

Table with weather forecast for Wednesday, Thursday, and Friday, including High and Low temperatures.

COMPLETION OF THE WESLEY METHODIST CHURCH, which is located on Irving street, will take place in about two weeks. Construction of the church began about September 20. The building is only one of three parts

of a master plan. It contains a Fellowship Hall, which will eventually be the sanctuary, six Sunday School rooms and a kitchen. Estimated cost of the building is \$16,000. (Staff Photo.)

SIXTH ANNUAL

Concert Association Drive Kicks Off Monday Night

Hereford's sixth annual drive for the Hereford Mutual Concert Association will officially open Monday night with a dinner meeting for campaign workers in the ballroom of Hotel Jim Hill.

This year at least three attractions by nationally established performers will be presented, and more if the budget permits, according to association president Howard Gault.

Available Numbers Among those numbers which the members will be able to choose from are The Concert Trio, a group consisting of two piano accordians and string bass, which recently recorded an album of familiar music for Capri records; Nelson and Neal, the duo pianists who appeared in Hereford last year; James Wolfe, pianist, who recently returned from giving a series of concerts in Hawaii and South America; Henry L. Scott, the "Will Rogers of the piano," The Rondoliers Quartet; Robert Rudge, violinist, and Sandra Warfield, Metropolitan Opera contralto.

May Attend Others In addition to the series to be presented in Hereford, members will be allowed to attend the series in Portales, Lovington and Artesia, New Mexico. Last year a group from Hereford went to Portales to hear the nationally-famous Westminister Choir, which will appear in Portales again during the coming season.

Gault said that there has been a small but steady increase in the number of members in the Hereford association, since its beginning five years ago. A goal of double the present membership has been set for this year's campaign.

Funeral Saturday For W. R. Scheihagen

Funeral services for William Roswell Scheihagen Sr., 65, were held Saturday afternoon, October 31, at 2:30 o'clock from the First Methodist Church in Hereford. Conducting the services were Rev. Don Davidson of Levelland, Rev. T. Edgar Neal of Stratford and Rev. S. M. Dunnam of Hereford.

Born in Falls County He was born September 9, 1888, in Falls County, Texas, and joined the Methodist Church as a small boy. He moved to Swisher County in 1909 and in December, 1911, married Idell Cantrell. The family moved to Summerfield in 1921, later lived at Black, and in the fall of 1930 moved to their present location three miles southwest of town.

Mr. Scheihagen was active in community affairs and has served as a director in Consumers Fuel Association for the past 13 years. He was also a member of the Masonic Lodge and was active in the Methodist Church during his residence here, having served as

a member of the recent building committee for the church during its expansion campaign. He was also active in school affairs and expansion during his residence in Farmer County.

Survivors In addition to his widow, Mr. Scheihagen is survived by two daughters, Mrs. Byrdie Fellers of Hereford and Mrs. Bob L. Gray of Amarillo; two sons, W. R. Scheihagen, Jr., of Las Vegas, N. M., and A. E. Scheihagen of Dallas; five sisters, Mrs. Goldie Farrar of Roosevelt, Ohio; Mrs. Evie McClellan, Mrs. Charlotte Cox and Mrs. Alfred Smith of Springfield, Mo.; and Mrs. C. C. Blackwell of Amarillo; one brother, W. H. C. Scheihagen of Bryan, Texas; and a cousin, A. C. Flowers of Hereford. He is also survived by nine grandchildren.

Palbearers were: Charles Noland, Frank Beizer, Frank Gyles, Fern Barnett, L. L. LeGrande, and Sanford Smith. Graveside Masonic rites were conducted. Interment was made in West Park Cemetery.

DE Class Will Operate KPAN Armistice Day

On Armistice Day the operation of radio station KPAN will be taken over by the Distributive Education class at Hereford High School, and every organization in school will take part on programs during the day.

For the most part, the actual work done by the DE class will consist of selling advertisements, with the entire proceeds of the sales, other than for regular programs, going to the Distributive Education Club fund to send delegates to the state DE convention at Galveston in February, according to J. C. Reese, teacher of the class.

Special Programs Among the groups that will take part in special programs on November 11 are the Junior and Senior High School bands, the HI-Y and Tri-Hi-Y, the mixed chorus, boys chorus and Junior High chorus, and the Future Homemakers of America and Future Farmers of America chapters.

"This will be a part of our observance of American Education Week," Reese said. Programs will probably be built around that week in some extent, he added.

Sale Of Remainder Of School Bonds Set For Tuesday

Sale of the final \$250,000 in school bonds has been scheduled for Tuesday, Nov. 3, at 4:30 o'clock, according to H. H. Miller, president of trustees of Hereford Rural High School District. Sealed bids will be reviewed by the board and bids are expected from several financing concerns.

"The board is selling the bonds at this time because we feel that now is an excellent time to make the sale," Mr. Miller said.

Approximately \$600,000 of the bond issue was sold last March, leaving \$250,000 from the \$850,000 issue passed November 18, 1952. The March sale went at an average interest of 3.35 percent. Delayed sale of the remaining \$250,000 was also adopted in view of interest savings over the period the funds were not actually needed.

Damages Total \$250 Thursday In Collision

Damages totalled approximately \$250 when two vehicles collided at the intersection of Second and Sampson Thursday evening.

Dickie Harmon, 219 Lee, driving a 1949 Ford, was going North on Sampson and Amilo Ramirez Uragaga, 207 Avenue B, driving a 1941 Chevrolet coupe, was going West on East Second when the vehicles collided.

Failed To Stop Uragaga failed to stop at the stop sign and struck the right front fender of the Ford.

Harmon was charged with driving without an operator's license in his possession. Uragaga was charged with failure to grant the right-of-way.

Damages were estimated at \$150 to the Chevrolet and \$100 to the Ford by investigating officers.

Plans For Messiah Will Be Made Today

All singers of Hereford and the surrounding area who have contributed to the production of the "Messiah" by Handel will have a chance to participate again this year, according to Mattie Mae Swisher.

Plans have been made to present the "Messiah" early in December.

Dr. Roller To Direct Dr. A. Clyde Roller, director of the Amarillo Symphony Orchestra, will direct the rehearsals and the presentation.

There will be a meeting of the representatives of all the churches at 3 o'clock today in Ward Hall of the First Methodist church, to make further plans for the "Messiah."

Miss Loyce Avant, assistant home demonstration agent, and Mrs. Argen Draper, home demonstration agent, are leaving this morning to attend a State conference at College Station. They will return Saturday.

Whitefaces Lose Fourth Conference Game Friday

Hereford Scores In Last Half With Safety, Sudden Air Attack

Rough-riding Perryton Rangers romped over the Whitefaces Friday night to take home a 26-9 victory, their first conference win of the year, and Hereford's fourth conference loss.

Hereford twice made it right up against the goal line, then was unable to carry the pigskin over for a score. After going two points on a safety, Hereford finally made their own touchdown late in the fourth quarter with an unceasing air attack, then kicked the extra point.

A Chance In The Third

Only in the third quarter and at the end of the fourth did the Whitefaces seem to have any real chances, or hopes, of scoring a victory. The first half was strictly Perryton's ball game, as they picked up yardage in chunks, most of the time, finally driving to Hereford's 11 yard line, where big Ed Cummings, Ranger back, carried the ball over and snipped Perry-

ton's brand on the game. End Bill Thrasher converted for the extra point.

Receiving a punt after the half, the Rangers ran the ball back 60 yards for their second score.

Starting in the last of the third quarter and carrying over into the fourth, the Rangers passed and plunged from their own 15 yard line in 13 plays that were unlucky for the Whitefaces and over the goal for another six points.

Only five plays later, after Hereford had tried a pass, a Whiteface fumble was covered by the Rangers, and again they drove down the field, taking off from their own 39 and picking up from two to 11 yards at a time.

On Hereford's 25, a 15 yard penalty against the Whitefaces took the Rangers close enough that Cummings plowed through the line beside his blockers and went over, standing up for the final Ranger score. A 15 yard penalty against Perryton took them out past the 20 yard line for the try for extra point, and the ball fell far short of the goal posts.

With less than five minutes left in the last quarter, Hereford went almost completely into the air, as Buddy Godfrey tossed five passes, first to Aubrey Self, then to Hodges and finally to Boyd, who made the touchdown. All five of the passes were completed, for a total of 52 yards made by the air attack.

It was about the middle of the third quarter that the Whitefaces reached the four yard line, lost the ball on the one yard line on downs, then slammed Billy Drake back of his own goal line for their first two points.

It was late in the third quarter that a pass from Wallace to Boyd was completed for 40 yards, starting on the 42, then the Whitefaces lost two yards, and Whiteface Lee Drake tried a pass that was intercepted, then worked back up the field for a Perryton goal.

Hereford now has two more conference games, the first against Dalhart on November 13 after a two weeks' rest, and the last game of the season against Canyon on November 20. Both games will be played out of town.

WHITEFACE TEAM MEMBERS had a hard time stopping Ed Cummings, Ranger player No. 53 Friday Night, and Ranger blocking did not add anything to the pleasure of the job. Above, Cummings was going down with a Whiteface tackler on his back. Below, Cummings was again carrying the ball as teammates tried to take Hereford boys out of the play. A Hereford tackler was just about to get Cummings from behind again. (Staff Photos.)

Around Town

The Sophomore class of Hereford High School is sponsoring a variety Show Monday night after the Parent-Teachers Association meeting. Admission will be 25 cents for adults and 15 cents for children. Proceeds from the show will go for votes for the sophomore candidate for annual queen, Doris Turner.

The Endeavorer group of the Woman's Council of the First Presbyterian Church have plates featuring pictures of the church for sale. Plate collectors and anyone else wanting a plate may call Mrs. W. J. Krumbein, telephone number 1341.

A report Saturday afternoon from Hereford School Superintendent George Graham is that the shop building, which will be used by the sixth grade, will be completed in about 10 working days after the roof dries out. The roof has a poured gypsum base which will be covered with tar and gravel.

Maurice Howell used a little psychology — or something — on the Farm Bureau directors to get a heating unit for the new building. He asked them to hold a directors meeting there, and lack of heat forced them to move to the Court-house.

An effort was made Saturday night by Bill Patton and Jimmie Gillentine to get pictures of "trick or treaters" on their Halloween rounds. If the pictures are good, we will carry some of them next Thursday.

(Continued on Page 2)

Carmichael Heads Local Farm Bureau

W. T. Carmichael was elected president of the Deaf Smith County Farm Bureau Thursday at a called meeting of the board of directors. The meeting was held in the County Courtroom.

Carmichael will succeed Virgil Dodson, who has served as president of the Farm Bureau in this county for the past 4 1/2 years. Other officers selected by the board to serve with Carmichael are Grant Hanna, first vice-president; M. G. Caywood, second vice-president; and Earl Plank, secretary-treasurer.

Service officer Maurice Howell

J. B. Traylor Of Dimmitt Was Buried Saturday

Funeral services for J. B. Traylor of Dimmitt were held Saturday morning at 10 o'clock in the First Methodist church in Dimmitt with Rev. Raymond Van Zandt, pastor, officiating.

Traylor died Thursday in the Plains Memorial hospital in Dimmitt after an illness of three days. He was 73 years old.

Palbearers were Don Gladman, J. B. Blackwell, Jack Miller, L. G. Manning, A. J. Kemp, and G. L. Willis.

Born In Dangerfield Traylor was born December 26, 1880 in Dangerfield. On October 14, 1903 he married Margaret Dumas at Rockwall. They moved to Castro County in 1949 from Dallas. Survivors include his wife, one daughter, Mrs. M. A. Webb of Dimmitt, two grandchildren, two brothers, Raymond Traylor of El Paso and one sister, Mrs. Joe Bradford of Dangerfield.

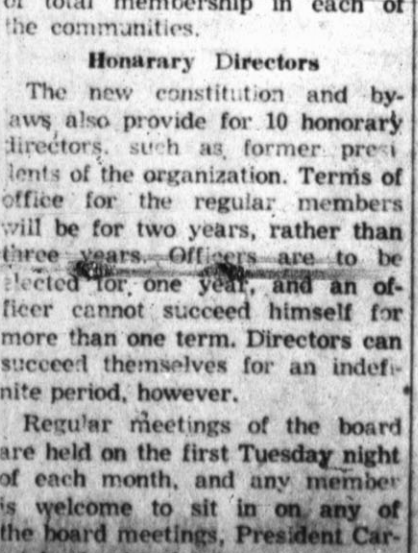

Wesley WSCS Planning Bake Sale And Bazaar

A combination bake sale and bazaar is scheduled by the Women's Society of Christian Service of the Wesley Methodist Church for November 21 in the Carter Real Estate office.

In addition to the baked products, there will be doll furniture, aprons, crocheted pieces, hot dish mats, pillow cases, tea towels and other small items.

"We are hoping that people will keep this in mind, and do some of their Christmas shopping for small items with us," a spokesman for the group said Saturday.

Mr. and Mrs. T. J. Parsons and family were in Canyon Saturday to attend the Homecoming at West Texas State College.

BILL CARTHEL, who lives south of Hereford, shot a four point buck near Alamosa, Colo., Tuesday morning. Carthel, and Jim McCabe of Dawn, who also got a buck, were two from this county who were in a hunting party. (Staff Photo.)

ALL THE FOOD WAS SOLD and the pans were scraped clean at the Mexican supper held Thursday night at the High School cafeteria. The supper was sponsored by the Senior class to raise money for their annual queen, Mary Durkin. The class netted approximately \$275 and \$100 in other ways for several tickets. Those who helped with the supper are, from left: Mrs. N. D. Bartlett, Marilyn Legg, Mrs. Richard Jowell, June Marion Smith, Mrs. Robert Veigel, Mrs. C. O. Wilkins, and O. D. Lowry. (Photo by Elmer Patterson)

Westway HD Club Heard Two Discussions

A program on "Blood Pressure" and "Care of Yourself" was given to the Westway Home Demonstration club Wednesday afternoon when it met in the home of Mrs. Joe Landers.

Mrs. Paul Rudd, Mrs. R. L. Wilson and Mrs. Bess Werner gave the program.

Mrs. Leo Ohlig had charge of the opening exercise.

Mrs. Sowell Presided

Mrs. P. B. Sowell presided over the business meeting at which time the following officers were elected. Kitchen Demonstrator, Mrs. J. C. Morrison; Foods Demonstrator, Mrs. Abraham Drager; Civil Defense chairman, Mrs. R. L. Wilson; Legislative Leader, Mrs. Jimmy Thomas and Landscape Co-operator, Mrs. Leo Ohlig.

Plans were completed for a children's demonstration to be given November 5 in the home of Mrs. P. B. Sowell at 9:30 o'clock. Mrs. Abraham Drager, Foods Demonstrator, will give the demonstration.

Members Present

Members present were: Mesdames Phillip Miller, P. B. Sowell, G. C. Merritt, A. Drager, Paul Rudd, Bobby Jones, Kenneth Rudd, Harold Rudd, Ralph Mitchell, R. L. Wilson, Leo Ohlig, Mayo Phipps, C. A. Sauley, Bess Werner, George Turrentine, B. B. Northcutt, Johnnie Townsend, Ruby Welch and the hostess.

Mrs. Paul Sanders left Saturday for Lake Charles, La. She was accompanied as far as Dallas by her mother, Mrs. Glenn Snyder, and will be met in Dallas by her husband to complete the trip. Mrs. Snyder will return to Hereford today.

L'Allegra Study Club Held Halloween Party

A Halloween party, with husbands as honor guests, was the order of the day for L'Allegra Study Club Thursday, October 29. The costume affair, which featured a buffet supper, was held at the Jaycee Clubhouse. In keeping with the theme of the party, ghosts prowled, spooks hid behind haystacks, and witches and fortune tellers stalked the scene.

Games And Contests

For entertainment, all sorts of Halloween games were played and contests conducted. Best costume prizes went to Mrs. V. C. Hopsom, who came to the party as a totem pole, and Jack Brown, who took the part of a repulsive witch.

Members and their guests attending were Messrs. and Mesdames Darrell Blanton, J. W. Barnett, Jack Brown, Bill Dameron, E. C. Glendenning, Hilton Higgins, V. C. Hopsom, Lee Kent, Wm. Lawrence, Walter London Jr., L. B. Lookingbill Jr., George McLean, Floyd Ross, Bill Waldrep, Richard Winget and Ed Line.

Thanksgiving Leave Expected By Naval Ensign

Roy V. Miller Jr., son of Mr. and Mrs. Roy Miller Sr., of Friona, who has been attending a training school in Virginia is expected to arrive home Thanksgiving Day. After a short leave here he will be assigned to further duty with the Navy.

On May 10 he flew to Newport, R. I., to enter Naval Officers Candidate School as an officer candidate. He graduated in August and was commissioned Ensign.

Miller is a graduate of the Friona High School in 1949. He received his B. S. Degree at Texas Tech in Lubbock in 1953.

T-Sgt. Lyle Fluitt left last week for Washington, D. C., where he will be stationed with the U. S. Air Force. Sgt. Fluitt stopped in Dallas to look after business enroute to his post. He had spent a month's furlough here with his parents, Mr. and Mrs. W. S. Fluitt, after spending two-and-a-half years in England with the Air Force.

A DOUBLE BIRTHDAY celebration was held for Mrs. B. C. Roberson, 84, and Mrs. W. C. Neill, 73, Friday in the home of Mr. and Mrs. B. E. Roberson, 125 Ave. C. The two women are Mr. and Mrs. Roberson's mothers. A luncheon began the party, and was followed by a talk-fest. Most of those attending are old-time friends who pioneered in Deaf

Smith County. Mrs. Roberson moved to Summerfield in 1901 and made her home there until she moved to Hereford in 1939. Mrs. Neill is also a former Summerfield resident. Shown, from left, are Mrs. J. A. Noland, Mrs. J. L. Lookingbill, Mrs. W. C. Neill, Mrs. D. M. Scott and Mrs. Lee Kendall.

Educator Says Teaching Profession Lacks Glamor

OMAHA —What teachers need is more glamor, says Dr. Galen Saylor, professor of education at the University of Nebraska, and

president of the Nebraska Parent-Teacher Association:

"We've got to make the teaching profession attractive to young people. We ought to point up the glamorous side of teaching."

Dr. Saylor thinks he may even suggest the Nebraska P-TA board "have some kind of glamour contest."

Area Scouts Receive Awards At Court Of Honor Tuesday Night

Merit badges, advancement awards, and other things were presented to area Boy Scouts at the District Court of Honor held Tuesday night in the District Court room.

E. D. Zimmerman, leadership and training chairman, presented first class awards to Eddie May and George Davis, both of Troop 50.

There were five second class awards; those going to Jakob Kohler, John Green, Jan Wallace, all of Troop 50, and Larry Edwards and Joe Reimauer, Troop 51.

Eleven merit badges were presented by Cawthon Bryant. They were: horsemanship, and swimming to John Beasley of Troop 51; pioneering to Lanny Wilkins, Troop 52; citizenship in the Nation, citizenship in the home, and citizenship in the community to John David Bryant, Troop 52; and citizenship in the Nation, firemanship music, first aid and scholarship to Gwin Lovel of Troop 52.

There were two camporee ribbons presented by W. M. Teague.

Those from Hereford who received National Rifle Association Awards were Ronnie Jones, marksman first class; George Heard, pro marksman; Bobby Veigel, pro marksman first class; John David Bryant, pro marksman and marksman; Joe Reimauer, pro marksman; and David Brumley, pro marksman.

Those from Friona who received awards were Robert Neelley, pro marksman; Joe McLellan, pro marksman and marksman; Wesley Barnett, pro marksman, marksman, and marksman first class; Don Reeve, pro marksman, marksman, and marksman first

class. Twenty boys were present from Troop 50; 24 from Troop 51; 20 from Troop 52; and four from Troop 56.

Around . . .

(Continued from Page 1)

William J. Stanfoot, who lives at 114 Avenue J, found a business or horse key at the football field Friday night after the football game. The owner of the key can call Stanfoot at 1273-W.

Two former residents of Hereford died this week. O. L. Sharp of Vernon, who had lived in Hereford many years died Tuesday, and Rodney Rogers of Happy, a telegraph operator in Hereford many years ago, died Wednesday in St. Anthony's hospital in Amarillo. Rogers was the son of Dr. R. L. Rogers, pioneer physician.

Monday is "Dollar Day" again in Hereford, the day when the kind of bargains you like are available right at your doorstep. Piece goods, dresses, shoes, wallpaper, clothing, and hundreds of various small items, as well as a number of larger ones, will be available at reduced prices. It pays to shop on Dollar Day!

It's usually best to grate, slice or cube cheese before you add it to the other ingredients in a cooked dish. This way the cheese is evenly distributed and melts and blends with the other ingredients quickly.

Keep your muffin pans in a handy place. Besides using them for muffins and cupcakes, they're fine for rolls and tart shells. If you are buying new muffin pans, you may find it useful to acquire two pans with six cups in each, rather than one twelve-cup pan.

GRASS ROOTS

I feel that it is time to hit this column with another tirade on noxious weeds. We had a program at Lions Club not long ago and our program was presented by Art Stoy. Art is the field man for Reese McNeill and specializes in the production of certified seed. The question was asked, "Why plant certified seed?" Among other things Art gave statistics on how much bind weed and Johnson grass has been scattered around the country by planting seed which contained these weed seed. To me that was the big reason for planting certified seed. A thing happened down in East Texas several years ago that really put a scar on that country. There were some enterprising people down there that thought the wild rose was a beautiful thing to see and planted fence rows and what have you to this plant. In a matter of a few years this plant has nearly taken them. I'm sure that there is no one up here that will plant bind weed just because it has a pretty flower, but the same thing is happening as concerns our land being monopolized by undesirable vegetation. What is the control? Sterilizing the soil for a period of years has been the most successful. By applying Concentrated Borax now the winter moisture will take the chemical into the ground slowly. Certainly there can be no crops planted on this spot for some time but for all practical purposes the soil is sterile anyway. You can't raise anything in bind weed. The small spots now aren't doing

too much damage but next year they will be larger and on until the entire place is covered. This is serious and land values go down fast as bind weed and Johnson grass increase.

We have been moving a lot of Barley the past two weeks and plan to have another shipment in early next week. This Barley will be guaranteed Wintex winter Barley. Balboa Rye is still moving at a good clip and I expect a lot of acreage before snow falls. Byron Gist reports that he is already grazing his seeding.

They define a weed as a plant out of place. Last night at the Hereford-Perryton football game I saw that definition applied to a number of fans. Hereford weeds if you please. All of us who have watched and played football and love the game are inclined to be grand stand quarter backs. It is only natural that if you call a pass and it clicks there are a couple of hundred fans who will look at each other and say "What did I tell you", but if it fails to make yardage the same people will shake their heads and claim that it should have been a line play.

That type of criticism doesn't make the weeds that I'm talking about. I need not go into a lengthy description of the ones I have in mind. You have all heard them at games. The boys are getting a pretty good trouncing and these guys start hooting, making fun of the boys and you know what out of themselves. Even APES stand up for their own.

CHILDREN WERE DRESSED AS everything from pirates to ghosts at the Halloween party given Friday afternoon by Sammy, David, and Tommy Saul, 303 West Ninth street, in their garage. Halloween decorations were used throughout the garage. Games provided the entertainment. Those attending

are from left, back row: Katie Jones, Billy James, Lynn James, Neal Lueb, Jean Nickols, Sammy Saul and Bobby Jack Kennedy. Front row, from left: Charlotte Williams, Mike Reid, Tommy Saul, Brenda Kay Saul, Jackie Nickols, and Punkin Kennedy. (Staff Photo.)

Northwest Hereford News

By Mrs. R. C. Childers
Mrs. Earl DeHart and Mrs. M. W. Sumner attended the Craft School at the Veterans Club house Thursday afternoon. The two were preparing themselves to teach the Craft lessons to club members. Mrs. DeHart will teach members of the Cultural Home Demonstration Club, and Mrs. Sumner will teach the Workers 4-H Club of this vicinity.

Arthur DeHart of Claude, brother of Earl DeHart, spent Monday and Tuesday in the DeHart home helping his brother shock feed.

Bloat Kills Bull
The Paul Corbetts lost a Jersey bull Thursday morning. The bull had just eaten leafy alfalfa, and died within minutes after drinking water. This makes five animals that the Corbetts have lost from bloat in the past few months. They first thought that they were getting too many potatoes, as they were feeding them some potatoes.

Mr. and Mrs. E. B. Garrison were in Plainview on business Monday.

Mr. and Mrs. G. C. Merritt, Mr. and Mrs. Elmer Combs and Mr. and Mrs. W. B. Nunley, Jackie, Ronnie and Rickie of Hereford enjoyed a "pitch" party at the Joe Wagoner home Saturday night.

Daughter For Ranspots
Mr. and Mrs. Pat Ranspot proudly announce the arrival of a daughter, Rita Lynn Thursday morning.

Mrs. Art Schaefer of Hereford visited in the home of her sister, Mrs. Joe Wagoner Wednesday and Thursday.

Elmer Combs and Preach Merritt were business callers in Plainview Thursday.

but now since this one died from eating alfalfa, they are puzzled as to what is wrong with their stock.

Mrs. C. S. Barclay attended a luncheon in the home of Mrs. Delbert Bainum Wednesday. Mrs. R. C. Childers kept Larry and David while Mrs. Barclay attended the luncheon.

Mrs. Grady Parsons and her daughter, Mrs. Ella Mae Childers and sons Jimmy and Joe Harold, were in Amarillo on business Wednesday.

"Doing All Right"
Mrs. J. A. Poole writes her daughter, Mrs. Grady Parsons, that she is doing just fine. She is at the home of her daughter, Mrs. B. H. Patterson in Lubbock.

Mrs. Poole fell and broke her hip several months ago and is confined to a wheel chair. She is well known to residents of this community, having lived with her daughter off and on for the past six or seven years.

Joe Harold Childers, son of Mrs. Ella Mae Childers went with the Melody Choir from the First Baptist Church to Plainview Tuesday for a grading of the group. Joe Harold is six years old and is in the first grade at school.

Lettuce is being harvested on the Grady Parson's farm this week. The lettuce is late, but reports are that the heads are nice and firm, and the Parsons are hoping to get a good price for their lettuce.

Sister Entertained
Mrs. T. B. Cox entertained her sister, Mrs. N. W. Livesay, with a birthday dinner in their home Tuesday night. Mr. Livesay was also present for the celebration.

Mr. and Mrs. T. B. Cox visited their daughter, Mrs. Everett Cox and husband in Plainview Friday afternoon. Cox was also in Lockney on Business Friday afternoon. Raymond Higginbotham and Pat

Hogan were at the R. C. Childers' farm Thursday morning. They now live eight miles north on Highway 51. The Higginbothams are former residents of this community.

Flowers Covered
Rural women of this area took the weather man at his word Monday and covered plants and flowering shrubs from the predicted freeze which did not come. However it did "ost" in the low places but there was no damage to growing crops.

The gardens were also gleaned for the last bit of vegetables Monday, and bushels and bushels of green tomatoes were picked and stored to ripen and to make relish and other kinds of salad dishes.

Motors that did not contain antifreeze were drained, and precautions taken for livestock Monday night.

Lennartz Gives Musical Program At Rotary Club
Ted Lennartz presented a program of piano numbers Friday at the Rotary Club, the last night the club will meet on Friday, as they start with a Monday luncheon date next week.

Following Lennartz' presentation, Clarence Caywood, Hereford High School Junior, asked the club members for donations to help the cause of the Junior nominee for queen. Clarence was called on to sing "Short'n Bread" before members would contribute.

H. C. Hill Jr., Canyon, was the only visiting Rotarian. President George Heard presided at the meeting, which was attended by 45 members and guests. Sam Nelson was program chairman.

About 54 percent of Canada households own autos.

Some Norwegian motorships now carry figurehead of metal like the wooden figureheads formerly carried by sailing ships.

Hospital Notes

Patients In Hospital
Mrs. Walter Paetzold, med.; Mrs. Jimmy Townsend, surg.; Cecil Guseman, med.; Mrs. Pat Ranspot, OB; Mrs. G. A. F. Parker, med.; Mrs. Loyd Smith, OB; Frank Hernandez, med.; Miss Dean Brown, med.; Bill Darker, surg.; Alford Petty, med.; Mrs. William Ohlig, med.; Allen Hughes, med.; Mrs. Joe Rogers, med.; Bernice Lowe, surg.; Mr. G. W. Newsum, med.; Eddy Lee Kiriwood, med.; Pedro Betran, med. and Mrs. Melvin Martin, med.

Patients Dismissed
Thomas Davila, surg., 10-30; Mrs. Charles Moore, med., 10-31; Mrs. W. L. Davis, med., 10-30; Mary Dobson, med., 10-30; James W. Wallace, T&A, 10-29; Judy Gail Harris, T&A, 10-29; Paula Kay Howell, T&A, 10-29; Nancy Martin, T&A, 10-29; Sherri Wilke, med., 10-29; Mrs. T. B. Thomas Jr., med., 10-29; Barbara Jean Hendrick, med., 10-28 and Mrs. L. T. Livesay, med., 10-29.

Births
A daughter to Mr. and Mrs. Pat Ranspot, 10-29, Sons to Mr. and Mrs. Loyd Smith, 10-29; and Mr. and Mrs. Fred Batterman, 10-20.

Card of Thanks
Words cannot express the appreciation to our many friends for the help and kindness shown during the illness and death of our husband and brother.

Especially do we want to thank the blood donors and those who sent food and flowers.

May God bless each and every one of you.
Mrs. Criss Renfro
Mr. and Mrs. John Renfro
Mrs. Alta Johnson

Westway News

Kaul-Combs
Mr. and Mrs. Theo D. Booker of Olton were Sunday visitors in the C. A. Sauley's home. Mrs. Booker is a cousin of Mrs. Sauley. Mr. and Mrs. G. C. Merritt were Sunday dinner guests in the W. B. Nunley home at Hereford.
Cliff Combs and Harry Blakney were in Amarillo last Friday night and attended the Odessa-Amarillo football game.
Don Combs of Munday visited in the home of his brothers, Cliff and Elmer Combs Friday night.
Mr. and Mrs. R. M. Sheppard, Sheila, Jimmie, Jerry, Don and Wyndolyn of Hereford were dinner guests Sunday in the home of Mr. and Mrs. C. A. Sauley.

Visited In Plainview
Cliff Combs spent the weekend in Plainview where he visited his parents, Mr. and Mrs. W. C. Combs.

Mrs. F. L. Mullin of Roaring Springs has been spending a few days here visiting old friends. She is visiting this week with the C. A. Sauley's.

Ross Joe Landers spent the weekend in the home of his sister, Mrs. W. B. Nunley.

Mr. and Mrs. C. A. Sauley were supper guests Sunday night in the R. M. Sheppard home in Hereford.

Mr. and Mrs. Joe Landers were in Las Vegas, N. M., Saturday attending to business.

Staying With Grandparents
Gary Armstrong of Carrizo, N. M., has been a visitor for several weeks in the home of his grandparents and aunt, Mr. and Mrs. J. M. Kingery and Mrs. John Sands and family.
Mr. and Mrs. Jimmie Thomas and children were weekend guests

in the home of Mrs. Tol Thomas at Post. Mrs. Thomas is the mother of Jimmie.

Gayle Wagoner attended a slumber party at Lina Hargis' home last week.

Pastor Visits
Mr. and Mrs. Norman Grigsby of Amarillo were dinner guests last Sunday in the M. C. Kaul home. Grigsby is the pastor of the Methodist church in Westway.

John Burns spent Monday night in the home of Ralph Morrison. John, who is a cousin of Ralph's, is stationed at the Amarillo Air Base.

Harvest In Oklahoma
Mr. and Mrs. Jack Renfro left the first of the week for Altus, Okla., where he is harvesting his lettuce.

Mr. and Mrs. G. C. Merritt, Mr. and Mrs. Elmer Combs and sons Eugene, and Billy Don, Mrs. Joe Landers, and Patsy Townsend have been attending the revival meeting at the Avenue Baptist

church this week.
Mrs. J. H. Landers visited with Mrs. Tom Roe of Ardmore, Okla., in the J. A. Roe home in Hereford Thursday afternoon. Mrs. Roe is a former resident of this community.

SAVE 10% on Christmas Cards

Down through the years it has been our pleasure to handle some unusually nice Christmas Cards . . . but we handle many of them the last minute. To remedy this situation, we are willing to share our profits with you—if you order early.

We have the new 1953 Samples of most of the lines now on hand. Come by any time before November 15th and make your selection—and we will give you 10% off the regular price.

In addition, you will have the advantage of first choice, since we never duplicate sales on the same selection . . . plus assurance of delivery.

The Brand Office

P. S. Billings will be handled at your option if you are established on our books with a good credit rating. Prices are about like last year, ranging from \$8.00 per hundred (with name imprinted) and up.

Friona News

Mrs. E. R. Day, Correspondent — Phone 2792

By Mrs. E. R. Day Sr.
Mr. and Mrs. Bob Coker and boys of Tucumcari, N. M., spent the weekend in Friona with their parents, Mr. and Mrs. Charlie Turner and Mr. and Mrs. J. R. Coker and other relatives.

Mr. and Mrs. Alford Haws of Albuquerque, N. M., were in Friona over the weekend visiting his brother, Mr. and Mrs. L. W. Haws, his mother, and his sister and family, Mr. and Mrs. Roy Wilson.

G. H. Blewett's Sister Dies
Mr. and Mrs. G. H. Blewett were called to Migargel last Friday to be at the bedside of his sister. Reports from Blewett were that his sister died Monday morning. Those from Friona attending the funeral of Mr. Wilson at Portales last Sunday were Mr. and Mrs. Glenn Sparkman, Mr. and Mrs. Ralph Shirley, Elda Hart and H. V. York.

New FFA Members
Twenty-four members of Future Farmers of America were initiated recently. There are now 85 members in their club according to J. T. Gee, sponsor for the group.

Mr. and Mrs. Hoyt Smith and children and Mr. and Mrs. Cecil Bass are visiting in Salome Springs with relatives this week. Miss Wedia Nell and Letha Fay Day and Miss Ann Duke were in Clovis, N. M., Tuesday evening attending a show.

Mr. and Mrs. E. W. Tatum, and Mary and Jimmy Conkwright of Hereford attended the State Fair in Dallas.

Home Economics Teacher
Mrs. Mary Zeeman has accepted the position of teaching Home Economics in the Friona High school. Mr. and Mrs. Zeeman came to Friona from Pecos.

November 17 is the date set for the Junior Play. The play, "We Shook the Family Tree," is a comedy.

Reports from the Deaf Smith County Hospital are that Alford Petty is still in serious condition. Mrs. Jim Smith, who recently broke her hip, is doing fine.

Attended Brotherhood Meeting
There were 22 men from the Friona Brotherhood of the Friona Baptist church who attended the Brotherhood Association in Hereford Thursday. A guest, Rev. David Moore, attended the meeting with the men from Friona.

Rev. and Mrs. David Moore of New Mexico have been visiting with their daughter and family, Mr. and Mrs. Claude Miller and Johnny. Rev. Moore was pastor of the Friona Church for several years.

Mrs. T. N. Jasper, who was taken to the Parmer County hospital last week, returned to her home this week.

Fortieth Anniversary
Mr. and Mrs. Charley Callaway, who live northwest of Friona, celebrated their 40th wedding anniversary Monday.

Mr. and Mrs. H. T. Magness, Denise and Jacqueline, and Mr. and Mrs. Tim Magness of Lubbock visited in the home of her parents, Mr. and Mrs. R. O. Gibson of Sagerton Sunday.

Husbands Honored
The Friona Womens Club honored their husbands with a supper Wednesday night at the club house. A film on Canada was shown by Mr. and Mrs. Ed Boggess, and the Barber Shop Quartet, composed of P. L. London, Forrest Osborn, Don Lewis and Raymon Euler, sang several songs.

Raymond Smith Injured
Mr. and Mrs. E. R. Day received word Thursday that Raymond Smith of McLean was seriously hurt when he was crushed by a dump truck. His parents, Mr. and Mrs. Smith lived in Friona several years ago. Raymond was foreman for Coker and Braden while living here.

The Ladies Aid of the Congregational church has announced that they will have their annual bazaar and dinner Tuesday, November 3.

Serving will begin at 12 o'clock and continue until everyone is served.

Renner's Are Given Dinner By Children

Mr. and Mrs. Rudolph Renner Sr., celebrated their 32nd wedding anniversary Sunday with a surprise dinner given by their children.

The large white cake was topped with a miniature bridal couple. Those attending were: Mr. and Mrs. John Renner, Gary Lou, Teddy, and Vickie; Mr. and Mrs. Lee Renner and Dickie Lee; Mr. and Mrs. Rudolph Renner Jr., Philis, Connie Doyle, Lana Gayle; Mr. and Mrs. Billie Dean Baxter, Johnny and Debra; Mr. and Mrs. Doyce Barnett.

Mr. and Mrs. Renner live about seven miles south of Friona.

Halloween Faces Made By Girl Scouts At Meet

Girl Scout Troop No. VI met Monday afternoon at the Baptist Educational building and made Halloween faces out of paper sacks.

Six of the girls made hot dogs and hot chocolate for the Scouts and their leaders.

Present At Meeting
Those present were Carolyn Sue Baxter, Patsy Curry, Linda Kay Brummett, Dona Joyce Blackburn, Karen Bails, Martha Tubbs, Karen McGee, Carolyn Parker, Joyce Stowers, Roma Kay Struve, Kitty Black, Cynthia Caffey, Judy Fesser, Gayle Knight, Judy Taylor, Karen Trieder, Darla Bingham, Patricia Ready, Virginia Patton, Shirley Taylor, Mary Jane Grubbs, Cecelia Weatherly and Mary Ruth Sharp and the two leaders, Mrs. Bill Stewart and A. L. Black.

Troop Three
Girl Scout Troop Number III met Monday afternoon at the Baptist annex.

The girls finished making paper craft pictures. Those attending were Peggy Taylor, Judy Barnett, Lullian McLean, Jan Edelman, Billy Agee, Louise Jackson, Linda Gee, Betty Rae Sneed and Cordy Potts.

Friona Brotherhood Plans Chili Supper

The Tierra Blanca Baptist Associational of Brotherhood will meet with the Hereford Baptist church tonight at 7:30 o'clock. The program will be presented by the Bible chairman from Canyon.

There were 325 present for Sunday school and 168 in Training Union.

Brotherhood To Meet
The Brotherhood will meet tonight. There will also be a chili supper.

Rev. and Mrs. C. M. Fields, pastor of the Friona Baptist Church, returned home from the Baptist Convention in San Antonio. The convention was held last Monday afternoon and Tuesday.

Mr. and Mrs. Ed Poynor and his mother, Mrs. F. Q. Poynor of Clarksville, Ark., who had spent about two weeks here on a visit, went to Carlsbad Cavern last week end, leaving Hereford on Saturday afternoon and coming back Sunday night. Mrs. Poynor left for her home in Arkansas on Monday.

MEET THE TEACHER—Mrs. Don W. Moore, right, is the teacher of the first grade at Central school. This is her fourth year of teaching in Hereford at Central school. Mrs. Moore was acting head of the Business Administration Department at McMurray College in Abilene and also taught business in the high schools in Midland, Dalhart and Abilene. A graduate of McMurray college, Mrs. Moore's hobby is doing things with her own children. Three children that are in Mrs. Moore's room are, from left: Alan Wayne Saltzman, Jerry Marvin Tisdale, and Jackie Kuykendall. (Staff Photo.)

Friona Couple Exchanged Vows Saturday In Clovis

Mr. and Mrs. Sam Jones announce the marriage of their daughter, Beverley Sue, to Sherley Max Cook, son of Mr. and Mrs. Sell Cook, all of Friona.

The wedding took place in the First Baptist Church of Clovis, N. M., on October 31, with Rev. W. E. King, pastor, directing the exchange of vows.

Attendants were Mrs. Doyce Barnett, who wore a pink wool and orlon suit, and Roy Haney.

Dressed In Forest Green
The bride was dressed in a forest green suit with gold and rust trim and matching accessories. Her flowers were talisman roses fashioned into a shoulder corsage. Her only ornament was an heirloom necklace and she carried out the custom of something old, new, borrowed and blue, and a coin in her shoe for luck.

For the wedding trip to New Mexico, the bride chose a brown and gold checked suit with brown accessories and white carnation corsage. Upon their return the couple will be at home in the Crawford apartments in Friona.

Friona High Graduate
Mrs. Cook is a graduate of Friona High School and was chosen band sweetheart in 1952. She is now employed at the Bi-Wise Drug Store in Friona.

Mr. Cook is also a graduate of Friona High School where he served as manager of the football team his senior year. He is now employed by the Parmer County Implement Co.

Following the wedding, a dinner was given at the Silver Grill by the bride's parents to honor the couple. Those attending were Mr. and Mrs. Sell Cook, Mr. and Mrs.

Doyce Barnett, Peggy Patterson, Patsy Loflin, John Parker and Roy Haney, the honorees and the hosts.

Artificial "pearl" beads are made by coating glass with a substance made from fish scales.

Timber production in Saskatchewan, Canada, was valued at nearly nine million dollars in 1952.

Seattle, Washington is farther north than Nova Scotia.

would be placed before the people. This idea created quite a stir on the Washington, D. C., level last year. There were arguments on both sides. However, when you turn back to the national conventions, both Democratic and Republican, you have to admit that television changed the entire procedure. Furthermore, it resulted in a situation more representative of what the people wanted.

This would make a good "Question of the Week" for next Sunday. I believe the general public would really go for TV'd legislative sessions.

You hear a lot about lettuce and sugar beets and wheat, but what about cotton? Some federal figures released Thursday show 750 bales ginned in Deaf Smith County. The estimated production is 15,000 bales and they cited our crop condition as "good" with about 65 percent of the cotton open, and 6 percent harvested. Swisher County was estimated at 100,000 bales with 3,011 ginned. Castro and North Lamb were lumped together with

an estimate of 118,000 bales and 18,500 ginned.

Had a nice, long visit with Frank Beizer the other morning. Frank has been selling field-run potatoes at \$2 a sack — and ran completely out, due to the heavy rains which kept him out of the field. Lots and lots of people have been buying direct. The Howard Beasley children also put up a stand, this summer and did real well on melons. In fact, they did so well that Mr. and Mrs. Beasley got to thinking maybe they had made a bad deal. A few more ventures of this type would be popular. Plenty of people would like to buy Hereford produce on the spot and, when it is not available, they often tear down fences and "confiscate" it. This makes the farmers mad. Mr. Coffin has brought me several heads of cabbage, and it is really delicious.

Nothing gets Mayor Henry Sears so much as calling him, "His Honor." This high-and-mighty title just doesn't sound like Henry—and he knows it. However, that's how I

always address him and he generally grins and changes the subject. He wouldn't say what, but I am guessing some unusual news will break from the next City Council meeting. Maybe, good. Maybe, bad. The City Council, incidentally is working hard. They are doing a good, level-headed job—and are getting very little appreciation. They aren't complaining but, for goodness sake, let's give them a little encouragement along. Next to the school board, the council is the "lowest pay and the hardest work". Too often we are prone to thank these boys with criticism and complaints.

Can you think of a worse bunch of guys to tangle with than Glenn Weir, Odice Bulls and Tom Sanders? Recently they were drinking coffee at the Vaughn Cafe on Highway 60 and got to talking about the telephone pranks of years past. Finally, Tom slipped out, went into the service station and called back to say, "This is the telephone company and our lines are water-logged. Please cover up your phones so we can blow

out the lines." Thereupon, followed quite a scramble as the girls draped cloths over the cafe phone and even the LD phone in the booth. Tom came back, of course, to see the excitement and he and Odice got to laughing. Glenn, however, went through the entire routine without cracking a smile.

Someone ought to write a volume or two on the practical jokes which Glenn Weir and Bob Higgins have pulled down through the years. C. C. Rockwell is another prankster of long-standing. Understand he is one of the few fellows who ever out-manuevered Bob, even if it was of short duration.

Meanwhile, about all we can do is continue to droop around—and wait until that sandstorm comes to bring some relief.

SALE CANCELLED
DEEP BROOK, N. S. — On a lawn at nearby Smith's Cove stands a sign saying "house for sale." Since it was erected, however, the house has been destroyed by fire. Only the sign was left standing.

Members Children Put On Program

Child Study Club held its annual program during which children of members present the entertainment for the evening, at the Camp Fire Hut Thursday evening. After the program the children were entertained at a Halloween party.

Children on the program were Kathleen Knox, Jan Story, and Nancy Story, who presented musical selections, and readings were given by Charles Kelly, Jan Susan Reese, Sandra Story, Joy Story, Gary Tannahill and Billy Jo and Gail Witherspoon.

Theme Carried Out
Mrs. Dale Kelly was director of the program, and Mrs. Bob Wear was in charge of Halloween games for the party. Decorations and refreshments carried out the October 31 theme, with Mesdames Merion Kaul, Stanford Knox and Joe Story serving as official hostesses.

A short business session was held after the party. At that time members planned a rummage sale to be held on November 11 with Mrs. Lisle Woodford as chairman of the committee.

Attended Meeting
Those attending were: Mr. and Mrs. Gordon Witherspoon, Mr. and Mrs. Stanford Knox and children, Mr. and Mrs. Joe Story and children, Mr. and Mrs. Clinton Jackson, Mr. and Mrs. J. C. Reese and daughters, Mr. and Mrs. Dale Kelly and son, Mr. and Mrs. Bob Wear and son, Mr. and Mrs. Maurice Tannahill and son, Mr. and Mrs. J. F. Witherspoon and daughters, Mrs. Lisle Woodford, Mr. and Mrs. R. P. Coneway and grandson, Mrs. Merion Kaul, Mr. and Mrs. Robert Bell and sons, and Mr. and Mrs. Chester Wiggins and son.

Everyone seems a little bit sluggish. No energy. No zip. Maybe it's just me—but I think it is the weather. Out here in the wide open spaces, we are not accustomed to having a relative humidity of 50 to 90 percent. That's what is happening to us these days. There is too much moisture in the air for people to function right. Even the cows wall their eyes around slower. All of a sudden we have been transformed from a high-energy zone into a passive-energy zone. The air is heavy—and it is dangerous to get outside without a raincoat. What we need is a good, old fashioned, top-roaring sandstorm. That would clear things up in a hurry.

Even the farmers are getting restless. At least, the Farm Bureau has adopted around 20 pages of resolutions on various and sundry subjects. Some of them sound pretty good, too—although a little bit selfish. They seem interested in more and better farm roads even to the point of cutting down on roads and circles in and around cities. They also favor compulsory enforcement of controls covering Johnson grass and bindweed on a basis similar to the soil erosion districts. Another interesting proposal in the list is enlargement of state medical schools to accommodate more students.

While Hereford is not suffering drastically from a lack of doctors, many parts of the nation are suffering. Meanwhile, literally thousands of prospective doctors are being turned away by the medical schools each year on the grounds of over-crowded classes. This is causing many people to die earlier, due to lack of proper medical attention.

The Farm Bureau seemed a little bit inconsistent in spots to me. In one paragraph they demand that the national debt not be enlarged—and in the next paragraphs ask for 90 to 100 percent parities, continued drought relief, better roads, government cattle purchases, averaged income taxes, research foundations, and long-term farm credit. No one can spend more money and collect less taxes without going further into debt.

However, their program is good and it represents a lot of thought. At least, the politicians can finally tell what the farmers want—or what they think they want. One item especially liked was where they asked that the State Legislature be televised. This would be excellent. Even folks who do not have TV could go to a neighbor's house. It is a wonderful, wonderful idea. Besides, from what I have heard about the Texas Legislature, it would be entertaining. Once again, oratory and statesmanship

Usually there is a lot of static electricity in the air. It is exhilarating. People jump and bounce around as a result. I went home the other night and our dog was standing on top of her house. She just stood there and moaned long and loud. It gave everyone an eerie feeling, like in the movies when you figure, "It would be a good night for a murder." I realized what was the matter. The dog just felt "hemmed in." I followed her clue and climbed on top of the house, too. I felt a lot better. Maybe the air is lighter up higher, or something. Anyway, try it next time you get to feeling depressed and subdued. It helps a lot. I really feel sorry for the folks who live down on the coast. They have to put up with it all of the time. I even tried taking those new fangled mineral-vitamin capsules. They don't help much, though. Not near as much as climbing on top of the house.

In addition, I never saw so many people with roof troubles. This is especially true in the downtown area where they have flat roofs. A long, dry spell followed by heavy rains always produces this result, however. I still say there's nothing wrong with this country that a good sandstorm won't cure. Don't get discouraged. Wait until next March.

OFFICERS OF THE HEREFORD HIGH SCHOOL chapter, Future Homemakers of America, are included in the above picture. They are, from left, seated, Sue Barnard, recording secretary; Dorothy Veigel, historian; Barbara Winget, song leader; Earlene Plank, president; Sylvia McCracken, vice president; Kar-

en McGee, pianist; Mazelle Telchick, treasurer; Barbara Sue Rogers, corresponding secretary. Standing, from left, are Dolores Loerwald, point keeper; Gay Malone, parliamentarian; Mrs. Reuben Knox, sponsor, and Melrose Whitfield, reporter. (Staff Photo.)

Special Events Plans Are Ready For FHA Week

November 1-6 has been designated as the week when Future Homemakers of America chapters all over the nation will publicize their aims and objectives.

A project will be carried out each day this week in Hereford in observance of National FHA Week with members beginning the program by attending the church of their choice today.

Schedule

On Monday members will hold a nursery in the homemaking department at the high school for the Parent-Teachers Association.

Tuesday red rose bushes will be planted on the school grounds.

Wednesday, members of the

group will clean and polish the trophy case at the high school.

Thursday will be help at home day for all of the girls, when something special in the way of home work, other than their regular home duties, will be done.

Friday night formal initiation ceremonies will be conducted at the high school for new members. All parents and friends are invited to this meeting.

National Affiliation

The Hereford FHA group was first affiliated with the state organization but has since re-organized to receive a charter from the national organization. Its purpose is to build strong, able and intelligent

homemakers for the future through training carried on in regular homemaking classes. Any girl taking home economics or having taken the course for one year is eligible for membership.

Regular meetings are held on the fourth Monday in each month. Planned programs are arranged providing a complete unit of work and study for the year.

Tea For New Members

To launch the work for the year, a tea was featured to honor new members of the group in the home of Mr. and Mrs. D. C. Barnard on October 18. Sixty girls attended. Ann Dyer and Yvonne Axe regis-

THE SUNDAY BRAND
Hereford, Texas, Sunday, Nov. 1
Section Two

FUTURE HOMEMAKERS really think in terms of a future home (see picture at left), as shown by their emblem, which includes a girl's hand, left, and a boy's hand (note shirt cuff) at right, holding up the home. Holding the emblem are Marilyn Legg, Mary Durham and Lu Durham, members of the local FHA chapter. (Staff Photo.)

NEW MEMBERS OF THE FHA are welcomed at a tea. Gathered at the tea table are, from left, Sue Barnard, June Gee, Myrna Lou Coffin, Gloria Walser and Claudia Green. (Staff Photo.)

ONE OF THE MOST IMPORTANT things that every Future Homemaker is supposed to learn is the art of cooking, at least enough to give her a solid background for future practical cooking. Stirring a sauce can be just as important as broiling a steak, even if a mistake would be less expensive. Shown at

a kitchen range in the Home Economics department at Hereford High is Kay Barnard, as other girls wash and dry dishes. They are, from left, Marlene Allred, Nancy Patterson, Nancy Story and Lotus Root. (Staff Photo.)

AS PART OF NATIONAL FHA Week, members of the chapter here are polishing all of the trophies in the Hereford High School trophy case, one of their special projects to show the spirit, as well as the facts, of their training to care for the

homes they will some day be responsible for. From left, they are Mildred Kelley, Glenille Benson and Daveine Parmer. (Staff Photo.)

MRS. BOB LAWRENCE, right, got a few extra goose pimples Monday night when she got to feel of "Uncle Zeke" at the Young People's Halloween party at the First Baptist Church. In this instance, she had just been handed a piece of cold, raw liver. Flash photography showed the scene, which was taking place in an unlighted room. Sam McLallen was

playing the part of the "host ghost." Back in the corner was another ghost, whose face cannot be seen here. That bobbing apparition hid Mrs. Jimmie Alfred, who supplied the ghost with necessary movements. About 20 young people attended the party. A scavenger hunt preceded the main part of the entertainment in the Educational Building. (Staff Photo.)

Special

(Continued from Page 1)

tered the members. Club officers Barbara Rogers, Sue Barnard, Barbara Winget, Karen McGee, Delores Loerwald and Earline Plank received the guests. Informal music was presented throughout the afternoon by Noram Grace Gray, Nancy Story and Verita Sanders. Katherine McDonald, Lu Durham and Paula Corbett were in charge of refreshments, which were served from a table decorated to carry out the autumn theme.

Responsibilities Discussed
The regular October meeting featured a panel discussion on "Our Responsibilities as a Citizen," with Mayor Henry Sears as the main speaker.

"Sharing Home Responsibilities" will be the subject of the November program, with members presenting a skit. The first 1954 program will emphasize "Safety in the Home".

Highlight of each year is the annual Sweetheart and Beaux banquet which will be held in February near Valentine Day. Officers will be elected at the March meeting and the year's business rounded up. To close the school year, Mrs. J. W. Barnett will show slides and give a talk on Trinidad.

SAFER X-RAY

WHITE PLAINS, N. Y. (AP)—The first X-ray unit approved by the Underwriters' Laboratories as safe for use in hospital operating rooms is announced by the Picker X-ray Corporation here. It has a safety device which keeps the X-ray machine from working if any anesthetic gases ever managed to leak in the normally-sealed X-ray tubehead.

Steel can be rolled so thin that 20 sheets of it are needed to equal the thickness of a human hair.

Hereford B Team Took Tulia 59-0 Thursday Night

By Gene Watts

The Hereford High School B team made up for the drubbing they took from the Phillips B team when they scored an easy 59 to 0 victory over the Tulia B team Thursday night.

It was the inspired leadership of quarterback John David Bryant that led the boys to victory. He opened the scoring with a pass from the 20-yard line to Danny Elliston, who had no trouble going over for the tally. The try for extra point was good.

Fumble Recovered

The Whitefaces kicked off to Tulia, but the Tulia lads became butterfingers, and Dick Larson made the recovery for the Herd. Bryant shot another pass to Elliston from the 40, and the play was culminated with another touchdown. Cleve Williams' try for point was not good.

Receiving the ball again, Tulia runners took the ball back to the 30, where the hard-hitting Whiteface line stopped them cold for three straight downs. On the fourth down, Tulia kicked out to Elliston, who outran the entire Tulia team, but the play was called back because of clipping, and the Hereford lads took over on their own 25.

Ran 75 Yards

Bill Callaway took the ball, and ran it 75 yards for the touchdown, and the Hereford kicker made the extra point.

Early in the fourth quarter Whiteface linemen Gray Crist and Dick Larson broke through the line and tackled the Tulia ball carrier behind his own goal line.

Score at the end of the first half was 35-0. This was raised to 47-0

Record Books Judged At Meeting Monday Of Club Reporters

Record books were submitted and judged when the reporters of the Home Demonstration clubs met in their annual report meeting on Monday in the County Court room. Mrs. Otto Olson presided at the meeting and new reporters for next year who were guests were introduced.

The record books were judged by Mrs. Naomi Hopson and Mrs.

at the end of the third quarter, and 59-0 at the end of the fourth. Next game of the B team will be either against Dehart or Dum-as.

Burl France.

Blue Ribbons

Westway, Cultural, and Wyche clubs received blue ribbons.

Red ribbon ratings went to Bippus, Messenger, West Hereford and South Hereford. North Hereford was given a white ribbon.

Reporters present were: Mesdames C. L. Homfeld, Bippus; Charles Packard and H. L. Ward, Wyche; Johnny Townsend, Westway; John Draper, South Hereford; Ernest Brown, Messenger; R. E. Fullwood, North Hereford; E. D. Cox and Miss Evelyn Bell, West Hereford; Otto Olson, Argen Draper and Miss Roberta Campbell.

There are about 637,000 miles of federal highways in the United States.

La Plata Study Club Won Third With Peace Formula At Festival

LaPlata Study Club was awarded third place in the Sudan Fall Festival for a world peace formula to be submitted to the United Nations. The formula was submitted through a committee comprising Mrs. J. R. Johnson, chairman, Mrs. Elmer Patterson and Mrs. Morris Thomson.

Entries were made from a dozen area towns and from out of state as far away as Shreveport, La.; Denver, Colo.; and Shawnee, Okla. There were 18 entries in all.

Foundation of Understanding
The LaPlata Club formula was based on the theory that understanding must be the foundation for peace.

"When the nations of the world are dedicated to a positive program of building peace, there will be no need for talk of stopping war," it said.

It urges a peace consciousness for the people of the world, a more equitable distribution of food, instruction in equality, and a widespread study of foreign languages and prayer.

Several Specifics

It also suggested several specifics: academic and industrial exchanges; international gatherings; travel; education in international affairs; and correspondence between individuals and club, church and civic groups with the aim of breaking down prejudice and effecting understanding.

The competition was close. Judges were three Lubbock men—Dr. E. N. Jones, president of Texas Tech, Dr. H. I. Robinson, Pastor of the First Methodist Church, and Chas. A. Guy, editor of the Avalanche Journal.

Minister Won Money

A young Methodist minister from Progress was named winner of the \$100 cash award. He is Rev. Carroll M. Jones, who calls his formula more practical than war and far less costly.

Rev. Jones outlined the task of the U. S. "We can have peace by proving to the world that we want peace," he wrote in his introduction to his formula. "The masses of humanity everywhere

are as peace-loving as we are. Our task is to replace fear, suspicion and need with faith, confidence and food. Let us turn from wordy disputations to acts of positive friendliness." He listed 7 proposals in his formula.

Second Place

Second place was awarded to the entry of Mrs. Doyle Watkins for the Sudan Tuesday Study Club. It suggested the building of a "Home of World Peace," described as "founded on religion, bricked with United Nations, mortared with co-operation, lighted with education, windowed with world travel and roofed with human welfare."

It suggested that "strong homes are built by strong men with prayer and patience, but only those who possess the keys may enter in. 'The Key', it said, "is love."

The "Great Brood" of Cicadas (17 year locusts) appeared in 1933; the next of this large brood, also known as "Brood 10" is due to appear in 1970.

MRS. F. L. ALEXANDER

BY COUNCIL OF CHURCH WOMEN

World Community Day Observance Planned Here

The Hereford Council of Church Women will sponsor World Community Day observances here at 3 o'clock the afternoon of November 6 in Ward Hall at the First Methodist Church.

Theme for the observance will be "Building Lasting Peace," with Mrs. Tom Carter, leader, presenting a short program on what the U. S. has done to bring about a lasting peace.

Clothing Items Asked

Everyone is invited to attend. People are asked to bring all types of used clothing for men, women and children, or items for home use such as towels, tablecloths, quilts and blankets to be sent to Korea.

Mrs. John Aikin, outgoing president, will have charge of installation of new officers who include Mrs. F. L. Alexander, Episcopal Church, president; Mrs. W. J. Krumboltz, Presbyterian Church, vice-president; Mrs. Grant Hanna, First Methodist Church, secretary and Mrs. Paul Corbett, First Christian Church, treasurer.

CHURCH ANNOUNCEMENT

CINCINNATI — The bulletin board in the church yard usually gives the time and date of services and the text of the sermon. The Rev. Richard Lyon, pastor of the Price Hill Baptist church, however, recently put it to a new use. "It's A Boy," the bulletin board announced. The only other printing was the minister's name, and the following: "Parking in Rear."

The eyes of about half the children are not yet ready for reading at the age of 6½ says the Better Vision Institute.

Help For Cancer Tests

BOSTON — A sure new way of producing breast cancers in female rats gives science a new tool to study treatment and prevention of cancer. It's done by dissolving certain cancer-producing chemicals and female sex hormones in fat, emulsifying the fat, and injecting it by vein. This technique is reported in the journal Cancer Research by Drs. Robert Geyer, Jean Bryant, Virgil Bleisch, Elizabeth Peirce and Fredrick Stare of the department of Nutrition, Harvard School of Public Health.

Shower-Tea Honored Recent Bride Tuesday

Beautiful flowers and decorative appointments reflected the autumn mood in a shower-tea given to honor Mrs. Paul Sanders, the former Miss Helen Ann Snyder, Tuesday afternoon in the home of Mrs. Frank Cogdell. Hostesses with Mrs. Cogdell were Mesdames W. J. Stanford, Howard Gault, Ray Coneway and Waldron Melton.

Centering the table was a bridal arrangement of large and small white chrysanthemums tied with white satin ribbon. Silver candlesticks held bride's tapers and the table was covered with a white linen cut work cloth. Mrs. Ike Holman of Tulsa, sister of the bride, presided at the silver coffee service.

The autumn mood was emphasized in the decor of the entertaining rooms and in the corsages presented to those in the receiving line.

Receiving the guests at the door were Mrs. Cogdell, Mrs. Glenn Snyder, mother of the bride, and the honoree.

Those registering in the bride's book were: Mesdames J. J. Clark, C. R. Smith, C. J. Crump, Bill Stanford, Richard Winget, J. O. Newell, Ida Ricketts, Paul Coneway, Richard Barnard, Mary Seliger, T. W. Alderson, J. W. Thomas, J. E. Beyer, F. L. Terrell, H. M. Benefield, Earl Plank, H. L. Benefield, Homer Fox, J. A. Pitman, Robert Veigel, L. H. Woodford, J. C. McCracken, Oscar Easley, E. R. Endall, H. E. Danforth, J. H. Lomas, H. V. Williamson, H. E. Henslee, Elizabeth Womble, Guy Newsom, E. W. Hobson, Hans Williams, Homer Brumley, Austin C. Rose Jr., C. C. Acker, J. W. Spradley, B. Y. Crosthwait, C. P. Cockrell, B. A. Tynes, and Miss Matie Mae Swisher.

If the veal you've bought isn't quite as thin as you would like it for that famous Italian Dish—Veal Scaloppine—here's a chef's trick. Place the serving-size slices of veal between two sheets of waxed paper and hammer with the flat side of a heavy-blade knife.

That old-fashioned favorite, Indian pudding, can take on a new air. Just add figs, cut in thin strips, to the thickened cornmeal-molasses mixture before baking. Serve with vanilla ice cream for extra eating pleasure.

MRS. PAUL SANDERS, center, the former Miss Helen Ann Snyder, was honored with a shower-tea Tuesday afternoon in the home of Mrs. Frank Cogdell. From left to right they are Mrs. Glenn Snyder, mother of the bride, the honoree, and the hostess, Mrs. Frank Cogdell. (Staff Photo.)

Winter Gardening Program Presented At Hereford Garden Club Meet Friday

An interesting program on "Looking Ahead to the Winter Garden," was presented to members of the Hereford Garden Club at a meeting in the home of Mrs. Harry Lomas Friday afternoon. Mrs. C. C. Ferguson was assistant hostess.

The program opened with the group repeating the "Gardener's Prayer," led by Mrs. Jeff Gilbreath. Mrs. Ralph McCullough, president, presided over the business session during which members voted to send Mrs. J. P. Slaton, a former member in California, a birthday greeting show-

Perennial Border
Mrs. O. H. Herring discussed "How to have a perennial border with continuous bloom," telling the advantages of first making a paper garden. "Scale the design on paper and color with crayolas to visualize your garden as it will be, and under the colors date the time of bloom. Plan your garden to go through the whole year with blooms, which may be done with flowering shrubs in the winter, bulbs and hardy plants in the spring, roses and all types of bloomers in the summer, and chrysanthemums and shrubs again in the fall," she said in part.

Perennial Border
Mrs. E. Ramey told about "Putting Your Roses to Bed" advising to mound around the canes high with soil and fill in with leaves after killing frost. "To protect from winter winds, encircle the rose bush with chicken wire and do not remove too early in the spring" she concluded.

Lawn Care
Mrs. Francis Hardwick spoke on "Winter Lawn Care" reminding to "mow high and late and, to be sure to keep the lawn clear of fall leaves, as this smothers the grass. Do not burn the leaves, however, but make a compost and return to the soil. Use a broom rake in

raking the leaves so as not to disturb the grass roots". Three arrangements were made and displayed, all carrying out the theme "Gridiron Glory". These were suitable for a buffet supper after the game. Judges were Mesdames M. T. Rutter, Rex Tynes and E. W. Young.

First To Mrs. Roberson
Mrs. A. L. Manjeot placed second with a maroon and white Lazy "S" piece featuring a football and using white and tan mums. The Texas A&M College theme was emphasized.

Mrs. John N. Jacobsen's arrangement was of tiny Irene chrysanthemums in colors of red and white, featuring a red goal post and red candles. A white cloth was used for this.

Tips For Gardening
In conclusion, the following tips for gardener's were given: Water well the year round. Keep traffic off of the lawn during the winter months. Do not use salt to melt ice on sidewalks. Use care in shoveling snow-never cut through the grass.

Members attending the meeting were: Mesdames Francis Hardwick, O. H. Herring, O. G. Hill, John Jacobsen Jr., A. L. Manjeot, Ralph McCullough, E. Ramey, Jack Roberson, M. T. Rutter, Rex Tynes, E. W. Young, S. S. Williams, Lee Roy Wilson, E. E. Fridley, F. M. Kester, Frank Brinkman, Jeff Gilbreath, Jeff Roberson and the hostesses.

NEW MOTORING HAZARD
NEW LONDON, Conn. (AP)—An automobile knocked down a utility pole near Jack Freedman's farm, plunging his poultry house into darkness. Freedman has filed a \$1,000 suit against the driver. He charged that when the lights went out, his chickens became so scared that they huddled together in a corner and suffocated.

Service Club Sets Up Gamma Globulin Express

MILL HALL, Pa. (AP)—The Kiwanis Club of this Central Pennsylvania community has set up a "GG Pony Express" to operate in case there is a polio outbreak. Upon learning there was no way of getting Gamma Globulin—the polio preventative serum—from Phillipsburg, 60 miles away, the local service club swung into action.

Now all a physician has to do when he needs GG is to contact one of the Club officials and a member will be dispatched to drive to Phillipsburg with authorization for the serum and deliver it to the physician.

Kite-Flying Accountant Really Goes For Sport

BRADLEY BEACH, N. J. (AP)—Charles Baum, 73-year-old tax accountant, thinks flying kites is good fun no matter what your age. Baum goes in for the sport in a big way.

He flies dozens of kites at a time and his record is 85 from one string, a trick he did last summer in this north Jersey coast resort. Baum attaches each kite to a 50-foot line, gets it aloft and then ties the line to the main line. On his main reel is seven miles of nylon cord, some with a strength of 440 pounds.

A LOT OF COAL
NORFOLK, Va. (AP)—Since the first trainload of coal was brought from the mines to Hampton Roads ports 70 years ago more than 878 million tons of the black stuff have been dumped at Norfolk and Newport News piers. Coal hauling railroads serving the ports are the Norfolk & Western, the Chesapeake & Ohio and the Virginian.

Building Of Submarines Becoming More Complex

GROTON, Conn. (AP)—Submarine building is a lot more complex today than it was even as recently as World War II. The Electric Boat Division of General Dynamics Corporation, builder of the world's first atomic power submarine, says the complexity of its work is demonstrated by the number of design personnel on its payroll. During World War II the company had one designer for every sixty employees. Now the ratio is close to one to ten.

Women Commissioned As Traffic Officers

CLARSVILLE, Mo. (AP)—Women here have declared war on traffic violators, and they're getting a chance to do something about it. The Business and Professional Women's club sent a delegation to a city council meeting. Mayor M. F. Duvall accepted one of their suggestions by commissioning 13 of the women as a petticoat squad of traffic cops.

ADVENTURE AT 82

LEWISTOWN, Mont. (AP)—Life at home got too tame for a 82-year-old Millie (Mothball) Jones so she jumped into her 1925 Model T. Ford and headed for Alaska. The sharp and spry woman said she was going to Fairbanks to accept a job as a saloon hostess.

I. Q. FOR EGGS

NEW BRUNSWIC, N. J. (AP)—Eggs get I. Q. tests as a part of Test. The I. Q. in this case stands for "interior quality"—a major item in the year-long contest.

Coal reserves in Illinois are estimated at 137 billion tons.

Columbus Day is a national holiday throughout Spain.

Serve something different: cook rice and toss lightly with well drained crushed or chunk-style pineapple. Wonderful with lamb chops or a-curry.

Red Hair Is Used To Polish Jewels

BIENNE, Switzerland (AP)—Gentlemen may prefer blondes, but Swiss watchmakers are partial to red heads—for purely scientific reasons. Each watch jewel—smaller than a pinhead—has an almost invisible hole bored in it. The Swiss have devoted years of

research to finding an abrasive that will polish the inside of this hole to near-perfect smoothness. The solution, they found, is a strand of human hair. Not just any hair, however. Men's hair, they found, is too coarse. And a blonde's is too pliant, a brunet's too brittle. But a red-headed girl's hair, they found, is just right.

UNWELCOME KITTY

HELENA, Mont. (AP)—A young woman wanted to ship a pet baby skunk. The Havre express agent Carl Nessett first said, "Sure," and only then remembered to ask whether the kitty had been de-scented. Her, "No," brought the agent's reply—"No, sir! You can't ship him that-a-way. Please get him out of here!"

BY BAPTIST CHURCH CHOIRS

Three Superior, Two Excellent Ratings Won

The five choirs of the First Baptist Church of Hereford sang Tuesday evening at the District Nine, Texas Baptist General Convention, Music Festival. The festival was held at the First Baptist Church of Plainview. Each year preceding the State Music Festival these district festivals are held.

The choirs of the Hereford First Baptist Church were rewarded with three superior and two excellent ratings. The personnel of the choirs taking part in the festival were:

Cherub Choir: Dianne Wilson, Merle Carmichael, Troy Gandy, Gary Don Roberson, Dick Thomas, Sally Whiteside, Becky Jackson, Judy Wiman, Sandra Winkler, Joe Childers, Lynda ay Cofman, Gary Stagner, Camillia Ann Anderson.

Carol Choir: Kay Owen, Glenna Faye Gandy, Cheri Baker, Francis Goldston, Mary Raye Downey, James Strange, Johnny Buse, Donna Faye Rogers, Harold Anderson, Bobby Jackson, Dickie Slaughter, David Scott, LaWanda Cates, Beverly Carmine, Wilma Sue Thomas, Kathy Smith, Sharon Scott, Joy Wiman, Ronny Rayburn, Johnny Whiteside.

Young, Edward Roberson, and Tommy Culppepper.

The directors and accompanist for the choirs were: Cherub Choir director, Mrs. Howard Scott, accompanist, Mrs. Bob Lawrence;

Wakita Camp Fire Girls Held Halloween Party Tuesday At Hut

Wakita Camp Fire Girls and their guests attended a Halloween party at the Camp Fire Hut Tuesday evening. Black cats, goblins, witches, owls and black and orange streamers turned the hut into a veritable spook-town where a ghost carnival was underway.

Mothers of the group were in charge of concessions and side shows. They included Mesdames Guy Lawrence, Gaylord Newell, Tom Howard, J. W. Witherspoon, Clarence Strange, F. L. Alexander, J. E. Kirby and Frank Prowell.

Traditional Games
Traditional Halloween games and contests were directed by the leader, Mrs. H. H. Caraway, assisted by Kay Caraway and Zell Crump. Fortune-telling and a house-of-horrorers added to the fun and frolic.

Girls and their guests included: Nona Marie Strange and David Larsen, Eugenia Alexander and Billy Legg, Jane Bookout and Steve Slagle, Ann Caraway and Edwin Axe, Carol Ann Newell and Don Jackson, Linda Kay Noland and Kenneth Clearman, Marcelina Olgwin, Marilyn Morrison, Melba Gay Lawrence, Linda Hair and Linda Russell, Dolly Jo Prowell and Patricia Medlin, Dolly Paetzold and David Brumley, Betty Paetzold and Corky Paetzold, Karolyn Kirby and Jimmie radley, Patty Howafd and Douglas Ruland, Virginia Witherspoon and John Gilliland.

Prizes for best costumes were awarded to Dolly Jo Prowell, who came dressed as a doll, and John Gilliland, who was dressed as Raggedy Andy.

Apple slices become delicious snacks when spread with soft sharp cheese. Cream cheese and chopped nuts, peanut butter, or deviled ham also make good toppings.

Carol Choir director, Mrs. Bob Lawrence, accompanist, Mrs. Howard Scott; Crusader Choir director, Mrs. Bob Lawrence, accompanist, Mrs. Howard Scott; Youth Choir director, Mrs. Howard Scott, accompanist, Mrs. Bob Lawrence; Church Choir director, Bob Lawrence and accompanist, Mrs. Howard Scott and Mrs. A. J. Schroeter.

Home Is Topic At Pioneer Study Club Meeting

"Home" was the subject discussed Tuesday afternoon at a meeting of the Pioneer Study Club held in the home of Mrs. Rex Tynes with Mrs. A. G. Bell serving as assistant hostess.

Roll call created interest for the group as members told of customs in their own homes.

Contributions TO Home
Mrs. Fred Barrett and Mrs. F. L. Terrell presented a program on "Contributions to the Home Through the Ages." Mrs. Barrett told of the progress made in home building and home culture through generations past, and Mrs. Terrell told of scientific developments that affect the home.

During the business session, members voted to feature an exchange of gifts at the annual Christmas party which will be held this year on December 15.

Members Attending
Members in attendance were: Mesdames Fred Barrett, A. G. Bell, J. E. Beyer, O. M. Diekey, Buri France, O. H. Herring, W. E. Holcomb, F. M. Kester, Mary Seigler, D. Sigle, F. L. Terrell, Bess Werner, E. S. Ireland and the hostess.

Messenger HD Club Held Meet In Coleman Home

"Causes of High Blood Pressure" were discussed by Mrs. S. N. Thweatt, while "Care of Yourself" was discussed by Mrs. Ruth Coleman when the Messenger Home Demonstration club met in the home of Mrs. Bruce Coleman Friday afternoon.

Mrs. Ruth Coleman won the recreation prize and Mrs. Ernest Brown won the floating prize.

Those attending were: Mesdames S. N. Thweatt, Ernest Brown, Elmer Northcutt, N. A. Brown, John McCullar, Floyd Brown, Bruce Coleman and Ruth Coleman.

The next meeting will be in the home of Mrs. W. D. Howard on November 13.

SEVEN CHILDREN WON prizes at the Farm Bureau Convention which was held Saturday in the Bull Barn. They are from left: Ann Rose Dziuk, a model Case trailer and tractor; Pete Plank, a Massey Harris combine; Mary Edna Jones, a registered Hampshire pig donated by Ed Dziuk; Alfouse Brorman, Massey Harris combine and tractor; Jim Carthel,

Massey Harris Combine; Beverly Betzen, drew the numbers; Tommy Betzen, a model International disc, harrow, tractor, moldboard plow and trailer; and Gary Higgins (seated) an International tractor, trailer, moldboard plow and disc harrow. (Staff Photo.)

At District Convention

Music Study Club Year Books Won First Place

Music Study Club year books tied with those of the Philharmonic Club of Amarillo for first place at the annual convention of the Seventh District, Texas Federation of Music Clubs, held recently in Lubbock. Mrs. T. W. Roberson, delegate to the convention, gave the report at the regular meeting of the club Monday afternoon in the home of Mrs. W. J. Stanford. Mrs. H. A. Close, president, presided over the business session during which Mrs. Wayne Thomas, a former member, was welcomed to membership. Mrs. C. C. Ferguson was named federation delegate and members voted to purchase three Hereford concert tickets for music students. Announcement was made that rehearsals for "The Messiah" presentation during the holiday season will begin November 1.

Committee Recognition
Recognition was given the year book committee which was responsible for the winning year

books. Members include Mesdames J. C. McCracken, C. W. Parker, J. D. Neill and Bill Stanford.

The program for the day followed the study course, "A Guide To Musical Enjoyment," by George Marek. Mrs. J. D. Neill was leader.

In discussing the author's viewpoint on how to enjoy music, Mrs. Neill said, "Musical inferiority complexes are prevalent everywhere, but more people would and could enjoy music if they would rid themselves of the feeling that music is highbrow. The moment you say to yourself that music is not beyond you, that you can enjoy it without special induction, that moment you have rid yourself of the musical inferiority complex."

"That moment you have in your hand the passport to a musical journey, a journey which may turn out to be the most enthralling journey you have ever made."

Musical Selections

Musical selections presented were "The Camptown Races" (Foster-Nordoff) played by Mrs. B. Y. Crosthwait; "The Watchman's Song" (Grieg), played by Mrs. Cliff Estes; and a chorus "Come Where My Love Lies Dreaping" (Foster), sung by Mesdames J. W. Beyer, W. J. Stanford, A. J. Schroeter, C. J. Mountz, T. W. Roberson, A. O. Thompson, Cliff Estes and Miss Mattie Mae Swisher.

In conclusion, the hymn of the month, "God of Our Fathers" was sung by the entire club, with Mrs. J. C. McCracken directing and Mrs. A. J. Schroeter accompanying.

Members attending the meeting were Mesdames J. R. Allison, J. E. Beyer, W. T. Carmichael, H. A. Close, Ellis Coombes, B. Y. Crosthwait, Cliff Estes, C. C. Ferguson, Bob Lawrence, Ed Line, J. C. McCracken, C. J. Mountz, J. D. Neill, C. W. Parker, Earl Phillips, T. W. Roberson, A. J. Schroeter,

Hundreds Of Chickens Lost From Owl's Visit

RALEIGH, N. C. — R. T. Woody a farmer of Leasburg, plans to "owl proof" his next chicken house.

Woody heard a disturbance one night recently in his chicken house. Investigating, he found an owl perched on one of the beams. Woody obtained his rifle and took six potshots at the owl which had to be pried loose from his perch.

Relieves High Blood Pressure

NEW YORK — High blood pressure was relieved in 17 out of 23 elderly men and women by a new drug, methium chloride, Drs. Henry A. Rafsky, Andrew Horonick and Jeanne C. Rafsky write in the Journal of the American Geriatric Society. The drug had few side effects, they said in a preliminary report.

In 1952 Sweden had 54,000 American visitors compared with an annual 17,000 before World War II.

A. O. Thompson, S. M. Dunnam, Howard Scott, R. P. Conaway, Jeff Gilbreath, S. O. Wilson, Miss Mattie Mae Swisher and the hostess.

Double-Ring Wedding Unites Kathryn Davis, W. D. Acton

Mr. and Mrs. A. H. Davis announce the marriage of their daughter, Kathryn, to William D. Acton, son of Mr. and Mrs. James Walker, 825 Virginia street, Amarillo.

The couple was married in a simple double-ring ceremony held in Santa Rosa, N. M., on Saturday, October 17.

Graduate Nurse
Mrs. Acton graduated from Hereford High School in 1950. For three years she has attended St. Anthony's School of Nursing in Amarillo, graduating last June. She is now employed at St. Anthony's School as a graduate nurse.
Mr. Acton attended Amarillo

schools and served in the U. S. Marines for three years with overseas duty in Korea. He was honorably discharged after being wounded while serving in Korea. He is now employed at Allen's Shoe Store in Amarillo.

The couple is at home at 703 Buchanan Street, Amarillo.

Program On Chicago, Pennsylvania Given

Lone Star Study Club held a meeting in the home of Mrs. O. L. Click Tuesday afternoon with Mrs. Guy Newsom as co-hostess.

In keeping with the study course, "Playgrounds of America," a program on Chicago and Pennsylvania was presented.

Mrs. Roger Corbett told of a trip to Chicago, describing scenic spots and most desired things to see while in Chicago.

Costumes And Customs
Mrs. John Jacobsen Jr., told of their quaint customs and costumes and mentioning that the area boasted the best non-irrigated farms in the world.

A short business session was conducted by the president, Mrs. Guy Newsom.

Present At Meeting
Those present were Mesdames W. C. Meharg, Roger Corbett, V. E. Dodson, W. S. Fluit, Jack Grady, H. E. Henslee, Jim Higgins, E. W. Hobson, John Jacobsen Jr., C. D. Kelton, Joe Kendall, Vivian Major, Guy Newsom, Earl Phillips, Robert Thompson, Ed Warren, C. O. Wilkins, R. G. Blue, and the hostess.

FUN IN MUSIC
HALIFAX — Dr. Leslie Bell of Toronto, director of the famed Leslie Bell Singers, said here "the trouble with music is that too many people are trying to take the fun out of it. We are without doubt the most self-conscious and apologetic people in the world about our culture."

Virginia Sigle Chosen Princess Candidate At Boulder, Colorado

Miss Virginia Sigle, freshman student at the University of Colorado at Boulder, has been nominated as one of the candidates to represent the school as princess in the New Year's Day game at the Sun Bowl in El Paso.

Princesses, chosen from various colleges and universities, will be attendants to the Sun Bowl Queen. Miss Sigle, daughter of Mr. and Mrs. Delmar Sigle, 105 Avenue F, has also been named YWCA representative from her dormitory.

A pair of flexible spatulas, in two different sizes, provide the right tools for special kitchen jobs. The larger spatula makes frosting a cake a joy. The smaller spatula can be used to turn out muffins, cakes and molds; it can also level measurements of sugar, flour and spices, and it's fine to dip out that "pinch of salt" so many dishes need.

Arkansas Folks Must Be Among Most Honest

JACONVILLE, Ark. — A train roared down the tracks near here leaving a trail of swirling, fluttering dollar bills.

Seems a mall pouch had ripped open and \$20,000 worth of bills spilled along the right-of-way. In the succeeding treasure hunts the folks were honest beyond belief.

The Federal Reserve Bank in Little Rock, to which the bills were being shipped, reported almost complete recovery of the fly-away money.

Dog Palace Designed By Dating Grandfather

WESTFIELD, N. J. — Scotch, a part cocker spaniel, 2 months old, lives in what may be the largest dog house for one dog in the state.

The dog house, designed by Henry F. Ramsberger, grandfather of three children who own the puppy, is six feet square and five feet high.

It has a large patio on which Scotch can sun himself in good weather and a swinging door for protection from foul weather.

Minnesota Vacation Was Mostly Trouble

CHICKASHA, Okla. — If you think you've got troubles, listen to this tale of woe of Joe Allen. Allen just got back from a Minnesota vacation after he:

Left a new hat in a cafe. Lost his billfold containing \$210 plus identification, driver's license and fishing permit. Dropped his prize rod and reel into the lake. Put his lower plate in his cabin window and a storm came along and blew it to the floor, smashing it.

Allen had one bright side to his vacation. He managed to catch a 4 1/2-pound small-mouth bass—the largest taken from the lake in 10 years.

To vary sugar cookies, divide your dough in half; use lemon extract to flavor one half, almond extract in the other.

Palestine Replaces Trieste as International Hotpoint

Arab-Jewish Feud Could Renew War

By J. M. ROBERTS JR. Associated Press News Anal.

SOME of the heat generated by the Trieste situation seemed to be coming off the State Department this week, but the drafts had been opened wide on two other burning problems—the size of American armed forces abroad, and Palestine.

The danger at Trieste had become so great that it overshadowed benefits to be obtained by either of the competing parties even if its own desires should prevail in full. They had to cool off. Statements in all quarters suggested there might yet be a division between Italy and Yugoslavia at approximately the present zonal boundaries.

On the point of maintaining American forces abroad, Secretary Dulles moved to get out from under the heat produced by a round-table discussion, among Washington officials and the press, of the possibilities of substituting atomic power for manpower in Europe. It began in military circles, and ran right into American efforts to encourage France to ratify the European Defense Community.

J. M. Roberts, Jr.

Quote

Episcopal Bishop Angus Dun of Washington, D. C.: "There is a serious danger that in an anxious quest for security in a dangerous world, our people shall fail to distinguish between a legitimate security from espionage and subversion and a bogus security from dissent."

Farm

Beleaguered Benson New trouble turned up this week for Secretary of Agriculture Benson, already beleaguered by cattlemen seeking price support for beef on the hoof. The new stumbling block was Republican opposition to Benson's plan for reorganization of the Agriculture Department.

Senate Democrats fought unsuccessfully in the last session of Congress against giving Benson broad powers to reorganize his department. "I'm afraid," said Sen. Carlson, "that this reorganization plan (which would close seven regional Soil Conservation offices) contemplates elimination of the Soil Conservation program on a watershed or regional basis and puts it back on a countrywide basis."

Many congressmen, facing an election next fall, already have taken note of signs of general dissatisfaction among farmers. About 350 cattlemen from 30 states, declaring they faced disaster from falling cattle prices, converged on Washington by bus and car. After a closed meeting with delegates of the caravan, Benson emerged obviously still unconvinced that rigid price supports are the answer to the price squeeze on cattlemen.

The cattlemen's caravan left Washington dejectedly, its leader, Dennis Driscoll declaring: "We'll have to go home and keep fighting harder than ever." Indirect Help Benson said the present program of indirect help may be more practical and feasible than rigid price supports. "I feel the present program is practical and it is working," said Benson. "That does not mean we are not looking for something else that we can do even in addition to what we now are doing."

In Short

Accused: By Russia, Greece of taking warlike measures by granting air and naval bases to U.S. forces.

Bettered: By Portuguese Baulista Pereira, Florence Chadwick's time for swimming the Straits of Gibraltar by two minutes: in five hours flat.

No Repatriation Arab refugees have not been repatriated even to the Palestine areas which were left to them under the partition. They fear, and all Islam fears, that the heavy immigration into Israel can only mean an eventual Jewish expansion program. They point to areas taken by Israel since the settlement. They point to the ashes of thousands of Jews brought from German concentration camps, now kept in a cellar, until, as the Israelis say, "we can finally put them where they belong, over there" in the Temple in Jordan-occupied Jerusalem.

The failure of the U.N. to put through the internationalization of Jerusalem, to implement reimbursement of displaced Arabs for their vast property holdings, to force through a settlement of the refugee problem, all contribute to the instability which has now become so dangerous.

The solution at Trieste depends heavily on assurances to Yugoslavia that Italy will never get any more than now promised her. The Arabs want the same assurances about Israel. Only then will a settlement be at all possible. And if you have followed the course of western promises to the Arabs since World War I, you will not be surprised if more than words are needed.

ALL DRESSED UP FOR '54

"BUT I HAVEN'T A NEW THING TO WEAR!"

Arts & Science

BUGS VS. MAN IS CRUCIAL RACE

INSECT control is a more complex problem today than it seemed eight or nine years ago when DDT was being applied wholesale with most promising results, report experts of the World Health Organization at a symposium in Rome.

Some of the world's greatest experts on how to kill bugs say that the housefly—older than man—may yet outlive him. In some respects, the promise of DDT has held true. Malaria was dramatically reduced but before long reports began to come in to the labs that the new chemical was losing its effect.

The first insect that successfully developed its defenses was the housefly. It was followed by others: Today there are signs that the malaria bearing mosquito also may develop effective resistance. "New poisons were tried," said an announcement of the symposium, "with ultimately the same result. Insects have shown that they can adapt themselves more rapidly to the new situation than the scientists can."

Doctor Shortage

No more doctors are being graduated today than 50 years ago although the nation's population has doubled in that time. This was pointed out by Gov. Thomas E. Dewey at ground-breaking ceremonies for the Albert Einstein College of Medicine at Yeshiva University in the Bronx. The 10 million dollar project, first new medical school to be established in New York in more than half a century, is scheduled to be ready for students in September 1955.

Dewey said the dearth of doctors handicaps virtually every branch of medicine and research. States mental hospitals, in particular, he said, suffer from an acute shortage of psychiatrists. "When our population has reached above 160 million, we are graduating only one new doctor for each 30,000 inhabitants," said Nelson A. Rockefeller, under secretary of Health, Education and Welfare.

"This situation, if permitted to continue, must inevitably affect the public health and welfare. Unless medical facilities expand rapidly enough to keep pace with our growing population, we face a dangerous potential." In Atlantic City, N. J., the Association of American Medical Colleges approved findings of a survey of premedical education in 115 colleges and universities throughout the nation.

RED PINUP GIRL

THIS sketch of Frida Hockauf, 30, a Communist for 31 years, appeared in East Germany's Red-dominated press. This model worker is glamorized for promising to weave 45 more yards than her quarterly production quota of a Ziffan textile factory.

Dr. A. Ernest Ayre of Miami, Fla., said the method is the first other than X-ray which can be used by any general practitioner. He added that X-ray sometimes cannot distinguish between stomach ulcers and cancer.

Southern Ingenuity

Two Lynchburg, Va., doctors have devised a new mechanical "angle worm" to relieve dangerous intestinal obstruction. The angle worm is a hollow piece of curved hard rubber, attached by an ingenious swivel joint to the end of a rubber suction tube which is inserted into the patient's nose and guided down through the gullet and stomach into the duodenum, first part of the intestine.

Dr. John W. Devine Jr., and his doctor-father described it to the Southern Medical Assn., the nation's second largest general medical group in convention at Atlanta. The swivel joint is remotely controlled by a miniature speed-

ometer cable inserted in the tube so that the doctor can swing the angle worm in any direction. The entire tube can be guided, much like a crawling worm, along the devious curves and one outright loop in the intestinal tract. The procedure is observed by an X-ray fluoroscope.

The doctors said key to the new development was the tiny swivel joint which they credited to Peyton Morgan, a 72-year-old retired electrical contractor also of Lynchburg. Handyman Morgan succeeded, they said, after they had been unable to find an instrument maker who would tackle it. Dr. Devine said the device already has been used successfully in a number of cases. An extremely small model has been developed for babies.

The Atlanta meeting also had a report on development of what is claimed to be the first simple method for detecting stomach cancer—involving use of a small rotating brush inserted through the mouth to collect tissue cells from the stomach wall.

Dr. J. Ernest Ayre of Miami, Fla., said the method is the first other than X-ray which can be used by any general practitioner. He added that X-ray sometimes cannot distinguish between stomach ulcers and cancer. Previous stomach cell-collecting techniques, one of which makes use of an inflatable balloon, take up to two hours. The new rotating brush method takes only five minutes.

'New Look' at Bases

The military's "new look" at strategy and budget making, which has taken three members of the high command overseas, may result in greater emphasis on American air strength in Spain, less in seething French Morocco.

The three studying the situation of American bases in Europe are Adm. Arthur Radford, chairman of the Joint Chiefs of Staff, Gen. Nathan Twining, Air Force chief of staff, and Air Secretary Harold Talbott.

Gen. Twining said he was making a first-hand study of the original plan to build two more big U.S. Air Force strategic bomber bases in Morocco where three have now been built. He said the Spanish bases agreement completed recently might conceivably change the North African picture.

Neither Twining nor Talbott would go into details about the possibility of dropping plans for the last two Moroccan bases but there were these factors to be considered: Congressional committees have been highly critical of construction costs and locations for the three bomber bases already completed in Morocco. The French have imposed a ceiling on the number of American personnel allowed to man bases in their North African colony.

Spain is several hundred miles closer to Morocco to targets for American medium and long range bombers in the event of a war with Russia. Spain also would provide fighter bases closer to land defensive positions of the western European front.

On a cost basis, abandonment of the rest of the Moroccan project could save substantial funds. The cost of overseas airfields varies widely, but in some instances have run above 100 million dollars.

Third Atomic Test

Britain set off its third major atomic blast at the desert Woomera rocket range in central Australia. In London, British Supply Minister Duncan Sandys said the test, reported to have involved a new detonator, completed the present series of experiments. Sandys said a number of minor A-blasts had been set off in recent weeks.

Britain's second major atomic test occurred Oct. 14 at the Woomera proving grounds, little more than a year after the first successful British experiments at the Monte Bello Islands off Australia.

Doctors at the University of California School of Medicine have succeeded in dissolving clots in the heart arteries of dogs. The solvent is the digestive enzyme trypsin. If the method works as well in humans as in dogs, it may be possible to stave off the effect of a kind of heart disease called "acute myocardial infarction."

Dr. C. M. Agrest and his associates earlier succeeded in developing a method of producing fibrin clots in heart arteries of dogs. The heart condition produced was almost identical with that observed in human heart disease.

GOP Policies Face An Election Test

By ROBERT E. GEIGER Associated Press News Analyst

SCATTERING off-year elections in the next 10 days will give the nation a new measure of what voters think about the Republican administration in Washington. The Republican upset in a Wisconsin congressional district in mid-October has whetted interest in the results of the forthcoming election of congressmen in New Jersey and California; in the New York race for mayor and in a scattering of other voting contests. Two states, New Jersey and Virginia, elect governors.

Republican oratorical big wheels, as well as Democrats, were called from Washington to help some candidates. One, Sen. Dirksen (R-Ill.), said election of Democrats might start a chain reaction electing a Democratic Congress next fall. The Wisconsin election tossed straws in the wind that many Republicans and Democrats viewed as clear cut. There a Democrat was elected to Congress for the first time from rural Wisconsin. Lester F. Johnson, 52, a small town district attorney and former Progressive, won over State Sen. Arthur L. Padrutt, 36, a Republican who also is a former Progressive.

Padrutt said results clearly indicate farmers and laboring men don't like the Republican policies. But some Republicans said the Wisconsin district always has leaned toward New Deal policies, as did the late Rep. Merlin Hull, a Republican, whose seat Johnson won. There is a three-way tussle for mayor in New York and a scandal over labor extortionist Joseph S. Fay may cast a shadow across several political careers.

Fay Scandal The scandal broke after it was disclosed that acting Lt. Gov. Arthur H. Wicks, a Republican, visited Fay at Sing Sing Prison. The Democratic candidate, Robert F. Wagner Jr., said a close associate of Gov. Thomas E. Dewey had asked a parole for Fay. Dewey called for Wicks' resignation, which Wicks refused. Dewey denied Wagner's charges.

Opposing Wagner in Tuesday's election are Republican Harold Riegelman, 61, former acting postmaster, and Rudolph Halley, 40, Liberal Party candidate. Halley is City Council president and former chief counsel for the Kefauver crime committee in its televised probing of the underworld.

The Fay scandal may have its influence in the election of a governor in New Jersey. A congressman also will be elected there Tuesday. Several Republican speakers have called both contests an important test of Eisenhower administration policies. However, New Jersey hasn't elected a Democratic governor since 1940, and the congressional district in Tuesday's contest has been Republican 20 years.

Sen. Dirksen (R-Ill.) came from Washington to speak for the Republican candidate for governor, Paul L. Troast. Troast, chairman of the New Jersey Turnpike Authority, is running against Robert B. Meyner, a Democrat and rural county lawyer.

Fay's shadow fell across the campaign when it was disclosed Troast wrote Governor Dewey about a parole for Fay. Dewey called for Wicks' resignation, which Wicks refused. Dewey denied Wagner's charges.

In Tuesday's election in Virginia former Rep. Thomas B. Stanley, Democrat, is opposing Ted Dalton, Republican national committeeman. Virginia normally is Democratic, along with other southern states, but went for Eisenhower last year.

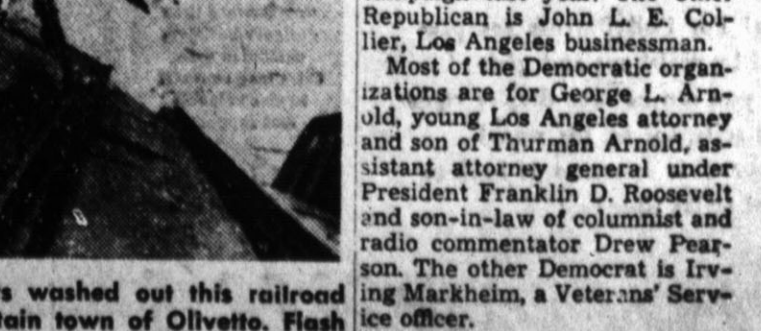

California Test Eisenhower administration policies appear headed for a test before voters in the special Los Angeles congressional election Nov. 10.

Two Republicans are opposing two Democrats. Nearly all the state Republican organizations are pulling for Glenard P. Lipscomb, secretary for Vice President Richard Nixon's national campaign last year. The other Republican is John L. E. Collier, Los Angeles businessman. Most of the Democratic organizations are for George L. Arnold, young Los Angeles attorney and son of Thurman Arnold, assistant attorney general under President Franklin D. Roosevelt and son-in-law of columnist and radio commentator Drew Pearson. The other Democrat is Irving Markheim, a Veterans Service officer.

Italy Flood Raging currents washed out this railroad bridge in southern Italy's mountain town of Olivetto. Flash floods took heavy toll of life and property.

Star Conference Maj. Gen. William F. Dean, second from left, repatriated after three years in a Korean prison camp, links arms with Gen. Douglas MacArthur in New York. A) left is Mrs. MacArthur and at right is Mrs. Dean.

Atomic Cannon U.S. Army's atomic cannon makes bow in Germany where six A-guns with 900-man crew arrived earlier this month.

Motorists Should Begin Getting Autos Checked

Automobile safety inspection stations in this area are going to be jammed unless motorists begin having their vehicles inspected within the next few weeks. This warning was issued this week in Austin by G. C. Morris, executive director of the Highway Safety Council. He said a cross-section survey of inspection stations, including those in this area, indicated only four cars of every hundred had been inspected.

Inspection Period
The inspection period, under the new law, began Sept. 15 and will end April 15. There are more than 3,000,000 vehicles to be inspected, and during the first 30 days of the seven-month period only a fraction of that number, roughly 125,000, were checked, Morris said. The proportion of cars inspected in this area is about the same as statewide, he said.

There is almost certain to be a last-minute rush unless there is a speed-up in inspections," he said, urging motorists in this section to avoid the rush by having their cars examined now.

Other Considerations
Morris said there was also the safety precaution to be considered. "Most cars have not been inspected in more than a year and may have developed some mechanical defect," he said.

"You may be gambling with your life if you are operating a mechanically unsound vehicle. Accidents figures show that one traffic death in every ten in Texas is caused by faulty mechanism." The new law, Morris said, calls for the inspection of brakes, lighting equipment, horns, rear view mirror and windshield wipers.

Better Check Steering
He urged motorists, however, to request that steering parts be inspected included in this inspection.

Safety experts agree that automobiles should be inspected at least once a year as insurance against mechanical defects. Morris said that if motorists wait until near the spring deadline to have their cars examined, it will mean that many cars will not have been inspected for 18 months, three times longer than practical.

Fishing Plug Should Be Kept For Fish

EMINENCE, Mo. (AP)—A local farmer was nonplussed when he noted one of his whiteface steers was losing weight. He investigated.

Seems the steer got mixed up with some fisherman's lost fishing plug in this prime small-mouth bass area. Hooks on the plug had firmly caught in the steer's jaw and tongue. Too painful for any eating or cud-chewing.

Freed from the plug, the steer was able to end his involuntary fast.

About one third of the world's total coffee consumption is used by the people of the U. S.

Herbert Hoover and Dwight Eisenhower are the only presidents born West of the Mississippi.

Methodists Backing President's Plea

President Eisenhower's plea that Americans contribute, through voluntary agencies, warm clothing and footwear for the people of East Germany, has been seconded by the Methodist Committee for Overseas Relief, official agency of the Methodist Church.

Bishop Frederick B. Newell, of New York, is chairman of the Commission; and Dr. Gaither P. Warfield is director. "The Methodist Committee for Overseas Relief is currently sending relief shipments to Germany," says Dr. Warfield. "A considerable amount of this material — clothing, food, medicines — reaches the needy in the East Germany sector. It will be understood, of course, that we cannot guarantee that any given package or shipment will reach that area, or that any particular person can be assisted. . . There still continues a great need for clothing in all areas of Germany, elsewhere in Europe, in Korea, and in the Near East.

"We hope that all Methodists will search their closets and send to Church World Service for use wherever there is need such clothing as they can spare." Church World Service centers to which MCOOR asks church people to send warm clothing are located at: New Windsor, Md.; Nappanee, Indiana; 110 East 29th Street, New York 16, N. Y.; 10901 Russett Street, Oakland, California; 3146 Lucas Ave., St. Louis, Mo.

Some People Can't Afford Superstition

WALHALLA, S. C. (AP)—Mrs. Rod Turnbull, born on a Dec. 13, has no fear of 13's.

She was born on the 13th year of her parents' marriage and was the 13th grandchild in her generation. There are 13 letters in her maiden name and her 13th birthday came on a Friday the 13th.

She never plans things for her lucky day, the 13th, so avoided being married on that date. But she sailed from the United States to join her husband in Japan's occupation forces on a 13th, and she and her husband sailed back home on a 13th.

Baghdad's Public Brothel Gives Way For A Park

BAGHDAD (AP)—The mayor of Baghdad, Sayid Fakri al-Tabakchali, has obtained permission from Premier Mohammed Fadhil al-Jamali to tear down Bagn Baghdad's public brothel and build a park.

This will be part of a beautification program being pushed by the mayor who wants to build new avenues, parks and parking lots for the city of the "thousand Arabian nights."

The brothel will be moved outside the city.

Prehistoric people of North America who built fortifications and burial mounds in the valleys of the Mississippi and Ohio Rivers were called Mound Builders.

Let's Cook Something

Entertaining with a Sunday night supper for close friends is a very nice way to top off the week. The unhurried, friendly atmosphere offers relaxation and congenial visitation for guests who have had a busy week or who have a hard week ahead.

Most people appreciate a simple menu and simple appointments, giving the hostess a chance to use her pretty bright pottery and gay table cloths.

Special Dish
When Mrs. Bruce Miller has friends in for a meal she usually concentrates on a special dish—or perhaps a casserole made special. Her favorite menu includes Chicken Tetrazzini which is equally fine for luncheon or buffet supper. This may be prepared, to a large extent, the day before with only the assembling part at the last minute. In addition to this main dish, Mrs. Miller generally uses a salad, some relishes, a dessert and hot coffee. She obtained the recipe from a friend when she lived in New York City and it has been a favorite ever since.

Chicken Tetrazzini
Pressure cook a whole fowl at 15 pounds pressure for 35 minutes in 1 quart of water with 2 celery stalks, sliced onion and 1½ teaspoons salt. Cool fowl and remove bones and skin from meat and cut in big cubes. Strain the broth and put it and the meat in the refrigerator. The next day skim 3 tablespoons of fat from the broth into a double boiler and mix in 3 tablespoons of flour, add 1½ cups of broth and cook slowly until thickened. Slowly stir in 2 egg yolks mixed with ¼ cup of cream.

Cook slowly, stirring until thickened. Add ½ pound of sliced mushrooms, which have previously been sautéed in chicken fat for 4 minutes, and cubed chicken. (One 5 pound fowl makes about a quart of meat). Reheat all this together.

Cook 12 ounces thin spaghetti until tender, about 7 minutes, in rest of broth, or in broth and water, and drain well. Place spaghetti around a deep pie pan and fill with chicken mixture.

Sprinkle with 3 tablespoons Parmesan cheese; dot with 1 tablespoon butter and brown quickly under a broiler. Makes six generous servings. A green salad and French bread make delicious accompaniments for this informal meal.

Theodore Roosevelt said, "In the White House you do not live; you are just Exhibit."

More lives were lost in the Civil War than any other war in which the U. S. has been engaged.

Nation Has Need Of More Like Her

MC PHERSON, Kan. (AP)—A woman walked into the office of County Treasurer V. E. Swain and placed a \$5 bill on the counter. "The assessors missed me," she explained, "and the \$5 is my share of the county taxes." The conscientious taxpayer refused to give her name. To keep his records straight,

Penthouse For Dog Even Has Private Diving Board

CHARLESTON, Mo. (AP)—Frank Hequenborg's dog Gick has a penthouse home atop his master's house. He reaches it by ladder.

And Gick can walk the plank anytime, too. It leads from the Hequenborg roof out over a backyard lake. Gick enjoys the 30-foot dive.

But he's a canine prima donna. He won't dive unless there's someone around to applaud.

During the Civil War the proportion of Northern Soldiers to Southern Soldiers was 4½ northerners to 1 Southerner.

Mozart's wife kept him awake with amusing stories, while he composed an overture to an opera to be performed the following day.

Swain made out a \$5 assessment on "Mrs. John Doe" and put the money in the county's general fund.

New Technique Used To Locate Troubles In Spinal Column

LOS ANGELES (AP)—A new technique for locating injured or diseased areas in the spinal column is reported by the West Los Angeles Veteran's Administration Center and doctors of the University of California at Los Angeles.

A substance from blood, human serum albumin, is tagged with radioactive iodine and injected into the spine. A scintillation counter traces this radioactive substance through the spinal column, activating an electric stylus which makes a sketch.

The technique has been used to locate slipped discs and spinal cancers at the Veteran's Hospital. It was developed chiefly by Drs. Franz Bauer and Dr. Eric T. Yuhl.

Martin Van Buren was the first President to be born a citizen of the United States.

Withholding Taxes Vs. Take-Home Pay

Remember a few years back when the East Texas housewives openly defied the United States government by refusing to collect Withholding Taxes?

What finally happened to the housewives, we do not know. However, we do recall that their protest was based upon the grounds that they were being forced into becoming tax collectors for the government . . . without remuneration, consideration or even appreciation. The real story on this deal, in our opinion, concerns not the small group which refused to collect the tax but, instead, with the hundreds of thousands who went into the collection business without protest.

The collection of Withholding Taxes at the source is, without question, practical and profitable for the federal government. The overworked small business man, on the other hand, is burdened with additional bookkeeping and costs of supplies. The big business corporations are forced to employ additional help at considerable expense. Expensive and troublesome as the system may be, however, it does not begin to compare with the mental reaction of employees regarding their employer.

It is entirely natural that the employee consider his remuneration on one source only: his take-home pay. If his salary is \$60 per week, classified with two dependents, the employee pays \$7.10 in withholding taxes, plus 90 cents Social Security. This leaves a net, or take home pay, amounting to \$52.00. Certainly, it is not unnatural that the employee figures that he is working for \$52.00 a week.

Instead of realizing that his government is actually taking \$8.00 of his pay check to maintain the Army, Navy, foreign subsidies, national subsidies, and frequently expensive administration costs, the employee too often frowns upon the business man for being miserly. Even school teachers and federal civil service employees are prone to view their salaries in the light of take-home pay. Meanwhile, the business man and the corporation, in addition to keeping books and collecting for the government, are called upon to also pay exorbitant income and corporation taxes. Recent raises in utilities rates (natural gas, electricity and telephone in Hereford) have been based 100 percent on grounds that excessive taxes are keeping the companies from paying dividends to stockholders, thus curbing the sale of stock and expansion of services.

Times are unique. Governmental trends and spending are enormous. Perhaps collection of the Withholding Tax at the source is the only possible and practical method—despite the fact the employee, who has no means of depreciation or charge-offs, seems sometimes to get a raw deal. If you grant these things, it still leaves the employer in the position of doing the government's "dirty work" without compensation, appreciation or reasonable consideration. He is repaid for time and money spent in the process by being blamed and censured by his employees, sometimes threatened by his government. He may even watch his employees support and vote for a "spending administration" because it means "good times"—while he takes the rap for being a miser and a penny-pincher. Certainly, the

government has a wonderful deal. They get the money, business gets the blame.

Employers, it seems to us, should carefully point out this situation to the employees from time to time. They should follow the lead of larger corporations with written or printed slips showing exact deductions. In addition to presenting the employer in a different light, such information actually presents facts as they really exist. Not until the employees of America realize what is actually happening can we expect any change in governmental policies or spending.

Yuletide Trimmings

It's only 55 more days until Christmas. This, among other things, means that Hereford had better start thinking seriously about such items as street lighting, yuletide decorations and community programs.

In recent years this phase has been capably and attractively executed by members of the Hereford Jaycees. The boys have donated their time and ability, supported by contributions from merchants, to gain Hereford a reputation as one of the best decorated towns in Texas. This year they will probably continue the excellent program, but it will be a tougher job. Other towns are also getting "Christmas-minded." The competition will be tougher than at any time since World War II. Some new and different angles are needed.

The Jaycees have the originality, the ability and the manpower to meet the challenge. They will need co-operation and assistance from every firm and every individual. In addition to these things, they will also deserve our appreciation and thanks when they come around seeking assistance. They are doing a swell job. Let's each help every way possible.

Open Range Roads

(Note: In view of extensive complaints regarding the number of cattle appearing on Harrison Highway at the present time, especially at night, it can be attributed to "good luck" that no serious accident has resulted in the area. This is also perhaps true of other county roads, although Highways 60 and 51 seem reasonably free of "open range" practices. The following editorial, clipped from the Liberty Vindicator, Liberty, Texas, discloses to what extent the practice can lead.)

Not many weeks ago, early in the night, Publisher Don Norton of the weekly Conroe Courier was crushed to death when his car lunged into a cow on the highway between Cleveland and Conroe.

Mr. Norton's traveling companion, one of his employees, was critically injured.

Many Liberty County voters will be thinking of this tragic cow-on-the-highway accident when they go to the polls Saturday. The Vindicator editor will be among them. His votes will be "FOR" the stock laws.

Many other citizens will be recalling friends and relatives who have been injured in animal-car crashes in recent months. Their votes will be "FOR" the stock laws.

Some vote-casters will mull over the tens of thousands of dollars in automobile and other property damage that have resulted when horses, cows, mules, sheep, goats, jacks, jennets and donkeys tried to cross highways that were not designed for animal travel. More "FOR" ballots.

Hundreds will be gnashing their teeth over the untold crop destruction wrought on their land by the other fellow's hogs.

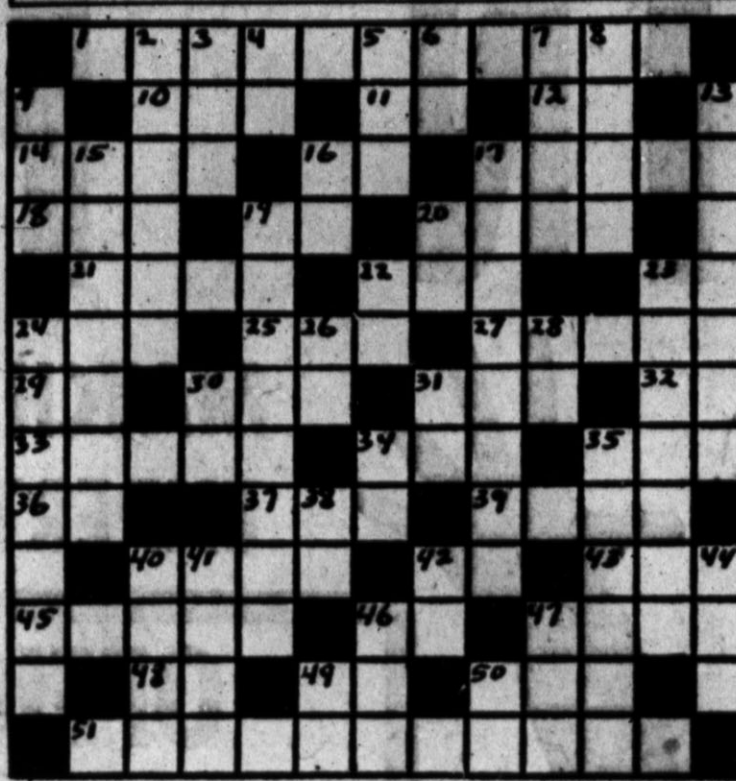

These, plus the housewives who have tried in vain to raise gardens, shrubs and flowers, will join the "FOR" voting brigade Saturday.

Dozens of Hardin, Moss Bluff, Clark, Romayor and Rye residents will be carrying mental pictures of the numerous wrecks caused on Highway 146 within the past month by livestock whose owners evidently value their own animals more than the lives and limbs of innocent travelers.

With all this battalion of voters casting "FOR" ballots Saturday, only a miracle can prevent Liberty County, at long last, from wiping out forever the many evils that result from the open range in 1953. And the affirmative vote should be decisive.

Your "FOR" votes will be the most important ones in Liberty County Saturday—if you cast them.

Local Grownups Recall Halloween Nights When They Were Younger

What Halloween stunt do you best remember having participated in when you were a youngster?

MRS. CHARLES H. REID

"A group of we boys and girls turned over a barn two or three times one Halloween night. It was just an annual thing to do in our city on Halloween night because the man who owned the barn put up fences and every other means to keep youngsters out. I guess we just did it for spite."

J. E. COCKRELL

"I never did go out in all my life on Halloween night and perform stunts."

MRS. J. B. DAVIS

"Oh, we'd dress up in fancy costumes and go out and aggravate people. We would also play "tricks or treats." I remember one time when a group of us turned over an outhouse."

ROGER CORBETT

"Well, one time a bunch of us got together and blocked off three blocks of Main street and herded every milk cow in the county into those three blocks and fed them. I don't think any milk cows were left out of that prank."

RAYMOND BROWN

"I never have gone out and played tricks or treats or pulled any kind of Halloween stunt."

MRS. ROY LINDSEY

"When I was a youngster we lived in California and all we would do was play "tricks or treats" or turn something up side down such as garbage cans."

MRS. JOHN ALBRACHT

"Well, when I was a child just the boys went out and had a good time and played pranks. The girls didn't go out for such things."

'Tater Peelin's

By Roberta Campbell

Well, Monday night will be time for the next meeting of the P-TA at the High School Auditorium at 7:30.

Guest speaker will be Mrs. James P. Cornette of Canyon who is our district president.

The High School Girls Trio composed of Nancy Patterson, Lotus Root and Wanda Kirksy will sing and membership cards will be ready for the 520 members who have registered to date.

-lp-

Shucks! We had more fun than a box of monkeys watching the craft leaders from some of the H. D. Clubs making up all kinds of buttons and costume jewelry from just about everything you can imagine. There were corn shuck buttons, Johnson Grass buttons, bear grass buttons, steel tape (hope the Hereford Gin doesn't run out of ties for their cotton bales) and cord bracelets and even devil claws and bull nettles were among the supplies.

Better watch 'em boys they may have some of them made up into a salad next.

-lp-

For one time in our existence at least we believe people have had enough rain as we didn't hear a squak out of a soul when the sun finally made its appearance.

Some folks may fuss about mud but we always feel like it's a real privilege to get to sweep the kind supplied by nature out of the house.

By Vern Sanford
Texas Press Association

AUSTIN — Thirty of the conservative Democratic leaders held a private meeting here and laid plans to retain control of the party in Texas through the precinct, county, and state conventions next year.

Among those present were Wallace Savage of Dallas, state democratic committee chairman; Geo. Sandlin of Austin, secretary; and Claud Gilmer of Rocksprings, chairman of the Texas Democrats for Eisenhower campaign in 1952.

This session came three months after organizers had begun their work, looking to next year's struggle with the liberal Democrats.

Governor Shivers was present, but according to reports coming out of the meeting, he gave no indication as to whether he would be a political candidate, and if so, in which race.

New Focal Point

Texas Young Democrats have become a new focal point in the old political feud.

Dormant since 1947, the organization is being built up again, says Boyd Taylor, a University of Texas student.

Taylor reports that according to the rules, state organizations must get a new permit every two years from the National Young Demos and pay a \$100 fee.

This requirement has been carried out by his group, Taylor says. As evidence, he shows a telegram from John F. McCarthy of Bridgeport, Conn., treasurer of the national organization.

Taylor's associates are the Adlai Stevenson type of Democrats, as opposed to the Shivers type.

Several young Texans met with Stephen Mitchell, chairman of the National Democratic Executive Committee, when he was here last July, says Taylor, at that time Mitchell suggested that the young Texans get a charter.

Other Side

Now let's get to the other side of the argument.

George Sandlin of Austin, secretary of the Texas Democratic Executive committee, says he never officially heard of Boyd Taylor.

According to Sandlin, Taylor's group failed to follow the prescribed procedure, which is to be certified by the state Democratic chairman, the national committee man and committeewoman.

"None of these had certified Taylor's group," Sandlin said.

As far as the State Democratic Executive committee is concerned, the present head of the Texas Young Demos is Max Triplett of Hillsboro, who occupied that position in 1947, and for whom no successor has officially been chosen.

Two Conventions

So—here we go again, the so-called liberal democrats versus the so-called conservative Democrats.

Boyd Taylor and his Young Demos, on the liberal side, plan a state convention in San Antonio Friday and Saturday (October 30-31).

Among the speakers will be Ralph Yarborough of Austin, who lost to Shivers in the race for governor last year; and Byron Shelton of Temple, who has opposed Shivers' party leadership.

Republican Plans

Texas Republicans, meanwhile, were carrying forward their own election plans for 1954.

But Senator Price Daniel, in a speech at San Antonio, said he does not think they have much chance.

"Texas is a Democratic state," the senator said. "I don't think the Republicans are going to win any (statewide) offices next year."

Eisenhower's victory in Texas in Daniel's view.

No Special Session

There will be no special session of the Legislature on drought relief at this time, the governor has announced.

In an official memorandum, Attorney General John Ben Shepperd ruled that the governor can use his \$200,000 deficiency appropriation to finance a state-federal hay program.

Agriculture Commissioner John C. White, in Shepperd's opinion, is empowered to administer the program for Texas.

The governor's deficiency appropriation is the Legislature's authority to the chief executive to spend money for any necessary purpose that may be unforeseen while routine appropriations of state moneys are being made.

Fifh \$200,000 the governor estimates, the drought relief program can be carried along for a couple of months. After that time, the situation can be re-studied.

(Continued on Page 5)

Panhandle Paragraphs

OIL WELL IN PARK

The city park was named the location for the city's second Texas Company oil well site, which is expected to get underway within a month. According to Mayor Less Hewitt, the easement for the well, which will be located in the lake of the park, was recorded by the city commission Monday.

Two new 50,000 square foot warehouses are being constructed by the compressing firm as the result of the insurance companies decision to condemn a two hundred foot area adjoining the well site. COUNTY WIDE NEWS, LITTLEFIELD.

CONCERN OVER FROGS

O. D. Riley is apparently one farmer in drought-stricken Missouri who is more concerned about his frogs than his crops.

Riley, who has a farm near Clark, says "If it rains, I'm afraid my frogs will get their feet wet and catch cold. They aren't used to water and if they catch cold and get hoarse, I might not be able to hear their croaking at night."

"You know," he added, "I won't be able to go to sleep without those frogs croaking." STEPHENVILLE DAILY EMPIRE.

BIG CHRISTMAS TREE PLANNED

One of the highlights of the Christmas decoration scheme here will be the giant Christmas tree set on the court house lawn, and every person in the area will have a chance to help with its decorations.

Lids cut from tin cans have been used by many cities to make glittering decorations.

To collect tin can lids, a large barrel will be placed on the south side of the court house lawn and all persons are to save lids cut from their cans and deposit them in the barrel. WELLINGTON LEADER.

DATE SET FOR DIAL

Announcement of the definite date when the modern dial telephone system will begin operating in Wheeler was made this week by H. C. Craig, district manager. That date was set as October 29.

"For a split second," Craig said, "All telephones in Wheeler will be silent as the switchboard man disconnect the old switchboard and put the new system into operation." THE WHEELER TIMES.

CEMETERY CLEAN

A general clean-up of the grounds at Shamrock Cemetery has been set for October 26 and 27. E. K. Caperon, chairman of the beautification committee said "If we can get enough volunteers these two days we can clean the grounds and be ready to start on plans for beautifying the whole cemetery.

"Families owning lots are asked to clean them and if at all possible to help on the lots which the public has to look after. We can make our cemetery a beautiful place if everyone will co-operate," he said. THE SHAMROCK TEXAN.

The BOOTLEG Philosopher

Editor's note: The Bootleg Philosopher on his Johnson grass farm has completely misinterpreted the latest defense ideas, his letter this week reveals.

Dear editor:

I've noticed in nearly every newspaper that turns up out here lately there's a lot of discussion once more over the atom bomb and how many cities in the United States are vulnerable to attack.

As I understand it, the experts have figured out there are 87 American cities important enough to bomb in case an enemy decides on a sneak attack, which only goes to show the goal of most towns to get bigger and bigger is not necessarily the safest goal you can have. When the bigger a city gets, the more it becomes a prospective target, there's some argument to my contention that backwardness has its place these days too.

But what has interested me about the discussion over the 87 cities is that the experts are arguing they've got to be dispersed, they've got to scatter their vital industries out in the country, to cut down on their chances of getting hit all at the same time.

I think this is a good idea and I'm proud to report that while my farm ain't exactly what you might call a primary target, I'm not taking any chances, instead of bringing my planter back to the shed after I got through planting last spring, I left it at the turnrow. I got my bedders over in another field, I got my trailer pretty well dispersed, one wheel fell off the last time I used it and I dragged it in on the axle. Some people have gotten in the habit of assumin my operations are based on laziness, but what it amounts to is far-sightedness. I'm in the forefront, it's purely a defensive measure. Not only are the implements scattered all over the farm, they're pretty well camouflaged, covered up in weeds and rusted to keep the sun from glintin on 'em. In fact, I've even got my fences in such shape I can disperse my cattle on a moment's notice without usin a gate. Just cut one or two pieces of bailin wire and the way is clear.

I tell you, cities could learn a lesson from my farmin operations. What most people have considered the height of laziness and backwardness has turned out to be in the forefront of modern thought.

Yours faithfully,
J. A.

Dawn News

By Bertha Frye

Heavy rains fell here last week making the total for the period of October 13 to October 25, 5.7 inches according to the government rain gauge on the Carl Wimberley farm. One to two inches more were reported by others in the community. Rainfall for the year now totals 14.64 inches in comparison with 13.04 inches a year ago. Roads are in fair condition except a few places where they washed. All of the lakes are full.

A large number of people from this community attended the Farm Bureau convention in Hereford Saturday.

Injured in Wreck

F. C. Lowe of Borger, father of Mrs. Bruce Brown, who was in a car wreck recently, is now in an Amarillo hospital and is reported as doing fine. His jaw, collar bone, and one leg were broken.

Leslie Neal of Amarillo, father of Gayle Neal, is reported to be doing much better. He suffered a severe heart attack recently.

Extended Visit

Mrs. W. D. McAnally of Chilota is making an extended visit in the home of her son, Mr. and Mrs. R. L. McAnally.

Dinner guests in the home of Mr. and Mrs. C. C. Stewart Thursday were her uncle, Claude Good and daughter Claudine, Mr. and Mrs. Gus Hawthorne of Birmingham, Ala., and Mrs. L. M. Harris of Amarillo.

Mr. and Mrs. Gayle Neal and children, Nan and Billy visited her mother, Mrs. J. W. Murphy at Wrentham over the weekend.

Mr. and Mrs. Walter Galley, Mr. and Mrs. Carl Wimberley, and Misses Irene Galley and Wanda Sue Wimberley went to Amarillo Friday afternoon. The women attended the cooking school and the men went to the showing of the new plastic car.

Attended Baptist Convention. Rev. and Mrs. Paul McClung attended the Baptist State Convention in San Antonio last week. Enroute home they visited in Abilene with Miss Rosemary Cronin, J. T. Cronin, Jamie Tydenburg, and

Johnny McBroom, who are students at Hardin-Simmons University.

Visiting the Boyd Stewarts at Pampa Friday night were Mr. and Mrs. Zed Stewart, Dwaine Stewart of Artesia, N. M., and Mr. and Mrs. C. C. Stewart and family.

Mr. and Mrs. Marvin Russel of Durant, Okla., arrived Saturday for a visit with the Zed Stewarts. Sunday they all went to Carlsbad, N. M., where they went through the Caverns and then took Dwaine to Artesia before returning home.

Mrs. Hank Batterfield and baby of Alamogordo, N. M., returned home Saturday after a week's visit in the home of Mr. and Mrs. Lloyd Bentley.

N. R. Miller and Bobby Miller were visitors in Muleshoe Saturday.

Musettes Member Recognized

Katherine McClain, a member of the Dawn Musettes, received recognition in the October issue of the Texas Music News for her participation in the March Music Festival. Her name was listed with those who made superior ratings.

Gus Olsen of Borger and Marvin Olsen of Groom were dinner guests in the home of Mr. and Mrs. H. H. Miller.

Miss Sallie Wornble, who is teaching at Spearman, spent the weekend with her parents, Mr. and Mrs. Baker Wornble.

Mr. and Mrs. Alfred May, Mr. and Mrs. Melvin May and son, Douglas, were guests in the home of Mr. and Mrs. Ernest May in Hereford Sunday.

Mr. and Mrs. L. A. Smith visited Mr. and Mrs. Jim Parks in the Progressive community Sunday.

Gone For Check-up

Mr. A. L. Lambert left Sunday for Dallas for a medical check-up. Mrs. William Wimberley was in Amarillo Sunday to attend a family dinner in honor of her brother, Dr. Fred Oberst of Baltimore, Md.

Those attending were Mr. and Mrs. E. A. Oberst, Mr. and Mrs. Elmer Oberst and family of Canyon, and Mr. and Mrs. Harry Axte and daughters of Springlake.

Philippinos Left. About two-thirds of the Philippino population left for California this week since the weather was too bad to cut lettuce.

The Dawn Study Club met Wednesday afternoon in the home of Mrs. A. T. Frye with Mrs. David Rodgers of Lubbock as guest speaker.

The next meeting of the club will be in the home of Mrs. Zed Stewart on Wednesday afternoon. A film on stewardship will be shown at the Dawn Baptist church at 7:30 o'clock tonight. Training Union has been changed to 6:30 o'clock, with worship service at 7:30 o'clock.

SCHOOLROOM MENACE. PITTSBURGH (AP)—"Schoolroom brown" is a menace to children's eyes, says Dr. James F. Wahl, president of the American Optometric Association. "Drab brown floors, furniture and wall paint usually go with inadequate lighting, and together they breed many of the vision problems of American youth." He reports inadequate eye-sight is twice as common in the eighth grade as in the first.

Highlights..

(Continued from Page 4)

Production Reduced
Texas oil production was reduced again, for the third straight month, by the Railroad Commission.

November's quota is 2,803,528 barrels daily, 360,374 barrels less than the figure for July, when the downward trend began.

From the Texas Independent Producers and Royalty Owners Association came cries of protest at the drop in production.

Association spokesman protested that the reduction in Texas oil production comes about by virtue of the importation of foreign oil.

"We have merely forfeited more of our domestic market to foreign oil," said M. D. Bryant of San Angelo, president of the association.

Imports of foreign oil amounted to 869,912 barrels daily in September, according to reports received by the Railroad Commission.

AGE HURTS MINDS

HARTFORD, Conn. (AP)—The longer you live, says Psychiatrist John Donnelly, the greater becomes the danger of mental illness. Dr. Donnelly, clinical director at the Institute of Living, says the rate for persons who are 50 years old is four out of 100. It jumps to six and a half persons out of a 100 at age 65.

NEW SULFA DRUG

NEW YORK (AP)—A newer sulfa drug, sulfisoxazole or gantrisin, looks best for routine hospital use against a variety of infections, says Dr. Ellard M. Yow of Baylor University College of Medicine. Describing its use on 1,000 patients over a three-year period, he says it is as effective as sulfadiazine, and patients do not need to drink large amounts of fluids or alkalis to avoid reactions caused by earlier sulfa drugs. Laboratory tests are not needed to check for adverse effects on the blood, as happens with some earlier sulfa drugs, he writes in American Practitioner.

Basque fishermen are believed to have fished off Nova Scotia and as much as 100 years before Columbus "discovered" America, says the National Geographic Society.

Too Many Companies

There are too many insurance companies in Texas.

So says Garland A. Smith, newly-appointed chairman of the State Board of Insurance Companies. Smith added that he intends to draft legislation that will cut down the number of new insurance companies which have insufficient securities to protect holders of their policies.

There are now 1,822 insurance companies operating in Texas, Smith said. Of the total, 500 are Texas companies and the others are national companies with branches in Texas.

"That's far too many," Smith asserted.

He cited that three companies have liquidated in the last year, and one company could not meet \$800,000 in liabilities.

Enforcement Tightening

Tightened enforcement of the liquor laws will be possible by the addition of 10 new inspectors for the Texas Liquor Control Board.

Coke R. Stevenson Jr., the board's administrator, announced that a training school will begin

November 2 for selected candidates who seek the jobs.

After an intensive course of study, they will take an examination, and those who pass, it will start work as inspectors.

Because most of these men will be assigned to the undercover squad, the trainees' names are not given.

It is the responsibility of undercover men to gather evidence regarding violators of the Texas Liquor Control Act.

Annexation Problems

For years, the Legislature has worried over laws regulating the annexation of territory by cities.

Still troublesome, the question will get a going-over by a Texas Legislative Council committee composed of Senators Gus J. Strauss of Hallettsville, Nevelle H. Colson of Navasota, and J. P. S. Fuller of Port Arthur; and Representatives Marshall O. Bell of San Antonio, Charles Murphy of Houston, Scott P. Sayers of Fort Worth, and Tom Ing of Dallas.

How to provide for the orderly expansion of cities while protecting the property rights of citizens is

the problem.

Lieutenant Governor Ben Ramsey is chairman of the council. He also appointed committees on game and fish laws, juvenile code, and revising Texas' court system.

Draft Call
This week, calls for 1,284 men

were being placed in the mail by Texas draft boards.

To be inducted in December, the draftees will join 1,210 to go into the service in November and 1,208 summoned for October induction.

Knowledge Needed
Texans ought to "learn more

about the aims and organization of the United Nations so that they may lend more support to its underlying ideas and spirit."

Those words are from Governor Shivers' proclamation designating last Saturday United Nations' Day.

Streu's Diary

October 30, 1953

DEAR DIARY:

I'm in trouble—bought too many of the 21T322 RCA-TV sets—got all my money tied up in that model and need several other models on the floor—suggest someone come in and make me a reasonable offer on one of these fine TV sets—you just might get a bargain—Please!! Helped deliver and install a new RCA Victor TV yesterday afternoon—put it in beside another make (let's call it Brand X). The difference amazed me—I had hoped to outperform the X set—but actually there was no comparison—I am even more firmly convinced that RCA Victor is the finest TV set made!!

It is high time to consider Christmas shopping—especially if you contemplate the purchase of some large item—you can use Streu's Lay-Away and be paying your gift out before Xmas—and then, too, you get the choice items from stocks that are sure to become somewhat picked over before the final rush.

A man called up the other day asking if we had beet topping knives—or if we could get some—we had 'em. We usually have 'em—most anything you might want—some eleven thousand items—that's lots of items and we are sometimes out of some of them—but there is no one store on the high plains where you can find as many items as you will find at Streu's. And I ain't braggin'.

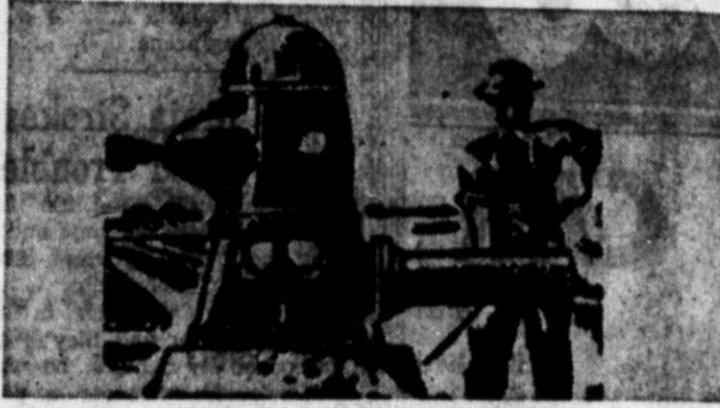

For a radio program that is a bit different, listen to Streu give forth with music and chatter at

9:15 Tues., Thurs., and Sat. a.m.'s on KPAN. You may not like it, but it is different. Several people have voiced no little amusement at my earnest endeavor to read verse—I suppose it is a bit comical! Rather.

Just received a big shipment of famous Case cutlery—knives, steak sets, scissors, etc. Also a new home and auto fire extinguisher—uses Pyrene liquid, is refillable, and is activated by merely pushing a button—most fires start in a small way—and most could be put out with one of these fine Pyrene Push-Button Extinguishers—price—only \$7.95—AT STREU'S. All of which puts me out—of stuff.

STREU.

GEARHEAD AND PUMP REPAIRS AND REBUILDING.

Has your gearhead or pump been giving trouble? It won't get any better until we fix it for you. Does your gearhead need the ratio changed to meet present well conditions? If so, better see Kenny right now. If you have taken work to Kenny before you know he always gets the job done right, and his customers always come back next time. Our well equipped well-staffed shop can handle your well problems. Also expert well pulling service.

- OUR CONCRETE HAS ONLY THE BEST INGREDIENTS
- OUR CONCRETE IS ALWAYS PROPERLY MIXED
- YOU ALWAYS GET A FULL MEASURE OF CONCRETE

Crowe-Gulde Cement Co.

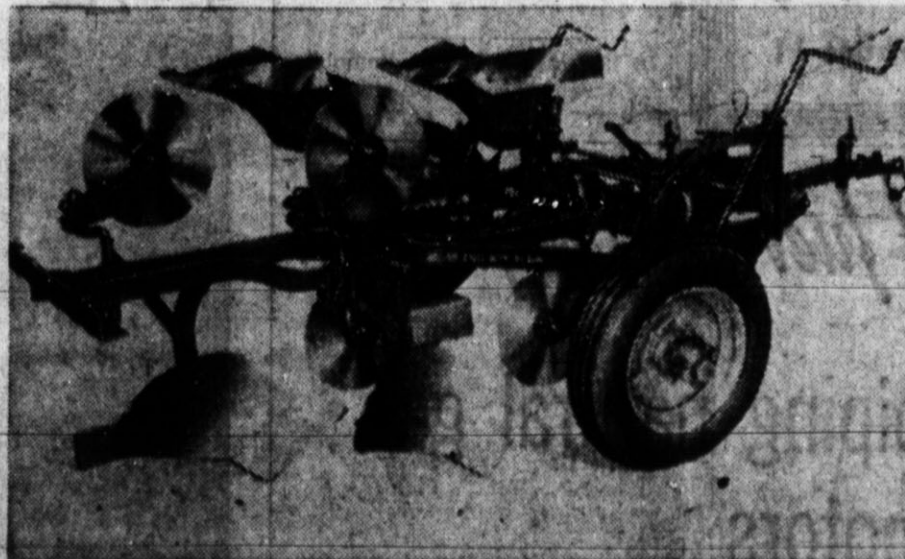

Hereford

For Level—No "Dead Furrow" Plowing SEE THE— Hereford Implement Co.

Management of water—either from natural rainfall or irrigation—is yearly becoming more and more important to profitable crop production. In some areas, great tracts of land are being added to the nation's irrigated acreage. In all regions, plowing on the contour is growing by leaps and bounds.

These Two-Way Plows NOW AVAILABLE

McCormick No. 39 Roll-Over Plow

The roll-over design of the No. 39 two-way plow gives two-furrow capacity with the compactness of a single-furrow, side-by-side plow. A slight pull on the trip rope causes the plow frame to roll end-over-end, raising one set of bottoms and lowering the other. At the same time, the land furrow wheels automatically adjust themselves to the new position, while the hitch swings over and locks on the opposite side. This hitch adjustment automatically keeps the working bottoms in the correct line of draft. Ample strength is provided for plowing to a depth of 12 inches behind any tractor having sufficient power. Rigid or cushion hitch may be used.

AVAILABLE BOTTOMS

14" Slat - 16" Solid - 16" Slat

Baker-Barrett Reversible Disc Plow

These Plows Are Built In Four Sizes A Size to Fit Your Tractor

Plows Deeper With Less Power Even In Dry Conditions

Notched or Plain Discs Available

FOIBLES

By Kent Snares

Here and now, at the midrift of this football season, not too much has been settled as far as the outcome of some of the major conference races are concerned. . . In the Big Ten only the Illini are unblemished and that probably is not a permanent thing. . . Two of the favorites, Michigan State and Michigan, got their comeuppance dealt at 'em last weekend. . . Illinois had already put a demerit on Ohio State's record. . . Michigan, Ohio State and Michigan State have their own little round robin to face yet this season and if one of the threesome emerges unscathed, that team will likely wind up tied for the pennant with Illinois, Northwestern, Wisconsin or Purdue, all of whom are one time losers. Minnesota, Iowa and Indiana

Fancy and Plain

are out of the race unless it really undergoes an upheaval, for each of them has dropped a pair. . . It will likely be a tangled skein, because the only thing that keeps the Big 10 from being the very toughest of leagues to win, is the fact that their unwieldy membership is too large to allow a round robin schedule. . . The full round robin schedule is the main reason, above and beyond the rugged ball clubs that it sports, that the Southwest Conference is such a tough league. . . Its annals are crammed with records of games where the underdog has rudely and happily brought a biggie down, thuddingly. . . This year is no exception, the flag may be decided on the final day of play, November 28, when Rice hosts Baylor. . . I'll guess now, that the eventual SWC

winner in '53, will have one less showing, conference wise. . . Baylor is the only conference member with an unscathed record at this writing. . . Oklahoma and Kansas State will have settled the Big 7 race with their Manhattan meeting, ere this hits the deck. Those -Staters have surprised everyone, including themselves, with their 5 wins out of 6 goes this lap. That's more victories than they have compiled in the prior 3 seasons. . . USC is leading the pack in the Pacific Coast Conference and they have been tied. UCLA will have to stand off USC and Cal in order to qualify for the Rose Bowl, from which USC is barred, by agreement, as far as next January one is concerned. . . Looks like Georgia Tech will take the Southeastern conference, unless they fall flat on their face, since their only smudge was inflicted by the non-conference Irish. . . This bowl conscious

league is low on quality this term. The ardently selected Alabamas have flat evaporated, with a loss and 3 ties showing on 6 outings, they still face, among 5 future foes, Georgia Tech and Maryland, and they could pull back considerable prestige by taking either or both, particular Maryland, who seems likely to succeed Alabama as one of the Orange Bowl contestants for '54. . . Duke, with an Army defeat showing, has yet to meet Navy and Georgia Tech and has small hope of beating out Maryland for the Orange Bowl bid, liffen the Terrapins can get by Alabama and Ole Miss. . . Ironically enough, if West Virginia can get past Penn State, it would be a prime choice for either the Sugar or Cotton Bowl, except for the fact, that the Southern Conference frowns on Bowl games, that stand being the reason, the present members of the Atlantic Conference

withdrew from the Southern league. . . Looks like now, that the Notre Dames could drop one of their games on the tough schedule and still rank number one nationally, unless they lose to USC, who in the meantime could remain undefeated elsewhere. . . The Bowl situation, as far as real attractions are concerned, may even be bad enough to propel Jack Curcice and his Utahs into one, if they show well against Washington. . . It would make an interesting news item to know just what the Sugar Bowl committee is figuring on, even if they came up with Notre Dame, where would there be a team of available stature to put on the field with 'em???

Manganese Deposit May Be Located From Crabs

VANCOUVER —A black substance on the bellies of crabs caught at the mouth of the Naas River in northern British Columbia may be a clue to a mineral treasure.

Fishermen found the crabs almost unsaleable because of the black coating and sent samples to the Pacific Fisheries Experimental Station here to see if anything could be done to make the crabs more presentable on fish store counters.

Dr. D. R. Idler and R. A. MacLeod scraped the offending substance off and discovered it was almost 24 percent manganese, one of the world's most prized minerals used in making steel and chemicals.

CHANGE KITTY GROWS

SEARCY, Ark. —A bank here stocked a make-your-own change jar with \$15. Three months later, after numerous customers had fished in the kitty for change, there was slightly more than \$15.

It is estimated that nearly 260,000 U. S. firms advertise through the use of match books.

Human hearing usually begins to be less acute shortly after the age of 20.

Riders Club Halloween Party Held Friday Night

The Hereford Riders Club had a Halloween Party Tuesday night in the J. B. Noland home.

The rooms were decorated with pumpkins and candles.

Those attending were Mr. and Mrs. Ralph Sears, Mr. and Mrs. Joe Kendall, Mr. and Mrs. Pat Lawton, Mrs. Ky Lawrence; Mr. and Mrs. Jack Streun, and their son Gene; Mrs. Woodrow Ireland, Mr. and Mrs. Red Hagens and children, and Mr. and Mrs. J. B. Noland.

Refreshments of sandwiches, doughnuts and coffee were served.

There will be a practice meeting Sunday afternoon at 2:30 o'clock at the riding arena.

Little Brain Strokes Cause Aged Trouble

NEW YORK —Little brain strokes are very common and perhaps the most important disease of the aged, Dr. Walter C. Alvarez writes in an editorial in Geriatrics magazine. And they're often overlooked by doctors, he warns.

"Obviously whenever a person past 50 who always was well before comes in complaining of not feeling fit, of having trouble forcing himself to work, or of having spells when there is a little uncertainty as to body balance, a really careful history should be taken to see if the trouble came suddenly on a certain day. Often, if asked, the patient will say, 'Yes, I thought then I was having a little stroke.'"

And the patient's husband or wife may report a change in character coming on suddenly — irascibility, over-emotionalism, loss of memory, or decided and sudden aging.

Youthful Bandit Needed As Many Lives As Cat

LITTLE ROCK —It must have been the tom cat who gave a young burglar suspect 'nine lives.'

The cat howled. That awoke a neighbor. She saw the youth bolt from a darkened shoe store and called police.

The police shot at the youth when he refused to halt. When finally captured the police counted 11 bullet holes in his trousers and four in his straw hat.

Girl In Every Port Giggles In Every Reel

"A Girl in Every Port" is R. O.'s new comedy co-starring Groucho Marx, Marie Wilson and William Bendix.

The plot of the story centers around the acquisition by two Navy seamen on leave of twin race horses, and their infatuation for a dumb blonde car-hop whose pop raised the colts. When the trio decide to race the good horse and sell the other, the fun really starts.

In the lead of the supporting cast is Don De Fore and Gene Lockhart.

"A Girl in Every Port" is showing at the Star Theatre November 4-5.

In 1952, about three automobiles were scrapped in the United States for every four new cars sold.
