Farmer Killed In 'Freak' Accident

A 20-year-old Hereford farm worker died in what Sheriff Lowell Sharp termed a "freak deal" Wednesday.

Eugene Brimmage, 20, was found dead in a field on the Robert Hickman place shortly after noon with a bullet hole behind his right ear and the lower part of his body crushed by a pickup truck that overturned on him.

Brimmage apparently shot himself after being trapped by the truck. He had suffered severe injuries when the truck overturned on him and Sheriff Sharp said he imagined he shot himself because of the pain after giving up hope of being found.

The farm hand was working for Hickman, who told officers that Brimmage went to change the water about six in the morning while he (Hickman) cooked breakfast. Brimmage failed to return before Hickman had to leave for town, but Hickman thought he was probably just having trouble with the water.

When Hickman returned from town he was told Brimmage had still not returned from the field and he began looking for him. When he found the overturned pickup he called for help. The mis-

hap occurred 17 miles northeast of Hereford. When the body was found, Brimmage still clutched a pistol in his hand.

Sheriff Sharp said the pickup probably overturned after getting stuck. He said he believed Brimmage must have been on the tender looking back in an attempt to free the pickup when it suddenly overturned on him.

Camp Might Get Deputy

Deaf Smith County Commissioners studied the problem of hiring a deputy for the Labor Camp and heard an offer by a dance hall owner to pay the salary of a deputy for the Camp, at their regular meeting held Monday.

Commissioners took no definite action, but decided to leave the decision up to Sheriff Lowell Sharp. Sheriff Sharp told The

Brand a Latin American deputy would probably be appointed in the near future.

In other action the Court approved routine bills and okayed the purchase of a power mower for the courthouse crew. Commissioners also voted against selling about 10 acres of land near the City disposal plant "at this time." They had been asked to sell the property.

The Court approved the temporary transfer of funds from the jury fund to the general fund in the only other business of the day.

All commissioners were present and County Judge Homer Henslee presided.

Potato Market Remains About Same This Week

According to local packers, the potato market remained just about the same this week with prices ranging from \$1.65 to \$1.85 for number 1, grade A spuds and from \$1 to \$1.25 for number 1, grade B. Peevee potatoes are reported scarce, however, and the price was quoted at \$1.25.

Reports are that the harvest is just getting underway, and the packers, which already have a steady flow, will be even busier later. The quality of the potatoes is excellent, probably the best in a long time. Farmers are also reporting good yields of their crops.

Wilson Twins Are Buried Tuesday

Funeral services for twin infant boys born July 12 were held Tuesday afternoon at 3 p.m. with graveside rites at the West Park Cemetery. Rev. S. M. Dunnam of the First Methodist Church conducted the service.

The babies died at birth at the Deaf Smith County Hospital. Parents of the children are Mr. and Mrs. Glen A. Wilson.

Surviving are the parents, two brothers, one sister and grandparents, Mr. and Mrs. Art Lewis and R. L. Wilson.

Property Owners File 4 Appeals

Award Declared To Be Unconstitutional

Four appeals to a special jury commission's awards were filed Monday by three residents along Highway 51 who face condemnation suits filed by the City of Hereford. One of the property owners charged that the commission's award was unconstitutional.

Filing appeals were Frances Dameron, Bertha D. Witherspoon and Johnnie Helen Estes. Miss Dameron filed two notices. The appeals came on the day before the deadline for filing objections to the awards of curb, gutter and sidewalk made by the three-man commission appointed by the county judge.

Miss Estes, through her attorney, E. L. Klett of Lubbock, charged that "the alleged award is confiscatory, evasive, ambiguous and utterly in violation of the constitution and laws of the State of Texas to the effect that no person's property shall be taken or damaged for public use without payment of reasonable compensation."

That was one of the eight objections she filed in making the appeal. Others were: "The alleged award is wholly, absolutely and ridiculously low and inadequate and is without evidence to support it, at any rate contrary to the overwhelming weight of the evidence."

"(3.) The alleged award is contrary to the constitution and laws of the State of Texas, for the reason that there is no power, authority, or jurisdiction vested in the State, City or jury commissioners, permitting them or any of them to condemn property for public use, or to provide for payment of accrued damages by payment therefor in labor and materials to be furnished, or to provide for acquisition of such property for public use, or the payment of damages by undertaking to impose an obligation on the City to pay therefor (at some uncertain time in the future) by the construction of curb, gutter or sidewalk upon the public highway."

"(4.) The alleged award is contrary to the constitution and laws of the State of Texas because there is no power, authority or jurisdiction vested in the State, City or jury commission that allows the taking of property by condemnation for public use without payment of the value of the land taken and the 'accrued damages' done to the remainder of the property, by payment in cash."

"(5.) The alleged award is contrary to the constitution and laws of the State of Texas, because there is no power, authority or jurisdiction vested in the State, City or jury commissioners that permits the acquisition of land for public use by allowing the jury commissioners in making award of damages to substitute therefor a provision or requirement that the payment of 'accrued damages' found by the jury commissioners shall be paid by the City constructing certain street improvements, such as curb, gutter and sidewalk, as attempted by the jury commissioners in this case."

"(6.) The alleged award is contrary to the constitution and laws of the State of Texas in that there is no power, authority or jurisdiction vested in the jury commissioners allowing them to assess against the property owner the estimated cost against the payment of damages for the taking of condemnor's property for public use."

REV. ARTHUR CARLSON

Rev. Carlson Is Adventist Pastor

Rev. Arthur C. Carlson became the pastor of the Seventh Day Adventist Church recently when he was transferred from Amarillo to Hereford.

Born in Chicago, Ill., he received most of his elementary and high school education in Minnesota. His secondary education was completed in schools in Duluth and Hutchinson.

After his graduation from La Sierra College at Arlington, Calif., Carlson took a position in a private school of Midland where he taught

In June, 1953, he was sent to a year.

Carlson helped establish a parochial school. He went to Amarillo in September, 1953 and worked there until February 1954 and was then assigned back to Carlbad until the latter part of March, 1955 when he went back to Amarillo. This June he was assigned to the Hereford church.

Rev. Carlson was married to Cuelie James of Midland in August 1950. They now have two sons, Brent Anders, three, and Phillip Gregory, nine months.

Carlson's plans for the church are for immediate redecoration including air conditioning, the building.

Optimist To Hold Meet Friday At Wheel Inn

The second meeting of the Hereford Optimist Club, now being organized, will be held at noon Friday at the Western Wheel Inn, Bill Phipps, spokesman for the group, said today.

Phipps urged everyone interested in joining the organization to attend the meeting.

Around Town

Deaf Smith County Commissioners are to meet sometime next week with Highway Department officials to decide where this county's highway funds will be used this year. The State has appropriated enough money to construct about six or seven miles of hard-top roads.

N. L. Wesson announced this week the association of Wayne Buck with Wesson Real Estate. Wesson said his firm will stress city property as well as farm and ranch property.

Regular meeting of the school board will be held next Tuesday instead of last Tuesday as previously planned.

Work on the county audit is still underway, and is expected to be completed in the near future. County Judge Homer Henslee said he expects to start work on the county budget in the near future, also.

Plans to complete the City Cleanup drive call for a final all-out push Friday. All sections of the town where trash has not yet been picked up will be covered that day.

Work on the Kiddy Park is still progressing and the park will probably be in use before too long.

Fighting, Resisting Officer Gets Latin Americans Stiff Court Fines

Drunkenness and fighting, including rocking a Sheriff's Department car, cost seven Latin Americans \$276.50 in fines and court costs, Monday in Justice of the Peace E. W. Solomon's court, and an eighth was fined a total of \$32.50 in County Court on a charge of "opposing and resisting an officer executing the arrest of another."

The fighting occurred late Saturday night at the Labor Camp. Deputies Neil Young and Charles Skelton had their hands full for a while in rounding up the gang. In fact at one time, when Young piled five of the suspects into the car at once, another slipped around to the other side, and opened the door, letting them all out again.

Skelton outran the "do-gooder" and he ended up in the car with his five buddies. When the officers drove away their car was rocked.

Charged in County Court was Manuel B. Leal Jr., of Plainview.

The fighting started at a dance being held at the camp. Owner of the dance hall was ordered to close it down this coming Saturday, and was told that if any more trouble developed the hall would be closed down permanently. Sheriff Lowell Sharp was given the backing of the Commissioners Court, who told him to see that the fighting stops or close the dance hall.

Justice Solomon fined each of the seven \$25 and cost of court.

City Is Given Santa Fe Water Plant; Eases Storage Problem

Santa Fe Railway and the City of Hereford have reached an agreement by which the City will acquire Santa Fe's water plant in Hereford.

The plant will give the City an additional water storage facility of 203,000 gallons of water. Involved is the Santa Fe deep well, pumping equipment and steel water tank.

The railway company turned the plant over to the City at no charge. The City has agreed to operate the plant and furnish Santa Fe with all its locomotive water requirements; however, the City will have the use of all surplus water. Since Santa Fe uses steam locomotives

only in cases where their diesel engines are overtaxed, the City is expected to have the use of almost all of the water supply.

City Manager Cecil Massey said it is hoped that the new tank can be tied onto city lines

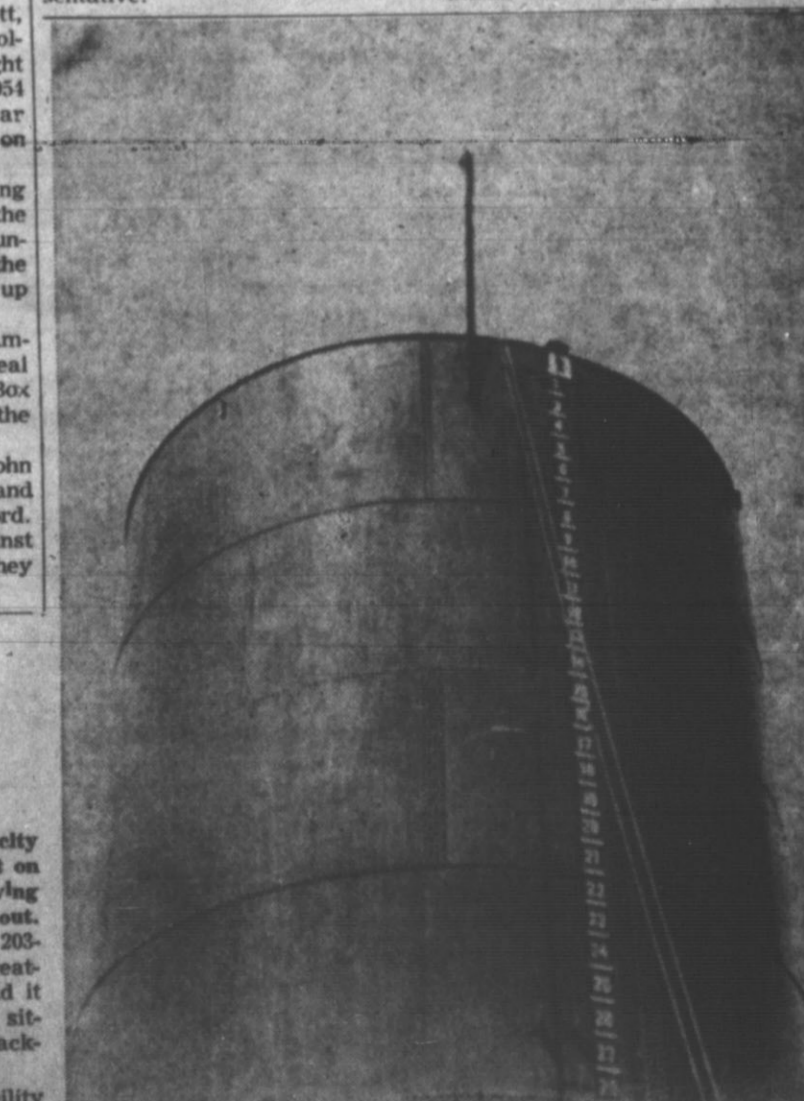

Woman Charged With Forgery

Charges of passing a forged instrument were filed this week against Jean Knight.

in the next few days. The city contracted to have a top put on the storage tank and is having the tank completely cleaned out. Massey says the additional 203,000 gallons of storage was greatly needed by the city. He said it is hoped that it will ease a situation that has found the City lacking in storage.

The City's total storage facility before acquiring the Santa Fe tank was 515,000 gallons. The addition of the Santa Fe tank will push the total to 718,000 gallons.

As usual the heaviest load on the system falls from noon until about 7 p.m. each day.

MORE WATER -- Hereford has a better water supply today following the gift of the Santa Fe water plant to the city this week. The plant includes a deep well, pumping equipment and the 203,000 gallon water tank pictured above. (Staff Photo)

OUT OF CONTROL -- This home was completely destroyed by fire Saturday night due to unknown reasons stated fireman. The house owned by Harold Beauchamp was vacant at the time. It was located six miles northeast of town on the dumpground road. Losses were estimated at \$4500. (Staff Photo)

**Desegregation Policy Set**  
It's "hands off" for the State Board of Education, in racial integration of local school districts. School districts will get their state aid money whether they are segregated or not.

Although offering the assistance of its staff in solving desegregation problems, the board made it clear that no suggestion or direction will be given as to what each school district should do to comply with the U. S. Supreme Court ruling which ended public school segregation.

**UT To Open Doors**  
University of Texas regents took three momentous steps at their July meeting.

1. They voted immediate admission of all qualified students to all divisions of the graduate school.
2. They voted to admit Negro undergraduate students, beginning with the September, 1956 term, in the main university; and at the Texas Western College branch in El Paso, this September. Admission to all other branches will be in September of 1956.
3. They also voted to set up restrictions on all admissions, based on examinations and scholastic requirements, effective in 1956.

UT regents also refused to reconsider their earlier rule which banned from the campus automobiles owned by freshmen and sophomore students.

**Interscholastic League Reappraises**  
Texas public schools which admit Negroes will not be barred from Interscholastic League activities next year.

This ruling, made last week by the league's executive committee, resulted from a petition from the El Paso system regarding its status. El Paso plans to desegregate next fall.

Interscholastic League's constitution, framed before the U. S. Supreme Court's ruling against school segregation, limits membership to "any public white school."

**Insurance Rates Lowered**  
Large industrial plants in Texas were promised lower fire insurance rates when the Insurance Commission adopted a new rating plan "for highly protected risks."

Praising the recently enacted insurance code, the commission said it is "one of the best in the nation" and every loophole in Texas insurance laws "has been closed."

**Daniel Still Hedging**  
U. S. Sen. Price Daniel, in Austin for a few days of visiting, dodged questions about his future political plans.

He declared he had neither "warmed up nor cooled off" in regard to a possible race for the Texas governorship. His decision, he said, cannot be made until after the first of the year.

**Short Sojourn**  
Gov. Allan Shivers is on a month's vacation with his family at Woodville. Texas business activity reached a new peak in May—177 percent of the 1947-49 base period. . . . Forty-seven full-

## Long Time Ago

45 Years Ago

Last Saturday old J. Phylus turned over his spinning pot and headed the entire country with aqua pura. Reports from every neighborhood in the county and surrounding counties indicate a general rain. The observer at Hereford reports two and one-quarter inches; the Amarillo station gives out the same report.

time city and county health units now are in operation. They cover 37 counties with 62 percent of the state's population. . . . Alen Mooney of Woodville was appointed by Governor Shivers as district attorney for the 88th judicial district.

Ten thousand four hundred and ninety nine million frogs crawled out of the earth (some think it rained them) and began a chorus that lasted several days.

Amarillo showed a big increase in population in the last 19 years, according to figures given out by Census Director Dunsand today. It grew from 1,442 in 1900 to 9,957 this year.

That the McDonald well, two miles south, is an imminent success is becoming to be a matter of common knowledge and consent. The trouble the sand gave at been gradually overcome. The well will sustain a long run of the pump at a high capacity.

25 Years Ago

There is a possibility of both rural Routes 3 and 4 being promoted to daily deliveries from the pre-first and the other difficulties have Postmaster Donner in an interview Monday. There is probably enough mail directed to the patrons on the two routes to receive the daily designation provided the patrons waited for its delivery by their carrier.

A successful wheat grower this season under adverse circumstances is J. M. White, who lives three miles northwest of Dawn. Up to Saturday night, with the crop not yet finished, he had delivered to the Great West elevator at Dawn 25,444 bushels, according to R. V. Bend, superintendent of the Dawn schools and at present employed by the elevator company.

## Labor Camp Day Center Silver Tea Planned By Church Women

A board meeting of the Day Center sponsored by the Federated Council of Church Women, was held Tuesday morning in the home of the chairman, Mrs. Jack Winget, to complete plans for the Silver Tea.

The meeting was opened with a prayer by Mrs. Winget, who then turned the meeting over to Mrs. Glen Williams.

Plans for the tea were then discussed and completed. The board decided to have the tea from 4 until 6 o'clock in the afternoon on July 19 in the day center building at the labor camp. The purpose

of this tea, a part of which each badly needed funds for the day center and to stir up interest among the people. Punch and homemade cookies will be served.

An invitation is extended to everyone to come, stated Mrs. Ray Suit, publicity chairman, and especially to all the ministers of the churches in the city.

Miss Shirley Root who is in charge of the teaching work at the Labor Camp, spoke to the group about her work at the camp and hopes there would be a renewed interest from the churches and

community in general. Miss Root is the daughter of Rev. and Mrs. Root and is well trained and enthusiastic in this work.

Mr. and Mrs. Bill Holcomb of Plainview were guests recently in the R. E. Hargis home.

Mr. and Mrs. Dale Britton of Tulia were guests Sunday in the W. E. Holcomb home.

Mr. and Mrs. L. C. Jordan of Amarillo visited Monday afternoon in the Burke Inman home. They were returning home from a visit in Whitbarrel, Tex.

## Walter Rogers Reports

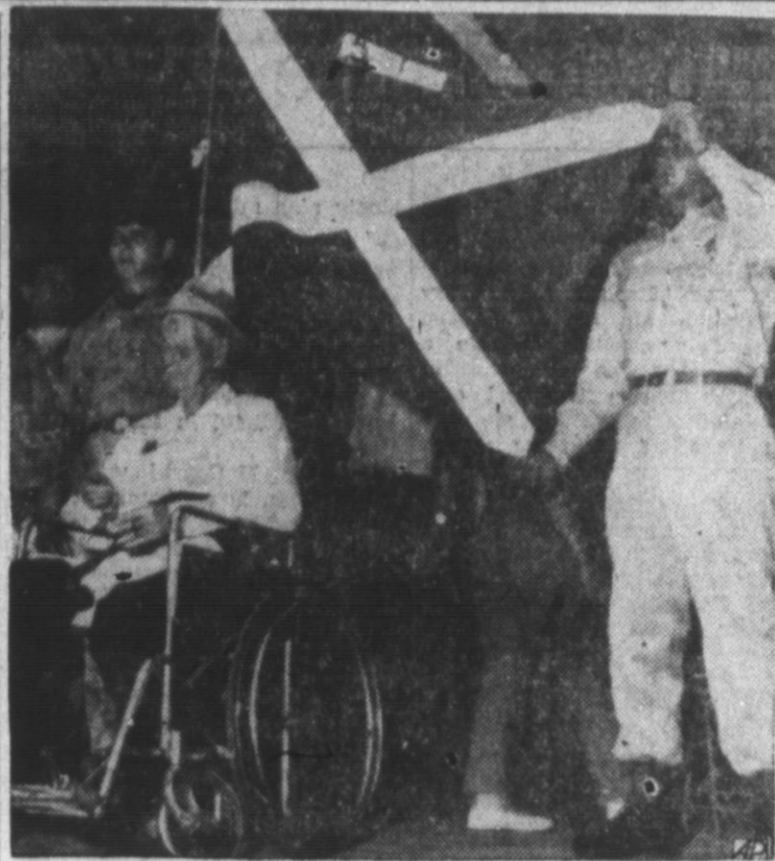

Federal Government agencies, according to a report from Senator Byrd's committee, entered the third quarter of fiscal year 1955 with unexpended balances and authorizations totaling 101.1 billion dollars. This does not mean that these agencies had this much cash on hand. It means that agencies, on March 31, 1955, were still authorized to call upon the Treasury for sums in that amount. The third quarter of fiscal year 1955, being April, May and June of this year, has already passed, but the final figures on expenditures have not been released.

For the first three quarters of the 1955 fiscal year, the agencies had spent 47.2 billion dollars. For strictly military services 26.3 billion was spent, leaving a balance of 57.3 billion.

The Foreign Operations Administration spent 2.8 billion during the first nine months of fiscal year 1955, and entered the last three months with a balance of 10.1 billion dollars. You will recall that in a previous newsletter I pointed out that 3 1/3 billion dollars was added to the balance in the recent foreign aid authorization. The balance of 10 billion dollars on hand was one of the several reasons that I voted against adding more funds to the balance out of the taxpayers' pockets.

Eighteen billion dollars was spent by other agencies of the government, leaving a balance in their accounts of 33.7 billion.

You will no doubt wonder why such stupendous balances should be present when the government is operating on a deficit. Most of these balances represent appropriations and authorizations for expenditures to be made upon the fulfillment of contracts for mili-

tary and other equipment and supplies that must be ordered in advance. In some cases, contracts are entered into that will not be fulfilled for several years. However, the appropriation or authorization for the appropriation must be made in order to provide the means for the government to carry out its part of the contract.

**Tension in the Capital**  
Our own Texan, Majority Leader Lyndon Johnson, was the victim of what could well be called capital tension. All of us who know Lyndon are well aware of the force with which he continually drives himself in carrying on his work. The tremendous responsibilities that rest on his shoulders and the conscientiousness with which he always tries to fulfill them would be a heavy burden for several men to carry. As a session of Congress begins to draw near a close, these tensions increase and more demands are made on all of the members, and especially those in the position of leaders or spokesmen for their respective parties.

These sometimes become too great for the human body to support. This is no doubt what happened to Lyndon. I feel certain that his condition is temporary, but it will require much rest and careful nursing for him to be restored to his former vigorous self. Everyone is going to help and we hope that for the human body to support, be fully recovered with no bad after effects.

**Visitors**  
Our office was visited this week by more good Panhandle folks. Judge E. E. Coons, county attorney over at Texhoma, came by with his lovely wife and their son

visit very long because the Judge and his folks were on the move seeing all of the sights. However, he gave me a quick run-down on the conditions around Sherman County.

Miss Jesse Morris returned home Tuesday with Mr. and Mrs. Paul Mathews. She had been a guest in their home at Colgate, Okla. While the Mathews were here, they visited in the home of Alex O. Thompson.

Mr. and Mrs. A. D. Nance and Mr. and Mrs. Selvin Allen, of Amarillo, came in to town on July 2 and did a lot of sight-seeing. They came by the office Tuesday morning, and we had time for a splendid visit. It was through them that I found out that Hugh Fincher, the son of Dr. Fincher, of Amarillo, was living in Washington. The Nances and the Allens are having a splendid trip, and started back within the next few months he will to Texas Tuesday afternoon.

# Pigs Take Victory Behind Morgan, 5-2

**By BILL KNOX**  
Don Morgan twirled a two-hitter as Raymond Dement circled his seventh homer to pace Piggy Wiggly past Summerfield 5-2 and strengthen their hold on first place Tuesday night. The Knights of Columbus sauntered past the Popular Store 14-4 in the initial fracas.

Morgan displayed one of the finer pitching exhibitions of the season. After the first two men had reached first safely he proceeded to retire the next 19 men in order before being touched for a seventh inning homer by Hilt Davis.

The game was close until the Pigs broke it up with four in the fourth. Summerfield took an early one-run lead in the first, but the Pigs tied it on Raymond Dement's homer in the second and went ahead with the four-run outburst in the fourth.

Morgan whiffed five and walked only one in racking up the victory. But Summerfield starter Horace Baize had a bit more trouble with the Pig sluggers. In the four innings he toiled he failed to strike out any. However, he issued only innings but were threatening one-free pass.

Piggy Wiggly scored in only two

or Clark's head in left field. Then they opened up a wider lead with four big markers in the fourth. Dement walked to lead off, and Lueb mashed a ringing double to left center, putting Dement on third. Corbett's sacrifice fly counted Dement, but Lueb also scored when the throw trying to get him at third was wild. Wilson reached second when Davis dropped his fly in centerfield, and Pickens singled to score him. McNeese singled to put him on third and set the stage for Taylor Sims' run-producing single.

Summerfield didn't scratch again until the seventh inning. With one out Hilt Davis uncorked a home run into right centerfield for Summerfield's last run of the game.

## Virgil Gamble To Return To States

**FIRST DIV., GERMANY** — Sgt. Virgil L. Gamble Jr., 22, son of Mrs. Nola E. Glass, Adrian, Tex., is scheduled to leave Germany for the U. S. in July as part of Operation Gyroscope, the Army's new unit rotation plan.

His unit, the 1st Infantry Division, is being replaced in Europe by the 10th Infantry Division. The two divisions are the first units to take part in the transfer plan.

But Raymond Dement had other ideas for Piggy Wiggly in the second inning. He led off the inning by blasting a mighty home run ov-

# Walcott 4-H Studies Good Grooming

Walcott 4-H Club met in the home of Mary Dufur July 1. The meeting was opened with the club prayer. Cecelia Burrus led the club song and Royce Leo Pruitt conducted the ritual.

After a short business meeting the program on "Good Grooming" was presented. Mrs. Roy Pruitt, leader, gave "The Use and Place of Accessories in the Wardrobe." She said, "If you cultivate an eye for quality and originality and keep in mind your wardrobe as a whole, you will soon build your own successful and economical collection of accessories."

Merry Kay Pruitt gave a demonstration on "Good Skin Care." She stressed the fact that cleanliness is the most important factor of skin care and good grooming.

Refreshments were served to the following: Cecelia and Margaret Burrus, Royce Lee and Merry Kay Pruitt, Mrs. Hershel Burrus and Mary Alice, Mrs. S. D. Dufur, Mrs. Pruitt and the hostess.

The next meeting will be July 15 at the home of Janell Weaver.

Here's the latest "cool-off" special and the greatest thing in whipped desserts. Try making it in many of these flavor variations, for your family.

**Flavor Variations:**  
- 1/2 cup crushed pineapple, orange juice or grape juice plus lemon  
- 1/2 cup dissolved flavored gelatin dessert  
- 1/2 cup sugar (Depending on sweetness of fruit)  
- Cool until almost stiff  
- Whip until stiff. 1 CUP CHILLED UNDILUTED CARNATION EVAPORATED MILK  
- with 1 tablespoon lemon juice

Pour on top of gelatin mixture. Beat in slowly with rotary beater or electric mixer. Pour into baked pie shell. Chill at least 1 hour. Remove from refrigerator 20 minutes before serving to take chill from crust.

**TO WHIP CARNATION,** chill in refrigerator tray 15-20 minutes, or wrap soft ice crystals from around edges of tray. Whip 1 minute, add lemon juice and whip 2 minutes longer, or until very stiff.

# Dimmitt Shackles Sox With Big Seventh Inning

By BILL KNOX  
Dimmitt used a big seventh inning to stop the Hereford Pink Sox 14-7 Sunday afternoon at Veteran's Park. It was Hereford's seventh loss compared to four wins.  
The Sox jumped to an early lead on Raymond Lueb's home run in the first, but superior depth paid off for Dimmitt. They tied the score and went ahead in the fourth. Then they rallied to come from behind in the seventh and take a lead which they would never give up.  
However, despite the loss, Hereford sluggers had a good day at

the bat. They banged out 14 hits, five for extra bases, compared to Dimmitt's 12. Two were home runs by Kenny Brock and Raymond Lueb. Lueb's came in the first with one on, while Brock's blast came in the sixth also with one man on base.  
Alvin White, starting and finishing Dimmitt pitcher, was hit more soundly than usual. He still struck out 10 and walked only three. Johnny Winkler started for Hereford. He gave up six runs before being lifted for a pinch-hitter in the bottom of the sixth, but his reliever, Raymond Lueb, had his troubles

also. He gave away to Terry McRight in the seventh. McRight surrendered only two runs in the top of the ninth.  
The Bright Hose made four errors, and each accounted for a run in some way. Two came in the seventh when Dimmitt came from behind to stay. However, Hereford was short of manpower, and new positions may have accounted for the biggest majority of the errors. Dimmitt made only one error a field but looked shaky in spots.  
The Sox unleashed their power early taking a two-run lead on Raymond Lueb's home run with one on in the bottom of the first. Then they strengthened it with one more in the second. Elliston took second on Woods' error after singling and went to third on Sam Albracht's sacrifice. Terry McRight scored him with a single to left.  
But Dimmitt fought to within one run with a pair in the top of the third. After whiffing the first batter Winkler tired and walked the next two. Hawkins drove one across with Dimmitt's first hit, and Richard Woods scored the other with a single.  
Then Hereford's lead vanished as Dimmitt put across two runs to take a one-run lead in the fourth. Boulton was safe on Elliston's error, and Blondell banged out a single. Williams and Gilreath walked forcing across one run, but White fanned. The other run came across when Hawkins forced Gilreath at second.  
Dimmitt poured on more steam and opened up a wider three run lead in the top of the sixth. Gilreath worked Winkler for a walk, but White continued to have his troubles at the plate and fanned again. Hawkins drew a single but was forced at second on Woods' grounder, Gilreath scoring. Buchanan reached first on Elliston's error, and Woods' scored on Leo Fields' single.  
But Hereford had White's number in the bottom of the sixth. They took a two run lead with five big tallies. Sam Albracht got a single and Terry McRight blasted a double to score both, but Carroll fanned, and Corbett doubled to score Sims. Then powerful Ken Brock lofted White's first high over the left-field fence to give the Sox a two-run lead. Lueb fanned, and Suttle grounded out to end the inning.  
Having a phobia for not being ahead, Dimmitt let loose with six big runs in the top of the seventh to demoralize Hereford. They got only three but collected two walks and used two errors to tie utmost of their ability.  
Feeling not altogether sure, they put across two insurance tallies in the top of the ninth. Woods singled and was followed with two more hits by Boulton and Blondell. Williams drove in the other with a grounder.  
Hereford's last run came in the top of the ninth. Lueb reached first after being hit by a pitch and took second on Suttle's grounder. He came home on Sam Albracht's single.

## KNOX'S KNOTHINGS

By BILL KNOX

The 20-run rule in the Hereford Softball League has certainly been a big improvement and may go a long way toward improving the type of ball played in the league.

The rule provides that if at any time a team is 20 or more runs ahead after the home team has batted the game shall not continue further. One's assumption might be that this seems pretty hard on the lower teams in the league. But actually, it helps them.

Take, for instance, Thursday night's game matching first-place eggy Wiggly and last-place Popular Store. The Pigs had no trouble at all in building up the needed 20 runs to end the game in two innings and they still had none out in the second when it came to a close. Had it not been for the rule the game would have had to go at least five innings. Then it wouldn't be fair to either team. Why continue a mass slaughter, run up a 30 or 40 run lead, and completely demoralize a team? It is inhumane. On the other hand, why make a team play a game which is only a contest to see how many runs can be scored by them? But they have one good argument. A game such as that certainly doesn't hurt their batting averages any.

Hereford's loss to Dimmitt could almost be considered a triumph. If they continue hitting such as they did Sunday, they will certainly make it rugged for any of their opponents and are sure to come up with more wins than losses.

But the Sox are still weak on pitching. Not that they don't have enough pitchers. Three pitchers should be enough for once a week, but it's depth that

is lacking. Terry McRight sometimes pitches marvellously, but then he takes spells and can't come within 10 feet of the plate. And when he does he has to tie himself to the mound.

Piggly Wiggly has completely taken over the batting leaders in the softball league. They did it with their 21-0 victory over the Popular Store last Thursday. Raymond Dement took the home run leadership, Raymond Lueb took the hits leadership, and replenished his already league leading average. In runs batted in they hold every position and have them stacked three deep after that.

Rutherford certainly surprised everybody with their victory over Jim Hill Thursday night. Rutherford banged out five home runs and caught almost everything hit by Hotel, Danny Elliston and John Bryant both blasted two homers apiece and C. A. Shanks got another. Then they surprised everybody again when the KC's pounded them Friday night 15-3.

### Pigs, Hotel May Notch Victories

Piggly Wiggly and Jim Hill will both have chances to notch victories in their belts in softball action Thursday and Friday night.

Piggly Wiggly tangles with Rutherford in the first game Thursday night, while the KC's and Coopers meet in the nightcap. Friday night, Summerfield and Jim Hill will collide in the first game, and Rutherford will probably have an easy time with the Popular Store in the final game.

The Pigs are riding high in first place in the league, while Jim Hill is close behind in second. A Rutherford victory over Piggly Wiggly Thursday and a Summerfield win from Jim Hill Friday would put Rutherford in fourth and put the KC's only one-half game behind Jim Hill in third.

### Cummings Battles In Team Match

Except when Killer Wallick of Detroit is in there punching, Saturday night's wrestling bill at the Hereford Arena should produce some of the best "real" and scientific grappling.

Main event is a tag match pairing the home town boy, Bob Cummings, with Leo Wallick against the Popular Detton brothers, Dory and Gene, of Amarillo.

It isn't often that Dory Detton, Amarillo promoter and general manager of Southwest States Enterprises, comes out of semi-retirement to take an active spot in the ring, but this is one of the times. He will be seen twice, once in a special feature against Bob Cummings, then in the main event with younger brother Gene against Cummings and Wallick.

Leo Wallick, whose rough play has branded him one of the most dangerous opponents in the junior heavyweight class, features a terrific pile driver when he has otherwise broken the spirit of his opponent.

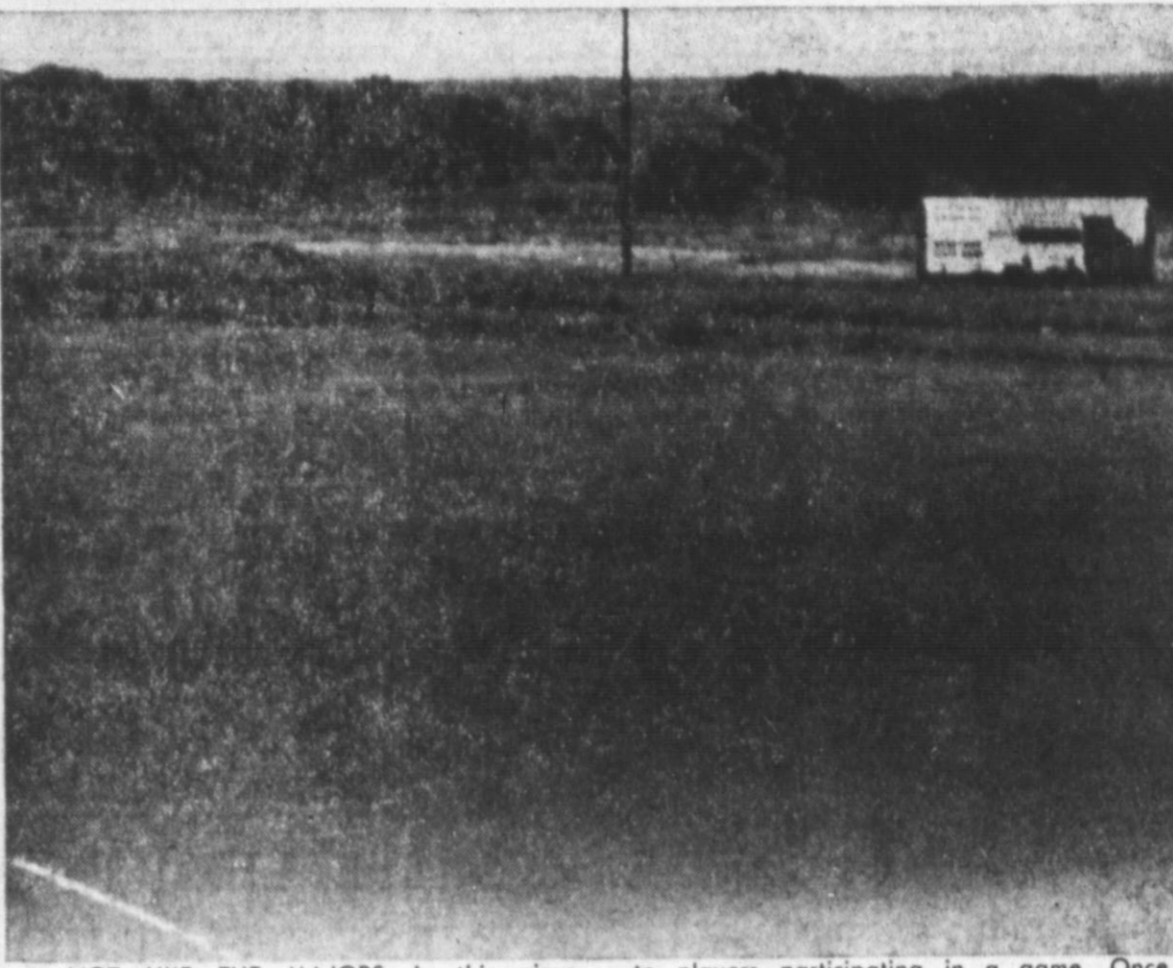

Dory Detton, former world's light heavyweight champion and a power in the junior ranks for several years before he began devoting nearly all of his time to business, continues to "keep in shape" by working out several times weekly, usually against some of the better boys in the territory.

Gene Detton appears to be following closely in the footsteps of his four older brothers who made wrestling history. He is without a doubt one of the most improved wrestlers among the younger set.

The Detton brothers feature fast, acrobatic wrestling, using a lot of aerial antics such as flying scissors, drop kicks, and the like, along with sound fundamentals of the game.

#### MOWING POWER

ALBUQUERQUE — Kenneth and Clois Tolbert are deep in the motorized lawn mowing business. Distance between jobs just means fun, for they mount their power mower on a soap-box racer, rig a belt from it to a back wheel and ride to work.

NOT LIKE THE MAJORS—Is this view of Veteran's Park. Shown is a section of left centerfield where a weed growth has reached almost six feet proportions. Many times it has presented itself as a hazard to players participating in a game. Once it is removed, "a player got lost looking for a ball in the weeds because he forgot his compass."

## Riders Stop Fritch, 8-5

Hereford's Palmetto Polo team walked away with an 8-5 decision Sunday afternoon at Fritch. Hereford actually led for the complete game but had uneasy moments at times.

Harold Beauchamp again led the Hereford Riders with five points. Floyd Walton scored the other three points. For Fritch, the West family had a hayday. Tommy West young horseman, was tagged as an outstanding player of the game but scored only one point. His father scored the other four.

Hereford never was in trouble until the third chucker. They had built up a fine lead but allowed the Fritch bunch to catch up and tie the score at 5-5. However, they retaliated in the final chucker to take the victory.

Hereford started strong. They picked up a one-point lead in the initial quarter on a goal by Walton. Then in the second chucker on four goals by Harold Beauchamp, they made it five to two. Fritch's first point coming on a goal by young West and another by his father.

But Fritch had Hereford shaking in their boots in the third chucker. They made a game out of it by scoring three points to tie the score. All the goals were by the older West.

But the Riders displayed their prowess by tallying three points in the final chucker to retake the lead and win the match. Hereford might have won the game by a wider margin except for the absence of Floyd Walton's fine horse, "Dusty."

## Hereford Palmetto Polo Team Is Rated High In Santa Fe Tourney

The Hereford Riders Club will leave Wednesday morning for Santa Fe where they will participate in the Santa Fe Rodeo and parade.

The performance caused postponement of the scheduled game against Cactus heré Saturday night—the match is yet to be rescheduled according to Faust Collier.

While in Santa Fe the group will enter a palmetto polo tournament. The tournament will have teams representing clubs from all over New Mexico and Texas. The Hereford team may have a fine chance of placing high or even winning the tournament. Their only loss in two years is to Dalhart.

They will also participate in the rodeo grand entries and the parade. Thirty-five horses and horsemen left, and the sharp Hereford riders may come back with some kind of award. They are known over a wide area for their achievements.

According to Collier, the team is actually overscheduled and may

have a hard time in rescheduling the game. They still stand a fine chance of coping the conference championship, however, with only one loss. Their other previous win is over Dimmitt, who has a good club. Dalhart is yet to lose a game however, and may be hard to unseat from their high position.

#### TOOTH TROUBLE

MISSOULA, Mont. — Police quoted Stanley Dahlstrom as saying he had a wisdom tooth pulled. Later he blacked out at the wheel and his car hit a utility pole.

#### SLIPPERY DEAL

FREDONIA, Ky. — Oil's well with farmer Malcom Boone, but the town's civic clubs have troubles. The clubs raised money for Fredonia's first waterworks and arranged to drill on Boone's land.

But oil was struck and the project was abandoned after the clubs had spent \$1,300. Boone leased 296 acres to an oil company, which will drill for oil, not water.

## Pig Sluggers Have Batting Monopoly

Hotel Jim Hill has taken over the team batting leadership which Piggly Wiggly held so long, but the Pigs still dominate individual leaders.

Jim Hill's team average of .389 is 18 points better than the .371 which Piggly Wiggly sports. Rutherford, the nearest team, fields an average of .361, and the Knights of Columbus are presently hitting at .352.

But as before mentioned, the Pigs all but have a monopoly on individual leaderships. They have a leader in every department and have nine others listed. In the runs batted in category, they hold every position, and it looks as if they will continue to do so for a long time.

Raymond Dement, Pig outfielder, is the leader in three divisions. Dement leads in home runs with six, runs batted in with 29, and runs scored with 24. His average of .487 is also fourth, and he is second in hits with 19.

The other two top positions are occupied by Raymond Lueb. Lueb has raised his average to .553 to take over the top spot from Bill Callaway who has slumped to .486 for fifth. Johnny Winkler is giving him a race in second with his .545, and Marshall Wilson, also of Piggly Wiggly is hitting .500.

Other than Dement in the home run department, Kenneth Brock has four. Bill Callaway of Rutherford is one ahead of him with five, but Callaway has been slumping lately, and Brock may not find it hard to catch up with him. Dement passed Callaway with two homers against the Popular Store last week.

Runs batted in is all Piggly Wiggly's. Dement leads with 29, Lueb has 28, Brock has 20, and Buddy Pickens also has 20. These four have led the league for almost the complete year, and it looks as though they don't have much competition.

In runs scored, Jim Hill gets

their two-bits worth in. Behind Piggly Wiggly's Dement Burdine has 23 to hold down the second spot, and Dick Ross's 22 is in a third-place tie with Raymond Lueb.

More teams are represented in the "hit bracket" than all of the other divisions put together. Everybody except Summerfield is represented. Raymond Lueb leads with 21. Dement is second with 19, and Bill Callaway is third with 18. John Winkler holds down a tie with Callaway also with 18, while the KC's only entry is Bill Stengel with 17.

## Sox Journey To Olton for Battle

The Hereford Pink Sox will meet Olton Sunday afternoon at Olton. The last meeting of the two teams saw Hereford walk away with an easy victory, but Olton was confronted with a tremendous manpower shortage at that time.

The Sox lost to Dimmitt, 14-9, Sunday, but looked impressive in doing so. They banged out 14 base hits, two for home runs. Raymond Lueb and Ken Brock both blasted two-run fourmesters, and Lueb served his turn on the mound.

The influence of Washington, the "Father of Our Country," is felt in every forward step America takes. The Flag, the Stars and Stripes, waves over a loyal and sacrificing people. The Eagle for strength and elevation of thought and purpose is affixed on our coin to show our exclusive right. *All this reminds us that a Free People had to learn to be a united people. Out of the many came one nation... E Pluribus-Unum.*

The great Document above, The Declaration of Independence, was adopted on that memorable day. *This noble experiment of government, "of the people, by the people, for the people," guarantees every citizen of our country "certain inalienable rights... Life, Liberty, and the Pursuit of Happiness."* We have no ambition for conquest and military glory. We want no loot. But we mean to have our freedom and independence, whatever the cost. *This is Independence Day!*

# KC's, Jim Hill Are Easy Victors Friday

By BILL KNOX

Rutherford displayed no signs of the form which stopped Jim Hill as they were trampled 15-3 by the Knights of Columbus Friday night while Jim Hill showed flashes of their old form in clobbering Coopers 21-1.

Rutherford learned the difference between 19 hits and one. The difference: the ball game. Kenny Walterscheid gave up only a lone hit in the last inning. His control the second until the fifth inning, walked three men.

The KC's were pouncing the ball murderously. They banged out 14 hits, eight for extra bases and two for home runs. Two home runs by Bill Albracht and Bud Stengel polished off consistent scoring and Rutherford did not score after good defensive play.

The second until the fifth inning, the Knights of Columbus scored in every inning except the first when they threatened mildly. The big nine-run third broke Rutherford's back.

The KC's threatened mildly in the first but didn't score. After Kershen had popped up to lead off, Peters singled, Bill Albracht flied to right field, but Duane Albracht singled to put runners on first and third. However, Bud Stengel popped up to Callaway to end the inning and kill any chance of scoring a run.

But in the second, two tallies came across. Bill Stengel led with a single, but was forced a second on Koelzer's fielder's choice. Urbanczyk cracked a single, and both scored on Kenny Walterscheid's double.

Then the KC's administered the fatal blow in the third. Bill Albracht did his job as a lead off man by blasting a home run. Duane Albracht followed with a double and Bud Stengel lofted a tre-

mendous home run into left field. Bill Stengel and Werner Koelzer both connected with singles with still nobody retired. Urbanczyk was thrown out, but he drove in a run in doing so. Walterscheid got on when Summers erred, but Kershen dribbled back to the pitcher. Bill Albracht continued his hitting ways with a double, and Duane Albracht uncorked a triple, his third hit of the day. Bud Stengel doubled before brother Bill was thrown out.

They let up somewhat in the fourth but still chased across for runs. Koelzer got on by way of Boyer's error, and Urbanczyk fly-walked and Boyer erred again giving Kershen life and scoring a run. Terry Peters double scored two more, and the fourth scored on Bill (The Arm) Callaway's error.

Walterscheid, who had a no-hitter until the last inning, tired a bit, giving up three runs in the final inning. Asa R. Atchley walked as a lead-off man, and Russell was safe on a fielder's choice. Veigel walked to load the sacks, and Boyer drove in Atchley with his sacrifice fly. When Albracht dropped the throw trying to get Russell at third Russell scored, Veigel going to third. Ellister walked, and Summers drove one through the middle for Rutherford's first hit and their last run.

## Founder of State Firemen's School Is Still Director

Four Hereford firemen attending the 26th annual Firemen's Training School at Texas A&M College this week will be getting a lot of their instruction from the man who founded the school back in 1929. He is Col. H. R. Brayton, director of the school.

Back in 1929, Col. Brayton held the general belief of the public that about all a fireman had to know was how to squirt water on a fire. After 27 years of association with the fire departments and the men who operate them, he has learned that efficient fire service requires highly technical training and equipment and is one of the most demanding jobs in energy and resourcefulness.

Realizing there is an ever-increasing need for special instruction to firemen because thousands of new products created by industry are highly flammable and present many new and serious types of problems for firefighters, Brayton has arranged for a week of intensive training in the latest methods of combating every com-

coivable type of fire.

The school is conducted by the Texas Engineering Extension Service under the auspices of the State Firemen and Fire Marshal's Association and in cooperation with the Trade and Industrial Department of the Texas Education Agency.

Attending the school from Hereford are Clay Angelo, Earl Phillips, Glen Witherspoon and Bill Bradley.

The use of marines (soldiers on warships) dates as far back as naval history.

## BARLEY FOR ILLNESS

KANKAKEE, Ill. — Farmers hereabouts are keeping their eyes on the fall-seeded barley field of Henry Classen for it may prove to be a profitable substitute for oats as a crop.

Known in New York state as Hudson barley, it is a new winter variety developed at Ithaca by the Cornell University agricultural Experiment Station in cooperation with the U. S. Dept. of Agriculture.

In its home state, yields have averaged 54.6 bushels an acre during the years 1947 to 1953. The

barley is especially adaptable to the Illinois climate because Classen's field showed very little winter kill.

It is believed the new variety of test weight is 49.1 pounds a bushel.

# No wonder this great '55 Pontiac is setting all-time sales records!

*It's bigger, smarter and more powerful than any other car at anything like the price!*

A sales success like Pontiac's starts on the drawing boards—with engineers and designers who have been schooled for years in the Pontiac idea of giving more people more car for less money.

With its long 122" or 124" wheelbase and extra, big-car heft, Pontiac provides road-hugging comfort you get in no other car near it in price!

Now take this big, roomy car and surround it with the distinction of Twin-Streak styling and Vogue Two-Toning—beauty that obviously is calling the turn on the future—and you have another reason for Pontiac's phenomenal sales success.

That alone would be enough for most cars—but not for Pontiac!

Pontiac corners the market on value with the most powerful engine within hundreds of dollars of its price. The sensational 200-horsepower

Strato-Streak V-8 with four-barrel carburetor\* is the most modern power you can buy. You're on even terms with anything on the road—and you enjoy the greatest economy and dependability in Pontiac history.

If by now you're thinking "This is what I've wanted all along!", we suggest you stop in and talk dollars and cents. That's when you'll get the final reason for Pontiac's record popularity—the fact that you can fit a big, powerful, future-fashioned Pontiac into any new-car budget!

You'll never find it easier to get into the finer car class than right now! \*Low extra cost option

## Mrs. Elliston Gives Report On Church Congress

Mrs. R. W. Elliston, delegate from the Hereford Seventh Day Adventist Church, who has recently returned from the North American Laymen's Congress that was held in Kansas City, Mo., gave a report on the Congress Saturday at the Seventh Day Adventist Church.

The theme that was carried through the meeting was "Send Out Thy Light" and the purpose of the Congress was to instruct the delegates to broaden their fields of labor and increase their ideas on the task of sending out their light.

A personal greeting was sent to the Congress from President Eis-

enhower. "My grateful thanks go out to each of you for your prayers. Your prayers on my behalf are the greatest gift you could possibly bring to me," the President said.

R. R. Figuhr, president of the General Conference of Seventh Day Adventists gave the welcome address to a group of approximately eight to 10 thousand people. Delegates from 22 states were present.

Mrs. Elliston said the meetings were very beneficial and the instructions were easily understood and appreciated by all.

### SOUP'S ON

HAMDEN, Conn. (AP)—Lawrence Kelley was charged with driving through a red traffic light. His explanation in court was that he had a kettle of soup in his car and was afraid some of it would spill if he stopped. Judge John E. M. Nerney said: "Next time let the soup spill. Pay the clerk \$9."

### LARGEST BLAST FURNACE

DETROIT (AP)—A steel company claims its blast furnace on Zug Island in the River Rouge is the world's largest. It measures 30 feet 3 inches in diameter and has a rated capacity of 50,000 tons of pig iron a month. No other blast furnace crosses the 30-foot line, company spokesmen say.

The American prickly pear took over 30 million acres in Australia before an imported pest controlled it.

### MESS HELPS CHURCH?

WORCESTER, Mass. (AP)—Perhaps one way to increase church attendance is to tear up the streets around the church, says the Rev. Oscar B. Anderson of Worcester's Belmont St. Baptist Church.

Railway underpass construction began beside his church, causing the street to be closed and dug up, making the area a dusty mess and parking miserable, he says. But attendance went up—10 to 15 percent in church, church school and midweek service.

Mrs. Cora M. Sullivan, daughter of Mr. and Mrs. Dave Odum, has been admitted to the Baylor Hospital at Dallas for further surgery. Mrs. Sullivan has been seriously ill for the past six months and will undergo surgery Friday morning.

The 4-H girls have received a letter in regard to the Educational Tour which will be made July 28. Since the letter has been sent, we have some additional information in regard to the tour.

It will not be possible to visit the candy factory at this time of year. Also, we have learned from the bus company about the price of tickets. A 23-passenger bus if it is full will cost \$2.41 per person. A 37-passenger bus if it is full will cost \$2.22 per person. The suggestion is that you send you check to the office for \$2.41 and make your reservation, then if the fair is not that much you will get a refund.

Please make your check to Mrs. T. B. Thomas, treasurer, and mail to the Agent's office — Box 67L. It has been a long time since we had an Educational Tour of this nature. However, they have always proved popular with 4-H girls and their mothers.

The club women are bringing in a good many vegetables at the H. D. Market and gifts these sales days. It won't be long until there will be sufficient vegetables at the

market for canning.

There have been some questions in regard to the Talent Club Tour. Deaf Smith County is in a District with Randall, Potter, and Oldham Counties. A boy and a girl from this District is chosen each year to become members of a Talent Club and the award is the trip. The award is for older boys and girls and the Leaders of the Girls' 4-H Clubs have always recommended the "Gold Star" girl for this county. This is not true in every county, but it is a policy to recommend the "Gold Star" girl.

The 4-H girls have a few more lightbulb packages for sale. The girls will be glad to deliver a package of bulbs to you if you need size 75 or 100. The free bulb is an insect-repellent bulb and we usually suggest this being used outside. However, these yellow bulbs can be used in the house as satisfactorily.

...with a lower-than-ever price tag!

Maybe you've had a yen for a hardtop but couldn't quite squeeze it into your budget. If so, this baby's for you! It's the hardtop as only Chevrolet builds it. Long, low and plenty saucy, like its convertible cousin. It's an honest-to-goodness hardtop, too--no center pillars when you roll down the windows. Nothing but fresh air and a picture-window view. Best of all, this big, beautiful "Two-Ten" Sport Coupe is priced right down with the two-door sedans in Chevrolet's field. It lists for less than any other leading hardtop sold today. Come in and see what a walloping bargain it is.

Locks and Bolts

If the white stockings have turned the floor, try dipping it in oil, then lock and unlock it a few times. It will soon turn smooth. The same treatment can be given to an obstinate bolt.

Mildew

When white clothes are mildewed, put a teaspoonful of chloride of lime into a gallon of water. Dissolve thoroughly. Put garment in and stir until the mildew disappears. Rinse thoroughly. As chloride of lime bleaches do not use it on colors.

Garbage Pails

Place a few drops of a strong disinfectant in the garbage pail every few days during warm weather. It will keep it smelling sweet and will keep away prowling cats and dogs.

Beauty at Home

By Lynn Carter

Q. Due to a recent loss of weight, my skin has taken on a flabby texture. What can I do about this?

A. Before applying this cream, pat the skin with an astringent, and do this every day. Also use ice, wrapped in damp absorbent cotton, over throat and face as often as possible, rubbing over the face firmly as though "ironing" it.

Q. Do you recommend using false eyelashes?

A. If applied with the utmost care, that's a big IF though. Whether you use the single false lashes or those that come in ready-made strips, you will usually need help even if you follow directions.

It's a painstaking chore at best, and I recommend the use of these "falsies" only if your own lashes are hopelessly short.

Q. Do you suggest anything other than water to set the hair?

A. Healthy hair needs nothing else for this purpose. Dry ends can be trained with a bit of hair-dress cream.

Q. What manner of dress will "bring out" a too-thin figure?

A. Prints are always good, and such fabrics as satin, which reflect the light, tend to make the figure look fuller. Lines running around the body, such as seams, stripes, ruffles, and the like, give the appearance of greater width.

Teen Talk

Something different in the way of a party is hard to come by. A fun idea at the shore could be a shipwreck party, while in the mountains a Tyrolean party or a cowboy and Indians roundup might put new life in an old crowd.

The shipwreck soiree leaves plenty of imagination for costumes for captain, crew, pirates, etc. Ditto to cowboys with girls all dressing like Pocohantas.

The thing that perks up every party of course is good food and plenty of it.

A wonderful food idea for either party with slight variations goes like this:

Get a loaf of French or Italian bread (better with French) for each member of the group. Or each guest brings his own. Slice it in half. Fill it either in the Italian fashion of slices of provolone cheese, salami, hard boiled eggs, and whatever else you like or do as I did recently which makes a lovely variation.

Cut slices of steak (any inexpensive cut will do) across buttered French bread. (Butter it with a mixture of butter, crushed garlic and oregano.) Put the whole loaf of bread in foil so that it can be roasted over a fire.

Or do the same buttering job and smear chopped meat over the French bread. Put slices of raw onion on top and broil as you would the steak.

A lovely hot sauce to go with either of these delectable sandwiches will even please the pirates and Indians. It is simple to make but tastes delicious. The recipe was stolen from a fancy New York restaurant.

Mix English powdered mustard with a little warm water to make a paste. Add catsup or chili sauce and a few dashes of tobacco and there you have it. One restaurant

keeps this hot on a burner all the time. It will have a good tangy consistency if you mix the exact amount of mustard—which you can only judge by tasting.

A quiz can perk up your lazy group while it is absorbing this deluxe sandwich. It could be either cowboy-Indian legend or shipwreck characters.

Take the cowboys up to the Roy Rogers era and have lots of fun reviving Pocohantas, John Smith, and Hiawatha too.

The shipwrecked can bone up on Robinson Crusoe, Long John Silver and might even include naval heroes in battles. Don't forget Lord Nelson and Lady Hamilton.

A cute costume for the shipwrecked girl would be a pair of shorts decorated with seashells or starfish sewed or pasted over

them. A girdle of fish net would be cute. The blouse could be plain white sleeveless or another appropriate one.

The Hindu flood story resembles that of the Christians and the Hindu Noah is named Manu.

### How Can I?

By ANNE ASHLEY  
Q. How can I prevent strawberries from settling to the bottom of the jar when canning them?  
A. After the strawberries are sealed in the jar, lay the jar flat until cool, then shake until the

berries are all through the syrup. With this treatment the berries will neither rise nor settle, and it will also add greatly to the flavor.

Q. How should eggs be prepared for storing?  
A. Eggs should never be washed before storing, unless they are for immediate consumption, as washing reduces the keeping quality.

Q. How can I make better sweet pickles?  
A. A small amount of vanilla and a small amount of lemon extract added to the syrup just before it is poured over the fruit will add a delicious flavor when making sweet pickles.

Q. How can I get rid of ants

### Household Scrapbook

By Roberta Lee  
Attractive Garnishes

Garnishes on meats and vegetables are what make some of the dishes served at high-priced hotels so attractive. Parsley, water-cress, pimento and slices of lemon

that persist in getting on the table?

A. Fill some can lids with ground cinnamon, and place the table legs in these lids. The ants will not cross the cinnamon.

Q. How can I remove fruit stains?  
A. By moistening corn meal with vinegar and applying. Or, grease the hands with lard, then wash with soap and water.

Q. How can I keep a stove from rusting when it is to be stored for the summer months?  
A. Give it a thin coating of three parts melted lard and one part resin before putting it away.

Q. How can I keep brocade slippers from tarnishing?  
A. They will not tarnish if they are wrapped in black tissue paper between wearings.

on are a few garnishes that are reasonable in price, but add to the appearance of a dish.

Fragrant Clothing  
Yellow Sockings

If the white stockings have turned yellow, boil them for a few minutes in strong tea, rinse in cold water, and a pretty tan shade will be the result.

A delicate fragrance can be given to clothes, that will last even after they are ironed, by placing a lump of orris root in the boiler on wash day.

The Hair

Castor oil rubbed into the scalp is an excellent tonic for the hair and will arrest grayness.

Meat Loaf

Try using crumbled crackers when preparing meat loaf instead of stopping to make the usual crumbs. The result will be a meat loaf that is light and fluffy.

Windows

It is not always necessary to wash cloudy windows. Sometimes a good wiping with a clean cloth will make them sparkle once more.

If a key does not turn easily in

When Kneading Dough

The dough will not stick to the fingers when kneading if the hands are rubbed with a little fat or lard before beginning.
