MOST PEOPLE WERE surprised Saturday when they walked into The Brand office and saw tables filled with the 183 ceramic pieces entered in the spring show of the Hereford Ceramic Art Club. A total of 67 persons registered at the showing with visitors from as far away as Friona and Dimmitt. Those en-

tering ceramic work were Mrs. Don Root, Mrs. W. S. Fluit, Mrs. E. M. Cox, Mrs. Glenn Boardman, Mrs. R. C. Childers, Mrs. F. M. Kester, Mrs. Carl Gilliland, Mrs. Effie Robinson, Mrs. O. H. Culpepper. (Staff Photo)

C. F. Newsom Announces For Commissioner

Carroll F. Newsom this week authorized The Brand to announce his candidacy for the office of Commissioner of Precinct 1, Deaf Smith County, subject to action of the Democratic Primary. In making his announcement, Mr. Newsom issued the following statement:

"I take this opportunity to announce my candidacy for commissioner of Precinct No. 1 to the voters of Deaf Smith County.

"I have lived in the State of Texas 28 years of which 15 years were in this county. I am a graduate of Hereford High School and attended Texas Tech College. With the exception of 3 1/2 years in the U. S. Air Force, I have spent the balance of my time farming in the Wyche Community where I now live.

"I understand the problems and needs of the farmers and other residents of this precinct and if elected I believe my experience and education will enable me to perform the duties of this office in a business-like manner and I will do my utmost to give the taxpayers full value for their tax dollars.

"I will appreciate to the fullest your vote and your support."

Ceramics Club Had 183 Items At Saturday Show

One hundred-and-eighty-three ceramic pieces were entered in the spring show of the Hereford Ceramic Art Club when it was held Saturday in The Brand lobby.

Mrs. W. Glenn Williams, 8th Street and 25 Mile Avenue, made the closest guess to the number of pieces being shown. She guessed 184. Miss Velma Cook of 106 Star Street guessed 179, which was second best.

Demitasse cups and saucers made by one of the club members were given as both first and second prize.

Silver donations and sales amounted to \$12.61, which will be given to the Handicapped Children's class at Central School for supplies and aids needed in teaching the class.

A total of 67 persons registered at the showing between 10:30 o'clock Saturday morning and 6:30 o'clock that afternoon, with visitors coming from as far away as Friona and Dimmitt.

Hostesses for the show were Mrs. Don Root, Mrs. W. S. Fluit, Mrs. E. M. Cox, Mrs. Glenn Boardman and Mrs. R. C. Childers.

Others who entered ceramic pieces in the show include: Mrs. F. M. Kester, Mrs. Carl Gilliland, Mrs. Effie Robinson, and Mrs. O. H. Culpepper.

Mrs. Jeff Gilbreath donated a piece to be sold, and Mrs. V. E. Dodson printed the cards and signs used for the exhibit.

CONVICTED LAST YEAR

Salinas Begins Serving Sentence For Bootlegging

A Latin-American convicted last year in county court of selling intoxicants in a dry territory began serving his jail sentence this week. His appeal was dismissed by the Court of Criminal Appeals on January 20.

The defendant, Jose Salinas, had been free under \$1,500 bond. He could not be located after notice was received here of the dismissal of his appeal, his bondsman was notified and brought Salinas in.

When the six man jury convicted Salinas last year, they set his punishment at six months in the county jail and a fine of \$500. Unless he can pay some of the fine, he will serve one year and nine days in jail.

On the same day that the judgment was filed, Salinas entered his objection and exception to the verdict of the jury, and through his attorney, Wayne Bagley of Canyon, gave notice of his appeal to the Court of Criminal Appeals.

County attorney J. Edward Lane represented the state in the case against Salinas.

FORMER RESIDENT INJURED

Mr. and Mrs. C. R. Smith were in Albuquerque early this week to visit their son-in-law, Jack Wilson, who had been seriously injured in a pickup truck accident. The Wilsons farmed north of Hereford until they moved to Albuquerque about a year ago. He is part owner of a chain of service stations there.

Mrs. Jerry Harris and Mrs. J. H. Doss Sr., of Weatherford are in Hereford this week while Mrs. Doss is consulting a doctor.

Mrs. Jim Wiman and son Bobby, 306 East Sixth Street, left Monday for Levelland, to be with Mrs. Wiman's mother, Mrs. F. E. Bailey, who had a cerebral hemorrhage Sunday. Mrs. Wiman returned to Hereford Wednesday morning.

Seniors Leaving On Annual Trip

Three school bus loads of Hereford High School seniors were scheduled to leave at 7 o'clock this morning for Ruidoso on the annual senior trip.

Some 91 seniors were scheduled to go to Ruidoso, where they will spend two days and three nights, thanks to the money the class has earned, and saved, during the past four years.

Plans are for the buses to stop in Roswell where the students and their sponsors will have lunch, then reach Navajo Lodge at Ruidoso this afternoon.

Sunday morning, the students and sponsors will again board the buses, leaving Ruidoso about 9 o'clock and probably arriving back in Hereford about 6 o'clock that afternoon.

Everything from horseback riding to skating is planned by the students. If the weather is nice, they will probably make a trip to White Sands.

Reservations, room and board for the group is costing some \$1,500. The class is financially able to handle the expense, though. Four years ago they started off by electing a freshman annual queen for the first time in the history of the school, with votes costing one cent each. They also won that honor for their candidate this year.

In fact, the class as a unit has won almost every contest it has entered.

Last year they raised money for the Junior-Senior banquet by selling magazine subscriptions, and had enough to put about \$1,000 away in the treasury.

Teachers who are going to Ruidoso with the seniors include Pat Sullivan, Wylie Quattlebaum, Don Martin, Mrs. O. D. Lowry, and Mrs. Marie Rateliff.

As a precaution against unforeseen expenses for medical reasons, the class members voted to take out individual seven-day "campers' insurance policies" at 50 cents each. This is a combination health, life and accident policy which would protect against heavy expenses in case any of the students got sick, as several did a few years ago when they ate some bad food.

Firemen Getting Ready For District Meeting

Hereford firemen are all busy these days on various phases of the preparations for the Panhandle district firemen's convention which will be held here next Tuesday.

Plans for the convention include entertainment, and numerous contests in the skills needed by volunteer firemen. A water fight, which is usually more fun for the spectators when they manage to keep from being doused, will probably be included in the program.

Clean-Up Week Will Start May 17

Plans for a clean-up week in Hereford and Straw Hat Day were made at a meeting of the Deaf Smith County Chamber of Commerce merchants committee meeting Tuesday morning in Hotel Jim Hill.

Clean-up week will begin the week of May 17, with the accent on cleaning up fire hazards and making the town safer, as well as improving the general appearance of the community.

Fire Chief Earl Phillips, who attended the meeting, stressed the fact that garbage cans, and the ban on burning trash in the cans, have both helped cut down on the number of trash fires in Hereford.

"Hereford is stacking up a good record, and we want to keep it that way," the fire chief said. "This time of year is a good one to clean out combustible material, such as old newspapers and clothes, and to do repairs and painting. Whenever a clean-up is done in a home or business, numerous fire hazards are found and taken care of, whether those doing the work realize it or not."

Straw Hat Day, to help the felts trot off into storage until next fall, was given general approval. Various methods of promoting the event will be worked out in detail later, the committee members decided.

Those attending the meeting included Dub Reeves, Don Little, Earl Phillips, Neil Cooger, Roy Peet, Clint Formby, Francis Hardwick, Paul Harvey, Mrs. Hazel Powell and G. E. Mullins.

New Bindweed Control Plans In Progress

Bindweed control problems are receiving special attention again, with a plan by which farmers can get Borasuc for almost cost.

Under the Agricultural Conservation and Stabilization program, some financial assistance in obtaining the Borasuc may be available, but farmers are advised to check with the ASC office before planning on that assistance.

Borasuc is recommended for comparatively small plots of bindweed, where it acts as a soil sterilant, stopping all plant growth for from two to four years.

Howard Gault has agreed to get the Borasuc and handle it for little more than cost, but it will be necessary that the material be paid for at the time the order is placed.

Further information on the program may be obtained from County Agricultural Agent Hugh L. Clearman, from Gault, or from the ASC office.

EQUALIZATION BOARD

Commissioners Court will convene as a board of equalization at the courthouse in Hereford at 11 o'clock the morning of June 14. All persons who are interested are invited to attend, according to Ralph Smith, County Clerk.

Mr. and Mrs. John Albracht, 604 Schley, returned Monday after attending his brother and sister-in-law's golden wedding anniversary at Norfolk, Neb. They also visited with their daughter, Mrs. H. Kreigshauser, in Tipton, Mo.

Principals Expect Space Shortage

Not what to teach, but where to put the students while they are being taught, will be the main problem facing Hereford school officials next year, according to material brought out during a panel discussion Monday night at the year's final P-TA meeting.

Officers for the coming year were also installed.

Mrs. LeRoy Aven installed the following: Mrs. Homer Brumley, president; Mrs. H. E. Wester, first vice president; Russell Pogue, second vice president; Mrs. Ansel McDowell, third vice president; Mrs. Stanford Knox, recording secretary; Mrs. Bert Boomer, corresponding secretary; Byron Durham, treasurer; Robert Thompson, parliamentarian; Mrs. Worth Covington, historian; and Roberta Campbell, reporter.

George Graham, superintendent of schools, headed a panel made up of the school principals, who were

asked to give a brief picture of what the situation looks like for next year in the various schools.

D. C. Martin, Central principal, voiced the theme of practically all the reports by pointing out that even with the completion of the new high school, where space will not be a problem at least for a while, the real headache for all school principals will be where they are going to put the pupils who will enroll next fall.

Extra classrooms have been improvised at Central from cafeteria space this year. To make room for the increase in enrollment in the first four grades it looks as if the fifth grade will go to the barracks next year.

O. D. Lowery outlined the situation at Shirley as being much the same as at Central. The library is already being used and they need 20 or 21 classrooms while only 18 are now available.

L. C. Thomas, who has been in charge of the wandering sixth grade this year, estimates there will be seven divisions in the fifth grade next year.

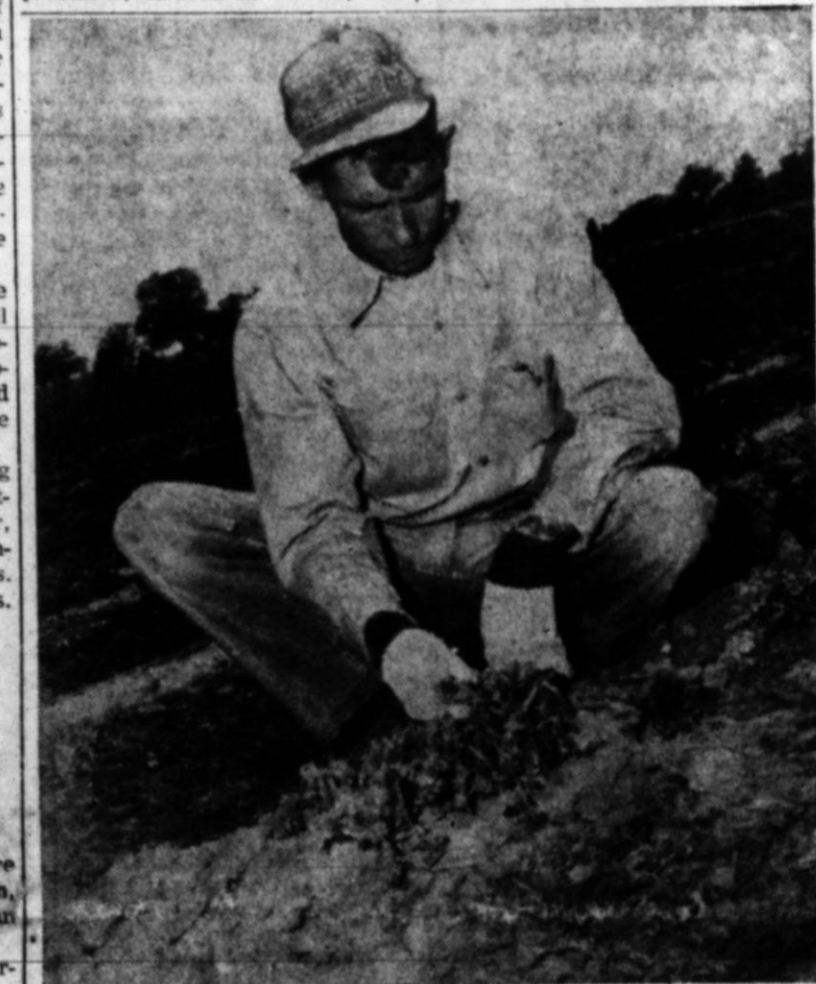

W. C. Quattlebaum said when the sixth, seventh and eighth grades move into the present high school, from the figures they have now there will be just room enough for the sixth grade on the first floor and the seventh and eighth grades will use the other two.

Don Martin, the only principal not faced with the problem of enough space, said the new high school will accommodate an enrollment of 600. The estimate for high school next year will be about 525 students. Some of the advantages that will come with the completion of the new school were outlined as follows: Vocational shop work, physical education, especially for the girls, room for two homemaking teachers, and additional facilities for vocational agriculture and band.

Pat Sullivan brought up some of the problems that will arise if the new building is not ready for occupancy by the opening of the fall term of school. He also discussed the necessity of being able to take care of the transient students, which average about 35 or 40 each year.

Although modern schools have received a great deal of publicity lately the major problem facing parents in Deaf Smith is not so much what is being taught but where can the children be taught, the principals brought out.

SUNDAY NIGHT'S FREEZE did damage like this to potato vines. W. A. Richards, who has 19 acres in Irish potatoes just west of Hereford, looks at one of the blighted plants. He estimated that the crop was set back two weeks. He has been growing potatoes for 11 years, though "and has never failed, to make money on them." (Staff Photo)

Spuds Set Back By Late Freeze

West Texas' highly - changeable weather brought another late freeze to the area Sunday night, dropping the temperature to around 24 degrees and laying a heavy hand on some crops.

Vegetable growers were caught, as they were last year, with their potatoes in the ground, and little they could do except hope. The freeze probably set the plants back two weeks.

Wheat growers, who had feared the worst, apparently escaped severe freeze damage, according to early reports, and it may be several days yet before any real damage is located, if there was any.

Onions, apparently better able to take the cold, seem to have escaped Jack Frost's chilly bite, but the few fruit trees which are grown in the area will probably be without fruit this year.

This year's potato acreage is back to a "normal acreage" of 4,000 acres or so, County Agent Hugh L. Clearman and potato processors estimate. This is a big drop from last year's 7,000 acres in the area.

Onion acreage is estimated at "under 1,000 acres," by the county agent, but he considers this to be a good figure.

Nazareth Man's Rites Scheduled

Funeral services for Floyd J. Acker, 23, of Nazareth, were scheduled to be held at 9 o'clock this morning in the Catholic Church at Nazareth with Rev. Peter Morsch, pastor, officiating.

Acker died Monday in the Veteran's Hospital in Amarillo following an illness of several weeks.

He was born October 5, 1930, at Nazareth. October 28, 1953, he married Evelyn Stark at Nazareth. Survivors include: his wife; parents, Mr. and Mrs. Jacob Acker of Nazareth; three brothers, Kenneth, Jack and Tom of Nazareth; three sisters, Mrs. John L. Dea of Lubbock, Mrs. H. D. White of Amarillo, and Miss Grace Acker of Nazareth; a grandfather, John Pohlmeier of Nazareth.

Burial will be in the Nazareth Cemetery under the direction of Gilliland Funeral Home.

Elder J. L. Jesperson Replaces C. C. Balsar

Elder J. L. Jesperson has taken over the duties as the district pastor of the Seventh-Day Adventist Church, Third and Lawton Streets. He succeeds Elder C. C. Balsar, who has been the district pastor for the past year.

Jesperson comes to this district from Southeastern Conference of Seventh-Day Adventist, where he was pastor of the Brawley, Calif., church.

He is a graduate of Pacific Union College at California and the Theological Seminary at Washington, D. C. Jesperson has also served a term as missionary in Africa.

Elder Jesperson is married and has a seven year old daughter. They will make their home in Amarillo, where he has pastored.

STUCCOING OF THE WEATHER-BEATEN exterior of the Bull Barn progressed rapidly during the first part of this week, changing the color from dirty cream to a gleaming white. Bob Gilbert, working on the scaffold, said that the building will

be even whiter when the stucco dries. Interior woodwork is also being painted. Cost of the work is to be divided equally by the Deaf Smith County Chamber of Commerce, the Uons Club and Deaf Smith County. (Staff Photo)

Strawberries, which were supposed to arrive for Home Demonstration Club women, will not arrive this week. Mrs. R. C. Childers, marketing chairman, has announced. The price is too high at the present, and will probably stay that way, due to the loss of plants during the dry years, Mrs. Childers said. Some canned berries may be available later, she added.

Guy Newsoms will be shown at 8 o'clock Saturday night at Progressive School house under the sponsorship of the Progressive Home Demonstration Club. The public is invited. Refreshments will be served and a free-will offering taken. Money donated will be used for club projects.

Persons who ordered pies from members of the Future Home Makers chapter at Hereford High School but failed to receive them shouldn't think badly of the girls. Seems that the girls worked too hard at selling pies, and found they had more customers than pies to supply them. The girls sold some 75 pies on the project.

Home Demonstration Chorus which was on the program. Members from the left are: Mrs. Earl DeHart, Mrs. R. C. Childers, Mrs. Paul S. Corbett, Mrs. R. E. Hargis and Mrs. J. T. Richardson.

Coffee Goes Up
MARYSVILLE, Calif. (AP) — Coffee cost \$12.50 a pound here when a man pleaded guilty to stealing a two-pound can and was fined \$25.

Antique Hazard
HESPERIA, Mich. (AP)—A 52-inch circular saw screeching through a big beech log lost all its teeth when it had hit a woodsman's wedge imbedded deep in the log. Experts estimated the wedge had been there for 100 years, judging from the growth of the tree around it.

MRS. R. C. CHILDERS of the Northwest Hereford Community must have been awfully busy to have completed so many pieces of ceramic work and enter them in the spring show of the Hereford Ceramic Art Club held in the lobby of The Brand office Saturday. One table in the show was completely filled with the work done by Mrs. Childers, and other pieces were exhibited in the show window and various tables. (Staff Photo)

Lake Springs Leak
FLAGSTAFF, Ariz. (AP)—Water department officials found a leak in the lake from which the city gets its water supply.

They estimated that one million gallons of water a day has been pouring into a hole leading to a subterranean channel ever since the dam was raised two years ago.

The city will spend \$20,000 to plug the hole.

Eager Beavers

Mother's Day is one of the very nicest of all the special days observed in this country. True enough, it is the outgrowth of extensive commercial enterprise, but the occasion is fine enough and significant enough to shine brightly through any possible tarnish of so-called commercialism. Besides, what's wrong with a little bit of business? After all, a lot of mothers would be most unhappy if their sons and daughters were not well fed and clothed, thanks to jobs thus made possible.

Regardless of the magnificence of the gift, each of us knows full well that it cannot begin to repay the sacrifice and heartaches which we have caused our mothers down through the years. A gift upon this occasion, be it haughty or humble, is well in order. There is, in fact, only one fault which can find with Mother's Day. How come the doughnut people get a whole week (seven days and nights) and mother only rates one day? This is inequitable, unfair and preposterous!

I read a piece somewhere about a fellow who got a long distance call at 4 o'clock in the morning. He answered the phone and the call turned out to be from his mother, who congratulated him upon his 27th birthday.

"Why didn't you wait until morning?" asked the young man.
"Well," answered the mother, "it was just at this hour that you gave me so much trouble 27 years ago—and I figured that turn about was fair play."

When people keep harping away on any given subject, it can easily become tiresome to the readers—but I am thoroughly sold on life in the average small town as compared with life in the cities. There is no comparison. I was reading about an experiment made by Tom Dreier, who said: "Just to see what would happen, I opened the door of a department store for seven women. How many said Thank You? Not one!"

Just to see if small town people react like city people, I tried the same experiment during the Dollar Day rush here last Monday morning. I opened the door for seven women—and got eight Thank You's! Honest. Each of the seven women took time to say Thank You—and just as the last walked out a little freckle-faced girl, around four, looked up, grinned real big and said, "Thanks, Mister!" I went on down the street, and again tried the experiment at another store. This time, I got six "Thank You's" from the seven women.

Maybe this proves absolutely nothing, but I like to think that most of our troubles are due to environment, rather than human nature. People are nice—if you give them a chance.

Which is the worse: A man who speaks without thinking, or a man who thinks without speaking?

Everywhere you go, people are wondering if the freeze got the potato crop. Most producers are reluctant to express a definite "Yes" or "No." They say it probably retarded the crop some, thus creating the possibility of loss on the ear-markets. It is also possible that some damage might result. Potatoes are highly temperamental vegetables. Everything depends upon the exact stage and condition of the 1954 crop when the freeze bit. All I can come up with is a luke-warm "Probably Not." Onions, they say, suffered little, if any, damage. They can take it and take it, and take it.

Understand Old Streu went fishing—and got snowed in up in the mountains. That's what he gets for all of those nasty cracks he has been making about me. I hate for this to happen to anyone but, if it had to happen, it couldn't happen to anyone more appropriate than Streu.

The current campaign to stamp out smoking is gaining momentum. Even nice people like Worth Covington have fallen under the spell. Sometimes, even the doctors get into little arguments. A bunch of the medical boys got Bud Barnett cornered the other day, but he came right back and pointed out that of four lung cancer cases in Deaf Smith County recently, two were smokers, and two were non-smokers. Understand, though, that the national average links lung cancer as more prevalent with smokers. However, it is well to recall that there are probably more smokers—in the first place.

Some of the very nicest people I ever saw belong to the Ceramics Club. They held their annual show at The Brand lobby Saturday and, in addition to outstanding collections, they are just mighty fine people. I've been trying to figure it out ever since: "Do you have to be nice to join the club?" or "Does the fact that you have enough patience to do ceramics just naturally make you a nice person?" Anyway, I am sure that I could never qualify. I don't know anything about ceramics, but I sure did fall for those little jet black figures on Fern Miller's table and those fancy plates which Mrs. F. M. Kester showed. I hope they will come back next year.

I hear lots of people complaining about the chlorine in the City puts in the water. This has been a point of contention for a long, long time. A few people—very few, indeed—report that they go out in the country and haul their drinking water into town. This is because they don't like the chlorine taste.

All of which makes interesting conversation, when stacked up against the ironclad convictions of the State Health Department of Texas. These boys absolutely swear up and down, front and back that it is IMPOSSIBLE TO TASTE OR SMELL CHLORINE in the minute quantities which it appears in the city water supply. Mr. A. Haneman Jr., Bureau of Sanitary Engineers, State Health Department, was here only last week with such pertinent information.

Naturally, your first reaction is to stick your nose up into the air, swell up about three inches and sarcastically inform the learned gentleman: "You can certainly taste something." This is exactly what Mr. Haneman wants. He has been waiting for just such an opening. He smiles real nice, rubs his hands together briskly—and lets you have it.

Water has a definite bactericidal count, Mr. Haneman will tell you.

The chlorine kills this bacteria—and what you actually taste and smell are the little dead bacteria, the one-celled parasitic or saprophytic microorganisms that make you sick in the first place. When you look at the situation from this standpoint, you have to admit that chlorine is a wonderful, wonderful thing—even if you cannot taste or smell it.

Naturally, these big sounding words are a little bit fast for a country boy, especially when he is trying to spell them. About the best answer I know is to get Brother Haneman and Dr. Broener together some day—and sell seats for the argument. Boy, it would be a honey. Besides, I couldn't be any more confused than I am now. I sure couldn't. Mr. Haneman's argument has thoroughly convinced me that I can't smell or taste chlorine. After all, he is a man

of science. If he says I can't smell or taste chlorine, I'll just hold my nose and drink 'er down. It reminds me of tasteless castor oil. I sure feel sorry for the younger generation that missed all of my training along this line.

Another thing! Chlorine is placed in the Hereford water with mechanical gadgets which measure a few drops into each million or so gallons of water. The influx is continuous, day and night, so don't ever let your imagination get the best of you to the point where you feel like "they just dumped a dose of chlorine" into the tanks. Like Mr. Haneman points out, you don't taste or smell chlorine. Instead, you taste and smell a few billion dead, harmless bacteria. This is cheerful news, indeed, and so far as drinking water is concerned, I have no complaint. None whatever. What I want to know is:

Visitors in the T. N. Hughes' home Saturday night were Mr. and Mrs. J. N. Hill of Amarillo.

Mr. and Mrs. J. T. Gubbeath of Hereford visited in the Hugg home Sunday afternoon.

Dull Business DULL CENTER, Wyo. (AP)—Dull Center is apparently too dull for the U. S. post office.

The Dull Center post office has been closed. Eight families served from the office now get their mail from Bill, 35 miles away.

Drug Store Service WEWOKA, Okla. (AP)—You can get everything in a drug store these days. Undersheriff David Ramage was drinking his morning coffee in the pharmacy which also houses the Western Union office, a clerk handed him a telegram. It was a warrant for an arrest on a Texas bogus check charge.

The accused man was also a customer. The officer made the arrest, finished his coffee and minutes after receiving the wire had the prisoner on his way back to Texas.

And Alf Aces PORTLAND, Conn. (AP)—Mr. and Mrs. Joseph Cunningham's first grandchildren were all girls—11 of them. The 12th was a boy. Commented the happy grandmother: "A king after 11 queens."

Hornets Sting Impotent As Whitefaces Win, 18-7

By Billy Paul Knox
 Hereford Whitefaces brought out their exterminator and cruised to a 18-7 victory over the Tullia Hornets Tuesday at Tullia.

The Herd liquidated three Tullia pitchers for 17 safe blows. Winning hurler Terry McRight pitched 6 2-3 innings giving up all seven runs, seven hits, five walks and four strikeouts.

Homer Hershey pitched 1-3 of an inning, striking out one and walking one. Jeff Carlyle, James Potter and Buddy Daniels were pasted very effectively by the Whitefaces. They whiffed only three and walked four. They were backed up by eight errors. Hereford was guilty of five errors.

The game was close for only the first three innings. It then broke into a race to see who could get the most hits. The Herd accumulated their 18 runs by manufacturing two in the first, one in the second, seven in the fourth, five in the fifth, two in the sixth and one in the seventh. Tullia scored two in the second and seventh and three in the fourth.

Extra base bingles were a common place with Whiteface batters. They collected seven, including two home runs by McRight and Hershey. Tullia batters were not so fortunate. They got only one extra base blow but drew consolation in the fact that it was a round tripper by Henry Fritch.

The Herd secured two runs in the first. With one out, Elliston singled. After stealing second and going to third on a wild pitch he crossed the platter on a double by Burrus who later scored on a double by Walterscheid. Tullia picked up nothing in the first.

Hereford did not land a safe hit in the second but picked up one run. Calloway walked and scored on poor fielding and a stolen base.

Tullia scored their first two runs in the second. These came thanks to a two run homer by Fritch.

Both teams were scoreless in the third but the Herd mobbed Tullia pitching and demolished any

sign of a close game by picking seven big runs in the fourth. The first three batters loaded the socks with two singles and a walk. McRight scored two on a single then took third on a double by Bybee.

Elliston drove McRight in with a fielder's choice, putting runners on first and third. By courtesy of an error on Atchley's liner, the bases again became loaded. After Burrus binged with another single for two more runs, a single and two errors added two to close the scoring for the Herd in that inning.

The Hornets splurged for three runs in the fourth, whittling the lead to five runs. Two singles and four walks were the fundamental apparatus which produced the runs.

Hereford scored five more runs in the fifth. A bases loaded triple and a two run homer by Homer Hershey were the entire causes.

The fifth and sixth were both runless for the Hornets.

The Herd did not rest. They picked up two more in the sixth due to the magnificent hitting of Terry McRight. This time it was a circuit blast with one team mate aboard.

The seventh saw the final run across the plate for Hereford. A single was the only base hit but good base-running and alertness pushed it around.

The final score was brought up to date in the seventh. The final two runs were scored on two singles and one error.

Terry McRight hit a hot streak and set a terrific pace, gathering three hits. This topped all other Whiteface batters. Fritch and Erving were the leading batters for Tullia. They got two hits apiece.

Tag Team Is Top Item On Wrestling Card Saturday

Wrestling fans "pays their money and takes their choice" when it comes to Saturday night's competition at the Bull Barn.

The main event is a tag team match. On one side will be two angry men, Ace Abbott of Abilene and Tony Morelli of Naples, Italy, and on the other side will be Timmy Geohagen of Dublin, Ireland, and Con Bruno of Athens, Greece, and Brooklyn, New York.

It will be a debut for Bruno. He's a short, stocky man with a lot of power. In teaming with Timmy Geohagen, internationally advertised as "Ireland's strongest man," Bruno will have a fit partner. He claims to be pretty strong, too, even at five feet and 203 pounds.

Abbott, the West Central Texan who used to be a "clean" wrestler but who has changed his tactics, is also a fitting partner for rough acting Tony Morelli, veteran Italian who never knows when it's time to quit.

Bruno comes originally from Greece, but he spent quite some time with the Australian infantry in World War II, and some four years after that in a Japanese prison camp. He got down to 125 pounds. He got back up to 203 after his release and after coming to the United States where he could eat and do well. He won a National AAU title as an amateur wrestler, but he got his professional training under Jim Londos, another well-known Greek.

Police Ketchup
 SPRINGFIELD, Mo. (AP) — Sheepishly, the teen-age youngster wiped the ketchup off his arm and the police let him and his companions off with a warning.

The youngster had daubed the ketchup on his arm and then hid in an automobile trunk with the gory arm dangling. His accomplice drove around town. Citizens called the cops.

Script is Curtailed
 ATLANTA, Ga. (AP)—Revenue agents, tipped off that a bootlegger was driving out of the hills with a big load, worked out an elaborate plan.

One agent, posted by the road, was to fire a shot into the air as the car went past him. This was a signal to another agent a quarter of a mile away to prepare to shoot the tires on the car if it wouldn't stop on a signal—and they were sure it wouldn't. Another quarter

of a mile farther along were two more agents in a fast car ready to chase what they hoped would be a crippled vehicle.

All four heard the car and the first shot was fired. The engine's sound halted abruptly. After several minutes the three agents made their way to the first one's station and found he had made the capture single-handed. The bootlegger thought the shot was a blowout, stopped his car and climbed out to look.

By Mrs. R. C. Childers

Freezing temperatures have killed the potato plants in this vicinity.

Fruit trees bearing young fruit were nipped. The fruit has turned dark. Vegetable gardens and young flowers were also killed. However, tree leaves, which were more mature, were not killed.

Temperatures were down to 24 degrees Sunday morning.

Much of the dry land wheat blew in the western part of the county and small patches of ground here and there over the community had to be checked for blowing Saturday and Sunday.

Sammie Lee Cox, son of Mr. and Mrs. Bud Cox, has been ill this week with a throat and gland infection.

Jack Renfro was a business visitor in the R. C. Childers' home Friday.

Members of this community attending the regular council meeting Monday afternoon in the Court room were Mrs. Louie Olson, Mrs. W. E. Holcomb, Mrs. Paul S. Corbett and Mrs. R. C. Childers.

Mrs. Louie Olson attended a call-

ed meeting for additional 4-H work to be given to the Workers 4-H Club of this community Monday afternoon in the County Home Demonstration Agent's office.

Mrs. R. C. Childers attended a called meeting of the Expansion and Education committee of the County Home Demonstration Council Monday afternoon in the County Courtroom to help make plans for a meeting with the county commissioners on May 22.

Cultural Home Demonstration Club will be responsible for a part on the program that day. Mrs. Grady Parsons is chairman of the Expansion and Education committee of the council. She was ill and was unable to attend the meeting.

Mr. and Mrs. A. C. Hershey, Marvin and Patricia, Mr. and Mrs. Edgar Telchik and Mozelle, and Mr. and Mrs. Jeff Davis and boys were visitors in the Cliff Uecker home Sunday night.

Mrs. Edgar Telchik and daughter, Mozelle were in Amarillo Tuesday on business.

Mr. and Mrs. W. E. Holcomb, Mr. and Mrs. R. E. Hargis and daughters Rita and Jan, and Mr. and Mrs. H. B. Stamfield were dinner guests of Mr. and Mrs. Edgar Telchik and Mozelle Sunday.

Mrs. A. C. Hershey's mother, Mrs. Box, of Abilene, has been visiting in the Hershey home for the past week. She left Saturday for Abilene.

Edgar Telchik made a business trip to Lubbock Friday.

Mrs. Leona Packard and Mrs. Harry Danforth were visiting in Springlake Monday.

Dimmitt Students To Present Three Act Comedy

"Mama's Baby Boy," a three act comedy, will be presented by the eighth grade class of Dimmitt at 8:15 o'clock the nights of May 13 and 14 in the Dimmitt High School auditorium.

Admission fee is 25 cents for students and 50 cents for adults.

The story is centered around a very attractive widow nearing 40, her 18 year old son and her plot to ensnare a young widower.

James Bates is director of the show and assistant directors are Charlotte Mears and Jonalyn Alldredge. Stage managers are David Bradley and Truman Touchstone.

Members of the cast are: Donna Conrad, Keith Lowe, William Stone, Charlotte McElroy, Ann Gollehon, Hazel Rogers, Jerry McGowan, Evelyn Cummings, Joy Walker, Omata Bradley and Zay Gilbreath.

Recital By Three Voice Students Set For Friday

Miss Mattie Mae Swisher is presenting Marcus Jacobsen, Randall McGee and Terry Lee Caywood in a voice recital at 7:45 o'clock Friday night in Ward Hall of the First Methodist Church.

The students, who are the children of Mr. and Mrs. John Jacobsen Jr., Mr. and Mrs. Lawrence McEneaney, and Mr. and Mrs. M. G. Caywood, will sing sacred songs, spirituals, patriotic, art and fun songs and ballads. Mrs. Cliff Estes will serve as accompanist.

Joy Wiman, daughter of Mr. and Mrs. Jim Wimar, will assist with piano selections. A pupil of Mrs. Ellis Coombes, she will play "Venetian Tarantelle" (Dennee). The interested public is invited to attend the recital.

Plans For First Day Covers Made For Train

Santa Fe Railway has announced to stamp collectors that a first day cover will be issued on the inaugural run of the railroad's newest streamliner, the San Francisco Chief, on June 6.

Collectors are invited to forward stamped and addressed letter covers to "Cachet Mail, Santa Fe Railway, 114 Sansome Street, San Francisco, Calif., not later than June 1.

Cancelled Cachet covers will be issued only on the first eastbound run.

It is suggested that covers be addressed to the right and reasonably low, also that a folded paper or a card should be in each envelope so that string used by the Post-office Department in tying letters together will not cut the edges.

Strawberries With Rhubarb Makes Excellent Cobbler

Back when strawberries were first found to be adapted to the family gardens on the plains, Mrs. R. L. Campbell of Silverton, originated a recipe for a cobbler that is still used by her daughters and others who have asked for the recipe.

It is made as all old fashioned cobblers were made, with biscuit dough for a crust and a fruit filling, but the flat flavor of cooked strawberries has been given a lift by the addition of rhubarb, which makes a very pleasing combination.

Mrs. Campbell's recipe is as follows:

Strawberry - Rhubarb Cobbler
Prepare a rich biscuit dough, and roll thin on a well floured board. Cut in strips about five inches wide and lay around the edge of a deep baking dish, leaving dough on both sides of the rim. Reserve a little dough to be used inside the pie.

Mix together equal parts of stemmed strawberries and cut up rhubarb (about two cups of each). Add a little water and bring just to the boiling point. Sweeten to taste, add a little butter and pour half the mixture into the baking dish.

Cut the reserved crust into narrow strips and lay over the fruit. Add the rest of the fruit carefully and fold the crust over the top of the pie.

Bake in a moderate oven for about 45 minutes or until the crust is brown and the juice begins to thicken.

For those who do not wish to make the biscuit dough the cobbler may be made the same as any other, using a batter for a crust.

Some women have trouble with dumplings cooking away into the broth when making chicken and dumplings. Mrs. Campbell recommends this recipe for dumplings that are practically fool-proof if directions are followed.

Dumplings
¾ cup sifted flour
2½ teaspoons baking powder
½ teaspoon salt
1 egg
1-3 cup milk
Sift the dry ingredients together. Add beaten egg and milk and mix well. Drop by small spoonfuls into hot liquid, cover tightly and cook for 15 minutes. Do not remove cover while cooking.

MRS. R. L. CAMPBELL of Silverton still likes to cook, as this picture made on her 80th birthday last month shows. (Staff Photo)

HD Chatter

by Argen Draper

The 4-H girls who attended the District Elimination Contests at Pantex Farms on Saturday gave some good demonstrations.

Rebha Joyce Pinnell entered the vegetable demonstration and made a relish dish. Miss Loyce Avant and I were out at Pinnell's in the Bippus Community on the 28th and watched Rebha Joyce make a relish plate. She gave a good demonstration, had it well planned, and from all reports she did a good job. Her demonstration was judged second. Martha Heard gave a Dairy Foods Demonstration and made salad using cottage cheese. There were more entries than in any other and Martha's demonstration scored third in the District.

The electric demonstration also is very popular in the District because of the prizes that the Southwestern Public Service and the local electric co-ops give.

Ann Dyer of the Jolly Girls Club and Judy Pinnell of the Caprock Club gave an electrical demonstration on converting an oil lamp into an electric reading lamp. They received third place on their demonstration.

Others who attended the District Contests Saturday were Misses Loyce Avant and Paula Beth Corbett, Mrs. J. E. Dyer, Mrs. Roscoe Pinnell, Mrs. E. K. Pinnell and Mrs. Clint Hornfield. Mrs. Bonnie Brumley has a lot

Reports Given At Council Meet

Ten Home Demonstration Clubs had 100 percent attendance when the H. D. Council met in the County Court room on Monday afternoon.

Outstanding committee reports were given by the Expansion-Education committee and by the marketing chairman.

A summary of the Expansion-Education committee report listed the following activities for the month of March: luncheon-5, tea-1, coffee-1, family night-1, party-1, bake sale-1, house warming-1, special meeting for food preparation-1, trip to Boys Ranch-1 (this trip included 4-H club members in the community). Two new clubs were organized and there were 27 new members and 17 visitors in all the clubs. Mrs. N. A. Brown called the roll for the reports.

Mrs. R. C. Childers, marketing chairman, was named to head a committee which will set up plans for a producers and consumers market.

Other committee reports were given by Mrs. W. H. Goettsch, finance; Mrs. Taft McGee, chorus; Mrs. J. E. Dyer, 4-H; Mrs. V. E.

National HD Week Puts Spotlight On Activities

Work of 40,000 home demonstration club women in Texas has been in the spotlight this week with the celebration of National Home Demonstration Week.

The achievements of farm and ranch women, through organized planning and action, have been brought to the attention of the general public during the celebration.

All eight of the objectives set up for the women to observe during the week will make a lasting contribution to home and community improvement.

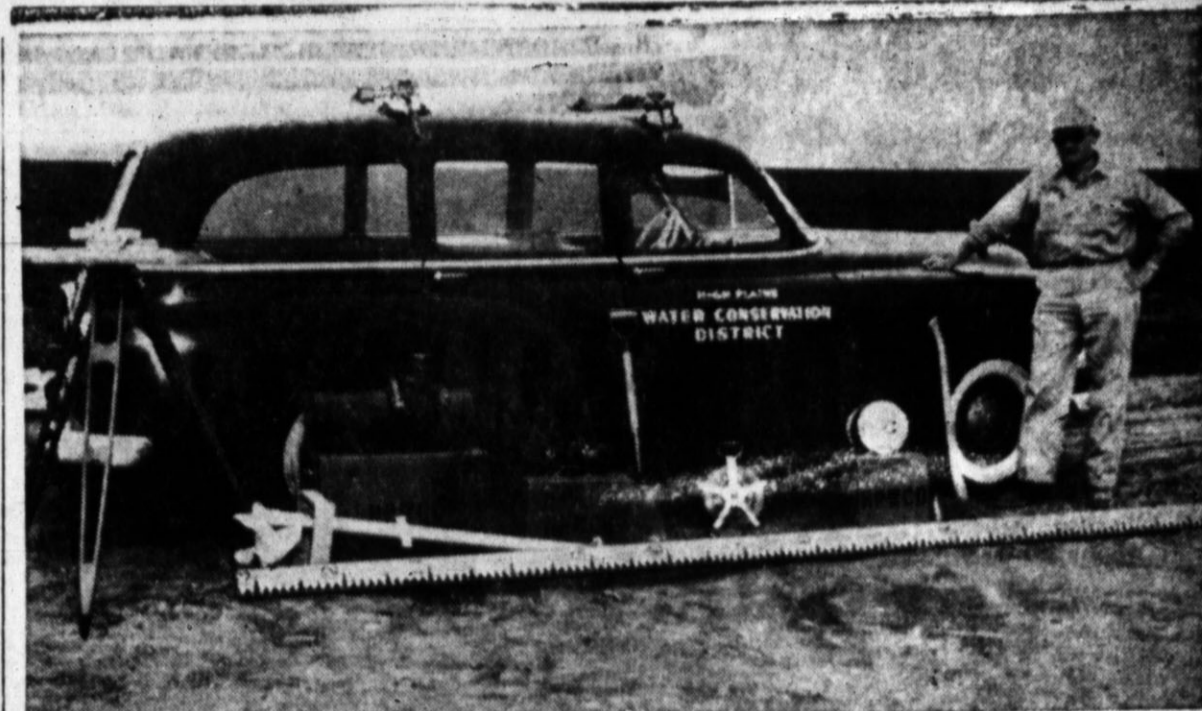

With two new clubs organized just recently H. D. Clubs in the county now number 13. Club reports for this week are:

Westway

Mrs. Bess Werner was hostess for the Westway H. D. Club on April 28.

Civil Defense has been the program for April and Mrs. Roy Lee Wilson listed some of the secrets of survival in case of Atomic Attack. Mrs. Jimmie Thomas gave a discussion on Disaster Relief in case such an attack should come.

Refreshments were served to Mesdames Abraham Drager, Bob Jones, G. C. Merritt, Charles Owen, Paul Rudd, C. A. Saucy, Jimmie Thomas, Johnny Townsend, George Turentine, Joe Wagoner, R. L. Wilson, J. C. Morrison, C. M. Phipps and Mrs. Werner the hostess.

WATER TROUBLES DOCTOR might be an apt title for Dr. Gordon W. Willis, who is now working with the High Plains Underground Water Conservation District. "Doc" Willis, as he is known, has the entire water district to serve. Work orders are sent to district headquarters in Lubbock through county water district committees, after which he makes the

call as soon as possible. Dr. Willis is shown with most of the equipment which is carried in the red station wagon which serves as a mobile office for his work. Surveying equipment, three flow meters, depth testing gauges or wells, axe and shovel are included. This picture was taken at the Frank Bezner farm. (Staff Photo)

Candidate Rally, Pie Supper Set

Girls Are Learning To Use Various Cooking Short Cuts

Learning to cook is serious business with 4-H girls who are being taught some of the short cuts in preparing a meal that is nourishing and appealing.

Quick meals with macaroni and cheese as a basis have been the demonstrations for the month just past. Clubs reporting these demonstrations are:

Jolly Girls

Jolly Girls 4-H Club met with Mary Cayton on April 28, Ann Dyer, president, in the chair. In the absence of the secretary, Mary Cayton called the roll and wrote the minutes. Wynona Roberts led the group in the 4-H ritual. Ann Dyer led the club song.

The demonstration on preparing a quick macaroni meal was given by Ann Dyer, with Peggy Browning, vice president, assisting. Everyone judged the food by eating generous samples and pronounced it excellent.

The next meeting will be with Fern Coursey on May 13.

Refreshments were served to Peggy Browning, Ann Dyer, Wynona Roberts, Arlene Cupell, Lynda Cupell, Fern Coursey, Mesdames J. E. Dyer, sponsor, D. E. Cupell, LeRoy Cupell, Charles and Roger, and Cecil Cayton and the hostess.

Candidates will furnish the entertainment and women of the Messenger Home Demonstration Club, the Farm and Ranch Club, and the Walcott P-TA will bring the pies for the Candidates' Rally and Pie Supper to be held at the Walcott School at 8 o'clock Friday night.

Wayne Tate of Broadview, N. M., will be the auctioneer and Woodrow Perrin will be master of ceremonies.

An angel food cake will be sold for the prettiest girl and a devil's food cake for the ugliest man.

After the pies are auctioned they will be served from the school cafeteria, so anyone having a particular choice should be able to get the kind of pie he likes.

Proceeds will be divided between the two clubs and the Walcott P-TA. The public is invited to attend (Continued on Page 2)

Coffee Break
STROUD, Okla. (AP) — The Stroud American has come to the conclusion hard times are not here yet.
"We offered to give away a pound of coffee with each subscription," the paper said. "People called to see what kind it was before they came in, or if they came by and didn't like the brand, just passed by the offer."

Court Apologizes
DETROIT (AP) — Harold Mikkelson and Milton Santwire were arrested for loitering in an after-hours drinking place. The occasion was a membership party of the Civil Rights Congress, which is on the attorney general's list of subversive organizations.
They meekly pleaded guilty and accepted \$10 fines and a year's probation. Later the two were revealed as FBI undercover agents when they were surprise witnesses at a trial of Rd leaders.
Judge Frank G. Schemanski called the pair before him:
"This court owes you an apology," he said. "For what you did at that Communist trial the country owes you a vote of thanks."

The 4-H girls in Castro County had a good Bake Show on Saturday. About 54 girls brought two entries each. They entered biscuits and Banana-Nut Bread. The products were very good and it seemed that the main trouble the girls had with their baked products is in cutting out the biscuits. In cutting out biscuits, do not turn the cutter. This seals the edges and the biscuits will not rise uniformly.

CONGRESSMAN WALTER ROGERS SAYS

Family Fun, White House Party Highlight Week In Washington

Since my last letter, everything has happened to me from getting rained out of a fishing trip to dancing in the White House. The fishing trip episode was quite involved. I had made arrangements to take the three older boys fishing. We were to meet a seasoned and experienced fisherman of long standing at exactly 5:00 a. m. at a point some two miles distant. In anticipation of the early rising, we had retired about 9:00 p. m. I had left word at two places to be called, so that there would be no danger of over-sleeping. We were to be awakened at 4:15. Everything taken care of, I went peacefully to sleep.
Sometime later I awoke with a start, reached for my watch and saw that it was 4:30. Still groggy with sleep, I charged out of the bed and made a mad dash for the boys' room to awaken them. The route to their room led through the kitchen. We have one of these innocent looking trash cans with a trigger lid that someone had filled with trash and left sitting in the middle of the kitchen floor. This dangerous instrumentality not only was loaded with trash inside, but was loaded with two No. 2 tin cans that had been left sitting on top of it. As I sailed through the kitchen, barefooted, by some queer quirk of fate, due no doubt to the darkness of the hour and the speed that I had generated, one of my feet landed exactly in the middle of the trigger of this infernal contraption, and bedlam broke loose. The two cans took off in different directions like mortar shells and made contact several times during their flight with the kitchen sink, stove, and other objects incidental to the kitchen.
Needless to say, this unusual incident, together with the observations that I was making at the

time, awakened the boys—and perhaps everyone else in the adjoining three blocks—whose first thought was that the enemy had attacked. I started them dressing and limped back to my bedroom to do the same. My wife, in a very sweet and casual voice, asked, "Where in the world are you going?" In an equally sweet and casual voice (tinged with a little bit of sarcasm, according to her story), I replied, "My dear girl, this is the morning that we are going fishing. We are going to meet the man at five o'clock, and I always like to be very prompt." To which she very sweetly countered, "Well, you certainly ought to be on time, because it is now five minutes until 11 p. m." I went back to my watch, and sure enough, she was exactly right.
What had happened was simply this. I have a watch that has dots on it instead of numbers, and I had looked at it upside down. Five minutes until eleven p. m. on an upside down watch reads just about 4:30. She is still giggling about it, the boys haven't yet forgiven me, and the lid on the trash can hasn't worked since. To top it all off, when we did finally get up the next morning at five o'clock it rained so hard that we couldn't go fishing, which was adding insult to injury.

The White House Reception
The Cabinet Members and Members of Congress gathered at the White House Tuesday night for the reception given by the President and Mrs. Eisenhower, honoring the Congress. This reception was originally scheduled for March 2, but was postponed, as you will remember, because of the shooting by the Puerto Ricans of several House Members. It was an enjoyable affair, with the beautiful ladies all dressed up in their finest finery and the men in their white ties and swallow-tailed coats.
The first order of business was to pass before and shake hands with the President and Mrs. Eisen-

hower. I have never seen two people display more graciousness than did the President and Mrs. Eisenhower in this reception. The President looked fresher and Mrs. Eisenhower lovelier than I have seen them in some time.
As soon as the guests had been received by the President and Mrs. Eisenhower — and the guests, incidentally, numbered some 1200 — they moved on into the large dining room at the west end of the White House to be served a delicious punch and cake. As soon as the President and Mrs. Eisenhower had completed their duties in the receiving line, the orchestra in the East Ballroom played for dancing. It was a wonderful party and enjoyed by all.
This Week In Congress
Congress wrestled this week with the Defense Appropriation Bill. Twenty-eight and a half billion dollars was involved. The only real controversial amendment offered was the one barring the use of funds for maintaining armed personnel anywhere in the world unless Congress had declared war, etc. This amendment would probably have passed had it been offered at any other time. The present tense world situation, coupled with the fact that the administration would have considered it a slap in the face to Dulles in the Geneva Conference and an invitation to the Reds to speed up their far Eastern operations, and the further fact that Eisenhower stated that troops would not be sent to Indo-China without Congressional approval, were sufficient to postpone a showdown on an issue that will rear its head several times in the months to come.
Visitors
Visitors in the office this week included Miss Marilyn Christian, Sgt. Bart G. Hundley, and Miss Hazle I. Gibson, all of Amarillo, and Rex Baxter, of Amarillo, accompanied by Joe Cooley, of Abilene, formerly of Borger.

Farm Operators Getting Older

The nation's farm operators are steadily growing older, according to information compiled by the U. S. Department of Agriculture. There are now approximately 800,000 farm operators who are 65 years old and over. This makes agriculture by far the biggest single source of gainful employment and means of livelihood for those in this age group. Close to 35 percent of the total number of farms, or more than one out of every three, are run by persons 55 years old and over. Approximately 15 percent of all farm operators, or more than one out of

every seven, are 65 and over. Highest Ratios on Record! These proportions, which are based on the findings of the 1950 Census of Agriculture, are the highest on record in figures going back to 1910. Conversely, there has been a long-term decline in the number and proportion of farm operators of the younger age groups. This decline has been especially pronounced in the case of those under 35, reflecting primarily the new opportunities in growth of off-the-farm employment. The figures indicate that relatively more young operators are found on the larger and more efficient farms, where income and opportunity are greatest. The largest proportion of operators 65 and over are on low production, part-

The public school of Hereford will close the session for the year next week. The graduating exercises will be held Monday evening at the opera house, May 17, 8 p. m., at which time nine young people will be given certificates of graduation. J. E. Garrison, president of the board, will confer the diplomas.
It is announced that free admission tickets will be issued to the members of the class who will distribute the tickets to their friends. This is done in order to

accommodate all those who are directly interested in the class and to prevent overcrowding the opera house.
The commencement sermon will be preached by Rev. W. M. Baker at the Presbyterian Church Sunday, May 16, 11 a. m.
This is the first class to graduate since the eleventh grade has been added to the course of study.
All of the young people have been busy for some weeks preparing their orations and essays, while their mothers have been looking after the white dresses and "fixins" for the occasion.
"The cold weather is over," remarked a prominent citizen one day this week. "I felt that we had our last cold spell and therefore have had my hair cut," he said. "I believe in using the provisions of nature for protection during the winter," he added. If anybody wants to know when the last cold spell comes in the Panhandle, this unfalling sign should be consulted.
Unless our farmers plant more cotton, we shall lose our gin.
That we can raise cotton profitably has been amply proven.
The past season Friona ginned more than 1500 bales of cotton and Castro county ginned as many.
What is the matter with Deaf Smith? Now is the time to plant. Our gin man, E. E. Ireland, has a good supply of choice seed, which he can ship out and sell for more money than he is selling it for here. He wants our farmers to have the seed, but unless they come promptly and get it, he will ship it out.
The gin will surely be moved unless our farmers plant more cotton.
Hereford and Deaf Smith County barely got a taste of the intermittent rains, snow and sleet which fell over the upper Panhandle on May day. A cold drizzle driven by a sharp norther Wednesday morning played out before the middle of the afternoon and left the sky cloudless. A light frost was reported Thursday morning but very little damage was done.

Showing Friday and Saturday at the Star Theatre.

Never before in the history of the Star Theatre has it ever combined two fascinating and fantastic true films as the truly great "The Sea Around Us" and "Black Fury."

Every foot of the films is a true

revelation of little known realms of nature.

"The Sea Around Us," a prize-winning documentary feature in Technicolor, adapted from Rachel L. Carson's all-time top best seller, reveals an underwater world you will scarcely believe exists. At record depths in the sea, the color camera catches frightening beauty and violence. Creatures are so weird as to leave you speechless.

"Black Fury" takes place in the Okefenokee Swamp of Georgia. Scenes of the mortal combat between nature, animal and man have been captured on film and carefully edited for excitement and interest.

Dawn News

By Bertha Frye

The musical program of the Dawn Music Club and Musettes, which was to have been given Sunday, was postponed until 8:15 o'clock Monday night. The program was postponed because of inclement weather and illness of participating members.

The parents council of the Dawn School held its final meeting for the year Friday night at the schoolhouse. In the absence of Mrs. Carl Wimberley, president, and Mrs. C. L. McBroom, secretary-treasurer, Mrs. H. H. Miller presided over the business session and presented a resume of the council's activities for the past year.

Mrs. Gayle Neal had charge of the program. A group of songs were sung by the pupils of the first six grades and a presentation by the rhythm band accompanied by Mrs. Ray Wells at the piano. After the program, Mrs. Neal gave "A Toast to the Teachers," and on behalf of the school children presented their gifts of appreciation to Mrs. W. H. Fogle, first and second grades; Mrs. Ray Wells, third and fourth; Miss Della Stagner, co-ordinator; H. F. Trimmer, fifth and sixth grades; and Mrs. Walt Beavers, who has charge of the cafeteria.

Refreshments of punch and cookies were served. Mrs. Beavers presided at the punch bowl.

Mrs. Rena Battenfield of Clovis, N. M., spent the weekend in the home of her sister and family, Mr. and Mrs. Lloyd Bentley. Sunday she accompanied the Bentleys to Pampa where they visited in the home of Mr. and Mrs. Joe Miller.

Mr. and Mrs. Ted Lennartz of Hereford visited Tuesday night in

the home of Mr. and Mrs. H. F. Trimmer.

A birthday party was held Wednesday night in the home of Mr. and Mrs. Zed Stewart celebrating the birthdays of Dorothea Stewart, Mrs. Zed Stewart and W. J. Stewart of Canyon. Among those attending the party were: Mr. and Mrs. W. J. Stewart of Canyon, Mr. and Mrs. Boyd Stewart and children of Pampa, Mr. and Mrs. Ray T. Stewart and children, Clifford Stewart and children, Mr. and Mrs. J. B. Caraway and children, Mr. and Mrs. Walt Beavers, Mr. and Mrs. Marion Russell and Mr. and Mrs. Zed Stewart.

The Dawn Music Club will meet Tuesday at the home of Mrs. Walter Galley.

Mrs. Lloyd Bentley is spending sometime in the Hank Battenfield home in Alamogordo, N. M.

Mr. and Mrs. H. M. Thompson and Angela, of Amarillo and Miss Vera Thompson of St. Paul, Minn., were guests Thursday in the H. H. Miller home.

Mr. and Mrs. C. R. Bates and children of Dumas spent Saturday night and Sunday in the home of Mr. and Mrs. Marion Russell. Mrs. Carl Wimberley, Wanda Sue, Phyllis Ann, and Ted were in Sweetwater over the weekend. They were accompanied home Sunday by Carl Wimberley, who has spent some time at Marlin.

Mrs. Paul McClung returned to her home Saturday after spending several days in the hospital at Canyon.

Mrs. R. L. McAnally made a trip to Paris over the weekend.

Mrs. Alfred Smith and Mrs. R. L. McAnally were Amarillo visitors Tuesday.

Giant Hydraulic Press Speeds Plane Production

A mammoth hydraulic press, weighing 600 tons, is speeding jet aircraft production at a West Coast plant.

Need For Researchers Makes Tenfold Jump

A typical U. S. aircraft manufacturer needs ten times as many research and development workers today as were required in 1950, when the Korean War started.

For basic research and development work alone, the manufacturer has 1,000 full-time men at work today, compared with 100 in 1950. Rising technological requirements in the aircraft industry have resulted in serious manpower needs for first-class engineers, physicists and experts in almost every known branch of science.

The powerful machine is capable of exerting pressures of 7,000 tons. That's equal to the weight of a herd of 2,000 elephants. Required for work with the large parts and heavy materials used in construction of modern aircraft the giant press took more than three years to plan, design and build. It cost almost \$800,000—and 12 freight cars were required to haul it from Ohio to the West Coast plant.

Lack Of Social Security Number Causes Troubles.

Employers making social security tax returns occasionally report wages for an employee without giving his social security number, or show an incorrect number. In every such case, the employer receives a letter of inquiry as to the correct number, from the central accounting center in Baltimore, Md.

J. R. Sanderson, Manager of the Amarillo Social Security Office, urges that a prompt reply be made to such inquiries. A reply is desired even if the substance of the reply is simply a statement as to why it is impossible to furnish the desired information, Sanderson says. Failure to reply to the inquiry at all, or an incomplete reply, makes it necessary for the local office to contact the employer in person. This is time consuming and expensive for the employer as well as the Government.

Actually, the number of such requests would be reduced to an absolute minimum if the employer would insist, in every case, on copying the new employee's name

They're All Talking About The STORAGE SHORTAGE

FORECAST FOR THIS YEAR!!

HERE'S WHAT THEY SAY!

"Continued big production, encouraged by high price supports, has built up tremendous supplies of major commodities," Secretary Benson pointed out. "Storage facilities had to be stretched to the limit, and supplemented in many cases, in order to handle 1953 crops."

BIG PRODUCTION

SUPPLY CARRY-OVER BIG

"The effectiveness of price support programs for storable commodities depends very directly on the availability of adequate storage. The regular price support loans cannot be extended to farmers unless their commodities are housed in satisfactory storage—either on the farm or in commercial facilities."

Hereford Ropers Lose Matched Roping Event To Clovis Riders

Ropers from Clovis won the matched roping event here Sunday by a wide margin as they defeated members of the Hereford Roping Club.

Clovis ropers used 737.2 seconds, against Hereford's 894 seconds. Each roper had three calves to rope.

However, the best individual time was made by Troy Whatley of the Hereford team, with 13.8 seconds used to rope and tie his calf. Best average for three calves was that of Bill Bomar of Clovis, who averaged 14.5 seconds.

In a jackpot roping event following the matched roping, Troy Whatley again won. Second place man in the event was Sonny Hendrix of Clovis, 17-year-old High School junior, who is a member of the Clovis team.

Working under the double handicaps of wind and blowing sand, which made roping difficult, both teams were slowed down much more than usual. Cy Henson and Ralph Sears were field judges for the event.

Dirty Business
LUSK, Wyo. (AP)—A furniture dealer, plagued by dogs soiling merchandise displayed in front of the store, solved his problem by putting a dead bobcat near the goods.

It scared—and smelled—away the dogs. Maybe a few customers, too.

Fire Floats In
MT. VERNON, Ind. (AP)—Fires have come to fire departments before but this one was a little unusual. Floating trash saturated with waste oil caught fire on Mill Creek and floated through Mt. Vernon. Firemen put out the blaze without damage.

Members of the Hereford team included Dee Davenport, and Jim Monroe, co-captains, Ron Crist, Spicer Gripp, Troy Whatley, Frank Parker, Jack Streun Woodrow Perin and Charles Banks.

Ropers from Clovis included Bruce Pike, James Williams, Will Bomar, Euel Smith, Jack Snipes, Sonny Hendrix, Fuzzy Brown, Alvis Phillips and Joe Hendrix.

Lost in Transit
MEMPHIS, Tenn. (AP)—A trailer truck loaded with 28 head of Brahma cattle was barreling through the Mississippi when the tailgate fell off. In Memphis the driver found one lonely cow in the truck.

A motorized roundup found 18 of the animals, three so badly injured they had to be slaughtered at once.

Dear Mom,

Mother's Day is your day. The world voted it and Heaven was glad. Only wish I could have wrapped my heart in the card you are reading. Mother, there's something special, something extra, that comes only from you. And of course, I am much concerned about your health and happiness.

Mom, I know death will not conquer your love. You are the soaring cloud that lifts me to new attempts, and the strength I need to see me through. Mom, how's this? - "God could not be everywhere, so He made Mothers." May God bless you always,
Bill

Recipe of the Week

Jambalaya
2 tablespoons fat
1 pound ground beef
1/2 cup chopped onion
1-3 cup chopped green pepper
1 clove garlic, finely minced
2-3 cup uncooked rice
2 teaspoons salt
1-8 teaspoon black pepper
1/4 teaspoon thyme
1 can tomato soup, diluted with 1 can water

Melt fat in a large skillet. When hot, add ground meat and brown until crumbly. Add remaining ingredients. Stir well. Cover. When steam appears lower temperature to simmer. Cook for 35 minutes. Stir well before serving. Garnish with strips of green pepper.

Timely Tips

1. One dish meals are time and labor savers.
2. When purchasing ground meat buy that which is freshly ground or frozen.
3. Teen agers need from 80 to 100 grams of protein per day. One three-ounce hamburger patty contains 19 grams of protein of approximately 1/4 to 1/5 of their daily requirement.

In some places in Indochina's Red River Valley rice bowl, the population runs 6,000 to the square mile.

DEMOLISHED IN STORM'S PATH - Six persons were in the Otto Koerth home at La Bahia, 15 miles west of Brenham, Texas, when a tornado picked up the house, tore it in half, and threw one of the pieces end-over-end. The doors were blocked or high in the air, forcing the occupants to escape by windows. Miraculously, no one was hurt seriously, but livestock were killed in the yard. The storm damaged nearby houses and barns to a lesser extent. (AP Wirephoto)

Who Was Scared

SEVEN FOUNTAINS, Va. (AP) — Mrs. Mildred Davison, postmistress, walked into the combination postoffice and general store here and encountered a burglar. She flashed a beam on him from an electric flash and ordered him to march across the street to her home where her father took charge.

"I was aware from the moment I saw him that he was more frightened than I was, she said. "Besides with the light in his eyes he didn't know whether I had a gun."

Dimes Grow Thin

SAN FRANCISCO (AP) — Alert city officials nipped a "flattened dime" racket by a few municipal bus drivers. Officials said flattened dimes registered as pennies when an operator dropped them into the cash box while making change for riders, giving the operator a 9-cent "profit." The company soon stopped the thievery.
