Local Youth Would Squelch Liquor Ads

Boys and girls of the Wesley Methodist Church today asked support of all citizens in a drive to eliminate liquor and beer ads from radio and television, according to Edward Vaught.

Vaught said "We are asking everyone to write to your favorite representative and tell him what you think about advertising liquor over radio and television." He also listed the address of Congressman Walter Rogers, Capitol Building, Washington D. C., of this district. The drive began after a meet-

ing at the San Jacinto Methodist Church in Amarillo this week, when 150 people of the area were represented at the meeting. Those attending from Hereford were Gwinn Lovel, Glenna Fore, Wanda Riddle, Otis Vaught, Bruce Terry, Robert Davis and Edward Vaught, members of the Wesley Methodist MYF in Hereford.

No other plans were listed in the drive to squelch liquor advertising, which the boys and girls cited as detrimental to proper atmosphere for youth of the community and of the nation.

2-Year-Old Boy Falls From Moving Automobile; Injuries Are Minor

A fear that plagues many mothers came to pass Sunday evening, when a small two-year old boy catapulted through the rear door of a sedan onto the paving west of Hereford. The boy, Reese Allen

Dawson, Jr., of Friona was rushed to the Deaf Smith County Hospital for treatment and was released early in the week after having been treated for cuts, bruises and severe scratches.

Lack of more serious injuries was attributed to the fact that the Dawson car was travelling at the speed of 30 miles per hour. Parents of the boy rescued the youth from the bar ditch, where his head struck an oil car and made a laceration requiring several stitches. The accident occurred at around 6:15 o'clock, one mile west of the city limits.

Mr. and Mrs. Dawson attributed the accident to a faulty catch on the door, which they said had been giving trouble. They were returning to their home in Friona, when the accident occurred.

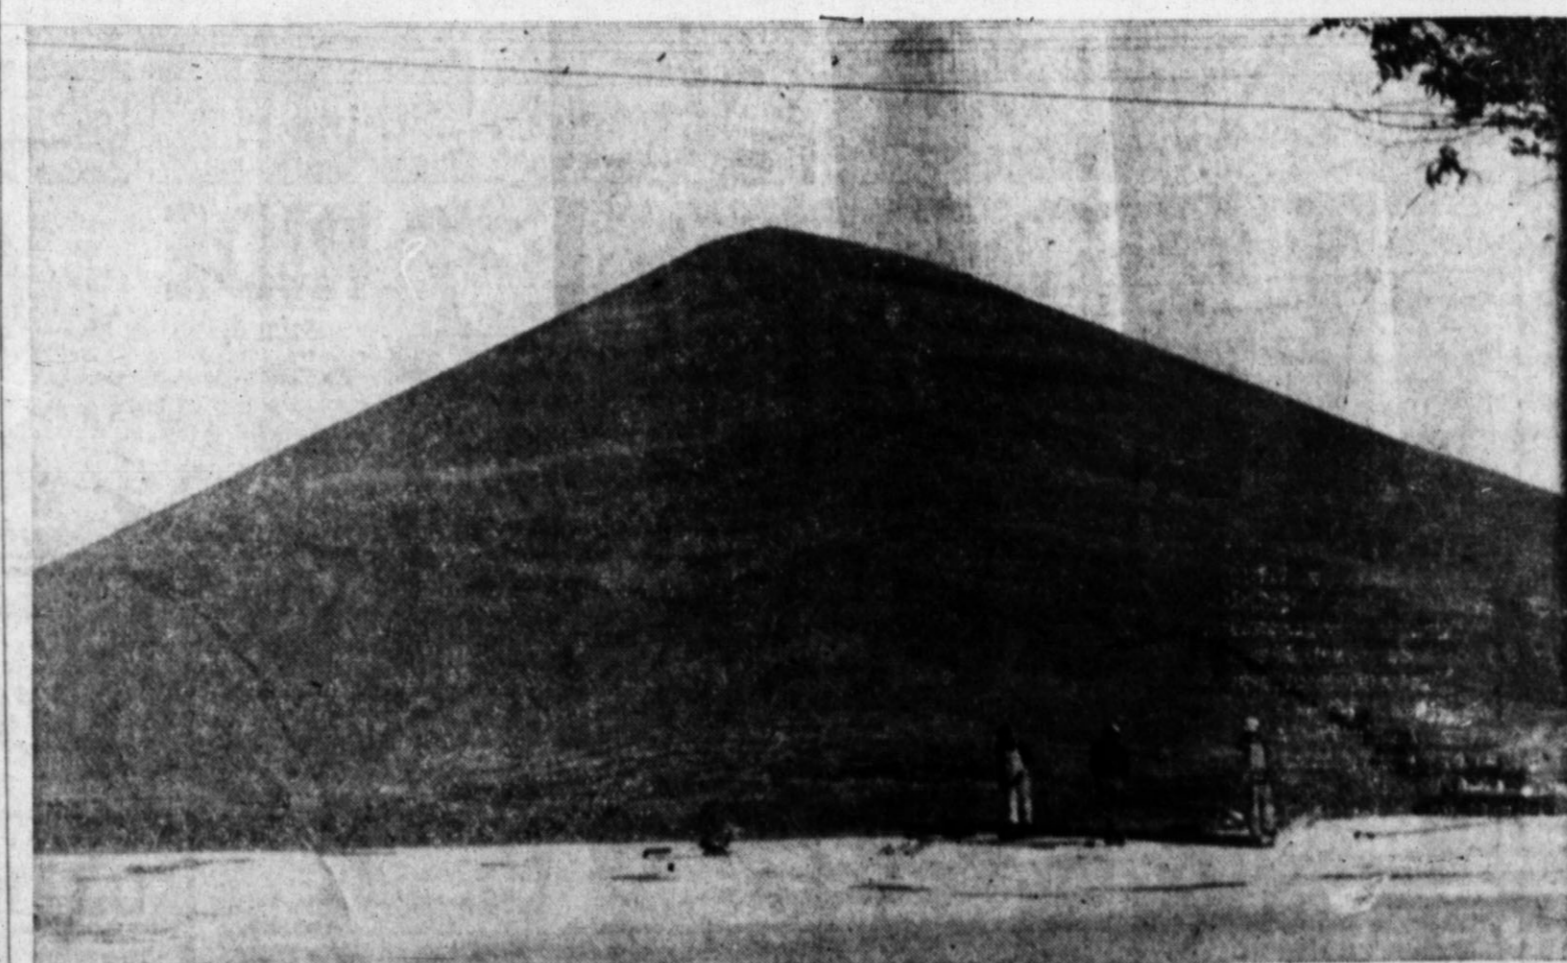

Pickup Smacks Express Truck

There was \$350 worth of damage estimated in a collision at the intersection of Union Street and Avenue E, Tuesday morning at 8:35 o'clock, when a 1940 Railway Express truck, driven by Linvell Lee Smith, and a 1954 International pickup, driven by Abel Garcia, collided.

The Express truck carried \$100 worth of damage and the pickup carried an approximate \$250 worth. The accident occurred when Smith was going West on Union Street and Garcia was going South on Avenue E. Garcia hit Smith on the left front fender causing Smith to spin completely around and stop on the curb.

Linvell Lee Smith was charged with the failure to grant the right-of-way.

Elevators Overflow In Break-Neck Rush To Harvest Bumper Grain Crop

"MILO MOUNTAIN" might well be an appropriate title for the pile of grain sorghum above. It is more than 50 feet high, approximately one block in length, and contains around 300,000 pounds of grain. It is one of five such piles which resulted when Hereford's 4-million-bushel elevator capacity overflowed as the 1954 grain sorghum harvest hit a peak

over the weekend. More than 500,000 pounds of grain on elevator lots in Hereford this week were valued at well over \$1 million. Similar "milo mountains" also appeared at Dawn, Summerfield and Black as trucks clogged elevator drive-ways and stacked along highways in an effort to handle the bumper crop at whirlwind speed. (Staff Photo)

Dealers Estimate '54 Harvest Is 65 Percent Complete This Week

More than a million dollars was literally laying on vacant lots this week as Hereford's 4-million-bushel elevator storage reached capacity and overflowed around 500,000 pounds of grain onto adjoining tracts. The same story was also true at Black, Summerfield and Dawn as harvest continued at break-neck speed on an estimated 8-million-bushel grain crop in this immediate area.

65 Percent Harvested
Arguments were common regarding just how much of the 1954 grain sorghum crop remained to be gathered. Some estimates said that only 40 percent has been harvested, while others placed the estimate as high as 75 percent. A general average of estimates from grain dealers, however, would find the harvest around 65 percent complete.

None of these figures, of course include farm storage, which is estimated at 2 million bushels in the county through the ASC office. However, much of the farm storage will not be used if elevators continue to handle the crop.

All Elevators Full
All five of the elevators in Hereford were overflowing as the result of a harvest "peak" which hit here over the weekend and continued into this week. Some of them, of course, held considerable grain before the harvest opened, but most had moved out grain to make room for the 1954 yield. Rail cars were moving rapidly, but elevators were unable to keep pace with the steady stream of trucks which jammed all points.

Dealers reported "harvest is

just beginning" last Wednesday and today estimated it was two-thirds complete, so fast did the operation move.

Combines, seen on every turn last week, were this week as "scarce as hen's teeth" as farmers joined the mad rush to get the 1954 milo crop in the elevator or, as they put it, "where it counts."

Yields Still Run High
Miraculous yields were still headlining the 1954 crop as producer after producer, checked the scale tickets, figured a few minutes—and blurted out things like "4,500 pounds," "4,000 pounds" and even an occasional "6,000 pounds" or "7,000 pounds." Test weights still averaged in the neighborhood of 60 for the area. These yields, of course, were from the vast irrigation district which is furnishing most of the '54 crop.

Dry land sorghums will drastically cut the yield average for the county, according to dealers, who say that little harvesting has been done in this division. Dry land maize will be on the harvest wind-up and, due to drought conditions, will likely average in the neighborhood of 600 pounds.

Goes Into Loan
Excellent condition of grain sorghums since the freeze led everyone to feel that most of the '54 crop would go into the government loan, which this week was \$2.68. Some of the early maize contained moisture and was sold upon delivery. ASC employees were just beginning to feel the rush this week, however, and were "hit" for a deluge following the harvest.

Cinemascope Installation Headlines \$10,000 Theatre Expansion Program

Plans have been approved and equipment purchased for remodeling of the Star Theatre and installation of wide-screen equipment to handle Cinemascope pictures, according to Francis Hardwick, manager, who said that every effort will be made to complete the installation by Thanksgiving.

"Work is scheduled to begin November 8," said Mr. Hardwick. He said that some matinee shows will have to be discontinued during the work, but that plans call for regular night shows at the Star during

the installation. The expansion program calls for around \$10,000 in equipment and improvements, which will include a wider screen, new type projection equipment and installation of a complete new confection bar.

The Star, when completed, will have full width Cinemascope screen, approximately seven feet wider than the present screen, which was already exceptionally large. The overall remodeling program will give Hereford one of the most modern theatres in the area, Mr. Hardwick said.

Around Town

Almost like the picture on a calendar was the impression this week as crisp, cool mornings created a "harvest atmosphere" in the area, busy beyond description in gathering of a bumper grain sorghum crop.

Two automobile lines were scheduled to unveil models today. Chevrolet will come out with a completely revised edition of travel in eights and sixes, according to Clyde Truly, Studebaker is also putting on display their 1955 version of ultra-comfort and power, according to Luther Leslie. Pontiac will show Friday for the first time and, like Chevrolet, will present some revolutionary designs, says Dean Herring.

The age of a tree stump at Carl McCaslin Lumber Company is attracting quite a bit of interest. It's all free (if you can out-talk the salesman) and they are giving prizes for nearest guess to the age of the tree. There are three prizes for adults, plus a special bicycle prize for kids under 16 years of age.

On their annual pheasant-duck shooting spree are Otis Hall, Vern Hilton, and Dubb Reeves. This time they took along Sam Nunnally just to keep away from any arguments. The group is hunting in the area around Grand Island, Neb.

Meanwhile, politics are picking up. Walter Rogers, Democratic candidate for re-election to Congress, was a visitor in Hereford Wednesday, and appeared before the Lions Club as guest speaker.

Pete LaMaster, Republican candidate, is scheduled to be in Hereford with a caravan at 8:45 Friday morning, at which time he will make a radio talk and public address. (Continued on Page 2)

Joe Hamilton Is Winner In Weekly Football Contest

Joe L. Hamilton was a clearcut winner in the weekly football contest with 18 correct selections out of a possible 25; John David Bryant was second with 17 correct, and Billy R. Boling took third place on tie-breakers over four other entries which also scored 16 correct; they were Mrs. J. F. Martin, L. J. Clark, Cliff Arnold and Cawthon Bryant.

The past week also marked the end of the third quarter in the contest for Cotton Bowl tickets. Cawthon Bryant, George C. Loerwald and Ruthie Loerwald were tied for first place with 99 each; Mrs. Sam Nelson had 96, Jim Wilman 96; John David Bryant, S. T. Loerwald and Mrs. J. F. Martin 95 each. Virginia Curtsinger, Mrs. Lloyd Olson and Reece Dawson, 94 each; Kenneth Loerwald 92; Kenneth Cowan, Mrs. O. Z. Golden, Bill Howard, C. J. Lance, Lloyd Olson and Dallas Phillips 91 each.

Board Cites Local Option Plan On Water Pro-Ration

Water pro-ration was "kicked around" from every angle here Wednesday morning when approximately 300 business men, farmers, and other interested citizens gathered in Hotel Jim Hill for the Community Breakfast, sponsored by the Hereford Chamber of Commerce.

"To Fit Needs" Speaking in behalf of directors of the High Plains Water District, Bill Fortenberry, chairman, pointed out that the organization is in-

terested in proposing legislation which will fit the needs and best serve the people of the district. Present plans advanced by the group would make pro-ration optional to small divisions of the High Plains District, allowing such groups to petition for a hearing of the board, following which local option elections could establish pro-ration of irrigation water in the specified area under question.

Sam Aldridge, Farwell attorney, reviewed the proposed laws, stating that they had been based upon existing laws for pro-ration of oil and gas. James W. Witherspoon, Hereford attorney, also reviewed the possibility of pro-ration or "something to take its place."

Bill Broadhurst, High Plains hydraulic engineer, took an active part in the meeting, since he was frequently called upon to give professional opinions on conditions.

When questioned as to the waste factor of the area, Broadhurst (Continued on Page 2)

Walcott School Plans Halloween Carnival Oct. 30

A fund-raising Carnival will be held at the Walcott School on Saturday night for the purpose of raising money for the Walcott PTA, according to announcements today.

Mrs. Don Guseman, who is in charge of the arrangements, says several features of the program held last year will be repeated including a "Cake Walk" and other games, which were popular with the large crowd in attendance.

Sandwiches, pie and coffee will also be sold in the school cafeteria, during the evening. Sponsors said the public is invited to the event.

Man Shifts Jails In Forgery Case

L. J. Redus, 34, was transferred from the Amarillo jail to Deaf Smith County jail Wednesday to face charges of forgery in this county.

Officers started searching for the man following appearance of two checks, forged on J. R. Allison, each in the amount of \$20. One check was cashed at B & J Service, and the other at McDowell Drug; both over the weekend. Officers said that other forged checks may also appear.

The checks were spotted rapidly in view of the fact that they were drawn on the First National Bank and Allison, until recently, was president of the Hereford State Bank.

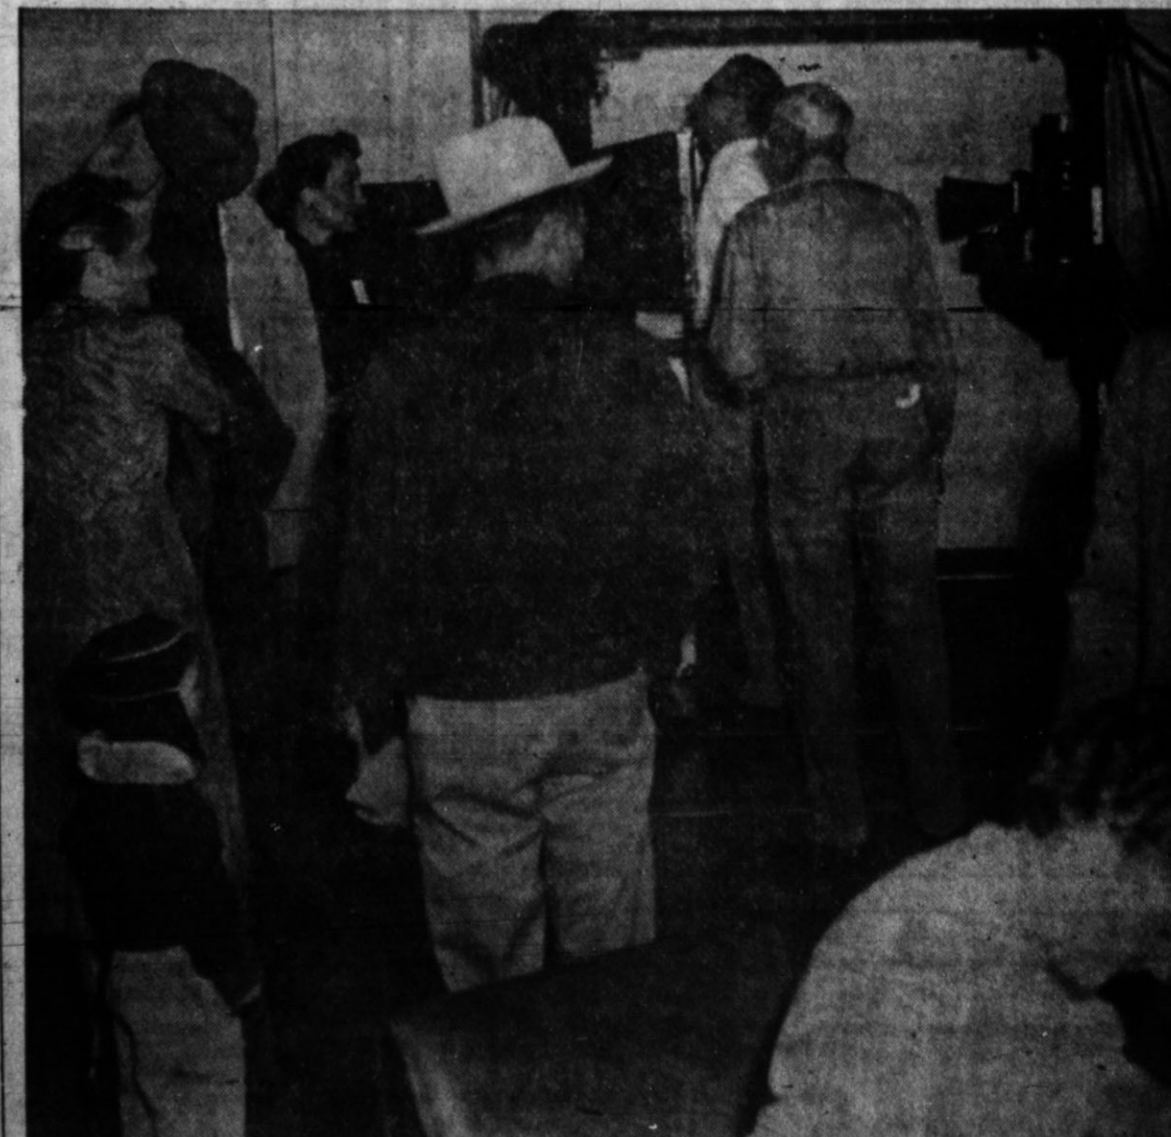

The Sheriff's department ended their search on the first query, when they contacted Amarillo police and were immediately informed that the man was in jail there on drunk charges.

Free Show, T-V Stars To Appear Here Saturday

T-V stars, plus a free show and "favors for all" is the billing for the Kiwanis Club Kids' Day Halloween program, scheduled at the Star Theatre here Saturday morning.

"Doors will open at 9:30 and the show will start at 9:45," according to Francis Hardwick, who is working jointly with Kiwanians, to produce a morning

Escapes Injury James Calvin Russell escaped serious injuries Sunday when he fell from a ladder while on the job at Hereford Grain. Mr. Russell was taken to the hospital but was found to have only scratches and a bruised chest.

BUSINESS WAS GOOD as hundreds of people availed themselves of free chest X-ray service, sponsored in cooperation with the State Health Department. The X-ray process, shown above, requires only a few seconds, no inconvenience -- and will be available all day today, remaining open at Southwestern Public Service from 8:30 a.m. until 5:30 this afternoon. burst said he did not know, but that "a large percentage of the water does not go toward production of crops."

The meeting also included questions from the floor in which local citizens, mostly farmers, sought to find out how pro-ration is planned, how it would be enforced, and how water might be replaced.

The Community Breakfast meeting adjourned at 8 o'clock, but approximately 140 people, mostly producers, remained in the room to further discuss pro-ration possibilities and plans with the High Plains group.

If any clear-cut information resulted from the gathering, it would probably have been regarding general effect of a water

control bill.

No Definite Outline
Such a bill would have to be general in scope, according to Aldridge, who pointed out that it would cover the entire State of Texas, and not just the High Plains district. For this reason, he said, actual methods of pro-ration, means of control and other similar factors would have to appear at such a time as the question actually came to vote in the locality.

The bill, as now proposed, would merely give the High Plains district, upon petition, the power to call an election to determine if the people wanted pro-ration in the specified area, along with methods and means. Several questioners from the floor pointed out that the High Plains District was created to avoid pro-ration—not to sponsor it. To this question, Mr. Fortenberry

said that the district was receiving scores of re-questions "for pro-ration," and that this was the chief reason for action at the State level.

"Every owner to have a fair share of the water," Mr. Fortenberry said. "If someone is going to take the life out of his wells, he would be taking the life out of the water. Those who are using the water in a way that would not likely be in the best interests of the district."

Lyle Blanton, a pioneer organization of the district, spoke in behalf of proposed plans. "We had better go along with these men and give them our wholehearted support," declared Blanton. He pointed out that Fortenberry and other board members are qualified, well informed, and working for the best interests of the district.

Attending the meeting in behalf of the High Plains Board were: Bill Fortenberry, chairman, of Lubbock; Marvin Sherbert, secretary, of Pittsburg; Willis Hawkins, vice chairman of Hart; Gus Parish, director, Earth and Virgil Dodson, director from Hereford. Tom McFarland, manager, Bill Broadhurst, hydrologist, "Doc" Willis, assistant hydrologist, Sam Aldridge and Arthur Duggan, attorneys.

Congressman Walter Rogers was also a guest at the meeting, which was conducted by Virgil Dodson, following an introduction and welcome talk by Bill Lenderman, C-C manager.

"We have re-drawn the proposed bill eight times within the past two weeks," said Tom McFarland, High Plains manager. "We still have several meetings to go—and will possibly alter it again before

its final recommendation." The Hereford meeting was by far the largest of any yet held in the district, McFarland said. Object of the meetings is to secure "grass roots" thinking before proposing legislation to cover any type of pro-ration.

CROP Speaker Tells Of Foreign Situations

An enthusiastic audience, representing various church denominations, filled the large auditorium at the First Baptist Church Sunday evening for the CROP program, sponsored through the Ministerial Alliance. A volunteer offering, unusual for the organization, resulted in collection of \$746 for CROP. The amount, under CROP's "20-for-1" plan, means that \$14,920 worth of food and clothing will be distributed in war-torn countries over the world.

Kellar Funeral Held Wednesday

Funeral services for George Kellar, 68, were held in the Baptist Church at Earth Wednesday, October 27, at 2 o'clock in the evening.

Mr. Kellar died Monday, October 25, in the Dimmitt hospital after several months' illness.

He was born September 25, 1886, in Williamson County, Tex. He married Mary Henderson in 1912 at Alton, Tex. The Kellars came to Castro County in 1904, being formerly from Hockell County. Mr. Kellar was a retired farmer.

Survivors include: his wife, Mary Kellar of Earth; three daughters, Mrs. C. E. Woods and Mrs. Paul Chandler of Clovis, N. M.; and Mrs. Herbert Qualls, Jr., of Orler, N. M.; three sons, M. G. and Bill of Earth; and Pete of Orler, N. M.; 17 grandchildren and one great granddaughter; one brother, Harvey Kellar, of Siloam Springs, Ark.; five sisters, Mrs. Fay Yarbrough of Knex City; Mrs. L. L. Bennett of Amarillo; Mrs. S. S. Layman of Muleshoe; Mrs. Carl Baker of Siloam Springs, Ark.; and Mrs. Cotten of Littlefield.

Burial services for Kellar were held at the Earth Cemetery.

To Relieve Misery of **COLDS take 666** LIQUID OR TABLETS—SAME FAST RELIEF

so, he was able to give first hand information on conditions there and the splendid work of relief being given by the CROP program. Rev. Parr had planned to give up the work, because of his years, until his trip to Europe. After seeing the need, he said he could not give it up.

Observing a young refugee couple, with an under-nourished child, accept a heifer with tears of gratitude and relief, Rev. Parr was reminded that there were 3,000 more couples, similar to this one, who were just as needy. The pitiful refugees would be without milk, as they had been for some time, because they could not take enough heifers to meet the needs.

Rev. Parr also gained first hand information about some of the conditions behind the Iron Curtain. While only a fence separates the East from the West Zone, no one in the East Zone, is privileged to talk freely, even in his own household. He added that if the people behind the Iron Curtain did not have that little bit of "hope" in their hearts to someday live under better conditions, we would hear of many, many suicide cases behind the Iron Curtain.

A similar program of relief has been administered in South Korea. Rev. Parr told of a recent appeal from a Missionary in South Korea. As a result, a Korean ship is being sent over to be filled with food and returned. Rev. Parr said that he would fill the ship.

The people of America are challenged as never before, said Rev.

Former Resident Dies In Milwaukee

Funeral services for Mrs. J. H. Genrich, 62, a former resident of Hereford, were held this week in Milwaukee. She was the former Zollie Garrison, daughter of Mr. and Mrs. Jim Garrison, who operated a hardware store here for many years. Mrs. Genrich died as the result of a heart attack.

Mrs. Garrison is survived by her husband, one daughter, and two grandchildren; also two sisters, Mrs. Lois Pettijohn of Van Wert, Ohio, and Mrs. Lucille Kernen of Chicago Heights.

Mrs. Genrich graduated from Hereford Schools and later taught in this area.

Parr. The CROP program, which is a Christian Organization, is doing much toward making friends for America in other countries. "Realizing this, our government is making large grants to be distributed through these Church-sponsored relief services. Vast amounts of food are given each year and shipping expense paid by the U.S. Government." With the help of the government, and others, Rev. Parr assured his listeners that he could make every dollar do the work of 20 dollars.

The people who work with CROP are truly concerned about what happens to people in other countries and Rev. Parr dedicates to God each contribution that is made, that it might be of the best service and help to the people.

As the congregation sang, "Onward Christian Soldiers," hundreds came forward with their contributions. A total of \$746.00 was raised.

After the service, interested men expressed a desire to raise quite an amount of maize and other grains to be given through CROP.

Presbyterial Held Here Today

As president of the Synodical, state organization of Presbyterian women, Mrs. John N. Olson of Waco and formerly of Hereford, was special guest at meetings of the Amarillo Presbyterial on Tuesday, Wednesday and Thursday.

Mrs. Olson was president of the Amarillo Presbyterial from 1940 to '44, while living in Hereford. Mrs. Lee Foster of Canyon is the present president.

"Christ is the Way" will be the theme of the fall sessions. On Tuesday, Oct. 26, Berger was the host for the meeting. Mrs. H. A. Close and Mrs. Will S. Kerr, board members, attended the meeting. The First Presbyterian Church of Amarillo was host to the meeting Wednesday and today's meeting will be in Hereford.

Mrs. Olson is to speak at the morning meetings on "Christ is the Way" the chosen theme of the Presbyterian women for the next quadrennium, 1954-58. She will also conduct dedicatory services, during which goal sheets of the various organizations will be returned.

Hobgoblin Apples For Halloween

By CECILY BROWNSTONE Associated Press Food Editor

WHAT'S HALLOWEEN without candy apples? Especially if they are glazed with a red cinnamon-flavored syrup and decorated to look like hobgoblins. Spooky is the word for these treats.

Teen-age youngsters can make these candy apples themselves; but it would not be wise for little folk to work with the hot syrup into which the apples are dipped. So while the older children are going about their homework for All Hallow's Eve, have some graham crackers and orange-colored confectioners' sugar frosting on hand. Small fry can frost the crackers and make hobgoblins of their own with some of the decorations bought for the apples, plus raisins and semi-sweet chocolate pieces.

Crisp red apples are best for candying. For the sticks, use the short wooden skewers meatmen usually have on hand. Or tongue depressors, bought at a drugstore may be used.

ROSY CANDY APPLES

Ingredients: 8 medium-sized red apples, 8 wooden sticks, 2 cups sugar, 2-3 cup light corn syrup,

1 cup water, red pure food coloring, 2 long sticks cinnamon.

Method: Wash apples; dry; remove stems; insert wooden sticks firmly in stem ends. Stir sugar, corn syrup and water together in a medium-sized saucepan until sugar almost dissolves. Add enough red coloring to color syrup bright red; add cinnamon sticks. Cover; bring slowly to boiling. Remove cover; boil rapidly, without stirring, until 1 teaspoonful of the syrup separates into hard brittle threads when dropped into cold water—300 degrees on a candy thermometer. During cooking, wipe inner sides of pan often with wet cheesecloth wrapped around a fork to remove any crystals that may form. Remove from heat. Tip saucepan; dip apples, twirling in syrup until covered. Let an extra syrup on apples drain back into saucepan. Work quickly, placing saucepan over low heat or boiling water if necessary to keep syrup thin enough to coat apples easily. Save extra syrup to help stick on decorations. Place coated apples, stick up, on lightly buttered cookie sheet to harden. Decorate.

Note: For decorations use some of the following: gumdrops, marshmallows, doughnut-shaped hard candies, licorice strips.

James Durham Is Eighth High In National Judging

James I. Durham of Hereford, recently won eighth high individual place in the American-Royal Intercollegiate judging contests at Kansas City, according to releases from Texas A&M College this week. Durham was a member of the six-man team which represented A&M in the national contests when the college placed seventh in Senior Meats Judging.

He is the son of Mr. and Mrs. J. J. Durham, 706 East Fifth St., and his father, J. J. Durham graduated with the A&M class of 1927. James finished school in Hereford in 1951 and is now in his junior year at A&M. He was member of the meats judging team which tied for first place in the Southwest Stock Exposition at Ft. Worth last February.

How Can I?

By Anne Ashley

Q. How long should clothing be boiled when laundering?

A. About 10 minutes of actual boiling is usually enough. If boiled too long it has a tendency to turn the material yellow. The juice of one lemon added to the boiler will help produce a real whiteness.

Q. How can I measure drops of liquid if there is no dropper on hand?

A. Dip the finger in water and moisten the rim of the bottle in one place. If this place is used from which to drop the liquid, it will drop evenly and easily.

Q. How can I keep canned milk fresh?

A. Take evaporated milk out of the can and keep it in glass jars. It will stay fresh for a longer time.

Q. How can I avoid having insects on house plants?

A. If they are infested with insects stick a few sulphur matches, heads down, into the soil around the plants. Spraying with a solution of naphtha soap and water is also effective.

Q. How can I avoid taking so much time when washing windows?

A. Dip a chamois in a vessel containing two quarts of water and one cup of vinegar, wring it dry, and wipe the glass as usual. It will clean and dry at the same time.

Q. How can I prevent the fading of colored dresses?

A. Do not allow colored dresses to freeze on the clothes line. The freezing is sure to fade them.

Q. How can I induce sleep?

A. Try eating a thin slice of bread and butter with a little cayenne pepper sprinkled on it. Have plenty of fresh air in the room, and make a genuine effort to relax every muscle of the body.

Q. How can I remove small blood stains on needlework?

A. If the finger is pricked while doing a piece of needlework and the article is stained with blood, a little ammonia will remove the mark.

Q. How can I remove paper that has stuck to the polished surface of a table?

A. It can be removed by softening it with olive oil, and then rubbing gently with a soft cloth.

Q. How can I make a frill for a dress so that it will not look skimpy?

A. Measure the length of the material needed and then add half as much again. This will give a nice frill that is neither too full nor too skimpy.

Senior Citizens Group Organized

Approximately 25 women met in the County Library Tuesday to organize a Hereford Chapter of Senior Citizens. The organization meeting was under direction of Mrs. Ruby Cochran, regional coordinator, of Amarillo, who founded the movement and who predicts that it will become nationwide in scope.

Senior Citizens, as the name implies, would establish a planned program for adults along the lines sponsored for youth in many communities. In addition to recreational features, the plan includes study and discussion of varied topics, ranging from health to history, in which small groups of the organization might be interested.

Next meeting of the group has been scheduled for Nov. 16, at which time all interested persons are invited to attend. Officers elected at the meeting Tuesday were: Mrs. O. H. Culpepper, president; Mrs. Colby Conkwright, vice president; Mrs. Tom Draper, secretary; Mrs. J. W. Wither- spoon, publicity.

World production of paper is about 50 million metric tons a year, about four times what it was 40 years ago.

Beet sugar was developed during the blockade of Europe during the Napoleonic Wars when Napoleon offered a large prize for the development of a domestic source of sugar.

More than a fifth of the coal mined in the United States comes from mines owned by steel, railroad, utility and other consuming companies and moves directly into their operations.

BRIGHT CHAIRMAN PHILADELPHIA (AP) — The chairman of the Temple Sinai Men's Club's "sunshine committee" is Jack Sunshine.

A baby born in Brazil has a life expectancy of 39 years compared with more than 45 in the United States.

Canned green asparagus tastes especially good if, after it is heated and drained, it is sprinkled with buttered crumbs. When you are mixing the melted butter and crumbs together for the topping, add a dash of paprika for color.

Beauty At Home

By Lynn Carter

Q. What treatment can I give splitting, ailing fingernails?
A. Trim them below the split, and smooth off. Avoid using polish for awhile. Buff them well, and each night paint the cuticle and under the nail with colorless iodine. Add more milk to your diet!

Q. How can I hide an ugly-looking pimple on my face?
A. Make a paste of powder and foundation cream, pat on the blemish, press powder evenly over the spot—and the pimple is camouflaged!

Q. How should a very round type of face be rouged?
A. Dot your rouge in a triangle that begins just below the center of the eye socket, extends upward along the cheekbone, and points downward along the outer rim of the cheek. Shade the color with your finger toward your hairline, away from your nose.

Mix honey and brown gravy flavoring sauce together and use as a glaze for sparrows.

Ample Breakfast, Proper Lighting Are 4-H Topics

Programs on the importance of starting the day with a good breakfast and proper lighting for the homes were the subjects studied by the 4-H Clubs reporting recent meetings.

Sadie Lee Oliver
Sandra Townsend was hostess to the Sadie Lee Oliver 4-H Club on October 20. Mrs. Loyce Sullivan, assistant Home Demonstration Agent, showed films on "Better Lighting In The Home". She also showed the girls by test, the amount of light needed for study.

Ann Waggoner president, presided at the business meeting in which Florene McIntosh was elected vice president.

Girls present were: Gayle and Ann Waggoner, Freda and Dora Ruth Inman, Nancy Green, Mary Lynn Morrison, Florene McIntosh, Janie Auten and Sandra Townsend. Leaders attending were Mrs. Sullivan, Mrs. George Turrentine and Mrs. Elvin Wilson.

Walcott
Walcott 4-H girls met in regular meeting at the Walcott School on

October 1.

Ettie Evelyn Walker, president, called the meeting to order. The club prayer was given. Janell Weaver led the club song and Barbara Neinast conducted the Ritual.

During the business meeting, plans for selling chances on a doll were discussed.

The program "Why Eat A Good Breakfast" was given by Mrs. Roy Pruitt, leader. Mrs. Pruitt emphasized the importance of breakfast by stating that "Going without breakfast is like trying to go on

a trip without putting fuel in the car." Tests scored according to the Texas Foods Standards were given the girls to determine if they were eating a good breakfast.

Members present were: Cecelia and Margaret Burrus, Pauline Cole, Hazel Lewis, Kathryn Burrus, Barbara Neinast, Ettie Evelyn Walker, Janell Weaver, Mary Duff, Mary Sue Patton, Gail Hall, Marilyn Lumpkin, and Royce Lee and Merry Kay Pruitt.

Leader present was Mrs. Roy Pruitt.

City Dads Take Back Seat Here

AP Newsfeatures
EMERSON, Ark.—Less than a year ago, an unknown was started a write-in campaign for the election of five housewives to the Emerson City Council.

Since no one had taken active interest in the affairs of this little south Arkansas village for years, it was a great gag.

But the women won the election—by as much as 26-3—and now there isn't a snicker audible in the town of 503 persons.

The new councilwomen, who did not know of the write-in move until they showed up at the polls, promptly took their new jobs and themselves seriously. It's generally admitted that they have done more than all of their predecessors to improve the town.

"Of course, we didn't have to do much to accomplish that," said Mrs. Sam Cox, owner of Claudettes Beauty Shop and one of five council members.

In true feminine fashion, the women's first order after taking office called for a town-wide clean-up campaign. Then, they turned their efforts toward more serious problems.

For years, Emerson had operated its somewhat lethargic government solely on small turnback funds from the state and county. The city didn't assess a single tax against its residents. There were no paved streets, and no law enforcement.

Times are changing. One of the first orders of the new council was to require Emerson auto owners to buy city tags at \$4 a year. Next the council talked local property owners into helping finance a program to pave city streets. With the property owners furnishing the material and right-of-way and the county supplying labor and equipment, the city has paved 2½ miles of streets since the council took office. And, it didn't cost the city government a penny.

The new council also has granted franchises to private firms to provide natural gas and a dial telephone system for Emerson.

Mrs. Cox says the council's next big job is getting a young doctor to locate in Emerson. At present, the town has only one physician, and he's nearing retirement age.

Besides Mrs. Cox, the councilwomen are Mrs. Walter Foster, Mrs. Emory Cochran, Mrs. Hugh Stevens and Mrs. E. G. Gunnels. All are housewives. Mrs. Stevens, in addition to her household chores, helps her husband operate the Louisiana & Northwestern Railroad depot here.

The town's attitude toward the council—locally referred to as the "Petticoat Council"—was best summed up by Mrs. Cox, who called the members together for a joint interview at the railroad depot:

"If the men saw us all coming down here, they're probably asking themselves, 'What are those women up to now?'"

New flavor for cooked sliced carrots: dress them with butter or margarine, honey and prepared horseradish.

Spread canned pineapple slices with a mixture of brown sugar, nutmeg and cinnamon and broil. Wonderful with ham!

Like to use lean round steak for hamburgers? Then have a little kidney suet ground with the beef round and your meat patties will be extra juicy and delicious.

Pretty way to serve meat loaf: Turn it out on a serving platter, top it with mashed potatoes, ruffle the potatoes with the tines of a fork and sprinkle with paprika. Surround the meat-and-potatoes with cooked buttered vegetables—green peas, sliced beets, snap beans, carrots or broccoli.

If you want your tea to taste really good, store it in an air-tight container. One company, realizing the importance of protecting tea flavor, is now wrapping its tea in seal-tight aluminum foil before packaging. If properly stored at home, after this tea is taken out of its package, it will yield a fine brew.

Everyone will like snap beans if, after they are cooked and drained, you toss them with a couple of tablespoons of olive oil and one of wine vinegar, a dash of sugar, and salt and pepper to taste.

Timely Tips for Better Foods

Like crispy fish filets? Then dip the filets in corn meal before frying to a golden brown. Use a half cup of corn meal for a pound of the filets.

Minute Steaks taste divine cooked this way. Cook the steaks lightly in hot butter in a large skillet; with a dollop of butter, a good don't try to get them really brown or they'll be overdone. Top them squeeze of lemon juice, salt and freshly-ground pepper.

A pound of cabbage, shredded and cooked, usually yields about 2 to 2½ cups—enough for four servings.

Kitchen arithmetic: Use 2 cups of grated cheddar cheese (one-half pound) with 2 cups of medium white sauce when you want a cheese sauce for cauliflower, broccoli, onions, cabbage or asparagus. These proportions are also good to use when you want a cheese sauce for cooked ham, leftover chicken or turkey or sliced hard-cooked eggs.

Coarsely shred rutabagas and use in a salad. Team it with celery, dress it with mayonnaise and add a little grated onion for extra flavor.

Here's a way to use the liquid leftover from such cooked vegetables as carrots, celery, snapbeans or peas. Add 1-3 cup of it to a can of condensed mushroom soup with a teaspoon of curry powder. Heat this quick curry sauce with cooked leftover lamb, beef or chicken; serve over rice with chopped peanuts, crumbled crisp-pickled bacon, chutney, sweet pickle relish and coconut.

JACK DIDN'T BUILD the house above. Mr. and Mrs. W. H. Blevins did it with their own hands. In addition to the modern, ranch style home seven miles north on Highway 51, the Blevins also acquired a vast store of unusual experiences in the construction. So many have been related, in fact, that friends who have heard them seldom pass the "Wheel-In Farm" without a chuckle. In the lower picture, Mr. and Mrs. Blevins are settled down for sheer comfort in front of the fireplace which Mrs. Blevins built by trial and error. Construction of the home represents more than a year of hard work for the couple. They do not exactly recommend "building your own home" to everyone, but Mr. and Mrs. Blevins say "there's nothing like it" for real kinship with the house in which you live.

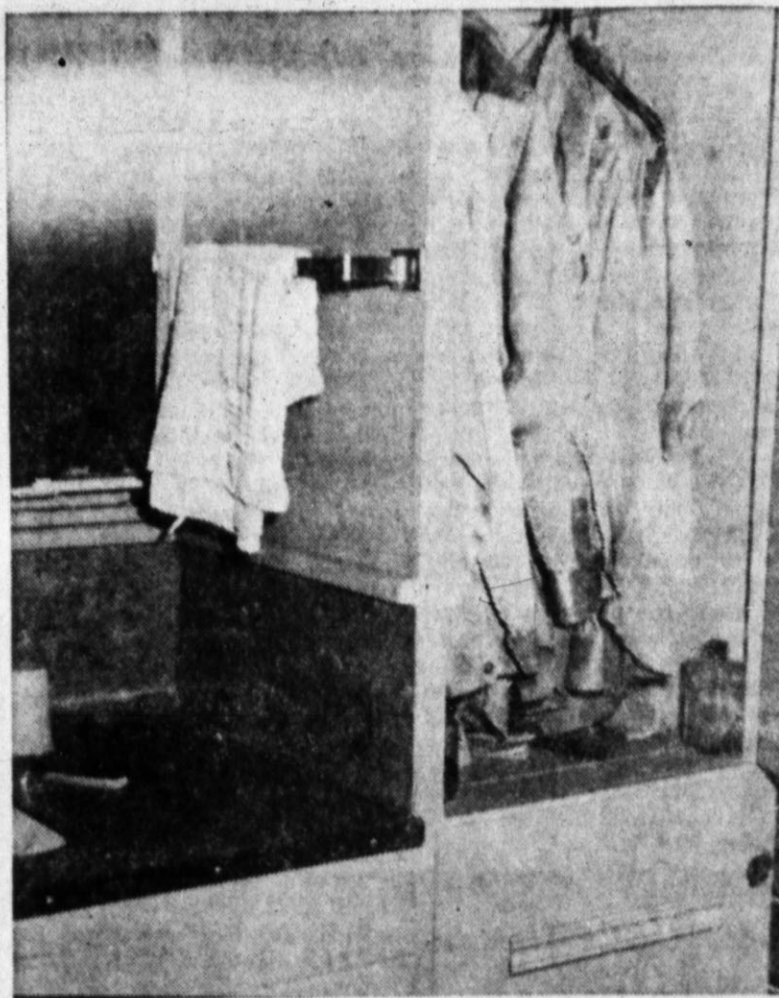

Frio WMU Meets

Members of the Frio WMU met in the home of Mrs. H. D. Robins a former member in Hereford recently.

A program on missionary work Asia, Africa, and Europe was presented by Miss Alma Andrews, Mrs. Carlton Dobbins, Mrs. Olin Paris and Mrs. Owen Andrews.

Others present were: Mesdames T. L. Sparkman, Earl Cole, E. H. Little, Floyd Cole, T. L. Sparkman Jr., James Dobbs, Henry Dobbs, Jack Jones and the hostess. Guests were Mrs. Bob Brotherton and son of Canyon, and Mrs. Bill Padgett and Suzanne of El Paso.

The next meeting will be with Mrs. Olin Parris on November 2.

"WHAT WILLIE GOT", as Mrs. Blevins terms the special nook above, was this personal closet in the utility room plus the adjoining bath where he can clean up when he comes in from the field with muddy shoes. Mr. Blevins says it saves a lot of scolding. He thinks every husband should have a closet for work clothes. (Staff Photo)

Couple Spends Year Building Own House

"It takes a heap o' livin' in a ny residences as a building contractor.

Mr. Blevins had built two homes for them during that time and the rock house was traded for the land north of town.

Lived in Garage They moved to the place in March of '51 but actual construction of the house was begun in October of that same year. Until it was finished the next July, the Blevins lived in a garage with only one room.

Mrs. Blevins' friends, remembering the spacious house she had left in town, voiced their sympathy but she recalls that she had never felt more like royalty in her life because every morning she was served her breakfast in bed.

"Willie," Mrs. Blevins laughs "just didn't have the nerve to fix his breakfast every morning right under my nose and not offer me

Landscape Studies Feature Sidewalks

Most of the Home Demonstration Clubs have been given a program by their landscape demonstration on a part of their work in landscaping which points out some of the materials and workmanship required for building sidewalks around a home.

Clubs completing their work for October are:

Messenger

How to lay a walk and the mixing of concrete was demonstrated by Mrs. Floyd Brown when members of the Messenger Home Demonstration Club met with Mrs. E. M. Jack on October 15.

The club voted to pay council seven dollars instead of participating in the Bake Sale.

Mrs. Bob Howard won the recreation prize and Mrs. W. D. Howard was winner of the floating prize.

Those present were one visitor; Mrs. Bertram Jack and the following members: Mesdames John McCullar, Bob Howard, J. T. Gunn, Floyd Brown, W. D. Howard, R. J. Coleman, N. A. Brown, and the hostess.

Dawn

The Dawn H. D. Club met October 15 with Mrs. T. L. Sparkman, as hostess.

Mrs. Orval Galley gave the program on Shrub Identification and Miss Lula Botsford asked the members to identify trees.

Plans were discussed for the council Christmas Party in which Dawn and Progressive will work together in recreation.

The next meeting will be with Mrs. H. S. Fuller. This is a change from the yearbook. Each member is asked to bring some quick bread for scoring.

Treatments were served to

Mrs. R. T. Stewart, Mrs. J. B. Caraway, Miss Lula Botsford, Mrs. Orval Galley, Mrs. J. M. Carabers, Mrs. Muri Little, Miss Alma Andrew, who was a guest and the hostess.

South Hereford

Mrs. John Draper was hostess for members of the South Hereford H. D. Club on October 19, with nine members and one visitor present.

Mrs. W. H. Goettsch gave a demonstration on "Laying A Walk."

Mrs. John Hacker president, was in charge of the business meeting and opened the program with opening exercises. Mrs. S. S. Williams asked for a response on Mother Nature. This was followed by a report of committees and the hostess report. The club decided to make rag dolls for Christmas.

Those present were: Mrs. Liz derhose, a prospective member, and Mrs. H. E. Flowers, Ronald Matthews, Viola Woodson, Chae Coenough, Evelyn Bell and Mrs. Goettsch, Mrs. Williams, Mrs. Hacker and the hostess.

The next meeting will be November 2.

Progressive

Progressive Home Demonstration Club met with Mrs. Ira Ricketts for their second October meeting.

Mrs. Taft M. Gee presided in the absence of Mrs. C. C. Billingsley. Roll Call was answered with household hints and the minutes were read by Miss Augustine Gregory, secretary.

The program was under the direction of Miss Gregory, who is landscape demonstrator for the club. Mrs. C. V. Burgess and Mrs. H. Hershey displayed leaves from 13 different trees for identification.

Trick Or Treat Recipes Add Zest For Halloween

An original way for mother to get ahead of the Trick or Treat crowd is to start the day off with a little treat of her own early on Halloween morning.

If she is serving hot cakes for breakfast some housewife has suggested that she cut out a jack-o-lantern face from the top hot cake on the stack and pile in butter for the eyes and nose while the mouth should be given a filling of bright red jelly.

Later in the day doughnuts might be served with a punch made with apple juice with mint added for a refreshing flavor.

(Dip rim of glasses in lemon juice and then in sugar before filling with the following mixture).

Apple Punch
1/2 cup sugar
1/2 cup water
1/2 cup lime juice
2 cups apple juice
1 1/2 cups ginger ale
Mint leaves or a little mint flavoring.

Willie Learns Things

Getting the frame work of the building up was pretty much a matter of routine but once the interior was ready for a finish Willie Blevins began to learn something about carpentering with his wife. If he had ever been inclined to under-estimate a woman's ingenuity before the house was ready to move into, he had been entirely re-educated.

Maybe he hadn't known until then that Mrs. Blevins had a certain philosophy about how to get the things she wanted even if they were building on a shoestring as she expressed it.

A good example of her determination was the fireplace. She simply went to work with brick and enough tools and cement to hold them together and with what she didn't have to wash off of herself turned out to be a very satisfying addition to the living room.

At the picture windows on either side on the combined living-dining area a cornice had been built from the ceiling and Mrs. Blevins made the drapes.

"Hidden Treasures"
A hidden treasure in the living room is a closet so well hidden in the knotty pine finish of the wall that one would never suspect that a roll-away bed and all the bedding are easily accessible to turn the area into a guest room on short notice. The closet at the entrance has room for extra garments and the bath is turned over to the visitors; because the one that Mr. Blevins uses for a dressing room when he is irrigating opens, also onto the back porch and provides privacy for all the occupants.

In the bedrooms, it was Mrs. Blevins who made the cornice boards and the drapes and planned the well arranged closet space with chest, hat rack and even a pin cushion as extra features.

The kitchen, with its breakfast area and the utility room which joins it, are complete with electrical appliances and gadgets but

here are other features that are the result of the builders ingenuity. One pastry board is the standard equipment for the kitchen, but in the Blevins there are three built where they will be the most convenient. There is a nook for the radio and the recipes—and, behind the stove where popping grease spoils the appearance of paper, Mrs. Blevins has pasted a piece of the chintz used for the kitchen curtains and water-proofed it with a clear commercial solution.

Dinner Is Ready

In the home freezer in the utility room, which doesn't look as if it could hold another thing, there is a Thanksgiving Dinner all ready to be served, except for the turkey which is stuffed and ready for the oven. Shelves are filled with this summer's canning.

Incidents experienced in installing the bath are some of the things that can now be reviewed with hilarity. Mr. Blevins knew some of the problems involved in laying floor coverings and putting tile on the walls and he was more than eager to turn the job over to an experienced workman, but Mrs. Blevins, who says she is the frugal one, insisted on doing the job for herself.

The plumbing had been installed and, despite her husband's mild objection, they were ready to put down the initial linoleum. Mrs. Blevins didn't want it cut to fit around the fixtures so Mr. Blevins first chore was to crawl under the house and jack up the bathtub so the linoleum could be pushed under. From there on the operation seemed simple. Mrs. Blevins got over into the tub to hold the roll of floor covering, while her husband smeared the paste over the area to be covered. While directing operations from this vantage point, she instructed Mr. Blevins to hand her the roll. Next thing she knew she was lying in the tub with the weight of the linoleum pinning her there. Mr. Blevins looked like a real live tar baby by the time he had picked himself up from the black "goo" on the floor in his effort to reach her. Finally exasperated, he announced "Just hold everything,

and I'll go to town and get somebody to do the job."

"You'll get me out of this tub," was Mrs. Blevins ultimatum.

There had also been some disagreement as to her ability to put the tile on the wall and at first she thought she had met defeat, but after she put them in place several times only to pick them up from the floor again she hit upon a scheme of setting one row at a time with the use of thumb tacks.

He Just Grins

She has always contended that it wasn't any coincidence when Mr. Blevins chose this particular time to be nailing up the pine boards on the other side of the wall where she was working. Mr. Blevins just grins and remains silent.

Even the Blevins would not disagree with the idea of what it takes to make a home, but they will tell you that if you build your own house by the time you move in, you have already done a lot of living.

Landscape....

(Continued from Page 1)

Mrs. Virgil Dodson identified all but one and was awarded a tatted lace dolly made by Mrs. Burgess.

Mrs. Alton Kemp presented the program on shrubs. Some pointers she gave for picking shrubs was to buy in the Fall as you can get healthier and newer stock, also only buy freshly dug stock. She displayed leaves and pictures of 15 different shrubs for identification. Mrs. Earl Plank identified the greatest number of these.

The group viewed the beautiful handwork done by Mrs. Ricketts. Some were textile painted with lovely crocheted edges. There was cut work and other embroidery. Mrs. Ricketts also grows African Violets as a hobby. Miss Gregory presented Mrs. Ricketts with a new plant which she had grown.

Refreshments of pumpkin pie, whipped cream and coffee were served to Mesdames: Virgil Dodson, H. Hershey, Bert Coffin, Tait McGee, Alton Kemp, Leon Coffin,

C. V. Burgess, Earl Plank and the hostess, Mrs. Ricketts.

North Hereford

A luncheon meeting of the North Hereford H. D. Club was held with Mrs. Otto Olson on October 21.

Procedure for laying a walk which may be carried out by club members was demonstrated and discussed by Roberta Campbell. Some of the points brought in the presentation were the use of garden hose to make the layout for a curved walk, methods of shaping frames for irregular walks, the width of the walk and cinder blocks and other materials to be used in construction. A satisfactory concrete mix was also demonstrated for the group.

At the business meeting plans for the annual Thanksgiving supper for club members and their families were discussed and the following committees were appointed by Mrs. Olson, president, who presided: Housing, Mrs. A. E. Hodges; Menu, Mrs. W. H. Russell, Mrs. O. C. Williams and Mrs. Paul Hoff.

Members present were: Mesdames E. E. Bishop, Lloyd Olson, A. E. Hodges, W. H. Russell, R. A. Fulwood, R. E. Barrett, Mary Bodkin, Tony Hoffman, Roberta Campbell and the hostess.

The club will meet again with Mrs. Olson on November 7 for a demonstration on candy making.

Black

The Black Home Demonstration Club met with Mrs. Emma Elmore on October 13.

Miss Corrine Stinson demonstrated baking mixes made from one foundation mix.

The members planned another meeting to work on their copper pictures. This special interest meeting will be held in the home of Marjorie McGowen.

Hot gingerbread made from one of the mixes was served to the following: Mrs. Lloyd Lookingbill a new member, two guests, Mrs. Henry McLean from San Antonio and Mrs. Fern Barnett and Mesdames Lois Latham, Irene Altman, Helen Fangman, Dorothy Noland, Marjorie McGowen, Lucille Rockey, Maxine Price, Lillian Lookingbill, Carrie Tatum, Altha Presley and the hostess.

Wyche

The Wyche H. D. Club met October 21 in the home of Mrs. E. A. Wilke with Mrs. J. M. Cross as co-hostess.

Mrs. Wayne Newsom led the group in the opening exercises with games of the Halloween season.

Mrs. E. C. Howitt vice president, conducted the business meeting.

The program was brought by Mrs. Ira Ott who presented a discussion on the proposed amendments to be voted on in the general election in November.

Mrs. Darrell Dirks was welcomed as a new member and Mrs. O. B. Sumner and Mrs. J. E. McCathern Jr. were welcomed as guests.

Others present were: Mesdames Wayne Newsom, C. R. Dameron, Carroll Newsom, Bob Baird, Ira Ott, E. C. Hewitt and the hostess.

Simms Study Club Meets October 21

The Simms Study Craft Club met in the home of Mrs. James Corin for a luncheon on October 21 with Mrs. M. W. Blankenship acting as co-hostess. Mrs. Glen Hetzler president, directed the business.

The club voted to sell Christmas Cards this year and to send a card shower to the Bill Brown family of Adrian because of the illness of Mr. Brown.

Mrs. R. L. Pinnell had charge of the program and gave an interesting demonstration on needle-point.

Present were Mrs. Clarence Holabaugh of Hereford, Mrs. Glen Hetzler, Mrs. C. H. Hammock, Mrs. A. J. Ashburn, Mrs. Durwood Riddle, Mrs. R. L. Pinnell, Mrs. M. W. Blankenship, Mrs. S. L. Kingrey, Mrs. J. S. Stocks, Ruth Perrin and Mrs. Corin.

The next meeting will be on November 4 with Ruth Perrin.

Mrs. C. W. Fisher of Houston is a guest in the home of her daughter, Mrs. A. T. Mims. Mrs. Fisher is a sister of W. J. Stanford and will visit with other relatives here also.

Jack Ramey has returned to San Francisco, Calif., where he is stationed with the 12th Naval District at staff headquarters. Jack was called home last week by the serious illness of his father, Sank Ramey, whose condition is reported to be improved, according to relatives.

NOTICE

Dear Friends:

I would like to say a word for LeRoy "Pete" LaMaster. I know him to be a man of integrity and good training. Whether you are of his party or not, I believe you will make no mistake in electing him as your CONGRESSMAN.

Sincerely yours,

Keith McCormick, Pastor

Dear Brother:

Likely most of us are Democrats in our own political learnings, such as I am. However, I feel that the Man involved should have something to do with the way we vote.

I would like to speak a word for LeRoy "Pete" LaMaster. I know him to be a man of integrity and good training. Whether we are of his political party or not, I believe that we will make no mistake in electing him to the Congress of the United States.

Your vote for "Pete" and your word to others will be appreciated.

Yours sincerely,

Black Cat Cake For Halloween

By Cecily Brownstone
Associated Press Food Editor
THIS HALLOWEEN PARTY CAKE is fun to make because it is so simple—as you will see when you read our directions for shaping it. No reason why the oldest in the family shouldn't have some fun on All Saints' Eve, so serve the cake with coffee and candy corn at a get-together while youngsters are out for tricks or treats.

Ice cream might also be offered with the cake—especially if you can order it in Halloween forms. Ever the blase won't spurn a frozen pumpkin, witch or ear of corn! If you can't get the Halloween ice-cream forms, you usually can buy orange sherbet. Or you can try your hand at making the sherbet or pumpkin ice cream.

If you want to give a more elaborate party on Halloween you can ask friends for a buffet supper. In this case, fully-cooked ham that only needs re-heating would be a good choice, and it could be served with mashed sweet potatoes and fried apple rings. The potatoes can be mashed and seasoned ahead and the apples cooked, too. Then the potatoes can be piled into a shallow baking dish, topped with the apples, and the whole thing heated in the oven toward the end of the ham's baking. A big tossed green salad and rolls can complete this main course. Our Black Cat Cake will make a fine dessert.

BLACK CAT CAKE
Ingredients: 2 cups sifted cake flour, 1 1/3 cups sugar, 1 1/2 teaspoons baking soda, 1 teaspoon of salt, 1/2 cup shortening, 1 cup plus 2 tablespoons milk, 2 eggs, 3 squares (3 ounces) unsweetened chocolate (melted), 1 teaspoon vanilla.

Method: Grease bottom and sides of two round layer cake pans (8

by 1 1/4 inches). Line bottom of pans with waxed paper; grease paper. Put flour, sugar, baking soda and salt in sifter. Stir shortening in mixing bowl just enough to soften; sift in dry ingredients. Add 1/2 cup milk; mix until flour is dampened. Beat 2 minutes at low speed of electric mixer, or 300 vigorous strokes by hand. Add eggs, chocolate, vanilla and remaining 1/2 cup plus 2 tablespoons milk. Beat 1 minute longer in mixer or 150 strokes by hand. Turn into prepared pans. Bake in moderate (350 degrees) oven 30 to 35 minutes or until cake tester inserted in center comes out clean. Turn out on cake racks; strip off paper; cool.

TO MAKE CAT, spread Chocolate Frosting over top and sides of each cake. Place one frosted layer on large flat tray or board to use as body of cat. From center of second layer cut a circle, 3 1/2 to 4 inches in diameter, and place this circle at one end of the body for head. Cut remaining ring of cake in two pieces. Use one piece for tail, placing against lower end of body. From other piece cut two elongated triangles to use as ears. Fasten ears to head with toothpicks. Cut remainder of ring in two and place against lower end of body for front paws. Make cat face using Halloween candies for eyes, nose and mouth, and licorice strips for whiskers.

CHOCOLATE FROSTING: Melt 3 to 4 squares (3 to 4 ounces) unsweetened chocolate and 3 tablespoons butter or margarine over hot water. Blend 3 cups sifted confectioners' sugar, 1-8 teaspoon salt, 7 tablespoons milk and 1 teaspoon vanilla. Add melted chocolate-butter and mix well. Let stand, stirring occasionally, until right consistency to spread. If necessary, place bowl in pan of ice and water to hasten thickening.

Willing Workers Meet October 20

The Willing Workers met with Mrs. Johnie Townsend on October 20 for a program on Missions.

Mrs. T. D. Alston led the opening prayer and Mrs. Townsend gave the devotional.

Mesdames Jimmy Thomas, J. C. Morrison and Joe Landers gave the different parts on the program. The women decided to sponsor the Youth Revival which will be held on October 29, 30 and 31.

The group will meet November 3 at the Westway Community House for a study of the book of Acts.

Ladies present were: Mesdames Joe Landers, R. L. Wilson, J. R. Coleman, Jim Auten, T. D. Alston, Jimmy Thomas, Everett McIntosh, Clarence Morrison and the hostess.

Hamilton Is Made Corporal

FORT HOOD, Tex., Oct. 19—Homer G. Hamilton, son of Mr. and Mrs. Homer M. Hamilton, 103 Park Ave., Hereford, Tex., was recently promoted from Private First Class to Corporal.

Corporal Hamilton entered the Army in April, 1953, and took basic training at North Fort Hood.

Corporal Hamilton is a tank driver in Company "A", 702nd Armored Infantry Battalion, 1st Armored Division, which is undergoing intensive training on the vast Fort Hood Reservation, maintaining its state of constant combat-ready status. "Old Ironsides," the first armored division organized in the United States Army, won fame for its World War II fighting in Africa and Italy.

Mrs. J. E. Ferguson of Wenatchee, Wash., arrived last week to spend a couple of weeks with her mother, Mrs. J. P. Slaton.

Mr. and Mrs. C. E. Leasure Jr., of Amarillo were in Hereford Friday to attend the Canyon-Hereford High School football game, and for a brief visit with her parents, Mr. and Mrs. E. W. Young.

Lt. Col. and Mrs. Charles Bell and children of Wichita Falls spent the past weekend in Hereford with his mother, Mrs. A. G. Bell, and other relatives. Col. Bell is stationed at Sheppard Field.

CARD OF THANKS
To each and everyone who assisted us in any way during the sickness and death of our husband and father, Charlie E. Sheppard, we would like to use this method of showing our love and appreciation. Especially do we thank Doctors Barnett and Mims for their untiring efforts they put forth for us.
Sincerely,
Mrs. Edith Sheppard and family.

Hereford Garden Club Program On "Landscaping Home Grounds"

Hereford Garden Club was entertained in the home of Mrs. C. C. Ferguson Friday afternoon with the president, Mrs. M. T. Rutter, presiding.

During the business session delegates were named to the district meet which will be held in Plainview in November. Mrs. M. T. Rutter and Mrs. D. C. Waiser were named delegates and Mrs. O. G. Hill and Mrs. Harry Lomas were chosen as alternates. Discussions were held concerning the Chest X-ray program held here this week when club members will assist.

A report on the recent pilgrimage to Amarillo rose gardens was given by attending members.

Mrs. S. S. Williams opened the program with a paper on "Lilies" discussing types and varieties that do well in this locality.

Mrs. Tom Draper talked on "Bulbs and Roses for Beauty in Landscape Design." She presented a diagram of plans for land-

scaping the home grounds showing the use of climbers and shrubs or trees in the background and told how to select a plot for the rose garden.

Those attending were Mesdames John Haacker, O. G. Hill, John Jacobsen Jr., J. H. Lomas, Ralph McCullough, E. Ramey, M. T. Rutter, S. S. Williams, E. W. Young, D. C. Waiser, Tom Draper, E. E.

Roses attain their best growth in full sunshine, but good results may be obtained if they are exposed to sunshine for at least 6 to 8 hours a day. Light colored roses tolerate more shade than the darker colors so if the rose bed is in partial shade the lighter colors will do better.

In your kraut making as in pickle making use only pure salt for added minerals. Dairy salt and meat curing salt are pure with nothing added. Usually you find pure salt on the market in no smaller packages than 10 pounds. The salt is about 4 cents a pound as compared with 11 or 12 cents for table salt.

There are a few more bottles in the office for sending water samples for testing to the Texas Department Health Laboratories. Some calls at the office about pruning evergreens. When pfitzer junipers first became popular and were planted in many landscapes, it was difficult to realize how large some of them would grow. They have out-grown the intended place in the landscape and in some cases have covered the walk and entrance. Heavy pruning is not recommended until winter but if you

are in a hurry to get the limbs off the walk, there will probably be little damage to prune now. Sharp saws and garden shears are necessary. Follow the limb or branch that you want out of the way and go to the base or trunk and saw it off. About the only thing to keep in mind is to cut the branch at the base, otherwise, there will be ugly stubby branches left in the shrub. Most people are afraid to prune shrubs. The only precautions are to study the plants before pruning to maintain comfort convenience and beauty. Also, do the pruning the proper time of year leave up untidy stubby branches and in some cases paint the places where the branches are removed.

Last week a visit to the back yard of Mr. and Mrs. W. C. Hromas revealed some of the healthiest shrubs and flowers observed this season. A row of evergreens across the west is already giving some protection from the wind and sand. The most fascinating part of their landscape is the rose bed. It is across the south end of the back yard. The fence in the back is covered with climbing ros-

es with the hybrid teas planted in front. The hybrid teas are so-called monthly- or ever-blooming roses. There are 10 of these plants and Mrs. Hromas says during a four week period this summer she cut 100 blooms a day from these 10 plants. There are 3' Mary Margaret McBride, 3' Peace, 3' New Yorkers, and 1' Crimson Glory. Mr. and Mrs. Hromas have chosen the

Women Wrestlers On Lions Double Bill Saturday

Wrestling fans of the Hereford area have a double treat coming up Saturday night, with two of the better-looking, better equipped women wrestlers sharing double main event honors with two outstanding male grapplers.

In one section of the twin main event, Miss Olga Zepeda of Monterrey, Mexico, goes against Miss Bonnie Watson, a flamboyant blonde beauty from West Virginia.

In the other, John "Doc" Gallagher, meets George Curtis.

Gallagher is from Bayonne, N.J. He wanted out to be a chiropractor specializing in that practice. Then he decided to be a wrestler, and he has done very well for himself. He is considered one of the toughest in the nation when it comes to scientific boxing of holds. His pet is a special "back breaker," akin to the favorite hold of the world's junior heavyweight champion, Baron Leone.

It's a backward deal when Gallagher clamps a reverse backlock, bends his opponent back for a "give-up" hold.

Curtis may be fast and alert enough to elude this "back-break-

er," but it promises to be quite a deal so far as wrestling is concerned.

Curtis is, normally, a "clean" wrestler, and will be the favorite of fans when he goes against the big, blond Easterner. Curtis avers that "in the South, we try to wrestle like gentlemen, and we do so as long as the opposition goes along with scientific wrestling. After that we might get rough."

Curtis is an expert with the drop-kick. He finds many chances to apply it, especially if the match gets rough. He'll probably try to apply it frequently to Mr. Gallagher Saturday night.

Seven Homes To Give Welcome To Visitors In Garden Club Tour

Visitors who make the trip Friday October 29, for the Garden Beautiful Club annual Tour of Homes will see seven homes of interest where members of the club will serve as guides and hostesses. The tour will begin at 2 o'clock lasting through 6 o'clock, and tickets will be available at each home so that visitors may start the tour at any one of the scheduled places.

Homes to be shown will be the Jack Bradley home on Harrison highway, where Mesdames W. J. Stanford, E. W. Solomon, D. B. Roberson, and F. P. Lyons will serve as hostesses; the Ray Godwin home, 102 Beach St, with Mesdames G. P. Owen, Mary Seigler and Joe Reinauer as hostesses; J. K. Baker home, 116 North Texas Avenue, with Mesdames Charles Hood, V. O. Hennen, Helen Pipkin and Townsend Douglas serving as hostesses; the home of Mr. and Mrs. Lawrence McGee, 145 North Texas Avenue, where Mesdames George Graham, Howard Armstrong, Lowell Sharp and Harold Kaestner are to be hostesses; the John Sands house on Texas Avenue with Mesdames Ray Cowsert, Dick Miller, E. W. Hobson and

Gerald Wilson as hostesses, the Buren Scott home on Avenue K, with Mrs. E. W. Harrison, Miss Frances Turrentine and Mrs. S. L. Easley as the hostesses; and the home of Dr. and Mrs. M. W. Nobles at 111 Knight St., where Mesdames Frances Houston, Lisle Woodford, Tom Carter and Robert Veigel will serve as hostesses.

Mrs. D. C. Kinsey and Mrs. J. B. Harlin will be in charge of refreshments when a brief relaxation period will be featured on the patio at the John Sands place.

The club has sponsored the tour of homes for the past four years as a means of raising funds for a community service project, as well as a courtesy to the many visitors who desire to see the newest and finest in modern homes.

Perryton-Canyon Is Rated Close; Phillips Has Top Priority Cinch

By **BILLY PAUL KNOX**

The Perryton-Canyon game will highlight District I-AA play this week. Both teams are in contention at the moment, but it is figured that Canyon has the better chance since the Rangers have already met and been defeated by Phillips. Many will pick the game as a tossup, but most experts will be inclined to hand the Rangers an edge because of their splendid passing attack guided by the adept Donald Dear.

Rangers Lose One

Perryton is having their finest season in a long time this year. They have won six while losing only one to the mighty Phillips Blackhawks. They are averaging 26 points per game and have allowed their opponents only 10 points per game.

In their first game they walked over White Deer, 31-7. They man-handled Panhandle, 45-13, then walked Price College, 47-6. Canadian was no match for the Rangers and fell, 39-0.

The only marred spot on the Perryton record is the Phillips tussle. The classy Hawks stomped the Rangers, 30-0. They ran up their largest score of the season against Shamrock, 48-0 and Dalhart was slaughtered 40-6 last week.

Besides the Phillips Blackhawks, Canyon is the only other undefeated team in the district, possessing six wins. The Eagles are averaging 31 points per game to their opponents' 11.

Canyon mangled Happy in their first game by a 40-0 verdict. They were guilty of murdering Panhandle, 38-12, but had a rough time in decisioning Memphis, 27-26. Tulla was swatted, 33-14 and they took their first conference win from Dalhart, 19-0. They practically removed Hereford from the race with a 26-14 win over the Whitefaces last week.

If Donald Dear and company are up to par, Perryton should be able to handle the Eagles.

Phillips Vs. Shamrock

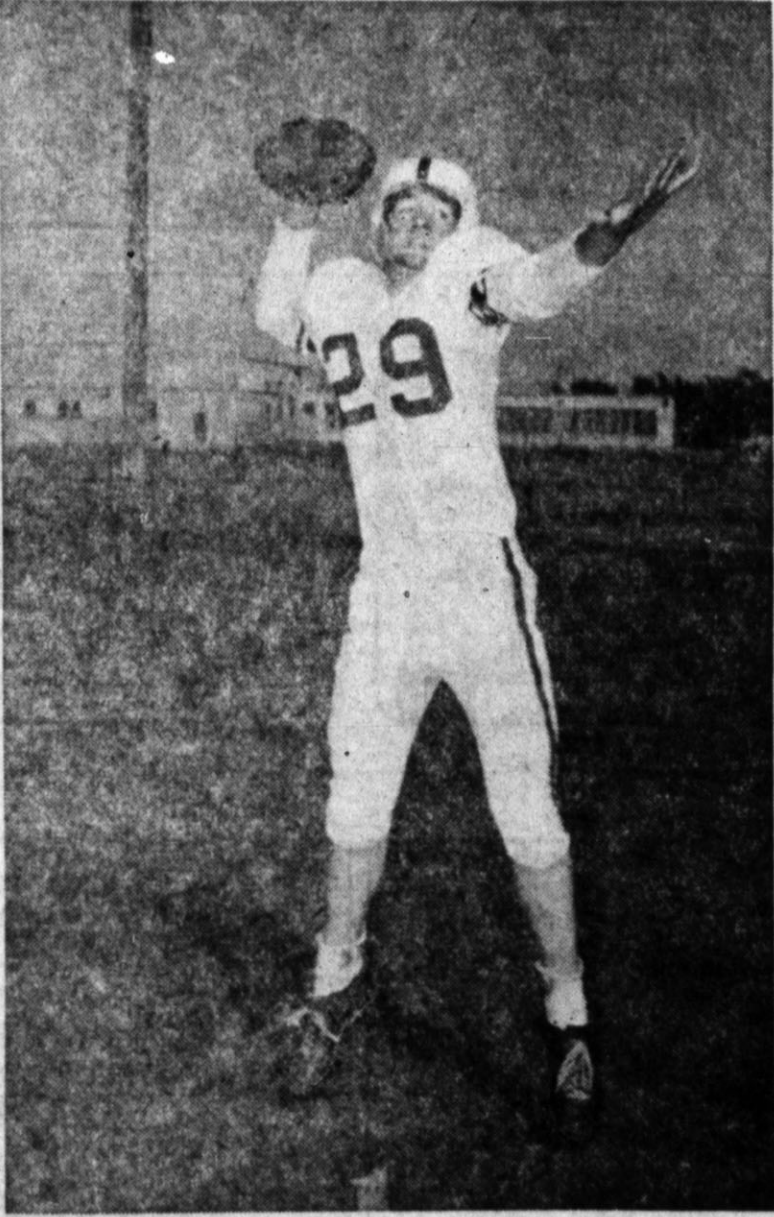

Probably the most unevenly matched game in the area is the Phillips - Shamrock game. The Irishmen are a young and inexperienced club and haven't won a game all year, whereas, Phillips hasn't lost a game all year and have met much heavier competition.

Shamrock has scored only 20 points all season for an average of 2.9 points per game. Their opponents have scored the tremendous total of 236 points for an average of 34 points per game. The Hawks have scored 235 points in six games and have scored more than 50 points in a game twice. Chesty Walker's outfit possesses an offensive average of 39 points per game to 8 for their opponents.

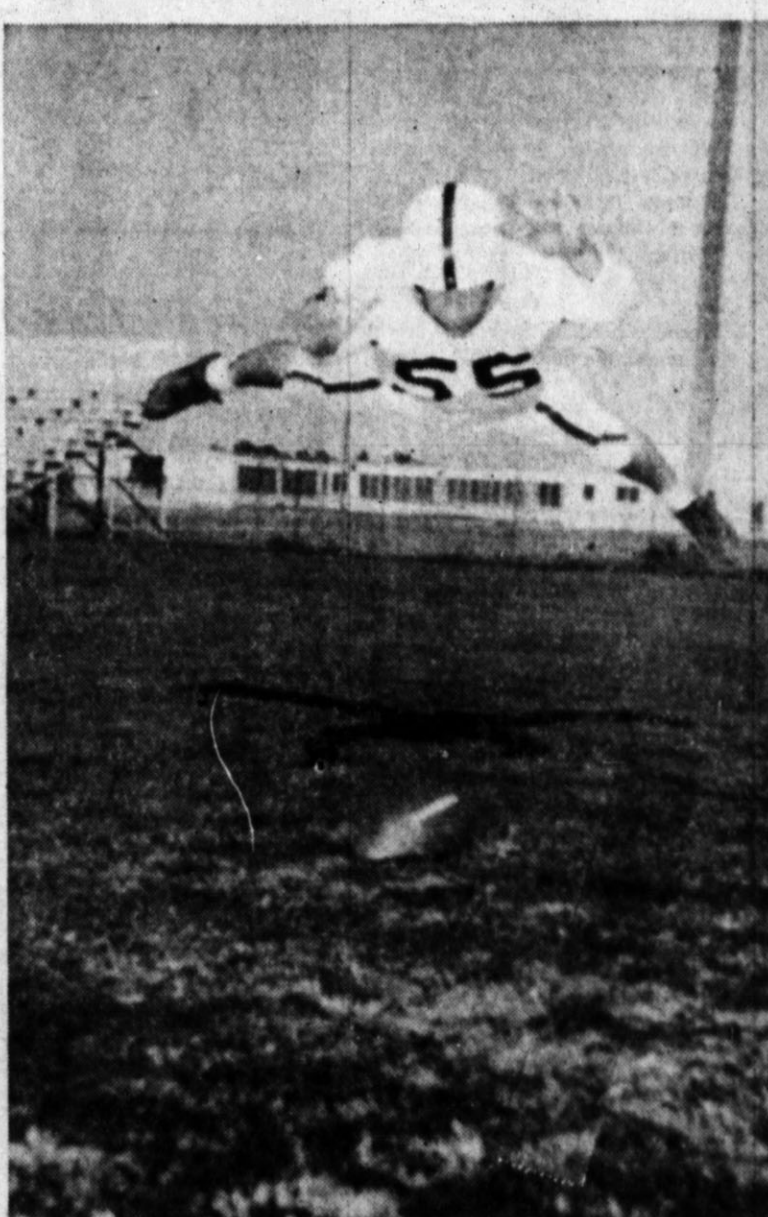

Shamrock began this year's tribulations by being clawed 45-6 by McLean. The Wellington Skyrockets exploded them 25-7 and the Lefors Pirates managed to stop them 13-7. They haven't crossed paydirt in the last four games.

Childress chewed them up, 26-0. Hereford stamped over them, 35-0, and Perryton lambasted them 43-0. Dumas annihilated them, 45-0.

On the other hand, Phillips be-

thought was a safe lead, only to have Stanford squeeze them in a 21-10 loss. Arkansas still heads the SWC but has both SMU and Rice to look forward to, more or less, morbidly. UCLA is not eligible for the '55 Rose Bowl but likely will be the Pacific Coast champ, that question probably will be dissolved when they meet USC at the Coliseum on November 20, before a round number of roughly 100 grand of paying type customers. USC still has 5 games to play, 4 conference frays plus Notre Dame, making a total slate of 11, with only one demerit to date and that to the precocious Frogs from TCU. TCU opportuned Penn State for a healthy 2 id loss Saturday, which made 2 flaws in the Penn State slate, who had lost to undefeated West Virginia, a week earlier. After the snarl in the SEC and only Duke remaining in the Atlantic Coast conference, as worthy of consideration, for the deflated Tams have lost two and been tied

Foibles

FANCY and PLAIN

By Kent Snare

Here on a Sunday eve, it appears that Ohio State probably will supplant Oklahoma as the number one club in the press polls to come up this week. The Sooners prevailed over Kansas Aggies, but in no way, as resoundingly, as did the Buckeyes over the Wisconsin. UCLA with her blasting of Oregon State, may likewise catch more eyes and votes. The all victorious list, while retaining a few major type intries, like Ohio State, Oklahoma, UCLA, Arkansas, West Virginia and Miami, lost many a listing from last week's extensive roster. Among those taking the bumps were these biggies, Minnesota, Wisconsin, Mississippi, Colorado, Wichita, Boston U., Yale and Colgate. Ohio State hopped right into the forefront in the race for the Roses, but, low and behold, who but the ole biggy Michigan, is right in there with them and without anyone suspecting them of even being toothy this trip. The Wolverines stomped the Minnesotas and although they have been wont to do just that through the years, not many accorded them the nod before the game and not even that select few would have thought it could be by 34-0. Ohio State's 31-14 trouncing over Wisconsin was their fourth straight Big Ten win, while Michigan has accounted for three straight. They close the season against each other on November 20, at Columbus. That little episode, wherein Mississippi proposed to walk on Arkansas and thus, plus legal designation of the game as a SEC tilt, so qualify for that leagues flag, must have made the Rebels feel like their forebearers, on account this war, too, blew backwards. Kentucky eliminated Georgia Tech, Mississippi State beat Alabama, LSU put a big dent in Florida's hopes and of course, as before, the Razorbacks toothed Ole Miss, all on one and the same Saturday. That leaves one undefeated team in the South Eastern conference, that being Georgia U., classed as weak, indeed, but to date, undefeated in the title race with wins over Vanderbilt and Tulane. But the Bulldogs have little to anticipate, beyond lumps for the remainder of the run, which closes for them, after meeting Alabama, Florida, Auburn and Georgia Tech in a row. If they win one more they will have to improve continuously. Colorado, while looking for Oklahoma this week, fell over Nebraska, and hard. . . While the Oklahomas, knowing the stands were full of Colorado and Missouri scouts, scored 3 touchdowns in the first half against K. State, in spite of 7 fumbles, but exhibited nothing beyond that butterfingersness. The tongues that have outstirized UCLA for the plastering they hung on pure Ill Stanford, 72-0, forget that last year the Uclans eased up on the Indians with what they

gan their season by scoring more than 50 points in their last two games. In their first engagement, they smothered Brownfield, 54-7, then tracked down the Childress Lobcats and shot them, 51-6. That fock all the powder out of the Wellington Skyrockets by defeating them 43-7. A very strong Class AAA Levelland team which tied the top ranked Breckenridge team fell before the Hawks, 32-26. They dimmed Perryton's hopes, 30-0, then scared the Dumas Demons away, 20-0. Last week they had an open date.

Dalhart Meets Dumas

Rounding out the games will be the Dalhart-Dumas clash. Dalhart has won three and lost four and Dumas has won two and lost two while tying two, but the game should be about the closest matched game in the district. The game is rated as a tossup.

Gomez Wins Main Event Saturday

The first event for the evening last Saturday was a double main event with a time limit of one hour with two-out of three falls.

As a result of a substitution, the match featured Alex Perez from Amarillo, substituting for Alo Leo Laney, vs. Larry Wright of Amarillo.

Larry and Alex both are new in the wrestling profession but really put up a wonderful match, Guy Lawrence stated. "They are now but they certainly fought like 'old-timers'." The boys are being tutored by Dory Funk.

Wright won the first fall over Perez in 24 minutes with a side surboard and an arm stomp.

Perez won the second fall over Wright in eight minutes with a cross-body press.

In the third fall both boys were disqualified within eight minutes and called to a no contest for fighting outside the ring.

In the main event for the evening with a one hour time limit and two-out of three falls, Doc Gallagher from Bayonne, N. J. vs. Pepper Gomez of Los Angeles, Calif., were featured.

Doc Gallagher won the first fall over Pepper Gomez in 17 minutes with a neck-breaker, similar to that of a hangman's hold.

Gomez won the second fall over Doc Gallagher in seven minutes with a "Boston Crab."

The third and deciding fall was won by Pepper Gomez in nine minutes, when Doc Gallagher was disqualified for failure to break a choke hold in the ropes.

WALTER ROGERS REPORTS

Congressman Is Concerned With Fire Power, Crime and Women

"FIRE POWER"

Many people have asked me how well prepared we are to defend ourselves. This question is prompted by confusion generated by one speaker talking about the inadequacies of our armed forces, while another says that we have nothing to worry about. I wish that all of you could have joined me in witnessing an Air Force fire power demonstration at Eglin Field, Florida, recently. Incidentally, General Dan Campbell is deputy commander of this base. He was commanding officer of the Pampa Air Field during World War I. Needless to say, I had a wonderful visit with the General, his lovely wife, Ruth, and their fine daughters. They all have a yearning to come back to the Panhandle.

It would be impossible to draw a word picture of the unbelievable punch that could be delivered in a matter of minutes on an aggressor nation. To witness man-made planes breaking the sound barrier before your very eyes, while the pilot is talking to you over a loud-speaker system, has you entranced until the sound

waves created by this speed result in a concussion that nearly knocks you out of your seat. One display had been planned for 3,000 feet but had to be taken up to 10,000 or fear the concussion might burst the spectators' ear drums. We also witnessed formation flying by several planes doing aerobatics in unison that could not have been performed by a single plane 10 years ago. The exhibition included both jet propelled and conventional type aircraft, which pointed out the tremendous differences between the speed of the propelled driven craft as compared to the jet. Speaking of jets, it is well remembered that we have an air base here in the Panhandle near Amarillo that trains the boys who keep these planes flying. The pilots get most of the credit, but the boys who really deserve acclaim are those mechanics that we train at Amarillo Air Force Base. One loose nut or defective screw could mean untold death and destruction.

Speaking of Amarillo and the Panhandle, who did we run into at Eglin Air Force Base but our

zood friend Bob Lizard. He was really covering the show with television and radio equipment. It could be described as a whirlwind with a grin, a camera and a sound device. Also was Bob Batten, formerly manager of the Childres Chamber of Commerce. Bob was down from Dallas where he now works.

If Moscow thinks that this country couldn't have planes over the Kremlin in short order, she had better revise her thinking.

"CRIME IN 1953"

Statistics reflect that 1953 saw 1,159,080 major crimes committed in the United States during the year. This meant that crime was up 6 percent, with all offenses on the rise except murder. Here is the time table of crime for 1953:

- 1. 1 major crime committed every 4.6 seconds.
- 1 felonious homicide committed each 41.6 minutes.
- 1 burglary committed every 1.1 minutes.
- 1 robbery committed every 8.1 minutes.
- 1 larceny committed every 24.2 seconds.
- 1 aggravated assault committed every 5.7 minutes.
- 1 auto theft committed every 2.1 minutes.

"ABOUT WOMEN"

In 1900 there were 37 million females in the United States; in

1950 there were 76 million. This means that percentage wise there was a 2.9 percent increase in the number of women as compared to the number of men. This may account for the prosperity that we have enjoyed. An article in the New York Herald Tribune in 1950 quoted these figures:

- Women influence 85 percent of all purchases of consumer goods.
- Women are beneficiaries of 81 percent of all life insurances.
- Women inherit 70 percent of the states left by men.
- Women own 66 percent of all privately owned government bonds.
- Women own 50 percent of all privately owned stock in corporations.
- Women hold 65 percent of all accounts in mutual saving banks.

WOPPERS

HARTFORD, Conn. (AP)—Girth rather than weight decided the potato growing championship of Hartford. The gardens of Mrs. Evetapas and Louis Cerosimo each reduced tomatoes weighing exactly 2 1/2 pounds, but Mrs. Petipas claimed the title because hers was 8 1/2 inches in circumference to 18 inches for Cerosimo's.

SMALL DIFFERENCE

AMERICAN FALLS, Idaho (AP)—Wilbur Herman Gardner, 28, was taken before probate judge J. W. Jollings in American Falls on a forgery charge. He told reporters: "The only difference between lockefeller and me is that his checks are good and mine aren't, but we both write a lot of them."

At The Movies

"Johnny Dark"

Headlong excitement will literally scream from the screen of the Star Theatre where Universal-International's Technicolor production of "Johnny Dark" opens Friday and Saturday, October 29 and 30. Equally thrilling is the woe Tony Curtis and Don Taylor pitch at Piper Laurie and the danger all three live in the world of the super-speedy sports car.

The three stars start out bucking hidebound tradition and wind up breaking all kinds of records and giving audiences all kinds of spine-tingling action. Tony is the designer, Piper the stylist and Don the driver of a radical new sports car model which Tony's conservative employers refuse to back. The two men mix their own joint determination with fervent competition for the redheaded stylist's heart to a point where they fear over every obstacle in sight.

Add salt and pepper to taste. Pour into 6 individual molds or custard cups. Chill until firm. Unmold on crisp salad greens and serve with French dressing. Makes 6 servings.

and darn near break all three hearts in the process.

"Susan Slept Here"

Consider a situation such as this. A Hollywood screen writer agrees to let a "problem child" share his bachelor apartment over Christmas so the delinquent won't have to spend the holiday in jail and so he can study the prisoner-to-be for ideas on a movie he is writing. The delinquent turns out to be a very witty and very pretty girl who misunderstands his "ideas." And the writer's svelte socialite sweetheart has ideas of her own about the situation. SO, what could happen but fireworks.

And, brother, how they explode when Dick Powell is the man-about-town, Debbie Reynolds is the girl about 18 and Anne Francis is the sweetheart about to blow her top in "Susan Slept Here," RKO Radio's provocative Technicolor production, which comes to the Star Theatre on Sunday, Monday, and Tuesday, October 24, 25 and 26.

In Indonesia it has been found possible to produce 3,000 quarts of soybean milk on one acre.

FAMILY LUNCH

Here's a quick, zesty way to use round beef.

Beef Scramble on Toast
Fresh Pears

Cheese Beverage

BEEF SCRAMBLE ON TOAST

Ingredients: 2 tablespoons butter or margarine, small onions (cut in thin strips), 1 pound ground beef, 1 small garlic clove (minced), one 8½-ounce can cream style corn, one 8-ounce can tomato sauce, salt and pepper, 8 slices buttered toast.

Method: Melt butter in 10-inch skillet; add onions and cook slowly until wilted and yellowed, stirring often. Add beef and garlic; cook with long-handled two-tined fork until beef loses its red color and is in small crumbles. Add corn and tomato sauce; mix well and heat. Stir in salt and pepper to taste. Serve over crisp buttered toast. Makes 4 servings.

COMPANY DINNER

Try this recipe if you want a first course that is delicious and just a little different.

Broiled Sardine Appetizer
Lamb Chop and Vegetable Casserole

Hot French Bread

Tossed Green Salad

Ice Cream with Fruit Sauce

Beverage

BOILED SARDINE APPETIZER

Ingredients: 6 slices bread, butter, ¼ cup grated cheddar cheese (lightly packed), one ¼ ounce can Norway sardines, 1-3 cup mayonnaise, 1-8 teaspoon curry powder, 1 teaspoon finely grated onion (dry and juice), paprika.

Method: Toast bread lightly; spread one side with butter; sprinkle 2 tablespoons cheese over each buttered surface. Lift sardines from oil in can and arrange over cheese towards center of bread—there will be 3 or 4 sardines for each serving. Stir mayonnaise, curry powder and onion together; spread over sardines; sprinkle with paprika. Broil just until heated and lightly browned. Serve at once on small plates with knife and fork. Makes 6 servings. These appetizers may be made an hour or so ahead and broiled just before serving.

BRIDGE LUNCHEON

Dark brown sugar and walnuts give this coffee cake a sweet crisp-topping.

Sherried Tomato Soup

Tossed Green Salad with Thin Strips of Swiss Cheese and Smoked Tongue

Melba Toast

Biscuit-Mix Coffee Cake

Beverage

BISCUIT-MIX COFFEE CAKE

Ingredients: 1 egg, 1½ cup sugar, 1 cup milk, 1 tablespoon grated orange rind, 6 tablespoons butter or margarine, 1-3 cup firmly packed dark brown sugar, 2 tablespoons biscuit mix, ¼ cup finely broken walnuts, 2 cups sifted mix.

Method: Butter bottom and sides of cake pan (8 by 8 by 2 inches). Beat egg with rotary beater until lemon colored; add 1-3 cup sugar and beat until thick and very colored. Beat in milk and

orange rind. Melt 4 tablespoons butter in small saucepan and add. In same saucepan melt 2 tablespoons butter and mix with 1-3 cup brown sugar, 2 tablespoons biscuit mix and walnuts; reserve. Now add 2 cups biscuit mix to egg mixture; beat until flour particles are moistened but not until smooth—batter will be lumpy. Turn into prepared pan. Sprinkle reserved nut topping over batter. Bake in hot (400 degrees) oven 20 minutes or until cake tester comes out clean. Cut in squares in pan and serve hot. Makes 8 servings.

FRIDAY FARE

Do try this unusually delicious dessert with its delightfully flavored pastry and sauce.

Fish Chowder

Salad Bowl Hot Rolls

Orange Peach Dumplings Beverage

ORANGE PEACH DUMPLINGS

Ingredients: 2 cups sifted flour, 1 teaspoon salt, 1 teaspoon grated orange rind, 2-3 cup shortening, 4 to 5 tablespoons orange juice, 6 to 8 well-drained canned cling peach halves.

Method: Sift flour and salt. Add orange rind and cut in shortening with pastry blender or two knives. Add 1 tablespoon of orange juice at a time, using only enough to make pastry stick together. Roll thin on lightly floured board or prepared pastry cloth and cut into 6-inch squares. Place a peach, cut side down, on each square. Pinch edges of pastry together to seal over peach. Place in shallow baking pan. Bake in hot (425 degrees) oven until pastry is browned—about 25 minutes. Serve warm with the following sauce.

Sauce: Stir together 1-3 cup firmly-packed light brown sugar and 1½ tablespoons cornstarch. Gradually stir in 1½ cups syrup from canned peaches, until smooth. Cook and stir over moderate heat until boiling and clear. Stir in 1 teaspoon grated orange rind, ¼ cup orange juice and 1 tablespoon butter or margarine.

SATURDAY LUNCH

Here's a delicious combination to serve at a weekend lunch.

Cream of Green Pea Soup

Crisp Crackers

Autumn Luncheon Plate

Cookies Beverage

AUTUMN LUNCHEON PLATE

Ingredients: 4 slices bread, butter or margarine, ½ cup grated cheddar cheese (firmly packed), 1 canned pimiento (finely diced), 2 tablespoons mayonnaise, ¼ cup roasted and diced buttered almonds or blanched toasted silvered almonds, 4 pears, seedless grapes.

Method: Toast bread lightly; spread one side of each slice with butter. Mix cheese, pimiento, mayonnaise and almonds together; spread over buttered side of toast. Broil slowly until bubbly—about 3 minutes. Serve each slice with a fresh pear (cored and cut in half) and garnished with seedless grapes. Makes 4 servings.

SUNDAY DINNER

This salad has elegant flavor—and it's pretty, too!

Low...and behold!

The motoramic Chevrolet for '55

Chevrolet and General Motors took a whole new look at the low-cost car

—and just look what happened! **NOW BEING SHOWN!**

The Bel Air Sport Coupe—one of 14 new Fisher Body beauties in three new series.

The valve-in-head V8 as only the valve-in-head leader can build it!

Now Chevrolet, the leading builder of valve-in-head engines, introduces the "Turbo-Fire V8." It carries the V8 design to a new high in efficiency with its high horsepower (162), high-compression (8 to 1), high performance and surprisingly high gas mileage. Available with standard transmission, or with the extra-cost options of Overdrive or Powerglide.

You can choose from two new sixes, too! Chevrolet also offers the last word in six-cylinder performance and economy! There's a new "Blue-Flame 136" teamed with Powerglide and a new "Blue-Flame 123" with either standard transmission or Overdrive.

Can't you tell just by looking that Chevrolet and General Motors have come up with a completely new idea about the low-priced car? The idea is this: to build a car that offers the very newest thing in styling, the most modern features, the finest kind of performance and the highest quality of manufacture—all at a modest price. It's something that took a lot of doing and that only the world's leading car builders could do. Everything's new in this Motoramic Chevrolet from its lower top right down to its tubeless tires. Come in for the most fascinating visit you ever made to an automobile showroom!

The motoramic Chevrolet

More than a new car—a new concept of low-cost motoring!

PLANT of RENOWN

God said, "I will raise up for them a plant of renown—" Our Lord is compared to a grand old tree. Truly He is a plant of renown because of the length of time He has stood and served, ("from the beginning"). Because of the place where it was planted, (in Eden, in Bethany, in heaven). Because of the extent of its branches throughout the world, ("the leaves of this tree alone are for the healing of the nations"). Because of its fruit, ("Oh, taste and see that the Lord is good"), and here is the promise, "you will no more be consumed with hunger in the land." Don't starve your soul. "Man cannot live by bread alone."

LASTING PROMISE
 BELLS, Tex. (AP)—George Dugan still drives his Model T. But he hasn't driven in nearby Sherman since he ran a stop sign 18 years ago.
 That time he made a deal with a traffic cop.
 "Well, sir," he said, "just let me turn around and go back to Bells and I won't bother you any more."
 Dugan has kept his promise.

Recently the Sherman police chief heard about it. He sent word to Dugan that the cop has long since retired and Dugan can drive his Model T in Sherman any time he wants.
 Dugan declined. He said he still doesn't want to go back on his word and, besides, the model T is getting too old to be cutting up in that city traffic.

Railroad rails become unusually slippery in damp weather because at such times, a very thin layer of oil often spreads over the rail.

Long Time Ago

45 Years Ago

Nine ribbons and more to come. That is the story of Deaf Smith County at the Dallas Fair. Here is the most outstanding report of all of them.

The year of 1909 will go down in Hereford history as the year which our city and county won down to the Fair with an exhibit which took four first prizes, five second, landed sweepstakes on wheat and led all competitors four points, and impressed everybody who went to the Fair that we had the liveliest town in Texas and all this in spite of the fact that it was an unfavorable year.

Secretary Holman of the Commercial Club has been wearing a broad smile the entire week and judging from his smiling countenance a stranger might imagine that he had found a dollar, but he hasn't; it was just a case of nine prizes and lots of compliments regarding the good work done by the Commercial Club.

25 Years Ago
Hereford and Deaf Smith County received their first touch of water

this week. Slight frosts were reported Monday morning and the thermometer dropped to 30 Wednesday morning with a few reports of a "kiss" of ice. Crops and general farm conditions were in readiness for the "older weather," only the very latest crops suffering any loss on account of it.

The new laundry building will be completed about November 15, according to B. O. Canfield, who will manage the new plant. Mr. Canfield and family recently moved here from Pampa, where he successfully managed a laundry for several years. The building measures 200 by 100 and the construction is of iron, metal and the front finished with brick. It is well lighted with large windows and two elevators. The interior will be finished in sheet rock with a one-room floor. The laundry will consist of

Cold Cream

To make a cold cream, melt together in double boiler 1/2 oz. spermaceti, 2 oz. oil of sweet almonds, and 1 oz. white wax. Remove from fire and add gradually 4 oz. glycerine, and perfume if desired. This formula has been used by stage celebrities.

Scuffed Shoes

When shoes become scuffed and peeled, rub them with the white of an egg. It will paste the broken pieces down flat and take away the scuffed appearance entirely.

Coffee

Try putting a few drops of vanilla in the coffee immediately before serving. It gives the coffee a delicious flavor.

Wall Paper Paste

To make enough paste to paper one large room, dissolve glue by soaking for 24 hours in cold water. Boil 4 gallons of water; then stir in 1 quart of flour which has been

mixed into a smooth paste with cold water. Then add the glue water.

Lemons for Neuritis

To a pint of water add the juice of one lemon and an even teaspoon of cream of tartar. Sweeten to taste. Drink at least two glasses a day, either hot or cold.

Indelible Ink on Linen

Moisten the spot with lactic acid, applied with a small brush. Place in the sun. Repeat several times if necessary.

To Preserve Shoes

Shoes can be prevented from cracking by dampening the shoes and then rubbing them with linseed oil or sweet oil. Follow this with an application of Vaseline jelly to keep the leather soft and pliable.

Steaming Clothes

To steam wrinkles from garments, hang them in the bathroom as nearly as possible to the hot-water faucet, turn on the water and let the room fill with steam.

Brown Sugar

Keep the brown sugar in an open jar in the icebox and it will remain soft. This keeps it from becoming lumpy.

Dingy Diapers

Diapers that have become dingy and gray looking may be whitened by boiling for one-half hour in strong suds made with yellow soap and milk and water (half water and half milk). Then wash in ordinary suds (hot) and rinse first in clear hot water and then in cold blue water.

State Draft To Call 1,037 Men

AUSTIN, Texas — The state draft quota for December calls for the induction of 1,037 Texans into the armed forces, Brigadier General Paul L. Wainfield, state Selective Service director, said Friday.

This will be the lowest monthly quota for Texas since June 1954, the state Selective Service director said. Call for that month was 965 men. Quotas for October and November, previously announced, are respectively 1,122 and 1,052. At the same time, state Selective Service headquarters announced that no men from Texas draft boards will be sent for pre-induction examinations in December. Reason given was that sufficient numbers of men have been found acceptable to fill needs for the immediate future. Normally, some men are examined each month.

Local draft board quotas for the December call will be placed in the mail to the local boards on October 29 if present plans of state draft headquarters are followed.

The December inductions will be made at the armed forces induction stations in December from December 1 through December 17. Normally, with exception of December, inductions go on throughout the entire month.

With exception of volunteers, the December call will be filled only with men who on December 1 are at least 20 years and one month of age, regardless of their local board of jurisdiction.

The Texas call for 1,037 men for December is the state's share of a national call for 23,000 men. All these men will go into the army.
