## ACREAGE ALLOTMENTS MAILED

### Marketing Quota Vote Committees Named In County

Election committee for the 1954 wheat marketing referendum voting, which will take place at five polling places in the county on Aug. 14, were announced last week by the Production and Marketing Administration office in Hereford.

Wheat acreage allotments for Deaf Smith county farmers were mailed Wednesday, Faust Collier, PMA office manager said. These allotments will be in effect regardless of the outcome of the vote on the marketing quotas.

#### Committees, Voting Places

Committees and voting places for the referendum are:

Community A—Courtroom, Hereford. Voting committee—Leo Forrest, J. D. Neill and Emmett O. Dixon.

Community B—Courtroom, Hereford. Voting committee—F. J. Knabe, Fred S. Barrett, George Heard.

Community C—Walcott School building. Voting committee—Austin Rose Jr., Garland Solomon, Waldron Melton.

Community D—Sims Community House. Voting committee—C. J. Richardson, Paul Lyons, and Edwin Morrison.

Community E—Daniel Community House. Voting committee—Wayne Higgins, Henry Browning and C. L. McBroome.

**Acreage Allotments**

Wheat acreage allotment for Deaf Smith County for the 1954 wheat crop is 266,848 acres for old farms, and 376 acres for new farms, a total of 267,224 acres. This was based on the historical seeded average for 1952-53 of 264,713, which was adjusted, in trying to take the unusual crop conditions into consideration, to 270,123 acres.

by the county and community committees.

In making the adjustment upward, the committees were limited to the community ratio, which is the average acreage of wheat to cropland suitable for wheat.

**Can Appeal**

"If a farmer is not satisfied with his allotment, he must make his appeal within 15 days to the county committee," Collier said. "Should the county committee feel that nothing can be done, the farmer can appeal to the district review committee, which is made up of men on PMA county committees from other counties."

In 1949, the allotted acreage for this county was 389,032, followed by an allotment of 338,343 in 1950; for the 1951 crop, the allotment was set at 350,518, but the allotment was not enforced.

Allotments this year were made for 1,093 old farms, and 17 new farms.

**Allotments To Stay**

Regardless of the outcome of the marketing referendum, these allotments will stay in effect. If at least two-thirds of the growers approve the marketing quotas, then the price support on the 1954 wheat crop will be 90 percent of parity, otherwise the price support will be only 50 percent of parity.

In Texas, which is a community property state, both the husband and wife may vote if either is eligible. Any person who will have an interest in the 1954 wheat crop on a farm for which an acreage allotment of more than 15 acres is established is automatically eligible to vote in the referendum.

**Covers Available**

He pointed out that covers for oil drum garbage cans are available at City Hall for \$2.50, the same price the city pays to have them made.

The city manager said that the cost to the city each time a complete spraying of the town is done is \$288 for the oil base and DDT mixture, as well as taking the full time of one man for two days.

Manufacturers recommendations are being followed as to the frequency of spraying, he added.

**Leave Windows Open**

Massay also suggested that housewives leave their windows and doors open when the spray tracks come around, so flies on the inside.

(Continued on Page 2)

### Construction Starts On School Monday

Construction of Hereford's new \$850,000 high school plant is scheduled to start Monday, Aug. 10, according to Howard Gohman and John M. Crouch, who visited here this week to complete preliminary details. Steel for the shop footings arrived Thursday, and was the item which the contractors were awaiting.

As previously announced, the shop building will be rushed to completion as rapidly as possible in order to house the sixth grade for the 1953-54 terms. First step in construction will be the running of foundations for the shop building. They estimated 60 days completion.

"All local labor possible will be used on the job," the contractors said. They also said that housing for foremen and key men will be required during the job.

The contract called for a September, 1954, completion date.

### General Clean-Up Needed To Help Fly Situation

If the flies are about to drive you wild in Hereford these days, you have yourself and your neighbors to blame, according to Cecil Massey, city manager.

"We can spray every day, and that still wouldn't take care of the fly situation unless more is done to clean up trash and weed piles, close garbage cans and take other necessary measures to get rid of the places where flies breed," Massey said.

"To do a really thorough job of cleaning up, each garbage can should be sprayed daily by the housewife with a DDT mixture. However, just making sure that the garbage can is covered would help a great deal."

He pointed out that covers for oil drum garbage cans are available at City Hall for \$2.50, the same price the city pays to have them made.

The city manager said that the cost to the city each time a complete spraying of the town is done is \$288 for the oil base and DDT mixture, as well as taking the full time of one man for two days.

Manufacturers recommendations are being followed as to the frequency of spraying, he added.

**Leave Windows Open**

Massay also suggested that housewives leave their windows and doors open when the spray tracks come around, so flies on the inside.

## Sixth Grade To Use Churches; Colored School Being Planned

THAT STACK OF MAIL held just part of the ballots for the vote on the Production and Marketing Administration community committee, and one alternate for the first two positions and two alternates for the member of the community committee. Shown as they prepared the mail are Zelma Allmon and Johnnie Vinson of the PMA office. (Staff Photo.)

For the third time in 10 years Hereford students will attend classes in churches of the community, provided plans advanced by trustees at a called meeting Thursday night materialize. Students who will start the coming semester in church rooms will include the entire sixth grade, which will require six rooms. The board, in addition, took initial steps toward establishing a Negro school following petitions for education of nine Negro children, ages 7 to 11, half of whom have never before attended school classes. Investigating units on both problems were appointed by President H. H. Miller, following lengthy discussion, with instructions to report at the regular August meeting, Tuesday, Aug. 11.

### Church Use Will Be Temporary Measure

Housing of the sixth grade in churches will be a temporary measure, 30 to 60 days, until the shop building in connection with the new high school can be completed.

Plans to use churches were adopted by the board on recommendation of Supt. George L. Graham, and replaced a previous plan to house a portion of the sixth grade in the Central School gymnasium. Success of the plan will, of course, hinge upon co-operation of the churches which, in the original discussion, included classrooms in the First Christian, Methodist and Baptist churches.

Grounds north of the Baptist church were recommended for playgrounds and physical education. Supt. Graham was named as representative to contact the churches in regard to using the rooms.

**Central Gym Impractical**

"Not more than four rooms could be placed in the Central gym," Mr. Graham said. "Remodeling the building would be expensive, and two of the classes would have to go elsewhere, anyway." Since sixth grade studies are departmentalized, he recommended the churches, which are near enough together to allow teachers change between the classrooms. He also pointed out that the playgrounds location

(Continued on Page 2)

### Committee Checking Possible Locations For Colored School

Location of the Negro school was undetermined when the group adjourned. A committee, composed of Carl McCaslin, Mrs. Earl Plank and Howard Gault, was appointed to investigate several possibilities, however. The board, in addition, favored housing the school in temporary quarters for 1953-54.

They pointed out that opening of a Negro school in Hereford would, no doubt, result in an influx of additional Negroes, which might make any building constructed now obsolete in a matter of months.

It was also pointed out that the present school building program left the district in no position to consider additional construction this year.

**No Choice**

Question of establishing a Negro school, according to information presented, left the board little choice. Supt. George L. Graham reported that he had checked the situation with a lawyer, and that even one student could force the district to open a Negro school.

He also said that the law prevented the entering of Negroes into classes with white students in Texas, but that it required equal educational opportunities for both colors.

**Delegation Attended Meeting**

Attention of the school board was directed to this problem following a petition from 12 Negroes, four of whom came as a delegation to attend the meeting. The group reported nine probable Negro students in the county at this time, ranging from 7 to 11 years in age.

One of the Negro women, Mrs. Scott, said that she boarded her children in Littlefield last year—but found it impossible this year. Another case from the Summerfield-Black area, cited four Negro children, ages 7, 8, 9 and 11, who had never before in their lives attended school. They likewise listed several Negro families which had moved from Hereford in recent months, going to Amarillo in order that their children might enter school.

**Bus Problem**

Since many of the Negro students would ride buses, the board also discussed this problem and considered the possibility of arranging the buses in the same fashion which common carriers in Texas are arranged with a Negro section in the rear. All of the Negroes attending the meeting indicated a willingness to transport their children to school if necessary. The board felt, however, that other Negroes might come into the area

(Continued on Page 2)

## PMA Election Ballots Are Sent To Farmers

Ballots for Production and Marketing Administration county convention delegates and alternates, and members of the county committee, have been put in the mail by the local PMA office. They will be counted Aug. 21.

All eligible voters and their wives are to receive a ballot through the mail, Faust Collier, office manager of the PMA, said. Eligible voters are those who participated in any way during the last year in any program administered by the PMA.

These programs include the Agricultural Conservation Program; crop insurance, sugar subsidy, loans and price supports, and the farm storage facility loan.

Names put up by nominating committee are:

**Community A**

County convention delegate: J. C. McCracken and Fred M. Henry. Alternate: E. C. Hewitt Jr. and Clyde W. Russell.

**Community B**

Convention delegate: Joe Ballinger, J. T. Gilbreath. Alternates: Charles H. Hill, Raymond Higginbotham.

**Community C**

Chairman, community committee: F. J. Knabe, George LeGrand. Vice chairman: George Heard, Charles T. Noland.

Member: Jake Gregory, Ira Ricketts. First alternate: Tandy Legg, LeRoy Suttle. Second alternate: T. J. Parsons, E. W. Hobson.

**Community D**

Convention delegate: Maurice Tannahill, W. B. Whitaker. Alternate: Bill Dameron, Charles Shipley.

Chairman, community committee: Garland Solomon, Troy D. Stambaugh. Vice chairman: Austin Rose Jr., D. C. Walsler.

Members: Waldron Melton, Herschel Burrus. First alternate: P.

(Continued on Page 2)

### Ira Aten, XIT Foreman, Dies In California

Ira Aten, 90, former Hereford resident and foreman of the Escarbada division, XIT ranch, died at his home in Burlington, Calif., shortly after 6 o'clock Thursday morning, Aug. 6, according to word received by friends in this area.

Mr. Aten was a colorful figure in Deaf Smith county and Panhandle history. He came to this area as a Texas Ranger in the early days and later served as sheriff of Castro County.

In 1892, he came from Dimmitt to Hereford to take the Escarbada foremanship, which he held until 1902, when he was succeeded by C. R. Smith. Mr. Aten, among other activities was one of the group of men who organized the first bank in Hereford. He was also interested in other enterprises in the early days of this community.

In 1903, he moved to California, where he has since made his home. In addition to Burlington, he also had considerable business interests in the El Centro area.

(Continued on Page 2)

### Frio Plans To Enter Rural Neighborhood Contest This Year

Frio community has elected officers so they can take part in the Rural Neighborhood Contest sponsored by the Texas A&M Extension Service, and plans have been made to elect an area chairman at a meeting at 8:30 o'clock the night of Aug. 14.

Sixteen families were represented at the recent meeting in the school house when they decided to enter the contest.

Officers elected for the community organization are Mrs. W. H. Springer, president; Mrs. C. M. McClure, vice president; D. W. Ward, secretary; and Danny McCullen, recreation chairman.

### Turpentine Dog Killed By City Police Friday

Late Friday night police were forced to shoot a dog that apparently had turpentine poured on it.

The dog had jumped into a car on the corner of Main and Second. When the driver attempted to remove him, the dog tried to bite him.

The dog was pulled out of the car with a rope by policemen, who then shot him.

The driver of the car and the police had believed the dog to be mad.

## Around Town

Roger Shipley beat Donald Zimmerman in the 18-and-under final match of the Jaycee-sponsored tennis tournament, the first of the final matches to be played. Three matches were played Friday, and Berry Green who is on the tournament committee, said that matches will probably be continued into next week, as business schedules interfere with the proposed schedules.

Clint Formby, who found himself in the tennis tournament when he returned from a trip, says that his tennis shorts, bought in college days, seem to have shrunk about two inches since he last wore them. He was matched against Sam Long Saturday, and they had a gentlemen's agreement not to make the match too strenuous.

Fred J. Axe has been accepted into membership in the American Hereford Association according to a release from association headquarters in Kansas City, Mo. The association is said to be the world's largest purebred registry organization.

Mrs. T. J. Parsons, Betty Lou McGoughey and Clara Redman, former assistant home demonstration agent for the county, got their

NOW THEY CAN COMBINE potatoes, loading them directly into a truck as the combine unit moves across the field. Developed in the Middle West, this machine, pulled by a tractor, can cover about an acre an hour, two rows at a time. A full crew of about 12 men was being used when potatoes were harvested Friday in the Kenneth Neill field southwest of Summerfield. Men working on the machine pull out grass,

weeds and crows. As the potatoes go toward the truck on a conveyor. An electric motor is used to unload the potatoes from specially built truck beds. This machine with a full crew is supposed to do about as much work as 36 men working with regular diggers. Four trucks are used to haul potatoes which are dug by one machine. (Staff Photo)

### Jail Sentence And Fine Given In Liquor Case

A fine of \$50 and costs and a jail sentence of 30 days were both handed down by County Judge Horace Schloss Friday in the case of Jesus Hernandez.

Hernandez, who was charged with possessing liquor for sale in a dry territory, waived a jury and plead guilty.

**Officers Testified**

Testimony of Sheriff Lowe 11 Sharp and Deputy Sheriff Fred Gonzales was that they found slightly more than three-and-a-half cases of beer when they searched the defendant's room at the Labor Camp.

They also found two-and-a-half pints of whiskey. Hernandez told the officers that the liquor and beer were his, and that he received 50 cents a can for the beer, they testified.

### CPL. ROGERS WRITES GRANDPARENTS

### Report On Cease - Fire Day Sent By Hereford Soldier

(Editor's note: The following is an excerpt from a letter written by Cpl. Johnnie K. Rogers to his grandparents, Mr. and Mrs. Henry Tiefert of Hereford. We thought our readers would like to have a firsthand report on what happened on the Korean front when the cease fire went into effect.)

"Well, I'll try to tell how the cease-fire was up here. After that 10 o'clock meeting at Panmunjon, both sides started throwing artillery at each other. The Chinks knocked it off about 7:30 last night but the ROK's on our right flank kept throwing artillery and firing machine guns until 5 or 10 minutes before 10 o'clock. Made us all pretty sore. Thought maybe it would foul up the cease-fire.

**Quieted Down**

"Around 10 o'clock everything quieted down and Joe Chink stuck by his word and not another round

was fired. We had a peaceful night. Seemed funny as heck.

"This morning, both sides were leery about coming out of the trenches but about 9 o'clock everybody came out on the forward slope and skylines and started wandering down to the river that separates us from the Chinks. The boys from the company walked down to the river kinda like you would walk up to a hole with a rattler in it.

**No Weapons**

"We weren't carrying weapons (they were unloaded at 10 o'clock last night) but the Chinks came down with loaded burp guns. They still didn't trust us but finally the tension eased and they started shooting the bull back and forth. It sure was funny."

Cpl. Rogers is with Co. K, 187 Airborne Regiment, Combat Team.

When the letter was written he was expecting to be sent back to Japan.

MRS. MARY RISLER AND DAUGHTER JUDY left Hereford July 18 for Santa Anna Marine Base, Calif., to visit Mrs. Risler's mother. The latter part of this month they will leave for Okinawa where they will join their husband and father, T. Sgt. Kenneth P. Risler, who is an Air Force crew chief at a bomber base. He has been overseas since last fall. Ruth Loerwald went from Hereford to California with the Rislers. Mrs. Risler is a sister of Tom and Bill Howard of Hereford. (Tom Howard Photo.)

**Church....**

(Continued from Page 1)  
would make a reasonable physical education program possible. Board members felt that the situation would not be ideal, but that it offered the best solution to a bad situation.

**Construction Starts Monday**  
As previously announced, the sixth grade will, upon completion, occupy the manual training shops, possibly in October. Construction on the shops is scheduled to start Monday. The contractors estimate approximately 60 days completion, depending upon weather and arrival of materials. The shops required only slight alteration to handle the sixth grade efficiently and in compliance with state and associational requirements.

Completion of the new high school building will, of course, relieve the building load with junior high students occupying the present high school.

**General....**

(Continued from Page 1)  
as well as those on the outside can get a lethal dosage of DDT. "There are some situations outside the city limits which are adding to the general problem of the flies, and we are not able to do anything about those at the present time," Massey said. "Still, our biggest problem will remain the open garbage cans, piles of grass clippings and weeds, and other similar breeding places. This material should either be cleaned up and put directly into a garbage can or in a box or basket so it can be handled by the men on the truck. They do not have time enough to gather up loose material which is dropped near a garbage can."

**Committee...**

(Continued from Page 1)  
with a different attitude—and that transportation was a problem which should be settled from the beginning.

The Negro delegation indicated an immediate purchase of property near the school, when one is established. Several in the group reported that they have tried in vain to purchase real estate. Some said they had made tentative purchases, only to have the sellers back out at the last minute.

**Details Not Decided**  
Possibility of securing one of the VFW barracks buildings as quarters for next year was discussed, along with transforming the proposed labor camp nursery into a temporary Negro school. Details were left to the committee for investigation, however, and no definite steps were taken by the board.

The group expressed a sentiment, however, that the district will finally have to construct its own building in all probability, size and conditions depending largely upon the number of Negroes in the community within the next few months.

**Teachers No Problem**  
The coming year will probably

require only two grades, despite the wide range in ages. This will be the first and fourth grades, since many of the students have never been to school, and others are in the fourth grade. Supt. Graham said that securing a Negro teacher will present no difficulty and that he now had several applications.

**PMA....**

Ballots may be either mailed or taken to the PMA office, where a ballot box for each community has been set up, Collier said.

If the ballot is mailed, the envelope must be marked "BALLOT" so it will not be opened until election day. The ballots must reach the PMA office not later than Aug. 21 to be counted.

stroyed recently. Such things are usually done by special request of some one who is being annoyed by the animals. It may seem cruel at times to destroy the animals, but a stray dog that gave even one person rabies would be a serious health menace, Police Chief Leo Box points out.

There will be a meeting of all the Justices of Peace, Highway Patrolmen, city police, and city attorneys of Hereford, Canyon, Amarillo, Littlefield, Muleshoe, Vega, Friona, and Farwell the evening of August 17, at 8 o'clock in the Deaf Smith County Court Room. The meeting will be held to discuss new laws and changes of laws. Anyone interested may attend the meeting.

H. N. Reeves 124 Avenue A, father of Dub Reeves, was thrown off a tractor Thursday afternoon on his farm eight miles north of town. Dub reported Saturday that his father's condition was fair.

Parents of any six-year-old boy or girl who will enter school for the first time this September, and who has not received a recent letter from the school system, should phone 1387, it was announced today by Supt. George L. Graham. Parents are entitled to receive a special pamphlet pointing out some

of the requirements and policies of entering school. The booklet also contains ideas and hints which will make school work more acceptable and pleasant for the youngsters, along with their parents.

CHARLOTTE HODGES, daughter of Mr. and Mrs. Charles Hodges, was honored Wednesday afternoon with a party on her sixth birthday given by her mother. Surprise packages were given as favors. Refreshments consisted of ice cream and cake. The children played games and listened to records. Those attending were, back row, from left: Ann Braddy, Jackie King, Paul Christman, Warren Sparks, Sherry Hodges, David Hill and Gary Gore. Front row from left: Denise King, Amanda Moore, Johnny Wolf, Cindy and Joette Hanna, Joanne Ann Gore, Charlotte Hodges, Joy Wright, Donna Hill and Carol Hundley. (Staff Photo)

place Aug. 15 at the home of the bride's parents, Mr. and Mrs. Chris Clark with Bob Wear, pastor of the Church of Christ, officiating.

**Presbyterian Women Welcome Newcomers With Morning Coffee**  
A coffee Wednesday morning was the order of the Woman's Council of the First Presbyterian Church August session. The coffee honored all newcomers in the church and was held in the church Fellowship Hall.  
Decorations for the refreshment table were in keeping with the season and were arranged by Mrs. Will S. Kerr. Hostesses were Mrs. M. L. Simpson Sr., Mrs. C. C. Ferguson and Mrs. J. T. Guinn.  
Mrs. J. D. Neill, vice president welcomed the guests, telling something of the work of the council. Mrs. Clay Ridgeway presented a organ solo and accompanied Mrs. Dorothy Guinn Magness who sang appropriate selections. Mrs. D. H. Alexander gave the meditation.

**Warrens Go To Visit Relatives Burned In Accident Saturday**  
Mr. and Mrs. Ed Warren left Saturday for Sweetwater and Colorado City to be with a niece and nephew. Mr. and Mrs. J. J. Buxkemper of Colorado City, who were seriously burned in a car accident near Sweetwater Thursday morning.  
Mr. and Mrs. Buxkemper were enroute to Houston when a gasoline truck crashed into a light pole. Flames from the gasoline spread around and into the Buxkemper car.  
The couple was taken to the Sweetwater hospital. Mrs. Buxkemper suffered 60 percent burns and Buxkemper suffered 40 percent burns.

**All Bloodmobile Visits To Hereford Cancelled**  
Future Bloodmobile visits for the Deaf Smith County area have automatically been cancelled by an order from the Office of Defense Mobilization closing all defense blood centers as of Aug. 31.  
Mrs. Reed Williams, chapter chairman, and T. E. Seigler, blood chairman, received a letter from the North Texas National Defense Blood Center at Fort Worth to that effect last week.  
The letters said, in part, "We share with pride in knowing that through the defense blood program, the American Red Cross has made a significant contribution to the defense of the nation. You can be proud, too, of the splendid co-operation and activity of your chapter staff and volunteers, the separate committees and organizations who have assisted in this effort. We know, should the time again arise when the collection of blood for defense be necessary, all who participated in your chapter would stand ready to serve."

**Getting Highest Prices**  
"We are getting the highest milk prices in Texas now," heard said "so I don't see any reason to a for a marketing order." He figured that Deaf Smith and Randall county dairymen alone would pay for \$10,000 to \$12,000 a year to support the Federal program.  
The Deaf Smith and Castro dairymen are going to try to attend the meeting of the Randall County association Tuesday so they can voice their objections there.

**Birthday Celebrated By Lou Ann Cowart**  
Lou Ann Cowart celebrated her fifth birthday at a party given at her home Thursday afternoon by her grandmother, Mrs. Harvey Cash, who is staying with the Cowart children while their parents, Mr. and Mrs. Pete Cowart, are in McKinney.  
Games were played and Mrs. Cash conducted a story hour for the guests. Favors were toy windmills.  
Refreshments were served to David and Paul Bell, Mark Bell, Martha Henslee, Penny Johnson, Virginia Krumbine, Edith Davis and the honoree.

**How Can I?**  
By Anne Ashley  
Q. What can I do if a hole in a plastered wall becomes too large to hold a screw?  
A. Pack the hole with steel wool and insert the screw into this. It pokes a wooden match into the hole and it off at the wall surface and then replace the screw.  
Q. How can I remedy snoring through rugs that have a tendency to slip?  
A. You can prevent these from slipping along the floor by attaching several jar rubbers to the under side or by sheelacking the reverse side.  
Plenty of shade, water, and balanced diet are musts for growing pigs in the summer time. Getting the pig crop now can cause trouble this fall. The pigs will be ready for the early fall market.

## Personals

NEWS ABOUT YOU AND YOUR NEIGHBORS

Mr. and Mrs. Ralph McCullough and son Pat left Friday for Colorado where they will spend their vacation. They were accompanied by Mr. and Mrs. Ed West and Miss Norma McCullough of Amarillo.

Mr. and Mrs. E. R. Larmer of Fort Worth were guests of their son, R. N. Larmer and family, the past week.

Pete Cowart, who underwent surgery at McKinney Veterans' Hospital recently, has been released from the hospital and will soon be able to return home, according to reports received here Wednesday by relatives.

Mr. and Mrs. Homer Gilliland and Dolores and Frank left Tuesday for their home in Santa Barbara, Calif., after a month's stay here with relatives. Enroute home they stopped at Grand Canyon, and for some sight seeing in Arizona.

Mr. and Mrs. Johnny Bush and son, whose home is in Arizona, are guests in the home of Mr. and Mrs. Reed Williams. Mrs. Bush is the former Miss Bobby Gilliland.

Mrs. Harold Harlin and daughter Pam of Sacramento, Calif., are expected to arrive today for a visit with her husband's parents, Mr. and Mrs. J. B. Harlin. They will be accompanied by Mrs. Harlin's sister, Mrs. Clinton Massie and baby who have been visiting them in California. Mrs. Harold Harlin will go from here to Kansas City to visit her mother, Mrs. Ella Davis.

Mr. and Mrs. Carl Mountz have gone to Detroit, Mich. where they will visit her relatives. Before returning home they will attend a family reunion of the Mountz family in Indiana.

Mrs. Wirt Phillips and son Bill plan to leave Monday for Ada, Okla., to visit their daughter and sister, Mrs. Lynn Chisholm, and family.

Mr. and Mrs. Keith Swin and daughter Sharon of Iowa Park have been visiting in the home of their relatives, Mr. and Mrs. H. H. Caraway, Mr. and Mrs. E. Ramey and W. A. Gentry of Hereford. Swin is the superintendent of schools at Iowa Park. Mrs. Swin is a teacher there.

Mrs. Anne Wiggins and Mrs. E. Ramey attended a bridal shower Tuesday afternoon in Dimmitt honoring Miss Barbara Clark, bride-elect of Kenneth McDermitt of Dimmitt. The wedding will take

MEET YOUR PASTOR AND HIS FAMILY— Rev. and Mrs. Russell Pogue and their two children, Jim, 4, and Lois, 6, came to Hereford March 1 from Friona. Rev. Pogue is pastor of the East Side Baptist Chapel located on Avenue K at Forrest. Before coming to Hereford, Rev. Pogue was pastor of the First Baptist church in Friona. Rev. Pogue was born in Wood County, Texas, and attended Tulia High school. He attended Baylor University and graduated from Southwestern Seminary

in 1945, receiving the degree of Bachelor of Divinity there. He has been pastor for 10 years. Mrs. Pogue attended Hereford High school and Wayland College at Plainview and West Texas State college in Canyon. She graduated from Southwestern Seminary in 1944 with the degree of Master of Religious Education. Rev. Pogue's hobby is working with the religious education of young people. (Staff Photo)

## Friona News

Mrs. E. R. Day, Correspondent — Phone 2792

Mr. and Mrs. Elroy Wilson and Terri Lynn, and Mrs. James P. Wilson left Saturday morning for a vacation in New Mexico and Colorado.

Tommie Galloway and daughter of Lubbock were in Friona Friday to attend the funeral of his uncle, Benjamin Galloway.

Mr. and Mrs. J. T. McMillan of Farwell visited with the GIB Boatmans, Ralph Rodens and H. T. Magness Thursday.

Mr. and Mrs. J. W. Baxter have gone to Truth or Consequences, N. M., for a vacation.

Gene To Reunion Mr. and Mrs. L. D. Pope, Glenna Mae and Gene left Thursday for Glen Rose to attend the Smith reunion.

Miss Tila Rue Day is visiting friends in Sherman over the weekend.

The Wright Williams returned home last week from California, where they went for their vacation.

Mrs. Alton Day, Letha Fay and Allen Fay were shoppers in Clovis Thursday.

Mr. and Mrs. O. J. Beene, Jay and Ramey were vacationing in Denver, Colo., and New Mexico this week.

Mr. and Mrs. Ira Galloway of Dallas are here visiting with relatives in Friona and Clovis, N. M., and to attend the funeral of her uncle, Benjamin Galloway.

Daughter For Snells Mr. and Mrs. Gene Snell of Amarillo announce the arrival of a daughter, Jan Elizabeth, who arrived July 23. They are former residents of Friona.

Arnold Schueler, who entered the service about a month ago, will receive his basic training at Fort Leonard Wood, Mo.

Mrs. S. H. Hale of Amarillo is visiting this week with her daughter and family, the Tilton Slagles.

Mr. and Mrs. Sheldon Swan and children, Bruce and Susan of Waterman, Ill., are visiting in the home of friends in Friona.

Miss Vera Ann Jones, who has been attending summer school in Canyon is home for the rest of the summer.

Visiting Brother Mr. and Mrs. Orval Houser and Leon and Mrs. P. M. Houser of

Hereford left the first of the week for Prescott, Ariz., to visit her brother who has been in the hospital.

Mr. and Mrs. John Jones and Roy Jones of Plano arrived Thursday to visit with their brother and family, Mr. and Mrs. C. M. Jones.

Billie Eads of Friona is visiting this week in Sherman with his aunt, Mrs. Otto Howard and an uncle, N. E. Bartlett.

Don Lewis and H. V. Rocky are visiting in Fort Worth and Waco. Rocky is visiting some colleges while on the trip. He plans to enter college this fall.

Annals Coming The Chieftain annuals will arrive

### Six Are Hospitalized After Head-On Crash

Six people were hospitalized Thursday evening after a head-on auto collision just west of the Hub store on Highway 86 in Friona.

The cars were a 1953 Ford, driven by Bennie Lou Riley, 14, which was headed east, and a Chrysler, driven by Loyd S. Hamilton, of Tulia, going west. The Chrysler was pulling a house trailer.

Both cars were badly damaged.

In another accident, a woman from Amarillo and Letha Fay Day of Friona collided at the intersection and Main Street.

No one was injured and no charges were filed.

### Funeral Service Held Friday For Friona Resident

Funeral services for Benjamin Taylor Galloway, 75, of Friona, were held Friday morning at 9 o'clock in the First Methodist church in Friona with Rev. L. L. Hill of Canyon officiating.

Burial was in Glen Cove August 8. Galloway died Wednesday morning in the Friona hospital. He was born January 7, 1878 in Jackson County.

#### Married In 1903

On December 20, 1903, he married Beula Wilson in Glen Cove. In 1917 they moved to Parmer County.

Survivors include one daughter, Mrs. W. L. Hannold of Friona a granddaughter, Bennie Lynn of Friona, a brother, W. F. Galloway of Glen Cove; and a sister, Mrs. Lula Cole of Coleman.

Pall bearers were: Ralph Smith, Herschel Johnson, Carl Maurer, Ralph Rhoden, Gilbert Boatman, and Sloan Osburn. Gilliland Funeral Home had charge of the arrangements.

### Higgins Receive Notice Of Grandchild's Death

Mr. and Mrs. Fred Higgins, received word last week of the death of their granddaughter, Deborah Marie, 13-month-old daughter of Mr. and Mrs. Frank Barnard of Hoopston, Ill.

Funeral services were conducted Wednesday afternoon at 3 o'clock in the First Christian church in Danville, Ill.

Mrs. Barnard is the former Alberta Higgins of Hereford.

**STREU HARDWARE**

When the grand jury recommended those single beds, it is doubtful if they fully realized how much comment they would create. Some are for the movement. Some against it. The decision, like other county expenditures and improvements, will of course be up to the Commissioners' Court.

Troy Moore, a former commissioner, says this bed deal is strictly "the bunk". He says there are many, many more things the courthouse and the county need a lot worse. He also has a convincing argument which he points out from the recently published quarterly statement. Summed up, it reads: "a deficit of \$38,683.75." Troy, as usual, is a good, sound, conservative thinker and I admit that the jury room is seldom used at night. On the other hand, I still question

those double beds. If a citizen is called upon to serve his neighbors in the capacity of jury service, I agree with the grand jury. He should not be rewarded by being required to sleep with some fellow who might have a bad case of BO, or some guy who snores loud and long. Maybe even some guy he doesn't like in the first place. Citizens are entitled to a little respect and consideration—even if they are only taxpayers.

I wonder why I am getting mixed up in this deal, anyway? I have a statutory exemption from jury service. Guess maybe I just naturally like to hear a good argument.

City Attorney Ray Cowser was recently dictating the new city ordinance which bans outside toilets and cesspools. He was sitting in a chair rattling off the dictation like a machine gun when, all of a sudden, he leaped up and let out a yell, "My Gosh!" The Steno was so startled she dropped her book, then meekly wanted to know what was the matter.

"It just dawned on me," said Cowser, "that I have a cesspool at my house." The Cowser residence, formerly outside the city limits, had never been changed to the city sewer line. It will, however. It sure will!

Drilling has been completed on another of those deep wells. Curtis Traewick this time. The well is 885 feet in depth, but still remains to be developed. Curtis says not to say much about it yet, but I think everyone should keep a close eye on those deep wells. They could be history making. If they are not, we also want to know about it.

Virgil Hennen has a theory, supported by a lot of other folks, on these deep drillings. He figures water from the lower strata has seeped up through the redbeds to form the strata we have been using all of these years. Furthermore, he thinks the whole thing may well be tied up with Carlsbad Caverns—only we have water in our caverns. D. L. McDonald, the man who dug the first irrigation wells in this area, had a lot the same idea. D. L. figured the water might easily come from Colorado—and be an immense underground river or reservoir. Deep water in the northwest part of this county also lends authority to the theories. Anyway, it is truly big, big news. A complete new strata of deep water changes the whole agricultural and economic picture on the High Plains. Government experts have always disagreed, which is incidental. The government experts say a lot of things with which I don't agree.

And speaking of politics, I finally found out why there are so many Democrats. All I had to do was talk 15 minutes with that old dyed-in-the-wool Republican Grant Fuller. Anything he is for, I am against. Somehow, the news department gave him an extra granddaughter—and he objects. He was right nasty about it, too—and wasn't trying very hard. We are sorry, Mr. Fuller. We apologize. Also to Grant, Jr., who is a nice boy, despite the parentage on his paternal side.

Understand Jack Gilliland, Hereford's new sanitary inspector, has been checking up on his job requirements. He came rushing into the city hall the other day and wanted to see a copy of his entire

## Westway News

### Kaul—Combs

Mr. and Mrs. Edwin Braly of Abernathy and their grandson, Bill Jones of Dallas were guests Sunday afternoon of Mr. and Mrs. Jack Renfro. Braly is an uncle of Mrs. Renfro.

Mr. and Mrs. Russell Adams and Bob of Abilene were guests Wednesday and Thursday in the home of her sister, Mrs. Roy Lee Wilson. Mrs. Glen Wilson and children of Hereford spent Wednesday in the home of Roy Lee.

### Thomason Reunion

Mr. and Mrs. D. L. Thomason attended a family reunion of the Thomason family at Lubbock last Sunday. They attended the McNeil family reunion recently at Lubbock.

Mr. and Mrs. John Dawson have moved from the Will G. Harris place to Hereford where all the family is employed. Mrs. Dawson drove one of the Hereford school buses last year. The J. W. Thomasons have moved to the house vacated by the Dawsons.

Edwin (Bud) Morrison, who farms near Bippus, reports that they had three inches of rain there Wednesday morning.

### Enjoying Cool Weather

Mr. and Mrs. Paul Johnson, Paula, Johnny, and Scott of Beville have been visiting in the home of her sister, Mrs. Ira Scott. They have been enjoying the "cool" weather compared to that of Beville.

Mr. and Mrs. Frank Rickels lost three cows when lightning struck the animals Wednesday afternoon.

duties. Asked why, Jack replied, "I was just talking with a guy who says he is going to whip the tar out of me. If it isn't absolutely specified in the contract, I can't see much use in letting him do it."

I also figure maybe I should apologize to Mr. Francis Hardwick. The show, "It Happens Every Thursday" was good. I enjoyed it. Got so interested I even forgot about the lack of nourishment. Of course, everything I said about him was true, but it was pretty nice of the old boy to give everyone in The Brand a free ticket—and he also threw in one for their wives. Around 38 tickets it cost him. Most everyone in here enjoyed it. The film of course lacked authenticity in spots, but I thought it was very, very good. Even recognized quite a few things which have happened to me in the past 20 years. Like the children always getting born on press day, for instance. Both of ours were, for sure.

I think it's a gag, maybe, but someone put up a big sign on Robert Veigel's fence advertising that he wants to rent his place out for lettuce production. He has been getting telephone calls galore. Reminds me of the time folks started kidding Bob Higgins about being in the sheep business—only Robert takes it a little better than Bob did.

Moon Mullins just came in a few minutes ago. He says he agrees. It is silly to keep this "Town Without A Toothache" slogan when we have three progressive, prosperous dentists. The slogan has served its purpose. It's time for a new one. All he wants me to do is think up a slogan to take the place of the old one: How about "Let's Have Any Ideas? If so, send them in to the Chamber of Commerce office."

## Visitor Is Honored On Third Birthday

Jane Freeman of Bell Fourche, S. D., was honored with a lawn party on her third birthday Thursday afternoon given by her aunt.

## Combined Party Held For Williamson Boys

Charles Ray and Harold Dean Williamson were honored with a combined birthday party Wednesday afternoon by their mother, Mrs. C. R. Williamson. Charles Ray was three and Harold Dean was one year old. The children played games, and refreshments of cake and punch were served.

Favors of balloons, gum, and candy were given to each guest. Those present were: Greg Banner, Douglas Banner, Denny Crawford, Kenny Covington, Linda Sue Williamson, Charles Ray and Harold Dean Williamson, Chester West, Elwanda, Marily, Wayne, Diane, and Johnny Meredith.

## Mrs. A. O. Jackson

After opening the gifts, cake and punch were served. Each guest was presented a favor.

Those present were: Leland Vaughn, Ted Freeman, R. A. Westbrook, Jimmy Hodgs, Lillith Neel, Pam Jackson, Jean Morton, Joan Morton, Danny Jackson, Linda Lorwald, and Janie Brittain.

# It's Camp Time For Camp Fire Girls

MEMBERS OF THE JOLLY TEEN Horizon Club who will serve as senior counselors for the camp. All counselors must hold Torch Bearers rank and must have completed Firemakers Rank. There will be three counselors assigned to each tribe, including Tanka, big chief, O-Co-Ka, middle size chief, and Koot-cha, little chief. The senior counselors have done all the planning and will carry out the program at camp, with the cooperation and help of adults and the younger counselors. Mrs. Urlin Streu is advisor for the group and trained the counselors. She is shown instructing the group as they make their packets of material for the camp program. Included in the group, from left: Gracie Fotheringham, Betty Culpepper, Janice Craig, Nancy Patterson, Mrs. Urlin Streu, Frankie Culpepper, Cecilia Wilkins and Marion Jo Wilson. (Staff Photo)

THESE GIRLS ARE DISCUSSING just what clothes to take and checking lists with their bags for size. "Don't forget that baseball mitt," "Don't you think we had better take along a jacket or sweater?" "These shorts will be fine some of the time but we'll take our blue jeans too," seems to be the theme. "Did you get your bathing suit?" "I wonder if we have forgotten anything" and "Don't you know we are going to have fun?" All these and many more questions are just a part of preliminaries but the girls will be ready when Monday morning comes. They are, from left: Ann Caraway, Dolly Paetzold, Linda Hair and Jane Bookout. (Staff Photo)

## Girls Leave Monday For Las Vegas Camp

It's camp time again for local Camp Fire Girls and Monday morning bright and early, 62 members of Camp Fire Girls groups and their leaders will leave for Western Life Camp near Las Vegas, N. M. The camp trips were begun July 27-1947 and have continued to be a highlight in the activities for each year.

The first years the group camped at Gallinas Canyon, which was rather a primitive set-up, but there were no complaints from the girls when it came to roughing it a bit. Last year was the first year at Western Life Camp, which is so modern the girls almost long for the good old days.

**Various Activities**  
The girls will enjoy swimming, nature hikes and exploring the mica mines. They will climb Hermit's Peak and the Forest Rangers will entertain the group with films.

**Mrs. Homer Brunley General Chairman**  
Mrs. Homer Brunley is general chairman for the trip and Mrs. Billie Miller will serve as registered nurse.

The food committee includes: Mrs. F. L. Alexander, chairman, game, but some will have much to learn. The newcomers will learn how to use an axe, how to handle a jack knife, fire making, and numerous other outdoor accomplishments.

The camp will be divided into six tribes, each having an Indian name. There will be one adult tribe mother with each tribe and each day one tribe is responsible for the kitchen and three meals. Every day at noon there will be an oral newspaper of all the news around camp, and at the end of the week when the camp closes, this news will be compiled into a printed newspaper for each girl's memory book.

**Camp Fire Girls who plan to make the trip are:** Janice Lamm, Judy Coffin, Jenny McCathern, Verna Brown, Bonnie Craig, Lois Christman, Sheila Williams, Rosa Strange, Kay Scott, Sandra Robertson, Glenda Lester, Donna Stalzer, Verena Parker, Sandra Moore, Edith Hagar, Wendolyn Sheppard, Cecelia Loerwald, Ada Mae Betts, Pam Clay, Zell Crump, Hallie Culpepper and Karen Daniel.

**Others Attending**  
Judy Haseloff, Lu Ann Higgins, Rita Latham, Marjorie Muse, Colleen Reeves, Patsy Wooddell, Linda Witherspoon, Kay Caraway, Eugenia Alexander, Jane Bookout, Ann Caraway, Linda Hair, Melba Lawrence, Mary L. Morrison, Linda Noland and Betty Paetzold.

Dolly Paetzold, Dolly Prowell, Nona Strange, Donna Witherspoon, Teena Witherspoon, Shirley Shulte, Virginia Witherspoon, Carolyn Kirby, Leota King, Martha Bookout, Teena Witherspoon, Shirley Shulte, Linda Parker, Betty Ferguson, Sue Channer, Joan Fowkes, Janice Craig, Marian Jo Wilson, Frankie Culpepper, Betty Culpepper, Gracie Fotheringham, Cecelia Wilkins, Nancy Patterson, Cleta Betzen, Annette Behrend and Mary Thompson.

## THE SUNDAY BRAND SOCIETY

Hereford, Texas, Sunday, August 9, 1953

Section Two

DRESS REHEARSAL FOR THE CEREMONIAL on Friday night which will wind up the week's activities. The girls decided to make a trial run as they plan for the all important event. Awards will go to the best camper in each cabin and to the outstanding camper. The Hogan Award, a bright felt patch is for all those climbing Hermit's Peak and a Western Life patch is given for each girl at the camp. These patches will be added to their ceremonial jackets, serving as happy reminders of the camp throughout the years. The girls are, from left: Sue Channer, Martha Bookout, Betty Ferguson and Teena Witherspoon. (Staff Photo)

THESE GIRLS ARE WORKING HARD to get that bed roll just right. They will learn a lot more about it while at camp but they seem to be getting the job done about right, ahead of time. Its all new to them for this is their first camp trip and they want to be sure that they take along enough blankets—it might get pretty cold at night. They have heard a lot of discussion about the Camp Fire Girls Camp and they are anxious to get started and participate in the fun. Shown are, from left: Patsy Wooddell, Marjorie Muse, Zell Crump and Kay Caraway. (Staff Photo)

### Rainbow Girls Have Watermelon Feast

Thirty-nine Rainbow girls and guests attended a swimming party and watermelon feast Thursday evening.

The sponsors are Mrs. Robert Wagoner and Mrs. Art Lewis.

Those attending were: Sue Kirby, Judy Jersig, Gayle Gault, Margaret Phillips, Nancy Milford, Gail Biggers, Dalene Tinnin, Bonnie Lewis, Marilyn Sigle, Sylvia McCracken, Gayle Potter, Claudia Green, Martha Heard, Jane Houston, Elaine Wagoner, Myrna Coffin, Gayle Wagoner, Mary Jane White, Wanda Kimbrough, Melrose Whitfield, Barbara Hall, Tenna Witherspoon, Carla Sue Crostwait, Martha Bookout, Donna Woodell, Clydene Alired, and Mary Durham. Lu Durham, Donna McLaughlin, Catherine Snare, Ted Houston, Pat McCullough, Paul Schroeter, Martin Reed Moore, Lewis Ray Womble, Charles Quattlebaum, Wayne Smith and Lonnie Cardinal.

ANN DYER right member of the Jolly Girls 4-H club, was the County winner of the annual 4-H Bake Show held Saturday morning. She was presented a crystal cake stand by County Home Demonstration Agent, Mrs. Argen Draper. Donna Sue Guseman, left, was winner of a purple ribbon. She won first in iced butter cakes. She is the daughter of Mr. and Mrs. Don Guseman. Ann is the daughter of Mr. and Mrs. J. T. Dyer. (Staff Photo.)

### Informal Coffee Given For Visitor

Mrs. Emil Dettman entertained in her home Tuesday morning with an informal coffee honoring her sister, Mrs. Morgan Cole of Colby, Kans., who, with her two daughters is visiting Mrs. Dettman, Mrs. Joe Smith, another sister, and A. G. Biggers, a brother.

Midsummer flowers were used throughout the house and on the refreshment table. Mrs. Roy Calvert presided at the coffee service.

In attendance were: Mesdames Ray Suit, S. S. Dodson, H. H. Caraway, A. G. Biggers, Joe H. Smith, N. E. Milburn, Richard Barnard, D. C. McWhorter, W. J. Messick, R. B. Miller, Roy Smith, Roy Calvert, the honor guest and her daughter Sharon.

### Birthday Is Marked By Party On Patio

Mrs. Ted Lammert honored her husband at a patio party Sunday evening by way of saying "Happy Birthday." Games were enjoyed and Mrs. George McLean entertained with informal songs with ukelele accompaniment.

Those attending were Mr. and Mrs. Norman Moore, Dr. and Mrs. J. W. Barnett and Mrs. and Mrs. George McLean.

### Miss Dalia Twiner To Wed August 22

Mrs. Eargle Twiner of Dimmitt has announced the engagement and approaching marriage of her daughter, Dalia, to Billy Gregory son of Mr. and Mrs. Jack Gregory, also of Dimmitt.

The wedding is scheduled to take place on Saturday August 22 in Dimmitt.

Miss Twiner was reared in Hereford and attended Hereford Schools until moving to Dimmitt with her mother and brother three years ago.

## Personals

NEWS ABOUT YOU AND YOUR NEIGHBORS

Mr. and Mrs. Louie LeGrand have returned from Fort Worth where they spent a week with their daughter and son-in-law, Mr. and Mrs. Virgil Young. Their grandson Mike came home with them for a visit.

Mrs. Neelie Fox of Austin is in Hereford to visit her mother, Mrs. Sallie Carter, and other relatives. Bill Argo has returned to his home in Paris after a two weeks' stay here with his sister, Mrs. A. O. Thompson, and other relatives.

Mr. and Mrs. W. James Gentry of Lawton, Okla., spent Monday and Tuesday in the home of Mr. and Mrs. Herbert Haseloff.

Wayne Evans returned last week from a trip to Abilene, where he plans to enroll at Hardin-Simmons University for work on his master's degree. Both Mr. and Mrs. Evans are Hardin-Simmons graduates.

Clinton David (Dave) McDuff, son of Jonnie A. McDuff of Here-

ford Route 4, enlisted in the Marine Corps Tuesday at the Marine Corps Sub-Station at Amarillo. McDuff, a 1953 graduate of Hereford High School, enlisted for a period of four years.

Tommy Osborn and his sister and brother-in-law, Mr. and Mrs. Lindel Murray have moved to Muleshoe where Murray will be manager of the new C. R. Anthony store there.

Experiments conducted by West Virginia University Station dairymen show that cows benefit when kept in a comfort stall—49 by 84 inches—instead of in the smaller conventional tie chain stalls. Cows in comfort stall were cleaner, had fewer injuries, and produced more milk than those in chain stalls.

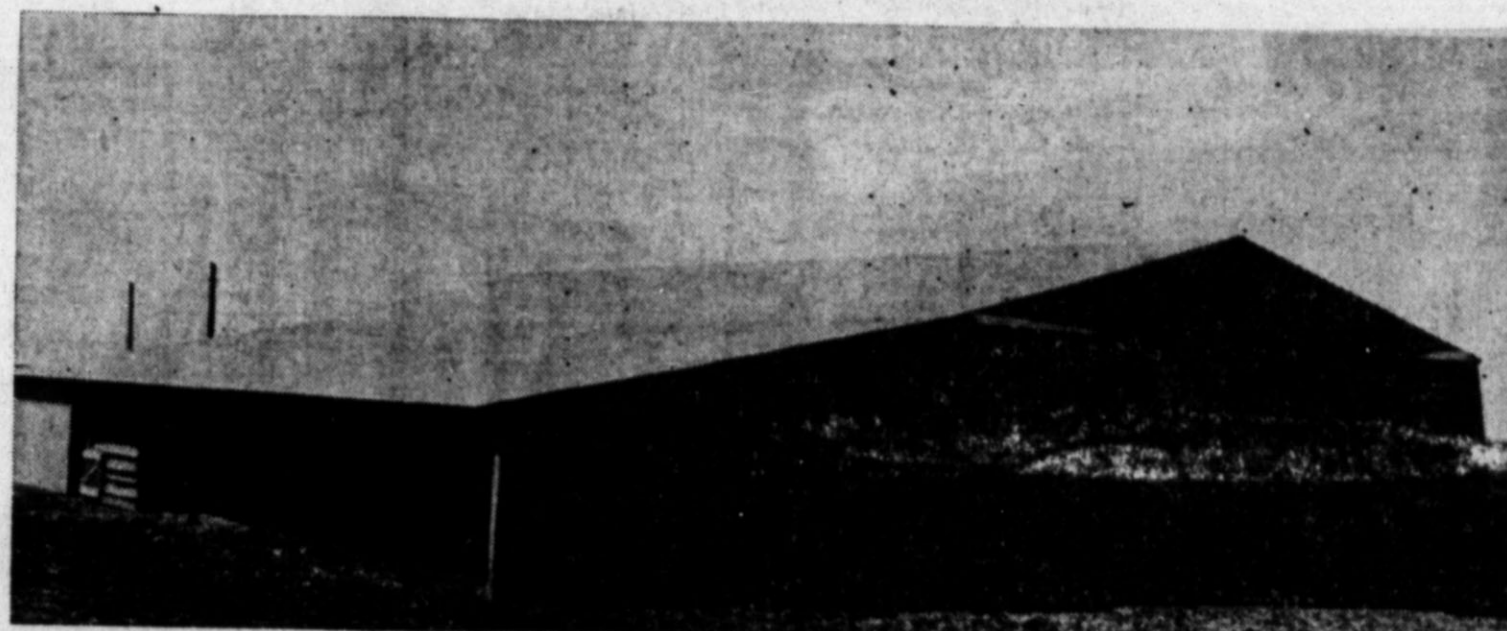

### House Guest Feted With Theatre Party

Judith Raye Haseloff entertained with a theatre party Tuesday afternoon honoring a house guest, Marjorie Adams of Vernon.

Following a lawn party at the home of Judith's parents, Mr. and Mrs. Herbert Haseloff, refreshments were served and the group Others in the group were: Pam Clay, Lynn Thompson, Patsy Woodell, Coleen Reeves, Rita Latham, Sondra Brumley, Margie Sue Muse, Zell Crump, Kay Caraway, Suzanne Yarbro and Robert Haseloff. Mrs. Haseloff was assisted by Mrs. R. N. Yarbro.

Average milk production per cow in the U. S. has been increased by more than 1000 pounds in the past 25 years.

VIRGIL ALSTON, G.M.S.A. and Richard Alston, R.D. 3rd., sons of Mr. and Mrs. J. H. Alston, are home visiting their parents on a 30 day leave. Virgil has been in the Navy one year and Richard has been in for three years. Virgil has been serving on the USS Gregory. Both boys returned to the states May 18.

### FOIBLES

By Kent Snare

The Press and Radio editions of the 1953 Colleague handbooks are beginning to hit the deck. Hardin-Simmons was the front runner and Bill Holmes with his Texas Tech offering was a close number two. Both of these short grass issues had a new word in their descriptive title, so instead of Press and Radio, as I annotated it, the proper terminology is Press, Radio and TV.

I am speculating if the NCAA is cognizant of this and on the approving side. Both booklets are crammed with info pertinent to their personnel, history, records, positive type, coaching staffs, schedules and et cetera. Hardin-Simmons has an eleven game slate including five Border Conference hassles with Arizona State, Texas Western, New Mexico Aggies, Texas Tech, and West Texas State at Canyon on October 24.

#### Outside League

Outside the league they tackle Rice, Tulsa, Oklahoma Aggies, Midwestern, Trinity and their Homecoming game with North Texas State on Nov. 21. The Red Raiders have the same number of contests slated, with also five of the Border Conference variety, including West Texas State in the lid-lifter at Lubbock on September 19. Texas Western, New Mexico Aggies, Hardin-Simmons and Arizona U. as the Homecoming foe on Nov. 7.

Outside their league, Tech has Oklahoma Aggies, Tulsa, Houston and the Mississippi Aggies on Foreign turf, and at home, they entertain Texas Aggies on Oct. 10 and College of the Pacific on Oct. 17, also a night brawl. Tech's player roster is studied with Junior College transfers to a degree that it rivals the California Biggies with their normal personnel rolls crammed with same.

#### California Rumor

There is a rumor that the California JC's are the player farms of the Pacific Coast Conference. This same rumor is open for denial and probably will be. Be that as it may, the Red Raiders have six Junior College transfers listed including two ends, a tackle, a guard, a center and a back. The center, Billy Ricketts from Hinds JC and Thomasville, Ala., apparently looks like the starter at the pivot, at 6 feet and 210 displacement. The back is also a biggie, 6-2, 180, cylept Walter Bryan and he is a left halfback from Olney and Tarleton JC.

No frosh are listed on Tech's rollcall to date and won't be available in full until Sept. 10, it say in the fine print. Hardin-Simmons is making no blaring forecast as to their overall team's accomplishments but they are high, indeed, on two of their ends.

### Fancy and Plain

By Kent Snare

Potentially Great End D. C. Andrews, co-captain, is listed as potentially the greatest end in H-S history and a potential All American, which would be difficult indeed, with their schedule. He is a two-way boy and was named in 1952 to both the defensive and offensive All Border Conference selections. By the bye, this lap we go back to one, and one only, All American team per selector, which will put some of the scribes back to scribbling, no doubt. The other end being promulgated is Chester Lyssy, who plays right end on offense and safety on defense. In 1952 he was 31st in the nation in pass receiving with 32 grabs for 359 yds. and in 1951 he ranked 17th with 36 take-ins for 470 yards. In addition he is more than somewhat of a two-way boy himself, having put in all but 2 minutes of the '52 H-S campaign.

The Cowboys had a nice touch in their Round-Up, during the seasonal schedule, wherein they took each game as it comes up, are listed the records of each series, plus historical facts and then with their time honored opponents, they have a separate section which is unusual to me.

#### Interesting Item

This interesting item is headed "It's a record with Trinity" (Taking their first opponent as an example) If—The Cowboys—(Then is listed various offensive and defensive records) followed by It's a record with Trinity If—A Cowboy player—exceeds then are listed individual records). . . Novel, eh what????

### Jaycee Families Have Picnic-Party

Jaycee members and wives held a swimming party and wiener roast recently with the group going to the Jaycee Park for the picnic feast after the swim at Municipal Pool.

Those attending were: Messrs and Mesdames Melvin Young and Penny; Clint Formby, Don Fudge, Jack Mitchell, Harold Loerwald, Sam Nelson and children; Bill Howard; Lilburn Hamilton and Charlotte; Dean Herring, Arthur Tinsley and Gary; and Bobby Owen

### Come-As-You-Are Party Is Held For Gail Biggers

Nancy Milford of Hereford and Sharon Cole of Colby, Kans., gave a surprise birthday party to honor Gail Biggers at the home of her parents Tuesday morning.

To celebrate Gail's 17th birthday, a come-as-you-are breakfast was arranged for the group with the surprise element adding to the fun. After the breakfast, school-talk made up conversation topics and pictures were taken of the group.

Attending were Mary Durham, Dorothy Veigel, Melrose Whitfield, Lajean Latham, Patsy Jackson, Nan Longbottom, Gayle Gault, Norma Grace Grace, Lu Durham, the honoree and the hostesses.

To help prevent bloat in your cattle, (1) feed good quality hay or other dry feed before turning cows into clover pasture; (2) place a hay rack in the center of the pasture; (3) watch cows closely when first turned onto pasture so you can give them immediate treatment.

This is to ANNOUNCE the REMOVAL of my DENTAL OFFICE from the Hereford Clinic to our New OFFICE at 907 PARK AVE. J. W. BARNETT D.D.S.

### IT FLEW, TOO, GIRLS

Elaine Anderson (left) and Janet Hoffman find it difficult to believe that anyone could have flown a Curtiss Pusher, an exact scale model replica of which is shown here. As young present day model plane fliers who hope to compete in the Plymouth Motor Corporation's Seventh International Model Plane Contest, they are amazed at the extreme design changes in the past 50 years. The International will pay tribute to the 50th Anniversary of the Wright brothers' original flight when 500 of the top model plane fliers assemble in Detroit August 19 through 24.

America's Favorite Style Windows  
Now Has a NEW-STYLE Frame

### ALUMINUM DOUBLE HUNG WINDOW

the window that never sticks!

Tired of prying up windows—scarring sashes and sills? Tired of pulling and tugging to raise and lower? Ualco's new style aluminum frame is the answer! With Ualco's spiral-type sash balance, you are certain of smooth-gliding, maintenance-free operation. No cords. No weights. No pulleys.

And your satin-smooth Ualco Aluminum Window is air-tight. Completely weather-stripped. It keeps heat in . . . dust out! Its attractive hardware is lifetime quality. So, for remodeling or building a new home—INSIST ON UALCO WINDOWS. Come in and see them. We'll be glad to help you plan.

## Negro School Problem Is Omen Of Future Troubles

Hereford has "growing pains" again. This time it is the negro question and, as usual, it has turned up in the school system first.

The school board, already faced with six rooms of students who will open the 1953 term in churches of the community read petitions at a special meeting Tuesday night and listened to a delegation of Negroes who courteously plead for "a chance to educate my children." The approach was one of despair rather than antagonism. The board promised the delegation to provide a school as soon as possible, then appointed a committee to make every effort to open the school on schedule next month.

The school board, according to Texas laws, appeared to have little choice in the matter. The law requires that equal educational opportunities be furnished the negro. It likewise requires that negroes be segregated in a separate building and, at the same time refuses the segregation of Latin Americans. These facts came to light when the board discussed enrolling the nine Negro students in regular classes. Text books, although the same in content, cannot be exchanged between white and color-

ed students through regular school channels.

School board members were generally inclined toward renting temporary negro quarters for the 1953-54 terms for two reasons. First, the current high school building program will exhaust their financial resources; second, they were inclined to feel that the Negro population—once a school is provided—will expand by leaps and bounds, creating a future demand far in excess of any possible structure which might be erected this year.

Meanwhile, the situation provides a definite cue for city and county officials. The school situation is merely the forerunner of a series of race problems which the community will face within the next few years. Hereford's Negro population has, time after time, been refused the purchase of real estate. The Negroes are anxious to buy land and build homes. Furthermore, several of them have the money. They have even asked for a "Negro section" to no avail. The City or County cannot, naturally, designate any particular section as "Negro town." On the other hand, there is no question but that the negro population will want to buy homes near the location of any Negro school which may be established.

The situation, clearly calls for cooperation between all three agencies. If the school district should locate its Negro school on its nine-acre tract north of Swanky Texas Avenue, things would really hum. On the other hand, people who live in other areas have just as much right as those who reside on Texas.

Starting from scratch has its merits, however. With all three governmental agencies cooperating toward a good location which can be served by adequate water, sewerage and other utilities, Hereford can establish a modern, clean Negro area which will be free from shacks, disease and other prevailing hazards of the city slum districts. Such an area would naturally attract the better class of Negroes to Hereford. Besides, it would be much cheaper than clearing out an already existent area, then rebuilding a new one. A community built along a plan is always much better than one which springs up of its own accord.

Regardless of how you feel about the situation, it is inevitable. If the citizens of Hereford continue to be Texans and Americans, they cannot deny the right of the Negro to exist or to be educated. It appears, therefore, that the best solution is that of working out a reasonable plan.

## City Tax Discounts

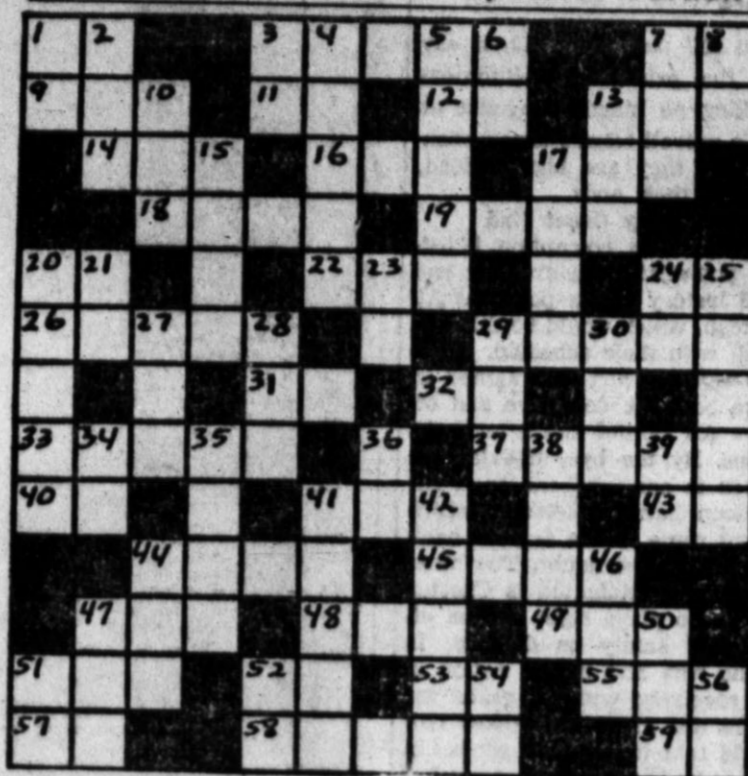

Announcement was made this week that City of Hereford tax collections will go on a discount schedule comparative with State, County, and School district taxes for early payments. The discounts will allow three percent in October, two percent in November and one percent in December, and will go on a net basis in January.

The method of collections has, for a number of years, proved to be a sound business policy for taxing agencies all over Texas and should also provide a means of earlier and more complete collections for the city. The old system of allowing no discount for early payments has, to say the least, been unpopular and has drawn considerable comment and ill-will from scores of city tax payers. In cases where the city might borrow operating funds it would, no doubt, prove an actual saving.

The plan, likewise, eliminates a great percentage of the costs in preparing additional notices, resulting in savings on stationery, postage and labor. All in all, it will apparently be a popular move for the City of Hereford and keeping the tax payers happy, though next to an impossible feat, is the best possible trend toward 100 percent tax collections.

"The economizers, trying to trim 'Big Government,' find it hard going. It's easy to start a Federal project or bureau, but hard to get rid of it. For instance, the NRA—found unconstitutional in 1935—still appears in the Federal budget. The time has come to get rid of unneeded bureaus and be chary of starting any new ones." SAUGERITIES, N. Y., CATSKILL MOUNTAIN STAR

### QUESTION OF THE WEEK

## Hereford Bull Column Is First Choice For Most Brand Readers

What do you usually read first in the Hereford Brand and the Sunday Brand? What do you usually read second? J. M. POSEY

I read the "Bull Column" first because I want to see with whom the editor is starting another argument. I read "Chip Shots" by Bud Posey second to see who is shooting what in golf.

CLAUDE HIGGINS

I read Jimmy Gillentine's "Bull Column" first because he gives a lot of information also with a lot of fun. Second, I read Mrs. R. C. Childers Northwest Hereford News because if you want an accurate farming account just read her news.

MRS. C. L. WHITEHEAD

I get a lot of fun out of Tater Peelins by Roberta Campbell and I always read that first. I usually read the Around Town second because there I see what people are doing and where they are going and what they have gotten into.

MRS. CARLOS VAUGHN

I usually don't read any special feature first. I just start with the front page and continue through the paper.

MRS. A. L. MANJEOT

All of our family reads the "Bull Column" and miss it each time it is not in the paper. We like the humor and philosophy in it and it seems just like a "neighborly chat." I usually read the front page and the editorials written by the editor because I feel like it gives me more information about the public spirit of the people. Second, I read the Society page because so many of my friends are involved and I like to know what the people are doing and where they are going.

MRS. J. T. GILBREATH JR.

I usually look over the headlines and then start reading the front page and go on through the paper. I don't have a special feature to read each week.

## 'Tater Peelin's

By Roberta Campbell

"Thank You, Mr. Hardwick!" We thoroughly enjoyed "It Happens Every Thursday."

And we hope every one of you parents will take your youngsters to see "Nature's Half Acre" out at the Tower this week.

We saw it with Buster at the star a year or so ago but will see it again.

As we remember "Cattle Drive" is another picture especially recommended for children to see.

What is the sweetest music you ever heard? Some would answer one thing like a chair, or a pipe organ, or a band and others the voice of a child or the song of a bird or maybe the wind in the trees but right now we can't think of a thing that sounds better to us than the sound of a windmill that is pumping water.

For five weeks we have been faced with the problem of water for sheep, chickens, numerous pets, household use, and canning and it isn't easy with two ten gallon cans.

If you are pinin' for the good old days you can certainly have 'em.

Maybe you haven't tried livin' without modern conveniences lately.

By Vern Sanford

**TEXAS PRESS ASSOCIATION**  
AUSTIN — Business has been booming in Texas the past six months despite the farmer's plight. A report from the Bureau of Business Research of the University of Texas reveals that the first six months of 1953 were "the best in Texas' business history."

Heaviest activity was in the industrial growth of the state.

### Showers Help

Scattered showers continued to fall over Texas, putting a dent in the drought situation.

The U. S. Department of Agriculture reported that much of the state was benefited, except for dry southern counties. More rain is needed everywhere, the USDA said especially in the south and the southern high plains.

Reportedly good was the outlook for a cotton crop.

### Conservation Needed

Texas potentially has an ample water supply. But at present about 85 per cent of the flow of Texas' rivers goes into the Gulf of Mexico.

That circumstance was reported to the Senate by Senator Lyndon B. Johnson, who based his remarks on a study made by the Sustin office of the U. S. Reclamation Bureau.

Johnson recommended that the federal government and the state work together for the conservation and use of this water so as to provide food, clothing, and industrial opportunities to an ever-increasing population in the Southwest.

### Federal State

Federal-state cooperation was a principal subject as the National Governors' Conference met in Seattle, Washington.

Governor Shivers, chairman of the conference this year, opened the sessions with a keynote address.

Scheduled to appear during the conference are President Eisenhower and some members of his cabinet, including Mrs. Oveta Culp Hobby of Houston, Secretary of Health, Education and Welfare, and Attorney General Herbert Brownell.

### Budget Study

When Shivers left Texas for Seattle, Lt. Governor Ben Ramsey took over as the state's chief executive and immediately went to work as presiding officer of the Legislative Budget Board.

The Board instructed its staff to tackle the problem of a separate appropriations item to augment the salaries of topnotch professors so that they might be attracted to the state's colleges and universities.

Being studied too were plans for subsistence allowances for state hospital workers, the financing of a long-range land-use, drought-combat program. Much time also was devoted to budgeting plans for all buildings and capital investments so the Legislature can study the state's building needs as a whole rather than acting upon separate requests from different agencies. Vernon A. McGee, budget director, was re-elected for a one-year term.

### Legislative Council

Members of the Texas Legislative Council, meeting in a two-day session here, have given top priority to studies on six different and unrelated subjects.

- 1. Protection of livestock from disastrous disease and the control of such diseases methods of financing control; means of paying livestock owners for losses incurred under control and eradication measures.
  - 2. Comparison study of game and fish laws of other states and their conservation programs.
  - 3. Study of proposals for reorganization of court system.
  - 4. Inventory of public lands.
- Other matters set for study included general recodification of Texas laws, last done in 1925; laws relating to annexations by cities; and a study of codification of the juvenile delinquency laws.
- Director John D. Mosely was given authority to move the commission's headquarters from the Capitol to 105 West 14th Street.

### Removal Proceedings

Testimony will be heard here, beginning August 17, in removal proceedings against District Judge C. Woodrow Laughlin of Alice.

District Judge D. B. Wood of Georgetown, commissioner for the state supreme court in the case, set the date.

After the testimony is received, the record will go to the supreme court for decision as to whether (Continued on Page 5)

## Panhandle Paragraphs

### CAR FOR LAZY GOLFERS

Automobiles are being manufactured in New Braunfels. N. A. Slaigh, San Antonio pipe line contractor and owner of the New Braunfels Iron Works, and his partners have transferred the construction of a deluxe, battery operated "electric caddy" to the local iron works from San Antonio.

The small auto, designed to limit the physical effort of golfing to a little more than elbow bending, will tote two golfers and their gear about any course.

Work on 20 of the run-about has begun, and as soon as the first one is completed, New Braunfels will have a look at its newest product.. NEW BRAUNFELS HERALD

### RAIN FOR CANYON

Canyon has received 1.13 of an inch of moisture during the past week.

Moisture falling Wednesday night measured .12 of an inch; with the heaviest fall coming Monday when .96 was measured; and a light sprinkle of .05 falling Tuesday night.

The rainfall in Canyon up to Tuesday night has been 7.21 inches for 1953. THE CANYON NEWS.

### WATERMELON HARVEST

Three Pittsburg brothers are just getting started harvesting 200 acres of watermelons in northwest Upshur County. When the harvest is over they expect to have shipped more than 100 freight carloads of Black Diamond watermelons.

"One of the hardest things in raising watermelons," explained Bill Richardson, "is that we move to different land every year, in order to insure getting a good quality disease-free crop."

The land they are growing this crop on has been laying out for about ten years. THE GILMER MIRROR, Gilmer, Texas.

The **BOOTLEG** Philosopher

Editor's note: The Bootleg Philosopher on his Johnson grass farm probably is assuming too much power for the latest evidence of scientific progress.

Dear editor:

You can't always tell how far ahead of his times a man is just by lookin at him.

Take me out here in this grown-up-in-weeds Johnson-grass place. You'd think that by talkin' around I was at least twenty-five years behind the times, but there's nothing to it. I may be twenty-five years behind in my work, that's true, but I do not intend to stay that way; a year from now I'll be twenty-six years behind, the year after that, twenty-seven. I believe in progress. It's people who stand still that's holdin in this country back.

Yet you can't always judge by appearances. Take my cattle. Lots of people have poked fun at my cows, on account of they look sorry, and up to now maybe they have been sort of sorry, and I'll admit I haven't seen any cafes with menus advertising Jersey Steer T-Bone Steaks, but I read last night where a couple of men have invented a process for tenderizin meat, and under this new system it may be hard to tell a Jersey steer steak from a Kansas City four-dollar number. Under this process, as I understand it, all you do is sprinkle the meat with this atomic dust or whatever it is and a stringy roast, the kind a dog would tire out his jaw muscles trying to handle becomes as tender as the right side of a high priced T-bone.

Of course, my production-per-animal out here may not be so great as it is with these registered cows, the per-pounds-per acre of pasture may not be so big, the growth-per-day may not be so fast, but in the final analysis when I sit down to a steak it ain't much concern of mine how long it took to reach my plate or how many miles the calf had to walk to find enough grass to grow up on. Just give me elbow room and keep the salt, peper and the bottle of tenderizer handy is all I ask.

However, I ain't too hopeful yet. Some bird is liable to throw a monkey wrench in the thing somewhere, or cows are liable to catch on and develop immunity to the tenderizer, but I don't intend to change my whole cattle program out here until the thing has been tested out fully, which will take years.

I hope it works, and if it does there may be other fields of endeavor where it might be applied. For xample, there are times when a little tenderizer, sprinkled on a banker, would be just the thing to help swing a loan. There are merchants who have a tendency to clamp down on my credit, and if this new dope works on one of my cows, it'll work on anything. Looks like it's goin to beat catsup all to pieces.

Yours faithfully,  
J. A.

THE COCKRELL FAMILY held a reunion here recently. Seventeen attended the reunion, some as far away as Del Monte, Calif. Those attending were: back row, from left: Rev. and Mrs. Vernon Chambless of Fort Worth, Mr. and Mrs. J. C. Cockrell; Mr. and Mrs. J. W. Cockrell of Del Monte, Calif.; Mr. and Mrs. Edgar Russell of Littlefield, and Mr. and

Mrs. Laverne Frost of Abilene. Front row, from left: Bettye Kay Russell, Larry Cockrell, Allen Cockrell, Ronny Chambless, Carolyn Jean Chambless Gary Frost, and David Cockrell. Saturday the group enjoyed a fishing and boating party at Buffalo Lake. On Sunday a family dinner was held in the Cockrell home. (Travis Caraway Photo)

### Highlights . .

(Continued from Page 4)

Judge Laughlin shall be ousted from his office. Ouster proceedings against Judge Laughlin were brought by 11 South Texas lawyers, who charge that irregularities have occurred in the judicial district which is politically dominated by George Parr.

#### Drouth Relief

Federal drouth relief legislation, passed by Congress, provides \$30 million for economic disaster loans, \$60 million for special livestock loans, \$40 million to subsidize shipments of feed and seed to disaster areas, and \$20 million for production and subsistence loans under the Farmers Home Administration.

Farmers and ranchers, not only in Texas but also in other parts of the Southwest, will be eligible for assistance under the program.

Prior to the passage of this bill, \$16 million already was available for drouth relief from Agriculture Department funds.

#### Hay From A&M

Chancellor Gibb Gilchrist of Texas A&M said the school's board of directors will determine how the institution will participate in a hay and feed distribution program.

Attorney General John Ben Shepperd had ruled that the college has full legal authority to furnish hay and feed to drouth areas.

William L. McGill, state defense and disaster relief co-ordinator announced that the college would be asked to set up a \$500,000 revolving fund to administer volume purchases and distribution of hay.

Most of the relief livestock feed will have to come from other states in the opinion of Agriculture Commissioner John C. White, who completed an inventory showing that

Mrs. Morgan Cole and daughters Sharon and Janet, of Colby, Kans., have spent the past two weeks in Hereford with relatives. Mrs. Cole is a sister of Mrs. Emil Detman, Mrs. Joe Smith and A. G. Biggers.

Church of Canada have cooperated and continued to do so.

Severance was 75 percent destroyed in the fighting of 1950-51, but is now being rehabilitated as rapidly as possible, with aid both from the United Nations and from Christian churches and mission boards in the United States.

only about 10 percent of the needed amount is available in Texas.

#### Rate Cut

McGill said the state disaster committee was awaiting word from Southwestern railroads as to whether they would grant a 50 percent freight reduction on shipment of livestock from drouth areas to pastures elsewhere.

Granted by the rails were half rates on shipment of feed into the parched areas.

#### Banks Helping

Cattlemen will get help from state banks, said State Banking Commissioner J. M. Falkner.

Falkner reported to Governor Shivers that he had talked with most of the state bankers in the drouth disaster area, and "It is their thought that where they are financing cattlemen who have a home and are not hopelessly in debt, they are willing to ride out

the depression with them."

#### Dairymen, Too

Help will be coming for the dairymen as well as farmers and ranchmen, Secretary Benson said in response to a telegram from C. O. Norton, representing the North Texas Milk Producers Association.

Benson stated: "It always has been the intent of the instructions by the Department of Agriculture regarding delivery of feed that dairy men should be included on the same basis as beef cattlemen."

SHORT SNORTS—The shortage of teachers is so acute that many schools may be forced into half-day schedules next Fall, predicts the Texas State Teachers Association. . . Under new laws passed by the last Legislature, you must have your car inspected between September 15, 1953 and April 15, 1954.

## A TRIBUTE TO BROTHERHOOD WEEK!

The Good Book says "Love thy neighbor as thyself." How much each of us is following this injunction is a personal matter, and a national, yes, world-wide crusade. If we are to live in peace and plenty with our neighbors . . . of whatever race, color and creed . . . the time is now to start demonstrating that long-cherished dream. We're all brothers "under the skin." There is no fundamental difference in our yearning to live happily side by side. So now, while Brotherhood Week is being recognized, let's all be friendlier and just see how much a broad smile or a pat on the back will pay us in friendship dividends!

#### Army Doctor, Wife Cited for Service To Koreans

Major Donald Robinson of Elkins Park, Pa., a United States Army doctor in service with the

United Nations forces in Korea, has been cited recently for his service, together with that of his wife, in Severance Hospital and Medical School in Seoul.

Noting the plight of Korean civilian casualties in and around Seoul, Major Robinson secured permission from the military authorities to bring his wife, a trained nurse,

to Korea for help in Severance. Both of the Robinsons are now giving as much time as possible to service in that institution.

Severance Hospital is an interdenominational institution of long standing in Seoul, in which the Methodist Church, the Presbyterian Church in the U.S.A. and the Unit-

# ATTENTION, MR. FARMER!

## Lets Look at the WHEAT QUOTA REFERENDUM

On August 14 wheat farmers will vote for or against marketing quotas for the 1954 crop. As required by law, the Secretary of Agriculture has proclaimed wheat quotas—subject to a grower referendum. Two-thirds or more of the eligible farmers who vote must approve quotas before they can be put into effect. Farmers themselves will therefore make the final decision on whether or not quota controls will apply to 1954 wheat Production.

#### WHY THE QUOTA REFERENDUM?

The controlling legislation provides for a quota proclamation whenever the total supply of wheat available for the marketing year exceeds the "normal supply" by more than 20 per cent. The "normal supply," as determined under the formula of the law this year, is 1 billion 156 million bushels. The supply actually available is estimated at 1 billion 760 million bushels—the largest supply in the Nation's history, and more than 50 percent above the "normal supply."

In this situation, the proclamation of quotas was mandatory.

# STOP HERE . . . THIS →

## WHO CAN VOTE IN REFERENDUM ?

Any wheat producer who would be affected by marketing quotas -- More than 15 acres -- is eligible to vote in the referendum.

## WHEN TO VOTE ?

8 A.M. to 7 P.M. FRIDAY, AUGUST 14th.

## WHERE TO VOTE ?

Community "A" Courthouse, Hereford, Texas (Precinct 1)

Community "B" Courthouse, Hereford, Texas (Precinct 2)

Community "C" Walcott School (Precinct 3).

Community "D" Sims Community House (All Precinct 4 west of Blk. K-4 & 5)

Community "E" Daniel Community House (Precinct 4 east of Blk. K-5 & 6 and east)

For Further Information See Your P.M.A. Office.

## MR. FARMER — WE URGE YOU TO VOTE !

Pitman Grain Company  
Hereford  
Pitman Grain Company  
Summerfield

Sears Grain Company  
Fraser Milling Company  
Dawn Co-Op

Packard Milling Company  
Uhlman Grain Company  
Hereford Grain Corporation

YES? ?

NO? ?

### If the vote is "YES"

- Marketing quotas will be in effect for all farms planting more than 15 acres of wheat.
- Marketing penalties will apply on any wheat produced on acres in excess of the farm's allotment.
- Price support at 90 percent of parity will be available for those who stay within their acreage allotment.
- Quotas can be expected to hold down production; helping to bring supplies more nearly in line with the effective market demand.

### If the vote is "NO"

- There will be no marketing quotas, with their penalty controls.
- Acreage allotments, however, will continue in effect.
- Price supports will drop to 50 percent of parity for cooperators. Non-cooperators—any who exceed their acreage allotments—will not be entitled to price support, even at the 50 percent level.
- In the absence of quota controls, production can be expected to continue at higher levels—possible adding to the wheat surplus.

MRS. C. A. SAULCY of Westway proudly displays a set of 83 pieces of exquisite china which were sent to her recently from her sister, Mrs. Johnny Ballard of Bad Kreamach, Germany. Along with the china was a lace tablecloth, decorated candles and candle holders, ash trays, inscribed in German, and a "Knight" cigarette lighter.

## Westway News

**KAUL-COMBS**  
There were 63 present for Sunday School and church services last Sunday. Larry O'Dell of Amarillo, Delmon Moll of Hiawatha, Kans. and Peggy Townsend of Frio were visitors. Patricia Ranspot gave her birthday offering.

Those in charge of the WYP meetings for this quarter include Mr. and Mrs. Roy Lee Wilson, Mr. and Mrs. Merlin Kaul, Mr. and Mrs. Glen H. Williams, and Mr. and Mrs. Robert Boyd.

**Fifth Sunday Singing**  
Singing Sunday afternoon was well attended with singers from Hereford, and Summerfield joining

singers here. An announcement was made of an all day singing to be held at the Bippus Community House on the fifth Sunday of this month and all singers from this area are invited and urged to attend. There will be a basket dinner at noon.

The Revival of the Baptist church is scheduled to begin Monday night with Rev. Garland Allen of Lubbock as the evangelist. Everyone is cordially invited to attend the services which will begin at 8 o'clock in the evening.

**Get Acquainted Coffee**  
Mrs. Oscar Hinger was honored with a "get acquainted" coffee at

her home Tuesday morning. Mrs. Hinger was hoeing in the cotton patch and had decided it was about time for a second cup of coffee when her neighbors began driving in and brought their coffee makers along with some delectable sweets to go with it.

Those present included Mrs. J. C. Morrison, Mary Lynn and Judith, Mrs. Jimmy Thomas, Diedra, Dan, and Deborah, Mrs. Joe Landers, Mrs. Abraham Drager, Mrs. E. B. Garrison and Jackie, Mrs. Dick Godwin, Mrs. C. A. Saulcy, Mrs. Joe Wagoner, Mrs. Leo Ohlig and Billy; Mrs. Merlin Kaul, Mrs. Johnnie Townsend, Mrs. Johnnie Turrentine, Janice and Carol Ann; Mrs. Elvin Wilson, Mickey, Darlene, and Diane; and Mrs. Hinger.

Mr. and Mrs. Jimmy Thomas and children went to Lockney Friday and again on Sunday where they were called by the serious illness of Jim's grandmother, Mrs. H. D. Thomas.

Mr. and Mrs. L. A. Mullins and boys of Bovina were visitors Sunday in the home of her mother, Mrs. C. A. Saulcy.

**Helping With Plowing**  
Teddy Alsop was helping Bobby Jones with his plowing last week. Danny and Deborah Thomas had small pox vaccinations last week. Danny, who starts to school this fall, now feels that he is getting pretty close to the "big day" when school starts.

Mrs. R. L. Clark and children, Gloria and Beverley, and Mrs. Finis Wright of Dimmitt were visitors in the home of Mr. and Mrs. Elmer Combs Saturday afternoon. Mrs. Wright is a sister of Mrs. Combs.

Mr. and Mrs. John Higgins and Mr. and Mrs. Lester Rounds of Leedy, Okla. visited last week in the Wesley Higgins home. Wesley is the son of Mr. and Mrs. John Higgins and Mrs. Rounds is his sister.

Donald Evans of Amarillo, son of Rev. R. D. Evans pastor of the Baptist church here, was working at the Renfro processing sheds last week. He is staying at the Robert Boyd home in Hereford.

Mr. and Mrs. Bernie Northcutt and family have been making frequent trips to Rosedale, N. M. to assist in the care of Bernie's father, J. H. Northcutt, who is seriously ill.

**Attended Convention**  
Leo Ohlig attended a Farm Bureau convention at A&M College at College Station last week.

Mr. and Mrs. B. E. Garrison and Jackie spent Wednesday in Plainview on business.

Mr. and Mrs. Lilburn Hamilton and daughters Charlotte, Patty, and Rene of Hereford were guests at a weiner roast and ice cream supper at the home of her sister,

Mrs. Elvin Wilson Sunday night. Little Charlotte Hamilton remained in her aunt's home Sunday night and Monday.

Billie Jean Barnett of Summerfield was a guest of Sandra Townsend last Sunday night.

**Gone With Scouts**  
Craig Hinger spent last week at Pecos, Colo. where he went with his Scout troop from Canyon. The group plans to go on a 30 mile hike in the mountains.

George and Lillian Drager attended a Youth Camp of the Lutheran Church at Ceta Glen Canyon of Palo Duro last week.

Kathleen Hinger visited last week in Skellytown in the home of her aunt and uncle, Mr. and Mrs. D. V. Biggers.

Mr. and Mrs. Leo Gallagher returned recently from Fort Worth where they went to make the acquaintance of their second granddaughter She is the daughter of Mr. and Mrs. Herman Kubick and has been named Loretta Ann. Mrs. Kubick is a daughter of the Gallaghers.

Mr. and Mrs. Bobby Jones have returned home after spending several weeks in the wheat harvest in the northern panhandle.

Several 4-H girls from the SLO Club and their sponsor Mrs. Elmer Combs attended the Bake Show at Veteran's Club House in Hereford. Gayle Wagoner received first place on her cherry pie and Sandra Townsend received third place for butter cake.

**Fried Potato Supper**  
Mr. and Mrs. D. C. Martin and Carroll Don and Mr. and Mrs. Cawthon Bryant and John David of Hereford were guests at a "Fried Potato Supper" at the Merlin Kaul home recently. The potatoes were served with hamburgers, home made ice cream and cake from tables set up on the lawn.

Andrew Kershen was quite ill recently. He was suffering with an attack of sinus.

Henry Fangman, who lives on the place known as the Tom Vaughn place, had an irrigation well put down this summer. Fangman has been dry farming since he purchased the place more than 10 years ago. Another well put down on the Paul Rudd farm has pulled the water from the well where Paul's son, Harold lives. Harold will have to deepen his well to the depth of the irrigation well.

Many rainy looking clouds in this vicinity the past few days but no appreciable amount of moisture.

Pasturing hogs saves labor and helps maintain soil fertility besides producing pork at less cost. There are usually fewer runts in pasture-fed litters. And pastures help cut worm infestations and other swine diseases.

### Hymn Writers Are Asked To Submit New Material

The Hymn Society of America, in consultation with the World Council of Churches, is asking hymn writers to write and submit new texts for a hymn or hymns "suitable primarily for use in connection with the Second Assembly of the World Council of Churches (Evanston, Ill., August 1954) and similar gatherings, and based on the Assembly theme, "Christ—the Hope of the World."

The Hymn Society will publish one or more of the best new hymns

submitted, and one will probably be sung at the Assembly.

All will be made available for other church assemblies and for hymn book publications. According to President Deane Edwards, of the Society, all texts should be sent to the Hymn Society of America, 297 Fourth Avenue, New York 10, N.Y., not later than December 1, 1953. The texts submitted should be written to well-known meters found in the standard hymn books, for no new tunes are being sought at this time.

An author may submit several texts, if he so desires. President

### Farm House Is Damaged On Place West Of Frio

The Frio Fire Department was called to the F. W. Reeves farm one and one-half miles west of Frio Wednesday morning at 2 o'clock.

The kitchen in the Virgil Evans home, which is located on the

Edwards has named as co-chairmen of the committee to judge the texts Dr. Earl E. Harper, of Iowa City, Iowa, and the Rev. Phillip S. Watters, of New York.

Reeves farm, was on fire which apparently started from a leakage in the gas line.

Beside the kitchen being damaged there were slight damages to the rest of the house.

Justices of the Peace who get a regular salary may keep fees collected for performing marriage ceremonies and for acting as Ex-officio Notaries Public.

go hand in hand—Pepsi is dry,  
LIGHT, reduced in calories

This model of slim-waisted elegance is by Christian Dior.  
To be worn by the modern woman, whose greatest care is to keep her figure young—and whose taste, therefore, is for lighter foods, lighter beverages.

Among them, Pepsi-Cola. For Pepsi has kept itself up to date with her modern, more wholesome way of living!

That's why today's Pepsi-Cola—dry (not too sweet), reduced in calories—is more popular than ever.

It's the modern, the light, the LEAN refreshment—refreshes without filling.

 hospital and we wish her a speedy recovery.  
 We are glad to report that Mrs. F. J. Walterscheid returned to her home after a week's stay in the hospital and we wish her a speedy recovery.

**THEIR WARDROBE IS IN ORDER BUT...**

That's a pretty important "but".... How your child will succeed in his studies... how he will ward off colds or any other diseases to which he will be exposed depends not on his clothes, but his health. Before you send your child off to school, be sure he is in tip-top physical condition. Have your family doctor give him a check-up. He can advise corrective and preventive measures. Our prescription department is at your service ready to supply you with any medicines or vitamins your doctor prescribes.

**YOUR Pexall PHARMACIST**

**McDOWELL DRUG**

Storage, on and off the farm, is an aid to orderly marketing and farmers should plan and construct storage facilities if needed. This permits holding reserves of feed grain and forage for drought periods or other times when supplemental feeding is necessary or desirable.

## LET'S COOK SOMETHING Quickie Dinner Comes To Table In Casserole For Summer Day

One hot dish per meal during the summer. That's the recommendation of food experts who believe the hot food should have simple ingredients and planned to give the body what the summer meal needs.  
 Mrs. Sam Nelson makes what she calls a quickie dinner and it is a good recipe to slip in for that one hot meal. It's the kind of dish anybody can fix. It's inexpensive and it doesn't take much time to prepare. It comes to the table in a casserole and what's more—left over meats may be substituted for the ground beef.  
**Casserole Quickie Dinner**  
 1 lb. ground beef  
 1 medium onion chopped fine  
 2 teaspoons salt  
 1 teaspoon pepper  
 1 small can tomatoes—or 1 cup  
 1 tablespoon Tomatoetchup  
 2 tablespoons Steak Sauce  
 3 cups cooked potatoes cut in cubes  
 Brown beef and onion in butter or fat in heavy skillet. Add remaining ingredients and simmer on slow fire on top of stove. Ten or fifteen minutes simmering is enough but you may simmer longer if desired.  
**Lettuce Salad**  
 Mrs. Nelson serves this dish with shredded lettuce topped with a sweet-sour cream dressing, coffee, buttered rolls or bread and a banana-jello dessert.  
**Sweet-sour Dressing**  
 2 tablespoons salad dressing  
 ½ teaspoon sugar  
 ¼ teaspoon vinegar  
 2 teaspoons cream  
 Combine ingredients and blend well, then pour over shredded lettuce.  
 Mrs. Nelson says she often substitutes spaghetti for the potatoes if she has guests who do not like potatoes, or if the family indicates a desire for the spaghetti.  
 When using left-over meats, the meat is ground and browned in fat just like the uncooked meat, and the rest of the preparation is the same.

Grassland farming researchers say baling the straw off your legume stands can double clover yields next year. Clover yields are cut as a result of straw and weeds covering the crowns. Fertility that is removed can be replaced by spending less than \$2.25 per acre for phosphate and potash. Increased legume yield will more than take care of nitrogen removed.

cherry pie; Royce Lee Pruitt, daughter of Mr. and Mrs. Roy Pruitt, who won a ribbon for her butter cake, uniced; and Ettie Evelyn Walker, daughter of Mr. and Mrs. A. J. Walker, who was winner in the sponge cake division. (Staff Photo.)

# How Can I?

By Anne Ashley

Q. How can I remove the odor of tobacco from a room?

A. Place an open jar containing 1/2-ounce of spirits of lavender and a lump of salts of ammonia in the room. Spirits of lavender can be made by adding oil of lavender to some rubbing alcohol. Another remedy for tobacco odor is simply to place a dish of vinegar in the room.

Q. How can I determine the freshness of fish?

A. See that the gills are red, the scales stick close together, the eyes are bright and bulging, the fish doesn't have too strong an odor, the flesh looks clear and is firm to the touch.

Q. How can I make a skin softener?

A. To soften and whiten the face, neck, arms, and hands, mix and apply a little raw cornmeal and sour milk.

Q. How can I remove mud stains from garments?

A. Let the mud dry on the garments. Then try brushing with a stiff whisk broom, and if that doesn't prove effective, try scratching it off with the edge of a penny. This is just as sharp as is needed, and will usually do the work without injuring the material.

Q. How can I tell the difference between boiled eggs and unboiled eggs when they have become mixed?

A. Spin the eggs on a table. The boiled ones will whirl around fast, but those that are raw will make only one or two turns.

Q. How can I clean sponges that have become slimy?

A. Soak them in vinegar overnight, then rinse thoroughly in hot water, and hang out of doors to dry.

Q. How can I make an old ivory finish for woodwork or furniture?

A. An old ivory tint can be obtained by tinting light ivory paint with raw sienna and burnt umber. After this, apply a glaze coat of raw sienna mixed with burnt umber, and then wipe lightly.

Q. How can I relieve the burning of feet?

A. A little powdered tannin or powdered borax shaken into the stockings will work wonders if you suffer from burning feet. Either of these remedies is very soothing.

Q. How can I remove medicine stains from sheets or linens?

A. By applying a paste of fuller's earth and ammonia to the spots. Leave this on until dry and then wash the stains out of the material with cold water. After the cold water treatment, wash in the regular manner.

Q. How can I prevent the juice from running out of fruit pies?

A. The juice will not run out if the edges of the bottom crust are wet before adding the top crust, and the edges pressed firmly together.

Q. How can I clean enameled woodwork?

A. Mix one cup of kerosene, one cup of vinegar, and a half-cup of water in a bottle. Shake it up well, apply to the woodwork with a soft cloth, and follow that up with a dry clean cloth.

Q. How can I remove spots of paint from my shoes?

A. Try wetting the head of a kitchen match and rubbing the spots with this.

Stubborn Cap

If the cap on the nail polish bottle refuses to turn, try running hot water over the cap for a few minutes.

### Christian Churches Surrounding China With Missionaries

Part of the "strategy" of the Christian churches in many parts of the world to cope with the official ban upon Christianity under the communists in China is to "surround" China with churches of faith.

who have seen service in China but who are unable to carry on their ministry there at present, have been "deployed" for service among Chinese who are in Malaya, Borneo, Sumatra, and in hundreds of the smaller islands of the Pacific, and even within other nations on the Asiatic mainland.

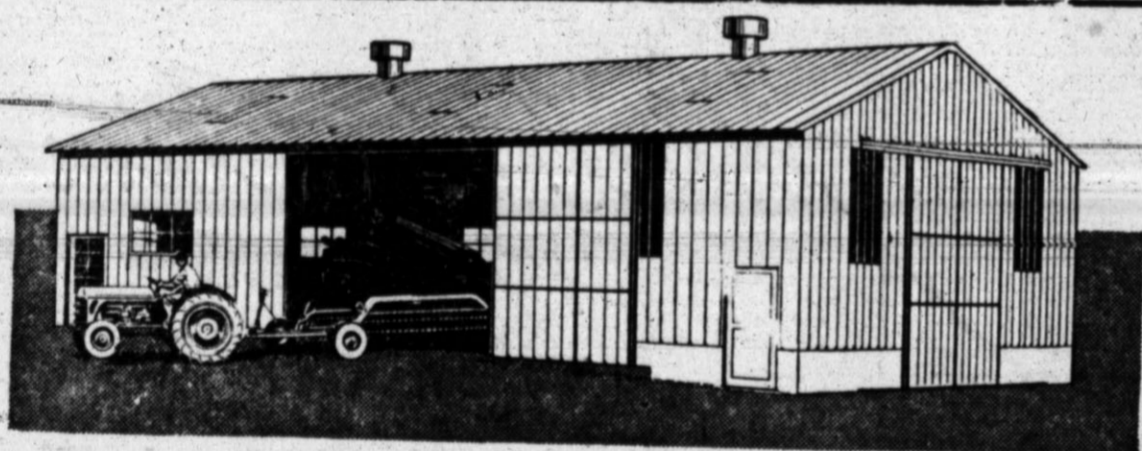

New attention is also being given to Christian work in the "China-towns" of the United States. Recently the Mission Board of the Methodist Church of Australia asked

Methodists (British) in Hong-kong to select a well-qualified Chinese preacher from the many in that city to serve among the thousands of Chinese—some of them established in business and some of them refugees—in Rabaul, the seaport of New Britain.

There are many Chinese youth there, and it is hoped that when China's mainland is open again to Christianity, some of these young people may go as missionaries to their own people.

## See and Price these new BUTLER buildings first

### Gives MORE SPACE Per Dollar

Make sure you see these new Butler clear-span rigid frame buildings before you build.

See how bolted construction speeds erection, makes later expansion or relocation easy, economical. Look at the clear-span interiors that let you use all the space you pay for. Notice your choice of galvanized or aluminum sheeting for weather-tight protection with minimum upkeep. Compare their price with any other buildings—you'll find you build better with Butler.

Get the Butler building story first—

You'll see how these new Butler buildings—in widths and lengths to fit your exact needs—will make your building dollars go farther!

RUSTY, I SMELL A RAT! THOSE LETTERS YOU SAW SHOW THAT THESE FELLOWS ARE TIED UP WITH "VELVET" KANE!

SURE, TEX... THAT'S WHY I TOLD YOU... ISN'T HE THE MAN WHO'S TRYING TO GET THAT CONTRACT FOR HORSES AWAY FROM MR. MILES?

HE SURE IS! AND IT WOULD BE JUST LIKE THAT ORNERY MAVERICK TO TRAP US INTO THIS FORGOTTEN DIRT ROAD WITH THAT DETOUR SIGN!

STAY HERE, RUSTY... I'M GOIN' TO HAVE A WORD WITH THAT FELLA CALLED "SCRUB" MARKY! DIDJA NOTICE WHERE HE WENT?

HE WAS SITTIN' IN THAT OLD CAR OF THEIRS A COUPLE O' MINUTES AGO!

MARKY, I GOT GOOD REASON TO BELIEVE YOU'RE WORKIN' FOR "VELVET" KANE... THIS HERE "DETOUR" GAG WAS TO KEEP US FROM GETTIN' TO LEXINGTON IN TIME... WELL, IT AIN'T GOIN' TO WORK.

VERY SMART O' YOU TO FIGURE THAT OUT... BUT DON'T BE TOO SURE YOU'RE OUT OF THE WOODS.

WE'RE TURNED AROUND AND READY TO ROLL... I WARN YOU, I CAN GET TOUGH, SO DON'T TRY TO STOP ME.

HAVE IT YOUR WAY, BIG BOY... BUT IF I WAS YOU, I WOULDN'T TRY DRIVING OVER THAT BRIDGE!

COME ON, RUSTY, LET'S GO!

OKAY, TEX, BUT WHAT DO YOU THINK HE MEANT ABOUT THE BRIDGE?

MEANWHILE, ON THE ROAD NEAR THE BRIDGE.

YOU BOYS STAY HERE ON THE ROAD AND STOP ANYBODY WHO COMES ALONG... I'M GOING TO FOLLOW UP THIS WIRE!

RIGHT, SHERIFF!

JEHOSHAPHAT! THERE'S A CHARGE OF DYNAMITE UNDER THIS BRIDGE TRUSS!
