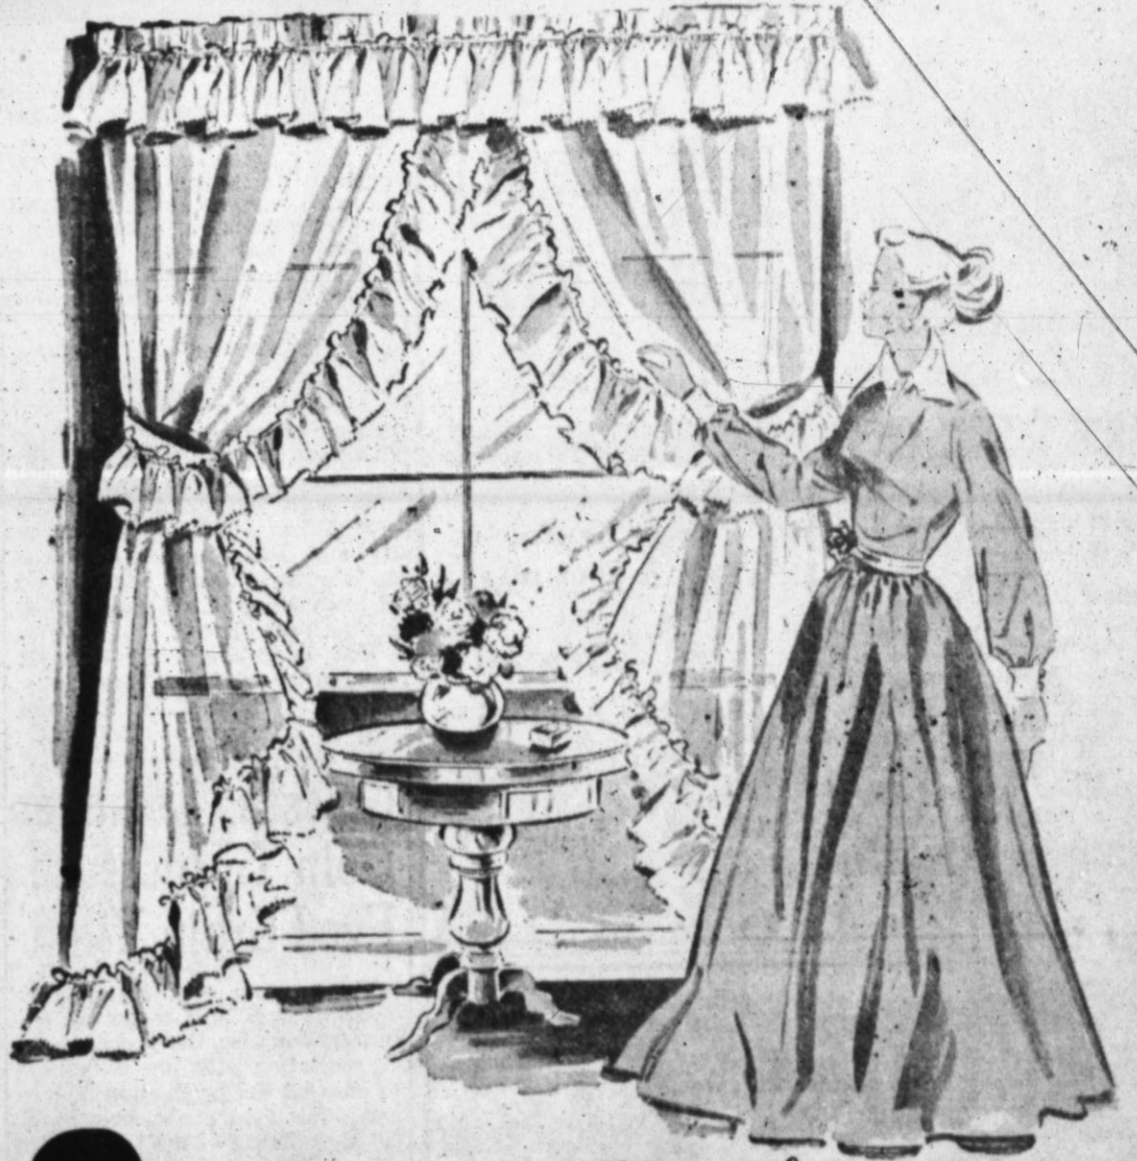

Miss Norma McCullough of Amarillo spent the Easter weekend in Hereford with her parents, Mr. and Mrs. Ralph McCullough.

### Bakery Goods Under OPS Rule After May 10

The Office of Price Stabilization today issued a regulation establishing new ceiling prices for perishable bakery products — bread, cakes, pies and pastries — for which consumers nationally spend nearly five billion dollars a year.

District OPS officials said the new regulation, Ceiling Price Regulation 135, specifies a fixed percentage by which the new ceilings may exceed prices charged during the base year of 1949 for these products. The permissible percentage by which bread and sweet goods products may exceed 1949 prices is 16 per cent. The new regulation becomes effective May 10, 1952.

The effect upon the public will depend upon the amounts by which bakers in the various parts of the country increased their prices between 1949 and the general price freeze of January 25, 1951.

Among other things this fixed percentage reflects the rate of cost increases in the industry from 1949 to July, 1951; increases in certain other costs other than ingredient costs from July, 1951, to the present, and certain cost increases that are scheduled to take place in the immediate future.

Bakers whose present ceilings are above the permissible percentage of increase over 1949 will have to readjust their ceilings downward to bring them in line with the new level. Bakers whose current ceilings are below the permitted level may raise theirs to this level.

The regulation applies to all types of bakers of perishable and frozen bread and sweet goods products — wholesale, retail, house-to-house and chain store bakers.

Other sellers who buy from bakers are not covered by the regulation. Grocers, for instance, will continue to price cookies under the dry grocery regulations and bread and other perishable bakery products under the General Ceiling Price Regulation.

Because many small bakers lack the records necessary to compute prices under the regulation, they have the option, if their annual volume of business is less than \$100,000, to continue under the General Ceiling Price Regulation or the emergency regulation issued last Nov. 26, Supplementary Regulation 80 to the G.C.P.R.

U. S. 80.

Gulley was riding with three others in an auto when it collided head-on with another vehicle. All five persons in the two autos were killed.

Mr. and Mrs. Renner left for Odessa at once, and no details on the funeral services are available.

### Brother Killed

FRIONA — Mrs. Rudolph Renner has received word that her brother, Lee C. Gulley, was killed Friday in an auto accident three miles west of Odessa on

### Commission Is Named To Make Land Division

A three-man commission has been named by District Judge Harry Schultz to partition 870 acres of land in accordance with instructions of the court in settlement of the Holcomb - Clawson partitioning action.

Named to the commission are J. C. Morrison, H. M. Thomas and Carl Perrin.

The commission was ordered to designate a number of acres on the west side of labores 17 and 24, Block 12, Gregg School land, Deaf Smith county, with the exception of 16 acres out of labor No. 17.

Clawson was the owner of 3/4 of the 870 acres of land involved in the case and Holcomb was the owner of 1/4 of the land. There was a lien on the property for \$50,000, which was owed jointly. Estimated value of the 870 acres was \$100,000.

The action covered all of labores 13, 17, 18 and 23 in League 1, Block 12, Gregg County School land.

The commission appointed by the court will report its findings to the district clerk within 15 days. Holcomb will retain his 1/4 of the land which is partitioned by the commission.

Judge Schultz returned the verdict in favor of Defendant Holcomb and costs of the case were taxed against Clawson.

The jury impaneled for the case was comprised of: Joe Waggoner, J. M. Fortenberry, Ralph Smith, Ed Dzuick, John Noggier, F. J. Walterscheid, M. S. Tannahill, A. N. Husman, J. E. Pendleton, Berry Jacobsen, Faust Collier and Lowell Sharp.

The case was reconciled before it went to the jury.

### Cotton, Spuds Only Crops In Parity Excess

Cotton, potatoes and sweet potatoes were the only field crops that were bringing prices at or above parity on March 15, 1952, according to the USDA. Cotton prices were 107 per cent of parity; potatoes, 125 per cent and sweet potatoes, 147 per cent. Feed grain prices were all below the parity level with oats bringing

MRS. EMMETT R. DAY JR. received a letter from her husband, Emmett Day Jr., who is an electrician aboard the USS Fulton, stating he is now a third-class petty officer. Emmett has been in the Navy 19 months. He took his boot training at San Diego and was then given 11 weeks of schooling and assigned to the USS Fulton. He has been in New London, Conn., for six months. He will go on a month's cruise to Cuba, he thinks, and return to New London. Mrs. Day will join her husband there. Emmett is the son of Mr. and Mrs. E. R. Day, Sr.

CONG. ROGERS SAYS

Armed Services Appropriations Cuts Discussed By Rep. Rogers

THE ARMED SERVICES APPROPRIATIONS CUTS: You will recall that the Appropriations Committee cut the request of the Bureau of the Budget by the sum of \$4,240,638,500. The bill, when it came to the floor, called for expenditures of \$46,680,384,270 for the fiscal year 1952-53. This amount is \$10,000,000,000 less than the amounts provided for the current or present fiscal year. However, the House was not completely satisfied with the cuts and proceeded to swing an additional axe, which resulted in additional cuts of \$135,000,000, \$130,000,000, \$45,000,000 and \$140,000,000.

There were other amendments designed to result in savings, such as the limitations on transportation and crating and barring the use of funds for other purposes. Probably the most important amendment was the amendment offered by Congressman Smith of Virginia for limiting expenditures of the military in 1953 to \$46,000,000,000. It is difficult at this time to tell whether or not this amendment will result in measurable savings, but its effectiveness lies in the fact that it is definite notice to the military that the Congress does not intend to tolerate loose business practices in military expenditures.

There is much talk on the floor of the formation of a civilian control council to screen military expenditures after the money is placed in the hands of the military by the Congress. The tremendous size of the military establishment makes it humanly impossible for the few members on an appropriations subcommittee to ferret out all of the transactions that result in a waste of taxpayers' money. The ultimatum of this Congress to the military is unmistakable and unambiguous. Unless the military takes heed and plugs all of the leak holes, the formation of a civilian

council on expenditures is almost a certainty.

I am convinced that the military is trying to do an excellent job in most instances and will certainly cooperate in all respects should it be the sense of the Congress that such a civilian control council should be created. People having knowledge of wasteful practices in any governmental operation should report them immediately to the members of Congress representing their districts. Although some of these may not be as wasteful as they appear on the face, many of them will be well founded and much money can be saved. The taxpayers are entitled to value received for every tax dollar spent and it is the duty of all of us to be constantly vigilant.

MY RECENT VISIT TO THE DISTRICT: It was good to get back to the Panhandle, if only for a short two-day visit. It is a long haul from Washington to the Panhandle, and traveling by the fastest available transportation requires an absence from Washington of four days in order to be in the Panhandle two days. I had promised the Swisher County Electric Cooperative to address their annual meeting and certainly did not intend to go back on this promise. I had not contemplated that the House would be considering important appropriations bills and had hoped to be in the district for about a week. However, these appropriations bills made it necessary for me to remain in Washington until the last possible minute before the weekend and to be back on the job by Monday morning.

As a member of the unofficial economy bloc, my constant presence on the floor of the House while it is in session is doubly necessary. This is a minority bloc in the House and unless we put up a solid front, our effectiveness is damaged. I was able to

arrange a "pair" on the important votes that came up during my trip to the Panhandle. Otherwise, it would have been impossible for me to make the trip. I am sure that all of you are keeping up with the cuts that are being made and can see the effectiveness of this economy group.

It was certainly a pleasure for me to visit Tulsa and see the many good people there and visit with them. My only regret is that I could not stay longer.

During my visit, the Panhandle Press Association was holding its annual meeting in Amarillo, and I was afforded the additional pleasure of visiting with a number of the good newspaper people from that section. I had hoped to attend some of their meetings, but had to use all of my time, outside the Tulsa engagement, in discussing and working out problems with individuals — individuals whose sons and daughters are in the Armed Services, many of them in Korea, and others whose businesses and very livelihoods are in jeopardy, all of whom are carrying a tremendous burden.

From all reports, the Press Association meeting was a tremendous success and I regret that I was not able to attend the meetings, but felt that my duty was primarily to those folks mentioned above.

If the Senate moves forward the same speed that the House has displayed, we should be able to bring about an early adjournment. This will mean that Mrs. Rogers and the children, together with myself, will be able to return to the district during the early part of the summer. They have all looked forward to this trip and can hardly wait for the day.

THE STEEL ISSUE: Watch developments in the steel issue. The final determination of this issue may well pinpoint the exact issue as to the extent the private ownership and use of property is subject to government regulation and control. Once the basic issue is definitely determined, the groundwork will be laid for the solution of the problem that has long perplexed all of us who are fundamental believers in the free enterprise and private ownership of property doctrines.

VISITORS: Visitors from the district this week were: Mr. and Mrs. Asa Willis of Dalhart, R. C. Buckles, Glenn Scott and Walter Hammonds; Miss Ruth Wheeler of New York, whose father resides at Borger; Dr. and Mrs. Credit; Mrs. Thomas Mason and son Tommy from Amarillo.

THE MAN BEHIND THE lens sometimes catches his camera subjects in peculiar positions or with peculiar expressions, but how do you like the lensmen themselves when the tables are turned? The picture was taken at the last meeting of the Here-

ford Camera club. At extreme left is Jap Dickerson Jr., at center is Travis Caraway and on the floor at the right is Bill Patton. The model (lower right corner) is Kenneth Coker. Staff Photo.

BOOKS ON PARADE

'Jasmine Street' Typical Novel Of Early 20th Century American

Reviewed by Corinne Jennings

Set against the background of the first half of the 20th century, the novel "Jasmine Street" by Clifford Dowdey, presents panorama of the times with strongly drawn characters in a convincing plot to make an outstanding story.

Those born at the turn of the century will find that they have much in common with Paul Carrick in his adventure in living during that era.

His mother, very ambitious for her son, spent her whole life for him and those ambitions. This was not always easy because she had first to win over her husband and overcome his strong protests nearly every step of the way.

The father was a rough and explosive Irishman, but of a friendly nature, and with a smattering of refinement which he had picked up from various sources along his way in life of little opportunities and education.

Paul was born in a small southern city where he spent a happy and average childhood with no complications. He played on the football team in high school; drew his ideas from the Alger books and learned about art from the popular Gibson girl drawings.

His first love affair was with the little girl next door, a sister of his best friend, Willie. It lasted through high school. Much as he hated to, he learned to dance to please her—to the tune of "The Darktown Strutter's Ball."

Like so many boys of the time, he worked Saturdays in a department store earning money for dates to see such movies as "The Birth of A Nation." But he was not interested in the many things so many adults were thinking of at the time, including Suffra-

gettes and the war in Europe, World War I.

But in short time he went to war himself after finishing school. He returned at the age of 19 expecting to marry Julia, his first love. She had become a typical flapper and was not interested in marriage but in dancing and drinking on the sly—a new experiment for "nice girls," as was smoking and a new kind of sophisticated talk. So eventually she married a man who liked this kind of girl as he had not gone to war but had gone through the stages at home that she had.

Paul then took his skill to New York and there spent a number of years where he met and sometimes loved "career girls." The playboys of the day were known as "shiks" and both made "speakeasies" popular by their patronage.

Paul made a success of his art work doing illustrations for the highly illustrated magazines just becoming popular at the time and he was well paid for his work. But none of it contributed to his feeling of security any more than did his love affairs. Then when the depression came he was forced to return to his old home and to find a different way of life.

Here, finally he found a place that did promise security and a girl whom he could and did marry. She was intelligent and attractive with a background that made them congenial.

How they faced debt, death and neurotism in themselves and friends makes down to earth as well as thought provoking reading.

This is only one of the many new and above average run of novels being received now at the local library to be recommended by the librarian, Mrs. J. J. Boydston.

Only 1000 Cars Checked So Far In Deaf Smith

Deaf Smith county still has more than 5,000 motor vehicles which have not been checked in compliance with the state's

new motor vehicle inspection law, according to the State Department of Public Safety.

Of a total of 6,039 motor vehicles in the county, approximately 1,000 of these have been checked. The remainder must be inspected by the September 6 deadline, or be subject to a fine not to exceed \$200.

There are nine officially-approved inspection stations in

Hereford: Kinsey Motor Co., McCullough Motor Co., Hereford Motor Co., Beaver Bros. Motor Co., Hereford Hudson Co., Phillips and Lawrence Nash, Jack McLaughlin Pontiac, Earl Hendricks Buick, and Lesly-Vaughn Motor Co.

First blood shed in the American Revolution was in Massachusetts.

**Auto Insurance Premium Boosts Authorized Effective May 1**

After May 1, all automobile insurance policies written or renewed will be subject to a new rate increase, according to J. P. Gibbs, Texas casualty insurance commissioner.

Increases for physical damage coverage, comprehensive insurance on private passenger automobiles will be increased 8.3%. For \$50 deductible collision insurance, premiums will be increased 4.1%.

In territory IV, the local territory, bodily injury coverage for a private passenger automobile shows a 13.3% increase in premiums. Property damage shows a 10% premium increase.

Private passenger auto classifications for bodily injury and property damage and collision only are:

Class 1 — Non-business use—no operator under age 25.  
Class 2 — Business and Non-business Use—operator under age 25.  
Class 3 — Business and Non-Business use, individually owned, no operator under age 25, (b) business and non-business use, no age of operator qualifications.

Marked increases in liability insurance costs are indicated, Gibbs said.

He said reductions are in order for school buses, intra-city buses and certain commercial cars. School buses will receive reduced rates for bodily injury but no change in the rate for property damage.

Gibbs said the higher rates are necessary because of increased loss costs.

Betty Hendricks of Goldsmith visited with her husband, L. E. Hendricks over the Easter vacation. She returned to her teaching duties at Goldsmith on Monday.

# FORD - FERGUSON SETTLEMENT

The 342-million dollar lawsuit brought more than four years ago by Harry Ferguson and Harry Ferguson, Inc., against Dearborn Motors Corporation, Ford Motor Company, and others was settled for 2.7% of that amount—a payment of 9¼ million dollars.

All claims against individuals, as well as all claims of conspiracy, unfair competition and violation of the anti trust laws against all corporations and individuals were dismissed by a consent judgment signed in New York by Federal Judge Gregory F. Noonan. The settlement was made solely under some of the patent infringement claims of the complaint.

Satellite suits claiming an additional \$21,000,000 brought by two Ferguson distributors, were also dismissed, without any payment by the defendants.

There are three points connected with this settlement that need to be clearly understood by all Ford Tractor owners and all persons considering the purchase of a Ford Tractor.

1. The settlement of the suit will have no effect whatsoever on the availability of Ford Tractors to dealers or customers. Changes in the pump, called for in the settlement, will be included along with other engineering advancements incorporated in the Ford Tractor for the 1953 season. These changes will not affect any Ford Tractors now in use nor any current model 8N tractor that the Ford Motor Company continues to produce.

2. The Ford Motor Company will continue to produce and Dearborn Motors Corporation will continue, as in the past, to supply ALL needed repairs for ALL 9N, 2N, and 8N Ford Tractors.

3. Ford Tractors will continue to offer all the present advantages of hydraulic control, the present method of attaching and operating implements and all other features responsible for their wide popularity.

Regardless of what you may hear or read to the contrary there is no room for question or misunderstanding regarding any of the points.

### Children Of Community Enjoy Easter Egg Hunt On Thursday

By Bertha Frye

There was an Easter egg hunt on the school ground Thursday afternoon. All the school children in the community participated in the hunt.

Mr. and Mrs. Joe Kramer of Amarillo were Sunday dinner guests in the home of Mr. and Mrs. Hugh Grimes.

Mrs. Reece Stewart has been teaching the third and fourth grades for Mrs. F. Christman, who was called to Denison because of the illness of her father.

Home for the Easter holidays were Mary Frye from Plainview, Sallie Womble, Dwayne Stewart from West Texas State college and Carol Miller from A&M.

The Baker Wombles have recently completed drilling two irrigation wells and building a Quonset barn on their barn.

Dinner guests Saturday in the Ray T. Stewart home were Mr. and Mrs. Harold Robinson, Miss Hazel Smirle, Dwayne Stewart, and Zed Stewart.

Mr. and Mrs. Charles Corder spent the Easter vacation in Chickasha, Okla.

Mr. and Mrs. Zed Stewart and Dwayne spent the week end at Bowie with Mr. and Mrs. Burt Robinson and family.

Dinner guests Sunday in the home of Mr. and Mrs. R. A. Frye were Mr. and Mrs. George Tielke and children and Miss Camilla Olsen of Amarillo.

The Womble Kinship circle met last Saturday in the Baker Womble home with Misses Sallie Womble and Elaine Thompson as hostesses.

News of other relatives and visiting furnished the entertainment. Those present included: Mrs. Ollie Bradley, Mrs. Doyle Rose, Mrs. Lawrence Womble and Larry, Mrs. Carl Williams and children, Mrs. Robert Thompson and Lynn, Mrs. Benny Womble, Miss Ethel Womble, Mrs. Richard Jowill, Mrs. Robert Womble, Mrs. Baker Womble and the hostesses.

Mrs. Louie Wedel and son Karl of Tucumcari, N. M., were guests over the week end in the H. H. Miller home.

A large number of people from

### March Bad Month For Accidents

March was a bad month as far as traffic accidents were concerned, according to a district report received by J. A. Dumas, local highway patrolman.

In this district there were 13 fatalities, 71 injuries and \$95,000 property damage, according to the report.

The district takes in 26 counties in the Panhandle area.

### Stencil Cutting Program Given

Mrs. Ira Ott gave a demonstration on "Stencil Cutting" at a meeting of the Happy Homes 4-H club last Thursday afternoon.

The next meeting of the group will be held on April 21 at Carlynn Williams' home.

Those attending the meeting were: Barbara Dameron, Janet Logan, Janie Logan, Martha Logan, Fatsy Dawson, Carlynn Williams and Martha Heard.

Visiting in the Verle Powell home over the week end were Eldon Powell from Texas Tech, Margie Lee Powell and Wayland Rogers from Amarillo and Bobbie Drury.

Miss Sylvia McCracken of Sioux City, Iowa, spent the past week in Hereford in the home of her brother, J. C. McCracken. She left Monday for points in California where she will visit relatives before returning to her home.

Dawn attended the aster Sunrise service at the Palo Duro canyon Sunday morning.

Mr. and Mrs. Harold Robinson spent their Easter vacation with his parents at Bowie.

Mrs. Lloyd Airhart, Dona and James spent Sunday afternoon in Pampa with Mr. and Mrs. Irwin Pursley.

### Dillehays Visit Hereford Friends

Mr. and Mrs. C. H. Dillehay, formerly of Hereford and now living in Bonham, spent Saturday night and Sunday in Hereford. They were guests of Mr.

"When power is needed, Dodge trucks have it!"

says C. R. SHEARMAN, Hood Construction Co., Lynwood, Calif.

"We've been big Dodge users for many years, because our business demands trucks that are dependable, economical and rugged.

"We do most of our driving over rough ground, a lot of it in the mud. The trucks work with crews who are laying pipe in the field. This kind of hauling calls for plenty of power to carry equipment to the men.

"And when power is needed, Dodge trucks have it! They seem to be able to pull anything."

### Legal Notice

THE STATE OF TEXAS COUNTY OF DEAF SMITH SHERIFF'S SALE

WHEREAS, on the 1st day of December, 1951, in Cause No. 3393 in the District Court of Deaf Smith County, Texas, wherein Hereford Rural High School District and State of Texas and County of Deaf Smith and City of Hereford, Texas were Plaintiff, Impleaded Party Defendant, recovered judgment against Mrs. M. M. Smith and the unknown heirs and legal representatives of W. P. Bennett, deceased, Defendants, for taxes, penalty, interest, and cost against the hereinafter described property;

WHEREAS, on the 20th day of March, 1952, by virtue of said judgment and the mandates thereof the Clerk of the above mentioned District Court of said county did cause to be issued an Order of Sale commanding me as Sheriff of said county to seize, levy upon, and sell in the manner and form as required by law the hereinafter described property;

WHEREAS, by virtue of said judgment and said Order of sale and the mandates thereof I did on the 25th day of March, 1952, seize and levy upon as the property of the above defendants the following described property, situated in Deaf Smith County, Texas, to-wit:

(Said description showing the number of acres, original survey, locality in county, and name by which said property is most generally known.)

FIRST TRACT: All of Lot No. 7, N 1/2 of Lot 6 and the S 1/2 of Lot 8, Hough's Subdivision of Block No. 33, Events Addition to the City of Hereford, Deaf Smith County, Texas.

And I will on the first Tuesday in the month of May, 1952, the same being the 6th day of said month, proceed to sell all the right, title, and interest of the Defendants in and to said property at the Court House door of said county in the city or town of Hereford, Texas, between the hours of 10:00 a. m. and 4:00 p. m. to the highest bidder for cash, provided, however, that none of said property shall be sold to the owner of said property directly or indirectly or to any one having an interest therein or to any party other than a taxing unit which is a party to this suit for less than the amount of the adjudged value of said property or the aggregate amount of judgments against said property in said suit, whichever is lower, subject also to the right of the Defendants to redeem same in the time and manner provided by law and subject also to the right of the Defendants to have said property divided and sold in less divisions than the whole.

DATED at Hereford, Texas, this 7th day of April, 1952.

J. C. Reese, Sheriff Deaf Smith County, Texas T-15-3-C

Dependable

The Modern Automatic GAS RANGE

There is no finer proof of quality than unfailing dependability and years of loyal service. That's why a modern automatic GAS range deserves its place in your plans for the future. That's why a modern gas range belongs in any home designed to make living better for the entire family. The enjoyment of food at its finest... the ease of cooking with automatic controls... the convenience of smokeless broiling... flexible flame... and low oven temperature cooking... all this is yours with a modern automatic gas range which cooks better... saves time, money and trouble... and, above all, is built to serve you dependably for years. Plan for tomorrow... choose a new gas range today. See the many dependable gas ranges on display at your dealer's.

West Texas Gas Company

HELPING BUILD WEST TEXAS SINCE 1927

Why the right power is so important to truck buyers

WHEN a truck engine is too small for the job, you'll pay in poor performance and high upkeep. When it's too big, you'll waste money on operating costs.

To be sure of the right power for top performance and top economy on every job, Dodge builds eight great truck engines. There's one that's "Job-Rated" to fit your kind of work.

In fact, you get a truck that's "Job-Rated" in every way. Every load-moving unit is factory-engineered to meet the most severe operating conditions. And every load-carrying unit is factory-engineered to provide the strength and capacity needed.

Visit your friendly Dodge dealer today for all the facts about Dodge "Job-Rated" trucks.

Tests prove power with economy. To save gas, powerful Dodge truck engines employ compression ratios as high as 7.0 to 1. And on high-tonnage models, a twin carburetion and exhaust system is used.

Records show low upkeep. For dependability and low repair costs, rugged Dodge truck engines have 4-ring pistons with chrome-plated top ring and heat-resisting exhaust valve seat inserts.

Owners report, "Greater value!" You get all these plus values: Cyclebond brake linings; easier handling; sharper turning; 9-rod Fluid Drive available on all 1/2, 3/4- and 1-ton and Route-Van models.

See us today for the best buy in low-cost transportation...

# Household Scrapbook

By Roberta Lee

### Oil Mop

A dry mop can be made into an oil mop, or you can renew the oil mop after washing by this method: Into a tin box large enough to contain the mop pour 2 tablespoons of paraffin oil, or 1 tablespoon each of linseed oil and spirits of turpentine. Tip and turn the box until the interior is fully coated and then pour off the surplus. Put the mop into the box, cover, and allow to stand 48 hours before using.

### Cold Cream

Cold cream can be made by mixing 2 tablespoons of oatmeal,

½-tablespoon powdered borax, ½-pint rosewater. Allow this to stand for two or three days, then strain, and add ½-ounce of alcohol.

### Old Powder Puffs

Discarded powder puffs may be washed and used for shoe or silverware polishers.

### Re-Guling Joints

The old glue which clogs the wood pores of joints to be re-glued, prevents the new glue from setting firmly. Steam the surface with a damp cloth and a hot iron. The joint will then

be in excellent condition for the application of fresh glue.

### Brown Shoes From White

If white shoes are too dirty to be cleaned, change them to a nice brown by rubbing them over with a mixture of 20 drops of saffron and two tablespoons of olive oil. Two applications are necessary for the proper color.

### Eye Wash

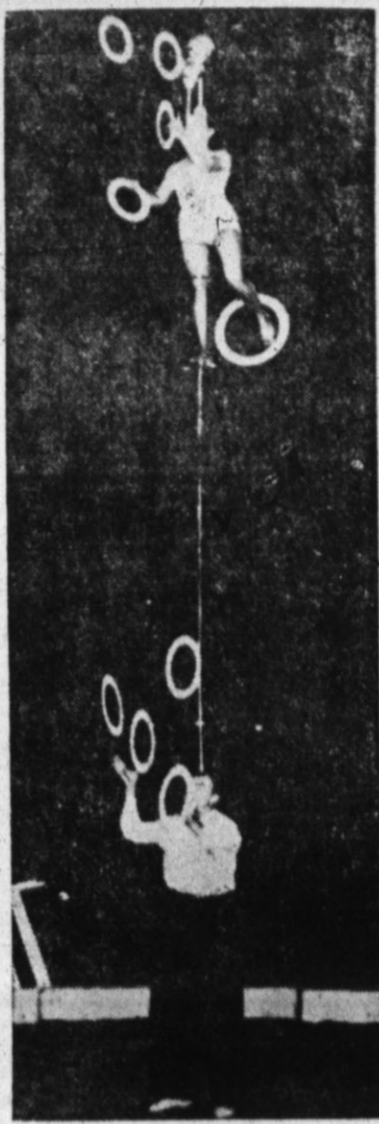

A good eye wash solution can be made by using ten grains of boric acid to one ounce of hot distilled water.

### Brighter Furniture

If the furniture needs brightening, first wash with soap, then rinse and dry. Mix equal parts of linseed oil, turpentine and vinegar. Shake well, put several drops of the liquid on a cloth and apply. Finish with a good rubbing with a clean cloth.

### Rubber Sponge

A rubber sponge is excellent for cleaning lint, fuzz, or hair from woolen clothing. First,

THE GREAT SMETONA performing one of his most difficult feats. Smetona is really the master of balancing and wire. He is one of the many featured acts to be presented Thursday, April 17th, at Walker Brothers circus which the Hereford Jaycees are bringing to Hereford.

moisten the sponge with water, and the squeeze dry before using.

### Silencer

Place a glass over the watch whose ticking is making one nervous. Then it can be seen, but not heard.

### Egg Substitute

One teaspoonful of gelatine dissolved in hot milk is a good substitute for two eggs when making puddings or cake.

Mr. and Mrs. L. D. Lee and daughters of Endee, N. M., were visitors in the C. P. Grimes home Saturday.

Mr. and Mrs. George Cantrell spent the week end in Idaho visiting Mr. and Mrs. J. W. Flynn.

Mr. and Mrs. Charles Wilder of Austin visited her parents, Mr. and Mrs. C. F. Davis, over the week end.

"WELL, DOG-GONE!" Truett Reeves, left, and his young brother Brian—ages 6 and 4—are pretty down in the mouth about the loss of Texas, their friendly pup and playmate. Texas, a pooch of uncertain lineage, was a victim of a recent dog poisoning cycle in Lubbock. Authorities have kept on the lookout for the culprit, and the little Reeves boys are sad anyway. The boys are the sons of Mr. and Mrs. Garnet Reeves. (AP Photo)

### Seed Testing & Certification II

A Tested Seed Label on a bag of seed unlike Certified and Registered Seed tags — does not guarantee that the seed is of high quality. But the label, giving an analysis of the seed, does tell the buyer what he is getting for his money.

We have made great strides in recent years in testing, cleaning, handling and marketing of field seeds, and our field seed crops make available to the farmer the highest quality of seed possible to produce, at moderate price.

Seed crops also assure the producer — farmer a high return on his production for today more of the consumer's dollar goes to the seed producer than to the producer of almost any other agricultural product. The grain farmer gets 2.6c or less than 20 per cent, out of a 16c loaf of bread. The dairyman gets roughly 50c of the retail price of a quart of milk. But the producer of alfalfa seed, for example, gets 67 per cent of the price paid by the consumer. And the producing farmer gets as high as 70c out of the retail alfalfa seed dollar.

Here are some "tips" from the seed testers in the state laboratories:

Pay particular attention to the

germination percentage given on the Tested Seed Label. The seed may be of high or low quality, and you will save disappointment later — perhaps even loss of crops — by turning down seed labeled below standard for germination.

Don't buy seed which contains Dodder, the parasitic plant most common in clover, alfalfa and flax. Dodder may kill the host plant, and the Eastern states, comprising about 70 per cent of the market for Texas growers of alfalfa and clover seed, will not accept seed containing Dodder. If seed contains Dodder, the Tested Seed Label will say so.

Treat seed with commercial dust according to the directions on the container. Many samples submitted to the state laboratories show detrimental reactions from over-treatment, which causes rotting and abnormal conditions in germination such as watery condition and club roots. If over-treated seeds are planted, rotting is likely to continue in the field.

Submit clean samples to the laboratory. Samples of clover seed especially have been very dirty, containing chaff, stems, dirt, Johnson grass and other weed seeds. The laboratory is obliged to set a dirty sample a-

### Attend Convention

Members of the Hereford Garden clubs attending the District 1, Texas Garden Club convention held in Lubbock last week were: Mesdames J. P. Slaton, Ralph McCullough, W. S. Fluit, A. O. Thompson, Harry Lomas, M. T. Rutter, A. L. Manjeot, E. Ramey, Jim Black, Jeff Gil-

breath, C. D. Keiton, John Jacobson Jr., George Graham and W. H. Patton. The Hereford Garden Club won second place with year-books and their scrap book was awarded third place.

### Attend Field Day

Among those from Hereford who attended Field Day held at Pantex Farms in Amarillo Friday were Mr. and Mrs. Homer Brumley and son, David, Colby Conkright and son Jimmy, J. J. Durham, and Hugh Clearman.

Early Romans used razors made of iron!

side and request that the seed be re-cleaned and another sample submitted.

Watch out for some fly-by-night seed "bootleggers" in the state who are selling unlabeled seed.

**SEOUL**  
*the Frontline of Freedom*

Here is Seoul, Korea, the City of Blood. Will Seoul be the last terrible tribute to man's lust for war? Pictured here as U. N. Troops enter, she is beautiful but "it is the beginning of the end for Seoul." Today she is a city of devastation! Houses and land and humanity, children and women and men... stunted, starved and spiritless, huddled in masses of helplessness. That is what we must see when we look at Seoul today. War is no solution. We fail when war takes the place of discussion and prayer and concession and adjustment. May History claim Seoul as the Front Line of Defense for God.

Let no man glorify war. It becomes more terrible as weapons make it more destructive. May God forgive a world that could find no better way! Destruction, famine, suffering, sorrow, rapine, hatred, degradation are found in Korea. Homes and schools and churches are gone and thousands of innocent and helpless people. Let's pray divine mercy on men who can find no better way. Drop a tear of penitence for the part you had in this terrible destruction. May God richly reward those who suffered most. May the miracle of Grace save our sons and speed the day of understanding and goodwill. . . . A-men.

**You In The Church  
The Church In You**  
Form a combination for good. We should attend church regularly. Every man, woman and child needs the influence of the CHURCH. Be Faithful! Be a Churchman.

© Wichita Newsprint Features Box 211 Fort Worth, Texas

ARGEN DRAPER is shown above giving a sewing demonstration to members of the Sadie Lee Oliver 4-H club recently.

Lt. and Mrs. Richard Petersen and Gary, and Mr. and Mrs. Bill Shelborn of Lubbock visited in the home of Mr. and Mrs. A. Petersen Sunday.

Visitors in the home of Mrs. E. F. Drury Sunday were her brother-in-law and sister, Mr. and Mrs. Rhea Pannell from Littlefield.

### Dress Making Topic For Messenger Club

"Dress Making" was the subject of the demonstration for the Messenger Home Demonstration club last Friday. Mrs. Dale Coleman gave the demonstration.

Mrs. N. A. Brown gave a council report. During the business session the club voted to send cookies to the dress revue on April 28.

The group also voted to send someone to take a designing course at Texas Tech.

Those attending were: Mesdames S. N. Thweatt, N. A. Brown, W. D. Howard, F. R. Meiers, Ernest Brown, Floyd Brown, Dale Coleman, D. J. Kennedy and the hostess, Mrs. Bruce Coleman.

### J. C. Penney Co. Golden Jubilee Begins Today

S. B. McLallen, manager of J. C. Penney Company, announced the formal opening today of the company's Golden Jubilee.

"This is a great occasion for us, a time for celebration," said Mr. McLallen. "In just 50 years this company has grown from a single, tiny store in Southwestern Wyoming to a great retail merchandising organization—the largest of its kind in the world—with more than 1,600 stores and 70,000 associates serving nearly 40 million people.

J. C. PENNEY

"That's a monumental achievement in which all of us can take pride. For where else, but in our own United States of America, could such an achievement be possible? In the words inscribed on our medallion, the Penney Company has grown—is growing—with this nation.

"Ours is a success story, not of one man alone but of many men. Early in his career our founder, Mr. J. C. Penney, realized that he would succeed only if others found success with him. Eventually he became known as the 'man with a thousand partners'—and thereby pioneered a profit-sharing idea which contributed much to the company's success.

"Thoughtful consideration for customers, associates, suppliers and stockholders always has been a Penney Company objective; also stressed have been value and

quality—a fact which led eventually to establishment of a research and testing laboratory to make sure Penney merchandise standards would be consistently met and maintained.

"Today the company has a staff of 206 buyers, highly trained and alert to people's needs, combing the merchandise markets of the world. All are specialists, in fields ranging from women's fashions to boys' jeans; from blankets to work shoes; from hosiery to infants' wear. And all have the responsibility and determination to see that Penney stores have the merchandise people

need at prices they can afford to pay.

"As our Jubilee gets underway we believe our customers will benefit more than ever by the great values that have been planned for them. All the accumulated experience and 'know-how' of 50 years of successful merchandising have been brought into play to see that for our customers, as well as ourselves, this will truly be a 'golden year'."

Mr. and Mrs. Schofield of Los Angeles and Mr. and Mrs. Billy Roberson and Sue of Amarillo

and Rev. and Mrs. Russell Pogue and children of Friona were guests Sunday in the Jack Roberson home. Callers during the afternoon were: Mr. and Mrs. George Cameron and Mr. and

Mrs. J. B. Harlin. Lt. and Mrs. Daniel Russell of San Francisco are visiting with his mother, Mrs. W. H. Russell.

### W. A. Keleher Named Speaker For Historians

CANYON — The Honorable W. A. Keleher of Albuquerque has been named as speaker for the annual Panhandle-Plains Historical Society's banquet to be held at West Texas State College, Friday, May 9.

Mr. Keleher, a prominent attorney active in the public affairs of New Mexico, is one of the pioneers of the Southwest. He is actively interested in the history of the Plains region and has written three books dealing with the history of this region.

Books written about this area are "A History of the Maxwell Land Grant," "Turmoil in New Mexico," and "The Fabulous Frontier," a study of outstanding pioneer business men in the Southwest.

Indications point to previous attendance records being broken at the day-long meeting which is climaxed by the annual banquet. Aside from the prominent speaker, another highlight of the banquet will be the presentation of awards in the annual Society's essay contest.

Mr. and Mrs. Sam Schofield left Wednesday for their home in Los Angeles, Calif. Mrs. Schofield has been visiting with her parents, Mr. and Mrs. Jack Roberson for several weeks.

## We Are Proud — — but we want to apologise

Through no fault of our own, some of our speakers went haywire at the Sunday evening show. Before opening the Tower Drive-In this year we ordered 30 new speakers to replace those which were lost last season, and the new speakers have been back-ordered for more than two months. We checked and replaced all faulty transformers and speaker cones, but on opening night we had several of the speakers to go out on us. These have now been replaced and when our new speakers get here, we feel we can take care of any crowd. We want to thank you for your patience and to assure you that we appreciate the fine spirit of cooperation shown us in the face of delay or inconvenience by the few persons who ran into these faulty speakers.
