Riders Program For Fun Nite Told By Collier

Anyone who likes to watch horses and horsemen can have a good time Friday night at the Hereford Riders Club, when their Fun Nite is held.

Put on for the benefit of Hereford merchants and others who have given their support for the Riders Club, the event is being put on free of charge to the public. Horizon Club members will operate the concession stand.

Program To be included on the program are palmetto polo, musical chairs (for children 18 and under), a Shetland pony race, a 100-yard club team relay race, trailer race, sack race (for children 16 and under), a flag race, and a balloon bursting contest.

Anyone who has a horse but is not a member of the Riders Club, is also invited to take part in the various events.

There will also be a matched pole-bending contest between Wylie Roberson and Mal Stewart.

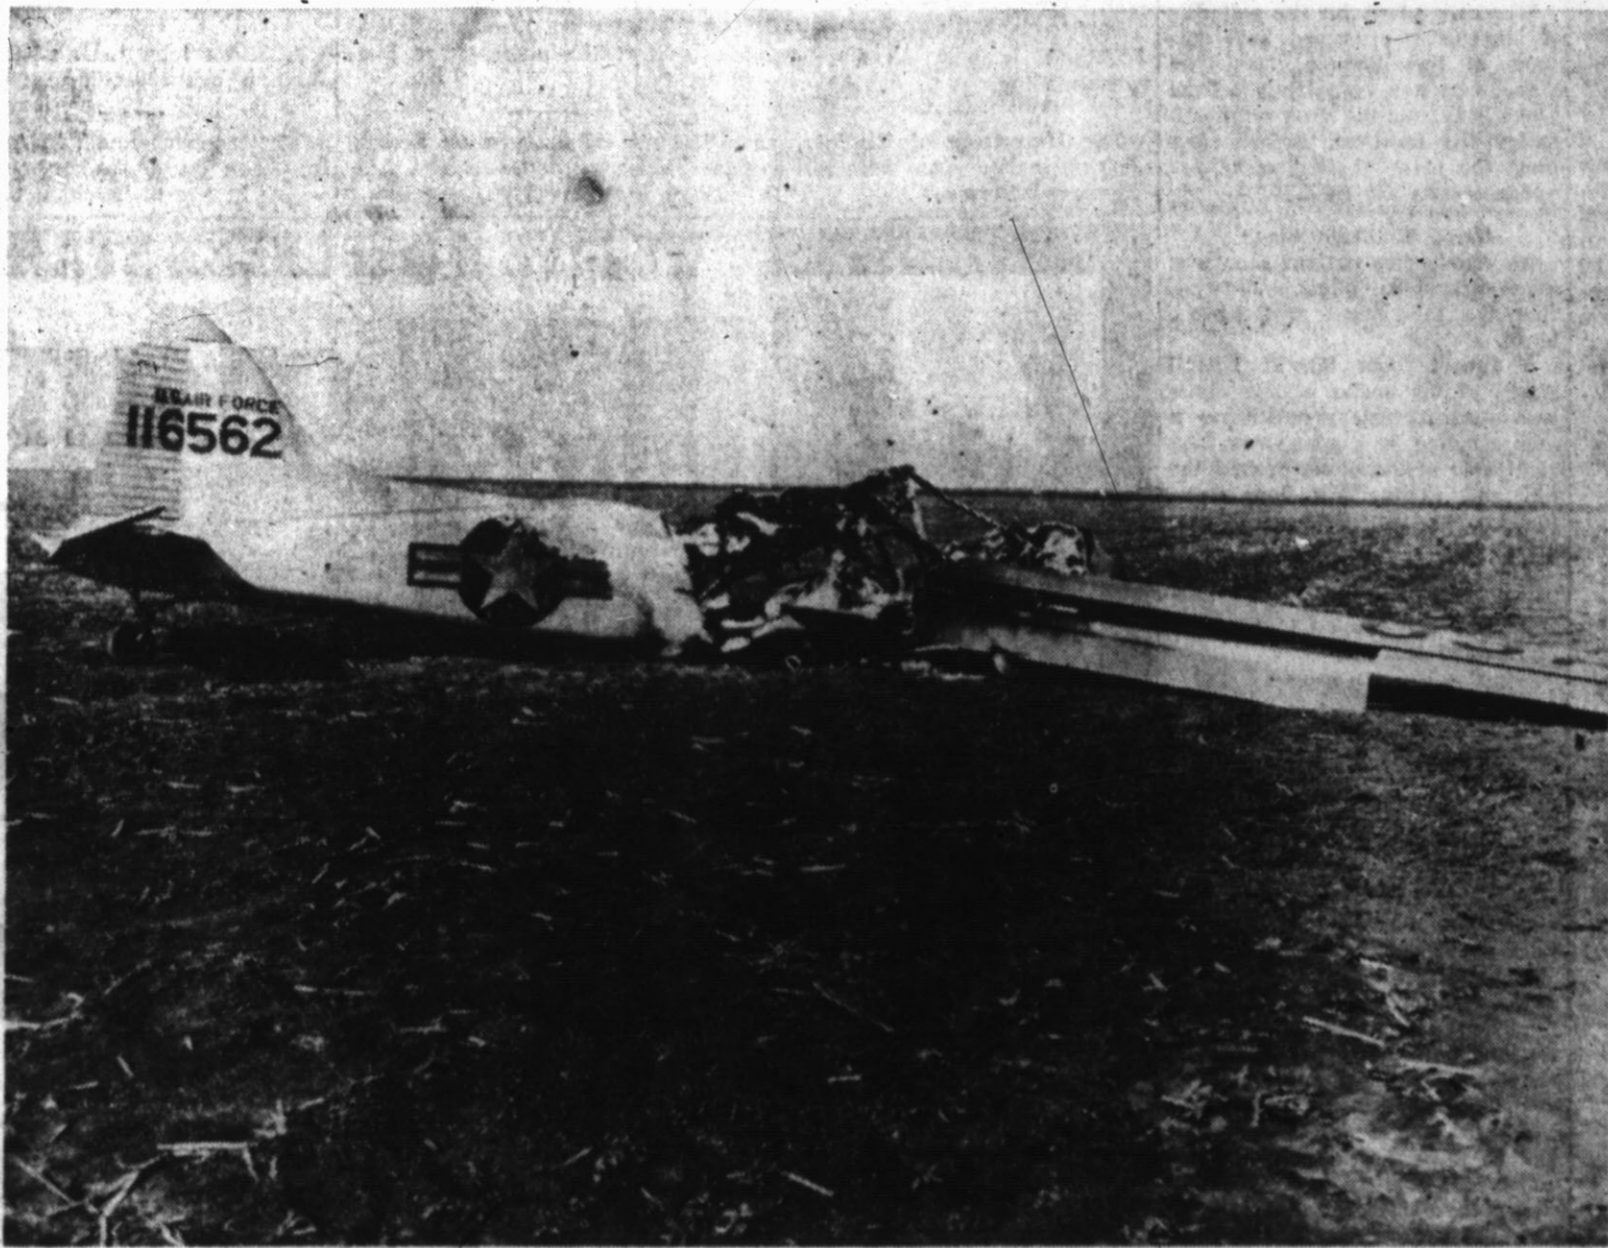

Faust Collier, Riders' Club president, said that this contest is new to West Texas, though it is popular in the north and middle west. Riders weave through a series of upright poles as fast as possible, and it is indeed a test of horsemanship to go through at a fast pace.

And A Pin

In the balloon bursting contest, each rider will have a balloon tied behind his own saddle, and will be equipped with a pin to try to burst other balloons. The last rider with an unpunctured balloon will be declared the winner.

"This will be completely unheated, so there should be quite a bit of action, particularly in the palmetto polo and the balloon bursting contest. You can't tell what some of those horses will do at a time like that," Collier said.

The fun night is being staged partly to satisfy requests from a number of local persons who like to watch the Hereford Riders perform.

HEAT FROM BURNING gasoline was great enough to melt part of the aluminum in the forward part of this small plane after it crash landed early Monday morning in a summer-fallow field northwest of Hereford. The force of the crash tore one wheel completely off the plane, crumpled the other, and twisted both ends of the propeller back around the nose of the plane. Two Air Force officers in the plane received injuries in the crash and subsequent fire, one being burned on his face, arms and legs. The other received only minor burns and small cuts. Cause of the accident was not known. (Staff Photo.)

Two Men In Plane Are Injured

Crash Landing Is Made Northwest Of Hereford

The crash landing of a four-place cabin plane of the U. S. Air Force (about 6:30 o'clock Monday morning) in a muddy field about 16 miles south and nine miles west of Hereford resulted in injuries, though one too serious, to the two Air Force officers in the plane. Flames broke out in the plane

immediately after the landing, resulting in two first degree burns to First Lt. George B. Massey, 27, of Birmingham, Ala., and extensive second degree burns on the face, arms and legs to Second Lt. Donald C. McNeerland, 24, of Oak Park, Ill. Lt. Massey was also cut on his face and head.

The plane was on a routine training flight from Alexandria Air Force Base, La. Sunday night had been spent at Sheppard Air Force Base, Wichita Falls.

she heard the plane about 6:30 o'clock, but didn't think much about it. A short time later she saw two men out by her mail box, with one of the men helping the other to walk. She immediately got in her car, and drove them in to the hospital, where they received treatment.

Line Suggests Way Of Lowering Losses On Checks Cashed

"If a merchant is not personally acquainted with the person writing a check, it would be best to have him put his address on the check after signing it," J. Edward Line, Deaf Smith County Attorney, said this week.

"There have been a number of worthless checks appearing in the hands of merchants recently, and some of that could probably have

(Continued on Page 2)

PMA County Convention Delegates To Meet Friday

Delegates to the Deaf Smith County Production and Marketing Administration convention, elected in last week's PMA election, will meet in the PMA office in Hereford Friday morning at 10 o'clock to select their county committee for the 1954 term.

Those elected as delegates and alternate delegates to the county convention are: Community A — J. C. McCracken, Clyde W. Russell, Community B — J. T. Gilbreath, Raymond Higginbotham, Community C — Maurice Tannahill, Bill Dameron, Community D — Gord Hammock, Byron Gist Jr., Community E — Lisle Woodford, R. L. Campbell.

Budget Estimate Given Approval

The tentative budget-estimate for Deaf Smith County was read and approved at the regular meeting of the Commissioners' Court Monday.

Motion to approve the tentative budget-estimate was made by Commissioner J. C. Morrison, and seconded by Commissioner J. T. Guinn.

Non-Toll Service Set For Rural Phones

Effective September 1, there will be free service between all phone exchanges of the West Texas Rural Telephone Co-operative, Inc., and Hereford, according to work received from Washington Wednesday afternoon by Robert Bell, assistant manager of the co-op.

"Toll service will continue until September 1, and there may be an increase in rates at some later date, but direct, no-charge service to all our subscribers in the Hereford area is scheduled to become available on that date," he said.

Budget Estimate Given Approval

Community C—Garland Solomon, chairman; Austin Rose Jr., vice chairman; Waldron Melton, member; P. B. Sowell, first alternate; S. W. Easley, second alternate.

Community D—Roscoe Fennell, chairman; Paul Lyons, vice chairman; Edwin Morrison, member; W. F. Perry, first alternate; Donald Hicks, second alternate.

Budget Estimate Given Approval

Community E—Hardy Benson, chairman; Keller Muse, vice chairman; Walter Galley, member; Jewel L. Fite, first alternate and Frank Fortenberry, second alternate.

Commissioner Richardson reported to the court that he had hired, effective August 15, Marion Kinsey as a road man.

Reports Given

Quarterly reports were received from the Messenger Home Demonstration Club and the Walcott 4-H Club from Precinct 3, and from the County-Wide Club.

Those present at the meeting included Commissioners J. C. Morrison, Precinct 2; J. T. Guinn, Precinct 3, and C. G. Richardson, Precinct 4, as well as County Judge Horace Schloss.

Lions Slave Auction Will Be Held Friday

Last call! A large quantity of high-grade "slave" labor will go on the auction block at noon Friday in the Jim Hill Hotel ballroom.

Not only will there be more than 100 Lions Club members who will be sold for a day at hard labor, but presidents of the other civic clubs will go on the block as well.

Object of the whole program is to raise enough money to pay off the cost of the new scoreboard at the football field, and, if possible, a little bit extra on the side.

Anything Goes—Almost

What can you do with one of these men if you do buy him? Practically anything goes, with the only rules being those set out by the Society for the Prevention of Cruelty to Dumb Animals.

After the day's work, which is to be performed next week, there will probably be more blistered hands and aching backs in Hereford than have been seen for many a day.

Reports Given

Quarterly reports were received from the Messenger Home Demonstration Club and the Walcott 4-H Club from Precinct 3, and from the County-Wide Club.

Those present at the meeting included Commissioners J. C. Morrison, Precinct 2; J. T. Guinn, Precinct 3, and C. G. Richardson, Precinct 4, as well as County Judge Horace Schloss.

Gasoline Tanks Burn At Adrian

Firemen From Hereford Go To Battle Blaze

Two 12,000 gallon gasoline tanks exploded and burned at Adrian Monday afternoon when the driver of a gasoline truck accidentally struck a spark as he started to pull his hose after filling a tank on his truck.

Clay Angelo and Glenn Witherspoon, Hereford firemen who answered a call for extra help to help fight the fire which followed the explosion, said that only hot, dry weather saved the little town, which was only recently incorporated.

Hereford was called about 5 o'clock Monday afternoon. The two men took the 500-gallon pumper truck to Adrian, fought the fire for approximately two and a half hours, and got back to Hereford about 10:30 o'clock that night. The fire had started about 4 o'clock.

Water Was Problem

"Water was the biggest problem," Angelo said. "They don't have a city well, and some of the trucks that went out there were getting water which had filled bar ditches following the recent rains. We had to go to a stock tank for water one time."

Four persons were injured when the explosion threw up a 500-foot pillar of fire and showered flaming gasoline, most of which was consumed in the air before it had a chance to ignite buildings.

Those hurt were Mrs. Frankie (Granny) Shaw, 65, who was taken to Northwest Texas hospital, Amarillo, where she was treated for second- and third-degree burns on her arms and legs; Alma Mosteller, 11, daughter of Buster Mosteller; and Twyla Story, 10, daughter of Ernest Frank.

Girls Burned

Both of the girls, who were with Mrs. Shaw, received second degree burns on their arms and legs. They were treated at the hospital in Amarillo and released.

Another victim of the flaming gasoline was Lester Huston, who was standing across the street from the Loveless Oil and Butane Company when the explosion occurred. He suffered burns on the back of his neck, but was not seriously injured.

Angelo said that two boys who were standing by a warehouse a block from the blast, "ran as fast as they could" but both had their backs blistered by the heat. The paint on the warehouse curled up from the searing blast.

Buildings Destroyed

Destroyed by the explosion and subsequent fire were the Loveless warehouse and appliance store, a garage, a two-story boarding house owned by Mrs. T. H. Abie, and a double garage fixed up for an apartment.

Butane tanks, which were several blocks away, were kept from exploding too.

Damage to the building was estimated at \$35,000 by Manuel Loveless, partner in the gasoline, butane and appliance business with Buster Mosteller. There was at least \$6,000 in other loss.

Driver Unhurt

According to Loveless and Oldham County Sheriff Day Thompson, the fire started when Minor Pounds was loading a 1,200 gallon delivery truck. Pounds managed to get well

(Continued on Page 2)

Funeral Service Held Wednesday For Mac Pitman

Funeral services for J. M. "Mac" Pitman, 54, were conducted from the First Baptist Church in Hereford Wednesday afternoon, Aug. 26, at 2 o'clock. Rev. Howard Scott, pastor, was in charge of the services.

Mr. Pitman, widely known resident of this community, was found dead in his bed around 8 o'clock Tuesday morning, Aug. 25 at the Pitman Home, 800 East Third Street, by his sister, Mrs. Don Taylor, and his mother, Mrs. J. H. Pitman. Doctors estimated the time of his death at approximately three hours before his body was discovered. He had returned from a vacation trip to Colorado the previous day.

Of Quiet Disposition

Of a generally quiet disposition, Mac Pitman seldom pushed himself to the front, but was always willing and generous in the promotion of the community and in development of civic activities and enterprises. He was a charter member of the Hereford Fire Department and after several decades of active service, then served as treasurer of the organization for the past 15 years.

He was a member of the Baptist Church and of the Masonic Lodge, also affiliated with El Paso Scottish Rite Consistory and the Khiva Temple in Amarillo. Mr. Pitman was also a member of long standing in the Hereford Golf Club and was active in its organization and progress.

Survivors

Survivors include his mother, Mrs. J. H. Pitman, one brother, J. A. Pitman, both of Hereford one sister, Mrs. Eloise Taylor, Amarillo.

Funeral services were held at the Park Cemetery.

Born In Missouri

Mac Pitman was born in Saline County, Missouri, near Marshall on Nov. 25, 1898, and came to Texas in 1906 with the Pitman family. They resided in Amarillo for a few months then moved to Hereford in November of the same year, where his father engaged in the real estate business.

Mac attended the Hereford schools and, after graduating, was briefly engaged in the automobile business. In 1930, however, he became associated with his brother, J. A. Pitman, in the grain business and the operation of Pitman Elevators, which is today one of the nation's largest non-terminal elevators.

He was also interested in farming and perhaps loved this activity more than any other in which he engaged. In recent years, the farm, golf playing and Shrine activities held a wide interest for Mr. Pitman. He was also interested in all types of sports and seldom missed a football game.

Survivors include his mother, Mrs. J. H. Pitman, one brother, J. A. Pitman, both of Hereford one sister, Mrs. Eloise Taylor, Amarillo.

Funeral services were held at the Park Cemetery.

Registration For Fall Term Of School Starts Thursday

Hereford students will register on September 3 and 4 for the fall term of school, according to Superintendent George L. Graham.

Registration dates and times are as follows:

Seniors: 9-12 Thursday morning, September 3.

Juniors: 1-4 Thursday afternoon, September 3.

Sophomores: 5-12 Friday morning, September 4.

Freshmen: 1-4 Friday afternoon, September 4.

Eighth Grade: 9-4 Thursday, September 3.

Seventh Grade: 9-4 Friday, Sep-

Division Line

The division line between Central and Shirley schools will be Schley Street north to Park Avenue, thence to Avenue B and north to the city limits.

All students living on Schley street, Avenue B and east of those streets will attend Shirley school, while all others will attend Central.

Bus assignments are to be announced in the Sunday Brand.

Buses will run their regular schedules on September 8. School will dismiss at noon that day.

Cafeterias will begin operation on September 9, the superintendent said.

Around Town

J. C. Reese, instructor in Distributive Education, will be at the High School from 9 to 12 o'clock Tuesday and Wednesday morning, September 1 and 2, to talk to all students who are now enrolled in Distributive Education, and any other students who might be interested in enrolling in such a course.

Marlin (Slats) Gilliland reported to the sheriff's office Tuesday night that his 1949 Chevrolet sedan had been stolen from in front of Gilliland Funeral Home about 9 o'clock. A general alarm was broadcast Tuesday night and again Wednesday morning by the sheriff's office. Gilliland had left the keys to the vehicle in the glove compartment of the car when he went inside.

The local A&M Club will meet at 8 p.m. tonight in the Jim Hill hotel to discuss getting films of all A&M games to be played this year. According to Gerald McCaskill, all games which are played in the daytime will be filmed in color. It is expected that the films will be available here about a week after the games are played, if there is sufficient interest among the Aggies to pay rental costs on the film. McCaskill urged all Aggies to attend the meeting.

Out-of-town breads which are sold in Hereford stores have advanced one cent a loaf in price to 19 and 26 cents. Hereford Bakery is holding the line at 18 and 25 cents a loaf.

Mrs. Gene Prickett walked into the bank Monday morning with her arms full of loose bills and checks. They had blown out of her hand on the way to the bank, and others on the street had helped her gather up all the money. When it was all sorted out there wasn't a check or a bill missing, she said.

Next Tuesday a Marine Corps recruiter will be at the Selective Service office to interview Marine Corps prospects. He will be in Hereford until noon.

(Continued on Page 2)

Addie Sullins Given WTSC Scholarship

Addie Sullins, foster granddaughter of Mrs. T. A. Sullins, will enter West Texas State College this fall with a music scholarship awarded by Tau Beta Sigma, national honorary sorority to promote hand music among college women.

A 1953 graduate of Amarillo High School, Addie had lived in the Amarillo Children's Home since she was 12. She was a member of the Home's band during the entire time there, playing clarinet, saxophone and piano.

Boys Ranch Members To Furnish Thrills At Ninth Annual Rodeo

The young cowhands from America's First Boys' Ranch, coming out of the chutes on bucking broncos and bulls, will furnish all the excitement of a professional show and then some at the Ninth Annual Boys' Ranch Rodeo over the Labor Day weekend.

Every boy will participate in at least one event. Young cowhands

from five to seventeen will fill the program with calf and bull riding, trick riding and roping, bronc busting and all other events associated with big-name rodeos.

Two Performances

Two performances of the action-packed rodeo will be held over the Labor Day weekend at the Tri-State Rodeo Arena in Amarillo. The first show will be at 2:30, Sunday, Sept. 6th. The second show is at 8:00 in the evening, Monday, Sept. 7th.

Not only will the boys be doing their best to stage a top flight rodeo, but they will be competing for prize money and the honor of being named Best All-Round Cowboy, which is decided by points received in the various events. This year's rodeo is expected to

be the best yet because many exceptional riders are listed among the young contestants. Salty stock, courageous cowhands and trip-hammer timing will combine to insure a thrill-studded rodeo from start to finish.

Special Attractions

Special attractions are scheduled for between-the-acts events. Hoyt Hoeffner, world-famous rodeo clown will add his talents to the show and Bud Townsend will hold down the very important post of announcer. The Will Rogers Range Riders will again act as sponsors of the rodeo, as they have for many years in the past.

Advance tickets can be obtained through the Boys' Ranch office in Amarillo and all proceeds will be used for the Boys' Ranch expansion program that will help care for more boys from all over the nation.

Crash . . .

(Continued from Page 1)
on to the J. R. Overstreet place and called the sheriff's office and the fire department. The fire had burned itself out before a truck from the Fire Department reached the scene.

When the plane hit the soft dirt it apparently crumpled both sections of the landing gear. One wheel was torn completely off the plane body, and the other crumpled under the fuselage. Before stopping, the plane skidded about 150 yards across the field.

Tried To Fight Blaze
An empty fire extinguisher was found beside the plane, indicating that the men tried to fight the blaze.

A report from Sheriff Lowell Sharp at the scene of the crash was that footprints indicating a man running had gone from the right side of the plane around the tail and to the left door were found when they first arrived to investigate.

Apparently Lt. Massey, the pilot, was able to leave the plane first, and ran around to help Lt. McNerland out.

Line . . .

been avoided," he added.

Written Notice

The county attorney also suggested that when a check comes back marked "insufficient funds," or for some other reason which lets the merchant know that it might not have been written with fraudulent intent, that the merchant send a written notice by registered mail to the person who wrote the check, and give him a chance to demonstrate good faith.

"This would prevent trouble where there are mistakes in bank accounts without any intention to defraud," Line said, "and could prevent hard feeling between the merchant and a customer."

Gasoline . . .

(Continued from Page 1)

away from the scene before the second tank exploded.

It was then that flames shot about 500 feet in the air, and dropped flaming gasoline on the warehouse and rooming house.

Ten Days In Jail Given In DWI Case

A plea of guilty to a charge of driving while intoxicated brought a 10-day jail sentence to Benito Condarco, who appeared in County Court before Judge Horace Schloss Tuesday.

The sentence was passed after Judge Schloss heard the testimony of the arresting officer.

In addition to the jail sentence, his driver's license was taken from him by the judge, and he was told that his license to drive any type of motor vehicle in Texas has been automatically revoked for six months from the date of conviction.

Open Season Announced On All Migratory Birds

Ralph Smith, Deaf Smith county clerk, received a statement from the Game and Fish commission of Austin announcing open seasons for the shooting of migratory game birds.

Open seasons—Except on State Game Preserves, statutory State Wildlife Sanctuaries, U. S. Wildlife Sanctuaries, and on public roads and highways within the State, the open season for taking each of the migratory game birds is as follows:

Ducks, Geese
Ducks, geese, brant, and coot: November 6 to January 4, 1954, both days inclusive, except shooting on November 6 shall not commence until 12 o'clock noon; shooting hours on other days shall be from one-half hour before sunrise to sunset. No open season on black-bellied tree ducks.

Rails and gallinules (except coot): September 1 to October 30, both days inclusive; shooting hours shall be one-half hour before sunrise to sunset.

Mourning Dove
Mourning doves: In Val Verde, Kinney, Uvalde, Medina, Bexar, Comal, Hays, Travis, Williamson, Milam, Robertson; Leon, Houston, Cherokee, Nacogdoches and Shelby Counties, and all counties north and west thereof, September 1 to October 10, both days inclusive, from 12 o'clock noon to sunset; in remainder of State (but not including Cameron, Hidalgo, Starr, Zapata, Webb, Mayerick, Dimmit, LaSalle, Jim Hogg, Brooks, Kennedy, and Willacy Counties), October 1 to November 9, both days inclusive, from 12 o'clock noon to sunset; in these latter counties, September 11, 13, 15, from 4 o'clock in the afternoon until sunset and thereafter, October 1 to November 6, both days inclusive, from 12 o'clock noon to sunset.

White-winged doves: There shall be an open season only in Cameron, Hidalgo, Starr, Zapata, Webb, Mayerick, Kinney, Dimmit, LaSalle, Jim Hogg, Culberson, Hudspeth, and El Paso Counties, September 11, 13, and 15, from 4 o'clock in the afternoon until sunset. No open season in rest of the State.

Woodcock: There shall be an open season only in the counties of Shelby, Nacogdoches, Angelina, Trinity, San Jacinto, Liberty, Chambers, and all counties south and east thereof, December 15 to January 23, 1954, both days inclusive; shooting hours shall be from one-half hour before sunrise to sunset. No open season in rest of the State.

Wilson snipe or jacksnipe: December 21 to January 4, 1954, both days inclusive; shooting hours shall be from one-half hour before sunrise to sunset.

Hospital Notes

Patients in Hospital
Mrs. F. Glendinning, OB; Elvin S. Lowler, surg.; Mrs. G. E. Pinkerton, surg.; O. G. Hill Sr., med.; Mrs. J. P. Wood, surg. Mrs. G. Robertson, med.; H. L. Hershey, surg.; Maurice Tannahill, med.; Jim Prince, surg. W. A. Davis, surg.; Robert Churchill, surg. Mrs. Carl Klauskins, surg.; Davi Duran, med.; W. R. Higgins, surg.; Alford Petty, med.; Harry Cayler, med.; Mrs. G. A. F. Parker, med.; Mrs. E. D. Gomez, med.; C. V. Burges, med; and J. L. Hoffman, med.

Patients Dismissed
George Massey, acc., 8-24; Donald Nerland, acc., 8-24; Mrs. Loyd Smith, OB, 8-24; Mrs. Jack Kirkland, OB, 8-22; Lupe Hernandez, med., 8-22; Mrs. Carl Hollingsworth, OB, 8-22; Mrs. A. J. Schroeter, med., 8-24; Linda Adams, T&A 8-24; Denise Hartman, T&A, 8-24; Jim Shearhart, T&A, 8-25; Mrs. George Madrid, OB, 8-24; S. M. Easley, surg., 8-24; W. A. Dobbins, surg., 8-25; Mrs. Edith Pounds, OB, 8-25; and Mrs. Clint Tumlison, OB, 8-22.

Births
A daughter to Mr. and Mrs. Pounds, 8-23.

Personals

Mr. and Mrs. Perry McMinn, Nan Longbottom and Mrs. Harold Loerwald visited their daughter and sister in Indiana last week.

Mr. and Mrs. G. W. Millard of Amarillo spent Sunday visiting in the home of his mother, Mrs. F. A. Millard.

Mr. and Mrs. Richard Ireland were vacationing in New Mexico last week. They visited in Santa Fe and also went fishing.

Mr. and Mrs. G. T. Owen have returned to Austin where he will resume his studies at the University of Texas this fall. Mrs. Owen is a member of the Cuero Public schools faculty. She will resume her teaching there.

Any other further information on bag and possession limits or means methods and devices by which migratory game birds may be taken may be obtained by contacting Ralph Smith at the County Clerk's office in the Deaf Smith County Courthouse.

Demonstration Clubs Have Joint Meeting

The Messenger Home Demonstration club and the Walcott 4-H club met in the Commissioners' Courtroom Monday.

Mrs. Paul Corbett, chairman of the Deaf Smith County Expansion and Education committee, introduced Mrs. Frank Miers, the Expansion and Education leader for the Messenger Home Demonstration club.

Mrs. Frank Miers introduced the 4-H girls and their leader, Mrs. Roy Pruitt. Each member discussed what they had done this year.

Mrs. N. A. Brown, president of the Messenger club showed the commissioners the 1952 club record books and showed pictures of special interest on coppercraft. Miss Roberta Campbell showed a table lamp that she had made from a four by four covered with coppercraft design.

Plastic bags are handy for storing foods of irregular shape in the refrigerator. Aluminum foil is also useful for storing such foods.

Butter consumption in the United States in 1942 was 16 1/2 pounds per capita. It is now 9 pounds but consumption of other dairy products has steadily increased during this same period.

Tickets To Water Follies Will Be Sold In Hereford

Tickets for the Water Follies, which will be held Sept. 11-16 at the Tri State-Park in Amarillo, will be on sale at the Jim Hill Hotel next week.

Khiva Shrine Temple will sponsor the six-day performance of the Water Follies of 1953, marking the first time that such a show has made its appearance in the Southwest.

The aquatic show will be presented every night, and there will be matinees on the afternoons of Sept. 12, 13, 15, 16.

Khiva is sponsoring the show in Amarillo as a benefit for its hospital building fund and charity and activities of the temple.

Personals

Mr. and Mrs. T. W. Roberson and grandson Douglas Roberson were in Lubbock recently to attend a reunion of her people, the McCombs family, at McKinney Park.

Mr. and Mrs. C. A. Tierle of Canyon and Mrs. Eleanor Tierle Robinson of Ven Tura, Calif., were in Hereford Tuesday visiting old friends. Mrs. Robinson is a former teacher in Central school.

Mr. and Mrs. J. R. Johnson and Penny are vacationing in New Mexico this week. They left Monday for Carlsbad where they will make a trip through the caverns.

Dr. and Mrs. J. O. Baker and children of Dallas are here visiting her parents, Mr. and Mrs. G. W. Brumley.

School lunchrooms and local public and private welfare agencies can get butter from price support stocks owned by the USDA. About 50 million pounds are available.

A good legume crop in the rotation pays twice, in more hay and pasture and in better yields from the crops which follow.

A dash of dry mustard and a few drops of tabasco sauce will enliven cream sauce that's to be combined with diced cooked ham.

Chicken soup mixed with tomato juice and a little cooking sherry makes a delightful first course.

Add a little lemon juice to buttered crumbs when you are using them as a topping for vegetables such as snap beans, frozen or canned asparagus, or cauliflower.

Hereford, Texas, Thursday, August 27, 1953

Section Two

Carlson Meets Danny McShain Here Saturday

Danny "The Great" McShain, the world's junior heavyweight champion for two years until two weeks ago, has a wrestling job to do in Hereford Saturday night.

Irish Danny, one of the most colorful and popular wrestlers ever to hit the trail, comes here to meet Cowboy Carlson of Montana in the top half of a double main event.

"Fighting Back"

McShain is "fighting back," trying to win as many victories as he can in order to earn the right to challenge Baron Leone for the title he lost in Memphis, Tenn., to the Baron. But with the championship pressure off, McShain is more likely to revert to his old-time rough-and-tumble routine.

Carlson had won an elimination tournament to gain the right to meet McShain in a world's championship match at Amarillo recently. The match went out the window when Leone defeated McShain four days earlier. So Saturday night's battle in Hereford will be the one originally scheduled for the world's title in Amarillo.

Weldner Vs. Abbott

In the first section of the double main event, Ace Abbott of Abilene tangles with Billy Weldner of Amarillo. These veterans, with no love for each other and both proud of their muscular powers, should give the fans a lively hour of wrestling—if it goes that long. It is scheduled for two out of three falls or a one-hour time limit.

The same rules apply for the top event. McShain and Carlson go for two out of three falls or one hour.

Carlson, too, found Baron Leone a bit too rugged in the title match at Amarillo. But the long-haired blond ex-cowboy and rodeo star figures he might have another chance at Leone's new title if he can subdue Dangerous Danny. McShain feels the same way, of course, about his own chances of reclaiming the title.

CHIP SHOTS

By Bud Posey

The Hereford City Putting Championship tournament will get under way this Friday night commencing at 8 o'clock. The event will consist of one 18 hole qualifying round, and two 18 hole matches this week. Players will be bracketed according to their qualifying round and play their first two matches.

The final matches will be held on Friday night, Sept. 4. A handsome putting trophy, now on display at the Pro Shop, will be awarded the champion. Golf ball prizes will be given the runner-up, consolation winner, and consolation runner-up. Entry fee for the event will be 75 cents, to defray expenses for the lights and prizes. A special ladies' flight will also be run off with golf ball prizes awarded winner, runner-up, consolation winner and consolation runner-up.

The Littlefield Country club inter-city match with the Hereford Club at the local links, scheduled for Sunday has been postponed at the request of the Littlefield club until Sunday Sept. 6. Play will commence Sunday, Sept. 6, at 1 o'clock at the local links.

Green Fee Rates Increased
All golfers are reminded that many memberships have not been paid as yet and were due last Aug. 4. Also added watering expenses has caused the daily green fee rates to be raised from 50 cents for nine holes and \$1 for all day, Mondays through Fridays, and from 75 cents for nine holes and a \$1.50 for all day, Saturdays, Sundays and holidays to \$2 for nine holes or all day, Saturday, Sunday, and holidays.

However, a special rate has been made during week days after 5:30 for those golfers who play nine holes after working hours. This fee will be 75 cents for nine holes. Also any golfer who pays daily green fees and does not have a share of stock may pay the regular non-share fee of \$37.50 for six months, payable Aug. 4 and

Feb. 4 of each year. They may pay this fee by paying a portion of it each week, or each month, until it is paid out.

Clovis Invitational

Dr. J. H. Channer, Dr. R. E. Lingenfelter, Wendell Burdine, W. W. Gilbreath, Bob Lindsey, J. M. Posey, and John Renner competed in the Clovis Invitational Golf Tourney last weekend at Clovis, N. M.

Dr. J. H. Channer was eliminated in the quarter finals of the first flight three and two.

Dr. Lingenfelter and Bob Lindsey lost out in the quarter finals of the second flight by scores of three and two each. J. M. Posey was beaten in the quarter finals of the third flight two and one, and Wendell Burdine lost out two and one in his first match and three and two in his consolation match. W. W. Gilbreath and John Renner lost their first round matches in the fourth flight two and one respectively.

Renner lost his consolation match two and one and Gilbreath was defeated one up on 19 holes in his consolation match.

A foursome composed of Bud Posey, local pro, Charles Baskard, Los Alamos, N. M.; Bob Lindsey, Hereford, and Mrs. Naomi St. Clair, Muleshoe tied for first place in the West Texas Pro-Am Tourney in Clovis last Thursday with a six under par 64. Each member received \$17.80 in merchandise with Bud Posey receiving the same amount in cash; Bud also received \$13 in cash for tying for second low pro with Boyd Huff of Midland with a two under par 68. Dick Turner of Amarillo was low with a four under par 66.

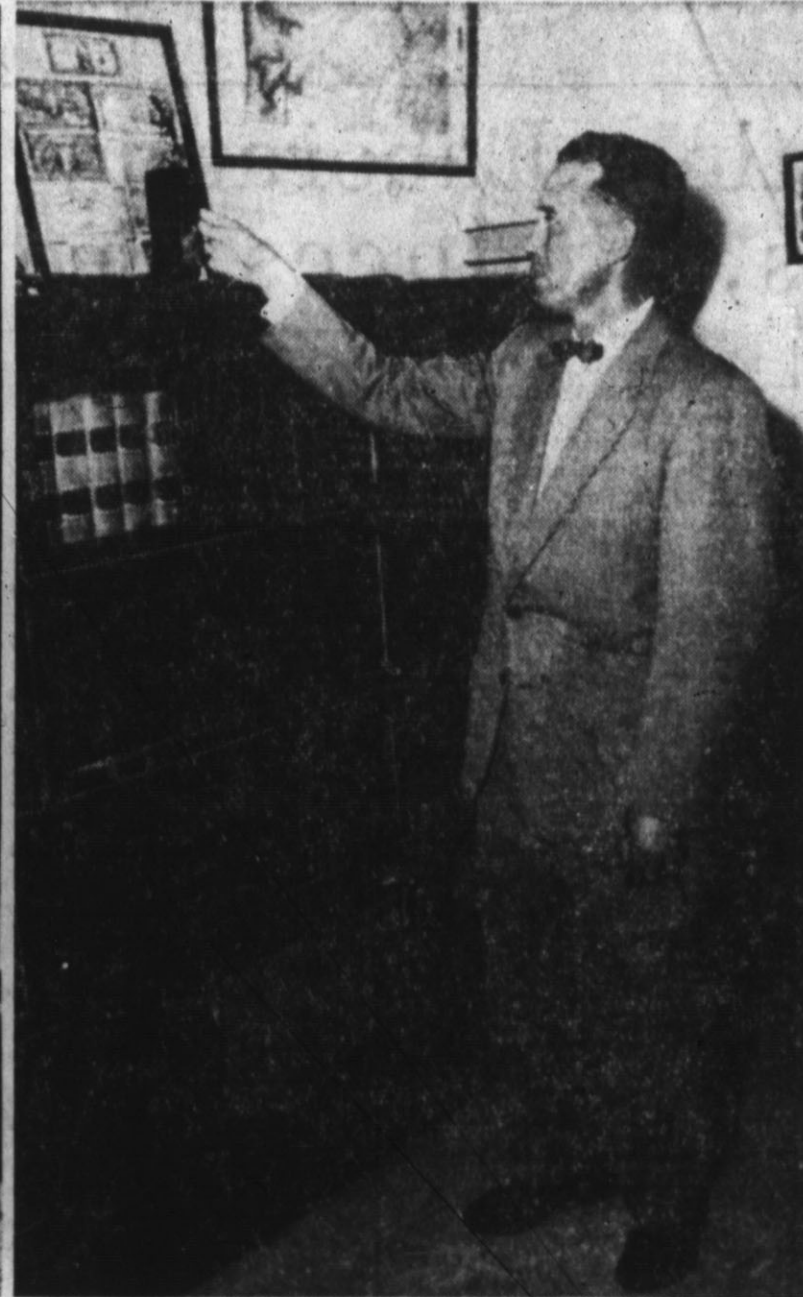

Bud Posey Qualified

Bud Posey, qualified with an even par 70 in the Pro-division of the Clovis Invitational Golf Tournament at Clovis, N. M., and was beaten one up in the semi-finals of the event by Warren Cantrell, Hillcrest Country club pro, from

(Continued on Page 2)

WINNERS IN THE JAYCEE-SPONSORED tennis tournament which was completed last week-end are Mrs. Meredith Ireland, left, and Bruce Miller. To win her trophy Mrs. Ireland defeated Nell Spradley in the semi-finals and Jane Womble in the finals of the Women's Division. Miller, who said that he hadn't played tennis in 13 years, defeated Dr. J. W. Bar-

nett in the semi-finals, and Joe Kerr, Trinity College student, in the finals. Miller was singles champion at the University of Arkansas when he was attending school. The tennis tournament was part of an over-all sports program being planned by the Jaycees. (Staff Photos.)

Renner Hurls No-Hit Game For Hereford

By Billy Paul Knox

John Renner pitched a six-hit shutout as Hereford defeated Silverton, 7-0, here Sunday afternoon. Renner struck out twelve, walked two and hit one batter. Hereford made three errors.

James Breedlove started and went all the way for Silverton. He gave up seven runs on seven hits. He walked five men and hit none. Silverton committed three errors.

Hereford scored the first run of the game in the second inning. John Renner singled and took second on an error by the left fielder. Tim Corbett singled him home to produce the run.

Silverton Threatened

In the third Silverton threatened, but no more. They got a runner as far as second base but a double-play erased possibilities of getting a run.

In the fifth, Silverton came closer to getting a run than any other time in the game. The runner was nailed at home trying to score on a ground ball.

A walk to Jack Burrus mixed with a couple of wild pitches and a sacrifice by Raymond Lieb scored Hereford's second run of the game in the sixth inning.

The seventh, eighth, and ninth were routine for Renner but Hereford continued their scoring ways.

Double By Barrett

They scored one run in the seventh on a double by Stan Barrett and an error on the catcher, Ralph Glover.

Hereford sewed it up in the eighth by scoring four runs. Ross led off with a single. Burrus walked. Lieb tripled, scoring both runners but was out on an appeal play at second. Renner walked and Corbett singled, both scoring on a double by Stan Barrett.

Silverton Went Down

Silverton went down in order in the top of the ninth.

Sell Led Silverton

Bill Sell led Silverton with two hits. Tim Corbett and Stan Barrett got two hits apiece to lead Hereford.

Renner never faced more than five batters in one inning as he was in complete control of Silverton all the way.

Next Sunday Hereford plays Nazareth at Nazareth.

(Continued on Page 2)

Fist Fight Disqualifies All Four In Tag Team Match

Mat fans who didn't get to see the wrestling at the Bull Barn Saturday night missed an exciting event when all four wrestlers were in the ring fighting with fists instead of wrestling.

The main event, a tag team match, was between Bob Cummings of Hereford and Dory Detton of Amarillo vs. Cowboy Carlson of Ekalaka, Mont., and Billy Weldner of Amarillo.

First Fall

Detton took the first fall over Carlson in 11 minutes with an inside slip over toe hold.

The second fall was taken by Weldner over Cummings in six minutes with a full nelson.

All four wrestlers were disqualified in the third fall when all were in the ring fighting.

Two Draws

The first and second events were one fall with a 20 minute time

limit. The first event was between Billy Weldner and Dory Detton. The second event was between Bob Cummings and Cowboy Carlson. Both of these matches were wrestled to a draw.

Guy Lawrence of Hereford and Leo Kline of Clovis were the referees.

The Ice Capades of 1954 will have 13 performances in Madison Square Garden beginning Sept. 10.

Claude Harmon, former Master champion and pro at Winged Foot, Mamaroneck, N. Y., ran off a string of eight birdies and an eagle in succession on the East course last spring.

The United States Golf Association now conducts seven tournaments annually.

Henry Block, Camden, N. J., apprentice who led the jockeys during the Charles Town meeting, is riding at Atlantic City. He's 19.

Soil Testing Laboratory Expands, Reduces Fee

COLLEGE STATION — On November 1, 1950, the soil testing service of the Texas A. & M. College System was expanded and the testing or analysis fee was reduced.

During the past year, and despite the drought, 7,790 soil samples were handled by the laboratory which is operated under the direction of M. K. Thornton, agricultural chemist for the Texas Agricultural Extension Service.

Thornton says the laboratory can handle 100 samples a day and operations during most of the past year never reached the top limits. He would like to see a uniform flow of samples to the laboratory and believes that when those interested in obtaining basic information on their soils—be it farm, ranch, garden or flower beds in origin—recognize the value of the soil analysis that volume will increase.

From Every Section
The samples submitted to the laboratory during the past year came from every section of Texas. The Gulf Coast area, Extension District 11, with 1,413 samples held a slight lead over district 10 which lies to the west of district 11. Harris County, Houston is the county seat, led all counties in the state with 431 samples. Washington and Waller Counties were other top counties in district 11.

The total number of samples from district 10 was 1,377 with Dewitt and Fayette Counties in the lead with 284 and 200 samples respectively. Bexar and Guadalupe were next in line.

Number of Samples
In numerical order the number of samples submitted by other districts and the leading county from each follows: district one; 385 samples, Parmer County 64; 302 samples from district two; 42 from Lamb County; district three, 219 samples, Motley County 75; district four 742 samples, Kaufman County 139; district five 86 samples, Red River County 129; district six 211, Midland County 27; district seven 272, Mason County 52; district eight 676, Limestone County 111; district nine 858, Freestone County 107 and district twelve 468, Cameron County 84.

Thornton points out that this report covers only the samples submitted to the Laboratory at College Station and does not reflect the number of samples tested at other laboratories in the state. A complete report from district nine, for example, shows that in addition to 858 samples sent to the A. & M. Lab another 1,385 samples from the district were handled by the laboratory at Nacogdoches.

Soon Time For Legumes

It will soon be time, explains Thornton, to plant winter legumes and that means it is time now to get soil tests made on the fields where the legumes are to be planted. These plantings, he adds, have been materially reduced during the past two years because of dry weather and should moisture conditions become favorable this fall, increased plantings are sure to be made.

Then, too, acreage reductions in some of the principal crops are a definite possibility and this will leave land for other crops and Thornton believes legumes should be used on a lot of the left out acres if acreage control programs again become operative.

Get Most From Land
Getting the most from every acre is just good business, he says and one sure way to do this is by adding the needed plant food or foods to the soil in the correct amounts. A soil analysis is the logical first step.

Thornton says local county agents can supply detailed information on the soil testing program and suggests that farmers and stockmen who are interested in learning more about our greatest basic resource—the soil—pay them a visit.

Chip Shots...

(Continued from Page 1)

Lubbock. Bud eliminated Paul Jones, Lubbock municipal course pro in his first match four and three. He and Vern Farquhar, Ross Rogers, municipal course pro from Amarillo, finished all-even as darkness fell in the second round match. In the sudden death playoff on Sunday morning Bud won out on the first hole.

Card of Thanks
We wish to thank each of you for every kindness shown us in the death of our loved one, Charles Hodges. Each visit, phone call, lovely food, beautiful flowers—for all this, we are truly grateful. The Hodges family.

Renner...

Captain and Mrs. Frank W. Durkee and daughter, Connie, have returned to their home at Williams, Air Force Base, Arizona. They spent two weeks here visiting Mrs. Durkee's parents, Mr. and Mrs. A. H. Davis and her sister, Mrs. A. B. Higgins and family.

Mr. and Mrs. L. C. Montgomery returned to their home in Dallas Friday after spending two weeks here visiting her father, Allen Hughes, and her sister, Miss Lucille Hughes.

Mr. and Mrs. Leo Forrester are caring for their granddaughter while her parents, Mr. and Mrs. Joe Harrison are vacationing in Colorado. Mrs. Harrison is the daughter of Mr. and Mrs. Forrester.

A&M Horticulture Section Run By Dr. Guy Adriance

College Station — "Dr. Adriance, when should I move my peach tree? Can I graft onto it when I move it or should I wait? Do I need a 'ball of earth' when I move it?"

These and many other questions are asked daily of Dr. Guy W. Adriance, head of the Horticulture Department at Texas A. and M. College.

Dr. Adriance, a tall, slender, slow-spoken man who weighs each question carefully before answering, has an answer for all of them.

Knows Most Answers
If he doesn't know it offhand from his 32 years of service with the college, he knows where to find it.

Born in 1895, he says, "there always is a celebration on my birthday—June 19th."

Guy Adriance has a claim to A. and M. College which no many staff members can make. As the son of a staff member, he was born

on the campus. His father was Duncan Adriance, chemist for the Agricultural Experiment Station, and his grandfather was John Adriance, member of the board of directors during the latter part of the last century.

Bachelor's Degree In 1915
A student in horticulture, Adriance received his bachelor's degree from A. and M. in 1915. He received his master's degree in citriculture from the University of California at Berkeley, and in 1929 received the Ph. D. from Michigan State College for work with peaches.

He received a National Research Grant for post-doctoral study at Cornell University in 1931-32 on root formation in cuttings, and in 1949-50, received a Fulbright Research Grant for work with citrus fruits and peaches in Italy.

Co-Author Of Book
Dr. Adriance and Fred Brisson,

also of the Horticulture Department, are co-authors of the book, "Propagation of Horticultural plants" several printings in its original form and is now in process of revision.

It will be sold in mimeograph form through the College Bookstore for use by students during the coming academic year.

Dr. Adriance's favorite relaxation is hunting, and almost any form of fresh fruit can be listed among his favorite desserts.

"Like most men, I guess I'm a little bit partial to apple pie—especially when it's served with ice cream," he says.

TON A DAY
In an average working day, a bricklayer lifts more than a ton of brick from the scaffold and lays it in the wall. A standard brick weighs about four pounds when composed of usual clays and shales.

New York's first brick building was built in 1633 as a residence for Wouter Van Twiller, fifth Dutch Governor. The brick was imported from Holland.

Zinnias Are Judged At Walcott 4-H Meet

Zinnias raised as yard improvement were judged at the meeting of the Walcott 4-H club. Those judging the flowers were Mrs. Don Guseman, and Mrs. Wallace Lumpkin. Cecelia Burrus won the prize with a zinnia measuring five and three-fourths inches across.

Loyce Avant, assistant home demonstration agent, gave a demonstration on record books.

Present at Meeting
Those present were: Royce Lee and Merry Kay Fruit, Margaret and Cecelia Burrus, Donna Sue Guseman, Valeria Meier, Carol McClure and Janell Weaver.

Visitors included Mrs. Jack Weaver, Mary Ruth and Charlene; Mrs. Don Guseman, Mrs. Wallace Lumpkin and Linda.

Leaders present were Miss Loyce Avant, Mrs. Roy Fruit, and Mrs. Charlie Burk.

Read the Classified

Next time you're broiling lamb chops try broiling tomato halves and rounds of onion with them. Drizzle melted butter or margarine over both vegetables, then sprinkle the tomatoes with a little crushed basil and the onions with a bit of brown sugar.

Mix ground bologna with chopped hard-cooked eggs, pickle relish and just enough mayonnaise to moisten slightly for a hearty sandwich spread.

Marinate onion rings in mild vinegar that's been sweetened with a little sugar and serve with hamburgers.

Like buttermilk? Add finely diced cucumber and radishes to it, season with onion juice, salt and pepper and serve for a chilled soup.

Gleaming ruby-red consommé Madrilene always makes an inviting course in warm weather. Serve it with lime or lemon wedges; or top it with a spoonful of sour cream sprinkled with minced chives or parsley.

FRIO NEWS

By Mrs. Owen Andrews
Vacations are still the top news in this community. In this "just before school starts" period, families all over the community are getting their visiting and fishing done. Among those just returning was the J. N. Burgin family. They spent about two weeks touring through Colorado on to Oregon and down the West Coast.

The Thurman Coles were away all last week touring into Utah and Yellowstone Park. They returned Saturday.

Colorado Vacation
The Walter Hodges Jr., family have been vacationing in Colorado also. The E. F. Voglers have been to Lamplases to visit and attend a family reunion of Mrs. Vogler's relatives.

Mr. and Mrs. Herb Schmidt and boys visited their relatives at Clinton and Cordell, Okla., over the weekend.

The D. W. Wards and the Randy Ward family spent last week visiting their folks at Raton, N. M. They report rain every night they were there and very cool weather.

Mr. and Mrs. J. B. Thompson and children visited their sisters and other relatives near Oklahoma City over the weekend. They brought a sister, Mrs. Charles Greg back with them for a few days' visit here.

Visitors From Amarillo
Visitors in the W. H. Thompson

home Sunday afternoon were the J. B. Thompkins and Mrs. Greg, Mr. and Mrs. Harold Stephens, Linda and Shirley of Amarillo.

Mr. and Mrs. T. L. Sparkman visited in the home of her sister, Mrs. A. T. Jones, at Hereford Sunday.

Mr. and Mrs. E. B. Berryman, and Sue, and Mr. and Mrs. Wallace White and Brenda Sue visited their relatives at Wellington over the weekend.

Mr. and Mrs. Charles King of Amarillo spent the weekend visiting their relatives, the Andrews. Mr. and Mrs. Archie Mobley and children of Tucumcari visited their aunt, Mrs. H. M. Mobley and family, Sunday afternoon.

Visiting Mrs. H. M. Mobley Wednesday afternoon were Mr. and Mrs. D. P. Smiley and Mr. and Mrs. David Smiley, all of Roaring Springs.

Birthday Supper
A supper in the T. L. Sparkman, Jr., home on Friday evening honored their daughter, Bonnie, on her ninth birthday. Present for the occasion were Mr. and Mrs. Ray Stewart, Linda and Jerry Mr. and Mrs. Reece Stewart and Rosemary; Mr. and Mrs. J. B. Caraway, Bob and Alice Anne; and Mr. and Mrs. Ernest Harder, Gerald, Norman Dene and J. D.

Mr. and Mrs. T. L. Sparkman Jr., and children were supper guests in the George Springer home Tuesday night.

Simpsons Visited
Mr. and Mrs. C. E. Roberts of Wellington spent Saturday night in the home of their daughter, Mrs.

Robert Simpson. Sunday they all visited Mrs. Roy Campbell, another daughter, in the Summerfield community. Others visiting the Robert Simpson's on Sunday evening were the C. N. McClures.

Mr. and Mrs. Bill Boyd and sons took Mrs. Boyd's sister, Mrs. Mary Nale, to her home at Littlefield Sunday. They also visited their other relatives there. Mrs. Nale has been visiting her a week.

Brothers Visited
Mr. and Mrs. Henry Andrews and Doris Jean visited Mrs. Andrews' brothers, Robert and Clark Lee, and Mrs. Robert Lee at Salina, Kans., last week. Both men are sergeants in the Army and are stationed there. Clark Lee has just returned from a period of service in Japan.

The Frio WMU will meet Sept. 3 in the home of Mrs. A. D. Johnson. Mrs. A. D. Johnson is secretary; Mrs. H. D. Robbins is Bible chairman, and Mrs. E. H. Little is program director.

Glamorous Dessert
You can make this glamorous dessert several days before you are having company. Prepare a graham cracker crust and press it against the sides and bottom of a pie plate. Chill the crust for two or three hours, then fill with strawberry ice cream softened to spreading consistency. Sprinkle the top with finely crushed graham cracker crumbs and store in the freezer compartment of your refrigerator. Thaw a package of frozen strawberries and serve as a sauce with the ice-cream pie.

Birth Certificate Very Important For Travel, Jobs And Pensions

College Station — Do you have your birth certificate? Have you a certified copy in a safe place? Does it give accurate information as to sex, date of birth, and name of parents? If yours is in acceptable form how about those of your children?

Many schools require a copy of the birth certificate for enrollment. Mrs. Eloise Johnson, family life education specialist for the Texas Agricultural Extension Service, suggests you check to see if your child's birth certificate is recorded correctly.

Many Have None
Although everyone recognizes the importance of birth certificates, the specialist says a third of the nation's citizens have none. A person who can not produce a certificate or its legally acceptable equivalent, is stateless, ageless, and often jobless as far as government and many business firms are concerned.

In this day of widespread military service, world wide travel and international youth exchange programs, a birth certificate is not only a convenience but a vital necessity.

Adults and older people need proof of age and citizenship for retirement, payment of pensions, annuities and social security. This makes the certificate a most valuable piece of paper.

Registration Is Standardized
Birth registration is now standardized and compulsory anywhere in the United States. These records become permanent and accessible to those who may be interested. However, now and then, errors occur which cause difficulties later.

Parents can take precautions against these errors by making sure the doctor spells all names correctly and fills in all pertinent facts, including the exact date of birth of the child. It is wise, too,

for parents to obtain a certified copy of the record, and file it carefully with other personal documents and papers.

Request Copy

If you have no birth certificate, write the county clerk at the county where you were born, state health officer or state registrar of vital statistics to request a copy. If none is registered for you, one of the best proofs is legally executed, notarized affidavits from relatives and close friends who will swear to the date, place, and your parent's names. Another widely used proof is to check Federal Census rolls for your official record in the first census after you were born.

Check your family files to see that every member has at least one certified copy of this important family record—the birth certificate.

Personals

Miss Ruby Kendrick Cherry of New York City is here visiting in the home of her mother, Mrs. M. F. Cherry.

Mrs. W. F. Gillis is vacationing in Colorado this week.

Mr. and Mrs. Eldon Craig and daughters Janice and Bonnie Ray left today with relatives from Plainview to spend the weekend in Ruidoso, N. M. They will return home Sunday.

Shirley Sharp spent the weekend in Dallas with James Alston and his mother, Mrs. Alston.

Corinne Hess of Claude has been visiting in the home of her aunt and uncle, Mr. and Mrs. Jimmie Allred. She returned to her home Monday with her parents, Mr. and Mrs. Lee Hess.

Mr. and Mrs. Charles Albracht and sons, who had been visiting in the home of his parents, Mr. and Mrs. John Albracht, for the past two weeks, returned to their home in Fresno, Calif., Saturday. Mrs. John Albracht's grandson, Duane Albracht, went with them for a two weeks' visit in California.

Mr. and Mrs. Weldon Carter and daughter of Pampa visited with his grandparents, Mr. and Mrs. D. H. Fryant Sunday.

Rats Can Be Controlled Best With Community Level Action

There are some rats and mice on nearly every farm. A few rats may not do much apparent damage in a short period of time, but the pests multiply rapidly in favorable quarters and destroy millions of bushels of grain and feed in the U. S. annually.

Just a few rats in your grain bins may be enough to prevent you from selling products for human consumption under Federal Food and Drug regulations. In addition, these pests are the source of several diseases that are deadly to humans, pets, livestock and poultry. Rats and mice on your property means money out of your pocket.

Five-Fold Job

Permanent control is a five-fold job. Here are the basic rules:

1. Don't give them shelter. Rodents are difficult to get rid of if they have places to hide. Piles of rubbish, stacks of old lumber or other material and wooden floors close to the ground are favorite hiding places. Many farms have several such "rat hotels" near granaries or other food and feed supplies. All such shelters should be cleaned up or removed.

Keep Them Hungry

2. Don't feed them. A hungry rodent is easily poisoned or trapped. Food and feeds should be stored properly, and scraps and garbage kept in rat-proof containers. Granaries, corn cribs, feed rooms and storage cellars should also be rat-proof.

3. Kill them. Rats and mice that are hungry and lack shelter are easily killed by poisoning, fumigating or trapping. All of these methods may be employed individually or in combination on most rodent control jobs. But a word of caution—poisons should be handled with great care, keeping them away from children, livestock and pets.

Organize Community

4. Organize community rat-control projects. Community action is the most effective way to fight rats. Controlling rats on one farm in a community is usually only temporary. More may come in from surroundings where control is not practiced. Campaigns should include not only farms but dumps,

feed mills and other rat food sources.

5. Follow a year-round program. Rats never take vacations. They may raise four or more litters a year averaging from 6 to 10 in a litter. The presence of one pair of rats on a farm in the spring can mean 50 rats by fall.

Rat control must be a continuous job. But it will pay long-range dividends to the farmer and the community.

How Can I?

By Anne Ashby

Q. How can I add more sparkle to my glassware?

A. By adding some laundry bluing to the wash water.

Q. Is there anything I can do about a cracked dish?

A. If it is just cracked, and not broken, put it into a pan of milk and boil it for 45 minutes to obliterate the crack and strengthen the dish.

Q. How can I avoid staining my skin with costume jewelry that tends to discolor?

A. Coat the surface of the jewelry that rests next to your skin with some colorless nail polish.

Q. How can I clean a stone or brick fireplace?

A. Hot water and strong soap, applied with a stiff brush, are often adequate. If not, mix up a paste of powdered pumice and concentrated ammonia and cover the smoked area with it. Let it stay about an hour or two before scrubbing off with hot water and soap.

Q. How can I rid a houseplant

of aphids?

A. Save the soapy water in which you wash your stockings or undies at night. In the morning, when the water is cool, pour it over the plant and soil.

Q. How can I sorten dry and hardened vegetable glue?

A. With hot vinegar; add this drop by drop and keep stirring until the glue is soft.

Q. How can I remove chocolate stains from my tablecloth?

A. These should be gotten after immediately by rubbing with a cloth dipped in milk.

Q. How can I stretch a newly washed curtain if I have no curtain stretcher?

A. Pin a large clean bedsheet to the living-room rug, and pin the curtain as you want it stretched to the sheet.

POMONA PUMPS

LET'S TALK irrigation... with FAIRBANKS-MORSE DEEP WELL TURBINE PUMPS THE POMONA LINE

Yes, and these Fairbanks-Morse Turbine Pumps talk it at its most economical and efficient level. You see, Fairbanks-Morse Turbine Pumps . . . the Pomona line . . . have many advantages . . . whether you need oil or water-lubricated pumps. You can readily adjust capacities on these pumps by merely turning a nut in the top of the motor head — this means savings for you through no wasteful throttling!

And remember that all steel parts subject to corrosion in Fairbanks-Morse Pumps are protected by "Fairmordecting," a rust-repellent process that means longer life and better service from your pumps. Drop in and let's talk soon.

Timely Tips

- Cheese is an excellent source of protein and fat as well as essential minerals and vitamins.
- Cheese absorbs other flavors, so wrap it in waxed paper, aluminum foil or cellophane before storing it in the refrigerator.
- Cook cheese at a low temperature, otherwise it becomes stringy and tough.
- Serve pork or beef liver at least once a week for good nutrition.

Beauty At Home

By Lynn Carter

Q. How do you suggest using mascara?

A. Dark lashes need only the tips tinted—the tips of the upper lashes. Don't tint the lower lashes. It is better to avoid the bizarre colors. Dark brown is usually best. Black looks too dyed.

Q. What can I do to rid my complexion of blackheads?

A. Cleanse your skin thoroughly and often—at least three times a day. Twice weekly, use a grainy cleanser to help dislodge those blackheads. Most important of all, include plenty of vitamin-A foods in your diet, especially the green and yellow vegetables, and yellow fruits, such as apricots and peaches.

Q. What is a good formula for a skin tonic?

A. Equal proportions of witch hazel and water, to which about 30 drops of tincture of benzoin are added.

Q. What is a suggested method for massaging the scalp?

A. Rest your elbows on a table and place your head in your hands. Then massage your scalp, one section at a time, using rotary movements. I you relax completely, making your mind a blank, you will benefit even more. After the massage, brush your hair vigorously up and away from the scalp.

Q. How can I clean persistent grime from under my fingernails?

A. Put some cuticle remover on the grime with an orange stick, then after a moment, scrub with a nail brush and soap and water.

Q. How can I exercise to streamline my waist, hips and abdomen?

A. Lie on floor on back, legs straight and arms resting on floor, extending straight out from shoulders. Palms on floor. Cling to the floor with fingertips as you roll from side to side. After a time, lift your heels just off the floor, and continue rolling.

Q. How should one squeeze pimples on the face?

A. I don't recommend this, but if you really must — first soften them by applying pads of cotton dipped in hot water. Then gently

press out the secretion without bruising the skin. Finally, dab on some disinfectant lotion.

Q. How can I brighten up my blonde hair, which has become rather dull and drab looking?

A. Add the strained juice of two lemons and one tablespoon of salts of tartar to one quart of hot water. Wet the hair and apply this, rubbing in thoroughly through the hair. Rinse and dry.

Q. Is there a good way to make a smoother job of my nail polish?

A. Try giving the nails a good buffing before applying the polish. This also stimulates them and makes for healthier fingernails.

Q. How do I mix a vinegar rinse for use after my shampoo?

A. Four tablespoons of vinegar to one quart of lukewarm water.

WALLY SAVES HIS SISTER!

KEEP YOUR EYES ON SHE, WALLY!

WALLY: WE WANT TO PLAY CATCH!

SISTER: HERE COMES A CAR, WALLY!

WALLY: I SEE IT.

SISTER: SIS—SIS—GET BACK!

Penney Company as part of National Safety

Church Of Nazarene Is Holding Revival

A revival which started Monday night at the Church of the Nazarene, Fourth and Jackson, will continue through September 6, according to Rev. Levi Louderback, pastor.

Rev. Arthur E. Barkley of Bethany, Okla., who has been doing evangelistic work for the Church of the Nazarene for several years, is conducting the services.

He is accompanied by Mrs. Barkley, who plays the piano and accordion. They sing duets and play instrumental numbers.

A chalk artist, Rev. Barkley uses illustrated songs as part of every service.

Wm. D. Hawkins and his two sons left Monday for their home in Las Vegas, N. M. after visiting his mother, Mrs. D. W. Hawkins, and Mrs. Cliff Hicks. Mr. and Mrs. Hawkins and children came to Hereford Friday to be with Mrs. Hawkins' mother who had been injured in a car wreck. Mrs. Hawkins and her daughter will remain in Hereford for another week.

Next time you have a small amount of raw hamburger on hand, try browning it in a little fat and adding it to canned spaghetti in tomato sauce for a quick dish.

Exports of cotton from the United States during the first 10 months of this season total 2.7 million bales. This compares with 5.2 million bales for the same period last season.

Henry Barnard of Hartford who became Connecticut's first commissioner of education more than a century ago also was the first U. S. Commissioner of Education.

The number of cattle on feed for market in the 11 Corn Belt states on July 1 this year was estimated to be 8 percent larger than a year ago.

THIS LIGHT PINK HOME, owned by Mr. and Mrs. Sully Gleaton, was completed in June 1953. Located on Grand Avenue, the home is complete with five rooms, including a combined living and dining room, two bedrooms, kitchen, a den, and two baths.

Red Cross Is Seeking Workers For Overseas

It's not so far from Hereford to the Far East and other interesting places if you have a few qualifications. The National Red Cross is seeking, according to Leslie This, Director of Personnel, Red Cross Midwestern Area Office.

The Red Cross, in a nationwide search for qualified paid personnel to serve with its staff at military installations all over the world, is combing the country for eligible persons.

To be eligible, women must be between 23 and 40 years of age, with college training or special aptitude in recreation, education, music, dramatics, speech, and art. The salary scale will be determined according to background and experience. In addition, the Red Cross pays maintenance and travel for all of its overseas personnel.

Women selected will receive two weeks orientation at Red Cross headquarters in Washington, D. C., and then go overseas. They will also be entitled to a short training period in Japan, after which they will be given their Far Eastern assignment.

Openings are also available for young men, preferably veterans who are college graduates between 25 and 35 years of age, as assistant Red Cross field directors for service with troops. Two important qualifications for this position are

world-wide mobility and physical fitness.

Men who qualify will serve for a year in a domestic station as counselors to servicemen, advising them and lending assistance on such personal problems as emergency leaves, dependency discharge, medical reports, and emergency financial assistance. Then they will receive two-year assignments abroad, either in the Far East or Europe.

Married men are entitled to bring their families overseas. Red Cross pays travel and maintenance for its personnel, and will pay transportation and maintenance en route for dependents joining employes overseas.

Men and women interested in receiving further information on these openings should write to the Director of Personnel Service, Midwestern Area Office, American National Red Cross, 4050 Lindell Boulevard, St. Louis 8, Missouri.

Dents in Wood
If the surface is solid, not veneered, cover the dent with small pieces of blotting paper dipped in hot water and apply the tip of a heated poker or soldering iron to the topmost piece of paper. Repeat as many times as may be necessary to cause the compressed wood fibers to swell to their original dimensions.

Accident Victims Flown From Dakota

Mr. and Mrs. Cliff Hicks arrived home Friday from Beach, N. D., by private plane flown by Lyle Blanton after recovering sufficiently from a car wreck which occurred ten days earlier near Beach.

The Hicks were enroute home from Soap Lake, Wash., after a visit with a daughter, Mrs. Russell Thomas and family. Both received bruises and shock, and Mrs. Hicks suffered a broken right arm. They were met in Friona by their sons Donald and Elmo, who brought them home by car.

A daughter, Mrs. Bill Hawkins of Las Vegas, N. M., a registered nurse, also arrived Friday to be with her mother, and last weekend Mrs. Hicks' brother and his wife, Mr. and Mrs. John Montague of San Diego, Calif., and a sister, Mrs. Kathryn McGowan and her husband of Amarillo visited with the Hicks' family.

Accidents Cost Average Of \$200 Per Family

CHICAGO — Accidents — \$200! Did you include that figure in your family budget last year? That was the average cost of accidents per family in 1952, according to the National Safety Council.

The national accident cost at an average of \$200 per household. There was one accidental death in 458 households and one disabling injury in every five households.

Indelible Pencil
To remove indelible pencil marks from fabrics, soak the fabrics in denatured alcohol, and then wash.

Eligible Children Are Being Urged To Attend School Again In Fall

DALLAS — When the school bell rings this fall, Department of Labor officials here hope all eligible children will answer the roll call, particularly that employment will not cheat them of an education.

Regional Director William J. Rogers of the Department's Wage and Hour and Public Contracts Divisions here said he wished he could convey a personal word to boys and girls urging all who have not graduated to return to school. "Pay checks look good to our young people who have been working during their summer vacation," he said, "but such boys and girls should look ahead and realize that education and training are needed now more than ever before."

Premium On Education
He pointed out that the Armed Services advise young people to get all the schooling they can, that business requires trained men and women, that industry wants skilled technicians, and that modern life itself puts a premium on good education.

Congress, he said, has made it unlawful to employ children under 16 years of age in interstate commerce or in the production of goods for interstate commerce, in most instances. In agriculture, it is unlawful to employ children under 16 during school hours, if the farm products go into interstate or foreign commerce.

The law, he explained, applies equally to local resident children as well as to migratory children. It does not apply to a farmer's own children working on their parent's farm.

Farmers Responsible
He said that by "school hours" is meant those hours when school is in session for the district where the child under 16 is currently living. Farmers themselves are responsible if they employ underage children during local school hours.

If a local school is closed for several days during a peak harvest season, it would not be considered in session at that time. Furthermore, he added, the Federal Law sets no minimum age for the employment of children in agriculture before or after school hours, or at any time on school holidays, or during school vacations.

But when the school bell rings on a regular school day, children of school age are expected to be in school, he said, adding that he hoped wide-spread knowledge of the law would keep them from being illegally employed and so kept away from school.

Fruit Stains
To remove fruit stains from the hands, moisten cornmeal with vinegar and rub on the stains, or grease the hands with lard and then wash with soap and water.

Competitive Exams For State Positions Will Be Held Soon

Austin — Competitive examinations for clerical, technical, and professional positions with the Texas State Department of Health are offered on a continuous basis until further notice Russell E. Shrader, Supervisor of the Merit System Council, has announced.

Applications and information are available on request from the Merit System Council, 805 Littlefield Building, Austin 15, Texas.

Classifications Open
Classifications open for examination include typists, stenographers, secretaries, and other public health personnel.

All applicants must have high school graduation and training and experience appropriate to the classification. Examinations may be either written, an evaluation of training and experience, or a combination of the two.

Examinations will be given in Austin in the Merit System Council office on a continuous basis and in other centers over the State on September 26 where the number of candidates justify.

JAMESTOWN BRICK

In 1942 the United States Park Service uncovered the kiln in which some of the first brick used in the Jamestown, Virginia, Colony were burned. It had five firing chambers, with the brick laid in herringbone tiers. When or why the work was suddenly abandoned is a mystery.

New Seed Varieties Shown To Seedmen

COLLEGE STATION (Sp)—The development of new varieties of seeds by Texas A. and M. scientists, was shown some 30 seedmen from over the state at the Seedsmen's Short Course.

The new varieties include those of corn, wheat, grasses, oats. The factors of production, insect control and use of fertilizer was also outlined at the meeting. Some of the new varieties will be ready for use soon, while others will be ready within the next two years.

A new variety of oats seed, particularly for south Texas, drew widespread interest, Dr. R. C. Potts of A. and M.'s Agronomy Department, announced. Dr. Potts was in charge of the short course.

Doe Killers Are Fined One Thousand Dollars

AUSTIN — Three Jackson County men paid \$1000 plus court costs for killing a doe deer and two fawns.

The Director of Law Enforcement for the Game and Fish Commission who reported the case, said the arrests were made by Game Warden Billy M. Sprout of Edna.

Two of the men paid \$400 each for the actual shooting. A third man paid \$200 and costs for holding a spotlight for the slaughter and for possessing some of the doe meat.

Doe and fawn deer are protected by law in most of Texas but limited, regulated harvest of surplus does would be permitted in three Hill Country counties under a new law, subject to joint authorization by the Game and Fish Commission, the local County Commissioners Court and land owners.

Since the first brick-making machine was patented over a hundred years ago, thousands of patented devices have been developed to improve on it. Recently manufacturers of brick and tile established a patent repository in Washington, D. C., so that the latest developments can be made available to the entire industry.

TWO OUTSTANDING LUBRICATION DISCOVERIES

for YOUR ENGINE

PLYON Q-X 95c PER PINT

Plyon Q-X, an old standby for increasing mileage, power and engine life, is now available with the miracle lubricant "Moly" — Molybdenum Disulphide (MoS₂).

PLYON Q-X with Moly* actually plates the engine surfaces with millions of wear resistant, friction reducing "ball-bearings" which pass through oil filter. Gives 2 to 7 more miles per gallon of gasoline—increases the efficiency of lubricating oil 3 times—increases engine life by reducing harmful friction. Use these two companion products together for GUARANTEED MOTOR ECONOMY. \$1.35 PER PINT

Going places over Labor Day?

PLAY SAFE!
STOP FOR

CONOCO Safety-First SERVICE

More than just an oil change—

A COMPLETE SAFETY SERVICE FOR YOUR CAR!

Chances are you're planning a Labor Day "outing." But remember, safe trips start at the Conoco sign. So plan on getting complete Conoco Safety-First Service this week—and your Labor Day trip will be a happier one!

FREE tire inspection

Your Conoco dealer will check air pressure and inspect all tires for cuts, bruises and wear.

FREE battery check

He'll check your battery system; recommend repairs when needed for safe driving.

FREE cooling system check

He'll examine your entire cooling system... drain it if you wish... make sure it's set for your trip.

FREE lighting system check

He'll inspect headlights, tail lights, signal lights—to make sure your car has no defective bulbs.

FREE battery check

He'll test your battery—clean terminals, advise you if you need a battery charge, or new cables.

Conoco lubrication

Using Conoco's special Check-Chart for your make of car, he'll get to every single lubrication point.

Drain and refill with CONOCO SUPER MOTOR OIL

While the engine is hot, he'll drain out your old oil. Then he'll recondition air and oil filters and refill your crankcase with Conoco Super—the motor oil that OIL-PLATES metal surfaces and helps your engine out last—run better—and live longer!

Drive carefully—the life you save may be your own

...the best there is for you and your car!
AND REMEMBER—FILL YOUR TANK WITH CONOCO "SEASON-TAILORED" GASOLINE!

Far more miles per gallon on the trips YOU take!

On long trips, short trips, all trips, you get far greater gas mileage out of a '53 Chevrolet. It offers important savings in everyday driving over everyday roads!

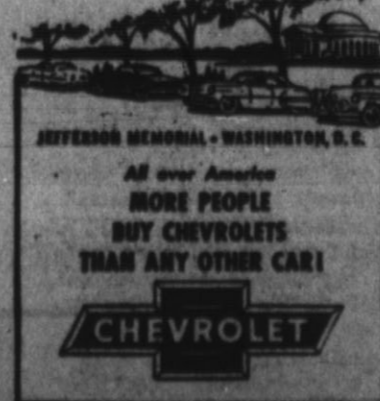

Out to the golf course. Off for a week-end of fishing. Half across the country on a full-scale vacation. Wherever you go—however you drive—you're going to get there on a lot less gasoline in a fine new Chevrolet.

The truth is, this year's Chevrolet owners are enjoying the most important gain in economy in Chevrolet history. Plus more power. Faster acceleration. More "steer" for the steep hills.

That's the beauty of Chevrolet's two great high-compression engines—the new 115-h.p. "Blue-Flame" engine in Powerglide® models, and the advanced 108-h.p. "Thrifty-King" engine in gearshift models. They squeeze much more out of regular gasoline—more miles, more pleasure.

Along with this greater gas mileage, you get lower over-all upkeep costs. And Chevrolet is the lowest-priced line in its field. Drop in and let us show you how you'll be better off in every way with a 1953 Chevrolet!

*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost.

Closing Of Fourth Class Post Office Would Hurt Communities

Fourth Class Post Offices: Some time back I was advised by the Post Office Department that a survey was being made of fourth class post offices with the thought in mind of closing outmoded and obsolete offices. I immediately wrote all of the fourth class offices in the 18th District that the Post Office Department intended to investigate, advising them of this survey and the intentions of the Post Office Department. The thing that concerned me was the construction of the term "outmoded". What might be "outmoded" in a city fellow's mind might not be so "outmoded" in the minds of some of us who have had some experience with the great service that these fourth class offices have rendered to the people in the rural communities.

It isn't difficult for some city fellow to say that because a fourth class office isn't making its expenses, it should be closed. He is

only thinking about it on a dollars and cents basis. Where he lives the postman brings the mail to his door or he can get it from a post office box just a few blocks away. If his car is out of whack, he can catch a bus or a taxi and not even get his hat wet. He doesn't stop to think of the great service the communication system afforded by fourth class post offices has rendered to the people who use them and to the country as a whole.

Out Hidden Subsidies
I am sure there are quite a few first class offices that fail to make their expenses. However, this is no reason to close the post office. It might be pointed out that the operation of the fourth class post offices is not the cause of the big deficit in the operation of the Post Office Department. These offices have been in existence for many years, and although all of them don't show a profit, as a whole they pretty well pay their own way in dollars and cents, and many of them ten-fold pay their way in the service that is rendered.

It looks like that some people would rather do away with these traditional landmarks of American rural life than to try to cut down on some of the hidden subsidies that have crept into the post office system through the scheming of some of the big city thinkers.

I have received a lot of mail on the subject and have talked to a lot of people since I have been back in the District, and they are all righteously indignant at this new attempt to take one more thing away from the folks who live out in the country and raise the food and fiber to feed and clothe all of us. Several of the letters have said, "They have taken away our churches, our schools, and most of our businesses. The post office is the only thing we have left. Please don't let them take that." My answer is that I will certainly do all in my power to prevent it. There has been entirely too much migration from the rural areas to the cities, and most of it has been caused by the denial to the rural people of many of the benefits and privileges that the city people take for granted.

Would Be Pound Foolish
Closing these fourth class offices in this section of the country would

GAYLEN AND LAWONN SPARKMAN celebrated their birthdays with a combined birthday party given by their mother, Mrs. Glenn Sparkman of Friona last Wednesday afternoon. Gaylen was three years old and Lawonn was six. Those attending the party are from left: Ronny Stevick, Jan Shirley, Gaylen Sparkman, Donna Fuiks, Darrell Collier, Rita Collier, Jan Stevick, Gary Shirley, and Lawonn Sparkman.

be penny-wise and pound foolish. It would not be economical, but it would be a damaging blow to the economy of many communities in this section. The first thing we know they will be wanting to allow only one town for each county. Instead of continuing this regimentation theory, it is my view that we should try to unregiment for a while.

In short, I am against closing these offices, and any further encroachments on the rights and privileges of the people in these small communities. The truth is that all of these offices could be operated for considerably less than one percent of the amount now earmarked to be sent into foreign countries.

It is certainly good to be back in the heart of America. Mrs. Rogers and the children are having a wonderful time, and of course the children surely hate to think of school starting.

FACING TILE

Structural clay facing tile, one of the youngest of all clay products, is frequently confused with ordinary wall tile, which is less than one-half inch thick and does not support its own weight. Facing tile, seen often in gymnasiums, bus terminals, lobbies and corridors in schools and churches, is usually at least four inches thick, and carries its own weight along with ceilings, roofs, and other loads placed on it.

KC's Install New Officers

The Hereford Knights of Columbus, Council 2778, held their installation of officers at their regular business meeting Wednesday night in St. Anthony's school basement.

District Deputy Ben Koch of Umparger made the installation, assisted by District Warden Vincent Triemel of Umparger.

The following were installed for a one year term: Father Nathaniel, Chaplain; Clarence Betzen, Grand Knight; Tommy Albracht, Deputy Grand Knight; Ed Cardinal Chancellor; Harold Banks, Recorder; Ed Jesko, Financial Secretary; Ed Loerwald, Treasurer; Vincent Walterscheid, Lecturer; W. J. Albracht, Advocate; Ted Higgins, Warden; James Hund, Inside Guard; Leo Ohlig, Outside Guard; and Charles Berend, Trustee, which is a three year term.

A guest at the meeting was Father Bartholomeu Paytas, pastor of St. Anthony's Catholic Church.

Passes Given Eight At Show Wednesday

Three youngsters received gifts at the free show at the Star Wednesday morning, and eight others took passes to the movie away with them because their birthdays had come during the week.

Gifts were received by Marilyn Martin, and twin brothers Marion and Norman Martin.

A week's pass to the movie went to Dale Hershey, Rosemary Hershey, Charles Calloway, Lewis Parson, Ruth Ann Fincher, Bill Jack Gilliland, Joe Scott Parker and Louise Gardener.

Talk By Rev. Root
Following the movie, a short talk to the group was made by Rev. Donald Root, pastor of the First Christian Church.

The movies are being sponsored by the Star Theatre and the Chamber of Commerce.

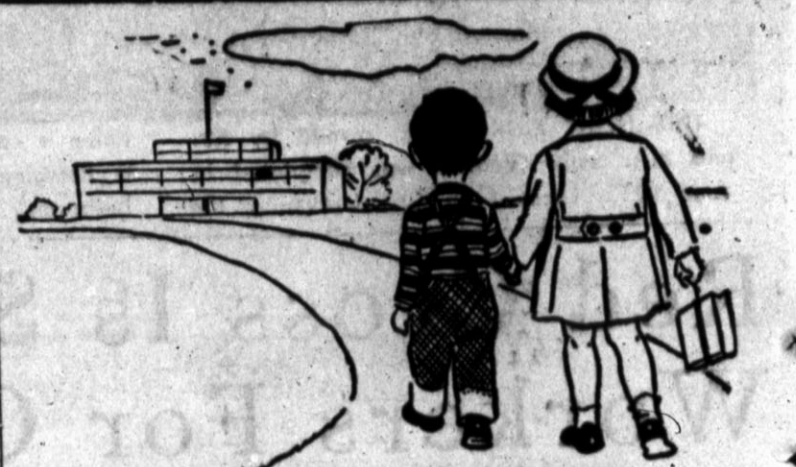

Ushers, who come from the various civic clubs in Hereford, were DuH Reeves, Bill Patton, Lloyd Sharp, Chief of Police Leo Box, and City Patrolman R. L. Gilbert.

Brown Sugar
If you keep brown sugar in an open jar or canister in the refrigerator, it will become and remain soft and free from lumps.

Chewing Gum
To remove chewing gum from fabrics, place between two pieces of ice and let stand until the gum becomes so brittle that it can be scraped off with the back of a knife or by rubbing between the hands.

Bright Metals
After polishing metals, they can be kept brighter for a longer time by rubbing with a flannel moistened with paraffin oil.

DUSTCLOTHS
The best lintless dustcloths are of cheesecloth, but even cheesecloth will shed sometimes unless you do something about it. Run a hem all the way around the cloth with embroidery thread.

Mothers: Guide their feet to school correctly in

612 953C13

When your youngsters step off toward school, make sure their feet are protected with Poll-Parrot Shoes! For Poll-Parrots are pre-protected by real boys and girls... so you can be sure they're right... for style, for fit, for wear!

See our wide selection of back-to-school styles soon!

Try-Guide heels which extend farther forward than ordinary heels are combined with extra long counters to give valuable foot support.

Going to church is always a step in the "right direction." The Church points to God, prayer, truth, goodness. *Few church-going boys and girls ever have to go to court.* There are 18 million unchurched boys and girls under thirteen years of age in U.S.A. This means 18 million children are going in the *wrong direction.* The Bible and police records deny children will naturally grow to be desirable characters. Parents, take them to church *that they may bear and learn to fear the Lord.*

Confessions:
Each Thursday night from 8:30 to 9:30 o'clock.

Saturday afternoon from 5 to 6 o'clock and 8 to 9 o'clock in the evening.

RACE RELATIONS PROJECT

The National Council of Young Men's Christian Associations has named the Rev. L. Maynard Catchings, minister of the Plymouth Congregational Church, Washington, D. C., head of a three-year project to improve race relations on American college campuses.

The national student committee of the Y.M.C.A. will direct the project with A. Bryan Clark, a business man of New Haven, Conn., as chairman. A midwest foundation has granted \$45,000 for the project.

Rev. and Mrs. L. B. Taylor and family of Booker returned to their home Wednesday. They had been staying with her parents, Mr. and Mrs. D. H. Bryant, for the last two weeks.

Two Women Given Credit For County Library

WHAT IS NOW THE CHILDRENS CORNER used to be the biggest part of the library and contained adult books as well as some juvenile books. The picture was taken about 1932.

Taken Over by County

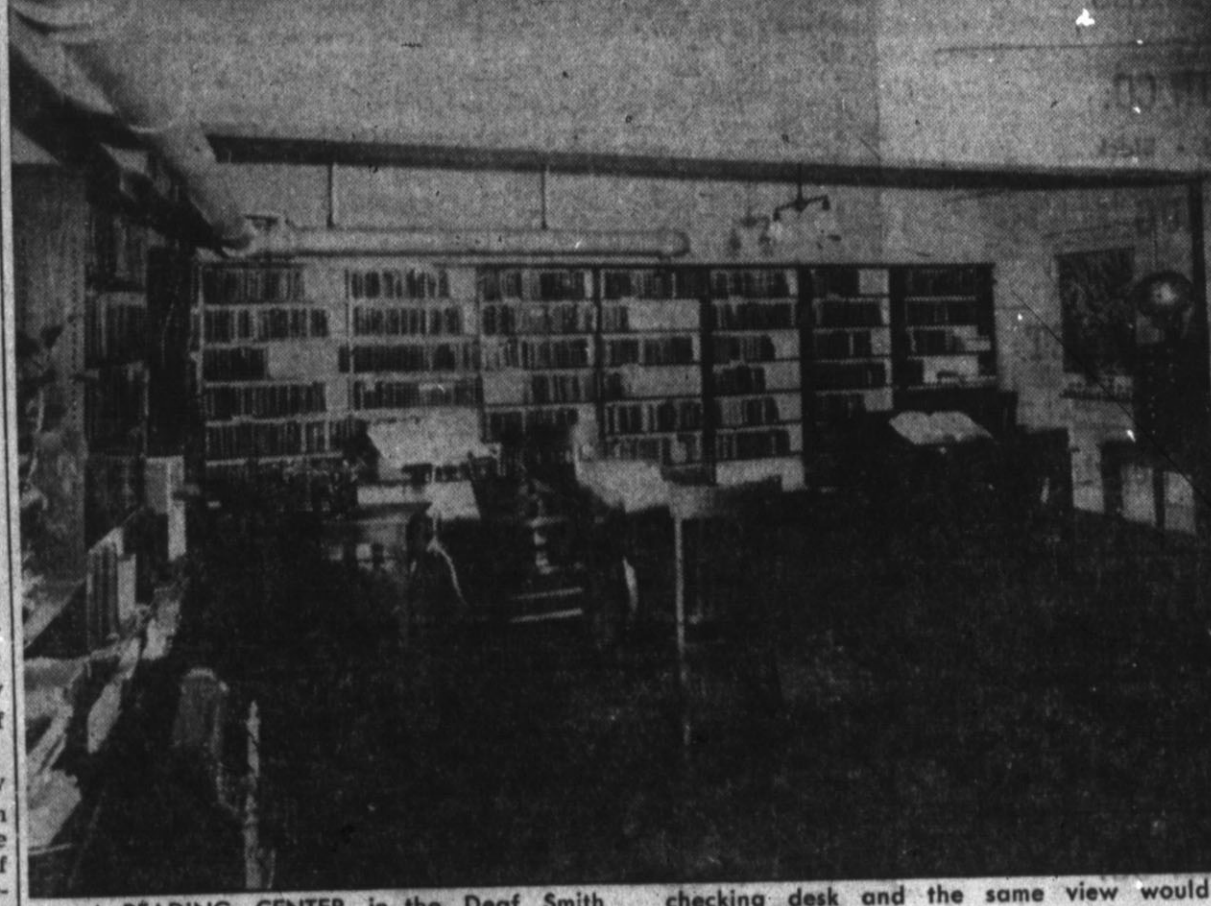

In time, Mrs. Roloson's patient persistence, her use of every available resource; her untiring effort and her way of inspiring others, began to reap rewards and soon they again had more readers than they had books. In 1929 members of the Bay View Club circulated a petition calling for an appropriation by the County Commissioners to be set aside for the support of the library. The petition was enthusiastically received by the women in all sections of the county, but the idea of taking tax money for the books was just too much for some of the men. A door to door canvas was made, however, and when special election was held the commissioners were authorized by the people to levy a special tax for the support of the library and it became an integral part of the county program.

The Deaf Smith County Library opened its doors in July 1930 with more than 2000 books and, since then its history has been one of progress and development. Because of ill health Mrs. Roloson was forced to resign as librarian after 16 years of faithful devotion and service; she was instrumental in securing Miss Lillie Hostetler under whose supervision the present library system was developed.

Mrs. Clara McLean is the present librarian and her report gives an idea of the growth and scope of work of the library. The approximate number of books is 11,000. Since January 1948, more than 500 readers have registered for books. One hundred or more magazines are available, including all but the most technical works.

Without any of the resources put into the growth of the Deaf Smith County Library, it would not exist as it does today. Without individuals who were convinced that Hereford needed books, without faithful and responsible librarians, without county financial support, there would be no Deaf Smith County Library.

The 13,740 borrowers since 1930, the frequent testimonials of appreciation of those first efforts, demonstrate how valuable library service can be. The present adequate system is enduring evidence of the foresight of those women whose concern for the future led them to constructive civic enterprise.

A READING CENTER in the Deaf Smith county library in 1932 is shown above. At the present time that corner has a modern checking desk and the same view would show a doorway into another room of books.

Allie Reynolds of the Yankees would like to win two more World Series games before he retires. He has won six.

Ken Raffensberger of the Redlegs started in organized ball in 1937 with Cambridge, Md., and led the Eastern Shore league in innings pitched with 298. He never has pitched that many innings since.

Bridge Party Is Given By Mrs. Richard Petersen

Three tables of players attended a bridge party given by Mrs. Richard Petersen Saturday afternoon.

At the conclusion of a contract games Mrs. Darrell Blanton was awarded the high score prize. Mrs. Ivan Block second high and Mrs. Wayne Phillips low score prize.

Those making up the party were: Mesdames V. C. Hopson, Walter London Jr., Ivan Block, Wayne Phillips, James Edmonson, W. L. Davis, Jr., Francis Hill, Charles Hill, Bill Waldrep, Darrell Blanton, Earl Stagner and the hostess.

Long Time Ago

45 years ago
A large force of men have been at work this week at the Pecos Valley depot making changes in the platform around the building. More platform room has been made by adding to the width and length. A new approach has also been added. As soon as the new depot is up the building itself will be removed.

The city, under the direction of Street Commissioner W. D. Kellerhor, has done considerable improvement on the streets this week. The gutters along main street have been cleaned out and new surfacing put in, thus ridding the gutters of the mud that had been worked up during the recent rain. A part of Front street between Curtsinger's store and the Purcell stable has been graded.

25 years ago
The Guthrie Cotton Oil Co. started a special crew of men at work this week, completely overhauling the Hereford Gin, remodeling it in places, replacing parts with new ones, and in general putting the plant in first class condition to handle the crop this fall.

Brick work on the new \$65,000 First Baptist church has begun, and the hope is held out that the building will be ready for occupancy by January. The site and beauty of the new structure is just beginning to be apparent to the observer. Improvements continue to develop here almost daily and the town is steadily forging ahead in every direction.

(Editor's note: This material on the origin of the county library was originally prepared for our Pioneer Day edition. We believe that such information is always of interest, however.

Women have played a big part in the development of Hereford, especially along cultural lines; in fact, they have assisted with the ground work of almost every worthy enterprise in Deaf Smith Coun-

Libraries are not made; they grow—and there's a great deal of ground work that has to be done. In Hereford, library ground work was laid by the Woman's Monday Club, but growth of the library was largely due to two broad-minded women who loved books and wanted to make them available to more and more people. These women are Mrs. G. A. F. Parker and Mrs. F. T. Roloson.

Mrs. Parker launched her plans at a club meeting in her home and then began the long hard task of getting people in the community interested enough to help finance the purchase of books. She made the trip to Belton for aid in compiling the first list of books; book showers were held and a few money-gifts were received. Home talent plays were sponsored and the children, because study books were needed, began to help with "tag days."

First in Store Room

In the winter of 1910, Hereford's library was established in a store-room on South Main and later some shelves were arranged in the Old Western Bank. Members of the club took turns at serving as librarian on Saturday afternoons, the only day on which the library was open to the public.

When the new courthouse was completed the library had a new home, for the County Commissioners allowed one room to be used for the purpose. Although the books numbered less than 400, readers were many. There was urgent need

Today's best buy...

...in drive power... styling... safety and control... in true money's worth!

RIGHT NOW, if you are driving one of these new Chryslers, you already know that *never in your entire life* have you invested your dollars more wisely! You possess, and live with, a car of such prestige and quality that no other... regardless of price... can compare with it in basic goodness. *You drive a car, right now, which thousands of motorists... who are planning to step up to the Chrysler level... have their eye on and want.* For its "years-ahead" engineering. For its delightful, easy obedience to its driver's

directions. For its graceful and gracious beauty in motion and at rest. You drive the one car that has given American motorists most of the really new driving advantages—*first*, Full-time Power Steering, Power Brakes, Hemispherical combustion power that extracts more power from each drop of gasoline. Shock absorbers so new in concept that they do *twice* the job that ordinary types do. You drive the car that gives you additional *four*

tures, still unavailable or available only at extra cost on most other cars... like Safety-Rim wheels... Independent parking brake... turn signals... Fluid-Matic transmission... undercoating... electric windshield wipers... air cleaner and oil filter. You drive a car that... or do you? Perhaps you are just in the "thinking stage" about a new car. If so, we invite you to stop in and discover, by driving this great car yourself, that nowhere else will each dollar you spend be so well spent!

MRS. PHILLIP MILLER entertained neighbors of the Westway community with a coffee in her home Friday morning. Those attending the coffee were: Mesdames Joe L. Hamilton, Homer Hamilton, both of Hereford, Margaret Sowell of Amarillo, Oscar Hinger, Garland Solomon, Elvin Wilson, W.

B. Nunley, Merlin Kaul, J. C. Morrison, Leo Ohlig, Paul Rudd, G. C. Merrit, Joe Landers, Buren Sowell, Ira Scott, C. A. Saulcy and Mrs. Miller. They gathered on the lawn after the meeting for the picture.

Dawn News

By Bertha Frye

Mr. and Mrs. Henry Turner, Carrol and Don left Thursday night for a vacation trip to Albuquerque and Santa Fe, N. M.

Mr. and Mrs. C. M. Chandler of Lubbock spent the weekend in the home of Mr. and Mrs. H. V. McCabe.

Rev. and Mrs. Paul McClung and Kenneth took Emma Jernigan to Sherman last Tuesday where Emma rejoined her parents and expects to enter school there this fall. The McClungs returned to Dawn Friday night.

Moved to El Paso

Mr. and Mrs. Glenn Caraway moved last week to El Paso, where he will be employed.

Martha Frye of Amarillo spent several days last week in the R. A. Frye home.

Miss Vera Crawford of Canyon and Mrs. Inez Wedel of Tucumcari, N. M., were dinner guests of the H. H. Millers Saturday.

Dinner guests Sunday in the home of H. H. Miller were A-2c and Mrs. H. M. Thompson of Amarillo and Marvin Olsen of Gruver. Sunday afternoon visitors in the Miller home were Mr. and Mrs. Martin Campbell and children of Hereford.

Borger Visitors

Mr. and Mrs. Bert Robinson and daughter Lawana of Bowie and Mrs. Harold Robinson of Borger were weekend visitors in the home of their parents and grandparents, Mr. and Mrs. Zed Stewart.

Mrs. W. L. Cook and children and Mrs. Delbert Cook and son spent several days last week in the home of Mr. and Mrs. Luther Isham near Vega, while their husbands made a trip to Fort Worth to visit their parents.

Mrs. Battenhorst of Umbarger spent Friday in the home of her daughter, Mrs. Werner Hagscheid and assisted her with canning.

Return By Plane

A. T. Frye, who accompanied his daughter, Mary, to Florida, returned home by plane Tuesday night.

Dinner guests Tuesday in the home of Mr. and Mrs. Clifford Stewart were Mr. and Mrs. W. J. Stewart of Canyon, Mr. and Mrs. Arthur Boutwell, Mr. and Mrs. Donald Boutwell and children of Nacona, Mr. and Mrs. Zed Ste-

wart and Mrs. J. B. Oldham. H. H. Miller, Pat and Audni were in Lubbock over the weekend visiting the David Rodgers and Stuart Condrons and attending the Baltimore-Chicago football game.

Weekend Guests

Weekend guests in the Alfred Smith home were Mr. and Mrs. Joe Baird and children and Mrs. John Cammack of Nara Visa, N. M.

Mrs. Dale Kendall of Wichita, Kans., and Mrs. R. L. Bullard of Hereford were visitors in the Tom Parker home Tuesday.

Mr. and Mrs. Melvin May and Douglas spent the weekend at Ruloso, N. M.

Mr. and Mrs. Bert Robinson of Bowie, Mr. and Mrs. Zed Stewart, Mrs. J. B. Oldham, Mr. and Mrs. Ray T. Stewart and children were supper guests of the W. J. Ste-

warts in Canyon Sunday night. Sunday visitors in the Alfred Smith home were Mr. and Mrs. J. W. Witherspoon of Hereford and Billy Bob and Kenneth Carmichael. Mr. and Mrs. Billy Hill and Billie Helene of Amarillo were visitors in the H. H. Miller home Tuesday. They were enroute home after a vacation spent at Evergreen Valley Ranch at Montezuma, N. M.

Mrs. W. J. Lutz and children and Mrs. F. C. Lowe of Borger were Sunday dinner guests in the Bruce Brown home.

Mr. and Mrs. J. B. Garrett and children of Carlsbad visited in the Tom Parker home Saturday and Sunday. Their son, Jimmie, remained for a week's stay.

Californians have won six of the last eight USGA national public links championships.

Latest Dividend Is Announced By Industrial Fund

Financial Industrial Fund, Inc. shareowners will receive both a fiscal year-end distribution from securities profits of approximately

\$423,500 and a quarterly dividend of approximately \$151,250 on Sept. 15, 1953. Harold A. Close, district manager, announced today.

Close said that a dividend has been paid to shareowners every three months since Financial Industrial Fund was established in 1935. The 71st consecutive quarterly dividend of \$.025 per share will be paid for the three-month period ending August 31, 1953. The fiscal year-end distribution from securities profits will amount to \$.07 per share. During the first nine months of 1953, shareowners have received additional quarterly dividends of \$.09 per share.

New High
Financial Industrial Fund net assets reached an all-time high of \$15,225,523 on Aug. 12, 1953, a growth of \$3,286,275 in a year, Close disclosed. The Fund holds investments in 72 of America's leading companies.

In the last five years Financial Industrial Fund has increased 300 percent or \$11,416,758. During this same five-year period shareowners have received a total of \$1,956,508 in dividends, or \$.5526 per share, and \$736,270 in year-end securities profits, representing \$.2101 per share.

The home offices of Financial Industrial Fund, a diversified, and managed mutual investment fund, are located at Denver, Colo. Fund owners reside in 41 states and several foreign countries.

You can tell in an instant

it's a Very great 8

At idling speed, the engine of this 1953 Buick is deceptively docile.

All you hear is a silken whisper, a kitten purr, a smooth flow of air channeling quietly through metal passageways.

Then — you want to go. You nudge the pedal. You go.

That's when you discover that you're sitting behind an engine of electrifying response.

That's when you begin to know how the power of the first Fireball V8 can handle getaway, cruising, hill-climbing.

That's when you learn what Buick's biggest-compression engine in fifty great years can mean in spirited and soul-satisfying road command.

It's an experience too wonderful to miss — the

bossing of this brilliant new V8 Engine that powers every 1953 Buick SUPER and ROADMASTER.

So we cordially invite you to come in and try it.

We cordially invite you to hold rein on this truly advanced V8—the world's first V8 with vertical valves, with "T" type intake manifold, with zero-power-loss muffler—and the first standard-production American passenger-car engine to reach 8.5 to 1 compression ratio.

Why not come in for a sampling?

That way you can also try the other Buick gems — like Twin-Turbine Dynaflo®—and the Million Dollar Ride — and the room and visibility and handling ease of the greatest Buicks yet. Can you make it this week?

World's only car with all these features:

- V8 VERTICAL-VALVE FIREBALL ENGINE
- DYNAMIC FLOW MUFFLER
- TWIN-TURBINE DYNAFLO®
- POWER BRAKES**
- COMPLETELY NEW SWEEPSPEAR STYLING
- TILT-AWAY SLIDE-AWAY FRONT SEATS (2-door models)
- CUSTOM-RICH INTERIORS
- PANORAMIC ONE-PIECE WINDOWS FRONT AND REAR
- DOUBLE-RAIL FRONT BUMPER
- AIRCONDITIONERY

**Available at additional cost on Roadmaster and Super models only. *Optional at extra cost in Super and Roadmaster Sedan and Riviera models.

*Standard on Roadmaster, optional at extra cost on other Series.

WALLACE BUICK CO.

RARE PICTURE OF STATUE ATOP CAPITOL DOME - This rare picture, which came to the Texas State Library in Austin, Tex., by chance this year, will soon be displayed in the state capitol. It gives a seldom seen close-up look of the statue of the "Goddess of Liberty" which graces the dome of the state capitol. Apparently it was made just before

the statue was raised to its lofty perch in the winter of 1888. The picture belongs to Lt. Col. William C. Lindley, son-in-law of Tom Hood, an Austin barber. Col. Lindley obtained the picture from a friend in Montgomery, Ala., who had purchased the picture for its antique frame. (AP Photo).

Bo Sexton, a halfback, and Don Jones, an end, Joe Youngblood of Abilene may chin the chore and be the lefthalf.

The Odessa sprinter, Childress, succumbed to scholastic sorrow, for the nounce at least. The majority of the SWC scribes have made the '53 pennant run a three way race betwixt Rice, Texas and Baylor, but running through the Texas roster it looks as if it might take the major portion of the season to rub the green off, on account of the paucity of experienced hands.

They have six lettermen ends, four tackles, six guards, none at center and only Quinn, a regular with 231 playing minutes last year and Andrews with 121 minutes of labor, in the backfield. There are four other lettered backs listed with 87, 89, 94 and 121 minutes put in, practically all of it on defense. The Longhorn schedule is softer than usual, with Oklahoma the only apparent toughie, outside the conference confines.

They play LSU at Baton Rouge; Villanova at Austin; Houston at Austin; Oklahoma at Dallas, in that order, before embarking on their conference run. They might be more than somewhat tempered by that time. The lessons they learned from Notre Dame and Oklahoma last year, undoubtedly were the reasons they wound up finally in tenth position nationally.

No one had rated them that high at the season's inception. They have manpower to burn and mayhap one or more of the unknowns will rise and shine, at any rate, the numerical law of averages is with 'em, they've plenty to pick from.

They had a 35-33 shaver with Baylor last lap and had a tussle with TCU, but elsewhere they did as they willed in the SWC. The Longhorns set offense marks last year with their third Split-T team, piling up 4,166 yards in total offense and 2,966 rushing yards. They also established SWC offense marks with 2,631 total and 1,981 rushing. If they can come close to those markers this term they'll repeat. No mention of a punter, which character will be a must this lap, if you want to go anywhere, win-wise.

Pat Tolar, an all stater from Thomas Jefferson High in San Antonio, and Charlie Brewer, likewise an all-stater from Lubbock, seem to be front runners for a shot at the slot. There are four Lubbock sophs on the Texas squad, all with fair chances to make it. Added to Brewer are Johnny Tatum, who just might be the regular center;

FOIBLES

By Kent Snare
Do you recall the Levelland team that played here in 1951? Two of its outstanding players were Phelan, No. 20, the quarterback and No. 49, Sneed, at full. This Sneed was outside for a high schooler and gave indications, fleetingly, of packing a disposition comparable to that of a stepped-on rattlesnake.

I came into possession of a 1953 Texas University brochure and wasn't too surprised to find Langford Sneed, Levelland, Sophomore, 20, 6-1, 210 lbs., listed as a right tackle, and this ascribed about him "Sneed is regarded as one of the most promising linemen to move up to the varsity in recent years."

Fancy and Plain

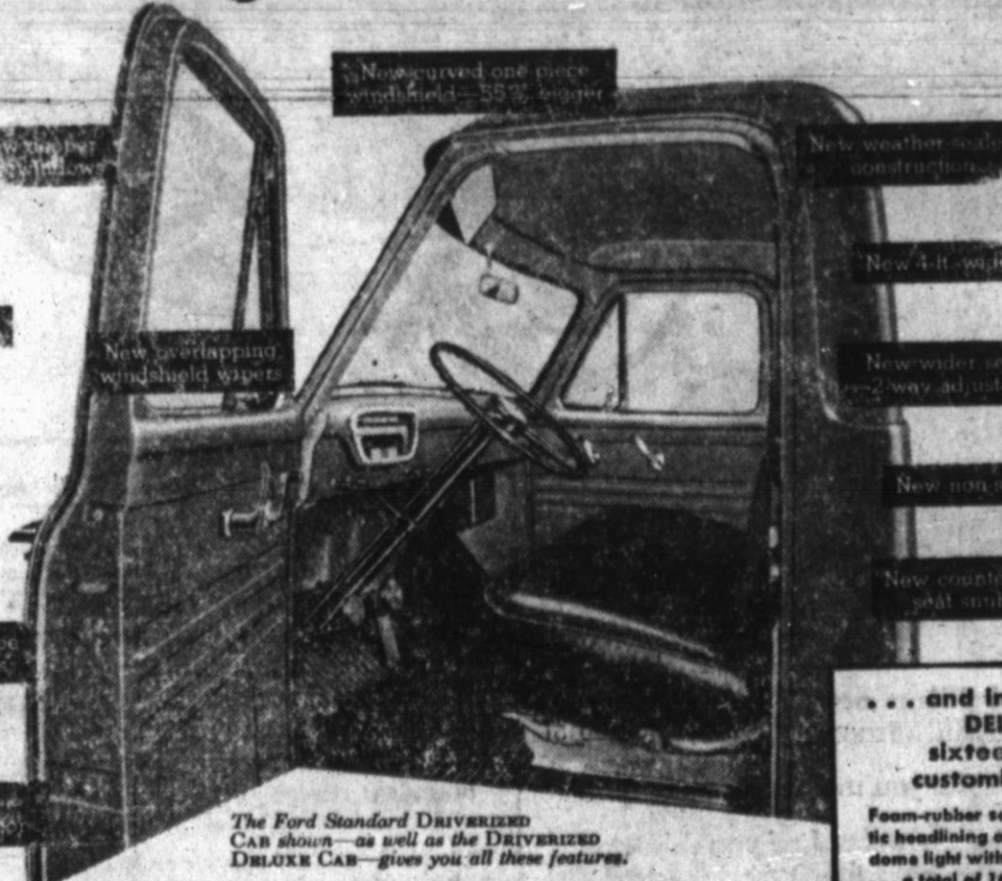

Some close observers feel he may work his way into the starting lineup by the time the Longhorns hit the conference campaign. . . . was starting tackle with the 1952 freshman team. . . . Phelan went to Texas U., too, but wound up with a bad leg injury and I haven't heard what his present status is. . . . Skimming through the brochure, I garnered the idea that the Longhorns are, in baseball parlance, weak indeed up the vital middle, for they lost quarterback T. Jones, fullback Dick Ochoa and center Bill McDonald.

They have no experienced backs save for Billy Quinn, who, as a soph, made them an outstanding right half. Texas, like the Okies,

lost 3-4ths of their stellar backfield, Gib Dawson, who stole the show in the All-Star game last week, being the third regular back they lost. At quarter they have the Bunny Andrews, who fell flat on his face, after having been handed the position by press and spring training devotees. T. Jones, on a most successful come-back, relegated Mr. Andrews to such a remote position in the rear ranks that he may not emerge this trip.

Only FORD TRUCKS give you Driverized Cab Comfort

to cut fatigue—make driving easier!

The Ford Standard DRIVERIZED CAB shown—as well as the DRIVERIZED DELUXE CAB—gives you all these features:

... and in the DRIVERIZED DELUXE CAB sixteen additional customized features!
Firm-rubber seat padding, thermocoustic headlining and glass wool insulation, dome light with automatic door switches... a total of 16 customized features are available at slight extra cost in the Ford DRIVERIZED DELUXE CAB.

Completely NEW! World's most comfortable truck cab! Prove it yourself—make the 15-second SIT DOWN TEST!
