

Plans For WTCC Are Advanced

The list of sponsors entered Wednesday passed the mark set at the Abilene convention last year.

Two more young women, Aileen Lewis, Menard, and Glenna Mae Harwell Roscoe, were listed with the WTCC convention headquarters.

Deaton set the pace for sponsors, naming no less than three in this capacity.

On the My Home Town front, the entry list was pushed toward the all-time record set at Abilene last year when 22 were certified.

Meanwhile, the drive for local registrations was being pressed under the direction of R. R. McEwen, registrations chairman.

Acceptance of speaking dates before the closing assembly on the morning of May 18 was received from Rupert E. Asplund, Santa Fe, N. M., and George C. Hester, Georgetown.

Local committees were reported closing out their arrangements and the decorations group was due to start immediately to contract for decorating the downtown section.

FDR's Forces Add Strength In California

Slated Pledge To A Third Term Beats Garner 6 To 1

(By The Associated Press) Roosevelt third term supporters added the big California delegation to their growing forces today as a result of a democratic primary sweep.

A national convention slate pledged to the president defeated a Garner ticket 6 to 1, and held nearly a 3 to 1 majority over the combined vote for a Garner and two uninstructed tickets.

Bankhead in Alabama While the Roosevelt candidates were carrying virtually every California county, Vice President Garner won the vast bulk of the delegates chosen for the Texas state democratic convention and Speaker Bankhead (D-Ala) was given favorite son support by the 22 national delegates elected in Alabama.

These developments highlighted election activity yesterday in six states. Only one senatorial race was involved. Senator Charles Andrews of Florida led for democratic renomination, but apparently will be forced into a run-off primary against Bernard MacFadden, magazine publisher and New Deal critic.

Despite the one-sided Roosevelt victory in California, two Garner delegates may be among the 44 going to the Chicago convention. There were two vacancies in the third term slate, and election officials said that the two highest candidates on the next ticket—the Garner one—would be designated to fill them.

Running third was an uninstructed "ham and egg" pension delegation, and fourth was a so-called liberal-left wing group headed by Lieut. Gov. Ellis Patterson, who had bolted the Roosevelt slate of Gov. Culbert L. Olson.

Gov. Harlan Bushfield won republican renomination in the South Dakota primary, and will be opposed by Lewis Bicknell, democrat. Indiana voters apparently renominated the state's congressional delegation.

Democrats elected uninstructed delegations to the national conventions in Florida and South Dakota, while an uninstructed republican slate was chosen without opposition in California.

Netherlands - Balkans Face New War Threats

Military Movement Picks Up

AMSTERDAM, May 8 (AP)—Intense military preparations, accompanied by a partial "blackout" of communications with the outside world during the night, kept the Netherlands in a state of suspense today. The nation geared its defenses to meet an international situation officially described as "increasingly uncertain."

(Reports that two German columns are converging on the Netherlands frontier were said by a highly reliable source in New York last night to be responsible for the unusual precautions, but authorities in Berlin issued a blanket denial of these reports.)

Outgoing telephone calls to all points abroad were cut off from 10 p. m. last night until 8 a. m. (1:40 a. m. CST) today, and a government announcement said the same restrictions would be in effect again tonight.

Incoming telephone calls from abroad were not affected by the "blackout" order, and telegraph service was only nominally disturbed. An official explanation said that the action had been taken to reserve telephone lines for government use during the hours specified.

Radio announcements, picked up in New York, said that the customary Netherlands weather broadcasts would be omitted for the present "due to conditions which are known to you." The broadcasting of weather reports has been discontinued in belligerent countries since the start of the war.

Maritime civilian railway travel throughout the Netherlands was sharply curtailed to facilitate the movements of thousands of soldiers and sailors called back to the colors by a sweeping order cancelling all leaves.

Seast The Next Zone Of War

BUDAPEST, May 8 (AP)—Great Britain was reported in diplomatic quarters tonight to have asked the Hungarian government to state its attitude toward any German move to send troops through Hungary.

Following published reports that Germany had requested such permission, these sources said British Minister Owen St. Clair O'Malley had asked Hungarian Premier Count Pal Teleky to declare his country's stand.

Reports of a request for a Nazi of a request for a German army right-of-way through Hungary and a strong British drive to weld the Balkans into a "defensive alliance" gave new shape today to southeastern Europe's war fears.

It was generally felt that the belligerents, searching for a battlefield, had picked this corner of Europe as a likely place to fight.

Lloyd George Joins In The Denunciation

Bitter Debate In Commons To Climax In A Test Vote

LONDON, May 8 (AP)—A labor opposition demand that the house of commons oust the Chamberlain government, instantly accepted by the prime minister as a challenge to a test of votes, was supported today by David Lloyd George.

Tense Moment Lloyd George, who led Britain to victory in the World War, vehemently denounced the Chamberlain administration for "unintelligent" and "half-hearted" leadership.

In one of the tensely dramatic moments of the debate on Britain's reversal in Norway, the World War leader faced the present war leader across the table on the commons floor.

Pointing a finger directly at Chamberlain, he said the prime minister had spoken on sacrifice, then added bitterly: "There is nothing that would contribute more to the cause of victory in this war than that he sacrifice the souls of office."

He said Chamberlain had been worsted by Hitler in every encounter—in war and peace—and warned: "The greatest triumph of this extraordinary man, Hitler, is that he has succeeded in putting his country into a better strategic position than his predecessors and he has put us into greater jeopardy."

Lloyd George's heavy fire came after Herbert Morrison, vigorous labor leader and virtual czar of London's municipal government, had announced a motion for a vote of non-confidence at the end of a bitter speech in which he declared that if Chamberlain and his principal advisers stayed in office "we run a grave risk of losing the war."

Picking up where Chamberlain finished yesterday, the prime minister and his minister, Sir Saunderson, continued pleading the government case with the first lord of the admiralty, Winston Churchill, still waiting to be heard to night.

Rising quickly after Morrison's motion was introduced, the prime minister declared he and his colleagues "will not be slow to accept their responsibility."

Churchill jumped into the debate at one point with a statement that he took full responsibility for everything done by the admiralty.

## MISS LANCIOUS NOTES

By Mary Whaley

Along about now when folks begin to pack their winter coats away and decide to buy a pair of white shoes, we begin to plan our wardrobe for the summer. One day we decide on a trip to the mountains and the next day on a visit to the beach. October 1st is a few weeks in bed, not waiting up to make check.

Then we figure on a vacation, where a luxurious bathing pool and the scrub of a horse's tail will be the only sounds to disturb a peaceful silence. Where ever we go, a good sun hat will be the only equipment necessary. But this idea lasts only until we get started up again. Then we see the store down.

We decide what we really want is a show where folks and children at night will be the crowd of the day. Somewhere where we can dance and enjoy ourselves to the tune of gay music and orchestras. A sort of something of the working world into a gay party. How we expect to accomplish this quick change in the way we don't get figured out but it doesn't distract our wanderings thinking.

Each week according to our mood, we change ideas and plans for spending time in such a place. And children who have a drink of milk to cover to get a power of words, we work all day with thoughts of vacationing. It's like eating the taste of the milk and seeing the string to be made in one gulp. And just like a greedy child, our wanderings usually do make us sick. When will we reach our power that we dream about we end up with a stomach ache at the end of our second week of vacationing.

U.S. Fleet To Remain In Pacific

WASHINGTON, May 8 (AP)—New demands that congress build up United States defenses coincided today with a surprise announcement that the battle fleet would remain in mid-Pacific. The news that the fleet would stay in the Hawaiian area instead of returning on schedule to its west coast bases came at a moment when fears ran high in diplomatic circles that the European war might explode anew with lightning thrusts into the Netherlands or other neutral countries.

expected change in navy plans. Admiral James O. Richardson, fleet commander, said that no significance was attached to the decision. If a coincidence, the change nevertheless meant that the fighting force would continue operating from its nearest major base to the Netherlands East Indies, where the United States recently called for a "hands off" policy by Japan and other nations.

The Netherlands legation here underscored the gravity of the situation abroad by disclosing that Dr. A. Lunden, minister to the United States, had been appointed to act as general paymaster for all Dutch officials in foreign countries "in case of emergency."

"This means we will fight if we are invaded," an authorized spokesman said at the legation. The fleet announcement shared attention with national defense appraisals which came yesterday from Bernard Baruch and James W. Gerard, two men high in America's World War councils.

A laconic "further tactical exercises and training" was the explanation given last night for the un-

3rd Termers Take Victory In California

SAN FRANCISCO, May 8 (AP)—Roosevelt third term forces today chalked up a victory in California—3 to 1 majority over the combined vote for three other democratic slates in the state's presidential primary election.

Governor Culbert L. Olson, head of the winning ticket, told the president that "progressive democracy in California" thus had "de-throned" a third term nomination. Returns from 11,764 of the 13,511 precincts gave the Roosevelt-placed delegation 638,562 votes. A slate pledged to Vice President John Nance Garner received 96,102. An unattached "ham and eggs" ticket had 78,395 and a liberal wing unattached group headed by Lieutenant Governor Ellis Patterson polled 43,991.

Because the slate headed by Olson contained two vacancies there was a possibility that Roosevelt would not technically have all the state's 44 votes in the democratic national convention. Election officials said the two highest individuals on the next ranking ticket would fill the vacancies. It thus seemed that the California delegation would include two delegates nominally pledged to Garner.

Without a contest to stir interest, the republicans mustered 470,243 votes in 11,809 precincts for the one ticket on their ballot—an unattached delegation with 44 votes in the GOP convention.

# Clovis Belts Out Win Over Barons

## HUNT LIMITS REGOMEN TO FIVE HITS

CLOVIS, N. M., May 8—Roscoe Hunt won his second game of the season from the Big Spring Barons here Tuesday evening, pitching the Clovis Pioneers to a 7-1 victory and a sweep of the two game series.

Hunt limited the Texans to five scattered blows while the Pioneers were getting to Rob Larson, Baron fast-ball hurler, for a total of ten.

The Big Springers scored their only run in the fifth round when Bill Scopetone singled home Edson Muratore.

Hunt figured in prominently on the Clovis offense, collecting a double and two singles and driving in three runs.

Eddie Laurel had a double and a single for the visitors.

The Texans played without the services of Snooks Carroll, regular left fielder and cleanup hitter.

The Barons are scheduled to open a three-game series in Lubbock tonight before moving back to Big Spring Saturday.

## Hondo To Seek Second B'ball Championship

DALLAS, May 8 (AP)—Both defending champion and runner-up will be here next week for the third annual Texas schoolboy baseball tournament.

The Hondo Owls, who defeated Pharr-San Juan Alamo in the finals last year, will represent South Texas at the tournament May 16, 17 and 18. The Owls have lost but one game this year.

Pharr-San Juan-Alamo clinched the title of the Rio Grande Valley district.

Two other contenders also have been named with Forest High representing Dallas and Whitehall coming from West Texas.

Whitehall also was a district champion last season.

Aquilla apparently is the Central Texas representative.

P. C. Cobb, who directs the tournament, said Austin High was found to be ineligible under the rules of the tournament. If any other team with a worthy record is found to be meeting the rules, that team will play Aquilla for the Central Texas title. Cobb said Maypearl was now under consideration.

The Dallas county winner will be decided this week in a series between Highland Park and Wilmer-Hutchins.

In North Texas McKinney is playing Fullbright for the district championship and Carthage will clash with San Augustine for the East Texas crown.

The tournament again will be held at Rebel stadium and the visiting teams will be furnished hotel accommodations.

Cobb said Dallas would ask some other city to hold the tournament next year, probably Houston.

"We believe it ought to be passed around over the state," Cobb explained.

# 'Getcha Scorecard Here And Enjoy The Game!

## IT'S NO TRICK TO KEEP TRACK ON EVERY PLAY

AP Feature Service

Sure you're a baseball fan and you like to sneak away from the office and see your home team play. And after the game you can go home and tell your neighbor, who couldn't get out to the park, all about how Bill Doakes' double in the ninth drove in the winning run.

But the chances are you're missing a lot of the fun in baseball because you can't keep a scorecard. Would you like to know how? It's really very simple. Here's how:

First, you must know the players' numbers. Not the numbers on their uniforms, but the numbers for the various positions:

Pitcher, 1; catcher, 2; first base, 3; second base, 4; third base, 5; shortstop, 6; left field, 7; center field, 8; right field, 9.

You must also learn the symbols for the various developments on attack and defense. Here they are:

Base on balls ..... B  
Hit by pitched ball ..... H  
Struck out ..... K  
Stolen base ..... S  
Thrown out after strikeout ..... R 2-3  
Wild pitch ..... WP  
Balk ..... Bk  
Out stealing ..... OS  
Force out ..... FO  
Fielder's choice ..... FC  
Error on ground ball ..... E  
Throwing error ..... T  
Muffed fly or throw ..... F  
Foul ..... O  
Sacrifice hit ..... SH

Most scorecards are arranged with each player allotted a square, made up of four small squares around a diamond space in the center, for each inning. The small squares represent bases and to score you start in the lower right hand corner box and go counter clock wise.

**Marking Your Card**

For example, the first batter singles to right. You set down a line in the first box, slanting it toward the right. If the hit is to center field, the mark is straight. If it's to left field, slant it to left.

For a double, put the same mark in two squares; for a triple, mark three squares; and for a home run you guessed it, mark all four. To denote the scoring of a run mark an X in the diamond in the middle. Mark down the outs 1, 2 and 3, as you go along, in the diamond.

Suppose the batter hits to third and is thrown out at first. You put down 5-3 in the first box. If he flies to right field set down a 9. If he walks, mark down a B. If he gets on safely, then a H is forced at second by the shortstop's throw place a 5-4 in the second box and FO in the hitter's first square.

Make sure that you account for every base. If Rucker walks and goes to second through something foul, the second man in the batting order, put down a small 2 in the second square of Rucker's record. When the first man in the batting order advances a runner it is necessary to use an X instead of a figure 1. Figure 1 might be confusing.

Remember that it takes considerable time and practice to learn to score. So don't be discouraged if your first attempt isn't successful.

Once you master the few numbers and symbols it won't be long until you'll be enjoying the pleasure of keeping your own scorecard. Then you can compare it with the official box score in The Herald.

To further familiarize yourself with the system, study the accompanying scorecard of a recent New York Giants-Boston Bees game, along with a play-by-play account.

## Red Birds Tie Record In Win Over Dodgers

Hit Seven Home Runs, Yankees Lose Fourth Straight Decision

By JUDSON BAILEY  
Associated Press Sports Writer

One thing you can say about the Brooklyn Dodgers—when they fall they fall hard.

A club capable of winning 11 out of 13 games ordinarily would be expected to get squeezed out of the other two, but not the always-different Dodgers.

Their first flop, after winning nine consecutive games, was 9-1 at Cincinnati and their second was 18-2 in St. Louis yesterday.

It was just one of those days, Hugh Casey, who was the victim in that previous defeat, was on the mound again.

The Cardinal powerhouse, short circuited for weeks, made the right connection and puffed 20 hits, seven home runs, 49 total bases. The performance tied the National League record for homers in one game and bettered the modern league mark for total bases. Johnny Mize and rookie Eddie Lake each hit two homers and Don Padgett, Joe Medwick and Stu Martin added one apiece.

It was a rough day for all the New York teams. Joe DiMaggio returned to the Yankees' lineup and didn't do them a bit of good, getting one single in five times at bat. Once he fouled out with the bases loaded.

**Fourth Reversal**

The upshot was that the Detroit Tigers topped the champs 4-2 for their fourth straight defeat and dropped the once haughty club into a tie for last place in the American League. Rookie Harold Newhouser, another southpaw, held the famous sluggers to eight scattered hits before a sprained thumb forced his withdrawal in the ninth.

The Cincinnati Reds turned in a 7-4 victory over the New York Giants. Harry Danning hit two homers, one of them with two on in the eighth to send New York ahead briefly, but then he dropped the ball when the Reds started a double steal.

Like Pearson pitched the Phillies to a 1-0 decision over the Chicago Cubs in one of the best hurling shows of the season. He dealt out four widely spaced hits while Claude Passanau and Vern Olsen of the Cubs allowed five.

The Pittsburgh Pirates were knocked into the National League cellar on the heels of their seventh straight defeat, 11-9, by the Boston Bees.

The Boston Red Sox took the deciding game of their series with Cleveland 6-4 to shut the Indians into third place in the American League, a notch below Detroit.

The Chicago White Sox turned back the Philadelphia Athletics 6-3 on the joint five-hit pitching effort of Jack Knott and Pete Apfelfort.

A wild pitch by John Whitehead with the bases loaded and the score tied gave the Washington Senators their winning run in the tenth inning for a 6-5 verdict over the St. Louis Browns.

**PRISONERS RELEASED**

FREDRIKSTAD, Norway, May 8 (AP)—All Norwegian prisoners of war, except officers, held in the Ostfold section, Norway's southern tip bordering on Sweden, will be released, the German commander said today. No date was announced.

We don't know Jeanes personally but would call him a heap brave man.

In meeting Standifer in physical combat, he did something no manager or player in this league would do last year.

Sandy, but 25 years of age, played football for at least three different colleges and before that kept in condition by wrestling and boxing.

Recently we reported that Lloyd "Pat" Patterson, former Baron pitcher, had been doing outfield duty for Jodie Tate's Lamora Lobos.

In Sunday's losing bout with the Pampa Oilers, Pat collected three home runs, a double and a single in six at-bats, batting in seven runs.

The Lobos took a 19-18 licking in 12 innings.

Patterson replaced Red Hood, who has been ill, in assuming Lobogarden duty.

It seems Jim will be on the shelf for the next 90 playing days for a run-in with Tex Jeanes, Longview skipper, who also goes into retirement.

The minor leagues' big medicine man, Judge W. G. Bramham, concocted the punishment for a rowdy little scuffle the two put on Tyler April 20.

Bramham said his investigation disclosed this: Jeanes accused the umpire of telling members of the Tyler team that the Longview pilot was getting their signals. Jeanes remonstrated with Standifer and after a verbal exchange the two began to grapple.

# RICE AND TEXAS TO BATTLE IT OUT FOR THE S'WEST CIRCUIT TRACK TITLE

DALLAS, May 8 (AP)—On the cinders of his home track, Fred Arington Wolcott, the sun-scorched West Texas who only a few days ago equalled the world high hurdle record, closes down his Southwest conference career next Saturday.

The man with the wild blond hair, the man who had never run a high hurdle race until his freshman year at Rice Institute, will be protecting three conference records when he goes into the Houston meet with his underdog Rice mates, defending champions.

The 120-yard high hurdles, 250-yard low hurdles and 100-yard sprint marks that now stand in conference record books were written in by Wolcott.

Wolcott's expected first places will be needed by Rice to meet the challenge of Texas, conceded the title by most experts.

Only last Saturday Wolcott ran the swiftest high hurdle race of his career, being timed by three clockers at 13.6, three others at 13.7 seconds. But he just had to run that race. Slender Boyce Gatewood, the Texas sensation who also ends his conference career, made his greatest effort to beat Wolcott.

**No Victories**

Never in the four-year feud between the two, has Gatewood won. On the start the other day he pumped out of the holes far ahead

## Standard And Forsan Again Are Defeated

Scoring two runs in the sixth inning, the Montgomery Ward Retailers slumped a 3-1 defeat on the Standard Oilers in the feature game of the Major-City softball league schedule on the city park diamond Tuesday evening.

Lonnie Evans, rangy M-W hurler, limited the Oilers to two base hits, a home run by Bobby Savage in the second stanza and a single by Johnny Miller in the third. He gave up but one base on balls while two men reached first on errors.

Savage tossed a one-hitter at the Oilers but his own wildness led to his downfall. Jake Anderson scored the first run for the Retailers in the first inning after singling while J. Toerck and Evans counted the runs that won the ball game in the sixth.

In the evening's first game, Forsan took a 16-4 drubbing at the hands of the Phillips Tiresmen.

The Tiresmen counted in every one of the five innings played and had their biggest round in the fourth when they chased across seven tallies.

Johnny McGee and Bob Pate hit home runs for the victors.

Score by innings:

(First game) 214 71-16 13 2  
Phillips 001 08-4 4 2  
Morriss and McGee; Wilson, McDonald and Schultz.

(Second game)

Standard 010 000 0-1 5 2  
M-Ward 100 002 3 2 3 2  
Savage and Smith; Evans and Parker.

Incidentally, is not considered a starter, the ailing leg still bothering him.

Conceded strength in the discus pole vault, 220-yard dash, mile and two mile run, and possibly the broad jump, with some doubt on the relay events, made Texas look like a winner.

The front in this recital. She told it simply, not seeking to dramatize what, she considered, was already dramatic enough. She was gratified halfway through the story to see Miss Ormond sink down on the step beside her, listening absorbedly.

"And Hugh is so worried about his wife that he feels he must talk about her or go mad," she finished. "He and I both know there must be some very simple solution to the problem but so far we've not been able to find it." She added artfully: "Could you think of one, Miss Ormond?"

"Plead Your Cause"  
The eyes of the old teacher brightened. "And you call yourselves creative artists, both of you! With not a spark of imagination between you! There's just one person who can persuade Linda Saitus that her husband did the right thing for her brother."

"Who?" they exclaimed in one voice.  
"The brother himself, this Jim!" And Hugh's mouth fell slightly open with surprise and even Brenda's pretty lips parted, she smiled sourly. "You, Mr. Saitus—well, Hugh, then!—write to the brother and explain the situation; ask him to talk to your wife. She's in touch

with him, you may be sure of that, probably even occasionally to see him when she can get away from work! If Jim is still convinced that your advice was good and it was good, my dear boy, make no mistake about that—then he'll be glad enough to plead your cause with Linda."

She rose, brushed dried leaves from her coat.  
"Now there's to be no more of these clandestine meetings, children. If you, Hugh feel you must talk about Linda you may do one of two things, send for me, or if you feel Brenda is younger and understands you better, ask her to meet you in my house."

She stalked ahead of them and the first smile Brenda had seen on the man's face for weeks twisted his lips now. Brenda herself had an extraordinary feeling of relief. Some instinct told her that this woman, to whom the hearts and minds of thousands of young human animals had been laid bare, was far better qualified to handle the present situation than she, Brenda, was.

Returning to the old Burnham home she was confronted with a problem of an entirely different sort. Judge Harper was awaiting her in the living room.  
"Alaine and Ned again," she demanded.

He shook his head. "I've asked Isabel Burke to see that we're not interrupted for the next half hour," he began. "I—I have something rather odd to show you, my dear."

"Why Judge Harper?" She looked at him in astonishment. His hand was trembling, his bushy eyebrows twitched nervously.  
He took a letter from his pocket and thrust it into her hand. "Read it!"

It was a pale pink, perfumed affair, covered with spidery words in faint blue ink. Brenda had to bend close to decipher it.  
"My dear Judge," the letter began. "It is true that you and I both live on The Shortest Street where the old conventions prevail. But on the other hand I have lately been thrown so much with my young contemporaries next door that I have more or less acquired the modern viewpoint. And the basis of this viewpoint, my dear Judge, is honesty, plain honesty."

"Some time ago I had a little visit with our dear Brenda, and I must say her cosmopolitan, straight-forward, and above all, intensely honest attitude toward all problems of life blew away from my mind the last rose-colored cobweb of maidenly reticence."  
"But I never saw a rose-colored cobweb!" Brenda paused to comment in increasing bewilderment.  
"No, and you never saw a letter like this one either. I'll wager," she the grim reply. "Go on, Read it!"

# CITY OFFICIALS ARE INVITED TO PARLEY

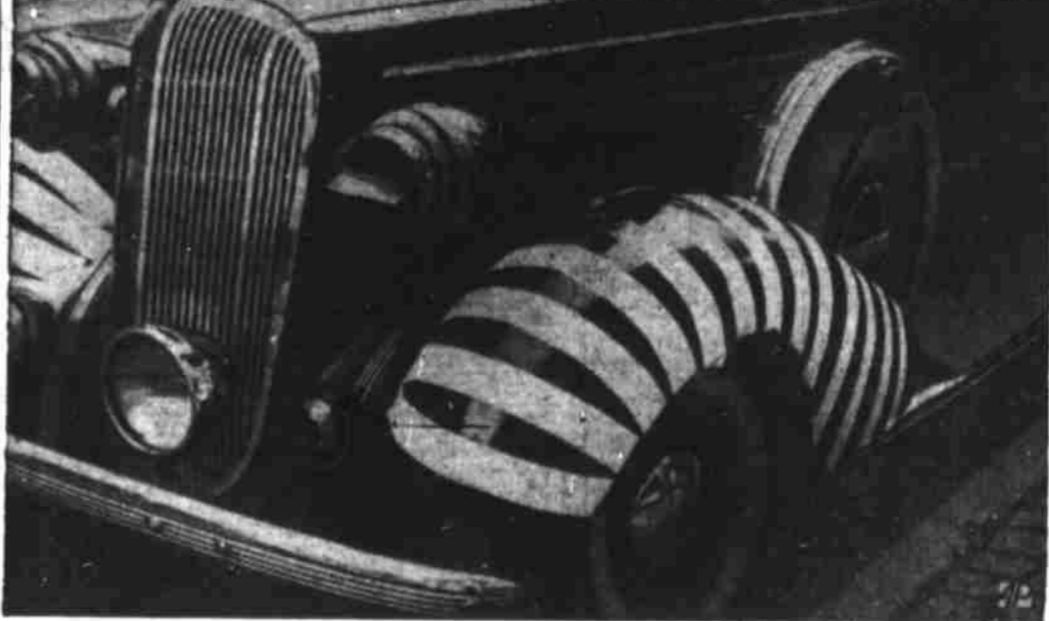

Invitations went out from the city Wednesday inviting mayors, commissioners and aldermen from 35 West Texas cities to attend a regional conference here May 22. The parley is being staged by the League of Texas Municipalities and common problems will be discussed at the session. It is similar to one held here two years ago.

# WPA PROJECTS SHUT DOWN TEMPORARILY

Two WPA projects were shut down temporarily here Wednesday pending adjustment of funds available by the federal relief work agency. The county Elbow road crews will go back to work on May 21 to finish laying caliche base on the three mile project.

# Defense Forces Can't Stop Aerial Attacks

CAMP BEAUREGARD, La., May 8 (AP)—The Imaginary Blue nation, which streamlined army forces are attempting to defend against a "Red" army invasion from the west, today was all but lost because the defense for lightning aerial destruction of vital communications has not yet been found. Theoretically the bulk of the 40,000 Blue forces rushing westward from Fort Benning, Ga., to defend the Blue nation bounded on the west by the Sabine river which divides Texas from Louisiana, was stranded east of the Mississippi river by heavy bombing of bridges which left them useless for ten days.

# Mexico Settles Oil Claims With Sinclair

MEXICO CITY, May 8 (AP)—Mexico announced officially today she had settled for \$8,500,000 the expropriation claims of the consolidated oil corporation (Sinclair) and declared that demonstrated her "desire and capacity" to pay for the petroleum properties seized from foreign oil companies more than two years ago.  
Secretary of Treasury Eduardo Suarez, in announcing the settlement, said it represented "total payment" to be made for the Sinclair properties in Mexico.  
Mexico has reached no settlement with firms hardest hit by the expropriation—the Royal Dutch interests of Great Britain and the Netherlands and Standard oil of New Jersey.  
Suarez confirmed reports that Sinclair also had agreed to buy oil from Mexico, but he said that was a "commercial transaction entirely apart" from the expropriation settlement. The Sinclair interests are to receive payment in cash in three years, the first \$1,000,000 to be delivered this week.

# MARKETS Wall Street

NEW YORK, May 8 (AP)—Rising tendencies in today's stock market centered mainly on steels and aviation, together with a handful of specialties.  
Elsewhere many leaders exhibited considerable apathy and top gains running to 2 points or so for favorites were marked down at the close. Minor losses were well distributed.  
Traders evinced much interest in the house of commons debate on the British Norwegian reverses but apparently the only market effect was to bring in bidders for stocks that stand to profit from increased war purchases. Business news at home continued to be a sustaining influence.

# WOULD LIKE TO SEE FBI CHIEFTAIN'S ACTIVITIES CURBED

WASHINGTON, May 8 (AP)—Senator Norris (Ind-Neb) said today that he hoped his criticism of J. Edgar Hoover on the senate floor would bring a curb on the activities of the federal bureau of investigation's director.  
"Hoover's activities certainly ought to be curtailed," Norris said. "I hope somebody tries to defend him. I have plenty of ammunition."  
Norris climaxed a four and a half hour criticism of the FBI in the senate yesterday by declaring that Hoover "is the greatest hindrance for publicity on the American continent today."  
The senator's ire was roused by FBI arrests of a dozen Detroit residents in connection with Spanish civil war recruiting. The technical federal charges were later dismissed.

# FINED FOR ASSAULT

The concert is a part of the Big Spring observance of National Music Week and there will be no admission charge. A varied program has been arranged.

# SENATE COMMITTEE STUDIES COMPLAINTS

Gillette said the committee was considering the complaints, but had not yet decided whether to send agents to Ohio. He did not disclose who made the charges.
