## WTCC Renews Freight Rate Parity Fight

**Jerry Sadler Speaks At First General Convention Meet**

West Texas leaders renewed their two-year-old epochal fight this afternoon for parity freight rates with the industrial north and east sections of the nation as the transportation section, first general assembly, opened.

Jerry Sadler, railroad commissioner, was on hand to make the featured address and besides a vigorous talk on the matter of freight rates, he was expected to have something to say about the WTCC's appeal for parity rates within the state.

B. Reagan, Big Spring chairman of the traffic committee, and J. M. Willson, Floydman, president of the Freight Rate Equality Federation, state-wide institution sponsored by the WTCC, were to preface Sadler's address.

## Policies For The Year Are Formulated

**Cotton, Oil, Freight Rates Problems Are Discussed**

West Texas chamber of commerce directors — the "civic voice" of 169 member towns in a far-flung empire — went on record Thursday on topics and programs vital to the West Texas welfare, in adopting a series of resolutions to be embodied in the regional organization's work policy for the ensuing year.

## Roosevelt Asks Congress For \$1,182,000,000 For Big Defense Expansion

**Air Armada Of 50,000 Planes Said Needed**

WASHINGTON, May 16 (AP)—An air armada of 50,000 warplanes was advocated by President Roosevelt today in a personally delivered message to congress asking a \$1,182,000,000 emergency national defense program.

**Revue Starts Promptly At 8 O'Clock**

"On the boards" at the municipal auditorium promptly at 8 o'clock this evening goes the annual show of the West Texas chamber of commerce convention, this one developing the theme of "Life In America," to conform with the general Americanization spirit of the Big Spring convales.

Directors convened at a luncheon, to pass upon resolutions which previously had come out of the WTCC works committee. The works group, headed by D. H. Bolin of Wichita Falls, was in session for some two hours and a half, in the first formal gathering of the annual convales which opened in Big Spring Thursday.

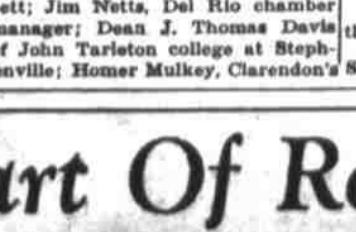

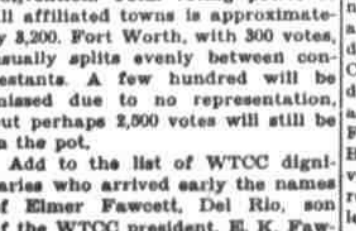

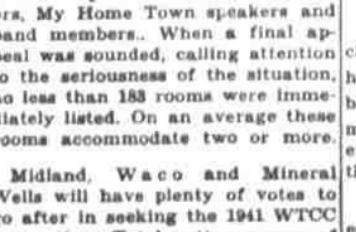

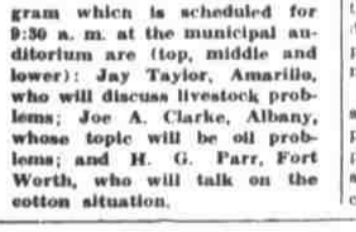

In summarized fashion, here are the topics given final approval at the directors luncheon:

**COTTON ALLOTMENT**, submitted by A. L. Clifton, Waco: The Texas delegation in congress is called on to aid in seeing that all states share equally in the national cotton production quota.

**SCHOOL APPORTIONMENT**, submitted by J. Thomas Davis, Stephenville: Texas legislators asked to have school allotment increased on a basis of attendance, not enrollment.

**OPPOSING FEDERAL CONTROL OF PETROLEUM INDUSTRY**, submitted by G. H. McKinney, Fort Worth: "We believe that further extension of federal regulation or any form of federal control of the petroleum industry would be disastrous."

Ready to join cheerfully in a rigorous schedule mapped for them before they finally end up in New York Tuesday, Mr. and Mrs. D. E. Leathers and children, Johnny and Margaret Jean of Clarendon—the Typical West Texas family—came here today to be present at the West Texas Chamber of Commerce convention.

First appearance was set for 3:30 p. m. at the transportation meeting. Then there will be introductions at the revue, the Producers Assembly Friday morning and the parade and Americanization meeting in the afternoon where Amon Carter, Fort Worth publisher, will bid them God-speed to New York.

At noon they posed with the car, furnished by Ford Motor Co., which will take them to New York. Mr. and Mrs. John J. Rude and family, Rankin, alternate family, were due Thursday afternoon.

The Leathers family will be driven from here to Fort Worth, 300 miles, for the first night stop. On the second night they will stop at Memphis after a 511-mile drive; third night at Bristol, Va., 512 miles; fourth night at Lancaster, Pa., following a 470-mile ride. They will drive from Lancaster to New York City, 163 miles, on May 21.

After a week at the fair—living in a typical American home in the fair grounds and seeing the sights of New York, the family will start the return trip May 28. The route will include Philadelphia, Baltimore, Washington, Richmond, Raleigh, Charlotte, Greenville, Atlanta, Birmingham, Meridian, Jackson, Shreveport, Marshall, Dallas, Fort Worth, Wichita Falls, Vernon, and back home to Clarendon the night of June 1.

The family will be driven in a car furnished by Ford Motor Co. with C. E. Carroll, Dallas, sons manager of the Ford Motor Co., as chauffeur. Carroll was selected to make the trip in a sales contest conducted by the company.

# Social Activities For Visitors Begin With Dance And Tour

## Women Attending WTCC Convention To Be Feted Today With Several Affairs

Social activities for visiting feminine members of the WTCC convention began this afternoon with a tea dance from 4 o'clock to 6 o'clock at the Elks Hall. The informal affair was sponsored by the Business and Professional Woman's club and was given in honor of the 37 sponsors representing the fairest of each town's feminine population. Helen Duley was in charge of arrangements for the tea. Music was furnished by nickleodiers.

Also on the schedule at 4 o'clock was a tour of the city as entertainment for the wives of WTCC directors and other convention visitors. Scenic drive, the park and other points of interest were to be included in the drive over the city and suburbs. The group was to meet at the Settles hotel on the mezzanine floor with Mrs. Ted O. Groehl in charge.

At 3 o'clock an outdoor talent show was set for the courthouse lawn with Dan Conley in charge as master of ceremonies.

The WTCC Revue, "Life in America," is to be held tonight at the municipal auditorium with sponsors presented by Wendell Mayes of Brownwood. Balloting by the audience for "Miss West Texas" of 1940-41 is also to be held. The West Texas Typical American family will be presented and the program is to be given by college and community entertainers from members' towns. The North Texas State Teachers College Stage band, "Area of College Land" will play, directed by Floyd Graham. Mrs. Ray Lawrence is director of the revue. Dances at the Crawford hotel with Joe Buzze's orchestra and at the Settles hotel with Floyd Graham's orchestra will be held immediately following the revue and floor shows are to be presented at each dance.

Certified sponsors to be entertained today and tomorrow are listed below.

Certified as sponsors for cities and colleges are these pretty, young West Texas women: Jo Annie Cornish, Graham; Edna Earl Lineberry, Midland; June Sloan Frost, Abilene; Doris Mae Wells, Mineral Wells; Bessie Neblett, John Tarleton college, Stephenville; Marilyn Parkinson, Lamesa; Evelyn Collum, Stephenville; Dorothy Lee Taylor, Wichita Falls; Billye Faye Denny, Iowa Park; Ruth Balke, Hanksell; Willie Crane, Pruet, Putnam; Winifred Piner, Texas Technological college, Lubbock; Frances McLaughlin, McMurry college, Abilene; Mary Jo Emison, Brownwood; Sally Meyers, Sul Ross college, Alpine; Helen Hale, Texas Christian university, Fort Worth; Betty Jane Bowman, Plainview; Gloria Conley, Big Spring; Etelle McLeod, Lubbock; Teresa Corcoran, North Texas State Teachers college, Denton; Lela Bailey, Waco, and her twin Louise Bailey, Baylor university, Waco.

## HELP KIDNEYS PASS 3 PINTS A DAY

Doctors say your kidneys contain 15 miles of tiny tubes that help to purify the blood and keep you healthy. Kidneys remove excess acids and poisons from your blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headache and dizziness. Frequent or scanty passages with smarting and burning sensations shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

## The Talk Is Mineral Wells For The 1941 WTCC Convention

### Farm And Ranch Talk ROUND THE COFFEE POT

By Newton Robinson

Cattle prices took another slight rise Wednesday at the local market with many of the better class offerings on hand. Stocker cows sold up to \$75 dollars per head and calves with cows brought from \$60 to \$75. Stocker calves went in the bidding from 8.50 to 10.50; butcher cattle from 7 to 9.50; cutters 4 to 5.50; canners 3 to 4; and canners 4.50 to 5.75. There was a good demand for all classes and the biggest sale in some time was in evidence.

Sam Childress of Glasscock county bought eight head of jersey cattle last week for re-sale. The cattle were purchased from Bloddy Hughes of Pearsan.

Jay Taylor, head of the Texas and Southwestern Cattle Raisers association will speak at the West Texas chamber of commerce convention here Friday.

A sale of polo ponies will be held

### Fraudulent Claims On Job Benefits Are Prosecuted

The Texas Unemployment Compensation commission began its promised crackdown on alleged fraudulent claims for jobless benefits, as criminal charges were filed against claimants in the Abilene district.

"More charges will be filed as soon as we can check the payrolls of other companies, providing we find violations," E. H. Rumph, district supervising examiner, stated. Alleging in the cases already filed that the claimants had failed to report their earnings during periods for which they claimed jobless benefits, the commission brought the charges under the misrepresentation and nondisclosure provisions of the Texas act.

Rumph announced the commission's campaign to more rigidly enforce these provisions of the unemployment law a few days ago.

### BIDS TO BE TAKEN MAY 21 ON HIGHWAY SEAL COATING JOB

Bids will be opened May 21 in Austin on seal coating proposals which include a stretch on highway No. 1 two miles east of Big Spring to Coahoma. ### Fund Increase Is Sought By House Group

WASHINGTON, May 16, (AP)—House committee approval of a \$975,650,000 WPA fund was followed today by counter-proposals for more money and for turning over relief distribution to cities and towns.

As debate began, one group of house members wanted to raise President Roosevelt's recommendations to \$1,600,000,000, approximately the amount voted for the year ending next July 1. The president seeks authority to spend the smaller fund in eight months, if necessary.

Republicans, on the other hand, renewed their appeal for decentralizing the relief program. Rep. Taber (R-N.Y.) drafted an amendment to use the \$975,650,000 for grants-in-aid to communities, with the federal government putting up 75 per cent of relief expenditures and the localities giving the remainder.

Taber was one of four republican members of the house appropriations committee who declared in a minority report yesterday that some WPA conditions were "scandalous" and involved "incompetency, graft and corruption."

The committee majority, in approving the president's recommendations for next year, held WPA guilty of "many past misdeeds" but found a "noticeable trend toward better administration."

The committee's report said that \$975,650,000 would provide WPA employment for an average of 1,950,000 persons if spent during eight months. The average for the current year is 2,042,000.

### Armies To Get A Fresh Start

By WILLIAM T. RIVES  
WITH THE TEXAS RED ARMY, May 16 (AP)—Grimy Red and Blue soldiers rested today after the war maneuvers' wretched scramble brought a halt to the dizzy battle of Leesville, La.

Umpires said rules had been violated and the situation was such that it was wiser to halt the affair, rest the men and get a fresh start on a new problem Monday.

So orders went out that an armistice was effective 16 hours before schedule.

The Blue forces, 45,000 strong, routed the Reds, driving them from Leesville toward the Sabine river, after tank fighting up and down the city streets.

Such incidents as over anxious troops driving through road blocks in spite of warning signs, and the heading rush of the Blues threw the problem out of kilter.

"We don't shoot real bullets," one army observer said, "and so allowances must be made for certain situations." Red troops were forced back

## AUSTIN MAN IS CANDIDATE FOR RAIL UNIT POST

AUSTIN, May 16 (AP)—Walter D. Hood of Austin, recently director of the motor transportation division of the railroad commission, was a candidate today for a place on the commission.

The 16th candidate to announce for the race for that post, Hood sent his filing fee to E. B. Germany of Dallas, chairman of the state democratic executive committee.

Hood said he favored creation

of a separate state conservation agency to administer oil and gas production, a function now allotted to the railroad commission in addition to its other regulatory privileges.

Mrs. S. E. Whaley, Mrs. Roy Lamb and Mrs. Bob Wagener left this morning for San Benito to visit with Mr. and Mrs. Albert Bettle.

Mrs. Carl Svenson of Lubbock, who has been visiting the Harvey Rix family, has returned home.

cially arranged post after the parade. The drill features the silent marching of the corps climaxed with a thunder of drums, developed recently to an intricate point.

The corps was awarded a baton for performances given in Sham-

rock in a special appearance there. Miss Middagh, as Miss McMurry College, is a sophomore student active in collegiate activities as well as being a regular reporter on the Abilene Reporter-News. She is the daughter of Mr. and Mrs. J. J. Middagh of Odessa.

## MISS 'LANEUS NOTES

By Mary Whaley

We have heard tell, in a roundabout way, that there is a convention in our fair city today, tomorrow and Saturday and looking at the program for the three days, we decided it was too bad we weren't born twins.

It would be so handy to have two of us so we could see and do everything that is scheduled for the event. We figure it is going to be like trying to watch a three-linged circus with things happening all over town.

If we could be twins, we would wish for one of us to be the hard-working type who would do all the work while the other one of us stayed for the fun. On checking through the program we found at least two and sometimes three different activities going on at the same time that we would like to attend and most of them in various parts of the town.

Tentatively we thought of getting a bicycle or motorized scooter to get around to all of them but decided the traffic problem would be bad enough without adding our maneuvering on wheels to the trouble. And whether the convention goes on or not, sparing them the sight and trouble of us on a scooter is really a tribute to our guests.

We know they will have to chain us to our typewriter or put blinders on our eyes to keep us working during the convention. Or maybe stuffing our ears with cotton will be necessary when the bands march past because we were always parade-minded.

But if these measures don't work out, we are going to get a sign to hang on our back. "Woman at work. Do not disturb" and figure these drastic means will be a partial guarantee that we will remember to keep working.

### School Events Are Underway At Moore

**MOORE, May 16**—Programs in connection with the closing of the school term are being held this week.

Students of Mrs. J. D. McGregor and Miss Twila Lomax presented their program to a capacity house Friday night. A three-act play entitled "City Slickers" was given Tuesday night by students of Miss Anna Smith. The final closing exercises were given on Thursday night when the high school group gave a three-act play entitled "Bound to Marry." Books are to be checked in Friday morning and students dismissed early in order that they might attend the West Texas chamber of commerce parade in Big Spring.

The Moore school this week completed a new storm cellar. The unit is eighteen by twelve feet in size, with six-inch concrete walls and oval top. The structure has ample capacity to accommodate the student body of some 100 children in time of storms.

Dorothy Jean Phillips, George Brown, Dora Lee Wheeler, Johnnie Ray Broughton, Edward Johnson, Freddie Phillips, Earl Lusk, Bill Newton, Delois Posey and Pablo Gonzales received diplomas at the seventh grade graduation exercises Monday night in the municipal auditorium.

The choral club, under the direction of Mrs. Doyle Turney appeared on the seventh grade graduation program Monday night. The following students took part in the chorus: Colleen King, Dorothy Lee Broughton, Jacqueline King, Rosalyn Hayworth, Claudine Goodman, Ed Burchett, Frank Goodman, Norman Newton, Wayne Turney, Bob Adkins, Rosalia Gonzales, Pauline Pettit, Roberta Wheeler, Delbert Shultz, Bill Rowland, Billy Leath, Erwood, Billy Barber, Billy Hayworth and Misses Arab Phillips and Anna Smith.

The local baseball club played a double-header Sunday on the local field when they defeated the West Side club by a score of 10 to 5. The Mexican nine from Knott then defeated the home team by a score of 15 to 11.

School officials have announced that after the close of the current school term the gymnasium will be open on Tuesday nights for men's volleyball, and on Friday nights for a general play night. Soft ball practice and tennis will be held each Wednesday afternoon. Jack Daniels will be in charge.

Mr. and Mrs. C. B. Grooms have taken over the local store and have opened the station to patrons. This new family comes from Fairview.

Mr. and Mrs. Owen Winn are the parents of a girl born Friday night. Both mother and daughter are doing fine.

Mr. and Mrs. Alvin Kincaid and children Aubrey, Don and Milton visited Mr. and Mrs. Paul Kincaid of Vestmore Sunday.

Jessie Brown and Leo Hill made a business trip to Seagraves Thursday.

### TEST OF DEATH BOMB DELAYED

**ABERDEEN, Md., May 16 (AP)**—A test of the death-dealing power of inventor Lester P. Barlow's liquid-oxygen-carbon bomb was postponed today until next week and the lives of a herd of goats were at least temporarily spared.

The inventor declined to go through with the test today because, he said, he was ordered to bring out a 1,000-pound sack of his "Glimite" 20 minutes before the scheduled time and much of the oxygen evaporated.

Barlow, obviously upset, left the scene before some of the congressional committeemen and military authorities for whom the demonstration was arranged had arrived. He returned later and said there had been "some mistake."

Mexico, in 1521.

It was estimated that the accrued interest and principal of the 400-year-old rental, unpaid for generations, amounted to millions of pesos.

Fernando Olivera Esperon, said to be a direct descendant of the emperor, brought the action in the first circuit civil court, appealing a 1933 presidential decree denying the Cortes grant still had validity. The president of the republic and the federal congress were named in the appeal.

### BANS SHIPMENTS OF FOODSTUFFS TO BELLIGERENTS

**MEXICO CITY, May 16 (AP)**—The Mexican government has banned the exportation of all foodstuffs and medicine products, despite an increased demand from the European belligerents, because there is barely enough to meet the needs of the republic.

Efrain Buenastrero, secretary of national economy, declared that such exports would not be authorized again until there had been a sufficient surplus production to assure that exporting food would not "place Mexico in the condition of lacking things indispensable for the national existence."

In recent years Mexico, because of droughts and the difficulties inherent in changing her agricultural economy under President Cardenas' land distribution program, has suffered a shortage of cereals and other basic foods.

### New Section Of Highway Planned

**AUSTIN, May 16 (AP)**—A new section of U. S. highway 75 between Sherman and Denison was in prospect today.

The highway commission directed engineers to begin a location survey for the route and make delivery of right-of-way deeds in accordance with a request of Grayson county officials who asked a four-lane traffic artery be developed in the future.

The commission said its order was conditioned upon the county recognizing that funds for immediate construction were not available.

**FALSE ALARM DENVER**, May 16 (AP)—Louis Middel, 21, was relieved when he got a ticket for speeding.

He told Judge Philip Gilliam he was taking \$4,000 to the bank when an automobile began chasing him. His pursuers turned out to be policemen.

Middel's novel excuse prompted Judge Gilliam to suspend a \$5 fine.

## More Farm Labor Camps Are Planned

WASHINGTON, May 16 (AP)—Tentative plans of the Farm Security Administration to build four new migratory farm labor camps in Texas were disclosed in the record of committee hearings made public on introduction of the relief appropriation bill for the 1941 fiscal year.

Explaining to a house appropriations sub-committee the need for \$5,000,000 to carry on the migratory labor camp program in the year beginning July 1, Dr. Will W. Alexander, FSA administrator, outlined a construction project calling for new camps in Texas and seven other states.

He said it was impossible to state now exactly where the camps should be built, that sites would be picked later on the basis of need and the availability of acreage. The Texas camps would be of "standard" or stationary design, as compared with some designated as

## WAR CUTS INTO CRUDE EXPORTS

TULSA, Okla., May 16 (AP)—The war, instead of boosting, apparently has cut deeply into crude exports from the United States.

One large company said that loss of its Scandinavian and Belgian markets has caused much of the loss. Some companies reported that their export business has fallen off as much as 90 per cent.

Another contributing factor has been the attempt by the belligerents to husband their cash.

Great Britain and France have been obtaining all the oil possible from their own sources—places where companies of their nationals operate or where they have protectorates and can work out some kind of barter agreements.

Germany had been using the barter method for some time before the war started. Now that the Netherlands has joined the allies, the Netherlands West Indies, with its refineries, also may be used for supplies.

Business at home was in none too

good a position, many oil men asserted. The low exports, high gasoline and crude stocks along with low gasoline prices were looked upon as highly bullish.

Coupled with that was the warning from Jerry Seader of the Texas railroad commission that he personally believed that if the situation doesn't improve soon, another 15-day shutdown in Texas production might be needed. Such a shutdown, he said, might come the last five days in May and the first ten in June.

In the field, the Oil and Gas Journal reported 569 completions for the week, compared with 552 the previous week and 469 a year ago.

"mobile" and shuttled about during crop seasons to different communities.

The four proposed camps for Texas would accommodate a total of 1,000 family units.

Discussing the need for such camps throughout the nation, Dr. Alexander said 85 per cent of the migratory farm laborers today were of native-white American stock, as compared with a high percentage of Mexican, Filipino,

Japanese and Chinese workers a generation ago. Among other causes for erstwhile settled native American farmers now being on the move, he added, was the tractor.

As an example, he said, there were only 9,000 tractors in Texas in 1920 as compared with 99,000 in 1937. He said it was estimated that every tractor took the place of one to five tenant families.

Drought and soil erosion helped account for the change, he added, pointing out that most of the roving agricultural workers came from Oklahoma, Texas, Arkansas, Missouri, Montana and the Dakotas.

## PROF WARNS OF POSSIBLE NAZI INVASION

AUSTIN, May 16 (AP)—That Germany might invade the United States before the end of the summer was seen as a possibility today by Thad W. Riker, history professor at the University of Texas.

Defeat of Britain and capture of the British fleet, he said in an interview, would make it possible for the axis powers to nullify the traditional isolation of the United States.

He suggested Soviet Russia could save the situation but expressed doubt she would do so.

"If I were Hitler and had conquered England, I'd make her hand over her fleet," Riker said.

"Then with the German and Italian fleets on one side and the Japanese on the other, we would be in a spot.

"For Italy is coming in, possibly this week. And I have no doubt at all but that Japan will seize the Dutch East Indies."

Ceding of Canada to Germany would place the nazis in a vital position, he declared, adding that Canada was part of the United States' defense system.

"Hitler would be going Napoleon one better if he conquered the new world," Riker asserted. "And, you know, he hinted rather strongly that he aimed to do that, in writing his book Mein Kampf."

"Soviet Russia could save the situation, and it is to her interest to do so, but I doubt whether she will. She doesn't want to see a strong Germany dominating Europe and the world."

Germany is inspired by "an idealism," whatever democrats may think of the ideology, Riker said.

"If the democratic nations can't show an equally strong idealism, they'll have to go down in defeat," he concluded. "And just now I should say there has been a sort

## GOVERNMENT IS LOSER IN TAX EVASION TRIAL

NEW ORLEANS, May 16 (AP)—Judge Wayne G. Borah today started a motion for a directed verdict of not guilty in the \$500,000 federal income tax evasion trial of Frank Costello and five other defendants here today, telling the jury there was no convincing evidence presented.

The ruling brought to an abrupt end the eight day old trial in which the government charged the defendants tried to escape the payment of high tax surcharges by forming subsidiary partnerships in the operation of slot machines here in 1936-37.

The case, in amount of money claimed by the government, was the second largest income tax trial held in the United States, the M. L. Annenberg case being the largest.

The defendants, who claimed their partnerships in the Bayou Novelty company operating syndicate for the slot machines, were bona fide, were:

Costello of New York; Philip Kasel of Stamford, Conn.; and Dudley and Harold Geigerman, Jacob Altman and Jimmy Moran, all of New Orleans.

The population of the Falkland Islands, British Crown colony in the South Atlantic, is about 2,500.

## Orders New Trial In Land Suits

AUSTIN, May 16 (AP)—The supreme court today reversed two lower courts and ordered trial of the state's vacancy suit to recover certain land in Gregg county.

The suit seeks to establish as vacant a strip of land 28 varas wide and 1,403 varas long between the Hilton Brown and Francis W. Johnson surveys in Gregg county.

The Nelly Oil and Gas company and others are defendants.

A general demurrer by the defendants to the state's petition was sustained in the Travis county district court, and the case was dismissed, which action was upheld by the Austin court of civil appeals.

The railroads, and property so, were given their reward in pioneering the uninhabited countries, being paid land bounties for opening up new areas. While those areas continued to be sparsely settled, and freight hauls were long and volume was small, the carriers had some basis in fixing higher charges for this "new" country.

Crop Loans To Be Asked By Administration

WASHINGTON, May 16 (AP) — With the war closing many foreign markets of American farm products, authoritative sources said today that the administration plans to ask congress soon for upwards of \$400,000,000 for price-boistering loans on 1940 crop surpluses.

Under existing legislation, the agriculture department is authorized to make loans to producers on surplus at rates tending to bolster and hold prices above levels that the supply and demand situation otherwise would dictate.

However, funds available for such loans were said to total less than \$100,000,000. Through loans from the Reconstruction Finance corporation and congressional appropriations, \$1,000,000,000 has been made available to the Commodity Credit corporation for such loans.

ATLANTA, Ga., May 16 (AP) — Mrs. Sam McDaniel planned to show a particular peony bloom in Atlanta's flower show but persistent cold weather kept the flower from opening.

On the evening of the judging, Husband Sam came to the rescue. He focussed his sun lamp on the tardy plant, sat up nearly all night, blowing gently on the bud.

Came down and an opening bloom. Came the show and a prize for Mrs. McDaniel.

brand of coffee. Whereas, four out of five brands of coffee on the average grocer's shelf are of South American origin, Folger's is widely advertised as a mountain-grown coffee from the Central American region, and credits its vigor and flavor to this favored coffee region.

Westbrook's Seniors In Pageant

The Westbrook senior class, composed of 19 students, will have its commencement exercises at 8 o'clock this evening in the high school gymnasium. This exercise will be given in the form of a pageant presented by the class members.

The pageant for the commencement exercise will be "The Spirit of Progress in Education." This gives the history of the school through the co-operation of the various school districts in the western half of Mitchell county.

This graduation exercise will conclude the activities of the senior class with the exception of the senior trip which will follow the closing of the school. The class accompanied by several members of the faculty, plans to visit San Antonio and Austin, coming back by Buchanan dam to spend a few days.
