WORK FOR HER CLUB, her family and her community were among the things which helped Mrs. T. J. Parsons to win the title of Home Demonstration Club Woman of the Year. Music is one of her avocations, while cooking and taking care of her family probably should be listed both as vocation and avocation. (Staff Photo)

Mrs. T. J. Parsons Named Outstanding Club Woman

Mrs. T. J. Parsons has been selected as the outstanding Home Demonstration Club Woman of the Year and will be given the Award at the Report Meeting to be held at 2:30 o'clock Friday afternoon in the Veteran's Clubhouse.

Mrs. Parsons, nominated by two clubs—her own which is Progressive, and the Westway Home Demonstration Club—will receive the coveted plaque presented annually by the Hereford Brand in recognition of her many years of service to her club and to her community.

She has been a club member for 13 years. During that time she has held the following offices: presi-

dent, secretary, reporter, and parliamentarian. She has also served on the following committees: finance, yearbook, program, recreation, and expansion-education.

In Council 11 years, Mrs. Parsons, who is now chairman, has been vice-chairman and a member of the recreation, yearbook and 4-H leaders committees. She has served as a 4-H leader for five years and as secretary treasurer, vice chairman and chairman of the Leaders Council. She is also H. D. Choral Club chairman.

Mrs. Parsons is the mother of four children—Lloyd, who is a student at West Texas State Col-

lege, Don, a sophomore in High School, Nancy in the sixth grade, and Doris who is completing her first year at school.

Mrs. Parsons is a member of the Methodist Church and the Missionary Society.

One of the most outstanding things about Mrs. Parsons is her qualifications as a good neighbor, such as baking food and keeping children for those in need of help.

Others to receive the Brand's award are Mrs. Palmer Norton of Dawn who was chosen by the secret committee in 1952 and Mrs. Ira Ott from the Wyche Club in 1953.

Additional Rains Bring Scattered Hail Damage

Sunday's rain and hail, following Friday's rain which hit only a narrow strip in the western part of the county, brought additional scattered moisture.

Two areas reported hail damage, some from Friday night and the remainder from Sunday's rain and hail, which rolled in on black thunderheads.

An area near Black got some hail which damaged wheat. Dr. Millard Noble's place at Black, which is being farmed by Glenn Roberson, had the wheat damaged, but most of the land was being prepared for grain sorghum, so was benefited by the moisture.

J. H. Sears, who has a section of wheat land about 25 miles northwest of Hereford, said that he was "haild out," and that others in the vicinity also had some hail damage, most of it occurring Friday night.

Sunday's Rain

Sunday night's rain was relatively heavy in some parts of the county, ranging up to about two inches, and down to nothing at all. County Agent Hugh L. Clearman reported that the creek close to Leo Gallagher's place was still running Tuesday morning, which would make it appear that there was considerable runoff, as well as a heavy rain.

Phillip Miller, with a Soil Conservation Service rain gauge, reported .43 inch of rain Friday, and 1.45 inch on Sunday, with considerable hail. The gauge is located about 18 miles north of Hereford.

At the Dameron ranch headquarters about an inch of rain fell, while up in the west corner of the

ranch there was up to a half inch more, Bill Dameron said.

North of Cord Hammock's place, about 15 miles north, 2.50 inches fell, our correspondent for that area reports. Earl DeHart had 1.50 inches, Curtis Barclay had 1.50 inches, Jack Renfro had .50 inch, T. B. Cox reported .50 inch, and Fred Inman reported .50 inch.

Each one of them reported some hail, but no serious damage was done.

Onion crops in the area are now making a good showing, with tops from three to five inches tall, and potatoes are now coming along well and will soon have the ground

covered.

Hammock stopped at the Farm Bureau office and told how he stood on his front porch Sunday and watched the rain "coming down the hills like a river," but it wasn't raining even where he was standing to enough dampen him. He lives some 28 miles northwest of Hereford.

Grain dealers are not expecting a heavy wheat crop this year, considering all the conditions, but another big grain sorghum crop is expected.

Storage Facilities
With storage facilities already

bulging with grain put up under the government loan program, farmers are being urged to construct on-the-farm storage, on which they can get loans of 80 percent on the building only, and can get income tax deductions which will help pay for the cost.

Loans on the buildings can be obtained from Commodity Credit Corporation through the Agricultural Stabilization and Conservation office in Hereford. Several types of buildings, all of which are rat proof and can be sealed, can be constructed under the program.

BEN CONKLIN, Mrs. Merlin C. Kaul and Mrs. Edna Bowe, all of the Hereford IOOF and Rebekah lodge, were among the officers for the Panhandle association of Odd Fellows and Rebekahs installed early Tuesday afternoon. From left, are: J. P. Eubanks of Amarillo, outgoing Odd Fellow president; Conklin,

incoming president; Bernard Bryan of Perryton, Odd Fellow vice president; Mrs. Eula Schuette of Amarillo, outgoing Rebekah president; Mrs. Kaul, incoming president; Jewell Rabo of Shamrock, incoming vice president; and Mrs. Bowe, who was installed as association chaplain. (Staff Photo)

Three From Hereford Lodge Elected By IOOF, Rebekahs

Ben Conklin and Mrs. Merlin C. Kaul, both of the Hereford lodge, were installed as presidents of the Panhandle Association, Independent Order of Odd Fellows and Rebekahs, respectively, Tuesday morning.

Installation of the officers was one of the final events of the three-day meeting of the association, which began Sunday afternoon.

Other officers include vice presidents Bernard Bryan of Perryton and Jewell Rabo of Shamrock; Frank Shaffer of Perryton as association secretary treasurer; and Mrs. Edna Bowe of Hereford as association chaplain.

More than 350 persons, including members of the Hereford lodge, registered during the association's

51st annual, Conklin said.

Official registration of those attending began Sunday afternoon at the IOOF hall, where Mrs. Ursalee Jacobsen and Mrs. Mildred Renfro pinned badges on the delegates. A tea was held during the afternoon.

Memorial services Sunday night, conducted by Major and Lady V. C. Prescott of Amarillo were held for 22 Rebekahs and Odd Fellows from this district who had died during the past year.

Business sessions of the meeting opened Monday morning, when the delegates were formally welcomed to Hereford by Mayor J. H. Sears and J. C. Morrison, and a formal response to the welcome was given by Roy Kretzmeier of Pampa.

Following another business ses-

sion and individual charges during the afternoon, more than 100 persons convened at the First Christian Church for a banquet, and to hear a talk in the lighter vein by D. W. Brashears of Dimmitt, a retired minister.

Degree contests followed, the Rebekahs meeting in Shirley School, the Odd Fellows at Central School.

Election of officers and their installation was the last important part of the business meeting Tuesday morning, after which the convention adjourned. Next year's meeting will be held in Perryton.

The Rebekah drill team from Hereford won the cup for having best drill team. Members of the

Around Town

In Hereford, anything is likely to happen. About 6:30 o'clock Friday night Mrs. R. E. Greathouse, 318 C Street, picked up a TV broadcast direct from Detroit. The image was the best during the time when the wind was blowing the hardest, she said, and faded out completely by 7 o'clock.

Ella Mae Childers, anesthetist at Deaf Smith County Hospital, was surprised with a birthday party Wednesday morning at the hospital. Refreshments of birthday cake and coffee were served to all members of the hospital staff. Mrs. Childers cut the birthday cake and Dr. W. D. Lawrence poured.

Persons working behind the scenes are just as important as those on stage in the production of a musical. Technical staff for "The Mikado," which will be presented Thursday and Friday nights at the High School auditorium consists of: Dixie Young, pianist; Kenneth West and Johnny McIver, lighting technicians; Carol Sparks and Ted Moore, prompters; Clelan Meharg, curtain; Lohman Lookingbill, publicity chairman; Mrs. Elmer Patterson, Patsy Townsend, Norma Cummings, Mary Durham, Georgia Lewis, Kenneth West and Billy Martin, makeup; Frank Jones and Mrs. Don Root on sets.

Home made pies are now being sold by members of Hereford High School chapter of the Future Homemakers of America to raise money for the foreign student fund. Pies sell for \$1 each and will be delivered Saturday. Those interested in buying a pie should contact any FHA member.

Thirteen clubs in Deaf Smith County will be included in the more than 1,900 Texas Home Demonstration Clubs that will observe the clubs theme "Home the Cornerstone of Freedom" when National Home Demonstration Week is observed from May 2 to 8.

A clinic for the examination of cerebral palsied children will be held May 10 at the Lubbock Cerebral Palsy Treatment Center, 3502 Avenue N, Lubbock. Parents who plan to bring children to the clinic are requested to register the children at the Center before the date of the clinic.

LIVED IN HEREFORD SINCE 1937 Funeral For J.W. Terry Set For This Afternoon

Funeral services for John Wesley Terry, 50, 208 Ave. H, will be held at 2 o'clock this afternoon in the First Baptist Church with Rev. Howard Scott, pastor, and Rev. Russell Pogue, pastor of the Temple Baptist Church, officiating.

Terry died suddenly Tuesday at the Deaf Smith County Hospital.

He was born in Plainview June 25, 1903. On June 6, 1926, he married Nola Wakefield at Quitaque. They came to Deaf Smith County from Canyon in 1937.

Terry has been in the service station business since coming to Hereford in 1937. He was operating a station on West First Street until the time of his death.

He was a member of the First Baptist Church. In his spare time

Terry enjoyed playing golf.

Survivors include: his wife; one son, Ray Terry of Corpus Christi; one daughter, Wanda Ward of Norwalk, Calif.; his mother, Mrs. E. J. Terry of Graham; two brothers, A. E. Terry of North Hollywood, Calif., and Marvin Terry of Greenville; four sisters, Mrs. J. M. Wise of Canyon, Mrs. L. E. Smith of Graham, Mrs. Art Van Heur of Los Angeles, Calif., and Mrs. L. E. Long of Houston.

Burial will be in West Park Cemetery under the direction of Gilliland Funeral Home.

Methodist Church Schedules Premiere Of "John Wesley"

A premiere showing of the new color motion picture, "John Wesley" will be held at 7:30 o'clock the night of May 16 in the First Methodist Church, according to Rev. S. M. Dunnam, pastor.

Hereford's First Methodist Church was among some 500 churches across the nation who were granted a pre-release showing by making a contribution toward the cost of the feature-length film.

Produced by the Radio and Film Commission of the Methodist Church, the picture was filmed in England for the American Church by the J. Arthur Rank organization.

Leonard Sachs, outstanding English stage and television actor, portrays the famous "horseman of the Lord," as Wesley came to be known as he rode up and down England winning thousands of people to a new understanding of religion and a transformed life.

Drilling Starts Soon On New Wildcat Test

Drilling equipment started rolling in Monday for a wildcat test well on the Fred Collett place in the Garcia Lake area. Gardener Brothers Drilling Company of Dallas indicated a probability of spudding in the well Saturday or sooner. The contract calls for "6,500 feet or production."

Situated 34 miles west on Harrison and two north, the location is technically described as the Southwest of Southwest quarter of Section 10, T-3N, R-1 E, and includes 40 acres of the Fred Collett home place.

Another point which has created interest among oil men is the fact that the current location is still in the proximity of the Hyslop test, being located approximately one mile north.

Hereford Softball League Ready

Revived and given impetus by the addition of new players and teams, Hereford's Softball League has scheduled 17 playing dates for the spring and summer.

Opening pitch of the season is scheduled for 8 o'clock the night of May 4, with double-header games scheduled for each Tuesday and Thursday night through June 24. An all-star game will be played June 29.

Season tickets are on sale at Rutherford and Co., or from Dick Ross at Hotel Jim Hill, Raymond Lueb at Hereford Shoe Store, Wendell Burdine at Miller Auto, and Debbs Knox at Hereford Bakery.

Officers of the league are Emerson Roland, president, and Leo Box secretary.

League committeemen are Larry Summers, Jack Streun, Raymond Lueb and Onias Carroll.

Hereford softball teams are: Rutherford and Co., managed by Raymond Lueb; Road Knights managed by Leo Box; Piggly Wiggly, managed by Debbs Knox; Dawn, managed by H. R. Stuart; Summerfield, managed by Roy Botkins; and Hotel Jim Hill, managed by Dick Ross.

Nine To Take Physical Examination On May 28

Nine men registered with Selective Service Board 18 will take their physical examinations May 28.

They are: Will Robert Black of Canyon, John Melford McFarland of Bovina, LeGrand Morton of Hereford, Dayton Earl Hacker of Hart, Richmond Hales of Amarillo, Leslie Hylton Benham of Canyon, Robert Albert Sinclair of Hereford, Pete Ernest Fischbacher of Canyon and David Irvin Curry of Hereford.

Schedule of games is as follows: May 4, Summerfield vs. Rutherford and Co., and Dawn vs. Piggly Wiggly; May 6, Road Knights vs. Hotel Jim Hill and Summerfield vs. Piggly Wiggly; May 11, Rutherford vs. Hotel Jim Hill and Dawn vs. Road Knights; May 13, Dawn vs. Rutherford and Summerfield vs. Road Knights; May 18, Hotel Jim Hill vs. Piggly Wiggly and Rutherford vs. Road Knights; May 20, Road Knights vs. Piggly Wiggly and Summerfield vs. Hotel Jim Hill; May 25, Rutherford vs. Piggly Wiggly and Dawn vs. Summerfield; May 27, Dawn vs. Hotel Jim Hill.

Hereford Drops Tough 5-7 Decision To Wolves

By Billy Paul Knox

Hereford dropped a tough 7-5 decision to the Dalhart Wolves at Dalhart Friday afternoon. Jim Wilson again turned in a fine performance on the mound for the Wolves, giving up only four hits. Terry McRight pitched four hit balls for the Whitefaces but walked 10 men, which proved to be a key factor to the success of the Dalhart team. Wilson passed only one man.

The Wolves were in control throughout the game but never had a comfortable lead. They never led by more than two runs but they kept up a steady pace, failing to score in only one inning. The Herd drew a goose egg three times.

The tremendous number of walks given up by McRight proved to be his downfall. He controlled Dalhart bats very effectively but he could not master his control. McRight fanned six Dalhart batsmen while Wilson whiffed 12.

Hereford picked up a single run in the first to manufacture a very brief lead. Whiteface catcher Ralph Atchley blasted one of Wilson's gopher balls over the left field fence for the run.

This lead was very brief. The Wolves overcame it with three

runs in the top of the first and were never headed there on. McRight walked the first two batters then allowed a single to Devers for the first run. Two more walks, a stolen base, and a fielder's choice drove in the other two. Hereford also scored one run in the second. Hershey received first on an error. Joe Easley then singled to right but Hershey was thrown out trying for third. Calloway forced Easley at second then burglarized second base. He then took third when Quattlebaum got in on an error. McRight singled to drive in the run.

Dalhart kept pace with the Whitefaces by scoring one in their half of the second. Martin singled and took second on a wild pitch. He pilfered third on a ground out then scored on a passed ball.

The third was the Herd's most successful inning. Bryant made first on an error. Ralph Atchley then hammered his second home run of the game to drive in two runs.

With the score 4-4 going into the last of the third Dalhart regained their lead by scoring a single run in their half of the third. Two walks, two stolen bases, and a fielder's choice produced the run.

Hereford netted nothing in the fourth and fifth while Dalhart scored one in the fourth and none in the fifth.

A walk, a stolen base and an error produced the last Whiteface run in the sixth inning.

A single and three Hereford errors netted the last Dalhart run in the sixth.

Hereford made four errors compared to six for Dalhart. Ralph Atchley was the leading hitter for the Herd with two hits, both home runs.

AT BULL BARN SATURDAY

Wrestle Royal Will Open Card Followed By Man To Man Events

A five-man "wrestle royal" will get things started at the Hereford Bull Barn Saturday night, with two "man to man" matches following. First athlete to be eliminated to the "royal" is through for the night. The second and third men eliminated will scrap each other in the semi-final event, two out of three falls or 45 minutes. The two survivors will call it quits for the time being, but will return for the main event, two out of three falls or one hour. The contestants will be Dory Funk, the Southwest States junior heavy weight champion, from Flying Mare Ranch; Tony Morelli,

a rough Italian from Naples and New York; Timmy Geohagen, one of the world's strongest men, from Dublin, Ireland; Billy Weidner, strong man from Boston and Amarillo, and young Danny O'Rourke, a blond Irishman who is showing great improvement. Funk recently won a try for the world's heavyweight title owned by Lou Thesz. It was a great battle, with Thesz winning on a disqualification when Funk went rampant, assaulted the referee, Bob Cummings, and otherwise lost his temper. He was giving Thesz quite a battle up to that time. Geohagen, called "Ireland's

strongest man," has made a great hit everywhere he has appeared. He, too, has wrestled Thesz, twice. It shapes up as one of the more interesting cards Hereford fans have seen in some time—even if nobody knows in advance who is to fight whom in the semi-final and main events. Beginning this Saturday, matches will begin at 9 o'clock instead of the earlier hour.

NO VISITORS (Current)

Visitors were strictly barred from the sets during most of the filming of "The French Line," RKO Radio's lavish Technicolor musical starring Jane Russell, Gilbert Roland, Arthur Hannebutt, and coming attractions at the Star theatre.

Director Lloyd Bacon applied the taboo because of the intimate nature of many sequences, including among others, Miss Russell's sensational bubble bath scenes, which she performs while singing a new song, "Well, I'll Be Switched."

Another reason for the closed sets was because of the scores of ravishingly beautiful girls appearing in the production numbers of this Howard Hughes presentation. They were attracting too many male visitors.

SCHOOL NEWS

We are very happy over our recent rain. Gail Hall is a new pupil in the third grade. Mrs. Baker gave each child in our room a baby chicken for Easter. We dyed them Easter colors and are attempting to raise them at home. So far just one has died. A bird was caught and brought into our room. So far we have been unable to identify it. We are also trying to identify a bird's nest and eggs.

Dragons - fabulous, huge, winged, fire-breathing lizards or snakes - have a place in the myths of many countries.

LORAN BURNETT TO SPEAK

Red Cross Disaster Meeting Will Be Held Here On May 6

Loran Burnett, Red Cross Field Representative will hold a disaster meeting for the disaster planning committee at 2 o'clock the afternoon of May 6 in the Red Cross office to go over plans, according to A. J. "Major" Schroeter, disaster chairman.

Tornado Whys and Wherefores as given by Schroeter are:

"Tornadoes can occur any place in the United States at any time of the year. They strike most frequently in midwestern, southern and central states from March through September.

Knowing what to do in case a tornado strikes may mean the difference of life and death. If time permits go to a storm cellar, cave or underground excavation which should have an air outlet to help equalize the pressure.

The tornado can be recognized, usually, as being a funnel-shaped cloud, spinning rapidly, extending outward from a thundercloud. Close by, it sounds like a roar of many airplanes.

A good safety rule in open country is to move to right angle to the tornadoes path, Schroeter continued. An automobile can often out run a tornado, if there is no

"What's an 'off,' Daddy?"

The question was expounded by a small girl Sunday afternoon and pretty well threw her Pop and the other spectators for a tailspin. It got a chuckle, however, when investigation proved that she was merely reading those "Welcome IOOF" signs painted on the store windows.

Meanwhile, Pioneer Days are approaching. . . but fast. Do you know when the first Pioneer Day was held in Deaf Smith County? It was away back in 1915. A total of 46 people registered for the event—and only six of them are still alive today. Vern Witherspoon ran across an old ledger which contains the information.

The six still with us are: Mrs. G. E. Burns 1890, George Combs 1894, Mrs. J. B. McCord (Swigart) 1891, Mrs. Ida Vaughn 1891, A. Witherspoon 1890, and Vern Witherspoon 1890.

Others listed in the old ledger include: Mr. and Mrs. J. N. Askren 1891, E. F. Connell 1893, Mr. and Mrs. E. Carter 1885, J. P. Connell 1892, Mrs. George Combs 1891, Mrs. Lynn Firtsch 1890, Mrs. J. C. Cox 1887, J. E. Ferguson 1891, W. S. Higgins 1890, Mr. and Mrs. R. J. Kibbe 1890, A. J. Lipscomb 1890, A. P. Murchison 1888, Mr. and Mrs. T. B. Rector 1893, Mrs. W. A. Stewart 1892, Mr. and Mrs. J. C. Womble 1891, C. E. Wheeler 1892, Mrs. C. E. Wheeler 1895, R. Witherspoon 1890, Mr. and Mrs. R. L. Wilson 1890, G. H. Womble 1891, Mrs. P. J. Wilson 1891, J. S. Wyche 1895, Mr. and Mrs. C. V. Walker 1887, George Muse 1892, Mrs. Charlie Hodges 1890, Troy Womble 1890, Mrs. J. E. Ferguson 1891, L. Gaugh 1883, Mr. and Mrs. T. J. Bassett 1889, George McDay 1889, W. T. Womble 1892 and C. C. Ferguson 1891.

People along Main Street have been talking about how a good rain would stimulate business. This is true, no doubt, but the smattering of hail which accompanied the shower this weekend brought about much more immediate results. Things were sure booming around the hail insurance places Monday and Tuesday.

Hail damage was comparatively light, however. Once in a while you hear about a 40 percent loss, but not often. Just enough hail to get folks worried. H. D. Robbins, who lives about seven miles south, has been here a long time and he has stacked up quite a record. He says he has not been hailed out—yet!

A rain like we had this weekend would have created a furor in March while the sandstorms were descending upon us. It might have done the same this week—except for the McCarthy Hearing. This controversy sure is holding wide interest. Everyone says that NBC cut the hearings off of TV, due to "lack of public interest." This is a bunch of "hokey". Interest is paramount. There was some other reason. Wonder what?

Most people I talk with seem to favor Secretary Stevens' side of the question. A few ate for McCarthy. I think they should both be ousted. Honest, that is what needs to happen. Such shadows as have clouded both of their reputations should be grounds for removal. This is impossible, of course—but it needs to happen. The sooner the better, regardless of the outcome of the hearings.

Private David Schine, meanwhile, continues to be the chief point of interest, and people are wanting to hear his side of the story. I'll bet that boy catches a lot of KP duty when things get back in the groove. He is getting almost as famous as Private Hargrove. Another sidelight is that the Navy Admirals are likely chuckling up their sleeves. Their time is probably coming, though.

Tornadoes are destructive because of the violent winds that create a serious hazard from objects thrown through the air. Differences in air pressure that can lift automobiles and cause buildings to collapse also make them dangerous.

Baseball for Jurors

TAUNTON, Mass. — Jurors in a Bristol Superior Court session got some easy-to-understand baseball language in their instructions from Judge Joseph L. Hurlley.

"You, who are baseball fans have seen the umpires call them as they see them and not worry whom the decision favors."

"You, too, are umpires. Call them as you see them. Use your common reason and good judgment."

Elderly Racer Just Won't Quit

AP Newsfeatures
 MIAMI, Fla. — Oldest horse to see action at Hialeah Race Course this season is a 16 year old thoroughbred named Take Wing.
 No one expects such an elderly equine to compete with younger racers but Take Wing will act as lead pony for the stable of owner-trainer Clyde Troutt.
 On two previous occasions Troutt retired the big brown gelding to the farm but Take Wing wasn't content in idleness.
 Back at Hialeah, he seems happy and content performing his daily chore of escorting Troutt racers to the track for their morning workouts and giving the younger colts and fillies confidence and a steady influence.
 Take Wing refused retirement at 10 and in 1949 he won two races and earned \$2,860. The next year he started 27 times, finished in the money 12 times and won \$8,595. It was his last year of campaigning.
 Back in 1945 Take Wing won the Meadowland Handicap at a mile and a quarter in 2:03 2/5 on the grass at Washington Park. That was the second time he won that race and he did it again in 1947 at a mile and three sixteenths in 1:55 1/5 for a new American Re-

cord.
 In 11 racing years, Take Wing started 197 times and was in the money in 88 of them, winning \$167,820.
 Troutt figures the old campaigner is happiest amid surroundings he knows best—at the race track.
 Blood Price Paid
 ADEN (9) — If a man kills another man, in Al-Madurah village, in Aden's western protectorate, he must pay 700 Maria Theresa dollars as blood price. But if the killer is a woman, a 50 per cent discount is granted.
 The rule was applied recently to a woman who stabbed to death a boy and a girl, the brother and sister respectively of another woman whom the murderers' husband wanted to take as second wife.

NO VISITORS (Current)

Visitors were strictly barred from the sets during most of the filming of "The French Line," RKO Radio's lavish Technicolor musical starring Jane Russell, Gilbert Roland, Arthur Hunkeler, and coming attractions at the Star theatre.
 Director Lloyd Bacon applied the taboo because of the intimate nature of many sequences, including among others, Miss Russell's sensational bubble bath scenes, which she performs while singing a new song, "Well, I'll Be Switched."
 Another reason for the closed sets was because of the scores of ravishingly beautiful girls appearing in the production numbers of this Howard Hughes presentation. They were attracting too many male visitors.

Drager Family Loves That Home Made Bread

Mrs. Abraham Drager, who lives in the Westway community attended a 4-H meeting when she first moved to the county seven years ago and went home with a recipe for home-made bread that gave her a steady job of making bread for her family, as they refuse to eat any other kind.

When all six members of her family are at home Mrs. Drager sometimes has to bake twice a week and she makes eight big loaves at each baking.

Here is the recipe that Mrs. Drager uses for eight loaves and for one or two loaves the ingredients may be reduced accordingly.

White Bread

- 4 cups hot water
 - 4 cups cold water — when mixed this makes the water about the right temperature or lukewarm.
 - 8 tablespoons lard — Mrs. Drager uses hog lard. If shortening is used a little more should be added.
 - 2 packages active dry yeast—dissolved in one half cup warm water to which a teaspoon sugar has been added.
 - 1 cup sugar.
 - 8 tablespoons salt
 - Flour to make a stiff dough
- Mix all the ingredients and work in enough flour to make a stiff dough. Knead until smooth and let rise in a warm place until double in bulk. Punch down and let rise a second time. Divide into eight loaves, put into greased loaf pans, let rise and bake at 350 degrees for one hour.

By popular demand Mrs. Drager served hot rolls, home made butter and jelly at a Home Demonstration Club meeting at her

Bread And Quick Meal Studied

Some of the 4-H girls Clubs are completing their program for April with demonstrations on quick macaroni meals and others are being given demonstrations on quick bread.

Reports were sent in by the following clubs for last week:

Jolly Girls
The Jolly Girls met in the home of Peggy Browning on April 8. The meeting was called to order by the hostess.

Miss Loyce A v a n t, assistant Home Demonstration agent, gave a demonstration on banana bread.

Those present were: Fern Fortenberry, Sharon Bezner, Wynona Roberts, Marsha and Clara Case, Fern Coursey, and Arlene and Linda Cupell.

The next meeting was to be with Mary Cayton on April 22.

Civil Defense Programs Given

Progressive Home Demonstration Club members were guests of Mrs. Robert Loyd at her new home west of Friona April 20 for regular meeting.

A game, "Whose Back," was used by Mrs. P. L. Carmichael, member of the recreation committee, to open the meeting. In a short business session conducted by the President, Mrs. C. C. Billingslea, it was decided to sponsor the showing of a travel film at the games party to be held at the Progressive School House May 8 at 8 o'clock. Cookies and punch will be served and a free will offering will be taken.

Kathryn Collin was appointed chairman of the marketing committee to replace Mrs. Loyd, who had resigned.

The next meeting will be held at the home of Mrs. Carmichael instead of with Mrs. Dee Buttrell as outlined in the year book.

Mrs. Loyd was in charge of the program on Civil Defense. Mrs. Bert Coffin reported on the need for defense and disaster relief, pointing out the fact that a well planned relief program will be necessary as long as conditions remain unsettled in the world and that women play an important part in civil defense.

Mrs. Vigil Dodson discussed six survival secrets for atomic attack, stressing that the greatest danger (Continued on Page 2)

Sheep Shearing In Full Swing On Area Farms

Pulling the wool over somebody's eyes may not always be a big job but shearing the wool off a sheep is work any way the task is done.

A fellow's ability with a pair of hand shears was more of an endurance test than anything else before the power clipper came into use. The shears had to be sharpened often and the patience of the sheep was taxed to the limit during the process.

This tiresome and tedious method has been replaced for the most part by machines with a small motor or electricity for power. The machines are carried from one flock to the other on a truck, and have from four to 10 or more drops, on an average.

Shearing time for this section of the country usually begins the latter part of April or the first of May. The sheep are sheared only once a year because a second shearing in the fall does not give the sheep time to grow back a good coat of wool for the winter and the clip is so short the grade is lowered.

Mexicans who own the shearing machines travel from one farm or ranch to the other, contact the owner of the sheep and set a price for the work, usually determined by the number of sheep to be sheared.

Current price per head for the small flock is 50 cents with an additional charge of 10 cents for tagging and three times the price for a ram. Tagging consists of shearing dirty wool off the sheep's rear first.

Small machines are set off the truck into a barn or lot for the work. Pens are blocked off with boards to crowd a part of the sheep into a small place so they may be more easily caught.

A canvas is spread on the ground to keep the wool clean, each shearer catches his own sheep from the bunch, drags it to the drop where he is to shear and the disrobing process begins.

If the owner wishes to pay an additional cost the sheep is tagged first and the tags are kept separate from the rest of the wool.

Usual procedure from there on is to shear the under side of the animal first. The feet are then tied and the sheep is sheared from the neck down the sides and along the back, keeping the

QUIRINO MORENO, who lives at 411 West Second Street in Hereford, has operated a sheep shearing machine in this vicinity for several years. The sheep being sheared is one of 400 belonging to Harland Frye down in Cas-

tro County. The rods in the background are extra drops not in operation. Three men can shear more than 250 sheep in one day. (Staff Photo)

Presentation Planned For Woman Of Year

The Woman of the Year Award will be presented to the Home Demonstration Club woman selected by a secret committee when delegates to the district meeting in Panhandle give their report to club members at the Veterans Club House Friday afternoon.

The meeting time is 2:30 o'clock. All club women are asked to attend. A program has been planned which will be of interest to the women.

home recently. To save time she used a prepared hot roll mix but instead of the one cup of water called for she used two and 2 tablespoons sugar and enough flour to make a stiff dough. She made clover leaf rolls by putting three small rolls of dough which she let rise, into muffin pans, and baked at 400 degrees for 15 minutes.

BETTER, CLEANER GASOLINE!

PHILLIPS 66

Only in Phillips 66 Flite-Fuel do you get the added super aviation fuel component, Di-isopropyl (pronounced di-iso-pro-pull). This special clean burning power component is a Phillips exclusive—developed originally for highest powered military aircraft.

Phillips Petroleum Company was the first to make Di-isopropyl and HF Alkylate, so valuable to smooth motor performance that, until recently, their use was restricted by the U. S. Government to high performance aviation gasoline. Now authorities have removed restrictions and these powerful components can be blended into Phillips 66 Flite-Fuel.

New Phillips 66 Flite-Fuel provides increased power, higher anti-knock, greater fuel economy, and freedom from cold stalling.

In addition, Phillips 66 Flite-Fuel gives you the clean burning qualities that result from use of natural and aviation gas components. No anti-fouling additives are needed to insure maximum power and efficiency when you drive with Flite-Fuel.

Only Phillips 66 Flite-Fuel contains added Di-isopropyl. Get it at stations where you see the orange and black Phillips 66 Shield.

Hickory Ann, Poco Dell Named Top Quarterhorses

Hickory Ann was named grand champion mare, and Poco Dell was named grand champion stallion at the Hereford Riders Club quarterhorse show Saturday.

Reserve champion stallion is Jugabor, with Little Squaw the reserve champion mare.

Hickory Ann, sired by Hickory Red, is owned by O. G. Hill Jr., of Hereford. Little Squaw, sired by Palomero Horse, is owned by J. D. Kitchens of House, N. M.

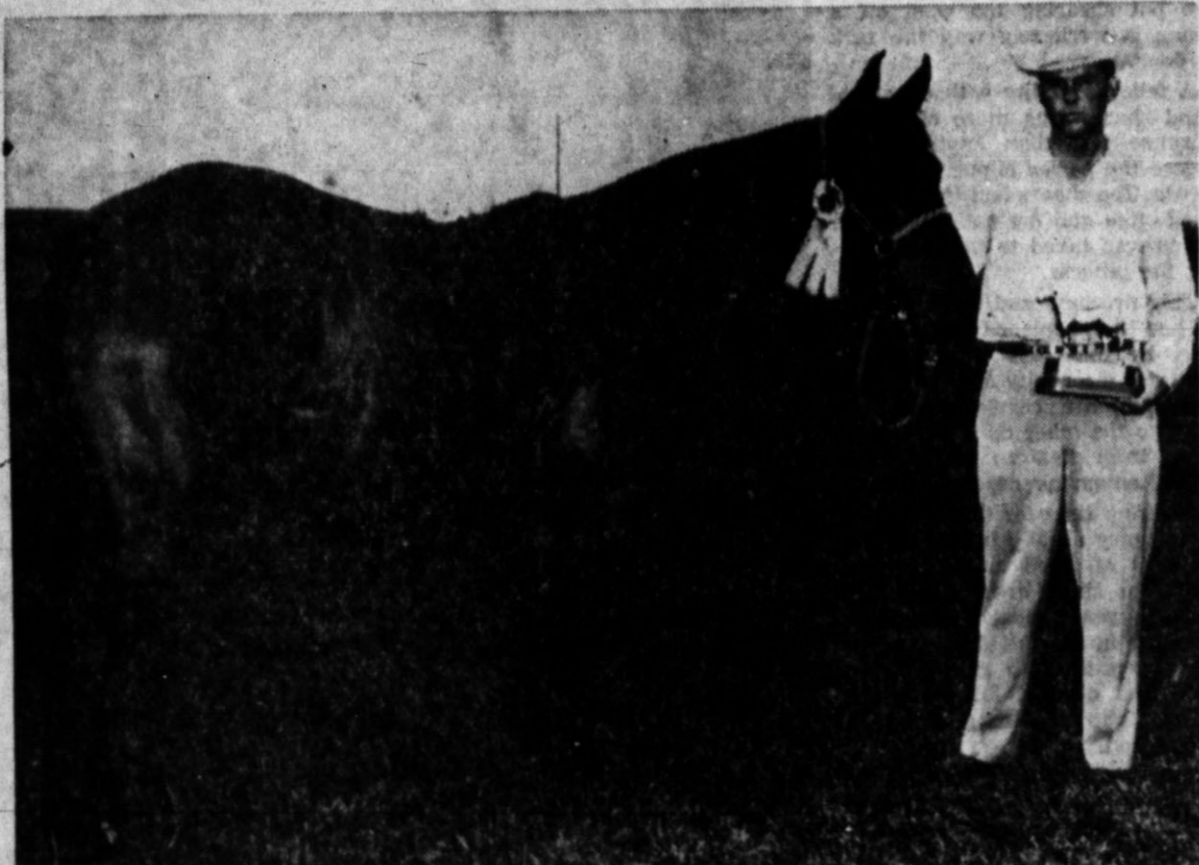

Poco Dell, sired by Poco Bueno, is owned by Jimmie Randals of Montoya, N. M.; Jugabor, who was sired by King P234, is owned by Orvil Hicks of Hale Center.

Said to be the finest group of quarterhorses ever gathered in Hereford, the animals were judged in 11 classes by Glenn L. Casey of Amarillo.

By classes, the winners are: 1953 Fillies — Scooteretta, owned by Vernon Bradley of Clovis, first; Peppy Mary, owned by Bill Stockstill of Pampa, second; Cuttie Gal, owned by Jimmie Randals of Montoya, third; Shimmy Penny, owned by Earl Boggs of Hale Center, fourth; and Wacetta, owned by Charles Banks of Adrian, fifth.

1952 Mares — Peppys Dolly, owned by Bill Stockstill, Pampa, first; Bopeep, owned by Vernon Bradley of Clovis, second; Dustabout, owned by Heber Steart of Clovis, third; My Do, owned by Earl Hodges of Post, fourth; Miss Sedg, owned by Dr. M. C. Fitch of Midland, fifth.

Hill Jr., second; and Billy Troutman (Bill Straight Show, Randys Dabbie and Bee Bee Hopson) owned by John Albright of Levata, Colo.

Geldings were divided into two classes, because of the number of animals being shown.

Winners in the first class were: Claude Smoke, owned by R. W. Woodruff of Shallowater, first; Doggie Dun, owned by John Trimmer of Hale Center, second; Montoga Chief, owned by Trox Whatly of Bushland, third; Little Tom Boy, owned by Art Lewis of Here-

Civil.....

(Continued from Page 1) of injury is from the blast and heat.

Mrs. Loyd reported on articles in March, Consumers Guide, which she thought would be of interest to club members. First article discussed was Foam Rubber Mattresses which are not widely used as yet due to their cost but have long life and are very comfortable. The mattresses are easy to care for and repair, light weight, and easy to handle. Nylon sheets and cases were the second article. The sheets are reported to be high in cost but very durable, easily laundered and occupy very little storage space. In article on Frozen Berries, 44 brands were tested and graded. Brands of frozen spinach and canned saurkurt were also graded. Important fact in article on Rosebushes was they should be purchased from good dependable nursery.

Mrs. F. C. Glendenning was welcomed as a new member. Other members attending were Mesdames: C. C. Billingslea, Dee Buttrell, Taft McGee, P. L. Carmichael, Bert Coffin, V. E. Dodson, Leon Coffin, Lewis West, Dennis Plank, Miss Augustine Gregory, and the hostess Mrs. Loyd.

Mrs. R. J. Coleman was hostess to members of the Messenger H.D. Club last Friday.

Bread.....

(Continued from Page 1) Pinnell as hostess. Cynthia Kromer called the meeting to order. Kathleen Kromer led the group in several songs.

A demonstration was given by Mrs. C. F. Homfeld their leader, on a quick macaroni meal. Mrs. Homfeld was assisted by Judy Pinnell, one of the 4-H girls.

Those attending were: Judy Pinnell, Glenda Homfeld, Janie Taylor, Regina Edwards, Etta Ray Blalock, Wanda Pinnell, Rebha Pinnell, Cynthia Kromer, Kathleen Kromer, Phyllis Peters.

The next meeting will be in Adrian School on May 5.

Sheep.....

(Continued from Page 1) put into vats for scouring.

Wool markets are located at Amarillo, Roswell, Albuquerque, Hallinger, and the largest of all at San Angelo, but the bulk of the clip from this section goes into the government loan and is stored at such points as Kansas City for grading. When the wool is sold it goes to Boston for scouring and the clean wool is then manufactured into a great many items.

The larger breeds of sheep which are popular on our western ranges and for small farm flocks will shear an average of 14 pounds or more depending on how much dirt is gathered in the fleece from one shearing to the other.

Since the cleaner the wool the better the price it pays to keep the sheep in pens and on pasture where there is no loose dirt if possible.

The average good grade of cross-bred wools lose from 55 to 65 percent of the weight in washing and fine, greasy, burry, or heavier shrinking wools lose weight accordingly. Wool prices quoted in the market reports are on a clean basis.

In this locality, as word gets around, more and more wool from small flocks is being sent to woolen mills for blankets.

Some mills accept wool in payment for blankets and others manufacture the blankets from wool sent to them and charge a manufacturing charge for the blanket according to type and weight desired. The quality of the blanket made up from the long staple 3-8 and 1/2 blood wool is excellent but the mills are so far behind with their orders that one may decide he is going to freeze to death before he gets his blankets.

ford, fourth; and Bill Cody Jr., owned by Heber Stewart, fifth.

Winners in the second class of geldings were: Hickory Dun, owned by O. G. Hill Jr., first; Little Joe Star, owned by John Trimmer, second, and Pecos Rainey Day, owned by Floy Richardson of Post, third.

Claude Smoke was named champion gelding, and Doggie Dun reserve champion.

Rocking Chair Not Sedentary — CHARLESTON, W. Va. — "Old Rockin' Chair's Got Me," wailed a Charleston taxicab driver. He was charged with transporting more than the legal limit of one gallon after police found 14 pints of Rocking Chair whisky in his cab.

A program on Civil Defense was given by Mrs. J. T. Guinn, Mrs. Elmer Northcutt and Mrs. N. A. Brown.

Mrs. Coleman baked an angel food cake for the group. The cake will be auctioned off for the prettiest girl at the political rally to be sponsored at the Walcott School on May 7 by the Messenger Club, the Farm and Ranch Club and the Walcott P-TA.

Those present were: Mesdames S. N. Tweatt, J. T. Guinn, John McCullar, Bob Howard, W. D. Howard, Floyd Brown, N. A. Brown, Bruce Coleman and Elmer Northcutt.

The next meeting will be with Mrs. N. A. Brown on May 7.

North Hereford An unreported meeting of the North Hereford H. D. Club was the one at the home of Mrs. Tony Hoffman on March 26.

Mrs. R. A. Fulwood read an article on Biological Warfare and Mrs. Paul Hoff pointed out the changes that the Hydrogen Bomb

had made in a program for Civil Defense.

Mrs. Fulwood also demonstrated batik dying.

Refreshments were served to Mesdames R. A. Fulwood, O. C.

Williams, O. L. Williams, George Paetzold, C. L. Whitehead, Ludwig Kovacs, Paul Hoff, Otto Olson, Harold Pettijohn, Mary Bodkin, and the hostess Mrs. Carl Luke was a guest.

TO A SUCCESSFUL MAN PAST FORTY YEARS OF AGE

Do you know the people in your community and are you in a position to explain an intangible asset to them? Do you wish to engage in a dignified business, setting your own hours, being your own boss, and having a potential of unlimited earnings? Can you intelligently present a plan to which anyone can say "yes" for their own benefits. No investment necessary - - unlimited earnings in a profession you can engage in right from your own home, office or store.

If you are younger and have the ability of a 40-year-old man, you may be qualified.

Billions Being Bet On Future By Electric Power Companies

The business-managed electric power companies are betting on the future of the country, and backing up their faith in the economic stability of the nation with hard cash. During the current year when some people are looking worriedly at economic trends, the electric companies are spending \$3 billion on expansion of the industry.

In this the year of Light's Diamond Jubilee, the electric power industry is also taking a quick look back at the beginning of the whole idea. A review of electricity's first steps is being made, first of all to honor Thomas Edison and his inventions of the lamp and the electric system to go with it. Next purpose is to tell the American people how the electric industry has brought comfort to the home, production of industry, and the highest standard of living in the world to this country.

Climax of the Jubilee is D-Day, October 21, but the great story of Edison and his influence will be told between now and then by more than 260 companies, groups, and organizations in the electrical industry.

Vast Planning
Both immediate and long-range planning are of such vast scope as to indicate that the electric power industry fully expects that the American economy will continue to move forward. Examples of the sureness of that statement are easily discernible.

Five companies in the Pacific Northwest are setting up for the long haul by proposing to spend \$50 million a year for the next 20

years to develop power projects. Fifteen companies have formed the Ohio Valley Electric Corporation and are spending \$440 million to build facilities to provide electric power for the atomic energy installation near Portsmouth, Ohio. Another group of five companies, known as Electric Energy, Incorporated, are putting up \$159 million to do a similar job for the atomic plant at Paducah, Ky.

Niagara Project
Five New York companies are currently in a controversy with public power advocates because the companies have offered to spend \$390 million to build facilities to develop more power from the Niagara River.

Another squabble has resulted from the proposal of the Idaho Power Company, which is asked to Federal Power Commission to approve its spending \$200 million to harness the Snake River at Hells Canyon.

Of more immediacy is the program being carried out by a southern utility which is expending \$105 million on construction and expansion. An Ohio utility has committed \$63 million to expansion during 1954 and 1955. A Florida Company is in its third year of a 10-year \$332 million program expanding its service. A Pacific Coast utility is continuing a vast expansion program which calls for expenditure of \$125 million during 1954 with similar expenditures planned for 1955 and 1956.

Tacky Party Entertains Jumbo Progress Club

Mrs. Virgil Lamb and Mrs. Addison Hunter were hostesses for a Tacky Party when the Jumbo Progress Club met at the Jumbo Community Center on April 22 for the monthly Fun Night.

Mrs. W. E. Claudus and Mrs. O. L. Leslie entertained the children.

Prizes were awarded to Leta Wilson for the Tackiest Woman and to George Heard for being the Tackiest man. Forty people were present. Those attending from Dimmitt were: Mrs. Ed McLeroy and Marilyn and Mrs. R. B. Boren and Larry Allen.

Signs Are Wrong

EMMETT, Idaho—R. O. McMahon, a real estate agent, figured it was just a routine request when he asked the city council for permission to put up one of those wooden signs he'd seen over the sidewalk in front of other business houses.

The council looked in the statute book to make sure, found a 36-year-old fire ordinance on the subject, and had to order all the wooden signs taken down.

General To Present A&M Commissions

Maj. Gen. Charles E. Hart, commanding general of the Artillery Center at Fort Sill, Okla., will be principal speaker and present Army commissions to 213 Texas A&M College cadets in exercises on the campus May 21.

Another 50 graduating seniors will receive Air Force commissions given out by Maj. Gen. Gabriel P. Disoway, commander of the Flying Training Air Force at Waco.

Col. Joe E. Davis, co-ordinator of the School of Military Science at A & M said all of the 11 branches of the Army in ROTC program here will furnish new second lieutenants. Commissioning exercises are scheduled at 1 p.m. on the college Commencement day.

General Hart has had illustrious career since his graduation from West Point in 1924. During World War II he was artillery officer of the II Corps in North Africa and Sicily, and afterwards served in same capacity with the First Army in both the European and Pacific theaters.

Texas A & M College has a proud military tradition, more than 30 graduates having attained the rank of general officer. The school furnished 14,000 officers and 6,000 non-coms to the Armed Forces during World War II.

Bow Bells To Return

LONDON (AP) — The war blitzed church of St. Mary-le-Bow is being restored and again will be in the sound of Bow Bells.

However, it may be four years before the famous Christopher Wren church with its 12 bells will rise on its Cheapside site not far from St. Paul's Cathedral. It dates back to 1680.

The word "cockney" is a colloquial term applied to Londoners generally who can produce an accent all their own. By popular

agreement those born within the sound of Bow Bells can claim rightful cockney origin.

ABOUT AGRICULTURE Benson Warns About Storage; Urges Farmers To Plan Early

Secretary of Agriculture Ezra Taft Benson February 24 warned of the danger of serious storage problems this year and urged farmers to make plans now to help assure adequate storage facilities.

"Continued big production, encouraged by high prices supports, has built up tremendous supplies of major commodities," Secretary Benson pointed out. "Storage facilities had to be stretched to the limit, and supplemented in many cases, in order to handle 1953 crops."

"With normal weather this spring and summer, the storage problem can be even more acute in 1954. The carry-over of old supplies—before this year's harvest will be at all-time record levels for the two leading grain crops. The wheat carry-over is now expected to be above 800 million bushels, as compared with 562 million bushels last year."

"The effectiveness of price support programs for storable commodities depends very directly on the availability of adequate storage. The regular price support loans cannot be extended to farmers unless their commodities are housed in satisfactory storage—either on the farm or in commercial

facilities. The Department of Agriculture did everything possible to assist the expansion of both farm and commercial storage facilities in 1953. It will continue this vigorous help this year. The final responsibility, however, rests with farmers themselves. They should anticipate their requirements and make plans immediately to see that adequate storage space is available when they need it. We will help in every practicable way."

The Secretary called attention to the following specific types of assistance which the Federal Government is making available to farmers to help them expand storage facilities on their own farms, in addition to special steps to increase commercial space:

FARM STORAGE FACILITY LOANS

Commodity Credit Corporation loans for financing new storage construction are available to farmers through local county Agricultural Stabilization and Conservation Committees. These loans, which can run up to 80 percent of the cost of the new storage facilities in most States, can be paid off over a four-year period. The loans, at four percent interest, are available until June 30, 1954.

The Hereford High School golf team competed in the Region I-A golf tournament at Lubbock Friday and Saturday, winding up in fifth place among a field of eight teams.

As expected, Shamrock High School repeated as regional champions and will represent Region I-A at the state meet in Austin May 9 and 10.

Monahans finished second, Brownfield third, Littlefield fourth, Hereford fifth, Sam Houston of Amarillo sixth, Floydada seventh and Kermit eighth.

Playing on the High School team were Logan Cummings, 83-84-167; Keith Hodges, 88-86-174; Charles

Seed, 85-81-176; and Jerry Malone, 100-102-202.

Hereford's Junior High Team composed of Jeff Minton, Dale Taylor, Sammy Leslie and Dean Stevens, finished second in class B, losing also to the Shamrock Junior High School team, who finished first. Hereford fared very well this year for the first year of golf, taking second in the district meet and fifth in regional competition. In a couple of years they should have a very strong golf team.

Jack Of All Trades NORFOLK, Va. (AP)—The Jack of All Trades of the Navy is the Conchuh, once a combination raider and replenishment ship of Nazi Germany.

Under United States jurisdiction it has been converted to do the combined work of a fleet oiler, ammunition ship, provision ship and stores-issue ship—all while under way. It is classed as the fastest ship (20 knots) among service fleet auxiliaries.

Japan Fights Dope TOKYO (AP)—Japan's welfare ministry plans to tighten controls on narcotic addiction in a country where the victims are estimated to exceed 1,500,000. The ministry said over 10 per cent of the addicts were doctors, nurses, pharmacists and others working in the medical field.

Now it costs less to "talk it over by long distance"

Long distance telephone calls have always been a real bargain.

Now that Congress has reduced the excise tax on those calls, it costs even less to "talk it over by long distance."

No part of the tax reduction goes to the telephone company. You get the full benefit — so most long distance calls now cost you 12% less than they did.

Next time... why wonder or worry? Talk it over by long distance and be sure.

NOW... AN EVEN BIGGER BARGAIN

Local service also costs less. Excise tax cut reduces your cost approximately 5%.

LUCKY ORPHAN GETS NEW HOME A Houston teacher, Mrs. Hilda Attaway, found this baby armadillo, on her way home from school, with its eyes hardly open. Realizing its mother must have been killed she took it home, then gave it to one of her pupils and he added it to his collection of kittens that his five-year-old mother cat had several days ago. Our thanks to many of you who helped make the Family Fun Night program a success. There was a good crowd and the stunts were better than the ones the two previous years.

George Graham, Arthur Brook, Gene Prickett, George Smith, and Zane Axe really did co-operate to get us a public address system. Thinking the P. A. system at high school only needed a tube, they didn't know until late that this system wouldn't work. I understand they did some fast work and good management to get our program underway at 8 p.m. We appreciate the fine co-operation we received

minutes the great grain piles were smoking ruins. The Santa Fe lost a small bridge nearby during the mixup.

The loss of all this grain is a severe one, the fire being described as the most severe one, from a financial standpoint, that Friona has ever sustained.

The auditorium seats and pulpit furniture for the new First Baptist Church have arrived and the pulpit furniture has already been installed. Experts from the factory are expected within a few days to install the auditorium seats. Detailed plans for the formal opening of the new church on May 19, are proceeding smoothly.

from all concerned.

The J. Garland Smiths (that's Cotton John) added a lot to our program. Jackie and Duchess were cute in their mother-daughter-squaw dresses. Duchess is barely three but she is already conscious of her clothes and how she looks. She should have been on the program as she can sing Bimbo with a lot of expression.

Mrs. I. W. Scott, mother of Mrs. V. E. Dodson and Ira Scott, and Mrs. R. L. Campbell, mother of Roberta Campbell, are two of our most faithful in attending our County-wide club affairs. Their moral support means a lot.

This week we'll be involved in three big affairs. The REA annual meeting, the report meeting of the District THDA meeting held at Panhandle, and Saturday helping with the judging of the Project Show at Dimmitt.

The report meeting will be at the Veterans' Club House Friday at 2:30 o'clock. The Brand's plaque for the Outstanding Club Woman will be presented.

Council meets May 3 at 2:30 o'clock in County Court Room.

Flowers Sell By Weight

ITHACA, N. Y. (AP)—In cut flowers it isn't the smell nor the color that determines quality, it's the weight, say the specialists.

Arthur Leach of Manchester, N. H., a graduate student at Cornell University, has constructed a machine that grades flowers by weight. Pattered after an egg-grader, the gadget handles 120 dozen flowers an hour.

The machine makes possible standard grades — special, fancy, extra, first — which mean some-

NO VISITORS (Current)

Visitors were strictly barred from the sets during most of the filming of "The French Line," RKO Radio's lavish Technicolor musical starring Jane Russell, Gilbert Roland, Arthur Hunnicut, and coming attractions at the Star theatre.

Director Lloyd Bacon applied the taboo because of the intimate nature of many sequences, including among others, Miss Russell's sensational bubble bath scenes, which she performs while singing a new song, "Well, I'll Be Switched."

Another reason for the closed sets was because of the scores of ravishingly beautiful girls appearing in the production numbers of this Howard Hughes' presentation. They were attracting too many male visitors.

Probably the most complete water system in Hereford has recently been installed by H. L. Rice in his home in the Evans addition. This is a Kewanee Air Pressure System and consists of a combined

air and water force pump and an air tight pressure tank.

The tank is located in the basement and water forced into it giving a working pressure of about 60 pounds.

The advantages of this system

are, absolutely pure areated water; water can be delivered to any part of the house doing away with the unsightly elevated tank, fire protection, as a pressure of 60 pounds will throw water over the house, and cheaper insurance.

We have some good news, and thought the best way to let it be known was to send it to the Brand. Farmer County is not at all slow and has secured a new post office, the same to be situated 11 miles northwest of Bovina, and to be called Rhea. J. W. Barnett will be the postmaster. This place is located on the Frio draw, near lake Rhea, and in a most beautiful place to start a city and we wish someone would take advantage of this opportunity.

A new school house is already built and school in progress.

- Lemon Pork Chops With Pepper-Rice Rings**
4 loin, rib, or shoulder pork chops (about 1½ pounds)
¼ teaspoon paprika
½ teaspoon salt (for chops)
Dash of pepper
¼ cup raw rice
1 medium onion
4 thin lemon slices
1 large green pepper, cut cross-wise in 4 thick rings
2¼ cups (1 No. 2 can) tomato juice
2 teaspoons sugar
½ teaspoon chili powder

1 bay leaf, finely crushed
1 teaspoon salt (for tomato juice)
Trim excess fat from chops; slash fat edged 1 inch apart. Rub with paprika, salt (for chops) and pepper. Rub heated large skillet with piece of cut-off fat; brown chops slowly on both sides. While chops brown, parboil rice in boiling salted water for 5 minutes; drain; reserve for filling pepper rings. Cut one slice from center of onion; separate into rings; reserve for garnishing chops. Chop remaining onion; combine with reserved parboiled rice. Add lemon slices and onion rings to chops in skillet. Arrange green pepper rings around chops; fill with rice-onion mixture. Season tomato juice with sugar, chili powder, bay leaf, and salt;

YOUR HARVEST?

Stop, right where you are! What kind of seeds are you sowing?
 Do you go to church? Do you sow wheat, aloe, anise or prickly pear seeds?
 Do you bless your neighbor or curse him? The adage is true, YOU'RE GOING TO REAP JUST WHAT YOU SOW. Clean words, kind thoughts and good deeds bring a glorious harvest. If you sow of the flesh, do not expect to reap of the spirit, YOU'RE GOING TO REAP JUST WHAT YOU SOW.

Dawn News

By Bertha Frye

The community extends its sympathy to Mr. and Mrs. George Parker in the loss of their thirteen year old grandson, Don Parker. Mrs. L. M. Harris of Amarillo is spending some time in the home of her daughter and son-in-law, Mr. and Mrs. Clifford Stewart. Mr. and Mrs. Clifford Galley, Mr. and Mrs. Walter Galley and Irene made a flying trip to Pond Creek, Okla., Easter Sunday. They went by private plane and spent the day with Mrs. Walter Galley's brother and family, the Harold Pokeys. The Galleys returned home the same afternoon.

Wanda Sue Wimerberley and Marilyn Legg of Hereford were among those attending the Hardin-Simmons Senior day at Abilene Saturday.

There will be a musical pro-

gram at the Dawn Baptist Church Sunday afternoon at 3:15 o'clock by the pupils of Mrs. Carl Wimerberley and Mrs. Reece Stewart. Everyone is invited to attend.

Mr. and Mrs. Melvin May and Mr. and Mrs. Marvin May were on a fishing trip to Possum Kingdom last week.

Retirement Goes Professional - OMAHA (AP) - An ex-university president is ready to help you face retirement. His correspondence course is called "planned maturity."

When Rowland Haynes retired as president of the University of Omaha in 1948, he wasn't sure what he would do. "I never was much good at fishing," he admitted.

But Haynes, now 75 and a widower living with a son-in-law and daughter here, found happiness. In six years, in addition to doing a little teaching "for relaxation," he planned his course in what he calls "super adult education."

"Someone has said that retirement is about the severest shock the human organism can sustain. But it doesn't have to be a shock if you plan ahead for it."

THAT PICTURE! THAT DANCE!

YOU HAVE HEARD SO MUCH ABOUT YES, WE'RE GOING TO SHOW IT!

This Statement Is Intended as Facts, Not As An Apology

1. Yes, "THE FRENCH LINE" is the Controversial picture . . . ALL OVER TWO DANCE SCENES!
Jane Russell asked to cut the scene . . .
Howard Hughes said "No."
WHO IS RIGHT AND WHO IS WRONG? ??

2. DO WE HAVE TO BUY IT? When a Company has a product that will make you and them money, and you turn it down . . . then when they have something you want, what do they do? We turned a picture down with one company in 1949, and haven't made a good trade with them since. This picture also cost enough that we SHOULD show it 5 DAYS!

3. What we think of the Picture? Women will come to see the BEAUTIFUL CLOTHES . . . MEN WILL COME and sit on the FRONT ROW TO SEE THE BEAUTIFUL GIRLS. I DON'T KNOW ABOUT CHILDREN, AS I HAVE NOT SEEN THE PICTURE.

4. Universal Produced the Controversial Picture "THE MOON IS BLUE" and made money. RKO has "THE FRENCH LINE". My thought is every major company will come out with a controversial picture, and the exhibitor will have to buy one way or another.
