Voters Okay Tax Office But Turn Thumbs Down On Airport

Bond Issue Is Defeated By More Than 2-1 Vote

Deaf Smith County voters turned thumbs down on the \$150,000 airport bond election Tuesday, but favored separation of the tax collector-assessor's office from the sheriff's office by a vote of almost two to one.

Voters—980 of them—voted more than two to one against the airport issue. Complete but unofficial returns show that the bond issue failed by a vote of 683 to 297. The tax office separation was favored by a 608-363 majority.

Not a one of the 10 precincts voted in favor of the bond issue. The three Hereford boxes gave it the largest vote, but in every one of them the issue was defeated overwhelmingly.

Only four of the precincts favored the tax office split. The three Hereford boxes and the Dawn box voted in favor of the office separation and the Bippus box had a 3-3 tie.

Failure of the bond issue to pass means that the Federal government will definitely not make any funds available for an airport here.

Two boxes, Precinct 3, Roe community, and Precinct 9, Bippus, voted unanimously against the bond issue. Precinct 3 east 11 votes against the issue and Precinct 9 voted 8-0 against it.

Voters cast about the same percentage of votes in favor of creating a separate tax office as they did when voting on the constitutional amendment which allows counties under 10,000 population to do so.

Approval of the office split means that there can be candidates for the post at the next election. The first tax assessor-collector to take office will do so Jan. 1, 1957.

Puppet Show To Be Featured At Electric Fair

Preliminary plans for Hereford's first electric Appliance Fair were completed here Tuesday morning, when representatives from seven dealers met with Southwestern Public Service officials and announced the engagement of "Sabin and Her Personets" as star attraction for the two-day event, Sept. 27-28. Clee Meharg, public service manager, said that the promotion will be held in the old Furr Food building.

In addition to the puppet show, each of the dealers will display the latest in modern electric appliances in individual booths during the event, and each of the seven dealers will award dealer prizes to those who register at their booths. The dealers are also pooling resources to award an electric dryer to some person who attends the Appliance Fair and registers during the two-day period.

The Appliance Fair will remain open from 2-9 p.m. each of the two days, featuring three performances of the puppet show on the following schedule: 4:15, 7:15 and 8:40 p.m.

"School children are especially invited to the 4:15 performance Wednesday," said Meharg. "The show appeals to children as well as to adults, and we particularly invite all children from all schools to the Wednesday showing."

Dealers, meanwhile, are planning and working to make the event outstanding with attractive booths, displaying of the very latest in electric appliances of all types on the theme of "Modern Living."

As a special advertising promotion, the utilities firm will also suspend five large helium-filled balloons above the building, and will play spotlights on the balloons at night.

Taking part in the Appliance Fair are the following dealers: H. Hale, Mrs. O. A. Culpepper, Floyd Coker, Mrs. M. T. Rutter, Thurman Atchley, Mrs. Ernest May, Cecil Boyer, Mrs. Ralph Smith, J. M. Posey, Mrs. Verna R. Sowell, Ivan Block, Mrs. Russell Hunter, Curtis Traweck, Mrs. Elmer Matthews.

Mr. and Mrs. John Sands have adopted a little girl, Debra Ann, who is three weeks old. Debra Ann was brought home Monday.

City Takes First Step To Annex Two New Areas

Hereford City Commissioners Monday night took first steps to annex two tracts of land into the city limits.

At the regular meeting of the City Commission the first reading of the ordinance annexing a large tract of land on the southeast corner of the city and a smaller one on the west side was passed by the Commission.

Boundary lines for the larger of

the two tracts was described as follows: "Beginning at the southeast corner of the intersection of Mable Street and Whittier Street, on the present city limit lines, thence east with the south right-of-way line of Mable Street to the intersection of Mable Street and U. H. Highway 60; thence in a northeasterly direction, with the north right-of-way line of Highway 60, to the intersection of Highway 60 and the county road which runs along the east section line of Section 59, Block K-3; thence south with the west right-of-way line of said county road, being 30 feet west of said east line of Section 59, to the center of Tierra Blanca Creek, where said Creek crosses said section line road; thence in a westerly direction, along the center of Tierra Blanca Creek with the meanderings of the creek, across Section 60, Block K-3, to the present city limit line, where the creek intersects the west line of Section 60, Block K-3; thence north with the present city limit line to the north right-of-way line of Highway 60 at its point of intersection with Avenue K; thence in a northeasterly direction with the north right-of-way line of Highway 60 to the southeast corner of the intersection of Highway 60 and Whittier Street; thence north with the east right-of-way line of Whittier Street to the place of beginning.

The smaller tract of land was described as beginning in the south line of Lake Street, in the intersection of Lake Street and South Texas Avenue, at the present city limit line; thence north with the present city limit line in Texas Avenue, to the point where the city limit line turns west, at the north line of Block 2 of Womble Addition; thence west with the north

line of Block 2, Womble Addition, to a point in said line directly south of the southeast corner of the Dickey Subdivision; thence south on a line which is the extension of the east line of Dickey Subdivision, to the south line of Lake Street; thence east with the south line of Lake Street to the place of beginning.

By law, any citizens of Hereford, or of the territory to be annexed, who want to contest the annexation, may file a written petition setting out their reasons for the contest with the City Commission. Any person contesting the annexation can appear before the Commission Nov. 7, when the ordinance will be finally acted on by the Commission.

Around Town

Folks Around Town are talking about the large amount of "cons" and the not so large amount of "pros" that voted in Tuesday's special election. The turnout—980 votes—was considered good in most quarters.

There will be a B-team football game here Thursday night at 7:30. The Whiteface B team will be entertaining Tula.

Everyone interested in taking an extension course in education 510 have been asked to meet Thursday night at 7 p.m. in the barbers building behind Justice High School. The course will be taught by Joseph Sinley of West Texas State College and any adult may take the course for non credit and anyone who qualifies may take it for credit, Miss Della Stagner said.

Special Venire Is Called For Trials

A special venire of 120 persons has been called for two murder cases which are docketed for Monday in District Court.

The murder trials of Clifton D. Potter and Melvin O. Wheeler have been set for the same day. Only one of the cases is expected to be tried at this time, however.

Potter is charged with murder with malice in connection with the shooting death of George Thompson. He was indicted June 10 of this year. Officers say Thompson was shot four times following a fight over liquor.

Wheeler was indicted Nov. 8, 1953 in the stabbing death of Mike Hucker. The stabbing is alleged to have occurred over "family troubles." This is the fifth time the case has been called.

Called for jury duty were Mrs. Phillip Miller, A. C. Flowers, Charles Crowell, Mrs. Alton Fraser, James E. Black, Mrs. Wm. Hardwick, M. G. Caywood, Mrs. Sybil E. Edwards, Orval Galley, Mrs. Maurice Tannahill, J. B. Noland, Mrs. C. C. Billingsley, J. B. Halle, Mrs. Frank Lookingbill, Gerald H. Hale, Mrs. O. A. Culpepper, Floyd Coker, Mrs. M. T. Census Shows Area Has More Acres, Less Farms

There are 47 fewer farms in Deaf Smith County than there were in 1950, but 43,619 more acres are being used for farming purposes, the 1954 agriculture census made by the U. S. Department of Commerce has revealed.

According to the census report, there are 674 farms in the county, compared to 721 in 1950. In 1950 total land in farms was 799,655 acres, and in 1954 there were 843,274 acres used for farming. The report, which is preliminary and subject to revision, shows that 87.4 percent of the county's 964,480 acres are in farms.

Average size of Deaf Smith County farms in 1954 was 1251 acres, compared to 1109 acres in 1950. The average farm's value in 1954, including land and buildings, was \$118,241, while in 1950 it was only \$75,773. That would make the average acre worth \$88.78 in the latest census and \$70.37 in 1950.

The report indicated that 344,216 acres of crop land was harvested and that an additional 22,629 acres of crop land was used for pasture.

Since 1949, irrigated land in the county has increased from 93,111 acres to 152,995, according to the report. In 1954 land in row crops or close-seeded crops for wind erosion control totaled 8929 acres, and crop land used for grain or row crops farmed on contour totaled 69,831 acres.

The report also indicates that more county farmers are now living off the farm. In 1950 518 farmers lived on the farm they operated and in 1954 there were only 488 who did. One hundred and eighty-nine farmers did not reside on their farms in 1950 and 173 did not in 1954.

Hughes Rites To Be Held Today

George Allen Hughes passed away at his home Friday morning. He had been ill for some time. Funeral services will be held at the First Methodist Church today at 3 o'clock, conducted by Rev. S. M. Dunnam.

Mr. Hughes was born June 10, 1888, in Jones County. He came to Deaf Smith County in 1902 from East.

Survivors are his two daughters, Mrs. Aline Hughes Montgomery of Dallas and Miss Lucille Hughes of Dumas; three sisters, Mrs. Luther Pevey and Mrs. F. A. Millard, both of Hereford and Mrs. T. M. Yelverton of Portales, N. M.; and a brother, A. R. Hughes.

Lettuce And Cabbage Both Bring Excellent Prices; Crop Is Good

Both lettuce and cabbage began to move in large quantities this week in the Hereford area, and both crops are bringing top prices.

Most of the packing houses report they have a number of orders to fill and the deals are getting into full swing.

Both crops are reported good in both quality and quantity. Extremely hot weather in other areas has caused some crop failure and there seems to be a good demand for the local crops.

From all indications the lettuce deal is just opposite from the potato deal. Lettuce has been selling all the way from \$3 a carton to \$4, and either price is considered excellent.

Much of the lettuce is being packed in the field. The first ice packed was to have been shipped Wednesday afternoon.

Total acreage planted in lettuce is not known, but the county has a rather large crop.

GREEN GOLD — It isn't quite gold, but lettuce is bringing a premium price this year. And Deaf Smith County has a good crop to go along with the good price. Pictured here are Douglas Cooper and Glenn Kennamer inspecting the yield at the Howard Beasley farm about 16 miles north of Hereford. (Staff Photo)

NATIONAL DOG WEEK — Dogs rule supreme this week in Hereford, for it is National Dog Week. And Mrs. L. C. Thomas probably rates among the top dog owners in Hereford — she has 12 of them. Mrs. Thomas is pictured with several of her Pomeranians. At present she owns nine pups and three grown dogs. Some of the little fur balls were reluctant to pose for the photographer, however. Beauty At Home

Q. Is kneading good for removing surplus flesh from the waistline?
A. Very good. Grasp as much of the waistline fat as you can between the fingers and palms. Lift and squeeze as if kneading dough. Do this all across your tummy and over your hips until the flesh tingles.

Q. Can you recommend a good "homemade" mouth astringent?
A. One of the best is the unsweetened juice of a fresh lemon in a fourth of a glass of water.

Q. What can I do to strengthen my fingernails?
A. Regular buffing adds strength to the nails. Colorless iodine, painted over the nail and around the cuticle periodically is health-inducing too.

Q. What causes bluish lips?
A. Often, anemia. If your lips are blue, consult your doctor. Beauty is possible only if one's health is up to par.

Q. How can I make a better job of cleaning my knees and heels?
A. Add a little powdered pumice to a soap lather, and scrub these areas with a brush. Rinse, and massage with hand lotion.

Q. What is the best rouge placement for the heart-shaped face?
A. Since the greatest width is across the eyes, the rouge should be accented at the lower half of the face to balance it. Blend rouge wide at the lower half of face, and fade it out upward toward the eyes. Keep the rouge away from the hairline.

Q. Please suggest a good tonic for blond hair to help keep it soft, healthy and lovely.
A. Try this: One ounce borax, 1/2-ounce bicarbonate of soda, one dram camphor, 1/2-ounce glycerine, one quart rose water, and two ounces alcohol. The camphor should be dissolved in the alcohol, the borax well mixed and shaken in another bottle, then poured together.

Q. What is a good exercise for slimming the calves of the legs?
A. Lie on back. Lift left leg upward as far as comfortable and pull your toes back toward your head. Relax toes and return leg to the floor. Do the same with the right leg, keeping knees stiff throughout.

Q. What is a good treatment for a very greasy and oily type of skin?
A. Two or three times daily, try this facial bath: Rose water 5 1/2 ounces; alcohol 1/2-ounce; boric acid 1/2-dram. This treatment is at once cleansing, cooling, and drying.

Q. What can I do about dry dandruff on my scalp?
A. Increased shampooing, massaging, combing, brushing, and running the fingers vigorously through the hair will help. One massage formula is: White petroleum jelly, three ounces; castor oil, 3 1/2 ounces; oil of bergamot, 30 drops.

Q. I am 21 years old, and am 5 feet 3 inches tall, weighing 146 pounds. My bust measures 36, waist 27, hips 42. What is wrong with my figure?
A. You are at least 20 pounds overweight, and should reduce by sensible dieting. Your bust and waist are in proportion, but you need some hip-reducing exercises while you're counting your calories.

MISS LORENE GUNTER . . . enters TV work

Former Hereford Woman Resigns College Staff

PLAINVIEW — (Sp.)—Miss Lorene Gunter, formerly of Hereford, resigned Sept. 10 from the Wayland College staff to accept a position in the film department of KGNC-TV, Amarillo, and was honored by a number of courtesies by staff and students. This new position is a step forward in an ambition of long standing.

Miss Gunter's record is already remarkable since she suffered an attack of polio when she was only four years old and the W. C. Gunter lived in Claudi.

She was prevented from attending Hereford High School some years later because of her inability to go up and down the stairs but in 1948 she entered Wayland College by taking examinations in lieu of the missing high school credits.

In between grammar school and college, she took a business course and worked in Clarendon and in the post library at the Amarillo Army Airfield during World War II. While working in Groom in 1948 she decided that she would go to Wayland College. Four years later, following her graduation with the B. A. degree, she began her work as receptionist for the college. She has also studied at the University of Southern California.

As a student she won top honors in many student activities, including the presidency of the Senior Class and recognition in "Who's Who in American Colleges and Universities." Both during and since her student days, she has been in demand as a speaker before student and church groups over the Panhandle Plains area and in New Mexico. She has been presented on a number of programs on Station KVOP, Plainview, and KIBL, the college radio station. Since her graduation she was elected to membership on the Executive Committee of the Former Students Association of Wayland College.

Now her major in speech and her interest in radio has led her to Amarillo, where she will be working in the field of her choice, radio, as she has joined the KGNC-TV staff.

Walcott News

By MRS. T. L. COLLINS

Mr. and Mrs. Wallace Lumpkins and children, and Raymond and Bruce Collins went to Whiteface Saturday afternoon. They visited with Mrs. Lumpkins' son, Charles, and brother and wife, Mr. and Mrs. Steve Self. That evening they drove to Plains to attend a football game. Charles McClure plays on the Whiteface team.

Visitors in the O. A. Woods home Saturday and Sunday were her sister and husband, Mr. and Mrs. Paul Bogan of Lamesa, and son Wayne of Walcott and Mrs. J. M. Gleghorn, of Artesia, N. M.

Mr. and Mrs. T. L. Collins and Bruce took Raymond to Canyon Sunday afternoon. He will enroll as a sophomore at WTSC.

Mr. and Mrs. Norman Minks and family left suddenly Sunday morning, after receiving word of his brother's death in a car wreck in Missouri.

Mr. and Mrs. Wallace Lumpkins and family attended church and ate dinner in Hereford Sunday. In the afternoon they drove to Canyon while Mr. and Mrs. Lumpkins visited with his brother, Pete, who is in Nebbett Hospital there. Pete Lumpkins of Tulsa was in a car wreck near Canyon about eight days ago, but is improving nicely.

Herschel Burrus and family went to Tulsa last Saturday.

Mr. and Mrs. A. L. Shelton attended Sunday morning church services at Bippus.

Mickey Rudd made a trip to Colorado last week with his aunt and uncle, Mr. and Mrs. Coney Rudd and two children of Sudan. They visited the Royal Gorge, the Cave of the Winds, Pike's Peak, Colorado Springs and Canon City.

Walcott now has three cheerleaders for this school year. They are: Royce Lee Fruit, Mary Dufur and Janell Weaver.

Mrs. J. V. Perrin was hostess for the Farm and Ranch Club that met in her home Thursday afternoon.

Mr. and Mrs. Steve Self and Charles McClure of Whiteface, came up for a visit this weekend in the Wallace Lumpkins home.

Mr. and Mrs. Don Guseman, Donna Sue and Gary made a recent trip to points of interest in Colorado.

Mr. and Mrs. A. L. Shelton made a trip to their home in Amarillo Saturday.

Walcott School children and their teachers enjoyed their first educational movie of the year Thursday morning, "The Birth of an Oil Field," from the Shell Oil Company.

Walcott P-TA held its first regular meeting Friday night, Sept. 16. A good lively group came for Family Galtie Night. Mrs. T. L. Collins directed the evening's activities, with the central thought, "Vacation Fun." She and Carol Lynn McClure, greeted patrons at the door and pinned the name of some vacation spot in these United States, one each one's back. Soon everyone was asking questions about "this place I

In Austin Saturday to attend the University of Texas-Texas Tech football game were Mr. and Mrs. R. C. White, and Mr. and Mrs. J. C. McCracken. The McCrackens were accompanied by their daughter, Sylvia, and Pat McCullough, both students at Texas Tech.

When they guessed the correct name it was pinned in front and they could be seated. Next, the grand hand shake was in progress, each shaking hands side ways with his neighbors. If the policeman (our members) caught one not shaking hands properly, or not at all, he was placed in "jail."

Mrs. J. V. Perrin, president greeted everyone. Mr. Collins, the principal, introduced the new employees at Walcott this year: Mr. and Mrs. A. L. Shelton and Mr. and Mrs. O. A. Woods. P-TA vice president Mrs. Wallace Lumpkins gave a brief forward look into the programs for this year (passed out the new program books made by Mr. and Mrs. Eldred Brown.)

Mrs. Roy Fruit, secretary, read minutes of the last meeting. These were accepted. Mrs. Don Guseman, treasurer, gave a report of money-on-hand. The main business settled was that P-TA will meet for its regular meetings, just once a month, on the third Friday night.

Next, the group re-arranged the chairs and enjoyed several more vacation games and stunts. Perhaps the one which gave the most laughs was the Suitcase Contest. The women—N. E. Tyler, Mrs. Walden Melton, Mrs. Eldred Brown and Mrs. Chester Minyon showed the men—Glenn Burrus, A. L. Shelton, Jack Weaver, and Wallace Lumpkins, that they could unpack and don men's clothes faster than the men could put on women's clothes. Several folks had a hard time finding the Hidden Stamp to mail their postal, which was attached to the corsage of Mrs. Shelton.

The line formed through the kitchen where each was served cold watermelon by the men. Visiting was done while they were eating.

What's This

By Chris

Hail humans! Remember me? Of course! It's your old "see all, hear all and tell all pal," so just forget your cares for awhile and get hep to my jive. Okay?

Well, we're back in the groove again, believe you me! Goodbye to lazy days in the sun and frantic nights under the moon. I guess all of you have heard about our new principal, Mr. Sullivan. Things are really jumping up at the old brain shack (school to you.) Mr. Principal cracks the whip while we toe the mark, and I was only kidding. He's not really THAT bad. In fact, he's a round human (nice person to you) and if you don't believe him, well, just ask him.

Didn't those poor little freshmen look unloved and dejected walking down the halls with their noses enclosed in green circles? They seemed to be pretty sporty about it though. Seems like a nice enough batch this year, being as how they look at seniors with an awe that even us sometimes. No cotton, fishies, we're keen to have you join our great big happy family. Just mind your manners! And have fun. You'll never again be as "bir" or as "smart" as you are now. Dicht, seniors?

Norman B. must have been feeling his Cheerios at Muleshoe. That's plenty reet with me. I guess, but it's another thing when he starts man-handling certain girl's pony-tails. That goes even more, if he and that certain girl are sitting in the Muleshoe section. Made the connection yet? Well—that's all I'm going to say. Say! Do you know that big, muscular cube—veah that's who. Dean Stevens? Well, I have a hunch that he'd better treat yours truly a lit-

tle slight of royalty. The same goes for his shadow, James. I could blackmail them indefinitely if I chose. But it's the way I said, if they're nice and will refrain from making certain pointed remarks about certain people's "buggies"—

"Flip, flop, and fly." That's our new motto. Well, you see, the way it is, somebody went "wavy crazy" on the halls of dear ole Alma Mater. You can take two stens and slide back one, so our little brainy dish, Carolyn L. decided that we should walk in reverse. How about that?

Merle Southern and Melton White are in for it when it comes to the matter of shoes, and I don't mean the size, even though their box-cars are nothing to scoff at!

And I hear that Merle S. and Garv Mc. were really getting hen on the sea-shelling last week. Isn't that right, Linda?

Listen to this. Mr. Smith was holding a before-the-bell conversation with our new student from Montana, McCathern. During one of those "infrequent" lulls of quiet in a classroom, McCathern was heard to say, "I'd rather hunt ducks." Forth with, our little Nancy Story said under her breath, "I'd rather hunt boys!" How about that, all ye able bodied who call yourselves males?

Well, so long for now. The old clock tells me I have one minute until I must once again stride down the halls of HHS and hope that Gene Strein's elbow will miss my left eye this time, as I "laboriously" fight my way to English class.

(Continued from Page 1)

there were 20 in 1950; 51 with at least 140 acres and not more than 179 as compared to 54 when the last census was taken; nine with from 100 to 139 acres as compared to 12 four years ago; 15 with from 70 to 99 acres, compared to 14 in 1950; four with from 50 to 69 acres, compared to two in 1950; six with from 30 to 49 acres as compared to 11 in 1950; 11 with at least 10 and not more than 29 acres, compared to 29 four years ago; nine with from three to nine acres, there were 10 in 1950; and 23 with less than three acres as compared to only two when the last census was taken.

Ownership

In 1950 there were 380 full owners, but in the latest census only 235 were reported. Part owners numbered 172 in 1950 and now total 198. Six farms had managers in 1950 and there were nine such farms in 1954. In 1950 there were 163 tenants and now there are 232.

Easier Living

The census report shows that farm life today is much easier than it was in 1950, as far as facilities and equipment are concerned. In 1950 only 56 farms had telephones, while 325 did in 1954. Five hundred and 53 farms now have electricity while 573 did in 1950. There are 270 farms which have television sets and 530 with piped running water. (Neither of these items were listed in 1950.)

There were 341 home freezers in use in 1954, compared to only 116 in 1950, and the report also showed that there were eight farms with electric pig brooders, 218 with power feed grinders, 27 with milking machines, 415 grain combines, 15 corn pickers, 56 pickup hay balers, 84 field forage harvesters and 316 artificial ponds, reservoirs and earth tanks.

More farms have tractors than trucks, the report reveals. There are 525 tractors which have a total of 1046 trucks and 529 farms that have 1425 tractors. Five hundred and fifteen farms have 782 automobiles and there are 32 garden tractors and 23 crawler tractors listed. Seventy-three farms reported use of only horses and mules.

Accidents Cause Minor Damages

Two accidents caused only minor damages in Hereford in the past few days.

Tuesday a Community Ice truck, driven by Bobby Frost and a station wagon driven by Evin Word collided at the corner of Highway 60 and Lee. Police said Word was attempting to pass Frost in the right lane when another car pulled into the intersection and forced the station wagon into the truck. Word was given a ticket for negligent collision.

The second accident occurred Saturday, causing an estimated \$300 in damages. A 1952 Mercury, driven by Reynaldo Hernandez, and a 1950 Studebaker, driven by Wayne Caster, collided at the corner of Second and Main. Hernandez was going west on Second when Caster attempted to make a left turn and ran into the front of the Mercury.

Caster was charged with failure to grant right-of-way and leaving the scene of the accident.

School Traffic Problem Studied

Hereford City Commissioners on Monday night considered at least five ways to relieve a serious traffic problem at Hereford High School. No definite action was taken, but commissioners agreed that at least one of the five plans discussed would be put into practice soon.

Commissioners discussed stopping all parking around the high school, requiring students to park in a designated parking area, traffic lanes, traffic signals and the possibility of adding school patrolmen.

New Park
City dads also discussed the possibility of a park on the north side of town. A number of land offers have been made to the Commission.

SPUDS FOR GIRLS TOWN — Hereford Beta Sigma Phi members and Kiwanians combined their talents last week to pick up a truckload of potatoes to send to Girls Town. The spuds were donated by George Heard and shipped to Girls Town by the Hereford Fruit Market. Pictured sacking spuds here are Mrs. R. L. Warren, left, and Mrs. Harold Beauchamp, both members of the sorority. (Staff Photo)

Girls Town Gets Load Of Produce From Sorority

Girls Town received a shipment of Hereford produce last week, thanks to the Hereford Beta Sigma Phi.

The local sorority was responsible for the 60 girls at the ranch, which is located near Whiteface, having plenty of potatoes, onions, carrots and cantaloupes.

Mrs. Ernest Wade was chairman of the committee which arranged for a shipment of produce to go to Girls Town, which was founded by Miss Amelia Anthony.

George Heard donated and dug the potatoes and members of the sorority and Kiwanians picked and loaded them. B. Griffin donated the onions, the A&P packing shed gave the carrots and Irvin Reeves and Wilbur Axe donated the cantaloupes.

The produce was trucked to the ranch by Garland Cox in a Hereford Fruit Market truck.

Girls Town is located on a 12 acre ranch 18 miles from Whiteface. There is not a man on the entire ranch. Women and the girls run the whole thing. The girls have their own cattle and dairy herd,

and buildings include a dormitory, mess hall and cattle barn. Another dorm is now under construction.

The girls planned to can or freeze the produce which will not keep. Beta Sigma Phi is planning to take a load of lettuce and perhaps cabbage later.

Miss Anthony said the ranch was in bad need of food for their cattle, and said she would send a truck to Hereford if any surplus feed were available here. Anyone wishing to donate feed to the ranch may phone Mrs. Wade.

Give up. No more calls about sheets—please. I am thoroughly convinced that some of them talk. However, ours can't—goodness. There must have been two dozen calls from people to have these little talking fowls.

O. E. Sherman, however, was to own and possess the prize them all. This particular bird, Mrs. Sherman, can say all the prayer, "Now, I lay me down to sleep, in Jesus' name, Amen." he can recite several other deals and in conclusion, Mrs. Sherman says that he often says: "Hello, Dr. Willis" and "Hello, Dr. Pepper."

Mrs. Sherman is a fine woman, wonderful cook and is unquestionably the best gardener in Deaf Smith County. I know she is telling the truth. I don't doubt her a bit.

Frank Cogdell says the only reason my parakeet don't talk is because, "you have to be as smart as the bird, before you can teach anything." Some people say the same thing about dogs, but I never hear of any of these dog trainers winning quiz programs.

Jack Gilliland, for instance, has a dog that dearly loves Angel Food cake. That is my idea of a really smart dog. Furthermore, Jack says Angel Food cake pretty well himself—but it doesn't necessarily mean that he is a lot smarter than a dog. In fact, I would say that is just about a tie.

When it comes to real he-man things, though, I will take gold fish every time.

Wednesday morning Hereford

would have been an ideal location for a helicopter salesman. Any way, it looks like this is the only type of plane that is likely to be sold around here during the next 25 years. I was disappointed in the election—but not surprised. I still think that folks made a mistake, but it is even more important to live in a country where people can go to the polls and have their say without any pressure or undue influence. What's more, I don't know of a single instance where anyone got fighting mad over the election. Besides, those helicopters may be a little bit crowded—but we will probably get used to them.

I was also happy to see the office of assessor-collector separated. This is a good deal, something the county needs, and something which is a step toward progress and more efficient government.

Roy Osborn says the big reason that the airport bonds failed is because all of these Texas Democrats just don't want to be obligated to the Republican administration by taking that \$150,000. Maybe he is right. What's more, it looks like the farmers may also be taking a little less. I had a letter from Lyndon Johnson, who says he is worried about the agriculture support program. Lyndon says to forget politics and parties and let's do something about the farm program. He would like to hear from folks who are really interested. Write him in Washington, D. C. He will appreciate your opinion and your ideas. He says he wants to know what the farmers think—and why.

Legal Notice

NOTICE OF ANNEXATION ORDINANCE

Notice is hereby given that the following ordinance of the City of Hereford, Texas, was duly introduced and passed on first reading at the regular meeting of the City Commission of the City of Hereford on September 19, 1955.

In accordance with the Charter of the City of Hereford, this ordinance will be finally acted upon by the City Commission on November 7, 1955 at 7:30 o'clock p.m. Any citizens of Hereford, or of the territory to be annexed, desiring to contest said annexation, may file a written petition setting out their reasons for said contest with the City Commission, and each person may be heard in support of his contest at the City Commission meeting on November 7, 1955.

Said ordinance reads as follows: AN ORDINANCE ANNEXING THE HEREINAFTER DESCRIBED TERRITORY TO THE CITY OF HEREFORD, DEAF SMITH COUNTY, TEXAS, AND EXTENDING THE BOUNDARY LIMITS OF SAID CITY SO AS TO INCLUDE WITHIN SAID CITY LIMITS SAID HEREINAFTER DESCRIBED PROPERTY AND GRANTING TO ALL OF THE INHABITANTS OF SAID TERRITORY ALL OF THE RIGHTS AND PRIVILEGES OF OTHER CITIZENS, AND BINDING SAID INHABITANTS BY ALL OF THE ACTS, ORDINANCES, RESOLUTIONS AND REGULATIONS OF SAID CITY.

Accidental Landscaping Adds Much To Hereford

By ROBERTA CAMPBELL.
Informal and in some cases one might say accidental landscaping add a great more to the appearance of Hereford than you may realize unless you are more than an average observer.

Formal landscaping isn't easy to overlook as it appears around a number of our newer business houses, including the clinic and the hospital; but building sights acquired from former residents often carry a land mark which the owner was reluctant to destroy. This is particularly true along Highway 60 where a peep behind buildings will reveal a tree or even a clump of trees which remain to add to the appearance of the abrupt walls.

A dozen or more business houses have a tree or two tucked in next to the building or a surrounding fence and they are not always the shade variety. Growing right up against the wall of one of the camp courts east of town is a peach tree which is big enough to bear fruit if the weather man will cooperate.

Since this isn't timber country, there is nothing significant about the trees growing in three of the four or more lumber yards, but never-the-less they add a soft friendly touch to these vendors of houses in the raw.

Even some of the grain elevators and warehouses have left the trees which came with the property, maybe because, they thought that

once a tree gains a foothold in this prairie country it should certainly be given a chance for survival.

Apparently there are no spreading chestnuts around the blacksmith shops, brought up to date by machinery, but plenty of Chinese elms have sprouted their way into the landscape of Hereford's skyline to surprise any individual

who is statistically minded enough to make a personal check.

Actually these stragglers add more to the appearance of our business district than we think and we should appreciate the sentiment which prompted calculating merchants to realize that while they can erect magnificent structures to house their business it is only God who can make a tree.

'Why People Don't Vote' Is Topic Of H. D. Women

"Why People Don't Vote" is one of three subjects which has been included on Home Demonstration Club programs for September, in relation to citizenship. The other two under discussion by the women at their regular meetings are "Democracy Begins in Your City" and "Other Duties as Citizens."

Clubs reporting meetings for September are:
West Hereford
Mrs. Alice Cox was hostess for members of the West Hereford Home Demonstration Club who met for a program on Citizenship Sept. 13. Mrs. Mary King, Mrs. Carlos Vaughn and Mrs. N. B. Hood brought the three part program.

Mrs. Vern Witherspoon received the penny gift and Mrs. King the hostess gift.

Mrs. Mary Williams was welcomed as a new member.

Others attending were: Mesdames John Jacobsen Sr., A. E. Douglas, Mary King, Carlos Vaughn, W. H. Awtrey, N. B. Hood, W. A. Waters, Vern Witherspoon, Miss Evelyn Bell and the hostess.

Wyche
The Wyche H. D. Club met Sept. 15 in the home of Mrs. C. F. Newsum for a program based on citizenship.

Doughnuts and Kolache. The products taken from this county were cinnamon rolls, made by Mrs. LeRoy Williamson and raised doughnuts made by Mrs. Williamson, Mrs. H. S. Fuller and Paula Beth Corbett. The agents took the cinnamon raisin coffee cake and the date bread.

The awards for the Better Baking Contest and for the Wheat Improvement Contest will be given at the Sports Arena at the Tri-State Fair grounds on Sept. 24. As usual 4-H members, leaders, parents, agents, and others interested in rural youth will be admitted free to the Fair Ground. The awards program is also free. We would

"Why Don't People Vote," was given by Mrs. C. C. Ellis. "Democracy Begins in Your Town" was discussed by Mrs. George L. Olson and Mrs. Ira Ott gave "Other Duties as Citizens."

Mrs. Ellis, Mrs. Olson and Mrs. W. P. Axe acting as a nominating committee to select officers for next year submitted the following names: Mrs. C. R. Damron, president; Mrs. W. P. Axe, vice president; Mrs. George L. Olson, secretary; Mrs. C. F. Newsum, treasurer; Mrs. Ira Ott, parliamentarian; Mrs. C. C. Ellis, council delegate and Mrs. J. V. Pickens, alternate.

Present were: Mesdames H. W. Hill, E. R. Roberson, C. C. Ellis, H. L. Ward, Ira Ott, George L. Olson, W. P. Axe, C. R. Damron, Curtis Traveek and the hostess.

Following the meeting members attended an Achievement Tea given

SUNFLOWER STATE — The sunflower state is supposed to be Kansas, but it seems as though Bostick's Service Station on west Highway 60 is giving a little competition

with these giant sunflowers growing in the driveway. The heads have recently been cut —perhaps to feed the chickens of one of the attendants. (Staff Photo)

Again this year we have served on the committee to put up the exhibit at the Tri-State Fair in interest of the 4-H Club work. As the fair officials are again sponsoring the Better Baking Contest and the Wheat Improvement Contest, the subject of the exhibit is: Variations of Sweet Yeast Dough.

Merry Kay Pruitt was the Deaf Smith County bake show winner and this gave her the privilege of entering the Better Baking Contest at the Tri-State Fair. Sixteen girls other than Merry Kay Pruitt entered the contest. The county awards are made on the combined score of Swedish Tea Ring, Brownies and Foods Record Book. Merry Kay's tea rings and brownies were both very good, but we will not know the winners for a few days.

The Swedish Tea Rings which the 4-H girls from the 17 counties entered in the contest are used for the outline for the Better Baking Exhibit. The county and the girls names are on the Swedish Tea Rings. You should go by to see what nice products 4-H girls can make.

The products from the sweet dough other than the tea rings were: Hoska, Swedish Coffee Cake, Cinnamon Raisin Coffee Cake, Cinnamon Rolls, Date Braid, Raised

ADDED EMPHASIS — Adding emphasis to the little tree which sprouted in the flower bed in front of the Hugh Book-out real estate office are the petunias planted by Mrs. Book-out, to add a colorful touch to the building which fronts on east Highway 60. (Staff Photo)

ONE CORN STALK — This corn stalk growing in front of the REA building has Herman Word to thank for its existence. Word discovered the sprout in the dense lawn in front of the building and transplanted it in the flower bed, where it has put on two or three ears to repay it's benefactor. (Staff Photo)

LUXURY LIVES AGAIN — This 62-room mansion is one of three big houses on the 600,000-acre Vermejo Ranch.

Fabulous Ranch At Raton Stages Comeback As Fishing Paradise

By DAVE RODWELL
Editor, Raton Range
RATON, N. M. — "Men don't get rich enough any more to build places like that," says one awed visitor to Vermejo Ranch.

The fabulous 600,000-acre northern New Mexico ranch, which sprawls into two states and four king-size counties, is being built into perhaps the most extensive, exclusive hunting and fishing heaven in the nation.

Fort Worth Oilman W. J. Gourley bought the ranch in 1952 for a reported 1 1/2 million dollars. It was created by W. H. Bartlett, a wealthy Chicago grain dealer in 1902. It cost Bartlett 4 1/2 million to buy and build the ranch.

At its heart are three stone man-

sions built by Bartlett—including a 62-room mansion for himself and two adjoining, and slightly smaller mansions for his sons.

When doctors gave Bartlett but a few months to live in 1902, he came to the vast highness of New Mexico and, Gourley says, "bought as far as he could see, and a sight more."

Keeping busy installing nickel bathroom fixtures, imported marble pillars and indirect lighting in his native stone mansions, Bartlett fooled the doctors and lived on for 16 years.

Near the mansions there were guest houses, a hospital, power, light and pumping plants, stables, stores, a school, green houses and fish hatcheries.

When Gourley bought the property, it had deteriorated. He put \$750,000 into renovation. He figures it's worth it.

Hunters pursuing the bountiful elk (estimated to number 5,000), deer (estimated at 20,000) and innumerable wild turkeys pay a ranch permit of \$300 for the 10-day season which Gourley sets up. This fee is in addition to regular state hunting licenses.

The ranch fee includes use of hunting lodges equipped with cots, mattresses, cook stoves and firewood, suitable for 8 to 12 in a party.

Or, if the hunter prefers, he can get meals and a room on the American plan at the headquarters guest house.

The fisherman pays \$15 a day for his choice of 50 miles of open streams or 23 lakes stocked with rainbow, cutthroat and Eastern

brook trout.

If the cost isn't enough to make Vermejo Ranch exclusive, the security measures are. The gate to the ranch is padlocked. Visitors are given the combination or met at the gate.

Gourley isn't just running a guest ranch for wealthy sportsmen, however. The ranch has 16,000 head of Herefords, some 600 purebred Hereford cows, 5,000 acres under irrigation and a coal mine. There are 60 employees.

The Texan's vast holdings extend eastward 60 miles from the slope of the Sangre de Cristo Mountains. Leases and land owned outright lie in Taos and Colfax counties in New Mexico and extend into two Colorado counties.

When Bartlett bought the land, he stocked streams with bass and trout and set up his own game and fish laws.

Following his death, trustees handled the property until 1927. Then a group of wealthy Los Angeles men bought the ranch for a private club.

The original 75 members were headed by Harry Chandler, president of a Los Angeles newspaper corporation, and included such men as Will Rogers, Cecil B. DeMille, Douglas Fairbanks, Max C. Fleischman, Will Hays and Andrew Mellon.

When Gourley took over the ranch, he says, things had been allowed to run down. Turkeys were hard to find, and other game was scarce.

"This year," Gourley says, "we are going to have a special doe deer season, we've got so many of them. We've got turkeys all over the place."

Gourley has his own game management program using a farsighted business approach. Guests are permitted one deer, elk or bear for their \$300 ranch permit.

Under Gourley's management, the ranch is extensively used by private parties, including those of major oil companies and other prosperous firms. When Raton civic

How's Everything Mr. Williamson?

By CAROLYN INMAN

Do you have any idea what were some of the most expensive items installed into the county courthouse when it was built, yet were never used?

Most people who have been inside the county offices at the courthouse have paid little or no attention to the little brown boxes installed on the walls of the county offices. These "boxes," better known to the public as intercoms, have never been put into use.

They were installed in the offices in 1910 and 1911 during the construction of the courthouse. The "latest thing" in office equipment of that day cost several hundred dollars and was supposed to really "save steps."

But for some unknown reason, every person this reporter has talked to hasn't had any idea why the local—battery run intercoms haven't been put into use since their installment in 1911.

Everyone claims it's a mystery to them.

Certainly the intercoms aren't of any general use to the office employees today, but many of them don't want the intercoms removed from their offices.

Fred Baird, at left, who is located in the School District tax office at the courthouse, says he doesn't want his intercom removed from his office because of sentimental reasons. At right, is J. G. Williamson, custodian at the courthouse. They are only wishing—not talking!

Just Fine Mr. Baird!

THE TWO HOTTEST, FASTEST SELLING MERCURYS EVER BUILT. Above, the low-silhouette Montclair hardtop coupe is only 58 1/4 inches from road to roof. Below, the new Montclair 4-door—the sedan with the "hardtop" beauty—is only 58 1/2 inches high!

Take your pick—coupe or four-door sedan— You get Montclair "hardtop" beauty in both

When the Montclair "hardtop" was introduced, it was hailed by the automotive press as "the most beautiful car in America regardless of price." Now, as you see in the lower half of the picture above, it has an equally beautiful running mate—a 4-door sedan.

NEW 4-DOOR GIVES YOU TRUE SEDAN CONVENIENCE
The whole family can enjoy this car. There's plenty of room for all. Anyone who wants the convenience of a four-door—but admires "hardtop" beauty—can now eat his cake and have it, too! Both Mercurys have the same fleet look of motion and dramatic lowness.

MORE USABLE POWER—UP TO 30% MORE PICKUP
Soldom has an engine caused such enthusiastic

comment as the 198-hp SUPER-TORQUE V-8 in these cars. Here is instant pickup at every speed—for lightning getaways, safer passing and hill-climbing. You can actually pick up speed on a 28% grade! Dual exhausts, 4-barrel vacuum controlled carburetor, and special high-compression spark plugs are included as standard equipment at no extra cost!

FIELD'S WIDEST CHOICE OF POWER FEATURES
There's no need to lift more than a finger or touch more than a toe to do so many things in this wonderful car. You have a wide choice of optional power features—for stopping, steering, opening and closing windows, adjusting the front seat 4 ways—even lubricating your car while you drive. Merc-O-Matic Drive

is optional, too, for truly effortless driving. So stop in at our showroom. See and try your favorite firsthand.

Hornets Can't Find Stingers

Whitefaces Are Topheavy Favorites To Win Friday

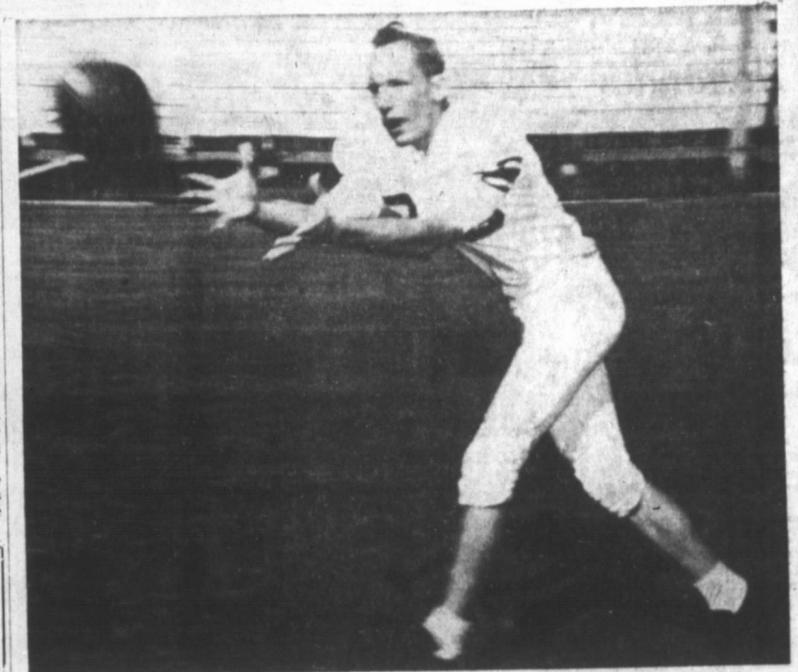

Hereford's ambitious Whitefaces will be top-heavy favorites Friday when they collide with the luckless Tullia Hornets at Tullia. The Hornets, who find it hard to remember a Tullia victory, last year lost to the Whitefaces by a 28-12 count, and a better and stronger Whiteface force this year may not have mercy on the again-weak Hornets.

The Herd has rolled to two successive victories, over Muleshoe and Littlefield respectively, while Tullia has again lost two straight, to Memphis and Abernathy. Last week Abernathy trounced them by a 45-6 score.

Both Hereford victories have been impressive—first a 47-7 shellacking of the Muleshoe Mules, then a 14-13 victory over the respected Littlefield Wildcats. Tullia may find it rough to keep up with

Hereford's underrated reserves. Line play has stood out as a strong point for the Whitefaces. A combination of that and fleet backs may be the making of one of the finest teams Hereford fans have seen recently. According to reports Tullia has neither.

The Hereford line soundly outplayed Littlefield last week. They may not have to, but probably will play that hard Friday. Martin Reid (Clubber) Moore and Walt Kaul have been stalwarts for the Whitefaces at their tackle. (Continued on Page 2)

PASS CATCHER — Lanky end Dan Elliston has constantly been a thorn in the side of opposition pass defenders. Against Muleshoe he snatched four passes, one for sixty yards and a touchdown, and against Little-

field he continued his successful antics. Elliston, who stands 6'2", is a junior and will return with his services next year. He will start for the Whitefaces against the Tullia Hornets Friday night. (Bill Patton Photo)

WHERE WAS COSTELLO?

Holland Edges Abbott

It was a day for the underdogs Sunday, as little-known golfers upended the favorites in the fourth annual Hereford Invitation Golf Tourney to walk away with top honors. Cecil Holland of Amarillo won his first major championship by taking out Bud Abbott of Phillips two and one in the finals of

the championship flight. Holland had got to the finals the hard way. He defeated John Farquhar, defending champion, 1-up in the semi-finals and then edged past Abbott, winner over Medalist Dan Kaplan of Borger.

The trend of underdogs beating the favorites continued on down

the line. In the First Flight, Alton Leach of Plainview beat C. D. Koen of Plainview 5 and 4 for first place honors.

Second Flight winner was Jim Garner of Hereford, who edged past Loyd Neill of Hereford 2-up. Winner of the Third Flight was

KNOX'S KNOTHINGS

BY BILL KNOX

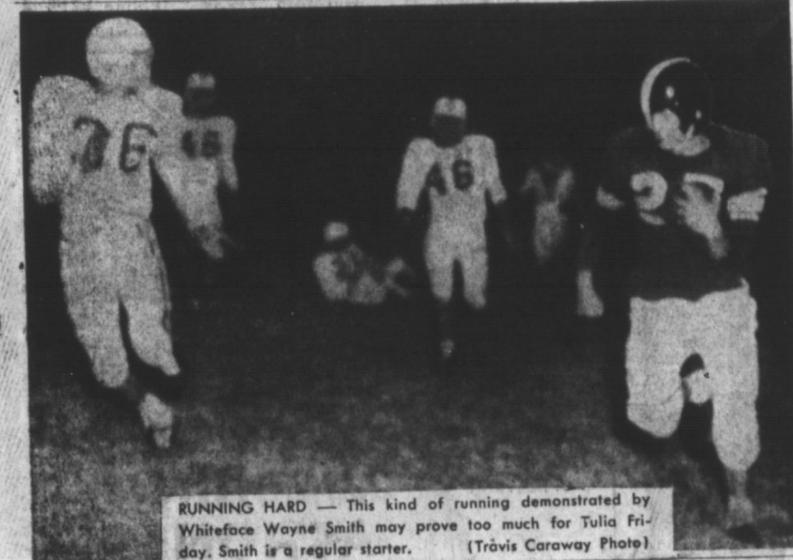

We maintained our .571 average on predictions last week by bagging precisely the same total as we did the week before. That's nothing to brag about, but for us, that's good.

Maybe the scores weren't so close, but after all, who won the game is what counts. And one of the ones we missed was a tie.

Clark Wins Football Contest In First Week

Jack Clark was the first weekly winner in the Hereford Brand football contest. Clark, one of four who tied for the top spot with 21, won out in the tie breaker.

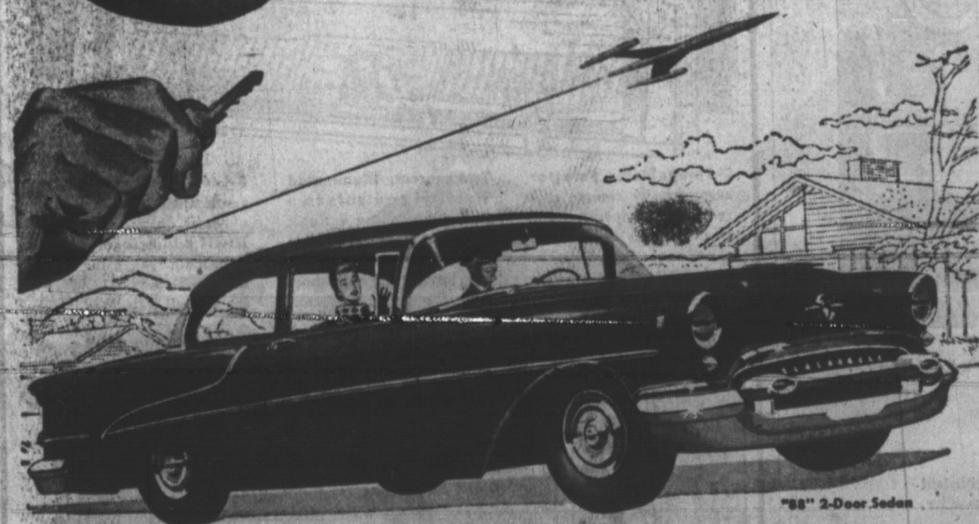

Others tying with 21 were Mrs. M. H. Brown, Gene Waits, and Reuben Knox. The winners will receive merchandise awards given by Hereford merchants. Eighty-one people entered.

RUNNING HARD — This kind of running demonstrated by Whiteface Wayne Smith may prove too much for Tullia Friday. Smith is a regular starter. (Travis Caraway Photo)

Chances are you've always considered Oldsmobile a high-priced car. And it's true, it looks like a high-priced car . . . performs like a high-priced car . . . has all the prestige of cars costing many, many dollars more. But actually, you can own a big, beautiful "Rocket" Engine Oldsmobile for less than some models in the lowest priced field. What's more, you'll find a "Rocket" is

worth far more when you're ready to trade! And there never was a better time than now to make your move . . . now when Oldsmobile value is higher than ever, now when trade-in allowances are at their peak . . . now when Oldsmobile is rocketing to the greatest year in its history! So come in and try a "Rocket"! We've got one that will fit your pocket!

Maurice Hart of Clarendon, who beat Travis Laduke of Tullia 4 and 3.
Championship consolation winner was Bob Lindsey, winner over Hereford's Charles Seed 3-1.
Jim Reynolds of Amarillo defeated Dudley Malone of Muleshoe by default for First Flight consolation honors.
Winner of consolation honors in the Second Flight was J. A. Pittman of Hereford who beat W. L. Edelman of Friona 2-1.
Third Flight consolation honors were taken by Pat Britain of Canyon who downed Earl Springer of Hereford 3 and 4.

Pro-Am Matches
Winner of the Pro-Am matches was a team headed by John Austin pro, of Pampa. Others on the winning team were John Renner, Friona; W. L. Edelman, Friona; Francis Smith, Amarillo; and Dorothy Simons, Amarillo. They had 153 points.
Bud Posey's and Charles Austin's teams tied for second. Others on Posey's team were Frank Latimer, Dimmitt; Joe Butler, Dimmitt; Sam Gilbreath, Dimmitt; and Fain Wolfen, Amarillo. They finished with 148 points.
Austin's team was made up of Bud Abbott, Phillips; Kay Wright, Amarillo; Bea Burrow, Amarillo and Erna Abbott, Phillips.
A total of 70 players played in the pro-am and 64 took part in the tournament itself. Fifteen towns were represented.

FANCY and PLAIN

By KENT SNARE

6-2-Even, that Chesty Walker doesn't read the Hereford Brand, and mayhap knows not of its existence, but by his actions last Friday, he felt the same as the writer, about his club's default in the singleton department. Anyway, he has Ronnie Holder attempting the PAT's agit Childress and giving the newcomer plenty of opportunity to try with 9 TD's. The sawed off, bull necked character responded nicely with 7 bullees. Could be, that Mr. W. might anticipate running shy on sixes and hoping to come up with a seven at the right time. As who hasn't? Getting around to the guesses, one of those elch's rolled up and choked several, last week, including me. The Know-alls had Wichita to win by 20 over Tempe, they lacked just that many. This week we'll change the routine a bit and list the teams, as the dopesters and precesters, have them, plus any comments we might have, pertinent or peculiar...

Arkansas over Okla. Aggies—I see that the Oklahoma Ags have the following Texans, among others, listed among their Frosh: Bob Crump and Kenneth Stephenson, Amarillo; R. J. Wooten, LeFors; Billy DaFland, Eleetra; Marvin Foster, Vernon; Burch Ingram and Larry Lane, Phillips, as footballers: They failed to list any of the Sudanese but did list Gerald Myers of Borger as a basketballer, several Texas U's had fingered him, too. Posey Wild had better watch his bird dogs and keep their production down or unpublicised, else Texas will put an embargo against 'em, a bounty on 'em or both. And as for Arkansasaw, Preston Carpenter and Buddy Benson didn't show for the Hogs, what gives???

Illinois over California—That was before Caroline went Canadian.

Dartmouth over Colgate—Incredulous but possible.

Colorado Ags-New Mexico—Even and so what.

Florida over Georgia Tech—They had it that-a-way last lap and were right. I didn't believe it

then and I don't believe it now. Vanderbilt at George, according to this blat, I don't know how George got in the act or who he might be. Dope says the Georgia Bulldogs over the Commodores.

Hardin-Simmons over Tulsa—I doubt it, even if Mr. Ford is throwing nothing but strikes.

Michigan State over Indiana—Although Mr. Daugherty, the mentor at East Lansing, is advocating that each customer buy two programs, one for each eye, since with 45 sophs on the roster, nobody knows nobody, else.

Washington State over Kansas—Two have nota, having at each other, but I'll hazard that each will clutter up someone's clean schedule, and on this go-round.

Mississippi over Kentucky—But watch your language when all the precincts is in.

UCLA over Maryland—After Missouri, the Uclans probable will classify the terrible Terps, as to whether they be snapping or plain mud type.

Oklahoma over North Carolina—The Sooners may be looking for an eastern route to the Oranges.

SMU-Notre Dame, toss-up—Hoo Boy and I wish we wuz all gone be there.

Stanford over Oregon State—No comment.

Pennsylvania over Virginia Tech—Wanna wager?

Rice over Alabama—Better than losing to Mississippi Southern, as usual.

Mississippi State over Tennessee The Wyatt hasn't had time to show through yet.

LSU over Texas Aggies—After the fight and maybe not at all, this time.

TCU over Texas Tech—At Lubbock and after Texas. Pure treason.

Texas over Tulane—The Longhorns, after a week's work, with conversation intersticed bitingly.

Texas Western over North Texas—Why, home lot and Whittenton, in order.

Baylor over Villanova—Another super market special, expenses and a guarantee, large size.

Clemson over Virginia—The Cavaliers have a fullback from Iran, name of Bakhtiar, might mean something. At the gate, if nowhere

TV HELPS GRIDDERS
HOUSTON, Tex. (AP)—Dr. H. Burr Roney, assistant professor of biology at the University of Houston, says televised educational subjects get many a football player over the classroom hurdle.

Dr. Roney said last year he presented his subject matter in the classroom, then repeated it over the school's TV station. Houston football coaches insisted, "squad members attend both."

As a result, Dr. Roney said that "more football players passed the course than ever before."

Anything less is an old-fashioned truck!

New Chevrolet Task-Force Trucks

They're the most modern trucks on the road. If you don't get all the advantages they offer, you stand to lose money on the job today... and again at trade-in-time!

Most modern power—V8 or 6
In most new Chevrolet truck models, you have your choice of V8* or 6. Chevrolet's new truck V8's have the shortest stroke of any V8 in any leading truck! That means less friction and wear per mile. The valve-in-head sixes are new editions of the engines that have long been famous as the "work horses" of the truck world! And all Chevrolet truck engines have a modern 12-volt electrical system for quicker starting, better ignition and a greater electrical reserve.

The truck driver's "dream cab"
That's the closest we can come to describing the new Flite-Ride De Luxe cab. What truck driver wouldn't go for features like these: panoramic windshield for wider, safer vision; concealed Safety Step that stays clear of snow, mud and ice; High-Level ventilation that provides a more constant supply of outside air in all kinds of weather.

Most modern truck styling
We call it Work Styling—and you get it only in new Chevrolet trucks! Two fresh, functional styling treatments are offered—one for light- and medium-duty models, another for heavy-duty models. Your Chevrolet truck will do your job better—and look better doing it!

Most modern features throughout
Advanced suspensions, more rigid, ladder-type frames! Tubeless tires standard on 1/2-ton models! Come in and see all the ways you're way ahead with new Chevrolet truck!

*V8 standard in L.C.F. models, an extra-cost option in all others except Forward Control models.

IT HAS 2 SEPARATE WASHING ACTIONS TO SAFELY WASH ALL FABRICS AUTOMATICALLY

with beautiful fully-illuminated GUIDE LITE CONTROL PANEL

2-Temp Water Selector automatically assures correct water temperature for all materials. Fabric guide eliminates guesswork. Light indicates your selection of water temperature.

Transparent, illuminated Timer Dial controls two separate washing actions; (1) normal speed and time for regular washing, and (2) low speed and short time for sheerest fabrics.

3-Level Water Selector automatically saves gallons of water on partial loads. HIGH setting is for a full, 9-lb. load; MED, for a 7-lb. partial load; LOW is for a small 5-lb. load.

ONLY WHIRLPOOL GIVES YOU THESE ADVANTAGES

Suds-Miser Automatically SAVES OVER 50% of hot water and detergent
Exclusive, built-in, fully-automatic Suds-Miser prevents needless waste of hot sudsy water by storing and returning it automatically for re-use on several wash loads.

ULTRA-VIOLET LAMP
From start to finish, the built-in ultra-violet lamp helps sanitize clothes and gives them a sweet, fresh-air fragrance.

WHIRLPOOL WASHING ACTION
No other automatic washes clothes so clean yet so gently. Whirlpool's superior washing action loosens and removes every trace of soil from a big, 9-lb. load.

PLUS...
• 7 Rinsees are most thorough yet use less water.
• 5-Year parts warranty on transmission plus many other features you'll want.

CYCLE-TONE SIGNAL
During last minute of operation, Cycle-Tone sounds two short signals to tell you wash is finished; saves time and energy.

TOO TALL TO PICK — There's no doubt about it, Raymond Higginbotham just grows his corn too tall to pick. This corn, some of which measured 16 feet, 12 inches, actually wasn't meant, to be picked, which is certainly a good thing. Raylan Evans (on top) and Jim Wiman (doing the jifing) will quickly admit. The corn was grown for ensilage. (Staff Photo)

Your Congressman Reports

One of the big battles shaping up in our domestic economy is the one that will be between the several segments of the transportation industry. This is a three-sided problem between the railroads on one side, the motor transportation (trucks and buses) on another side and the water carriers on the third side. The other mode of freight transportation, to wit, the airlines, are not primarily concerned in this fight because they are outside of the competitive field in which the railroads, the trucks and the boats find themselves. Their freight is very costly and does not appear to be in position to cause any trouble in the lower freight rate areas for many, many years. The entire fight will center around rates and regulations, because it is through this particular medium that each segment of the industry feels that it can gain benefits or be subjected to unbearable hardships.

President Eisenhower appointed a Presidential Advisory Committee on Transport Policy and Organization to make a study of the problems and to recommend action thereon. This committee was composed of three members with an additional four persons who were listed as ad hoc participating members. The three member committee was headed by Secretary of Commerce Sinclair Weeks as chairman and the other members were Charles E. Wilson, secretary of defense, and Arthur S. Fleming, director of the Office of Defense Mobilization. The ad hoc members were George M. Humphrey, secretary of the treasury, Arthur E. Summerfield, postmaster general, Ezra Taft Benson, secretary of agriculture, and Rowland R. Hughes, director, Bureau of the Budget. This Committee issued a report on Monday, April 18. This report has become highly controversial, and many people in this country are alarmed about it, especially those in the motor freight business. These people feel this report is definitely a pronouncement of administration policy because the members making up the committee are the President's top advisors and are in either Cabinet or semi-Cabinet status.

It will be remembered that the report filed by the President's Fuel Committee recommending discontinuance of federal control of the production and gathering of natural gas became highly controversial because of the possible political repercussions. At that time the President took the position that he did not consider that report pronouncement of administration policy, but only the recommendations of an advisory committee which he was not bound to follow. It might be pointed out that the Transport Advisory Committee had members on it who are much closer to the President and who have much more influence on the President than did the members on the Fuel Committee. This is the thing that is disturbing many of the people in the motor freight industry. They feel that the report is definitely a pronouncement of policy by those who are shaping many of the governmental policies at the present time.

It is a problem that must be worked out by the Congress, and I am happy to say that I have the good fortune of being a member of the Committee on Interstate and Foreign Commerce that has jurisdiction over this particular part of our domestic economy.

I am looking forward with great interest to the extended hearings which will be had on the subject and which commenced on Sept. 19.

An Involuntary Visitor in D.C.
The genial and able Carson County Agricultural Agent, H. M. "Nick" Nichols, has been recuperating in the Walter Reed Army Hospital. I have had some good visits with Nick, and he is getting along fine and hopes to be back on the job before long. He sends his regards to all of his good friends scattered throughout the Panhandle. He is getting more fan mail than most movie stars, although Nick has never tried to win any beauty contests. He was disturbed about not being able to answer these welcome letters because he had lost his glasses. However, he has now found them and is doing his best to catch up with his correspondence. It is good to have a chance to visit with Nick and be brought up to date with the many agricultural activities that he keeps up with so well.

Questions and Answers
We all worry about the many international and domestic problems and where we are going to find the answers. There are always so many questions and so few answers. I found out the other day that grown-ups are not the only ones who are plagued with this trouble. On our way back to Washington, we had stopped overnight in a southern town and had gotten up the next morning for an early start. I took the smaller children next door to a small cafe for a bite of breakfast. One of them, between bites of a cantaloupe, asked me this question, "Daddy, why do they call a cantaloupe a cantaloupe?" If anyone has an answer to this, I would be glad to hear from them. Frankly, I had to refer him to his older brothers and sisters who have not yet been willing to listen to him. I don't think they know the answer.

Through the passing years it continues to be "the best seller", better read than any book which the publishers send to the book stands of the land, lasting in honor as favorites one by one pass from notice.

WHAT a library for religion and for good living! The best prophets and wise men and philosophers and preachers have joined their voices to tell us the way of life. History and biography and poetry and drama and law and gospel story unite to meet every interest of the human mind and heart. Where in all the world's literature do you find poetry surpassing the Shepherd Psalm? Where are such stories as the matchless parables of Jesus? Why not read it then as you would go to the books of any city library? Look for the sort of book that interests you for the day. Why read a law book when your interest for the moment is history? Why pore over the wisdom of Solomon's Proverbs when you want to sing? Let each part of the Bible speak to 'your condition', and you will find it as modern for your good as the morning newspaper.

HERE are books adapted to every age group. Let the children begin with Genesis or Judges or Samuel or Esther and the Gospel according to Saint Luke. Teenagers will revel in Proverbs and Ruth and Amos and Hosea and Isaiah and Jeremiah and the Gospel according to Saint Mark. Young adults will want to finish the list of the prophets and will go on to Job and Jonah and Daniel and Psalms in the Old Testament, with the Gospel of Saint Matthew and the Letters of Paul in the New Testament. Older readers will be ready to finish the Book, with special reference to the Psalms and Deuteronomy in the Old Testament; they will be ready for the Gospel according to John and Hebrews and Revelation of John.

READ it in any version and in every version; each will have color and fresh meaning for best understanding of the Truth. Your Church needs you and you need her benedictions—attend regularly.

YOU IN THE CHURCH THE CHURCH IN YOU
Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministers are molding religious character. Stated simply today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you"—form a combination for good.

New 202-h.p. Thunderbird Y-8 engine is available in Fordomatic Fairlane and Station Wagons. In Fordomatic Customlines and Mainlines you can have the 170-h.p. Y-8. And Ford's new 137-h.p. Six is available in all 18 models.

...with new Thunderbird styling

The new '56 Ford looks like the Thunderbird! You'll find the same graceful lines... the same long, low silhouette... the same dashing appearance... styling which helped the fabulous Ford Thunderbird to win America's heart.

...with new Lifeguard Design

For '56, Ford brings you the greatest safety news in a generation... Lifeguard Design. In cooperation with universities, medical associations and safety experts, Ford learned the cause of most serious injuries in accidents. To provide extra protection against these hazards Ford developed the new Lifeguard features described at right.

But there is still more wonderful news! Ford brings you Thunderbird power in a modern deep-block Y-8... Thunderbird beauty, too... rich new interiors... quality throughout.

See it... try it... you'll agree the '56 Ford is the fine car at half the fine car price.

Ford's new Lifeguard features are: a new deep-center design steering wheel, to act as a cushion in event of accident... double-grip door locks to reduce chance of doors opening under shock... optional padding for control panel and sun visors to help lessen injuries... optional seat belts to help keep occupants in seats.

Come in... See the new '56 FORD Friday

Highlights and Sidelights FROM 1955 State CAPITOL

By VERN SANFORD
Texas Press Association

AUSTIN — Granite in the capitol building is more radioactive than the dirt being used by Texas' mushrooming "uranium dirt-sitting" businesses. So say state health department officials.

Landowners near uranium strikes have erected benches and charge patrons \$2 to \$3 an hour to sit with their feet in the supposedly irradiated dirt. Hundreds of people seeking relief from arthritis and other aches have patronized the places.

After analyzing the dirt, Dr. Henry Holle, health commissioner, said that dirt-sitting does no actual harm—except, that it may encourage an ill person to delay visiting a physician.

Farm Hearing Stated
Texas' farmers can have their say on federal farm policy at a U. S. Senate committee hearing Nov. 5 in Ft. Worth.

John C. White, state agriculture commissioner, is arranging the meeting at the request of the committee chairman.

Drought Aid Sought
Federal disaster aid is being sought for Texas' drought-stricken areas.

Gov. Allan Shivers asked President Eisenhower to designate as disaster areas counties to be specified by the U. S. Department of Agriculture state drought committee.

Crop Production Falls
Texas crops are falling below estimates, according to the USDA.

Although above-normal amounts of rain fell in some areas, it did not come where and when it was needed most, said the report. Eastern and southeastern counties, where harvest already had begun, were soaked. But in the west and northwest, dryland cotton and sorghum fields languished.

Water Application Undecided
Still to be decided upon is the application for more Federales River water to irrigate U. S. Sen.

BRAND BABIES — This week's Brand baby, Jay Hoffman, is all ready to go to school with his big brother and sister if mama would just let him, Jay is the seven month old son of Mr. and Mrs. Leo Hoffman. (Staff Photo)

Lyndon Johnson's Gillespie County farm.

Originally scheduled in July, hearing before the State Board of Water Engineers has been postponed three times. No new date was set last week.

Downstream landowners had protested that Johnson's water storage already worked a hardship.

Hospitals Approved
Five Texas hospital projects have been approved by the State Board of Health for federal aid money.

They are the Collin County Hospital at McKinney, City Hospital at Graham, city-county health center and All Saints Hospital at Fort Worth, and the Shelby County Hospital at Center.

Short Snorts
Former Deputy Secretary of Defense Robert B. Anderson, once considered a possible gubernatorial candidate, is apparently out of the running. He is to become president of Ventures, Ltd., a Canadian holding company with mineral interests spread over two continents.

Atty. Gen. John Ben Shepperd is the newly-elected president of the 53-member National Association of Attorneys General. He was elevated from vice president at the New Hampshire convention.

Selection of a new Democratic National Committeeman, to replace ousted Wright Morrow, has been postponed by the Democratic

State Executive committee until Oct. 8. Also it will meet in Waco instead of Ft. Worth.

Over the weekend Gov. Allan Shivers attended his first meeting of the National Civil Defense Advisory Commission, to which he was appointed by President Eisenhower. It was held in Omaha, Neb.

Mrs. Mary Joe Carroll, wife of a UT history professor, made feminine legal history by emerging as high scorer in state bar exams. She works for the Austin law firm of Looney, Clark and Moorhead.

Texas' new Advisory Committee on Atomic Energy, created by the Legislature, was appointed by Governor Shivers, with Dallas attorney Frank Norton as chairman. Its 17 members were selected from major fields of actual and potential activity in atomic energy research, development and application.

Texas received another batch of 157,644 "shots" of Salk polio vaccine from Eli Lilly and Co., of Indianapolis. It went direct to commercial drug channels, to be used outside the school program, on doctors' prescriptions.

Irving school teachers, accused of "going on strike" in protest when their superintendent was temporarily fired, won a victory in district court in Austin. Judge Jack Roberts denied an application of Irving taxpayers seeking to compel Commissioner of Education J. W. Edgar to forfeit the

teachers' certificates. Judge Roberts ruled that the plaintiffs had no "justifiable interest" in the matter, and that the courts probably had no jurisdiction.

Texas Turnpike Authority received a low bid of \$1,856,822.07 on the first unit of construction of the Dallas-Ft. Worth toll expressway. It was made by Austin Bridge Co. and Austin Road Company, both of Dallas.

Lyle C. Harris, longtime member of the Board of Pardons and Paroles, died only two months after his appointment for a new six-year term.

Adlai Stevenson will make a non-political speech in Austin Sept. 28 in UT's Gregory gym.

Texas contractors look to 1956 as one of their biggest years in history. Future building projects already approved by federal, state and local government units total \$1,760,909,219.00. Construction during the first eight months of 1955 totaled \$613,610,219.00. That's \$58,000,000.00 over the same period last year.

Low bids totaling \$12,960,408.00 on 46 road building projects were tabulated last week by the State Highway Department.

Bond issues hit an all-time high of \$426,000,000.00 on public works projects in Texas cities, counties and school districts during the past year.

Mary Jane McCormick Weds John Douglas Pitman Sept. 10

First Presbyterian Church of Amarillo was the scene Saturday Sept. 10 for the marriage of Mary Jane McCormick, 2322 Juniper, daughter of Mr. and Mrs. Clarence Emerick of Guthrie, Okla., to John Douglas Pitman, son of Mr. and Mrs. John A. Pitman of Hereford.

Dr. Robert M. Skinner, pastor, read the single ring service. Arrangements of white flowers and palm trees decorated the altar.

Each selection was played as a nuptial prelude and "Air for Strings" by Bach was the processional.

As matron of honor, Mrs. Alan Norwood of Norman, Okla., wore

a mink-tone silk brocade dress styled with a square neckline and three-quarter length sleeves. Her velour hat matched her dress and she carried a bouquet of yellow roses.

The bride chose a Dior blue satin costume suit with a blue velour hat trimmed with bronze beads. She carried a white orchid.

J. A. Pitman was his son's best man. Serving as ushers were W. W. Walker Jr., of Wichita Falls, and Richard Turner of Lubbock.

Following the ceremony a buffet supper was served to members in the wedding party at the bride's home.
