

College Concert Band Presents Program Next Week In Hereford

The 85-piece West Texas State College Concert Band, directed by M. J. Newman, will be presented in a concert February 26 at 1:45 p.m. in the Hereford High School auditorium.

The Hereford concert is one of 14 which the West Texas State group will present in a week's tour of Panhandle and South Plains towns. When the annual tour closes Friday (Feb. 26), the band will also have appeared in Tulsa, Dimmitt, Littlefield, Abertathy, Oton, Levelland, Brownfield, Seagraves, Sundown, Portales, N. M., Muleshoe, Friona, and Amarillo.

Opening Selections

Opening selections chosen by Newman for the tour program include "Overture" from "Music for

a Festival" by Gordon Jacob; the "March to the Scaffold" from "Symphonie Fantastique" by Hector Berlioz; and the "Ballet Music" from "Faust," an opera by Charles Gounod.

Three West Texas State students will appear on the program as soloists. Miss Marilyn Cowan, Amarillo sophomore, will be piano soloist for the contemporary "Warsaw Concerto" by Richard Addinsell. The Concerto was theme music for a wartime movie, Miss Peggy Williams, clarinetist from Plainview, will play solo portions of "Concertino, Opus 26," by von Weber; and Purris Williams, Hereford senior, will appear in trumpet solo for "La Virgen de la Macarena" by Mendez.

Five other selections will be in the band's repertory, including "Ouvre ton Coeur" by Bizet; "Conquest" from the modern "Captain From Castile" by Alfred Newman; a "Suite of Old American Dances" by Bennett; "Marche Bombastique," a march composed last year by West Texas State's Dr. Houston Bright; and "Arrangers' Holiday" by Bennett, Walters and Yoder.

ELNA BISHOP, daughter of Mr. and Mrs. Dean Bishop, 405 N. Jowell, was one of twelve students at West Texas State College, Canyon, listed as making all A's for the first semester's work. A 1953 graduate of Hereford High School, Miss Bishop is majoring in religious education. She is a member of the College Glee Club and takes part in activities of the Methodist Center on the campus.

Landscaping Program Presented At HD Club

Mrs. Clara Shore was hostess for the South Hereford Home Demonstration Club meeting held in her home Tuesday afternoon. Mrs. W. A. Goetsch presided.

Mrs. Shore presented the program on "Landscaping and Re-planting Trees and Shurbs," and the group viewed the grounds of the Shore home.

A short business session was held, during which members planned a stunt for Home Demonstration Fun Night, which will be held soon.

Those attending the meeting were Mesdames John Hacker, A. C. Flowers, Roy Manning, Viola Woodson, John Draper, W. A. Goetsch, Clarence Hollabaugh, Franklin Miller and Miss Evelyn Bell.

Voice Recital Scheduled For Sunday Afternoon

Miss Pluma Metcalf, student at the Mattie Mae Swisher Studio of singing, will be presented in her sophomore voice recital Sunday afternoon at 3 o'clock in the First Baptist Church at Vega. Mrs. Cliff Estes will be the accompanist.

Assisting on the program will be Eugenia Alexander, piano student of Mrs. Glenn Snyder.

Miss Metcalf's program will consist of songs from the old masters, American compositions and art songs. The interested public is invited to attend.

Improvements Are Planned For Dameron Park

Restrooms in the swimming pool dressing rooms building will be available for the use of picnickers and others using Dameron Park this summer, according to plans discussed at the City Commission meeting Monday night.

Plans were also discussed for the purchase of picnic units, but the exact type of unit to be installed has not been decided upon.

The commission, which was a short one member in the absence of Raylan Evans, also decided to follow the recommendation of the state health department in putting in a chlorinator unit which will feed chlorine into the pool water automatically, rather than using bulk chemicals as has been done in the past.

Those attending the meeting included City Manager Cecil Massey, Mayor Henry Sears, and Commissioner Wayne Edwards.

ATTEND HOUSE PARTY

Seven young women from the First Baptist Church attended the state wide Young Womens Auxiliary house party at Mary-Hardin Baylor in Belton last week. Mrs. Clinton Massie, Mrs. G. P. Owens, Dixie Young, Marilyn Legg, Jure Marion Smith, Wanda Marie Kirkey and Shirley Sharp left Hereford Friday to attend the house party and returned Sunday afternoon.

WILL SHOW SHEEP

Kenneth DeHart, 19, son of Mr. and Mrs. Earl DeHart, will enter two southdown lambs in the Junior Livestock Show. Kenneth, a junior in Hereford High School, has been in 4-H work for eight years. Other animals he has raised in 4-H were sheep. He won 10th in wheat at an Amarillo show and 10th in the lamb show at Hereford. Hugh Clearman is his 4-H advisor.

Mr. and Mrs. J. E. Beyer returned Friday from Kansas where he underwent surgery at the Santa Fe Hospital in Topeka. The past three weeks have been spent with their son, J. E. Beyer Jr., and family at Hutchinson.

Hospital Notes

Patients In the Hospital

Melba Gros, Mrs. Reecie Moore, Mrs. Geneva Russell, Mrs. Venita Wear, Robert Criswell, Mrs. Oleta Molloy, Bill Darter, Nellie Jones, Mrs. Clara Reinart, Mrs. Angela Galvan, Floyd Walton, J. C. Morrison, L. H. Casey, Mrs. G. A. F. Parker, H. V. Stanton, Louis Gunn, Mrs. Bobby Davis, Mrs. Jim Monroe, Mrs. Paul Gonzales, John Henry Burrell, Mrs. Baxter London, R. E. Battles, Opal Robertson, Walter Lee Phillips, Inman L. Larson, Mrs. T. D. Davenport, Mrs. Gladys Carroll, E. O. Dixon, Mrs. Joe Landers, Mrs. F. M. Welch, Edna Mathes.

Patients Dismissed

Lee Allen Carr, 2-13; W. A. Davis, 2-15; Mrs. Edith Anderson, 2-14; Mrs. Ester Suniga, 2-15; Mrs. Jimmy Merritt, 2-15; Mrs. C. M. Sullivan, 2-14; Clifford Drake, 2-15; Norman Dean Harder, 2-15; Bill Bookout, 2-14; Mrs. Louise Packard, 2-16.

Births

Daughters to Mr. and Mrs. L. J. Reinart, 2-14; Mr. and Mrs. T. D. Davenport, 2-15; Mr. and Mrs. Bobby Davis, 2-15; Sons to Mr. and Mrs. W. J. Russell, 2-13; Mr. and Mrs. David Suniga, 2-14; Mr. and Mrs. Baxter London, 2-16.

Personals

Mr. and Mrs. Ray Neel and Lillith, Mr. and Mrs. R. W. Botsford, Dave Curry and his daughter, Rose, recently returned from a trip to San Bernardino, Calif., where they attended the wedding of Thomas Botsford and Peggy Allen. Mr. Curry left the party in Tucson, Ariz., where he visited with a brother while they were in San Bernardino.

Mr. and Mrs. P.-L. Beyer of Amarillo were guests of his parents, Mr. and Mrs. J. E. Beyer, Sunday.

Class Play Presentation Scheduled For Next Week

Dimmitt Senior Class will present its annual class play Thursday and Friday nights, February 25 and 26, at 8:15 o'clock in the Dimmitt High School auditorium. "Finders Creepers" is a mystery-comedy in three acts and is a scream from start to finish for young and old.

The play is directed by James W. Bates and assisted by Nay Dell Stine and Dortha Messenger. Class sponsors are Miss Hazel Merritt and S. T. Newman.

Beware Coughs From Common Colds That HANG ON

Northwest Hereford News

By Mrs. R. C. Childers

Mrs. Paul S. Corbett went to Muleshoe Thursday to visit her brother, N. H. Greer and son Bobby. She returned home by way of Littlefield and visited another brother, Mackey Green, and family and a sister, Mrs. Harold Clement and family.

Mrs. Louie Olson returned Wednesday after visiting a week with relatives in Missouri.

Larry and David Barclay spent Thursday afternoon visiting in the Delbert Bainum home near Summerfield.

Visited Near Pampa

Mrs. C. S. Barclay, Larry and David and Mrs. R. C. Childers visited in the home of Mrs. Childers brother, Johnnie Johnson and family near Pampa Tuesday. The Johnsons are the parents of a boy, John Robert, born January 15.

Mr. and Mrs. C. S. Barclay spent Sunday visiting in the Delbert Bainum home near Summerfield.

The nice sunny weather has farmers over anxious to get ready for spring planting. Potato land is being made ready by fertilizing, leveling and laid out in rows ready for irrigation before the planting season opens. Most potato farmers are planting less acres this year due to the bad luck which the potato farmer experienced last year.

Mrs. Earl DeHart and Mrs. R. C. Childers attended the regular luncheon and Federation meeting at the Methodist Church Monday.

Mrs. DeHart is chairman of the Federation and presided over the meeting.

Mr. and Mrs. Florencia Barrow moved to their home in Sheffield Saturday. The Barrows have been employed as dairy hands on the R. C. Childers farm since last fall.

Mrs. Art Lewis left a week ago Tuesday to care for an aunt, Mrs. Due Games in Okmulgee, Okla. It is not known when she will return.

Montana Visitors

Mr. and Mrs. J. P. Jordon of Circle, Montana, have been visiting in the J. T. Richardson and Pat Robinson homes during the past week. Mrs. Jordon is a sister of Mrs. Richardson.

Patsy Childers and other members of the sextet sang a group of three songs at the Federation meeting Monday afternoon.

Mr. and Mrs. Jordon and Mr. and Mrs. Richardson went to Lubbock last Tuesday to visit in the Felton Doss home.

The Jordons are visiting in Antlers, Okla., with relatives, the Clyde Delingers.

Mrs. R. C. Childers attended the Home Demonstration reporters meeting at the Court House Monday afternoon. She spoke to club reporters on how to take flash pictures.

Pat Robinson is reported to be doing fine after submitting to major surgery two weeks ago in Amarillo at Northwest Texas Hospital. He is at home and is able to be up and move about the house.

Class Entertained

Fred Wolfington entertained his Sunday School class with a hamburger fry at the Charlie Callaway home in Hereford Monday night. Mrs. Wolfington teaches the intermediate class at the East Side Baptist Chapel.

Those attending were: Jackie Blanton, Layton Sawyer, Gary Paddock, Rev. and Mrs. Russell Pogue, Mr. and Mrs. Charlie Callaway and their children, Altha June, Bill Edd and Charles, Richard Parker and Mrs. Wolfington.

Mrs. Dora Inman moved into her home on Highway 51 Tuesday. Mrs. Inman has been living with her daughter since her illness last year.

Mrs. Fred Inman was a caller at the R. C. Childers home Sunday morning.

Raymond Higginbotham was a winner of a \$10 basket of groceries at the Piggly Wiggly store during their birthday celebration.

Mrs. Fred Wolfington called in the R. C. Childers home Tuesday morning.

Hal Inman of Plainview is deepening a well on the S. J. Barclay farm this week. Inman is a water well man, doing clean out and drilling work.

Jaycee National Director Speaks Here At Meeting

Walter Shaller of Amarillo, a national director of the Junior Chamber of Commerce and candidate for Texas Jaycee president, spoke Tuesday noon at the Hereford Jaycee meeting.

Without trying to eulogize, Shaller spoke about the importance of the Jaycee organization to the community.

Next Tuesday the Hereford Jaycees will elect new officers. Nominations for president, as selected by the nominating committee, are Berry Green, Dennis Lomas, Kenney Wilson and Sam Nelson. Don Fudge was nominated for vice president.

In the election the three low men in the president's race will automatically be put on the slate for the vice president's position.

Mr. and Mrs. D. W. Allmon returned Monday from South Carolina where they had visited two weeks with their son, M. Sgt. Bobby Gene Allmon and family.

Leo Forrest Will Participate In Rural Development Meeting

Leo Forrest, manager of the Deaf-Smith County Electric Co-op, which has headquarters in Hereford, will be an active participant in the Rural Development Conference at Lubbock today and Friday.

Meeting on the campus at Texas Technological College, the conference is aimed at co-ordinating a power use program for agencies and businesses dealing with rural people.

Forrest, as president of Texas Electric Co-operatives, Inc., was named as the official who would welcome delegates. "We are expecting some 300 participants at the conference," Forrest said Wednesday, "representing local and

state extension, vocational agriculture, Soil Conservation Service, farm home agents, electric equipment manufacturers, distributors and dealers, and the representatives of 26 rural electric co-operatives."

Also Committee Chairman
In addition to his duties in welcoming the delegates, Forrest is also chairman of the committee on Soil and Water Conservation-Irrigation and Domestic Water Systems.

After a half-day opening session during which representatives of each type of organization will outline the work and objectives of the organization, the conference will break up into fourteen com-

mittees for work on specific subjects, such as rural industries, dairying, heating and air condition, and home appliances. The conclusion of the conference will be the reporting to the entire group the conclusions of each committee, and the committee reports in their final form as adopted by the conference will be printed for distribution to all participants.

Prospects are that this conference will lay groundwork for continued co-ordination of power use programs by the co-ops on a local basis, according to Elmo J. Osborn, General Manager of Texas Electric Co-operatives, Inc., which is sponsoring the conference.

In addition to local co-op participation, others programmed for the conference include Weldon H. Jones, District Agent for Extension Service at Lubbock; Mr. Olyne Jefferies, director of West-

house's Southwestern Home Economics Institute; Homer Taff, area supervisor of Soil Conservation Service; Mrs. Aubrey W. Russell, district Home Demonstration Agent for Extension Service; Walter Labay, area supervisor of Vocational Agriculture Department; Miss Esther Sorenson, area supervisor for Homemakers and Family Life; H. C. Davis, regional manager for General Electric; J. T. Blalock, regional manager for Frigidaire; Elmo Osborn, general manager for TEC; and John Shanklin, REA.

Mr. and Mrs. Ed Jesko motored to Farwell Sunday to visit with Mrs. Harry Jesko, who is recuperating from a major operation.

Students Took Part At Dallas Convention

Music students and teachers of Hereford High School returned to Hereford Saturday night after attending the All-State Music Educators Association Convention in Dallas last Wednesday, Thursday and Friday.

Pickens Moore, son of Mr. and Mrs. Don Moore, was chosen from 42 all state band members throughout the state for fourth seat in the French horn section of the all state band.

David Stanton and Lotis Root rehearsed with the all-state choir Wednesday and Thursday. Friday the band and orchestra gave a concert.

cert. Nancy Patterson, an alternate in the all-state choir, did not have an opportunity to sing. Don Moore, choir director, and Bill Miller, band director, accompanied the group to Dallas.

Rules For Poultry Show Given By Argen Draper

Young poultry raisers will have a chance to take home both cash and other prizes from the Junior Livestock and Poultry show Friday and Saturday, according to Argen Draper, county Home Demonstration agent.

Though a 75 cent first place prize may not sound like much, it is still about half the price of a chicken, and several of those can make a lot of difference. Add the sales price of the bird to that, and there is really good money, considering the size of the investment.

Prizes
Prizes will be: Champion bird of the show, trophy; champion male bird, fountain pen; champion female bird, fountain pen; champion pen of show, trophy; champion part-colored pen, rosette; champion solid colored pen, rosette; champion solid cock, rosette; champion solid hen, rosette; champion solid cockerel, rosette; champion solid pullet, rosette; champion parti cock, rosette; champion parti-hen, rosette; champion parti-cockerel, rosette; champion parti-pullet, rosette; most ribbons in one breed, rosette.

Classes will be: singles—first, 75 cents; second, 50 cents; third, ribbon; fourth, ribbon; fifth, ribbon. This is for old birds and young birds. Pens—first, \$150; second, \$1; third, ribbon; fourth, ribbon; fifth, ribbon. This is for old pens and young pens.

Descriptions
Singles can be one cock, one cockerel, one hen or one pullet. Cockerel is a male bird 12 months or older. Cockerel is a male bird under 12 months of age. A hen is a female bird 12 months old or older. Pullet is a female bird under 12 months. Old pen is a cock bird and two hens of the same variety, the male bird scores 50 percent of the total for the pen. Young pen is a cockerel and two pullets of same variety, the male bird scores 50 percent of the total for the pen.

Leg bands should be put on your birds and entry blanks should be filled out before bringing the birds to the show.

Poultry Rules
Rules and regulations for the show are as follows: The show is free, no entry fee will be charged. An exhibitor will be limited to

To Reduce Memory of COLDS take 666
SOUND OR THROAT—GONE WITH 666

Chowline CHATTER!

two breeds. Entries will be received today, February 18, beginning at 1 o'clock. All birds to be displayed must be in the show room by 9 o'clock this morning. Judging of the birds will start Friday morning.

Five birds fill the class. When class is not filled first honors will be awarded if birds are worthy but second money only will be paid. Birds showing any symptoms of disease will be excluded from the show room. The standard of perfection will be used as a score; judging will be by comparison. Only standard breed birds will be accepted.

No exhibitor will be allowed to handle any specimen but his own. Classification and arrangement of all exhibits will be done by helpers. No bird will be removed from exhibition until the close of the show Saturday at 4 o'clock. They must be checked out by the secretary.

Regulation coops are being furnished by the Hereford Rotary Club and the Deaf Smith County Farm Bureau. No rabbits, guineas, turkeys, cross breed birds or pet stock can be shown due to lack of facilities. Awards will be made Saturday at 1 o'clock in the Sales Arena. Each entrant will be responsible for keeping litter, feed and water in the coops where his chickens are being exhibited. Feed birds after the judging Friday noon.

Feed will be furnished by the committee. Capons may be shown however, judging will be by weight only. Bantams of standard breeds may be shown. When birds are checked out each entrant must clean tags off coops and empty cups. After the judging, "for sale" tags may be placed on the coops. Each entrant will decide on price of his birds.

TV Viewing Tips Help Enjoyment

Television is growing up in a hurry and is prompting marked changes in home living habits of Texans.

Several pointers on watching your set will help make the family's viewing even more enjoyable, says Bernice Claytor, extension home management specialist.

A TV set should be located neither in front of a source of light such as a window nor so direct light rays will fall upon the screen. Mrs. Claytor suggests set placement so that any light entering the room will be at right angles to the line of vision.

Never operate a set in a totally dark room, she emphasizes. Television screens are about 10 times brighter than movie screen and many times smaller. Viewing in complete darkness causes severe eyestrain, she points out.

Indirect Source
Light should come from an indirect source in the room and not from an adjoining one. For your eyesight's sake, Mrs. Claytor says, use a indirect lighting fixture placed on the wall or on furniture on either side of the set. A floor lamp with a small wattage bulb will do the trick.

Most people agree the best viewing distance is nine to 15 feet, depending upon screen size. An occasional glance away from the screen will further help prevent tired eyes.

Many authorities, Mrs. Claytor concludes, believe that television viewed under proper lighting conditions will not strain the eyes any more than reading, sewing or watching the movies.

Do They Need It
CHARLOTTE, N. C. — The youngsters' clothing section of a department store here startled parents with a neatly-lettered sign: "Suggestive Gifts for Boys."

Selective Service Issues Reminder About College Tests

AUSTIN—The state director of Selective Service Friday issued a reminder of students of draft age

about the college Selective Service test to be given in the spring. "Application to take the test must be postmarked no later than midnight, March 8th," Brigadier General Paul L. Wakefield, state draft director, said. The test will be administered on April 22. Students were also reminded that they can pick up bulletins of information, application blanks, and envelopes in which to mail them at the office of any Texas draft board.

Eligibility
To be eligible to apply to take the test, the student must (1) intend to request deferment as a

student, (2) be satisfactorily pursuing a fulltime course of instruction, and (3) not previously have taken it.

General Wakefield said he wished to make it clear that making a satisfactory score on the test does not mean automatic deferment for the student.

It is not mandatory for local boards to defer students, even though they make scores equal or better than those outlined in the criteria of Selective Service regulations.

Can Appeal
A student who has a passing score and who is placed in 1-A

by his board has the right of appeal to a state appeal board, provided he acts within 10 days after his 1-A notice is mailed.

Nearly 8,000 Texas college students are currently deferred by state draft boards, many of them on the basis of Selective Service test scores.

Students interested in taking the spring test were urged by General Wakefield to apply at once.

Hour-A-Day Policeman
ESTHERVILLE, Iowa — The position of police chief in Estherville is a one-hour-a-day job. The City Council, in naming Harold Iseminger to the post, fixed his salary at \$40 monthly. And Iseminger and Mayor G. K. Allen agreed that the new chief should put in an hour a day on the job. The rest of his working day Iseminger gives to the automobile radiator shop he operates here.

DEN CHIEFS, Boy Scouts who helped with the Cub Scout training program, were recognized at Blue and Gold Banquet held by Packs 51-52 during Scout Week. Shown, from left, are Durwood Jacobs, Jan Wallace, Larry Morris, David Brumley and Joe Rein-

auer. Den chiefs help the den mothers with the training program, and often help give the younger boys some feeling of the program they will graduate into later. (Staff Photo.)

J. E. WARRICK JR., AND MRS. JAMES ROBERTS were the lucky winners in guessing the weight of the Piggly Wiggly birthday cake. Both of the winners guessed the exact weight of the cake, 560 pounds. Prizes of wrist watches were given to each of them. E. R. Combs won third prize, a clock radio, by guessing 559 pounds. Eloise Goforth won

fourth prize, a toaster, by guessing 561 1/2 and H. R. Patterson won fifth prize, another toaster, by guessing 558 pounds. The prizes were given away at 7 o'clock Saturday night. This is the fourth year that Piggly Wiggly has had this type of guessing game on its birthday cake. (Staff Photo.)

Professor Bowls Martindale Over

Professor Roy Shire does it again! In his second match in the Bull Barn Saturday night, the Professor bowled over Tommy Martindale of Amarillo in 23 minutes.

Professor Shire of Evanston, Ill., under the personal management of Bobby Wallace, won the first fall of the match in 15 minutes with a body press. Martindale won the second fall with a rolling eradic split in seven minutes. Shire then won the third and deciding fall in seven minutes with an over the shoulder back breaker.

Going To Be Tough
The Professor, although he isn't very popular with most of the fans, still has the admiration of a lot of the younger set and some of the older. Looks as though the Professor is going to furnish some

THESE HOT BISCUITS are the first for Fern Coursey but they look so good that her Daddy and Mother will be asking for a repeat performance. Fern is the daughter of Mr. and Mrs. R. W. Coursey, and is learning to cook in her 4-H club work. (Staff Photo.)

rough competition for the Panhandle wrestlers. Ace Freeman of the Bronx, N. Y., and Whitey Whittler of East St. Louis wrestled in the first event. It took Freeman the space of 21 minutes to win the first fall over Whittler with a body press

following a series of drop kicks. Whittler, however, came back in the second fall to win over Freeman in 11 minutes with a step over toe hold. The stepover toe hold seemed to have its effect in the third and last fall too when Whittler overcame Freeman in 11 minutes with the same hold.

CAROLYN WILLIAMS, daughter of Mr. and Mrs. Carl Williams and a member of the Happy Home 4-H Club, mixes up a batch of Drop Cookies from a recipe that brought her a Grand Champion Award in the bake show two years ago and still makes her a champion with her little sister and brother at home. (Staff Photo).

Drop Cookie Recipe Won Grand Champion's Award

This drop cookie recipe which was good for a grand champion award for the cookies Carlyn Williams entered in the bake show the first year she was a member of the Happy Home 4-H Club is still popular with the cookie jar fans in her family and others who like a good drop cookie.

Carlyn who is the 15 year old daughter of Mr. and Mrs. Carl Williams, South Main Street, and has been a club member three years, gives you a choice of date and nuts or coconut for flavor.

DROP COOKIES

2 cups sifted flour
(Continued on Page 2)

WHETHER IT'S A SQUAWK, a cackle or a cock-a-doodle-do that is heard coming from the poultry division of the Junior Livestock and Poultry Show this week-end it could be the approval or protest of one of the fowls these 4-H and FFA members are showing. On the left Dora Ruth and Freda Inman, daughters of Mr. and Mrs. Fred Inman, show red and white and just might add blue to their poultry exhibit. Janet Hig-

gins,, third from left, eldest daughter of the Mr. and Mrs. Wayne Higgins, is holding one of her hens but she's thinking about the piano which her poultry project will enable her to enjoy later. Ten-year-old Fern Coursey, daughter of Mr. and Mrs. R. W. Coursey, who will show her bantams in the Poultry show this year at night, both of these FFA members are sixteen years old. Ronald Kershen took Bird of the Show award

with his first entry in 1948. He is the son of Mr. and Mrs. Andrew Kershen. Jack Hagar, son of Mr. and Mrs. Carol Hagar, dangles a couple of his capons that haven't really had their necks wrung as yet but will likely find their way into the pot soon after the show. Jack will also show two lambs in the Crossbreed division. (Staff Photo)

Parents Important To Mental Health

Home Demonstration club women are learning that parents are the number one builders of mental health, and their chief assistants are fellow citizens in professions which are close to the people, such as teachers, nurses, physicians, and clergymen.

People with good mental health are not bowled over by their own emotions—by their fears, anger, love, jealousy, guilt or worries. They can take life's disappoint-

ments in their stride. They expect to like and trust others, and take it for granted that others will like and trust them. They also respect the many differences they find in people.

Individuals who are well adjusted mentally do something about their problems as they arise and welcome new experiences and new ideas. They shape their environment whenever possible; they ad-

(Continued on Page 2)

Young Poultry Raisers Make Profit From Flocks

The entries of 4-H girls and boys who will exhibit poultry at the Junior Livestock and Poultry Show on Friday and Saturday may not be as heavy on the scales as the calves and lambs but they will do enough crowing to let visitors know that they are an important part of the show.

They also have one superior rating over the livestock, because there isn't a cross breed in the flock this year. Each exhibitor

will also be limited to two breeds. Getting ready for the show isn't a chore for the four daughters of the Fred Inmans northwest of Hereford, because chickens are a serious year-round business with Dora Ruth, Freda, Margaret and Alice Inman.

Grown For Fryers

Their chickens are grown primarily for fryers by 14-year old Freda, but it is Dora Ruth, 15, that keeps the records, finds a mar-

ket and dresses the fryers for their customers.

When any of the chickens not marketed for fryers become hens, then they are inherited by eleven-year old Margaret and little sister Alice, who is just nine but knows all the details of their project.

The two younger girls gather, clean and package the eggs for marketing, as well as take care of the hens.

Each girl is responsible for the pens in which her poultry is housed, but Alice and Margaret who seem to be called on to do most of the catching.

Dora Ruth and Freda have been members of Workers 4-H Club for five years.

Sheep To Chickens

Janet Higgins, 11, daughter of Mr. and Mrs. Wayne Higgins who live on the eastern edge of the

REFRESHMENTS WERE SERVED TO guests February 13 in the home of Jani Sue Brumley, 6, daughter of Mr. and Mrs. Roger Brumley, 609 West Third, following the theatre party that the children attended in honor of Jani Sue's birthday. A double birthday party was held for Jani Sue and her sister, Sondra. Those attending Jani Sue's party were, from left: Gary Goodin, James Schulz, Billy Frank, Lynn Sowell, Jani Sue Brumley, Linda Crosby, Suzanne Seigler, Gayle Newell and Wanda Gragg. (Staff Photo)

Young . . .

(Continued from Page 1)

county, seven miles north of Dawn, went right out of the sheep business into her project on poultry when she sold the pet lamb she raised on a bottle in 1931 and bought her first chickens.

Janet, who also sells eggs and keeps her own records, reports that she especially enjoys her work this year as it is enabling her to buy a piano of her own.

Fern Coursey, 10, daughter of Mr. and Mrs. R. W. Coursey of the Ford Community, is exhibiting for the second time in her two years of club work and already has two first place ribbons on

the Wyandottes she entered last year. She will bring bantams to the show this year.

Sixteen-year-old Ronald Kershen was also a first time winner back in 1948 when he won the Bird of Show Award with a white Giant entry.

Ronald is the son of Mr. and Mrs. Andre Kershen, who live 4 1/2 miles west of Hereford.

He is a member of Future Farmers of America and will enter poultry again this year.

Call Lost

Ronald's calf he had planned to enter turned out to be a chronic bloater and died.

Jack Hagar, another sixteen year old F.F.A. member who plans to enter the poultry show, is the

son of Mr. and Mrs. Carol Hagar of Hereford.

Jack is entering capons in the poultry division and will also show two lambs.

The poultry show will have an estimated 30 entries of about fifteen different breeds.

Here Sunday to attend christening services for the infant daughter of Mr. and Mrs. Tommy Hulmes were her parents, Mr. and Mrs. Roy Guthrie; Mrs. Hulsey's grandmother, Mrs. George Bass of Memphis; Mrs. H. W. Taylor and Mr. and Mrs. John Bass of Amarillo; Mrs. I. P. Russell of Borger; Mr. and Mrs. Fred Gordon and son of Olton and Mrs. Leslie Gordon and daughter of Canyon. Rev. S. M. Dunnam conducted the christening service at the morning worship hour in the First Methodist Church sanctuary.

Mrs. Roy Calvert returned home Sunday from Pampa where she underwent minor surgery.

Mr. and Mrs. Ed Warren were called to Dallas the latter part of last week by the serious illness of his mother.

Parents . . .

(Continued from Page 1)

just it whenever necessary. Readers who are curious to know about psychoanalysis will find Edelberg's TAKE OFF YOUR MASK a good eye-opener.

Some other suggested reading includes "The Happy Home; a Guide for Family Living" by Benedict and Franklin, and Grossman's "Life with Family."

Clubs studying mental health in February are:

West Hereford

"Mental Health" was the topic for a round table discussion by members of the West Hereford Home Demonstration Club who met with Mrs. Vern Witherspoon on February 9. Different phases discussed by the group were:

"When Illness Strikes Your Family", "Building Mental Health" and "First Aid Rules for Mental Health".

Names were drawn for secret pals.

Those present were: Mesdames N. D. Hood, Carlos Vaughn, Ed Cox, Roy Boyd, Edna Bowe, Wes Bradley, Ulys Pierce, John Jacobson, Sr., Ida Mae Vaughn, Vern Witherspoon and Miss Evelyn Bell. The next meeting will be with Mrs. Ulys Pierce next Tuesday.

Westway

Mrs. C. A. Saulcy was hostess for the Westway Home Demonstration Club on February 10.

Jessie Waggoner directed the opening exercises by asking each member present to write on a slip of paper some kind of entertainment for each month in the year. Dorothy Ohlig demonstrated the planting of a tree.

Mrs. Saulcy gave her hostess report and council report.

Committee recommendations were read and accepted.

Lizzie Wilson gave the Federation Report and Mrs. Saulcy was chosen by the club as their nominee for delegate to the district meeting in Panhandle April 22.

Four visitors were: Mrs. Lee Haney, Mrs. L. A. Mullins, Mrs. Frank Mullins, and Mrs. Albert Kaul.

Members attending were: Mesdames Abraham Drager, Leta Kaul, G. C. Merritt, Phillip Miller, Bernice Northcutt, Dorothy Ohlig, Marian Owen, Roxie Phipps, Fannie Rudd, Oneta Rudd, Marjorie Thomas, Fannie Gownsend, Johnny Turrentine, Bess Werner, Jessie Waggoner, Dell Walton, Lizzie Wilson, Gladys Awalt and the hostess.

The meeting on February 24 will again be with Mrs. Saulcy, with Roxie Phipps as hostess.

Cultural H-D

Meeting the needs of physical ailments without hesitation and ignoring mental ailments seem to be something we are all guilty of doing, was brought out by Mrs. C. S. Barclay and Mrs. Ira Scott when the Cultural Club met Thursday in the home of Mrs. M. W. Sumner.

Tomorrow, injections of specific medicines may drive the fog of confusion from sick minds, Mrs. Scott brought out in her talk to members.

Refreshments of ice cream, cookies and cold drinks were served to: Mesdames C. S. Barclay, Herbert Bellar, Earl DeHart, R. E. Hargis, W. E. Holcomb, Louie Olsen, Grady Parsons, Edgar Telchik, Ira Scott, Arnold Hershey, and one visitor, Mrs. Holcomb.

Messenger H-D Club

How to plant a shade tree was demonstrated by Mrs. Floyd Brown when the Messenger H-D Club met Friday with Mrs. Floyd Brown.

The Council plans were read by Mrs. N. A. Brown.

Mrs. Ruth Coleman won the recreation prize and Mrs. N. A. Brown won the floating prize.

Those attending were: Mesdames N. A. Brown, R. J. Coleman, Ernest Brown, John McCullar, Floyd Brown, Bob Wylly, J. T. Guinn, Elmer Northcutt, and two guests, Mrs. Eldred Brown and Wanda Northcutt.

The next meeting will be changed from Mrs. Johnny Northcutt's to Mrs. Elmer Northcutt's home on February 26.

Valentine Party Honors Husbands

The home of Mr. and Mrs. Ira Ott was the setting for a "42" party last Friday, observing St. Valentine's Day. Heart shaped talys served as a means of finding partners for an evening of entertainment.

Refreshments of angel food cake ice cream and coffee were served to Mr. and Mrs. Walter Paetzold, Gene Autrey, Carroll Newsom, Edwin Flood, Wilburn Axe, C. C. Ellis, G. W. Newsom, Miss Jane Newsom, Mrs. George L. Olson and Mr. and Mrs. Ott.

Dawn H-D Club

Mrs. Orval Galley gave a demonstration on how to make cutting buds and planting of a tree at the meeting of the Dawn Home Demonstration Club February 5 in the home of Mrs. Galley.

The president presided over the meeting and Mrs. R. T. Stewart gave the council report in the absence of Mrs. A. A. Reinhart. Mrs. A. A. Reinhart was selected as the nominee for THDA delegate.

Refreshments were served to Mesdames R. T. Stewart, Zed Stewart, Lulu Botsford, Loyd Bentley, H. S. Fuller, J. M. Carathers and the hostess.

Landscaping Program

Mrs. Argen Draper gave a demonstration on landscaping a yard and showed samples of shrubs at the meeting of the Dawn Home Demonstration Club February 10 in the home of Mrs. J. B. Caraway.

The next meeting will be held with Mrs. W. J. Stewart in Canyon on February 19.

Refreshments were served to Mesdames W. T. Beavers, Loyd Bentley, R. T. Stewart, H. S. Fuller, J. M. Carathers, Lulu Botsford, Argen Draper, Miss Loyce Avant; a guest and the hostess, Mrs. Caraway.

Drop . . .

(Continued from Page 1)

- 2 teaspoons baking powder
- 1/2 teaspoon salt
- 1/2 cup butter or margarine
- 1 cup sugar
- 1/2 teaspoon vanilla
- 1 egg
- 1/4 cup milk
- 1 cup chopped dates, or
- 1 cup nuts, or
- 1 cup coconut

Mix and sift flour, salt and baking powder. Cream fat until soft. Add sugar gradually and cream. Add vanilla. Beat the egg; then add it to the sugar and fat mixture. Add a small amount of the flour mixture to fat and sugar mixture. Beat until smooth. Then add a small amount of milk to this mixture and beat until smooth. Continue this process, adding flour and milk alternatingly. Add nuts and dates or coconut. Drop from teaspoon onto greased baking sheet. Be sure to drop them far enough apart that they will not touch while baking. Bake in a moderate oven 375 to 400 degrees F. for 8 to 12 minutes. Remove from cookie sheet and place on rack or paper to cool. (Makes about 5 dozen cookies.)

Hereford Scout Window Display Winners Told

Hereford Scout had more window displays this year than they ever had before, according to W. M. Teague, district Scout executive.

"There were 19 window displays, and every window showed an improvement over the window displays of last year," Teague added. "In fact, Hereford Boy Scouts had more window displays than the Boy Scouts in Amarillo had."

Dr. Milton C. Adams, Scout commissioner, announced the judges' decisions as to the winners of the window display contest.

Cub Scout winners were: Den 2, Pack 52 in Streu's window, first place; Den 1 Pack 51 in Anthony's window, second place; and Den 1, Pack 52 in the Popular Store window, third place.

Boy Scout winners were: Green Bar Patrol of Troop 50 in Streu Hardware window, first; Apache Patrol of Troop 52 in Hereford Hardware, second and the Flaming Arrow Patrol of Troop 52 in Hereford Shoe Store window, third.

Bob Noyes Son Born

February 10 in Lamesa

Mr. and Mrs. Bob Noyes, Winger Apartments, are the parents of a son, Michael Louis born February 10 at the hospital in Lamesa.

The Noyes moved to Hereford about a month ago from Seagraves. Mrs. Noyes was formerly a nurse in the Lamesa hospital.

Grandparents of Michael Louis are Mr. and Mrs. B. B. Noyes Sr., 222 Ave. C in Hereford, and Dee Blackstock of Lamesa.

Deans Learn Business

BOSTON (AP)—A college dean apparently needs a business education more than ivory tower these days.

Harvard Business School now gives a six day course for college deans — recently attended by 80 deans. The job of dean, the school explained, has become increasingly complex and requires the ability to run a major restaurant-hotel business plus handling many details of an athletic program that may run into the hundreds of thousands of dollars.

Reelfoot Lake in Tennessee was formed when a severe earthquake hit the area in 1811.

The United States and Britain are among the few nations which have not accepted metric measurements—meter, gram, liter.

Tuberculosis causes about 25,000 deaths a year in the United States.

MILLER OLIVER CO.
Extends A Sincere
CONGRATULATIONS
to the entrants of this year's
JUNIOR LIVESTOCK SHOW!
We realize that it took many hours of hard work to get your livestock ready to compete in this year's Junior Livestock Show. We're proud of each of you and are interested in you because many of you will be the Future Farmers of Deaf Smith County, and as farmers you should know about the advantages of using OLIVER Farm Machinery. At this time OLIVER has the only full line of Diesel Tractors on the market—you'll be interested in this, since DIESEL means MORE ECONOMICAL OPERATION FOR YOUR FARM. Drop by and let us give you the facts.

OF HEREFORD

WAKITA CMP FIRE GIRLS Dad and Daughter Banquet was held Saturday night at the Camp Fire Hut with 35 dads and daughters present. F. L. Alexander gave the invocation. Dolly Paetzold gave the welcome and Guy Lawrence gave the response. After a dinner of baked ham, green beans, congealed salad, baked potatoes, ice cream and cake, the Toastmistress, Virginia Witherspoon presented the program. The sextet—Linda Hari, Linda Russell, Nona Marie Strange, Linda Kay Noland, Donna Witherspoon and Jane Bookout - sang. Carolyn Kirby gave a reading and piano selections were presented by Eugenia Alexander. String duets were presented by Dolly Betty Paetzold accompanied by George Paetzold, Ann Caraway and Melba Gay Lawrence. In the ceremonial, Melba Gay Lawrence, Eugenia Alexander and

Patty Howard passed rank. Dolly Jo Prowell, Marcelina Olguin and Mary Lynn Morrison helped in the ceremonial. The banquet closed with a friendship circle. Those present were, front row from left: Jack Renfro, Mary Lynn Morrison, Tom Howard, Pattie Howard, George Paetzold, Clarence Strange, Fernando Olguin and Marcelina Olguin. Second row from left: Ann Caraway, Dolly Prowell, Carolyn Kirby, Linda Russell, Melba Gay Lawrence, Virginia Witherspoon, Dolly Paetzold, Eugenia Alexander, Jane Bookout, Carol Ann Newell, Linda K. Noland, Donna Witherspoon and Linda Hair. Third row from left: H. H. Caraway, Frank Prowell, Jim Kirby, Clyde Russell, Guy Lawrence, J. W. Witherspoon, Bob Wilson, Leon Alexander, Jim Bookout, J. B. Noland, Glenn Witherspoon and W. R. Hair. (Staff Photo)

Ship Sinks Frequently
 BAYONNE, N. J. (U) — The Navy sinks a ship in New York harbor once a month and then brings it up again. It's part of the operation of the Navy school for Salvage Divers at the Bayonne Navy Base. Each time it's a 320-ton LSI (landing ship, infantry), sunk in 20 feet of water.

The student divers aren't told what made the ship sink. They're just told to go down and fix it and get it to the surface again. When everything is shipshape, they pump air into the vessel to refloat it. The cow, camel, yak, water buffalo, ewe, goat and reindeer all furnish milk for human beings.

At The Movies

JAMAICA RUN
 Friday and Saturday at the Star Theatre
 Starring Ray Milland, Arlene Dahl, Wendell Corey, Patric Knowles
 This one includes not only a lot of fast action, but also incorporates a murder plot that would be

enough for a picture all by itself. As it is, the murder merely adds to the overall quality of a good movie.
 Filmed in Technicolor, the beauty of the tropics is brought out at its best.
 Lewis R. Fosterboth wrote the script and directed the picture, and he managed to make it hono- rous enough to keep the script believable, which wasn't too hard to do with such a cast as he had to work with.
CALAMITY JANE
 Sunday and Monday at the Star

Theatre
 Starring Doris Day, Howard Keel, Allyn McLerie, Phil Casey
 Combining the best qualities of a musical and a western, this western musical gallops up and opens the doors for a new high in that type of entertainment.
 Doris Day borrows something of Betty Hutton's excitable comedy and singing style for several numbers, but goes back to her own normally appealing ways for other songs.
 Howard Keel plays the part of Wild Bill Hickok quite capably, and also handles songs in his ro-

bust singing style. The style of the movie accents the laughs and action rather than taking the hokum seriously, which adds to the general enjoyment.
Pretty Traffic Hazards
 SAN PEDRO, Calif. (U) — What traffic officers have suspected as a cause of automobile accidents was confirmed here by a 14-year-old boy. The youth, unidentified, took his mother's car without her permission, then smashed the auto into a parked car, police said.
 The boy's reason for the crack-up—he took his eyes off the road "to look at two good looking girls."

CONGRATULATIONS

Entrants of Hereford's

8th ANNUAL JUNIOR LIVESTOCK SHOW

We know you've worked mighty hard to get those animals ready for the show. And speaking of work . . . someday, you'll have a farm of your own, and that farm will run smoother, with less back breaking labor, if it's run Electrically.

Your Deaf Smith County Electric Cooperative, Inc., is striving to bring modern living to every farm family in this area. Modern homes and appliances operated by electric power, mean more leisure hours for you.

DEAF SMITH COUNTY ELECTRIC COOPERATIVE, INC.

Best Wishes

CLUB MEMBERS

To us, there is no better illustration of the good old American way of life—free enterprise and reward for initiative—than that found right here at home this week—with all of the young people competing in the Junior Livestock Show. Many of you will win prizes; all will benefit.

Many of you who worked equally as hard as the winner will go back home to commence plans to win in next year's competition. Whether your entry is a first place winner or not, you are indeed fortunate in being a member of 4-H and FFA, a young citizen of our United States. You are training yourself to be better qualified as a cattleman or farmer, as a worthy citizen of tomorrow.

Of Course, You

ALWAYS WIN WITH CHEVROLET TRUCKS!!!

DEN MOTHERS received certificates of appreciation at the Cub Scout Blue and Gold Banquet held by Packs 51 and 52 last Thursday night. Kenny Gearn presented the awards to, from left: Mrs. Edgar Skypala, Mrs. C. L. Morris, Mrs. Ansel McDowell, Mrs. Maynard Buck and Mrs. Paul Hoff. Den mothers have the responsibility for each of the weekly meet-

ings of the Cub Scout dens, and are actually responsible for most of the training program. Work is started at the den meeting, then carried out at home with the help of the parents, for Cub Scouting is based on the idea of bringing parents and son closer together. (Staff Photo.)

Grounds Beautification Planned By Garden Club

The Hereford Garden Club held a business meeting in the home of Mrs. R. A. Tynes Friday afternoon with Mrs. M. T. Rutter, president, presiding.

Plans were discussed for the beautification of the grounds of the Protestant Chapel at the Labor Camp, one of the club's major projects of the year.

Plans for the annual District L

convention to be held in Odessa March 29-30, were given consideration, and plans for coming events in the district were discussed.

Tea Served

After the session Mrs. Tynes served tea from a table laid with a maroon cloth and centered with an arrangement of foliage encirc-

ing a single green taper. Those present included: Mesdames Glenn Boardman, O. H. Herring, O. G. Hill, John Jacobson Jr., A. L. Masjeot, E. Ramey, Jack Roberson, M. T. Rutter, S. S. Williams and John Hacker.

Bigger Licenses Ordered

HARTFORD, Conn. (AP) — Automobile license numbers are getting bigger in Connecticut. Four digits used in combination with letters did the trick until recently. All possible combinations have been exhausted, however, and the state has had to go to five digits.

Alvin Williams Qualifies For Air-Cadet Training

Alvin L. Williams Jr., son of Mr. and Mrs. Alvin L. Williams, has successfully qualified for Aviation Cadet Training as a pilot with the United States Air Force.

Alvin, who graduated from Hereford High School in 1951, is presently enrolled in Southwestern Bible Institute.

He will report to Lackland Air

Force Base in the near future to begin his pre-flight training leading to a commission as second lieutenant in the Air Force Reserve and the silver wings of a pilot.

Window Gazing Class

MALDEN, Mass. (AP) — At Malden High School pupils can earn diploma credits by gazing but the window. The meteorology class encourages the window gazing for gathering weather data.

TIMELY TIPS

1. Are all the members of your family getting needed food value from the first meal of the day?
2. For economical well-balanced meal planning, include some plant protein as well as animal protein in each meal.

There were 305,000 marriages in France in 1953, a drop of 8,000 from the previous year.

Riley Blake Stationed At Pensacola Air Station

Riley N. Blake, son of Mr. and Mrs. Riley E. Blake, was among the men who recently reported at the U. S. Naval Air Station in Pensacola, Fla.

Blake, who received his recruit training at the U. S. Naval Training Center at San Diego, Calif., was previously assigned to the U. S. Navy School of Aviation Medicine.

Before entering the Navy, he graduated from Berger High School.

Catch Was Mistake

YAKIMA (AP) — Jerry Miller almost 11, and his brother, Donald E. Miller, Jr., 12, were playing catch with a yellow-headed thumb-tack. Just as Donald tossed the tack, Jerry laughed. The tack smacked into Jerry's mouth, stuck in his throat. He had to have a doctor take it out.

You'll Enjoy A New Home As Long As You Live

WELCOME FOLKS

to the big

8th ANNUAL JUNIOR LIVESTOCK SHOW

FRIDAY AND SATURDAY FEBRUARY 19th-20th

This event, we consider one of the most important of the year, and we are happy to observe the tremendous growth in popularity of the stock show. Congratulations to each Boy and Girl who has a project entered: through experience, we know that you

have worked hard — and most important, the effort will be rewarded not only this week-end, but in the years to follow. It takes Know-How to do the right kind of a job, and these boys and girls have the Know-How.

SONDRA BRUMLEY WAS HONORED with a birthday party and a theatre party February 13. Sondra, 11, daughter of Mr. and Mrs. Roger Brumley, 609 West Third Street, has a birthday February 16, and her sister, Jani Sue Brumley, has a birthday February 15. Both girls celebrated their birthdays Saturday. Cake, punch and ice cream were served.

and chocolate heart favors were given to each of the guests. Those present at Sondra's party were, from left; Linda Edwards, Mary Lois Coker, Lu Anne Higgins, Sandra Frank, Sondra Brumley, Nina Mae Gregg, Zell Crump, Judith Raye Haseliff, Linda Witherspoon and Nancy Poyner. (Staff Photo)

Whittler-Funk Match Will Top Double Main Event Saturday

Dory Funk, the blond cowboy from Flying Mare Ranch who sets a new "endurance record" every day as the long-time holder of the Southwest States junior heavy-weight wrestling championship, is not giving Whitey Whittler a shot at the title this week, but they're wrestling in the main event at Hereford's "Bull Barn" Saturday night.

It shapes up as one of the more vigorously fought battles in a long time.

Whittler, equally blond and with more hair than most wrestlers possess, has been working diligently for a title match with Funk, but Dory holds him off. Should the well-built Dutchman from East St. Louis make a creditable showing against Funk here Saturday night, acceptance of a championship challenge could hardly be turned aside by the incumbent.

Iron Man
Pipe-smoking, dead-serious Whittler, the "iron man" of wrestling for more reasons than one, would certainly like to hold the title for a while, at least. The former iron worker who still holds a card in the heavy work union is a bad-tempered guy who goes all out every time he sets foot in the ring.

The Whittler-Funk match tops off a double main event at Hereford Saturday night. It runs for two out of three falls or to a one-hour time limit, same as the first event which will serve to introduce a newcomer to the Southwest States territory.

Said newcomer is Ricki Starr, a real star in the wrestling world, and a potential holder of the world's 200-pound title—if he can ever catch the champion. Starr comes from St. Louis; he's youngish, handsome, very popular in most parts of the United States. He tries to wrestle "clean," but can get rough when necessary. It may get necessary when he fights rambunctious Benny Trudell of Montreal, Canada, in the first section of Saturday night's twin feature.

Stung in Card Game
ASOA, Conn. — City Clerk Paul E. Schumacher reached into his pocket for his handkerchief during a card game. He felt a sharp jab on his index finger. A wasp had got into his pocket.

North Carolina estimates it has about 9,250,000 laying hens.

South Dakota produced 134,324 fine ounces of silver valued at \$121,570 in 1953.

The British imperial gallon is a pint more than the American gallon.

Bright northern lights can illuminate the earth about half as much as a full moon.

South Dakota produced 134,324 fine ounces of silver valued at \$121,570 in 1953.

Much Praise Is Due the Entrants of Hereford's

8th ANNUAL JUNIOR LIVESTOCK SHOW

Whether your project will win the coveted first prize or not, we are fully aware of the months of diligent, scientific care, and just plain hard work, necessary to prepare a creditable animal for show.

Because of this training we are positive that throughout life you will apply what you have learned, whatever field, and be a better member of a progressive community.

New Water Laws Coming In Texas, Judge States

"Why can't we, as intelligent men, devise some means of handling drainage, pollution, retention, irrigation, flood, erosion, impounding, distribution and other water problems?"

Judge Mallory B. Blair of Austin, former member of the state Court of Civil Appeals and of the German war crimes trials, posed that question as principal speaker during the Irrigation Service and Suppliers Short Course held at Texas A. and M. College February 11-12.

Judge Blair said that water laws in Texas are based on the old Spanish law which stemmed from Roman law, and are embellished by the Common Law such as that of England. "In Texas we are establishing a legal system based on the reasonable use of water," he said.

Basic Rights

Basic rights to water usage, in order of recognition by the courts, he said, are public, public utility and private. For a working definition of right, these are the priority ratings for water use: Domestic and municipal; industrial irrigation (formerly considered a part of 'domestic' usage); mining and

the recovery of metals; hydroelectric power; recreation, and pleasure.

In welcoming the irrigation group to the campus, Dr. M. T. Harrington, chancellor of the A. and M. College System, said "A. and M. College is vitally interested in the water problem and is conducting an intensive study in this field."

Speaking on ground water resources of the state, A. L. Broadhurst, chief hydrologist, Hi-Plains Under-ground Water Conservation District, Lubbock, said, "I don't know a single ground-water supply or reservoir that has been exhausted or even seriously depleted during the past five years."

"I still believe that the ground-water reservoir of Texas is one of

Other speakers during the two-day short course were Henry M. Seipt, assistant area engineer, Hi-Plains Under-ground Water Conservation District, Lubbock; Robert V. Thurmond, associate county agent for irrigation, Lubbock; H. B. Collett of Stewart & Stevenson Services, Inc., Houston;

E. R. Lemon, agent soil scientist, U.S.D.A., Agricultural Research Service; Morris E. Bloodworth, assistant agricultural engineer, Texas Agricultural Experiment Station; Dr. M. O. Trogdon, agronomist with Mathieson Chemical Corp., Houston; Clint H. Bracher, irrigation engineer, Able Construction Company, Uvalde;

Bruce N. Spencer Jr., vice-president, Gifford-Hill-Eastern, Inc., Lubbock; R. C. Barnes Jr., engineer, U.S.D.A., Soil Conservation Service, Temple; Lee Delf, manager, Southwest Equipment Company, Dallas;

Frank Hughes, agricultural economist, U.S.D.A., Agricultural Research Service, College Station; Charles Richter, U.S.D.A., Farmers Home Administration, Dallas, and Stephen D. Martin, engineer appraiser, Federal Land Bank, Houston.

COSTUME WINNERS at the Jaycee-Eltes "Kid Party" Wednesday night included, from left: Jack Mitchell, first place in the "boys" division, Mrs. Don Fudge, first in the "girls," and Mrs. Bill Williams, second; and Melvin Young, who won second place in the "boys" division. (Photo Courtesy Harold Loerwald.)

Things are beginning to roll. They will get better and better. I admit that 1954 got off to a slow start, but it is getting ready to pick up. After all, it's a lot better to start at the bottom and work your way up than to start at the top and wind up on the bottom.

The duststorm last week-end was a good indication. It was like old times when we made the big crops. Remember? High winds are a distinctive part of this country and, since we broke it out into farm-

ing lands, these high winds are naturally going to create some dusts. We may not like it, but we had just as well admit it. When we don't have high winds, things just aren't natural. Consequently, the yields will be affected. I think we will have quite a few dusts in March. It's part of the 1954 pattern. We will also have some rains. Any time now. We are swinging into the rainy season. I was talking with Frank Bezner the other morning and he says we have had a "wet moon" for several days.

It could happen maybe this week-end. Maybe next week — or the next. This will be wonderful. Just right for a wheat crop. It will be the first in a long, long time. We sure can use it, too.

By the grapevine, I also hear that another old timer broke over and joined my crusade for "more in '54". None other than Matt Gilliland. He hasn't admitted it, but proves it by his actions. He is building a big dyke around his property. This would also be a good idea for those stores in the Park Avenue shopping center. Now is the time to fix the roof.

Another indication is the fact that I won a basket of free groceries at the Piggly-Wiggly 12th anniversary sale. To my knowledge, this is the first time I ever won anything for free. I thought Lem and Gaylord were kidding, but it was really true. Usually my wife is the lucky one. I started not to even sign up, then remembered that this was 1954—and decided to test the deal. My wife also says that this beating Phillips and winning the district championship in basketball is a big hoax. She says I was talking about football—and she knows it. However, I didn't say football—so she can't prove it. Even if I did, I wouldn't admit it. No one will ever know for sure—except me—and I sure wouldn't admit it, even if it were true. Would you?

And another thing, Mr. Piggly-Wiggly Newell forgot to put any coffee in my free basket. Lots and lots of stuff. All good. Mighty fine. I thank you, I really do. Winning something for free marks a new era in my life, but I am tired of drinking this Sanka stuff—and he didn't offer to give me green stamps with the groceries, either. Even when you win, you haven't got a chance.

Had a nice little note from Naomi Hopson. She says: "Please don't change the heading on the Bull Column. I think it is quite appropriate. However, I liked the skinny bull you had before. You could change back to the skinny one." Mrs. Charles Jewell also says that she likes it fine. As is! However, if enough people protest, she says she will help do a new one. It is beginning to look as if Doc Kirby missed the boat. He is the only one yet who protested the

present heading.

Hereford is about to head into a new era of prosperity, according to Frank A. Gyles, Jr. The deal is scientific egg production—and he figures it will bring more money into the country than lettuce and potatoes and wheat and cotton. Offhand, you'd figure that chickens knew more about laying eggs than any other creature. This is all wrong. The chicken really knows very little about it, she merely follows the dictates of nature. If you are going to pay any attention to this nature business, you are wrong again. Nature had people walking everywhere, until man came along and invented the automobile. The same thing is happening to eggs. They are not exactly ruling the hen clear out of the picture. They are merely teaching her how to lay scientifically. They call them "caged eggs."

Well, sir, Joe Kendall and Red Hagan have under construction, right now, a big 1,000-cage deal just west of the drive-in on U. S. 60. The shed is 24 feet by 152 feet and is known as a "laying center". They already have the baby chicks bought and will raise their own to insure good luck. These chickens are vaccinated three times before being placed on the assembly line, which will be within some four to five months. When they go into production, they will be placed in a special 12-by-18-inch cage in the laying center. This cage will have a full wire bottom—and a special chute down which the eggs will roll immediately after they have been laid. This is important, too. Did you ever stop to think that when a chicken lays an egg the body temperature is around 107 degrees? What happens? The egg starts to cool, then comes another unscientific hen and sits down to lay an egg of her own. She immediately brings the temperature back up to 107 on the first egg.

Joe and Red will feed their pullets a balanced diet (an egg, after all, is only what a chicken eats) and any time this chicken drops below the 50 percent production mark for a short period, she goes in the pot; 200 pullets will be added at regular intervals to control the age of these scientific egg makers.

These new-fangled eggs will, incidentally, look better, taste better and contain a nice variety of minerals and vitamins. They are pale yellow. Like most assembly lines, it takes a long time to get started. However, once underway, you merely have to feed and water the pullets—and gather up the eggs. Actually, they may have something. I remember when folks used to go out into the barnyard and hook a young fryer with a forked wire. No more. Most of the chickens eaten by the American public today are battery fed for balanced production. Along the same line, the broad-breasted turkeys have just about replaced their ancestors. These boys might have something on this egg business, too. Just think of the potential market. Amarillo will use 100,000 eggs a day, while the surrounding towns will jump the total to something like a quarter of a million a day. Much of this supply is being shipped in from other areas.

Jim Whelan was just in and reported that he has sold his filling station to Mutt Wheeler. Mutt sold his barber shop recently when his eyes began giving him trouble. However, his wife put him to working doing chores around the house—and it only took a few days for him to decide that something had to be done. He really bought the station to get out of the chores. Jim also figures "on taking things easy for a while, but he won't last long. These old boys who figure their wives have a snap soon find out different. There's only one thing worse. That's peddling brooms."

Virgil Dodson sure threw me a curve the other day. He has been mentioned for every office in the book—and when I saw him Monday, I figured he was in to announce. He only wanted to leave a copy of the new Underground Water Conservation book. Some new laws have been passed, according to Virgil, and the High Plains District may have to file some charges toward enforcement. The book covers "Rules Governing Waste of Underground Water" and rules regarding spacing of new wells. Virgil has several of these booklets, he left some at the Farm Bureau office or they can be secured from the Lubbock office.

Virgil is a regional director in the water district and he says every irrigation farmer should "wise up" to save future trouble. He also says the district will make an effort to get through a federal loan program for installation of underground concrete pipe. They will ask for a loan—not a grant—to be repaid on a five year basis. It will probably be a lot like the loan set-up on granaries a few years back.

See you at the big Rotary-sponsored Junior Livestock Show Friday and Saturday. Call Ernest Wade if you want in the parade. He got a couple of "late" calls—and has decided that the daytime is fine. Just fine. Also the Campfire Girls want a plug on their food concessions. They have been working hard and they ex-

pect to sell a thousand or two hamburgers. Don't let them down. They will also have plenty of homemade pie, along with coffee, pop, and candy bars. The Rotarians are doing a wonderful, wonderful job. They sure deserve plenty of credit. Let's tell them so—in person, Friday and Saturday.

Although the average American spent about 27 per cent of his income on food in 1953, he would have spent only about 18 per cent if he bought the same types and amounts of items he bought in 1939.

Flinds Operation Fun
NORTH HOLLYWOOD, Calif. (AP)—Most patients enter a hospital surgery room with anxiety, even with fear.

Not so, Wallace R. Stark. He wore a grin, clowning with the nurses and prepared for post-surgery cartoon drawing—for profit.

An artist, he drew nearly 200 cartoons, all depicting in light vein the daily routine in a hospital.

The sketches were so well liked that they were published in book form under the title, "Don't Bust Your Stitches."

Less than 2 per cent of the land in the United States is used for urban industry and homes.

LAST YEAR Jack Acker of Nazareth showed this Hereford steer which took first place in the Heavy Calves division of the Junior Livestock and Poultry Show, then went on to win the Grand Champions trophy. Jack, who has 8 years in the 4-H work last year, the son of Mr. and Mrs. Jacob Acker. The steer weighed 870 pounds. At auction, the animal brought 56 cents a pound, a total price of \$487.20 for the young owner. (Staff Photo).

Youngsters Getting Ready To Show Animals, Poultry

Even though there will not be any swine shown at the Junior Livestock and Poultry Show this year because of an outbreak of hog disease, there are a large number of entries in the show.

The youngsters are grooming their calves, making sure that sheep will look their best, and worrying over chickens which they feel will have a chance at winning a trophy in the show.

CALVES

Two calves will be entered in the Junior Livestock Show by Jamie Clearman, 15, son of Mr. and Mrs. J. C. Clearman, Summerfield. Jamie, a sophomore in Hereford High School, has spent six years in 4-H and FFA work. Other animals raised in this work are five calves. He won first, second, fourth and sixth places in recent livestock shows. Bill Stanford is his FFA teacher and Hugh Clearman is his 4-H advisor.

Don Parsons, 17, son of Mr. and Mrs. T. J. Parsons, will enter two calves in the livestock show. Don, a sophomore in Hereford High School, has been in 4-H work for eight years. Don's 4-H advisor is Hugh Clearman.

Larry Kaul, 16, son of Mr. and Mrs. M. C. Kaul, will enter a Hereford calf in the livestock show. Larry, a junior in Hereford High School, has been in 4-H work for seven years. Other animals raised in this work are calves, sheep and pigs. He has won the Leadership and Gold Star Awards in previous years. Hugh Clearman is his 4-H advisor.

Wilson Tatum, 14, son of Mr. and Mrs. Ellis Tatum of Black, will enter one Hereford calf in the livestock show. Weldon is a student in the eighth grade and has been in 4-H work for six years. During this time he has raised eight calves. He had two grand champion calves in Albany in previous years. Hugh Clearman is his 4-H advisor.

Charles Springer, 17, son of W. A. Springer, Hereford Star Route, is planning to enter two calves in the show this year. Now a junior in high school, Charles has raised 16 calves during six years in 4-H work. He had a grand champion calf in 1949, and a reserve

champion in 1953, working under County Agent Hugh Clearman.

Woodrow Northcutt, 15, son of B. B. Northcutt, has four years in 4-H work, though he is only in the 9th grade in school. He is showing one Hereford calf this year, and has raised two other Herefords while training under County Agent Hugh Clearman.

Jimmy Northcutt, 17, another son of B. B. Northcutt is now a senior in school, with seven years of 4-H work to his credit, he has raised five Hereford calves, and won leadership and recreation awards in other phases of 4-H work. This year he is entering one Hereford calf in the show.

One Hereford steer will be entered in the Junior Livestock Show by Kenneth Clearman, 13, son of Mr. and Mrs. J. C. Clearman of Summerfield. Kenneth, who is in the seventh grade, has been in 4-H work for three years. Hugh Clearman is his 4-H advisor.

Three calves will be entered in the Junior Livestock and Poultry Show by Steven Slagle, 13, son of Mr. and Mrs. Sylvester Slagle. Steven, who is in the seventh grade, has been in 4-H work for four years and has raised 12 calves, one sheep and one hog in this time. Hugh Clearman is his 4-H advisor.

POULTRY

Fourteen White Cornish and White Rock chickens will be entered in the Poultry Show by Ronald Kershen, 16, son of Mr. and Mrs. Andrew Kershen, Route 5. Ronald, a junior in Hereford High School, has been in 4-H work for six years and two years in FFA work. Other animals raised in 4-H and FFA work are six pigs and

chickens. He won second and third awards in pigs and champion bird of the show in 1948. Ronald's FFA teacher is W. J. Stanford and Hugh Clearman is his 4-H advisor.

Three White Leghorns will be entered in the poultry show by Beatrice Wilhelm, 11, daughter of Mr. and Mrs. Ray Wilhelm. Beatrice is in the fifth grade and in her first year in 4-H work. Mrs. Ira Ott is her 4-H leader.

Cecelia Wilhelm, 9, daughter of Mr. and Mrs. Ray Wilhelm, will enter three White Leghorns in the poultry show. Cecelia, who is in the third grade, is in her first year in 4-H work. Mrs. Ira Ott is Cecelia's leader.

Maxine Wiseman, 10, daughter of Mr. and Mrs. M. H. Wiseman, will enter three White Leghorns in the poultry show. Maxie, who is in the sixth grade, has been working in 4-H two years. Mrs. Ed Dziuk is her leader.

Five White Leghorns and New Hampshire will be entered in the poultry show by Nancy Parsons, 12, daughter of Mr. and Mrs. T. J. Parsons. Nancy, who is in the sixth grade, has been in 4-H work for five years. In 1951 she had the champion cock of the show and the champion parti-colored hen; in 1952 she had the champion bird of the show and in 1953 the champion parti-colored cock. Mrs. Ed Dziuk is Nancy's leader.

Janet Higgins, 11, daughter of Mr. and Mrs. Wayne Higgins of Wildorado, will enter five New Hampshire chickens in the poultry show. Janet, who is in the sixth grade, has been in 4-H for three years. In 1952 she won fourth place with a New Hampshire cockerel. Loyce Avant is her 4-H leader.

Drew Kershen, 9, son of Mr. and Mrs. Andrew Kershen, will enter four Anconas and White Wyandottes in the poultry show. Drew is in the third grade and has been in 4-H work for one year. Hugh Clearman is his 4-H advisor.

One White Rock will be entered in the poultry show by George Heard, 13, son of Mr. and Mrs. George Heard. George, who is in the eighth grade, has been in 4-H work for one year. In 1953 he had the champion solid pullet and champion female bird of the show. His leader is Hugh L. Clearman.

Gary Guseman, 12, son of Mr. and Mrs. Don Guseman, will enter three Buff Orpington chickens in the poultry show. Gary is in the seventh grade and has been in 4-H work for one year. Hugh L. Clearman is Gary's 4-H advisor.

Three Buff Orpington chickens will be entered in the poultry show by Donna S. Guseman, 14, daughter of Mr. and Mrs. Don Guseman. Donna, who is in the eighth grade, has been in 4-H work for three years. Mrs. Charles Buck is her 4-H leader.

Ann Dyer, 16, daughter of Mr. and Mrs. J. C. Dyer, will enter 14 New Hampshire and Barred Rock chickens in the poultry show. Ann, a junior in Hereford High School, has been in 4-H work for six years and FFA work for two years. Other birds raised in her work were ducks and geese. She won first place with Barred Rock Old pen and first Barred Rock Pullet in 1951, in 1952 she had the champion parti-colored hen and in 1953 she won first place in Barred Rock Young pen and first place in Barred Rock pullet. Miss Loyce Avant is her 4-H leader.

Twelve chickens will be entered in the poultry show by Paula Corbett, 16, daughter of Mr. and Mrs. Paul S. Corbett. Paula, a sophomore in Hereford High School, has been in 4-H for five years and FFA for two years. In 1951 she had the champion parti-colored hen, in 1952 first place with a Buff Orpington pullet and first place with a Buff Orpington cockerel and in 1953 first place with a New Hampshire hen. Mrs. M. W. Summer is her 4-H leader.

Fern Coursey, 10, daughter of Mr. and Mrs. R. W. Coursey, will enter three White Leghorns in the poultry show. Fern is in the fourth grade and has been in 4-H work for one year. Hugh Clearman is her 4-H advisor.

Camp Fire Girls Have Concession Stand

Camp Fire girls and their leaders are planning on two days during which they will have food for the hungry at the Junior livestock and poultry show.

Starting at 8 o'clock Friday morning, the concession stand will have hot coffee, soda pop, popcorn, candy, and home made pie. During the luncheon period that day, which will be from 11 o'clock in the morning until two in the afternoon, there will be hot ham-

burgers ready to serve to those who wish to eat on the grounds.

Saturday Luncheon Plate
Saturday morning the same line of soft drinks and the various edibles will also be available, but at 11:30 o'clock the concession stand will begin serving a special plate, which will consist of a hot hamburger, red beans, potato chips, pickles and onions, home made pie, and a choice of drink, all for \$1.

Exhibitors in the show will receive a meal ticket, courtesy of the Hereford Rotary Club, and all Rotary Club members are supposed to eat at the concession stand Saturday, instead of meeting next Monday at Hotel Jim Hill.

Saturday Night
The Camp Fire organization will also have the concession stand at the wrestling match Saturday night. Mrs. Urlin Stree's Horizon Club girls will have charge of the

concession. Mrs. Homer Brumley is general chairman for the concession stand.

Members of the Camp Fire Council who are working on the concession stand project include Mrs. S. S. Williams as general pie chairman, who has promised that all pies will be either two-crust fruit pies or pecan pies; Mrs. F. L. Alexander as general treasurer; and Mrs. Jimmie Gillentine as

4-H Girls Taking Up Study Of Bread Making

Most of the 4-H Girls Clubs have completed election of officers and are beginning a program on bread making under the direction of Miss Loyce Avant, assistant Home Demonstration Agent. The girls will use Master Mix as a basis for biscuits, muffins, and cornbread. Clubs sending in reports this week are:

CAPROCK 4-H
Miss Avant demonstrated the making of biscuits from Master Mix to members of the Caprock 4-H Club who met with Etta Ray Blacklock on February 3.

Several games were played. Cynthia Kramer presided in the absence of the president and vice-president.

Members present were: Cynthia and Kathleen Kramer, Phyllis Peters, Glenda Homfeld, Regina Edwards, Janice Taylor, the leader, Mrs. C. F. Homfeld, Mrs. Marion Ferguson and the hostess, Etta Ray Blacklock and her mother.

WALCOTT 4-H
The Walcott 4-H met February 5. Officers elected were: Donna Sue Guseman, president; Patricia Grider, vice-president; Merry Kay Fruit, secretary-treasurer; Royce Lee Fruit, reporter; Carol McClure, drill leader; Janell Weaver, song leader; Margaret Burrus, food demonstrator; Ertle Walker, clothing demonstrator; Merry Kay Fruit, poultry demonstrator.

A film was shown by Miss Avant. The film was, "Keeping A Record Book."

The president will appoint the committees at the next meeting. Members present were: Donna Guseman, Patricia Grider, Merry Kay Fruit, Royce Lee Fruit, Carol McClure, Janell Weaver, Margaret Burrus, Sharon Alexander, Faealine Cole, Hazel Lewis, Barbara Neinaest and Margo Roubison. Visitors present were Mrs. Hershel Burrus and Mary Alice. Leaders present were Miss Avant and

Music Appreciation Program Is Given At Sims Study Club
Mrs. C. H. Hammock was hostess to a noon luncheon for the Sims Study Club on February 4. The afternoon's program was by Mrs. Paul Lyons and entitled "Music Appreciation". Mrs. Lyons gave a short description of the New York theaters along Broadway.

"The most surprising thing to me," said Mrs. Lyons, "was the smallest of these theaters—not at all as you would expect. We felt privileged to stand for 2½ hours to view 'South Pacific' for at this time seats were a very rare gift."

Mary Martin and Enzo Pinza were still carrying the leading roles at this time. The story, written by Richard Rogers and Oscar Hammerstein was told, then each musical selection was played in its direct order. Questions were asked and answered during the program.

Those at the meeting were: Mrs. O. A. Alexander, M. W. Blankenship, C. L. Bozle, A. J. Ashburn, James Cavin, Jimmie and Jan; J. A. Crofford, C. W. Edwards; E. A. Edwards and Pam; M. A. Ferguson and Ina Sue; H. G. Hetzler; C. R. Hollabough and granddaughter; S. L. Kingry; Paul Lyons and Robert; R. L. Pinnell; Haley Shaw and Johnnie; guests Mrs. D. L. Edwards, Miss Bea Barrett of Hereford and the hostess, Mrs. Cord Hammock.

RUN DOWN... DOG TIRED?
These symptoms if due to a vitamin deficiency occur only when daily intake of vitamins B₁, B₂, and nicotin is less than minimum daily requirements over a prolonged period. In this instance, they do not prove a dietary deficiency as they may have other causes or be due to functional lesions.

Special Formula supplies iron you may need for Rich Red Blood
Do you feel run down, nervous or depressed? Lost your appetite, constipated—bothered by digestive upset? You may be suffering from iron-and-vitamin starvation over a prolonged period. BEXEL, the Special High-Potency Formula supplies supplementary quantities of iron for rich red blood and quick vitalizing energy. Each BEXEL capsule gives you 5 times the daily minimum requirements of blood-building iron; more than the daily minimum of all essential B-vitamins; plus Vitamin B₁₂ and trace minerals. Get wonderful new pep and energy with BEXEL—now available at all drug stores.

LESS THAN 64 A DAY! HIGH POTENCY BEXEL SPECIAL FORMULA CAPSULES
MADE AND GUARANTEED BY McNESSON & ROBINSON, Bridgeport, Conn.

Mrs. Charlie Burk.

JOLLY GIRLS
The Jolly Girls met in the home of Anna Dyer on February 11. Six members were present and received new year books.

The program was Master Mix Biscuits were made and the Poultry Show discussed. The next meeting will be with Nancy Jean Fortenberry on February 25 at 5:00 o'clock.

Camp Fire Council Plans Concession At Livestock Show
Thirteen members of Camp Fire Leaders Council attended the regular monthly meeting Friday morning at the Camp Fire Hut. Plans were made for Camp Fire Girls to be in charge of food and drink concessions at the Junior Livestock Show to be held in Hereford soon.

Plans were discussed for the family night-party to be held in connection with annual Camp Fire Birthday Week scheduled for March.

Those attending were Mesdames O. H. Herring, Howard Beasley, S. S. Williams, J. W. Witherspoon, F. L. Alexander, Clinton Jackson, B. B. Jackson, H. H. Caraway, Wesley Brown, W. D. Jones, Jack Winget, Homer Brumley and Jimmie Gillentine.

Valentine Party Held By Young Mothers Club
Members of Young Mother's Study Club entertained husbands at a Valentine party given at the Jaycee Clubhouse Friday evening. Arrangements for the buffet supper carried out the Valentine theme with red hearts and lacy Valentines bearing traditional love messages.

Following the supper, games of Bingo provided entertainment. Those attending were Messrs. and Mesdames Tommy Hulsey, Rex Lee, L. H. Lookingbill, John Winkler, H. A. Cavness, Earl Stagner, Bill Bradley, Gerald Hale, Steve Clements, Gwynn Owen, Hugh Clearman, and Mrs. W. B. Dowell.

The next regular meeting will be held in the home of Mrs. Bill Lawrence on March 2 instead of Mrs. H. A. Cavness as listed in yearbooks.

Garden Club Officials Visited By Mrs. Manjeot
Mrs. A. L. Manjeot has returned from a business trip to Lubbock, Odessa and Brownfield where she conferred with District 1, Texas Garden Clubs Inc., officials.

Mrs. Manjeot, governor of District 1, assisted in making plans for a short course to be held in May while she was in Lubbock, and outlines were discussed for the revision of the book "Planting for the High Plains" which was published in 1946, and which will again be offered for sale.

In Odessa she met with the general chairman of the district convention, Mrs. B. L. Craig, to make plans for the convention to be held in March, and in Brownfield she was guest speaker at a luncheon held by the Brownfield Garden Club. Mrs. Manjeot spoke on "The Value of Federation."

CARD OF THANKS
I want to take this method of thanking the people of Hereford for the nice cards and letters that were sent during my daughters illness in Tucson, Ariz.
Mr. and Mrs. L. H. Lane

Family Report
OAKLAND, Calif. (AP)—Mrs. Marie Peterso was embarrassed to lose her purse, containing \$76, in a movie theater when she was more red-faced when she had to make a report to Deputy Sheriff Keith Peterson, her husband.

Stop Taking Harsh Drugs for Constipation
Avoid Intestinal Upset! Get Relief This Gentle Vegetable Laxative Way!
For constipation, never take harsh drugs. They cause brutal cramps and griping, disrupt normal bowel action, make repeated doses seem needed.

When you are temporarily constipated, get sure but gentle relief—without salts, without harsh drugs. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsin. The extract of Senna in Dr. Caldwell's is one of the finest natural laxatives known to medicine.

Dr. Caldwell's Senna Laxative tastes good, gives gentle, comfortable, satisfying relief of temporary constipation for every member of the family. Helps you get "on schedule" without repeated doses. Even relieves stomach sourness that constipation often brings.

Buy Dr. Caldwell's. Money back if not satisfied. Mail bottle to Box 280, New York 18, N. Y.

Needs Of Church Told At Mary Marthe Class
Mary Marthe Class of the First Methodist Church was entertained at a social meeting at the home of Mrs. T. W. Alderson Friday afternoon. Mrs. C. R. Logan, president, presided over the business meeting.

Mrs. Price Prather gave the devotional lesson on "The Need of the Church." Mrs. Ross Fuller read a poem on related needs of the church.

Refreshments were served to Mesdames F. L. Terrell, C. R. Logan, H. E. Henslee, J. H. Lomas, J. C. Cummings, E. U. Cook, Price Prather, R. L. Dowell, E. C. Eubank, C. E. Drury, Lee Curry and Ross Fuller.

The next meeting will be held with Mrs. E. U. Cook on March 12.

Camp Fire..

chairman of soft drinks and candy. Camp Fire girls will be on duty at the concession stand Friday after school lets out, and all day Saturday.

Bluebirds, who are too young to work in the concession stand, will ride on a float in the parade Saturday morning.

Youngsters..
(Continued from Page 1)
enter three Black Langshan bantams in the poultry show. Fern, who is a student in the fifth grade in Vega, has been in 4-H work for two years. Her 4-H adult leader is Mrs. J. E. Dyer.

Freda Inman, 14, daughter of Mr. and Mrs. Fred Inman, will enter five White Rock chickens in the poultry show. Freda, a freshman in Hereford High School, has been in 4-H work for five years. Her adult leaders are Mrs. Paul Corbett and Mrs. M. W. Sumner.

Five New Hampshire Reds will be entered in the poultry show by Dora Ruth Inman, 15, daughter of Mr. and Mrs. Fred Inman. Dora Ruth, a sophomore in Hereford

LAMBS
Two lambs will be entered in the livestock show by Pete Plank, 13, son of Mr. and Mrs. Earl Plank. Pete is in the seventh grade and has been in 4-H work for four years. He previously won a fifth place award on lambs in Amarillo. Hugh Clearman is Pete's 4-H advisor.

Dick Plank, 8, son of Mr. and Mrs. Earl Plank, will enter two lambs in the live stock show. Dick, a student in the third grade, has been in 4-H work for two years. His 4-H advisor is Hugh Clearman.

One lamb will be entered in the Junior Livestock and Poultry show by Paul Drager, 7, son of Mr. and Mrs. Abraham Drager. Paul, who is in the first grade, is also in his first year in 4-H work. Hugh Clearman is Paul's 4-H advisor.

Buddy Bob Campbell, 12, son of Roberta Campbell, will enter a lamb and a Leghorn Rooster in the Junior Livestock and Poultry Show. Buddy Bob, who is in the sixth grade, has been in 4-H work for four years. Other animals and birds raised in 4-H work are three lambs and two turkeys. He won two first place awards with turkeys and eight place ribbon on lambs previously. Hugh Clearman is his 4-H advisor.

David Drager, 11, son of Mr. and Mrs. Abraham Drager, will enter one head of sheep in the livestock show. David, who is in the fourth grade, is in his second year in 4-H work. Hugh Clearman is his 4-H advisor.

One lamb will be entered by Richard Hagar, 17, son of Mr. and Mrs. G. B. Hagar, Route 1. Richard has spent three years in FFA work and is a junior in Hereford High School. Other animals raised in FFA work are: one lamb, two gilts and 17 pigs for pork production. He won second place in the lamb division and first and second in Ducoc hog division. His FFA instructor is W. J. Stanford.

Jimmie Burkett, 16, son of Mr. and Mrs. J. D. Burkett, 331 East Second Street, will enter two lambs in the Junior Livestock Show. Jimmie, a sophomore in Hereford High School, has been in FFA work for

three years. Other animals raised by Jimmie in FFA work are six ewes and one buck. His FFA instructor is W. J. Stanford.

Jack Hagar, 16, son of Mr. and Mrs. Carroll Hagar, Route 1, will enter two lambs and capons in the Junior Livestock and Poultry Show. He is a sophomore in Hereford High School and has been in FFA and 4-H work for two years. Other animals raised are: two

lambs, chickens, and a calf. He previously won eighth place in the lamb division. Jack's FFA instructor is W. J. Stanford.

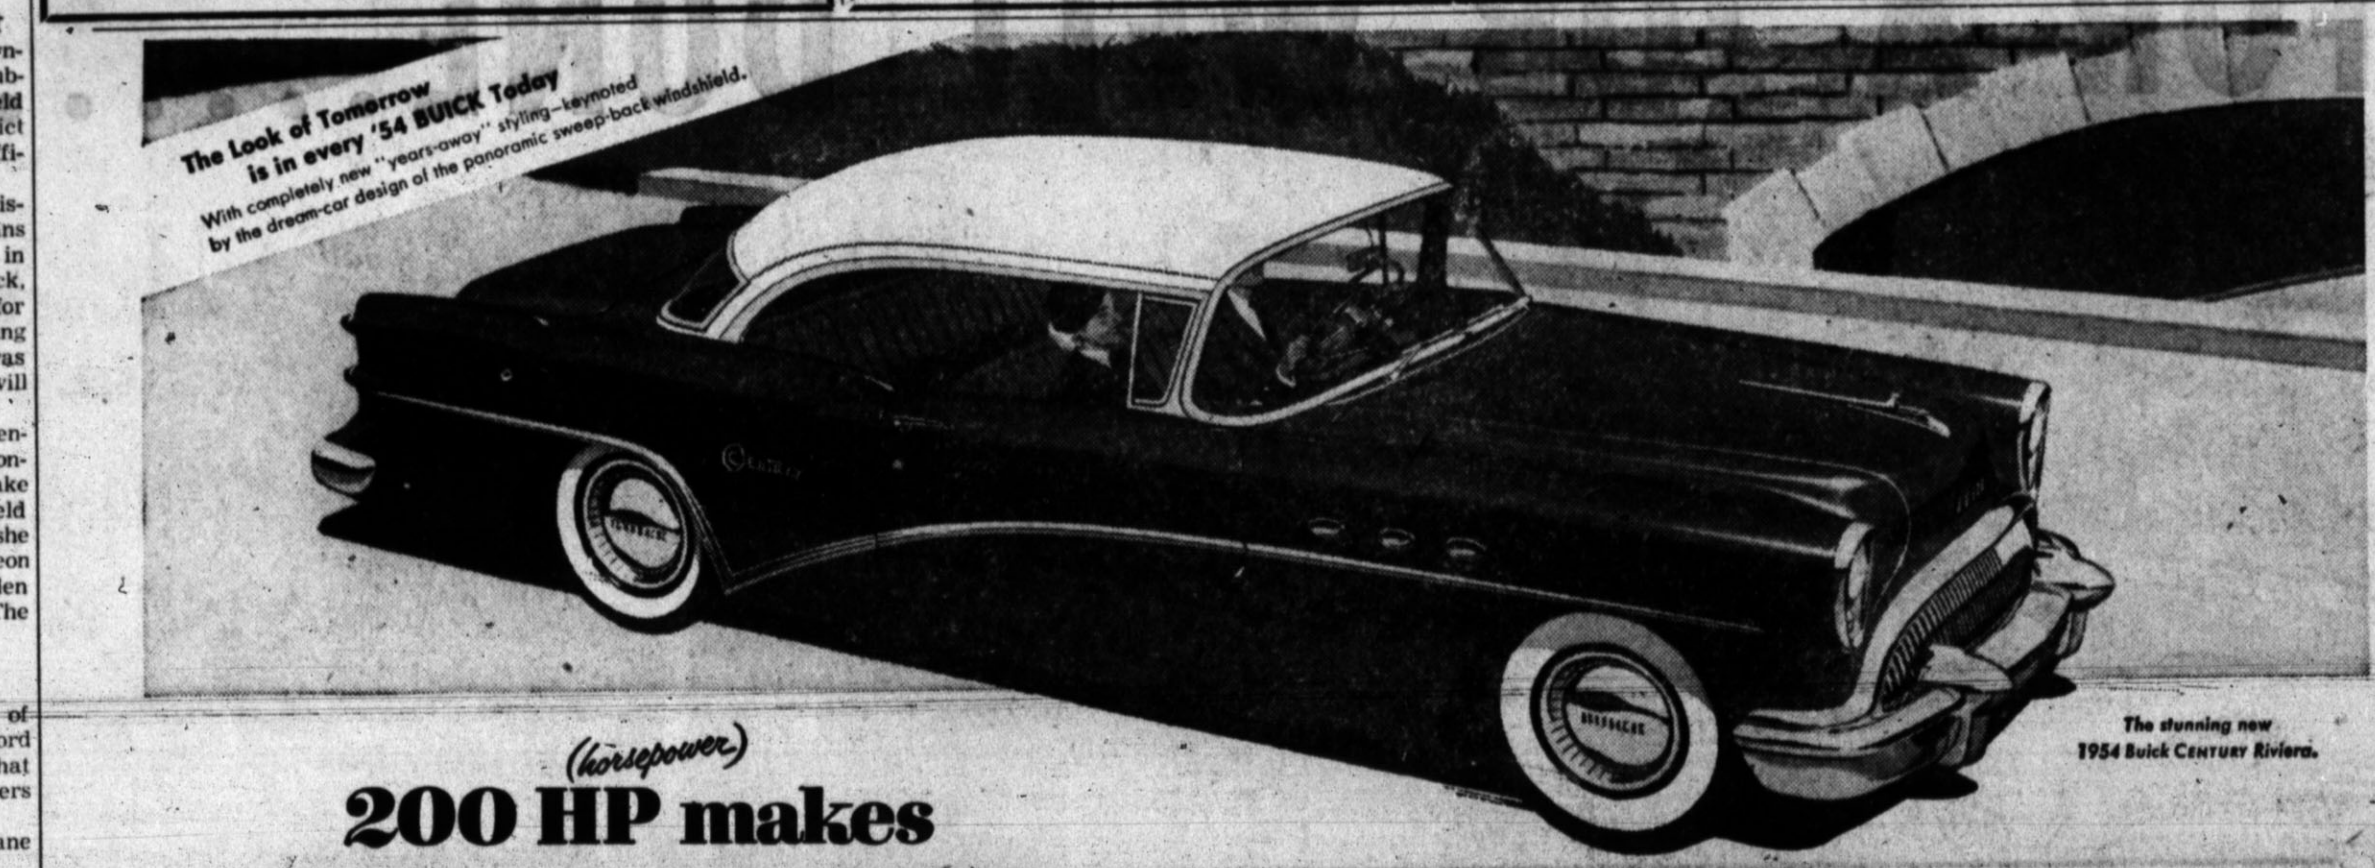

Working For A . . . BETTER COMMUNITY

As Pioneers in the vegetable business, we have also gained considerable experience in Livestock Feeding—and we fully realize the long hours spent by our 4-H and FFA boys and girls. Furthermore, we believe Livestock to be a most important factor in this area—and we want to express our appreciation to all concerned in sponsoring the Junior Livestock Show this week-end. We know it will be the best yet.

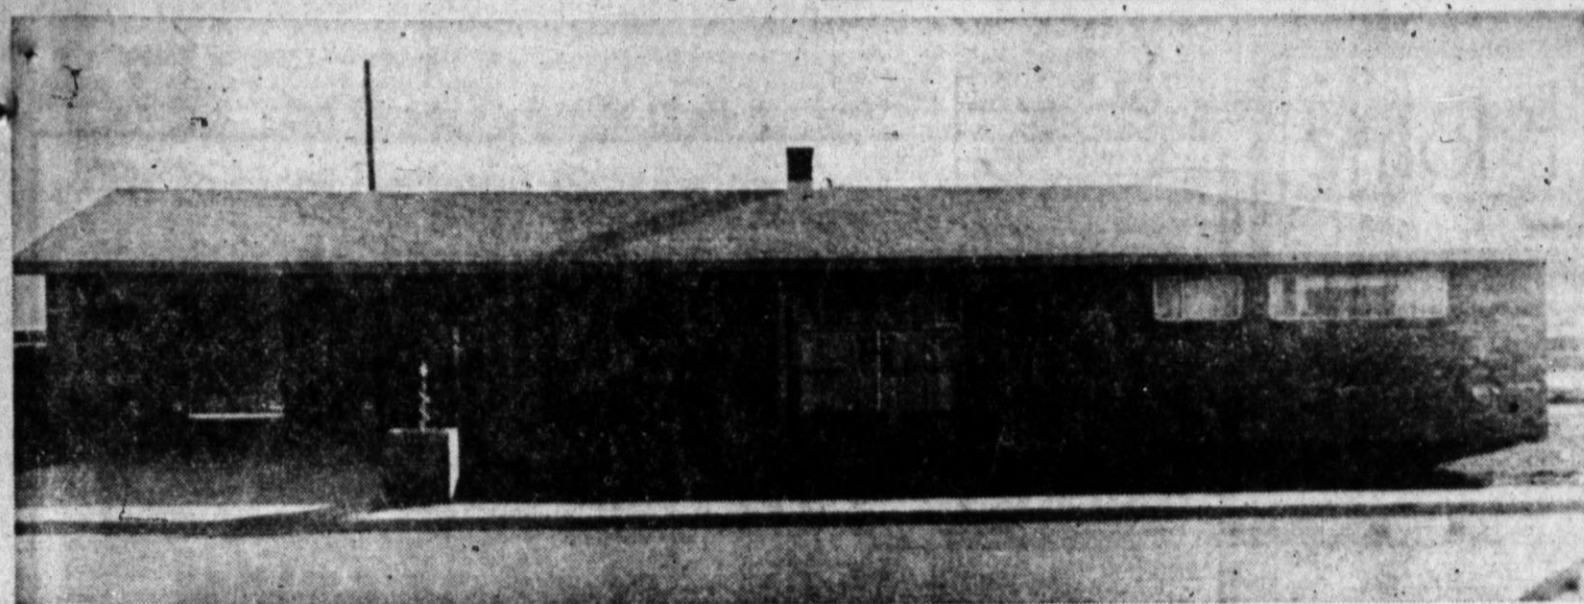

IT'S A PLEASURE THEREFORE TO SAY CONGRATULATIONS AND BEST WISHES and invite you to call upon us when we can be of service. Associated Growers of Hereford, Inc. Larry Loerwald, Mgr.

200 HP makes BUICK's CENTURY the power buy of the year!
It has sports-car smartness and sports-car snap. It combines sports-car compactness with Buick roominess—six-passenger big. And for sports-car performance, this spectacular CENTURY rolls off the assembly line with a 200-hp V8 engine and a trim 3852 pounds—highest power-to-weight ratio in Buick history. But—what does all that horsepower get you? It gets you brilliant performance. It gets you more economy. It gets you added safety. At the wheel of a Buick CENTURY, you find getaway more responsive, cruising more pleasant, hill-climbing so nimble you feel you're on the level. Your engine is normally working at just a fraction of its capacity. You have a tremendous power reservoir to call on in sudden emergencies. And beyond this, you have the lowest-cost automotive horsepower in the land. For in the popular-priced Buick CENTURY, you are buying more horsepower per dollar than you get in any other car in America. Come in and try this glamorous new Buick beauty soon. It is, by all odds, the power buy of the year.

WALLACE BUICK CO.

ONE OF HEREFORD'S NEWEST homes belongs to Mr. and Mrs. W. M. Decker, 100 Beach Street. The home, completed in September of 1953, is built of frosted red brick with a

turquoise blue trim. There are six rooms in the house; a living room, kitchen, den, two bedrooms, dining-room, two bathrooms and a double garage. (Staff Photo)

ABOUT DRILLING, WASTE

Underground Water District Makes New Rules, Regulations

New rules and regulations governing the waste of underground water, drilling and spacing of new wells, and reworking or replacing of old wells, have been formulated by the High Plains Underground Water Conservation District Board of Directors.

Several amendments to the rules were made necessary this year, said District Manager Tom McFarland. Also, he said, clarification has been needed in parts of the old constitution and by-laws. The new rules and regulations became effective Sunday, February 7.

Water Waste
One of the most important changes in the rules concerns water waste, McFarland said. In the past, because of lenient rules much water has been wasted. Not deliberately, but unconsciously, he hastened to add. The new rules and regulations definitely define the term waste as applied to underground water, and provisions have been added for its prevention.

According to the new Rule 1 waste is any water not used for agricultural, gardening, domestic or stock raising purposes; it is water which is not used for beneficial purposes; it is waste escaping from one underground reservoir to any other reservoir not containing

underground water it is water which is knowingly permitted to escape from irrigation land it is that which is permitted to escape; into natural watercourses such as depressions in the land, creeks and rivers; and it is excess water which is not returned to the underground strata.

According to the provisions of the above rule, water shall not be produced within or used within or without the district boundaries in such manner and under such conditions as to constitute waste.

Drilling Applications
Concerning the application and issuance of drilling permits, the new rules clearly and definitely prescribe brief procedures to be used by owners or tenants desiring to drill, McFarland said. According to the present rules, no person, firm or corporation shall drill, construct, or equip a new well within the district without first making application for a permit. Water wells which are to be used in a temporary capacity in supplying oil or gas wells are exempt from this rule. Also, upon application, information pertinent to the drilling, construction or equipping of the new well must be furnished to the applicant. After the proper information has been furnished and approved, permit may be issued.

These rules have been made, he added, with the interest of every water user in the district at heart. We hope they will provide for more conservation of underground water on the part of everyone in the bounds of High Plains Water District.

Other rules such as those for re-charge wells, rehearings, changed conditions, and well testing and inspections, have been changed in some respects and should be studied by water users, he said. Provisions also have been made for the reworking or redrilling of old wells, he added. "We hope that through the new regulations, more water will be conserved in the future," McFarland concluded. "It's not inexhaustible," he added.

Also, no well shall be drilled and equipped without the owner submitting a drilling log and registration data.

"As for spacing of wells, which has always been a large problem to cope with, we think the new rules have clarified the situation greatly," McFarland said. Following are minimum specified distances between wells as incorporated into the new regulations: 4-inch or smaller pumps, 200 yards; 5-inch pumps, 250 yards; 6-inch pumps, 300 yards, and 8-inch pumps, 400 yards. A special permit must be obtained for pumps larger than 8 inches.

Pumping Rates
Pumping rates will be regarded pumps, 70 to 264 gallons per minute (gpm); 5-inch pumps, 265 to 390 gpm; 6-inch pumps, 390 to 560 gpm; and 8-inch pumps, 560 to 1,000 gpm.

The rules are so constructed, McFarland said, to allow users to apply for exceptions to spacing, provided they can present a sound basis for such.

These rules have been made, he added, with the interest of every water user in the district at heart. We hope they will provide for more conservation of underground water on the part of everyone in the bounds of High Plains Water District.

Other rules such as those for re-charge wells, rehearings, changed conditions, and well testing and inspections, have been changed in some respects and should be studied by water users, he said.

Provisions also have been made for the reworking or redrilling of old wells, he added. "We hope that through the new regulations, more water will be conserved in the future," McFarland concluded. "It's not inexhaustible," he added.

Aid Stops Reds

MANILA — O report on three years of U. S. Economic aid says its "greatest single impact" was in routing communism in the Philippines.

The report was made by Placido L. Mapa, chairman of the Philippine Council for U. S. Aid (Philcusa). It summarized the work of Philcusa and the U. S. Foreign Operations Administrations (FOA).

Mapa said the two agencies "have built in our country conditions of peace under which man can walk in dignity, work and reach toward that moral and material advancement which freedom alone can bring."

Apparent Success Made In Treatment Of Black Bass For Fungus Growth

Apparent success in treating brood black bass for a deadly fungus growth was announced by the Chief Aquatic Biologist of the Game and Fish Commission as reports came in of the first state hatchery bass production this year.

The Chief Aquatic Biologist said brood bass were being treated at the Ingram and Possum Kingdom hatcheries.

Previous tests produced complications although they checked the fungus. The chemical used on the brood bass killed microscopic food urgently needed for the fry. Now it is believed a solution has been found to treat the parent fish without destroying food for their young.

Some Have Spawned
The Olmito hatchery at Brownsville reported a limited number of bass already had spawned. This is a normal time for the semitropical climate on the Rio Grande border.

Meanwhile, some adjustments were being made to try to compensate for the lack of water at two hatcheries at Medfina and Glisco, and the temporary delay at the experimental heated hatchery pond at San Marcos.

The Chief Aquatic Biologist said the state will help make up the difference under an arrangement to operate the Federal fish hatchery at San Angelo, which has been shut down for the time being. The Federal hatchery will be operated in conjunction with the regular state hatchery at San Angelo.

The added bass production will be used to distribute young fish

Young Artists Competition Set

Dallas — The Civic Federation of Dallas young artist competition will be held March 29 and 30.

The purpose of the annual competition is to discover and encourage Texas young people who show promise as concert artists.

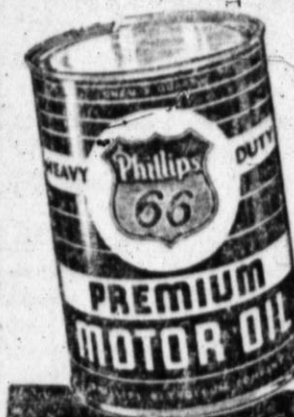

Each of the winners will receive the Civic Federation Young Artist Award of \$50 and a solo recital in the 1954-55 Young Artist series at Scott Hall.

One outstanding performer will receive the G. B. Dealey Memorial Award of \$250, which provides for an appearance as soloist with the Dallas Symphony Orchestra.

The competition is open to candidates who on Jan. 1, 1954, will be 16 but not yet 26.

Candidates must be either residents of Texas who are studying in the state, residents of Texas studying outside the state but who have had most of their training in Texas or residents of other states enrolled for study in Texas during the full school year of the competition.

CHIP SHOTS

By Bud Posey

Thirty five golfers from both Amarillo and Hereford participated in the inter-city match between the two clubs at the local course Sunday, February 14, with Amarillo besting Hereford by a total of 58½ to 46½ points.

Stan Barrett, local city champion, had the best card of the day with a three over par 75, to pace the amateurs. John Farquhar paced the Amarillo amateurs with a 76. Vern Farquhar, Amarillo professional, had the low card of the card with an even par 72. The matches were played with a high wind blowing from the southwest.

Individual Matches
Individual matches and their results were as follows with Amarillo golfers named first. Vern Farquhar 3, Bud Posey 0; Joe Lopey, 1½, Bud Posey 1½; Harry Delashmitt 1, Stan Barrett 2; Grady Howard 3, Don Martin 0; Cecil Holland 1½, J. M. Posey 1½;

James Smith Jr., 2, Dr. J. H. Channer 1; Stanley Level ½, Frank Cogdell 2½; Charley Gilman 3, Joe Butler, 0.

Joe Duckworth ½, Dr. R. E. Lingenfelter 2½; Lawrence Stoddard 1, Bob Lindsey 2; Ed Abbott 0, John D. Pitman 3; Grady Howard Sr. 2½, D. B. Roberson ½; Kenneth Bailey 2½, Dale Tinnin ½; E. C. Gilbert 1, Lloyd Neill 2; L. K. Gilley 3, Harry McCaulley 0; O. M. Ramsey 1½, Walter Leed 1½.

Joe Dunlap 3, Bruce Woodell 0; Jack Edwards 1, Mutt Wheeler 2; John Farquhar 3, Earl Stagner 0; Miles Childers 2½, Urin Streu ½; Bobby Westfall 3, Wayne Phillips 0; Gene Titsworth 1, Bill Davis 2; Dean Pavallard ½, H. A. Close 2½; Paul Webb 2, Wendell Burdine 1; G. W. Ritehey 1½, Louis Wildinson 2½; G. C. Collier 3, Doc Cowan 0; R. Dean Allen 3, E. S. Baughn 0; Jack Allison 3, E. S. Vaughn 0; Haskell Beavers 3, Bob Lamm 0; H. T. Bruce 2, Jeff Minton 1; Chink Tucker 3, John Renner 0; John Arterbury 1½, Bill Howard 1½.

Blood Record Claimed
MONTCLAIR, N. J. (AP)—Thomas L. Pier thinks he holds a world record for donating blood — 250 pints in the last 28 years. He gave his first donation to a fellow-player injured in a football game in 1925. At one time, he donated three pints in 33 hours to a woman at Mountsides hospital here. The American Red Cross has honored him and he received a letter of commendation from his commanding officer in the Navy in World War II for blood donations he gave on leave.

People Are Honest
OXFORD, N. C. (AP)—The Oxford Chamber of Commerce, assuming people are honest, dreamed up a good will-building plan for careless motorists. When policemen saw a car by a parking meter on which the time had run out, they would put in a nickle and leave a note asking the driver to repay the chamber instead of paying a traffic fine. The plan was dropped after a one-week trial. About the only people putting money in the meters were the policemen, and strangers who didn't know the police would.

Dawn News

By Bertha Frye

Mrs. A. T. Frye was a guest of Mrs. Iverson Leake in Canyon Thursday.

Mr. and Mrs. H. V. McCabe announce the birth of a grandson, Douglas Kent, born to Mr. and Mrs. Bill McCabe February 11 at Borger. The Bill McCabes have a daughter, Carla, 3.

The Dawn Home Demonstration Club will meet Friday afternoon with Mrs. J. W. Stewart in Canyon.

Gail Miller and Walten Beavers participated in the spelling-bee at Shirley School Friday afternoon.

Dwayne Stewart of Artesia, N. M., and Mr. and Mrs. Boyd Stewart and children of Pampa spent the weekend visiting in the home of their parents, Mr. and Mrs. Zed Stewart.

Classes Entertained
Mrs. W. H. Fogle and Mrs. Clifford Stewart entertained their junior and primary training union and Sunday School class with a Valentine party at the schoolhouse Friday night. Present were: Ted Wimberley, Billy Lyn Miller, Eldon Miller, Jane Miller, Kenneth Miller, Carroll Elliott, Gail Miller, Gene Evans, Don Elliott, Linda Tooley, Evalene Martin, Jimmy Gentry, H. S. Fuller Jr., and Glenn Fuller.

There was a valentine party in each of the three rooms at school Friday afternoon. Mothers who helped with the serving of refreshments were: the first and second grade rooms, Mrs. Byron Campbell and Mrs. Wayne Higgins; third and fourth grade rooms, Mrs. Jack Higgins, Mrs. McBroom and Mrs. McClain; fifth and sixth grade, Mrs. J. M. Carathers and Mrs. Norman Miller.

Covered Dish Supper
Mr. and Mrs. Melvin Gill were hosts for the Dawn Music Clubs covered dish supper and canasta party Friday night. Among those present were: Mr. and Mrs. Melvin May, Mr. and Mrs. Gayle Neal, Mr. and Mrs. Bill Carthel, Mr. and Mrs. H. V. McCabe, Pat Miller, Mrs. H. H. Miller and children, the host and hostess.

The Girls Auxiliary of the Dawn Baptist church gave a tea and program at the home of Mrs. Norman Miller Sunday afternoon with the mothers as special guests. Among those attending were: Mesdames L. A. Smith, W. H. Fogle,

Beauty at Home

By Lynn Carter

Q. My hair, which is really blonde, is turning light brown. How can I make it lighter and brighter?

A. You can try one of the vegetable rinses, which are not dyes and wash out with the shampoo. Or, for general use, try a lemon rinse.

Q. Is there an easy and quick way to soften and bleach my skin?

A. Have you ever tried adding some lemon juice to your regular cleansing cream? Keep this in a cool place to prevent its turning rancid. It's a good idea, too, to add some to your hand lotion.

Q. How can I emphasize eyes that are too small?

A. Although mascara usually is applied only to the upper lashes, in the case of small eyes, try using some on the lower lashes, too.

Q. The supporters of my girldie cause ugly bumps to show through the slim skirts of my dresses. What can I do about this?

A. Buy slips which are made of somewhat heavier material. Also, there are some types of supporters that are less "bumpy" than others.

Q. What is a good exercise for reducing the abdomen?

A. While lying on the back and keeping the knees stiff, raise both legs about a foot off the floor and do a scissors exercise with the two upraised legs, without allowing them to touch the floor.

Q. What is a good, cleansing, general-purpose facial mask?

A. You can make a very good one by mixing equal parts of honey and oatmeal with enough milk to form a paste.

Q. I have very thin and hollow cheeks. How can I, with my make-up, make these appear rounder?

A. Apply a lighter shade of foundation than on the rest of your face in the hollow depressions under the cheekbones.

Q. What is a quick and simple way to add fragrance to the hair?

A. Just add a few drops of cologne to your last rinsing water

when shampooing the hair.

Q. What can I do to de-emphasize a bulging or too-prominent forehead?

A. Your hair arrangement is very important here. But first make sure your forehead does not shine. Use foundation cream, in a darker shade, on the most prominent areas of the forehead, especially toward the hairline when the forehead is high.

Q. What treatment can I give scars left on my face by pimples?

A. You can try bathing these areas regularly with a solution of boric acid, followed by an application of zinc ointment.

Q. How can I give quick relief to tired eyes?

A. A soothing treatment is to massage the eyelids gently with iced fingertips, dipped in cold cream.

No-Bill Doctor Retires

BALTIMORE (AP)—Dr. Anthony L. Rettaliata, 80, the physician who never sent out a bill, has finally retired. Old Doc Rettaliata would just as soon keep on going. But being a man who knows all about those things, he realizes his heart won't stand an energetic pace any more.

In reference to his failure to send bills he says:

"I thought they'd pay me if they could. And many of them did."

Mrs. Rettaliata chimed in with a footnote: "And many of them didn't."

Exercise Before Breakfast

EAST HARTFORD, Conn. (AP)—Police got a call that a man was chasing a woman along a street. The time was 3 a.m. The investigating patrolman reported that it was a husband chasing his wife because she refused to cook his breakfast at that hour.

Walter Galley, Carl Wimberley, Dick Hagar, V. Martin, Clifford Stewart, Walt Beavers, Paul McClung, Lloyd Bentley, Reece Stewart, Norman Miller, and Misses Wanda Sue and Phyllis Ann Wimberley and Irlene Galley. Barbara and Evalene Martin, Betty Hagar, Dorothea and Pat Stewart, Rosemary Stewart, Waltine Beavers, Gail and Lucy Beth Miller.

GARCIA NEWS

By Mrs. Ernest Brown

Mr. and Mrs. Elwyn Hartman of Summerfield, lived in the Elmsier Northcutt home recently.

Mr. and Mrs. Sam Rogers of Lubbock and Mr. and Mrs. J. E. Hicks of Levelland visited with the John McCullars Sunday.

Mr. and Mrs. Bruce Coleman are in Elk City, Okla., visiting with Mrs. G. E. Pinkerton.

J. T. Guinn Jr., and family were weekend guests of his parents, the J. T. Guinns.

Returns From Visit

Mrs. J. E. Rouse, returned this week from a visit with her son, Dwight Rouse, and family in Farmington, N. M.

Mr. and Mrs. Ernest Brown and Barbara were Sunday dinner guests of the Clyde Shadls.

Mr. and Mrs. Floyd Brown and children visited with her parents, C. W. King, Sunday.

Mr. and Mrs. N. A. Brown visited with the Roy Potts Sunday.

Mrs. S. N. Thweatts is ill with the flu.

Mrs. John McCullar is feeling fine after undergoing surgery two weeks ago.

Miss Lillian Fisher visited with Mrs. Elred Brown Thursday night.

TROY MOORE

CONGRESSMAN WALTER ROGERS SAYS Action, Not Oratory Is Needed To Prevent National Depression

The great debate as to whether or not we are to have a depression continues with full force and fury. Most of the talk is being done by those who take the position that there will be no depression. In fact, it is a one-sided debate.

I know of no one around Washington who is advocating a depression, or even prophesying one, with the exception of some of the economists who have been following the same line for a long number of years. These economists do not disturb me, and I don't think that they should be causing great concern to the speechmakers. Most of these orators are proclaiming from house-tops that there are certain people trying to talk the United States into a depression. I don't know whether people can talk a country into a depression or not, but I certainly do know that speechmaking and oratory won't talk you out of one if you ever get into it.

The cold truth of the matter is simply this. Unemployment has been on the increase, the farm prices have been steadily declining, and there are several other items that could be listed as indicating that certain segments of our economy are not doing as well as they would like. This is not surprising, because it is an economic fact of life that when the circulation of the medium of exchange is

choked down, someone is going to suffer.

The cancellation of a number of defense contracts, readjustments in other government activities, and a general slowdown by many private businesses to take a look at the future, caused a general slowdown in the circulation of the medium of exchange, to wit, money. Whether you call this period a readjustment period, a recession, or a depression, makes little difference. Words can not control the situation. In our complex economy there is no doubt but that a depression can be made by man.

By the same token, a depression can be prevented by man. A man is out of a job, with no means of livelihood and a family to feed and clothe, is certainly in a depression. The problem is to prevent the situation from spreading to where it could become a national disaster. Name calling and speechmaking will not solve the problem. What is needed is action and not oratory.

Campaign Against Farmers

The very cunning and tricky, but vicious, campaign, seemingly designed to set the city dwellers against the American farmer is increasing in tempo and fury. Its effectiveness is most apparent from the general conversations in the city.

I have deliberately kept my ear to the ground here in Washington during the past several weeks, listening for rumblings on this subject. I conducted a silent poll; that is, I kept my ears open and my mouth shut. The conversations on street corners, in buses, street cars, taxicabs, hotel lobbies, restaurants, and even in the Capitol corridors, indicate that the city dweller thinks the following:

1. That the farmer is the cause of high retail prices.
2. That every farmer gets a big subsidy from the federal government.
3. That most farmers are well-heeled and driving Cadillacs.
4. That the government has fixed it so that a farmer can't possibly lose money.
5. That the farmer gets a guarantee for all products and that his production is unlimited.
6. That the price support program is a subsidy and by far the most expensive maintained by the Federal government.
7. That a large portion of the taxes go to support farmers.
8. That the taxpayer is stuck twice—in high taxes and in high retail prices.
9. That if the price support program can be completely abolished, both taxes and retail prices will be measurably reduced.

Every one of these conclusions is false, as all of you well know. They can be taken one by one and definitely disproved. The city dwellers are thinking this way simply because they are getting only half of the facts. Unless this vicious campaign is stopped, it will result in great damage to the American farmer and to those sections of our country that are primarily dependent upon agriculture. This includes our section, the entire Southwest and the South.

It will hurt, not only the farmer, but every businessman in these sections. If the family farm units are destroyed, it will mean that many a small business will fold up overnight. This will mean a definite centralization of our economy, which will be followed by a centralization of government.

These are two results that all of us in our section have fought for years.

45 Years Ago

Last week while plowing was being done by L. Weaver he unearthed a peculiar shaped rock which looks very much like a battle ax of the Stone Age. It measures 14 inches long 4 inches in diameter at the largest part and tapers from this towards both ends to a point. The rock is sandstone and suggests a young shark in shape, but not being of limestone formation would preclude the theory of petrification. It is possibly the upper stone of an old Mexican corn mill.

25 Years Ago

Engineers were here Tuesday from Santa Fe headquarters planning a through electric block signal system from Canyon to Clovis. This will give the railroad such modern protection from Amarillo to Clovis.

Every indication points to the fact that this particular Santa Fe line to California is to be made the main artery and modernized.

They are headed out at the house and will be here for a few days. Our good friend, Patsy Dinan, of the Amarillo Globe-Times, spent a couple of days in Washington and had the experience of attending the President's Press Conference. Mr. and Mrs. Roy Davis, from Borger, were in and we had lunch over at the Capitol. Also, James Tipps, from Borger, was in the office. I am expecting several other visitors from the district during the next several days and will tell you about them when they get here.

3-D Aids Science

COLUMBUS, Ohio (AP)—Ohio State University researchers are looking for new uses for the 3-D pictures. At present the major application of 3-D to science is in photogrammetry—mapping or surveying with the aid of photographs.

Dr. Bertil P. Hallert, Swedish scientist and associate in OSU's mapping and charting research laboratory, says a 3-D aerial photograph can be used to prepare a detailed map.

The Pennsylvania Turnpike was surveyed in 145 days, compared with an estimated 2 years using ground measurements.

The method was used by Hitler and later by Allies in World War II. Dr. Hallert estimates there were 80,000 aerial cameras in use by the end of the war.

Dr. Hallert is trying to interest OSU medical researchers in 3-D X-ray as a diagnostic tool. Other fields in which Hallert has noted successful application of 3-D include astronomy, microscopy, engineering, anthropology, geology, psychology, heredity, forestry, agriculture, meteorology, oceanography, botany and archeology.

Brazoria, A Town for News

Brazoria was the scene for the founding of many early-day Texas newspapers.

The fourth publication in the state was founded there in 1832 by Godwin Brown Cotton. It was called The Texas Gazette and Commercial Advertiser. The fifth newspaper was The Advocate of the People's Rights, published by John A. Wharton and Oliver H. Allen the next year. Soon following was The Texas Republican, the state's sixth newspaper, edited by a Gray and Harris team.

Theodore Ledger and A. P. Thompson were founders of the eighth newspaper, The Texas Planter, in 1837.

Northern lights have been observed as much as 600 miles above the earth.

Jernigan-Spencer Wedding Is Held In Wichita Falls

Miss Emma Jernigan became the bride of Horace Grady Spencer in a simple home ceremony held in the home of her parents, Mr. and Mrs. W. D. Jernigan of Wichita Falls on February 5. Rev. Paul McClung performed the wedding ceremony in the presence of relatives and close friends.

Attendants were Miss Irene Galley of Dawn and Dick Stucker who is stationed at Sheppard Field, Wichita Falls.

The bride formerly lived in Dawn and attended Hereford Class Signals Automatic URBANA-CHAMPAIGN, Ill. (AP).

The school routine of 15,797 University of Illinois students and instructors is geared to an automatic time system.

Perforated tapes used in the mechanism of six program clocks in the Engineering Research Laboratory control the ringing of bells in 50 buildings. A network of 1,000 miles of underground cables is used to synchronize the system in each classroom. The bells ring at the start and end of each 50 minute class period.

The bells don't ring on Saturday afternoon, Sundays and holidays because calendar wheels on the master clocks shut them off.

H. D. Chatter

Argen Draper
The final plans are made for the Poultry Division of the Livestock Show. The Farm Bureau members have volunteered again to put the coops up and clean up that part of the show.

Leo Ohlig tells me he is chairman of the committee and Edd Dziuk will help. The Farm Bureau members have always been generous in helping us at the Junior Livestock and Poultry Show.

Donna Sue and Gary Guseman and Buster Campbell along with some others are worrying over frozen combs on birds. This happens every year and we want to insist you bring the birds to the show anyway. The comb counts 5 points in the scoring so it will not penalize the bird too much.

Last Friday morning I talked with Mrs. Andrew Batterman about making draperies. She selected a pretty design with grey background to match grey paper. It is pebble cloth and she will use unbleached muslin for linings. She's never made draperies before but is a good seamstress so she isn't having much trouble in making them.

Several people have told me they are making spring suits. About all the problems they seem to be having can be corrected with the proper type shoulder pads. When we had the wool tailoring course in the clubs we learned the value of the proper shoulder pads. I see those coats and suits all over the county and they are so stylish; Mrs. E. M. Cox wearing the pink topper, Mrs. Jack Higgins the pretty tan gabardine suit, Mrs. T. J. Parsons the tweed coat, and Mrs. N. A. Brown the green gabardine suit. Mrs. Brown has made seven garments since the course and taught two people other than the daughters-in-law to make wool garments.

Nitrogen Speeds Decomposition Of Cotton Burrs

Nitrogen, supplied in ammonium hydroxide, substantially speeded cotton burr decomposition in recent tests at the Temple Experiment Station.

The studies were made to rate the significance of water, nitrogen and commercial bacterial cultures upon the composting process. Anhydrous ammonia, water alone, water and bacterial culture, ammonium hydroxide alone, and ammonium hydroxide and bacterial culture were added respectively to 5,000 pound burr piles.

Station scientists report that microbial numbers and nitrogen content of the composted burrs after incubation for 7, 16 and 27 days indicate the commercial cultures did not increase the speed of decomposition in either the presence or absence of nitrogen.

Big Role
Nitrogen treatments, however, played a big role in stepping up reaction time. Cotton burrs with water added composted for 27 days contained 1.4 percent nitrogen while burrs treated with nitrogen had 2.5 percent nitrogen content. Comparative bacterial populations after 10 days were 3.5 billion per gram against 17.0 billion per gram, respectively.

Anhydrous ammonia, the scientists found, reduced microbial numbers below that of the water-treated compost.

To commence and sustain proper decomposition levels, composts must have a high moisture content, but the waxy coating on the cotton carpal tissue resists the absorption of moisture. Of nine commercial detergents tested at the station to determine their relative ability to reduce this resistance, the detergent "Vel" was the only one at 0.1 percent concentration that showed favorable wetting action over water.

Grain Storage May Be Written Off Rapidly For Tax Purposes

Taxpaying farmers may choose to "write-off" over a 60-month period the cost of building, or reconstructing a grain storage facility. This ruling, says C. H. Bates, extension farm management specialist, was provided by recent tax law changes and may be used instead of the regular depreciation rate based on the useful life of a building.

Bates says competent accountants and representatives of the Internal Revenue Service have additional information on grain storage "write-offs" and he advises interested farmers to make further investigations into this new law.

There were nearly four million births in the United States in 1953.

Bates gives this example to further clarify the new ruling. Instead of depreciating a \$3,000 building at \$100 per year for 30 years, he says a new storage building may be "written-off," or depreciated out, in 60 months, five years. Figuring it this way that's \$600 per year for five years. But, continues the specialist, at the end of this time the building value is fully depreciated and may not be reported thereafter.

Storage Facilities
Under the new law, a grain storage facility includes any corn crib, grain bin or similar structure suitable for the storage of grain crops. Adapting another structure for grain storage or enlarging an existing building is also considered construction. The ruling is effective if the building is erected within the calendar years 1953-1956, inclusive, he says.

If a taxpayer decides to "write-off" the cost he must include in his income tax returns a statement of his actions. Likewise, continues Bates, he may discontinue the rapid write-off rate at the beginning of any month specified in a notice filed with the Secretary of Treasury. The farmer will thereafter be entitled to use the normal ratio of depreciation on the remaining building cost.

Plumber Building A-Bomb Shelter

Arlington — While you're thinking about building that A-bomb shelter, Arch Riddle is doing it.

Riddle, a plumber, is building a steel and reinforced concrete shelter on the side of a hill next to his home in this city between Dallas and Fort Worth.

He says it should withstand the worst kind of bombing. "I guess my friends think I've flipped my lid," Riddle says. "But I remember old Noah. He built an ark and got by all right."

His shelter, costing \$700, is being built in a pit scooped out of the hill. The exposed front wall is of concrete 20 inches thick with two tiers of steel reinforcement.

The rest of the outside wall is 12 inches thick. There is an eight-inch thick secondary concrete wall. Between the two is a three-foot space packed with dirt.

Well-Braced Roof
The roof, 13-inch-thick reinforced concrete, will be braced with four 8-inch I-beams.

On top of the shelter Riddle plans to erect a double garage. Inside, he plans to install equipment and provisions, including water, gas and electricity, plus an emergency generator which will be hooked up to his well should the city supply be disrupted. He will have tools inside for cutting his way out if the door should jam.

Riddle says civil defense officials are interested in his project. "Of course, we may never need it. I hope we don't."

Lazy Prisoner Wins

WASHINGTON, N. C. — Most prisoners gain promotion to the unguarded rank of honor grade by good behavior.

But an inmate of a prison camp here made the grade by another route. The camp superintendent made this report on him: "He's just as sorry as he can be and isn't worth guarding. I don't think he'll run (away) because he's too lazy."

Votes Locked In

TOMS RIVER, N. J. — Officials in an election in nearby Brick Township locked a ballot box with the key inside. It took a court order to okay jimmying the box open.

It's a Fast Track
BEAUFORT, N. C. — A highway patrolman flagged down a speeder near the junction of Highways 70 and 101.

"Don't you know the speed limit?"

"Sure," the driver replied, "it's 70 miles an hour. It says so on that sign there."

The cop looked at the marker for highway No. 70.

"Good thing I caught you before you reached Highway 101," he muttered, making out a ticket.

Cook that Pork!
NEW HAVEN, Conn. — A superior court judge has ruled that a butcher can't be held responsible if a customer gets trichinosis from improperly cooked pork.

New Conoco Super Gasoline

with TCP*

The Greatest Gasoline Development in 31 Years

1 "I tried the 'Two-Tank-Test' in our 1948 Chrysler and I was really amazed. You can't imagine the new pep and power. The car runs like a million. Really new-car performance!"

Mrs. Herman Maul, Housewife
800 South Garfield, Denver, Colorado

2 "I drive a 1950 Ford. I used to get about 17 miles on the road. But since changing to Conoco Super with TCP my mileage has gone up to 20. My car's pep and get-away have improved 60 or 60%!"

Pat Morse, Locomotive Fireman
1825 Arch St., Fort Worth, Texas

3 "Using Conoco Super Gasoline with TCP, I don't believe our '48 Dodge has driven so good since it was new. The car doesn't 'die' when you slow or stop. It's the best gasoline we've ever used!"

Mrs. Lois Barr, Farmer's Wife
Winterset, Iowa, Route 4

4 "Conoco Super with TCP is great for starting. Never a bit of trouble. And when you throttle down and then reach for quick speed—with TCP you really get it. It's terrific for power!"

Kenneth C. Thompson, Feed Salesman
822 Court Street, Beatrice, Nebraska

TCP

Is your guarantee of Top Car Performance

The trademark, TCP, is your guarantee that you are getting the full benefits of "the greatest gasoline development in 31 years." Only Shell Oil Company and its authorized licensee, the Continental Oil Company, have the full knowledge on the proper use of TCP. Only Conoco Super Gasoline and Shell Premium Gasoline have TCP—your guarantee of Top Car Performance.

*Trademark owned and patent applied for by Shell Oil Company.

5 "We drive a bunch of old cars here, and put good gasoline in 'em to perk 'em up. TCP makes a big difference in old cars. It's like a valve job. Conoco Super with TCP is the best gasoline I've used!"

A. F. Evans, Jr., Hardware Dealer
Denton, Texas

Millions have proved it—now prove it in your car

First Presbyterian

610 Lee Street
Rev. Russell Wingert, pastor
Sunday school is held each Sunday morning at 9:45 o'clock, followed by morning worship at 11 o'clock.

St. Thomas Episcopal

Sunday School is held each Sunday morning at 9:45 followed by morning worship at 11 o'clock.

The Upward Call

The ladder is there. God put it there for your help...for your encouragement. *The loftier your purpose, the higher you will climb.* You are exactly what you honestly and persistently seek to be. A man way down can climb way up if he really wants to. Here is a ladder that leads upward to the same God you hear about from the pulpit of your church every Sunday. Church going people are upward climbers. Jacob was pretty well down when God set up his ladder, but he climbed to be a Prince with God. "Out of the lowest depths there is a path to the loftiest heights."

Household Scrapbook

By Barbara Lee

Cauliflower
The disagreeable odor when cooking cauliflower can be prevented. After preparing it for boiling in the usual way, place a piece of stale bread on top of it. Don't cover it. When finished, remove the bread.

Cement for Glass
A transparent cement for glass can be made by digesting together for about a week in the cold, 1 ounce of india-rubber, 67 ounces of chloroform, and 40 ounces of mastic.

To Restore Dyed Garments
If the rain takes the dye out, place the article in milk over night and it will restore the color.

Painted Walls
An easy way to clean painted walls is to put a little aqua ammonia in moderately warm water. Dampen a flannel cloth in this solution and gently wipe it over the painted surface. It requires no scrubbing.

Whipped Cream Substitute
Beat thoroughly the white of one egg, add an apple well grated and sugar to taste. This makes an excellent substitute for whipped cream.

Bleaching Hair
To bleach superfluous hair, try applying a strong solution of peroxide of hydrogen.

Leaking Water Pipe
Ordinary yellow soap and a little whitening mixed with just enough water to make a thick paste, bound over the leak in a water pipe, will prove satisfactory until the plumber arrives.

Whiter Clothes
Soak the clothes over night in a solution of 1 quart of water to 1 teaspoon cream of tartar. But do not use this on colors unless it is desired to bleach the goods.

Eggs
When beating eggs, if a pinch of salt is added, the work will be accomplished in far less time than ordinarily.

Knives
If a kitchen knife or fork comes loose in the handle, fill the opening with powdered resin. Then heat the handle end of the knife or fork and force it into the handle opening. Wrap a string around it and allow it to remain until cool.

Water Faucets
Scour the water faucets with a slice of lemon, after the juice has been extracted. Then wash them and polish with a soft dry cloth.

TEEN TALK

BY VIVIAN BROWN

AP Newsfeatures
You never can tell about this younger set. Up in Maine their lingo is "back to the farm" and out in Arizona the kids are playing cowboys and Indians.

Della Martin of the Phoenix Gazette tells us that squaw dresses are being worn by every chic Miss she knows. The ensemble is completed with Indian boots that are ankle height with silver conchos on them. The beaded Indian moccasins is the popular shoe for play and girls frequently wear hand-some and colorful Mexican blouses with them.

And the boys; bless them, wear Western-style clothes. Shirts with pearl buttons and string ties even go to school. College boys wear western-style hats. Wouldn't it be wonderful if the namby-pamby set with pegged trousers and big winged collared shirts roaming the rest of the country would adopt he-man fads.

Square dancing, La Raspa, the Mexican national folk dance (a shuffle) and the Bunny Hop are the popular dances of the moment.

Most school dances use the Western or Fiesta themes.

While all this excitement goes on in the bow-and-arrow country, Portland, Maine, teen-agers have adopted the rural accent, according to reporter Earl Aronson.

"A lot of us worked on farms during vacation last summer and we brought that manner of talking back with us. It caught on, that's all," says one Portland High School junior.

So it's "down the rud" and something is "goo-wud, awful goo-wud" and "when I go to town Saturday night, 50 cents don't mean a thing."

Accents heavy with corn have moved into the city from Down East, but it isn't done derisively. It's just something different at the moment. And if you're country, you're real George.

Boys say a girl is "a good look." When a guy goes steady, a girl is "his wife." Even when a boy is going to drive a girl home he says "may I walk you home."

The palates of these slick chicks have not succumbed to higher prices, however. At Bangor the corner drug store is no longer the favorite rendezvous, because an ice cream soda costs 25 cents—50 cents if you treat. More popular is a restaurant where an English muffin and a coke may be had for 15 cents. One who prefers coffee can get the combination for 20 cents.

Some boys are wearing black silk vests, plaid neckties, belts, wristbands—but they haven't caught on too well.

Girls are wearing plaid suits, straight skirts and sweaters, white shoes with ankle socks turned up. Ankle dog tags are popular and the pendant of grandma's day is coming back. Girls play the ukulele.

The clothing trend is away from the sloppy to the neat. Boys like slacks and sharp sports coats—noteworthy for style or pattern, not clashing colors.

Athletes wear their letter sweaters inside out or backside forward.

Radio Telescope Planned
AMSTERDAM, Netherlands (AP)—The largest radio telescope on the European Continent will be erected in the village of Dwingeloo in one of the Northern provinces of the Netherlands.

Holland's leading astronomer Dr. Jan Hendrik Oort said the telescope is a gigantic aerial-system for picking up and measuring very high frequency radiations from celestial bodies which can't even be observed with the strongest telescope.

This modern science recently has led to important discoveries on the dimensions of the universe.

How Can I?

By Anne Ashley

Q. How can I avoid loss of vitamins when cooking vegetables?
A. A good way to cook vegetables is by steaming. This reduces the loss of minerals and vitamins and is also economical, as one may cook several different vegetables at the same time.

Q. How can I prevent windows from sticking?
A. When one experiences trouble in the raising and lowering of the windows, try rubbing a bit of paraffin on the window ropes, and considerable improvement will be noted.

Q. How can I clean stained hands?
A. Cornmeal and vinegar will remove the majority of stains from the hands.

Q. How can I make novelty candle-holders to be used at a children's party?
A. By polishing and hollowing out some rosy-cheeked apples to receive the ends of the candles. These are especially effective where a color scheme of red and white is being followed.

Q. How can I make use of the ends of candles?
A. Save the small scraps of candles and put them together into a little cotton bag for use to prevent the iron from sticking or soiling the clothes.

Q. How can I dry paint quickly?
A. Ozonized turpentine makes the paint with which it is mixed dry quickly. This is turpentine that has been exposed to the air and sunlight.

Q. How can I make a practical twine holder for the kitchen?
A. By the use of an ordinary tin funnel of suitable size. Hang it on the wall, first drawing the end of the twine from the center of the ball through the opening at the bottom of the funnel.

Q. What is a good cleanser for brass, copper, and pewter?
A. A mixture of salt with an

equal quantity of flour and vinegar. Apply a paste made up of these ingredients and allow to remain on an hour, and then rub off. Wash with water and polish.

Q. How can I keep syrup from crystallizing?
A. Any boiled syrup can be prevented from crystallizing by the addition of a pinch of baking soda while it is cooking.

Q. How can I remove spots from oiled floors?
A. Sponge with turpentine. For obstinate spots, dip the moistened rag into powdered rottenstone, and when clean, renew the oil on the treated part.

Train Race Planned
SLIPPERY ROCK, Pa. (AP)—Several civic clubs here are sponsoring a train race in which each contestant must provide his own train.

It's not as gigantic an undertaking as it might seem. The contest is for toy electric trains.

The average American is eating about 40 per cent more lettuce than before World War II.

Secondary Dependents Being Checked By Local Draft Board

AUSTIN — An investigation of dependency allowances is currently being conducted in Texas draft boards, Brigadier General Paul L. Wakefield, state draft director, said Wednesday.

The investigation involves cases of all draftees claiming secondary dependents, such as parents, step-parents, and parents by adoption. The program is designed to screen out unworthy applications and to uncover and discontinue allowances now in effect for persons ineligible under the law to receive them.

Substantial Savings
Test programs of this kind indicate that substantial savings to the government will result, the Texas state director of Selective Service said.

The investigation is being made by members of the armed forces having special authorization, together with civil employees of the armed services.

General Wakefield said authority to open files in the draft boards to the investigators came from Major General Lewis B. Hershey, national draft director.

Flight Is Fatal
LE MESA, Calif. (AP)—Ignacio Hurdado, 40, farm hand, ran head first into a tree while fleeing from a Great Dane dog. The coroner said his death two days later was from a brain injury.

Legal Notice

NOTICE TO BIDDERS
Sealed proposals addressed to The Honorable Mayor and City Commission of Hereford, Texas, will be received at the office of Cecil Massey, City Manager, until 10:00 A. M. February 19, 1954 for furnishing one Centrifugal Type High Service Water Pump with Electric Motor and Starting Equipment, as detailed in the specifications. Pump shall have a capacity of approximately 750 g.p.m. when operating against a total head of approximately 175 feet.

Prices shall be for the equipment complete f.o.b., Hereford, Texas.

Each bidder shall furnish with his proposal the name of the manufacturer of the equipment he proposes to furnish, together with complete specifications and descriptive literature covering all the equipment, including characteristic curves on the pump.

Each bidder shall state the time required for delivery of the complete pumping unit from date of award of contract.

The City reserves the right to reject any or all bids, to waive formalities and to accept the bid which seems most advantageous to the City's interest.

Copies of the specifications for the equipment to be furnished may be obtained from Cecil Massey, City Manager, Hereford, Texas, or from Parkhill, Smith Cooper, consulting engineers, 1414 Avenue J, Lubbock, Texas.

TODAY'S TELEPHONE TIP
by Emily Post

A correspondent complains: "A few people I know are careless about hanging up the receiver after finishing a telephone conversation. Don't they realize that slamming the receiver down makes an unpleasant noise in the other telephone?"

Slamming the receiver is as discourteous as slamming the door. Always hang up gently as a parting, thoughtful gesture. And when you hang up be careful to replace the receiver securely in its proper place. A receiver off the hook means that no calls can get through to your telephone.

Emily Post

An advertisement of Southwestern Bell Telephone Company
