## Purchase Of Park Site Is Announced By City

Hereford City Commissioners have purchased a 10-acre tract of land in the northeast section of town for a neighborhood park. It was announced Wednesday.

Purchase of the land is a part of the City's long-range planning. Cecil Massey, city manager, said, and does not mean that the park will be developed immediately. He said that the City plans to build neighborhood parks in each section of the city eventually.

The land is located between Avenue H and I and Fourteenth and Fifteenth Streets. It was purchased from Wayne Wallace for \$8500.

Massey said that the purchase came after a joint meeting of the City Commission and City Zoning Council with the park commissioner from Amarillo. He recommended a park in that area and said

it should be located as near to the schools as possible.

Massey said that the park would have playground equipment, probably a baseball diamond and other park facilities.

## County Accepts Highway Terms

Deaf Smith County Commissioners Monday, at their regular semi-monthly meeting, accepted the Texas Highway Department's terms for constructing of seven miles of hard topping on F-M road 1058.

The County agreed to provide all right-of-way.

Commissioners also approved regular monthly bills.

## Around Town

Talk Around Town this week centered on the grain harvest which has started to get underway in full steam. The recent frost helped the grain mature, and farmers were planning to get into the fields in force in the next few days.

And R. G. Peeler has announced a meeting of the Grain Sorghum Association Thursday night at 8 p.m. in the courthouse. Peeler urged all members of the Association to be present for the meeting.

The Farm Bureau convention has been re-set for Oct. 22. Virgil Dodson, president, said the meeting date was changed from this Saturday to next because of the "maize harvest."

Special veniremen called for the Wheeler murder trial received their checks this week and those who were not accepted for duty were surprised to find only \$2. It's the law, though. County commissioners had County Attorney Ed Line get down his law book to check the pay and sure enough it says that jury men called on a special venire get only \$2 and not the usual \$4.

Lots of tax payers are rushing to pay their taxes in October, tax offices here report. Most seem to be after that three percent discount.

The American Legion Auxiliary will serve a Mexican dinner from 11 a.m. until 8 p.m. here Saturday.

Mrs. Earl Plank, Don Zimmerman and Robert Wagoner were named as a committee to meet with a uniform company representative here this week to study styles and colors for the new band uniforms.

The annual Tierra Blanca Soil Conservation District field tour was held Wednesday afternoon. Eight farms were to be toured.

The housing problem in Hereford is getting serious. The Brand received only one "for rent" ad this week and person after person called at the office hunting

## Sugar Beet Acreage Allotment To Be Slightly Larger In Coming Year

Texas' sugar beet acreage allotment in 1956 will be higher than in 1955. Faust Collier, office manager of the Agricultural Stabilization and Conservation office in Hereford, said today.

Collier said that the U. S. De-

partment of Agriculture has announced that the state's allotment in 1956 will be 1631 acres, as compared to only 1590 acres in 1955. Since the Panhandle area is the only region in Texas that grows sugar beets, the announcement means that that much acreage will be available to growers in this immediate area.

## Schools Tie In Fire Drills Here

"It was a tie," Clay Angelo, fire marshal, said after witnessing fire drills at Central and Shirley elementary schools Tuesday.

Angelo said that Shirley's 520 pupils were given the first drill and they cleared the building in one minute and 20 seconds flat. Then the Central School students had their chance. The 450 pupils at that school cleared the building in the same time, to the second.

Angelo said that Central, although having fewer pupils than Shirley, had to overcome the disadvantage of having to clear a two-story building while Shirley is a one-story school.

It was plenty good for both of them," Angelo said.

## Regular Meeting Held By School Board Here

Hereford Rural High School trustees Tuesday night, at their regular monthly meeting, approved regular monthly bills.

All Board members were present for the meeting. Board President Robert Wagoner called a special meeting of trustees for next Tuesday night at 8 p.m., following the school bond election, to canvass votes.

## 'Hereford Has Unusually Good Fire Record In Past Two Years'—Angelo

"We have had unusually good records during the past two years," Clay Angelo, fire marshal, said Wednesday. Angelo was talking about the few fires Hereford has had in the past 21 months.

Asked about the record compiled by the local fire department for information to go into a story about Fire Prevention Week, Angelo said, "We have had an especially good year so far in 1955. During the first nine months our fire loss won't run over \$10,000."

## Two Guilty Pleas Heard This Week

Two pleas of guilty were heard this week in County Court.

Francisco Romas Hernandez entered a guilty plea to a charge of aggravated assault with a motor vehicle and was given a 30 day jail sentence and fined \$75 plus court costs.

The second plea of guilty came from Jim Brown Guinn, who was charged with driving while intoxicated. He was fined \$100 plus court costs and given a five-day jail sentence.

The only paid fireman on the Hereford department credited citizens of the town with the record. "And we have drastically cut our small runs for trash and grass fires this year," he said.

Hereford has a key rate of 23, one of the best ratings in Texas for cities this size. Angelo said the rating would rank the town among the top four or five in the state, and said the city had the best rating for a town without a paid fire department. The key rate is based on equipment, water storage and other such information.

The city also has a good fire credit of 20 percent, which means a saving of 20 percent on fire insurance for its citizens. The good fire rating can go as high as plus 25 percent or as low as minus 25 percent.

Angelo predicted that next year the rating would climb to 25 percent. He said the last five years are figured to come up with the rating.

Volunteer firemen plan a lot of activities this week. Wednesday at one p.m. they began giving free

## Deposits In Hereford Banks Show Increase

Bank deposits in Hereford are \$40,962.95 higher than they were a year ago, statements issued by First National Bank and the Hereford State Bank, reveal.

Following a call for condition by the Comptroller of Currency and the State Banking Commission, both Hereford banks released statements of condition. They reveal that deposits in the two banks total \$9,007,779.65 as compared to only \$8,966,816.70 a year ago.

Bankers pointed out that deposits are usually low at the time of the October call due to the fact that money has been going out on the grain sorghum crop, which is just getting underway.

Deposits are also higher than they were Sept. 30, 1953, when they amounted to only \$8,202,478.13.

While the increase in deposits is viewed as favorable, a like in-

crease in loans is not. Loans at both banks now total \$4,190,486.32. In 1954 at this same time loans outstanding totaled only \$3,422,462.16, and in 1953 the total was \$3,865,996.51.

Combined assets of the two banks total \$9,828,329.57 compared with only \$9,781,982.95 on Sept. 30, 1954, however.

## UCCW Will Hold Convention Here

The annual Convention of District 14 of the United Council of Church Women of Texas will be held Monday in the Presbyterian Church. Registration begins at 9:30 a.m. The program will begin at 10.

A luncheon will be held at the Methodist Church at 12:30.

Mrs. A. T. Mims, who is program chairman, will introduce Mrs. C. M. Carter. Mrs. Carter is a member of District 14 Board, and will be the speaker.

Following the luncheon the Home Demonstration Choral Club will entertain the group.

The United Council of Church Women also made a special announcement of a book review to be held Oct. 20 in the Methodist Fellowship Hall. Mrs. Lee Foster of Canyon will review the book, "The Far Journey," by Loula Grace Erdman, who will be here in person.

## Legion Zone Meet Is Held Tuesday

Five posts were represented at the Zone meeting of the American Legion here Tuesday night. Posts from Amarillo, Dimmitt, Vega and Hereford had delegates present. Mrs. Ira Ott, zone president, and Dorothy Long, zone secretary, presided at the meeting.

A resolution was passed that Charley Mason, zone commander, would write Congressman Walter Rogers to secure help in locating a National cemetery in the Amarillo vicinity.

It was announced that Sergeant Charles Davis of the National Guard will be in charge of a telephone to be presented Nov. 19 over one or both of the Amarillo TV stations for the benefit of multiple sclerosis. The program is sponsored by the American Legion. Jim Lee and Arch Dobbin will be the local contacts in Hereford.

After the meeting adjourned Don Moore, choral director of Hereford High School, presented a girls quartet; Clydene Allred, Carla Sue Crosthwait, Molly Gayle Price and Mary Anne Young. Miss Gladys Lee was the accompanist. The quartet was invited to appear on the telethon.

## Seven Cases Set In County Court

A County Court jury has been called for Monday, and County Judge Homer Henslee said seven cases have been docketed for hearing that day.

Twenty jurors have been called. Cases due to go to trial are: Jesus Garcia, driving while intoxicated; Ernest Robinson, DWI; Mercedillo Castillo, two counts of sale of liquor; William Isaac Allen, DWI; M. M. Plunk, swindling by worthless check; Jewell Davis, selling of liquor; and L. C. Watson, aggravated assault.

## Hereford Men On Antelope Hunt

Texas Panhandle antelope hunting began Wednesday and at least two Hereford men are among those trying for a kill.

Bill Lawrence and Otis Hall left for Dalhart Tuesday where they were to check in at the DeSota Hotel, headquarters for the hunt. Hunting will be supervised closely with wardens assigned to each ranch.

SOME SNAKE — Leslie Phillips poses with a big rattlesnake killed on the LeRoy K. Williamson farm north of Hereford. Williamson killed the snake at night. It had 12 rattles and was about four feet long.

## Final Rites For Mrs. Broadwell To Be Held Thursday Afternoon

Funeral services for Mrs. H. L. Broadwell, a prominent former resident of Hereford, will be held Thursday at 4 p.m. in the Presbyterian Church with Rev. Russell Wingert conducting services. Rev. Wingert will be assisted by Rev. J. R. Sharp of Canyon.

Mrs. Broadwell died Monday in her home in Amarillo. Burial will be in West Park Cemetery.

Mrs. Broadwell was born Sept. 14, 1873 in Fort Scott, Kan. She was a graduate of Oswego Presbyterian College. In 1911 Mrs. Broadwell moved here with her husband. She has been a very active member of her church and served in various offices of the women's organization of the Presbyterian Church. Mrs. Broadwell is a charter member of the Hereford Music Study Club and served as third president of this club. For several years she served as historian of the Seventh District Texas Federation of Music Clubs and also district chairman. When she moved to Amarillo she became a member of the Philharmonic Club and was active in this group until her death.

Survivors include two daughters, Miss Ella Broadwell of Amarillo and Mrs. Mary Carter of Hereford; three sons, Philip B. Broadwell of

Electra, David R. Broadwell, Frederick, Okla., and Harold L. Broadwell of Redmond, Ore., and two grandchildren.

Pallbearers will be Arthur Rogers, Wylie Roberson, S. O. Wilson, A. O. Thompson, George Heard and Gaylord Newell.

## Hootie Gilbreath Wins Top Honors In Golf Tourney

Hootie Gilbreath became the new Hereford women's golf champion Sunday by defeating Jo Brook four and three in the finals of the Ladies Tournament.

The champion defeated Helen Ann McWhorter, winner for the past two years, four and three in the first match. Helen Ann won the consolation bracket of the championship flight.

Winner of the First Flight was Ola Mae Trimble. She downed Sue Lovine four and three in the final. Consolation winner of the First Flight was Lucille Posey.

Second Flight winner was Farline Ross. She defeated Polly Manning two and one. Mary Harman took consolation honors in the flight.

Helen Ann McWhorter won medal honors in the tourney. A luncheon for all of the contestants and their husbands was held at the Hotel Jim Hill ballroom Wednesday.

Prizes were awarded to the winner and runner-up in each flight and the consolation winners.

CUBS GET A RIDE ON FIRE TRUCK — Clay Angelo is pictured giving Cub Scouts a real thrill — a ride on a real fire truck. The free rides came as part of the Fire Department's celebration of National Fire Prevention Week.

First and second grade students of all Hereford schools were also to get rides this week, as well as fire caps and junior fire marshal badges.

**PET PARADE** — These three-quarter pound pups are just a few of the 34 Mexican Chihuahuas Jack Wright and his wife find pleasure in. These are eight weeks old, when they grow up they will range from two to five and a half pounds. (Staff Photo)

It's getting so it isn't safe for a fellow to leave town anymore. I attended a director's meeting of Texas Press Association in Dallas over the weekend—and was truly confused as a result of my "big-D" contact. This centers mainly around the fact that I happened to listen to the "Hit Parade" program Saturday night, and would have sworn that they played, "Yellow Rose of Texas" as the No. 1 hit tune of the nation. Since Hereford has the reputation of being a "music-minded town," you can imagine my surprise when I returned home Sunday to find everyone singing, humming or talking about that recent hit, "Snake, Rattle and Roll."

It is the topic of conversation everywhere you go, whether at the kitchen sink, coffee corner, bus-est office in town or a club meeting. Even the Commissioner's Court had a rough time getting down to business Monday, due to discussion of the song. Understand that several of the "mumps" students asked some of our kids if "Snake, Rattle and Roll" was the official Hereford high song.

In addition to missing all of the excitement, I am told that some of my enemies are accusing me of starting the whole mess—and my "friends" are saying I left town because things were getting too hot. You just can't win. However, I am writing today for a certified copy of the TPA minutes so I can prove that the meeting was scheduled away back last August. What's more, if I tell the whole truth, I will have to admit that I am glad that I wasn't here. Apparently a lot of things were said that might have been better unsaid and, according to human nature, right about now is the time

someone will be looking for a "goat" to get them out of their troubles. This time someone else will have to be "it."

When it comes to schools, I think Hereford ranks among the best. The teachers are exceptional and the facilities are above the average. The curriculum is well planned and modern, I can think of no place in the country where a boy or girl could obtain better scholastic training.

On the other hand, I definitely go along with the parents who say that their children should not be threatened or intimidated in the classroom. Whether the band plays "Snake, Rattle and Roll" is really trivial to 99 percent of the students and parents. However, it is not American democracy when students or citizens are told that they cannot sign petitions, write letters to their newspaper, or otherwise express themselves—unless they want to be on the "outside looking in." This is definitely contrary to rights provided under the Constitution of the United States—and I think that the parents did right to protest.

Up to now, the only real casualty I have heard from the affair is that of one milk dealer, whose wife was brave enough to attend the meeting and voice her protest. A few hours later, the dealer recorded several route cancellations. Of course this is constitutional, but is not exactly based upon justice, together with the tolerance of opposition.

All in all, the blow up probably had to come some time. Maybe things will be better. Maybe not. Some people say that it was silly being centered around a song title

but, to me, it is still better than the Irving, Texas, mess last Summer.

I also hear quite a few people say that they are going to vote against the coming bond issue, slated for Oct. 18, for construction of a new grade school. This is a mighty poor attitude, and one which I hope will change during the next few days. Hereford needs another grade school. If anyone is tempted to vote against the bonds just to spite the superintendent or the principal, or any member of the school board, he should stop and think again. He is merely cutting off his nose to spite his face. Lack of school housing can not damage anyone except his own children. People who take such an attitude are hurting themselves, rather than the people with whom

they might disagree.

The place to settle administrative differences is in the trustee election, not the bond election. There is absolutely no sense in hurting yourself and your children, just because you are mad. Think it over—and I am sure that you will agree.

**ABOUT DALLAS** — The meeting I attended was held at the Essex Hotel last Friday, which was the day preceding the Oklahoma-Texas football game. It was interesting to me in that every stick of furniture had been removed from the big hotel lobby, and from the entire mezzanine floor. I attributed the situation to previous havoc wreaked by football enthusiasts. Ununderstand that they also took up all of the big, king-size telephone directories during the

parade. Guests, it seems, are prone to rip out the pages and use them for confetti. After the parade a whole crew of men placed the directories back in the rooms.

The traffic was terrible. Most of the parking places had out signs which read: "sorry, full House." Rooms, of course, were at a premium. We stayed in Decatur with some relatives and, after bucking the traffic Friday, just sat around and watched the Texas-UJ game on TV rather than brave the danger of the highway.

We listened to every radio program, bought all of the papers—and never did find out the score on the Phillips-Hereford game until we got back to Hereford. Even the service station man in Dimmitt hadn't heard how the game

turned out. I guess it was the Saturday night date which threw things out of kilter, or maybe the downstate boys don't worry too much about the Panhandle.

Anyway, they can have it—traffic and all, including the "Yellow Rose of Texas." We may be out of step in popular music out here. We may have our differences once in a while, but we are generally big enough to work them out in a sane and sensible manner. What is more, if you get really mad at a guy, you can always get even. Just elect him to the school board. I don't know of a worse punishment.

**TODAY'S GLAMOR GIRL** — Jeanne Crain wears a Cell Chapman evening gown in ivory satin with pegtop hobble skirt, tops it off with white fox stole.

**YESTERDAY'S VAMPIRE** — Here is Theda Bara of the silent films in one of her famous torrid poses. Note the heavy makeup, smoldering expression, jewels, high voltage pose.

## Today's Vamps Different From Those Of Yesterday

By DOROTHY ROE  
Associated Press Women's Editor

Vampires have changed—and all for the better — since the days of Theda Bara, says Cell Chapman, designer of glamor clothes for modern charmers on and off the screen.

"Any woman can be a femme fatale today," says Cell. "All she has to do is make use of the modern makeup and fashion aids at her disposal, and act accordingly."

The heavy makeup and sultry expressions of some of our earlier movie vamps used to be considered pretty devastating. But today, every woman knows all about makeup, and most of them also understand the magic of a neckline.

This designer, who creates gowns for some of the ranking stars of the movies and TV, says she likes today's style of glamor girl better than the high voltage vamp of yore.

charmers of the silent films.

Here are some professional pointers on how to choose a gown that will make you look like a modern Cleopatra, worked out by the knowing Cell through long experience in glorifying ladies of stage and screen, as well as her regular and less famous customers.

"When you are picking a party dress for any dress, for that matter, consider first your own best attributes — beautiful neck and shoulders, a small waist, striking eyes, pretty legs or whatever. Then choose a dress that accentuates these attributes. If your neck and shoulders are your pride, by all means show them in an off-shoulder dress. If you have eyes of an unusual color, choose a dress in a color to match, or add an accessory to match."

"Today's girls, with their natural, clean-cut look, are more appealing, more subtle and also more potent than the ladies of the leopard rags and the ominous eyelashes," says Cell.

"Girls such as Grace Kelly, Audrey Hepburn, Jeanne Crain don't suggest the old-fashioned vampire. But just listen to the opinions of modern men about them! I think they cause more male high blood pressure than all the more obvious

2. If you have figure faults, such as heavy hips, concentrate attention elsewhere in the dress. Have the drapery or the focal point of interest above the waist.

3. Remember that the neckline is the most important part of any dress, from a flattery angle. It forms a frame for your face, and should be chosen with an eye to proportion.

4. Be sure the dress fits — and look at it in a full-length mirror, from all sides, when you try it on. People see your back also, you know.

5. Choose a color that makes

## Twenty-Five Years Ago Dad Joiner Found One Of World's Top Riches

By TIM PARKER  
Associated Press

It was 25 years ago this fall that E. M. (Dad) Joiner found one of the world's great riches.

Two months later he swapped his share for a measly \$1,500,000. The man he sold out to, H. L. Hunt, is now one of the world's wealthiest men.

Joiner was a wildcatter from Dallas and what he found was the East Texas oil field. No one dreamed then, nor did anyone suspect for some time, how great the field was.

Joiner had drilled two dry holes on the farm of Mrs. Daisy Bradford, a Rusk County widow. He was stubborn, but poor. To the farm hands he had hired to help drill he offered shares in the third well rather than wages.

They turned down the shares idea in favor of what hard cash Joiner could dig up. Those were depression days.

Their drilling rig broke down near the foot of a pine-covered hillside and not far from a country road. Rather than repair the rig to make it movable they drilled on the spot.

Days later, on land geologists had said wasn't worth looking at, crude gushed into the air over Joiner's wooden derrick. The cry of "Oil! Oil!" brought thousands of Model T's down the muddy country road. Hamburger stands appeared along the road and Mrs. Bradford sold meals for 75 cents each in her kitchen.

What followed is history. Farther and farther the drills probed until it became clear this was the world's biggest, richest oil field—45 miles long.

Boomers, sharpies, speculators crowded in to help cut the cake. Production reached a fantastic 207,431,065 barrels in 1935, the year in which 3999 wells were drilled.

Oil got dirt cheap. It sold for as little as six and even five cents a barrel for crude.

The law stepped in, to protect the market price and also the bottom-hole pressure. National Guardsmen and Texas Rangers enforced laws limiting each well's production and forbidding inter-state movement of "hot oil."

Bootlegging of hot oil became an industry in itself. In part because of drawn guns, production was controlled, the market price stabilized and bottom-hole pressure restored.

The East Texas field became the well-behaved behemoth of world oil. Through last June the field produced 3,196,313,758 barrels. Experts believe there's almost that much still underground.

Joiner's discovery well, the Daisy Bradford No. 3, is still producing. It was never a big producer and now is a "stripper" — not much of a well anymore. Its share of the allowable production is 2.4 barrels a day.

Dad Joiner? Within weeks after his well came in, creditors were trying to take it all away from him.

He sold out at a figure that made him a wealthy man. But he was almost broke when he died in 1947.

Legal Notice

# Teen Talk

By VIVIAN-BROWN  
AP Newsfeatures

Autumn may be a nippy season for romance, but it's a real blessing to get back to school where dates are a bit surer and easier to come by, girls say.

So here we are at football games getting ready for hockey and gay holiday parties, too. Young moderns have problems even when life looks rosy it seems, however. So along comes the mail bar full of "tell me please" requests. Each girl's "unusual" problem turns out not to be unique, bleak as the moment might seem.

I am in school on scholarship. My family is poor and most girls have many more clothes in their wardrobe. Now I am invited to a football game with one of the girls' brothers. I do not have appropriate clothes. She is wearing a very chic suit, and has offered to lend me one of tweed that is very similar as we are the same size.

I think it would be embarrassing to wear her suit, especially since I have a date with her brother. I am afraid I'll just feel like Cinderella. Would it be better to forget seeing the game or should I try to make the best of what I have to wear?

As most boys realize it is common practice for girls to borrow clothes from each other. I don't think the boy would think anything of your borrowing the suit, even if he were to find out about it. If he's such a snob, you are better off without him as a friend anyway. Wear the suit if you like it. Make light of it by telling him that "believe it or not I found I had nothing warm enough for the game and your sister came to the rescue." Some girls get the impression they must wear fashionable designer clothes to impress young men. Most men do not know the difference. If your dress or suit is a good fit, becoming style and agreeable color, that's all that matters.

Why not rent a sewing machine and make a few interesting dresses? A dress made on simple lines can be glamorous, dressed up with the right accessories.

O. I have been invited to a football game and pretended I have been to a game before which is not true. Do you think the boy will suspect that I lied from remarks I might make?

A. Boys do not worry about petty things like that as a rule. He'll just figure most girls are dumb about sports anyway. Ask him questions and he'll love it—they all do. But don't query him at some exciting point in the game. It is a good idea too, not to go to the powder room at some crucial moment like 4th down, 1/2 yard to go. You'll not only annoy your friend but everybody else in the stands too. If you want to avoid a black scowl, don't powder your

nose when a man is running for a touchdown—a sure way to lose a sports enthusiast.

Q. We are going out to dinner after a football game. Should I wear a fancy dress or sports dress to the game?

A. If you are going to a local restaurant a suit or sports dress will be very suitable. If you wear the dress and want to perk it up you might put on a flashy pair of earrings and necklace for the dinner date. If the dinner party is at

a home you should ask the hostess in advance whether people are dressing for dinner or whether you can appear on the scene directly after the football game. If your escort has extended the dinner invitation—he might know the "how-to-dress" answer.

Q. If a boy invites you to a football game are you supposed to save the time later for him if he doesn't mention dinner? I have been invited out by two boys—one to the game and another for

dinner. I don't know what to do.

A. If the first boy hasn't mentioned dinner, perhaps you should ask him about the time you might expect to be at home. Then he'll probably say I can get you home by 5 or 6 or whatever the case may be.

Dr. P. J. Conkwright of Sapulpa, Okla., has been visiting for the past week in the home of his niece, Mr. and Mrs. J. R. Allison and other relatives.

## Adrian Junior Class Play Set

The Adrian Junior Class will present their class play Friday at 8 o'clock in the Adrian High School auditorium.

A. P. Jones is the director of the play entitled "Hillbilly Wedding." Tickets for the play may be purchased from members of the Junior Class or at the auditorium that

night. Prices are: reserved seats, \$1; general admission, adults, 75 cents, children 50 cents.

Mr. and Mrs. Reed Williams have gone to Idaho for two weeks to visit relatives.

Mrs. Gene Roach and children of Tatum, N. M., are visiting her mother Mrs. Bess Werner.

Mrs. Mary Seigler is visiting her daughter and family Mr. and Mrs. De Witt Landis in Clovis.

J. B. (Ears) Whitworth, new coach of Alabama, was a guard for the Crimson Tide during playing days.

LANDSCAPE DEMONSTRATORS of the various home demonstration clubs are beginning to produce results from their long range program on landscaping started last year. Mrs. Floyd Brown, who lives west on Harrison Highway in the Messenger community, has a nice lawn surrounding the house and has used annuals to border the fence this summer. Mrs. Brown is demonstrator for the Messenger H.D. Club. (Staff Photo)

MRS ELMO HALL, president of the Bippus H.D. Club, has used some discarded concrete slabs to make the stepping stones for a front walk and the step at the entrance to her home in the Bippus community. Kerry, the year old daughter of the Halls, thinks the grass is an easier place to manipulate her stroller, but before she is old enough for school she will probably be playing hop scotch up and down the walk. The solid slabs would also be a good place for a game of Jacks. (Staff Photo)

AT THE DONALD HICKS home in the Ford community, Mrs. Hicks appreciates the apricot tree (above) which shades the back steps. Other young trees included in her landscaping program are a peach tree and a walnut below which will soon furnish a good place to cool off in the backyard. Mark stops for a visit with his dog and cat after a day at school. He is the only child of the Hicks. (Staff Photo)

# Messenger Club Hosts South Hereford Women

Members of the Messenger Home Demonstration Club were guests of the South Hereford H. D. Club at the home of Mrs. John P. Slaton Oct. 4.

Mrs. Leroy Aven reviewed "Karen" for the group.

Visitors were Mrs. Elmer Northcutt, Mrs. W. D. Howard, Mrs. J. E. Rouse, Mrs. Ernest Brown, Mrs. S. N. Thweatt, Mrs. N. A. Brown, Mrs. Bob Howard and Mrs. Floyd Brown from the Messenger Club, and Mrs. Fairy Culpepper from Grady, N. M.

Members present were: Mesdames John Draper, John Hacker, Ed Dziuk, Adam Flowers, W. H. Goetsch, Ethel Layman, Harry Schultz, Ada Hollabaugh, Clyde Cocanougher, S. S. Williams, Eldon Craig and Miss Evelyn Bell.

The next meeting will be with Mrs. W. H. Goetsch.

Roll call was answered with the name of a State or U. S. representative. Plans were made to go to Girls Town Oct. 11 the next regular meeting date for the Club.

Those present were: Mesdames R. C. Childers, Earl DeHart, Louise Olson, Ira Ott, Art Lewis, J. T. Richardson, M. W. Sumner and the hostess.

**WYCHE CLUB**  
Mrs. W. P. Axe, landscape demonstrator, presented the program

on "Trash Burners" for the Wyche H. D. Club when members met Oct. 20, in the home of Mrs. Geo. L. Olson.

Following the program the speaker demonstrated the making of a trash burner using concrete blocks put together without mortar.

Plans were made for the next meeting on Oct. 20 when members will entertain the Westway H. D. Club.

Mrs. Harley Ward directed re-creation.

By Argen Draper

The landscape demonstrators are giving good demonstrations on mortarless trash burners. There are some blue prints in the office of mortarless barbecue pits so if any of you are interested you may have them or ask the landscape demonstrator to get a copy for you.

Our thanks to Mrs. Wilburn Axe, Miss Augustine Gregory and Mrs. Orval Galley for making arrangements for the programs the first week in November when we will be at state conference at College Station.

A good reference on tulip culture is in House Beautiful October 1955; it is "A Common Sense Policy

About Tulip Planting." "Planting for the Plains," which was published by the Texas Garden Clubs of District I, is still an excellent source of information. You should reread "Busy? Grow Daffodils," by Mrs. John Slaton. You still have some time for planting daffodils.

The H. D. Chorus has two dates soon. The County Federation meeting on Friday and the meeting of the United Church Women which meet Monday, Oct. 17. The Chorus would like to have some new members. If any of you like to sing you should come to the meetings which are held the first and third Mondays at 2 p.m. in the home of Mrs. Cecil Parker, 600 Blevins.

To Club Presidents: Please see that the name of the reporter that has been elected for 1956 has been sent to the office. This is needed for the year book and also so the reporters can meet and select their chairman who is the council reporter. We need the list of officers from Cultural, Ford and West Hereford Clubs.

## Rance Community Girls Organize New 4-H Club

Girls of the Rance community met in the home of Mrs. Troy Ray Sept. 26, to organize a 4-H Club under the supervision of Mrs. Sybil G. Springer, County Home Demonstration agent, for Castro County.

The following officers were elected: Dianna Clearman, president; Fayrene Evans, vice president; Patsy Campbell, secretary; Nelda Botkin, game leader; Nanette Clearman, song leader; Mrs. Troy Ray and Mrs. L. R. Woolbright, adult leaders.

The first club meeting was held in the home of Mrs. Woolbright on Oct. 3, with 16 members and guests present.

After refreshments were served the meeting was called to order by the president, Dianna Clearman. Minutes were read by Patsy Campbell, secretary, and Nanette Clearman led the group in singing.

The Rance 4-H girls was the name selected for the new club and Gall Woolbright was named reporter.

Paula Beth Corbett has a 4-H uniform in size 12 with a 24 inch waist. If one of you 4-H girls needs a uniform in this size you should call Paula Beth after school on Saturday.

## CULTURAL CLUB

Citizenship was the subject for the program given by Mrs. Art Lewis, Mrs. M. W. Sumner and Mrs. J. T. Richardson when members of the Cultural H. D. Club met with Mrs. A. C. Hershey Sept. 27.

## Mrs. Corley Tells Secret Of Rolls

Neighbors and friends of Mrs. C. D. Corley who lives in the Ford community give a mouth-watering account of Mrs. Corley's whole-wheat rolls and by request the recipe which Mrs. Corley graciously shares is being printed for those who like to serve hot bread with their meals. The rolls are tender, with a crisp crust and the addition of whole wheat flour gives them an unusual flavor and extra nutritive value.

Mrs. Corley is a member of the Ford Home Demonstration Club.

Soak yeast in warm water. Scald

At the close of the business meeting a demonstration on "Baking Brownies" was given by Mrs. Troy Ray.

Special guests were: Mrs. Roy Carlock, Linda, Dianne and Sylvia.

The next meeting will be in the home of Patsy Campbell Oct. 17.

milk and add shortening, sugar, salt and let cool. Add yeast mixture to cool milk mixture. Stir in 2 cups white flour. Beat hard. Add more flour to form dough stiff enough to knead. Turn onto floured board and knead 70 or 80 times. Let rise in a warm place until double in bulk. Punch down, let rise again and make into rolls. Let rise until double in bulk and bake at 425 degrees for 15 or 20 minutes.

FIRST SUGAR BEETS — Walter Paetzold was credited with bringing in the first load of sugar beets this year. Paetzold, who farms about four miles south of Hereford, brought in the first load Friday. The beets are being weighed in and dumped in the two pictures above. Paetzold believed he was making about 25 tons to the acre. (Staff Photo)

Mrs. Sophia Haberer left Monday for North Bend, Neb., where she will visit with a sister, Mrs. Annie Dunker and other relatives and friends. While there she will celebrate her 85th birthday in the house where she was reared and

where five of her children were born. She plans to be away from Hereford for several weeks.

Mr. and Mrs. Bill Smith of Rails spent the weekend with her sister, Mrs. Cawthon Bryant. They at-

tended the Phillips - Hereford game. The Bryant's son plays on the Hereford team.

Gaylon Bryon returned Tuesday from Paducah where he attended the funeral of his father.

### Formal Installation Rites Held By Rainbow Assembly

Formal installation rites were conducted by the Hereford Assembly of the Order of Rainbow for Girls in ceremonies held at the Masonic Hall recently, with Georgia Lewis assuming duties as worthy advisor.

Decorations were in brown and gold, the new worthy advisor's chosen colors. Each of the officers carried brown net fans sprinkled with gold glitter and tied with brown satin ribbon. Girls representing the color stations carried fans representing the color of their station, and the installing officers wore corsages of gold colored pom poms.

Besides the worthy advisor those inducted were: charity, Verita Sanders; hope, Sammie McLallen; faith, Bonnie Lewis; recorder, Eddie Morrison; treasurer, Jan Hargis; chaplain, Betty Noland; musician, Sue Kirby; choir director, Dollie Jo Prowell; drill leader, Ann Reeves; love, Kay Sims; religion, Jane Bookout; nature, Gladys Lee; immortality, Sandra Robertson; fidelity, Sherric Watson;

patriotism, Carolyn Kester; service, Monta Kay Gragg; confidential observer, Marilyn Sigle; outer observer, Linda Hair. Members of the choir are Linda Shaffer, Royce Lee Fruit, Mary Ray Fruit, Rita Latham, Colleen Reeves, Sandra Robertson and Margaret Boomer. Mrs. W. C. Hromas is mother advisor.

Barbara Rogers served as installing officer assisted by Sylvia McCracken, marshal; Claudia Wilson, recorder; Doris Russell, chaplain; and Muri Trimble of Dimmitt, musician.

As the worthy advisor was escorted to the East, Donna Caylor read a tribute to her and later during the ceremonies Donna Caylor and Doris Russell sang "I Am Satisfied."

Refreshments were served during the social hour.

### Wayland College Trustees Accept Gift Of Land

Plainview, (SP) — Rev. Howard Scott, Hereford, was among the Wayland College Board of trustee members, who on Oct. 10 accepted from Mrs. Gertrude Van Howeling, Plainview, a gift of 599.58 acres of irrigated land on the Petersburg Highway near Plainview, proceeds from which will provide the Arie Van Howeling Memorial Library.

This is the largest single gift Wayland has received since its establishment in 1909.

Mrs. Van Howeling, who came as a bride to Hale County nearly 50 years ago, is making this gift as a memorial to her late husband, Plains pioneer who purchased the land in 1908, a year before Wayland was founded. Mr. Van Howeling's lifelong interest in helping young people and in Christian education, as well as his leadership in community affairs, will be memorialized at Wayland College to which he made gifts during his lifetime.

The conditions set forth by the donor were accepted with gratitude by members of the Board, which was presided over by W. A. Mays, Amarillo, chairman, and by President A. Hope Owen, who was the Van Howelings' pastor for seven years before becoming president of Wayland.

Plans and specifications are to be approved by March 1, 1956, and completion of construction at earliest possible time, according to Judge Frank Dey, Plainview, Mrs. Van Howeling's attorney.

Chairman Mays will head the committee to arrange for the sale of the land and E. M. Osborne, Plainview, vice chairman, will head the building committee. An architect will be chosen at an early date.

### Hereford Building Ranks High In Statewide Report

Hereford continues to be among the fastest growing cities in Texas, the monthly building report issued by the Bureau of Business Administration of the University of Texas reveals.

The report shows that during the month of August 16 new dwelling units were constructed and permits for 17 other new buildings were issued.

Total value of all building was listed at \$168,000, which broken down on a per capita building basis, was listed at \$32.26.

State-wide, the report showed that seasonally - adjusted value of building authorized in Texas during the month stayed at the level of June and July. The total value

of \$87.5 million, however, was almost one percent below July and three percent below June, the report showed. It was 10 percent greater than August, 1954, however.

acre in much of the area. Most East Texas counties will consistently show in excess of 200 pounds of lint cotton per acre.

The Agricultural Adjustment Act of 1938, as amended, provides that the State ASC committee may set aside as much as 10 percent of the acreage allotted to the state for a state reserve from which adjustments may be made for small farms, new farms, hardship and inequities and for trend adjustments.

Trend adjustments were first adopted in 1949 and have been used consistently in all states in the years following to provide sufficient acreage to each county under a special formula so that every farmer in the state would take no more than his fair share of the reduction in cotton acreage.

In 1954 and 1955 as much as 60 percent of this state reserve in Texas was used in making trend adjustments in which as many as 200 of the state's approximately 240 cotton - producing counties shared.

No provision has been made in the 1956 program for any trend adjustment.

The 1956 program will return to East Texas and east Central Texas counties a considerable amount of acreage which those counties claim was lost to them in the 1954 program through the use of the trend formula that year by the State ASC Committee.

Action by the State ASC Committee on the 1956 program will probably be concluded during October.

Steps are being taken by WTCC officials to prevent the adoption of the State ASC committee proposal, which is regarded by that regional organization as being unfair and discriminatory to West Texas cotton producers.

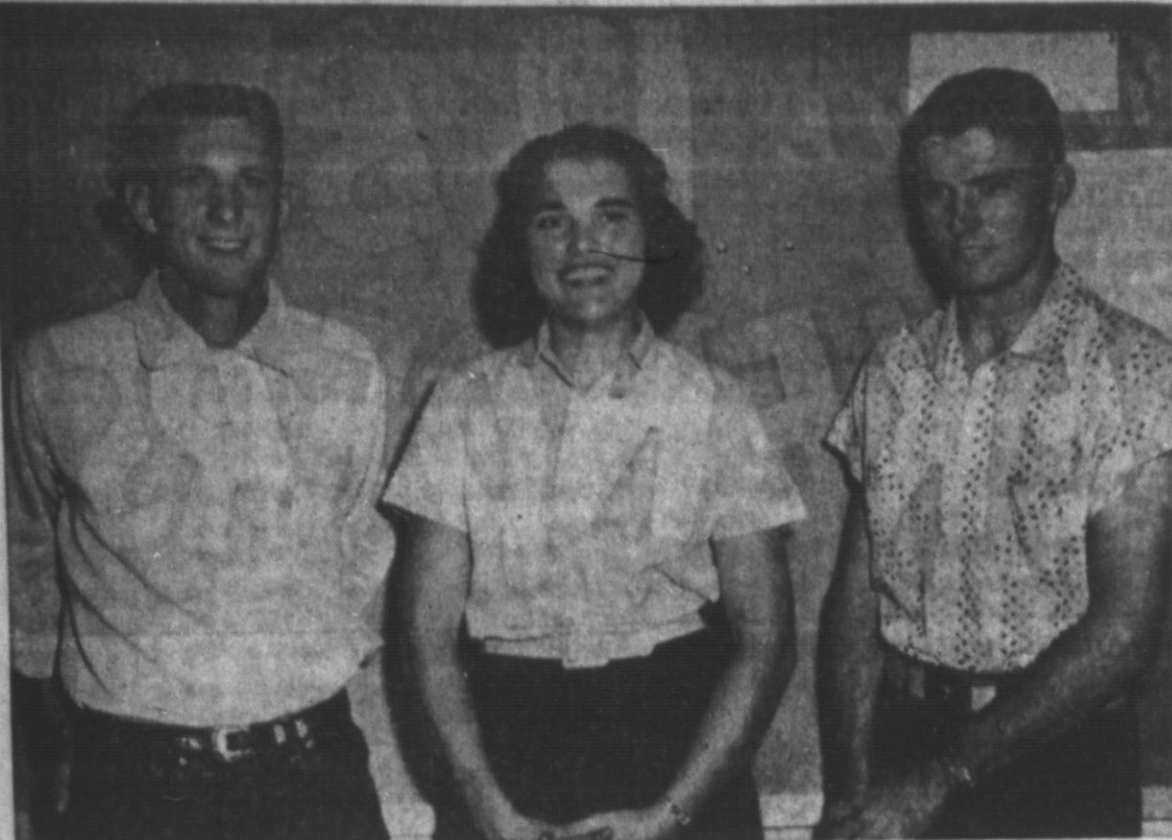

of \$87.5 million, however, was almost one percent below July and three percent below June, the report showed. It was 10 percent greater than August, 1954, however.

### CUTTING ECONOMY

HOUSTON, Tex. (AP)—A frugal father with three sons saves a pretty penny by giving the boys their haircuts himself. One of the boys was telling why father al-

ways cuts hair on Saturday. "He saves more money that way," the boy said, "because a haircut costs more on Saturday."

The skeleton framework for modern skyscrapers was perfected in Chicago around 1885. It is estimated there are about 20,000 milk distributing companies in the United States.

### West Texas Cotton Farmers To Lose 260,000 Acres Next Year, Says CC

Cotton acreage allotments for West Texas cotton farmers in 1956 will be cut 260,000 acres below allotments for 1955, it was announced today by the West Texas Chamber of Commerce, on the basis of unofficial information on a program under study by the State Agricultural Stabilization and Conservation Committee. Lower Rio Grande Valley counties will be cut about 40,000 acres in 1956 below 1955 acreage.

The program is based upon an estimate of a reduction in the state allotment amounting to 200,000 acres less in 1956 than given to the state in 1955. It is anticipated that all cotton producing states will receive lower quotas in 1956 than those provided in 1955.

The entire 1956 cut will be made in West Texas and Southwestern Texas counties plus a further cut of about 100,000 acres in those counties so that East Texas and east Central Texas counties may be given an increase in 1956 of approximately 110,000 acres more than acreage allot-

ments made to those counties in 1955.

This is contrary to the general trend which has prevailed in those counties in East and east Central Texas which have shown a gradual decline in cotton acreage in uncontrolled years and consistently large underplantings of cotton acreage allotments in the controlled years.

The last uncontrolled year was 1953.

The 1956 program will give one area of 24 counties in East Texas, crop reporting district number 5-N an allotment which will total two percent more acres than those counties planted in the last uncontrolled year of 1953. This district would gain eight percent more acres in 1956 than allotted it in 1955.

Other East Texas districts in 1956 will show cuts below 1953 ranging from 22 to 29 percent.

In West Texas counties, the acreage allotments for 1956 will show more severe reductions rang-

ing from 38 to 46 percent below acreage planted in 1953. One district, number 1-S in the Lubbock area, will show a decrease in 1956 of nearly seven percent below 1955 allotments.

In 1955, West Texas counties took cuts from 23 to 40 percent below 1953 acreages, while East Texas counties showed cuts from only 5 percent to 34 percent below 1953.

The program for 1956 amounts to a reversal of previous policies and procedures in many respects.

Part of the program will provide for additional acreage to small farmers in East Texas who have allotments from 15 to 25 acres in cotton.

WTCC officials point out that an exact parallel in the hardship of the small farmer in East Texas exists in the economic hardship of the West Texas farmer planting 50-100 acres in 60 dry-land West Texas counties because of the greatly lower rainfall and lint production per acre in those counties by comparison with East Texas.

No provision is made in the program for the relief of low production areas in West Texas where average lint production per acre in the past five years has ranged from 30 pounds to 65 pounds per

**Beta Sigma Phi Sorority Holds 'Friendly Venture' In Tulia**

Members of Kappa Iota chapter, Beta Sigma Phi Sorority sponsored a "Friendly Venture" party in the home of Mrs. Elwood Bates in Tulia Saturday afternoon. The party initiated a series of affairs which will be given in Tulia in Anticipation of the organization of a Beta Sigma Phi chapter there.

A style show carrying out the significance and traditions of the sorority was featured with each member of the local chapter modeling one or more symbols characterizing Beta Sigma Phi. The Torch (sorority magazine) was modeled as a pocket by Helen Nelson, pins and badges were worn as jewelry by Emma Suit, programs and manuals were carried as purses by Frances Moore and Geneva King, Frances Calmes represented Rambles in Foreign Lands, wearing a costume from Old Mexico and Betty Babione, carrying the new silver backed year book as an evening bag, wore a new style evening gown to represent Beta Sigma Phi social activities. Frances Calmes represented music wearing a green felt skirt with appliqued musical notes. The yellow rose, the sorority flower, was worn on a hat by Freeda

Beauchamp and Marian Gwinn, secret sister, modeled a semi-formal evening gown. Helen Nelson modeled the use of a compact to represent beauty. Mary Ann Massey, club president, provided the background music for the show and Margaret Witherspoon, sponsor, served as narrator.

A recorded message, revealing the true meaning and aims of Beta Sigma Phi, by the founder, Walter W. Ross, was given with the recorded music of Thomas L. Thomas.

Prospective members of the Tulia chapter attending were Mesdames Evelyn Burk, Jessie Raymond, Nan Raymond, Jane Coffey, Mary Arnold, Barbara Wellbos, Mary Burroughs, Alice Billy Cruker, Joyce O'Neill, and Lucille Bates the hostess.

The Deaf Smith County Federation of Women's Clubs will hold its first quarterly session of the 1955-56 season at 12 o'clock noon in the First Christian Church.

Plans were made for the meeting at the regular board session held Saturday afternoon in the Courthouse.

Hostess clubs for the luncheon include B&PW, Les Meres Study, LaPlata Study, and Cultural and West Hereford Home Demonstration Clubs.

Mrs. P. B. Sowell, communications department chairman, announced that the program will be

in the form of a panel discussion under the direction of Mrs. Ray Johnson.

Mrs. Alice Cox, president CFWC, presented the resignation of Mrs. Carroll Newsom as corresponding secretary and Mrs. Don T. Martin was elected to fill the vacancy.

**Bud To Blossom Club Flower Show Clinic Is Held**

Bud To Blossom Club held its first flower show clinic of the season Thursday afternoon in the home of Mrs. Joe Kendall, with Mrs. Preston Hagans serving as hostess.

In preparation for the club flower show to be held this afternoon in the home of Mrs. Ray Godwin, each member showed an arrangement which was judged and criticized constructively by Mrs. O.G. Hill Sr., accredited flower show judge.

Mrs. Glenn Williams, president, presided, and reminded members to have their flower show entries at the Godwin home between 9 and 10:45 a.m., so that judging can take place before the show is opened at 2 o'clock.

Members of the Garden Beautiful Club and the Hereford Garden

Club will be special guests. Those attending the clinic session were Mesdames Irving Alexander, Glenn Hilbrey, R. A. Daniel Jr., H. A. Haseloff, C. R. Higgins, R. M. Jensen, Sam Long, Don Martin, W. H. Patton, Lloyd Sharp, Deimo Williams, W. Glenn Williams, Jim Wood and the hostess.

**"IRRIGATION RATES REDUCED"**

In the face of rising prices on every hand, the Board of Directors of the Deaf Smith County Electric Co-Operative, Inc. met and agreed that for the Month of March, 1956, electricity for irrigation would be 1c per KWH. This is a trial run for the month of March.

At the present time, irrigation rate is 1c per KWH from October 20 to February 20 and for the year 1956, the Month of March will be added, making 5 months at 1c per KWH and 7 months at 1 1/2c per KWH.

The board felt that even though cost of production has gone up considerably, the cooperative's position is good enough that this reduction can be made and we feel that since this is a cooperative reductions will be made whenever it is possible to do so.

# Hawks Crush Herd Hopes; Perryton Rangers Next

## Upset Hopes Vanquish Early; Phillips Finally Scored Upon

**By BILL KNOX**  
The magnificent Phillips Blackhawks cut a big swath in their onslaught toward a heralded state championship when they crushed Hereford hopes, slapping down the Whitefaces 73-27 in a wild Phillips homecoming battle at Blackhawk Stadium Saturday night.

Paced by an aggressive, hard charging line, the Blackhawks struck lightning quick — again and again. Speedy Phillips backs slithered through gaping holes in the Whiteface line to nil any Hereford upset hopes before they had time to materialize.

Phillips went into the game as a definite favorite but had oddsmakers scratching their heads at the end.

The Whitefaces were the first team to cross into paydirt against the mean Hawks, but a troublesome offense failed to slow down the Phillips offense. The mighty Hawks smashed their way to a halftime lead of 41-0 after leading 13-0 at the first quarter mark. Third quarter score was 61-13.

However, trailing 41-0, the Whitefaces began to roll in the last half. They struck for two third quarter touchdowns and two more in the fourth quarter with their dangerous offense. The Herd wound up on the Phillips one-yard line at the game's end.

Smoothly executed plays by masterful quarterback Stanley Wilder and darting runs by Jackie Webb and Tommy Newman had kept the Whitefaces off their feet in the initial half.

Although Hereford was soundly outclassed, statistics fail to indicate the margin of victory for Chesty Walker's boys. They rolled up 22 first downs to Hereford's 13. But most astounding is the 650 yards total offense massed—503 rushing and 147 passing. The Whitefaces had 299 rushing and 32 passing.

Fumbles played a big part in the scoring of both teams. Both teams fumbled six times; and each team lost four of them. Phillips' recov-

eries came early in the contest—Hereford's came late. The Herd successfully executed one onside kick.

The Hawks first crossed over into paydirt after the Whitefaces had received the initial kickoff and Veigel had been forced to punt out on the Phillips 47. Jimmy Gray and Tommy Newman carried to the Herd 36. Webb sliced to the 26 then Newman reeled off 26 yards up the gut for the first score.

They continued to roll. The Hawks recovered Bill Callaway's fumble on the Herd 48, then fumbled it back to Hereford, but once again Phillips won out in the fumble circus and Wilder hit Webb from 49 yards out for the second score. This time Wilder converted to make it 13-0.

Bobby Veigel's fine punt rolled dead on the Phillips 11, but the Hawks racked up 91 yards in six plays. Jimmy Gray climaxed it with a four-yard smash.

The Whitefaces gambled and lost the ball to the Hawks on the Whiteface 29. Jackie Webb raced to the 13. Wilder passed to Ned Jolly on the two, but the Hawks were penalized for holding. Wilder this time hit Ralph Smith in the endzone for the fourth touchdown. Wilder again converted. Only seconds later Jackie Webb sliced over from the 11 after the Hawks had taken a Hereford punt. Wilder kicked again and the score was 34-0.

Tommy Weemes fumbled the kick off and Phillips pounced on the loose oval on the Herd 11. Newman went over from there to round out the halftime count. However, the Hawks were in dangerous territory when the half ended.

This time it was Merritt's turn so he fumbled the kickoff and Ned Jolly recovered on the 36. Webb raced over from the 28 after Gray had carried it that far. Wilder kicked to make it 48-0.

Hereford got the ball only to lose possession on their own 18. But Martin Reid "Clubber" Moore recovered a Phillips fumble on the 32. Merritt and Callaway gained, but the Herd was penalized to the

19. After that Veigel punted dead on the Phillips 47. Gray picked up 31 yards and Webb sprinted 28 more to touchdown land. The score was 55-0.

Hereford fans, there in quantity, got to cheer when G. C. Merritt got loose on the kickoff and raced to the Phillips 29 before being hauled down by Jimmy Gray. On the next play Smith outran defenders for the first score. Kaul kicked to make it 55-7.

But Jackie Webb recompensed the Hawks with a 71-yard gallop to paydirt on the first play after the kickoff. Hereford trailed, 61-7.

Then the Whitefaces rolled. Bryant and Smith made a first on the Herd 38 and Smith then galloped all the way to the 19-yard line. Merritt and Bryant picked up a first on the nine and Callaway went over from there. The point after was no good. Score: 61-13.

Phillips scored next when Ronnie Holder went over from the 17 after Marvin Neely had picked a Hereford pass out of the air on the Herd 38. This time the point was no good. Again after taking over on downs Neely went over from 36 yards out for the Hawks' final touchdown.

Then Waits got a fumble on the Phillips 46. Smith clicked off yardage consistently to the Phillips goal where Merritt crashed over from the one. Kaul kicked and Hereford trailed by 73-20. Hereford got an on sides kick on the 46. Smith made five and Phillips was penalized all the way to the 20. Smith made 12 and Bryant went over for the final touchdown of the game. Kaul finished scoring with his kick. Hereford recovered a fumble and drove to the one before the game ended.

Wayne Smith of Hereford was the leading ground gainer, racking up 176 yards. Jackie Webb had 170 yards. Webb scored five touchdowns to be the leading scorer of the night.

Turkeys may be hunted with a bow and arrow in Arizona. The bow must have a pull of not less than 40 pounds and the arrow must have a broadhead of not less than seven-eighths of an inch in width.

Johnny Klippstein's second shut-out of the 1955 season was a masterpiece. The Cincinnati veteran blanked the champion Brooklyn Dodgers with one hit.

## Callaway, Bryant Pace Herd Scoring

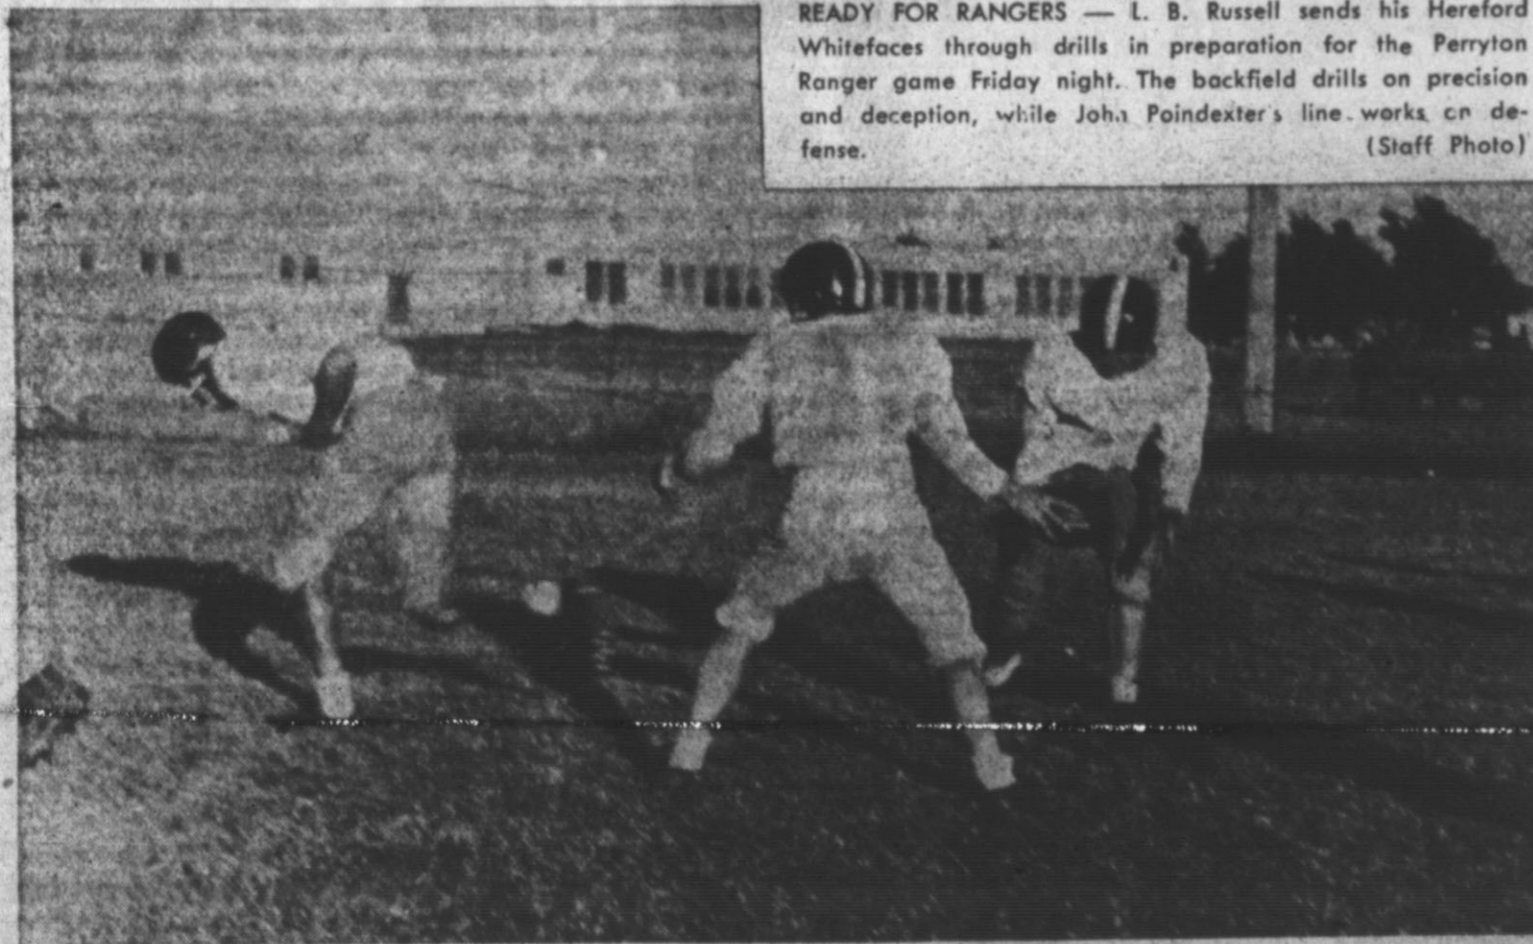

John Bryant and Bill Callaway continued to pace Hereford scoring as the football season went into its sixth week and Hereford prepared to meet the Perryton Rangers.

Both Bryant and Callaway had racked up 36 points as the Whitefaces went into the game with the Phillips Blackhawks. Each came out of the game with one touchdown to their credit. Both now have a total of 42 points apiece. Both G. C. Merritt and Wayne Smith also came out of the Phil-

lips game locked in a tie—the same way they went in. Both scored one touchdown to up his season total to 30 points. Smith raced for three TD's last week against the Portales Rams. Merritt scored two. Smith has also had five touchdowns called back because of penalties called on the Herd this year.

End Danny Elliston has scored 20 points and Tommy Weemes has tallied 12. Glen Reeves has also scored one touchdown. Extra point kicker Walt Kaul has converted 17 times.

### KNOX'S KNOTHINGS

BY BILL KNOX

Something good always must come out of something which on the exterior seems to be all bad. Phillips scored a smashing victory over the Herd Saturday night, but on more than one thing you can find a bright view on the topic being discussed.

Such as the fact that Hereford was the first team to score on Phillips in five games. And 27 points at that. We'll wager that no other team in district one will score that many points against Chesty Walker's potent charges. And Wayne Smith of the Whitefaces was the leading ball carrier of the game. He raced for 176 yards to edge out Phillips' Jackie Webb who rolled up some 170 yards.

The slaughter (let's be realistic) Saturday night may also have peped the Herd up for the Perryton game tomorrow night. And Jupiter knows they'll need it. The Whitefaces will have to fight hard for every game they win from now on.

Heard several comments about the fine music played by the Hereford band at the Phillips band. Even had a few ask us if "Shake, Rattle and Roll" was our school song. Might not be a bad idea at that!

We also noted that every time the band played "Shake, Rattle, and Roll," the football boys seemed to like it. They "shaked, rattled and rolled" their way to a touchdown every time they played it. That was the most enthusiastic losing crowd we've ever heard when the band played it. It sounded like Hereford was winning the

## Whitefaces To Meet Rangers Here Friday

The rugged Perryton Rangers of Coach James "Pete" Peterson will encounter the Hereford Whitefaces Friday night at Whiteface Stadium.

The Herd, smarting from a 73-27 licking at the hands of mighty Phillips, may, however, be bouncing back. This strong likelihood influences oddsmakers to give Hereford a one touchdown edge, a very shaky one touchdown edge.

Last year the two teams fought to a 20-20 tie in a game which saw the favored Rangers outplayed. Hereford struck first, then the Rangers fought for their lives to manage a lucky tie.

Hereford's loss to Phillips Saturday was the first loss of the season credited to the Whitefaces. Perryton has not lost yet—but has been tied by smaller Canadian and the Canyon Eagles. Last week the Rangers and Canyon fought to a 7-7 draw.

Perryton's offense resembles somewhat that of the powerful Dumas Demons. On the biggest majority of the plays they shift from a T to a single wing offense. However, they are not a passing team.

Coach L. B. Russell of the Whitefaces expressed confidence despite the one-sided loss to Phillips last week. "We can beat Perryton—if we'll tighten up our defense," Russell said.

Hereford fans may see some bruising running from the 180-pound Dempsey Gyger and 175-pound Jimmy Todd, the strong man in the tie with Canyon last week. Hereford backs rely on speed, and sound blocking in the line.

Both teams will be in top physical shape for the contest. The Hereford line will average out to about the same as Perryton, and so will the backs. A 130-pound quarterback and a 145-pound fullback brings the backfield average down for Perryton.

## Highlights and Sidelights FROM 740 State CAPITOL

By VERN SANFORD  
Texas Press Association

AUSTIN — A big political question this week was what effect Lt. Gov. Ben Ramsey's new job as national Democratic committeeman from Texas will have on his and Texas' political future.

Ramsey, quiet-mannered and almost 52, was elected at a Fort Worth meeting of the state executive committee last week. He succeeds Wright Morrow of Houston. Often mentioned as a prospective candidate for governor, the San Augustine lawyer was catapulted into the committee job without advance fanfare. He was labeled a surprise "compromise" nominee after agreement could not be reached on 14 others.

Some viewed it as positioning him on the inside track in the governor's race with firm conservative support and maybe some "loyalist" backing. A few seemed to consider the job a political blind alley. A few others thought Ramsey already had made up his mind against running for anything and welcomed the committee post to stay in public life.

Ramsey himself said he was "grateful and happy," but kept mum on personal political aspirations. He said his only purpose was to help get the best man for the Democratic nominee and to assist in electing him president.

Both House Speaker Sam Rayburn and U. S. Sen. Lyndon Johnson promptly expressed approval of Ramsey's selection. Their approval had been part of the requirements laid down by national party leaders for an "acceptable" committeeman from Texas. Morrow had not been recognized nationally since his bolt from the party ticket to support Eisenhower.

Johnson said Ramsey can do the kind of a job that should unite Texas Democrats, Rayburn called him "a good man for the place."

Shivers Sees Victory  
Gov. Allan Shivers has launched his drive for conservative control of next year's Democratic Party conventions.

Executive committee members planned convention strategy behind closed doors at Fort Worth last week. Then Shivers took the rostrum for a stirring speech at a \$10-a-plate barbecue and rally.

He challenged those who agree with him on party principles to capture next April's precinct conventions.

He said Texas votes in the national convention may be the decisive ones. "We cannot allow—we must not allow—those votes to be cast against the interests of Texas by a delegation representing a minority of Texans," he said.

"We must fight on if we do not want to see the hand of federal power reach further into the classrooms of our children. We must fight on if we are to hold the right to enforce our own laws and police our own communities.

"The time for quitting has not come. We have won before and we are going to win again."

Duval Indictments Fall  
Officials seeking to clean up Duval County's alleged corruption may have to re-do nearly two years work.

A storm of reaction greeted the Court of Criminal Appeals ruling last week that the Duval grand jury which returned 104 indictments was illegally organized.

Atty. Gen. John Ben Shepperd, who worked with the grand jury for months, termed it "a tragic loss."

Specifically, the judgment overturned conviction of R. L. Adame, former Duval County school superintendent charged with felony theft of public funds. But all other indictments by the same grand jury would be subject to the same challenge.

District Judge A. S. Broadfoot named the jury commission that chose the grand jury. He had been sent to Duval County in March, 1954, by the State Supreme Court to replace Woodrow Laughlin, removed for misconduct in office.

Judge Broadfoot's dismissal of the grand jury panel selected under Laughlin and naming a new commission "of his own choosing"

PECOS RIVER BRIDGE STARTED — Turning a shovelful of dirt and rock marking the start of construction of the new highway bridge across the Pecos River north of Del Rio is E. H. was held improper. An open-court hearing should have been held, the appellate court said, to determine if there was cause for dismissal of the old panel.

Judge K. K. Woodley dissented in the two-to-one ruling. He pointed out that in a similar case the court had upheld Broadfoot.

Shepperd also commented on the court's about-face. "The U. S. Supreme Court took 80 years to reverse itself on segregation, but this court reversed itself in 18 months," he said.

He promised re-indictments will be sought before the present Duval grand jury. He also said re-hearing would be asked before the appellate court and disqualification of Judge Lloyd W. Davidson might

himself" on the Duval cases be sought.

Grounds, he said, would be that Judge Davidson had "expressed fore he became judge."

Davidson took office Jan. 1, replacing retired Judge Harry N. Graves. In the previous decision, Judges Graves and Woodley had voted together, with Judge William A. Morrison dissenting. In the new decision, Davidson joined Morrison to reverse the court's previous stand.

Bell Indictment Uncertain  
Indictments seemed to be falling like ninepins. In Seguin the grand jury which indicted Congressman John J. Bell in connection with a veterans' land deal was ruled "illegally constituted."

Another unrelated case was involved when the court upheld an attorney's contention that the jury was not qualified because one member had not paid his poll tax.

It seemed certain that Bell's indictment and several others connected with the land scandal investigation also would be invalidated.

Bell, a former state senator who helped set up the veterans land program, was charged with conspiring to steal \$54,000. He repeated his claim of innocence after hearing of the impending quashing of the indictment against him.

The ancient Romans made alloys of tin and lead and used them for soldering, much as they are used today.

## Letter To The Editor

Oct. 1, 1955  
Subic Bay, P. I.  
Dear Jimmie:

I was taking my afternoon siesta in the beautiful tropical bay of Subic, temperature 100 even, and reading the latest Brand that had arrived when I noticed the pictures of the Hardwick's back yard and my son. The pictures were pretty good, but the description stated that that baby's name was Ray Hardwick.

Now just because I'm sailing all over the world and happen to be 6000 miles away at present doesn't give you license to go around changing Ray's last name.

Besides that, Francis already has a couple of grandchildren named Hardwick and Ray is the only one old Streu next door to you has got. Don't you think in all fairness you could change my boy's name back to Streu and maybe if you do it in a nice way Dad will give you one of those seven inch Phillipian segars I'm sending him.

Seriously though, having The Brand out here helps the oldest malady of the sailor, homesickness—hope your weather predictions turned out okay.

Yours truly,  
Oliver Streu.

BOXING LESSON  
ASHEVILLE, N. C. — Billy James Johnson, 16, was a little too enthusiastic. He gave himself a smashing right hand blow.

The youth was shadow boxing in front of a mirror and hit the mirror with his fist, suffering a severe laceration of the hand.

## Social Security Representative Sets Call Here

A representative from the Social Security Office in Amarillo will be in Hereford, Wednesday, Oct. 19. He can be contacted at the courthouse, at 9:30 a.m.

This representative can furnish any information or assistance that would be available at the District Office in Amarillo. He will receive applications for retirement or survivors insurance under the Social Security Act; applications for original, duplicate, or change of name social security cards; and applications for employer identification numbers for new employers or employers recently becoming liable for making social security returns.

Any farm workers or self-employed farmers wishing information on the new provisions of the law applicable to farmers are also invited to contact this representative.

Of the 82 legal executions in the United States last year, 45 were in Texas.

### 48 Years Ago

The work on the new courthouse is progressing rapidly now. A large force of men are on the job. The walls for the basement and first story are up and the building begins to look something like it will be when completed. When finished, it will be the handsomest court building in Texas.

Bullock Brothers report that they have shipped over 40 cars of hay from this territory in the last two months. This hay goes to Waco and even to San Antonio.

### HARE TODAY, GONE TOMORROW

HARRISBURG, Pa. — The time is coming when you won't find hide nor hair of the San Juan rabbit in the U.S.A.

Pennsylvania has just joined the list of states banning the importation of Peter Rabbit's big cousin Pedro because of his bad habits and a fatal weakness.

The San Juan rabbit not only is hard on the farmer's crops but his nocturnal digging encourages erosion. And worst of all, like European rabbits he's subject to myxomatosis, the dread virus that has virtually cleared western Europe of hares.

Oil Serves You  
OIL PROGRESS WEEK  
OCTOBER 9-15

### HUMBLE OIL & REFINING COMPANY

There are three reasons why America's petroleum industry has been able to supply the ever-increasing demand for energy called for by our mechanized way of life: 1, it has fearlessly invested its capital in the hazardous search for oil and gas; 2, it has steadily expanded its facilities; and 3, it has conducted endless research to find better, more efficient ways to make the oil products America needs.

Research! That's the key to the petroleum industry's progress. And the Humble Company assures itself a place of leadership in this field with two great research laboratories.

In the Humble Research Center in Houston scientists and engineers study all phases of finding, producing, and conserving oil and gas.

In the Research Laboratory at Humble's Baytown, Texas, Refinery, highly skilled technicians seek to develop new and better petroleum products, to improve those we already have, and to develop methods for making these products more efficiently.

Just as America's progress depends on oil, so oil's progress depends on research.

## Westway News

By MRS. T. B. THOMAS

Mrs. Paul Rudd was hostess for a Halloween party for her little granddaughters, Lynn and Patsy Rudd of Estancia, N. M., and Teresa and Susan Rudd of this community. The house was appropriately decorated with hanging skeletons, and favors hanging from black and orange crepe paper. Each child received horns and masks and their sucker filled favors. Refreshments of decorated cookies, candy and punch were served to the following guests: Janice, Carol and Patty Turrentine, Wallace Roach, Lois Kershen, Becky Smith, Franklin Earl Smith, Judith Morrison, Deborah Thomas and the honorees. Mothers attending were Mrs. T. B. Thomas, Mrs. George Turrentine, Mrs. Troy Smith, Mrs. Ken Rudd and the hostess.

Mr. and Mrs. Bill Frank were hosts to a dinner on Friday night for the C. C. Sunday School class of Westway. The table was centered with a cornucopia filled with fruit. After dinner Sandra Frank entertained with several piano selections. Those attending were: Mr. and Mrs. Troy Smith, Franklin Earl and Becky, Mr. and Mrs. Harold Head, Janice and James, Mrs. Gus Walker, Mrs. T. B. Thomas, Diedra and Deborah, Mrs. Merlin Kaul and the hosts.

T. B. Thomas and Danny, Mrs. Pat Ranspot and Mike, Mrs. Bud Taylor and Dan and Mrs. Joe Wagoner, attended a pack meeting for the Cub Scouts at the Shirley gym on Friday night. Danny and Mike received their Bobcat pins.

Mary Lynn Morrison and Walter Kaul attended the pep-rally on Friday night.

The regular meeting of the Sadie Lee Oliver 4-H Club will meet Friday, Oct. 14, at Diedra Thomas' home.

The Raymond Rodrigues family are new residents at the Joe Landers place. Mr. Rodrigues is employed by W. B. Nunley.

Mary Lynn Morrison went to a slumber party at the home of Donna Witherspoon, daughter of Mr. and Mrs. Glenn Witherspoon of Hereford, Friday night after the pep rally.

Raymond Morrison was home for the weekend from Durant, Okla. He's being transferred to Hidrow, near Altus, Okla.

Mr. and Mrs. Jack Renfro were in Amarillo on business Saturday. Bob Hunt, a senior student from West Texas State at Canyon, filled the pulpit of the Westway Methodist Church Sunday. He is an announcer for WLYN in Amarillo so was unable to be there Sunday night.

Mr. and Mrs. L. C. Thomas of Hereford and Mr. and Mrs. Bob Hunt of Canyon were Sunday dinner guests of Mr. and Mrs. Merlin Kaul, others there were Mr. and Mrs. T. B. Thomas, Diedra, Dan and Deborah.

The community was well represented at Phillips for the football game Saturday. Those attending were: Mr. and Mrs. M. C. Kaul, Mr. and Mrs. R. L. Wilson and Nathan, Mary Lynn, Raymond and Ralph Morrison, Mr. and Mrs. Joe Wagoner and children, Mr. and Mrs. Elmer Combs and boys and Mr. and Mrs. Ed Blakney.

Sunday guests of Mr. and Mrs. Ed Blakney were Mrs. Pete Blakney and Mr. and Mrs. Allen Hannah all of Plainview, J. B. Crain of Lubbock and Mr. and Mrs. Arch Dobbins of Hereford.

Weekend visitors of Mr. and Mrs. Marvin Teasdale were Mr. and Mrs. J. E. Teasdale and girls of Amarillo. Mrs. Teasdale's mother, Mrs. J. M. Burns of Amarillo and Mrs. Teasdale's sister and family, Mr. and Mrs. Roscoe Entrieken of Sunnett.

Mr. and Mrs. Andrew Kershen, Arnold Betzens and John Henderson attended a Farm Bureau meeting in Amarillo Friday.

Cynthia and Claudia Loerwald of Hereford spent the weekend with their cousin, Linda Loerwald, here. L. B. Clements of Crowley spent the weekend with his son and family, the Jim Clements.

Rosemary and Eddie Kershen spent the weekend with their aunt and uncle, the Andrew Kershens. Mr. and Mrs. Troy Smith and

children went to Lubbock Sunday and from there, they went to Plainview to visit Mr. and Mrs. Clarence Boatwright and family. Mr. and Mrs. Joe Wagoner were hosts for a birthday celebration for Mrs. Art Shafer of Hereford. Those attending were Mr. and Mrs. John David Owens and son, Mrs. Zona Cochran and Art and Linda Shafer.

Gayle Wagoner spent the week with her cousin, Elaine Wagoner, of Hereford.

Mr. and Mrs. C. A. Sauley have returned from a week's visit with relatives in Roaring Springs and Big Spring.

Mrs. Zona Cochran of Hereford spent several days with Mr. and Mrs. Joe Wagoner.

Ed and Gene Loerwald were guests of Mr. and Mrs. S. T. Loerwald on Sunday night.

Mr. and Mrs. Joe Wagoner and children attended a farewell party for Mrs. Delton Cochran at the home of G. H. Logan in Hereford. Mrs. Cochran is joining her husband on the coast.

Ralph Morrison spent the weekend in Phillips with friends.

Walter Kaul spent Saturday night and Sunday with Arol Acton in Hereford.

Mrs. Bess Werner visited Mrs. E. W. Harrison and Frances and George Turrentine in Hereford.

Mr. and Mrs. J. B. Holland and Mrs. Smith and Harold of Hereford visited with Mr. and Mrs. George Turrentine on Sunday.

Mr. and Mrs. Jack Renfro left Monday morning for their ranch near Channing for the fall roundup.

## Your Congressman Reports

There seems to be a great deal of increased activity in the field of grading members of Congress. This is done by the numerous organizations throughout the country that hold themselves out as representing particular business groups, labor groups, manufacturing groups, political groups and so on. You would be surprised at the number of such groups that have sprung up in this country in the last 10 years.

As soon as a session of Congress is over, the individual voting record of each member is thoroughly scrutinized by someone connected with the organization doing the grading. Usually the organization has picked out several issues on which they have decided to take a definite stand. They then take the voting record of the member of Congress and find out how many times he voted like they wanted him to. If 10 issues are involved in accordance with the wishes of the organization 10 times, he bats 100 percent. For every wrong vote, of course, he gets reduced 10 percent.

The organizations then take the results and hand them out as absolute conclusions of fact that cannot be challenged. That is where the fallacy of the whole proceeding lies. In the first place, no mention is made of who does the de-

termining and on what basis it was originally concluded that the best interest of the country would be served by a yea or a nay vote. The truth is that these decisions are so often made on the basis of not what is best for the entire country—but what is best for the particular group that happens to be compiling the statistics. Sometimes the issues chosen are not remotely connected with the particular interest of the group. Sometimes they get the yea and nay votes mixed up and give a member a black mark when he should have a white mark according to their yardstick. For instance, on one occasion several years ago, a member was listed as having opposed a certain piece of legislation that was supported by the particular group. It developed that the member had actually vigorously supported the legislation. However a motion to recommit the bill had been made which would have meant the death of the bill. Of course, this member voted "no" on the motion to recommit. What the group had done was to see that he had cast a nay vote and apparently did not take the trouble to find out what he was voting "no" on.

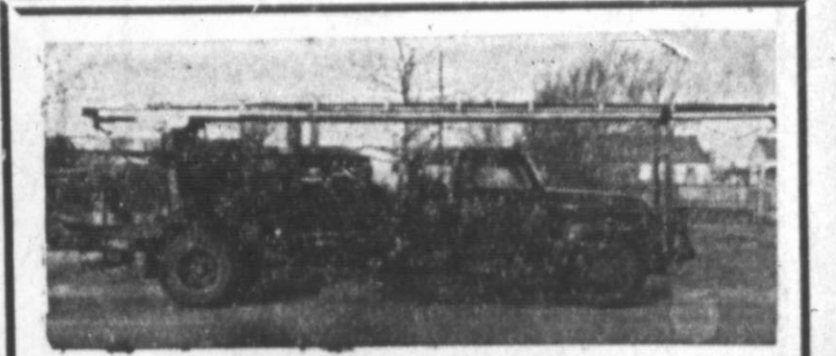

The point I want to make is that these matters should be carefully scrutinized by readers. It would be a very simple matter for a com-

munist group to pick 10 issues at random and grade the members of Congress, both House and Senate, on how they voted on those issues, or then list these members as having voted in accordance with the communist yardstick or against it. Unless the readers of this rating sheet knew the exact issues that were being voted upon, they would have no way of knowing whether there was any soundness in the conclusion of the rating group. This process could be very easily used as a subtle but vicious propaganda vehicle.

18th District of Texas

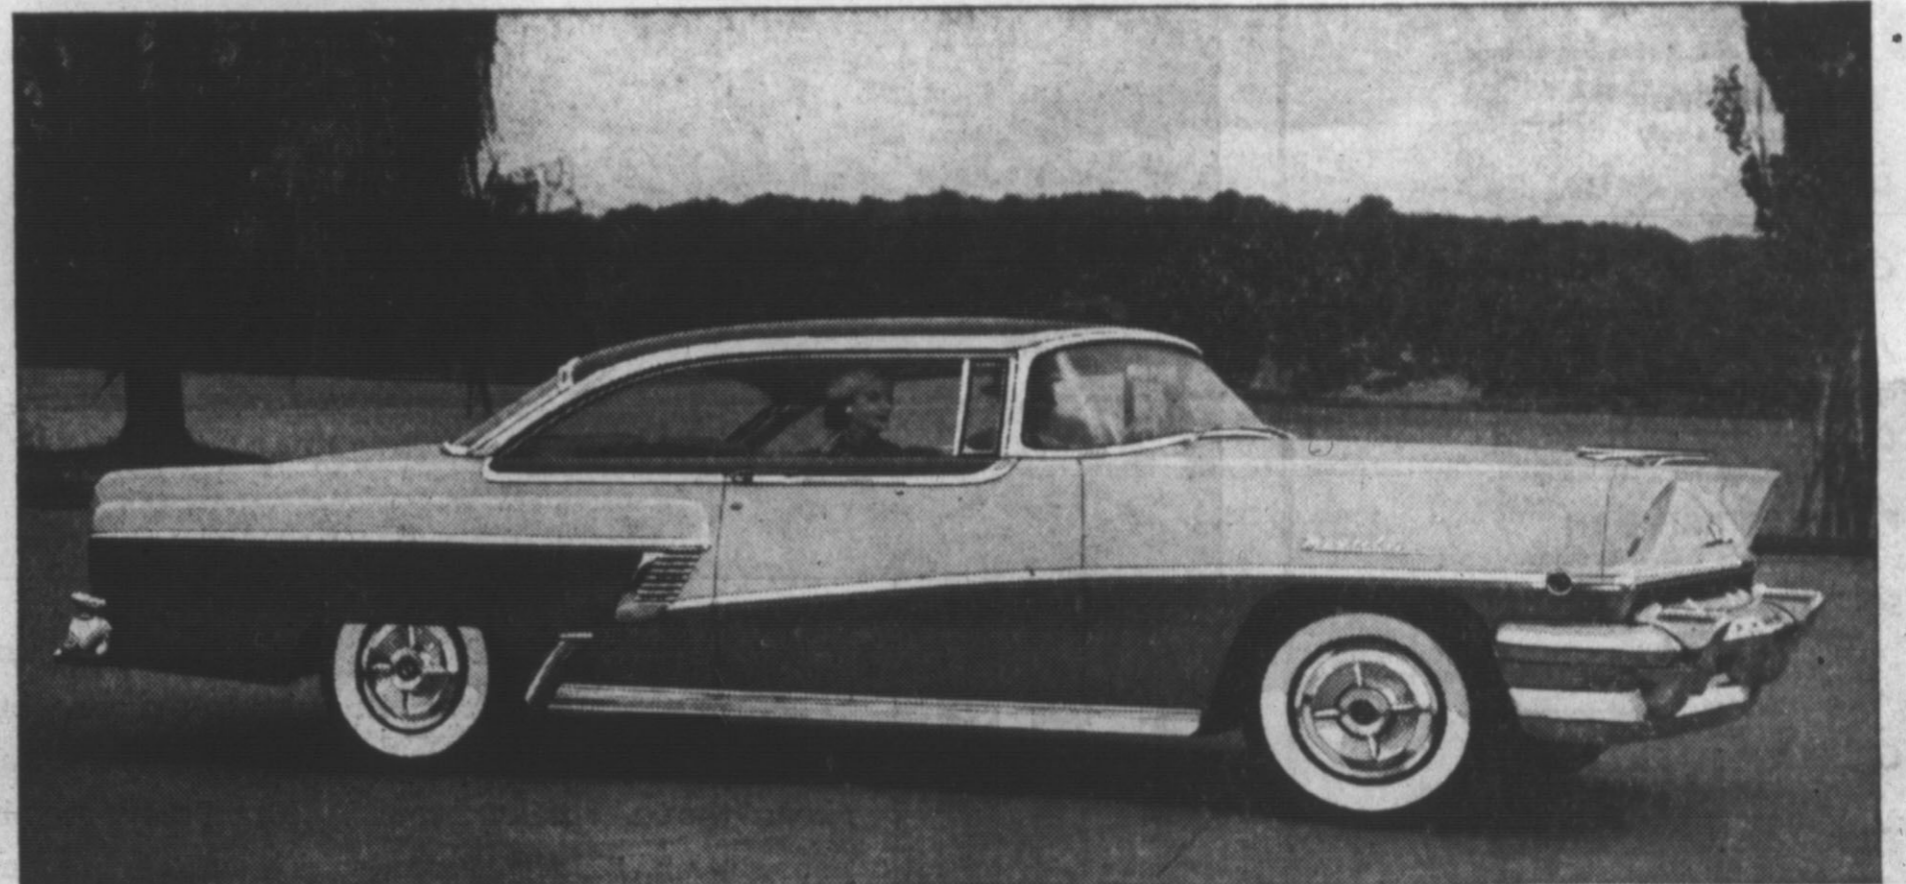

### FIVE GENERATIONS

FINCASTLE, Va. — John James Allen has on his office wall the law certificates of his great-grandfather, his great-grandfather, his grandfather, his father and himself. The oldest was made out in 1790 and the second in 1818. His great-grandfather's is especially interesting — he was president of the Virginia Supreme Court in 1851-1865 and a Congressman. His grandfather got his certificate in 1854. Father was the only one not named John James Allen. He was William Ross Allen, licensed to practice in 1892. The present John James Allen got his certificate in 1932.

## Three Accidents Cause Estimated \$800 In Damage

Three accidents resulted in three charges of negligent collision in the last few days here.  
 Monday, Wheeler Sears, driving a 1934 Ford, attempted a wide right turn on Second Street, 20 feet west of Main, and hit the left front of a 1939 Ford driven by P. H. Luck. Sears said his hand slipped off the steering wheel.  
 Sears was going south on Main and Luck was stopped at a red light on Second, heading east, police said. Sears was charged with negligent collision. Damages were estimated at about \$60.  
 Another wreck Monday morning caused an estimated \$140 damages. Mary Haseloff, driving a 1952 Buick, stopped at the corner of Grand Avenue and Avenue B to let school children out of her car, and a 1953 Dodge, driven by Albert Erdman, ran into the back of the Buick. Erdman was charged with negligent collision.  
 The third accident caused an estimated \$900 in damage. Glenda Robbins, driving a 1953 Chrysler, was charged with negligent collision following the accident. Police said she swerved her car into a parked car owned by Jack McCracken on East Fourth, 100 feet east of Lawton. Miss Robbins car was driving west on 4th, and the smash threw McCracken's car 23 feet into a nearby yard. Miss Robbins was also charged with failure to have a drivers' license.

Get lunches for lunch? Mash six hard-boiled eggs with a small-size can of deviled ham; add salt, pepper, prepared mustard and a little mayonnaise. Use as a sandwich filling with lettuce or sliced cucumber.  
 Serve chilled red apples with Gouda cheese for a fine dessert.

## FAR EAST NICKEL

**MANILA** — The Philippines has unearthed what experts say is the first and largest deposit of nickel ore—a strategic war material—in the Far East.

Agriculture Secretary Juan De G. Rodriguez announced the discovery of 29 million metric tons of iron deposits containing 1.38 percent nickel ore on Nomic Island, off the northeast tip of Mindanao island in the southern Philippines.  
 The mole lemming has such long powerful front teeth that he uses these to dig with instead of his claws.

## New Cub Scout Pack Investiture Is Held Sunday

An impressive ceremony of the investiture of 26 Cub Scouts of Pack 54 took place Sunday afternoon at St. Anthony's Church.  
 The boys went in procession, led by the Knights of Columbus in full regalia, from the school to the church followed by the scout leaders, den mothers and parents.  
 The Knights formed a guard of honor as the boys entered the church. Father Nathaniel assisted by Father Cletus enrolled the boys in their respective ranks. Benediction of the Blessed Sacrament followed.  
 W. H. Hiatt, scout executive, and

Maurice Teague, field executive of Amarillo and Bruce Miller, organization executive of Deaf Smith County were present.  
 Carrol Kreig is scout master of Pack 54; Alfred Reinart, assistant master; Rev. Paytas, institutional representative; E. H. Loerwald, committee chairman; Leo Hoffman, treasurer; Jerry Albracht, activities man; and Tommy Albracht, advancement man. Den mothers are: Madames Carrol Kreig and John Gallagher of Den 1; Carl Scimlati and Herman Hollenstein of Den 2; Gene Albracht and Jim Pavlicek of Den 3 and Richard Connally of Den 4.

The Indian government Yearbook for 1955 indicates India has about 350,000 motor vehicles. This is about one for every 1000 persons.

A MAN'S HOME can be his castle — Here Burl Ives, the ballad singer, is shown with some of his world-wide collection that his wife, Helen, understandingly integrates into their home.

### Man's Trophies Can Fit In And Keep Home Peace

By VIVIAN BROWN  
AP Newsfeatures Writer

WHEN YOUR husband suggests mounting that big fish that didn't get away this vacation, why not agree with him?

He'll keel over, no doubt when you do. You might even be shocked at your own generosity. But you may find that his trout or salmon makes a real decorative addition to your abode. (Think it over if it's a marlin or sailfish he's caught, however.)

Such is the psychology employed by Helen Ives, wife of Burl Ives, the ballad singer. She says: "A man's home should reflect his personality. Burl is away from home a good deal and I like him to think of it as a place that houses his little treasures and trophies. It gives him a sense of roots, and he is always anxious to get home again."

Burl, DOESN'T have the "little collector's" taste. He goes in for massive specimens. He prefers antiques and art involving coats, in memory of a great ranch he once operated in California: horse tribal drums and weapons and shins from Indians.

Two large bronze plaques on his living room wall, one of a triceratops and a bison, the other a bison head and a coat were hideous eyesores when he bought them in a junk shop. Did Helen complain? None. She had the plaques cleaned, polished the frames smoothed and antiques, and today these are charming additions to their New York living room.

Burl has on his South Pacific travels acquired the contents of a Maori museum including a frightening collection of spears, shields and other lethal weapons, but that didn't challenge Mrs. Ives as much as his model of the British royal yacht Enchantress. Says she:

"I must admit that really posed a problem. I try to integrate Burl's collection so that things are not prominently displayed or look like eyesores. But what do you do with a 5-foot boat? I tried it on the living room table, on the fireplace, but it looked wrong. Finally we had a shelf made for it in the foyer and put an old sea chest under it. That way we got it out of the way but still kept it in view."

OTHER CHERISHED possessions include a large cast bronze figure of the devil that Burl picked up in

### Household Tips

Marinate canned sliced or shoe-string-style beets in water, vinegar, brown sugar, salt, stick cinnamon and whole cloves. Drain and serve atop a mixed green salad.

Pretty garnish for tomato aspic: cauliflower (cooked and chilled or raw) sprinkled with minced parsley.

Measure the rolled oats — if you are using a meat loaf recipe that calls for it — then rub the cereal between the palms of your hands to crumble it before adding it to the meat.

Topping for a ham loaf: wash and slice an unpeeled orange; sprinkle the slices with sugar and arrange on top of the loaf about a half hour before the meat is ready.

Milk absorbs odors readily; so do eggs. Keep refrigerated milk and eggs covered. Never wash the eggs before storing.

New hostess sets of drinking glasses come in three sizes: 11-ounce Pilsners, 14- and 10-ounce beverage tumblers. One set features stylized golden flakes in a delicate geometric pattern and is rimmed with gold. Another has turquoise and silver fish, and still another is gay with swirls of pink and charcoal black accented with gold.

Add grated lemon rind and raisins to plain cupcake batter for school lunch boxes.

So many ways to vary rice to serve with a meat or fish course! To the hot cooked rice add grated raw carrot; or minced parsley; or minced scallions; or melted butter and curry powder mixed together; or chopped mushrooms cooked in butter; or green peas.

### At The Movies

#### Bad Day at Black Rock

A man's name on a slip of paper brings you to Black Rock, hot dusty, on the edge of nowhere. You walk down the street and smell the fear and hate. You can see it in the eyes of the big, sullen brute, the slim, lovely girl, the sin-bagge sheriff, the cool, tall killer. Suddenly you realize this whole town is evil. Of what? "Bad Day at Black Rock" comes to the Star Theatre Oct. 14 and 15 Stars are Spencer Tracy, Robert Ryan and Anne Francis who is the only girl in the east.

#### Wyoming Renegades

One of the most unusual westerns in years is "Wyoming Renegades." Phil Carey, a former outlaw returns to his home to find the community against him, all except his girl, Martha Hyer and best friend, Douglas Kennedy. He wants to make good but Carey's former gang leaders implicate him in a bank robbery. The film also tells how the women of Broken Bow took up arms against an outlaw band. It shows at the Tower Friday and Saturday.

J. E. McCathern, 1955 Buick, 10-6.

Frank, Ratliff, 1955 Chevrolet, 10-6.

R. E. Thompson Jr., 1955 GMC 1/2 pickup 10-6.

H. H. Schunter, 1955 Studebaker, 10-7.

S. S. Howell, 1955 Chevrolet, 10-7.  
Guy T. Cornelius, Jr., 1955 Mercury, 10-7.  
A. L. Howe, 1955 Dodge, 10-8.

Fill the cavities of fresh pear halves with a mixture of diced ham, diced celery and mayonnaise. Sprinkle with paprika and serve on greens.

Hot cooked noodles taste wonderful mixed with garlic-flavored olive oil and Parmesan cheese.

Adapted from the Italian cuisine: cold sliced veal served with a dressing of olive oil, wine vinegar,

crushed garlic, mashed tuna fish and capers. Wonderful dish for a buffet supper table.

Here's how to cut an oblong sheet cake. First slice the cake in half lengthwise. Then cut diagonally, starting at one corner, to make wedge-shaped pieces. Finally cut diagonally starting at opposite corner.

Give applesauce good flavor by

adding sugar to taste, dash of salt, lemon rind and lemon juice, a suspicion of nutmeg. Tastes wonderful over vanilla ice cream.

Here's a satisfactory way to heat cooked leftover rice. Put it in a saucepan and cover it with boiling water; bring quickly to a boil. Drain and return to saucepan; dry a few minutes, shaking the pan, over low heat.
