Around Town

Everyone Around Town was thankful following the Labor Day holidays that the county did not have any serious highway accidents. Unlike the rest of the state, where accidents exceeded even the estimates, Deaf Smith County had what officers called "one of the safest holidays in history."

Football fever is high Around Town too. The Whitefaces will get their first test Friday night and so will their followers.

Former residents of Hall County now living in Deaf Smith County have been given an invitation to attend the Hall County Homecoming picnic at Memphis City Park Sept. 18.

A local check has revealed that Hereford drug stores apparently have not yet received any Salk polio shots, although news releases state that 50,000 shots have been distributed in the state to drug stores.

Mrs. Viola L. Hunt of Hereford wasn't a bit surprised when she read the following clipping from the Kansas City Star. The clipping concerned her mother. It read: "What would you wish for yourself on an eighty-second birthday? Reaching 82 this summer, Mrs. George Reitz of Stanley had a very definite idea of a happy birthday—to spend the entire afternoon in the water at Lake Lotawana, where her son, Dr. Carl H. Reitz, has a summer home. She had her swimming." Mother loves to swim, Mrs. Hunt said.

A SENIOR AT HEREFORD HIGH

America Different 'Wonderful' German Exchange Student Finds

Since July 19 the life of a Gieson, Germany girl has become something out of a dream. Helga Thome, who is this year's exchange student at Hereford High School, arrived in Hereford over the weekend. She arrived here after a 12 day voyage on the Seven Seas liner from Germany. She was proud of the fact that the Seven Seas became a German ship just before her voyage. Helga will be a senior at Hereford High this year. She enrolled this week and her schedule will include American history, English, Spanish, civics and speech. Miss Thome said that she was also "very interested in journalism." Helga studied English, French and German in Germany and speaks English well, but naturally has the traditional accent. She likes languages, and will try to master Spanish this year. Miss Thome is in the United States on an international scholarship and has been a guest of the U. S. Field Service in New York

for the past month. The 17-year-old student will live in the G. W. Newsom's home with a classmate, Jane Newsom. School here will be somewhat different for the young scholar. In Germany her classmates were 1300 girls. Here she will have to get accustomed to attending a co-educational school. Classes will be fewer here too. In Germany she took 15 courses a year and will take only 10 here. She said the United States has a "much higher standard of life" than Germany. "We do not have so many inventions at home as you have here." Helga was only six when the war ended, and she doesn't recall much of the war years. She, like her new American friends, is all for world peace. Miss Thome is also having to get used to American money. "A dollar is worth more than four marks," she explained. "What's her chief interest at the moment? American history."

2202 Enroll In Schools In Hereford

Enrollment in local schools reached the 2202 mark Wednesday, and Supt. George Graham said the figure would probably increase at least 100 more in the next few days.

A breakdown by classes showed that there were 243 students in the first grade, 238 in the second, 221 in the third, 189 in the fourth, 164 in the fifth, 208 in the sixth, 192 in the seventh, 148 in the eighth, 179 in the ninth, 176 in the tenth, 117 in the eleventh and 107 in the twelfth. There were 25 colored students who enrolled.

Classes begin in full stride Wednesday after 10 minute classes Tuesday.

Enrollment in all schools is up almost 200 students over last year and will probably total more than 200 after registration is complete.

Last year there were 240 students in the first grade, 242 in the second, 178 in the third, 171 in the fourth, 202 in the fifth, 179 in the sixth, 145 in the seventh, 147 in the eighth, 176 in the ninth, 138 in the tenth, 117 in the eleventh and 89 in the twelfth. Colored school enrollment last year was 11. The 2202 figure compares to a figure of 2040 a year ago and sets an all time high in local schools.

For the third year in a row more than 240 first grade students have registered and this year's senior class is one of the largest ever.

Miss Laura Hicks of Dallas arrived Tuesday for an extended stay in the home of her sister, Mrs. R. B. Miller.

Mrs. Walter Parker of Wichita Falls is convalescing following major surgery at Deaf Smith County Hospital. Mrs. Parker is Mrs. T. E. Seigler Jr.'s mother.

FELLOW HHS STUDENTS — Jane Newsom, left, daughter of Mr. and Mrs. G. W. Newsom, shows her new roommate, Helga Thome, an exchange student at Hereford High School from Germany, around the school campus. Here they pause for the photographer in front of the new high school building. Helga is the second exchange student to attend here. Both girls are seniors. (Staff Photo)

To Insure Richer Dividends

P-TA Plans Programs For Year At Meeting

"We, the people, insure richer dividends" is the theme for the 1955-56 program of the Hereford Parent-Teacher Association as announced at the first meeting of the executive committee in the superintendent's office last Thursday. The meeting was conducted by Kenneth Coker, president, and the program was read by Mrs. Gerald Wilson, first vice president and program chairman.

Plans will be started soon for the annual district conference for Eighth District, Texas Congress of Parents and Teachers, which will be held in Hereford April 16-17. It was also announced at the executive meeting that the annual fall state PTA convention will be held in Fort Worth on Nov. 17, 18, and 19.

Members of the standing committees, announced at the recent meeting, include: Yearbook, Mrs. Gerald Wilson, Mrs. H. E. Wester, Mrs. George Graham, Miss Lavada Shannon and Mrs. Merlin Kaul; Membership, Jim Kirby, Mrs. Bill Price, Mrs. Walter Seed, Mrs. Robert Hernandez, Mrs. Gwyn Owens, Mrs. Robert Thompson, Mrs. Henry Sears and Mrs. Jack Gilliland; Hospitality, Mrs.

to one hour's duration," Coker commented.

Regular monthly meetings of the local P-T-A will be held in the high school auditorium, unless announced otherwise. They will be on the fourth Monday of each month. The September meeting will be in the form of a watermelon feast at Dameron Park on the night of Sept. 26. Mrs. Wilson announced.

Members of the standing committees, announced at the recent meeting, include: Yearbook, Mrs. Gerald Wilson, Mrs. H. E. Wester, Mrs. George Graham, Miss Lavada Shannon and Mrs. Merlin Kaul; Membership, Jim Kirby, Mrs. Bill Price, Mrs. Walter Seed, Mrs. Robert Hernandez, Mrs. Gwyn Owens, Mrs. Robert Thompson, Mrs. Henry Sears and Mrs. Jack Gilliland; Hospitality, Mrs.

Trustees Vote To Let Bids On New School This Month

Hereford Rural High School District trustees voted Tuesday to let bids on the new elementary school building Sept. 27.

At a called meeting, with all trustees present, final approval of plans submitted by Cantrell and

Wool Vote Favored In Deaf Smith County

Deaf Smith County wool growers voted two to one in favor of continued controls.

Only three of the eligible nine voters cast their ballots. Complete returns are still lacking.

Co., were accepted. Voters approved a bond issue of \$325,000 to erect the new school, which will be named Ela Alkman Elementary School.

The school will have 16 classrooms, including grades from one to six. It is to be built on a 10 acre tract of land near the airport road.

The building will be in an L-shape and should be in use next school year.

W. R. Hair, new school trustee, was sworn in at the meeting. He will fill out the unexpired term of Ira Scott.

It Is All Pro And No Con At C-C Breakfast

Opposition to either issue to be voted on Sept. 20—the \$150,000 airport bond election and the vote on whether or not to create a separate tax assessor-collector's office—failed to materialize at the monthly Chamber of Commerce Community breakfast Wednesday morning.

The meeting was all pro and no con, as every speaker who voiced himself favored one or the other of the issues. Lyle Blanton, chair-

man of the C-C Airport Committee, brought breakfast goes up to date on the airport issue and County Judge Homer Henslee explained what voters would be deciding when they cast their vote on the office separation issue.

Blanton termed the airport as one of the "prime factors in the future growth of Hereford and Deaf Smith County." He said it may take five years to show that the airport is of any benefit to the

county, "but it definitely will be." The C-C chairman said, "We can't miss this boat. The CAA doesn't pass out their money to every town that asks for it."

Judge Henslee said voters would be deciding whether or not to divide the office of tax assessor-collector from that of the sheriff's office at the election. He explained that counties under 10,000 population were authorized to do so by popular vote at the last primary when voters approved an amendment to the state constitution.

"The Commissioners Court has called the election now so that there can be a candidate for the office next year if the voters so desire," the county official explained. He said Jan. 1, 1957 would be the first opportunity for a tax assessor-collector to take office.

Judge Henslee pointed to the increase in work in the tax office, saying that automobile business has caused the office a lot more work. "The sheriff has about all he can do in upholding the law," he said.

C-C Manager Bill Lenderman served as moderator. He called for floor debate and Jay Boston, Paul Harvey and Dr. Barnett all spoke in favor of the airport.

Speeding Crackdown Is Ordered By City

Hereford City Commissioners ordered an all-out crack-down on speeding when they met Tuesday night at their regular meeting.

City Manager Cecil Massey, who also serves as corporation court judge, was told to up speeding fines and Chief of Police Leo Box was ordered to "stop the speed-

ing." The possibility of purchasing another police car was discussed, but no definite action was taken.

Mayor Henry Sears said that using city streets for speeding and dangerous driving was going to stop, and he and Commissioner Raylan Evans ordered stern measures in combatting the situation.

The question of naming a commissioner to replace Wayne Edwards, who resigned more than a month ago, did not come up at the meeting.

The City leased a 50 by 100 feet piece of land out of the northeast section of lot 60, block K-3 to Pioneer Natural Gas Co., for \$250.

Also coming under discussion were several new additions which citizens have petitioned the city to take into the city limits. No definite action was taken, however.

Flood Relief Goal Is Reached

More than enough money has been raised by the Red Cross to meet requirements in the Eastern states flood area, Bill Decker, County Red Cross Chapter chairman, said Wednesday.

Decker said he received a telegram Tuesday, saying more than 10 million dollars has been raised and the need met.

The telegram: "Wish to advise you that through generosity of the American people our chapters have today (Saturday) reported in contributions and pledged gifts to the Red Cross flood disaster fund more than 10 million dollars. This assures us of sufficient funds to meet adequate Red Cross requirements in Eastern states flood relief operation. You are therefore authorized to inform the people within your chapter jurisdiction in whatever way seems proper to you that with funds available CMA contributed and pledged CMA no further contribution is needed." Twin Sons Of Adells Are Buried Tuesday

Graveside rites for the twin sons of Mr. and Mrs. Adell Shirley were held Tuesday at Westway Park Cemetery with services conducted by Rev. G. N. Allison, pastor of the Avenue Baptist Church.

The infant sons died shortly after birth Monday.

Survivors include their parents and a sister. Gilliland Funeral Home was in charge of arrangements.

Hereford Veterans of Foreign Wars—with the help of many others—played Santa Claus to 352 young boys and girls last year, who otherwise might have had a sad Christmas Day.

VFW members collected and renewed over 1000 toys and then passed them out Christmas Eve. Each child got at least three toys.

And the Veterans are not wasting any time getting prepared to do the same thing this Dec. 25. A toy repair committee has been named by the VFW and collection of toys got underway this week. Wayne Lawrence will serve as the chairman of the committee and will be assisted by John Green and Roy Brittan.

Lawrence said that toys may be left at The Brand, Lawrence Cleaners, Coopers Market, Hereford Furniture Store, Farmers Home Supply, Lamb Jewelry, Rutherford's, Jones Service Station or Packard Mill.

"And if anyone can't bring the toys to a collection station we will be glad to pick them up," Lawrence said. "All they will have to do is telephone Mrs. John Green, 1353-W, or myself, 27."

Lawrence said that the veterans wanted any and all toys. He said kids really go for toys with wheels on them, and hoped that a lot would be turned in, "no matter how badly they are beaten up."

Merchants contributed all the necessary paint and other materials needed to fix up the toys last year, and the veterans did the rest.

They spent over 500 man hours making the old toys look like new. "We got paid off in full for our labor the day we delivered the toys," Lawrence said. "The look in those kids eyes was worth every minute we spent."

Former Hereford Man To Be Buried

A former Hereford man, Lawrence Garton, of Riverside, Calif., died Tuesday and will be buried in Llano Thursday afternoon.

Mr. Garton was railway agent here for about four years, until 1916.

Survivors include his wife, Grace two sisters and a brother.

ALL GONE NOW — There were plenty to go around last Christmas, as shown by this pile of toys repaired by Veterans of Foreign Wars. But these are all gone now, and veterans have issued a call for more broken ones that they can repair and give away this Christmas. (Staff Photo)

MR. ESQUIRE — Mrs. Betty Rice holds up her home-made Mr. Esquire. Actually the "man" is made of a Hereford potato. The eyes are little spuds growing on the big one. The spud-man has a remarkable resemblance to Esquire magazine's bug-eyed man. (Staff Photo)

Write Letters Servicemen Gets Murphy

your man in uniform write him long newsy letters as often as possible. Packages are not important usually, because anything you send him can be obtained at post exchanges for a pittance. Besides, packages slow down the mails."

Save your efforts, too, in the knitting department advises Audie. The army furnishes your man clothing for whatever the climate. So he won't need socks, scarves, sweaters from home to keep him warm this winter. He is well fed

too, so don't bake cookies and cakes. After the package has batted around in the mails for a few weeks or months there'll only be stale crumbs to show him for your efforts anyway.

When composing letters, make them cheerful, he suggests.

"Letters are wonderful morale builders, providing you don't go overboard with sad news," he says. "And don't write telling him that you are waiting for him. He doesn't believe it and doesn't expect you to wait, unless you are formally engaged."

As far as being engaged at that point or getting married before that man enters the service, Audie doesn't favor it, although he thinks "it all depends on the individual case. It doesn't do young people harm to wait. And it usually works out so that if they are right for each other, they'll wait. After all, at 18 you still have a lifetime ahead of you," he says.

Audie, who earned 23 decorations and the Congressional Medal of Honor, and lived through a series of bad wounds, admits he pined for mail himself at times. "I didn't know very many girls at the time," he says, "although brothers and sisters (he has eight) were faithful correspondents."

Audie, mad for skin diving at the moment (he goes to a 70 foot depth), thinks the most important news to most men is sports. Read sports pages, digest the news for your man and he'll love you for it he says.

And oh yes, girls, if modesty has been keeping you from sending your picture to that service man, don't hesitate. He'll love it! He advises:

"Send him a good pin-up picture of yourself or he'll have one of Marilyn Monroe decorating his barracks. But don't bother about a frame. He won't have a place for it anyway."

Audie, who has just played himself in "To Hell and Back" (Universal), the movie based on the book he wrote about his army experience, says:

"This military fitness program won't do any man any harm and it'll surely increase his chances of surviving in wartime."

School Board Members Enjoy Steak Fry

Members of the Hereford school board held a steak-fry and covered-dish supper party in the Tom Robinson back yard Sunday evening. The informal get-together was planned to honor Mr. and Mrs. Ira Scott, but because of illness in the family they were unable to attend. Scott recently resigned from the School Board. Tom Robinson and Don Zimmerman prepared the charcoal steaks.

Those attending were Mr. and Mrs. W. R. Hair, Mr. and Mrs. Wilburn Axe, Mr. and Mrs. Earl Plank, Mr. and Mrs. Robert Wagner, Mr. and Mrs. Don Zimmerman, Mr. and Mrs. Pat Sullivan, Supt., and Mrs. George Graham, Fred Baird and Mr. and Mrs. Tom Robinson.

BEFORE AND AFTER — Mrs. Robert Spitzmiller of Cincinnati, Ohio, dropped 100 pounds between the times these two pictures were taken, 16 months apart.

Group Action Proves To Be Best In Dieting War

MILWAUKEE, Wis. — Last year Mrs. Robert Spitzmiller of Cincinnati, Ohio, weighed 236 1/2 pounds. And she was only 4 feet 11 inches tall.

Now, 16 calorie-conscious months later, she is 100 pounds trimmer and first place winner in a TOPS Club Greatest Improvement Contest.

"I really feel like a different person now," she says happily. "And I intend to keep dieting until I weigh 120 pounds."

The TOPS (Take Off Pounds Sensibly) Club, which has nearly 8000 women in 150 branches across the country, was formed in Milwaukee eight years ago. It was the brainchild of Mrs. Esther S. Manz, national president.

The TOPS Club works on the theory of group therapy. Competition among members to win recognition by reporting weight loss keeps them on the straight and narrow dietwise. Members exchange low calorie recipes and encourage each other to keep up the battle.

Mrs. Spitzmiller, winner of the under-40 division, says about her fight with fat:

"I wanted to lose weight very badly so that my daughters and husband wouldn't be ashamed of me. But most of all I wanted to lose it for myself. I was so ashamed of myself it got to be a complex."

"The fatter I got, the more I'd stay away from people, the more I'd stay home, the more I'd eat."

Until she joined a TOPS unit she'd never been able to stick to a weight-losing regime. But the friendly competition and cooperation helped her follow the diet prescribed by her doctor. Her dress size dropped from 50 to 14, and her hip measurements from 60 to 40 inches.

In the contest, loss of poundage

cause, as some people said, you couldn't open or shut the windows, anyway."

The Detroit Lions will play 18 football games this season. Six are exhibition games to be played in six different states.

She explains her situation: "I wanted for years to take off poundage, but I just couldn't do it alone. I let myself go wild over food until I ended up in a hospital in a diabetic coma."

"They gave me insulin treatment and dismissed me before long, telling me I could control my diabetic condition with diet alone, if I would do it. I couldn't do it, somehow. I went on eating, growing fatter each day."

Then she joined the Fort Wayne TOPS Club, weighing in at 217 1/2 and measuring 5 feet 3. In six months she had dropped to 147 3/4 pounds and 15 dress size, instead of the old 46.

Mr. and Mrs. Grady Wilson and Norma Sue and Mrs. Jerry Ray Landers of Sturgis, S. D., left on Tuesday morning to return home after spending a week visiting friends and relatives here and in Abilene and Carlsbad, N. M.

Mrs. Paul Rudd, Mrs. C. A. Sauley, and Mrs. Joe Wagoner were hostesses at a coffee last Tuesday morning at the home of Mrs. Paul Rudd for "old neighbors" who had lived in this community when the Wilson family lived here. The group enjoyed looking at pictures which the Joe Wagoners had taken on their recent trip to visit the Wilson family in South Dakota. Those present from Hereford included Mesdames A.C. Pierce, Grace Little, and Robert Boyd. Present from this community were Mesdames R. L. Wilson, Bess Werner, Johnny Turrentine and daughters, Merlin Kaul, Kenneth Rudd and daughters, P. B. Sowell, the hostesses, Ann and Gayle Wagoner, Joe Bob Wagoner, Mrs. Grady Wilson and Norma Sue Wilson.

French Invade United States Ready To Wear Market; History Is Made

By NADEANE WALKER

PARIS'—Good-looking ready-to-wear is the newest wrinkle in French fashion.

How to be chic though not rich is no longer an insoluble problem for the fastidious French woman. For the first time, she finds it possible to buy well-designed, and well-made clothes off the rack.

If this is a wonderful break for the shop girl and housewife, it is no less a historic break with a French tradition. For the country famous for setting world styles until recently had nothing to boast of in its own ready-made line.

To put it bluntly, French ready-to-wear was a horror, avoided by all who could afford it with the aid of an indispensable "little dressmaker." But little dressmakers have been getting harder to find and more expensive, while haute couture prices scared right out of range for all but the really wealthy.

The revolution has been a gradual one. It probably started in 1942 when a few of the best wholesale manufacturers banded together under the trademark of "Three Swallows," and set out to raise the quality of readymades.

There are now 32 houses in the Three Swallows group, of some 800 clothing manufacturers in France. They export about 20 percent of their output to Scandinavia, the Netherlands, Germany, England, Italy, Switzerland, Egypt, South and North Africa and America.

In France, the better-class ready-mades are handled by only some 600 stores and shops, most of them small boutiques.

Average for a suit, coat or winter dress is about 18,000 to 36,000 thousand francs (\$51 to \$103). And Summer dresses are a little less. But for the top figure, a coat may be trimmed with real fur, and a cocktail dress could hold its own with the creations of the big-name haute couture houses, whose aver-

age prices would be about 150,000 francs (\$428), per garment.

Five members of the Three Swallows opened a New York office this spring, and their first American exhibition of French readymades is running through July.

"Of course we don't expect to compete with American mass-production methods," said one manufacturer here. But even with customs and transportation costs, they can still sell in the United States at about the same price as the best American readymades. And the French suits and dresses are likely to have more hand-finishing.

By one popular estimate, about 10,000 women out of a French female population of some 21 million can afford to buy haute couture clients. The high-class readymades at present supply about 10 percent of the rest with clothes. Some of the high-fashion houses

Beauty At Home

Q. What is an advocated manner of brushing the hair?

A. Part the hair into strip an inch wide and six inches long. Hold that strip of hair with the left hand, and with the right hand

are getting on the readymades bandwagon. Jacques Fath, now under the direction of his widow, Genevieve, has a readymades branch called Fath-Universite. A part of the Griffé house has been taken over by wholesaler Robert Lempereur. Most other big houses have a boutique on the premises to sell semi-readymades, but the prices are still above the Three Swallows level.

place the brush bristles close to the roots and let them sweep up through the strand to the ends. Repeat five or six times, then take another strip. This encourages gloss in your tresses.

Q. How can I impart luster to my eyebrows and eyelashes?

A. Smooth a bit of brilliantine on them with a swab of cotton on a toothpick.

Q. What is an exercise a stout woman can employ to firm her abdominal muscles?

A. Lie flat on back, arms parallel to body at sides. Bend knees back to abdomen. Now pull knees back to chest, thus raising hips gradually from floor three to four inches. Lower hips, letting knees remain bent. Repeat four times, then relax. Do this exercise not more than 12 times.

Q. Can you suggest a good skin tonic and bleach I can use?

A. A splendid tonic for the complexion is made up of lemon juice and milk, rubbed into the face and throat every night before retiring.

Q. Please suggest a good skin-stimulating treatment for me.

A. Why not a honey mask? Pat the honey on face and throat in a thin film, leave on 15 minutes, then remove with a damp cloth.

Q. Does it injure the hair to shampoo it frequently?

A. No more than washing our faces, hands and bodies often. Frequent shampooing of the hair frees the scalp of dirt and grease accumulation and gives the hair a chance to "breathe."

Q. How can I treat a dark, stained-looking neck?

A. Good for this is a thorough sponging with peroxide of hydrogen, full strength, followed immediately by another bath of rose

water.

Q. What is a good antidote for strained eyes?

A. Adrenalin is very good. A solution put up by your druggist and applied after any severe tax upon the eyes is very restful.

Q. How can I add an illusion of length to a very round face?

A. Dress your hair very close at sides, with height above forehead. A side part is usually more flattering. Avoid round spots of rouge. Starting on cheekbone, below the eye center, shade rouge off faintly to the hairline. Use the darkest rouge that goes with your skin tone which tends to shadow some of the roundness of your face. Apply lipstick in a wide, shallow bow.

Q. Is it really natural for some in the fifth, 208 in the sixth, 192 state that 50,000 shots have been of the hair to fall out?

A. Yes, to a certain extent. The

average life of a hair is from several months to four years, so a certain amount of shedding is normal. Excessive fall, however, is your cue to see your doctor.

Shirley To Teach In Canal Zone

Karl Shirley, who spent the past year at Camp Sendal as professor of mathematics in the American Army Dependent Schools at Sendal, Japan, left Wednesday by plane for the Panama Canal Zone after a two week's stay here with his mother, Mrs. Jeff Gilbreath, and family.

Shirley is a graduate of Hereford High School and received his B. A. degree from Texas Christian University. He received a master's degree from West Texas State College and taught for several years in the Kingsville, High School. Prior to going to Japan he did graduate work at the University of Oregon and served as graduate assistant in the mathematics department at the University.

He will teach mathematics in the Panama Canal Zone schools which are maintained for children of American employees of the Panama Canal Company. He plans to teach there for one or two years. Of the American schools in foreign countries, Shirley said "All American schools in those areas are set to meet the standards of the schools in this country so that children who return to the states may be transferred on the same level as those attending schools here."

MISS SWISHER RETURNS
Miss Mattie Mae Swisher returned Saturday after spending the summer in West Virginia with relatives. After leaving Hereford in July Miss Swisher visited with relatives in Colorado including an 86 year old uncle from Columbus, Ohio. In West Virginia she visited with relatives in Clarksburg, Fairmont, Bridgeport and at her old home in Grafton. She attended a family reunion while there and a homecoming held by Grafton. She will open her studios of singing here this week.

LOST TO BAYLOR TEAM
Doyle Traylor, Baylor's hard-luck quarterback, won't be calling the plays when the season opens this year. Traylor broke a bone in his ankle and will be sidelined for at least six weeks. A week before the season started last year he injured his shoulder and didn't play a single down in varsity football. This year's accident occurred at Temple while Traylor was working out with members of the Temple High School team.

Adult Training Union Party

The Adult Training Union of the Temple Baptist Church held a get-together and ice cream party at the home of Mr. and Mrs. Charley Calloway Friday night. After the party Rev. and Mrs. Russell Pogue showed pictures and talked on activities of the local church.

Those attending were Messrs. and Mesdames Kenneth Harrison and family, W. H. Andrews and family, C. E. Sparks and family, R. A. Daniel Jr., and daughter, Jake Moore and son, Montgomery, Rev. and Mrs. Russell Pogue and

Yeast Bread Recipes To Be Studied By HD Clubs

In the old days, the memory of a big kitchen filled with the aroma of freshly baked bread meant home.

Today for the most part the warm fragrance of freshly baked bread comes from modern bakeries but for the homemaker who is still often interested in making fluffy rolls and delicious coffee cakes for her family, Argen Draper, county home demonstration agent will be giving fall demonstrations to the Home Demonstration Club women using a variety of recipes.

Some of the basic recipes which will be used are given below:

Basic Sweet Yeast Dough

1 cake dry or compressed yeast
2 tablespoons water
1/2 cup milk
1/4 cup butter
1/2 level teaspoon salt
1/4 cup sugar (honey or corn syrup)

Rind and juice of 1/4 lemon
1/2 cup chopped nuts, raisins, citron or candied orange peel, if desired

1 egg
1-8 level teaspoon ground nutmeg mace or cardamon
2 to 3 cups all-purpose flour
Sprinkle active dry yeast in warm, not hot, water (105 degrees F) or crumble compressed yeast in lukewarm water (95 degrees F). Stir until dissolved.

Scald milk and pour over salt, sugar and soft butter and cool. Add slightly beaten egg, lemon, spice, nuts or fruit and dissolved yeast.

Mix thoroughly. Add enough flour to make a soft dough which can be handled easily. (Dough should be somewhat softer than for loaf bread.)

Turn on to a canvas covered board that is floured.

Cover with cloth and let rest 10 minutes.

Knead dough until smooth, satiny and elastic (8 to 10 minutes). Place dough in greased bowl and turn over once or twice so that

whole surface is thinly greased. Cover with clean cloth and place out of draft to rise. (Keep dough between 80 degrees and 85 degrees F.)

When dough has risen to double bulk, punch down in center and pull sides over center of dough.

Place dough on canvas covered board and let rest for 10 minutes.

Swedish Tea Ring
Roll dough into an oblong 14x12x 1/4 inches.

Brush lightly with melted margarine or butter.

Cover with desired filling and roll as for jelly roll. Place on greased baking sheet. Form into a circle, and seal the

ends together firmly.

Cut 1-inch slices almost through with scissors.

Turn each slice partly on its side, pointing away from the center. Cover with towel. Let rise in warm place, free from draft, until doubled in bulk.

Brush ring with egg and milk mixture.

Bake in a moderate oven at 350 degrees F. about 30 minutes. Ice top with plain icing.

FILLINGS
Cinnamon-Pecan Filling
For One Tea Ring
1/4 cup sugar
2 teaspoons cinnamon

June and Jim McCabe are doing the work on their house. The house is pretty and they will appreciate it much more because they've done a good job of building and decorating. June takes good care of her pretty dishes by putting paper napkins between the plates, bowls, etc. This protects the designs and also prevents breakage. Dish manufacturers recommend that dishes, if they are stacked, be put in stacks of only six dishes. More than this causes breakage particularly in extremely hot and cold weather.

A number of letters have been received at the office in regard to students entering college. More students should investigate scholarships carefully as we understand at most all colleges many scholarships are not awarded each year. A student who has a scholarship gets a little more attention and the instructors take more interest in the students.

The Grady Wilsons and Sue and the Charles Owens and boys were at the Westway Home Demonstration club picnic. It is always good to see former residents. Both families have been good citizens of this county. The Wilsons are from Faith, S. D., and the Owens live at Muleshoe now.

Program chairmen should send to the office the names of the persons on the programs in October as material will be sent to them and a training meeting will be given to landscape demonstrators.

The bulletins on high altitude cake making is still popular. There are still some copies of one of the recipe bulletins in the office. Success in baking has often been considered a measure of one's ability as a cook. A newcomer to this county may discover to her dismay that her favorite recipe does not produce the fine cake to which

CHALLENGE TO COOK — A Swedish tea ring, which is sometimes described as a friendly circle of cinnamon rolls displaying a luscious filling, offers somewhat of a challenge to the cook. A near perfect tea ring is exhibited by Nancy Parsons, winner in this division in the 4-H Bake Show held this spring. The Home Demonstration Club women will use the same basic recipe as the one given to the 4-H Clubs. (Staff Photo)

she has been accustomed. The altitude makes the difference. The cake recipe bulletin in the office has a number of good recipes in it and it also has a guide for adjusting recipes for high altitude. These books are yours for the asking.

We wonder how long it will be until cake flour will disappear

from the grocery shelves. We were surprised when we stopped at a store to get cake flour and the manager said he hadn't handled cake flour for a long time as everyone was buying cake mixes. We will probably be making cakes with mixes, too. We resisted television and tubeless tires but were finally forced to be modern.

Fall Meetings Held By HD Club Women

Most of the Home Demonstration Clubs will be holding the first meetings since June early this month.

Clubs already reporting September meetings are:

WYCHE
"Brushing bread with milk or butter after it is taken from the oven and while it is still warm improves the color and gives it a tender glossy crust, but somewhat less crisp," Argen Draper stated in a demonstration on sweet dough given to members of the Wyche H. D. Club who met with Mrs. Ira Ott Sept. 1.

"It is important to let the dough rest before shaping," she continued. "It is easier to handle and a nicer roll may be made."

Members present were: Mesdames W. P. Axe, Howard Hill, George Plson, C. R. Damron, C.F. Pickens, Janice and Robert, J. V. Pickens, Tom Draper and the hostess.

The next meeting will be Sept. 15 in the home of Mrs. C. F. Newsom. After the meeting the members will attend an Achievement Tea given by members of the Happy Homes 4-H Club in the home of Pat Dawson at 201 Ross Street in Hereford.

DAWN
Mrs. Jim McCabe was hostess for the first meeting of the fall season when members of the Dawn H. D. Club met with her on Sept. 2.

The women answered roll call with "A Rule in Maintaining Mental Health" or "A Parliamentary Rule."

Argen Draper, County Home Demonstration agent, gave a demonstration on "Sweet Dough." The

women were especially interested in the fancy lace tea rolls and her methods of cutting cinnamon rolls with a string instead of a knife.

According to Mrs. Draper the average slice of enriched bread furnishes 75 calories, a thin slice 50 calories and the valuable quality of vitamins, minerals and useful protein which each slice provides is also of great importance.

A nominating committee was elected to present a suggested list of officers for next year at the next meeting which will be with Miss Lulu Botsford on Sept. 16. Mrs. H. S. Fuller, Mrs. J. B. Caraway and Mrs. R. T. Stewart were named on the committee.

Refreshments were served to: Mesdames H. V. McCabe and Bill Carthel of Dimmitt, R. B. Atkinson of Houston, L. B. Washington a new member, J. M. Carathers, H. S. Fuller, Walter Galley, Marlon Russell, T. L. Sparkman Jr., R. T. Stewart, Zed Stewart, Tom Draper and the hostess.

Jolly Girls Meet Aug. 25

The Jolly Girls met Aug. 25 in the home of Arlene and Linda Cupell.

The meeting was called to order by Arlene Cupell who also led the group in the club song. The 4-H ritual was led by Sharon Bezner. Roll call was answered with "The Things I Learned To Make House Work Easier."

Ann Dyer and Arlene Cupell

Hundred Attend 4-H Club Picnic At Dameron Park

More than 100 4-H Club members and their families gathered in Dameron Park Sept. 2 for a picnic supper.

Mrs. Pat Sullivan, assistant Home Demonstration agent, was in charge of arrangements and was assisted by Hugh Clearman, county agent and an overall committee with Carolyn Williams as chairman and Jody Bezner, Billie Dufur, Peggy Browning, Mary Lynn Morrison and Nancy Parsons serving with her.

Pat Dawson was publicity chairman.

The basket supper was spread picnic style on the long tables.

After supper games of several types were directed by 4-H girls and boys. Pre-party games were introduced by Nancy Parsons and Billy Dufur. Get acquainted games were directed by Pat Dawson, Martha Logan, Royce Lee Pruitt, Mary Lynn Morrison, Sandra Townsend, Carolyn Williams, Margaret Burrus and Ann Dyer.

Others appointed to help with quiet and active games were Peggy Browning, Merry Kay Pruitt, Maxie Wiseman, Mary Dufur, Polly Monroe, Glenda Hornfeld, Jimmy Conkright, Jody Bezner, Larry Kaul and Pete Plank.

Grown-ups and youngsters joined in the fun. All of the girls and boys 4-H Clubs were represented at the picnic-party.

Mr. and Mrs. E. Ramey spent the labor day holiday in Stratford with their daughter, Mrs. H. H. Caraway, and family.

Bob Hicks, son of Mr. and Mrs. C. M. Hicks, will leave this weekend for Canyon where he will enroll at West Texas State College.

gave a demonstration on "Bed Making."

Refreshments were served to Ann Dyer, Sharon Bezner, Fern Coursey, Mrs. Cupell, Mrs. Bezner and the hostesses.

 - 1 egg
 - 2 cups scalded milk
 - About 8 cups sifted all-purpose flour
 - 2 teaspoons salt
- Soften the yeast in the lukewarm milk. Add the fat and sugar to the hot milk, cool and combine with slightly beaten egg, yeast and milk. Stir in the sifted flour and salt until the dough is stiff enough to knead. Follow the straight dough method for making bread. At the end of the second rising, cut off as much as needed, shape as desired, and put in a warm place to double in bulk; then bake in hot oven (425 degrees F.) for 12 to 15 minutes. Grease the surface of the remaining dough, cover and put in the refrigerator. The dough can be kept satisfactorily for rolls at least a week.

ADRIAN NEWS

By MRS. A. R. LESLIE

Mrs. Edna Elmo Pinnell and Donald Pinnell of Clovis, N. M., visited Thursday through Sunday in Farmington, N. M., with Mrs. Donald's parents, Mr. and Mrs. Brimhall and in Albuquerque.

One hundred and forty-three pupils at Adrian school are enjoying the new improvements at the building this year. There are 39 high school students and 104 elementary students. All the floors have been sanded and varnished except the auditorium. There are new desks throughout and much painting has been done.

Mrs. W. C. Briggs was called to Tucuman Sunday because of the illness of her sister, Mrs. Blanche Rowland.

The Adrian Methodist Church wiener roast was well attended on Sunday evening after the regular church service.

Darla Betts returned Monday from Tioga, where she has been visiting her aunt and uncle, Mr. and Mrs. Fred Reynolds. She was maid-of-honor at the wedding of her cousin, Fred Lee Reynolds.

Mr. and Mrs. Cecil Hill of Claude visited Sunday with her sisters, Mrs. Ernest Frank and Mrs. Oscar Bronniman and their families. All attended the annual Boys' Ranch Rodeo Sunday.

Mr. and Mrs. Ernest Frank and Twilla and Clara Fithen of Claude returned, Tuesday, after a month of touring California, Oregon, Arizona, Washington, Utah, Colorado, and New Mexico.

The regular meeting of the Adrian PTA will be the second Monday of every month. The first meeting will be Sept. 12. Mrs. Clara Gruhkey is the new president. Mr. and Mrs. M. W. Blankenship and A. P. Jones will be in charge of the program.

Mrs. Edgar Jacobson entertained officers of the WSCS Tuesday evening. Attending were Mesdames Ronald Fuhrman, V. E. Lemke, Lorin Creitz, Hazel Chilton, E. H. Mosteller, J. R. Cullender, Ralph

WAYNE CASTER . . . Back

Odum and the hostess, Mrs. Jacobson.

E. H. Mosteller and R. E. Fite of Borger left Sunday before last for Orange Cove, Calif., to visit Mr. Mosteller's father and mother Mr. and Mrs. E. E. Mosteller.

Mr. Mosteller Sr., is in very bad health. Mr. Fite's wife had been in California about three weeks, visiting her parents and was expected to return home with them Tuesday.

Among those attending the Boys' Ranch Rodeo Sunday at Boys' Ranch from Adrian were E. K. Pinnell and Barbara, Neil Pounds, Erma Lou Jordan, Judy Nell Tomlinson, Sheldon Proctor, Rebba Pinnell, Jean Finley, Allen Ehresman, John Henry, Gruhkey, and Donnie Morgan. They met Mr. and Mrs. Dick Queen and boys of Liberal, Kan., former residents of Adrian, at the rodeo.

Mrs. V. E. Lemke was taken to Hereford Friday to see the doctor concerning a light case of the flu. Mr. and Mrs. Lemke planned to leave Wednesday for Temple, Texas where they will see their doctors.

Mrs. E. H. Mosteller is to take her daughter, Jean Finley, to Abilene next Saturday where Jean will enter McMurray College as a freshman.

A very enjoyable time was had by all those students who attended a dance for the Adrian High School students at Simms Community House last Friday evening. Mr. and Mrs. Don Morgan were chaperones for the occasion.

Visiting over the Labor Day weekend with Mrs. Bessie Spande were her daughter and husband, Mr. and Mrs. Fred Lane of Las Cruces, N. M. Mrs. Spande had all of her daughters and their families for lunch Sunday. Present for the occasion were Mr. and Mrs. Labry Ballard and girls, of Hereford, Mr. and Mrs. Bill James and boys and Mrs. Ray Brown and children.

Mr. and Mrs. Donald Hawkins of Fort Worth and Dan Hawkins of Amarillo stopped here Sunday enroute to Colorado for a vacation trip. Mr. Hawkins is the son of Mrs. D. W. Hawkins and a former Hereford resident.

Beauty At Home

By LYNN CARTER

Q. Please suggest a good oily lipstick is in a woman's makeup?

A. One good treatment is the regular sponging of the face with equal parts cologne water, witch hazel and rose water. Cutting down on fatty foods in your diet also helps very much.

Q. How important do you think lipstiek is in a woman's makeup?

A. Vitally important! Much has been written on the subject, but one thing stands out, namely, that lipstiek and cheek rouge must harmonize. Naturally, also, the manner of applying color to the lips is of utmost importance. Is there anything more hideous than lipstiek smeared on, haphazard, with no regard for natural contours or smoothness of surface? With the current vogue for naturalness, brilliantly reddened lips are no longer chic, especially in the daytime.

Q. What rinse is good for highlighting the hair?

A. The beaten yolks of eggs serve admirably for this purpose.

Q. What can I do to prevent freckles?

A. Certainly, an attractive woman loses none of her charm by reason of a light sprinkling of freckles. Nothing can be done to prevent these, except staying out of the sun, so it is best to be philosophical about them.

Q. How can I mix my own hand and arm bleach?

A. Cucurber juice, mixed with equal parts rose water and glycerine.

Q. What foods in my diet will help correct a sallow-looking skin?

A. You need more iron in your system, and iron-rich foods include dried cooked apricots, prunes, raisins, spinach, parsley, watercress, escarole, beets, stringbeans, turnips, dried beans, celery, tomatoes.

Q. How can I exercise for a flat abdomen and slim hips?

A. Sit on floor with legs wide apart and straight; hands back of buttocks on floor. Rotate upper

part of body in a circle-like motion. The abdomen should be held in at all times. Throw your hips in a complete circle clockwise five times, then counter-clockwise five times.

Q. How can I go about giving myself an egg facial?

A. Apply the whipped egg yolk over face and neck, and let dry. Then apply the whipped white of the egg over the yolk and let remain on skin for about a half-hour. Remove with warm water, and follow with a little light cold cream.

Q. What is the best way to impart a dainty fragrance to my clothes?

A. Through use of sachets. Put one in each of the bureau drawers in which you keep your lingerie and handkerchiefs, and on the clothes hangers you use for your best frocks.

Q. How can I stimulate the growth of my eyelashes?

A. By regular massage, brushing, and tugging of the lashes. Regular applications of petroleum jelly help, too.

Household Tips

Dog Bites

Apply tincture of iodine if slightly bitten by a cat or a dog. If the cat or dog is not mad it will not be more serious than any other scratch. See a doctor at once if the animal acts strangely.

Rusty Keys

To clean rusty keys, leave them in a saucer containing kerosene for several days. The rust will be loosened by the oil and will then rub off easily.

Fresh Lobsters

A sign of freshness when selecting a lobster is when the tail is curled tightly to its body.

Salt Shakers

The metal tops of salt shakers will not corrode if they are covered on the inside with melted paraffin. Open the holes with a pin while the paraffin is cooling.

Starch

Skin will not form on the top of the freshly made starch if it is

covered with a pan.

TEA FOR TORNADO

SCOTTSELUFF, Neb. (AP)—When a tornado struck Scottsbluff, Miss Phyllis Rutand of Harrow, England, was all alone in the home of T. L. Green where she was a guest. She admitted she had no idea what Americans did under such circumstances so she reacted in British fashion and brewed a cup of tea.

"It's always the thing in a crisis," she explained later.

At The Movies

The Far Horizons

The Louis and Clark expedition revived in "The Far Horizons" starring Fred MacMurray, Charles Heston and Oscar-honored Don Reed as Sacajawea, and Barbara Hale. This historical event tender love story, of one of the greatest and most gallant women, will be brought to you Friday and Saturday at the Star.

The Egyptian

"The Egyptian" from Mika Waltari's best selling novel is a 20th Century-Fox production in Cinemascope; it will be at the Star Thursday, Monday and Tuesday. This story goes back 33 centuries

into the history of pagan Egypt. Stars are Edmund Purdon, Jean Simmons, Victor Mature, Bela Darvi, Gene Tierney, Michael Wilding, Anitra Stevens and Peter Ustinov.

Massacre Canyon

"Massacre Canyon," starring Phil Carey and Audrey Totter, brings the Western frontier with sagas of man's heroism in the face of danger and of his amazing fortitude against back-breaking hardships to the Tower Friday and Saturday.

Tarzan's Hidden Jungle

The new Tarzan is Gordon Scott in "Tarzan's Hidden Jungle." Action is stressed along with Tarzan's love of animals and the lengths to which he will go to protect them. The new star for Cheta is Zippy, a rare pigmy chimpanzee featured on TV's "Howdy Doody" and Ed Sullivan's Shows.

Quicksand and killers, pythons

and witch-doctor tortures, all menace Tarzan as he fights for the life of a strange blonde beauty and to protect his animal friends in "Tarzan's Hidden Jungle," at the Star Sunday and Monday by RKO.

ARCHEOLOGY BEGINS AT HOME

CHICAGO (AP)—Archaeologists at Chicago Natural History Museum, who have traveled to far away places for Indian artifacts, plan to dig in their own back yard.

It is known that Indians lived in the Chicago region ever since 500 B.C. But work is being undertaken to fill in the many gaps in the story of where and how the Indians lived for almost 6500 years before Columbus discovered America, Elaine A. Blum, assistant in archeology, said.

Indian camp sites, burial grounds and villages are being destroyed by new roads, new houses, new

schools and new industry. The museum expects work to begin before the archaeological information is lost entirely.

REAL PRACTICE

GRAND RAPIDS, Mich. (AP)—Firemen put on a fire drill at the Grand Rapids Metalcraft Co., then stayed on hand to put out an actual blaze that bobbed up in the paint shop.

Guests over the Labor Day week end in the home of Mr. and Mrs. T. E. Seigler Jr., were her parents, Mr. and Mrs. Walter Parker of Wichita Falls, Mr. and Mrs. Jim Holly and Mr. and Mrs. Clayton Devin of Happy and Mr. and Mrs. Fred Axe.

When a Greensboro, N. C., market was broken into the only items missing were two fishing poles valued at \$2.10.

Colors Can Cheer Children's Room

By VIVIAN BROWN

COLOR is the most important consideration in decorating a little child's room, says Beatrice West, decorator, color and design consultant.

Miss West suggests that parents re-doing a child's room should keep in mind that bright, clear colors are preferred. Youngsters are less inhibited about color than adults, she says. She explains:

"Parents have helped create the vogue for pink and blue toys for babies. Give a baby the choice of pink or red and he'll choose the red every time. Primary colors always appeal to children. Tastes change as they grow older due to associations and their personal likes and dislikes."

THE 7 or 8-Year-Old has definite color ideas and smart parents should encourage them. As they approach high school and college age they begin to like more sophisticated color combinations and tones that are grayer than when younger, she says.

Miss West chooses versatile furniture that is interchangeable and not limited to any one room to continue its usefulness as the family grows in size and affluence. Furniture that may be painted to fit in with the color scheme as the child grows is a good investment. Beds that double as sofas are good too.

Be practical in the choice of rugs and fabrics. Fiber rugs or combi-

nation cotton and fiber rugs make excellent floor coverings as they are sturdy, easy to clean and reversible.

Do-it-yourself ideas make a child's room reflect his personality. Pictures he can paint himself not only decorate a room but encourage a child's individuality.

A bedroom, designed by Miss West recently was planned for two girls about 9. She chose wearable materials and rugs guaranteed to

stand up under the youngsters' active lives, all scaled to the long-term needs of growing children.

COLOR SCHEME of the room is black, turquoise, white and yellow. Walls were papered in a gingham wall paper of turquoise and white, yellow cabinets on the walls provide space for desk, bookcase and storage. Chairs were painted yellow. Beds were covered in yellow denim, although Miss West used a white organza dust ruffle which she says all young girls adore.

Original children's paintings in brilliant colors for the walls were done to order as a project in a Louisiana school by children from 8 to 12 years. Miss West has found that this native and primitive art appeals to parents just as much as to the youngsters.

The floor was covered in a soft-textured so-called waitrend fiber rug in a salt and pepper mixture of black and grays, completely soil and weather resistant.

Your Congressman Reports

"Texas can't be beat!" The above is the testimonial of the Rogers children. I have known it for a long time, but I wanted to get it confirmed through the eyes of a child. Our children had not been home in two years. Last year the adjournment of Congress came just about the time of a serious polio epidemic, and we had to forego the trip home. Two years is a long time in a child's life. Mrs. Rogers and I wondered if there would be much of a change. There wasn't. The minute we set foot on Panhandle soil, business began to pick up. Friends began to gather and before we knew it the kids had scattered like a covey of quail. The good time they had was so well expressed by the statement of the eight year old, when he said to me, "Daddy, there just isn't any other place like Texas, is there?" My reply was that there isn't any other place like Texas and there isn't any other place in Texas like the Panhandle.

It is so different when you walk along the street and everybody speaks whether they ever knew you before or not. That is one of the things that I can't get used to back East. Apparently you are there unless you have been properly introduced. I don't always obey this rule, and you would be surprised at the number of people who return the greeting and then watch you for a block down the street trying to think where in the world they have met you.

Needless to say, the kids are really dragging their feet on the way back to Washington and already talking about the things they have planned for next summer.

FISCAL POLICY

There has been much talk recently about the possibility of a tax cut next year and about starting a government economy drive. This comes as somewhat of a surprise. I thought that we were supposed to be engaged in an economy drive all the time. That is the way I have tried to vote, and I might add that if the group that I voted with on all money measures had prevailed, we would have had a balanced budget several years ago. Very little has been said in recent months about the public debt. The record shows that on August 22, the gross public debt was \$276,849,729,823.45. This is approximately two billion, 200 thousand more than it was at this time last year. According to a report of the Joint Committee on the Economic Report by the Council of Economic Advisors, the debt is again approaching the all time high it reached in November of 1954, when it was \$278,900,000,000, the largest it had ever been in the history of the United States. Since that time, it has dropped to \$274,

100,000,000.00, in March of 1955, when tax collections were at their height, but immediately started up after that, and is now almost 377 billion dollars. The authorization to borrow money was increased from 275 billion to 281 billion. I voted against this proposal because it does not present a true picture of the fiscal situation in this country. Actually, borrowing money to balance the budget is not balancing the budget. It is merely creating more obligations with more interest to pay.

PANHANDLE HELIUM

Many people having read about the proposed expansion of the helium facilities in the Panhandle, have asked me what helium is being used for other than a lifting gas for airships and balloons. Of course, it is still being used for that purpose in connection with submarine warfare, but there are a number of other uses. Helium-shielded arc welding made it possible to join magnesium airplane parts safely and effectively. The process is being used now on aluminum, stainless steel and titanium. These processes are the heaviest consumers of helium. Use of a helium furnace atmosphere plays an important part in the production of the new metals titanium and zirconium. Both of these metals, if melted in air, would pick up enough nitrogen to destroy their ductility, and no method is known for removing this impurity. Helium is being used as a mixture with oxygen to relieve the discomfort of asthma and other respiratory diseases. It is being mixed with certain flammable anesthetics to minimize the risk of operating-room explosions. There are many other uses for the gas and many more are being discovered each year.

Crochet Baskets

A crochet basket can be stiffened by dissolving gum arabic in warm water until it is of the consistency of thick glue, then dipping the basket in the hot solution, after which it should be thoroughly dried. If the basket is not stiff enough, repeat the process.

NEW RUSHES

The dust, or powder, that is used to keep out moths, should be removed from new brushes. This should be thoroughly worked out with the fingers before using.

WET SHOES

After being out in a heavy rain the leather shoes will not harden if they are washed with warm water and then rubbed thoroughly with castor oil.

Candles

If a candle that is too large for the candlestick is held in hot water it can easily be pressed to fit the candlestick. This is a better way than shaving it with a knife, and will give a nicer finish.

Cooking Peas

If the peas seem a little tasteless, put a teaspoonful or a tablespoonful of sugar in the cooking water. Even sweet corn can be improved by adding a little sugar.

Blood Stains

To remove blood stains from garments, hold the stained material under cold running water. This will also remove some fruit stains.

Westway News

By MRS. J. TOWNSEND

The young people of the community had a fellowship meeting at the home of Larry and Walter Kaul after the church service here Saturday night. Harral Dunnam led the group in games after which refreshments of ice cream and cake were served.

Those present included Harral Dunnam and Sue Kirby, LaVera and Jessie Head, Arol Acton, Emmett Brown, all of Hereford, Ann and Gayle Wagoner, Larry and Walter Kaul, Sandra Townsend, Lynn Young, Mary Lynn Morrison, Nathan Wilson, Edna and Mary Sue Patton, Raymond Morrison, Rev. C. T. Jackson, Mr. and Mrs. Jack Renfro, Mr. and Mrs. J. C. Morrison and Judith, Mr. and Mrs. Jimmy Thomas, Diedra, Dan and Deborah and Mr. and Mrs. Merlin Kaul.

Mr. and Mrs. Merlin Kaul were hosts at a dinner at their home in this community Saturday at 1 o'clock. Guests included Rev. and Mrs. S. M. Dunnam and Harral of Hereford, Miss Wanda Moll of Hiawatha, Kan., Mr. and Mrs. J. C. Morrison, Mary Lynn, Judith and Raymond, Mr. and Mrs. Jimmy Thomas, Diedra, Dan, and Deborah, Lynn Young, and Arol Acton.

Miss Wanda Moll left Saturday afternoon for her home in Hiawatha, Kan., after spending the past three weeks here. Wanda was employed by the office of Jack Ren-

fro. She will be a Senior at Oklahoma A&M at Stillwater, Okla., this fall, and after a short visit with her family will return to her studies.

Robert Burrow of Wells, Texas, was a guest one evening last week for dinner in the Merlin Kaul home. Robert, who was All-American basketball player for two years is now playing ball at Kentucky University.

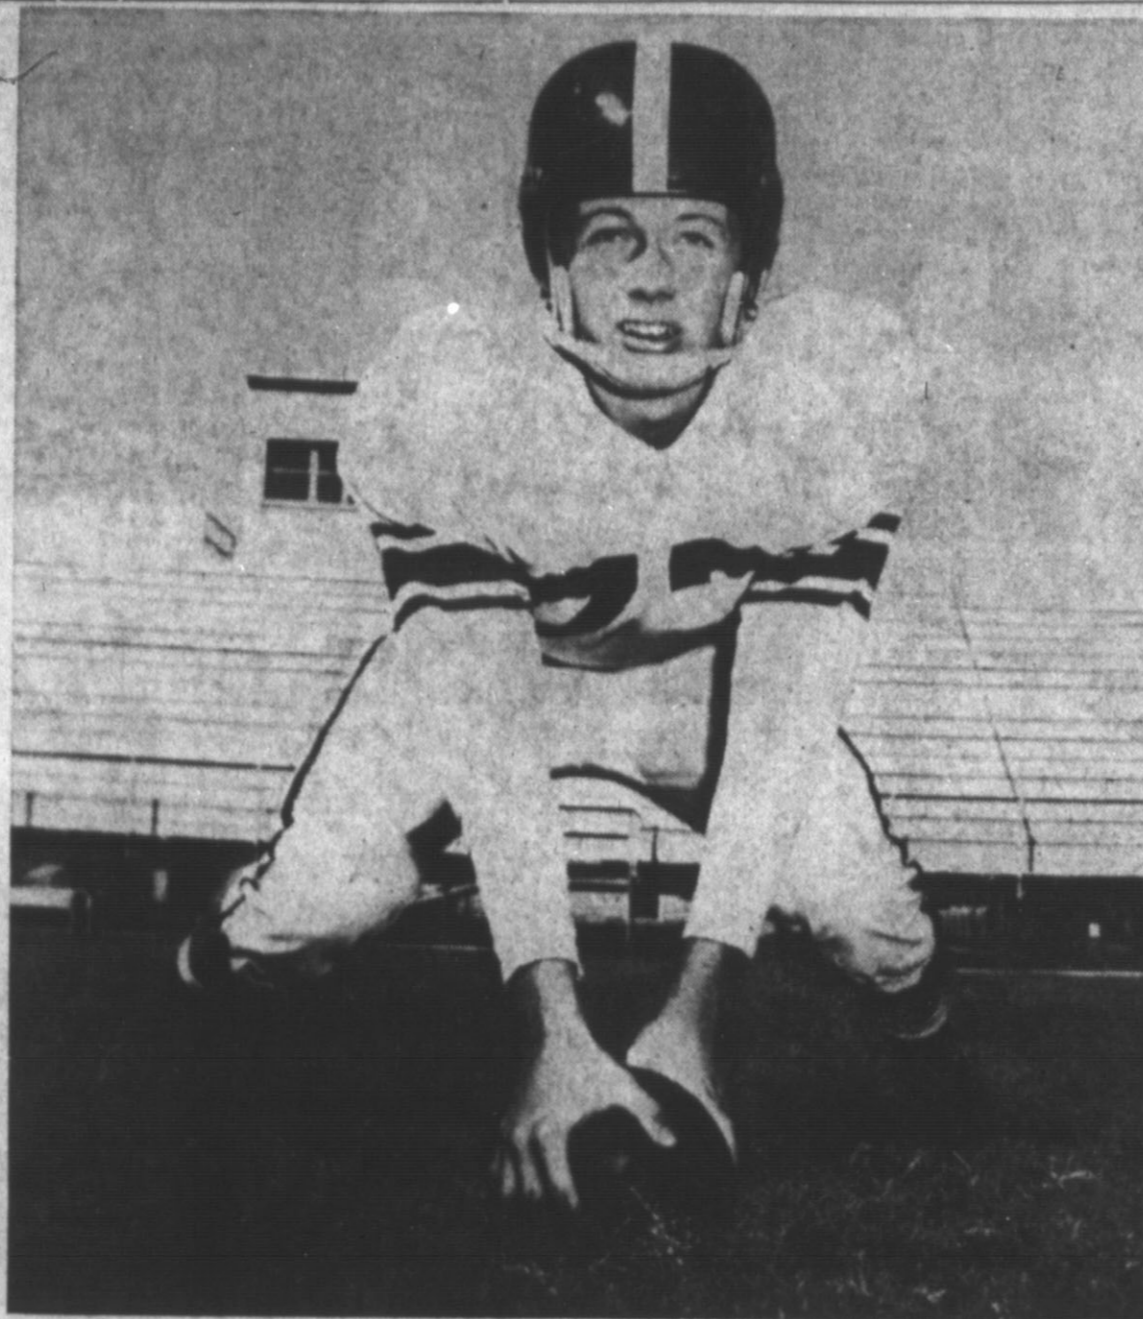

Troy Smith was honored with a picnic dinner Sunday in Dameron Park to celebrate his birthday. Those attending included his parents and sister Rosalind of Plainview, his aunt and uncle Mr. and Mrs. McCoy also of Plainview, Mr. and Mrs. Harold Head and children, Mr. and Mrs. Merlin Kaul, and Mr. and Mrs. Troy Smith, Franklin and Becky.

Letter To The Editor

Dear Editor:

The doctors want me to spend the Fall months completing the job of getting well from my recent heart attack. I like to visit around over Texas between sessions of Congress, but I won't be able to do it this year. I can read my mail though, and I hope Texans everywhere will write me their ideas about matters important to Texas. I can be reached by mail for the next few months at 215 Federal Bldg., Austin.

WATER: When I first went to Congress 18 years ago, some of my friends thought I was hipped on the subject of water projects. Now I don't think anybody believes

TAYLOR SIMS . . . Center

we can possibly overestimate the importance of the water problem. It's the biggest problem we have in Texas.

I have tried to contribute everything I can toward carrying forward individual projects. In fact, I try to get construction started on a new Texas project every year.

Last year, we obtained an appropriation to begin construction on Ferrell's Bridge Dam and Reservoir, in Jefferson County; this project will cost a total of \$2,000,000, Army Engineers estimate. This year, we were able to get an appropriation of \$400,000 to start construction work on Canyon Dam on the Guadalupe River. Next year, I hope we can get construction funds for the badly needed Waco Dam.

UPSTREAM PROGRAM: These big individual projects are vitally

necessary. In addition, we need to build many, many small dams across streams all over Texas. The upstream program is an essential part of our soil and water conservation efforts.

GULF BASIN SURVEY: We were able, during the recent session of Congress, to get an appropriation of \$578,000 for the Bureau of Reclamation to carry forward the study of water utilization in the Gulf Basin. This follows a far-reaching appraisal of the Texas water problem, made by the Bureau at my request.

I have asked the Bureau for a report on when, where and how this money is to be spent. This work, coordinated with action by the State Government and the local units of government, can result in extensive changes for the better in the Texas water situation.

I realize there are conflicts over water uses. But I am one who believes that Texans can get together and work out these conflicts in an equitable way. We can, I am confident, solve our water problem. We must. We will.

Sincerely,
Lyndon B. Johnson

YOUTH TAKES THE HELM

Youthful Seed Takes City Golf Title

Defeats Minton For Championship

By BILL KNOX

Youth handed experience a drubbing in the annual City Golf Tournament as Charley Seed and Jeff Minton fought their way to the finals before Seed decided Minton, 4-3, for the championship.

Seed reached the finals by taking out Bob Lindsey, Hereford Golf Club champion, in the first round, and then walking away with a hard fought 2-up victory over Max Drever, tourney favorite. Minton decided Deward Roberson and smashed J. M. Posey, 6-5 in his flight to the finals.

Both Minton and Seed are members of the high school golf team, district winners last year. Another member of the team, Dale Taylor, lost to Don Martin, last year's finalist, in a first flight match.

Seed was also medalist in the rugged tournament which featured an array of Hereford's top golfers. Seed's qualifying score was an even par 72, only two strokes lower than Minton who qualified with a 74.

Upsets dotted the score card in first round matches. The most prominent of these was J. M. Po-

sey's 1 up victory over defending champion Stan Barrett in their first round match. Posey came from behind to tie Barrett on the last hole, then took him out on the first extra hole.

Seed's victory over Drever was by far his roughest. After the first hole on the front nine in their 18 hole match Seed trailed until late in the match when his putter, which had previously given him trouble, began to work better. Drever played consistently good golf, but Seed's chip shots proved too much on the last nine.

After eliminating Deward Roberson, Minton branded J. M. Posey with his red hot putter. Minton also got consistently good drives to also help his situation considerably.

In the championship match Seed and Minton were nip and tuck through the first nine holes. Seed

Herd Only Slight Favorite Friday

The Hereford Whitefaces may encounter unexpected opposition Friday night when they tangle with the spirited Muleshoe Mules at Muleshoe in the opening game of the season for both teams.

The charges of Coach Wayne Mantooth started work-outs the same time as the Whitefaces and are in much the same predicament. They are also short of manpower, and injuries could hurt them a lot. "We have a small team, and we can't afford to lose anyone to injuries. The best way to be sure we don't is for everyone to be in shape to play football."

Mantooth emphasized. The Mules, members of District 2AA, despite their youthfulness and size, may prove to be a handful for any team this year. "We've been working hard—and we'll be ready for Hereford Friday night. So watch out," Mantooth said.

Junior Eddie Kilt will carry the load at quarterback for the Mules, but sophomore Jerry Blaylock may see some action at the same slot. G. R. Howell is the only returning letterman in the backfield, however.

Howell, who weighs in at 160,

will probably start along with Charly Jennings and Johnny Young filling the other halfback slots. But the race for positions is close according to reports and the probable lineup may miss the final decision completely.

Hereford will go into the game a slight favorite on the basis of weight and experience. Six starters are returning from last year's squad which won four, lost five, and tied one.

John Bryant is expected to be the starting quarterback for the Herd. His other backfield mates

KNOX'S KNOTHINGS

BY BILL KNOX

We may be opening our mouth too wide, but we're going to venture so far as to predict a few football games that may be of interest to football fans in this area.

Before you continue further with the reading of this manuscript, we would like the fact that we claim to be no Yogi made clear. Only

with the belief that it might be of interest to some fans do we dare stick our neck out so far.

It need not be put in writing that Phillips and Dumas are both heavy favorites over Southeast High School of Oklahoma City and Quannah. As everybody knows the two teams should wage a terrific fight for the district title this year.

Not very often do we go out of our way to predict an upset. This prediction might not even be termed an upset, but we pick Floydada to stop Canyon. . . by a small margin. East-year Canyon was built up to be a fine team. And they did have a good team. But they showed everybody what they were made of when Phillips clobbered them 59-0.

Dalhart may be on the comeback trail. Even if they are not they should stop Lefors. But the Shamrock situation is doubtful. We'll take McLean over the Irish. McLean beat Shamrock 45-6 last year. Perryton should handle Panhandle by three touchdowns.

Now to the local situation. The Whitefaces have good experience, and good weight in the line. Muleshoe has neither. The Whitefaces are short of manpower, but so is Muleshoe. Hereford by six points.

Joe DiMaggio and Babe Ruth are the only players who have been in 10 World Series. DiMaggio leads in most Series games played with 51, one more than Frankie Frisch.

Joe DiMaggio has made two trips to Cooperstown, N. Y. The first time he failed as a pinch hitter with the Yankees and the second time, July 25, 1955, he was inducted into the Hall of Fame.

In the past year Virginia Tech was unbeaten in nine football games and in eight wrestling matches.

Most District Teams Hold Favorite Role

District 1AA this week offers a full slate for 1AA football followers. Most district teams are favored to take their initial franchises.

Two of the AA powers in the state, Phillips and Dumas, are in district one. Phillips being defending state champion. Phillips tangles with Southeast High School of Oklahoma City in what should

prove to be a good game, with the Blackhaws being in their usual role as favorites.

Dumas tangles with a comparably easy opponent in Quannah. Last year Quannah fell to the Demons by a 14-7 count, but the margin is expected to be much greater this year.

The Hereford Whitefaces, how-

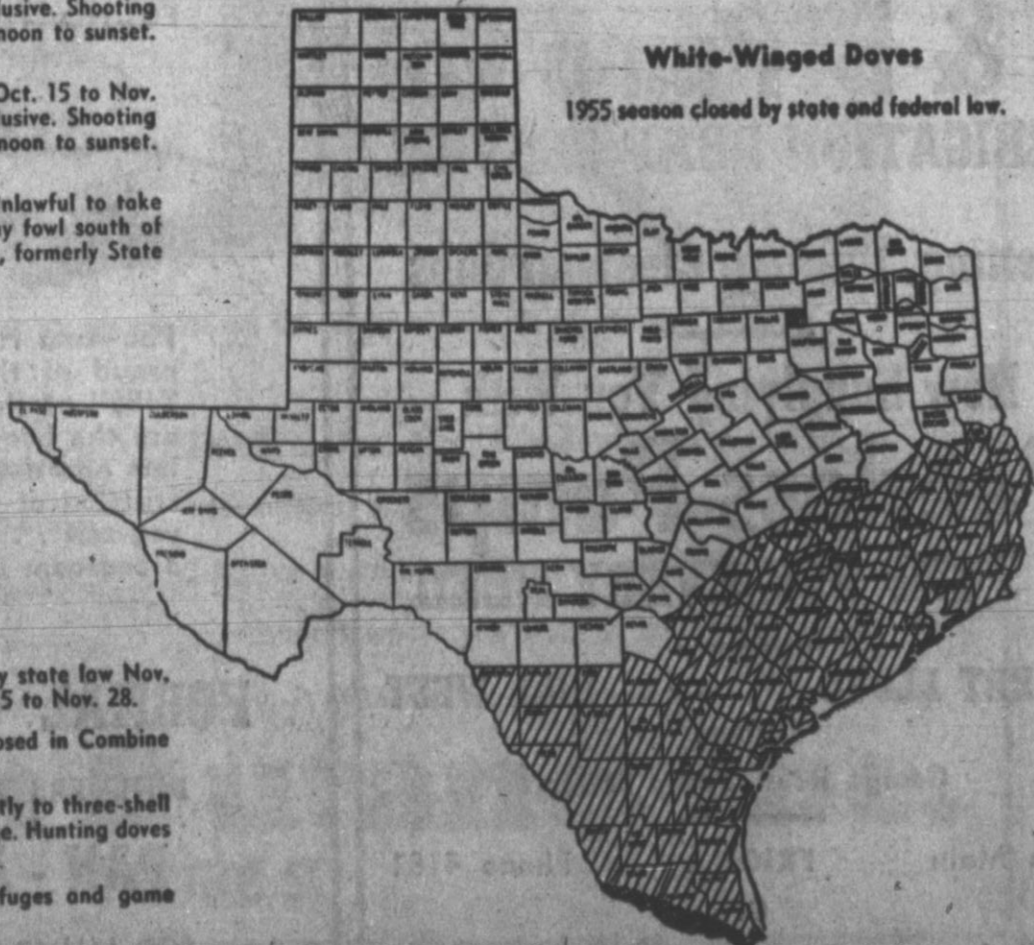

ever, will be only slight favorites over the fiery Muleshoe Mules. But experience and weight disadvantage may prove too much for the Mules of Coach Wayne Mantooth.

Both Perryton and Dalhart will be favored when they play Panhandle and Lefors respectively.

AUSTIN — Many Texas public schools are holding integration plans in abeyance pending action by the State Supreme Court.

But there is no indication the high court will rush to consider the Big Spring test case ahead of its normal schedule.

District court there ruled invalid that part of Texas law which requires public schools to be segregated. Appeal is being made by

the Texas Citizens Council in an effort to prevent payment of state money to non-segregated schools.

Both sides had expressed hope for an early decision before the Supreme Court's October term.

Meanwhile, towns such as Waco and Laredo, which had planned to begin desegregation this fall, backed off rather than take a "legal risk." Others, like San Antonio, decided to go ahead, but reserved the right to review the policy in the light of new state-level decisions.

Charter Request Studied
Application of the anti-integration Texas Citizens Council for a state charter bumped into a delay in the Secretary of State's office.

Sec. of State A. M. Muldrow, questioned whether the council's organization is for a "lawful purpose" in view of the Supreme Court decision outlawing segregation.

Muldrow said he might ask the attorney general's department for a ruling.

State Agriculture Commissioner John C. White took a dim view of

the visiting Russian farm delegation.

Farming methods are Americans' greatest strength, White said, but Russia's weakest. "We might as well sell them guns," he declared.

In Washington officials were undecided whether the Texans who sold some 65 head of Santa Gertrudis cattle to the visitors would be allowed to export them to Russia.

Touring Soviets expressed a desire to buy farm machinery seen in other parts of the country, but the Texas cattle deal was the only actual purchase. At present there is only a trickle of trade between the two countries.

State, Commerce and Foreign Agriculture officials pondered the decision, suggested that public opinion would be a strong factor.

Record Employment Expected
Harvest and reopening of schools are expected to bring Texas new employment records during September.

Public school cafeteria workers will add thousands to the payroll, said the Texas Employment Com-

mission. A continued rise is forecast through the fall.

A new high in the average paycheck was hit in July, according to TEC. Holiday overtime plus wage increases brought the boost.

Druggists Receive Vaccine
Texas druggists are having their first experience in dispensing Salk polio vaccine.

State Health Department officials reported 50,000 doses sent to Texas last week by Wyeth Laboratories of Pennsylvania. Of these, 42,000 go to drug stores, 8,000 to the Health Department for public agencies.

Some stores had already received vaccine; others were still awaiting their shipments.

Patients have been asked to contact their doctors who will buy through the retail outlets.

Texas free immunization program for first and second grade school children is expected to be completed by Oct. 1. Eli Lilly Company of Indiana sent 144,603 more shots to Texas for that purpose.

Health Department statistics showed polio coming to its seasonal slackening-off period. Only 80 new cases were reported last week compared to 98 the week before. Total for the year is now 1195.

Business Peak Passed
Texas business expansion has apparently passed a peak, but no severe decline is expected.

Crest of the current rise was in March, the University of Texas Bureau of Business Research reported. In July the business index dropped two percent from June.

Three factors, the UT economists believe, bar the possibility of a major recession. They are population growth, the rising standard of living and the high proportion of new investment being made in Texas.

Retail sales, already at record levels, are expected to soar further making this the largest sales year.

Building boomed also, with a January-July total almost one-third greater than for 1954. A two percent drop in construction during July was considered "seasonal."

Parr Trial Postponed
Trial site of George Parr on charges of income tax evasion awaits action by the US Supreme Court.

South Texas Political Boss Parr last week won an indefinite postponement of the case scheduled to begin Sept. 6 in federal district court in Austin.

Contending that he would receive a fairer trial in Laredo than in Austin, Parr seeks to have the case moved to the southern federal district. He was originally indicted in Houston on charges of failing to pay some \$85,000 in income taxes. This indictment was dismissed and an identical one en-

How Can I?

By Anne Ashley

Q. How can I get best results when baking cakes?

A. If too much flour is used in a cake it will crack on top. It will often rise over the top of the pan and be of very coarse texture if put in too slow an oven. If put in too hot an oven it will brown on top before it has risen sufficiently.

Q. How can I make a hair setting solution?

A. By taking 3/4 pints of water, to which is added 2 tablespoons of quince seed, allowing it to boil for 5 minutes, and then strain.

Q. How can I remove castor oil stains?

A. To remove these stains from washable fabrics, try dipping the goods in alcohol before laundering.

W. How can I make a good duster?

A. By using an old piece of flannel, dipping it in paraffin oil and letting it soak for several hours. Wring out tightly, then wash in tepid water and let dry. It will gather all dust and give a good polish to furniture and floors.

Q. How can I clean rubber articles?

A. The rubber articles around the house should be kept clean by using a solution of household ammonia in warm water. This will also keep the rubber soft and pliable.

Q. How can I rid the bathroom of any unpleasant odor?

A. The drains should be disinfected regularly with a solution of two ounces of chloride of lime to one gallon of water.

Q. How can I loosen a glass stopper?

A. By mixing 2 drams alcohol, 1 dram glycerine, 1 dram sodium chloride. Pour some of this into the space above the stopper and allow it to stand for about two hours. A slight tap will loosen the stopper.

Q. How can I remove burned milk that has spilled on the stove?

A. Sprinkle a thick layer of salt on the burning milk when it boils over on the stove or in the oven. Let it remain for a few minutes, then brush off.

Q. How can I polish damp shoes?

A. When trying to polish damp shoes, or slippers, add a little paraffin to the blacking and it will adhere.

Q. How can I strengthen weak ankles?

A. By bathing daily in a solution of salt, water, and alcohol. An improvement will be noticeable after a few applications.

Q. How can I polish tin?

A. The articles can be made to look as bright as silver by rubbing with soda and old paper.

It's The Law; 209 In Fact

Many Dear Smith County citizens probably don't feel any different today than they did Monday, but they should.

For Tuesday 209 state laws went into effect. The laws range from more taxes, to insurance and securities reforms, to tighter Veteran's Land Administration rules and to tougher labor laws.

Cigarette smokers will notice the change first probably, for they will be paying one cent more a pack in taxes. And beer drinkers and auto and truck drivers will have to shell out more, as well as business men, who will be paying slightly higher franchise taxes. Beer taxes increase seven-tenths of a cent a bottle and gasoline tax is up a cent a gallon.

One other thing is also now a state law. It is unlawful to bring intoxicating beverages into any stadium or field where school-boy athletic contests are being held.

Brother Of Local Man Is Buried

James Peasley (Jamie) Hare died in Stevensville, Mont., Sept. 3. He made his home at Victor, Mont. with his sister, Mrs. Louise Robb for the past two years. He has been ill for six months.

Mr. Hare was born March 11, 1894 at Kirkland, Texas. He was a member of the Methodist Church. He lived for many years with his brother, E. H. Hare on a ranch near Vega; he also lived part of the time with his sister, Mrs. Maude McClung and brother, A.A. Hare of Hereford.

The funeral will be held in the Victor Community Church and burial will be in the Victor Cemetery.

Letter To The Editor

To The Editor:

It is not often that I feel prompted to sit down and write a letter concerning any of our civic problems or improvements. I am no sage, nor do I hold promise of ever becoming such. However, I believe that I can predict that we could ill afford to sit idly by and let any opportunity for advancement pass. With this in mind it would not be hard to guess that I am for an airport. Numerous good reasons by others have been given. It's simply another Milestone in the march of progress.

Last year Lefors stopped the Wolves 6-0, and Perryroy stopped Panhandle 45-18.

The Canyon Eagles may be given the nod over the Floydada Whirlwinds, but the margin may be small. The two teams are both expected to be improved. Shamrock is also improved and will be rated as just about even with Moreland.

That an election be held in said County on the 20th day of September, 1955, which date is not less than fifteen (15) nor more than thirty (30) days from the date of the adoption of this order, at which election there shall be submitted to the qualified electors who own taxable property in said County, and who have duly rendered the same for taxation, for their action thereupon, the following proposition for the issuance of bonds, to-wit:

Treat Wheat Seed with HEPTACHLOR

for low-cost protection against soil insect damage

With Heptachlor you get dependable protection against the wireworms, white grubs and other soil insects that attack seed and cause reduced stands and lower crop yields. Because Heptachlor is compatible with commonly used fungicides, you can apply both in one time-saving operation.

Heptachlor seed treatment recommendations have been made by the various Experimental Stations. Experiments prove that Heptachlor does not harm germinating seed or plant growth.

William J. Reif Promoted To 2nd Class Specialist

BEALE AIR FORCE BASE, Cal.—William J. Reif, son of Mr. and Mrs. William F. Reif of Hereford, Texas, was recently promoted to the rank of specialist second class.

The Specialist rating, an innovation in the Army, was designed to separate the NCOs from the men who are technically trained for one specific job and are not directly concerned with leadership or authority.

Specialist Second Class would be equal to that of Sergeant and indicates that the individual is efficient in his specific job but has very little authority outside the office, so to speak.

Reif entered the service Aug. 11, 1953 at Chicago, Ill. He took his basic training at Fort Riley, Kan., and then entered and successfully completed the Clerk Typist School there. He was then assigned to SCARWAF (Units composed of both Army and Air Force personnel) and sent to Korea where he served until January 1955.

Upon his return to the states, Reif was sent here to Beale and was assigned to Headquarters of the 419th Engineer Aviation Brigade. He has been working as a Scheduling Specialist for the Operations Section of Brigade Headquarters.

Prior to entering the service, Specialist Reif was attending the James Millikin University of Decatur, Ill. While at Millikin, he was Secretary of the Sigma Alpha Epsilon fraternity, member of the football squad, and intramural

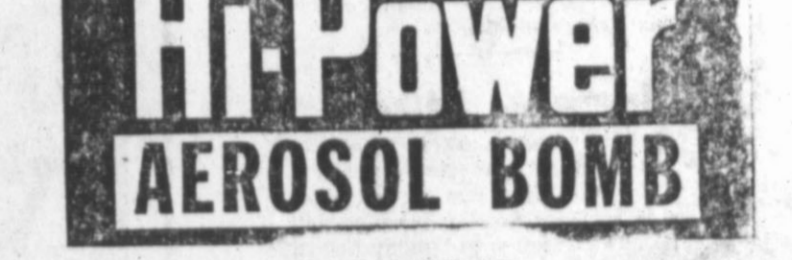

manager. Reif's parents have just recently moved to Hereford from Chicago, Ill. They reside at 600 Lawton St.

Wheat Farmers ...

Low-cost dieldrin seed treatment protects crops from wireworm damage

Treatment Costs Pennies Per Acre, Assures Better Stands of Grain

Newly seeded fields make good feeding grounds for true and false wireworms and other soil insects. If there is not enough moisture in the soil to permit quick sprouting, seeds are vulnerable to insect attack for several days. But the threat of wireworm damage should be recognized at all times.

A dieldrin preventive seed treatment is a sure way to protect wheat and other small grain seeds until they sprout.

Low-cost protection

It costs just pennies per acre to treat seed with dieldrin, but dollars per acre to feed the wireworms untreated seed! A dieldrin seed treatment prevents "spotty" stands... eliminates the expense of time and money for re-planting or sowing extra seed for the wireworms to feed on... assures you of a

longer grazing period. And dieldrin does not harm plant development.

Compatible with fungicides

Dieldrin is compatible with fungicides... can be applied at the same time to save the expense and work of a double treatment. You can buy dieldrin-treated seed from your seed dealer, or treat the seed yourself. Dieldrin can be applied as a slurry, dry, or in a grain drill. A convenient method is to apply dieldrin to the seed in the grain drill as you plant. Follow directions on the label for the particular formulation you buy.

Less work at planting time

Seed can be treated now and stored until planting time. Dieldrin eliminates the rush of treating seed and planting within a few days. Dieldrin formulations are available throughout the wheat growing area. See your local supplier.

Long Time Ago

45 Years Ago
Forty-five years ago school didn't start until Sept. 23. Wouldn't this make all our little school boys happy now?

A new school was also the pride of Hereford citizens as it is now. There were 500 enrolled then which was quite a few then, but Hereford has really grown since then; even our High School has passed that mark.

News reached here today that a rich flow of oil had just been struck in the Farwell Lands near Glen Rio, in the Panhandle. Prospecting has been progressing here for some time.

News from Pecos received today says that at 5:40 the Texas Company's well at Toyah and that oil gushed 130 feet into the air. The Texas Company has been boring there for several months.

Little Elouise, daughter of Mr. and Mrs. J. H. Pitman, is happy over her good fortune in being the lucky one in the sleeping doll bean contest at the Star Theater. The jar contained 4372 beans and her guess was 4375. She said to a Brand reporter—"I have the most beautiful doll. I want to thank the moving picture man and all the people who gave me their guesses and make me get her. I want you to put it in the paper. I have named her Josephine."

Valuations Go Up If Bonds Okayed, Court Announces

Deaf Smith County Commissioners issued a formal statement concerning the \$150,000 airport bond election following their regular meeting Monday.

In a statement signed by all four commissioners and County Judge Homer Henslee, the Court said that passage of the issue would mean that the county would have to raise property valuation to pay off the bonds.

The statement reads: "The following information is being published in the interest of

the tax-paying voters of Deaf Smith County, as the Commissioners Court feels that such information is due them inasmuch as we go to the polls Tuesday, the twentieth day of September, to decide the issue of whether or not the commissioners be authorized to issue certain bonds.

"After studying the tax structure of the county, we note that Deaf Smith County's tax levy of 80 cents per \$100 valuation is the maximum and that the county cannot levy any additional county tax. It will therefore be necessary to increase the county valuation in order to provide the necessary revenue to retire any such bonds. In view of this, the commissioners felt that the public should be so informed as this increase in valuation will not only apply to the county tax, but also to the State, Road District and Water District taxes as well.

"At this time we may as well advise that an adjustment of Deaf Smith County land values throughout the county will necessarily have to be made during the coming year, regardless of said bond election.

"We are not attempting to influence anyone regarding this bond issue, we are only advising what your Commissioners Court will necessarily have to do to provide the revenue to promote such permanent improvements."

Around Town

Around Town this week, talk mostly has dealt with the airport bond election, which comes up Tuesday. Estimates on the number of votes expected to be cast have run all the way from a low of 200 to as much as 1000 or more. Absentee voting will come to an end on the bond issue and the separation of the tax office from the sheriff's department Friday.

Sharon Kay Ritchie, 18-year-old Colorado Women's College coed, who won the coveted title this year, was a roommate last year of Sue Barnard, daughter of Mr. and Mrs. D. C. Barnard of Hereford. Sue said, "Sharon's as sweet as she is pretty."

Air Reserve Unit Meeting Tonight

Maj. Earnest Langley Wednesday reminded anyone interested in forming an Air Force reserve unit here, that a meeting to plan such a step will be held Thursday night at 8 p.m. in the courthouse.

Maj. Langley said that Lt. Col. Robert W. Edwards, unit advisor, would be on hand to explain what steps should be taken. Langley said such a unit would be for enlisted men as well as officers. At present Hereford has only an officers reserve unit.

Langley urged everyone interested to be present, including high school seniors and their parents.

Traffic Situation At Schools Is Studied By School Board Tuesday

School Board members Tuesday night met with Charles Smith, representative of the First Southwest Co., of Dallas, to discuss the present bond market, and to decide on when the District's \$325,000 new school bonds should be sold.

After discussing the need for the money with Smith, trustees agreed to meet again with him Sept. 27, at which time the Board will open bids.

The Board also discussed the possibility of a school group insurance, at a low premium, and voted to have Supt. George Graham call a meeting of parents to consider such a plan. The insurance would be sold directly by insurance companies, with the approval of the Board, on a strictly voluntary basis. At least 1000 students would have to participate to enable the

Trustees Okay School Budget For This Year

Expenditures Are Fixed At \$622,474

Hereford Rural High School District trustees Tuesday night approved a \$622,474 budget for the coming school year. Trustees voted unanimously to approve the budget recommended by Fred Baird, school district tax assessor-collector.

The budget, which is \$13,174.53 higher than the District's 1954-55 budget, exceeds estimated receipts by \$4,939. Baird pointed out that the District has a balance of \$49,291.39 on hand, however, and said he did not think that estimated expenditures of \$622,474, compared to estimated revenue of \$617,535, was alarming.

The budget was prepared under the direction of Robert Wagoner, Board president, and Supt. George Graham, Baird pointed out in his report to the trustees.

Baird listed the following as estimated receipts for the coming year: Federal and State aid for school lunch program, \$14,000; per capita State apportionment, \$169,851; salary and operation (State funds), \$139,785; vocational education, travel expenses (State funds), \$1000; transportation, county board (State funds), \$43,409; county funds (interest on permanent school fund), \$690; current taxes, \$235,000; delinquent taxes, \$12,000; sale of junk, fully depreciated property, etc., \$600; rent, refunds, donations, etc., \$200; and tuition, \$1000.

The operating fund was broken down as follows:

Administration — Instructional administration salary, \$8046; business administration salary, \$1,300; clerical assistant, \$3200; supplies and expenses (instructional administration), \$2000; supplies and expenses (business administration), \$4000.

Instruction — Elementary principals, \$19,912; high school principal and assistant, \$8469; elementary supervisor, \$5142; elementary teachers, \$286,123; high school teachers, \$78,964; high school librarian, \$3878; band director, \$4829; choir director, \$4829; vocational agriculture, \$5006; home-making (high school, two teachers), \$7633.33; distributive education, \$3796.67; and substitute teachers, \$3000.

Teaching supplies were listed at \$10,910 and school library books at \$800. Total instruction cost was listed at \$445,103 as compared to \$421,767.63 last year.

Health service costs were estimated at \$3205; transportation at \$38,800; school lunch program, \$16,000; operation of school plant, \$41,800; and maintenance of school plant, \$15,500.

Fixed charges (insurance and rent), \$1660; furniture and equipment, \$25,560; and school buses, \$9500.

The budget showed that the interest and sinking fund, as of Sept. 1, had a balance of \$49,633.10. Receipts for the year for the fund were estimated at \$84,700 from current and delinquent taxes, and disbursements at \$81,470, which will leave a closing balance of \$52,863.10 at the end of the school fiscal year, Aug. 31, 1956.

County Budget Hearing Is Set For Monday

The County Budget hearing will be held Monday at 11 a.m., County Judge Homer Henslee announced Wednesday.

Judge Henslee said the hearing would be held in the commissioners' courtroom, and urged everyone interested in attending to be present.

Pat McCullough left Sunday for Lubbock where he will resume his studies at Texas Technological College.

Can't Build 'Em Quite Fast Enough

Hereford schools' growing pains are continuing to cause School Board and faculty members their share of trouble. New classroom space can't seem to keep up with increased enrollment.

Supt. George Graham announced Wednesday that enrollment has now climbed to 2346, which is 144 more students than were on hand for opening day this year.

Enrollment in the first grade has increased to 273 students and there are 265 second graders. Third grade students now total 242, there are 206 in the fourth grade, 175 in the fifth, 226 in the sixth, 197 in the seventh, 150 in the eighth, 182 in the ninth, 177 in the tenth, 117 in the eleventh and 110 in the twelfth. At Parkview School, there are 27 students.

The School Board Tuesday night voted to purchase a 60-passenger school bus to handle the load of students coming in from Dawn. Two buses have been having to make the run, whereas only one was needed last year. There are 58 students coming in from Dawn now.

"We are not having to use churches yet," Graham commented to the Board, "but I'm not sure we won't have to before the year is out."

Two Election Judges Named By Commissioners

Deaf Smith County Commissioners, at their regular meeting Monday, named two new election judges, approved routine monthly bills, heard reports from various county offices and approved the distribution of surplus road funds received from the State to the road and bridge funds of the four precincts.

The Court appointed Ivan Block as presiding judge of voting precinct II and named P. H. Gilliland as judge in the same precinct. Both men will fill out unexpired terms. Reports from all county offices were received and approved by commissioners and the county's share of the State lateral road surplus fund, \$26,551.86, was accepted. The Court voted to divide the money equally among the four precincts.

The meeting lasted about eight hours, with most of the afternoon session taken up by a discussion of the forthcoming airport bond election.

All commissioners were present. C. D. Hardesty's son and two daughters are visiting him this week. C. D. Hardesty Jr., is from Kingsport, Tenn., Mrs. Fred L. Smith and family are from Guyton, Okla., and Mrs. A. L. Hamilton and family from San Antonio.

IN HEADON COLLISION

Local Man Killed, Four Former Residents Hurt

Funeral services for a Hereford man who was fatally injured in a head-on highway crash Sunday morning near Littlefield were held Tuesday and four former Hereford residents, who were injured in the same mishap, are still listed as in serious condition in the Medical Arts Hospital in Littlefield.

Killed in the two-car crash was Haskell Chester Stewart of Route 2, Hereford.

Injured are Rev. and Mrs. S. E. Eldridge of Lubbock and their two daughters, Beverly Ann, 17, and Nancy Beth, 14. Rev. Eldridge is district secretary and treasurer as well as Sunday School representative for the West Texas District of the Assemblies of God. He formerly was pastor of the Hereford Assembly of God Church.

Most seriously injured is Beverly Ann, who was to have enrolled in Texas Tech Monday as a freshman. The 17-year-old girl is suffering from severe chest and head injuries, according to a hospital spokesman. Nancy Beth suffered painful lacerations of the face and head. Mrs. Eldridge is suffering

from severe lacerations, a compound fracture of the right ankle, a fracture of the left hip and throat and head injuries and Rev. Eldridge received serious head and facial lacerations and fractures of the right knee cap and right ankle.

Highway Patrolman Bud Taylor, who investigated the accident, said Stewart, 20, was traveling south on Highway 51 two miles north of Littlefield, and that Rev. Eldridge was traveling north, when Stewart's car suddenly veered toward the Eldridge vehicle. Rev. Eldridge said he headed for the ditch to avoid a head-on collision, but when he saw that the Stewart car would hit him, he cut sharply back on to the highway. Stewart, who apparently had fallen asleep at the wheel, also tried to avoid the crash, and cut his car back into the path of the Eldridge car. Patrolman Taylor said Stewart probably woke up at the last minute and tried desperately to avoid hitting the other car.

Funeral services were held at the Avenue Baptist Church Tuesday morning with Rev. E. H.

Baldwin, pastor of the Frio Baptist Church, officiating. Mr. Stewart was born in Crosbyton, July 21, 1935. He moved to Deaf Smith County about five years ago.

He is survived by his mother and step-father, Mr. and Mrs. Frank Dodson of Hereford, his father, F. E. Stewart of Crosbyton; three brothers, Lewis Stewart of Crosbyton, Ray Stewart of Plainview and Melvin Stewart of Lubbock; a sister, Mrs. Gladys Thompson of Spur; and his grandparents, Mr. and Mrs. Henry Warren of Crosbyton.

Funeral services were held at the West Park Cemetery under the direction of Gilliland Funeral Home.

The Eldridge family was on their way to Hereford when the accident took place. Rev. Eldridge was to take part in the services at the local church.

Deaf Smith County Crops Looking Good, Most Agree

Deaf Smith County crops are looking good.

With the harvest of maize getting underway, growers and elevator men alike are predicting a good crop, especially on irrigated land.

Following the first load of maize brought in last week by Raleigh Rule, milo has been trickling into local elevators, but the deal is not expected to swing into full speed until about the first of next month.

Cotton is also looking good and lettuce men are predicting a good crop as well.

Meanwhile the potato deal has just about come to a halt in Deaf Smith County. Despite a bumper year on both quality and quantity, potato growers had a disappointing season because of low prices.

The Agricultural Stabilization and Conservation office said that 12,312 acres were seeded to cotton

this year. Although only estimates are available on the county maize crop, most everyone agrees that it is larger than last year's.

All Exchanges Listed In New Phone Directory

New telephone directories were mailed to Hereford subscribers this week by Southwestern Bell Telephone Co. The new books include the names of Dawn, Frio and Westway customers of the West Texas Rural Telephone Cooperative as well as Hereford subscribers, all in one alphabetical listing.

The single listing is something new. Previously the three exchanges have been listed separately. The new directory contains approximately 2,650 listings. A. O. Thomas, district manager said. The new book contains 84 pages and features a picture of the courthouse on the front cover.

Thomas urged that old directories be thrown away so that new numbers may be called correctly.

Firemen Make First Run In Sixty-Two Days

Hereford firemen were called out Tuesday for the first time in 62 days.

The occasion was a "hot box" on a railroad car just east of Hereford. No damage was reported.

Coke Party Opens Hereford Garden Club Activities For Club Season

A Coke party in the garden at the Jeff Roberson home was the first meeting of the 1955-56 club season Tuesday morning. Mrs. O. H. Herring and Mrs. A. L. Manjeot were co-hostesses.

The table arranged in the backyard, was centered with a brown earthen pitcher filled with salmon and yellow zinnias. Cakes were served from a bright colored wheelbarrow banked in ice.

Mrs. Norman Moore was welcomed as a new member. Plans for the Oct. 14 flower show were discussed by the flower show chairman, Mrs. M. T. Rutter. The theme for the show has been set for "Flowers in the Art of Living."

Mrs. A. L. Manjeot gave the program dealing with "Civic Beauty is a Civic Duty" which is the club motto. She reviewed new year books discussing the year's outlines for the fall and winter activities.

Those attending were Mesdames Norman Moore, Rex Tynes, John Jacobsen Jr., F. M. Kester, M. T. Rutter, John Hacker, C. D. Kelton, E. E. Fridley, S. S. Williams, C. C. Ferguson, O. H. Herring, E. Ramsey, Bill Hromas, R. L. Criswell, F. W. Lookingbill, Glenn Boardman, A. L. Manjeot, Jeff Gilbreath, O. G. Hill, Ralph McCullough and the hostesses.

There are at least two eclipses of the sun visible someplace on earth every year.

Studio Recitals Are Given

Seven year old Judy Summer was presented in her first voice recital Friday afternoon at 4 o'clock by her teacher, Mrs. C. W. Parker, at the Parker Studio. Relatives and friends attended.

Included on her program were "Good Morning Merry Sunshine," and a group of songs by Paul Bliss: "Indians," "Snow Man," "Nid, Nod, Nod," "Clocks," "Mother's Garden," "Summer," "Trains," "My Rabbit" and "Swimming."

Studio Recital
Saturday afternoon at 4 p.m., Mrs. Parker presented a group of voice and piano students in a review of the past summers study. Those taking part in the recital program were Alice Calloway, Denise King, Phyllis Warrick, Linda Wakefield, Judy Summers and Karen Daniel.

Mrs. R. E. Duff and Miss Lorene Jones of Tulsa, Okla., were guests in the home of Mr. and Mrs. Jack Winget over the past weekend. Mrs. Duff is Mrs. Winget's mother.

Mrs. Carl Wallace of Fort Worth is visiting in the home of her daughter, Mrs. Bill Dameron.

Guests Are Entertained

Mrs. W. L. Winget was hostess at an informal coffee held in the Western Wheel Inn Monday morning honoring two aunts, Mesdames E. Sloum of Gentry, Ark., and Charles Heckelmann of Truth or Consequences, N. M. The honor guests were in Hereford to attend the golden wedding celebration held by the E. D. Zimmermans at their home Sunday.

How Can I?

By Anne Ashley

Q. How can I keep the colors bright in house dresses?

A. When a new colored cotton house dress is to be laundered for the first time, use one tablespoon of salt to each quart of water. Then in the rinse water use one tablespoon of vinegar to each quart of water. This treatment will keep the colors bright.

Q. How can I make lime water?

A. Dissolve a fresh piece of lime in two quarts of water. Let it

stand for two or three hours. Shake occasionally and remove any substance that may rise to the top.

Q. How can I make attractive desserts?

A. Try using vegetable colorings when making bread puddings or custard. It is harmless and will make the dish look more appetizing.

Q. How can I remove rusty screws?

A. If a rusty screw is obstinate and will not move with an ordinary screw driver, apply a heavy skewer heated red hot and hold it there until the screw is hot. Then use the screw driver and it will turn easily.

Q. How can I clean the dust mop satisfactorily?

A. After the dust mop has become dirty, put a heaping tablespoon of lye in a half bucket of water and let the mop boil in it.

Then rinse well and allow it to dry in the sun.

Q. Can you give me a table of comparative measures?

A. 1 cup equals 1/2 pint; 2 teaspoons equal 1 tablespoon; 4 teaspoons equal 1 tablespoon.

Q. How can I give a better flavor to coffee?

A. The flavor of coffee will be more delicious if it is allowed to stand for a few minutes after removing from the fire. Pouring a little cold water into the spout will also have a settling effect.

Q. How can I clean carpets?

A. To make rugs look like new, scrub with a stiff brush moistened in diluted ammonia, and then rinse with the garden hose while hanging on the line.

Q. How can I make the step-ladder safer?

A. Make the step-ladder safer by fastening rubber on felt pads to the feet of the ladder, and also strips of rubber to the steps.

Q. How can I keep cork floors clean?

A. By sweeping with an ordinary broom or floor brush, then putting a small amount of neutral soap in a basin of warm water and washing the floor. Stains can often be removed by rubbing lightly with a fine grade of sandpaper or steel wool.

Jack Baskin and wife of Ponca City, Okla., spent the day in Hereford recently. Jack is assistant fire chief and has held that position many years. This is Jack's second visit to Hereford. He is a nephew of L. Baskin. They drove in from Denver where they had been visiting with relatives.

Rev. and Mrs. S. M. Dunning left Monday for Houston where they will visit a son and his family and a daughter for a couple of weeks. They were accompanied by their son Harrah to Fort Worth where he will resume his study at Wesleyan College.

Dr. and Mrs. H. E. Enlaw and daughter, Sharon visited with Dr. and Mrs. E. A. Albracht Saturday. Dr. Enlaw is the director of the museum in Canyon and instructor, at West Texas, of Biological Science.

Long Time Ago

45 YEARS AGO
W. B. Dameron is the champion tater raiser of Hereford. As evidence of this he brought to this office yesterday six small potatoes off his own vine that weighed 16 pounds, the largest weighing 4 1/2 pounds. If anyone has anything that will beat this bring 'em in.

That Hereford will have a good exhibit at the Tribune's Great Land Show to be held in Chicago from Nov. 4 to 28 is an assured fact.

The Panhandle again carries off first prize on the best wheat at Dallas Fair. For the fourth time in succession the Panhandle has taken the first prize on wheat over all competitors. This time the honor goes to Swisher County. The wheat was raised by James Frye. Car fancy lump coal on track. \$7.50 per ton delivered. Hereford Electric Light and Power Co.

25 YEARS AGO
Mrs. G. A. F. Parker returned Wednesday morning from a tour of Europe, having visited England, Germany, Switzerland, Italy and France. She was accompanied by Miss Mattie Mae Swisher of Canyon, Miss Ann Frizhugh Parker remains in England for two years to study at Oxford University.

The fine spirit being shown by Dimmitt people toward Hereford is being noted and commended, especially following the reply made last week to an editorial in the Amarillo News, advocating a direct road from Dimmitt to Amarillo through Canyon.

After receiving its baptism of fire and getting warm under the collar last Friday against Silverton, the Whiteface team will go up against Lockney on the home grounds here next Friday afternoon with some of the newness worn off and a little veteran strategy should come into evidence.

Old fiddlers from all over the Panhandle are entering the fiddling contest tonight in the fair pavilion at eight o'clock, and it promises to be one of the outstanding features of the amusement program during the fair. Arrangements are complete for the fiddlers and there is no admission charge, says Guy Smith, contest director.

Bullets of a 40-60 buffalo gun which have lain on the ground unexploded since 1872 were brought to the Panhandle-Plains Historical Society Museum recently by Terrell Christian of Claude.

Fire originating in the work room from accidentally spilled gasoline caused damage of about \$1500 at 7:30 o'clock Monday evening to building and contents of the M. D. Womble Implement Company on the corner of East Third and Sampson Street.

Letter To The Editor

Dear Jimmie:

Having lived in Deaf Smith County for a long long time it has been my privilege to see our community make great strides, to where it is now the best place in the world in which to work and live. We now have the opportunity to take another most important step in progress by building ourselves an airport. With the federal government putting up half the money, and approximately 25 percent of our county tax roll being paid by non-residents, the county resident tax-payers will be getting the airport for about 35 cents on the dollar.

Now as to what it will cost the individual taxpayer in dollars and cents. For the average home owner in the City of Hereford, the yearly tax increase including interest would be approximately \$2.68 per year. For the average half-section of land the yearly tax increase including interest would be approximately \$2.82 per year. Can we afford to pass up such a bargain, especially when the airport facility will mean so much to the economy of our fine community.

Very truly yours,
David H. Alexander

GETTING THE BIRD
CASPIAN, Mich. (AP)—The stray parakeet that turned up in Roy Stewart's automobile turned out to belong to Joe Pidgeon.

HONEY OF A BATTLE
FT. EUSIS, Va. (AP)—Pfc. Wymen Ackinson suffered painful face and leg wounds in a sudden pitched battle aboard the merchant vessel John A. Donald berthed at an army pier here. A swarm of bees attacked the vessel. It was touch and go for a couple of hours before the bees were all swatted or put to flight.

It was a honey of a fight while it lasted, though.

Legal Notice

Notice is hereby given that the Public Hearing on the Budget of Deaf Smith County for the year 1956 will be had at a meeting of the County Commissioners Court at 11 a.m., Monday, Sept. 26, 1955. The meeting will be in the Commissioners' Court room in the courthouse and all who are interested are invited to be present and take part in the hearing.

Accident Causes Minor Damages
 Avenue E and 54 feet north of Park Avenue was the scene of an accident Tuesday morning at 9, which resulted in damages estimated at \$150.
 A 1946 Hudson driven by Eva Ortiz ran into a 1955 Mercury owned by Bill Jean Shore, which was parked just off the intersection on Avenue E, police said.
 Mrs. Ortiz ran into the right rear fender of the Mercury when she made a left hand turn onto Avenue E. \$100 damages were done to the Mercury, and \$50 damages were done to the...

Household Scrapbook

Replacing a Knob
When a knob comes off a drawer, place a match stick in the hole of the knob and break it off even with the knob. Place the knob on the screw tight with a screwdriver, turning the knob until it is tight to the drawer. It will be more secure than if glued.

The Sewing Machine
Try using a small patent brush with a long handle to clean the various parts of the sewing machine. It will reach into all the crevices and corners.

Window Cords
Paraffin rubbed on the cords of a stubborn window, that is hard to raise and lower, will work wonders.

Use of Peroxide
Where peroxide has been used on a garment, wait until the peroxide is washed out and the stain dried before ironing it. If this is not done, it is liable to leave a rust stain.

Worn Hosiery
Hosiery with too much mending for street wear can be tied with a loose knot instead of rolling, as you do the good ones. In this way one will never be embarrassed by mixing them.

Honey is excellent for indigestion, kidney trouble, or constipation. It is not fattening and can be enjoyed by those who are over weight.

Clogged Pipes
If small pieces of soap have gotten down the drain pipe, pour boiling water down the pipe to melt it. But soap will not clean the pipes and should be prevented from clogging them.

If copper wire is used for hanging pictures it will not rust, is proof against moths, and will last for many years.

Newspaper people are coming up in the world. This is the truth, despite what your barber may tell you. In 1955, newspaper men are being called for jury service.

For 10, these many years, the Texas statutes have exempted: Preachers, Teachers, Lawyers, Women, Newspapermen and Imbeciles from jury service. This year, the women and the newspapermen emancipated, however. We are now called and accepted for jury service—just like sure-enough, honest, tax paying citizens. One lawyer told me that the legislature figured "even the newspapermen" couldn't mess things up any worse than the women. This, of course, was sour grapes because the lawyers are still exempt. Furthermore, it has absolutely nothing to do with the fact that it happened the same year that Negroes were admitted into school classes along with the whites. I still say that the circumstance is pure, unadulterated coincidence.

Fortified with supreme elation over such advancement in community standing, I reported this week for jury service. Needless to say, it added materially to the situation when I was actually selected to serve on the jury. We listened to the case all afternoon, got off for a 30-minute recess, and went back to finish. This was when the judge told us that he had been thinking about the case—and couldn't figure any point which the jury needed to decide. He said that it was strictly a question of legal points, and that he would make the decision himself.

Mrs. Urin Streu was also doing jury service for the first time. Maybe we were both a little bit disappointed, but after all, it is the principle of the thing that counts. They really did call us for jury service. The fact that they didn't want our opinion was just another coincidence. If we are lucky, we might even get called again sometime. Who knows?

Right now, it seems, lots and lots of boys are getting discharges from the armed services. I saw Danny McLallen sweeping out the store the other morning, and Danny said he never enjoyed anything as much in his life. "I used to hate this job," said Danny, "and no one could have told me that I would be glad to get back on the end of this broom—but that was about as wrong as I will ever be in my life. It sure is good to be back home." What's more, Danny speaks about the same words as most of the other boys. The army treats them good. Things are OK—but they are always glad to get back home.

Meanwhile, the airport question is beginning to sizzle. Things will get fairly torrid before it is over. I also want to apologize to L. L. Kendall. He brought in a letter concerning the airport Friday, and through some error, it was left out of the Sunday paper. It appears on page 6, section III of this issue. We are sorry, Mr. Kendall, it was all a mistake—and had no political significance whatever.

The appliance boys have just completed negotiations and will sponsor a giant-size All-Electric Appliance Fair on Wednesday and Thursday, Sept. 27-28. They have engaged an outstanding puppet show and, among other things, will give away an electric clothes dryer. They say the show is tops. Anyway, it cost them 300 bucks—and when those guys turn loose that much money, you know for sure they figure it is plenty good. The Appliance Fair will include a giant size balloon, spotlights and a lot of other fancy frills. The general idea is to show the public what they have to offer in the way of "modern electric living." It will be free, of course, and will be held in the old Furr Food location on Third Street. Sounds like quite a deal. By the way, it replaces the electric cooking school, which over-erflowed and ran clear out of bounds last year.

We've had several letters asking what happened to the "I Love Lucy Show." Honest, I don't know. It may come back with a new sponsor. It may not come back at all.

It is possible that everybody watched the show, but not too many of the watchers bought the product. Anyway, reports are that the sponsors have shifted to other mediums, although we do not claim to be any authority on the subject.

Speaking of TV, I heard Dory Funk say that Canyon had more than 100 candidates out for football this year, which pretty well shoots my theory that high school football might become a thing of the past. I also understand that Hereford now has 27 to 30 candidates, including a heavy draw from the Freshman class. On the other hand, Wellington, Memphis and Clarendon have dropped back to 1-A, along with several other schools which previously fielded formidable squads. I still believe it is something to think about.

Anyway, the Whitefaces got off to a good start against Muleshoe—and that is something. They will meet some real competition against Littlefield Friday night. A victory over this squad would send their stock really soaring.

Looks like Jim Lipscomb was right on his minority report on the rainy situation for September. Sure does, but don't give up. We still have 15 days to go and things could start popping any time—maybe next week.

Understand the first Hereford 1956 lettuce is rolling this week. What's more, it is doing everything that folks expected the potatoes to do before they fizzled. Some of this first lettuce moved at \$4 a carton, which is equivalent to \$8 a crate—which is almost unheard of except in pipe dreams. How long it will hold no one knows, but the blistering heat in California recently has done things to the lettuce crops in Salinas and other areas, leaving a fairly good prospect for the Hereford area this year. I sure hope the deal holds up. These boys really deserve a break. In fact, it's over-see.

Around.....

(Continued from page 1) through Sept. 18. Speaker for the revival is Rev. G. N. Allison, and song leader is Bill Sweeney.

Hereford Grain Corporation has started construction on a new office building just west of their present location along the tracks, and are in the process of moving their scales also.

The Garden Beautiful Club will meet in the home of Mrs. Ray Cowsert, Friday at 5 p.m.

Study Of Date Braid Made By Club Women

"Date Braids," a demonstration using a typical sweet dough as a base, given by Argen Draper, CH-DA has aroused a great deal of interest among home demonstration club women because of the unusual appearance and the ease with which the eye-catching date-filled hot bread may be made. For those who do not care for dates a variety of other fillings may be used with results that are equally satisfying.

Early September programs reported by clubs include both sweet dough demonstrations and citizenship.

Clubs reporting recent meetings are:

North Hereford

Mrs. O. C. Williams opened the program with a discussion on "Why Women Do Not Vote," when members of the North Hereford Home Demonstration Club met with Mrs. Tony Hoffman Sept. 1. Mrs. Otto Olson also helped with the program in which the women were asked to list some of the other duties of citizens.

At the business meeting committee reports were given and in the hostess report Mrs. Hoffman showed the women several dresses which she had made for her little daughter.

Refreshments were served to the following: Mrs. Carl Luke a guest, Mrs. Otto Olson, Mrs. O. C. Williams, Mrs. O. L. Williams, Mrs. E. E. Bishop, Roberta Campbell and the hostess.

The next regular meeting will be luncheon at the home of Mrs. W. H. Russell Sept. 15.

South Hereford

Mrs. Roy Manning was hostess for members of the South Hereford H. D. Club Sept. 6.

Mrs. Adam Flowers, Mrs. Eldon Craig and Mrs. S. S. Williams gave the three part program on citizenship. Subjects discussed were: Why People Don't Vote, Democracy Begins in Your Home, and Other Duties of Citizens.

Visitors were Mrs. Ted Higgins, Mrs. Fred Higgins and Mrs. Leon Grisct. Members attending were: Mrs. Eldon Craig, Mrs. W. H. Goetsch, Mrs. John Draper, Mrs.

S. S. Williams, Mrs. Adam Flowers, Mrs. Lan Shore, Mrs. John Slaton, Mrs. Ethel Layman, Mrs. Ronald Matthews, Miss Evelyn Bell and the hostess.

Messenger

How to make a Swedish tea ring and braided date loaf was demonstrated for members of the Messenger H. D. Club by Loyce A. Sullivan, assistant County Home Demonstration Agent, when they met with Mrs. R. J. Coleman on Sept. 9.

The year books were filled out for meetings for the rest of the year.

Mrs. Floyd Brown reported on a recreation meeting she attended in Hereford recently.

Mrs. Ernest Brown, Mrs. Bob Howard and Mrs. Floyd Brown were appointed as members of a nominating committee to select new officers for next year.

Two teams were chosen to compete in attendance and answer to roll call with suggestions listed in the year book. The losing team will entertain the winners.

Mrs. Ernest Brown won the recreation prize and Mrs. Elmer Northcutt received the floating prize.

Refreshments were served to: Mesdames J. E. Rouse, Floyd Brown, Bob Howard, H. W. Campbell, Ernest Brown, Elmer Northcutt and the hostess.

The next meeting will be a demonstration on how to make a basket cake at the home of Mrs. H. W. Campbell Sept. 23.

Progressive

The Progressive Home Demonstration Club met at the home of Mrs. R. J. Parsons, Sept. 6. Mrs. A. Draper gave a basic recipe for sweet yeast dough and demonstrated how to cut and make a braided roll, this was the main topic of the program.

The new officers elected for this coming year were: president, Mrs. Taft McGee; vice president, Mrs. H. L. Hershey; secretary, treasurer, Mrs. Harold Beauchamp; reporter, Mrs. Lester English; parliamentarian, Mrs. C. C. Billings; tea; livingroom demonstrator, Mrs. . . .

LIFE SAVER — Ira Ott, who lives in the Wyche community, and his dog Lady seem to be getting along fine, but the truth of the matter is that her master might not have been getting along at all if his pet hadn't intervened a couple of times when real danger threatened. Lady has never known any other master since the Ott's ordered her from English Shepherd breeders in Iowa 10 years ago when she was a small puppy. She probably saved Ott's life several years ago when he stepped over the fence to be greeted by an irate rattler. To complicate a retreat, he hung his trousers on the fence and Lady jumped in to detract the snake while he freed himself from the barbs. Just this spring the dog again came to his rescue when a whitefaced bull backed him up in a corner. He started calling to his wife, who didn't hear him, but the dog's more sensitive ears brought her in a hurry to show the bull a greener pasture not of his own choosing. The H. D. Market and Gifts has a new seller from the West Hereford Home Demonstration Club. It is Mrs. A. E. Douglas, who is selling

ing jelly at the market. This last week she brought crab apple, blue berry, and plum. These jellies sell for 30 cents a glass, which seems very reasonable to us as it is quality jelly.

Mrs. Douglas has been a club member in Swisher and Winkler counties.

According to our food specialist: "Ideal fruit jelly is a beautifully colored transparent palatable product obtained by so treating fruit juices that the resulting mass will quiver, not flow, when removed from its mold; a product with texture so tender that it cuts easily with a spoon, and yet so firm that the angles thus produced retain their shape. Jelly should be a clear product that is neither syrupy, or sticky, gummy, nor tough.

Jelly making is quite a scientific process.

Mrs. Loyce Sullivan reports that the sweet dough products worked out very well at the Homemakers and Messenger clubs. Mrs. George Dozier was hostess for the Homemakers Club and made up the dough for the demonstration. At the Messenger Club, Mrs. J. E. Rouse made up the sweet dough and Mrs. Sullivan says that it was excellent. Of course Mrs. Rouse is an expert with yeast dough and we all agree there is more to manipulation with yeast dough than there is with good recipes. Mrs. Rouse is working up the everlasting yeast recipe for us. We should have that soon.

There will be a training meeting for land leaders Sept. 29. The meeting will be at the home of Miss Roberta Campbell at 2:30 in the afternoon. Please keep this date open as the leaders will be given training for the October program.

County Wide 4-H Club Meets With Nancy Boardman

An unreported meeting of the County Wide 4-H Club was held with Nancy Boardman Aug. 24.

The meeting was called to order by Maxie Wiseman, president. The group discussed the light bulb sales and were urged to turn all money from sales as soon as possible.

Mrs. Loyce Sullivan gave the demonstration on "Scoring Record Books." Each member brought her record book for scoring.

Mothers attending were: Mrs. R. E. Barrett, Mrs. E. E. Bishop, Mrs. Schroeder, Mrs. M. H. Wiseman, leader for the girls and the following members: Maxie Wiseman, Gail Bishop, Kay Bishop, Anna Mae Schroeder, Sarah Hudspeth, Beverly and Barbara Barrett, Louise Treadway, the hostess, Mrs. Sullivan and Mrs. Boardman.

Watermelon Rind Pickles Are Favorite

This recipe for Watermelon Rind Pickles is being reprinted from the Hereford Brand Cookbook because it is different from the ordinary run of the mill recipe according to Mrs. L. R. Bradley who submitted the recipe which she has used for more than 40 years.

Watermelon-Rind Sweet Pickles

Peel and cut into strips, 1 by 3 inches, cutting out all the red meat and cutting off all the green rind, enough melon rind to make seven pounds after it has been prepared. Line a large preserving kettle with green grape leaves and place melon-rind in kettle, add a piece of alum the size of a walnut and cover with grape leaves. Cover with cold water and cook with lid on kettle until tender enough to pierce with broom straw, (about 90 min.)

Make a strong ginger tea of crushed ginger root, tied in thin cloth bags and boiled for several minutes. Remove rind from grape leaf water and place in the ginger tea. Let remain overnight.

The next morning remove rind from the ginger tea and place racks to drain.

MAKE SYRUP OF

5 pounds of sugar
1 quart apple cider vinegar and
1 quart of water
peel of half an orange (boiled for a few minutes)
small piece of ginger-root
1 dozen whole all-spice
1 dozen spice cloves
a few pieces whole mace (if unavailable to get mace, use the ground)

Bring all these ingredients to a boil and drop in the rinds. Cook all together, uncovered, over medium flame until clear and about thick (about 90 minutes).

Place in jars while hot and seal.

Household Tips

If you want a fine-flavored pot of tea, use water that is boiling furiously. Water that's "very hot" won't do!

Make up a batch of cheese wafers from a standard recipe. Give them new and different flavor by sprinkling them with whole cumin seed before baking.

Planning to serve creamed shrimp and green peas for lunch or supper? Add a dash of garlic

and onion powder to the cream sauce.

Add a dash of spice to pastry for apple pie! For a recipe based on two cups of flour, use three-quarters teaspoon nutmeg. If your apples for the pie aren't tart, sprinkle the apples with half a teaspoon of grated lemon rind and a tablespoon of lemon juice.

Small fry like this: toast spread with applesauce, sprinkled with a suspicion of cinnamon and topped with crumbled crisply cooked bacon!

There's no need to bake a rice

ring in the oven. Just pack hot drained cooked rice into a buttered ring mold and turn out on your serving plate.

Marinate cooked cauliflowerets in a tangy French dressing, then mold in aspic. Wonderful for Sunday night supper with leftover roast chicken!

Letter To The Editor

Dear Editor,

I have read quite a few letters in your paper lately all of which are in favor of the airport bond issue. These letters also have much to say about progress and being progressive.

Since when do we measure progress by the number of bond issues we vote? Can we continue to be progressive and let our children pay for our progress? That is just what we are doing every time we vote a bond issue.

I hear a lot about the \$150,000 we are going to get from the government. The high pressure groups say we cannot afford to pass this up. It sounds to me like sucker bait to get this bond issue put over.

What are we going to get for the \$300,000? To try understanding it will buy the land and pave the runways, that is all. Now where is the money coming from to build the administration building and the hangars which will be needed.

I do not intend for this letter to have any reflection on our commissioners because they are doing a good job. I know what a tremendous pressure they are under. I also know if it wasn't for all this pressure by certain groups the commissioners court would never have called this bond election.

How much longer are we going to let our courthouse deteriorate without adequate repairs? Are we going to let our jail be condemned before we do something? How about the four-lane highway right-of-way through Deaf Smith County that the commissioners will have to provide for in the very near future on Highway 60? That will be another bond issue.

I would like to see Hereford have an airport but why put all the burden on the county? What benefit will the people in the northwest part of the county get and the people in the northeast part get from this airport? These people are closer to Amarillo than they are to Hereford.

I don't see anything fair in tax-

ing the whole county to benefit a few.

In closing may I ask the voters of Deaf Smith County to vote against this bond issue because after four years of trough and lower prices the farmers and ranchers of Deaf Smith County are not in any position to have their taxes raised for an airport that we can get along without at the present.

Sincerely yours,
L. J. Straufus.

NEW DELHI — There will be no president hotel or republic theater in India. It's now against the law to use any word with an official connotation in connection with a business, trade or profession.

The object of the regulation, said an announcement, was to prevent "unscrupulous" persons from misleading customers by using the terms which might indicate official patronage.

Walcott News

By MRS. T. L. COLLINS

Walcott School opened recently. A general assembly was held in the auditorium. Mrs. Bernie Northcutt, Mrs. John C. Avera, Mrs. Bob Wylie, and Mrs. Bertram Jack visited school. Principal Thomas L. Collins, made announcements and introduced the new teachers, Mr. and Mrs. A. L. Shelton. Children sang "America the Beautiful" and gave the Lord's Prayer and the flag pledge before returning to their rooms. Fifty-two children were enrolled in the eight grades.

At 11 a.m. school was dismissed so all could attend a picnic in Veteran's Park in Hereford.

Mrs. J. V. Perrin, P-TA president, called a halt for the blessing before eating. Fried chicken and Cokes were the most popular foods served. Afterward children hiked while others played ball.

Those present for the first day of school and the community picnic were Mr. and Mrs. Jack Weaver and daughters, Mr. and Mrs. Herschel Burrus and family, Mrs. Cliff Patton and children, Mrs. S. D. Dufur and children, Mrs. Lucille Parker and her grandsons, Mike, Paul and Ronnie Payne of Amarillo.

Mrs. Wallace Lumpkins and children, also guests from Hereford, Montie Hale and Jan Bean, Mr. and Mrs. A. L. Shelton, Mr. and Mrs. Thomas L. Collins and sons, Mr. and Mrs. Melton and family, Mr. and Mrs. Melvin Henderson and sons, Mrs. Cresty Rudd and sons, Mr. and Mrs. Glenn Burrus and daughters, Mrs. Roy Pruitt and children, Mr. and Mrs. Walter Neinst and girls, Mrs. J. V. Perrin and sons, Mrs. John Avera and son, Mrs. N. A. Tyler and children, Mr. and Mrs. O. A. Woods and daughter, Mr. and Mrs. S. O. Perkins and son, Sue and Gail Minyen, Johnnie Campbell, Grady Cates, Jackson Ashburn, Betty Clyde, and George Lockhart, Carl and Lee Myers and Margo Roubison.

Mr. and Mrs. Claud Beckett of Greensburg, Kan., were here for a few days visiting with their daughter, Mr. and Mrs. Norman Minks and family.

Mr. and Mrs. Glenn Burrus and girls went to Clovis to the steer roping recently. Mr. and Mrs. Douglas Timberlake and Tommy accompanied them.

Mrs. Gertie Heater of Alva, Okla., was a recent guest in the T. L. Collins home.

Mr. and Mrs. Walter Neinst, Barbara and Rose went to Stamford recently to attend a reunion. Charles McClure returned home for a brief visit recently. He is attending school in Whiteface and living with his aunt and uncle, Mr. and Mrs. Steve Self.

Mrs. Glen Burrus brought refreshments to school Thursday afternoon and a party for Elizabeth Burrus was enjoyed by her classmates.

Walcott has 18 high school students this year. They proudly ride to school at Hereford High in a new school bus, driven by Mrs. S. O. Perkins.

N. S. Thweatt lost his mother, Mrs. Viola Thweatt, with a heart attack at 12:10 a.m. Wednesday morning in the home of his sister, Mrs. Junior Cloud, in Amarillo.

Mrs. Viola Thweatt had been visiting here with her son, Mr. and Mrs. S. N. Thweatt for two weeks. Last Saturday, another son and wife, Mr. and Mrs. Wade Thweatt from California, came by plane to be with his mother for the Labor Day holiday. All returned to Amarillo Sunday. The Wade Thweatts took the plane home. Mrs. Viola Thweatt seemed to feel quite well and enjoyed her family until the time of her death, which came suddenly. Funeral services were held in her own home, in Amarillo on Thursday afternoon at 4 o'clock. Mr. and Mrs. N. A. Brown and Mr. and Mrs. Eldred Brown from here, attended the services. Her body rested in Boxwell Brothers Funeral Home in Amarillo, until Friday morning — then was taken to Farmville.

There another short funeral service was held for her own folks. Burial was made there in the cemetery by her husband and two children.

Mr. and Mrs. N. A. Brown were pleasantly surprised Sunday afternoon when her aunt and uncle, Mr. and Mrs. P. V. Hartley of Clovis, N. M., visited them.

Mr. and Mrs. Eldred Brown have finished the P-TA yearbook of programs for this school year.

Walcott P-TA will have its first regular meeting of the year next Friday Sept. 16 at 8 o'clock. Everyone is invited to attend. This meeting will include a little necessary business with "A Family Game Night" of fun for all ages. Refreshments of watermelon will be furnished by the P-TA.

Callers in the T. L. Collins home Sunday afternoon were Mr. and Mrs. Eldred Brown and Tommy, Mr. and Mrs. S. O. Perkins, Bob Perkins, Mrs. Bernice Johnston and Maryette of Plains, Mr. and Mrs. Sid Perkins and Derwin, Mrs. Wallace Lumpkins, Carol Lynn, Marilyn and Linda.

JUSTIN — There is an election next week—in which "candidates" are not known. It is the election of Texas' new democratic national committee to replace ousted Wright.

Nominating committee will make a recommendation Sept. 21. Choice will be revealed at a meeting of the State Executive Committee in Ft. Worth Sept. 22. Discussed for the place have been former Cong. Lloyd M. Bentz, Jr., of McAllen; Cong. Joe Killip, also of McAllen; Rep. J. O. Brown of Brownfield; and James Wheat of Woodville. Wheat now secretary of the State Executive Committee.

Chairman Sandlin will address a meeting of the Democratic Club of Ft. Worth on the same day the committee meets. He will refer to the speech made to the group by Morrow just before the state committee voted to throw out Morrow has severely criticized Sandlin. The invitation to speak was extended Sandlin in order to show that the club, while

conservative, was not dominated by the ultra-ultra conservative backers of Morrow.

Candidates Active
Friends of Agri. Commr. John White met in Austin over the week end to encourage his entry into the governor's race. White is one of several under consideration by the Loyalist forces.

Brown Bailey, Midland attorney and leader in the effort, said the group conferring with White was not allied with any political faction. "We simply want White to run," he said.

Reuben Senterfitt of San Saba is the only announced candidate for governor so far. He's busy building his fences. Active also is State Sen. Jimmy Phillips of Angleton, although as yet unannounced. Another possible is James P. Hart, former chancellor of the University of Texas. And Will Wilson, associate justice of the Supreme Court.

Not to be overlooked is Coke Stevenson, former governor. It appears there may be a build-up urging him to enter. Stevenson has been inactive politically since his 87-vote defeat by Lyndon Johnson in the Senate race seven years ago.

Look for House Speaker Jim Lindsey of Texarkana—in the attorney general's race. Also being talked for that job if Hart runs for governor, is Will Wilson. He would not run against Hart.

New Veterans Land Plan
Texas' veterans land program is off to a fresh start.

Under new laws the board places responsibility for administration squarely on the shoulders of the land commissioner. Ex-officio members, the governor and attorney general, are charged only with policy-making functions.

Comr. J. Earl Rudder said he was ready to accept the responsibility.

Local advisory committees, blue-printed in the 54th Legislature's reform laws, are already being formed. These committees, appointed by commissioners courts, will provide a check on findings of state appraisers.

Land purchasers who are delinquent in their payments, have been notified to pay up or forfeit their

land. Many delinquencies involve block deals believed to be of questionable nature.

Rudder indicated the board should be able to start considering loan applications again soon. All the original \$100,000,000 was exhausted under the administration of his predecessor, Bascom Giles. Some, however, has been recovered by court action.

Giles has been sentenced to the state penitentiary on charges of accomplice to theft and consenting to accept a bribe.

Ten appointments to the Texas Legislative Council, an interim research group, have been made by House Speaker Jim Lindsey.

Named were Reps. Ben Glusing of Kingsville, Tom King of Dallas, James W. Yancy of Houston, Joe Burkett Jr., of Kerrville, E. F. Crim of Henderson, Pearce Johnson of Austin, Obie Bristow of Big Spring, Gustin Garrett of Raymondville, W. G. Kirklin of Odessa and William S. Heatly of Paducah.

Lt. Gov. Ben Ramsey will select five senators to complete the council. Its duty will be to study pressing legislative needs prior to the next session.

Lindsey also appointed Wade F. Spillman chairman of the house investigating committee. Its tasks include further land office inquiry.

Other members are Reps. Reagan R. Huffman of Marshall, Jesse R. Osborn of Muleshoe, Jack Welch of Marlin and Scott McDonald of Ft. Worth.

Named to the water resources committee were Reps. Stanley

REMEMBER LAST YEAR?

Herd Favored In Home Lid-Lifter

By BILL KNOX
The Hereford Whitefaces will open their home season as a slight favorite over the Littlefield Wild-

HERD UP TO AAA!

The Hereford Whitefaces, it has been announced, will definitely jump to AAA classification next year.

School officials reported an enrollment of close to 590 pupils in high school this year, but even the enrollment of last year would have been sufficient since the minimum enrollment for AAA was lowered to 450 by Interscholastic League officials.

Definite details have not been announced, but it is expected that Phillips, Dumas, Littlefield, and Brownfield will make the jump along with the Whitefaces.

The district is expected to cover the Panhandle and will include six teams—probably Phillips, Dumas, Hereford, Littlefield, Brownfield, and Levelland. Levelland is the only team which is already in AAA.

It is to be noted that Dalhart, despite their enrollment figure, will not make the jump because of their location at the extreme northern edge of the Panhandle.

At the meeting held by the Interscholastic League, one other important ruling was made. That ruling was that no team may be voted into any classification. Previously, Perryton had to be voted into AA because of not enough enrollment. Breckenridge, state champion in AAA for two straight years, also had to be voted into AA because of not enough enrollment. Breckenridge, voted into AAA, but it is expected that the Buckaroos will reach the minimum enrollment for AAA this year.

cats Friday night at Whiteface Stadium. The Whitefaces opened the season with a bang by trouncing the

Muleshoe Mules 47-7 last Friday. The Wildcats were handed a 19-6 defeat at the hands of the Clovis Wildcats, powerful New Mexico team.

"We looked pretty good, but we still made plenty of mistakes," Coach L. B. Russell pointed out. "But those mistakes should be ironed out by Friday night."

The Herd uncovered a powerful running and passing offense against Muleshoe Friday night, rolling up close to 400 yards on the ground and about 160 in the air. The most successful passing combination was John Bryant and Danny Elliston, and G. C. Merritt, Tommy Weemes, and Bryant all made long runs.

The Whitefaces are also expected to be at a physical peak for the Friday night clash which may prove as revenge for the 40-13 drubbing handed the Whitefaces by the Wildcats last year.

The 'Cats lost all of last year's star-studded backfield, but an experienced delegation is returning in the line. The Herd has good returning depth both in the backfield and line, giving them an advantage.

However, a Littlefield victory over the Whitefaces would not be termed as a major upset despite the edge given Hereford. Last year's game was rated as a tossup and Littlefield won, 40-13.

Leon (Buddy) Carter, regarded as the next third baseman for the New York Yankees, has been optioned to Birmingham in the Southern Assn. Last spring the Yankees optioned him to Denver from where he was switched to Birmingham.

KNOX'S KNOTHINGS

BY BILL KNOX

We actually didn't do so bad on our football predictions last week. Out of seven games we predicted five right. Among these five was an upset correctly predicted. And that's the thing we're proud of the most. In the two games we miss-

WHITEFACE SPEEDSTER — Hereford halfback Wayne Smith may come into his own when the Herd tangles with the Littlefield Wildcats Friday night. He has been timed as low as 2.9 on the 100-yard dash and was second high scorer on the Whitefaces last year. (Travis Caraway Photo)

ed Shamrock was predicted to lose and Dalhart to win. Yes, you're right. Dalhart lost and Shamrock won. That all adds up to a .714 average, and if we can keep that good on average we'll be happy.

Canyon plays Panhandle in a game which may be termed as a breather for the Eagles after their defeat at the hands of the Floydada Whirlwinds. Perryton defeated the Panthers 38-13 last week so the Eagles should win by three.

Dalhart was handed a 20-0 plastering by Lefors in their first game, and this week they tangle with Guymon. Guymon may prove a bit too rugged for the Wolves, so we'll pick the Oklahoma team by a touchdown.

In what may be the best game in the district, the powerful Dumas Demons collide with the novice Palo Dura Dons of Amarillo, a AAA school. Dons coach John Reddell was highly impressed with the Demons' 58-7 shellacking of Quannah last week. And so were we. It'll be Dumas by two touchdowns.

The Perryton Rangers continue to try to show everybody that they're good when they play Canadian, an A school. They defeated Panhandle-38-13 last week and they'll stop Canadian by three TD's.

The mighty Phillips Blackhawks thoroughly clobbered Southeast High School of Oklahoma City, an AAA school, 45-0 last week. And their opponent this week, the Childress Bobcats may not be as good as the Sooner eleven. The Hawks will win. Continued On Page 5

LARGE TURNOUT REPORTED

Fourth Annual Golf Tournament Opens

Festivities for the fourth annual Hereford Golf Club Invitational Tournament get underway on Saturday afternoon, qualifying for medalist honors and championship flight, and the Hereford Golf Club Mixed Cup matches.

The Pro-Am matches, starting at 9:30 a.m., will be played on the point system. Each foursome will consist of a pro, A, B, and C or lady player. Each bogey per hole counts one point, each par two points, each birdie three points, each eagle four points, and a hole-in-one 10 points. Entrance fee for the Pro-Am is \$3 for amateurs and \$5 for pros. Low amateur will receive a prize as will the three foursomes with the highest number of points. Amateurs will receive merchandise and pros will get cash awards. Entry deadline for the pro-am is 1:30.

Qualifying rounds for medalist honors and championship flight will go on during Pro-Amateur matches. The lowest 16 qualifiers will make up the championship flight. Entrance for the tournament proper is \$10 which includes green fees and dinner for each contestant and his wife tonight at 6:30 p.m. in the ballroom of the Jim Hill Hotel. Entry deadline for the tournament is 2 p.m. today. If you are unable to qualify, you are asked to phone 1284 and turn in your score by 2 p.m. Thursday.

The mixed team cup matches will consist of one pro and three ladies from each club with the lowest total combined score the winner. The winning team will keep the cup one year and it must be won three times for permanent possession.

Robert Warren Russell, son of Mr. and Mrs. Clyde W. Russell of Hereford, is working out at the football camp at Wentworth Military Academy where he will be a member of the 1955-56 cadet corps. The camp started Monday, Aug. 29, and will continue up until the official opening of the second semester Sept. 9.

Charley Seed, 1955 Hereford Champion, will lead the chances along with Jeff Don Martin, D. B. Robert Max Drever. A Hereford has never won the championship. Previous winners have been Shields of Plainview, C. F. McGinnis of Pampa, and John Farquar of Amarillo.

First round matches in will come off Friday with round matches and first round matches Saturday for all flights will be at 1 p.m. Presentation of will be at 6 p.m. Sunday. John Farquar of Amarillo Texas Tech and defending will be back to defend along with Dick Oden, runner-up. Others vying coveted trophy will be Ian of Borger, Bobby We Tech, Jack Williams of P. C. F. McGinnis, Grover and John Farman of Pampa Jones of Clovis, Bob Cryer ver City and Bub Abbott-Phillips.

On Football Squad

Five District Elevens Favored In Friday Wars

All except two 1AA teams will be favored in football action Friday night.

The Canyon Eagles are a heavy favorite over the Panhandle Panthers after being upset last week by the Floydada Whirlwinds. Perryton defeated the Panthers 38-13 in their only other encounter.

The Dumas Demons, despite classification disadvantage, will be two touchdown favorites over the Palo Dura Dons of Amarillo. The Demons pulverized Quannah by a 58-7 count last week, while this is the Dons' first fracas. John Red-

dell is the coach at Palo Dura.

The Hereford Whitefaces will be only a small favorite over the Littlefield Wildcats, however. The Herd was very impressive with a 47-7 victory over the Muleshoe Mules last week, while the Wildcats fell to another pack of 'Cats, powerful New Mexico delegation from Clovis, by a 19-6 count. Hereford is a six-point favorite.

Perryton continues to prey on small teams when they collide with the fierce Canadian Wildcats. They will be given a large edge, how-

ever, despite Canadian's record in lower circles.

The murderous Phillips Hawks will be given a slight down advantage over the Childress Bobcats in a game to be played at Phillips. Last week the Southeast High School Spartans of Oklahoma City were conquered 45-0, and a Childress may be easier. The Hawk 30-point favorite.

In other games Guymon is favored over Dalhart, and We is favored over the Shamrock Irish.

easily by six touchdowns.

The Shamrock Irish upset McLean last week, but the Wellington Skyrockets may be more than they can handle. But the Irish are improved. Wellington by only one touchdown.

The Hereford Whitefaces pleasantly surprised everybody by their show of strength in clobbering Muleshoe 47-7. Their Friday opponent, the Littlefield Wildcats, lost to Clovis by a 19-6 count, but they're underrated again this year. The experts are saying that Hereford is a six-point favorite, but I certainly claim to be no expert. You'll remember that last week I missed my point spread by 34 points. That's not bad. But this time, I'm sure, it won't be that much. But Hereford will win... by seven points.

Softball officials have encountered considerable difficulty over the rescheduling of the second game of the playoffs. The game, won originally by Piggly Wiggly, was protested by the KC's and the protest was granted by league officials. The KC's had previously won the initial encounter, and apparently they had their sights set on ending the playoffs in two games.

And they did almost do it. But when the Pigs tied the game in the seventh, on a somewhat questionable call at home, and won it in the eighth, they decided to protest. After the game was when they protested.

When questioned as to the legality of the protest they used a passage in the rule books that said a protest may be filed within forty-eight hours. But it also says that the opposing manager and the umpire must be notified that the game is continuing under protest.

And we think that the league officials are all wet on one side of the question. They upheld the protest and stated that the game would be replayed from the beginning. From Rule 33, Section 7 of The Official Softball Rules: "When the protest for the misinterpretation of a playing rule is allowed, the game should be replayed from the point at which the improper decision was made, with the decision corrected."

Now, swallow that.

Jockey Al Brown tried to gain weight at Monmouth Park. The 19-year-old rider had to make 100 pounds so he could join the Navy, rather than be drafted.

FANCY and PLAIN
By KENT SNARE

Chesty Walker's penchant for not coming up with a point after kicker is still extant. Phillips kicked one out of many chances against Southeast of Oklahoma City last week. However, his panacea for that failing is irrefutable, as always, since his club simply tallies so many TD's that singletons are of small consequence.

Mr. Young ups with his first contest listing of the season this week, so I will get my hazards in early, before the rush, he hopes. These conjectures will have to be on last year's form, the aforesaid optimistic brochures, a hunch or three and plain guessing, since much, that could effect the outcomes, can occur in a week. So for what help they may be, if any, this week's collegiate wrestles look thus:

Night Aggies at UCLA—Friday night is the golden opportunity for the Kaydets. Bryant figures to start six Sophs and it may be seven, if the 10 year old, as listed, nudges Pardee at full. This will be a tough ball club before the year is expunged but not tough enough to take the Bruins, now.

Texas Tech at Texas—In the first night game to be played in Memorial stadium the Red Raiders have their best chance to take the Longhorns ever. Still a different league—Texas.

Kansas at TCU—Ditto on the league status. A lot of the transplanted Ohio are eligible for the Jayhawks but they won't make enough difference to handle the Frogs.

Hardin-Simmons at Baylor—Even Baugh, pitching instead of coaching, wouldn't bridge the gap. Baylor, although Traylor, broken legged in a sandlotter, is missing again.

Corpus Christi at WSTC—The Buffaloes can start right here and in an unaccustomed manner, with a win.

Miami at Georgia Tech—The biggest think this is Miami's year. Me, I'll stick with the Wrecks, as usual.

Mississippi at Georgia—The Bulldog is got teeth this year, but not sharp enough for this one. Ole Miss.

Kentucky at LSU—The Tigers have Dietzel from Army but the Kaintucks have Hardy and have had him long enough to get dependent on him. Kentucky and they might even take the SEC.

Miss. State at Florida—The Gators again, although the Maroons under Royal are coming along.

Maryland at Missouri—Probably won't be 74-13 in '54 but still should be Maryland.

California at Pittsburg—Pitt has Michelosen and Cal may not have Pappy Waldorf, if he doesn't come up with a winner. The presssion boys say Cal, leave me say Pitt.

Colo. A&M at Arizona—The Wildcats is loaded and staying on low

SOAP BOX DERBY CONTESTANTS — A group of Texas lads, competing in the finals of the Soap Box Derby in Akron, Ohio, give the "O.K." sign at the weigh-in scales. Front row, left to right: Gerald Grimsley, Lubbock; Ruben Cantu, Laredo; Wallace R. Hardy, Wichita Falls; William Courtney DeLorme, Fort Worth; and Frank Ricks, of San Antonio. Back row, left to right: Jimmy Murphy, Waco; Jerry B. Hutchins, Big Spring; E. Daniel Smith, Corpus Christi; C. D. Yarbrough, Jr., Austin; and Bill Robert Palatof, of El Paso. (AP Wirephoto)

ground should cop.

Tulsa at Arkansas—Dobbs is new at Tulsa & Jack Mitchell, likewise to Arkansas and has a lot more to start with Arkansas.

Denver at Iowa State—A new coach, Ronning, at Denver, but a good forward wall carried over, less most of the backs that made up a good Denver club last year. Iowa State, with a weak club, should still win.

Wyoming at Kansas State—Another new coach at K. State, Merets. If they were playing in Laramie, I'd take the Cowboys, but on the flat, K. State.

BYU at Oregon State—Tommy Prothro, who is credited with UCLA's backfields of the recent past, moved Corvallis and should have no trouble with BY who won only one in '54.

Oregon at Utah—Oregon with Shaw couldn't beat the Utes at home last year, losing 6-7. Visiting sans Shaw, what now? Just to be obtuse, Oregon.

Idaho at Washington—In the same league, but even a weak Washington team has always, or nearly always, handled the Idahos. The Huskies have lost only two in the long series.

Virginia Tech at Wake Forest—VPI is rated second in the weak Southern Conference and were undefeated last year, handling Wake Forest easily, which has been the exception rather than the rule. Kinda believe they'll do it again.

Tenipe at Wichita—Pete Tillman inherits a good club at Wichita and won't hurt them in his coaching.

either. Way too tough for Tempe. VMI at Tulane—The Green Wave can roll over this one. Tulane.

Wash. State at USC—The Cougars will bear watching this time, but the Trojans can do that and win, too. USC.

Coll. Pacific at Stanford—Stanford prevailed 13-12 last season, but COP is loaded. Here, leave us lean on the Tigers.

Montana at Houston—Bill Meek from K. State took over at Houston and the rumor is that he has more than a few footballers among the 13,500 students. That's a big student body, too much for Montana to handle...

Just to show you that dope doesn't dictate the final winner, scan this press release which I received from LSU today—Baton Rouge, La.—Probably the greatest reversal of form by a football team occurred in 1900, when Louisiana State's footballers defeated Mississippi, 70-0, and then later, in the same team, 5-6, 19 days later... Things is tough everywhere, they say...

Michigan State's defensive line coach, Lou Agase, won football, wrestling and track letters as a freshman at Illinois. He became one of the best tackles in the Big Ten.

"The eyes are the mirrors of the soul," said light-heavy-weight Champion Archie Moore when asked why he continually stared at Bobo Olson before their recent fight.

A Day At School With Beverly And Her 242 Classmates

THE HEREFORD BRAND — SECTION THREE

THURSDAY, SEPTEMBER 15, 1955

Big Week For Little Girl And Her Chums

Last week was a big week in the life of six-year-old Beverly Pacard, and for 242 other Hereford area students as well—for it was their first week of school.

The 243 first grade students at Central and Shirley schools went through all the traditional first grade activities. They met their teacher, they looked over the big building, many rode the school bus for the first time, they marched out orderly when the firebell rang, they played their hearts out at recess and yes, some of them even got lost.

Beverly, who a Brand reporter followed through a day at school, was one of those who became lost opening day. She did all right until it came time to go home, and then she had bus trouble. The six-year-old couldn't find her bus when school was out, so she did the next best thing. She headed for junior high, where her 12-year-old sister, Kay, is a student. But once there she couldn't find her big sister, and the bus, after waiting several minutes, left without her. Her mother was notified that she was at junior high and drove to town after her.

But Beverly didn't let the uncaught bus bother her. Next day her mother just pinned her bus number, 37, on her dress, and everything went off fine.

All in all, Beverly and her 242 classmates, got off to a fine start. Bev's certain that Central School has it all over Shirley, and she is equally certain that her teacher, Mrs. Lucille Smith, is the best ever.

Even without an apple, she will make out okay!

HERE'S THE BUS — Six-year-old Beverly Pacard and her big sister Kay, 12, stop to get last minute instructions from their mother before climbing on the school bus, in the picture at left, above.

ON THE BUS — Beverly still isn't too sure of herself as she settles down inside the bus for the trip to town. (above, right) Note the number of her bus, 37, which her mother has pinned to her dress, a precaution taken after Beverly got lost the first day of school.

★ ★ ★

BIG SCHOOL, LITTLE GIRL — Beverly takes a good look at Central School before entering. (center picture) "It's awfully big," she admitted, but went on in to her class.

★ ★ ★

STORY TIME — First graders of Mrs. Lucille Smith find school is a lot of fun as they listen to their teacher read a story. Beverly and her classmates listen eagerly, as shown in the picture at left, below.

FIRE DRILL — Central School students march out in orderly fashion as the first fire drill of the year is held. They cleared the building in just one minute and 45 seconds. They are shown leaving the building in the picture at right, below.

Vegetable Growers State Convention To Be Held In Houston Sept. 19-21

The Texas grower who's been wishing for years he could meet Washington's top brass "face to face and tell him what I think" is going to get that chance—and he won't have to travel to Washington, either.

Just to Houston, where the Texas Citrus and Vegetable Growers and Shippers Association will hold its thirteenth annual convention in the Shamrock Hilton Hotel Sept. 19, 20 and 21.

"Everyone who grows or ships fresh fruits and vegetables has yelled like a banshee over rates, labor, and other problems and wished he could talk things over with the big shots in person," president J. S. McManus of Weslaco said. "Well, at the convention he'll get his chance. And they'll be the top brass, too, not any lieutenants."

The "brass" will present their problems to the growers and shippers "and there'll be time for us growers and shippers to present

our problems to them, too," McManus said.

Among the "brass" scheduled for talks are Secretary of Agriculture Ezra T. Benson; Assistant Labor Secretary Rocco Siciliano, in charge of farm labor for the Labor department; Commissioner Everett Hutchinson of the Interstate Commerce commission; and General Joseph M. Swing, who as commissioner of the Immigration and Naturalization Service has virtually stopped the annual influx of "wetbacks" seeking U. S. farm jobs. In addition, Congressman Joe M. Kilgore and State Agriculture Commissioner John C. White will speak, according to Austin Anson, executive manager of the Growers and Shippers.

And, as if the chance to beard all that brass weren't enough amusement for the average Texan, a full entertainment program is planned for the three-day convention, Anson said.

Monday night, Sept. 19, the A.R.T. will be host at its annual

dinner and party, featuring an Aquacade in the Shamrock pool, and dancing in the Emerald room.

Tuesday night, the convention will "go western," in frontier garb the Shamrock Triangle, featuring Houston's famed Mounted Sheriff's posse, and the Houston Polka Dots, teenage square dancers who will not only present their own program, but "will dance with you if you need a little training in square dancing," Anson said. In addition, "Judge Bean, the Law West of the Pecos" will hold court during the evening, with a special, big jail erected on the Triangle.

Wednesday night, at the Grand Banquet in the Emerald Room, Tani Marsh and her South Sea Island Revue, and Chuck Cabot and his orchestra will entertain, with dancing until 1 a.m.

Tuesday morning, a special "Ladies' Luncheon" will be held on the Sakowitz Terrace Garden, featuring a style show of the latest fashions, according to Mrs. Olive Held, chairman of the Ladies committee for the convention.

Anson warned that reservations should be made at his office here immediately, as "we have the Shamrock nearly full right now."

In September, 1954, there were 700,000 American school children who were attending public schools on a part time basis because facilities for full-time sessions were not available.

About 8 percent of U.S. people are over 60 years old compared to 4 percent in 1900.

Household Tips

Succotash salad is a fine accompaniment to leftover cold beef, lamb or ham. To prepare it cook frozen cut green beans and cut corn and drain; marinate in French dressing flavored with onion. Serve on salad greens.

Sesame seed is also known as "Benne" or "Bene" seed. It has a pleasant faintly nutty flavor and is good sprinkled on cookies, rolls and biscuits before baking.

Springtime treat: a rack of lamb shaped crown-fashion by your

meatman, and roasted in a slow oven for 40 to 45 minutes per pound. Fill the center of the roast with a savory bread stuffing and protect the bone ends of the roast with cubes of bread or aluminum foil while it is in the oven.

Sunday Brunch will be something to look forward to if you serve thin French pancakes rolled around cream cheese that has been beaten until fluffy with a little cream and topped with a fresh strawberry sauce.

Flavor sweetened whipped cream with almond extract when you are serving it on peach shortcake. The flavors are good together whether the peaches are canned frozen or fresh.

HEPTACHLOR

for low-cost protection against soil insect damage

With Heptachlor you get dependable protection against the wireworms, white grubs and other soil insects that attack seed and cause reduced stands and lower crop yields. Because Heptachlor is compatible with commonly used fungicides, you can apply both in one time-saving operation.

Heptachlor seed treatment recommendations have been made by the various Experimental Stations. Experiments prove that Heptachlor does not harm germinating seed or plant growth.

SHE KEPT A DIARY OF TELEPHONE CALLS

Mrs. Martha Chance—homemaker, church worker, bowler, and keeper of a telephone diary that revealed an important fact.

Mrs. Chance finds the telephone a young homemaker's best friend

What one service helps the homemaker through busy days more different ways than any other?

Mrs. Martha Chance is sure she knows the answer. Her telephone. Mrs. Chance recently kept a week-long diary of telephone calls made and received in her home. The results surprised her.

Mrs. Chance listed 95 calls during the week. Not only did her calls save time and energy in managing her home, but many were actually the start of a pleasant afternoon or evening out.

In Mrs. Chance's own words, "It's so easy to take your telephone for granted. You just don't realize how much it means to you until you stop and think about it as I have."

Mrs. Chance is right. Telephone service is a busy homemaker's best friend.

SOUTHWESTERN BELL TELEPHONE COMPANY

Typical calls from Mrs. Chance's diary

- "Called the Millers about going to the civic play tonight."
- "Called Lee (my husband) about plans for family reunion."
- "My bowling partner called about a change in league schedule."
- "Our minister called to remind me of Sunday School meeting."
- "Called a friend in the country. Asked her to put aside four dozen eggs for me."

Your Congressman Reports

The Rogers family arrived back in the Capital City at 11:59 p.m., 8. It was the end of a long and a long trip. There is a non expression in this section of the country that a trip to the north or southwest is "down hill." No doubt finds its origin in fact that the top side of a map north and the lower side south. Though the Panhandle is well two thousand feet higher sea level than most of the eastern section, I must admit that Rogers family found the trip to the Panhandle "down hill easy sailing all the way." The back to Washington was up all the way and I don't know whether the children dragging feet had anything to do with it. It is true no matter how the trip is made, I had been all ways one so we came back that way. We left Texas at Texarkana and Louisiana, Mississippi, Alabama, turned north through Georgia to the Carolinas, both North and South, anti-goggin' across the state of Virginia to Richmond and on to Washington, D. C. Our day on the road is one of the

most important ones in our life, not only because we arrived back in Washington safely, but because it is the birthday of our youngest. We started the day at Seneca, S.C., which is about 40 miles from Greenville. First on the schedule was the fanfare and trumpet blowing that always takes place in the Rogers household on everyone's birthday, including the old man's. Mary Catherine was seven. Four of her birthdays have been celebrated on the road. Her mother told her that she was the only girl she had ever known who had had birthdays all over the United States. This pleased Mary C. very much.

Many interesting things happened on the trip, some humorous and some otherwise. We drove into a filling station in a southern town and the minute the wheels stopped, Robert the eight year old was out and gone as was his usual practice. Just as we started to leave Jean counted heads and found only five. She jumped out of the car in a startled manner and said, "Where is Robert?" A short, fat negro attendant grinned and

said, "He quit." Jean said, "I'm talking about my Robert, not yours." We found him at the funny book stand and departed in good order.

Highways

A trip through 17 states and the District of Columbia makes one feel that he is pretty well versed on the highway situation. It is not difficult to point out many of the highway defects in the several states. However, it is very difficult to provide an over-all solution to the many arms of the problems involved. The Texas highways, in my opinion, are far and away ahead of most states. In many of the other states the highways are poor and the traffic regulations are cumbersome. There must be some drastic changes, about which much complaint can be expected. However, we would be foolish to spend money on a gigantic highway program without using a little foresight to correct some of the mistakes that have been made in trying to do patch-

work on antiquated systems. The program must be a well planned program, fully recognizing the increased traffic that can be expected from the increased production of automobile equipment and the inevitable increase in the population. Had such a program been presented at the last Congress, it would have been adopted.

I feel confident that in the early days of the coming Congress adequate authorizing legislation will be placed on the law books so that this program can be commenced without delay.

The Foreign Situation

It is interesting to note that soundings are being made by some large concerns in this country relative to trade with Russia. You can expect more of these. Russia and Red China are two vast markets for manufactured goods. This has been recognized in England for a long time. Some of those who are secretly advocating unlimited trade in this field might reeber

what a good scrap iron customer Japan was before 1941.

"BLESSED ARE THEY..."

As the little birds trust the mother bird, so let men trust God. If a sparrow cannot fall without God's attention, if He counts the hairs of our head... why do we fear (Mat. 10:29-31)? Worry about future security? God is the security for those who trust Him. Your Heavenly Father feeds the birds, and you are of far more value than they (Mat. 6:26). "Blessed are they who hunger for God's good things; they shall be filled." In childhood we needed mother and welcomed her... as adults we need God and ignore Him. In prosperity we forget God, the Bible, the church; but when disaster comes we want them all.

As your days so shall your strength be (Deut. 33:25). He will cover you with His feathers, and under His wings shall you trust (Psalms 91:4). Then why not trust God where you cannot see; the plan is His, the promise yours. "Blessed are they."

Mr. and Mrs. M. R. Martin of Grand Prairie were visiting in the home of their niece and family, the John Simpsons and R. L. Simpson, last Monday a week ago, when Mr. Martin suffered a heart attack and passed away in the Simpson home. The Robert Simpsons took Mrs. Martin to her home in Grand Prairie Tuesday and was there to attend the funeral service which was held Thursday.

The Junior and Primary classes enjoyed a party Friday night at the home of Veradelle Andrews. Those attending were Peggy Little, Jana Cole, Janice Roberts, Jim Shearhart, Wayne LaGrone, Billy Roberts, Ramona Hall, Bar-

bara Roberts, Susie Jones, Tresha Jones and Jerry Roberts.

Mrs. B. H. Baldwin's mother, Mrs. Mary Keene, and Mrs. Viola Keene of Levelland visited last week in the Baldwin home. The Baldwins took them back to their home Saturday.

At The Movies

"New Orleans Uncensored"

The whole, electrifying story of how New Orleans, Queen City of the South, broke the grip of the mob that held it in bondage while squeezing out two billion dollars in annual tribute, is told in "New Orleans Uncensored," at the Star Friday and Saturday.

The Crime-buster is Arthur Franz, co-starring Beverly Garland with Helene Stanton. Also showing is "Women's Prison."

"Drums Across the River" Audie Murphy shows great dislike for the Ute Indians, a dislike that even his father and sweet-heart mistrust, but when things are clear he is as ready as anyone to trade hate for understanding and peace, in "Drums Across the River."

Lisa Gaye is a star after less than a year and does an outstanding performance in "Drums Across the River," at the Tower Friday and Saturday.

"Revenge of the Creature" When the Monster manages to break loose from its captors, it succeeds in eluding a large posse of pursuers, who after a time are able to destroy the revenge of the Creature.

Starring John Agar, Lori Nelson and John Bromfield, "Revenge of the Creature," will be at the Tower Sunday and Monday.

"High Society" From the Bowery to high society Long Island is a far jump, but Leo Gorcey, Hutz Hall and the rest of the Bowery Boys achieve it in "High Society," their latest Allied Artists comedy at the Texas Sunday only.

Carmel, winner of the Hollywood Park Nursery Stakes on June 14, is the first stakes winner sired by Citation. Newmarket Maid is the stallion's first winner. He scored June 6 at River Downs.

Household Tips

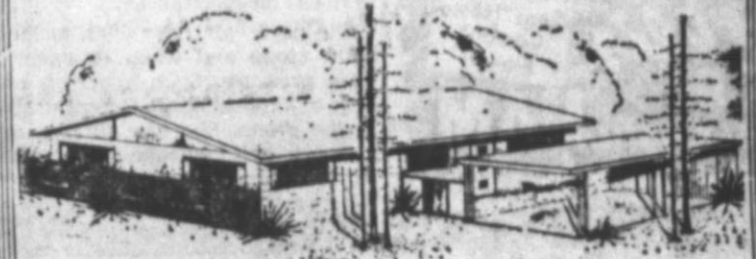

Gourmet dessert: Make up a batch of thin French pancakes. Add fresh orange sections to an orange sauce. Heat the rolled pancakes in the sauce just before serving. A little brandy or rum flavoring may be added to the sauce if desired.

Prepared pectin may be used to make a salad dressing that will not separate. Sunday night supper: Make sandwiches of bread, sliced cheddar cheese and sliced fresh tomatoes. Dip in French toast batter and fry until golden-brown in butter or margarine in a skillet. Dress up that plain Apple Betty! Serve it with a Honey Hard Sauce made by creaming butter or margarine with strained honey and a little lemon or lime juice.

"The Lutheran Hour" is presented over KAMQ every Sunday at 6:30. Each Sunday at 1 o'clock over channel 4 TV, "This is the Life" and each Friday evening at 8:30 the pastor conducts a special Bible course, "What Does the Bible Say," for the study of fundamental Christian Doctrines. This course is open to all, and provides an opportunity to learn the Lutheran Church's position and teaching.

AID TO CAR OWNERS

DETROIT — A new lacquer type automobile body finish that will require no polishing is being tested by engineers. The tests so far indicate that an average wash occasionally will preserve the original luster.

The American Bible Society distributed more than nine million Bibles and parts of Bibles in the United States in 1954. There are twice as many admissions to U.S. hospitals as in 1935.

Letter To The Editor

Dear Sir:

Do we need an AIRPORT? Every citizen will admit we would like to have an airport. But, can we afford an airport? Each of us would like some form of family security, a new car, a new television set, a new house, and other things too numerous to mention. Furthermore we would like more public improvements, a new auditorium, a youth center, repairs on our court house, a new jail and so on. Can we afford these things? We can tell the other fellow how to spend his or her money—but the bond issue will be our own money.

Only recently our President recommended a Federal Highway program. This bill failed to pass. Was congress to blame? Are they impeding our progress as well as our National Security by not accepting our President's program? Or can we afford such a program?

In our own state we have recently constructed an airplane capable of making a vertical take-off. Two planes of similar design, one for the Army, one for the Navy have undergone tests in California. Who is capable of stating we will need an airport in the future? Perhaps some one else is making progress for our benefit.

Due to the decline in our farm products, and our own local economy is based on these and the continued upward spiral of things we

have to purchase we can ill afford an airport at this time. There has to be a stopping place somewhere along the line or it may get to the point where property can become worthless.

Let's not create a prohibitive tax structure and cause our citizens to have to move elsewhere to escape our enormous taxes. Let's not create a ghost community.

Sincerely,
L. L. Kendall

SNAKES ARE PROFITABLE

FRANKLIN, Va. (AP)—Joe Chase, a 16-year-old schoolboy, says that snakes are fascinating, enjoyable and profitable.

The female members of Joe's family despise his hobby which he has pursued since the age of 9. He says he has caught thousands of snakes, harmless and dangerous, and that they bring from 50 cents to \$10 each from zoos and private snake farms.

He has received help from Dr. W. M. Mann, director of the Washington, D. C., zoo and from Dr. Morris M. Cochran of the Smithsonian Institution of Natural History. They plan to get him into some leading herpetological societies to continue reptile study.

Ever bitten? By some non-dangerous snakes, yes, but only a narrow escape with a poisonous snake. A big cottonmouth moccasin struck his hand once but the fangs hit

his finger nails and didn't puncture the skin.

MT. AIRY, N. C. (AP)—The Rev. Edgar H. Nease, pastor of Salem Methodist Church near Mt. Airy, holds three college degrees—all without benefit of his 1923 high school diploma.

Informed of the oversight, Bessemer High School authorities resolved to award him the diploma—some 32 years late.

JUNIOR CLASS OFFICERS — The Junior class elected officers Thursday at a class meeting. Officers for 1955-56 are: Ronald Zimmerman, treasurer; Larry Walterscheid, secretary; Danny Elliston, vice-president; Lynn Boomer, president; and Jurhee Barnes, reporter. Mrs. Elmer Patterson and Robert Thompson are the class sponsors. (Staff Photo)

Nursery School Teacher Must Like Children

By Dorothy V. Whipple, M.D.
Go and visit the school before you enroll your child in a nursery school. Talk to the teacher, find out what kind of a person she is, and how well she understands little children. Talk to the principal. Take a look at the equipment and the play area, at the bathroom and

the place where the children rest. Find out what kind of a program the school has.

All these things are important, but the teacher who will handle your child is the most important of all.

Managing a group of little children is a skilled job. The teacher who does it needs first to have an easy, pleasant personality. She needs to be a calm, happy and well adjusted person. But over and above her personality she needs training. She needs background knowledge of how young children grow and develop, of what can be expected at various ages and in various circumstances.

She needs to know when to let a child alone and when to exert a little pressure. Such a person can help a timid child feel comfortable in the group. She can give an aggressive child enough satisfaction

in acceptable behavior so that he doesn't have to spend his time nagging at the others.

A good nursery school teacher wants the cooperation of the child's parents. She learns from them what the child likes and dislikes, how he ticks at home. With this information she understands him better at school. Sometimes by talking out problems both teacher and parents are helped in their understanding of the child.

Sometimes a parent, especially the mother, feels a little jealous of the teacher. Larry seemed a different child in school than he did at home. He wouldn't eat his meals at home nor go to bed without a fuss, but at school he just went along with the others and did as he was supposed to.

"He even asked—mind you—asked for a second helping of liver," said his infuriated mother.

"At home he won't touch the first bite with a ten foot pole."

Being a good nursery school teacher is not an easy job, but in many ways it's easier than being a mother. The teacher devotes her full time and attention to the children all the time she is on the job. She's not trying to get the housework done or entertain a guest or get dinner.

Then when the school day is over, she can stop having children about and do something else.

And let me tell you a secret. Those nursery school teachers who have little children of their own often have as much trouble with them at home as any other mother. At home they are mothers with all the headaches that go along with motherhood.

So when you are selecting a nursery school get a good idea of the kind of person who is going to help you develop the traits you want to see in your child.

THEY BROUGHT THEIR JUNGLE CODE INTO THE SCHOOL!

A MESSAGE TO MOVIEGOERS:
The terror-ridden school conditions and its teen-age hoodlums, as depicted in "BLACKBOARD JUNGLE," were drawn from a slum area of New York City. See it as tense, shocking drama—and then thank God for our own fine schools and wholesome, upright young people.

She was a teacher who was indiscreet enough to wear a tight skirt! What happened then could only happen in this big-city school where tough teen-agers ran wild! As a best-seller and widely read magazine story . . . it shocked America! As an M-G-M picture . . . it's terrific, timely entertainment.
