Three Injured Over Holidays

At least three persons were injured in automobile mishaps over the long Fourth of July weekend in the Hereford area and three wrecks were reported.

Amberst and Mrs. J. Roy Davis of Hereford, and an unidentified Latin American girl, Deaf Smith County accounted for none of the nation's hundreds of fatalities, however.

Most serious of the three accidents occurred Sunday afternoon at 1:45 five miles west and one mile north of Hereford at a farm road intersection. A 1955 Ford driven by Mrs. Davis smashed into the side of a 1947 International truck driven by Eugene Waits, 17. Waits was traveling west at the time of the mishap, and Mrs. Davis was traveling south. The Ford hit the truck on the right rear wheels with its left front fender.

The truck, owned by Emmett Johnson, flipped completely over, but neither Waits nor an unidentified passenger were injured. Mrs. Davis was rushed to the Deaf Smith County Hospital where she received emergency treatment and was later released.

Waits was given a ticket for driving without a commercial license.

First accident reported over the weekend happened Saturday afternoon when a 1953 Ford driven by Betty Gresham ran into the back of a 1950 Studebaker driven by Johnny Don Harris. Both cars were traveling north on Highway 51 when the accident occurred. Dianna Kay McWilliams, a passenger in the Harris' car suffered minor injuries. Harris was attempting a right turn when the wreck took place. He was given a ticket.

ONE INJURED -- Only one person was injured in a collision between the 1955 Ford at right and the 1947 International truck, above. Mrs. J. Roy Davis, driver of the car, was treated for minor injuries and then released from the Deaf Smith County hospital, and the driver of the truck, Eugene Waits, was uninjured in the mishap five miles west and a mile north of Hereford. (Staff Photo)

Hereford Firemen To Attend State Training School

Four local firemen will leave Saturday for College Station where they will attend the twenty-sixth annual Texas Firemen's Training School, to be held at Texas A&M College July 10-15.

Hereford firemen who will attend the school are Clay Angelo, Earl Phillips, Glen Witherspoon and Bill Bradley.

Conducted by the Texas Engineering Extension Service under the auspices of the State Firemen and Fire Marshals Association and in cooperation with the trade and industrial department of the Texas Education Agency, the school will have about 14 pumper trucks available from fire departments, and industries throughout the state to demonstrate latest fire fighting techniques. Expendable materials and fuels to be consumed at the training school are being donated by industries of the state.

Col. H. R. Brayton, chief of firemen training for the T.E.E.S., will direct the school, during which intensive training in latest methods of combatting every conceivable type of fire will be featured. Fire displays will include the burning of two four-room houses, an airplane fuselage, high pressure oil still, oil tank trucks and many other types of fires.

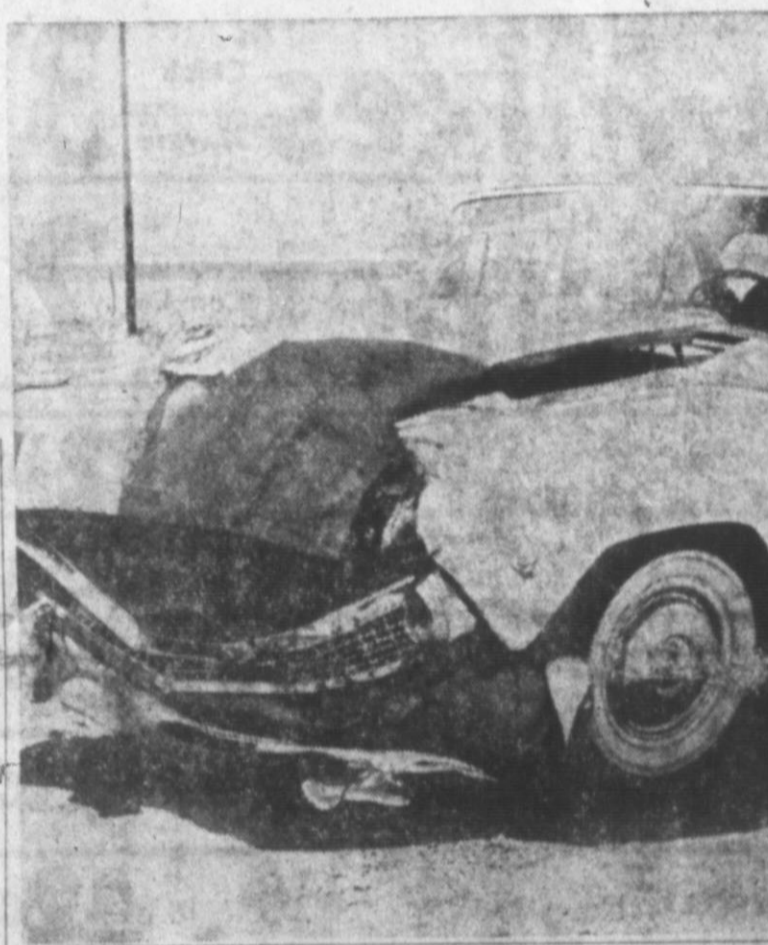

Supplementary instruction in disaster rescue operations will be added this year to prepare firemen to assist their community in time of natural disaster or enemy air attack.

One of the immediate benefits Texas cities have derived from the school is the training of firemen.

Only certain farmers will be required to file any kind of quarterly returns, John R. Sanderson, Amarillo district manager said. They are required only if the farm employer's total social security tax liability from January 1 to the end of any one of the first three calendar quarters of the year amounts to \$100 or more. Thus the farmer would file a quarterly report only if by April 1, July 1, or October 1, he has paid taxable wages of \$2500 or more. A farm employee's wages become taxable for social security purposes as soon as he is paid \$100 or more in cash during a year.

Every farmer who will have one or more employees covered by the law in a calendar year is required to file a yearly return in the following January. This yearly return or report will list the names, social security account numbers, and individual amounts of wages for all covered employees.

Any farmer who will have one or more employees that will be paid as much as \$100 in cash wages during 1955 should notify the Director of Internal Revenue, Dallas. Proper reporting instructions can then be sent the farm operator, and the proper reporting forms can then be sent him in ample time for each required report.

Ministers Point Out Duties Of Community And Church

Hereford ministers told citizens at the monthly Chamber of Commerce Community Breakfast what they believe the responsibilities of the church to be to the community

Social Security Representative Is Due July 20

A representative of the Amarillo office of the Social Security Administration will be in Hereford Wednesday, July 20, at 9:30 a.m. at the courthouse.

In announcing plans for the temporary office, a spokesman said that many farmers in this area are asking if they must file a quarterly social security report on their hired laborers and other employees for the first quarter of 1955.

Final speaker was Rev. Russell Pogue, Temple Baptist Church pastor, who pointed to the need of a

and what the community's responsibilities are to the church.

Rev. Howard Scott, pastor of the First Baptist Church, expressed four duties the church owes to a community: providing a place of worship, strengthening the foundation of the home, strengthening the moral fiber of the community and giving meaning to life.

Rev. Don Root of the First Christian Church said he believed the church has the responsibility of proclaiming the gospel, having intelligent and sincere concern for the community, being the conscience of the community and serving as a cohesive force.

Speaking of the responsibilities of the community to the church, Rev. Orval W. Akers, pastor of the Church of the Nazarene, said they were three-fold. The Community must support the Church financially, attendance and influence, he pointed out.

Two young San Angelo men with good intentions but poor directions found out the hard way last week that there is a lot of distance between Hereford, Texas and Hartford, Wis. — about 1000 miles, in fact.

Early one morning the two youths found their way into City Manager Cecil Massey's office. They affronted Massey, shoved a letter at him pointing at the postmark and asked, "Can you tell us where that is?"

Massey did and the two boys showed their disappointment. "We thought this must be the town," they said. "A friend told us it was near Amarillo."

Massey questioned the boys and found out they had come here after receiving a letter from their aunt postmarked Hartford, Wis., in which she told them she was ill.

The boys left Massey's office in the general direction of San Angelo.

Cecil Parker, Argen Draper Named To Top Legion and Auxiliary Posts

Cecil Parker was elected commander of the local American Legion Post and Argen Draper was named president of the Legion Auxiliary Tuesday night at the annual election of officers.

Auxiliary officers chosen were Reva Watson, vice president; Frances Parker, secretary treasurer; Lena Somas, sergeant at arms; Troyce Hanna, chaplain; be held Tuesday night at Dimmitt were also discussed. Election of Zone officers is to be held that night.

City To Appoint Safety Council

Park Board Is Also Discussed By Group

Hereford City Commissioners okayed City Manager Cecil Massey's plans to re-activate the city Safety Council at their regular monthly meeting Tuesday night and discussed the re-creation of a park board.

Massey recommended that the Commission revamp the Safety Council, which was created in 1950, but has been inactive in recent years. Members of the council are appointed by the Commission or recommendation of several of the city's civic organizations. Massey was told to mail out letters asking for recommendations to the clubs.

The Council's duties, as outlined by the City Manager, would be to make recommendations to the Commission on improving safety facilities in the city. Although no definite action was taken on naming a Park Board, Massey explained that its functions would be to help the city find ways to beautify and make the parks more useful and recommend new additions for parks.

City Attorney Earnest Langley was told to proceed with plans to file a condemnation suit against the Episcopal Church. The City and the Church have been unable to reach a settlement for the right-of-way to be needed in the 25-Mile Avenue widening program. The church building will have to be moved from its present location. Only one other property owner besides the church has not signed or been filed against.

Commissioners re-appointed Dr. L. B. Barnett as city health officer and approved bringing the east 155 feet of Block 46 of the Evans Addition into the city limits.

A petition presented by Robert Wagener, president of the Hereford Rural High School District, to bring school property into the city limits was turned over to the Planning Commission. Wagener presented the petition on behalf of the District. Property involved is the site of the new elementary school.

Commissioners also approved monthly bills and discussed the problem of meeting water needs during the peak summer months. Massey said that the city would

Local Mail Is Slowed by Wreck

Tuesday's railroad tragedy in New Mexico caused a delay in local mail dispersion, Hereford postal authorities said Wednesday.

Two of the trains which carry mail to and from here were cancelled because of the accident. All mail was handled by the two highway post office buses which make night runs both eastbound and westbound.

EDD STUMPF... Jaycees Train Leaders

Stumpf Says Jaycee Work Builds Leaders

Main purpose of the Junior Chamber of Commerce in Hereford is to help train men who will be a "credit to God, their families and the people of Hereford," Jaycees were told Tuesday by Edd Stumpf, of Houston, president of the Texas Jaycees.

Stumpf, who was introduced by John Alkin, said he was reminded of a man of Jaycee age who insisted 179 years ago that this nation made a drastic change from other nations. He said that the easy thing to have done would have been to pattern our constitution after those of other nations, but Thomas Jefferson insisted that our constitution be one entirely for the people.

The youthful Houston insurance executive was making his first appearance in Region I. He is slated to make three other talks to area Jaycees, including the principle address at the Tri-Regional meeting in Plainview Saturday and Sunday. A number of local Junior C.C. members will attend all three meetings.

Stumpf said the nation today is in need of men of Jefferson's standard, even more than it was during the founding of the nation. And he said that he knew of no better way to build a man in self assurance and character than Jaycee work.

Praising the past work of the national and state organization, he said he believed that an even

Lenderman Will Attend Institute

Bill Lenderman, manager of the Deaf Smith County Chamber of Commerce, will attend the annual United States C.C. Southwestern Institute in Dallas next week.

Lenderman will be completing his third year at the school and will receive a certificate of award if he successfully completes this year's course.

The manager will take with him enough Hereford potatoes to see that every Chamber of Commerce man who attends the institute gets a good sample to take home. He expects to give away more than a thousand bags of the local product, which will be supplied by Howard Gault.

345 Boys Take Park In Scouting

There are 37 more boys taking part in Scouting now than there were this same time last year in this area, members of the Deaf Smith Scout Leaders District were told Tuesday at their regular noon luncheon in the ballroom of the Jim Hill Hotel.

The report showed that there are now 198 Cubs taking part in the local program, 128 Scouts and 19 Explorers.

Bruce Miller's report also revealed that the fall round-up program is to be planned and the first steps set into action next month.

Wayne Thomas reported that the next Court of Honor will be held Sept. 19.

Earnest Langley revealed that a training event related to Explorer leadership is to be held in Friona July 7. He also gave a report on the Explorer training event covering fundamentals held in Friona June 28.

Bert Boomer gave the camping and activities report and Rev. Don Root the finance report. Leo Box reported on health and safety and W. J. Hiatt, zone executive, spoke briefly. Neil Cooper presided over the meeting.

Mr. and Mrs. Orpha Click, Mr. and Mrs. Lillian Wilson, Mr. and Mrs. Hugh Bookout, Mr. and Mrs. Robert Wagener, and Mr. and Mrs. Dennis Barnard visited over July 4 in the home of Mr. and Mrs. Jim French of Del Norte, Colo.

Mr. and Mrs. Larry Sirkel and Mr. and Mrs. Gene Hutchinson and families of Amarillo were guests Monday in the home of Mr. and Mrs. R. R. Stewart.

Billy Bryant, son of Mr. and Mrs. Burke Inman, is visiting in the home of his aunt, Mrs. L. C. Jordan of Whitarral, for a few weeks.

Around Town

Clean-up week got underway this week in Hereford, and a check of alleys in residential sections of the city show that the city's citizens are indeed cleaning up. Several local clubs and organizations are taking part in the drive, which is headed by the Chamber of Commerce.

Work on the school property across from the High School has already gotten underway. Plans call for turning the area into a play ground and football practice field for Junior High School.

Here 4-H Club members will meet tonight with their dads at 8 p.m. in the courthouse. Friday night the Westway 4-H Club will do the same.

(Continued on page 2)

ONION HARVEST BEGINS -- Onion harvest got underway with a bang in the Hereford area over the weekend as these pictures indicate. From early reports the crop is even better than had been anticipated by local growers. (Staff Photo)

# Household Tips

Pork chops may be rubbed with a cut clove of garlic before browning and braising. Chili powder may also be used for seasoning.

Dot fish steaks with butter, margarine or bacon fat; broil close to heat and quickly, turning once, until they are opaque through and flake. Don't overcook the fish or it will be dry.

A good Hungarian cook says that fryers or roasters should be used for Paprika Chicken—never tough friesees birds!

Blend three tablespoons of honey with a couple of tablespoons of sifted confectioners' sugar and a tablespoon of butter or margarine. Drizzle this mixture over hot biscuits when they come from the oven. Looks good, tastes good!

Chicken giblets are best used when they are fresh. But if you do want to freeze them put them in a package separate from the chicken parts.

There's garden freshness in vegetables when you cook them in a small amount of butter or margarine in a tightly covered skillet. Slice carrots, for instance, in thin rounds and cook by this method; just before serving sprinkle with chopped scallions, using both the root end and the green tops.

If you are planning to use a freezer locker, remember that all food taken to it must be wrapped in newspapers or put in an insulated container to help keep it cold on its way to the locker.

Want a quick snack to serve with a tomato juice cocktail? Mix equal parts of butter or margarine and finely grated Romano cheese the cheese is now available in wedge-shaped portions in most food markets and can be grated at home. Spread the mixture on slices of bread, sprinkle with paprika and toast in a hot oven or under the broiler; cut each slice of bread into three long strips and serve at once.

When you mix several kinds of cheese for a spread, be sure to refrigerate the mixture overnight so the flavors will blend.

Short-order cooks keep garlic powder on hand for seasoning meats, soups, stews, or chopping onion, mincing or crushing garlic.

Planning to buy some molds for jellied salads or desserts? Choose some with rings so when the molds are not in use they can double as decoration for kitchen walls.

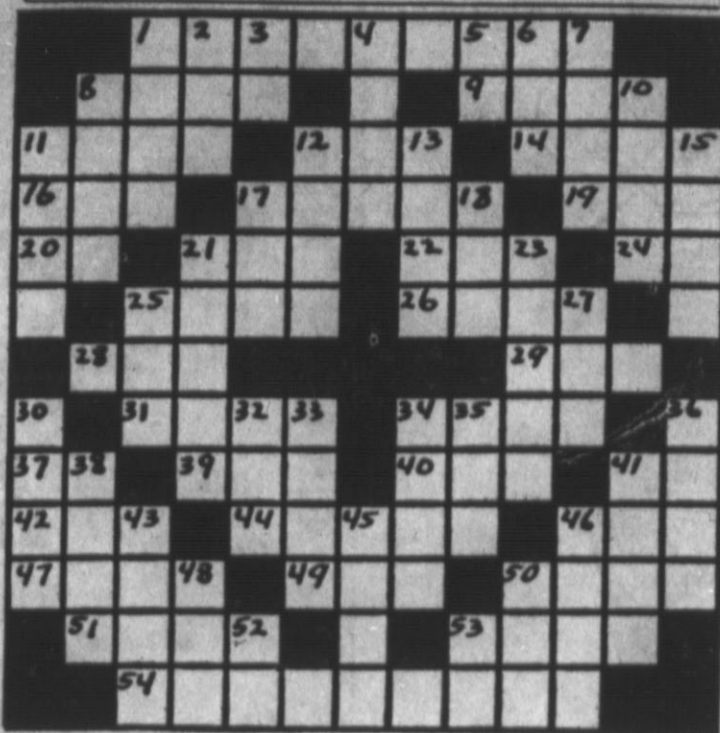

Try serving this simple homemade syrup on French toast. Stir a quarter cup of water and two-thirds cup of firmly packed dark brown sugar together in a saucepan. Boil for several minutes—or longer if necessary—to bring the syrup to a good pouring consistency.

Like to serve a hearty soup for Sunday night supper? Mix condensed tomato and condensed pea soup adding a soup-can full of chicken broth and one of light cream. Season with a little grated onion and freshly-ground pepper and heat. If the soup is too thick for your family's taste, add a little more broth.

Here's a delicious Chinese-style soup. Slice canned water chestnuts thin; add them to chicken broth with sprigs of water cress when you are heating the soup—just before serving. The stems should be left on the water cress and it should be wilted, not cooked. A clove or two of garlic (cut in half) should be added with the vegetables; too, then removed before serving.

## Make Your Swim Suit Pay Off With Glamor

By VIVIAN BROWN  
AP Newsfeatures Beauty Editor  
If last year's bathing suit doesn't flatter you, invest in one that enhances your figure.  
It might be late to begin a diet that will put you back in glamor proportions. But you can still find a suit that will camouflage extra pounds.

Milo Anderson, bathing suit designer, advises sitting down in the bathing suit you intend to buy to test the fit across the hips. If it follows your body contour comfortably, and other factors are to your liking, it is a good bet.  
"Most girls make the mistake of buying a bathing suit too small," he says. "The psychology behind the investment apparently is that they think cramming into a smaller suit will make them look smaller."

The reverse is true, he says. A suit that is a little larger usually makes the wearer look smaller than she is.

A bathing suit should play up attractive features. Strapless suits are ideal for the girl with attractive shoulders and bosom. The flat-chested girl, unless her bathing suit has a built-in bosom, would be better off with a high neckline. Kinny types do well in suits that have full skirts rather than hip-huggers.

Beautiful colors may be treacherous. Pastels, flattering to well-built girls, may make rounded types look like butterballs. Darker shades usually are better for the plump types, although white sometimes can be especially flattering.

A good suntan is an aid to the plump figure, giving it more slender appearance to the body.  
If you have gained weight and feel self-conscious in your swim suit, perhaps you'll need to take up other sports this summer rather than develop a complex about your appearance.

One model has a solution to this problem. Whenever she gains a few pounds and feels a little awkward, she makes dates for sailing,

hiking, tennis, golf or another sport that permits her to wear attractive Bermuda length shorts or slacks and colorful shirts. She finds this technique a real morale booster while she is trying to lose excess weight.

## New Swim Suits Stretch To Fit

By DOROTHY ROE  
Associated Press Women's Editor  
Newest addition to the stretch family of knitted nylon garments is the stretch bathing suit.

The swim suit is knitted of the same Helanca stretch nylon used to make the stretch-to-fit stockings, gloves, socks and girdles already widely available in the market.

Now being turned out by several swimwear manufacturers, the new stretch suits are made in three sizes to fit any size from 10 to 18. They are made without the use of rubber, depending on the stretchability of the yarn itself.

The new suits are being made mostly in sleek, one-piece styles, look something like the wool-knit suits so fashionable this season, and are expected to be much in demand by serious swimmers, since their figure-fitting lines have no encumbering frills or furrows.

The stretch suit controls the figure, yet flexes with motion. Women with between-size or hard-to-fit figures should find the stretch suits a boon both in comfort and good looks.  
"The new knitted fabric has a soft feel on the skin and retains the quick-drying properties of other nylon yarns."

The new suits come in a wide range of colors, and are expected to be available in shops throughout the country within the next few weeks. Distribution already has started, and manufacturers are producing the stretch suits as fast as possible, in an attempt to supply the demand.

Q. How can one camouflage a lar, a center part will help add length to your features.  
type of chin that juts out?  
A. y using a darker shade of foundation on it than on the rest of the face.

How to be a Better Cook... and save money too!  
By Mary Blake  
Here's a new series of recipes from the Hereford Brand.

Fried chicken has always been a favorite with all of us. I'm giving you some of my latest ways of serving this wonderful American dish.

**Southern Fried Chicken**  
Dip pieces of chicken in 1/2 cup undiluted Carnation, then in 1/2 cup seasoned flour. Brown on all sides in 1/2 cup hot shortening. Reduce heat, cover, and cook until chicken is tender (about 35-40 minutes). Remove to basket or warm serving platter.

**Fiesta Fried Chicken**  
Cut 1 fryer chicken in serving pieces. Dip in 1/2 cup undiluted Carnation, then in 1/2 cup seasoned corn meal. Brown in skillet with 1/2 cup melted shortening. Top with 1/4 cup chopped green onions and 1/4 cup chopped pimiento. Place in moderate oven (350° F.) 30-40 minutes or until chicken is tender.

"Vacation in an Afternoon" begins with this exciting array of inexpensive foods for your picnic basket... Our star recommendation is A PAN-READY CHICKEN FRYER—so easy to prepare... Cool fresh fruits and frozen desserts top our ready-to-eat list.

### Snuff Out Summerfield Rally To Win 12-9; Pigs Take Easy Win

By BILL KNOX  
Young Larry Walterscheid took over mound chores with the bases loaded and none out in the seventh inning and snuffed out a Summerfield rally after the Knights of Columbus had pulled a storybook comeback to take a 12-9 victory Tuesday night. Piggly Wiggly strengthened their hold on first to tie the full game with a 12-0 victory over Cooper's in the first game.

The KC's took an early lead and led until the third when the Farmers tied the score. They captured the lead again in the fourth on Ernie Fangman's home run and added one more in the sixth. But in the last of the sixth Summerfield cut loose with a six-run outburst to take a four-run lead. Still the Knights matched them plus two in the top of the seventh.

Summerfield errors may have been the basic reason for the KC's win. The Knights put together only six hits, but the Farmers were guilty of seven miscues. Four came in the tragic seventh inning.

Larry Walterscheid stopped the Summerfield rally short in the seventh to give the KC's a hard-fought 12-9 victory. However, winning pitcher is Bill Stengel. The loss is tagged on Duane Baize.

### Beauty At Home

By LYNN CARTER  
Q. What places are there, other than the cheeks, where rouge can enhance one's looks?  
A. A faint bit of rouge, applied right under the eyes, will make the eyes look brighter and help mask any dark circles. A mere dot of rouge on the forehead, over and around the ends of the eyebrows, on the lobes of the ears, and in the middle of the chin, will make that "flush" more authentic looking. All these spots are places where very young children often have natural color.

### Beauty At Home

Q. How often do you advocate using facial beauty masks?  
A. About once a month should be enough. If used too frequently the facial muscles become accustomed to the special attention and will not respond or look vital without it.

# There Is No Place Like Home Full of Honey Bees

By ROBERTA CAMPBELL  
Honey bees are the only insects that men can control and make work for him for his benefit, according to the encyclopedia, but once they set up house keeping

under the same roof with human beings the wonderful relationship is apt to be severed. Man may be protected in evicting an undesirable tenant, but once a colony of honey bees moves

in with him he will be obliged to not only furnish his own protection but to resort to something other than legal procedure to get them out of the house.

The honeybees have the most all animals except the ant. They live in a republic where all the citizens do all the governing without voting so there isn't a chance to influence them through politics.

For a long time people in this area thought it was impractical to try to keep bees because of the wind, but more recently bee hives may be seen under trees or along fence rows on many farms around Hereford. The growing of alfalfa probably was responsible for introducing bees to this locality and now they are able to find other crops with blooms to feed on including cotton and clover.

Hives provided by the owner will take care of a single swarm of from 10,000 to maybe 80,000 individuals, but when more than one queen attempts to boss the hive then one of the womenfolk is loser and she is forced to move out with her followers.

If the bee man is observant enough to catch the swarm they are more than apt to move into a building of some sort and re-establish a home. A good many houses in and around Hereford have been invaded and the busy little insects must either be smoked out or poisoned unless someone interested in getting a hive is willing to go into the walls and remove them.

This is not an easy job as once the bees are disturbed they become hard to get along with and will sting anything in their path.

The man working with them moves quietly and protects himself with a net over his face and long leather gloves and hitches legs tied tightly at the bottom.

queen. If she can be transferred to the hive the remainder of the bees will follow in a few hours and the task is completed except for the killing off a few confused stragglers. The hive is usually left until night fall and then moved to a new location.

Most anyone who has ever had the unhappy experience of getting bees into the house will suggest that the best policy is to plug up all the holes around the house that are big enough for a scout to get into before he notifies the whole colony and they settle on the new location. It's one way to keep from getting stung.

BUSY AS A BEE -- Floyd Stevens was plenty busy while getting this swarm of bees out of the wall of Roberta Campbell's home. The bees had made their home in the wall three years and were not in any mood to move. These pictures show him at his hazardous work. No, the photographer didn't get stung! (Staff Photo)

## H D Chatter

By ARGEN DRAPER

There are still plenty of recipes in the office for the better rolls. The miniature white bread is popular with the club women who are making it now. It is a quick easy way to have homemade bread and fits well into busy schedules. For people who work it is about the only way to have home made bread. From the time the batter is mixed until it is finished cooling is less than two hours.

We hear good reports on the demonstrations given at clubs by Mrs. Paul Hoff, Mrs. Leroy Williamson and Mrs. Paul S. Corbett. These clubs met while we were on the Talent Club Tour. Then when we had to go to Wellington to help our folks with the tornado damage Mrs. Corbett again came to our rescue and gave demonstrations at Mrs. Ethel Layman's and Mrs. N. E. Tyler's. Mrs. Corbett is an expert with yeast breads.

Mrs. Carlos Vaughn, Mrs. Edd Cox, Mrs. John Jacobson Sr., and Mrs. A. E. Douglas ordered the recipe book on yeast breads. It is "When You Bake With Yeast." It is available at a small cost.

You will be able to avoid some tomato troubles with the following information. It comes from our specialists at College Station. Tomato Curly Top is a virus disease that was only found in the far western part of our state up until just a few years back. For the last two or three years this disease has been spreading until at the present time it has been reported from almost every section of the state. This disease is not spread through the seed or soil nor is it spread by contact of diseased plants with healthy plants nor by the handling of plants by the grower.

The only method of the spread of this disease is by an insect known as the beet leafhopper. The curly top virus causes the leaves of the tomato plant to curl upward, and the veins on the under side of the leaves are usually enlarged and purple in color. The plant usually stands fairly erect in most cases more so than a normal plant. It stunts the growth of the tomato plant and usually prevents it from setting any more fruit and causes the fruit that is already developing to mature much earlier than nor-

mal. The disease almost always results in the death of the plant. As is true of most viruses, there is no chemical control for this disease. About the only thing that can be suggested is to follow a thorough and regular dusting program to keep down the infestation of leafhoppers. A five percent DDT dust or a five percent methoxychlor dust will give good control of this insect. The entomologists point out that these two materials should not be used closer than 20 days before harvest of the tomato fruit. The entomologists suggest that a four percent malathion dust may be used and this material can be used up until 10 days before harvest.

Mr. and Mrs. Ray Neel and Lilith and Mr. and Mrs. Thomas Botsford and Patricia Fowler, spent the weekend in Colorado Springs visiting with Mr. and Mrs. Wayne Neel.

Mr. and Mrs. J. W. McIver and Johnny, visited over the weekend in Amarillo with Mrs. McIver's sister and family, Mr. and Mrs. Ansel Arden. Sunday they attended the Furr Food picnic at Boys' Ranch.

## Yeast Bread Demonstrations Given For Two County HD Clubs Last Week

"When making yeast breads the yeast is moistened in a little warm water so the yeast cells may be distributed evenly through the dough." Argen Draper told members of the West Hereford H. D. Club who met with Mrs. Roy Boyd for a luncheon June 28.

Mrs. John Jacobson Sr., was presiding officer for the business meeting which followed the demonstration.

Mrs. Vern Witherspoon gave the report of the year book committee. Education and expansion report was given by Mrs. P. H. Luck. Mrs. Alice Cox had charge of recreation and also gave the Council report. Mrs. Carlos Vaughn gave the marketing report.

Those present were: Mesdames

## Brumley Finds Irrigating From Lake Pays Off

Roger Brumley reports that the irrigation system which he installed this spring to pump water from a lake on his place about 18 miles west of Hereford on Harrison Highway to water wheat has paid off well.

Brumley, who watered 220 acres of wheat twice and 100 acres of barley, is harvesting an estimated 25 bushels per acre after considerable hail damage earlier this summer.

The 15 foot channel which feeds water from the lake bed to the impellers still flows and Brumley is now starting to water a crop of Kaffir from the same source.

The irrigation set-up has only one bowl on a 10 foot column with two feet of suction allowed underneath the bowl. The butane powered motor lifts the water 64 feet in the quarter of a mile it travels through 12 inch pipe before it empties into the irrigation ditch that carries it around the hill to the fields east of the ranch headquarters.

After the water reaches the ditch the procedure is the same as for any other type of trench irrigation. However, unlike those watering from below the surface, Brumley has a pretty good idea how much water he has available and a good rain can raise the water level rapidly.

## Educational Tour Planned By 4-H Leaders At Meeting

Deaf Smith County 4-H Leaders Council met in regular session June 29, in the District courtroom. Mrs. Roy Pruitt, chairman, presided at the meeting.

The following committee reports were given:

**Educational Tour** — Mrs. Ira Ott, chairman, reported that the educational tour will be held July 28. This is a one-day tour that is being planned for 4-H Club members at which time they will visit places of interest in Amarillo.

The group will leave at 8:30 a.m. on the morning of July 28 and go by chartered bus. Each person will take a sack lunch. Tentative plans have been made to visit the telephone office, KGNC-Television sta-

tion, Taste Bakery, News-Globe, Camels Candy Factory. This tour will take the place of the overnight camp that is usually held in the summer for 4-H girls.

**Dress Revue Committee** — Mrs. T. B. Thomas, chairman, appointed Mrs. C. F. Homfeld and Mrs. Roy Pruitt on the Dress Revue Committee. Mrs. Thomas called a meeting for July 18 at 10:30 a.m. in the Home Demonstration, Agent's office to complete plans for the County Dress Revue to be held in August.

New business included the money-making project of the 4-H girls which is the lightbulb sales. The group voted to make a special effort to sell the remainder of the lightbulbs on hand. The month of July is to be set aside for the purpose of selling the lightbulbs.

Following the business meeting, Carolyn Williams, a member of Happy Homes 4-H Club, gave the training to 4-H Club Leaders for their July program, which is on "Grooming," with special emphasis on skin care and accessories. She stressed that cleanliness is the first rule and habit of good grooming. The demonstration on skin care was divided into two parts—

(1) care of the complexion, and (2) care of the body. Charts were used to emphasize the main points in caring for the skin. Mrs. Loyce Sullivan gave the demonstration to the group on accessories. She used 4-H girls as models and each girl modeled a garment representative of each type of garment that may be entered in the County Dress Revue. Each garment was modeled with complete accessories.

(Continued on page 2)

## Demonstrations On Aprons Given

The Junior Countywide 4-H Club met June 28 in the home of Nancy Boardman. The meeting was called to order by Maxie Wiseman, president. Minutes were read by Sandra Wester, secretary.

The program on "Making a Draw String Apron" was given by Loyce Sullivan, assistant CHA.

The following members were present: Sandra Wester, Barbara Pulliam, Sarah Hudspeth, Maxie Wiseman, Bonita Honea, Cecelia Loerwald, Anna Mae Schroeder, Kay and Gail Bishop and Nancy Boardman.

**JOLLY GIRLS**  
The Jolly Girls 4-H Club met in the home of Wynona Roberts on June 27 at 2:30.

## At The Movies

Violence and passion are powerfully merged in Columbia Pictures' "The Violent Men" starring Glenn Ford, Barbara Stanwyck and Edward G. Robinson, which shows Friday and Saturday at the Star Theatre. Photographed in Cinemascope and Technicolor, the movie depicts that strange and dangerous breed who ruthlessly lived and recklessly died in the course of the nation's expansion westward. Set in the post-Civil War period the greed and terror of the land barons, "The Violent Men" is a breathless tale of high adventure.

**"THE CAINE MUTINY"**  
Hollywood technicians excelled themselves in the recreation of the great South Pacific typhoon of 1941 for Columbia Pictures' "The Caine Mutiny," starring Humphrey Bogart, Jose Ferrer, Van Johnson and Fred MacMurray and showing Sunday, Monday and Tuesday at the Star Theatre in color by Technicolor. Footage shot at sea while the company was on location in Hawaii forms the backbone of the typhoon sequence. In the midst of all this fury on the screen in "The

Caine Mutiny," Van Johnson as Maryk, MacMurray as Keefer and Robert Francis as Willie Keith take command of the typhoon-endangered USS Caine away from Captain Queeg, in the person of Bogart in one of the climatic episodes. Jose Ferrer plays Lt. Greenwald, the court-appointed and reluctant defense counsel who cold-bloodedly "torpedoes" Bogart in the court martial which follows, in order to save Maryk from the consequences of his "mutiny."

**"SHIELD FOR MURDER"**  
"Shield For Murder," showing Thursday and Friday at the Tower Drive-In Theatre, through United Artists release, is rich in the two essential staples of the murder-and-suspense film—sex and violence. Edmond O'Brien and Marla English, nineteen-year-old brunette discovery, are co-starred in "Shield for Murder," the plot, brutal and realistic, dealing with a big city cop who goes berserk and turns killer.

**"THE BLACK DAKOTAS"**  
While the War between the states raged with undiminished fury on now-historic battlefields, it affected every far-flung corner of the land. Columbia Pictures' "The Black Dakotas," starring Gary Merrill, Wanda Hendrix and John Bromfield in Technicolor, brings to the Tower Drive-In Theatre the great crisis of the Northwest Territory when the mighty Sioux Na-

**DEBORAH IS THREE** -- It was Deborah Jan Hodges' third birthday and her friends were all present Thursday to help her celebrate at her party given in her honor by her parents, Mr. and Mrs. A. E. Hodges. Pictured from left to right, front row, are Judith Pellam, Debbie Rickman, Larry Glen Kopp, Deborah Jan, Lorraine Bell, Iris Hodges,

Melissa Ann Johnson, Johnny Rickman, Linda Rickman, Gary Hill, and Junior Hodges. Back row are Linda Belh Hill, Sharon Kay Thompson, Marilyn Bell, Dennis Hodges, Jerry Hodges, Austin Hodges and Melvin Bell. (Staff Photo)

tion stood undecided between war and peace, while partisans of the North and South, respectively, sought to keep the Indians quiet or to send them on the warpath, hammering the Union forces considerably.

**"BLACK TUESDAY"**  
In "Black Tuesday" United Artists release which shows Sunday at the Texas Theatre, Edward G. Robinson is starred as a gangster who engineers a violent and bloody jail-break. Starred with him in the Leonard Goldstein production are Jean Parker and Peter Graves. A hard-hitting story of a killer who holds an entire city police force

at bay while barricading himself and several hostages, "Black Tuesday" was produced by Robert Goldstein and directed by Hugo Fregonese.

The rapid development of the use of cotton fabrics in the 18th century curtailed the widespread use of linen in Europe.

**GOLD DREDGE MOVED**  
HELENA, Mont. — The first of the modern floating gold dredges to be erected in the Helena mining area has been transferred to placer workings in the Boise, Idaho, Basin. It required fifteen 20-ton trucks to haul the dismantled 300-ton giant. There still is one gold dredge in the Helena area. It is

on a creek 15 miles south of Montana's capital city.  
Glass spectacle lenses were first made at the end of the 13th century.  
A baby hippopotamus, which weighs about 100 pounds at birth, can swim before it can walk.

## Demo.....

(Continued from Page 1)  
The meeting was called to order by Peggy Browning. The group sang the club song and the ritual was led by Joy Pickens. Roll was called by Sharon Bezner.  
Loyce A. Sullivan, assistant home demonstration agent, gave the demonstration on "Draw String Aprons."

Lois Chapin was enrolled as a new member.  
Members present were: Sharon Bezner, Peggy Browning, Ann Dyer, Joy Pickens, Wynona Roberts.  
The next meeting will be in the home of Sharon Bezner July 14.

## Education.....

(Continued from Page 1)  
Following the training meeting, each of the delegates to District Camp and 4-H Round-Up gave a report of their trip.  
Those attending were: Mrs. Ira Ott, Happy Homes; Mrs. J. E. Dyer, Jolly Girls; Mrs. C. F. Hornfeld, Caprock; Mrs. Roy Fruit, Walcott; Mrs. T. B. Thomas, Saddle Lee Oliver; and Mrs. Loyce Sullivan. The following 4-H'ers were present: Martha Logan, Pat Dawson, Ann Dyer, Peggy Browning, Royce Lee Fruit, Merry Kay

Fruit, Margaret Burrus and Carolyn Williams.

# PORTER-CABLE POWER TOOLS

NO PROJECT TOO BIG..... NO JOB TOO TOUGH! He'll do hundreds of jobs around the home with Porter-Cable power tools. Home workshop jobs, repairs and household projects are easy, fun with these powerful, hard-working tools. And -- they pay for themselves in time saved alone. Come in and see them today.

Model D-L  
**\$44.50**

Complete workshop in one tool! This sander-polisher drills, rubs, stirs, grinds, polishes, sands, sharpens.

Model 125  
**\$59.50**

Here's the most useful saw you can buy! Easily cuts 2" dressed lumber, metal, stone, plastics.

Model A-L  
**\$75.00**

This powerful saw quickly handles cutting problems at home or on the job. Rugged enough to handle all sawing jobs.

Model B-7  
**\$24.95**

This low cost drill also buffs, polishes, grinds. Has hundreds of different uses. A perfect tool for around the home uses.

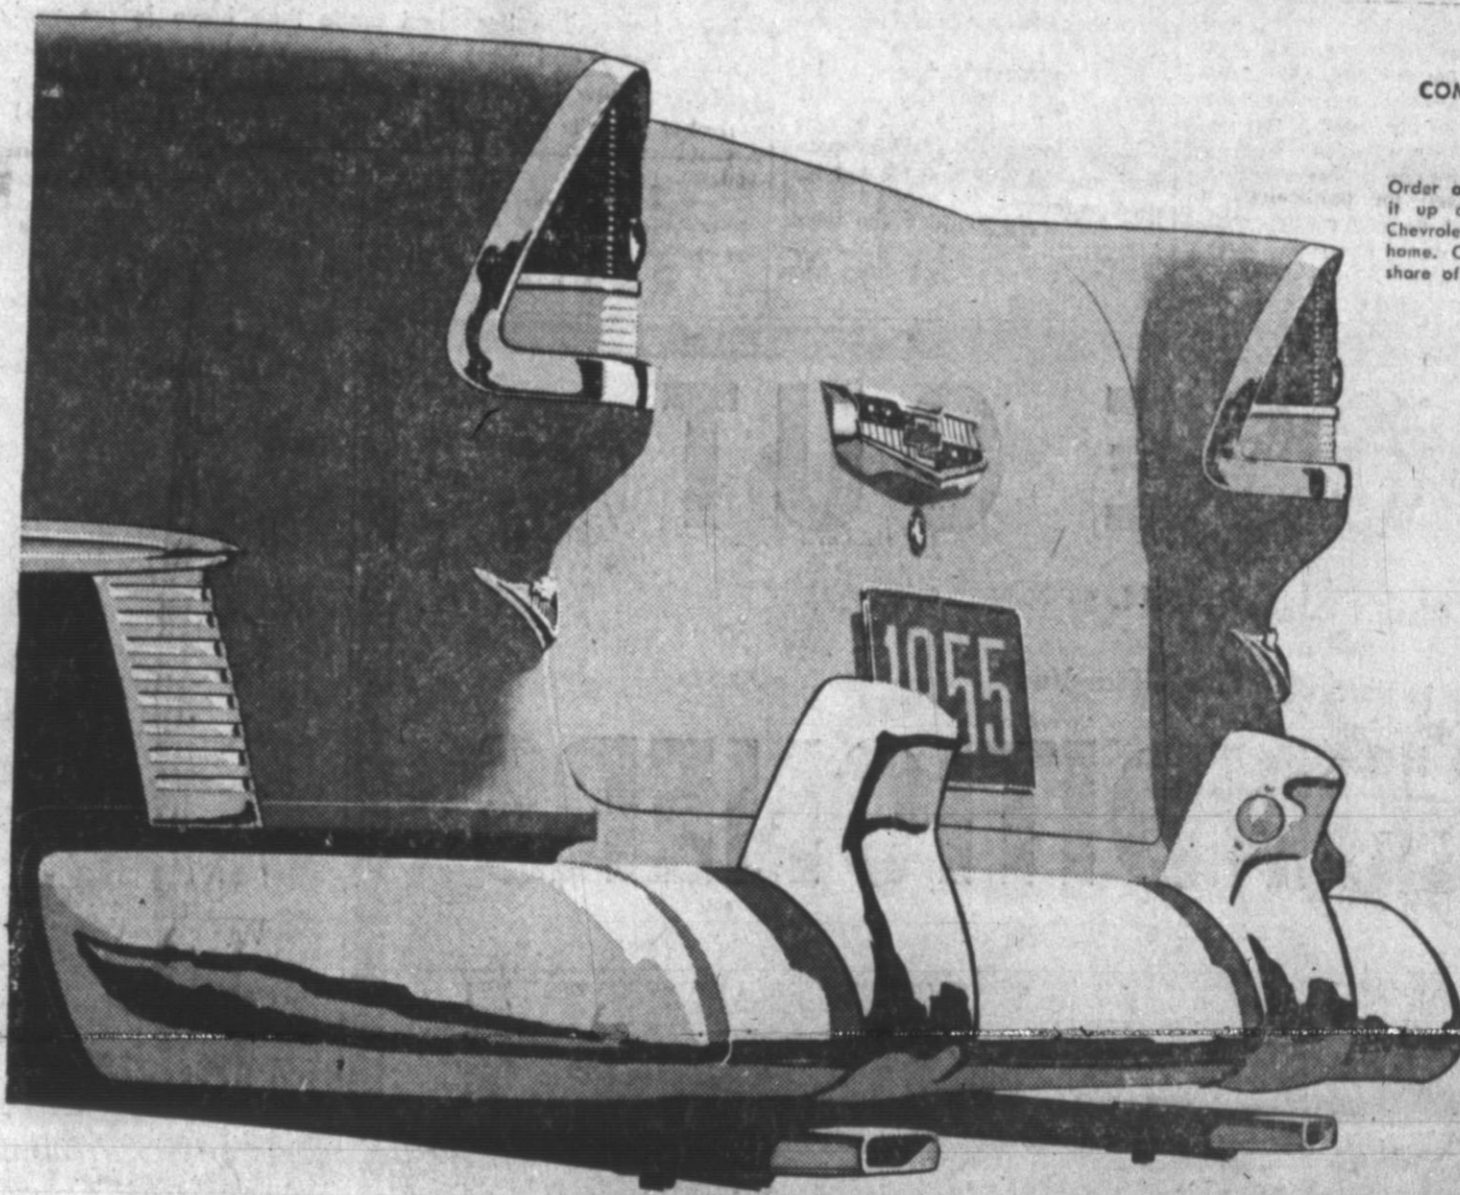

Model 109  
**\$48.95**

Big, powerful, fast working drill easily drills 1/2" holes in steel, 1" in hardwood. Ideal for home, workshop or farm.

Model 136  
**\$59.50**

This belt sander handles roughest sanding or finest finishing. Compact, fast, powerful. Sands wood, metal, plastics. Just guide it... the tool does the rest.

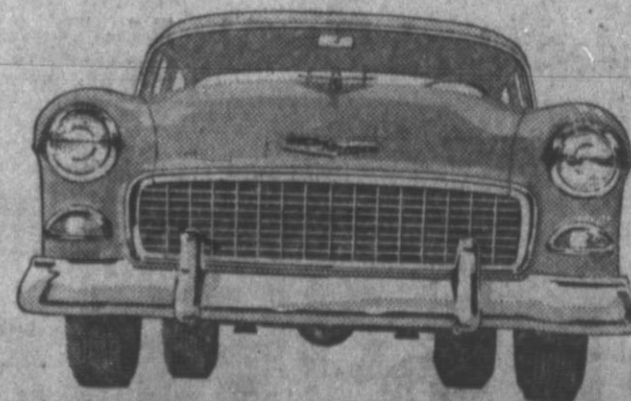

*Twin Pipes that play sweet music!*

## Chevrolet's "Super Turbo-Fire V8" with 180 hp.

You can spot this one by the twin tail-pipes. No matter what you drive, you're going to see twin-exhaust Chevrolets pulling away—in traffic, on the toughest hills, on the long straightaways.  
... Unless you have a "Super Turbo-Fire V8" of your own. And then you'll know what it's like to pilot the car that sets the pace for everything else—and doesn't pause to read the price tags!  
What makes the Super seat? Chevrolet's superb valve-in-head V8, with the shortest stroke in the industry, the most power per pound, and the only

12-volt electrical system in its field—all this plus a four-barrel carburetor and free-breathing twin exhausts.  
Want to sample this silk-lined cyclone? Just give us a call, any day this week, and we'll be proud to show you just how hot a V8 can be.

\*Optional at extra cost.  
†Station wagon models have single exhaust pipes.

SIX YEARS OLD FRIDAY -- Edith Davis was honored Friday in the home of her parents, Mr. and Mrs. W. L. Davis, Jr., with a birthday party in the form of a picture show. After the show, all returned to the Davis home for refreshments. Shown in the picture from the left: Ronnie Barnett, Beverly Packard, Charlotte Hill, Edith Davis, Charlie Barnard, standing; Paul Waldrop, Keith Blanton, Ellen McGowan, Susie Douglas, Becky Cox and Donna Hill. (Staff Photo)

### Long Time Ago

**45 Years Ago**  
Three cars of oil well machinery have been unloaded at Adrian, in Oldham County, 36 miles north of Hereford. It now develops that for the past six months a syndicate has retained men in the field, and these as experts in the game of oil, have indicated that there is doubtless a large body of oil underlying the Oldham County holdings. The experts have worked quietly and in this manner have secured optional leases on large areas of land out a little way from Adrian.

Automobiles running without a number will likely get their owners in position to pay a fine of \$5 and cost and maybe more.

**25 Years Ago**  
Eight hour switching service for moving out loaded cars and spotting empties has been maintained by the Santa Fe railroad during the harvest season. This has been made possible, according to J. E.

Beyer, agent, by having a local from the east lay over for a stated period and the following day constitute the crew of a westbound freight. The construction of yard tracks has been completed and the new unloading dock is now in operation.

An increase of about \$90,000 in deposits over this time last year is shown in the combined official statements of the three Hereford banks, the First National, Western National and First State, which have released for publications a statement of their financial condition. Resources of the three banks are approaching the one and a half million mark with \$1,474,962.70. All three banks have a capital stock of \$50,000 each.

The new school building for the Ford community, 16 miles north of Hereford on 25-Mile Avenue, will be ready for occupancy about Aug. 10, according to the contractors, Buckner, Lambert and Hicks. The

### Household Scrapbook

**By Roberta Lee**  
**Squeaky Shoes**  
The shoes will not squeak if a small hole is bored in the sole up under the arch and oil poured into it. Let the shoes stand upside down as long as possible after filling the hole, to allow the oil to get into the space between the soles.

**Cooking Cereals**  
Lumps in cooked cereals can be avoided if a paste of the cereal is made first with a little cold water, then stirred into the boiling salted water.

**Road Oil**  
Kerosene is very effective for taking road oil out of the majority of fabrics, as it evaporates quickly and does not injure the goods.

**A Preserving Hint**  
When there is a large amount of fruit or vegetables to peel, try binding the thumb and forefinger of the "knife hand" with a strip of thin clean gauze, and see if it doesn't prevent rough, discolored hands.

**Parstey**  
Put the sprigs of parsley in a jar with screw top, keep in the refrigerator, and it will keep nice and fresh for many days.

**Cellar Steps**  
Plain rubber stair treads tacked to the cellar steps will not only be more attractive but will save much dirt being carried from the basement to the kitchen, and they can be washed just the same as plain wood.

**Packing Glass**  
When one must move, after the winter's fruit is put up, the glass jars can be kept from cracking by cutting old inner tubes into sections the right length, and slipping them over the jars.

**Jam**  
To prevent jam or marmalade from burning or boiling over, butter the bottoms of the preserving pans before putting in the contents.

Drive the car that gives you MORE of everything... Take  
**CHRYSLER'S**  
**"100-Million-Dollar Ride!"**

All this, and more, is yours in a Chrysler!

**World-famous FirePower V-8 engine**, the most powerful type V-8 on the road today—up to 300 hp! Airplane-type design provides unequalled safety reserve power.

**PowerFlite Fully-automatic Drive**, the smoothest and most automatic no-clutch transmission in any car! New dash panel shift lever—an important milestone in convenient car control!

**Exclusive Full-time Power Steering**, the only power steering that works all the time without effort. You can turn and park with just a single finger on the wheel, and still maintain a constant, secure "feel of the road."

**Extra-large, extra-safe Power Brakes** bring you to swift, sure stops with much less effort. A double-width foot pedal enables you to brake easily and safely with either foot.

**Double-strength Oriflow shock absorbers** provide twice the cushioning power of ordinary kinds, giving you smooth, comfortable rides over even the roughest roads!

**Super-Scenic sweepback windshield** is wrapped around both top and bottom, giving you greater vision, greater safety. Sweep-back design enhances car's look of forward motion.

**Here is the car that literally does everything for you—and does it so easily!**  
Chrysler's Full-time Power Steering is the only power steering that gives you a full-time feel of the road. Chrysler's airplane-type V-8 engines (up to 300 horsepower!) are the only ones that give you a new measure of safety reserve power. Chrysler's brand-new PowerFlite Transmission is the only fully-automatic drive with handy dash panel control and "smooth flowing" surge of power. There's plenty more that will amaze you when you slip behind the wheel of a new Chrysler. See or phone your Chrysler Dealer today for an unforgettable demonstration!

# Pig Rally Falls Short In Tourney

**By BILL KNOX**  
DIMMITT—A last inning rally failed for Piggly Wiggly as they fell to the Dimmitt All-Stars 7-6 in the finals of the Dimmitt Softball Tournament. The Pigs, without the services of Don Morgan,

spotted Dimmitt six runs in the first inning, then a comeback fell short in the seventh. Piggly Wiggly errors all but handed the All-Stars the game on a silver platter. Every Dimmitt run was unearned, the scoring of

each in some way connected with the eight errors committed by the Pigs. Every Piggly Wiggly run was earned, as Dimmitt made no errors.

Neither team was able to score consistently, each bunching most of their runs in one inning. However, Dimmitt scored their runs early, and Piggly Wiggly waited until the seventh with their big inning.

After a shaky first inning, Harold Dunnam, Pig pitcher, was effective. Dimmitt chalked up their seven runs in the first two innings and were shackled by Dunnam from then on. However, it was just the opposite with Piggly Wiggly. Alvin White, effective but wild, was stingy in the first five innings, not surrendering a run. Then the Pigs got to him for six in the final two innings.

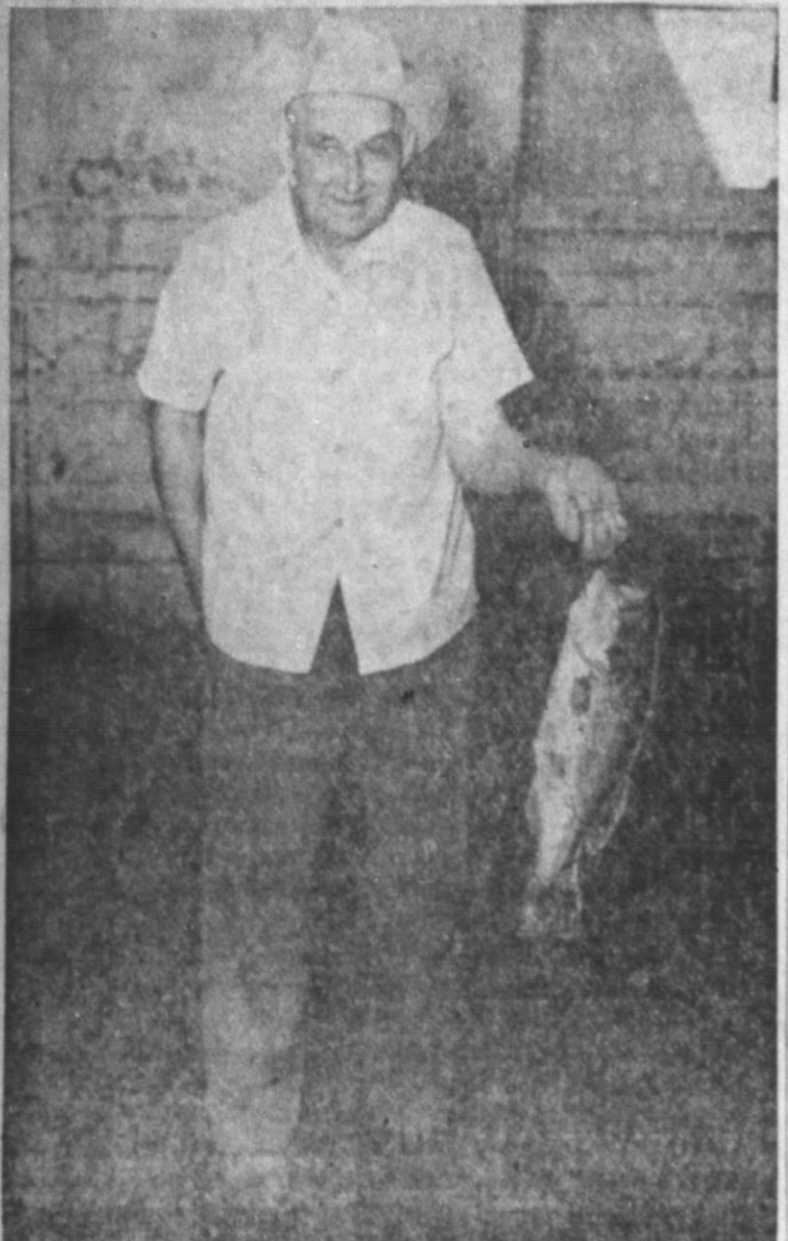

And the Pigs had the All-Stars scared in the seventh. Possessing a big lead going into the top of the last inning, they awoke to a rude awakening and found out the type of ball Piggly Wiggly is capable of playing.

Trailing 7-1 at the start of the final inning, the Pigs cut loose and almost tied the game before having their rally snuffed out. The first three men, Callaway, Elliston, and Brock all drew bases on balls to load the sacks with none out. Raymond Dement lashed out a single to send across two runs with still none out. Always dependable Raymond Laeb then blasted a double to chase two more and put runners on second and third. Laeb scored on a ground-out after pilfering third. Then with one out Slagle walked. Pickens grounded out, but Dunnam also drew a base on balls. Bill Callaway, the next batter, fouled about six down the left field line before striking out to end the game.

But the All-Stars definitely showed prowess in taking the victory. They fixed themselves with six big runs in the first, but were unable to build up a much larger lead. Carpenter and Cook walked to lead off, and Clark grounded to third. The first two runners moved up on a passed ball then Carpenter scored on ybee's error. Cook came charging in when Sims' throw to second went wild, and Smith scored on the same series of errors. White drew life on Brock's error, and when he stole second he went on to third on another error. Sheffey scored him with a grounder and was safe himself. Williams and Gilreath both got clean base hits to blast in the runs. The next two men after Gilreath were retired.

SECOND PLACE in the Dimmitt Softball Tournament went to Piggly Wiggly, members of the Hereford Softball League. Above Marshall Wilson is shown with the second place trophy. (Staff Photo)

SOME BASS --Barry Orr displays the four pound, nine ounce bass he brought home from Buffalo Lake recently. Besides the fish, Orr brought home a tall tale about how he caught the "fighter." Said Orr: "I caught him on my pole with my rod and reel." (Photo by Alex Thompson)

## Hereford Brand... SPORTS

### Unbarger Dutchmen Romp Past Pink Sox 10-3 In Plains League Contest

Unbarger's Dutchmen romped by the Pink Sox of Hereford 10-3 here Sunday afternoon in a Central Plains League game. The Sox never were a match for the Dutchmen who showed murderous power at the plate. Tom Gerber definitely had Hereford's number. He was effective throughout the fracas, fanning nine and giving up only one walk and hitting one. The fourth, when he gave up two runs, probably was his most shaky inning. Terry McRight, Hereford starter, was soundly clouted. Unbarger got seven of their 10 runs off McRight before he was replaced by Raymond Lueb with none out and the bases loaded in the second. Lueb then proceeded to strike out 11 through the course of the game. McRight fanned two before being pulled.

But the damage had already been done before the fire was snuffed out. However, the Dutch didn't score as easily as in the first and second in the latter innings. The booming bat of little Bill Cross also played a big part. Hereford didn't score in the first three innings while Unbarger scored in all three. They also scored lone tallies in the sixth and seventh to keep the fire going. All of Hereford's runs came in the fourth and fifth. Three of the five hits picked up by Hereford were registered in these innings. Unbarger jumped to an early lead with four tallies in the top of the first. To begin the game, (Continued on page 5)

### Hereford Polo Team Is Upset

A well mounted Dalhart team upset the Hereford palmetto polo team 7-5 in the Hereford arena Sunday afternoon. It was Hereford's first conference loss of the season and their first defeat since late in 1954.

The Hereford team was playing well below par. Dalhart took the lead in the first chucker and kept it throughout the contest. Boiling Dalhart guard, had Hereford scoring ace Harold Beauchamp bottled up very effectively. Beauchamp is one of the better players in the conference.

Beauchamp was still high man for Hereford, however, scoring four points. Harold Easley scored the other point. High-point man for Dalhart was Archie Baily. Baily scored all of Dalhart's points to take scoring honors for both the teams. The game was not as close as it may sound. Dalhart was in command all the way. They took (Continued on page 5)

## Channer Team Is Tourney Winner

A team composed of Dr. J. H. Channer, Urlin Streu, Tom Howard and Tom Patton won the Club Team Golf Matches held at The Hereford Golf Club Sunday and Monday. Nine teams, or a total of 36 golfers, participated in the tourney.

Low individual medal player for the tournament was young Charles Seed with a 76-76-152. Second low medal went to Dale Taylor who had a 78-76-154. Third went to Don Martin who had a 79-77-156.

The winning team, captained by Channer, had a total of 191 points ment. Each member of the foursome received \$8 in merchandise for their winning efforts.

Second place went to Dale Taylor, E. S. Vaughn, Whimpy Walker, and Donald Bridges who had a total of 177 points. Each member except Taylor and Bridges, received \$5. Taylor and Bridges are still in high school and are not allowed to accept awards.

The third-place team, who consisted of Charles Seed, John McCleskey, Earl Springer, and Rowena Posey, chalked up a total of 176 points. Frank Latimer, Doc Cowan, Sam Gilbreath, and Ola Mae Trimble took fourth place with 174 points.

Other teams and their scores were: J. M. Posey, Captain, Wendel Burdine, Doug Carlisle, and Deil Sherman. Their point total was 170 points.

Frank Cogdell, Loyd Neill, Doc Wohlgemuth, and Helen Ann McWhorter also chalked up 170 points. Wayne Phillips, Gene Griffin, Sam Long, Ernest Kendall were close behind with 169 points.

Don Martin, Emmett Sherman, Mutt Wheeler, and Jack McCracken had a total of 164 points.

Joe Butler, Dale Tinnin, Don Vaughn, and Grant Fuller had only 139 points.

### Gentlemen Clash In Main Event

A couple of wrestling gentlemen named Jim take the top spot of a double main event in the Hereford arena Saturday night.

They are Jim Austeri, chunky, slick-headed junior heavyweight edition of Ed "Strangler" Lewis, and tall, scientific Jim LaRock of Ithaca, N. Y.

Italian-born Austeri, as tough and rough as they come, officially resides in Passaic, N. J. A student of the old school of wrestling, Austeri does not go for the fancy tricks and aerial antics so highly favored by most of the younger crowd of grapplers, but in his methodical manner, Big Jim is highly effective, though not at all popular with the fans.

LaRock, lively, quick-moving young man who came up the amateur way and became a national champion, is a big pet with fans. His rolling leg scissors and arm locks comprise his favorite methods of attack.

Possibly a more fast-moving match will be the first section of Saturday night's twin bill when the Argentina jumping Jack, Mighty Zuma, tangles with the ex-boxer, Frank Faketty of Omaha, Neb.

Faketty, handsome young husky who sports a moustache and sometimes a fine set of black chin whiskers, got his early wrestling and boxing training while serving in the U.S. Navy during World War II. At the time, he also served as a member of the Navy underwater demolition corps, and was decorated for valor as a "frogman." He continued to box after the war, but signed off his fistic operations a few years ago to devote all his time to wrestling.

Both matches Saturday night are scheduled for two best falls of three or one hour.

## KNOX'S KNOTHINGS

**By BILL KNOX**  
Couldn't help but notice an interesting point about the Club Team golf matches held Sunday and Monday. Charles Seed, high school junior, was medalist with a 76-76-152, and Dale Taylor, sophomore in high school, had a 78-76-154 to be second low medalist. Both are members of the Hereford High School golf team which won district last year and looked impressive at the regional meet. Of the other two members of this team Keith Hodges is the only player who graduated. Jeff Minton, in the same grade as Taylor, is the other member. Thus, it seems likely that Hereford should produce another high school golf team next year. But one problem stares them right in the face. Where is the fourth member of the team? This may be a difficult problem to solve, but at any rate, Hereford should have a good team next year and in years to come.

### Callaway Leads League Batting

As the Hereford Softball League went into the second half Piggly Wiggly and Rutherforddoms dominated the leaders completely. Bill Callaway of Rutherforddoms leads in three divisions. Callaway's average of .567 is tops, and he leads in home runs with five. He also leads in hits with 17. He is Piggly Wiggly's Raymond Dement leads in runs batted in with 21 and runs scored, also with 21. He is second in home runs and second in hits.

### Softball Action Set Friday Night

Friday night will offer a variety of entertainment in the Hereford Softball League.

### Hereford Sox To Take On Dimmitt

The Hereford Pink Sox, still smarting from a 10-3 licking at the hands of Unbarger, will meet the Dimmitt team Sunday at Veteran's Park.

### Karl Hutcheson Complete School

CAMP GORDON, Ga. — Pvt. Karl Hutcheson of 343 Ave. H, Hereford, will graduate this week from the Message Center Procedure Course, one of the many courses offered at The Southeastern Signal School, Camp Gordon, Ga. He is the son of Mrs. E. Hutcheson of Hereford.

The Message Center Procedure Course, which is eight weeks in length, trains selected enlisted men as Signal Message Clerks who receive and process messages for transmission by messenger or electrical means of communications.

During his training, Pvt. Hutcheson received a technical education worth thousands of dollars, according to his superiors. He will now be reassigned to an active unit of the United States Army.

The Southeastern Signal School, the largest communications college in the world, is located near Augusta, Ga. This installation furnishes trained signal technicians to army units all over the world.

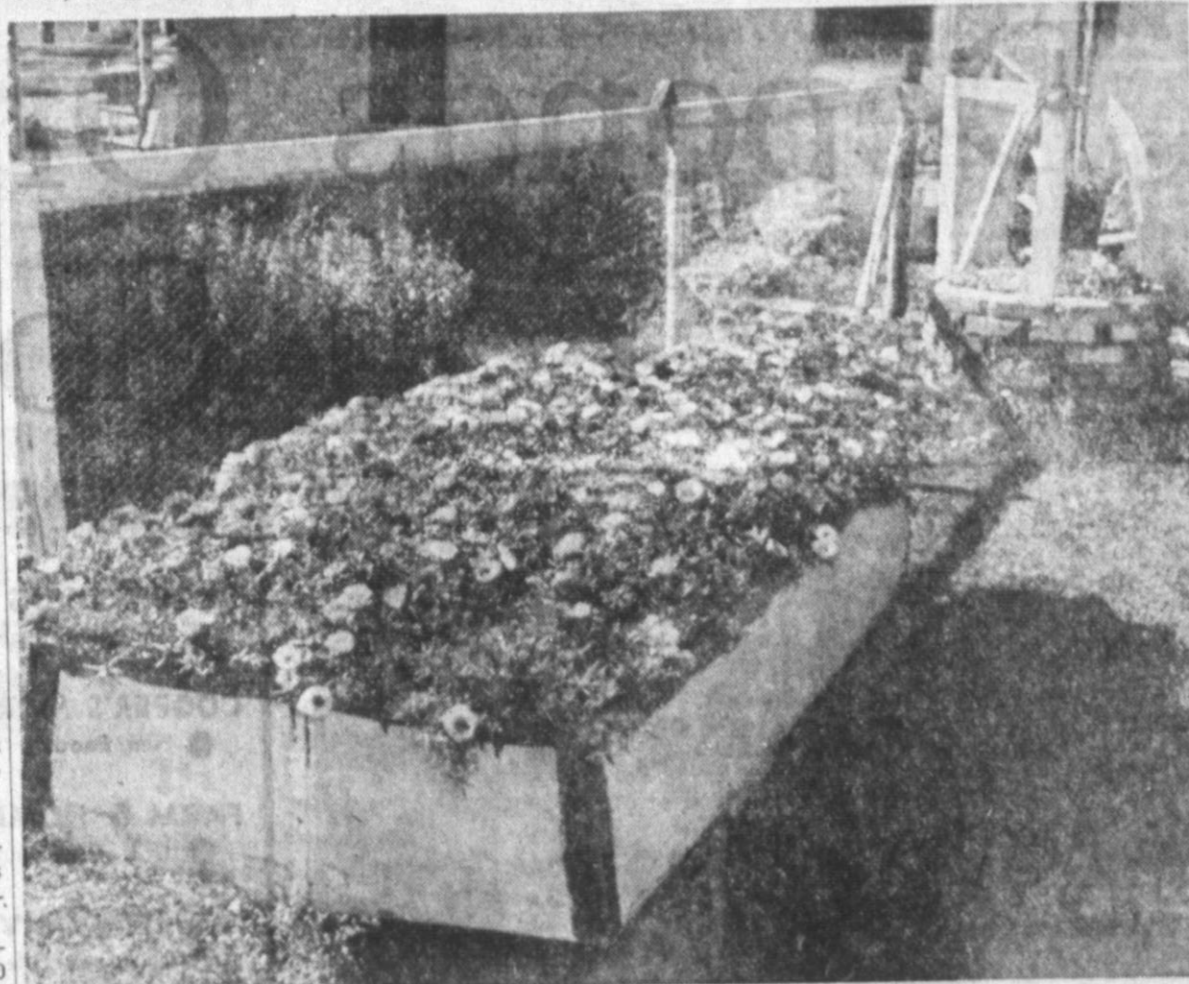

**Ironing Shirts**  
Do not crease the cuffs of a man's shirt with the iron. Let him fold over the cuff when the shirt is put on and they will wear longer.

**BOATFUL OF BEAUTY** — Mrs. Bonnie Martin has an unusual flower-bed in her back yard, a boat full of blooming moss, which presents a riot of color in variegated shades of every hue and description. Her son, Ed Martin Jr., who is stationed at Fort Lee, Va., picked the seed from the moss that covers the countryside, and brought them home at Christmas time. In the spring Mrs. Martin planted the seed in the boat and was astonished at her harvest of blossoms. Now she is hoping the flowers will last until her son returns home the latter part of July when he will get his release from the Army. (Staff Photo)

### Umbarger.....

(Continued from page 4)  
Brandt grounded to third, but Callaway's throw went over the back stop and Brandt went to second, then third and home on a wild throw trying to get him at second. Bill Cross used his size to an advantage and drew a walk. Harris was out on a sacrifice, and Kitchens was safe on Callaway's second error. Hartman blasted a tremendous double into left center-field scoring both Cross and Kitchens, then scored himself on Tom Gerber's double.

They continued to pour on steam in the second with three big runs. Brandt led off with a single, and Cross's drive almost cleared the fence, but he got only a double out of it, Brandt scoring. Harris walked, and Lueb took over the mound chore. Cubby Kitchens doubled to greet him and also score Cross and Harris. Lueb got the next three hitters to get out of the inning.

Then one more run in the third finished out scoring for the time being. Brandt doubled and scored on Cubby Kitchens' fluke single into right field.

Hereford scored their first runs

### Hereford.....

(Continued from page 4)  
a big lead in the first chucker, and Hereford was forced to play "catch up." They did a good job but started too late. Outstanding players for Hereford were Wiley Roberson, and Harold Easley. Bailey and Boling excelled for Dalhart.

in the fourth when Gerber began to tire slightly. Lueb singled and took second on a wild pitch. Duane Albracht scored him with a double and took third on a ground-out. When Cross committed one of his infrequent errors on Callaway's grounder Albracht scored.

Then Hereford had their last taste of runs in the fifth when they pushed across a lone tally. Terry McRight lashed a scorching triple down the left field line and scored on Taylor Sims' sacrifice fly.

But Umbarger was still not content with their 8.3 lead, so they added one more in the sixth and seventh. The run in the sixth came on an error and a hit, while the run in the seventh came without the aid of a hit.

**INSURANCE PAYS OFF**  
SUMMIT, Ill. (AP) — Lenena Davis, 32, a shapely one-time ballet dancer, lived in a home on Chicago's Sanitary District property along the Des Plaines River.

She ignored eviction notices and was evicted by police. Then a crew of the sanitary district burned the house under police guard after removing her belongings, including several dogs.

Now her lawyer, Clarence M. Dunagan, says the company which insured the house has agreed to pay her \$2,800 and will then try to collect a like sum from the sanitary district.

The United Nations World Health Organization estimates that 252 million people in Southeast Asia are exposed to malaria and only 107 million of them have any protection against the disease.

**TITLE PREDICTION?**  
CHERRY GROVE BEACH, S.C. — After Hurricane Hazel struck here last October there was little left of the Cherry Grove Hotel and a 700-volume library maintained for guests.

Recently the owners, Mr. and Mrs. M. E. Pfaff, were supervising work on the sand dunes around the rebuilt hotel and noticed the corner of a water-soaked book, all but buried.

The title: "Gone With The Wind."

**TARGET!**  
MANGUM, Okla. (AP) — Mrs. D. O. Givens found a skunk in her chicken house but it wouldn't be scared away when she tossed rocks. Finally, she grabbed a pitchfork and from 15 feet out threw a perfect strike, killing the skunk.

Here is life's romance; a man guiding the steps of a child, a boy seeing the world through the eyes of a man! What precious days are offered every father in the land; days of the hero-worship of a son who listens and learns from the words and from the doings of a father who has brought him into being. Every father has joined with God and with a loving mother to bring the son into existence. The Creator of the universe is responsible for the success of the great experiment He has entered upon when he called all things into being. Just as truly have we fathers accepted responsibility for the new life we have called into being. This son is "my" son and I am "his" father. What a privilege to walk by the side of a growing boy! What a wonderful experience to find a little fellow trying to step in our tracks along the dusty way of life! To be a father is about the highest privilege that ever comes to any man; and to be a good father takes about all there is of any one of us. We have no greater task than this; it takes precedence over making money for food and for clothing.

Let's ask ourselves today how much time we are giving to this opportunity to be good fathers. Do we calculate the day's schedule to seek for the hour we may spend with this young hero worshipper? Or do we allow ourselves to become so busy about the lesser things that the precious days slip into the years and we have lost the boy in the man? Has he longed for some time to walk with us, to play with us, to go with us to the ball game, to work by our side in the menial chores of the place? How foolish if we allow these great days to slip by while we give our attention to the little affairs that call for our time! The great God will ask us some day how much time and how much love and how much fellowship we gave to the little boy he sent to walk by our side. We asked that God send him our way; have we discharged our responsibility and our privileges? Take him to church, teach him the way of God.

(Continued On Page 8)

The Hereford Brand, Hereford, Texas, Thursday, July 7, 1955

Flooding pigeons often were carried on World War II planes and sometimes brought relief to disabled crews whose radios had been destroyed.

Queen Elizabeth I of England and the women of her court wore mourning during Lent and the custom was observed in England into the 19th century.

By VERN SANFORD Texas Press Association

AUSTIN — School-age children of Texas will be given a second round of polio inoculations before the month ends.

Assurance has been given State Health Officer Henry A. Hille, by the National Foundation of Infantile Paralysis, that manufacturers of the vaccine will have completed production and safety testing of enough vaccine to permit another round of inoculations and booster shots by the end of July.

Fifty-five new cases of polio were reported for the latest reporting period, which ended June 25. It brought the state total to 509. Austin has had 12 cases to date.

**Draft Evader Sentenced**  
Two years in the federal penitentiary face Fred D. Jackson of Comanche.

He was sentenced by Federal Judge Ben H. Rice Jr., when convicted of draft evasion. Jackson handled his own defense.

**Scouts Expand Program**  
Plans are being made for a 40 percent expansion of the Boy Scout movement in Texas.

Over 100 Scout officials met here to outline a fund drive, to be launched Oct. 25. Howard W. Telepeen of Houston directed the meeting. He is executive vice president of the steering committee.

**Patrolmen-Guards Needed**  
Two types of openings exist on the state's payroll.

Homer Garrison, head of the Department of Public Safety, needs 200 patrolmen and O. B. Ellis, general manager of the Texas Prison System wants additional guards.

**Adrian Case Delayed**  
Federal Judge Ben H. Rice Jr., has postponed until next January a hearing to determine if 75-year-old John Cass Adrian of Austin is "mentally incompetent."

Adrian is a retired Austin mail carrier and Spanish American War veteran.

He is charged with writing a threatening letter to Former Land Commissioner Bascom Giles on May 13, and attempting to extort \$800,000 from Giles.

**Farr Appeals**  
George B. Parr, "Boss of Duval County," has asked the US 5th Circuit Court of Appeals for permission to file two writs in his fight against charges of income tax evasion.

Parr wants the higher court to vacate an order setting his trial for July 18, and to stop proceedings until the Appeals Court reaches a decision.

Also, he wants the case heard in Laredo. Originally it was scheduled for Corpus Christi, then moved to Austin.

Parr has denied the government's charges that he failed to pay \$85,000 in income taxes for the years 1949, 1950 and 1951.

**Career Ends**  
Rep. George S. Berry of Lubbock, whose career in public office began 30 years ago, died in Aus-

tin last Friday. He was injured in an automobile accident May 20. Berry, who was 56, was serving his second term as a member of the Legislature. His first public office was as county attorney of Young County. Later he became assistant district attorney, and for a short time was assistant attorney general.

He was born in Granbury and moved to Lubbock in 1929.

**School Squabble**  
A 1000-name petition was presented to Dr. J. W. Edgar, state commissioner of education, urging him to cancel certificates of the 110 teachers who struck in the recent school row in Irving.

Filing the petition were Clifford J. Moore and Donald O. Starrett, president and director, respectively, of the Council of Public Affairs at Irving.

They were advised by Dr. Edgar to have an attorney file a brief, supporting their contention, and if he decides he has jurisdiction, then each of the teachers involved will be granted individual public hearings.

Irving teachers struck in protest against the firing of Dr. John L. Beard as superintendent of the old Irving school board. When the district was abolished, and a new one created, the new board rehired Beard.

Dr. Edgar ruled earlier that the Irving school board did not have proper cause for cancelling Dr. Beard's contract as superintendent.

**Contagious Litter**  
RICHMOND, Va. (AP) — Highway Department experts say litterbugging begets litterbugging. Most people hesitate to throw trash on the clean shoulders of a highway.

But when once somebody starts tossing out paper and empty beer cans others follow suit.

**Special Delivery**  
MC CALL, Idaho (AP) — When Jim Larkin had to deliver 100 baby chicks to the isolated Francis Zimmerman ranch he dropped them by parachute.

The ranch reported no injuries.

**Industrious Thief**  
DENISON, Tex. (AP) — The thief who swiped Lt. George Realmuto's car had to fix a flat before he could drive it away.

Applicants must be high school graduates in excellent physical condition. Patrolmen must be between the ages of 21 and 25; guards 21 to 50.

Starting salary for guards is \$2700 a year. Patrolmen are paid \$275 a month during training; \$306 at the end of school; and \$315 after six months employment.

Application blanks may be obtained for the prison jobs by writing the General Manager's Office, Texas Prison System, Huntsville; and for patrol jobs by writing to W. J. Elliott, Chief of the Texas Highway Patrol, Department of Public Safety, Austin, or any Highway Patrol District Office.

**Short Snorts**: Texas had 397 drownings last year, most of them from failure to take sensible precautions, says Dr. Henry Holle, State health officer.

State cigarette tax income in June dropped off \$38,021 and liquor taxes \$32,808, compared with the same month last year, reports State Treasurer Jesse James.

May building construction in Austin showed a gain of 15 percent over April, or more than double the 7 percent increase shown throughout the 11th Federal Reserve District. Austin construction also showed a gain of 20 percent over May 1954.

### Three Methods To Preserve Potatoes Given

There are three methods of preserving small white potatoes—canning them whole or diced, and freezing.

In canning whole potatoes, use potatoes not more than 1 1/2 inches in diameter. Wash, peel and cook in boiling water for 10 minutes. Drain. Some varieties of potatoes will start breaking if cooked 10 minutes therefore, use your own judgment about this time for pre-cooking. Potatoes are pre-cooked as most all vegetables are. Pre-cooking is recommended in most vegetables to get a firmer pack and to heat the vegetable to the center. After the potatoes have been pre-cooked, pack hot potatoes in glass jars within 1/2 inch of the top. Cover with boiling water leaving 1/2 inch space at top of jar. Add 1/2 teaspoon salt to pints, 1 teaspoon to quarts; adjust jar lids. Process in pressure canner at 12 pounds. Process pint jars 30 minutes, quart jars 40 minutes.

In canning diced white potatoes, wash, peel, and dice potatoes in 1/2-inch cubes. Put cubes in brine made with one teaspoon of salt to one quart of water to prevent darkening. Drain; cook for two minutes in boiling water and drain. Pack hot potatoes within 1/2 inch of top of jar. Cover with boiling water, leaving 1/2 inch of head space. Add 1/2 teaspoon salt to pints and one teaspoon to quarts. Adjust jar lids. Process in pressure canner at 12 pounds. Pint jars are processed 30 minutes and quart jars 40 minutes.

Because of altitude in canning in a pressure cooker, raise the pressure two pounds. These recipes have been adjusted to altitude.

Small potatoes, freeze very well. Scrape or peel potatoes or leave in jackets. Wash well and drop into boiling water for two minutes. Cool at once in ice water or in ice cubes. Pack in your favorite freezer containers and you will have potatoes that taste fresh. In such potatoes should be canned or frozen only if it is impossible or impractical to store them fresh.

**INCENDIARY SNAKE**  
TWIN LAKES, Mich. (AP) — A blue racer snake electrocuted itself and touched off a grass fire on the Willis Johnson farm when it chose an electric fence post for a sun-bath.

While many U. S. states have legal codes based on the common law of England, a system of laws more nearly related to the Code Napoleon is used in Louisiana which, together with certain other Southern states, never adopted the English law.

Although use of cigarettes in the United States has decreased slightly in the last two years, their use in most other countries is increasing, says the United Nations Food and Agriculture Organization.

**Consumer Sweepstakes Can Be For You TOO**

**ANOTHER LARGE AUCTION**  
COMPLETE DISPERSAL

**This 4-Door Beauty is the Newest Hit in Hardtops**

You certainly ought to come see why this new kind of hardtop is headed for the best-seller list. It's a Buick Riviera, of course. Which means the low and rakish look of a Convertible—a solid steel roof overhead—and no center posts in the side window areas to obstruct your view. But that's only the beginning. Here you get two extra doors. They open to the rear compartment. So no one in the front has to move when someone gets into or out of the rear. Here you get massive half-pillars on either side on which the front doors latch and the rear doors hinge. (That's why you see no center posts above the door line.) Here, too, you get wholly new structural principles in body design and strength that give this beauty the extra safety of rock-firm solidity at the top, sides and bottom. And here—bless those Buick engineers!—you get a lot more room in the rear compartment. For the 4-Door Riviera gives you over 9 inches more hiproom and 5 inches more legroom—yet with no increase in wheelbase or over-all car length. So we repeat—you certainly ought to come in and see this stunning new kind of hardtop.

It's the last word in beauty, comfort, convenience. It's available in Buick's two lowest-priced Series—the SPECIAL and the CENTURY. And it's all Buick—power, ride, handling—and the spectacular performance of Buick's Variable Pitch Dynaflo.\* Drop in today—tomorrow at the latest—and learn what Buick's all-time record sales year can mean to you in the way of a whopping-big trade-in deal.

\*Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series.

**NOW—Biggest Trade-in Deals ever on the Biggest-Selling Buicks in History! Come in and see!**

**Thrill of the year is Buick**

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

Mrs. John Hall and two children arrived by plane Wednesday for Richmond, Calif., for a visit with her parents, Mr. and Mrs. Zed Stewart.

# How Can I?

By Anne Ashley

Q. How can I remove crayon marks from wall paper?

A. If these marks are too deep to be removed with an ordinary eraser, the only thing to do is to scrape off the marks with a knife and use water colors to match the color and design of the paper. Or, cut out irregular-shaped pieces of spare paper and paste over the marks, being careful to match the designs.

Q. How can I make a paint cleaner?

A. When cleaning painted surfaces, mix common whiting in warm water to the consistency of paste. Rub briskly with a piece of flannel and then wash in cold water.

Q. How can I remove tangles from the hair?

A. If the hair is very tangled, try rubbing the scalp well with alcohol and the tangles will readily come out.

Q. How can I relieve tired feet?

A. Add a tablespoonful of soda to a pint of common bran, and put in a basin, dampening with sufficient hot water to make a paste. Immerse the feet in this for 10 or 15 minutes.

Q. How can I make tart molds?

A. Tart molds can be made over the backs of muffin tins. Make a syrup of sugar and water, drop fresh gooseberries in it, and cook for a few minutes. Fill the tarts and serve with whipped cream.

Q. How can I keep olive oil in good condition?

A. Do not keep olive oil in a cold place, because it is injured by freezing. Always keep in airtight tins.

Q. How can I prevent spilling when filling jars?

A. Try using the gravy boat for filling jars with preserves and jelly. The long spout can be inserted into almost any tumbler and will prevent spilling.

Q. How can I make the bed clothing stay in at the foot of the bed?

A. Try dividing an old blanket in half and let half be under the mattress and the other half over the other covers just under the spread. It will hold the covers firmly.

Q. How can I remove rust stains from fabrics?

A. By using lemon juice and salt. Then hold over a steaming teakettle. The steam will aid greatly in removing the spots.

Proteins are always colloidal.

Mr. and Mrs. H. F. Trimmer attended a dinner Friday night in Hereford given by the Episcopal Church in honor of their new rector, the Rev. Lester Jones.

Mr. and Mrs. Willie Morgan and daughter of Amarillo visited Sunday in the home of Mr. and Mrs. Ray Morgan.

Billy Neal spent several days last week visiting his grandparents, Mr. and Mrs. Leslie Neal in Amarillo.

Mr. and Mrs. Jessie Sisco spent Saturday night and Sunday with Mr. and Mrs. Wayne Wilcox near Happy.

Mr. and Mrs. Doyle Payne and family of Doughty, Okla., and Mr. and Mrs. George Haney of Oklahoma City, visited in the Cecil Payne home over the weekend.

Harold Russell spent the weekend at Durant, Okla.

Mr. and Mrs. Zed Stewart celebrated their forty-third wedding anniversary with a family reunion over the fourth of July weekend. A picnic was held at Veteran's Park Sunday. Those attending the picnic were: Mr. and Mrs. Wesley Owings and family, Mr. and Mrs. J. W. Combs and family of Oklahoma City, Mrs. John Hall and children of Pampa, Mr. and Mrs. Bert Robinson and daughter of Bovina, Mr. and Mrs. Marion Russell, Mr. and Mrs. Harold Robinson, Mr. and Mrs. James Ray Robinson and son, Walt Stewart of Canyon, Mr. and Mrs. Reece Stewart and family, Mr. and Mrs. Ray T. Stewart, Mr. and Mrs. Cecil Payne and family, Mr. and Mrs. Doyle Payne and family, and Mr. and Mrs. Zed Stewart.
