RFC Makes Top Bid For Jim Hill

Public Auction Is Next Step In Liquidation Try

Final disposition of the Hotel Jim Hill is still an open question following public sale of the property and furnishing by the Reconstruction Finance Corporation Tuesday morning. The hotel is remaining open for the present.

RFC made the top bid on the property — \$132,000 — to protect its investment of about \$199,000 which is still due on the money borrowed by the Community Hotel Corporation to help finance construction of the building.

Gray Powell, as trustee appointed by the RFC to handle the affairs of the hotel, held the public auction on the front steps of the Deaf Smith County Courthouse.

Leaning back against the wall behind the front steps while the warm spring sun cast sharp shadows

under the brim of his hat, Powell quietly read off the sales notice, then asked for bids.

After a long silence, Dr. L. B. Barnett opened the bidding by offering \$75,000 in the name of the corporation.

This was immediately raised to \$90,000 by R. J. Murray, acting for RFC.

A representative from the Hilton Hotel in Plainview hit the \$100,000 mark with his bid, which was followed immediately by Murray's return bid of \$110,000.

Dark Horse Bidder

It was at that point that a dark horse bidder, Wayne Wallace, stepped into the picture with a bid of \$115,000. Murray raised it to \$120,000. Wallace went up to \$125,000. Murray raised the bid for RFC to \$130,000. Wallace made his final bid of \$131,000, and Murray made the final bid of \$132,000 for RFC.

For the sale of the hotel furnishings, Powell and others interested in the matter moved to the Jim Hill ballroom.

Dr. Barnett, for the corporation, offered \$5,000 for all the furnishings and fixtures, and Murray immediately countered with an offer of \$10,000, which was the final bid, and was accepted.

Hotel To Stay Open

From here on, sale of the hotel will follow a general course prescribed by law, the RFC men said. Pending final disposition of the property, they are hoping to keep the hotel open. Mr. and Mrs. Dick Ross will continue as managers.

Within approximately 30 days, the property will be offered at a public auction. A well-known auctioneer will probably be brought in for the job.

If the bids made at the auction are not satisfactory, then the hotel will be offered for negotiated sale.

Powell seemed to think that RFC will probably get all, or most, of its money out of the hotel. He mentioned that some kind of terms could be worked out in paying for the hotel, though he could not say just what those terms would be.

The hotel cost about half a million dollars, and, if purchased for the amount of the loan against it, should prove a paying proposition.

Barring some unlikely turn of events, several hundred stockholders have lost \$175,000 which they put into the corporation when it was formed to build the hotel. Their main consolation is that the hotel is certainly not likely to be torn down, and it can't be moved.

Day Of Prayer For Rain Set By Ministers

A decision to call the city and county together for a day of prayer for rain was decided after a discussion at the meeting of the Hereford Ministerial Alliance Monday morning.

It was decided that there would be no mass meeting called but it would be carried on in each of the local churches. People are asked not to come together as a group but a scheduled time be allotted throughout the day from 5 o'clock the morning of April 15 to 5 o'clock the following morning to pray for rain.

In calling the community together, the Alliance pointed out that the Bible says that people who are praying for rain should also rededicate themselves to new service for the Lord. (II Chronicles, 7:14) The Alliance is also asking people to come for the day of prayer, not primarily for financial remuneration, but for spiritual blessings that will come from their praying.

This is not being done as a publicity stunt, it is to get people to come back to local churches in a prayer service, the ministers said. It is being done on a local church basis rather than on a town basis. "It is not the wish of the alliance that this interfere with Good Friday."

Road Knights Parent-Son Banquet Held

Approximately 60 persons were present at the Road Knights Parent-Son Banquet held Monday night at City Hall.

Entertainment was furnished by Cecil McNeill, of the Texas Highway Patrol, who showed a film, and Gordon Scheffer who sang western songs and accompanied himself on a guitar.

Bill Paetzold, a member of the Hereford Road Knights, won first prize in the car show at Amarillo last Saturday and Sunday with his 1953 Ford. The Ford has extended rear fenders, 1954

Collision With Truck Damages Automobile

About \$150 damage was done to a 1948 Chrysler in a collision with a GMC pickup on First Street Sunday afternoon about 6 o'clock.

The Chrysler driven by Ester L. Klinker of Amarillo was going east on West First and the pickup driven by Elwyn Virgil Hartman, 404 West Second Street, was going south on Ross Avenue and had made a left turn onto First. The pickup had crossed the center stripe and had straightened out when the front of the Chrysler collided with the rear of the pickup.

No damage was done to the pickup.

Ester Klinker was charged with following too closely.

Sisters Are Holding Long Family Reunion

Mrs. Jett Gilbreath, Mrs. Cliff Estes, and Mrs. Nell Morgan of Adrian, Mrs. Claude Morris of Vega, and Mrs. Sam Steele of Fort Sumner, N. M., left Monday accompanied by Miss Thornton Shirley, for Duncan, Okla., where they will join their sisters, Mrs. Dean Rice of Duncan and Mrs. Barney Casteel of Atlanta, Ga., for a reunion.

On Wednesday the entire group went to Vega for a stay in the Morris home, and will go from there to Fort Sumner for a few days on the Steele Ranch. They will come to Hereford from Fort Sumner to visit in the Estes and Gilbreath homes, the last stop before Mrs. Casteel returns to Atlanta.

The seven sisters and Miss Shirley plan to spend the entire week or 10 days of Mrs. Casteel's visit together. They are the daughters of the late Mr. and Mrs. John L. Wilson, pioneers of the Panhandle.

Zoning Ordinance Hearing Announced For April 21

A hearing on the proposed zoning ordinance for Hereford was scheduled for 10 o'clock the morning of April 21 at the City Commission Monday night.

At the same meeting, Earnest Langley was appointed City Attorney to replace Ray Cowsert, whose resignation was accepted "with regret." Cowsert had been city attorney since Mayor Dameron's first term of office.

According to the proposed zoning ordinance, seven types of districts will be set up within the city limits. These will range from one-family dwelling areas through industrial and manufacturing districts. (See map).

In addition, the proposed ordinance sets up requirements for the sizes of lots for buildings in the various zones, heights of the buildings, and the distances the buildings must be set back from each of the boundaries of the lot.

The proposed zoning was worked out by the zoning commission, which was appointed by the City Commission last November. Members of the zoning commission are J. R. Allison, J. C. McCracken, Neil Cooper, J. C. Ricketts and Ben Childers.

The zoning commission worked out the proposed zoning, which would not affect existing residences or business establishments, by using a land use map prepared

by the city engineer, making on-the-spot studies, and then working out the details in meetings.

General purpose of the proposed ordinance is to protect both residential and business property owners, maintain property values, and help to maintain the overall appearance of the city, the zoning

commission said.

It was also mentioned at the city commission meeting that tree spraying work being done in the city at this time has the general approval of the commission, but the city is not specially recommending the services of any person or organization to do the work.

In discussing property values within the city limits, it was brought out that most property in the city is undervalued at the present time, and it is felt that the entire city should be resurveyed by a disinterested person. Mayor Sears suggested that the tax survey be made in conjunction with either the county or school district, if not both.

A petition from residents on Blewett Street, asking for street lights, was presented to the commission, and the commission voted to have the lights installed. Installation is done by Southwestern Public Service Company.

Those attending the City Commission meeting Monday night included City Manager Cecil Massey, Mayor Henry Sears, commissioners Wayne Edwards and Raylan Evans, and City Attorney Ray Cowsert.

Sammy Albracht Chosen For University Baseball

Sammy Albracht, son of r. and Mrs. W. J. Albracht, Route 3, has been selected a member of the St. Edward's University baseball team.

Albracht was chosen by head coach Ed Norris to be one of the outfielders that he carries on his Hilltopper traveling squad. Albracht, a freshman, is a likely prospect to fill one of the outfield positions as he stands six feet and two inches tall, weighs 180 pounds and bats and throws right handed.

A graduate of Hereford High School in 1953, Albracht entered college in Austin that fall and is majoring in pre-Engineering.

Ray Godwin, chairman of the Industrial Committee of the Deaf Smith County Chamber of Commerce, showed a motion picture prepared by the Texas Good Roads Association at the Hereford Rotary Club meeting Monday in Hotel Jim Hill. Ben Childers was program chairman.

Golf Team Qualifies For Regional Tourney

Logan Cummings of the High School golf team tied for individual honors Tuesday in the District 1-A golf tournament at the Amarillo Country Club, and the team tied for second place.

Cummings score was 79. The team score was 337.

Sam Houston Junior High School of Amarillo took first place in the tournament with a 355. Both the Amarillo team and the Hereford team are qualified for the regional tournament at Lubbock April 23-24. Win there will go on to the state matches.

Individual scores of the Hereford team members are: Cummings—78; Keith Hodges—85; Charles Seed—90; George Parker—104.

Bud Posey, Hereford Golf Club pro, is coaching the team.

The High School team played a match at Littlefield March 30, losing by five points. Results of the match with Littlefield listed first was Roger Newton 86, Logan Cummings 86; Don Howard 88, Keith Hodges 82; Leland Stone 94, Charles Seed 89; Bob Cannon 95,

George Parker 110; Tom Shelby 93, Jerry Malone 114; Don Lee 96, Norman Kerr 110.

Hereford also played the Amarillo Sandies at the Amarillo Country Club Saturday morning, losing all four matches. Results with Amarillo listed first are John Farquhar 69, Logan Cummings 90; Jim Smith Jr., 76, Charles Seed 84; Henry Whitley 69, Jerry Malone 116; Bob Westfall 73, Donald Bridges 119.

Father Of Local Resident Buried Tuesday At Bryan

Funeral services for S. D. Pearce, father of Mrs. W. L. Davis Jr., 145 North Knight, were held Tuesday in Bryan.

Mr. Pearce died Monday following an illness of several years.

Mr. and Mrs. Davis left Friday before his death on Monday to be at his bedside.

Other survivors include: his wife; a daughter, Mrs. Cleon Knapp of Tucson, Ariz.; and one son, S. D. Pearce Jr., of Bryan.

Around Town

There is at least one patient in Deaf Smith County Hospital who should feel right at home—he is Bob Lewis, hospital manager. Nothing serious, so far as is known but he had been under the weather so he is getting a routine checkup, Mrs. Lewis says.

People of this vicinity seem to be getting in the habit of leaving collie puppies for the city to give away. This time there are six collie puppies at the McKinley Street Pump Station. Anyone interested in owning one may call for one there. The last time the city had collie puppies to give away it only took them about five hours, but these are even better than the last. These are weaned.

Plans for the irrigation school which was scheduled to be held in the District Courtroom today have been changed. The school will be held in the Hotel Jim Hill ballroom at 10 o'clock this morning.

Luther Pevley, who has a real estate office on Main Street, seems to be one of Hereford's more optimistic citizens. Shortly after lunch Wednesday, with the wind still swirling trash and dirt along the sidewalk at a heavy rate, he did what he could to clean the sidewalk in front of his office, even though it did seem like something of a losing battle.

Regular meeting of the Hereford Riders Club will be held tonight at 8 o'clock in the club house.

For those interested in irrigation who can't attend the irrigation day program in Hereford Thursday, there will be a special program at the James Mabry farm 7 miles south of Friona starting at 1:30 o'clock Friday afternoon. Both Ivan Wood of Denver and Bob Thurmond of Lubbock will be on the program, according to Parmer County Agent Joe W. Jones.

PARTY AFTER BANQUET

Cecil Massey will be in charge of a party of games for members of the eighth grade class at the Veterans Club House Friday night following the Eighth Grade banquet. The banquet will begin at 7:30 o'clock Friday night in the Shirley School Gym.

Theft Attempt Fails At Church

It must have been a disappointed would-be-thief that left the First Presbyterian Church sometime Monday night or Tuesday morning.

According to Chief of Police Leo Box, the person or persons must have been locked into the church without anyone knowing it or he must have had a key.

Small valuables, such as an electric clock, were ignored when the person tried to open the pastor's study and another room which held a movie projector and other valuables. The door-knobs and hinges around the door were torn loose but entrance was not gained into either of the rooms.

Chief Box said that he believed that this was definitely the work of an adult rather than that of a youth.

Sumatra, with an area of 182,860 square miles has a population of about 11 million people.

ALTHOUGH THERE IS much talk of the women outnumbering the men of the world in the near future, that doesn't seem to be the case at Deaf Smith County Hospital this week where they have nine baby boys, a record number for the hospital, and only two girls. Parents of the girls are Mr. and Mrs. H. C. Angela and Mr. and Mrs. Clifford Heckert. Parents of the boys are: Mrs. Amelia Perez, Mr. and Mrs. Jack Zeigler, Mr. and Mrs. C. E. Leasure, Mr. and Mrs. Fred Barrett Jr., Mr. and Mrs. L. R. Parrin, Mr. and Mrs. Leonisio Ruiz, Mr. and Mrs. Gerald McCaskill, Mr. and Mrs. Thomas Duke and Mr. and Mrs. Spicer Gripp. (Staff Photo)

Bride Honored Saturday By Shower At Church

Miss Wanda Gunstenson, whose marriage to Wendell Burdine took place Sunday afternoon in the First Baptist Church, was favored at a shower given at the Baptist Church Saturday afternoon.

Hostesses were Mesdames Jim Clark, H. F. Benson, S. B. McLallen, W. R. Scarth, Jimmie Allred, A. O. Thompson, E. W. Young, G. P. Owen Sr., George Graham, B. E. Roberson, and J. M. Thomson, and Miss Shirley Sharp.

The theme, which carried out the bride-elect's chosen colors, centered around "April Showers Bring Spring Flowers." The serving table was laid with an orchid organza cloth over pink. Daffodils, hyacinths, red bud and forsythia golden bell were banked in an oblong center arrangement as though growing there. From their midst rose a dainty umbrella of pastel net and lace dotted with tiny sprigs of flowers tied with ribbon love knots. Mesdames George Graham, W. R. Scarth and A. O. Thompson poured, and Mrs. H. F. Benson presided at the guest register.

Guests Greeted At Door
 Mrs. S. B. McLallen greeted the guests at the door. The receiving line was made up of the bride-elect; her mother, Mrs. W. T. Gunstenson; the bridegroom - elect's mother, Mrs. Ella Burdine, and Mrs. Dick Ellis, sister of the prospective bridegroom.

Mrs. Bob Lawrence and Miss Sammy McLallen provided informal music throughout the entertaining hours.
 Others attending besides members of the house party were Mesdames L. J. Clark, W. L. Jones, Charles Sowell, C. N. McClure, Eugene Noel, A. T. Jones, Dennis Lomas, Taft McGee, Reuben Knox, Ray Downey, Bob Lawrence, W. A. Springer, Acton, Howard Scott, Owen Stagner, A. N. Hopson, Clinton Jackson, I. A. Burdine, C. L. Whitehead, A. L. Manjeot, Clifford Arnold, M. J. Noel, Don Zimmerman, W. L. Winget, and A. J. Schroeter, and Misses Sammy McLallen, Ethel Wombie, Helen Markham and Connie Hopson.

Lingerie Shower
 Miss Gunstenson was also honored at a lingerie shower given at the home of Mrs. Wayland Smith on Monday afternoon preceding the wedding. Co-workers with Miss Gunstenson at the First National Bank attended, including Mrs. Ervin Ward, Miss Connie Hopson, Miss Helen Markham and Mrs. E. V. Skypala.

Ice Cream Supper Held At Allmon Home

Eighteen persons ate three and one half gallons of home made ice cream in the home of Mr. and Mrs. D. W. Allmon Sunday night. The 80 degree temperature of the day prompted the group on the need of a cooling refreshment.

Those attending were: Leroy Packard, Jackie Allmon, Carl Hutcheson, Mr. and Mrs. Russell Pogue, Jim Pogue, Lois Pogue, Mr. and Mrs. Charlie Crowell, Jean Glass, Gene Hutcheson, Mary Beth Sparks, Irene Edwards, Donna Cayler, Ralph Atchley and the host and hostess.

IN THE ETERNAL FIGHT to find and remove cancerous tissue before it has time to spread, a check such as this one being made by Dr. A. T. Mims, county medical director for the American Cancer Society, is vitally important. City Manager Cecil Massey is shown having the check made, as part of the current education campaign being made by the county chapter. (Staff Photo)

At The Movies

"FROM HERE TO ETERNITY" Showing Friday, Saturday, Sunday, Monday and Tuesday at the Star Theatre.

Starring Burt Lancaster, Montgomery Clift, Deborah Kerr, Don Reed and Frank Sinatra. One of the most talked-about novels in years has become a provocative motion picture and Academy Award winner.

When the Columbia Company acquired the film rights to James Jones' best-selling novel, there was considerable doubt that there would be enough left to make a good picture, after the elimination of short, Anglo-Saxon terms and the daring approach to sex.

However, such doubts were banished in the finished product which has proven a resounding success. It won the best supporting actor, supporting actress, screen play, photography, direction, sound recording and film editing awards for 1953.

Brilliant scripting, excellent direction by Fred Zinnemann, tasteful production guidance by Buddy Adler and a generally excellent performance have kept the film on a plane which adults can appreciate. The picture is not recommended for children, however.

Health Officer Pays Tribute To Cancer Society

Dr. L. B. Barnett, City Health Officer for the City of Hereford, paid a high tribute today to the nationwide program of the American Cancer Society in giving his personal endorsement to the organizations 1954 fund-raising crusade which opened here April 1.

"The American medical profession is keenly aware of the valuable contribution the Society is making toward eventual complete control of cancer by its widely distributed research grants to institutions where investigators are seeking new scientific cancer discoveries.

"But," Dr. Barnett says, "the general practitioner and the cancer specialist are particularly indebted to the Society for its widespread program of showing the public the vital importance of EARLY cancer treatment and at the same time informing Americans of the most common symptoms of the disease.

"If the doctors are to have a fighting chance to save the 50 percent of cancer victims who should be cured, they MUST have an opportunity to begin treatment before the disease reaches the hopeless stage.

"Even today there are many persons who do not know that cancer can be cured and many more who are not aware of cancer's seven early danger signs, and who, through ignorance or procrastination, refuse to have regular physical check-ups which might disclose the unsuspected existence of a cancerous condition."

"With this vital health program at stake," Dr. Barnett adds, "I do not hesitate in urging everyone in this county to contribute generously to the 1954 cancer crusade."

Cancer Questions

Q. Has the American Cancer Society really done any good toward the control of cancer?

A. Definitely. Without the funds made available each year from the ACS vast research program, as well as general public education could not be carried out. By these means the American people are realizing the necessity of early diagnosis and treatment of cancer and in so doing are actually in effect controlling cancer.

Q. Children don't have cancer, do they?

A. Yes, children have cancer. Cancer is no respecter of age, race or sex.

Q. I thought cancer always meant sure death. I know of a number of people who died from cancer but I didn't know any who got over it. Beside, I thought they were going to use atomic energy in some way.

A. Cancer, by no means indicates sure death. Only through ignorance and failure to seek competent medical help could this be a true statement. Many people are cured each year of malignancies and there are many in our own city who can vouch for this.

K. G. VAUGHN OF TULIA, state vice president of the Junior Chamber of Commerce, installed Hereford Jaycee officers for the coming year at the annual installation banquet Saturday night in Hotel Jim Hill. Shown from left on the platform are: Sam Nelson, secretary; Bill Williams, director; Don Fudge, director; Bill Howard, director; Vaughn; Sam Long, director; Gerald Hale, treasurer; Clint Formby, local and state director; Berry Green, incoming president; and Dennis Lomas, vice president. Vaughn commented that Jack Pate, principal speaker had said most of the things that he might have said, so made the installation ceremony brief. The convention poster in the background played up the fact that both the state and national Jaycee conventions are scheduled in the near future. (Staff Photo)

Dr. Mims Is Accepted As Canoe Trip Leader

A Hereford physician has been accepted as one of the leaders for the Explorer Scout Canadian Canoe Trip this summer, it was announced Tuesday at the district executive meeting in Hotel Jim Hill.

Provided he can make arrangements at the clinic, Dr. A. T. Mims will be a leader on the trip, which starts in Minnesota and goes into Canada.

There are still seven openings for Scouts who might like to make the trip, Bert Boomer, camping and activities chairman, said.

He also announced that there are still five reservations open for the Lucien Maxwell Trek at Philmont Ranch, August 12-21.

Other camping and activities programs reported on are the Council Field day, which will be held April 23-25, the fact that four Explorer Scouts and one leader were given the Brotherhood Degree, in the Order of the Arrow at Camp Harrington March 26, and that plans are being made to hold a Parents' Night in each Scout and Explorer unit this month to promote summer camp.

Bruce Miller, organization and extension chairman, reported that Scout membership in the district

is 32 above that same time a year ago. On March 31, there were 156 Cubs, 114 Scouts and 13 Explorers, a total of 283.

Three Units Rechartered
Three units have been rechartered. Pack 50, sponsored by the Hereford Lions Club, received its new charter Wednesday; Troop 52, sponsored by the Stanford Bible Class, received its charter last Sunday, and Troop 53, sponsored by the Frio Baptist Church, was chartered on March 5.

Reports on leadership training were also given.

A Scoutmaster's basic course on troop and patrol hiking is scheduled for 7:30 o'clock the night of April 15 at the Scout Hut; a Cub leaders basic training program will be held tonight in Veterans Park, and two Cub leaders training programs were held recently, one at Friona and one in Hereford.

Leo F. Box, health and safety chairman, said that each troop and patrol is being checked for unit first aid kits, and Scout and Explorer first aid courses will be organized for next fall.

Swimming Course Planned
Plans are also being made, Box said, for a Scout swimming and life saving course to be held at the Hereford swimming pool in July. A district swimming meet will follow the aquatic school.

W. J. Hiatt, council Scout executive, told the annual regional meeting will be held in Houston April 23-24 at the Rice Hotel, and urged them to attend if at all possible.

Dr. Arthur A. Schick, chief Scout executive, will be a featured

speaker on the program, as will Harold W. Lewmen of Dallas, who is regional Scout executive, Hiatt remarked.

Those attending the meeting Tuesday included Chairman Wayne Edwards; W. M. Teague, district Scout executive; Miller, Boomer, S. B. McLallen; Dr. Milton C. Adams, district commissioner; Ellis Coombes, Rev. E. L. Naugle, Box, Hiatt, Dr. Mims and Dr. F. C. Glendenning.

Four Popular Grapplers To Star Saturday

Hereford's bull-barn wrestling arena hits the bull's eye again this week with a double main event featuring four of the more popular grapplers in the West Texas-New Mexico and Southwest States territory.

Bob Cummings, the hardy athlete who lives in Hereford and who seems to improve with age, comes back to tackle younger Bill "Dirty" Parks of North Bay, Ontario, Canada, in the top section of a double main event.

This could be one of the finest wrestling matches witnessed here or anywhere else this season.

Unless one or the other loses his temper, it should be a clean, but fast and very active contest. Both men are quick-tempered, and a bit of a spark could set off fireworks. But if it's kept on an even keel, the fans will see what is called a "real wrestling match."

Double Main
Cummings and Parks head up a double main in which Professor

Roy Shire, the blond roughster from Evanston, Ill., takes on Salvador Flores, a husky Mexican who is out to prove that the better wrestlers don't have to be fair-haired citizens of the United States. Shire is a two-time graduate of Northwestern University, but bachelor's and master's degrees mean nothing to Flores.

Flores was on the losing end in Hereford last Saturday night against Bob Cummings, Rapid Robert winning in straight falls. He needed 20 minutes to win the first fall, 12 for the second, but that is certainly no disgrace for Flores. Cummings beats the best of 'em, all over the country.

The Hereford fans saw Timmy Geohagen, one of the world's strongest men, perform muscular feats, and also defeat Billy Weidner, another strong man, in Saturday night's finale. Geohagen used his Irish backbreaker to win the first, and his sleeper hold to take the second. He showed the audience, too, that the "sleeper" is not a choke-hold, by demonstrating with a fan who came to the ring. Ricki Starr and Al Getz drew in a 20-minute special event.

In the past eight years, the United States has gained more than 20 million in population.

Wealth produced on urban and nonfarm lands (about 2 per cent of U.S. land) accounts for 88 per cent of U.S. taxes.

As compared with 1939, the average American in 1953 ate 1,250 per cent more frozen vegetables, 900 per cent more baby foods, 738 per cent more frozen fruit and fruit juices, 218 per cent more canned fruit juices, 80 per cent more canned soup and 71 per cent more ice cream.

Although U.S. and British governments have not adopted the metric system—meter, gram, liter—for measurements, U.S. and British scientists usually use it in their measurements.

Diabetes causes about 25,000 deaths a year in the United States. Sumatra often is listed as the fifth largest island in the world.

Of the 78 million people of Pakistan, about 65 million are Moslems.

Mrs. E. M. Cox Wants To Make Group Of Musicians, Singers

MRS. E. M. COX

The greatest desire of Mrs. E. M. Cox, 118 North Jackson, is to create a group of musicians and singers, of modeling clay in the field of ceramics. Mrs. Cox plans to make the ceramic hobby a paying project in the future when she opens her shop, which she will call the "Ceramic Gift Shop."

Mrs. Cox received her training in the art of ceramics from Mrs. Irma Harrell of Borger in 1949 when she taught several courses in ceramics in Hereford. Mrs. Cox became so enthused at her first lesson that she went home and modeled a tiny figurine, using modeling clay to form the dress and lace trim effect. Later she learned to use cloth for draping figurines, first soaking it in a mixture called slip, which is made of clay and various other ingredients. The figurine, finished in Alice blue glaze, is a blond with a page-boy hair style.

Interested in Creative Field Mrs. Cox is especially interested

Two Gone To Coast For Fish, Oysters

Leroy Packard and Carl Hutcherson left Sunday night for Corpus Christi, where they plan to do some deep sea fishing. From there they are going to Houston to do more fishing and oystering.

It takes no special skill or equipment to oyster. The only thing you need is a boat and strong arms. If the boat isn't equipped with a motor, as the oysters are found about three miles off the coast. All one has to do is get out and pick them up.

The R. C. Childers gathered three tubs of oysters in 45 minutes in January in the bay near Baytown.

Oystering will be a new venture for Leroy and Carl. They plan to visit the San Jacinto battle grounds and see the tunnel under the San Jacinto river between Houston and Baytown.

They plan to be gone a week, returning by way of Dallas and Fort Worth.

Riders Club Members Planning Trip To Encampment At Spur

Approximately 25 Hereford Riders will attend the first annual encampment of the West Texas Association of Sheriff's Poses and Riders Clubs at Spur Friday, Saturday and Sunday.

The Association is made up of over 25 riding groups in West Texas. Over 500 riders are expected to attend the encampment. Hereford is the farthest club north. Olney is farthest on the east and Odessa on the south.

Hereford riders who wish to take their horses to the encampment will load them at the stock pens at 8 o'clock Friday morning.

Some of these attending the encampment from Hereford plan to camp out during the occasion but others will not.

Friday morning registration and location places for the horses will be arranged and Friday afternoon groups will participate in stunts and games. Friday night there will be various kinds of entertainment. Elders Planned Saturday.

Saturday morning the entire group will ride to Soldier's Mound, a famous old landmark north of Spur. One of the early day stores was there and an early day cowboy man is buried there. A chuck wagon lunch will be served at noon on the mound and then the group will return to town.

At 4:30 o'clock Saturday afternoon a parade will take place with

ed in the creative field of ceramics. The two main figurines in the picture were sculptured and modeled in the same way. She says that she starts with the head and face and then makes the torso, fastening the torso to a soft drink bottle or other bottle best suited to the size of the doll, then proceeds with the draping.

The girl with the basket is a vase, and is a copy of an interesting figurine she borrowed from Mrs. D. C. Kinsey. The figurine with the side drape and lace trim is especially well sculptured. Both of these figurines in the picture are done in clear glaze and can someday be china painted if Mrs. Cox ever wishes to do so.

The most interesting of the group is the musician at the baby grand piano. She as well as the piano and bench were modeled by Mrs. Cox. She is the only one of the group of figurines who was draped with cloth, with tiny buttons down the front of her dress. Her dress is coated with mica sparkle, trimmed in gold. The piano is complete in detail, even to the pedals and correct amount of keys, both black and white.

Mrs. Cox has made many other pieces in the ceramic art, including a cup and saucer for her late husband, Edd Cox, which has his initials in segraffito, also a hammer and saw denoting his trade. Cox, while he lived, was an ardent admirer of his wife's hobby, and even tried his hand at segraffito decoration on a saucer.

Hand modeled turtle box and slippers can be seen in the picture. These were made for shade pulls for kitchen and bedrooms.

In the picture Mrs. Cox is retouching the lips of a hand modeled doll head. This head is made to be fastened on a cloth stuffed body with ceramic arms and legs.

Mrs. Cox's whole family is ceramic minded, and they have done various types of work in the ceramic field. She is never too busy to help her friends with their ceramic problems and has been a member of the Ceramic Art Club since its organization in 1949.

all of the riding clubs participating.

Saturday night entertainment of taping, games and other things along with a pancake supper will entertain the association.

Sunday morning church services will be held in the Charles A. Jones Memorial Stadium where all of the riders will attend mount-

Final event of the encampment will be a palmetto polo game between Dickens County Sheriff's Posse and the Hereford Riders Club. This is a return engagement since Spur defeated Hereford here in a game earlier in the season.

Dickens County Sheriff's Posse has just returned from Florida where they defeated the new Smyrna Beach Riding Club and also an all-Florida club. Hereford Riders Club has been unable to start early practice because of the weather but have gotten in about two weeks of good work. Hereford's team has also been strengthened by adding three new men, D. Devenport, Bob Hammock and Frank Parker.

Other team members include Ralph Sears, Walter Johnson, Cy Henson, Harold Easley, Faust Collier, Floyd Walton, Jack France and Robert Wagener.

Charles Sanders will accompany the group of riders and make a movie of the game to be shown at a later date.

Hereford Students Are Candidates For Degrees At WTSC

Thirteen persons from Hereford are candidates for degrees at West Texas State College's spring commencement exercises on May 23. Exercises will open at 5 o'clock that afternoon and close with the awarding of diplomas.

Candidates for the Master of Education degree are Ellen Bryant, 313 Norton; Dan Trew; Earlene Walton, 621 Irving; and Mabel Faulkner, 111 East Sixth Street.

Those seeking the Bachelor of Science degree are Francis Root, 511 North Main; Colline Brown, daughter of Mrs. C. O. Brown, 115 Avenue B; Emma Jane Brown, daughter of Mrs. C. O. Brown, 115 Avenue B; and Ormel Lee Walker.

Purris Williams Jr., son of Purris F. Williams Sr., 803 Knight, and Patricia Walton, daughter of F. E. Mrs. Don Martin Elected Bud To Blossom President

The Bud To Blossom Club elected officers at the meeting held Friday afternoon in the home of Mrs. C. R. Higgins.

Those to serve include Mrs. Don Martin, president; Mrs. Lloyd Sharp, first vice president; Mrs. E. R. Kendal, second vice president; Mrs. Preston Hagan, third vice president; Mrs. Glenn Williams, recording secretary; Mrs. C. R. Higgins, corresponding secretary; Mrs. Jim Wood, treasurer; Mrs. Delmo Williams, reporter; Mrs. R. N. Yarbro, federation councilor; and Mrs. Ray Howell, parliamentarian.

A short business session was held, during which reports were heard and it was announced that the club won a Peace rose for having the most members in attendance at the recent district convention held in Odessa.

The arrangement for the day was made by Mrs. E. R. Kendal, who featured a triangle of daffodils in a black pottery container.

Mrs. Don Martin and Mrs. Pat Robinson presented the program. Mrs. Martin discussed "Beauty in the Dining Room," describing the proper table cloths to use on different occasions, mentioning white for the formal table and darker or colored cloths for the informal table. She also told of a variety

of arrangements to suit different occasions.

Mrs. Robinson told of the "profits of the Smart Gardener," mentioning rules for beginners. 1. Landscape first on paper. 2. Use good soil. 3. Don't crowd. 4. Choose hardy plants. 5. Use care in spacing, and 6. Give protection against wind where possible.

Those attending the meeting were Mesdames Jack Johnson, Irving Alexander, Roger Brumley, R. A. Daniel Jr., Preston Hagan, H. A. Haseloff, Ray Howell, E. R. Kendal, Don Martin, W. H. Patton, Pat Robinson, Ira Scott, Lloyd Sharp, Delmo Williams, W. Glenn Williams, Jim Wood, R. N. Yarbro and the hostess.

Local Letter Carriers Attend Claude Meet

Persons from Hereford attending the semi-annual Palo Duro Local of Rural Letter Carriers Saturday night in the home of M. and Mrs. Grover Forbes in Claude were Mr. and Mrs. Howard Armstrong, Mr. and Mrs. E. Ramey, Mr. and Mrs. A. Petersen, Mr. and Mrs. Carlos Vaughn, Mr. and Mrs. Gwen Stagner and E. W. Young.

Also attending were Mr. and Mrs. L. O. Findley of Hale Center. Mrs. Findley is an officer in the state auxiliary organization.

Mr. and Mrs. E. Ramey, M. and Mrs. James Hubert and Mr. and Mrs. O. B. Redman of Amarillo were chosen as delegates to the state convention, which will be held in Brownwood in July. The national convention will be held in Dallas in August.

The next meeting of the Palo Duro Local will be held in October in Hereford with Mr. and Mrs. A. Petersen as hosts.

Social Security On Household Workers Due Soon

April 30th is the deadline on which social security payments for household workers for the first quarter of 1934 are due at the office of the Director of Internal Revenue in your district.

The federal law bringing household workers under the old-age and survivors insurance system went into effect January 1, 1931. However, lawyers say that many persons who employ help in their homes are still in the dark about requirements of the law.

Here are some provisions everyone should know. Household workers covered by the law include maids, laundresses, housekeepers, cooks, nursemaids, gardeners, handymen, valets, footmen, grooms, chauffeurs of privately owned cars and practical nurses, and others.

Whether or not a household worker is included in the law depends on how many days she works and how much money she is paid. If the person works 24 days and earns \$50 during any one of the three month periods into which the calendar year has been divided, a tax report must be filed and payment made.

Only cash wages are considered which includes bus fare if paid in cash, but does not include bus tokens, clothing, room and board, or other non-cash items furnished the employee. A domestic worker does not have to put in a full day to count on the 24 day rule — any portion of the day worked counts as a full day.

The rule is different for domestic workers on farms operated for profit. In such cases the domestic is considered a farm worker and is covered only if he or she meets the test for farm labor.

The tax in all amounts to 4 percent of the cash wages paid. You, as an employer, must deduct 2 percent from your household worker's cash wages if the person meets the 24 day, fifty dollar test. You then include another 2 percent which is the employer's contribution. After the close of each specified three month period you should send the tax, with a report of the wages paid, to the Director of Internal Revenue.

Mrs. Roy Fruit

Special Spicy Salad Made With Red Hots In Gelatin

Mrs. Roy Fruit has exhibited her ingenuity in cooking as she has in other household accomplishments, and has come up with a salad recipe that is simple to prepare but is colorful. It is especially good with chicken or turkey.

Mrs. Fruit lives in the Walcott community and has had many opportunities to prove her ability as a good cook because she is one of the charter members of a luncheon club which meets every two weeks with members bringing a covered dish.

Mrs. Fruit makes her Spicy Salad as follows:

- Spicy Salad**
- 1/4 cup red hots
 - 1 cup boiling water
 - 1 package any flavor gelatin that is red in color
 - 1 can applesauce
 - 1 tablespoon lemon juice
- Dissolve red hots in boiling water. Stir in gelatin and dissolve. Add applesauce and lemon juice, then chill.

Pastry Making Techniques Demonstrations Underway

In recent meetings Dawn Home Demonstration Club completed its program for March and Wyche began its demonstrations on pastry.

Dawn

The Dawn Home Demonstration Club met with Mrs. Zed Stewart on March 26 for a program on food poisoning. The program was given by Mrs. J. B. Caraway and

Mrs. A. A. Reinhart.

Mrs. Reinhart also gave the council report. The finance report was given by Mrs. H. S. Fuller in the absence of Mrs. Orval Galley, finance chairman.

Mrs. Marion Russell was welcomed as a new member. Members attending were: Mesdames J.

4-H Leaders Make Stunt Night Plans

Deaf Smith County 4-H Leaders Council met in called session at the REA recently with the chairman, Mrs. C. F. Homfeld, presiding. Minutes of the previous meeting were read by Mrs. J. E. Dyer, secretary. The following committees were appointed by Mrs. Homfeld for 1954:

- Bake Show
- Family Night
- Achievement
- Rally Day
- Dress Revue

A motion was passed that the Council co-operate with Home Demonstration Council in planning a number by 4-H girls for Stunt Night April 22. The agent will work with this program chairman for Stunt Night in getting up this number.

A motion was passed that a supplement be added to the Reading List in the 4-H Yearbook. This supplement will provide more

books on the reading level of younger girls.

A demonstration on cereal dishes was given by the Assistant Agent at the leader training meeting March 29 at the REA. The demonstration consisted of the preparation of a macaroni and cheese dish. This program will be given by the leaders to 4-H Clubs during the month of April. Mimeographed material was given to each leader for her club members. Other points brought out in the demonstration were:

- "Why Eat Cereal"
- "Different Ways of Serving Cereal"
- "Different Kinds of Cereals"
- "Nutritional Value of Cereals"
- "How To Make Good Cheese Sauce"

An educational exhibit on the "Amount of Vitamin C Supplied by Certain Fruits That A Person Needs Per Day" was shown. Eight leaders were present for the demonstration.

This number represented seven of the eight 4-H clubs in Deaf Smith County. Leaders attending were: Mrs. George Turrentine — Sadie Lee Oliver 4-H; Mrs. J. E. Dyer — Jolly Girls 4-H; Mrs. C. F. Homfeld — Caprock 4-H; Mrs. M. W. Sumner — Workers 4-H; Mrs. Ira Ott — Happy Homes 4-H; Mrs. Hershel Burrus — Walcott 4-H; Mrs. Wallace Lumpkins — Walcott 4-H; Mrs. Ed Dziuk — Jr. County Wide 4-H.

By Argen Draper

Mrs. R. C. Childers, Mrs. LeB Ohlig and Miss Evelyn Bell have received a record number of order blanks for the marketing program. This is a sign of home-makers returning to the home-preservation program. Nothing can help the budget more than producing food at home and taking good care of it after it's produced.

We've had a new frozen food bulletin from Extension Service. It has a section devoted to food supply for home use in the Defense and Disaster program. It should meet your needs in regard to freezing fruits, vegetables, miscellaneous foods and prepared foods. It also includes information on preparing frozen foods for the table. A lot of other good suggestions, too.

A few reports from the pastry demonstrations. Mrs. Elmer Reinhart gave an excellent demonstration to the Wyche H. D. Club last Thursday, I hear. The club women really appreciate their food leaders taking time from their busy schedules and training to give demonstrations.

During March the clubs have had guest day or have done other expansion work.

We've had a new club organized—it's the Midway. The area is County and also between Highway 51 and Farm to Markt Road No. 1956 from the Sims Community House north to the Oldham County line.

When visiting Mrs. Marion Ferguson, who is president of the Midway Club, she showed Mrs. T. J. Parsons and me her method of keeping clipped articles and whole pages from magazines organized. She has covered some large cigar

HD Choral Club Appoints Stunt Night Committee

Mrs. R. C. Childers, Mrs. S. S. Williams, and Mrs. Roy Lee Wilson were appointed by Mrs. Taft McGee, chairman, as a committee to arrange the program for Stunt night at the H. D. Choral Club meeting on March 28.

New meeting dates for April will be April 7, 2 o'clock; April 13, 2 o'clock; April 19, 3 o'clock.

Those attending were: Mesdames S. S. Williams, Taft McGee, R. C. Childers, R. L. Wilson, Tom Draper, Paul Hoff, John Draper, G. E. Mullins, and Cecil Massey.

MRS. ELOISE JOHNSON, left, family life specialist from the Extension Service, Texas A&M, was guest speaker at the Home Demonstration Club Council meeting Monday afternoon. She spent the remainder of the day working with Argen Draper, county home demonstration agent, and Miss Loyce Avant, assistant county home demonstration agent. From left, are Mrs. Johnson, Miss Avant, Miss Doris Leggett, district home demonstration agent, and Mrs. Draper. (Staff Photo)

Family Specialist Speaks At Council

Mrs. Eloise Johnson, Family Life Specialist, A & M College, Extension Service was guest speaker when she and Miss Doris Leggett, District Agent from Amarillo, met with the Home Demonstration Council on Monday afternoon in the County Courtroom.

Mrs. T. J. Parsons, chairman, presided at the business meeting at which committee reports were given by the following committee chairmen.

Finance — Mrs. W. H. Goettch

Family Fun Night on April 19; Recreation — Mrs. S. S. Williams; Marketing — Mrs. R. C. Childers; Yearbook — Mrs. Louie Olson; Reporter — Mrs. Otto Olson; Expansion - education — Mrs. N. A. Brown; 4-H — Miss Loyce Avant; Choral — Mrs. Taft McGee; THDA — Roberta Campbell.

Fuller was appointed chairman to serve with all club presidents on a committee to make arrangements for the float.

Miss Leggett introduced Mrs. Johnson, who spoke on the importance of accepting ourselves as a person and learning to be both independent and dependent if we are to get along with others.

Those registering were: Mesdames Otto Olson, J. G. Fortenberry, John Jacobsen Sr., S. S.

Wyche H. D. Club met in the home of Mrs. Walter Paetzold April 7.

Answering roll call, Mrs. W. R. Scarth gave an interesting report from Consumers Guide on "Household Cleaners." She recommended mild cleaners for general use.

Mrs. Scarth also presided at the business meeting, then introduced Mrs. Elmer Reinart, foods demonstrator, who baked a complete pie, emphasizing the crust and meringue. She related the importance of letting the sugar thoroughly dissolve in the egg whites before baking. "This will prevent weeping," she said.

Plans were discussed for a luncheon meeting to be held with Mrs. G. W. Newsom April 15, to finish work on a tufted bedspread.

Do you ever cut out recipes or household suggestions and put them away in a drawer with other unfiled and unsorted material? It is easy to get these torn or misplaced. Try Mrs. Ferguson's suggestion. I believe it will be a good organizer.

Here's an easy and pretty dessert salad. Shape creamed cottage cheese attractively in the center of a serving plate; surround with drained canned sliced peaches and water cress. Serve with mayonnaise; or with commercial sour cream and freshly ground nutmeg.

Danger Signals Show Direction Child Is Headed

By Mack Williams
Written for the Associated Press
Dallas — Is your son or daughter headed for jail? Worried parents don't need a crystal ball to learn the answer to that question. Seven "danger signals" are nearly always present in youths who wind up facing felony charges. According to Dallas County's adult probation officers, Bill MacKay and Charles Hull, here are the "symptoms" parents should look for:

1. Poor attendance at school and lack of interest in graduating.
2. Bad companions.
3. Secretiveness at home; lack of confidence in parents and sisters and brothers; unwillingness to discuss friends and dates with parents.
4. Drifting from job to job if old enough to work.
5. Minor law violations and success in escaping formal charges on a court appearance.
6. Drinking.
7. Failure to respect the property of others.

You may have made certain capital improvements on the house while you lived in it, but unless you can show what out-of-pocket expense you incurred while making them, you may not get credit for them in your cost basis so as to prove that you had no capital gain or that you had a loss.

Or perhaps you received that little summer cottage on the lake as a gift from your father. If you ever sell it, you should be able to show Uncle Sam not only the cost of improvements you made on it while you owned it, but also what its fair market value was at the time Dad gave it to you.

It may be that you are receiving an annuity on an insurance policy. If so, do you know how much that policy costs you and how much of that cost you have recovered tax-free to date?

CONGRESSMAN WALTER ROGERS SAYS

Congress Has Time Considering Independent Agencies Money

As you have all noticed from your newspapers, last week was a pretty busy one in Congress. We started off with routine business and then got into the Independent Offices Appropriations Bill. This is the bill that provides the funds for the operation of 44 agencies of government known as Independent Offices.

\$263,604,837 under the budget estimate, and \$375,168,400 below the 1954 appropriations. You, of course, understand that the appropriations in this bill are for the 1955 fiscal year, which begins July 1, 1954. We began consideration of this five and a half billion dollar bill on Monday and debated it until 6:33 p.m., at which time we adjourned until Tuesday for further consideration of it. On Tuesday the bill was again considered for amendments and further debate was had until 6:13 p.m., when we adjourned over until Wednesday.

It begins with the Executive Office of the President, including his salary, the operating cost and care of the White House and its grounds, the President's emergency funds, and similar incidental expenses. It also includes the Atomic Energy Commission; the Bureau of the Budget, General Accounting Office, Selective Service System, Civil Service Commission, the Hoover Commission, the Manion Commission, and many others, including the American Battle Monuments Commission.

The bill was then considered further, amendments voted on, points of order fully considered and acted upon, and the bill finally voted on and passed. The House then adjourned at 6:03 p.m. until Thursday, at which time it was to consider the housing bill. On Thursday, while the housing bill was being considered, I was sitting in the House Chamber, in the same chair that I occupied the day the Puerto Ricans sprayed the House with their fusillade of shots.

It also included funds for public housing, which was a highly controversial issue. There was quite a bit of parliamentary maneuvering in an effort to do away completely with public housing funds, but it appears that this might have been kept back and resulted in a green light for the construction of 35,000 public housing units, whereas it had been contemplated that the best the administration could come off with would be 20,000. This may be one for the courts to decide later on.

Everything was going along quietly, as it was the day of the Puerto Rican shooting. All of a sudden there was a faint flash from the same corner that the Puerto Ricans had fired their guns. There is no need to tell you what went through my mind. However, it was a false alarm, although a violation of the rules of the House. It seems that some high school boy had brought his camera into the gallery and, not knowing the rules of the House, had snapped a flash bulb picture of the House of Representatives in session.

HOW TO Disinfect Diapers

as you safely bleach them!

Just soak 5 to 15 minutes in solution of 1 oz. Hi-Lex to each quart water. That's all! That's all!

USE

Buy it by the gallon—Buy the case!

It has long been a rule of the House that pictures can not be taken from the gallery, except by special permission, and this special permission is and has always been confined to state occasions, such as joint sessions, appearances of the President, and other matters of prime importance. Only recently have people been allowed to enter the gallery with brief cases, cameras, and things of that kind. They were always required to check them with an officer on the gallery floor in the corridor outside. Although there has been much talk about security since the Puerto Rican shooting, there seems to have been very little done about it, because you can look up in the gallery any day and see everything from flash bulb cameras to small suitcases. I just hope that none of them contain any firearms or other deadly weapons.

Good Natured Debate
Another interesting thing happened on the Floor last week that was very amusing. We were engaged in debate on the public

housing issue. Public housing has been opposed by our beloved Speaker, Honorable Joe Martin, for many years. However, he finds himself in a rather strange position this year. The Administration, for which he is legislative leader in the House, is asking for the same public housing that he has opposed for so many years. His support of the President's public housing program, as well as support of that program by others who have opposed it in past years, prompted one of the Members to make a speech on the Floor recalling the many things that had been said by these several Members against public housing in the past.

The debate was in a good spirit, and everyone was thoroughly enjoying it. When the Member making the speech came to that part where he was to read what Speaker Joe Martin had said in past years against public housing, the member's time ran out. Just as he started to quote the exact words of Speaker Martin, it became the unpleasant duty of the Speaker to stop him because the time had run out. It was a very strange coincidence and probably would not happen again in a thousand years. However, the Speaker, in his usual graciousness and good fellow manner, requested that the Member be given some additional time so that he could finish his speech.

Other visitors to Washington this week have been Ben Edwards and Curt's Graham of Matador; Tom Canon, Ewell Walker, S. E. (Buster) Davis, Richard Alexander and Dallas Love of Paducah; J. M. Lowrie, of Childress; W. P. Close, Jr., of Kinkaid; Fred Haiduk, of Groom; G. R. Whittington, of Amarillo; John H. White, of Borger and Mr. and Mrs. Dean Cluck, of Gruver.

Army Cpl. Lloyd F. Hollis, son of Mr. and Mrs. Roy Hollis of Friona, is now serving with the 56th Field Artillery Battalion in Korea. A wire chief in the battalion's Headquarters Battery, Cpl. Hollis arrived in Korea in May, 1953.

Next time you are making a graham cracker-crust for a pie, crush fine some extra crackers, so you have a half-cup of the graham crumbs. Melt a package of semisweet chocolate pieces, then stir in the half-cup crumbs and a cup of coarsely broken pecans or walnuts. Drop teaspoonfuls of the mixture onto waxed paper.

About 72 per cent of the U.S. government spending in World War II was covered by taxes, says the Twentieth Century Fund.

Irish Strong Man Proves More Than Billy Weidner Can Handle

Wrestling fans saw Timmy Geohagen of Ireland, one of the world's strongest men, perform muscular feats and defeat Billy Weidner of Amarillo in the main event at the Bull Barn Saturday night.
Geohagen won two straight falls to defeat Weidner who just could not seem to match the muscles of this strong man. It didn't seem to matter how rough Weidner got, there was no hurting Geohagen, who used his teeth to carry George Graham around the ring seated on a stool.
Geohagen won the first fall in 27 minutes with an Irish backbreaker and the second in 10 minutes with a sleeper hold.
Sleeper Hold Shown
He also demonstrated the sleeper hold on one of the fans to show that it was not a choking hold. Semi-final event was a two out

three fall, 45 minute time limit match between Bob Cummings of Hereford and Salvador Flores of Mexico.
Cummings came through to win the first fall in 14 minutes with a knee-action leg binder and then used the same hold to defeat Flores in the second fall in eight minutes.
The first event was a one fall-20 minute time limit match between Al Getz of Pittsburg, Pa. and Rick Starr of St. Louis, Mo. Although Starr is younger and Getz is completely full of old tricks to pull on the young star, the match came to a draw.
Merle Eblston of Amarillo spent the weekend in Hereford with her sister, Mrs. George Cantrell.

Farmers North Of Canadian Fight For Use Of Gas Produced In Area

Farmers North of the Canadian River in Texas, having weathered four years of severe drought conditions, are beginning to turn to irrigation as a road to production. Now they find that their chosen route is not without problems.

During the past few dry years Plains farmers have invested heavily in machinery and equipment, all of which has produced little return from farm operations. With more than 3,000,000 acres of land facing permanent damages, the natural swing was to irrigation, particularly after geological surveys pointed to adequate underground water.

On May 1, 1953 there were 150 wells in the North Plains area. The number had increased to 250 by January of 1954.

The big blow to the farmers came on September 1, 1953 when major gas-producing companies informed farmers that gas which had been used for irrigation well fuel in the past would no longer be available for irrigation purposes. In most cases the farmer owns one-eighth of the minerals where the irrigation well is located, yet under the new directive he no longer is allowed to use a portion of the gas being produced in the operation of his irrigation pump motors.

Cheap Fuel Necessary That fact, say the farmers, is of serious concern to them because cheap fuel is absolutely necessary when pumps are required to lift the irrigation water from 225 to 375 feet.

Area producing gas companies have said that all gas now produced has been dedicated to pipeline companies now serving Eastern states markets. An estimated 49 percent of all natural gas produced in Texas goes for out-of-state consumption.

Should gas be made available to farmers of the North Plains at reasonable prices, there would be in the opinion of Plains agricultural experts, at least 4,000 wells drilled in the area during the next five years. Of course, the total irrigation potential of the Plains area depends entirely on the availability of natural gas.

At current prices such would mean an investment of \$104,000,000 for wells and equipment exclusive of land. Those wells would produce a gross income of more than \$60,000,000 annually.

Thus, too, would be added assets to the State of Texas. Drilling and equipping an irrigation well will double the valuation of lands.

Sam Cantrell of Amarillo was a visitor in Hereford Sunday.

Mr. and Mrs. W. H. Garrett, 326 Avenue A, surprised their son Dean with a dinner on his 17th birthday last Thursday night. Helping him celebrate were: Benny Dement, Tommie Tucker, Lohman Lookingbill, Nelson Rutter and Raymond Wells.

Mrs. Mae Grimes has been to visit her daughter, Betty Mae Grimes at Keene. Betty is a student at Southwestern Junior College.

Former Preacher Now Sermonizes Traffic Offenders

TRENTON, Tex. (AP) — Thomas Reece, 73, has retired as a Baptist minister after 43 years. But he hasn't quit preaching. Now he directs his sermons to offenders brought before him in his capacity of justice of the peace.

"My little talks help," Reece said. "They know I can do something about it if they don't heed my advice."

"The first time a drunk comes into court I talk to him and try to help him mend his ways. After that, I give him the limit. There's no excuse in the world for getting drunk."

Reece is also pretty rough on speeding offenders. "Everybody is in such a hurry to get somewhere," he said. There are some people who drive too fast if they're just going out for a ride."

Long Time Ago

45 Years Ago

In conversation with G. A. F. Parker, president of the Western National Bank, when questioned about the condition of financial circles he informed the Brand man that money was easy. "I have been in Hereford seven years and money is more plentiful than I have ever known it," Mr. Parker replied. "In fact, our little bank is looking for responsible parties to whom loans may be made. We are offering several out-of-town banks assistance, but they don't need the money," he continued.

This condition is certainly highly complimentary to Hereford and the country surrounding. The last trace of panic has faded away.

The Commercial Club is in receipt of information from parties who are interested in Hereford that the club can secure an up-to-date knitting mill which turns out finer underwear, including union and

separate piece suits, hose, and general line of knit goods. A sample of the finished stuff was shown and it compares with anything on the market.

25 Years Ago

The school census has been completed for the Hereford Independent district and shows an increase over last year. A total of 753 children is reported, as compared with 705 last year and about 654 for the year before that. This does not include the six year old children, only those who will be seven and under eighteen September 1. The law to include six-year-old children as scholastics does not go into effect until September 1, 1930, and children of that age will not be enumerated until next spring.

The Texas Utilities Company is arranging to further improve lighting and power facilities for Dim-

mitt by extending a highline from Hereford to that place.

F. H. Oberthier Jr., the company's local manager, says much of the equipment for construction of the line has already been received and that work will be begun within two or three weeks.

The Cemetery Association is continuing this week the work of beautifying and improving the cemetery. Following the better organization and systematized program of work effected last year, a very gratifying change is noticeable in the appearance of the cemetery, and President Seigler declares that the work is to be pushed this year and throughout the future until the Hereford Cemetery becomes a worthy resting place for its dead and a tribute to a united public spirit of interest in the enterprise.

Once in a while a cookie recipe will call for ground semi-sweet chocolate. Here's a tip: Make sure your grinder is absolutely dry before putting the chocolate through it. Use a medium cutter and don't try to grind all the semi-sweet chocolate pieces at once just a few at a time.

Days Of Belle Starr Recalled As Stage Road Is Used Again

Texas Supplemental Service
Pottsboro — The old Butterfield stagecoach trail was re-opened here recently by the Texas Highway Department as a detour while an overpass is being constructed.

About a half mile of the famous old trail that was part of a 2,800 mile route founded by John Butterfield of Albany, N. Y., was put in use while the Denison-Pottsboro road is under repair. The originally Butterfield trail ran from New York to Los Angeles.

About a quarter of a mile east of the detour, where the old trail made a jog, Belle Starr, the famed woman outlaw, once camped for three days.

"My mother used to tell me all about that," said 72-year-old I. E. Looney, who was born and still lives in the old family home across the trail from the thicket where Belle Starr camped.

"Belle had an older woman with her," said Looney. "They would come up to the house and get wood and water. Mother always said they were just as nice as could be. She didn't see how anyone that nice could be as bad as everyone said."

Women Travelled Alone
Looney said the two women were traveling alone, headed for Indian Territory. They didn't have to go in a wagon train, because anyone who ever heard of Belle Starr, steered clear of her, Looney recalled.

Rufus I. Holder is another who remembers seeing Belle Starr. He was en route to Ardmore, Okla., from Denison with an uncle, Ev Holder. Rufus was on a mule, his uncle on a fine horse.

"We were riding down a creek bottom, looking for a place to get across when a couple on Indian paint ponies stopped us," said

Holder. "Although I didn't know who they were, my uncle recognized them as Belle and Sam Starr."

Holder said Sam Starr was the Indian who Belle was supposed to have married. He had a Winchester rifle across his saddle, Belle had a couple of guns strapped on

"Belle rode up to my uncle and asked him if he wanted to swap horses," recalled Holder. "He told her he didn't but I noticed he was kind of uneasy. I knew something was up because my uncle was no coward," said Holder.

He said Belle, who was on a small pony, would ride around his

uncle's horse and when she got to its head, kick out with her spurs. This would make his uncle's horse rear up.

"She did that about three times," said Holder, "repeating as she rode by 'don't you want to swap?'" Holder said while she went on, Sam Starr sat motionless on his horse. Finally Belle seemed to tire and told us to "go on while you can."

"We rode off. My uncle didn't look back or say a thing until we were out of gun range. Then he told me who they were," said Holder.

Gang Terrorized Southwest
The Belle Starr gang terrorized a wide part of the southwest for several years before she was finally killed at the age of 41 by a bullet from an unknown gunman. "The Belle Starr that I remember was slim, rather tall and looked like she must have weighed about 120 pounds," recalled Holder. "Although she was tanned from the sun, she still looked like she might have had a little Indian blood in her."

He said she had on a buckskin suit "the kind that you could hang on a nail with her in it and it wouldn't tear." Holder said while her voice was feminine and not unpleasant, it still was packed with authority.

"While I didn't know who she was at the time," said Holder dryly, "if she had asked me for my mule, she would have gotten it!"

Homemade tomato soup is less likely to curdle if you heat the white sauce and the spiced tomatoes separately, then quickly stir the tomatoes into the milk and serve at once.

Fish Carcass May Tell Story On Walleyed Pike In Texas Lakes

AUSTIN — Pathological study to determine whether a fish carcass taken from Lake Travis is a walleyed pike has been ordered by Ken Jurgens, a Game and Fish Commission Aquatic Biologist.

The specimen is being sent to one of the nation's ranking ichthyologists in an attempt to reach a decision. He is Robert Miller of the University of Michigan at Ann Arbor.

Meanwhile, the Chief Aquatic Biologist said another one million walleye fry provided by the United States Fish and Wildlife Service will be released in Texas this summer, as studies proceed to find trace of the first batch planted last May.

The first consignment of one million was divided equally between Devils Lake north of Del Rio and Lake Travis, one of the Highland Lake chain north of Austin. The new shipment will be placed in Granite Shoals and Marble Lakes, also in the Highland Lakes chain.

The Chief Aquatic Biologist said these lakes seem to be suited for the continued experiments. If the walleyes thrive, other Texas lakes with desirable habitat for walleyes will be utilized.

The original walleye planting project was conceived to establish new fish in Texas waters that could use their known predatorial qualities to help hold down overpopulation of shad and sunfish in many lakes. Walleyes also are among the best eating fish, according to the Chief Aquatic Biologist, and also have good fighting qualities.

The specimen being studied was taken from a white bass caught in Commission nets. The carcass was partly digested but the biologists were able to determine that the bone structure was different than

New Generation Learning Right Resources Use

FORT WORTH — The "greatest drama in modern schooling circles" was described to the Fort Worth Rotary Club by E. T. Dawson, director of conservation education for the Texas Game and Fish Commission.

He vividly outlined the present scholastic program "designed to create a new generation of Texans, schooled in the fundamentals of proper usage of our natural resources and, above all, alerted against the mistakes of other generations which have squandered much that God gave us."

The Director of Conservation Education spoke in connection with the observance of National Wildlife Week. His specific subject was "Wildlife and Water."

He attributed the current crises facing the Animal Kingdom to "human failure, accentuated by weather extremes such as the prolonged drought."

"One main reason for this ap-

alling situation," he went on, "is that we have to spend vast sums to build dams to impound water, and then permit silt to wash in from the land to endanger these installations. This is the awkward way; and the wrong way."

"The new generation is being taught the right way. It is being taught the relation of the soil, the trees, wildlife, minerals and such to each other, and the respective place of each in the overall pattern. Thus they will know that trees should be properly harvested, not massacred; and that silt should be checked at its source."

"We only hope that wildlife, now so gallantly trying to hang on, will be able to survive, pending intelligent consideration by the citizenry of tomorrow."

Unemployment Boosts Burglaries
DETROIT — An increase of 30 per cent in Detroit burglaries over the last year is blamed by police largely on increased unemployment.

GREAT NEW Gasolines!

SHAMROCK'S NEW Blending Formula

- 1 Adds Premium Qualities to NEW SHAMROCK TRAIL MASTER Giving Users of Regular Gasoline Extra Performance at No Extra Cost
- 2 Makes NEW SHAMROCK CLOUD MASTER the Finest Premium Gasoline For Superior Performance in High Compression Engines

NEW TRAIL MASTER
Shamrock's New Trail Master is the performance-plus motor fuel for users of regular gasoline. It costs no more than regular gasoline yet gives the anti-knock, extra-power, maximum mileage features you expect only in a more expensive, premium gasoline. New Trail Master offers the drivers of cars with lower compression engines all the performance advantages of recent gasoline improvements without requiring that they pay for a full premium gasoline.

NEW CLOUD MASTER
Today's powerful, high compression automobile engines make strong demands on the gasoline they use. But as a result of Shamrock's new blending formula, New Shamrock Cloud Master not only meets these requirements but far exceeds them. Shamrock Cloud Master... octane rating more than enough to positively eliminate even knock... octane rating more than enough to ensure maximum mileage and the quickest starts, fastest warm-up, the greatest power, smoothest performance your car was designed to deliver.

Regardless of the make or model of your car, one of the two great new Shamrock gasolines will give you MORE POWER... BETTER PERFORMANCE... GREATER ECONOMY... and, for no more than you would pay for any other leading brand of gasoline. The superiority of these new gasolines is the result of Shamrock's new blending formula. This new formula gives both Shamrock Trail Master and Cloud Master higher octane and important additives. Distillation tests carefully check the volatility of the fuels, special knock-test engines prove definitely that the new gasolines are of such high octane rating that there IS NO CHANCE of your engine knocking. Fill up with one of the two... and get the most possible mileage and performance from your car.

EXHAUSTED ROOSTERS, the Jaycees call members who reach the ripe old age of 36 leave the Junior Chamber of Commerce organization. John Aiken presented the emblems of former service to, from left: Paul

Coneway, Edgar Skypala and DiDck Barrett, The presentation was made at the Jaycee installation banquet Saturday night in Hotel Jim Hill. (Staff Photo)

I just decided what keeps this country going. It is the new generations that keep coming along. This sure is a fact. Folks go along for years automatically thinking about themselves as the "new generation" and, all of a sudden, another new one steps in. We've been worrying and fretting about a rain and finally everyone gave up—completely. We decided it is maybe never going to rain again. What happens? I pick up the Sunday Brand and there is a frost

page article about the Junior-Senior banquet. Their 1954 setting was "Garden in the Rain."

That's youth, optimism and blind faith all rolled into one. Nothing, positively nothing, but a new generation could sit in the midst of the raging dust storms we had during February and March and dream up a setting like "Garden in the Rain." It didn't rain last Friday, as we all know, but I admire their vision and foresight. Their fortitude renews my faith in America's future. A lot of these kids have never seen much rain, yet they are right in their pitching, picking up where the old folks left off. I still don't see how anyone could sit in the midst of a duster and dream up a beautiful garden, filled to overflowing with

gorgeous flowers bowing their pretty little heads in the midst of a gorgeous two-inch sprinkle. It's wonderful, simply wonderful.

Some people may not agree but, for my money, Monroe Parker has the championship hard-luck story of all times. Monroe never had the mumps, so when he was exposed a few days back, he made a dash for the doctor and got vaccinated against them. Everything went along fine until around the first of April. Monroe took the mumps — and that same day he got a bill for the vaccination.

People sure have been kidding me about getting my name in the paper as the result of a traffic accident. Even Gaylord Newell has been rubbing it in. Police Chief Leo Box even says it was all my fault, so it looks like I don't have a chance. Bob Phillips, able Brand news editor, not only put it in the paper—but right on the front page. This was OK, but he actually seemed to enjoy it to the utmost. He got such a kick out of it, in fact, that it reminds me of the story Bob doesn't think I know. It happened at a meeting of the

City Council. Bob went over, complete with camera, notebook and pencil. The meeting went right along for about 30 minutes, then someone started snoring. The commissioners and the mayor looked over in the corner and there was Bob—fast asleep. They slipped out the camera, took Bob's picture and after a good chuckle, woke him up.

They say they still have the picture for future reference. Every time they mention the picture Bob grins, makes a feeble excuse and ducks his head.

All of which reminds me of an old newspaper story about a column writer who got caught on one of those night club raids during the prohibition days. The newspaper published a list of people arrested, including their own columnist. This made the column writer most unhappy. He pitched into the city editor, whose excuse was "Well, it's the truth isn't it?" The column writer agreed, and left in a storm.

Next day his column included

one little sentence: "Mr. _____, city editor of this paper, was seen at the corner of Fifth and Broadway—and he was cold sober."

Mrs. Sank Ramey just got hold of a brochure which is sponsored by the Canyon Chamber of Commerce. It has a map on the front cover which shows Panhandle towns—and there's the rub. It shows every town except Hereford. It shows Tulia, Dalhart, Clarendon, but when Highway 60 turns west from Canyon (in big letters) there is not a town on the map until you get to Clovis, N.M. Mrs. Ramey wants to know if we are having a feud with Canyon? How about it, Mr. Moon Mullins? Are we? Honestly, I never heard of any trouble between Hereford and Canyon. I am inclined to think that it was a mere over-sight. Maybe they honestly forgot about Hereford. Maybe they want the tourists to fill up at the Canyon service stations before the long hop west to Clovis. Anyway, a bunch of tourists will sure be surprised when they start west and discover Hereford.

The general public in Hereford

likes Canyon. We boost Palo Duro and we like to consider the Canyon people as our friends and neighbors. We send the big majority of our students to West Texas State. The Canyon folks have all been nice to us. They bring over programs, they sponsor a dult classes here. They are good neighbors. I am sure there has been a mistake somewhere. Yes, Sir, we are still for Canyon. They are our kind of folks — even if we didn't get on their map.

THE STORY OF PHILLIPS 66

Flite-Fuel

FROM THE SKYWAYS TO THE HIGHWAYS

FOR MILITARY USE Phillips originated new super-power aviation fuel components—Di-isopropyl (pronounced di-iso-pro-pull) and HF Alkylate. These made possible more powerful fuels for combat aircraft.

RESTRICTED for use in aviation gasoline, these components have for years been on U. S. Government priority. But now restrictions have been released and Phillips is able to use them in automotive gasoline.

TODAY, Di-isopropyl is available to motorists exclusively in a new gasoline called Phillips 66 Flite-Fuel! It gives increased power, higher anti-knock quality, freedom from stalling . . . and it's clean-burning!

S. O. Perkins family of Walcott.

Mr. and Mrs. Virgil Bomar and
sons visited Mr. Bomar's sister,
Mrs. Bill Skinner, in Clovis, N.M.,
Sunday.

Larry Roubison and Bob Per-
kins spent Saturday night with the
Tom Oliver family in Hereford.

Mr. and Mrs. Dan Guseman vis-
ited in the home of Mr. and Mrs.
Don Guseman Sunday afternoon.

The Bill Kribbis family of Har-
lingen will arrive sometime this
week to visit in the homes of Her-
schel and Glenn Burrus.

The Walcott track team will
compete in the Inter-Scholastic
league track meet at Farwell Sat-
urday.

Mr. Hinger of Western Photo
Service in Amarillo was at the
school building Friday to take pic-
tures of the children of this com-
munity. He is to come back soon
to take group pictures.

Mr. and Mrs. Riddle are mov-
ing to their new home in the Wal-
cott Community.

Tommy Perrin spent the week-
end with J. V. Perrin and family.

Mrs. Lucille Flesher and daugh-
ters visited the John Frost family
Sunday afternoon.

Mr. and Mrs. W. L. Harkrider
and children spent the weekend
in Big Spring.

Fifth Grade News
The fifth grade science class of
Walcott School have had a recent
study of frog eggs. A batch of
eggs were taken from a tank and
kept in the room under observa-
tion. Hundreds of the eggs hatch-
ed.

A fifth grade pupil J. V. Perrin,
secured a little brown furry bat
and brought it to the room. The
children are enjoying it but are
finding trouble providing its food.

We have also made a recent
study of rattlesnakes, of how
they molt, and first aid for snake
bites.

Mulled Cider is delicious to ser-
ve with a snack on a cool night.
Heat the cider with brown sugar
to taste and a dash of cinnamon,
cloves and allspice. If you use a
stick of cinnamon and whole clo-
ves and allspice, strain the cider
before serving. If you use ground
spices, straining is not necessary.

Ever try adding crushed potato
chips to use as a topping for a
casserole?

CHIP SHOTS

By Bud Fossey

On Easter Sunday a driving
range will be set up with distance
and fairway markers to allow any
drivers wanting to compete in the
Drizzler Driving Contest sponsored
by the MacGregor Golf Com-
pany.

They will drive against "Slam-
min" Sam Snead who has already
driven his ball 270 yards, one foot
and three inches. Any male or fe-
male amateur golfer in the United
States is eligible to compete with
the winner receiving a two weeks
paid vacation for two at the fam-
ous Greenbrier Country Club in
White Sulphur Springs, West Vir-
ginia with daily lessons from Sam
Snead. Forty-nine other valuable
prizes will be given the 50 longest
drivers.

Entry blanks may be obtained
from the Hereford Pro Shop and
must be mailed by midnight May
28. The longest 50 drivers will have
an elimination contest at their
own respective clubs on June 22
and 23. There is no charge for
the event. All golfers will be al-
lowed handicaps.

The decision of the judges will
be final. Each player will drive
three balls being allowed to mea-
sure his longest ball for entry in
the contest.

Creamed chicken looks pretty
and tastes good with a topping
of diced avocado. Use this topping
for creamed eggs or creamed ham,
too, if you like. The bland avocado
is particularly good with the ham.

Here's pork chop know-how. Cen-
ter-cut chops are cut from the loin;
they are lean and regular in shape.
End chops are cut from either end
of the loin; they are fine in flavor
and not so expensive as center-cut
chops.

WE HAVE
A CURTIS KITCHEN
TO FIT IT
for instance

The L-type kitchen arrangement is
the most popular of all kitchen plans.
Here you see how effectively Curtis
cabinets may be used in an L-kitchen.
You can have Curtis units that fit
your needs exactly—for Curtis offers
20 basic cabinets and a total of 70
sizes. Remember, these are wood
cabinets—designed for durability
and lasting beauty.

If your kitchen space is U-shaped,
here's the way Curtis units provide
an efficient and step-saving plan.
Curtis cabinets come painted white
—you can use them "as is," or finish
them in the color of your choice.
Hardware is furnished for each unit.

And here's a simple arrangement
of the "straight wall" kitchen. Note
the ample working and storage
space. Curtis kitchen units are easy
to install—and you can have such
features as broom closets, pan units,
snack bars, sliding table tops, and
many others.

We have Curtis cabinets for quick delivery. Stop in for
prices and a free kitchen planning book. Or phone and
we'll call at your convenience.
