

**TWISTERS DO FUNNY THINGS** sometimes. For instance, the one three miles north of Summerfield Saturday night completely demolished a new garage - but left the automobile standing inside without a scratch. A bicycle, leaning against the wall, was gently moved over and was leaning against the car when things cleared. The photographer in the above picture was standing directly where the back wall once stood. Debris scattered over the field is the sole remains of the new garage. Staff Photo.

## Around Town

Despite the fact that the school trustee election was held Saturday it was still a general topic of conversation this week. It was, in fact, the chief topic among voters at the City Election here Tuesday. Mrs. A. L. Manjeet called in Wednesday morning to report that Mrs. Earl Plank is definitely not the first woman to serve on a school board in this community. She says that Mrs. Grace Guthrie and Mrs. E. W. Harrison both served on the board of the Hereford Independent District in 1920. How does she know? "Because," said Mrs. Manjeet, "both of them signed my diploma."

Due to a change in plans the Seventh District Convention "Fun Fiesta," scheduled immediately following the high school program, will be held at the Christian Church instead of the Methodist Church, as previously announced. Probably around 9:30 o'clock.

Doctors are just like other people when their wives have babies. Such at least, is the report from nurses at Deaf Smith County Hospital this week following birth of a daughter to Dr. and Mrs. W. D. Lawrence. They said that Doc walked the floor just like the other dads.

The Ft. Worth Star Telegram this week listed the Star Theatre in Hereford as one of the first seven shows in Texas to screen "The Lone Hand," featuring Joel McCrea and Barbara Hale on April 9. Francis Hardwick is naturally bursting a few buttons.

Classes will be held at the St. Thomas Episcopal Church starting Thursday night at 8 o'clock for persons interested in facts concerning the Protestant Episcopal Church. Bishop George Quarter-

## Small Girl Huddles In Corner As Twister Carries Off Garage

A tornado Saturday afternoon at about 4 o'clock destroyed a two-car garage on the W. E. Holcomb farm three miles north of Summerfield.

The garage, which was valued at about \$500, had been just recently completed.

**Was In Field**  
R. E. Hargis, who lives on the farm, said he was irrigating in a field near the house and saw the storm approaching. He had one daughter, 12-year-old Linda Sue, with him in the field but another daughter, Rita Jan, 14, was in the house. He was unable to reach the house before the storm struck.

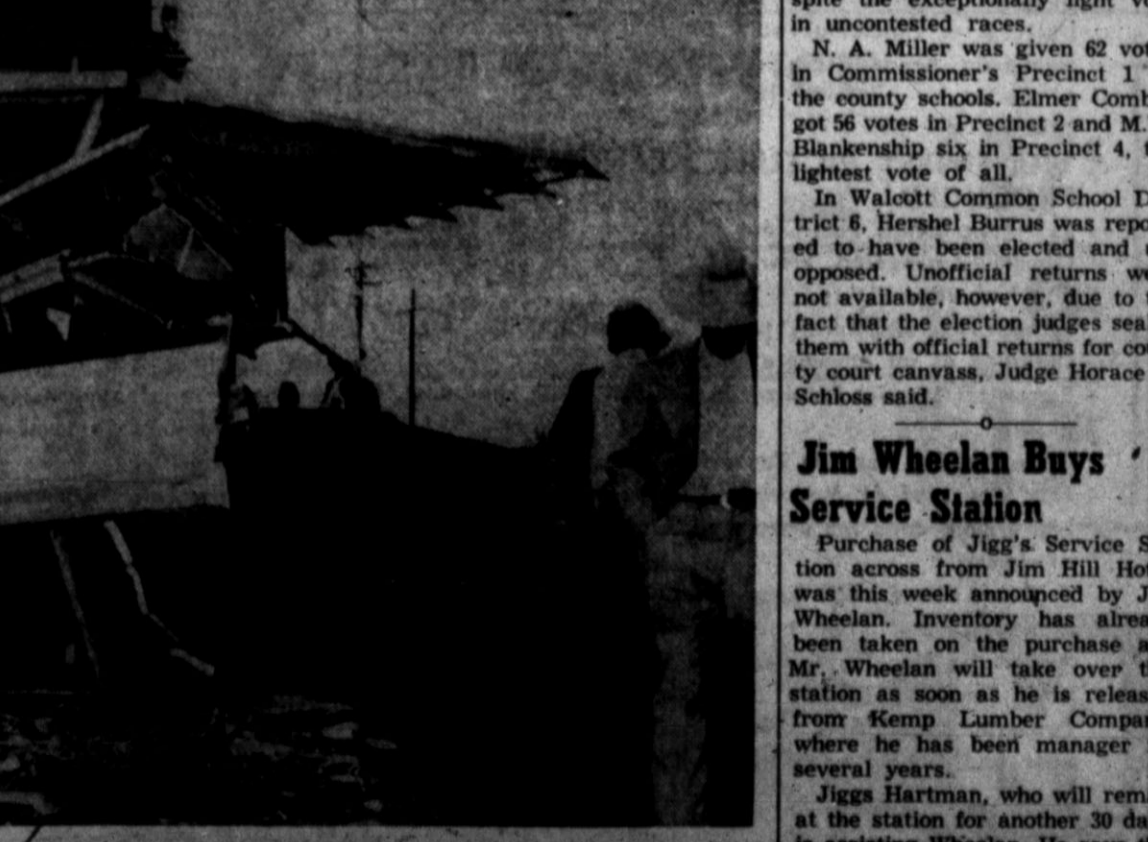

Hargis said that the twister picked up the shed up and carried it about 200 feet into the air before scattering over a field north of the house. He said there was enough lumber boiling out of the funnel that he thought that both the house and the shed had been picked up.

**Huddled In Corner**  
Rita Jan, who was in the house had seen the storm coming and had unplugged all the electrical appliances and huddled in a corner of the house.

A car, which was in one side of the garage was left without a scratch on it when the storm was over. A bicycle which had been leaning against the wall of the garage was leaning against the car and the wall was gone. A trash barrel near the building hadn't been touched.

## Car Plows Through Friona Clinic; Set Damage \$1,350

Damage estimated at about \$1,350 resulted from an accident Sunday afternoon when a 1947 Chevrolet pick-up driven by Robert R. Ponder, ran through the reception and treatment room of the Dr. J. R. Wright Clinic in Friona. The pick-up was owned by Jimmy Jes-

**CLOSE TO A DOCTOR** were the three occupants of a pick-up which Sunday afternoon left Highway 60 and hurtled through the reception room of the J. R. Wright clinic in Friona. The vehicle went through two walls, damaged tables, chairs, and other equipment, totaling an estimated \$1,350. Photo by Mrs. E. R. Day, Sr.

## Saturday Rains Total .84 Inch; 2.07 For 1953

Breaking a long drought in this area, rainfall here Saturday night measured .84 of an inch, according to readings at the City Hall. Some points south, however, reported seven to nine inches of moisture.

The rain apparently was concentrated in the points south and east of Hereford with small amounts reported north and west. As close as two miles north, the moisture measured down to .50 of an inch and points four to five miles north reported .25 of an inch or less. The moisture apparently faded further along the line. The story west of town was similar. Cecil Guseman reported no moisture on his ranch; Charley Burk and D. Walker also reported no rainfall.

Damage totaling \$500 was estimated on the W. E. Holcomb place, three miles northwest of Summerfield, as the result of a small twister which damaged farm buildings. From two to three inches of rainfall was reported in this area.

**Rains Certified Grain**  
Wilburn Ave estimated around seven inches of rain on his place, along with considerable damage to certified grain which was stored in his barn. All of the damage occurred when water ran through the barn.

Jay Boston, around three miles south of Summerfield, said that his rain gauge held three inches—and ran over during the down-pour. Lakes were swollen south of Highway 60 into the Dimmitt area and country roads were reported impassable Sunday and earlier in the week.

The Friona Draw did not get a rampage, but was reported to have carried considerable water as a result of the downpour south of town.

The rainfall brings the total to 2.07 inches during 1953 with .40 in January, .06 in February, .77 in March and the .84 in April.

## Hereford Pioneer Is Buried Monday

Funeral services for Joe Killough pioneer Panhandle business man and cowboy, were conducted Monday morning at 11 o'clock at the N. S. Griggs and Sons Pioneer Chapel, Hoyt H. Houchen, minister of the Central Church of Christ conducted the services.

Mr. Killough, 80, died Friday night at his home after being seriously ill for several days.

He first came to the Panhandle in 1888 and worked for the XII Ranch from 1892 to 1898.

In 1898 Mr. Killough moved to Hereford and was elected county treasurer an office he held for several years.

From Hereford, Mr. Killough moved to Amarillo where he went into the dry goods business. He sold the Killough-Davies store several years ago and was living in Amarillo.

Burialbearers were: E. C. Lacy, S. T. Munhall, Lindsay Smith, D. A. Morton, F. B. Martin, Ivan Hudgins and Jack Fuqua.

Survivors include: his wife, a daughter, a son and four grandchildren.

Mrs. Homer Brumley

## Mrs. Brumley To Head PTA Group For Coming Year

Mrs. Homer Brumley was elected president of the Hereford Parent Teacher Association at the regular meeting here Monday night. She will succeed Robert Thompson.

Other officers include: Mrs. Carol Whiteside, first vice president; Elmer Patterson, second vice president; Mrs. Jimmy Allred, third vice president; Mrs. Stanford Knox recording secretary; Ethel Womble corresponding secretary; Byron Durham, treasurer; Robert Thompson, parliamentary; Mrs. Worth Covington, historian; Roberta Campbell, reporter.

The program Monday opened with a concert by the Grade School band, which is made up from students in the fifth, sixth and seventh grades. The band was directed by Mr. Latson.

**Convention April 21**  
Pres. Thompson announced the Annual convention, 8th dist. of Texas Congress of Parents and Teachers, which will be held in Tulla April 21. The convention will be an all day affair with registration opening at 8:00 a.m. If any member wishes to go to the convention, contact Pres. Thompson for proper credentials to the convention.

**C. of C. Program**  
The Chamber of Commerce was in charge of the program and gave a round table discussion on the interests Hereford holds for new businesses. Cecil Massey acted as moderator and the Board of directors were the panel. Those participating were Paul Harvey, Pres., Ben Childers, Dick Barnard, N. D. Bartlett and Loyd Sharp. Mr. Massey gave interesting facts and figures concerning Hereford's growth—and Deaf Smith which has been 18 percent increase in the past two years while the average city has about 9 and 10 percent increase. He cited Hereford's official population as 7,205. He said that Deaf Smith County produced more vegetable produce last year than any other county in the state.

## Kennimer Bond Is Set Monday, \$1,000

Thurman E. Kennimer was released on \$1,000 bond when he appeared in County Court Monday. Kennimer was arrested on a DWI charge, but did not file a plea at the hearing Monday.

## Sears Named Mayor, Edwards, Kinsey To City Council Posts

Hereford voters Tuesday named Henry Sears as Mayor, Wayne Edwards and D. C. Kinsey, councilmen. The election was the first to be held under the new City Charter form of government and, although the three were unopposed on the ticket, 150 votes were cast in the election.

Six write-in votes were cast in the mayor's race. Sears received 140, Wayne Evans 2, S. O. Wilson 2, Jimmie Gillentine 1, and Lilburn Hamilton 1.

Edwards polled 148 votes for council, while Kinsey polled 144. Failure to add up to 150 was due to the fact that some voters cast ballots for some of the offices, but not in others, Tom Alderson, election judge, said.

The new mayor and council will officially be sworn in and take office at the next regular meeting, scheduled for Monday, April 20, 1933.

Sears will succeed S. O. Wilson, and Kinsey will succeed Don Zimmerman, both of whom declined to run for re-election. Edwards will succeed himself on the council, having been appointed a few months ago to the post after Mr. Wilson was elevated from the position of councilman to mayor.

## Funeral Services For T. J. Carter Pioneer Resident

Thomas Jefferson Carter, pioneer Hereford resident, died at the Deaf Smith County Hospital on Monday morning, April 6, at 8:30 following several weeks' illness.

Funeral services for Mr. Carter were held at the First Methodist Church in Hereford Tuesday afternoon at 2 o'clock with Rev. T. Edgar Neal, pastor; and Rev. Don Boyd of Plainview officiating.

Burial was in Lara Land cemetery in Dallas on Wednesday morning, April 8, at 11 o'clock. Gilliland Funeral Home of Hereford was in charge of the services.

Mr. Carter was born on March 10, 1888 in Dallas and came to Deaf Smith County at the age of six months with his parents, Mr. and Mrs. E. Carter from the Pecos valley. They settled near the Friona draw.

Mr. Carter had been in the real estate business in Hereford since 1908, associated with Joe Carter and J. P. Snyder. In recent years Mr. Carter has operated his own business.

Miss Lula Park of Dallas and Tom Carter were married in December 1927 in Dallas.

Mrs. Carter was a member of the First Methodist Church of Hereford.

Survivors are: his wife, Lula Carter of Hereford; one son, Tommy Jim Carter of Hereford; one brother, A. R. Carter of Dumas and a sister-in-law, Mrs. Mable Carter of Dallas.

## Wildcat Appears To Be "Dry Hole"

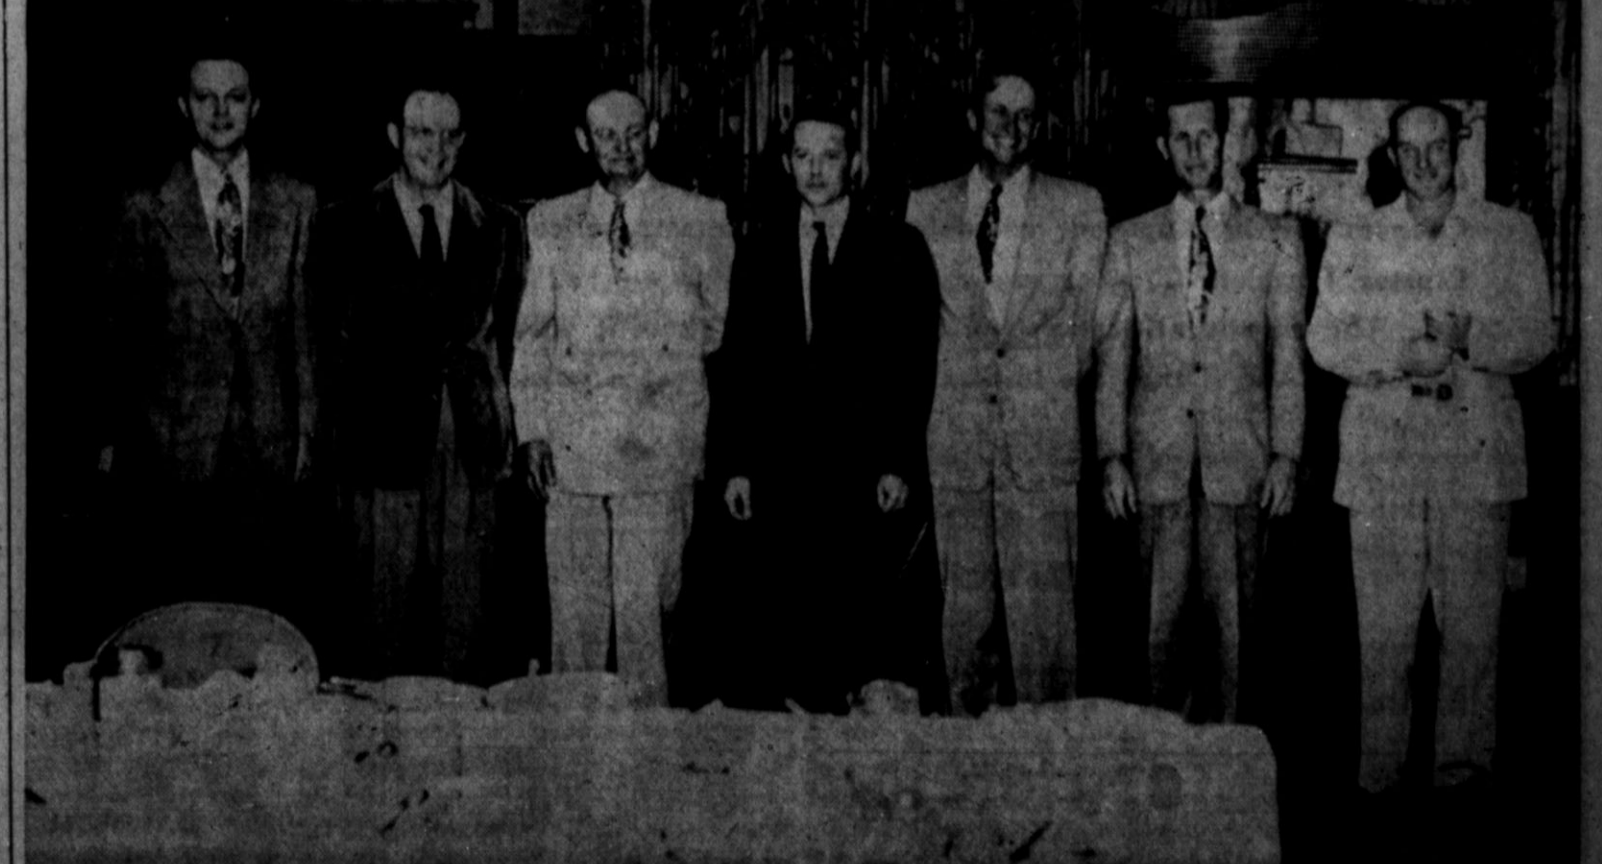

Indications here Wednesday morning were that the Wildcat test, No. 1 Rose, was probably destined to be "another dry hole." Interested persons and lease holders were non-committal after spending Tuesday afternoon on the location.

The well, originally contracted at 8,000 feet, was sub-contracted to drillers at 7,000 feet—and drillers were nearing that point without exceptional showings. The original 8,000 feet contract will be drilled, however, if sponsors insist.

"No encouragement" was the verdict of most close observers of the well. Whether the additional 1,000 feet will be drilled was questionable.

## People Asked To Cooperate By Observing "Stop Signs"

Pointing to the "running of stop signs" as dangerous, Police Chief Leo Box this week asked cooperation of all citizens in helping to curb the violations.

In addition to present stop signs, which have been increased during recent months, the City plans to add around 100 more within the next 90 days. Stop signs were considered as the most economical and safest means of controlling traffic here by the council.

However, everything depends upon whether people do stop and, as police point out, coasting through stop signs does not count. Vehicles are supposed to come to a complete halt.

## Lawrence Owen Is Cited By College Magazine Article

Lawrence Owen, son of Mr. and Mrs. G. P. Owen, was recently cited as winner of the feature article award by the Corral Hardin Simmons University official magazine.

The award was given in recognition of his review of Dr. James Greer's book, "Colonel Jack Hayes" and the article was published in full by the magazine.

Owen, a senior at HSU this year, is a graduate of the Hereford Schools. He is majoring in English and plans to teach after graduation.

## Light Vote Names County Trustees

Unofficial returns this week gave area trustees wide margins, despite the exceptionally light vote in uncontested races.

N. A. Miller was given 62 votes in Commissioner's Precinct 1 on the county schools. Elmer Combes got 56 votes in Precinct 2 and M.W. Blankenship six in Precinct 4, the lightest vote of all.

In Walcott Common School District 6, Hershel Burrus was reported to have been elected and unopposed. Unofficial returns were not available, however, due to the fact that the election judges sealed them with official returns for county court canvass. Judge Horace L. Schloss said.

## Jim Wheelan Buys Service Station

Purchase of Jigg's Service Station across from Jim Hill Hotel, was this week announced by Jim Wheelan. Inventory has already been taken on the purchase and Mr. Wheelan will take over the station as soon as he is released from Kemp Lumber Company, where he has been manager for several years.

Jiggs Hartman, who will remain at the station for another 30 days, is assisting Wheelan. He says that they expect to continue living in Hereford, and that his future plans are indefinite. Hartman has operated the station for the past three and one half years.

on Thursday evening from 6:30 to 8:30. The public is invited, they said.

Fishing is still on the blink, according to anglers. Understand Jack Kirksey and H. E. Wester went out the other afternoon and got "goose-egged". Folks who know these anglers will readily admit that it must have been pretty slow in general. Ten more days and we predict it will be tops.

Bill Engman is still getting records at ENMU, Portales. A release this week says he went out on the baseball mound a few days ago against the Reed Raiders of Plainview. Engman allowed no hits and fanned seven batters.

Mrs. Jewel Smith this week moved the County Welfare offices to the recently redecorated rooms on the top floor of the courthouse.

The offices of County Attorney Ed Line will occupy those adjoining the County Judge and previously occupied by the Welfare Agency.

The Hereford Riders Club will show two movies preceding their regular meeting Thursday night in the county court room. The films, "The Modern American Quarter-horse" and a film on shoeing horses. The shows start at 8 o'clock and are open to the public.

## Dimmitt Dairy Day Is April 10

The Annual Castro County Dairy Day will be held at the Fair Grounds in Dimmitt Friday April 10. The show is open to local and out of county exhibitors that care to show dairy cattle.

Cattle are due in the barn by 10 a.m. Friday morning. They may be brought in Thursday April 9. Judging of 4-H and FFA entries will start at 11 a.m. Friday April 10.

The open class entries will be classified by Mr. Marion Bruce of Amarillo starting at 1:30 p.m. Friday April 10. Approximately 85 head of dairy cattle will be on exhibition. Five breeds of dairy cattle will be shown. The largest number of entries are expected in the Brown Swiss and milking Shorthorn divisions. A fine exhibition of Jerseys, Holstein and Guernsey is also expected.

The show will end about 4 p.m. Friday and a large number of the animals shown here will be taken on to the Plainview Dairy show which starts Saturday April 11.

April 9 in the District Court room in Dimmitt at 8 p.m. a meeting for all persons interested in the dairy industry will be held. Colored slides made of dairies in the county will be shown. A movie on the science of milk production will be shown and other topics related to the dairy industry will be discussed at this meeting.

Everyone is cordially invited to the meeting Thursday night and the Dairy Day April 10.

## Ceremonial Planned By Wakita Camp Fire

Plans were made for a ceremonial on April 21 at the meeting of the Wakita Camp Fire girls on Tuesday afternoon.

The girls brought clothes to be shipped to a Korean orphanage. Following the business meeting the group played games and sang songs.

The meeting was closed with the girls forming the friendship circle and singing "Wohelo."

Those attending were: Sharon Arrington, Eugenia Alexander, Jane Bookout, Linda Hair, De Buck Ann Caraway, Jo Ann Cuppell, Leoda King, Karolyn Kirby, Melba Gay Lawrence, Carol Ann Newell, Mary Lynn Morrison, Linda Kay Noland, Betty Paetzold, Dolly Paetzold, Dolly Jo Prowell, Nona Marie Strange, Donna Witherspoon, Virginia Witherspoon, Mrs. F. L. Alexander, Mrs. H. H. Caraway, and guests, Betty Jean Noland and Kay Caraway.

## Women Discussed By South Hereford H.D.

Mrs. W. H. Goetsch was in charge of the program for the South Hereford Home Demonstration club meeting Tuesday afternoon when the group met with Mrs. John Draper.

First part of the program was a biography of Grace Noel Crowell. Mrs. Ronald Matthews gave this talk.

Mrs. Franklin Miller gave the biography of Loula Grace Erdman and Mrs. W. H. Goetsch gave a talk on Ma Ferguson in Texas Politics.

The council report was given by Mrs. Clarence Hollabaugh. She was selected by council to serve as delegate at the district convention which will be held next week in Dumas.

The group selected several women from the club to accompany Mrs. Hollabaugh to the convention.

A committee was appointed to plan the South Hereford stunt night which will be held May 1.

It was announced that the club would be in charge of the recreation for the council next time.

Those attending were: Mrs. Franklin Miller, Mrs. C. E. Cockrell, Mrs. Clarence Hollabaugh, Mrs. H. D. Bryant, Mrs. S. S. Williams, Mrs. John Hacker, Mrs. W. H. Goetsch, Mrs. Ronald Matthews, Mrs. A. C. Flowers, and the hostess, Mrs. John Draper.

## G-I Insurance On 1951-52 Policies

Pointing out that very few ex-service men have applied for insurance premiums, County Service Officer Leonard Foster today said

that any service man who had an NSLI can get premiums of 50 cents for each \$1,000 for each month between 1951-52.

He also pointed out that 600,000 veterans have not yet collected on their 1948 insurance premiums and that cards may be secured at the post office.

## TELEVISION Model KM21C

The Grandeur

A 21" television picture is beautifully presented in this cabinet of classic modern design. Soft brown shade of mask and accessories, and mellow tone of the acoustic fabric provide excellent color harmony for any setting. Built of carefully selected mahogany wood and finished in veneers of a natural, warm tone, the cabinet has been hand-rubbed to a soft bisque shading. The safety glass is front removable for simplified cleaning of the tube face. Special mounting blocks and prebored receptacles are provided for the easy installation of concealed casters when added mobility of the receiver is desired.  
Size -- 24 3/4" wide; 37 3/8" deep

### EASY TO OPERATE

Five, easily operated controls are located on the front of the set. These are the: 1 -- On-off switch with automatic tone compensated volume control. 2 -- Channel selector switch and fine tuning control. 3 -- Contrast control. 4 -- Brightness control (concentric with contrast control). 5 -- Horizontal hold control. Other controls, not frequently needed, are readily accessible on the rear of the set.

### THE FINEST PICTURE SCIENCE HAS EVER PRODUCED

21" Rectangular, Non-Glare Direct View Picture Tube. Optically-Engineered Viewing Angle to eliminate reflection from room-lights. Locked Picture Controls provide full adaptability for installation of set anywhere in U. S. A. Permanent Magnet Focalizer insures full width sharpness to picture.

Ultra-Sensitive Cascade Tuner for VHF and UHF reception. Four stages of 41 Megacycle I. F. Amplification and BIFILAR wound coils for unexcelled reception and purification of signals. Exclusive Clar-o-matic Circuits provide full picture stability against random interference. Auto-matic Blanking Circuits eliminate annoying picture retrace lines.

Powerful, Keyed Automatic Gain Control maintains brightness and fidelity of picture without use of complicated

"range switches", and prevents annoying "aircraft flutter". Full Range Picture Quality is a Bendix TV standard of leadership, possible because of the extra power and performance built into this set. Automatic Tone Compensation on the volume control to provide proper tone level for purest, on-the-scene music and vice fidelity. High Fidelity Permanent Magnet Speaker to provide all the sound broadcast by the station. Continuously praised by TV servicemen as one of the most trouble-free sets on the market.

### 8. HELP WANTED

Unusual opportunity. Large established personnel reporting firm has opening in Hereford for part time man. Requires two or three hours daily. Good side line. No selling or collecting. Address application letter, Manager, Box 1970, Amarillo.  
B-8-15-2c

Speaking of Government, I think if I were a milk farmer I'd start looking for a whole milk outlet in view of the frightening surplus of butter. We understand most of our whole milk here in the Panhandle is brought in in tank trucks from milk producing states. We heard somewhere that a subsidy is a necessary evil - then somewhere else that a necessary evil is one we like so much we don't care to abolish it. Could be!

Some of us in the business could take a lesson in Real Estate from Mrs. Gertrude Probasco. She has bought and sold more land and houses in Hereford the past few years than anyone. Just now she is in the process of putting a new home on the vacant lot just north of Lee Roy Robertson at 203 Ave. H.

Spring as in the Air... even Walter Winchel had something to say about it in the paper the other day. Runs sorta like this. Wars and Atom bombs and all the trouble between nations is pretty puny stuff as compared to a blade of grass growing thru the ground. If you'll think long enough along this line you can see his point and will be bound to agree. Then there's the urge to dig in the ground that hits every city feller just about this time of year. The urge comes from the same place the blade of grass comes from. All over Hereford, we are digging; and all over Hereford there are shrubs for sale. Mrs. Ward is busy, Howard Armstrong is busy, and out on north highway 51 the fruit stand has new shrubs in from down south. Don't believe there is anything makes a home like plantings around it. And the damage a dog can do to your shrubs depends on how many he stopped at before he got to yours.

N. D. Bartlett is stirring around like a mix master in a washing machine. N. D. has made a deal to buy all the lots out west of Bertram Street which is the next street west of Texas Avenue. He has a housing project under way that will look like some of the additions to Amarillo and Lubbock. Somewhere around a hundred houses and they will be G. I. and F. H. A.

Jiggs (Der Dutchman) Hartman has sold out his Texico Service Station to Jim Whelan. Jim ran the Kemp Lumber Yard for several years and has made a world of friends here in Hereford. We predict that you will see the same friendly service across from the Jim Hill Hotel that Jiggs always gave us. We have bought Jiggs a gallon or two of coffee the past few days and he still won't let us in on what he expects to do.

There are three more pretty big trades in business here that they haven't taken the wraps off of yet - we'll wait for their official announcement.

We understand there is a petition going around to property owners requesting the School Board to do something about the dust at Shirley School even if they do it wrong. Seems like the parents of the kids there feel that the kids won't live to use the nice new Gym and Football Stadium if they keep breathing that dust.

## REAL ESTATE BOARD REPORT

Looks like we have Mr. Denton back with us again. Mr. Denton lived at Friona, sold out and moved to Colorado. Then moved to Amarillo and now has traded his Amarillo property for Frank Wilde's place out on South Highway 51. Welcome home, Mr. Denton.

Just saw Tom Draper who was bragging about his rain Saturday night. Told him we expected it since we had just talked to Ike about some moisture in Texas. Tom says if it's that kind he will just run his wells in the future.

Speaking of Government, I think if I were a milk farmer I'd start looking for a whole milk outlet in view of the frightening surplus of butter. We understand most of our whole milk here in the Panhandle is brought in in tank trucks from milk producing states. **32% Jump in Volume Makes Price Cut Possible!**  
DETROIT: In announcing lower truck and car prices, L. E. Colbert, president of Chrysler Corporation (builders of Dodge "Job Rated" trucks) said:  
"Since the first of this year, Chrysler Corporation has built 32% more automobiles and trucks than we were able to turn out in the corresponding period last year under government controls. With the spring selling season just beginning, our dealers are already selling a pace more than 50% ahead of last year."  
"We are very pleased that we can take this action so shortly after the new administration's prompt ending of price controls on cars and trucks for which materials can be obtained in a free competitive market."  
"These lower prices indicate Chrysler Corporation's confidence in the automobile effects of these moves."  
"Now that higher volume is being achieved and we may reasonably expect it to continue, we are lowering prices accordingly."

### Mrs. R. N. Larmer Is Hostess For Garden Beautiful Club

Mrs. R. N. Larmer was hostess to members of the Garden Beautiful Club Friday afternoon with Mrs. R. B. Miller serving as co-hostess. During the business session it was announced that a flower show will take the place of the next meeting in the home of Mrs. Frances Houston. Club members will make and judge the arrangements. The annual Tour of Homes was postponed until early fall. Mrs. Carroll Whiteside, Mrs. R. N. Larmer and Mrs. E. W. Hobson were named to serve on the nominating committee for new officers. Mrs. W. J. Stanford made the arrangement for the day, featuring an orchid net Easter bonnet about a metallic container filled with white and yellow daffodils. Mrs. Lisle Woodford was in charge of the program for the afternoon. A sound picture "Garden Wise" was presented by W. G. Bailey of Amarillo. The use of krumm was emphasized as a soil bracer. The krumm is made up of electrically charged molecules which binds the soil together—thus preventing rain and water from carrying top soil away. Those present were Mesdames: Geo. Graham, J. B. Harlin, E. W. Harrison, E. W. Hobson, Frances Houston, J. W. Kirby, F. P. Lyons, G. P. Owen, Carl Perrin, Helen Pipkin, Mary Seigler, W. J. Stanford, J.M. Thomson, Carroll Whiteside, Lisle Woodford, Miss Frances Turrentine and the hostesses. Guests were Mrs. Leta Barnett of Wichita Falls and George Graham.

### Bud-To-Blossom Club Elects New Officers For 1953-54

New officers were elected at the Bud To Blossom Club session held in the home of Mrs. R. A. Daniel, Jr. Friday afternoon. They include: Mrs. R. N. Yarbro, president; Mrs. Don T. Martin, 1st vice-president; Mrs. W. Glenn Williams, 2nd vice-president; Mrs. Pat Robinson, 3rd vice-president; Mrs. Lloyd Sharp, recording secretary; Mrs. Frank Prowell, corresponding secretary; Mrs. Ray Howell, treasurer; Mrs. Ernest Kendall, reporter; Mrs. Herbert Haseloff, federation councillor; and Mrs. R. A. Daniel, Jr., parliamentarian. The arrangements for the day were made by the hostess who featured a dining table piece of King Alfred and Mrs. Backhouse daffodils, combined with forsythia. Mrs. Lloyd Sharp presented the program on "Care Makes a Lawn." She mentioned six points to go by for the best results: 1 - Buy good seed suited to weather conditions in your area. 2 - Prepare the ground thoroughly before planting. 3 - Plant enough seed per square-foot, and keep damp until seeds are sprouted and grow, usually from 5 to 30 days. 4 - Roll rarely if at all. 5 - Feed moderately in the fall and early spring. 6 - When water is needed, soak well. Members attending the session were Mesdames: Preston Hagans, Herbert Haseloff, Ray Howell, C. B. Hudson, Don T. Martin, W. H. Patton, Frank Prowell, Lloyd Sharp, W. Glenn Williams, R. N. Yarbro, and the hostesses.

## Headquarters In Hotel Jim Hill General Sessions, Baptist Church

Hereford clubwomen will be hosts to the 32nd annual convention of the 7th District, Texas Federation of Women's Clubs this weekend beginning Thursday and lasting through Saturday noon.

Introducing the program will be a board dinner at Hotel Jim Hill Thursday evening at 7 p.m. sponsored by the Deaf Smith County Federation of Women's Clubs, and honoring the district president, Mrs. O. M. McGinty of Spur. Mrs. Walker B. Jones, Tulsa first vice-president, will preside.

Mrs. Elmer Patterson, convention chairman, will extend greetings and the Boys Quartet from Hereford High School and Dick Wilson will provide musical entertainment. Mesdames Ray Johnson, Urlin Streu and S. S. Dodson will serve as hostesses.

Theme for the convention will be "An Informed and Responsible Womanhood" which has been the president's theme for her term of office.

**FRIDAY MORNING** — Public speaking workshop breakfasts will be held both Friday and Saturday mornings at 7:15 a.m. with Mrs. Wm. A. Moore, Canyon, as public speaking consultant. Friday's breakfast will be held at the Methodist Church and Saturday the breakfast will be at Hotel Jim Hill.

Mrs. Moore has her degree in English and Speech from Okla. College for Women, Chickasha, and her Master of Arts degree in Speech from the University of Michigan. She was a teacher of Speech and English for 9 years before coming to Canyon where her husband is connected with WTSC.

At 7:30 a.m. the past president's breakfast will be held at Mrs. Rex Tynes' party house.

Registration for the general sessions opens Friday morning in the basement of the First Baptist Church at 8 o'clock.

Official opening of the convention will be held at 9:30 in the

auditorium of the Baptist Church. Mrs. O.M. McGinty will preside.

Mrs. McGinty is closing her two-year term of office with the Hereford convention. Prior to her election to this post she had served District 7 as 1st and 2nd vice-presidents.

Assisting Mrs. McGinty will be Mrs. Walker B. Jones of Tulsa, 1st vice-president, and Mrs. John Merchant of Amarillo, 2nd vice-president.

Cecil Massey, manager Chamber of Commerce, will give the official welcome with Mrs. Earl DeHart, president of the Deaf Smith County Federation presenting greetings.

Principal speaker will be Mrs. Van Hook Stubbs, Wortham, State president, TFWC. Mrs. Stubbs has chosen "Trends" as the subject for her message to the district.

Mrs. J. P. Mattox, Oklahoma City, will speak on "The King's Mother." Mrs. Mattox, civic leader and well known speaker to Women's groups, is the mother of seven children and has done outstanding work in the field of family relations and child training. She is past president of the Okla. City Council of Parents and Teachers and past president of Big Sisters, an organization for the help of unfortunate girls in Okla.

Candidates for elective offices of 7th District will be presented at 11:45.

### EDUCATION LUNCHEON

Mrs. Robert Lindsey of Borger, chairman of department committees will preside at the Education Luncheon held in Jim Hill Hotel at 12:15.

The luncheon highlight will be an address by Mrs. J. L. Lush of Ames, Iowa. Mrs. Lush is character Education Chairman in the General Federation of Women's Clubs. She has also been Family Living and American Home Chairman. Mrs. Lush teaches foreign languages in private classes and has thus begun to direct cultural

Mrs. A. M. McGinty

tours of Europe. In 1953 she expects to direct her 5th such tour, having taken 27 persons abroad in 1952. The Music Study Club Chorus will present two selections.

**Friday Afternoon** — Convention Hall at 2:15.

Bob Wear, minister of the Hereford Church of Christ, will make the opening talk at the Friday afternoon session. J. C. Porter, manager Agriculture Department, First National Bank, Wichita Falls, will address the group on "The Good Earth — Our Richest Heritage." Mr. Porter is chairman of soil conservation committee, West Texas Chamber of Commerce, and has been connected with state and district conservation activities for years. In 1949 he received the Meritorious Accomplishment Citation

from the U. S. Department of Agriculture, for outstanding work in his field.

Musical entertainment will be by Don McGinty of Spur and Mrs. W. R. Wilson, Canyon.

Social highlight of the convention will be the "Miss Springtime Tea" in Hotel Jim Hill ballroom from 6 to 7 p.m. Junior Club Women will be honor guests.

### FINE ARTS EVENING

Beginning at 8 o'clock a Fine Arts program will be presented in the high school auditorium. Featured on the program will be two one-act plays presented by the Speech Department of Texas Technological College, under the direction of Ronald Shulz, faculty member of the Theater Workshop. Miss

Peggy Williams of Plainview, student at West Texas State College, Canyon, will entertain with vocal solos.

Immediately following the Fine Arts program a Fun Fiesta will be held in the basement of the Methodist Church. A buffet supper with strictly nonsense entertainment and fun will be the order of the program.

**SATURDAY MORNING**

The convention will reconvene at the Baptist Church at 9 o'clock

with Mrs. McGinty presiding, assisted by Mrs. John Merchant.

Besides the regular business of the convention, Mrs. J. L. Lush will speak on "Family Living." A panel on "The World We Have Seen" will be conducted by Mrs. W. E. Cantrell, Lometa, and Mrs. Irl Robertson of Lubbock. Cortland Savage, student at Wayland College, will sing and the address of the morning will be given by Dr. Henry Snyderman of Plainview. Dr. Snyderman's subject will be "Deferring Old Age." Dr. Snyderman, a graduate of Washington University Medical School, St.

Louis, Mo. is certified by the American Board as a specialist in neurology and psychiatry.

"Youth Meets Its Problems" will be the subject of Thomas H. Taylor, Brownwood, president of Howard Payne College.

The Awards Luncheon at 12:15 at Hotel Jim Hill will close the convention. Mrs. Guy Smith of Tulsa will preside. Musical sketches from the Parade of Nations, pageant written by "Elsie Porter Stone for the 1935 Study Club of Sudan, and produced by the club members, will be featured.

A feature of the convention program will be an art show and an antique show at the Baptist Church throughout the period of the convention. Mrs. L. L. Womble is chairman. The show will feature six divisions, junior, high school college, and a special division for those who are not members of federated clubs. The Ceramic Art Club will have a "small show" and entries in oils, water color and lithograph and kraft designing have been made.

Sessions of the Convention will be open to the public and Mrs. McGinty, district president, has extended a cordial invitation to the people of Hereford to attend, especially the Fine Arts Program Friday night.

### CONG. WALTER ROGERS SAYS:

## Tidelands Situation Reviewed As House Committee Takes Action

Tidelands: This letter is being written just a few minutes after I have cast a vote for the bill returning the tidelands to the states that own them. A companion bill is being debated on the Senate Floor this afternoon. The bill passed the House of Representatives by an overwhelming vote. The Speaker announced the vote as 285 for the passage of the bill and 108 against. This means that the proponents of the bill gained about 25 votes since a similar bill passed the House in the 82nd Congress. The present bill does not go as far in treating all of the problems involved as did the bill passed by the 82nd Congress. However, the present bill does settle, once for all the boundary dispute and definitely fixes Texas' ownership to the 10 1/2 mile strip, which she has always owned. It is entirely possible that differences between the House bill and the Senate bill may result in a compromise measure that will treat only the problem of title and will restore state ownership to their historical boundaries. The bill finally passed should in my opinion contain provisions concerning the leasing and operation of the continental shelf. This is most important for many reasons, the main one being that the United States Government should lose no time in developing the resources on the continental shelf beyond the historical boundaries of the states involved. As soon as the President signs a bill reclaiming the submerged lands to the historical boundaries of the states, which is the strip that has been in controversy, the states can immediately proceed with full development. The fight on this issue has been long and tough, and it is a source of great satisfaction to know that we have passed the measure through the House and that it will not be vetoed. The debate on the bill was never heated and there were no noticeable displays of temper. The whole subject was faced on a logical and reasonable basis and the bill passed simply because the proponents of the bill have the facts and the law on their side. Some humorous events occurred during the debate. One of the opponents of the bill, who is a very nice fellow, commented that the original three mile strip in the marginal sea was fixed on the theory that it was a defense matter concerning the defense of the country and that the width of the strip was determined by the fact that it was the distance that a cannon could fire at that time. This Member wondered how it was that cannons would only shoot three miles off the eastern states while apparently Texas had cannons that would shoot 10 1/2 miles. I later told him that it was a matter of common knowledge that the size of Texas requires a cannon that would shoot three times far-

ther than those in the smaller states. Obviously another situation where necessity is the mother of invention.

**The Jet Ace:** Senator Lyndon Johnson and former Speaker Sam Rayburn honored the new Jet Ace Royal Baker, of McKinney, Texas, with a luncheon on Tuesday, March 31st. Colonel Baker and his lovely wife were in Washington to receive the honors which this young man has earned. The luncheon included Mrs. Oveta Culp Hobby, head of the Federal Security Agency, our own Bob Anderson, Secretary of the Navy, Air Force Secretary Harold E. Talbot, Air Chief of Staff Vandenberg, former Air Secretary and present Senator from Missouri Stuart Symington, the able Senator from Georgia, Dick Russell, Senator Price Daniel and the members of the House of Representatives from Texas, and other government officials. About five of these prominent individuals made short and excellent speeches. Senator Johnson, in introducing Colonel Baker, remarked that the Colonel had told him he would much prefer to face a Russian MIG in combat than to try to make a speech. The Colonel made one of the best and most moving speeches that I have ever heard. In fact, it was not a speech at all, but the remarks of a patriotic young American in his own inimitable words. The most impressive thing to me was his statement to the effect that he had been quoted by some newspaper as saying that he had done his share. He told his audience at the luncheon that he did not make such a statement and would not make such a statement because he did not know what his share was; that he stood ready, able and willing to answer the call of his country at any time and in whatever capacity he could serve. Everyone in the audience knew that the Colonel had asked that his tour of duty in Korea be extended on the grounds since he knew how to knock out these MIGs, he wanted the opportunity to carry on. When he got through there was hardly a dry eye in the group, and I know that he did not try nor intend to be emotional.

Visitors: I had a short but wonderful visit with Colonel Joe Burrow, who is just back from a long tour of duty in Korea and Japan. The Colonel is originally from Dalhart, but lived at Pampa for a number of years before going into the service during World War II. He looked like the same old Joe that I used to drink coffee with in the Courthouse Cafe. He is back in this country and will be stationed in the Continental United States for a while. He has a world of experiences to relate and is most enlightening on the Korean matter. If he gets back to the Panhandle, don't fail to have him talk to your

civic groups or other groups. Other visitors from the Panhandle this week were Dr. and Mrs. Crannell Tolliver and their two sons, from Canyon, Mrs. Grace Pool, of Wichita Falls, formerly of Pampa; Lawrence Hagy, Rip Underwood, Harold Dunn, Ed Sealeman, T. E. Johnson, Mayor Eugene Klein and Rex Baxter, of Amarillo; and Fritz Thompson, of Borger.

Milton Newell, student at Texas Tech in Lubbock, spent the Easter holidays in the home of his parents, Mr. and Mrs. Orland Newell.

### No Increase Seen In Braceros Rates

There will be no increases in the costs of braceros (Mexican farm laborers brought into this country under contract) this year.

"That is the word brought back from Mexico City this week by Jim Griffin, Mission Texas, farmer and past president of the American Agricultural Council.

Griffin, accompanied by Edwin W. Pryor, of Harlingen, was sent to Mexico City by the council to ascertain just what was being negotiated between U. S. and Mexican government representatives concerning the bracero contracts.

Reports from Mexico City had indicated that the Mexican government was demanding increased pay rates for its braceros, and was seeking insurance covering each worker from the time he left home until his return, instead of on-the-job insurance such as is now provided in the contract.

"We were happy to learn, however, Griffin said, "that the current negotiations in Mexico City do not involve any changes whatsoever in the bracero agreement and contract. They are being held to agree upon interpretations of certain phases of the contract, and to work out some operating problems, which have arisen in other sections of the country during the current agreement.

"The negotiators for the two governments are not discussing any changes in the agreement," Griffin said he was told. "In fact, our negotiators are not authorized by our government to discuss any changes of any nature."

Griffin and Pryor reported they were assured nothing on the agenda involved any increased pay rates for braceros, or any "fringe benefits" which would make braceros cost the American grower more money this year.

The increased insurance coverage is a matter being worked out between the Mexican government and insurance companies, will not cost the contractor any more, it was learned.

The U. S. negotiators, from the Department of Labor and the State Department, were told economic conditions in South Texas, because

of the record drought and falling produce prices, would preclude any increase in bracero expenses to the grower.

"We just told them bluntly that any such increases would jeopardize the whole bracero program, and make it impossible for our growers to hire contracted farm workers from Mexico," Griffin added. "Any such increases just wouldn't make sense."

## A Crown of Thorns

"They Crowned Him With Thorns"... what do we crown Him with? Long ago the crowd cried, "Crucify Him." Today, many would prefer to crucify The Son of God than to Confess Him. How is it with you? Do you scorn Him with proud rejection? Are you pressing the painful sharp points of the crown of thorns against His brow? Do you revolt against all His Kingdom stands for? Do you crucify Him anew each day and put Him to open shame?

Blessed to know that He accepted the crown of thorns. He was despised and rejected by men; yet He opened not His mouth. Will you TRUST your soul to Him, or will you THRUST your thorns in Him? Go to church this week. Trust Him, confess Him... help lift that crown of thorns; help carry that cross.

**FORMER HEREFORD GIRL HAS CITIZENSHIP CLASS**

Mrs. Charles Wilder, former Hereford teacher and daughter of Mr. and Mrs. C. F. Davis of Hereford, this week started a six-week citizenship course in Frank Phillips Junior College at Borger.

The course is designed for foreign-born persons seeking U. S. Citizenship papers. Mrs. Wilder, social studies instructor in the Bor-

ger High School, will conduct the course in addition to her other duties.

Mr. and Mrs. Bill Jobs of Lubbock and Alinda and Sherrel Stewart of Crosbyton visited in the J. M. Dawson home Sunday.

Mrs. Charlene Wilder of Borger spent the Easter week end in the home of her parents, Mr. and Mrs. C. F. Davis.

**Texas Press Association**  
AUSTIN, Tex. — Behind closed doors went senators and representatives trying to agree on the Legislature's big spending bill.

A guard kept out reporters, one of whom recalled, somewhat bitterly, that a House committee had recommended passage of a resolution condemning the federal government for doing business behind closed doors. The Senate had already passed such a resolution.

Senator Otis Lock and Representative Max Smith explained that it is customary for conference committees to meet privately. These men, chairmen of the Senate and House appropriations committees, said the conferees were trying to get together on policy.

Both the Senate and House have passed appropriations bills, but they differ in amount. The Senate bill is about six million dollars higher.

Action on other spending bills was held up until the houses finally passed the big one, which is for general government expense.

That was a ruling of House Speaker Reuben Senterfitt, the case in point being a move to change a teachers' pay-raise bill from the appropriations committee to the public lands and buildings committee.

The motion failed, but the appropriations committee set a hearing on three bills to hike teachers salaries. Under Senterfitt's ruling it is proper to hold the hearings, but no action can be taken on these or any other spending measures until the general appropriations bill is finally passed.

One of the teacher bills would boost all teachers' salaries \$600 a year, another would give them \$240 and the third sets up a sliding scale giving lower bracket teachers \$504 additional and less for the higher-paid pedagogues.

Opposition developed quickly to a tax bill that would raise \$84 million a year in new money.

Earle Cabell, Dallas business man, told the legislature he feared higher taxes would retard the growth and prosperity of the state.

Favoring the bill were a group of West Texans who insisted that more money is needed for schools, roads, and other purposes.

Committee hearings will be held twice weekly for three weeks so that all may express their opinions on this measure.

Representative George S. Berry of Lubbock is author of the tax bill, which levies on manufacture of lumber and lime; mining of coal, lignite, asphaltic limestone, gypsum, salt, sand, gravel, shell, clay, limestone, granite, marble,

sandstone, asphalt and Fuller's earth; oil production; beer; gross receipts of chemical manufacturers; refining of gasoline; and imports.

The state health officer has a clean bill of health.

Charges against Dr. George W. Cox were dismissed by the state board of health, and the board elected him to serve another two-year term.

Senator J. T. Rutherford of Odessa had charged Dr. Cox with irregularities, but the board, after holding an investigation, found that the state health officer and his associates were innocent of "any misconduct or misappropriation of moneys or materials."

Dr. O. B. Kiel of Wichita Falls, chairman of the board, said members had "a great deal of faith and confidence in Dr. Cox."

Texas officials expressed gratification when the national house of representatives passed a bill returning ownership of the tidelands to Texas.

Governor Allan Shivers, Land Commissioner Bascom Giles, and Attorney General John Ben Shepherd comprise the Texas School land board, which would administer the vast area.

They all expressed the wish that Congress will give Texas a part of the revenue from all of the continental shelf. The present bill puts Texas' boundary at three leagues out in the Gulf of Mexico.

Congress last year passed legislation returning ownership of the tidelands to the states, but the measure was vetoed by President Truman.

The tidelands are particularly valuable because they are rich in oil.

Senator George Moffett's proposed constitutional amendment to get money for needed state office buildings was passed by the senate without a dissenting vote.

The funds would come from the surplus in the Confederate pension fund.

A property tax of two cents per \$100 valuation now raises about a million and a quarter dollars a year for the pension fund, which now has a surplus of \$4,604,163.

Only two veterans of the Confederate Army are now alive in Texas, but there are 525 widows of Confederate veterans. Returns from the property tax are more than enough to pay the pensions.

The House of Representatives has passed a bill which would permit the state to issue revenue bonds for constructing state buildings and retire the bonds with money the state now spends in rent for office space.

The state now owns land near the capitol where the new office buildings could be located.

The Senate also approved a proposed constitutional amendment that would give four-year terms of office to precinct, county, and district officials, except members of the House of Representatives.

In the house there is a similar proposal which includes the representatives in the four-year term of office. Several senators have expressed their opposition to this aspect of the resolution.

son that local officials usually serve two terms anyway, and that running for office every two years takes time and costs money.

"Lascivious and misleading" book covers would be barred from the newsstands under the terms of a bill passed by the Senate and sent to the house.

There are 46th in the bill, too. Publishers, jobbers, and retailers who handle the books with the sexy covers would be subject to a fine of \$1,000, or a jail sentence of six months, or both.

The question of what to do about water is still getting serious study. There are eight bills in the house. They deal with various aspects of the subject, such as appropriation and use of public water and pollution. One bill, by Representative Joe Kilgore, creates a water resources committee which would make a four-year survey of the Texas water situation, making reports to the governor and the legislature every six months.

**SHORT SNORTS:** The senate passed 34 local and non-contested bills in an hour without a roll call. The bills had been inspected in advance to make sure that none was controversial. . . . One of the bills would prohibit installation of television sets in automobiles. . . . The legal profession has been lax in its public relations program, but is going to do better, said J. Glenn Turner of Dallas, president of the state bar, in a speech here. He wants a movie showing what it means to live under the law.

Jim Lookingbill, student at Texas Tech, was home over the Easter holidays.

*Here's Packard's new medium-priced car!*

**The New Packard CLIPPER**

Here's your opportunity to own and drive a really fine automobile at only a few hundred dollars more than you'd pay for a car in the lowest-priced field!

**IN ALL** truth, the new Packard CLIPPER is enjoying public response—far beyond expectations—and has, since the first day it was shown!

Because the value is there, and the price is right.

How can Packard do it? Deliver so much big-car value and performance at medium-car prices?

**FIRST:** It's Packard engineering—traditionally fine, historically dependable. Packard, you remember, is the oldest maker of fine quality cars in America.

**SECOND:** Packard occupies a unique manufacturing position, for Packard alone with 54 years' experience in fine car building, combines craftsmanship

of the highest character, and modern mass production techniques, to produce greater dollar for dollar values.

In addition to greater values, you get Packard's contour styling that is setting the new trend in automotive design. Contour styling means not only a handsome car, but better visibility—any way you look! You get the smoothness and comfort of the famous Packard ride, too—*real big-car ride!*

You get the unforgettable kitten-smooth, whip-quick pull and zoom of the Packard Thunderbolt-8 Engine—*real big-car power!*

In all, you get more than 70 big-car features!

If you plan to buy a car in the \$2500 price-class be sure to see and drive the new Packard CLIPPER and compare it with other medium-priced cars. Surprisingly enough the CLIPPER costs only a few hundred dollars more than cars in the lowest-priced field. And, of course, there's a wide range of new beautiful CLIPPER models, any one of which will give you a *lift*, as well as a ride, anytime you drive it!

**New Packard CLIPPER**

In addition to the new CLIPPER, Packard of course continues to build one of the finest cars in the world, sold under the single name PACKARD—America's new choice in fine cars. Now—Ask the man who owns one!

**Fancy and Plain**  
 By Kent Snare

all the stress and strain the Southern Association and its components. . . That southern accrediting body has the entire membership of the Southern and South-eastern Conferences plus all but

Arkansas of the Southwest Conference in its fold. . . I would hazard a guess that some pressure will be brought to bear to smooth out a way to compete successfully with the southern group even though the austere collar of the North Central group remains starched. . . The fight loomed when the North Central group began to try to enforce their ban on athletic scholarships, their component schools rode out a period of about a year, thinking and hoping that the edict would die on the vine. . . Then recently, the NCA put Bradley on probation and threw suspension at Oklahoma A & M College, later giving a 30 day conformity grace period to the latter school. Third round coming up, after a meeting at Chicago on April 27 of four major conferences affected by the trite ruling. They are the Big Seven, the Skyline, the Missouri Valley and the Big Ten. Incidentally, the Big Ten has one of its own Michigan State, under personal surveillance. That's comparable to breaking a dam in a box canyon, everyone in it is liable to get soaked and I don't mean just wet. It is impossible to convince me that these good athletes migrate all over the U S and A just because the scholastic rules are tight in places, or the school colors are pink and purple, or that it is located on Sokolemy creek, with running water. . . In this era of nickels and dimes, somebody finds a way and pursues it, no less. I surmised a long way back that they didn't retire the stadium bonds with forensic feats or a feeble ball club. A successful team record and an able coach will attract many a youth for the promise that the future holds for him, if he makes the club and establishes himself. However in many cases it is board and beans plus, that gets the pick of the players whether the NCA approves or not. One threat, that of expulsion from

the schedules of all NCA member schools is thrust at offenders, however they allow all members to play constituents of the Southern Conference which is no way as strict either scholastically or as stringent or subsidizing as the NCA. Mayhap they have plans in that direction. . . As before, NCA members have been in a quiet stew ever since the accreditng group adopted its get tough athletic code. They hoped that the rule against athletic scholarships would not be highlighted and enforced or that it would be removed from the code or greatly modified. No school has made a move till yet, other than to grapevine it with other interested parties. The upcoming convlave in Chicago will probably kick the thing out into the open. There seems little doubt but what nearly all major schools that field good clubs have some vulnerable spots of their own. There are powerful constituents among the four conferences which will be there, namely the Big Ten, Big Seven, Skyline and Missouri Valley. The consensus of gossiers is that if the NCA does not relent in its attitude on aid to athletes that an underground movement, so to speak, will erupt, second only to that which upended the Nazis. Financial assistance to bona-fide students is too deeply seated to be ejected by force. If the NCA tries to enforce its no-help to athletes code, have no fear but that its component members will find ways and means to provide help for athletes; especially those characters who give promise of providing consternation to and victories over the other members of the NCA or any universities and colleges, who can fill the stadium seats, especially the 6.60 ones. . .

**Light Heavy Champ Meets Cummings On Lions Card Saturday**

Gypsy Joe, the little man with the big championship, comes to the Hereford wrestling arena Saturday night, meeting Bob Cummings of Hereford in the top section of a double main event. Gypsy Joe is the accepted world's champion in the light heavy-weight class. His title will not be at stake here because Cummings could not possibly make the weight requirement. A challenger must weigh in at no more than 185 pounds. Because of the shortage of light heavyweights in the territory, The Gypsy has let his weight move up in order not to give too much away to the junior heavyweights. He will come in at nearly 195 pounds, it is believed. In the first part of the double main, Whitey Whittier, veteran "iron man" from Roxana, Ill., tangles with the newcomer, John Henning, tall, strong-armed man from St. Petersburg, Fla. Henning, former "frog man" in the U. S.

**Timely Tips**

1. Cottage cheese is on the plentiful food list for April.
2. Cottage cheese is nutritious. It is an important source of protein and calcium.
3. Frozen Cheese Dream may be used as a dessert or as a salad. As a dessert, serve it with fruit, such as strawberries; as a salad, serve with lettuce and salad dressing.
4. Frozen Cheese Dream is an appetite tantalizer for these warm spring days. It is especially nice as a party refreshment.

It is possible to seat five people at a table in 120 different combinations.
