333-Mile Railroad North From Here Texas & Pacific Proposal

HOME TOWN TALK

By Beddy

"All news is not bad news" one of our playmates about town remarked this morning after hearing a "rumor" that sounded like Big Spring might get another railroad.

Just wondering whether the doubting Thomases still exist hereabouts. You remember, even after Mr. Lancaster had said he was going to build one of the southwest's finest railroad terminals here, and after construction had started on the Settles hotel a lot of folks still just could not believe it. They began then wondering and worrying about whether "it'll be as big" or "as high" as reported.

Coming as it does, direct from the vice president of the T & P, there are no doubts of that company's intention to build this important line. We've been wishing for some sort of additional rail outlet, but Lamesa to Big Spring or San Angelo was about the extent of our wishing.

The chance of obtaining a road far more important almost ever comes us with joy.

One Sterling man remarked that just as soon as Sterling was nominated and carried Howard county things began picking up around here.

This railroad news is a lot more important than any political fight or victory. If the people will become as enthused and as ready to work for this railroad as they were for their favorites in Saturday's primary things will work out fine.

Small Tornado In Tom Green Damages Crops

SAN ANGELO, Tex., Aug. 25 (AP)—A small tornado, screened by a terrific dust storm, struck in the vicinity of Wall and Harriett in this county late Sunday, causing damage to buildings and crops estimated at \$50,000 in a strip three miles wide and six miles long.

Several houses were wrecked, hundreds of chickens killed, fences whipped down and windmills toppled. Heavy winds brought some damage at Mills, where good rains fell. Eden got an inch of rain and showers were scattered east of here. The rainfall here totalled .27 of an inch.

Cotton fields in the Wall area were stripped of leaves and feed crops were denuded of maize and grain.

Waits Store On East Second St.

In the advertisement of the Waits Jewelry Co., which appeared in the Herald Sunday morning, it was stated the company's business was located at 107 East Main street.

Lon Chaney Takes Turn For Better

LOS ANGELES, Aug. 25 (AP)—Lon Chaney, "the man of a thousand faces," was fighting his way through the critical stage of his battle against pernicious anemia today.

The Weather

West Texas: Partly cloudy, local thunderstorms in southeast portion tonight and Tuesday.

BIDS FOR AIR MAIL RECEIVED

One Bidder For Route Across West Texas

WASHINGTON, Aug. 25 (AP)—The Robertson Aircraft Company combined with the Southwest Air East Express was the sole bidder for the 2,008-mile air mail route between Atlanta and Los Angeles, it was shown today with the opening of the bids at the postoffice department.

Two bids were made for the 2,539 mile New York to Los Angeles route. The Western Air Express made one in conjunction with the Transcontinental Air Transport company. The other was by the United Aviation Company of Pittsburgh.

The Robertson Company and the Southwest Express bid 100 per cent of the maximum rates set forth in the Watson act for carrying over the route from Atlanta by Birmingham, Dallas, Fort Worth and El Paso to Los Angeles.

Western Air Express in conjunction with Transcontinental Air Transport bid 97.5 per cent of the maximum for the route from New York through Philadelphia, Pittsburgh, Indianapolis, St. Louis and Kansas City to Los Angeles. The United Aviation company of Pittsburgh bid 64 per cent of the maximum rates over the same route.

The United Aviation company virtually announced itself ready to make a test case of the post office department's ruling on night flying as set forth in the first advertisement for bids under the Watson act.

This advertisement, which resulted in today's opening of bids, ruled that only concerns which had operated in night flying over a 250-mile route for a period of six months were eligible to compete.

The United Aviation represents a just completed merger of United States Airways of Kansas City, Pittsburgh Airways of Pittsburgh and Ohio Air Transport. It does not qualify under the night flying ruling. It operates over airways which have not been lighted.

These companies have complained that the night flying ruling was a discrimination in favor of firms now carrying the mail in transcontinental flight. W. A. Letson of Kansas City, representative Pittsburgh Airways, said after the bids were opened they intended to make a test case of the night flying requirements.

Bids submitted had to be stated at a percentage of the maximum amount of 40 cents a mile for furnishing 25 cubic feet of space to accommodate up to 225 pounds of mail, and of the maximum amount of 75 cents a mile, plus full valuations for furnishing 47 cubic feet of space to accommodate up to 423 pounds of mail under the \$1.25 provision of the law.

The Watson act provides a fixed rate per mile for definite weight spaces, one cubic foot of space being computed as the equivalent of nine pounds of air mail, the rate not to exceed \$1.25 per mile.

FEDERAL FARM BOARD TO EXTEND NINETY PER CENT OF COTTON CROP VALUE

NEW ORLEANS, Aug. 25 (AP)—The cotton farmer, hit by the drought, will be advanced 90 per cent of the value of his cotton based on the present market price under the policy announced in a telegram from Carl Williams, cotton farmer on the farm board, sent to Senator Joseph E. Ransdell. The arrangement was made by the board and the American Cotton Cooperative Association.

Mr. Williams' telegram was in reply to a wire sent by Senator Ransdell, asking that the farm board advance a minimum of ten cents per pound on cotton because of the poor plight of the farmer. The telegram of Mr. Williams said: "Your urgent telegram regarding condition southern cotton farmers and necessary cooperatives making largest safe advance received and given careful consideration by fed-

To Arms, Big Spring!

Fortune has smiled upon this community through the years since first the hand of civilization, in the form of steel rails, was extended from the east—the arrival of the Texas & Pacific Railway company's main line.

Together Big Spring and the T&P, which even at the very beginning of its main line in the '80's established a division terminal here, have grown and prospered.

The T&P has developed in a wonderful county—West Texas—into a wonderful railroad. The natural resources of this domain have strengthened the T&P and Big Spring. Where there was a bumpy but none the less useful line, we have today one of the nation's best equipped and most efficient rail systems.

Big Spring has grown to a city of more than 13,000 souls. But, nature planted out here in this wide region called West Texas resources so bountiful that "the end is not yet."

Obedient the Biblical admonition to "go forth to the fields that are white unto the harvest," the Texas & Pacific, with characteristic foresight and wisdom has announced that it will seek to build a line far north from Big Spring into one of the finest and most fertile sections of the United States—the South Plains and Panhandle.

A railroad building program as huge as this one is bound nowadays to excite strong opposition from other lines.

The city of Big Spring faces the most important task in its entire history.

The Interstate Commerce Commission must be shown that the public convenience and necessity merit such a line, and that the T&P should be allowed to build it.

Through the years we have told ourselves that the day would come when Big Spring would either have to be content with very little if any future growth or else go out and get additional rail facilities.

Now, the T&P, with no demand for any bonus or other inducement or assistance save provision of right-of-way and terminal or station sites in the towns along the proposed route comes to us and says, "Big Spring, we've stood with you and you've stood with us through all these years. Now, you will obviously receive more benefit from this proposed line than any other city. We want your aid, your militant support."

To arms, Big Spring! Our future growth, our future possibilities, our chance of developing here one of the largest and most important cities of the southwest depend upon the success or failure of this undertaking.

Let every citizen stand ready to do his part. The Chamber of Commerce, the clearing house of community action, will need the assistance of every man and woman.

Let us fight and we will win!

SETTLES TO BE READY FOR DENTAL MEETING; FORMAL OPENING LATER

The Settles Hotel, rising fifteen stories high at East Third and Ruess streets, will be ready to accommodate guests here for the annual convention of the West Texas Dental Association, September 19-20, it was announced Monday by M. L. Tinsley, of the Settles Hotel Company.

Mr. Tinsley also announced the formal opening of the Settles will be held about October 1, the exact date to be fixed later.

The Settles Hotel Company, organized to operate the hotel, is composed of Mr. and Mrs. W. R. Settles, Mr. Tinsley and Fenton Baker of the renowned Baker string of hotels.

F. W. Crow, who has managed or helped direct large hotels in Texas and other states for seven years, much of that time for the Bakers, will manage the local hotel.

The hotel building is owned by the Settles Hotel Corporation, composed of Mr. and Mrs. Settles and Mr. Tinsley.

Carpeting are being placed in the guest rooms now and installation of furniture, practically all of which has arrived, will go forward immediately.

E. V. McGriff & Company, the general contractors, are rushing through with the finishing touches of the construction and L. I. Edwards, construction superintendent, has announced he will have finished by September 15.

Decorations of the ground and mezzanine floors, finishing of the floors in those stories and placing of marble on staircases and lower walls now are the items occupying the attention of the contractors.

Mr. Tinsley expressed pleasure that negotiations had been closed whereby Mr. Baker and Mr. Crow, with their wide experience in the hotel business, were to be associated with the Settles in operating this hotel.

Mr. Barnes, veteran circus man, fighting against lobar pneumonia, was in a grave condition today. Barnes, legally known as Alphonse George Stonehouse, was admitted to a hospital here two weeks ago. His progress was favorable until yesterday when he suffered a relapse.

Barnes' divorced wife, Mrs. Sarah Jane Barnes, was called to his bedside yesterday.

STERLING'S MAJORITY IS 93,277

838,211 Votes Counted; Returns Nearly Complete

DALLAS, Aug. 25 (AP)—Ross S. Sterling's lead over Mrs. Miriam A. Ferguson for the democratic nomination for governor was 93,277 votes when the Texas Election Bureau included the latest scattered returns in its tabulation today. The vote was Sterling 468,769; Ferguson 372,492.

The tabulation accounted for 838,211 votes, including reports from all except one of the counties which held a run-off primary Saturday, 111 of them complete and the others nearly complete.

Other totals were: Lieutenant Governor, Edgar E. Witt, 413,304; Sterling P. Strong, 350,618; attorney general, James V. Allred, 455,157; Robert Lee Bobbitt, 331,433; railroad commissioner, Pat M. Neff, 442,303; W. Gregory Hatcher, 325,642; state treasurer, Charlie Lockhart, 402,088; John E. Davis, 345,735; commissioner of agriculture, J. E. McDonald, 429,564; A. H. King, 298,782.

Well Caves, Eden Man Suffocated

SAN ANGELO, Aug. 25 (AP)—Ross Cavin, about 36, was killed near Eden yesterday in an effort to retrieve a bucket that dropped into a 39-foot well. He stepped on a rock projecting from the side of the hole and the hole caved. It was four hours before a relief party of about two hundred had removed dirt and found him dead from suffocation.

Man Badly Hurt In Fall Off Tank

J. D. Lochaboy, employe of Glasscock Bros., drilling contractors, is in the Big Spring hospital in a serious condition as a result of a fall from the top of a tank Saturday night.

Lochaboy's pelvis bone was fractured. A rib also was fractured in the fall.

He was brought to the hospital by fellow workmen late Saturday night. His condition was reported serious this morning.

Lazzari Gets Rough, Singer Is Injured

CHICAGO, Aug. 25 (AP)—Virgilio Lazzari, the basso, was a bit rough again Saturday and Lucreia Bori missed her first curtain call of her five summer seasons at Ravenna.

Mme. Bori, New York's Metropolitan prima donna, was singing Flora in the "Love of Three Kings." Lazzari was Flora's father. In the final scene, the father, before singing his exit, picks up his dead daughter, throws her over shoulder and then lays her down on a bench. But Lazzari was too rough.

Mme. Bori fainted. Those in the wings noticed it and Lazzari finished the Aris, picked up Flora's body and strode off stage. There he learned what had happened.

The curtain parted for Bori's call—but she had not yet been revived. Last January, in the Civic Opera, Mary Garden in the role of Flora was painfully hurt when the basso threw her over his shoulder in the same manner.

Bombing Injures Man, Boy, Fireman

PITTSBURGH, Aug. 25 (AP)—A man and a boy were critically injured and six firemen suffered burns when two houses were destroyed by fire after one was bombed at Rankin, a suburb, early today. Samuel Mazzarelli, 35, who, police said, recently received a letter threatening his life, and his nephew, Frank Rossi, 16, were taken to Braddock general hospital, where it was said their recovery was doubtful.

ROB CLERK OKLAHOMA CITY, Aug. 25 (AP)—A lone robber held up Thomas Curtis, clerk in an Oklahoma Railway company receiving office here today and escaped with \$3,000.

Somerville Lays Plan Before Local Men; Road Would Enter Panhandle

Permit To Be Sought Immediately For Line To Lamesa, Lubbock, Amarillo, Brownfield, Levelland, Littlefield, Dimmitt, Hereford, Vega

The Texas & Pacific proposes to build a new road, 333 miles long, from Big Spring northward to Vega, Oldham county, with connections in Amarillo and Lubbock, J. A. Somerville, vice-president of the T & P announced here today.

Hailed as the most important announcement in the history of the city it came like the proverbial "bolt out of the blue" to 45 local business men who gathered in the district courtroom at 8:30 a. m. in response to a message saying Mr. Somerville had something "to talk over with them."

The assembly sat electrified as Mr. Somerville, a map before him, began to describe the project, which is one of the largest single railroad construction plans undertaken by a major system in the southwest since the early railroad building days.

At 12:20 p. m. today Mr. Somerville issued the following statement: "Today the Texas and Pacific Northern Railroad Company was chartered under the laws of Texas, and an application was made to the Interstate Commerce Commission for authority to construct approximately 333 miles of railroad, extending northward from Big Spring, Texas, to serve Lubbock, Amarillo, Lamesa, Brownfield, Levelland, Littlefield, Dimmitt, Hereford and Vega. The line will traverse one of the best agricultural sections of Texas, and will enlarge and improve its transportation resources. As its name implies, the new railroad will be constructed and operated in connection with the Texas and Pacific Railway.

"It is proposed to construct a first-class railroad, capable of rendering such high-class transportation service as to merit a large part of the patronage of the cities, towns and country within its reach.

"I am confident the project will have the vigorous support of the citizens in the territory the line will serve, and that with it the Interstate Commerce Commission will grant a certificate of convenience and necessity.

"Engineering parties are locating the line and when authorized by the Interstate Commerce Commission, its construction will be pushed to prompt completion."

Wholehearted support of Big Spring was enthusiastically promised the Texas & Pacific. It is estimated, in the light of development in other railroad-building programs in West Texas, that sixty or more days may elapse before a hearing before an Interstate Commerce Commission examiner can be obtained.

Approximately two years will be necessary to build the road, after construction has been started.

The Texas & Pacific asks no bonus of any town along the proposed route. It proposes to build a first-class, heavy steel, rock ballasted track, similar to that on the main line, Mr. Somerville said.

The region to be traversed is one of the richest, most rapidly developing sections of the nation. It is one of the most prolific wheat producing sections, and annually grows huge volumes of cotton and feed crops, in addition to being an important cattle raising territory.

Proposed Route The route extends northwest from Big Spring, crossing the extreme northeastern corner of Martin county, into Dawson county, through Lamesa, thence northwest across the extreme southwestern corner of Lynn county into Terry county, to Brownfield.

From Brownfield the route is due north across Hackley, Lamb, Castro and Deaf Smith to Vega in southeastern Oldham county.

A line would be built from Dimmitt, Castro county, 55 miles northeastward to Amarillo and another 46 miles northeastward from a point in the southwestern corner of Lynn county to Lubbock.

The Texas & Pacific stands ready to push the entire line through to completion just as soon as permission from the Interstate Commerce Commission is obtained, said Mr. Somerville.

The cooperation of Big Spring and every other community along the proposed route is of paramount importance, he pointed out. Without it, he said, the Texas & Pacific cannot hope to be successful in its effort to obtain permission.

Assassination Attempt Stopped In Cairo, Egypt

CAIRO, Egypt, Aug. 25 (AP)—What was believed by authorities to be an attempt to assassinate the Egyptian premier, Sidky Pasha, was frustrated today. A Berberine dressed as a waiter and armed with a very sharp axe was discovered in the corridor of a train outside the compartment in which the premier was traveling from Alexandria to Cairo and was arrested.

Eastland Girl Breaks Windows In County Jail

Sheriff Jess Slaughter's jail was undergoing repairs today, following an overnight visit of a red haired Eastland girl Sunday night.

Not caring for the appearance of the windows, or else needing a bit of fresh air, the girl broke all the window panes within reach.

This morning in Corporation court she entered a plea of guilty to a charge of drunkenness, paid a fine of \$15 and paid approximately \$8 for having the windows fixed. A man companion also paid a fine of \$15 on a charge of drunkenness.

"I just broke 'em," was her sole explanation of the window breaking episode.

Danny Taylor Wins One For Chicago Cubs

Midland came and saw and went back to the western village with nothing to tell the homefolks about. Dick Dickinson just marked up an additional delectable zephyr and sent the boys down like nobody's business. Incidentally, no money was made by either club. Midland got away with the loser's share, 49 per cent, which amounted to the huge total of \$8.20. Figure out what the Big Spring aggregation got for winning. Doc Ellis, the generalissimo of the Midlandites, pocketed the chicken feed and hurried out of town. It could have been worse. It might have been only \$8.

To a close observer of crowds it is quite a problem to ascertain where Big Spring residents go on Sunday afternoon. As one ball-player put it after the gate receipts had been counted and divided, "I reckon you couldn't get a crowd out here if Lady Godiva was to come back and stage her famous horseback stunt." Which is in line with the truth to a very great extent. Not only that, but we sincerely believe there would be vacant seats in the grandstand if they decided to fight the world war over again and selected Dusty D for the battleground. There would be any more ball games this season. If there are the team will go out of the city beautiful to play them. For some reason it takes money to purchase baseballs and other necessary appliances. And no one yet has been smart enough to trade vacant seats for the horsehides.

We were informed yesterday p. m. that Texons' pride and joy wouldn't trek to Big Spring for a conflict. We can't blame them. From Texon to Big Spring would be a long trip just to take a gentle spanking. After having cleaned the various teams in this section it is little wonder that the Texon crew craves to go elsewhere for its Labor Day conflict. San Angelo too became ill with ambition and matched a game with Big Spring, only to call it off a few days before hand. That is one trouble of having a good team. Few other good teams crave to take it on.

Since the announcement that the school board is considering purchasing equipment for night football much discussion has floated out upon the ozone. The main query seems to be whether it is practical. Is it? or isn't it? We often wonder. When you take the football games from out of the day, light and place them in the moonshine, does the glamour stay with the sun or does it too move into the darkness. Night football is a novelty. Night baseball is a novelty. For professional baseball it is something different. Baseball club owners want to make money. And if a team isn't good enough to draw the daytime crowds they immediately drag out the light globes and start saying it in kilowatts and volts. In high school football it is different. A club is not in the game for pecuniary purposes, primarily. It is in there to win. There should be nothing monetary in high school football. Today in Big Spring high school there are football players without suitable equipment. There is no money to buy shoes and shoulder pads and if a boy craves to pay football he must, necessarily, make arrangements for these two articles. It costs approximately \$3,000, if not a little more for the lights. It is a question worth pondering over. In the meantime it is up to us to try and rustle some shoes for some of the boys that do not have them and do not have the money to get them with.

Within another week all of the schools will be going—some of them strong. Bauger with its Chuck Bird of Mineral Wells and Caddo's choicest gridsters, starts at it this week. San Angelo starts galloping Sept. 1. Others are at the grind now. Sincerely, as a better man than us say, "It won't be so very long now."

NEWS BRIEFS

NEW YORK—Robert Tyre Jones, Jr., attorney has a decided opinion about Senator Phelan's bequest of \$20,000 to Mrs. Helen Willis Moody. "An heir to an estate or part of an estate has all the right in the world to accept an inheritance," the Atlantic commented on a visit to New York. The golfer added that his refusal of the gift of a house from friends was a different matter, but he would be delighted if somebody left him such a sum as was bequeathed the tennis star.

NEW YORK—The approved waltz has a smooth wavy gliding motion because of long skirts. The steps are longer and the tempo slower. It has been adopted as a standard by the convention of the Dancing Masters of America along with the slow Fox Trot, the fast Fox Trot and the novelty dance.

SUNDAY'S RESULTS

Texas League
Beaumont 8-5, Dallas 1-4.
Fort Worth 8, Houston 7.
Shreveport 10, San Antonio 5.
Wichita Falls at Waco, rain.

Texas League
Dallas at Beaumont.
Fort Worth at Houston, night game.
Wichita Falls at Waco, night game.
Shreveport at San Antonio, night game.
American League
Washington at Philadelphia.
(Only game scheduled).
National League
No games scheduled.

Lott Is Seeded No. 1 For Tennis Doubles Meet

BROOKLINE, Mass., Aug. 25 (AP)—George M. Lott of Chicago and John H. Doeg of Santa Monica, Calif., were top seeded in the draw for the 49th national doubles championship tournament here starting Monday, which was announced this afternoon. Lott and Doeg will be defending the championship they won last year.

Johnny Van Ryn of East Orange, N. J., and Wilmer Allison, of Austin, Texas, Wimbledon doubles champions, were seeded second following them in order were: William T. Tilden of Philadelphia and Francis T. Hunter, New Rochelle, N. Y.; Berkeley Bell, Austin, Texas, and Gregory Mangin, Newark, N. J.; Fred Erick Mercur, Bethlehem, Pa., and J. Gilbert Hall, South Orange, N. J.; Wilbur Coen, Jr., Kansas City and Harris Coggeshall, Des Moines, Iowa; Sidney E. Wood, Jr., and Frank X. Shields, both New York; Keith Glehill, Santa Barbara, Calif., and Ellsworth Vines, Pasadena, Calif., and two foreign seeded teams—John S. Cluff and Fred Erick J. Perry, England; and H. G. N. Lee and L. A. Godfree, England.

MIDLAND FALLS BEFORE BIG SPRING

DICKINSON TWIRLS ORBIT

Errors Hurt Gridley, Locals Clean 12 Bingles

With Dick Dickinson twirling the pellet, Midland's choicest baseball aggregation proved just another gentle zephyr as far as Big Spring was concerned, the latter aggregation copping the fray 16 to 3 Sunday afternoon at the local baseball emporium.

Dickinson chunked the orbit with the usual effectiveness, allowing the Midlandites to gather only three hits off his offerings in the nine innings. The last six innings were hitless and the final five were hitless and tallyless.

Gridley, just another southerner, twirled for Midland. Although he struck out eleven of the Big Spring lads to face him, he walked seven of them, earned a wild pitch or so, threw the ball everywhere except the bases, and otherwise injured himself. Incidentally, he gave up 12 hits during the melee.

Midland earned two runs in the third inning when Mills doubled and scored on Gridley's single. Gridley went home after two were away on Heath's single.

Their final score came in the fourth inning when Gridley got to the initial in Winters' error at second, stole second, went to third on Heatin's error at first and tallied on a passed ball by Blevins.

Big Spring was uttering their first home run, followed by Harris' single in the first inning after Winters had been hit by a pitched ball and Clark's sacrifice bunt had been abandoned. Blevins scored two in the second. Blevins was hit by a pitched ball, Nesbitt got on on Shepherd's error at second, Brown was walked, Dickinson and Winters whiffed. After two were away, Clark singled to score Blevins and Nesbitt, and Heatin tripled to tally Brown and Clark, to glean five runs.

After going scoreless for two frames, Big Spring, picked up another in the fifth on a single by Cook and a sacrifice fly to right field by Nesbitt. Another was gleaned in the sixth when Winters was walked and Harris singled.

Another big inning with the stick came in the seventh when four runs were amassed across the slab. Cook opened the inning with a triple tallying on Gridley's error which allowed Blevins to place. Blevins tallied on Nesbitt's double. Brown was walked, and he and Nesbitt scored when Gridley threw the ball away once more.

In the eighth three hits off Gridley and a walk accounted for three runs. Heatin singled and scored on Harris' triple. Cook was walked and Heatin singled to tally them. Gridley struck out the last three men to face him in the inning.

BUFFS DROP FRAY TO CATS

The wild dash of the Houston Buffs toward the Texas League pinnacle was checked at least temporarily yesterday when the Fort Worth Cats nosed out the Bisons 5 to 7 in the opening bout of their important series at Buffalo stadium. It was the initial loss for the junior Cards since they returned to South Texas a week ago.

By getting the drop on the club they figure they will have to beat out to win the second half, the Panthers boosted their pennant stock considerably. They were only a half game behind the Spudgers today and a game and a half ahead of the Buffs, with fourteen days to go.

In halting Houston's streak the Felinae handed Dizzy Dean his first defeat after a run of six straight triumphs. The rookie sensation yielded two runs in the third inning and finally was taken out for a pinch hitter after the Cats had fallen on him for five more in the sixth. Dick Whitworth helped win his own game with a homer and double that drove in three runs.

Generally overlooked in the excitement of the past week, the Shreveport Sports have crept up on the heels of the leaders and easily should be in the thick of the scrap within a few days. Trouncing the San Antonio Indians 10 to 5 in their opener yesterday, the Louisiana entry entrenched itself more firmly in fourth place, two and a half contests from the top.

By dropping a Sunday doubleheader to Beaumont, 8 to 1 and 5 to 4, the Dallas Steers ran their reverse streak to seven. The Atzems at least have proved themselves consistent. Before lapsing into their present coma they had captured 19 in a row.

Rain erased the Spudgers inaugural at Waco.

Texas Woman Is National Doubles Trapshoot Champ

VANDALIA, O., Aug. 25 (AP)—The North American doubles championship, one of the outstanding events of the last day of the thirty-first annual Grand American Trapshoot, which came to a close here was won by E. W. Renfro, of Dell O., with a total of 191 out of a possible 200.

Second place was won by Casper Hoffman of Denver, Colo., of Colorado State doubles champion, with 185.

Mrs. Norman V. Pulot of Houston, Texas, who had high gun in the Grand American handicap last year, won the women's doubles title in a shootout with Miss Althea Crothers of Chestnut Hill, Penna., an dMrs. Walter Andrews, of Atlanta, Ga. They originally tied with 76 out of 100.

Closing the classic was the international hundred which was won by H. E. Woodward of Houston, Texas, with 98 out of 100. Four persons tied for second—Frank Troeh, of Portland, Ore.; C. W. Olney of West Allis, Wis.; Gus Payne of Cleveland and W. G. Warren of Chicago, with 97.

PARIS—Appropriation of \$48,000

to encourage large families is sought by a number of deputies. Under a pending bill parents would receive \$20 for the second child and \$300 for each additional with pensions at the age of 60. Last year the excess of deaths over births in France was 12,000.

BERLIN—In his 53rd year

President Von Hindenburg arises with the sun, puts on a much-worn waterproof costume with green cap, matches and sallies forth to hunt chamois, wild bear and the like in the Bavarian Mountains. He is on his annual vacation.

LEAD RACE BY FIVE GAMES

Young Outfielder Steals Home In 9th Inning

By HUGH S. FULLERTON, JR., Associated Press Sports Writer

By his brilliant work as substitute for "Old Hoss" Riggs Stephenson, young Danny Taylor has just about won himself a regular place in the Chicago Cubs outfield. Taylor, who finished the Cubs' triumph over Brooklyn a week ago by driving in the winnin run in the final game, did the same thing to the New York Giants yesterday in a more sensational fashion and put Chicago five full games ahead in the National League pennant struggle with a 3 to 2 triumph.

Taylor stole home in the ninth inning when the score was tied, the bases full, two men out and two strikes on the batter.

The Cubs' triumph with a bit of rain in Brooklyn which gave the badly-worn Robins a day of rest added a few more complications to the National League struggle for all except the Cubs. The Giants dropped a half game, remaining only 1 1/2 games ahead of Brooklyn, while the fourth place St. Louis Cardinals placed themselves only one game behind the Robins by winning a double header from the Phillies, 9 to 4 and 6 to 4.

In the clash between two of the league's promising winning streaks at Cincinnati the Pittsburgh Pirates extended their series of triumphs to seven games by defeating the Reds in the first game, 9 to 6, as Ray Kremer's pitching stopped the Cincinnati string at five. It was broken, however, in the second game when Ray Koip had the better of a duel with Steve Sweetonic by a 2 to 0 count, each making five hits.

Opening their new series against the eastern clubs of the American League, Washington trounced Philadelphia, 7 to 3, and reduced the leaders' margin to 7 1/2 games. The New York Yankees fell further back in third place as they divided a hard-fought double header

FRIENDLY ENEMIES MEET

Babe Herman, slugging right fielder of the Brooklyn Robins, looks over the bat of Mack Wilson, Chicago Cubs' center fielder and National League home run leader, during the "crucial" series of the clubs at Chicago. Herman is batting above .400.

with the Cleveland Indians. The Yanks won the first game, 5 to 3, in eleven innings as Dusty Cooke clouted a home run with two on base after Cleveland had broken a 2-2 tie. Wes Ferrell hurled his 22nd victory for the Indians and his eleventh in succession in the second game, allowing the Yanks only six hits for a 4 to 2 triumph.

The St. Louis Browns checked Earl Whitehill's series of pitching successes at eleven when they pounded him for 13 hits in eight innings and defeated Detroit, 7 to 5. The Chicago White Sox remained virtually tied with the Browns in the standing as they split a pair of pitchers battles with the Boston Red Sox. Boston won the first game, 2 to 0, on Milton Gaston's three hit hurling but Chicago gained a 5 to 4 victory in the eleventh inning second clash as Pat Caraway outpointed Eddie Durham.

Missouri Pacific Railway, reaching here at 8:10 o'clock. Accompanying Senator Allen were Albert Ottinger, Clair Maxwell, New York publisher of "Life" and Richard B. Scandrett of New York.

Senator Allen said the party had been guests in Mexico City of Ambassador Dwight Morrow, Scandrett's uncle. They will reach Wichita at 8 a. m. Sunday. Other members of the party will continue to New York.

Senator Allen said he had been ill in a hospital in Mexico City but that his condition was improved.

572,666 OF 1930 COTTON CROP GINNED

WASHINGTON, Aug. 25 (AP)—Cotton ginned prior to August 16 from the growth of 1930 was announced today by the census bureau as having totaled 572,666 running bales, including 12,173 round bales, counted as half bales, and excluding linters.

To that date last year 304,771 bales, including 4,169 round bales, were ginned and in 1928 ginnings to that date were 279,568 bales, including 5,893 round bales.

The ginnings to August 16 include 77,956 bales of the crop of 1930 ginned prior to August 1 and announced in the supply for the season of 1929-30, compared with 86,974 and 88,781 bales of the crops of 1929 and 1928.

Ginnings by states were: Alabama 20,992, Florida 5,479, Georgia 53,738, Louisiana 20,348, Mississippi 9,163, Texas 466,046, All other states 900.

Senator Allen, Ill, Rushed Home From Mexico City

FORT WORTH, Aug. 25 (AP)—Traveling in a special railway car on route from Mexico City to his home in Wichita, Kansas, Senator Henry J. Allen and three New Yorkers spent two hours here tonight while waiting for the departure at 10:10 o'clock of the train to which the car was attached.

The Allen party arrived over the

Announcing the Opening of the WAITS JEWELRY CO.

107 East Second Street
Big Spring, Texas

We are glad to announce the opening of our store in Big Spring, and we cordially invite the people of this city and this entire territory to drop in at your earliest convenience. We want to get acquainted with you, and you will be most welcome at any time.

We will endeavor to fill your need that you may have in the jewelry line. You will find our merchandise to conform to every standard of quality, sound value, and modern design. Our watch repair department is at your service.

We are thoroughly sold on the future of Big Spring and West Texas, and it is with sincere pleasure that we become identified with the business interests of this section.

Again we say, WELCOME TO OUR STORE!

We Offer
American made watches
Diamonds
Silver ware
Silver Service
Pens and Pencils
A complete assortment of everything in the Jewelry line.

SO MUCH BETTER

THAT'S what you'll say when you taste Kellogg's PEP Bran Flakes. They have a more appetizing crispness plus the famous flavor only PEP can give.

Healthful! You get the nourishment of the wheat. Just enough bran to be mildly laxative. Serve with milk or cream. Sold only in the red-and-green package. Made by Kellogg in Battle Creek.

**Beauty Specialist
 Makes Statement**
**SUFFERED FOR SIX MONTHS
 WITH FACIAL ERUPTIONS
 AND PIMPLES—ARGOTANE
 OVERCOMING THIS TROUBLE**
 "Since taking Argotane I feel
 better in every way. Now I have in
 six months," said Miss Freda Alexander,
 residing at the Hotel Grace,
 Abilene, Texas, while in Harvey
 Hays Drug Store a few days ago.
 Miss Alexander is a well known
 demonstrator and beauty instructor
 for the Lady Beth Toilet Goods Co.,
 and has a host of friends throughout
 this section.
 "I was in a very dreadful condition
 when I began taking Argotane,"
 continued Miss Alexander,
 "but I feel like a new woman now,
 and I want everybody to know
 what the medicine has done for
 me. I have been suffering for some
 time with stomach and liver trouble
 and got to the point where I
 couldn't look a good deal in the
 face. In fact, I had almost lost
 my appetite entirely and it got to
 be very hard for me to keep up
 with my work. I was so nervous
 and restless. I was so badly con-
 stipated and my liver was so sluggish
 that my face became all covered
 with pimples and eruptions. Nothing
 seemed right to me and nothing
 helped me until I found out about
 this Argotane."
 "Argotane turned the tide in my
 favor at once and I began feeling
 better. Since using it only a short
 while I have gained in strength and
 I now feel full of life and energy
 like I haven't felt before in a long
 time. I eat anything I want and
 nothing hurts me and I sleep like
 a child every night. I'm not nervous
 like I was and that stomach
 pain has left me. The eruptions
 are entirely relieved and those
 ugly pimples and facial eruptions
 are disappearing and my complexion
 is getting clearer and natural
 again. If all Argotane has done for
 me isn't enough to make one praise
 it, I don't know what would be. I
 want my friends and everybody to
 know what wonderful medicine Argotane
 is, and I feel it my duty to
 humanity to give you my statement
 for publication."
 Genuine Argotane may be bought
 in Big Spring at the Collins Bros.
 Drug Co.—Adv.

HOW'S your HEALTH
 Tonsils and Adenoids
 Food and air are two essentials
 without which life is not possible
 for long.
 And of the two, air is the more
 immediately important, since one
 may survive for weeks without food
 but only a minute or two without
 air.
 Air is normally taken into the
 body through the nose and food
 through the mouth. The Nature has
 safeguarded these two portals of
 entry to the body with many ingenious
 defences.
 But things will go wrong and
 then the body labors under disadvantages.
 How prevalent are defects of
 the nose and throat has been
 brought to light by the research
 division of the Millbank Memorial
 Fund.
 In 100,000 adult white, native-
 born males, it was found that in the
 20-year-old age group more than 35
 per cent of those examined suffered
 defects.
 With advancing age the prevalence
 of both types of defects
 tended to decline, those of the nose
 less rapidly than those of the
 throat.
 The nose septum (partition) is
 formed of cartilage and bone and
 does not alter much with age. The
 tonsils, however, are formed out of
 so-called lymphoid tissue, a tissue
 which is most prevalent in the body
 at infancy and youth, and which
 tends to shrink as the person grows
 older.
 Marked obstruction of the upper
 breathing tract, the nose and
 throat, leads to mouth breathing,
 which in turn results in a series of
 other physical defects and structural
 changes.
 Diseased tonsils, recent studies
 have shown, may cause disease of
 the heart, kidneys, joints and other
 systems of the body.
 Both of these defects are of im-
 portance at all ages, but particularly
 so in the growing ages. If
 at the age of 20 more than 35 per
 cent of those examined show these
 defects, it can safely be stated that
 the prevalence in the ages below 20
 is greater still.
 This study points to the need for
 greater attention and care of the
 defects in the nose and throat of
 the young.

Dizzy Folks
 THE TIME will come when the
 human race will have to
 reason hearing and sense of bal-
 ance. So says Dr. Paul A. Winslow,
 New York specialist. He pictures
 men like dizzy pinwheel. Blind
 deaf, and with the balancing me-
 chanism in the ear unable to func-
 tion properly. Men will stagger
 about and conduct all their affairs
 by the sense of touch, as some animals
 do today.
 What's going to do all this to us?
 Largely noise. Noise ought to be
 controlled as we have learned to
 control contagious disease. We
 can keep typhoid germs out of the
 way. We can reduce the death
 rate from diphtheria. We must
 learn to limit noise.
 Of course, as to sense of balance,
 many of us have already lost that—
 and don't even know it some.

Leadership
 SOMEBODY has estimated that 35
 per cent of the leadership in all
 lines in the United States is in the
 hands of men who have been from
 the ranks. The world has changed
 in many ways; in some ways it has
 not changed. The big places are
 still for those who put in the long
 hours and the hard work and make
 the business of the boss the chief
 concern of his life. There always
 has been and always will be a cer-
 tain amount of "pull" in the world,
 but few who depend upon it for
 success ever get there.

OPINIONS OF OTHERS
San Jacinto And Auto Crashes
 From the Corpus Christi Caller:
IN THE BATTLE of San Jacinto
 which freed Texas from the
 Mexican yoke and resulted 12 years
 after in the adding of about a third
 of the continent to the United
 States, only two Texans were killed
 and 23 injured.
 In the Lone Star state last Sun-
 day seven Texans were killed and
 more than 100 injured in a series of
 automobile accidents.
 Automobile accidents are assum-
 ing serious proportions in this
 state. In Texas, where we have
 magnificent distances, we are
 growing more and more careless in
 handling automobiles and trucks.
 One would think that the desire for
 speed would be at the bottom of
 most fatal accidents, but such is
 not the case. Speed is responsible
 for some, but careless driving is
 the cause of most. As often as not
 lack of speed is the cause of acci-
 dent—the slow driver compelling
 other drivers to take chances to get
 around his slow-moving vehicle.
 Driving a car calls for eternal
 vigilance. It is an every-second
 job, not something to be treated in
 an offhand manner. Think back
 over the accidents you have had,
 and see if they were not caused by
 your own momentary carelessness.
 It is dangerous business. It is a job
 that calls for your undivided at-
 tention every moment, not only
 with respect to the operation of
 your own car, but with respect to
 the coming and going of other
 cars. You have to watch the other
 fellow and keep him from getting
 you into a tight place, for the other
 fellow may not be paying attention
 to his own driving, though less mak-
 ing allowances for yours.
 Nothing but plain common sense
 will make driving safe. Laws can't
 do it. It is up to the drivers.

Four Railroads To Reduce Rates
 SACRAMENTO, Cal., Aug. 25 (AP)—
 Four railroads will reduce
 freight rates on livestock feeds and
 other produce from California to
 sections of the United States where
 crops have been seriously affected
 by drought, George H. Hecke, direc-
 tor of agriculture, announced to-
 day. The railroads are the South-
 ern Pacific, Western Pacific, Santa
 Fe and Union Pacific.

Hollywood Sights
Sounds
 By ROBBIN COONS
 HOLLYWOOD: The coming to
 the screen of Charles Rogers' kil-
 brother has given Buddy's fans
 something to write about.
 The young Rogers (he's 20)
 is receiving copious fan mail even
 before he has appeared in a pic-
 ture.
 The flappers all
 all in a
 course, that he is
 welcome, but that
 he cannot possibly
 steal Buddy's
 shine in their hearts.
 That is exactly what the young-
 ster is least interested in doing, for
 with a wisdom beyond his years, he
 figures that for him to attempt
 roles similar to Buddy's would only
 hurt his chances.

Maybe a Buddy-Act
 Bh Rogers—that's how you spell
 it and you can pronounce it any-
 way you please—will be Bruce
 Rogers from now on.
 There is a possibility that he will
 be introduced to the screen in a
 "brother-act" picture with Buddy,
 which should please the flappers
 who in their letters have suggested
 just that idea.
 Bruce is much like Buddy in ap-
 pearance, or more exactly, like the
 Buddy of the Paramount training
 school days. He is a bit more sh-
 than Buddy, who is 26 and has
 been in the Hollywood mill these
 several years, and isn't shy at all.

Pneumonia To Pictures
 Buddy insisted Bh postpone a
 try at pictures until he had com-
 pleted college.
 Bh complied, but soon contracted
 pneumonia and had to join his
 family in Hollywood to recuperate.
 He stayed.
 He sings, and plays an instru-
 ment or two, but not nearly so
 many as Buddy. Bruce's ambition
 is centered in athletic roles, in
 football and baseball pictures and
 such.
 The origin of that name Bh is
 rather interesting. Bert Hadley
 Rogers, the father, had the idea
 that the new son should choose his
 own name, so he was registered
 simply with the initials, B. H.
 Later, a lad, enrolling in a military
 school, B. H. gave his initials as
 his name.
 The registrar insisted on a full
 name, and Rogers, rather exasper-
 ated because they wouldn't believe
 he had none, seized a pen and
 wrote "Bh." It stuck.

**FILM STARS AROUSE
 FIRE OF NEPTUNE**
 NEW YORK, (INS)—That
 tricky finger of Neptune which
 recently has amassed especial
 delight in ravaging luxurious
 yachts which carried a motion
 picture actress abroad, appar-
 ently isn't nearly satisfied as yet.
 First Nancy Carroll was en-
 meshed in a yachting disaster;
 then Claire Windsor underwent
 a harrowing time of it aboard
 one of these millionaire's de-
 lights. Now it is Carol Demp-
 ster.

DAGGER
 by Mary Dahlberg
 SYNOPSIS: Dagger, Mar-
 ley, high-spirited young Texas
 girl, meets love and tragedy
 twice before she is twenty-one.
 Blaine Howard, whom she re-
 ceives from some Mexican insur-
 gent on the border and loved
 hopelessly, is killed on the West-
 ern Front in France. Captain
 John Vanering, aviator, whom
 she later married, dies in an
 airplane crash. But she cher-
 ishes the memory of
 Howard, dagger visits Dick
 Weington in Paris, an old
 friend of her childhood on a
 ranch, now an English lord and
 married to Blaine Howard's
 widow, Emily. She meets the
 Duc le Pontoise, French gen-
 eral who was a friend of both
 Howard and Vanering and he
 in turn falls in love with her.
 In the French fashion he pro-
 poses first through his aunt,
 Princess Rakovski, but Dagger
 says she cannot marry him.
 Nevertheless the Duc obtains
 permission to plead his own
 cause.

THE DUC TELLS OF HIS LOVE
 De Pontoise waited upon Dag-
 ger the next day. He was his
 usual self, except for a slightly ten-
 sive look about his mouth, and a tinge
 of color in his cheeks, mirrored in
 Dagger's own. There was, too, a
 formality in his manner which he
 had abandoned since they had
 established terms of intimacy. Sol-
 diers, he went abruptly to his
 subject.
 "My Tante spoke with you yes-
 terday," he said.
 "Yes, Raoul."
 "I regret that I must seem pre-
 cipitate," he continued; "but as you
 have no relative within reach—"
 "I am my own mistress," she
 replied kindly. "Anything you have
 to say you may say to me, but per-
 haps I should warn you," she hesi-
 tated—"I told the Princess."
 "Please," he interrupted. "She
 repeated your conversation. Yet I
 have a hope that you will do me
 the honor to consider seriously
 what I have to say to you."
 Dagger bit her lip. This was go-
 ing to be even harder than she had
 anticipated.
 He bowed, with the stiff dignity
 which so became him in moments
 of embarrassment.
 "You permit that I address my-
 self directly to you?"
 "If you will," she replied faintly.
 "I am afraid that this will only
 make for your unhappiness."
 "No, no," he denied. "I find hap-
 piness, at least, in being afforded
 the opportunity to tell you that I
 love you."
 She closed her eyes, so poignant-
 ly did she feel the light that shone
 in his. He did love her, loved her
 splendidly. Why was she unable to
 return a love so fine? Must she
 live under an evil star, which
 would lifelong deny her the happi-
 ness which came to other women
 no worthier than she?
 "If I might answer you as you
 wish, Raoul," she exclaimed.
 "Perhaps you will yet," he re-
 turned, undaunted. "I have loved
 you since the first afternoon I saw
 you. Doubtless it is enough that I
 say that, but if I may, I will add
 that I have never met a woman I
 would rather offer my name to.
 You will not misunderstand me,
 Dagger. We think the same about
 these matters. Rank is an oppor-
 tunity to you, not a means of grati-
 fying social ambitions. And you
 and I might achieve more together
 than separate."

EVERYDAY QUESTIONS

Answered By
Dr. S. Parkes Cadman

Questions from readers are answered daily by the Rev. Dr. S. Parkes Cadman, Radio Minister of the Federal Council of Churches of Christ in America. Dr. Cadman seeks to answer inquiries that appear to be representative of the trends of thought in the many letters which he receives.

Duluth, Minn. The difficulty is that too much worship is divided between fear and love. Perfect love casts out fear. It prevents us from attributing merely human ideas to God. It creates that filial response to His grace and mercy which is the source of life's purest joys.

But you are quite sure that the Church attendants you have observed are quite as miserable as you suppose? Granting they do

act like mere professional jollifiers and back slappers, is this a proof that they find no solid satisfaction in what they are about. Depend on it they would not be in their sanctuaried places another day did they not experience the inestimable benefits obtained there.

Besides, worldly excitements are cheats. They do not yield the raptures they promise. The laughter of fools is as the crackling of blazing thorns, soon extinguished, leaving only blackness and ashes. I agree with you that believing men and women should be the most joyous souls alive. But I also submit that such radiant souls as we have, souls that shine in the gloomiest spots because shine they must, are chiefly found in the ranks of the believers. Would that their numbers were increased! Nevertheless, there are enough of them to

light up humanity's road to paradise.

Charlotte, N. C. A British veteran of the World War after that calamity roamed around the world, leading a reckless life. But since I met him he has braced up and seems to be a first-class man. He is deeply attached to me, and I am drawn to him. But I sometimes wonder what my chances of happiness are if I should marry him. What would you advise me to do? You ask the impossible. Two persons utterly unknown to the adviser and in love with each other cannot be rightly guided by absent treatment. All I can do is to offer some suggestions which you and your sweetheart must either fit in to your situation or reject as inapplicable. His bad break after the

war was probably due to its reactions. How does he regard his misadventures? If in the light of his affection for you he sincerely repents sowing his wild oats, and is aware of their propensity to root in the brain and the backbone of a man, well and good! If, however, he views them lightly, without regret, and in an apologetic way, he may not be the right man for you. You must judge for yourself.

As for marriage, good character is not enough, and reformed character with black memories lurking near is still less sufficient. There must be a blending of ideals, sympathies and preferences. These do not fly forth like sparks from a smith's anvil. They are the products of time, patience and training. The basis of the marriage bond is mutual self-sacrifice, care for the other partner's interests and

for his or her highest excellence. Consider these requisites and go no further into so sacred a relationship than wisdom and foresight warrant. Permanent marriage is based upon solid esteem for and faith in each other.

Chicago, Ill. Is it true that one should thank God for misfortune, sorrow and the like? I realize God permits these trials to come to us and that we should be submissive to His will, since "All things work together for good to them who love God." But I hear people say we should actually thank God for the sorrows of life. "Be thankful in all things, for this is the will of God concerning you." Is there such a verse and how do you interpret it? St. Paul says in his first letter to

the Thessalonians: "Rejoice always; pray without ceasing; in everything give thanks; for this is the will of God in Christ Jesus toward you" (I Thessalonians v, 16, 17 and 18).

St. Paul exhorts the Thessalonian Christian to make supplication, joy and gratitude the permanent elements of their lives, since that is the will of God for them. The Apostle affirms that Christians should "rejoice in tribulation, knowing that tribulation worketh patience, and patience probation, and probation hope." "Inasmuch as ye are partakers in Christ's suffering, rejoice!" says another Apostle.

If our sorrows and misfortunes occur in the path of duty or because of our endeavor to exercise sacrificial love toward those around us, we should be grateful for the privilege thus bestowed on us of extending Christ's redemptive mission to mankind. I know no Scripture which asks us to express grat-

tude for every sorrow and misfortune which befalls us. But the New Testament emphatically teaches that we should not allow our tribulations to crush out our zest for life here, or our hope for a glorious destiny hereafter.

Borden Only Texas County Not Voting

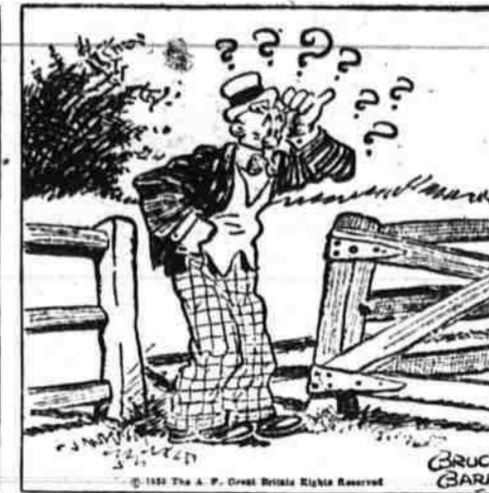

DALLAS, Aug. 25 (AP)—Only one of Texas' 253 organized counties failed to hold an election today, according to information reaching Prof. A. F. Henning, head of the Texas Election Bureau. That was Borden county which last July polled 113 votes.

The Ferguson forces in Kendall county decided to put up enough money to hold a primary in six of the county's eleven precincts after it had been announced lack of funds would not permit a primary run-off in Kendall.

One Guest Fatally Wounded In Attempt Of Cleveland Youngsters To Fight Robbers

CLEVELAND, Aug. 25 (AP)—A gay party of young folks from many of Cleveland's prominent families ended early today in a melée with holdup men and the fatal shooting of one guest.

Miller Wilkinson, 23, led a group of young men in resisting five robbers armed with rifles and pistols and was shot in the head after police arrived and engaged in a gun duel with the intruders. Wilkinson, a senior at Princeton University, was the son of Fred F. Wilkin-

son, dealer in investment securities. The party was given at the home of Ray S. Dunham, one of the city's best known restaurateurs, for friends of his son Donald. About 40 persons were present.

The elder Dunham said he was in the kitchen when his son ran in shouting, "get the police, five men are trying to rob us."

Dunham ran out to the garage but was unable to get his car because of the profusion of guests' machines. He ran to the front of the home, where he saw the young men backing the holdups off the porch.

"You guys are afraid to shoot, why don't you start something," Wilkinson was taunting the robbers, Durham said.

One man raised a rifle as if to fire and Wilkinson grappled with him. At the same time the other guests seized the remaining gunmen and a free-for-all fight started.

Meanwhile a neighbor had called the police and three patrolmen arrived while the scuffle was in progress. The police opened fire and as the robbers fired back, Wilkinson was fatally wounded.

Two of the robbers were shot in the leg and were taken to a hospital. A third was picked up soon afterward.

Guests of the party, held in honor of an engagement, at first thought the holdup men were practical jokers appearing to add a thrill to the evening.

Cleveland police found three revolvers, two rifles and 500 rounds of ammunition at the Bell's home. Their father, Andrew Bell, was held for questioning.

Wilkinson was manager of the Princeton Hockey team.

Don't forget the Rainbow dance tonight, Crawford Ballroom—adv.

O'DONNELL LEADS; ONE LAP TO FLY

CHICAGO, Aug. 25 (AP)—Sutton speed roared "faster, faster" at the national air races today.

The finish of the Pacific derbies held odds-on favor. Gladys O'Donnell, who has led the "powder puff" dash since it left her home airport at Long Beach, Calif., was five hours over second-place Mildred Morgan, Beverly Hills, Calif., at the last-leg takeoff from Madison, Wis., this morning.

John Blum, Seattle, held only a 20-minute lapsed time lead over Nick Mamer, the Spokane "sun god" pilot, at the takeoff of the men's Pacific derby in St. Paul.

The takeoff of the non-stop speed classic from Los Angeles has been tentatively set for tomorrow dependent upon the weather man. The four speed aces in the classic are Lt. Col. Roscoe Turner, veteran trans-continental flier, Capt. William S. Brock, New York to Tokyo pilot, L. F. Schoenhar and Wiley Post.

To Return Post, contest officials disclosed expects to carry two barographs leaving one and refueling at the finish here and taking off again for New York in an attempt to break Capt. Frank Hawks' west coast record.

Mrs. Phoebe Omitte still led the women's Dixie derby at the takeoff from Memphis, her home port today.

Two other derbies finished yesterday. J. Wesley Smith, Philadelphia air mail pilot, won the dash from Hartford, Conn., and Art Killips, La Grange, Ill., was first in the derby from Miami, Fla. The trek from Brownsville, Texas, was won by John Livingston, Aurora, Ill., Saturday.

It was said Capt. Hawks would land from New York before night his speed plane fitted out with trimmer wings and a faster propeller capable, they said, of a 300-mile-an-hour speed. The plane is entered in the high-speed of the race, the Thompson Trophy event on Labor Day.

Age came back to triumph over the new generation of fliers yesterday. Charles S. (Casey) Jones, one of the nation's best known aviators and a veteran of barnstorming days, zoomed past the pylons at an average speed of 149.4 miles to win the 15-mile cabin plane event.

Lieut. Wilson N. Newhall, of the 108th observation squadron, won the national guard liberty engine-builder's trophy, with 129.75 miles for the ten laps.

Col. Charles A. Lindbergh was expected by race officials today.

The attendance the first two days of the meeting totaled 105,000.

Hunt For Kidnaped Girl And Laborer

VALPARAISO, Ind., Aug. 25 (AP)—Hundreds of grim, determined men thrashed through the Kankakee river bottoms today looking for a farm laborer and the ten year old girl he kidnaped, hoping to find her alive but fearing to find her dead.

The girl, Betty Jane Foster, was abducted from her farm home Saturday night by Claude Dillner, 27, who formerly worked for the girl's father, Ernest Foster. Dillner left a note, found yesterday, in which he said he was in love with the child but would kill her if the police were notified.

Neighbors, friends and police of six counties joined in a search which was divided into two halves. No word of the twelve had been received until last night when report was received that an automobile containing a man and a girl had been seen on a little used

County

(Continued From Page 1)

I think that the results of the campaign throughout the state is a glowing tribute to the Ferguson-Howard County specifically declared "I will support its nominee," who is now Mr. Ross S. Sterling, in the general election in November against our common enemy the Republican party.

We have too much Republican prosperity in Texas and in our country at large already. C. P. ROGERS.

R-BAR

R-BAR, August 23.—Mr and Mrs. Noble Walker entertained the young people with a party Wednesday evening. Various games were played. Those who enjoyed the affair were Misses Frankie, Essie and Iona Long, Eula and Ross Robinson, Lillie Walker, Almarize Wilkenson, Nannie Lee Tubb, Messrs. W. T. Hagler, Cecil and Roger Miller, Leon Hill, George Harrington, Ulas and Jess Robinson, Claude Miller, Bill Hagler, Buck Grabner, Shirley Walker, Noble Davine and Granval Martin.

Misses Essie and Ethel Long, Lane Mullen, Arthur Reed and Troy McCall spent the past weekend with Misses Minnie and Coza Dorward at the Dorward ranch north of Big Spring.

Henry Long, who has been visiting Mr. and Mrs. Eugene Long the past six weeks has returned to his home in Kansas City, Mo.

Miss Maud Coates, from Gail, is visiting relatives in this community.

Mr. and Mrs. S. D. Buchanan attended preaching service at Coahoma Sunday with Mr. and Mrs. Bob Brown went to Knott Sunday.

Mr. and Mrs. Bud Walker entertained in honor of Mrs. Walker's brother and wife, Mr. and Mrs. Bob Patton of Dallas. They had good music and old fashioned singing. Ice cream and cake was served to the following relatives: Mr. and Mrs. Alex Walker and family, Mr. and Mrs. Lewis McKee and family, Mr. and Mrs. Johnnie Walker, Mr. and Mrs. Willis Walker and family, Mr. and Mrs. Noble Walker.

Mr. and Mrs. Joe Roper of Gail spent Sunday with Mr. and Mrs. Jerry Buchanan.

Mr. and Mrs. Floyd Hull visited Mr. and Mrs. Charlie Engle Sunday.

Mr. and Mrs. Leslie Walker spent Saturday night with Mrs. Walker's father and mother, Mr. and Mrs. B. F. Tubb.

Ed Clendening and two other men were here from Big Spring inspecting Lewis McKee's cotton crop with a view of locating in this community to help gather the cotton crop, which is good. Some people have begun to plant worms, which have made their appearance in some fields, though not in great numbers as yet.

Mr. and Mrs. F. C. Rogers were in Big Spring Saturday.

Mrs. P. A. Smith of Stanton is spending a few days with her daughter, Mrs. Alvin Walker. Mr. and Mrs. Alvin Walker are rejoic-

Somerville Lays Plan

(Continued From Page One)
sion to build the Texas & Pacific Northern. C. of C. To Assist

The Big Spring Chamber of Commerce will name a special standing railroad committee to handle this city's part in the campaign to obtain permission to build the road. Plans already were afoot for employment of counsel to represent Big Spring as an intervenor for the Texas & Pacific Northern's application for a certificate of public convenience and necessity.

Local people have for many years pointed out that the city's continued development would ultimately depend upon acquisition of additional rail facilities. Most often the subject of railroad building with reference to Big Spring centered around a line extending both north and south of here. The magnitude of the Texas & Pacific Northern plan was a complete surprise even to those closest to such affairs.

ing over the arrival of a fine boy, born August 11.

Mr. and Mrs. Noble Walker visited Mr. and Mrs. Billy Runnels Sunday.

Miss Clarice Hambrick is spending the week with Mrs. Eubank of Big Spring.

Messrs. Will Robinson and Ben Miller circulated a petition last week in which a claim is made the people are being taxed unjustly. It is rumored another petition will be circulated the coming week, on the "other side."

The correspondent thanks those who sent a few news items through the mail. It is hoped others will do likewise.

RENOUNCING TITLE BUDAPEST, Hungary, Aug. 25 (AP)—Archduke Albrecht intends to renounce all titles and privileges as a member of the Hapsburg family and emigrate to Brazil.

NEWS BRIEFS

(By The Associated Press)
GLIDER MARK
WASSERKRUPPE, Germany—The distance record for a glider is now 101 miles. Robert Kronfeld, Austrian, started from Wasserkruppe and came down six hours later at Martredwitz. The previous record was 93 miles.

CASTING MARK
BUFFALO, N. Y.—C. E. Clarkson of Chicago is adept at casting ball in ten times in a tournament contest he missed only once, setting a record of 90, one point better than the previous.

SUCCESSFUL
NEW YORK—Ferdinand I. Herbert writes to the New York Times calling attention to the omission of one fact of special interest in an editorial about the 25th anniversary of the class of 1905, Harvard Law school, to-wit: "One member of the class has eleven children. It might fairly be said that he has been the most successful."
