Around Town

The Ballot Battalion will meet in the county courtroom Monday, July 14 at 8 p.m., Chairman Bob Wear said this week. Purpose of the meeting will be to coordinate efforts of the committees and organizations working as part of the non-partisan Ballot Battalion. Already approved for the BB is furnishing of transportation to the polls, a telephone campaign to get out the vote and the arrangement of a sound truck to tour the city and appeal to voters.

Reports from the National Jaycee convention which was held last week in Dallas were given at the regular meeting of the Jaycees Tuesday night. The Jaycee Ettes met with the Jaycees Tuesday night.

Arthur T. Mims, William D. Lawrence, and Fletcher C. Glendinning took over their duties at the Hereford Clinic Tuesday morning. The three new doctors increase the staff to five full time doctors at the Hereford clinic.

Swimming enthusiasts are reminded that the Hereford swimming pool will be open Friday night until 9:30 p.m. The pool will be open each Friday night hereafter during the summer.

Bill Phillips and Bruce Bybee went to Philmont Scout ranch over last week-end to see Tom Woodford, who is in the hospital there. He scalded his foot as a kettle of boiling water tipped off a campfire at Philmont recently. Tom will be able to be on the train again by the end of the week.

The Marine Corps recruiting sergeant will be in Hereford Monday, July 7, to talk to any interested young man or lady who would like a Marine Corps career. The sergeant will be located at the Army and Air Force recruiting station in the court house, from 9 a.m. to 2 p.m.

Patsy Hampton left Hereford Monday for Stamford where she will participate in the sponsors contest at the rodeo there. She is a representative of the Deaf Smith County Chamber of Commerce.

Cecil Massey went to Stamford Monday night. He will act as rodeo judge for the annual rodeo there over the Fourth of July. Mr. and Mrs. Massey will return to Hereford on Saturday.

Koelzer Rites Pend Arrival Of Children

Mrs. Michael H. Koelzer, 67, died of a heart attack in the Deaf Smith county hospital at 10:30 p.m. Tuesday, July 1. She had been ill for only three days.

Funeral arrangements are indefinite pending the arrival of a daughter, Sister Regina, S. A., of Graymoor, N. Y., and a son, Nick, of St. Louis.

Services will be held in the St. Anthony's Catholic church with Fr. Nathaniel Madden, S. A., officiating and interment will be in St. Anthony's cemetery under the direction of Gilliland Funeral home.

Pallbearers will be William Betzen, John Gallagher, Bob Lamm, Ben Janacek, Anthony Hoffman and Jim Clements.

Mathilda Luke was born June 17, 1883 in Leopold, Mo. She was married on October 24, 1905 at Muenster, Texas, to Michael Koelzer.

Eight children were born to this union.

Surviving in addition to her husband are the following sons and daughters: Mrs. J. F. Herr of Muenster; Meinard Koelzer Hereford; Mrs. Lloyd Neill, Hereford; Adeline, Hereford; Sister Regina, S. A., Graymoor N. Y.; N. F. Koelzer, St. Louis; Werner, Hereford; and Marcy, Colorado Springs.

Eleven grandchildren and two great-grandchildren also survive.

Nine brothers and sisters also survive. They are: Carl Luke, Hereford; Alphonse, Joe, Ben and Henry Luke of Muenster; John Luke of Ft. Worth; Mrs. Werner Endres and Miss Theresa Luke of Muenster; and Mrs. Martin Frisko of Gainesville.

Only \$4,500 Has Been Paid For School Plans

In covering the architect situation Sunday, as reported before the citizen's school committee, The Brand reported a total of \$9,000 as paid to Macon Carder for unused plans.

In reviewing the situation with members of the school board, it is found that only \$4,500 has been paid for unused plans. Additional sums were contracted in 1945 when a proposed expansion program was considered for the present high school. Mr. Carder's contract called for three-fourths of one percent for preliminary plans, but this amount was later allowed when he served as architect in constructing Shirley school.

The actual \$4,500 paid for unused plans was on the proposed gymnasium. The plans, as stated, were complete in detail, but were abandoned by the board when the lowest bid ran \$139,000 -- an amount of \$19,000 in excess of their estimate. This fact, board members said, plus congested conditions in grade schools led to abandoning the gymnasium in favor of additional classrooms to Shirley school.

In addition to the \$4,500, Mr. Carder also has a contract for approximately \$5,500 (three-fourths of one percent) for preliminary plans on the \$750,000 bond issue which failed here last Spring. As stated in the previous article, no bill has been submitted on this amount.

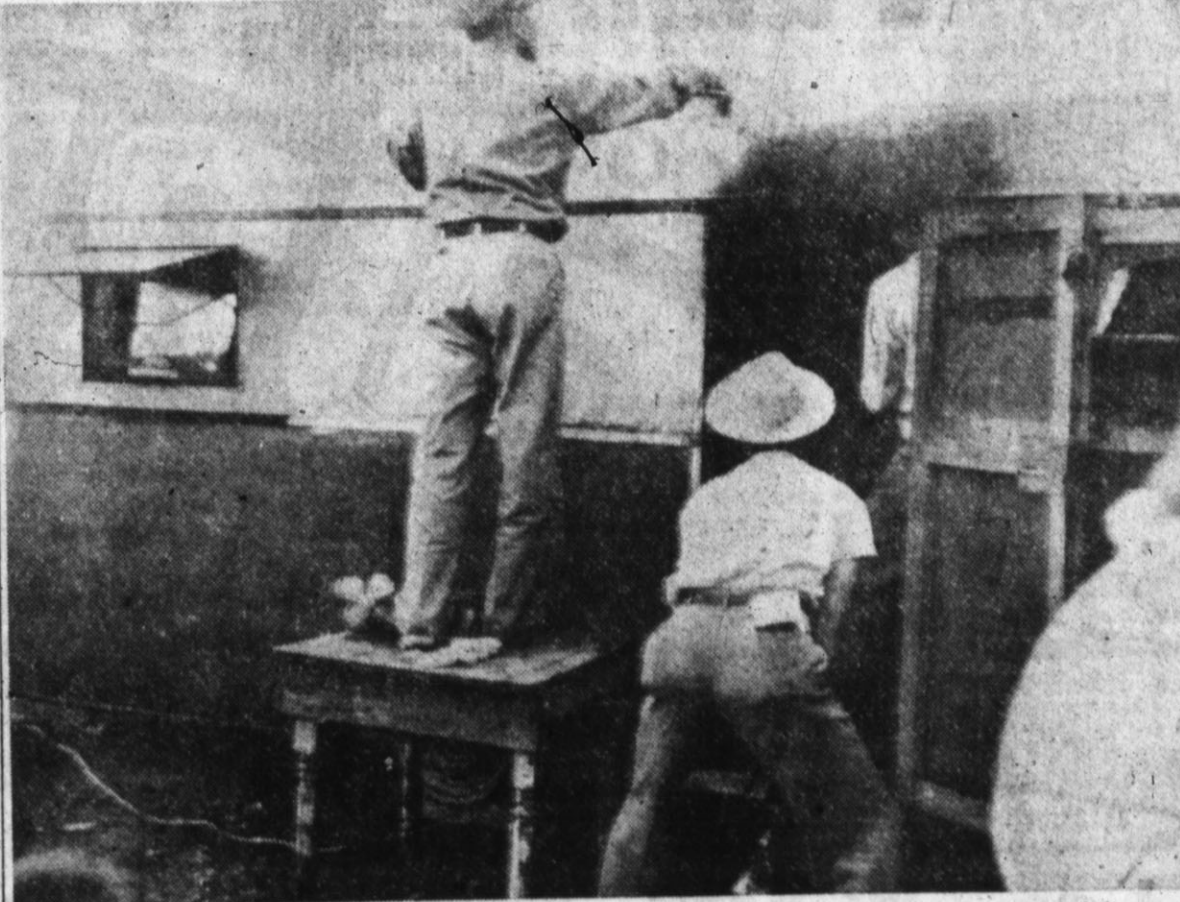

Board members said that the \$5,500 would be absorbed as part of his contracted fee if Mr. Carder is retained as architect, also that portions of the gymnasium plans could be adapted to affect additional savings on any future gym construction.

The board is happy to make this point clear, since the object in publishing the article was in order that the public might correctly understand the situation. Since it is the taxpayers who pay for the construction of schools, The Brand feels that these taxpayers are entitled to know where their money is spent, and will gladly publish additional material concerning this subject.

Call Meeting To Form Junior Baseball Loop

All youths between the ages of eight and 13 inclusive who are interested in playing baseball are asked to meet Monday, July 7 at the Central school ball field at 10 a.m.

Efforts are being made to find out the number of boys interested in playing regularly through the (Continued on page 6)

FIREMEN AND BYSTANDERS work to extinguish the blaze in the Treadway house trailer Tuesday afternoon which left Mr. and Mrs. T. L. Holman and their four children homeless. Wheat Loan Rate \$2.19

Deaf Smith county's permanent wheat loan rate is \$2.19 per bushel for on-the-farm stored wheat Faust Collier, PMA secretary, said Wednesday.

The new rate, replacing a temporary \$2.16 per bushel figure, went into effect Tuesday, July 1, and reflects the increase of parity as of July 1 to assure 90% parity for wheat stored under loan.

Farmers who have submitted 1952 grain for loan under the \$2.16 figure will be paid the additional three cents per bushel at the time they settle with CCC.

The same deductions for storage in a commercial elevator apply to both for the temporary and the permanent rates. Wheat stored through July 9 will be charged 13c per bushel. Wheat stored from July 10 to August 8 will be charged at the rate of 12c per bushel.

In commercial storage, the farmer is now netting \$2.06 per bushel under the permanent rate. After July 10, with the one cent lower storage rate, his net per bushel will be \$2.07.

Collier said he has had quite a few queries on the barley loan rate, which is \$1.17 per bushel on the farm.

Allowable moisture for barley storage is not more than 14%. Deductions on the on-the-farm price for storage in a commercial elevator will be 11c per bushel through July 24 and 10c per bushel from July 25 to September 2 inclusive.

Hardwick Rites Held Wednesday In Clovis, N. M.

Funeral services were held Wednesday morning at Clovis for E. F. Hardwick, 88, following his death in Colorado Springs Monday. Mr. Hardwick was the father of Francis Hardwick, Hereford theatre owner, and was widely known in this area, having been connected with Hereford theatres as early as 1920 and a frequent visitor in the community.

Mr. Hardwick's death marked the close of a picturesque career which has contributed much in West Texas and Eastern New Mexico. He was born at Sun Prairie, Wis., in 1864 and when he was 13 years of age the family moved into Kansas. He grew up in a new country and was active in its settlement. He made two runs from Canadian, Texas into the "strip" as Indian territory became what is now known as Oklahoma. It was also during his residence in Canadian that he met and married Gustena Rule in 1891.

Mr. Hardwick's first real association with this immediate area occurred in 1898, while he was making a real estate sponsored tour into this country. Riding on the rear platform of a Santa Fe train, he purchased the section on which Summerfield is now located. The price was around \$20 an acre.

The year 1902 found the Hardwicks in Roswell, N. M., and in 1909, he operated one of the ear- (Continued on page 6)

Trailer House Burns, Cause Undetermined

Mr. and Mrs. T. L. Holman and their four small children -- aged 7, 5, 3 and 2 years -- lost all their belongings Tuesday afternoon when a blaze of undetermined origin destroyed the 18-foot trailer home in which they were living at 429 Avenue E.

The trailer was owned by A. R. Treadway, in whose yard the trailer was located. Treadway estimated his loss at about \$300 Tuesday afternoon immediately after the fire which made the Holmans homeless.

Mr. Holman, who is employed by the Southern Geophysical crew in Hereford, was not home at the time of the blaze. Mrs. Holman was at a nearby grocery store when notified of the blaze by a neighbor.

The interior of the trailer was burned out before the alarm was turned in, apparently because the blaze was smoldering for quite a while before it was discovered.

Treadway told The Brand Tuesday afternoon that a small blaze caused by a short in an electric fan used in the trailer had been extinguished and the electricity to the trailer was shut off Monday, so there was no power into the small unit Tuesday.

The blaze was discovered at about 4 p.m. by Mrs. Agnes Texas, who was in her garden and saw the smoke coming from the trailer.

M. L. Echols, who lives north of the Treadways on Avenue E, saw the blaze and attempted to put it out with a garden hose, but it got too big and the fire department was called to the scene.

The Holmans were not able to put a dollars and cents estimate on their loss.

Fire Chief Earl Phillips said the cause of the blaze was not determined as of Wednesday afternoon.

Mr. and Mrs. Jack Wilkinson of Dallas are visiting her mother, Mrs. W. W. Davison this week.

Sgt. Jack Luck, who is home on leave from Korea, visited his parents, Mr. and Mrs. P. H. Luck last week.

Schedule Vital Water Meetings

Two highly important meetings for local members of the High Plains Water District No. 1 have been called by county water officials to take spacing action on well-drilling operations which will be started by the City of Amarillo in this county sometime in August.

The first meeting will be held Monday night July 7, at 8 p.m. in the Dawn school house. The second will be in the courthouse at Hereford Tuesday July 8 at 8 p.m.

Osborne Here

Special speakers at the meetings will be Tom McFarland, manager of the water district, and Jesse M. Osborne of Muleshoe, who spearheaded that community's actions with Lubbock when the South Plains city secured water rights in Bailey county.

Gayle Neal, a member of the Deaf Smith county committee of the water district, said the meeting was being called to see what could be done about what he termed the threat of Amarillo's pumping water out from under Deaf Smith land.

Building Pipeline

Amarillo has 1 1/2 sections of land in the northwest part of the county and has a 36-inch pipeline currently only 3 1/2 miles east of the Deaf Smith county line.

H. R. Smith, director of public works in Amarillo, said four wells will be drilled on the 1 1/2 sections as soon as the contractor -- the B. L. McDonald Water Development Co. -- finished drilling six wells on two sections of land three miles east of Deaf Smith county in Randall county.

Have 10 Well Contract

The wells are contracted to

produce no less than 600 gallons per minute, he told The Brand Wednesday afternoon. The Amarillo contract with the McDonald firm is for 10 wells on the 3 1/2 acres recently purchased by Amarillo for water development.

Smith said the four wells on the 1 1/2 sections of land in Deaf Smith county would be drilled "as soon as the contractor can complete drilling" the four in Randall county.

Neal told The Brand Wednesday that the primary concern of the water district in the county was to be sure the wells were spaced properly.

"Proper spacing" is left to the discretion of the county water board named last January.

Seek To Space

"We're not out to cut off the wells, but we're out to get the wells spaced so we can make a living on our farms," Neal said. "I personally feel," he continued, "that if they had followed B. L. McDonald's advice and gone north and east of Amarillo, they wouldn't have had this water shortage today. As far as engineers knowing water, I don't think anyone has surpassed B. L.'s knowledge of water on the High Plains."

Word was received by The Brand Wednesday afternoon that Osborne, who has dealt with the Muleshoe-Lubbock problem, will be on hand for both Monday's

and Tuesday's meetings with farmers of the county.

Two Fireworks Displays For Holiday Crowds

Don't forget the fireworks! The Deaf Smith County Chamber of Commerce is sponsoring the annual display of aerial fireworks at Veterans park tomorrow night at 9:30 p.m.

Altogether, \$230 worth of the best in aerial displays will be set off at the exhibition.

The Hereford Jaycees will do the honors at setting off the display.

The Tower Drive-In will also feature a display of fireworks Friday night at their regular performance.

School Taxes 95.96% Paid By Deadline

Taxes for the Hereford Rural School District were 95.96% paid by the June 30 deadline, Fred Baird, tax assessor-collector, said Wednesday.

A total of \$218,250.75 has been collected of \$227,435.55 on the rolls. Unpaid is \$9,184.80.

A penalty of 11% must be paid on all the delinquent taxes paid during the month of July, Baird said. After that, a penalty of 1/2% more accrues each month the assessment is unpaid.

Car-Motorcycle Accident Sunday

A car-motorcycle accident at the corner of West Third and Miles about 9:45 Sunday night caused damages to the vehicles involved amounting to an estimated \$275 and minor injuries to the operator of the motorcycle, 18-year-old Lonnie Cardnell of Hereford.

Cardnell's cycle collided with a 1950 DeSoto driven by Charles Nelms of Lubbock. Nelms was driving north on Miles and Cardnell was heading east on Third at the time of the collision.

Estimated damage to the cycle was \$125 and about \$150 to the automobile.

Cardnell suffered facial cuts and bruises and investigating officers said he was dazed by the impact. He was given emergency treatment at the Deaf Smith county hospital.

No charges were filed, city police said.

Slate Three ACP Practice Boosts

Three approved practices from the 1952 Agriculture Conservation Program are expected to be given added significance in preparing the 1953 program for Deaf Smith county, present trends indicate, says Faust Collier, Production and Marketing Administration secretary for the county.

Named as the three tagged for the most attention during the coming year were underground irrigation systems, lining irrigation ditches with concrete and planting legumes.

These and other practices will be discussed by local county agencies -- the PMA committeemen, the county agent, Soil Conservation Service, and the Farm Home Administration -- when they meet in Amarillo July 28 with 28

other Panhandle counties to renew the national program for 1953.

From this national program the 28 counties (which comprise District One in the state) will select the practices most needed in each county. The group will also act in an advisory capacity, making recommendations to the state PMA committee.

As the three practices mentioned above will be stepped up in the 1953 program locally, others will undoubtedly be de-emphasized, Collier said, but he did not identify the programs slated for tapering off in the county.

In reviewing the national program, Collier said it was basically the same with "apparently very few changes".

Public Meeting For Sportsmen In Courthouse Friday, July 11

Public meetings to determine "grass roots" hunting and fishing preferences will be held in The Brand's reading area during the first two weeks of July by the Texas Game and Fish Commission.

For the third consecutive year, the meetings will bring Texas landowners, hunters and fishermen together with representatives of the commission to discuss hunting and fishing regulations.

Deaf Smith county sportsmen will be given an opportunity to air their views on the sports question at a meeting Friday, July 11, to be held in the county courthouse at 8 p.m.

On Monday, July 14, Farmer and Castro county sportsmen will meet with Game and Fish representatives at the courthouse in Dimmitt at 8 p.m.

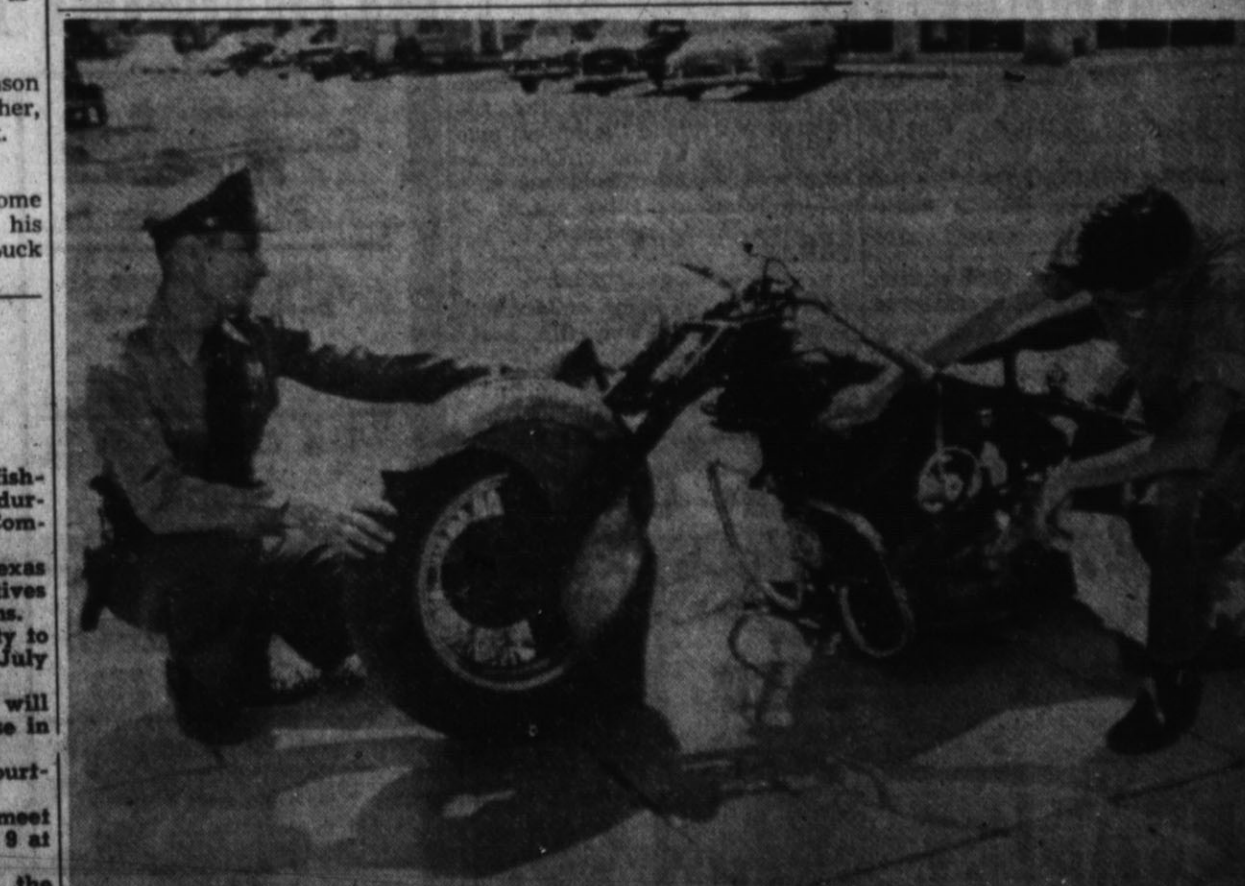

Randall county hunters and fishermen will meet in the courthouse at Canyon Thursday, July 10 at 8 p.m.

The south half of Oldham county and Potter county will meet in the American Legion hall in Amarillo Wednesday, July 9 at 8 p.m.

Under a law which went into effect September 1, 1950, the Texas Game and Fish Commission is instructed and empowered to prescribe the open seasons, bag-limits, and the means and methods of taking game and fish surpluses in the 28-county area of the Panhandle including Motley and Cottle counties and all counties to the north thereof. All interested persons are urged to attend the meeting for their county.

By JIMMIE GILLETTE

Some say it's good, some say it's bad -- but it rains every so often around here and no one does anything about it.

The spud growers aren't too happy. They would rather not have a drop of rain. This is in order that they can apply water when, if, and how much they deem best. Cotton growers, on the other hand, are elated. To them, it's like manna from heaven. Thus comes the question: Is diversification a drawback or an advantage? All depends on the point of view. Everytime the weather hurts one crop, it generally helps another; likewise, when it helps a crop it probably damages another.

Reminds me of the little girl who was crying because half of her milk was gone while her friend rejoiced because she still had half of her milk left.

Hereford lost a good, substantial man a few days ago. Glenn Snyder, capable, genial manager of Consumers had as many friends as any person I ever knew. This was because of his personality, and his love for other people. He will be remembered by different friends for different things, I know, but to me he will always symbolize the man "who built a better mousetrap". Back in 1937 when I first came to Hereford Glenn was operating the service station now operated by Jiggs Hartman. Money was pretty tight in those days and folks didn't have their cars washed too often -- but you had to make an appointment, sometimes two weeks ahead, to get your car into the place. The final result was absolute perfection. Even traveling men would write in for appointments when they planned to be in town. This feat, though practically impossible, was accomplished by a man with only one good arm. Due to poor health, he finally gave up the business -- but to me it was always a great triumph to see a man overcome such odds and rank unquestionably at the topmost peak of his trade. Glenn Snyder is one man I never heard criticized in any form or fashion. He is a fellow who will be missed a lot, now and for many years to come.

Capt. E. F. Hardwick, another community builder, is also gone. Very few people realized the keen insight, vision and courage this man possessed. He took a wild run into the Indian Territory, kept going West -- and founded a small empire. He did more for Hereford than most people realize. One of his tenets was to grow and progress with the communities he served. Through the years none of his enterprises have been backward. Most generally, they have led in a blaze of progress which moulded civilization where native grass a few scant years ago waved on prairies unbroken by fences or corrals.

Old Tack is another loss to the Panhandle Plains. A sort of symbol of this country, his column will never be replaced. Surely the folks at the Globe-News will realize the folly of such an idea. In journalistic circles he was without question the No. 1 "local" columnist of the nation. Weather prophet and appolizer par excellence, Old Tack, if he were here, could today do a masterpiece of a column about himself. Tack always said, "People talk more about the weather than anything you can write," but ironically enough he was wrong one last time on the day that he died. On that day, people talked of nothing but "Old Tack" -- not one solitary, single peep about the weather.

The Assembly of God church is conducting a youth revival and in advertising the meeting dropped dodgers from an airplane. They got results, too, among the very young fry. The kids in our

neighborhood, including our two, started collecting the leaflets with a vengeance. After cleaning up the neighborhood, they kept heckling to go riding in the car. The excursion turned out to be a continuation of the day's clean-up campaign. We had to stop every few feet for them to get another dodger. Last count I had was 91 reclaimed dodgers in the Gillentine domicile.

Noticed kids all over town collecting them, too. How do these fads get started? Even more important, how do you stop them?

Several pastors in the community are upset. Somehow, the story has leaked out that the churches in Hereford will not conduct funerals on Sunday afternoon. This, they say, is absolutely untrue. Rev. R. H. Cagle says that in larger cities, the grave diggers often refuse to dig graves, thus eliminating Sunday funerals -- but Hereford is not that big. This is just a rumor and, most certainly, it is unfair to the various churches and their pastors. Folks should be absolutely certain before they make such statements.

Politics are warming up. Now days you hear more and more talk. Sides are shaping up. Several people have called up asking us to editorially support different candidates, but I do not think a newspaper should endorse a candidate on heresy, especially one where there might be some question. Price Daniel! I know as a man and as a public officer, I think he certainly deserves the careful consideration of each and every voter. His record is good. He is a fine, clean man. He would make a wonderful Senator from Texas. Furthermore, he should win without any doubt. He will be here soon to speak (July 8). You owe it to yourself to hear Price Daniel.

Another candidate I can endorse without equivocation is Jesse M. Osborn of Muleshoe, candidate for State Representative. Jesse is a successful farmer, rancher and business man. His friends have talked him into making the race and, in my opinion, we need a lot more level headed men with "horse sense" in Austin. If there is any question in your mind, you should talk to some of his friends. Cliff Acker and Miles Roberson know him pretty well, and he is well known in Muleshoe. He is a brother of Sloan Osborn of Friona. To my way of thinking, here is the type the fellow we want and need in the Legislature: a man who is willing to put the welfare of the district and state ahead of his personal business interests at home. We've talked about these things a lot, but this is the first chance I ever had to vote for a man with these qualifications.

Bible School Of The Air July 7

A vacation Bible school of the air will begin on July 7 over KPAN. The broadcast will begin at 1:15 each afternoon through July 18.

Rev. E. W. Lichtsinn, who will be in charge of the programs, will start the program off each afternoon with a Bible story. Following the story several questions will be asked. The children listening to the broadcast are to answer the questions on a post card or in a letter and send them to radio station KPAN. Rev. Lichtsinn will grade the letters and return them to the children along with a copper book mark.

The 30-minute Bible school of the air is being sponsored by KPAN.

Guests in the home of Mr. and Mrs. Wm. McGehee the past week have been their son-in-law and daughter, Mr. and Mrs. R. O. Stark of O'Donnel.

Two Crops Of Beardless Wheat Being Harvested In Community

By Mrs. R. C. Childers

There are two crops of beardless wheat in this community. Fred Inman has about 30 acres of pretty beardless wheat that is being harvested.

Austin Rose who lives two miles west of town, has a good crop of beardless wheat which he sowed in maize stubble last fall. Beardless wheat is always later than bearded kind and is a more sturdy wheat. It will stand high wind and rougher weather better than any other species of wheat.

The onion crops on the Jack Renfro and R. C. Childers farms were sprayed for insects early Monday morning. This is the third time that they have been sprayed this season. The onion insect is small, resembling a flea, and multiplies very fast.

Potato harvest is in full swing in this vicinity. All available labor is being used in the potato fields picking up potatoes. Many towns-people can be seen late in the evenings following the Mexican labor picking up the potatoes that are left behind. These potatoes are perfectly good, but are too small or partly covered with dirt and missed by the pickers.

Mr. and Mrs. Raymond Higginbotham and son Lewis spent the weekend in Spur visiting relatives and friends.

Mr. and Mrs. A. H. Inman of Plainview spent Sunday in the home of Mr. and Mrs. Wayne Johnson.

Mr. and Mrs. F. G. Wither- spoon left Wednesday for Galveston where they will visit their son, Neill, who is in the Naval hospital awaiting major surgery. Patsy Childers spent Sunday in the Clinton Jackson home visiting their daughter Patsy.

Mrs. C. S. Barclay and sons and Patsy Childers visited in the home of Mrs. Melvin Rainey in Summerfield Monday afternoon. The Rainey are the proud parents of a son named Steven Eugene, born the last of this month.

C. S. Barclay was in Amarillo on business Friday.

Mrs. A. C. Hershey is working at the potato sheds again this year. She will work through the lettuce harvest in the fall.

FRIO NEWS

Rain, Windstorm Causes Damage To Several Farms In Community

The rain and windstorm last Thursday blew over a pump house and took the roof off some sheds for the Glenn Gripps. The windmill and chicken house belonging to the H. D. Robbins were overturned. Two chicken houses at the Olin Parris place were blown over and a shed at the A. T. Jones' was also unroofed. A window in the rent house belonging to the T. L. Sparkmans, Jr., was blown in and lots of trees around here were damaged. It is reported that four and one half inches of rain fell at the Carl Frye place Thursday and Friday. About three inches fell at the T. L. Sparkman Sr., home and about two inches were recorded in the eastern and northern part of the community. Potato-digging, which had just begun was stopped by the rains. On Monday most fields were still too wet for potato digging or machine work. Cotton hoeing was being done in many fields. The Home Makers club met Wednesday in the home of Mrs. Sam Lindley. Mrs. E. H. Little, the president, conducted the business meeting. Mrs. Olin Parris reported on the Stockman home improvement contest meeting at Dimmitt on the previous Monday. The club discussed entering the contest but postponed action. Present for the meeting were: Mesdames Frank Robbins, Glenn Gripp, Joe Deavenport, Owen Andrews, E. H. Little, H. F. Benson, Henry Dobbs, W. A. Springer, Olin Parris, Billy Warrick and the hostess. The next meeting planned is a demonstration on freezing to be held in the REA kitchen sometime in July. Date and time will be announced later in this column. Mr. and Mrs. E. F. Vogler are the proud parents of a daughter, Mary Anne, born at the Deaf Smith county hospital June 25. Mrs. Vogler and baby came home Saturday morning. The Voglers have three sons - Walter, Leon and Harry James - to help make the little sister welcome. Mrs. Floyd Grant of Oxnard, Calif., spent Saturday with the W. A. Springers. Mrs. Grant, who is here visiting and on business, is a sister of Mrs. J. W. Berry, who with Mr. Berry, are former residents of this community. The Berrys also now live at Oxnard. Mrs. Frances Warrick and children, Frances and Dan, brought another son, Billy, to his grandparents, the J. E. Warricks, to spend several days or a few weeks. This is Billy's annual summer vacation with his grandparents. Mrs. Warrick and the two younger children returned to Wellington Friday. Mr. and Mrs. William Hall and grandson Billy of Wellington are visiting in the Leo Hall home for a few days. They will also visit her sister, Mrs. J. E. Warrick and family. Mr. and Mrs. T. J. Bays and girls of Electra visited from Wednesday until Friday in the home of her uncle, D. Johnson. Mr. and Mrs. W. H. Andrews and children have moved into their recently-completed home, which is located by the side of the one in which they have been living. Mr. and Mrs. J. B. Thompson and Gail moved into the vacated Andrews residence last week but are still staying at the home of his parents, the W. H. Thompsons, until they return from their California trip. As soon as potato harvest and other complications are out of the way, they expect to move the house to the northwest corner of the Andrews home place near the Herb Schmidt home where they will have purchased a site for the house. Mr. and Mrs. J. C. Simpson and children recently visited in the home of Mrs. Simpson's grandmother, Mrs. J. P. Madding at Snyder. They took Miss Oleta Austin, sister of Mrs. Simpson, who had been visiting, that far on her way home to Longview. Mr. and Mrs. H. E. Lindley, spent Sunday visiting his brother and sister-in-law, Mr. and Mrs. George Lindley, at their Amarillo home. Mr. and Mrs. Leonard Irwin and children went to Washington, Okla., Friday and returned Saturday bringing home their daughters, Velma and Winnie Jo Irwin, who had been visiting their grandmother Dowdy at Washington. Visiting and taking dinner in the Lester Irwin home, Sunday, were

of her son-in-law and daughter, Mr. and Mrs. Tom Draper, this past week left Monday for Roswell to visit another daughter, Mrs. Kenneth Neal.

LONE STAR Agriculture

Released by The Texas Department of Agriculture

WEIGHTS & MEASURES

When the Texas housewife goes to the grocery store, she has every right to assume she will get an accurate measure of foodstuffs weighed on the grocery scales. In most cases she does, and her chances of getting the full amount of commodities from scales in good working order are increasing every year.

Protection of the public from inaccurate scale devices is just one of the functions of a branch of the State Department of Agriculture which is little known by the average person—the Weights and Measures Division. This division is not only concerned with grocery store scales—it's inspectors also guarantee you a fair measurement from pharmaceutical scales, hopper scales, livestock and motor truck scales and wholesale devices.

Filling station gasoline pumps are under its jurisdiction, as well as milk and cream testing units. And high on the list of important duties is the administration of the Texas Net Container Law which assures the purchaser of full value in all goods sold by weight, measure or numerical count. Hardly any field of commerce is exempt from the scrutiny of this division.

In order to maintain a high level of equality in all commercial weight and measure transactions, the Department of Agriculture is

constantly making spot checks and blanket inspections of devices throughout the state. Full time inspectors are stationed at Houston, Encinal, Austin, Nacogdoches, Brownwood, Wylie and Stephenville. These men are assigned a territory and also participate in inspections in other areas when needed. If a report of suspicious scales reaches the department offices in Austin, an inspector is dispatched to the scene immediately.

Because the department's scope of activity is necessarily limited by the size of the state and overwhelming number of scale devices, several cities have their own weights and measures division. These include Austin, Cleburn, Dallas, El Paso, Fort Worth, Houston, San Antonio and Tyler. The city bureaus work in close cooperation with the state and make monthly reports to the government.

The seal of the Texas Department of Agriculture on scales and gasoline pumps is your assurance that these devices were accurate when checked by inspectors. Until recently, these seals were oval shaped and dark green in color. A new rectangular white seal bordered in green is now being used which bears the date of the last inspection.

Watch for them! They are your guide to full measure.

The 20,000 Commercial club met Monday evening to adopt a constitution and by-laws for the club. Plans were made to advertise Hereford.

The chief engineer of the Panhandle Short Line railway announced this week that the surveying crews had passed through Castro county and are now working south of the new townsite of Norfleet in Hale county.

Deaf Smith is expected to average 12 bushels per acre in the wheat harvest this year. There will be about 150 cars of grain shipped this year as compared to the 75 shipped last year.

Two fields of wheat in the county this week were inspected. The first two fields were planted and cultivated in the usual manner and were yielding 10 to 12 bushels per acre. The third was planted and cultivated in the most modern manner and was yielding 25 bushels per acre. This was a demonstration of what crops in the Panhandle can do when they are properly cared for.

The foundation of the new brick two-story Odd Fellow building is being dug this week on their lot on South Dewey Avenue.

O. L. Rutherford has signed a contract for a 500-gallon capacity pump and a 25 horsepower engine. The pump will be installed on his 10-acre tract. The cost of the complete irrigation system will be \$1250. The system will be an experiment for this part of the country.

A trade at home program was given at the Chamber of Commerce meeting Monday. "Why Patronize Home Merchants" was the subject of the talk by E. C. Eubanks.

The ground was broken last week for the J. H. Brooks residence. This is another of the many new buildings going up in Hereford.

In an effort to remedy traffic conditions a number of stop and

slow signals will be set up in Hereford. One stop signal will be put up at the intersection of Main and Third.

The paving program for Hereford will be completed sometime this summer.

The grounds around the Deaf Smith county hospital are being improved. Trees and shrubs are being planted.

Clean Bill To County Jail By Grand Jurors

Deaf Smith county's jail got a good report from the district court's grand jury following an inspection of jail facilities last Saturday.

The report of the grand jury follows:

"WHEREAS, it has been called to the attention of the grand jury of Deaf Smith County, Texas, that the jail of said county was not being kept in a clean and proper manner, and

"WHEREAS, we have made a careful investigation of the same and have personally inspected the same and talked with prisoners therein, and we find that such charges are not true; that said jail is kept in a clean, orderly and proper manner, as the same should be kept.

"We, therefore, report to said court that our examination and inspection of the same has revealed that such charges are not well founded, and are merely rumors, and should be disregarded.

"Done in regular session this 28th day of June.
(signed)
Troy Moore,
Foreman."

Shelby Ann Jersig, accompanied by Mrs. Ben Monning of Amarillo and Mrs. Georgia Pringle of Bovina left this week for Cuernavaca, Mexico where they will spend about a month.

ly hotels at Artesia, N. M. He held the distinction of being one of the first motion picture theatre operators in the state of New Mexico when he opened a theatre at Roswell while operating the Artesia hotel.

In 1915, Mr. Hardwick moved his family to Clovis, having gone into the theatre business there during previous months. He was always interested in real estate, due to a sincere conviction that land in this area would increase in value as more people moved into the country. Due to this conviction, he acquired large tracts of ranch land, city property, buildings and houses in Texas, New Mexico and Colorado.

Mr. Hardwick first bought the theatre in Hereford in 1920, sold it and repurchased again in 1935. Operation continued until Francis Hardwick took over the Hereford property following the war.

Naturally, Mr. Hardwick saw the theatre business grow from the days of poor quality, silent films into their present day form and he was one of the first exhibitors to ever sell popcorn in a picture show (1921) a custom which is now nation-wide in scope and a foundation of revenue for the industry.

In addition to the small empire of land holdings and theatres which Mr. Hardwick pioneered, many persons in this area will recall the exceptional display of wild animal horns which he showed here on Pioneer Day in the early 1940's. The collection was wide in scope and considered the most complete in the world. It is now on display at

the El Rancho Hotel in Gallup, N. M. Another remembrance of early days in this country is two chairs and a divan made of buffalo horns, which still remain in the family.

Following the service in Clovis, Mr. Hardwick's body was interred in Llano Mausoleum, Amarillo.

He is survived by six children: Russell Hardwick, Charley Hardwick, Mrs. R. R. Johnson, all of Clovis; Francis Hardwick of Hereford, Mrs. John H. Roberts of Fort Morgan, Colo., Mrs. G. R. Lunford, Olney, Texas; also 13 grandchildren and one great-granddaughter.

Pitch and Putt

By J. M. Posey

Here it is July 3, only one day until the City Tournament gets under way. Looks like it will be pretty rough in the Championship flight. Understand Barrett and Bill Howard have qualified with 74s, Mutt Webb - 76, Earl Hendricks and Earl Stagner with 78s, Ike Holman also 78, Bob Tilson had a 79, with three players a chance to better any of the above scores. With 9 holes yet to be played, J. A. McWhorter turned in a 38, John Pitman a 38, and old Frank Cogdell having a 36.

Did I say it looked like it would be rough? Brother, I reckon. Don't forget the lunch and Calcutta, to be at John Pitman's place north of town at 8 o'clock tonight, July 3. The way the ladies' have been working it is going to take quite a crowd to eat everything they have prepared. Hope everybody wins his first match tomorrow, see you tonight at Pits.

Tables Turned On "Surprisers" As Honorees Miss Housewarming

By Mrs. Merlin Kaul and Mrs. Elmer Combs

The surprisers were surprised Sunday when a group of neighbors went to the Pat Ranspot home for a housewarming. Evidently the Renspots knew that their house needed cooling rather than warming for they were not at home. However, the surprisers, not to be outdone, went on to Jaycee Park and had a picnic dinner.

Those present were: R. M. Gunn, Mr. and Mrs. Joe Waggoner, Gayle, Ann and Joe Bob, Mr. and Mrs. R. L. Wilson and Nathan, Mr. and Mrs. G. C. Merritt, Mr. and Mrs. Robert Boyd and Francis; Mr. and Mrs. J. C. Morrison, Ralph, Mary Lynn and Judith, Pfc. Raymond Morrison, Mr. and Mrs. Paul Rudd, Mr. and Mrs. Jimmy Thomas, Diedra, Danny and Deborah, Mr. and Mrs. Merlin Kaul, Larry and Walter.

Helen Jo Wilson spent Saturday night and Sunday in Hereford with Mrs. Vernon Wilson, Rodney and Mike.

Mr. and Mrs. Harold Rudd and Lynne Anne attended the funeral of Mrs. Rudd's grandmother, Mrs. Sarah Stevens Sunday afternoon. The funeral was held at Sayre, Okla.

Mr. and Mrs. Pat Merritt, J. Pat and Mike of Midland spent Saturday night in the G. C. Merritt home. Pat and G. C. are brothers. The Pat Merritts were on a trip to Colorado and Nevada.

A correction: The families of Joe Waggoner and Johnny Townsend were omitted from the story last week of the birthday supper at the Joe Landers home honoring Finis Wright.

Mr. and Mrs. J. C. Morrison, Mary Lynn and Judith attended a barbecue Saturday night at the Tom Carpenter home in Amarillo. Mr. Carpenter gave the barbecue for commissioners, their wives and employees.

Mr. and Mrs. Kenneth Rudd and Teresa, Mrs. Paul Rudd and Homer went to Earth Friday night where they attended the wedding of Myrtle Lee Rudd, a niece of Paul Rudd, to Russell Weems. The wedding was held at the Methodist church at Earth. Homer Rudd acted as usher at the wedding.

Homer Rudd left Saturday morning for Denton and Fort Worth where he will visit friends.

Mr. and Mrs. Elmer Combs and Eugene spent Sunday in the W. E. Combs home at Plainview. Billy Don, who spent the week with his grandparents returned home with them.

Mrs. Elmer Combs and Mrs. Finis Wright spent Saturday in Clovis and Portales, N. M.

Mr. and Mrs. Mayo Phipps and Dewain accompanied by his parents, Mr. and Mrs. Charley Phipps of Friona attended church at the Primitive Baptist church at Sudan last Sunday.

Mr. and Mrs. Dewitt Allen of the Wyche community were supper guests last Sunday night of Mr. and Mrs. C. A. Saulcy.

Mr. and Mrs. H. A. Walker, their daughter and niece of Eos Angeles and Mr. and Mrs. C. B. Corley of Clovis were visitors Wednesday in the Paul Rudd home. Mr. Walker is an uncle of Paul.

Mr. and Mrs. Elbert Walker and sons have returned from a trip to Arkansas where they bought a farm. They plan to move on it after maize harvest this fall.

Mrs. Paul Rudd spent a couple of days last week in Amarillo with her sister, Mrs. Curt Griffin, who underwent a minor operation.

Pfc. Raymond Morrison is here from Camp Cook in California spending a 20-day leave with his parents, Mr. and Mrs. J. C. Morrison.

Mr. and Mrs. Finis Wright of Amarillo were dinner guests Tuesday in the Elmer Combs home.

Mr. and Mrs. W. B. Nunley and family were supper guests Sunday night in the Joe Waggoner home.

Mr. and Mrs. Joe Landers and Ross Joe left Sunday morning for Okemah and Wewoka, Okla., where they will visit Joe's mother Mrs. Cordia Landers and other relatives.

Mr. and Mrs. Roy Lee Wilson called at the Sam Wilson home at Hereford Sunday afternoon.

Mr. and Mrs. Preach Merritt were callers in the Dave Alexander home at Hereford Sunday afternoon.

Louis Neal has been sick with the mumps. He took them from his seven-year-old son, Clayton, who had them right after school was out.

Mrs. E. C. Compton and daughter, Mrs. Pierce Young and Mrs. Young's daughter, Sherry Ann, all of Dallas were visitors several days last week in the T. D. Alston home. On Friday accompanied by James Alston they went to Colorado for sight seeing. They returned to Dallas the first of the week. Mrs. Compton is a sister of Mr. Alston.

Mrs. Von Coltharp and Pamela of Hereford spent Tuesday night and Wednesday in the Joe Waggoner home.

More than an inch of rain fell

here last Tuesday afternoon. The Westway Home Demonstration club met last Wednesday in the home of Mrs. Mayo Phipps. The lesson on diet was conducted by Mrs. George Turentine, who spoke on "Diets for Losing Weight". Mrs. C. A. Saulcy gave a demonstration of a diet for gaining weight.

Two Injured As Car Overtakes

There were two boys injured in an accident Wednesday morning on 13 street.

Tom Oliver, 17 years old, driver of the automobile, was hospitalized for shock and was kept in the hospital for observation. The other boy, Edward Hicks, 15, had several stitches taken in a wound on his leg but was dismissed from the hospital.

The car, which was the old car used by the Hereford Fire Chief for years, overturned in a ditch on 13th street between Avenue J and Avenue K Wednesday morning pinning one of the boys beneath it.

Hartland Caraway, who was working near his home on 13th street, saw the accident and called to his wife to call the ambulance. Caraway said just before the accident two boys were in the car and two were hanging on the sides. Before he could get to the scene of the accident he heard one boy say "get it off me".

The two other boys were Tom McIntosh and Robert Perkins. They were uninjured in the accident.

There had been no charges filed in connection with the accident Wednesday afternoon, according to Deputy Sheriff S. B. Berry, who investigated the accident.

Happy Homes 4-H Club Met June 26

The Happy Homes 4-H club met June 26 in the home of Jane Newsom for a demonstration on coconut drop cookies given by Miss Clara Redman, assistant county home demonstration agent.

Rain From 1 1/2 To 3 1/2 Inches, Hail Reported, Some Crops Damaged

By Bobbie Walser

The farmers welcomed the rain which fell in the community Thursday and Friday. The rain over the community varied from 1 1/2 inches to 3 1/2 inches. There was some hail where the heaviest rains fell. Reports say that the wheat and row crop in that area were ruined.

Mr. and Mrs. Zealand Rainey and daughter of Dumas were recent visitors in the homes of Mr. and Mrs. C. R. Walser, Mr. and Mrs. Melvin Rainey and Mr. and Mrs. D. C. Walser.

Mr. and Mrs. Melvin Rainey are the proud parents of a baby boy, Steven Eugene, born at the Deaf Smith county hospital June 25. Steven weighed seven pounds and 14 ounces. The grandparents are Mr. and Mrs. D. C. Walser of Summerfield and Mr. and Mrs. Rainey of Sweetwater, Okla.

Mr. and Mrs. Ross Moore; Robert and Richard, Mr. and Mrs. Alton Freeman and Mary Lou and Mrs. Ellen Clearman of Seminole, Tex. and Hugh Clearman of Hereford were guests in the J. C. Clearman home Sunday.

Mrs. Hubert O'Dell and Mr. and Mrs. George Wright and baby of Berger were in Summerfield visiting with old friends. The O'Dells were among the early day settlers of Summerfield. Mrs. O'Dell's oldest son, William is pastor of a Baptist church in Wichita, Kans.

Mr. and Mrs. Edd Peacock and Mr. and Mrs. Mathers northeast home of Mr. and Mrs. Forbis of Hereford were guests in the Blakemore Sunday. Mrs. Frances Eastley of Amarillo was a recent guest in the Blakemore home.

Mr. and Mrs. K. W. Neill and family attended the Neill reunion in Abilene over the week-end. Mr. and Mrs. R. A. Fullwood of Hereford were recent visitors in the home of Mr. and Mrs. C. R. Walser and Mr. and Mrs. Melvin Rainey.

Mr. and Mrs. Earl Lance and Ann and Betty Walser were Sunday callers in the home of Mr. and Mrs. Edgar Mosley of Hereford.

Mrs. J. A. Noland and Nancy Story spent the week in the home of Mrs. Noland's, brothers, M. C. Nance of Plainview, J. E. Nance and W. D. Nance of Lockney. Mrs. Laura Dalton, sister-in-law of Oglesby, Tex., returned with them to visit for a while. W. D. Nance brought them all to Summerfield Sunday.

Mr. and Mrs. L. B. Lookingbill and Mrs. L. H. Looking-

bill attended the funeral of Homer C. Crow of Happy Tuesday. L. B. Lookingbill and L. H. Lookingbill was the brother-in-law of ingbill.

Farm Bureau Plans Member Drive In Sept.

Plans for a membership drive in the first week in September were made at a board of directors meeting for the Deaf Smith county Farm Bureau on Thursday night in the office of County Agent Hugh Clearman.

Virgil Dodson, president of the FB, said the group would make every effort to raise its membership to 450, an increase of about 125 members.

Plans were made to hold a series of meetings in seven community centers during the month of August to explain the Farm Bureau to farmers in each of the areas.

Definite date for the meetings will be announced later.

Community meetings will be held in the following areas: Daniel, Hereford, Sims, Garcia, Westway, Walcott and Dawn.

O. K. Hoyle, assistant state director of the Farm Bureau, was on hand to explain how to carry on a successful membership campaign. Hoyle, who lives at Seymour, has 30 Panhandle counties under his jurisdiction.

Two Honored At Farwell

Mrs. J. B. Jones and Miss Mattie Mae Swisher, both planning to spend the summer away from Hereford, were honored at a farewell picnic party in the backyard at the home of Mrs. C. B. Williams Thursday evening. Other attending were Mr. and Mrs. J. E. Beyer and Mr. and Mrs. A. C. Thompson.

Mrs. Jones will spend the remainder of the summer in Minneapolis, Minn., with her daughters, Mrs. Gerald Peterson and Mrs. Harvey Yantis and Miss Swisher will spend the greater part of the summer with relatives in West Virginia.

Randall County DHIA Records For May Shown

Milk cows belonging to two farmers in the Hereford area were among the top 10 milk producers for the month of May in the Randall county Dairy Herd Improvement association.

Denzil Pullum had a Holstein which produced 1690 pounds of milk with a 3.2% butterfat yield. George Heard had a Holstein which produced 1670 pounds of milk with a 3.5% butterfat yield.

Local farmers with cows in the top 10 for butterfat production include H. Kreighauser and Bob Kerschen.

Cows in the various butterfat production classes from the area include:

60-70 LB CLASS
Bob Kerschen, H. Kreighauser.

50-60 LB CLASS
Bob Kerschen (2), George Heard (2), H. Kreighauser, W. T. and W. H. Johnson, Denzil Pullum (2).

40-50 LB CLASS
Bob Kerschen (9), Herbert Boardman (5), George Heard (4), H. Kreighauser (6), W. H. and W. T. Johnson, Denzil Pullum (8).

Third Class Of Swim Lessons Is Contemplated

A third Red Cross beginner's swimming class is being formed at the Hereford municipal swimming pool due to heavy demand for lessons, according to Medford Hammon, pool manager.

The class will start Tuesday, July 8. There are still openings in the third class and anyone interested should contact Hammon at the pool.

Dieting Is Cultural Topic

A program on dieting was given at the meeting of the Cultural Home Demonstration club last week when the group met in the home of Mrs. Pat Robinson.

Those attending were: Mesdames Earl Dehart, Fred Wolfington, Paul Corbett, Leona Packard, T. J. Parsons, Art Lewis, John Hunter, Richardson, Southward, Louie Olson. Mrs. Holcomb was a visitor.

Charge Failure To Yield Right Of Way Monday

A charge of failure to yield the right-of-way was filed against E. D. Gomez, Route 4, Hereford, following an accident just before noon Monday at the intersection of Highway 60 and Funsten.

Gomez, driving a 1939 Chevrolet, was attempting to enter the Highway 60 going south on Funsten. A truck parked at the east side of Funsten at the intersection blocked his vision, investigating officers said, and Gomez entered on Highway 60 not knowing the other car -- 1946 Mercury driven by E. O. Kuykendall of Friona -- was approaching from the east on Highway 60.

The front of the Gomez car hit the right side of the Kuykendall auto, causing an estimated \$125 damage to the latter's vehicle and \$25 in damage to the Gomez auto.

Embry Fined \$50 On DWI Charge

Lloyd Thomas Embry pled guilty in county court on July 1 to a charge of driving while intoxicated. He was fined \$50 and costs of \$28.30.

Embry was charged on the count June 30 following a complaint signed by Chief of Police Floyd Reeves.

Will Organize Lady Golfers

Plans are currently underway to organize the women golfers of Hereford and hold a woman's city golf tournament in the fall, Bud Posey, local pro, announced today.

All ladies interested in signing up, please contact Bud or Rowena at the pro shop.

Thirty-Five To Littlefield In Team Matches

Thirty-five local golfers journeyed to Littlefield on Sunday, June 29, for a team match with golfers there.

Littlefield will return the match here on July 13. All golfers wishing to compete in this play contact Bud Posey at the pro shop.

Complete results of the Hereford-Littlefield meet will be found elsewhere in this issue of The Brand.

Husband Dies In Airplane Crash

Lt. Willis Gray, husband of the former Dora Lee Burges of the Progressive community, was killed in an airplane crash in England Monday, June 23.

He was a navigator on a B-50. The plane had been in the air about 12 minutes when it crashed and burned.

Mrs. Gray, who is living in Roswell, went to New York to await instructions from the Air Force regarding the funeral arrangements.

Lt. Gray was a resident of Brooklyn, N. Y.

Peggy Lytle spent 10 days visiting with relatives in Wolfe City, Tex.

Dimmitt Tourney To Final Round

Results of the semi-final round of the Dimmitt city golf tournament were released this week by Hereford Golf club Pro Bud Posey.

In the championship flight, W. W. Gilbreath defeated Joe Butler, 2 and 1. Mutt Webb beat out Frank Latimer, 1 up.

Pairings for the final round in the championship flight will pit Gilbreath and Webb for the Dimmitt city link crown.

In the championship flight consolation matches, M. E. Clevinger defeated Tom Harrison, 9 and 8. Jack Gladman bested Lewis Wilkinson, one up on 19 holes.

Final pairings for the championship consolation will have Gladman meeting winner of the M. E. Clevinger-Earl Brock match.

First flight results from last week's play show Joe Benson with a 3 and 2 defeat over Sam Gilbreath. Ray Bearden beat B. M. Nelson, 2 and 1.

Final pairings in first flight play pit Joe Benson and Bearden.

First flight consolation pairings have Raymond Wilson playing the winner of the Harold Stevens-Ben Hill match.

Also in the first flight consolation round, Gene Harmon will meet the top man of the T. E. Harrison and Sam Long match.

Clara Shore returned home Tuesday from a trip to points in South and East Texas.

Greater Need For Farm Machinery In 1953 Is Forecast

Farmers will need about 16% more new farm machinery and equipment for the 1953 crop than they bought in 1949 according to a recently completed nation-wide survey by the Department of Agriculture. Requirements for farm machinery repair parts will be about 26% above 1949 sales.

Needed adjustments in crop and livestock production to meet current farm production goals are reflected in requirements for different equipment items. Significant increases are indicated for medium and heavy wheel crawler type tractors, cotton pickers, irrigation equipment, grain and forage dryers, automatic barn gutter cleaners, automatic and semi-automatic poultry feeders, field forage harvesters, and potato harvesters.

Downward trends are evident for such items as small tractors and garden tractors, hand-drawn equipment of all kinds, potato diggers, grain binders, and many other machines which are being supplanted by more modern equipment.

Production of farm equipment is limited by allocation of raw materials under the government's controlled materials plan. Indications are that the approaching of production is now having been cut back substantially earlier this year.

While thus far there are no indications that farmers are being

Five Indicted By Grand Jury

Five men were charged in three indictments returned by the grand jury for the February term of district court on Saturday.

Three counts were returned. Tracy Bosley of Amarillo was charged with assault with intent to rape. Bosley was charged following an assault on a 23-year-old Hereford woman early the morning of Sunday, June 22.

Bond for Bosley was set at \$5,000.

W. H. Walser was indicted for obtaining things of value over the value of \$50 by worthless check.

He was charged with securing a new truck motor and installation of the motor with a worthless \$886.81 check written on the Hereford State Bank. The check was written April 8, 1952.

Walser's bond was set at \$1,000. Three Latin-Americans were

seriously hampered by lack of machinery and equipment, the rate of manufacture of essential production tools is now about 15 per cent below Yarners' current needs.

To meet 1953 requirements, the farm equipment industry would need to produce at about the rate achieved in the first six months of 1951.

Indicted for burglary of the Hereford Wrecking yard, property of O. H. Culpepper and U. V. Pierce. Indicted were Robert Samora, John Samora and Joe Alamanzar.

Wild Night Saturday As Bull Barn Action Livens

Everything happened—including some good wrestling and some alley-brawling—at the weekly Lions wrestling show at the Bull Barn Saturday night.

The night's card brought together handsome Pierre LaBelle, Montreal, against Chico Bonales, Mexico City in the first event, a one-fall, 20-minute match.

In the second exhibition, Iowa's Bob Geigel and a newcomer on the local scene, Gene Kiniski of Tucson, tangled in a 45-minute semi-windup.

Morelli vs Freeman

Feature attraction of the evening was a non-title bout between two New Yorkers—Southwest States Heavyweight Champ Tony Morelli and Ace Freeman—Morelli claiming Brooklyn and Freeman claiming the Bronx as their stomping grounds.

LaBelle and Bonales fought a good, clean match for 14 minutes when the Frenchman unraveled Bonales with a top body press following several drop kicks.

Kiniski and Geigel fought to a brutal draw in their semi-windup.

The boy from Iowa took the first fall 16 minutes deep into the match with a hammerlock and arm stomps. Geigel was reluctant to let Kiniski up after gaining the fall and kept on kicking the pinned arm.

Tempers Flare

Tempers for both boys flared in the first fall with Geigel getting the best of things, thanks to Pat O'Dowdy, who was quite beside himself as third man, missing a lot of shots and apparently not giving a hoot about some others.

Pat was off the beam, but good. It took an angered Kiniski seven minutes to catch up with Geigel as he pinned the Hawkeye stater with a top body press following body slams and various other discomfiting punishments, including a "seat slam".

After Kiniski finished Geigel for the second fall with some wicked body slams, the Iowan was laying face down on the canvas when Kiniski picked him up from the front, under the arms. The crowd thought the Arizona

was coming to the aid of Geigel, but when he got the balding grappler upright, he powdered him with a wicked right and left him to his own fate in the middle of the ring.

Geigel was hit and hit hard.

Third Fall

The third fall was a circus, although a little outrageous, too. O'Dowdy was becoming more and more useless as the third man in the ring as the two combatants proceeded to do just about anything they wanted. Cause of Pat's condition was the subject of speculation among ringsiders, but nobody was certain why he was in the mess he was.

Both wrestlers were throwing each other around the ring as Kiniski twice tied Geigel up in the ropes and proceeded to bombard him with body slams. The first time it happened on the west ropes, O'Dowdy finally freed Geigel and got caught in the ropes himself.

The full 45 minutes of the match ended with Kiniski tying Geigel in the ropes at the south side of the ring and banging away at him.

O'Dowdy scoted out of the ring and left both wrestlers in the arena. They tried to go at it again, but Geigel ducked out through the ropes and back to the dressing room.

Geigel Referee

For the third and feature bout of the evening, Bob Geigel replaced O'Dowdy in the ring as referee, when Morelli and Freeman lined up for battle.

Freeman got Morelli in 15 minutes of the first fall with a jack-knife.

Morelli retaliated in 10 minutes to cop the second fall as the evening with his "mystery hold" using his legs in a shoulder hold that forced the popular Freeman to concede the fall.

It was all over shortly thereafter as Freeman had Morelli staggering as he bounced off the ropes, hitting him with a series of flying mares.

Knee Kicks Out

While Morelli was weakly getting set for another contact on the south ropes, Freeman bounced across the ring and fell in the center, with his knee locked tightly under him. He threw the knee out of joint and Geigel and Guy Lawrence, matchmaker, tried to bring the left leg back, with lit-

"THE LAST TIME"—Sam Baugh became the oldest point-of-service player in professional football as he signed his 16th contract in Abilene. As Baugh (right) inked the pact with the Washington Redskins, he repeated to Dick Todd, the team's coach, the annual statement, "This is positively the last time." The former Texas Christian university great owns a ranch northwest of Abilene and spends off seasons appearing in rodeos—which explains the hat and shirt. BONUS BABIES

With money doing the heavy talking, major league ball clubs continue to plunk out the shekels for some of the better-baseball talent in the nation, viz Boston's coralling of the St. Louis goodie, Frank Baumann, who was paid \$85,000 by the "Gold Sox" to toil on the mound for Yawkey's boys.

According to the Sporting News, the Bosox have paid out a reported \$700,000 for 17 pieces of outstanding young baseball ivory this year alone.

There has been quite a bit of discussion about the high school rule and the bonus plan—pro and con—with St. Louis's Bill Veck leading the antis. He feels that with the grid scouts pumping the boys while they are still in school, the ball clubs are losing out by not being able to approach a youth until he graduates.

This Baumann boy was as popular with the ball scouts on his graduation day as an uncommitted, delegate in Taft's campaign headquarters.

One thing about the bonus plan, it'll allow the rich clubs to get fat with talent and let the poor

relations wallow with boys who WANT to play ball for the love of the game.

Opponents of the bonus rule say that if a boy is lured to play ball by fat gifts, he might not be as inclined to stay in the game when the going gets rough.

You can argue both ways, but as long as there's money and talent, the money will probably go in some form over some devious route—to the talent.

WRESTLING

The parade of new faces continues in the Bull Barn ring. Latest of the newcomers is Gene Kiniski, former Arizona football player. Kiniski is a big bruiser—215 pounds moulded on his 6'4" frame.

He's tough, although a newcomer. He gave Bob Geigel a rough time on Saturday, but the Iowan, too, can handle himself, make no mistake about it.

Anyhow, this Kiniski is going to be a mighty mean boy to handle in a few months. He is training under Gene Fenton, Tucson promoter who is regarded as one of the finest teachers. Give this Kiniski some time and he'll scare

Albracht Unties S'field-KC Knot

Tommy Albracht, Knights of Columbus pitcher-outfielder-second baseman, was the hero of a 11-10 win Monday night over a fighting Summerfield ball club in the nightcap of the regular Hereford Softball league program.

Albracht un-knotted a tie with his through-the-box single in the bottom of the eighth with the bags loaded and one out, to allow his team the victory after the Summerfield boys tied the game up in the top of the seventh inning coming from the short end of a 10-7 count.

In the first game of the night, Hereford Hardware swamped a hapless Lesley-Vaughn nine, 18-7 in the regulation seven innings.

L-V Swamped

For the winning Hereford Hardware, it was 18 runs, 11 hits and three errors. Lesley-Vaughn got seven runs on 10 hits and they fell apart at the seams with 16 errors, a league record for the season thus far.

The errors spelled the difference, too, as the L-V bats got to Blue Turpin, tolling his first time on the mound for the winners. Bill Howard was behind the bat.

Lesley-Vaughn started off with Gene Dickson on the mound and traded for Pat Corbett after three runs came in in the third. Pat Corbett and Culpepper played behind the bat for the losers.

Hereford Hardware got four in the first, five in the second, three in the third, one in the sixth and five in a big seventh inning.

Lesley-Vaughn picked up three in the fourth and four in the seventh.

In the nightcap, the fans got their money's worth of thrills and suspense, as the front-running KCs lost out on the tie but forged ahead again thanks to Tom Albracht.

The Knight of Columbus got their 11 runs on 12 hits. They committed six errors.

Summerfield got 10 runs, 10 hits and were guilty of four mistakes in the course of the battle.

Ken Walterscheid went all the way on the mound for the KCs with Vince Walterscheid behind the bat.

Relieve Streun

Summerfield started out with Joe Streun, who didn't get a man out in the first. He was wild and couldn't get the ball over the plate. Out of 23 pitches, one was a strike, the rest were balls and

one offering was clouted for a single by Duane Albracht. He was relieved by Jack Clark.

Lookingbill and Balze shared the receiving chores.

The last few minutes of the game came about in a spectacular fashion. The KCs forged ahead, 8-0 in the first, thanks to Streun's wildness and the winner's ability to hit Clark.

Summerfield Scores

Summerfield came back in their bottom of the frame to pick up three runs for an 8-3 ball game. The KCs picked up one each in the second and the third to get their 10 runs.

After that, Clark held them pretty much in tow, giving up four runs and five hits in the remainder of the game.

Summerfield was scoreless after the three-run first until the fifth when they unloaded for four runs on three hits. With their backs to the wall, 10-7 in the seventh, two down, the lid blew off.

To start off the inning, Bob Clark grounded out from short to first, L. J. Clark did the same, third to first to make it two-in the mud.

LeRoy Suttle got on via a courtesy pass. Conrad Clark came up and slapped out a single. Balze followed with a single, scoring Suttle and Clark. He scored on Campbell's double to tie the score at 10-10. Everett Allen fled out to center to end the inning with the knot.

In their half of the seventh, the KCs were impotent save for a single by manager Hub Homer, who died on first.

Summerfield went three up three down in the top of the eighth as the game started into 'extra innings.

As the KCs went to bat, Sam Albracht popped to the third baseman and Leonard Walterscheid lived on an error by the third baseman, Duane Albracht hit a single to right and made it

City Golf Meet Opens Tomorrow

Thursday afternoon at 4 p.m. is the deadline for qualifying in the annual city golf tournament, according to Pro Bud Posey.

The tournament, with 31 golfers qualified to date, will be played July 4, 5, and 6.

Tonight at 8 p.m., a Calcutta pool and dutch lunch will be held at the home of J. A. Pitman. Pairings will be released at that time also.

Match play begins Friday morning, July 4 at 8 a.m. One match will be played Friday, one Saturday and the third on Sunday.

Prizes for all flights will be on display at the clubhouse. Bill Howard and Stan Barrett were tied as of June 30 for medalist honors in the qualifying shoot, each with a 74. Several golfers have not yet qualified, however.

Others qualifying and their scores are: Earl Stagner, 78; Mutt Webb, 76; Earl Hendricks, 78; Bob Tilson, 79; Harold Loerwald, 82; Joe Lowrie, 96; Dale Tinnin, 89; Ray Hardy, 86; Bob Lindsey, 82; Joe Butler, 80; Frank Latimer, 86; Dean Herring, 101; Jackie Copeland, 88; H. D. Blythe, 93; Ike Holman, 78; Gerald Wilson, 89; Charles Seed, 90; D. J. Tilson, 102; Wendell Burdine, 84; John McClesky, 88.

Wild Night...

(Continued from page 1)
 Morelli, meanwhile, came back into the ring from his dressing room, apparently unsatisfied that he was declared the winner and made Giegle hold up his hand in victory, which Giegle did.

Warming...

(Continued from page 1)
 If the Arizonan comes along under Fenton's tutelage as Bob Giegle has under Dory Detton's, there's going to be a lot of sore noggins in the Southwest as Kinniki rolls through the countryside.

Right here and now, we'll have to take our hat off to Bob Giegle. He has improved tremendously since coming to this area. He favors Dory Funk more and more in his mannerisms. Giegle can be ROUGH. He showed that Saturday night.

We've griped about his lack of aggressiveness while acting as a corner for sure.

Pat looked helpless in the ring at times. He was, too.

The fans expect -- and deserve -- the same conduct of their athletes who compete professionally as they do of their players in the Hereford Softball league or in prep sports.

A person's views on the authenticity of all that goes on in the ring doesn't in any way belittle their desire to see the sportsmen conduct themselves as gentlemen.

The incident was unfortunate and probably no one regrets it more than the principals, but that won't erase the impression left on the minds of the approximately 800 persons -- kids included -- who attended Saturday's matches.

Let's be sure there is no more of it.

Credit goes to the Lions club members in charge of the meet for taking quick and decisive action in the wake of their suspicions. Their action was above reproach.

GOLF
 Hats off to our new Hereford Golf club pro, Bud Posey. He is a pleasure to work with from a publicity standpoint. It's not always possible for a scribe to have an infallible writing knowledge of all sports unless he's a dyed-in-the-wool sportswriter -- which this character is not. Second best, we try to get cooperation from a man who knows the business and Bud is our "leg-man" for the golfers.

The fine job Bud is doing is reflected by the added amount of golf news you see in the sports section of The Brand each Thursday.

In addition to being a big comfort to this typewriter-pounder, his keen sense of publicity is 100% good for the Hereford Golf club. It isn't every day you can get a fine pro and a bang-up public relations man, too.

FISH GAME NOTES

opener than the southern hunters. The last compilation indicated a predominance favoring the opener for September 1, the same as last year.

South zone hunters generally prefer an earlier opener than the November 15 date of last year.

The favorite waterfowl opening date for north Texas voters is November 1, although 430 preferred October 15 and 374 want December 1. The south state voters prefer November 20.

The Commission will study the poll returns in making its hunting season recommendations to the Fish & Wildlife Service which regulates shooting of migratory game.

The state usually is zoned for

doves but not for waterfowl.

The Game & Fish Commission counsels ranchers and sportsmen to guard against fish loss in shallow lakes and tanks during summer heat.

Extreme heat in small water areas, sometimes exhausts the oxygen, with the result that the fish smother. The kill usually occurs during the early morning calm.

One means of helping prevent these losses is to stir up the water with an outboard motor.

Letter To The Editor

To the Editor:
 I read and love The Brand through the kindness of a good friend and neighbor, G. C. Hartman. We lived near the Hartmans northwest of Hereford more than 20 years ago and am glad to still claim him as a friend. I often see names of old friends and neighbors in and around Hereford. I especially enjoy the columns "I'll Never Forget" and "Long Time Ago". In fact I enjoy the whole paper. Mrs. W. F. Gore, Dove Creek, Colo.

To the Editor:
 I enjoy your splendid paper a

great deal. I've enjoyed the pictures and the pieces of the old time settlers and the pioneers but I would like to correct an error about the Hubbard and Barnett dry goods store in the paper, Thursday, May 29 on page four. You have "Hubbert". There was a Hubbert there along about that time, but he didn't have a store. It was my father -- W. A. Hubbard and Barnett who had the store where the Penny store is now. I would be glad if you would correct that -- in case you use the picture again. Hereford is a dear place to me. It is my old home and means a lot to me. Mrs. R. G. Hodges, Fredrick, Okla.

CONG. ROGERS SAYS

Rogers Gives Views On Price Controls, Immigration Bill

(Ed. Note - This was written before the Senate's action in keeping controls late last week.)

THE CONTROL PROGRAM: As most of you know, the House action on controls virtually eliminated all controls that the Members of Congress felt were unnecessary and detrimental to the economy. This bill goes to a conference committee between the House and the Senate to reconcile the differences between the two houses.

A number of the controls that were killed by the House are still in the Senate bill, and it is entirely possible that the conference committee will be confronted with some difficulty in agreeing on a final bill. In any event, the action of the House of Representatives was another step away from federal regimentation and government control. There are a number of strategic materials and supplies that are in short supply, and these must necessarily be subject to proper allocation in order to insure their availability for defense purposes.

It has always been my position that this matter should be set up and treated in separate legislation so that the Congress would not be placed in the position of having to accept undesirable and unnecessary controls on materials and products not in short supply in order to insure proper allocation of these strategic products and materials. It was interesting to note in the proceedings that twelve of the Texas members cast identical votes on this legislation on all roll calls. These included four amendments and the vote on final passage. It was also interesting to note that all during the debate on this bill the gallery was well filled with employees of the OPS and many OPS cars were parked around the capitol.

If the House version of this bill prevails, it will mean that there will be a sizeable reduction in the federal payroll insofar as the OPS and similar agencies are concerned. It will also mean that many small merchants in all fields will be relieved of the tremendous burden of having to devote most of their time to filling out government forms and trying to understand the double talk that is contained in most orders and regulations issued by these agencies.

I know that this will be a relief to these merchants and small business people and that they will certainly welcome it. You will no doubt be told that such a course will inevitably lead to inflation. Such is not the case. If any inflation results, it is going to be strictly man-made, and the people of this country can prevent it. There will no doubt be attempts by some selfish interests, political and otherwise, to frighten the American people by forcing prices up on some articles. This situation can be remedied very quickly by retaliation on the part of the house wife, who does most of the buying, and I hope that the people of this country will not permit themselves to be taken advantage of by selfish interests, either political or extra profit seeking.

During the debate I offered an amendment to try to correct the

can imagine what happened to us country boys when we tried to help the farmers and the migrant workers. It was another case of these so-called coalitions in the House falling to pieces. The extreme liberals teamed up with the so-called extreme conservatives and snowed the country boys under. We got two votes on the Republican side of the aisle and eight on the Democratic side. However, this is not a new experience for those of us from the South and Southwest, but we never give up, and that is what worries the big city boys. We know that we didn't have a chance of passing the amendment under the circumstances, but I wanted to separate the sheep from the goats and that is exactly what we did.

THE NEW IMMIGRATION BILL: The House soundly overrode the President's veto on the new immigration bill, and I sincerely hope that the Senate will do the same. TIDELANDS: The tidelands bill is still in the Senate waiting to be voted on, on the question of overriding the President's veto. It presently appears that this vote will not be taken before fall. It was originally agreed, as I told you in a previous newsletter, that the vote would be taken between June 5th and the 10th. However, both sides were reluctant for an immediate showdown and postponed the matter. Unless there is a change in the plans, it could well be that the vote will not be taken until Congress reconvenes after the November elections, which is not improbable. This is one reason that I will hes-

itate to vote for adjournment sine die, as I want to see this tidelands veto overridden as soon as possible and these lands returned to their rightful owners, the States. VISITORS from the district this week were Mrs. Louise Bowers and Miss Aileen Ater, from Childress; Mrs. Bob Bradshaw and son Handel Bradshaw, from Borger; and Robert S. Rudd, from Amarillo, and Mrs. Effie Jewell Baggett, also from Amarillo. Mrs. J. B. Jones left by bus Saturday for Minneapolis, Minn., for an indefinite stay with her daughters, Mrs. Gerald Peterson, and Mrs. Harvey Yantis. Mr. and Mrs. Urlin Streu left Tuesday for a two-week vacation trip to points in Colorado.

How Can I?

By Anne Ashley

Q. How can I prepare a good salad dressing?

A. Mix two teaspoons salt, and two tablespoons sugar. Mix one cup of peanut butter with one cup of evaporated milk, also three-quarters cup orange juice and one-quarter cup lemon juice. Blend with the dry ingredients and beat until smooth.

Q. How can I relieve sunburn?

A. Mix two parts of lime water to one part of linseed oil; beat to the consistency of cream and apply. Vaseline jelly or olive oil are also good remedies that are often effective.

Q. How can I remove berry stains from the fingers?

A. Moisten some cornmeal with vinegar and rub over the stains. They will disappear.

Q. How can I keep fruit for a longer time, without its decaying?

A. Never allow fruit to touch if you expect to keep it well. If you are short of space, and the fruit must be kept close together, keep tissue wrappers on the oranges, apples, etc., so the skins do not touch and cause decay.

Q. How can I remove perfume stains from white linen dresser scarfs?

A. Apply peroxide to the stains until they have faded; then wash

the scarf in sudsy water and rinse well.

Q. How can I clean jet jewelry?

A. Reduce bread crumbs into small particles and introduce into all the curves and hollows of the jewelry, while rubbing with a flannel cloth.

Q. How can I remedy excessive perspiration?

A. Excessive perspiration may be relieved by sponging the affected area with one teaspoon of powdered alum to a quart of water. Allow to dry, afterward rinsing and dusting with talcum.

Q. How can I skin tomatoes very easily?

A. Place the tomatoes in a basin, pouring boiling water over them and letting them stand for a minute. You will find that the skin can be removed without any trouble.

Q. How can I clean a pitcher that has become discolored from iced tea?

A. Let milk stand in it until it sours. The pitcher will look like new when washed.

Q. How can I clean tan shoes that are badly soiled or spotted?

A. Place on a shoe tree and wash with a flannel cloth squeezed out of white soap suds. Absorb the moisture from the shoes with a dry cloth, then rub well with castor oil or Vaseline jelly. When dry, wash with soap and water.

A. Mr. and Mrs. Nick Chatfield of Crowell are visiting in the home of Mrs. George Cantrell. Their children, Sharon Loraine and Wayne Nickie, are attending the Ceta Glen encampment this week.

Betty Mae Grimes is attending at Ceta Glen. Visitors day at the SDA Encampment this week camp is Thursday.

White Felt Hats

To clean white felt hats, mix one quart of corn meal with one cupful each of salt and flour. Rub into the surface of the felt, allow to stand overnight, and then remove by brushing. Often, dirt spots or grime can be removed by use of art gum or the finest sandpaper.

The Fly Swatter

Few people ever stop to consider how quickly germs collect on the fly swatter. Make a habit of pouring boiling water through it after using and destroy these harmful germs.

Moth Preventive

An excellent preventive against moths is to moisten a cloth in turpentine and wipe out the dresser drawers and closets occasionally.

The Fur Coat

If it isn't possible to send the fur coat away for cleaning and storing, shake the coat out thoroughly, hang in the bright sunshine for about six hours. Then wrap carefully in newspaper

(moths hate the smell of printer's ink), and pack in an airtight clothes bag or cedar chest.

Larkspur Plants

If bonemeal is dug into the soil around the giant larkspur plants in the autumn, it will nourish them when they put out new growth in the spring.

Wicker Furniture

Good cleansers for wicker furniture are salt and water, or a solution of warm water and a little turpentine. Either solution will clean out the crevices like magic.

Mosquitoes

Ideal breeding places for mosquitoes are wet areaways, gutters, drains, tanks, bottles, barrels, cans, pails, kegs, tubs, buckets, and empty boxes - any receptacles that can collect water.

Butter

Many fruit stains, and also those from tea and coffee, will disappear if they are thoroughly buttered before being washed in hot water with plenty of soap.

Peanuts

To salt peanuts in the shell boil them in salt water and then allow them to dry.

Stucco Wash

A good stucco wash can be made by stirring Portland cement into water until the consistency of an oil paint is obtained. Two per cent of calcium chloride by weight of the cement may also be added generally with advantage. Apply this paint with a stiff brush, or it may be sprayed on the walls.

WE HOLD THESE TRUTHS TO BE SELF-EVIDENT, THAT ALL MEN ARE CREATED EQUAL, THAT THEY ARE ENDOWED BY THEIR CREATOR WITH CERTAIN INALIENABLE RIGHTS. AMONG THESE ARE LIFE, LIBERTY AND THE PURSUIT OF HAPPINESS, THAT TO SECURE THESE RIGHTS GOVERNMENTS ARE INSTITUTED AMONG MEN. WE SOLEMNLY PUBLISH AND DECLARE, THAT THESE COLONIES ARE AND OF RIGHT OUGHT TO BE FREE AND INDEPENDENT STATES AND FOR THE SUPPORT OF THIS DECLARATION, WITH A FIRM RELIANCE ON THE PROTECTION OF DIVINE PROVIDENCE, WE MUTUALLY PLEDGE OUR LIVES, OUR FORTUNES AND OUR SACRED HONOR.

It's time to celebrate! It's time to rededicate yourself to God and Country! It's Independence Day! The Spirit of 1776 still lives. The right to freedom of worship must prevail. It is the Fourth of July!

The influence of Washington, the "Father of Our Country," is felt in every forward step America takes. The Flag, the Stars and Stripes, waves over a loyal and sacrificing people. The Eagle for strength and elevation of thought and purpose is affixed on our coin to show our exclusive right. All this reminds us that a Free People had to learn to be a united people. Out of the many came one nation... *E Pluribus Unum.*

The great Document above, The Declaration of Independence, was adopted on that memorable day. This noble experiment of government, "of the people, by the people, for the people," guarantees every citizen of our country "certain inalienable rights... Life, Liberty, and the Pursuit of Happiness." We have no ambition for conquest and military glory. We want no loot. But we mean to have our freedom and independence, whatever the cost. This is Independence Day!

Panhandle Wheat Growing Will Be Shown To Texas State Fair-goers

How the Panhandle produces wheat for the United States and the world will be shown in the Panhandle's chapter of the all-new "Story Book of Texas Agriculture" at the 1952 State Fair of Texas in Dallas, Oct. 4 through 19.

The Panhandle is included in the Texas A&M College System Extension District 1, which covers the following counties: Deaf Smith, Armstrong, Carson, Cas-

tro, Collingsworth, Dallam, Donley, Gray, Hansford, Hartley, Hemphill, Hutchinson, Lipscomb, Moore, Ochiltree, Oldham, Parmer, Potter, Randall, Roberts, Sherman and Wheeler.

A miniature combine in the Panhandle Story Book diorama will thresh real wheat all during the fair and dump it into small trucks in a manner designed to show the proportion of wheat that goes from Panhandle fields to U. S. and foreign consumer.

A small ramp across the front of the miniature "wheat field" will feature Master Mix, a wonder dough developed by extension workers and its variations for cakes, breads, and biscuits.

No Local Plans For Santa Fe 4-H Competition

No local plans have been made as yet either for the Deaf Smith county 4-H boys or girls to participate in the newly-announced Santa Fe educational awards.

Fifteen outstanding Texas 4-H club members this fall will be selected to receive educational awards provided by the Santa Fe Railway system. Word has been received from the National Committee on Boys and Girls Club Work, Chicago, by the state 4-H leaders in Texas transmitting the offer from the donor of the awards. The offer has been accepted.

Each of the 15 winners will receive an all-expense trip to National 4-H Club Congress, Chicago, in late November. These awards have been provided annually for some 30 years and are among the most coveted awards available to 4-H members.

In addition to the 15 educational awards, two college scholarships—\$250 each—will be awarded during Club Congress to a boy and a girl from among the educational award winners. The two will be selected on a basis of general achievement in their all-round 4-H demonstration work.

The awards are open to statewide competition and 4-H members who have completed three years of 4-H work including the current year and who were 14 and under 21 years of age on January 1, 1952 are eligible to participate in the awards program.

According to state 4-H leaders, up to four records may be submitted from each of the 12 extension districts to the state 4-H office. From this group, the final 15 winners will be selected. The district winning records must be sent to the 4-H leaders before October 1. Local county Extension agents can furnish 4-H club members with details on the educational awards which will include the final date for submitting records from the county to the district agents.

Selections will be made on the basis of the individual's leadership and achievement record in 4-H, length of membership, production records, participation in community, county, district and state 4-H activities and the general all-round record book to be submitted by each contestant.

Commissioners Transfer \$3375 To Salary Fund

A transfer of \$3,375 from the county road and bridge fund to the county officers' salary fund was approved by the Commissioners' Court on June 23.

Each of the four county precincts will get an \$843.75 share of the amount to be transferred.

The motion to transfer the money was made by Commissioner Rutter and seconded by Commissioner Richardson.

The sum of \$1,000 was transferred from the jury fund to the salary fund at the May 26 meeting of the court.

Lutheran Bible School July 7

The annual vacation Bible school for the Immanuel Lutheran church will be held July 7 through the 18, according to Rev. E. W. Lichtsinn, pastor.

The school will be held each morning Monday through Friday from 9 until 12, in the church basement.

Theme for the school will be "Living as God's Children".

There will be color film strips each day of the school and the closing exercises will feature a colored movie.

The ladies of the church will furnish refreshments for the school each day.

Daughter Is Born

Mr. and Mrs. Tom Wilson of Cisco have announced the arrival of a daughter born Monday, June 30. The newcomer has been named Shannon.

Mrs. Wilson is the former Miss Nettie Hood, daughter of Mr. and

Mrs. Charles Hood, and the paternal grandparents are Mr. and Mrs. C. C. Rockwell, all of Hereford.

A mammoth central exhibit will feature a huge map of Texas which shows the various soil areas of the state. The map is portrayed in phosphorescent paints that will glow dramatically when pinpointed by hidden spotlights.

Bluebonnets, wheat, rice, sorghum and cotton will represent West Texas, and roses and pine trees will lend an East Texas flavor.

Mr. and Mrs. C. D. Elliston of Lubbock, Mr. and Mrs. Edd Gifford and daughters, Mr. and Mrs. Melvin Elliston and sons of Greenville, S. C., were here visiting relatives over the week-end.

Ivogene Elliston will leave this week for Fort Worth where she will accept a position with the Texas Conference of SDA.
